Strike everything after the enacting clause and insert the following:

“Sec. 1. RCW 43.71.010 and 2012 c 87 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise. Terms and phrases used in this chapter that are not defined in this section must be defined as consistent with implementation of a state health benefit exchange pursuant to the affordable care act.

(1) “Affordable care act” means the federal patient protection and affordable care act, P.L. 111-148, as amended by the federal health care and education reconciliation act of 2010, P.L. 111-152, or federal regulations or guidance issued under the affordable care act.

(2) “Authority” means the Washington state health care authority, established under chapter 41.05 RCW.

(3) “Board” means the governing board established in RCW 43.71.020.

(4) “Commissioner” means the insurance commissioner, established in Title 48 RCW.”
(5) "Exchange" means the Washington health benefit exchange established in RCW 43.71.020.

(6) "Self-sustaining" means capable of operating (without direct state tax subsidy) with revenue attributable to the operations of the exchange. Self-sustaining sources include, but are not limited to, federal grants, federal premium tax subsidies and credits, charges to health carriers, (premium) premiums paid by enrollees, and premium taxes under RCW 48.14.0201(5)(b) and 48.14.020(2).

**Sec. 2.** RCW 43.71.060 and 2012 c 87 s 5 are each amended to read as follows:

(1) The health benefit exchange account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may only be used to fund the operation of the exchange and identification, collection, and distribution of premium taxes collected under RCW 48.14.0201(5)(b) and 48.14.020(2).

(2) The following funds must be deposited in the account:

(a) Premium taxes collected under RCW 48.14.0201(5)(b) and 48.14.020(2);

(b) Assessments authorized under section 3 of this act; and

(c) Amounts transferred by the pool administrator as specified in the state omnibus appropriations act pursuant to RCW 48.41.090.

(3) All receipts from federal grants received under the affordable care act may be deposited into the account. Expenditures from the account may be used only for purposes consistent with the grants... Until March 15, 2012, only the administrator of the health care authority, or his or her designee, may authorize expenditures from the account. Beginning March 15, 2012, only the board of the Washington health benefit exchange or designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) This section expires January 1, 2014).

(4) During the 2013-2015 fiscal biennium, the legislature may transfer from the health benefit exchange account to the state general fund such amounts as reflect the excess fund balance of the account.

**NEW SECTION.** Sec. 3. A new section is added to chapter 43.71 RCW to read as follows:

(1) (a) Beginning January 1, 2015, the exchange may require each issuer writing premiums for qualified health benefit plans or stand-alone dental plans offered through the exchange to pay an assessment in an amount necessary to fund the operations of the exchange, applicable to operational costs incurred beginning January 1, 2015.

(b) The assessment is an exchange user fee as that term is used in 45 C.F.R. 156.80. Assessments of issuers may be made only if the amount of expected premium taxes, as provided under RCW 48.14.0201(5)(b) and 48.14.020(2), and other funds deposited in the health benefit exchange account in the current calendar year are insufficient to fund exchange operations in the following calendar year at the level authorized by the legislature for that purpose in the omnibus appropriations act.

(c) If the exchange is charging an assessment, the exchange shall display the amount of the assessment per month for enrollees. A health benefit plan or stand-alone dental plan may identify the amount of the assessment to enrollees, but must not bill the enrollee for the amount of the assessment separately from the premium.

(2) The board, in collaboration with the issuers, the health care authority, and the commissioner, must establish a fair and transparent process for calculating the assessment amount. The process must meet the following requirements:

(a) The assessment only applies to issuers that offer coverage in the exchange and only for those market segments offered and must be based on the number of enrollees in qualified health plans and stand-alone dental plans in the exchange for a calendar year;

(b) The assessment must be established on a flat dollar and cents amount per member per month, and the assessment for dental plans must be proportional to the premiums paid for stand-alone dental plans in the exchange;

(c) Issuers must be notified of the assessment amount by the exchange on a timely basis;

(d) An appropriate assessment reconciliation process must be established by the exchange that is administratively efficient;

(e) Issuers must remit the assessment due to the exchange in quarterly installments after receiving notification from the exchange of the due dates of the quarterly installments;

(f) A procedure must be established to allow issuers subject to assessments under this section to have grievances reviewed by an impartial body and reported to the board; and

(g) A procedure for enforcement must be established if an issuer fails to remit its assessment amount to the exchange within ten business days of the quarterly installment due date.

(3) The exchange shall deposit proceeds from the assessments in the health benefit exchange account under RCW 43.71.060.

(4) The assessment described in this section shall be considered a special purpose obligation or assessment in connection with coverage described in this section for the purpose of funding the operations of the exchange, and may not be applied by issuers to vary premium rates at the plan level.

(5) The exchange shall monitor enrollment and provide periodic reports which must be available on its web site.

(6) The board shall offer all qualified health plans through the exchange, and the exchange shall not add criteria for certification of qualified health plans beyond those set out in RCW 43.71.065 without specific statutory direction. Nothing shall be construed to limit duties, obligations, and authority otherwise legislatively delegated or granted to the exchange.

(7) The exchange shall report to the joint select committee on health care oversight on a quarterly basis with an update on budget expenses and operations.

(8) By July 1, 2016, the state auditor shall conduct a performance review of the cost of exchange operations and shall make recommendations to the board and the health care committees of the legislature addressing improvements in cost performance and adoption of best practices. The auditor shall further evaluate the potential cost and customer service benefits through regionalization with other states of some exchange operation functions or through a partnership with the federal government. The cost of the state auditor review must be borne by the exchange.

**NEW SECTION.** Sec. 4. A new section is added to chapter 43.135 RCW to read as follows:

RCW 43.135.034(4) does not apply to the dedication of premium taxes established under RCW 48.14.0201(5)(b) or 48.14.020(2).

**Sec. 5.** RCW 48.14.0201 and 2013 c 325 s 3 are each amended to read as follows:

(1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in chapter 48.44 RCW, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer must pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax must be equal to the total amount of all premiums and prepayments for health care services collected or received by the taxpayer under RCW 48.14.090 during the preceding calendar year multiplied by the rate of two percent. For tax purposes, the reporting of premiums and prepayments must be
on a written basis or on a paid-for basis consistent with the basis required by the annual statement.

(3) Taxpayers must prepay their tax obligations under this section. The minimum amount of the prepayments is the percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments is the percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments must be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;
(b) On or before September 15, twenty-five percent;
(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5)(a) Except as provided in (b) of this subsection, moneys collected under this section are deposited in the general fund.
(b) Beginning January 1, 2014, moneys collected from taxpayers for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.
(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:
   (i) The medical care services program as provided in RCW 74.09.035; or
   (ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW.
(c) Amounts received by any health care service contractor as defined in chapter 48.44 RCW, or any health maintenance organization as defined in chapter 48.46 RCW, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020, except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.
(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state preempts the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision has the right to impose any such taxes upon such taxpayers. This subsection is limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection must not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner must initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement must deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account must be transferred to the state treasurer.

(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner must notify each taxpayer required to make prepayments in that year of the amount of each prepayment and must provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms.

**Sec. 6.** RCW 48.14.020 and 2013 c 325 s 4 are each amended to read as follows:

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (3) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2)(a) The taxes imposed in this section do not apply to amounts received by any life and disability insurer for health care services included within the definition of practice of dentistry under RCW 18.32.020 except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.
(b) Beginning January 1, 2014, moneys collected from taxpayers for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(3) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of
such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(4) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their appointed insurance producers, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or these insurance producers.

(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

Sec. 7. RCW 48.41.090 and 2005 c 405 s 2 are each amended to read as follows:

(1) Following the close of each accounting year, the pool administrator shall determine the total net cost of pool operation which shall include:

(a) Net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses; and

(b) The amount of pool contributions specified in the state omnibus appropriations act for deposit into the health benefit exchange account under RCW 43.71.060, to assist with the transition of enrollees from the pool into the health benefit exchange created by chapter 43.71 RCW.

(2) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan;

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly clients or ((disabled)) medicaid clients with disabilities under chapter 74.09 RCW when the plan has been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool including pool contributions for deposit into the health benefit exchange account, shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members. The monthly per member assessment may not exceed the 2013 assessment level. If the maximum assessment is insufficient to cover a pool deficit the assessment shall be used first to pay all incurred losses and pool administrative expenses, with the remainder being available for deposit in the health benefit exchange account.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) Subject to the limitation imposed in subsection (2)(c) of this section, the pool administrator shall transfer the assessments for pool contributions for the operation of the health benefit exchange to the treasurer for deposit into the health benefit exchange account with the quarterly assessments for 2014 as specified in the state omnibus appropriations act. If assessments exceed actual losses and administrative expenses of the pool and pool contributions for deposit into the health benefit exchange account, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims.

NEW SECTION. Sec. 8. A new section is added to chapter 82.04 RCW to read as follows:

(1) The taxes imposed by this chapter do not apply to amounts received by the Washington health benefit exchange established under chapter 43.71 RCW.

(2) This section expires July 1, 2023.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 10. Section 8 of this act applies both prospectively and retroactively.

MESSAGE FROM THE HOUSE

June 28, 2013

MR. PRESIDENT:
PART I
LEARNING TO READ, READING TO LEARN

NEW SECTION. Sec. 101. A new section is added to chapter 28A.300 RCW to read as follows:

In support of reading and early literacy, the office of the superintendent of public instruction is responsible for:

(1) Continuing to work collaboratively with state and regional partners such as the department of early learning and the educational service districts to establish early literacy benchmarks and standards and to implement the Washington state comprehensive literacy plan;

(2) Disseminating research and information to school districts about evidence-based programs and practices in reading readiness skills, early literacy, and reading instruction;

(3) Providing statewide models to support school districts that are implementing response to intervention initiatives, positive behavior intervention support systems, or other similar comprehensive models of data-based identification and early intervention; and

(4) Within available funds and in partnership with the educational service districts, providing technical assistance and professional development opportunities for school districts.

NEW SECTION. Sec. 102. A new section is added to chapter 28A.320 RCW to read as follows:

School districts are responsible for providing a comprehensive system of instruction and services in reading and early literacy to kindergarten through fourth grade students that is based on the degree of student need for additional support. Reading and early literacy systems provided by school districts must include:

(1) Annual use of screening assessments and other tools to identify at-risk readers in kindergarten through fourth grade, such as the Washington kindergarten inventory of developing skills, the Washington state early learning and development guidelines for birth through third grade, the second grade reading assessment under RCW 28A.300.310, and locally used assessments and other tools; and

(2) Research-based family involvement and engagement strategies, including strategies to help families and guardians assist in improving students' reading and early literacy skills at home.

NEW SECTION. Sec. 103. A new section is added to chapter 28A.415 RCW to read as follows:

(1) High-quality professional development is essential for educators to keep abreast of the important advances in research that are occurring regarding instructional strategies and curriculum. Professional development in early literacy is especially important to support the instruction of young readers since reading proficiency is a crucial element for student academic success.

(2) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall create partnerships with the educational service districts and public or private institutions of higher education with approved educator preparation programs to develop and deliver research-based professional development learning opportunities in reading instruction and early literacy for teachers of kindergarten through fourth grade students.

NEW SECTION. Sec. 104. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Each school district shall require that report cards for students in kindergarten through fourth grade include information regarding how the student is progressing on acquiring reading skills and whether the student is at grade level in reading.

(2) If a student is not reading at or above grade level, the teacher, with the support of other school personnel as appropriate, must explain to the parent or guardian which interventions and strategies will be used to help improve the student's reading skills and must provide strategies for parents or guardians to assist with improving the student's reading skills at home.

(3) Each school shall report to the school district the number of students in grades kindergarten through four who are reading below grade level and the interventions that are being provided to improve the reading skills of the students, with the information disaggregated by subgroups of students. The school district shall aggregate the reports from the schools and provide the reports to the office of the superintendent of public instruction. The office of the superintendent of public instruction shall submit a statewide report annually to the education committees of the legislature and the educational opportunity gap oversight and accountability committee.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.655 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section and section 106 of this act unless the context clearly requires otherwise.

(a) "Basic" means a score on the statewide student assessment at a level two in a four-level scoring system.

(b) "Below basic" means a score on the statewide student assessment at either a level one or a level two in a four-level scoring system.

(c) "Not meet the state standard" means a score on the statewide student assessment at a level one in a four-level scoring system.

(d) "Meet the state standard" means a score on the statewide student assessment at a level two in a four-level scoring system.

(2) Beginning in the 2014-15 school year, for any student who receives a score of below basic on the third grade statewide student assessment in English language arts, a meeting must be scheduled before the end of the school year between the student's parent or guardian, teacher, and the principal of the school the student attends or the principal's designee to discuss appropriate grade placement and recommended intensive strategies to improve the student's reading skills. For students to be placed in fourth grade, the strategies discussed must include an intensive improvement strategy provided, supported, or contracted by the school district that includes a summer program or other option identified by the parents, teacher, principal, or principal's designee as appropriately meeting the student's need to prepare for fourth grade. The parents or guardians must be fully informed about the strategies and the parent's or guardian's consent must be obtained regarding the appropriate grade placement and the intensive improvement strategy to be implemented. The school district must implement the strategy selected in consultation with the student's parents or guardians.

(3) If a student does not have a score in English language arts on the third grade statewide student assessment but the district determines, using district or classroom-based diagnostic assessments or another standardized assessment, that the student's performance is equivalent to below basic in English language arts, the policy in subsection (2) of this section applies.

(4) Students participating in the transitional bilingual instruction program are exempt from the policy in subsection (2) of this section, unless the student has participated in the transitional bilingual instruction program for three school years and receives a score of below basic on the third grade statewide student assessment in English language arts.

(5) Students with disabilities whose individualized education program includes specially designed instruction in reading or English language arts are exempt from subsections (2), (3), and (4)
of this section. Communication and consultation with parents or guardians of such students shall occur through the individualized education program process required under chapter 28A.155 RCW and associated administrative rules.

NEW SECTION. Sec. 106. A new section is added to chapter 28A.655 RCW to read as follows:

(1)(a) Beginning in the 2015-16 school year, except as otherwise provided in this subsection (1), for any student who received a score of basic or below basic on the third grade statewide student assessment in English language arts in the previous school year, the school district must implement an intensive reading and literacy improvement strategy from a state menu of best practices established in accordance with subsection (3) of this section or an alternative strategy in accordance with subsection (4) of this section.

(b) Reading and literacy improvement strategies for students with disabilities whose individualized education program includes specially designed instruction in reading or English language arts shall be as provided in the individualized education program.

(2)(a) Also beginning in the 2015-16 school year, in any school where more than forty percent of the tested students received a score of basic or below basic on the third grade statewide student assessment in English language arts in the previous school year, as calculated under this subsection (2), the school district must implement an intensive reading and literacy improvement strategy from a state menu of best practices established in accordance with subsection (3) of this section or an alternative strategy in accordance with subsection (4) of this section for all students in grades kindergarten through four at the school.

(b) For the purposes of this subsection (2), the office of the superintendent of public instruction shall exclude the following from the calculation of a school's percentage of tested students receiving a score of basic or below basic on the third grade statewide student assessment:

(i) Students enrolled in the transitional bilingual instruction program unless the student has participated in the transitional bilingual instruction program for three school years;

(ii) Students with disabilities whose individualized education program specifies a different standard to measure reading performance than is required for the statewide student assessment; and

(iii) Schools with fewer than ten students in third grade.

(3) The office of the superintendent of public instruction shall convene a panel of experts, including the Washington state institute for public policy, to develop a state menu of best practices and strategies for intensive reading and literacy improvement designed to assist struggling students in reaching grade level in reading by the end of fourth grade. The state menu must also include best practices and strategies for improving reading and literacy instruction for all students. The office of the superintendent of public instruction must approve the state menu by each July 1st thereafter.

(4) School districts may use an alternative practice or strategy that is not on a state menu developed under subsection (3) of this section for two school years initially. If the district is able to demonstrate improved outcomes for participating students over the previous two school years at a level commensurate with the best practices and strategies on the state menu, the office of the superintendent of public instruction must approve use of the alternative practice or strategy by the district for one additional school year. Subsequent annual approval by the superintendent of public instruction to use the alternative practice or strategy is dependent on the district continuing to demonstrate an increase in improved outcomes for participating students.

Sec. 201. RCW 28A.165.005 and 2009 c 548 s 701 are each amended to read as follows:

(1) This chapter is designed to: (1) (i) Promote the use of ((assessment)) data when developing programs to assist underachieving students and reduce disruptive behaviors in the classroom; and (ii) (b) guide school districts in providing the most effective and efficient practices when implementing supplemental instruction and services to assist underachieving students and reduce disruptive behaviors in the classroom.

((Each school district with an approved program is eligible for state funds provided for the learning assistance program.) The funds for the learning assistance program shall be appropriated ((for the learning assistance program)) in accordance with RCW 28A.150.260 and the omnibus appropriations act. NEW SECTION. Sec. 301. A new section is added to chapter 28A.600 RCW to read as follows:

(1) The office of the superintendent of public instruction shall convene a discipline task force to develop standard definitions for causes of student disciplinary actions taken at the discretion of the school district. (1) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural due process guarantees of pupils in the common schools. Such rules shall authorize a school district to use informal due process procedures in connection with the short-term suspension of students to the extent constitutionally permissible: PROVIDED, That the superintendent of public instruction deems the interest of students to be adequately protected. When a student suspension or expulsion is appealed, the rules shall authorize a school district to impose the suspension or expulsion temporarily after an initial hearing for no more than ten consecutive school days or until the appeal is decided, whichever is earlier. Any days that the student is temporarily suspended or expelled before the appeal is decided shall be applied to the term of the student suspension or expulsion and shall not limit or extend the term of the student suspension or expulsion. An expulsion or suspension of a student may not be for an indefinite period of time.

(2) Short-term suspension procedures may be used for suspensions of students up to and including, ten consecutive school days.

(3) Emergency expulsions must end or be converted to another form of corrective action within ten school days from the date of the emergency removal from school. Notice and due process rights must be provided when an emergency expulsion is converted to another form of corrective action.

Sec. 303. RCW 28A.600.020 and 2006 c 263 s 706 are each amended to read as follows:

(1) The rules adopted pursuant to RCW 28A.600.010 shall be interpreted to ensure that the optimum learning atmosphere of the classroom is maintained, and that the highest consideration is given to the judgment of qualified certificated educators regarding conditions necessary to maintain the optimum learning atmosphere.

(2) Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher's immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day, or up to the following two days, or until the principal or designee and teacher have conferred, whichever occurs first. Except in emergency circumstances, the teacher first must attempt one or more alternative forms of corrective action. In no event without the consent of the teacher may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the principal or his or her designee and the teacher have conferred.

(3) In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, every school district board of directors shall provide that written procedures are developed for administering discipline at each school within the district. Such procedures shall be developed with the participation of parents and the community, and shall provide that the teacher, principal or designee, and other authorities designated by the board of directors, make every reasonable attempt to involve the parent or guardian and the student in the resolution of student discipline problems. Such procedures shall provide that students may be excluded from their individual classes or activities for periods of time in excess of that provided in subsection (2) of this section if such students have repeatedly disrupted the learning of other students. The procedures must be consistent with the rules of the superintendent of public instruction and must provide for early involvement of parents in attempts to improve the student's behavior.

(4) The procedures shall assure, pursuant to RCW 28A.400.110, that all staff work cooperatively toward consistent enforcement of proper student behavior throughout each school as well as within each classroom.

(5)(a) A principal shall consider imposing long-term suspension or expulsion as a sanction when deciding the appropriate disciplinary action for a student who, after July 27, 1997:

(((a))) (i) Engages in two or more violations within a three-year period of RCW 9A.46.120, 28A.320.135, 28A.600.455, 28A.600.460, 28A.635.020, 28A.600.020, 28A.635.060, 9.41.280, or 28A.320.140; or

(((b))) (ii) Engages in one or more of the offenses listed in RCW 13.04.155.

(b) The principal shall communicate the disciplinary action taken by the principal to the school personnel who referred the student to the principal for disciplinary action.

(6) Any corrective action involving a suspension or expulsion from school for more than ten days must have an end date of not more than one calendar year from the time of corrective action. Districts shall make reasonable efforts to assist students and parents in returning to an educational setting prior to and no later than the end date of the corrective action. Where warranted based on public health or safety, a school may petition the superintendent of the school district, pursuant to policies and procedures adopted by the office of the superintendent of public instruction, for authorization to exceed the one calendar year limitation provided in this subsection. The superintendent of public instruction shall adopt rules outlining the limited circumstances in which a school may petition to exceed the one calendar year limitation, including safeguards to ensure that the school district has made every effort to plan for the student's return to school. School districts shall report to the office of the superintendent of public instruction the number of petitions made to the school board and the number of petitions granted on an annual basis.

(7) Nothing in this section prevents a public school district, educational service district, the Washington state center for childhood deafness and hearing loss, or the state school for the blind if it has suspended or expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting or modifying the suspension or expulsion on a case-by-case basis.

Sec. 304. RCW 28A.600.410 and 1992 c 155 s 1 are each amended to read as follows:

The state of Washington excludes tens of thousands of students from school each year due to out-of-school suspensions and expulsions. Out-of-school suspensions and expulsions contribute to poor academic achievement, lower graduation rates, and higher dropout rates. It is the intent of the legislature to minimize the use of out-of-school suspension and expulsion and its impact on student achievement by reducing the number of days that students are excluded from school due to disciplinary action. Student behavior should not result in the loss of educational opportunity in the public school system.

School districts are encouraged to find alternatives to suspension including reducing the length of a student's suspension conditioned by the commencement of counseling or other treatment services. Consistent with current law, the conditioning of a student's suspension does not obligate the school district to pay for the counseling or other treatment services except for those stipulated and agreed to by the district at the inception of the suspension.

Sec. 305. RCW 28A.600.460 and 1997 c 266 s 9 are each amended to read as follows:

(1) School district boards of directors shall adopt policies that restore discipline to the classroom. Such policies must provide for at least the following: Allowing each teacher to take disciplinary action to correct a student who disrupts normal classroom activities, abuses or insults a teacher as prohibited by RCW 28A.635.010, willfully disobeys a teacher, uses abusive or foul language directed at a school district employee, school volunteer, or another student, violates school rules, or who interferes with an orderly education
process. Disciplinary action may include but is not limited to: Oral or written reprimands; written notification to parents of disruptive behavior, a copy of which must be provided to the principal.

(2) A student committing an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW when the activity is directed toward the teacher, shall not be assigned to that teacher's classroom for the duration of the student's attendance at that school or any other school where the teacher is assigned.

(3) A student who commits an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW, when directed toward another student, may be removed from the classroom of the victim for the duration of the student's attendance at that school or any other school where the victim is enrolled. A student who commits an offense under one of the chapters enumerated in this section against a student or another school employee, may be expelled or suspended.

(4) Nothing in this section is intended to limit the authority of a school under existing law and rules to expel or suspend a student for misconduct or criminal behavior.

(5) All school districts must collect data on disciplinary actions taken in each school and must record these actions using the statewide student data system, based on the data collection standards established by the office of the superintendent of public instruction and the K-12 data governance group. The information shall be made available to the public (upon request. This collection of)), but public release of the data shall not include personally identifiable information including, but not limited to, a student's social security number, name, or address.

Sec. 306. RCW 28A.300.046 and 2011 c 288 s 10 are each amended to read as follows:

(1)(a) The superintendent of public instruction shall adopt rules establishing a standard definition of student absence from school. In adopting the definition, the superintendent shall review current practices in Washington school districts, definitions used in other states, and any national standards or definitions used by the national center for education statistics or other national groups. The superintendent shall also consult with the building bridges work group established under RCW 28A.175.075.

(b) Using the definition of student absence adopted under this section, the superintendent shall establish an indicator for measuring student attendance in high schools for purposes of the PASS program under RCW 28A.175.130.

