RESIGNATION LETTER

Honorable Christine Gregoire
Washington State Governor
Office of the Governor
P. O. Box 40002
Olympia, WA 98504

June 6, 2011

Dear Governor Gregoire:

This letter serves to notify you of my intention to resign my seat in the Washington State Senate, effective June 30, 2011.

In addition, I wish to advise you that I am honored to accept the appointment you have graciously extended to me, to serve as a member of the Northwest Power and Conservation Council, commencing July 1, 2011. I look forward to enhancing the working relationship between your office and the Council, and to ensuring that our State's needs and interests are advanced through the work of the Council to the maximum degree possible.

Permit me also to express my thanks for the wonderful manner in which you advised me of your appointment by traveling to the Senate chamber the day before Sine Die last week! That was a very special moment for me, one that I shall treasure. Your action also made it possible for me to share the news with my colleagues and to wish them farewell shortly before we adjourned Sine Die. After 13 years, it was with distinctly mixed feelings that I announced my departure; but at the same time, I am very excited at the prospect of continued public service to our State and the Pacific Northwest region as a member of the Council.

Again, thank you for this wonderful opportunity.

Sincerely,
State Senator Phil Rockefeller
23rd legislative District

**FULL AND UNCONDITIONAL PARDON
OF
STARCIA MARIE AGUE**

To all to Whom These Presents Shall Come, Greetings:

WHEREAS, Starcia Marie Ague, as a juvenile, pled guilty to two counts of Robbery in the First Degree and one count of Kidnapping in the First Degree after participating in a March 23, 2003, home invasion robbery in which the occupants of the home

were tied up and threatened and items from the home were stolen. These offenses occurred when Ms. Ague was 15 years old. She had been removed from her parents' custody after suffering abuse, neglect and exposure to criminal activities, following which she was placed in foster homes and then lived on the streets. At sentencing, the juvenile court imposed three 103-129 week sentences to be served consecutively until Ms. Ague reached the age of 21. The juvenile court also imposed restitution and costs, which have been paid.

WHEREAS, Ms. Ague, upon confinement in the juvenile rehabilitation facilities of Naselle Youth Camp and Echo Glen Detention Center, determined to change her life and develop strong positive values and the will to succeed. During her six years in juvenile rehabilitation facilities, she earned her high school diploma and participated in a course of online studies that allowed her to earn college credit. Aided by friends and mentors, Ms. Ague developed and mastered the interpersonal and academic skills necessary to achieve a positive direction in her life.

WHEREAS, after her release at age 21, Ms. Ague entered Washington State University and, while pursuing her degree, worked as an intern with the juvenile unit of the Spokane County Defender's Office and as Residence Life Staff at Washington State University's Orton Hall. She earned a degree in Criminal Justice from the Washington State University.

WHEREAS, Ms. Ague has participated in efforts to improve juvenile rehabilitation by assisting faculty at the University of Washington and Washington State University on projects to improve alternatives to detention for juvenile status offenders and to better equip detention staff and probation officers to deal with mentally ill youthful offenders and their families. She took her passion and commitment to improving the lives of youth in the juvenile justice system to the Washington Legislature. She successfully advocated for Senate Bill 6561, allowing the sealing of juvenile records under certain circumstances, thereby helping to remove roadblocks faced by young adults trying to overcome their juvenile histories. She was awarded scholarships to attend the Georgetown University Certificate Program to Improve Outcomes for Children and Youth Involved in the Child Welfare and Juvenile Justice Systems.

WHEREAS, Ms. Ague is now 23 years old, has demonstrated her successful rehabilitation, and wants to be a mentor and role model and make positive changes in the lives of youth who have lost their way. She has a goal of obtaining employment in a field that works with at-risk youth and juvenile offenders, and her juvenile offense history is a barrier to this goal. A pardon will allow these juvenile adjudications to be removed from the criminal history record that is available to the public.

WHEREAS, there was a strong showing of support at Ms. Ague's hearing before the Clemency and Pardons Board in the form of testimony recommending a pardon by Lieutenant Don Stevens of the Tumwater Police Department, Washington State Senator James Hargrove, Regents Professor Nicholas Lovrich of the Washington State University, and others that explained that Ms. Ague is a person with exceptional qualities that Washington needs to work with our at-risk youth.

WHEREAS, Ms. Ague's Petition for a pardon was supported by numerous letters of support, including letters from Justice Bobbe J. Bridge (Retired), the President of the Center for Children &

NOW, THEREFORE, I, Christine O. Substitute Senate Bill No. 5691,
Substitute Senate Bill No. 5700.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seal of the State of Washington this 19th day of August 2011.

SAM REED
Secretary of State

MESSAGE FROM THE GOVERNOR

PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 5788

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 501, Substitute Senate Bill No. 5788 entitled:

“AN ACT Relating to regulating liquor by changing tied house and licensing provisions and making clarifying and technical changes to liquor laws.”

The emergency clause in Section 501 provides that three sections of Substitute Senate Bill 5788 take effect on July 1, 2011. All sections of the bill will be effective ninety days after the adjournment of the session at which it was enacted, which will be no later than July 24, 2011. There is no need to provide an earlier effective date for the sections listed in Section 501. Therefore, this emergency clause is unnecessary.

For these reasons, I have vetoed Section 501 of Substitute Senate Bill 5788.

With the exception of Section 501, Substitute Senate Bill 5788 is approved.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON ENGROSSED SECOND SUBSTITUTE
SENATE BILL NO. 5073

April 29, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 101, 201, 407, 410, 411, 412, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806, 807, 901, 902, 1104, 1201, 1202, 1203 and 1206, Engrossed Second Substitute Senate Bill No. 5073 entitled:

“AN ACT Relating to medical use of cannabis.”

In 1998, Washington voters made the compassionate choice to remove the fear of state criminal prosecution for patients who use medical marijuana for debilitating or terminal conditions. The voters also provided patients' physicians and caregivers with defenses to state law prosecutions.

I fully support the purpose of Initiative 692, and in 2007, I signed legislation that expanded the ability of a patient to receive assistance from a designated provider in the medical use of marijuana, and added conditions and diseases for which medical marijuana could be used.

Today, I have signed sections of Engrossed Second Substitute Senate Bill 5073 that retain the provisions of Initiative 692 and

provide additional state law protections. Qualifying patients or their designated providers may grow cannabis for the patient's use or participate in a collective garden without fear of state law criminal prosecutions. Qualifying patients or their designated providers are also protected from certain state civil law consequences.

Our state legislation may remove state criminal and civil penalties for activities that assist persons suffering from debilitating or terminal conditions. While such activities may violate the federal Controlled Substances Act, states are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. However, absent congressional action, state laws will not protect an individual from legal action by the federal government.

Qualifying patients and designated providers can evaluate the risk of federal prosecution and make choices for themselves on whether to use or assist another in using medical marijuana. The United States Department of Justice has made the wise decision not to use federal resources to prosecute seriously ill patients who use medical marijuana.

However, the sections in Part VI, Part VII, and Part VIII of Engrossed Second Substitute Senate Bill 5073 would direct employees of the state departments of Health and Agriculture to authorize and license commercial businesses that produce, process or dispense cannabis. These sections would open public employees to federal prosecution, and the United States Attorneys have made it clear that state law would not provide these individuals safe harbor from federal prosecution. No state employee should be required to violate federal criminal law in order to fulfill duties under state law. For these reasons, I have vetoed Sections 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806 and 807 of Engrossed Second Substitute Senate Bill 5073.

In addition, there are a number of sections of Engrossed Second Substitute Senate Bill 5073 that are associated with or dependent upon these licensing sections. Section 201 sets forth definitions of terms. Section 412 adds protections for licensed producers, processors and dispensers. Section 901 requires the Department of Health to develop a secure registration system for licensed producers, processors and dispensers. Section 1104 would require a review of the necessity of the cannabis production and dispensing system if the federal government were to authorize the use of cannabis for medical purposes. Section 1201 applies to dispensaries in current operation in the interim before licensure, and Section 1202 exempts documents filed under Section 1201 from disclosure. Section 1203 requires the department of health to report certain information related to implementation of the vetoed sections. Because I have vetoed the licensing provisions, I have also vetoed Sections 201, 412, 901, 1104, 1201, 1202 and 1203 of Engrossed Second Substitute Senate Bill 5073.

Section 410 would require owners of housing to allow the use of medical cannabis on their property, putting them in potential conflict with federal law. For this reason, I have vetoed Section 410 of Engrossed Second Substitute Senate Bill 5073.

Section 407 would permit a nonresident to engage in the medical use of cannabis using documentation or authorization issued under other state or territorial laws. This section would not require these other state or territorial laws to meet the same standards for health care professional authorization as required by

Washington law. For this reason, I have vetoed Section 407 of Engrossed Second Substitute Senate Bill 5073.

Section 411 would provide that a court may permit the medical use of cannabis by an offender, and exclude it as a ground for finding that the offender has violated the conditions or requirements of the sentence, deferred prosecution, stipulated order of continuance, deferred disposition or dispositional order. The correction agency or department responsible for the person's supervision is in the best position to evaluate an individual's circumstances and medical use of cannabis. For this reason, I have vetoed Section 411 of Engrossed Second Substitute Senate Bill 5073.

I am approving Section 1002, which authorizes studies and medical guidelines on the appropriate administration and use of cannabis. Section 1206 would make Section 1002 effective January 1, 2013. I have vetoed Section 1206 to provide the discretion to begin efforts at an earlier date.

Section 1102 sets forth local governments' authority pertaining to the production, processing or dispensing of cannabis or cannabis products within their jurisdictions. The provisions in Section 1102 that local governments' zoning requirements cannot "preclude the possibility of siting licensed dispensers within the jurisdiction" are without meaning in light of the vetoes of sections providing for such licensed dispensers. It is with this understanding that I approve Section 1102.

I have been open, and remain open, to legislation to exempt qualifying patients and their designated providers from state criminal penalties when they join in nonprofit cooperative organizations to share responsibility for producing, processing and dispensing cannabis for medical use. Such exemption from state criminal penalties should be conditioned on compliance with local government location and health and safety specifications.

I am also open to legislation that establishes a secure and confidential registration system to provide arrest and seizure protections under state law to qualifying patients and those who assist them. Unfortunately, the provisions of Section 901 that would provide a registry for qualifying patients and designated providers beginning in January 2013 are intertwined with requirements for registration of licensed commercial producers, processors and dispensers of cannabis. Consequently, I have vetoed section 901 as noted above. Section 101 sets forth the purpose of the registry, and Section 902 is contingent on the registry. Without a registry, these sections are not meaningful. For this reason, I have vetoed Sections 101 and 902 of Engrossed Second Substitute Senate Bill 5073. I am not vetoing Sections 402 or 406, which establish affirmative defenses for a qualifying patient or designated provider who is not registered with the registry established in section 901. Because these sections govern those who have not registered, this section is meaningful even though section 901 has been vetoed.

With the exception of Sections 101, 201, 407, 410, 411, 412, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806, 807, 901, 902, 1104, 1201, 1202, 1203 and 1206, Engrossed Second Substitute Senate Bill 5073 is approved.

Respectfully submitted,
Christine Gregoire, Governor

2011 2ND SPECIAL SESSION

VETO ON SUBSTITUTE SENATE BILL NO. 5097

May 10, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5097 entitled:

“AN ACT Relating to juveniles with developmental disabilities who are in correctional detention centers, juvenile correction institutions or facilities, and jails.”

This bill would establish a work group to address issues relating to juveniles with developmental disabilities who are confined in juvenile detention or correctional facilities. The work group would be required to report to the Legislature by December 1, 2011, with recommendations concerning specific topics related to juveniles with developmental disabilities and the juvenile justice system. If recommended by the work group, a screening tool and related materials would be developed by September 1, 2012, to assist juvenile detention and correction institutions and facilities in identification of offenders with the most common types of developmental disabilities. The work group would expire on January 1, 2013.

I support the intent behind this bill, but not the process established. As I have stated many times, I believe that, in most cases, work groups that are charged with making recommendations on policy objectives should not be created in statute. However, development of the information and recommendations outlined in the bill would be useful to executive agencies and the Legislature. The Washington Developmental Disabilities Council has indicated it would participate in the work group and underwrite related costs with monies allocated from federal funds. I am confident the Washington Developmental Disabilities Council will be able to coordinate with the parties listed in the bill and accomplish the tasks outlined without a statute. Representatives of the Juvenile Rehabilitation Administration have indicated a willingness to participate in a work group established by the Washington Developmental Disabilities Council.

For this reason, I have vetoed Substitute Senate Bill 5097 in its entirety.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON SENATE BILL NO. 5045

May 12, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 34, 508, 520 and 590, Senate Bill No. 5045 entitled:

“AN ACT Relating to making technical corrections to gender-based terms.”

I am vetoing Section 34 because it incorrectly amends the phrase “his widow” to “his or her widow” in RCW 2.12.037. I am vetoing the following sections due to conflicting amendments in other bills already signed into law in the 2011 session: Sections 508, 520 and 590.

With the exception of Sections 34, 508, 520 and 590, Senate Bill 5045 is approved.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON SENATE BILL NO. 5083

May 12, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Senate Bill No. 5083 entitled:

“AN ACT Relating to clarifying that the basis for business and occupation tax for real estate firms is the commission amount received by each real estate firm involved in a transition.”

Senate Bill 5083 provides that when a real estate commission on a particular transaction is divided among real estate firms at the closing of the transaction, each firm must pay the tax only upon its respective share.

Section 3 would apply this act both prospectively and retroactively. The retroactive application of the bill would reward delinquent taxpayers while those who paid on time would not receive a refund under the prohibition on the gift of state funds in Article VIII, Section 5 of the Washington Constitution, as interpreted by the Washington Supreme Court.

For this reason, I have vetoed Section 3 of Senate Bill 5083.

With the exception of Section 3, Senate Bill 5083 is approved.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 5691

May 12, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 402, 503, 804 and 805, Substitute Senate Bill No. 5691 entitled:

“AN ACT Relating to crime victims’ compensation.”

With this bill, the Legislature has taken important steps to ensure the sustainability of our Crime Victims' Compensation program. Administrative efficiencies, coupled with painful but necessary benefit reductions, will allow the program to maintain its viability for the foreseeable future. However, only temporarily reducing these benefits will only temporarily strengthen the Crime Victims' Compensation program. An increase in crime victims' benefits is a discussion that should occur if and when state revenues improve, but not before that time.

For these reasons, I have vetoed Sections 402, 503, 804 and 805 of Substitute Senate Bill 5691.

With the exception of Sections 402, 503, 804 and 805, Substitute Senate Bill 5691 is approved.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 5700

May 16, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute Senate Bill No. 5700 entitled:

“AN ACT Relating to certain toll facilities.”

I am vetoing Section 1, the intent section. As outlined in an informal Attorney General Opinion, Initiative 1053 does not constrain the manner in which the legislature approves imposition or increases in fees. Section 1 could be misconstrued to constrain the form of legislative approvals. Vetoing the intent section does not impede implementation of the bill.

For these reasons, I have vetoed Section 1 of Substitute Senate Bill 5700.

With the exception of Section 1, Substitute Senate Bill 5700 is approved.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON ENGROSSED SECOND SUBSTITUTION
SENATE BILL NO. 5182

June 6, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 246, Engrossed Second Substitute Senate Bill No. 5182 entitled:

“AN ACT Relating to establishing the office of student financial assistance by eliminating the higher education

coordinating board and transferring its functions to various entities.”

Section 246 transfers powers, duties and functions of the higher education coordinating board pertaining to student financial assistance to the new office of student financial assistance. Due to a technical bill drafting error, the effective date of the transfer of powers would occur prior to the creation of the new office of student financial assistance on July 1, 2012.

For this reason, I am vetoing Section 246. The new higher education steering committee will make recommendations concerning higher education governance prior to the 2012 legislative session. I expect the committee to consider the transfers of authority set forth in Section 246 and recommend any statutory changes necessary in the 2012 session to successfully achieve the appropriate transfers.

For these reasons, I have vetoed Section 246 of Engrossed Second Substitute Senate Bill 5182.

With the exception of Section 246, Engrossed Second Substitute Senate Bill 5182 is approved.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE
BILL NO. 5749

June 6, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute Senate Bill No. 5749 entitled:

“AN ACT Relating to the Washington advanced college tuition payment program.”

Section 1 would expand the membership of the Committee on Advanced Tuition Payment, limit private sector and citizen representatives on the committee to four year terms and require Senate confirmation of citizen and business representatives. The work of this committee involves oversight of complex financial issues. The bill does not stagger the terms of the committee members, and expands the number of term-limited members to four of the committee's seven members. Unstaggered and limited terms for a majority of the committee members would leave the committee highly vulnerable to the loss of expertise accumulated by citizen and business representatives and inhibit the work of this committee.

For these reasons, I have vetoed Section 1 of Engrossed Substitute Senate Bill 5749.

With the exception of Section 1, Engrossed Substitute Senate Bill 5749 is approved.

Respectfully submitted,
Christine Gregoire, Governor

FIRST DAY, NOVEMBER 28, 2011
 PARTIAL VETO ON SECOND ENGROSSED SUBSTITUTE
 SENATE BILL NO. 5742

2011 2ND SPECIAL SESSION
 "AN ACT Relating to Innovate Washington."

June 7, 2011

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 11, 13, 14 and 15, Second Engrossed Substitute Senate Bill No. 5742 entitled:

"AN ACT Relating to the Washington state ferry system."

Section 11 requires the Washington State Department of Transportation (WSDOT) to provide quarterly on-time performance reports to the Legislature and to post the data on vessels, at terminals, and on the WSDOT's website. I am vetoing this section because Washington State Ferries already reports on-time performance through the Government Management Accountability and Performance program (GMAP), and quarterly reports are posted on the GMAP website.

Sections 13 and 14 contain conflicting requirements for actions that must be taken if Washington State Ferries does not meet at least eighty percent of performance measure targets. Section 13 requires that the governor appoint a management representative and Section 14 requires WSDOT to solicit requests for qualifications to privatize Washington State Ferries management. In addition, I do not believe either of these requirements is necessary or practicable.

Section 15 requires the Office of Financial Management's (OFM) Attainment Report to include the performance measures in Sections 10 and 11. Once the ad hoc committee in Section 10 completes its work, a determination will be made regarding the high-level performance indicators that should be included in the Attainment Report. Accordingly, I am vetoing this section so the ad hoc committee's recommendations can be considered.

For these reasons, I have vetoed Sections 11, 13, 14 and 15 of Second Engrossed Substitute Senate Bill 5742.

With the exception of Sections 11, 13, 14 and 15, Second Engrossed Substitute Senate Bill 5742 is approved.

Respectfully submitted,
 Christine Gregoire, Governor

PARTIAL VETO ON SECOND ENGROSSED SENATE BILL
 NO. 5764

June 7, 2011

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 18, Second Engrossed Senate Bill No. 5764 entitled:

This bill creates Innovate Washington as the successor agency to the Washington Technology Center and the Spokane Intercollegiate Research and Technology Institute.

Section 1 provides that Innovate Washington will act as the primary agency focused on growing innovation-based sectors of our economy and will work with business to meet technology transfer needs. This section defines the mission of Innovate Washington as making our state the best place to develop, build, and deploy innovative products with collaborative partnerships among academic institutions, industry and government. Among the means Section 1 outlines to carry out this mission is leveraging state investments in sector-focused, innovation-based economic development initiatives. Innovate Washington is designated as the lead entity to coordinate and approve state funding "for programs targeted at expanding the clean energy sector" while maintaining policy and regulatory functions at the state energy office housed at the Department of Commerce.

Given Innovate Washington's mission, the definition of "lead entity" is Section 1(7) to mean "the organization that all other state agencies must coordinate with and receive approval from in order to award state funds in support of clean energy initiatives" is limited to approval of state funding awards for the primary purpose of economic development in the clean energy sector. Approval would not extend to state funding of initiatives not specifically targeted to grow the clean energy sector. Moreover, as stated in a colloquy on the Senate floor and consistent with the terminology clean energy "initiatives," the approval required under Section 1(7) applies to new programs begun after the effective date of the act. The above understanding and interpretation of the bill is shared by the legislature as set forth in a letter to me from Senator Jim Kastama and Representative Deb Eddy dated May 25, 2011 encouraging me to give clarifying direction to the agencies involved. It is with this understanding that I approve Section 1.

I am vetoing Section 18 of Second Engrossed Senate Bill 5764 which requires the joint legislative audit and review committee to review performance of Innovate Washington and to make recommendations regarding the effectiveness of its programs by December 1, 2015. Innovate Washington is required to submit its first five year business plan to the legislature by December 1, 2012, which will identify its activities and programs, and set forth its operational plan and strategy for carrying out its mission. The timing of a study to determine the effectiveness of its programs is best determined based on the schedule in the business plan. When the business plan is completed, the joint legislative audit and review committee can determine the appropriate timing and content of a review based on experience without the need for a statutory provision.

For this reason, I am vetoing Section 18 of Second Engrossed Senate Bill 5764.

With the exception of Section 18, Second Engrossed Senate Bill 5764 is approved.

Respectfully submitted,
 Christine Gregoire, Governor

PARTIAL VETO ENGROSSED SUBSTITUTE SENATE BILL
 NO. 5919

June 7, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6,
Engrossed Substitute Senate Bill No. 5919 entitled:

“AN ACT Relating to education funding.”

Section 6 requires students in the graduating class of 2015, rather than 2013, to meet the state standard on the high school assessment in order to earn a certificate of academic achievement or certificate of individual achievement.

The House or Representatives delivered Engrossed Substitute House Bill 1410 containing a similar provision on May 25, 2011. That bill is among those I sign today.

For this reason, I have vetoed Section 6 of Engrossed Substitute Senate Bill 5919.

With the exception of Section 6, Engrossed Substitute Senate Bill 5919 is approved.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON SECOND SUBSTITUTE SENATE BILL
NO. 5459

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 7 and 11,
Second Substitute Senate Bill No. 5459 entitled:

“AN ACT Relating to services for people with
developmental disabilities.”

This bill makes a number of changes that address the increased provision of services to persons with developmental disabilities in a community setting. It reduces admissions to residential habilitation centers, closes the Frances Haddon Morgan Center by December 31, 2011, provides for relocation and alternatives, and strengthens the array of support available in communities.

Section 7 of this bill mandates that the Department of Social and Health Services provide a series of processes and services that assist successful client transitions into the community. Most provisions in this section are current practices within the Department, including the following: person-centered approaches to discharge plans, family mentoring, offering residential habilitation center employees opportunities for employment in community settings, offering residents leaving a residential habilitation center the ability to return, and maximizing federal funding. Approval of Section 7 is not required to implement these approaches. However, Section

7(2)(f)(vii) could be interpreted to mandate that the Department provide new transportation services and other supports to assist family and friends in maintaining regular contact with residents who have moved out of a residential habilitation center. While I agree that clients should maintain contact with their family and friends, this subsection could create a broad, undefined requirement that is also unfunded. The type, frequency, and costs of transportation are not easily assessed. Because these unknown elements present serious concerns about unanticipated fiscal impacts, I am vetoing Section 7.

Section 11 mandates that the Department annually submit a report to the Legislature regarding persons who have transitioned from residential habilitation centers to the community. Much of the information required for this report is already gathered as a standard part of the client assessment and existing quality assurances processes. Aggregating and assembling client-specific information into a new report is a significant unfunded mandate.

Although I am vetoing this section, I am directing the Department to share the various reports related to the quality of client transitions and community-based services with the Legislature.

For these reasons, I have vetoed Sections 7 and 11 of Second Substitute Senate Bill 5459.

With the exception of Sections 7 and 11, Second Substitute Senate Bill 5459 is approved.

Respectfully submitted,
Christine Gregoire, Governor

PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE
BILL NO. 5921

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 3 and 26, Engrossed Substitute Senate Bill No. 5921 entitled:

“AN ACT Relating to social services.”

This omnibus bill addresses redesign and policy changes to Washington’s WorkFirst program, including provisions related to eligibility, accountability, fraud detection and enforcement. During the current economic downturn the state has experienced increased utilization of safety net programs. Now is the time to redouble our focus on service delivery that meets the intended outcomes and ensures fiscal accountability for the use of limited public funds.

Sections 3 of the bill requires the Department of Social and Health Services to engage in competitive performance-based contracting for all WorkFirst activities. I strongly support government efficiency and improved performance in providing critical services to Washington residents. However, Section 3 of the bill is not needed and could create confusion about the applicable law that would govern such contracting. The Legislature enacted a law in 1997, codified as RCW 74.08A.290,

FIRST DAY, NOVEMBER 28, 2011

2011 2ND SPECIAL SESSION

that authorized the Department of Social and Health Services to engage in competitive contracting using performance-based contracts to provide all work activities. The Department of Social and Health Services would be expressly mandated to exercise its authority granted in 1997 under RCW 74.08A.290 by Second Engrossed Substitute House Bill 1087, a bill among those I sign today. I will direct the Department of Social and Health Services and the WorkFirst Subcabinet to act on the Legislature's direction in Second Engrossed Substitute House Bill 1087 to competitively contract all work activities under the 1997 law.

during this timeframe will redirect key leadership and staff capacity and attention from implementing these complex and resource intensive initiatives to reviewing the rationale for the current strategies underway.

Section 26 of the bill establishes a Fraud Ombudsman in the State Auditor's Office to audit and provide oversight of the Office of Fraud and Accountability at the Department of Social and Health Services. Transparency of public funds is critically important. I remain committed to ensuring appropriate use of public funds when providing critical services for the State's most vulnerable residents.

Sections 901 through 909 transfer the Education Research Data Center (ERDC) from the Office of Financial Management's Forecasting Division to the Legislative Evaluation and Accountability Program Committee (LEAP). The ERDC and LEAP are collaboratively involved in building a robust and informative research capability that informs decision-making for both the executive and legislative branch. This transfer would not accomplish the goals that are shared among the legislative and executive branches and may actually slow the federally funded initiatives underway. The ERDC will continue to serve our shared commitment to transparency, education data quality, and useful information for decision makers while remaining at the Office of Financial Management.

However, Section 26 is duplicative of the State Auditor's Office existing authority to audit the work of the Office of Fraud and Accountability. The Department of Social and Health Services will provide the State Auditor's Office with access to any relevant records in its possession to the fullest extent practicable upon the request of the State Auditor's Office.

For these reasons, I have vetoed Sections 815 and 816 and Sections 901 through 909 of Engrossed Substitute Senate Bill 5931.

For these reasons, I have vetoed Sections 3 and 26 of Engrossed Substitute Senate Bill 5921.

With the exception of Sections 815 and 816 and Sections 901 through 909, Engrossed Substitute Senate Bill 5931 is approved.

Respectfully submitted,
Christine Gregoire, Governor

With the exception of Sections 3 and 26, Engrossed Substitute Senate Bill 5921 is approved.

