when the license was last issued. This project requires a full review by the information services board using the criteria for projects of the highest visibility and risk) to determine whether the person has been issued a driver's license, permit, or identicard under a different name or names.

(2) Any ~~((biometric))~~ facial recognition matching system selected by the department ~~((shall))~~ must be capable of highly accurate matching, and ~~((shall))~~ must be compliant with ~~((biometric))~~ appropriate standards established by the American association of motor vehicle administrators that exist on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(3) ~~((The biometric matching system selected by the department must incorporate a process that allows the owner of a driver's license or identicard to present a personal identification number or other code along with the driver's license or identicard before the information may be verified by a third party, including a governmental entity.~~

(4) Upon the establishment of a biometric driver's license and identicard system as described in this section, the department shall allow every person applying for an original, renewal, or duplicate driver's license or identicard to voluntarily submit a biometric identifier. Each applicant shall be informed of all ways in which the biometric identifier may be used, all parties to whom the identifier may be disclosed and the conditions of disclosure, the expected error rates for the biometric matching system which shall be regularly updated as the technology changes or empirical data is collected, and the potential consequences of those errors. The department shall adopt rules to allow applicants to verify the accuracy of the system at the time that biometric information is submitted, including the use of at least two separate devices.

(5) The department may not disclose biometric information to the public or any governmental entity except when authorized by court order.

~~((6))~~ The department shall post notices in conspicuous locations at all department driver licensing offices, make written information available to all applicants at department driver licensing offices, and provide information on the department's web site regarding the facial recognition matching system. The notices, written information, and information on the web site must address how the facial recognition matching system works, all ways in which the department may use results from the facial recognition matching system, how an investigation based on results from the facial recognition matching system would be conducted, and a person's right to appeal any determinations made under this chapter.

(4) Results from the facial recognition matching system:

(a) Are not available for public inspection and copying under chapter 42.56 RCW;

(b) May only be disclosed when authorized by a court order;

(c) May only be disclosed to a federal government agency if specifically required under federal law; and

(d) May only be disclosed by the department to a government agency, including a court or law enforcement agency, for use in carrying out its functions if the department has determined that person has committed one of the prohibited practices listed in RCW 46.20.0921 and this determination has been confirmed by a hearings examiner under this chapter or the person declined a hearing or did not attend a scheduled hearing.

(5) All ~~((biometric))~~ personally identifying information ~~((shall))~~ must be stored with appropriate security safeguards(, including but not limited to encryption)). The office of the chief information officer shall develop the appropriate security standards for the department's use

of the facial recognition matching system, subject to approval and oversight by the technology services board.

~~((7))~~ (6) The department shall develop procedures to handle instances in which the ~~((biometric))~~ facial recognition matching system fails to verify the identity of an applicant for a renewal or duplicate driver's license, permit, or identicard. These procedures ~~((shall))~~ must allow an applicant to prove identity without using ~~((a biometric identifier.~~

~~((8) Any person who has voluntarily submitted a biometric identifier may choose to discontinue participation in the biometric matching program at any time, provided that the department utilizes a secure procedure to prevent fraudulent requests for a renewal or duplicate driver's license or identicard. When the person discontinues participation, any previously collected biometric information shall be destroyed.~~

~~((9) This section does not apply when an applicant renews his or her driver's license or identicard by mail or electronic commerce))~~ the facial recognition matching system.

NEW SECTION. Sec. 2. A new section is added to chapter 46.20 RCW to read as follows:

(1) The department shall report to the governor and the legislature by October 1st of each year, beginning October 1, 2012, on the following numbers during the previous fiscal year: The number of investigations initiated by the department based on results from the facial recognition matching system; the number of determinations made that a person has committed one of the prohibited practices in RCW 46.20.0921 after the completion of an investigation; the number of determinations that were confirmed by a hearings examiner and the number that were overturned by a hearings examiner; the number of cases where a person declined a hearing or did not attend a scheduled hearing; and the number of determinations that were referred to law enforcement.

(2) This section expires June 30, 2017.

NEW SECTION. Sec. 3. A new section is added to chapter 46.04 RCW to read as follows:

"Facial recognition matching system" means a system that compares the biometric template derived from an image of an applicant or holder of a driver's license, permit, or identicard with the biometric templates derived from the images in the department's negative file.

NEW SECTION. Sec. 4. RCW 46.20.038 (Biometric matching system--Funding) and 2004 c 273 s 4 are each repealed.

Sec. 5. RCW 46.20.055 and 2010 c 223 s 1 are each amended to read as follows:

(1) **Driver's instruction permit.** The department may issue a driver's instruction permit with or without a photograph to an applicant who has successfully passed all parts of the examination other than the driving test, provided the information required by RCW 46.20.091, paid ~~((a))~~ an application fee of twenty-five dollars, and meets the following requirements:

(a) Is at least fifteen and one-half years of age; or

(b) Is at least fifteen years of age and:

(i) Has submitted a proper application; and

(ii) Is enrolled in a traffic safety education program offered, approved, and accredited by the superintendent of public instruction or offered by a driver training school licensed and inspected by the department of licensing under chapter 46.82 RCW, that includes practice driving.

(2) **Waiver of written examination for instruction permit.** The department may waive the written examination, if, at the time of application, an applicant is enrolled in:

(a) A traffic safety education course as defined by RCW 28A.220.020(2); or

(b) A course of instruction offered by a licensed driver training school as defined by RCW 46.82.280.

The department may require proof of registration in such a course as it deems necessary.

(3) **Effect of instruction permit.** A person holding a driver's instruction permit may drive a motor vehicle, other than a motorcycle, upon the public highways if:

(a) The person has immediate possession of the permit;

(b) The person is not using a wireless communications device, unless the person is using the device to report illegal activity, summon medical or other emergency help, or prevent injury to a person or property; and

(c) An approved instructor, or a licensed driver with at least five years of driving experience, occupies the seat beside the driver.

(4) **Term of instruction permit.** A driver's instruction permit is valid for one year from the date of issue.

(a) The department may issue one additional one-year permit.

(b) The department may issue a third driver's permit if it finds after an investigation that the permittee is diligently seeking to improve driving proficiency.

(c) A person applying (~~(to renew)~~) for an additional instruction permit must submit the application to the department in person and pay an application fee of twenty-five dollars for each issuance.

Sec. 6. RCW 46.20.117 and 2005 c 314 s 305 are each amended to read as follows:

(1) **Issuance.** The department shall issue an identicard, containing a picture, if the applicant:

(a) Does not hold a valid Washington driver's license;

(b) Proves his or her identity as required by RCW 46.20.035; and

(c) Pays the required fee. Except as provided in subsection (5) of this section, the fee is (~~(twenty)~~) forty-five dollars from October 1, 2012, to June 30, 2013, and fifty-four dollars after June 30, 2013, unless an applicant is a recipient of continuing public assistance grants under Title 74 RCW, who is referred in writing by the secretary of social and health services. For those persons the fee must be the actual cost of production of the identicard.

(2) **Design and term.** The identicard must:

(a) Be distinctly designed so that it will not be confused with the official driver's license; and

(b) Except as provided in subsection (5) of this section, expire on the (~~(fifth)~~) sixth anniversary of the applicant's birthdate after issuance.

(3) **Renewal.** An application for identicard renewal may be submitted by means of:

(a) Personal appearance before the department; or

(b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew his or her identicard by mail or by electronic commerce when it last expired. (~~(However, the department may accept an application for renewal of an identicard submitted by means of mail or electronic commerce only if specific authority and funding is provided for this purpose by June 30, 2004, in the omnibus transportation appropriations act.)~~)

An identicard may not be renewed by mail or by electronic commerce unless the renewal issued by the department includes a photograph of the identicard holder.

(4) **Cancellation.** The department may cancel an identicard if the holder of the identicard used the card or allowed others to use the card in violation of RCW 46.20.0921.

(5) **Alternative issuance/renewal/extension.** The department may issue or renew an identicard for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, or may extend by mail or electronic commerce an identicard that has already been issued, in order to evenly distribute, as nearly as possible, the yearly renewal rate of identicard holders. The fee for an identicard issued or renewed for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30,

2013, or that has been extended by mail or electronic commerce, is nine dollars for each year that the identicard is issued, renewed, or extended. The department may adopt any rules as are necessary to carry out this subsection.

Sec. 7. RCW 46.20.120 and 2011 c 370 s 4 are each amended to read as follows:

An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department must ensure that examinations are given at places and times reasonably available to the people of this state. If the department does not administer driver licensing examinations as a routine part of its licensing services within a department region because adequate testing sites are provided by driver training schools or school districts within that region, the department shall, at a minimum, administer driver licensing examinations by appointment to applicants eighteen years of age and older in at least one licensing office within that region.

(1) **Waiver.** The department may waive:

(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department determines that the applicant is not qualified to hold a driver's license under this title; or

(b) All or any part of the examination involving operating a motor vehicle if the applicant:

(i) Surrenders a valid driver's license issued by the person's previous home state; or

(ii) Provides for verification a valid driver's license issued by a foreign driver licensing jurisdiction with which the department has an informal agreement under RCW 46.20.125; and

(iii) Is otherwise qualified to be licensed.

(2) **Fee.** Each applicant for a new license must pay an examination fee of (~~(twenty)~~) thirty-five dollars.

(a) The examination fee is in addition to the fee charged for issuance of the license.

(b) "New license" means a license issued to a driver:

(i) Who has not been previously licensed in this state; or

(ii) Whose last previous Washington license has been expired for more than (~~(five)~~) six years.

(3) An application for driver's license renewal may be submitted by means of:

(a) Personal appearance before the department; or

(b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew his or her license by mail or by electronic commerce when it last expired.

(4) A person whose license expired or will expire while he or she is living outside the state, may:

(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department's satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew his or her license by mail or, if permitted by rule of the department, by electronic commerce even if subsection (3)(b) of this section would not otherwise allow renewal by that means. If the person establishes to the department's satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person's license by mail or, if permitted by rule of the department, by electronic commerce.

SIXTIETH DAY, MARCH 8, 2012

2012 REGULAR SESSION

(5) If a qualified person submits an application for renewal under subsection (3)(b) or (4)(b) of this section, he or she is not required to pass an examination nor provide an updated photograph. A license renewed by mail or by electronic commerce that does not include a photograph of the licensee must be labeled "not valid for identification purposes."

(6) Driver training schools licensed by the department under chapter 46.82 RCW may administer the portions of the driver licensing examination that test the applicant's knowledge of traffic laws and ability to safely operate a motor vehicle.

(7) School districts that offer a traffic safety education program under chapter 28A.220 RCW may administer the portions of the driver licensing examination that test the applicant's knowledge of traffic laws and ability to safely operate a motor vehicle.

Sec. 8. RCW 46.20.161 and 2000 c 115 s 6 are each amended to read as follows:

The department, upon receipt of a fee of ~~((twenty-five))~~ forty-five dollars from October 1, 2012, to June 30, 2013, and fifty-four dollars after June 30, 2013, unless the driver's license is issued for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, in which case the fee shall be ~~((five))~~ nine dollars for each year that the license is issued, which includes the fee for the required photograph, shall issue to every qualifying applicant a driver's license. A driver's license issued to a person under the age of eighteen is an intermediate license, subject to the restrictions imposed under RCW 46.20.075, until the person reaches the age of eighteen. The license must include a distinguishing number assigned to the licensee, the name of record, date of birth, Washington residence address, photograph, a brief description of the licensee, and either a facsimile of the signature of the licensee or a space upon which the licensee shall write his or her usual signature with pen and ink immediately upon receipt of the license. No license is valid until it has been so signed by the licensee.

Sec. 9. RCW 46.20.181 and 1999 c 308 s 3 are each amended to read as follows:

(1) Except as provided in subsection (4) or (5) of this section, every driver's license expires on the ~~((fifth))~~ sixth anniversary of the licensee's birthdate following the issuance of the license.

(2) A person may renew his or her license on or before the expiration date by submitting an application as prescribed by the department and paying a fee of ~~((twenty-five))~~ forty-five dollars from October 1, 2012, to June 30, 2013, and fifty-four dollars after June 30, 2013. This fee includes the fee for the required photograph.

(3) A person renewing his or her driver's license more than sixty days after the license has expired shall pay a penalty fee of ten dollars in addition to the renewal fee, unless his or her license expired when:

(a) The person was outside the state and he or she renews the license within sixty days after returning to this state; or

(b) The person was incapacitated and he or she renews the license within sixty days after the termination of the incapacity.

(4) ~~((During the period from July 1, 2000, to July 1, 2006,))~~ The department may issue or renew a driver's license for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, or may extend by mail or electronic commerce a license that has already been issued, in order to evenly distribute, as nearly as possible, the yearly renewal rate of licensed drivers. The fee for a driver's license issued or renewed for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, or that has been extended by mail or electronic commerce, is ~~((five))~~ nine dollars for each year that the license is issued, renewed, or extended. The department may adopt any rules as are necessary to carry out this subsection.

(5) A driver's license that includes a hazardous materials endorsement under chapter 46.25 RCW may expire on an anniversary of the licensee's birthdate other than the sixth year following issuance or renewal of the license in order to match, as nearly as possible, the validity of certification from the federal transportation security administration that the licensee has been determined not to pose a security risk. The fee for a driver's license issued or renewed for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, is nine dollars for each year that the license is issued or renewed, not including any endorsement fees. The department may adjust the expiration date of a driver's license that has previously been issued to conform to the provisions of this subsection if a hazardous materials endorsement is added to the license subsequent to its issuance. If the validity of the driver's license is extended, the licensee must pay a fee of nine dollars for each year that the license is extended.

(6) The department may adopt any rules as are necessary to carry out this section.

Sec. 10. RCW 46.20.200 and 2002 c 352 s 14 are each amended to read as follows:

(1) If an instruction permit, identicard, or a driver's license is lost or destroyed, the person to whom it was issued may obtain a duplicate of it upon furnishing proof of such fact satisfactory to the department and payment of a fee of ~~((fifteen))~~ twenty dollars to the department.

(2) A replacement permit, identicard, or driver's license may be obtained to change or correct material information upon payment of a fee of ten dollars and surrender of the permit, identicard, or driver's license being replaced.

Sec. 11. RCW 46.20.049 and 2011 c 227 s 6 are each amended to read as follows:

There shall be an additional fee for issuing any class of commercial driver's license in addition to the prescribed fee required for the issuance of the original driver's license. The additional fee for each class shall be ~~((sixty-one))~~ eighty-five dollars from October 1, 2012, to June 30, 2013, and one hundred two dollars after June 30, 2013, for the original commercial driver's license or subsequent renewals. If the commercial driver's license is issued, renewed, or extended for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, the fee for each class shall be ~~((twelve))~~ seventeen dollars ~~((and twenty cents))~~ for each year that the commercial driver's license is issued, renewed, or extended. The fee shall be deposited in the highway safety fund.

Sec. 12. RCW 46.20.308 and 2008 c 282 s 2 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those

instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(5). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if the driver is age twenty-one or over and the test indicates the alcohol concentration of the driver's breath or blood is 0.08 or more, or if the driver is under age twenty-one and the test indicates the alcohol concentration of the driver's breath or blood is 0.02 or more, or if the driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver's license, permit, or privilege to drive is suspended, revoked, or denied the driver may be eligible to immediately apply for an ignition interlock driver's license.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more if the person is age twenty-one or over, or 0.02 or more if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section and that the person waives the right to a hearing if he or she receives an ignition interlock driver's license;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within twenty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of ~~((two))~~ three hundred seventy-five dollars as part of the request. If the request is mailed, it must be postmarked within twenty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required ~~((two))~~ three hundred seventy-five dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required ~~((two))~~ three hundred seventy-five dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be

2012 REGULAR SESSION

stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one and that the officer complied with the requirements of this section. A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a

determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(10)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breath or blood test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec. 13. RCW 46.20.505 and 2007 c 97 s 1 are each amended to read as follows:

Every person applying for a special endorsement of a driver's license authorizing such person to drive a two or three-wheeled motorcycle or a motor-driven cycle shall pay a fee of five dollars, which is not refundable. In addition, the endorsement fee for the initial

motorcycle endorsement shall not exceed ~~((ten))~~ twelve dollars(~~and~~), unless the endorsement is issued for a period other than six years, in which case the endorsement fee shall not exceed two dollars for each year the initial motorcycle endorsement is issued. The subsequent renewal endorsement fee shall not exceed ~~((twenty-five))~~ thirty dollars, unless the endorsement is renewed or extended for a period other than ~~((five))~~ six years, in which case the subsequent renewal endorsement fee shall not exceed five dollars for each year that the endorsement is renewed or extended. (c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed ~~((the applicable amount provided in (iii)(A) and (B) of this subsection (2)(a)))~~ one hundred fifty dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

((iii) A dealer may charge under (a)(ii) of this subsection:

(A) As of July 26, 2009, through June 30, 2014, an amount not to exceed one hundred fifty dollars; and

(B) As of July 1, 2014, an amount not to exceed fifty dollars.)

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount ~~((provided in (iv)(A) and (B) of this subsection (2)(b)))~~ up to one hundred fifty dollars may be added to the sale price or the capitalized cost((

~~(A) As of July 26, 2009, through June 30, 2014, an amount up to one hundred fifty dollars; and~~

~~(B) As of July 1, 2014, an amount up to fifty dollars)).~~

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or

approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

When a dealer informs a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by an electronic mail message, the dealer must also transmit the communication by any additional means;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of title has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.540 and 46.12.560; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or

lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This

subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

(17)(a) For a dealer to enter into a new motor vehicle sales contract without disclosing in writing to a buyer of the new motor vehicle, or to a dealer in the case of an unregistered motor vehicle, any known damage and repair to the new motor vehicle if the damage exceeds five percent of the manufacturer's suggested retail price as calculated at the dealer's authorized warranty rate for labor and parts, or one thousand dollars, whichever amount is greater. A manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(i) "Cosmetic parts" means parts that are attached by and can be replaced in total through the use of screws, bolts, or other fasteners without the use of welding or thermal cutting, and includes windshields, bumpers, hoods, or trim panels.

(ii) "Manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer, and includes the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the manufacturer for the new motor vehicle.

NEW SECTION. Sec. 12. A new section is added to chapter 46.68 RCW to read as follows:

(2) This section only applies to:

(a) A vehicle that is designed to have the capability to drive at a speed of more than thirty-five miles per hour; and

(b) An annual vehicle registration renewal that is due on or after February 1, 2013.

(3)(a) The fee under this section is imposed to provide funds to mitigate the impact of vehicles on state roads and highways and for the purpose of evaluating the feasibility of transitioning from a revenue collection system based on fuel taxes to a road user

assessment system, and is separate and distinct from other vehicle license fees. Proceeds from the fee must be used for highway purposes, and must be deposited in the motor vehicle fund created in RCW 46.68.070, subject to (b) of this subsection.

(b) If in any year the amount of proceeds from the fee collected under this section exceeds one million dollars, the excess amount over one million dollars must be deposited as follows:

(i) Seventy percent to the motor vehicle fund created in RCW 46.68.070;

(ii) Fifteen percent to the transportation improvement account created in RCW 47.26.084; and

NEW SECTION. Sec. 15. The department of licensing must provide written notice of the expiration date of section 13 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department.

Upon receipt of an application for a snowmobile dealer's license and the fee provided in subsection (2) of this section, the dealer is licensed and a snowmobile dealer license number must be assigned.

(2) The annual license fee for a snowmobile dealer is twenty-five dollars, which covers all of the snowmobiles offered by a dealer for sale and not rented on a regular, commercial basis. Snowmobiles rented on a regular commercial basis by a snowmobile dealer must be registered separately under RCW 46.10.310, 46.10.400, 46.10.430, and 46.10.440.

(3) Upon the issuance of a snowmobile dealer license, a snowmobile dealer may purchase, at a cost to be determined by the department, snowmobile dealer license plates of a size and color to be determined by the department. The snowmobile dealer license plates must contain the snowmobile license number assigned to the dealer. Each snowmobile operated by a dealer, dealer representative, or prospective customer for the purposes of demonstration or testing shall display snowmobile dealer license plates in a clearly visible manner.

The name of the secured party must be shown on the certificate of title issued for the vehicle by this state. The security interest continues perfected in this state when the department issues the certificate of title.

(b) If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, it may be perfected in this state. Perfection begins when the department receives the information and fees required in subsection (1) of this section.

(4)(a) After a certificate of title has been issued, the registered owner or secured party must apply to the department, county auditor or other agent, or subagent appointed by the director for a new certificate of title when a security interest is granted on a vehicle. (1)(a) A vehicle owner may operate an unregistered vehicle on public highways under the authority of a trip permit issued by this state. For purposes of trip permits, a vehicle is considered unregistered if:

A violation of or a failure to comply with this subsection is a gross misdemeanor, subject to a minimum monetary penalty of two thousand five hundred dollars for the first violation and five thousand dollars for each subsequent violation.

(3)(a) Each trip permit authorizes the operation of a single vehicle at the maximum legal weight limit for the vehicle for a period of three consecutive days beginning with the day of first use. (3)(a) The derelict vessel and invasive species removal fee required in subsection (1) of this section is five dollars and must be distributed as follows:

(i) One dollar and fifty cents must be deposited in the aquatic invasive species prevention account created in RCW 77.12.879;

(ii) One dollar must be deposited into the aquatic algae control account created in RCW 43.21A.667;

(iii) Fifty cents must be deposited into the aquatic invasive species enforcement account created in RCW 43.43.400; and

(b) If the department of natural resources indicates that the balance of the derelict vessel removal account, not including any transfer or appropriation of funds into the account or funds deposited into the account collected under subsection (5) of this section reaches one million dollars as of March 1st of any year, the collection of the two dollars of the derelict vessel and invasive species removal fee that is deposited into the derelict vessel removal account as authorized in (a)(iv) of this subsection must be suspended for the following fiscal year.

(4) Until January 1, 2014, an annual derelict vessel removal surcharge of one dollar must be charged with each vessel registration. The surcharge:

(a) Is to address the significant backlog of derelict vessels accumulated in Washington state waters that pose a threat to the health and safety of the people and to the environment;

(b) Is to be used only for the removal of vessels that are less than seventy-five feet in length; and

(c) Must be deposited into the derelict vessel removal account created in RCW 79.100.100.

(5) The twenty-five dollar nonresident vessel permit fee must be paid by the vessel owner to the department for the cost of providing the identification document by the department. Any moneys remaining from the fee after the payment of costs must be allocated to counties by the state treasurer for approved boating safety programs under RCW 88.02.650.

(6) The thirty dollar vessel visitor permit fee must be distributed as follows:

(ii) If the fee is paid to the participating county auditor or other agent or subagent appointed by the director, twenty-five dollars must be deposited to the general fund. The remainder must be retained by the county treasurer in the same manner as other fees collected by the county auditor.

(b) For the purposes of this subsection, "quick title" has the same meaning as in RCW 88.02.540.

NEW SECTION. Sec. 20. Section 4 of this act applies to vehicle registrations that are due or become due on or after October 1, 2012.

NEW SECTION. Sec. 21. Sections 1 through 15 of this act take effect October 1, 2012.

And the bill do pass as recommended by the conference committee.

Signed by Senators Eide, Haugen and King; Representatives Armstrong, Clibborn and Liias.

MOTION

Senator Haugen moved that the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 6455 be adopted.

POINT OF ORDER

Senator Padden: "Specifically in sections 4, 5 and 6 of the conference committee striker includes an RV surcharge for the funding of Start parks, it was an Engrossed Second Substitute House Bill No. 2373. There are at least three grounds of objections for the point of order: one is scope and object; two is not within the scope and object of the bill pursuant to Article II Section 19 of the state constitution; and three I would ask for a ruling on 1053 that this is a tax since there's really is not a nexus between the fees and RVs owners using parks. It's estimated that only twenty percent of the RVs actually use the state park system. The language makes one hundred percent pay for the benefit of the small minority. There simply is not the nexus necessary to establish this as a fee."

Senator Haugen spoke against the point of order.

POINT OF ORDER

Senator Benton: "Thank you Mr. President, I to rise to a point of order on this bill and ask the same question except in terms of reference to a different section of the bill. A portion of this bill raises abstract fees for the Department of Licensing. This narrow fee increase is intended to fund relatively broad swaths of state government and is absolutely unrelated to the fee transaction. That is the increase has no bearing on the increase on cost borne by the department to gather, store and sell the date. As a matter of fact neither..."

President Owen: "Senator Benton, you're making arguments. Just raise your point of order please. Then arguments following..."

Senator Benton: "I'll withdraw my objection."

REPLY BY THE PRESIDENT

President Owen: "But your point of order is? As to the number of votes or the scope and object?"

Senator Benton: "Yeah, concerning Initiative 1053. My point of order is to the question, how many votes will it take to pass this bill? I believe it requires a two-thirds vote Mr. president."

President Owen: "Senator Benton, rises to the point of order as to the number of votes necessary to pass based on the stated section of the bill. Senator Benton, please restate the section."

Senator Benton: "Thank you, as to the abstract fee increases section of the bill. As a matter of fact, the Department of Licensing did not request the legislation to increase this fee, either in 2007 or this year, and the bill freely admits that the dollars raised go towards other things. Based on that, I believe Mr. President that this is in fact a tax not a fee and should require a two-thirds vote of the senate for passage."

Senator Haugen spoke against the point of order.

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 6455 was deferred and the bill held its place on the conference calendar.

Senator Prentice assumed the chair.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 2.28.175 and 2011 c 293 s 10 are each amended to read as follows:

(1) Counties may establish and operate DUI courts. Municipalities may enter into cooperative agreements with counties that have DUI courts to provide DUI court services.

(2) For the purposes of this section, "DUI court" means a court that has special calendars or dockets designed to achieve a reduction in recidivism of impaired driving among nonviolent, alcohol abusing offenders, whether adult or juvenile, by increasing their likelihood for successful rehabilitation through early, continuous, and intense judicially supervised treatment; mandatory periodic testing for alcohol use and, if applicable, drug use; and the use of appropriate sanctions and other rehabilitation services.

(3)(a) Any jurisdiction that seeks a state appropriation to fund a DUI court program must first:

(i) Exhaust all federal funding that is available to support the operations of its DUI court and associated services; and

(ii) Match, on a dollar-for-dollar basis, state moneys allocated for DUI court programs with local cash or in-kind resources. Moneys allocated by the state must be used to supplement, not supplant, other federal, state, and local funds for DUI court operations and associated services. However, until June 30, 2014, no match is required for state moneys expended for the administrative and overhead costs associated with the operation of a DUI court established as of January 1, 2011.

(b) Any (~~county~~) jurisdiction that establishes a DUI court pursuant to this section shall establish minimum requirements for the participation of offenders in the program. The DUI court may adopt local requirements that are more stringent than the minimum. The minimum requirements are:

(i) The offender would benefit from alcohol treatment;

(ii) The offender has not previously been convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030, vehicular homicide under RCW 46.61.520, vehicular assault under RCW 46.61.522, or an equivalent out-of-state offense; and

(iii) Without regard to whether proof of any of these elements is required to convict, the offender is not currently charged with or convicted of an offense:

- (A) That is a sex offense;
- (B) That is a serious violent offense;
- (C) That is vehicular homicide or vehicular assault;
- (D) During which the defendant used a firearm; or
- (E) During which the defendant caused substantial or great bodily harm or death to another person.

Sec. 2. RCW 9.94A.475 and 2002 c 290 s 15 are each amended to read as follows:

Any and all recommended sentencing agreements or plea agreements and the sentences for any and all felony crimes shall be made and retained as public records if the felony crime involves:

- (1) Any violent offense as defined in this chapter;
- (2) Any most serious offense as defined in this chapter;
- (3) Any felony with a deadly weapon special verdict under RCW ~~((9.94A.602))~~ 9.94A.825;
- (4) Any felony with any deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both; ~~((and/or))~~
- (5) The felony crimes of possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first or second degree, and/or use of a machine gun in a felony; or

(6) The felony crime of driving a motor vehicle while under the influence of intoxicating liquor or any drug as defined in RCW 46.61.502, and felony physical control of a motor vehicle while under the influence of intoxicating liquor or any drug as defined in RCW 46.61.504.

Sec. 3. RCW 9.94A.640 and 2006 c 73 s 8 are each amended to read as follows:

(1) Every offender who has been discharged under RCW 9.94A.637 may apply to the sentencing court for a vacation of the offender's record of conviction. If the court finds the offender meets the tests prescribed in subsection (2) of this section, the court may clear the record of conviction by: (a) Permitting the offender to withdraw the offender's plea of guilty and to enter a plea of not guilty; or (b) if the offender has been convicted after a plea of not guilty, by the court setting aside the verdict of guilty; and (c) by the court dismissing the information or indictment against the offender.

(2) An offender may not have the record of conviction cleared if: (a) There are any criminal charges against the offender pending in any court of this state or another state, or in any federal court; (b) the offense was a violent offense as defined in RCW 9.94A.030; (c) the offense was a crime against persons as defined in RCW 43.43.830; (d) the offender has been convicted of a new crime in this state, another state, or federal court since the date of the offender's discharge under RCW 9.94A.637; (e) the offense is a class B felony and less than ten years have passed since the date the applicant was discharged under RCW 9.94A.637; (f) the offense was a class C felony, other than a class C felony described in RCW 46.61.502(6) or 46.61.504(6), and less than five years have passed since the date the applicant was discharged under RCW 9.94A.637; or (g) the offense was a class C felony described in RCW 46.61.502(6) or 46.61.504(6) ~~((and less than ten years have passed since the applicant was discharged under RCW 9.94A.637)).~~

(3) Once the court vacates a record of conviction under subsection (1) of this section, the fact that the offender has been convicted of the offense shall not be included in the offender's criminal history for purposes of determining a sentence in any subsequent conviction, and the offender shall be released from all

penalties and disabilities resulting from the offense. For all purposes, including responding to questions on employment applications, an offender whose conviction has been vacated may state that the offender has never been convicted of that crime. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

Sec. 4. RCW 9.95.210 and 2011 1st sp.s. c 40 s 7 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection in granting probation, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

(b) For a defendant sentenced under RCW 46.61.5055, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension continue upon such conditions and for such time as the court shall designate, not to exceed five years. The court shall have continuing jurisdiction and authority to suspend the execution of all or any part of the sentence upon stated terms, including installment payment of fines. A defendant who has been sentenced, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. Any time before entering an order terminating probation, the court may modify or revoke its order suspending the imposition or execution of the sentence if the defendant violates or fails to carry out any of the conditions of the suspended sentence.

(2) In the order granting probation and as a condition thereof, the superior court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the superior court shall require the payment of the penalty assessment required by RCW 7.68.035. The superior court may also require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required; (d) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation; (e) to contribute to a county or interlocal drug fund; and (f) to make restitution to a public agency for the costs of an emergency response under RCW 38.52.430, and may require bonds for the faithful observance of any and all conditions imposed in the probation.

(3) The superior court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the superior court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the superior court within one year of imposition of the sentence for entry of a

SIXTIETH DAY, MARCH 8, 2012

2012 REGULAR SESSION

restitution order. Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) In granting probation, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

(5) If the probationer has been ordered to make restitution and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made. If the superior court has ordered supervision and restitution has not been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

(6) The provisions of RCW 9.94A.501 and 9.94A.5011 apply to sentences imposed under this section.

Sec. 5. RCW 9.96.060 and 2001 c 140 s 1 are each amended to read as follows:

(1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion vacate the record of conviction by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court;

(b) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(c) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), ((~~9.91.020~~)) 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense;

(d) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses);

(e) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has previously had a conviction for domestic violence. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(f) For any offense other than those described in (e) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(g) The offender has been convicted of a new crime in this state, another state, or federal court since the date of conviction;

(h) The applicant has ever had the record of another conviction vacated; or

(i) The applicant is currently restrained, or has been restrained within five years prior to the vacation application, by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party.

(3) Once the court vacates a record of conviction under subsection (1) of this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under subsection (1) of this section may state that he or she has never been convicted of that crime. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(4) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(5) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section

may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

Sec. 6. RCW 38.52.430 and 1993 c 251 s 2 are each amended to read as follows:

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; (3) use of a vessel while under the influence of alcohol or drugs, RCW ~~((88.12.100))~~ 79A.60.040; (4) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or (5) vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied. Following a conviction of an offense listed in this section, and prior to sentencing, the prosecution may present to the court information setting forth the expenses incurred by the public agency for its emergency response to the incident. Upon a finding by the court that the expenses are reasonable, the court shall order the defendant to reimburse the public agency. The cost reimbursement shall be included in the sentencing order as an additional monetary obligation of the defendant and may not be substituted for any other fine or cost required or allowed by statute. The court may establish a payment schedule for the payment of the cost reimbursement, separate from any payment schedule imposed for other fines and costs.

In no event shall a person's liability under this section for the expense of an emergency response exceed ~~((one))~~ two thousand five hundred dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW.

Sec. 7. RCW 46.20.308 and 2008 c 282 s 2 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury,

physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(5). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if the driver is age twenty-one or over and the test indicates the alcohol concentration of the driver's breath or blood is 0.08 or more, or if the driver is under age twenty-one and the test indicates the alcohol concentration of the driver's breath or blood is 0.02 or more, or if the driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver's license, permit, or privilege to drive is suspended, revoked, or denied the driver may be eligible to immediately apply for an ignition interlock driver's license.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of felony driving under the influence of intoxicating liquor or drugs under RCW 46.61.502(6), felony physical control of a motor vehicle while under the influence of intoxicating liquor or any drug under RCW 46.61.504(6), vehicular homicide as provided in RCW 46.61.520, or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more if the person is age twenty-one or over, or 0.02 or more if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's

2012 REGULAR SESSION

license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section and that the person waives the right to a hearing if he or she receives an ignition interlock driver's license;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within twenty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of two hundred dollars as part of the request. If the request is mailed, it must be postmarked within twenty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required two hundred dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required two hundred dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department

and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as

expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(10)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breath or blood test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec. 8. RCW 46.20.385 and 2011 c 293 s 1 are each amended to read as follows:

(1)(a) Beginning January 1, 2009, any person licensed under this chapter who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance,

or a violation of RCW 46.61.520(1)(a) or 46.61.522(1)(b), or who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied. A person receiving an ignition interlock driver's license waives his or her right to a hearing or appeal under RCW 46.20.308.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. The installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. However, when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment, the employer exemption does not apply.

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(iii) The time period during which the person is licensed under this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is required under RCW 46.20.720 and 46.61.5055. Beginning with incidents occurring on or after September 1, 2011, when calculating the period of time for the restriction under RCW 46.20.720(3), the department must also give the person a day-for-day credit for the time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates. For the purposes of this subsection (1)(c)(iii), the term "all vehicles" does not include vehicles that would be subject to the employer exception under RCW 46.20.720(3).

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation

2012 REGULAR SESSION

becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department.

(b) The department shall deposit the proceeds of the twenty dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under chapter 46.20 RCW and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

Sec. 9. RCW 46.20.720 and 2011 c 293 s 6 are each amended to read as follows:

(1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the interlock will prevent the vehicle from being started. The court shall also establish the period of time for which interlock use will be required.

(2) Under RCW 46.61.5055 and subject to the exceptions listed in that statute, the court shall order any person convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local

ordinance to ~~((apply for an ignition interlock driver's license from the department under RCW 46.20.385 and to have))~~ comply with the rules and requirements of the department regarding the installation and use of a functioning ignition interlock device installed on all motor vehicles operated by the person. The court shall order any person participating in a deferred prosecution program under RCW 10.05.020 for a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to have a functioning ignition interlock device installed on all motor vehicles operated by the person.

(3) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance. The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.5249 or 46.61.500 and is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person.

The department may waive the requirement for the use of such a device if it concludes that such devices are not reasonably available in the local area. The installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. However, when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment, the employer exemption does not apply.

The ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more. Subject to the provisions of subsections (4) and (5) of this section, the period of time of the restriction will be no less than:

(a) For a person who has not previously been restricted under this section, a period of one year;

(b) For a person who has previously been restricted under (a) of this subsection, a period of five years;

(c) For a person who has previously been restricted under (b) of this subsection, a period of ten years.

(4) A restriction imposed under subsection (3) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the four consecutive months prior to the date of release:

(a) An attempt to start the vehicle with a breath alcohol concentration of 0.04 or more;

(b) Failure to take or pass any required retest; or

(c) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) For a person required to install an ignition interlock device pursuant to RCW 46.61.5249(4) or 46.61.500(3), the period of time of the restriction shall be for six months and shall be subject to subsection (4) of this section.

(6) In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per

month. Payments must be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department to be deposited into the ignition interlock device revolving account.

Sec. 10. RCW 46.20.745 and 2008 c 282 s 10 are each amended to read as follows:

(1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

2012 REGULAR SESSION

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11)(a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of financial responsibility for the future; (ii) not driving a motor vehicle within this state while having an alcohol concentration of 0.08 or more within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), or (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative

portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(3).

(1) The state patrol shall by rule provide standards for the certification, installation, repair, maintenance, monitoring, inspection, and removal of ignition interlock devices, as defined under RCW 46.04.215, and equipment as outlined under this section, and may inspect the records and equipment of manufacturers and vendors during regular business hours for compliance with statutes and rules and may suspend or revoke certification for any noncompliance. The state patrol may only inspect ignition interlock devices in the vehicles of customers for proper installation and functioning when installation is being done at the vendors' place of business.

(2)(a) When a certified service provider or individual installer of ignition interlock devices is found to be out of compliance, the installation privileges of that certified service provider or individual installer may be suspended or revoked until the certified service provider or individual installer comes into compliance. During any suspension or revocation period, the certified service provider or individual installer is responsible for notifying affected customers of any changes in their service agreement.

(b) A certified service provider or individual installer whose certification is suspended or revoked for noncompliance has a right to an administrative hearing under chapter 34.05 RCW to contest the suspension or revocation, or both. Any request for an administrative hearing must be made in writing and must be received by the state patrol within twenty days after the receipt of the notice of suspension or revocation.

(3)(a) An ignition interlock device must employ fuel cell technology. For the purposes of this subsection, "fuel cell technology" consists of the following electrochemical method: An electrolyte designed to oxidize the alcohol and release electrons to be collected by an active electrode; a current flow is generated within the electrode proportional to the amount of alcohol oxidized on the fuel cell surface; and the electrical current is measured and reported as breath alcohol concentration. Fuel cell technology is highly specific for alcohols.

(b) When reasonably available in the area, as determined by the state patrol, an ignition interlock device must employ technology capable of taking a photo identification of the user giving the breath sample and recording on the photo the time the breath sample was given.

(c) To be certified, an ignition interlock device must:

MESSAGE FROM THE HOUSE

March 8, 2012

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6492 with the following amendment(s): 6492-S AMH ENGR H4693.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The purpose of this act is to sustainably improve the timeliness of services related to competency to stand trial by setting performance expectations, establishing new mechanisms for accountability, and enacting reforms to ensure that forensic resources are expended in an efficient and clinically appropriate manner without diminishing the quality of competency services, and to reduce the time defendants with mental illness spend in jail awaiting evaluation and restoration of competency.

NEW SECTION. **Sec. 2.** A new section is added to chapter 10.77 RCW to read as follows:

(1)(a) The legislature establishes the following performance targets for the timeliness of the completion of accurate and reliable evaluations of competency to stand trial and admissions for inpatient services related to competency to proceed or stand trial for adult criminal defendants. The legislature recognizes that these targets may not be achievable in all cases without compromise to quality of evaluation services, but intends for the department to manage, allocate, and request appropriations for resources in order to meet these targets whenever possible without sacrificing the accuracy of competency evaluations, and to otherwise make sustainable improvements and track performance related to the timeliness of competency services:

(i) For a state hospital to extend an offer of admission to a defendant in pretrial custody for legally authorized treatment or evaluation services related to competency, or to extend an offer of admission for legally authorized services following dismissal of charges based on incompetent to proceed or stand trial, seven days or less;

(ii) For completion of a competency evaluation in jail and distribution of the evaluation report for a defendant in pretrial custody, seven days or less;

(iii) For completion of a competency evaluation in the community and distribution of the evaluation report for a defendant

who is released from custody and makes a reasonable effort to cooperate with the evaluation, twenty-one days or less.

