(d) Any state agency that has independent authority over accounts or funds not statutorily required to be held in the custody of the state treasurer that deposits funds into a fund or account in the custody of the state treasurer pursuant to an agreement with the office of the state treasurer shall receive its proportionate share of earnings based upon each account's or fund's average daily balance for the period.

POINT OF ORDER

Senator Liias: “Thank you Mr. President. I appreciate Senator Rossi has raised an interesting question and as I drafted the amendment I hadn’t considered that it might be outside the scope. So I don’t necessarily have an advocacy position, but I think it would be interesting to hear from you whether this amendment is within the scope and object of the bill? And since you are enforcing our rules, I want to make sure we follow our rules and I look forward to hearing what you decide.”

REMARKS BY SENATOR FAIN

Senator Fain: “Mr. President, I think Senator Liias has spoken enough for both of us and for the whole night.”

RULING BY THE PRESIDENT

President Habib: “In ruling upon the point of order raised by Senator Liias on the scope and object of Substitute Senate Bill 5533, the President finds and rules as follows:
Substitute Senate Bill 5533 prohibits entities who collectively bargain with the governor from making campaign contributions in support of or opposition to a gubernatorial candidate. The scope of the bill – defining collective bargaining and prohibiting..."
gubernatorial campaign expenditures from entities who collectively bargain with the governor – is narrow and specific. However, the object, or aim of the bill appears to be broader. Its purpose is to prevent a ‘pay to play’ scenario.

The amendment prohibits campaign contributions by anyone having business before an agency headed by any statewide elected executive officer, and prohibits the receipt of contributions by those agency heads.

This seems to fit within the bill’s object to prevent ‘pay to play;’ however, by adding other individuals and entities who do not engage in collective bargaining to the list of those who are prohibited from contributing to certain campaigns, and by adding campaigns other than gubernatorial campaigns to the list of those prohibited from receiving contributions from certain entities, the amendment exceeds the scope of the bill.

The President would like to take this opportunity to remind the members that it is much more difficult to find an amendment within the scope and object of a bill if the bill is drafted narrowly. For example, if this bill had provided three groups who were prohibited from contributing or receiving contributions, the addition of another group would likely have been within the scope, as one could then define the scope more broadly as a bill about who may make and receive campaign contributions.

For these reasons, the President finds that the amendment would change the scope of the bill, and the amendment is therefore out of order.”

MOTION

Senator Ranker moved that the following floor amendment no. 112 by Senator Ranker be adopted:

On page 16, line 14, after "governor" insert ", state office, or legislative office"

On page 16, line 18, after "governor" insert ", state office, or legislative office,"

On page 16, line 19, after "governor" insert ", state office, or legislative office"

On page 1, line 2 of the title, strike "gubernatorial"

POINT OF ORDER

Senator Fain: “Thank you Mr. President. It is my belief that Senator Liias believes that this is out of scope, asking for a ruling.”

REMARKS BY THE PRESIDENT

President Habib: “Senator Fain, did you want to make a statement?”

REMARKS BY SENATOR FAIN

Senator Fain: “Thank you Mr. President. In keeping with your previous ruling on the matter, I believe that this is consistent and applies to offices outside the Office of the Governor.”

REMARKS BY SENATOR RANKER

Senator Ranker: “Thank you Mr. President. Not only do I find that it could be out of scope, but I find that I could be out of order. So, the subject of the underlying Senate Bill No. 5533 is broadly related to the regulation of contributions that can be made and this amendment simply says that if we are going to do this with the Governor then we should do this with ourselves. The Legislature and all other elected officials should be having to go through the same sort of scrutiny and this is such an amusing debate that we should just stop right there.”

REMARKS BY THE PRESIDENT

President Habib: “You remained in order for nearly the entire time, Senator Ranker.”

REMARKS BY SENATOR RANKER

Senator Ranker: “One last thing, your previous ruling was quite confusing. I would strongly suggest that in the future you do not do verbal rulings but actually take the time to write them out for us.”

REPLY BY THE PRESIDENT

President Habib: “If you would like Senator Ranker, we could have everything written down for you to understand.”

RULING BY THE PRESIDENT

President Habib: “Consistant with the President’s ruling in respect to the previous amendment, this proposed amendment is within the object of the underlying bill but not within its scope.”

The Point of Order by Senator Fain was well taken and floor amendment no. 112 by Senator Ranker was ruled out of order.

MOTION

Senator Liias moved that the following floor amendment no. 114 by Senator Liias be adopted:

On page 16, line 14, after "governor" insert "or any other office in the line of succession under Article III, section 10 of the state Constitution"

On page 16, line 19, after "governor" insert "or any other office in the line of succession under Article III, section 10 of the state Constitution"

On page 1, line 2 of the title, after "for" strike "gubernatorial" and insert "certain statewide"

POINT OF ORDER

Senator Fain: “Thank you Mr. President. I believe consistent with previous rulings that this particular amendment may be out of scope.”

REMARKS BY SENATOR LIIAS

Senator Liias: “Thank you Mr. President. In your previous ruling you said that my previous amendment was within the object of the bill but not the scope because it addressed other relationships. This amendment addresses people that may be acting as Governor, so I believe that that is still more narrowly focused on the Governor and his relationships. And so I do have a question as to, because this amendment is more narrowly targeted, whether you believe that it falls, or you find that it falls within the scope of the underlying bill? So, I look forward to finding out the answer.”
President Habib: “I am going to give a little more explanation this time. The President finds that in keeping consistent with my previous rulings on this bill, Senator Liias’ amendment is within the object but not within the scope of the underlying bill. And to be clear, by the scope of the bill, I am referring to the nexus between collective bargaining units and the Governor, and so to be clear if there were a dynamic where a collective bargaining unit were negotiating with another executive office holder on labor contracts that would be arguably fall closer within scope or possibly within the scope, but that is not the nature of this amendment, therefore it is within the object but not the scope of the underlying bill.”

The Point of Order by Senator Fain was well taken and floor amendment no. 114 by Senator Liias was ruled out of order.

MOTION

Senator Billig moved that the following floor amendment no. 118 by Senator Billig be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 22. The legislature finds that the public has the right to know who is contributing to election campaigns in Washington state and that campaign finance disclosure deters corruption, increases public confidence in Washington state elections, and strengthens representative democracy.

The legislature finds that campaign finance disclosure is overwhelmingly supported by the citizens of Washington state as evidenced by the two initiatives that largely established Washington’s current campaign finance system. Both passed with over seventy-two percent of the popular vote, as well as winning margins in every county in the state.

The legislature finds that nonprofit organizations are increasingly engaging in campaign activities in Washington state and across the country, including taking a more active role in contributing to candidate and ballot proposition campaigns. In some cases, these activities are occurring without adequate public disclosure due to loopholes in campaign finance regulations.

The legislature finds that nonprofit organizations may form political committees using the funds contributed only by those members wishing to further the organization’s campaign activity. However, many members of nonprofit organizations wish to use the provisions of current law to anonymously contribute to campaign activity, frustrating the purposes of public disclosure laws.

Therefore, the legislature intends to increase transparency and accountability, deter corruption, and strengthen confidence in the election process by closing campaign finance disclosure loopholes and requiring the disclosure of contributions and expenditures by nonprofit organizations that participate significantly in Washington state elections.

NEW SECTION. Sec. 23. This act may be known and cited as the democracy is strengthened by casting light on spending in elections act of 2017 or the Washington state DISCLOSE act of 2017.

POINT OF ORDER

Senator Fain: “Thank you Mr. President. In keeping with your previous rulings about the scope and object, we believe this is outside the scope. Additionally, this is a piece of legislation that was in a separate bill and before this chamber. Another indication that it may be outside the scope of the underlying bill.”

REMARKS BY SENATOR BILLIG
Senator Billig: “Thank you Mr. President. Well I believe the striking amendment is well within the scope and object of the underlying bill. Senate Bill No. 5533 is broadly related to our campaign finance laws, the restrictions contained within those laws, and how campaign contributions can influence and impact our election. The underlying bill addresses nonprofit organizations, 501(c) organizations, subject to our campaign finance laws. The underlying bill addresses restrictions, including prohibitions on contributions and regulations for when independent expenditures are allowed. The underlying bill, which is called the Disclose Act, excuse me, the amendment is referred to as the Disclose Act. The underlying bill also imposes new administrative requirements through new accounting provisions for those making independent expenditures with the goal of increased transparency by requiring segregated accounting in order to avoid an all out ban on independent expenditures. And just like the underlying bill, this amendment addresses our campaign finance laws and intends to address how elections can be influenced by campaign contributions. And like the underlying bill, the amendment also creates restrictions on contributions and independent expenditures made by certain 501(c) organizations and makes administrative changes in order to address transparency in the form of reporting requirements. And for that reason Mr. President, I ask that you rule the proposed striker before us to be in order. Thank you.”

RULING BY THE PRESIDENT

President Habib: “In ruling upon the point of order raised by Senator Fain as to the scope and object of Substitute Senate Bill 5533, the President finds and rules as follows:

Substitute Senate Bill 5533 prohibits entities who collectively bargain with the governor from making campaign contributions in support of or opposition to a gubernatorial candidate. The scope of the bill – defining collective bargaining and prohibiting gubernatorial campaign expenditures from entities who collectively bargain with the governor – is narrow and specific. However, the object, or aim of the bill appears to be broader. Its purpose is to prevent a ‘pay to play’ scenario.

The striking amendment eliminates every provision in the bill and instead directs that certain nonprofits file statements with the PDC disclosing the largest contributors to their organizations.

The amendment appears to have no connection to the substitute bill other than the very broad subject of contributions to elections. There is not even a passing reference to collective bargaining. As such, the amendment is within neither the scope nor the object of the bill.

For these reasons, the President finds that the amendment does change the scope and object of the bill, and the amendment is therefore out of order.”

MOTION

On motion of Senator Rossi, the rules were suspended, Substitute Senate Bill No. 5533 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

REMARKS BY THE PRESIDENT

President Habib: “I am going to remind members, Senator Miloscia, I am going to remind you and other members, the Governor may not be a member of this body, but he is the chief executive of this state and it is a pretty large and serious allegation to say that he didn’t comply with the law. And so I know members are passionate about transparency, about good government, but I would urge senators to be extremely careful when impugning the actions and certainly the legality of the actions of our governor.”

Senator Kuderer spoke against passage of the bill.

POINT OF ORDER

Senator Padden: “Yes, Mr. President, could you please instruct the speaker to stay on the topic at hand, the bill, not another bill that is before the Legislature.”

REPLY BY THE PRESIDENT

President Habib: “Senator Kuderer, are you speaking to the bill?”

Senator Kuderer: “I am responding to the good senator from the ninth district, who connected the two, and I think I should have an opportunity to respond to the fact that he raised the levy lid in connection with his argument.”

President Habib: “If the passage you are quoting does not make that connection, then you should not read that passage. If you would like to make the connection and then pivot to your point, then please do that. Otherwise, reading that passage is not constructive to the debate.”

Senator Kuderer continued her remarks.

REMARKS BY THE PRESIDENT

President Habib: “Senator Kuderer, that is not topical. So please speak to the bill before us. The bill has to do with the Governor, collective bargaining, campaign finance, all of those things. That passage you are reading is not topical. You may continue your remarks.”

"NEW SECTION. Sec. 30. The purpose of this chapter is to: Provide statewide uniform regulation for transportation network companies within the state of Washington, encourage technological innovation, and preserve and enhance access to important transportation options for residents and visitors to Washington state.

NEW SECTION. Sec. 31. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1) "Digital network" means any online-enabled technology application service, web site, or system offered or utilized by a transportation network company that enables the prearrangement of rides with transportation network company drivers.

2) "Local law enforcement officer" means, for purposes of enforcement, any person authorized by a municipality or county, as applicable, to carry out enforcement activities under this chapter.

3) "Municipality" means a city, town, or code city with a certificate of incorporation, or township created by an act of the state.

4) "Prearranged ride" means the provision of transportation or a trip by a transportation network company driver to a transportation network company rider, beginning when a transportation network company driver accepts a ride requested by a transportation network company rider through a digital network controlled by a transportation network company, continuing while the transportation network company driver transports the transportation network company rider, and ending when the last transportation network company rider departs from the transportation network company vehicle. "Prearranged ride" does not include: (a) Transportation provided by a taxi, limousine, motor carrier as defined in RCW 81.80.010, or other for hire transportation service, taxicab transportation service, or provided under chapter 46.72 or 81.72 RCW; (b) a shared expense carpool or vanpool arrangement or service as defined as ride sharing in RCW 46.74.010; (c) transportation provided by an auto transportation company as defined in RCW 81.68.010; or (d) transportation provided by metropolitan public transportation as defined in RCW 35.58.020.

5) "Transportation network company" means a corporation, partnership, sole proprietorship, or other entity that is licensed under this chapter and operating in Washington state and uses a digital network to connect transportation network company riders to transportation network company drivers who provide prearranged rides. A transportation network company is not deemed to control, direct, or manage the transportation network company vehicles or transportation network company drivers that connect to its digital network, except when agreed to by written contract. "Transportation network company" does not include a for hire transportation service, taxicab transportation service provided under chapter 46.72 or 81.72 RCW, an auto transportation company as defined in RCW 81.68.010, or metropolitan public transportation as defined in RCW 35.58.020.
NEW SECTION. Sec. 35. (1) On behalf of a transportation network company driver, a transportation network company may charge a fare for transportation network company services provided to any transportation network company rider, but must disclose to the rider the fare or fare calculation method on its web site or within its digital network. Before a rider enters a transportation network company vehicle, the transportation network company must provide, on behalf of the transportation network company driver, either the fare for the prearranged ride or the option to receive an estimated fare for the prearranged ride.

(2) During a state of emergency, as declared by the governor or the president of the United States, a transportation network company may not charge a fare for transportation network company services provided to any transportation network company rider that exceeds two and one-half times the base fare.

The zero tolerance policy must address the use of drugs or alcohol while a transportation network company driver is providing prearranged rides or is logged in to the transportation network company's digital network but is not providing prearranged rides.

(2) A transportation network company must provide notice of this policy on its web site, as well as procedures to report a complaint about a transportation network company driver with whom a transportation network company rider was matched and whom the rider reasonably suspects was under the influence of drugs or alcohol during the course of the trip.

(3) Upon receipt of a complaint alleging a violation of the zero tolerance policy, the transportation network company must suspend the transportation network company driver's ability to...
accept trip requests through the transportation network company’s digital network as soon as possible and conduct an investigation into the reported incident. The suspension must last the duration of the investigation. If the transportation network company determines that the transportation network company driver violated the zero tolerance policy, the transportation network company must take appropriate action against the driver, including, at a minimum, suspending the driver from the transportation network company’s digital network until the transportation network company determines that the driver is compliant with the zero tolerance policy.

(b) The director may, by rule adopted under section 21 of this act, review the per trip surcharge fee imposed under (a) of this subsection not more frequently than annually, and increase the fee by rule to cover costs related to the continuing administration and enforcement of this chapter by the department, or by local authorities as permitted under this chapter, provided that any increase is limited to the extent such costs are not covered by the fee.

Any political subdivision in this state may enforce only those laws and ordinances relating to the regulation of such fields concerning the transportation network company industry that are specifically authorized by state law and are consistent with this chapter. This section is not intended to limit, extend, address, affect, or permit the authority of any political subdivision to impose generally applicable requirements upon transportation network companies within its jurisdiction, such as obtaining a business license. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of this chapter may not be enacted and are preempted and repealed, regardless of the code, charter, or home rule status of such political subdivision.

(2) This section does not limit the authority of a city with a population of five hundred thousand or more or a county with a population of one million or more to enforce this chapter, including any rules adopted by the department under this chapter, as applicable to transportation network companies, transportation network company drivers, and transportation network company vehicles.

(3) Any public entity operating a commercial airport facility may fully regulate all transportation network company activities related to the provision of transportation network company services at the airport facility or on airport facility property including, but not limited to, rate, entry, and operational requirements and the enforcement of the public entity's rules; provided, however, that the state maintains the authority as set forth in sections 3, 4, 5, 7, 8, 9, 10, 11, 12 (1)(a) and (c), (2), and (3), and 13 of this act. This chapter does not limit the authority of a public entity operating an airport facility from requiring a transportation network company permitted under section 4 of this act to enter into a contract or agreement governing the operations of the transportation network company on airport facility property.

(4) This chapter does not affect the authority of a municipality, county, or other local governmental entity from regulating and enforcing rules relating to traffic flow, traffic patterns, and roadways, including the public right-of-way, to ensure public safety and convenience and, if applicable, imposing impact fees.
Sec. 26. RCW 48.177.010 and 2015 c 236 s 2 are each amended to read as follows:

(1)(a) Before being used to provide ((commercial)) transportation network company services, every personal vehicle must be covered by a primary automobile insurance policy that specifically covers ((commercial)) transportation network company services. However, the insurance coverage requirements of this section are alternatively satisfied by securing coverage pursuant to chapter 46.72 or 46.72A RCW that covers the personal vehicle being used to provide ((commercial)) transportation network company services and that is in effect twenty-four hours per day, seven days per week. Except as provided in subsection (2) of this section, a ((commercial)) transportation network company must secure this policy for every personal vehicle used to provide ((commercial)) transportation network company services. For purposes of this section, a "primary automobile insurance policy" is not a private passenger automobile insurance policy.

(b) The primary automobile insurance policy required under this subsection must provide coverage, as specified in this subsection (1)(b), at all times the driver is logged in to a ((commercial)) transportation network company's digital network ((or software application)) and at all times a passenger is in ((the)) a transportation network company vehicle as part of a prearranged ride.

(i) The primary automobile insurance policy required under this subsection must provide the following coverage during ((commercial)) transportation network company services applicable during the period before a driver accepts a requested ride through a digital network ((or software application)): (A) Liability coverage in an amount no less than fifty thousand dollars per person for bodily injury, one hundred thousand dollars per accident for bodily injury of all persons, and thirty thousand dollars for damage to property;

(B) Underinsured motorist coverage to the extent required under RCW 48.22.030; and

(C) Personal injury protection coverage to the extent required under RCW 48.22.085 and 48.22.095.

(ii) The primary automobile insurance policy required under this subsection must provide the following coverage, applicable during the period of a prearranged ride:

(A) Combined single limit liability coverage in the amount of one million dollars for death, personal injury, and property damage;

(B) Underinsured motorist coverage in the amount of one million dollars; and

(C) Personal injury protection coverage to the extent required under RCW 48.22.085 and 48.22.095.

(2)(a) As an alternative to the provisions of subsection (1) of this section, if the office of the insurance commissioner approves the offering of an insurance policy that recognizes that a person is acting as a transportation network company driver ((for a commercial transportation services provider)) and using a personal vehicle to provide ((commercial)) transportation network company services, a driver may secure a primary automobile insurance policy covering a personal vehicle and providing the same coverage as required in subsection (1) of this section. The policy coverage may be in the form of a rider to, or endorsement of, the driver's private passenger automobile insurance policy only if approved as such by the office of the insurance commissioner.

(b) If the primary automobile insurance policy maintained by a driver to meet the obligation of this section does not provide coverage for any reason, including that the policy lapsed or did not exist, the ((commercial)) transportation ((services provider)) network company must provide the coverage required under this section beginning with the first dollar of a claim.

(c) The primary automobile insurance policy required under this subsection and subsection (1) of this section may be secured by any of the following:

(i) The ((commercial)) transportation ((services provider)) network company as provided under subsection (1) of this section.

(ii) The transportation network company driver as provided under (a) of this subsection; or

(iii) A combination of both the ((commercial)) transportation ((services provider)) network company and the transportation network company driver.

(3) The insurer or insurers providing coverage under subsections (1) and (2) of this section are the only insurers having the duty to defend any liability claim from an accident occurring while ((commercial)) transportation network company services are being provided.

(4) In addition to the requirements in subsections (1) and (2) of this section, before allowing a person to provide ((commercial)) transportation network company services as a transportation network company driver, a ((commercial)) transportation ((services provider)) network company must provide written proof to the driver that the driver is covered by a primary automobile insurance policy that meets the requirements of this section. Alternatively, if a transportation network company driver purchases a primary automobile insurance policy as allowed under subsection (2) of this section, the ((commercial)) transportation ((services provider)) network company must verify that the driver has done so.

(5) A primary automobile insurance policy required under subsection (1) or (2) of this section may be placed with an insurer licensed under this title to provide insurance in the state of Washington or as an eligible surplus line insurance policy as described in RCW 48.15.040.

(6) Insurers that write automobile insurance in Washington may exclude any and all coverage afforded under a private passenger automobile insurance policy issued to an owner or operator of a personal vehicle for any loss or injury that occurs while a transportation network company driver ((for a commercial transportation services provider)) is logged in to a ((commercial)) transportation ((services provider)) network company's digital network or while a transportation network company driver provides a prearranged ride. This right to exclude all coverage may apply to any coverage included in a private passenger automobile insurance policy, but not limited to:

(a) Liability coverage for bodily injury and property damage;

(b) Personal injury protection coverage;

(c) Underinsured motorist coverage;

(d) Medical payments coverage;

(e) Comprehensive physical damage coverage; and

(7) Nothing in this section shall be construed to require a private passenger automobile insurance policy to provide primary or excess coverage or a duty to defend for the period of time in which a transportation network company driver is logged in to a ((commercial)) transportation ((services provider)) network company's digital network ((or software application)) or while the driver is engaged in a prearranged ride or the driver otherwise uses a vehicle to transport passengers for compensation.

(8) Insurers that exclude coverage under subsection (6) of this section have no duty to defend or indemnify any claim expressly excluded under subsection (6) of this section. Nothing in this section shall be deemed to invalidate or limit an exclusion

(b) If the driver is logged in to the digital network ((or software application)) of more than one ((commercial)) transportation (services provider) network company but has not been matched with a passenger, the liability must be divided equally among all of the applicable insurance policies that specifically provide coverage for ((commercial)) transportation network company services.

(11) In an accident or claims coverage investigation, a ((commercial)) transportation (services provider) network company or its insurer must cooperate with a private passenger automobile insurance policy insurer and other insurers that are involved in the claims coverage investigation to facilitate the exchange of information, including the provision of (a) dates and times at which an accident occurred that involved a participating transportation network company driver and (b) within ten business days after receiving a request, a copy of the provider's electronic record showing the precise times that the participating driver logged on and off the provider's digital network ((or software application)) on the day the accident or other loss occurred. The ((commercial)) transportation (services provider) network company or its insurer must retain all data, communications, or documents related to insurance coverage or accident details for a period of not less than the applicable statutes of limitation, plus two years from the date of an accident to which those records pertain.

(12) This section does not modify or abrogate any otherwise applicable insurance requirement set forth in this title.

(13) After July 1, 2016, an insurance company regulated under this title may not deny an otherwise covered claim arising exclusively out of the personal use of the private passenger automobile solely on the basis that the insured, at other times, used the private passenger automobile covered by the policy to provide ((commercial)) transportation network company services.

(14) If an insurer for a ((commercial)) transportation (services provider) network company makes a payment for a claim covered under comprehensive coverage or collision coverage, the ((commercial)) transportation (services provider) network company must cause its insurer to issue the payment directly to the business repairing the vehicle or jointly to the owner of the vehicle and the primary lienholder on the covered vehicle.

(15)(a) To be eligible for securing a primary automobile insurance policy under this section, a ((commercial)) transportation ((services provider)) network company must make the following disclosures in writing to a prospective driver in the prospective driver's terms of service:

While operating on the digital network ((or software application)) of the ((commercial)) transportation ((services provider)) network company, your private passenger automobile insurance policy might not afford liability, underinsured motorist, personal injury protection, comprehensive, or collision coverage, depending on the terms of the policy.

If the vehicle that you plan to use to provide ((commercial)) transportation network company services for our company has a lien against it, you must notify the lienholder that you will be using the vehicle for ((commercial)) transportation network company services that may violate the terms of your contract with the lienholder.

(b) The prospective driver must acknowledge the terms of service electronically or by signature.

(16) A driver providing transportation network company services who is not in compliance with this section commits a civil infraction subject to a monetary penalty of fifty dollars. A state or local law enforcement officer may issue a citation for any such violation. If such a driver is cited for a violation under this subsection, every transportation network company that permits such a driver to access the transportation network company's digital network to provide transportation network company services is subject to a fine of five hundred dollars.

"NEW SECTION. Sec. 4. The legislature finds that agriculture plays a substantial role in the economy, culture, and history of Washington state. As an increasing number of Washington's citizens are removed from day-to-day agricultural experiences, agritourism provides a valuable opportunity for the public to interact with, experience, and understand agriculture. Inherent risks exist on farms and ranches, some of which cannot be reasonably eliminated. Uncertainty of potential liability associated with inherent risks has a negative impact on the establishment and success of agritourism operations.

NEW SECTION. Sec. 5. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agritourism activity" means any activity carried out on a farm or ranch whose primary business activity is agriculture or ranching and that allows members of the general public, for recreational, entertainment, or educational purposes, to view or experience, agritourism provides a valuable opportunity for the public to interact with, experience, and understand agriculture. In addition, agritourism opportunities provide valuable options for agricultural producers and rural residents to maintain their operations and continue a traditional economic development opportunity in rural areas. Inherent risks exist on farms and ranches, some of which cannot be reasonably eliminated. Uncertainty of potential liability associated with inherent risks has a negative impact on the establishment and success of agritourism operations.

(2) "Agritourism professional" means any person in the business of providing one or more agritourism activities, whether or not for compensation.

(3) "Inherent risks of agritourism activity" means those dangers or conditions that are an integral part of an agritourism activity including certain hazards, such as surface and subsurface conditions, natural conditions of land, vegetation, waters, the behavior of wild or domestic animals, and ordinary dangers of structures or equipment ordinarily used in farming and ranching operations. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or failing to exercise reasonable caution while engaging in the agritourism activity, unless the participant acting in a negligent manner is a minor or is under the influence of alcohol or drugs.

(4) "Participant" means any person, other than the agritourism professional, who engages in an agritourism activity.

(c) In any action for damages against an agritourism professional for agritourism activity, the agritourism professional must plead the affirmative defense of assumption of the risk of agritourism activity by the participant.

(2) Nothing in subsection (1) of this section prevents or limits the liability of an agritourism professional if the agritourism professional does any one or more of the following:

(a) Commits an act or omission that is grossly negligent or constitutes willful or wanton disregard for the safety of the participant and that act or omission proximately causes injury, damage, or death to the participant.

(b) Has actual knowledge or reasonably should have known of an existing dangerous condition on the land, facilities, or equipment used in the activity or the dangerous propensity of a particular animal used in such an activity and does not make the danger known to the participant and the danger proximately causes injury, damage, or death to the participant.

(d) Knowingly permits participants to use facilities or engage in agritourism activities while under the influence of alcohol or drugs.

(e) Fails to warn participants as required by section 4 of this act.

(3) Any limitation on legal liability afforded by this section to an agritourism professional is in addition to any other limitations of legal liability otherwise provided by law.

NEW SECTION. Sec. 7. (1) Every agritourism professional must post and maintain signs that contain the warning notice specified in subsection (2) of this section. The sign must be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice must consist of a sign in black letters, with each letter to be a minimum of one inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, must contain in clearly readable print the warning notice specified in subsection (2) of this section.

activity. Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment, and animals, as well as the potential for you to act in a negligent manner that may contribute to your injury or death. You are assuming the risk of participating in this agritourism activity."

(3) Failure to comply with the requirements concerning warning signs and notices provided in this section prohibits an agritourism professional from invoking the privilege of immunity provided by this section and sections 1 through 3 of this act and may be introduced as evidence in any claim for damages.

NEW SECTION. Sec. 8. Sections 1 through 4 of this act are each added to chapter 4.24 RCW.