PARTIAL VETO ON ENGROSSED SUBSITUTE SENATE
BILL NO. 5931

PERSONAL PRIVILEGE

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Senator Hewitt: "Thank you Madam President. I want to welcome everyone back especially the two new members that we have on the floor with us today. We have a lot of serious business ahead of us this year, we're back here in special session, we have some very tough choices to make. We'd like you to know that last year the Lieutenant Governor on the last day of session, made a statement, he said, 'He's been here for thirty-six years and he'd never seen cooperation like he saw this year this spring.' We're hopeful that we can continue that, work together, I think we all have the end result in mind. It's a matter of how we go down that path, I know we're going to have a little more difficulty this year in performing some of our tasks but I hope the Senate can stay together like we did this spring, work together to resolve the problems of the people of the state of Washington and make this a much better place to live. Thank you Madam President."

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 815 and 816 and Sections 901 through 909, Engrossed Substitute Senate Bill No. 5931 entitled:

PERSONAL PRIVILEGE

"AN ACT Relating to reorganizing and streamlining central service functions, powers, and duties of state government."

Sections 815 and 816 require the State Auditor to conduct a performance audit of the consolidated state data center during the same period that the Department of Information Services and Office of Financial Management will be fully engaged in the transformative activities associated with implementation of this bill and the consolidated data center business plan. Such activities will include designing and installing the consolidated state data center infrastructure; moving staff to the new office building; structuring the new Department of Enterprise Services, Consolidated Technology Services, and Office of the Chief Information Officer; and conducting a statewide information technology total cost of ownership study. A performance audit

Senator Parlette: "Thank you. Well, I just wanted to thank all of you colleagues, staff and security and thank you for all the notes I received. When I left the session this year, earlier in the spring, I knew I was having surgery on September 6. That was scheduled. What wasn't scheduled was surgery also on October 12 and October 19 and I have to tell you, I am an elected official who, you might say a politician, who has survived having her throat slit twice. How many other people can say that? I just wanted you to know that I acknowledged first the cards and the thank yous and then it became overwhelming. So, please accept that from the bottom of my heart, I thank all of you. I still have a

few things to do which maybe will take me away for a few days because I will be radioactive but other than that I think I'm one hundred percent in good health and I thank you for all your thoughts, and your prayers cards and your calls. Thank you very much."

MOTION

Senator Kilmer moved that the following striking amendment by Senators Kilmer, Pridemore and Swecker be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The lives of military families are dominated by frequent deployments, relocations, and extended periods of single parenthood. Military spouses are some of the most mobile populations in our country, making the maintenance of professional licenses a significant obstacle. According to the 2010 defense management data center, there are thirty-three thousand three hundred eighty active duty and ten thousand eight hundred thirty-seven reserve military spouses residing in Washington. Military families depend on two incomes and want to achieve their goals and aspirations. It is the intent of the legislature to recognize the sacrifices made by military families in service to our country and our state and to help alleviate the hardships military families face due to their highly transient life.

NEW SECTION. Sec. 2. (1) For the purposes of this section, "authority" means any board, commission, or other authority for issuance of a license, certificate, registration, or permit under this title.

(2) To the extent resources are available:

(a) Each authority shall establish procedures to expedite the issuance of a license, certificate, registration, or permit to perform professional services regulated by each such authority to a person:

(i) Who is certified or licensed, certified, or registered, or has a permit in another state to perform professional services in that state;

(ii) Whose spouse is the subject of a military transfer to Washington; and

(iii) Who left employment in the other state to accompany the person's spouse to Washington.

(b) The procedure must include a process for issuing the person a license, certificate, registration, or permit, if, in the opinion of the authority, the requirements for licensure, certification, registration,

or obtaining a permit of such other state are substantially equivalent to that required in Washington.

(c) Each authority in this title shall develop a method and adopt rules to authorize a person who meets the criteria in (a)(i) through (iii) of this subsection to perform services regulated by the authority in Washington by issuing the person a temporary license, certificate, registration, or permit for a limited period of time to allow the person to perform services regulated by the authority while completing any specific additional requirements in Washington that are not related to training or practice standards of the profession that were not required in the other state in which the person is licensed, certified, or registered, or has a permit. Nothing in this section requires the authority to issue a temporary license, certificate, registration, or permit if the standards of the other state are substantially unequal to Washington standards.

(d) An applicant must state in the application that he or she:

(i) Has requested verification from the other state or states that the person is currently licensed, certified, registered, or has a permit; and

(ii) Is not subject to any pending investigation, charges, or disciplinary action by the regulatory body of the other state or states.

(e) If the authority finds reasonable cause to believe that an applicant falsely affirmed or stated either of the requirements under (d)(i) or (ii) of this subsection, the authority may summarily suspend the license, certificate, registration, or permit pending an investigation or further action to discipline or revoke the license, certificate, registration, or permit.

NEW SECTION. Sec. 3. The regulating authorities for the department of licensing, the department of health, the department of labor and industries, and the superintendent of public instruction shall appear before the joint committee on veteran and military affairs in December 2012 to inform the committee as to their efforts to implement the requirements of this chapter.

Sec. 4. RCW 28A.410.010 and 2005 c 497 s 203 are each amended to read as follows:

(1)(a) The Washington professional educator standards board shall establish, publish, and enforce rules determining eligibility for and certification of personnel employed in the common schools of this state, including certification for emergency or temporary, substitute or provisional duty and under such certificates or permits as the board shall deem proper or as otherwise prescribed by law. The rules shall require that the initial application for certification shall require a record check of the applicant through the Washington state patrol criminal identification system and through the federal bureau of investigation at the applicant's expense. The record check shall include a fingerprint check using a complete Washington state criminal identification fingerprint card. The superintendent of public instruction may waive the record check for any applicant who has had a record check within the two years before application. The rules shall permit a holder of a lapsed certificate but not a revoked or suspended certificate to be employed on a conditional basis by a school district with the requirement that the holder must complete any certificate renewal requirements established by the state board of education within two years of initial reemployment.

(b) In establishing rules pertaining to the qualifications of instructors of American sign language the board shall consult with the national association of the deaf, "sign instructors guidance network" (s.i.g.n.), and the Washington state association of the deaf for evaluation and certification of sign language instructors.

(c) The board shall develop rules consistent with section 2 of this act for the certification of spouses of military personnel.

(2) The superintendent of public instruction shall act as the administrator of any such rules and have the power to issue any certificates or permits and revoke the same in accordance with board rules.

NEW SECTION. Sec. 5. A new section is added to chapter 19.105 RCW to read as follows:

The director shall develop rules consistent with section 2 of this act for the registration of spouses of military personnel.

NEW SECTION. Sec. 6. A new section is added to chapter 46.82 RCW to read as follows:

The director shall develop rules consistent with section 2 of this act for the licensure of spouses of military personnel.

NEW SECTION. Sec. 7. A new section is added to chapter 42.44 RCW to read as follows:

The director shall develop rules consistent with section 2 of this act for the appointment of spouses of military personnel to perform notarial acts in this state.

NEW SECTION. Sec. 8. A new section is added to chapter 67.08 RCW to read as follows:

The director shall develop rules consistent with section 2 of this act for the licensure of spouses of military personnel.

NEW SECTION. Sec. 9. A new section is added to chapter 64.36 RCW to read as follows:

The director shall develop rules consistent with section 2 of this act for the registration of spouses of military personnel.

NEW SECTION. Sec. 10. Sections 1 and 2 of this act constitute a new chapter in Title 18 RCW."

Senator Kilmer spoke in favor of adoption of the striking amendment.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Kilmer, Pridemore and Swecker to Substitute Senate Bill No. 5969.

The motion by Senator Kilmer carried and the striking amendment was adopted by voice vote.

MOTION

There being no objection, the following title amendment was adopted:

On page 1, line 3 of the title, after "Washington;" strike the remainder of the title and insert "amending RCW 28A.410.010; adding a new section to chapter 19.105 RCW; adding a new section to chapter 46.82 RCW; adding a new section to chapter 42.44 RCW; adding a new section to chapter 67.08 RCW; adding a new section to chapter 64.36 RCW; adding a new chapter to Title 18 RCW; and creating a new section."

On motion of Senator Eide, the Senate advanced to the sixth order of business.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2058, by House Committee on Ways & Means (originally sponsored by Representative Hunter)

Relating to fiscal matters. Revised for 1st Substitute: Making 2011-2013 supplemental operating appropriations.

The measure was read the second time.

MOTION

On motion of Senator Murray, the rules were suspended, Substitute House Bill No. 2058 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Murray, Zarelli and Hargrove spoke in favor of passage of the bill.

POINT OF INQUIRY

Senator Harper: "Will Senator Murray yield to a question? Thank you, Annual state payments to school districts for bus replacement costs are currently deposited in districts' Transportation Vehicle Funds each October. This early action budget bill moves the schedule of state payments to August of each year, beginning with the 2012-13 school year. The planned October 2012 allocation will be made in August 2013. More than two dozen school districts have pledged funds from this revenue to pay debt service on bus purchases. Since those payments are made in December and June of each year, it is possible that some districts will need to pay debt service from their General Funds until the August 2013 allocation from the state reimburses the district. How might the Legislature respond if the delayed state allocation causes financial hardship to a school district?"

Senator Murray: "Yes, we recognize that it is possible some school districts may experience financial difficulties in making their debt payments for transportation purposes. It is the Legislature's intent to examine the permissible use of any emergency contingency funds provided in the 2012 supplemental budget for consideration of temporary assistance in the event of fiscal hardship relating to the delayed state allocation."

The President declared the question before the Senate to be the final passage of Substitute House Bill No. 2058.

PERSONAL PRIVILEGE

Senator Padden: "Well, I just wanted to thank the body so much for their efforts last January 21st in passing Senate Resolution No. 8600 honoring my predecessor, elected predecessor, Bob McCaslin who came into the Legislature when I did in 1981. We were close for many, many years and as you all know he was a delight to be around 'most of the time' and had certainly the greatest sense of humor of anybody I have ever met in my life. You know we could really be using his wisdom today. He came up with the way to solve our budget crisis. He said it would be very easy. All you'd have to do, and this is one of the few taxes the Bob or I could probably support, and that would be put a tax on floor speeches in the Senate and that would probably solve the problems. But, anyway, we remember Bob for many things and also he was the last World War II Veteran, as I understand, to serve in the Senate. It's great to be back here to see so many friends, so many people I served with in the House and I look forward for a productive session with everybody come January. Thank you very much Mr. President. I guess there is a senate tradition I heard about. I was told about by the Senator from the Ninth District. Hopefully those things will be distributed to you very shortly."

SEVENTEENTH DAY, DECEMBER 14, 2011

2011 2ND SPECIAL SESSION

PERSONAL PRIVILEGE

Senator Hargrove: “Well, thank you Mr. President. I want to welcome Senator Padden here and let him know he has moved to the more deliberative body. I actually served with Mike in the House. I think it was a couple of Millenia ago and he was the Minority lead on the Judiciary Committee where Marlin Applewick would run sometimes twenty-five or thirty bills within a half hour. He would have his railroad engineer’s hat on and a whistle and we’d go through exec session and nobody knew what was in those bills, including Mike, and so we can expect that same attention to detail here. But also, we do things a little bit slower in the Senate except in our committee where you’ll see executive sessions much like the Judiciary Committee of old so it will remind you of old home week. I wanted to close with one thing, Senator Padden, you are no Bob McCaslin.”

PERSONAL PRIVILEGE

Senator Schoesler: “Having served in the other body and looked back in history I have a few memories of the new Senator from the Ninth District. It appeared in the last election he was called liberal by some and he was an early liberal, let me assure you. He was the renegade who backed the notorious Ronald Regan in the 1976 Electoral College which now makes you a winner of a trivia contest. He also was one of the troglodytes and he warned of the ills of a sales tax on food. But then, like Austin Powers, Mike was frozen away for a while, twenty years or so Mike was frozen in time just like Austin Powers in the movies and when he came back he had a cell phone when he came here. It is about the size of a shoe box. He asked if his Legislative Assistant could have a typewriter like the old days, he asked where all the big cars went to that were made in Detroit and if they had an eight track tape player or record albums in his office and asked what had become of Regan and President Bush and they said ‘Well, W is back in Texas’ he said No, ‘His father, want to check that out.’ So, I would urge all of you to help Mike, aka, Austin Powers, adjust to this century we’re in.”

PERSONAL PRIVILEGE

Senator Brown: “Thank you Mr. President. I would also like to welcome my new colleague from the Spokane Valley to the Senate. And to say yes, things have changed Mike since you and I first served together in the House in 1993. As I recall I had one little baby and you had five. You and Laura were raising your children with Denny and Jeanne Dellwo who now serves as my Legislative Assistant. I believe you brought your entire family over for every legislative session and that inspired me to do the same with my son. As I recall you were considered to be on the right side of your party and now I don’t know what’s changed but you’re in the middle. You’re the moderate from the Fourth District this time around and so a lot of things have changed. I will tell you one thing that has not changed from today’s apparently from what we’ve seen today and that is, you still vote ‘no’ a lot.”

REMARKS BY THE PRESIDENT

President Owen: “And you’re still the liberal from Spokane.”

PERSONAL PRIVILEGE

Senator Stevens: “Thank you, I too would like to welcome the Senator from Spokane area and I have almost forgiven him for the fact that he recruited me to run for the House many, many years ago. In 1991 he came knocking on my door and said, ‘There is going to be an empty seat and I would urge you to run for the legislature.’ At that time, speaking of history as Senator Schoesler was doing, I can remember my Legislative Assistant was trained to work the computer with a box. They brought a box to her office and she was taught how to run the computer using an empty box. I never quite figured out how that worked, certainly not for today. Many things have changed in those years having served in the House. I also had difficulty forgiving the Senator when he left the House to become a judge, he kind of brought me in and then abandoned me so I had a difficult time adjusting to that as well. But we will be happy to welcome you to the Senate, certainly Senator Padden and we will also be happy to teach you some of the things you have missed while you have been away. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Delvin: “Thank you Mr. President. Welcome to Senator Padden. I was your when I was first elected, I was your Vice Chair on along with representative at that time named Tim Hickel. They called us Bevis and Butt-head, I don’t know why that was, but I thought we were good Vice Chairs for you. I was a police officer and he was an attorney so I think we kept a balance there for you. I think we probably made you lose a lot of your hair then but we brought a different perspective but I just want to welcome you to the Senate and thank you for the gift.”

REMARKS BY THE PRESIDENT

President Owen: “Senator Padden, the President can’t help but notice that there are things on the member’s desk and I am looking around up here...”

FIRST DAY**NOON SESSION**

Senate Chamber, Olympia, Monday, January 9, 2012

At 12:00 noon, pursuant to law, the Senate of the 2012 Regular Session of the Sixty-Second Legislature of the state of Washington assembled in the Senate Chamber at the State Capitol. President Brad Owen called the Senate to order. The Secretary called the roll and announced to the President that all Senators were present with the exception of Senators Benton, Delvin, Holmquist Newbry, Kohl-Welles and Stevens.

The Sergeant at Arms Color Guard consisting of Army National Guard, Sergeant Henry PoChing, Specialist Jacob Smalser, Specialist Russell Phillips and Specialist Karl Baker presented the colors. Reverend George Anne Boyle of the St. Benedict Episcopal Church of Lacey offered the prayer.

REMARKS BY THE PRESIDENT

President Owen: "Every year we are privileged to have the Lake Fair Queen welcome us on the opening day of the legislative session. I am pleased to ask Michaela Kier, this year's Lake Fair Queen, to say a few words."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Mr. and Mrs. Michael Kier Queen Kiers parents; Andrew Kiers, brother; Stan Guyer 2012 Capital Lake Fair President; Bob Barnes Capital Lake Fair Executive Director and Serry Barnes 2012 Royalty Chair who were seated in the gallery.

REMARKS BY MISS MICHAELA KIER

Michaela Kier: "Mr. President, ladies and gentlemen of the Senate. Welcome to the Sixty-Second Washington Legislature. It is an honor and privilege to be here today. My name is Michaela Kier and I am the 2011 Capital Lake Fair Queen, I presently attend Northwest Christian High School. Thinking back to your elementary school years, what images come to mind? I'm sure everyone's memories are as unique as each individual here, yet most everyone's recollections are held within the common frame work of each day leaving home to attend school within a class room. During my elementary and junior high school years I was privileged to have experienced the somewhat unusual adventure of being home schooled. I entered full time formal education in my sophomore year of high school. One distinction that separated my schooling of that of the standard class room was the freedom I was given to imagine and create. My younger brother and I entered the world of history through reading books written on historical times or people. We spent countless hours exploring the woods behind our home re-enacting history lessons complete with homemade costumes and constructed castles or forts. Science always included nature walks, here we discovered and collected plant and insect samples later to be researched analyzed and recorded in our nature books. Drawing, poems and notes were often written within these pages. Any interest my brother or I had we were encouraged to comprehensively research, study and master. Curiosity was a thing to be satisfied not stifled or boxed in. It didn't occur to us to be intimidated or doubtful of our ability to do or learn anything. Added to this, our home was always open to others. I grew up with people constantly in and

out. Alongside my parents we learned to cook for the homeless and clean for the elderly. As a part of my education I learned to focus on others and as a result I experienced joy. During those years we traveled to twenty-eight states, visiting historical places of interest, exploring our great country. We learned to play musical instruments, we rode horses, played sports, traveled abroad and sailed the San Juan Islands. My home school years were unique, full of adventure and possibility. I was not given a box to fit into, but rather I was given wide open windows to see and experience life through. As adults all of us can make choices to live outside of boxes, we can open wide new or overlooked windows of thought, opportunity and creative possibility. Equipped with these and the willingness to serve we can then confidently enter the adventure called 2012. God Bless you and God Bless the state of Washington."

MOTION

On motion of Senator Eide, the Senate advanced to the third order of business.

The Honorable Lisa Brown
 Washington State Senate
 PO Box 40482
 Olympia, Washington 98504

Dear Senator Brown:

It is with great satisfaction and pride that the Washington State Redistricting Commission submits the final 2011 Washington State Redistricting Plan. The Commission unanimously adopted this plan for new legislative and congressional districts on January 1, 2012.

In finalizing the plan, the 2011 Commission worked closely with the county auditors of the state to ensure that any accidental errors and omissions that could be a problem for elections administration were corrected. The resolution that we signed in adopting this report gives further instruction to the auditors for making minor adjustments to the boundaries, if necessary, when the plan is finalized.

It has been a pleasure to serve on the 2011 Commission, and an honor to take part in this truly bi-partisan process on behalf of the people of Washington State.

Respectfully submitted

It is with great satisfaction and pride that the Washington State Redistricting Commission submits the final 2011 Washington State Redistricting Plan. The Commission unanimously adopted this plan for new legislative and congressional districts on January 1, 2012.

In finalizing the plan, the 2011 Commission worked closely with the county auditors of the state to ensure that any accidental errors and omissions that could be a problem for elections administration were corrected. The resolution that we signed in adopting this report gives further instruction to the auditors for making minor adjustments to the boundaries, if necessary, when the plan is finalized.

It has been a pleasure to serve on the 2011 Commission, and an honor to take part in this truly bi-partisan process on behalf of the people of Washington State.

Respectfully submitted

Lura Powell, Chair
 Slade Gorton, Commissioner
 Tim Ceis, Commissioner
 Dean Foster, Commissioner
 Tom Huff, Commissioner

Bishop Boerger: “Gracious God, you have created all that exist. You institute Government to protect that creation and to preserve to common good. We thank you for these women and men who have been called to serve by your people. Give them wisdom, compassion and courage so that the decisions they make will secure the inheritance we have received and steward that inheritance for those who will follow us. Bless those whose vocation is to lead us into these unique times and may the decisions they make bring honor to you and to the state of Washington. This we pray in your name, Amen.”

The President introduced Governor Christine Gregoire.

MOMENT OF SILENCE

Governor Gregoire: “Thank you everyone. Let’s start this morning by observing a moment of silence in memory of those who have served Washington so well and who have passed away recently. Let us remember your colleague Senator Scott White who sadly left us in the prime of his public service. Let us remember two men who gave us so much during their time in office Senator Alex Deccio and Senator Bob McCaslin and let us remember always Governor Al Rossellini. Al was a mentor to me and one of the best friends this state every had. And also please remember the nine Washingtonians who lost their lives in Afghanistan and Iraqi serving our country. Just last week the normally idyllic Mt. Rainier National Park was witness to the loss of Park Ranger Margaret Anderson who died in the line of duty. Will you please join me in a moment of silence in their honor.

The Washington State Legislature in Joint Session observed a moment of silence in honor and memory of those who have served and passed away.”

STATE OF THE STATE

Governor Gregoire: “Thank you. Good afternoon. Thank you, Bishop Boerger, for starting us off with such an inspiring prayer. And thank you, Sofia, for your beautiful performance of our national anthem.

Mr. President, Mr. Speaker, Madame Chief Justice, distinguished justices of the court, honored officials, members of the Washington State Legislature, former governors, tribal leaders, local government officials, members of the Consular Association of Washington, my fellow citizens: I have some of my family with me today. My daughter Courtney and son-in-law Scott aren’t here but I’m pleased to say they are moving back to *this*

Washington. Here with me is our daughter Michelle, now a second-year law student. And my husband Mike, always a champion for our veterans. Mike is not only a great husband, my best friend and a great dad, but I’m noticing something else. As he gets older, he’s becoming even more athletic: golf on channel 60, football on channel 13, soccer on channel 32. As for me, I have a complicated relationship with growing older. First, I get carded at Hannah’s Tavern and now I’m getting hearing aid offers in the mail. But as Mike and my staff will tell you, I’m not slowing down. Not this year! And that’s because today I begin my last year as governor of my beloved great State of Washington. We are in a time of great challenge and even greater opportunity.

Yes: challenge and opportunity. Like so much else in this age of the 24-hour news cycle, these words have lost a bit of their meaning, but not today, not for me, not in the year 2012. For me, if ever those two words meant anything, it’s right here, right now. While our challenges are unprecedented, so, too, are the opportunities. Here in our Washington, we turn crisis into opportunity. Why? Because we have a culture and history of both personal and shared responsibility. When things get tough, we step up. We step up individually and together to build our future. Today, we govern in a nation where some won’t even talk to each other, much less compromise, believing that compromise is just another word for surrender. But here in our Washington, we don’t say, ‘My way or the highway.’ We say, ‘Let’s work together to solve our problems.’ What’s best for our Washington is more important than politics. Many believe that government is the whole problem and many believe it’s the whole solution. But that’s not our Washington. Here we know that government can’t do it all, but we also know we need great schools and universities, good highways and safe communities. Many believe we should just ride out the Great Recession or use this time of economic stress to dismantle our government. But that’s not our Washington. Here we build the roads and bridges our people and businesses must have to succeed. We keep our streets safe. We help the poor and the vulnerable. We educate our children and young people. We keep our land, air and water clean for them and their children. While our challenges are unprecedented, so, too, are the opportunities. Many believe the whole system is broken, and there are no answers. But that’s not our Washington. Here if things don’t work, we reinvent them. We fix things, be it computer software, a better strain of wheat, a new airplane, or a better, faster, cheaper government. We’re built on innovation and we’ve always moved fast. That’s why we’re home to Boeing, Microsoft, Amazon, Starbucks, Nordstrom, the Bill & Melinda Gates Foundation, Paccar, clean-energy companies, global health, and the most inventive, dynamic people in the world. That’s why Eastern Washington, because of its agriculture, is called the Refrigerator of the World. Today, it’s our time. It’s our time to practice the courage and compassion handed down to us by our parents and grandparents. It’s our time to rebuild our highways and bridges. It’s our time to create jobs now and for the future. It’s our time to keep our streets safe. It’s our time to give our young people the education and knowledge they will need to succeed in a world economy.

We must succeed! You know, I just read a great new book called ‘That Used to Be Us,’ by Thomas Friedman and Michael Mandelbaum. The two take a critical look at where America has

been, and for me, one metaphor really stood out. For generation after generation, they write, America knew how to ‘win in the turns.’ Win ... in ... the ... turns. What does that mean exactly? In short, it means the winner hits the gas pedal just when everybody else is hitting the brakes. Visualize yourself on a racetrack, racing along on a sunny day. Suddenly, without warning, you’re into a sharp, high-speed turn. When and if you make it through, you find the world around you has utterly changed. The winner of that race — is the one who sees that sudden turn as an opportunity. The winner takes the risk to pass everybody in the turn and is now leading the pack. That’s ‘winning in the turn!’ In the great economic turn we’re in now, some question if our country or state will win this time. When the recession ends, will we be out ahead of the competition in education, We’re built on innovation and we’ve always moved fast. infrastructure, economic development? Will we come out of this turn in front of the pack and ready to go? Or will we be stuck back there fighting for position with the also-rans? Also ran? Not in our Washington! We must — we can — and we will be out ahead! We know how to “win in the turn.” We know how to come out ahead. We’ve done it time and time again. There was a recession in the early ’70s, so bad that somebody put up a billboard asking the last person in Seattle to turn out the lights. But Governor Dan Evans worked with a Legislature controlled by Democrats to carry out his ‘Washington Futures,’ and sent five ballot measures to the voters. The result was new community colleges; water systems for homes, industry and irrigation; new and refurbished recreational properties; and expanded public health facilities. A Democratic Legislature, a Republican governor — and the people of Washington won in the turn. There was a scary turn in 1983, the worst recession before this one. Governor John Spellman, a Democratic Senate and House had the courage to protect the future of our children. They approved a penny increase in the sales tax focused on education. Again, we won in the turn. And by the way, each time Washington survived an economic crisis and rebuilt its future, it has not been about political party. It has been about the future of Washington State. And now it’s up to us. This is our time — our time to win in the turn. Our time to build a better future for our children and grandchildren.

So in the next 60 days, I ask you to do four things:

1. Use the early start you got in December and quickly pass a budget;
2. Ask the voters this spring to approve a temporary, half-penny sales tax increase for students and their future;
3. Pass my school reforms; and
4. Pass a major transportation and jobs package.

