Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees.

As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under
the Washington medicaid integration partnership (WMIP) and the medicaid integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of “available resources” as set forth in RCP 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

(7)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2014, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2014 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2014 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(g) $5,850,000 of the general fund--state appropriation for fiscal year 2014, and $5,850,000 of the general fund--state appropriation for fiscal year 2015, and $1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(h) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.
(j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) $3,436,000 of the general fund--state appropriation for fiscal year 2014 and $2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(l) $523,000 of the general fund--state appropriation for fiscal year 2014, $775,000 of the general fund--state appropriation for fiscal year 2015, and $854,000 of the general fund--federal appropriation are provided solely for implementation of sections 3 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). (n) $5,986,000 of the general fund--state appropriation for fiscal year 2014, $11,592,000 of the general fund--state appropriation for fiscal year 2015, and $10,160,000 of the general fund--federal appropriation are provided solely for implementation of chapter 335, Laws of 2013 (ESSB 5480). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(o) Due to recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(p) The legislature finds that the circumstances of the Chelan-Douglas regional support network (CD-RSN) make it necessary for CD-RSN to undergo restructuring in order to provide mental health services essential to the health and wellness of the citizens within its service area. The legislature intends to provide additional temporary financial relief to the CD-RSN while it undergoes internal restructuring or negotiates a merger with another regional support network.

The department shall negotiate relief for outstanding fiscal year 2013 reimbursements owed by CD-RSN to the state provided that the CD-RSN has a plan in place that is approved by the department by August 1, 2013, that demonstrates how CD-RSN will maintain financial viability and stability or will merge with another regional support network.

For the period of July 1, 2013, through December 31, 2013, the department may alter collection of reimbursement from CD-RSN for overuse of state hospital beds. To receive a reduction to the required reimbursement for overuse of state hospital beds, CD-RSN must continue to prioritize services that reduce its utilization and census at eastern state hospital and be actively implementing an approved plan to maintain financial viability or pursuing a future merger with another regional support network. Up to $298,000 of the general fund--state appropriation for fiscal year 2014 is for the department to provide payments to regional support networks in eastern Washington which have used less than their allocated or contracted patient days of care at the state hospital to replace the share of the reimbursements from CD-RSN that the regional support networks would have received under RCW 71.24.320.

(q) $266,000 of the general fund--state appropriation for fiscal year 2014 ((ii)) and $1,500,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to maintain services for the King county regional support network as it works to transition services to settings that are eligible for federal participation for individuals covered under the medicaid program.

(r) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in T.R. v. Dreyfus and Porter.

(s) $7,281,000 of the general fund--state appropriation for fiscal year 2015 and $4,589,000 of the general fund--federal appropriation are provided solely for enhancement of community mental health services. The department must contract these funds for the operation of community programs in which the department determines there is a need for capacity that allows individuals to be diverted or transitioned from the state hospitals including but not limited to: (i) Community hospital or free standing evaluation and treatment services providing short-term detention and commitment services under the involuntary treatment act to be located in the geographic areas of the King regional support network, the Spokane regional support network outside of Spokane county, and the Thurston Mason regional support network; (ii) one new full program of an assertive community treatment team in the King regional support network and two new half programs of assertive community treatment teams in the Spokane regional support network and the Pierce regional support network; and (iii) three new recovery support services programs in the Grays Harbor regional support network, the greater Columbia regional support network, and the north sound regional support network. In contracting for community evaluation and treatment services, the department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated regional support network for any of the services identified above, it may consider contracting for that service in another regional support network that has the need for such service.

JOURNAL OF THE SENATE 2014 REGULAR SESSION
The appropriations in this section are subject to the following conditions and limitations:

1. The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the Medicaid expansion under subsection (1) of this section.

2. The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

3. The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States Internal Revenue Service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

4. Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under 1115 Medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

5. The legislature finds that Medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

6. The legislature affirms that it is in the state's interest for Harborview Medical Center to remain an economically viable component of the state's health care system.

7. When a person is ineligible for Medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for Medicaid, using state-only funds to the extent necessary.

8. $4,261,000 of the general fund--appropriation for fiscal year 2014, $4,261,000 of the general fund--appropriation for fiscal year 2015, and $8,522,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments.

9. $400,000 of the general fund--federal appropriation for fiscal year 2014, $200,000 of the general fund--state appropriation for fiscal year 2015, and $600,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments to rural hospitals certified by the centers for Medicare and Medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011 that do not participate in the certified public expenditures program. The authority shall discontinue these payments after January 1, 2015.

10. $50,000 of the general fund--federal appropriation for fiscal year 2015 are provided solely for disproportionate share hospital payments to rural hospitals in Clallam County that were certified by the Centers for Medicare and Medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments after January 1, 2015.

11. $100,000 of the general fund--state appropriation for fiscal year 2015 and $100,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments beginning on January 1, 2015, to rural hospitals in Lewis County that were certified by the Centers for Medicare and Medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments after June 30, 2015.

12. $150,000 of the general fund--state appropriation for fiscal year 2015 is provided solely for grants to rural public hospitals in Grant County that were certified by the Centers for Medicare and Medicaid services as sole community hospitals as of January 1,
2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments after June 30, 2015.

(13) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicare cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicare costs and the medicare upper payment limit.

The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. $11,928,000 of the general fund--state appropriation for fiscal year 2014 and $14,821,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for state grants for the participating hospitals.

The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

$170,000 of the general fund--state appropriation for fiscal year 2014, $121,000 of the general fund--state appropriation for fiscal year 2015, and $292,000 of the general fund--federal appropriation are provided solely to implement Engrossed Substitute House Bill No. 1519 (service coordination organizations) and Second Substitute Senate Bill No. 5732 (behavioral health services). If neither of the bills is enacted by June 30, 2013, the amounts provided in this subsection shall lapse.

section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At no time will a managed care organization be at risk for or have any claim to the supplemental payment portion of the rate which will be reconciled to ensure accurate payment and full pass through of the obligated funds. For any services eligible for encounter payments, as defined in the medicaid state plan, managed care organizations shall be required to pay at least the full published encounter rates directly to each clinic or center, and payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority. At the option of any clinic, the enhancement payment can be received from the managed care organization on a per member per month basis for all assigned managed care enrollees in an amount prescribed by the authority. Nothing in this section is intended to disrupt mutually agreeable contractual arrangements between managed care organizations and clinics that impact how the standard payment for services is paid. The authority will require participating managed care organizations to reimburse federally qualified health centers and rural health clinics for clean claims in strict adherence to the timeliness of payment standards established under contract and specified for the medicaid fee-for-service program in section 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42 C.F.R. HOUSE BILL NO. 2585, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Fain, the Senate advanced to the seventh order of business.

PERSONAL PRIVILEGE

Senator Baumgartner: “Well, we have three very special members of the Senate who are unfortunately not going to be returning next year and, speaking of some of the colleagues on the other side of the aisle, and was hoping we might say a few words about each of them. I know a lot of people might like to speak and not wanting to be selfish and not wanting to take too much time. I would just say a few words about Senator Holmquist Newbry and then pass on the opportunity to others if that would be alright Mr. President?”

REPLY BY THE PRESIDENT

President Owen: “It’s your Point of Personal Privilege sir.”

PERSONAL PRIVILEGE

Senator Baumgartner: “Thank you. Well, I am and many and all of us are going to greatly miss Senator Janea Holmquist Newbry. She has been both a friend and a mentor to my class to 2010. Each and every day, a bright light with a positive spirit. I think of many of us know, she’s been a pretty consistent ‘No’ vote on any taxes and fees that come before the Legislature and I think she’s just been an outstanding Senator for her district. One of the things that’s really impressed me is her ability as well to pragmatically get, things done despite her strong conservative principal. So, Janea, you will be greatly missed but I know this will not be the end of your ability to impact all of us as a hopefully as a law maker and as a friend Senator Kline and Senator Eide, it’s sincerely been an honor for me to serve with each of you. I don’t want to take any time from your colleagues and others that would say that but thank you.”