(2)(a) The K-12 data governance group under RCW 28A.300.507 shall establish the parameters and an implementation schedule for statewide collection through the comprehensive education and data research system of: (i) Student attendance data using the definitions of student absence adopted under this section; and (ii) student discipline data with a focus on suspensions and expulsions as required in RCW 28A.300.046 are subject to disaggregation by subgroups including:

(i) Bullying;
(ii) Tobacco;
(iii) Alcohol;
(iv) Illicit drug;
(v) Fighting without major injury;
(vi) Violence without major injury;
(vii) Violence with major injury;
(viii) Possession of a weapon; and
(ix) Other behavior resulting from a short-term or long-term suspension, expulsion, or interim alternative education setting intervention;

(b) Intervention applied, including:
(i) Short-term suspension;
(ii) Long-term suspension;
(iii) Emergency expulsion;
(iv) Expulsion;
(v) Interim alternative education settings;
(vi) No intervention applied; and
(vii) Other intervention applied that is not described in this subsection (2)(h);

(i) Number of days a student is suspended or expelled, to be counted in half or full days; and
(j) Any other categories added at a future date by the data governance group.

(3) All student data-related reports required of the superintendent of public instruction regarding student suspensions and expulsions as required in RCW 28A.300.046 are subject to cross-tabulation at a minimum by the following:  
(a) School and district;
(b) Race, low income, special education, transitional bilingual, migrant, foster care, homeless, students covered by section 504 of the federal rehabilitation act of 1973, as amended (29 U.S.C. Sec. 794), and categories to be added in the future;
(c) Behavior infraction code; and
(d) Intervention applied.

NEW SECTION. Sec. 308. A new section is added to chapter 28A.600 RCW to read as follows:

(1) School districts should make efforts to have suspended or expelled students return to an educational setting as soon as possible. School districts should convene a meeting with the student and the student's parents or guardians within twenty days of the student's long-term suspension or expulsion, but no later than five days before the student's enrollment, to discuss a plan to reengage the student in a school program.

(2) In developing a reengagement plan, school districts should consider shortening the length of time that the student is suspended or expelled, other forms of corrective action, and supportive interventions that aid in the student's academic success and keep the student engaged and on track to graduate.
create a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion. The plan should aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion.

(3) Any reengagement meetings conducted by the school district involving the suspended or expelled student and his or her parents or guardians are not intended to replace a petition for readmission.

NEW SECTION. Sec. 309. Nothing in chapter . . . Laws of 2013 2nd sp. sess. (this act) prevents a public school district, law enforcement agencies, or law enforcement personnel from enforcing laws protecting health and human safety.

PART IV
EDUCATOR SUPPORT PROGRAM

NEW SECTION. Sec. 401. A new section is added to chapter 28A.415 RCW to read as follows:

(1) The educator support program is established to provide professional development and mentor support for beginning educators and educators on probation under RCW 28A.405.100. A portion of the appropriated funds may be used for program coordination and provision of statewide or regional professional development through the office of the superintendent of public instruction.

(2)(a) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall allocate funds for the beginning educator support team on a competitive basis to individual school districts or consortia of districts. School districts are encouraged to include educational service districts in creating regional consortia. In allocating funds, the office of the superintendent of public instruction shall give priority to school districts with low-performing schools identified under RCW 28A.657.020 as being challenged schools in need of improvement. A portion of the appropriated funds may be used for program coordination and provision of statewide or regional professional development through the office of the superintendent of public instruction.

(b) A beginning educator support team must include the following components:

(i) A paid orientation or individualized assistance before the start of the school year for beginning educators;

(ii) Assignment of a trained and qualified mentor for the first three years for beginning educators, with intensive support in the first year and decreasing support over the following years depending on the needs of the beginning educator;

(iii) Professional development for beginning educators that is designed to meet their unique needs for supplemental training and skill development;

(iv) Release time for mentors and their designated educators to work together, as well as time for educators to observe accomplished peers; and

(v) A program evaluation using a standard evaluation tool provided from the office of the superintendent of public instruction that measures increased knowledge, skills, and positive impact on student learning for program participants.

(3) Subject to funds separately appropriated for this specific purpose, the beginning educator support team components under subsection (2) of this section may be provided for continuous improvement coaching to support educators on probation under RCW 28A.405.100.

Sec. 402. RCW 28A.415.010 and 2006 c 263 s 807 are each amended to read as follows:

It shall be the responsibility of each educational service district board to establish a center for the improvement of teaching. The center shall administer, coordinate, and act as fiscal agent for such programs related to the recruitment and training of certificated and classified K-12 education personnel as may be delegated to the center by the superintendent of public instruction under RCW 28A.310.470. To assist in these activities, each educational service district board shall establish an improvement of teaching coordinating council to include, at a minimum, representatives as specified in RCW 28A.415.040. An existing in-service training task force, established pursuant to RCW 28A.415.040, may serve as the improvement of teaching coordinating council.

The educational service district board shall ensure coordination of programs established pursuant to RCW 28A.415.030, 28A.410.060, and section 401 of this act.

The educational service district board may arrange each year for the holding of one or more teachers' institutes and/or workshops for professional staff preparation and in-service training in such manner and at such time as the board believes will be of benefit to the teachers and other professional staff of school districts within the educational service district and shall comply with rules of the professional educator standards board pursuant to RCW 28A.410.060 or the superintendent of public instruction. The board may provide such additional means of teacher and other professional staff preparation and in-service training as it may deem necessary or appropriate and there shall be a proper charge against the educational service district general expense fund when approved by the educational service district board.

Educational service district boards of contiguous educational service districts, by mutual arrangements, may hold joint institutes and/or workshops, the expenses to be shared in proportion to the numbers of certificated personnel as shown by the last annual reports of the educational service districts holding such joint institutes or workshops.

In local school districts employing more than one hundred teachers and other professional staff, the school district superintendent may hold a teachers' institute of one or more days in such district, said institute when so held by the school district superintendent to be in all respects governed by the provisions of this title and rules relating to teachers' institutes held by educational service district superintendents.

PART V
ALTERNATIVE LEARNING EXPERIENCES

Sec. 501. 2011 1st sp.s. c 34 s 1 (uncodified) is amended to read as follows:

(1) Under Article IX of the Washington state Constitution, all children are entitled to an opportunity to receive a basic education. Although the state must assure that students in public schools have opportunities to participate in the instructional program of basic education, there is no obligation for either the state or school districts to provide that instruction using a particular delivery method or through a particular program.

(2) The legislature finds ample evidence of the need to examine and reconsider policies under which alternative learning that occurs outside the classroom using an individual student learning plan may be considered equivalent to full-time attendance in school, including for funding purposes. Previous legislative studies have raised questions about financial practices and accountability in alternative learning experience courses. Since 2005, there has been significant enrollment growth in alternative learning experience online courses, with evidence of unexpected financial impact when large numbers of nonresident students enroll in courses. Based on this evidence, there is a rational basis on which to conclude that there are different costs associated with providing courses not primarily...
based on full-time, daily contact between teachers and students and not primarily occurring on-site in a classroom.

(3) For these reasons, the legislature intends to allow for continuing review and revision of the way in which state funding allocations are used to support alternative learning experience courses.

Sec. 502. RCW 28A.150.325 and 2011 1st sp.s. c 34 s 2 are each amended to read as follows:

(1) "Alternative learning experience course" means a course or set of courses), or for grades kindergarten through eight grade-level coursework, that is a delivery method for the program of basic education and is:

((i)) (i) Provided in whole or in part independently from a regular classroom setting or schedule, but may include some components of direct instruction;

((ii)) (ii) Supervised, monitored, assessed, evaluated, and documented by a certificated teacher employed by the school district or under contract as permitted by applicable rules; and

((iii)) (iii) Provided in accordance with a written student learning plan that is implemented pursuant to the school district's policy and rules adopted by the superintendent of public instruction for alternative learning experiences.

(b) "In-person" means face-to-face instructional contact in a physical classroom environment.

(c) "Instructional contact time" means instructional time with a certificated teacher. Instructional contact time must be for the purposes of actual instruction, review of assignments, testing, evaluation of student progress, or other learning activities or requirements identified in the student's written student learning plan. Instructional contact time must be related to an alternative learning experience course identified in the student's written student learning plan. Instructional contact time may occur in a group setting between the teacher and multiple students and may be delivered either in-person or remotely using technology.

(d) "Online course" means an alternative learning experience course that has the same meaning as provided in RCW 28A.250.010.

(e) "Remote course" means an alternative learning experience course that is not an online course where the student has in-person instructional contact time for less than twenty percent of the total weekly time for the course. No minimum in-person instructional contact time is required.

(f) "Site-based course" means an alternative learning experience course where the student has in-person instructional contact time for at least twenty percent of the total weekly time for the course.

(g) "Total weekly time" means the estimated average hours per school week the student will engage in learning activities to meet the requirements of the written student learning plan.

(2) (The broad categories of alternative learning experience programs include, but are not limited to:

(a) Online programs as defined in RCW 28A.150.262;

(b) Parent partnership programs that include significant participation and partnership by parents and families in the design and implementation of a student's learning experience; and

(c) Contract-based learning programs) School districts may claim state funding under section 503 of this act, to the extent otherwise allowed by state law including the provisions of RCW 28A.250.060, for students enrolled in remote, site-based, or online alternative learning experience courses. High school courses must meet district or state graduation requirements and be offered for high school credit.

(3) School districts that offer alternative learning experience courses may not provide any compensation, reimbursement, gift, reward, or gratuity to any parents, guardians, or students for participation in the courses. School district employees are prohibited from receiving any compensation or payment as an incentive to increase student enrollment of out-of-district students in alternative learning experience courses. This prohibition includes, but is not limited to, providing funds to parents, guardians, or students for the purchase of educational materials, supplies, experiences, services, or technological equipment. A district may purchase educational materials, equipment, or other nonconsumable supplies for students' use in alternative learning experience courses if the purchase is consistent with the district's approved curriculum, conforms to applicable laws and rules, and is made in the same manner as such purchases are made for students in the district's regular instructional program. Items so purchased remain the property of the school district upon program completion. School districts may not purchase or contract for instructional or cocurricular experiences and services that are included in an alternative learning experience written student learning plan, including but not limited to, lessons, trips, and other activities, unless substantially similar experiences and services are available to students enrolled in the district's regular instructional program. School districts that purchase or contract for such experiences and services for students enrolled in an alternative learning experience course must submit an annual report to the office of the superintendent of public instruction detailing the costs and purposes of the expenditures. These requirements extend to contracted providers of alternative learning experience courses, and each district shall be responsible for monitoring the compliance of its providers with these requirements. However, nothing in this subsection shall prohibit school districts from contracting with school district employees to provide services or experiences to students, or from contracting with online providers approved by the office of the superintendent of public instruction pursuant to chapter 28A.250 RCW.

(4) (Part-time enrollment in alternative learning experiences is subject to the provisions of RCW 28A.150.350.

(5) The superintendent of public instruction shall adopt rules defining minimum requirements and accountability for alternative learning experience programs) Each school district offering or contracting to offer alternative learning experience courses must:

(a) Report annually to the superintendent of public instruction regarding the course types and offerings, and number of students participating in each;

(b) Document the district of residence for each student enrolled in an alternative learning experience course;

(c) Beginning in the 2013-14 school year and continuing through the 2016-17 school year, pay costs associated with a biennial measure of student outcomes and financial audit of the district's alternative learning experience courses by the office of the state auditor.

(5) A school district offering or contracting to offer an alternative learning experience course to a nonresident student must inform the resident school district if the student drops out of the course or is otherwise no longer enrolled.

(6) School districts must assess the educational progress of enrolled students at least annually, using: for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students must also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to
participate in the assessments required under chapter 28A.655
RCW. The rules must address how students who reside outside the
geographic service area of the school district are to be assessed.

(7) Beginning with the 2013-14 school year, school districts
must designate alternative learning experience courses as such when
reporting course information to the office of the superintendent of
public instruction under RCW 28A.300.500.

(8)(a) The superintendent of public instruction shall adopt rules
necessary to implement this section.

(b) Rules adopted for weekly direct personal contact requirements
and monthly progress evaluation must be flexible and reflect the
needs of the student and the student's individual learning plan rather
than specifying an amount of time. In addition, the rules must
reduce documentation requirements, particularly for students
making satisfactory progress, based on the unique aspects of the
alternative learning experience course types defined in this section
and taking into consideration the technical and system capabilities
associated with the different course types.

(c) The rules must establish procedures that address how the
counting of students must be coordinated by resident and
nonresidents for state funding so that no student is counted
for more than one full-time equivalent in the aggregate.

NEW SECTION. Sec. 503. The superintendent of public
instruction shall separately calculate and allocate moneys
appropriated under RCW 28A.150.260 to school districts for each
full-time equivalent student enrolled in an alternative learning
experience course. The calculation shall be based on the estimated
statewide annual average allocation per full-time equivalent student
in grades nine through twelve in general education, excluding small
high school enhancements, and including applicable rules and
provisions of the omnibus appropriations act.

Sec. 504. RCW 28A.250.010 and 2011 1st sp.s. c 34 s 5 are
each amended to read as follows:

The definitions in this section apply throughout this chapter
unless the context clearly requires otherwise.

(1)(a) "Multidistrict online provider" means:

(i) A private or nonprofit organization that enters into a contract
with a school district to provide online courses or programs to K-12
students from more than one school district;

outside the geographic boundaries of the school district.

(b) "Multidistrict online provider" does not include a school
district online learning program in which fewer than ten percent of
the students enrolled in the program are from other districts under
the interdistrict student transfer provisions of RCW 28A.225.225.
"Multidistrict online provider" also does not include regional online
learning programs that are jointly developed and implemented by
two or more school districts or an educational service district
through an interdistrict cooperative program agreement that
addresses, at minimum, how the districts share student full-time
equivalency for state basic education funding purposes and how
categorical education programs, including special education, are
provided to eligible students.

(2)(a) "Online course" means a course or grade-level
coursework where:

(i) More than half of the course content is delivered
electronically using the internet or other computer-based methods;

(ii) More than half of the teaching is conducted from a remote
location through an online course learning management system or
other online or electronic tools;

(iii) A certificated teacher has the primary responsibility for the
student's instructional interaction. Instructional interaction
between the teacher and the student includes, but is not limited to,
direct instruction, review of assignments, assessment, testing,
progress monitoring, and educational facilitation; and

(iv) Students have access to the teacher synchronously,
asynchronously, or both.

(b) "Online school program" means a school program that:

(i) Offers courses or grade-level coursework that is delivered
primarily electronically using the internet or other computer-based
methods;

 coursework that may be taken in a single school term or throughout
the school year in a manner that could provide a full-time basic
education program if so desired by the student. Students may
enroll in the program as part-time or full-time students;

(iv) Offers courses or programs offered by an online
provider are eligible for high school credit.

(c) An online course or online school program may be
delivered to students at school as part of the regularly scheduled school
day. An online course or online school program also may be
delivered to students, in whole or in part, independently from a regular
classroom schedule, but such courses or programs must comply
with RCW ((28A.150.262)) 28A.150.325 (as recodified by this act)
and associated rules adopted by the superintendent of public
instruction to qualify for state basic education funding.

(3) "Online provider" means any provider of an online course or
program, including multidistrict online providers, all school district
online learning programs, and all regional online learning programs.

Sec. 505. RCW 28A.250.020 and 2011 1st sp.s. c 34 s 6 are
each amended to read as follows:

(1) The superintendent of public instruction, in collaboration
with the state board of education, shall develop and implement
approval criteria and a process for approving online providers; a
process for monitoring and if necessary rescinding the approval of
courses or programs offered by an online provider; and an appeals
process. The criteria and processes for multidistrict online
providers shall be adopted by rule by December 1, 2009.

(2) When developing the approval criteria, the superintendent
of public instruction shall require that providers offering online
courses or programs have accreditation, or are candidates for
accreditation, through the Northwest accreditation commission or
another national, regional, or state accreditation program listed by
the office of the superintendent of public instruction ((after
consultation with the Washington coalition for online learning)).
In addition to other criteria, the approval criteria shall include the
degree of alignment with state academic standards and require that
all teachers be certificated in accordance with Washington state law.
When reviewing online providers that offer high school courses, the
superintendent of public instruction shall assure that the courses
offered by the provider are eligible for high school credit.
However, final decisions regarding whether credit meets the school
district's graduation requirements shall remain the responsibility of
the school districts.

(3) Initial approval of online providers by the superintendent
of public instruction shall be for four years. The superintendent
of public instruction shall develop a process for the renewal of
approvals and for rescinding approvals based on noncompliance with
approval requirements. Any multidistrict online provider that
was approved by the digital learning commons or accredited by the
Northwest association of accredited schools before July 26, 2009,
and that meets the teacher certification requirements of subsection
(2) of this section, is exempt from the initial approval process under
this section until August 31, 2012, but must comply with the process for renewal of approvals and must comply with approval requirements.

(4) The superintendent of public instruction shall make the first round of decisions regarding approval of multidistrict online providers by April 1, 2010. The first round of decisions regarding approval of online providers that are not multidistrict online providers shall be made by April 1, 2013. Thereafter, the superintendent of public instruction shall make annual approval decisions no later than November 1st of each year.

(5) The superintendent of public instruction shall establish an online learning advisory committee within existing resources that shall provide advice to the superintendent regarding the approval criteria, major components of the web site, the model school district policy, model agreements, and other related matters. The committee shall include a representative of each of the following groups: Private and public online providers, parents of online students, accreditation organizations, educational service districts, school principals, teachers, school administrators, school board members, institutions of higher education, and other individuals as determined by the superintendent. Members of the advisory committee shall be selected by the superintendent based on nominations from statewide organizations, shall serve three-year terms, and may be reappointed. The superintendent shall select the chair of the committee.

Sec. 506. RCW 28A.250.050 and 2011 1st sp.s. c 34 s 11 are each amended to read as follows:

(1) By August 31, 2010, all school district boards of directors shall develop policies and procedures regarding student access to online courses and online learning programs. The policies and procedures shall include but not be limited to: Student eligibility criteria; the types of online courses available to students through the school district; the methods districts will use to support student success, which may include a local advisor; when the school district will and will not pay course fees and other costs; the granting of high school credit; and a process for students and parents or guardians to formally acknowledge any course taken for which no credit is given. The policies and procedures shall take effect beginning with the 2010-11 school year. School districts shall submit their policies to the superintendent of public instruction by September 15, 2010. By December 1, 2010, the superintendent of public instruction shall summarize the school district policies regarding student access to online courses and submit a report to the legislature.

(2) School districts must award credit and grades for online high school courses successfully completed by a student that meet the school district's graduation requirements and are provided by an approved online provider.

(3) School districts shall provide students with information regarding online courses that are available through the school district. The information shall include the types of information described in subsection (1) of this section.

(4) When developing local or regional online learning programs, school districts shall incorporate into the program design the approval criteria developed by the superintendent of public instruction under RCW 28A.250.020.

Sec. 507. RCW 28A.250.060 and 2011 1st sp.s. c 34 s 8 are each amended to read as follows:

(1) Beginning with the 2011-12 school year, school districts may claim state funding under ((RCW 28A.150.260)) section 503 of this act, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are:

(a) Offered by a multidistrict online provider approved under RCW 28A.250.020 by the superintendent of public instruction;

(b) Offered by a school district online learning program if the program serves students who reside within the geographic boundaries of the school district, including school district programs in which fewer than ten percent of the program's students reside outside the school district's geographic boundaries; or

(c) Offered by a regional online learning program where courses are jointly developed and offered by two or more school districts or an educational service district through an interdistrict cooperative program agreement.

(2) Beginning with the 2013-14 school year, school districts may claim state funding under (RCW 28A.150.260) section 503 of this act, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are offered by an online provider approved under RCW 28A.250.020 by the superintendent of public instruction.

(3) Criteria shall be established by the superintendent of public instruction to allow online courses that have not been approved by the superintendent of public instruction to be eligible for state funding if the course is in a subject matter in which no courses have been approved and, if it is a high school course, the course meets Washington high school graduation requirements.

Sec. 508. RCW 28A.250.070 and 2009 c 542 s 8 are each amended to read as follows:

Nothing in this chapter is intended to diminish the rights of students to attend a nonresident school district in accordance with RCW 28A.225.220 through 28A.225.230 for the purposes of enrolling in online courses or online school programs. The office of online learning under RCW 28A.250.030 shall develop a standard form, which must be used by all school districts, for releasing a student to a nonresident school district for the purposes of enrolling in an online course or online school program.

NEW SECTION. Sec. 509. A new section is added to chapter 28A.250 RCW to read as follows:

An online school program may request a waiver from the office of the superintendent of public instruction to administer one or more sections of the statewide student assessment for grades three through eight for some or all students enrolled in the program on alternate days or on an alternate schedule, as long as the administration is within the testing period established by the office. The office may deny a request for a waiver if the online school program's proposal does not maintain adequate test security or would reduce the reliability of the assessment results by providing an inequitable advantage for some students.

Sec. 510. RCW 28A.225.220 and 1995 c 335 s 602 and 1995 c 52 s 2 are each reenacted and amended to read as follows:

(1) Any board of directors may make agreements with adults choosing to attend school, and may charge the adults reasonable tuition.

(2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district or the request of a parent or guardian for his or her child to transfer as a student receiving home-based instruction.

(3) A district shall release a student to a nonresident district that agrees to accept the student if:

(a) A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer;

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care;

(c) There is a special hardship or detrimental condition; or

(d) The purpose of the transfer is for the student to enroll in an online course or online school program offered by an online provider approved under RCW 28A.250.020.
(4) A district may deny the request of a resident student to transfer to a nonresident district if the release of the student would adversely affect the district's existing desegregation plan.

(5) For the purpose of helping a district assess the quality of its education program, a resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring to another district. No parent or guardian may be forced to attend such an interview or complete the questionnaire.

(6) Beginning with the 1993-94 school year, school districts may not charge transfer fees or tuition for nonresident students enrolled under subsection (3) of this section and RCW 28A.225.225. Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds.

**Sec. 511.** RCW 28A.225.225 and 2013 c 192 s 2 are each amended to read as follows:

(1) Except for students who reside out-of-state and students under RCW 28A.225.217, a district shall accept applications from nonresident students who are the children of full-time certificated and classified school employees, and those children shall be permitted to enroll:

(a) At the school to which the employee is assigned;
(b) At a school forming the district’s K through 12 continuum which includes the school to which the employee is assigned; or
(c) At a school in the district that provides early intervention services pursuant to RCW 28A.155.065 or preschool services pursuant to RCW 28A.155.070, if the student is eligible for such services.

(2) A district may reject applications under this section if:

(a) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;
(b) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (2)(b) must apply uniformly to both resident and nonresident applicants; and
(c) Enrollment of a child under this section would displace a child who is a resident of the district, except that if a child is admitted under subsection (1) of this section, that child shall be permitted to remain enrolled at that school, or in that district's kindergarten through twelfth grade continuum, until he or she has completed his or her schooling; or
(d) The student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.

(3) A nonhigh district participating in an innovation academy cooperative may not accept an application from a high school student that conflicts with RCW 28A.340.080.

(4) Except as provided in subsection (1) of this section, all districts accepting applications from nonresident students or from students receiving home-based instruction for admission to the district's schools shall consider equally all applications received. Each school district shall adopt a policy establishing rational, fair, and equitable standards for acceptance and rejection of applications by June 30, 1990. The policy may include rejection of a nonresident student if:

(a) Acceptance of a nonresident student would result in the district experiencing a financial hardship;
(b) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;
(c) Accepting of the nonresident student would conflict with RCW 28A.340.080; or
(d) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (4)(d) must apply uniformly to both resident and nonresident applicants.

For purposes of subsections (2)(a) and (4)(b) of this section, "gang" means a group which:

(i) Consists of three or more persons;
(ii) has identifiable leadership; and
(iii) on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes.

(5) The district shall provide to applicants written notification of the approval or denial of the application in a timely manner. If the application is rejected, the notification shall include the reason or reasons for denial and the right to appeal under RCW 28A.225.230(3).

**Sec. 512.** RCW 28A.150.100 and 2011 1st sp.s. c 34 s 10 are each amended to read as follows:

(1) For the purposes of this section and RCW 28A.150.410 and 28A.400.200, "basic education certificated instructional staff" means all full-time equivalent classroom teachers, teacher librarians, guidance counselors, certificated student health services staff, and other certificated instructional staff in the following programs as defined for statewide school district accounting purposes:

Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) Each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full-time equivalent students. This requirement does not apply to that portion of a district's annual average full-time equivalent enrollment that is enrolled in alternative learning experience (program) courses as defined in RCW 28A.150.325.