First, let’s solve the budget problem. You made a down payment in December. I know these will be some of the most difficult decisions of your career. But I ask you to finish quickly because every day the problem gets bigger and the choices harder. This is our time — our time to win in the turn. Since Wall Street handed us this mess nearly four years ago, we have cut and cut and cut a projected \$10.5 billion, and we are still not done. We have cut K-12 education by 26 percent, four-year colleges by 46 percent and community colleges by 26 percent. Our social safety net is frayed. We have closed five major institutions, including three prisons and one juvenile facility. The last time we shut down even one was nearly 40 years ago. Some states are talking

about reforms. We’re not just talking, we’re reforming. We’ve made our pension system one of the five most sustainable in the nation. Our state workforce is down nearly 10 percent and falling. Those employees left are working harder with lower salaries and paying more for benefits. I thank them for serving, particularly in these uncertain times. We’ve made the biggest reset of state government in decades. Today we’re more cost-efficient, smaller, faster and effective. We’re working toward a more sustainable budget in the long term. Historic reform brought flat workers’ compensation rates this year and historic lows in unemployment insurance rates. And that’s good news for our small businesses, which have been hurt the most during this recession and which are key to our recovery. One of the fastest growing, biggest and most complicated drivers of our budget is health care. We are reining it in with significant results. We have cut Medicaid inflation to 2.3 percent, one of the lowest in the country. And, unlike other states, we haven’t used the recession to undermine the environmental protections that provide what we value: clean air, clean water and healthy natural resources. But all that doesn’t mean our work is done. No one comes to public service thinking the status quo is good enough. No one comes to public service saying that we shouldn’t find a better, more efficient way to do something. It’s the whole reason we serve. And while these times amplify the need, this year is no different. While we must cut, we must also find real reforms that preserve our ability to serve our citizens while modernizing our practices. And while we must cut and reform again, we must also realize that this problem demands a courageous solution. Some states are talking about reforms. We’re not just talking, we’re reforming. We must look for new revenue as well. Close tax loopholes to save vital services like the Basic Health Program for the working poor. It’s a matter of fairness. And that brings me to my second request. We must protect our vulnerable seniors and the developmentally disabled, educate our students and provide public safety for our families. I ask you to send to voters a temporary, three-year, half-cent sales tax increase to save those services. Ladies and gentlemen, we are about to shred very core services, and it is time to stand up for Washingtonians. While I know the sales tax is regressive, you know what I find even more regressive? It’s cuts in education that will hit our low-income students the hardest. It’s more cuts in our social safety net to poor seniors and people with developmental disabilities. And it’s cuts to public safety that will impact our poor neighborhoods the most. Now that’s regressive! Remember, the last time we raised the state sales tax was in 1983, under a Republican governor during the worst recession until this one. I ask you to listen to your hearts as well as your heads. Will that 85-year-old woman with failing health who needs help to live in dignity at home find it regressive? Will that student who faces the difference between a mediocre education or a great one find it regressive? Will that family living in fear of a criminal getting out of prison five months early with little supervision find it regressive? No. They will say it’s the right thing to do, because it is. And they will remember we didn’t wait for things to get better. We made them better. Without the half penny, we lose far more than we gain. We lose our future, our values and our way. Like governors and Legislatures in the past, it’s our time to do something very hard. It’s our time to ask for sacrifice from everyone, to ask everyone to contribute to our future so everybody wins in the turn. I ask you to listen to your hearts as well as your heads. And how do we win? How do we lead the rest of the world and the rest of the country? We out-pace, we

2012 REGULAR SESSION

out-educate and we out-perform. Our businesses, our state, our children and our grandchildren can't afford any more deep cuts to education. About \$411 million of the \$494 million sales tax revenue would go to K-12 and higher education. We need the school year to be 180 days and longer, not 176. We need to help our property-poor districts. And we need to stop raising college tuition. It comes down to four simple words. No education, no job. This is our time to value a high-quality education, just as our parents and grandparents did. I urge you today to act on my third request and approve school reform. I've been to many schools as governor, and I've never seen a great classroom without a great teacher, or a great school without a great principal. We have a new evaluation system built from the bottom up. Now we must ensure every classroom has a good teacher and every school has a good principal. Our state deserves nothing less. And we must turn around our failing schools once and for all. We will do that by asking our public universities to use bold, innovative programs and partner with low-performing schools. The universities will innovate, research and teach. They will give our students the educational advantage they need. We will take their successful work to scale all across Washington. Like so many of our reforms, I predict this, too, could become a model for the nation. We can't address the education gap we have with the rest of the world until we address the one we have within our own state. And speaking of education gaps: Thank you for acting quickly to make certain we have trained workers and engineers for our growing aerospace sector. And I'm counting on you to fund those educational opportunities. All our students, not just those who can afford it, must have more skills and more knowledge to compete in this century. It comes down to four simple words. No education, no job. In business, they find cracks in the system and fix them. In government, we find cracks in the system and then study them. With an Office of Student Achievement, we can move to action and fix the gaps from high school through college to ensure our students enter the workplace not behind, but ahead. That's winning in the turn. When we ask voters to invest in education, let's show them they'll be getting their money's worth: good teachers, good principals, good schools and the most knowledgeable graduates in the world. Speaking of innovation and competition, let's celebrate our work on early childhood education, resulting in a Race to the Top award of \$60 million! The federal government found out what we know. If we invest in early learning and make certain a child is really ready to learn by kindergarten, that child will succeed in school and life. We started the Department of Early Learning in 2006 and created a public-private partnership, Thrive by Five. That small investment will bring returns throughout the life of a child and our state will be better for it. If we invest \$411 million in our schools and colleges, if we implement these innovative reforms and if we use our can-do spirit, we can give our children the best education in the United States. The fourth thing I ask you to do is create jobs now and for the future by investing in our transportation infrastructure. We have to step up to proper maintenance of our very valuable transportation system, from highways and bridges to ferries and city streets. When we build roads, they don't take care of themselves. When you buy a car, you pay for it and you then maintain it by changing the oil, rotating the tires and making repairs. It's the same with our roads, bridges and ferries. We bought them new, but unfortunately, we didn't put money aside for maintenance. The consequences are a wake-up call. We are facing a \$1.6 billion shortfall over the next 10 years just to

maintain our state highways. Without maintenance, that means bad roads, more potholes, more congestion. Further, we are facing a \$1.3 billion deficit in ferry system maintenance. As I sounded the alarm bell last year: Without new funding, our ferry system will not survive as we are facing a \$1.6 billion shortfall over the next 10 years just to maintain our state highways. We know it. We would need to completely eliminate five routes, and reduce service and runs throughout the system. Just to maintain where we are today, we have to act. Today, I propose a \$3.6 billion, 10-year package to create about 5,500 jobs a year to maintain our transportation infrastructure across the state. In addition to small fee increases, I will ask the Legislature to pass a modest \$1.50 fee on every barrel of oil produced in Washington. Our oil companies are getting all the profit and leaving us with the bill. We can do better. This package will also get money to our cities and counties to fill potholes, repair roads, update bridges and keep buses running. It will give them the option to raise additional money for maintenance and transit. We can't wait until roads, bridges and ferries are falling apart to fix them. We can't kick the can down the road and saddle our future generations with the repairs we failed to make. This is our year to act and approve a jobs package and invest in our future. Our own Bill Gates says the way you get ahead and stay ahead is by educating more people, attracting more talent, and maintaining and building better infrastructure than the other guys. We're better than the other guys. If we aren't, businesses and workers will go elsewhere. Our transportation system is the lifeblood of our economy. It moves people to work and goods to market, and supports our tourism industry. If we don't maintain and grow, we come to a standstill. This summer, I convened the Connecting Washington Task Force to look at how we build our economic corridors. This 30-member group realized that our challenge is big and our time short. It is time for all of us to have a serious conversation with Washingtonians about the importance of building new infrastructure that our businesses and employees need. Even in these hard times, Connecting Washington recommended a minimum \$21 billion in investments for our vital economic corridors. These projects — and more — demand serious attention: the Columbia River Crossing, Spokane's North-South Corridor, Snoqualmie Pass, Route 167 between Tacoma and Puyallup, the 40-mile I-405 corridor, a new 144-car ferry and Interstate 5 at Joint Base Lewis-McChord. Consider this: The old and failing Columbia River Crossing supports \$40 billion in commerce a year, and 130,000 jobs in warehouses and distribution centers near the ports of Vancouver and Portland alone. Yet the northbound bridge was built in 1917 to accommodate the horse and buggy and still has the last stoplight on I-5. And this: Snoqualmie Pass is the only direct route for products flowing from Eastern Washington farms to our Puget Sound ports, and for products flowing from those ports to Eastern Washington and beyond. That's \$80 billion in cargo through that critical corridor every year. Our record of success with transportation projects is strong. From the 2005 voter-approved gas tax, we are close to completing all 421 statewide projects. So far, 88 percent have been completed early or on time, and 91 percent were on or under budget. We can do it again: Educate ourselves and educate the public, and then build a better transportation infrastructure than the other guys. People often ask me if we can come back from the Great Recession. I tell them: We can. We will. We are. Our ports and their good-paying jobs

are booming. International trade is surging, with year-over-year exports up nearly 30 percent. And our second biggest export, after transportation, is agriculture. New free trade agreements with South Korea, Panama and Colombia will open new markets for Washington. Our exciting global health and life sciences sectors are spreading not only beyond Puget Sound to Tri-Cities, Spokane and Vancouver. They are spreading around the globe. Our software and IT industries are thriving, including a double-digit jump in Microsoft earnings just last quarter, and an 8-percent jump in software jobs. And how about the backbone of our manufacturing sector — aerospace — with its 650 companies in Washington?

2011 was a historic year for one of Washington's signature industries, and it took a village to make it happen. It started last February when Boeing won the \$35 billion contract to build a new generation of 200 Air Force refueling People often ask me if we can come back from the Great Recession. I tell them: We can. We will. We are. tankers. All of us — labor, management, Democrats, Republicans — worked together to bring that contract home with its 11,000 jobs. In September, the first Boeing 787, the game-changing composites airplane — 20 percent more fuel efficient and as high tech as they come — was delivered to All Nippon Airways. The 787 is the future, and it's built right here in Washington State. In December, The Boeing Company and the Machinists Union agreed to a historic five-year contract, assuring the 737 MAX will be built here with a projected 20,000 jobs and \$500 million in tax revenue. That was followed by the largest order ever for Boeing — 208 airplanes — all of them current 737s or the 737 MAX. We're winning in the turn in the aerospace industry. But for us, for state government, what we saw in 2011 reminds us that when the economy comes out of this turn, we must already be down the track while our competition hangs back. It's our turn to win in the turn. And it's our responsibility. I've asked you to pass the budget, send a revenue proposal to voters, reform education, and invest in our transportation infrastructure to create jobs now and into the future. That's a bold agenda, and it involves risk and courage. But I have one more very important request. It's about our values. Our Washington has always fought discrimination. It is time to do it again. It is time for marriage equality. Let's all stand together to make it happen. Let's tell the children of same-sex couples that their parents' relationship is equal to all others in the state. Let's pass a marriage equality bill. Ladies and gentlemen, as you labor in the next 60 days, I respectfully ask you to take a minute each day to stop and reflect. Take time to look back and see how we came to be the great state we are. Take time to understand and appreciate what our courageous and visionary parents and grandparents did for us, what governors, legislators and voters did for us, when it

was their time to act. It is time for marriage equality. And remember, this is our time. Our time to give our children what we were given: a good education. Our time to modernize transportation to put people to work and make sure they have jobs in the future. Our time to leave no one behind, and our time to protect our communities. The future of our state is in our hands now. We have to do what is very hard, but do it we must, and together. Let's show the people that in *our Washington* we work together: Democrats, Republicans and Independents. And let history reflect that we took the risks, that we were courageous. We were determined. And we were bold. Let's win in the turn and leave an even greater state to our children and grandchildren. Thank you. God bless you. And God bless the great State of Washington."

MOTION

On motion of Senator Eide, the Senate advanced to the eighth order of business.

MOTION

Senator Eide moved adoption of the following resolution:

SENATE RESOLUTION 8666

By Senators Eide and Schoesler

WHEREAS, The Senate adopted permanent rules for the 2011-2013 biennium under Engrossed Senate Resolution 8604 as amended by Senate Resolution 8611 and Senate Resolution 8662; and

WHEREAS, The notice requirements set forth in Senate Rule 35 have been satisfied; and

WHEREAS, The Senate desires to make changes to committee rules concerning minority reports and to rules pertaining to introduction of bills;

NOW, THEREFORE, BE IT RESOLVED, That Rules 45 and 56 are amended as follows:

"**Rule 45.** 1. At least five days notice shall be given of all public hearings held by any committee other than the rules committee. Such notice shall contain the date, time and place of such hearing together with the title and number of each bill, or identification of the subject matter, to be considered at such hearing. By a majority vote of the committee members present at any committee meeting such notice may be dispensed with. The reason for such action shall be set forth in a written statement preserved in the records of the meeting.

2. No committee may hold a public hearing during a regular or extraordinary session on a proposal identified as a draft unless the draft has been made available to the public at least twenty-four hours prior to the hearing. This rule does not apply during the five days prior to any cutoff established by concurrent resolution nor does it apply to any measure exempted from the resolution.

3. During its consideration of or vote on any bill, resolution or memorial, the deliberations of any committee or subcommittee of the senate shall be open to the public. In case of any disturbance or disorderly conduct at any such deliberations, the chair shall order the sergeant at arms to suppress the same and may order the meeting closed to any person or persons creating such disturbance.

4. No committee shall amend a measure, adopt a substitute bill, or vote upon any measure or appointment absent a quorum. A committee may conduct a hearing absent a quorum. A majority of any committee shall constitute a quorum and committees shall be considered to have a quorum present unless the question is raised. Any question as to quorum not raised at the time of the committee action is deemed waived.

5. Bills reported to the senate from a standing committee must have a majority report, which shall be prepared upon a printed standing committee report form; shall be adopted at a regularly or specially called meeting during a legislative session and shall be signed by a majority of the committee; and shall carry only one of the following recommendations:

- a. Do pass;
- b. Do pass as amended;
- c. That a substitute bill be substituted therefor, and the substitute bill do pass; or
- d. Without recommendation.

In addition to one of the above-listed recommendations, a report may also recommend that a bill be referred to another committee.

6. A majority report of a committee must carry the signatures of a majority of the members of the committee. In the event a committee has a quorum pursuant to subsection 4 of this rule, a majority of the members present may act on a measure, subject to obtaining the signatures of a majority of the members of the committee on the majority report.

7. Any measure, appointment, substitute bill, or amendment still within a committee's possession before it has been reported out to the full senate may be reconsidered to correct an error, change language, or otherwise accurately reflect the will of the committee in its majority and minority reports to the full senate. Any such reconsideration may be made at any time, by any member of the committee, provided that the committee has not yet reported the measure, appointment, substitute bill, or amendment out to the full senate. Any such reconsideration made after a vote has been taken or signatures obtained will require a new vote and signature sheet. Any measure which does not receive a majority vote of the members present may be reconsidered at that meeting and may again be considered upon motion of any committee member if one day's

notice of said motion is provided to all committee members. For purposes of this rule, a committee is deemed to have reported a measure, appointment, substitute bill, or amendment out when it has delivered its majority and minority reports to the senate workroom. After such delivery, the committee no longer has possession of the measure, appointment, substitute bill, or amendment and no further committee action, including reconsideration, may be taken.

8. Any member of the committee not concurring in the majority report may sign a minority report containing a recommendation of "do not pass" or "without recommendation," which shall be signed by those members of the committee subscribing thereto, and submitted with the majority report. Unless the signatory of a minority report expressly indicates a "do not pass" recommendation, the member's vote shall be deemed to be "without recommendation." In every case where a majority report form is circulated for signature, a minority report form shall also be circulated.

9. When a committee reports a substitute for an original bill with the recommendation that the substitute bill do pass, it shall be in order to read the substitute bill the first time and have the same ordered printed.

A motion for the substitution of the substitute bill for the original bill shall not be in order until the committee on rules places the original bill on the second reading calendar.

10. No vote in any committee shall be taken by secret ballot nor shall any committee have a policy of secrecy as to any vote on action taken in such committee.

11. All reports of standing committees must be on the secretary's desk one hour prior to convening of the session in order to be read at said session. During any special session of the legislature, this rule may be suspended by a majority vote."

"Rule 56. All bills, joint resolutions and joint memorials introduced shall be endorsed with a statement of the title and the name of the member introducing the same. Any member desiring to introduce a bill, joint resolution or joint memorial shall file the same with the secretary of the senate by noon of the day before the convening of the session at which said bill, joint resolution or joint memorial is to be introduced.

~~((After the expiration of deadlines for bill introductions provided for by resolution, no bill shall be introduced, except as the legislature shall direct))~~ To be considered during a regular session, a bill must be introduced at least ten days before final adjournment of the legislature, unless the legislature directs otherwise by a vote of two-thirds of all the members elected to each house, said vote to be taken by yeas and nays and entered upon the journal ~~(or unless the same be at a special session)~~. The time limitation for introduction of bills shall not apply to substitute bills reported by standing committees for bills pending before such committees and general appropriation and revenue bills. PERSONAL PRIVILEGE

Senator Brown: “Thank you Mr. President and members of the Senate. I wanted to explain, we will be in session on Monday on Martin Luther King Day, as we always are but I wanted to let you know that for the first time in two decades of being in elected office I will not be with you. I’m going to take the opportunity to observe this day with my community in Spokane. On that day I’ll join with them, you and others to reflect on the life and legacy of Reverend Martin Luther King, Jr. Spokane, one year ago, went through a very difficult time and we remain united in condemning the attempted attack on our community during our display of unity and peace in the march last year. With thousands of people attending the parade last year’s thwarted bomb attack sent a strong message that violence has no place in our community or in any community. While it’s hard for many of us to understand the motivation of someone who attempts to carry out this kind of attack, we can all celebrate the vigilance and swift response in which members of our community took actions to keep us safe. My sincere thanks and appreciation goes out to our local state and Federal law Enforcement the Eastern Washington Office of the U. S. Attorney and of course the three individuals whose vigilance, who were temporarily working for the public facilities district, and whose vigilance on the route noticed the suspicious back pack and took action. We can all recall Dr. King’s words some forty-nine years ago when he stood at our Nations’ Capitol and said, ‘we cannot walk alone and as we walk we must make the pledge that we shall always march ahead. We cannot turn back.’ This year more than most we consider those words and his unwavering commitment in the face of tyranny oppression as synonymous with peace and equality. If you would care to visit my office I have art work by Spokane artist Ben Joyce and it is entitled ‘Sixteen thousand five hundred and eighty two days to a Symphony of brotherhood; which commemorates the number of days from that amazing speech of Dr. King to the swearing in of our first African-American President. So on Monday, I will be contemplating far we’ve come and on the one year anniversary of this attempted bombing in Spokane how far we still have to go. Thank you Mr. President. I encourage my fellow Senators and every citizen to envision the kind of world which Dr. King yearned for, one of equality and justice where our differences are settled through dialogue and debate and not with violence. Thank you.”

SEVENTEENTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wednesday, January 25, 2012

The Senate was called to order at 10:00 a.m. by the President Pro Tempore. The Secretary called the roll and announced to the President Pro Tempore that all Senators were present with the exception of Senators Benton, Kastama, McAuliffe, Murray, Ranker and Sheldon.

The Sergeant at Arms Color Guard consisting of Pages Alexander Wade and Benton Coblentz, presented the Colors. Pastor Jonathan Cross of Center Point Church of Eatonville offered the prayer.

REMARKS BY THE PRESIDENT PRO TEMPORE

President Pro Tempore: "This morning it is the President's privilege, as it is every year, to welcome our State's Dairy Ambassador to the Senate for Dairy Day."

INTRODUCTION OF SPECIAL GUESTS

The President Pro Tempore welcomed and introduced , the Dairy Queen Ambassadors, Shannon Rodeffer, 2011-2012 Washington State Dairy Ambassador; Emily Neff 2011-2012 Washington State Alternate Dairy Ambassador and Kristen Wedam 2011-2012 Washington State Alternative Dairy Ambassador who were seated at the rostrum.

With permission of the Senate, business was suspended to allow Dairy Ambassador Shannon Rodeffer to address the Senate.

REMARKS BY MISS SHANNON RODEFFER

Shannon Rodeffer: "Good morning, my name is Shannon Rodeffer, I'm eighteen years old. I spent my childhood on my family's dairy farm in Snohomish and I'm a proud ambassador for milk and the dairy industry. The best part of my job as the Washington State Dairy Ambassador is promoting our nutritious and delicious dairy products made from some of the highest quality milk in the nation. The dairy farmers of Washington promote healthy eating by spreading the word about how important it is to get three servings of dairy products each day for building bones, strong bones and teeth. We encourage young people to make smart choices about what they eat and to get plenty of physical activity. We support breakfast programs in our schools so that children may develop healthy habits instead of skipping breakfast as many kids do. Our farms create jobs, stimulate economic activity and even generate electricity. The dairy industry is Washington's second largest agricultural enterprise with an economic impact of over 2.3 billion dollars a year. A dairy operates every day and night even, farmers don't typically know what weekends are. We love our cows and what we do. No matter how exhausting or how bad the weather may be. We have generations of experience behind us but we also embrace new practices and technologies. Each of you are asked to vote on items that significantly impact us, yet some of you may not know much about what we do. I encourage you to talk to a farmer about how we take care of our animals, the land and ensure pure products for consumers. I invite you to review the video clips that we have put together about our farming practices on wadairy.com in the farmers spot light section. I really believe you will find these informative or better yet let us arrange for you and your family to visit one of our farms so you can learn

firsthand about what we do and why we do. Thank you so much for this opportunity to speak with you this morning. I hope to see you at a local dairy event or a fair in the future and I invite you all to join us in the Rotunda at noon for some delicious ice cream. Thank you."

INTRODUCTION OF SPECIAL GUESTS

The President Pro Tempore welcomed and introduced members of the Washington State Dairy Women and County Dairy Ambassadors who were seated in the gallery.

PERSONAL PRIVILEGE

Senator Becker: "Thank you Madam President. Well, I'd like to stand up and say I'm so excited to see this group here. It's near and dear to my heart. I grew up on a dairy farm near Enumclaw and I see people up here that I know and two years ago, or year before last I actually I had the privilege and the pleasure to judge the Dairy Ambassador contest and I have to tell you it probably was one of the most difficult but one of the most exciting things that I have done. Growing up on a dairy farm is probably, from my perspective anyway, one of the healthiest ways you can grow up. You learn about life, you learn about death, you lose your calf, you learn about everything to do with how a farm goes on. I wish in our schools actually that we can have every child have an opportunity to see a dairy farm in the everyday working mode. Thank you for letting me talk about how special I think this group is. Thank you."

MOTION

On motion of Senator Eide, the reading of the Journal of the previous day was dispensed with and it was approved.

MOTION

WHEREAS, Slade Gorton would serve three terms in the United States Senate, where during his tenure there would be no greater intellectual adversary in opposition, or better champion as an ally, where he distinguished himself in matters of deficit reduction, and where, as chairman of the Interior Appropriations Subcommittee, and through pioneering education reform, he worked to enfranchise rural Washingtonians, and offered us many other notable accomplishments; and

WHEREAS, His work on the 9-11 Commission resulted in a clearer, distilled understanding of the tragedy, its causes, and strengthened our national security through its substantive recommendations; and

WHEREAS, His legacy of service continues through the Slade Gorton International Policy Center and the informal Gorton School of Public Affairs, which advanced the careers of countless women through employment in public service; and

WHEREAS, The civic accomplishments born of Senator Gorton's energy, drive, and talent, extend throughout this state, to every corner, where such work is clearly evidenced;

NOW, THEREFORE, BE IT RESOLVED, That it is with the greatest respect, that the Washington State Senate honor the accomplishments of a statesman of outstanding courage, who represented our state with integrity, dignity, determination, and conviction, whose leadership so enriched our great state and its citizens, who has given Washingtonians a full life in service, our former House Majority Leader, Attorney General, and United States Senator, whose wisdom serves us still, Slade Gorton.

Senators Hewitt, Hargrove, Haugen, Parlette, Fraser and Fain spoke in favor of adoption of the resolution.

The President Pro Tempore declared the question before the Senate to be the adoption of Senate Resolution No. 8671.

to be welcome here in the State Senate is especially notable. For each of you who has spoken, for Senator Hewitt who appointed me to the most recent position, to really two Senators who represent me both and Clyde Hill and the Senator from the Tenth district, I thank for her gracious remarks. For me, of course, coming back to Olympia is a homecoming. Sally and I lived here for more than the twelve years that I was the Attorney General. Becky and her siblings were brought up and went to school in this community so this past year of many trips to Olympia has been a matter of deja vu from my perspective. I can say, now that it is over, except for one formality on your part, 'I hope that all of you are reasonably pleased with your districts.'

INTRODUCTION OF SPECIAL GUESTS

The President Pro Tempore welcomed and introduced members of the Consular Corps, Deputy Consul Yeonghan Choi of the Republic of Korea and Consul General Miguel Velasquez of the Republic of Peru who were seated in the gallery.

MOTION

On motion of Senator Eide, the Senate advanced to the third order of business.

6. We determined the expected number of pairs of signatures in the sample (41) by multiplying the square of the sampling ratio by the maximum allowable number of pairs of signatures on the initiative petition'

(ii) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.

(iii) All proceeds traceable to or derived from an offense included in the pattern of criminal profiteering activity, or an offense defined in RCW 9A.40.100, 9.68A.100, 9.68A.101, or 9A.88.070, and all moneys, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate commission of the offense.

(g) Ordering payment to the state general fund or antiprofitteering revolving fund of the county, as appropriate, of an amount equal to the gain a person has acquired or maintained through an offense included in the definition of criminal profiteering.

(5) In addition to or in lieu of an action under this section, the attorney general or county prosecuting attorney may file an action for forfeiture to the state general fund or antiprofitteering revolving

fund of the county, as appropriate, to the extent not already ordered paid pursuant to this section, of the following:

(a) Any interest acquired or maintained by a person in violation of RCW 9A.82.060 or 9A.82.080 to the extent of the investment of funds obtained from a violation of RCW 9A.82.060 or 9A.82.080 and any appreciation or income attributable to the investment.

(b) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.

(6) A defendant convicted in any criminal proceeding is precluded in any civil proceeding from denying the essential allegations of the criminal offense proven in the criminal trial in which the defendant was convicted. For the purposes of this subsection, a conviction shall be deemed to have occurred upon a verdict, finding, or plea of guilty, notwithstanding the fact that appellate review of the conviction and sentence has been or may be sought. If a subsequent reversal of the conviction occurs, any judgment that was based upon that conviction may be reopened upon motion of the defendant.

(7) The initiation of civil proceedings under this section shall be commenced within three years after discovery of the pattern of criminal profiteering activity or after the pattern should reasonably have been discovered or, in the case of an offense that is defined in RCW 9A.40.100, within three years after the final disposition of any criminal charges relating to the offense, whichever is later.

(8) The attorney general or county prosecuting attorney may, in a civil action brought pursuant to this section, file with the clerk of the superior court a certificate stating that the case is of special public importance. A copy of that certificate shall be furnished immediately by the clerk to the presiding chief judge of the superior court in which the action is pending and, upon receipt of the copy, the judge shall immediately designate a judge to hear and determine the action. The judge so designated shall promptly assign the action for hearing, participate in the hearings and determination, and cause the action to be expedited.

(9) The standard of proof in actions brought pursuant to this section is the preponderance of the evidence test.

(10) A person other than the attorney general or county prosecuting attorney who files an action under this section shall serve notice and one copy of the pleading on the attorney general within thirty days after the action is filed with the superior court. The notice shall identify the action, the person, and the person's attorney. Service of the notice does not limit or otherwise affect the right of the state to maintain an action under this section or intervene in a pending action nor does it authorize the person to name the state or the attorney general as a party to the action.

(11) Except in cases filed by a county prosecuting attorney, the attorney general may, upon timely application, intervene in any civil action or proceeding brought under this section if the attorney general certifies that in the attorney general's opinion the action is of special public importance. Upon intervention, the attorney general may assert any available claim and is entitled to the same relief as if the attorney general had instituted a separate action.

(12) In addition to the attorney general's right to intervene as a party in any action under this section, the attorney general may appear as amicus curiae in any proceeding in which a claim under this section has been asserted or in which a court is interpreting

RCW 9A.82.010, 9A.82.080, 9A.82.090, 9A.82.110, or 9A.82.120, or this section.

(13) A private civil action under this section does not limit any other civil or criminal action under this chapter or any other provision. Private civil remedies provided under this section are supplemental and not mutually exclusive.

