(3) During the 2013-2015 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle:

(a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(4) The department shall work with the cities of Lynnwood and Edmonds to provide traffic light synchronization on state route number 524.

(5)(a) Upon receipt of funding from the city of Kenmore, the department shall erect guide signs along Interstate 5, Interstate 405, and state route number 522 directing travelers to Bastyr University and Kenmore International Air Harbor.

(b) Within existing resources, and only if the department is replacing existing signs, the department shall erect:

(i) Guide signs on Interstate 405 northbound and southbound that include the city of Kenmore; and
(ii) Overhead signs on Interstate 5 northbound and southbound that include the city of Kenmore.

(6) The department, in consultation with the Washington state patrol, must continue a pilot program for the state patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2013-2015 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2013-2015 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (6) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic safety camera infraction notice issued, along with instructions for its completion and use.

(7) $102,000 of the motor vehicle account—state appropriation is provided solely to replace or rehabilitate critical equipment needed to perform traffic control. These funds may not be used to purchase passenger cars as defined in RCW 46.04.382.
The appropriations in this section are subject to the following conditions and limitations:

(1) Within available resources, the department must collaborate with the affected metropolitan planning organizations, regional transportation planning organizations, transit agencies, and private transportation providers to develop a plan to reduce vehicle demand, increase public transportation options, and reduce vehicle miles traveled on corridors affected by growth at Joint Base Lewis-McChord.

(2) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of these distributions.

(a) The study must include the following objectives:

(i) Examine wood posts that are randomly selected, are representative of commonly found posts in service, and are of sufficient sampling size to produce a statistically valid data set;

(ii) Assess the residual flexural properties of guardrail posts after twenty years in service at various sites representing the climatic and soil variability of the state;

(iii) Measure test results against AASHTO standards;

(iv) Determine residual preservative levels in wood posts in terms of retention and penetration in order to determine the role of treatment quality on performance following test procedures outlined in American wood protection association standards;

(v) Examine the levels of decay in the guardrail posts, in terms of location of pockets and the presence of viable decay fungi, through culturing;

(vi) Investigate the effects of decay on flexural properties of guardrail posts;

(vii) Determine an acceptable level or number of nonstandard posts (i.e. posts with decay pockets that cause post strength to fall below AASHTO standards) that can be present in a guardrail run without compromising performance; and

(viii) Conduct thorough data search or identify case studies, or both, on service life of wood guardrail posts. Durability test results should also be factored in when evaluating service life.

(b) The study must be submitted to the office of financial management and the transportation committees of the legislature by January 1, 2015.

Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C) or the I-405 Renton to Bellevue project.

(13)(a) The SR 520 Bridge Replacement and HOV project (0BI1003) is supported over time from multiple sources, including a $300,000,000 TIFIA loan, $819,524,625 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) The state route number 520 corridor account--state appropriation includes up to $668,142,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(c) The state route number 520 corridor account--federal appropriation includes up to $300,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(d) $153,124,000 of the transportation partnership account--state appropriation, $300,000,000 of the state route number 520 corridor account--federal appropriation, and $737,205,000 of the state route number 520 corridor account--state appropriation are provided solely for the SR 520 Bridge Replacement and HOV project (0BI1003). Of the amounts appropriated in this subsection (13)(d), $105,085,000 of the state route number 520 corridor account--federal appropriation and $227,415,000 of the state route number 520 corridor account--state appropriation must be put into unallotted status and are subject to review by the office of financial management. The director of the office of financial management shall consult with the joint transportation committee prior to making a decision to allot these funds.

(e) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(14) $1,100,000 of the motor vehicle account--federal appropriation is provided solely for the 31st Ave SW Overpass Widening and Improvement project (L1100048).

(15) $22,602,000 of the motor vehicle account--state appropriation is provided solely to advance the design, preliminary engineering, and rights-of-way acquisition for the priority projects identified in LEAP Transportation Document 2013-3 as developed April 23, 2013. Funds must be used to advance the emergent, initial development of these projects for the purpose of expediting delivery of the associated major investments when funding for such investments becomes available. Funding may be reallocated between projects to maximize the accomplishment of design and preliminary engineering work and rights-of-way acquisition, provided that all projects are addressed. It is the intent of the
interests of the entire state of Washington. During the 2013-2015 fiscal biennium must be representative of the negotiations to provide a public or private entity mitigation for ten transportation committee whenever the department is in policy that existed before December 2009.

(16) If a planned roundabout in the vicinity of state route number 526 and 84th Street SW would divert commercial traffic onto neighborhood streets, the department may not proceed with improvements at state route number 526 and 84th Street SW until the traffic impacts in the vicinity of state route number 526 and 40th Avenue West are addressed.

(17) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2015, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(18) The legislature finds that "right-sizing" is a lean, metric-based approach to determining project investments. This concept entails compromise between project cost and design, incorporating local community needs, desired outcomes, and available funding. Furthermore, the legislature finds that the concepts and principles the department has utilized in the safety analyst program have been effective tools to prioritize projects and reduce project costs. Therefore, the department shall establish a pilot project on the SR 3/Belfair Bypass - New Alignment (300344C) to begin implementing the concept of "right-sizing" in the highway construction program.

(19) For urban corridors that are all or partially within a metropolitan planning organization boundary, for which the department has not initiated environmental review, and that require an environmental impact statement, at least one alternative must be consistent with the goals set out in RCW 47.01.440.

(20) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2014 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(21) $28,963,000 of the motor vehicle account--state appropriation is provided solely for improvement program support activities (095901X). $18,000,000 of this amount must be held in unallotted status until the office of financial management certifies that the department's 2014 supplemental budget request conforms to the terms of subsection (20) of this section.

(22) The department shall report to the chairs of the senate transportation committee and the house of representatives transportation committee whenever the department is in negotiations to provide a public or private entity mitigation for ten million dollars or more.

(23) Any new advisory group that the department convenes during the 2013-2015 fiscal biennium must be representative of the interests of the entire state of Washington.

The department shall begin to transition from owning a fleet of passenger vehicles in Thurston county to using the state motor pool. The funding appropriated in this act may not be used by programs headquartered in Thurston county to purchase passenger cars as defined in RCW 46.04.382.

NEW SECTION. Sec. 603. FUND TRANSFERS

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in the LEAP list titled 2013-1 as developed April 23, 2013, which consists of a list of specific projects by fund source and amount over a ten-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a ten-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. However, this section does not apply to the I-5/Columbia River Crossing project (400506A). For the 2011-2013 and 2013-2015 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2014 supplemental omnibus transportation appropriations act, any unexpended 2011-2013 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session; and

(g) Transfers between projects may be made, without the approval of the director of the office of financial management, by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chairs of the house of representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) The office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

IMPLEMENTING PROVISIONS

NEW SECTION. Sec. 601. STAFFING LEVELS

(1) As the department of transportation completes delivery of the projects funded by the 2003 and 2005 transportation revenue packages, it is clear that the current staffing levels necessary to deliver these projects are not sustainable into the future. Therefore, the department is directed to quickly move forward to develop and implement new business practices so that a smaller, more nimble state workforce can effectively and efficiently deliver transportation improvement programs as they are approved in the future, in strong partnership with the private sector, while protecting the public’s interests and assets.

(2) To this end, the department of transportation is directed to reduce the size of its engineering and technical workforce to a level sustained by current law revenue levels currently estimated at two thousand FTEs by the end of the 2013-2015 fiscal biennium. The department shall submit a report on the progress made in 2011-2013 by July 1, 2013.

(3) In order to successfully deliver the highway construction program as funded, the department of transportation may continue to contract out engineering and technical services. In addition, the department may continue the incentive program for retirements and employee separations.
The plan must include:

- A prioritized list of all facilities that are planned to be constructed, renovated, or remodeled in the next ten years, including each facility's purpose and use, and the funding source indicating the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW.
- An inventory of all currently owned and leased buildings, including tunnel and bridge operation or maintenance facilities, and traffic management centers as provided by the state's facilities inventory process prescribed by the office of financial management.
- A prioritized list of all facilities that are planned to be constructed, renovated, or remodeled in the next ten years, including each facility's purpose and use, and the funding source indicating whether the funding that is assumed for the facility improvements is project or operational funding.
- A list of department-owned property that can be declared surplus property.

Except as provided otherwise in this act, the department of transportation may not enter into new leases, equal value exchanges, or property transactions, including land acquisitions, except for right-of-way purchases for projects on the legislative project lists, without first consulting with the office of financial management.

NEW SECTION. Sec. 604. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS

(1) The agency in subsection (2) of this section may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated in and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW.

(c) A prioritized list of all facilities that are planned to be constructed, renovated, or remodeled in the next ten years, including each facility’s purpose and use, and the funding source indicating whether the funding that is assumed for the facility improvements is project or operational funding;

(d) A list of options for consolidating staff, equipment, and operational activities to reduce costs with an emphasis on consolidating facilities from leased facilities into state-owned facilities. New locations for a permanent state program or activity, unless a life-cycle cost analysis supports leasing in lieu of ownership or funds are not available for construction, should be state-owned facilities;

(e) A department-wide coordinated process and plan for regularly evaluating facility needs, which includes all facilities in the inventory under (a) of this subsection; and

(f) A list of department-owned property that can be declared surplus property.

NEW SECTION. Sec. 606. FOR THE DEPARTMENT OF TRANSPORTATION

As part of its 2014 supplemental budget submittal, the department shall provide a report to the legislature and the office of financial management that:

(1) Identifies, by capital project, the amount of state funding that has been reappropriated from the 2011-2013 fiscal biennium into the 2013-2015 fiscal biennium; and

NEW SECTION. Sec. 608. VOLUNTARY RETIREMENT AND SEPARATION INCENTIVES

As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may implement a voluntary retirement and/or separation program that is cost neutral or results in cost savings, including costs to the state pension systems, over a two-year period following the commencement of the program, provided that the program is approved by the director of financial management. Agencies participating in this authorization may offer voluntary retirement and/or separation incentives and options according to procedures and guidelines established by the office of financial management, in consultation with the office of the state human resources director and the department of retirement systems. The options may include, but are not limited to, financial incentives for voluntary separation or retirement. An employee does not have any contractual right to a financial incentive offered pursuant to this section. Offers must be reviewed and monitored jointly by the office of the state human resources director and the department of retirement systems. Agencies must submit a report by June 30, 2015, to the legislature and the office of financial management on the outcome of their approved incentive program. The report should include information on the details of the program, including the incentive payment amount for each participant, the total cost to the state, and the projected or actual net dollar savings over the two-year period.

(6) A company or its agents operating a toll facility under chapter 47.46 RCW or other applicable authority requiring the names, addresses, and vehicle information of motor vehicle registered owners to identify toll violators.

Where both a mailing address and residence address are recorded on the vehicle record and are different, only the mailing
address will be disclosed. Both addresses will be disclosed in response to requests for disclosure from courts, law enforcement agencies, or government entities with enforcement, investigative, or taxing authority and only for use in the normal course of conducting their business.

If a list of registered and legal owners of motor vehicles is used for any purpose other than that authorized in this section, the manufacturer, governmental agency, commercial parking company, authorized agent, contractor, financial institution, toll facility operator, or their authorized agents or contractors responsible for the unauthorized disclosure or use will be denied further access to such information by the department of licensing.

Sec. 703. RCW 46.18.060 and 2012 c 65 s 6 are each amended to read as follows:

(1) The department must review and either approve or reject special license plate applications submitted by sponsoring organizations.

During this period of time, the department is prohibited from accepting, reviewing, processing, or approving any applications. Additionally, a special license plate may not be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the former special license plate review board before February 15, 2005.

(4) The limitations under subsection (3) of this section do not apply to the following special license plates:
   (a) 4-H license plates created under RCW 46.18.200;

Thereafter, the preservation rating information requirement shall increase in five percent increments in subsequent biennia, but in no case shall it exceed eighty percent. The rating system used by cities and towns must be based upon the Washington state pavement rating method or an equivalent standard approved by the department of transportation. Beginning January 1, 2007, the preservation rating information shall be submitted to the department.

(2) Cities and towns are exempt from the requirement to report preservation rating information to the department or the transportation commission through the 2013-2015 fiscal biennium.

Sec. 705. RCW 46.68.170 and 2011 c 367 s 715 are each amended to read as follows:

There is hereby created in the motor vehicle fund the RV account. All moneys hereafter deposited in said account shall be used by the department of transportation for the construction, maintenance, and operation of recreational vehicle sanitary disposal systems at safety rest areas in accordance with the department's highway system plan as prescribed in chapter 47.06 RCW. During the (2009-2011 and) 2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the RV account to the motor vehicle fund such amounts as reflect the excess fund balance of the RV account to accomplish the purposes identified in this section.

During the 2013-2015 fiscal biennium, members of the freight advisory committee group created as a standing committee of the board may be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

Sec. 708. RCW 47.29.170 and 2011 c 367 s 701 are each amended to read as follows:

Before accepting any unsolicited project proposals, the commission must adopt rules to facilitate the acceptance, review, evaluation, and selection of unsolicited project proposals. These rules must include the following:

(1) Provisions that specify unsolicited proposals must meet predetermined criteria;

(2) Provisions governing procedures for the cessation of negotiations and consideration;

(3) Provisions outlining that unsolicited proposals are subject to a two-step process that begins with concept proposals and would only advance to the second step, which are fully detailed proposals, if the commission so directed;

(4) Provisions that require concept proposals to include at least the following information: Proposers' qualifications and experience; description of the proposed project and impact; proposed project financing; and known public benefits and opposition; and

occupancy vehicle lane users.

amended to read as follows:

Sec. 709.  RCW 47.56.403 and 2011 c 367 s 709 are each

(1) The department may provide for the establishment,
construction, and operation of a pilot project of high occupancy
toll lanes on state route 167 high occupancy vehicle lanes within King
county.  The department may issue, buy, and redeem bonds, and
deposit and expend them; secure and remit financial and other
assistance in the construction of high occupancy toll lanes, carry
insurance, and handle any other matters pertaining to the high
occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as
follows:

(a) The schedule of toll charges for high occupancy toll lanes
must be established by the transportation commission and collected
in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and
vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the
state route 167 high occupancy toll lane pilot project.  The
department must automatically adjust the toll charge, using dynamic
tolling, to ensure that toll-paying single-occupant vehicle users are
only permitted to enter the lane to the extent that average vehicle
speeds in the lane remain above forty-five miles per hour at least
ninety percent of the time during peak hours.  The toll charge may
vary in amount by time of day, level of traffic congestion within the
highway facility, vehicle occupancy, or other criteria, as the
commission may deem appropriate.  The commission may also
vary toll charges for single-occupant inherently low-emission
vehicles such as those powered by electric batteries, natural gas,
propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to
determine if the toll charges are effectively maintaining travel time,
speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high
occupancy toll lane pilot project and shall annually report to the
transportation commission and the legislature on operations and
findings.  At a minimum, the department shall provide facility use
data and review the impacts on:

(a) Freeway efficiency and safety;

(b) Effectiveness for transit;

(c) Person and vehicle movements by mode;

(d) Ability to finance improvements and transportation services
through tolls; and

(e) The impacts on all highway users.  The department shall
analyze aggregate use data and conduct, as needed, separate surveys
to assess usage of the facility in relation to geographic,
socioeconomic, and demographic information within the corridor in
order to ascertain actual and perceived questions of equitable use of
the facility.

(4) The department shall modify the pilot project to address
identified safety issues and mitigate negative impacts to high
occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the
state route 167 high occupancy toll pilot project expires if either of
the following two conditions apply:

(a) If no contracts have been let by the department to begin
construction of the toll facilities associated with this pilot project
within four years of July 24, 2005; or

(b) If high occupancy vehicle tolls are being collected on June

(6) The department of transportation shall adopt rules that allow
automatic vehicle identification transponders used for electronic toll
collection to be compatible with other electronic payment devices or
transponders from the Washington state ferry system, other public
transportation systems, or other toll collection systems to the extent
that technology permits.

(7) The conversion of a single existing high occupancy
vehicle lane to a high occupancy toll lane as proposed for SR-167
must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high
occupancy toll lanes established under this section is a traffic
infraction.

(9) Procurement activity associated with this pilot project shall
be open and competitive in accordance with chapter 39.29 RCW.

Sec. 710.  RCW 47.56.876 and 2011 c 367 s 720 are each
amended to read as follows:

(((4)) A special account to be known as the state route number
520 civil penalties account is created in the state treasury.  All state
route number 520 bridge replacement and HOV program civil
penalties generated from the nonpayment of tolls on the state route
number 520 corridor must be deposited into the account, as provided
under RCW 47.56.870(4)(b)(vii).  Moneys in the account may be
spent only after appropriation.  Expenditures from the account may
be used to fund any project within the state route number 520 bridge
replacement and HOV program, including mitigation.  During the
2011-2013 and 2013-2015 fiscal (biennium) biennia, the
legislature may transfer from the state route number 520 civil
penalties account to the state route number 520 corridor account
such amounts as reflect the excess fund balance of the state route
number 520 civil penalties account.  Funds transferred must be
used solely for capital expenditures for the state route number 520
bridge replacement and HOV project (8BI1003).

((2) This section is contingent on the enactment by June 30,
2010, of either chapter 249, Laws of 2010 or chapter . . . (Substitute
House Bill No. 2897), Laws of 2010, but if the enacted bill does not
designate the department as the toll penalty adjudicating agency,
this section is null and void.))