(c) If the local government determines that a specific condition of the property constitutes a threat to public health or safety, the local government may require the servicer to remedy the specific condition in fewer than thirty days, provided that the local government specifies in the written notice the date by which the servicer must remedy the specific condition. A local government may specify in the written notice different dates by which the servicer must remedy separate conditions of neglect on the foreclosed residential real property.
(4)(a) After a local government allows a servicer the time specified in subsection (3)(b) of this section or makes a determination under subsection (3)(c) of this section, the local government may remedy or contract with another person to remedy and require the servicer to reimburse the local government for reasonable costs the local government incurs under this subsection.

NEW SECTION. Sec. 7. A new section is added to chapter 61.24 RCW to read as follows:

(1) As used in this section:
   (a) "Neglect" means:
      (i) To fail or a failure to maintain the buildings, grounds, or appurtenances of property in such a way as to allow:
         (A) Excessive growth of foliage that diminishes the value of adjacent property;
         (B) Trespassers to remain on the foreclosed residential real property or in a structure located on the foreclosed residential real property;
         (C) Mosquito larvae or pupae to grow in standing water on the property; or
      (ii) Other conditions on the property that cause or contribute to causing a public nuisance;
      (ii) To fail or a failure to monitor the condition of property by inspecting the property at least once every thirty days with sufficient attention so as to prevent, or to identify and remedy, a condition described in (a)(i)(A) of this subsection.
   (b) "Reasonable costs" means actual and demonstrable costs that are commensurate with and do not exceed the market rate for services necessary to remedy a condition of neglect, plus the actual and demonstrable costs of administering a contract for services to remedy a condition of neglect or the portion of the costs of a program to remedy conditions of neglect that are attributable to remedying a condition of neglect for specific property.

2(a) A servicer is under an obligation to maintain and may not neglect the property during any period in which the property is vacant.

(b) A servicer must provide the servicer's name or the name of the servicer's agent and a telephone number or other means for contacting the servicer or agent to an official that the local government designates to receive the information described in this subsection.

(c) The servicer must post a durable notice in a conspicuous location on the property that lists a telephone number for the servicer or for the local government that a person may call to report a condition of neglect. The servicer must replace the notice if the notice is removed from the property during a period when the property is vacant.

(d) A servicer or the agent of a servicer must identify the borrower to the local government and provide to, and maintain with, the local government current contact information during a period when the property is vacant.

3(a) If a local government finds a violation of subsection 2(a) of this section, the local government must notify the servicer, in writing, that the property is the subject of the violation and in accordance with (b) or (c) of this subsection, as appropriate, must specify a time within which the servicer must remedy the condition of neglect that is the basis for the local government's finding.

(b) The local government must allow the servicer not fewer than thirty days to remedy the violation, unless the local government makes a determination under (c) of this subsection, and must provide the servicer with an opportunity to contest the local government's finding at a hearing. The servicer must contest the local government's finding within ten days after the local government notifies the servicer of the violation.

(c) If the local government determines that a specific condition of the property constitutes a threat to public health or safety, the local government may require the servicer to remedy the specific condition in fewer than thirty days, provided that the local government specifies in the written notice the date by which the servicer must remedy the specific condition. A local government may specify in the written notice different dates by which the servicer must remedy separate conditions of neglect on the foreclosed residential real property.

(4)(a) After a local government allows a servicer the time specified in subsection (3)(b) of this section or makes a determination under subsection (3)(c) of this section, the local government may remedy or contract with another person to remedy neglect or a specific condition of neglect on property and require the servicer to reimburse the local government for reasonable costs the local government incurs under this subsection.

(b) A local government that has incurred costs with respect to property under (a) of this subsection has a lien on the property for the sum of the local government's unreimbursed costs. A lien created under this subsection is prior to all other liens and encumbrances, except that the lien has equal priority with a tax lien. The lien attaches at the time the local government files a claim of lien with the county clerk of the county in which the property is located. A local government may bring an action in the superior court to foreclose the lien in the manner provided for foreclosing other liens on real or personal property.

[Add Part X to this notice if applicable under RCW 61.24.040(((9))) (11)]
You may reinstate your Deed of Trust and the obligation secured thereby at any time up to and including the . . . day of . . . . . . [11 days before the sale date], by paying the amount set forth or estimated above and by curing any other defaults described above. Of course, as time passes other payments may become due, and any further payments coming due and any additional late charges must be added to your reinstatement payment. Any new defaults not involving payment of money that occur after the date of this notice must also be cured in order to effect reinstatement. In addition, because some of the charges can only be estimated at this time, and because the amount necessary to reinstate or to pay off the entire indebtedness may include presently unknown expenditures required to preserve the property or to comply with state or local law, it will be necessary for you to contact the Trustee before the time you tender reinstatement or the payoff amount so that you may be advised of the exact amount you will be required to pay. Tender of payment or performance must be made to: . . . . . . whose address is . . . . . . , telephone ( ) . . . . . . AFTER THE . . . . . . DAY OF . . . . . . YOU MAY NOT REINSTATE YOUR DEED OF TRUST BY PAYING THE BACK PAYMENTS AND COSTS AND FEES AND CURING THE OTHER DEFAULTS AS OUTLINED ABOVE. The Trustee will respond to any written request for current payoff or reinstatement amounts within ten days of receipt of your written request. In such a case, you will only be able to stop the sale by paying, before the sale, the total principal balance ($ . . . . . ) plus accrued interest, costs and advances, if any, made pursuant to the terms of the documents and by curing the other defaults as outlined above.

You may contest this default by initiating court action in the Superior Court of the county in which the sale is to be held. In such action, you may raise any legitimate defenses you have to this default. A copy of your Deed of Trust and documents evidencing the obligation secured thereby are enclosed. You may wish to consult a lawyer. Legal action on your part may prevent or restrain the sale, but only if you persuade the court of the merits of your defense. You may contact the Department of Financial Institutions or the statewide civil legal aid hotline for possible assistance or referrals.

The court may grant a restraining order or injunction to restrain a trustee's sale pursuant to RCW 61.24.130 upon five days notice to the trustee of the time when, place where, and the judge before whom the application for the restraining order or injunction is to be made. This notice shall include copies of all pleadings and related documents to be given to the judge. Notice and other process may be served on the trustee at:

ADDRESS:

TELEPHONE NUMBER:

If you do not reinstate the secured obligation and your Deed of Trust in the manner set forth above, or if you do not succeed in restraining the sale by court action, your property will be sold. The effect of such sale will be to deprive you and all those who hold by, through or under you of all interest in the property;

(((5))) (5) In addition, the trustee shall cause a copy of the notice of sale described in subsection (((1))) of this section (excluding the acknowledgment) to be published in a legal newspaper in each county in which the property or any part thereof is situated, once on or between the thirty-fifth and twenty-eighth day before the date of sale, and once on or between the fourteenth and seventh day before the date of sale;

(((6))) (6) On the date and at the time designated in the notice of sale, the trustee or its authorized agent shall sell the property at public auction to the highest bidder. The trustee may sell the property in gross or in parcels as the trustee shall deem most advantageous;

(((7))) (7) The place of sale shall be at any designated public place within the county where the property is located and if the property is in more than one county, the sale may be in any of the counties where the property is located. The sale shall be on Friday, or if Friday is a legal holiday on the following Monday, and during the hours set by statute for the conduct of sales of real estate at execution;

(((8))) (8) The trustee has no obligation to, but may, for any cause the trustee deems advantageous, continue the sale for a period or periods not exceeding a total of one hundred twenty days by (a) a public proclamation at the time and place fixed for sale in the notice of sale and if the continuance is beyond the date of sale, by giving notice of the new time and place of the sale by both first class and either certified or registered mail, return receipt requested, to the persons specified in subsection (1)(b)(i)
and (ii) of this section to be deposited in the mail (i) not less than four days before the new date fixed for the sale if the sale is continued for up to seven days; or (ii) not more than three days after the date of the continuance by oral proclamation if the sale is continued for more than seven days, or, alternatively, (b) by giving notice of the time and place of the postponed sale in the manner and to the persons specified in subsection (1)(b), (c), (d), and (e) of this section and publishing a copy of such notice once in the newspaper(s) described in subsection (((3))) (((5))) of this section, more than seven days before the date fixed for sale in the notice of sale. No other notice of the postponed sale need be given;

(((7))) (((9))) The purchaser shall forthwith pay the price bid and on payment the trustee shall execute to the purchaser its deed; the deed shall recite the facts showing that the sale was conducted in compliance with all of the requirements of this chapter and of the deed of trust, which recital shall be prima facie evidence of such compliance and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value, except that these recitals shall not affect the lien or interest of any person entitled to notice under subsection (1) of this section, if the trustee fails to give the required notice to such person. In such case, the lien or interest of such omitted person shall not be affected by the sale and such omitted person shall be treated as if such person was the holder of the same lien or interest and was omitted as a party defendant in a judicial foreclosure proceeding;

(((10))) The sale as authorized under this chapter shall not take place less than one hundred ninety days from the date of default in any of the obligations secured;

(((11))) If the trustee elects to foreclose the interest of any occupant or tenant of property comprised solely of a single-family residence, or a condominium, cooperative, or other dwelling unit in a multiplex or other building containing fewer than five residential units, the following notice shall be included as Part X of the Notice of Trustee's Sale:

X. NOTICE TO OCCUPANTS OR TENANTS

The purchaser at the trustee's sale is entitled to possession of the property on the 20th day following the sale, as against the grantor under the deed of trust (the owner) and anyone having an interest junior to the deed of trust, including occupants who are not tenants. After the 20th day following the sale the purchaser has the right to evict occupants who are not tenants by summary proceedings under chapter 19.86 RCW. For tenant-occupied property, the purchaser shall provide a tenant with written notice in accordance with RCW 61.24.060;

(((12))) Only one copy of all notices required by this chapter need be given to a person who is both the borrower and the grantor. All notices required by this chapter that are given to a general partnership are deemed given to each of its general partners, unless otherwise agreed by the parties.

(c) This subsection (7) does not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW;

may be sold at public auction at a date no less than one hundred twenty days in the future, or no less than one hundred fifty days in the future if the borrower received a letter under RCW 61.24.031;

Sec. 14. RCW 66.24.055 and 2013 2nd sp.s. c 12 s 1 are each amended to read as follows:

(1) There is a license for spirits distributors to (a) sell spirits purchased from manufacturers, distillers, or suppliers including, without limitation, licensed Washington distilleries, licensed spirits importers, other Washington spirits distributors, or suppliers of foreign spirits located outside of the United States, to spirits retailers including, without limitation, spirits retail licensees, special occasion license holders, interstate common carrier license holders, restaurant spirits retailer license holders, spirits, beer, and wine private club license holders, hotel license holders, sports entertainment facility license holders, and spirits, beer, and wine nightclub license holders, and to other spirits distributors; and (b) export the same from the state.

(2) By January 1, 2012, the board must issue spirits distributor licenses to all applicants who, upon December 8, 2011, have the right to purchase spirits from a spirits manufacturer, spirits distiller, or other spirits supplier for resale in the state, or are agents of such supplier authorized to sell to licensees in the state, unless the board determines that issuance of a license to such applicant is not in the public interest.

(3)(a) As limited by (b) of this subsection and subject to (c) of this subsection, each spirits distributor licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee calculated as follows:

(i) In each of the first twenty-seven months of licensure, ten percent of the total revenue from all the licensee's sales of spirits made during the month for which the fee is due, respectively; and

(ii) In the twenty-eighth month of licensure and each month thereafter, five percent of the total revenue from all the licensee's sales of spirits made during the month for which the fee is due, respectively.

(b) The fee required under this subsection (3) is calculated only on sales of items which the licensee was the first spirits distributor in the state to have received:

(i) In the case of spirits manufactured in the state, from the distiller; or

(ii) In the case of spirits manufactured outside the state, from an authorized out-of-state supplier.

(c) By March 31, 2013, all persons holding spirits distributor licenses on or before March 31, 2013, must have paid collectively one hundred fifty million dollars or more in spirits distributor license fees. If the collective payment through March 31, 2013, totals less than one hundred fifty million dollars, the board must, according to rules adopted by the board for the purpose, collect by May 31, 2013, as additional spirits distributor license fees the difference between one hundred fifty million dollars and the actual receipts, allocated among persons holding spirits distributor licenses at any time on or before March 31, 2013, ratably according to their spirits sales made during calendar year 2012. Any amount by which such payments exceed one hundred fifty million dollars by March 31, 2013, must be credited to future license issuance fee obligations of spirits distributor licensees according to rules adopted by the board.

(d) A retail licensee selling for resale must pay a distributor license fee under the terms and conditions in this section on resales of spirits the licensee has purchased on which no other distributor license fee has been paid. The board must establish rules setting forth the frequency and timing of such payments and reporting of sales dollar volume by the licensee, with payments due quarterly in arrears.

(e) No spirits inventory may be subject to calculation of more than a single spirits distributor license issuance fee.

(4) In addition to the payment set forth in subsection (3) of this section, each spirits distributor licensee renewing its annual license must pay an annual license renewal fee of one thousand three hundred twenty dollars for each licensed location.

(5) There is no minimum facility size or capacity for spirits distributor licenses, and no limit on the number of such licenses issued to qualified applicants. License applicants must provide physical security of the product that is substantially as effective as the physical security of the distribution facilities currently operated by the board with respect to preventing pilferage. License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing distributor premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits distributor licenses.

(6) A distributor licensed under this section must, to the extent it is reasonably practicable for the distributor to do so, make any product the distributor acquires for resale available to any person legally entitled to purchase such product.

POINT OF ORDER

Senator Chase: “I’d like to raise a question that the amendment to Senate Bill 5145 exceeds the scope and object of the bill.”

President Habib: “Do you have a statement that you wanted to make, Senator Chase?”

Senator Chase: “I do. Thank you Mr. President. Senate Bill 5145 as originally introduced allowed craft distilleries to sell private-label spirits to private restaurants and private clubs. This mirrors the limited private label authority afforded Washington wineries to sell private-label wines to private restaurants and private clubs. It also allowed a private distiller to sell private label spirits to a spirits retailer but only if …”

President Habib: “Senator Chase, one moment. First of all, this should be a short statement and not read so would you like to make a statement? Secondly, are you speaking to the substitute bill versus the striker? Or are you speaking to the bill before the committee substituted it because the bill before the senate right now is the substituted bill. We adopted that substitute.”

Senator Chase: “The one I’m speaking to I believe.”

President Habib: “You’re speaking to the substitute?”

Senator Chase: “The amendment, the striking amendment. Oh yes, I am speaking to the striking amendment.”

President Habib: “No, what I, my question is: Are you speaking to whether the striking amendment is within the scope and object of the substituted bill or within the scope and object of the bill before it was substituted? Because it is my understanding that you were speaking to the bill before it was substituted which would not be in order.”

Senator Chase: “It’s to the substituted bill.”

President Habib: “Okay, then please continue without reading.”

Senator Chase: “Thank you. I believe that the amendment to section one of the original bill. . . . No?”

President Habib: “Senator Chase that’s what I’m saying, the original bill is no longer before the senate.”

Senator Chase: “Call it the substitute bill. Right. It now expands the scope of the bill to include beer and I believe I have submitted written documentation to you.”

POINT OF ORDER

Senator Liias: “Thank you, Mr. President. I appreciate your clarification. The Senate has adopted the substitute unanimously. The substitute bill does allow for a broad scope addressing craft distilleries, regular distilleries, and there is language about beer, wine, and spirits private label items and so the Senate has already adopted that substitute amendment and the striking amendment is broadly within that scope and object of the bill that is now before the Senate. I would ask you to rule that this amendment is within the scope and object of the substitute bill.”

RULING BY THE PRESIDENT

President Habib: “In light of the fact that the substitute bill has been adopted by the Senate, the striking amendment brought by Senator Liias is within the scope and object of the bill as substituted. This is how the President rules.”

"Part I
Findings and Intent

NEW SECTION. Sec. 101. (1) The legislature finds that states fail to collect more than twenty-three billion dollars annually in sales taxes from remote sales over the internet and through catalogues. The legislature further finds that Washington and its local governments will lose out on an estimated three hundred fifty-three million dollars in sales and use taxes in fiscal year 2018 from remote sales, reducing funds that would otherwise be available for the public education system, health care services, infrastructure, and other vital public services.

(2) The legislature recognizes that states may not impose sales or use tax collection obligations on an out-of-state business unless the business has a substantial nexus with the taxing state. The legislature also recognizes that under the United States Supreme Court's decision in National Bellas Hess v. Dept. of Revenue of Ill., 386 U.S. 753 (1967), substantial nexus under the commerce clause requires a physical presence by the seller in the taxing state. Relying on the doctrine of stare decisis, the United States Supreme Court reaffirmed the physical presence nexus standard twenty-five years later in Quill Corp. v. North Dakota, 504 U.S. 298 (1992).

(3) The legislature further finds that the basis of the physical presence nexus standard was primarily justified by the complexity and burden on mail order sellers and other out-of-state sellers in complying with the sales tax laws in numerous jurisdictions at the state and local level all across the country. The legislature further finds that the Supreme Court's concerns underlying the "Bellas Hess" decision have been effectively addressed by advances in technology and simplified tax laws. For example, Washington and most other states with sales taxes allow or require electronic reporting and payment of the tax. Also, several states, including Washington, offer free online sales tax rate lookup tools. A number of private companies offer automated sales tax compliance solutions. In addition, sales tax laws have been simplified in many states, including Washington, through participation in the streamlined sales and use tax project and compliance with the streamlined sales and use tax agreement.

(4) The legislature further finds that "Bellas Hess" was decided one year before the first plans were developed for the computer network that became the basis of the internet. The legislature further finds that since "Quill" was decided e-commerce has grown substantially, generating retail sales of over three hundred forty-one billion dollars in 2015, which have been growing at a rate of about fifteen percent for the last five years. The legislature further finds that like their brick and mortar competitors, online businesses receive benefits and opportunities provided by their market states, such as transportation networks, infrastructure, laws providing protection of business interests, access to the courts to protect valuable rights, and a regulated marketplace. However, the legislature finds that under the current physical presence nexus standard, online only sellers have an unfair competitive advantage over in state brick and mortar stores to the detriment of main street retailers. Online only businesses have no geographical limitations to their marketplace; no costs of maintaining local physical retail stores, such as infrastructure costs, employee costs, and property taxes; and may not have to collect sales tax on sales to customers in states in which they do not have a physical presence, all of which lead to their ability to price their goods at a lower cost to consumers. The legislature further finds that even if the physical presence nexus standard was once a wise rule of law, it is no longer justifiable.

The legislature further finds that even if the physical presence nexus standard was once a wise rule of law, it is no longer justifiable.
(5) The legislature further finds that the supreme court in its Quill decision implicitly invited the United States congress to resolve whether and to what extent states may impose a sales tax collection obligation on remote sellers. The legislature further finds that there is overwhelming support among the public, states, and municipalities, and many national and local associations representing brick and mortar businesses for federal legislation requiring remote sellers to collect and remit retail sales tax. The legislature further finds that despite such broad-based support, congress has failed to enact such legislation.

(6) The legislature agrees with Justice Kennedy's concurring opinion in the Direct Marketing Association v. Brohl decision (135 S. Ct. 1124) that the court's Quill holding is "inflicting extreme harm and unfairness on the States," and that "there is a powerful case to be made that a retailer doing extensive business within a State has a sufficiently 'substantial nexus' to justify imposing some minor tax-collection duty, even if that business is done through mail or the Internet." Justice Kennedy stated that "it is wise to delay any longer a reconsideration of the Court's holding in Quill," and he closed his opinion by inviting a direct challenge to Quill and Bellas Hess, saying that "The legal system should find an appropriate case for this Court to reexamine Quill and Bellas Hess."

(7) The legislature finds that because Washington is unique in that it relies so heavily on sales tax to fund education and other vital state services, and because Washington has frequently been at the forefront of advancing technology and tax policy, it is incumbent upon this state to lead the way to a more fair and equitable modern marketplace where online businesses and brick and mortar businesses can compete based on quality of products and other nontax factors, which benefits all consumers. The legislature recognizes that the fast pace of technological change seen with the rapid growth of electronic commerce puts pressure on states to update their tax codes just as this state did (a) in 2007 in adopting Senate Bill No. 5089, which enacted significant simplifications in sales and use administration and brought Washington into full compliance with the streamlined sales and use tax agreement, (b) in 2009 in adopting Engrossed Substitute House Bill No. 2075 addressing the excise taxation of digital products, and (c) in 2010 in adopting economic nexus and market-based apportionment for business and occupation tax purposes in Second Engrossed Substitute Senate Bill No. 6143. The legislature finds that making such changes is not radical or to be unexpected, but is a rational means to avoid an ever shrinking tax base resulting from an outdated tax code that has not kept up with significant changes in technology and the economy.

(8) The legislature finds that several states, including Alabama, South Dakota, and Tennessee have taken measures to adopt an "economic nexus" standard with respect to the collection of sales tax. The legislature further finds that other states are considering adopting similar rules or legislation.

(9) The legislature also finds that Colorado adopted a law requiring out-of-state retailers that do not collect Colorado's sales tax to report tax-related information to their Colorado customers and the Colorado department of revenue. The legislature further finds that in 2016 the United States court of appeals for the tenth circuit upheld that law.

(10) Therefore, the legislature intends by this act to address the significant harm and unfairness brought about by the physical presence nexus rule by testing the boundaries of the rule. This act also sets up a legal challenge to the physical presence nexus rule that could potentially lead to the United States supreme court reevaluating Bellas Hess and Quill or congress enacting legislation authorizing and establishing the requirements for states to impose a sales tax collection duty on remote sellers. To achieve these objectives, part II of this act establishes clear statutory guidelines for determining when sellers are required to collect Washington's sales tax. These guidelines clarify the extent of the traditional physical presence standard and also adopt an "economic nexus" standard under which a remote seller would establish a substantial nexus with this state solely by making a meaningful amount of sales into this state. Part II of this act also extends the economic nexus standard for the business and occupation tax imposed on retail sales taxed under RCW 82.04.250(1) and 82.04.257(1). Part III of this act adopts a sales and use tax notice and reporting law based on the multistate tax commission's draft model sales and use tax notice reporting statute, which is similar to Colorado's sales and use tax notice reporting law.

(11) The legislature recognizes that the enactment of part II of this act places remote sellers in a complicated position, precisely because existing constitutional doctrine calls certain provisions of part II of this act into question. Accordingly, the legislature intends to clarify that the obligations created by this law on sellers with a substantial nexus with this state under section 206(1)(b) of this act would be appropriately stayed by the courts until the constitutionality of section 206(1)(b) of this act has been clearly established by a binding judgment, including, for example, a decision from the supreme court of the United States abrogating its existing doctrine, or a final judgment applicable to a particular taxpayer.

(12) The legislature finds that the declaratory judgment action authorized in section 211 of this act is warranted by existing law, by good faith arguments for the extension, modification, or reversal of existing law, or the establishment of new law.

Part II  
Nexus for Excise Tax Purposes

Sec. 201. RCW 82.04.066 and 2015 3rd sp.s. c 5 s 203 are each amended to read as follows:

"Engaging within this state" and "engaging within the state," when used in connection with any apportionable activity as defined in RCW 82.04.460 or ((wholesale sales)) selling activity taxable under RCW 82.04.250(1), 82.04.257(1), or 82.04.270, means that a person generates gross income of the business from sources within this state, such as customers or intangible property located in this state, regardless of whether the person is physically present in this state.

Sec. 202. RCW 82.04.067 and 2016 c 137 s 2 are each amended to read as follows:

(1) A person engaging in business is deemed to have substantial nexus with this state if, in the current or immediately preceding calendar year, the person is:

(a) An individual and is a resident or domiciliary of this state;

(b) A business entity and is organized or commercially domiciled in this state; or

(c) A nonresident individual or a business entity that is organized or commercially domiciled outside this state, and (in the immediately preceding tax year) the person had:

(i) More than ((fifty)) fifty-three thousand dollars of property in this state;

(ii) More than ((fifty)) fifty-three thousand dollars of payroll in this state;

(iii) More than two hundred ((sixty-seven)) sixty-seven thousand dollars of receipts from this state; or

(iv) At least twenty-five percent of the person's total property, total payroll, or total receipts in this state.

(2)(a) Property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section is the average value of the taxpayer's property, including intangible property, owned or
rented and used in this state during the current or immediately preceding ((tax)) calendar year.

(b)(i) Property owned by the taxpayer, other than loans and credit card receivables owned by the taxpayer, is valued at its original cost basis. Loans and credit card receivables owned by the taxpayer are valued at their outstanding principal balance, without regard to any reserve for bad debts. However, if a loan or credit card receivable is charged off in whole or in part for federal income tax purposes, the portion of the loan or credit card receivable charged off is deducted from the outstanding principal balance.

(ii) Property rented by the taxpayer is valued at eight times the net annual rental rate. For purposes of this subsection, "net annual rental rate" means the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

(c) The average value of property must be determined by averaging the values at the beginning and ending of the applicable calendar year; but the department may require the averaging of monthly values during the applicable calendar year if reasonably required to properly reflect the average value of the taxpayer's property.

(d)(i) For purposes of this subsection (2), loans and credit card receivables are deemed owned and used in this state as follows:

(A) Loans secured by real property, personal property, or both real and personal property are deemed owned and used in the state if the real property or personal property securing the loan is located within this state. If the property securing the loan is located both within this state and one or more other states, the loan is deemed owned and used in this state if more than fifty percent of the fair market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the loan is deemed owned and used in this state if the borrower is located in this state. The determination of whether the real or personal property securing a loan is located within this state must be made, as of the time the original agreement was made, and any and all subsequent substitutions of collateral must be disregarded.

(B) Loans not secured by real property, personal property, or both real and personal property are deemed owned and used in this state if the billing address of the cardholder is in this state.

(C) Credit card receivables are deemed owned and used in this state if the billing address of the cardholder is in this state.

(ii)(A) Except as otherwise provided in (d)(ii)(B) of this subsection (2), the definitions in the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions as existing on June 1, 2010, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, apply to this section.

(B) "Credit card" means a card or device existing for the purpose of obtaining money, property, labor, or services on credit.

(e) Notwithstanding anything else to the contrary in this subsection, property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section does not include a person's ownership of, or rights in, computer software as defined in RCW 82.04.215, including computer software used in providing a digital automated service; master copies of software; and digital goods and digital codes residing on servers located in this state.

(3)(a) Payroll counting toward the thresholds in subsection (1)(c)(ii) and (iv) of this section is the total amount paid by the taxpayer for compensation in this state during the immediately preceding tax year plus nonemployee compensation paid to representative third parties in this state. Nonemployee compensation paid to representative third parties includes the gross amount paid to nonemployees who represent the taxpayer in interactions with the taxpayer's clients and includes sales commissions.

(b) Employee compensation is paid in this state if the compensation is properly reportable to this state for unemployment compensation tax purposes, regardless of whether the compensation was actually reported to this state.

(c) Nonemployee compensation is paid in this state if the service performed by the representative third party occurs entirely or primarily within this state.

(d) For purposes of this subsection, "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees or nonemployees and defined as gross income under 26 U.S.C. Sec. 61 of the federal internal revenue code of 1986, as existing on June 1, 2010.

(4) Receipts counting toward the thresholds in subsection (1)(c)(iii) and (iv) of this section are:

(a) Those amounts included in the numerator of the receipts factor under RCW 82.04.462;

(b) For financial institutions, those amounts included in the numerator of the receipts factor under the rule adopted by the department as authorized in RCW 82.04.460(2); and

(c) For persons taxable under RCW 82.04.250(1), 82.04.257(1), or 82.04.270 ((with respect to wholesale sales)), the gross proceeds of sales taxable under those statutory provisions and sourced to this state in accordance with RCW 82.32.730.

(5)(a) Each December, the department must review the cumulative percentage change in the consumer price index. The department must adjust the thresholds in subsection (1)(c)(i) through (iii) of this section if the consumer price index has changed by five percent or more since the later of June 1, 2010, or the date that the thresholds were last adjusted under this subsection. For purposes of determining the cumulative percentage change in the consumer price index, the department must compare the consumer price index available as of December 1st of the current year with the consumer price index as of the later of June 1, 2010, or the date that the thresholds were last adjusted under this subsection. The thresholds must be adjusted to reflect that cumulative percentage change in the consumer price index. The adjusted thresholds must be rounded to the nearest one thousand dollars. Any adjustment will apply to tax periods that begin after the adjustment is made.