(b) The time periods measured in these performance targets shall run from the date on which the state hospital receives the court referral and charging documents, discovery, and criminal history information related to the defendant. The targets in (a)(i) and (ii) of this subsection shall be phased in over a six-month period from the effective date of this section. The target in (a)(iii) of this subsection shall be phased in over a twelve-month period from the effective date of this section.

(c) The legislature recognizes the following nonexclusive list of circumstances that may place achievement of targets for completion of competency services described in (a) of this subsection out of the department's reach in an individual case without aspersion to the efforts of the department:

(i) Despite a timely request, the department has not received necessary medical clearance information regarding the current medical status of a defendant in pretrial custody for the purposes of admission to a state hospital;

(ii) The individual circumstances of the defendant make accurate completion of an evaluation of competency to proceed or stand trial dependent upon review of medical history information which is in the custody of a third party and cannot be immediately obtained by the department. Completion of a competency evaluation shall not be postponed for procurement of medical history information which is merely supplementary to the competency determination;

(iii) Completion of the referral is frustrated by lack of availability or participation by counsel, jail or court personnel, interpreters, or the defendant; or

(iv) An unusual spike in the receipt of evaluation referrals or in the number of defendants requiring restoration services has occurred, causing temporary delays until the unexpected excess demand for competency services can be resolved.

(2) The department shall:

(a) Develop, document, and implement procedures to monitor the clinical status of defendants admitted to a state hospital for competency services that allow the state hospital to accomplish early discharge for defendants for whom clinical objectives have been achieved or may be achieved before expiration of the commitment period;

(b) Investigate the extent to which patients admitted to a state hospital under this chapter overstay time periods authorized by law and take reasonable steps to limit the time of commitment to authorized periods; and

(c) Establish written standards for the productivity of forensic evaluators and utilize these standards to internally review the performance of forensic evaluators.

(3) Following any quarter in which a state hospital has failed to meet one or more of the performance targets in subsection (1) of this section after full implementation of the performance target, the department shall report to the executive and the legislature the extent of this deviation and describe any corrective action being taken to improve performance. This report must be made publicly available. An average may be used to determine timeliness under this subsection.

(4) Beginning December 1, 2013, the department shall report annually to the legislature and the executive on the timeliness of services related to competency to proceed or stand trial and the timeliness with which court referrals accompanied by charging documents, discovery, and criminal history information are provided to the department relative to the signature date of the court order. The report must be in a form that is accessible to the public and that breaks down performance by county.

(5) This section does not create any new entitlement or cause of action related to the timeliness of competency evaluations or

admission for inpatient services related to competency to proceed or stand trial, nor can it form the basis for contempt sanctions under chapter 7.21 RCW or a motion to dismiss criminal charges.

Sec. 3. RCW 10.77.060 and 2004 c 9 s 1 are each amended to read as follows:

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate ~~((at least two))~~ a qualified expert((s)) or professional person((s)), ~~((one of whom))~~ who shall be approved by the prosecuting attorney, to ~~((examine))~~ evaluate and report upon the mental condition of the defendant.

~~____(b) The signed order of the court shall serve as authority for the ((experts)) evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. ((At least one of the experts or professional persons appointed shall be a developmental disabilities professional)) If the court is advised by any party that the defendant may ((be developmentally disabled)) have a developmental disability, the evaluation must be performed by a developmental disabilities professional. ~~((Upon agreement of the parties, the court may designate one expert or professional person to conduct the examination and report on the mental condition of the defendant. For purposes of the examination, the court may order))~~~~

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant ~~((committed))~~ to a hospital or ~~((other suitably))~~ secure ~~((public or private))~~ mental health facility for a period of ~~((time necessary to complete the examination, but))~~ commitment not to exceed fifteen days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if:

(i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation. ~~((If the defendant is being held in jail or other detention facility, upon agreement of the parties, the court may direct that the examination be conducted at the jail or other detention facility.~~

~~((b))~~ (e) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be committed for inpatient ~~((examination))~~ evaluation under this subsection (1), the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the ~~((expert or professional persons))~~ evaluator regarding the defendant's competency, sanity, or

diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the ~~((examination))~~ evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the ~~((examination))~~ evaluation shall include the following:

(a) A description of the nature of the ~~((examination))~~ evaluation;

(b) A diagnosis or description of the current mental ~~((condition))~~ status of the defendant;

(c) If the defendant suffers from a mental disease or defect, or ~~((is developmentally disabled))~~ has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a ~~((county))~~ designated mental health professional under chapter 71.05 RCW ~~((and an opinion as to whether the defendant is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions))~~.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

Sec. 4. RCW 10.77.065 and 2008 c 213 s 1 are each amended to read as follows:

(1)(a)(i) The ~~((facility))~~ expert conducting the evaluation shall provide ~~((its))~~ his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within twenty-one days due to a lack of cooperation by the defendant, the evaluator shall notify the court that he or she is unable to complete the evaluation because of such lack of cooperation.

(ii) A copy of the report and recommendation shall be provided to the designated mental health professional, the prosecuting attorney, the defense attorney, and the professional person at the

local correctional facility where the defendant is being held, or if there is no professional person, to the person designated under ~~(a)((iii))~~ (iv) of this subsection. Upon request, the ~~((facility))~~ evaluator shall also provide copies of any source documents relevant to the evaluation to the designated mental health professional. ~~((The report and recommendation shall be provided not less than twenty-four hours preceding the transfer of the defendant to the correctional facility in the county in which the criminal proceeding is pending.~~

(ii) (iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the regional support network, a professional person at the regional support network to receive the report and recommendation.

~~((iii) When a defendant is transferred to the facility conducting the evaluation, or)~~ (v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator ~~((or the facility conducting the evaluation))~~ of the name of the professional person, or person designated under ~~(a)((iii))~~ (iv) of this subsection, to receive the report and recommendation.

(b) If the ~~((facility))~~ evaluator concludes, under RCW 10.77.060(3)(f), the person should be ~~((kept under further control, an evaluation shall be conducted of such person))~~ evaluated by a designated mental health professional under chapter 71.05 RCW ~~((:)), the court shall order ((an)) such~~ evaluation be conducted ~~((by the appropriate designated mental health professional: (i)) prior to release from confinement ((for such person who is convicted, if sentenced to confinement for twenty-four months or less; (ii) for any person who is acquitted; or (iii) for any person: (A) whose charges are dismissed pursuant to RCW 10.77.086(4); or (B) whose nonfelony charges are dismissed)) when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less, or when charges are dismissed pursuant to a finding of incompetent to stand trial.~~

(2) The designated mental health professional shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

(3) The prosecuting attorney shall provide a copy of the results of any proceedings commenced by the designated mental health professional under subsection (2) of this section to the ~~((facility conducting the evaluation under this chapter))~~ secretary.

(4) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW.

Sec. 5. RCW 10.77.084 and 2007 c 375 s 3 are each amended to read as follows:

(1)(a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW

10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section.

(b) ((A defendant found incompetent shall be evaluated at the direction of the secretary and a determination made whether the defendant is an individual with a developmental disability. A copy of the evaluation shall be sent to the program.

(A) The program shall be separate from programs serving persons involved in any other treatment or habilitation program.

(B) The program shall be appropriately secure under the circumstances and shall be administered by developmental disabilities professionals who shall direct the habilitation efforts.

(C) The program shall provide an environment affording security appropriate with the charged criminal behavior and necessary to protect the public safety.

(ii) The department may limit admissions of such persons to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services.

(iii) The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department.

(c)) At the end of the mental health treatment and restoration period, if any, or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing. The parties may agree to waive the defendant's presence or to remote participation by the defendant at a hearing or presentation of an agreed order if the recommendation of the evaluator is for the continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to expiration of the defendant's authorized period of commitment, in which case the department shall promptly notify the court and parties of the date of the defendant's admission and expiration of commitment so that a timely hearing date may be scheduled. If, after notice and hearing, competency has been restored, the stay entered under (a) of this subsection shall be lifted. If competency has not been restored, the proceedings shall be dismissed without prejudice. If the court concludes that competency has not been restored, but that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, the court may order that treatment for purposes of competency restoration be continued. Such treatment may not extend beyond the combination of time provided for in RCW 10.77.086 or 10.77.088.

((~~(d)~~)) (c) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the proceedings shall be dismissed without prejudice and the defendant shall be evaluated for civil commitment proceedings.

(2) If the defendant is referred ~~((to the))~~ for evaluation by a designated mental health professional ((for consideration of initial detention proceedings under chapter 71.05 RCW pursuant to)) under this chapter, the designated mental health professional shall provide prompt written notification of the results of the

~~((determination whether to commence initial detention proceedings under chapter 71.05 RCW))~~ evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of ~~((examination))~~ evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity.

Sec. 6. RCW 10.77.086 and 2007 c 375 s 4 are each amended to read as follows:

(1)(a) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, or has been determined unlikely to regain competency pursuant to RCW 10.77.084(1)((~~e~~)) (b), but in any event for a period of no longer than ninety days, the court:

((~~(a)~~)) (i) Shall commit the defendant to the custody of the secretary who shall place such defendant in an appropriate facility of the department for evaluation and treatment; or

((~~(b)~~)) (ii) May alternatively order the defendant to undergo evaluation and treatment at some other facility as determined by the department, or under the guidance and control of a professional person.

(b) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial period of commitment for competency restoration is forty-five days.

(2) On or before expiration of the initial ~~((ninety-day))~~ period of commitment under subsection (1) of this section the court shall conduct a hearing, at which it shall determine whether or not the defendant is incompetent.

(3) If the court finds by a preponderance of the evidence that a defendant charged with a felony is incompetent, the court shall have the option of extending the order of commitment or alternative treatment for an additional ~~((ninety-day))~~ period of ninety days, but the court must at the time of extension set a date for a prompt hearing to determine the defendant's competency before the expiration of the second ~~((ninety-day))~~ restoration period. The defendant, the defendant's attorney, or the prosecutor has the right to demand that the hearing be before a jury. No extension shall be ordered for a second ~~((ninety-day))~~ or third restoration period ~~((nor for any subsequent period))~~ as provided in subsection (4) of this section ~~((;))~~ if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension.

SIXTIETH DAY, MARCH 8, 2012

2012 REGULAR SESSION

(4) For persons charged with a felony, at the hearing upon the expiration of the second (~~(ninety-day)~~) restoration period or at the end of the first (~~(ninety-day)~~) restoration period, in the case of a defendant with a developmental disability, if the jury or court finds that the defendant is incompetent, the charges shall be dismissed without prejudice, and (~~either civil commitment proceedings shall be instituted or~~) the court shall either order the release of the defendant or order the defendant be committed to a hospital or secure mental health facility for up to seventy-two hours starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition. The criminal charges shall not be dismissed if the court or jury finds that: (a) The defendant (i) is a substantial danger to other persons; or (ii) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and (b) there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

NEW SECTION. Sec. 7. A new section is added to chapter 10.77 RCW to read as follows:

(1) A defendant found incompetent by the court under RCW 10.77.084 must be evaluated at the direction of the secretary and a determination made whether the defendant is an individual with a developmental disability. Such evaluation and determination must be accomplished as soon as possible following the court's placement of the defendant in the custody of the secretary.

(2) When appropriate, and subject to available funds, if the defendant is determined to be an individual with a developmental disability, he or she may be placed in a program specifically reserved for the treatment and training of persons with developmental disabilities where the defendant has the right to habilitation according to an individualized service plan specifically developed for the particular needs of the defendant. A copy of the evaluation must be sent to the program.

(a) The program must be separate from programs serving persons involved in any other treatment or habilitation program.

(b) The program must be appropriately secure under the circumstances and must be administered by developmental disabilities professionals who shall direct the habilitation efforts.

(c) The program must provide an environment affording security appropriate with the charged criminal behavior and necessary to protect the public safety.

(3) The department may limit admissions of such persons to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services.

(4) The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department.

NEW SECTION. Sec. 8. The joint legislative audit and review committee shall make an independent assessment of the performance of the state hospitals with respect to provisions specified in section 2 of this act, but shall not be required to independently evaluate the exercise of clinical judgment. A report shall be made to the legislature reflecting the committee's findings and recommendations both six and eighteen months following the effective date of this section. The department of social and health services shall cooperate in a timely manner with requests for data and assistance related to this assessment.

NEW SECTION. Sec. 9. The Washington state institute for public policy shall study and report to the legislature the benefit of standardizing protocols used for treatment to restore competency to stand trial in Washington and during what clinically appropriate time period said treatment may be expected to be effective. The

department of social and health services shall cooperate in a timely manner with data requests in service of this study.

NEW SECTION. Sec. 10. A new section is added to chapter 70.48 RCW to read as follows:

A jail may not refuse to book a patient of a state hospital solely based on the patient's status as a state hospital patient, but may consider other relevant factors that apply to the individual circumstances in each case.

NEW SECTION. Sec. 11. A new section is added to chapter 10.77 RCW to read as follows:

(1) A state hospital may administer antipsychotic medication without consent to an individual who is committed under this chapter as criminally insane by following the same procedures applicable to the administration of antipsychotic medication without consent to a civilly committed patient under RCW 71.05.217, except for the following:

(a) The maximum period during which the court may authorize the administration of medication without consent under a single involuntary medication petition shall be the time remaining on the individual's current order of commitment or one hundred eighty days, whichever is shorter; and

(b) A petition for involuntary medication may be filed in either the superior court of the county that ordered the commitment or the superior court of the county in which the individual is receiving treatment, provided that a copy of any order that is entered must be provided to the superior court of the county that ordered the commitment following the hearing. The superior court of the county of commitment shall retain exclusive jurisdiction over all hearings concerning the release of the patient.

(2) The state has a compelling interest in providing antipsychotic medication to a patient who has been committed as criminally insane when refusal of antipsychotic medication would result in a likelihood of serious harm or substantial deterioration or substantially prolong the length of involuntary commitment and there is no less intrusive course of treatment than medication that is in the best interest of the patient.

NEW SECTION. Sec. 12. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 1, 2012."

Correct the title.

RULING BY THE PRESIDENT

President Owen: "In ruling on the Points of Order raised by Senator Padden and Senator Benton as to whether the conference committee report to Engrossed Substitute Senate Bill 6455 is outside of the scope and object of the underlying bill and also raises taxes under Initiative No. 1053, the President finds and rules as follows:

The President finds no basis to conclude that the conference committee report impermissibly introduces a new subject into the bill. The report's language is within the scope and object of the underlying measure.

With respect to whether the increase in abstract fees is a tax increase as opposed to a fee, the President believes that there is an appropriate nexus between those paying the fee and the purposes for which the fee can be used. Half of the abstract fee is used by the Department of Licensing, which must maintain the program and generate the abstracts; the other half is used for highway safety purposes. These uses are sufficiently connected to those paying the fee to avoid the supermajority requirements of I-1053. For these reasons, Senator Benton's point is not well-taken.

The fees collected for recreational vehicles, however, are not presently sufficiently tailored to benefit the class of persons paying the fee. While the President believes that a fee could be collected to support recreational vehicle purposes at parks, the conference report language allows the money collected to be used for the operation and maintenance of parks with overnight and recreational vehicle facilities. This support of parks in general is a broad purpose, and thus the fee collected is properly characterized as a tax for purposes of I-1053. For these reasons, Senator Padden's point is well-taken and the bill will take a two-thirds vote on final passage."

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 6455 was deferred and the bill held its place on the Conference calendar.

MESSAGE FROM THE HOUSE

March 8, 2012

MR. PRESIDENT:

The House passed SENATE BILL NO. 5950 with the following amendment(s): 5950 AMH WAYS H4676.1

SENATE BILL NO. 5950, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.27.130 and 1993 c 47 s 3 are each amended to read as follows:

PERSONAL PRIVILEGE

The mayor and members of the town council may be reimbursed for actual expenses incurred in the discharge of their official duties upon presentation of a claim therefor and its allowance and approval by resolution of the town council. The mayor and members of the council may also receive such salary as the council may fix by ordinance.

The treasurer and treasurer-clerk shall severally receive at stated times a compensation to be fixed by ordinance.

The compensation of all other officers and employees shall be fixed from time to time by the council.

Any town that provides a pension for any of its employees under a plan not administered by the state must notify the state auditor of the existence of the plan at the time of an audit of the town by the auditor. No town may establish a pension plan for its employees that is not administered by the state, ~~((except that any))~~ with the following exceptions:

Senator Kohl-Welles: "Thank you Mr. President. I believe that this is a good time to mention that we have a holiday today. This is the 101st anniversary of International Women's Day. It is celebrated all over the world. It may seem frivolous to some people in this body, however, when it first began in 1911 at an International Conference in Copenhagen recommended that all countries recognized the achievements and the difficulties faced by women in the world. It was one week later on March 19, 1911 that the Triangle fire occurred in New York City which one hundred forty working women, mainly Italian and Jewish immigrants, perished because they were locked into a garment factory when the fire broke out and could not escape and died. Ever since 1975, the United Nations having proclaimed March 8 as International Women's Day, we have had celebrations all over the world including in the United States. We've had much to celebrate here in the state of Washington. We've been a leader in the country in terms of women in elected office. We're the only state in the history of the country that's had a female Governor and our two U. S. Senators being women. We've also had been a leader in women participation in the legislature. We're number six right now with thirty-two percent of us being women but from 1994 through 2006 we were number one in the entire county, for twelve years, with nearly forty-one percent of the legislature being comprised of women. There are many things that we can

(1) Participation in a defined contribution plan in existence as of January 1, 1990, is deemed to have been authorized. No town that provides a defined contribution plan for its employees as authorized by this section may make any material changes in the terms or conditions of the plan after June 7, 1990.

(2) Participation in a defined benefit pension plan that commenced prior to January 1, 1999, is authorized to continue. No town that commenced participation in a defined benefit pension plan that is not administered by the state may make any material changes in the terms or conditions of the plan after June 7, 1999."

recognize with the state of Washington. One other very important one is that we enacted women's right to vote ten years before it happened nationally. We did it in 1910. Mr. President, may I read just one short quote? This comes from a notable and highly regarded former first lady of the United States, Barbara Bush, of course, who has been known for her strong belief in equality for women and she said; 'Somewhere out in this audience may even be someday who will follow in my footsteps and preside over the White House as the President's spouse. I wish him well.' Thank you Mr. President."

PERSONAL PRIVILEGE

Senator Padden: "Well, just to follow up on some of the lady from the Thirty-sixth District. You may not remember this but the very first legislative district in the whole United States to have only women representation was my colleague from Spokane, Majority Leaders district, in 1982 was represented by Senator Margaret Hurley in the Senate and in the House by Representatives Lois Stratton and Margaret Leonard. The very first. They thought a little bit more like I did than some of the women today but anyway I thought you would be interested in that. Thank you."

PERSONAL PRIVILEGE

Senator Chase: "Thank you Mr. President. I rise to honor women today, this evening. You know ninety-eight years ago, ninety-nine maybe by now, Nelly Axelrod from Bellingham joined this august body to become one of the first women to serve in this legislature. You know we think about the years since that time and it was only in 1945 that women and men were finally in an international treaty positive as equals, in the Treaty of the united Nations and the Universal Declaration of the Human Rights but it was not until 1991-92 in Vienna that women's rights were considered to be human rights. You know this is an important time for women, to renew our interest in human rights and I urge to start thinking in terms of how far we have come and how far we have to go. There are young women in our society and in our state who think that the rights that they currently enjoy are there forever but you know for someone who has been in the trenches, as it were, all of my life struggling for women's rights it is something that we need to defend at all times. I thank the gentle lady from the Thirty-sixth for bringing this issue forward."

EDITOR'S NOTE: Elected to the House of Representatives in 1912, Representatives Frances C. Axtell of Whatcom County and Nena Jolidon Croake of Pierce Count were the first women to serve in the Washington State Legislature, beginning their service at the 1913 Regular Session.]

MESSAGE FROM THE HOUSE

March 8, 2012

MR. PRESIDENT:

The House receded from its amendment(s) to SUBSTITUTE SENATE BILL NO. 6492. Under suspension of the rules, the bill was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 6492-S AMH PEDE H4705.1, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The purpose of this act is to sustainably improve the timeliness of services related to competency to stand trial by setting performance expectations, establishing new mechanisms for accountability, and enacting reforms to ensure that forensic resources are expended in an efficient and clinically appropriate manner without diminishing the quality of competency services, and to reduce the time defendants with mental illness spend in jail awaiting evaluation and restoration of competency.

NEW SECTION. Sec. 2. A new section is added to chapter 10.77 RCW to read as follows:

(1)(a) The legislature establishes the following performance targets for the timeliness of the completion of accurate and reliable evaluations of competency to stand trial and admissions for inpatient services related to competency to proceed or stand trial for adult criminal defendants. The legislature recognizes that these targets may not be achievable in all cases without compromise to quality of evaluation services, but intends for the department to manage, allocate, and request appropriations for resources in order to meet these targets whenever possible without sacrificing the accuracy of competency evaluations, and to otherwise make sustainable improvements and track performance related to the timeliness of competency services:

(i) For a state hospital to extend an offer of admission to a defendant in pretrial custody for legally authorized treatment or evaluation services related to competency, or to extend an offer of admission for legally authorized services following dismissal of charges based on incompetent to proceed or stand trial, seven days or less;

(ii) For completion of a competency evaluation in jail and distribution of the evaluation report for a defendant in pretrial custody, seven days or less;

(iii) For completion of a competency evaluation in the community and distribution of the evaluation report for a defendant

who is released from custody and makes a reasonable effort to cooperate with the evaluation, twenty-one days or less.

(b) The time periods measured in these performance targets shall run from the date on which the state hospital receives the court referral and charging documents, discovery, and criminal history information related to the defendant. The targets in (a)(i) and (ii) of this subsection shall be phased in over a six-month period from the effective date of this section. The target in (a)(iii) of this subsection shall be phased in over a twelve-month period from the effective date of this section.

(c) The legislature recognizes the following nonexclusive list of circumstances that may place achievement of targets for completion of competency services described in (a) of this subsection out of the department's reach in an individual case without aspersion to the efforts of the department:

(i) Despite a timely request, the department has not received necessary medical clearance information regarding the current medical status of a defendant in pretrial custody for the purposes of admission to a state hospital;

(ii) The individual circumstances of the defendant make accurate completion of an evaluation of competency to proceed or stand trial dependent upon review of medical history information which is in the custody of a third party and cannot be immediately obtained by the department. Completion of a competency evaluation shall not be postponed for procurement of medical history information which is merely supplementary to the competency determination;

(iii) Completion of the referral is frustrated by lack of availability or participation by counsel, jail or court personnel, interpreters, or the defendant; or

(iv) An unusual spike in the receipt of evaluation referrals or in the number of defendants requiring restoration services has occurred, causing temporary delays until the unexpected excess demand for competency services can be resolved.

(2) The department shall:

(a) Develop, document, and implement procedures to monitor the clinical status of defendants admitted to a state hospital for competency services that allow the state hospital to accomplish early discharge for defendants for whom clinical objectives have been achieved or may be achieved before expiration of the commitment period;

(b) Investigate the extent to which patients admitted to a state hospital under this chapter overstay time periods authorized by law and take reasonable steps to limit the time of commitment to authorized periods; and

(c) Establish written standards for the productivity of forensic evaluators and utilize these standards to internally review the performance of forensic evaluators.

(3) Following any quarter in which a state hospital has failed to meet one or more of the performance targets in subsection (1) of this section after full implementation of the performance target, the department shall report to the executive and the legislature the extent of this deviation and describe any corrective action being taken to improve performance. This report must be made publicly available. An average may be used to determine timeliness under this subsection.

(4) Beginning December 1, 2013, the department shall report annually to the legislature and the executive on the timeliness of services related to competency to proceed or stand trial and the timeliness with which court referrals accompanied by charging documents, discovery, and criminal history information are provided to the department relative to the signature date of the court order. The report must be in a form that is accessible to the public and that breaks down performance by county.

(5) This section does not create any new entitlement or cause of action related to the timeliness of competency evaluations or admission for inpatient services related to competency to proceed or stand trial, nor can it form the basis for contempt sanctions under chapter 7.21 RCW or a motion to dismiss criminal charges.

Sec. 3. RCW 10.77.060 and 2004 c 9 s 1 are each amended to read as follows:

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate ~~((at least two))~~ a qualified expert(s) or professional person(s), ~~((one of whom))~~ who shall be approved by the prosecuting attorney, to ~~((examine))~~ evaluate and report upon the mental condition of the defendant.

~~((b))~~ (b) The signed order of the court shall serve as authority for the ~~((experts))~~ evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. ~~((At least one of the experts or professional persons appointed shall be a developmental disabilities professional))~~ If the court is advised by any party that the defendant may ~~((be developmentally disabled))~~ have a developmental disability, the evaluation must be performed by a developmental disabilities professional. ~~((Upon agreement of the parties, the court may designate one expert or professional person to conduct the examination and report on the mental condition of the defendant. For purposes of the examination, the court may order))~~

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant ~~((committed))~~ to a hospital or ~~((other suitably))~~ secure ~~((public or private))~~ mental health facility for a period of ~~((time necessary to complete the examination, but))~~ commitment not to exceed fifteen days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation. ~~((If the defendant is being held in jail or other detention facility, upon agreement of the parties, the court may direct that the examination be conducted at the jail or other detention facility.~~

~~((b))~~ (e) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be committed for inpatient ~~((examination))~~ evaluation under this subsection (1), the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i)

Recommendations of the ~~((expert or professional persons))~~ evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the ~~((examination))~~ evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the ~~((examination))~~ evaluation shall include the following:

(a) A description of the nature of the ~~((examination))~~ evaluation;

(b) A diagnosis or description of the current mental ~~((condition))~~ status of the defendant;

(c) If the defendant suffers from a mental disease or defect, or ~~((is developmentally disabled))~~ has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a ~~((county))~~ designated mental health professional under chapter 71.05 RCW ~~((, and an opinion as to whether the defendant is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions)).~~

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

Sec. 4. RCW 10.77.065 and 2008 c 213 s 1 are each amended to read as follows:

(1)(a)(i) The ~~((facility))~~ expert conducting the evaluation shall provide ~~((its))~~ his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within twenty-one days due to a lack of cooperation by the defendant, the evaluator shall notify the court that he or she is unable to complete the evaluation because of such lack of cooperation.

(ii) A copy of the report and recommendation shall be provided

to the designated mental health professional, the prosecuting attorney, the defense attorney, and the professional person at the local correctional facility where the defendant is being held, or if there is no professional person, to the person designated under (a)(~~(iii)~~) (iv) of this subsection. Upon request, the (~~(facility)~~) evaluator shall also provide copies of any source documents relevant to the evaluation to the designated mental health professional. (~~The report and recommendation shall be provided not less than twenty four hours preceding the transfer of the defendant to the correctional facility in the county in which the criminal proceeding is pending.~~

(~~ii~~) (iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the regional support network, a professional person at the regional support network to receive the report and recommendation.

(~~iii~~) ~~When a defendant is transferred to the facility conducting the evaluation, or~~ (v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator (~~or the facility conducting the evaluation~~) of the name of the professional person, or person designated under (a)(~~(iii)~~) (iv) of this subsection, to receive the report and recommendation.

(b) If the (~~(facility)~~) evaluator concludes, under RCW 10.77.060(3)(f), the person should be (~~kept under further control, an evaluation shall be conducted of such person~~) evaluated by a designated mental health professional under chapter 71.05 RCW(-), the court shall order (~~(am)~~) such evaluation be conducted ((by the appropriate designated mental health professional: (i)) prior to release from confinement ((for such person who is convicted, if sentenced to confinement for twenty four months or less; (ii) for any person who is acquitted; or (iii) for any person: (A) whose charges are dismissed pursuant to RCW 10.77.086(4); or (B) whose nonfelony charges are dismissed)) when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less, or when charges are dismissed pursuant to a finding of incompetent to stand trial.

(2) The designated mental health professional shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

(3) The prosecuting attorney shall provide a copy of the results of any proceedings commenced by the designated mental health professional under subsection (2) of this section to the (~~(facility conducting the evaluation under this chapter)~~) secretary.

(4) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW.

Sec. 5. RCW 10.77.084 and 2007 c 375 s 3 are each amended to read as follows:

(1)(a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW 10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section.

(b) ((A defendant found incompetent shall be evaluated at the direction of the secretary and a determination made whether the defendant is an individual with a developmental disability. Such evaluation and determination shall be accomplished as soon as possible following the court's placement of the defendant in the custody of the secretary.

(i) When appropriate, and subject to available funds, if the defendant is determined to be an individual with a developmental disability, he or she may be placed in a program specifically reserved for the treatment and training of persons with developmental disabilities where the defendant shall have the right to habilitation according to an individualized service plan specifically developed for the particular needs of the defendant. A copy of the evaluation shall be sent to the program.

(A) The program shall be separate from programs serving persons involved in any other treatment or habilitation program.

(B) The program shall be appropriately secure under the circumstances and shall be administered by developmental disabilities professionals who shall direct the habilitation efforts.

(C) The program shall provide an environment affording security appropriate with the charged criminal behavior and necessary to protect the public safety.

(ii) The department may limit admissions of such persons to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services.

(iii) The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department.

(c)) At the end of the mental health treatment and restoration period, if any, or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing. The parties may agree to waive the defendant's presence or to remote participation by the defendant at a hearing or presentation of an agreed order if the recommendation of the evaluator is for the continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to expiration of the defendant's authorized period of commitment, in which case the department shall promptly notify the court and parties of the date of the defendant's admission and expiration of commitment so that a timely hearing date may be scheduled. If, after notice and hearing, competency has been restored, the stay entered under (a) of this subsection shall be lifted. If competency has not been restored, the proceedings shall be dismissed without prejudice. If the court concludes that competency has not been restored, but that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, the court may order that treatment for purposes of competency restoration be continued. Such treatment may not extend beyond the combination of time provided for in RCW 10.77.086 or 10.77.088.

(~~(d)~~) (c) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the proceedings shall be dismissed without prejudice and the defendant shall be evaluated for civil commitment proceedings.

(2) If the defendant is referred (~~(to the)~~) for evaluation by a designated mental health professional ((for consideration of initial detention proceedings under chapter 71.05 RCW pursuant to))

under this chapter, the designated mental health professional shall provide prompt written notification of the results of the ~~((determination whether to commence initial detention proceedings under chapter 71.05 RCW))~~ evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of ~~((examination))~~ evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity.

Sec. 6. RCW 10.77.086 and 2007 c 375 s 4 are each amended to read as follows:

(1)(a) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, or has been determined unlikely to regain competency pursuant to RCW 10.77.084(1)(~~((e))~~) (b), but in any event for a period of no longer than ninety days, the court:

~~((a))~~ (i) Shall commit the defendant to the custody of the secretary who shall place such defendant in an appropriate facility of the department for evaluation and treatment; or

~~((b))~~ (ii) May alternatively order the defendant to undergo evaluation and treatment at some other facility as determined by the department, or under the guidance and control of a professional person.

(b) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial period of commitment for competency restoration is forty-five days.

(2) On or before expiration of the initial ~~((ninety-day))~~ period of commitment under subsection (1) of this section the court shall conduct a hearing, at which it shall determine whether or not the defendant is incompetent.

(3) If the court finds by a preponderance of the evidence that a defendant charged with a felony is incompetent, the court shall have the option of extending the order of commitment or alternative treatment for an additional ~~((ninety-day))~~ period of ninety days, but the court must at the time of extension set a date for a prompt hearing to determine the defendant's competency before the expiration of the second ~~((ninety-day))~~ restoration period. The defendant, the defendant's attorney, or the prosecutor has the right to demand that the hearing be before a jury. No extension shall be ordered for a second ~~((ninety-day))~~ or third restoration period ~~((nor for any subsequent period))~~ as provided in subsection (4) of this section ~~((s))~~ if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability

which is such that competence is not reasonably likely to be regained during an extension.

(4) For persons charged with a felony, at the hearing upon the expiration of the second ~~((ninety-day))~~ restoration period or at the end of the first ~~((ninety-day))~~ restoration period, in the case of a defendant with a developmental disability, if the jury or court finds that the defendant is incompetent, the charges shall be dismissed without prejudice, and ~~((either civil commitment proceedings shall be instituted or))~~ the court shall either order the release of the defendant or order the defendant be committed to a hospital or secure mental health facility for up to seventy-two hours starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition. The criminal charges shall not be dismissed if the court or jury finds that: (a) The defendant (i) is a substantial danger to other persons; or (ii) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and (b) there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

NEW SECTION. Sec. 7. A new section is added to chapter 10.77 RCW to read as follows:

(1) A defendant found incompetent by the court under RCW 10.77.084 must be evaluated at the direction of the secretary and a determination made whether the defendant is an individual with a developmental disability. Such evaluation and determination must be accomplished as soon as possible following the court's placement of the defendant in the custody of the secretary.

(2) When appropriate, and subject to available funds, if the defendant is determined to be an individual with a developmental disability, he or she may be placed in a program specifically reserved for the treatment and training of persons with developmental disabilities where the defendant has the right to habilitation according to an individualized service plan specifically developed for the particular needs of the defendant. A copy of the evaluation must be sent to the program.

(a) The program must be separate from programs serving persons involved in any other treatment or habilitation program.

(b) The program must be appropriately secure under the circumstances and must be administered by developmental disabilities professionals who shall direct the habilitation efforts.

(c) The program must provide an environment affording security appropriate with the charged criminal behavior and necessary to protect the public safety.

(3) The department may limit admissions of such persons to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services.

(4) The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department.

Sec. 8. RCW 71.05.310 and 2005 c 504 s 709 are each amended to read as follows:

The court shall conduct a hearing on the petition for ninety-day treatment within five judicial days of the first court appearance after the probable cause hearing, or within ten judicial days for a petition filed under RCW 71.05.280(3). The court may continue the hearing for good cause upon the written request of the person named in the petition or the person's attorney ~~((s))~~. The court may continue for good cause ~~((shown, which continuance shall not exceed five additional judicial days))~~ the hearing on a petition filed under RCW 71.05.280(3) upon written request by the person named in the petition, the person's attorney, or the petitioner. If the person named in the petition requests a jury trial, the trial shall commence

within ten judicial days of the first court appearance after the probable cause hearing. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.360 (8) and (9).

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his or her attorney, or the petitioner in the case of a petition filed under RCW 71.05.280(3), the detained person shall be released.

NEW SECTION. Sec. 9. The joint legislative audit and review committee shall make an independent assessment of the performance of the state hospitals with respect to provisions specified in section 2 of this act, but shall not be required to independently evaluate the exercise of clinical judgment. A report shall be made to the legislature reflecting the committee's findings and recommendations both six and eighteen months following the effective date of this section. The department of social and health services shall cooperate in a timely manner with requests for data and assistance related to this assessment.

NEW SECTION. Sec. 10. The Washington state institute for public policy shall study and report to the legislature the benefit of standardizing protocols used for treatment to restore competency to stand trial in Washington and during what clinically appropriate time period said treatment may be expected to be effective. The department of social and health services shall cooperate in a timely manner with data requests in service of this study.

NEW SECTION. Sec. 11. A new section is added to chapter 70.48 RCW to read as follows:

NEW SECTION. Sec. 12. A new section is added to chapter 10.77 RCW to read as follows:

(1) A state hospital may administer antipsychotic medication without consent to an individual who is committed under this chapter as criminally insane by following the same procedures applicable to the administration of antipsychotic medication without consent to a civilly committed patient under RCW 71.05.217, except for the following:

(a) The maximum period during which the court may authorize the administration of medication without consent under a single involuntary medication petition shall be the time remaining on the individual's current order of commitment or one hundred eighty days, whichever is shorter; and

(b) A petition for involuntary medication may be filed in either the superior court of the county that ordered the commitment or the superior court of the county in which the individual is receiving treatment, provided that a copy of any order that is entered must be provided to the superior court of the county that ordered the commitment following the hearing. The superior court of the county of commitment shall retain exclusive jurisdiction over all hearings concerning the release of the patient.

(2) The state has a compelling interest in providing antipsychotic medication to a patient who has been committed as criminally insane when refusal of antipsychotic medication would result in a likelihood of serious harm or substantial deterioration or substantially prolong the length of involuntary commitment and there is no less intrusive course of treatment than medication that is in the best interest of the patient.

NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 14. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 1, 2012."

Correct the title.

Strike everything after the enacting clause and insert the following:

"PART I

WASHINGTON MEDICAID FRAUD PROVISIONS

NEW SECTION. Sec. 101. The legislature intends to enact a state false claims act in order to provide this state with another tool to combat medicaid fraud. The legislature finds that between 1996 and 2009 state-initiated false claims acts resulted in over five billion

dollars in total recoveries to those states. The highest recoveries in those cases were from claims relating to billing fraud, off-label marketing, and withholding safety information; these cases were primarily related to the pharmaceuticals industry and hospital networks, hospitals, and medical centers. By this act, the legislature does not intend to target a certain industry, profession, or retailer of medical equipment, or to place an undue burden on health care professionals. This act is not intended to harass health care professionals, nor is intended to be used as a tool to target actions that are related to incidental errors or clerical errors, which should not be considered fraud. The intent is to use the false claims act to root out significant areas of fraud that result in higher health care costs to this state and to use the false claims act to recover state money that could and should be used to support the medicaid program.

Sec. 102. RCW 74.09.210 and 2011 1st sp.s. c 15 s 15 are each amended to read as follows:

(1) No person, firm, corporation, partnership, association, agency, institution, or other legal entity, but not including an individual public assistance recipient of health care, shall, on behalf of himself or others, obtain or attempt to obtain benefits or payments under this chapter in a greater amount than that to which entitled by means of:

(a) A willful false statement;

(b) By willful misrepresentation, or by concealment of any material facts; or

(c) By other fraudulent scheme or device, including, but not limited to:

(i) Billing for services, drugs, supplies, or equipment that were unfurnished, of lower quality, or a substitution or misrepresentation of items billed; or

(ii) Repeated billing for purportedly covered items, which were not in fact so covered.

(2) Any person or entity knowingly violating any of the provisions of subsection (1) of this section shall be liable for repayment of any excess benefits or payments received, plus interest at the rate and in the manner provided in RCW 43.20B.695. Such person or other entity shall further, in addition to any other penalties provided by law, be subject to civil penalties. The ~~((secretary or))~~ director ~~((, as appropriate,))~~ or the attorney general may assess civil penalties in an amount not to exceed three times the amount of such excess benefits or payments: PROVIDED, That these civil penalties shall not apply to any acts or omissions occurring prior to September 1, 1979. RCW 43.20A.215 governs notice of a civil fine assessed by the director and provides the right to an adjudicative proceeding.

(3) A criminal action need not be brought against a person for that person to be civilly liable under this section.

(4) In all administrative proceedings under this section, service, adjudicative proceedings, and judicial review of such determinations shall be in accordance with chapter 34.05 RCW, the administrative procedure act.

(5) Civil penalties shall be deposited ~~((in the general fund))~~ upon their receipt into the medicaid fraud penalty account established in section 103 of this act.

(6) The attorney general may contract with private attorneys and local governments in bringing actions under this section as necessary.