Sec. 711.  RCW 46.63.170 and 2012 c 85 s 3 and 2012 c 83 s 7
are each reenacted and amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of
notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an
analysis of the locations within the jurisdiction where automated
traffic safety cameras are proposed to be located:  (i) Before
enacting an ordinance allowing for the initial use of automated
traffic safety cameras; and (ii) before adding additional cameras or
relocating any existing camera to a new location within the
jurisdiction.  Automated traffic safety cameras may be used to
detect one or more of the following:  Stoplight, railroad crossing, or
school speed zone violations.  At a minimum, the local ordinance
must contain the restrictions described in this section and provisions
for public notice and signage.  Cities and counties using automated
traffic safety cameras before July 24, 2005, are subject to the
restrictions described in this section, but are not required to enact an
authorizing ordinance. Beginning one year after June 7, 2012,
cities and counties using automated traffic safety cameras must post
an annual report of the number of traffic accidents that occurred at
each location where an automated traffic safety camera is located as
well as the number of notices of infraction issued for each camera
and any other relevant information about the automated traffic
safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) During the 2011-2013 and 2013-2015 fiscal ((biennium)) biennia, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4) of this act if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 35.30.100, 35.20.220, 46.16A.120, and 46.20.270(3). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2011-2013 and 2013-2015 fiscal ((biennium)) biennia, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4) of this act.

(6) During the 2011-2013 and 2013-2015 fiscal ((biennium)) biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011 and section 216(6) of this act.
Sec. 712. RCW 46.20.745 and 2012 c 183 s 10 are each amended to read as follows:

(1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and operating an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.0505 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department. During the 2013-2015 fiscal biennium, the ignition interlock device revolving account program also includes ignition interlock enforcement work conducted by the Washington state patrol.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:
   (a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;
   (b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and
   (c) Identify ways to track compliance and reduce noncompliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under RCW 46.20.385 and 46.20.720.

Sec. 713. RCW 46.68.370 and 2011 c 367 s 716 are each amended to read as follows:

The license plate technology account is created in the state treasury. All receipts collected under RCW 46.17.015 must be deposited into this account. Expenditures from this account must support current and future license plate technology and systems integration upgrades for both the department and correctional industries. Moneys in the account may be spent only after appropriation. Additionally, the moneys in this account may be used to reimburse the motor vehicle account for any appropriation made to implement the digital license plate system. During the 2011-2013 and 2013-2015 fiscal ((biennium)) biennia, the legislature may transfer from the license plate technology account to the highway safety account [fund] such amounts as reflect the excess fund balance of the license plate technology account.

Sec. 714. RCW 47.12.244 and 2011 c 367 s 717 are each amended to read as follows:

There is created the "advance right-of-way revolving fund" in the custody of the treasurer, into which the department is authorized to deposit directly and expend without appropriation:

(1) An initial deposit of ten million dollars from the motor vehicle fund included in the department of transportation's 1991-93 budget;

(2) All moneys received by the department as rental income from real properties that are not subject to federal aid reimbursement, except moneys received from rental of capital facilities properties as defined in chapter 47.13 RCW; and

(3) Any federal moneys available for acquisition of right-of-way for future construction under the provisions of section 108 of Title 23, United States Code.

During the ((2009-2011 and)) 2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the advance right-of-way revolving fund to the motor vehicle account amounts as reflect the excess fund balance of the advance right-of-way revolving fund.

Sec. 715. RCW 47.12.340 and 2010 c 247 s 703 are each amended to read as follows:

The advanced environmental mitigation revolving account is created in the custody of the treasurer, into which the department shall deposit directly and may expend without appropriation:

(1) An initial appropriation included in the department of transportation's 1997-99 budget, and deposits from other identified sources;

(2) All moneys received by the department from internal and external sources for the purposes of conducting advanced environmental mitigation;

(3) Interest gained from the management of the advanced environmental mitigation revolving account;

(4) During the ((2009-2011 fiscal ((biennium))) biennia)) 2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the advanced environmental mitigation revolving account to the motor vehicle account such amounts as reflect the excess fund balance of the advanced environmental mitigation revolving account.

Sec. 716. RCW 46.63.180 and 2011 c 375 s 2 are each amended to read as follows:

(1) School districts may install and operate automated school bus safety cameras on school buses to be used for the detection of violations of RCW 46.61.370(1) if the use of the cameras is approved by a vote of the school district board of directors. School districts are not required to take school buses out of service if the buses are not equipped with automated school bus safety cameras or functional automated safety cameras. Further, school districts shall be held harmless from and not liable for any criminal or civil liability arising under the provisions of this section.

(a) Automated school bus safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(b) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of establishing the renter's name and address under subsection (2)(a)(i) of this section. The law enforcement officer issuing the notice of infraction shall include a certificate or facsimile of the notice, based upon inspection of photographs, microphotographs, or electronic images produced by an automated school bus safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated school bus safety camera may respond to the notice by mail.

(c) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (2) of this section. If appropriate under the circumstances, a renter identified under subsection (2)(a)(i) of this section is responsible for an infraction.
(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, replacement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(c), the school district must follow the competitive bid process as outlined in RCW 28A.335.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes infraction enforcement and processing costs that are incurred by local law enforcement or local courts. During the 2013-2015 fiscal biennium, the infraction revenue may also be used for school bus safety projects by those school districts eligible to apply for funding from the school zone safety account appropriation in section 201 of this act.

(2)(a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(i) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(3) For purposes of this section, "automated school bus safety camera" means a device that is affixed to a school bus that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1).

Sec. 717. RCW 46.68.060 and 2011 c 367 s 718 and 2011 c 298 s 26 are each reenacted and amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--TRAFFIC OPERATIONS--PROGRAM Q--OPERATING

Motor Vehicle Account--State Appropriation $(48,819,000)

.................................................................$48,741,000

Motor Vehicle Account--Federal Appropriation $2,050,000

Motor Vehicle Account--Private/Local Appropriation $250,000

TOTAL APPROPRIATION .................................................($51,119,000)

(3) During the 2011-2013 fiscal biennium, the department shall implement a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle:

(a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an
employer for the benefit of its employees. By June 30, 2013, the
department shall report to the transportation committees of the
legislature on whether private transportation provider use of high
occupancy vehicle lanes under the pilot program reduces the speeds
of high occupancy vehicle lanes. Nothing in this subsection is
intended to authorize the conversion of public infrastructure to
private, for-profit purposes or to otherwise create an entitlement or
other claim by private users to public infrastructure. If chapter ...
(Substitute Senate Bill No. 5836), Laws of 2011 is enacted by June
30, 2011, this subsection is null and void.

(4) $9,000,000 of the motor vehicle account--state appropriation
is provided solely for the department's incident response program.

(5) The department, in consultation with the Washington state
patrol, must continue a pilot program for the patrol to issue
infractions based on information from automated traffic safety
Cameras in roadway construction zones on state highways. The
department must report to the joint transportation committee by
January 1, 2012, and January 1, 2013, on the status of this pilot
program. For the purpose of this pilot program, during the 2011-2013 fiscal biennium, a roadway construction zone includes
areas where public employees or private contractors may be present
or where a driving condition exists that would make it unsafe to
drive at higher speeds, such as, when the department is redirecting
or realigning lanes on any public roadway pursuant to ongoing
construction. The department shall use the following guidelines to
administer the program:

(a) Automated traffic safety cameras may only take pictures of
the vehicle and vehicle license plate and only while an infraction is
occurring. The picture must not reveal the face of the driver or
of passengers in the vehicle;

(b) The department shall plainly mark the locations where the
automated traffic safety cameras are used by placing signs on
locations that clearly indicate to a driver that he or she is entering a
roadway construction zone where traffic laws are enforced by an
automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner
of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the
violation if the owner of the vehicle, within fourteen days of
receiving notification of the violation, mails to the patrol, a
declaration under penalty of perjury, stating that the vehicle
involved was, at the time, stolen or in the care, custody, or control of
some person other than the registered owner, or any other
extenuating circumstances;

(e) For purposes of the 2011-2013 fiscal biennium pilot
program, infractions detected through the use of automated traffic
safety cameras are not part of the registered owner's driving record
under RCW 46.52.101 and 46.52.120. Additionally, infractions
generated by the use of automated traffic safety cameras must be
processed in the same manner as parking infractions for the
purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and
46.20.270(3). However, the amount of the fine issued under this
subsection (5) for an infraction generated through the use of
an automated traffic safety camera is one hundred thirty-seven dollars.
The court shall remit thirty-two dollars of the fine to the state
treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the
registered owner is a rental car business, the infraction must be
dismissed against the business if it mails to the patrol, within
fourteen days of receiving the notice, a declaration under penalty of
perjury of the name and known mailing address of the individual
driving or renting the vehicle when the infraction occurred. If the
business is unable to determine who was driving or renting the
vehicle at the time the infraction occurred, the business must sign a
declaration under penalty of perjury to this effect. The declaration
must be mailed to the patrol within fourteen days of receiving the
notice of traffic infraction. Timely mailing of this declaration to the
issuing agency relieves a rental car business of any liability under
this section for the notice of infraction. A declaration form suitable
for this purpose must be included with each automated traffic
infraction notice issued, along with instructions for its completion
and use.

(6) The department shall track the costs associated with active
traffic management systems on a corridor basis and report to the
transportation committees of the legislature on the cost and benefits
of the systems by December 1, 2011.

ENGROSSED HOUSE BILL NO. 1287, by Representatives Appleton, Dahlquist, Hurst, McCoy, Ryu, Santos and Pollet

Subjecting federally recognized Indian tribes to the same conditions as state and local governments for property owned exclusively by the tribe.

The measure was read the second time.

MOTION

Senator Hill moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.29A.010 and 2010 c 281 s 2 are each amended to read as follows:

(1)(a) The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other municipal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

(b) The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

(c) The legislature finds that lessees of publicly owned property or community centers are entitled to those same governmental services and does hereby provide for a leasehold excise tax to fairly compensate governmental units for services rendered to such lessees of publicly owned property or community centers. For the purposes of this subsection, "community center" has the same meaning as provided in RCW 84.36.010.

(d) The legislature also finds that eliminating the property tax on property owned exclusively by federally recognized Indian tribes within the state requires that the leasehold excise tax also be applied to leasehold interests on tribally owned property.

(2) The legislature further finds that experience gained by lessors, lessees, and the department of revenue since enactment of the leasehold excise tax under this chapter has shed light on areas in the leasehold excise statutes that need explanation and clarification. The purpose of chapter 220, Laws of 1999 is to make those changes.

Sec. 2. RCW 82.29A.020 and 2012 2nd sp.s. c 6 s 501 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context requires otherwise.

(1)(a) "Leasehold interest" means an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership. However, no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government may constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" includes the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites.

(b) The term "leasehold interest" does not include:

(i) Road or utility easements, rights of access, occupancy, or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner, or rights of access, occupancy, or use granted solely for the purpose of natural energy resource exploration((.  "Leasehold interest" does not include)); or

(ii) The preferential use of publicly owned cargo cranes and docks and associated areas used in the loading and discharging of cargo located at a port district marine facility. "Preferential use" means that publicly owned real or personal property is used by a private party under a written agreement with the public owner, but the public owner or any third party maintains a right to use the property when not being used by the private party.

(c) "Publicly owned real or personal property" includes real or personal property owned by a federally recognized Indian tribe in the state and exempt from tax under RCW 84.36.010.

(2)(a) "Taxable rent" means contract rent as defined in (c) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor. However, after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in (g) of this subsection. All other leasehold interests are subject to the determination of taxable rent under the terms of (g) of this subsection.

(b) For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent includes only the annual cash rental payment made by such entity to the department of ecology as specifically referred to as rent in the sublease agreement between the parties and does not include any other fees,
assessments, or charges imposed on or collected by such entity irrespective of whether the private or public entity pays or collects such other fees, assessments, or charges as specified in the sublease agreement.

(c) "Contract rent" means the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest is part of contract rent.

(d) "Contract rent" does not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expended for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements are taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

(e) Any prepaid contract rent is considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent must be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, must be prorated from the date of prepayment.

(f) With respect to a "product lease", the value is that value determined at the time of sale under terms of the lease.

(g) If it is determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration must be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration must be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter means a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" means a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.

(6) "Products" includes natural resource products such as cut or picked evergreen foliage, Cascara bark, wild edible mushrooms, native ornamental trees and shrubs, ore and minerals, natural gas, geothermal water and steam, and forage removed through the grazing of livestock.

Sec. 3. RCW 84.36.010 and 2010 c 281 s 1 are each amended to read as follows:

The Honorable Brad Owen
Lieutenant Governor of Washington
Legislative Building
Olympia, WA 98504

Dear Lieutenant Governor Owen:

We respectfully transmit for your consideration Substitute Senate Bill No. 5077 and Substitute Senate Bill No. 5518 which have been partially vetoed by the Governor, along with his objection to the bill, as required by Article III, Section 12, of the Washington State Constitution.

**MESSAGE FROM THE GOVERNOR**

April 22, 2013

To the Honorable President and members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Substitute Senate Bill No. 5518 entitled:

“AN ACT Relating to making nonsubstantive changes to election laws.”

This bill was introduced by request of the Secretary of State to make technical changes to our election laws. The bill removed outdated language and statutory citations that are no longer relevant with the state’s adoption of the top-two primary system and amends state election laws to conform to changes in federal law. Section 5 of the bill contains a change to a definition that could adversely impact minor political parties and is not in keeping with the nonsubstantive purposes of this Act. The Secretary of State agrees that keeping the current definition is preferable.

For these reasons, I have vetoed Section 5 of Substitute Senate Bill No. 5518.

With the exception of Section 5, Substitute Senate Bill No. 5518 is approved

Respectfully submitted,
Jay Inslee, Governor

**MESSAGE FROM THE GOVERNOR**

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 371 and 622, Substitute Senate Bill No. 5077 entitled:

“AN ACT Relating to technical corrections to gender-based terms.”

Section 371 is identical to Section 370. Section 622 is identical to Section 621.

For these reasons, I have vetoed Sections 371 and 622 of Substitute Senate Bill No. 5077.

Respectfully submitted,
Jay Inslee, Governor

On motion of Senator Fain, Substitute Senate Bill No. 5077 and Substitute Senate Bill No. 5518, together with their respective gubernatorial partial veto messages, were held at the desk.

other side got too much and Mike walked up to me just on the edge of the floor and he said, ‘Thank you, this was the greatest session of my career.’ The nineteen years that Mike and I served identical tracks in the house and the senate, he said, ‘This was the greatest session I had.’ As his health took a turn for the worst, we were voting on a budget in this body trying to follow through on a lot of that cooperation and, not many people know this, Mike was failing, he wasn’t doing very good. He wanted to come vote on the budget that day to be part of us Charlotte fortunately told him, ‘Mike, you got to stay home and get better. It’s important to your family and all of us that you get better.’ So, with that, with the passing of Mike it leaves a very gaping hole, not just in this body but in my heart and the heart of the people of the Twenty-eighth District. Thank you.”

PERSONAL PRIVILEGE

Senator Hargrove: “Well, I’ve known Mike for I don’t even know how many years now. I remember he was a lobbyist for POPS which was Parents Against Punitive Support back in the eighties. When I was first a house member I think in 85 he was down here lobbying on some issues. Got to know him a little bit then, worked on some legislation with him then. And of course I came to the senate. In 1995 he was in the House and he was the lead on the Becca bill in the House and I was chairing, my first chair ever, was I don’t even know what it was called. I think it was just called Human Service at that time. I think Senator Quigley had the health side of the committee that Talmadge left and I got the other side. We worked on the Becca bill together and of course it was the tragedy of Rebecca Hedman and her murder in Spokane and the fact that the state had had her in, well, not custody but actually had her in facilities a couple of times where she just walked out of them and then ended up getting back in trouble and her parents were running all over the state trying to catch up with her and so it was a very significant time. I still consider in my, this is my twenty ninth year, that that is the best thing that I’ve ever done and it was with Mike Carrell. So, that’s kind of a fiber that ran between us for that entire time, was not only concerned about at-risk kids and about having to stay through things that are responsible to try to help at-risk kids and families. But then all sorts of different groups of individuals that are challenged in our state, we worked on together also. When he came to the senate I think that he initially had a little bit of a reputation of being difficult when he came to the senate. In 1995 he was in the House and he was the lead on the Becca bill in the House and I was chairing, my first chair ever, was I don’t even know what it was called. I think it was just called Human Service at that time. I think Senator Quigley had the health side of the committee that Talmadge left and I got the other side. I still consider in my, this is my twenty ninth year, that that is the best thing that I’ve ever done and it was with Mike Carrell. So, that’s kind of a fiber that ran between us for that entire time, was not only concerned about at-risk kids and about having to stay through things that are responsible to try to help at-risk kids and families. But then all sorts of different groups of individuals that are challenged in our state, we worked on together also. When he came to the senate I think that he initially had a little bit of a reputation of being difficult when he came to the senate. A lot of people thought he wasn’t that easy, wasn’t going to be that easy to work with but despite that reputation he came onto my committee at the time and he was very much not that way at all. We worked together on, I think there was mentioned, there was the welfare reform. We worked together and he worked with Senator Regala on offender re-entry. This was seemed like a little bit out of character for Senator Carrell to actually work on something that would help offencers get an opportunity to turn their life around when they got out by having housing and some programming which he and I both realized but also lowered the recidivism rates and make the public safer but he could see through to that and actually helped those people get their feet back under them. In fact, several times he came into the budget and he was the one that insisted on the housing vouchers in the budget for the offenders that were getting out of prison because he knew that they would be much more like to offend if they weren’t there. Also, he had a deep passion for protecting the workers at Western State and from the assaults that they had there. He was constantly working on that issue and working with them to try to make them safer as they served some people that are perhaps the most disadvantaged in our society. And this session, just this session, what was his main deal this session? It was a task force to start to look at the entire mental health system, which seems a little dysfunctional and I took that a little personally, I thought I worked on that quite a bit myself, but I have to admit, it’s still a little dysfunctional, our system so I was a little defensive at first but he really wanted to see that work well and he wanted to see it work well because there are people that are affected by that system that really don’t have control of their actions and he wanted to make sure it worked well for them. And then also, the reference to ‘Mr. Science’ I think this is something that we would get on the floor every now and then, where he’d get up as a science teacher background he would be explaining some chemical reaction that we couldn’t understand but I have to remember just this session in Natural Resources he came before the committee with a bill on some polluted lake in his district and he gave us this long presentation about how the chemicals and the oxygen and the whatever and we need to do this and it was classic Mike Carrell. Just classic Mike Carrell to explain all of the details of the chemical reactions and why these certain actions needed to be taken. So, I’m going to miss Mike Carrell a lot. I saw him as somebody that came here to be responsible and get things done. He was obviously a Republican. I’m not a Republican, I’m a Democrat. He was obviously conservative, I tend to be a little conservative on things but maybe more liberal on other things. But he was somebody that came here to get things done. I know, working with Senator Darnelle, he was very accommodating to get things done not just a stick on a point but to get things done and we need more people like that in the legislature now and into the future because the citizens of our state depend on us to come down here and work together to get things done. I’m going to miss Mike a lot for that, I’m going to miss him as a friend. I loved talking to him about his Triumphs. I always told him that my old Alfa Romeo could beat this Triumph. He wouldn’t agree with me. So, we had a lot of time as friends, as colleagues but it’s just a huge hole in this body and it’s a huge hole in our life and this particular period of time in my life. I know it’s probably been the most stressful, I don’t know if I’d call it memorable, the most, it’s going to be the kind of the spot in my life I’m never going to forget and Mike Carrell is going to be somebody that when all of the rest of your faces fade away Mike Carrell’s going to be somebody in this situation, is going to be somebody that I’m going to remember and I’m going to appreciate it that God give me the strength to get me through all of this and Mike, I’m going to miss you, but I’m going to see you again someday.”