(b) As used in this subsection, "consumer price index" means the consumer price index for all urban consumers (CPI-U) available from the bureau of labor statistics of the United States department of labor.

(6)(a)(i) Except as provided in (a)(iii) of this subsection (6), subsections (1) through (5) of this section only apply with respect to the taxes imposed under this chapter on ((any)) the business of making sales taxable under RCW 82.04.275(1) or 82.04.270.

(ii) Subject to the limitation in RCW 82.32.531, for purposes of the taxes imposed under this chapter on ((any)) the business of making sales at retail or any other activity not included in the definition of apportionable activities as defined in RCW 82.04.460 or making wholesale sales taxable under RCW 82.04.257(1) or 82.04.270, ((except as provided in RCW 82.32.531,)) a person is deemed to have a substantial nexus with this state if the person has a physical presence in this state during the tax year, which need only be demonstrably more than a slightest presence.

(iii) For purposes of the taxes imposed under this chapter on the business of making sales at retail taxable under RCW 82.04.250(1) or 82.04.257(1), a person is also deemed to have a substantial nexus with this state if the person's receipts from this state, pursuant to subsection (4)(c) of this section, meet either
to RCW 82.32.762, the presumption in this subsection (6)(c)(ii) is no longer operative. (Nothing in this section may be construed to affect in any way RCW 82.04.024, 82.08.050(11), or 82.12.040(5) or to narrow the scope of the terms "agent" or "other representative" in this subsection (6)(c)).

Sec. 203. RCW 82.04.220 and 2011 1st sp.s. c 20 s 101 are each amended to read as follows:

(1) There is levied and collected from every person that has a substantial nexus with this state a tax for the act or privilege of engaging in business activities. The tax is measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be.

(2)(a) A person who has a substantial nexus with this state in any tax year under the provisions of RCW 82.04.067 will be deemed to have a substantial nexus with this state for the following tax year) the current calendar year under the provisions of RCW 82.04.067, based solely on the person's property, payroll, or receipts in this state during the current calendar year, is subject to the tax imposed under this chapter for the current calendar year only on business activity occurring on and after the date that the person established a substantial nexus with this state in the current calendar year.

(b) This subsection (2) does not apply to any person who also had a substantial nexus with this state (i) during the immediately preceding calendar year under RCW 82.04.067, or (ii) during the current calendar year under RCW 82.04.067(1)(a) or (b) or (6)(a)(iii) or (c).

NEW SECTION. Sec. 204. RCW 82.04.424 (Exemptions—Certain in-state activities) and 2015 3rd sp.s. c 5 s 206 & 2003 c 76 s 2 are each repealed.

NEW SECTION. Sec. 205. A new section is added to chapter 82.08 RCW to be codified between RCW 82.08.050 and 82.08.052 to read as follows:

A seller with a substantial nexus with this state must comply with the provisions of this chapter.

NEW SECTION. Sec. 206. A new section is added to chapter 82.08 RCW to be codified between RCW 82.08.052 and 82.08.054 to read as follows:

(1) A seller has a substantial nexus with this state during a calendar year for the purposes of collecting the taxes imposed under this chapter if, during the current or immediately preceding calendar year:

(a) The seller had its property or employees in this state for the seller's business purposes; or

(b) The seller's receipts from retail sales in this state, pursuant to RCW 82.04.067(4), meet either criterion in RCW 82.04.067(1)(c)(iii) or (iv), as adjusted under RCW 82.04.067(5).

(2) A seller also has a substantial nexus with this state during a calendar year for the purposes of collecting the taxes imposed under this chapter if the seller's total gross proceeds of sales at retail sourced to this state under RCW 82.32.730 exceed ten thousand dollars during the current or immediately preceding calendar year and at any time during such current or immediately preceding calendar year:

(a) The seller offers its products for sale through one or more marketplaces operated by any marketplace facilitator that has a substantial nexus with this state; or

(ii) The seller or another person, as the case may be, including an affiliated person, other than a common carrier acting solely as a common carrier, engages in or performs any of the following activities in this state, but not including the activities described in RCW 82.08.052:

(A) Sells a similar line of products as the seller and does so under the same business name as the seller or a similar business name as the seller;

(B) Uses its employees, agents, representatives, or independent contractors in this state to promote or facilitate sales by the seller to purchasers in this state;

(C) Maintains, occupies, or uses an office, distribution facility, warehouse, storage place, or similar place of business in this state to facilitate the delivery or sale of tangible personal property sold by the seller to the seller's purchasers in this state;

(D) Uses, with the seller's consent or knowledge, trademarks, service marks, or trade names in this state that are the same or substantially similar to those used by the seller;

(E) Delivers, installs, assembles, or performs maintenance or repair services for the seller's purchasers in this state;

(F) Facilitates the sale of tangible personal property to purchasers in this state by allowing the seller's purchasers in this state to pick up or return tangible personal property sold by the seller at an office, distribution facility, warehouse, storage place, or any other place of business maintained by that person in this state;

(G) Shares management, business systems, business practices, or employees with the seller or, in the case of an affiliated person, engages in intercompany transactions related to the activities occurring with the seller to establish or maintain the seller's market in this state; or

(H) Conducts any other activities in this state that are significantly associated with the seller's ability to establish and maintain a market in this state for the seller's sales of products to purchasers in this state; or

(b)(i) The seller is under contract with a payment processor or merchant bank, or accepts credit cards issued either by a financial institution under a license from a credit card association or by an entity that also authorizes purchases and settles with consumers and merchants, if the payment processor, merchant bank, credit card association, or credit card issuer has a substantial nexus with this state for purposes of collecting the taxes imposed under this chapter.

(ii) Pursuant to RCW 82.32.330(3)(u), the department may disclose the identity of payment processors, credit card associations, credit card issuers described in (b)(i) of this subsection (2), and merchant banks that have a substantial nexus with this state for purposes of collecting the taxes imposed under this chapter.

(3)(a) For purposes of subsection (2)(a)(i) of this section, a marketplace facilitator is deemed to have a substantial nexus with this state during a calendar year if:

(i) The marketplace facilitator or any affiliated person maintained a physical presence in this state during any portion of the current or immediately preceding calendar year to engage in
any of the activities described in subsection (5)(a)(i) or (ii) of this section; or

(ii) The marketplace facilitator generated more than ten thousand dollars of gross proceeds of sales in the current or immediately preceding calendar year from retail sales made through its physical or electronic marketplace by sellers that are physically located in this state. For purposes of this subsection (3)(a)(ii), a seller is presumed to be physically located in this state if the address for the seller maintained in the business records of the marketplace facilitator is in this state.

(b) Pursuant to RCW 82.32.330(3)(u), the department may disclose the identity of marketplace facilitators that have a substantial nexus with this state for purposes of collecting the taxes imposed under this chapter.

(4) For purposes of this section, persons are "affiliated persons" with respect to each other where one of the persons has an ownership interest of more than five percent, whether direct or indirect, in the other, or where an ownership interest of more than five percent, whether direct or indirect, is held in each of the persons by another person or by a group of other persons who are affiliated with respect to each other.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Marketplace facilitator" means a person that contracts with sellers to facilitate, for consideration, the sale of the seller's products through a physical or electronic marketplace operated by the person, and engages, either directly or indirectly, through one or more affiliated persons, in:

(i) Any of the following:

(A) Transmitting or otherwise communicating the offer or acceptance between the buyer and seller;

(B) Owning or operating the infrastructure, electronic or physical, or technology that brings buyers and sellers together;

(C) Providing a virtual currency that buyers are allowed or required to use to purchase products from the seller;

(D) Software development or research and development activities related to any of the activities described in (a)(i)(A) through (C) or (ii)(A) through (H) of this subsection (5), if such activities are directly related to a physical or electronic marketplace operated by the person or an affiliated person; and

(ii) Any of the following activities with respect to the seller's products:

(A) Payment processing services;

(B) Fulfillment or storage services;

(b) "Merchant bank" means a financial institution or any other member of a credit card network that allows the seller to accept credit card payments and is responsible for depositing transaction proceeds into the seller's designated account.

(c) "Payment processor" means a person that contracts directly with a seller to provide settlement for the seller's credit card, debit card, or other payment transactions.

(d) "Product" means any property or service that is sold in a sale at retail as defined in RCW 82.04.050.

(6) This section is subject to RCW 82.32.762.

NEW SECTION. Sec. 207. A new section is added to chapter 82.08 RCW to be codified between section 206 of this act and RCW 82.08.054 to read as follows:

(1) For purposes of this chapter, a marketplace facilitator is deemed to be an agent of any marketplace seller making retail sales through the marketplace facilitator's physical or electronic marketplace. A marketplace facilitator with a substantial nexus with this state must collect and remit to the department the taxes imposed under this chapter on all taxable retail sales made through the marketplace facilitator's marketplace and sourced to this state under RCW 82.32.730, whether as principal or as the agent of a marketplace seller.

(2) A marketplace facilitator is relieved of liability under this chapter for failure to collect the correct amount of tax to the extent that the marketplace facilitator can show to the department's satisfaction that the error was due to incorrect information given to the marketplace facilitator by the marketplace seller, unless the marketplace facilitator and marketplace seller are affiliated persons. Where the marketplace facilitator is relieved of liability under this subsection (2), the marketplace seller is solely liable for the amount of uncollected tax due.

(3)(a) A marketplace facilitator is relieved of liability under this chapter for the failure to collect tax on taxable retail sales to the extent that the marketplace facilitator can show to the department's satisfaction that:

(i) The taxable retail sale was made through the marketplace facilitator's marketplace;

(ii) The taxable retail sale was made solely as the agent of a marketplace seller, and the marketplace facilitator and marketplace seller are not affiliated persons; and

(iii) The failure to collect sales tax was not due to an error in sourcing the sale under RCW 82.32.730.

(b) Where the marketplace facilitator is relieved of liability under this subsection (3), the marketplace seller is also relieved of liability for the amount of uncollected tax due, subject to the limitations in subsection (4) of this section.

(4) A marketplace seller with a substantial nexus with this state is relieved of its obligation to collect the taxes imposed under this chapter on all taxable retail sales through a marketplace operated by a marketplace facilitator if the marketplace seller has obtained documentation from the marketplace facilitator indicating that the marketplace facilitator is registered with the department and will collect all applicable taxes due under this chapter on all taxable retail sales made on behalf of the marketplace seller through the marketplace operated by the marketplace facilitator. The documentation required by this subsection (4) must be provided in a form and manner prescribed by or acceptable to the department. This subsection (4) does not relieve a marketplace seller from liability for uncollected taxes due under this chapter resulting from a marketplace facilitator's failure to collect the proper amount of tax due when the error was due to incorrect information given to the marketplace facilitator by the marketplace seller.

(5) Nothing in this section affects the obligation of any purchaser to remit sales or use tax as to any applicable taxable transaction in which the seller or the seller's agent does not collect and remit sales tax.

(6) For purposes of this section, the following definitions apply:

(a) "Affiliated person" has the same meaning as in section 206 of this act.

(b) "Marketplace facilitator" has the same meaning as in section 206 of this act.

(c) "Marketplace seller" means a seller that makes retail sales through any physical or electronic marketplace operated by a marketplace facilitator, regardless of whether the seller is required to be registered with the department as provided in RCW 82.32.030.

(7) This section is subject to RCW 82.32.762.

Sec. 208. RCW 82.08.050 and 2010 c 112 s 8 are each amended to read as follows:
(1)(a) The tax imposed in this chapter must be paid by the buyer to the seller. Each seller must collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department under the provisions of RCW 82.08.060. 

(b) Sellers, including marketplace facilitators as defined in section 206 of this act, establishing a substantial nexus with this state during the current calendar year based solely on the provisions of section 206 (1)(b), (2), or (3)(a)(ii) of this act, and who did not have a substantial nexus with this state during the immediately preceding calendar year for purposes of collecting the taxes imposed under this chapter, must begin collecting state and local sales taxes on taxable retail sales sourced to this state beginning on the first day of the calendar month that is at least thirty days from the date that the person established a substantial nexus with this state.

(2) The tax required by this chapter, to be collected by the seller, is deemed to be held in trust by the seller until paid to the department. Any seller who appropriates or converts the tax collected to the seller's own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a gross misdemeanor.

(3) Except as otherwise provided in this section, if any seller fails to collect the tax imposed in this chapter or, having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is, nevertheless, personally liable to the state for the amount of the tax.

(4) Sellers are not relieved from personal liability for the amount of the tax unless they maintain proper records of exempt or nontaxable transactions and provide them to the department when requested.

(5) Sellers are not relieved from personal liability for the amount of tax if they fraudulently fail to collect the tax or if they solicit purchasers to participate in an unlawful claim of exemption.

(6) Sellers are not relieved from personal liability for the amount of tax if they accept an exemption certificate from a purchaser claiming an entity-based exemption if:

(a) The subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller in Washington; and

(b) Washington provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in Washington. Graying out exemption reason types on a uniform form and posting it on the department’s web site is a clear and affirmative indication that the grayed out exemptions are not available.

(7)(a) Sellers are relieved from personal liability for the amount of tax if they obtain a fully completed exemption certificate or capture the relevant data elements required under the streamlined sales and use tax agreement within ninety days, or a longer period as may be provided by rule by the department, subsequent to the date of sale.

(b) If the seller has not obtained an exemption certificate or all relevant data elements required under the streamlined sales and use tax agreement within the period allowed subsequent to the date of sale, the seller may, within one hundred twenty days, or a longer period as may be provided by rule by the department, subsequent to a request for substantiation by the department, either prove that the transaction was not subject to tax by other means or obtain a fully completed exemption certificate from the purchaser, taken in good faith.

(c) Sellers are relieved from personal liability for the amount of tax if they obtain a blanket exemption certificate for a purchaser with which the seller has a recurring business relationship. The department may not request from a seller renewal of blanket exemption certificates or updates of exemption certificate information or data elements if there is a recurring business relationship between the buyer and seller. For purposes of this subsection (7)(c), a “recurring business relationship” means at least one sale transaction within a period of twelve consecutive months.

(d) Sellers are relieved from personal liability for the amount of tax if they obtain a copy of a direct pay permit issued under RCW 82.32.087.

(8) The amount of tax, until paid by the buyer to the seller or to the department, constitutes a debt from the buyer to the seller. Any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay the tax due under this chapter is guilty of a misdemeanor.

(9) Except as otherwise provided in this subsection, the tax required by this chapter to be collected by the seller must be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. Except as otherwise provided in this subsection, for purposes of determining the tax due from the buyer to the seller and from the seller to the department it must be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter. But if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price may not be considered the selling price.

(10) Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax. If the department proceeds directly against the buyer for collection of the tax as authorized in this subsection, the department may add a penalty of ten percent of the unpaid tax to the amount of the tax due for failure of the buyer to pay the tax to the seller, regardless of when the tax may be collected by the department. In addition to the penalty authorized in this subsection, all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, apply. For the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made will be considered as the due date of the tax.

(11) (Notwithstanding subsections (1) through (10) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if:

(a) The person’s activities in this state, whether conducted directly or through another person, are limited to:

(i) The storage, dissemination, or display of advertising;

(ii) The taking of orders; or

(iii) The processing of payments; and

(b) The activities are conducted electronically via a web site on a server or other computer equipment located in Washington that is not owned or operated by the person making sales into this state nor owned or operated by an affiliated person. “Affiliated person” has the same meaning as provided in RCW 82.04.124. 

(12) Subsection (11) of this section expires when:

(a) The United States congress grants individual states the authority to impose sales and use tax collection duties on remote sellers; or
(b) it is determined by a court of competent jurisdiction, in a judgment not subject to review, that a state can impose sales and use tax collection duties on remote sellers.

(11) For purposes of this section: (a) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(b) "Remote seller" means a seller that makes retail sales in this state through one or more agreements described in subsection (1) of this section, and the seller's other physical presence in this state, if any, is not sufficient to establish a retail sales or use tax collection obligation under the commerce clause of the United States Constitution.

(5) ((Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if:

(a) The person's activities in this state, whether conducted directly or through another person, are limited to:

(i) The storage, dissemination, or display of advertising;

(ii) The taking of orders;

(iii) The processing of payments; and

(b) The activities are conducted electronically via a web site on a server or other computer equipment located in Washington that is not owned or operated by the person making sales into this state nor owned or operated by an affiliated person. "Affiliated persons" has the same meaning as provided in RCW 82.04.424.

(6) Subsection (5) of this section expires when: (a) The United States congress grants individual states the authority to impose sales and use tax collection duties on remote sellers; or (b) it is determined by a court of competent jurisdiction, in a judgment not subject to review, that a state can impose sales and use tax collection duties on remote sellers.

(2)) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax
imposed by this chapter if the person would have been obligated to collect retail sales tax on the sale absent a specific exemption provided in chapter 82.08 RCW, and there is no corresponding use tax exemption in this chapter. Nothing in this subsection ((5)) may be construed as relieving purchasers from liability for reporting and remitting the tax due under this chapter directly to the department.

(((6))) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the state is prohibited under the Constitution or laws of the United States from requiring the person to collect the tax imposed by this chapter.

(((7))) Notwithstanding subsections (1) through (4) of this section, any licensed dealer facilitating a firearm sale or transfer between two unlicensed persons by conducting background checks under chapter 9.41 RCW is not obligated to collect the tax imposed by this chapter.

NEW SECTION. Sec. 211. A new section is added to chapter 82.32 RCW to read as follows:

(1) Notwithstanding any other provision of law, and whether or not the department initiates an audit or other tax collection procedure, the department may bring a declaratory judgment action under chapter 7.24 RCW, regardless of any other remedy available to the department, against any person the department believes has a substantial nexus with this state under section 206(1)(b) of this act to establish that the obligation to remit sales tax is applicable and valid under state and federal law.

(2) The filing of the declaratory judgment action by the department as authorized in this section prohibits the department, during the pendency of the action and any subsequent appeal, from enforcing the tax collection obligations of chapter 82.08 RCW against any remote seller who does not affirmatively consent or otherwise remit sales tax to the department on a voluntary basis. The prohibition in this subsection does not apply if there is a previous judgment from a court establishing the validity of the tax collection obligations of chapter 82.08 RCW with respect to the particular taxpayer.

(3) Notwithstanding any other provisions of state law, attorneys' fees may not be awarded to any party in any action brought pursuant to this section or any appeal from any action brought pursuant to this section.

(4) For purposes of this section, "remote seller" means any seller that makes retail sales in this state but does not have a physical presence in this state.

NEW SECTION. Sec. 212. A new section is added to chapter 82.32 RCW to read as follows:

(1) A taxpayer that, for the purposes of the tax collection obligations in chapter 82.08 RCW, has a substantial nexus with this state solely under the provisions of section 206(1)(b) of this act and is complying with the requirements of chapter 82.08 RCW, voluntarily or otherwise, may only seek a recovery of sales taxes, penalties, or interest from the department by following the recovery procedures established under RCW 82.32.060. However, no claim may be granted on the basis that the taxpayer lacked a physical presence in the state and complied with the tax collection provisions of chapter 82.08 RCW voluntarily while covered by the prohibition on enforcement provided in section 211 of this act.

(2) Neither the state nor any seller who remits sales tax voluntarily or otherwise under this act is liable to a purchaser who claims that the sales tax has been over collected because a provision of this act is later deemed unlawful.

(3) Nothing in this act affects the obligation of any purchaser from this state to remit sales or use tax as to any applicable taxable transaction in which the seller does not collect and remit sales tax.
requirements of this section. For taxable retail sales made through a marketplace facilitator or other agent, the marketplace facilitator or other agent must comply with the notice and reporting requirements of this section, and the principal is not subject to the notice and reporting requirements of this section with respect to those sales.

(2) A seller subject to the notice and reporting requirements of this section must provide a notice to each consumer at the time of each taxable retail sale.

(a) The notice under this subsection (2) must include the following information:

(i) A statement that neither sales nor use tax is being collected or remitted upon the sale;

(ii) A statement that the consumer may be required to remit sales or use tax directly to the department; and

(iii) Instructions for obtaining additional information from the department regarding whether and how to remit the sales or use tax to the department.

(b) The notice under this subsection (2) must be prominently displayed on all invoices and order forms, including, where applicable, electronic and catalogue invoices and order forms, and upon each sales receipt or similar document provided to the purchaser, whether in paper or electronic form. No indication may be made that sales or use tax is not imposed upon the transaction, unless:

(i) Such indication is followed immediately with the notice required by this subsection (2); or

(ii) The transaction with respect to which the indication is given is exempt from sales and use tax pursuant to law.

(3) A seller subject to the notice and reporting requirements of this section must, no later than January 31st of each year, provide a report to each consumer for whom the seller was required to provide a notice under subsection (2) of this section.

(a) The report under this subsection (3) must include:

(i) A statement that the seller did not collect sales or use tax on the consumer's transactions with the seller and that the consumer may be required to remit such tax directly to the department;

(ii) A list, by date, generally indicating the type of product purchased or leased during the immediately preceding calendar year by the consumer from the seller sourced to this state under RCW 82.32.730 and the price of each product;

(iii) Instructions for obtaining additional information from the department regarding whether and how to remit the sales or use tax to the department;

(iv) A statement that the seller is required to submit a report to the department pursuant to subsection (4) of this section stating the total dollar amount of the consumer's purchases from the seller; and

(v) Any information as the department may reasonably require.

(b) The report required under this subsection (3) must be sent to the consumer's billing address, or if unknown, the consumer's shipping address, in an envelope marked prominently with words indicating important tax information is enclosed. If no billing or shipping address is known, the report must be sent electronically to the consumer's last known email address with a subject heading necessary or appropriate to determine the number of failures in any calendar year.

(4) A seller subject to the notice and reporting requirements of this section must, no later than January 31st of each year, file a report with the department.

(a) The report under this subsection (4) must include, with respect to each consumer to whom the seller is required to provide a report under subsection (3) of this section by January 31st of the current calendar year:

(i) The consumer's name;

(ii) The billing address and, if different, the last known mailing address;

(iii) The shipping address for each product sold or leased to such consumer for delivery to a location in this state during the immediately preceding calendar year; and

(iv) The total dollar amount of all such purchases by such consumer.

(b) The total dollar amount of all such purchases by such consumer.

(5) The report under this subsection (4) must be filed electronically in a form and manner required by the department.

(6) The following exemptions to the notice and reporting requirements of this section apply:

(a) A seller who made less than two hundred thousand dollars in total worldwide gross retail sales during the immediately preceding calendar year is not required to file reports under subsections (3) and (4) of this section in the current calendar year.

(b) A seller who made less than one hundred thousand dollars in total worldwide gross retail sales during the immediately preceding calendar year is not required to provide notice under subsection (2) of this section with respect to retail sales made in the current calendar year.

(c) A seller who made less than one hundred thousand dollars in total gross retail sales sourced to this state under RCW 82.32.730 during the immediately preceding calendar year is not required to file reports under subsections (3) and (4) of this section in the current calendar year.

(d) A seller who made less than fifty thousand dollars in total gross retail sales sourced to this state under RCW 82.32.730 during the immediately preceding calendar year is not required to provide notice under subsection (2) of this section with respect to retail sales made in the current calendar year.

(e) A seller who is registered with the department to collect and remit sales and use tax, and who makes a reasonable effort to comply with the requirements of RCW 82.08.050 and 82.12.040, is not required to provide notice or file reports under this section.

NEW SECTION. Sec. 303. (1) The following penalties apply to any seller who fails to provide notices and reports as required by section 302 of this act:

(a) The department must assess a penalty against any seller who fails to provide notice as required by section 302(2) of this act, in addition to any other applicable penalties, in the amount of five dollars for each such failure.

(b) The department must assess a penalty against any seller who fails to provide a report as required by section 302(3) of this act, in addition to any other applicable penalty, in the amount of ten dollars for each such failure.

(c) The department must assess a penalty against any seller who fails to file a report as required by section 302(4) of this act, in addition to any other applicable penalty, equal to ten dollars times the number of such consumers that should have been included on such report.

(2) When assessing a penalty under this section, the department may use any reasonable sampling or estimation technique where necessary or appropriate to determine the number of failures in any calendar year.

(3) Interest accrues on the amount of the total penalty that has been assessed under this section until the total penalty amount is paid in full. Interest imposed under this section must be computed and assessed as provided in RCW 82.32.050 as if the penalty imposed under this subsection were a tax liability.

(4) The department must notify a seller by mail, or electronically as provided in RCW 82.32.135, of the amount of any penalty and interest due under this section. Amounts due under this section must be paid in full within thirty days from the date of the notice, or within such further time as the department may provide in its sole discretion.

(5)(a)(i) A seller is entitled to a conditional waiver of penalties and interest imposed under this section if the seller enters into a written agreement with the department committing to fully
comply with all notice and reporting requirements of this chapter beginning by a date acceptable to the department.

(ii) The department may grant a waiver of penalties and interest under this subsection (5)(a) for penalties and interest assessed for a seller's failure to comply with the notice and reporting requirements for one or more violations.

(iii) The department may not grant more than one request by a seller for a waiver of penalties and interest under this subsection (5)(a).

(iv) The department must reassess penalties and interest conditionally waived under this subsection (5)(a) if the department finds that, after the date that the seller agreed to fully comply with the notice and reporting requirements of this chapter, the seller failed to:

(A) Provide notice under section 302(2) of this act to at least ninety-five percent of the consumers entitled to such notice in any given calendar year or portion of the initial calendar year in which the agreement required under this subsection was in effect if the agreement was in effect for less than the entire calendar year;

(B) Timely provide the reports required under section 302(3) of this act to all consumers who received notice from the seller under section 302(2) of this act during any calendar year, unless the department finds that any such failure was due to circumstances beyond the seller's control; or

(C) Timely provide the reports required under section 302(4) of this act during any calendar year, unless the department finds that any such failure was due to circumstances beyond the seller's control.

(v) The department may not reassess penalties and interest conditionally waived under this subsection (5)(a) more than four calendar years following the calendar year in which the department granted the conditional waiver under this subsection (5)(a).

(vi) The provisions of subsection (4) of this section apply to penalties and interest reassessed under this subsection (5)(a). The department may add additional interest on penalties reassessed under this subsection (5)(a) only if the total amount of penalties reassessed under this subsection (5)(a) is not paid in full by the date due. Additional interest authorized under this subsection (5)(a)(vi) applies beginning on the day immediately following the day that the reassessed penalties were due and accrues until the total amount of reassessed penalties are paid in full.

(b) The department must waive penalties and interest imposed under this section if the department determines that the failure of the seller to fully comply with the notice or reporting requirements was due to circumstances beyond the seller's control.

(c) A request for a waiver of penalties and interest under this subsection must be received by the department in writing and before the penalties and interest for which a waiver is requested are due pursuant to subsection (4) of this section. The department must deny any request for a waiver of penalties and interest that does not fully comply with the provisions of this subsection (5)(c).

NEW SECTION. Sec. 304. Chapter 82.32 RCW applies to the administration of this chapter.

NEW SECTION. Sec. 305. (1) Except as otherwise provided in this section, taxes imposed under chapter 82.08 or 82.12 RCW on a taxable retail sale and payable by a consumer directly to the department are due, on returns prescribed by the department, by March 1st of the calendar year immediately following the calendar year in which the taxable retail sale occurred.

(2) This section does not apply to the reporting and payment of taxes imposed under chapters 82.08 and 82.12 RCW:

(a) On the retail sale or use of motor vehicles, vessels, or aircraft; or

(b) By consumers who are engaged in business, unless the department has relieved the consumer of the requirement to file returns pursuant to RCW 82.32.045(4).

NEW SECTION. Sec. 306. Nothing in this chapter relieves sellers or consumers who are subject to chapter 82.08 or 82.12 RCW from any responsibilities imposed under those chapters. Nor does anything in this chapter prevent the department from administering and enforcing the taxes imposed under chapter 82.08 or 82.12 RCW with respect to any seller or consumer who is subject to such taxes.