PERSONAL PRIVILEGE
Senator Hargrove: “Thank you Mr. President. Yes, we have three members that are leaving us and they’re all special to me in different ways. First, Janea, I’m going to miss you a bunch and I would like to specifically mention a little bill that we worked on last year that I dropped the day before cut-off. Loggers safety initiative which you heard, passed and went clean through the Legislature. It’s going to mean a huge amount to loggers that are, they get up to four bucks off their loggers safety, loggers premium at L & I. That was amazing. Drop a bill in, and, poor there it goes. Goes all the way through. I really, really appreciate you working on that. I love your cheery face and stick-to-itnessness on that ‘No’ on some of those things. But, believe you me, I will be calling you when you get to Congress. So, we have a few bills to get out, Adam, I served for years on Judiciary with you. It was one of the most fun committees I was ever on. I particularly liked the day that you left to testify on another bill of yours, when you came back, executive session was done. That was really fun but you had a great dedication to your issues and working those through and though some of the hearings that we had the bills weren’t ever going any place but I really appreciate your hard work on those things. The way you go through detail on everything and this year we worked together on the drone bill and I really appreciate that. Tracey, sweetheart, this is going to be really hard. We have been here for a long time together. I don’t know how good I had it when I was chairing a policy committee and you were floor leader and any bill I wanted went to my committee. That was really a sweet deal. So, we’ve had a few discussions about bill referrals this year and let me tell you, we’ve really stretched the envelope on some things. You know, you’ve really been a great friend, a great confidant. We’ve cried together, we’ve prayed together and we’ve shared hugs when things happy have happened and when things sad have happened. Going to miss you a whole bunch. Hopefully I’ll visit you and play a little golf up at your cabin. Tracey, it’s just going to be really hard to not have you around next year. Thanks for serving.”

PERSONAL PRIVILEGE

Senator Sheldon: “Mr. President, I had the great pleasure of serving with all three of these members as well but in both caucuses. I have a little bit different perspective but I have to first, I’ll make it quick because I know a lot of people want to speak. Janea, Senator Holmquist Newbry, one name comes to mind when I think about your committee and what a wonderful job you have done with that committee and that is a person that a few of us served with but wish all of us could of served with and his name was Jim Madsen. A tremendous person and I got to know him as a committee Chair. It was late in his career and he was a wonderful, wonderful person. You also are a wonderful person and the way you treated everyone in the committee and the way you run that committee. Senator Eide, we served together in the House as well, over here and I’ve always enjoyed working with you. I can say sometimes it was a little tough to get my bill up on the floor sometimes when you were floor leader but you were always on a mission and you always strived to do the best job you could for everyone. I have to say about Senator Kline. Senator Kline, you and I have often been adversaries on the floor. And this is something that probably only Senator Kline and I both know that, if you watch TVW lately, you saw Senator Kline and what he did in his first job out of school working with individuals in Mississippi and working with the Mississippi Freedom Party. I was at the convention, the Democratic Convention in 1964 and Senator Kline had a lot of memories about that as I do too. Another unknown fact around here that Senator Kline and I both worked for Columbia Legal Services one time and we didn’t know each other then. I was doing a consulting contract with Indian Tribes and Adam had just gotten here to Seattle. So, when I was going through some stuff at home I found an old roster of the personnel at Columbia Legal Services, Greg Daleara was the Director at that time and Adam and I actually worked together on liberal causes. I know you won’t quit Adam, I know you’ll never quit so good to all three of you. Thank you.”

PERSONAL PRIVILEGE

Senator Fraser: “Thank you Mr. President. Well, this is a night of fond farewells for many of us. Two of our members who are departing I’ve worked with for many years and Senator Holmquist Newbry only a few but I would like to express my appreciation to her. She chaired one of the most, the busiest committees we have here, busy and complex and she always treated my limited number of bills there with respect and full consideration. I greatly appreciated that. Senator Kline, I will certainly miss, hope to see you around, and he’s certainly to me the epitome of caring about justice. I think that underlies everything he does with all bills and is most appropriate that he has chaired the Law & Justice or the Judiciary Committee or whichever name we gave to it that year. So, Senator Kline, it’s just been a great pleasure. Senator Eide, we’ve served together a long time too. You’ve certainly been a huge leader on education, getting the simple majority constitutional amendment through after twelve or more years and then your cell phone bills. They spawned, it’s a huge achievement, but they spawned the best floor speeches we’ve ever had. So, I encourage everybody to look those up on TVW. Of course, transportation for all she has championed during the last couple of years. And then her years as floor leader, if you look at the photo collage we gave her. My favorite picture is the one when she was sitting in that seat over there and so many people were talking to her about I want my bill, I want my bill that somebody put crime scene tape around there to protect her space. So, that was fun. So, I thank Senator Eide, Senator Kline and Senator Holmquist Newbry for their commitment to working well here in the Senate.”

PERSONAL PRIVILEGE

Senator Becker: “Thank you Mr. President. Well, I too want to say a fond farewell and I want to start with Adam Kline. You know on the inauguration I ran into, my husband and I were walking through the building and here came Adam Kline and he said, ‘How in the hell did you get elected?’ He said, ‘We thought no one would be in this position’ and so that was introduction to Adam Kline. Then he served on the Health Care Committee and when he’d ask a question of course with all of his legal background I’d look at him and say, ‘What did you just say?’ So, I will miss and you’ve always wanted to come out to the place and talk and you are invited in your time off. You’ll have time and I hope to do that. Senator Eide, Tracey Eide, we sat next to each other in Transportation my first year and I was afraid too much but under my breath I’d say something and one time they were talking about how much it was going to cost to paint the ferries and I mumbled under my breath, ‘I could paint them for a lot less than that.’ She said, ‘Me to.’ So we’ve laughed about that from the very beginning and I really, it was a way to get to know you and she would encourage me to say some things when I was afraid to. I really have to tell how much I appreciated that. Then comes Janea, and Janea sat next to me and the very beginning and I really, it was a way to get to know you and she would encourage me to say some things when I was afraid to. I really have to tell how much I appreciated that. Then comes Janea, and Janea sat next to me and the very first, I was first to vote my first two years and I had never experienced it and I said, ‘I don’t know what to do’ and she said, ‘When you want to say ‘Aye’ say ‘Aye’, when you want to say ‘Nay’ say ‘Nay’ and my first vote was ‘yes.’ She was my, she was the person that
helped me more than anyone and I will tell a quick story and I’m not going to keep everybody but I won’t forget when Senator Parlette, Senator Stevens, Senator Holmquist at that point in time and this person got in Senator Parlette’s car on a break rolled down the windows, had Creedence Clearwater Revival just blaring out the window and we’re all singing and we ran into all sorts of people that were waving at us and we were waving at them, you thought we were teenagers. So, Janea, I wish you the very best in your future and each and every one of you, God Bless and enjoy your retirements.”

PERSONAL PRIVILEGE

Senator Padden: “Well, I just want to say a few words about each of the three that are leaving and although Senator Eide we weren’t on too many committees, I don’t think we were ever on a committee together but I say when I first came here in 2011 in November we had the special session and you were running the floor. I always admired how competent and what a great job you did on managing the floor which isn’t an easy job. I mean we know, we have Senator Pain here, we know it’s not an easy job. Anyway, you were outstanding and always pleasant to work and we shared some common interest as far as legal field in the judiciary. Then Janea, I’ve always admired you. Sometimes looked back to make sure there wasn’t some fee bill I was voting for that I shouldn’t have. Anyway, your positive outlook and spark and cheerfulness really light up a whole room, certainly are such a positive thing for me. So, we appreciate it. You have a great tradition there following Senator Hochstatter in the Thirteenth District, I think you represented your district very, very well. And then Senator Kline, we’ve had a unique relationship because probably there aren’t too many issues we agree on but every so often you know, the left and the right meet and we met on the drone bill. I enjoyed working that bill with you very much this year and other bills and we were able to get a lot of things done both when you ran the Judiciary Committee and as a Ranking Member on Law & Justice. So, I’m going to miss all three of you and I thank you all for your service to the citizens of the state.”