(14) Upon motion by the defendant, the court may authorize the sale or transfer of assets subject to an order or lien authorized by this chapter for the purpose of paying actual attorney's fees and costs of defense. The motion shall specify the assets for which sale or transfer is sought and shall be accompanied by the defendant's sworn statement that the defendant has no other assets available for such purposes. No order authorizing such sale or transfer may be entered unless the court finds that the assets involved are not subject to possible forfeiture under RCW 9A.82.100(4)(f). Prior to disposition of the motion, the court shall notify the state of the assets sought to be sold or transferred and shall hear argument on the issue of whether the assets are subject to forfeiture under RCW 9A.82.100(4)(f). Such a motion may be made from time to time and shall be heard by the court on an expedited basis.

(15) In an action brought under subsection (1)(a) and (b)(i) of this section, either party has the right to a jury trial."

Regulating advertising of commercial sexual abuse of a minor.

MOTION

On motion of Senator Kline, Substitute Senate Bill No. 6251 was substituted for Senate Bill No. 6251 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Kline moved that the following striking amendment by Senator Kline and others be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** The legislature finds it unacceptable that Washington's children are being sold for sex in advertisements. A 2008 Seattle human services department report estimated that there are three hundred to five hundred children being exploited for sex in the Seattle area alone each year. The legislature finds that the practice of escort services advertising includes minors who are being sold for sex, a form of sex trafficking and commercial sexual abuse of minors. According to the Seattle police department, since the beginning of 2010, at least twenty-two children have been advertised online in the Seattle area for commercial sex and were recovered by the police department. The legislature is committed to eliminating sex trafficking of minors in a manner consistent with federal laws prohibiting sexual exploitation of children.

NEW SECTION. **Sec. 2.** A new section is added to chapter 9.68A RCW to read as follows:

(1) A person commits the offense of advertising commercial sexual abuse of a minor if he or she knowingly publishes, disseminates, or displays, or causes directly or indirectly, to be published, disseminated, or displayed, any advertisement for a commercial sex act, which is to take place in the state of Washington and that includes the depiction of a minor.

(a) "Advertisement for a commercial sex act" means any advertisement or offer in electronic or print media, which includes either an explicit or implicit offer for a commercial sex act to occur in Washington.

(b) "Commercial sex act" means any act of sexual contact or sexual intercourse, both as defined in chapter 9A.44 RCW, for which something of value is given or received by any person.

(c) "Depiction" as used in this section means any photograph or visual or printed matter as defined in RCW 9.68A.011 (2) and (3).

(2) In a prosecution under this statute it is not a defense that the defendant did not know the age of the minor depicted in the advertisement. It is a defense, which the defendant must prove by a preponderance of the evidence, that the defendant made a reasonable bona fide attempt to ascertain the true age of the minor depicted in the advertisement by requiring, prior to publication, dissemination, or display of the advertisement, production of a driver's license, marriage license, birth certificate, or other governmental or educational identification card or paper of the minor depicted in the advertisement and did not rely solely on oral or written representations of the minor's age, or the apparent age of the minor as depicted. In order to invoke the defense, the defendant must produce for inspection by law enforcement a record of the identification used to verify the age of the person depicted in the advertisement.

(3) Advertising commercial sexual abuse of a minor is a class C felony.

NEW SECTION. **Sec. 3.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to

the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

SECOND READING

SENATE BILL NO. 6226, by Senators Frockt, Harper, Regala, Zarelli, Fain, Hargrove, Kohl-Welles and Keiser

Concerning authorization periods for subsidized child care.

MOTIONS

On motion of Senator Frockt, Substitute Senate Bill No. 6226 was substituted for Senate Bill No. 6226 and the substitute bill was placed on the second reading and read the second time.

On motion of Senator Frockt, the rules were suspended, Substitute Senate Bill No. 6226 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senator Frockt spoke in favor of passage of the bill.

REMARKS BY SENATOR KOHL-WELLES

Senator Kohl-Welles: Thank you Mr. President. Well, as somebody who has had legislation introduced and deliberated on and enacted actually for many, many years having to do with child care. I really thought that I knew a lot about this issue but after listening to the good Senator here now I'm getting a little confused about whether we're on the same page here. Maybe it's because the good Senator is a lawyer and speaks in legalize. I'm thinking, I'm going to have to really determine whether I'm going to vote for this bill now because I'm not sure what was said about it. Thank you."

REMARKS BY SENATOR KING

Senator King: "Thank you Mr. President. Well, I have set here and listened to this. I believe that somewhere in this explanation he said, 'this is a very simple bill.' Well, if it's a simple bill why did it take him fifteen minutes to tell us about it? Thank you Mr. President."

REMARKS BY SENATOR PRIDEMORE

Senator Pridemore: “WAKE UP! I understand that proceeding speaker may have put a lot of you to sleep. He was speaking about an extremely important bill, It does go to remind us however that there is no bill that is so simple that can’t be complicated by a lawyer. Heard a lot of first speeches in my eight years in the Senate, I’ve got to say that that one, you know most senators come in and spend a lot of time preparing for their first speech. It’s impressive to note that Senator Frockt didn’t bother with that preparation. Actually what astonished me most was the fact that I think for the first time in my eight years in the senate somebody gave a longer speech than Senator Kohl-Welles. So, Mr. President, I agree with Senator Kohl-Welles, I’m no longer sure if I support this bill or not. Frankly, no longer sure what it does. I’ll need to spend some time.”

Senators Kohl-Welles, King and Pridemore spoke on final passage of the bill.

PERSONAL PRIVILEGE

Senator Fraser: “Well, I would like to come a little bit to Senator’s defense here. I did time the speech. We do have a lot of unwritten rules around here about speeches. One of them related to length so I won’t give out the time. Sometimes the time, the real time is different than perceived time, of course, but I did hear on the radio this morning, for everybody’s benefit, that there’s a city in China that just adopted a rule that no member can speak for no longer than an hour. I did learn recently that in the other body they have a rule that you can speak no longer than 10 minutes and that was a little bit of a surprise. So, I, the good Senator did speak for less than that but we do have kind of old rules. You might call them Shakespearean. Brevity is the soul of wit and you did well and it’s, I’m sure you’ll have a great future here.”

PERSONAL PRIVILEGE

Senator Kline: “For those of us who need to take the advice of the good senator from Vancouver and wake up. I just want to point out that as usual at this time of the legislative session over there in this side of the wings the machine is together. There’s coffee and unfortunately, since we don’t have a fridge, there’s no milk. So, for those of us who are truly manly in our drinking habits and don’t love that frumpily stuff and those lattes. I just want you to know that only real men are going to be able to drink coffee over there. One of the real men in this floor I know the good senator from the fifth has been over on our side already and has the instructions for using this so you’ll have to drink it straight the way they do in Italy and Spain and France, ok? It will be over here, just push the button. If you have any problems let me know and I have the instructions here too. Thanks.”

REMARKS BY SENATOR HONEYFORD

Senator Honeyford: “Thank you Mr. President. I’m going to urge everyone to vote no on this. The adage in the legislature is if you have the votes, vote, if you don’t, talk. So obviously he doesn’t have the votes so I would say vote no.”

PERSONAL PRIVILEGE

Senator Shin: “I like my colleagues in the senate to know that I was so grateful and thank you so much for what you have done yesterday, Senator Kline you did a marvelous job, you’re my giant and Senator Kohl-Welles, between the two of you I was so touched. I think our state is a pioneering against prostitution

and importation of prostitution from abroad. Unfortunately many comes from Asia, it pains me and hurts me so much and I think we are wonderful state and area to pioneer such things to pass these bills to prevent from this happening and I wish that the rest of the states in the western part follow suit and they will thank us. Thank you Mr. President.”

Senator Regala spoke in favor of passage of the bill.

The President declared the question before the Senate to be the final passage of Substitute Senate Bill No. 6226.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 6226 and the bill passed the Senate by the following vote: Yeas, 48; Nays, 0; Absent, 0; Excused, 1.

Voting yea: Senators Baumgartner, Becker, Benton, Brown, Carrell, Chase, Conway, Delvin, Eide, Erickson, Fain, Fraser, Frockt, Hargrove, Harper, Hatfield, Haugen, Hewitt, Hill, Hobbs, Holmquist Newbry, Honeyford, Kastama, Keiser, Kilmer, King, Kline, Kohl-Welles, Litzow, McAuliffe, Morton, Murray, Nelson, Padden, Parlette, Prentice, Pridemore, Ranker, Regala, Roach, Rolfes, Schoesler, Sheldon, Shin, Stevens, Swecker, Tom and Zarelli

Excused: Senator Pflug

SUBSTITUTE SENATE BILL NO. 6226, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Ranker: “Thank you Mr. President. I wanted to point for the good Senator from the Forty-Sixth, first of all, welcome, it is wonderful to have you in this chamber. I also wanted to let you know that we received these wonderful piles of paper from our staff, on the left, these are our bill book right, and on the left side it has these motions and such and it just says summarize the bill. I wanted to point out you don’t need to read the entire bill. You just summarize the bill. That was the single longest speech I’ve ever heard on this, that was remarkable. So, thank you so much for your clarity and your depth of knowledge of your bill. It was remarkable but in the future maybe a little more of a summary instead of reading the entire bill. Thank you.”

PERSONAL PRIVILEGE

Senator Sheldon: “Thank you Mr. President. After listening to the debate and some of the messages here on the floor is conveyed here about Senator Frockt I just want to close this because I think I understand. Senator Frockt and I attended the University of Pennsylvania. I was a little bit earlier than him but I’ve gone back through the records there and there’s a word in everyone’s lexicon about attorneys and that is, ‘a Philadelphia lawyer.’ So, I think that explains it quite well but we welcome him anyway and he’ll do a wonderful job here on the senate floor.”

PERSONAL PRIVILEGE

Senator Eide: “Thank you Mr. President. Well, I just want to make sure that those of you that are watching and that are up in the gallery, that it is a tradition in the senate to roast a maiden speech and Senator Frockt it was his first bill on the senate floor

THIRTY SECOND DAY, FEBRUARY 9, 2012

2012 REGULAR SESSION

and I just want you to know it was a very good bill regarding child care and we take things very seriously. Every once in a while when we have a new member on the floor we do roast them after their first speech.”

ROLL CALL

REPLY BY THE PRESIDENT

President Owen: “Senator Eide, the President would like to make a clarification because by our rules it would be inappropriate to demean another member by roasting them. I believe what the members were trying to do was trying to explain some of the process in the session to the new senator and explain to him how maybe in the future he could do a better job of keeping us awake. That was my understanding of it rather than a roast.”

PERSONAL PRIVILEGE

Senator Frockt: “Well, first of all I appreciate that Mr. President and I clearly invited the roasting and I gave you lots of material to work with and by this I’m instructing my press guy to destroy the tape that he was just making of my maiden speech so we don’t use it. I have gifts for all of you that I believe are at the rostrum that will be given out. I just wanted to let you know, thank you for the warm welcome to this body. The gifts are from my district from a chocolatier place in my district on Aurora Avenue. It’s a great place, they gave us red and blue. The lady asked me what kind of ribbons I wanted and I said, she said ‘We have red or blue’ and I said, ‘Madam you have no idea where I work, I need both.’ So for of you I have red. For some of you, I have blue ribbons. Some of you I have purple. I appreciate the warm welcome. I will try to be more brief next time I speak. Thank you.”

SECOND READING

SENATE BILL NO. 6354, by Senators Rolfes, Kastama, Chase, Tom, Frockt and McAuliffe

Requiring state agencies to offer electronic filing for business forms.

MOTIONS

On motion of Senator Rolfes, Substitute Senate Bill No. 6354 was substituted for Senate Bill No. 6354 and the substitute bill was placed on the second reading and read the second time.

On motion of Senator Rolfes, the rules were suspended, Substitute Senate Bill No. 6354 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senator Rolfes spoke in favor of passage of the bill.

Senator Nelson spoke on final passage of the bill.

MOTION

On motion of Senator Benton, Senator Roach was excused.

POINT OF INQUIRY

Senator Conway: “Would the good lady from the twenty-third yield her cell phone to a question?”

The President declared the question before the Senate to be the final passage of Substitute Senate Bill No. 6354.

The Secretary called the roll on the final passage of Substitute Senate Bill No. 6354 and the bill passed the Senate by the following vote: Yeas, 47; Nays, 0; Absent, 0; Excused, 2.

Voting yea: Senators Baumgartner, Becker, Benton, Brown, Carrell, Chase, Conway, Delvin, Eide, Ericksen, Fain, Fraser, Frockt, Hargrove, Harper, Hatfield, Haugen, Hewitt, Hill, Hobbs, Holmquist Newbry, Honeyford, Kastama, Keiser, Kilmer, King, Kline, Kohl-Welles, Litzow, McAuliffe, Morton, Murray, Nelson, Padden, Parlette, Prentice, Pridemore, Ranker, Regala, Rolfes, Schoesler, Sheldon, Shin, Stevens, Swecker, Tom and Zarelli

Excused: Senators Pflug and Roach

SUBSTITUTE SENATE BILL NO. 6354, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Fraser: “Well, thank you Mr. President. Well, it’s a pleasure to welcome Senator Christine Rolfes to the Senate floor for the purpose of making speeches. Until today we’ve only been able to watch her in action so today we begin hearing her in action. Of course watching her in action is very nice. She’s always pleasant, business-like, organized, polite and cheery and above all very kind to everybody. In fact, to quote from ‘My Fair Lady,’ ‘the milk of human kindness by the quart in every vein.’ But now to start listening to her speeches and I now I expect sometime she’ll be given a speech on the milk on human kindness and my request is please make it condensed, but not so condensed that we don’t know what’s in the bill.”

PERSONAL PRIVILEGE

Senator Sheldon: “Well, thank you Mr. President. You know when the, I took a look at the map, obviously, of our legislative districts and certainly been aware for a long time that the twenty-third legislative district is adjacent to the under-privileged thirty-fifth district. I started to put two and two together. I knew that Senator Rockefeller was representing the twenty-third district and a Representative Rolfes was going to be appointed to Senator Rockefeller’s seat. I knew that there was wealth somewhere. This is all about money. So, on my own I spent some time following you as you left the house, I apologize for that, my car stayed back a ways and we crossed the Agate Pass Bridge, we got to Bainbridge Island. She did not pull into a tract house, let’s say, something you know you would think that a representative might live in that really represents the people. No, it was large, very large, huge driveway, large pillars. We came down toward the mansion, I’ll call it a mansion. It was big Mr. President, eight fireplaces. I noticed out in front the gardeners were still keeping things quite well around there, but they were clipping around these large anchors and some of the nautical things that were on the estate. I won’t call it the yards, the grounds of the estate. Then I started thinking she’s very, very interested in ferries. Spends a lot of time on ferry advisory groups, talking about ferries, did a little research on the internet, found she and her husband manufacture ferries, amazing. Amazing information right at your fingertips today. So, just want you to be very careful when she brings those ferry construction bills up. Senator Haugen, be very, very careful. There’s something else going on here when you follow a Rockefeller to the state senate you know something’s up.”

PERSONAL PRIVILEGE

Senator Ranker: “Thank you Mr. President. I want to welcome the good Senator from the twenty-third to this magnificent chamber. I’m very pleased to have her here because we share so many values. We do. We both come from Islands that are ferry served and we are very passionate about taking care of Washington States Ferries. We are both very passionate about the environment and the marine protection and I really got to know the good lady from the twenty third over the last couple of years when there would be these random chaotic, not necessary deliberate ideas coming out of the other chamber that we would have to fix over here but I knew that because it was the Representative from the twenty third that there was some passion and some real something in there. So, first we got to know her from fixing some really interesting bills. My favorite however was last year, when several of us had been working on an issue with regard to oil spills and some other matters for a long time. I dropped a bill and over here in this chamber we’d been working on it for weeks when I heard there was a Representative from the twenty third who was screaming and saying, ‘I have a new idea’ and that new idea just happen to be that same exact idea that we had been working on for months in the higher chamber. It was interesting to me that the passion and the excitement didn’t really get to a finished product until it was fixed in this chamber so I’m glad, I’m so pleased that the good Representative is now our Senator from the twenty third district so she can fix her own problems. In all seriousness I think it is wonderful to have you in this chamber and I welcome your input and compassion with regard to many issues that we do share. Thank you.”

PERSONAL PRIVILEGE

Senator Schoesler: “Well, Mr. President, being in this body for eight years now I’ve learned to be patient, tolerant of those new to the body. Give them the benefit of the doubt on legislation so when the previous bill came up I thought after the previous power outage how would you file those forms electronically? The power outage was so bad in some areas the U. S. Mail service would have been quicker but I trusted the new member. But now the fatal flaw has been discovered. The curly-headed gentleman in the back of the chamber whole-heartedly endorsing her with his values probably is a kiss of death for her in this body. Thank you.”

PERSONAL PRIVILEGE

Senator Delvin: “Thank you. Well, I mayas well just pile on on this one. I was asked last year to lead take a delegation of legislators to China so I was the only Senate member that ended up going and there was House members and then I met the good lady from the twenty third. She kept saying it was going to be nice working with you next year. I go, ‘I don’t go to the house much you know to work on things.’ I kept wondering what was she talking about you know and then someone called her a Senator and I said ‘No, she’s a Representative she’s not a Senator.’ They said ‘No, she’s replacing Rockefeller,’ I go ‘Oh gosh, at least she’s better looking than Rockefeller was’ so, I gave her credit for that but actually she added a lot to our little delegation. Good addition even though she was the only democrat. We accepted her, took her under our wings showed her all about you know how we do things in the Republican party but she adapted well. She is good hearted. I think we all enjoyed her company on the trip so, it

will be a pleasure working with you over here in the senate now that you’re here officially. Thank you.”

PERSONAL PRIVILEGE

Senator Honeyford: “Well, this is on a more serious vein, I just wanted to say that when she was in the other body across the rotunda that I had a bill over there and she called or emailed I don’t remember which and offered to help get my bill through the committee and that’s the first time that I had someone from the other body and the other party do that. So, thank you.”

PERSONAL PRIVILEGE

Senator Pridemore: “Thank you Mr. President. I just wanted to thank Representative Rolfes, my apologies Mr. President, Senator Rolfes. I wanted to thank her for giving a shorter maiden speech. Frankly I was timing hers with a stop watch. With Senator Frockt I had to use a calendar. It actually, mid-way through Senator Frockt’s speech I was afraid I was going to have to go out and shave again so a couple things, Senator Rolfes, a couple things you need to know about the senate just so your aware, first off the microphones in the committee hearings are always on. That comment you made about Senator Kline the other day were just inappropriate. This stuff about Senator Benton were true but this stuff about Kline was just wrong. Another thing to note and its very important, a lot of us have to be conscience of this, in the Senate we wear mouse in our hair we wear styling gel, we use hair spray. We don’t use all three, ok? Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Hobbs: “I just realized that we have Senator Rolfes. I thought it was Representative Rolfes because I didn’t know because she was here drinking on the floor and eating and I was just like, well, a Senator doesn’t do that, only Representative does that or Hargrove does those things and that was just yesterday Mr. President. I was just curious she also had a cell phone while she was doing a roll call vote. I know you couldn’t see it because the hair kept it in place. You couldn’t quite see it but there was a cell phone there. So, I just want to remind the good Senator that we don’t eat on the floor, we don’t drink on the floor and we don’t use a cell phone while we are on the floor so I just want to point that out because if you can do it I get upset because I can’t do it. but we all agree that Hargrove gets away with it because he’s really good at hiding it. so, welcome to the Senate.”

REMARKS BY THE PRESIDENT

President Owen: “The dead giveaway on the cell phone was the hand in the ear. I had a pretty good idea that she wasn’t scratching her ear at that time. Senator Rolfes.”

PERSONAL PRIVILEGE

Senator Rolfes: “Thank you Mr. President. I guess I need to give it a few more weeks before I start to rally around the changing of some of the floor rules. I also want to say I sincerely thank Senator Zarelli and Hewitt for their yes votes on my bill and I will remember that later on in session. I want to thank you. That was a really nice welcome. I was really only afraid of what Kevin was going to say and I understand we are not allowed to say liar on the floor but I just wanted to yell it loud. Thank you for laughing Senator. But sincerely thank you it’s a little bit awkward

THIRTY SECOND DAY, FEBRUARY 9, 2012

2012 REGULAR SESSION

to come in the middle of session and fill somebody else's seat while representing the same people that you represented on the other body. It's taking time to get used to the rules and meet people and to get to know the staff but you all have made me feel welcome and I thank you for that. I also like Senator Frockt because I understand that's the tradition. Mine are a little bit quirky. What's so funny about that? It's empty, Mr. President. The gifts are a little bit quirky; I thought that would kind of liven things up a little bit in this state institution. They're made they're small gifts, some are salt, some are mustard, some are salmon, there's a little bit of art. My office kind of went through and picked out specific presents that we thought would be appropriate. They were all made by very, very small companies in the twenty-third. Some of them have gone through the state employment program and learned how to start their own businesses. Others have mentored through that program or have supported that small business so please enjoy the fruits of labor from the main streets of the twenty-third legislative district. Thank you."

MOTION

On motion of Senator Harper, Senator Regala was excused.

Should the section decline to so act, or should the individual believe the section's decision to be otherwise unsatisfactory, the individual may appeal such decision to the superior court in the county in which he or she is resident, or the county from which the disputed record emanated or Thurston county. The court shall in such case conduct a de novo hearing, and may order such relief as it finds to be just and equitable.

REMARKS BY THE PRESIDENT

President Owen: "Ladies and gentlemen of the Senate, there's no country in the world that is a better friend to our country than our neighbor to the north, Canada. I don't know if there is a greater friend to the State of Washington than our British Columbia Province to the north. They are our allies. They are our trading partners and allies except with this little friendly competition that we have once in a while with the great Seattle Sounders and the BC Whitecaps as well. Governor Gregoire and Premier Clark and her predecessor Campbell have worked incredibly close not to just maintain our great friendship but to break down barriers to trade and burdensome regulations and they have done a great job with that. So the President is honored to welcome Premier Clark from British Columbia to the Senate and pleased to turn the rostrum over to Her Excellency, Governor Gregoire."

REMARKS BY GOVERNOR GREGOIRE

Governor Gregoire: "Good morning and thank you to Lieutenant Governor Owen and good morning everyone. It's a pleasure for me to be here today and particular for me to introduce to you a very dear friend to the people of the great state of Washington. For the past six years, uniquely across the United States and Canada, we have had in exchange of our perspective cabinets every year and we have much to show for what have been able to do but as I have been in Canada and as I have been most particularly in British Columbia each time I have said Yes, we have a common border and some might say a common mother but most importantly what we have is an absolute most amazing friendship and that friendship has allowed us to prosper in terms of our culture, our exchange, our two-nation vacation in many respects our economies, our cultures they are our best friends here in the state of Washington. I have had a wonderful relationship with Premier Campbell, now Ambassador to England, and one year ago, approximately, Premier Clark came on. I was a bit hesitant, wondered if the relationship would be as strong, it is not just as strong, it is stronger yet. We have developed a close personal relationship. Our two cabinets continue to work together unbelievably well so I am honored and pleased today to say thank you to the people of British Columbia and to the leadership of British Columbia for being friends to people of the great state of Washington and introduce to all of you a dear friend to us and a wonderful leader of the people of British Columbia Premier Christy Clark, Premier."

REMARKS BY PREMIERE CHRISTY CLARK

Premiere Clark: "It is a great privilege to be able to address you today in your senate. I just want to take a moment to introduce to you some of the cabinet members who I brought with me. Joining us in the gallery is Minister in Environment, Terry

Lake; Minister of Energy and Mines, Rich Coleman; Minister of Justice and Attorney General, Shirley Bond; and Minister of Transportation and Infrastructure, Blair Lekstrom. The people of British Columbia are very happy today. There are six fewer politicians within our borders. I'm delighted to be and to bring my best wishes and greetings on behalf of British Columbia. As the Governor said, we enjoy a long relationship between our two jurisdictions and it is not a relationship though, it is a friendship. It's a deep and unique friendship between two jurisdictions that share a great deal more in common with each other than we do with other parts of our own countries in many cases. We've grown up together. Our kids play hockey together. We will be attending soccer games together, although I will be in a White Caps jersey. We have worked together for these last many years, particularly under the exceptional leadership of Governor Gregoire, to find common approaches on the environment, on transportation, on law enforcement and to think of our border as one of our greatest economic assets as we work together to try and put people on both sides of the border to work at great family supporting jobs. Which is, of course, why we all seek public office in the first place. I'm delighted to be here. I hope that we will continue for many, many years to grow our friendships between our two countries and our two jurisdictions. Let me just finish with this because I think that we, between Washington and British Columbia, have set an example for our countries. It is sub-national governments that create and grow national economies, its sub-national government that support families and strengthen them and the work that we do as state and provincial governments together sets a real example for our countries of where and how decisions can best be made. I'm delighted to be working with Governor Gregoire and Governor you bring a real outward-looking commitment to your state. You care very deeply, I know, for Washingtonians but you don't, you also are willing to look out at the best interest, for your constituents by looking across borders. I do want to just finish with this because I notice there are many women who have been elected to your senate here, and Governor Gregoire, I think this maybe be the first time that two women have led our jurisdictions at the same time. In Canada, on the Atlantic coast, in Newfoundland we now have a woman Premier. On our Northern coast we have a woman Premier as well on the Arctic Ocean and, of course, on the Pacific Coast I serve as Premier as well and I always say to my male colleagues, 'We're not taking over but we have you entirely surrounded.' Thank you very much. It's a great honor to be with you today, to have the opportunity to address you. I look forward at every opportunity to growing our chances to work together and build on this deep, deep friendship that we've developed. Thank you."

REMARKS BY THE PRESIDENT

President Owen: "Premiere Clark, before you leave I just wanted you to know that this morning, the Senate did show their strong support for President Obama and Prime Minister Harper's Beyond The Borders Initiative. We look, very much, forward to working with you, British Columbia setting an example for the rest of the border across the country on how this should be done. We've done great things already in a lot of different areas and I think this is a tremendous opportunity for us to do more. Thank you very much for being here. Thank you."

PERSONAL PRIVILEGE

Senator Fraser: "Thank you Mr. President. Well, it's a pleasure and honor for the Senate to welcome Premiere Clark. We know we have two different governmental systems. You have the parliamentary, we have the legislative executive so I'm so please that you are recognizing, and we are recognizing, that you

are visiting the legislative branch as well as the executive branch today along with other members from British Columbia. I think visits like this are very important and I'm glad that they are, you share that value. We share so much and if you'd been here a little earlier for the discussion on the memorial we share climate, geology, natural resources, the ocean, the big Columbia river system, we're interconnected with our economies, transportation, energy, family and friends and organizations as you noted and even military defense in a very major way. So, we share a lot of history, you know if you go back to the time of fur trappers and the early settlement, Washington could have been part of British Columbia or British Columbia could have been part of Washington. So, we've been interconnected from the get go I, myself, and my husband have traveled throughout British Columbia, and I just have to say I love the logo on your automobile license, Beautiful British Columbia because that certainly is true it's not only the natural resources but the people who are always so welcoming. So, thank you for being here."

