WHEREAS, Joint Base Lewis-McChord (JBLM) has a legacy of significance to the United States and to the world that brings honor and pride to the entire state of Washington; and

WHEREAS, Camp Lewis, as it was then known, began construction in May of 1917 under the direction of Captain David L. Stone; who, in less than 90 days, created one thousand seven hundred fifty-seven buildings as well as four hundred twenty-two other structures with light and heat, exhibiting the "can do" spirit that inhabits the exploits of JBLM to this day; and

WHEREAS, In 1927, just to the north of Camp Lewis, Pierce County residents established an airfield of the highest quality; in

1939, that airfield was transferred to the United States Government and would later become McChord Field; and

WHEREAS, On February 1, 2010, Camp Lewis, later known as Fort Lewis, and McChord Field, later known as McChord Air Force Base, consolidated facilities and became Joint Base Lewis-McChord; and

WHEREAS, The first recruits to Camp Lewis became the "Ninety-First Division" or the "Wild West Division," which served in numerous battles in World War I, including the Meuse-Argonne offensive and the Battle of Flanders, and captured more than 2,200 German soldiers; and

WHEREAS, In 1940, McChord Field was the General Headquarters of the Air Force Northwest District; and

WHEREAS, With the outbreak of World War II, Colonel Dwight David Eisenhower, who later became President of the United States, was assigned to Fort Lewis as commander to the 15th Infantry Regiment and while there was promoted and placed in command of the entire pacific coast defense; and

WHEREAS, The first military group to arrive at McChord Field was the 17th Bombardment Group that patrolled the west coast for enemy submarines after the December 7, 1941 attack on Pearl Harbor and destroyed an imperial Japanese submarine near the mouth of the Columbia River on December 24, 1941; and

WHEREAS, Colonel James H. "Jimmy" Doolittle came to McChord and selected ten aircrew members to participate in the courageous 1942 Doolittle Raid on Tokyo, which was the first American strike against the homeland of imperial Japan after the attack on Pearl Harbor; and

WHEREAS, During World War II, Fort Lewis contributed and deployed many divisions that were essential to the war effort, and McChord Field continued to play a strategic, vital, and heroic role until the close of World War II; and

WHEREAS, Both institutions were essential for the war efforts that followed, including the Korean War, the Vietnam War, and the Cold War; and

WHEREAS, In 1972, Fort Lewis was given the task of making up a volunteer Army; for this, the 9th Infantry Division was reactivated and became the first volunteer division in the United States Army; and

WHEREAS, McChord Field, individually and as a part of JBLM, has an honorable and lifesaving record of humanitarian relief; and

WHEREAS, JBLM is among the largest and most important bases in the United States, and currently supports over one hundred twenty-five thousand military retirees and more than thirty-two thousand family members who live both on and off base and enjoy Washington as their home; and

WHEREAS, The remarkable deeds of the men and women who have served at JBLM are too numerous to recount, and many have never been told due to the full measure of sacrifice given to the cause of freedom; and

WHEREAS, The gratitude the world owes them for their role in securing liberty is beyond measure;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate recognize the 100th anniversary of JBLM, which began in 1917 with land gifted for use as a permanent army post to the federal government by the citizens of Pierce County, which would in return give the United States and the world support and protection in our darkest hours so that we might live free.

The fee for this license is one hundred dollars per annum.

(7) The board must adopt rules requiring a bonded spirits warehouse to be physically secure, zoned for the intended use, and physically separated from any other use.

(8) The operator or licensee operating a bonded spirits warehouse must submit to the board a monthly report of movement of bulk or barreled spirits to and from a bonded spirits warehouse in a form prescribed by the board. The board may adopt other necessary procedures by which bonded spirits warehouses are licensed and regulated.

The board must by rule provide for issuance of certificates of approval to spirits suppliers. An industry member operating as a distributor and/or retailer under this section must comply with the applicable laws and rules relating to distributors and/or retailers, except that an industry member operating as a distributor under this section may maintain a warehouse off the distillery premises for the distribution of bottled spirits of its own production to spirits retailers within the state, if the warehouse is within the United States and has been approved by the board."

defined in RCW 7.48.310(4) or in performing agricultural activities as defined in RCW 7.48.310(1), employers may elect to pursue one of the two following remedies:

(i) The employer may make payments, including interest at the rate of twelve percent per annum from the date the payments were due, to each of its employees for previously uncompensated or undercompensated break times or rest and recovery periods for the prior three years from the effective date of this section; or

(ii) The employer may pay each employee an amount equal to four and thirty-five one-hundredths percent of the employee's gross earnings, including interest at the rate of twelve percent per annum from the date the wages were due to the employee, for work performed on a production basis or piece work basis during the three-year period prior to the effective date of this section, less the amounts previously and separately paid to that employee for break times or rest and recovery periods, if any.

(b) Employers must make reasonable and good faith efforts to locate and pay employees the amounts required under this section, and if after reasonable and good faith efforts, employers are unable to locate any employees entitled to the payments described in (a) of this subsection, employers must pay the amounts due the employees under (a) of this subsection to the department of labor and industries, with the supporting records of the employees entitled to this compensation, which, if paid, shall have the same effect as though the compensation was paid to the employees entitled to that compensation and shall satisfy the remedies under (a) of this subsection as to those employees.

(i) Funds collected under this subsection (1)(b) must be held in a separate trust on behalf of agricultural employees. The department of labor and industries shall act as trustee and administrator of such trust and shall establish a system for tracking, locating, and paying out funds to these employees. The department may contract with a nonprofit entity in Washington state to achieve the purposes of this section.

(2) Employers that have paid the compensation as provided in subsection (1) of this section by January 1, 2018, shall not be held liable for any claim or cause of action arising under this chapter or chapter 49.52 RCW, based solely upon the employer's failure to timely pay the employee compensation for break times or rest and recovery periods during the three-year period prior to the effective date of this section.

(3) An employer who makes a reasonable and good faith effort to pay the compensation as provided in subsection (1) of this section, but who solely through good faith error fails to make a payment to one or more employees shall not be held liable for any claim or cause of action arising under this chapter or chapter 49.52 RCW, based solely upon the employer's failure to timely pay the employee compensation for break times or rest and recovery periods during the three-year period prior to the effective date of this section, if the employer, within thirty days of discovery or notice of the error, pays the compensation as described in subsection (1) of this section to the employee.

FIFTY FOURTH DAY, MARCH 3, 2017

2017 REGULAR SESSION

MOTION

Senator Brown moved that the following floor striking amendment no. 93 by Senator Brown be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 16. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Business licensing service," "business licensing system," and "business license" have the same meaning as in RCW 19.02.020.

(2) "City" means a city, town, or code city.

(3) "Department" means the department of revenue.

(4) "General business license" means a license, not including a regulatory license or a temporary license, that a city requires all or most businesses to obtain to conduct business within that city.

(5) "Partner" means the relationship between a city and the department under which general business licenses are issued and renewed through the business licensing service in accordance with chapter 19.02 RCW.

(6) "Regulatory business license" means a license, other than a general business license, required for certain types of businesses that a city has determined warrants additional regulation, such as taxicab or other for-hire vehicle operators, adult entertainment businesses, amusement device operators, massage parlors, debt collectors, door-to-door sales persons, trade-show operators, and home-based businesses.

NEW SECTION. Sec. 17. (1) Except as otherwise provided in subsection (7) of this section, a city that requires a general business license of any person that engages in business activities within that city must partner with the department to have such license issued, and renewed if the city requires renewal, through the business licensing service in accordance with chapter 19.02 RCW.

(a) Except as otherwise provided in subsection (3) of this section, the department must phase in the issuance and renewal of general business licenses of cities that required a general business license as of July 1, 2017, and by December 31, 2022, if specific funding for the purposes of this section is appropriated by June 30, 2017, in the omnibus appropriations act.

(b) A city that imposes a general business license requirement and does not partner with the department as of January 1, 2018, may continue to issue and renew its general business licenses until the city partners with the department as provided in subsection (4) of this section.

(2)(a) A city that did not require a general business license as of July 1, 2017, but imposes a new general business license requirement after that date must advise the department in writing of its intent to do so at least ninety days before the requirement takes effect.

(b) If a city subject to (a) of this subsection (2) imposes a new general business license requirement after July 1, 2017, the department, in its sole discretion, may adjust resources to partner with the imposing city as of the date that the new general business licensing requirement takes effect, except as otherwise provided in subsection (7) of this section. If the department cannot reallocate resources, the city may issue and renew its general business license until the department is able to partner with the city.

(3) The department may delay assuming the duties of issuing and renewing general business licenses beyond the dates provided in subsection (1)(a) of this section if:

(a) Insufficient funds are appropriated for this specific purpose;

(b) The department cannot ensure the business licensing system is adequately prepared to handle all general business licenses due to unforeseen circumstances;

(c) The department determines that a delay is necessary to ensure that the transition to mandatory department issuance and renewal of general business licenses is as seamless as possible; or

(d) The city legislative body determines partnering with the department creates an undue hardship because the city lacks the fiscal or technical ability.

(4)(a) In consultation with affected cities and in accordance with the priorities established in subsection (5) of this section, the department must establish a biennial plan for partnering with cities to assume the issuance and renewal of general business licenses as required by this section. The plan must identify the cities that the department will partner with and the dates targeted for the department to assume the duties of issuing and renewing general business licenses.

(b) By January 1, 2018, and January 1st of each even-numbered year thereafter, the department must submit the partnering plan required in (a) of this subsection (4) to the governor; legislative fiscal committees; house local government committee; senate agriculture, water, trade and economic development committee; senate local government committee; affected cities; association of Washington cities; association of Washington business; national federation of independent business; and Washington retail association.

(c) The department may, in its sole discretion, alter the plan required in (a) of this subsection (4) with a minimum notice of thirty days to affected cities.

(5) When determining the plan to partner with cities for the issuance and renewal of general business licenses as required in subsection (4) of this section, cities that notified the department of their wish to partner with the department before January 1, 2017, must be allowed to partner before other cities.

(6) A city that partners with the department for the issuance and renewal of general business licenses through the business licensing service in accordance with chapter 19.02 RCW may not issue and renew those licenses.

(7) A city may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if:

(a) The city participates in the online local business license and tax filing portal known as "FileLocal" as of July 1, 2020. For the purposes of this subsection (7)(a), a city is considered to be a FileLocal participant as of the date that a business may access FileLocal for purposes of applying for or renewing that city's general business license and reporting and paying that city's local business and occupation taxes. A city that ceases participation in FileLocal after July 1, 2020, must partner with the department for the issuance and renewal of its general business license as provided in subsection (1) of this section;

(b) The city determines that partnering with the department would cause an undue hardship. A city that declines to partner with the department for the issuance and renewal of its general business license as provided in this subsection must provide written notice to the department within sixty days of the date that a city appears on the department's biennial partnering plan or receives notice that the partnering plan has been amended as provided in subsection (4) of this section. Such written notice must include an explanation of the nature of the hardship. Hardship may include, but is not limited to, lack of fiscal or technical ability to participate in the partnering process as determined by the city legislative body, lack of support from the

city legislative authority to become a partner, preference for a local system based on local circumstances or conditions, or other hardships identified by the city; or

(c) The city, after partnering with the department for a minimum of one year, determines that continuing to partner with the department creates an undue hardship. A city that partners with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section may terminate partnering with the department. The city must provide written notice to the department of its reasons for terminating the partnership at least sixty days before termination.

(8) By January 1, 2019, and each January 1st thereafter through January 1, 2028, the department must submit a progress report to the governor; legislative fiscal committees; house local government committee; senate agriculture, water, trade and economic development committee; senate local government committee; association of Washington cities; association of Washington business; national federation of independent business; and Washington retail association. The report required by this subsection must provide information about the progress of the department's efforts to partner with all cities that impose a general business license requirement and include:

(a) A list of cities that have partnered with the department as required in subsection (1) of this section;

(b) A list of cities that have not partnered with the department;

(c) A list of cities that are scheduled to partner with the department during the upcoming calendar year;

(d) A list of cities that have declined to partner with the department as provided in subsection (7) of this section;

(e) An explanation of lessons learned and any process efficiencies incorporated by the department;

(f) Any recommendations to further simplify the issuance and renewal of general business licenses by the department; and

(g) Any other information the department considers relevant.

NEW SECTION. Sec. 18. (1) A general business license that must be issued and renewed through the business licensing service in accordance with chapter 19.02 RCW is subject to the provisions of this section.

(2)(a) A city has broad authority to impose a fee structure as provided by RCW 35.22.280, 35.23.440, and 35A.82.020. However, any fee structure selected by a city must be within the department's technical ability to administer. The department has the sole discretion to determine if it can administer a city's fee structure.

(b) If the department is unable to administer a city's fee structure, the city must work with the department to adopt a fee structure that is administrable by the department.

(3) A general business license may not be renewed more frequently than once per year except that the department may require a more frequent renewal date as may be necessary to synchronize the renewal date for the general business license with the business's business license expiration date.

(4) The business licensing system need not accommodate any monetary penalty imposed by a city for failing to obtain or renew a general business license. The penalty imposed in RCW 19.02.085 applies to general business licenses that are not renewed by their expiration date.

(5) The department may refuse to administer any provision of a city business license ordinance that is inconsistent with this chapter.

NEW SECTION. Sec. 19. The department is not authorized to enforce a city's licensing laws except to the extent of issuing or renewing a license in accordance with this chapter and chapter 19.02 RCW or refusing to issue a license due to an incomplete application, nonpayment of the appropriate fees as

indicated by the license application or renewal application, or the nonpayment of any applicable penalty for late renewal.

NEW SECTION. Sec. 20. Cities whose general business licenses are issued through the business licensing system retain the authority to set license fees, provide exemptions and thresholds for these licenses, approve or deny license applicants, and take appropriate administrative actions against licensees.

NEW SECTION. Sec. 21. Cities may not require a person to obtain or renew a general business license unless the person engages in business within its respective city. For the purposes of this section, a person may not be considered to be engaging in business within a city unless the person is subject to the taxing jurisdiction of a city under the standards established for interstate commerce under the commerce clause of the United States Constitution.

NEW SECTION. Sec. 22. A general business license change enacted by a city whose general business license is issued through the business licensing system takes effect no sooner than seventy-five days after the department receives notice of the change if the change affects in any way who must obtain a license, who is exempt from obtaining a license, or the amount or method of determining any fee for the issuance or renewal of a license.

NEW SECTION. Sec. 23. (1)(a) The cities, working through the association of Washington cities, must form a model ordinance development committee made up of a representative sampling of cities that impose a general business license requirement. This committee must work through the association of Washington cities to adopt a model ordinance on general business license requirements by July 1, 2018. The model ordinance and subsequent amendments developed by the committee must be adopted using a process that includes opportunity for substantial input from business stakeholders and other members of the public. Input must be solicited from statewide business associations and from local chambers of commerce and downtown business associations in cities that require a person that conducts business in the city to obtain a general business license.

(b) The department, association of Washington cities, and municipal research and services center must post copies of, or links to, the model ordinance on their internet web sites. Additionally, a city that imposes a general business license requirement must make copies of its general business license ordinance or ordinances available for inspection and copying as provided in chapter 42.56 RCW.

(c) The definitions in the model ordinance may not be amended more frequently than once every four years, except that the model ordinance may be amended at any time to comply with changes in state law or court decisions. Any amendment to a mandatory provision of the model ordinance must be adopted with the same effective date by all cities.

(2) A city that imposes a general business license requirement must adopt the mandatory provisions of the model ordinance by January 1, 2019. The following provisions are mandatory:

(a) A definition of "engaging in business within the city" for purposes of delineating the circumstances under which a general business license is required;

(b) A uniform minimum licensing threshold under which a person would be relieved of the requirement to obtain a city's general business license. A city retains the authority to create a higher threshold for the requirement to obtain a general business license but must not deviate lower than the level required by the model ordinance.

(3)(a) A city may require a person that is under the uniform minimum licensing threshold as provided in subsection (2) of this section to obtain a city registration with no fee due to the city.

(b) A city that requires a city registration as provided in (a) of this subsection must partner with the department to have such registration issued through the business licensing service in accordance with chapter 19.02 RCW. This subsection (3)(b) does not apply to a city that is excluded from the requirement to partner with the department for the issuance and renewal of general business licenses as provided in section 2 of this act.

NEW SECTION. Sec. 24. Cities that impose a general business license must adopt the mandatory provisions of the model ordinance as provided in section 8 of this act by January 1, 2019. A city that has not complied with the requirements of this section by January 1, 2019, may not enforce its general business licensing requirements on any person until the date that the mandatory provisions of the model ordinance take effect within the city.

NEW SECTION. Sec. 25. Cities must coordinate with the association of Washington cities to submit a report to the governor; legislative fiscal committees; house local government committee; and the senate agriculture, water, trade and economic development committee by January 1, 2019. The report must:

- (1) Provide information about the model ordinance adopted by the cities as required in section 8 of this act;
- (2) Identify cities that have and have not adopted the mandatory provisions of the model ordinance; and
- (3) Incorporate comments from statewide business organizations concerning the process and substance of the model ordinance. Statewide business organizations must be allowed thirty days to submit comments for inclusion in the report.

NEW SECTION. Sec. 26. (1) The legislature directs cities, towns, and identified business organizations to partner in recommending changes to simplify the two factor apportionment formula provided in RCW 35.102.130.

(2)(a) The local business and occupation tax apportionment task force is established. The task force must consist of the following seven representatives:

(i) Three voting representatives selected by the association of Washington cities that are tax managers representing municipalities that impose a local business and occupation tax, including at least one jurisdiction that has performed an audit where apportionment errors were discovered.

(ii) Three voting representatives selected by the association of Washington business, including at least one tax practitioner or legal counsel with experience representing business clients during municipal audits that involved apportionment errors or disputes.

(iii) One nonvoting representative from the department of revenue.

(b) The task force may seek input or collaborate with other parties, as it deems necessary. The department of revenue must serve as the task force chair and must staff the task force.

(c) Beginning in the first month following the effective date of this section, the task force must meet no less frequently than once per month until it reports to the legislature as provided under subsection (3) of this section.

(3) By October 31, 2018, the task force established in subsection (2) of this section must prepare a report to the legislature to recommend changes to RCW 35.102.130 and related sections, as needed, to develop a method for assigning gross receipts to a local jurisdiction using a market-based model. The task force must focus on methods that rely on information typically available in commercial transaction receipts and captured by common business recordkeeping systems.

(4) The task force terminates January 1, 2019, unless legislation is enacted to extend such termination date.

NEW SECTION. Sec. 27. Sections 1 through 10 of this act constitute a new chapter in Title 35 RCW."

On page 1, line 3 of the title, after "licenses;" strike the remainder of the title and insert "adding a new chapter to Title 35 RCW; and creating a new section."

What is the motivation for the same day registration for a primary that you presumably don't even want?"

Senator Hunt: "Thank you Senator Baumgartner. Hating to speak for our new party chair, but I personally favor a presidential primary. I have all along and will discuss this a little more when we discuss the main bill as to how we can get both parties to a presidential primary. I certainly think that is the way to go."

MOTION

On motion of Senator Fain, the Senate advanced to the sixth order of business.

PERSONAL PRIVILEGE

Senator Carlyle: “Thank you so much Mr. President. The institution of government in this Chamber and across the hall lost a great giant this morning and it is my sad duty to share with you Mr. President that former Representative Helen Sommers, who served the 36th District for thirty-six years passed away this morning. In 2008, when I had the extraordinary honor of being elected by the people of the 36th District to succeed Representative Sommers, it was an extraordinarily meaningful opportunity to learn about government, to learn about higher education, to learn about public policy at a whole different level and she represented the best of our representative democracy. She was the first woman elected in 1972 from our district, from an area that was an extremely competitive area and just had an extraordinary career spanning 36 years. She served in the House as Chair of the Appropriations Committee for many, many years and I think all of us can recognize that the state, for example of our pension system is among the strongest in the nation today because of her incredible singular focus on the core integrity of the financial wherewithal of that system. I think we can also recognize that she had a special place in her heart for higher education, the University of Washington, and so many other institutions and played just an extraordinary role. So, it is just a deep personal honor on behalf of the people of the 36th Legislative District, on behalf of the 7 million people of our state, on behalf of women’s voices, on behalf of so many people that she represented on so many different levels to bring just an incredible sense of personal conviction, the integrity of public service, the integrity of public policy, and I just want to honor her on this day and show my appreciation to this institution and the institution that she served directly for so many years. And it is very meaningful to me to have the opportunity to succeed her and I encourage all of my colleagues when they have some time to read the oral history that she shared with us through the Secretary of State’s Office. It is a fabulous read that really goes through our latest history. Thank you Mr. President and I ask that you join us in recognizing her service.”

PERSONAL PRIVILEGE

Senator Sheldon: “Thank you Mr. President. It is sad to hear and I am glad that Senator Carlyle brought us that news, although it is so sad. I had the opportunity to serve with Representative Sommers in the Democratic Caucus for many years in the House of Representatives. What an outstanding Representative she was. She brought a degree in economics, and she was very concerned about all the citizens of Washington. Incidentally she owned an apartment house in Shelton and one time there was a fire at that apartment house and it was a pretty big loss and so we worked together on some of the insurance

issues and she was a very good business person because she had those business principals that she brought to Olympia and applied in everything she did and all the budgets that we went through in the House in those days. So it is a big loss. I have just incredible memories of her and her outstanding will and personality and she was a force here in Olympia for many many years and will be sadly missed. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Conway: “I also rise here saddened by the news of losing Helen. Helen was a very special person, leading the House for many years. I was one of her ‘pension nerds’. There was a group of us who were called her pension nerds because I will let you know that not many people understood pensions in the 1970s and 1980s and even into the 1990s. The pension world was so complicated, the funding of pensions was so complicated that there were very few people that actually understood how to fund our pension system and Helen gathered those who were willing to take the time to try and understand our pension system and to really work at ensuring that we fund the system properly. And recognizing that this isn’t something that should be taken lightly. In fact, Helen was responsible for many of the institutions of our pension system. But I think you know Helen was also so deeply committed to higher education. I can’t tell you the times that I served on the Ways & Means, I mean the Appropriations Committee in the House for many years, I can’t tell you how many times she fought over ensuring that there was appropriate funding for higher ed in these budgets because sometimes we run away from higher ed institutions and they come secondary in our funding schemes. And Helen, Helen worked very hard to ensure that the House at that time recognize the importance of funding higher ed. You know I know a lot of the personal stories here and I don’t think they are all in the memoir, because there were some interesting tensions that went on, but Helen was a very sincere person. She spoke her mind. She wasn’t one to hide behind politics. She was one who told you exactly where she was at and exactly what she wanted to see happen. And you know losing her is a real loss to our state, I mean I really mean that. This is one of the great leaders of our state in the late part of the last century and I am saddened to hear this news and I am hoping we can, as a state, find a fitting way to honor her. Thank you.”

PERSONAL PRIVILEGE

Senator Bailey: “You know there are some people that really get your attention. Helen was definitely one of those individuals. When I first came to the Legislature in the House, there was one person that I valued their opinion on things and that was Helen Sommers. In trying to learn the ins and outs of Ways & Means, actually we called it Appropriations at that time, I did find that there was a place there that I was really drawn to and that was our state pension system. The good gentleman that just spoke talked about that. He and I worked very hard to continue to make sure that we have viable pension systems. And even the time when we are not in session he and I have been working on pensions for some time. Helen was one of those people though, that if you really wanted to know where everything, as they say, ‘Where the skeletons are,’ Helen is the one that you would go and talk with. My seatmate at that time was a gentleman by the name of Barry Sehlin. And Barry was Chair of Appropriations, or actually the Minority Chair, and Barry had absolutely wonderful things to say about Helen in trying to train me in the House about how Appropriations worked. And I just remember

the unique relationship that Barry Sehlin and Helen Sommers had and it was so impressive to see how two people could work together productively but yet still have their own separate interests and ways of thinking about things but yet come together in the end. It was very impressive. It had a lasting impression upon me. I really feel as though this state has had an incredible loss. Thank you.”

PERSONAL PRIVILEGE

Senator Keiser: “Well, I too, was fortunate enough to be trained by Helen Sommers in the Appropriations Committee, and it was great training. And one of the things I learned from her was that it is really hard to be in a position, like Chair of an appropriations committee or other important financial committees, and not get really beat up. And she was one tough woman. She had to be. I remember one of her campaigns, her slogan was ‘unbought and unbowed’. So that sort of gave you a flavor of her attitude. And she was firm, and there is no other word for it. One of the best things she ever did for our state besides invest in higher education facilities and institutions was to make sure we have the most well-financed and stable pension system in the entire country. We owe Helen Sommers and she has given us a great legacy.”

PERSONAL PRIVILEGE

Senator Rossi: “Mr. President, there are many people on this floor who will never know Helen Sommers. There are many people on this floor and maybe watching now that never had the privilege of working with her. But when I was Chairman of the Senate Ways & Means Committee, she was my counterpart in the House. And my wife started asking questions, ‘Who is this woman in the House you are spending so much time with?’ Well it was Helen Sommers and she would tell me stories. Some of the stories about the difficult times when it is easy for legislators to add things to the pension system because they know it is not going to show up in the next election or even the election after that. But it is going to snowball and be something large in the future and she explained to me she was in the forefront. Why do you think you have a PERS 2? Why do you think you have a TERS 2? Why do you think you have these pension systems? Because they had to stop them, and she told me how difficult it was. She was very pragmatic and that got her sideways sometimes with her caucus. The state has lost a great public servant, a great public servant. And I am honored to stand here and tell you that, especially those of you who have never met her or will never have a chance to know her. She truly was one of the best ones we had down here. Thank you.”

PERSONAL PRIVILEGE

Senator Walsh: “I knew her for a lot of years too and I was always intrigued by her. When I first got here everyone used to call her Dr. Spock. And I always thought that was so funny but, as you got to know her, and you saw her very stoic nature and she always looked very serious. As a freshman in the House I was appointed to the Appropriations Committee and I just made it my goal everyday to crack a smile out of that woman. And she was so serious and she took her job so completely seriously and she did it with such incredible class. And frankly I come from a line of great women who have represented my district, one of them, the first President of the Senate, for example, but I have to tell you my admiration for Helen Sommers was very very deep.

That was a strong and brilliant woman, and I looked up to her and admired her greatly, but I did like to make her laugh. And I remember her flying over to Kennewick because there was this great little program about reading to your kids for twenty minutes a day that she was very intrigued with. And actually flew over and went and we toured the district, and went and talked with the Kennewick School District. Just had a great time. She loved the fact that eastern Washington, the ice age had gone through and left these incredible formations on the ground. And she used to love to fly above that and see that. And we used to talk about things like that. And the last trip I had with her I went and visited the Fircrest and Lakewood, the other DD (developmentally disabled) facility here on the west side. And she asked me, she said, ‘Oh, just come with me. We’ll drive together.’ Bad mistake! She was a terrible driver. And when I got done with that trip I almost had whiplash. But you know it was such an incredible honor for me to be able to travel with her and have that little chit-chatty discussion and just feel like I was her friend. And anyway, I just admired her greatly and so I am glad we’re honoring a great woman today especially in light of the fact that this is the week of women, or tomorrow is the day for women. She certainly rises high in the class of great women. I admired her.”

EDITOR’S NOTE: Senator Jeanette Haynes, 16th Legislative District, was the first female Senate Majority Leader.

PERSONAL PRIVILEGE

Senator Hunt: “Well, I had the honor of working with Helen Sommers as an agency person and as a legislator. In the late 1990s we had some, actually early 1990s, we had some major problems with computer projects. And it was my job at my agency to help draft some bill to try to deal with that and we tried to dot every i and cross every t. It turned out to be a very specific bill because everybody had to have his or her buyoff. We brought it in to Helen Sommers. She called me later and she said ‘I had to give that to staff. Don’t ever bring me a bill like that again. It is too specific.’ She looked down her glasses at me and put the fear of God into me. It was amazing. But I also had the honor of having my brother-in-law serve as her campaign treasurer for years. So we worked with her on that end. And finally when I got on the Appropriations Committee I was sitting there one day and a person from the Burke Museum came in with a box of bones and things and the member sitting next to me who was a new member said ‘Oh God, what is this? Why do we have to do this?’” And I said ‘Well, Representative, the Burke Museum is probably Helen Sommers’ favorite state agency and we are going to learn about it today.’ He looked at me and said ‘Oh good, whatever she wants’. That was Helen.”