PERSONAL PRIVILEGE

Senator Padden: “Back in 1994 I’d been in the House about fourteen years and we had a whole bunch of new members on our side after that election, about one of the only elections. We’ve been out in the desert ever since ’82 when we raised the sales tax on food when the people promptly repealed it but anyway, one of those new members was Mike Carrell from the twenty eighth and Mike, Senator Hargrove, I had known him from lobbying on father’s rights issues. He was very passionate. I think he always maintained that passion on issues and he came on the committee and we probably dealt with every hot button conservative issue that we hadn’t dealt with in umpteen years. That session I ended up leaving in March of that year because I got an appointment as a judge but anyway, Mike was a hard working, very passionate as I said member of the committee and then I left so I didn’t really know him too long at that time and then I came back as you know in November of 2011 and set right next to Mike on the floor on the other side and saw what a remarkable transformation. I mean, he still had that passion, he still had the drive but I could see, just
like what you said, that he’s been able to work with people on both sides on the issues. We just had a wonderful session this time. We were both on Human Services & Corrections, which he chaired, and Law & Justice. He was the staunchest of allies. I mean just like before in the 90’s and again this year we were out together on the steps for the March for Life. He agreed on a lot of the Second Amendment issues with us but we also worked a lot of bills. We got his pharmacy bill, robbery of pharmacy which had been languishing I think for five years, got it out. It was signed by the Governor. One on occasion where Senator Hargrove was next to me and we were talking and he was visiting with Senator Darneille, and Senator Hargrove said, ‘See how well there working together?’ So, it was quite a session and then he was such a model Senator. I can’t imagine anybody working as hard as he did to stay in touch with his constituents, I mean we would be on the floor and he would be on the phone calling his constituents, I think he returned just about every email that came to him he returned with a phone call and I understand he was that way in the district when he campaigned and to go from a swing district, slightly D, slightly R whatever it was to end up getting elected with fifty eight or fifty nine percent in his last election here was such a tremendous tribute to him. So, he was a kind, considerate man, very passionate, very hard working but just a great, great asset and certainly our condolences to Charlotte and the family. We will miss him very much.”

PERSONAL PRIVILEGE

Senator Darneille: “Well, as a new person in this body I am honored to stand today and talk a little bit about my relationship with Mike Carrell which actually proceed my time in the legislature as activist in Pierce County. We were not often on the same side of issues and yet, I have one little funny story about that. My dad lived in his district and my dad had called me one day, he was very in firm and didn’t get out and basically I took him out and he called me and said ‘Did my good deed for the day.’ I said ’Oh, what was that?’ and he said, ‘Mike Carrell was door belling in my district and I kept him at the door for about twenty minutes talking to him about dogs.’ You know talking twenty minutes to one old guy in his district didn’t stop him. He was quite tenacious kind of campaigner and well known for his very flamboyant yard signs which were very prolific out in his district and they were every neon color you can think but you could not miss them. If you rounded a corner you would see a hill side of Mike Carrell signs. In the House, when I first came to the House in 2001 I found that I was thrown in with Mike on a couple of committees and that was not to my liking as we started out but he really proved himself. The first committee was the Juvenile Justice & Family Law Committee. Proved himself to be quite intent to make sure that everybody was on board with his point of view and could really understand the issue from his prospectives. I learned an awful lot from him that year though, that was 2001 because what threw us together almost on a daily basis was a fact that this legislature in 2001 and our Governor did override the Pierce County delegation’s desire to stop the special commitment center for sex offenders from being placed in the twenty eighth legislative district on McNeil Island. That was done opposing our County Council wishes, our County Executive wishes, and all the members of our delegation and there was no one that fought harder than Mike Carrell to make sure that we were all on board. It’s really from that genesis on our delegation, meeting, talking, sharing realizing that we had more in common than we had as differences that really has continued to exist to this day where our Pierce County Delegation still does try to find those kind of common issues. So, I have been really pleased this year to have been the Ranking Member on Senators Carrell’s Human Services & Corrections Committee. He did an amazing job as Chair. He had such high goals for himself and for our Committee that nothing, even the face of this horrible health crisis that he was going through, would stop him from looking at every element of those bills, trying to make them better as they proceeded through our process. Today we have twenty five bills that came through our committee. He heard every single bill. There was no gamesmanship, He didn’t hold back anything because it wasn’t his idea or it wasn’t his ideology. Instead, he said, ‘Let’s hear everything. Let’s hear everything.’ So we have this was as I mentioned, twenty five bills, some of them were actually mergers, we have the famous Carrell/Keiser/Carrell bill on mental health but we were so confident that he was going to come back that even in one of those bills we put off the start of a task force so that Mike could come back and Chair that task force. You know it is, it was really an honor for me to serve with him. Mental health services has long been one of the things that I have tried to champion as well and we found complete accord, complete agreement that we have a responsibility here in the State of Washington to provide treatment and services for people that are mentally ill and it does us good, as mentioned, the criminal justice side, it does us good from the education, it does us good from the commerce side. I think it will be all of our opportunity I think in the future to remember Mike’s great legacy in this great area and to work hard together on these issues. Thank you very much.”

PERSONAL PRIVILEGE

Senator Pearson: “Thank you Mr. President. I guess I don’t know where to begin but in my many years serving in the House my position in the House was regarding, I dealt with public safety and a lot of times my position was somewhat adversarial to Senator Carrell and some of the bills he was trying to move through the House and so, we didn’t always agree at that time and when I did get elected to the Senate and came over here Mike, the first day of session, Mike came in and sat down at my couch, he said, ‘You know Kirk, I want you to be my Vice Chair and I believe you’ll do a good job.’ It just, someone I’ve always thought highly of even in the House and everything for what he has done and what a great guy. I’d be honored to Mike to serve with you. During the session I pride myself like Senator Hargrove, we’re pretty strong guys. We’re pretty tough guys. We can bench over three hundred and everything and something that really stuck with me was during cut-off week. You know, I can’t believe, I know Mike wasn’t feeling good but he was staying up and talking about every bill out of Human Services, even other people’s bills Mike would get up and stand. Matter of fact, someone had a bill regarding was it global warming or something like that and Mike talked about Henry’s Law. I wrote this down actually and put in my desk, Henry’s Law and I asked Mike, ‘What is Henry’s Law?’ and so he spent about twenty minutes while we were going through bills explaining to me as the great professor but the reason I really believed that Mike was going to kick this was because one night it was late and he was just looking towards me and he said, ‘How you doing Kirk?’ I said ‘Oh, I’m just tired’ and then I just felt, Oh, Kirk, how could say such a thing when you know what Mike is going through? He looked so just tired’ and then I just felt, Oh, Kirk, how could say such a thing when you know what Mike is going through? He looked so tired and everything. Let’s hear everything.’ So we have this was as I
because this is my first year dealing with Human Services and I just wish I had more time to work with him and serve with him but I’ll never forget Mike. Such a strong man, a strong heart, but I sure know he cared for, just the way he was, he cared for every person here and I don’t believe he had a single enemy in the entire Washington State Legislature. I never heard him say anything bad about anybody either but I just wish I had more time, Mr. President, to serve with this man because he taught me a lot. Thank you.”

PERSONAL PRIVILEGE

Senator Conway: “It is a real honor to stand here and speak on and really feel a loss of Mike Carrell with you. I can’t tell you the length of time that he and I have worked together on many, many Pierce County issues. His mother was actually a constituent in my district and I can remember the day that I door belled her house and talked with her. She was a teacher, and she said, ‘You know who my son is?’ I said, ‘No, I really don’t know.’ ‘Mike Carrell.’ And she said, ‘I warn you, he’s not a Democrat’. She was a democrat and it’s interesting, I know she is still with us and lord knows we all feel the pain of his early loss. I mean, yes, this is a person that in the peak of his career, and you’re not supposed to leave us in your peak of career. I think that, you know, Mike was a person that in the peak of his career, and you’re not supposed to leave issues to rule making. He wanted it spelled out in the bills. I think that kind of characterized Mike Carrell in so many ways. Mike I think all of us know he wanted this Legislation to be as specific as possible and sometimes he would have to step up to replace him but Mike we know you’re listening in on this and asking us not to forget this basic commitment to our constituents.”

PERSONAL PRIVILEGE

Senator Parlette: “Thank you. Well, I feel so lucky to have served with Senator Carrell also in the House and I think what Senator Hargrove said run true to me because and also Senator Pearson that gentleman grew so much over the years in a way that was so remarkable because he became a true statesman. I served with him for a total of seventeen years, four of those that were in the House but the difference was absolutely remarkable. If he were today here, he would tell us, ‘Get this job done, it’s time to go home.’ I heard Senator Darneille talking about doorbellng about dogs. I remember last year asking him out twice to go some of us to dinner before we headed home. Nope, he couldn’t do it. You know why? He was going home to carry his dog outside to go to the bathroom because this dog was very elderly and he had to go home and carry the dog out to do its duty more than once. You can believe that! Talk about a caring person. I talked to Senator Carrell at the beginning of the year about the mental health task force because I truly wanted to serve on that because I too have cared for years for a variety of reasons about this issue but then I looked at his bill and I thought, ‘Oh no, that would be bad, it would be too many people,’ it’s better to have a have a smaller one and I know that having co-chaired one with Representative Cody in the past, I just said, ‘No, I think your idea is best, leave it just the way it is.’ We’re all going to miss him, it is such a shock because the news about eight days ago was good news, this is why it is so hard to believe that things could turn so quickly. When we had our reorg in November I noticed that Senator Carrell’s color was not very good. I didn’t say anything but on the first day of session his color was still not very good and I did say something. I went and said ‘Mike, When have you seen a doctor last,’ ‘Oh, it’s been quite for some time,’ I said, ‘You need to go home.’ ‘I hear Senator Darneille talking about doorbellng about dogs. I remember last year asking him out twice to go some of us to dinner before we headed home. Nope, he couldn’t do it. You know why? He was going home to carry his dog outside to go to the bathroom because this dog was very elderly and he had to go home and carry the dog out to do its duty more than once. You can believe that! Talk about a caring person. I talked to Senator Carrell at the beginning of the year about the mental health task force because I truly wanted to serve on that because I too have cared for years for a variety of reasons about this issue but then I looked at his bill and I thought, ‘Oh no, that would be bad, it would be too many people,’ it’s better to have a have a smaller one and I know that having co-chaired one with Representative Cody in the past, I just said, ‘No, I think your idea is best, leave it just the way it is.’ We’re all going to miss him, it is such a shock because the news about eight days ago was good news, this is why it is so hard to believe that things could turn so quickly. When we had our reorg in November I noticed that Senator Carrell’s color was not very good. I didn’t say anything but on the first day of session his color was still not very good and I did say something. I went and said ‘Mike, When have you seen a doctor last,’ ‘Oh, it’s been quite for some time,’ I said, ‘You need to see a doctor, something’s not right, your colors not good.’ ‘Well, I have kind of been tired, my wife’s kind of been bugging me.’ ‘Well, I know your kind of stubborn Mike but you should listen to your wife.’ You know, he gave it his best shot and he would be very happy knowing that we have not forgotten him. Well, we’ll never forget him but he would say to all of us, ‘Come together and get the job done.’ So, Mike, I hope we follow your instructions, we miss you and we’re all honored that we could serve with you.”
Senator Fraser: “Thank you Mr. President. Well, I too would like to express appreciation for Senator Carrell and offer condolences to his family. I have always appreciated Senator Carrell’s enthusiasm and energy as a legislator. I think it’s been very well represented by many who have spoken today. I worked with Senator Carrell maybe in particular on issues related to the region of South Puget Sound and it was always a cordial friendly open, very commutative relationship so I always appreciated working with him. We have adjoining districts in Puget Sound and in particular we shared concern that Tolmie State Park remain open. It always seems to be on a target list. One of the few parks on water in the Puget Sound and we also worked on issues relating to the Heritage and respect for the people in the historic cemetery at Western State Hospital and then of course we worked together on planning the future on McNeil Island and so it’s was a real pleasure to work with him on those. I did sign his petition a few years ago which he very enthusiastically and earnestly carried around to rename an overpass over I-5 ‘Freedom Bridge’ and I noticed it’s in one of the pictures that we’re enjoying of his service here today and so every time I drive under that bridge, which is frequent, I always think of Senator Carrell and his dedication to the needs of people in the military and military retirees. Then one other special memory I have of Senator Carrell is he and his wife and my husband and I were married on exactly the same day, of the same year so that was a personal remembrance that he and I enjoyed. So, I continue, always respect and appreciate his service and I offer my great condolences to his family.”

PERSONAL PRIVILEGE

Senator Baumgartner: “Well, I just also want to make a few comments about Senator Carrell. A truly special person, after I won my election and kind of got to the moment of what do you do now we were at a re-org and Senator Carrell took me aside and actually said, ‘You know, you ought to think about being on the Ways & Means Committee, you’ll learn a lot, a lot of issues come through there’. So, I took him up on the advice, I’d be lying if I didn’t say that on more than one occasion I have regretted having done that on those long meetings. I always thought wouldn’t it be a neat experience to get to serve a committee with Senator Carrell and sort of a fluke I was added to a fourth committee this year and I got to do that for a brief moment and he truly was a person of great wisdom and it was an opportunity that I will always appreciate. You know, you can say a lot of things about this legislature but at its best is truly a very special place filled with special and talented people and I think Mike Carrell at his best did indeed represent the best of this legislature. There’s an essay I sometimes frequent when someone that I know passes away and your trying to search for meaning in that. It’s by Father Richard John Newhaus, an essay called ‘Born towards dying.’ It talks about Father Newhaus experience with death and trying to find meaning from that and it concludes with the phrase with that ‘All is ready.’ I’ve been reading that essay during these wonderful speeches by Mike’s treasured colleagues and watching these truly special photos and it’s been giving me an opportunity to reflect on why we’re all here and what Mike is doing now and may we all continue his work so that when’s it’s our turn, ‘All is ready.’ Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Dammeyer: “So I had the privilege of growing up in the Twenty-Eighth District and then serving now in the adjacent district so I have seen Mike a lot for a lot of reasons over a lot of years and one of the things that stands out the most to me is that certainly I and maybe we all have a lot to learn from his example. He respected this institution. He respected the office and he acted accordingly. It’s been brought up that he was a tremendous campaigner, absolute incredible door-beller. He liked getting out on the door step. He did that work even with all the years that he served he still was always out door-belling. He didn’t take the office for granted. He went out and earned it from his voters time and time again. When he served, as Senator Conway points out, I can remember talking with him at one point a couple months before the session he was talking about how many bills he’d already pre-filed. He worked so hard year round as a legislator and represented his constituents so well year round that I respect that. I think it’s a tremendous example for all of us. You know, there’s been a lot of sharing about how well he was at working across the aisle, going for the solution, wanting to resolve the issue, wanted to solve a problem and he did that very well. Tremendous example for all of us particularly at this particular point in this session. But he also wouldn’t back away from a little political dust up either. I appreciated that. He was willing to stand up when the time demanded and have a little fracas on the floor which I think is good and fun in all good sport. Yet, even after that, could then reach back across the aisle, let’s get back to work, let’s get the work done. So, he’s a tremendous example in those respects. The last thing I would like to share, this is the thing that’s probably the most powerful for me. There were times when he and I would go out and brief various Republican groups in South Pierce County and South Sound and he would often be there representing the Senate Republicans and I would be there representing the House Republicans and there were a couple of times, more than one occasion when I would say something giving the House perspective. That didn’t quite sit well with Senator Carrell and I would get the look and I would know, oui I could just feel it. My wife could do the look but Mike Carrell could also do the look. Ouch, I just know that I probably went a little too far on that one. I’m going to hear about that later. Then when the issue came up this summer about this half way house in Puyallup that grew all these kind of legs and that was on the Department of Corrections voucher bill which Mike championed, believed in passionately over here and at one point we were talking about that and he said, ‘You know that’ and I opposed the bill in the House on final passage and he when we were talking about the prospect of legislation to kind of adjust it he said, ‘You know that’s good legislation don’t you?’ Yeah Mike I know. So it’s not, I was a little, I had some fear and trepidation knowing that that was a very important bill to my community and I had to go through Mike. In fact, I didn’t have to go through Mike. I laid out the issue. He knew how important that was to my community. He knew the policy inside and out. He worked harder on that bill, I’m convinced than any bill that he worked on this whole session put more hours into it and for the last several weeks, I would call Mike or send him a not or whatever, he would always ask me about that bill because he knew it was important to me and my community and all that stuff. I’ll tell you, that is the Mike Carrell that I want in emulate. So my commitment to you and to Mike is that I will pay that forward. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Shin: “As you perhaps know I didn’t have any personal contact in the Senate chamber but I had an incident that happened to me in 2007 when I was going to walking down a bridge. I often go to Korean War Memorial, Veterans Memorial in remembrance of my father who passed away and then I saw Mike walking around there too and I don’t know him personally very well. I asked him that you know Mike, the reason why
you’re here is this, I have a few of my best friends who died in the Korean War. So when time comes I come to think about it and offer my gratitude. I told him that I come here often because I was an orphan boy in Korea, one of the GI’s, then Ray Paull, Captain adopted me and brought me to this country. For this reason I come here to remember my father and he hugged me so tight and says, ‘Paull, I want you to know that I love you.’ I still remember that. You know, personally, we have different personalities but that event I always remember, Mr. gentleman, kind man and fellow Christian. He is a lovable human being, who went through difficulties and he comforted me so much. He sits over there but often times passes by and say, ‘Hi Mike, How you doing?’ he says, ‘Fine Paull’ and we smile at each other, that was enough for me to show my express appreciation for the love he has for the Korean War veterans. Thank you Mr. President.