PERSONAL PRIVILEGE

Senator Conway: “Thank you. I just want to say goodbye to Janea. We have fought so many fights both in the House and Senate on so many bills that I’m going to miss her, alright. Commerce & Labor is one of those committees where you’re on one side or the other and you tend to have a lot of fights. We go back a long ways, actually to the days when Cathy McMorris was Chairing the House Commerce & Labor Committee. Certainly that’s when Janea left the Senate I think and came over here. So, it’s been great working with you here in the Senate at well. Good luck and we wish you well. Some of my other good friends here on the floor, we go back a long way to ’93 when it was the year of the woman in the House. Of course, there are a number of women here today who were part of that group. I always remember that whole year, that was an interesting year, that someone, I’m a historian, some need to write down the memories of that particular year, ’93 and ’94 when there were so many women that got elected in that election. One of my fondest memories of that is we all use to end sine die, since we’re here on sine die by singing ‘Amazing Grace.’ Recall that? We all would line up and have a great, I know the President wouldn’t like that idea but it was a great event for us and I think we will always remember that. Adam, you know you and I have worked on many issues together. You and I have always fought the worker rights issues here.

We’re going to miss you in many, many ways. Your championing of those issues go back a long, long ways even before you got here to Olympia so best of luck in your retirement. Thank you.”

PERSONAL PRIVILEGE

Senator Hobbs: “Mr. President, I too am going to miss these three fine Senators. Senator Holmquist, you know we’ve teamed up several times on several bills if you recall and you compromised on several of them. Thank you very much but we forged some really good legislation. We did some reforms here in the State of Washington that helped businesses out. Tracey, Senator Eide, you’re a mentor to me. I’m going to miss you. You know your transportation. I’ve got some big shoes to fill and just have your phone near you so I can call you and I won’t call while I’m driving. I won’t do that or I just won’t tell you, actually. Adam, I’m going to save the best for last because I actually have a bunch of funny stories of Adam Kline who by the way if he offers to door bell in your district, think long and hard about it. I’m glad he did to tell the truth because this is a true story, Adam, I don’t know if you remember this, I got two of them. So, one time the south part of my district and I just door belled a house of these two, they had jet skis in the front and Adam, I know your hard of hearing so your voice raises quite a bit. I coming out, he goes, ‘Jet skis, those are horrible for the environment.’ So, I just go to my voter list and go, ‘Well, I just lost those two votes there.’ Another occasion we come to this cul-de-sac and I’m talking to this couple in there. They like me because you know I voted against that liberal agenda and Adams right there. I go, ‘Well, Adam Kline a State Senator from Seattle and I vote against his liberal agenda all the time.’ Thank you for being a prop for me, I really appreciate that. So, Adam, thank you so much. You took the time to go to my district and doorbell that means a lot to me. I’m going to miss all three of you. I wish you well. Janea, I hope there’s no millionaires in your race. It’s a real downer when that happens. So, thank you very much, call me anytime. I’m going to miss you guys.”

PERSONAL PRIVILEGE

Senator Eide: “Well, it’s been eighteen years. Time flies when you’re having fun. Served with Governor Lowry, Governor Locke, Governor Gregoire, Governor Inslee and I’ve learned a lot from each and every one of them. I can tell you something today though. I have been in Governor Inslee’s office more times than I have with all the other ones combined working on this transportation package. We tried. There are a few people that I really want to thank. Lieutenant Governor, your number one. I have learned so much from you. You were my mentor. You taught me how to run the floor. The decorum, the manners and every day that I went up to that rostrum I said good morning, you are a dear friend. You taught me everything I knew about the floor. Keith Buchholz, Tom Hoemann, I know he’s in Arizona but both of them I have to thank. Keith I know I unloaded on you a lot. I tell you what, I vented a lot but you kept me on task and you know what? I still love your swear bear. I went to find myself one of those. Heather, Heather Lewis-Lechner, Claire Hesselholt, Lyset Cadena, those three women are the smartest women I know. Heather is a parliamentary guru. Claire Hesselholt, you ask her a question about budget and she knows it. Lyset, she was my right hand woman for transportation and I could not have done it without her. Ken, I didn’t get up to speak when, Hello. When everybody else did because I had you in my notes. I know that you used to be a constituent of mine when I had Edgewood at one time. It’s been a long time ago but I tell you what, all the years sat there you smiled. Look at your smile. That’s the one thing I will
never forget. It was always fun. You made it fun and I wish you the very best. Enjoy your retirement with your lovely wife and retire for good this time okay. It’s hard for you to quit. I know there’s always something you got going but I wanted to say thank you for serving and sitting up there for the longest time and saying all of our names and keeping that smile on. Mr. Peter F. Dodds. You know who he is? He’s been with me for eighteen years. He’s my LA. You never would find a more devoted individual. Somebody that works his tail off and has my back. You can’t ask for anything better than that. I can tell you what, the highest compliment I can give him is every one of my girlfriends wanted a Mr. Peter F. Dodds because I’d call him and he was always there and they’d go, ‘Can I have a Mr. Dodds?’ He’s a hard one to leave. He’s so loyal. Last but not least is my husband. He’s here tonight, my daughter was here a little bit earlier. Where are you? I would not be standing here serving the people of Washington State if it was not for that man. Joanna and Mathew, I know you’re at home watching me, love you both. I want grandchildren. I’m serious. I’m hoping I’m not going to drive Mark to distraction, drive you crazy going home. I’m looking forward to it, honey. I have to say thank you very much to my constituents of the Thirtieth District. Eighteen years I’m standing here and I still humbled and I am still honored to serve the people of the Thirtieth Legislative District. There’s no feeling like that, to know people trust you to represent them and don’t you ever forget who brought you to the dance and that’s what Senator Julia Patterson always said. Don’t forget who brought you to the dance. So, I could sit here and talk all night about every Senator but I want each and every one of you to know that it’s been an honor and a pleasure serving with each and every one of you. You have enriched my life and I thank you so much.

REMARKS BY THE PRESIDENT

President Owen: “Mark, I know your back there getting a big hug right now. Mark, we still expect about two dozen roses every February. Four dozen then. Well, we’re not quite as important as you know who.”

PERSONAL PRIVILEGE

Senator Kohl-Welles: “Thank you Mr. President. Well, I’d also like to make a couple of comments about the departure of our three very dear friends. It occurred to me especially this session knowing that some people are going to be leaving that we are really a family here. I mean we really get to know one another, some more than others if we’ve not known them as long. But, I’ll tell you, I think we have a lot of characters in this body. I mean we could look at any of us and think oh my, she is really a character or he is really a character. I mean Adam. Isn’t he a character? But love our characters. I’m sure I’ve viewed as a character too but with Adam he’s just been so much fun and all the stories we could all tell about what goes on but we really can’t tell here in public air waves. But everyone of us has a heart, a soul, wonderful dedication to our constituents, we all do it in a little bit of a different way but these three fine Senators have really touched so many lives in so many ways and all of us too. Janea was my Ranking Member when I had the Senate Labor & Commerce Committee, it’s now the Commerce & Labor Committee and we had totally different views on most things but we really managed to work well together and plan for the committee meetings. I just adored her. I’m just going find it so enjoyable to watch her career as she goes on to Congress. It’s going to be wonderful and it’s been so wonderful to see you as a new mother. It’s just been so great. Adam of course as I was saying has been a wonderful friend and colleague and came to us ‘Mothers Against Drunk Driving’ and some of us knew him when he was a lobbyist before that before coming to us. You have just been great, I’m going to miss you terribly Adam. Tracey. Tracey and I, Lisa Brown and Julie Patterson would stay at the old Golden Gavel Hotel on Capital Way. Its named something different. Golden Navel we used to call it. I mean the times that we have had over so many years sometimes really been outrageous. But I want to show one picture of Tracey Eide. Now you know when she was Floor Leader she’s always been like this, and like this and like this and somebody on staff and I’m not sure who it was made some depictions of a lot of us. I have mine in my office I think I’m a futuristic super woman. It’s pretty entertaining but Tracey’s was so perfect. She’s in a Seahawk uniform throwing the football and this was actually a pose from the Senate floor when she was Majority Floor Leader directing all of us in terms of what’s going on. So, this I think this is a real memory and I’m going to keep it. I was going to give it to you but I think I’ll keep it because it’s great but I love them all.”