NEW SECTION. Sec. 103. A new section is added to chapter 74.09 RCW to read as follows:

The medicaid fraud penalty account is created in the state treasury. All receipts from civil penalties collected under RCW 74.09.210, all receipts received under judgments or settlements that originated under a filing under the federal false claims act, and all receipts received under judgments or settlements that originated under the

state medicaid fraud false claims act, chapter 74.--- RCW (the new chapter created in section 215 of this act) must be deposited into the account. Moneys in the account may be spent only after appropriation and must be used only for medicaid services, fraud detection and prevention activities, recovery of improper payments, and for other medicaid fraud enforcement activities.

NEW SECTION. Sec. 104. A new section is added to chapter 74.09 RCW to read as follows:

(1) For the purposes of this section:

(a) "Employer" means any person, firm, corporation, partnership, association, agency, institution, or other legal entity.

(b) "Whistleblower" means an employee of an employer that obtains or attempts to obtain benefits or payments under this chapter in violation of RCW 74.09.210, who in good faith reports a violation of RCW 74.09.210 to the authority.

(c) "Workplace reprisal or retaliatory action" includes, but is not limited to: Denial of adequate staff to fulfill duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; unwarranted and unsubstantiated report of misconduct under Title 18 RCW; unwarranted and unsubstantiated letters of reprimand or unsatisfactory performance evaluations; demotion; reduction in pay; denial of promotion; suspension; dismissal; denial of employment; or a supervisor or superior behaving in or encouraging coworkers to behave in a hostile manner toward the whistleblower; or a change in the physical location of the employee's workplace or a change in the basic nature of the employee's job, if either are in opposition to the employee's expressed wish.

(2) A whistleblower who has been subjected to workplace reprisal or retaliatory action has the remedies provided under chapter 49.60 RCW. RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the authority about a suspected violation of RCW 74.09.210 may remain confidential if requested. The identity of the whistleblower must subsequently remain confidential unless the authority determines that the complaint was not made in good faith.

(3) This section does not prohibit an employer from exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. The protections provided to whistleblowers under this chapter do not prevent an employer from: (a) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (b) reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The authority shall determine if the employer cannot meet payroll in cases where a whistleblower has been terminated or had hours of employment reduced due to the inability of a facility to meet payroll.

(4) The authority shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter. The authority shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes.

NEW SECTION. Sec. 105. A new section is added to chapter 74.09 RCW to read as follows:

The following must be medicare providers in order to be paid under the medicaid program: Providers of durable medical equipment and related supplies and providers of medical supplies and related services.

(13) "Qui tam action" is an action brought by a person under section 205 of this act.

(14) "Qui tam relator" or "relator" is a person who brings an action under section 205 of this act.

NEW SECTION. Sec. 202. (1) Subject to subsections (2) and (4) of this section, a person is liable to the government entity for a civil penalty of not less than five thousand five hundred dollars and not more than eleven thousand dollars, plus three times the amount of damages which the government entity sustains because of the act of that person, if the person:

(a) Knowingly presents, or causes to be presented, a false or fraudulent claim for payment or approval;

(b) Knowingly makes, uses, or causes to be made or used, a false record or statement material to a false or fraudulent claim;

(c) Conspires to commit one or more of the violations in this subsection (1);

(d) Has possession, custody, or control of property or money used, or to be used, by the government entity and knowingly delivers, or causes to be delivered, less than all of that money or property;

(e) Is authorized to make or deliver a document certifying receipt of property used, or to be used, by the government entity and, intending to defraud the government entity, makes or delivers the receipt without completely knowing that the information on the receipt is true;

(f) Knowingly buys, or receives as a pledge of an obligation or debt, public property from an officer or employee of the government entity who lawfully may not sell or pledge property; or

(g) Knowingly makes, uses, or causes to be made or used, a false record or statement material to an obligation to pay or transmit money or property to the government entity, or knowingly conceals or knowingly and improperly avoids or decreases an obligation to pay or transmit money or property to the government entity.

(2) The court may assess not less than two times the amount of damages which the government entity sustains because of the act of a person, if the court finds that:

(a) The person committing the violation of subsection (1) of this section furnished the Washington state attorney general with all information known to him or her about the violation within thirty days after the date on which he or she first obtained the information;

(b) The person fully cooperated with any investigation by the attorney general of the violation; and

(c) At the time the person furnished the attorney general with the information about the violation, no criminal prosecution, civil action, or administrative action had commenced under this title with respect to the violation, and the person did not have actual knowledge of the existence of an investigation into the violation.

(3) A person violating this section is liable to the attorney general for the costs of a civil action brought to recover any such penalty or damages.

(4) For the purposes of determining whether an insurer has a duty to provide a defense or indemnification for an insured and if coverage may be denied if the terms of the policy exclude coverage for intentional acts, a violation of subsection (1) of this section is an intentional act.

(5) The office of the attorney general must, by rule, annually adjust the civil penalties established in subsection (1) of this section so that they are equivalent to the civil penalties provided under the federal false claims act and in accordance with the federal civil penalties inflation adjustment act of 1990.

NEW SECTION. Sec. 203. Any information furnished pursuant to this chapter is exempt from disclosure under the public records act, chapter 42.56 RCW, until final disposition and all court ordered seals are lifted.

NEW SECTION. Sec. 204. The attorney general must diligently investigate a violation under section 202 of this act. If the attorney general finds that a person has violated or is violating section 202 of this act, the attorney general may bring a civil action under this section against the person.

NEW SECTION. Sec. 205. (1) A person may bring a civil action for a violation of section 202 of this act for the person and for the government entity. The action may be known as a qui tam action and the person bringing the action as a qui tam relator. The action must be brought in the name of the government entity. The action may be dismissed only if the court, and the attorney general give written consent to the dismissal and their reason for consenting.

(2) A relator filing an action under this chapter must serve a copy of the complaint and written disclosure of substantially all material evidence and information the person possesses on the attorney general in electronic format. The relator must file the complaint in camera. The complaint must remain under seal for at least sixty days, and may not be served on the defendant until the court so orders. The attorney general may elect to intervene and proceed with the action within sixty days after it receives both the complaint and the material evidence and information.

(3) The attorney general may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under subsection (2) of this section. The motions may be supported by affidavits or other submissions in camera. The defendant may not be required to respond to any complaint filed under this section until twenty days after the complaint is unsealed and served upon the defendant.

(4) If the attorney general does not proceed with the action prior to the expiration of the sixty-day period or any extensions obtained under subsection (3) of this section, then the relator has the right to conduct the action.

(5) When a person brings an action under this section, no person other than the attorney general may intervene or bring a related action based on the facts underlying the pending action.

NEW SECTION. Sec. 206. (1) If the attorney general proceeds with the qui tam action, the attorney general shall have the primary responsibility for prosecuting the action, and is not bound by an act of the relator. The relator has the right to continue as a party to the action, subject to the limitations set forth in subsection (2) of this section.

(2)(a) The attorney general may move to dismiss the qui tam action notwithstanding the objections of the relator if the relator has

been notified by the attorney general of the filing of the motion and the court has provided the relator with an opportunity for a hearing on the motion.

(b) The attorney general may settle the action with the defendant notwithstanding the objections of the relator if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, the hearing may be held in camera.

(c) Upon a showing by the attorney general that unrestricted participation during the course of the litigation by the relator would interfere with or unduly delay the attorney general's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the relator's participation, such as:

- (i) Limiting the number of witnesses the relator may call;
- (ii) Limiting the length of the testimony of the witnesses;
- (iii) Limiting the relator's cross-examination of witnesses; or
- (iv) Otherwise limiting the participation by the relator in the litigation.

(d) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the relator would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the relator in the litigation.

(3) If the attorney general elects not to proceed with the qui tam action, the relator has the right to conduct the action. If the attorney general so requests, the relator must serve on the attorney general copies of all pleadings filed in the action and shall supply copies of all deposition transcripts, at the attorney general's expense. When the relator proceeds with the action, the court, without limiting the status and rights of the relator, may nevertheless permit the attorney general to intervene at a later date upon a showing of good cause.

(4) Whether or not the attorney general proceeds with the qui tam action, upon a showing by the attorney general that certain actions of discovery by the relator would interfere with the attorney general's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than sixty days. The showing must be conducted in camera. The court may extend the sixty-day period upon a further showing in camera that the attorney general has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(5) Notwithstanding section 205 of this act, the attorney general may elect to pursue its claim through any alternate remedy available to the state, including any administrative proceeding to determine a civil money penalty. If any alternate remedy is pursued in another proceeding, the relator has the same rights in the proceeding as the relator would have had if the action had continued under this section. Any finding of fact or conclusion of law made in the other proceeding that has become final is conclusive on all parties to an action under this section. For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court of the state of Washington, if all time for filing the appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

NEW SECTION. Sec. 207. (1)(a) Subject to (b) of this subsection, if the attorney general proceeds with a qui tam action, the relator must receive at least fifteen percent but not more than twenty-five percent of the proceeds of the action or settlement of the claim, depending upon the extent to which the relator substantially contributed to the prosecution of the action.

(b) Where the action is one which the court finds to be based primarily on disclosures of specific information, other than

SIXTIETH DAY, MARCH 8, 2012

2012 REGULAR SESSION

information provided by the relator, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative or administrative report, hearing, audit, or investigation, or from the news media, the court may award an amount it considers appropriate, but in no case more than ten percent of the proceeds, taking into account the significance of the information and the role of the relator in advancing the case to litigation.

(c) Any payment to a relator under (a) or (b) of this subsection must be made from the proceeds. The relator must also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All expenses, fees, and costs must be awarded against the defendant.

(2) If the attorney general does not proceed with a qui tam action, the relator shall receive an amount which the court decides is reasonable for collecting the civil penalty and damages. The amount may not be less than twenty-five percent and not more than thirty percent of the proceeds of the action or settlement and must be paid out of the proceeds. The relator must also receive an amount for reasonable expenses, which the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All expenses, fees, and costs must be awarded against the defendant.

(3) Whether or not the attorney general proceeds with the qui tam action, if the court finds that the action was brought by a person who planned and initiated the violation of section 202 of this act upon which the action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the action which the person would otherwise receive under subsection (1) or (2) of this section, taking into account the role of that person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the action is convicted of criminal conduct arising from his or her role in the violation of section 202 of this act, that person must be dismissed from the civil action and may not receive any share of the proceeds of the action. The dismissal may not prejudice the right of the state to continue the action, represented by the attorney general.

(4) If the attorney general does not proceed with the qui tam action and the relator conducts the action, the court may award to the defendant reasonable attorneys' fees and expenses if the defendant prevails in the action and the court finds that the claim of the relator was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(5) Any funds recovered that remain after calculation and distribution under subsections (1) through (3) of this section must be deposited into the medicaid fraud penalty account established in section 103 of this act.

NEW SECTION. Sec. 208. (1) In no event may a person bring a qui tam action which is based upon allegations or transactions which are the subject of a civil suit or an administrative civil money penalty proceeding in which the state is already a party.

(2)(a) The court must dismiss an action or claim under this section, unless opposed by the attorney general, if substantially the same allegations or transactions as alleged in the action or claim were publicly disclosed:

(i) In a state criminal, civil, or administrative hearing in which the attorney general or other governmental entity is a party;

(ii) In a legislative report, or other state report, hearing, audit, or investigation; or

(iii) By the news media;

unless the action is brought by the attorney general or the relator is an original source of the information.

(b) For purposes of this section, "original source" means an individual who either (i) prior to a public disclosure under (a) of this subsection, has voluntarily disclosed to the attorney general the information on which allegations or transactions in a claim are based, or (ii) has knowledge that is independent of, and materially

adds to, the publicly disclosed allegations or transactions, and who has voluntarily provided the information to the attorney general before filing an action under this section.

NEW SECTION. Sec. 209. (1) Any employee, contractor, or agent is entitled to all relief necessary to make that employee, contractor, or agent whole, if that employee, contractor, or agent, is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of lawful acts done by the employee, contractor, agent, or associated others in furtherance of an action under this chapter or other efforts to stop one or more violations of this chapter.

(2) Relief under subsection (1) of this section must include reinstatement with the same seniority status that employee, contractor, or agent would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees, and any and all relief available under RCW 49.60.030(2). An action under this subsection may be brought in the appropriate superior court of the state of Washington for the relief provided in this subsection.

(3) A civil action under this section may not be brought more than three years after the date when the retaliation occurred.

NEW SECTION. Sec. 210. (1) A subpoena requiring the attendance of a witness at a trial or hearing conducted under section 204 or 205 of this act may be served at any place in the state of Washington.

(2) A civil action under section 204 or 205 of this act may be brought at any time, without limitation after the date on which the violation of section 202 of this act is committed.

(3) If the attorney general elects to intervene and proceed with a qui tam action, the attorney general may file its own complaint or amend the complaint of a relator to clarify or add detail to the claims in which the attorney general is intervening and to add any additional claims with respect to which the attorney general contends it is entitled to relief.

(4) In any action brought under section 204 or 205 of this act, the attorney general is required to prove all essential elements of the cause of action, including damages, by a preponderance of the evidence.

(5) Notwithstanding any other provision of law or the rules for superior court, a final judgment rendered in favor of the government entity in any criminal proceeding charging fraud or false statements, whether upon a verdict after trial or upon a plea of guilty or nolo contendere, estops the defendant from denying the essential elements of the offense in any action which involves the same transaction as in the criminal proceeding and which is brought under section 204 or 205 of this act.

NEW SECTION. Sec. 211. (1) Any action under section 204 or 205 of this act may be brought in the superior court in any county in which the defendant or, in the case of multiple defendants, any one defendant can be found, resides, transacts business, or in which any act proscribed by section 202 of this act occurred. The appropriate court must issue a summons as required by the superior court civil rules and service must occur at any place within the state of Washington.

(2) The superior courts have jurisdiction over any action brought under the laws of any city or county for the recovery of funds paid by a government entity if the action arises from the same transaction or occurrence as an action brought under section 204 or 205 of this act.

(3) With respect to any local government that is named as a coplaintiff with the state in an action brought under section 205 of this act, a seal on the action ordered by the court under section 205

of this act does not preclude the attorney general or the person bringing the action from serving the complaint, any other pleadings, or the written disclosure of substantially all material evidence and information possessed by the person bringing the action on the law enforcement authorities that are authorized under the law of the local government to investigate and prosecute the action on behalf of the local government, except that the seal applies to the law enforcement authorities so served to the same extent as the seal applies to other parties in the action.

NEW SECTION. Sec. 212. (1)(a) Whenever the attorney general, or a designee, for purposes of this section, has reason to believe that any person may be in possession, custody, or control of any documentary material or information relevant to a false claims act investigation, the attorney general, or a designee, may, before commencing a civil proceeding under section 204 of this act or making an election under section 205 of this act, issue in writing and serve upon the person, a civil investigative demand requiring the person:

- (i) To produce the documentary material for inspection and copying;
- (ii) To answer in writing written interrogatories with respect to the documentary material or information;
- (iii) To give oral testimony concerning the documentary material or information; or
- (iv) To furnish any combination of such material, answers, or testimony.

(b) The attorney general may delegate the authority to issue civil investigative demands under this subsection (1). Whenever a civil investigative demand is an express demand for any product of discovery, the attorney general, the deputy attorney general, or an assistant attorney general must serve, in any manner authorized by this section, a copy of the demand upon the person from whom the discovery was obtained and must notify the person to whom the demand is issued of the date on which the copy was served. Any information obtained by the attorney general or a designee of the attorney general under this section may be shared with any qui tam relator if the attorney general or designee determines it is necessary as part of any false claims act investigation.

(2)(a) Each civil investigative demand issued under subsection (1) of this section must state the nature of the conduct constituting the alleged violation of this chapter which is under investigation, and the applicable provision of law alleged to be violated.

(b) If the demand is for the production of documentary material, the demand must:

- (i) Describe each class of documentary material to be produced with such definiteness and certainty as to permit the material to be fairly identified;
- (ii) Prescribe a return date for each class which will provide a reasonable period of time within which the material so demanded may be assembled and made available for inspection and copying; and
- (iii) Identify the false claims act investigator to whom such material must be made available.

(c) If the demand is for answers to written interrogatories, the demand must:

- (i) Set forth with specificity the written interrogatories to be answered;
- (ii) Prescribe dates at which time answers to written interrogatories must be submitted; and
- (iii) Identify the false claims law investigator to whom such answers must be submitted.

(d) If the demand is for the giving of oral testimony, the demand must:

- (i) Prescribe a date, time, and place at which oral testimony must be commenced;

(ii) Identify a false claims act investigator who must conduct the examination and the custodian to whom the transcript of the examination must be submitted;

(iii) Specify that the attendance and testimony are necessary to the conduct of the investigation;

(iv) Notify the person receiving the demand of the right to be accompanied by an attorney and any other representative; and

(v) Describe the general purpose for which the demand is being issued and the general nature of the testimony, including the primary areas of inquiry, which will be taken pursuant to the demand.

(e) Any civil investigative demand issued under this section which is an express demand for any product of discovery is not due until thirty days after a copy of the demand has been served upon the person from whom the discovery was obtained.

(f) The date prescribed for the commencement of oral testimony pursuant to a civil investigative demand issued under this section may not be sooner than six days after the date on which demand is received, unless the attorney general or an assistant attorney general designated by the attorney general determines that exceptional circumstances are present which warrant the commencement of the testimony sooner.

(g) The attorney general may not authorize the issuance under this section of more than one civil investigative demand for oral testimony by the same person unless the person requests otherwise or unless the attorney general, after investigation, notifies that person in writing that an additional demand for oral testimony is necessary.

(3) A civil investigative demand issued under subsection (1) or (2) of this section may not require the production of any documentary material, the submission of any answers to written interrogatories, or the giving of any oral testimony if the material, answers, or testimony would be protected from disclosure under:

(a) The standards applicable to subpoenas or subpoenas duces tecum issued by a court to aid in a special inquiry investigation; or

(b) The standards applicable to discovery requests under the superior court civil rules, to the extent that the application of these standards to any demand is appropriate and consistent with the provisions and purposes of this section.

(4) Any demand which is an express demand for any product of discovery supersedes any inconsistent order, rule, or provision of law, other than this section, preventing or restraining disclosure of the product of discovery to any person. Disclosure of any product of discovery pursuant to any express demand does not constitute a waiver of any right or privilege which the person making such disclosure may be entitled to invoke to resist discovery of trial preparation materials.

(5) Any civil investigative demand issued under this section may be served by a false claims act investigator, or by a commissioned law enforcement official, at any place within the state of Washington.

(6) Service of any civil investigative demand issued under (a) of this subsection or of any petition filed under subsection (25) of this section may be made upon a partnership, corporation, association, or other legal entity by:

(a) Delivering an executed copy of the demand or petition to any partner, executive officer, managing agent, or general agent of the partnership, corporation, association, or entity, or to any agent authorized by appointment or by law to receive service of process on behalf of such partnership, corporation, association, or entity;

(b) Delivering an executed copy of the demand or petition to the principal office or place of business of the partnership, corporation, association, or entity; or

(c) Depositing an executed copy of the demand or petition in the United States mail by registered or certified mail, with a return

receipt requested, addressed to such partnership, corporation, association, or entity at its principal office or place of business.

(7) Service of any demand or petition may be made upon any natural person by:

(a) Delivering an executed copy of the demand or petition to the person; or

(b) Depositing an executed copy of the demand or petition in the United States mail by registered or certified mail, with a return receipt requested, addressed to the person at the person's residence or principal office or place of business.

(8) A verified return by the individual serving any civil investigative demand issued under subsection (1) or (2) of this section or any petition filed under subsection (25) of this section setting forth the manner of the service constitutes proof of the service. In the case of service by registered or certified mail, the return must be accompanied by the return post office receipt of delivery of the demand.

(9)(a) The production of documentary material in response to a civil investigative demand served under this section must be made under a sworn certificate, in the form as the demand designates, by:

(i) In the case of a natural person, the person to whom the demand is directed; or

(ii) In the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to the production and authorized to act on behalf of the person.

(b) The certificate must state that all of the documentary material required by the demand and in the possession, custody, or control of the person to whom the demand is directed has been produced and made available to the false claims act investigator identified in the demand.

(10) Any person upon whom any civil investigative demand for the production of documentary material has been served under this section shall make such material available for inspection and copying to the false claims act investigator identified in the demand at the principal place of business of the person, or at another place as the false claims act investigator and the person thereafter may agree and prescribe in writing, or as the court may direct under subsection (25) of this section. The material must be made available on the return date specified in the demand, or on a later date as the false claims act investigator may prescribe in writing. The person may, upon written agreement between the person and the false claims act investigator, substitute copies for originals of all or any part of the material.

(11)(a) Each interrogatory in a civil investigative demand served under this section must be answered separately and fully in writing under oath and must be submitted under a sworn certificate, in the form as the demand designates, by:

(i) In the case of a natural person, the person to whom the demand is directed; or

(ii) In the case of a person other than a natural person, the person or persons responsible for answering each interrogatory.

(b) If any interrogatory is objected to, the reasons for the objection must be stated in the certificate instead of an answer. The certificate must state that all information required by the demand and in the possession, custody, control, or knowledge of the person to whom the demand is directed has been submitted. To the extent that any information is not furnished, the information must be identified and reasons set forth with particularity regarding the reasons why the information was not furnished.

(12) The examination of any person pursuant to a civil investigative demand for oral testimony served under this section must be taken before an officer authorized to administer oaths and affirmations by the laws of the state of Washington or of the place where the examination is held. The officer before whom the testimony is to be taken must put the witness on oath or affirmation

and must, personally or by someone acting under the direction of the officer and in the officer's presence, record the testimony of the witness. The testimony must be recorded and must be transcribed. When the testimony is fully transcribed, the officer before whom the testimony is taken shall promptly transmit a copy of the transcript of the testimony to the custodian. This subsection does not preclude the taking of testimony by any means authorized by, and in a manner consistent with, the superior court civil rules.

(13) The false claims act investigator conducting the examination shall exclude from the place where the examination is held all persons except the person giving the testimony, the attorney for and any other representative of the person giving the testimony, the attorney general, any person who may be agreed upon by the attorney for the government and the person giving the testimony, the officer before whom the testimony is to be taken, and any stenographer taking the testimony.

(14) The oral testimony of any person taken pursuant to a civil investigative demand served under this section must be taken in the county within which such person resides, is found, or transacts business, or in another place as may be agreed upon by the false claims act investigator conducting the examination and the person.

(15) When the testimony is fully transcribed, the false claims act investigator or the officer before whom the testimony is taken must afford the witness, who may be accompanied by counsel, a reasonable opportunity to examine and read the transcript, unless the examination and reading are waived by the witness. Any changes in form or substance which the witness desires to make must be entered and identified upon the transcript by the officer or the false claims act investigator, with a statement of the reasons given by the witness for making the changes. The transcript must then be signed by the witness, unless the witness in writing waives the signing, is ill, cannot be found, or refuses to sign. If the transcript is not signed by the witness within thirty days after being afforded a reasonable opportunity to examine it, the officer or the false claims act investigator must sign it and state on the record the fact of the waiver, illness, absence of the witness, or the refusal to sign, together with the reasons given.

(16) The officer before whom the testimony is taken must certify on the transcript that the witness was sworn by the officer and that the transcript is a true record of the testimony given by the witness, and the officer or false claims act investigator must promptly deliver the transcript, or send the transcript by registered or certified mail, to the custodian.

(17) Upon payment of reasonable charges therefor, the false claims act investigator must furnish a copy of the transcript to the witness only, except that the attorney general, the deputy attorney general, or an assistant attorney general may, for good cause, limit the witness to inspection of the official transcript of the witness' testimony.

(18)(a) Any person compelled to appear for oral testimony under a civil investigative demand issued under subsection (1) or (2) of this section may be accompanied, represented, and advised by counsel. Counsel may advise the person, in confidence, with respect to any question asked of the person. The person or counsel may object on the record to any question, in whole or in part, and must briefly state for the record the reason for the objection. An objection may be made, received, and entered upon the record when it is claimed that the person is entitled to refuse to answer the question on the grounds of any constitutional or other legal right or privilege, including the privilege against self-incrimination. The person may not otherwise object to or refuse to answer any question, and may not directly or through counsel otherwise interrupt the oral examination. If the person refuses to answer any question, a special injury proceeding petition may be filed in the superior court under

subsection (25) of this section for an order compelling the person to answer the question.

(b) If the person refuses to answer any question on the grounds of the privilege against self-incrimination, the testimony of the person may be compelled in accordance with the provisions of the superior court civil rules.

(19) Any person appearing for oral testimony under a civil investigative demand issued under subsection (1) or (2) of this section is entitled to the same fees and allowances which are paid to witnesses in the superior courts.

(20) The attorney general must designate a false claims act investigator to serve as custodian of documentary material, answers to interrogatories, and transcripts of oral testimony received under this section, and must designate such additional false claims act investigators as the attorney general determines from time to time to be necessary to serve as deputies to the custodian.

(21)(a) A false claims act investigator who receives any documentary material, answers to interrogatories, or transcripts of oral testimony under this section must transmit them to the custodian. The custodian shall take physical possession of the material, answers, or transcripts and is responsible for the use made of them and for the return of documentary material under subsection (23) of this section.

(b) The custodian may cause the preparation of the copies of the documentary material, answers to interrogatories, or transcripts of oral testimony as may be required for official use by any false claims act investigator, or employee of the attorney general. The material, answers, and transcripts may be used by any authorized false claims act investigator or other officer or employee in connection with the taking of oral testimony under this section.

(c)(i) Except as otherwise provided in this subsection (21), no documentary material, answers to interrogatories, or transcripts of oral testimony, or copies thereof, while in the possession of the custodian, may be available for examination by any individual other than a false claims act investigator or other officer or employee of the attorney general authorized under (b) of this subsection.

(ii) The prohibition in (c)(i) of this subsection on the availability of material, answers, or transcripts does not apply if consent is given by the person who produced the material, answers, or transcripts, or, in the case of any product of discovery produced pursuant to an express demand for the material, consent is given by the person from whom the discovery was obtained. Nothing in this subsection (c)(ii) is intended to prevent disclosure to the legislature, including any committee or subcommittee for use by such an agency in furtherance of its statutory responsibilities.

(d) While in the possession of the custodian and under the reasonable terms and conditions as the attorney general shall prescribe:

(i) Documentary material and answers to interrogatories must be available for examination by the person who produced the material or answers, or by a representative of that person authorized by that person to examine the material and answers; and

(ii) Transcripts of oral testimony must be available for examination by the person who produced the testimony, or by a representative of that person authorized by that person to examine the transcripts.

(22) Whenever any official has been designated to appear before any court, special inquiry judge, or state administrative judge in any case or proceeding, the custodian of any documentary material, answers to interrogatories, or transcripts of oral testimony received under this section may deliver to the official the material, answers, or transcripts for official use in connection with any case or proceeding as the official determines to be required. Upon the completion of such a case or proceeding, the official must return to the custodian any material, answers, or transcripts so delivered

which have not passed into the control of any court, grand jury, or agency through introduction into the record of such a case or proceeding.

(23) If any documentary material has been produced by any person in the course of any false claims act investigation pursuant to a civil investigative demand under this section, and:

(a) Any case or proceeding before the court or special inquiry judge arising out of the investigation, or any proceeding before any administrative judge involving the material, has been completed; or

(b) No case or proceeding in which the material may be used has been commenced within a reasonable time after completion of the examination and analysis of all documentary material and other information assembled in the course of the investigation:

Then, the custodian shall, upon written request of the person who produced the material, return to the person the material, other than copies furnished to the false claims act investigator under subsection (10) of this section or made for the attorney general under subsection (21)(b) of this section, which has not passed into the control of any court, grand jury, or agency through introduction into the record of the case or proceeding.

(24)(a) In the event of the death, disability, or separation from service of the attorney general of the custodian of any documentary material, answers to interrogatories, or transcripts of oral testimony produced pursuant to civil investigative demand under this section, or in the event of the official relief of the custodian from responsibility for the custody and control of the material, answers, or transcripts, the attorney general must promptly:

(i) Designate another false claims act investigator to serve as custodian of the material, answers, or transcripts; and

(ii) Transmit in writing to the person who produced the material, answers, or testimony notice of the identity and address of the successor so designated.

(b) Any person who is designated to be a successor under this subsection (24) has, with regard to the material, answers, or transcripts, the same duties and responsibilities as were imposed by this section upon that person's predecessor in office, except that the successor may not be held responsible for any default or dereliction which occurred before that designation.

(25) Whenever any person fails to comply with any civil investigative demand issued under subsection (1) or (2) of this section, or whenever satisfactory copying or reproduction of any material requested in the demand cannot be done and the person refuses to surrender the material, the attorney general may file, in any superior court of the state of Washington for any county in which the person resides, is found, or transacts business, and serve upon the person a petition for an order of the court for the enforcement of the civil investigative demand.

(26)(a) Any person who has received a civil investigative demand issued under subsection (1) or (2) of this section may file, in the superior court of the state of Washington for the county within which the person resides, is found, or transacts business, and serve upon the false claims act investigator identified in the demand a petition for an order of the court to modify or set aside the demand. In the case of a petition addressed to an express demand for any product of discovery, a petition to modify or set aside the demand may be brought only in the district court of the United States for the judicial district in which the proceeding in which the discovery was obtained is or was last pending. Any petition filed under this subsection (26)(a) must be filed:

(i) Within thirty days after the date of service of the civil investigative demand, or at any time before the return date specified in the demand, whichever date is earlier; or

(ii) Within a longer period as may be prescribed in writing by any false claims act investigator identified in the demand.

(b) The petition must specify each ground upon which the petitioner relies in seeking relief under (a) of this subsection, and may be based upon any failure of the demand to comply with the provisions of this section or upon any constitutional or other legal right or privilege of the person. During the pendency of the petition in the court, the court may stay, as it deems proper, the running of the time allowed for compliance with the demand, in whole or in part, except that the person filing the petition shall comply with any portions of the demand not sought to be modified or set aside.

(27)(a) In the case of any civil investigative demand issued under subsection (1) or (2) of this section which is an express demand for any product of discovery, the person from whom the discovery was obtained may file, in the superior court of the state of Washington for the county in which the proceeding in which the discovery was obtained is or was last pending, and serve upon any false claims act investigator identified in the demand and upon the recipient of the demand, a petition for an order of the court to modify or set aside those portions of the demand requiring production of any product of discovery. Any petition under this subsection (27)(a) must be filed:

(i) Within twenty days after the date of service of the civil investigative demand, or at any time before the return date specified in the demand, whichever date is earlier; or

(ii) Within a longer period as may be prescribed in writing by any false claims act investigator identified in the demand.

(b) The petition must specify each ground upon which the petitioner relies in seeking relief under (a) of this subsection, and may be based upon any failure of the portions of the demand from which relief is sought to comply with the provisions of this section, or upon any constitutional or other legal right or privilege of the petitioner. During the pendency of the petition, the court may stay, as it deems proper, compliance with the demand and the running of the time allowed for compliance with the demand.

(28) At any time during which any custodian is in custody or control of any documentary material or answers to interrogatories produced, or transcripts of oral testimony given, by any person in compliance with any civil investigative demand issued under subsection (1) or (2) of this section, the person, and in the case of an express demand for any product of discovery, the person from whom the discovery was obtained, may file, in the superior court of the state of Washington for the county within which the office of the custodian is situated, and serve upon the custodian, a petition for an order of the court to require the performance by the custodian of any duty imposed upon the custodian by this section.

(29) Whenever any petition is filed in any superior court of the state of Washington under this section, the court has jurisdiction to hear and determine the matter so presented, and to enter an order or orders as may be required to carry out the provisions of this section. Any final order so entered is subject to appeal under the rules of appellate procedure. Any disobedience of any final order entered under this section by any court must be punished as a contempt of the court.

(30) The superior court civil rules apply to any petition under this section, to the extent that the rules are not inconsistent with the provisions of this section.

(31) Any documentary material, answers to written interrogatories, or oral testimony provided under any civil investigative demand issued under subsection (1) or (2) of this section are exempt from disclosure under the public records act, chapter 42.56 RCW.

NEW SECTION. Sec. 213. Beginning November 15, 2012, and annually thereafter, the attorney general in consultation with the health care authority must report results of implementing the medicaid fraud false claims act. This report must include:

.....\$51,118,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. Of this amount, \$10,000 of the motor vehicle account--state appropriation is provided solely for the department to install additional farm machinery signs to promote safety in agricultural areas along state highways. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) \$145,000 of the motor vehicle account--state appropriation is provided solely for the department to continue a pilot tow truck incentive program and to expand the program to other areas of the state. The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks.

(3) During the 2011-2013 fiscal biennium, the department shall implement a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle:

(a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. By June 30, 2013, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure. If chapter ... (Substitute Senate Bill No. 5836), Laws of 2011 is enacted by June 30, 2011, this subsection is null and void.

(4) \$9,000,000 of the motor vehicle account--state appropriation is provided solely for the department's incident response program.

(5) The department, in consultation with the Washington state patrol, must continue a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. The department must report to the joint transportation committee by January 1, 2012, and January 1, 2013, on the status of this pilot program. For the purpose of this pilot program, during the 2011-2013 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2011-2013 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (5) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

(6) The department shall track the costs associated with active traffic management systems on a corridor basis and report to the transportation committees of the legislature on the cost and benefits of the systems by December 1, 2011.

(7) State university research and extension centers serve as important research hubs for university graduate students and, as such, there is a safety concern with any centers being located on a state highway. Therefore, consistent with RCW 46.61.415, and upon request of a county with a state university research and extension center located on a state highway within its respective jurisdiction, the secretary of transportation shall approve a reduction of the maximum speed limit on the state highway in the vicinity of the center. The speed on the state highway may be less than the maximum speed permitted under RCW 46.61.400(2).

A report regarding this policy must be submitted to the joint transportation committee by September 1, 2012.

The department of transportation may provide up to \$163,000 in toll credits to the Port of Kingston for its role in the new passenger-only ferry service and ferry corridor-related projects. Sec. 602. 2011 c 367 s 608 (uncodified) is amended to read as follows:

STAFFING LEVELS

(1) As the department of transportation completes delivery of the projects funded by the 2003 and 2005 transportation revenue packages, it is clear that the current staffing levels necessary to deliver these projects are not sustainable into the future. Therefore, the department is directed to quickly move forward to develop and implement new business practices so that a smaller, more nimble state workforce can effectively and efficiently deliver transportation improvement programs as they are approved in the future, in strong partnership with the private sector, while protecting the public's interests and assets.

(2) To this end, the department of transportation is directed to reduce the size of its engineering and technical workforce to a level sustained by current law revenue levels currently estimated at two thousand FTEs by the end of the 2013-2015 fiscal biennium. The department's current two thousand eight hundred FTE engineering

and technical workforce levels for highway construction will be reduced in the 2011-2013 fiscal biennium, with a target of two thousand four hundred FTEs by June 30, 2013, and to a level of two thousand FTEs by June 30, 2015.

(3) In order to successfully deliver the highway construction program as funded, the department of transportation may continue to contract out engineering and technical services. In addition, the department may continue the incentive program for retirements and employee separations. ~~((The department shall report quarterly to the office of financial management and the transportation committees of the legislature on its progress and plans to reduce highway construction workforce levels to two thousand FTEs by June 2015. This report must also be posted on the department's web site.))~~

(4) The department of transportation is directed to reduce the size of its administrative operating programs for the 2013-2015 biennium. As part of the department's biennial budget submittal, the department shall reduce its workforce in Programs C, H, T, and S by three percent. The ratio of executive management service or Washington management services employee staff must be at least six staff for every manager by the end of the 2013-2015 biennium.

Sec. 603. 2011 c 367 s 603 (uncodified) is amended to read as follows:

FUND TRANSFERS

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in LEAP Transportation Document ~~((2011-4))~~ 2012-2 as developed ~~((April 19, 2011))~~ March 8, 2012, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. For the 2009-2011 and 2011-2013 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2012 supplemental transportation budget, any unexpended 2009-2011 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session; and

SIXTIETH DAY, MARCH 8, 2012

The community corrections officer's report shall serve as the notice that the department will hold the offender for not more than three days from the time of such notice for the new crime. This does not affect the department's authority under RCW 9.94A.737.

If a community corrections officer arrests or causes the arrest of an offender under this section, the offender shall be confined and detained in the county jail of the county in which the offender was taken into custody, and the sheriff of that county shall receive and keep in the county jail, where room is available, all prisoners delivered to the jail by the community corrections officer, and such offenders shall not be released from custody on bail or personal recognizance, except upon approval of the court or authorized department staff, pursuant to a written order.

(b) If the offender was sentenced under the drug offender sentencing alternative set out in RCW 9.94A.660, the offender may be sanctioned in accordance with that section.

(c) If the offender was sentenced under the parenting sentencing alternative set out in RCW 9.94A.655, the offender may be sanctioned in accordance with that section.

(3) If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, the probationer may be sanctioned pursuant to subsection (1) of this section. The department shall have authority to issue a warrant for the arrest of an offender who violates a condition of community custody, as provided in RCW 9.94A.716. Any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. ~~((The department shall provide a copy of the violation hearing report to the sentencing court in a timely manner.))~~ Nothing in this subsection is intended to limit the power of the sentencing court to respond to a probationer's violation of conditions.

(4) The parole or probation of an offender who is charged with a new felony offense may be suspended and the offender placed in total confinement pending disposition of the new criminal charges if:

(a) The offender is on parole pursuant to RCW 9.95.110(1); or

(b) The offender is being supervised pursuant to RCW 9.94A.745 and is on parole or probation pursuant to the laws of another state.

(8) The department shall notify the offender in writing upon community custody intake of the department's violation process.

(9) The department may require offenders to pay for special services rendered including electronic monitoring, day reporting, and telephone reporting, dependent on the offender's ability to pay. The department may pay for these services for offenders who are not able to pay.

- (i) The crime of conviction;
- (ii) The offender's risk of reoffending;
- (iii) The safety of the community.

(d) If the department finds that an emergency exists requiring the immediate imposition of additional conditions in order to prevent the offender from committing a crime, the department may impose such conditions. The department may not impose conditions that are contrary to those set by the board or the court and may not contravene or decrease court-imposed or board-imposed conditions. Conditions imposed under this subsection shall take effect immediately after notice to the offender by personal service, but shall not remain in effect longer than seven working days unless approved by the board.

~~((1)) ~~((If an offender has not completed his or her maximum term of total confinement and is subject to a third violation hearing pursuant to RCW 9.94A.737 for any violation of community custody and is found to have committed the violation, the department shall return the offender to total confinement in a state correctional facility to serve up to the remaining portion of his or her sentence, unless it is determined that returning the offender to a state correctional facility would substantially interfere with the offender's ability to maintain necessary community supports or to participate in necessary treatment or programming and would substantially increase the offender's likelihood of reoffending.~~~~

~~((2))~~ The department may work with the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for ~~((low risk))~~ offenders who violate the terms of their community custody.

~~((3))~~ (2) Local governments, their subdivisions and employees, the department and its employees, and the Washington association of sheriffs and police chiefs and its employees are immune from civil liability for damages arising from incidents involving ~~((low risk))~~ offenders who are placed on electronic monitoring unless it is shown that an employee acted with gross negligence or bad faith.

Sec. 6. RCW 9.94A.716 and 2008 c 231 s 21 are each amended to read as follows:

(1) The secretary may issue warrants for the arrest of any offender who violates a condition of community custody. The arrest warrants shall authorize any law enforcement or peace officer or community corrections officer of this state or any other state where such offender may be located, to arrest the offender and place him or her in total confinement pending disposition of the alleged violation pursuant to RCW 9.94A.633.