PERSONAL PRIVILEGE

Senator Brown: “As the most freshman member of this body I had many frantic moments when I first started and the picture of Mike and myself really says it all. Mike was always there for me and when he got moved to right beside me he was always caring and always educating and for that I will always be grateful.”

PERSONAL PRIVILEGE

Senator Schlicher: “Well, as a member of the front row contingent where Mike served you know I wanted to say a few words. You know Mike was actually a character in the bill that I finally got passed in the Senate. I remember you know as a freshman I shared many of those trepidation moments as Senator Brown did and I remember getting here people was saying it’s going to take a lot of work to get a bill out of committee and you’re going to have to work the bill and it’s a challenge. You may not get it out that easily so I did my little mental health bill and Mike said, ‘We’re going to hear it next Tuesday,’ and then after that he said we’re going to make some amendments to it, get the language, do you like the language. I said, ‘Sure, it sounds good.’ He goes, ‘Great, we’re going to pass it on Friday.’ I said, ‘Ok.’ Passed it out of committee, I said, ‘Wow, this is easy.’ Man, I learned later that wasn’t the case but that was Mike, you know, it was a good idea to him and he thought it was worth doing. I remember that speech on the floor, I thought it was Boyle’s Law, Charles Law. I’m glad you wrote it down. I remember you know Mike flailing, giving his professorial speech and then setting down in his chair and leans over to me and goes, “Nathan, you’re a scientist, you agree with me right?” I said, “Well, Mike my recollection of Charles Law is a little more sketchy than yours is at this moment. I said as we chatted for a while, I think Mr. President you gavelled us down in fact, more than once, for our side bar conversations in the front row here but you know in the end we both agreed and I think he ended up voting for the bill and it was just a great moment to kind of share a laugh on the floor to this. I went back to work in the ER in this interim and took care of two chronically schizophrenic homeless men on first shift back on the night shift and I remember our social worker coming to me and saying, ‘You know, it just doesn’t seem to be getting any better. It doesn’t seem like anything changes. Just gets worse.’ I said, ‘Well, we got a couple of things done this year in the legislature and there is this cantankerous old guy that is fighting for it just as hard as I am and believes in it that much that he’s putting together a Task Force and he’s really working on it. I got faith that it will get fixed.’ You know that brought amazing amount of peace to them and we found both these gentleman a place to go. It was his service and his belief in always doing something better and that there were problems that we could fix together that inspired me to keep fighting for those patients because I know it was a passion of his as well. I will miss him dearly as the member of the front row contingent.”

PERSONAL PRIVILEGE

Senator Becker: “Thank you Mr. President. Listening to everybody here and know the history of so many people and your longevity with Mike Carrell, I’m jealous. Mike was one of the newest people. When I met him the first time he was such a smart aleck. He told me some things and I thought, ‘Wow, is this what it’s like in the Senate?’ You know because I hadn’t been here and I didn’t know him. First of all, I thought he was a very striking looking man with his white hair and his black coat that he wore, his overcoat and then to hear him speak and I just wasn’t quite sure of Mike Carrell when I first met him and then when I got elected and I came down here and he was one of the first people that I actually got to talk to a lot. He never stopped being a teacher. He sat down and he’d tell me things about what would happened and about things were going to go and started to be a real teacher to me. I’ll never forget the time where I wrote him a note, a real quick note and it was something that was really critical to me and what did he do? He corrected my spelling error. I said, ‘Mike, what about the context of my note.’ He said, ‘First things first.’ So, anyway, I am not the best speller but he was definitely the one to let me know that and how much I appreciate it. He served on the Health Care Committee with us and it was really interesting, he really didn’t say a lot, when he did I think we all heard his message loud and clear and his caring and his thoughtfulness on everything that we did was just amazing. Now, I had to make some note because if I didn’t make notes I would probably talk forever and I wanted to highlight some of the things of Mike Carrell. He always used to say that Senator Becker and Senator Carrell represented the Base, Joint Base Lewis-McChord, and he said he represented the people and I represented the land and in the redistricting he got it all and I would have to tease him a little bit about that. Senator Darneille, when you were talking about his signs, he inherited part of my district and we talked about the district and I’d say, ‘Mike, I don’t see any of your signs out.’ Well, within a couple of days the signs were out and, believe you me, you could not miss them, they were that bright. So I thought that was absolutely something that he was good at and I loved his telephone calls to the people of his district and how he felt so strongly about the people of his district. I think that Mike Carrell was a statesman and he was a person that I would like to be able to be half the person that he is or was and I am going to tell you, I’m going to miss him. I’d also like to recognize Michelle, his Legislative Aide, who is this not the first Senator she has lost, legislator she’s lost and my heart goes out to her. My heart goes out to the entire family. I just feel very fortunate to have met and worked with Mike Carrell and I think we’ll all be better people for it and my condolences again to his family and thank you Mike, I’m going to miss you.”

PERSONAL PRIVILEGE

Senator Bailey: “Thank you Mr. President. I sat here for a while and think I wasn’t going to say anything but there are a couple of things about Mike that I wanted to share with this body. When I first came to the legislator in 2002, I was elected in 2003 in the House. Mike sat, he was still in the House at that time, he sat about a row behind me, two seats over. Mike served on the Judiciary Committee at that time and he spoke so eloquently
every time he would get up to speak. As a freshman legislature I was absolutely kind of blown away with Mike because I thought this is the smartest guy I’ve ever met. He was, he could speak about technical things. He could speak about almost anything. He did such a great job. I’m embarrassed to say it took me nearly the entire session that he wasn’t a lawyer which I kept accusing him of being a lawyer and he corrected me. He told me, ‘No, I’m a teacher.’ I thought, what a wonderful thing that he regarded himself as a teacher. He spoke many times even in this session about that. The other thing that I wanted to share was when I first got here Mike was one of the first people to congratulate me and how glad he was that I was here. Mike was sitting right there and he turned around repeatedly and would give me little tidbits as only Mike could do which was really terrific having him there and as some of you know I wasn’t feeling well and Mike constantly asked me, ‘How you doing?’ and I knew that Mike was not well but Mike was not concerned about himself, he was concerned about me. When we moved him, or he moved on the floor because of his illness and needed to be away from anyone that might be ill. Mike was really upset and he came to me and apologized because he was being moved because I was sick. That’s the kind of guy Mike is and was. He was always more interested in everyone else. If we can just all be like that what a terrific victory all of would have as we work together to complete our work here in the Legislature. Thank you Mr. President.”

MESSAGE FROM THE HOUSE

June 6, 2013

MR. PRESIDENT:
The House has passed:
ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1971,
and the same is herewith transmitted.

BARBARA BAKER, Chief Clerk
Senator Padden: “Thank you Mr. President, Ladies and Gentleman of the Senate, we are here with only a few days left in the special session. I just want to encourage a, strongly, an improvement in the communications between both sides. I think that’s fallen very flat, the last few days so that members who were told one thing, whether we would be having action on the floor, then only to have it change in the last minute, which maybe fine if you’re living here in the Twenty-Second or even close by but if you’re planning, for my district for example, to go home and back it’s about a six hour trip. So, twice in the last few days I had made plans to head home only to have that stopped and actually I had to turn around yesterday and come back because what I consider some parliamentary games that were played by the other side of the aisle. I think we’ve done pretty well this session overall and…”

Senator Murray: “He is impugning members when he refers to parliamentary games.”

Senator Padden: “Thank you Mr. President. In any event, we were told you know a certain time and then that got changed and delayed and we are here today primarily what appears to be a Pro Forma session. I’m just saying that there had been, I thought, good communications between both sides up until the last few days. I’d encouraged that we revert back to those policies and I think it would make it a lot easier for all of the members. Thank you very much Mr. President.”

Senator Murray: “Thank you Mr. President. Fascinating, we are the minority party. We do not control the floor. We do not determine when we come and when we do not come. Actually it has been our members who’ve been kept in the dark about when we’re going to come, when Pro Forma or when session will happen. The one thing that we’re interested in, the one reason we want to use parliamentary process is if this is late in the first special session and we have done nothing on this floor. It is time to act before we do serious damage to the people of this state and if it requires that we have to be here day after day, well, I think that’s what a special session is about. We should be here day after day to get the people’s business done before we do serious harm to this state, to the state’s economy and to the services of the people of this state that depend upon. No parliamentary games. We’re the minority. We are often into the dark about when we’re supposed to be here.”

Senator Keiser: “Thank you Mr. President, today is the twenty-sixth day of the special session after one hundred five days of the regular session and House Bill No. 1947 which was passed by the House, by the other body on March 11 remains undone. Our state health market place our health exchange opens for business October 1 and we have not done our business and our job and I was chagrined to have to report that we’ve done nothing in terms of this year. We are in the twenty-sixth day of the special session and we have done nothing on this floor. It is time to act before we do serious damage to the people of this state and if it requires that we have to be here day after day, well, I think that’s what a special session is about. We should be here day after day to get the people’s business done before we do serious harm to this state, to the state’s economy and to the services of the people of this state that depend upon. Senator Fain: “Thank you Mr. President. Senator Keiser: “Thank you Mr. President, today is the twenty-sixth day of the special session and yesterday Senator Tom said, ‘We have said all along we need to put our kids first.’ We have legislation that is come out of Ways & Means to correct a Supreme Court decision the Bracken decision. We have one hundred sixty million at risk that will fund education for our children if we do not take action by this coming Tuesday. Seventy checks averaging twenty million each will be mailed back to
some of the wealthiest estates in the state. We need to put our kids first. We need to pass a correction to the Supreme Court decision because it is not only that one hundred sixty million, it’s a hundred million in the next biennium that we put at risk for our children’s education and then another one hundred thirty million we put at risk if we want to educate our kids. We have to correct the estate tax.”

PERSONAL PRIVILEGE

Senator Rolfes: “Thank you Mr. President. I personally was extremely excited to get the message late last night that we were going to be here at 4:00 today voting on something on the Senate floor since we haven’t done that for the entire session, special session. I have spent most of this week speaking with constituent groups who are concerned about funding that they don’t know if they are going to get and wanting to know what the next steps would be if we don’t finish our work by the end of this special session. Wednesday afternoon I had the great opportunity and privilege to talk to at least fifteen kids in the North Kitsap High School Band because that school district has sent out their RIF notices and is planning to cut a lot of its music and arts programs because they don’t know what their budgets going to be and their band director quit right before I got there because she has been teaching for years and is moving on to other opportunities because this legislature can’t tell that school district what its budget will be for next year. What have we been doing for twenty six days? These are real people’s lives. These are the kids that we report to be putting first and they need the budgets for the schools. They need to have them soon. People need to know if they’re losing their jobs or not and we need to get on with hiring new educational professionals too. So, let’s get the job done. Let’s stay here until we have some things to vote on.”

PERSONAL PRIVILEGE

Senator Ericksen: “Well thank you Mr. President. Each one of us that comes to the senate has their own burdens and their own issues to deal with. So, my wife is a public school teacher and I have a daughter age twelve and age ten and every day my wife is a single mother now since we’re down here in special session. Gets up takes the first daughter to school, comes back to the house, gets the other daughter, takes her to school then goes into work at Whatcom High School. Right after school’s done she goes and picks up the girls at school, gets them to soccer, gets them to 4H and all the different the events they go to. It’s tough. My oldest daughter turns thirteen in June. I was supposed to finish the barn for her thirteenth birthday party so she could have all her friends over to have her birthday. So my wife and my daughter told me stay here get the job done. Fight for the people of your district. Stand up for why they sent you to Olympia and do the right thing. They understand how important it is that we do the right thing down here that we fight for the people who elected us to be here. We can get our job done. We can do it right and we can stand for those people that sent us to come down here to Olympia.”

PERSONAL PRIVILEGE

Senator Darneille: “Well, we are here on the twenty sixth day and I’ll tell you a little about my personality. Either you’re a process person or you’re a person who wants to pick up the shovel and dig the ditch. I appreciate all the process people we have who are deliberating day after day, but I’m Mr. President, a person who if you point out the job, I want to pick up the shovel. I want to get it done and no more than today, the twenty sixth day. I want to basically reply to some issues that have been raised in the press about bureaucracy staying the same in our budget and in the House budget that is proposed to us and I want to say that in my community which relies on contracts from the state not only to perform bureaucratic activities but to keep our ecological programs going, to keep our economic development programs going, to keep our courts going, to keep our health systems going. I’m here on the twenty sixth day wanting to pick up the shovel because I’m not here about privilege. I’m here about helping people who are poor in my community. When we look today and we say it’s ok to put these contracts at risk, to put these people ask risk. We’re talking about veterans, we’re talking about children. We’re talking about women who are relying on working families connection child care so they can keep their job. Mr. President, we cannot in good conscience fail to come here every day at 9:00 a.m. ready to do business. I’m ready to be here I don’t think any one of us should go home and I think that it’s about time that we got out our shovels, say thank you to the people who do the process and get the job done.”

PERSONAL PRIVILEGE

Senator Kohl-Welles: “Thank you Mr. President. Well, the legal end of this special session is next Tuesday, June 11 and that marks twenty days before July 1 when we have got to have a budget in place. Why does this make a difference? And why have not we’ve been able to vote on anything, not one bill for twenty six days. The community that perhaps this means the most to and it is very, very urgent for is with regard to higher education. We have high school graduations taking place all over the state and all over our districts this month. Some have already happened and how many high school graduates are there who are still waiting to get that admissions letter to know which college or university they’re going to attend? How many know what the financial aid is that will be offered to them, if it is? We are putting our institutions of higher education in a huge bind right now and I say this after hearing that from President Elson Floyd from Spokane two weeks ago. This is very urgent. We have hiring decisions that institutions need to make. They have to know what the tuition will be for the students that are coming in and for their other students. These are decisions that are major for higher education and we’ve got families, let alone students, all over the state in our districts who need to know what is going on and we’ve got our institutions on hold, on hold. They can’t make the decisions they need to make, fully, formally and finally until they have an operating budget in place.”

PERSONAL PRIVILEGE

Senator Benton: “Let me ask some clarification from you Mr. President. A lot of the comments we’ve heard here this afternoon here are not accurately or truly Points of Personal Privileges as I think I’ve seen you rule before but I haven’t asked for a Point of Order on that but I do want to speak a little bit to or in response to my colleagues concerns because I have some of the same concerns but first I want to thank a few of my colleagues. I want to thank Senator Hargrove and I want to thank Senator Braun and I want to thank Senator Hill who have been here every day, or nearly every day and weekends, while most of us gone back to our districts and worked and of course Senator Nelson has been right in the middle of that too. I’m sorry Sharon, I want to thank you too. Well, when we talk, all these speeches you’d think nobody had been working. The fact of the matter is this body, my colleagues for twenty years came together and passed a budget with thirty votes. It was a bipartisan budget. It was our budget, the Senate’s budget and we did a good job. Not everybody was
happy. I can assure you not on this side of the aisle, certainly not on the minority side but it was a budget that we, the Senate, passed and for the first time in history in the State of Washington we put a billion dollars in K-12 education. It is one of my proudest moments to participate in injecting a billion dollars into our education system. That has never been done before. I’m so proud of my colleagues for that and what’s even better is we did it without any tax increases. None, didn’t raise tax one to do it. We proved it could be done. A bipartisan budget with thirty votes that puts a billion dollars into education without raising taxes. Pinch me. I’m dreaming. Come on guys. When did that ever happen in this body, or in this place in the twenty years I’ve been here? So, we’ve got a lot to be thankful for. We’ve worked together. Yes, we didn’t all get what we wanted but we stuck to our guns as a Senate and we said in this economy, this tough economy where people are suffering and I’m telling you what I got a neighbor that has been out of work for over a year and a half. This is not the time to raise taxes but we recognize that children should come first so the Senate put out a budget that put kids first. First, the first dollar spent are on our children and we’ve been wanting to go home with that budget but we have been unable to. We’ve been shackled by, of course it’s a bipartisan legislature. If we were in Nebraska I guess we could just adjourn and go home. It’s a unicameral legislature as you know. There’s one body there, the Senate. But here in Washington state there’s another body we have to work with and that’s across the rotunda. We don’t have unilateral authority in the State of Washington like they do in Nebraska so we have been waiting and negotiating and the four people I’ve just mentioned have been negotiating every single day and the rest of us on conference calls. I’m sure you guys have been conference calling in every few days to catch up on what’s going on and guess what? Stone wall. Stone wall. Absolutely a stone wall for more taxes, even when they’re not necessary. That’s what so frustrating about this. So, I have a lot of compassion for your frustration because I’m frustrated too. We’ve been kept here for more taxes and we don’t even have to have them.

That’s what’s frustrating about it. So, you bet, we’re here to do business. You bet we’re ready to adjourn on the last day of this session and I hope that we’ll be able to adjourn with the Senate’s budget intact that puts up a billion dollars into education without raising taxes. That’s what this chamber said we wanted to do. That’s what the citizens of this state said they wanted us to do when they passed 1185 over whelming in forty-four out of forty-nine legislative districts and that’s what we’ve done. And we should stick to our guns and hold out for our citizens and hold out for the senate budget. I hope all of you are prepared to do that because I certainly prepared to do that and if we have to go into another session to do it, I’m sorry for the people of the State of Washington that they’ll have to pay for that. I don’t want to do it. None of you want to do it but if that’s what it takes to carry the message of our citizens that we want more money for our kids’ education and we don’t want to pay more taxes for it. We want you to reform other parts of government and take care of the education obligation first before anything else and that’s what we’re going to stick to our guns and do. Thank you Mr. President.”