PERSONAL PRIVILEGE

Senator Ericksen: "Well thank you Mr. President. As representing part of Washington state that's occasionally referred to as the southern tier of the lower mainland of the northern part of Whatcom County thank you for being here today. But I thought, to make you feel a bit more home, and since we have the Governor here today perhaps we could have a session questions for both of you, while we have you, and kind of in tribute to our parliamentary system."

PERSONAL PRIVILEGE

Senator Kastama: "Governor Gregoire, welcome. Premiere Clark, welcome to the senate. We understand how important this is.

Earlier today we did pass Substitute Senate Joint Memorial No. 8016 which encourages the President of the United States and Congress to engage in the negotiations with Canada to ensure that we have more of a, more efficient crossing of the borders. We are very honored that this state has been chosen as kind of the test of that particularly action. I do want to say that we recognize how important this is economically to Washington State. The PNWER region which I know your very familiar with five states, five provinces has the fourteenth largest economy in the world. By collaborating we can truly become a power house in the world. This also has somewhat of a personal interest in it too. I grew up in a very small farming community called Puyallup, which is south of Seattle. At that time we were into basically berries, rhubarb and daffodils. We have three Kiwanis Clubs in that particular small town and every time, before we start one of those meeting, we say the U. S. National Anthem and we say the Canadian National Anthem. So, I grew up with a very close relationship, a very close bond with Canada and I'm glad that we can further pursue that with this. Thank you."

PERSONAL PRIVILEGE

Senator Honeyford: "The Premiere spoke about our relationship, close relationships between Washington and British Columbia and I just want to inform you that some of us have more relationships than others. My grandmother was a Pattullo, and you will remember the Pattullo Bridge, of course and Duff Pattullo who was Premier in the late 1930's. My father was a graduate of UBC and I was doing a little bit of research on the Peace Arch that was built for, to express the friendship between

the United States and Canada and I found that the land was purchased in 1912, one hundred years ago, and when I was going through some of my father's things he was a school boy in Vancouver I found a little card where he had contributed funds to help build the Peace Arch. So, welcome and thank you."

MOTION

On motion of Senator Eide, the Senate advanced to the eighth order of business.

PERSONAL PRIVILEGE

MOTION

Senator Prentice: "Well, I would like to express my thanks for your very fine exports. One is my son-in-law. He has been married to my daughter for twenty-five years and but there's another and my son-in-law was from Surrey. There is another Surrey export and I know I'm helping your economy by buying Michael Buble CD;s for my sister and for myself. She has a full collection. I just want to thank you for these very fine exports."

Senator Roach moved adoption of the following resolution:

"PART I

WASHINGTON MEDICAID FRAUD PROVISIONS

NEW SECTION. Sec. 101. The legislature intends to enact a state false claims act in order to provide this state with another tool to combat medicaid fraud. The legislature finds that between 1996 and 2009 state-initiated false claims acts resulted in over five billion dollars in total recoveries to those states. The highest recoveries in those cases were from claims relating to billing fraud, off-label marketing, and withholding safety information; these cases were primarily related to the pharmaceuticals industry and hospital networks, hospitals, and medical centers. By this act, the legislature does not intend to target a certain industry, profession, or retailer of medical equipment, or to place an undue burden on health care professionals. This act is not intended to harass health care professionals, nor is intended to be used as a tool to target actions that are related to incidental errors or clerical errors, which should not be considered fraud. The intent is to use the false claims act to root out significant areas of fraud that result in higher health care costs to this state and to use the false claims act to recover state money that could and should be used to support the medicaid program.

Sec. 102. RCW 74.09.210 and 2011 1st sp.s. c 15 s 15 are each amended to read as follows:

(1) No person, firm, corporation, partnership, association, agency, institution, or other legal entity, but not including an individual public assistance recipient of health care, shall, on behalf of himself or others, obtain or attempt to obtain benefits or payments under this chapter in a greater amount than that to which entitled by means of:

(a) A willful false statement;

(b) By willful misrepresentation, or by concealment of any material facts; or

(c) By other fraudulent scheme or device, including, but not limited to:

(i) Billing for services, drugs, supplies, or equipment that were unfurnished, of lower quality, or a substitution or misrepresentation of items billed; or

(ii) Repeated billing for purportedly covered items, which were not in fact so covered.

(2) Any person or entity knowingly violating any of the provisions of subsection (1) of this section shall be liable for repayment of any excess benefits or payments received, plus interest at the rate and in the manner provided in RCW 43.20B.695. Such person or other entity shall further, in addition to any other penalties provided by law, be subject to civil penalties. The ~~((secretary or))~~ director ~~((as appropriate,))~~ or the attorney general may assess civil penalties in an amount not to exceed three times the amount of such

excess benefits or payments: PROVIDED, That these civil penalties shall not apply to any acts or omissions occurring prior to September 1, 1979. RCW 43.20A.215 governs notice of a civil fine assessed by the director and provides the right to an adjudicative proceeding.

(3) A criminal action need not be brought against a person for that person to be civilly liable under this section.

(4) In all administrative proceedings under this section, service, adjudicative proceedings, and judicial review of such determinations shall be in accordance with chapter 34.05 RCW, the administrative procedure act.

(5) Civil penalties shall be deposited ~~((in the general fund))~~ upon their receipt into the medicaid fraud penalty account established in section 103 of this act.

(6) The attorney general may contract with private attorneys and local governments in bringing actions under this section as necessary.

NEW SECTION. Sec. 103. A new section is added to chapter 74.09 RCW to read as follows:

The medicaid fraud penalty account is created in the state treasury. All receipts from civil penalties collected under RCW 74.09.210, all receipts received under judgments or settlements that originated under a filing under the federal false claims act, and all receipts received under judgments or settlements that originated under the state medicaid fraud false claims act, chapter 74.--- RCW (the new chapter created in section 215 of this act) must be deposited into the account. Moneys in the account may be spent only after appropriation and must be used only for medicaid services, fraud detection and prevention activities, recovery of improper payments, and for other medicaid fraud enforcement activities.

NEW SECTION. Sec. 104. A new section is added to chapter 74.09 RCW to read as follows:

(b) "Whistleblower" means an employee of an employer that obtains or attempts to obtain benefits or payments under this chapter in violation of RCW 74.09.210, who in good faith reports a violation of RCW 74.09.210 to the authority.

RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the authority about a suspected violation of RCW 74.09.210 may remain confidential if requested. The identity of the whistleblower must subsequently remain confidential unless the authority determines that the complaint was not made in good faith.

(3) This section does not prohibit an employer from exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a

whistleblower. The protections provided to whistleblowers under this chapter do not prevent an employer from: (a) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (b) reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The authority shall determine if the employer cannot meet payroll in cases where a whistleblower has been terminated or had hours of employment reduced due to the inability of a facility to meet payroll.

(4) The authority shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter. The authority shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes.

NEW SECTION. Sec. 105. A new section is added to chapter 74.09 RCW to read as follows:

The motions may be supported by affidavits or other submissions in camera. The defendant may not be required to respond to any complaint filed under this section until twenty days after the complaint is unsealed and served upon the defendant.

(4) If the attorney general does not proceed with the action prior to the expiration of the sixty-day period or any extensions obtained under subsection (3) of this section, then the relator has the right to conduct the action.

(5) When a person brings an action under this section, no person other than the attorney general may intervene or bring a related action based on the facts underlying the pending action.

NEW SECTION. Sec. 206. (1) If the attorney general proceeds with the qui tam action, the attorney general shall have the primary responsibility for prosecuting the action, and is not bound by an act of the relator. The relator has the right to continue as a party to the action, subject to the limitations set forth in subsection (2) of this section.

(2)(a) The attorney general may move to dismiss the qui tam action notwithstanding the objections of the relator if the relator has been notified by the attorney general of the filing of the motion and the court has provided the relator with an opportunity for a hearing on the motion.

(b) The attorney general may settle the action with the defendant notwithstanding the objections of the relator if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, the hearing may be held in camera.

(c) Upon a showing by the attorney general that unrestricted participation during the course of the litigation by the relator would interfere with or unduly delay the attorney general's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the relator's participation, such as:

- (i) Limiting the number of witnesses the relator may call;
- (ii) Limiting the length of the testimony of the witnesses;
- (iii) Limiting the relator's cross-examination of witnesses; or
- (iv) Otherwise limiting the participation by the relator in the litigation.

(d) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the relator would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the relator in the litigation.

(3) If the attorney general elects not to proceed with the qui tam action, the relator has the right to conduct the action. If the attorney general so requests, the relator must serve on the attorney general copies of all pleadings filed in the action and shall supply copies of all deposition transcripts, at the attorney general's expense. When the relator proceeds with the action, the court, without limiting the status and rights of the relator, may nevertheless permit the attorney general to intervene at a later date upon a showing of good cause.

(4) Whether or not the attorney general proceeds with the qui tam action, upon a showing by the attorney general that certain actions of discovery by the relator would interfere with the attorney general's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than sixty days. The showing must be conducted in camera. The court may extend the sixty-day period

2012 REGULAR SESSION

upon a further showing in camera that the attorney general has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(5) Notwithstanding section 205 of this act, the attorney general may elect to pursue its claim through any alternate remedy available to the state, including any administrative proceeding to determine a civil money penalty. If any alternate remedy is pursued in another proceeding, the relator has the same rights in the proceeding as the relator would have had if the action had continued under this section. Any finding of fact or conclusion of law made in the other proceeding that has become final is conclusive on all parties to an action under this section. For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court of the state of Washington, if all time for filing the appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

NEW SECTION. Sec. 207. (1)(a) Subject to (b) of this subsection, if the attorney general proceeds with a qui tam action, the relator must receive at least fifteen percent but not more than twenty-five percent of the proceeds of the action or settlement of the claim, depending upon the extent to which the relator substantially contributed to the prosecution of the action.

(b) Where the action is one which the court finds to be based primarily on disclosures of specific information, other than information provided by the relator, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative or administrative report, hearing, audit, or investigation, or from the news media, the court may award an amount it considers appropriate, but in no case more than ten percent of the proceeds, taking into account the significance of the information and the role of the relator in advancing the case to litigation.

(c) Any payment to a relator under (a) or (b) of this subsection must be made from the proceeds. The relator must also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All expenses, fees, and costs must be awarded against the defendant.

(2) If the attorney general does not proceed with a qui tam action, the relator shall receive an amount which the court decides is reasonable for collecting the civil penalty and damages. The amount may not be less than twenty-five percent and not more than thirty percent of the proceeds of the action or settlement and must be paid out of the proceeds. The relator must also receive an amount for reasonable expenses, which the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All expenses, fees, and costs must be awarded against the defendant.

(3) Whether or not the attorney general proceeds with the qui tam action, if the court finds that the action was brought by a person who planned and initiated the violation of section 202 of this act upon which the action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the action which the person would otherwise receive under subsection (1) or (2) of this section, taking into account the role of that person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the action is convicted of criminal conduct arising from his or her role in the violation of section 202 of this act, that person must be dismissed from the civil action and may not receive any share of the proceeds of the action. The dismissal may not prejudice the right of the state to continue the action, represented by the attorney general.

(4) If the attorney general does not proceed with the qui tam action and the relator conducts the action, the court may award to the defendant reasonable attorneys' fees and expenses if the defendant prevails in the action and the court finds that the claim of the relator

was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(5) Any funds recovered that remain after calculation and distribution under subsections (1) through (3) of this section must be deposited into the medicaid fraud penalty account established in section 103 of this act.

NEW SECTION. Sec. 208. (1) In no event may a person bring a qui tam action which is based upon allegations or transactions which are the subject of a civil suit or an administrative civil money penalty proceeding in which the state is already a party.

(2)(a) The court must dismiss an action or claim under this section, unless opposed by the attorney general, if substantially the same allegations or transactions as alleged in the action or claim were publicly disclosed:

(i) In a state criminal, civil, or administrative hearing in which the attorney general or other governmental entity is a party;

(ii) In a legislative report, or other state report, hearing, audit, or investigation; or

(iii) By the news media; unless the action is brought by the attorney general or the relator is an original source of the information.

(b) For purposes of this section, "original source" means an individual who either (i) prior to a public disclosure under (a) of this subsection, has voluntarily disclosed to the attorney general the information on which allegations or transactions in a claim are based, or (ii) has knowledge that is independent of, and materially adds to, the publicly disclosed allegations or transactions, and who has voluntarily provided the information to the attorney general before filing an action under this section.

NEW SECTION. Sec. 209. (1) Any employee, contractor, or agent is entitled to all relief necessary to make that employee, contractor, or agent whole, if that employee, contractor, or agent, is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of lawful acts done by the employee, contractor, agent, or associated others in furtherance of an action under this chapter or other efforts to stop one or more violations of this chapter.

(2) Relief under subsection (1) of this section must include reinstatement with the same seniority status that employee, contractor, or agent would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees, and any and all relief available under RCW 49.60.030(2). An action under this subsection may be brought in the appropriate superior court of the state of Washington for the relief provided in this subsection.

(3) A civil action under this section may not be brought more than three years after the date when the retaliation occurred.

NEW SECTION. Sec. 210. (1) A subpoena requiring the attendance of a witness at a trial or hearing conducted under section 204 or 205 of this act may be served at any place in the state of Washington.

(2) A civil action under section 204 or 205 of this act may be brought at any time, without limitation after the date on which the violation of section 202 of this act is committed.

(3) If the attorney general elects to intervene and proceed with a qui tam action, the attorney general may file its own complaint or amend the complaint of a relator to clarify or add detail to the claims in which the attorney general is intervening and to add any additional claims with respect to which the attorney general contends it is entitled to relief.

(4) In any action brought under section 204 or 205 of this act, the attorney general is required to prove all essential elements of the

cause of action, including damages, by a preponderance of the evidence.

(5) Notwithstanding any other provision of law or the rules for superior court, a final judgment rendered in favor of the government entity in any criminal proceeding charging fraud or false statements, whether upon a verdict after trial or upon a plea of guilty or nolo contendere, estops the defendant from denying the essential elements of the offense in any action which involves the same transaction as in the criminal proceeding and which is brought under section 204 or 205 of this act.

NEW SECTION. Sec. 211. (1) Any action under section 204 or 205 of this act may be brought in the superior court in any county in which the defendant or, in the case of multiple defendants, any one defendant can be found, resides, transacts business, or in which any act proscribed by section 202 of this act occurred. The appropriate court must issue a summons as required by the superior court civil rules and service must occur at any place within the state of Washington.

(2) The superior courts have jurisdiction over any action brought under the laws of any city or county for the recovery of funds paid by a government entity if the action arises from the same transaction or occurrence as an action brought under section 204 or 205 of this act.

(3) With respect to any local government that is named as a complainant with the state in an action brought under section 205 of this act, a seal on the action ordered by the court under section 205 of this act does not preclude the attorney general or the person bringing the action from serving the complaint, any other pleadings, or the written disclosure of substantially all material evidence and information possessed by the person bringing the action on the law enforcement authorities that are authorized under the law of the local government to investigate and prosecute the action on behalf of the local government, except that the seal applies to the law enforcement authorities so served to the same extent as the seal applies to other parties in the action.

NEW SECTION. Sec. 212. (1)(a) Whenever the attorney general, or a designee, for purposes of this section, has reason to believe that any person may be in possession, custody, or control of any documentary material or information relevant to a false claims act investigation, the attorney general, or a designee, may, before commencing a civil proceeding under section 204 of this act or making an election under section 205 of this act, issue in writing and serve upon the person, a civil investigative demand requiring the person:

- (i) To produce the documentary material for inspection and copying;
- (ii) To answer in writing written interrogatories with respect to the documentary material or information;
- (iii) To give oral testimony concerning the documentary material or information; or
- (iv) To furnish any combination of such material, answers, or testimony.

(b) The attorney general may delegate the authority to issue civil investigative demands under this subsection (1). Whenever a civil investigative demand is an express demand for any product of discovery, the attorney general, the deputy attorney general, or an assistant attorney general must serve, in any manner authorized by this section, a copy of the demand upon the person from whom the discovery was obtained and must notify the person to whom the demand is issued of the date on which the copy was served. Any information obtained by the attorney general or a designee of the attorney general under this section may be shared with any qui tam relator if the attorney general or designee determines it is necessary as part of any false claims act investigation.

(2)(a) Each civil investigative demand issued under subsection (1) of this section must state the nature of the conduct constituting the alleged violation of this chapter which is under investigation, and the applicable provision of law alleged to be violated.

(b) If the demand is for the production of documentary material, the demand must:

(i) Describe each class of documentary material to be produced with such definiteness and certainty as to permit the material to be fairly identified;

(ii) Prescribe a return date for each class which will provide a reasonable period of time within which the material so demanded may be assembled and made available for inspection and copying; and

(iii) Identify the false claims act investigator to whom such material must be made available.

(c) If the demand is for answers to written interrogatories, the demand must:

(i) Set forth with specificity the written interrogatories to be answered;

(ii) Prescribe dates at which time answers to written interrogatories must be submitted; and

(iii) Identify the false claims law investigator to whom such answers must be submitted.

(d) If the demand is for the giving of oral testimony, the demand must:

(i) Prescribe a date, time, and place at which oral testimony must be commenced;

(ii) Identify a false claims act investigator who must conduct the examination and the custodian to whom the transcript of the examination must be submitted;

(iii) Specify that the attendance and testimony are necessary to the conduct of the investigation;

(iv) Notify the person receiving the demand of the right to be accompanied by an attorney and any other representative; and

(v) Describe the general purpose for which the demand is being issued and the general nature of the testimony, including the primary areas of inquiry, which will be taken pursuant to the demand.

(e) Any civil investigative demand issued under this section which is an express demand for any product of discovery is not due until thirty days after a copy of the demand has been served upon the person from whom the discovery was obtained.

(f) The date prescribed for the commencement of oral testimony pursuant to a civil investigative demand issued under this section may not be sooner than six days after the date on which demand is received, unless the attorney general or an assistant attorney general designated by the attorney general determines that exceptional circumstances are present which warrant the commencement of the testimony sooner.

(g) The attorney general may not authorize the issuance under this section of more than one civil investigative demand for oral testimony by the same person unless the person requests otherwise or unless the attorney general, after investigation, notifies that person in writing that an additional demand for oral testimony is necessary.

(3) A civil investigative demand issued under subsection (1) or (2) of this section may not require the production of any documentary material, the submission of any answers to written interrogatories, or the giving of any oral testimony if the material, answers, or testimony would be protected from disclosure under:

(a) The standards applicable to subpoenas or subpoenas duces tecum issued by a court to aid in a special inquiry investigation; or

(b) The standards applicable to discovery requests under the superior court civil rules, to the extent that the application of these standards to any demand is appropriate and consistent with the provisions and purposes of this section.

THIRTY FOURTH DAY, FEBRUARY 11, 2012

2012 REGULAR SESSION

(4) Any demand which is an express demand for any product of discovery supersedes any inconsistent order, rule, or provision of law, other than this section, preventing or restraining disclosure of the product of discovery to any person. Disclosure of any product of discovery pursuant to any express demand does not constitute a waiver of any right or privilege which the person making such disclosure may be entitled to invoke to resist discovery of trial preparation materials.

(5) Any civil investigative demand issued under this section may be served by a false claims act investigator, or by a commissioned law enforcement official, at any place within the state of Washington.

(6) Service of any civil investigative demand issued under (a) of this subsection or of any petition filed under subsection (25) of this section may be made upon a partnership, corporation, association, or other legal entity by:

(a) Delivering an executed copy of the demand or petition to any partner, executive officer, managing agent, or general agent of the partnership, corporation, association, or entity, or to any agent authorized by appointment or by law to receive service of process on behalf of such partnership, corporation, association, or entity;

(b) Delivering an executed copy of the demand or petition to the principal office or place of business of the partnership, corporation, association, or entity; or

(c) Depositing an executed copy of the demand or petition in the United States mail by registered or certified mail, with a return receipt requested, addressed to such partnership, corporation, association, or entity at its principal office or place of business.

(7) Service of any demand or petition may be made upon any natural person by:

(a) Delivering an executed copy of the demand or petition to the person; or

(b) Depositing an executed copy of the demand or petition in the United States mail by registered or certified mail, with a return receipt requested, addressed to the person at the person's residence or principal office or place of business.

(8) A verified return by the individual serving any civil investigative demand issued under subsection (1) or (2) of this section or any petition filed under subsection (25) of this section setting forth the manner of the service constitutes proof of the service. In the case of service by registered or certified mail, the return must be accompanied by the return post office receipt of delivery of the demand.

(9)(a) The production of documentary material in response to a civil investigative demand served under this section must be made under a sworn certificate, in the form as the demand designates, by:

(i) In the case of a natural person, the person to whom the demand is directed; or

(ii) In the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to the production and authorized to act on behalf of the person.

(b) The certificate must state that all of the documentary material required by the demand and in the possession, custody, or control of the person to whom the demand is directed has been produced and made available to the false claims act investigator identified in the demand.

(10) Any person upon whom any civil investigative demand for the production of documentary material has been served under this section shall make such material available for inspection and copying to the false claims act investigator identified in the demand at the principal place of business of the person, or at another place as the false claims act investigator and the person thereafter may agree and prescribe in writing, or as the court may direct under subsection (25) of this section. The material must be made available on the return date specified in the demand, or on a later date as the false

claims act investigator may prescribe in writing. The person may, upon written agreement between the person and the false claims act investigator, substitute copies for originals of all or any part of the material.

(11)(a) Each interrogatory in a civil investigative demand served under this section must be answered separately and fully in writing under oath and must be submitted under a sworn certificate, in the form as the demand designates, by:

(i) In the case of a natural person, the person to whom the demand is directed; or

(ii) In the case of a person other than a natural person, the person or persons responsible for answering each interrogatory.

(b) If any interrogatory is objected to, the reasons for the objection must be stated in the certificate instead of an answer. The certificate must state that all information required by the demand and in the possession, custody, control, or knowledge of the person to whom the demand is directed has been submitted. To the extent that any information is not furnished, the information must be identified and reasons set forth with particularity regarding the reasons why the information was not furnished.

(12) The examination of any person pursuant to a civil investigative demand for oral testimony served under this section must be taken before an officer authorized to administer oaths and affirmations by the laws of the state of Washington or of the place where the examination is held. The officer before whom the testimony is to be taken must put the witness on oath or affirmation and must, personally or by someone acting under the direction of the officer and in the officer's presence, record the testimony of the witness. The testimony must be recorded and must be transcribed. When the testimony is fully transcribed, the officer before whom the testimony is taken shall promptly transmit a copy of the transcript of the testimony to the custodian. This subsection does not preclude the taking of testimony by any means authorized by, and in a manner consistent with, the superior court civil rules.

(13) The false claims act investigator conducting the examination shall exclude from the place where the examination is held all persons except the person giving the testimony, the attorney for and any other representative of the person giving the testimony, the attorney general, any person who may be agreed upon by the attorney for the government and the person giving the testimony, the officer before whom the testimony is to be taken, and any stenographer taking the testimony.

(14) The oral testimony of any person taken pursuant to a civil investigative demand served under this section must be taken in the county within which such person resides, is found, or transacts business, or in another place as may be agreed upon by the false claims act investigator conducting the examination and the person.

(15) When the testimony is fully transcribed, the false claims act investigator or the officer before whom the testimony is taken must afford the witness, who may be accompanied by counsel, a reasonable opportunity to examine and read the transcript, unless the examination and reading are waived by the witness. Any changes in form or substance which the witness desires to make must be entered and identified upon the transcript by the officer or the false claims act investigator, with a statement of the reasons given by the witness for making the changes. The transcript must then be signed by the witness, unless the witness in writing waives the signing, is ill, cannot be found, or refuses to sign. If the transcript is not signed by the witness within thirty days after being afforded a reasonable opportunity to examine it, the officer or the false claims act investigator must sign it and state on the record the fact of the waiver, illness, absence of the witness, or the refusal to sign, together with the reasons given.

(16) The officer before whom the testimony is taken must certify on the transcript that the witness was sworn by the officer and

that the transcript is a true record of the testimony given by the witness, and the officer or false claims act investigator must promptly deliver the transcript, or send the transcript by registered or certified mail, to the custodian.

(17) Upon payment of reasonable charges therefor, the false claims act investigator must furnish a copy of the transcript to the witness only, except that the attorney general, the deputy attorney general, or an assistant attorney general may, for good cause, limit the witness to inspection of the official transcript of the witness' testimony.

(18)(a) Any person compelled to appear for oral testimony under a civil investigative demand issued under subsection (1) or (2) of this section may be accompanied, represented, and advised by counsel. Counsel may advise the person, in confidence, with respect to any question asked of the person. The person or counsel may object on the record to any question, in whole or in part, and must briefly state for the record the reason for the objection. An objection may be made, received, and entered upon the record when it is claimed that the person is entitled to refuse to answer the question on the grounds of any constitutional or other legal right or privilege, including the privilege against self-incrimination. The person may not otherwise object to or refuse to answer any question, and may not directly or through counsel otherwise interrupt the oral examination. If the person refuses to answer any question, a special injury proceeding petition may be filed in the superior court under subsection (25) of this section for an order compelling the person to answer the question.

(b) If the person refuses to answer any question on the grounds of the privilege against self-incrimination, the testimony of the person may be compelled in accordance with the provisions of the superior court civil rules.

(19) Any person appearing for oral testimony under a civil investigative demand issued under subsection (1) or (2) of this section is entitled to the same fees and allowances which are paid to witnesses in the superior courts.

(20) The attorney general must designate a false claims act investigator to serve as custodian of documentary material, answers to interrogatories, and transcripts of oral testimony received under this section, and must designate such additional false claims act investigators as the attorney general determines from time to time to be necessary to serve as deputies to the custodian.

(21)(a) A false claims act investigator who receives any documentary material, answers to interrogatories, or transcripts of oral testimony under this section must transmit them to the custodian. The custodian shall take physical possession of the material, answers, or transcripts and is responsible for the use made of them and for the return of documentary material under subsection (23) of this section.

(b) The custodian may cause the preparation of the copies of the documentary material, answers to interrogatories, or transcripts of oral testimony as may be required for official use by any false claims act investigator, or employee of the attorney general. The material, answers, and transcripts may be used by any authorized false claims act investigator or other officer or employee in connection with the taking of oral testimony under this section.

(c)(i) Except as otherwise provided in this subsection (21), no documentary material, answers to interrogatories, or transcripts of oral testimony, or copies thereof, while in the possession of the custodian, may be available for examination by any individual other than a false claims act investigator or other officer or employee of the attorney general authorized under (b) of this subsection.

(ii) The prohibition in (c)(i) of this subsection on the availability of material, answers, or transcripts does not apply if consent is given by the person who produced the material, answers, or transcripts, or, in the case of any product of discovery produced pursuant to an

express demand for the material, consent is given by the person from whom the discovery was obtained. Nothing in this subsection (c)(ii) is intended to prevent disclosure to the legislature, including any committee or subcommittee for use by such an agency in furtherance of its statutory responsibilities.

(d) While in the possession of the custodian and under the reasonable terms and conditions as the attorney general shall prescribe:

(i) Documentary material and answers to interrogatories must be available for examination by the person who produced the material or answers, or by a representative of that person authorized by that person to examine the material and answers; and

(ii) Transcripts of oral testimony must be available for examination by the person who produced the testimony, or by a representative of that person authorized by that person to examine the transcripts.