(2) A community corrections officer, if he or she has reasonable cause to believe an offender has violated a condition of community custody, may suspend the person's community custody status and arrest or cause the arrest and detention in total confinement of the offender, pending the determination of the secretary as to whether the violation has occurred. The community corrections officer shall report to the secretary all facts and circumstances and the reasons for the action of suspending community custody status.

(3) If an offender has been arrested by the department for a new felony offense while under community custody, ~~((the department shall hold the offender in total confinement until a hearing before the department as provided in this section or until the offender has been formally charged for the new felony offense, whichever is earlier))~~ facts and circumstances of the conduct of the offender shall be reported by the community corrections officer to local law enforcement or local prosecution for consideration of new charges. The community corrections officer's report shall serve as notice that the department will hold the offender in total confinement for not more than three days from the time of such notice for the new crime. Nothing in this subsection shall be construed as to permit the department to hold an offender past his or her maximum term of total confinement if the offender has not completed the maximum term of total confinement or to permit the department to hold an offender past the offender's term of community custody.

(4) A violation of a condition of community custody shall be deemed a violation of the sentence for purposes of RCW 9.94A.631.

The authority granted to community corrections officers under this section shall be in addition to that set forth in RCW 9.94A.631.

The department shall adopt rules creating a structured violation process that includes presumptive sanctions, aggravating and mitigating factors, and definitions for low level violations and high level violations.

~~(b)(i) The department must define aggravating factors that indicate the offender may present a current and ongoing foreseeable risk and which therefore, elevate an offender's behavior to a high level violation process.~~

~~(ii) The state and its officers, agents, and employees may not be held criminally or civilly liable for a decision to elevate or not to elevate an offender's behavior to a high level violation process under this subsection unless the state or its officers, agents, and employees acted with reckless disregard.~~

(3) The department may intervene when an offender commits a low level violation as follows:

(a) For a first low level violation, the department may sanction the offender to one or more nonconfinement sanctions.

(b) For a second or subsequent low level violation, the department may sanction the offender to not more than three days in total confinement.

(i) The department shall develop rules to ensure that each offender subject to a short term confinement sanction is provided the opportunity to respond to the alleged violation prior to imposition of total confinement.

(ii) The offender may appeal the short term confinement sanction to a panel of three reviewing officers designated by the secretary or by the secretary's designee. The offender's appeal must be in writing and hand-delivered to department staff, or postmarked, within seven days after the sanction is imposed.

The offender's appeal must be in writing and hand-delivered to department staff, or postmarked, within seven days after the sanction was imposed. The ~~((sanction shall be reversed or modified))~~ appeals panel shall affirm, reverse, modify, vacate, or remand based on its findings. If a majority of the panel finds that the sanction was not reasonably related to any of the following: (i) The crime of conviction; (ii) the violation committed; (iii) the offender's risk of reoffending; or (iv) the safety of the community, then the panel will reverse, vacate, remand, or modify the sanction.

~~((3))~~ (6) For purposes of this section, ~~((no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations))~~ the hearing officer may not rely on unconfirmed or unconfirmable allegations to find that the offender violated a condition.

rate for confinement sanctions imposed by the department pursuant to RCW 9.94A.737. If the department's use of bed space in local correctional facilities of any county for such confinement sanctions exceeds the 1998 bed utilization rate for the county, the department shall compensate the county for the excess use at the per diem rate equal to the lowest rate charged by the county under its contract with a municipal government during the year in which the use occurs.

Sec. 9. RCW 9.95.210 and 2011 1st sp.s. c 40 s 7 are each amended to read as follows:

(1) In granting probation, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

(2) In the order granting probation and as a condition thereof, the superior court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the superior court shall require the payment of the penalty assessment required by RCW 7.68.035. The superior court may also require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required; (d) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation; (e) to contribute to a county or interlocal drug fund; and (f) to make restitution to a public agency for the costs of an emergency response under RCW 38.52.430, and may require bonds for the faithful observance of any and all conditions imposed in the probation.

(3) The superior court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the superior court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the superior court within one year of imposition of the sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) In granting probation, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary for up to twelve months. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

(5) If the probationer has been ordered to make restitution and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made. If the superior court has ordered supervision and restitution has not been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

(6) The provisions of RCW 9.94A.501 and 9.94A.5011 apply to sentences imposed under this section.

Sec. 10. RCW 9.95.210 and 2012 c 183 s 4 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection in granting probation, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

(b) For a defendant sentenced under RCW 46.61.5055, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension continue upon such conditions and for such time as the court shall designate, not to exceed five years. The court shall have continuing jurisdiction and authority to suspend the execution of all or any part of the sentence upon stated terms, including installment payment of fines. A defendant who has been sentenced, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. Any time before entering an order terminating probation, the court may modify or revoke its order suspending the imposition or execution of the sentence if the defendant violates or fails to carry out any of the conditions of the suspended sentence.

(2) In the order granting probation and as a condition thereof, the superior court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the superior court shall require the payment of the penalty assessment required by RCW 7.68.035. The superior court may also require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required; (d) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation; (e) to contribute to a county or interlocal drug fund; and (f) to make restitution to a public agency for the costs of an emergency response

under RCW 38.52.430, and may require bonds for the faithful observance of any and all conditions imposed in the probation.

(3) The superior court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the superior court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the superior court within one year of imposition of the sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) In granting probation, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary for up to twelve months. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

(5) If the probationer has been ordered to make restitution and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made. If the superior court has ordered supervision and restitution has not been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

(6) The provisions of RCW 9.94A.501 and 9.94A.5011 apply to sentences imposed under this section.

NEW SECTION. Sec. 11. (1)(a) Research shows that traditional mechanisms of surveillance-based supervision and sanctioning are ineffective in reducing recidivism or improving public safety. The legislature is persuaded by recent studies showing that swift and certain sanctions, in combination with treatment-based interventions that address chemical dependency and criminogenic behaviors, are a more effective and efficient use of public resources to affect future crime.

(b) Notwithstanding, this is a new approach for Washington. It is imperative to the success of the state's system of offender supervision that the department of corrections be vigilant in:

(i) Monitoring the quality and consistency of applying swift and certain sanctions across the state;

(ii) Ensuring that sanctions are commensurate with identified behaviors and, to the extent possible, produce satisfactory results;

(iii) Applying evidence-based treatment and evaluation principles to address offenders' criminogenic and chemical dependency needs and therefore pairing the offender with the appropriate treatment; and

(iv) Maintaining good relations and open communication with law enforcement to assist in identifying offenders that pose the greatest risk to public safety.

(2) In implementing the provisions of this act, the department of corrections is directed to:

(a) Form stakeholder groups, that may include but are not limited to local community corrections officers, law enforcement, prosecuting attorneys, superior court judges, chemical dependency treatment and other community providers, and victim advocates;

(b) Within available resources, provide inpatient or outpatient chemical dependency treatment to offenders initially assessed as in need of treatment based on an evaluation of the offender's needs by a certified staff or chemical dependency provider utilizing evidence-based tools for evaluation;

(c) Perform outreach to the criminal justice training commission and local law enforcement agencies to ensure law enforcement is informed of changes in procedures for holding offenders pending the filing of charges for a new crime and establish ongoing channels of communication with local law enforcement for conveying information about individual offenders who have committed new crimes;

(d) Survey community corrections officers on a periodic basis to gather input and suggestions.

(3) The department shall report to the governor, appropriate committees of the legislature, and the stakeholder groups as identified in subsection (2)(a) of this section on its progress and activities in implementing this act, steps taken to improve the efficacy of chemical dependency treatment, evidence of outcomes achieved as reported by providers through submission of performance measure data, and including any recommended changes in legislation, no later than December 1, 2012, and December 1, 2013.

(4) This section expires December 31, 2013.

NEW SECTION. Sec. 12. This act applies retroactively and prospectively regardless of the date of an offender's underlying offense.

NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 14. Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 15. Sections 1, 3 through 9, and 11 through 14 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect June 1, 2012.

NEW SECTION. Sec. 16. Section 9 of this act expires August 1, 2012.

NEW SECTION. Sec. 17. Section 10 of this act takes effect August 1, 2012."

MOTION

Senator Frockt moved that the Senate be at ease subject to the call of the President.

MOTION

Senator Schoesler moved that the Senate adjourned until 9:00 a.m. Monday, April 9, 2012.

Senator Brown spoke against the motion.

POINT OF ORDER

Senator Pflug: "Thank you Mr. President. I believe that calling this a 'ploy' impugns the motives of the members. I would appreciate it if the good lady be a little more careful. Thank you."

REMARKS BY THE PRESIDENT

President Owen: "The President is sorting something out here just a moment. You changed your rules recently to where a motion to recess has now the same rank as a motion to adjourn. Therefore Senator Frockt's motion to recess is actually the motion, or excuse me to go at ease, at ease is in the same rank, has an equal rank and that is the motion that is appropriately before us at this time. Therefore the other motions are not in order at this time until that order is disposed of."

Senators Brown and Schoesler spoke in favor of the motion to go to ease.

PARLIAMENTARY INQUIRY

Senator Stevens: "Would you please tell me, which day of the special session we are now into?"

REPLY BY THE PRESIDENT

President Owen: "Twenty-sixth."

PARLIAMENTARY INQUIRY

Senator Stevens: "The Twenty-Sixth day, so we have been here twenty-six days to discuss a budget that wasn't dealt with in the regular session. I believe I have been counting the days and I assume that one of the previous speakers has not been counting the days so I just wanted to clarify that because it's become very foggy in our minds as we listen to some of the rhetoric that continues to happen on this floor. Thank you Mr. President."

REMARKS BY THE PRESIDENT

President Owen: "For members future reference, in a matter of fact, even at this point right now the President has allowed a lot of discretion debate on this which was in error. This issue actually is non-debatable so we're going to go to a vote."

The President declared the question before the Senate to be the motion by Senator Frockt that the Senate go at ease subject to the call of the President.

The motion by Senator Frockt that the Senate go at ease carried by a voice vote.

PERSONAL PRIVILEGE

Senator Murray: "Thank you Mr. President. I want to thank members of our caucus, Jewish members of our caucus who were willing to forgo their very holy holiday to get the business of the state done."

PERSONAL PRIVILEGE

Senator Becker: "Thank you Mr. President. I would just like to share something personal with everyone here. My mother will be ninety-four years old on Monday and she has decided this late in her life to become a part the Christian community and she is going to be baptized tomorrow night at eight o'clock into the Catholic religion. She lives in Yakima and I think family is one of the most important things in the world to me and how long do we have our mothers? How long do we have them? I don't know but I hope to heck we get to go tomorrow so I can get to go and say, be with my mom, on her baptism. Thank you."

PERSONAL PRIVILEGE

Senator Parlette: "Thank you. Following the previous speaker, I too have a family member that Saturday night will be baptized. I hope I too can be there for that but more importantly I am so glad for this body is going to continue to work today in a bipartisan fashion to get the reform bills that we've discussed. I hope we can accomplish that and with that I'm sure we can agree to a budget so today let's hope we get our work done in a positive direction as the Senate did last year. Thank you very much."

MOTION

At 12:16 p.m., on motion of Senator Frockt, the Senate was declared to be at ease subject to the call of the President.

EVENING SESSION

The Senate was called to order at 8:55 p.m. by President Owen.

PERSONAL PRIVILEGE

Senator Keiser: "Thank you Mr. President. I'd like all members, the public and the staff to know that on Monday there will be a clinic for whooping cough inoculation for adults here in the Legislative Building in the Columbia Room from 10:00 to 2:00 provided by Group Health. The reason this is important is we are now experiencing essentially an epidemic of Whooping Cough and adults who haven't had a booster shot anytime recently tend to be carriers and you know how politicians like to pick up babies and we could be passing on whooping cough to young people and infants who are not immunized and we have a low level of immunizations in our state. We have an epidemic and children die from whooping cough. If we can get our inoculation level up and our boosters up I think we can beat this epidemic. I urge you to get this. Check with your provider and get down to the Columbia Room if you need a booster on Monday. This is a free clinic and I urge you to participate."

SECOND READING

SENATE BILL NO. 5940, by Senators Hobbs, Ericksen, Keiser, Tom, Kastama and Zarelli

Regarding reforms to school employee benefits purchasing. Revised for 1st Substitute: Concerning public school employees' insurance benefits.

MOTION

On motion of Senator Hobbs, Substitute Senate Bill No. 5940 was substituted for Senate Bill No. 5940 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Conway moved that the following striking amendment by Senator Conway and others be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Each year, nearly one billion dollars in public funds are spent on the purchase of employee insurance benefits for more than two hundred thousand public school employees and their dependents; and

(b) The legislature needs better information regarding school employee benefits to effectively oversee the use of state funds for employee benefits.

(2) Therefore, the legislature intends to:

(a) Improve the transparency of health benefit plan claims and financial data to assure prudent and efficient use of taxpayers' funds, and to support equity in access to health benefits for all eligible school district employees and their eligible dependents;

(b) Make school district employee premiums more responsive to the need for greater affordability for full family coverage, with a goal of reducing the disparity in employee premiums for family coverage to no more than three times the cost of employee only coverage; and

(c) Retain current collective bargaining for benefits, and retain state, school district, and employee contributions to benefits.

Sec. 2. RCW 28A.400.280 and 2011 c 269 s 1 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, school districts may provide employer fringe benefit contributions after October 1, 1990, only for basic benefits. However, school districts may continue payments under contracts with employees or benefit providers in effect on April 13, 1990, until the contract expires.

(2) School districts may provide employer contributions after October 1, 1990, for optional benefit plans, in addition to basic benefits, only for employees included in pooling arrangements under this subsection. Optional benefits may include direct agreements as defined in chapter 48.150 RCW, but may not include employee beneficiary accounts that can be liquidated by the employee on termination of employment. Optional benefit plans may be offered only if:

(a) The school district pools benefit allocations among employees using a financial pooling arrangement that includes no more than two pools that combine at least one employee bargaining unit (~~and/or~~) with all nonbargaining group employees and combines all other employees in another pool if a separate pool is chosen;

(b) Each full-time employee included in the pooling arrangement is offered basic benefits, including coverage for dependents (~~(-without a payroll deduction for premium charges)~~);

(c) Each employee included in the pooling arrangement who elects medical benefit coverage pays a minimum premium charge subject to collective bargaining under chapter 41.59 or 41.56 RCW;

(d) The employee premiums are structured to ensure employees selecting richer benefit plans pay the higher premium;

(e) Each full-time employee included in the pooling arrangement, regardless of the number of dependents receiving

2012 1ST SPECIAL SESSION

basic coverage, receives the same additional employer contribution for other coverage or optional benefits; and

~~((4))~~ (f) For part-time employees included in the pooling arrangement, participation in optional benefit plans shall be governed by the same eligibility criteria and/or proration of employer contributions used for allocations for basic benefits.

(3) Savings accruing to school districts due to limitations on benefit options under this section shall be pooled and made available by the districts to reduce out-of-pocket premium expenses for employees needing basic coverage for dependents. School districts are not intended to divert state benefit allocations for other purposes.

Sec. 3. RCW 28A.400.350 and 2011 c 269 s 2 are each amended to read as follows:

(1) The board of directors of any of the state's school districts or educational service districts may make available liability, life, health, health care, accident, disability, and salary protection or insurance, direct agreements as defined in chapter 48.150 RCW, or any one of, or a combination of the types of employee benefits enumerated in this subsection, or any other type of insurance or protection, for the members of the boards of directors, the students, and employees of the school district or educational service district, and their dependents. Such coverage may be provided by contracts or agreements with private carriers, with the state health care authority after July 1, 1990, pursuant to the approval of the authority administrator, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. Any direct agreement must comply with RCW 48.150.050.

(2) Whenever funds are available for these purposes the board of directors of the school district or educational service district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts or educational service districts and their dependents. The premiums on such liability insurance shall be borne by the school district or educational service district.

After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability insurance unless the district's employee benefit plan conforms to RCW 28A.400.275 and 28A.400.280.

(3) For school board members, educational service district board members, and students, the premiums due on such protection or insurance shall be borne by the assenting school board member, educational service district board member, or student. The school district or educational service district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school, school district, or educational service district. The school district board of directors and the educational service district board may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors or the educational service district board, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. The district board shall adopt regulations for waiving or reducing the insurance coverage requirements for low-income students in order to assure such students are not prohibited from participating in extracurricular interschool activities.

(4) All contracts or agreements for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW.

(b) Improve customer service;

(c) Reduce differential plan premium rates between employee only and family health benefit premiums, with a goal of reducing the family premiums to no more than three times the employee only premiums;

(6) All contracts or agreements for insurance or protection shall be in compliance with this act.

(1) Any contract or agreement for employee benefits executed after April 13, 1990, between a school district and a benefit provider or employee bargaining unit is null and void unless it contains an agreement to abide by state laws relating to school district employee benefits. (19) "Waters of the state" and "state waters" means all salt and freshwaters waterward of the ordinary high water line and within the territorial boundary of the state.

(20) "Emergency permit" means a verbal hydraulic project approval or the written follow-up to the verbal approval issued to a person under RCW 77.55.021(12).

(21) "Expedited permit" means a hydraulic project approval issued to a person under RCW 77.55.021 (14) and (16).

(22) "Forest practices hydraulic project" means a hydraulic project that requires a forest practices application or notification under chapter 76.09 RCW.

(23) "Multiple site permit" means a hydraulic project approval issued to a person under RCW 77.55.021 for hydraulic projects occurring at more than one specific location and which includes site-specific requirements.

(24) "Pamphlet hydraulic project" means a hydraulic project for the removal or control of aquatic noxious weeds conducted under the aquatic plants and fish pamphlet authorized by RCW 77.55.081, or for mineral prospecting and mining conducted under the gold and fish pamphlet authorized by RCW 77.55.091.

(25) "Permit modification" means a hydraulic project approval issued to a person under RCW 77.55.021 that extends, renews, or changes the conditions of a previously issued hydraulic project approval.

Sec. 102. RCW 77.55.021 and 2010 c 210 s 27 are each amended to read as follows:

(1) Except as provided in RCW 77.55.031, 77.55.051, ~~((and))~~ 77.55.041, and section 201 of this act, in the event that any person or government agency desires to undertake a hydraulic project, the person or government agency shall, before commencing work thereon, secure the approval of the department in the form of a permit as to the adequacy of the means proposed for the protection of fish life.

(2) A complete written application for a permit may be submitted in person or by registered mail and must contain the following:

(a) General plans for the overall project;

(b) Complete plans and specifications of the proposed construction or work within the mean higher high water line in saltwater or within the ordinary high water line in freshwater;

(c) Complete plans and specifications for the proper protection of fish life; ~~((and))~~

(d) Notice of compliance with any applicable requirements of the state environmental policy act, unless otherwise provided for in this chapter; and

(e) Payment of all applicable application fees charged by the department under section 103 of this act.

(3) The department may establish direct billing accounts or other funds transfer methods with permit applicants to satisfy the fee payment requirements of section 103 of this act.

(4) The department may accept complete, written applications as provided in this section for multiple site permits and may issue these permits. For multiple site permits, each specific location must be identified.

(5) With the exception of emergency permits as provided in subsection (12) of this section, applications for permits must be submitted to the department's headquarters office in Olympia.

Requests for emergency permits as provided in subsection (12) of this section may be made to the permitting biologist assigned to the location in which the emergency occurs, to the department's regional office in which the emergency occurs, or to the department's headquarters office.

(6) Except as provided for emergency permits in subsection (12) of this section, the department may not proceed with permit review until all fees are paid in full as required in section 103 of this act.

(7)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned.

~~((b))~~ (b) Except as provided in this subsection and subsections ~~((8), (10), and))~~ (12) through (14) and (16) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection;

(iii) The applicant requests a delay; or

(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

~~((b))~~ (c) Immediately upon determination that the forty-five day period is suspended under (b) of this subsection, the department shall notify the applicant in writing of the reasons for the delay.

~~((e))~~ (d) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

~~((4))~~ (8) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life.

(a) Except as provided in (b) of this subsection, issuance, denial, conditioning, or modification of a permit shall be appealable to the board within thirty days from the date of receipt of the decision as provided in RCW 43.21B.230.

(b) Issuance, denial, conditioning, or modification of a permit may be informally appealed to the department within thirty days from the date of receipt of the decision. Requests for informal appeals must be filed in the form and manner prescribed by the department by rule. A permit decision that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

~~((5))~~ (9)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for ~~((a period of))~~ up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

~~((6))~~ (10) The department may, after consultation with the permittee, modify a permit due to changed conditions. A modification under this subsection is not subject to the fees provided under section 103 of this act. The modification is appealable as provided in subsection ~~((4))~~ (8) of this section. For a hydraulic project(s) that diverts water for agricultural irrigation or stock watering purposes, ~~((e))~~ when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

~~((7))~~ (11) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request and payment of applicable fees under section 103 of this act. A decision by the department is appealable as provided in subsection ~~((4))~~ (8) of this section. For a hydraulic project(s) that diverts water for agricultural irrigation or stock watering purposes, ~~((e))~~ when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

~~((8))~~ (12)(a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, ~~((oral))~~ verbal approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency ~~((oral))~~ verbal permit must be ~~((established by the department and))~~ reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

~~((9))~~ (d) The department may not charge a person requesting an emergency permit any of the fees authorized by section 103 of this act until after the emergency permit is issued and reduced to writing.

(13) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

~~((10))~~ (14) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C

RCW, to be met as a condition of issuing a permit under this subsection.

~~((11))~~ (15)(a) For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department shall issue a permit, upon request, for work necessary to abate the chronic danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and ~~((3))~~ (7) of this section.

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

~~((12))~~ (16) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

NEW SECTION. Sec. 103. A new section is added to chapter 77.55 RCW to read as follows:

(1) The department shall charge an application fee of one hundred fifty dollars for a hydraulic project permit or permit modification issued under RCW 77.55.021 where the project is located at or below the ordinary high water line. The application fee established under this subsection may not be charged after June 30, 2017.

(2) The following hydraulic projects are exempt from all fees listed under this section:

(a) Hydraulic projects approved under applicant-funded contracts with the department that pay for the costs of processing those projects;

(b) If sections 201 through 203 of this act are enacted into law by June 30, 2012, forest practices hydraulic projects;

(c) Pamphlet hydraulic projects;

(d) Mineral prospecting and mining activities; and

(e) Hydraulic projects occurring on farm and agricultural land, as that term is defined in RCW 84.34.020.

(3) All fees collected under this section must be deposited in the hydraulic project approval account created in section 104 of this act.

(4) The fee provisions contained in this section are prospective only. The department of fish and wildlife may not charge fees for hydraulic project permits issued under this title prior to the effective date of this section.

(5) This section expires June 30, 2017.

NEW SECTION. Sec. 104. A new section is added to chapter 77.55 RCW to read as follows:

(1) The hydraulic project approval account is created in the state treasury. All receipts from application fees for hydraulic project

2012 1ST SPECIAL SESSION

approval applications collected under section 103 of this act must be deposited into the account.

(2) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the hydraulic project approval account may be spent only after appropriation.

(3) Expenditures from the hydraulic project approval account may be used only to fund department activities relating to implementing and operating the hydraulic project approval program.

Sec. 105. RCW 77.55.151 and 2005 c 146 s 502 are each amended to read as follows:

(1) (For a marina or marine terminal in existence on June 6, 1996, or a marina or marine terminal that has received a permit for its initial construction, a renewable, five-year permit shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

(2) Upon construction of a new marina or marine terminal that has received a permit, a renewable, five-year permit shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

(3) For the purposes of this section, regular maintenance activities are only those activities necessary to restore the marina or marine terminal to the conditions approved in the initial permit. These activities may include, but are not limited to, dredging, piling replacement, and float replacement.

(4)) Upon application under RCW 77.55.021, the department shall issue a renewable, five-year permit to a marina or marine terminal for its regular maintenance activities identified in the application.

(2) For the purposes of this section, regular maintenance activities may include, but are not limited to:

(a) Maintenance or repair of a boat ramp, launch, or float within the existing footprint;

(b) Maintenance or repair of an existing overwater structure within the existing footprint;

(e) Dredging of less than fifty cubic yards;

(f) Maintenance or repair of shoreline armoring or bank protection;

(g) Maintenance or repair of wetland, riparian, or estuarine habitat; and

(h) Maintenance or repair of an existing outfall.

(3) The five-year permit must include a requirement that a fourteen-day notice be given to the department before regular maintenance activities begin.

(4) A permit under this section is subject to the application fee provided in section 103 of this act.

Sec. 106. RCW 77.55.231 and 2005 c 146 s 601 are each amended to read as follows:

(1) Conditions imposed upon a permit must be reasonably related to the project. The permit conditions must ensure that the project provides proper protection for fish life, but the department may not impose conditions that attempt to optimize conditions for fish life that are out of proportion to the impact of the proposed project.

(2) The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(3) The permit must contain provisions that allow for minor modifications to the required work timing without requiring the reissuance of the permit. "Minor modifications to the required work timing" means a minor deviation from the timing window set

forth in the permit when there are no spawning or incubating fish present within the vicinity of the project.

NEW SECTION. Sec. 107. A new section is added to chapter 77.55 RCW to read as follows:

The department shall prepare and distribute technical and educational information to the general public to assist the public in complying with the requirements of this chapter, including the changes resulting from this act.

The department shall develop a system to provide local governments, affected tribes, and other interested parties with access to hydraulic project approval applications.

NEW SECTION. Sec. 109. The director of fish and wildlife shall adopt any rules required or deemed necessary to implement RCW 77.55.011, 77.55.021, 77.55.151, 77.55.231, and sections 103, 104, 107, and 108 of this act.

**PART TWO
Hydraulic Project**

Approval and Forest Practices Integration

NEW SECTION. Sec. 201. A new section is added to chapter 77.55 RCW to read as follows:

(1) The requirements of this chapter do not apply to any forest practices hydraulic project, or to any activities that are associated with such a project, upon incorporation of fish protection standards adopted under this chapter into the forest practices rules and approval of technical guidance as required under RCW 76.09.040, at which time these projects are regulated under chapter 76.09 RCW.

(2) The department must continue to conduct regulatory and enforcement activities under this chapter for forest practices hydraulic projects until the forest practices board incorporates fish protection standards adopted under this chapter into the forest practices rules and approves technical guidance as required under RCW 76.09.040.

(3) By December 31, 2013, the department shall adopt rules establishing the form and procedures for the concurrence review process consistent with section 202 of this act. The concurrence review process must allow the department up to thirty days to review forest practices hydraulic projects meeting the criteria under section 202(2) (a) and (b) of this act for consistency with fish protection standards.

(4) The department shall notify the department of natural resources prior to beginning a rule-making process that may affect activities regulated under chapter 76.09 RCW.

(5) The department shall act consistent with appendix M of the forest and fish report, as the term "forests and fish report" is defined in RCW 76.09.020, when modifying fish protection rules that may affect activities regulated under chapter 76.09 RCW.

(6) The department may review and provide comments on any forest practices application. The department shall review, and either verify that the review has occurred or comment on, forest practices applications that include a forest practices hydraulic project involving fish bearing waters or shorelines of the state, as that term is defined in RCW 90.58.030. Prior to commenting and whenever reasonably practicable, the department shall communicate with the applicant regarding the substance of the project.

(7) The department shall participate in effectiveness monitoring for forest practices hydraulic projects through its role in the review processes provided under WAC 222-08-160 as it existed on the effective date of this section.

NEW SECTION. Sec. 202. A new section is added to chapter 76.09 RCW to read as follows:

(1) The department may request information and technical assistance from the department of fish and wildlife regarding any forest practices hydraulic project regulated under this chapter.

(2) A concurrence review process is established for certain forest practices hydraulic projects, as follow:

(a) Prior to submitting an application to the department under RCW 76.09.050 that includes a forest practices hydraulic project involving one or more water crossing structures meeting the criteria of (b) of this subsection, the applicant shall submit water crossing structure plans and specifications to the department of fish and wildlife for concurrence review consistent with section 201(3) of this act.

(b) The concurrence review process applies only to:

(i) Culvert installation or replacement, and repair at or below the bankfull width, as that term is defined in WAC 222-16-010 on the effective date of this section, in fish bearing rivers and streams that exceed five percent gradient;

(ii) Bridge construction or replacement, and repair at or below the bankfull width, of fish bearing unconfined streams; or

(iii) Fill within the flood level - 100 year, as that term is defined in WAC 222-16-010, as it existed on the effective date of this section, of fish bearing unconfined streams.

(c) When submitting an application to the department under RCW 76.09.050, the applicant shall attach the following to the application:

(i) The concurrence review form issued by the department of fish and wildlife; and

(ii) Plans and specifications for each water crossing structure subject to concurrence review.

Sec. 203. RCW 76.09.040 and 2010 c 188 s 4 are each amended to read as follows:

(1)(a) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall adopt forest practices rules pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:

(i) Establish minimum standards for forest practices;

(ii) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a)(i) of this subsection if the plan is consistent with the purposes and policies stated in RCW 76.09.010 and the plan meets or exceeds the objectives of the minimum standards;

(iii) Set forth necessary administrative provisions;

(iv) Establish procedures for the collection and administration of forest practice fees as set forth by this chapter; and

(v) Allow for the development of watershed analyses.

(b) Forest practices rules pertaining to water quality protection shall be adopted by the board after reaching agreement with the director of the department of ecology or the director's designee on the board with respect ~~((thereto))~~ to these rules. All other forest practices rules shall be adopted by the board.

(c) Forest practices rules shall be administered and enforced by either the department or the local governmental entity as provided in this chapter. Such rules shall be adopted and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2)(a) The board shall prepare proposed forest practices rules consistent with this section and chapter 34.05 RCW. In addition to any forest practices rules relating to water quality protection proposed by the board, the department of ecology may submit to the board proposed forest practices rules relating to water quality protection.

(b)(i) ((Prior to initiating the rule-making process, the proposed rules shall be submitted for review and comments to the department of fish and wildlife and to the counties of the state. After receipt of the proposed forest practices rules, the department of fish and wildlife and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed rules relating to water quality protection.

(ii) After the expiration of the thirty day period,) The board ((and the department of ecology)) shall ((jointly)) hold one or more hearings on the proposed rules pursuant to chapter 34.05 RCW. Any county representative may propose specific forest practices rules relating to problems existing within the county at the hearings.

~~((iii))~~ (ii) The board may adopt and the department of ecology may approve such proposals if they find the proposals are consistent with the purposes and policies of this chapter.

(3)(a) The board shall incorporate into the forest practices rules those fish protection standards in the rules adopted under chapter 77.55 RCW, as the rules existed on the effective date of this section, that are applicable to activities regulated under the forest practices rules. If fish protection standards are incorporated by reference, the board shall minimize administrative processes by utilizing the exception from the administrative procedures controlling significant legislative rules under RCW 34.05.328(5)(b)(iii) for the incorporation of rules adopted by other state agencies.

(b) Thereafter, the board shall incorporate into the forest practices rules any changes to those fish protection standards in the rules adopted under chapter 77.55 RCW that are: (i) Adopted consistent with section 201 of this act; and (ii) applicable to activities regulated under the forest practices rules. If fish protection standards are incorporated by reference, the board shall minimize administrative processes by utilizing the exception from the administrative procedures controlling significant legislative rules under RCW 34.05.328(5)(b)(iii) for the incorporation of rules adopted by other state agencies.

(c) The board shall establish and maintain technical guidance in the forest practices board manual, as provided under WAC 222-12-090 as it existed on the effective date of this section, to assist with implementation of the standards incorporated into the forest practices rules under this section. The guidance must include best management practices and standard techniques to ensure fish protection.

(d) The board must complete the requirements of (a) of this subsection and establish initial technical guidance under (c) of this subsection by December 31, 2013.

(4)(a) The board shall establish by rule a program for the acquisition of riparian open space and critical habitat for threatened or endangered species as designated by the board. Acquisition must be a conservation easement. Lands eligible for acquisition are forest lands within unconfined channel migration zones or forest lands containing critical habitat for threatened or endangered species as designated by the board. Once acquired, these lands may be held and managed by the department, transferred to another state agency, transferred to an appropriate local government agency, or transferred to a private nonprofit nature conservancy corporation, as defined in RCW 64.04.130, in fee or transfer of management obligation. The board shall adopt rules governing the acquisition by the state or donation to the state of such interest in lands including the right of refusal if the lands are subject to unacceptable liabilities. The rules shall include definitions of qualifying lands, priorities for acquisition, and provide for the opportunity to transfer such lands with limited warranties and with a description of boundaries that does not require full surveys where the cost of securing the surveys would be unreasonable in relation to the value of the lands conveyed. The rules shall provide for the management of the lands

2012 1ST SPECIAL SESSION

for ecological protection or fisheries enhancement. For the purposes of conservation easements entered into under this section, the following apply:

(i) For conveyances of a conservation easement in which the landowner conveys an interest in the trees only, the compensation must include the timber value component, as determined by the cruised volume of any timber located within the channel migration zone or critical habitat for threatened or endangered species as designated by the board, multiplied by the appropriate quality code stumpage value for timber of the same species shown on the appropriate table used for timber harvest excise tax purposes under RCW 84.33.091;

(ii) For conveyances of a conservation easement in which the landowner conveys interests in both land and trees, the compensation must include the timber value component in (a)(i) of this subsection plus such portion of the land value component as determined just and equitable by the department. The land value component must be the acreage of qualifying channel migration zone or critical habitat for threatened or endangered species as determined by the board, to be conveyed, multiplied by the average per acre value of all commercial forest land in western Washington or the average for eastern Washington, whichever average is applicable to the qualifying lands. The department must determine the western and eastern Washington averages based on the land value tables established by RCW 84.33.140 and revised annually by the department of revenue.

(b) Subject to appropriations sufficient to cover the cost of such an acquisition program and the related costs of administering the program, the department must establish a conservation easement in land that an owner tenders for purchase; provided that such lands have been taxed as forest lands and are located within an unconfined channel migration zone or contain critical habitat for threatened or endangered species as designated by the board. Lands acquired under this section shall become riparian or habitat open space. These acquisitions shall not be deemed to trigger the compensating tax of chapters 84.33 and 84.34 RCW.

(c) Instead of offering to sell interests in qualifying lands, owners may elect to donate the interests to the state.

(d) Any acquired interest in qualifying lands by the state under this section shall be managed as riparian open space or critical habitat.

NEW SECTION. Sec. 204. A new section is added to chapter 77.55 RCW to read as follows:

(1) The department and the department of natural resources shall enter into and maintain a memorandum of agreement between the two agencies that describes how to implement integration of hydraulic project approvals into forest practices applications consistent with this act.

(2) The initial memorandum of agreement required under subsection (1) of this section between the two departments must be executed by December 31, 2012. The memorandum of agreement may be amended as agreed to by the two departments.

(3) The department and the department of natural resources shall enter into and maintain an interagency contract to ensure implementation of this act and the memorandum of agreement between the two agencies required under subsection (1) of this section. The contract must include funding provisions for the department's review of forest practices hydraulic projects.

Sec. 205. RCW 76.09.050 and 2011 c 207 s 1 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when

the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

(a) On forest lands that are being converted to another use;

(b) ((Which require approvals under the provisions of the hydraulics act, RCW 77.55.021;

(c)) Within "shorelines of the state" as defined in RCW 90.58.030;

((~~(d)~~)) (c) Excluded from Class II by the board; or

((~~(e)~~)) (d) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II:

(a) On forest lands that are being converted to another use;

(b) On lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development;

(c) That involve timber harvesting or road construction on forest lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides:

(i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 or 84.34 RCW; or

(ii) A conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application; and/or

(d) Which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, ((unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by

~~the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period.)~~ except that the department must: Approve or disapprove an application within sixty calendar days from the date the department receives the application if the department determines that a detailed statement must be made, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such a period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days(~~PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section~~). Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two

business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to forest lands that are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to (b) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.205. In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.

Sec. 206. RCW 76.09.060 and 2007 c 480 s 11 and 2007 c 106 s 1 are each reenacted and amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the notification and application

shall be signed or otherwise certified as acceptable. Activities conducted by the department or a contractor under the direction of the department under the provisions of RCW 76.04.660, shall be exempt from the landowner signature requirement on any forest practices application required to be filed. The application or notification shall be delivered in person to the department, sent by first-class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.56 RCW. The information required may include, but is not limited to:

(a) Name and address of the forest landowner, timber owner, and operator;

(b) Description of the proposed forest practice or practices to be conducted;

(c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) For an application or notification submitted on or after the effective date of section 202 of this act that includes a forest practices hydraulic project, plans and specifications for the forest practices hydraulic project to ensure the proper protection of fish life;

(g) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;

~~((g))~~ (h) Soil, geological, and hydrological data with respect to forest practices;

~~((h))~~ (i) The expected dates of commencement and completion of all forest practices specified in the application;

~~((i))~~ (j) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;

~~((j))~~ (k) An affirmation that the statements contained in the notification or application are true; and

~~((k))~~ (l) All necessary application or notification fees.

(2) Long range plans may be submitted to the department for review and consultation.

(3) The application for a forest practice or the notification of a forest practice is subject to the reforestation requirement of RCW 76.09.070.

(a) If the application states that any land will be or is intended to be converted:

(i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as well as the forest practices rules.

(b) Except as provided elsewhere in this section, if the landowner harvests without an approved application or notification or the landowner does not state that any land covered by the

application or notification will be or is intended to be converted, and the department or the county, city, town, or regional governmental entity becomes aware of conversion activities to a use other than commercial timber operations, as that term is defined in RCW 76.09.020, then the department shall send to the department of ecology and the appropriate county, city, town, and regional governmental entities the following documents:

(i) A notice of a conversion to nonforestry use;

(ii) A copy of the applicable forest practices application or notification, if any; and

(iii) Copies of any applicable outstanding final orders or decisions issued by the department related to the forest practices application or notification.

(c) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes.

(d) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices application or notification without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had stated an intent to convert.

(e) Land that is the subject of a notice of conversion to a nonforestry use produced by the department and sent to the department of ecology and a local government under this subsection is subject to the development prohibition and conditions provided in RCW 76.09.460.

(f) Landowners who have not stated an intent to convert the land covered by an application or notification and who decide to convert the land to a nonforestry use within six years of receiving an approved application or notification must do so in a manner consistent with RCW 76.09.470.

(g) The application or notification must include a statement requiring an acknowledgment by the forest landowner of his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6)(a) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of ~~((two))~~ three years from the date of approval or notification ~~((and shall not be renewed unless a new application is filed and approved or a new notification has been filed))~~.

(b) A notification or application may be renewed for an additional three-year term by the filing and approval of a notification or application, as applicable, prior to the expiration of the original application or notification. A renewal application or notification is subject to the forest practices rules in effect at the time the renewal application or notification is filed. Nothing in this section precludes the applicant from applying for a new application or

notification after the renewal period has lapsed.

(c) At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more than one forest practice may have an effective term of more than ~~((two))~~ three years.

~~(d) The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than ((two)) three years. Such rules shall include extended time periods for application or notification approval or disapproval. ((On an approved application with a term of more than two years, the applicant shall inform the department before commencing operations))~~ The department may require the applicant to provide advance notice before commencing operations on an approved application or notification.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in RCW 76.06.130.

(a) For the purposes of this subsection, exotic forest insect or disease has the same meaning as defined in RCW 76.06.020.

(b) In order to minimize adverse impacts to public resources, control measures must be based on integrated pest management, as defined in RCW 17.15.010, and must follow forest practices rules relating to road construction and maintenance, timber harvest, and forest chemicals, to the extent possible without compromising control objectives.

(c) Agencies conducting or directing control efforts must provide advance notice to the appropriate regulatory staff of the department of the operations that would be subject to exemption from forest practices application or notification requirements.