REMARKS BY THE PRESIDENT

President Owen: “Senator Benton, in response to your question about a Point of Personal Privilege. The rules states that a question of Privilege shall involve only subject matter which affects the particular Senator personally, in a matter unique and peculiar to the Senator. The President has always allowed discretion in the Point of Personal Privilege to allow people to share on feelings they have about particular issues of which you have done quite in a long drawn out matter, just recently. However, after listening to your dissertation the President might need to put some parameters around that discretion. And speaking of that, Senator Hargrove.”

PERSONAL PRIVILEGE

Senator Hargrove: “Thank you Mr. President. First of all thank you for the thanks, me and Senator Nelson and Senator Hill and Braun and I think a few others have been here almost every single day. I’m getting very tired of being here every single day but I just wanted to make a couple of points here to just kind of clarify how the budget left the senate because I did both of that budget. Be had seven members on this side vote for that budget and I think there were multiple reasons why people voted for it over here. Most of it was to move a budget along because we didn’t want to get a spot where we were dragging into a long extra session. We wanted to get a vehicle out of the senate that could be negotiated with the House. I think we stated at the time that was a very bipartisan process building that budget. You’re in the majority and we were requesting and it was a bipartisan process. However, we also stated at the time there were some critical holes in that budget and that there would be some additional revenue to fill those critical holes. There just wasn’t any more in the bucket to go find and those holes that we stated and I was very clear about then. I was very clear when we had a press conference here a few days ago in the House budget were the A. B. D. HEN Program and working Connections Childcare. And as I stated the press conference a couple days ago, this isn’t just about people who make bad choices and somehow need a largess from the state but it’s about people if we don’t help there with those particular programs they’re going to end up in much more expensive programs that the state tax payers pay for with tragic consequences along the way. That would be things like ending up in the emergency room because a mentally ill person doesn’t have you know the where with all to keep themselves out of trouble and they get injured and they end up in emergency room. Some people end up in our criminal justice system. Those are other things that are funded by the state in case load that we all fund because we’re not going to just start letting out people out of prison even after they committed a crime. We’re not going to say, ‘Oops.’ You know we’ll just cut those and start opening the doors. You know, I’m thinking that some of these programs add up to prevention and those are some things that we very clearly said that I’m not, you know, I’m not, I guess what I’m saying is that there was a lot of work on that senate budget together but we recognized there were a few holes in it and a few more things that needed to be worked on. We had that discussion long and hard, you know I think that the House made huge offer, they made, I’m sorry, I shouldn’t say ‘House,’ the other body, the other world, I called it the other planet the other day but they made a big move. Now, we’re not done. There’s more to be done and we’re working on it but the point is we’re within four to five days of the end regular session here and Bracken will vaporize as of Tuesday and then there will be one hundred sixty million more problems if we can’t get that done. So, that’s the email that I got from the Department of Revenue that we have until the end of special session. Well, in some point in time it happens, ok? So, anyway, my point is that we need to get on with our business, that the votes on this side were about moving a budget along to be timely. We recognized some problems. I think I have been very up front about that. There’s been no, you know, there’s been no bait and switch here on that. We still think there’s some problems, I think
that that budget from the other planet actually fixes some of those, has a moderate amount of revenue in it and hopefully we can get our business done. But I just wanted to correct a few things there and I look forward to continuing to work with people."

PERSONAL PRIVILEGE

Senator Ranker: “Thank you Mr. President. So, did, I’m very pleased to hear comments on both sides of the aisle that we’re willing to work and we’re willing to be here. Last night there was a debate on this floor that almost no one saw. There was a debate where some members of the other party wanted to adjourn until Saturday, not today and I had to sit at my desk and object to that. We had a long period of time where we sat here and stared at each until we realized that yes, one person can actually have the objection, to overrule that, and we could not adjourn for two days. Why did I do that and why did our leadership decide that was important? Because we believe we need to be here every single day to get our work done. Just as the good Senator said earlier, every single day to getting our work done, adjourning until 4:00 pm today again, dismissing most of an entire day, doesn’t get our work done. There are critical decisions that need to be made and they need to be made quickly. We’ve heard about the impacts to health care. We’ve heard Bracken time and time again, Parks, the good Senator from the Thirty-ninth, on July 1, on July 1 we will close parks. 6.1 billion dollars in annual spending money directly supporting tens of thousands of jobs and most of those jobs are in rural areas that are experiencing higher unemployment. At a time when Europe is still in serious financial crisis and dragging the rest of the world down we are going to take actions that could seriously impact our bond ratings right here in Washington State. That is unrealistic and unacceptable for us to consider those sorts of drastic measures at a time where there is world crisis economically. I personally, Mr. President, am very concerned about this. I don’t believe we should be fooling around and take vacations for a day. What I do believe is we should get our work done. We should pass a bipartisan budget and I think a proposal from the House, from the other chamber that does that. Let’s move along and let’s get our work done. Let’s be here Saturday. Let’s be here Sunday. Let’s be Monday. Let’s be here Tuesday and let’s get it done.”

PARLIAMENTARY INQUIRY

Senator Baumgartner: “Just to clarify before I begin. Was the terminology used, was it peculiar and personal? Was that what it was?”

REPLY BY THE PRESIDENT

President Owen: “Depends on who we’re talking about. Question or privilege shall involve only subject matter which affects the particular Senator personally and the matter unique and peculiar to that Senator.”

PERSONAL PRIVILEGE

Senator Baumgartner: “So, I just want to tell a little story how I relate the budget. So, I remember when I was a kid, this on a personally, I remember when I was a kid, I used to watch professional wrestling and one of the things that I liked about watching professional wrestling is the guys get in the ring and really duke it all out. My dad came into me and he was watching me watch professional wrestling and he told me he too when he was a kid like watching professional wrestling. Then he told me a story. My dad grew up on the outskirts of Detroit, the outskirts of Pontiac. His dad worked for General Motors and my grandmother worked for General Motors and my grandmother said that had been just duking it out in the ring were. Then, later on, he had to go use the bathroom in the gym, a shower room, and the two guys that had been just duking it out in the ring were in back having a beer and a smoke and talking to each other and so, the point is, you know, I know there is a strong incentive to come here and sort of parade before the press about making these points of who cares more about the state government. Who’s going to work harder on this thing but it really a bit of analogous right now to sort of professional wrestling and that show that goes on. Because everybody here knows that we all care about this state and we all know that everybody in this room is committed in trying to get a budget down. We’re all trying to find a compromise of our position but not a compromise of our principles. It’s a bit disingenuous I think to sit here and talk about and pretend that we’re not working. It’s sort of a show for the press because it does something that is very dangerous for the state for this country because it continue to erode the trust in government. Now, I’m a limited government guy that has some concerns about the growth in government but please as we go forward in the next week I’m going ask my colleagues, please don’t demonize this legislature and pretend people aren’t here committed to work hard because we all are. We also know how this all ends. It all is going to end with a bipartisan compromise deal. That’s the only way it ends. We have to find a way that it might compromise our positions but not our principals and with respect to the good Senator Hargrove, I’m not sure the other side understands what a huge reach it was for the conservative members of our caucus to vote for Obama care in that first budget. That is a big, big deal. All the conservative members of our caucus voted to expand Medicaid but also voted for increase revenue and shifting cost to the federal government. I would, that was a very, very tough vote for me. Now I know very tough for you guys to cut some of this social spending but please don’t demonize this place. Let’s both respect the compromise that both people have already given. Let’s not erode the trust in government any further because that’s going out on the national level more than we need and I understand the professional wrestling aspects of this but I’ll look forward being in the back room, the locker room having a beer, not a smoke in my case, to try to bring this together to bring this thing to a close and I believe, God’s truth honest believe I believe we can do this by Tuesday. Thank you Mr. President. Hopefully unique and personal enough.”

PERSONAL PRIVILEGE

Senator Murray: “Thank you Mr. President. Well, I’m wondering if I should make a comment on wrestling and locker rooms but I will let it pass. I watched it to but anyway. On a more serious note, I do believe that the members of this caucus respect all the members and their efforts but I do believe that you are in the majority which means you have to govern and I wrote, along with Joe Zarelli, a bipartisan budget. Didn’t particularly like lots of it. My constituents particularly like lots of it. The same was true with Senator Zarelli because we shared stories. What they did like Mr. President was that Olympia was functioning. The other part of that functioning, the other responsibility of the governing party is you can’t say we wrote a budget, we want our budget. The system of government requires that we compromise with the other body. We don’t have a choice. That’s our constitutional responsibility to compromise with the other body. It can’t be the senate’s way or no way and that’s what really concerns this caucus that we’re coming up against a date, going to
a place that’s, very, very, very few states have ever gone. The numbers that you heard or the dates heard, the notices that are going out and will be going out. That’s a reality in the lives of Washingtonians. So, I would hope before the 11th that we can once again show that we can govern, that we can once against show the citizens of this State that we compromise not just with ourselves but with the other body. Finally, members of this caucus voted for a budget that went out of here, five of them in particular, not because they agreed with the budget, they wanted to show good faith. They wanted to show good faith. They wanted to show good faith with the majority party that we would be willing to work with you, move a budget out of here. We thought in return that we would see the governing party willing to work with the House and compromise as well. That’s governing. You’re the majority party. Constitution requires, the system of government, requires that this tension between the balance of powers requires that we compromise with the House and I hope again we will do that by the 11th Mr. President and show that we are not the other DC, the other Washington. Thank you.”

PERSONAL PRIVILEGE

Senator Schoesler: “Thank you Mr. President. At the cut-off for bills from the body of origin, this body passed the largest number of bills in recent years. That was working together. Did it work out that way that we passed the most bills in recent history to the Governor but that’s ok but this body also passed well over two dozen reforms. Reforms to create and retain jobs, improve our education system and work towards sustainable budgets. Every one of those bills was bipartisan. Some even were unanimous. The number that came back from the other body? – Zero, Zero. Now, if we’re going to negotiate in good faith; over two dozen bipartisan to zero is not much of a compromise, not when it’s issues with our schools, sustainable budgets, more jobs and job retention. That’s part of the bodies job to look for those solutions as well and to simply have a take it or leave it budget that doesn’t change one thing about jobs, education or budgets in this state would be a great loss not for this body, not for you and me but for the taxpayers of the State of Washington.”

PART II
HUMAN SERVICES

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

1. The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as
required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, “unrestricted federal moneys” includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of “available resources” as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the amounts appropriated in this section, the authority shall implement the medicaid expansion defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(2) The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the medicaid expansion under subsection (1) of this section.

(a) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(d) Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

(3) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(10) $50,000 of the general fund—state appropriation for fiscal year 2014 and $50,000 of the general fund—state appropriation for fiscal year 2015 are provided solely for grants to rural hospitals in Clallam county that were certified by the centers for medicare and
had the hospital not been in the CPE program based on the payment amounts that would have been paid during the fiscal year. The amount will be determined by the total of (a) the inpatient claim the biennium shall be compared to a baseline amount. The baseline approximates the cost of claims submitted by the hospital. Inpatient medicaid costs and the medicare upper payment limit. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. $5,319,000 of the general fund--state appropriation for fiscal year 2014, of which $6,570,000 is appropriated in section 204(1) of this act, and $1,141,000 of the general fund--state appropriation for fiscal year 2015, of which $6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals.

14) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009. The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. (36) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

For any services eligible for encounter payments, as defined in the medicaid state plan, managed care organizations shall be required to pay at least the full published encounter rates directly to each clinic or center. The authority will require participating managed care organizations to reimburse federally qualified health centers and rural health clinics for clean claims in strict adherence to the timeliness of payment standards established under contract and specified for the medicaid fee-for-service program in section 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42 C.F.R. (44) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the current medicaid benefit plan beginning January 1, 2014. The authority shall monitor the costs of the habilitative benefit as part of the forecasting process but shall not provide this benefit in the current medicaid benefit plan without a direct appropriation in the omnibus appropriations act.

(45) The appropriations in this section reflect savings and efficiencies achieved by modifying dispensing methods of contraceptive drugs. The authority must make arrangements for all medicaid programs offered through managed care plans or fee-for-service programs to require dispensing of contraceptive drugs with a one-year supply provided at one time unless a patient requests a smaller supply of the prescribing physician instructs that the patient must receive a smaller supply. Contracts with managed care plans must allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. (d)(i) Funding for teacher librarians, school nurses, social workers, school psychologists, and guidance counselors is allocated based on the school prototypes as provided in RCW 28A.150.260 and is considered certificated instructional staff, except as provided in (d)(ii) of this subsection.

(ii) Students in approved career and technical education and skill center programs generate certificated instructional staff units to provide for the services of teacher librarians, school nurses, social workers, school psychologists, and guidance counselors at the following combined rate per 1000 students:

Career and Technical Education
students........................................... 2.02 per 1000 student FTE's
Skill Center students ............................. 2.36 per 1000 student FTE's

(3) ADMINISTRATIVE STAFF ALLOCATIONS
(a) Allocations for school building-level certificated administrative staff salaries for the 2013-14 and 2014-15 school years for general education students are determined using the formula generated staff units calculated pursuant to this subsection. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent enrollment in each grade. The following prototypical school values shall determine the allocation for principals, assistance principals, and other certificated building level administrators:

Prototypical School Building:
Elementary School .................................................. 1.253
Middle School .......................................................... 1.353
High School ............................................................ 1.880

(b) Students in approved career and technical education and skill center programs generate certificated school building-level administrator staff units at per student rates that are a multiple of the general education rate in (a) of this subsection by the following factors: Career and Technical Education students................. 1.025
Skill Center students .................................................. 1.198

(4) CLASSIFIED STAFF ALLOCATIONS
Allocations for classified staff units providing school building-level and district-wide support services for the 2013-14 and 2014-15 school years are determined using the formula-generated staff units provided in RCW 28A.150.260, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2013-14 and 2014-15 school year for the central office administrative costs of operating a school district, at the following rates:

(a) The total central office staff units provided in this subsection (5) are calculated by first multiplying the total number of eligible certificated instructional, certificated administrative, and classified staff units providing school-based or district-wide support services, as identified in RCW 28A.150.260(6)(b), by 5.3 percent.

(b) Of the central office staff units calculated in (a) of this subsection, 74.53 percent are allocated as classified staff units, as generated in subsection (4) of this section, and 25.47 percent shall be allocated as administrative staff units, as generated in subsection (3) of this section.

(c) Staff units generated as enhancements outside the program of basic education to the minimum requirements of RCW 28A.150.260, and staff units generated by skill center and
career-technical students, are excluded from the total central office staff units calculation in (a) of this subsection.

(d) For students in approved career-technical and skill center programs, central office classified units are allocated at the same staff unit per student rate as those generated for general education students of the same grade in this subsection (5), and central office administrative staff units are allocated at staff unit per student rates that exceed the general education rate established for students in the same grade in this subsection (5) by 1.97 percent in the 2013-14 school year and 1.97 percent in the 2014-15 school year for career and technical education students, and 21.92 percent in the 2013-14 school year and 21.92 percent in the 2014-15 school year for skill center students.

(6) FRINGE BENEFIT ALLOCATIONS
Fringe benefit allocations shall be calculated at a rate of 18.68 percent in the 2013-14 school year and 18.68 percent in the 2014-15 school year for certificated salary allocations provided under subsections (2), (3), and (5) of this section, and a rate of 20.95 percent in the 2013-14 school year and 20.95 percent in the 2014-15 school year for classified salary allocations provided under subsections (4) and (5) of this section.

(7) INSURANCE BENEFIT ALLOCATIONS
Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504 of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section; and

(b) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS
Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

(a) MSOC funding for general education students are allocated at the following per student rates:

(c) Students in approved exploratory and preparatory career and technical education programs generate a per student MSOC allocation of $1,249.17 for the 2013-14 school year and $1,270.41 for the 2014-15 school year.

(d) Students in laboratory science courses generate per student FTE MSOC allocations which equal the per student FTE rate for general education students established in (a) of this subsection.

(11) VOLUNTARY FULL DAY KINDERGARTEN PROGRAMS
Funding in this section is sufficient to fund voluntary full day kindergarten programs in qualifying high poverty schools, pursuant to RCW 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls for the voluntary full-day program in a qualifying school shall count as one-half of one full-time equivalent student for purpose of making allocations under this section. Funding in this section provides full- day kindergarten programs for 48.0 percent of kindergarten enrollment in the 2013-14 school year and 48.0 percent in the 2014-15 school year.

(12) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND NECESSARY PLANTS
For small school districts and remote and necessary school plants within any district which have been judged to be remote and necessary by the superintendent of public instruction, additional staff units are provided to ensure a minimum level of staffing support. Additional administrative and certificated instructional staff units provided to districts in this subsection shall be reduced by the general education staff units, excluding career and technical education and skills center enhancement units, otherwise provided in subsections (2) through (5) of this section on a per district basis.

(a) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the superintendent of public instruction...
(g) School districts receiving additional staff units to support small student enrollments and remote and necessary plants under this subsection (12) shall generate additional MSOC allocations consistent with the nonemployee related costs (NERC) allocation formula in place for the 2010-11 school year as provided section 502, chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for inflation.

(13) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(14) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2014 and 2015 as follows:

(a) $607,000 of the general fund--state appropriation for fiscal year 2014 and $617,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

(b) $436,000 of the general fund--state appropriation for fiscal year 2014 and $436,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.

(15) $214,000 of the general fund--state appropriation for fiscal year 2014 and $218,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for school district emergencies as certified by the superintendent of public instruction. At the close of the fiscal year the superintendent of public instruction shall report to the office of financial management and the appropriate fiscal committees of the legislature on the allocations provided to districts and the nature of the emergency.