(22) Whenever any official has been designated to appear before any court, special inquiry judge, or state administrative judge in any case or proceeding, the custodian of any documentary material, answers to interrogatories, or transcripts of oral testimony received under this section may deliver to the official the material, answers, or transcripts for official use in connection with any case or proceeding as the official determines to be required. Upon the completion of such a case or proceeding, the official must return to the custodian any material, answers, or transcripts so delivered which have not passed into the control of any court, grand jury, or agency through introduction into the record of such a case or proceeding.

(23) If any documentary material has been produced by any person in the course of any false claims act investigation pursuant to a civil investigative demand under this section, and:

(a) Any case or proceeding before the court or special inquiry judge arising out of the investigation, or any proceeding before any administrative judge involving the material, has been completed; or

(b) No case or proceeding in which the material may be used has been commenced within a reasonable time after completion of the examination and analysis of all documentary material and other information assembled in the course of the investigation:

Then, the custodian shall, upon written request of the person who produced the material, return to the person the material, other than copies furnished to the false claims act investigator under subsection (10) of this section or made for the attorney general under subsection (21)(b) of this section, which has not passed into the control of any court, grand jury, or agency through introduction into the record of the case or proceeding.

(24)(a) In the event of the death, disability, or separation from service of the attorney general of the custodian of any documentary material, answers to interrogatories, or transcripts of oral testimony produced pursuant to civil investigative demand under this section, or in the event of the official relief of the custodian from responsibility for the custody and control of the material, answers, or transcripts, the attorney general must promptly:

(i) Designate another false claims act investigator to serve as custodian of the material, answers, or transcripts; and

(ii) Transmit in writing to the person who produced the material, answers, or testimony notice of the identity and address of the successor so designated.

(b) Any person who is designated to be a successor under this subsection (24) has, with regard to the material, answers, or transcripts, the same duties and responsibilities as were imposed by this section upon that person's predecessor in office, except that the successor may not be held responsible for any default or dereliction which occurred before that designation.

(25) Whenever any person fails to comply with any civil investigative demand issued under subsection (1) or (2) of this

THIRTY FOURTH DAY, FEBRUARY 11, 2012

2012 REGULAR SESSION

section, or whenever satisfactory copying or reproduction of any material requested in the demand cannot be done and the person refuses to surrender the material, the attorney general may file, in any superior court of the state of Washington for any county in which the person resides, is found, or transacts business, and serve upon the person a petition for an order of the court for the enforcement of the civil investigative demand.

(26)(a) Any person who has received a civil investigative demand issued under subsection (1) or (2) of this section may file, in the superior court of the state of Washington for the county within which the person resides, is found, or transacts business, and serve upon the false claims act investigator identified in the demand a petition for an order of the court to modify or set aside the demand. In the case of a petition addressed to an express demand for any product of discovery, a petition to modify or set aside the demand may be brought only in the district court of the United States for the judicial district in which the proceeding in which the discovery was obtained is or was last pending. Any petition filed under this subsection (26)(a) must be filed:

(i) Within thirty days after the date of service of the civil investigative demand, or at any time before the return date specified in the demand, whichever date is earlier; or

(ii) Within a longer period as may be prescribed in writing by any false claims act investigator identified in the demand.

(b) The petition must specify each ground upon which the petitioner relies in seeking relief under (a) of this subsection, and may be based upon any failure of the demand to comply with the provisions of this section or upon any constitutional or other legal right or privilege of the person. During the pendency of the petition in the court, the court may stay, as it deems proper, the running of the time allowed for compliance with the demand, in whole or in part, except that the person filing the petition shall comply with any portions of the demand not sought to be modified or set aside.

(27)(a) In the case of any civil investigative demand issued under subsection (1) or (2) of this section which is an express demand for any product of discovery, the person from whom the discovery was obtained may file, in the superior court of the state of Washington for the county in which the proceeding in which the discovery was obtained is or was last pending, and serve upon any false claims act investigator identified in the demand and upon the recipient of the demand, a petition for an order of the court to modify or set aside those portions of the demand requiring production of any product of discovery. Any petition under this subsection (27)(a) must be filed:

(i) Within twenty days after the date of service of the civil investigative demand, or at any time before the return date specified in the demand, whichever date is earlier; or

(ii) Within a longer period as may be prescribed in writing by any false claims act investigator identified in the demand.

(b) The petition must specify each ground upon which the petitioner relies in seeking relief under (a) of this subsection, and may be based upon any failure of the portions of the demand from which relief is sought to comply with the provisions of this section, or upon any constitutional or other legal right or privilege of the petitioner. During the pendency of the petition, the court may stay, as it deems proper, compliance with the demand and the running of the time allowed for compliance with the demand.

(28) At any time during which any custodian is in custody or control of any documentary material or answers to interrogatories produced, or transcripts of oral testimony given, by any person in compliance with any civil investigative demand issued under subsection (1) or (2) of this section, the person, and in the case of an express demand for any product of discovery, the person from whom the discovery was obtained, may file, in the superior court of the state of Washington for the county within which the office of the

custodian is situated, and serve upon the custodian, a petition for an order of the court to require the performance by the custodian of any duty imposed upon the custodian by this section.

(29) Whenever any petition is filed in any superior court of the state of Washington under this section, the court has jurisdiction to hear and determine the matter so presented, and to enter an order or orders as may be required to carry out the provisions of this section. Any final order so entered is subject to appeal under the rules of appellate procedure. Any disobedience of any final order entered under this section by any court must be punished as a contempt of the court.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.63.110 and 2010 c 252 s 5 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court ~~((shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privilege))~~ may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the ~~((department has been notified that the))~~ court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court ~~((shall notify the department of the delinquency. The department shall suspend the person's driver's license or driving privilege))~~ may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When

2012 REGULAR SESSION

outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

Sec. 2. RCW 46.20.391 and 2010 c 269 s 2 are each amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide, vehicular assault, driving while under the influence of intoxicating liquor or any drug, or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, may submit to the department an application for a temporary restricted driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue a temporary restricted

driver's license and may set definite restrictions as provided in RCW 46.20.394.

(2)(a) A person licensed under this chapter whose driver's license is suspended administratively due to failure to appear or pay a traffic ticket under RCW 46.20.289; a violation of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver's license.

(b) ((If the suspension is for failure to respond, pay, or comply with a notice of traffic infraction or conviction, the applicant must enter into a payment plan with the court.

(c)) An occupational driver's license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation.

(3) An applicant for an occupational or temporary restricted driver's license who qualifies under subsection (1) or (2) of this section is eligible to receive such license only if:

(a) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed vehicular homicide under RCW 46.61.520 or vehicular assault under RCW 46.61.522; and

(b) The applicant demonstrates that it is necessary for him or her to operate a motor vehicle because he or she:

(i) Is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle;

(ii) Is undergoing continuing health care or providing continuing care to another who is dependent upon the applicant;

(iii) Is enrolled in an educational institution and pursuing a course of study leading to a diploma, degree, or other certification of successful educational completion;

(iv) Is undergoing substance abuse treatment or is participating in meetings of a twelve-step group such as Alcoholics Anonymous that requires the petitioner to drive to or from the treatment or meetings;

(v) Is fulfilling court-ordered community service responsibilities;

(vi) Is in a program that assists persons who are enrolled in a WorkFirst program pursuant to chapter 74.08A RCW to become gainfully employed and the program requires a driver's license;

(vii) Is in an apprenticeship, on-the-job training, or welfare-to-work program; or

(viii) Presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program for which a driver's license is required to begin the program, provided that a license granted under this provision shall be in effect for no longer than fourteen days; and

(c) The applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW; and

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program, the director shall give written notice by first-class mail to the driver that the occupational driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection; and

(e) The department shall not issue an occupational driver's license under (b)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant's participation in the programs referenced under (b)(iv) of this subsection.

(4) A person aggrieved by the decision of the department on the application for an occupational or temporary restricted driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an occupational or temporary restricted driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose occupational or temporary restricted driver's license has been canceled under this section may reapply for a new occupational or temporary restricted driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

Sec. 3. RCW 46.20.289 and 2005 c 288 s 5 are each amended to read as follows:

The department shall suspend all driving privileges of a person when the department receives notice from a court under RCW 46.63.070(6), 46.63.110(6), or 46.64.025 that the person has failed to respond to a notice of traffic infraction for a moving violation, failed to appear at a requested hearing for a moving violation, violated a written promise to appear in court for a notice of infraction for a moving violation, or has failed to comply with the terms of a notice of traffic infraction or citation for a moving violation, or when the department receives notice from another state under Article IV of the nonresident violator compact under RCW 46.23.010 or from a jurisdiction that has entered into an agreement with the department under RCW 46.23.020, other than for a standing, stopping, or parking violation, provided that the traffic infraction or traffic offense is committed on or after July 1, 2005. A suspension under this section takes effect pursuant to the provisions of RCW 46.20.245, and remains in effect until the department has received a certificate from the court showing that the case has been adjudicated, and until the person meets the requirements of RCW 46.20.311. In the case of failure to respond to a traffic infraction issued under RCW 46.55.105, the department shall suspend all driving privileges until the person provides evidence from the court that all penalties and restitution have been paid. A suspension under this section does not take effect if, prior to the effective date of the suspension, the department receives a certificate from the court showing that the case has been adjudicated.

NEW SECTION. Sec. 4. A new section is added to chapter 46.20 RCW to read as follows:

The department of licensing in consultation with the administrative office of the courts must adopt and maintain rules, by November 1, 2012, in accordance with chapter 34.05 RCW that define a moving violation for the purposes of this act. "Moving violation" shall be defined pursuant to Title 46 RCW. Upon adoption of these rules, the department must provide written notice to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department.

Sec. 5. RCW 46.64.025 and 2006 c 270 s 4 are each amended to read as follows:

Whenever any person served with a traffic citation willfully fails to appear ~~((for a scheduled court hearing))~~ at a requested hearing for a moving violation or fails to comply with the terms of a notice of traffic citation for a moving violation, the court in which the defendant failed to appear shall promptly give notice of such fact to the department of licensing. Whenever thereafter the case in which the defendant failed to appear is adjudicated, the court hearing the case shall promptly file with the department a certificate showing that the case has been adjudicated. For the purposes of this section, "moving violation" is defined by rule pursuant to section 4 of this act.

NEW SECTION. Sec. 6. Except for section 4 of this act, this act takes effect June 1, 2013. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2012, in the transportation appropriations act, this act is null and void."

Regarding Washington interscholastic activities association penalties.

MOTION

On motion of Senator Benton, Substitute Senate Bill No. 6383 was substituted for Senate Bill No. 6383 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Benton moved that the following striking amendment by Senator Benton and others be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the mission of the Washington interscholastic activities association is to assist member schools in operating student programs that foster achievement, respect, equity, enthusiasm, and excellence in a safe and organized environment. The legislature intends to ensure that this mission is successfully carried out so that arbitrary sanctions that result in students unfairly being denied to participate or cause students' achievements to be diminished do not occur. It is the intent of the legislature to impact the association's current processes for establishing penalties for rules violations and to redefine the scope of penalties that are permitted to be imposed. It is further the intent of the legislature to build protections into state law so that punishment, when necessary, is meted out to the appropriate party and in a proportional manner. The legislature further intends to ensure that state and local rules relating to interschool extracurricular activities be consistent with one another, promote fairness, and allow for a clear process of appeal.

Sec. 2. RCW 28A.600.200 and 2006 c 263 s 904 are each amended to read as follows:

Each school district board of directors is hereby granted and shall exercise the authority to control, supervise and regulate the conduct of interschool athletic activities and other interschool extracurricular activities of an athletic, cultural, social or recreational nature for students of the district. A board of directors may delegate control, supervision and regulation of any such activity to the Washington interscholastic activities association or any other voluntary nonprofit entity and compensate such entity for services provided, subject to the following conditions:

(1) The voluntary nonprofit entity shall not discriminate in connection with employment or membership upon its governing board, or otherwise in connection with any function it performs, on the basis of race, creed, national origin, sex or marital status;

(2)(a) Any rules and policies adopted and applied by the voluntary nonprofit entity (~~which~~) that governs student participation in any interschool activity shall be written; and

~~((3))~~ (b) Such rules and policies shall provide for notice of the reasons and a fair opportunity to contest such reasons prior to a final determination to reject a student's request to participate in or to continue in an interschool activity.

(3)(a) The association or other voluntary nonprofit entity is authorized to impose penalties for rules violations upon coaches, school district administrators, school administrators, and students, as appropriate, to punish the offending party or parties;

(b) No penalty may be imposed on a student or students unless the student or students knowingly violated the rules or unless a student gained a significant competitive advantage or materially

disadvantaged another student through a rule violation;

(c) Any penalty that is imposed for rules violations must be proportional to the offense;

(d) Any (~~such~~) decision resulting in a penalty shall be considered a decision of the school district conducting the activity in which the student seeks to participate or was participating and may be appealed pursuant to RCW 28A.600.205 and 28A.645.010 through 28A.645.030.

(4) The school districts, Washington interscholastic activities association districts, and leagues that participate in the interschool extracurricular activities shall not impose more severe penalties for rule violations than can be imposed by the rules of the association or the voluntary nonprofit entity.

(5) As used in this section and RCW 28A.600.205, "knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved.

Sec. 3. RCW 28A.600.205 and 2006 c 263 s 905 are each amended to read as follows:

~~((By July 1, 2006,))~~ (1)(a) The Washington interscholastic activities association shall establish a nine-person appeals committee to address appeals of noneligibility issues. The committee shall be comprised of the secretary from each of the activity districts of the Washington interscholastic activities association. The committee shall begin hearing appeals by July 1, 2006. No committee member may participate in the appeal process if the member was involved in the activity that was the basis of the appeal.

(b) Any penalty or sanction that is imposed or upheld by the appeals committee must be proportional to the offense and must be imposed upon only the offending individual or individuals, including coaches, school district administrators, school administrators, and students. However, only the Washington interscholastic activities association executive board has the authority to remove a team from postseason competition. Should a school violate a Washington interscholastic activities association rule, that violation does not automatically remove that school's team from postseason competition. Penalties levied against coaches and school programs must be considered before removing a team from postseason competition. Removal of a team from postseason competition must be the last option.

(2)(a) A decision of the appeals committee may be appealed to the executive board of the association. If a matter is appealed to the executive board, then the board shall conduct a de novo review of the matter before making a decision.

(b) Any penalty or sanction that is imposed or upheld by the executive board must be proportional to the offense and must be imposed upon only the offending individual or individuals including coaches, school district administrators, school administrators, or students. However, only the Washington interscholastic activities association executive board has the authority to remove a team from postseason competition. Should a school violate a Washington interscholastic activities association rule, that violation does not automatically remove that school's team from postseason competition. Penalties levied against coaches and school programs must be considered before removing a team from postseason competition. Removal of a team from postseason competition must be the last option.

(c) If a rule violation is reported to the association within ten days of the relevant postseason play, then the only review shall be conducted by the executive board of the Washington interscholastic activities association so that a decision can be rendered in a timely manner. The executive board must take all possible actions to render a decision before the postseason play takes place.

(3) A decision of the executive board of the association may be appealed to superior court pursuant to RCW 28A.645.010 through 28A.645.030.

NEW SECTION. Sec. 4. Within available resources, the Washington interscholastic activities association shall develop model rules regarding a rules violation punishment grid that is modeled after the Washington state sentencing guidelines. The rules shall outline appropriate degrees of punishment correlated with the severity of a violation of the rules. The Washington interscholastic activities association shall present its model rules to the legislature no later than December 30, 2012.

NEW SECTION. Sec. 5. This act may be known and cited as the Knight act."

SECOND READING

ENGROSSED SENATE BILL NO. 5575, by Senators Hatfield, Delvin, Eide, Schoesler, Haugen, Shin, Kilmer, Hobbs, Becker, Honeyford, Conway and Sheldon

Recognizing certain biomass energy facilities as an eligible renewable resource.

MOTION

On motion of Senator Hatfield, Substitute Senate Bill No. 5575 was substituted for Engrossed Senate Bill No. 5575 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Hatfield moved that the following striking amendment by Senators Hatfield, Delvin and Ranker be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that: (a) Pulping liquors can be used to reduce harmful pollution and produce electricity and thermal energy that enables pulp and paper facilities to be highly energy efficient; (b) biomass facilities and pulp and paper mills are typically located in communities that are disproportionately affected by economic downturns; (c) mill closures have occurred throughout the state for more than a decade and the remaining ones have become all the more dependent on selling wood residuals, which are used for electricity generation, in order to sustain their economic viability; (d) employment at pulp and paper mills in the state has also declined significantly, most recently in Grays Harbor and Snohomish counties; (e) wood derived biomass is a renewable fuel for generating electricity and considered carbon-neutral under the laws of the state of Washington; and (f) using food processing residues, food waste, and yard waste to generate renewable electricity can benefit rural economies, decrease the amount of solid waste that requires disposal, and reduce greenhouse gas emissions that result from organic decay.

(2) The legislature declares that, by promoting the generation of renewable energy from biomass, particularly in economically distressed communities, it intends to ensure greater economic stability for the communities that have suffered heavy job losses and chronic unemployment.

(3) The legislature further declares that: (a) The owners of qualified biomass energy facilities that must comply with the renewable energy standards under the energy independence act of 2006, either as a matter of law or contractual obligation, should be permitted to use qualified biomass energy credits to meet their obligations; and (b) electricity that is generated by a biomass energy facility that entered commercial operation after March 31, 1999, from the combustion of organic by-products of pulping and the wood manufacturing process should be treated as an eligible renewable resource.

Sec. 2. RCW 19.285.030 and 2009 c 565 s 20 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Sec. 3. RCW 19.285.040 and 2007 c 1 s 4 are each amended to read as follows:

(1) Each qualifying utility shall pursue all available conservation that is cost-effective, reliable, and feasible.

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and conservation planning council in its most recently published regional power plan, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. At least every two years thereafter, the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) Beginning January 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection, and meet that target during the subsequent two-year period. At a minimum, each biennial target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period.

(c) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output. The reduction in load due to high-efficiency cogeneration shall be: (i) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a best-commercially available technology combined-cycle natural gas-fired combustion turbine; and (ii) counted towards meeting the biennial conservation target in the same manner as other conservation savings.

(d) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practice.

(e) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Except as provided in (j) of this subsection, each qualifying utility shall use eligible renewable resources or acquire equivalent renewable energy credits, or ~~((a))~~ any combination of ~~((both))~~ them, to meet the following annual targets:

(i) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, 2015;

(ii) At least nine percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; and

(iii) At least fifteen percent of its load by January 1, 2020, and each year thereafter.

(b) A qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(c) In meeting the annual targets in (a) of this subsection, a qualifying utility shall calculate its annual load based on the average of the utility's load for the previous two years.

(d) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-adjusted load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility invested at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

(e) The requirements of this section may be met for any given year with renewable energy credits produced during that year, the preceding year, or the subsequent year. Each renewable energy credit may be used only once to meet the requirements of this section.

(f) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

(i) Eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity; or

(ii) Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090.

(g) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

(h)(i) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquisition at one and two-tenths times its base value:

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

MOTION

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the water resources act of 1971, chapter 90.54 RCW, contains a list of water policy fundamentals that are to guide the state's water management agency in adopting basin rules to allocate the water resources of the state. In effect since 1971, the unprioritized list of water policy fundamentals include: (a) The allocation of water among potential uses and users is to be based on securing the maximum net benefits to the state; and (b) that adequate supplies of water are to be preserved and protected to satisfy domestic needs. The legislature finds that ready access to sufficient water to fulfill domestic needs has been and continues to be a fundamental public value. The legislature finds that some basin rules adopted or amended after 2006 for areas in the state with moderate to heavy rainfall do not provide adequate water to fulfill the directive of providing adequate water to satisfy domestic needs in rural areas, and instead constrain water use more restrictively than in other basins with similar conditions and levels of precipitation.

(2) Further, the legislature finds that state and local governments have established and funded a vast array of environmental and habitat improvement and acquisition programs and that these programs can and should provide environmental, habitat, and instream flow benefits where needed. The legislature acknowledges that the availability of state and local funding for these environmental and habitat programs is dependent on the tax revenues generated by the home construction industry and that available funding has dropped as home construction has declined dramatically in recent years.

(3) The purpose of this legislation is to promote reasonable use by the public of the public's water to ensure that sufficient water to serve essential domestic needs be readily available for homes in rural areas where public water service is not readily available. An additional purpose of this legislation is to encourage jobs in, and stimulus to, the home construction industry, in order to produce revenues to support state and local governmental programs and services, including environmental and habitat improvements funded by state and local governments.

(4) The legislature finds that the Columbia river basin water supply program, chapter 90.90 RCW, has provided a successful model to addressing the needs of both instream and out-of-stream water needs in that basin. It is the intent of the legislature to establish a similar approach to addressing water supply needs in rural areas within the Skagit river basin.

(5) For the reasons stated in this section, the intent of the legislature is for this act to be remedial in nature and apply

retroactively and prospectively to basin rules adopted or amended under chapters 90.22 and 90.54 RCW after January 1, 2006, for the Skagit river basin. It is also the intent of the legislature for this act to allow people in rural areas in the Skagit river basin to move forward with construction of their homes in a manner that is sufficiently protective of instream resources and water right holders. It is also the intent of the legislature to provide funding for more coordinated and effective mechanism to protect and, where possible, enhance impacts to stream flows for fish.

Sec. 2. RCW 90.54.120 and 1971 ex.s. c 225 s 13 are each amended to read as follows:

For the purposes of this chapter, unless the context is clearly to the contrary, the following definitions shall be used:

(1) "Department" means department of ecology.

(2) "Domestic water use" means potable water to satisfy the needs of a household, including water used for drinking, bathing, sanitary purposes, cooking, laundering, watering a lawn and noncommercial garden, care of household pets, and other incidental uses.

(3) "Skagit river basin" means water resource inventory areas numbers 3 and 4 established under chapter 173-500 WAC.

(4) "Utilize" or "utilization" shall not only mean use of water for such long recognized consumptive or nonconsumptive beneficial purposes as domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, thermal power production, mining, recreational, maintenance of wildlife and fishlife purposes, but includes the retention of water in lakes and streams for the protection of environmental, scenic, aesthetic and related purposes, upon which economic values have not been placed historically and are difficult to quantify.

Sec. 3. RCW 90.54.020 and 2007 c 445 s 8 are each amended to read as follows:

Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served. Technology-based effluent

limitations or standards for discharges for municipal water treatment plants located on the Chehalis, Columbia, Cowlitz, Lewis, or Skagit river shall be adjusted to reflect credit for substances removed from the plant intake water if:

(i) The municipality demonstrates that the intake water is drawn from the same body of water into which the discharge is made; and

(ii) The municipality demonstrates that no violation of receiving water quality standards or appreciable environmental degradation will result.

(4) The development of multipurpose water storage facilities shall be a high priority for programs of water allocation, planning, management, and efficiency. The department, other state agencies, ~~and local governments~~~~(-and planning units formed under section 107 or 108 of this act))~~ shall evaluate the potential for the development of new storage projects and the benefits and effects of storage in reducing damage to stream banks and property, increasing the use of land, providing water for municipal, industrial, agricultural, power generation, and other beneficial uses, and improving stream flow regimes for fisheries and other instream uses.

(5)(a) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy ~~(human)~~ domestic water use needs.

(b) Rules adopted by the department under this chapter for the Skagit river basin may not constrain new groundwater withdrawals for domestic uses to less than three hundred fifty gallons per day per dwelling unit, if the dwelling utilizes an on-site septic system and a water supply from a public water system cannot be provided pursuant to RCW 43.20.260.

(6) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.

(7) Federal, state, and local governments, individuals, corporations, groups, and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state. The department may apply for funding from state and federal sources for projects and activities that enhance flow and habitat conditions in rivers and streams to address areas of concern including those that arise from the use of water authorized under subsection (5)(b) of this section.

(8)(a) Funding provided to the department's water acquisition program to offset impacts to stream flows in rural areas, including those that result from subsection (5)(b) of this section, must be used to protect, and where possible enhance, instream flows in rural areas by acquiring water rights, incentivizing water conservation, and low impact development practices, and promoting any other instream flow enhancement projects, including but not limited to collection, retention, and release of rainwater, constructing ponds, wetlands, and other water impoundments, and storm water infiltration.

~~((10))~~ (12) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

(b) In reserving and setting aside water in accordance with (a)(i) of this subsection, and in withdrawing waters of the state from additional appropriation under this title, any action under this section shall be consistent with the directive in RCW 90.54.020(5)(b). Before proposing the adoption of rules to withdraw waters of the state from additional appropriation, the department shall consult with the standing committees of the house of representatives and the senate having jurisdiction over water resource management issues.

(2) Prior to the adoption of a rule under this section, the department shall conduct a public hearing in each county in which waters relating to the rule are located. The public hearing shall be preceded by a notice placed in a newspaper of general circulation published within each of said counties. beneficially, shall be entitled to a right equal to that established by a permit issued under the provisions of this chapter.

(2) Nothing in chapter . . . , Laws of 2012 (this act) is intended to alter, limit, impair, or amend the ability to withdraw water otherwise allowed under the exemption provided in RCW 90.44.050.

NEW SECTION. Sec. 6. A new section is added to chapter 90.54 RCW to read as follows:

(1) Each parcel of property that is located within the Skagit river basin is entitled to a withdrawal of public groundwater for domestic uses in an amount not less than three hundred fifty gallons per day per dwelling unit, if the dwelling utilizes an on-site septic system and a water supply from a public water system cannot be provided pursuant to RCW 43.20.260, and, to the extent it is regularly used beneficially, shall be entitled to a right equal to that established by a permit issued under the provisions of chapter 90.44 RCW.

(1)(a) Each applicant for a building permit of a building necessitating potable water shall provide evidence of an adequate water supply for the intended use of the building. Evidence may be in the form of a water right permit from the department of ecology, a letter from an approved water purveyor stating the ability to provide water, or another form sufficient to verify the existence of an adequate water supply. In addition to other authorities, the county or city may impose conditions on building permits requiring connection to an existing public water system where the existing system is willing and able to provide safe and reliable potable water to the applicant with reasonable economy and efficiency. An application for a water right shall not be sufficient proof of an adequate water supply.

(b) For building permits in the Skagit river basin, for single-family dwellings that will utilize an on-site septic system and where water supply from a public water system cannot be provided pursuant to RCW 43.20.260, the applicant satisfies the requirement to show that water is legally available by submitting a signed declaration of intent to comply with RCW 90.54.020(5)(b). In addition, the local jurisdiction may require proof that water is physically available and that it meets applicable drinking water quality standards.

(2) Within counties not required or not choosing to plan pursuant to RCW 36.70A.040, the county and the state may mutually determine those areas in the county in which the requirements of subsection (1) of this section shall not apply. The departments of health and ecology shall coordinate on the implementation of this section. Should the county and the state fail to mutually determine those areas to be designated pursuant to this subsection, the county may petition the department of ~~(general administration)~~ enterprise services to mediate or, if necessary, make the determination.

(3) Buildings that do not need potable water facilities are exempt from the provisions of this section. The department of ecology, after consultation with local governments, may adopt rules to implement this section, which may recognize differences between high-growth and low-growth counties.