**Sec. 513.** RCW 28A.525.162 and 2012 c 244 s 2 are each amended to read as follows:

(1) Funds appropriated to the superintendent of public instruction from the common school construction fund shall be allotted by the superintendent of public instruction in accordance with this chapter.

(2) No allotment shall be made to a school district until such district has provided local funds equal to or greater than the difference between the total approved project cost and the amount of state funding assistance to the district for financing the project computed pursuant to RCW 28A.525.166, with the following exceptions:

(a) The superintendent of public instruction may waive the local requirement for state funding assistance for districts which have provided funds for school building construction purposes through the authorization of bonds or through the authorization of excess tax levies or both in an amount equivalent to two and one-half percent of the value of its taxable property, as defined in RCW 39.36.015.

(b) No such local funds shall be required as a condition to the allotment of funds from the state for the purpose of making major or minor structural changes to existing school facilities in order to bring such facilities into compliance with the barrier free access requirements of section 504 of the federal rehabilitation act of 1973 (29 U.S.C. Sec. 706) and rules implementing the act.

(3) For the purpose of computing the state funding assistance percentage under RCW 28A.525.166 when a school district is granted authority to enter into contracts, adjusted valuation per pupil shall be calculated using headcount student enrollments from the most recent October enrollment reports submitted by districts to the superintendent of public instruction, adjusted as follows:

(a) In the case of projects for which local bonds were approved after May 11, 1989:
(i) For districts which have been designated as serving high school districts under RCW 28A.540.110, students residing in the nonhigh district so designating shall be excluded from the enrollment count if the student is enrolled in any grade level not offered by the nonhigh district;

(ii) The enrollment of nonhigh school districts shall be increased by the number of students residing within the district who are enrolled in a serving high school district so designated by the nonhigh school district under RCW 28A.540.110, including only students who are enrolled in grade levels not offered by the nonhigh school district; and

(iii) The number of preschool students with disabilities included in the enrollment count shall be multiplied by one-half;

(b) In the case of construction or modernization of high school facilities in districts serving students from nonhigh school districts, the adjusted valuation per pupil shall be computed using the combined adjusted valuations and enrollments of each district, each weighted by the percentage of the district's resident high school students served by the high school district;

(c) The number of kindergarten students included in the enrollment count shall be counted as one headcount student; and

(d) The number of students residing outside the school district who are enrolled in alternative learning experience ((program)) courses under RCW 28A.150.325 (as recodified by this act) shall be excluded from the total.

(4) In lieu of the exclusion in subsection (3)(d) of this section, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience ((program)) courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a regular duration by out-of-district alternative learning experience ((program)) students subtracted by the headcount of in-district alternative learning experience ((program)) students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, shall prescribe such rules as are necessary to equate insofar as possible the efforts made by school districts to provide capital funds by the means aforesaid.

(6) For the purposes of this section, "preschool students with disabilities" means children of preschool age who have developmental disabilities who are entitled to services under RCW 28A.155.010 through 28A.155.100 and are not included in the developmental disabilities who are entitled to services under RCW 28A.155.010 through 28A.155.100 and are not included in the developmental disabilities of the superintendent.

Sec. 514. RCW 28A.525.166 and 2012 c 244 s 3 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance under RCW 28A.525.162 through 28A.540.110, including only students who are enrolled in grade levels not offered by the nonhigh school district; and

(iii) The number of preschool students with disabilities included in the enrollment count shall be multiplied by one-half;

(b) In the case of construction or modernization of high school facilities in districts serving students from nonhigh school districts, the adjusted valuation per pupil shall be computed using the combined adjusted valuations and enrollments of each district, each weighted by the percentage of the district's resident high school students served by the high school district;

(c) The number of kindergarten students included in the enrollment count shall be counted as one headcount student; and

(d) The number of students residing outside the school district who are enrolled in alternative learning experience ((program)) courses under RCW 28A.150.325 (as recodified by this act) shall be excluded from the total.

(4) In lieu of the exclusion in subsection (3)(d) of this section, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience ((program)) courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a regular duration by out-of-district alternative learning experience ((program)) students subtracted by the headcount of in-district alternative learning experience ((program)) students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, shall prescribe such rules as are necessary to equate insofar as possible the efforts made by school districts to provide capital funds by the means aforesaid.

(6) For the purposes of this section, "preschool students with disabilities" means children of preschool age who have developmental disabilities who are entitled to services under RCW 28A.155.010 through 28A.155.100 and are not included in the kindergarten enrollment count of the district.

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER,
That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

NEW SECTION. Sec. 515. (1) The office of financial management shall conduct a study, in consultation with, at a minimum, one representative each from school districts that administer remote, site-based, and online alternative learning experience courses; the office of the superintendent of public instruction; the Washington state institute for public policy; individuals with expertise in outcome-based public school funding models; a Washington state nonprofit organization with expertise in alternative learning education; and the legislative evaluation and accountability program committee.

(2) The purpose of the study is to create a proposal for efficiently and sustainably funding alternative learning experience courses and to recommend steps to increase the focus on educational outcomes. The study may recommend the funding method established in section 503 of this act or another method of funding. The study shall review alternative learning funding models used in other states and consider the advantages and disadvantages of applying state policies, including funding policies, differentially depending on the type of alternative learning experience course. The study should also include but not be limited to, recommendations for establishing baseline data regarding alternative learning experience student proficiency and achievement in relation to students in a comparable demographic, identifying outcome targets and methods to measure progress toward targets, identifying methods to ensure ongoing evaluation of outcomes that account for the student demographics being served, and improving alternative learning experience accountability.

(3) The office of financial management shall report its findings from the study to the quality education council by November 1, 2013. The quality education council shall review the findings and make recommendations to the education and fiscal committees of the legislature by December 15, 2013.

NEW SECTION. Sec. 517. (1) RCW 28A.150.325 is reclassified as a section in chapter 28A.--- RCW (the new chapter created in section 518 of this act).

(2) 2011 1st sp.s. c 34 s 1 is codified as a section in chapter 28A.---RCW (the new chapter created in section 518 of this act).

'PART I
Payroll Services

NEW SECTION. Sec. 101. (1) The legislature finds that the supreme court's decision in William Rogers v. Tacoma, while clarifying the taxation of temporary staffing agencies, resulted in differing interpretations of regulatory requirements in order to qualify for a pass-through exclusion from Washington B&O taxes for payroll reimbursements made within an affiliated group.

(2) The legislature passed Second Engrossed Substitute Senate Bill No. 6143 during the 2010 legislative session that directed the department of revenue to conduct a review and provide a report on the state's tax policies with respect to the taxation of intercompany transactions. The report affirms that centralized payroll reporting systems can result in an additional layer of tax for Washington businesses. Exclusions for payroll reimbursements allow businesses to have efficient administrative costs without incurring an additional tax obligation resulting exclusively from streamlining payroll processes. Further, this treatment of allowing for an exclusion of payroll cost reimbursements within a centralized payroll system is consistent with historical tax practices of the department of revenue prior to the William Rogers decision.

(3) The department of revenue continues to work with taxpayers to study taxation of transactions within and between affiliated business organizations in order to determine the appropriate policies and to identify areas where statutory and regulatory changes may be necessary.

(4) The legislature finds that the tax policy of allowing exclusions for payroll cost reimbursements within a centralized payroll reporting system is appropriate and should be affirmed. The legislature adopts the historical tax policy of allowing exclusions for payroll cost reimbursements within a centralized payroll reporting system of an affiliated group and requires the implementation of such tax policy from the effective date of this section. In affirming this tax policy, the legislature also intends to monitor these transactions to ensure they are being used appropriately and not for tax avoidance purposes and to monitor the potential impact on state revenue collections. The legislature does not intend for part I of this act to retroactively create a right of refund for taxes paid on payroll cost reimbursements prior to the enactment of this statute.

NEW SECTION. Sec. 102. A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing tax there may be deducted from the measure of tax, amounts that a qualified employer of record engaged in providing paymaster services receives from an affiliated business to cover employee costs of a qualified employee. However, no exclusion is allowed under this section for any employee costs incurred in connection with a contractual obligation of the taxpayer to provide services, including staffing services as defined in RCW 82.04.540.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Affiliated" has the same meaning as provided in RCW 82.32.655(7).

(b) "Employee costs" are the actual cost of wages and salaries, benefits, workers' compensation, payroll taxes, withholding, or other assessments paid to or on behalf of an employee.

(c) "Functional employment relationship" means having control over the work schedule and activities of the employees and control over all employment decisions such as salary, discipline, hiring, or layoffs.

(d) "Paymaster services" means providing payroll and related human resource services.

(e) "Qualified employee" means an employee with whom the affiliated business has a functional employment relationship. Neither the employer of record, nor any other affiliate, may have a functional employment relationship with the employee.

(f) "Qualified employer of record" is a person who:

(i) Has no functional employment relationship with a qualified employee; and

(ii) Has no contractual liability with a qualified employee for the employee costs. A qualified employer of record may have statutory or common law liability to the qualified employees or to third parties for employee costs.

(3) Section 1701(1) of this act does not apply to the deduction authorized in this section.

PART II
Dairy Products

NEW SECTION. Sec. 201. The intent of part II of this act is to incentivize the creation of additional jobs in Washington in the dairy industry and related industries that manufacture dairy-based products. More specifically, it is the intent of part II of this act to encourage infant formula producers to locate new facilities in Washington or expand existing facilities in Washington through an extension of a preferential business and occupation tax rate for dairy producers. It is the further intent of the legislature to provide this tax incentive in a fiscally responsible manner where the actual revenue impact of the legislation substantially conforms with the fiscal estimate provided in the legislation's fiscal note.

Sec. 202. RCW 82.04.260 and 2012 2nd sp.s. c 6 s 602 and 2012 2nd sp.s. c 6 s 204 are each reenacted and amended to read as follows:

(1) Upon every person engaging within this state in the business of manufacturing:
(a) Wheat into flour, barley into pearl barley, soybeans into soybean oil, canola into canola oil, canola meal, or canola by-products, or sunflower seeds into sunflower oil; as to such persons the amount of tax with respect to such business is equal to the value of the flour, pearl barley, oil, canola meal, or canola by-product manufactured, multiplied by the rate of 0.138 percent; and
(b) Beginning July 1, 2015, seafood products that remain in a raw, raw frozen, or raw salted state at the completion of the manufacturing by that person; or selling manufactured seafood products that remain in a raw, raw frozen, or raw salted state at the completion of the manufacturing, to purchasers who transport in the ordinary course of business the goods out of this state; as to such persons the amount of tax with respect to such business is equal to the value of the products manufactured or the gross proceeds derived from such sales, multiplied by the rate of 0.138 percent. (c)(i) Beginning July 1, 2015, dairy products ((that as of September 20, 2001, are identified in 21 C.F.R., chapter 1, parts 131, 133, and 135, including by-products from the manufacturing of the dairy products such as whey and casein; and selling dairy products that the person has manufactured to purchasers who either transport in the ordinary course of business the goods out of state or purchasers who use such dairy products as an ingredient or component in the manufacturing of a dairy product; as to such persons the tax imposed is equal to the value of the products manufactured or the gross proceeds derived from such sales multiplied by the rate of 0.138 percent. Sellers must keep and preserve records for the period required by RCW 82.32.070 establishing that the goods were transported by the purchaser in the ordinary course of business out of this state or sold to a manufacturer for use as an ingredient or component in the manufacturing of a dairy product.
(ii) For the purposes of this subsection (1)(c), "dairy products" means:
(A) Products that as of September 20, 2001, are identified in 21 C.F.R., chapter 1, parts 131, 133, and 135, including by-products from the manufacturing of the dairy products, such as whey and casein; and
(B) Products comprised of not less than seventy percent dairy products that qualify under (c)(i)(A) of this subsection, measured by weight or volume;
(iii) The preferential tax rate provided to taxpayers under this subsection (1)(c) does not apply to sales of dairy products on or after July 1, 2023, where a dairy product is used by the purchaser as an ingredient or component in the manufacturing in Washington of a dairy product;

The legislature further finds that the 2008 legislation included the following intent language: "The legislature finds that recent occurrences of colony collapse disorder and the resulting loss of bee hives will have an economic impact on the state's agricultural sector. The legislature intends to provide temporary business and occupation tax relief for Washington's apiarists." The legislature further finds that in 2013, colony collapse disorder is still a significant problem for the apiary industry.

(2) Because of the continuing problems associated with colony collapse disorder, it is the legislature's intent to extend the tax relief provided in the 2008 legislation, subject to a rigorous and periodic review of the health of honey bee colonies in Washington to determine whether colony collapse disorder is still a significant problem in the apiary industry. It is the legislature's intent that the tax relief provided in part III of this act will not be extended when data indicates that honey bee colony survivorship has improved, as provided in the colony collapse disorder progress report, published annually by the United States department of agriculture, and data provided by the Washington state department of agriculture to the joint legislative audit and review committee.

**NEW SECTION.** Sec. 302. A new section is added to chapter 82.08 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to the use of feed to an eligible apiarist for use in the raising of a bee colony used to make honey bee products.

(2) The definitions in RCW 82.04.629 apply to this section.

(3) This section expires July 1, 2017.

**NEW SECTION.** Sec. 303. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to the use of feed to an eligible apiarist for use in the raising of a bee colony used to make honey bee products.

(2) The definitions in RCW 82.04.629 apply to this section.

(3) This section expires July 1, 2017.

**NEW SECTION.** Sec. 304. A new section is added to chapter 43.136 RCW to read as follows:

(1) As part of the joint legislative audit and review committee's tax preference review under this chapter for the tax preferences contained within part III of this act, the joint legislative audit and review committee must also evaluate whether Washington state taxes are a disproportionately large percentage of a commercial beekeeper's operational or capital costs, including an analysis of the impact of Washington state taxes on similar sized businesses.

(2) This section expires July 1, 2017.

**NEW SECTION.** Sec. 305. (1) The department of agriculture must convene a honey bee work group to address challenges facing the honey bee industry and to develop a report outlining solutions that bolster the use of Washington honey bee colonies used to pollinate tree fruits, berries, and seeds. The work group must include the following members: Two members from the Washington state beekeepers association; one apiarist as defined in RCW 15.60.005 with no less than one thousand hives; one apiarist as defined in RCW 15.60.005 with no more than twenty-five hives; one member from the Washington state University apiary lab; one member from the Washington state department of
agriculture; one member from the tree fruit industry; and one member from the seed industry.

(2) The work group may include or seek input from other agencies, organizations, or stakeholders. By December 31, 2014, and in compliance with RCW 43.01.036, the department must submit the work group's report to the legislature that includes the following: (a) Proposed changes to the industry's tax structure to increase competitiveness with out-of-state beekeepers for pollination contracts; (b) providing analytics and metrics to measure the value of the proposed tax structure changes; (c) proposed additional resources needed to continue applied and basic research to support commercial beekeepers in the state and to recover colony losses; (d) identifying colony levels needed to meet the pollination demands of the Washington agricultural industry; (e) identifying other policy changes that would increase the competitiveness of Washington beekeepers; (f) other industry needs that would increase the market share of pollination contracts awarded to Washington beekeepers; and (g) metrics needed to provide accountability for state resources invested in the honey bee industry.

(3) This section expires July 1, 2017.

Sec. 306. RCW 82.04.629 and 2008 c 314 s 2 are each amended to read as follows:

(1) This chapter does not apply to amounts derived from the wholesale sale of honey bee products by an eligible apiarist who owns or keeps bee colonies and who does not qualify for an exemption under RCW 82.04.330 in respect to such sales.

(2) The exemption provided in subsection (1) of this section does not apply to any person selling such products at retail or to any person selling manufactured substances or articles.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Bee colony" means a natural group of honey bees containing seven thousand or more workers and one or more queens, housed in a man-made hive with movable frames, and operated as a beekeeping unit.

(b) "Eligible apiarist" means a person who owns or keeps one or more bee colonies and who grows, raises, or produces honey bee products for sale at wholesale and is registered under RCW 15.60.021.

(c) "Honey bee products" means queen honey bees, packaged honey bees, honey, pollen, bees wax, propolis, or other substances obtained from honey bees. "Honey bee products" does not include manufactured substances or articles.

(4) This section expires July 1, 2017.

Sec. 307. RCW 82.04.630 and 2008 c 314 s 3 are each amended to read as follows:

(1) This chapter does not apply to amounts received by an eligible apiarist, as defined in RCW 82.04.629, for providing bee pollination services to a farmer using a bee colony owned or kept by the person providing the pollination services.

(2) The definitions in RCW 82.04.213 apply to this section.

(3) This section expires July 1, 2017.

Sec. 308. RCW 82.08.0204 and 2008 c 314 s 4 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to the sale of honey bees to an eligible apiarist, as defined in RCW 82.04.629. This exemption is available only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department.

(2) This section expires July 1, 2017.

Sec. 309. RCW 82.12.0204 and 2008 c 314 s 5 are each amended to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of honey bees by an eligible apiarist, as defined in RCW 82.04.629. This exemption is available only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department.

(2) This section expires July 1, 2017.

NEW SECTION. Sec. 310. 2008 c 314 s 7 (uncodified) is repealed.

PART IV
Clay Targets

NEW SECTION. Sec. 401.  The legislature intends for the tax preferences in sections 402 and 403 of this act to be temporary in order for the legislature to assess the actual fiscal impact of the tax preferences to ensure that they reasonably conform with the fiscal estimate provided in the legislation's fiscal note.  It is not the legislature's intent to establish a broad policy of providing sales and use tax exemptions for business consumables used by businesses in the provision of services to customers.

NEW SECTION. Sec. 402.  A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of clay targets purchased by a nonprofit gun club for use in providing the activity of clay target shooting for a fee.

(2) The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department.  The seller must retain a copy of the certificate for the seller's files.  For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(3) This section expires July 1, 2017.

NEW SECTION. Sec. 403.  A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to the use by a nonprofit gun club of clay targets that are provided while conducting the activity of clay target shooting for a fee.

(2) This section expires July 1, 2017.

PART V
Products that Impart Flavor to Food

NEW SECTION. Sec. 501.  The intent of part V of this act is to provide tax relief to restaurants for business inputs that cannot be reused and are consumed for a specific purpose during the cooking process.  More specifically, it is the intent of part V of this act to provide a sales and use tax exemption for specific items used in the cooking process that impart flavor and therefore are similar to an ingredient added to a final product that is sold to the consumer.  It is also the intent of the legislature to provide this tax preference in a fiscally responsible manner where the actual revenue impact of the legislation substantially conforms with the fiscal estimate provided in the legislation's fiscal note.  Therefore, the legislature intends for this tax preference to be temporary so the legislature can assess the actual fiscal impact of the tax preference and whether the tangible personal property subject to the exemption is being used in a manner consistent with an ingredient or component that becomes part of a product sold to a final consumer.

NEW SECTION. Sec. 502.  A new section is added to chapter 82.08 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, the tax levied by RCW 82.08.020 does not apply to sales to restaurants of products that impart flavor to food during the cooking process and that:

(a) Are completely or substantially consumed by combustion during the cooking process, such as wood chips, charcoal, charcoal briquettes, and grape vines; or
(b) Support the food during the cooking process and are comprised entirely of wood, such as cedar grilling planks.

(2) The exemption provided by this section does not apply to any type of gas fuel.

(3) Sellers making tax-exempt sales under this section must obtain an exemption certificate from the buyer in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(4) For purposes of this subsection, "restaurant" has the same meaning as provided in RCW 82.08.9995.

(5) This section expires July 1, 2017.

NEW SECTION. Sec. 503. A new section is added to chapter 82.12 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, the provisions of this chapter do not apply to restaurants with respect to the use of products that impart flavor to food during the cooking process and that:

(a) Are completely or substantially consumed by combustion during the cooking process, such as wood chips, charcoal, charcoal briquettes, and grape vines; or

(b) Support the food during the cooking process and are comprised entirely of wood, such as cedar grilling planks.

(2) The exemption provided by this section does not apply to any type of gas fuel.

(3) For purposes of this subsection, "restaurant" has the same meaning as provided in RCW 82.08.9995.

(4) This section expires July 1, 2017.

PART VI
Cooperative Finance Organizations

NEW SECTION. Sec. 601. (1) The intent of part VI of this act is to provide tax relief for customers of rural electric cooperatives by providing a business and occupation tax deduction for interest income on loans made by certain finance organizations to rural electric cooperatives. It is the further intent of the legislature to provide this tax deduction in a fiscally responsible manner where the amounts are derived from loans to rural electric cooperatives by providing a business and occupation tax deduction under this section.

(b) "Rural electric cooperative" means a nonprofit, customer-owned organization that provides utility services to rural areas.

(3) This section expires July 1, 2017.

NEW SECTION. Sec. 603. Section 602 of this act applies to amounts received on or after October 1, 2013.

PART VII
Investment Data for Investment Firms

NEW SECTION. Sec. 701. (1) The legislature finds that in 2007, Engrossed Substitute House Bill No. 1981 was enacted into law, which provided a sales tax exemption for electronically delivered standard financial information if the sales were to an investment management company or financial institution. The legislature further finds that in 2009 and 2010, Engrossed Substitute House Bill No. 2075 and Substitute House Bill No. 2620 were passed, to address the taxation of electronically delivered products. The legislature further finds that this legislation imposed sales and use tax on most digital services, goods, and prewritten software, but provided a broad business exemption for digital goods. The legislature further finds that the sales tax exemption for standard financial information from the 2007 legislation was eliminated because it was believed that the broader business exemption in Engrossed Substitute House Bill No. 2075 covered these transactions. The legislature further finds that the method of transmission of data by data providers to investment management companies has evolved over time where data providers add search tools to their web-based data, which makes it subject to sales tax.

(2) The legislature's intent under part VII of this act is to conform with a previously determined policy objective of exempting certain standard financial information purchased by international investment management companies from sales and use tax on the understanding that the fiscal impact is minimal. Therefore, it is the legislature's further intent to reevaluate the exemption in three years to ensure that actual fiscal impact on state revenues reasonably conforms with the fiscal estimate in the fiscal note for this legislation.

NEW SECTION. Sec. 702. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to sales of standard financial information to qualifying international investment management companies. The exemption provided in this section applies regardless of whether the standard financial information is provided to the buyer in a tangible format or on a tangible storage medium or as a digital product transferred electronically.

(2) Sellers making tax-exempt sales under this section must obtain an exemption certificate from the buyer in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(3) A buyer may not continue to claim the exemption under this section once the buyer has purchased standard financial information during the current calendar year with an aggregate total selling price in excess of fifteen million dollars and an exemption has been claimed under this section or section 703 of this act for such standard financial information. The fifteen million dollar limitation under this subsection does not apply to any other exemption under this chapter that applies to standard financial information. Sellers are not responsible for ensuring a buyer's compliance with the fifteen million dollar limitation under this
subsection. Sellers may not be assessed for uncollected sales tax on a sale to a buyer claiming an exemption under this section after having exceeded the fifteen million dollar limitation under this subsection, except as provided in RCW 82.08.050 (4) and (5).

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a)(i) "Qualifying international investment management company" means a person:
(A) Who is primarily engaged in the business of providing investment management services; and
(B) Who has gross income that is at least ten percent derived from providing investment management services to:
(I) Persons or collective investment funds residing outside the United States; or
(II) Collective investment funds with at least ten percent of their investments located outside the United States.

(ii) The definitions in RCW 82.04.293 apply to this subsection (4)(a).

(b)(i) "Standard financial information" means financial data, facts, or information, or financial information services, not generated, compiled, or developed only for a single customer. Standard financial information includes, but is not limited to, financial market data, bond ratings, credit ratings, and deposit, loan, or mortgage reports.

(ii) For purposes of this subsection (4)(b), "financial market data" means market pricing information, such as for securities, commodities, and derivatives; corporate actions for publicly and privately traded companies, such as dividend schedules and reorganizations; corporate attributes, such as domicile, currencies used, and exchanges where shares are traded; and currency information.

(5) This section expires July 1, 2021.