Sec. 307. RCW 82.32.045 and 2010 1st sp.s. c 23 s 1103 are each amended to read as follows:

(1) Except as otherwise provided in this chapter or chapter 82.32 RCW (the new chapter created in section 404 of this act), payments of the taxes imposed under chapters 82.04, 82.08, 82.12, 82.14, and 82.16 RCW, along with reports and returns on forms prescribed by the department, are due monthly within twenty-five days after the end of the month in which the taxable activities occur.

(2) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(3) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

(4) Notwithstanding subsections (1) and (2) of this section, the department may relieve any person of the requirement to file returns if the following conditions are met:

(a) The person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than:

(i) Twenty-eight thousand dollars per year; or

(ii) Forty-six thousand six hundred sixty-seven dollars per year for persons generating at least fifty percent of their taxable gross income of the business from all activities taxable under chapter 82.04.255, 82.04.290(2)(a), and 82.04.285;

(b) The person's gross income of the business from all activities taxable under chapter 82.08 or 82.12 RCW is less than twenty-four thousand dollars per year; and

(c) The person is not required to collect or pay to the department of revenue any other tax or fee which the department is authorized to collect.

"Sec. 5. 2017 c ...(SSB 5607) s 101 (uncodified) is amended to read as follows:

(1) The legislature finds that in recent years, the long running K-12 funding debate has narrowly focused on the overreliance by school districts on local school levies, which are neither regular nor dependable. This narrow focus overlooks a number of other deficiencies and inequities in the current K-12 funding structure. The legislature further finds that the current system unfairly drives more money to wealthier districts, on a per pupil basis, for low-income, special education, and transitional bilingual students than to poor districts. The legislature further finds that the current funding structure lacks transparency due to an overly complicated staffing model. The legislature further finds that the overall level of financial resources available to property-rich districts greatly exceeds the overall level of resources available to property-poor districts. The legislature further finds that the current funding structure does not incorporate any significant adjustment to reflect regional cost differences, which leads to other inequities. The legislature further finds that while the primary focus of the legislature is to address the funding aspects of K-12 education, the system should be viewed holistically by evaluating and incorporating broader reforms to ensure that the students of our state are receiving the best possible education.

(2)(a) Based on the foregoing, the legislature finds that a quality K-12 funding structure should focus on four broad objectives: Ampleness, dependability, equity, and transparency.

(b) The legislature further finds that amplyness envelops several core issues. First, an ample K-12 funding structure should pay for the actual cost of providing the state's program of basic education. Second, an ample K-12 funding structure recognizes that different children, for example low-income students or English language learners, require different levels of resources.

(c) The legislature further finds that a dependable funding structure involves a binding and unwavering guarantee by the state that does not fluctuate with short-term economic changes.

(d) The legislature further finds that an equitable K-12 funding structure guarantees a uniform foundational level of financial resources for all school districts coupled with an additional recognition that the cost to pay for educational services is different in different parts of the state. The legislature further finds that an equitable K-12 funding structure reflects a reality that the residents of different school districts have different abilities to financially contribute to the funding of the students residing within their districts.

(e) The legislature further finds that a transparent K-12 funding structure is simple and straightforward, and thereby allows the public to more easily understand how their tax dollars are being spent, which increases accountability.

(3) Based on the foregoing, the legislature intends to create an ample, dependable, equitable, and transparent K-12 funding structure that benefits our state and students. The revised funding structure in chapter . . . (SSB 5607), Laws of 2017 is set to take effect with the 2018-19 school year and includes the following major elements:

(a) A basic per pupil guarantee of ten thousand dollars per student. This basic per pupil guarantee is set at a level necessary to exceed the entire projected cost under current law of state general apportionment funding, state levy equalization funding, state pupil transportation funding, and all local school district maintenance and operation levies by approximately one hundred twenty-six million dollars;

(b) A state-required local contribution, referred to as a local effort levy, to be applied towards the basic per pupil guarantee. The levy would be uniformly imposed in every school district at a rate specified in the omnibus appropriations act, but not exceeding one dollar and eighty cents per thousand dollars of assessed value. In essence, the ((local effort levy)) new state property tax would be applied to the total cost of the basic per pupil guarantee in each school district, with the state backfilling the difference in order to meet the state guarantee. There is a minimum state contribution that requires the state to pay for at least forty percent of the basic per pupil guarantee. The property tax rate would be lowered in future years, as undedicated state revenues become available. A small school hold-harmless provision is included. Under this provision, for any school district that is estimated to receive less funding through the basic per pupil guarantee than projected under current law for the state and local funding sources the basic per pupil guarantee is replacing, the district will receive the higher amount;

(c) An additional seven thousand five hundred dollars per pupil guarantee for special education students;
intended and expected to improve the educational opportunities available to students in Washington. The legislature finds that the current system is not equitable, as it relies on local property taxes, which can vary widely across the state. This results in an unequal distribution of resources, with some districts receiving significantly more funding than others.

The legislature has proposed an alternative system that includes the following components:

(a) Ample – The system provides funds at a significantly higher level per student than the basic education program currently in place. The state provided program of basic education will provide over twelve thousand five hundred dollars on average per pupil for school districts across the state, translating to over two hundred fifty thousand dollars for a classroom of twenty students;

(b) Dependable – The system provides a binding and unwavering guarantee to finance basic education on a guaranteed per pupil basis and eliminates the unconstitutional reliance on unreliable and unfair local excess levies to provide that funding;

(c) Equitable – The system eliminates the current inequitable funding found throughout the state of Washington, and instead, provides a guaranteed level of funding for every pupil based on the pupil's educational characteristics; and

(d) Transparent – The system is transparent and straightforward, thereby allowing the public to more easily understand how its tax dollars are spent and bring about increased accountability.

Finally, the legislature finds these changes, along with reforms in the rest of chapter . . . (SSB 5607), Laws of 2017, are intended and expected to improve the educational opportunities and outcomes of children throughout the state.

Sec. 6. RCW 84.55.--- and 2017 c ... (SSB 5607) s 211 are each amended to read as follows:

(1) For purposes of RCW 84.55.010, 84.55.015, 84.55.020, and 84.55.030, "regular property tax levy rate," "regular property tax rate," and "property tax rate" mean, with respect to impacted taxing districts, the regular property tax levy rate that would have applied if the state property tax levy, through the ((local effort new state property tax authorized in RCW 84.52.065(2), had not been increased by legislative action after January 1, 2018.

(2) This section applies beginning with taxes levied for collection in 2019 and for taxes levied for collection in subsequent years through 2028.

(3) The department may adopt rules as the department considers necessary to implement this section, consistent with the purpose of those sections as described in section 212, chapter . . . (SSB 5607), Laws of 2017.

(4) This section expires July 1, 2028.

Sec. 7. 2017 c ... (SSB 5607) s 212 (uncodified) is amended to read as follows:

The legislature's purpose in enacting RCW 84.52.--- and 84.55.--- (sections 210 and 211, chapter . . . (SSB 5607), Laws of 2017) is to mitigate the negative financial effects of the ((local effort new state property tax on local taxing districts resulting from legislative action after January 1, 2017.

Sec. 8. RCW 84.36.381 and 2017 c ... (SSB 5607) s 213 are each amended to read as follows:

A person is exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

1. The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as of the time of filing. However, any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant may receive an exemption on more than one residence in any year. Moreover, confinement of the person to a hospital, nursing home, assisted living facility, or adult family home does not disqualify the claim of exemption if:

a. The residence is temporarily unoccupied;

b. The residence is occupied by a spouse or a domestic partner and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home, hospital, assisted living facility, or adult family home costs;

2. The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or state registered domestic partnership or owned by cotenants is deemed to be owned by each spouse or each domestic partner or each cotenant, and any lease for life is deemed a life estate;

3. The person claiming the exemption must be:

a. Sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability; or

b. A veteran of the armed forces of the United States entitled to and receiving compensation from the United States department of veterans affairs at a total disability rating for a service-connected disability.

(c) However, any surviving spouse or surviving domestic partner of a person who was receiving an exemption at the time of the person's death will qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this section;
of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less is exempt from all regular property taxes on the greater of sixty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed seventy thousand dollars of the valuation of his or her residence;

(6)(a) For a person who otherwise qualifies under this section and has a combined disposable income of forty thousand dollars or less, the valuation of the residence is the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year in which the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation must be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification is the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation upon requalification is greater than the valuation at the time the person transfers the exemption.

(b) In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

(c) This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property must be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

Sec. 9. RCW 84.36.630 and 2017 c ... (SSB 5607) s 214 are each amended to read as follows:

1. All machinery and equipment owned by a farmer that is personal property is exempt from property taxes levied for any state purpose, including the (local effort levy) new state property tax imposed under RCW 84.52.065(2), if it is used exclusively in growing and producing agricultural products during the calendar year for which the claim for exemption is made.

2. "Farmer" and "agricultural product" have the same meaning as defined in RCW 82.04.213.

3. A claim for exemption under this section must be filed with the county assessor together with the statement required under RCW 84.40.190, for exemption from taxes payable the following year. The claim must be made solely upon forms as prescribed and furnished by the department of revenue.

For excess levies for collection in calendar year 1997, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1996.

(2) For excess levies for collection in calendar year 1998 and thereafter, the maximum dollar amount shall be the sum of (a) plus or minus (b), (c), and (d) of this subsection minus (e) of this subsection:

(a) The district's levy base as defined in subsection (3) of this section multiplied by the district's maximum levy percentage as defined in subsection (4) of this section;

(b) For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy;

(c) Except for nonhigh districts under (d) of this subsection, for districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district's levy base under subsection (3) of this section multiplied by:

(i) The number of full-time equivalent students served from the resident district in the prior school year, multiplied by;

(ii) The serving district's maximum levy percentage determined under subsection (4) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

(d) The levy bases of nonhigh districts participating in an innovation academy cooperative established under RCW 28A.340.080 shall be adjusted by the office of the superintendent of public instruction to reflect each district's proportional share of student enrollment in the cooperative;

(e) The district's maximum levy amount shall be reduced by the maximum amount of state matching funds for which the district is eligible under RCW 28A.500.010.

(3) For excess levies for collection in calendar years 1998 ((and thereafter)) through 2019, a district's levy base shall be the sum of allocations in (a) through (d) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (d) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.---(4)(a) (section 102, 4(a), chapter . . . (SSB 5607), Laws of 2017);

(b) State and federal categorical allocations for the following programs:

(i) Special education;

(ii) Education of highly capable students;

(iii) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;

(iv) Food services; and

(v) Statewide block grant programs;
may subsequently hold a supplemental levy election pursuant to (b)(ii) of this subsection if the supplemental levy election is held before the effective date of dissolution. In the event a supplemental levy election is held under (b)(ii) of this subsection but does not pass, the affected school district may subsequently hold a replacement levy election pursuant to (b)(i) of this subsection if the replacement levy election is held before the effective date of dissolution. Failure of a replacement levy or supplemental levy election does not affect any previously approved and existing maintenance and operation levy within the affected school district or districts.

(c) For the purpose of applying the limitation of this subsection (2), a two-year through six-year levy to support the construction, modernization, or remodeling of school facilities shall not be deemed to be a tax levy for maintenance and operation support of a school district.

(3) A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

(4) To ensure that maintenance and operation levies are not used for basic education programs, beginning with ballot propositions submitted to the voters in calendar year 2019, districts must provide a report to the office of the superintendent of public instruction detailing the programs and activities to be funded through a proposed levy for maintenance and operation support. The report must be submitted to, and approved by, the office of the superintendent of public instruction prior to the election for the proposition.

PERSONAL PRIVILEGE

Senator Ranker: "Thank you very much Mr. President. This institution has a long history of being respectful to each other and the speeches that are being given. And I personally know that I, and others, feel that when so many members are off the floor watching a basketball game and not paying attention to the work being done on the floor, and some very important speeches, and some of these speeches we may disagree with, but we still need to respect. But when there is that much cheering and such, and we all love Gonzaga, actually I am more of a Husky guy, but anyway, the point is that is not appropriate. And it really takes away from our institution and who we are representing our constituents, and I would like us to pay more attention to the work at hand and less attention to a basketball game."

MOTION

Senator Carlyle moved that the following floor amendment no. 160 by Senators Carlyle, Chase, Kuderer and Palumbo be adopted:

On page 10, after line 24, insert the following:

"NEW SECTION. Sec. 6. A new section is added to chapter 82.32 RCW to read as follows:

(1) An additional tax is imposed on businesses who own parcels of real property valued at five million dollars or more. The tax is equal to the amount of the property tax reduction on each parcel of real property valued at over five million dollars owned by the business realized from the levy in RCW 84.52.065(2)(a) (section 2(2)(a) of this act). Any business that realized an increase in property tax, as a result the levy in RCW 84.52.065(2)(a) (section 2(2)(a) of this act), on a parcel of real property valued at five million dollars or more is exempt from the tax imposed under this section.

(2) In order to determine whether a business has an increase or a decrease in property tax as a result of RCW 84.52.065(2)(a) (section 2(2)(a) of this act), beginning with the levy of taxes for collection in 2019, the department must do a comparison, for all parcels owned by businesses valued at over five million dollars, comparing the property tax owed from RCW 84.52.065(2)(a) (section 2(2)(a) of this act) and the taxes that would otherwise be due from the levy in RCW 84.52.053 at the rate that existed on January 1, 2017.

(3) This chapter applies to this section except as otherwise provided in this section. The tax imposed by this section must be paid annually by May 25th. The department must adopt rules necessary to implement and collect the tax imposed under this section.

(4) Taxes collected under this section must be deposited into the education levy contingency account hereby created in the state treasury. Funds in the account must first be used to reimburse local school districts from lost revenue from the levy in RCW 84.52.065(2)(a) (section 2(2)(a) of this act) as a result the amendments in section 7 of this act. Any additional funds must distributed to the local school districts ratably based on the number of students to fund items not defined as basic education. Expenditures from the account must be appropriated.

Sec. 7. RCW 84.36.381 and 2015 3rd sp.s. c 30 s 2 are each amended to read as follows:

A person is exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing. However, any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant may receive an exemption on more than one residence in any year. Moreover, confinement of the person to a hospital, nursing home, assisted living facility, or adult family home does not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;
(b) The residence is occupied by a spouse or a domestic partner and/or a person financially dependent on the claimant for support; or
SEVENTY FOURTH DAY, MARCH 23, 2017

(c) The residence is rented for the purpose of paying nursing home, hospital, assisted living facility, or adult family home costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or state registered domestic partnership or owned by cotenants is deemed to be owned by each spouse or each domestic partner or each cotenant, and any lease for life is deemed a life estate;

(3)(a) The person claiming the exemption must be:

(i) Sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability; or

(ii) A veteran of the armed forces of the United States entitled to and receiving compensation from the United States department of veterans affairs at a total disability rating for a service-connected disability.

(b) However, any surviving spouse or surviving domestic partner of a person who was receiving an exemption at the time of the person's death will qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person is exempt from an obligation to pay is calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse or the person's domestic partner, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of forty thousand dollars or less is exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less but greater than thirty thousand dollars is exempt from all regular property taxes, except for the levy in RCW 84.52.065(2)(a) of this act, on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less is exempt from all regular property taxes, except for the levy in RCW 84.52.065(2)(a) of this act, on the greater of sixty thousand dollars or sixty percent of the valuation of his or her residence;

(iii) A person who otherwise qualifies under this section and has a combined disposable income of fifty-seven thousand dollars or less but greater than fifty-two thousand dollars is exempt from the levy in RCW 84.52.065(2)(a) of this act, on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed seventy thousand dollars of the valuation of his or her residence; or

(iv) A person who otherwise qualifies under this section and has a combined disposable income of fifty-two thousand dollars or less is exempt from the levy in RCW 84.52.065(2)(a) of this act, on the greater of sixty thousand dollars or sixty percent of the valuation of his or her residence;

(6)(a) For a person who otherwise qualifies under this section and has a combined disposable income of forty thousand dollars or less, the valuation of the residence is the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation must be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification is the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence is the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

(b) In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

(c) This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property must be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made."

SENATE BILL NO. 5894, by Senators O’Ban, Darnelle, Braun, Becker, Rossi, Brown, Miloscia, Cleveland, Ranker, Chase, Warnick, Keiser, Hunt, Hasegawa, Wellman and Zeiger

Concerning behavioral health system reform.

MOTION

Senator O’Ban moved that the following floor striking amendment no. 161 by Senators Darnelle and O’Ban be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act establishes the path of reform for the state behavioral health system over upcoming biennia concerning provision of long-term psychiatric care. Over the ensuing years Washington must transition purchasing of long-term involuntary psychiatric care to a regionally based system under a managed care framework which is responsive to the needs of the community and accountable for quality and patient outcomes. During this time state hospital practices must be modernized and state hospital resources focused on service to forensic and higher acuity civil patients. Treatment for patients undergoing competency evaluation and competency restoration treatment are excluded from the risk model; patients with specialized needs move to the appropriate level of care; bargaining agreements; and

(e) The availability of options for incentives for the aging and long-term support administration and developmental disability administration to ensure that long-term involuntary treatment patients with specialized needs move to the appropriate level of care within a reasonable time period.

(4) The risk model must be designed to allow managed care entities to contract with any certified provider capable of providing the level of inpatient psychiatric care required under civil commitment within a fixed capitation rate, placing the entity at risk for all hospital utilization above the capitation base.

(5) The contracts for consultant services in this section are exempt from the competitive solicitation requirements in RCW 39.26.125.

Part II

Development of Community Long-Term Involuntary Treatment Capacity
NEW SECTION. Sec. 201. A new section is added to chapter 71.24 RCW to read as follows:

(1) The state intends to develop new capacity for delivery of long-term treatment in the community in diverse regions of the state prior to the effective date of the integration of risk for long-term involuntary treatment into managed care, and to study the cost and outcomes associated with treatment in community facilities. In furtherance of this goal, the department shall purchase a portion of the state's long-term treatment capacity allocated to behavioral health organizations under RCW 71.24.310 in willing community facilities capable of providing alternatives to treatment in a state hospital. The state shall increase its purchasing of long-term involuntary treatment capacity in the community over time.

(2) The department shall:
   (a) Work with willing community hospitals licensed under chapters 70.41 and 71.12 RCW and evaluation and treatment facilities certified under chapter 71.05 RCW to assess their capacity to become certified to provide long-term mental health placements and to meet the requirements of this chapter, and
   (b) Enter into contracts and payment arrangements with such hospitals and evaluation and treatment facilities choosing to provide long-term mental health placements, to the extent that willing certified facilities are available. Nothing in this chapter requires any community hospital or evaluation and treatment facility to be certified to provide long-term mental health placements.

(3) The department must establish rules for the certification of facilities interested in providing care under this section.

(4) Contracts developed by the department to implement this section must be constructed to allow the department to obtain complete identification information and admission and discharge dates for patients served under this authority. Prior to requesting identification information and admission and discharge dates or reports from certified facilities, the department must determine that this information cannot be identified or obtained from existing data sources available to state agencies. In addition, until January 1, 2022, facilities certified by the department to provide community long-term involuntary treatment to adults shall report to the department:
   (a) All instances where a patient on a ninety or one hundred eighty-day involuntary commitment order experiences an adverse event required to be reported to the department of health pursuant to chapter 70.56 RCW; and
   (b) All hospital-based inpatient psychiatric service core measures reported to the joint commission or other accrediting body occurring from psychiatric departments, in the format in which the report was made to the joint commission.

Sec. 202. RCW 71.24.310 and 2014 c 225 s 40 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the behavioral health organization defined in RCW 71.24.025. For this reason, the legislature intends that the department and the behavioral health organizations shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, behavioral health organizations shall recommend to the department the number of state hospital beds that should be allocated for use by each behavioral health organization. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the behavioral health organizations regarding the number of state hospital beds that should be allocated for use by each behavioral health organization, the department shall contract with each behavioral health organization accordingly.

(3) If there is not consensus among the behavioral health organizations regarding the number of beds that should be allocated for use by each behavioral health organization, the department shall establish by emergency rule the number of state hospital beds that are available for use by each behavioral health organization. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each behavioral health organization area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5)(a) The department (is encouraged to enter)) shall enter into performance-based contracts with (behavioral health organizations) facilities certified by the department to provide treatment to adults on a ninety or one hundred eighty-day involuntary commitment order to provide some or all of the behavioral health organization's allocated long-term involuntary treatment capacity in the community, rather than in the state hospital, to the extent that willing certified facilities and funding are available. The performance contracts shall specify the number of patient days of care available for use by the behavioral health organization in the state hospital and the number of patient days of care available for use by the behavioral health organization in a facility certified by the department to provide treatment to adults on a ninety or one hundred eighty-day involuntary commitment order, including hospitals licensed under chapters 70.41 and 71.12 RCW and evaluation and treatment facilities certified under chapter 71.05 RCW.

(b) A hospital licensed under chapter 70.41 or 71.12 RCW is not required to undergo certification to treat patients on ninety or one hundred eighty-day involuntary commitment orders in order to treat adults who are waiting for placement at either the state hospital or in certified facilities that voluntarily contract to provide treatment to patients on ninety or one hundred eighty-day involuntary commitment orders.

(6) If a behavioral health organization uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a behavioral health organization to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among behavioral health organizations that have used less than their allocated or contracted patient days of
care at that hospital, proportional to the number of patient days of care not used.

NEW SECTION. Sec. 203. A new section is added to chapter 71.05 RCW to read as follows:

Treatment under RCW 71.05.320 may be provided at a state hospital or any willing and able facility certified to provide ninety-day or one hundred eighty-day care. The order for such treatment must remand the person to the custody of the department or designee. A prepaid inpatient health plan, managed care organization, or the department, when responsible for the cost of care, may designate where treatment is to be provided, at a willing certified facility or a state hospital, after consultation with the facility currently providing treatment. The prepaid inpatient health plan, managed care organization, or the department, when responsible for the cost of care, may not require prior authorization for treatment under RCW 71.05.320. The designation of a treatment facility must not result in a delay of the transfer of the person to a state hospital or certified treatment facility if there is an open bed available at either the state hospital or a certified facility.

Sec. 204. RCW 71.05.320 and 2016 c 45 s 4 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her ((to the custody of the department or to a facility certified for ninety day treatment by the department)) for a further period of intensive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated mental health professional, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge ((from the state hospital)); or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient ((mental)) behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(c) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(b) At the end of the one hundred eighty day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant
to the same procedures as the original one hundred eighty day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

Sec. 205. RCW 71.05.320 and 2016 sp.s.c. 29 s 237 and 2016 c 45 s 4 are each reenacted and amended to read as follows:

(1) (a) Subject to (b) of this subsection, if the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. The court may only enter an order for commitment based on a substance use disorder if there is an available approved substance use disorder treatment program with adequate space for the person.

(c) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court ((shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department)) must commit him or her for a period of treatment of up to ninety days or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the order for less restrictive treatment is based on a substance use disorder, treatment must be provided by an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a mental disorder, substance use disorder, or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder, substance use disorder, or developmental disability a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge ((from the state hospital)); or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient ((mental)) behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, subject to subsection (1)(b) of this section, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(b) At the end of the one hundred eighty day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty day period of continued treatment is filed and heard in the same manner as
provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person’s previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

Sec. 206. RCW 71.05.320 and 2016 sp.s c 29 s 238 are each amended to read as follows:

1(a) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for intensive treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court ((shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department)) must commit him or her for a period of treatment of up to ninety days or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the order for less restrictive treatment is based on a substance use disorder, treatment must be provided by an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a mental disorder, substance use disorder, or developmental disability presents a likelihood of serious harm; or

(b) was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder, substance use disorder, or developmental disability a likelihood of serious harm; or

(c)(i) is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person’s life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person’s condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge ((from the state hospital));

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient (mental) behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court’s order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(b) At the end of the one hundred eighty day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment.
(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

NEW SECTION, Sec. 207. The department of social and health services shall confer with the department of health and hospitals licensed under chapters 70.41 and 71.12 RCW to review laws and regulations and identify changes that may be necessary to address care delivery and cost-effective treatment for adults on ninety or one hundred eighty day commitment orders which may be different than the requirements for short-term psychiatric hospitalization. The department of social and health services shall report its findings to the select committee on quality improvement in state hospitals by November 1, 2017.

Part III
State Hospital Short-Term Reforms

NEW SECTION, Sec. 301. The legislature intends to expand capacity in the upcoming biennia for enhanced community placements for complex patients to decrease utilization of state hospitals and increase community stability. Capacity must be provided in settings such as nursing homes, assisted living facilities, adult family homes, enhanced service facilities, state-operated living alternatives, and supported housing for persons with developmental disabilities or long-term care needs. The funding must be administered by the department of social and health services.

NEW SECTION, Sec. 302. A new section is added to chapter 71.05 RCW to read as follows:

Discharge planning in state hospitals and certified community long-term involuntary treatment facilities must begin at admission. Discharge planning must be collaborative across state agencies and community providers, provide individualized treatment targeted towards known risks of rehospitalization or recidivism, and work ahead to resolve known discharge barriers that may prevent patients from leaving the state hospital or certified community long-term involuntary treatment facilities when they are deemed ready. To ensure effective discharge planning, state hospitals, certified long-term involuntary treatment facilities, and state agencies responsible for the cost of the community care long-term involuntary treatment patients must do the following:

(1) The aging and long-term support administration and developmental disabilities administration or their successor agencies must assume expanded responsibility beginning at admission for aiding its clients to transition from state hospitals and certified long-term involuntary treatment facilities into the community. This responsibility may include interfacing with behavioral health organizations and others to coordinate community treatment arrangements for multiagency clients. State hospitals and certified long-term treatment facilities must allow functional assessments to be conducted on individuals identified as potential clients before the patient is deemed eligible for discharge and allow necessary access for agency staff to implement the goals of this subsection;

(2) State hospitals and certified long-term involuntary treatment facilities must allow managed care entities responsible for the cost of a state hospital patient's community care appropriate access to the patient and patient records for purposes of coordinated care. Managed care entities must be allowed to make assessments, provide input into treatment and discharge planning, and otherwise engage in appropriate rehabilitation case management activities; and

(3) State hospitals must screen patients upon admission for medical necessity for substance use disorder treatment and provide coordinated substance use disorder treatment services targeted to reduce rehospitalization or recidivism to patients with an identified need.

Sec. 303. RCW 71.05.365 and 2016 s.p.s. c 37 s 15 are each amended to read as follows:

(1) When a person has been involuntarily committed for treatment to a state hospital for a period of ninety or one hundred eighty days, and the superintendent or professional person in charge of the state hospital determines that the person no longer requires active psychiatric treatment at an inpatient level of care, the behavioral health organization((p)) or full integration entity under RCW 71.24.380((, or agency providing oversight of long-term care or developmental disability services that is responsible for resource management services for the person must work with the hospital to develop an individualized discharge plan and arrange for a transition to the community in accordance with the person's individualized discharge plan within fourteen days of the determination)) must establish an individualized discharge plan arranging for transition to an identified placement in the community within no more than fourteen days of the determination. The individualized discharge plan must provide for a date certain by which discharge must be completed.

(2) If the entity under subsection (1) of this section has not fulfilled the obligation to establish an individualized discharge plan for the patient, the entity must reimburse the department for days of care provided after the fourteenth day following determination that the person no longer requires active psychiatric treatment at an inpatient level of care, until an individualized discharge plan meeting the requirements of subsection (1) of this section is established. The reimbursement rate per day shall be the same reimbursement rate under RCW 71.24.310.

(3) The department must establish a process for appeal to the secretary or the secretary's designee when entities under subsection (1) of this section and the state hospital are unable to mutually agree within fourteen days about a specific patient's readiness for discharge, whether readiness for discharge is asserted by the state hospital or by the managed care entity. The managed care entity may use this process to request relief from a reimbursement obligation under subsection (2) of this section if the managed care entity is unable to establish a discharge plan due to the action or inaction of a third party outside its contracting authority or control, such as a state agency division responsible for a portion of the costs related to the community care needs of the person or the court.