MOTION

MOTION

Senator Angel moved that the following striking amendment by Senator Angel and others be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.22.179 and 2012 c 90 s 1 are each amended to read as follows:

(1) In addition to the surcharge authorized in RCW 36.22.178, and except as provided in subsection (2) of this section, an additional surcharge of ten dollars shall be charged by the county auditor for each document recorded, which will be in addition to any other charge allowed by law.  ((From July 1, 2009, through August 31, 2012, and from July 1, 2015, through June 30, 2017, the surcharge shall be thirty dollars.)) From September 1, 2012, through June 30, (2015) 2019, the surcharge shall be forty dollars.  The funds collected pursuant to this section are to be distributed and used as follows:

(a) The auditor shall retain two percent for collection of the fee, and of the remainder shall remit sixty percent to the county to be deposited into a fund that must be used by the county and its cities and towns to accomplish the purposes of chapter 484, Laws of 2005, six percent of which may be used by the county for administrative costs related to its homeless housing plan, and the remainder for programs which directly accomplish the goals of the county's local homeless housing plan, except that for each city in the county which elects as authorized in RCW 43.185C.080 to operate its own local homeless housing program, a percentage of the surcharge assessed under this section equal to the percentage of the city's local portion of the real estate excise tax collected by the county shall be transmitted at least quarterly to the city treasurer, without any deduction for county administrative costs, for use by the city for program costs which directly contribute to the goals of the city's local homeless housing plan; of the funds received by the city, it may use six percent for administrative costs for its homeless housing program.

(b) The auditor shall remit the remaining funds to the state treasurer for deposit in the home security fund account.  The department may use twelve and one-half percent of this amount for administration of the program established in RCW 43.185C.020, including the costs of creating the statewide homeless housing strategic plan, measuring performance, providing technical assistance to local governments, and managing the homeless housing grant program.  Of the remaining eighty-seven and one-half percent, at least forty-five percent must be set aside for the use of private rental housing payments, and the remainder is to be used by the department to:

(i) Provide housing and shelter for homeless people, including, but not limited to: Grants to operate, repair, and staff shelters; grants to operate transitional housing; partial payments for rental assistance; consolidated emergency assistance; overnight youth shelters; grants and vouchers designated for victims of human trafficking and their families; and emergency shelter assistance; and

(ii) Fund the homeless housing grant program.

(2) ((The surcharge imposed in this section applies to documents required to be recorded or filed under RCW 65.04.030(1) including, but not limited to: Full reconveyance; deeds of trust; deeds; liens related to real property; release of liens related to real property; notice of trustee sales; judgments related to real property; and all other documents pertaining to real property as determined by the department. However, the surcharge does not apply to (a) assignments or substitutions of previously recorded deeds of trust, or (b) documents recording a birth, marriage, divorce, or death or any documents otherwise exempted from a recording fee under state law.

(3) By August 31, 2012, the department shall submit to each county auditor a list of documents that are subject to the surcharge established in subsection (1) of this section.

(4) If section 2, chapter 90, Laws of 2012 is not enacted into law by July 31, 2012, section 1, chapter 90, Laws of 2012 is null and void.)) The surcharge imposed in this section does not apply to (a) assignments or substitutions of previously recorded deeds of trust, (b) documents recording a birth, marriage, divorce, or death, (c) any recorded documents otherwise exempted from a recording fee or additional surcharges under state law, (d) marriage licenses issued by the county auditor, or (e) documents recording a state, county, or city lien or satisfaction of lien.

Sec. 2. RCW 43.185C.060 and 2007 c 427 s 6 are each amended to read as follows:

The home security fund account is created in the state treasury, subject to appropriation. The state's portion of the surcharge established in RCW 36.22.179 and 36.22.1791 must be deposited in the account. Expenditures from the account may be used only for homeless housing programs as described in this chapter. If an independent audit finds that the department has failed to set aside at least forty-five percent of funds received under RCW 36.22.179(1)(b) after the effective date of this section for the use of private rental housing payments, the department must submit a corrective action plan to the office of financial management within thirty days of receipt of the independent audit. The office of financial management must monitor the department's corrective action plan and expenditures from this account for the remainder of the fiscal year. If the department is not in compliance with RCW 36.22.179(1)(b) in any month of the fiscal year following submission of the corrective action plan, the office of financial management must reduce the department's allotments from this account and hold in reserve status a portion of the department's appropriation equal to the expenditures made during the month not in compliance with RCW 36.22.179(1)(b).

Sec. 3. RCW 43.185C.240 and 2012 c 90 s 2 are each amended to read as follows:

(1) As a means of efficiently and cost-effectively providing housing assistance to very-low income and homeless households:

(a) Any local government that has the authority to issue housing vouchers, directly or through a contractor, using document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, or 36.22.1791 must:

(i) Maintain an interested landlord list, which at a minimum, includes information on rental properties in buildings with fewer than fifty units;

(ii) Update the list at least once per quarter;

(iii) Distribute the list to agencies providing services to individuals and households receiving housing vouchers;

(iv) Ensure that a copy of the list or information for accessing the list online is provided with voucher paperwork; and

(E) ((Use reasonable best efforts to)) Communicate and interact with landlords and tenant associations located within its jurisdiction to facilitate development, maintenance, and distribution of the list to private rental housing landlords. The department must make reasonable efforts to ensure that local providers conduct outreach to private rental housing landlords each calendar quarter regarding opportunities to provide rental housing to the homeless and the availability of funds:
(ii) Using cost-effective methods of communication, convene, on a semiannual or more frequent basis, landlords represented on the interested landlord list and agencies providing services to individuals and households receiving housing vouchers to identify successes, barriers, and process improvements. The local government is not required to reimburse any participants for expenses related to attendance;

(iii) Produce data, limited to document recording fee uses and expenditures, on a calendar year basis in consultation with landlords represented on the interested landlord list and agencies providing services to individuals and households receiving housing vouchers, that include the following: Total amount expended from document recording fees; amount expended on, number of households that received, and number of housing vouchers issued in each of the private, public, and nonprofit markets; amount expended on, number of households that received, and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of other tenant-based rent assistance services provided in the private market. If these data elements are not readily available, the reporting government may request the department to use the sampling methodology established pursuant to (c)(iii) of this subsection to obtain the data; and

(iv) Annually submit the calendar year data to the department by October 1st, with preliminary data submitted by October 1, 2012, and full calendar year data submitted beginning October 1, 2013.

(b) Any local government receiving more than three million five hundred thousand dollars during the previous calendar year from document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, and 36.22.1791, must apply to the Washington state quality award program, or similar Baldridge assessment organization, for an independent assessment of its quality management, accountability, and performance system. The first assessment may be a lite assessment. After submitting an application, a local government is required to reapply at least every two years.

(c) The department must:

(i) Require contractors that provide housing vouchers to distribute the interested landlord list created by the appropriate local government to individuals and households receiving the housing vouchers;

(ii) (Using cost-effective methods of communication, annually convene local governments issuing housing vouchers, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers to identify successes, barriers, and process improvements. The department is not required to reimburse any participants for expenses related to attendance;

(iii) Convene a stakeholder group by March 1, 2017, consisting of landlords, homeless housing advocates, real estate industry representatives, cities, counties, and the department to meet to discuss long-term funding strategies for homeless housing programs that do not include a surcharge on document recording fees. The stakeholder group must provide a report of its findings to the legislature by December 1, 2017;

(iii) Develop a sampling methodology to obtain data required under this section when a local government or contractor does not have such information readily available. The process for developing the sampling methodology must include providing notification to and the opportunity for public comment by local governments issuing housing vouchers, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers;

(iv) Develop a report, limited to document recording fee uses and expenditures, on a calendar year basis ((iii)) that may include consultation with local governments, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers, that includes the following: Total amount expended from document recording fees; amount expended on, number of households that received, and number of housing vouchers issued in each of the private, public, and nonprofit markets; amount expended on, number of households that received, and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of eviction prevention services provided in the private market; the total amount of funds set aside for private rental housing payments as required in RCW 36.22.179(1)(b); and amount expended on and number of other tenant-based rent assistance services provided in the private market. The audit must review the department's performance in meeting all statutory requirements related to document recording surcharge funds including, but not limited to, the data the department collects, the timeliness and quality of required reports, and whether the data and required reports provide adequate information and accountability for the use of the document recording surcharge funds. The audit must include recommendations for policy and operational improvements to the use of document recording surcharges by counties and the department. SIXTIETH DAY, MARCH 13, 2014
MESSAGE FROM THE HOUSE

March 13, 2014

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 6387 with the following amendment(s): 6387-S AMH KAGI H4553.2.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In conjunction with recent findings from the Washington state auditor's office, the legislature finds that there are thousands of state citizens who have been determined eligible for services through the department of social and health services' developmental disability administration. For those who have asked for help but are waiting for services, families may experience financial or emotional hardships. The legislature intends to clarify and make transparent the process for accessing publicly funded services for individuals with developmental disabilities and their families. The legislature intends to significantly reduce the number of eligible individuals who are waiting for services by funding additional slots and by implementing new programs that better utilize federal funding partnerships.