(16) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(17) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment. In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the higher education coordinating board, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(18) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (12) of this section, the following apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the
number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (12) of this section shall be reduced in increments of twenty percent per year.

(19)(a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed ten percent of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and financial reporting purposes under this section.

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION

(1) The following calculations determine the salaries used in the state allocations for certificated instructional, certificated administrative, and classified staff units as provided in RCW 28A.150.280 and under section 502 of this act:

(a) Salary allocations for certificated instructional staff units are determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP document 1; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district are determined based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on June 1, 2013 at 08:06 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on June 1, 2013 at 01:29 hours.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 18.04 percent for school year 2013-14 and 18.04 percent for school year 2014-15 for certificated instructional and certificated administrative staff and 17.45 percent for school year 2013-14 and 17.45 percent for the 2014-15 school year for classified staff.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this part V, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to districts in LEAP Document 2, defined in section 503(2)(b) of this act.

(b) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.

(c) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for classified staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.

(d) The appropriations in this subsection (1) include associated incremental fringe benefit allocations at 18.04 percent for the 2013-14 school year and 18.04 percent for the 2014-15 school year for certificated instructional and certificated administrative staff and 17.45 percent for the 2013-14 school year and 17.45 percent for the 2014-15 school year for classified staff.

(e) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district’s basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(f) The appropriations in this section include no salary adjustments for substitute teachers.

The appropriations in this section are subject to the following conditions and limitations:

(1) $224,750,000 of the general fund--state appropriation for fiscal year 2014, $227,290,000 of the general fund--state appropriation, $47,900,000 of the education legacy trust account--state appropriation, and $150,000,000 of the opportunity pathways account--state appropriation are provided solely for student financial aid payments under the state need grant and state work study programs including up to four percent administrative allowance for the state work study program.

(2) Changes made to the state need grant program in the 2011-2013 fiscal biennium are continued in the 2013-2015 fiscal biennium including aligning increases in awards given to private institutions with the annual tuition increases for public research institutions or the private institution's average annual tuition increase experience of 3.5 percent per year, whichever is less, and reducing the awards for students who first enrolled as a new student in for-profit institutions as of the 2011-2012 academic year thereafter by fifty percent.

(3) Changes made to the state work study program in the 2009-2011 and 2011-2013 fiscal biennia are continued in the 2013-2015 fiscal biennium including maintaining the increased required employer share of wages; adjusted employer match rates; discontinuation of nonresident student eligibility for the program; and revising distribution methods to institutions by taking into consideration other factors such as off-campus job development, historical utilization trends, and student need.

(4) Within the funds appropriated in this section, eligibility for the state need grant shall include students with family incomes at or below 70 percent of the state median family income (MFI), adjusted for family size, and shall include students enrolled in three to five credit-bearing quarter credits, or the equivalent semester credits. The student achievement council shall report to the legislature by December 1, 2014, regarding the number of students enrolled in three to five credit-bearing quarter credits, or the equivalent semester credits, and their academic progress including degree completion. Awards for all students shall be adjusted by the estimated amount by which Pell grant increases exceed projected increases in the noninstructional costs of attendance. Awards for students with incomes between 51 and 70 percent of the state median shall be prorated at the following percentages of the award amount granted to those with incomes below 51 percent of the MFI: 70 percent for students with family incomes between 51 and 55 percent MFI; 65 percent for students with family incomes between 56 and 60 percent MFI; 60 percent for students with family incomes between 61 and 65 percent MFI; and 50 percent for students with family incomes between 66 and 70 percent MFI.

(5) Students who are eligible for the college bound scholarship shall be given priority for the state need grant program if the students have applied by the institution's priority financial aid deadline and have completed their financial aid file in a timely manner. These eligible college bound students whose family incomes are in the 0-65 median family income ranges shall be
awarded the maximum state need grant for which they are eligible under state policies and may not be denied maximum state need grant funding due to institutional policies or delayed awarding of college bound scholarship students.

(6) $18,677,000 of the education legacy trust account--state appropriation, and $20,000,000 of the Washington opportunity pathways account--state appropriation are provided solely for the college bound scholarship program. This amount assumes that college bound scholarship recipients will receive priority for state need grant awards in fiscal year 2014 and fiscal year 2015. If this policy of prioritization is not fully achieved, it is the intent of this legislation to provide supplemental appropriations in the 2014 supplemental operating budget.

(7) Students who meet the qualifications pursuant to section 955 of this act are eligible to receive state need grant awards.

(8) $100,000 of the general fund--state appropriation for fiscal year 2014 is provided solely for the council to develop an alternative financial aid application for students without a nine digit federal identification number.

(9) $2,236,000 of the general fund--state appropriation for fiscal year 2014 and $2,236,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the passport to college program. The maximum scholarship award shall be $5,000. The board shall contract with a nonprofit organization to provide support services to increase student completion in their postsecondary program and shall, under this contract, provide a minimum of $500,000 in fiscal years 2014 and 2015 for this purpose.

(10) In developing the skilled and educated workforce report pursuant to RCW 28B.77.080(3), the council shall use the bureau of labor statistics analysis of the education and training requirements of occupations, in addition to any other method the council may choose to use, to assess the number and type of higher education and training credentials required to match employer demand for a skilled and educated workforce.

Sec. 973. RCW 43.82.010 and 2007 c 506 s 8 are each amended to read as follows:

(1) The director of ((general administration)) enterprise services, on behalf of the agency involved and after consultation with the office of financial management, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of ((general administration)) enterprise services.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of ((general administration)) enterprise services. The director of ((general administration)) enterprise services shall report to the office of financial management and the appropriate committees of the legislature annually on any exemptions granted pursuant to this subsection.

(3) The director of ((general administration)) enterprise services may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of ((general administration)) enterprise services may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of ((general administration)) enterprise services may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of ((general administration)) enterprise services shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of ((general administration)) enterprise services shall provide coordinated long-range planning services to identify and evaluate opportunities for coloocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of ((general administration)) enterprise services shall determine whether an opportunity exists for coloocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of ((general administration)) enterprise services shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of ((general administration)) enterprise services, in consultation with the office of financial management, shall develop procedures for implementing coloocation and consolidation of state facilities.

(7) The director of ((general administration)) enterprise services is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of ((general administration)) enterprise services shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of ((general administration)) enterprise services determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for
such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of ((general administration)) enterprise services shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of ((general administration)) enterprise services may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of ((general administration)) enterprise services shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of ((general administration)) enterprise services or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of ((general administration)) enterprise services may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable. By January 1st of each year, beginning January 1, 2008, the department shall submit an annual report to the office of financial management and the appropriate committees of the legislature on all delegated leases.

(13) This section does not apply to the acquisition of real estate by:

(d) The department of commerce for community college health career training programs, offices for the department of commerce or other appropriate state agencies, and other nonprofit community uses, including community meeting and training facilities, where the real estate is acquired during the 2013-2015 fiscal biennium.

(14) Notwithstanding any provision in this chapter to the contrary, the department of ((general administration)) enterprise services may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(15) The department of ((general administration)) enterprise services shall report annually to the office of financial management and the appropriate fiscal committees of the legislature on facility leases executed for all state agencies for the preceding year, lease terms, and annual lease costs. The report must include leases executed under RCW 43.82.045 and subsection (12) of this section.

(4) Deductions authorized under this section for transactions pertaining to community forest trust lands must be established at a level sufficient to defray over time the management costs for activities prescribed in a parcel’s management plan adopted pursuant to RCW 79.155.080, and, if deemed appropriate by the board consistent with RCW 79.155.090, to reimburse the state and any local entities’ eligible financial contributions for acquisition of the parcel.

After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. (During the 2011-2013 fiscal biennium, the aquatic lands enhancement account may also be used for scientific research as part of the adaptive management process and for developing a planning report for McNeil Island. During the 2011-2013 fiscal biennium, the legislature may transfer from the aquatic lands enhancement account to the state general fund such amounts as reflect excess fund balance of the account.) During the (2011-2013) 2013-2015 fiscal biennium, the aquatic lands enhancement account may be used to support the shellfish program, the ballast water program, (park(s)) hatcheries, (Puget Sound) the Puget Sound toxic sampling program at the department of fish and wildlife, the knotweed program at the department of agriculture, (and) the Puget SoundCorps program. (During the 2011-2013 fiscal biennium, the legislature may transfer from the aquatic lands enhancement account to the marine resources stewardship trust account funds for the purposes of RCW 43.372.070), and actions at the University of Washington for reducing ocean acidification. During the 2013-2015 fiscal biennium, the legislature may transfer from the aquatic lands enhancement account to the geoduck aquaculture research account for research related to shellfish aquaculture and the marine resources stewardship trust account for the purposes of chapter 43.372 RCW.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(2) The cost of a discover pass is thirty dollars. Every four years the office of financial management must review the cost of the discover pass and, if necessary, recommend to the legislature an adjustment to the cost of the discover pass to account for inflation.

(3) A discover pass is valid for one year beginning from the date that the discover pass is marked for activation. The activation date may differ from the purchase date pursuant to any policies developed by the agencies.

(4) Sales of discover passes must be consistent with RCW 79A.80.100.

(5) The discover pass must contain space for two motor vehicle license plate numbers. A discover pass is valid only for those vehicle license plate numbers written on the pass. However, the agencies may offer for sale a family discover pass that is fully transferable among vehicles and does not require the placement of a license plate number on the pass to be valid. The agencies must develop a process for the sale of a family discover pass that is no more than fifty dollars. A discover pass is valid only for use with one motor vehicle at any one time.

(6) One complimentary discover pass must be provided to a volunteer who performed twenty-four hours of service on agency-sanctioned volunteer projects in a year. The agency must provide vouchers to volunteers identifying the number of volunteer hours they have provided for each project. (c) On department of fish and wildlife lands only, for persons possessing a current vehicle access pass pursuant to RCW 79A.80.040; or

(d) During the 2013-2015 biennium, when operating on a road managed by the department of natural resources or the department of fish and wildlife, including a forest or land management road, that is not blocked by a gate.

(3) The discover pass, the vehicle access pass, or the day-use permit is not required for:

(a) Operating on a recreation site or lands; or

(b) Parking at a recreation site or lands.

(4) Not more than five percent of the funds deposited to the county criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by three percent.

Sec. 993. RCW 82.14.310 and 2011 1st sp.s. c 50 s 970 are each amended to read as follows:

(1) The county criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer must transfer into the county criminal justice assistance account from the general fund the sum of twenty-three million two hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer must increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) The moneys deposited in the county criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (4) of this section, must be distributed at such times as distributions are made under RCW 82.44.150 and on the relative basis of each county's funding factor as determined under this subsection.

(a) A county's funding factor is the sum of:

(i) The population of the county, divided by one thousand, and multiplied by two-tenths;

(ii) The crime rate of the county, multiplied by three-tenths; and

(iii) The annual number of criminal cases filed in the county superior court, for each one thousand in population, multiplied by five-tenths.

(b) Under this section and RCW 82.14.320 and 82.14.330:

(i) The population of the county or city is as last determined by the office of financial management;

(ii) The crime rate of the county or city is the annual occurrence of specified criminal offenses, as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs, for each one thousand in population;

(iii) The annual number of criminal cases filed in the county superior court must be determined by the most recent annual report of the courts of Washington, as published by the administrative office of the courts;

(iv) Distributions and eligibility for distributions in the 1989-1991 biennium must be based on 1988 figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection. Future distributions must be based on the most recent figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection.

(3) Moneys distributed under this section must be expended exclusively for criminal justice purposes and may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil or juvenile justice system occurs, which includes (a) domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020, and (b) during the 2001-2003 fiscal biennium, juvenile dispositional hearings relating to petitions for at-risk youth, truancy, and children in need of services. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(4) Not more than five percent of the funds deposited to the county criminal justice assistance account may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements may not supplant existing funds from the state general fund.

(5) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred into the county criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by three percent.

PART XII
HUMAN SERVICES

Sec. 1201. 2012 2nd sp.s. c 7 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapping of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, “unrestricted federal moneys” includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2011-2013 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of “available resources” as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The health care authority and the department shall conduct an evaluation of the WMIP by October 15, 2012, and of the MICP measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(b) Effective January 1, 2013, if Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county...

legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in Medicare and Medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for Medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that Medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ((2012)) 2013, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year ((2012)) 2013 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ((2012)) 2013 caseload forecasts and utilization assumptions in the long-term care, foster care, adoption support, Medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

and provide access to these data systems to the juvenile rehabilitation administration and Washington state institute for

developed regarding program outcomes that reinforce the greatest
cost benefit to the state in the implementation of evidence-based
practices and disposition alternatives.

and the juvenile rehabilitation administration, in consultation with
the community juvenile accountability act advisory committee and
the Washington state institute for public policy, shall analyze and

courts for possible integration into the evidence-based program

administrators, and the juvenile rehabilitation administration shall

General Fund–State Appropriation (FY 2013) .......... ($324,319,000)
General Fund–Federal Appropriation ................... $321,609,000
General Fund–Private/Local Appropriation .............. $17,864,000

(a) $109,342,000 of the general fund–state appropriation for fiscal year 2012 and $109,341,000 of the general fund–state appropriation for fiscal year 2013 are provided solely for persons and services not covered by the medicare program. This is a reduction of $4,348,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2011 prior to supplemental budget reductions. This $4,348,000 reduction shall be distributed among regional support networks proportional to each network’s share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) $6,590,000 of the general fund–state appropriation for fiscal year 2012, $6,590,000 of the general fund–state appropriation for fiscal year 2013, and $7,620,000 of the general fund–federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicare. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) $5,850,000 of the general fund–state appropriation for fiscal year 2012, $5,850,000 of the general fund–state appropriation for fiscal year 2013, and $1,300,000 of the general fund–federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund–state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund–state cost of medicare personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(((g))) (f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children’s long-term inpatient facility services.

(((i))) (g) $750,000 of the general fund–state appropriation for fiscal year 2012 and $750,000 of the general fund–state appropriation for fiscal year 2013 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks in the state and federal funding.

(((h))) (h) $1,125,000 of the general fund–state appropriation for fiscal year 2012 and $1,125,000 of the general fund–state appropriation for fiscal year 2013 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(((i))) (i) $1,529,000 of the general fund–state appropriation for fiscal year 2012 and $1,529,000 of the general fund–state appropriation for fiscal year 2013 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(((j))) (j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicare clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicare services does not eliminate the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicare.

(((k))) (k) Given the recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

The appropriations in this subsection are subject to the following conditions and limitations:

The department's programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the health care authority on the development of contract terms which facilitate efforts to meet requirements of the bill. If Engrossed Second Substitute House Bill No. 2536 (children services/delivery) is not enacted by June 30, 2012, the amounts provided in this subsection shall lapse.

The department's fee schedule shall have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower costs of licensing for these programs than for other organizations which are not accredited.

(b) $19,000 of the general fund--state appropriation for fiscal year 2012, $17,000 of the general fund--state appropriation for fiscal year 2013, and $34,000 of the general fund--federal appropriation are provided solely to support a partnership among the department of social and health services, the department of health, and agencies that deliver medical care and behavioral health services in Cowlitz county. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(f) (($101,669,000)) $107,535,000 of the general fund--state appropriation for fiscal year 2013 and (($104,669,000)) $107,535,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall inform clients and their legal representatives of all available options for employment and day services. Information provided to the client and the client’s legal representative shall include the types of activities each service option provides, and the amount, scope, and duration of service for which the client would be eligible under each service option. An individual client may be authorized for only one service option, either employment services or community access services. TWENTY SEVENTH DAY, JUNE 8, 2013

(ii) Beginning in fiscal year 2012, a processing fee of $2,750 shall be charged to each adult family home when the home is initially licensed. This fee is nonrefundable.

(j) Clients with developmental disabilities have demonstrated a need and a desire for a day services program as verified by over 900 clients currently accessing day programs through a long-term care service model. In addition, every individual, to include those with a developmental disability, should have the opportunity for meaningful employment which allows them to contribute to their communities and to become as self-sufficient as possible. Providing choice empowers recipients of publicly funded services and their families by expanding their degree of control over the services and supports they need.

The department shall work with legislators and stakeholders to develop a new approach to employment and day services. The proposal shall be submitted to the 2012 legislature for consideration and shall be constructed such that a client ultimately receives employment, community access, or the community day option but not more than one service at a time. The proposal shall include options for program efficiencies within the current employment and day structure and shall provide details on the plan to implement a consistent, statewide outcome-based vendor contract for day services.

The appropriations in this subsection are subject to the following conditions and limitations:

- Amounts appropriated in this subsection are for the purposes of transitioning clients with developmental disabilities into community settings. The department is authorized as needed to use these funds to either pay for clients residing within a residential habilitation center or for placements in the community. Pursuant to Second Substitute Senate Bill No. 5459 (services for people with developmental disabilities), funding in this subsection must be prioritized for the purpose of facilitating the consolidation and closure of Frances Haddon Morgan Center. The department shall use a person-centered approach in developing the discharge plan to assess each resident’s needs and identify services the resident requires to successfully transition to the community or another residential habilitation center. The department is authorized to use any savings from this effort for the purpose of developing community resources to address the needs of clients with developmental disabilities who are in crisis or in need of respite. The department shall track the costs and savings of closing Frances Haddon Morgan Center and any investments into community placements and resources. The department shall provide a fiscal progress report to the legislature by December 5, 2011.

The department shall use a person-centered approach in developing the discharge plan to assess each resident’s needs and identify services the resident requires to successfully transition to the community or another residential habilitation center. The department is authorized to use any savings from this effort for the purpose of developing community resources to address the needs of clients with developmental disabilities who are in crisis or in need of respite. The department shall track the costs and savings of closing Frances Haddon Morgan Center and any investments into community placements and resources. The department shall provide a fiscal progress report to the legislature by December 5, 2011.
Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed $1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than $15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2012, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2012, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

During the comparative analysis performed in this section, it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, (b), (c), and (d) of this subsection do not apply.