(4) The requirements of this section are suspended when the risk for state hospital treatment or state-contracted inpatient treatment in a certified community long-term involuntary treatment facility is integrated into managed care contracts as provided under section 101 of this act.

NEW SECTION, Sec. 304. A new section is added to chapter 72.23 RCW to read as follows:

(1) The legislature finds that qualified psychiatric advanced registered nurse practitioners and physician assistants supervised by a psychiatrist have a role in participating in the direction of psychiatric treatment at state psychiatric hospitals consistent with practice at the top of their scope of license and capabilities, including sharing duties for prescribing psychiatric medication and other tasks historically performed by psychiatrists at the state hospitals. The department should take reasonable steps available to employ these professionals at state hospitals.
(2) The role of state hospital psychiatrists is expanded to provide supervision to physician assistants specializing in psychiatry and provide mentorship to psychiatric advanced registered nurse practitioners necessary to allow these professionals to practice at the top of their scope of license.

(3) In order to increase the use of psychiatric advanced registered nurse practitioners and physician assistants to perform work and tasks that are currently or have been historically performed by psychiatrists at the state hospitals, the department shall work with the University of Washington department of psychiatry and behavioral sciences and the appropriate department of Washington State University and appropriate schools of nursing to conduct an analysis and develop a plan to create a training and supervision program at western and eastern state hospitals for psychiatric advanced registered nurse practitioners and physician assistants. The plan shall include an appraisal of risks, barriers, and benefits to implementation as well as an implementation timeline. The department must report to the office of financial management and relevant policy and fiscal committees of the legislature on findings and recommendations by December 15, 2017.

The care coordinator coordinates activities with the designated crisis responders that are necessary for enforcement and continuation of less restrictive alternative orders and is responsible for coordinating service activities with other agencies and maintaining a therapeutic relationship with the individual on a continuing basis.
This section establishes a process for initial evaluation and filing of a petition for assisted outpatient treatment, but however does not preclude the filing of a petition for assisted outpatient treatment following a period of inpatient detention in appropriate circumstances:

(1) The designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at a mental health facility, secure detoxification facility, or approved substance use disorder treatment program.

(2) The designated crisis responder must investigate and evaluate the specific facts alleged and the reliability or credibility of any person providing information. The designated crisis responder may spend up to forty-eight hours to complete the investigation, provided that the person may not be held for investigation for any period except as authorized by RCW 71.05.050 or 71.05.153.

(3) If the designated crisis responder finds that the person is in need of assisted outpatient behavioral health treatment, they may file a petition requesting the court to enter an order for up to ninety days less restrictive alternative treatment. The petition must include:

(a) A statement of the circumstances under which the person's condition was made known and stating that there is evidence, as a result of the designated crisis responder's personal observation or investigation, that the person is in need of assisted outpatient behavioral health treatment, and stating the specific facts known as a result of personal observation or investigation, upon which the designated crisis responder bases this belief;

(b) The declaration of additional witnesses, if any, supporting the petition for assisted outpatient treatment;

(c) A designation of retained counsel for the person or, if counsel is appointed, the name, address, and telephone number of the attorney appointed to represent the person;

(d) The name of an agency or facility which agreed to assume responsibility of providing less restrictive alternative treatment if the petition is granted by the court;

(e) A summons to appear in court at a specific time and place within five judicial days for a probable cause hearing, except as provided in subsection (4) of this section.

(4) If the person is in the custody of jail or prison at the time of the investigation, a petition for assisted outpatient behavioral health treatment may be used to facilitate continuity of care after release from custody or the diversion of criminal charges as follows:

(a) If the petition is filed in anticipation of the person's release from custody, the summons may be for a date up to five judicial days following the person's anticipated release date, provided that a clear time and place for the hearing is provided; or

(b) The hearing may be held prior to the person's release from custody, provided that (i) the filing of the petition does not extend the time the person would otherwise spend in the custody of jail or prison; (ii) the charges or custody of the person is not a pretext to detain the person for the purpose of the involuntary commitment hearing; and (iii) the person's release from custody must be expected to swiftly follow the adjudication of the petition. In this circumstance, the time for hearing is shortened to three judicial days after the filing of the petition.

(5) The petition must be served upon the person and the person's counsel with a notice of applicable rights. Proof of service must be filed with the court.

(6) A petition for assisted outpatient treatment filed under this section must be adjudicated under RCW 71.05.240.

If the petition is filed solely on the grounds that the person is in need of assisted outpatient mental health treatment, the petition may only be for an involuntary outpatient evaluation.

A involuntary outpatient evaluation may be conducted by any combination of licensed professionals authorized to petition for involuntary commitment under RCW 71.05.220 and must include involvement or consultation with the agency or facility which will provide monitoring or services under the proposed less restrictive alternative treatment order. If the petition is for an involuntary outpatient evaluation and the person is being held in a hospital emergency department, the person may be released once the hospital has satisfied federal and state legal requirements for appropriate screening and stabilization of patients.

Sec. 412. RCW 71.05.240 and 2016 c 45 s 2 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention ((or involuntary outpatient evaluation)) of such person as determined in RCW 71.05.180, or at a time determined under section 405 of this act. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) The court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3) At the conclusion of the probable cause hearing:

(a) If the court finds by a preponderance of the evidence that such person, as the result of mental disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department. If the court finds that such person, as the result of a mental disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days;

(b) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder, is in need of assisted outpatient mental health treatment, and that the person does not present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days (and may not order inpatient treatment);

(4) An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(5) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. The court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047. Sec. 413. RCW 71.05.240 and 2016 sp.s. c 29 s 232 and 2016 c 45 s 2 are each reenacted and amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention ((or involuntary outpatient evaluation)) of such person as determined in RCW 71.05.180, or at a time determined under section 405 of this act. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.
(2) If the petition is for mental health treatment, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department.

(b) Commitment for up to fourteen days based on a substance use disorder must be to either a secure detoxification facility or an approved substance use disorder treatment program. A court may only enter a commitment order based on a substance use disorder if there is an available secure detoxification facility or approved substance use disorder treatment program with adequate space for the person.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days.

(d) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days.

(4) An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(5) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. If the commitment is for mental health treatment, the court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

Sec. 414. RCW 71.05.240 and 2016 sp.s c 29 s 233 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180, or at a time determined under section 405 of this act. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) If the petition is for mental health treatment, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department.

(b) Commitment for up to fourteen days based on a substance use disorder must be to either a secure detoxification facility or an approved substance use disorder treatment program.

(c) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days.

(d) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days and may not order inpatient treatment.

(4) An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(5) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. If the commitment is for mental health treatment, the court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

Sec. 415. RCW 71.05.590 and 2015 c 250 s 13 are each amended to read as follows:

(1) An agency or facility designated to monitor or provide services under a less restrictive alternative or conditional release order or a designated mental health professional may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order if the agency, facility, or designated mental health professional determines that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;
(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel, advise, or admonish the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated mental health professional, or other means to the agency or facility designated to monitor or provide services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or evaluation and treatment facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated mental health professional or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated mental health professional when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated mental health professional or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this section to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment, or initiate proceedings under this subsection (4) without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated mental health professional or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated mental health professional or secretary shall notify the court that originally ordered commitment within two judicial days of a person's detention and file a revocation petition and order of apprehension and detention with the court and serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings regarding a petition for modification or revocation must be in the county in which the petition was filed.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

(((e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.))

(5) In determining whether or not to take action under this section the designated mental health professional, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 416. RCW 71.05.590 and 2016 sp. s. c 29 s 242 are each amended to read as follows:

(1) An agency or facility designated to monitor or provide services under a less restrictive alternative or conditional release order or a designated crisis responder may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order if the agency, facility, or designated crisis responder determines that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and
compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel, advise, or admonish the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent dec complication or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility or approved substance use disorder treatment program with available space if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent dec complication, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section.

3 The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial dec complication in his or her condition and, as a result, presents an increased likelihood of serious harm.

4(a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment and has adequate space. Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary shall notify the court that originally ordered commitment within two judicial days of a person's detention and file a revocation petition and order of apprehension and detention with the court and serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings regarding a petition for modification or revocation must be in the county in which the petition was filed.

4(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial dec complication with a reasonable probability that the dec complication can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order. A court may not issue an order to detain a person for inpatient treatment in a secure detoxification facility or approved substance use disorder treatment program under this subsection unless there is a secure detoxification facility or approved substance use disorder treatment program available and with adequate space for the person.

4(e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

5 In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 417. RCW 71.05.590 and 2016 sp. s 29 s 243 are each amended to read as follows:

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility or an approved substance use disorder treatment program if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary shall notify the court that originally ordered commitment within two judicial days of a person's detention and file a revocation petition and order of apprehension and detention with the court and serve the person and their attorney, guardian, and conservator, if any. (i) A description of the relationship between the petitioner and the person; and
(ii) The date on which an investigation was requested from the designated crisis responder.

(3) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated crisis responder agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information material to the designated crisis responder’s current decision.

(4) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

(5) The court shall dismiss the petition at any time if it finds that a designated crisis responder has filed a petition for the person’s initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

(6) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention or an order instructing the designated crisis responder to file a petition for assisted outpatient behavioral health treatment if the court finds that: (a) There is probable cause to support a petition for detention or assisted outpatient behavioral health treatment; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

The court shall transmit its final decision to the petitioner.

(7) If the court enters an order for initial detention, it shall provide the order to the designated crisis responder agency, which shall execute the order without delay. An order for initial detention under this section expires one hundred eighty days from issuance.

(8) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW 71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

(9) For purposes of this section, “immediate family member” means a spouse, domestic partner, child, stepchild, parent, stepparent, grandparent, or sibling.

Part V
Reducing Demand for Forensic Services

NEW SECTION. Sec. 501. (1) The legislature intends to implement crisis walk-in centers, a new crisis service in Washington, to be deployed in high-need urban areas. A crisis walk-in center allows individuals to self-refer or be referred by emergency services or police and stay up to twenty-three hours under observation. Services with crisis walk-in centers generally include crisis stabilization and intervention, general counseling, peer support, medication management, education, and referral assistance. Studies indicate that these centers reduce hospital admissions and increase enrollment in community programs. The legislature intends for these centers to be geographically distributed around the state.

(2) The legislature intends to expand availability of clubhouses to provide community-based programs which promote rehabilitation, recovery, and reintegration services to adults with persistent mental illness. Clubhouses expanded under this section must show fidelity to the evidence-based model and be credentialed through clubhouse international.

Sec. 502. RCW 10.77.060 and 2012 c 256 s 3 are each amended to read as follows:

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional.

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed ((fifteen)) eight days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if:
(i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

(e) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be committed for inpatient evaluation under this subsection (1), the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. (c) If the defendant suffers from a mental disease or defect, or has a developmental disability, an opinion as to competency;
(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

Part VI

Addressing Managed Care Entities to Provide Fully Integrated Care

NEW SECTION. Sec. 601. (1) The health care authority shall establish a work group to examine options for the structuring of integration of physical and behavioral health services by 2020. The work group shall identify multiple options for structuring the services delivery and financing for integrating behavioral health services. Among the various structures for consideration, the work group shall examine:

(a) A model in which the health care authority contracts directly and separately with both a managed care organization to provide behavioral health services in the regional service area and a county administrative service organization to provide crisis services and nonmedicaid services; and

(b) A model in which the health care authority approves an organization operated by the county governments within a regional service area to function as the coordinating entity for any managed care organization that provides fully integrated medical care within the regional service area. The organization’s activities shall include coordinating a network of behavioral health providers, operating a health information technology infrastructure, providing crisis services, and providing nonmedicaid services.

(2) The work group shall consist of no more than fifteen members and shall include a representative of the health care authority, a representative of the department of social and health services, representatives of behavioral health organizations, representatives of managed care organizations, representatives of behavioral health providers, representatives of counties, and representatives from each caucus in the house and senate. The director of the health care authority, or his or her designee, shall serve as the chair.

(3) By December 1, 2017, and in compliance with RCW 43.01.036, the work group shall submit a report to the legislature and the governor. The report shall identify recommendations for reducing barriers to the full integration of behavioral health and physical health. The report shall provide a description of the different alternative delivery and financing structure options that shall be made available to regional service areas and allow counties within the regional service areas to select the most appropriate structure to meet the needs of the communities within the regional service area.

NEW SECTION. Sec. 602. The health care authority and department of social and health services shall work with the committees and processes established under RCW 70.320.050 and 41.05.690 to define which measures will be used to define value in integrated managed care contracts and how the process of clinical integration will be measured. These processes must ensure that adequate value and accountability terms are employed to align integrated managed care objectives with public policy objectives historically served by behavioral health organizations and to detect and provide disincentives against cost shifting onto crisis systems and jails.

Part VII

NEW SECTION. Sec. 701. A new section is added to chapter 71.24 RCW to read as follows:

Therefore, the institute shall consult with the relevant legislative and agency staff when identifying research questions and establishing evaluation timelines. The institute shall provide a report to the appropriate committees of the legislature upon completion of each evaluation.

On page 73, after line 15, insert the following:

"Sec. 801. 2016 1st sp.s. c 36 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapping of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds."
(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. No later than October 1, 2015, the department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(c) The department, in coordination with the health care authority, shall pursue a federal waiver to use supplemental nutrition assistance program eligibility, aged, blind, or disabled program eligibility, or temporary assistance for needy families eligibility, to enroll eligible persons into medicaid.

(7) In accordance with RCW 71.24.380, the health care authority and the department are authorized to purchase medical and behavioral health services through integrated contracts upon request of all of the county authorities in a regional service area to become an early adopter of fully integrated purchasing. The department may combine and transfer such amounts appropriated under sections 204, 208, and 213 of this act as may be necessary to fund early adopter contracts. The amount of medicaid funding transferred from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. The amount of non-medicaid funding transferred from sections 204 and 208 may not exceed the amount that would have been contracted with a behavioral health organization if the county authorities had not requested to become an early adopter of fully integrated purchasing. These limits do not apply to the amounts provided in section 204(1)(s) of this act. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(8) In accordance with RCW 71.24.380, the department is authorized to purchase mental health and substance use disorder services through integrated contracts with behavioral health organizations. The department may combine and transfer such amounts appropriated under sections 204 and 208 of this act as may be necessary to finance these behavioral health organization contracts. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(9)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ((2016)) 2017, unless prohibited by the act, the department may transfer general fund—state appropriations for fiscal year ((2016)) 2017 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ((2016)) 2017 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medical personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(10) To facilitate the authority provided in subsection (7) and (8) of this section, and to ensure a new accounting structure is in place as of July 1, 2017, the department is authorized to create a new program for accounting purposes only that combines the mental health program and alcohol and substance abuse program allotments and expenditures."

NEW SECTION. Sec. 802. The sum of forty three million nine hundred eighty five thousand dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2017, from the general fund to the department of social and health services for critical and necessary expenditures state hospitals.

NEW SECTION. Sec. 803. Sections 801 and 802 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3)(a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the state standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the state standards on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

(d) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of ((2017)) 2021, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement. The assessment under this subsection must be a comprehensive assessment of the science essential academic learning requirements adopted by the superintendent of public instruction in 2013.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative
assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading, or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to identify reliable equivalent scores for the science content area of the statewide student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(iii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB English language and literature courses or for any of the IB individuals and societies courses may be used as an alternative assessment for the reading, writing, or English language arts portions of the statewide student assessment. A score of four on the higher level IB examinations for any of the IB mathematics courses may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of four on the higher level IB examinations for IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(11) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(a) The student's results on the state assessment;
(b) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;
(c) Any credit deficiencies;
(d) The student's attendance rates over the previous two years;
(e) The student's progress toward meeting state and local graduation requirements;
(f) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;
(g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;
(h) The alternative assessment options available to students under this section and RCW 28A.655.065;
(i) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and
(j) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

Sec. 810. RCW 28A.655.065 and 2009 c 556 s 19 are each amended to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, and mathematics((, and science)) is through the ((Washington)) statewide student assessment ((of student learning)). Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school ((Washington)) statewide student assessment ((of student learning)). A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school ((Washington)) statewide student assessment ((of student learning)), as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in (continued...
the state board of education has approved the guidelines, samples may be implemented as an alternative assessment after superintendent of public instruction. The collection of work regarding the collection of work samples submitted by the guidelines, protocols, scoring criteria, and other information educators, the state board of education shall consider the of work samples: (i) Will meet professionally accepted standards with district superintendents, school principals, and other on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall develop an alternative assessment method that shall be an evaluation of a collection of work samples prepared and submitted by the applicant. Effective September 1, 2009, collection of work samples may be submitted only in content areas where meeting the state standard on the high school assessment is required for purposes of graduation.

(a) The superintendent of public instruction shall develop guidelines for the types and number of work samples in each content area that may be submitted as a collection of evidence that the applicant has met the state standard in that content area. Work samples may be collected from academic, career and technical, or remedial courses and may include performance tasks as well as written products. The superintendent shall submit the guidelines for approval by the state board of education.

(b) The superintendent shall develop protocols for submission of the collection of work samples that include affidavits from the applicant's teachers and school district that the samples are the work of the applicant and a requirement that a portion of the samples be prepared under the direct supervision of a classroom teacher. The superintendent shall submit the protocols for approval by the state board of education.

(c) The superintendent shall develop uniform scoring criteria for evaluating the collection of work samples and submit the scoring criteria for approval by the state board of education. Collections shall be scored at the state level or regionally by a panel of educators selected and trained by the superintendent to ensure objectivity, reliability, and rigor in the evaluation. An educator may not score work samples submitted by applicants from the educator's school district. If the panel awards an applicant's collection of work samples the minimum required score, the applicant shall be deemed to have met the state standard on the alternative assessment.

(d) Using an open and public process that includes consultation with district superintendents, school principals, and other educators, the state board of education shall consider the guidelines, protocols, scoring criteria, and other information regarding the collection of work samples submitted by the superintendent of public instruction. The collection of work samples may be implemented as an alternative assessment after the state board of education has approved the guidelines, protocols, and scoring criteria and determined that the collection of work samples: (i) Will meet professionally accepted standards for a valid and reliable measure of the grade level expectations and the essential academic learning requirements; and (ii) is comparable to or exceeds the rigor of the skills and knowledge that a student must demonstrate on the (Washington) statewide student assessment (of student learning)).

(e) By September of 2006, the superintendent of public instruction shall develop informational materials for parents, teachers, and students regarding the collection of work samples and the status of its development as an alternative assessment method. The materials shall provide specific guidance regarding the type and number of work samples likely to be required, include examples of work that meets the state learning standards, and describe the scoring criteria and process for the collection. The materials shall also encourage students in the graduating class of 2008 to begin creating a collection if they believe they may seek to use the collection once it is implemented as an alternative assessment.

(6)(a) For students enrolled in a career and technical education program approved under RCW 28A.700.030, the superintendent of public instruction shall develop additional guidelines for collections of work samples that are tailored to different career and technical programs. The additional guidelines shall:

(i) Provide multiple examples of work samples that are related to the particular career and technical program;

(ii) Permit work samples based on completed activities or projects where demonstration of academic knowledge is inferred; and

(iii) Provide multiple examples of work samples drawn from career and technical courses.

(b) The purpose of the additional guidelines is to provide a clear pathway toward a certificate of academic achievement for career and technical students by showing them applied and relevant opportunities to demonstrate their knowledge and skills, and to provide guidance to teachers in integrating academic and career and technical instruction and assessment and assisting career and technical students in compiling a collection. The superintendent of public instruction shall develop and disseminate additional guidelines for no fewer than ten career and technical education programs representing a variety of program offerings by no later than September 1, 2008. Guidelines for ten additional programs shall be developed and disseminated no later than June 1, 2009.

(c) The superintendent shall consult with community and technical colleges, employers, the workforce training and education coordinating board, apprenticeship programs, and other regional and national experts in career and technical education to create appropriate guidelines and examples of work samples and other evidence of a career and technical student's knowledge and skills on the state academic standards.

(7) The superintendent of public instruction shall study the feasibility of using existing mathematics assessments in languages other than English as an additional alternative assessment option. The study shall include an estimation of the cost of translating the tenth grade mathematics assessment into other languages and scoring the assessments should they be implemented.

(8) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments; and

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances.

(9) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student determination no later than December 1, 2006, and thereafter may increase the required rigor of the collection of work samples.
directs the superintendent to develop or adopt a new science assessment for the science assessment committee of the legislature by January 10, 2008.

(10) The superintendent of public instruction shall adopt rules to implement this section.

Sec. 811. RCW 28A.655.068 and 2013 2nd sp.s. c 22 s 4 are each amended to read as follows:

(1) Beginning in the 2011-12 school year, the statewide high school assessment in science shall be an end-of-course assessment for biology that measures the state standards for life sciences, in addition to systems, inquiry, and application as they pertain to life sciences.

(b) The superintendent of public instruction may develop or adopt a science end-of-course assessment or a comprehensive science assessment that includes subjects in addition to biology for purposes of RCW 28A.655.061, when so directed by the legislature. The legislature intends to transition from a biology end-of-course assessment to a more comprehensive science assessment in a manner consistent with the way in which the state transitioned to an English language arts assessment and a comprehensive mathematics assessment. The legislature further intends that the transition will include at least two years of using the student assessment results from either the biology end-of-course assessment or the more comprehensive assessment in order to provide students with reasonable opportunities to demonstrate high school competencies while being mindful of the increasing rigor of the new assessment.

(c) Before the next subsequent school year after the legislature directs the superintendent to develop or adopt a new science assessment, the superintendent of public instruction shall review the objective alternative assessments for the science assessment and make recommendations to the legislature regarding additional objective alternatives, if any.

(3) The superintendent of public instruction may participate with consortia of multiple states as common student learning standards and assessments in science are developed. The superintendent of public instruction, in consultation with the state board of education, may modify the essential academic learning requirements and statewide student assessments in science, including the high school assessment, according to the multistate common student learning standards and assessments as long as the education committees of the legislature have opportunities for review before the modifications are adopted, as provided under RCW 28A.655.070.

WHEREAS, Chávez was born March 31, 1927, outside of Yuma, Arizona; and from the age of twelve, he labored in California as a farm worker; and
WHEREAS, In 1946, Chávez joined the United States Navy; he has since received military honors for his service and is the only Latino for whom a United States military ship is named; and

WHEREAS, Chávez's nonviolent efforts, particularly between 1952 and 1976, brought the realities of the farm worker community to the nation's attention; and
WHEREAS, Chávez cofounded the National Farm Workers Association in 1962, which later became known as the United Farm Workers of America (UFW), and worked hard to enroll Hispanic members in the American labor movement; and
WHEREAS, César Chávez believed that farm workers deserved fair treatment; his work brought numerous improvements for union laborers, many of whom were underrepresented Latinos; and Chávez also made lasting contributions to consumer and laborer health and safety standards, including initiating the discontinued use of the short-handled hoe, a tool that often resulted in debilitating back pain for farm workers; and
WHEREAS, Chávez has become an iconic figure for organized labor and Latino communities; he, along with Dolores Huerta, popularized the phrase "Sí, se puede" or "Yes, one can," a saying that still holds relevance today; and
WHEREAS, During his lifetime and long after his death on April 23, 1993, Chávez inspired generations of Latino youth to invest in a life of service, to pursue education, and to give back to their communities; and
WHEREAS, In 2014, former President Obama declared March 31st César Chávez Day, honoring Chávez as one of America's greatest champions for social justice;

Strike everything after the enacting clause and insert the following:

"Sec. 814. RCW 84.56.020 and 2014 c 13 s 1 are each amended to read as follows:

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year's collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All taxes upon real and personal property taxes and assessments made payable by the provisions of this title are due and payable to the county treasurer on or before the thirtieth day of April and, except as provided in this section, are delinquent after that date.

(2) Each tax statement must include a notice that checks for payment of taxes may be made payable to "Treasurer of . . . . . County" or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax is paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the following thirty-first day of October and is delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax is paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the following thirty-first day of October and is delinquent after that date.

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the amount of tax delinquent from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of the tax payment, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the amount of tax delinquent is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the tax delinquent payment amount on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (12)(b) of this section or a partial payment agreement, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable in the payment agreement.

(6)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) For purposes of this section, "tax foreclosure avoidance costs" means those costs that can be identified specifically as costs associated with the administration of properties subject to and prior to foreclosure. Tax foreclosure avoidance includes:

(i) Compensation of employees for the time devoted to administering the avoidance of property foreclosure; and

(ii) The cost of materials, services, or equipment acquired, consumed, or expended in administering tax foreclosure avoidance prior to the filing of a certificate of delinquency.

(c) If certain circumstances exist, the tax foreclosure avoidance costs are collected. "Tax foreclosure avoidance costs" include:

(iii) Credit must be given to the county treasurer service fund account, except as otherwise directed.

(d) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

(7) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict regarding delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

(8) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or
at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

(9) All collections of interest on delinquent taxes must be credited to the county current expense fund.

(10) For purposes of this chapter, "interest" means both interest and penalties.

(11) The direct cost of foreclosure and sale of real property, and the direct fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint, and sale because of delinquent taxes without regard to budget limitations and not subject to indirect costs of other charges.

(12)(a) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic billing and payment. Electronic billing and payment may be used as an option by the taxpayer, but the treasurer may not require the use of electronic billing and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for delinquent tax year payments only or for prepayments of current tax. All prepayments must be paid in full by the due date specified in the resolution. Payments on past due taxes must include collection of the oldest delinquent year, which includes interest and taxes within a twelve-month period, prior to filing a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

(b) The treasurer may provide, by electronic means or otherwise, a payment agreement that provides for payment of current year taxes, inclusive of prepayment collection charges. The treasurer may make available by electronic means or otherwise, a payment agreement that provides for payment of past due delinquencies, which must also require current year taxes to be paid timely. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes. The treasurer may accept partial payment of current and delinquent taxes including interest and penalties using electronic bill presentment and payment.

(c) All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and are delinquent after that date. The remainder of the tax is due and payable on or before the following thirty-first of October and is delinquent after that date. All other assessments, fees, rates, and charges are delinquent after the due date.

(d) A county treasurer may authorize payment of past due property taxes, penalties, and interest under this chapter by electronic funds transfers on a monthly basis. Delinquent taxes are subject to interest and penalties, as provided in subsection (5) of this section.

(e) The treasurer must pay any collection costs, investment earnings, or both on past due payments or prepayments to the credit of a county treasurer service fund account to be created and used only for the payment of expenses incurred by the treasurer, without limitation, in administering the system for collecting prepayments.

(13) In addition to the payment program in subsection (12)(b) of this section, the treasurer may accept partial payment of current and delinquent taxes including interest and penalties by any means authorized.

(14) For purposes of this section unless the context clearly provides otherwise, the following definitions apply:

(a) "Electronic billing and payment" means statements, invoices, or bills that are created, delivered, and paid using the internet. The term includes an automatic electronic payment from a person's checking account, debit account, or credit card.

(b) "Internet" has the same meaning as provided in RCW 19.270.010.

Sec. 815. RCW 84.56.050 and 1991 c 245 s 17 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

"Sec. 818. RCW 9.41.070 and 2011 c 294 s 1 are each amended to read as follows:

(1) The chief of police of a municipality or the sheriff of a county shall within thirty days after the filing of an application of any person, issue a license to such person to carry a pistol concealed on his or her person within this state for five years from date of issue, for the purposes of protection or while engaged in business, sport, or while traveling. However, if the applicant does not have a valid permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

(b) The applicant's concealed pistol license is in a revoked status;

(c) He or she is under twenty-one years of age;

(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.50.060, 26.50.070, or 26.26.590;

(e) He or she is free on bond or personal recognizance pending trial, appeal, or sentencing for a felony offense;

(f) He or she has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor; or

(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1)(e) within one year before filing an application to carry a pistol concealed on his or her person.