PERSONAL PRIVILEGE

Senator Chase: “Thank you Mr. President. You know I first met Helen Sommers in 1968 when she came to Seattle after serving fourteen years in South America for Mobil Oil. She became a student at the University of Washington and got a Bachelor’s Degree and a Master’s Degree in Economics. But more than that, she was the second President of the National Organization of Women in Seattle/King County. And the following year she became the first statewide President for NOW. She also was very active in the League of Women Voters, becoming their President in 1971. She worked at Seattle/King County government. When she first ran for office she took time

off to campaign, took a leave of absence. And that was in 1972, often it is called the Year of the Woman. And I had hoped to be able to talk about Helen and her feminist views tomorrow on International Women's Day but I think it is appropriate for us remember the great contributions she made to women. She classified herself as an outspoken feminist, and that she was. We will indeed miss her but we will remember her in spirit. Thank you Mr. President."

PERSONAL PRIVILEGE

Senator Darneille: "Thank you Mr. President. I am very saddened by this news today. When I was a freshman in the other body, that was the year of the earthquake, and for those of you who knew Helen, nothing would deter her. She was short in stature, quick in movement, and I can remember very distinctly as we were heading into the floor of the new House, which was Hearing Room A, became the new House of Representatives after the earthquake. And her racing up behind me and saying to me that I had singularly asked for more money in the budget than any other legislator. And, Senator Braun's not listening to me right now, but that has not changed. But what I said to her was that I was an old development officer and the number one rule in development is 'If you don't ask, you don't get' to which I got my first hearty laugh out of her. I really recognized over those next few years how courageous she was because she didn't mind changing her view and I really saw this. Senator Walsh referred to it a moment ago, about going to Kennewick, but part of her discovery about brain science and early childhood education really caused a real change in attitude and commitment that Representative Sommers had to funding important programs that made real impacts on our state. As many of you know, most of us are House trained, but over there we don't have to be present to vote all the time. You have neighbors who can push a button for you and when she was negotiating the budget she was off the floor. And when she was learning about budget proposals from agencies she was off the floor. Not far off the floor but I sat in front of her on the floor and it was just miraculous that we had an identical voting record."

REMARKS BY THE PRESIDENT

President Habib: "Thank you, the President would like to speak on behalf of the Senate in giving our collective condolences to the Sommers family, recognizing and honoring Representative Sommers' tradition of work, the budgets she sculpted, the lives that she touched through those budgets her hard work and her mentorship to particularly women, but legislators in both parties, both chambers, of both genders and one final remark is that it is often easy for the media to cover our disagreements, our petty moments in this body but I hope that they give just as much credence and recognition to these moments when we come together in a bipartisan, even bicameral way to recognize those who have come before and the work that has been done together. I know it is not as newsworthy as the stories about a petty swipe here or there but I hope that the public takes notice of that important work that we all do. That being said let's begin that work today."

MOTION

Senator Rivers moved that the following floor amendment no. 96 to floor striking amendment no. 95 by Senator Rivers be adopted:

On page 27, after line 23 of the amendment, insert the following:

"NEW SECTION. Sec. 14. The legislature finds that protecting the state's children, youth, and young adults under the legal age to purchase and consume marijuana, by establishing limited restrictions on the advertising of marijuana and marijuana products, is necessary to assist the state's efforts to discourage and prevent underage consumption and the potential risks associated with underage consumption. The legislature finds that these restrictions assist the state in maintaining a strong and effective regulatory and enforcement system as specified by the federal government. The legislature finds this act leaves ample opportunities for licensed marijuana businesses to market their products to those who are of legal age to purchase them, without infringing on the free speech rights of business owners. Finally, the legislature finds that the state has a substantial and compelling interest in enacting this act aimed at protecting Washington's children, youth, and young adults.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 17. A new section is added to chapter 43.330 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Home" means a single-family residential structure.

(2) "Home rehabilitation" means residential repairs and improvements that address health, safety, and durability issues in existing housing in rural areas.

(3) "Homeowner" means a person who owns and resides permanently in the home the person occupies.

(4) "Low-income" means persons or households with income at or below two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

(5) "Rehabilitation agency" means any approved department grantee, tribal nation, or any public service company, municipality, public utility district, mutual or cooperative, or other entity that bears the responsibility for rehabilitating residences under this chapter and has been approved by the department.

(6) "Rural areas" means areas of Washington state defined as non-entitlement areas by the United States department of housing and urban development.

NEW SECTION. Sec. 18. A new section is added to chapter 43.330 RCW to read as follows:

(1) Subject to availability of amounts appropriated for this specific purpose, the low-income home rehabilitation revolving loan program is created within the department.

(2) The program must include the following elements:

(a) Eligible homeowners must be low-income and live in rural areas.

(b) Homeowners who are senior citizens, persons with disabilities, families with children five years old and younger, and veterans must receive priority for loans.

(c) The cost of the home rehabilitation must be the lesser of eighty percent of the assessed value of the property post rehabilitation or forty thousand dollars.

(d) The maximum amount that may be loaned under this program may not exceed the cost of the home rehabilitation as provided in (c) of this subsection.

(e) The interest rate of the loan must be equal to the previous calendar year's annual average consumer price index compiled by the bureau of labor statistics, United States department of labor.

(f) The department must allow participating homeowners to defer repayment of the loan principal and interest and any fees related to the administration or issuance of the loan. Any amounts deferred pursuant to this section becomes a lien in favor of the state and is secondary in rank over all other privileges, liens, monetary encumbrances, or other security interests affecting the real property, whenever incurred, filed, or recorded, except for local and special district property tax assessments. The department must take such necessary action to file and perfect the state's lien. All amounts due under the loan become due and payable upon the sale of the home or upon change in ownership of the home.

(3) All moneys from repayments must be deposited into the low-income home rehabilitation revolving loan program account created in section 4 of this act.

(4) The department must adopt rules for implementation of this program.

NEW SECTION. Sec. 19. A new section is added to chapter 43.330 RCW to read as follows:

(2) Any rehabilitation agency may charge participating homeowners an administrative fee of no more than seven percent of the home rehabilitation loan amount. The administrative fee must become a component of the total loan amount to be repaid by the participating homeowner.

(3) Any rehabilitation agency receiving funding under this section must report to the department at least quarterly, or in alignment with federal reporting, whichever is the greater frequency, the project costs and the number of homes repaired or rehabilitated. The director must review the accuracy of these reports.

NEW SECTION. Sec. 20. A new section is added to chapter 43.330 RCW to read as follows:

The low-income home rehabilitation revolving loan program account is created in the custody of the state treasury. All transfers and appropriations by the legislature, repayments of loans, private contributions, and all other sources must be deposited into the account. Expenditures from the account may be used only for the purposes of the low-income home rehabilitation revolving loan program created in section 2 of this act. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) All income received from investment of the treasurer's trust fund must be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. Senator Rossi spoke against adoption of the amendment.

POINT OF ORDER

Senator Liias: "Thank you Mr. President. I appreciate Senator Rossi has raised an interesting question and as I drafted the amendment I hadn't considered that it might be outside the scope. So I don't necessarily have an advocacy position, but I think it would be interesting to hear from you whether this amendment is within the scope and object of the bill? And since you are enforcing our rules, I want to make sure we follow our rules and I look forward to hearing what you decide."

REMARKS BY SENATOR FAIN

Senator Fain: "Mr. President, I think Senator Liias has spoken enough for both of us and for the whole night."

RULING BY THE PRESIDENT

President Habib: "In ruling upon the point of order raised by Senator Liias on the scope and object of Substitute Senate Bill 5533, the President finds and rules as follows:

Substitute Senate Bill 5533 prohibits entities who collectively bargain with the governor from making campaign contributions in support of or opposition to a gubernatorial candidate. The scope of the bill – defining collective bargaining and prohibiting

gubernatorial campaign expenditures from entities who collectively bargain with the governor – is narrow and specific. However, the object, or aim of the bill appears to be broader. Its purpose is to prevent a ‘pay to play’ scenario.

The amendment prohibits campaign contributions by anyone having business before an agency headed by any statewide elected executive officer, and prohibits the receipt of contributions by those agency heads.

This seems to fit within the bill’s object to prevent ‘pay to play;’ however, by adding other individuals and entities who do not engage in collective bargaining to the list of those who are prohibited from contributing to certain campaigns, and by adding campaigns other than gubernatorial campaigns to the list of those prohibited from receiving contributions from certain entities, the amendment exceeds the scope of the bill.

The President would like to take this opportunity to remind the members that it is much more difficult to find an amendment within the scope and object of a bill if the bill is drafted narrowly. For example, if this bill had provided three groups who were prohibited from contributing or receiving contributions, the addition of another group would likely have been within the scope, as one could then define the scope more broadly as a bill about who may make and receive campaign contributions.

For these reasons, the President finds that the amendment would change the scope of the bill, and the amendment is therefore out of order.”

MOTION

Senator Ranker moved that the following floor amendment no. 112 by Senator Ranker be adopted:

On page 16, line 14, after "governor" insert ". state office, or legislative office"

On page 16, line 18, after "governor" insert ". state office, or legislative office."

On page 16, line 19, after "governor" insert ". state office, or legislative office"

On page 1, line 2 of the title, strike "gubernatorial"

POINT OF ORDER

Senator Fain: “Thank you Mr. President. It is my belief that Senator Liias believes that this is out of scope, asking for a ruling.”

REMARKS BY THE PRESIDENT

President Habib: “Senator Fain, did you want to make a statement?”

REMARKS BY SENATOR FAIN

Senator Fain: “Thank you Mr. President. In keeping with your previous ruling on the matter, I believe that this is consistent and applies to offices outside the Office of the Governor.”

REMARKS BY SENATOR RANKER

Senator Ranker: “Thank you Mr. President. Not only do I find that it could be out of scope, but I find that I could be out of order. So, the subject of the underlying Senate Bill No. 5533 is broadly related to the regulation of contributions that can be made and this amendment simply says that if we are going to do this

with the Governor then we should do this with ourselves. The Legislature and all other elected officials should be having to go through the same sort of scrutiny and this is such an amusing debate that we should just stop right there.”

REMARKS BY THE PRESIDENT

President Habib: “You remained in order for nearly the entire time, Senator Ranker.”

REMARKS BY SENATOR RANKER

Senator Ranker: “One last thing, your previous ruling was quite confusing, I would strongly suggest that in the future you do not do verbal rulings but actually take the time to write them out for us.”

REPLY BY THE PRESIDENT

President Habib: “If you would like Senator Ranker, we could have everything written down for you to understand.”

RULING BY THE PRESIDENT

President Habib: “Consistent with the President’s ruling in respect to the previous amendment, this proposed amendment is within the object of the underlying bill but not within its scope.”

The Point of Order by Senator Fain was well taken and floor amendment no. 112 by Senator Ranker was ruled out of order.

MOTION

Senator Liias moved that the following floor amendment no. 114 by Senator Liias be adopted:

On page 16, line 14, after "governor" insert "or any other office in the line of succession under Article III, section 10 of the state Constitution"

On page 16, line 19, after "governor" insert "or any other office in the line of succession under Article III, section 10 of the state Constitution"

On page 1, line 2 of the title, after "for" strike "gubernatorial" and insert "certain statewide"

POINT OF ORDER

Senator Fain: “Thank you Mr. President. I believe consistent with previous rulings that this particular amendment may be out of scope.”

REMARKS BY SENATOR LIIAS

Senator Liias: “Thank you Mr. President. In your previous ruling you said that my previous amendment was within the object of the bill but not the scope because it addressed other relationships. This amendment addresses people that may be acting as Governor, so I believe that that is still more narrowly focused on the Governor and his relationships. And so I do have a question as to, because this amendment is more narrowly targeted, whether you believe that it falls, or you find that it falls within the scope of the underlying bill? So, I look forward to finding out the answer.”

RULING BY THE PRESIDENT

President Habib: "I am going to give a little more explanation this time. The President finds that in keeping consistent with my previous rulings on this bill, Senator Liias' amendment is within the object but not within the scope of the underlying bill. And to be clear, by the scope of the bill, I am referring to the nexus between collective bargaining units and the Governor, and so to be clear if there were a dynamic where a collective bargaining unit were negotiating with another executive office holder on labor contracts that would be arguably fall closer within scope or possibly within the scope, but that is not the nature of this amendment, therefore it is within the object but not the scope of the underlying bill."

The Point of Order by Senator Fain was well taken and floor amendment no. 114 by Senator Liias was ruled out of order.

MOTION

Senator Billig moved that the following floor amendment no. 118 by Senator Billig be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 22. The legislature finds that the public has the right to know who is contributing to election campaigns in Washington state and that campaign finance disclosure deters corruption, increases public confidence in Washington state elections, and strengthens representative democracy.

The legislature finds that campaign finance disclosure is overwhelmingly supported by the citizens of Washington state as evidenced by the two initiatives that largely established Washington's current campaign finance system. Both passed with over seventy-two percent of the popular vote, as well as winning margins in every county in the state.

The legislature finds that nonprofit organizations are increasingly engaging in campaign activities in Washington state and across the country, including taking a more active role in contributing to candidate and ballot proposition campaigns. In some cases, these activities are occurring without adequate public disclosure due to loopholes in campaign finance regulations.

The legislature finds that nonprofit organizations may form political committees using the funds contributed only by those members wishing to further the organization's campaign activity. However, many members of nonprofit organizations wish to use the provisions of current law to anonymously contribute to campaign activity, frustrating the purposes of public disclosure laws.

Therefore, the legislature intends to increase transparency and accountability, deter corruption, and strengthen confidence in the election process by closing campaign finance disclosure loopholes and requiring the disclosure of contributions and expenditures by nonprofit organizations that participate significantly in Washington state elections.

NEW SECTION. Sec. 23. This act may be known and cited as the democracy is strengthened by casting light on spending in elections act of 2017 or the Washington state DISCLOSE act of 2017.

On page 1, line 1 of the title, after "Relating to" strike the remainder of the title and insert "increasing transparency of contributions by creating the Washington state DISCLOSE act of 2017; amending RCW 42.17A.235 and 42.17A.240; reenacting and amending RCW 42.17A.005; adding new sections to chapter 42.17A RCW; and creating new sections.

POINT OF ORDER

Senator Fain: "Thank you Mr. President. In keeping with your previous rulings about the scope and object, we believe this is outside the scope. Additionally, this is a piece of legislation that was in a separate bill and before this chamber. Another indication that it may be outside the scope of the underlying bill."

REMARKS BY SENATOR BILLIG

Senator Billig: “Thank you Mr. President. Well I believe the striking amendment is well within the scope and object of the underlying bill. Senate Bill No. 5533 is broadly related to our campaign finance laws, the restrictions contained within those laws, and how campaign contributions can influence and impact our election. The underlying bill addresses nonprofit organizations, 501(c) organizations, subject to our campaign finance laws. The underlying bill addresses restrictions, including prohibitions on contributions and regulations for when independent expenditures are allowed. The underlying bill, which is called the Disclose Act, excuse me, the amendment is referred to as the Disclose Act. The underlying bill also imposes new administrative requirements through new accounting provisions for those making independent expenditures with the goal of increased transparency by requiring segregated accounting in order to avoid an all out ban on independent expenditures. And just like the underlying bill, this amendment addresses our campaign finance laws and intends to address how elections can be influenced by campaign contributions. And like the underlying bill, the amendment also creates restrictions on contributions and independent expenditures made by certain 501(c) organizations and makes administrative changes in order to address transparency in the form of reporting requirements. And for that reason Mr. President, I ask that you rule the proposed striker before us to be in order. Thank you.”

RULING BY THE PRESIDENT

President Habib: “In ruling upon the point of order raised by Senator Fain as to the scope and object of Substitute Senate Bill 5533, the President finds and rules as follows:

Substitute Senate Bill 5533 prohibits entities who collectively bargain with the governor from making campaign contributions in support of or opposition to a gubernatorial candidate. The scope of the bill – defining collective bargaining and prohibiting gubernatorial campaign expenditures from entities who collectively bargain with the governor – is narrow and specific. However, the object, or aim of the bill appears to be broader. Its purpose is to prevent a ‘pay to play’ scenario.

The striking amendment eliminates every provision in the bill and instead directs that certain nonprofits file statements with the PDC disclosing the largest contributors to their organizations.

The amendment appears to have no connection to the substitute bill other than the very broad subject of contributions to elections. There is not even a passing reference to collective bargaining. As such, the amendment is within neither the scope nor the object of the bill.

For these reasons, the President finds that the amendment does change the scope and object of the bill, and the amendment is therefore out of order.”

MOTION

On motion of Senator Rossi, the rules were suspended, Substitute Senate Bill No. 5533 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Rossi, Ericksen, Schoesler, Baumgartner, Sheldon and Miloscia spoke in favor of passage of the bill.

Senators Hunt, Ranker, Frockt, Keiser, Liias, Chase and Billig spoke against passage of the bill.

REMARKS BY THE PRESIDENT

President Habib: “I am going to remind members, Senator Miloscia, I am going to remind you and other members, the Governor may not be a member of this body, but he is the chief executive of this state and it is a pretty large and serious allegation to say that he didn’t comply with the law. And so I know members are passionate about transparency, about good government, but I would urge senators to be extremely careful when impugning the actions and certainly the legality of the actions of our governor.”

Senator Kuderer spoke against passage of the bill.

POINT OF ORDER

Senator Padden: “Yes, Mr. President, could you please instruct the speaker to stay on the topic at hand, the bill, not another bill that is before the Legislature.”

REPLY BY THE PRESIDENT

President Habib: “Senator Kuderer, are you speaking to the bill?”

Senator Kuderer: “I am responding to the good senator from the ninth district, who connected the two, and I think I should have an opportunity to respond to the fact that he raised the levy lid in connection with his argument.”

President Habib: “If the passage you are quoting does not make that connection, then you should not read that passage. If you would like to make the connection and then pivot to your point, then please do that. Otherwise, reading that passage is not constructive to the debate.”

Senator Kuderer continued her remarks.

REMARKS BY THE PRESIDENT

President Habib: “Senator Kuderer, that is not topical. So please speak to the bill before us. The bill has to do with the Governor, collective bargaining, campaign finance, all of those things. That passage you are reading is not topical. You may continue your remarks.”

Senator Kuderer concluded her remarks.

Senators Braun and Angel spoke in favor of passage of the bill.

Senators Hasegawa and Conway spoke against passage of the bill.

Senator Fain objected to the motion by Senator Billig.

Senator Billig requested a roll call on the motion to advance to the ninth order.

NEW SECTION. Sec. 30. The purpose of this chapter is to: Provide statewide uniform regulation for transportation network companies within the state of Washington, encourage technological innovation, and preserve and enhance access to important transportation options for residents and visitors to Washington state.

NEW SECTION. Sec. 31. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Digital network" means any online-enabled technology application service, web site, or system offered or utilized by a transportation network company that enables the prearrangement of rides with transportation network company drivers.

(2) "Local law enforcement officer" means, for purposes of enforcement, any person authorized by a municipality or county, as applicable, to carry out enforcement activities under this chapter.

(3) "Municipality" means a city, town, or code city with a certificate of incorporation, or township created by an act of the state.

(4) "Prearranged ride" means the provision of transportation or a trip by a transportation network company driver to a transportation network company rider, beginning when a transportation network company driver accepts a ride requested by a transportation network company rider through a digital network controlled by a transportation network company, continuing while the transportation network company driver transports the transportation network company rider, and ending when the last transportation network company rider departs from the transportation network company vehicle. "Prearranged ride" does not include: (a) Transportation provided by a taxi, limousine, motor carrier as defined in RCW 81.80.010, or other for hire vehicle or pursuant to chapter 46.72, 46.73, or 81.72 RCW; (b) a shared expense carpool or vanpool arrangement or service as defined as ride sharing in RCW 46.74.010; (c) transportation provided by an auto transportation company as defined in RCW 81.68.010; or (d) transportation provided by metropolitan public transportation as defined in RCW 35.58.020.

(5) "Transportation network company" means a corporation, partnership, sole proprietorship, or other entity that is licensed under this chapter and operating in Washington state and uses a digital network to connect transportation network company riders to transportation network company drivers who provide prearranged rides. A transportation network company is not deemed to control, direct, or manage the transportation network company vehicles or transportation network company drivers that connect to its digital network, except when agreed to by written contract. "Transportation network company" does not include a for hire transportation service, taxicab transportation service provided under chapter 46.72 or 81.72 RCW, an auto transportation company as defined in RCW 81.68.010, or metropolitan public transportation as defined in RCW 35.58.020.

(6) "Transportation network company driver" means an individual who:

(a) Receives connections to potential transportation network company riders and related services from a transportation network company; and

(b) Uses a transportation network company vehicle to offer or provide a prearranged ride to transportation network company riders upon connection through a digital network controlled by a transportation network company in exchange for compensation or payment of a fee.

(7) "Transportation network company rider" means an individual or persons who use a transportation network company's digital network to connect with a transportation network company driver who provides prearranged rides to the rider in the transportation network company driver's transportation network company vehicle between points chosen by the rider.

Sec. 115 of the federal internal revenue code.

A transportation network company driver is not required to register a transportation network company vehicle used to provide prearranged rides as a commercial vehicle or for hire vehicle.

NEW SECTION. Sec. 33. (1) A person must first obtain a permit from the department to operate a transportation network company in Washington state, except that any transportation network company operating in the state before the effective date of this section may continue operating until the department creates a permit process and sets a registration deadline.

(2) The department must annually issue a permit to each applicant that meets the requirements for a transportation network company as set forth in this chapter and pays an annual permit fee of five thousand dollars to the department.

NEW SECTION. Sec. 34. Any transportation network company operating in Washington state must maintain an agent for service of process in the state.

NEW SECTION. Sec. 35. (1) On behalf of a transportation network company driver, a transportation network company may charge a fare for transportation network company services provided to any transportation network company rider, but must disclose to the rider the fare or fare calculation method on its web site or within its digital network. Before a rider enters a transportation network company vehicle, the transportation network company must provide, on behalf of the transportation network company driver, either the fare for the prearranged ride or the option to receive an estimated fare for the prearranged ride.

(2) During a state of emergency, as declared by the governor or the president of the United States, a transportation network company may not charge a fare for transportation network company services provided to any transportation network company rider that exceeds two and one-half times the base fare.

- (2) The total time and distance of the trip; and
- (3) An itemization of the total fare paid, if any.

NEW SECTION. Sec. 38. A transportation network company driver is an independent contractor and not an employee of the transportation network company if all of the following conditions are met:

(1) The transportation network company does not unilaterally prescribe specific hours during which a transportation network company driver must be logged in to the transportation network company's digital network;

(2) The transportation network company imposes no restrictions on the transportation network company driver's ability to utilize a digital network from any other transportation network company;

(3) The transportation network company does not restrict a transportation network company driver from engaging in any other occupation or business; and

(4) The transportation network company and transportation network company driver agree in writing that the transportation network company driver is an independent contractor with respect to the transportation network company.

NEW SECTION. Sec. 39. (1) A transportation network company must implement a zero tolerance policy regarding a transportation network company driver's activities while accessing the transportation network company's digital network. The zero tolerance policy must address the use of drugs or alcohol while a transportation network company driver is providing prearranged rides or is logged in to the transportation network company's digital network but is not providing prearranged rides.

(2) A transportation network company must provide notice of this policy on its web site, as well as procedures to report a complaint about a transportation network company driver with whom a transportation network company rider was matched and whom the rider reasonably suspects was under the influence of drugs or alcohol during the course of the trip.

(3) Upon receipt of a complaint alleging a violation of the zero tolerance policy, the transportation network company must suspend the transportation network company driver's ability to

accept trip requests through the transportation network company's digital network as soon as possible and conduct an investigation into the reported incident. The suspension must last the duration of the investigation. If the transportation network company determines that the transportation network company driver violated the zero tolerance policy, the transportation network company must take appropriate action against the driver, including, at a minimum, suspending the driver from the transportation network company's digital network until the transportation network company determines that the driver is compliant with the zero tolerance policy.

(4) A transportation network company must maintain records relevant to the enforcement of the policy under this section for a period of at least two years from the date that a transportation network company rider complaint is received by the transportation network company.

NEW SECTION. Sec. 40. (1) Before allowing an individual to accept trip requests as a transportation network company driver through a transportation network company's digital network:

A state or local law enforcement officer may issue a citation for any such violation. If such a driver is cited for a violation under this subsection, every transportation network company that permits such a driver to access the transportation network company's digital network to provide transportation network company services is subject to a fine of five hundred dollars.

(4)(a) A driver providing transportation network company services who is not in compliance with subsection (1)(c) of this section commits a civil infraction subject to a monetary penalty of fifty dollars. A state or local law enforcement officer may issue a citation for any such violation. The sample of records must be chosen randomly by the department or local authority in a manner agreeable to both parties. Any audit must take place at a mutually agreed location in the state of Washington. Any record sample furnished to the department or local authority may exclude information that would tend to identify specific transportation network company drivers or riders.

(2) Any records inspected under this chapter are designated confidential and are not subject to disclosure to a third party by the department or local authority without prior written consent of the transportation network company and the transportation network company driver.

NEW SECTION. Sec. 46. (1)(a) Each prearranged ride provided by a transportation network company driver to a transportation network company rider while on the transportation network company's digital network must be assessed a ten-cent per trip passenger surcharge fee to cover the costs of enforcement and regulation of state transportation network company licensing and to be distributed to local political divisions of the state.

(b) The director may, by rule adopted under section 21 of this act, review the per trip surcharge fee imposed under (a) of this subsection not more frequently than annually, and increase the fee by rule to cover costs related to the continuing administration and enforcement of this chapter by the department, or by local authorities as permitted under this chapter, provided that any increase is limited to the extent such costs are not covered by the fee.

(3) Within thirty days of the end of each calendar quarter, a transportation network company must submit to the department:

(a) The total amount of passenger surcharge fees collected by a transportation network company on behalf of transportation network company drivers; and

(b) For trips that originated in a municipality or unincorporated county, a report listing the percentage of the yearly total amount of passenger surcharge fees from trips that originated in each municipality or unincorporated county during the reporting period.

(4) The department must retain such amount of the passenger surcharge fee collected under subsection (3)(a) of this section as is necessary to cover the expenses borne by the department derived from the: (a) Regulation and registration of transportation network companies; and (b) the collection, remittance, and distribution of passenger surcharge fees under this section. The

department must deposit these funds in the transportation network company account created in section 23 of this act.

(5) Within sixty days of the end of each calendar quarter, the department must distribute the remaining portion of the total passenger surcharge fees collected under subsection (3)(a) of this section less the amount retained under subsection (4) of this section to each municipality or county where a trip originated during the reporting period. The distribution to each municipality or county must be proportionate to the percentage of the yearly total amount of surcharge fees that originated in each municipality or county. The funds collected by each municipality or county under this subsection must be used to fund enforcement activities by the municipalities and counties relating to this chapter.

NEW SECTION. Sec. 47. (1) In addition to the surcharge fee assessed under section 17 of this act, each prearranged ride provided by a transportation network company driver to a transportation network company rider that originates in a city with a population of two hundred thousand or more or in a county with a population of one million or more must be assessed a ten cent per trip surcharge fee to offset costs associated with improving transportation options for individuals with disabilities.

(2) The surcharge fee assessed under subsection (1) of this section may be used to provide for, but is not limited to, reimbursement for: Costs associated with converting or purchasing a vehicle to be used as a taxicab or transportation network company vehicle that is fully wheelchair accessible by ramp or lift; costs for a transportation network company, taxicab company, or other for hire vehicle company to provide wheelchair-accessible vehicle rides to customers when the cost to provide the ride exceeds the cost charged to the customer; or extra fuel and maintenance costs.

(3) The surcharge fee assessed under subsection (1) of this section must be remitted directly to each applicable city and county within thirty days of the end of each calendar quarter.