NEW SECTION. Sec. 703. A new section is added to chapter 82.12 RCW to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of standard financial information by qualifying international investment management companies. The exemption provided in this section applies regardless of whether the standard financial information is in a tangible format or resides on a tangible storage medium or is a digital product transferred electronically to the qualifying international investment management company.

(2) The definitions, conditions, and requirements in section 702 of this act apply to this section.

(3) This section expires July 1, 2021.

PART VIII
Dancing

NEW SECTION. Sec. 801. It is the intent of part VIII of this act to provide a sales tax exemption for cover charges to patrons at establishments that provide the opportunity to dance. The intent is to provide tax relief to businesses who have been reporting the income for cover charges under the service and other classification, but not intending to avoid their tax obligation of collecting retail sales tax because of department and taxpayer confusion regarding the appropriate tax treatment of this income. To ensure proper tax reporting in the future by businesses who provide the opportunity to dance, the legislature intends to review the tax preference and its actual fiscal impact on state revenues to determine if the fiscal impact to state revenues reasonably conforms with the fiscal estimate in the fiscal note for this legislation.

Sec. 802. RCW 82.04.050 and 2011 c 174 s 202 are each amended to read as follows:

(1)(a) "Sale at retail" or "retail sale" means every sale of tangible personal property (including articles produced, fabricated, or imprinted) to all persons irrespective of the nature of their business and including, among others, without limiting the scope hereof, persons who install, repair, clean, alter, improve, construct, or decorate real or personal property of or for consumers other than a sale to a person who:

(i) Purchases for the purpose of resale as tangible personal property in the regular course of business without intervening use by such person, but a purchase for the purpose of resale by a regional transit authority under RCW 81.112.300 is not a sale for resale; or

(ii) Installs, repairs, cleans, alters, imprints, improves, constructs, or decorates real or personal property of or for consumers, if such tangible personal property becomes an ingredient or component of such real or personal property without intervening use by such person;

(iii) Purchases for the purpose of consuming the property purchased in producing for sale as a new article of tangible personal property or substance, of which such property becomes an ingredient or component or is a chemical used in processing, when the primary purpose of such chemical is to create a chemical reaction directly through contact with an ingredient of a new article being produced for sale;

(iv) Purchases for the purpose of consuming the property purchased in producing ferrosilicon which is subsequently used in producing magnesium for sale, if the primary purpose of such property is to create a chemical reaction directly through contact with an ingredient of ferrosilicon; or

(v) Purchases for the purpose of providing the property to consumers as part of competitive telephone service, as defined in RCW 82.04.065; or

(vi) Purchases for the purpose of satisfying the person's obligations under an extended warranty as defined in subsection (7) of this section, if such tangible personal property replaces or becomes an ingredient or component of property covered by the extended warranty without intervening use by such person.

(b) The term includes every sale of tangible personal property that is used or consumed or to be used or consumed in the performance of any activity defined as a "sale at retail" or "retail sale" even though such property is resold or used as provided in (a)(ii) through (vi) of this subsection following such use.

(c) The term also means every sale of tangible personal property to persons engaged in any business that is taxable under RCW 82.04.280(1) (a), (b), and (g), 82.04.290, and 82.04.2908.

(2) The term "sale at retail" or "retail sale" includes the sale of or charge made for tangible personal property consumed and/or for labor and services rendered in respect to the following:

(a) The installing, repairing, cleaning, altering, imprinting, or improving of tangible personal property of or for consumers, including charges made for the mere use of facilities in respect thereto, but excluding charges made for the use of self-service laundry facilities, and also excluding sales of laundry service to nonprofit health care facilities, and excluding services rendered in respect to live animals, birds and insects;

(b) The constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for consumers, including the installing or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, and also includes the sale of services or charges made for the clearing of land and the moving of earth excepting the mere leveling of land used in commercial farming or agriculture;

(c) The constructing, repairing, or improving of any structure upon, above, or under any real property owned by an owner who conveys the property by title, possession, or any other means to the person performing such construction, repair, or improvement for the purpose of performing such construction, repair, or improvement
and the property is then reconveyed by title, possession, or any other means to the original owner;

(d) The cleaning, fumigating, razing, or moving of existing buildings or structures, but does not include the charge made for janitorial services; and for purposes of this section the term "janitorial services" means those cleaning and caretaking services ordinarily performed by commercial janitor service businesses including, but not limited to, wall and window washing, floor cleaning and waxing, and the cleaning in place of rugs, drapes and upholstery. The term "janitorial services" does not include painting, papering, repairing, furnace or septic tank cleaning, snow removal or sandblasting;

(f) The furnishing of lodging and all other services by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, and it is presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or enjoy the same. For the purposes of this subsection, it is presumed that the sale of and charge made for the furnishing of lodging for a continuous period of one month or more to a person is a rental or lease of real property and not a mere license to enjoy the same;

(g) The installing, repairing, altering, or improving of digital goods for consumers;

(h) Persons taxable under (a), (b), (c), (d), (e), (f), and (g) of this subsection when such sales or charges are for property, labor and services which are used or consumed in whole or in part by such persons in the performance of any activity defined as a "sale at retail" or "retail sale" even though such property, labor and services may be resold after such use or consumption. Nothing contained in this subsection may be construed to modify subsection (1) of this section and nothing contained in subsection (1) of this section may be construed to modify this subsection.

(3) The term "sale at retail" or "retail sale" includes the sale of or charge made for personal, business, or professional services including amounts designated as interest, rents, fees, admission, and other service emoluments however designated, received by persons engaging in the following business activities:

(a)(i) Amusement and recreation services including but not limited to golf, pool, billiards, skating, bowling, ski lifts and tows, day trips for sightseeing purposes, and others, when provided to consumers.

(ii) Until July 1, 2017, amusement and recreation services do not include the opportunity to dance provided by an establishment in exchange for a cover charge.

(iii) For purposes of this subsection (3)(a):

(A) "Cover charge" means a charge, regardless of its label, to enter an establishment or added to the purchaser's bill by an establishment or otherwise collected after entrance to the establishment, and the purchaser is provided the opportunity to dance in exchange for payment of the charge.

(B) "Opportunity to dance" means that an establishment provides a designated physical space, on either a temporary or permanent basis, where customers are allowed to dance and the establishment either advertises or otherwise makes customers aware that it has an area for dancing;

(b) Abstract, title insurance, and escrow services;

(c) Credit bureau services;

(d) Automobile parking and storage garage services;

(e) Landscape maintenance and horticultural services but excluding (i) horticultural services provided to farmers and (ii) pruning, trimming, repairing, removing, and clearing of trees and brush near electric transmission or distribution lines or equipment, if performed by or at the direction of an electric utility;

(f) Service charges associated with tickets to professional sporting events; and

(g) The following personal services: Physical fitness services, tanning salon services, tattoo parlor services, steam bath services, turkish bath services, escort services, and dating services.

(4)(a) The term also includes the renting or leasing of tangible personal property to consumers.

(b) The term does not include the renting or leasing of tangible personal property where the lease or rental is for the purpose of sublease or subrent.

(5) The term also includes the providing of "competitive telephone service," "telecommunications service," or "ancillary services," as those terms are defined in RCW 82.04.065, to consumers.

(6)(a) The term also includes the sale of prewritten computer software to a consumer, regardless of the method of delivery to the end user. For purposes of this subsection (6)(a), the sale of prewritten computer software includes the sale of or charge made for a key or an enabling or activation code, where the key or code is required to activate prewritten computer software and put the software into use. There is no separate sale of the key or code from the prewritten computer software, regardless of how the sale may be characterized by the vendor or by the purchaser.

The term "rental sale" does not include the sale of or charge made for:

(i) Custom software; or

(ii) The customization of prewritten computer software.

(b)(i) The term also includes the charge made to consumers for the right to access and use prewritten computer software, where possession of the software is maintained by the seller or a third party, regardless of whether the charge for the service is on a per use, per user, per license, subscription, or some other basis.

(ii)(A) The service described in (b)(i) of this subsection (6) includes the right to access and use prewritten computer software to perform data processing.

(B) For purposes of this subsection (6)(b)(ii), "data processing" means the systematic performance of operations on data to extract the required information in an appropriate form or to convert the data to usable information. Data processing includes check processing, image processing, form processing, survey processing, payroll processing, claim processing, and similar activities.

(7) The term also includes the sale of or charge made for an extended warranty to a consumer. For purposes of this subsection, "extended warranty" means an agreement for a specified duration to perform the replacement or repair of tangible personal property at no additional charge or a reduced charge for tangible personal property, labor, or both, or to provide indemnification for the replacement or repair of tangible personal property, based on the occurrence of specified events. The term "extended warranty" does not include an agreement, otherwise meeting the definition of extended warranty in this subsection, if no separate charge is made for the agreement and the value of the agreement is included in the sales price of the tangible personal property covered by the agreement. For purposes of this subsection, "sales price" has the same meaning as in RCW 82.08.010.

(8)(a) The term also includes the following sales to consumers of digital goods, digital codes, and digital automated services:

(i) Sales in which the seller has granted the purchaser the right of permanent use;

(ii) Sales in which the seller has granted the purchaser a right of use that is less than permanent;

(iii) Sales in which the purchaser is not obligated to make continued payment as a condition of the sale; and
(iv) Sales in which the purchaser is obligated to make continued payment as a condition of the sale.

(b) A retail sale of digital goods, digital codes, or digital automated services under this subsection (8) includes any services provided by the seller exclusively in connection with the digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.

(c) For purposes of this subsection, "permanent" means perpetual or for an indefinite or unspecified length of time. A right of permanent use is presumed to have been granted unless the agreement between the seller and the purchaser specifies or the circumstances surrounding the transaction suggest or indicate that the right to use terminates on the occurrence of a condition subsequent.

(9) The term also includes the charge made for providing tangible personal property along with an operator for a fixed or indeterminate period of time. A consideration of this is that the operator is necessary for the tangible personal property to perform as designed. For the purpose of this subsection (9), an operator must do more than maintain, inspect, or set up the tangible personal property.

(10) The term does not include the sale of or charge made for labor and services rendered in respect to the building, repairing, or improving of any street, place, road, highway, easement, right-of-way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle which is owned by a municipal corporation or political subdivision of the state or by the United States and which is used or to be used primarily for foot or vehicular traffic including mass transportation vehicles of any kind.

(11) The term also does not include sales of chemical sprays or washes to persons for the purpose of postharvest treatment of fruit for the prevention of scald, fungus, mold, or decay, nor does it include sales of feed, seed, seedlings, fertilizer, agents for enhanced pollination including insects such as bees, and spray materials to:

(a) Persons who participate in the federal conservation reserve program, the environmental quality incentives program, the wetlands reserve program, and the wildlife habitat incentives program, or their successors administered by the United States department of agriculture;
(b) Farmers for the purpose of producing for sale any agricultural product; and
(c) Farmers acting under cooperative habitat development or access contracts with an organization exempt from federal income tax under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code or the Washington state department of fish and wildlife to produce or improve wildlife habitat on land that the farmer owns or leases.

(12) The term does not include the sale of or charge made for labor and services rendered in respect to the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing, or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation. Nor does the term include the sale of services or charges made for the clearing of land and the moving of earth of or for the United States, any instrumentality thereof, or a county or city housing authority. Nor does the term include the sale of services or charges made for cleaning up for the United States, or its instrumentality, radioactive waste and other by-products of weapons production and nuclear research and development.

(13) The term does not include the sale of or charge made for labor, services, or tangible personal property pursuant to agreements providing maintenance services for bus, rail, or rail fixed guideway equipment when a regional transit authority is the recipient of the labor, services, or tangible personal property, and a transit agency, as defined in RCW 81.104.015, performs the labor or services.

(14) The term does not include the sale for resale of any service described in this section if the sale would otherwise constitute a "sale at retail" and "retail sale" under this section.

PART IX
Solar Extension

NEW SECTION. Sec. 901. (1) The legislature finds that to attract and maintain clean energy technology manufacturing businesses, a competitive business climate is crucial. The legislature further finds that specific tax preferences can facilitate a positive business climate in Washington. The legislature further finds that businesses in the solar silicon industry have had to reduce employment due to global conditions. Therefore, the legislature intends to extend a preferential business and occupation tax rate to manufacturers and wholesalers of specific solar energy material and parts to maintain and grow jobs in the solar silicon industry.

(2) The joint legislative audit and review committee, as part of its tax preference review process, must assess the actual fiscal impact of this tax preference in relation to the fiscal estimate for the tax preference and assess changes in employment for firms claiming the preferential tax rate.

Sec. 902. RCW 82.04.294 and 2011 c 179 s 1 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of manufacturing solar energy systems using photovoltaic modules or stirling converters, or of manufacturing solar grade silicon, silicon solar wafers, silicon solar cells, thin film solar devices, or compound semiconductor solar wafers to be used exclusively in components of such systems; as to such persons the amount of tax with respect to such business is, in the case of manufacturers, equal to the value of the product manufactured, or in the case of processors for hire, equal to the gross income of the business, multiplied by the rate of 0.275 percent.

(2) Upon every person engaging within this state in the business of making sales at wholesale of solar energy systems using photovoltaic modules or stirling converters, or of solar grade silicon, silicon solar wafers, silicon solar cells, thin film solar devices, or compound semiconductor solar wafers to be used exclusively in components of such systems, manufactured by that person; as to such persons the amount of tax with respect to such business is equal to the gross proceeds of sales of the solar energy systems using photovoltaic modules or stirling converters, or of solar grade silicon, multiplied by the rate of 0.275 percent.

(3) Silicon solar wafers, silicon solar cells, thin film solar devices, solar grade silicon, or compound semiconductor solar wafers are "semiconductor materials" for the purposes of RCW 82.08.9651 and 82.12.9651.

(4) The definitions in this subsection apply throughout this section.

(a) "Compound semiconductor solar wafer" means a semiconductor solar wafer composed of elements from two or more different groups of the periodic table.

(b) "Module" means the smallest nondivisible self-contained physical structure housing interconnected photovoltaic cells and providing a single direct current electrical output.

(c) "Photovoltaic cell" means a device that converts light directly into electricity without moving parts.

(d) "Silicon solar cells" means a photovoltaic cell manufactured from a silicon solar wafer.

(e) "Silicon solar wafers" means a silicon wafer manufactured for solar conversion purposes.
(f) "Solar energy system" means any device or combination of devices or elements that rely upon direct sunlight as an energy source for use in the generation of electricity.

(g) "Solar grade silicon" means high-purity silicon used exclusively in components of solar energy systems using photovoltaic modules to capture direct sunlight. "Solar grade silicon" does not include silicon used in semiconductors.

(h) "Stirling converter" means a device that produces electricity by converting heat from a solar source utilizing a stabilizing engine.

(i) "Thin film solar devices" means a nonparticipating substrate on which various semiconducting materials are deposited to produce a photovoltaic cell that is used to generate electricity.

(5) A person reporting under the tax rate provided in this section must file a complete annual ((report)) survey with the department under RCW (82.32.534) 82.32.585.

(6) This section expires June 30, 2024.

NEW SECTION. Sec. 1005. A new section is added to chapter 43.136 RCW to read as follows:

(1) The intent of the tax exemption provided in RCW 82.08.956 and 82.12.956 is to promote the retention of relatively high wage jobs in the counties where facilities who purchase and use hog fuel are located. Specifically, in a time when there is increasing pressure to close industrial facilities like mills and relocate this economic activity out of state or overseas, rural areas of the state are at risk of losing critical jobs that directly, or indirectly, support entire communities. The legislature, in enacting the hog fuel tax exemption, hopes to retain seventy-five percent of the jobs at each facility in the state at which the exemption is claimed, between now and June 30, 2024.

(2) The joint legislative audit and review committee must review the performance through July 1, 2018, of the tax preferences established in RCW 82.08.956 and 82.12.956, and prepare a report to the legislature by October 31, 2019.

(3) The department of revenue must provide the committee with annual survey information and any other tax data necessary to conduct the review required in subsection (2) of this section. The department also must report to the legislature by October 31, 2019.

(4) The employer security department and other agencies, as requested, must cooperate with the committee by providing information about the average wage of employment in the county in which each facility owned or operated by a company claiming the exemption is located. The report is not limited to, but must include, the following information:

(a) Identification of the baseline number of jobs existing as of January 1, 2013, in facilities where the preference has been claimed, as well as related wage and benefit information;

(b) Identification of how the number of jobs at these facilities has changed during the duration of the credit;

(c) Analysis of how the wages provided to employees at affected facilities compare to the average wages in the county in which the facility is located;

(d) Analysis of how the benefits, including medical and other health care benefits, provided to employees at affected facilities compare to the average wages in the county in which the facility is located; and

(e) Whether and to what extent the goal has been achieved, of retaining seventy-five percent of employment at the facilities at which the exemption has been claimed.

(4) This section expires June 30, 2024.

PART XI
Large Airplanes

NEW SECTION. Sec. 1101. (1) The legislature intends to promote the economic development of our state's aerospace cluster and increase the tax revenues collected by the state through promoting a competitive marketplace for storing and modifying unfurnished, noncommercial aircraft. The legislature finds that Washington is currently losing these types of jobs to other states, resulting in the loss of high-wage jobs and new tax revenue. Further, the legislature finds that the current tax statutes are an impediment to encouraging the development of aerospace clusters in our state. Therefore, the legislature intends to modify our state's tax policy to encourage aerospace cluster development within the state and increase tax revenues.

(2) The joint legislative audit and review committee, as part of its tax preference review process, must estimate the net impact on state tax revenues by comparing the decrease in state revenues resulting from the changes made in part XI of this act to the additional tax revenues generated from the direct, indirect, and induced economic impacts from those changes. The committee must also, to the extent practicable, estimate job growth in the aerospace cluster resulting from the changes made in part XI of this.
act. The committee must conduct its tax preference review of part XI of this act during calendar year 2016 and report its findings and recommendations to the legislature by January 1, 2017.

Sec. 1102. RCW 47.68.250 and 2003 c 375 s 4 are each amended to read as follows:

(1) Every aircraft (shall be) must be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of fifteen dollars (shall be) is charged for each such registration and each annual renewal thereof.

(2) Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section (shall be) are the only requisites for registration of an aircraft under this section.

(3) The registration fee imposed by this section (shall be) is payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and (shall be) must be collected by the secretary at the time of the collection by him or her of the (shall) excise tax. If the secretary is satisfied that the requirements for registration of the aircraft have been met, he or she (shall, thereupon) must issue to the owner of the aircraft a certificate of registration therefor. The secretary (shall) must pay to the state treasurer the registration fees collected under this section, which registration fees (shall) must be credited to the aeronautics account in the transportation fund.

(4) If (shall) is not (be) necessary for the registrant to provide the secretary with original or copies of federal certificates, permits, ratings, or licenses, the secretary (shall) must issue certificates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

(5) The provisions of this section (shall) do not apply to:

((4))) (a) An aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

((2))) (b) An aircraft registered under the laws of a foreign country;

((3))) (c) An aircraft (which) that is owned by a nonresident (and registered in another state: PROVIDED, That if said aircraft shall remain in and/or be based in this state for a period of ninety days or longer it shall not be exempt under this section)) if:

_ (i) The aircraft remains in this state or is based in this state, or both, for a period less than ninety days; or

_ (ii) The aircraft is a large private airplane as defined in section 1103 of this act and remains in this state for a period of ninety days or longer, but only when:

_ (A) The airplane is in this state exclusively for the purpose of repairs, alterations, or reconstruction, including any flight testing related to the repairs, alterations, or reconstruction, or for the purpose of continual storage of not less than one full calendar year;

_ (B) An employee of the facility providing these services is on board the airplane during any flight testing; and

_ (C) Within ninety days of the date the airplane first arrived in this state during the calendar year, the nonresident files a written statement with the department indicating that the airplane is exempt from registration under this subsection (5)(c)(ii). The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. The department may require additional periodic verification that the airplane remains exempt from registration under this subsection (5)(c)(ii) and that written statements conform with the provisions of RCW 9A.72.085;

((4))) (d) An aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

((4))) (e) An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

((4))) (f) An aircraft being held for sale, exchange, delivery, test, or demonstration purposes solely as stock in trade of an aircraft dealer licensed under Title 14 RCW; and

((4))) (g) An aircraft based within the state that is in an uninsured condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary.

(6) The secretary (shall) must be notified within thirty days of any change in ownership of a registered aircraft. The notification (shall) must contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.

(7) A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, (shall) must require from an aircraft owner proof of aircraft registration as a condition of leasing or selling tiedown or hanger space for an aircraft. It is the responsibility of the lessee or purchaser to register the aircraft. The airport (shall) must work with the aviation division to assist in its efforts to register aircraft by providing information about based aircraft on an annual basis as requested by the division.

NEW SECTION. Sec. 1103. A new section is added to chapter 82.08 RCW to read as follows:

(1)(a) The tax levied by RCW 82.08.020 does not apply to:

_ (i) Sales of large private airplanes to nonresidents of this state; and

_ (ii) Sales of or charges made for labor and services rendered in respect to repairing, cleaning, altering, or improving large private airplanes owned by nonresidents of this state.

(b) The exemption provided by this section applies only when the large private airplane is not required to be registered with the department of transportation, or its successor, under chapter 47.68 RCW. The airplane owner or lessee claiming an exemption under this section must provide the department, upon request, a copy of the written statement required under RCW 47.68.250(5)(c)(ii) documenting the airplane's registration exemption and any additional information the department may require.

(2) Sellers making tax-exempt sales under this section must obtain an exemption certificate from the buyer in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(3) Upon request, the department of transportation must provide to the department of revenue information needed by the department of revenue to verify eligibility under this section.

(4) For purposes of this section "large private airplane" means an airplane not used in interstate commerce, not owned or leased by a government entity, weighing more than forty-one thousand pounds, and assigned a category A, B, C, or D test flow management system aircraft weight class by the federal aviation administration's office of aviation policy and plans.
NEW SECTION. Sec. 1104. A new section is added to chapter 82.12 RCW to read as follows:

(1)(a) The tax levied by RCW 82.12.020 does not apply to the use of:

(i) Large private airplanes owned by nonresidents of this state; and

(ii) Labor and services rendered in respect to repairing, cleaning, altering, or improving large private airplanes owned by nonresidents of this state.

(b) The exemption provided by this section applies only when the large private airplane is not required to be registered with the department of transportation, or its successor, under chapter 47.68 RCW. The airplane owner or lessee claiming an exemption under this section must provide the department, upon request, a copy of the written statement required under RCW 47.68.250(5)(c)(ii) documenting the airplane’s registration exemption and any additional information the department may require.

(2) Upon request, the department of transportation must provide to the department of revenue information needed by the department of revenue to verify eligibility under this section.

(3) For purposes of this section, the conditions, limitation, and definitions in section 1103 of this act apply to this section.

Sec. 1105. RCW 82.48.100 and 2010 1st sp.s. c 12 s 2 are each amended to read as follows:

This chapter does not apply to:

(1) Aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which are not engaged in carrying persons or property for commercial purposes;

(2) Aircraft registered under the laws of a foreign country;

(3) Aircraft (which) are owned by a nonresident and registered in another state((. However, if any such aircraft remains in and/or is based in this state for a period of ninety days or longer it is not exempt under this section)), if the aircraft remains in this state or is based in this state, or both, for a period less than ninety days;

(4)(a) Aircraft engaged principally in commercial flying (which) that constitutes interstate or foreign commerce, except as provided in (b) of this subsection.

(8) Aircraft that are: (a) Owned by a nonprofit organization that is exempt from federal income taxation under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code; and (b) exclusively used to provide emergency medical transportation services.

PART XII

Blood Banks

NEW SECTION. Sec. 1201. Part XII of this act is intended to allow flexibility for nonprofit organizations where qualifying activities will be provided by more than one organization. It is not the legislature’s intent to expand the lines of nontaxable activity. Therefore, the legislature further intends to reassess the changes made in part XII of this act to ensure the actual fiscal impact reasonably conforms with the fiscal estimate provided in the fiscal note for the legislation.

Sec. 1202. RCW 82.04.324 and 2004 c 82 s 1 are each amended to read as follows:

(1) Except as otherwise provided in subsection (3) of this section, this chapter does not apply to amounts received by a qualifying blood bank, a qualifying tissue bank, or a qualifying blood and tissue bank to the extent the amounts are exempt from federal income tax.