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2)(a) The issuing authority shall conduct a check through the national instant criminal background check system, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from possessing a firearm under federal law, and therefore ineligible for a concealed pistol license.

(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.

(c) This subsection applies whether the applicant is applying for a new concealed pistol license or to renew a concealed pistol license.

(3) Any person whose firearms rights have been restricted and who has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c) or who is exempt under 18 U.S.C. Sec. 921(a)(20)(A) shall have his or her right to acquire, receive, transfer, ship, transport, carry, and possess firearms in accordance with Washington state law restored except as otherwise prohibited by this chapter.

(4) The license application shall bear the full name, residential address, telephone number at the option of the applicant, date and place of birth, race, gender, description, a complete set of fingerprints, and signature of the licensee, and the licensee's driver's license number or state identification card number if used for identification in applying for the license. A signed application for a concealed pistol license shall constitute a waiver of confidentiality and written request that the department of social and health services, mental health institutions, and other health care facilities release information relevant to the applicant's eligibility for a concealed pistol license to an inquiring court or law enforcement agency.

The application for an original license shall include a complete set of fingerprints to be forwarded to the Washington state patrol.

The license and application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law.

The application shall contain questions about the applicant's eligibility under RCW 9.41.040 and federal law to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen. If the applicant is not a United States citizen, the applicant must provide the applicant's country of citizenship, United States issued alien number or admission number, and the basis on which the applicant claims to be exempt from federal prohibitions on firearm possession by aliens. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall, if applicable, meet the additional requirements of RCW 9.41.173 and produce proof of compliance with RCW 9.41.173 upon application. The license may be in triplicate or in a form to be prescribed by the department of licensing.

The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent to the director of...
licensing and the triplicate shall be preserved for six years, by the
authority issuing the license.

The department of licensing shall make available to law
enforcement and corrections agencies in an on-line format, all
information received under this subsection.

(5) The nonrefundable fee, paid upon application, for the
original five-year license shall be thirty-six dollars plus additional
charges imposed by the federal bureau of investigation that are
passed on to the applicant. No other state or local branch or unit
of government may impose any additional charges on the
applicant for the issuance of the license.

The fee shall be distributed as follows:

(b) Four dollars shall be paid to the agency taking the
fingerprint of the person licensed;
(c) Fourteen dollars shall be paid to the issuing authority for
the purpose of enforcing this chapter; and
(d) Three dollars to the firearms range account in the general
fund.

option of the applicant. Additional methods of payment may be
allowed at the option of the issuing authority.

(9) A licensee may renew a license if the licensee applies for
renewal within ninety days before or after the expiration date of
the license. A license so renewed shall take effect on the
expiration date of the prior license. A licensee renewing after the
expiration date of the license must pay a late renewal penalty of
ten dollars in addition to the renewal fee.

(10) The nonrefundable fee for replacement of lost or damaged
licenses is ten dollars to be paid to the issuing authority.

(11) A political subdivision of the state shall not modify the
requirements of this section or chapter, nor may a political
subdivision ask the applicant to voluntarily submit any
information not required by this section.

(12) A person who knowingly makes a false statement
regarding citizenship or identity on an application for a concealed
pistol license is guilty of false swearing under RCW 9A.72.040.
In addition to any other penalty provided for by law, the
concealed pistol license of a person who knowingly makes a false
statement shall be revoked, and the person shall be permanently
ineligible for a concealed pistol license.

(13) A person may apply for a concealed pistol license:
(a) To the municipality or to the county in which the applicant
resides if the applicant resides in a municipality;
(b) To the county in which the applicant resides if the applicant
resides in an unincorporated area; or
(c) Anywhere in the state if the applicant is a nonresident.

(14) Any person who, as a member of the armed forces,

take effect on the expiration date of the prior license. A licensee
renewing after the expiration date of the license under this
subsection (14) shall pay only the renewal fee specified in
subsection (6) of this section and shall not be required to pay a
late renewal penalty in addition to the renewal fee.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of RCW 9A.44.132, or arraignment on charges for a violation of RCW 9A.44.132, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under RCW 9A.44.132 who asserts as a defense the lack of notice of the duty to register shall register within three business days following actual notice of the duty through arrest, service, or arraignment. and properly and minimizing any damage to the environment.

(8) The approval of the contingency plan shall be valid for
five years. Upon approval of a contingency plan, the department

which it is aware affecting its contingency plan, including

(1) A defendant who is charged by citation, complaint, or information with an offense involving trafficking, as described in RCW 9A.40.100, and is not arrested, shall appear in court for arraignment or initial appearance in person as soon as practicable, but in no event later than fourteen days after the defendant is served with the citation, complaint, or information. At that appearance, the court shall determine the necessity of imposing or extending a no-contact order, and consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 825. A new section is added to chapter 9A.40 RCW to read as follows:

Any general authority Washington peace officer as defined in RCW 10.93.020 in this state may enforce this chapter as it relates to orders restricting the defendants' ability to have contact with the victim or others.

NEW SECTION. Sec. 826. A new section is added to chapter 9A.40 RCW to read as follows:

(1) Because of the likelihood of repeated harassment and intimidation directed at those who have been victims of trafficking as described in RCW 9A.40.100, before any defendant charged with or arrested, for a crime involving trafficking, is released from custody, or at any time the case remains unresolved, the court may prohibit that person from having any contact with the victim whether directly or through third parties.

At the initial preliminary appearance, the court shall determine whether to extend any existing prohibition on the defendant's contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location. The court may also consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed.

"Sec. 834. RCW 48.185.005 and 2015 c 263 s 1 are each amended to read as follows:
The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.
(1)(a)(i) "Delivered by electronic means" includes:
(A) Delivery to an electronic mail address at which a party has consented to receive notices or documents; or
(B) Posting on an electronic network or site accessible via the internet, mobile application, computer, mobile device, tablet, or any other electronic device, together with separate notice of the posting which shall be provided by electronic mail to the address at which the party has consented to receive notice or by any other delivery method that has been consented to by the party."
means creates a material risk that the party will not be able to access or retain a notice or document delivered by electronic means as to a change in the hardware or software requirements needed to use for notices or documents delivered by electronic means as to the party has given consent; and

(2) Subject to the requirements of this section, any notice to a party or any other document required under applicable law in an insurance transaction, including but not limited to an applicant, an insured, a policyholder, or an annuity contract holder.

(3) Delivery of a notice or document in accordance with this section is the equivalent to any delivery method required under applicable law, including delivery by first-class mail; first-class mail, postage prepaid; certified mail; or registered mail.

(4) A notice or document may be delivered by an insurer to a party by electronic means under this section only if:

(a) The party has affirmatively consented to that method of delivery and has not withdrawn the consent;

(b) The party, before giving consent, has been provided with a clear and conspicuous statement informing the party of:

(i) The right the party has to withdraw consent to have a notice or document delivered by electronic means at any time, and any conditions or consequences imposed in the event consent is withdrawn;

(ii) The types of notices and documents to which the party's consent would apply;

(iii) The right of a party to have a notice or document in paper form; and

(iv) The procedures a party must follow to withdraw consent to have a notice or document delivered by electronic means and to update the party's electronic mail address;

(c) The party:

(i) Before giving consent, has been provided with a statement of the hardware and software requirements for access to and retention of notices or documents delivered by electronic means; and

(ii) Consents electronically, or confirms consent electronically, in a manner that reasonably demonstrates that the party can access information in the electronic form that will be used for notices or documents delivered by electronic means as to which the party has given consent; and

(d) After consent of the party is given, the insurer, in the event a change in the hardware or software requirements needed to access or retain a notice or document delivered by electronic means creates a material risk that the party will not be able to access or retain a subsequent notice or document to which the consent applies:

(i) Shall provide the party with a statement that describes:

(A) The revised hardware and software requirements for access to and retention of a notice or document delivered by electronic means; and

(B) The right of the party to withdraw consent without the imposition of any fee, condition, or consequence that was not disclosed at the time of initial consent; and

(ii) Complies with (b) of this subsection.

(5) This section does not affect requirements related to content or timing of any notice or document required under applicable law.

(6) If this title or applicable law requiring a notice or document to be provided to a party expressly requires verification or acknowledgment of receipt of the notice or document, the notice or document may be delivered by electronic means only if the method used provides for verification or acknowledgment of receipt.

(7) The legal effectiveness, validity, or enforceability of any contract or policy of insurance executed by a party may not be denied solely because of the failure to obtain electronic consent or confirmation of consent of the party in accordance with subsection (4)(c)(ii) of this section.

(8)(a) A withdrawal of consent by a party does not affect the legal effectiveness, validity, or enforceability of a notice or document delivered by electronic means to the party before the withdrawal of consent is effective.

(b) A withdrawal of consent by a party is effective within a reasonable period of time, not to exceed thirty days, after receipt of the withdrawal by the insurer.

(c) Failure by an insurer to comply with subsections (4)(d) and (10) of this section may be treated, at the election of the party, as a withdrawal of consent for purposes of this section.

(7)(a) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing in this subsection shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

(b) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

c) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

5. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.
ARTICLE IX - RULE MAKING

(1) The commission shall exercise its rule-making powers pursuant to the criteria set forth in this Article IX and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(2) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(3) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(c) All hearings will be recorded. A copy of the recording will be made available on request.

(d) Nothing in this Article IX shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this Article IX.

(9) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(10) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

Public notice of any revisions shall be posted on the web site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE X - OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(1) Oversight. (a) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(b) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

(c) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(2) Default, technical assistance, and termination. (a) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the commission; and
(ii) Provide remedial training and specific technical assistance regarding the default.

(b) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(c) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(d) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(e) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(f) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) Dispute resolution. (a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(4) Enforcement. (a) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(b) By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XI - DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(1) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rule-making powers necessary to the implementation and administration of the compact.

(2) Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(3) Any member state may withdraw from this compact by enacting a statute repealing the same.

(a) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(b) Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(4) Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(5) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE XII - CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 843. Park lands and park facilities are a vital component of the future health and prosperity of the state. In order to ensure that the state continues to be able to provide high quality park, recreation, and open space for the public, it is the intent of the legislature through this act to provide funding for capital projects to help overcome the extensive backlog of maintenance needs at state parks. This new source of funding for the critical capital needs of the state's parks furthers the mission of recreation and outdoor education and is intended to enhance the ability of the state parks and recreation commission, over the next eight years, to fulfill its critical role in providing recreational access for the state's youth and public as they enjoy the natural heritage of Washington.

NEW SECTION. Sec. 844. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bonds" means bonds, notes, commercial paper, certificates of indebtedness, or other evidences of indebtedness of the state issued under this chapter.

(2) "Commission" means the state parks and recreation commission defined in RCW 79A.05.010.

NEW SECTION. Sec. 845. (1) With the exception of subsection (2) of this section, for the purpose of providing needed capital improvements consisting of the predesign, design, maintenance, construction, modification, renovation, modifying existing structures to meet current and future needs, equipping, and other improvement of state buildings and facilities for the commission, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of five hundred million dollars, or as much thereof as may be required, to finance all or a part of the cost of these projects and all costs incidental thereto.

(2) Proceeds from these bonds may not be used for any expenditures to any part of the cross-state trail east of the Columbia river known by the names of the Milwaukee Road corridor, John Wayne trail or iron horse trail, or for the Columbia Plateau trail south of the Turnbull national wildlife refuge where the scablands nature trail and the Columbia Plateau trail meet and north of the Snake river junction trailhead. Proceeds from these bonds may not be used for any expenditures pertaining to any part of trails acquired by the commission after the effective date of this section.

(3) Proceeds from these bonds may not be used to purchase or acquire any new land.

(4) Bonds authorized in this section shall be sold in the manner, at the time or times, in amounts, and at such prices as the state finance committee shall determine.

(5) No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

(6) The bonds issued under the authority of this section shall be known as Washington's state parks future bonds.
NEW SECTION. Sec. 846. It is the intent of the legislature that the proceeds of new bonds authorized in this chapter will be appropriated in phases over five biennia, beginning with the 2017-2019 biennium, to provide additional funding for capital projects and facilities of the commission. This chapter is not intended to limit the legislature's ability to appropriate bond proceeds if the full amount authorized in this chapter has not been appropriated after four biennia, and the authorization to issue bonds contained in this chapter does not expire until the full authorization has been appropriated and issued.

NEW SECTION. Sec. 847. The commission shall prepare a reporting structure for use in tracking the success and progress of implementing this chapter. Reports must be submitted concurrent with the office of financial management requirements for agency biennial budget requests, including submittal to the appropriate fiscal committees of the legislature, and at a minimum contain the following:

1. The total anticipated project list to be funded with this chapter, with updates provided each biennia;
2. A list of the subsequent biennia project proposals including those with completed designs and completed permit submittals;
3. The accomplishments to date, with projected and actual spending on projects funded by this chapter; and
4. The overall facility condition index, reflecting changes in condition as expenditures are made.

NEW SECTION. Sec. 848. (1) The state finance committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds provided for in this chapter, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance.

2. The treasurer shall transfer bond proceeds deposited in the state building construction account into the Daniel J. and Nancy Evans state parks preservation account created in RCW 43.83.020.

3. The proceeds from the sale of the bonds authorized in section 3 of this act shall be deposited in the state building construction account created in RCW 43.83.020.

4. The treasurer shall transfer bond proceeds deposited in the state building construction account into the Daniel J. and Nancy Evans state parks preservation account created in RCW 43.83.020.

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1819, by House Committee on Appropriations (originally sponsored by Representatives Dent, Senn, Kagi, Griffey, Johnson and McBride)

Reducing certain documentation and paperwork requirements in order to improve children’s mental health and safety.

The measure was read the second time.

MOTION

Senator O’Ban moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

"NEW SECTION, Sec. 859. The legislature finds that a prioritized recommendation of the children’s mental health work group, as reported in December 2016, is to reduce burdensome and duplicative paperwork requirements for providers of children’s mental health services. This recommendation is consistent with the recommendations of the behavioral health workforce assessment of the workforce training and education coordinating board to reduce time-consuming documentation requirements and the behavioral and primary health regulatory alignment task force to streamline regulations and reduce the time spent responding to inefficient and excessive audits.

The legislature further finds that duplicative and overly prescriptive documentation and audit requirements negatively impact the adequacy of the provider network by reducing workforce morale and limiting the time available for patient care. Such requirements create costly barriers to the efficient provision of services for children and their families. The legislature also finds that current state regulations are often duplicative or conflicting with research-based models and other state-mandated treatment models intended to improve the quality of services and ensure positive outcomes. These barriers can be reduced while creating a greater emphasis on quality, outcomes, and safety.

The legislature further finds that social workers serving children are encumbered by burdensome paperwork requirements which can interfere with the effective delivery of services. Therefore, the legislature intends to require the department of social and health services to take steps to reduce paperwork, documentation, and audit requirements that are inefficient or duplicative for social workers who serve children and for providers of mental health services to children and families, and to encourage the use of effective treatment models to improve the quality of services.

NEW SECTION, Sec. 860. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department must immediately perform a review of its rules, policies, and procedures related to the documentation requirements for behavioral health services. Rules adopted by the department relating to the provision of behavioral health services must:

(a) Identify areas in which duplicative or inefficient documentation requirements can be eliminated or streamlined for providers;

(b) Limit prescriptive requirements for individual initial assessments to allow clinicians to exercise professional judgment to conduct age-appropriate, strength-based psychosocial assessments, including current needs and relevant history according to current best practices;
(c) By April 1, 2018, provide a single set of regulations for agencies to follow that provide mental health, substance use disorder, and co-occurring treatment services;

(d) Exempt providers from duplicative state documentation requirements when the provider is following documentation requirements of an evidence-based, research-based, or state-mandated program that provides adequate protection for patient safety; and

(e) Be clear and not unduly burdensome in order to maximize the time available for the provision of care.

(2) Subject to the availability of amounts appropriated for this specific purpose, audits conducted by the department relating to provision of behavioral health services must:

(a) Rely on a sampling methodology to conduct reviews of personnel files and clinical records based on written guidelines established by the department that are consistent with the standards of other licensing and accrediting bodies;

(b) Treat organizations with multiple locations as a single entity. The department must not require annual visits at all locations operated by a single entity when a sample of records may be reviewed from a centralized location;

(c) Share audit results with behavioral health organizations to assist with their review process and, when appropriate, take steps to coordinate and combine audit activities;

(d) Coordinate audit functions between the health care authority and the department of health to combine audit activities into a single site visit and eliminate redundancies;

(e) Not require information to be provided in particular documents or locations when the same information is included or demonstrated elsewhere in the clinical file, except where required by federal law; and

(f) Ensure that audits involving manualized programs such as wraparound with intensive services or other evidence or research-based programs are conducted to the extent practicable by personnel familiar with the program model and in a manner consistent with the documentation requirements of the program.

NEW SECTION. Sec. 861. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the health care authority must immediately perform a review of its rules, policies, and procedures related to the documentation requirements for behavioral health services. Rules adopted by the health care authority relating to the provision of behavioral health services must:

(a) Identify areas in which duplicative or inefficient documentation requirements can be eliminated or streamlined for providers;

(b) Limit prescriptive requirements for individual initial assessments to allow clinicians to exercise professional judgment to conduct age-appropriate, strength-based psychosocial assessments, including current needs and relevant history according to current best practices;

(e) Be clear and not unduly burdensome in order to maximize the time available for the provision of care.

(a) Rely on a sampling methodology to conduct reviews of personnel files and clinical records based on written guidelines established by the health care authority that are consistent with the standards of other licensing and accrediting bodies;

(e) Not require information to be provided in particular documents or locations when the same information is included or demonstrated elsewhere in the clinical file, except where required by federal law; and

(f) Ensure that audits involving manualized programs such as wraparound with intensive services or other evidence or research-based programs are conducted to the extent practicable by personnel familiar with the program model and in a manner consistent with the documentation requirements of the program.

NEW SECTION. Sec. 862. (1) Subject to the availability of amounts appropriated for this specific purpose, the department of social and health services must immediately perform a review of casework documentation and paperwork requirements for social service specialists and other direct service staff with the children's administration who provide services to children. The review must identify areas in which duplicative or inefficient documentation and paperwork requirements can be eliminated or streamlined in order to allow social workers to spend greater amounts of time and attention on direct services to children and their families. The department must complete the review by November 1, 2017. Upon completion of the review, the department must take immediate steps to amend department rules and procedures accordingly.

(2) This section expires December 31, 2018.

NEW SECTION. Sec. 863. Section 2 of this act takes effect only if neither Substitute House Bill No. 1388 (including any later amendments or substitutes) nor Substitute Senate Bill No. 5259 (including any later amendments or substitutes) is signed into law by the governor by the effective date of this section.

Section 3 of this act takes effect only if Substitute House Bill No. 1388 (including any later amendments or substitutes) or Substitute Senate Bill No. 5259 (including any later amendments or substitutes) is signed into law by the governor by the effective date of this section.

On page 1, line 3 of the title, after "families;" strike the remainder of the title and insert "adding new sections to chapter 71.24 RCW; creating new sections; providing contingent effective dates; and providing an expiration date."

(1) Pursuant to an approved initial or continued benefit charge authorized under RCW 52.18.050, the board of fire commissioners of a fire protection district may by resolution, for fire protection district purposes authorized by law, fix and impose a benefit charge on personal property and improvements to real property which are located within the fire protection district on the date specified and which have or will receive the benefits afforded by the fire protection district, to be paid by the owners of the properties((: PROVIDED, That));

(2) A benefit charge ((shall)) does not apply to:

(a) Personal property and improvements to real property owned or used by any recognized religious denomination or religious organization as, or including, a sanctuary or for purposes related to the bona fide religious ministries of the denomination or religious organization, including schools and educational facilities used for kindergarten, primary, or secondary educational purposes or for institutions of higher education and all grounds and buildings related thereto, but not including personal property and improvements to real property owned or used by any recognized religious denomination or religious organization for business operations, profit-making enterprises, or activities not including use of a sanctuary or related to kindergarten, primary, or secondary educational purposes or for institutions of higher education; and

(b) Any of the following tax-exempt properties, provided such entity is not required to pay a fire protection charge under subsection (8) of this section:

(i) Property of housing authorities that is exempt from property taxes under RCW 35.82.210;

(ii) Property of nonprofit entities providing rental housing for very low-income households or providing space for the placement of a mobile home for a very low-income household that is exempt from property taxes under RCW 84.36.560;

(iii) Property of nonprofit homes for the aging that is exempt from property taxes under RCW 84.36.041;

(iv) Property of nonprofit organizations, corporations, or associations providing housing for eligible persons with developmental disabilities that is exempt from property taxes under RCW 84.36.042;

(v) Property of nonprofit organizations providing emergency or transitional housing for low-income homeless persons or victims of domestic violence who are homeless for personal safety reasons that is exempt from property taxes under RCW 84.36.043;

(vi) Property of the state housing finance commission that is exempt from property taxes under RCW 84.36.135; and

(vii) Property of nonprofit corporations operating sheltered workshops for persons with disabilities that is exempt from property taxes under RCW 84.36.350.

(3) A benefit charge may apply to a tax-exempt property included in subsection (2)(b) of this section if the tax-exempt property is located in a fire protection district that:

(a) Is less than four square miles in size;

(b) Has approved a benefit charge prior to the effective date of this section; and

(c) Has a population exceeding nineteen thousand people as of the effective date of this section, as determined by the office of financial management.

(4) A limited benefit charge may apply to property or improvements owned by a Christmas tree grower as defined in RCW 15.13.250(4) so long as the property or improvement is located on land that has been approved as farm and agricultural land with standing crops under chapter 84.34 RCW. (5) The aggregate amount of such benefit charges in any one year shall not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected: PROVIDED, That it shall be the duty of the county legislative authority or authorities of the county or counties in which the fire protection district is located to make any necessary adjustments to assure compliance with such limitation and to immediately notify the board of fire commissioners of any changes thereof.

(6) A benefit charge imposed shall be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the district. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and shall be subject to contest on the ground of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the district. The board of fire commissioners may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter shall not be applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the
state insurance commissioner to do business in this state, but such property may be protected by the fire protection district under a contractual agreement.

(7) For administrative purposes, the benefit charge imposed on any individual property may be compiled into a single charge, provided that the district, upon request of the property owner, provide an itemized list of charges for each measurable benefit included in the charge.

(8)(a) At the annual review of the fire benefit charge mandated by RCW 52.18.060(2), if a fire service agency has identified:

(i) A tax-exempt property under subsection (2)(b) of this section as having a substantial increase in requested emergency services over the previous year; or

(ii) A new tax-exempt property that is similar in size, population, and geographic location as another such tax-exempt property as having an increase in requested emergency services; then the tax exempt property and the fire service agency must work together, in good faith, to address the problem by implementing community risk reduction efforts. The community risk reduction plan may include but is not limited to wellness programs and community action plans.

(b) At the subsequent annual review, if the heightened service requirements have not been reasonably addressed by the joint mitigation efforts, and the tax-exempt property owner has not acted in good faith:

(i) The property is subject to assessment of the fire benefit charge in the subsequent year, subject to approval by the board of fire commissioners as outlined in RCW 52.18.060(2); or

(ii) The respective tax exempt property shall pay the fire service agency a fire protection charge payment in lieu of a benefit charge. The fire protection charge shall be an amount equivalent to the benefit rates for similarly situated properties for that year.

(c) All tax exempt properties identified under subsection (2)(b) of this section and all local fire service agencies are encouraged to work collaboratively to develop and implement programs to address proper usage of fire service resources for residents of the housing properties.

Sec. 871. RCW 52.26.180 and 2004 c 129 s 24 are each amended to read as follows:

(1) The governing board of a regional fire protection service authority may by resolution, as authorized in the plan and approved by the voters, for authority purposes authorized by law, fix and impose a benefit charge on personal property and improvements to real property which are located within the authority on the date specified and which have received or will receive the benefits provided by the authority, to be paid by the owners of the properties.

(2) A benefit charge does not apply to:

(a) Personal property and improvements to real property owned or used by any recognized religious denomination or religious organization as, or including, a sanctuary or for purposes related to the bona fide religious ministries of the denomination or religious organization, including schools and educational facilities used for kindergarten, primary, or secondary educational purposes or for institutions of higher education and all grounds and buildings related thereto. However, a benefit charge does apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization for business operations, profit-making enterprises, or activities not including use of a sanctuary or related to kindergarten, primary, or secondary educational purposes or for institutions of higher education.

(b) Property of housing authorities that is exempt from property taxes under RCW 35.82.210;

(3) A limited benefit charge may apply to property or improvements owned by a Christmas tree grower as defined in RCW 15.13.250(4) so long as the property or improvement is located on land that has been approved as farm and agricultural land with standing crops under chapter 84.34 RCW. For such property or improvement, a benefit charge may not exceed the reduction in property tax that results from the imposition of a benefit charge, as required under RCW 52.26.230.

(4) The aggregate amount of these benefit charges in any one year may not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected. It is the duty of the county legislative authority or the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and is subject to contest on the grounds of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the authority. The governing board of an authority may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter is not applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state, but the property may be protected by the authority under a contractual agreement.
(4)(a) At the annual review of the fire benefit charge mandated by RCW 52.26.230(2), if a fire service agency has identified:

(i) A tax-exempt property under subsection (2)(b) of this section as having a substantial increase in requested emergency services over the previous year; or

(ii) A new tax-exempt property that is similar in size, population, and geographic location as another such tax-exempt property as having an increase in requested emergency services;

then the tax exempt property and the fire service agency must work together, in good faith, to address the problem by implementing community risk reduction efforts. The community risk reduction plan may include but is not limited to wellness programs and community action plans.

(b) At the subsequent annual review, if the heightened service requirements have not been reasonably addressed by the joint mitigation efforts, and the tax-exempt property owner has not acted in good faith:

(i) The property is subject to assessment of the fire benefit charge in the subsequent year, subject to approval by the governing board of the authority as outlined in RCW 52.26.230(2); or

(ii) The respective tax exempt property shall pay the fire service agency a fire protection charge payment in lieu of a benefit charge. The fire protection charge shall be an amount equivalent to the benefit rates for similarly situated properties for that year.

(c) All tax exempt properties identified under subsection (2)(b) of this section and all local fire service agencies are encouraged to work collaboratively to develop and implement programs to address proper usage of fire service resources for residents of the housing properties.

(2) The legislature further finds that the Colockum elk herd has been the subject of a great deal of planning by the department of fish and wildlife. The herd is subject to an existing herd management plan that attempts to ensure a healthy, productive population, manage the herd for a variety of purposes, and allow for a sustainable yield within the population. Proper management of the Colockum elk herd is important, since the herd is a resource that provides significant recreational, aesthetic, cultural, and economic benefits to recreationalists, local communities, and native Americans.

(3) The legislature further finds that the department of fish and wildlife has studied the Colockum elk herd as recently as 2012. This study led to a greater understanding of the challenges facing the herd and resulted in recommendations as to management approaches to address those challenges.

(4) The legislature further finds that despite the active management and research by the department of fish and wildlife, there are still undesirable consequences of the Colockum elk herd's size, location, and behaviors. These consequences manifest as significant agricultural crop damage within the herd's range and unacceptably threatens to degrade highway safety levels on Interstate 90 and other roadways within the range of the herd due to collisions between herd members and vehicles.

(5) The legislature further finds that the unwanted consequences of the current Colockum elk herd management protocol are not isolated to the range of the Colockum herd. Other elk herds in the state are also the subject of similar management outcomes.

(6) The legislature further finds that the department of fish and wildlife should use the Colockum elk herd as the subject of a pilot project that explores the benefits of more active management. The department must work with the Yakama Nation to obtain input from the tribe on the tribe's recommendations. The pilot project should be limited in time and geography to ensure that overall herd health is not disrupted; however, it should be robust enough to offer scientifically rigorous results.

NEW SECTION. Sec. 888. A new section is added to chapter 77.36 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department must conduct an elk management pilot project to explore the viability of various wildlife management actions to reduce elk highway collisions and elk damage to private crop lands. The pilot project must initially focus on achieving a reduction in highway collisions on interstate highways, and crop damage on properties, within the range of the Colockum herd. The department must invite the Yakama Nation to participate in all aspects of the project.