(d) When the appropriate regulatory staff of the department are notified under (c) of this subsection, they must consult with the landowner, interested agencies, and affected tribes, and assist the notifying agencies in the development of integrated pest management plans that comply with forest practices rules as required under (b) of this subsection.

(e) Nothing under this subsection relieves agencies conducting or directing control efforts from requirements of the federal clean water act as administered by the department of ecology under RCW 90.48.260.

(f) Forest lands where trees have been cut as part of an exotic forest insect or disease control effort under this subsection are subject to reforestation requirements under RCW 76.09.070.

(g) The exemption from obtaining approved forest practices applications or notifications does not apply to forest practices conducted after the governor, the director of the department of agriculture, or the commissioner of public lands have declared that an emergency no longer exists because control objectives have been met, that there is no longer an imminent threat, or that there is no longer a good likelihood of control.

Sec. 207. RCW 76.09.150 and 2000 c 11 s 7 are each amended to read as follows:

(1) The department shall make inspections of forest lands, before, during, and after the conducting of forest practices as necessary for the purpose of ensuring compliance with this chapter ~~((and)),~~ the forest practices rules, including forest practices rules incorporated under RCW 76.09.040(3), and to ensure that no material damage occurs to the natural resources of this state as a result of ~~((such))~~ forest practices.

(2) Any duly authorized representative of the department shall have the right to enter upon forest land at any reasonable time to enforce the provisions of this chapter and the forest practices rules.

(3) The department or the department of ecology may apply for an administrative inspection warrant to either Thurston county superior court, or the superior court in the county in which the property is located. An administrative inspection warrant may be issued where:

(a) The department has attempted an inspection of forest lands under this chapter to ensure compliance with this chapter and the forest practices rules or to ensure that no potential or actual material damage occurs to the natural resources of this state, and access to all or part of the forest lands has been actually or constructively denied; or

(b) The department has reasonable cause to believe that a violation of this chapter or of rules adopted under this chapter is occurring or has occurred.

(4) In connection with any watershed analysis, any review of a pending application by an identification team appointed by the department, any compliance studies, any effectiveness monitoring, or other research that has been agreed to by a landowner, the department may invite representatives of other agencies, tribes, and interest groups to accompany a department representative and, at the landowner's election, the landowner, on any such inspections. Reasonable efforts shall be made by the department to notify the landowner of the persons being invited onto the property and the purposes for which they are being invited.

NEW SECTION. **Sec. 208.** A new section is added to chapter 43.30 RCW to read as follows:

(1) By December 31, 2013, the department must make examples of complete, high quality forest practices applications and the resulting approvals readily available to the public on its internet site, as well as the internet site of the office of regulatory assistance established in RCW 43.42.010. The department must maximize assistance to the public and interested parties by seeking to make readily available examples from forest practices that generate significant permitting activity or frequent questions.

(2) The department must regularly review and update the examples required to be made available on the internet under subsection (1) of this section.

(3) The department must obtain the written permission of an applicant before making publicly available that applicant's application or approval under this section and must work cooperatively with the applicant to ensure that no personal or proprietary information is made available.

Sec. 209. RCW 76.09.065 and 2000 c 11 s 5 are each amended to read as follows:

(1) ~~((Effective July 1, 1997,))~~ An applicant shall pay an application fee ~~((and a recording fee)),~~ if applicable, at the time an application or notification is submitted to the department or to the local governmental entity as provided in this chapter.

~~((For applications and notifications submitted to the department, the application fee))~~ (a) If sections 201 through 203 and 206 of this act are not enacted into law by June 30, 2012, then the fee for applications and notifications submitted to the department shall be fifty dollars for class II, III, and IV forest practices applications or

2012 1ST SPECIAL SESSION

notifications relating to the commercial harvest of timber. However, the fee shall be five hundred dollars for class IV forest practices applications on lands being converted to other uses or on lands which are not to be reforested because of the likelihood of future conversion to urban development or on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except the fee shall be fifty dollars on those lands where the forest landowner provides:

~~((a))~~ (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or

~~((b))~~ (ii) A conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the forest practices application.

(b)(i) If sections 201 through 203 and 206 of this act are enacted into law by June 30, 2012, then:

(A) The fee for applications and notifications relating to the commercial harvest of timber submitted to the department shall be one hundred dollars for class II applications and notifications, class III applications, and class IV forest practices that have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW, when the application or notification is submitted by a landowner who satisfies the definition of small forest landowner provided in RCW 76.09.450 and the application or notification applies to a single contiguous ownership consisting of one or more parcels;

(B) The fee for applications and notifications relating to the commercial harvest of timber submitted to the department shall be one hundred fifty dollars for class II applications and notifications, class III applications, and class IV forest practices that have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW, when the application or notification is submitted by a landowner who does not satisfy the criteria for a reduced application fee as provided in (b)(i)(A) of this subsection (2); and

(C) The fee shall be one thousand five hundred dollars for class IV forest practices applications on lands being converted to other uses or on lands that are not to be reforested because of the likelihood of future conversion to urban development or on lands that are contained within urban growth areas, designated pursuant to chapter 36.70A RCW, except the fee shall be the same as for a class III forest practices application where the forest landowner provides:

(I) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or

(II) A conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the forest practices application.

(ii) If the board has not incorporated fish protection standards adopted under chapter 77.55 RCW into the forest practices rules and approved technical guidance as required under RCW 76.09.040 by December 31, 2013, the fee for applications and notifications submitted to the department shall be as provided under (a) of this subsection until the rules are adopted and technical guidance approved.

(3) The forest practices application account is created in the state treasury. Moneys in the account may be spent only after appropriation. All money collected from fees under ~~((this))~~ subsection (2) of this section shall be deposited in the ~~((state general fund))~~ forest practices application account for the purposes of implementing this chapter, chapter 76.13 RCW, and Title 222 WAC.

~~((3))~~ (4) For applications submitted to ~~((the))~~ a local governmental entity as provided in this chapter, the fee shall be ~~((five hundred dollars for class IV forest practices on lands being converted to other uses or lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except as otherwise provided in this section, unless a different fee is otherwise provided))~~ determined, collected, and retained by the local governmental entity.

~~((4))~~ Recording fees shall be as provided in chapter 36.18 RCW.

(5) An application fee under subsection (2) of this section shall be refunded or credited to the applicant if either the application or notification is disapproved by the department or the application or notification is withdrawn by the applicant due to restrictions imposed by the department.)

Sec. 210. RCW 76.09.470 and 2007 c 106 s 3 are each amended to read as follows:

(1) If a landowner who did not state an intent to convert his or her land to a nonforestry use decides to convert his or her land to a nonforestry use within six years of receiving an approved forest practices application or notification under this chapter, the landowner must:

(a) Stop all forest practices activities on the parcels subject to the proposed land use conversion to a nonforestry use;

(b) Contact the department of ecology and the applicable county, city, town, or regional governmental entity to begin the permitting process; and

(c) Notify the department ~~((and))~~, withdraw any applicable applications or notifications ~~((or request))~~, and submit a new application for the conversion. The fee for a new application for conversion under this subsection (1)(c) is the difference between the applicable fee for the new application under RCW 76.09.065 and the fee previously paid for the original application or notification, which must be deposited in the forest practices application account created in RCW 76.09.065.

(2) Upon being contacted by a landowner under this section, the county, city, town, or regional governmental entity must:

(a) Notify the department and request from the department the status of any applicable forest practices applications, notifications, or final orders or decisions; and

(b) Complete the following activities:

(i) Require that the landowner be in full compliance with chapter 43.21C RCW, if applicable;

(ii) Receive notification from the department that the landowner has resolved any outstanding final orders or decisions issued by the department; and

(iii) Make a determination as to whether or not the condition of the land in question is in full compliance with local ordinances and regulations. If full compliance is not found, a mitigation plan to address violations of local ordinances or regulations must be required for the parcel in question by the county, city, town, or regional governmental entity. Required mitigation plans must be prepared by the landowner and approved by the county, city, town, or regional governmental entity. Once approved, the mitigation plan must be implemented by the landowner. Mitigation measures that may be required include, but are not limited to, revegetation requirements to plant and maintain trees of sufficient maturity and appropriate species composition to restore critical area and buffer

function or to be in compliance with applicable local government regulations.

Sec. 211. RCW 76.09.030 and 2008 c 46 s 1 are each amended to read as follows:

(1) There is hereby created the forest practices board of the state of Washington as an agency of state government consisting of members as follows:

(a) The commissioner of public lands or the commissioner's designee;

(b) The director of the department of ~~((community, trade, and economic development))~~ commerce or the director's designee;

(c) The director of the department of agriculture or the director's designee;

(d) The director of the department of ecology or the director's designee;

(e) The director of the department of fish and wildlife or the director's designee;

(f) An elected member of a county legislative authority appointed by the governor ~~((: PROVIDED, That such))~~. However, the county member's service on the board shall be conditioned on the member's continued service as an elected county official;

(g) One member representing a timber products union, appointed by the governor from a list of three names submitted by a timber labor coalition affiliated with a statewide labor organization that represents a majority of the timber product unions in the state; and

(h) Six members of the general public appointed by the governor, one of whom shall be a small forest landowner who actively manages his or her land, and one of whom shall be an independent logging contractor.

(2) ~~((The director of the department of fish and wildlife's service on the board may be terminated two years after August 18, 1999, if the legislature finds that after two years the department has not made substantial progress toward integrating the laws, rules, and programs governing forest practices, chapter 76.09 RCW, and the laws, rules, and programs governing hydraulic projects, chapter 77.55 RCW. Such a finding shall be based solely on whether the department of fish and wildlife makes substantial progress as defined in this subsection, and will not be based on other actions taken as a member of the board. Substantial progress shall include recommendations to the legislature for closer integration of the existing rule-making authorities of the board and the department of fish and wildlife, and closer integration of the forest practices and hydraulics permitting processes, including exploring the potential for a consolidated permitting process. These recommendations shall be designed to resolve problems currently associated with the existing dual regulatory and permitting processes.~~

(3) The members of the initial board appointed by the governor shall be appointed so that the term of one member shall expire December 31, 1975, the term of one member shall expire December 31, 1976, the term of one member shall expire December 31, 1977, the terms of two members shall expire December 31, 1978, and the terms of two members shall expire December 31, 1979. Thereafter, each member shall be appointed for a term of four years. Vacancies on the board shall be filled in the same manner as the original appointments. Each member of the board shall continue in office until his or her successor is appointed and qualified. The commissioner of public lands or the commissioner's designee shall be the chair of the board.

~~((4))~~ (3) The board shall meet at such times and places as shall be designated by the chair or upon the written request of the majority of the board. The principal office of the board shall be at the state capital.

~~((5))~~ (4) Members of the board, except public employees and elected officials, shall be compensated in accordance with RCW 43.03.250. Each member shall be entitled to reimbursement for travel expenses incurred in the performance of their duties as provided in RCW 43.03.050 and 43.03.060.

~~((6))~~ (5) The board may employ such clerical help and staff pursuant to chapter 41.06 RCW as is necessary to carry out its duties.

(12) "Ecosystem services market" means a system in which providers of ecosystem services can access financing or market capital to protect, restore, and maintain ecological values, including the full spectrum of regulatory, quasiregulatory, and voluntary markets.

(13) "Fish passage barrier" means any artificial instream structure that impedes the free passage of fish.

(14) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and

(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production,

2012 1ST SPECIAL SESSION

preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

(15) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner. However, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

(16) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(a) Road and trail construction, including forest practices hydraulic projects that include water crossing structures, and associated activities and maintenance;

(b) Harvesting, final and intermediate;

(c) Precommercial thinning;

(d) Reforestation;

(e) Fertilization;

(f) Prevention and suppression of diseases and insects;

(g) Salvage of trees; and

(h) Brush control.

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(17) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

(18) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(19) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(20) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

(21) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

(22) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

(23) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

(24) "Small forest landowner" has the same meaning as defined in RCW 76.09.450.

(25) "Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(26) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

(27) "Unconfined channel migration zone" means the area within which the active channel of an unconfined stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(28) "Unconfined stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex floodplain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

(29) "Forest practices hydraulic project" means a hydraulic project, as defined under RCW 77.55.011, that requires a forest practices application or notification under this chapter.

(30) "Fill" means the placement of earth material or aggregate for road or landing construction or other similar activities.

NEW SECTION. Sec. 213. A new section is added to chapter 43.21C RCW to read as follows:

The incorporation of fish protection standards adopted under chapter 77.55 RCW into the forest practices rules as required under RCW 76.09.040(3) is exempt from compliance with this chapter.

NEW SECTION. Sec. 214. (1) The departments of natural resources and fish and wildlife must jointly provide a report to the appropriate committees of the legislature containing findings and any recommendations relating to the regulatory integration of hydraulic projects and forest practices as provided in this act, including:

(a) Progress made in implementing the integration required under this act, including rule incorporation and development of forest practices board manual guidance;

(b) An update on and potential for permitting efficiencies in addition to the integration required under this act;

(c) The process for and outcomes from review of forest practices applications that include forest practices hydraulic projects by the department of fish and wildlife; and

(d) Compliance monitoring for forest practices hydraulic projects through the review processes provided under WAC 222-08-160 as it existed on the effective date of this section.

(2) The departments of natural resources and fish and wildlife must provide an initial report by September 1, 2014, and a second report by September 1, 2016.

(3) This section expires December 31, 2016.

NEW SECTION. Sec. 215. Sections 202 and 205 of this act take effect on the date the forest practices board incorporates fish protection standards adopted under chapter 77.55 RCW into the forest practices rules and approves technical guidance as required under RCW 76.09.040. The department of natural resources must provide written notice of the effective date of these sections to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department of natural resources.

NEW SECTION. Sec. 216. Nothing in this act affects any rules, processes, or procedures of the department of fish and wildlife and the department of natural resources existing on the effective date of this section that provide for regulatory integration of hydraulic projects and forest practices for projects in nonfish-bearing waters.

NEW SECTION. Sec. 217. Nothing in this act authorizes the department of fish and wildlife to assume authority over approval, disapproval, conditioning, or enforcement of applications or notifications submitted under chapter 76.09 RCW.

NEW SECTION. Sec. 218. Nothing in this act affects the jurisdiction or other authority of a federally recognized Indian tribe

within the boundary of its reservation or on other tribally owned lands.

NEW SECTION. Sec. 219. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

PART THREE

State Environmental Policy Act and Local Development Regulations

NEW SECTION. Sec. 301. (1) The legislature recognizes that the rule-based categorical exemption thresholds to chapter 43.21C RCW, found in WAC 197-11-800, have not been updated in recent years, and should be reviewed in light of the increased environmental protections in place under chapters 36.70A and 90.58 RCW, and other laws. It is the intent of the legislature to direct the department of ecology to conduct two phases of rulemaking over the next two years to increase the thresholds for these categorical exemptions.

(2) By December 31, 2012, the department of ecology shall increase the rule-based categorical exemptions to chapter 43.21C RCW found in WAC 197-11-800 and update the environmental checklist found in WAC 197-11-960. In updating the categorical exemptions, the department of ecology must:

(a) At a minimum, increase the existing maximum threshold levels for the following project types:

(i) The construction or location of single-family residential developments;

(ii) The construction or location of multifamily residential developments;

(iii) The construction of an agricultural structure, other than a feed lot, that is similar to the following: A barn, a loafing shed, a farm equipment storage building, or a produce storing or packing structure;

(iv) The construction of the following, including any associated parking areas or facilities: An office, a school, a commercial building, a recreational building, a service building, or a storage building;

(v) Landfilling or excavation activities; and

(vi) The installation of an electric facility, lines, equipment, or appurtenances, other than substations.

(b) Establish maximum exemption levels for action types that differ based on whether the project is proposed to occur in:

(i) An incorporated city;

(ii) An unincorporated area within an urban growth area;

(iii) An unincorporated area outside of an urban growth area but within a county planning under chapter 36.70A RCW; or

(iv) An unincorporated area within a county not planning under chapter 36.70A RCW.

(c) In updating the environmental checklist found in WAC 197-11-960, the department of ecology shall:

(i) Improve efficiency of the environmental checklist; and

(ii) Not include any new subjects into the scope of the checklist, including climate change and greenhouse gases.

(d) Until the completion of the rule making required under this section, a city or county may apply the highest categorical exemption levels authorized under WAC 197-11-800 to any action, regardless if the city or county with jurisdiction has exercised its authority to raise the exemption levels above the established minimums, unless the city or county with jurisdiction passes an ordinance or resolution that lowers the exemption levels to a level below the allowed maximum but not less than the default minimum levels detailed in WAC 197-11-800.

(3)(a) By December 31, 2013, the department of ecology shall:

(i) Update, but not decrease, the thresholds for all other project actions not specified in subsection (2) of this section;

(ii) Propose methods for integrating the state environmental policy act process with provisions of the growth management act, chapter 36.70A RCW, including consideration of ways to revise WAC 197-11-210 through 197-11-232 to further the goals of RCW 43.21C.240; and

(iii) Create categorical exemptions for minor code amendments for which review under chapter 43.21C RCW would not be required because they do not lessen environmental protection.

(b) During this process, the department of ecology may also review and update the thresholds resulting from the 2012 rule-making process outlined in subsection (2) of this section.

(4)(a) The department of ecology shall convene an advisory committee consisting of members representing, at minimum, cities, counties, business interests, environmental interests, agricultural interests, cultural resources interests, state agencies, and tribal governments to:

(i) Assist in updating the environmental checklist and updating the thresholds for other project actions for both rule-making processes under subsections (2) and (3) of this section;

(ii) Ensure that state agencies and other interested parties can receive notice about projects of interest through notice under chapter 43.21C RCW and means other than chapter 43.21C RCW; and

(iii) Ensure that federally recognized tribes receive notice about projects that impact tribal interests through notice under chapter 43.21C RCW and means other than chapter 43.21C RCW.

(b) Advisory committee members must have direct experience with the implementation or application of the state environmental policy act.

(5) This section expires July 31, 2014.

Sec. 302. RCW 43.21C.031 and 1995 c 347 s 203 are each amended to read as follows:

(1) An environmental impact statement (the detailed statement required by RCW 43.21C.030(2)(c)) shall be prepared on proposals for legislation and other major actions having a probable significant, adverse environmental impact. The environmental impact statement may be combined with the recommendation or report on the proposal or issued as a separate document. The substantive decisions or recommendations shall be clearly identifiable in the combined document. Actions categorically exempt under RCW 43.21C.110(1)(a) and section 307 of this act do not require environmental review or the preparation of an environmental impact statement under this chapter. ~~((In a county, city, or town planning under RCW 36.70A.040, a planned action, as provided for in subsection (2) of this section, does not require a threshold determination or the preparation of an environmental impact statement under this chapter, but is subject to environmental review and mitigation as provided in this chapter.))~~

(2) An environmental impact statement is required to analyze only those probable adverse environmental impacts which are significant. Beneficial environmental impacts may be discussed. The responsible official shall consult with agencies and the public to identify such impacts and limit the scope of an environmental impact statement. The subjects listed in RCW 43.21C.030(2)(c) need not be treated as separate sections of an environmental impact statement. Discussions of significant short-term and long-term environmental impacts, significant irrevocable commitments of natural resources, significant alternatives including mitigation measures, and significant environmental impacts which cannot be mitigated should be consolidated or included, as applicable, in those sections of an environmental impact statement where the responsible official decides they logically belong.

~~((2))~~(a) For purposes of this section, a planned action means one or more types of project action that:

THIRTIETH DAY, APRIL 10, 2012

2012 1ST SPECIAL SESSION

(i) Are designated planned actions by an ordinance or resolution adopted by a county, city, or town planning under RCW 36.70A.040;

(ii) Have had the significant impacts adequately addressed in an environmental impact statement prepared in conjunction with (A) a comprehensive plan or subarea plan adopted under chapter 36.70A RCW, or (B) a fully contained community, a master planned resort, a master planned development, or a phased project;

(iii) Are subsequent or implementing projects for the proposals listed in (a)(ii) of this subsection;

(iv) Are located within an urban growth area, as defined in RCW 36.70A.030;

(v) Are not essential public facilities, as defined in RCW 36.70A.200; and

(vi) Are consistent with a comprehensive plan adopted under chapter 36.70A RCW.

(b) A county, city, or town shall limit planned actions to certain types of development or to specific geographical areas that are less extensive than the jurisdictional boundaries of the county, city, or town and may limit a planned action to a time period identified in the environmental impact statement or the ordinance or resolution adopted under this subsection.)

NEW SECTION. Sec. 303. A new section is added to chapter 43.21C RCW to read as follows:

(1) For purposes of this chapter, a planned action means one or more types of development or redevelopment that meet the following criteria:

(a) Are designated as planned actions by an ordinance or resolution adopted by a county, city, or town planning under RCW 36.70A.040;

(b) Have had the significant impacts adequately addressed in an environmental impact statement under the requirements of this chapter in conjunction with, or to implement, a comprehensive plan or subarea plan adopted under chapter 36.70A RCW, or a fully contained community, a master planned resort, a master planned development, or a phased project;

(c) Have had project level significant impacts adequately addressed in an environmental impact statement unless the impacts are specifically deferred for consideration at the project level pursuant to subsection (3)(b) of this section;

(d) Are subsequent or implementing projects for the proposals listed in (b) of this subsection;

(e) Are located within an urban growth area designated pursuant to RCW 36.70A.110;

(f) Are not essential public facilities, as defined in RCW 36.70A.200, unless an essential public facility is accessory to or part of a residential, office, school, commercial, recreational, service, or industrial development that is designated a planned action under this subsection; and

(g) Are consistent with a comprehensive plan or subarea plan adopted under chapter 36.70A RCW.

(2) A county, city, or town shall define the types of development included in the planned action and may limit a planned action to:

(a) A specific geographic area that is less extensive than the jurisdictional boundaries of the county, city, or town; or

(b) A time period identified in the ordinance or resolution adopted under this subsection.

(3)(a) A county, city, or town shall determine during permit review whether a proposed project is consistent with a planned action ordinance adopted by the jurisdiction. To determine project consistency with a planned action ordinance, a county, city, or town may utilize a modified checklist pursuant to the rules adopted to implement RCW 43.21C.110, a form that is designated within the planned action ordinance, or a form contained in agency rules adopted pursuant to RCW 43.21C.120.

(b) A county, city, or town is not required to make a threshold determination and may not require additional environmental review, for a proposal that is determined to be consistent with the development or redevelopment described in the planned action ordinance, except for impacts that are specifically deferred to the project level at the time of the planned action ordinance's adoption. At least one community meeting must be held before the notice is issued for the planned action ordinance. Notice for the planned action and notice of the community meeting required by this subsection (3)(b) must be mailed or otherwise verifiably provided to: (i) All affected federally recognized tribal governments; and (ii) agencies with jurisdiction over the future development anticipated for the planned action. The determination of consistency, and the adequacy of any environmental review that was specifically deferred, are subject to the type of administrative appeal that the county, city, or town provides for the proposal itself consistent with RCW 36.70B.060.

(4) For a planned action ordinance that encompasses the entire jurisdictional boundary of a county, city, or town, at least one community meeting must be held before the notice is issued for the planned action ordinance. Notice for the planned action ordinance and notice of the community meeting required by this subsection must be mailed or otherwise verifiably provided to:

(a) All property owners of record within the county, city, or town;

(b) All affected federally recognized tribal governments; and

(c) All agencies with jurisdiction over the future development anticipated for the planned action.

Sec. 304. RCW 43.21C.229 and 2003 c 298 s 1 are each amended to read as follows:

(1) In order to accommodate infill development and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW, a city or county planning under RCW 36.70A.040 is authorized by this section to establish categorical exemptions from the requirements of this chapter. An exemption adopted under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). An exemption may be adopted by a city or county under this section if it meets the following criteria:

(a) It categorically exempts government action related to development ~~((that is new residential or mixed use development))~~ proposed to fill in an urban growth area, designated according to RCW 36.70A.110, where current density and intensity of use in the area is lower than called for in the goals and policies of the applicable comprehensive plan and the development is either:

(i) Residential development;

(ii) Mixed-use development; or

(iii) Commercial development up to sixty-five thousand square feet, excluding retail development;

(b) It does not exempt government action related to development that is inconsistent with the applicable comprehensive plan or would exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan; ~~((and))~~

(c) The local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, planned action ordinance, or other local, state, or federal rules or laws; and

(d)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact

statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section.

(2) Any categorical exemption adopted by a city or county under this section shall be subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department.

NEW SECTION. Sec. 305. A new section is added to chapter 43.21C RCW to read as follows:

(1) A county, city, or town may recover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under RCW 43.21C.229 and section 303 of this act:

(a) Through access to financial assistance under RCW 36.70A.490;

(b) With funding from private sources; and

(c) By the assessment of fees consistent with the requirements and limitations of this section.

(2)(a) A county, city, or town is authorized to assess a fee upon subsequent development that will make use of and benefit from: (i) The analysis in an environmental impact statement prepared for the purpose of compliance with section 303 of this act regarding planned actions; or (ii) the reduction in environmental analysis requirements resulting from the exercise of authority under RCW 43.21C.229 regarding infill development.

(b) The amount of the fee must be reasonable and proportionate to the total expenses incurred by the county, city, or town in the preparation of the environmental impact statement.

(3) A county, city, or town assessing fees under subsection (2)(a) of this section must provide for a mechanism by which project proponents may either elect to utilize the environmental review completed by the lead agency and pay the fees under subsection (1) of this section or certify that they do not want the local jurisdiction to utilize the environmental review completed as a part of a planned action and therefore not be assessed any associated fees. Project proponents who choose this option may not make use of or benefit from the up-front environmental review prepared by the local jurisdiction.

(4) Prior to the collection of fees, the county, city, or town must enact an ordinance that establishes the total amount of expenses to be recovered through fees and provides objective standards for determining the fee amount to be imposed upon each development proposal proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental review. The ordinance must provide (a) a procedure by which an applicant who disagrees with whether the amount of the fee is correct, reasonable, or proportionate may pay the fee with the written stipulation "paid under protest"; and (b) if the county, city, or town provides for an administrative appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeals process. Any disagreement about the reasonableness, proportionality, or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development.

(5) The ordinance adopted under subsection (4) of this section must make information available about the amount of the expenses designated for recovery. When such expenses have been fully recovered, the county, city, or town may no longer assess a fee under this section.

(6) Any fees collected under this section from subsequent development may be used to reimburse funding received from private sources to conduct the environmental review.

(7) The city, county, or town shall refund fees collected where a court of competent jurisdiction determines that the environmental review conducted under section 303 of this act, regarding planned

actions, or under RCW 43.21C.229, regarding infill development, was not sufficient to comply with the requirements of this chapter regarding the proposed development activity for which the fees were collected. The applicant and the city, county, or town may mutually agree to a partial refund or to waive the refund in the interest of resolving any dispute regarding compliance with this chapter.

Sec. 306. RCW 82.02.020 and 2010 c 153 s 3 are each amended to read as follows:

Except only as expressly provided in chapters 67.28, 81.104, and 82.14 RCW, the state preempts the field of imposing retail sales and use taxes and taxes upon parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 64.34.440 and 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest to be calculated from the original date the deposit was received by the county and at the same rate applied to tax refunds pursuant to RCW 84.69.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW, including reasonable fees that are consistent with RCW 43.21C.420(6) and section 305 of this act.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefited thereby in the manner prescribed by law.

THIRTIETH DAY, APRIL 10, 2012

2012 1ST SPECIAL SESSION

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges. However, no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged. Furthermore, these provisions may not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

Nothing in this section limits the authority of counties, cities, or towns to implement programs consistent with RCW 36.70A.540, nor to enforce agreements made pursuant to such programs.

This section does not apply to special purpose districts formed and acting pursuant to Title 54, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 307. A new section is added to chapter 43.21C RCW to read as follows:

The following nonproject actions are categorically exempt from the requirements of this chapter:

(1) Amendments to development regulations that are required to ensure consistency with an adopted comprehensive plan pursuant to RCW 36.70A.040, where the comprehensive plan was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(2) Amendments to development regulations that are required to ensure consistency with a shoreline master program approved pursuant to RCW 90.58.090, where the shoreline master program was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(3) Amendments to development regulations that, upon implementation of a project action, will provide increased environmental protection, limited to the following:

(a) Increased protections for critical areas, such as enhanced buffers or setbacks;

(b) Increased vegetation retention or decreased impervious surface areas in shoreline jurisdiction; and

(c) Increased vegetation retention or decreased impervious surface areas in critical areas;

(4) Amendments to technical codes adopted by a county, city, or town to ensure consistency with minimum standards contained in state law, including the following:

(a) Building codes required by chapter 19.27 RCW;

(b) Energy codes required by chapter 19.27A RCW; and

(c) Electrical codes required by chapter 19.28 RCW.

NEW SECTION. Sec. 308. A new section is added to chapter 43.21C RCW to read as follows:

(1) The lead agency for an environmental review under this chapter utilizing an environmental checklist developed by the department of ecology pursuant to RCW 43.21C.110 may identify within the checklist provided to applicants instances where questions on the checklist are adequately covered by a locally

adopted ordinance, development regulation, land use plan, or other legal authority.

(2) If a lead agency identifies an instance as described in subsection (1) of this section, it still must consider whether the action has an impact on the particular element or elements of the environment in question.

(3) In instances where the locally adopted ordinance, development regulation, land use plan, or other legal authority provide the necessary information to answer a specific question, the lead agency must explain how the proposed project satisfies the underlying local legal authority.

(4) If the lead agency identifies instances where questions on the checklist are adequately covered by a locally adopted ordinance, development regulation, land use plan, or other legal authority, an applicant may still provide answers to any questions on the checklist.

(5) Nothing in this section authorizes a lead agency to ignore or delete a question on the checklist.

(6) Nothing in this section changes the standard for whether an environmental impact statement is required for an action that may have a probable significant, adverse environmental impact pursuant to RCW 43.21C.030.

(7) Nothing in this section affects the appeal provisions provided in this chapter.

(8) Nothing in this section modifies existing rules for determining the lead agency, as defined in WAC 197-11-922 through 197-11-948, nor does it modify agency procedures for complying with the state environmental policy act when an agency other than a local government is serving as the lead agency.

Sec. 309. RCW 36.70A.490 and 1995 c 347 s 115 are each amended to read as follows:

The growth management planning and environmental review fund is hereby established in the state treasury. Moneys may be placed in the fund from the proceeds of bond sales, tax revenues, budget transfers, federal appropriations, gifts, or any other lawful source. Moneys in the fund may be spent only after appropriation. Referred to Committee on Human Services & Corrections.

"NEW SECTION. Sec. 1. (1) Legislation enacted in 2009 (chapter 548, Laws of 2009) and in 2010 (chapter 236, Laws of 2010) revised the definition of the program of basic education, established new methods for distributing state funds to school districts to support this program of basic education, and provided an outline of specific enhancements to the program of basic education that are required to be implemented by 2018. In order to meet the required deadlines to implement full funding of the enhancements, the joint task force in section 2 of this act is created to develop and recommend options for a permanent funding mechanism.

SCR 8412 by Senators Brown and Parlette

Returning bills to their house of origin.

(2) Initiative Measure No. 728 (chapter 3, Laws of 2001) dedicated a portion of state revenues to fund class size reductions and other education improvements. Because class size reductions and similar improvements are incorporated in the reforms that were enacted in chapter 548, Laws of 2009, and chapter 236, Laws of 2010, and that are being incrementally implemented through 2018, Initiative Measure No. 728 is repealed in order to make these dedicated revenues available for implementation of basic education reform and to facilitate the funding reform recommendations of the joint task force in section 2 of this act.

SCR 8413 by Senators Brown and Parlette

Adjourning SINE DIE.

(3) Nothing in this act alters or amends the elements included in the school district levy base set forth in RCW 84.52.0531.

MOTION

On motion of Senator Eide, the measures listed on the Supplemental First Reading and Introduction report were referred to the committees as designed with the exception of Senate Concurrent Resolution No. 8412 and Senate Concurrent Resolution No. 8413 which were placed on the second reading calendar under suspension of the rules.

NEW SECTION. Sec. 2. (1) The joint task force on education funding is established. The task force shall make recommendations on how the legislature can meet the requirements outlined in chapter 548, Laws of 2009 and chapter 236, Laws of 2010. In particular, the task force shall develop a proposal for a reliable and dependable funding mechanism to support basic education programs. At a minimum, the proposed funding mechanism must support full implementation of the programmatic enhancements required in chapter 548, Laws of 2009, and chapter 236, Laws of 2010, including full-day kindergarten; reduced K-3 class size; increased allocations for maintenance, supplies, and operating costs; and a new pupil transportation formula.

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Board" means the liquor control board.

(2) "Cigarette" means any roll for smoking made wholly or in part of tobacco, irrespective of size or shape and irrespective of the

tobacco being flavored, adulterated, or mixed with any other ingredient, where such roll has a wrapper or cover made of paper or any material, except where such wrapper is wholly or in the greater part made of natural leaf tobacco in its natural state. "Cigarette" includes a roll-your-own cigarette.

Sec. 2. RCW 82.24.030 and 2003 c 114 s 2 are each amended to read as follows:

(1) In order to enforce collection of the tax hereby levied, the department of revenue ~~((shall))~~ must design and have printed stamps of such size and denominations as may be determined by the department. The stamps must be affixed on the smallest container or package that will be handled, sold, used, consumed, or distributed, to permit the department to readily ascertain by inspection, whether or not such tax has been paid or whether an exemption from the tax applies.

(2) Except as otherwise provided in this chapter, only a wholesaler ~~((shall))~~ may cause to be affixed on every package of cigarettes, stamps of an amount equaling the tax due thereon or stamps identifying the cigarettes as exempt before he or she sells, offers for sale, uses, consumes, handles, removes, or otherwise disturbs and distributes the same ~~((— PROVIDED, That))~~, However, where it is established to the satisfaction of the department that it is impractical to affix such stamps to the smallest container or package, the department may authorize the affixing of stamps of appropriate denomination to a large container or package.

(3) Except as otherwise provided in this chapter, only wholesalers may purchase or obtain cigarette stamps. Wholesalers

~~((shall))~~ may not sell or provide stamps to any other wholesaler or person.

(4) Each roll of stamps, or group of sheets, ~~((shall))~~ must have a separate serial number, which ~~((shall be))~~ is legible at the point of sale. The department of revenue ~~((shall))~~ must keep records of which wholesaler purchases each roll or group of sheets. If the department of revenue permits wholesalers to purchase partial rolls or sheets, in no case may stamps bearing the same serial number be sold to more than one wholesaler. The remainder of the roll or sheet, if any, ~~((shall))~~ must either be retained for later purchases by the same wholesaler or destroyed.

(5) Nothing in this section ~~((shall))~~ may be construed as limiting any otherwise lawful activity under a cigarette tax compact pursuant to chapter 43.06 RCW.

(6) In order to enforce collection of the tax in the case of roll-your-own cigarettes, a retailer must affix a stamp or stamps to each box or similar container provided by the retailer to the consumer. The box or similar container must be used by a consumer to transport roll-your-own cigarettes from the retailer's place of business. A retailer must provide cigarette tubes to a consumer in one or more twenty unit denominations. Stamps must be for an amount equaling the tax due under this chapter. (3) Only a retailer licensed under this chapter may provide consumers with access to a commercial cigarette-making machine to make roll-your-own cigarettes. machine, the retailer provides the consumer with a box or similar container to transport roll-your-own cigarettes and such box is affixed with the appropriate stamp or stamps as required under RCW 82.24.030(6). A consumer must transport roll-your-own cigarettes from a retailer's place of business only in such box or similar container.

If the amount remains unpaid, the department or its duly authorized agent may make immediate demand upon such person for the payment of all such taxes, penalties, and interest.

(2) The department, for good reason shown, may waive or cancel all or any part of penalties imposed, but the taxpayer must pay all taxes due and interest thereon, at the rate as computed under RCW 82.32.050(2) from the date the tax became due until the date of payment.

POINT INQUIRY

THIRTIETH DAY, APRIL 10, 2012

2012 1ST SPECIAL SESSION

Senator Padden: "Thank you Mr. President. I believe this measure may require a super-majority vote under the provisions of Initiative 1053. Senate Bill No. 6623 would impose a tax of more than fifteen cents per cigarette when a consumer uses a retail machine to roll his or her own cigarette after purchasing the tobacco from a retailer. The funds are to be deposited in the general fund and the education legacy trust account. The same tax is currently applied to what we think of as standard cigarettes those that are commercially rolled and packaged. Many people buy their tobacco products and roll their own cigarettes at home using a retail machine. Roll your own cigarettes are not currently taxed in this manner and would not be under this legislation. Under current law, a consumer purchases tobacco from a retailer the tobacco product tax applies to this tobacco but not the cigarette tax. The consumer may then choose to use a machine provided by the retailer to roll the tobacco into a cigarette. No cigarette tax is currently paid on this final product. This bill would change that. This bill would require the cigarette tax to be paid on the roll your own cigarette through the retailer's purchase of cigarette stamps. Those who argue that the bill is a clarification of existing law, requiring only a simple majority vote, might cite RCW 70.157.010D which defines cigarettes to include roll your own. However, this definition is for the purpose of describing obligations under the master settlement agreement. The subject of RCW 70.157.010D, the definition in RCW 82.24 ,which deals with cigarette taxes, does not include the roll your own definition. Mr. President, today a consumer can purchase tobacco, roll his or her own cigarette using a retailer machine and the product is not taxed. If this bill passes, on July 1 the same consumer can purchase a roll your own cigarette in the same manner and the product will be taxed. My inquiry, Mr. President, is to the applications of provisions of Initiative 1053 to this matter and whether a super-majority vote is needed for final passage."

MOTION

On motion of Senator Eide, further consideration of Engrossed Senate Bill No. 6623 was deferred and the bill held its place on the third reading calendar.

MOTION

On motion of Senator Eide, the Senate reverted to the fourth order of business.

April 10, 2012

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6636 with the following amendment(s): 6636-S AMH HUNT H4778.4

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 43.88 RCW to read as follows:

(1) The legislature must adopt a four-year balanced budget as follows:

(a) Beginning in the 2013-2015 fiscal biennium, the legislature shall enact a balanced omnibus operating appropriations bill that leaves, in total, a positive ending fund balance in the general fund and related funds.

(b) Beginning in the 2013-2015 fiscal biennium, the projected maintenance level of the omnibus appropriations bill enacted by the legislature shall not exceed the available fiscal resources for the next ensuing fiscal biennium.

(2) For purposes of this section:

(a) "Available fiscal resources" means the beginning general fund and related fund balances and any fiscal resources estimated for the general fund and related funds, adjusted for enacted legislation, and with forecasted revenues adjusted to the greater of (i) the official general fund and related funds revenue forecast for the ensuing biennium, or (ii) the official general fund and related funds forecast for the second fiscal year of the current fiscal biennium, increased by 4.5 percent for each fiscal year of the ensuing biennium;

(b) "Projected maintenance level" means estimated appropriations necessary to maintain the continuing costs of program and service levels either funded in that appropriations bill or mandated by other state or federal law, and the amount of any general fund moneys projected to be transferred to the budget stabilization account pursuant to Article VII, section 12 of the state Constitution, but does not include in the 2013-2015 and 2015-2017 fiscal biennia the costs related to the enhanced funding under the new definition of basic education as established in chapter 548, Laws of 2009, and affirmed by the decision in *Mathew McCleary et al., v. The State of Washington*, 173 Wn.2d 477, 269 P.3d 227, (2012), from which the short-term exclusion of these obligations is solely for the purposes of calculating this estimate and does not in any way indicate an intent to avoid full funding of these obligations;

(c) "Related funds," as used in this section, means the Washington opportunity pathways account and the education legacy trust account.