NEW SECTION. Sec. 48. (1) If the department determines, after notice and a hearing, that a transportation network company is in violation of this chapter or any rule adopted under this chapter, the department must issue a monetary penalty or suspend or revoke a transportation network company permit, or both, in accordance with this chapter. In determining the amount of the monetary penalty, the department must consider the size of the transportation network company based on the number of intrastate trips provided by the transportation network company in the previous calendar year, the gravity of the violation, the degree to which the transportation network company exercised good faith in attempting to achieve compliance or to remedy noncompliance, and any previous violations by the transportation network company cited by the department.

(2) The department must adopt rules to establish a process for the administrative appeal of any penalty, suspension, or revocation imposed by the department in accordance with this section.

NEW SECTION. Sec. 49. The uniform regulation of business and professions act, chapter 18.235 RCW, governs unlicensed practice, the issuance and denial of licenses, and the discipline of licensees under this chapter.

NEW SECTION. Sec. 50. The director may adopt rules consistent with and as necessary to carry out this chapter.

NEW SECTION. **Sec. 25.** (1) Except as provided otherwise in this section, the state of Washington fully occupies and preempts: The entire field of regulation of transportation network company licensing and permits for transportation network companies and transportation network company drivers; all requirements, applications, certifications, examinations, and background checks for transportation network company drivers, and the processing and adjudication of each; and all rate, entry, or operational requirements for transportation network companies within the boundaries of the state. Any political subdivision in this state may enforce only those laws and ordinances relating to the regulation of such fields concerning the transportation network company industry that are specifically authorized by state law and are consistent with this chapter. This section is not intended to limit, extend, address, affect, or permit the authority of any political subdivision to impose generally applicable requirements upon transportation network companies within its jurisdiction, such as obtaining a business license. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of this chapter may not be enacted and are preempted and repealed, regardless of the code, charter, or home rule status of such political subdivision.

(2) This section does not limit the authority of a city with a population of five hundred thousand or more or a county with a population of one million or more to enforce this chapter, including any rules adopted by the department under this chapter, as applicable to transportation network companies, transportation network company drivers, and transportation network company vehicles.

(3) Any public entity operating a commercial airport facility may fully regulate all transportation network company activities related to the provision of transportation network company services at the airport facility or on airport facility property including, but not limited to, rate, entry, and operational requirements and the enforcement of the public entity's rules; provided, however, that the state maintains the authority as set forth in sections 3, 4, 5, 7, 8, 9, 10, 11, 12 (1)(a) and (c), (2), and (3), and 13 of this act. This chapter does not limit the authority of a public entity operating an airport facility from requiring a transportation network company permitted under section 4 of this act to enter into a contract or agreement governing the operations of the transportation network company on airport facility property.

(4) This chapter does not affect the authority of a municipality, county, or other local governmental entity from regulating and enforcing rules relating to traffic flow, traffic patterns, and roadways, including the public right-of-way, to ensure public safety and convenience and, if applicable, imposing impact fees.

Sec. 26. RCW 48.177.010 and 2015 c 236 s 2 are each amended to read as follows:

(1)(a) Before being used to provide ~~((commercial))~~ transportation network company services, every personal vehicle must be covered by a primary automobile insurance policy that specifically covers ~~((commercial))~~ transportation network company services. However, the insurance coverage requirements of this section are alternatively satisfied by securing coverage pursuant to chapter 46.72 or 46.72A RCW that covers the personal vehicle being used to provide ~~((commercial))~~ transportation network company services and that is in effect twenty-four hours per day, seven days per week. Except as provided in subsection (2) of this section, a ~~((commercial))~~ transportation ~~((services provider))~~ network company must secure this policy for every personal vehicle used to provide ~~((commercial))~~ transportation network company services. For purposes of this section, a "primary automobile insurance policy" is not a private passenger automobile insurance policy.

(b) The primary automobile insurance policy required under this section must provide coverage, as specified in this subsection (1)(b), at all times the driver is logged in to a ~~((commercial))~~ transportation ~~((services provider's))~~ network company's digital network ~~((or software application))~~ and at all times a passenger is in ~~((the))~~ a transportation network company vehicle as part of a prearranged ride.

(i) The primary automobile insurance policy required under this subsection must provide the following coverage during ~~((commercial))~~ transportation network company services applicable during the period before a driver accepts a requested ride through a digital network ~~((or software application))~~:

(A) Liability coverage in an amount no less than fifty thousand dollars per person for bodily injury, one hundred thousand dollars per accident for bodily injury of all persons, and thirty thousand dollars for damage to property;

(B) Underinsured motorist coverage to the extent required under RCW 48.22.030; and

(C) Personal injury protection coverage to the extent required under RCW 48.22.085 and 48.22.095.

(ii) The primary automobile insurance policy required under this subsection must provide the following coverage, applicable during the period of a prearranged ride:

(A) Combined single limit liability coverage in the amount of one million dollars for death, personal injury, and property damage;

(B) Underinsured motorist coverage in the amount of one million dollars; and

(C) Personal injury protection coverage to the extent required under RCW 48.22.085 and 48.22.095.

(2)(a) As an alternative to the provisions of subsection (1) of this section, if the office of the insurance commissioner approves the offering of an insurance policy that recognizes that a person is acting as a transportation network company driver ~~((for a commercial transportation services provider))~~ and using a personal vehicle to provide ~~((commercial))~~ transportation network company services, a driver may secure a primary automobile insurance policy covering a personal vehicle and providing the same coverage as required in subsection (1) of this section. The policy coverage may be in the form of a rider to, or endorsement of, the driver's private passenger automobile insurance policy only if approved as such by the office of the insurance commissioner.

(b) If the primary automobile insurance policy maintained by a driver to meet the obligation of this section does not provide coverage for any reason, including that the policy lapsed or did not exist, the ~~((commercial))~~ transportation ~~((services provider))~~

network company must provide the coverage required under this section beginning with the first dollar of a claim.

(c) The primary automobile insurance policy required under this subsection and subsection (1) of this section may be secured by any of the following:

(i) The ~~((commercial))~~ transportation ~~((services provider))~~ network company as provided under subsection (1) of this section;

(ii) The transportation network company driver as provided under (a) of this subsection; or

(iii) A combination of both the ~~((commercial))~~ transportation ~~((services provider))~~ network company and the transportation network company driver.

(3) The insurer or insurers providing coverage under subsections (1) and (2) of this section are the only insurers having the duty to defend any liability claim from an accident occurring while ~~((commercial))~~ transportation network company services are being provided.

(4) In addition to the requirements in subsections (1) and (2) of this section, before allowing a person to provide ~~((commercial))~~ transportation network company services as a transportation network company driver, a ~~((commercial))~~ transportation ~~((services provider))~~ network company must provide written proof to the driver that the driver is covered by a primary automobile insurance policy that meets the requirements of this section. Alternatively, if a transportation network company driver purchases a primary automobile insurance policy as allowed under subsection (2) of this section, the ~~((commercial))~~ transportation ~~((services provider))~~ network company must verify that the driver has done so.

(5) A primary automobile insurance policy required under subsection (1) or (2) of this section may be placed with an insurer licensed under this title to provide insurance in the state of Washington or as an eligible surplus line insurance policy as described in RCW 48.15.040.

(6) Insurers that write automobile insurance in Washington may exclude any and all coverage afforded under a private passenger automobile insurance policy issued to an owner or operator of a personal vehicle for any loss or injury that occurs while a transportation network company driver ~~((for a commercial transportation services provider))~~ is logged in to a ~~((commercial))~~ transportation ~~((services provider's))~~ network company's digital network or while a transportation network company driver provides a prearranged ride. This right to exclude all coverage may apply to any coverage included in a private passenger automobile insurance policy including, but not limited to:

(a) Liability coverage for bodily injury and property damage;

(b) Personal injury protection coverage;

(c) Underinsured motorist coverage;

(d) Medical payments coverage;

(e) Comprehensive physical damage coverage; and

(f) Collision physical damage coverage.

(7) Nothing in this section shall be construed to require a private passenger automobile insurance policy to provide primary or excess coverage or a duty to defend for the period of time in which a transportation network company driver is logged in to a ~~((commercial))~~ transportation ~~((services provider's))~~ network company's digital network ~~((or software application))~~ or while the driver is engaged in a prearranged ride or the driver otherwise uses a vehicle to transport passengers for compensation.

(8) Insurers that exclude coverage under subsection (6) of this section have no duty to defend or indemnify any claim expressly excluded under subsection (6) of this section. Nothing in this section shall be deemed to invalidate or limit an exclusion

contained in a policy, including any policy in use or approved for use in Washington state before July 24, 2015, that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

(9) An exclusion exercised by an insurer in subsection (6) of this section applies to any coverage selected or rejected by a named insured under RCW 48.22.030 and 48.22.085. The purchase of a rider or endorsement by a transportation network company driver under subsection (2)(a) of this section does not require a separate coverage rejection under RCW 48.22.030 or 48.22.085.

(10) If more than one insurance policy provides valid and collectible coverage for a loss arising out of an occurrence involving a motor vehicle operated by a transportation network company driver, the responsibility for the claim must be divided as follows:

(a) Except as provided otherwise under subsection (2)(c) of this section, if the driver has been matched with a passenger and is traveling to pick up the passenger, or the driver is providing transportation network company services to a passenger, the ~~((commercial))~~ transportation ((services provider)) network company that matched the driver and passenger must provide insurance coverage; or

(b) If the driver is logged in to the digital network ~~((or software application))~~ of more than one ~~((commercial))~~ transportation ((services provider)) network company but has not been matched with a passenger, the liability must be divided equally among all of the applicable insurance policies that specifically provide coverage for ~~((commercial))~~ transportation network company services.

(11) In an accident or claims coverage investigation, a ~~((commercial))~~ transportation ((services provider)) network company or its insurer must cooperate with a private passenger automobile insurance policy insurer and other insurers that are involved in the claims coverage investigation to facilitate the exchange of information, including the provision of (a) dates and times at which an accident occurred that involved a participating transportation network company driver and (b) within ten business days after receiving a request, a copy of the provider's electronic record showing the precise times that the participating driver logged on and off the provider's digital network ~~((or software application))~~ on the day the accident or other loss occurred. The ~~((commercial))~~ transportation ((services provider)) network company or its insurer must retain all data, communications, or documents related to insurance coverage or accident details for a period of not less than the applicable statutes of limitation, plus two years from the date of an accident to which those records pertain.

(12) This section does not modify or abrogate any otherwise applicable insurance requirement set forth in this title.

(13) After July 1, 2016, an insurance company regulated under this title may not deny an otherwise covered claim arising exclusively out of the personal use of the private passenger automobile solely on the basis that the insured, at other times, used the private passenger automobile covered by the policy to provide ~~((commercial))~~ transportation network company services.

(14) If an insurer for a ~~((commercial))~~ transportation ((services provider)) network company makes a payment for a claim covered under comprehensive coverage or collision coverage, the ~~((commercial))~~ transportation ((services provider)) network company must cause its insurer to issue the payment directly to the business repairing the vehicle or jointly to the

owner of the vehicle and the primary lienholder on the covered vehicle.

(15)(a) To be eligible for securing a primary automobile insurance policy under this section, a ~~((commercial))~~ transportation ((services provider)) network company must make the following disclosures in writing to a prospective driver in the prospective driver's terms of service:

WHILE OPERATING ON THE DIGITAL NETWORK ((OR SOFTWARE APPLICATION)) OF THE ~~((COMMERCIAL))~~ TRANSPORTATION ((SERVICES PROVIDER)) NETWORK COMPANY, YOUR PRIVATE PASSENGER AUTOMOBILE INSURANCE POLICY MIGHT NOT AFFORD LIABILITY, UNDERINSURED MOTORIST, PERSONAL INJURY PROTECTION, COMPREHENSIVE, OR COLLISION COVERAGE, DEPENDING ON THE TERMS OF THE POLICY.

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE ~~((COMMERCIAL))~~ TRANSPORTATION NETWORK COMPANY SERVICES FOR OUR COMPANY HAS A LIEN AGAINST IT, YOU MUST NOTIFY THE LIENHOLDER THAT YOU WILL BE USING THE VEHICLE FOR ~~((COMMERCIAL))~~ TRANSPORTATION NETWORK COMPANY SERVICES THAT MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

(b) The prospective driver must acknowledge the terms of service electronically or by signature.

(16) A driver providing transportation network company services who is not in compliance with this section commits a civil infraction subject to a monetary penalty of fifty dollars. A state or local law enforcement officer may issue a citation for any such violation. If such a driver is cited for a violation under this subsection, every transportation network company that permits such a driver to access the transportation network company's digital network to provide transportation network company services is subject to a fine of five hundred dollars.

Sec. 27. RCW 51.12.020 and 2015 c 236 s 4 are each amended to read as follows:

Sec. 31. RCW 81.68.015 and 2009 c 557 s 1 are each amended to read as follows:

This chapter does not apply to commuter ride sharing or ride sharing for persons with special transportation needs in accordance with RCW 46.74.010, so long as the ride-sharing operation does not compete with or infringe upon comparable service actually being provided before the initiation of the ride-sharing operation by an existing auto transportation company certificated under this chapter.

This chapter does not apply to a service carrying passengers for compensation over any public highway in this state between fixed termini or over a regular route if the commission finds, with or without a hearing, that the service does not serve an essential transportation purpose, is solely for recreation, and would not adversely affect the operations of the holder of a certificate under this chapter, and that exemption from this chapter is otherwise in the public interest. Companies providing these services must, however, obtain a permit under chapter 81.70 RCW.

SUBSTITUTE SENATE BILL NO. 5808, by Senate Committee on Agriculture, Water, Trade & Economic Development (originally sponsored by Senators Warnick, Chase, Walsh, Brown, Becker, Short and Bailey)

Concerning agritourism.

The measure was read the second time.

MOTION

Senator Warnick moved that the following floor striking amendment no. 127 by Senators Pedersen and Warnick be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 4. The legislature finds that agriculture plays a substantial role in the economy, culture, and history of Washington state. As an increasing number of Washington's citizens are removed from day-to-day agricultural experiences, agritourism provides a valuable opportunity for the public to interact with, experience, and understand agriculture. In addition, agritourism opportunities provide valuable options for agricultural producers and rural residents to maintain their operations and continue a traditional economic development opportunity in rural areas. Inherent risks exist on farms and ranches, some of which cannot be reasonably eliminated. Uncertainty of potential liability associated with inherent risks has a negative impact on the establishment and success of agritourism operations.

NEW SECTION. Sec. 5. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agritourism activity" means any activity carried out on a farm or ranch whose primary business activity is agriculture or ranching and that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities including, but not limited to: Farming; ranching; historic, cultural, and on-site educational programs; recreational farming programs that may include on-site hospitality services; guided and self-guided tours; bed and breakfast accommodations; petting zoos; farm festivals; corn mazes; harvest-your-own operations; hayrides; barn parties; horseback riding; fishing; and camping.

(2) "Agritourism professional" means any person in the business of providing one or more agritourism activities, whether or not for compensation.

(3) "Inherent risks of agritourism activity" means those dangers or conditions that are an integral part of an agritourism activity including certain hazards, such as surface and subsurface conditions, natural conditions of land, vegetation, waters, the behavior of wild or domestic animals, and ordinary dangers of structures or equipment ordinarily used in farming and ranching operations. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or

failing to exercise reasonable caution while engaging in the agritourism activity, unless the participant acting in a negligent manner is a minor or is under the influence of alcohol or drugs.

(4) "Participant" means any person, other than the agritourism professional, who engages in an agritourism activity.

(5) "Person" means an individual, fiduciary, firm, association, partnership, limited liability company, corporation, unit of government, or any other group acting as a unit.

NEW SECTION. Sec. 6. (1)(a) Except as provided in subsection (2) of this section, an agritourism professional is not liable for injury, loss, damage, or death of a participant resulting exclusively from any of the inherent risks of agritourism activities.

(b) Except as provided in subsection (2) of this section, no participant or participant's representative may pursue an action or recover from an agritourism professional for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of agritourism activities.

(c) In any action for damages against an agritourism professional for agritourism activity, the agritourism professional must plead the affirmative defense of assumption of the risk of agritourism activity by the participant.

(2) Nothing in subsection (1) of this section prevents or limits the liability of an agritourism professional if the agritourism professional does any one or more of the following:

(a) Commits an act or omission that is grossly negligent or constitutes willful or wanton disregard for the safety of the participant and that act or omission proximately causes injury, damage, or death to the participant.

(b) Has actual knowledge or reasonably should have known of an existing dangerous condition on the land, facilities, or equipment used in the activity or the dangerous propensity of a particular animal used in such an activity and does not make the danger known to the participant and the danger proximately causes injury, damage, or death to the participant.

(c) Permits minor participants to use facilities or engage in agritourism activities that are not reasonably appropriate for their age.

(d) Knowingly permits participants to use facilities or engage in agritourism activities while under the influence of alcohol or drugs.

(e) Fails to warn participants as required by section 4 of this act.

(3) Any limitation on legal liability afforded by this section to an agritourism professional is in addition to any other limitations of legal liability otherwise provided by law.

NEW SECTION. Sec. 7. (1) Every agritourism professional must post and maintain signs that contain the warning notice specified in subsection (2) of this section. The sign must be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice must consist of a sign in black letters, with each letter to be a minimum of one inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, must contain in clearly readable print the warning notice specified in subsection (2) of this section.

(2) The sign and contracts described in subsection (1) of this section must contain the following notice of warning:

"WARNING

Under Washington state law, there is limited liability for an injury to or death of a participant in an agritourism activity conducted at this agritourism location if such an injury or death results exclusively from the inherent risks of the agritourism

activity. subsection (4)(d) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(e) For the purposes of this subsection (4), "qualifying farmers market" has the same meaning as defined in RCW 66.24.170.

(5) The board must adopt rules to implement the alcohol server permit requirement and may adopt additional rules to implement this section.

(6) Distilling is an agricultural practice.

(7) A craft distillery may produce and sell spirits carrying a private label exclusive to a restaurant or private club holding a license under RCW 66.24.400, 66.24.425, or 66.24.450, or a spirits retail licensee holding a license under RCW 66.24.630.

Sec. 13. RCW 66.24.150 and 1997 c 321 s 2 are each amended to read as follows:

(1) There shall be a license to manufacturers of liquor, including all kinds of manufacturers except those licensed as distillers, domestic brewers, microbreweries, wineries, and domestic wineries, authorizing such licensees to manufacture, import, sell, and export liquor from the state; fee five hundred dollars per annum.

(2) A licensee manufacturing spirits pursuant to this section may produce and sell spirits carrying a private label exclusive to a restaurant or private club holding a license under RCW 66.24.400, 66.24.425, or 66.24.450, or a spirits retail licensee holding a license under RCW 66.24.630.

Sec. 14. RCW 66.24.055 and 2013 2nd sp.s. c 12 s 1 are each amended to read as follows:

(1) There is a license for spirits distributors to (a) sell spirits purchased from manufacturers, distillers, or suppliers including, without limitation, licensed Washington distilleries, licensed spirits importers, other Washington spirits distributors, or suppliers of foreign spirits located outside of the United States, to spirits retailers including, without limitation, spirits retail licensees, special occasion license holders, interstate common carrier license holders, restaurant spirits retailer license holders, spirits, beer, and wine private club license holders, hotel license holders, sports entertainment facility license holders, and spirits, beer, and wine nightclub license holders, and to other spirits distributors; and (b) export the same from the state.

(2) By January 1, 2012, the board must issue spirits distributor licenses to all applicants who, upon December 8, 2011, have the right to purchase spirits from a spirits manufacturer, spirits distiller, or other spirits supplier for resale in the state, or are agents of such supplier authorized to sell to licensees in the state, unless the board determines that issuance of a license to such applicant is not in the public interest.

(3)(a) As limited by (b) of this subsection and subject to (c) of this subsection, each spirits distributor licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee calculated as follows:

(i) In each of the first twenty-seven months of licensure, ten percent of the total revenue from all the licensee's sales of spirits made during the month for which the fee is due, respectively; and

(ii) In the twenty-eighth month of licensure and each month thereafter, five percent of the total revenue from all the licensee's sales of spirits made during the month for which the fee is due, respectively.

(b) The fee required under this subsection (3) is calculated only on sales of items which the licensee was the first spirits distributor in the state to have received:

(i) In the case of spirits manufactured in the state, from the distiller; or

(ii) In the case of spirits manufactured outside the state, from an authorized out-of-state supplier.

(c) By March 31, 2013, all persons holding spirits distributor licenses on or before March 31, 2013, must have paid collectively one hundred fifty million dollars or more in spirits distributor license fees. If the collective payment through March 31, 2013, totals less than one hundred fifty million dollars, the board must, according to rules adopted by the board for the purpose, collect by May 31, 2013, as additional spirits distributor license fees the difference between one hundred fifty million dollars and the actual receipts, allocated among persons holding spirits distributor licenses at any time on or before March 31, 2013, ratably according to their spirits sales made during calendar year 2012. Any amount by which such payments exceed one hundred fifty million dollars by March 31, 2013, must be credited to future license issuance fee obligations of spirits distributor licensees according to rules adopted by the board.

(d) A retail licensee selling for resale must pay a distributor license fee under the terms and conditions in this section on resales of spirits the licensee has purchased on which no other distributor license fee has been paid. The board must establish rules setting forth the frequency and timing of such payments and reporting of sales dollar volume by the licensee, with payments due quarterly in arrears.

(e) No spirits inventory may be subject to calculation of more than a single spirits distributor license issuance fee.

(4) In addition to the payment set forth in subsection (3) of this section, each spirits distributor licensee renewing its annual license must pay an annual license renewal fee of one thousand three hundred twenty dollars for each licensed location.

(5) There is no minimum facility size or capacity for spirits distributor licenses, and no limit on the number of such licenses issued to qualified applicants. License applicants must provide physical security of the product that is substantially as effective as the physical security of the distribution facilities currently operated by the board with respect to preventing pilferage. License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing distributor premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits distributor licenses.

(6) A distributor licensed under this section must, to the extent it is reasonably practicable for the distributor to do so, make any product the distributor acquires for resale available to any person legally entitled to purchase such product.

Sec. 15. RCW 66.24.200 and 2004 c 160 s 2 are each amended to read as follows:

(1) There shall be a license for wine distributors to sell wine, purchased from licensed Washington wineries, wine certificate of approval holders, licensed wine importers, or suppliers of foreign wine located outside of the United States, to licensed wine retailers and other wine distributors and to export the same from the state; fee six hundred sixty dollars per year for each distributing unit.

(2) A distributor licensed under this section must, to the extent it is reasonably practicable for the distributor to do so, make any product the distributor acquires for resale available to any person legally entitled to purchase such product.

Sec. 16. RCW 66.24.250 and 2004 c 160 s 6 are each amended to read as follows:

(1) There shall be a license for beer distributors to sell beer and strong beer, purchased from licensed Washington breweries, beer certificate of approval holders, licensed beer importers, or

suppliers of foreign beer located outside of the United States, to licensed beer retailers and other beer distributors and to export same from the state of Washington; fee six hundred sixty dollars per year for each distributing unit.

(2) A distributor licensed under this section must, to the extent it is reasonably practicable for the distributor to do so, make any product the distributor acquires for resale available to any person legally entitled to purchase such product."

On page 1, line 3 of the title, after "label;" strike the remainder of the title and insert "and amending RCW 66.28.310, 66.24.140, 66.24.145, 66.24.150, 66.24.055, 66.24.200, and 66.24.250."

POINT OF ORDER

Senator Chase: "I'd like to raise a question that the amendment to Senate Bill 5145 exceeds the scope and object of the bill."

President Habib: "Do you have a statement that you wanted to make, Senator Chase?"

Senator Chase: "I do. Thank you Mr. President. Senate Bill 5145 as originally introduced allowed craft distilleries only to sell private-label spirits to private restaurants and private clubs. This mirrors the limited private label authority afforded Washington wineries to sell private-label wines to private restaurants and private clubs. It also allowed a private distiller to sell private label spirits to a spirits retailer but only if ..."

President Habib: "Senator Chase, one moment. First of all, this should be a short statement and not read so would you like to make a statement? Secondly, are you speaking to the substitute bill versus the striker? Or are you speaking to the bill before the committee substituted it because the bill before the senate right now is the substituted bill. We adopted that substitute."

Senator Chase: "The one I'm speaking to I believe."

President Habib: "You're speaking to the substitute?"

Senator Chase: "The amendment, the striking amendment. Oh yes, I am speaking to the striking amendment."

President Habib: "No, what I, my question is: Are you speaking to whether the striking amendment is within the scope and object of the substituted bill or within the scope and object of the bill before it was substituted? Because it is my understanding that you were speaking to the bill before it was substituted which would not be in order."

Senator Chase: "It's to the substituted bill."

President Habib: "Okay, then please continue without reading."

Senator Chase: "Thank you. I believe that the amendment to section one of the original bill. . . . No?"

President Habib: "Senator Chase that's what I'm saying, the original bill is no longer before the senate."

Senator Chase: "Call it the substitute bill. Right. It now expands the scope of the bill to include beer and I believe I have submitted written documentation to you."

POINT OF ORDER

Senator Liias: "Thank you, Mr. President. I appreciate your clarification. The Senate has adopted the substitute unanimously. The substitute bill does allow for a broad scope addressing craft distilleries, regular distilleries, and there is language about beer, wine, and spirits private label items and so the Senate has already adopted that substitute amendment and the striking amendment is broadly within that scope and object of the bill that is now before the Senate. I would ask you to rule that this amendment is within the scope and object of the substitute bill."

RULING BY THE PRESIDENT

President Habib: "In light of the fact that the substitute bill has been adopted by the Senate, the striking amendment brought by Senator Liias is within the scope and object of the bill as substituted. This is how the President rules."

Sec. 6. RCW 84.52.0531 and 2013 c 242 s 8 are each amended to read as follows:

levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(9) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(d) "Initiative 732 base" means the prior year's state allocation for annual salary cost-of-living increases for district employees in the state-funded salary base as it would have been calculated under chapter 4, Laws of 2001, if each annual cost-of-living increase allocation had been provided in previous years and in each subsequent year.

(14) To ensure that levies for maintenance and operation support under RCW 84.52.053 are not used for basic education programs, beginning with ballot propositions submitted to the voters in calendar year 2018, districts must provide a report to the office of the superintendent of public instruction detailing the programs and activities to be funded through a maintenance and operation levy. Enrichment beyond the state-provided funding in the omnibus appropriations act for the basic education program components under RCW 28A.150.260 is a permitted use of maintenance and operation levies. The report required by this subsection must be submitted to, and approved by, the office of the superintendent of public instruction prior to the election for the proposition.

(iii) For ((2018)) 2019 and thereafter, the percentage shall be calculated as follows:

(A) Multiply the grandfathered percentage for the prior year times the district's levy base determined under subsection (3) of this section;

(B) Reduce the result of (b)(iii)(A) of this subsection by any levy reduction funds as defined in subsection (5) of this section that are to be allocated to the district for the current school year;

(C) Divide the result of (b)(iii)(B) of this subsection by the district's levy base; and

(D) Take the greater of zero or the percentage calculated in (b)(iii)(C) of this subsection.

(5) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsection (3) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(6) For the purposes of this section, "prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(7) For the purposes of this section, "current school year" means the year immediately following the prior school year.

(8) Funds collected from transportation vehicle fund tax levies shall not be subject to the levy limitations in this section.

(9) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

(10) For levies collected in calendar year 2018 and thereafter, levy collections must be deposited into a local revenue subfund of the general fund to enable a detailed accounting of the amount and object of expenditures from the levy collections. The office of the superintendent of public instruction must collaborate with the office of the state auditor to develop guidance for districts to carry out this requirement.

(11) To ensure that levies for maintenance and operation support under RCW 84.52.053 are not used for basic education programs, beginning with ballot propositions submitted to the voters in calendar year 2018, districts must provide a report to the office of the superintendent of public instruction detailing the programs and activities to be funded through a maintenance and operation levy. Enrichment beyond the state-provided funding in

the omnibus appropriations act for the basic education program components under RCW 28A.150.260 is a permitted use of maintenance and operation levies. The report required by this subsection must be submitted to, and approved by, the office of the superintendent of public instruction prior to the election for the proposition.