THE RIGHT TO HAVE VEHICLE TAXES BASED ON PURCHASE PRICE, NOT THE MANUFACTURER'S SUGGESTED RETAIL PRICE

NEW SECTION. **Sec. 8.** A new section is added to chapter 82.44 RCW to read as follows:

(1)(a) A motor vehicle excise tax must be calculated in an honest and accurate way. For the purpose of determining any motor vehicle excise tax otherwise authorized by law, any taxing district imposing a motor vehicle excise tax must set a vehicle's taxable value by using the depreciation schedule set forth in this section. The taxable value equals the product of a percentage based on a vehicle's year of service, as provided in subsection (2) of this section, and the latest purchase price of the vehicle. The purchase price for the first year of service must be determined by the bill of sale provided by buyer and seller, subject to the exemptions, exceptions, and definitions provided by this section, and must be affirmed by declaration by both parties.

(b) The legislature intends that this section is to ensure an honest and accurate calculation of the tax. It is further the intent of the legislature that this section, when combined with the appeal process in RCW 82.44.065, will ensure that vehicle owners are taxed fairly.

(2) For the purpose of determining the tax under this chapter, the value of a truck-type power or trailing unit, or motor vehicle, including a passenger vehicle, motorcycle, motor home, sport-utility vehicle, or light-duty truck must be the latest purchase price of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the following percentage based on year of service of the vehicle since its most recent sale. 2	75
3	55
4	40
5	25
6	10
7 and over	5

(3) The reissuance of title and registration for a truck-type power or trailing unit or motor vehicle, including a passenger vehicle, motorcycle, motor home, sport-utility vehicle, or light-duty truck because of the installation of body or special equipment must be treated as a sale, and the latest purchase price of the truck-type power or trailing unit or motor vehicle, including a passenger vehicle, motorcycle, motor home, sport-utility vehicle, or light-duty truck at that time, as determined by the department from such information as may be available, must be considered its base value.

(4) If the purchase price is unavailable or otherwise unascertainable or the reissuance of title and registration is the result of a gift or inheritance, the department shall determine a value equivalent to the latest purchase price by using any information that may be available, including any guidebook, report, or compendium of recognized standing in the automotive industry or the selling price and year of sale of the vehicle. The department may use an appraisal by the county assessor. In valuing a vehicle for which the current value or selling price is not indicative of the value of similar vehicles of the same year and model, the department must establish a value that more closely represents the average value of similar vehicles of the same year and model.

(5) For purposes of this chapter, "value" excludes value attributable to modifications of a motor vehicle and equipment that are designed to facilitate the use or operation of the motor vehicle by a person with a disability.

NEW SECTION. Sec. 9. RCW 82.44.035 (Valuation of vehicles) and 2010 c 161 s 910 & 2006 c 318 s 1 are each repealed.

Sec. 10. RCW 82.44.065 and 2010 c 161 s 912 are each amended to read as follows:

MOTION

RULING BY THE PRESIDENT

President Owen: "In ruling on the Point of Order raised by Senator Haugen as to whether amendment 114 to Substitute Senate Bill No. 6150 fits within the scope and object of the underlying bill, the President finds and rules as follows:

Substitute Senate Bill No. 6150 sets forth a program for use of facial recognition software in the area of drivers licenses, permits, and identicards. It addresses the management of the facial

recognition system, and provides for various fee increases related to those cards. It does not alter the statutory provisions for proving identity currently in statute.

The amendment by Sen. Benton introduces a new element: the use of a person's lawful presence to verify whether that person is eligible for a new or renewal card. This additional element of proving one's identity is not part of the underlying bill, nor is it an aspect of administering the facial recognition system.

Accordingly, Sen. Benton's amendment is outside the scope and object of the underlying bill, and Sen. Haugen's point of order is well taken."

The Senate resumed consideration of Substitute Senate Bill No. 6150 which had been deferred earlier in the day.

MOTION

Senator Benton moved that the following amendment by Senators Benton and Zarelli be adopted:

On page 3, line 19, after "system" insert "by: (a) Confirming that the applicant has a valid social security number; or (b) verifying the lawful presence of the applicant through the systematic alien verification for entitlements program administered by the United States citizenship and immigration services. If the lawful presence and identity of the applicant cannot be verified, the application must be denied"

Senator Benton spoke in favor of adoption of the amendment.

POINT OF ORDER

Senator Haugen: "This amendment is also outside of the scope and object of the underlying bill for the very reasons that I gave on the other one."

RULING BY THE PRESIDENT

President Owen: "For the reasons that amendment 114 is outside the scope and object of Substitute Senate Bill No. 6150, amendment 113 is also outside the bill's scope and object. Senator Haugen's point is well taken."

MOTION

Senator Benton moved that the following amendment by Senators Benton and Carrell be adopted:

Beginning on page 3, line 26, strike all of sections 3 through 10
On page 1, line 3 of the title, after "identicards;" strike the remainder of the title and insert "amending RCW 46.20.037; and adding a new section to chapter 46.04 RCW.

MOTION

The President declared the question before the Senate to be the adoption of the amendment by Senators Haugen and King on page 1, line 1 to Substitute Senate Bill No. 6150.

The motion by Senator Haugen carried and the amendment was adopted by voice vote.

POINT OF ORDER

Senator Benton: "I rise for a point of order concerning rule 31. Rule 31 of the Senate Rules allows for any member of the senate to rise and ask that a question be divided. If after division of the question there is substantive portion still left to be voted on by the body. Therefore, Mr. President, under the provisions of Rule 31 of the Washington State Senate I demand the question be divided."

REMARKS BY THE PRESIDENT

President Owen: "Senator Benton, the motion before the Senate right now is a motion to suspend the rules and go to third reading and final passage. Your motion to divide the bill if it is even in order, would take place, could take place in the third reading. Are you trying to effect the motion to suspend the rules and go to third reading?"

POINT OF ORDER

Senator Benton: "Mr. President, I have no objection to bumping the bill to third reading."

REPLY BY THE PRESIDENT

President Owen: "Then let us dispose of that motion first."

MOTION

On motion of Senator Haugen, the rules were suspended, Engrossed Substitute Senate Bill No. 6150 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

RULING BY THE PRESIDENT

President Owen: "The President finds that in 2010 the President ruled on exactly this question and we have determined based on your rules, Reeds Rules and the Presidents previous ruling that a bill may not be divided into separate parts for individual consideration. Therefore your point is not well taken and the bill may not be divided."

PARLIAMENTARY INQUIRY

Senator Eide: "Just want to make sure that we are on third reading and final passage?"

REMARKS BY THE PRESIDENT

President Owen: "We are on third reading and final passage. The President will take the liberty of suggesting that if you wish to have further explanation that you refer to the rule and I will have Mike and Keith reference what that rule is, I mean that ruling was. It is to the point, exactly, of this discussion and how I

STATEMENT FOR THE JOURNAL

Earlier today, given the large volume of bills being run on the floor, I inadvertently voted 'No' on Senate Bill No. 6440 which would allow the state to explore options for selling insurance

across state lines. I intended to vote 'Yes' and would like the journal to reflect my intent.

SENATOR STEVENS, 39TH LEGISLATIVE DISTRICT

STATEMENT FOR THE JOURNAL

It was my intention to vote in favor of Senate Bill No. 6440. However, there was significant confusion at the moment of the roll call and when the situation is not clear, I default to a 'no' position. I regret this and if we had more time to sort out the confusion I would have cast a 'yes' vote on the bill.

(10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it will seek an exceptional sentence based on an aggravating factor under RCW 9.94A.535.

(11) An additional twelve months and one day shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering one or more persons under RCW 9.94A.834.

(12) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.831.

"**Sec. 1.** RCW 41.05.065 and 2011 1st sp.s. c 8 s 1 are each amended to read as follows:

(1) The board shall study all matters connected with the provision of health care coverage, life insurance, liability insurance, accidental death and dismemberment insurance, and disability income insurance or any of, or a combination of, the enumerated types of insurance for employees and their dependents on the best basis possible with relation both to the welfare of the employees and to the state. However, liability insurance shall not be made available to dependents.

(2) The board shall develop employee benefit plans that include comprehensive health care benefits for employees. In developing these plans, the board shall consider the following elements:

(a) Methods of maximizing cost containment while ensuring access to quality health care;

(b) Development of provider arrangements that encourage cost containment and ensure access to quality care, including but not limited to prepaid delivery systems and prospective payment methods;

(c) Wellness incentives that focus on proven strategies, such as smoking cessation, injury and accident prevention, reduction of alcohol misuse, appropriate weight reduction, exercise, automobile and motorcycle safety, blood cholesterol reduction, and nutrition education;

(f) Minimum standards for insuring entities.

(3) To maintain the comprehensive nature of employee health care benefits, benefits provided to employees shall be substantially equivalent to the state employees' health benefits plan in effect on

January 1, 1993. Nothing in this subsection shall prohibit changes or increases in employee point-of-service payments or employee premium payments for benefits or the administration of a high deductible health plan in conjunction with a health savings account. This subsection does not prohibit the board from offering a plan incorporating primary care services through a direct patient-provider primary care practice as provided in subsection (6) of this section. The board may establish employee eligibility criteria which are not substantially equivalent to employee eligibility criteria in effect on January 1, 1993.

(4) Except if bargained for under chapter 41.80 RCW, the board shall design benefits and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria subject to the requirements of this chapter. Employer groups obtaining benefits through contractual agreement with the authority for employees defined in RCW 41.05.011(6) (a) through (d) may contractually agree with the authority to benefits eligibility criteria which differs from that determined by the board. The eligibility criteria established by the board shall be no more restrictive than the following:

(a) Except as provided in (b) through (e) of this subsection, an employee is eligible for benefits from the date of employment if the employing agency anticipates he or she will work an average of at least eighty hours per month and for at least eight hours in each month for more than six consecutive months. An employee determined ineligible for benefits at the beginning of his or her employment shall become eligible in the following circumstances:

(i) An employee who works an average of at least eighty hours per month and for at least eight hours in each month and whose anticipated duration of employment is revised from less than or equal to six consecutive months to more than six consecutive months becomes eligible when the revision is made.

(b) A seasonal employee is eligible for benefits from the date of employment if the employing agency anticipates that he or she will work an average of at least eighty hours per month and for at least eight hours in each month of the season. A seasonal employee determined ineligible at the beginning of his or her employment who works an average of at least half-time, as defined by the board, per month over a period of six consecutive months and at least eight hours in each of those six consecutive months becomes eligible at the first of the month following the six-month averaging period. A benefits-eligible seasonal employee who works a season of less than nine months shall not be eligible for the employer contribution during the off season, but may continue enrollment in benefits during the off season by self-paying for the benefits. A benefits-eligible seasonal employee who works a season of nine months or more is eligible for the employer contribution through the off season following each season worked.

(c) Faculty are eligible as follows:

(i) Faculty who the employing agency anticipates will work half-time or more for the entire instructional year or equivalent nine-month period are eligible for benefits from the date of employment. Eligibility shall continue until the beginning of the first full month of the next instructional year, unless the employment relationship is terminated, in which case eligibility shall cease the first month following the notice of termination or the effective date of the termination, whichever is later.

(ii) Faculty who the employing agency anticipates will not work for the entire instructional year or equivalent nine-month period are eligible for benefits at the beginning of the second consecutive

quarter or semester of employment in which he or she is anticipated to work, or has actually worked, half-time or more. Such an employee shall continue to receive uninterrupted employer contributions for benefits if the employee works at least half-time in a quarter or semester. Faculty who the employing agency anticipates will not work for the entire instructional year or equivalent nine-month period, but who actually work half-time or more throughout the entire instructional year, are eligible for summer or off-quarter coverage. Faculty who have met the criteria of this subsection (4)(c)(ii), who work at least two quarters of the academic year with an average academic year workload of half-time or more for three quarters of the academic year, and who have worked an average of half-time or more in each of the two preceding academic years shall continue to receive uninterrupted employer contributions for benefits if he or she works at least half-time in a quarter or semester or works two quarters of the academic year with an average academic workload each academic year of half-time or more for three quarters. Eligibility under this section ceases immediately if this criteria is not met.

(iii) Faculty may establish or maintain eligibility for benefits by working for more than one institution of higher education. When faculty work for more than one institution of higher education, those institutions shall prorate the employer contribution costs, or if eligibility is reached through one institution, that institution will pay the full employer contribution. Faculty working for more than one institution must alert his or her employers to his or her potential eligibility in order to establish eligibility.

(iv) The employing agency must provide written notice to faculty who are potentially eligible for benefits under this subsection (4)(c) of their potential eligibility.

(v) To be eligible for maintenance of benefits through averaging under (c)(ii) of this subsection, faculty must provide written notification to his or her employing agency or agencies of his or her potential eligibility.

(f) Except as provided in (c)(i) and (ii) of this subsection, eligibility ceases for any employee the first of the month following termination of the employment relationship.

(g) In determining eligibility under this section, the employing agency may disregard training hours, standby hours, or temporary changes in work hours as determined by the authority under this section.

(h) Insurance coverage for all eligible employees begins on the first day of the month following the date when eligibility for benefits is established. If the date eligibility is established is the first working day of a month, insurance coverage begins on that date.

(i) Eligibility for an employee whose work circumstances are described by more than one of the eligibility categories in (a) through (e) of this subsection shall be determined solely by the criteria of the category that most closely describes the employee's work circumstances.

(j) Except for an employee eligible for benefits under (b) or (c)(ii) of this subsection, an employee who has established eligibility for benefits under this section shall remain eligible for benefits each month in which he or she is in pay status for eight or more hours, if (i) he or she remains in a benefits-eligible position and (ii) leave from the benefits-eligible position is approved by the employing agency. A benefits-eligible seasonal employee is eligible for the

employer contribution in any month of his or her season in which he or she is in pay status eight or more hours during that month. Eligibility ends if these conditions are not met, the employment relationship is terminated, or the employee voluntarily transfers to a noneligible position.

(k) For the purposes of this subsection:

(i) "Academic year" means summer, fall, winter, and spring quarters or semesters;

(ii) "Half-time" means one-half of the full-time academic workload as determined by each institution, except that half-time for community and technical college faculty employees shall have the same meaning as "part-time" under RCW 28B.50.489;

(iii) "Benefits-eligible position" shall be defined by the board.

(5) The board may authorize premium contributions for an employee and the employee's dependents in a manner that encourages the use of cost-efficient managed health care systems.

(6)(a)(i) For any open enrollment period following August 24, 2011, the board shall offer a health savings account option for employees that conforms to section 223, Part VII of subchapter B of chapter 1 of the internal revenue code of 1986. The board shall comply with all applicable federal standards related to the establishment of health savings accounts.

(ii) As a pilot project, during the 2013 and 2014 plan years the board shall offer employees enrolled in a self-insured health plan the option to receive primary care services from a direct patient-provider primary care practice as provided in chapter 48.150 RCW. For any member enrolled in the option offered under this subsection (6)(a)(ii), the direct fee under RCW 48.150.010 shall be paid by the member's health plan at no additional cost to the member. For any plan year, the option offered under this subsection (6)(a)(ii) shall be limited by the board to enrollees who utilized at least twice the median value of care for a member during the first nine months of the prior plan year, except that a member who is already enrolled in the option may remain enrolled in subsequent years if the option is offered by the board. The board shall negotiate a direct fee that reflects the intensity of such care. Additionally, enrollment in the option offered under this subsection (6)(a)(ii) shall be limited to no more than two thousand members living in King and Pierce counties. The board shall use best efforts to inform and educate prospective plan enrollees on the existence and benefits of the option offered under this subsection (6)(a)(ii). These efforts shall include, but not be limited to, an invitation to direct patient-provider primary care practices eligible to participate in any plan offered under this subsection to participate in open enrollment meetings and other beneficiary communication methods. No later than November 1, 2014, the board shall submit a report to the legislature on the direct practice option offered under this subsection, describing the impact of the option on plan costs and the health of the members enrolled in the option.

(b) By November 30, 2015, and each year thereafter, the authority shall submit a report to the relevant legislative policy and fiscal committees that includes the following:

(i) Public employees' benefits board health plan cost and service utilization trends for the previous three years, in total and for each health plan offered to employees;

(ii) For each health plan offered to employees, the number and percentage of employees and dependents enrolled in the plan, and the age and gender demographics of enrollees in each plan;

(iii) Any impact of enrollment in alternatives to the most comprehensive plan, including the high deductible health plan with a health savings account, upon the cost of health benefits for those employees who have chosen to remain enrolled in the most comprehensive plan.

(7) Notwithstanding any other provision of this chapter, for any open enrollment period following August 24, 2011, the board shall

offer a high deductible health plan in conjunction with a health savings account developed under subsection (6) of this section.

(8) Employees shall choose participation in one of the health care benefit plans developed by the board and may be permitted to waive coverage under terms and conditions established by the board.

(9) The board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of authority in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall adopt rules setting forth criteria by which it shall evaluate the plans.

(10) Before January 1, 1998, the public employees' benefits board shall make available one or more fully insured long-term care insurance plans that comply with the requirements of chapter 48.84 RCW. Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. Employees of local governments, political subdivisions, and tribal governments not otherwise enrolled in the public employees' benefits board sponsored medical programs may enroll under terms and conditions established by the administrator, if it does not jeopardize the financial viability of the public employees' benefits board's long-term care offering.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees' benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees' benefits board and the health care authority.

(b) The employee, retired employee, and retired school employee are solely responsible for the payment of the premium rates developed by the health care authority. The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the long-term care insurer, which shall include the health care authority's cost of administration, marketing, and consumer education materials prepared by the health care authority and the office of the insurance commissioner.

(c) To the extent administratively possible, the state shall establish an automatic payroll or pension deduction system for the payment of the long-term care insurance premiums.

(d) The public employees' benefits board and the health care authority shall establish a technical advisory committee to provide advice in the development of the benefit design and establishment of underwriting guidelines and eligibility rules. The committee shall also advise the board and authority on effective and cost-effective ways to market and distribute the long-term care product. The technical advisory committee shall be comprised, at a minimum, of representatives of the office of the insurance commissioner, providers of long-term care services, licensed insurance agents with expertise in long-term care insurance, employees, retired employees, retired school employees, and other interested parties determined to be appropriate by the board.

(e) The health care authority shall offer employees, retired employees, and retired school employees the option of purchasing long-term care insurance through licensed agents or brokers appointed by the long-term care insurer. The authority, in consultation with the public employees' benefits board, shall establish marketing procedures and may consider all premium components as a part of the contract negotiations with the long-term care insurer.

(f) In developing the long-term care insurance benefit designs, the public employees' benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner.

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the board.

(11) The board may establish penalties to be imposed by the authority when the eligibility determinations of an employing agency fail to comply with the criteria under this chapter.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 26.44.030 and 2009 c 480 s 1 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or

cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11, 13, and 26 RCW, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or

may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(12) In conducting an investigation of alleged abuse or neglect, the department or law enforcement agency:

(a) May interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(b) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(13) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombudsman of the contents of the report. The department shall also notify the ombudsman of the disposition of the report.

(14) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(15) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. (17) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(18) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

(2)(a) Pursuant to the implementation schedule established in subsection (7)(~~(b)~~) (c) of this section, every board of directors shall, in accordance with procedures provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish revised evaluative criteria and a four-level rating system for all certificated classroom teachers.

By December 1, 2012, the superintendent of public instruction must adopt rules prescribing a common method for calculating the comprehensive summative evaluation performance rating for each of the preferred instructional frameworks, including for a focused evaluation under subsection (12) of this section, giving appropriate weight to the indicators evaluated under each criteria and maximizing rater agreement among the frameworks.

Each school district must adopt one of the preferred instructional frameworks and post the selection on the district's web site. The superintendent of public instruction shall establish a process for approving minor modifications or adaptations to a preferred instructional framework that may be proposed by a school district.

(f) Student growth data(~~(-if available and))~~ that is relevant to the teacher and subject matter(~~(-is referenced))~~ must be a factor in the evaluation process ((#)) and must be based on multiple measures that can include classroom-based, school-based, district-based, and

state-based tools. Student growth data elements may include the teacher's performance as a member of a grade-level, subject matter, or other instructional team within a school when the use of this data is relevant and appropriate. Student growth data elements may also include the teacher's performance as a member of the overall instructional team of a school when use of this data is relevant and appropriate. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(g) Student input may also be included in the evaluation process.

(3)(a) Except as provided in subsection ~~((10))~~ (11) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. An employee in the third year of provisional status as defined in RCW 28A.405.220 shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than ninety minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

(b) As used in this subsection and subsection (4) of this section, "employees" means classroom teachers and certificated support personnel except where otherwise specified.

(4)(a) At any time after October 15th, an employee whose work is not judged satisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement. For classroom teachers who have been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section, the following comprehensive summative evaluation performance ratings based on the evaluation criteria in subsection (2)(b) of this section mean a classroom teacher's work is not judged satisfactory:

(i) Level 1; or

(ii) Level 2 if the classroom teacher is a continuing contract employee under RCW 28A.405.210 with more than five years of teaching experience and if the level 2 comprehensive summative evaluation performance rating has been received for two consecutive years or for two years within a consecutive three-year time period.

(b) During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established. Days may be added if deemed necessary to complete a program for improvement and evaluate the probationer's performance, as long as the probationary period is concluded before May 15th of the same school year. The probationary period may be extended into the following school year if the probationer has five or more years of teaching experience and has a comprehensive summative evaluation performance rating as of May 15th of less than level 2. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the

employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency~~((;))~~. Should the evaluator not authorize such additional evaluator, the probationer may request that an additional certificated employee evaluator become part of the probationary process and this request must be implemented by including an additional experienced evaluator assigned by the educational service district in which the school district is located and selected from a list of evaluation specialists compiled by the educational service district. Such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. If a procedural error occurs in the implementation of a program for improvement, the error does not invalidate the probationer's plan for improvement or evaluation activities unless the error materially affects the effectiveness of the plan or the ability to evaluate the probationer's performance. The probationer ~~((may))~~ must be removed from probation if he or she has demonstrated improvement to the satisfaction of the ~~((principal))~~ evaluator in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her ~~((improvement))~~ program for improvement. A classroom teacher who has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section must be removed from probation if he or she has demonstrated improvement that results in a new comprehensive summative evaluation performance rating of level 2 or above for a provisional employee or a continuing contract employee with five or fewer years of experience, or of level 3 or above for a continuing contract employee with more than five years of experience. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer ~~((and shall))~~ constitutes grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

~~((b))~~ (c) When a continuing contract employee with five or more years of experience receives a comprehensive summative evaluation performance rating below level 2 for two consecutive years, the school district shall, within ten days of the completion of the second summative comprehensive evaluation or May 15th, whichever occurs first, implement the employee notification of discharge as provided in RCW 28A.405.300.

(d) Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and ~~((improvement))~~ program for improvement, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. In the case of a classroom teacher who has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section, the teacher may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year immediately following the completion of a probationary period that does not result in the required comprehensive summative evaluation performance ratings specified in (b) of this subsection. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the

THIRTY SEVENTH DAY, FEBRUARY 14, 2012

2012 REGULAR SESSION

employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

(5) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Except as provided in subsection (6) of this section, such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

(6)(a) Pursuant to the implementation schedule established by subsection (7)(b) of this section, every board of directors shall establish revised evaluative criteria and a four-level rating system for principals.

(b) The minimum criteria shall include: (i) Creating a school culture that promotes the ongoing improvement of learning and teaching for students and staff; (ii) demonstrating commitment to closing the achievement gap; (iii) providing for school safety; (iv) leading the development, implementation, and evaluation of a data-driven plan for increasing student achievement, including the use of multiple student data elements; (v) assisting instructional staff with alignment of curriculum, instruction, and assessment with state and local district learning goals; (vi) monitoring, assisting, and evaluating effective instruction and assessment practices; (vii) managing both staff and fiscal resources to support student achievement and legal responsibilities; and (viii) partnering with the school community to promote student learning. Student growth data must be a substantial factor in evaluating the summative performance of the principal for at least three of the evaluation criteria listed in this subsection.

(c) The four-level rating system used to evaluate the principal must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. ~~(When available,)~~ The summative performance ratings shall be as follows: Level 1 -unsatisfactory; level 2 - basic; level 3 - proficient; and level 4 -distinguished. A principal shall receive one of the four summative performance ratings for each of the minimum criteria in (b) of this subsection and one of the four summative performance ratings for the evaluation as a whole, which shall be the comprehensive summative evaluation performance rating.

(d) By December 1, 2012, the superintendent of public instruction shall adopt rules that provide descriptors for each of the summative performance ratings, based on the development work of pilot school districts under subsection (7) of this section. Any subsequent changes to the descriptors by the superintendent may only be made following consultation with a group broadly reflective of the parties represented in subsection (7)(a) of this section.

(e) By September 1, 2012, the superintendent of public instruction shall identify up to three preferred leadership frameworks that support the revised evaluation system. The leadership frameworks shall be research-based and establish definitions or rubrics for each of the four performance ratings for each evaluation criteria. Each school district shall adopt one of the preferred leadership frameworks and post the selection on the district's web site. The superintendent of public instruction shall establish a process for approving minor modifications or adaptations to a preferred leadership framework that may be proposed by a school district.

(f) Student growth data that is ((referenced)) relevant to the principal must be a factor in the evaluation process and must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(g) Input from building staff may also be included in the evaluation process.

(h) For principals who have been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section, the following comprehensive summative evaluation performance ratings mean a principal's work is not judged satisfactory:

(i) Level 1; or

(ii) Level 2 if the principal has more than five years of experience in the principal role and if the level 2 comprehensive summative evaluation performance rating has been received for two consecutive years or for two years within a consecutive three-year time period.

(7)(a) The superintendent of public instruction, in collaboration with state associations representing teachers, principals, administrators, school board members, and parents, to be known as the steering committee, shall create models for implementing the evaluation system criteria, student growth tools, professional development programs, and evaluator training for certificated classroom teachers and principals. Human resources specialists, professional development experts, and assessment experts must also be consulted. Due to the diversity of teaching assignments and the many developmental levels of students, classroom teachers and principals must be prominently represented in this work. The models must be available for use in the 2011-12 school year.

(b) A new certificated classroom teacher evaluation system that implements the provisions of subsection (2) of this section and a new principal evaluation system that implements the provisions of subsection (6) of this section shall be phased-in beginning with the 2010-11 school year by districts identified in ~~((e))~~ (d) of this subsection and implemented in all school districts beginning with the 2013-14 school year.

(c) Each school district board of directors shall adopt a schedule for implementation of the revised evaluation systems that transitions a portion of classroom teachers and principals in the district to the revised evaluation systems each year beginning no later than the 2013-14 school year, until all classroom teachers and principals are being evaluated under the revised evaluation systems no later than the 2015-16 school year. A school district is not precluded from completing the transition of all classroom teachers and principals to the revised evaluation systems before the 2015-16 school year. The schedule adopted under this subsection (7)(c) must provide that the following employees are transitioned to the revised evaluation systems beginning in the 2013-14 school year:

(i) Classroom teachers who are provisional employees under RCW 28A.405.220;

(ii) Classroom teachers who are on probation under subsection (4) of this section;

(iii) Principals in the first three consecutive school years of employment as a principal;

(iv) Principals whose work is not judged satisfactory in their most recent evaluation; and

(v) Principals previously employed as a principal by another school district in the state of Washington for three or more consecutive school years and in the first full year as a principal in the school district.