(3) Subsection (1)(a) and (b) of this section does not apply to an appropriations bill that makes net reductions in general fund and

related funds appropriations and is enacted between July 1st and February 15th of any fiscal year.

(4) Subsection (1)(b) of this section does not apply in a fiscal biennium in which money is appropriated from the budget stabilization account.

(4) The economic and revenue forecast council shall oversee the preparation of and approve, by an affirmative vote of at least five members, the state budget outlook prepared under section 4 of this act. If the council is unable to approve a state budget outlook before a date required in section 4 of this act, the supervisor shall submit the outlook prepared under section 4 of this act without approval and the outlook shall have the same effect as if approved by the council.

(5) A councilmember who does not cast an affirmative vote for approval of the official economic and revenue forecast or the state budget outlook may request, and the supervisor shall provide, an alternative economic and revenue forecast or state budget outlook based on assumptions specified by the member including, for purposes of the state budget outlook, revenues to and expenditures from additional funds.

~~((5))~~ (6) Members of the economic and revenue forecast council shall serve without additional compensation but shall be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending sessions of the council or on official business authorized by the council. ~~((5))~~ (9)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for ~~((a period of))~~ up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

~~((6))~~ (10) The department may, after consultation with the permittee, modify a permit due to changed conditions. A modification under this subsection is not subject to the fees provided under section 103 of this act. The modification is appealable as provided in subsection ~~((4))~~ (8) of this section. For a hydraulic project~~((s))~~ that diverts water for agricultural irrigation or stock watering purposes, ~~((e))~~ when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

~~((7))~~ (11) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request and payment of applicable fees under section 103 of this act. A decision by the department is appealable as provided in subsection ~~((4))~~ (8) of this section. For a hydraulic project~~((s))~~ that diverts water for agricultural irrigation or stock watering purposes, ~~((e))~~ when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

~~((8))~~ (12)(a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, ~~((oral))~~ verbal approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency ~~((oral))~~ verbal permit must be ~~((established by the department and))~~ reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

~~((9))~~ (d) The department may not charge a person requesting an emergency permit any of the fees authorized by section 103 of this act until after the emergency permit is issued and reduced to

writing.

(13) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

~~((10))~~ (14) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

~~((11))~~ (15)(a) For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department shall issue a permit, upon request, for work necessary to abate the chronic danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and ~~((3))~~ (7) of this section.

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

~~((12))~~ (16) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

NEW SECTION. Sec. 103. A new section is added to chapter 77.55 RCW to read as follows:

(1) The department shall charge an application fee of one hundred fifty dollars for a hydraulic project permit or permit modification issued under RCW 77.55.021 where the project is located at or below the ordinary high water line. The application fee established under this subsection may not be charged after June 30, 2017.

(2) The following hydraulic projects are exempt from all fees listed under this section:

THIRTIETH DAY, APRIL 10, 2012

2012 1ST SPECIAL SESSION

(a) Hydraulic projects approved under applicant-funded contracts with the department that pay for the costs of processing those projects;

(b) If sections 201 through 203 of this act are enacted into law by June 30, 2012, forest practices hydraulic projects;

(c) Pamphlet hydraulic projects;

(d) Mineral prospecting and mining activities; and

(e) Hydraulic projects occurring on farm and agricultural land, as that term is defined in RCW 84.34.020.

(3) All fees collected under this section must be deposited in the hydraulic project approval account created in section 104 of this act.

(4) The fee provisions contained in this section are prospective only. The department of fish and wildlife may not charge fees for hydraulic project permits issued under this title prior to the effective date of this section.

(5) This section expires June 30, 2017.

NEW SECTION. Sec. 104. A new section is added to chapter 77.55 RCW to read as follows:

(1) The hydraulic project approval account is created in the state treasury. All receipts from application fees for hydraulic project approval applications collected under section 103 of this act must be deposited into the account.

(2) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the hydraulic project approval account may be spent only after appropriation.

(3) Expenditures from the hydraulic project approval account may be used only to fund department activities relating to implementing and operating the hydraulic project approval program.

Sec. 105. RCW 77.55.151 and 2005 c 146 s 502 are each amended to read as follows:

(1) (For a marina or marine terminal in existence on June 6, 1996, or a marina or marine terminal that has received a permit for its initial construction, a renewable, five-year permit shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

(2) Upon construction of a new marina or marine terminal that has received a permit, a renewable, five-year permit shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

(3) For the purposes of this section, regular maintenance activities are only those activities necessary to restore the marina or marine terminal to the conditions approved in the initial permit. These activities may include, but are not limited to, dredging, piling replacement, and float replacement.

(4)) Upon application under RCW 77.55.021, the department shall issue a renewable, five-year permit to a marina or marine terminal for its regular maintenance activities identified in the application.

(2) For the purposes of this section, regular maintenance activities may include, but are not limited to:

(a) Maintenance or repair of a boat ramp, launch, or float within the existing footprint;

(b) Maintenance or repair of an existing overwater structure within the existing footprint;

(h) Maintenance or repair of an existing outfall.

(3) The five-year permit must include a requirement that a

fourteen-day notice be given to the department before regular maintenance activities begin.

(4) A permit under this section is subject to the application fee provided in section 103 of this act.

Sec. 106. RCW 77.55.231 and 2005 c 146 s 601 are each amended to read as follows:

(1) Conditions imposed upon a permit must be reasonably related to the project. The permit conditions must ensure that the project provides proper protection for fish life, but the department may not impose conditions that attempt to optimize conditions for fish life that are out of proportion to the impact of the proposed project.

(2) The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(3) The permit must contain provisions that allow for minor modifications to the required work timing without requiring the reissuance of the permit. "Minor modifications to the required work timing" means a minor deviation from the timing window set forth in the permit when there are no spawning or incubating fish present within the vicinity of the project.

NEW SECTION. Sec. 107. A new section is added to chapter 77.55 RCW to read as follows:

The department shall prepare and distribute technical and educational information to the general public to assist the public in complying with the requirements of this chapter, including the changes resulting from this act.

NEW SECTION. Sec. 108. A new section is added to chapter 77.55 RCW to read as follows:

The department shall develop a system to provide local governments, affected tribes, and other interested parties with access to hydraulic project approval applications.

NEW SECTION. Sec. 109. The director of fish and wildlife shall adopt any rules required or deemed necessary to implement RCW 77.55.011, 77.55.021, 77.55.151, 77.55.231, and sections 103, 104, 107, and 108 of this act.

PART TWO

Hydraulic Project

Approval and Forest Practices Integration

NEW SECTION. Sec. 201. A new section is added to chapter 77.55 RCW to read as follows:

(1) The requirements of this chapter do not apply to any forest practices hydraulic project, or to any activities that are associated with such a project, upon incorporation of fish protection standards adopted under this chapter into the forest practices rules and approval of technical guidance as required under RCW 76.09.040, at which time these projects are regulated under chapter 76.09 RCW.

(2) The department must continue to conduct regulatory and enforcement activities under this chapter for forest practices hydraulic projects until the forest practices board incorporates fish protection standards adopted under this chapter into the forest practices rules and approves technical guidance as required under RCW 76.09.040.

(3) By December 31, 2013, the department shall adopt rules establishing the procedures for the concurrence review process consistent with section 202 of this act. The concurrence review process must allow the department up to thirty days to review forest practices hydraulic projects meeting the criteria under section 202(2) (a) and (b) of this act for consistency with fish protection standards.

(4) The department shall notify the department of natural resources prior to beginning a rule-making process that may affect activities regulated under chapter 76.09 RCW.

(5) The department shall act consistent with appendix M of the forest and fish report, as the term "forests and fish report" is defined in RCW 76.09.020, when modifying fish protection rules that may affect activities regulated under chapter 76.09 RCW.

(6) The department may review and provide comments on any forest practices application. The department shall review, and either verify that the review has occurred or comment on, forest practices applications that include a forest practices hydraulic project involving fish bearing waters or shorelines of the state, as that term is defined in RCW 90.58.030. Prior to commenting and whenever reasonably practicable, the department shall communicate with the applicant regarding the substance of the project.

(7) The department shall participate in effectiveness monitoring for forest practices hydraulic projects through its role in the review processes provided under WAC 222-08-160 as it existed on the effective date of this section.

NEW SECTION. Sec. 202. A new section is added to chapter 76.09 RCW to read as follows:

(1) The department may request information and technical assistance from the department of fish and wildlife regarding any forest practices hydraulic project regulated under this chapter.

(2) A concurrence review process is established for certain forest practices hydraulic projects, as follow:

(a) After receiving an application under RCW 76.09.050 that includes a forest practices hydraulic project involving one or more water crossing structures meeting the criteria of (b) of this subsection, the department shall provide all necessary information provided by the applicant to the department of fish and wildlife for concurrence review consistent with section 201(3) of this act. The required information must be transmitted by the department to the department of fish and wildlife as soon as practicable following the receipt of a complete application.

(b) The concurrence review process applies only to:

(i) Culvert installation or replacement, and repair at or below the bankfull width, as that term is defined in WAC 222-16-010 on the effective date of this section, in fish bearing rivers and streams that exceed five percent gradient;

(ii) Bridge construction or replacement, and repair at or below the bankfull width, of fish bearing unconfined streams; or

(iii) Fill within the flood level - 100 year, as that term is defined in WAC 222-16-010, as it existed on the effective date of this section, of fish bearing unconfined streams.

Sec. 203. RCW 76.09.040 and 2010 c 188 s 4 are each amended to read as follows:

(1)(a) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall adopt forest practices rules pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:

(i) Establish minimum standards for forest practices;

(ii) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a)(i) of this subsection if the plan is consistent with the purposes and policies stated in RCW 76.09.010 and the plan meets or exceeds the objectives of the minimum standards;

(iii) Set forth necessary administrative provisions;

(iv) Establish procedures for the collection and administration of forest practice fees as set forth by this chapter; and

(v) Allow for the development of watershed analyses.

(b) Forest practices rules pertaining to water quality protection shall be adopted by the board after reaching agreement with the director of the department of ecology or the director's designee on the board with respect ~~((hereto))~~ to these rules. All other forest practices rules shall be adopted by the board.

(c) Forest practices rules shall be administered and enforced by either the department or the local governmental entity as provided in this chapter. Such rules shall be adopted and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2)(a) The board shall prepare proposed forest practices rules consistent with this section and chapter 34.05 RCW. In addition to any forest practices rules relating to water quality protection proposed by the board, the department of ecology may submit to the board proposed forest practices rules relating to water quality protection.

(b)(i) ((Prior to initiating the rule-making process, the proposed rules shall be submitted for review and comments to the department of fish and wildlife and to the counties of the state. After receipt of the proposed forest practices rules, the department of fish and wildlife and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed rules relating to water quality protection.

(ii) After the expiration of the thirty day period,) The board ((and the department of ecology)) shall ((jointly)) hold one or more hearings on the proposed rules pursuant to chapter 34.05 RCW. Any county representative may propose specific forest practices rules relating to problems existing within the county at the hearings.

~~((iii))~~ (ii) The board may adopt and the department of ecology may approve such proposals if they find the proposals are consistent with the purposes and policies of this chapter.

(3)(a) The board shall incorporate into the forest practices rules those fish protection standards in the rules adopted under chapter 77.55 RCW, as the rules existed on the effective date of this section, that are applicable to activities regulated under the forest practices rules. If fish protection standards are incorporated by reference, the board shall minimize administrative processes by utilizing the exception from the administrative procedures controlling significant legislative rules under RCW 34.05.328(5)(b)(iii) for the incorporation of rules adopted by other state agencies.

(b) Thereafter, the board shall incorporate into the forest practices rules any changes to those fish protection standards in the rules adopted under chapter 77.55 RCW that are: (i) Adopted consistent with section 201 of this act; and (ii) applicable to activities regulated under the forest practices rules. If fish protection standards are incorporated by reference, the board shall minimize administrative processes by utilizing the exception from the administrative procedures controlling significant legislative rules under RCW 34.05.328(5)(b)(iii) for the incorporation of rules adopted by other state agencies.

(c) The board shall establish and maintain technical guidance in the forest practices board manual, as provided under WAC 222-12-090 as it existed on the effective date of this section, to assist with implementation of the standards incorporated into the forest practices rules under this section. The guidance must include best management practices and standard techniques to ensure fish protection.

(d) The board must complete the requirements of (a) of this subsection and establish initial technical guidance under (c) of this subsection by December 31, 2013.

(4)(a) The board shall establish by rule a program for the acquisition of riparian open space and critical habitat for threatened or endangered species as designated by the board. Acquisition must be a conservation easement. Lands eligible for acquisition are

THIRTIETH DAY, APRIL 10, 2012

2012 1ST SPECIAL SESSION

forest lands within unconfined channel migration zones or forest lands containing critical habitat for threatened or endangered species as designated by the board. Once acquired, these lands may be held and managed by the department, transferred to another state agency, transferred to an appropriate local government agency, or transferred to a private nonprofit nature conservancy corporation, as defined in RCW 64.04.130, in fee or transfer of management obligation. The board shall adopt rules governing the acquisition by the state or donation to the state of such interest in lands including the right of refusal if the lands are subject to unacceptable liabilities. The rules shall include definitions of qualifying lands, priorities for acquisition, and provide for the opportunity to transfer such lands with limited warranties and with a description of boundaries that does not require full surveys where the cost of securing the surveys would be unreasonable in relation to the value of the lands conveyed. The rules shall provide for the management of the lands for ecological protection or fisheries enhancement. For the purposes of conservation easements entered into under this section, the following apply:

(i) For conveyances of a conservation easement in which the landowner conveys an interest in the trees only, the compensation must include the timber value component, as determined by the cruised volume of any timber located within the channel migration zone or critical habitat for threatened or endangered species as designated by the board, multiplied by the appropriate quality code stumpage value for timber of the same species shown on the appropriate table used for timber harvest excise tax purposes under RCW 84.33.091;

(ii) For conveyances of a conservation easement in which the landowner conveys interests in both land and trees, the compensation must include the timber value component in (a)(i) of this subsection plus such portion of the land value component as determined just and equitable by the department. The land value component must be the acreage of qualifying channel migration zone or critical habitat for threatened or endangered species as determined by the board, to be conveyed, multiplied by the average per acre value of all commercial forest land in western Washington or the average for eastern Washington, whichever average is applicable to the qualifying lands. The department must determine the western and eastern Washington averages based on the land value tables established by RCW 84.33.140 and revised annually by the department of revenue.

(b) Subject to appropriations sufficient to cover the cost of such an acquisition program and the related costs of administering the program, the department must establish a conservation easement in land that an owner tenders for purchase; provided that such lands have been taxed as forest lands and are located within an unconfined channel migration zone or contain critical habitat for threatened or endangered species as designated by the board. Lands acquired under this section shall become riparian or habitat open space. These acquisitions shall not be deemed to trigger the compensating tax of chapters 84.33 and 84.34 RCW.

(c) Instead of offering to sell interests in qualifying lands, owners may elect to donate the interests to the state.

(d) Any acquired interest in qualifying lands by the state under this section shall be managed as riparian open space or critical habitat.

NEW SECTION. Sec. 204. A new section is added to chapter 77.55 RCW to read as follows:

(1) The department and the department of natural resources shall enter into and maintain a memorandum of agreement between the two agencies that describes how to implement integration of hydraulic project approvals into forest practices applications consistent with this act.

(2) The initial memorandum of agreement required under subsection (1) of this section between the two departments must be executed by December 31, 2012. The memorandum of agreement may be amended as agreed to by the two departments.

(3) The department and the department of natural resources shall enter into and maintain an interagency contract to ensure implementation of this act and the memorandum of agreement between the two agencies required under subsection (1) of this section. The contract must include funding provisions for the department's review of forest practices hydraulic projects.

Sec. 205. RCW 76.09.050 and 2011 c 207 s 1 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

(a) On forest lands that are being converted to another use;

(b) ((Which require approvals under the provisions of the hydraulics act, RCW 77.55.021;

(c)) Within "shorelines of the state" as defined in RCW 90.58.030;

((d)) (c) Excluded from Class II by the board; or

((e)) (d) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department according to the following timelines; however, the applicant may not begin work on the forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department:

(a) Within thirty calendar days from the date the department receives the application((~~However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department~~)) if the application is not subject to concurrence review by the department of fish and wildlife under section 202 of this act; and

(b) Within thirty days of the completion of the concurrence review by the department of fish and wildlife if the application is subject to concurrence review by the department of fish and wildlife under section 202 of this act;

Class IV: Forest practices other than those contained in Class I or II:

(a) On forest lands that are being converted to another use;

(b) On lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development;

(c) That involve timber harvesting or road construction on forest lands that are contained within "urban growth areas," designated

pursuant to chapter 36.70A RCW, except where the forest landowner provides:

(i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 or 84.34 RCW; or

(ii) A conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application; and/or

(d) Which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ~~(ten days from the date the department receives the application: PROVIDED, That)~~ the timelines established in RCW 43.21C.037; however, nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. Unless the application is subject to concurrence review by the department of fish and wildlife under section 202 of this act, a Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application(~~unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period~~)). If a Class IV application is subject to concurrence review by the department of fish and wildlife under section 202 of this act, then the application must be approved or disapproved by the department within thirty calendar days from the completion of the concurrence review by the department of fish and wildlife. However, the department may extend the timelines applicable to the approval or disapproval of the application an additional thirty calendar days if the department determines that a detailed statement must be made, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such a period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days(~~: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section~~)). Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to forest lands that are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to (b) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve

portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.205. In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.

Sec. 206. RCW 76.09.060 and 2007 c 480 s 11 and 2007 c 106 s 1 are each reenacted and amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the notification and application shall be signed or otherwise certified as acceptable. Activities conducted by the department or a contractor under the direction of the department under the provisions of RCW 76.04.660, shall be exempt from the landowner signature requirement on any forest practices application required to be filed. The application or notification shall be delivered in person to the department, sent by first-class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.56 RCW. The information required may include, but is not limited to:

(a) Name and address of the forest landowner, timber owner, and operator;

(b) Description of the proposed forest practice or practices to be conducted;

(c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) For an application or notification submitted on or after the effective date of section 202 of this act that includes a forest practices hydraulic project, plans and specifications for the forest practices hydraulic project to ensure the proper protection of fish life;

(g) Proposed plan for reforestation and for any revegetation

necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;

~~((g))~~ (h) Soil, geological, and hydrological data with respect to forest practices;

~~((h))~~ (i) The expected dates of commencement and completion of all forest practices specified in the application;

~~((i))~~ (j) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;

~~((j))~~ (k) An affirmation that the statements contained in the notification or application are true; and

~~((k))~~ (l) All necessary application or notification fees.

(2) Long range plans may be submitted to the department for review and consultation.

(3) The application for a forest practice or the notification of a forest practice is subject to the reforestation requirement of RCW 76.09.070.

(a) If the application states that any land will be or is intended to be converted:

(i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as well as the forest practices rules.

(b) Except as provided elsewhere in this section, if the landowner harvests without an approved application or notification or the landowner does not state that any land covered by the application or notification will be or is intended to be converted, and the department or the county, city, town, or regional governmental entity becomes aware of conversion activities to a use other than commercial timber operations, as that term is defined in RCW 76.09.020, then the department shall send to the department of ecology and the appropriate county, city, town, and regional governmental entities the following documents:

(i) A notice of a conversion to nonforestry use;

(ii) A copy of the applicable forest practices application or notification, if any; and

(iii) Copies of any applicable outstanding final orders or decisions issued by the department related to the forest practices application or notification.

(c) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes.

(d) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices application or notification without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had stated an intent to convert.

(e) Land that is the subject of a notice of conversion to a nonforestry use produced by the department and sent to the department of ecology and a local government under this subsection

is subject to the development prohibition and conditions provided in RCW 76.09.460.

(f) Landowners who have not stated an intent to convert the land covered by an application or notification and who decide to convert the land to a nonforestry use within six years of receiving an approved application or notification must do so in a manner consistent with RCW 76.09.470.

(g) The application or notification must include a statement requiring an acknowledgment by the forest landowner of his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6)(a) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of ~~((two))~~ three years from the date of approval or notification ~~((and shall not be renewed unless a new application is filed and approved or a new notification has been filed))~~.

(b) A notification or application may be renewed for an additional three-year term by the filing and approval of a notification or application, as applicable, prior to the expiration of the original application or notification. A renewal application or notification is subject to the forest practices rules in effect at the time the renewal application or notification is filed. Nothing in this section precludes the applicant from applying for a new application or notification after the renewal period has lapsed.

(c) At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more than one forest practice may have an effective term of more than ~~((two))~~ three years.

~~((d))~~ (d) The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than ~~((two))~~ three years. Such rules shall include extended time periods for application or notification approval or disapproval. ~~((On an approved application with a term of more than two years, the applicant shall inform the department before commencing operations))~~ The department may require the applicant to provide advance notice before commencing operations on an approved application or notification.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not

required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in RCW 76.06.130.

(a) For the purposes of this subsection, exotic forest insect or disease has the same meaning as defined in RCW 76.06.020.

(b) In order to minimize adverse impacts to public resources, control measures must be based on integrated pest management, as defined in RCW 17.15.010, and must follow forest practices rules relating to road construction and maintenance, timber harvest, and forest chemicals, to the extent possible without compromising control objectives.

(c) Agencies conducting or directing control efforts must provide advance notice to the appropriate regulatory staff of the department of the operations that would be subject to exemption from forest practices application or notification requirements.

(d) When the appropriate regulatory staff of the department are notified under (c) of this subsection, they must consult with the landowner, interested agencies, and affected tribes, and assist the notifying agencies in the development of integrated pest management plans that comply with forest practices rules as required under (b) of this subsection.

(e) Nothing under this subsection relieves agencies conducting or directing control efforts from requirements of the federal clean water act as administered by the department of ecology under RCW 90.48.260.

(f) Forest lands where trees have been cut as part of an exotic forest insect or disease control effort under this subsection are subject to reforestation requirements under RCW 76.09.070.

(g) The exemption from obtaining approved forest practices applications or notifications does not apply to forest practices conducted after the governor, the director of the department of agriculture, or the commissioner of public lands have declared that an emergency no longer exists because control objectives have been met, that there is no longer an imminent threat, or that there is no longer a good likelihood of control.

Sec. 207. RCW 76.09.150 and 2000 c 11 s 7 are each amended to read as follows:

(1) The department shall make inspections of forest lands, before, during, and after the conducting of forest practices as necessary for the purpose of ensuring compliance with this chapter ~~((and)),~~ the forest practices rules, including forest practices rules incorporated under RCW 76.09.040(3), and to ensure that no material damage occurs to the natural resources of this state as a result of ~~((such))~~ forest practices.

(2) Any duly authorized representative of the department shall have the right to enter upon forest land at any reasonable time to enforce the provisions of this chapter and the forest practices rules.

(3) The department or the department of ecology may apply for an administrative inspection warrant to either Thurston county superior court, or the superior court in the county in which the property is located. An administrative inspection warrant may be issued where:

(a) The department has attempted an inspection of forest lands under this chapter to ensure compliance with this chapter and the forest practices rules or to ensure that no potential or actual material damage occurs to the natural resources of this state, and access to all or part of the forest lands has been actually or constructively denied; or

(b) The department has reasonable cause to believe that a violation of this chapter or of rules adopted under this chapter is occurring or has occurred.

(4) In connection with any watershed analysis, any review of a pending application by an identification team appointed by the department, any compliance studies, any effectiveness monitoring,

2012 1ST SPECIAL SESSION

or other research that has been agreed to by a landowner, the department may invite representatives of other agencies, tribes, and interest groups to accompany a department representative and, at the landowner's election, the landowner, on any such inspections. Reasonable efforts shall be made by the department to notify the landowner of the persons being invited onto the property and the purposes for which they are being invited.

NEW SECTION. Sec. 208. A new section is added to chapter 43.30 RCW to read as follows:

(1) By December 31, 2013, the department must make examples of complete, high quality forest practices applications and the resulting approvals readily available to the public on its internet site, as well as the internet site of the office of regulatory assistance established in RCW 43.42.010. The department must maximize assistance to the public and interested parties by seeking to make readily available examples from forest practices that generate significant permitting activity or frequent questions.

(2) The department must regularly review and update the examples required to be made available on the internet under subsection (1) of this section.

(3) The department must obtain the written permission of an applicant before making publicly available that applicant's application or approval under this section and must work cooperatively with the applicant to ensure that no personal or proprietary information is made available.

Sec. 209. RCW 76.09.065 and 2000 c 11 s 5 are each amended to read as follows:

(1) ~~((Effective July 1, 1997,))~~ ~~An applicant shall pay an application fee ((and a recording fee)), if applicable, at the time an application or notification is submitted to the department or to the local governmental entity as provided in this chapter.~~

(2) ~~((For applications and notifications submitted to the department, the application fee))~~ (a) If sections 201 through 203 and 206 of this act are not enacted into law by June 30, 2012, then the fee for applications and notifications submitted to the department shall be fifty dollars for class II, III, and IV forest practices applications or notifications relating to the commercial harvest of timber. However, the fee shall be five hundred dollars for class IV forest practices applications on lands being converted to other uses or on lands which are not to be reforested because of the likelihood of future conversion to urban development or on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except the fee shall be fifty dollars on those lands where the forest landowner provides:

~~((a))~~ (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or

~~((b))~~ (ii) A conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the forest practices application.

(b)(i) If sections 201 through 203 and 206 of this act are enacted into law by June 30, 2012, then:

(A) The fee for applications and notifications relating to the commercial harvest of timber submitted to the department shall be one hundred dollars for class II applications and notifications, class III applications, and class IV forest practices that have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW, when the application or notification is submitted by a landowner who satisfies the definition of small forest landowner provided in RCW 76.09.450 and the

application or notification applies to a single contiguous ownership consisting of one or more parcels;

(B) The fee for applications and notifications relating to the commercial harvest of timber submitted to the department shall be one hundred fifty dollars for class II applications and notifications, class III applications, and class IV forest practices that have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW, when the application or notification is submitted by a landowner who does not satisfy the criteria for a reduced application fee as provided in (b)(i)(A) of this subsection (2); and

(C) The fee shall be one thousand five hundred dollars for class IV forest practices applications on lands being converted to other uses or on lands that are not to be reforested because of the likelihood of future conversion to urban development or on lands that are contained within urban growth areas, designated pursuant to chapter 36.70A RCW, except the fee shall be the same as for a class III forest practices application where the forest landowner provides:

(I) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or

(II) A conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the forest practices application.

(ii) If the board has not incorporated fish protection standards adopted under chapter 77.55 RCW into the forest practices rules and approved technical guidance as required under RCW 76.09.040 by December 31, 2013, the fee for applications and notifications submitted to the department shall be as provided under (a) of this subsection until the rules are adopted and technical guidance approved.

(3) The forest practices application account is created in the state treasury. Moneys in the account may be spent only after appropriation. All money collected from fees under ~~((this))~~ subsection (2) of this section shall be deposited in the ~~((state general fund))~~ forest practices application account for the purposes of implementing this chapter, chapter 76.13 RCW, and Title 222 WAC.

~~((3))~~ (4) For applications submitted to ~~((the))~~ a local governmental entity as provided in this chapter, the fee shall be ~~((five hundred dollars for class IV forest practices on lands being converted to other uses or lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except as otherwise provided in this section, unless a different fee is otherwise provided))~~ determined, collected, and retained by the local governmental entity.

~~((4))~~ Recording fees shall be as provided in chapter 36.18 RCW.

(5) An application fee under subsection (2) of this section shall be refunded or credited to the applicant if either the application or notification is disapproved by the department or the application or notification is withdrawn by the applicant due to restrictions imposed by the department.)

Sec. 210. RCW 76.09.470 and 2007 c 106 s 3 are each amended to read as follows:

(1) If a landowner who did not state an intent to convert his or her land to a nonforestry use decides to convert his or her land to a nonforestry use within six years of receiving an approved forest practices application or notification under this chapter, the landowner must:

(a) Stop all forest practices activities on the parcels subject to the proposed land use conversion to a nonforestry use;

(b) Contact the department of ecology and the applicable county, city, town, or regional governmental entity to begin the permitting process; and

(c) Notify the department ~~((and))~~, withdraw any applicable applications or notifications ~~((or request))~~, and submit a new application for the conversion. The fee for a new application for conversion under this subsection (1)(c) is the difference between the applicable fee for the new application under RCW 76.09.065 and the fee previously paid for the original application or notification, which must be deposited in the forest practices application account created in RCW 76.09.065.

(2) Upon being contacted by a landowner under this section, the county, city, town, or regional governmental entity must:

(a) Notify the department and request from the department the status of any applicable forest practices applications, notifications, or final orders or decisions; and

(b) Complete the following activities:

(i) Require that the landowner be in full compliance with chapter 43.21C RCW, if applicable;

(ii) Receive notification from the department that the landowner has resolved any outstanding final orders or decisions issued by the department; and

(iii) Make a determination as to whether or not the condition of the land in question is in full compliance with local ordinances and regulations. If full compliance is not found, a mitigation plan to address violations of local ordinances or regulations must be required for the parcel in question by the county, city, town, or regional governmental entity. Required mitigation plans must be prepared by the landowner and approved by the county, city, town, or regional governmental entity. Once approved, the mitigation plan must be implemented by the landowner. Mitigation measures that may be required include, but are not limited to, revegetation requirements to plant and maintain trees of sufficient maturity and appropriate species composition to restore critical area and buffer function or to be in compliance with applicable local government regulations.

Sec. 211. RCW 76.09.030 and 2008 c 46 s 1 are each amended to read as follows:

(1) There is hereby created the forest practices board of the state of Washington as an agency of state government consisting of members as follows:

(a) The commissioner of public lands or the commissioner's designee;

(b) The director of the department of ~~((community, trade, and economic development))~~ commerce or the director's designee;

(c) The director of the department of agriculture or the director's designee;

(d) The director of the department of ecology or the director's designee;

(e) The director of the department of fish and wildlife or the director's designee;

(f) An elected member of a county legislative authority appointed by the governor ~~((:—PROVIDED, That such))~~. However, the county member's service on the board shall be conditioned on the member's continued service as an elected county official;

(g) One member representing a timber products union, appointed by the governor from a list of three names submitted by a timber labor coalition affiliated with a statewide labor organization that represents a majority of the timber product unions in the state; and

(h) Six members of the general public appointed by the governor, one of whom shall be a small forest landowner who

actively manages his or her land, and one of whom shall be an independent logging contractor.

(2) ~~((The director of the department of fish and wildlife's service on the board may be terminated two years after August 18, 1999, if the legislature finds that after two years the department has not made substantial progress toward integrating the laws, rules, and programs governing forest practices, chapter 76.09 RCW, and the laws, rules, and programs governing hydraulic projects, chapter 77.55 RCW. Such a finding shall be based solely on whether the department of fish and wildlife makes substantial progress as defined in this subsection, and will not be based on other actions taken as a member of the board. Substantial progress shall include recommendations to the legislature for closer integration of the existing rule-making authorities of the board and the department of fish and wildlife, and closer integration of the forest practices and hydraulics permitting processes, including exploring the potential for a consolidated permitting process. These recommendations shall be designed to resolve problems currently associated with the existing dual regulatory and permitting processes.~~

(3) The members of the initial board appointed by the governor shall be appointed so that the term of one member shall expire December 31, 1975, the term of one member shall expire December 31, 1976, the term of one member shall expire December 31, 1977, the terms of two members shall expire December 31, 1978, and the terms of two members shall expire December 31, 1979. Each member of the board shall continue in office until his or her successor is appointed and qualified. The commissioner of public lands or the commissioner's designee shall be the chair of the board.

~~((4))~~ (3) The board shall meet at such times and places as shall be designated by the chair or upon the written request of the majority of the board. The principal office of the board shall be at the state capital.

~~((5))~~ (4) Members of the board, except public employees and elected officials, shall be compensated in accordance with RCW 43.03.250. Each member shall be entitled to reimbursement for travel expenses incurred in the performance of their duties as provided in RCW 43.03.050 and 43.03.060.

~~((6))~~ (5) The board may employ such clerical help and staff pursuant to chapter 41.06 RCW as is necessary to carry out its duties.

Sec. 212. RCW 76.09.020 and 2010 c 210 s 19 and 2010 c 188 s 6 are each reenacted and amended to read as follows:

(27) "Unconfined channel migration zone" means the area within which the active channel of an unconfined stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(28) "Unconfined stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex floodplain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. NEW SECTION. Sec. 214. (1) The departments of natural resources and fish and wildlife must jointly provide a report to the appropriate committees of the legislature containing findings and any recommendations relating to the regulatory integration of hydraulic projects and forest practices as provided in this act, including:

(a) Progress made in implementing the integration required under this act, including rule incorporation and development of forest practices board manual guidance;

(b) An update on and potential for permitting efficiencies in addition to the integration required under this act;

(c) The process for and outcomes from review of forest practices applications that include forest practices hydraulic projects by the department of fish and wildlife; and

(d) Compliance monitoring for forest practices hydraulic projects through the review processes provided under WAC 222-08-160 as it existed on the effective date of this section.

(2) The departments of natural resources and fish and wildlife must provide an initial report by September 1, 2014, and a second report by September 1, 2016.

(3) This section expires December 31, 2016.

NEW SECTION. Sec. 215. Sections 202 and 205 of this act take effect on the date the forest practices board incorporates fish protection standards adopted under chapter 77.55 RCW into the forest practices rules and approves technical guidance as required under RCW 76.09.040. The department of natural resources must provide written notice of the effective date of these sections to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department of natural resources.

NEW SECTION. Sec. 216. Nothing in this act affects any rules, processes, or procedures of the department of fish and wildlife and the department of natural resources existing on the effective date of this section that provide for regulatory integration of hydraulic projects and forest practices for projects in nonfish-bearing waters.

NEW SECTION. Sec. 217. Nothing in this act authorizes the department of fish and wildlife to assume authority over approval, disapproval, conditioning, or enforcement of applications or notifications submitted under chapter 76.09 RCW.

NEW SECTION. Sec. 218. Nothing in this act affects the jurisdiction or other authority of a federally recognized Indian tribe within the boundary of its reservation or on other tribally owned lands.

NEW SECTION. Sec. 219. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

PART THREE

State Environmental Policy Act and Local Development Regulations

NEW SECTION. Sec. 301. (1) The legislature recognizes that the rule-based categorical exemption thresholds to chapter 43.21C RCW, found in WAC 197-11-800, have not been updated in recent years, and should be reviewed in light of the increased environmental protections in place under chapters 36.70A and 90.58 RCW, and other laws. It is the intent of the legislature to direct the department of ecology to conduct two phases of rulemaking over the next two years to increase the thresholds for these categorical exemptions.

(2) By December 31, 2012, the department of ecology shall increase the rule-based categorical exemptions to chapter 43.21C RCW found in WAC 197-11-800 and update the environmental checklist found in WAC 197-11-960. In updating the categorical exemptions, the department of ecology must:

(a) At a minimum, increase the existing maximum threshold levels for the following project types:

(i) The construction or location of single-family residential developments;

(ii) The construction or location of multifamily residential developments;

(iii) The construction of an agricultural structure, other than a feed lot, that is similar to the following: A barn, a loafing shed, a farm equipment storage building, or a produce storing or packing structure;

(iv) The construction of the following, including any associated parking areas or facilities: An office, a school, a commercial building, a recreational building, a service building, or a storage building;

(v) Landfilling or excavation activities; and

(vi) The installation of an electric facility, lines, equipment, or appurtenances, other than substations.

(b) Establish maximum exemption levels for action types that differ based on whether the project is proposed to occur in:

(i) An incorporated city;

(ii) An unincorporated area within an urban growth area;

(iii) An unincorporated area outside of an urban growth area but within a county planning under chapter 36.70A RCW; or

(iv) An unincorporated area within a county not planning under chapter 36.70A RCW.

(c) In updating the environmental checklist found in WAC 197-11-960, the department of ecology shall:

(i) Improve efficiency of the environmental checklist; and

(ii) Not include any new subjects into the scope of the checklist, including climate change and greenhouse gases.

(d) Until the completion of the rule making required under this section, a city or county may apply the highest categorical exemption levels authorized under WAC 197-11-800 to any action, regardless if the city or county with jurisdiction has exercised its authority to raise the exemption levels above the established minimums, unless the city or county with jurisdiction passes an ordinance or resolution that lowers the exemption levels to a level below the allowed maximum but not less than the default minimum levels detailed in WAC 197-11-800.

(3)(a) By December 31, 2013, the department of ecology shall:

(i) Update, but not decrease, the thresholds for all other project actions not specified in subsection (2) of this section;

(ii) Propose methods for integrating the state environmental policy act process with provisions of the growth management act, chapter 36.70A RCW, including consideration of ways to revise WAC 197-11-210 through 197-11-232 to further the goals of RCW 43.21C.240; and

(iii) Create categorical exemptions for minor code amendments for which review under chapter 43.21C RCW would not be required because they do not lessen environmental protection.

(b) During this process, the department of ecology may also review and update the thresholds resulting from the 2012 rule-making process outlined in subsection (2) of this section.

(4)(a) The department of ecology shall convene an advisory committee consisting of members representing, at minimum, cities, counties, business interests, environmental interests, agricultural interests, cultural resources interests, state agencies, and tribal governments to:

(i) Assist in updating the environmental checklist and updating the thresholds for other project actions for both rule-making processes under subsections (2) and (3) of this section;

(ii) Ensure that state agencies and other interested parties can receive notice about projects of interest through notice under chapter 43.21C RCW and means other than chapter 43.21C RCW; and

(iii) Ensure that federally recognized tribes receive notice about projects that impact tribal interests through notice under chapter 43.21C RCW and means other than chapter 43.21C RCW.

(b) Advisory committee members must have direct experience with the implementation or application of the state environmental policy act.

(5) This section expires July 31, 2014.

THIRTIETH DAY, APRIL 10, 2012

2012 1ST SPECIAL SESSION

Sec. 302. RCW 43.21C.031 and 1995 c 347 s 203 are each amended to read as follows:

(1) An environmental impact statement (the detailed statement required by RCW 43.21C.030(2)(c)) shall be prepared on proposals for legislation and other major actions having a probable significant, adverse environmental impact. The environmental impact statement may be combined with the recommendation or report on the proposal or issued as a separate document. The substantive decisions or recommendations shall be clearly identifiable in the combined document. Actions categorically exempt under RCW 43.21C.110(1)(a) and section 308 of this act do not require environmental review or the preparation of an environmental impact statement under this chapter. ~~((In a county, city, or town planning under RCW 36.70A.040, a planned action, as provided for in subsection (2) of this section, does not require a threshold determination or the preparation of an environmental impact statement under this chapter, but is subject to environmental review and mitigation as provided in this chapter.))~~

(2) An environmental impact statement is required to analyze only those probable adverse environmental impacts which are significant. Beneficial environmental impacts may be discussed. The responsible official shall consult with agencies and the public to identify such impacts and limit the scope of an environmental impact statement. The subjects listed in RCW 43.21C.030(2)(c) need not be treated as separate sections of an environmental impact statement. Discussions of significant short-term and long-term environmental impacts, significant irrevocable commitments of natural resources, significant alternatives including mitigation measures, and significant environmental impacts which cannot be mitigated should be consolidated or included, as applicable, in those sections of an environmental impact statement where the responsible official decides they logically belong.

((2)(a) For purposes of this section, a planned action means one or more types of project action that:

(i) Are designated planned actions by an ordinance or resolution adopted by a county, city, or town planning under RCW 36.70A.040;

(ii) Have had the significant impacts adequately addressed in an environmental impact statement prepared in conjunction with (A) a comprehensive plan or subarea plan adopted under chapter 36.70A RCW, or (B) a fully contained community, a master planned resort, a master planned development, or a phased project;

(iii) Are subsequent or implementing projects for the proposals listed in (a)(ii) of this subsection;

(iv) Are located within an urban growth area, as defined in RCW 36.70A.030;

(v) Are not essential public facilities, as defined in RCW 36.70A.200; and

(vi) Are consistent with a comprehensive plan adopted under chapter 36.70A RCW.