(2) The department must work with the department of transportation to explore the viability of various wildlife management actions to reduce elk highway collisions, initially focusing on reducing traffic collisions along interstate highways within the range of the herd.

(3) Direct wildlife management efforts must be employed in the pilot project implemented under this section, including:

(a) Increased use of special depredation hunts and general hunting opportunity within the Colockum herd. Total hunting depredations under the pilot project must be limited to three hundred elk per calendar year and these efforts must be designed and implemented in a manner that does not conflict with the primary goals of the current elk herd management plan for the Colockum herd;

(b) Feeding elk within the pilot project area by persons other than the department is prohibited, although in no event may this prohibition affect a person who sets out feed with the intent to feed domestic animals or livestock, even though such feed may be inadvertently consumed by elk or other wildlife; and

(c) The use of managed livestock grazing to attract elk away from roads and private property.

(4) Consistent with RCW 43.01.036, the department and the department of transportation must report the results of the pilot project to the appropriate committees of the legislature by October 31, 2020. Along with results, the departments must report..."
on how the information gleaned from the pilot project will be used to manage the Colockum elk herd and other similarly situated elk herds in the state.

(5) This section expires July 1, 2021."

On page 1, line 2 of the title, after "herd;" strike the remainder of the title and insert "adding a new section to chapter 77.36 RCW; creating a new section; and providing an expiration date."

However, if the applicant does not have a valid permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is not a citizen of the United States; or

(b) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

(c) The applicant's concealed pistol license is in a revoked status;

(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.50.060, 26.50.070, or 26.26.590;

(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1)(c) within one year before filing an application to carry a pistol concealed on his or her person.

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2)(a) The issuing authority shall conduct a check through the national instant criminal background check system, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from possessing a firearm under federal law, and therefore ineligible for a concealed pistol license.

(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.

The license and application shall contain a warning substantially as follows:

The application shall contain questions about the applicant's eligibility under RCW 9.41.040 and federal law to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen. If the applicant is not a United States citizen, the applicant must provide the applicant's country of citizenship, United States issued alien number or admission number, and the basis on which the applicant claims to be exempt from federal prohibitions on firearm possession by aliens. The pamphlet shall be given to each applicant for a license; and
(b) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(10) Notwithstanding the requirements of subsections (1) through (9) of this section, the chief of police of the municipality or the sheriff of the county of the applicant's residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

The legislature is committed to ensuring that all voter-approved Sound Transit projects are completed as outlined in the ballot measure to reduce congestion and preserve public health and welfare.

NEW SECTION. Sec. 893. A new section is added to chapter 46.01 RCW to read as follows:

A regional transit authority that includes a county with a population of more than one million five hundred thousand may establish a market value adjustment program to be implemented by December 31, 2017. The program must:

The credit applies only to the motor vehicle excise tax authorized in RCW 81.104.160(1);

(4) Be retroactive and apply to all motor vehicle excise tax statements that have already been issued or paid that include charges for the motor vehicle excise tax authorized in RCW 81.104.160(1).

The department may charge a reasonable amount, not to exceed one percent of tax collections, for the administration and collection of the tax.

(2) A regional transit authority may contract with the department for collection of a motor vehicle tax only if a regional transit authority has implemented a market value adjustment program as identified in section 3 of this act.

(3) Any contract entered into under this section must provide that the department shall receive amounts sufficient to fully cover the costs applicable to the tax collection process, including (a) customer service-related costs, (b) information technology-related costs, (c) public announcement and education costs, and (d) any liability or other related risk assessment costs. The contract must provide that any unforeseen future administrative costs will be borne by the regional transit authority.

The rate of the assessment is one dollar per motor vehicle excise tax payment occurring annually within the authority’s boundaries. The state revenue generated under this section is to provide funds to mitigate the impact of vehicle loads on the state roads and highways, with an emphasis on roads and highways within the authority’s boundaries.

Sec. 898. RCW 82.44.135 and 2006 c 318 s 9 are each amended to read as follows:

Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2019, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The department shall also provide quarterly reports to the technology services board on project progress.

(7) $3,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project.

(8) $22,620,000 of the motor vehicle account—federal appropriation and $663,000 of the motor vehicle account—state appropriation are provided solely for the preservation of structurally deficient bridges or bridges that are at risk of becoming structurally deficient. (12) For projects funded by the connecting Washington account—state on LEAP Transportation Document 2017-1 as developed April 5, 2017, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance the US 12/Wildcat Bridge Replacement project (L2000075). At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of the project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this section. For the 2017-2019 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

Until the legislature reconvenes to consider the 2018 supplemental omnibus transportation appropriations act, any unexpended 2015-2017 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(h) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed five hundred thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chair of the house of representatives and senate transportation committees.

(1) Commercial fishing catch data from logbooks required to be provided to the department of fish and wildlife under RCW 77.12.047, when the data identifies specific catch location, timing, or methodology and the release of which would result in unfair competitive disadvantage to the commercial fisher providing the catch data, however, this information may be released to government agencies concerned with the management of fish and wildlife resources;

(2) Sensitive fish and wildlife data. Sensitive fish and wildlife data may be released to the following entities and their agents for fish, wildlife, land management purposes, or scientific research needs: Government agencies, public utilities, and accredited colleges and universities. Sensitive fish and wildlife data may also be released to the owner, lessee, or right-of-way or easement holder of the private land to which the data pertains. (c) Other location data that could compromise the viability of a specific fish or wildlife population, and where at least one of the following criteria are met:

(i) The species has a known commercial or black market value;

(ii) There is a history of malicious take of that species and the species behavior or ecology renders it especially vulnerable;

(iii) There is a known demand to visit, take, or disturb the species; or

(iv) The species has an extremely limited distribution and concentration;

(3) The following information regarding any damage prevention cooperative agreement, or nonlethal preventative measures deployed to minimize wolf interactions with pets and livestock:

(a) The name, telephone number, residential address, and other personally identifying information, of any person, including a pet or livestock owner, and his or her employees or immediate family members, who agrees to deploy, or is responsible for the deployment of nonlethal, preventative measures; and

(5) The personally identifying information of persons who acquire recreational licenses under RCW 77.32.010 or commercial licenses under chapter 77.65 or 77.70 RCW, except name, address of contact used by the department, and type of license, endorsement, or tag; however, the department of fish and wildlife may disclose personally identifying information to:

(a) Government agencies concerned with the management of fish and wildlife resources;

(c) Law enforcement agencies for the purpose of firearm possession enforcement under RCW 9.41.040; and

(((44))) (6) Information that the department of fish and wildlife has received or accessed but may not disclose due to confidentiality requirements in the Magnuson-Stevens fishery conservation and management reauthorization act of 2006 (16 U.S.C. Sec. 1861(b)(3) and (i), and Sec. 1881a(b)).

Sec. 1328. RCW 77.12.885 and 2007 c 293 s 2 are each amended to read as follows:

Except for the personal information on reported depredations by wolves that is exempted from disclosure as provided in RCW 42.56.430, the department shall post on its internet web site all reported predatory wildlife interactions, including reported
NEW SECTION. Sec. 1329. A new section is added to chapter 42.56 RCW to read as follows:

By December 1, 2021, the public records exemptions accountability committee, in addition to its duties in RCW 42.56.140, must prepare and submit a report to the legislature that includes recommendations on whether the exemptions created in section 1, chapter ... Laws of 2017 (section 1 of this act) should be continued or allowed to expire. The report should focus on whether the exemption continues to serve the intent of the legislature in section 1, chapter ... Laws of 2017 (section 1 of this act) to provide protections of personal information during the period the state establishes and implements new policies regarding wolf management. The committee must consider whether the development of wolf management policy, by the time of the report, has diminished risks of threats to personal safety so that the protection of personal information in section 1, chapter ... Laws of 2017 (section 1 of this act) is no longer an ongoing necessity.

NEW SECTION. Sec. 1330. This act expires June 30, 2022."

RCW 74.13.031, and who is eligible for classification under 8 U.S.C. Sec. 1101(a)(27)(J) with the consent of the proposed ward. This chapter also provides that a vulnerable youth guardianship of the person terminates on the youth's twenty-first birthday unless the youth requests termination prior to that date. Opening court doors for the provision of a vulnerable youth guardianship serves the state's interest in eliminating human trafficking, preventing further victimization of youth, decreasing reliance on public resources, reducing youth homelessness, and offering protection for youth who may otherwise be targets for traffickers.

NEW SECTION. Sec. 1332. (1) The legislature finds and declares the following:

(a) Washington law grants the superior courts jurisdiction to make judicial determinations regarding the custody and care of youth within the meaning of the federal immigration and nationality act. Pursuant to 8 U.S.C. Sec. 1101(b), the term "child" means an unmarried person under twenty-one years of age. Superior courts are empowered to make the findings necessary for a youth to petition the United States citizenship and immigration services for classification under 8 U.S.C. Sec. 1101(a)(27)(J).

(b) 8 U.S.C. Sec. 1101(a)(27)(J) offers interim relief from deportation to undocumented, unmarried immigrant youth under twenty-one years old, if a state court with jurisdiction over juveniles has made specific findings.

(c) The findings necessary for a youth to petition for classification under 8 U.S.C. Sec. 1101(a)(27)(J) include, among others, a finding that reunification with one or both parents is not viable due to abuse, neglect, abandonment, or a similar basis under state law, and a finding that it is not in the youth's best interest to be returned to the youth's country of origin.

(d) Misalignment between state and federal law continues to exist. Federal law allows a person under twenty-one years old, who otherwise meets the requirements for eligibility under 8 U.S.C. Sec. 1101(a)(27)(J), to file for relief. In Washington, however, vulnerable youth who are between eighteen and twenty-one years old have largely been unable to obtain the findings from the superior court necessary to seek classification under 8 U.S.C. Sec. 1101(a)(27)(J) and the relief that it was intended to afford them, solely because superior courts cannot take jurisdiction over these vulnerable youth under current law. This is true despite the fact that many vulnerable youth between eighteen and twenty-one years old face circumstances identical to those faced by their younger counterparts.

(e) Given the recent influx of vulnerable youth arriving to the United States, many of whom have been released to family members and other adults in Washington, and who have experienced parental abuse, neglect, or abandonment, it is necessary to provide an avenue for these vulnerable youth to petition the superior courts to appoint a guardian of the person, even if the youth is over eighteen years old. This is particularly necessary in light of the vulnerability of this class of youth, and their need for a custodial relationship with a responsible adult as they adjust to a new cultural context, language, and education system, and recover from the trauma of abuse, neglect, or abandonment. These custodial arrangements promote the long-term well-being and stability of vulnerable youth present in the United States who have experienced abuse, neglect, or abandonment by one or both parents.

(f) The legislature has an interest in combating human trafficking throughout Washington state. In 2003, Washington became the first state to enact a law making human trafficking a crime and has since continued its efforts to provide support services for victims of human trafficking while also raising awareness of human trafficking. Vulnerable youth who have been subject to parental abuse, neglect, or abandonment are particularly susceptible to becoming victims of human trafficking. By creating an avenue for a vulnerable youth guardianship for certain eligible individuals between eighteen and twenty-one years old, the legislature will provide such youth with the possibility for additional support and protection that a guardian can offer, which will make these youth less likely to become targets for human traffickers. Guardians can support vulnerable youth by providing them stable housing and caring for their basic necessities, which may help alleviate many of the risk factors that make such youth prime targets for trafficking and exploitation.

(g) Vulnerable youth guardianships of the person may be necessary and appropriate for these individuals, even between eighteen and twenty-one years old, although a vulnerable youth for whom a guardian has been appointed retains the rights of an adult under Washington law.

(2) It is the intent of the legislature to give the juvenile division of superior courts jurisdiction to appoint a guardian for a consenting vulnerable youth between eighteen, up to the age of twenty-one who has been abandoned, neglected, or abused by one or both parents, or for whom the court determines that a guardian is otherwise necessary as one or both parents cannot adequately provide for the youth such that the youth risks physical or psychological harm if returned to the youth's home. The juvenile court will have jurisdiction to make the findings necessary for a vulnerable youth to petition for classification under 8 U.S.C. Sec. 1101(a)(27)(J). It is further the intent of the legislature to provide an avenue for a person between eighteen and twenty-one years old to have a guardian of the person appointed beyond eighteen years old if the youth so requests or consents to the appointment of a guardian as provided in section 5 of this act.

NEW SECTION. Sec. 1333. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of social and health services.

(2) "Guardian" means a person who has been appointed by the court as the guardian of a vulnerable youth in a legal proceeding under this chapter. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under chapter 13.34 RCW for the purpose of assisting the court in supervising the dependency. The term "guardian" does not include a "guardian" appointed pursuant to a proceeding under chapter 13.36 RCW or a "dependency guardian" appointed pursuant to a proceeding under chapter 13.34 RCW.

(3) "Juvenile court" or "court" means the juvenile division of the superior court.

(4) "Relative" means a person related to the child in the following ways:

(a) Any parent, or blood relative, including those of half-blood, and including first cousins, second cousins, nephews or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great;

(b) A stepfather, stepmother, stepbrother, and stepsister;

(c) A person who legally adopts a child or the child's parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with state law;

(d) Spouses of any persons named in (a) through (c) of this subsection (4), even after the marriage is terminated;

(e) Relatives, as described in (a) through (d) of this subsection (4), of any half-sibling of the child.

(5)(a) "Suitable person" means a nonrelative who has completed all required criminal history background checks as
specified in (b) of this subsection and otherwise appears to be suitable and competent to provide care for the youth.

(b) The criminal background checks required in (a) of this subsection are those set out in RCW 26.10.135 (1) and (2)(b), but apply only to the guardian and not to other adult members of the household.

(6) "Vulnerable youth" is an individual who has turned eighteen years old, but who is not yet twenty-one years old and who is eligible for classification under 8 U.S.C. Sec. 1101(a)(27)(J). A youth who remains in a vulnerable youth guardianship under this chapter shall not be considered a "child" under any other state statute or for any other purpose. A vulnerable youth is one who is not also a nonminor dependent who is participating in extended foster care services authorized under RCW 74.13.031.

NEW SECTION. Sec. 1334. (1) A vulnerable youth may petition the court that a vulnerable youth guardianship be established for him or her by filing a petition in juvenile court under this chapter. The proposed guardian must agree to join in the petition, and must receive notice of the petition.

(2) To be designated as a proposed guardian in a petition under this chapter, a person must be age twenty-one or over, suitable, and capable of performing the duties of guardian under section 6 of this act, including but not limited to parents, licensed foster parents, relatives, and suitable persons.

(3) The petition must allege and show that:
   (a) Both the petitioner and the proposed guardian agree to the establishment of a guardianship;
   (b) The youth is between the ages of eighteen and twenty-one years;
   (c) The youth is prima facie eligible to apply for classification under 8 U.S.C. Sec. 1101(a)(27)(J);
   (d) The youth requests the support of a responsible adult; and
   (e) The proposed guardian agrees to serve as guardian, and is a suitable adult over twenty-one years old who is capable of performing the duties of a guardian as stated in section 6 of this act.

(4) There must be no fee associated with the filing of a vulnerable youth guardianship petition by or for a vulnerable youth under this section.

NEW SECTION. Sec. 1335. (1) At the hearing on a vulnerable youth guardianship petition, both parties, the vulnerable youth and the proposed guardian, have the right to present evidence and cross-examine witnesses. The rules of evidence apply to the conduct of the hearing.

(2) A vulnerable youth guardianship must be established if the court finds by a preponderance of the evidence that:
   (a) The allegations in the petition are true;
   (b) It is in the vulnerable youth's best interest to establish a vulnerable youth guardianship; and
   (c) The vulnerable youth consents in writing to the appointment of a guardian.

(3) A guardianship established under subsection (2) of this section remains in effect as provided in section 8 of this act.

NEW SECTION. Sec. 1336. (1) If the court has made the findings required under section 5 of this act, the court shall issue an order establishing a vulnerable youth guardianship for the vulnerable youth. The order shall:
   (a) Appoint a person to be the guardian for the vulnerable youth;
   (b) Provide that the guardian shall ensure that the legal rights of the vulnerable youth are not violated, and may specify the guardian's other rights and responsibilities concerning the care, custody, and nurturing of the vulnerable youth;
   (c) Specify that the guardian shall not have possession of any identity documents belonging to the vulnerable youth; and
   (d) Specify the need for and scope of continued oversight by the court, if any.

(2) Unless specifically ordered by the court, the standards and requirements for relocation in chapter 26.09 RCW do not apply to vulnerable youth guardianships established under this chapter.

(3) The court shall provide a certified copy of the vulnerable youth guardianship order to the vulnerable youth and the guardian.

(4) For an unrepresented vulnerable youth whose vulnerable youth guardian is a suitable person, as defined in section 3 of this act, the court shall provide a list of service providers and available resources for survivors of human trafficking, such as any relevant lists or materials created by the Washington state task force against the trafficking of persons under RCW 7.68.350.

NEW SECTION. Sec. 1337. (1) The youth may move the court to modify the provisions of a vulnerable youth guardianship order at any time by: (a) Filing with the court a motion for modification and an affidavit setting forth facts supporting the requested modification; and (b) providing notice and a copy of the motion and affidavit to the other party. The nonmoving party may file and serve opposing affidavits.

(2) The youth may move the court to appoint a new guardian at any time by: (a) Filing with the court a motion for appointment of a new guardian and an affidavit setting forth facts supporting the requested appointment; and (b) providing notice and a copy of the motion and affidavit to the other party.

(3) The youth may move the court to substitute a new guardian, provided that the proposed new guardian is a suitable adult over twenty-one years old who is capable of performing the duties of a guardian as stated in section 6 of this act. The substitution of a new guardian must be permitted without termination of the vulnerable youth guardianship and the youth is not required to file a new vulnerable youth guardianship petition to substitute a guardian.

(4) If a party other than the youth moves the court to modify the provisions of a vulnerable youth guardianship order, the modification is subject to the youth's agreement.

NEW SECTION. Sec. 1338. (1) The vulnerable youth guardianship terminates on the vulnerable youth's twenty-first birthday.

(2) The vulnerable youth may request the termination of the vulnerable youth guardianship at any time. The court shall terminate the vulnerable youth guardianship upon the request of the vulnerable youth. The vulnerable youth may also withdraw consent to the vulnerable youth guardianship at any time.

(3) The guardian may request termination of the vulnerable youth guardianship by filing a petition and supporting affidavit alleging a substantial change has occurred in the circumstances of the vulnerable youth or the guardian and that the termination is necessary to serve the best interests of the vulnerable youth. The petition and affidavit must be served on both parties to the vulnerable youth guardianship.

(4) Except as provided in subsection (2) of this section, the court shall not terminate a vulnerable youth guardianship unless it finds, upon the basis of facts that have arisen since the vulnerable youth guardianship was established or that were unknown to the court at the time the vulnerable youth guardianship was established, that a substantial change has occurred in the circumstances of the vulnerable youth or the guardian and that termination of the vulnerable youth guardianship is necessary to serve the best interests of the vulnerable youth. The effect of a guardian's duties while serving in the military potentially impacting vulnerable youth guardianship functions is not, by itself, a substantial change of circumstances justifying termination of a vulnerable youth guardianship.
NEW SECTION. Sec. 1339. In all proceedings under this chapter to establish, modify, or terminate a vulnerable youth guardianship order, the vulnerable youth and the guardian or prospective guardian have the right to be represented by counsel of their choosing and at their own expense.

NEW SECTION. Sec. 1340. (1) Subject to the availability of amounts appropriated for this specific purpose, the Washington state task force against the trafficking of persons created in RCW 7.68.350 shall:

(a) Evaluate whether vulnerable youth guardianships established under chapter 13.---RCW (the new chapter created in section 11 of this act) where the guardian is a suitable person, as defined in section 3 of this act, have the unintended impact of placing youth at greater risk of being trafficked; and

(b) Compile a list of service providers and available resources for survivors of human trafficking that a court issuing a vulnerable youth guardianship order under section 6 of this act can provide to a vulnerable youth applying for a guardian who is a suitable person, as defined in section 3 of this act.

(2) If findings are made that vulnerable youth guardianships established under chapter 13.---RCW (the new chapter created in section 11 of this act) where the guardian is a suitable person, as defined in section 3 of this act, have the unintended impact of placing youth at greater risk of being trafficked, the task force shall:

(a) Research and identify ways to reduce this risk, including recommendations on legislation;

(b) Examine whether providing a vulnerable youth applying for a guardian who is a suitable person, as defined in section 3 of this act, with an advocate interview prior to granting a vulnerable youth guardianship will help reduce this risk; and

(c) Identify best practices for an advocate interview and any related recommendations on training or other requirements for advocate organizations.

(3) The task force shall deliver the evaluation of vulnerable youth guardianships specified by this section to the legislature by January 1, 2019.

NEW SECTION. Sec. 1341. Sections 1 through 9 of this act constitute a new chapter in Title 13 RCW."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "adding a new chapter to Title 13 RCW; and creating a new section."

"Sec. 1342. RCW 42.56.070 and 2005 c 274 s 284 are each amended to read as follows:

(1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection (((6))) (8) of this section, this chapter, or other statute.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by this chapter, an agency shall delete identifying details in a manner consistent with this chapter when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(b) Those statements of policy and interpretations of policy, statute, and the Constitution which have been adopted by the agency;

(c) Administrative staff manuals and instructions to staff that affect a member of the public;

(d) Planning policies and goals, and interim and final planning decisions;

(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and

(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and

(b) Make available for public inspection and copying all indexes maintained for agency use.

(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010 that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010 that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:

(a) It has been indexed in an index available to the public; or

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency ((shall)) may establish, maintain, and make available for public inspection and copying a statement of the actual ((per page cost or other costs, if any)) costs that it charges for providing photocopies or electronically produced copies, of public records and a statement of the factors and manner used to determine the actual ((per page cost or other costs, if any)) costs. Any statement of costs may be adopted by an agency only after providing notice and public hearing.

(a)(i) In determining the actual ((per page)) cost for providing ((photocopies)) copies of public records, an agency may include all costs directly incident to copying such public records including:

(A) The actual cost of the paper and the per page cost for use of agency copying equipment; and

(B) The actual cost of the electronic production or file transfer of the record and the use of any cloud-based data storage and processing service.

(ii) In determining other actual costs for providing ((photocopies)) copies of public records, an agency may include all costs directly incidental to:

(A) Shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used; and

(B) Transmitting such records in an electronic format, including the cost of any transmission charge and use of any physical media device provided by the agency.

(b) In determining the actual ((per page cost or other)) costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead
charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and ((mail)) send the requested public records may be included in an agency's costs.

(8) ((An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.))

(9)) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge therefor: PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the administrative procedure act.

Sec. 1344. RCW 42.56.080 and 2016 c 163 s 3 are each amended to read as follows:

(1) A public records request must be for identifiable records. A request for all or substantially all records prepared, owned, used, or retained by an agency is not a valid request for identifiable records under this chapter, provided that a request for all records regarding a particular topic or containing a particular keyword or name shall not be considered a request for all of an agency's records.

(2) Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is a "bot request" means a request for public records that an agency reasonably believes was automatically generated by a computer program or script.

Sec. 1344. RCW 42.56.120 and 2016 c 163 s 4 are each amended to read as follows:

(1) No fee shall be charged for the inspection of public records or locating public documents and making them available for copying, except as provided in RCW 42.56.240(14) and subsection (3) of this section. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. When calculating any fees authorized under this section, an agency shall use the most reasonable cost-efficient method available to the agency as part of its normal operations. If any agency translates a record into an alternative electronic format at the request of a requestor, the copy created does not constitute a new public record for purposes of this chapter. Scanning paper records to make electronic copies of such records is a method of copying paper records and does not amount to the creation of a new public record.

(2)(a) Agency charges for ((photocopies shall)) actual costs may only be imposed in accordance with the ((actual per page cost or other)) costs established and published by the agency pursuant to RCW 42.56.070(7), and in accordance with the statement of factors and manner used to determine the actual costs. In no event may an agency charge a per page cost greater than the actual ((per page)) cost as established and published by the agency.

(b) An agency need not calculate the actual costs it charges for providing public records if it has rules or regulations declaring the reasons doing so would be unduly burdensome. To the extent the agency has not determined the actual ((per page cost for photocopies shall)) costs of copying public records, the agency may not charge in excess of:

(i) Fifteen cents per page for photocopies of public records, printed copies of electronic public records when requested by the person requesting records, or for the use of agency equipment to photocopy public records;

(ii) Ten cents per page for public records scanned into an electronic format or use of agency equipment to scan the records;

(iii) Five cents per each four electronic files or attachment uploaded to email, cloud-based data storage service, or other means of electronic delivery; and

(iv) Ten cents per gigabyte for the transmission of public records in an electronic format or for the use of agency equipment to send the records electronically. The agency shall take reasonable steps to provide the records in the most efficient manner available to the agency in its normal operations; and

(c) The charges in (b) of this subsection may be combined to the extent that more than one type of charge applies to copies produced in response to a particular request.

(d) An agency may charge a flat fee of up to two dollars for any request as an alternative to fees authorized under (a) or (b) of this subsection when the agency reasonably estimates and documents that the costs allowed under this subsection are clearly equal to or more than two dollars. An additional flat fee shall not be charged.
for any installment after the first installment of a request produced in installments. An agency that has elected to charge the flat fee in this subsection for an initial installment may not charge the fees authorized under (a) or (b) of this subsection on subsequent installments.

(e) An agency shall not impose copying charges under this section for access to or downloading of records that the agency routinely posts on its public internet web site prior to receipt of a request unless the requestor has specifically requested that the agency provide copies of such records through other means.

(f) A requestor may ask an agency to provide, and if requested an agency shall provide, a summary of the applicable charges before any copies are made and the requestor may revise the request to reduce the number of copies to be made and reduce the applicable charges.

(3)(a)(i) In addition to the charge imposed for providing copies of public records and for the use by any person of agency equipment copying costs, an agency may include a customized service charge. A customized service charge may only be imposed if the agency estimates that the request would require the use of information technology expertise to prepare data compilations, or provide customized electronic access services when such compilations and customized access services are not used by the agency for other agency purposes.

(ii) The customized service charge may reimburse the agency up to the actual cost of providing the services in this subsection.

(b) An agency may not assess a customized service charge unless the agency has notified the requestor of the customized service charge to be applied to the request, including an explanation of why the customized service charge applies, a description of the specific expertise, and a reasonable estimate cost of the charge. The notice also must provide the requestor the opportunity to amend his or her request in order to avoid or reduce the cost of a customized service charge.

(4) An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request, including a customized service charge. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the charge for each part of the request as it is provided. If an installment of a request produced in installments. An agency that has elected to charge the flat fee in this subsection for an initial installment may not charge the fees authorized under (a) or (b) of this subsection on subsequent installments.

(e) An agency shall not impose copying charges under this section for access to or downloading of records that the agency routinely posts on its public internet web site prior to receipt of a request unless the requestor has specifically requested that the agency provide copies of such records through other means.

(f) A requestor may ask an agency to provide, and if requested an agency shall provide, a summary of the applicable charges before any copies are made and the requestor may revise the request to reduce the number of copies to be made and reduce the applicable charges.

(3)(a)(i) In addition to the charge imposed for providing copies of public records and for the use by any person of agency equipment copying costs, an agency may include a customized service charge. A customized service charge may only be imposed if the agency estimates that the request would require the use of information technology expertise to prepare data compilations, or provide customized electronic access services when such compilations and customized access services are not used by the agency for other agency purposes.

(ii) The customized service charge may reimburse the agency up to the actual cost of providing the services in this subsection.

(b) An agency may not assess a customized service charge unless the agency has notified the requestor of the customized service charge to be applied to the request, including an explanation of why the customized service charge applies, a description of the specific expertise, and a reasonable estimate cost of the charge. The notice also must provide the requestor the opportunity to amend his or her request in order to avoid or reduce the cost of a customized service charge.