March 23, 2017

MR. PRESIDENT:

The Speaker has signed:

SUBSTITUTE HOUSE BILL NO. 2106, and the same is herewith transmitted.

BERNARD DEAN, Chief Clerk

SIGNED BY THE PRESIDENT

Pursuant to Article 2, Section 32 of the State Constitution and Senate Rule 1(5), the President announced the signing of and thereupon did sign in open session:

SUBSTITUTE HOUSE BILL NO. 2106.

MOTION

At 12:04 p.m., on motion of Senator Fain, the Senate was declared to be at ease subject to the call of the President.

AFTERNOON SESSION

The Senate was called to order at 3:53 p.m. by President Pro Tempore Sheldon. The Secretary called the roll and announced to the President Pro Tempore that all Senators were present.

PERSONAL PRIVILEGE

Senator Frockt: “Thank you Mr. President. I am pleased, this afternoon, to stand on behalf of the Senate, on behalf of both sides, to welcome the thirty-four presidents of our thirty-four community and technical colleges in Washington here who are visiting today for meetings and conferences. I spoke with Dr. Brown from North Seattle, my President in my area, and they are working on some very innovative policy issues and some ways to deliver the amazing education that so many of our students in this state need and deserve. And as you know, Mr. President, we have every year over 380,000 students come through our community and technical colleges from every corner of the state. And one of the most amazing things about our system, our award winning system, is that our thirty-four colleges are in every corner of the state. They are not isolated and so they effect everyone of our districts. Whether you’re in a more Republican district or Democratic district, liberal or conservative, the community colleges are pillars of our community and we count on them to produce the workforce of the twenty-first century that we need and deserve. So these are outstanding educational leaders who are every day preparing our young people to be entrepreneurs, and engineers, and teachers, and all of the things we ask them to do and they are vital to the economic life of our state as a whole and, of course to the many many students that they serve and create additional economic opportunities for. So, these are great educational and outstanding leaders and I wanted to just say on behalf of the entire Senate, to welcome them to Olympia. We look forward to working with them and we are working together to come up with the right funding models on both sides of the aisle so that when we are done on April 25, that they will have the resources they need to meet the mission and the task we have given them here in Washington. Thank you very much Mr. President. I understand we will be recognizing some of these presidents individually but I want to thank you for the time this afternoon to recognize the Community and Technical College presidents.”

PERSONAL PRIVILEGE

Senator Wellman: “Thank you so much. I had the opportunity a while ago to head up a company that handled the facilities management and the back end registration for the continuing education programs of our community and technical colleges. And they are vital to our business growth. They handle many of the relationships between students and business. They educate many of our employees for many businesses. They create special programs to be able to deliver them for businesses. In addition, as you know, in the 21st century, we are lifelong learners, so going back to school and having that ability to go back to our community colleges for continuing education is really vital. So I am delighted to see them here. They play such a vital part of our business and economic vitality.

"Part I

Findings and Intent

NEW SECTION. **Sec. 101.** (1) The legislature finds that states fail to collect more than twenty-three billion dollars annually in sales taxes from remote sales over the internet and through catalogues. The legislature further finds that Washington and its local governments will lose out on an estimated three hundred fifty-three million dollars in sales and use taxes in fiscal year 2018 from remote sales, reducing funds that would otherwise be available for the public education system, health care services, infrastructure, and other vital public services.

(2) The legislature recognizes that states may not impose sales or use tax collection obligations on an out-of-state business unless the business has a substantial nexus with the taxing state. The legislature also recognizes that under the United States supreme court's decision in *National Bellas Hess v. Dep't of Revenue of Ill.*, 386 U.S. 753 (1967), substantial nexus under the commerce clause requires a physical presence by the seller in the taxing state. Relying on the doctrine of stare decisis, the United States supreme court reaffirmed the physical presence nexus standard twenty-five years later in *Quill Corp. v. North Dakota*, 504 U.S. 298 (1992).

(3) The legislature further finds that the basis of the physical presence nexus standard was primarily justified by the complexity and burden on mail order sellers and other out-of-state sellers in complying with the sales tax laws in numerous jurisdictions at the state and local level all across the country. The legislature further finds that the supreme court's concerns underlying the *Bellas Hess* decision have been effectively addressed by advances in technology and simplified tax laws. For example, Washington and most other states with sales taxes allow or require electronic reporting and payment of the tax. Also, several states, including Washington, offer free online sales tax rate lookup tools. A number of private companies offer automated sales tax compliance solutions. In addition, sales tax laws have been simplified in many states, including Washington, through participation in the streamlined sales and use tax project and compliance with the streamlined sales and use tax agreement.

(4) The legislature further finds that *Bellas Hess* was decided one year before the first plans were developed for the computer network that became the basis of the internet. The legislature further finds that since *Quill* was decided e-commerce has grown substantially, generating retail sales of over three hundred forty-one billion dollars in 2015, which have been growing at a rate of about fifteen percent for the last five years. The legislature further finds that like their brick and mortar competitors, online businesses receive benefits and opportunities provided by their market states, such as transportation networks, infrastructure, laws providing protection of business interests, access to the courts to protect valuable rights, and a regulated marketplace. However, the legislature finds that under the current physical presence nexus standard, online only sellers have an unfair competitive advantage over in state brick and mortar stores to the detriment of main street retailers. Online only businesses have no geographical limitations to their marketplace; no costs of maintaining local physical retail stores, such as infrastructure costs, employee costs, and property taxes; and may not have to collect sales tax on sales to customers in states in which they do not have a physical presence, all of which lead to their ability to price their goods at a lower cost to consumers. The legislature further finds that even if the physical presence nexus standard was once a wise rule of law, it is no longer justifiable.

(5) The legislature further finds that the supreme court in its *Quill* decision implicitly invited the United States congress to resolve whether and to what extent states may impose a sales tax collection obligation on remote sellers. The legislature further finds that there is overwhelming support among the public, states, and municipalities, and many national and local associations representing brick and mortar businesses for federal legislation requiring remote sellers to collect and remit retail sales tax. The legislature further finds that despite such broad-based support, congress has failed to enact such legislation.

(6) The legislature agrees with Justice Kennedy's concurring opinion in the *Direct Marketing Association v. Brohl* decision (135 S. Ct. 1124) that the court's *Quill* holding is "inflicting extreme harm and unfairness on the States," and that "there is a powerful case to be made that a retailer doing extensive business within a State has a sufficiently 'substantial nexus' to justify imposing some minor tax-collection duty, even if that business is done through mail or the Internet." Justice Kennedy stated that "it is unwise to delay any longer a reconsideration of the Court's holding in *Quill*," and he closed his opinion by inviting a direct challenge to *Quill* and *Bellas Hess*, saying that "The legal system should find an appropriate case for this Court to reexamine *Quill* and *Bellas Hess*."

(7) The legislature finds that because Washington is unique in that it relies so heavily on sales tax to fund education and other vital state services, and because Washington has frequently been at the forefront of advancing technology and tax policy, it is incumbent upon this state to lead the way to a more fair and equitable modern marketplace where online businesses and brick and mortar businesses can compete based on quality of products and other nontax factors, which benefits all consumers. The legislature recognizes that the fast pace of technological change seen with the rapid growth of electronic commerce puts pressure on states to update their tax codes just as this state did (a) in 2007 in adopting Senate Bill No. 5089, which enacted significant simplifications in sales and use administration and brought Washington into full compliance with the streamlined sales and use tax agreement, (b) in 2009 in adopting Engrossed Substitute House Bill No. 2075 addressing the excise taxation of digital products, and (c) in 2010 in adopting economic nexus and market-based apportionment for business and occupation tax purposes in Second Engrossed Substitute Senate Bill No. 6143. The legislature finds that making such changes is not radical or to be unexpected, but is a rational means to avoid an ever shrinking tax base resulting from an outdated tax code that has not kept up with significant changes in technology and the economy.

(8) The legislature finds that several states, including Alabama, South Dakota, and Tennessee have taken measures to adopt an "economic nexus" standard with respect to the collection of sales tax. The legislature further finds that other states are considering adopting similar rules or legislation.

(9) The legislature also finds that Colorado adopted a law requiring out-of-state retailers that do not collect Colorado's sales tax to report tax-related information to their Colorado customers and the Colorado department of revenue. The legislature further finds that in 2016 the United States court of appeals for the tenth circuit upheld that law.

(10) Therefore, the legislature intends by this act to address the significant harm and unfairness brought about by the physical presence nexus rule by testing the boundaries of the rule. This act also sets up a legal challenge to the physical presence nexus rule that could potentially lead to the United States supreme court reevaluating *Bellas Hess* and *Quill* or congress enacting legislation authorizing and establishing the requirements for states to impose a sales tax collection duty on remote sellers. To

achieve these objectives, part II of this act establishes clear statutory guidelines for determining when sellers are required to collect Washington's sales tax. These guidelines clarify the extent of the traditional physical presence standard and also adopt an "economic nexus" standard under which a remote seller would establish a substantial nexus with this state solely by making a meaningful amount of sales into this state. Part II of this act also extends the economic nexus standard for the business and occupation tax imposed on retail sales taxed under RCW 82.04.250(1) and 82.04.257(1). Part III of this act adopts a sales and use tax notice and reporting law based on the multistate tax commission's draft model sales and use tax notice reporting statute, which is similar to Colorado's sales and use tax notice reporting law.

(11) The legislature recognizes that the enactment of part II of this act places remote sellers in a complicated position, precisely because existing constitutional doctrine calls certain provisions of part II of this act into question. Accordingly, the legislature intends to clarify that the obligations created by this law on sellers with a substantial nexus with this state under section 206(1)(b) of this act would be appropriately stayed by the courts until the constitutionality of section 206(1)(b) of this act has been clearly established by a binding judgment, including, for example, a decision from the supreme court of the United States abrogating its existing doctrine, or a final judgment applicable to a particular taxpayer.

(12) The legislature finds that the declaratory judgment action authorized in section 211 of this act is warranted by existing law, by good faith arguments for the extension, modification, or reversal of existing law, or the establishment of new law.

Part II

Nexus for Excise Tax Purposes

Sec. 201. RCW 82.04.066 and 2015 3rd sp.s. c 5 s 203 are each amended to read as follows:

"Engaging within this state" and "engaging within the state," when used in connection with any apportionable activity as defined in RCW 82.04.460 or ((wholesale sales)) selling activity taxable under RCW 82.04.250(1), 82.04.257(1), or 82.04.270, means that a person generates gross income of the business from sources within this state, such as customers or intangible property located in this state, regardless of whether the person is physically present in this state.

Sec. 202. RCW 82.04.067 and 2016 c 137 s 2 are each amended to read as follows:

(1) A person engaging in business is deemed to have substantial nexus with this state if, in the current or immediately preceding calendar year, the person is:

- (a) An individual and is a resident or domiciliary of this state;
- (b) A business entity and is organized or commercially domiciled in this state; or
- (c) A nonresident individual or a business entity that is organized or commercially domiciled outside this state, and ~~((in the immediately preceding tax year))~~ the person had:
 - (i) More than ~~((fifty))~~ fifty-three thousand dollars of property in this state;
 - (ii) More than ~~((fifty))~~ fifty-three thousand dollars of payroll in this state;
 - (iii) More than two hundred ~~((fifty))~~ sixty-seven thousand dollars of receipts from this state; or
 - (iv) At least twenty-five percent of the person's total property, total payroll, or total receipts in this state.

(2)(a) Property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section is the average value of the taxpayer's property, including intangible property, owned or

rented and used in this state during the current or immediately preceding ((tax)) calendar year.

(b)(i) Property owned by the taxpayer, other than loans and credit card receivables owned by the taxpayer, is valued at its original cost basis. Loans and credit card receivables owned by the taxpayer are valued at their outstanding principal balance, without regard to any reserve for bad debts. However, if a loan or credit card receivable is charged off in whole or in part for federal income tax purposes, the portion of the loan or credit card receivable charged off is deducted from the outstanding principal balance.

(ii) Property rented by the taxpayer is valued at eight times the net annual rental rate. For purposes of this subsection, "net annual rental rate" means the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

(c) The average value of property must be determined by averaging the values at the beginning and ending of the ((tax)) applicable calendar year; but the department may require the averaging of monthly values during the ((tax)) applicable calendar year if reasonably required to properly reflect the average value of the taxpayer's property.

(d)(i) For purposes of this subsection (2), loans and credit card receivables are deemed owned and used in this state as follows:

(A) Loans secured by real property, personal property, or both real and personal property are deemed owned and used in the state if the real property or personal property securing the loan is located within this state. If the property securing the loan is located both within this state and one or more other states, the loan is deemed owned and used in this state if more than fifty percent of the fair market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the loan is deemed owned and used in this state if the borrower is located in this state. The determination of whether the real or personal property securing a loan is located within this state must be made, as of the time the original agreement was made, and any and all subsequent substitutions of collateral must be disregarded.

(B) Loans not secured by real or personal property are deemed owned and used in this state if the borrower is located in this state.

(C) Credit card receivables are deemed owned and used in this state if the billing address of the cardholder is in this state.

(ii)(A) Except as otherwise provided in (d)(ii)(B) of this subsection (2), the definitions in the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions as existing on June 1, 2010, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, apply to this section.

(B) "Credit card" means a card or device existing for the purpose of obtaining money, property, labor, or services on credit.

(e) Notwithstanding anything else to the contrary in this subsection, property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section does not include a person's ownership of, or rights in, computer software as defined in RCW 82.04.215, including computer software used in providing a digital automated service; master copies of software; and digital goods and digital codes residing on servers located in this state.

(3)(a) Payroll counting toward the thresholds in subsection (1)(c)(ii) and (iv) of this section is the total amount paid by the taxpayer for compensation in this state during the immediately preceding tax year plus nonemployee compensation paid to representative third parties in this state. Nonemployee compensation paid to representative third parties includes the gross amount paid to nonemployees who represent the taxpayer

in interactions with the taxpayer's clients and includes sales commissions.

(b) Employee compensation is paid in this state if the compensation is properly reportable to this state for unemployment compensation tax purposes, regardless of whether the compensation was actually reported to this state.

(c) Nonemployee compensation is paid in this state if the service performed by the representative third party occurs entirely or primarily within this state.

(d) For purposes of this subsection, "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees or nonemployees and defined as gross income under 26 U.S.C. Sec. 61 of the federal internal revenue code of 1986, as existing on June 1, 2010.

(4) Receipts counting toward the thresholds in subsection (1)(c)(iii) and (iv) of this section are:

(a) Those amounts included in the numerator of the receipts factor under RCW 82.04.462;

(b) For financial institutions, those amounts included in the numerator of the receipts factor under the rule adopted by the department as authorized in RCW 82.04.460(2); and

(c) For persons taxable under RCW 82.04.250(1), 82.04.257(1), or 82.04.270 (~~with respect to wholesale sales~~), the gross proceeds of sales taxable under those statutory provisions and sourced to this state in accordance with RCW 82.32.730.

(5)(a) Each December, the department must review the cumulative percentage change in the consumer price index. The department must adjust the thresholds in subsection (1)(c)(i) through (iii) of this section if the consumer price index has changed by five percent or more since the later of June 1, 2010, or the date that the thresholds were last adjusted under this subsection. For purposes of determining the cumulative percentage change in the consumer price index, the department must compare the consumer price index available as of December 1st of the current year with the consumer price index as of the later of June 1, 2010, or the date that the thresholds were last adjusted under this subsection. The thresholds must be adjusted to reflect that cumulative percentage change in the consumer price index. The adjusted thresholds must be rounded to the nearest one thousand dollars. Any adjustment will apply to tax periods that begin after the adjustment is made.

(b) As used in this subsection, "consumer price index" means the consumer price index for all urban consumers (CPI-U) available from the bureau of labor statistics of the United States department of labor.

(6)(a)(i) Except as provided in (a)(iii) of this subsection (6), subsections (1) through (5) of this section only apply with respect to the taxes on persons engaged in apportionable activities as defined in RCW 82.04.460 or making wholesale sales taxable under RCW 82.04.257(1) or 82.04.270.

(ii) Subject to the limitation in RCW 82.32.531, for purposes of the taxes imposed under this chapter on ((any)) the business of making sales at retail or any other activity not included in the definition of apportionable activities in RCW 82.04.460, other than the business of making wholesale sales taxed under RCW 82.04.257(1) or 82.04.270, ((except as provided in RCW 82.32.531,)) a person is deemed to have a substantial nexus with this state if the person has a physical presence in this state during the tax year, which need only be demonstrably more than a slightest presence.

(iii) For purposes of the taxes imposed under this chapter on the business of making sales at retail taxable under RCW 82.04.250(1) or 82.04.257(1), a person is also deemed to have a substantial nexus with this state if the person's receipts from this state, pursuant to subsection (4)(c) of this section, meet either

2017 REGULAR SESSION

critereon in subsection (1)(c)(iii) or (iv) of this section, as adjusted under subsection (5) of this section.

(b) For purposes of this subsection, a person is physically present in this state if the person has property or employees in this state.

(c)(i) A person is also physically present in this state for the purposes of this subsection if the person, either directly or through an agent or other representative, engages in activities in this state that are significantly associated with the person's ability to establish or maintain a market for its products in this state.

(ii) A remote seller as defined in RCW 82.08.052 is presumed to be engaged in activities in this state that are significantly associated with the remote seller's ability to establish or maintain a market for its products in this state if the remote seller is presumed to have a substantial nexus with this state under RCW 82.08.052. The presumption in this subsection (6)(c)(ii) may be rebutted as provided in RCW 82.08.052. To the extent that the presumption in RCW 82.08.052 is no longer operative pursuant to RCW 82.32.762, the presumption in this subsection (6)(c)(ii) is no longer operative. ~~((Nothing in this section may be construed to affect in any way RCW 82.04.424, 82.08.050(11), or 82.12.040(5) or to narrow the scope of the terms "agent" or "other representative" in this subsection (6)(c).))~~

Sec. 203. RCW 82.04.220 and 2011 1st sp.s. c 20 s 101 are each amended to read as follows:

(1) There is levied and collected from every person that has a substantial nexus with this state a tax for the act or privilege of engaging in business activities. The tax is measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be.

(2)(a) ~~A person who has a substantial nexus with this state in ((any tax year under the provisions of RCW 82.04.067 will be deemed to have a substantial nexus with this state for the following tax year))~~ the current calendar year under the provisions of RCW 82.04.067, based solely on the person's property, payroll, or receipts in this state during the current calendar year, is subject to the tax imposed under this chapter for the current calendar year only on business activity occurring on and after the date that the person established a substantial nexus with this state in the current calendar year.

(b) This subsection (2) does not apply to any person who also had a substantial nexus with this state (i) during the immediately preceding calendar year under RCW 82.04.067, or (ii) during the current calendar year under RCW 82.04.067 (1) (a) or (b) or (6) (a)(ii) or (c).

NEW SECTION. **Sec. 204.** RCW 82.04.424 (Exemptions—Certain in-state activities) and 2015 3rd sp.s. c 5 s 206 & 2003 c 76 s 2 are each repealed.

NEW SECTION. **Sec. 205.** A new section is added to chapter 82.08 RCW to be codified between RCW 82.08.050 and 82.08.052 to read as follows:

A seller with a substantial nexus with this state must comply with the provisions of this chapter.

NEW SECTION. **Sec. 206.** A new section is added to chapter 82.08 RCW to be codified between RCW 82.08.052 and 82.08.054 to read as follows:

(1) A seller has a substantial nexus with this state during a calendar year for the purposes of collecting the taxes imposed under this chapter if, during the current or immediately preceding calendar year:

(a) The seller had its property or employees in this state for the seller's business purposes; or

(b) The seller's receipts from retail sales in this state, pursuant to RCW 82.04.067(4), meet either criterion in RCW 82.04.067(1)(c) (iii) or (iv), as adjusted under RCW 82.04.067(5).

(2) A seller also has a substantial nexus with this state during a calendar year for the purposes of collecting the taxes imposed under this chapter if the seller's total gross proceeds of sales at retail sourced to this state under RCW 82.32.730 exceed ten thousand dollars during the current or immediately preceding calendar year and at any time during such current or immediately preceding calendar year:

(a)(i) The seller offers its products for sale through one or more marketplaces operated by any marketplace facilitator that has a substantial nexus with this state; or

(ii) The seller or another person, as the case may be, including an affiliated person, other than a common carrier acting solely as a common carrier, engages in or performs any of the following activities in this state, but not including the activities described in RCW 82.08.052:

(A) Sells a similar line of products as the seller and does so under the same business name as the seller or a similar business name as the seller;

(B) Uses its employees, agents, representatives, or independent contractors in this state to promote or facilitate sales by the seller to purchasers in this state;

(C) Maintains, occupies, or uses an office, distribution facility, warehouse, storage place, or similar place of business in this state to facilitate the delivery or sale of tangible personal property sold by the seller to the seller's purchasers in this state;

(D) Uses, with the seller's consent or knowledge, trademarks, service marks, or trade names in this state that are the same or substantially similar to those used by the seller;

(E) Delivers, installs, assembles, or performs maintenance or repair services for the seller's purchasers in this state;

(F) Facilitates the sale of tangible personal property to purchasers in this state by allowing the seller's purchasers in this state to pick up or return tangible personal property sold by the seller at an office, distribution facility, warehouse, storage place, or any other place of business maintained by that person in this state;

(G) Shares management, business systems, business practices, or employees with the seller or, in the case of an affiliated person, engages in intercompany transactions related to the activities occurring with the seller to establish or maintain the seller's market in this state; or

(H) Conducts any other activities in this state that are significantly associated with the seller's ability to establish and maintain a market in this state for the seller's sales of products to purchasers in this state; or

(b)(i) The seller is under contract with a payment processor or merchant bank, or accepts credit cards issued either by a financial institution under a license from a credit card association or by an entity that also authorizes purchases and settles with consumers and merchants, if the payment processor, merchant bank, credit card association, or credit card issuer has a substantial nexus with this state for purposes of collecting the taxes imposed under this chapter.

(ii) Pursuant to RCW 82.32.330(3)(u), the department may disclose the identity of payment processors, credit card associations, credit card issuers described in (b)(i) of this subsection (2), and merchant banks that have a substantial nexus with this state for purposes of collecting the taxes imposed under this chapter.

(3)(a) For purposes of subsection (2)(a)(i) of this section, a marketplace facilitator is deemed to have a substantial nexus with this state during a calendar year if:

(i) The marketplace facilitator or any affiliated person maintained a physical presence in this state during any portion of the current or immediately preceding calendar year to engage in

any of the activities described in subsection (5)(a)(i) or (ii) of this section; or

(ii) The marketplace facilitator generated more than ten thousand dollars of gross proceeds of sales in the current or immediately preceding calendar year from retail sales made through its physical or electronic marketplace by sellers that are physically located in this state. For purposes of this subsection (3)(a)(ii), a seller is presumed to be physically located in this state if the address for the seller maintained in the business records of the marketplace facilitator is in this state.

(b) Pursuant to RCW 82.32.330(3)(u), the department may disclose the identity of marketplace facilitators that have a substantial nexus with this state for purposes of collecting the taxes imposed under this chapter.

(4) For purposes of this section, persons are "affiliated persons" with respect to each other where one of the persons has an ownership interest of more than five percent, whether direct or indirect, in the other, or where an ownership interest of more than five percent, whether direct or indirect, is held in each of the persons by another person or by a group of other persons who are affiliated with respect to each other.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Marketplace facilitator" means a person that contracts with sellers to facilitate, for consideration, the sale of the seller's products through a physical or electronic marketplace operated by the person, and engages, either directly or indirectly, through one or more affiliated persons, in:

(i) Any of the following:

(A) Transmitting or otherwise communicating the offer or acceptance between the buyer and seller;

(B) Owning or operating the infrastructure, electronic or physical, or technology that brings buyers and sellers together;

(C) Providing a virtual currency that buyers are allowed or required to use to purchase products from the seller; or

(D) Software development or research and development activities related to any of the activities described in (a)(i)(A) through (C) or (ii)(A) through (H) of this subsection (5), if such activities are directly related to a physical or electronic marketplace operated by the person or an affiliated person; and

(ii) Any of the following activities with respect to the seller's products:

(A) Payment processing services;

(B) Fulfillment or storage services;

(C) Listing products for sale;

(D) Setting prices;

(E) Branding sales as those of the marketplace facilitator;

(F) Order taking;

(G) Advertising or promotion; or

(H) Providing customer service or accepting or assisting with returns or exchanges.

(b) "Merchant bank" means a financial institution or any other member of a credit card network that allows the seller to accept credit card payments and is responsible for depositing transaction proceeds into the seller's designated account.

(c) "Payment processor" means a person that contracts directly with a seller to provide settlement for the seller's credit card, debit card, or other payment transactions.

(d) "Product" means any property or service that is sold in a sale at retail as defined in RCW 82.04.050.

(6) This section is subject to RCW 82.32.762.

NEW SECTION. Sec. 207. A new section is added to chapter 82.08 RCW to be codified between section 206 of this act and RCW 82.08.054 to read as follows:

(1) For purposes of this chapter, a marketplace facilitator is deemed to be an agent of any marketplace seller making retail

sales through the marketplace facilitator's physical or electronic marketplace. A marketplace facilitator with a substantial nexus with this state must collect and remit to the department the taxes imposed under this chapter on all taxable retail sales made through the marketplace facilitator's marketplace and sourced to this state under RCW 82.32.730, whether as principal or as the agent of a marketplace seller.

(2) A marketplace facilitator is relieved of liability under this chapter for failure to collect the correct amount of tax to the extent that the marketplace facilitator can show to the department's satisfaction that the error was due to incorrect information given to the marketplace facilitator by the marketplace seller, unless the marketplace facilitator and marketplace seller are affiliated persons. Where the marketplace facilitator is relieved of liability under this subsection (2), the marketplace seller is solely liable for the amount of uncollected tax due.

(3)(a) A marketplace facilitator is relieved of liability under this chapter for the failure to collect tax on taxable retail sales to the extent that the marketplace facilitator can show to the department's satisfaction that:

(i) The taxable retail sale was made through the marketplace facilitator's marketplace;

(ii) The taxable retail sale was made solely as the agent of a marketplace seller, and the marketplace facilitator and marketplace seller are not affiliated persons; and

(iii) The failure to collect sales tax was not due to an error in sourcing the sale under RCW 82.32.730.

(b) Where the marketplace facilitator is relieved of liability under this subsection (3), the marketplace seller is also relieved of liability for the amount of uncollected tax due, subject to the limitations in subsection (4) of this section.

(4) A marketplace seller with a substantial nexus with this state is relieved of its obligation to collect the taxes imposed under this chapter on all taxable retail sales through a marketplace operated by a marketplace facilitator if the marketplace seller has obtained documentation from the marketplace facilitator indicating that the marketplace facilitator is registered with the department and will collect all applicable taxes due under this chapter on all taxable retail sales made on behalf of the marketplace seller through the marketplace operated by the marketplace facilitator. The documentation required by this subsection (4) must be provided in a form and manner prescribed by or acceptable to the department. This subsection (4) does not relieve a marketplace seller from liability for uncollected taxes due under this chapter resulting from a marketplace facilitator's failure to collect the proper amount of tax due when the error was due to incorrect information given to the marketplace facilitator by the marketplace seller.

(5) Nothing in this section affects the obligation of any purchaser to remit sales or use tax as to any applicable taxable transaction in which the seller or the seller's agent does not collect and remit sales tax.

(6) For purposes of this section, the following definitions apply:

(a) "Affiliated person" has the same meaning as in section 206 of this act.

(b) "Marketplace facilitator" has the same meaning as in section 206 of this act.

(c) "Marketplace seller" means a seller that makes retail sales through any physical or electronic marketplace operated by a marketplace facilitator, regardless of whether the seller is required to be registered with the department as provided in RCW 82.32.030.

(7) This section is subject to RCW 82.32.762.

Sec. 208. RCW 82.08.050 and 2010 c 112 s 8 are each amended to read as follows:

(1)(a) The tax imposed in this chapter must be paid by the buyer to the seller. Each seller must collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department under the provisions of RCW 82.08.060.