(b) A county, city, or town shall limit planned actions to certain types of development or to specific geographical areas that are less extensive than the jurisdictional boundaries of the county, city, or town and may limit a planned action to a time period identified in the environmental impact statement or the ordinance or resolution adopted under this subsection.)

NEW SECTION. Sec. 303. A new section is added to chapter 43.21C RCW to read as follows:

(1) For purposes of this chapter, a planned action means one or more types of development or redevelopment that meet the following criteria:

(a) Are designated as planned actions by an ordinance or resolution adopted by a county, city, or town planning under RCW 36.70A.040;

(b) Have had the significant impacts adequately addressed in an environmental impact statement under the requirements of this chapter in conjunction with, or to implement, a comprehensive plan or subarea plan adopted under chapter 36.70A RCW, or a fully contained community, a master planned resort, a master planned development, or a phased project;

(c) Have had project level significant impacts adequately addressed in an environmental impact statement unless the impacts are specifically deferred for consideration at the project level pursuant to subsection (3)(b) of this section;

(d) Are subsequent or implementing projects for the proposals listed in (b) of this subsection;

(e) Are located within an urban growth area designated pursuant to RCW 36.70A.110;

(f) Are not essential public facilities, as defined in RCW 36.70A.200, unless an essential public facility is accessory to or part of a residential, office, school, commercial, recreational, service, or industrial development that is designated a planned action under this subsection; and

(g) Are consistent with a comprehensive plan or subarea plan adopted under chapter 36.70A RCW.

(2) A county, city, or town shall define the types of development included in the planned action and may limit a planned action to:

(a) A specific geographic area that is less extensive than the jurisdictional boundaries of the county, city, or town; or

(b) A time period identified in the ordinance or resolution adopted under this subsection.

(3)(a) A county, city, or town shall determine during permit review whether a proposed project is consistent with a planned action ordinance adopted by the jurisdiction. To determine project consistency with a planned action ordinance, a county, city, or town may utilize a modified checklist pursuant to the rules adopted to implement RCW 43.21C.110, a form that is designated within the planned action ordinance, or a form contained in agency rules adopted pursuant to RCW 43.21C.120.

(b) A county, city, or town is not required to make a threshold determination and may not require additional environmental review, for a proposal that is determined to be consistent with the development or redevelopment described in the planned action ordinance, except for impacts that are specifically deferred to the project level at the time of the planned action ordinance's adoption. At least one community meeting must be held before the notice is issued for the planned action ordinance. Notice for the planned action and notice of the community meeting required by this subsection (3)(b) must be mailed or otherwise verifiably provided to: (i) All affected federally recognized tribal governments; and (ii) agencies with jurisdiction over the future development anticipated for the planned action. The determination of consistency, and the adequacy of any environmental review that was specifically deferred, are subject to the type of administrative appeal that the county, city, or town provides for the proposal itself consistent with RCW 36.70B.060.

(4) For a planned action ordinance that encompasses the entire jurisdictional boundary of a county, city, or town, at least one community meeting must be held before the notice is issued for the planned action ordinance. Notice for the planned action ordinance and notice of the community meeting required by this subsection must be mailed or otherwise verifiably provided to:

(a) All property owners of record within the county, city, or town;

(b) All affected federally recognized tribal governments; and

(c) All agencies with jurisdiction over the future development anticipated for the planned action.

Sec. 304. RCW 43.21C.229 and 2003 c 298 s 1 are each amended to read as follows:

(1) In order to accommodate infill development and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW, a city or county planning under RCW 36.70A.040 is authorized by this section to establish categorical exemptions from the requirements of this chapter. An exemption adopted under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). An exemption may be adopted by a city or county under this section if it meets the following criteria:

(a) It categorically exempts government action related to development ~~((that is new residential or mixed use development))~~ proposed to fill in an urban growth area, designated according to RCW 36.70A.110, where current density and intensity of use in the area is lower than called for in the goals and policies of the applicable comprehensive plan and the development is either:

(i) Residential development;

(ii) Mixed-use development; or

(iii) Commercial development up to sixty-five thousand square feet, excluding retail development;

(b) It does not exempt government action related to development that is inconsistent with the applicable comprehensive plan or would exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan; ~~((and))~~

(c) The local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, planned action ordinance, or other local, state, or federal rules or laws; and

(d)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section.

(2) Any categorical exemption adopted by a city or county under this section shall be subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department.

NEW SECTION. Sec. 305. A new section is added to chapter 43.21C RCW to read as follows:

(1) A county, city, or town may recover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under RCW 43.21C.229 and section 303 of this act:

(a) Through access to financial assistance under RCW 36.70A.490;

(b) With funding from private sources; and

(c) By the assessment of fees consistent with the requirements and limitations of this section.

(2)(a) A county, city, or town is authorized to assess a fee upon subsequent development that will make use of and benefit from: (i) The analysis in an environmental impact statement prepared for the purpose of compliance with section 303 of this act regarding planned actions; or (ii) the reduction in environmental analysis requirements resulting from the exercise of authority under RCW 43.21C.229 regarding infill development.

(b) The amount of the fee must be reasonable and proportionate to the total expenses incurred by the county, city, or town in the preparation of the environmental impact statement.

(3) A county, city, or town assessing fees under subsection (2)(a) of this section must provide for a mechanism by which project proponents may either elect to utilize the environmental review

completed by the lead agency and pay the fees under subsection (1) of this section or certify that they do not want the local jurisdiction to utilize the environmental review completed as a part of a planned action and therefore not be assessed any associated fees. Project proponents who choose this option may not make use of or benefit from the up-front environmental review prepared by the local jurisdiction.

(4) Prior to the collection of fees, the county, city, or town must enact an ordinance that establishes the total amount of expenses to be recovered through fees and provides objective standards for determining the fee amount to be imposed upon each development proposal proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental review. The ordinance must provide (a) a procedure by which an applicant who disagrees with whether the amount of the fee is correct, reasonable, or proportionate may pay the fee with the written stipulation "paid under protest"; and (b) if the county, city, or town provides for an administrative appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeals process. Any disagreement about the reasonableness, proportionality, or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development.

(5) The ordinance adopted under subsection (4) of this section must make information available about the amount of the expenses designated for recovery. When such expenses have been fully recovered, the county, city, or town may no longer assess a fee under this section.

(6) Any fees collected under this section from subsequent development may be used to reimburse funding received from private sources to conduct the environmental review.

(7) The city, county, or town shall refund fees collected where a court of competent jurisdiction determines that the environmental review conducted under section 303 of this act, regarding planned actions, or under RCW 43.21C.229, regarding infill development, was not sufficient to comply with the requirements of this chapter regarding the proposed development activity for which the fees were collected. The applicant and the city, county, or town may mutually agree to a partial refund or to waive the refund in the interest of resolving any dispute regarding compliance with this chapter.

Sec. 306. RCW 43.21C.037 and 2011 c 207 s 3 are each amended to read as follows:

(1) Decisions pertaining to applications for Class I, II, and III forest practices, as defined by rule of the forest practices board under RCW 76.09.050, are not subject to the requirements of RCW 43.21C.030(2)(c) ~~((as now or hereafter amended))~~.

(2) When the applicable county, city, or town requires a license in connection with any proposal involving forest practices:

(a) On forest lands that are being converted to another use; or

(b) On lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, then the local government, rather than the department of natural resources, is responsible for any detailed statement required under RCW 43.21C.030(2)(c).

(3)(a) Those forest practices determined by rule of the forest practices board to have a potential for a substantial impact on the environment, and thus to be Class IV practices, require an evaluation by the department of natural resources as to whether or not a detailed statement must be prepared pursuant to this chapter.

(b) The evaluation ~~((shall))~~ required by this section must be made within ten days from the date the department receives the application unless the application is subject to concurrence review

THIRTIETH DAY, APRIL 10, 2012

2012 1ST SPECIAL SESSION

by the department of fish and wildlife under section 202 of this act. Evaluations for applications that are subject to concurrence review by the department of fish and wildlife under section 202 of this act must be made within ten days from the date the department of fish and wildlife completes the concurrent review.

(c) A Class IV forest practice application must be approved or disapproved by the department ((within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period)) according to the timelines established in RCW 76.09.050.

(d) This section shall not be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action regarding a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted.

Sec. 307. RCW 82.02.020 and 2010 c 153 s 3 are each amended to read as follows:

Except only as expressly provided in chapters 67.28, 81.104, and 82.14 RCW, the state preempts the field of imposing retail sales and use taxes and taxes upon parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 64.34.440 and 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest to be calculated from the original date the deposit was received by the county and at the same rate applied to tax refunds pursuant to RCW 84.69.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot

establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW, including reasonable fees that are consistent with RCW 43.21C.420(6) and section 305 of this act.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefited thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges. However, no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged. Furthermore, these provisions may not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

Nothing in this section limits the authority of counties, cities, or towns to implement programs consistent with RCW 36.70A.540, nor to enforce agreements made pursuant to such programs.

This section does not apply to special purpose districts formed and acting pursuant to Title 54, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 308. A new section is added to chapter 43.21C RCW to read as follows:

The following nonproject actions are categorically exempt from the requirements of this chapter:

(1) Amendments to development regulations that are required to ensure consistency with an adopted comprehensive plan pursuant to RCW 36.70A.040, where the comprehensive plan was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(2) Amendments to development regulations that are required to ensure consistency with a shoreline master program approved pursuant to RCW 90.58.090, where the shoreline master program was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(3) Amendments to development regulations that, upon implementation of a project action, will provide increased environmental protection, limited to the following:

(a) Increased protections for critical areas, such as enhanced buffers or setbacks;

(b) Increased vegetation retention or decreased impervious surface areas in shoreline jurisdiction; and

(c) Increased vegetation retention or decreased impervious surface areas in critical areas;

(4) Amendments to technical codes adopted by a county, city, or town to ensure consistency with minimum standards contained in state law, including the following:

- (a) Building codes required by chapter 19.27 RCW;
- (b) Energy codes required by chapter 19.27A RCW; and
- (c) Electrical codes required by chapter 19.28 RCW.

NEW SECTION. Sec. 309. A new section is added to chapter 43.21C RCW to read as follows:

(1) The lead agency for an environmental review under this chapter utilizing an environmental checklist developed by the department of ecology pursuant to RCW 43.21C.110 may identify within the checklist provided to applicants instances where questions on the checklist are adequately covered by a locally adopted ordinance, development regulation, land use plan, or other legal authority.

(2) If a lead agency identifies an instance as described in subsection (1) of this section, it still must consider whether the action has an impact on the particular element or elements of the environment in question.

(3) In instances where the locally adopted ordinance, development regulation, land use plan, or other legal authority provide the necessary information to answer a specific question, the lead agency must explain how the proposed project satisfies the underlying local legal authority.

(4) If the lead agency identifies instances where questions on the checklist are adequately covered by a locally adopted ordinance, development regulation, land use plan, or other legal authority, an applicant may still provide answers to any questions on the checklist.

(5) Nothing in this section authorizes a lead agency to ignore or delete a question on the checklist.

(6) Nothing in this section changes the standard for whether an environmental impact statement is required for an action that may have a probable significant, adverse environmental impact pursuant to RCW 43.21C.030.

(7) Nothing in this section affects the appeal provisions provided in this chapter.

(8) Nothing in this section modifies existing rules for determining the lead agency, as defined in WAC 197-11-922 through 197-11-948, nor does it modify agency procedures for complying with the state environmental policy act when an agency other than a local government is serving as the lead agency.

Sec. 310. RCW 36.70A.490 and 1995 c 347 s 115 are each amended to read as follows:

The growth management planning and environmental review fund is hereby established in the state treasury. Moneys may be placed in the fund from the proceeds of bond sales, tax revenues, budget transfers, federal appropriations, gifts, or any other lawful source. Moneys in the fund may be spent only after appropriation. Moneys in the fund shall be used to make grants or loans to local governments for the purposes set forth in RCW 43.21C.240, 43.21C.031, or 36.70A.500. Any payment of either principal or interest, or both, derived from loans made from this fund must be deposited into the fund.

Sec. 311. RCW 36.70A.500 and 1997 c 429 s 28 are each amended to read as follows:

(1) The department of (~~community, trade, and economic development~~) commerce shall provide management services for the growth management planning and environmental review fund created by RCW 36.70A.490. The department shall establish procedures for fund management. The department shall encourage participation in the grant or loan program by other public agencies. The department shall develop the grant or loan criteria, monitor the grant or loan program, and select grant or loan recipients in consultation with state agencies participating in the grant or loan

program through the provision of grant or loan funds or technical assistance.

(2) A grant or loan may be awarded to a county or city that is required to or has chosen to plan under RCW 36.70A.040 and that is qualified pursuant to this section. The grant or loan shall be provided to assist a county or city in paying for the cost of preparing an environmental analysis under chapter 43.21C RCW, that is integrated with a comprehensive plan, subarea plan, plan element, countywide planning policy, development regulation, monitoring program, or other planning activity adopted under or implementing this chapter that:

(a) Improves the process for project permit review while maintaining environmental quality; or

(b) Encourages use of plans and information developed for purposes of complying with this chapter to satisfy requirements of other state programs.

(3) In order to qualify for a grant or loan, a county or city shall:

(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C RCW and subsection (2) of this section that is integrated with a comprehensive plan, subarea plan, plan element, countywide planning policy, development regulations, monitoring program, or other planning activity adopted under or implementing this chapter;

(b) Address environmental impacts and consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by applicants for development permits within the geographic area analyzed in the plan;

(c) Demonstrate that procedures for review of development permit applications will be based on the integrated plans and environmental analysis;

(d) Include mechanisms to monitor the consequences of growth as it occurs in the plan area and to use the resulting data to update the plan, policy, or implementing mechanisms and associated environmental analysis;

(e) Demonstrate substantial progress towards compliance with the requirements of this chapter. A county or city that is more than six months out of compliance with a requirement of this chapter is deemed not to be making substantial progress towards compliance; and

(f) Provide local funding, which may include financial participation by the private sector.

(4) In awarding grants or loans, the department shall give preference to proposals that include one or more of the following elements:

(a) Financial participation by the private sector, or a public/private partnering approach;

(b) Identification and monitoring of system capacities for elements of the built environment, and to the extent appropriate, of the natural environment;

(c) Coordination with state, federal, and tribal governments in project review;

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watershed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan.

(6) State agencies shall work with grant or loan recipients to facilitate state and local project review processes that will implement the projects receiving grants or loans under this section.

Sec. 312. RCW 43.21C.110 and 1997 c 429 s 47 are each amended to read as follows:

It shall be the duty and function of the department of ecology:

(1) To adopt and amend (~~hereafter~~) rules of interpretation and implementation of this chapter, subject to the requirements of chapter 34.05 RCW, for the purpose of providing uniform rules and guidelines to all branches of government including state agencies, political subdivisions, public and municipal corporations, and counties. The proposed rules shall be subject to full public hearings requirements associated with rule (~~promulgation~~) adoption. Suggestions for modifications of the proposed rules shall be considered on their merits, and the department shall have the authority and responsibility for full and appropriate independent (~~promulgation and~~) adoption of rules, assuring consistency with this chapter as amended and with the preservation of protections afforded by this chapter. The rule-making powers authorized in this section shall include, but shall not be limited to, the following phases of interpretation and implementation of this chapter:

(a) Categories of governmental actions which are not to be considered as potential major actions significantly affecting the quality of the environment, including categories pertaining to applications for water right permits pursuant to chapters 90.03 and 90.44 RCW. The types of actions included as categorical exemptions in the rules shall be limited to those types which are not major actions significantly affecting the quality of the environment. The rules shall provide for certain circumstances where actions which potentially are categorically exempt require environmental review. An action that is categorically exempt under the rules adopted by the department may not be conditioned or denied under this chapter.

(b) Rules for criteria and procedures applicable to the determination of when an act of a branch of government is a major action significantly affecting the quality of the environment for which a detailed statement is required to be prepared pursuant to RCW 43.21C.030.

(c) Rules and procedures applicable to the preparation of detailed statements and other environmental documents, including but not limited to rules for timing of environmental review, obtaining comments, data and other information, and providing for and determining areas of public participation which shall include the scope and review of draft environmental impact statements.

(d) Scope of coverage and contents of detailed statements assuring that such statements are simple, uniform, and as short as practicable; statements are required to analyze only reasonable alternatives and probable adverse environmental impacts which are significant, and may analyze beneficial impacts.

(e) Rules and procedures for public notification of actions taken and documents prepared.

(f) Definition of terms relevant to the implementation of this chapter including the establishment of a list of elements of the environment. Analysis of environmental considerations under RCW 43.21C.030(2) may be required only for those subjects listed as elements of the environment (or portions thereof). The list of

elements of the environment shall consist of the "natural" and "built" environment. The elements of the built environment shall consist of public services and utilities (such as water, sewer, schools, fire and police protection), transportation, environmental health (such as explosive materials and toxic waste), and land and shoreline use (including housing, and a description of the relationships with land use and shoreline plans and designations, including population).

(g) Rules for determining the obligations and powers under this chapter of two or more branches of government involved in the same project significantly affecting the quality of the environment.

(h) Methods to assure adequate public awareness of the preparation and issuance of detailed statements required by RCW 43.21C.030(2)(c).

(i) To prepare rules for projects setting forth the time limits within which the governmental entity responsible for the action shall comply with the provisions of this chapter.

(j) Rules for utilization of a detailed statement for more than one action and rules improving environmental analysis of nonproject proposals and encouraging better interagency coordination and integration between this chapter and other environmental laws.

(k) Rules relating to actions which shall be exempt from the provisions of this chapter in situations of emergency.

(l) Rules relating to the use of environmental documents in planning and decision making and the implementation of the substantive policies and requirements of this chapter, including procedures for appeals under this chapter.

(m) Rules and procedures that provide for the integration of environmental review with project review as provided in RCW 43.21C.240. The rules and procedures shall be jointly developed with the department of (~~community, trade, and economic development~~) commerce and shall be applicable to the preparation of environmental documents for actions in counties, cities, and towns planning under RCW 36.70A.040. The rules and procedures shall also include procedures and criteria to analyze planned actions under (~~RCW 43.21C.031(2)~~) section 303 of this act and revisions to the rules adopted under this section to ensure that they are compatible with the requirements and authorizations of chapter 347, Laws of 1995, as amended by chapter 429, Laws of 1997. Ordinances or procedures adopted by a county, city, or town to implement the provisions of chapter 347, Laws of 1995 prior to the effective date of rules adopted under this subsection (1)(m) shall continue to be effective until the adoption of any new or revised ordinances or procedures that may be required. If any revisions are required as a result of rules adopted under this subsection (1)(m), those revisions shall be made within the time limits specified in RCW 43.21C.120.

(2) In exercising its powers, functions, and duties under this section, the department may:

(a) Consult with the state agencies and with representatives of science, industry, agriculture, labor, conservation organizations, state and local governments, and other groups, as it deems advisable; and

(b) Utilize, to the fullest extent possible, the services, facilities, and information (including statistical information) of public and private agencies, organizations, and individuals, in order to avoid duplication of effort and expense, overlap, or conflict with similar activities authorized by law and performed by established agencies.

(3) Rules adopted pursuant to this section shall be subject to the review procedures of chapter 34.05 RCW.

Sec. 313. RCW 43.21C.095 and 1983 c 117 s 5 are each amended to read as follows:

The rules (~~promulgated~~) adopted under RCW 43.21C.110 shall be accorded substantial deference in the interpretation of this chapter.

Sec. 314. RCW 90.48.260 and 2011 c 353 s 12 are each amended to read as follows:

(1) The department of ecology is hereby designated as the state water pollution control agency for all purposes of the federal clean water act as it exists on February 4, 1987, and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. With regard to the national estuary program established by section 320 of that act, the department shall exercise its responsibility jointly with the Puget Sound partnership, created in RCW 90.71.210. The department of ecology may delegate its authority under this chapter, including its national pollutant discharge elimination permit system authority and duties regarding animal feeding operations and concentrated animal feeding operations, to the department of agriculture through a memorandum of understanding. Until any such delegation receives federal approval, the department of agriculture's adoption or issuance of animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives will achieve compliance with all federal and state water pollution control laws. The powers granted herein include, among others, and notwithstanding any other provisions of this chapter (~~(90.48 RCW)~~) or otherwise, the following:

(a) Complete authority to establish and administer a comprehensive state point source waste discharge or pollution discharge elimination permit program which will enable the department to qualify for full participation in any national waste discharge or pollution discharge elimination permit system and will allow the department to be the sole agency issuing permits required by such national system operating in the state of Washington subject to the provisions of RCW 90.48.262(2). Program elements authorized herein may include, but are not limited to: (i) Effluent treatment and limitation requirements together with timing requirements related thereto; (ii) applicable receiving water quality standards requirements; (iii) requirements of standards of performance for new sources; (iv) pretreatment requirements; (v) termination and modification of permits for cause; (vi) requirements for public notices and opportunities for public hearings; (vii) appropriate relationships with the secretary of the army in the administration of his or her responsibilities which relate to anchorage and navigation, with the administrator of the environmental protection agency in the performance of his or her duties, and with other governmental officials under the federal clean water act; (viii) requirements for inspection, monitoring, entry, and reporting; (ix) enforcement of the program through penalties, emergency powers, and criminal sanctions; (x) a continuing planning process; and (xi) user charges.

(b) The power to establish and administer state programs in a manner which will (~~insure~~) ensure the procurement of moneys, whether in the form of grants, loans, or otherwise; to assist in the construction, operation, and maintenance of various water pollution control facilities and works; and the administering of various state water pollution control management, regulatory, and enforcement programs.

(c) The power to develop and implement appropriate programs pertaining to continuing planning processes, area-wide waste treatment management plans, and basin planning.

(2) The governor shall have authority to perform those actions required of him or her by the federal clean water act.

~~((2))~~ (3) By July 31, 2012, the department shall:

(a) Reissue without modification and for a term of one year any national pollutant discharge elimination system municipal storm water general permit applicable to western Washington municipalities first issued on January 17, 2007; and

(b) Issue an updated national pollutant discharge elimination system municipal storm water general permit applicable to western Washington municipalities for any permit first issued on January 17, 2007. An updated permit issued under this subsection shall become effective beginning August 1, 2013.

PART III AMENDING THE SALES AND USE TAX EXEMPTION FOR CERTAIN EQUIPMENT USED IN COMPUTER DATA CENTERS

NEW SECTION. Sec. 301. (1) It is the legislature's intent to encourage immediate investments in technology facilities that can provide an economic stimulus, sustain long-term jobs that provide living wages, and help build the digital infrastructure that can enable the state to be competitive for additional technology investment and jobs.

(2) There is currently an intense competition for data center construction and operation in many states including: Oregon, Arizona, North and South Carolina, North Dakota, Iowa, Virginia, Texas, and Illinois. Unprecedented incentives are available as a result of the desire of these states to attract investments that will serve as a catalyst for additional clusters of economic activity.

(3) Data center technology has advanced rapidly, with marked increases in energy efficiency. Large, commercial-grade data centers leverage the economies of scale to reduce energy consumption. Combining digitized processes with the economies of scale recognized at these data centers, today's enterprises can materially reduce the energy they consume and greatly improve their efficiency.

(4) The legislature finds that offering an exemption for server and related electrical equipment and installation will act as a stimulus to incent immediate investment. This investment will bring jobs, tax revenues, and economic growth to some of our state's rural areas.

Sec. 302. RCW 82.08.986 and 2010 1st sp.s. c 23 s 1601 are each amended to read as follows:

(1) An exemption from the tax imposed by RCW 82.08.020 is provided for sales to qualifying businesses and to qualifying tenants of eligible server equipment to be installed, without intervening use, in an eligible computer data center, and to charges made for labor and services rendered in respect to installing eligible server equipment. The exemption also applies to sales to qualifying businesses and to qualifying tenants of eligible power infrastructure, including labor and services rendered in respect to constructing, installing, repairing, altering, or improving eligible power infrastructure.

(2)(a) In order to claim the exemption under this section, a qualifying business or a qualifying tenant must submit an application to the department for an exemption certificate. The application must include the information necessary, as required by the department, to determine that a business or tenant qualifies for

the exemption under this section. The department must issue exemption certificates to qualifying businesses and qualifying tenants. The department may assign a unique identification number to each exemption certificate issued under this section.

(b) A qualifying business or a qualifying tenant claiming the exemption under this section must present the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3)(a) Within six years of the date that the department issued an exemption certificate under this section to a qualifying business or a qualifying tenant with respect to an eligible computer data center, the qualifying business or qualifying tenant must establish that net employment at the eligible computer data center has increased by a minimum of:

(i) Thirty-five family wage employment positions; or

(ii) Three family wage employment positions for each twenty thousand square feet of space or less that is newly dedicated to housing working servers at the eligible computer data center. For qualifying ~~((businesses that lease space at an eligible computer data center))~~ tenants, the number of family wage employment positions that must be increased under this subsection (3)(a)(ii) is based only on the space occupied by the ~~((lessee))~~ qualifying tenant in the eligible computer data center.

(b) In calculating the net increase in family wage employment positions:

(i) The owner of an eligible computer data center, in addition to its own net increase in family wage employment positions, may include:

(A) The net increase in family wage employment positions employed by qualifying ~~((businesses leasing space within the eligible computer data center from the owner))~~ tenants; and

(B) The net increase in family wage employment positions described in (c)(ii)(B) of this subsection (3).

(ii)(A) ~~((Lessees of the owner of an eligible computer data center))~~ Qualifying tenants, in addition to their own net increase in family wage employment positions, may include:

(I) A portion of the net increase in family wage employment positions employed by the owner; and

(II) A portion of the net increase in family wage employment positions described in (c)(ii)(B) of this subsection (3).

(B) The portion of the net increase in family wage employment positions to be counted under this subsection (3)(b)(ii) by each ~~((lessee))~~ qualifying tenant must be in proportion to the amount of space in the eligible computer data center occupied by the ~~((lessee))~~ qualifying tenant compared to the total amount of space in the eligible computer data center occupied by all ~~((lessees that are qualifying businesses))~~ qualifying tenants.

(c)(i) For purposes of this subsection, family wage employment positions are new permanent employment positions requiring forty hours of weekly work, or their equivalent, on a full-time basis at the eligible computer data center and receiving a wage equivalent to or greater than one hundred fifty percent of the per capita personal income of the county in which the qualified project is located. An employment position may not be counted as a family wage employment position unless the employment position is entitled to health insurance coverage provided by the employer of the employment position. For purposes of this subsection (3)(c), "new permanent employment position" means an employment position that did not exist or that had not previously been filled as of the date that the department issued an exemption certificate to the owner or ~~((lessee))~~ qualifying tenant of an eligible computer data center, as the case may be.

(d) All previously exempted sales and use taxes are immediately due and payable for a qualifying business or qualifying tenant that does not meet the requirements of this subsection.

(ii) Any person affiliated with a person within the scope of (a)(i) of this subsection (5). ~~((For purposes of this subsection, "affiliated" means that one person has a direct or indirect ownership interest of at least twenty percent in another person.))~~

(b) If a person claims an exemption under this section and subsequently receives the benefit of the deferral program under chapter 82.60 RCW on either the construction, renovation, or expansion of a structure or structures used as a computer data center or machinery or equipment used in a computer data center, the person must repay the amount of taxes exempted under this section. Sec. 303. RCW 82.08.986 and 2010 1st sp.s. c 23 s 1601 are each amended to read as follows:

(1) An exemption from the tax imposed by RCW 82.08.020 is provided for sales to qualifying businesses and to qualifying tenants of eligible server equipment to be installed, without intervening use,

in an eligible computer data center, and to charges made for labor and services rendered in respect to installing eligible server equipment. The exemption also applies to sales to qualifying businesses and to qualifying tenants of eligible power infrastructure, including labor and services rendered in respect to constructing, installing, repairing, altering, or improving eligible power infrastructure.

(2)(a) In order to claim the exemption under this section, a qualifying business or a qualifying tenant must submit an application to the department for an exemption certificate. The application must include the information necessary, as required by the department, to determine that a business or tenant qualifies for the exemption under this section. The department must issue exemption certificates to qualifying businesses and qualifying tenants. The department may assign a unique identification number to each exemption certificate issued under this section.

(b) A qualifying business or a qualifying tenant claiming the exemption under this section must present the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3)(a) Within six years of the date that the department issued an exemption certificate under this section to a qualifying business or a qualifying tenant with respect to an eligible computer data center, the qualifying business or qualifying tenant must establish that net employment at the eligible computer data center has increased by a minimum of:

(i) Thirty-five family wage employment positions; or

(ii) Three family wage employment positions for each twenty thousand square feet of space or less that is newly dedicated to housing working servers at the eligible computer data center. For qualifying ~~((businesses that lease space at an eligible computer data center))~~ tenants, the number of family wage employment positions that must be increased under this subsection (3)(a)(ii) is based only on the space occupied by the ~~((lessee))~~ qualifying tenant in the eligible computer data center.

(b) In calculating the net increase in family wage employment positions:

(i) The owner of an eligible computer data center, in addition to its own net increase in family wage employment positions, may include:

(ii)(A) ~~((Lessees of the owner of an eligible computer data center))~~ Qualifying tenants, in addition to their own net increase in family wage employment positions, may include:

(I) A portion of the net increase in family wage employment positions employed by the owner; and

(II) A portion of the net increase in family wage employment positions described in (c)(ii)(B) of this subsection (3).

(B) The portion of the net increase in family wage employment positions to be counted under this subsection (3)(b)(ii) by each ~~((lessee))~~ qualifying tenant must be in proportion to the amount of space in the eligible computer data center occupied by the ~~((lessee))~~ qualifying tenant compared to the total amount of space in the eligible computer data center occupied by all ~~((lessees that are qualifying businesses))~~ qualifying tenants.

(c)(i) For purposes of this subsection, family wage employment positions are new permanent employment positions requiring forty hours of weekly work, or their equivalent, on a full-time basis at the eligible computer data center and receiving a wage equivalent to or greater than one hundred fifty percent of the per capita personal

PART IV

EXEMPTING CRAFT DISTILLERIES FROM CERTAIN LICENSE ISSUANCE FEES

Sec. 401. RCW 66.24.630 and 2012 c 2 s 103 (Initiative Measure No. 1183) are each amended to read as follows:

(1) There is a spirits retail license to: Sell spirits in original containers to consumers for consumption off the licensed premises and to permit holders; sell spirits in original containers to retailers licensed to sell spirits for consumption on the premises, for resale at their licensed premises according to the terms of their licenses, although no single sale may exceed twenty-four liters, unless the sale is by a licensee that was a contract liquor store manager of a contract liquor store at the location of its spirits retail licensed premises from which it makes such sales; and export spirits.

(2) For the purposes of this title, a spirits retail license is a retail license, and a sale by a spirits retailer is a retail sale only if not for resale. Nothing in this title authorizes sales by on-sale licensees to

FIRST DAY, APRIL 11, 2012

2012 2ND SPECIAL SESSION

other retail licensees. The board must establish by rule an obligation of on-sale spirits retailers to:

(a) Maintain a schedule by stock-keeping unit of all their purchases of spirits from spirits retail licensees, indicating the identity of the seller and the quantities purchased; and

(b) Provide, not more frequently than quarterly, a report for each scheduled item containing the identity of the purchasing on-premise licensee and the quantities of that scheduled item purchased since any preceding report to:

(i) A distributor authorized by the distiller to distribute a scheduled item in the on-sale licensee's geographic area; or

(ii) A distiller acting as distributor of the scheduled item in the area.

(3)(a) Except as otherwise provided in (c) of this subsection ~~((c) of this section)~~, the board may issue spirits retail licenses only for premises comprising at least ten thousand square feet of fully enclosed retail space within a single structure, including storerooms and other interior auxiliary areas but excluding covered or fenced exterior areas, whether or not attached to the structure, and only to applicants that the board determines will maintain systems for inventory management, employee training, employee supervision, and physical security of the product substantially as effective as those of stores currently operated by the board with respect to preventing sales to or pilferage by underage or inebriated persons.

(b) License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing grocery premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits retail licenses.

(c) The board may not deny a spirits retail license to an otherwise qualified contract liquor store at its contract location or to the holder of former state liquor store operating rights sold at auction under RCW 66.24.620 on the grounds of location, nature, or size of the premises to be licensed. The board ~~((shall))~~ may not deny a spirits retail license to applicants that are not contract liquor stores or operating rights holders on the grounds of the size of the premises to be licensed, if such applicant is otherwise qualified and the board determines that:

(i) There is no retail spirits license holder in the trade area that the applicant proposes to serve;

(ii) The applicant meets, or upon licensure will meet, the operational requirements established by the board by rule; and

(iii) The licensee has not committed more than one public safety violation within the three years preceding application.

(d) A retailer authorized to sell spirits for consumption on or off the licensed premises may accept delivery of spirits at its licensed premises or at one or more warehouse facilities registered with the board, which facilities may also warehouse and distribute nonliquor items, and from which the retailer may deliver to its own licensed premises and, pursuant to sales permitted under subsection (1) of this section:

(i) To other retailer premises licensed to sell spirits for consumption on the licensed premises;

(ii) To other registered facilities; or

(iii) To lawful purchasers outside the state. The facilities may be registered and utilized by associations, cooperatives, or comparable groups of retailers, including at least one retailer licensed to sell spirits.

(4)(a) Except as otherwise provided in (b) of this subsection, each spirits retail licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee equivalent to seventeen percent of all spirits sales revenues under the license, exclusive of

taxes collected by the licensee and of sales of items on which a license fee payable under this section has otherwise been incurred. The board must establish rules setting forth the timing of such payments and reporting of sales dollar volume by the licensee, with payments required quarterly in arrears. The first payment is due October 1, 2012.

(b) This subsection (4) does not apply to craft distilleries.

(5) In addition to the payment required under subsection (4) of this section, each licensee must pay an annual license renewal fee of one hundred sixty-six dollars. The board must periodically review and adjust the renewal fee as may be required to maintain it as comparable to annual license renewal fees for licenses to sell beer and wine not for consumption on the licensed premises. If required by law at the time, any increase of the annual renewal fee becomes effective only upon ratification by the legislature.

(6) As a condition to receiving and renewing a retail spirits license the licensee must provide training as prescribed by the board by rule for individuals who sell spirits or who manage others who sell spirits regarding compliance with laws and regulations regarding sale of spirits, including without limitation the prohibitions against sale of spirits to individuals who are underage or visibly intoxicated. The training must be provided before the individual first engages in the sale of spirits and must be renewed at least every five years. The licensee must maintain records documenting the nature and frequency of the training provided. An employee training program is presumptively sufficient if it incorporates a "responsible vendor program" promulgated by the board.

(7) The maximum penalties prescribed by the board in WAC 314-29-020 through 314-29-040 relating to fines and suspensions are doubled for violations relating to the sale of spirits by retail spirits licensees.

(8)(a) The board must promulgate regulations concerning the adoption and administration of a compliance training program for spirits retail licensees, to be known as a "responsible vendor program," to reduce underage drinking, encourage licensees to adopt specific best practices to prevent sales to minors, and provide licensees with an incentive to give their employees ongoing training in responsible alcohol sales and service.

(b) Licensees who join the responsible vendor program under this section and maintain all of the program's requirements are not subject to the doubling of penalties provided in this section for a single violation in any period of twelve calendar months.

(c) The responsible vendor program must be free, voluntary, and self-monitoring.

(d) To participate in the responsible vendor program, licensees must submit an application form to the board. If the application establishes that the licensee meets the qualifications to join the program, the board must send the licensee a membership certificate.

(e) A licensee participating in the responsible vendor program must at a minimum:

(i) Provide ongoing training to employees;

(ii) Accept only certain forms of identification for alcohol sales;

(iii) Adopt policies on alcohol sales and checking identification;

(iv) Post specific signs in the business; and

(v) Keep records verifying compliance with the program's requirements.

PART V CLARIFYING THE DEFINITION OF LEASEHOLD INTEREST

Sec. 501. RCW 82.29A.020 and 1999 c 220 s 2 are each amended to read as follows:

~~(As used in this chapter the following terms shall be defined as follows.)~~ The definitions in this section apply throughout this chapter unless the context ((otherwise)) requires((s)) otherwise.

(1) "Leasehold interest" ~~((shall))~~ means an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership ~~((~~PROVIDED, That~~)).~~ However, no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government ((shall)) may constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" ((shall)) includes the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites. The term "leasehold interest" ((shall)) does not include road or utility easements, rights of access, occupancy, or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner, or rights of access, occupancy, or use granted solely for the purpose of natural energy resource exploration. "Leasehold interest" does not include the preferential use of publicly owned cargo cranes and docks and associated areas used in the loading and discharging of cargo located at a port district marine facility. "Preferential use" means that publicly owned real or personal property is used by a private party under a written agreement with the public owner, but the public owner or any third party maintains a right to use the property when not being used by the private party.

(2)(a) "Taxable rent" ~~((shall))~~ means contract rent as defined in ~~((subsection (a)))~~ (c) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor ~~((~~PROVIDED, That~~)).~~ However, after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in ((subsection (b))) (g) of this subsection. All other leasehold interests ~~((shall be))~~ are subject to the determination of taxable rent under the terms of ~~((subsection (b)))~~ (g) of this subsection.

(b) For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent ~~((shall))~~ includes only the annual cash rental payment made by such entity to the department of ecology as specifically referred to as rent in the sublease agreement between the parties and ~~((shall))~~ does not include any other fees, assessments, or charges imposed on or collected by such entity irrespective of whether the private or public entity pays or collects such other fees, assessments, or charges as specified in the sublease agreement.

~~((a))~~ (c) "Contract rent" ~~((shall))~~ means the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the

property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest ~~((shall be))~~ is part of contract rent.

(d) "Contract rent" ~~((shall))~~ does not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements ~~((shall be))~~ are taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

(e) Any prepaid contract rent ~~((shall be))~~ is considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent ~~((shall))~~ must be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, ~~((shall))~~ must be prorated from the date of prepayment.

PARLIAMENTARY INQUIRY

Senator Frockt: "Thank you Mr. President. As I understand it, the legislation before us does five things: it closes a tax exemption for certain banks for interest derived for first mortgages; it extends the tax exemption for certain food processors; it reauthorizes a sales tax exemption for server farms; it exempts, from the liquor license fee, some retail sales by craft distilleries; it exempts from the lease-hold excise tax preferential use of leased marine property. Mr. President, is it generally permissible to include a variety of tax measures in a single piece of legislation as it has been done in this bill?"

REPLY BY THE PRESIDENT

President Owen: "Yes Senator, it is."

PARLIAMENTARY INQUIRY

Senator Frockt: "Mr. President, what are the votes required for final passage on this bill?"

REPLY BY THE PRESIDENT

President Owen: "The President believes that it would take two-thirds vote to pass this bill."

PARLIAMENTARY INQUIRY

Senator Frockt: "Thank you Mr. President. Is the two-thirds vote required for final passage on this bill due exclusively to the closure of the tax exemption for certain banks. That is the tax increase?"

REPLY BY THE PRESIDENT

President Owen: "Based on the President's understanding of this bill, that would be correct."

PARLIAMENTARY INQUIRY

Senator Frockt: "Finally Mr. President, is it possible under our rules to divide the question on final passage with one vote on the closure of the tax exemption and the second vote requiring a simple majority on the other parts of the bill that do not require the two-thirds vote?"