After examining actual nursing facility cost information, the legislature finds that the medicaid nursing facility rates calculated pursuant to Engrossed Substitute Senate Bill No. 5581 (nursing home payments) provide sufficient reimbursement to efficiently and economically operating nursing facilities and bear a reasonable relationship to costs.

In accordance with chapter 74.46 RCW, the department shall issue no additional certificates of capital authorization for fiscal year 2012 and no new certificates of capital authorization for fiscal year 2013 and shall grant no rate add-ons to payment rates for capital improvements not requiring a certificate of need and a certificate of capital authorization for fiscal years 2012 and 2013.

The long-term care program may develop and pay enhanced rates for exceptional care to nursing homes for persons with traumatic brain injuries who are transitioning from hospital care. The cost per patient day for caring for these clients in a nursing home setting may be equal to or less than the cost of caring for these clients in a hospital setting.

Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

$1,883,000 of the general fund--state appropriation for fiscal year 2012, $1,883,000 of the general fund--state appropriation for fiscal year 2013, and $3,766,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Contributions are funded at $0.22 per benefit-eligible paid hour worked by all home care workers. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (7). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

$325,203,000 of the general fund--state appropriation for fiscal year 2013 and $324,653,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

The department shall eliminate the adult day health program under the state plan 1915(i) option and shall reestablish it under the long-term care home and community-based waiver.

$4,588,000 of the general fund--state appropriation for fiscal year 2012, $4,559,000 of the general fund--state appropriation for fiscal year 2013, and $9,237,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons who are older adults or who have co-occurring medical and behavioral disorders and who have been discharged or diverted from a state psychiatric hospital. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment.

The study shall include analysis of the costs and revenues of current methods and compare those to alternatives, and include analysis of the impact of current methods and alternatives to revenues received by the state. Included shall be an examination of costs and revenue generation before and after the implementation of chapter 379, Laws of 2003 (SSB 590) and chapter 362, Laws of 2005 (SSB 5256) and analysis of whether these changes met the legislative goals of reducing costs and increasing collections. A report on the results of the analysis shall be presented to the appropriate committees of the legislature by December 2014.

In conducting this review, the committee shall:

(a) Examine the existing activities currently being performed by state agencies, including but not limited to an examination of services, for their performance, staffing, capital requirements, and mission. Programs may be broken down into discrete services or activities or reviewed as a whole; and

The committee will make an assessment of the current formulas and report any recommended adjustments to the legislative fiscal committees of the Senate and the House of Representatives by November 1, 2014. The appropriations in this section are subject to the following conditions and limitations: Within the amounts appropriated in this section, the department shall report the following data on the survey and inventory processes to the appropriate policy and fiscal committees of the legislature on December 1, 2013, and December
financing and risk-sharing arrangements in collaboration with the department may: (i) Withhold from calculations of the average per capita cost assumed in this act for individuals covered by state funds. (2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, “unrestricted federal moneys” includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of “available resources” as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington is selected to participate in a financial capitation model of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2014, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2014 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2014 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

fiscal year 2014, $22,695,000 of the general fund--state

appropriated in this section as required by RCW 74.13A.005 and
74.13A.020, the secretary shall not set the amount of any adoption
assistance payment or payments, made pursuant to RCW 26.33.320
and 74.13A.005 through 74.13A.080, to more than fifty percent of

shall contract and collaborate with service providers in a manner
that maintains the availability and geographic representation of
secure and semi-secure crisis residential centers and HOPE centers.
To achieve efficiencies and increase utilization, the department shall
allow the co-location of these centers, except that a youth may not be
placed in a secure facility or the secure portion of a co-located
facility except as specifically authorized by chapter 13.32A RCW.
The reductions to appropriations in this subsection related to
semi-secure crisis residential centers reflect a reduction to the
number of beds for semi-secure crisis residential centers and not a
reduction in rates. Any secure crisis residential center or
semi-secure crisis residential center bed reduction shall not be based
solely upon bed utilization. The department is to exercise its
discretion in reducing the number of beds but to do so in a manner
that maintains availability and geographic representation of
secure and secure crisis residential centers.

(7)(a) The juvenile rehabilitation administration shall administer a block grant, rather than categorical funding, of consolidated juvenile service funds, community juvenile accountability act grants, the chemical dependency disposition alternative funds, the mental health disposition alternative, and the sentencing disposition alternative for the purpose of serving youth adjudicated in the juvenile justice system. In making the block grant, the juvenile rehabilitation administration shall follow the following formula and shall prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for moderate and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency disposition alternative; and (vi) two percent for the mental health and sentencing dispositional alternatives. changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(c) The juvenile courts and administrative office of the courts shall be responsible for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts will work collaboratively to develop program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. $12,803,000 of the general fund--state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 5811 (employee wellness program). If the bill is not enacted by June 30, 2013, the amount provided in this subsection shall lapse.

(10) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(11) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(12) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(13) $571,690 of the state health care authority administration account--state appropriation is provided solely for reduction of WC-1000 (durable medical equipment) costs and the medicare upper payment limit. The health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state from the enhanced...
match rate for its medicaid-only managed care enrollees under section 2703.

(19) Effective January 1, 2014, the authority shall not pay monthly enhancements directly to federally qualified health clinics and rural health centers and shall instead include the full encounter payments in managed care contracts. The managed care contracts shall require the managed care plans to pay at least the full encounter payment to federally qualified health clinics and rural health centers. Managed care premiums shall be adjusted to reflect this increased payment. Effective January 1, 2015, the managed care premiums shall be calculated based on calendar year 2012 and 2013 federally qualified health clinic and rural health center utilization experience.

(20) The appropriations in this section reflect savings and efficiencies by transferring children receiving medical care provided through fee-for-service to medical care provided through managed care.

(21) The authority shall exclude antiretroviral drugs used to treat HIV/AIDS, anticancer medication that is used to kill or slow the growth of cancerous cells, antihemophilic drugs, and transplant drugs from fail first limitations implemented to operate within the appropriations provided in this section.

(22) The appropriations in this section reflect savings and efficiencies by modifying the dispensing methods of contraceptive drugs. The authority must make arrangements for all medicaid programs offered through managed care plans or fee-for-service to require dispensing of contraceptive drugs with up to a one-year supply provided at one time. Contracts with managed care plans must allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. Dispensing practices must follow clinical guidelines for appropriate prescribing and dispensing to ensure the health of the patient while maximizing access to effective contraceptive drugs.

(23) $90,000 of the general fund--state appropriation for fiscal year 2014, $90,000 of the general fund--state appropriation for fiscal year 2015, and $180,000 of the general fund--federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(24) $1,762,000 of the general fund--state appropriation for fiscal year 2014, $2,389,000 of the general fund--state appropriation for fiscal year 2015, $80,000 of the general fund-private/local appropriation, and $6,204,000 of the general fund--federal appropriation are provided solely for the medicaid and children's health insurance program share of costs allocated from the health benefit exchange. The amounts provided in this section are contingent on the health benefit exchange developing a self-sustaining methodology under which charges to enrollees and the state shall not exceed 1.8 percent of premiums paid.

(25) $92,000 of the general fund--state appropriation for fiscal year 2014, $92,000 of the general fund--state appropriation for fiscal year 2015, and $184,000 of the general fund--federal appropriation are provided solely for the authority to build and enhance a financial oversight system of medicaid managed care organizations and related costs. The authority's financial oversight system shall be able to monitor performance and financial data independently of outside organizations, have the systems and resources necessary to perform these functions, and understand how state and federal reforms will affect the state general fund.

(26) $213,000 of the general fund--state appropriation for fiscal year 2014, $565,000 of the general fund--state appropriation for fiscal year 2015, and $778,000 of the general fund--federal appropriation are provided solely to provide the mental health visit limit removal, shingles vaccine, and the screening, brief intervention, and referral to treatment benefits available in the medicaid alternative benefit plan to the current medicaid benefit plan beginning January 1, 2014. The authority shall monitor the habilitative benefit costs as part of the forecasting process but shall not provide this benefit in the current medicaid benefit without a direct appropriation in the omnibus appropriations act.

(27) $3,382,000 of the general fund--state appropriation for fiscal year 2014, $6,407,000 of the general fund--state appropriation for fiscal year 2015, and $20,901,000 of the general fund--federal appropriation are provided solely for the authority to restore adult dental restorative benefits beginning January 1, 2014. The authority shall not provide additional dental service benefits without a direct appropriation in the omnibus appropriations act.

(28) Within the amounts appropriated in this section, the health care authority shall consider services provided by rural health clinics associated with the alternative payment methodology number 2, alternative payment methodology number 3, and the calendar year 2009 managed care enhancement and fee-for-service encounter reconciliation as partial payment.

(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2013-14 and 2014-15 school years are determined using the formula-generated staff units provided in RCW 28A.150.260, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2013-14 and 2014-15 school year for the central office administrative costs of operating a school district, at the following rates:

(a) The total central office staff units provided in this subsection (5) are calculated by first multiplying the total number of eligible certificated instructional, certificated administrative, and classified staff units providing school-based or district-wide support services, as identified in RCW 28A.150.260(6)(b), by 5.3 percent.

(b) Of the central office staff units calculated in (a) of this subsection, 74.53 percent are allocated as classified staff units, as generated in subsection (4) of this section, and 25.47 percent shall be allocated as administrative staff units, as generated in subsection (3) of this section.

(c) Staff units generated as enhancements outside the program of basic education to the minimum requirements of RCW 28A.150.260, and staff units generated by skill center and career-technical students, are excluded from the total central office staff units calculation in (a) of this subsection.

(d) For students in approved career-technical and skill center programs, central office classified units are allocated at the same staff unit per student rate as those generated for general education students of the same grade in this subsection (5), and central office administrative staff units are allocated at staff unit per student rates that exceed the general education rate established for students in the same grade in this subsection (5) by 1.97 percent for career and technical education students, and 21.92 percent for skill center students.

(6) FRINGE BENEFIT ALLOCATIONS

Fringe benefit allocations shall be calculated at a rate of 18.68 percent in the 2013-14 school year and 18.68 percent in the 2014-15 school year for certificated salary allocations provided under subsections (2), (3), and (5) of this section, and a rate of 20.95 percent in the 2013-14 school year and 20.95 percent in the 2014-15 school year for classified salary allocations provided under subsections (4) and (5) of this section.

(7) INSURANCE BENEFIT ALLOCATIONS

Insurance benefit allocations shall be calculated at the rate specified in section 504 of this act, resulting from the incremental changes specified in section 504 of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section; and

(b) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

(a)(i) MSOC funding for general education students are allocated according to the following per student rates:

EDUCATION

MSOC/STUDENT FTE

(ii) The total MSOC allocations provided in (a)(i) of this subsection are an enhancement above maintenance level by the following inflation adjusted amounts: $83.65 for the 2013-14 school year and $500.42 for the 2014-15 school year. The enhanced MSOC allocation for the 2014-15 school year represents full funding of school districts' reported actual costs for the 2011-12 school year, adjusted for inflation.

(b) Students in approved skill center programs generate per student FTE MSOC allocations which equal the per student FTE rate for general education students established in (a) of this subsection.

(c) Students in approved exploratory and preparatory career and technical education programs generate a per student MSOC allocation of $931.64 for the 2013-14 school year and $1,072.87 for the 2014-15 school year. Values reflect school districts' reported actual costs for the 2011-12 school year, adjusted for inflation.

(d) Students in laboratory science courses generate per student FTE MSOC allocations according to the per student FTE rate for general education students established in (a) of this subsection.

(9) SUBSTITUTE TEACHER ALLOCATIONS

For the 2013-14 and 2014-15 school years, funding for substitute costs for classroom teachers is based on four (4) funded substitute days per classroom teacher unit generated under subsection (2) of this section, at a daily substitute rate of $151.86.

(10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

(a) Amounts provided in this section from July 1, 2013, to August 31, 2013, are adjusted to reflect provisions of chapter 34, Laws of 2011 1st sp. sess. (allocation of funding for funding for students enrolled in alternative learning experiences).
(b) Amounts provided in this section from September 1, 2013, through June 30, 2015, reflect provisions of Second Substitute Senate Bill No. 5794 (alternative learning experience courses).

(c) The superintendent of public instruction shall require all districts receiving general apportionment funding for alternative learning experience (ALE) programs as defined in WAC 392-121-182 to provide separate financial accounting of expenditures for the ALE programs offered in district or with a provider, including but not limited to private companies and multidistrict cooperatives, as well as accurate, monthly headcount and FTE enrollment claimed for basic education, including separate counts of resident and nonresident students.

11) VOLUNTARY FULL DAY KINDERGARTEN PROGRAMS

Funding in this section is sufficient to fund voluntary full day kindergarten programs in qualifying high poverty schools, pursuant to RCW 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls for the voluntary full-day program in a qualifying school shall count as one-half of one full-time equivalent student for purpose of making allocations under this section. Funding in this section provides full-day kindergarten programs for 30 percent of kindergarten enrollment in the 2013-14 school year, and 35 percent in the 2014-15 school year. Funding priority shall be given to schools with the highest poverty levels, as measured by prior year free and reduced price lunch eligibility rates in each school.

12) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND NECESSARY PLANTS

For small school districts and remote and necessary school plants within any district which have been judged to be remote and necessary by the superintendent of public instruction, additional staff units are provided to ensure a minimum level of staffing support. Additional administrative and certificated instructional staff units provided to districts in this subsection shall be reduced by the general education staff units, excluding career and technical education and skills center enhancement units, otherwise provided in subsections (2) through (5) of this section on a per district basis.

(a) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the superintendent of public instruction and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-twelfth of a certificated instructional staff unit for each additional student enrolled;

(b) For specified enrollments in districts enrolling more than twenty-five but no more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the superintendent of public instruction:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(c) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than other than other districts, except as noted in this subsection:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full-time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students;

(iii) Districts receiving staff units under this subsection shall add students enrolled in a district alternative high school and any grades nine through twelve alternative learning experience programs with the small high school enrollment for calculations under this subsection;

(d) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certified instructional staff unit;

(e) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit;

(f)(i) For enrollments generating certificated staff unit allocations under (a) through (e) of this subsection, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;

(ii) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit; and

(g) School districts receiving additional staff units to support small student enrollments and remote and necessary plants under subsection (12) of this section shall generate additional MSOC allocations consistent with the nonemployee related costs (NERC) allocation formula in place for the 2010-11 school year as provided section 502, chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for inflation.

(13) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(14) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2014 and 2015 as follows:

(a) $607,000 of the general fund--state appropriation for fiscal year 2014 and $617,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

(b) $436,000 of the general fund--state appropriation for fiscal year 2014 and $436,000 of the general fund--state appropriation for
fiscal year 2015 are provided solely for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.

(16) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(17) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment. In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the student achievement council, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(18) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (12) of this section, the following apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (12) of this section shall be reduced in increments of twenty percent per year.

(19) (a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed 15 percent of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and financial reporting purposes under this section.

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

(20) The office of the superintendent of public instruction shall review career and technical education and skill center programs' funding enhancement formulas, expenditure accounting systems, and reporting. The office will make recommendations for revising the funding formulas, including the possibility of conversion to a model that enhances basic education rates, potential revisions to accounting systems, and recommendations for improving reporting and transparency. The office shall submit recommendations to the appropriate fiscal committees of the legislature and the office of financial management by October 1, 2013.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION

(1) The following calculations determine the salaries used in the state allocations for certificated instructional, certificated administrative, and classified staff units as provided in RCW 28A.150.280 and under section 502 of this act:

(a) Salary allocations for certificated instructional staff units are determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP document 1; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district are determined based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 29, 2013, at 09:10 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on March 29, 2013, at 11:16 hours.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 18.04 percent for school year 2013-14 and 18.04 percent for school year 2014-15 for certificated instructional and certificated administrative staff and 17.45 percent for school year 2013-14 and 17.45 percent for the 2014-15 school year for classified staff.

(4) (a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(5) For the purposes of this section:
(a) "BA" means a baccalaureate degree.
(b) "MA" means a masters degree.
(c) "PHD" means a doctorate degree.
(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.
(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this part V, or any replacement schedules and documents, unless:
(a) The employee has a masters degree; or
(b) The credits were used in generating state salary allocations before January 1, 1992.
(7) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

NEW SECTION.  Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

The appropriations in this part are subject to the following conditions and limitations:
(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to all districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.
(b) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.
(c) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for classified staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.
(d) The appropriations in this subsection (1) include associated incremental fringe benefit allocations at 18.04 percent for the 2013-14 school year and 18.04 percent for the 2014-15 school year for certificated instructional and certificated administrative staff and 17.45 percent for the 2013-14 school year and 17.45 percent for the 2014-15 school year for classified staff.
(e) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.
(f) The appropriations in this section include no salary adjustments for substitute teachers.
(2) The maintenance rate for insurance benefit allocations is $768.00 per month for the 2013-14 school year and 18.04 percent for the 2014-15 school year and 18.04 percent for the 2014-15 school year and 17.45 percent for the 2013-14 school year and 17.45 percent for the 2014-15 school year for classified staff.
(3) The rates specified in this section are subject to revision each year by the legislature.
(4) The insurance benefit allocations reflect savings from assumed changes to health benefits eligibility criteria for part-time employees to align with the employer responsibility provisions of the federal affordable care act. Beginning July 1, 2014, employees with family incomes below 400 percent of the federal poverty level who are not offered employer health insurance coverage are eligible...

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit
provisions of the unit’s initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) There is hereby created a joint committee on employment relations, which consists of two members with leadership positions in the house of representatives, representing each of the two largest caucuses; the chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses; two members with leadership positions in the senate, representing each of the two largest caucuses; and the chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses. The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the (2011-2013) 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.) The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. (4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(2) The moneys deposited in the county criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (4) of this section, must be distributed at such times as distributions are made under RCW 82.44.150 and on the relative basis of each county's funding factor as determined under this subsection.