(b) Sellers, including marketplace facilitators as defined in section 206 of this act, establishing a substantial nexus with this state during the current calendar year based solely on the provisions of section 206 (1)(b), (2), or (3)(a)(ii) of this act, and who did not have a substantial nexus with this state during the immediately preceding calendar year for purposes of collecting the taxes imposed under this chapter, must begin collecting state and local sales taxes on taxable retail sales sourced to this state beginning on the first day of the calendar month that is at least thirty days from the date that the person established a substantial nexus with this state.

(2) The tax required by this chapter, to be collected by the seller, is deemed to be held in trust by the seller until paid to the department. Any seller who appropriates or converts the tax collected to the seller's own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a gross misdemeanor.

(3) Except as otherwise provided in this section, if any seller fails to collect the tax imposed in this chapter or, having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is, nevertheless, personally liable to the state for the amount of the tax.

(4) Sellers are not relieved from personal liability for the amount of the tax unless they maintain proper records of exempt or nontaxable transactions and provide them to the department when requested.

(5) Sellers are not relieved from personal liability for the amount of tax if they fraudulently fail to collect the tax or if they solicit purchasers to participate in an unlawful claim of exemption.

(6) Sellers are not relieved from personal liability for the amount of tax if they accept an exemption certificate from a purchaser claiming an entity-based exemption if:

(a) The subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller in Washington; and

(b) Washington provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in Washington. Graying out exemption reason types on a uniform form and posting it on the department's web site is a clear and affirmative indication that the grayed out exemptions are not available.

(7)(a) Sellers are relieved from personal liability for the amount of tax if they obtain a fully completed exemption certificate or capture the relevant data elements required under the streamlined sales and use tax agreement within ninety days, or a longer period as may be provided by rule by the department, subsequent to the date of sale.

(b) If the seller has not obtained an exemption certificate or all relevant data elements required under the streamlined sales and use tax agreement within the period allowed subsequent to the date of sale, the seller may, within one hundred twenty days, or a longer period as may be provided by rule by the department, subsequent to a request for substantiation by the department, either prove that the transaction was not subject to tax by other means or obtain a fully completed exemption certificate from the purchaser, taken in good faith.

(c) Sellers are relieved from personal liability for the amount of tax if they obtain a blanket exemption certificate for a purchaser with which the seller has a recurring business relationship. The department may not request from a seller renewal of blanket exemption certificates or updates of exemption certificate information or data elements if there is a recurring business relationship between the buyer and seller. For purposes of this subsection (7)(c), a "recurring business relationship" means at least one sale transaction within a period of twelve consecutive months.

(d) Sellers are relieved from personal liability for the amount of tax if they obtain a copy of a direct pay permit issued under RCW 82.32.087.

(8) The amount of tax, until paid by the buyer to the seller or to the department, constitutes a debt from the buyer to the seller. Any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter is guilty of a misdemeanor.

(9) Except as otherwise provided in this subsection, the tax required by this chapter to be collected by the seller must be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. Except as otherwise provided in this subsection, for purposes of determining the tax due from the buyer to the seller and from the seller to the department it must be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter. But if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price may not be considered the selling price.

(10) Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax. If the department proceeds directly against the buyer for collection of the tax as authorized in this subsection, the department may add a penalty of ten percent of the unpaid tax to the amount of the tax due for failure of the buyer to pay the tax to the seller, regardless of when the tax may be collected by the department. In addition to the penalty authorized in this subsection, all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, apply. For the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made will be considered as the due date of the tax.

~~(11) ((Notwithstanding subsections (1) through (10) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if:~~

~~(a) The person's activities in this state, whether conducted directly or through another person, are limited to:~~

~~(i) The storage, dissemination, or display of advertising;~~

~~(ii) The taking of orders; or~~

~~(iii) The processing of payments; and~~

~~(b) The activities are conducted electronically via a web site on a server or other computer equipment located in Washington that is not owned or operated by the person making sales into this state nor owned or operated by an affiliated person. "Affiliated persons" has the same meaning as provided in RCW 82.04.424.~~

~~(12) Subsection (11) of this section expires when: (a) The United States congress grants individual states the authority to impose sales and use tax collection duties on remote sellers; or~~

~~(b) it is determined by a court of competent jurisdiction, in a judgment not subject to review, that a state can impose sales and use tax collection duties on remote sellers.~~

~~(13) For purposes of this section:)) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.~~

(a) "Exemption certificate" means documentation furnished by a buyer to a seller to claim an exemption from sales tax. An exemption certificate includes a reseller permit or other documentation authorized in RCW 82.04.470 furnished by a buyer to a seller to substantiate a wholesale sale; and

(b) "Seller" includes a certified service provider, as defined in RCW 82.32.020, acting as agent for the seller.

Sec. 209. RCW 82.08.052 and 2015 3rd sp.s. c 5 s 202 are each amended to read as follows:

(1) For purposes of this chapter, a remote seller is presumed to have a substantial nexus with this state and is obligated to collect retail sales tax during the current calendar year if the remote seller enters into an agreement with a resident of this state under which the resident, for a commission or other consideration, directly or indirectly refers potential customers, whether by a link on an internet web site or otherwise, to the remote seller, if the cumulative gross receipts from sales by the remote seller to Washington customers (in this state) who are referred to the remote seller by all residents with this type of an agreement with the remote seller exceed ten thousand dollars during the current or immediately preceding calendar year. This presumption may be rebutted by proof that the resident with whom the remote seller has an agreement did not engage in any solicitation in this state on behalf of the remote seller that would satisfy the nexus requirement of the United States Constitution during the calendar year in question. Proof may be shown by (a) establishing, in a manner acceptable to the department, that (i) each in-state person with whom the remote seller has an agreement is prohibited from engaging in any solicitation activities in this state that refer potential customers to the remote seller, and (ii) such in-state person or persons have complied with that prohibition; or (b) any other means as may be approved by the department.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Remote seller" means a seller that makes retail sales in this state through one or more agreements described in subsection (1) of this section, and the seller's other physical presence in this state, if any, is not sufficient to establish a retail sales or use tax collection obligation under the commerce clause of the United States Constitution.

(b) "Washington customer" means a purchaser of goods or services that are received in this state by the purchaser or the purchaser's donee. "Washington customer" also means a purchaser that provides a seller with an address in this state during the consummation of the sale, if the location where the goods or services are received by the purchaser or the purchaser's donee is not known.

(3) ((Nothing in this section may be construed to affect in any way RCW 82.04.424, 82.08.050(11), or 82.12.040(5).

(4)) This section is subject to RCW 82.32.762.

Sec. 210. RCW 82.12.040 and 2015 c 169 s 9 are each amended to read as follows:

(1) Every person who ~~((maintains in this state a place of business or a stock of goods, or engages in business activities within this state;))~~ has a substantial nexus with this state based on RCW 82.08.052 or section 206 of this act must obtain from the department a certificate of registration, and must, at the time of making sales of tangible personal property, digital goods, digital codes, digital automated services, extended warranties, or sales of any service defined as a retail sale in RCW 82.04.050 (2) (a) or

(g) or (6)((b)) (c), or making transfers of either possession or title, or both, of tangible personal property for use in this state, collect from the purchasers or transferees the tax imposed under this chapter. The tax to be collected under this section must be in an amount equal to the purchase price multiplied by the rate in effect for the retail sales tax under RCW 82.08.020. ~~((For the purposes of this chapter, the phrase "maintains in this state a place of business" includes the solicitation of sales and/or taking of orders by sales agents or traveling representatives. For the purposes of this chapter, "engages in business activity within this state" includes every activity which is sufficient under the Constitution of the United States for this state to require collection of tax under this chapter. The department must in rules specify activities which constitute engaging in business activity within this state, and must keep the rules current with future court interpretations of the Constitution of the United States.))~~

(2) Every person who engages in this state in the business of acting as an independent selling agent for persons who do not hold a valid certificate of registration, and who receives compensation by reason of sales of tangible personal property, digital goods, digital codes, digital automated services, extended warranties, or sales of any service defined as a retail sale in RCW 82.04.050 (2) (a) or (g) or (6)((b)) (c), of his or her principals for use in this state, must, at the time such sales are made, collect from the purchasers the tax imposed on the purchase price under this chapter, and for that purpose is deemed a retailer as defined in this chapter.

(3) The tax required to be collected by this chapter is deemed to be held in trust by the retailer until paid to the department, and any retailer who appropriates or converts the tax collected to the retailer's own use or to any use other than the payment of the tax provided herein to the extent that the money required to be collected is not available for payment on the due date as prescribed is guilty of a misdemeanor. In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay the same to the department in the manner prescribed, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is nevertheless personally liable to the state for the amount of such tax, unless the seller has taken from the buyer a copy of a direct pay permit issued under RCW 82.32.087.

(4) Any retailer who refunds, remits, or rebates to a purchaser, or transferee, either directly or indirectly, and by whatever means, all or any part of the tax levied by this chapter is guilty of a misdemeanor.

(5) ~~((Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if:~~

(a) ~~The person's activities in this state, whether conducted directly or through another person, are limited to:~~

(i) ~~The storage, dissemination, or display of advertising;~~

(ii) ~~The taking of orders; or~~

(iii) ~~The processing of payments; and~~

(b) ~~The activities are conducted electronically via a web site on a server or other computer equipment located in Washington that is not owned or operated by the person making sales into this state nor owned or operated by an affiliated person. "Affiliated persons" has the same meaning as provided in RCW 82.04.424.~~

(6) ~~Subsection (5) of this section expires when: (a) The United States congress grants individual states the authority to impose sales and use tax collection duties on remote sellers; or (b) it is determined by a court of competent jurisdiction, in a judgment not subject to review, that a state can impose sales and use tax collection duties on remote sellers.~~

imposed by this chapter if the person would have been obligated to collect retail sales tax on the sale absent a specific exemption provided in chapter 82.08 RCW, and there is no corresponding use tax exemption in this chapter. Nothing in this subsection ((7)) (5) may be construed as relieving purchasers from liability for reporting and remitting the tax due under this chapter directly to the department.

((8)) (6) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the state is prohibited under the Constitution or laws of the United States from requiring the person to collect the tax imposed by this chapter.

((9)) (7) Notwithstanding subsections (1) through (4) of this section, any licensed dealer facilitating a firearm sale or transfer between two unlicensed persons by conducting background checks under chapter 9.41 RCW is not obligated to collect the tax imposed by this chapter.

NEW SECTION. **Sec. 211.** A new section is added to chapter 82.32 RCW to read as follows:

(1) Notwithstanding any other provision of law, and whether or not the department initiates an audit or other tax collection procedure, the department may bring a declaratory judgment action under chapter 7.24 RCW, regardless of any other remedy available to the department, against any person the department believes has a substantial nexus with this state under section 206(1)(b) of this act to establish that the obligation to remit sales tax is applicable and valid under state and federal law.

(2) The filing of the declaratory judgment action by the department as authorized in this section prohibits the department, during the pendency of the action and any subsequent appeal, from enforcing the tax collection obligations of chapter 82.08 RCW against any remote seller who does not affirmatively consent or otherwise remit sales tax to the department on a voluntary basis. The prohibition in this subsection does not apply if there is a previous judgment from a court establishing the validity of the tax collection obligations of chapter 82.08 RCW with respect to the particular taxpayer.

(3) Notwithstanding any other provisions of state law, attorneys' fees may not be awarded to any party in any action brought pursuant to this section or any appeal from any action brought pursuant to this section.

(4) For purposes of this section, "remote seller" means any seller that makes retail sales in this state but does not have a physical presence in this state.

NEW SECTION. **Sec. 212.** A new section is added to chapter 82.32 RCW to read as follows:

(1) A taxpayer that, for the purposes of the tax collection obligations in chapter 82.08 RCW, has a substantial nexus with this state solely under the provisions of section 206(1)(b) of this act and is complying with the requirements of chapter 82.08 RCW, voluntarily or otherwise, may only seek a recovery of sales taxes, penalties, or interest from the department by following the recovery procedures established under RCW 82.32.060. However, no claim may be granted on the basis that the taxpayer lacked a physical presence in the state and complied with the tax collection provisions of chapter 82.08 RCW voluntarily while covered by the prohibition on enforcement provided in section 211 of this act.

(2) Neither the state nor any seller who remits sales tax voluntarily or otherwise under this act is liable to a purchaser who claims that the sales tax has been over collected because a provision of this act is later deemed unlawful.

(3) Nothing in this act affects the obligation of any purchaser from this state to remit sales or use tax as to any applicable taxable transaction in which the seller does not collect and remit sales tax.

Sec. 213. RCW 82.32.762 and 2015 3rd sp.s. c 5 s 205 are each amended to read as follows:

(1) If the department determines that a change, taking effect after ((September 1, 2015)) the effective date of this section, in the streamlined sales and use tax agreement or federal law creates a conflict with any provision of RCW 82.08.052, section 206 of this act, or section 207 of this act, such conflicting provision or provisions of RCW 82.08.052, section 206 of this act, or section 207 of this act, including any related provisions that would not function as originally intended, have no further force and effect as of the date the change in the streamlined sales and use tax agreement or federal law becomes effective.

(2) For purposes of this section:

(a) A change in federal law conflicts with RCW 82.08.052, section 206 of this act, or section 207 of this act if the change clearly allows states to impose greater sales and use tax collection obligations on remote sellers than provided for, or clearly prevents states from imposing sales and use tax collection obligations on remote sellers to the extent provided for, under RCW 82.08.052, section 206 of this act, or section 207 of this act.

(b) A change in the streamlined sales and use tax agreement conflicts with RCW 82.08.052, section 206 of this act, or section 207 of this act if one or more provisions of RCW 82.08.052, section 206 of this act, or section 207 of this act causes this state to be found out of compliance with the streamlined sales and use tax agreement by its governing board.

(3) If the department makes a determination under this section that a change in federal law or the streamlined sales and use tax agreement conflicts with one or more provisions of RCW 82.08.052, section 206 of this act, or section 207 of this act, the department:

(a) May adopt rules in accordance with chapter 34.05 RCW that are consistent with the streamlined sales and use tax agreement and that impose sales and use tax collection obligations on remote sellers to the fullest extent allowed under state and federal law; and

(b) Must include information on its web site informing taxpayers and the public (i) of the provision or provisions of RCW 82.08.052, section 206 of this act, or section 207 of this act that will have no further force and effect, (ii) when such change will become effective, and (iii) about how to participate in any rule making conducted by the department in accordance with (a) of this subsection (3).

(4) For purposes of this section, "remote seller" has the same meaning as in RCW 82.08.052.

Part III

requirements of this section. For taxable retail sales made through a marketplace facilitator or other agent, the marketplace facilitator or other agent must comply with the notice and reporting requirements of this section, and the principal is not subject to the notice and reporting requirements of this section with respect to those sales.

(2) A seller subject to the notice and reporting requirements of this section must provide a notice to each consumer at the time of each taxable retail sale.

(a) The notice under this subsection (2) must include the following information:

(i) A statement that neither sales nor use tax is being collected or remitted upon the sale;

(i) Such indication is followed immediately with the notice required by this subsection (2); or

(ii) The transaction with respect to which the indication is given is exempt from sales and use tax pursuant to law.

(3) A seller subject to the notice and reporting requirements of this section must, no later than January 31st of each year, provide a report to each consumer for whom the seller was required to provide a notice under subsection (2) of this section.

(a) The report under this subsection (3) must include:

(i) A statement that the seller did not collect sales or use tax on the consumer's transactions with the seller and that the consumer may be required to remit such tax directly to the department;

(iv) A statement that the seller is required to submit a report to the department pursuant to subsection (4) of this section stating the total dollar amount of the consumer's purchases from the seller; and

(v) Any information as the department may reasonably require.

(b) The report required under this subsection (3) must be sent to the consumer's billing address, or if unknown, the consumer's shipping address, in an envelope marked prominently with words indicating important tax information is enclosed. If no billing or shipping address is known, the report must be sent electronically to the consumer's last known email address with a subject heading indicating important tax information is enclosed.

(4) A seller subject to the notice and reporting requirements of this section must, no later than January 31st of each year, file a report with the department.

(a) The report under this subsection (4) must include, with respect to each consumer to whom the seller is required to provide a report under subsection (3) of this section by January 31st of the current calendar year:

(i) The consumer's name;

(ii) The billing address and, if different, the last known mailing address;

(iii) The shipping address for each product sold or leased to such consumer for delivery to a location in this state during the immediately preceding calendar year; and

(iv) The total dollar amount of all such purchases by such consumer.

(b) The report under this subsection (4) must be filed electronically in a form and manner required by the department.

(5) The following exemptions to the notice and reporting requirements of this section apply:

(a) A seller who made less than two hundred thousand dollars in total worldwide gross retail sales during the immediately preceding calendar year is not required to file reports under subsections (3) and (4) of this section in the current calendar year.

(b) A seller who made less than one hundred thousand dollars in total worldwide gross retail sales during the immediately preceding calendar year is not required to provide notice under subsection (2) of this section with respect to retail sales made in the current calendar year.

(c) A seller who made less than one hundred thousand dollars in total gross retail sales sourced to this state under RCW 82.32.730 during the immediately preceding calendar year is not required to file reports under subsections (3) and (4) of this section in the current calendar year.

(d) A seller who made less than fifty thousand dollars in total gross retail sales sourced to this state under RCW 82.32.730 during the immediately preceding calendar year is not required to provide notice under subsection (2) of this section with respect to retail sales made in the current calendar year.

(e) A seller who is registered with the department to collect and remit sales and use tax, and who makes a reasonable effort to comply with the requirements of RCW 82.08.050 and 82.12.040, is not required to provide notice or file reports under this section.

NEW SECTION. Sec. 303. (1) The following penalties apply to any seller who fails to provide notices and reports as required by section 302 of this act:

(a) The department must assess a penalty against any seller who fails to provide notice as required by section 302(2) of this act, in addition to any other applicable penalties, in the amount of five dollars for each such failure.

(b) The department must assess a penalty against any seller who fails to provide a report as required by section 302(3) of this act, in addition to any other applicable penalty, in the amount of ten dollars for each such failure.

(c) The department must assess a penalty against any seller who fails to file a report as required by section 302(4) of this act, in addition to any other applicable penalty, equal to ten dollars times the number of such consumers that should have been included on such report.

(2) When assessing a penalty under this section, the department may use any reasonable sampling or estimation technique where necessary or appropriate to determine the number of failures in any calendar year.

(3) Interest accrues on the amount of the total penalty that has been assessed under this section until the total penalty amount is paid in full. Interest imposed under this section must be computed and assessed as provided in RCW 82.32.050 as if the penalty imposed under this subsection were a tax liability.

(4) The department must notify a seller by mail, or electronically as provided in RCW 82.32.135, of the amount of any penalty and interest due under this section. Amounts due under this section must be paid in full within thirty days from the date of the notice, or within such further time as the department may provide in its sole discretion.

(5)(a)(i) A seller is entitled to a conditional waiver of penalties and interest imposed under this section if the seller enters into a written agreement with the department committing to fully

2017 REGULAR SESSION

comply with all notice and reporting requirements of this chapter beginning by a date acceptable to the department.

(ii) The department may grant a waiver of penalties and interest under this subsection (5)(a) for penalties and interest assessed for a seller's failure to comply with the notice and reporting requirements for one or more violations.

(iii) The department may not grant more than one request by a seller for a waiver of penalties and interest under this subsection (5)(a).

(iv) The department must reassess penalties and interest conditionally waived under this subsection (5)(a) if the department finds that, after the date that the seller agreed to fully comply with the notice and reporting requirements of this chapter, the seller failed to:

(A) Provide notice under section 302(2) of this act to at least ninety-five percent of the consumers entitled to such notice in any given calendar year or portion of the initial calendar year in which the agreement required under this subsection was in effect if the agreement was in effect for less than the entire calendar year;

(B) Timely provide the reports required under section 302(3) of this act to all consumers who received notice from the seller under section 302(2) of this act during any calendar year, unless the department finds that any such failure was due to circumstances beyond the seller's control; or

(C) Timely provide the reports required under section 302(4) of this act during any calendar year, unless the department finds that any such failure was due to circumstances beyond the seller's control.

(v) The department may not reassess penalties and interest conditionally waived under this subsection (5)(a) more than four calendar years following the calendar year in which the department granted the conditional waiver under this subsection (5)(a).

(vi) The provisions of subsection (4) of this section apply to penalties and interest reassessed under this subsection (5)(a). The department may add additional interest on penalties reassessed under this subsection (5)(a) only if the total amount of penalties reassessed under this subsection (5)(a) is not paid in full by the date due. Additional interest authorized under this subsection (5)(a)(vi) applies beginning on the day immediately following the day that the reassessed penalties were due and accrues until the total amount of reassessed penalties are paid in full.

(b) The department must waive penalties and interest imposed under this section if the department determines that the failure of the seller to fully comply with the notice or reporting requirements was due to circumstances beyond the seller's control.

(c) A request for a waiver of penalties and interest under this subsection must be received by the department in writing and before the penalties and interest for which a waiver is requested are due pursuant to subsection (4) of this section. The department must deny any request for a waiver of penalties and interest that does not fully comply with the provisions of this subsection (5)(c).

NEW SECTION. Sec. 304. Chapter 82.32 RCW applies to the administration of this chapter.

NEW SECTION. Sec. 305. (1) Except as otherwise provided in this section, taxes imposed under chapter 82.08 or 82.12 RCW on a taxable retail sale and payable by a consumer directly to the department are due, on returns prescribed by the department, by March 1st of the calendar year immediately following the calendar year in which the taxable retail sale occurred.

(2) This section does not apply to the reporting and payment of taxes imposed under chapters 82.08 and 82.12 RCW:

(a) On the retail sale or use of motor vehicles, vessels, or aircraft; or

(b) By consumers who are engaged in business, unless the department has relieved the consumer of the requirement to file returns pursuant to RCW 82.32.045(4).

NEW SECTION. Sec. 306. Nothing in this chapter relieves sellers or consumers who are subject to chapter 82.08 or 82.12 RCW from any responsibilities imposed under those chapters. Nor does anything in this chapter prevent the department from administering and enforcing the taxes imposed under chapter 82.08 or 82.12 RCW with respect to any seller or consumer who is subject to such taxes.

Sec. 307. RCW 82.32.045 and 2010 1st sp.s. c 23 s 1103 are each amended to read as follows:

(2) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(3) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

(4) Notwithstanding subsections (1) and (2) of this section, the department may relieve any person of the requirement to file returns if the following conditions are met:

(a) The person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than:

(i) Twenty-eight thousand dollars per year; or

(ii) Forty-six thousand six hundred sixty-seven dollars per year for persons generating at least fifty percent of their taxable amount from activities taxable under RCW 82.04.255, 82.04.290(2)(a), and 82.04.285;

(b) The person's gross income of the business from all activities taxable under chapter 82.16 RCW is less than twenty-four thousand dollars per year; and

(c) The person is not required to collect or pay to the department of revenue any other tax or fee which the department is authorized to collect.

"**Sec. 5.** 2017 c ... (SSB 5607) s 101 (uncodified) is amended to read as follows:

(1) The legislature finds that in recent years, the long running K-12 funding debate has narrowly focused on the overreliance by school districts on local school levies, which are neither regular nor dependable. This narrow focus overlooks a number of other deficiencies and inequities in the current K-12 funding structure. The legislature further finds that the current system unfairly drives more money to wealthier districts, on a per pupil basis, for low-income, special education, and transitional bilingual students than to poor districts. The legislature further finds that the current funding structure lacks transparency due to an overly complicated staffing model. The legislature further finds that the overall level of financial resources available to property-rich districts greatly exceeds the overall level of resources available to property-poor

districts. The legislature further finds that the current funding structure does not incorporate any significant adjustment to reflect regional cost differences, which leads to other inequities. The legislature further finds that while the primary focus of the legislature is to address the funding aspects of K-12 education, the system should be viewed holistically by evaluating and incorporating broader reforms to ensure that the students of our state are receiving the best possible education.

(2)(a) Based on the foregoing, the legislature finds that a quality K-12 funding structure should focus on four broad objectives: Ampleness, dependability, equity, and transparency.

(b) The legislature further finds that ampleness envelops several core issues. First, an ample K-12 funding structure should pay for the actual cost of providing the state's program of basic education. Second, an ample K-12 funding structure recognizes that different children, for example low-income students or English language learners, require different levels of resources.

(c) The legislature further finds that a dependable funding structure involves a binding and unwavering guarantee by the state that does not fluctuate with short-term economic changes.

(d) The legislature further finds that an equitable K-12 funding structure guarantees a uniform foundational level of financial resources for all school districts coupled with an additional recognition that the cost to pay for educational services is different in different parts of the state. The legislature further finds that an equitable K-12 funding structure reflects a reality that the residents of different school districts have different abilities to financially contribute to the funding of the students residing within their districts.

(e) The legislature further finds that a transparent K-12 funding structure is simple and straightforward, and thereby allows the public to more easily understand how their tax dollars are being spent, which increases accountability.

(3) Based on the foregoing, the legislature intends to create an ample, dependable, equitable, and transparent K-12 funding structure that benefits our state and students. The revised funding structure in chapter . . . (SSB 5607), Laws of 2017 is set to take effect with the 2018-19 school year and includes the following major elements:

(a) A basic per pupil guarantee of ten thousand dollars per student. This basic per pupil guarantee is set at a level necessary to exceed the entire projected cost under current law of state general apportionment funding, state levy equalization funding, state pupil transportation funding, and all local school district maintenance and operation levies by approximately one hundred twenty-six million dollars;

(b) A state-required local contribution, referred to as a local effort levy, to be applied towards the basic per pupil guarantee. The levy would be uniformly imposed in every school district at a rate specified in the omnibus appropriations act, but not exceeding one dollar and eighty cents per thousand dollars of assessed value. In essence, the ~~((local effort levy))~~ new state property tax would be applied to the total cost of the basic per pupil guarantee in each school district, with the state backfilling the difference in order to meet the state guarantee. There is a minimum state contribution that requires the state to pay for at least forty percent of the basic per pupil guarantee. The property tax rate would be lowered in future years, as undedicated state revenues become available. A small school hold-harmless provision is included. Under this provision, for any school district that is estimated to receive less funding through the basic per pupil guarantee than projected under current law for the state and local funding sources the basic per pupil guarantee is replacing, the district will receive the higher amount;

(c) An additional seven thousand five hundred dollars per pupil guarantee for special education students;

(d) An additional one thousand dollars per pupil guarantee for transitional bilingual students, which is estimated to generate approximately ten million more dollars than what transitional bilingual funding is projected to yield under current law;

(e) An additional two to five thousand dollars per pupil guarantee for students in poverty, which is estimated to generate approximately one hundred fifty million more dollars than what funding for poverty students is projected to yield under current law;

(f) A one thousand dollar per pupil guarantee for highly capable students, which would double the estimated enhanced funding level for this program under current law;

(g) A five hundred dollar per pupil guarantee for career and technical education students and students enrolled in skills centers, which would double the estimated enhanced funding level for these programs under current law;

(h) A one thousand five hundred dollar per pupil guarantee for homeless students, which is estimated to generate approximately fourteen million dollars;

(i) A housing allowance for certificated instructional, certificated administrative, and classified staff in districts where the average home value is above the statewide average. The housing allowance would be up to ten thousand dollars per person, depending on the school district;

(j) A twelve thousand five hundred dollar teacher recruitment and retention incentive for certificated instructional and certificated administrative staff in school districts where the poverty rate exceeds twenty percent; and

(k) After all other funding calculations are completed, if the total per pupil funding amount for a school district is less than twelve thousand five hundred dollars when including local, state, and federal revenues, the per pupil amount is increased to twelve thousand five hundred dollars.

(4) The legislature finds that this new funding system, which places students at the center of its structure, meets the four foundational objectives:

(a) Ample – The system provides funds at a significantly higher level per student than the basic education program currently in place. The state provided program of basic education will provide over twelve thousand five hundred dollars on average per pupil for school districts across the state, translating to over two hundred fifty thousand dollars for a classroom of twenty students;

(b) Dependable – The system provides a binding and unwavering guarantee to finance basic education on a guaranteed per pupil basis and eliminates the unconstitutional reliance on unreliable and unfair local excess levies to provide that funding;

(c) Equitable – The system eliminates the current inequitable funding found throughout the state of Washington, and instead, provides a guaranteed level of funding for every pupil based on the pupil's educational characteristics; and

(d) Transparent – The system is transparent and straightforward, thereby allowing the public to more easily understand how its tax dollars are spent and bring about increased accountability.