Sec. 2. RCW 71A.10.020 and 2011 1st sp.s. c 30 s 3 are each amended to read as follows:

As used in this title, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Assessment" means an evaluation is provided by the department to determine:
(a) If the individual meets functional and financial criteria for medicaid services; and
(b) The individual's support needs for service determination.

(2) "Community residential support services," or "community support services," and "in-home services" means one or more of the services listed in RCW 71A.12.040.

(3) "Crisis stabilization services" means services provided to persons with developmental disabilities who are experiencing behaviors that jeopardize the safety and stability of their current living situation. Crisis stabilization services include:
(a) Temporary intensive services and supports, typically not to exceed sixty days, to prevent psychiatric hospitalization, institutional placement, or other out-of-home placement; and
(b) Services designed to stabilize the person and strengthen their current living situation so the person may continue to safely reside in the community during and beyond the crisis period.

(4) "Department" means the department of social and health services.

(5) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual. By January 1, 1989, the department shall promulgate rules which define neurological or other conditions in a way that is not limited to intelligence quotient scores as the sole determinant of these conditions, and notify the legislature of this action.

(6) "Eligible person" means a person who has been found by the secretary under RCW 71A.16.040 to be eligible for services.

(7) "Habilitation services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and to raise their levels of physical, mental, social, and vocational functioning. Habilitative services include education, training for employment, and therapy.

(8) "Legal representative" means a parent of a person who is under eighteen years of age, a person's legal guardian, a person's limited guardian when the subject matter is within the scope of the limited guardianship, a person's attorney-at-law, a person's attorney-in-fact, or any other person who is authorized by law to act for another person.

(9) "Notice" or "notification" of an action of the secretary means notice in compliance with RCW 71A.10.060.

(10) "Residential habilitation center" means a state-operated facility for persons with developmental disabilities governed by chapter 71A.20 RCW.

(11) "Respite services" means relief for families and other caregivers of people with disabilities, typically not to exceed ninety days, to include both in-home and out-of-home respite care on an hourly and daily basis, including twenty-four hour care for several consecutive days. Respite care workers provide supervision, companionship, and personal care services temporarily replacing those provided by the primary caregiver of the person with disabilities. Respite care may include other services needed by the client, including medical care which must be provided by a licensed health care practitioner.

(12) "Secretary" means the secretary of social and health services or the secretary's designee.

(13) "Service" or "services" means services provided by state or local government to carry out this title.

(14) "State-operated living alternative" means programs for community residential services which may include assistance with activities of daily living, behavioral, habilitative, interpersonal, protective, medical, nursing, and mobility supports to individuals who have been assessed by the department as meeting state and federal requirements for eligibility in home and community-based waiver programs for individuals with developmental disabilities. State-operated living alternatives are operated and staffed with state employees.

(15) "Supported living" means community residential services and housing which may include assistance with activities of daily living, behavioral, habilitative, interpersonal, protective, medical, nursing, and mobility supports provided to individuals with disabilities who have been assessed by the department as meeting state and federal requirements for eligibility in home and community-based waiver programs for individuals with developmental disabilities. Supported living services are provided under contracts with private agencies or with individuals who are not state employees.

(16) "Vacancy" means an opening at a residential habilitation center, which when filled, would not require the center to exceed its biennially budgeted capacity.

(17) "Service request list" means a list of eligible persons who have received an assessment for service determination and their assessment shows that they meet the eligibility requirements for the requested service but were denied access due to funding limits.

Sec. 3. RCW 71A.16.050 and 1988 c 176 s 405 are each amended to read as follows:

The determination made under this chapter is only as to whether a person is eligible for services. After the secretary has determined under this chapter that a person is eligible for services, the individual may request an assessment for eligibility for medicaid programs and specific services administered by the developmental disabilities administration. The secretary shall make a determination as to what services are appropriate for the person. The secretary shall prioritize services to medicaid eligible clients. Services may be made available to nonmedicaid eligible clients based on available funding. Services available through the state medicaid plan must be provided to those individuals who meet the eligibility criteria.
The department shall establish and maintain a service request list database for individuals who are found to be eligible and have an assessed and unmet need for programs and services offered under a home and community-based services waiver, but the provision of a specific service would exceed the biennially budgeted capacity.

NEW SECTION.  Sec. 4. The department of social and health services shall develop and implement a medicaid program to replace the individual and family services program for medicaid-eligible clients no later than May 1, 2015. The new medicaid program must offer services that closely resemble the services offered in fiscal year 2014 through the individual and family services program. To the extent possible, the department shall expand the client caseload on the medicaid program replacing the individual and family services program. The department is authorized in fiscal year 2015 to use general fund—state dollars previously provided for the individual and family services program to cover the cost of increasing the number of clients served in the new medicaid program.

NEW SECTION.  Sec. 5. By June 30, 2017, if additional federal funds through the community first choice option are attained, then the department of social and health services shall increase the number served on the medicaid program replacing the individual and family services program by at least four thousand, and increase by at least one thousand clients receiving services on the home and community-based services basic plus waiver. To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute Senate Bill No. 6129 entitled:

“AN ACT Relating to paraeducator development.”

This legislation directs the Public Educators Standards Board to convene a workgroup to design minimum employment standards, professional development, and an articulated career ladder leading to certification for paraeducators. It also requires the state’s community and technical colleges to incorporate cultural competency training into their paraeducator training programs and to these candidates the opportunity to earn transferrable credits.

Section 1 is an intent section that discusses various experiences of school paraeducators, and is not necessary to interpret or implement the substantive provisions of the bill.

For these reasons I have vetoed Section 1 of Substitute Senate Bill No. 6129.

With the exception of Section 1, Substitute Senate Bill No. 6129 is approved.

Respectfully submitted,
Jay Inslee, Governor

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 6458 entitled:

“AN ACT Relating to the office of the insurance commissioner and matters related to health care insurance.”

This bill requires the Insurance Commissioner to provide notice of proposed rulemaking on matters related to health care insurance to the health care committees of the Legislature and other interested parties. The bill also requires that in the event a “dispute” arises between the entities implementing the Affordable Care Act (ACA), the Governor convenes a meeting and report the results of the meeting to the legislature.

This bill, although helpful in getting the various parties in charge of implementing the Affordable Care Act (ACA) in Washington to better communicate with the legislature and each other, and to think of and come to solution oriented processes, it is ultimately unnecessary and unclear.

It is unnecessary because: (i) the Office of the Insurance Commissioner (OIC) already provides similar notice under the Administrative Procedure Act; and (ii) if disputes arise among the agencies implementing the ACA, my staff already use standing leadership team meetings that all the parties regularly attend to resolve issues. It is unclear because both provisions are included under the same subsection of the bill and the term “dispute” is undefined, making it ambiguous about whether it applies to only rulemaking or to any “dispute” related to implementation of the ACA.

However, in lieu of the bill, I am pleased the Insurance Commissioner has confirmed that it will communicate any rulemaking any interested party and it will work with the legislative chairs on an appropriate process.
I also find that a dispute resolution process would be helpful, so that is why I have asked the parties to agree to a Memorandum of Understanding (MOU) that details a clearer and more robust dispute resolution process than this bill requires, and a process that is more flexible and amendable for the future as might be necessary. The MOU details that disputes should first be resolved by the respective agency. If unresolved, the governor's office will develop a dispute resolution pathway that fits the particular issue or use the standing executive leadership team meeting to resolve the issue. If the issues remains unresolved, my staff will raise the issue with me and inform the legislative Joint Select Committee on Health Care Oversight. I am pleased that the various agencies have all agreed to the terms of the MOU.