(2) For the purposes of this section:

(a) "Qualifying blood bank" means ([a blood bank that qualifies as]) an exempt organization under 26 U.S.C. 501(c)(3) as existing on June 10, 2004, that is registered pursuant to 21 C.F.R., part 607 as existing on June 10, 2004, and whose primary business purpose is the collection, preparation, (and processing of blood)) testing or processing of blood, on behalf of itself or other qualifying blood bank or qualifying blood and tissue bank. "Qualifying blood bank" does not include a comprehensive cancer center that is recognized as such by the national cancer institute.

(b) "Qualifying tissue bank" means a tissue bank that qualifies as an exempt organization under 26 U.S.C. 501(c)(3) as existing on June 10, 2004, is registered pursuant to 21 C.F.R., part 1271 as existing on June 10, 2004, and whose primary business purpose is the recovery, processing, storage, labeling, packaging, or distribution of human bone tissue, ligament tissue and similar musculoskeletal tissues, skin tissue, heart valve tissue, or human eye tissue. "Qualifying blood and tissue bank" does not include a comprehensive cancer center that is recognized as such by the national cancer institute.

(3) A person claiming the exemption under this section must report amounts exempt under this section to the department. Except for persons whose primary business purpose is the collection, preparation, and processing of blood, a person may not claim an exemption under this section for more than one hundred fifty thousand dollars in tax per calendar year.

PART XIII

Mint Growers

NEW SECTION. Sec. 1301. The legislature finds that mint growers utilize fuel to generate heat to extract oil from harvested mint and thereby produce a saleable agricultural product. Diesel fuel is often used as the fuel source that generates heat to distill mint. This on-farm diesel fuel is currently exempt from sales and use tax. The legislature further finds that propane and natural gas are alternative sources of cleaner burning fuel. A transition by mint
This section expires July 1, 2017.

An organization or library receives from the sale is exempt under RCW 82.04.213 if the gross income the nonprofit organization or a library, if the gross income is valued at less than ten thousand dollars, purchased or received as a prize in a contest of chance, or use of any article of personal property, valued at less than ten thousand dollars or less.

The legislature to provide an incentive to mint growers to make the transition to cleaner fuels by extending the sales and use tax exemptions to propane and natural gas used by farmers who produce mint oil.

NEW SECTION. Sec. 1302. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales to farmers of propane or natural gas used exclusively to distill mint on a farm.

(2) The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files. For sellers who electronically file their taxes, the department must provide a separate line for exemption amounts claimed under this section.

(3) For the purposes of this section, “farmer” has the same meaning as provided in RCW 82.04.213.

(4) This section expires July 1, 2017.

NEW SECTION. Sec. 1303. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to the use of propane or natural gas by a farmer to exclusively distill mint on a farm.

(2) For the purposes of this section, “farmer” has the same meaning as provided in RCW 82.04.213.

(3) This section expires July 1, 2017.

PART XIV
Nonprofit Fund-raising Activities

NEW SECTION. Sec. 1401. It is the intent of part XIV of this act to provide use tax relief for individuals who support charitable activities by purchasing or winning articles of personal property from a nonprofit organization or library when the personal property is sales tax exempt. It is also the intent of the legislation to provide this tax preference in a fiscally responsible manner by capping the exemption for articles of personal property that are valued at ten thousand dollars or less.

NEW SECTION. Sec. 1402. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of any article of personal property, valued at less than ten thousand dollars, purchased or received as a prize in a contest of chance, as defined in RCW 82.04.285, from a nonprofit organization or a library, if the gross income the nonprofit organization or library receives from the sale is exempt under RCW 82.04.3651.

(2) This section expires July 1, 2017.

PART XV
Renewable Energy Extension

NEW SECTION. Sec. 1501. It is the intent of the legislature to help promote energy independence in the state of Washington and to better position Washington to attract a vibrant clean energy technology manufacturing sector to the state. The purpose of the tax preference created in part XV of this act is to incentivize electricity generation from renewable energy sources, reducing the costs of transitioning to these sources and technologies by exempting machinery, equipment, and labor and service charges associated with such electricity generation from the retail sales and use tax. This tax preference makes the most of the local renewable resources, protects us from the price volatility of certain fossil fuel sources, and helps the state achieve its greenhouse gas emissions targets. In addition, promoting manufacture and installation of facilities capable of generating power from renewable sources can create economic benefits in both rural and urban counties, creating high-quality jobs and developing a skilled workforce in an industry sector in which significant job growth is anticipated over the coming decades.

Sec. 1502. RCW 82.08.962 and 2009 c 469 s 101 are each amended to read as follows:

(1)(a) Except as provided in RCW 82.08.963, purchasers who have paid the tax imposed by RCW 82.08.020 on machinery and equipment used directly in generating electricity using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, are eligible for an exemption as provided in this section, but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating not less than one thousand watts of electricity.

(b) Beginning on July 1, 2009, through June 30, 2011, the tax levied by RCW 82.08.020 does not apply to the sale of machinery and equipment described in (a) of this subsection that are used directly in generating electricity or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment.

(c) Beginning on July 1, 2011, through ((June 30, 2013)) January 1, 2020, the amount of the exemption under this subsection (1) is equal to seventy-five percent of the state and local sales tax paid. The purchaser is eligible for an exemption under this subsection (1)(c) in the form of a remittance.

(2) For purposes of this section and RCW 82.12.962, the following definitions apply:

(a) "Biomass energy" includes: (i) By-products of pulping and wood manufacturing process; (ii) animal waste; (iii) solid organic fuels from wood; (iv) forest or field residues; (v) wooden demolition and equipment; (E) buildings; or (F) building fixtures that do not increase productivity, improve efficiency, or extend the useful life of a building.

(b) "Fuel cell" means an electrochemical reaction that generates electricity by combining atoms of hydrogen and oxygen in the presence of a catalyst.

(c) "Landfill gas" means biomass fuel, of the type qualified for federal tax credits under Title 26 U.S.C. Sec. 29 of the federal internal revenue code, collected from a "landfill" as defined under RCW 70.95.030.

(d)(i) "Machinery and equipment" means fixtures, devices, and support facilities that are integral and necessary to the generation of electricity using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power.

(ii) "Machinery and equipment" does not include: (A) Hand-powered tools; (B) property with a useful life of less than one year; (C) repair parts required to restore machinery and equipment to normal working order; (D) replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment; (E) buildings; or (F) building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building.
(3)(a) Machinery and equipment is "used directly" in generating electricity by wind energy, solar energy, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas power if it provides any part of the process that captures the energy of the wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas, converts that energy to electricity, and stores, transforms, or transmits that electricity for entry into or operation in parallel with electric transmission and distribution systems.

(b) Machinery and equipment is "used directly" in generating electricity by fuel cells if it provides any part of the process that captures the energy of the fuel, converts that energy to electricity, and stores, transforms, or transmits that electricity for entry into or operation in parallel with electric transmission and distribution systems.

(4)(a) A purchaser claiming an exemption in the form of a remittance under subsection (1)(c) of this section must pay the tax imposed by RCW 82.08.020 and all applicable local sales taxes imposed under the authority of chapters 82.14 and 81.104 RCW. The purchaser may then apply to the department for remittance in a form and manner prescribed by the department. A purchaser may not apply for a remittance under this section more frequently than once per quarter. The purchaser must specify the amount of exempted tax claimed and the qualifying purchases for which the exemption is claimed. The purchaser must retain, in adequate detail, records to enable the department to determine whether the purchaser is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(b) The department must determine eligibility under this section based on the information provided by the purchaser, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying purchasers who submitted applications during the previous quarter.

(5) This section expires ((July 1, 2013)) January 1, 2020.

NEW SECTION. Sec. 1503. A new section is added to chapter 82.32 RCW to read as follows:

Every taxpayer claiming an exemption under RCW 82.08.962 or 82.12.962 must file with the department a complete annual survey as required under RCW 82.32.585, except that the taxpayer must file a separate survey for each facility owned or operated in the state of Washington developed with machinery, equipment, services, or labor for which the exemption under part XV of this act is claimed.

NEW SECTION. Sec. 1504. A new section is added to chapter 43.136 RCW to read as follows:

(1) The intent of the tax preference provided in RCW 82.08.962 and 82.12.962 is to promote electricity generation by facilities with generating capacity of not less than one thousand watts, using renewable energy fuel sources in order to improve energy security and decrease greenhouse gas emissions. Encouraging the development of more facilities that generate power from renewable energy has both immediate and long-term value to the state.

(2) As part of the joint legislative audit and review committee's 2019 tax preference reviews conducted under this chapter, the joint legislative audit and review committee must assess the performance of the tax preferences established in RCW 82.08.956 and 82.12.956 with reference to the intent and performance milestones established in this section.

(3) The department of revenue must provide the joint legislative audit and review committee with annual survey information and any other tax data necessary to conduct the review required in subsection (2) of this section. The Washington State University energy program, department of ecology, and other agencies, as requested, must cooperate with the committee by providing information to assist the committee's analysis.

(4) The report is not limited to, but must include, the following information:

(a) Identification of the baseline number of facilities, prior to July 1, 2009, with generating capacity of not less than one thousand watts, using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power.

(b) The number of facilities developed each year by purchasers claiming the preference for machinery, equipment, labor, or other services, and the increase in the number of such facilities, as compared to the baseline established in (a) of this subsection.

(c) The total generating capacity in megawatts and total power production in kilowatt-hours of the facilities reported in (b) of this subsection.

(d) The estimated greenhouse gas emissions avoided as a result of power generation from renewable energy sources by the facilities reported in (b) of this subsection, as estimated from the average fuel mix of electricity generated statewide.

(e) The number of barrels of oil and tons of coal avoided as a result of power generation from renewable energy sources by the facilities reported in (b) of this subsection.

(f) The number of employees and wages and benefits reported by taxpayers claiming the exemption at the facilities reported in (a) of this subsection.

(g) Subject to data availability, analysis of how the wages and benefits reported in (e) of this subsection compare with statewide averages and averages in the county in which the facility is located.

(5) This section expires January 1, 2020.

Sec. 1505. RCW 82.12.962 and 2009 c 469 s 102 are each amended to read as follows:

(1)(a) Except as provided in RCW 82.12.963, consumers who have paid the tax imposed by RCW 82.12.020 on machinery and equipment used directly in generating electricity using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, are eligible for an exemption as provided in this section, but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating not less than one thousand watts of electricity.

(b) Beginning on July 1, 2009, through June 30, 2011, the provisions of this chapter do not apply in respect to the use of machinery and equipment described in (a) of this subsection that are used directly in generating electricity or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment.

(c) Beginning on July 1, 2011, through June 30, 2013, the amount of the exemption under this subsection (1) is equal to seventy-five percent of the state and local sales tax paid. The consumer is eligible for an exemption under this subsection (1)(c) in the form of a remittance.

(2)(a) A person claiming an exemption in the form of a remittance under subsection (1)(c) of this section must pay the tax imposed by RCW 82.12.020 and all applicable local use taxes imposed under the authority of chapters 82.14 and 81.104 RCW. The consumer may then apply to the department for remittance in a form and manner prescribed by the department. A consumer may not apply for a remittance under this section more frequently than once per quarter. The consumer must specify the amount of exempted tax claimed and the qualifying purchases or acquisitions for which the exemption is claimed. The consumer must retain, in
adequate detail, records to enable the department to determine whether the consumer is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(b) The department must determine eligibility under this section based on the information provided by the consumer, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying consumers who submitted applications during the previous quarter.

(3) Purchases exempt under RCW 82.08.962 are also exempt from the tax imposed under RCW 82.12.020.

(4) The definitions in RCW 82.08.962 apply to this section.

(5) This section expires ((June 30, 2013)) January 1, 2020.

PART XVI
Small Solar Extension

NEW SECTION. Sec. 1601. It is the intent of the legislature to help promote energy independence in the state of Washington. The purpose of the tax preference created in part XVI of this act is to incentivize electricity generation from solar energy, reducing the costs of transitioning to solar energy by exempting machinery, equipment, and labor and service charges from the retail sales and use tax to increase affordability for Washington residents. It is also the intent of the legislature to provide this tax preference in a fiscally responsible manner where the actual revenue impact of the legislation substantially conforms with the fiscal estimate provided in the legislation's fiscal note. Therefore, the legislature intends for this tax preference to be temporary so the legislature can assess the actual fiscal impact of the tax preference.

Sec. 1602. RCW 82.08.963 and 2009 c 469 s 104 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of machinery and equipment used directly in generating electricity or producing thermal heat using solar energy, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating not more than ten kilowatts of electricity or producing not more than three million British thermal units per day and provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed by a buyer under this section.

(2) For purposes of this section and RCW 82.12.963:

(a) "Machinery and equipment" means industrial fixtures, devices, and support facilities that are integral and necessary to the generation of electricity or production and use of thermal heat using solar energy;

(b) "Machinery and equipment" does not include: (i) Hand-powered tools; (ii) property with a useful life of less than one year; (iii) repair parts required to restore machinery and equipment to normal working order; (iv) replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment; (v) buildings; or (vi) building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building. ((aad))

(c) Machinery and equipment is "used directly" in generating electricity with solar energy if it provides any part of the process that captures the energy of the sun, converts that energy to electricity, and stores, transforms, or transmits that electricity for entry into or operation in parallel with electric transmission and distribution systems; and

(d) Machinery and equipment is "used directly" in producing thermal heat with solar energy if it uses a solar collector or a solar hot water system that (i) meets the certification standards for solar collectors and solar hot water systems developed by the solar rating and certification corporation; or (ii) is determined by the Washington State University extension whether a solar collector or solar hot water system is an equivalent collector or system.

(3) This section expires June 30, ((2013)) 2018.

Sec. 1603. RCW 82.12.963 and 2009 c 469 s 104 are each amended to read as follows:

(1) The provisions of this chapter do not apply with respect to machinery and equipment used directly in generating not more than ten kilowatts of electricity or producing not more than three million British thermal units per day using solar energy, or to the use of labor and services rendered in respect to installing such machinery and equipment.

(2) The definitions in RCW 82.08.963 apply to this section.

(3) This section expires June 30, ((2013)) 2018.

PART XVII
Tax Preference Transparency and Accountability

NEW SECTION. Sec. 1701. A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) Except as otherwise provided in this section, every new tax preference expires on the first day of the calendar year that is ten years from the effective date of the tax preference. With respect to any new property tax exemption, the exemption does not apply to taxes levied for collection beginning in the calendar year that is subsequent to the calendar year that is ten years from the effective date of the tax preference.

(b) A future amendment that expands a tax preference does not extend the tax preference beyond the period provided in this subsection unless an extension is expressly and unambiguously stated in the amendment.

(2) Subsection (1) of this section does not apply if legislation creating a new tax preference includes an expiration date for the new tax preference.

(3) Subsection (1) of this section does not apply to any existing tax preference that is amended to clarify an ambiguity or correct a technical inconsistency. Future enacted legislation intended to make such clarifications or corrections must explicitly indicate this intent.

(4) For the purposes of this section, the following definitions apply:

(a) "New tax preference" means a tax preference that initially takes effect after August 1, 2013, or a tax preference in effect as of August 1, 2013, that is expanded or extended after August 1, 2013, even if the expanding or extending amendment includes any other change to the tax preference.

(b) "Tax preference" has the same meaning as in RCW 43.136.021 with respect to any state tax administered by the department, except does not include the Washington estate and transfer tax in chapter 83.100 RCW.

(5) The department must provide written notice to the office of the code reviser of a ten-year expiration date required under this section for a new tax preference.

NEW SECTION. Sec. 1702. A new section is added to chapter 82.32 RCW to read as follows:

(1) As provided in this section, every bill enacting a new tax preference must include a tax preference performance statement.

(2) A tax preference performance statement must state the legislative purpose for the new tax preference. The tax preference
performance statement must indicate one or more of the following general categories, by reference to the applicable category specified in this subsection, as the legislative purpose of the new tax preference:

(a) Tax preferences intended to induce certain designated behavior by taxpayers;
(b) Tax preferences intended to improve industry competitiveness;
(c) Tax preferences intended to create or retain jobs;
(d) Tax preferences intended to reduce structural inefficiencies in the tax structure;
(e) Tax preferences intended to provide tax relief for certain businesses or individuals; or
(f) A general purpose not identified in (a) through (e) of this subsection.

(3) In addition to identifying the general legislative purpose of the tax preference under subsection (2) of this section, the tax preference performance statement must provide additional detailed information regarding the legislative purpose of the new tax preference.

(4) A new tax preference performance statement must specify clear, relevant, and ascertainable metrics and data requirements that allow the joint legislative audit and review committee and the legislature to measure the effectiveness of the new tax preference in achieving the purpose designated under subsection (2) of this section.

(5) If the tax preference performance statement for a new tax preference indicates a legislative purpose described in subsection (2)(b) or (c) of this section, any taxpayer claiming the new tax preference must file an annual survey in accordance with RCW 82.32.585.

(6)(a) Taxpayers claiming a new tax preference must report the amount of the tax preference claimed by the taxpayer to the department as otherwise required by statute or determined by the department as part of the taxpayer's regular tax reporting responsibilities. For new tax preferences allowing certain types of gross income of the business to be excluded from business and occupation or public utility taxation, the tax return must explicitly report the amount of the exclusion, regardless of whether it is structured as an exemption or deduction, if the taxpayer is otherwise required to report taxes to the department on a monthly or quarterly basis. For a new sales and use tax exemption, the total sales or use subject to the exemption claimed by the buyer must be reported on an addendum to the buyer's tax return if the buyer is otherwise required to report taxes to the department on a monthly or quarterly basis and the buyer is required to submit an exemption certificate, or similar document, to the seller.

(b) This subsection does not apply to:
(i) Property tax exemptions;
(ii) Tax preferences required by constitutional law;
(iii) Tax preferences for which the tax benefit to the taxpayer is less than one thousand dollars per calendar year; or
(iv) Taxpayers who are annual filers.

c) The department may waive the filing requirements of this subsection for taxpayers who are not required to file electronically any return, report, or survey under this chapter.

(7)(a) Except as otherwise provided in this subsection, the amount claimed by a taxpayer for any new tax preference is subject to public disclosure and is not considered confidential tax information under RCW 82.32.330, if the reporting periods subject to disclosure ended at least twenty-four months prior to the date of disclosure and the taxpayer is required to report the amount of the tax preference claimed by the taxpayer to the department under subsection (6) of this section.

(b) The department may waive the public disclosure requirement under (a) of this subsection (7) for good cause. Good cause may be demonstrated by a reasonable showing of economic harm to a taxpayer if the information specified under this subsection is disclosed. The waiver under this subsection (7)(b)(ii) only applies to the new tax preferences provided in this act.

(ii) The amount of the tax preference claimed by a taxpayer during a calendar year is confidential under RCW 82.32.330 and may not be disclosed under this subsection if the amount for the calendar year is less than ten thousand dollars.

(c) In lieu of the disclosure and waiver requirements under this subsection, the requirements under RCW 82.32.585 apply to any tax preference that requires a survey.

(8) If a new tax preference does not include the information required under subsections (2) through (4) of this section, the joint legislative audit and review committee is not required to perform a tax preference review under chapter 43.136 RCW, and it is legislatively presumed that it is the intent of the legislature to allow the new tax preference to expire upon its scheduled expiration date.

(9) For the purposes of this section, "tax preference" and "new tax preference" have the same meaning as provided in section 1701 of this act.

NEW SECTION. Sec. 1703. A new section is added to chapter 43.136 RCW to read as follows:

(1) The legislative auditor, with the assistance of a task force, must make recommendations on the appropriate data and metrics that should be included in tax preference performance statements to evaluate new tax preferences, as provided under section 1702 of this act.

(2)(a) The task force is comprised of five members: (i) One person from the department of revenue; (ii) one person from an association representing Washington businesses; (iii) one person from the office of financial management; (iv) the legislative auditor or a designee of the legislative auditor; and (v) an economist with substantial experience in state taxes.

(b) The task force must choose its chair from among its membership.

(3) By January 1, 2014, and in compliance with RCW 43.01.036, the legislative auditor must submit a report to the appropriate fiscal committees of the legislature the findings and recommendations of the task force.

Concerning sales for resale by retail licensees of liquor.

MOTION

On motion of Senator Holmquist Newbry, Substitute Senate Bill No. 5644 was substituted for Senate Bill No. 5644 and the substitute bill was placed on the second reading and read the second time.

PARLIAMENTARY INQUIRY

Senator Darneille: “I would like to inquire Mr. President as to how many votes are required to pass this bill as it is quite clearly amending Initiative 1183? Thank you.”

REPLY BY THE PRESIDENT

President Owen: “Senator Darneille, we are on second reading and we have an amendment to deal with and, until we complete the amending process, I will get to your ruling when we get to third reading.”

MOTION

Senator Holmquist Newbry moved that the following striking amendment by Senator Holmquist Newbry and Harper be adopted:

Strike everything after the enacting clause and insert the following:

'Sec. 1. RCW 66.24.055 and 2012 c 2 s 105 (Initiative Measure No. 1183) are each amended to read as follows:

(1) There is a license for spirits distributors to (a) sell spirits purchased from manufacturers, distillers, or suppliers including, without limitation, licensed Washington distilleries, licensed spirits importers, other Washington spirits distributors, or suppliers of foreign spirits located outside of the United States, to spirits retailers including, without limitation, spirits retail licensees, special occasion license holders, interstate common carrier license holders, restaurant spirits retailer license holders, spirits, beer, and wine private club license holders, hotel license holders, sports entertainment facility license holders, and spirits, beer, and wine nightclub license holders, and to other spirits distributors; and (b) export the same from the state.

(2) By January 1, 2012, the board must issue spirits distributor licenses to all applicants who, upon December 8, 2011, have the right to purchase spirits from a spirits manufacturer, spirits distiller, or other spirits supplier for resale in the state, or are agents of such supplier authorized to sell to licensees in the state, unless the board determines that issuance of a license to such applicant is not in the public interest.

(3)(a) As limited by (b) of this subsection and subject to (c) of this subsection, each spirits distributor licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee calculated as follows:

(i) In each of the first (two years) twenty-seven months of licensure, ten percent of the total revenue from all the licensee's sales of spirits made during the (year) month for which the fee is due, respectively; and

(ii) In the (third year) twenty-eighth month of licensure and each (year) month thereafter, five percent of the total revenue from all the licensee's sales of spirits made during the (year) month for which the fee is due, respectively.

(b) The fee required under this subsection (3) is calculated only on sales of items which the licensee was the first spirits distributor in the state to have received:

(i) In the case of spirits manufactured in the state, from the distiller; or

(ii) In the case of spirits manufactured outside the state, from an authorized out-of-state supplier.

(c) By March 31, 2013, all persons holding spirits distributor licenses on or before March 31, 2013, must have paid collectively
one hundred fifty million dollars or more in spirits distributor license fees. If the collective payment through March 31, 2013, totals less than one hundred fifty million dollars, the board must, according to rules adopted by the board for the purpose, collect by May 31, 2013, as additional spirits distributor license fees the difference between one hundred fifty million dollars and the actual receipts, allocated among persons holding spirits distributor licenses at any time on or before March 31, 2013, ratably according to their spirits sales made during calendar year 2012. Any amount by which such payments exceed one hundred fifty million dollars by March 31, 2013, must be credited to future license issuance fee obligations of spirits distributor licensees according to rules adopted by the board.

(d) A retail licensee selling for resale must pay a distributor license fee under the terms and conditions in this section on resales of spirits the licensee has purchased on which no other distributor license fee has been paid. The board must establish rules setting forth the frequency and timing of such payments and reporting of sales dollar volume by the licensee, with payments due quarterly in arrears.

(e) No spirits inventory may be subject to calculation of more than a single spirits distributor license issuance fee.

(4) In addition to the payment set forth in subsection (3) of this section, each spirits distributor licensee renewing its annual license must pay an annual license renewal fee of one thousand three hundred twenty dollars for each licensed location.