(5) Finally, the legislature finds these changes, along with reforms in the rest of chapter . . . (SSB 5607), Laws of 2017, are intended and expected to improve the educational opportunities and outcomes of children throughout the state.

Sec. 6. RCW 84.55.--- and 2017 c ... (SSB 5607) s 211 are each amended to read as follows:

(1) For purposes of RCW 84.55.010, 84.55.015, 84.55.020, and 84.55.030, "regular property tax levy rate," "regular property tax rate," and "property tax rate" mean, with respect to impacted taxing districts, the regular property tax levy rate that would have applied if the state property tax levy, through the ~~((local effort~~

~~levy))~~ new state property tax authorized in RCW 84.52.065(2), had not been increased by legislative action after January 1, 2018.

(2) This section applies beginning with taxes levied for collection in 2019 and for taxes levied for collection in subsequent years through 2028.

(3) The department may adopt rules as the department considers necessary to implement this section, consistent with the purpose of those sections as described in section 212, chapter . . . (SSB 5607), Laws of 2017.

(4) This section expires July 1, 2028.

Sec. 7. 2017 c ... (SSB 5607) s 212 (uncodified) is amended to read as follows:

The legislature's purpose in enacting RCW 84.52.--- and 84.55.--- (sections 210 and 211, chapter . . . (SSB 5607), Laws of 2017) is to mitigate the negative financial effects of the ~~((local effort levies))~~ new state property tax on local taxing districts resulting from legislative action after January 1, 2017.

Sec. 8. RCW 84.36.381 and 2017 c ... (SSB 5607) s 213 are each amended to read as follows:

A person is exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing. However, any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant may receive an exemption on more than one residence in any year. Moreover, confinement of the person to a hospital, nursing home, assisted living facility, or adult family home does not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse or a domestic partner and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home, hospital, assisted living facility, or adult family home costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or state registered domestic partnership or owned by cotenants is deemed to be owned by each spouse or each domestic partner or each cotenant, and any lease for life is deemed a life estate;

(3)(a) The person claiming the exemption must be:

(i) Sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability; or

(ii) A veteran of the armed forces of the United States entitled to and receiving compensation from the United States department of veterans affairs at a total disability rating for a service-connected disability.

(b) However, any surviving spouse or surviving domestic partner of a person who was receiving an exemption at the time of the person's death will qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person is exempt from an obligation to pay is calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse or the person's domestic partner, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of forty thousand dollars or less is exempt from all excess property taxes and the ~~((local effort levy))~~ new state property tax imposed under RCW 84.52.065(2); and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less but greater than thirty thousand dollars is exempt from all regular property taxes on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed seventy thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of thirty thousand dollars or less is exempt from all regular property taxes on the greater of sixty thousand dollars or sixty percent of the valuation of his or her residence;

(6)(a) For a person who otherwise qualifies under this section and has a combined disposable income of forty thousand dollars or less, the valuation of the residence is the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation must be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification is the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence is the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

(b) In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

(c) This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property must be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

Sec. 9. RCW 84.36.630 and 2017 c ... (SSB 5607) s 214 are each amended to read as follows:

(1) All machinery and equipment owned by a farmer that is personal property is exempt from property taxes levied for any state purpose, including the ~~((local effort levy))~~ new state property tax imposed under RCW 84.52.065(2), if it is used exclusively in growing and producing agricultural products

during the calendar year for which the claim for exemption is made.

(2) "Farmer" and "agricultural product" have the same meaning as defined in RCW 82.04.213.

(3) A claim for exemption under this section must be filed with the county assessor together with the statement required under RCW 84.40.190, for exemption from taxes payable the following year. The claim must be made solely upon forms as prescribed and furnished by the department of revenue."

A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (d) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.---(4)(a) (section 102 (4)(a), chapter . . . (SSB 5607), Laws of 2017);

(d) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

~~(4) ((A district's maximum levy percentage shall be ten percent))~~ Districts are not subject to the limitations of this section beginning in calendar year ((2020)) 2019 and every year thereafter; however, districts must have their levies approved by the office of the superintendent of public instruction as provided in RCW 84.52.053 to ensure that maintenance and operation levies are not used for basic education programs.

(5) For the purposes of this section, "prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(6) For the purposes of this section, "current school year" means the year immediately following the prior school year.

(7) Funds collected from transportation vehicle fund tax levies shall not be subject to the levy limitations in this section.

(8) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

Sec. 6. RCW 84.52.053 and 2017 c ... (SSB 5607) s 303 are each amended to read as follows:

(1) The limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of taxes by school districts, when authorized so to do by the voters of such school district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state. Elections for such taxes shall be held in the year in which the levy is made or, in the case of propositions authorizing two-year through four-year levies for maintenance and operation support of a school district, authorizing two-year levies for transportation vehicle funds established in RCW 28A.160.130, or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of school facilities, which includes the purposes of RCW 28A.320.330(2) (f) and (g), in the year in which the first annual levy is made.

(2)(a) Once additional tax levies have been authorized for maintenance and operation support of a school district for a two-year through four-year period as provided under subsection (1) of this section, no further additional tax levies for maintenance and operation support of the district for that period may be authorized, except for additional levies to provide for subsequently enacted increases affecting the district's levy base or maximum levy percentage. ~~((School districts may not impose a levy for maintenance and operation support for taxes due and payable in calendar year 2019.))~~

(b) Notwithstanding (a) of this subsection, any school district that is required to annex or receive territory pursuant to a dissolution of a financially insolvent school district pursuant to RCW 28A.315.225 may call either a replacement or supplemental levy election within the school district, including the territory annexed or transferred, as follows:

(i) An election for a proposition authorizing two-year through four-year levies for maintenance and operation support of a school district may be called and held before the effective date of dissolution to replace existing maintenance and operation levies and to provide for increases due to the dissolution.

(ii) An election for a proposition authorizing additional tax levies may be called and held before the effective date of dissolution to provide for increases due to the dissolution.

(iii) In the event a replacement levy election under (b)(i) of this subsection is held but does not pass, the affected school district

may subsequently hold a supplemental levy election pursuant to (b)(ii) of this subsection if the supplemental levy election is held before the effective date of dissolution. In the event a supplemental levy election is held under (b)(ii) of this subsection but does not pass, the affected school district may subsequently hold a replacement levy election pursuant to (b)(i) of this subsection if the replacement levy election is held before the effective date of dissolution. Failure of a replacement levy or supplemental levy election does not affect any previously approved and existing maintenance and operation levy within the affected school district or districts.

(c) For the purpose of applying the limitation of this subsection (2), a two-year through six-year levy to support the construction, modernization, or remodeling of school facilities shall not be deemed to be a tax levy for maintenance and operation support of a school district.

(3) A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

(4) To ensure that maintenance and operation levies are not used for basic education programs, beginning with ballot propositions submitted to the voters in calendar year 2019, districts must provide a report to the office of the superintendent of public instruction detailing the programs and activities to be funded through a proposed levy for maintenance and operation support. The report must be submitted to, and approved by, the office of the superintendent of public instruction prior to the election for the proposition.

PERSONAL PRIVILEGE

Senator Ranker: "Thank you very much Mr. President. This institution has a long history of being respectful to each other and the speeches that are being given. And I personally know that I, and others, feel that when so many members are off the floor watching a basketball game and not paying attention to the work being done on the floor, and some very important speeches, and some of these speeches we may disagree with, but we still need to respect. But when there is that much cheering and such, and we all love Gonzaga, actually I am more of a Husky guy, but anyway, the point is that is not appropriate. And it really takes

away from our institution and who we are representing our constituents, and I would like us to pay more attention to the work at hand and less attention to a basketball game."

MOTION

Senator Carlyle moved that the following floor amendment no. 160 by Senators Carlyle, Chase, Kuderer and Palumbo be adopted:

On page 10, after line 24, insert the following:

"NEW SECTION. Sec. 6. A new section is added to chapter 82.32 RCW to read as follows:

(1) An additional tax is imposed on businesses who own parcels of real property valued at five million dollars or more. The tax is equal to the amount of the property tax reduction on each parcel of real property valued at over five million dollars owned by the business realized of the levy in RCW 84.52.065(2)(a) (section 2(2)(a) of this act). Any business that realized an increase in property tax, as a result the levy in RCW 84.52.065(2)(a) (section 2(2)(a) of this act), on a parcel of real property valued at five million dollars or more is exempt from the tax imposed under this section.

(2) In order to determine whether a business has an increase or a decrease in property tax as a result of RCW 84.52.065(2)(a) (section 2(2)(a) of this act), beginning with the levy of taxes for collection in 2019, the department must do a comparison, for all parcels owned by businesses valued at over five million dollars, comparing the property tax owed from RCW 84.52.065(2)(a) (section 2(2)(a) of this act) and the taxes that would otherwise be due from the levy in RCW 84.52.053 at the rate that existed on January 1, 2017.

(3) This chapter applies to this section except as otherwise provided in this section. The tax imposed by this section must be paid annually by May 25th. The department must adopt rules necessary to implement and collect the tax imposed under this section.

(4) Taxes collected under this section must be deposited into the education levy contingency account hereby created in the state treasury. Funds in the account must first be used to reimburse local school districts from lost revenue from the levy in RCW 84.52.065(2)(a) (section 2(2)(a) of this act) as a result the amendments in section 7 of this act. Any additional funds must be distributed to the local school districts ratably based on the number of students to fund items not defined as basic education. Expenditures from the account must be appropriated.

Sec. 7. RCW 84.36.381 and 2015 3rd sp.s. c 30 s 2 are each amended to read as follows:

A person is exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing. However, any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant may receive an exemption on more than one residence in any year. or less but greater than fifty-two thousand dollars is exempt from the levy in RCW 84.52.065(2)(a) (section 2(2)(a) of this act) on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed seventy thousand dollars of the valuation of his or her residence; or

(6)(a) For a person who otherwise qualifies under this section and has a combined disposable income of forty thousand dollars or less, the valuation of the residence is the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act establishes the path of reform for the state behavioral health system over upcoming biennia concerning provision of long-term psychiatric care. Over the ensuing years Washington must transition purchasing of long-term involuntary psychiatric care to a regionally based system under a managed care framework which is responsive to the needs of the community and accountable for quality and patient outcomes. During this time state hospital practices must be modernized and state hospital resources focused on service to forensic and higher acuity civil patients. Treatment for patients under long-term civil commitment must be transitioned into a managed care framework over a time frame coinciding with the integration of physical and behavioral health care, after which the state hospitals must provide civil commitment services as part of a network of geographically diverse facilities certified to provide long-term involuntary civil treatment. Many components are required for the success of this vision. The state must establish the foundation for growth of long-term involuntary treatment capacity in the community and for performance measurement and data collection which enables an acuity-informed comparison of the costs and outcomes achieved in alternative certified community facilities. New community placement options must be established for persons with complex needs related to long-term care and developmental disabilities. Other critical measures improve availability and streamline filing procedures for assisted outpatient mental health treatment, deploy crisis walk-in centers and clubhouses, and expedite the movement of low-level,

nonviolent defendants with severe mental illness through the criminal justice system.

Part I

Integrating Risk for Long-Term Civil Involuntary Treatment Into Managed Care

NEW SECTION. Sec. 101. A new section is added to chapter 71.24 RCW to read as follows:

(1) To promote the development of effective community-based resources for treatment and prevention and align the system financial structure with the goal of reducing inpatient utilization concurrent with the integration of physical and behavioral health care, the authority shall integrate risk for long-term involuntary civil treatment provided by state hospitals into managed care contracts by January 1, 2020.

(2) The office of financial management shall engage a consultant to create a state psychiatric hospital managed care risk model to be submitted to the governor and select committee on quality improvement in state hospitals by December 31, 2017. The design of this model shall support placing full integration managed care entities at risk for the long-term involuntary civil treatment benefit effective January 1, 2020.

(3) The risk model must include analysis and recommendations to address the following:

(a) Necessary fiscal or actuarial analysis to determine how much of the state hospital budget to place in the capitation base;

(b) Steps to develop capacity within the state hospitals to contract with risk-bearing managed care entities by January 1, 2020, as part of a network of regional providers of long-term civil treatment and to collaborate effectively with managed care entities on development of patient treatment plans and discharge decisions;

(c) Special considerations related to the application of the managed care model to civilly committed patients subject to RCW 71.05.325, 71.05.330(2), 71.05.425, 71.05.280(3)(b), and patients civilly committed under chapter 10.77 RCW. Analysis should consider the level of risk observed with these patients and the comparative advantages of reasonable alternative approaches. Patients undergoing competency evaluation and competency restoration treatment are excluded from the risk model;

(d) Performance metrics and other contract structures available to hold:

(i) Managed care entities accountable to uphold the legal requirements of the civil commitment system and the public policy outcomes intended under RCW 71.05.010, 71.05.012, and 10.77.2101; and

(ii) Providers of long-term civil treatment, including state hospitals, accountable for performance, including consideration of the interaction between performance conditions and collective bargaining agreements; and

(e) The availability of options for incentives for the aging and long-term support administration and developmental disability administration to ensure that long-term involuntary treatment patients with specialized needs move to the appropriate level of care within a reasonable time period.

(4) The risk model must be designed to allow managed care entities to contract with any certified provider capable of providing the level of inpatient psychiatric care required under civil commitment within a fixed capitation rate, placing the entity at risk for all hospital utilization above the capitation base.

(5) The contracts for consultant services in this section are exempt from the competitive solicitation requirements in RCW 39.26.125.

Part II

Development of Community Long-Term Involuntary Treatment Capacity

SEVENTY FOURTH DAY, MARCH 23, 2017

2017 REGULAR SESSION

NEW SECTION. Sec. 201. A new section is added to chapter 71.24 RCW to read as follows:

(1) The state intends to develop new capacity for delivery of long-term treatment in the community in diverse regions of the state prior to the effective date of the integration of risk for long-term involuntary treatment into managed care, and to study the cost and outcomes associated with treatment in community facilities. In furtherance of this goal, the department shall purchase a portion of the state's long-term treatment capacity allocated to behavioral health organizations under RCW 71.24.310 in willing community facilities capable of providing alternatives to treatment in a state hospital. The state shall increase its purchasing of long-term involuntary treatment capacity in the community over time.

(2) The department shall:

(a) Work with willing community hospitals licensed under chapters 70.41 and 71.12 RCW and evaluation and treatment facilities certified under chapter 71.05 RCW to assess their capacity to become certified to provide long-term mental health placements and to meet the requirements of this chapter; and

(b) Enter into contracts and payment arrangements with such hospitals and evaluation and treatment facilities choosing to provide long-term mental health placements, to the extent that willing certified facilities are available. Nothing in this chapter requires any community hospital or evaluation and treatment facility to be certified to provide long-term mental health placements.

(3) The department must establish rules for the certification of facilities interested in providing care under this section.

(4) Contracts developed by the department to implement this section must be constructed to allow the department to obtain complete identification information and admission and discharge dates for patients served under this authority. Prior to requesting identification information and admission and discharge dates or reports from certified facilities, the department must determine that this information cannot be identified or obtained from existing data sources available to state agencies. In addition, until January 1, 2022, facilities certified by the department to provide community long-term involuntary treatment to adults shall report to the department:

(a) All instances where a patient on a ninety or one hundred eighty-day involuntary commitment order experiences an adverse event required to be reported to the department of health pursuant to chapter 70.56 RCW; and

(b) All hospital-based inpatient psychiatric service core measures reported to the joint commission or other accrediting body occurring from psychiatric departments, in the format in which the report was made to the joint commission.

Sec. 202. RCW 71.24.310 and 2014 c 225 s 40 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the behavioral health organization defined in RCW 71.24.025. For this reason, the legislature intends that the department and the behavioral health organizations shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, behavioral health organizations shall recommend to the department the number of state hospital beds that should be allocated for use by each behavioral health organization. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the behavioral health organizations regarding the number of state hospital beds that

should be allocated for use by each behavioral health organization, the department shall contract with each behavioral health organization accordingly.

(3) If there is not consensus among the behavioral health organizations regarding the number of beds that should be allocated for use by each behavioral health organization, the department shall establish by emergency rule the number of state hospital beds that are available for use by each behavioral health organization. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each behavioral health organization area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5)(a) The department ~~((is encouraged to enter))~~ shall enter into performance-based contracts with ~~((behavioral health organizations))~~ facilities certified by the department to provide treatment to adults on a ninety or one hundred eighty-day inpatient involuntary commitment order to provide some or all of the behavioral health organization's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital, to the extent that willing certified facilities and funding are available. The performance contracts shall specify the number of patient days of care available for use by the behavioral health organization in the state hospital and the number of patient days of care available for use by the behavioral health organization in a facility certified by the department to provide treatment to adults on a ninety or one hundred eighty-day inpatient involuntary commitment order, including hospitals licensed under chapters 70.41 and 71.12 RCW and evaluation and treatment facilities certified under chapter 71.05 RCW.

(b) A hospital licensed under chapter 70.41 or 71.12 RCW is not required to undergo certification to treat patients on ninety or one hundred eighty-day involuntary commitment orders in order to treat adults who are waiting for placement at either the state hospital or in certified facilities that voluntarily contract to provide treatment to patients on ninety or one hundred eighty-day involuntary commitment orders.

(6) If a behavioral health organization uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a behavioral health organization to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among behavioral health organizations that have used less than their allocated or contracted patient days of

care at that hospital, proportional to the number of patient days of care not used.

NEW SECTION. Sec. 203. A new section is added to chapter 71.05 RCW to read as follows:

Treatment under RCW 71.05.320 may be provided at a state hospital or any willing and able facility certified to provide ninety-day or one hundred eighty-day care. The order for such treatment must remand the person to the custody of the department or designee. A prepaid inpatient health plan, managed care organization, or the department, when responsible for the cost of care, may designate where treatment is to be provided, at a willing certified facility or a state hospital, after consultation with the facility currently providing treatment. The prepaid inpatient health plan, managed care organization, or the department, when responsible for the cost of care, may not require prior authorization for treatment under RCW 71.05.320. The designation of a treatment facility must not result in a delay of the transfer of the person to a state hospital or certified treatment facility if there is an open bed available at either the state hospital or a certified facility.

Sec. 204. RCW 71.05.320 and 2016 c 45 s 4 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her ((to the custody of the department or to a facility certified for ninety day treatment by the department)) for a further period of intensive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated mental health professional, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another,

and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge ((from the state hospital)); or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient ((~~mental~~) behavioral) health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(b) At the end of the one hundred eighty day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant

2017 REGULAR SESSION

to the same procedures as the original one hundred eighty day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

Sec. 205. RCW 71.05.320 and 2016 sp.s. c 29 s 237 and 2016 c 45 s 4 are each reenacted and amended to read as follows:

(1)(a) Subject to (b) of this subsection, if the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. The court may only enter an order for commitment based on a substance use disorder if there is an available approved substance use disorder treatment program with adequate space for the person.

(c) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court ~~((shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department))~~ must commit him or her for a period of treatment of up to ninety days or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the order for less restrictive treatment is based on a substance use disorder, treatment must be provided by an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person

of another, or substantial damage upon the property of another, and (ii) as a result of a mental disorder, substance use disorder, or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder, substance use disorder, or developmental disability a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge ((from the state hospital)); or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient ~~((mental))~~ behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, subject to subsection (1)(b) of this section, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(b) At the end of the one hundred eighty day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty day period of continued treatment is filed and heard in the same manner as

provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

Sec. 206. RCW 71.05.320 and 2016 sp.s. c 29 s 238 are each amended to read as follows:

(1)(a) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court ~~((shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department))~~ must commit him or her for a period of treatment of up to ninety days or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the order for less restrictive treatment is based on a substance use disorder, treatment must be provided by an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a mental disorder, substance use disorder, or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder, substance use disorder, or developmental disability a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge ~~((from the state hospital))~~; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient ~~((mental))~~ behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(b) At the end of the one hundred eighty day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment.

SEVENTY FOURTH DAY, MARCH 23, 2017

2017 REGULAR SESSION

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

NEW SECTION. **Sec. 207.** The department of social and health services shall confer with the department of health and hospitals licensed under chapters 70.41 and 71.12 RCW to review laws and regulations and identify changes that may be necessary to address care delivery and cost-effective treatment for adults on ninety or one hundred eighty day commitment orders which may be different than the requirements for short-term psychiatric hospitalization. The department of social and health services shall report its findings to the select committee on quality improvement in state hospitals by November 1, 2017.

Part III

State Hospital Short-Term Reforms

NEW SECTION. **Sec. 301.** The legislature intends to expand capacity in the upcoming biennia for enhanced community placements for complex patients to decrease utilization of state hospitals and increase community stability. Capacity must be provided in settings such as nursing homes, assisted living facilities, adult family homes, enhanced service facilities, state-operated living alternatives, and supported housing for persons with developmental disabilities or long-term care needs. The funding must be administered by the department of social and health services.

NEW SECTION. **Sec. 302.** A new section is added to chapter 71.05 RCW to read as follows:

Discharge planning in state hospitals and certified community long-term involuntary treatment facilities must begin at admission. Discharge planning must be collaborative across state agencies and community providers, provide individualized treatment targeted towards known risks of rehospitalization or recidivism, and work ahead to resolve known discharge barriers that may prevent patients from leaving the state hospital or certified community long-term involuntary treatment facilities when they are deemed ready. To ensure effective discharge planning, state hospitals, certified long-term involuntary treatment facilities, and state agencies responsible for the cost of the community care long-term involuntary treatment patients must do the following:

(1) The aging and long-term support administration and developmental disabilities administration or their successor agencies must assume expanded responsibility beginning at admission for aiding its clients to transition from state hospitals and certified long-term involuntary treatment facilities into the community. This responsibility may include interfacing with behavioral health organizations and others to coordinate community treatment arrangements for multiagency clients. State hospitals and certified long-term treatment facilities must allow functional assessments to be conducted on individuals identified as potential clients before the patient is deemed eligible for discharge and allow necessary access for agency staff to implement the goals of this subsection;

(2) State hospitals and certified long-term involuntary treatment facilities must allow managed care entities responsible for the cost of a state hospital patient's community care appropriate access to the patient and patient records for purposes of coordinated care. Managed care entities must be allowed to make assessments, provide input into treatment and discharge

planning, and otherwise engage in appropriate rehabilitation case management activities; and

(3) State hospitals must screen patients upon admission for medical necessity for substance use disorder treatment and provide coordinated substance use disorder treatment services targeted to reduce rehospitalization or recidivism to patients with an identified need.

Sec. 303. RCW 71.05.365 and 2016 sp.s. c 37 s 15 are each amended to read as follows:

(1) When a person has been involuntarily committed for treatment to a state hospital for a period of ninety or one hundred eighty days, and the superintendent or professional person in charge of the state hospital determines that the person no longer requires active psychiatric treatment at an inpatient level of care, the behavioral health organization((s)) or full integration entity under RCW 71.24.380((s)) ~~or agency providing oversight of long-term care or developmental disability services that is responsible for resource management services for the person must work with the hospital to develop an individualized discharge plan and arrange for a transition to the community in accordance with the person's individualized discharge plan within fourteen days of the determination))~~ must establish an individualized discharge plan arranging for transition to an identified placement in the community within no more than fourteen days of the determination. The individualized discharge plan must provide for a date certain by which discharge must be completed.

(2) If the entity under subsection (1) of this section has not fulfilled the obligation to establish an individualized discharge plan for the patient, the entity must reimburse the department for days of care provided after the fourteenth day following determination that the person no longer requires active psychiatric treatment at an inpatient level of care, until an individualized discharge plan meeting the requirements of subsection (1) of this section is established. The reimbursement rate per day shall be the same reimbursement rate under RCW 71.24.310.

(3) The department must establish a process for appeal to the secretary or the secretary's designee when entities under subsection (1) of this section and the state hospital are unable to mutually agree within fourteen days about a specific patient's readiness for discharge, whether readiness for discharge is asserted by the state hospital or by the managed care entity. The managed care entity may use this process to request relief from a reimbursement obligation under subsection (2) of this section if the managed care entity is unable to establish a discharge plan due to the action or inaction of a third party outside its contracting authority or control, such as a state agency division responsible for a portion of the costs related to the community care needs of the person or the court.

(4) The requirements of this section are suspended when the risk for state hospital treatment or state-contracted inpatient treatment in a certified community long-term involuntary treatment facility is integrated into managed care contracts as provided under section 101 of this act.

NEW SECTION. **Sec. 304.** A new section is added to chapter 72.23 RCW to read as follows:

(1) The legislature finds that qualified psychiatric advanced registered nurse practitioners and physician assistants supervised by a psychiatrist have a role in participating in the direction of psychiatric treatment at state psychiatric hospitals consistent with practice at the top of their scope of license and capabilities, including sharing duties for prescribing psychiatric medication and other tasks historically performed by psychiatrists at the state hospitals. The department should take reasonable steps available to employ these professionals at state hospitals.

(2) The role of state hospital psychiatrists is expanded to provide supervision to physician assistants specializing in psychiatry and provide mentorship to psychiatric advanced registered nurse practitioners necessary to allow these professionals to practice at the top of their scope of license.

(3) In order to increase the use of psychiatric advanced registered nurse practitioners and physician assistants to perform work and tasks that are currently or have been historically performed by psychiatrists at the state hospitals, the department shall work with the University of Washington department of psychiatry and behavioral sciences and the appropriate department of Washington State University and appropriate schools of nursing to conduct an analysis and develop a plan to create a training and supervision program at western and eastern state hospitals for psychiatric advanced registered nurse practitioners and physician assistants. The plan shall include an appraisal of risks, barriers, and benefits to implementation as well as an implementation timeline. The department must report to the office of financial management and relevant policy and fiscal committees of the legislature on findings and recommendations by December 15, 2017.

NEW SECTION. **Sec. 405.** A new section is added to chapter 71.05 RCW to read as follows:

This section establishes a process for initial evaluation and filing of a petition for assisted outpatient treatment, but however does not preclude the filing of a petition for assisted outpatient treatment following a period of inpatient detention in appropriate circumstances:

(1) The designated mental health professional must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at a mental health facility.

(2) The designated mental health professional must investigate and evaluate the specific facts alleged and the reliability or credibility of any person providing information. The designated mental health professional may spend up to forty-eight hours to complete the investigation, provided that the person may not be held for investigation for any period except as authorized by RCW 71.05.050 or 71.05.153.

(3) If the designated mental health professional finds that the person is in need of assisted outpatient mental health treatment, they may file a petition requesting the court to enter an order for up to ninety days less restrictive alternative treatment. The petition must include:

- (a) A statement of the circumstances under which the person's condition was made known and stating that there is evidence, as a result of the designated mental health professional's personal observation or investigation, that the person is in need of assisted outpatient mental health treatment, and stating the specific facts known as a result of personal observation or investigation, upon which the designated mental health professional bases this belief;
- (b) The declaration of additional witnesses, if any, supporting the petition for assisted outpatient treatment;

(c) A designation of retained counsel for the person or, if counsel is appointed, the name, business address, and telephone number of the attorney appointed to represent the person;

(d) The name of an agency or facility which agreed to assume the responsibility of providing less restrictive alternative treatment if the petition is granted by the court;

(e) A summons to appear in court at a specific time and place within five judicial days for a probable cause hearing, except as provided in subsection (4) of this section.

(4) If the person is in the custody of jail or prison at the time of the investigation, a petition for assisted outpatient mental health treatment may be used to facilitate continuity of care after release from custody or the diversion of criminal charges as follows:

(a) If the petition is filed in anticipation of the person's release from custody, the summons may be for a date up to five judicial days following the person's anticipated release date, provided that a clear time and place for the hearing is provided; or

(b) The hearing may be held prior to the person's release from custody, provided that (i) the filing of the petition does not extend the time the person would otherwise spend in the custody of jail or prison; (ii) the charges or custody of the person is not a pretext to detain the person for the purpose of the involuntary commitment hearing; and (iii) the person's release from custody must be expected to swiftly follow the adjudication of the petition. In this circumstance, the time for hearing is shortened to three judicial days after the filing of the petition.