I am also pleased to say that once again, Washington has demonstrated leadership in implementing the Affordable Care Act in a bi-partisan manner.

For these reasons I have vetoed Engrossed Senate Bill No. 6458 in its entirety.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
VETO ON ENGROSSED SENATE BILL NO. 5048

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 5048 entitled:

“AN ACT Relating to notice against trespass.”

This bill would make it easier for landowners to note the boundaries of their property for purposes of putting people on notice that they are trespassing onto private property. This includes using fluorescent orange paint marks on trees or posts on the property.

For this to be effective, the public needs a transition period to understand that a painted line on a tree means ‘no trespassing.’ Otherwise, we’re undermining the purpose of the bill. The bill is also unclear whether signs are required on land adjacent to access roads or just when an access road crosses onto private property.

Therefore, I am vetoing ESB 5048. I encourage the sponsors to consider a transition period for a subsequent bill to build public awareness of this change and clarify for landowners where signs are required in relation to access roads.

For these reasons I have vetoed Engrossed Senate Bill No. 5048 in its entirety.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 6128

April 2, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Senate Bill No. 6128 entitled:

“AN ACT Relating to the delivery of medication and services by unlicensed school employees.”

This legislation provides important guidance for school districts with regards to school employees assisting with nursing services and delivery of medications.
Section 1 is an intent section that discusses various experiences of school nurses and other employees, and is not necessary to interpret or implement the substantive provisions of the bill.

For these reasons I have vetoed Section 1 of Senate Bill No. 6128.

With the exception of Section 1, Senate Bill No. 6128 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO OF ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6552

April 3, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 207, Engrossed Second Substitute Senate Bill No. 6552 entitled:

"AN ACT Relating to improving student success by modifying instructional hour and graduation requirements."

Section 207 of the bill directs the Office of the Education Ombuds to convene a three-year task force on students with special needs to examine barriers to earning a diploma.

Later this week I will sign the 2014 supplemental budget, Engrossed Substitute Senate Bill No. 6002 which includes a similar directive for the Office of Education Ombuds. As that provision of the budget is implemented, it is important that my ombuds office work closely with the Office of the Superintendent of Public Instruction and stakeholders to improve education programs and support success for special education students—and all students. Section 207 creates unnecessary duplication.

For these reasons I have vetoed Section 207 of Engrossed Second Substitute Senate Bill No. 6552.

With the exception of Section 207, Engrossed Second Substitute Senate Bill No. 6552 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6001

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 201(5); 205(8); 206; 207(8); 208(13); 208(16); 213(7); 306(24); and 310(7)(a) and (b), page 66, line 29 through page 67, line 16, Engrossed Substitute Senate Bill No. 6001 entitled:

"AN ACT Relating to transportation funding and appropriations."

Section 201(5), pages 5-6, Traffic Safety Commission, Funding for Target Zero Task Forces

This section would require the Traffic Safety Commission to continue to provide funding to counties for target zero task forces during the 2013-15 biennium based on levels that were in place on January 1, 2014. The Commission has conducted an extensive Lean-based review of the most effective strategies for implementing traffic safety programs locally. The proviso would affect the Commission’s ability to allocate funding to achieve the greatest effect on safety. For this reason, I have vetoed Section 201(5).
The Traffic Safety Commission will continue to conduct stakeholder meetings in the counties that could be affected by this approach.

Section 205(8), pages 13-14, Transportation Commission, Statewide Transportation Plan

The Legislature provided funding for the Transportation Commission to complete the statewide transportation plan and fulfill current federal planning requirements by June 30, 2015. New federal rules will go into effect in the spring of 2016 and will require, among other things, an integrated performance measurement system. It is prudent to wait until the new federal regulations are released before updating the plan. For this reason, I have vetoed Section 205(8).

Section 206, page 14, Freight Mobility Strategic Investment Board, Appropriation Reduction

The proposed appropriation level reduces the Freight Mobility Strategic Investment Board’s (Board) 2013-15 biennial budget by $25,000. This reduction results in an appropriation insufficient to sustain current operations. For this reason, I have vetoed Section 206.

During the remainder of the biennium, the Board will maintain a staffing level of two (2) FTE’s after the current director retires. The Board will submit staffing and resource allocations for the ensuring biennium with its biennial budget submittal.

Section 207(8), page 16, Washington State Patrol, Security for United States Open

This proviso directs the Washington State Patrol (WSP) to coordinate and support local law enforcement at the United States Open national golf championship in Pierce County providing traffic control and “other activities” within its existing budget. WSP services for such a significant event are likely to require additional appropriations from the Legislature. For this reason, I have vetoed Section 207(8).

WSP will work with Pierce County to develop a plan with respective responsibilities and estimated costs for further consideration in the 2015 legislative session.

Section 208(13), page 20, Department of Licensing, Intermittent-Use Trailer License Plates (E2SHB 1902)

This proviso provides appropriation authority for the implementation of Engrossed Second Substitute House Bill 1902, intermittent-use trailer license plates. E2SHB 1902 did not pass, so this subsection is unnecessary. For this reason I have vetoed Section 208(13).

Section 208(16), page 20, Department of Licensing, Washington State Tree License Plates (EHB 2752)

The proviso provides appropriation authority for the implementation of Engrossed House Bill 2752 Washington state tree license plates. EHB 2752 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 208(16).

Section 213(7), page 30, Department of Transportation, Fish Barrier Removals (2SHB 2251)

This proviso directs the Department of Transportation to maximize available resources for eliminating fish passage barriers if Second Substitute House Bill 2251 did not pass. Second Substitute House Bill 2251 was approved during the 2014 legislative session, so this subsection is moot. For this reason, I have vetoed Section 213(7).

Section 306(24), pages 57-58, Department of Transportation, Quarry Road Transfer

This proviso directs the Department of Transportation to accept the transfer to the state highway system of Quarry Road. This proviso is unnecessary because the Department has reached agreement with Snohomish County to transfer Quarry Road to the state highway system. For this reason, I have vetoed Section 306(24).

Section 310(7)(a) and (b), page 66, line 29 through page 67, line 16, Department of Transportation, Rail cost-Benefit Methodology

This proviso directs the Department of Transportation (Department) to use a cost-benefit methodology tool developed in 2008 for rail projects, which is the existing standard for departmental operations in analyzing Freight Rail Investment Bank and Freight Rail Assistance Program Projects. Given this is current practice, there is no need to direct the Department to use this tool. For this reason, I have vetoed Section 310(7)(a) and (b), page 66, line 29 through page 67, line 16.
If for any reason a different approach is used, I am directing the Department to report to both the Office of Financial Management and legislative transportation committees about why it used an alternative approach.

For these reasons I have vetoed Section 201(5); 205(8); 206; 207(8); 208(13); 208(16); 213(7); 306(24); and 310(7)(a) and (b), page 66, line 29 through page 67, line 16 of Engrossed Substitute Senate Bill No. 6001.

With the exception of Sections 201(5); 205(8); 206; 207(8); 208(16); 213(7); 306(24); and 310(7)(a) and (b), page 66, line 29 through page 67, line 16 Engrossed Substitute Senate Bill No. 6001 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6002

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 103(11); 106, lines 13-16 and lines 22-28; 116(5); 125(14); 126; 135(9); 138(3); 140(3); 146(10); 202(15); 205(1)(1); 219(30); 220(3)(e); 502(21); 505(12); 505(13); 705, page 257, lines 23-24; 805, page 267, lines 32-38, and page 268, line 1; 805, page 268, line 11-38, and page 269, lines 1-15; 805, page 270, lines 12-16; 917; and 919, Engrossed Substitute Senate Bill No. 6002 entitled:

“AN ACT Relating to fiscal matters.”