(5) There is no minimum facility size or capacity for spirits distributor licenses, and no limit on the number of such licenses issued to qualified applicants. License applicants must provide physical security of the product that is substantially as effective as the physical security of the distribution facilities currently operated by the board with respect to preventing pilferage. License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rules of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing distributor premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits distributor licenses.

NEW SECTION. Sec. 2. The changes made in section 1 of this act apply to spirits distributors licensed on or after January 1, 2012.

NEW SECTION. Sec. 3. A new section is added to chapter 66.24 RCW to read as follows:

(1) Beginning on the effective date of this section, the license issuance fee under RCW 66.24.630(4) does not apply to a spirits retail licensee that was a contract liquor store manager with respect to sales of spirits in original containers from the location of its spirits retail licensed premises to retailers licensed to sell spirits for consumption on the premises for resale at their licensed premises.

(2) Beginning on the effective date of this section, the license issuance fee under RCW 66.24.630(4) does not apply to a spirits retail licensee that was a former state store auction buyer, with respect to sales of spirits in original containers from the location of its spirits retail licensed premises to retailers licensed to sell spirits for consumption on the premises for resale at their licensed premises.

(3) The exemptions created in this section attach to any successor, by purchase or otherwise, to the spirits retail license, except that an exemption does not attach to any such successor that owns, directly or indirectly, any interest in a spirits retail license that is not derived directly from a former contract liquor store manager or a former state store auction buyer.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Senator Eide: “That’s correct. Can I explain the bills that I’ve requested?”

**REPLY BY THE PRESIDENT**

Concerning state general obligation bonds and related accounts.

MOTION

On motion of Senator Honeyford, Substitute Senate Bill No. 5036 was substituted for Senate Bill No. 5036 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Honeyford moved that the following striking amendment by Senators Honeyford and Nelson be adopted:

"NEW SECTION. Sec. 1. For the purpose of providing funds to finance the projects described and authorized by the legislature in the capital and operating appropriations acts for the 2011-2013 and 2013-2015 fiscal biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of two billion thirty-six million dollars, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 2. (1) The proceeds from the sale of bonds authorized in section 1 of this act shall be deposited in the state building construction account created by RCW 43.83.020. The proceeds shall be transferred as follows:
(a) One billion six hundred seventy million six hundred eighty-five thousand dollars to remain in the state building construction account created by RCW 43.83.020;
(b) Twenty-five million five hundred thousand dollars to the outdoor recreation account created by RCW 79A.25.060;
(c) Twenty-five million five hundred thousand dollars to the habitat conservation account created by RCW 79A.15.020;
(d) Eight million five hundred thousand dollars to the riparian protection account created by RCW 79A.15.120;
(e) Five million five hundred thousand dollars to the farmlands preservation account created by RCW 79A.15.130;
(f) Two hundred seventy-nine million five hundred thousand dollars to the state taxable building construction account. All receipts from taxable bond issues are to be deposited into the account. If the state finance committee deems it necessary or advantageous to issue more than the amount specified in this subsection (1)(f) as taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds or in order to reduce the total financing costs for bonds issued, the proceeds of such additional taxable bonds shall be transferred to the state taxable building construction account in lieu of any transfer otherwise provided by this section. If the state finance committee determines that a portion of the amount specified in this subsection (1)(f) as taxable bonds may be
issued as nontaxable bonds in compliance with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, then such bond proceeds shall be transferred to the state building construction account in lieu of the transfer to the state taxable building construction account otherwise provided by this subsection (1)(g). The state treasurer shall submit written notice to the director of financial management if it is determined that any such additional transfer to the state taxable building construction account is necessary. Moneys in the account may be spent only after appropriation.

(2) These proceeds shall be used exclusively for the purposes specified in this section and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this section, and shall be administered by the office of financial management subject to legislative appropriation.

NEW SECTION. Sec. 3. (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in section 2(1) (a) through (f) of this act.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in section 2(1) (a) through (f) of this act.

(3) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of section 2(1) (a) through (f) of this act the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

NEW SECTION. Sec. 4. (1) Bonds issued under sections 1 through 3 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 5. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 1 of this act, and sections 2 and 3 of this act shall not be deemed to provide an exclusive method for the payment.

Sec. 6. RCW 43.99G.162 and 2006 c 167 s 203 are each amended to read as follows:

The proceeds from the sale of the bonds authorized in RCW 43.99G.160 shall be deposited in the Columbia river basin water supply development account created in chapter 6, Laws of 2006. If the state finance committee deems it necessary to issue the bonds authorized in RCW 43.99G.160 as taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, the proceeds of such taxable bonds shall be transferred to the (state taxable building construction) Columbia river basin taxable bond water supply development account in lieu of any deposit otherwise provided by this section. The state treasurer shall submit written notice to the director of financial management if it is determined that any such transfer to the (state taxable building construction) Columbia river basin taxable bond water supply development account is necessary. Moneys in the account may be spent only after appropriation. The proceeds shall be used exclusively for the purposes specified in RCW 43.99G.160 and for the payment of expenses incurred in the issuance and sale of the bonds. These proceeds shall be administered by the office of financial management, subject to legislative appropriation.

NEW SECTION. Sec. 7. Sections 1 through 5 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MOTION

Senator Honeyford moved that the following striking amendment by Senator Honeyford and others be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2015, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2014" or "FY 2014" means the period beginning July 1, 2013, and ending June 30, 2014.

(b) "Fiscal year 2015" or "FY 2015" means the period beginning July 1, 2014, and ending June 30, 2015.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2015-2017 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2013, from the 2011-2013 biennial appropriations for each project.

PART 1

GENERAL GOVERNMENT

NEW SECTION. Sec. 1001. FOR THE JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE

Review of Public Lands (92000002)

The appropriation in this section is subject to the following conditions and limitation: The appropriation is provided solely for a three part study of public recreation and habitat lands. Parts two and three of the study must be conducted under contract with a qualified economist at one of Washington's public universities.

(1) Part one of the study is a review of the operating budget impacts of recreation and habitat land acquisitions by the departments of fish and wildlife, natural resources, and by the state parks and recreation commission over the past ten years. The review must describe the separate acquisitions by each agency, including the location, number of acres, the acquisition price, a general description of the land, the intended use of the land at the time of acquisition, and the source or sources of funding for the acquisition. The report must also identify the current use of the land and whether the current use matches the intended use at the time of acquisition. The study must review and summarize the available literature describing and quantifying the economic benefits and costs of public recreation and habitat lands. The study must evaluate the reliability and validity of measures used by federal and state agencies to estimate the economic benefits of recreation and habitat lands.

(3) Part three of the study is an analysis of differences in public land ownership among Washington's thirty-nine counties. The analysis must report the number of acres and percentage of total acres in each county owned by federal, state, tribal and local governmental agencies by the following categories:

(a) Developed recreation land,
(b) Habitat and passive recreation land,
(c) Timber lands,
(d) Agricultural lands, and

NEW SECTION. Sec. 3022. FOR THE DEPARTMENT OF ECOLOGY

Kittitas Groundwater Study (30000029)

The reappropriation in this section is subject to the following conditions and limitations:

1. Funds may be provided to develop and implement water banking and transfer methods and agreements that are fully protective of senior water rights and that protect domestic groundwater users and improve the profitability of farming operations. The legislature finds such activities to be in the public interest because they can help sustain the viability of the agricultural economy and enhance the certainty of water supplies for domestic groundwater users.

2. Funds may be provided to lease or purchase water rights to create a reserve water supply for domestic groundwater users that have a groundwater right with a priority date later than May 10, 1905, as well as for all out-of-priority groundwater users. In securing water for such domestic groundwater users, strong preference must be given to the use of water banking and transfer methods that provide alternatives to permanent purchase and dry-up of agricultural water rights in the basin, including dry-year options, water banking, long-term water supply lease agreements, long-term agricultural land falling agreements, and reduced consumptive use through efficiency or alternative cropping arrangements while maintaining historic return flows.

3. A portion of the reappropriation may be used for administrative costs, not to exceed four percent, and other costs associated with leasing or acquiring and transferring the water rights. All costs must be fully recovered from participating domestic water users for their prorated portion of the cost, including, but not limited to, the costs of securing a water right or rights for this purpose, costs associated with the development and implementation of alternative agricultural water transfer methods, associated annual operational costs, and federal water service contract costs owed to the United States bureau of reclamation. Funds recovered in this manner must be deposited in the state and local improvements revolving account and may be used for any purpose provided in this section.

The department and the state conservation commission shall give preference in order of priority to projects located in the 16 fish critical basins, other water short basins, and basins with significant water resource and instream flow issues. Projects that are not within basins as described in this subsection are also eligible to receive funding.

(2) Conservation districts statewide are eligible for grants listed in subsection (1) of this section. A conservation district receiving funds shall manage each grant to ensure that a portion of the water saved by the water conservation measure or irrigation efficiency will be placed as a purchase or a lease in the trust water rights program to enhance instream flows. Storm Water Improvements (92000076)
The appropriation in this section is subject to the following conditions and limitations:

(1) $81,081,000 of the appropriation in this section is provided solely for grants to cities and counties to perform project-specific planning, design, and construction of projects that reduce storm water impacts from existing infrastructure and development. The grants are intended to build on and expand a city's or county's storm water program.

(a) In consultation with storm water stakeholders, the department shall develop and implement a competitive grant program by July 1, 2014, that is designed to fund storm water projects and activities that have been proven effective at reducing environmental degradation from storm water.

(b) In order to receive funding, projects must have a high water quality or ecological benefit and address pollution from existing development.

(c) A project that relies on low-impact development retrofit techniques to reduce storm water impacts that is otherwise rated equally to a project that does not rely on low-impact development retrofit techniques must be given priority for grant funding.

(d) Projects required by court or administrative order or for mitigation purposes are not eligible for funding.

(e) Up to $15,000,000 of the appropriation provided in this subsection may be allocated to cities or counties covered by a phase I or II national pollutant discharge elimination system permit for project-specific planning and design activities that prepare projects for application to the competitive grant program to be implemented under subsection (1)(a) of this section. As a condition for funding, cities or counties shall prepare low-impact development retrofit projects for the competitive grant program. Cities or counties may also use project-specific planning and design funds for other projects that have high water quality and ecological benefits that...
address pollution from existing development. The department must provide notice to all cities and counties that are eligible for planning and design grants. The notice of eligibility must also include information on grant requirements so that those who elect to participate understand the requirements for funding.

(2) (a) $150,000 of the appropriation in this section is provided solely to the department to develop an ongoing comprehensive, statewide storm water financial assistance program to be implemented beginning no later than July 1, 2015. The program will provide grants to local governments for the protection and improvement of statewide water quality and to improve watershed functionality by reducing the transport of toxics and other pollutants through storm water runoff, and by reducing uncontrolled runoff flows.

(b) The department must collaborate with storm water stakeholders to develop the funding criteria for the storm water financial assistance program, and include the new statewide storm water financial assistance program into the department's integrated water quality funding cycle process.

(c) The storm water financial assistance program may include, but not be limited to: Funding for retrofit capital improvement projects; low-impact development; research and development components and investments in learning; pass-through funding for local government storm water permit implementation, education, and outreach; prioritized watershed basin retrofit strategies; purchase of pooled equipment for local government use; and preconstruction awards solely for the planning and design of either new storm water facilities or a retrofit of existing storm water facilities.

Replacing State Forest Lands with Productive Forests (91000029)

The reappropriation in this section is subject to the following conditions and limitations:

(1) The total reappropriation is provided solely to the department to transfer from state forest land status to natural resources conservation area status certain state forest lands in counties with a population of 25,000 or less that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The approved list of properties for transfer is identified in the LEAP capital document No. 2011-5A, revised April 10, 2013.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110, in the same manner as valuable material revenues from other state forest lands in the applicable counties. The value of the land transferred must be deposited in the park land trust revolving account and be solely used to buy replacement state forest land within the same county as the property transferred, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and applicable counties shall work in good faith to carry out the intent of this section. However, the department or applicable counties may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide
interest of either the state forest trust or the natural resources conservation area program.

Derelict Vessel Removal and Disposal (91000049)
The appropriations in this section are subject to the following conditions and limitations: The appropriations are provided solely for the expedited removal and disposal of derelict vessels under RCW 79.100.100 and for vessels eligible for the voluntary vessel turn-in program established in chapter 291, Laws of 2013 (Engrossed Substitute House Bill No. 1245).

(1) The department must streamline the process for removing and disposing of derelict vessels in order to expedite the elimination of the backlog of identified derelict vessels. Department staff resources must prioritize their time on the legal process of identifying legal ownership and responsibility and contracting for the removal and disposal of identified derelict vessels. The department must develop and execute contracts for removal and disposal of derelict vessels that:

(a) Ensure proper management of any hazardous wastes;
(b) Expedite the removal of identified derelict vessels; and
(c) Balance costs of removal and disposal after accounting for salvage value with the need to develop contractor capacity to achieve the expedited elimination of the backlog of identified derelict vessels.

(2) The department may expend up to three percent of the appropriations for administration of the project.

(3) The department must submit a progress report each December 1st and May 1st of each year of the biennium. Reappropriation:

Aquatic Land Enhancement Account--State...............$345,000
FOREST AND TIDELANDS APPROPRIATION.

Authorized costs include the actual cost of implementation. The appropriation in this section is subject to the following conditions and limitations:

(1) $300,000 of the appropriation in this section is provided solely for a state trust land inventory evaluation. The inventory evaluation shall determine the acreage of department managed trust lands by asset class, that may be eligible for the trust land transfer program over the next several decades, based on currently available information. The department shall provide an interim report to the legislature by January 31, 2014, on project scope, progress to date, and recommended criteria for the trust land transfer program. The department shall provide a final report by January 1, 2015.

(2) The remaining appropriation is provided solely to the department to transfer from trust status, or enter into fifty year leases for certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2013-3A, developed April 10, 2013.

(3) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2013, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(4) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. No later than September 30, 2013, the department must transfer to the common school construction account the portion of the appropriation in this section that is attributable to receipts from lease payments.

(5) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and shall not exceed one and nine-tenths percent of the appropriation.

(6) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(7) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer and lease agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(8) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(9) $39,232,000 of the appropriation must be deposited in the common school construction account by September 30, 2013. The department shall execute trust land transfers so that after the deduction of reasonable costs as provided in subsection (4) of this section on an aggregate basis eighty percent of the total value of transferred property is timber value or lease payments and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers or transfer properties originally intended as leases.

(10) By June 30, 2015, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

Yakima Basin Integrated Plan Land Purchase (92000018)

The appropriations in this section are subject to the following conditions and limitations:
(1) The appropriations are provided solely for acquisition of the approximately 50,272 acres in the upper Kittitas county known as the Teanaway Property, owned by American Forest Holdings, LLC at the agreed upon purchase price of $97 million plus $2,344,000 closing, and transaction costs, based on prior appraisals of the property. The department must expedite the review and execution of the transaction by September 15, 2013. The land must be held in the community forest trusts under chapter 79.155 RCW to serve the purposes of the community forest trust including the protection of Yakima river basin functioning as authorized in Second Substitute Senate Bill No. 5367. If Second Substitute Senate Bill No. 5367 is not enacted by June 30, 2013, this section is null and void.

(2) The legislature recognizes and declares that the appropriation in this section from the natural resource real property replacement account constitutes a loan from the irreducible principal of the common school trust. The legislature finds that the provisions in Second Substitute Senate Bill No. 5367 regarding purchase review and approval, transitional management plans, and eventual loan repayment or land disposition requirements ensure that the interest of the common school trust beneficiaries are protected.

(3) The department must propose to the board of natural resources a schedule for transfer of trust land inholdings within the land purchase by this appropriation through the trust land transfer program.

2013-2015 School Construction Assistance Program - Maintenance (30000145)
The appropriations in this section are subject to the following conditions and limitations:

(1) $1,340,000 of the common school construction account--state appropriation is provided solely for study and survey grants and for completing inventory and building condition assessments for all public school districts once every six years.

(2) $933,000 of the common school construction account--state appropriation is provided solely for mapping the design of new facilities and remapping the design of facilities to be remodeled, for school construction projects funded through the school construction assistance program.

(3) $250,000 of the common school construction account--state appropriation is provided solely for the superintendent of public instruction to create interagency agreements for the following purposes:

(a) An interagency agreement with The Evergreen State College for a study by the Washington state institute for public policy on the relationship between school design and student performance. The institute must review available research on the relationship between school design and quality of school facilities and student performance. The institute must develop recommendations on how the school construction assistance program can better support state policy objectives to reform and improve public education if the review finds credible research that supports those recommendations. The institute must prepare a report describing the recommendations and their projected costs and benefits. The report must be submitted to the appropriate committees of the legislature by September 1, 2014. The institute must convene an advisory group to assist in the development of these recommendations. The advisory group must include representation from general classroom teachers at various grade levels, teachers of subjects that require specialized facilities such as science laboratories and vocational facilities, school facility managers, school facility designers, and other experts on the relationship between the quality and design of educational facilities, the efficacy of teaching and instruction, and student academic performance. The advisory group must review and consider findings and recommendations in the 2009 joint legislative task force on school construction funding. The recommendations must consider ways to provide financial assistance to develop and improve educational facilities to support at least the following policy objectives:

(i) Greater access and more effective instruction in science, technology, engineering, and math;

(ii) Improved instruction;

(iii) Class size reduction in grades K-3;

(iv) Expanded college and career readiness programs that require specialized facilities like skill centers.

(b) An interagency agreement with the office of financial management to coordinate a review and make recommendations regarding the financing of specialized school facilities such as skill centers. A report to the appropriate committees of the legislature
must be submitted by September 1, 2014. The review and recommendations must include:

(i) Brief overview of current funding mechanisms;
(ii) Options for improving consistency, predictability, and cost-sharing;
(iii) Options for revising the school construction assistance program and/or local levy authority to accommodate skill centers, facilities shared among districts, or other specialized educational program needs;
(iv) A review of siting decision factors; financial incentives; education demands; and recommendations for maximizing the appropriate statewide siting of specialized facilities;
(v) An evaluation of the benefit-cost of skill center expansion to satellite and branch campuses as implemented under RCW 28A.245.030;
(vi) Options for increasing efficiency in the use of high-cost specialized school facilities, such as the shared use of specialized facilities at skill centers and community colleges, and ways to share funding responsibilities between multiple school districts and the state.

(4) The office of the superintendent of public instruction must improve web-based access by taxpayers to school capacity and actual enrollment in order to understand possible opportunities to increase efficiency through consolidation. The office of the superintendent of public instruction must post this capacity and enrollment information on its web site.

(5) Funds from this appropriation may be used to match federal dollars provided by the office of economic adjustment for school replacement facilities located on military bases.

(6) The office of the superintendent of public instruction must expedite allocation and distribution of any eligible funds under the school construction assistance grant program to the Evergreen (Clark County) School District to address the school construction emergency resulting from the fire that destroyed the Crestline School.

(7) The space allocations for state funding assistance purposes for districts with senior or four-year high schools with fewer than four hundred students, as outlined in WAC 392-343-035, must be computed in accordance with the following formula:

The predesign document must include, but not be limited to, program, site, and cost analysis, including life-cycle cost, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis shall be a primary consideration in the selection of a building design. Construction shall proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

**NEW SECTION. Sec. 7005.** (1) To ensure minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee. All projects must meet the criteria included in subsection (2)(a) of this section. Revisions to the lists must be filed with the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee and include an explanation of variances from the prior lists before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects of a similar nature and that are valued between $25,000 and $1,000,000 each, with the exception of higher education minor works projects that may be valued up to $2,000,000. These projects can generally be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed $1,000,000, or $2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock, computers or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.
(3) Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION. Sec. 7006. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 7007. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is subject to the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7008. The office of financial management, in accordance with RCW 28B.77.070 and 43.88D.010, shall include the following in the scoring process: (1) The office of financial management shall develop a single prioritized list that includes all projects requesting funding, with the exception of minor works and predesign requests. Predesigns shall be on a separate prioritized list; (2) the office of financial management shall increase the weighting of the reasonableness of cost criteria; (3) projects shall be scored only once unless the office of financial management, or the requesting school, find that the project scope or budget has significantly changed.

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;
(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;
(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;
(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;
(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;
(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;
(g) The cost of the project compared to the size of the local government and amount of loan money available; 
(h) The number of communities served by or funding the project; 
(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment; 
(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system; 
(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030; 
(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and 
(m) Other criteria that the board considers advisable. 
(5) For the 2013-2015 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:
(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:
(i) Whether the project is critical in nature and would affect the health and safety of many people; 
(ii) The extent to which the project leverages nonstate funds; 
(iii) The extent to which the project is ready to proceed to construction; 
(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment; 
(v) Whether the project promotes the sustainable use of resources and environmental quality; 
(vi) Whether the project consolidates or regionalizes systems; 
(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW; 
(viii) Whether the system is being well-managed in the present and for long-term sustainability; 
(ix) Achieving equitable distribution of funds by geography and population; 
(x) The extent to which the project meets the following state policy objectives: 
(A) Efficient use of state resources; 
(B) Preservation and enhancement of health and safety; 
(C) Abatement of pollution and protection of the environment; 
(D) Creation of new, family wage jobs, and avoidance of shifting existing jobs from one Washington state community to another; 
(E) Fostering economic development consistent with chapter 36.70A RCW; 
(F) Efficiency in delivery of goods and services, public transit, and transportation; 
(G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and 
(H) Reduction of the overall cost of public infrastructure; and 
(xi) Other criteria that the board considers necessary to achieve the purposes of this chapter. 
(b) Before November 1, 2014, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned. 
(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter. 
(((6))) (7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (((4))) (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities. 
(((4))) (8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board. 
(((4))) (9) Subsection (((2))) (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (((4))) (10) of this section. 
(((4))) (10) Loans made for the purpose of capital facilities plans are exempted from subsection (((2))) (2) of this section. 
(((4))) (11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW. 
(((4))) (12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. 
(13) During the 2013-2015 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan. 
(14)(a) For public works assistance account application rounds conducted during the 2013-2015 fiscal biennium, the board must implement policies and procedures designed to maximize local
government use of federally-funded drinking water and clean water state revolving funds operated by the state departments of health and ecology. The board, department of ecology, and department of health must jointly develop evaluation criteria and application procedures that will increase access of eligible drinking water and wastewater projects to the public works assistance account for short-term preconstruction financing and to the federally funded state revolving funds for construction financing. The procedures must also strengthen coordinated funding of preconstruction and construction projects.

(b) For all construction loan projects proposed to the legislature for funding during the 2013-2015 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer’s index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship.

(c) By December 1, 2013, the board must recommend to the appropriate committees of the legislature statutory language to make permanent these new criteria, procedures, and financing policies.

(u) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be transferred to the radioactive mixed waste account.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (c)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (c)(iv) of this subsection. The department must prioritize funding of remedial actions at:
The Department may provide grants to local governments for remedial actions subject to the following limitations:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

c) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to areawide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (c)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(d) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059 of this act.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects the ability of a potentially liable person to receive public funding.

   c) Acquire lands having commercial recreational leasing potential;
   d) Acquire county-owned lands;
   e) Acquire urban property which has greater income potential or which could be more efficiently managed by the department in exchange for state urban lands as defined in RCW 79.19.100; or
   f) Acquire any other lands when such exchange is determined by the board to be in the best interest of the trust for which the state land is held.

2) Land exchanged under this section shall not be used to reduce the publicly owned forest land base.

3) The board shall determine that each land exchange is in the best interest of the trust for which the land is held prior to authorizing the land exchange.

Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the resource management cost account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the forest development account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

3) Prior to executing an exchange under this section, and in addition to the public notice requirements set forth in RCW 79.17.050, the department shall consult with legislative members, other state and federal agencies, local governments, tribes, local stakeholders, conservation groups, and any other interested parties to identify and address cultural resource issues, and the potential of the state lands proposed for exchange to be used for open space, park, school, or critical habitat purposes.