REPLY BY THE PRESIDENT

President Owen: "No. You may not divide the question on a bill."

Senator Zarelli spoke in favor of passage of the bill.

Senators Frockt, Rolfes and Benton spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed Senate Bill No. 6635.

(3) For the purposes of this section:

(a) "Cost-effectiveness" means that the present value to the local agency of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including, but not limited to, design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(c) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a local agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(f) "Public facilities" means buildings, building components, and major equipment or systems owned by local agencies.

(g) "Local agency" means any city and any town, county, special district, municipal corporation, agency, port district or authority, or political subdivision of any type, or any other entity or authority of local government in corporate form or otherwise.

(4) Grants must be awarded in competitive rounds, based on demand and capacity, with at least ten percent of each competitive grant round awarded to small cities or towns with a population of fewer than five thousand residents.

(5) In order to be eligible for energy efficiency grants under this section, applicants must complete an investment grade audit, or an equivalent, prior to submitting an application for funding.

(6) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis shall be performed by a licensed engineer, and the documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements; and

(ii) A description of the energy and operational cost savings.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(7) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of enterprise services energy savings performance contracting project guidelines; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of enterprise services through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of enterprise services through a request for qualifications, a licensed engineer that is a certified energy manager, or a project resource conservation manager.

(8) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(9) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(10) The department of commerce may charge projects administrative fees and may pay the department of enterprise services, and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(11) The department of commerce and the department of enterprise services must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled.

Grants may also be used for loan interest payments over the term of a loan.

(2) The community services and housing division within the department of commerce, in consultation with the department of enterprise services, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public higher education institutions. Final grant awards shall be determined by the department of commerce.

Except for department of fish and wildlife minor works projects funded in this act, agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

(3) It is generally not the intent of the legislature to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION. Sec. 703. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

FIRST DAY, APRIL 11, 2012

2012 2ND SPECIAL SESSION
(End of Bill)

(4) The office of financial management shall report any transfer effected under this section to the house of representatives capital budget committee, the senate ways and means committee, and the legislative evaluation and accountability program committee, at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer. The governor's capital budget request following any transfer shall reflect that transfer in the affected agency.

NEW SECTION. Sec. 704. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 705. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING

(1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities may be expended for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities may be expended for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2011-2013 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. The commission may use up to \$100,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to chapter 36, Laws of 2005.

NEW SECTION. Sec. 706. CODIFICATION. Sections 201 through 205 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 707. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 708. EFFECTIVE DATE. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Each year, nearly one billion dollars in public funds are spent on the purchase of employee insurance benefits for more than two hundred thousand public school employees and their dependents;

(b) The legislature and school districts and their employees need better information to improve current practices and inform future decisions with regard to health insurance benefits;

(c) Recent work by the state auditor's office and the state health care authority have advanced discussions throughout the state on opportunities to improve the current system; and

(d) Two major themes have emerged: (i) The state, school districts, and employees need better information and data to make better health insurance purchasing decisions within the K-12 system; (ii) affordability is a significant concern for all employees, especially for employees seeking full family insurance coverage and for the lowest-paid and part-time employees.

(2) The legislature establishes the following goals:

(a) Improve the transparency of health benefit plan claims and financial data to assure prudent and efficient use of taxpayers' funds at the state and local levels;

(b) Create greater affordability for full family coverage and greater equity between premium costs for full family coverage and for employee only coverage for the same health benefit plan;

(c) Promote health care innovations and cost savings, and significantly reduce administrative costs; and

(d) Provide greater parity in state allocations for state employee and K-12 employee health benefits.

(3) The legislature intends to retain current collective bargaining for benefits, and retain state, school district, and employee contributions to benefits.

Sec. 2. RCW 28A.400.280 and 2011 c 269 s 1 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, school districts may provide employer fringe benefit contributions after October 1, 1990, only for basic benefits. However, school districts may continue payments under contracts with employees or benefit providers in effect on April 13, 1990, until the contract expires.

(2) School districts may provide employer contributions after October 1, 1990, for optional benefit plans, in addition to basic benefits, only for employees included in pooling arrangements under this subsection. Optional benefits may include direct agreements as defined in chapter 48.150 RCW, but may not include employee beneficiary accounts that can be liquidated by the employee on termination of employment. Optional benefit plans may be offered only if:

FIRST DAY, APRIL 11, 2012

2012 2ND SPECIAL SESSION

(a) The school district pools benefit allocations among employees using a pooling arrangement that includes at least one employee bargaining unit and/or all nonbargaining group employees;

(b) Each full-time employee included in the pooling arrangement is offered basic benefits, including coverage for dependents ~~(, without a payroll deduction for premium charges)~~;

(c) Each employee included in the pooling arrangement who elects medical benefit coverage pays a minimum premium charge subject to collective bargaining under chapter 41.59 or 41.56 RCW;

(d) The employee premiums are structured to ensure employees selecting richer benefit plans pay the higher premium;

(e) Each full-time employee included in the pooling arrangement, regardless of the number of dependents receiving basic coverage, receives the same additional employer contribution for other coverage or optional benefits; and

~~((d))~~ (f) For part-time employees included in the pooling arrangement, participation in optional benefit plans shall be governed by the same eligibility criteria and/or proration of employer contributions used for allocations for basic benefits.

(3) Savings accruing to school districts due to limitations on benefit options under this section shall be pooled and made available by the districts to reduce out-of-pocket premium expenses for employees needing basic coverage for dependents. School districts are not intended to divert state benefit allocations for other purposes.

Sec. 3. RCW 28A.400.350 and 2011 c 269 s 2 are each amended to read as follows:

(1) The board of directors of any of the state's school districts or educational service districts may make available liability, life, health, health care, accident, disability, and salary protection or insurance, direct agreements as defined in chapter 48.150 RCW, or any one of, or a combination of the types of employee benefits enumerated in this subsection, or any other type of insurance or protection, for the members of the boards of directors, the students, and employees of the school district or educational service district, and their dependents. Such coverage may be provided by contracts or agreements with private carriers, with the state health care authority after July 1, 1990, pursuant to the approval of the authority administrator, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. Any direct agreement must comply with RCW 48.150.050.

(2) Whenever funds are available for these purposes the board of directors of the school district or educational service district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts or educational service districts and their dependents. The premiums on such liability insurance shall be borne by the school district or educational service district.

After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability insurance unless the district's employee benefit plan conforms to RCW 28A.400.275 and 28A.400.280.

(3) For school board members, educational service district board members, and students, the premiums due on such protection or insurance shall be borne by the assenting school board member, educational service district board member, or student. The school district or educational service district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school, school district, or educational service district. The school district board of directors and the educational service district board may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase

insurance that will provide adequate coverage, as determined by the school district board of directors or the educational service district board, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. The district board shall adopt regulations for waiving or reducing the insurance coverage requirements for low-income students in order to assure such students are not prohibited from participating in extracurricular interschool activities.

(4) All contracts or agreements for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW.

(5) School districts offering medical, vision, and dental benefits shall:

(a) Offer a high deductible health plan option with a health savings account that conforms to section 223, part VII of subchapter 1 of the internal revenue code of 1986. School districts shall comply with all applicable federal standards related to the establishment of health savings accounts;

(b) Make progress toward employee premiums that are established to ensure that full family coverage premiums are not more than three times the premiums for employees purchasing single coverage for the same coverage plan, unless a subsequent premium differential target is defined as a result of the review and subsequent actions described in section 6 of this act;

(c) Offer employees at least one health benefit plan that is not a high deductible health plan offered in conjunction with a health savings account in which the employee share of the premium cost for a full-time employee, regardless of whether the employee chooses employee-only coverage or coverage that includes dependents, does not exceed the share of premium cost paid by state employees during the state employee benefits year that started immediately prior to the school year.

(6) All contracts or agreements for employee benefits must be held to responsible contracting standards, meaning a fair, prudent, and accountable competitive procedure for procuring services that includes an open competitive process, except where an open process would compromise cost-effective purchasing, with documentation justifying the approach.

(7) School districts offering medical, vision, and dental benefits shall also make progress on promoting health care innovations and cost savings and significantly reduce administrative costs.

(8) All contracts or agreements for insurance or protection described in this section shall be in compliance with this act.

(9) Upon notification from the office of the insurance commissioner of a school district's substantial noncompliance with the data reporting requirements of RCW 28A.400.275, and the failure is due to the action or inaction of the school district, and if the noncompliance has occurred for two reporting periods, the superintendent is authorized and required to limit the school district's authority provided in subsection (1) of this section regarding employee health benefits to the provision of health benefit coverage provided by the state health care authority.

Sec. 4. RCW 28A.400.275 and 1990 1st ex.s. c 11 s 5 are each amended to read as follows:

(1) Any contract or agreement for employee benefits executed after April 13, 1990, between a school district and a benefit provider or employee bargaining unit is null and void unless it contains an

agreement to abide by state laws relating to school district employee benefits. The term of the contract or agreement may not exceed one year.

(2) School districts and their benefit providers shall annually submit, by a date determined by the office of the insurance commissioner, the following information and data for the prior calendar year to the ~~((Washington state health care authority a summary descriptions of all benefits offered under the district's employee benefit plan. The districts shall also submit data to the health care authority specifying the total number of employees and, for each employee, types of coverage or benefits received including numbers of covered dependents, the number of eligible dependents, the amount of the district's contribution, additional premium costs paid by the employee through payroll deductions, and the age and sex of the employee and each dependent.))~~

office of the insurance commissioner:

(a) Progress by the district and its benefit providers toward greater affordability for full family coverage, health care cost savings, and significantly reduced administrative costs;

(i) The financial plan structure and overall performance of each health plan including:

(A) Total premium expenses;

(B) Total claims expenses;

(ii) A description of the plan's use of innovative health plan features designed to reduce health benefit premium growth and reduce utilization of unnecessary health services including but not limited to the use of enrollee health assessments or health coach services, care management for high cost or high-risk enrollees, medical or health home payment mechanisms, and plan features designed to create incentives for improved personal health behaviors;

(iii) Data to provide an understanding of employee health benefit plan coverage and costs, including: The total number of employees and, for each employee, the employee's full-time equivalent status, types of coverage or benefits received including numbers of covered dependents, the number of eligible dependents, the amount of the district's contribution to premium, additional premium costs paid by the employee through payroll deductions, and the age and sex of the employee and each dependent;

(iv) Data necessary for school districts to more effectively and competitively manage and procure health insurance plans for employees. The data must include, but not be limited to, the following:

(A) A summary of the benefit packages offered to each group of district employees, including covered benefits, employee deductibles, coinsurance and copayments, and the number of employees and their dependents in each benefit package;

(B) Aggregated employee and dependent demographic information, including age band and gender, by insurance tier and by benefit package;

(C) Total claim payments by benefit package, including premiums paid, inpatient facility claims paid, outpatient facility claims paid, physician claims paid, pharmacy claims paid, capitation amounts paid, and other claims paid;

(D) Total premiums paid by benefit package;

(E) A listing of large claims defined as annual amounts paid in excess of one hundred thousand dollars including the amount paid, the member enrollment status, and the primary diagnosis.

(3) Annually, school districts and their benefit providers shall

jointly report to the office of the insurance commissioner on their health insurance-related efforts and achievements to:

(a) Significantly reduce administrative costs for school districts;

(b) Improve customer service;

(c) Reduce differential plan premium rates between employee only and family health benefit premiums;

(d) Protect access to coverage for part-time K-12 employees;

~~((4))~~ (6) This section shall not apply to benefit plans offered in the 1989-90 school year.

NEW SECTION. Sec. 5. A new section is added to chapter 48.02 RCW to read as follows:

(1) For purposes of this section, "benefit provider" has the same meaning as provided in RCW 28A.400.270.

(2)(a) By December 1, 2013, and December 1st of each year thereafter, the commissioner shall submit a report to the governor, the health care authority, and the legislature on school district health insurance benefits. The report shall be available to the public on the commissioner's web site. The confidentiality of personally identifiable district employee data shall be safeguarded consistent with the provisions of RCW 42.56.400(21).

(b) The report shall include a summary of each school district's health insurance benefit plans and each district's aggregated financial data and other information as required in RCW 28A.400.275.

(3) The commissioner shall collect data from school districts or their benefit providers to fulfill the requirements of this section. The commissioner may adopt rules necessary to implement the data submission requirements under this section and RCW 28A.400.275, including, but not limited to, the format, timing of data reporting, data elements, data standards, instructions, definitions, and data sources.

(4) In fulfilling the duties under this act, the commissioner shall consult with school district representatives to ensure that the data and reports from benefit providers will give individual school districts sufficient information to enhance districts' ability to understand, manage, and seek competitive alternatives for health insurance coverage for their employees.

(5) If the commissioner determines that a school district has not substantially complied with the reporting requirements of RCW 28A.400.275, and the failure is due to the action or inaction of the school district, the commissioner will inform the superintendent of public instruction of the noncompliance.

(6) Data, information, and documents, other than those described in subsection (2) of this section, that are provided by a school district or an entity providing coverage pursuant to this section are exempt from public inspection and copying under this act and chapters 42.17A and 42.56 RCW.

(7) If a school district or benefit provider does not comply with the data reporting requirements of this section or RCW 28A.400.275, and the failure is due to the actions of an entity providing coverage authorized under Title 48 RCW, the commissioner may take enforcement actions under this chapter.

FIRST DAY, APRIL 11, 2012

2012 2ND SPECIAL SESSION

(8) The commissioner may enter into one or more personal services contracts with third-party contractors to provide services necessary to accomplish the commissioner's responsibilities under this act.

NEW SECTION. Sec. 6. A new section is added to chapter 41.05 RCW to read as follows:

By June 1, 2015, the health care authority must report to the governor, legislature, and joint legislative audit and review committee the following duties and analyses, based on two years of reports on school district health benefits submitted to it by the office of the insurance commissioner:

(1) The director shall establish a specific target to realize the goal of greater equity between premium costs for full family coverage and employee only coverage for the same health benefit plan. In developing this target, the director shall consider the appropriateness of the three-to-one ratio of employee premium costs between full family coverage and employee only coverage, and consider alternatives based on the data and information received from the office of the insurance commissioner.

(2) The director shall also study and report the advantages and disadvantages to the state, local school districts, and district employees:

(a) Whether better progress on the legislative goals could be achieved through consolidation of school district health insurance purchasing through a single consolidated school employee health benefits purchasing plan;

(b) Whether better progress on the legislative goals could be achieved by consolidating K-12 health insurance purchasing through the public employees' benefits board program, and whether consolidation into the public employees' benefits board program would be preferable to the creation of a consolidated school employee health benefits purchasing plan;

(c) Whether certificated or classified employees, as separate groups, would be better served by purchasing health insurance through a single consolidated school employee health benefits purchasing plan or through participation in the public employees' benefits board program; and

(d) Analyses shall include implications of taking any of the actions described in (a) through (c) of this subsection to include, at a minimum, the following: The costs for the state and school employees, impacts for existing purchasing programs, a proposed timeline for the implementation of any recommended actions.

NEW SECTION. Sec. 7. A new section is added to chapter 44.28 RCW to read as follows:

(1) By December 31, 2015, the joint committee must review the reports on school district health benefits submitted to it by the office of the insurance commissioner and the health care authority and report to the legislature on the progress by school districts and their benefit providers in meeting the following legislative goals to:

(a) Improve the transparency of health benefit plan claims and financial data to assure prudent and efficient use of taxpayers' funds at the state and local levels;

(b) Create greater affordability for full family coverage and greater equity between premium costs for full family coverage and employee only coverage for the same health benefit plan;

(c) Promote health care innovations and cost savings and significantly reduce administrative costs.

(2) The joint committee shall also make a recommendation regarding a specific target to realize the goal in subsection (1)(b) of this section.

(3) The joint committee shall report on the status of individual school districts' progress in achieving the goals in subsection (1) of this section.

(4)(a) In the 2015-2016 school year, the joint committee shall determine which school districts have met the requirements of RCW

28A.400.350 (5) and (6), and shall rank order these districts from highest to lowest in term of their performance in meeting the requirements.

(b) The joint committee shall then allocate performance grants to the highest performing districts from a performance fund of five million dollars appropriated by the legislature for this purpose. Performance grants shall be used by school districts only to reduce employee health insurance co-payments and deductibles. In determining the number of school districts to receive awards, the joint committee must consider the impact of the award on district employee co-payments and deductibles in such a manner that the award amounts have a meaningful impact.

(5) If the joint committee determines that districts and their benefit providers have not made adequate progress, in the judgment of the joint committee, in achieving one or more of the legislative goals in subsection (1) of this section, the joint committee report to the legislature must contain advantages, disadvantages, and recommendations on the following:

(a) Why adequate progress has not been made, to the extent the joint committee is able to determine the reason or reasons for the insufficient progress;

(b) What legislative or agency actions would help remove barriers to improvement;

(c) Whether school district health insurance purchasing should be accomplished through a single consolidated school employee health benefits purchasing plan;

(d) Whether school district health insurance purchasing should be accomplished through the public employees' benefits board program, and whether consolidation into the public employees' benefits board program would be preferable to the creation of a consolidated school employee health benefits purchasing plan; and

(e) Whether certificated or classified employees, as separate groups, would be better served by purchasing health insurance through a single consolidated school employee health benefits purchasing plan or through participation in the public employees' benefits board program.

(6) The report shall contain any legislation necessary to implement the recommendations of the joint committee.

(7) The legislature shall take all steps necessary to implement the recommendations of the joint committee unless the legislature adopts alternative strategies to meet its goals during the 2016 session.

Sec. 8. RCW 42.56.400 and 2012 c 222 s 2 are each amended to read as follows:

The following information relating to insurance and financial institutions is exempt from disclosure under this chapter:

POINT OF ORDER

Senator Padden: "Mr. President, approximately five hours ago in the first special session of 2012 I rose to a point of parliamentary inquiry on Senate Bill No. 6623. I would renew that for Third Engrossed Second Substitute House Bill No. 2565 as I believe the issues are the same. I'd ask for your ruling as to its applicability to Initiative 1053."

RULING BY THE PRESIDENT

President Owen: "In ruling on the Point of Order raised by Senator Padden as to whether Third Engrossed Second Substitute House No. 2565 raises taxes in a manner that requires a 2/3 supermajority vote, the President finds and rules as follows:

Second Engrossed Second Substitute House No. 2565 concerns the taxation of "roll your own" cigarettes. Such cigarettes are made by a consumer who purchases loose tobacco and paper tubes for holding the tobacco. A machine available in many Washington stores allows the consumer to have the loose tobacco inserted into the paper tubes. This form of cigarette manufacturing is not subject to the cigarette tax under current Washington law.

This situation is most similar to the Legislature's action in 2009, when it acted to clarify another pre-existing tax by confirming that it applied to digital goods. Here, the Legislature has already enacted the tax, but is simply applying that tax to a cigarette process that did not exist until recently. As the President previously ruled, the Legislature retains the power to clarify existing law and apply it to new technologies, and such an action does not trigger the supermajority provisions of I-1053.

The bill also imposes a licensing fee on businesses that operate a roll your own machine. Licensing fees generally do not constitute tax increases, and there is no showing that the licensing fee in this instance is a tax.

For these reasons, the President finds that the bill does not "raise taxes" as defined in Initiative 1053, and will require a constitutional majority for final passage. Senator Padden's point is not well-taken."

Senator Pflug spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Third Engrossed Second Substitute House Bill No. 2565.

FOR THE DEPARTMENT OF COMMERCE

CERB Administered Economic Development, Innovation & Export Grants (92000096)

The appropriations in this section are subject to the following conditions and limitations: The appropriation is provided solely for a competitive economic development and community revitalization grant program administered by the community economic revitalization board (board) in consultation with the public works

board and for the economic development projects specified in subsection (2) of this section.

(1) The intent of the competitive program is to provide grants to local governments, including ports, and innovation partnership zones for public infrastructure, facilities, and related improvements that enable and encourage private sector business creation or expansion, the redevelopment of brownfields, and to enhance the vitality and livability of the community. The board shall establish all grant application requirements. The board may choose to establish two separate grant competitions for the economic development projects and the community revitalization projects.

(2) The boards shall prioritize economic development grants by considering at a minimum the following criteria:

(a) The number of jobs created by the expected business creation or expansion and the average wage of those expected jobs. In evaluating proposals for their job creation potential, the board may adjust the job estimates in applications based on the board's judgment of the credibility of the job estimates;

(b) The board shall also consider the need for job creation based on the unemployment rate of the county or counties in which the project is located. In evaluating the average wages of the jobs created, the board shall compare those wages to median wages of private sector jobs in the county or counties surrounding the project location;

(c) When evaluating the jobs created by the project, the board may consider the area labor supply and readily available skill sets of the labor pool in the county or counties surrounding the project location;

(d) How the expected business creation or expansion fits within the region's preferred economic growth strategy as indicated by the efforts of nearby innovation partnership zones, industry clusters as defined by the Washington Economic Development Commission, future export prospects, or local government equivalent if available;

(e) The speed with which the project can begin construction;

(f) The extent that the final list of grant awards provides broad geographic distribution, leverages nonstate funds, and achieves overall the greatest benefit in job creation at good wages for the amount of money provided;

(g) In no event shall the board award a grant that supplants previously committed project resources.

(3) The board shall prioritize community revitalization grants by considering at a minimum the following criteria:

(a) The value of the project to the community. In evaluating the value of the project, the board shall, at a minimum, consider the difficulty the applicant has in financing main street improvement projects with their own local resources and the extent the project will increase economic activity for existing businesses, improve safety and enjoyment of pedestrians and bicyclists, enhance in-city recreational opportunities, and revitalize downtown business districts.

(b) The extent to which businesses and local governments in the affected area support the project;

(c) Whether or not the project is in the local government's adopted capital facility plan, comprehensive plan, or equivalent. Additional consideration is given to projects located within one of the aforementioned plans;

(d) The extent to which the project promotes infill and redevelopment of the downtown area;

(e) The speed with which the project can begin construction;

(f) The extent that the final list of grant awards provides broad geographic distribution, leverages nonstate funds, and achieves overall the greatest benefit for the amount of money provided;

(g) The extent to which the applicant demonstrates the ability to maintain the project funded through the grant program;

The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation, or, after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the resource management cost account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(5) Prior to executing an exchange under this section, and in addition to the public notice requirements set forth in RCW 79.17.050, the department shall consult with legislative members, other state and federal agencies, local governments, tribes, local stakeholders, conservation groups, and any other interested parties to identify and address cultural resource issues and the potential of the state lands proposed for exchange to be used for open space, park, school, or critical habitat purposes.

Sec. 6007. RCW 79.17.020 and 2009 c 497 s 6025 are each amended to read as follows:

(1) The board of county commissioners of any county and/or the mayor and city council or city commission of any city or town and/or the board shall have authority to exchange, each with the other, or with the federal forest service, the federal government or any proper agency thereof and/or with any private landowner, county land of any character, land owned by municipalities of any character, and state forest land owned by the state under the jurisdiction of the department, for real property of equal value for the purpose of consolidating and blocking up the respective land holdings of any county, municipality, the federal government, or the state of Washington or for the purpose of obtaining lands having commercial recreational leasing potential.

(2) During the biennium ending June 30, (~~2011~~) 2013, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the forest development account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(3) Prior to executing an exchange under this section, and in addition to the public notice requirements set forth in RCW 79.17.050, the department shall consult with legislative members, other state and federal agencies, local governments, tribes, local stakeholders, conservation groups, and any other interested parties to identify and address cultural resource issues, and the potential of the state lands proposed for exchange to be used for open space, park, school, or critical habitat purposes.

Sec. 6008. RCW 79.105.150 and 2011 2nd sp.s. c 9 s 6009 are each amended to read as follows:

After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. During the 2009-2011 and 2011-2013 fiscal biennia, the aquatic lands enhancement account may also be used for scientific research as part of the adaptive management process and for developing a planning report for McNeil Island. During the 2009-2011 and 2011-2013 fiscal biennia, the legislature may transfer from the aquatic lands enhancement account to the state general fund such amounts as reflect excess fund balance of the account. During the 2011-2013 fiscal biennium, the aquatic lands enhancement account may be used to support the shellfish program, the ballast water program, and the Puget Sound toxic sampling program at the department of fish and wildlife, (~~and~~) the knotweed program at the department of agriculture, and the Puget Sound Corps program.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;

(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and

(c) Develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants.

(3) To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The department shall consult with affected interest groups in implementing this section.

(5) After January 1, 2010, any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

I think our staff has had a more challenging and difficult session and we have no better staff in Olympia than the Ways & Means staff for the Senate. They, I don't know if they're here or if they will come out. They probably won't but their hard work, working with us, both sides of the aisle, in the product that we see is just absolutely outstanding. I

personally can't thank them enough and I want to mention them all; Tim Yowell, Erik Sund, Richard Ramsey, Devon Nichols, Sherry McNamara, Steve Jones, Maria Hovde, Jenny Greenlee, Elise Greef, Diane Criswell, Megan Christophersen, Dean Carlson, Michael Bezanson, Megan Atkinson, Brian Sims and for me as Chair, most importantly, Bryon Moore and David Schumacher. MR. PRESIDENT:

The House has passed:

ENGROSSED SENATE BILL NO. 6635.
and the same is herewith transmitted.

BARBARA BAKER, Chief Clerk

MOTION

On motion of Senator Eide, the Senate advanced to the sixth order of business.

PERSONAL PRIVILEGE

Senator Fraser: "Well thank you Mr. President. Well, this is an historic end of session in many respects including that we're here still at 6:30 in the morning but it is particularly historic for four of our members of the Senate Democratic Caucus for whom this is their last day of service in an official, full, active legislative session assuming we are going to adjourn within an hour or so. So, we have four Senate Democrats who are have chosen to not run for re-election and they are people with considerable number of years of experience and have demonstrated considerable leadership here in the Senate. I'd just like to take a moment and acknowledge their service. Senator Margarita Prentice who has served in the Legislature twenty-five years, five in the House and twenty in the Senate; Senator Debbie Regala who has served eighteen years in the Legislature, six in the House and twelve in the Senate; Senator Jim Kastama who has served sixteen years in the Legislature, four in the House and twelve in the Senate and Senator Craig Pridemore who have served eight years here in the Senate. So, I think we owe them a debt of gratitude and you know we probably owe them a lot of speeches but I don't think we're up to it right now so I would ask everybody to express your appreciation on an interpersonal basis. Thank you to our Senators."

The Senate resumed consideration of Engrossed Senate Bill No. 5127 which had been deferred earlier in the day.

PERSONAL PRIVILEGE

Senator Parlette: "Thank you and I will be short. We have a member, Senator Val Stevens, who also is retiring this year and she chose to sneak out on us so we wouldn't do this to her. We are going to miss her jokes so much and her wisdom and good financial investment advice that she gave to us in our caucus at all times which I will not share on the floor of the Senate. But, talk about a classy lady who always knew the right thing to say in

tense moments that would bring normally laughter to all of us. We will miss her, she also too has served a long time just like we will miss all of you, including the city boy back there. Thank you.”

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5978

March 30, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 218, Engrossed Substitute Senate Bill 5978 entitled:

"AN ACT Relating to medicaid fraud."

Engrossed Substitute Senate Bill 5978 creates a new State Medicaid Fraud False Claims Act. The federal Deficit Reduction Act of 2005 provides that the federal government will give to the state ten percent of any funds recovered as part of Medicaid enforcement actions brought under a state law comparable to the federal False Claims Act.

The emergency clause in Section 218 providing for Engrossed Substitute Senate Bill 5978 to take effect immediately is not necessary. The bill will be effective ninety days after the adjournment of the session at which it was enacted, which will be June 7, 2012. There is no need to provide an earlier effective date. The Legislature has not yet provided funding to implement the provisions of this bill; the Health Care Authority and the Attorney General's Office will need time to prepare for implementation; and the State can request federal approval under the Deficit Reduction Act of 2005 in a timely manner without the emergency clause.

For these reasons, I have vetoed Section 218 of Engrossed Substitute Senate Bill 5978.

With the exception of Section 218, Engrossed Substitute Senate Bill 5978 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 6159

March 30, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Senate Bill 6159 entitled:

"AN ACT Relating to a business and occupation tax deduction for amounts received with respect to dispute resolution services."

Senate Bill 6159 allows dispute resolution centers to deduct amounts they receive as contributions from federal, state, and local government or nonprofit organizations from the measure of the business and occupation tax. Nonprofit organizations may also deduct from the measure of tax amounts received from federal, state, or local governments for distribution to a qualified dispute resolution center.

Section 2 would apply this deduction from the measure of the tax both prospectively and retroactively. The retroactive application of the bill would reward delinquent taxpayers, while those who paid on time would not receive a refund under the prohibition on the gift of state funds in Article VIII, Section 5 of the Washington Constitution, as interpreted by the Washington Supreme Court.

For this reason, I have vetoed Section 2 of Senate Bill 6159.

With the exception of Section 2, Senate Bill 6159 is approved.

Respectfully submitted,

Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SECOND SUBSTITUTE SENATE BILL NO. 6263

March 30, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 5 and 6, Second Substitute Senate Bill 6263 entitled:

"AN ACT Relating to facilitating marine management planning."

Sections 5 and 6 of the bill would establish the membership and duties of a new Washington State Coastal Solutions Council. Among other duties, this Council would provide a forum to seek consistency in state, local, and tribal policies concerning coastal waters issues; engage other governments on behalf of the state; and provide policy recommendations to the governor, the Legislature, and state and local agencies on specific coastal waters resource management issues.

It is unclear how the Council would exercise these substantial duties in relation to the agencies with jurisdiction, which could participate only as nonvoting members. While the Council would be located within the Governor's Office, the Council would determine its own membership and be an autonomous body. As we look to regain our strength in the post-recession economy, now is not the time to be creating new state commissions. I remain committed to an efficient, lean government that will better serve the citizens of this state.

I fully agree with the legislative intent to directly engage our coastal communities and give them a stronger voice in shaping their future. To that purpose, I will assign a representative from my office to actively participate in the existing Coastal Advisory Board convened by the Department of Ecology.

For these reasons, I have vetoed Sections 5 and 6 of Second Substitute Senate Bill 6263.

With the exception of Sections 5 and 6, Second Substitute Senate Bill 6263 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6486

March 30, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill 6486 entitled:

"AN ACT Relating to collective bargaining for postdoctoral researchers at certain state universities."

Section 2 provides this act is null and void if specific funding is not provided in the omnibus appropriations act. A veto of this section is necessary to ensure collective bargaining rights for postdoctoral and clinical employees at the University of Washington and Washington State University. Further, if specific funding is not provided in the omnibus appropriations act, the administrative costs associated with the collective bargaining can be paid within existing funds or allocated to the funds that support the employees, many of which are not within the State General Fund.

For this reason, I have vetoed Section 2 of Engrossed Substitute Senate Bill 6486.

With the exception of Section 2, Engrossed Substitute Senate Bill 6486 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SUBSTITUTE SEATE BILL NO. 6508

March 30, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute Senate Bill 6508 entitled:

"AN ACT Relating to department of social and health services waivers of overpayment recoveries."

Section 3 requires the Office of Fraud and Accountability within the Department of Social and Health Services to collaborate with the Auditor's Office and the Department of Early Learning to identify, review, and provide the Legislature with recommendations for integrated monitoring and detection systems to prevent overpayments of public assistance. The Office of Fraud and Accountability was created for the specific purpose of focusing on the prevention and investigation of abuse and fraud in the use of public assistance benefits. To avoid diluting this focus, the Secretary of the Department of Social and Health Services should determine what resources of the Department are best used in advancing measures to prevent non-fraudulent overpayments of public assistance.

For this reason, I have vetoed Section 3 of Substitute Senate Bill 6508.

With the exception of Section 3, Substitute Senate Bill 6508 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SENATE BILL NO. 6074

April 23, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 1020, 3017, 6001(5)(b), and 6002, Engrossed Senate Bill 6074 entitled:

"AN ACT Relating to funding capital project."

Section 1020, pages 16-18, Office of Financial Management, Loan Program Consolidation Board

This proviso creates a loan program consolidation board to recommend a plan to consolidate under a single financing authority all existing state lending programs, including infrastructure and student loan programs. There have been five prior studies reviewing consolidation of infrastructure programs within the last six years. The most recent study was completed by the Public Works Board following the 2011 legislative session and provides ample information for a potential consolidation. Additionally, I do not believe it is appropriate for student loan programs to be comingled with infrastructure programs targeted to local governments and community groups. The Student Achievement Council is tasked to convene a work group on the higher education loan program and can better focus on reforming that program to meet the needs of today's students. For these reason, I have vetoed Section 1020.

Section 3017, page 36, and Section 6001(5)(b), page 55, State Parks and Recreation Commission, Lake Sammamish Concession and Event Facility

The State Parks and Recreation Commission is provided \$1 million in general obligation bonds and authorization to enter into a certificate of participation financing contract for \$ 2.1 million to build a concession and event facility at Lake Sammamish. It is not anticipated that the revenue initially generated by the event center will be adequate to cover the associated debt and operating costs. Additionally, other revenue generated by the State Parks and Recreation Commission is not stable enough to cover these costs if facility revenues are inadequate. For these reason, I have vetoed Section 3017 and Section 6001 (5)(b), but I encourage the commission to resubmit this project for consideration for the next supplemental capital budget if the revenue outlook improves.

Section 6002, pages 55-56, Department of Commerce

The Department of Commerce is directed to work with stakeholders to develop recommendations for a complete grant program to assist zoos, aquariums and technology and science centers in acquiring, constructing or rehabilitating their facilities. A funding mechanism for these organizations was the subject of legislation that failed to pass this session.

For this reason, I have vetoed Section 6002, but I encourage the organizations to continue to work with legislators, rather than the department, to address their concerns with developing a capital funding program for their facility needs.

Although I am approving the remainder of the capital budget, I am concerned about the long-term implications of over-approaching the State and Local Toxics Control Accounts, the Aquatic Lands Enhancement Account, and other natural resource accounts in both the capital and operating budgets. I have directed the Office of Financial Management to work with the Department of Ecology and the Recreation and Conservation Office to develop a plan to manage these accounts to prevent a cash deficit. However, there is a risk that lower revenue collections or accelerated project costs could create the need to suspend project to balance the accounts. While I value the economic activity and jobs that are created in the capital budget, I ask the Legislature to return to budgeting practices that result in sustainable capital plans with positive fund balances.

With the exception of Sections 1020, 3017, 6001(5)(b), and 6002, Engrossed Senate Bill No. 6074 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 6406

May 2, 2012

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 305 and 306 Second Engrossed Substitute Senate Bill 6406 entitled:

“AN ACT Relating to modifying programs that provide for protection of the state’s natural resources.”

This bill streamlines regulatory programs for managing and protecting the state’s natural environment while increasing the sustainability of program funding and maintaining current levels of natural resource protection.

Section 301 of the bill requires the Department of Ecology to prepare rules to update the categorical exemptions for environmental review under the State Environmental Policy Act (SEPA), revise the SEPA environmental checklist, and improve integration of SEPA with the provisions of the Growth Management Act. In updating the checklist, Section 301(2)(c) of the bill directs the Department of Ecology to “not include any new subjects into the scope of the checklist, including climate change and greenhouse gases.”

I have been assured that the intent of this language is confined to its plain meaning: This subsection addresses only how the Department of Ecology may modify the environmental checklist in its update of WAC 197-11-960. This language does not impact in any way the scope of the environmental analysis required at the threshold determination stage of the SEPA process or the scope of the environmental analysis required in an environmental impact statement. Letters I have received from legislators involved in the drafting of this language confirm that the Legislature’s intent was to address only the scope of the environmental checklist and not to amend any substantive SEPA requirements.

This understanding and interpretation of the bill are set forth in letters to me from legislators directly involved in passage of the legislation, including an April 23, 2012, letter from Senator Sharon Nelson and Representative Dave Upthegrove, respective chairs of the Senate and House Environment Committees; an April 26, 2012, letter from Representatives Richard DeBolt, Joel Kretz, Bruce Chandler, Shelly Short, David Taylor, J. T. Wilcox, and Ed Orcutt; and an April 27, 2012, letter from Senators Jim Honeyford and Mark Schoesler.

This is also the understanding and interpretation set forth in an April 19, 2012, letter to me from Representative Joe Fitzgibbon, the prime sponsor of House Bill No. 2253, where this language first appeared. I have also received letters from stakeholders who participated in legislative proceedings related to this provision. These stakeholders include the Association of Washington Cities, Washington State Association of Counties, Futurewise, Association of Washington Business, and the Washington Chapter of the American Planning Association. These letters affirm that the intent of Section 301 was to eliminate existing duplication between state natural resource programs, and not to amend any substantive SEPA requirements. An April 20, 2012, joint letter from representatives of four environmental organizations notes that ESSB 6406 was the product of "a long and ultimately constructive negotiation amongst a diverse set of stakeholders," including their organizations" People for Puget Sound, Washington Conservation Voters, the Washington Environmental Council, and Climate Solutions. This letter quotes the language of Section 301(2)(c)(ii) and states: "Throughout the bill negotiations, there was agreement amongst all parties that the intent of this subsection was to ensure simply that no new line items were added to the SEPA checklist in the process of the checklist update directed by section 301." However, the letter indicates that after the passage of this bill by the Senate and House, advisers to these organizations raised concerns that the language could be read to make broader changes in SEPA law.

After careful review, I have concluded that these assurances that the Legislature did not intend to limit the scope of SEPA review of adverse effects of climate change and greenhouse gases are fully supported. Section 1 of the bill expresses the Legislature's intent to maintain current levels of natural resource protection. Additionally, Section 301(2)(c) specifically references the environmental checklist found in WAC 197-11-960. The Legislature did not reference other steps in the SEPA process such as the threshold determination addressed in different sections of chapter 197-11 WAC. Nothing in the letters I have received or in the legislative discussion of this provision negates this understanding.

My action in approving Section 301 is taken with the intent that it will operate only to prohibit inclusion of any new subjects in the scope of the checklist, and that the subjects of climate change and greenhouse gases will be considered in the environmental analysis required at the threshold determination stage of the SEPA process and in the environmental analysis required in a SEPA environmental impact statement. After consulting legal advisers, it is my understanding that this is the proper reading of this section of the bill and that this understanding will be considered by the courts when ascertaining legislative intent, as outline in *Lynch v. State*, 19 Wn.2d 802 (1944). Without this understanding, I would have vetoed Section 301.

Concern has also been raised that there is a need for a meaningful civil enforcement capacity to support the state's Hydraulic Project Approval (HPA) program. I share this concern and have asked the Washington Department of Fish and Wildlife to clarify the current enforcement mechanisms through rule revision within the ongoing HPA rule update, and to implement an effectiveness survey to measure results.

I am also asking the Department to deliver the survey results to the Office of Financial Management, the Governor's Office, and the Legislature, with the intent to inform actions needed to create a more effective civil enforcement HPA program.

Amendments to the bill in the final day of the 2012 1st Special Session removed the explicit authority for local governments to collect a fee to recover their costs for a SEPA environmental impact statement prepared in support of certain land use plans. However, remnants of the original fee proposal that are no longer meaningful were left in the bill. Section 305 allows local governments to recover the costs of a SEPA environmental impact statement for certain land use plans from either state funds or private donations. Local governments are already authorized to accept funding from these sources. Section 306 refers to fees that are no longer authorized in Section 305. These two sections of the bill have the potential to create confusion with the existing authorities of local governments.

For these reasons, I have vetoed Sections 305 and 306 of Second Engrossed Substitute Senate Bill No. 6406.

With the exception of Sections 305 and 306 of Second Engrossed Substitute Senate Bill No. 6406 is approved.

Respectfully submitted,
Christine Gregoire, Governor