Section 103(11), page 7, Joint Legislative Audit and Review Committee, Study of Medicaid Dispensing Methods

This proviso directs the Joint Legislative Audit and Review Committee to conduct an analysis of the assumed budget savings as a result of the state’s change to dispensing a one-year supply of contraceptive drugs for Medicaid recipients under Section 213, Chapter 4, Laws of 2013, 2nd Special Session. Individuals need convenient access to contraceptive drugs, as these drugs prevent unintended pregnancies and reduce Medicaid births. For this reason, I have vetoed Section 103(11).

The Health Care Authority will track savings resulting from dispensing a one-year supply of contraceptive drugs, and will report savings to the Office of Financial Management.

Section 106, page 8, lines 13-16 and lines 22-28, Office of the State Actuary, Actuarial Analysis of State Medicaid and PEB Programs

Funding is provided to the Office of the State Actuary to improve the Legislature’s access to independent and objective health care actuarial analysis for the state Medicaid and Public Employee Benefits programs. The funding provided includes federal funds that cannot be used for this purpose. For this reason, I have vetoed Section 106, page 8, lines 13-16 and lines 22-28.

However, I recognize the importance of legislative review and access to actuarial analyses. Therefore, I am directing the Health Care Authority to collaborate with the office of Financial Management, the Office of the State Actuary, and legislative staff on the establishment of health care rates. The Health Care Authority is further directed to include a requirement in actuarial services contracts that will require the vendor to provide information in response to questions from the Office of Financial Management, the Office of the State Actuary, and legislative staff.

Sections 116(5), page 17, Office of the Governor, Transfer of Special Education Ombuds

The appropriation in this section increases funding to the Governor’s Office of the Education Ombuds (OEO) for special education ombuds services currently provided by the Office of the Superintendent of Public Instruction (OSPI). Funding for the special education ombuds is removed from the OSPI budget in Section 505(12). OSPI is required to provide special education ombuds services to comply with federal law. Therefore, the transfer of funding for this function would result in a reduction in funding to OSPI without a corresponding reduction in responsibilities and workload. In addition, this section requires OSPI to enter into an interagency agreement with OEO to provide support for additional special education ombuds services using federal funds. OEO services are not an allowable use of federal funds. For these reasons, I have vetoed Section 116(5).
Section 125(14), page 27, Office of the Attorney General, Medical and Recreational Marijuana (E3SSB 5887)

This proviso provides appropriation authority for the implementation of Engrossed Third Substitute Senate Bill 5887, medical and recreational marijuana. E3SSB 5887 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 125(14).

Section 126, page 27, Caseload Forecast Council, Self-Insurance Premiums

This section reduces appropriations to the Caseload Forecast Council (CFC). Statewide adjustments for self-insurance premiums submitted to the Office of Financial Management (OFM) mistakenly included a $78,000 reduction for CFC. These premiums were already adjusted in the 2012 supplemental budget. As CFC is a small agency, the reduction is too large for the agency to absorb. For this reason, I have vetoed Section 126.

I am directing OFM to work with CFC to adjust allotments to levels consistent with the supplemental budget excluding the self-insurance premium reduction.

Section 135(9), page 44, Department of Revenue, Study of State Revenue Impact

This proviso directs the Department of Revenue (DOR) to consult with counties affected by the United States Open golf championship to estimate the additional state sales tax revenue attributable to the event. Large events around the state generate sales tax revenues for the state and local governments. This proviso establishes an unwise precedent of attempting to identify only state sales tax revenue attributable to a particular event. Further, no additional appropriation was provided to complete the study. As DOR must absorb more than $267,000 of implementation cost for various revenue-related measures passed by the 2014 Legislature, the agency cannot be expected to absorb additional costs for this study. For these reasons, I have vetoed Section 135(9).

Section 138(3), page 46, Office of the Insurance Commissioner, Insurance Company Solvency (SHB2461)

The proviso provides appropriation authority for the implementation of Substitute House Bill 2461, insurance company solvency. SHB 2461 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 138(3).

Section 140(3), page 47, Liquor control Board, Medical and Recreational Marijuana (E3SSB 5887)

This proviso provides appropriation authority for implementation of Engrossed Third Substitute Senate Bill 5887, medical and recreational marijuana. E3SSB 5887 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 140(3).

Section 146(10), page 53, Department of Enterprise Services, Small Agency Services and Printer Rates

This proviso directs the Department of Enterprise Services (DES) to revise central services rates charged to state agencies to reflect a transfer of Small Agency Client Services to the Office of Financial Management (OFM), the elimination of funding for Small Agency Human Resource Services, and establishment of the Print and Imaging program rates at levels sufficient to fully recover costs. I understand the legislative intent was not to eliminate services for small agencies, but to provide such services with a smaller budget. I am concerned about the unnecessary disruption of services for small agencies as a result of this proviso. For this reason I have vetoed Section 146(10).

However, to fully and responsibly capture the assumed budget savings for small agency services and accomplish the policy goal of setting printer rates at levels sufficient to recover all costs, I am directing DES and OFM to take the following actions.

- DES will provide both finance and human resource services to current small agency customers within the $1.845 million provided to OFM in the operating budget. DES may not use any other fund sources or projected fund balances from any of its operating accounts to provide small agency services. To maximize the use of limited resources, DES and OFM shall convene a meeting of small agency customers to receive their input on the structure, service offerings, and rates for small agency services in light of the reduced budget.
- DES shall immediately set its rates for the Print and Imaging program to full recover costs for the services provided to prevent any operating loss for the current and future fiscal years. By June 1, 2014, DES must submit to OFM a comparative rate sheet showing rates for the program as of April 1, 2014, and the new rates along with a long-term financial plan for the Print and Imaging program.

Section 202(15), page 63, Department of Social and Health Services, Children’s Long-Term Inpatient Program Placement Waitlist
This proviso provides appropriation authority for a rate add-on paid to residential facilities providing behavioral rehabilitation services (BRS) to youth who have been assessed as needing mental health services through the children’s long-term impatient program (CLIP). I am concerned that a rate add-on for this population will create an incentive to send youth served by BRS to CLIP, thereby driving up costs in CLIP and placing foster youth in unnecessarily restricted settings. For this reason, I have vetoed Section 202(15).

However, I recognize the need to review the level of funding provided to BRS agencies serving youth with psychological and psychiatric needs. Therefore, I am directing the Children’s Administration and the Behavioral Health and Integrated Services Administration to work with BRS providers over the interim to examine this issue and determine viable solutions.

Section 205(1)(1), pages 82-83, Department of Social and Health Services, Report from Developmental Disabilities Administration

This proviso directs the Department of Social and Health Services to meet with stakeholders and report to the Legislature by January 1, 2015, on fourteen key areas related to developmental disabilities. No funding was provided to the department for this work. For this reason, I have vetoed Section 205(1)(1).

The Developmental Disabilities Administration will be working with stakeholders in the development of the Individual and Family Services waiver and the Community First Choice Medicaid state plan revision. Therefore, many of the areas identified in the proviso will be discussed and addressed.

Section 219(30), page 139, Department of Health, Medical and Recreational Marijuana (E3SSB 5887)

This proviso provides appropriation authority for the implementation of Engrossed Third Substitute Senate Bill 5887, medical and recreational marijuana. E3SSB 5887 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 219(30).

Section 220(3)(e) page 149, Department of Corrections, Expanding Categories of Offenses Eligible for Community Parenting Alternative Program Within Department of Corrections (SB 6327)

This proviso provides appropriation authority for the implementation of Senate Bill 6327, expanding the categories of offenses eligible for the community parenting alternative program within the Department of Corrections, SB 6327 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 220(3)(e).

Section 502(21), page 205, Office of the Superintendent of Public Instruction, Federal Forest Revenue (E2SHB 2207)

This proviso provides appropriation authority for the purpose of Engrossed Second Substitute House Bill 2207, federal forest revenue. E2SHB 2207 partially eliminates the current state offset to state general apportionment funds for federal timber revenues paid to school districts. The calculation for the timber revenue offset includes federal funding allocated to school districts through the federal Secure and Rural Schools and Community Self-Determination Act (SRSAs). Federal authority to make SRSA payments expires at the end of federal fiscal year 2014.