Sec. 7035. RCW 79.17.020 and 2012 2nd sp.s. c 2 s 6007 are each amended to read as follows:

The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(b) During the biennium ending June 30, 2015, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the forest development account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

MOTION

On motion of Senator Honeyford, the rules were suspended. Engrossed Substitute Senate Bill No. 5035 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.
ENGROSSED SUBSTITUTE SENATE BILL NO. 5035, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Hewitt: “Thank you Mr. President. Senator O’Ban, would you stand for a question please? Notice I didn’t ask him. So Senator, this says on the back the back, ‘U. S. Government property, commercial resale is unlawful.’ I’d like to know how you got your hands on these?”

REMARKS BY SENATOR O’BAN

Senator O’Ban: “Mr. President. Do I need to answer the question?”

REPLY BY THE PRESIDENT

President Owen: “Nope.”

REMARKS BY SENATOR O’BAN

Senator O’Ban: “Senator, I purchased these with my own money from JBLM.”

PERSONAL PRIVILEGE

Senator Smith: “I would like to express a sincere appreciation to the Senator from the Twenty-Eighth because now he has at last, provided me with a meal that I can make for myself that I won’t starve to death from. The first that’s actually happened. So thank you.”

PERSONAL PRIVILEGE

Senator Hobbs: “I think it’s well known in this body that I had the worst gift ever, a tee shirt. I’m glad to know that someone has beat me with the worst gift ever. Senator O’Dan Ban O’Ban? Really? MREs? I have nightmares of MREs. The reason why they gave or you bought them. They were available because they don’t like them. I mean, I don’t know what you’re trying to do with the members here. These are known to, well, to have soldiers kind of not go to the bathroom for a long time. I know we have a lot of members here who have a problem going to the bathroom anyway. So, I don’t know what you’re trying to do to them. This is not a very good start of your Senate career but I wish you well. And by the way, I would advise you not to eat these unless you actually have to. They’re like two to three thousand calories but thank you very much and welcome to the Senate.”

PERSONAL PRIVILEGE

Senator Schlicher: “Thank you Mr. President and thank you as always Senator Hargrove, a. k. a., ‘Gimpy’ for your outstanding assistance. Well, my first point is thank you for correcting me but not yet gaveling him down for not asking for permission to turn around given the abuse I received my first few weeks here. I share my colleague’s concerns about the MREs. It’s an interesting gift my friend. Thank you for continuing to make sure I will have patients in the ER, especially the Seattle crowd that will be heading north and trying to drive while consuming these items. Sounds like a hazardous and distracting idea. In all seriousness, welcome to the Senate. Welcome to the front row where they seem to stick all of the newbies here and look forward seeing you next year but, thank God, not tomorrow.”

REMARKS BY THE PRESIDENT

President Owen: “The President thinks we should take a vote on whether Senator O’Ban’s or Senator Hobbs’ gift was the worst. I’m still thinking Hobbs has it beat myself.”

PERSONAL PRIVILEGE

Senator Hobbs: “That is correct, you can trade these.”

Senator O’Ban: “So it’s not necessary for the members of the body to consume this all in one setting or at all.”

Senator Hobbs: “That is true, you can actually take parts of it and make field recipes, you can too.”

Senator O’Ban: “That’s right. So I would just urge members if they don’t want to share in the experiences of the men and women who are serving our country so ably so sacrificially. If this is too good for them, they can always trade the food.”

PERSONAL PRIVILEGE

Senator Roach: “Actually I learned one time when I was at the Yakima firing range and we had MREs that they have, are you ready for this? They have fifty-five hundred calories a piece in them. So I want to thank the Senator from the Twenty-eighth for actually not one meal but five.”

MESSAGE FROM THE SECRETARY OF STATE

May 23, 2013

The Honorable Brad Owen
Lieutenant Governor of Washington
Legislative Building
Olympia, Washington 98504

Dear Lieutenant Governor Owen:

I respectfully transmit for your consideration Engrossed Substitute Senate Bill No. 5024 which has been partially vetoed by the Governor, along with his objection to the bill, as required by Article III, section 12, of the Washington State Constitution.

IN TESTIMONY WHEREOF, I have signed and affixed the Seal of the state of Washington, this 23rd day of May, 2013.

KIM WYMAN, Secretary of State

MESSAGE FROM THE GOVERNOR

PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 5024

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903; page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1), Engrossed Substitute Senate Bill 5024 entitled:

“AN ACT Relating to transportation funding and appropriations.”

This proviso requires the traffic safety prosecutor program to be moved from the Washington State Patrol to the Washington Association of Prosecuting Attorneys. Before making this change, a thorough analysis of the advantages and disadvantages should be done. For this reason, I have vetoed Section 201(3) and instructed the Washington Traffic Safety Commission to investigate this proposal.

Section 209(10), page 20, Department of Transportation, Annual Independent Audits
The Fiscal Year 2013 annual independent audit of State Route 520 is currently under way and will be completed in Fiscal Year 2014. This proviso would require the audit to be completed through an interagency agreement between the Department of Transportation and Office of Financial Management. This change would duplicate work and delay completion of the audit required in the State Route 520 master bond resolution. For these reasons, I have vetoed Section 209(10).

**Section 216(5), page 26, Department of Transportation, Guide Signs to the City of Kenmore and Other Destinations**
Traffic control signing, including guide signs to destinations, should be done in a cooperative manner between the Department of Transportation and the requestor to ensure that safety and motorist needs are met. State and federal regulations and policy are in place to guide this process. This proviso, therefore, is unnecessary. For this reason, I have vetoed Section 216(5) and directed the Department to work with the City of Kenmore to resolve their traffic control signing issues.

**Section 218(2), page 29-30, Department of Transportation, Study on Restricting Use of Steel on Guardrail Posts**
Section 218(2) directs the Department of Transportation to contract with an independent research organization to study wood guardrails; however, no funding is provided for the study. Moreover, the Department evaluated the use of wood guardrails as recently as 2009 and is currently conducting a study concerning guardrail materials. For these reasons, I have vetoed Section 218(2).

**Section 306(7), pages 41-42, Interstate 5/Columbia River Crossing**
Section 306(7) directs the expenditure of $81 million, including federal funds, for the Columbia River Crossing project. I see no wisdom in expending these funds if the state of Washington does not contribute adequate funding necessary to complete the project. This section would result in the expenditure of $81 million to no result. If there are no other funds appropriated, the bridge project cannot move forward because federal funding will disappear. In addition, this section would prohibit expenditure of federal funding that is necessary to build the bridge. If the Coast Guard permit is not issued, there is no need for the waste of $81 million.

**Section 306(22), page 47, Department of Transportation, Report on Public or Private Entity Mitigation**
Section 306(22) requires the Department of Transportation to report to the chairs of the Senate and House transportation committees whenever it is in negotiations to provide a public or private entity mitigation for $10 million or more. While I support the interest in transparency and accountability when negotiating public funds, non-disclosure agreements may require the Department to maintain confidentiality during certain negotiations. Therefore, I have vetoed Section 306(22) and directed the Department to develop a process to report on mitigation agreements exceeding $10 million.

**Section 313(4), page 57, Department of Transportation, Quarterly Reporting Requirements**
This proviso requires the Department of Transportation to report quarterly on change order details that include the name of the contractor, dollar value of the change order, and explanation of the change order. No funding was provided for either the system or human resource efforts this would require given that there is no dollar threshold for reporting change orders. For this reason, I have vetoed Section 313(4).

**Section 313(5), page 57, Department of Transportation, Quarterly Reporting Requirements**
This proviso requires the Department of Transportation to report quarterly on all mitigation payments, including the party with whom the mitigation was negotiated, as well as the parties with whom the Department is in ongoing negotiations. No funding was provided for either the system or human resource efforts this would require given that there is no dollar threshold for reporting mitigation payments. For this reason, I have vetoed Section 313(5).

**Section 602, page 74, Department of Transportation, Transitioning Passenger Vehicles to DES Motor Pool**
This section directs the Department of Transportation to begin transitioning its passenger vehicles to the Department of Enterprise Services motor pool and prohibits the purchase of new passenger vehicles with appropriations in this act by programs headquartered in Thurston County. However, it is not clear whether the Department of Transportation’s specialty service trucks are passenger vehicles as defined in RCW 46.04.382. I believe these vehicles, such as light trucks used by maintenance workers, should remain with the Department of Transportation. For this reason, I have vetoed Section 602 and directed the Department of Transportation to work with the Department of Enterprise Services to transition its vehicles to the motor pool where practicable and where efficiencies can be created.

**Section 903, page 139, lines 23-25, and Section 903(1), page 140, Transportation Partnership Account-State Appropriation, Improvements Program**
Due to unforeseen changes in the timing of expenditures for highway improvement projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately $30 million in expenditure authority in the highway improvement program. The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget’s original Transportation Partnership Account-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 903, page 139, lines 23-25, and Section 903(1).

**Section 904, page 151, lines 7-9, and Section 904(1), page 151, Transportation Partnership Account-State Appropriation, Preservation Program**
Due to unforeseen changes in the timing of expenditures for highway preservation projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately $23 million in expenditure authority in the highway preservation program. The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget’s original Transportation Partnership Account-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 904, page 151, lines 7-9, and Section 904(1).

**Section 906, page 154, lines 8-10, and Section 906(1), page 154, Transportation 2003 Account (Nickel Account)-State Appropriation**
Appropriation, Washington State Ferries Construction Program
Due to unforeseen changes in the timing of expenditures for ferry capital construction projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately $7 million in expenditure authority in the ferry capital program.

The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget’s original Transportation 2003 Account (Nickel Account)-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 906, page 154, lines 8-10, and Section 906(1).

For these reasons I have vetoed Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903, page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1) of Engrossed Substitute Senate Bill 5024.

With the exception of Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903, page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1), Engrossed Substitute Senate Bill 5024 is approved.

Respectfully submitted,

MESSAGE FROM THE SECRETARY OF STATE
July 1, 2013

The Honorable Brad Owen
Lieutenant Governor of Washington

Olympia, Washington 98504

Dear Lieutenant Governor Owen:
We respectfully transmit for your consideration Engrossed Substitute Senate Bill No. 5946 and Third Engrossed Substitute Senate Bill No. 5034 which have been partially vetoed by the Governor along with his objection to the bills, as required by Article III, section 12, of the Washington State Constitution.

IN TESTIMONY WHEREOF, I have signed and affixed the Seal of the state of Washington, this 1st day of July, 2013.

KIM WYMAN, Secretary of State

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON THIRD ENGROSSED SUBSTITUTE SENATE BILL 5034

June 30, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:
I am returning herewith, without my approval as to Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8), Third Engrossed Substitute Senate Bill 5034 entitled:

“AN ACT Relating to fiscal matters.”

Section 103(10), page 6, Joint Legislative Audit and Review Committee, Study of State Agency Performance Indicators and Performance Measurement Process
This proviso directs the Joint Legislative Audit and Review Committee to study the effectiveness of state agency performance indicators and performance measurement processes established in Chapter 43.88 RCW, the state Budget and Accounting Act. My administration is already conducting a thorough and rigorous review of state agency performance indicators and measurements through our Results Washington initiative. I appreciate the Legislature’s interest in performance management, but this review would be unnecessarily duplicative. For these reasons, I have vetoed Section 103(10).

Section 103(11), page 6, Joint Legislative Audit and Review Committee, Study of Electricity Cost Impacts from Renewable Energy Standards
This proviso directs the Joint Legislative Audit and Review Committee to assess the cost impacts of the state’s renewable electricity standards without also evaluating the economic and environmental benefits of renewable energy. The study is unnecessary, as there are cost controls built into the standards. In addition, improvements to the Energy Independence Act will also be considered through the ongoing efforts of the Climate Legislative and Executive Workgroup created in Chapter 6, Laws 2013 (E2SSB 5802). For these reasons, I have vetoed Section 103(11).

Section 114(3), page 9, Administrator for the Courts, Office of Chief Information Officer Approval of Judicial Technology Expenditures
This proviso requires the Administrative Office of the Courts (AOC) to work with the Office of the Chief Information Officer (OCIO) to analyze the feasibility of moving judicial branch information technology equipment into the state data center. AOC is willing to undertake this analysis, in conjunction with the OCIO, as requested. However, the proviso also prohibits AOC from expending funds appropriated for an information network hub project and computer equipment replacement unless approved by the OCIO. This limitation on AOC’s appropriation authority is not necessary given AOC’s commitment to work cooperatively with the OCIO. I am willing to revisit this issue, however, should the necessary analysis not proceed in a timely and efficient manner. For this reason, I have vetoed Section 114(3).

Sections 124(2), 124(3), 124(4), 124(5), pages 16-17, State Auditor, Audit and Evaluation Requests
The State Auditor’s is requested by the Legislature to conduct various audits and evaluations on actuarial functions, managed care systems, federal compliance and fraud activity, and inmate intake and reception processes. The budget reduces the State Auditor’s ability to conduct performance audits by diverting nearly $10 million from the Performance Audits of Government Account to funds to other activities, including $5.6 million of funding for the Joint Legislative Audit and Review Committee (JLARC). Initiative 900 created the Performance Audits of Government Account to fund comprehensive performance audits independently chosen by the State Auditor. Therefore, the State
Auditor should select the audits he will perform within his limited funds. Legislatively directed audits should be performed by JLARC. For these reasons, I have vetoed Sections 124(2), 124(3), 124(4), 125(5).

Section 130(5), page 28, Office of Financial Management, One-Stop Portal Monitoring
This proviso requires the Office of the Chief Information Officer to submit a plan to establish performance benchmarks and measuring results of implementing a one-stop integrated system for business interactions with government. A similar reporting requirement is contained in Substitute Senate Bill 5718, which passed the Legislature, making this proviso unnecessary. For this reason, I have vetoed Section 130(5).

Section 148(4), page 36, Department of Enterprise Services, Building Code Council Aspirational Codes
This proviso prohibits the State Building Code Council from working on aspirational codes, which are voluntary codes that offer builders options to demonstrate new energy efficiency measures that are economically and technically feasible. Energy efficiency is the cheapest, quickest, and cleanest way to meet rising energy needs, confront climate change, and boost our economy. Therefore, I believe the Building Code Council should continue this work for the benefit of our state’s taxpayers. For this reason, I have vetoed Section 148(4). Moreover, while I have not vetoed subsection (3) of this section, the proviso attempts to amend substantive law through the budget by “modifying” the Council’s statutory authority and by restricting member compensation as allowed under RCW 19.27.070. Therefore, this improper proviso does not restrict the appropriation authority or activities of the Building Code Council.

Section 150, page 37, lines 33-36 and page 38, lines 1-7, Department of Archaeology and Historic Preservation, Agency Survey and Inventory Processes
The Department of Archaeology and Historic Preservation is directed to report to the Legislature by December 1, 2013, and a second report by December 1, 2014, regarding the agency’s survey and inventory processes. No funding was provided to compile the necessary data, which is not readily available to the Department, to complete these reports. For this reason, I have vetoed Section 150, page 37, lines 33-36 and page 38, lines 1-7. However, I am directing the Department to work with interested stakeholders to provide useful and available information about the survey and inventory processes within existing resources.

Section 205(1)(e), page 61, Department of Social and Health Services, Rate Disparity Report
The Department of Social and Health Services is directed to report to the Legislature by December 31, 2013, with a strategy to reduce the rate disparity between urban and suburban residential service providers. No funding was provided to the Department and it does not currently collect the data necessary to complete the report. For this reason I have vetoed Section 205(1)(e).

Section 208(7), page 73, Department of Social and Health Services, Chemical Dependency Treatment Study
This proviso requires the Department of Social and Health Services to contract with the Washington State Institute for Public Policy (WSIPP) to study the long-term efficacy of the chemical dependency treatment program. Under Chapter 338, Laws of 2013 (2SSB 5732), WSIPP will develop an inventory of evidence-based and research-based prevention and intervention services for the Department to use in preparing a behavioral health improvement strategy. Additionally, no funding is provided to the Department to contract for this study. For these reasons, I have vetoed Section 208(7).

Section 213(35), page 88, Health Care Authority, Rebates for Brand Name Drugs
This proviso requires the Health Care Authority to purchase brand name drugs when it determines the cost of the brand name drug after rebate is less than the cost of generic alternatives and that the purchase of the brand rather than generic version can save at least $250,000. The state has made a concerted effort to reduce pharmaceutical drug costs through increasing generic drug use when clinically appropriate. This requirement is administratively burdensome to implement and will likely result in increased costs rather than savings. For these reasons I have vetoed Section 213(35).

Section 213(36), page 88, Health Care Authority, Preferred Drug List Exclusions
This proviso prohibits the Health Care Authority from including specific drugs in the Medicaid preferred drug list for the fee-for-service population. This proviso is in direct conflict with the state’s goal of ensuring that our expenditures on services, devices, and medications provide the greatest health benefit for employees and clients. Excluding classes of drugs from evidence-based medicine is inconsistent with improving health care quality and reducing costs. For this reason I have vetoed Section 213(36).

Section 217(5), page 96, Department of Labor and Industries; Section 219(25), page 105, Department of Health; Section 302(8), pages 119-120, Department of Ecology; Formal Review Process Existing Rules
These provisos require the Department of Labor and Industries, Health, and Ecology to establish and perform a formal review process of its existing rules within existing funds. These reporting requirement is included in SSB 5679, which passed the Legislature, making these provisos unnecessary. For this reason, I have vetoed Sections 217(5), 219(25), and 302(8).

Section 307(15), pages 126-127, Department of Fish and Wildlife; Payments in Lieu of Taxes Methodology
The Department of Fish and Wildlife is directed to develop and submit a revised payment methodology for certain counties that receive payments in lieu of taxes (PILT) for game lands managed by the Department. The revised methodology is directed to provide supplemental payments to these counties. I believe a comprehensive review of PILT for game lands should be conducted without any predetermined outcome. Therefore, I am directing the Department of Revenue to work with the Department of Fish and Wildlife and the Office of Financial Management to examine the current PILT methodologies, as well as methodologies used by other states and the federal government, to develop by December 1, 2013, options and recommendations to revise the PILT program. For this reason, I have vetoed Section 307(15).

Section 501(1)(a)(v), page 136, Superintendent of Public Instruction
This proviso requires the Office of the Superintendent of Public Instruction to review career and technical education and skill center formulas by October 1, 2013. The due date does not provide enough time for staff to accomplish the task. The Superintendent has expressed a commitment to completing the
Section 610(1), page 190, The Evergreen State College, Extraordinary Foster Care Cost Study
This proviso directs the Washington State Institute for Public Policy to examine the extraordinary costs of individual foster care children to identify whether the cost of placements is consistent across similarly acute children. The Children’s Administration of the Department of Social and Health Services routinely evaluates high cost placements and services but must make decisions based on the unique needs of each child. A study is not necessary at this time. For this reason, I have vetoed Section 610(1).

Section 610(2), page 190, The Evergreen State College, Safety Assessment Tool Study
This proviso directs the Washington State Institute for Public Policy to conduct an empirical study of the validity and reliability of the safety assessment tool used by the Children’s Administration of the Department of Social and Health Services. The Department is currently evaluating the assessment tool as it implements the family assessment response system required by Chapter 259, Laws 2012 (ESSB 6555). A study at this time would be premature when the Department has not yet determined whether the assessment tool will continue to be used, modified or maintained. For this reason, I have vetoed Section 610(2).

Section 610(8), page 191-192, The Evergreen State College, K-12 Funding Task Force
This proviso establishes an eleven member task force on K-12 funding, to be staffed by the Washington State Institute for Public Policy. The task force is to examine and provide options on the following topics: salary allocation methodologies, career and technical education, and the appropriate use of state and local property taxes to finance public schools. Within the past three years, legislatively authorized working groups have conducted thorough reviews of compensation, career and technical education, and use of local levies. Another task force is duplicative of proposals from recent workgroups. For this reason, I have vetoed Section 610(8).

For these reasons I have vetoed Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8) of Third Engrossed Substitute Senate Bill 5034.

With the exception of Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8), Third Engrossed Substitute Senate Bill 5034 is approved.

 messagE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 5946

June 30, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 304 and 515, Engrossed Substitute Senate Bill 5946 entitled:

“AN ACT Relating to strengthening student educational outcomes.”

This legislation includes reforms to improve student achievement, which includes strategies to address early elementary school literacy, strengthening the learning assistance programs, reforming the approach to long-term student suspensions, and clarifications regarding the alternative learning experience program.

Section 304 is an intent section that discusses various experiences of schools and students, and is not necessary to interpret or implement the substantive provisions of the bill. For this reason, I have vetoed section 304.

Section 515 requires the Office of Financial Management by November 1, 2013, to complete a study, in consultation with various stakeholders, to create a proposal for efficiently and sustainably funding alternative learning experience courses and to recommend steps to increase the focus of educational outcomes. Given the short timeline for completion, the Office would need to contract for the work, and no funding was provided to the Office to conduct the study. For these reasons, I have vetoed section 515.

For these reasons I have vetoed Sections 304 and 515 of Engrossed Substitute Senate Bill 5946.

With the exception of Sections 304 and 515, Engrossed Substitute Senate Bill 5946 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE SECRETARY OF STATE

July 2, 2013

The Honorable Brad Owen
Lieutenant Governor of Washington
Legislative Building
Olympia, Washington 98504

Dear Lieutenant Governor Owen:

We respectfully transmit for your consideration Engrossed Substitute Senate Bill No. 5035 which has been partially vetoed by the Governor, along with his objection to the bill, as required by Article III, section 12, of the Washington State Constitution.

IN TESTIMONY WHEREOF, I have signed and affixed the Seal of the state of Washington, this 2nd day of July, 2013.

KIM WYMAN, Secretary of State

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 5035

June 30, 2013
To the Honorable President and Members,  
The Senate of the State of Washington  

Ladies and Gentlemen:  

I am returning herewith, without my approval as to Section 5020(3), Engrossed Substitute Senate Bill 5035 entitled:  

"AN ACT Relating to the capital budget."  

Section 5020(3), pages 166-168, Superintendent of Public Instruction, 2013-15 School Construction Assistance Program – Maintenance  

This proviso directs the Superintendent of Public Instruction to create an interagency agreement with The Evergreen State College for a study by the Washington State Institute of Public Policy. The purpose of the study is to analyze the relationship between school design and student performance and to develop recommendations for the school construction assistance program. The institute is further directed to create an advisory group to assist in the development of these recommendations. I believe this study is overly broad and an unnecessary expense. The current system of evaluating school construction projects adequately addresses school capital needs. Moreover, the 2013-2015 capital budget fully funds the state’s school construction assistance program.

For this reason, I have vetoed Section 5020(3) of Engrossed Substitute Senate Bill 5035.

With the exception of Section 5020(3), Engrossed Substitute Senate Bill 5035 is approved.

Respectfully submitted,  
Jay Inslee, Governor

**PARLIAMENTARY INQUIRY**

Senator Roach: “Well, Mr. President, when we start the legislative session in January I believe it’s true that there is an opportunity for people to sign onto bills for about forty-eight hours that very first day. Is that how that works? Then subsequent days it’s a twenty-four hour basis.”

**REPLY BY THE PRESIDENT**

President Owen: “I don’t know if that’s exactly, it’s up to the discretion of the senate how long they are going to allow a person to sign onto the bill.”

**POINT OF ORDER**

Senator Roach: “Well, I guess one thing that I wanted to point out is there are just a few people on this bill and I’d certainly would like to have had the opportunity to sign on to it. We get calls. Some of us were not in because, we are here today but there was no floor action yesterday and so forth and I’d like to be a part of this. What I think is a part of history for Washington State. Maybe the majority of you who have not had the opportunity to sign on might also like to be sponsors of this piece of legislation. I would certainly like to ask the President to rule on this. This is a special session. It is a special time and I believe many of my colleagues would also like to join me in being sponsors of this historic legislation. Mr. President.”

The President declared the question before the Senate to be the final passage of Senate Bill No. 5953.

**REMARKS BY THE PRESIDENT**

President Owen: “Senator Roach, you did not raise a question or a challenge so the President is moving forward with the vote.”

**POINT OF ORDER**

Senator Roach: “I would like to have a response about that: Whether or not it’s possible. I’d like to move to suspend Rule 56 so that we allow members of the senate, the body, to sign onto this bill as being sponsors and that would be both Senate Bill No. 5953 and Senate Bill No. 5952.”

**REPLY BY THE PRESIDENT**

President Owen: “Senator Roach, you stated the wrong rule but we’ll take care of that.”