(5) The petition must be served upon the person and the person's counsel with a notice of applicable rights. Proof of service must be filed with the court.

(6) A petition for assisted outpatient treatment filed under this section must be adjudicated under RCW 71.05.240.

NEW SECTION. **Sec. 406.** A new section is added to chapter 71.05 RCW to read as follows:

This section establishes a process for initial evaluation and filing of a petition for assisted outpatient treatment, but however does not preclude the filing of a petition for assisted outpatient treatment following a period of inpatient detention in appropriate circumstances:

(1) The designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at a mental health facility, secure detoxification facility, or approved substance use disorder treatment program.

(2) The designated crisis responder must investigate and evaluate the specific facts alleged and the reliability or credibility of any person providing information. The designated crisis responder may spend up to forty-eight hours to complete the investigation, provided that the person may not be held for investigation for any period except as authorized by RCW 71.05.050 or 71.05.153.

(3) If the designated crisis responder finds that the person is in need of assisted outpatient behavioral health treatment, they may file a petition requesting the court to enter an order for up to ninety days less restrictive alternative treatment. The petition must include:

(a) A statement of the circumstances under which the person's condition was made known and stating that there is evidence, as a result of the designated crisis responder's personal observation or investigation, that the person is in need of assisted outpatient behavioral health treatment, and stating the specific facts known as a result of personal observation or investigation, upon which the designated crisis responder bases this belief;

(b) The declaration of additional witnesses, if any, supporting the petition for assisted outpatient treatment;

(c) A designation of retained counsel for the person or, if counsel is appointed, the name, business address, and telephone number of the attorney appointed to represent the person;

(d) The name of an agency or facility which agreed to assume the responsibility of providing less restrictive alternative treatment if the petition is granted by the court;

(e) A summons to appear in court at a specific time and place within five judicial days for a probable cause hearing, except as provided in subsection (4) of this section.

(4) If the person is in the custody of jail or prison at the time of the investigation, a petition for assisted outpatient behavioral health treatment may be used to facilitate continuity of care after release from custody or the diversion of criminal charges as follows:

(a) If the petition is filed in anticipation of the person's release from custody, the summons may be for a date up to five judicial days following the person's anticipated release date, provided that a clear time and place for the hearing is provided; or

(b) The hearing may be held prior to the person's release from custody, provided that (i) the filing of the petition does not extend the time the person would otherwise spend in the custody of jail or prison; (ii) the charges or custody of the person is not a pretext to detain the person for the purpose of the involuntary commitment hearing; and (iii) the person's release from custody must be expected to swiftly follow the adjudication of the petition. In this circumstance, the time for hearing is shortened to three judicial days after the filing of the petition.

(5) The petition must be served upon the person and the person's counsel with a notice of applicable rights. Proof of service must be filed with the court.

(6) A petition for assisted outpatient treatment filed under this section must be adjudicated under RCW 71.05.240.

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The ((agency or)) facility providing intensive treatment ((or which proposes to supervise the less restrictive alternative)) is certified to provide such treatment by the department; and

- (d) One psychiatric advanced registered nurse practitioner and a mental health professional.

The persons signing the petition must have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of a mental disorder or as a result of a substance use disorder, presents a likelihood of serious harm, is gravely disabled, or is in need of assisted outpatient ((mental)) behavioral health treatment, and shall set forth any recommendations for less restrictive alternative treatment services; and

(9) If the hospital or facility designated to provide less restrictive alternative treatment is other than the facility providing involuntary treatment, the outpatient facility so designated to provide less restrictive alternative treatment has agreed to assume such responsibility.

Sec. 412. RCW 71.05.240 and 2016 c 45 s 2 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of

the initial detention ((or involuntary outpatient evaluation)) of such person as determined in RCW 71.05.180, or at a time determined under section 405 of this act. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) The court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3) At the conclusion of the probable cause hearing:

(a) If the court finds by a preponderance of the evidence that such person, as the result of mental disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department. If the court finds that such person, as the result of a mental disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days;

(b) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder, is in need of assisted outpatient mental health treatment, and that the person does not present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days((, and may not order inpatient treatment;)).

((e)) (4) An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

((4)) (5) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. The court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

Sec. 413. RCW 71.05.240 and 2016 sp.s. c 29 s 232 and 2016 c 45 s 2 are each reenacted and amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention ((or involuntary outpatient evaluation)) of such person as determined in RCW 71.05.180, or at a time determined under section 405 of this act. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) If the petition is for mental health treatment, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department.

(b) Commitment for up to fourteen days based on a substance use disorder must be to either a secure detoxification facility or an approved substance use disorder treatment program. A court may only enter a commitment order based on a substance use disorder if there is an available secure detoxification facility or approved substance use disorder treatment program with adequate space for the person.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days.

2017 REGULAR SESSION

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel, advise, or admonish the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated mental health professional, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or evaluation and treatment facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated mental health professional or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated mental health professional when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated mental health professional or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this section to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment, or initiate proceedings under this subsection (4) without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be

scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated mental health professional or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated mental health professional or secretary shall notify the court that originally ordered commitment within two judicial days of a person's detention and file a revocation petition and order of apprehension and detention with the court and serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings regarding a petition for modification or revocation must be in the county in which the petition was filed.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

~~((e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. (5) In determining whether or not to take action under this section the designated mental health professional, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 416. RCW 71.05.590 and 2016 sp.s. c 29 s 242 are each amended to read as follows:

(1) An agency or facility designated to monitor or provide services under a less restrictive alternative or conditional release order or a designated crisis responder may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order if the agency, facility, or designated crisis responder determines that:

Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

Sec. 418. RCW 71.05.201 and 2016 sp.s. c 29 s 222 and 2016 c 107 s 1 are each reenacted and amended to read as follows:

(1) If a designated crisis responder decides not to detain a person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since a designated crisis responder received a request for investigation and the designated crisis responder has not taken action to have the person detained, an immediate family member or guardian or conservator of the person may petition the superior court for the person's initial detention.

(2)(a) The petition must be filed in the county in which the designated ((mental health professional)) crisis responder investigation occurred or was requested to occur and must be submitted on forms developed by the administrative office of the courts for this purpose. The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired, describing why the person should be detained for

evaluation and treatment. The description of why the person should be detained may contain, but is not limited to, the information identified in RCW 71.05.212.

(b) The petition must contain:

(i) A description of the relationship between the petitioner and the person; and

(ii) The date on which an investigation was requested from the designated crisis responder.

(3) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated crisis responder agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information material to the designated crisis responder's current decision.

(4) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

(5) The court shall dismiss the petition at any time if it finds that a designated crisis responder has filed a petition for the person's initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

(6) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention or an order instructing the designated crisis responder to file a petition for assisted outpatient behavioral health treatment if the court finds that: (a) There is probable cause to support a petition for detention or assisted outpatient behavioral health treatment; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily. The court shall transmit its final decision to the petitioner.

(7) If the court enters an order for initial detention, it shall provide the order to the designated crisis responder agency, which shall execute the order without delay. An order for initial detention under this section expires one hundred eighty days from issuance.

(8) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW 71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

Part V

Reducing Demand for Forensic Services

NEW SECTION. Sec. 501. (1) The legislature intends to implement crisis walk-in centers, a new crisis service in Washington, to be deployed in high-need urban areas. A crisis walk-in center allows individuals to self-refer or be referred by emergency services or police and stay up to twenty-three hours under observation. Services with crisis walk-in centers generally include crisis stabilization and intervention, general counseling, peer support, medication management, education, and referral assistance. Studies indicate that these centers reduce hospital admissions and increase enrollment in community programs. The legislature intends for these centers to be geographically distributed around the state.

(2) The legislature intends to expand availability of clubhouses to provide community-based programs which promote rehabilitation, recovery, and reintegration services to adults with persistent mental illness. Clubhouses expanded under this section must show fidelity to the evidence-based model and be credentialed through clubhouse international.

Sec. 502. RCW 10.77.060 and 2012 c 256 s 3 are each amended to read as follows:

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional.

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed ((fifteen)) eight days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if:

(i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

(e) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be committed for inpatient evaluation under this subsection (1), the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon

the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(a) A description of the nature of the evaluation;

(b) A diagnosis or description of the current mental status of the defendant;

(c) If the defendant suffers from a mental disease or defect, or has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated mental health professional under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

Sec. 503. RCW 10.77.060 and 2016 sp.s. c 29 s 408 are each amended to read as follows:

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional.

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed ((fifteen)) eight days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the

jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

(e) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be committed for inpatient evaluation under this subsection (1), the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(a) A description of the nature of the evaluation;

(b) A diagnosis or description of the current mental status of the defendant;

(c) If the defendant suffers from a mental disease or defect, or has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

Part VI
Addressing Managed Care Entities to Provide Fully Integrated Care

NEW SECTION. **Sec. 601.** (1) The health care authority shall establish a work group to examine options for the structuring of integration of physical and behavioral health services by 2020. The work group shall identify multiple options for structuring the services delivery and financing for integrating behavioral health services. Among the various structures for consideration, the work group shall examine:

(a) A model in which the health care authority contracts directly and separately with both a managed care organization to provide behavioral health services in the regional service area and a county administrative service organization to provide crisis services and nonmedicaid services; and

(b) A model in which the health care authority approves an organization operated by the county governments within a regional service area to function as the coordinating entity for any managed care organization that provides fully integrated medical care within the regional service area. The organization's activities shall include coordinating a network of behavioral health providers, operating a health information technology infrastructure, providing crisis services, and providing nonmedicaid services.

(2) The work group shall consist of no more than fifteen members and shall include a representative of the health care authority, a representative of the department of social and health services, representatives of behavioral health organizations, representatives of managed care organizations, representatives of behavioral health providers, representatives of counties, and representatives from each caucus in the house and senate. The director of the health care authority, or his or her designee, shall serve as the chair.

(3) By December 1, 2017, and in compliance with RCW 43.01.036, the work group shall submit a report to the legislature and the governor. The report shall identify recommendations for reducing barriers to the full integration of behavioral health and physical health. The report shall provide a description of the different alternative delivery and financing structure options that shall be made available to regional service areas and allow counties within the regional service areas to select the most appropriate structure to meet the needs of the communities within the regional service area.

NEW SECTION. **Sec. 602.** The health care authority and department of social and health services shall work with the committees and processes established under RCW 70.320.020 and 41.05.690 to define which measures will be used to define value in integrated managed care contracts and how the process of clinical integration will be measured. These processes must ensure that adequate value and accountability terms are employed to align integrated managed care objectives with public policy objectives historically served by behavioral health organizations and to detect and provide disincentives against cost shifting onto crisis systems and jails.

Part VII
Data Measurement

NEW SECTION. **Sec. 701.** A new section is added to chapter 71.24 RCW to read as follows:

The Washington state institute for public policy shall evaluate changes and the effectiveness of specific investments within the adult behavioral health system. The goal for the effort is to provide policymakers with additional information to aid in decision making on an ongoing basis. Therefore, the institute shall consult with the relevant legislative and agency staff when identifying research questions and establishing evaluation

timelines. The institute shall provide a report to the appropriate committees of the legislature upon completion of each evaluation.

On page 73, after line 15, insert the following:

"**Sec. 801.** 2016 1st sp.s. c 36 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

SEVENTY FOURTH DAY, MARCH 23, 2017

2017 REGULAR SESSION

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. No later than October 1, 2015, the department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(c) The department, in coordination with the health care authority, shall pursue a federal waiver to use supplemental nutrition assistance program eligibility, aged, blind, or disabled program eligibility, or temporary assistance for needy families eligibility, to enroll eligible persons into medicaid.

(7) In accordance with RCW 71.24.380, the health care authority and the department are authorized to purchase medical and behavioral health services through integrated contracts upon request of all of the county authorities in a regional service area to become an early adopter of fully integrated purchasing of medical and behavioral health services. The department may combine and transfer such amounts appropriated under sections 204, 208, and 213 of this act as may be necessary to fund early adopter contracts. The amount of medicaid funding transferred from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. The amount of non-medicaid funding transferred from sections 204 and 208 may not exceed the amount that would have been contracted with a behavioral health organization if the county authorities had not requested to

become an early adopter of fully integrated purchasing. These limits do not apply to the amounts provided in section 204(1)(s) of this act. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(8) In accordance with RCW 71.24.380, the department is authorized to purchase mental health and substance use disorder services through integrated contracts with behavioral health organizations. The department may combine and transfer such amounts appropriated under sections 204 and 208 of this act as may be necessary to finance these behavioral health organization contracts. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(9)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2016))~~ 2017, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year ~~((2016))~~ 2017 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ~~((2016))~~ 2017 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medical personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(10) To facilitate the authority provided in subsection (7) and (8) of this section, and to ensure a new accounting structure is in place as of July 1, 2017, the department is authorized to create a new program for accounting purposes only that combines the mental health program and alcohol and substance abuse program allotments and expenditures."

NEW SECTION. Sec. 802. The sum of forty three million nine hundred eighty five thousand dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2017, from the general fund to the department of social and health services for critical and necessary expenditures state hospitals.

NEW SECTION. Sec. 803. Sections 801 and 802 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

SECOND READING

2017 REGULAR SESSION

SENATE BILL NO. 5891, by Senators Zeiger and Conway

Eliminating the use of the high school science assessment as a graduation prerequisite.

The measure was read the second time.

MOTION

Senator Zeiger moved that the following floor striking amendment no. 140 by Senator Zeiger be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 806.** RCW 28A.655.061 and 2015 3rd sp.s. c 42 s 2 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the statewide student assessment, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and, if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3)(a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the state standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using

resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the state standards on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

(d) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of ((2017)) 2021, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement. The assessment under this subsection must be a comprehensive assessment of the science essential academic learning requirements adopted by the superintendent of public instruction in 2013.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative

assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to identify reliable equivalent scores for the science content area of the statewide student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(iii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB English language and literature courses or for any of the IB individuals and societies courses may be used as an alternative assessment for the reading, writing, or English language arts portions of the statewide student assessment. A score of four on the higher level IB examinations for any of the IB mathematics courses may be used as an alternative assessment for the

mathematics portion of the statewide student assessment. A score of four on the higher level IB examinations for IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(11) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

- (a) The student's results on the state assessment;
- (b) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;
- (c) Any credit deficiencies;
- (d) The student's attendance rates over the previous two years;
- (e) The student's progress toward meeting state and local graduation requirements;
- (f) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;
- (g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;
- (h) The alternative assessment options available to students under this section and RCW 28A.655.065;
- (i) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and
- (j) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

NEW SECTION. Sec. 807. This act applies to students in the graduating class of 2017 and subsequent graduating classes.

NEW SECTION. Sec. 808. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

the student was not successful, and, if approved by the legislature pursuant to subsection ~~((14))~~ (9) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3)(a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the state standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the state standards on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

(d) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a

certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection ~~((14))~~ (9) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

~~(4) ((Beginning with the graduating class of 2017, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement.~~

~~((6))~~ (5) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

~~((7))~~ (6) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

~~((8))~~ (7) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

Sec. 810. RCW 28A.655.065 and 2009 c 556 s 19 are each amended to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, and mathematics ~~((and science))~~ is through the ~~((Washington))~~ statewide student assessment ~~((of student learning))~~. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school ~~((Washington))~~ statewide student assessment ~~((of student learning))~~. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school ~~((Washington))~~ statewide student assessment ~~((of student learning))~~, as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in

SEVENTY FOURTH DAY, MARCH 23, 2017

2017 REGULAR SESSION

the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the ~~((Washington))~~ statewide student assessment ~~((of student learning))~~.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall develop an alternative assessment method that shall be an evaluation of a collection of work samples prepared and submitted by the applicant. Effective September 1, 2009, collection of work samples may be submitted only in content areas where meeting the state standard on the high school assessment is required for purposes of graduation.

(a) The superintendent of public instruction shall develop guidelines for the types and number of work samples in each content area that may be submitted as a collection of evidence that the applicant has met the state standard in that content area. Work samples may be collected from academic, career and technical, or remedial courses and may include performance tasks as well as written products. The superintendent shall submit the guidelines for approval by the state board of education.

(b) The superintendent shall develop protocols for submission of the collection of work samples that include affidavits from the applicant's teachers and school district that the samples are the work of the applicant and a requirement that a portion of the samples be prepared under the direct supervision of a classroom teacher. The superintendent shall submit the protocols for approval by the state board of education.

(c) The superintendent shall develop uniform scoring criteria for evaluating the collection of work samples and submit the scoring criteria for approval by the state board of education. Collections shall be scored at the state level or regionally by a panel of educators selected and trained by the superintendent to ensure objectivity, reliability, and rigor in the evaluation. An educator may not score work samples submitted by applicants from the educator's school district. If the panel awards an applicant's collection of work samples the minimum required score, the applicant shall be deemed to have met the state standard on the alternative assessment.

(d) Using an open and public process that includes consultation with district superintendents, school principals, and other educators, the state board of education shall consider the guidelines, protocols, scoring criteria, and other information regarding the collection of work samples submitted by the superintendent of public instruction. The collection of work samples may be implemented as an alternative assessment after the state board of education has approved the guidelines, protocols, and scoring criteria and determined that the collection of work samples: (i) Will meet professionally accepted standards for a valid and reliable measure of the grade level expectations and the essential academic learning requirements; and (ii) is comparable to or exceeds the rigor of the skills and knowledge that a student must demonstrate on the ~~((Washington))~~ statewide student assessment ~~((of student learning))~~ in the applicable content area. The state board shall make an approval decision and

determination no later than December 1, 2006, and thereafter may increase the required rigor of the collection of work samples.

(e) By September of 2006, the superintendent of public instruction shall develop informational materials for parents, teachers, and students regarding the collection of work samples and the status of its development as an alternative assessment method. The materials shall provide specific guidance regarding the type and number of work samples likely to be required, include examples of work that meets the state learning standards, and describe the scoring criteria and process for the collection. The materials shall also encourage students in the graduating class of 2008 to begin creating a collection if they believe they may seek to use the collection once it is implemented as an alternative assessment.

(6)(a) For students enrolled in a career and technical education program approved under RCW 28A.700.030, the superintendent of public instruction shall develop additional guidelines for collections of work samples that are tailored to different career and technical programs. The additional guidelines shall:

(i) Provide multiple examples of work samples that are related to the particular career and technical program;

(ii) Permit work samples based on completed activities or projects where demonstration of academic knowledge is inferred; and

(iii) Provide multiple examples of work samples drawn from career and technical courses.

(b) The purpose of the additional guidelines is to provide a clear pathway toward a certificate of academic achievement for career and technical students by showing them applied and relevant opportunities to demonstrate their knowledge and skills, and to provide guidance to teachers in integrating academic and career and technical instruction and assessment and assisting career and technical students in compiling a collection. The superintendent of public instruction shall develop and disseminate additional guidelines for no fewer than ten career and technical education programs representing a variety of program offerings by no later than September 1, 2008. Guidelines for ten additional programs shall be developed and disseminated no later than June 1, 2009.

(c) The superintendent shall consult with community and technical colleges, employers, the workforce training and education coordinating board, apprenticeship programs, and other regional and national experts in career and technical education to create appropriate guidelines and examples of work samples and other evidence of a career and technical student's knowledge and skills on the state academic standards.

(7) The superintendent of public instruction shall study the feasibility of using existing mathematics assessments in languages other than English as an additional alternative assessment option. The study shall include an estimation of the cost of translating the tenth grade mathematics assessment into other languages and scoring the assessments should they be implemented.

(8) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments; and

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances.

(9) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student

achievement tests and the possible use of the reading, writing, or mathematics portions of the ACT ASSET and ACT COMPASS test instruments as objective alternative assessments for demonstrating that a student has met the state standards for the certificate of academic achievement. The state board shall submit its findings and recommendations to the education committees of the legislature by January 10, 2008.

(10) The superintendent of public instruction shall adopt rules to implement this section.

Sec. 811. RCW 28A.655.068 and 2013 2nd sp.s. c 22 s 4 are each amended to read as follows:

(1) Beginning in the 2011-12 school year, the statewide high school assessment in science shall be an end-of-course assessment for biology that measures the state standards for life sciences, in addition to systems, inquiry, and application as they pertain to life sciences.

(2)(a) The superintendent of public instruction may develop or adopt science end-of-course assessments or a comprehensive science assessment that includes subjects in addition to biology for purposes of RCW 28A.655.061, when so directed by the legislature. The legislature intends to transition from a biology end-of-course assessment to a more comprehensive science assessment in a manner consistent with the way in which the state transitioned to an English language arts assessment and a comprehensive mathematics assessment. The legislature further intends that the transition will include at least two years of using the student assessment results from either the biology end-of-course assessment or the more comprehensive assessment in order to provide students with reasonable opportunities to demonstrate high school competencies while being mindful of the increasing rigor of the new assessment.

(b) The superintendent of public instruction shall develop or adopt a science assessment in accordance with RCW 28A.655.070(10) that is not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(c) Before the next subsequent school year after the legislature directs the superintendent to develop or adopt a new science assessment, the superintendent of public instruction shall review the objective alternative assessments for the science assessment and make recommendations to the legislature regarding additional objective alternatives, if any.

(3) The superintendent of public instruction may participate with consortia of multiple states as common student learning standards and assessments in science are developed. The superintendent of public instruction, in consultation with the state board of education, may modify the essential academic learning requirements and statewide student assessments in science, including the high school assessment, according to the multistate common student learning standards and assessments as long as the education committees of the legislature have opportunities for review before the modifications are adopted, as provided under RCW 28A.655.070.

~~((4) The statewide high school assessment under this section shall be used to demonstrate that a student meets the state standards in the science content area of the statewide student assessment for purposes of RCW 28A.655.061-))"~~

My employer does however, obviously have an interest in the projects. Under Senate Rule 22, Legislators are prohibited from voting on matters in which they have a personal or direct interest. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the amount of tax delinquent is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the ~~((amount of tax))~~ delinquent tax amount on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (12)(b) of this section or a partial payment ~~((agreement under subsection (11)(b) of this section))~~ program pursuant to subsection (13) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) For the purposes of this section, "tax foreclosure avoidance costs" means those ~~((costs that can be identified specifically))~~ direct costs associated with the administration of properties subject to and prior to foreclosure. Tax foreclosure avoidance costs include:

(i) Compensation of employees for the time devoted ~~((and identified specifically))~~ to administering the avoidance of property foreclosure; and

(ii) The cost of materials, services, or equipment acquired, consumed, or expended ~~((specifically for the purpose of))~~ in administering tax foreclosure avoidance prior to the filing of a certificate of delinquency.

(c) When tax foreclosure avoidance costs are collected, ~~((the tax foreclosure avoidance costs))~~ such costs must be credited to the county treasurer service fund account, except as otherwise directed.

(d) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

(7) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict ~~((or))~~ regarding delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

(8) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or

(9) All collections of interest on delinquent taxes must be credited to the county current expense fund.

(10) For purposes of this chapter, "interest" means both interest and penalties.

~~((10) All collections of interest on delinquent taxes must be credited to the county current expense fund; but))~~

(11) The direct cost of foreclosure and sale of real property, and the direct fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint, and sale ~~((for))~~ because of delinquent taxes without regard to budget limitations and not subject to indirect costs of other charges.

~~((12))~~ (12)(a) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic ~~((bill presentment))~~ billing and payment. Electronic ~~((bill presentment))~~ billing and payment may be ~~((utilized))~~ used as an option by the taxpayer, but the treasurer may not require the use of electronic ~~((bill presentment))~~ billing and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for delinquent tax year payments only or for prepayments of current tax. All prepayments must be paid in full by the due date specified in (c) of this subsection. Payments on past due taxes must include collection of the oldest delinquent year, which includes interest and taxes within a twelve-month period, prior to filing a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

(b) The treasurer ~~((must))~~ may provide, by electronic means or otherwise, a payment agreement that provides for payment of current year taxes, inclusive of prepayment collection charges. The treasurer may provide, by electronic means or otherwise, a payment agreement for payment of past due delinquencies, which must also require current year taxes to be paid timely. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes. The treasurer may accept partial payment of current and delinquent taxes including interest and penalties using electronic bill presentment and payments.

(c) All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and are delinquent after that date. The remainder of the tax is due and payable on or before the following thirty-first ~~((day))~~ of October ~~((following))~~ and is delinquent after that date. All other assessments, fees, rates, and charges are delinquent after the due date.

(d) A county treasurer may authorize payment of past due property taxes, penalties, and interest under this chapter by electronic funds transfers ~~((payments))~~ on a monthly basis. Delinquent taxes are subject to interest and penalties, as provided in subsection (5) of this section.

(e) The treasurer must pay any collection costs, investment earnings, or both on past due payments or prepayments to the credit of a county treasurer service fund account to be created and used only for the payment of expenses incurred by the treasurer, without limitation, in administering the system for collecting prepayments.

~~((12))~~ (13) In addition to the payment program in subsection (12)(b) of this section, the treasurer may accept partial payment of current and delinquent taxes including interest and penalties by any means authorized.

(14) For purposes of this section unless the context clearly requires otherwise, the following definitions apply:

(a) "Electronic ~~((bill presentment))~~ billing and payment" means statements, invoices, or bills that are created, delivered, and paid using the internet. The term includes an automatic electronic payment from a person's checking account, debit account, or credit card.

"Sec. 818. RCW 9.41.070 and 2011 c 294 s 1 are each amended to read as follows:

(1) The chief of police of a municipality or the sheriff of a county shall within thirty days after the filing of an application of any person, issue a license to such person to carry a pistol concealed on his or her person within this state for five years from date of issue, for the purposes of protection or while engaged in business, sport, or while traveling. However, if the applicant does not have a valid permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

(b) The applicant's concealed pistol license is in a revoked status;

(c) He or she is under twenty-one years of age;

(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.50.060, 26.50.070, or 26.26.590;

(f) He or she has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor; or

(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1)(e) within one year before filing an application to carry a pistol concealed on his or her person.

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2)(a) The issuing authority shall conduct a check through the national instant criminal background check system, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from possessing a firearm under federal law, and therefore ineligible for a concealed pistol license.

(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.

A licensee renewing after the expiration date of the license must pay a late renewal penalty of ten dollars in addition to the renewal fee specified in subsection (6) of this section. The fee shall be distributed as follows:

However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within three business days of ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vi) or (vii) and (6) of this section. (1) A defendant who is charged by citation, complaint, or information with an offense involving trafficking, as described in RCW 9A.40.100, and is not arrested, shall appear in court for arraignment or initial appearance in person as soon as practicable, but in no event later than fourteen days after the defendant is served with the citation, complaint, or information. At that appearance, the court shall determine the necessity of imposing or extending a no-contact order, and consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has

been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 825. A new section is added to chapter 9A.40 RCW to read as follows:

Any general authority Washington peace officer as defined in RCW 10.93.020 in this state may enforce this chapter as it relates to orders restricting the defendants' ability to have contact with the victim or others.

NEW SECTION. Sec. 826. A new section is added to chapter 9A.40 RCW to read as follows:

(1) Because of the likelihood of repeated harassment and intimidation directed at those who have been victims of trafficking as described in RCW 9A.40.100, before any defendant charged with or arrested, for a crime involving trafficking, is released from custody, or at any time the case remains unresolved, the court may prohibit that person from having any contact with the victim whether directly or through third parties.

At the initial preliminary appearance, the court shall determine whether to extend any existing prohibition on the defendant's contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location. The court may also consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed.

(b) The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 26.50 RCW and the violator is subject to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony.

(4) Upon a motion with notice to all parties and after a hearing, the court may terminate or modify the terms of an existing no-contact order, including terms entered pursuant to RCW 9.41.800 related to firearms or other dangerous weapons or to concealed pistol licenses.

(5)(a) A defendant's motion to terminate or modify a no-contact order must include a declaration setting forth facts supporting the requested order for termination or modification. The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the declarations. If the court finds that the defendant established adequate cause, the court shall set a date for hearing the defendant's motion.