(d) A set of school districts shall be selected by the superintendent of public instruction to participate in a collaborative process resulting in the development and piloting of new certificated

classroom teacher and principal evaluation systems during the 2010-11 and 2011-12 school years. These school districts must be selected based on: (i) The agreement of the local associations representing classroom teachers and principals to collaborate with the district in this developmental work and (ii) the agreement to participate in the full range of development and implementation activities, including: Development of rubrics for the evaluation criteria and ratings in subsections (2) and (6) of this section; identification of or development of appropriate multiple measures of student growth in subsections (2) and (6) of this section; development of appropriate evaluation system forms; participation in professional development for principals and classroom teachers regarding the content of the new evaluation system; participation in evaluator training; and participation in activities to evaluate the effectiveness of the new systems and support programs. The school districts must submit to the office of the superintendent of public instruction data that is used in evaluations and all district-collected student achievement, aptitude, and growth data regardless of whether the data is used in evaluations. If the data is not available electronically, the district may submit it in nonelectronic form. The superintendent of public instruction must analyze the districts' use of student data in evaluations, including examining the extent that student data is not used or is underutilized. The superintendent of public instruction must also consult with participating districts and stakeholders, recommend appropriate changes, and address statewide implementation issues. The superintendent of public instruction shall report evaluation system implementation status, evaluation data, and recommendations to appropriate committees of the legislature and governor by July 1, 2011, and at the conclusion of the development phase by July 1, 2012. In the July 1, 2011, report, the superintendent shall include recommendations for whether a single statewide evaluation model should be adopted, whether modified versions developed by school districts should be subject to state approval, and what the criteria would be for determining if a school district's evaluation model meets or exceeds a statewide model. The report shall also identify challenges posed by requiring a state approval process.

(e)(i) The steering committee in subsection (7)(a) of this section and the pilot school districts in subsection (7)(d) of this section shall continue to examine implementation issues and refine tools for the new certificated classroom teacher evaluation system in subsection (2) of this section and the new principal evaluation system in subsection (6) of this section during the 2013-14 through 2015-16 implementation phase.

(ii) Particular attention shall be given to the following issues:

(A) Developing a report for the legislature and governor, due by December 1, 2013, of best practices and recommendations regarding how teacher and principal evaluations and other appropriate elements shall inform school district human resource and personnel practices. The legislature and governor are provided the opportunity to review the report and recommendations during the 2014 legislative session;

(B) Taking the new teacher and principal evaluation systems to scale and the use of best practices for statewide implementation;

(C) Providing guidance regarding the use of student growth data to assure it is used responsibly and with integrity;

(D) Refining evaluation system management tools, professional development programs, and evaluator training programs with an emphasis on developing rater reliability;

(E) Reviewing emerging research regarding teacher and principal evaluation systems and the development and implementation of evaluation systems in other states;

(F) Reviewing the impact that variable demographic characteristics of students and schools have on the objectivity, reliability, validity, and availability of student growth data; and

(G) Developing recommendations regarding how teacher evaluations could inform state policies regarding the criteria for a teacher to obtain continuing contract status under RCW 28A.405.210. In developing these recommendations the experiences of school districts and teachers during the evaluation transition phase must be considered. Recommendations must be reported by July 1, 2016, to the legislature and the governor.

(iii) To support the tasks in (e)(ii) of this subsection, the superintendent of public instruction may contract with an independent research organization with expertise in educator evaluations and knowledge of the revised evaluation systems being implemented under this section.

(iv) The superintendent of public instruction shall monitor the statewide implementation of revised teacher and principal evaluation systems using data reported under RCW 28A.150.230 as well as periodic input from focus groups of administrators, principals, and teachers.

(v) The superintendent of public instruction shall submit reports detailing findings, emergent issues or trends, recommendations from the steering committee, and pilot school districts, and other recommendations, to enhance implementation and continuous improvement of the revised evaluation systems to appropriate committees of the legislature and the governor beginning July 1, 2013, and each July 1st thereafter for each year of the school district implementation transition period concluding with a report on December 1, 2016.

(8)(a) Beginning with the 2015-16 school year, evaluation results for certificated classroom teachers and principals must be used as one of multiple factors in making human resource and personnel decisions. Human resource decisions include, but are not limited to: Staff assignment, including the consideration of an agreement to an assignment by an appropriate teacher, principal, and superintendent; and reduction in force. Nothing in this section limits the ability to collectively bargain how the multiple factors shall be used in making human resource or personnel decisions, with the exception that evaluation results must be a factor.

(b) The office of the superintendent of public instruction must report to the legislature and the governor regarding the school district implementation of the provisions of (a) of this subsection by December 1, 2017.

(9) Each certificated classroom teacher and certificated support personnel shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee's professional performance.

~~((9))~~ (10) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated classroom teachers and certificated support personnel or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

~~((10))~~ (11) After a certificated classroom teacher or certificated support personnel has four years of satisfactory evaluations under subsection (1) of this section ~~((or has received one of the two top ratings for four years under subsection (2) of this section))~~, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) or (2) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) or (2) of this section and based on at least two observation periods

THIRTY SEVENTH DAY, FEBRUARY 14, 2012

2012 REGULAR SESSION

during the school year totaling at least sixty minutes without a written summary of such observations being prepared. A locally bargained short-form evaluation emphasizing professional growth must provide that the professional growth activity conducted by the certificated classroom teacher be specifically linked to one or more of the certificated classroom teacher evaluation criteria. However, the evaluation process set forth in subsection (1) or (2) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) or (2) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) or (2) of this section may be used as a basis for determining that an employee's work is not satisfactory under subsection (1) or (2) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise. The provisions of this subsection apply to certificated classroom teachers only until the teacher has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section.

(12) All certificated classroom teachers and principals who have been transitioned to the revised evaluation systems pursuant to the district implementation schedule adopted under subsection (7)(c) of this section must receive annual performance evaluations as provided in this subsection:

(a) All classroom teachers and principals shall receive a comprehensive summative evaluation at least once every four years. A comprehensive summative evaluation assesses all eight evaluation criteria and all criteria contribute to the comprehensive summative evaluation performance rating.

(b) The following categories of classroom teachers and principals shall receive an annual comprehensive summative evaluation:

(i) Classroom teachers who are provisional employees under RCW 28A.405.220;

(ii) Principals in the first three consecutive school years of employment as a principal;

(iii) Principals previously employed as a principal by another school district in the state of Washington for three or more consecutive school years and in the first full year as a principal in the school district; and

(iv) Any classroom teacher or principal who received a comprehensive summative evaluation performance rating of level 1 or level 2 in the previous school year.

(c)(i) In the years when a comprehensive summative evaluation is not required, classroom teachers and principals who received a comprehensive summative evaluation performance rating of level 3 or above in the previous school year are required to complete a focused evaluation. A focused evaluation includes an assessment of one of the eight criteria selected for a performance rating plus professional growth activities specifically linked to the selected criteria.

(ii) The selected criteria must be approved by the teacher's or principal's evaluator and may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention. A group of teachers may focus on the same evaluation criteria and share professional growth activities. A group of principals may focus on the same evaluation criteria and share professional growth activities.

(iii) The evaluator must assign a comprehensive summative evaluation performance rating for the focused evaluation using the methodology adopted by the superintendent of public instruction for

the instructional or leadership framework being used.

(iv) A teacher or principal may be transferred from a focused evaluation to a comprehensive summative evaluation at the request of the teacher or principal, or at the direction of the teacher's or principal's evaluator.

(v) Due to the importance of instructional leadership and assuring rater agreement among evaluators, particularly those evaluating teacher performance, school districts are encouraged to conduct comprehensive summative evaluations of principal performance on an annual basis.

(vi) A classroom teacher or principal may apply the focused evaluation professional growth activities toward the professional growth plan for professional certificate renewal as required by the professional educator standards board.

(13) Each school district is encouraged to acknowledge and recognize classroom teachers and principals who have attained level 4 -distinguished performance ratings.

Sec. 2. RCW 28A.405.120 and 1995 c 335 s 401 are each amended to read as follows:

(1) School districts shall require each administrator, each principal, or other supervisory personnel who has responsibility for evaluating classroom teachers or principals to have training in evaluation procedures.

(2) Before school district implementation of the revised evaluation systems required under RCW 28A.405.100, principals and administrators who have evaluation responsibilities must engage in professional development designed to implement the revised systems and maximize rater agreement.

Sec. 3. RCW 28A.405.130 and 1985 c 420 s 4 are each amended to read as follows:

(1) No administrator, principal, or other supervisory personnel may evaluate a teacher without having received training in evaluation procedures.

(2) Before evaluating classroom teachers using the evaluation systems required under RCW 28A.405.100, principals and administrators must engage in professional development designed to implement the revised systems and maximize rater agreement.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.410 RCW to read as follows:

(1)(a) After August 31, 2013, candidates for a residency principal certificate must have demonstrated knowledge of teacher evaluation research and Washington's evaluation requirements and successfully completed opportunities to practice teacher evaluation skills.

(b) At a minimum, principal preparation programs must address the following knowledge and skills related to evaluations:

(i) Examination of Washington teacher and principal evaluation criteria, and four-tiered performance rating system, and the preferred instructional and leadership frameworks used to describe the evaluation criteria;

(ii) Classroom observations;

(iii) The use of student growth data and multiple measures of performance;

(iv) Evaluation conferencing;

(v) Development of classroom teacher and principal support plans resulting from an evaluation; and

(vi) Use of an online tool to manage the collection of observation notes, teacher and principal-submitted materials, and other information related to the conduct of the evaluation.

(2) Beginning September 1, 2016, the professional educator standards board shall incorporate in-service training or continuing education on the revised teacher and principal evaluation systems under RCW 28A.405.100 as a requirement for renewal of continuing or professional level certificates, including requiring knowledge and competencies in teacher and principal evaluation

systems as an aspect of professional growth plans used for certificate renewal.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.405 RCW to read as follows:

(1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction must develop and make available a professional development program to support the implementation of the evaluation systems required by RCW 28A.405.100. The program components may be organized into professional development modules for principals, administrators, and teachers. The professional development program shall include a comprehensive online training package.

(2) The training program must include, but not be limited to, the following topics:

- (a) Introduction of the evaluation criteria for teachers and principals and the four-level rating system;
- (b) Orientation to and use of instructional frameworks;
- (c) Orientation to and use of the leadership frameworks;
- (d) Best practices in developing and using data in the evaluation systems, including multiple measures, student growth data, classroom observations, and other measures and evidence;
- (e) Strategies for achieving maximum rater agreement;
- (f) Evaluator feedback protocols in the evaluation systems;
- (g) Examples of high quality teaching and leadership; and
- (h) Methods to link the evaluation process to ongoing educator professional development.

(3) To the maximum extent feasible, the professional development program must incorporate or adapt existing online training or curriculum, including securing materials or curriculum under contract or purchase agreements within available funds. Multiple modes of instruction should be incorporated including videos of classroom teaching, participatory exercises, and other engaging combinations of online audio, video, and print presentation.

(4) The professional development program must be developed in modules that allow:

- (a) Access to material over a reasonable number of training sessions;
- (b) Delivery in person or online; and
- (c) Use in a self-directed manner.

(5) The office of the superintendent of public instruction must maintain a web site that includes the online professional development materials along with sample evaluation forms and templates, links to relevant research on evaluation and on high quality teaching and leadership, samples of contract and collective bargaining language on key topics, examples of multiple measures of teacher and principal performance, suggestions for data to measure student growth, and other tools that will assist school districts in implementing the revised evaluation systems.

(6) The office of the superintendent of public instruction must identify the number of in-service training hours associated with each professional development module and develop a way for users to document their completion of the training. Documented completion of the training under this section is considered approved in-service training for the purposes of RCW 28A.415.020.

(7) The office of the superintendent of public instruction shall periodically update the modules to reflect new topics and research on performance evaluation so that the training serves as an ongoing source of continuing education and professional development.

(8) The office of the superintendent of public instruction shall work with the educational service districts to provide clearinghouse services for the identification and publication of professional development opportunities for teachers and principals that align with performance evaluation criteria.

Sec. 6. RCW 28A.415.023 and 2011 1st sp.s. c 18 s 6 are each amended to read as follows:

(1) Credits earned by certificated instructional staff after September 1, 1995, shall be eligible for application to the salary schedule developed by the legislative evaluation and accountability program committee only if the course content:

(a) Is consistent with a school-based plan for mastery of student learning goals as referenced in RCW 28A.655.110, the annual school performance report, for the school in which the individual is assigned;

(b) Pertains to the individual's current assignment or expected assignment for the subsequent school year;

(c) Is necessary to obtain an endorsement as prescribed by the Washington professional educator standards board;

(d) Is specifically required to obtain advanced levels of certification;

(e) Is included in a college or university degree program that pertains to the individual's current assignment, or potential future assignment, as a certified instructional staff; ~~((e))~~

(f) Addresses research-based assessment and instructional strategies for students with dyslexia, dysgraphia, and language disabilities when addressing learning goal one under RCW 28A.150.210, as applicable and appropriate for individual certificated instructional staff; or

(g) Pertains to the revised teacher evaluation system under RCW 28A.405.100, including the professional development training provided in section 5 of this act.

(2) For the purpose of this section, "credits" mean college quarter hour credits and equivalent credits for approved in-service, approved continuing education, or approved internship hours computed in accordance with RCW 28A.415.020.

(3) The superintendent of public instruction shall adopt rules and standards consistent with the limits established by this section for certificated instructional staff.

(4) For the 2011-12 and 2012-13 school years, application of credits or credit equivalents earned under this section after October 1, 2010, to the salary schedule developed by the legislative evaluation and accountability program committee is subject to any conditions or limitations contained in the omnibus operating appropriations act.

Sec. 7. RCW 28A.405.220 and 2010 c 235 s 203 are each amended to read as follows:

(1) Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first three years of employment by such district, unless: (a) The employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district; or (b) the employee has received an evaluation rating below level 2 on the four-level rating system established under RCW 28A.405.100 during the third year of employment, in which case the employee shall remain subject to the nonrenewal of the employment contract until the employee receives a level 2 rating; or (c) the school district superintendent may make a determination to remove an employee from provisional status if the employee has received one of the top two evaluation ratings during the second year of employment by the district. Employees as defined in this section shall hereinafter be referred to as "provisional employees."

(2) In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing

THIRTY SEVENTH DAY, FEBRUARY 14, 2012

2012 REGULAR SESSION

term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

(3) Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. REMARKS BY MISS MEGAN GIMMESTAD

Princess Megan: "Good morning and thank you on behalf of the Daffodil Festival and all twenty-four of us Princesses. I would like to thank you for having us here. It is a huge honor. This is an annual trip for the Daffodil Festival and we look forward to it every year. This happens to be our first appearance as official Daffodil Princesses but so far we've had an eventful year. On January 31 the Pierce County Council passed a resolution naming us an official Ambassadors of Pierce County which recognizes our thousands of hours of community service that we give back to our community. Some of these services include the Read program with the Pierce County Libraries where we get to go to multiple libraries in Pierce County and read to the kids and be with for

hours and hours. We also do a lot of work with The Boys and Girls Club where we go after school, help them with their homework, play games, read to them and they really appreciate our time and we really appreciate and have fun with it. Some of the events coming up with the Daffodil Festival are our Queens Coronation on March 16, where one of us lucky young ladies will be crowned Queen of the Daffodil Festival. It is a wonderful night and would love to have some of you come and support us all. Also our Grand Floral Parade is on April 14 this year. As Senator Kastama said, we travel through four cities, Tacoma, Puyallup, Sumner and Orting. It's a long day but it's so rewarding to see so many community members come out and support us and to see a wonderful parade. After the Grand Floral Parade, we're switching it up, is our Junior Daffodil Parade and it's in Tacoma and we get to walk in that parade and be with the kids in that one. If you can't attend any of our parades this year you're in luck because we also do a bunch of traveling festivals throughout Washington and the Pacific Northwest. We go through, we do Astoria, Oregon and Canada too so we'd love to see you at one of those parades too. Thank you for this wonderful opportunity and this great recognition of the Daffodil Festival and our seventy-ninth year."

Senator Rolfes: "Thank you Mr. President. I wanted to welcome the U. S. Navy and the Coast Guard to our chambers this morning. We're honored to have the visit of the leaders from the United States Navy and the Coast Guard. The men and women of our seas defend our nation, respond to our calls for assistance and ensure the free flow of the commerce between the United States and the rest of the world. Our states strategic location along the Pacific Rim makes us a logical home for the U. S. Navy, the third largest fleet concentration in the country. We have over one hundred thirty thousand men and women, who including active duty, retirees and civilian personnel, who call our state home. Thousands of men and women in the U. S. Coast Guard are on duty every day in the Puget Sound, off our shores rescuing vessels in distress, searching for the missing, intercepting illegal drug shipments and protecting our ferries our marine highways. These service men and women are our friends, our neighbors, our family members and our community leaders. They value our good schools, our safe neighborhoods and roads and our excellent quality of life. The Navy and Coast Guard have always been a vital part of Washington State, of our state economy and today we welcome their leaders. Thank you."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Rear Admiral Douglass Biesel Commander Navy Region Northwest who was seated at the rostrum.

REMARKS BY REAR ADMIRAL DOUGLASS BIESEL

Rear Admiral Douglass Biesel: "Thank you Mr. President. Thank you Washington State for inviting us all here today. On behalf of the rest of the US Navy and the Northwest and my assistant Admiral Taylor, from the US Coast Guard District 13 we sincerely appreciate the support that you provide to all of us. US Navy will maintain America's forward presence around the globe as ground forces draw down in the middle east and our new defense strategy directs a shift toward the Asia Pacific Region. The world continues to change and our defiance posture we evolve to meet our nation's needs. The Navy will evolve too as it has since 1775 but it will also remain as it is today. The world's preeminent maritime force. As you all know, seventy percent of the world is covered by water, eighty percent of the population lives near the shore and a full ninety percent of the world's global commerce travels by sea. Our assets here in the beautiful Puget Sound, which comprise the Navy's third largest fleet concentration area, are critical to all the Navy's mission as well as the well-being of our local communities. To reflect the value of our region provides today you know currently there are a total of eleven US carriers and we are pleased and privileged to have four of those right now in the Puget Sound. One of them is about ready to return, the US John C. Stennis, shall arrive here in early March from deployment and Abraham Lincoln is on a deployment around the world and she'll then transfer to Newport News, Virginia. The other two carriers are the USS Nimitz and, as just noted, the USS Ronald Regan which are currently in Puget Sound Naval Shipyard. Again we could not serve this great country without all of your support. We rely on our integration with Washington's transportation systems, your school systems and our partnership with the political leadership to keep doing all that this state does for this great nation. In return, we provide billions of dollars in salaries and procurement to Washington every year and as you know the Department of Defense and the Department of the Navy is one of the state's largest employers. But you also help us in legislation and I'd like to specifically call out two specific bills that I would appreciate your continue support. First off I'd like to thank Senator Derrick Kilmer from Gig Harbor, he was the sponsor of the military spouse legislation which I understand was signed by Governor Gregoire in December. It goes into effect here in March. That's extremely important for our

spouses as they transition from one state to another to continue to apply their various certifications and licenses. I'd also like to thank Senator Steve Hobbs for his inspiration on his disposition of remains bill and this is extremely important as we bring home our fallen heroes that have defended our nation's freedom. Once again, thank you very much for that specific legislation. Again, we do continue to treasure your support. As the world changes your Navy has the watch and we will help sustain America's global leadership in this uncertain world. Thank you for your support you give to the United States Navy every day and for hosting another great Navy Day. Again, God Bless the United States of America and may God Bless this beautiful state of Washington. Thank you Mr. President."

PERSONAL PRIVILEGE

Senator Ranker: "I want to thank each of you for your service and dedication to our country. I live up in the San Juan Islands and on the days when I am commuting home on my boat and as it's getting rougher and rougher and you guys in the Coast Guard and the Navy are heading out to make sure people are safe, to make sure our boarders are safe. Your dedication to this country is bigger than many of us can realize. I want to share something with this body that I am very proud of. My son is in the Navy and I am so proud of him and how incredible of a young man he is becoming and this last year he got called up and he is now on President Obama's personal honor guard, one of only two hundred in the country. So, thank you for your service and thank you Ashlee if you're watching for your dedication to this country. Thank you."

PERSONAL PRIVILEGE

Senator Haugen: "Thank you Mr. President. Well, I too want to welcome the Navy to the wonderful chambers. You know I have represented the military ever since I've been in the legislature. Whidbey Island has had a Navy presence for over fifty years and now I have Everett which is a little further south than myself, where I live, but certainly a lot of the Navy people live in my community. They are good neighbors, they are good citizens. I had the privilege last year to be hosted by the Navy to go and visit the Manchester fueling depot because I had some concerns what might happen if, when, the earthquake hits, what happens for the fuel in our ferries and the Admiral was wonderful in helping us put some protocols in place so we are going to be secure in being able to get fuel when that happens but more than anything else I was so amazed at that wonderful shipyard that I saw. You know the military is a really wonderful economic driver in this state and I would encourage all of you given the opportunity, to take the time and go visit. Go visit your local base. I'm sure the Admiral would be more than gracious to have you come to Bremerton. I walked underneath the Nimitz. Believe it or not, it was quite exciting. It was very exciting in fact but more than anything else, these are friends, these are neighbors and more than anything else they are our sons and grandson. I have a grandson in the military now, in the Navy, as were my brothers. I'm really proud to be part of the Navy family. Thank you."

PERSONAL PRIVILEGE

Senator Kohl-Welles: "Thank you Mr. President, well, I also have a relative serving in the Navy right now, very young grandson. He is serving as a Navy medic in Afghanistan, actually as a Marine Corpsman since the Navy provides the medics who are Corpsmen for the Marines and he is out on patrols. Probably

one of the most dangerous positions there could be and I of course I am very concerned about what he is doing but I'm also very, very proud of him and very, very gratified when he decided to join the Navy. Thank you."

PERSONAL PRIVILEGE

Senator Pflug: "Thank you Mr. President, well, also I would just like to say thanks to all of our service men for our protection of us. I am the daughter of a carrier pilot now eighty-one years young and still flying and actually still kind of fond of the same airplane and my nephew, right now, is at flight training and he'll spend the next fourteen months also learning carrier landings and having a ball. Upside down most of the time I suspect. We're really proud of him, really excited to see him carry on this great tradition. Thank you so much for willing to be away from home and stand in harm's way to protect us. Thank you"

PERSONAL PRIVILEGE

Senator Becker: "Thank you Mr. President. Well, I too stand and say thank you to the Navy. My dad was in the Navy and as kids I can remember singing 'Anchors Away' all the time but he was most proud of what he did. I also have my favorite niece, I can say that because she is my only niece, they're in Italy right now serving and they are most anxious to be back home. Although, I'll tell you they're enjoying overseas and being in Italy and some of the things they're having an opportunity to do but on behalf of my dad for his years of service and behalf of all the rest of my family, thank you very much."

PERSONAL PRIVILEGE

Senator Shin: "Thank you Mr. President, I too rise to thank the Navy for the dedication and sacrifice they do for the behalf of the freedom in this country. I like to relate to a little historical event, 1950 when the UN forces advanced beyond the thirty-eighth parallel in Korea advanced by November, Chinese forces had erased it. US Marine Corp Navy met in the little port called Hungnam, made a massive evacuation. General, Admiral Edwin Cowman, two-star Admiral, with seventeen cargo ships, Navy ships loaded with tanks and trucks and ammunition with a sixty thousand troops ready to depart just at that time he saw, up on the hill, hundreds of thousands of Korean refugees running toward his ship. He looked at the refugees, he looked at the ship. He looked back and forth, back and forth. You know what he did? He said, without permission of the commanding general, dump all trucks and tanks and ammunition from the ship and they did and loaded ninety three thousand refugees and brought to safety. This is the kind of spirit the Navy presents, and on behalf of the Navy I want to thank you. By the way we're making a movie, the first beginning of the movie was filmed in Olympia at the Korean War Veterans Memorial. The stars and the producers came and announced about the movie. This is the greatest humanitarian effort as any military ever displayed. This will be a tremendous asset to the Navy, for the contribution they made on behalf of the refugees. Thank you."

PERSONAL PRIVILEGE

Senator Nelson: "Thank you Mr. President. My father was a Chief Yeoman in the Navy for thirty-four years, survivor of the Battle of the Bismark Sea which he didn't discuss until close to his death. I grew up near Pearl Harbor and I was very proud to go down to the sub base to visit my father and to look at the Pearl

Harbor Memorial. Thank you for all your service. I know what you do is very important and that every day you dedicate your lives to our country.”

REMARKS BY THE PRESIDENT

President Owen: “The President would also like to acknowledge in absentia, Ralph Munro who was to be here but I believe. ‘Oh, is he up there? Oh, there you are Ralph. You are supposed to be down here. I see you Mr. Secretary of State. Thank you for helping to organize this for us here today. One last comment by the President. I am a chronic fisherman out of Ilwaco quite often and it’s not the smoothest place in the world to go fishing so if the Navy or my friends in the Coast Guard could recommend some good sea sick pills for me I’d really appreciate that very much. Admiral, thank you very, very much for being here. Thank you to the Navy Band to the great singer, to the Chaplain thank you very much and to all our friends in the Navy and Coast Guard, thank you all for your service. Thank you.”

MOTION

On motion of Senator Eide, the reading of the Journal of the previous day was dispensed with and it was approved.

INTRODUCTION OF SPECIAL GUESTS

The President introduced a mariachi band who performed “Las Mananitas” and “Happy Birthday/Cumple Anos Feliz” in celebration of Senator Prentices birthday.”

The band comes in and plays for Senator Prentices birthday.

PERSONAL PRIVILEGE

Senator Prentice: “Well, I would really like to thank all of my friends all of you, members of the senate, and also my friends of the El Salvador and Mexican Consular department and also devious Antonio Sanchez who can always pull these things off. Also you might not of recognize, you wouldn’t have known Roberto Gonzales who runs the MexioLindao Restaurant in Kent, some of you, I know, have enjoyed their hospitality but I’m very fortunate to have so many good friends in the Latino community. It’s truly been a privilege to have been here and discover our roots and also take a look at other Latin American countries because we’re not all identical. It’s just been one of the most fortunate things that has happened to me but not nearly as fortunate as just having been here and made as many good friends and this is on both sides of the aisle. This is a terrific place and there are times we work together and we may have differences of opinions and it’s not personal and that’s what America is all about and I have been very, very fortunate just to be here with you. I’m only eighty-one. I don’t know what the big deal is. Thank you all very, very much.”

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Miss Auburn 2012 Tera Sabo, who was seated in the gallery.

REMARKS BY THE PRESIDENT

President Owen: “The last announcement that the President would like to make is that you should have received which we receive every year, a report to the states by the Boy Scouts that

demonstrates the incredible number of public service, community service and achievements that have been made in the last year. Over three hundred forty seven thousand one hundred and fifty five hours of service valued at over seven million dollars to the local communities in the state of Washington so please review that.”

MOTION

There being no objection, the Senate advanced to the first order of business.