The President declared the question before the Senate to be the motion Senator Roach that the rules be suspended and members be allowed to sign onto legislation before the Senate existing time restrictions notwithstanding.

The motion by Senator Roach carried, the rules were suspended, and members were allowed to sign onto legislation before the Senate existing time restrictions notwithstanding by voice vote.

**ROLL CALL**

The Secretary called the roll on the final passage of Senate Bill No. 5953 and the bill passed the Senate by the following vote: Yea, 44; Nays, 0; Absent, 0; Excused, 5.

Excused: Senators Hewitt, Kohl-Welles, Ranker, Schlicher and Shin

SENATE BILL NO. 5953, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

**REMARKS BY THE PRESIDENT**

President Owen: “For the members information I’ve spoken with Senator Roach and we have kind of an agreement here that, please, if you want to sign onto these bills, we’re going to have a sheet up here for you to sign onto. Do it within the next half hour because we can’t send this bill over to the House until we have your signatures. So, we’re going to keep it open for a short period of time and then shut it down and then send the bill over. And, please, do both bills at the same time so that we can get them moving.”

**SECOND READING**

SENATE BILL NO. 5952, by Senators Hill, Fain, Ericksen, Tom, Fraser, Eide, King, Hatfield and Hobbs

Incentivizing a long-term commitment to maintain and grow jobs in the aerospace industry in Washington state by extending the expiration date of aerospace tax preferences and expanding the sales and use tax exemption for the construction of new facilities used to manufacture superefficient airplanes to include the construction of new facilities used to manufacture commercial airplanes or the wings or fuselage of commercial airplanes.

**MOTION**

On motion of Senator Hargrove, Substitute Senate Bill No. 5952 was substituted for Senate Bill No. 5952 and the substitute bill was placed on the second reading and read the second time.

**MOTION**

Senator Hargrove moved that the following striking amendment by Senators Hargrove and Hill be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) The legislature finds that the people of Washington have benefited enormously from the presence of the aerospace industry in Washington state. The legislature further finds that the industry continues to provide good wages and benefits for the thousands of engineers, mechanics, and support staff
working directly in the industry throughout the state. The legislature further finds that suppliers and vendors that support the aerospace industry in turn provide a range of well-paying jobs. In 2003, and again in 2006, and 2007, the legislature determined it was in the public interest to encourage the continued presence of the aerospace industry through the provision of tax incentives. To this end, and in recognition of the continuing extreme importance of the aerospace industry in Washington, it is the legislature's intent to reaffirm and build upon prior aerospace tax incentive legislation in a fiscally prudent manner.

(2) The legislature categorizes the tax preferences extended in this act as intended to create or retain jobs, as indicated in RCW 82.32.808(2)(c).

(3) It is the legislature's specific public policy objective to maintain and grow Washington's aerospace industry workforce. To help achieve this public policy objective, it is the legislature's intent to conditionally extend aerospace industry tax preferences until July 1, 2040, in recognition of intent by the state's aerospace industry sector to maintain and grow its workforce within the state.

(4) The joint legislative audit and review committee must review the tax preferences provided in this act and report to the legislature by December 1, 2019, and every five years thereafter. As part of its tax preference reviews, the committee must specifically assess changes in aerospace industry employment in Washington in comparison with other states and internationally. To the extent practicable, the committee must use occupational data statistics provided by the bureau of labor statistics and state agencies responsible for administering unemployment insurance to perform this assessment.

NEW SECTION. Sec. 2. A new section is added to chapter 82.32 RCW to read as follows:

(1) Chapter ..., Laws of 2013 3rd sp. sess. (this act) takes effect contingent upon the siting of a significant commercial airplane manufacturing program in the state of Washington. If a significant commercial airplane manufacturing program is not sited in the state of Washington by June 30, 2017, chapter ..., Laws of 2013 3rd sp. sess. (this act) does not take effect.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Commercial airplane" has the same meaning provided in RCW 82.32.550.

(b) "New model, or any version or variant of an existing model, of a commercial airplane" means a commercial airplane manufactured with a carbon fiber composite fuselage or carbon fiber composite wings or both.

(c) "Significant commercial airplane manufacturing program" means an airplane program in which the following products, including final assembly, will commence manufacture at a new or existing location within Washington state on or after the effective date of this section:

(d) "Siting" means a final decision, made on or after November 1, 2013, by a manufacturer to locate a significant commercial airplane manufacturing program in Washington state.

(3) The department must make a determination regarding whether the contingency in subsection (1) of this section occurs and must provide written notice of the date on which such contingency occurs and chapter .... Laws of 2013 3rd sp. sess. (this act) takes effect. If the department determines that the contingency in subsection (1) of this section has not occurred by June 30, 2017, the department must provide written notice stating that chapter .... PERSONAL PRIVILEGE

Senator Benton: ‘Thank you Mr. President. There has been a lot of praises here on the floor today. Praises for the Legislature. Praises for Boeing. Praises for the Governor. But I couldn’t let this weekend pass or this event pass without praising those who made this all possible here today. The reason we are here, the reason the Senate is here, the reason we have the House of Representatives, we reason we even have an elected governor is because of our veterans and the sacrifices those veterans have made. As you know from previous speeches I have given here, I come from a family of veterans and I just want to remind everybody that sixty-nine years ago there was a letter handed out to every soldier, sailor and airman and it started out like this: ‘Soldiers, sailmen and airmen of the Allied Expeditionary Force, today we embark on the great crusade.’ The letter went on to explain on how important it was to defeat the Nazi war machine and it closed with this statement: ‘The hopes and prayers of liberty loving people everywhere go with you.’ And it was signed by the Allied Commander General Dwight D. Eisenhower. Sixty-eight years ago on this very day, the Nazi concentration camp of Buchenwald was liberated. November 9, 1944, sixty-nine years ago on this very day General Patton’s Third Army crossed the river and threatened the first city in France to be liberated. And forty-three years ago, the bloodiest battle of the Vietnam War was fought, the Battle of Dak To, where American soldiers were victorious. Let us not lose sight of these sacrifices that have been made. I call your attention to the most recent Washington citizen that has given their life for their great country: Specialist Robert Ellis from Kennewick, Washington, who sacrificed his life on June 18 of this year in Afghanistan. Veterans everywhere in this country and today, because I’m in Washington, veterans of Washington need to be specially
remembered for the sacrifices that they make. Those who give their lives and those who are fortunate to return from conflict to protect this great county and this incredible institution that we call democracy. Without them, there would be no democracy anywhere in the world. We have been the shining light for the world. And so, today, I am proud to stand and say, I’m sorry I couldn’t be at the Veterans Day parade in Vancouver where my Boy Scout Troop are proudly marching today to honor the those veterans. I’m sorry boys I can’t be with you but I’ll see you tomorrow and I’ll see you at the events that we have planned for Monday. But let’s all say thank you this weekend to all of our veterans that have given, and to their families who have sacrificed, so that they can give. Thank you. Thank you veterans. Thank you Mr. President.”

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 5024

May 20, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903; page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1), Engrossed Substitute Senate Bill 5024 entitled:

“AN ACT Relating to transportation funding and appropriations.”

This proviso requires the traffic safety prosecutor program to be moved from the Washington State Patrol to the Washington Association of Prosecuting Attorneys. Before making this change, a thorough analysis of the advantages and disadvantages should be done. For this reason, I have vetoed Section 201(3) and instructed the Washington Traffic Safety Commission to investigate this proposal.

Section 209(10), page 20, Department of Transportation, Annual Independent Audits
The Fiscal Year 2013 annual independent audit of State Route 520 is currently under way and will be completed in Fiscal Year 2014. This proviso would require the audit to be completed through an interagency agreement between the Department of Transportation and Office of Financial Management. This change would duplicate work and delay completion of the audit required in the State Route 520 master bond resolution. For these reasons, I have vetoed Section 209(10).

Section 216(5), page 26, Department of Transportation, Guide Signs to the City of Kenmore and Other Destinations
Traffic control signing, including guide signs to destinations, should be done in a cooperative manner between the Department of Transportation and the requestor to ensure that safety and motorist needs are met. State and federal regulations and policy are in place to guide this process. This proviso, therefore, is unnecessary. For this reason, I have vetoed Section 216(5) and directed the Department to work with the City of Kenmore to resolve their traffic control signing issues.

Section 218(2), page 29-30, Department of Transportation, Study on Restricting Use of Steel on Guardrail Posts
Section 218(2) directs the Department of Transportation to contract with an independent research organization to study wood guardrails; however, no funding is provided for the study. Moreover, the Department evaluated the use of wood guardrails as recently as 2009 and is currently conducting a study concerning guardrail materials. For these reasons, I have vetoed Section 218(2).

Section 306(7), pages 41-42, Interstate 5/Columbia River Crossing
Section 306(7) directs the expenditure of $81 million, including federal funds, for the Columbia River Crossing project. I see no wisdom in expending these funds if the state of Washington does not contribute adequate funding necessary to complete the project. This section would result in the expenditure of $81 million to no result. If there are no other funds appropriated, the bridge project cannot move forward because federal funding will disappear. In addition, this section would prohibit expenditure of federal funding that is necessary to build the bridge. If the Coast Guard permit is not issued, there is no need for the waste of $81 million.

Section 306(22), page 47, Department of Transportation, Report on Public or Private Entity Mitigation
Section 306(22) requires the Department of Transportation to report to the chairs of the Senate and House transportation committees whenever it is in negotiations to provide a public or private entity mitigation for $10 million or more. While I support the interest in transparency and accountability when negotiating public funds, non-disclosure agreements may require the Department to maintain confidentiality during certain negotiations. Therefore, I have vetoed Section 306(22) and directed the Department to develop a process to report on mitigation agreements exceeding $10 million.

Section 313(4), page 57, Department of Transportation, Quarterly Reporting Requirements
This proviso requires the Department of Transportation to report quarterly on change order details that include the name of the contractor, dollar value of the change order, and explanation of the change order. No funding was provided for either the system or human resource efforts this would require given that there is no dollar threshold for reporting change orders. For this reason, I have vetoed Section 313(4).

Section 313(5), page 57, Department of Transportation, Quarterly Reporting Requirements
This proviso requires the Department of Transportation to report quarterly on all mitigation payments, including the party with whom the mitigation was negotiated, as well as the parties with whom the Department is in ongoing negotiations. No funding was provided for either the system or human resource efforts this would require given that there is no dollar threshold for reporting mitigation payments. For this reason, I have vetoed Section 313(5).

Section 602, page 74, Department of Transportation, Transitioning Passenger Vehicles to DES Motor Pool
This section directs the Department of Transportation to begin transitioning its passenger vehicles to the Department of Enterprise Services motor pool and prohibits the purchase of new passenger vehicles with appropriations in this act by programs headquartered in Thurston County. However, it is not clear whether the Department of Transportation’s specialty service trucks are passenger vehicles as defined in RCW 46.64.382. I believe these vehicles, such as light trucks used by maintenance workers, should remain with the Department of Transportation. For this reason, I have vetoed Section 602 and directed the Department of Transportation to work with the Department of Enterprise Services to transition its vehicles to the motor pool where practicable and where efficiencies can be created.

Section 903, page 139, lines 23-25, and Section 903(1), page 140, Transportation Partnership Account-State Appropriation, Improvements Program
Due to unforeseen changes in the timing of expenditures for highway improvement projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately $30 million in expenditure authority in the highway improvement program. The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget’s original Transportation Partnership Account-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 903, page 139, lines 23-25, and Section 903(1).

Section 904, page 151, lines 7-9, and Section 904(1), page 151, Transportation Partnership Account-State Appropriation, Preservation Program
Due to unforeseen changes in the timing of expenditures for highway preservation projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately $23 million in expenditure authority in the highway preservation program. The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget’s original Transportation Partnership Account-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 904, page 151, lines 7-9, and Section 904(1).

Section 906, page 154, lines 8-10, and Section 906(1), page 154, Transportation 2003 Account (Nickel Account)-State Appropriation, Washington State Ferries Construction Program
Due to unforeseen changes in the timing of expenditures for ferry capital construction projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately $7 million in expenditure authority in the ferry capital program.

The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget’s original Transportation 2003 Account (Nickel Account)-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 906, page 154, lines 8-10, and Section 906(1).

For these reasons I have vetoed Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903, page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1) of Engrossed Substitute Senate Bill 5024.

With the exception of Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903, page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1), Engrossed Substitute Senate Bill 5024 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 5946

June 30, 2013

To the Honorable President and Members,
The Senate of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 304 and 515, Engrossed Substitute Senate Bill 5946 entitled:

“AN ACT Relating to strengthening student educational outcomes.”

This legislation includes reforms to improve student achievement, which includes strategies to address early elementary school literacy, strengthening the learning assistance programs, reforming the approach to long-term student suspensions, and clarifications regarding the alternative learning experience program.

Section 304 is an intent section that discusses various experiences of schools and students, and is not necessary to interpret or implement the substantive provisions of the bill. For this reason, I have vetoed section 304.

Section 515 requires the Office of Financial Management by November 1, 2013, to complete a study, in consultation with various stakeholders, to create a proposal for efficiently and sustainably funding alternative learning experience courses and to recommend steps to increase the focus of educational outcomes. Given the short timeline for completion, the Office would need to contract for the work, and no funding was provided to the Office to conduct the study. For these reasons, I have vetoed section 515.

For these reasons I have vetoed Sections 304 and 515 of Engrossed Substitute Senate Bill 5946.

With the exception of Sections 304 and 515, Engrossed Substitute Senate Bill 5946 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON THIRD ENGROSSED SUBSTITUTE SENATE BILL 5034

June 30, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8), Third Engrossed Substitute Senate Bill 5034 entitled:

“AN ACT Relating to fiscal matters.”

Section 103(10), page 6, Joint Legislative Audit and Review Committee, Study of State Agency Performance Indicators and Performance Measurement Process
This proviso directs the Joint Legislative Audit and Review Committee to study the effectiveness of state agency performance indicators and performance measurement processes established in Chapter 43.88 RCW, the state Budget and Accounting Act. My administration is already conducting a thorough and rigorous review of state agency performance indicators and measurements through our Results Washington initiative. I appreciate the Legislature’s interest in performance management, but this review would be unnecessarily duplicative. For these reasons, I have vetoed Section 103(10).

Section 103(11), page 6, Joint Legislative Audit and Review Committee, Study of Electricity Cost Impacts from Renewable Energy Standards
This proviso directs the Joint Legislative Audit and Review Committee to assess the cost impacts of the state’s renewable electricity standards without also evaluating the economic and environmental benefits of renewable energy. The study is unnecessary, as there are cost controls built into the standards. In addition, improvements to the Energy Independence Act will also be considered through the ongoing efforts of the Climate Legislative and Executive Workgroup created in Chapter 6, Laws 2013 (E2SSB 5802). For these reasons, I have vetoed Section 103(11).

Section 114(3), page 9, Administrator for the Courts, Office of Chief Information Officer Approval of Judicial Technology Expenditures
This proviso requires the Administrative Office of the Courts (AOC) to work with the Office of the Chief Information Officer (OCIO) to analyze the feasibility of moving judicial branch information technology equipment into the state data center. AOC is
willing to undertake this analysis, in conjunction with the OCIO, as requested. However, the proviso also prohibits AOC from expending funds appropriated for an information network hub project and computer equipment replacement unless approved by the OCIO. This limitation on AOC’s appropriation authority is not necessary given AOC’s commitment to work cooperatively with the OCIO. I am willing to revisit this issue, however, should the necessary analysis not proceed in a timely and efficient manner. For this reason, I have vetoed Section 114(3).

Sections 124(2), 124(3), 124(4), 124(5), pages 16-17, State Auditor, Audit and Evaluation Requests
The State Auditor’s is requested by the Legislature to conduct various audits and evaluations on actuarial functions, managed care systems, federal compliance and fraud activity, and inmate intake and reception processes. The budget reduces the State Auditor’s ability to conduct performance audits by diverting nearly $10 million from the Performance Audits of Government Account to funds to other activities, including $5.6 million of funding for the Joint Legislative Audit and Review Committee (JLARC). Initiative 900 created the Performance Audits of Government Account to fund comprehensive performance audits independently chosen by the State Auditor. Therefore, the State Auditor should select the audits he will perform within his limited funds. Legislatively directed audits should be performed by JLARC. For these reasons, I have vetoed Sections 124(2), 124(3), 124(4), 125(5).

Section 130(5), page 28, Office of Financial Management, One-Stop Portal Monitoring
This proviso requires the Office of the Chief Information Officer to submit a plan to establish performance benchmarks and measuring results of implementing a one-stop integrated system for business interactions with government. A similar reporting requirement is contained in Substitute Senate Bill 5718, which passed the Legislature, making this proviso unnecessary. For this reason, I have vetoed Section 130(5).

Section 148(4), page 36, Department of Enterprise Services, Building Code Council Aspirational Codes
This proviso prohibits the State Building Code Council from working on aspirational codes, which are voluntary codes that offer builders options to demonstrate new energy efficiency measures that are economically and technically feasible. Energy efficiency is the cheapest, quickest, and cleanest way to meet rising energy needs, confront climate change, and boost our economy. Therefore, I believe the Building Code Council should continue this work for the benefit of our state’s taxpayers. For this reason, I have vetoed Section 148(4). Moreover, while I have not vetoed subsection (3) of this section, the proviso attempts to amend substantive law through the budget by “modifying” the Council’s statutory authority and by restricting member compensation as allowed under RCW 19.27.070. Therefore, this improper proviso does not restrict the appropriation authority or activities of the Building Code Council.

Section 150, page 37, lines 33-36 and page 38, lines 1-7, Department of Archaeology and Historic Preservation, Agency Survey and Inventory Processes
The Department of Archaeology and Historic Preservation is directed to report to the Legislature by December 1, 2013, and a second report by December 1, 2014, regarding the agency’s survey and inventory processes. No funding was provided to compile the necessary data, which is not readily available to the Department, to complete these reports. For this reason, I have vetoed Section 150, page 37, lines 33-36 and page 38, lines 1-7. However, I am directing the Department to work with interested stakeholders to provide useful and available information about the survey and inventory processes within existing resources.

Section 205(1)(e), page 61, Department of Social and Health Services, Rate Disparity Report
The Department of Social and Health Services is directed to report to the Legislature by December 31, 2013, with a strategy to reduce the rate disparity between urban and suburban residential service providers. No funding was provided to the Department and it does not currently collect the data necessary to complete the report. For this reason I have vetoed Section 205(1)(e).

Section 208(7), page 73, Department of Social and Health Services, Chemical Dependency Treatment Study
This proviso requires the Department of Social and Health Services to contract with the Washington State Institute for Public Policy (WSIPP) to study the long-term efficacy of the chemical dependency treatment program. Under Chapter 338, Laws of 2013 (2SSB 5732), WSIPP will develop an inventory of evidence-based and research-based prevention and intervention services for the Department to use in preparing a behavioral health improvement strategy. Additionally, no funding is provided to the Department to contract for this study. For these reasons, I have vetoed Section 208(7).

Section 213(35), page 88, Health Care Authority, Rebates for Brand Name Drugs
This proviso requires the Health Care Authority to purchase brand name drugs when it determines the cost of the brand name drug after rebate is less than the cost of generic alternatives and that the purchase of the brand rather than generic version can save at least $250,000. The state has made a concerted effort to reduce pharmaceutical drug costs through increasing generic drug use when clinically appropriate. This requirement is administratively burdensome to implement and will likely result in increased costs rather than savings. For these reasons I have vetoed Section 213(35).

Section 213(36), page 88, Health Care Authority, Preferred Drug List Exclusions
This proviso prohibits the Health Care Authority from including specific drugs in the Medicaid preferred drug list for the fee-for-service population. This proviso is in direct conflict with the state’s goal of ensuring that our expenditures on services, devices, and medications provide the greatest health benefit for employees and clients. Excluding classes of drugs from evidence-based medicine is inconsistent with improving health care quality and reducing costs. For this reason I have vetoed Section 213(36).

Section 217(5), page 96, Department of Labor and Industries; Section 219(25), page 105, Department of Health; Section 302(8), pages 119-120, Department of Ecology; Formal Review Process Existing Rules
These provisos require the Department of Labor and Industries, Health, and Ecology to establish and perform a formal review process of its existing rules within existing funds. A similar reporting requirement is included in SSB 5679, which passed the Legislature, making these provisos unnecessary. For this reason, I have vetoed Sections 217(5), 219(25), and 302(8).

Section 307(15), pages 126-127, Department of Fish and Wildlife; Payments in Lieu of Taxes Methodology
The Department of Fish and Wildlife is directed to develop and submit a revised payment methodology for certain counties that receive payments in lieu of taxes (PILT) for game lands managed by the Department. The revised methodology is directed to provide supplemental payments to these counties. I believe a comprehensive review of PILT for game lands should be conducted without any predetermined outcome. Therefore, I am directing the Department of Revenue to work with the Department of Fish and Wildlife and the Office of Financial Management to examine the current PILT methodologies, as well as methodologies used by other states and the federal government, to develop by December 1, 2013, options and recommendations to revise the PILT program. For this reason, I have vetoed Section 307(15).

Section 501(1)(a)(v), page 136, Superintendent of Public Instruction
This proviso requires the Office of the Superintendent of Public Instruction to review career and technical education and skill center formulas by October 1, 2013. The due date does not provide enough time for staff to accomplish the task. The Superintendent has expressed a commitment to completing the review by June 1, 2014. For these reasons, I have vetoed Section 501(1)(a)(v).

Section 610(1), page 190, The Evergreen State College, Extraordinary Foster Care Cost Study
This proviso directs the Washington State Institute for Public Policy to examine the extraordinary costs of individual foster care children to identify whether the cost of placements is consistent across similarly acute children. The Children’s Administration of the Department of Social and Health Services routinely evaluates high cost placements and services but must make decisions based on the unique needs of each child. A study is not necessary at this time. For this reason, I have vetoed Section 610(1).

Section 610(2), page 190, The Evergreen State College, Safety Assessment Tool Study
This proviso directs the Washington State Institute for Public Policy to conduct an empirical study of the validity and reliability of the safety assessment tool used by the Children’s Administration of the Department of Social and Health Services. The Department is currently evaluating the assessment tool as it implements the family assessment response system required by Chapter 259, Laws 2012 (ESSB 6555). A study at this time would be premature when the Department has not yet determined whether the assessment tool will continue to be used, modified or maintained. For this reason, I have vetoed Section 610(2).

Section 610(8), page 191-192, The Evergreen State College, K-12 Funding Task Force
This proviso establishes an eleven member task force on K-12 funding, to be staffed by the Washington State Institute for Public Policy. The task force is to examine and provide options on the following topics: salary allocation methodologies, career and technical education, and the appropriate use of state and local property taxes to finance public schools. Within the past three years, legislatively authorized working groups have conducted thorough reviews of compensation, career and technical education, and use of local levies. Another task force is duplicative of proposals from recent workgroups. For this reason, I have vetoed Section 610(8).

For these reasons I have vetoed Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8) of Third Engrossed Substitute Senate Bill 5034.

With the exception of Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8), Third Engrossed Substitute Senate Bill 5034 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 5035
July 1, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5020(3), Engrossed Substitute Senate Bill 5035 entitled:

“AN ACT Relating to the capital budget.”

Section 5020(3), pages 166-168, Superintendent of Public Instruction, 2013-15 School Construction Assistance Program – Maintenance

This proviso directs the Superintendent of Public Instruction to create an interagency agreement with The Evergreen State College for a study by the Washington State Institute of Public Policy. The purpose of the study is to analyze the relationship between school design and student performance and to develop recommendations for the school construction assistance program. The institute is further directed to create an advisory group to assist in the development of these recommendations. I believe this study is overly broad and an unnecessary expense. The current system of evaluating school construction projects adequately addresses school capital needs. Moreover, the 2013-2015 capital budget fully funds the state’s school construction assistance program.

For this reason, I have vetoed Section 5020(3) of Engrossed Substitute Senate Bill 5035.

With the exception of Section 5020(3), Engrossed Substitute Senate Bill 5035 is approved.

Respectfully submitted,
Jay Inslee, Governor