(4) An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request, including a customized service charge. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request. An agency may waive any charge assessed for a request pursuant to agency rules and regulations. An agency may enter into any contract, memorandum of understanding, or other agreement with a requestor that provides an alternative fee arrangement to the charges authorized in this section, or in response to a voluminous or frequently occurring request.

Sec. 1345. RCW 42.56.130 and 2005 c 274 s 286 are each amended to read as follows:

The provisions of RCW 42.56.070(7) and (8) and 42.56.120 that establish or allow agencies to establish the costs charged for photocopies or electronically produced copies of public records do not supersede other statutory provisions, other than in this chapter, authorizing or governing fees for copying public records.

Sec. 1346. RCW 42.56.550 and 2011 c 273 s 1 are each amended to read as follows:

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request or a reasonable estimate of the charges to produce copies of public records, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.56.030 through 42.56.520 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis."

SUBSTITUTE HOUSE BILL NO. 1605, by House Committee on Public Safety (originally sponsored by Representatives Pettigrew, Hayes and Klippert)

Concerning vessel impoundment.

The measure was read the second time.

MOTION

Senator Padden moved that the following committee striking amendment by the Committee on Law & Justice be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1347. A new section is added to chapter 79A.60 RCW to read as follows:

(1) Whenever the operator of a vessel is arrested for a violation of RCW 79A.60.040, the arresting officer, or another officer acting at the arresting officer's direction, has authority to impound the vessel as provided in this section.

(2) This section is not intended to limit or constrain the ability of local government from enacting and enforcing ordinances or other regulations relating to the impoundment of vessels for the purposes of enforcing RCW 79A.60.040.

(3) Unless vessel impound is required for evidentiary purposes, a law enforcement officer must seek a series of reasonable alternatives to impound before impounding the vessel. Reasonable alternatives to impound may include, but are not limited to:

(a) Working with the vessel's owner to locate a qualified operator who can take possession of the vessel within thirty minutes following the arrest of the vessel's operator and giving possession of the vessel to such a person;

(b) Leaving the vessel at a marina, dock, or moorage facility, provided that:

(i) The owner is present and willing to sign a liability waiver by which the owner agrees to waive any claims related to such an action against the law enforcement officer and the officer's agency and indemnify the officer and the agency against any claims related to such an action by any third party; and

(ii) The owner agrees to pay any applicable moorage charges or fees; and

(c) Towing the vessel to the closest boat ramp, marina, or similar type facility where the owner can meet the impounding officer within thirty minutes in order to:

(i) Moor the vessel by accepting any applicable moorage charges or fees; or

(ii) Take possession of the vessel if the owner was not present at the time of the arrest.

(4) For the purposes of this section, storing an impounded vessel may include, but is not limited to:

(a) Removing the vessel to and placing it in a secure or other type of moorage facility; or

(b) Placing the vessel in the custody of an operator licensed by the United States coast guard per 46 C.F.R. Sec. 11.482 to provide commercial assistance towing services in Washington state who must:

(i) Tow it to a storage facility operated by the towing entity for storage or to a moorage facility for storage; or

(ii) Tow it to a location designated by the operator or owner of the vessel.

(5) In exigent circumstances, an impounding officer may temporarily attach an impounded vessel to a mooring buoy or anchor the vessel to the bottom for up to twenty-four hours, after which time the impounding officer must move or cause the vessel to be moved to an appropriate facility for storage as outlined in subsection (4) of this section.

(6) If the impounding officer secures a vessel by placing it on its trailer, the officer, moorage facility representative, or commercial assistance towing service is authorized to detach the vessel's trailer from the vehicle to which it is attached, attach the trailer to an impounding vehicle, operate the vessel to load it on the trailer, and then tow the vessel on its trailer to the storage facility.

(7) All vessels must be handled appropriately and returned in substantially the same condition as they existed before being impounded, unless forfeited pursuant to subsection (12) of this section. Except as provided in subsection (12)(b) of this section, all personal property in the vessel must be kept intact and must be returned to the vessel's owner or agent during the normal business hours of the entity storing the vessel upon request, provided the vessel owner, or the owner's agent, is able to provide sufficient proof of his or her identity.

(8) No moorage facility or vessel towing service provider is required to accept an impounded or otherwise secured vessel under this section for towing or storage. An impounding officer intending to secure a vessel by means of storing it at a moorage facility must have the permission of the owner or operator of the moorage facility prior to leaving the vessel at the facility. The impounding officer shall identify an authorized person on the vessel impound authorization and inventory form to represent the vessel impound facility. The officer must provide a copy of the vessel impound authorization and inventory form to the designated person representing the vessel impound facility along with the addresses of the registered and legal owners of the vessel. The moorage facility may require that the impounding officer's agency take responsibility for the foreclosure process set forth in subsection (12) of this section before they consent to accept an impounded vessel.

(9)(a) An impounding officer impounding a vessel pursuant to this section shall notify the legal and registered owner or owners of the impoundment of the vessel. The notification must be in writing and sent within one business day after the impound by first-class mail, digital transmission, or facsimile to the last known address of the registered and legal owner or owners of the vessel, as identified by the department of licensing, and must inform the owner or owners of the identity of the person or agency authorizing the impound. The impounding officer may serve the operator with the vessel impound authorization and inventory form at the time of impound if the operator is a legal or registered owner of the vessel. Personal service of the vessel impound authorization and inventory form meets the notice requirement of this subsection with respect to the legal or registered owner personally served. The notification must be provided on a vessel impound authorization and inventory form and include: (i) The name, address, and telephone number of the facility where the vessel is being held; (ii) the right of redemption and opportunity for a hearing to contest the validity of the impoundment; and (iii)
the rate that is being charged for the storage of the vessel while impounded.

(b) A notice does not need to be sent to the legal or registered owner or owners of an impounded vessel if the vessel has been redeemed.

(c) The impounded vessel may not be redeemed by the operator within a twelve-hour period starting at the time of the operator's arrest. The vessel may be redeemed by or released to an owner or an agent of the owner that is not the operator within the twelve-hour period following arrest.

(10) A moorage facility that accepts a vessel impounded pursuant to this section for storage may charge the owner of the vessel up to one hundred twenty-five percent of the normal moorage rates of tenants or guests in addition to a fee for securing the impounded vessel. A moorage facility must store the vessel in the least costly boat slip or storage area available that is appropriate for the vessel size. An entity that provides emergency vessel towing services that accepts a vessel impounded pursuant to this section for towing or storage, or both, may charge its normal towing and storage fees. The costs of removal and storage of vessels under this section is a lien upon the vessel until paid, unless the impoundment is determined to be invalid. The registered owner of a vessel impounded pursuant to this section is responsible for paying all fees associated with the towing and storage of the vessel resulting from its impoundment, except as otherwise provided in subsection (15) of this section.

(11) Within fifteen days of impoundment of the vessel, or until the vessel is forfeited pursuant to subsection (12) of this section, the legal or registered owner of a vessel impounded and stored pursuant to this section may redeem the vessel by paying all towing and storage fees charged as allowed in subsection (10) of this section. Within fifteen days of impoundment of the vessel, or until the vessel is forfeited pursuant to subsection (12) of this section, any person who shows proof of ownership or written authorization from the impounded vessel's registered or legal owner or the vessel's insurer may view the vessel without charge during the normal business hours of the entity storing the vessel. The moorage facility may request that a representative of the impounding agency be present during redemption. If requested, the impounding agency must provide a representative as requested by the moorage facility.

(12) If an impounded vessel stored pursuant to this section is not redeemed by its registered or legal owner pursuant to subsection (11) of this section within fifteen days of its impoundment, the entity storing the vessel, or the agency of the impounding officer, if required by the moorage facility under subsection (8) of this section, may initiate foreclosure. Foreclosure by the vessel owner is complete twenty days after mailing of the notice required by this subsection, unless within that time the owner, or any lienholder or holder of a security interest, pays all fees associated with the towing and storage of the vessel resulting from its impoundment. However, foreclosure may not be completed while a hearing under subsection (15) of this section to contest the validity of the impoundment is pending in district or municipal court or while any appeal of a decision of the district or municipal court on the validity of the impoundment is pending.

(a) In order to foreclose on the vessel, the foreclosing entity must mail notice of its intent. Such a notice must, at a minimum, state: (i) The intent of the foreclosing entity to foreclose on the vessel; (ii) that, when the foreclosure process is complete, the owner forfeits all ownership interest in the vessel; (iii) the right of the foreclosing entity to take possession of or dispose of the vessel upon completion of the foreclosure process; and (iv) that the owner, or other interested person or entity, may avoid forfeiture of the vessel by paying all fees associated with the towing and storage of the vessel resulting from its impoundment within twenty days of mailing of the notice. The notice must be mailed to the owner of the vessel at the address on file with the state with which the vessel is registered, or on file with the federal government, if the vessel is registered with the federal government, and any lienholder or secured interests on record. A notice need not be sent to the purported owner or any other person whose interest in the vessel is not recorded with a state or with the federal government.

(b) Upon completion of the foreclosure process, the registered and legal owners of the vessel forfeit any and all ownership interest in and the entity administering the foreclosure process must dispose of it through sale. The proceeds of a sale under this section shall be applied first to payment of the amount of reasonable charges incurred by the entity for towing, storage, and sale, then to the owner or to satisfy any liens of record or security interests of record on the vessel in the order of their priority. If the sale is for a sum less than the applicable charges, the foreclosing entity is entitled to assert a claim for the deficiency against the vessel owner. Nothing in this section prevents any lien holder from asserting a claim for any deficiency owed the lien holder or secured party. If more than one thousand dollars remains after the satisfaction of amounts owed to the entity and to any owner or bona fide security interest, then the foreclosing entity must remit the moneys to the department of licensing for deposit in the derelict vessel removal account established in RCW 79.100.100. A copy of the foreclosed vessel disposition report form identifying the vessel resulting in any surplus shall accompany the remitted funds. Transfer of ownership of the vessel after foreclosure must comply with RCW 79.100.150, when applicable. All personal property in the vessel not claimed prior to foreclosure must be turned over to the law enforcement agency that authorized the impoundment. The personal property must be disposed of pursuant to chapter 63.32 or 63.40 RCW, or as otherwise provided by law. Within fourteen days of the completion of the foreclosure process of a vessel pursuant to this subsection, the foreclosing entity shall send a forfeited vessel disposition report, together with a copy of the vessel impound authorization and inventory form and the notice of intent to foreclose, to the department of licensing so that the department may include documentation in the ownership records of the vessel. The vessel disposition information sent to the department of licensing on the forfeited vessel disposition report relieves the previous owner of the vessel from any civil or criminal liability for the operation of the vessel from the date of sale thereafter, and transfers full liability for the vessel to the party to whom the vessel is transferred by the foreclosing entity.

(13) Any individual or entity whose assistance has been requested by an impounding officer who in good faith provides trailering, towing, or secured or other type of moorage of a vessel impounded pursuant to this section is not liable for any damage to or theft of the vessel or its contents, or for damages for loss of use of the vessel resulting from any act or omission in providing assistance other than for acts or omissions constituting gross negligence or willful or wanton misconduct, or for any damages arising from any act or omission committed during the foreclosure process.

(14) If a law enforcement officer impounds and secures a vessel pursuant to this section, the impounding officer and the government agency employing the officer are not liable for any damage to or theft of the vessel or its contents, or for damages for loss of use of the vessel, or for any damages arising from any act or omission committed during the foreclosure process.

(15) Any legal or registered owner seeking to redeem an impounded vessel under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vessel was impounded to contest the validity of the impoundment. The
The court within ten business days of the sending or personal service of notice of impoundment pursuant to subsection (9) of this section, the right to a hearing is waived and the register of the impounded vessel. (1) The commission must regulate persons providing contract railroad crew transportation and every contract crew transportation vehicle with respect to driver qualifications, equipment safety, safety of operations, passenger safety, drug testing requirements, and record retention. This regulation must be consistent with the manner in which the commission regulates these areas under chapter 81.70 RCW and the manner in which it regulates safety under chapter 81.68 RCW, as well as with the approach used in federal motor carrier safety regulations under Title 49 of the code of federal regulations. (1)(a) Subject to the availability of amounts appropriated for this specific purpose, the department shall, to the extent feasible given all applicable trust responsibilities, develop and implement a policy for prioritizing investments on forest health treatments to protect state lands and state forestlands, as those terms are defined in RCW 79.02.010, to: (i) Reduce wildfire hazards and losses from wildfire; (ii) reduce insect infestation and disease; and (iii) achieve cumulative impact of improved forest health and resilience at a landscape scale.

(b) The prioritization policy in (a) of this subsection must consider whether state lands and state forestlands are within an area that is subject to a forest health hazard warning or order pursuant to RCW 76.06.180.

(2)(a) The department's prioritization of state lands and state forestlands must be based on an evaluation of the economic and noneconomic value of:

(ii) Timber or other commercial forest products likely to be spared from damage by wildfire;

(iii) Homes, structures, agricultural products, and public infrastructure likely to be spared from damage by wildfire;

(b) The department's evaluation of economic values may rely on heuristic techniques.

(3) The definitions in this subsection apply throughout this section and sections 2 and 3 of this act unless the context clearly requires otherwise.

(a) "Forest health" has the same meaning as defined in RCW 76.06.020.

The department shall update this list by November 15th of each even-numbered year.

(b) To expedite initial treatments under this act, for the 2017-2019 biennium the department may prioritize and, if funds are appropriated for this purpose, address lands for treatment that are currently identified by the department as pilot treatment projects.

(2) In order to develop a prioritized list that evaluates forest health treatments at a landscape scale, the department should consult with and take into account the land management plans and activities of nearby landowners, if available, including federal agencies, other state agencies, local governments, tribes, and private property owners, in addition to any statewide assessments done by the department. Records that are not otherwise required to be retained by the agency and are held by volunteers who do not serve in an administrative capacity and have not been appointed by the agency to an agency board, commission, internship, or supervisory role that has delegated agency authority are not public records.

(4) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation including, but not limited to, letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, motion picture, film and video recordings, magnetic or punched cards, discs, drums, diskettes, sound recordings, and other documents including existing data compilations from which information may be obtained or translated.

(b) Complete refresher training at intervals of no more than four years as long as they maintain the designation.

(4) Training may be completed remotely with technology including but not limited to internet-based training.

(5) Training must address particular issues related to the retention, production, and disclosure of electronic documents, including updating and improving technology information services.

(1) Responses to requests for public records shall be made promptly by agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives. (a) Providing the record;

((2)) (b) Providing an internet address and link on the agency's web site to the specific records requested, except that if the requester notifies the agency that he or she cannot access the records through the internet, then the agency must provide copies of the record or allow the requester to view copies using an agency computer;

((3)) (c) Acknowledging that the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives has received the request and providing a reasonable estimate of the time the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives will require to respond to the request;

((4)) (e) Denying the public record request.

(2) Additional time required to respond to a request may be based upon the need to clarify the intent of the request, to locate and assemble the information requested, to notify third persons or agencies affected by the request, or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request.

(3)(a) In acknowledging receipt of a public record request that is unclear, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives may ask the requestor to clarify what information the requestor is seeking.

(5) Until June 30, 2020, the attorney general must establish a consultation program to provide information for developing best practices for local agencies requesting assistance in compliance with this chapter including, but not limited to: Responding to records requests, seeking additional public and private resources for developing and updating technology information services, and mitigating liability and costs of compliance. The attorney general may develop the program in conjunction with the advisory model rule and may collaborate with the chief information officer, the state archivist, and other relevant agencies and organizations in developing and managing the program. The program in this subsection ceases to exist June 30, 2020.

(6) Until June 30, 2020, the state archivist must offer and provide consultation and training services for local agencies on improving record retention practices.

Sec. 9. RCW 40.14.024 and 2008 c 328 s 6005 are each amended to read as follows:

All receipts collected by the county auditors under RCW 40.14.027 and 36.22.175 for local government services, such as providing records (scheduling) schedule compliance, security microfilm inspection and storage, archival preservation, cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch archives of the division of archives and records management, must be deposited into the account, and expenditures from the account may be used only for these purposes. (During the 2007-2009 biennium, the legislature may transfer from the local government archives account to the Washington state heritage center account such amounts as reflect the excess fund balance in the account.) Any amounts deposited in the account in accordance with RCW 36.22.175(4) may only be expended for the purposes authorized under that provision as follows: No more than fifty percent of funding may be used for the attorney general's consultation program and the state archivist's training services, and the remainder is to be used for the competitive grant program.

NEW SECTION. Sec. 10. A new section is added to chapter 40.14 RCW to read as follows:

(1) The division of archives and records management in the office of the secretary of state must establish and administer a competitive grant program for local agencies to improve technology information systems for public record retention, management, and disclosure, and any related training. The division of archives and records management may use up to six percent of amounts appropriated for the program for administration of the grant program.

(2) Any local agency may apply to the grant program. The division of archives and records management in the office of the secretary of state must award grants annually. The division of archives and records management must consult with the chief information officer to develop the criteria for grant recipient selection with a preference given to small local governmental agencies based on the applicant agency's need and ability to improve its information technology systems for public record retention, management, and disclosure. The division of archives and records management may award grants for specific hardware, software, equipment, technology services management and training needs, indexing for local records and digital data, and other resources for improving information technology systems. To the extent possible, information technology systems, processes, training, and other resources for improving information technology systems for records retention and distribution may be replicated and shared with other governmental entities. Grants are provided for one-time investments and are not an ongoing source of revenue for operation or management costs. A grantee may not supplant local funding with grant funding provided by the office of the secretary of state.

Sec. 11. RCW 36.22.175 and 2011 1st sp.s. c 50 s 931 are each amended to read as follows:

(1)(a) In addition to any other charge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for each document recorded. Revenue generated through this surcharge shall be transmitted monthly to the state treasurer for deposit in the local government archives account under RCW 40.14.024. These funds shall be used solely for providing records (scheduling) schedule compliance, security microfilm inspection and storage, archival preservation, cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch archives of the division of archives and records management.

(b) The division of archives and records management within the office of the secretary of state shall provide records management training for local governments and shall establish a competitive grant program to solicit and prioritize project proposals from local governments for potential funding to be paid for by funds from the auditor surcharge and tax warrant surcharge revenues. Application for specific projects may be made by local government agencies only. The state archivist in consultation with the advisory committee established under RCW 40.14.027 shall adopt rules governing project eligibility, evaluation, awarding of grants, and other criteria including requirements for records management training for grant recipients.

(2) The advisory committee established under RCW 40.14.027 shall review grant proposals and establish a prioritized list of projects to be considered for funding by January 1st of each even-numbered year, beginning in 2002. The evaluation of proposals and development of the prioritized list must be developed through open public meetings. Funding for projects shall be granted according to the ranking of each application on the prioritized list and projects will be funded only to the extent that funds are available. A grant award may have an effective date other than the date the project is placed on the prioritized list.

(3)(a) In addition to any other surcharge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for every document recorded after January 1, 2002. Revenue generated through this surcharge shall be transmitted to the state treasurer monthly for deposit in the local government archives account under RCW 40.14.024 to be used exclusively for: (i) The construction and improvement of a specialized regional facility located in eastern Washington designed to serve the archives, records management, and digital data management needs of local government; and (ii) payment of the certificate of participation issued for the Washington state heritage center to the extent there is an excess fund balance in the account and fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments on the certificate of participation.

(b) To the extent the facilities are used for the storage and retrieval of state agency records and digital data, that portion of the construction of such facilities used for state government records and data shall be supported by other charges and fees paid by state agencies and shall not be supported by the surcharge authorized in this subsection, except that to the extent there is an excess fund balance in the account and fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service...
payments for the Washington state heritage center, the local
government archives account under RCW 40.14.024 may be used
for the Washington state heritage center.

(c) At such time that all debt service from construction of the
specialized regional archive facility located in eastern
Washington has been paid, fifty percent of the surcharge
authorized by this subsection shall be reverted to the centennial
document preservation and modernization account as prescribed
in RCW 36.22.170 and fifty percent of the surcharge authorized
by this section shall be reverted to the state treasurer for deposit
in the public records efficiency, preservation, and access account
to serve the archives, records management, and digital data
management needs of local government, except that the state
treasurer shall not revert funds to the centennial document
preservation and modernization account and to the public records
efficiency, preservation, and access account if fees generated
under RCW 36.18.010 and 43.07.128 are insufficient to meet debt
service payments on the Washington state heritage center.

(4) In addition to any other surcharge authorized by law, the
county auditor shall charge a surcharge of one dollar per
instrument for every document recorded. Revenue generated
through this surcharge shall be transmitted to the state treasurer
monthly for deposit in the local government archives account
under RCW 40.14.024 to be used exclusively for the competitive
grant program in section 6 of this act, and for the attorney
general's consultation program and state archivist's training
services authorized in RCW 42.56.570.

NEW SECTION. Sec. 12. (1) Subject to the availability of
amounts appropriated for this specific purpose, the division of

a consultant to conduct the study.

(3) At a minimum, the report must include:

response to such request;
(b) An examination of the experience in other states, including
but not limited to the state of Utah, that have implemented an
electronic open records portal;
(c) Whether the open records portals in other states serve as
central repositories and archives for the purpose of all public
records on behalf of local and state agencies;
(d) Whether other states' open records portals track and provide
a timeline where each request is being responded to in the process;
(e) The cost of creating the open records portal in other states
and the amount of funds local and state agencies or any other
entities contributed to the start-up and ongoing costs to operate
the open records portal;
(f) The length of time it took for other states to develop an open
records portal from its initial start-up to its current full operation;
(g) The length of time it would take for Washington to develop
and implement an open records portal from start-up to full
operation that is similar to the portals located in other states;
(h) The length of time it would take for Washington to develop
and implement an open records portal from start-up to full
operation that would include: (i) The portal collecting, archiving,
and holding all public records from local and state governmental
agencies in Washington; (ii) the portal being capable of allowing
users to submit a public records request through a central site; and

and providing requested public records to a user;

(i) The estimated cost to develop and implement an open
records portal that is: (i) Similar to the open records portals
located in other states referenced and reviewed in (g) of this
subsection; and (ii) a full open records portal pursuant to (h) of
this subsection. In both instances, the costs must include costs
associated with local and state governmental agencies in
Washington participating in the portal and any needed supporting
infrastructure, staffing, and training requirements;
(j) How much is charged and how fees are collected from a user
requesting a public record through other states' open records
portals;

Washington would be able to track all public records requests,
when such requests for public records are made through the open
records portal, and provide a timeline where each request is being
responded to in the process;
(l) The feasibility of whether an open records portal created in
Washington would be able to directly respond to answering a
user's public records request and, if not, the feasibility of the
portal tracking when a local or state agency responds to such a
request and providing a timeline where each request is being
responded to in the process;
(m) The feasibility of creating an open records portal in
Washington that notifies a requestor that the request has been
received and either immediately provides the requestor with a
copy of the requested record, notifies the requestor that the record
is not available, or notifies the requestor that because of the
extraordinary request the record will be available on a date
certain;
(n) The feasibility of creating an open records portal through
which a requestor can make a request and receive a response
through a single internet web site relating to public records
information, and the feasibility of agencies managing internet
web sites to make public access easier and reduce the number of
requests related to the same topic through best practices by
offering to post different categories of requested records on the
web site in a manner that is responsive to records requests; and
(o) The allocation of liability between the agency operating an
open records portal and any agency that provides records through
the portal or accepts requests for public records through the portal
in the event of litigation regarding denial of access to records or
unreasonable estimate of time to produce records in response to a
request.

(4) A report must be completed with findings and
recommendations on the experience of the electronic open
records portal created in other states and the feasibility of creating
a central statewide open records portal in Washington, as well as
recommendations and best management practices for agencies to
post records that are responsive to records requests on an agency
internet web site and take into consideration various categories of
records and agency capacities in order to provide broader public
access to records of public interest and to reduce the number of
requests relating to the same topic. The report must be submitted

The division of archives and records management may award grants for specific hardware, software, equipment, technology services management and training needs, indexing for local records and digital data, and other resources for improving information technology systems. To the extent possible, information technology systems, processes, training, and other resources for improving information technology systems for records retention and distribution may be replicated and shared with other governmental entities. Grants are provided for one-time investments and are not an ongoing source of revenue for operation or management costs. A grantee may not supplant local funding with grant funding provided by the office of the secretary of state.

Sec. 22. RCW 36.22.175 and 2011 1st sp.s. c 50 s 931 are each amended to read as follows:

A grant award may have an effective date other than the date the project is placed on the prioritized list.

(3)(a) In addition to any other surcharge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for every document recorded after January 1, 2002. Revenue generated through this surcharge shall be transmitted to the state treasurer monthly for deposit in the local government archives account under RCW 40.14.024 to be used exclusively for: (i) The construction and improvement of a specialized regional facility located in eastern Washington designed to serve...
the archives, records management, and digital data management needs of local government; and (ii) payment of the certificate of participation issued for the Washington state heritage center to the extent there is an excess fund balance in the account and fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments on the certificate of participation.

(b) To the extent the facilities are used for the storage and retrieval of state agency records and digital data, that portion of the construction of such facilities used for state government records and data shall be supported by other charges and fees paid by state agencies and shall not be supported by the surcharge authorized in this subsection, except that to the extent there is an excess fund balance in the account and fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments for the Washington state heritage center, the local government archives account under RCW 40.14.024 may be used for the Washington state heritage center.

(c) At such time that all debt service from construction of the specialized regional archive facility located in eastern Washington has been paid, fifty percent of the surcharge authorized by this subsection shall be reverted to the centennial document preservation and modernization account as prescribed in RCW 36.22.170 and fifty percent of the surcharge authorized by this section shall be reverted to the state treasurer for deposit in the public records efficiency, preservation, and access account to serve the archives, records management, and digital data management needs of local government, except that the state treasurer shall not revert funds to the centennial document preservation and modernization account and to the public records efficiency, preservation, and access account if fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments on the Washington state heritage center.

(4) In addition to any other surcharge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for every document recorded. Revenue generated through this surcharge shall be transmitted to the state treasurer monthly for deposit in the local government archives account under RCW 40.14.024 to be used exclusively for the competitive grant program in section 6 of this act, and for the attorney general's consultation program and state archivist's training services authorized in RCW 42.56.570.

(d) Whether other states' open records portals track and provide a timeline where each request is being responded to in the process;

(e) The cost of creating the open records portal in other states and the amount of funds local and state agencies or any other entities contributed to the start-up and ongoing costs to operate the open records portal;

(f) The length of time it took for other states to develop an open records portal from its initial start-up to its current full operation;

(l) The feasibility of whether an open records portal created in Washington would be able to directly respond to answering a user's public records request and, if not, the feasibility of the portal tracking when a local or state agency responds to such a request and providing a timeline where each request is being responded to in the process;

(m) The feasibility of creating an open records portal in Washington that notifies a requestor that the request has been received and either immediately provides the requestor with a copy of the requested record, notifies the requestor that the record is not available, or notifies the requestor that because of the extraordinary request the record will be available on a date certain;

(n) The feasibility of creating an open records portal through which a requestor can make a request and receive a response through a single internet web site relating to public records information, and the feasibility of agencies managing internet web sites to make public access easier and reduce the number of requests related to the same topic through best practices by offering to post different categories of requested records on the web site in a manner that is responsive to records requests; and

(o) The allocation of liability between the agency operating an open records portal and any agency that provides records through the portal or accepts requests for public records through the portal in the event of litigation regarding denial of access to records or unreasonable estimate of time to produce records in response to a request.

(4) A report must be completed with findings and recommendations on the experience of the electronic open records portal created in other states and the feasibility of creating a central statewide open records portal in Washington, as well as recommendations and best management practices for agencies to post records that are responsive to records requests on an agency internet web site and take into consideration various categories of records and agency capacities in order to provide broader public access to records of public interest and to reduce the number of
requests relating to the same topic. The report must be submitted to the governor, the appropriate committees of the legislature, and members of the stakeholder group in section 9 of this act, by September 1, 2018.