Because the original 2013-15 state operating budget assumes no federal SRSA payments after September 30, 2014, underlying general apportionment appropriations are sufficient to fully fund apportionment payments to school districts without any offset for potential SRSA timber revenues to districts. Therefore, if the federal government reauthorizes SRSA beyond September 30, 2014, eligible school districts will receive the benefits of increase combined state and local funding under E2SHB 2207, and state general apportionment appropriations in this budget bill will be more than sufficient to fully fund state general apportionment without the appropriation provided in this subsection. The appropriation in this subsection is redundant. For this reason, I have vetoed Section 502(21).

Section 505(12) and Section 505(13), page 211, Office of the Superintendent of Public Instruction, Special Education Ombuds Services

Section 505(12) reduces appropriations for special education ombuds services at the Office of the Superintendent of Public Instruction (OSPI). Section 116(5) provides an increased appropriation to the Governor’s Office of the Education Ombuds (OEO) for these services. OSPI is required to provide the special education ombuds services to comply with federal law. Therefore, the transfer of funding for this function would result in a reduction in funding to OSPI without a corresponding reduction to responsibilities and workload. Section 505(13) requires OSPI to enter into an interagency agreement with OEO to provide support for additional special education ombuds services using federal funds. OEO services are not an allowable use of federal funds. For these reasons, I have vetoed Sections 505(12) and (13).

Section 705, page 257, lines 23-24, Disaster Response Account
This line item reduces General Fund-State appropriations into the Disaster Response Account by $1.5 million in fiscal year 2015 based on a projected excess fund balance. Earlier this year, it appeared the account would not need these funds. However, the tragic mudslide that occurred in Oso on March 22, 2014, will greatly strain these resources. The Military Department has activated the State Emergency Operation Center, and other state agencies are engaged in rescue and recovery efforts. For these reasons, I have vetoed Section 705, page 257, lines 23-24.

Section 805, page 267, lines 32-38, and page 268, line 1; Section 805, page 268, lines 11-38 and page 269, lines 1-15; Office of the State Treasurer, Revenue Transfers to Life Sciences Discovery Fund

These sections together transfer a total of $20 million from the Tobacco Settlement Account and the Life Sciences Discovery Fund to the Education legacy Trust Account. As a result of these transfers, funding for the Life Sciences Discovery Fund Authority (LSDFA) is effectively ended for the remainder of the 2013-15 biennium. The LSDFA has helped make Washington a global innovation leader in life sciences research. Returning this funding to the LSDFA will allow for the issuance of more than $15 million of new grants in the 2013-15 biennium on top of the nearly $92 million in grants already made, continue support for the Global Health Technologies and Products program, and cover necessary administrative costs. For this reason, I have vetoed Section 805, page 267, lines 32-38, and page 268, line 1; Section 805, page 268, lines 11-38 and page 269, lines 1-15.

I am aware that this veto reduces revenue to the Education Legacy Trust Account. However, this veto will not affect any education spending as there are sufficient resources in the budget to cover any projected shortfalls in the Education Legacy Trust Account in the 2015 supplemental budget.

I am not vetoing the legislative intent language for transfer of the strategic tobacco contribution payments in 2015-17 as it has no impact on returning $20 million to the LSDFA in 2013-15. The actual use of the 2015-17 strategic tobacco contributions payments will made in the 2015 legislative session. We look forward to working with the Legislature to continue some level of funding for the LSDFA into the future so we do not lose the value of this important and innovative research.

Section 805, page 270, lines 12-16, Office of the State Treasurer, Energy Freedom Account

Section 805 increases the transfer from the Energy Freedom Account to the state General Fund by $500,000 in fiscal year 2014 and by $500,000 in fiscal year 2015. The enacted biennial budget transfers $1 million from the Energy Freedom Account to the General Fund in each fiscal year. I am concerned about the uncertainty of when revenues will be deposited into the Energy Freedom Account. Current deposits are lower than anticipated. Vetoing the additional $1 million transfer in this section will ensure the account’s ending fund balance remains positive. For this reason, I have vetoed Section 805, page 270, lines 12-16.

Section 917, page 281, Transfer of Strategic Contribution Payments

This section authorizes the transfer of strategic contribution payments from the Tobacco Settlement Account to the Education Legacy Trust Account. As I have vetoed the transfers to the Education Legacy Trust Account in Section 805, the authority provided in this section is unnecessary. For this reason, I have vetoed Section 917.

Section 919, page 282, Account Transfers from Life Sciences Discovery Fund

This section authorizes the transfer of balances in the Life Sciences Discovery Fund to other state funds or accounts in the 2013-15 biennium. Because I have vetoed the transfers to the Education Legacy Trust Account in Section 805, the authority provided in this section is unnecessary. For this reason, I have vetoed Section 919.

I am not vetoing Section 123(2), which appropriates $300,000 from the State Auditing Services Revolving Account for a contract with a private firm to conduct an audit of the use of the state’s higher education accounts. However, I am concerned that the short time frame and lack of sufficient funding for such a comprehensive audit may act as a disincentive for firms to bid on the contract, thereby limiting the information the audit can provide for policy makers and budget writers. Unfortunately, a veto would eliminate the funding entirely and no audit would occur. I have therefore asked the State Auditor to use this limited funding and time frame to focus on the state’s largest public four-year institution and conduct a focused audit that meets the requirements of the proviso.

For these reasons I have vetoed Sections 103(11); 106, lines 13-16 and lines 22-28; 116(5); 125(14); 126; 135(9); 138(3); 140(3); 146(10); 202(15); 205(1)(1); 219(30); 220(3)(e); 502(21); 505(12); 505(13); 705, page 257, lines 23-24; 805, page 267, lines 32-38, and page 268, line 1; 805, page 268, lines 11-38, and page 269, lines 1-15; 805, page 270, lines 12-16; 917; and 919, of Engrossed Substitute Senate Bill No. 6002.

With the exception of Sections 103(11); 106, lines 13-16 and lines 22-28; 116(5); 125(14); 126; 135(9); 138(3); 140(3); 146(10); 202(15); 205(1)(1); 219(30); 220(3)(e); 502(21); 505(12); 505(13); 705, page 257, lines 23-24; 805, page 267, lines 32-38, and
MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6228

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill No. 6228 entitled:

“AN ACT Relating to transparency tools for consumer information on health care cost and quality.”

This bill requires that by 2016 health insurance carriers offer their members a host of good on-line tools with certain health care price and quality information. It complements my requested innovative health care purchasing bill, HB 2572. Together, I hope these bills help to transform the marketplace to make health care more affordable for Washingtonians.

Section 2 is an amendment to the original bill that includes nearly identical language as a section in HB 2572. This creates an unnecessary duplication in the law. In addition, the section in HB 2572 includes language that corresponds to the other health care purchasing innovations, so it is preferable to keep that language.

For these reasons I have vetoed Section 2 of Engrossed Substitute Senate Bill No. 6228.

With the exception of Section 2, Engrossed Substitute Senate Bill No. 6228 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6265

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 16 Engrossed Substitute Senate Bill No. 6265 entitled:

“AN ACT Relating to state and local agencies that obtain patient health care information.”

This bill is the result of a multi-year effort by stakeholders and legislators to consolidate and strengthen patient privacy protections and standards. It includes a Department of Health request bill for hospital data that are important for research and health improvement.

The measure establishes protocols for entities not covered by the Health Insurance Portability and Accountability Act – popularly known as HIPAA – if they inadvertently receive patient health information and prohibits them from disclosing the information. Among a number of provisions, the measure provides exceptions to the right of a patient to receive an accounting of all disclosures of information and records related to mental health that are the same as the exceptions for general health care information.

However, I am vetoing Section 16 due to an error that would create an ambiguity in law concerning how third-party payors share health care data necessary to process claim payments. The intent of the legislature was clearly to apply the same exception process for third-party payors as is available under chapter 70.02 RCW for health care providers, but Section 16 inadvertently deletes
“health care providers,” which is a critical cross-reference term to apply the exception. The ambiguity could be disruptive for many self-insured employers and their third-party payors.

I am grateful to Senator Frockt and Representative Cody for their outstanding work on this bill.

For these reasons I have vetoed Section 16 of Engrossed Substitute Senate Bill No. 6265.

With the exception of Section 16, Engrossed Substitute Senate Bill No. 6265 is approved.

Respectfully submitted,
Jay Inslee, Governor