(a) A county's funding factor is the sum of:

(i) The population of the county, divided by one thousand, and multiplied by two-tenths;

(ii) The crime rate of the county, multiplied by three-tenths; and

(iv) Distributions and eligibility for distributions in the 1989-1991 biennium must be based on 1988 figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection. Future distributions must be based on the most recent figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection.

PART XII
HUMAN SERVICES

Sec. 1201. 2012 2nd sp.s c 7 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicaid integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2011-2013 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The health care authority and the department shall conduct an evaluation of the WMIP by October 15, 2012, and of the MICP measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(b) (Effective January 1, 2013) If Washington has been selected to participate in ((phase two)) a financial capitation model of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicare may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting
directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ((2012)) 2013, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year ((2012)) 2013 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ((2012)) 2013 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicare personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds.

(7)(a) The juvenile rehabilitation administration shall administer a block grant, rather than categorical funding, of consolidated juvenile service funds, community juvenile accountability act grants, the chemical dependency disposition alternative funds, the mental health disposition alternative, and the sentencing disposition alternative for the purpose of serving youth adjudicated in the juvenile justice system. In making the block grant, the juvenile rehabilitation administration shall follow the following formula and will prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for moderate and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency disposition alternative; and (vi) two percent for the mental health and sentencing dispositional alternatives. Funding for the special sex offender disposition alternative (SSODA) shall not be included in the block grant, but allocated on the average daily population in juvenile courts. Funding for the evidence-based expansion grants shall be excluded from the block grant formula. Funds may be used for promising practices when approved by the juvenile rehabilitation administration and juvenile courts, through the community juvenile accountability act committee, based on the criteria established in consultation with Washington state institute for public policy and the juvenile courts.

Initial members will include one juvenile court representative from the finance committee, the community juvenile accountability act committee, the risk assessment quality assurance committee, the executive board of the Washington association of juvenile court administrators, the Washington state center for court research, and a representative of the superior court judges association; two representatives from the juvenile rehabilitation administration headquarters program oversight staff, two representatives of the juvenile rehabilitation administration regional office staff, one representative of the juvenile rehabilitation administration fiscal staff and a juvenile rehabilitation administration division director. The committee may make changes to the formula categories other than the evidence-based program and disposition alternative categories if it is determined the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost benefit savings to the state. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(d) The juvenile courts and administrative office of the courts shall be responsible for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts will work collaboratively to develop program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(8) The juvenile courts and administrative office of the courts shall collect and distribute information related to program outcome and provide access to these data systems to the juvenile rehabilitation administration and Washington state institute for public policy. Consistent with chapter 13.50 RCW, all confidentiality agreements necessary to implement this information-sharing shall be approved within 30 days of the effective date of this section. The agreements between administrative office of the courts, the juvenile courts, and the juvenile rehabilitation administration shall be executed to ensure that the juvenile rehabilitation administration receives the data that the juvenile rehabilitation administration identifies as needed to comply with this subsection. This includes, but is not limited to, information by program at the statewide aggregate level, individual court level, and individual client level for the purpose of the juvenile rehabilitation administration providing quality assurance and oversight for the locally committed youth block grant and associated funds and at times as specified by the juvenile rehabilitation administration as necessary to carry out these functions. The data shall be provided in a manner that reflects the collaborative work the juvenile rehabilitation administration and juvenile courts have developed regarding program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(9) The Washington association of juvenile court administrators and the juvenile rehabilitation administration, in consultation with the community juvenile accountability act advisory committee and the Washington state institute for public policy, shall analyze and review data elements available from the administrative office of the courts for possible integration into the evidence-based program quality assurance plans and processes. The administrative office of the courts, the Washington association of juvenile court administrators, and the juvenile rehabilitation administration shall provide information necessary to complete the review and analysis. The Washington association of juvenile court administrators and the juvenile rehabilitation administration shall report the findings of their review and analysis, as well as any recommendations, to the legislature by December 1, 2012.

1. COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2012) .......... $3,019,734,000
General Fund--State Appropriation (FY 2013) ...... ($3,234,319,000)
General Fund--Federal Appropriation .................. $3,231,690,000
General Fund--Federal Appropriation .......... ($4,493,593,000)
General Fund--Federal Appropriation ........($4,493,593,000)
General Fund--Private/Local Appropriation ......... $17,864,000
Hospital Safety Net Assessment Fund--State ........ $3,951,500

General Fund--Hospital Safety Net Assessment Fund--State .... $20,191,000
The appropriations in this subsection are subject to the following conditions and limitations:

(a) $109,342,000 of the general fund--state appropriation for fiscal year 2012 and $109,341,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for persons and services not covered by the Medicaid program. This is a reduction of $4,348,000 each fiscal year from the non-Medicaid funding that was allocated for expenditure by regional support networks during fiscal year 2011 prior to supplemental budget reductions. This $4,348,000 reduction shall be distributed among regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) $6,590,000 of the general fund--state appropriation for fiscal year 2012, $6,590,000 of the general fund--state appropriation for fiscal year 2013, and $7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of Medicaid and non-Medicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under Medicaid.

The department may allow regional support networks which have non-Medicaid reimbursable costs that are higher than the non-Medicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) $5,850,000 of the general fund--state appropriation for fiscal year 2012, $5,850,000 of the general fund--state appropriation for fiscal year 2013, and $1,300,000 of the general fund--federal appropriation are provided solely for the Western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at Western State Hospital.

(d) The number of non-forensic beds allocated for use by regional support networks at Eastern State Hospital shall be 557 per day. The number of non-forensic beds allocated for use by regional support networks at western State Hospital shall be 457 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of Medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(g) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(h) $750,000 of the general fund--state appropriation for fiscal year 2012 and $750,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(i) $1,125,000 of the general fund--state appropriation for fiscal year 2012 and $1,125,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at Eastern State Hospital. Such services shall include:

(ii) High intensity treatment teams for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at Eastern State Hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(j) $1,529,000 of the general fund--state appropriation for fiscal year 2012 and $1,529,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(k) Regional support networks may use local funds to earn additional federal Medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide Medicaid state plan or waiver services to Medicaid clients.

Additional, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional Medicaid match, but only to the extent that the application of such funds to Medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for Medicaid.

(l) Given the recent approval of federal Medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(m) $750,000 of the general fund--state appropriation for fiscal year 2012, $750,000 of the general fund--state appropriation for fiscal year 2013, and $1,500,000 of the general fund--federal appropriation are provided solely to adjust regional support network capitation rates to account for the per diem rates actually paid for psychiatric care provided at hospitals participating in the certified public expenditure program operated pursuant to section 213 of this act.

(n) The appropriations in this section reflect efficiencies to be achieved through voluntary consolidation of regional support networks in accordance with Substitute House Bill No. 2139 (regional support networks). The department shall charge regional support networks expected to result in administrative efficiencies and maximize dollars available for direct services to individuals with mental illnesses without corresponding increases in state appropriations.

(e) The appropriations in this section reflect efficiencies to be achieved through enactment of Substitute Senate Bill No. 6492 (competency to stand trial). These efficiencies are expected to enable the hospitals to substantially increase the timeliness with which evaluations of defendant competency to stand trial are completed, and treatment to restore competency is initiated, without corresponding increases in state appropriations.

(f) $56,000 of the general fund--state appropriation for fiscal year 2013 and $52,000 of the general fund--federal appropriation are provided solely for staffing costs associated with implementation of Engrossed Second Substitute House Bill No. 2536 (children services/delivery). (a) The appropriations in this subsection are subject to the following conditions and limitations: In accordance with RCW 43.20B.110, 43.135.055, and 71.24.035, the department is authorized to increase license and certification fees in fiscal years 2012 and 2013 to support the costs of the regulatory program. The fee schedule increases must be developed so that the maximum amount of additional fees paid by providers statewide in the 2011-2013 fiscal biennium is $446,000. The department's fee schedule shall have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. (b) $19,000 of the general fund--state appropriation for fiscal year 2012, $17,000 of the general fund--state appropriation for fiscal year 2013, and $34,000 of the general fund--federal appropriation are provided solely to support a partnership among the department of social and health services, the department of health, and agencies that deliver medical care and behavioral health services in Cowlitz county. Sec. 1205. 2012 2nd sp.s. c 7 s 205 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM
(1) COMMUNITY SERVICES

General Fund--State Appropriation (FY 2012).............$405,412,000
General Fund--State Appropriation (FY 2013).............($420,327,000)
................................................. .................................. $411,060,000
The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) Amounts appropriated in this subsection reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(c) Amounts appropriated in this subsection are sufficient to develop and implement the use of a consistent, statewide outcome-based contract for employment and other training services by July 1, 2012. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) $944,000 of the general fund--state appropriation for fiscal year 2012, $944,000 of the general fund--state appropriation for fiscal year 2013, and $1,888,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270, the state shall contribute to the multiemployer health benefits trust fund $2.21 per paid hour worked by individual providers.

(e) $1,329,000 of the general fund--state appropriation for fiscal year 2012, $1,622,000 of the general fund--state appropriation for fiscal year 2013, and $2,947,000 of the general fund--federal appropriation are provided solely for the state’s contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. Contributions are funded at $0.22 per benefit-eligible paid hour worked by all home care workers. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training-related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreement upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (1)(e). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(f) $104,669,000 of the general fund--state appropriation for fiscal year 2013 and $104,669,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

(g)(i) Within the amounts appropriated in this subsection, the department shall revise the current working age adult policy to allow clients to choose between employment and community access activities. Clients age 21 and older who are receiving services through a home- and community-based medicaid waiver shall be offered the choice to transition to a community access program after nine months of enrollment in an employment program, and the option to transition from a community access program to an employment program at any time. The department shall inform clients and their legal representatives of all available options for employment and day services. Information provided to the client and the client’s legal representative shall include the types of activities each service option provides, and the amount, scope, and duration of service for which the client would be eligible under each service option. An individual client may be authorized for only one service option, either employment services or community access services. Clients may not participate in more than one of these services at any given time.

(ii) The department shall work with counties and stakeholders to strengthen and expand the existing community access program. The program must emphasize support for the client so they are able to participate in activities that integrate them into their community and support independent living and skills.

(iii) The appropriation in this subsection includes funding to provide employment or community access services to 168 medicaid eligible young adults with developmental disabilities living with their families who need employment opportunities and assistance after high school graduation.

(h) $75,000 of the general fund--state appropriation for fiscal year 2012 and $75,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the restoration of direct support to local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

(i) In accordance with Engrossed Substitute House Bill No. 1277 (licensed settings for vulnerable adults), adult family home license fees are increased in fiscal years 2012 and 2013 to support the costs of conducting licensure, inspection, and regulatory programs.

(i) The current annual renewal license fee for adult family homes shall be increased to $100 per bed beginning in fiscal year 2012 and $175 per bed beginning in fiscal year 2013. Adult family homes shall receive a corresponding vendor rate increase per medicaid patient day of $0.22 in fiscal year 2012 and $0.43 in fiscal year 2013, or the amount necessary to fully fund the license fee increase for publicly funded beds, pursuant to the most recent bed estimates maintained by the department.

(ii) Beginning in fiscal year 2012, a processing fee of $2,750 shall be charged to each adult family home when the home is initially licensed. This fee is nonrefundable.

(j) Clients with developmental disabilities have demonstrated a need and a desire for a day services program as verified by over 900 clients currently accessing day programs through a long-term care service model. In addition, every individual, to include those with a developmental disability, should have the opportunity for meaningful employment which allows them to contribute to their communities and to become as self-sufficient as possible. Providing choice empowers recipients of publicly funded services and their families by expanding their degree of control over the services and supports they need.
The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) $721,000 of the general fund--state appropriation for fiscal year 2012 and $721,000 of the general fund--state appropriation for fiscal year 2013 are for the department to fulfill its contracts with the school districts under chapter 28A.190 RCW to provide transportation, building space, and other support services as are reasonably necessary to support the educational programs of students living in residential habilitation centers.

(2) PROGRAM SUPPORT

General Fund--State Appropriation (FY 2012) ...............$1,382,000
General Fund--State Appropriation (FY 2013) .............($1,366,000)
General Fund--Federal Appropriation ......................($1,319,000)

TOTAL APPROPRIATION ..................................($4,067,000)

(4) SPECIAL PROJECTS

General Fund--State Appropriation (FY 2012) ...............$4,634,000
General Fund--State Appropriation (FY 2013) .............($4,553,000)
General Fund--Federal Appropriation ......................($9,588,000)
General Fund--Private/Local Appropriation .............($998,000)

TOTAL APPROPRIATION ..................................($9,791,000)

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The department shall work with legislators and stakeholders to develop a new approach to employment and day services. The objective of this plan is to ensure that adults with developmental disabilities have optimum choices, and that employment and day offerings are comprehensive enough to meet the needs of all clients currently served on a home and community based waiver. The proposal shall be submitted to the 2012 legislature for consideration and shall be constructed such that a client ultimately receives employment, community access, or the community day option but not more than one service at a time. The proposal shall include options for program efficiencies within the current employment and day structure and shall provide details on the plan to implement a consistent, statewide outcome-based vendor contract for employment and day services as specified in (c) of this subsection.

(b) $721,000 of the general fund--state appropriation for fiscal year 2012 and $721,000 of the general fund--state appropriation for fiscal year 2013 are for the department to fulfill its contracts with the school districts under chapter 28A.190 RCW to provide transportation, building space, and other support services as are reasonably necessary to support the educational programs of students living in residential habilitation centers.

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed $170.37 for fiscal year 2012 and shall not exceed $171.43 for fiscal year 2013, including the rate add-ons described in (a) and (b) of this subsection. However, if the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, the weighted average nursing facility payment rate shall not exceed $159.87 for fiscal year 2012 and shall not exceed $160.93 for fiscal year 2013. There will be no adjustments for economic trends and conditions in fiscal years 2012 and 2013.

The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) The department shall use a person-centered approach in developing the discharge plan to assess each resident's needs and identify services the resident requires to successfully transition to the community or another residential habilitation center. The department is authorized to use any savings from this effort for the purpose of developing community resources to address the needs of clients with developmental disabilities who are in crisis or in need of respite. The department shall track the costs and savings of closing Frances Haddon Morgan Center and any investments into community placements and resources. The department shall provide a fiscal progress report to the legislature by December 5, 2011.
(b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2012, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2012, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(e) If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, (b), (c), and (d) of this subsection do not apply.

(2) After examining actual nursing facility cost information, the legislature finds that the medicaid nursing facility rates calculated pursuant to Engrossed Substitute Senate Bill No. 5581 (nursing home payments) provide sufficient reimbursement to efficiently and economically operating nursing facilities and bear a reasonable relationship to costs.

(3) In accordance with chapter 74.46 RCW, the department shall issue no additional certificates of capital authorization for fiscal year 2012 and no new certificates of capital authorization for fiscal year 2013 and shall grant no rate add-ons to payment rates for capital improvements not requiring a certificate of need and a certificate of capital authorization for fiscal years 2012 and 2013.

(4) The long-term care program may develop and pay enhanced rates for exceptional care to nursing homes for persons with traumatic brain injuries who are transitioning from hospital care. The cost per patient day for caring for these clients in a nursing home setting may be equal to or less than the cost of caring for these clients in a hospital setting.

(5) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(6) $1,883,000 of the general fund--state appropriation for fiscal year 2012, $1,883,000 of the general fund--state appropriation for fiscal year 2013, and $3,766,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. Contributions are funded at $0.22 per benefit-eligible paid hour worked by all home care workers. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (7). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(8) $338,550,000 of the general fund--state appropriation for fiscal year 2013 and $338,550,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

(9) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(10) The department shall eliminate the adult day health program under the state plan 1915(i) option and shall reestablish it under the long-term care home and community-based waiver.

(11) $4,588,000 of the general fund--state appropriation for fiscal year 2012, $4,559,000 of the general fund--state appropriation for fiscal year 2013, and $9,237,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons who are older adults or who have co-occurring medical and behavioral disorders and who have been discharged or diverted from a state psychiatric hospital. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment.

To further this legislative intent, the state health care authority shall develop a plan to implement a consolidated health benefits' system for K-12 employees for the 2013-14 school year. The health care authority shall deliver a report to the legislature by December 15, 2011, that sets forth the implementation plan to the ways and means committees of the house of representatives and the senate.

(vii) Recommendations regarding the implementation of a new K-12 employee benefit plan, with separate options for voluntary participation and mandatory statewide participation;
(viii) Recommendations regarding methods to reduce inequities between individual and family coverage;
(ix) Consolidation of the purchasing and budget accountability for school employee benefits to maximize administrative efficiency and leverage existing skills and resources; and
(x) Other details the health care authority deems necessary, including but not limited to recommendations on the following:

(A) Approaches for implementing the transition to a statewide pool, including administrative and statutory changes necessary to ensure a successful transition, and whether the pool should be separate from, or combined with, the public employees' benefits pool;

(B) The structure of a permanent governing group to provide ongoing oversight to the consolidated pool, in a manner similar to the public employees benefits board functions for employee health benefits, including statutory duties and authorities of the board; and

(C) Options for including potential changes to: Eligibility standardization, the public employees benefits risk pools, the movement of school employee retirees into the new K-12 pool or pools, and the movement of educational service district employees into the new K-12 pool or pools.

(ii) Staffing and administration for benefits purchasing shall be provided by the health care authority; and

Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to, reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

In determining financial eligibility for medicaid-funded services, the health care authority is authorized to
The health care authority shall continue the limit. The health care authority shall apply federal rules for identifying the medicaid cost limit and/or the medicare upper payment limit. The health care authority's discretion. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

The health care authority shall continue the inpatient hospital certified public expenditures program for the 2011-2013 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2011, and by November 1, 2012, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2012 and fiscal year 2013, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2011-13 biennial operating appropriations act and in effect on July 1, 2011, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2011-13 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested.

The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services. For children with family incomes above 200 percent of the federal poverty level in the state-funded children's health program for children who are not eligible for coverage under the federally funded children's health insurance program, premiums shall be set every two years in an amount equal to the average state-only share of the per capita cost of coverage in the state-funded children's health program for children in families with incomes at or less than two hundred percent of the federal poverty level. Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under