(b) The court may terminate or modify the terms of a no-contact order, including terms entered pursuant to RCW 9.41.800 related to firearms or other dangerous weapons or to concealed pistol licenses, if the defendant proves by a preponderance of the evidence that there has been a material change in circumstances such that the defendant is not likely to engage in or attempt to engage in physical or nonphysical contact with the victim if the order is terminated or modified. The victim bears no burden of proving that he or she has a current reasonable fear of harm by the defendant.

(c) A defendant may file a motion to terminate or modify pursuant to this section no more than once in every twelve-month

(1)(a) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under this section and must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made or caused fish passage barriers, including:

(A) Culvert repair and replacement; and

(B) Fish passage barrier removal projects that comply with the forest practices rules, as the term "forest practices rules" is defined in RCW 76.09.020;

(ii) Restoration of an eroded or unstable stream bank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

(b) The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety.

(c) A fish habitat enhancement project must be approved in one of the following ways in order to receive the permit review and approval process created in this section:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(ix) By a city or county for a stand-alone fish passage barrier correction project funded by the city or county; ((and))

(x) Through the approval process established for forest practices hydraulic projects in chapter 76.09 RCW; or

(xi) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Applicants for a forest practices hydraulic project that are not otherwise required to submit a joint aquatic resource permit application must submit a copy of their forest practices application to the appropriate local government on the same day that they submit the forest practices application to the department of natural resources.

(b) Local governments shall accept the application identified in this section as notice of the proposed project. ((The department)) A local government shall ((provide)) be provided with a fifteen-day comment period during which it ((will receive)) may transmit comments regarding environmental impacts to the department or, for forest practices hydraulic projects, to the department of natural resources.

(c) ((Within forty-five days)) Except for forest practices hydraulic projects, the department shall either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project within forty-five days. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. Permitting decisions over forest practices hydraulic approvals must be made consistent with chapter 76.09 RCW.

(d) If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(e) Any person aggrieved by the approval, denial, conditioning, or modification of a permit other than a forest practices hydraulic project under this section may appeal the decision as provided in RCW 77.55.021(8). Appeals of a forest practices hydraulic project may be made as provided in chapter 76.09 RCW.

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section.

(5) No civil liability may be imposed by any court on the state or its officers and employees for any adverse impacts resulting from a fish enhancement project permitted by the department or the department of natural resources under the criteria of this section except upon proof of gross negligence or willful or wanton misconduct."

(2) Subject to the requirements of this section, any notice to a party or any other document required under applicable law in an insurance transaction or that is to serve as evidence of insurance coverage may be delivered, stored, and presented by electronic means so long as it meets the requirements of the Washington electronic authentication act (chapter 19.34 RCW). An electronic signature is the equivalent of a digital signature, as those terms are defined in chapter 19.34 RCW, for the purposes of satisfying the requirements of chapter 19.34 RCW under this chapter.

(3) Delivery of a notice or document in accordance with this section is the equivalent to any delivery method required under applicable law, including delivery by first-class mail; first-class mail, postage prepaid; certified mail; or registered mail.

(d) After consent of the party is given, the insurer, in the event a change in the hardware or software requirements needed to access or retain a notice or document delivered by electronic means creates a material risk that the party will not be able to access or retain a subsequent notice or document to which the consent applies:

(b) A withdrawal of consent by a party is effective within a reasonable period of time, not to exceed thirty days, after receipt of the withdrawal by the insurer.

(c) Failure by an insurer to comply with subsections (4)(d) and (10) of this section may be treated, at the election of the party, as a withdrawal of consent for purposes of this section.

(9) This section does not apply to a notice or document delivered by an insurer in an electronic form before July 24, 2015, to a party who, before that date, has consented to receive a notice or document in an electronic form otherwise allowed by law.

(10) If the consent of a party to receive certain notices or documents in an electronic form is on file with an insurer before July 24, 2015, and pursuant to this section, an insurer intends to deliver additional notices or documents to such party in an electronic form, then prior to delivering such additional notices or documents electronically, the insurer shall:

(a) Provide the party with a statement that describes:

(b) Comply with subsection (4)(b) of this section.

(11) An insurer shall deliver a notice or document by any other delivery method permitted by law other than electronic means if:

(a) The insurer attempts to deliver the notice or document by electronic means and has a reasonable basis for believing that the notice or document has not been received by the party; or

(b) The insurer becomes aware that the electronic mail address provided by the party is no longer valid.

(12) A producer shall not be subject to civil liability for any harm or injury that occurs as a result of a party's election to receive any notice or document by electronic means or by an insurer's failure to deliver a notice or document by electronic means.

(13) This section does not modify, limit, or supersede the provisions of the federal electronic signatures in global and national commerce act (E-SIGN), P.L. 106-229, as amended."

**PHYSICAL THERAPY LICENSURE COMPACT
ARTICLE I - PURPOSE**

The purpose of this compact is to facilitate interstate practice of physical therapy with the goal of improving public access to physical therapy services. The practice of physical therapy occurs in the state where the patient/client is located at the time of the patient/client encounter. The compact preserves the regulatory authority of states to protect public health and safety through the current system of state licensure.

This compact is designed to achieve the following objectives:

(2) Enhance the states' ability to protect the public's health and safety;

(3) Encourage the cooperation of member states in regulating multistate physical therapy practice;

(4) Support spouses of relocating military members;

(5) Enhance the exchange of licensure, investigative, and disciplinary information between member states; and

(6) Allow a remote state to hold a provider of services with a compact privilege in that state accountable to that state's practice standards.

ARTICLE II - DEFINITIONS

(8) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

(a) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(b) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(c) All hearings will be recorded. A copy of the recording will be made available on request.

(d) Nothing in this Article IX shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this Article IX.

(9) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(10) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(11) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rule-making record and the full text of the rule.

(12) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rule-making procedures provided in the compact and in this Article IX shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) Meet an imminent threat to public health, safety, or welfare;

(b) Prevent a loss of commission or member state funds;

(c) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(d) Protect public health and safety.

(13) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the web site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE X - OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(1) Oversight. (a) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(b) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

(c) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(2) Default, technical assistance, and termination. (a) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the commission; and

(ii) Provide remedial training and specific technical assistance regarding the default.

(b) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(c) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(d) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(e) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(f) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) Dispute resolution. (a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(4) Enforcement. (a) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(b) By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XI - DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(1) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rule-making powers necessary to the implementation and administration of the compact.

(2) Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the

commission shall have the full force and effect of law on the day the compact becomes law in that state.

(3) Any member state may withdraw from this compact by enacting a statute repealing the same.

(a) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(b) Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(4) Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(5) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE XII - CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 843. Park lands and park facilities are a vital component of the future health and prosperity of the state. In order to ensure that the state continues to be able to provide high quality park, recreation, and open space for the public, it is the intent of the legislature through this act to provide funding for capital projects to help overcome the extensive backlog of maintenance needs at state parks. This new source of funding for the critical capital needs of the state's parks furthers the mission of recreation and outdoor education and is intended to enhance the ability of the state parks and recreation commission, over the next eight years, to fulfill its critical role in providing recreational access for the state's youth and public as they enjoy the natural heritage of Washington.

NEW SECTION. Sec. 844. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bonds" means bonds, notes, commercial paper, certificates of indebtedness, or other evidences of indebtedness of the state issued under this chapter.

(2) "Commission" means the state parks and recreation commission defined in RCW 79A.05.010.

NEW SECTION. Sec. 845. (1) With the exception of subsection (2) of this section, for the purpose of providing needed capital improvements consisting of the predesign, design, maintenance, construction, modification, renovation, modifying existing structures to meet current and future needs, equipping, and other improvement of state buildings and facilities for the commission, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of five hundred million dollars, or as much thereof as may be required, to finance all or a part of the cost of these projects and all costs incidental thereto.

(2) Proceeds from these bonds may not be used for any expenditures to any part of the cross-state trail east of the Columbia river known by the names of the Milwaukie Road corridor, John Wayne trail or iron horse trail, or for the Columbia Plateau trail south of the Turnbull national wildlife refuge where the scablands nature trail and the Columbia Plateau trail meet and north of the Snake river junction trailhead. Proceeds from these bonds may not be used for any expenditures pertaining to any part of trails acquired by the commission after the effective date of this section.

(3) Proceeds from these bonds may not be used to purchase or acquire any new land.

(4) Bonds authorized in this section shall be sold in the manner, at the time or times, in amounts, and at such prices as the state finance committee shall determine.

(5) No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

(6) The bonds issued under the authority of this section shall be known as Washington's state parks future bonds.

NEW SECTION. Sec. 846. It is the intent of the legislature that the proceeds of new bonds authorized in this chapter will be appropriated in phases over five biennia, beginning with the 2017-2019 biennium, to provide additional funding for capital projects and facilities of the commission. This chapter is not intended to limit the legislature's ability to appropriate bond proceeds if the full amount authorized in this chapter has not been appropriated after four biennia, and the authorization to issue bonds contained in this chapter does not expire until the full authorization has been appropriated and issued.

NEW SECTION. Sec. 847. The commission shall prepare a reporting structure for use in tracking the success and progress of implementing this chapter. Reports must be submitted concurrent with the office of financial management requirements for agency biennial budget requests, including submittal to the appropriate fiscal committees of the legislature, and at a minimum contain the following:

- (1) The total anticipated project list to be funded with this chapter, with updates provided each biennia;
- (2) A list of the subsequent biennia project proposals including those with completed designs and completed permit submittals;
- (3) The accomplishments to date, with projected and actual spending on projects funded by this chapter; and
- (4) The overall facility condition index, reflecting changes in condition as expenditures are made.

NEW SECTION. Sec. 848. (1) The state finance committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds provided for in this chapter, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance.

(2) Bonds issued under this chapter shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

NEW SECTION. Sec. 849. (1) The proceeds from the sale of the bonds authorized in section 3 of this act shall be deposited in the state building construction account created in RCW 43.83.020.

(2) The treasurer shall transfer bond proceeds deposited in the state building construction account into the Daniel J. and Nancy Evans state parks preservation account created in section 13 of this act at various times and in various amounts necessary to support authorized expenditures from the account.

(3) The proceeds shall be used exclusively for the purposes identified in section 3 of this act and for the payment of the expenses incurred in connection with the sale and issuance of the bonds.

NEW SECTION. Sec. 850. (1) The legislature intends to use the proceeds from the sale of bonds issued under this chapter for the projects identified during the 2017-2019, 2019-2021, 2021-2023, 2023-2025, and 2025-2027 biennia and for other projects that maintain access to commission property or facilities.

(2) The legislature intends that the proceeds from the sale of the bonds authorized in section 3 of this act will not be in addition to the proceeds from the sale of bonds authorized by the 2017-2019 bond bill, chapter . . . (Substitute Senate Bill No. 5090), Laws of 2017 and by bills authorizing bond issuance to support future capital budget appropriations.

NEW SECTION. Sec. 851. (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in this chapter.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in

the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in this chapter.

(3) On each date on which any interest or principal and interest payment is due on bonds issued under this chapter, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

(4) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 852. The bonds authorized by this chapter constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations.

NEW SECTION. Sec. 853. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized under this chapter, and section 10 of this act shall not be deemed to provide an exclusive method for payment.

NEW SECTION. Sec. 854. This chapter provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and is supplemental and additional to powers conferred by other laws. The issuance of bonds under this chapter shall not be deemed to be the only method to fund projects under this chapter.

NEW SECTION. Sec. 855. The Daniel J. and Nancy Evans state parks preservation account is created in the state treasury. Proceeds from the bonds issued under section 3 of this act must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for those purposes identified in section 3 of this act.

NEW SECTION. Sec. 856. This act may be known and cited as the securing the future of Washington's state parks bonding act.

NEW SECTION. Sec. 857. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 858. Sections 1 through 14 of this act constitute a new chapter in Title 79A RCW."

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1819, by House Committee on Appropriations (originally sponsored by Representatives Dent, Senn, Kagi, Griffey, Johnson and McBride)

Reducing certain documentation and paperwork requirements in order to improve children's mental health and safety.

The measure was read the second time.

MOTION

Senator O’Ban moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 859. The legislature finds that a prioritized recommendation of the children's mental health work group, as reported in December 2016, is to reduce burdensome and duplicative paperwork requirements for providers of children's mental health services. This recommendation is consistent with the recommendations of the behavioral health workforce assessment of the workforce training and education coordinating board to reduce time-consuming documentation requirements and the behavioral and primary health regulatory alignment task force to streamline regulations and reduce the time spent responding to inefficient and excessive audits.

The legislature further finds that duplicative and overly prescriptive documentation and audit requirements negatively impact the adequacy of the provider network by reducing workforce morale and limiting the time available for patient care. Such requirements create costly barriers to the efficient provision of services for children and their families. The legislature also finds that current state regulations are often duplicative or conflicting with research-based models and other state-mandated treatment models intended to improve the quality of services and ensure positive outcomes. These barriers can be reduced while creating a greater emphasis on quality, outcomes, and safety.

The legislature further finds that social workers serving children are encumbered by burdensome paperwork requirements which can interfere with the effective delivery of services.

Therefore, the legislature intends to require the department of social and health services to take steps to reduce paperwork, documentation, and audit requirements that are inefficient or duplicative for social workers who serve children and for providers of mental health services to children and families, and to encourage the use of effective treatment models to improve the quality of services.

NEW SECTION. Sec. 860. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department must immediately perform a review of its rules, policies, and procedures related to the documentation requirements for behavioral health services. Rules adopted by the department relating to the provision of behavioral health services must:

(a) Identify areas in which duplicative or inefficient documentation requirements can be eliminated or streamlined for providers;

(b) Limit prescriptive requirements for individual initial assessments to allow clinicians to exercise professional judgment to conduct age-appropriate, strength-based psychosocial assessments, including current needs and relevant history according to current best practices;

(c) By April 1, 2018, provide a single set of regulations for agencies to follow that provide mental health, substance use disorder, and co-occurring treatment services;

(d) Exempt providers from duplicative state documentation requirements when the provider is following documentation requirements of an evidence-based, research-based, or state-mandated program that provides adequate protection for patient safety; and

(e) Be clear and not unduly burdensome in order to maximize the time available for the provision of care.

(2) Subject to the availability of amounts appropriated for this specific purpose, audits conducted by the department relating to provision of behavioral health services must:

(a) Rely on a sampling methodology to conduct reviews of personnel files and clinical records based on written guidelines established by the department that are consistent with the standards of other licensing and accrediting bodies;

(b) Treat organizations with multiple locations as a single entity. The department must not require annual visits at all locations operated by a single entity when a sample of records may be reviewed from a centralized location;

(c) Share audit results with behavioral health organizations to assist with their review process and, when appropriate, take steps to coordinate and combine audit activities;

(d) Coordinate audit functions between the department and the department of health to combine audit activities into a single site visit and eliminate redundancies;

(e) Not require information to be provided in particular documents or locations when the same information is included or demonstrated elsewhere in the clinical file, except where required by federal law; and

(f) Ensure that audits involving manualized programs such as wraparound with intensive services or other evidence or research-based programs are conducted to the extent practicable by personnel familiar with the program model and in a manner consistent with the documentation requirements of the program.

NEW SECTION. Sec. 861. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the health care authority must immediately perform a review of its rules, policies, and procedures related to the documentation requirements for behavioral health services. Rules adopted by the health care authority relating to the provision of behavioral health services must:

(a) Identify areas in which duplicative or inefficient documentation requirements can be eliminated or streamlined for providers;

(b) Limit prescriptive requirements for individual initial assessments to allow clinicians to exercise professional judgment to conduct age-appropriate, strength-based psychosocial assessments, including current needs and relevant history according to current best practices;

(c) By April 1, 2018, provide a single set of regulations for agencies to follow that provide mental health, substance use disorder, and co-occurring treatment services;

(d) Exempt providers from duplicative state documentation requirements when the provider is following documentation requirements of an evidence-based, research-based, or state-mandated program that provides adequate protection for patient safety; and

(e) Be clear and not unduly burdensome in order to maximize the time available for the provision of care.

(2) Subject to the availability of amounts appropriated for this specific purpose, audits conducted by the health care authority relating to provision of behavioral health services must:

(a) Rely on a sampling methodology to conduct reviews of personnel files and clinical records based on written guidelines established by the health care authority that are consistent with the standards of other licensing and accrediting bodies;

(b) Treat organizations with multiple locations as a single entity. The health care authority must not require annual visits at all locations operated by a single entity when a sample of records may be reviewed from a centralized location;

(c) Share audit results with behavioral health organizations to assist with their review process and, when appropriate, take steps to coordinate and combine audit activities;

(d) Coordinate audit functions between the health care authority and the department of health to combine audit activities into a single site visit and eliminate redundancies;

(e) Not require information to be provided in particular documents or locations when the same information is included or demonstrated elsewhere in the clinical file, except where required by federal law; and

(f) Ensure that audits involving manualized programs such as wraparound with intensive services or other evidence or research-based programs are conducted to the extent practicable by personnel familiar with the program model and in a manner consistent with the documentation requirements of the program.

NEW SECTION. Sec. 862. (1) Subject to the availability of amounts appropriated for this specific purpose, the department of social and health services must immediately perform a review of casework documentation and paperwork requirements for social service specialists and other direct service staff with the children's administration who provide services to children. The review must identify areas in which duplicative or inefficient documentation and paperwork requirements can be eliminated or streamlined in order to allow social workers to spend greater amounts of time and attention on direct services to children and their families. The department must complete the review by November 1, 2017. Upon completion of the review, the department must take immediate steps to amend department rules and procedures accordingly.

(2) This section expires December 31, 2018.

NEW SECTION. Sec. 863. Section 2 of this act takes effect only if neither Substitute House Bill No. 1388 (including any later amendments or substitutes) nor Substitute Senate Bill No. 5259 (including any later amendments or substitutes) is signed into law by the governor by the effective date of this section.

NEW SECTION. Sec. 864. Section 3 of this act takes effect only if Substitute House Bill No. 1388 (including any later amendments or substitutes) or Substitute Senate Bill No. 5259 (including any later amendments or substitutes) is signed into law by the governor by the effective date of this section."

On page 1, line 3 of the title, after "families;" strike the remainder of the title and insert "adding new sections to chapter 71.24 RCW; creating new sections; providing contingent effective dates; and providing an expiration date."

SENATE RESOLUTION
8647

By Senators Nelson and Saldaña

WHEREAS, Donna Pierce, overwhelmed by her role as a new mom, began to recognize and understand the hardships and struggles of motherhood; although she did not personally lack the means to provide for her own baby, motherhood still proved to be a demanding endeavor; and as stressed as she was, Donna could not begin to imagine "the level of stress felt by new moms with low incomes, no incomes, no health care, or no home"; and

WHEREAS, In 2001, Donna founded WestSide Baby, and since then, WestSide Baby has admirably sought to help the most vulnerable mothers in King County; and

WHEREAS, WestSide Baby, working together with over 120 social service agencies, provides necessities that are essential to the caring of an infant free of charge; and

WHEREAS, Many of the mothers WestSide Baby serves are forced to make heart-wrenching decisions about which of their necessities they can afford to do without; Donna recognized that being a mother is hard enough on its own, and new mothers having to treat what other families take for granted as luxuries is disheartening and sometimes humiliating; Donna and WestSide Baby have helped mothers provide for the physical needs of their children, granting them some peace of mind and providing a better quality of life to the children they serve; and

WHEREAS, Acting upon its deeply held and outwardly expressed core values of fairness and empowerment, WestSide Baby has made a lasting impact upon the lives of thousands of mothers and their children, helping ensure that they have a more fair and equal start to life; and

WHEREAS, Throughout the years, WestSide Baby has distributed over 16 million dollars worth of diapers, clothes, and safety equipment and helped around 200,000 babies in King County; and

WHEREAS, WestSide Baby's efforts are an invaluable source of empowerment and dignity for thousands of mothers who desperately need the assistance; and

WHEREAS, WestSide Baby continues to provide women with the necessary tools of motherhood, continues to generate awareness about the most vulnerable children in the community, and, most importantly, will continue striving towards its praiseworthy goal: That every baby in the community has his or her physical needs met;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate honor Ms. Donna Pierce and recognize WestSide Baby's numerous and continuing contributions to Washington's mothers and their children.

(b) Any of the following tax-exempt properties, provided such entity is not required to pay a fire protection charge under subsection (8) of this section:

(i) Property of housing authorities that is exempt from property taxes under RCW 35.82.210;

(ii) Property of nonprofit entities providing rental housing for very low-income households or providing space for the placement of a mobile home for a very low-income household that is exempt from property taxes under RCW 84.36.560;

(iii) Property of nonprofit homes for the aging that is exempt from property taxes under RCW 84.36.041;

(iv) Property of nonprofit organizations, corporations, or associations providing housing for eligible persons with developmental disabilities that is exempt from property taxes under RCW 84.36.042;

(v) Property of nonprofit organizations providing emergency or transitional housing for low-income homeless persons or victims of domestic violence who are homeless for personal safety reasons that is exempt from property taxes under RCW 84.36.043;

(vi) Property of the state housing finance commission that is exempt from property taxes under RCW 84.36.135; and

(vii) Property of nonprofit corporations operating sheltered workshops for persons with disabilities that is exempt from property taxes under RCW 84.36.350.

(3) A benefit charge may apply to a tax-exempt property included in subsection (2)(b) of this section if the tax-exempt property is located in a fire protection district that:

(a) Is less than four square miles in size;

(b) Has approved a benefit charge prior to the effective date of this section; and

(c) Has a population exceeding nineteen thousand people as of the effective date of this section, as determined by the office of financial management.

(4) A limited benefit charge may apply to property or improvements owned by a Christmas tree grower as defined in RCW 15.13.250(4) so long as the property or improvement is located on land that has been approved as farm and agricultural land with standing crops under chapter 84.34 RCW. (5) The aggregate amount of such benefit charges in any one year shall not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected: PROVIDED, That it shall be the duty of the county legislative authority or authorities of the county or counties in which the fire protection district is located to make any necessary adjustments to assure compliance with such limitation and to immediately notify the board of fire commissioners of any changes thereof.

(6) A benefit charge imposed shall be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the district. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and shall be subject to contest on the ground of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the district. The board of fire commissioners may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter shall not be applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the

state insurance commissioner to do business in this state, but such property may be protected by the fire protection district under a contractual agreement.

(7) For administrative purposes, the benefit charge imposed on any individual property may be compiled into a single charge, provided that the district, upon request of the property owner, provide an itemized list of charges for each measurable benefit included in the charge.

(8)(a) At the annual review of the fire benefit charge mandated by RCW 52.18.060(2), if a fire service agency has identified:

(i) A tax-exempt property under subsection (2)(b) of this section as having a substantial increase in requested emergency services over the previous year; or

(ii) A new tax-exempt property that is similar in size, population, and geographic location as another such tax-exempt property as having an increase in requested emergency services; then the tax exempt property and the fire service agency must work together, in good faith, to address the problem by implementing community risk reduction efforts. The community risk reduction plan may include but is not limited to wellness programs and community action plans.

(b) At the subsequent annual review, if the heightened service requirements have not been reasonably addressed by the joint mitigation efforts, and the tax-exempt property owner has not acted in good faith:

(i) The property is subject to assessment of the fire benefit charge in the subsequent year, subject to approval by the board of fire commissioners as outlined in RCW 52.18.060(2); or

(ii) The respective tax exempt property shall pay the fire service agency a fire protection charge payment in lieu of a benefit charge. The fire protection charge shall be an amount equivalent to the benefit rates for similarly situated properties for that year.

(c) All tax exempt properties identified under subsection (2)(b) of this section and all local fire service agencies are encouraged to work collaboratively to develop and implement programs to address proper usage of fire service resources for residents of the housing properties.

Sec. 871. RCW 52.26.180 and 2004 c 129 s 24 are each amended to read as follows:

(1) The governing board of a regional fire protection service authority may by resolution, as authorized in the plan and approved by the voters, for authority purposes authorized by law, fix and impose a benefit charge on personal property and improvements to real property which are located within the authority on the date specified and which have received or will receive the benefits provided by the authority, to be paid by the owners of the properties.

(2) A benefit charge does not apply to:

(3) A limited benefit charge may apply to property or improvements owned by a Christmas tree grower as defined in RCW 15.13.250(4) so long as the property or improvement is located on land that has been approved as farm and agricultural land with standing crops under chapter 84.34 RCW. For such property or improvement, a benefit charge may not exceed the reduction in property tax that results from the imposition of a benefit charge, as required under RCW 52.26.230.

(4) The aggregate amount of these benefit charges in any one year may not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected. It is the duty of the county legislative authority or authorities of the county or counties in which the regional fire protection service authority is located to make any necessary adjustments to assure compliance with this limitation and to immediately notify the governing board of an authority of any changes thereof.

((2)) (5) A benefit charge imposed must be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the authority. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and is subject to contest on the grounds of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the authority. The governing board of an authority may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter is not applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state, but the property may be protected by the authority under a contractual agreement.

((3)) (6) For administrative purposes, the benefit charge imposed on any individual property may be compiled into a single charge, provided that the authority, upon request of the property owner, provide an itemized list of charges for each measurable benefit included in the charge.

((4)) (7)(a) At the annual review of the fire benefit charge mandated by RCW 52.26.230(2), if a fire service agency has identified:

(i) A tax-exempt property under subsection (2)(b) of this section as having a substantial increase in requested emergency services over the previous year; or

(ii) A new tax-exempt property that is similar in size, population, and geographic location as another such tax-exempt property as having an increase in requested emergency services; then the tax exempt property and the fire service agency must work together, in good faith, to address the problem by implementing community risk reduction efforts. The community risk reduction plan may include but is not limited to wellness programs and community action plans.

(b) At the subsequent annual review, if the heightened service requirements have not been reasonably addressed by the joint mitigation efforts, and the tax-exempt property owner has not acted in good faith:

(i) The property is subject to assessment of the fire benefit charge in the subsequent year, subject to approval by the governing board of the authority as outlined in RCW 52.26.230(2); or

(ii) The respective tax exempt property shall pay the fire service agency a fire protection charge payment in lieu of a benefit charge. The fire protection charge shall be an amount equivalent to the benefit rates for similarly situated properties for that year.

(c) All tax exempt properties identified under subsection (2)(b) of this section and all local fire service agencies are encouraged to work collaboratively to develop and implement programs to address proper usage of fire service resources for residents of the housing properties.

(8) For the purposes of this section and RCW 52.26.190 through 52.26.270, the following definitions apply:

(a)(i) "Personal property" includes every form of tangible personal property including, but not limited to, all goods, chattels, stock in trade, estates, or crops.

(ii) "Personal property" does not include any personal property used for farming, field crops, farm equipment, or livestock.

(b) "Improvements to real property" does not include permanent growing crops, field improvements installed for the purpose of aiding the growth of permanent crops, or other field improvements normally not subject to damage by fire.

Sec. 873. RCW 52.26.030 and 2004 c 129 s 3 are each amended to read as follows:

Regional fire protection service authority planning committees are advisory entities that are created, convened, and empowered as follows:

(1) Any two or more adjacent fire protection jurisdictions may create a regional fire protection service authority and convene a regional fire protection service authority planning committee. No fire protection jurisdiction may participate in more than one created authority.

(2) Each governing body of the fire protection jurisdictions participating in planning under this chapter shall appoint three elected officials to the authority planning committee. Members of the planning committee may receive compensation of seventy dollars per day, or portion thereof, not to exceed seven hundred dollars per year, for attendance at planning committee meetings and for performance of other services in behalf of the authority, and may be reimbursed for travel and incidental expenses at the discretion of their respective governing body.

(3) A regional fire protection service authority planning committee may receive state funding, as appropriated by the legislature, or county funding provided by the affected counties for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred. Upon creation of a regional fire protection service authority, the authority shall within one year reimburse the state or county for any sums advanced for these start-up costs from the state or county.

(4) The planning committee shall conduct its affairs and formulate a regional fire protection service authority plan as provided under RCW 52.26.040.

(5) At its first meeting, a regional fire protection service authority planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) The planning committee may dissolve itself at any time by a majority vote of the total membership of the planning committee. Any participating fire protection jurisdiction may withdraw upon thirty calendar days' written notice to the other jurisdictions.

Sec. 874. RCW 84.52.010 and 2015 3rd sp.s. c 44 s 324 and 2015 3rd sp.s. c 24 s 404 are each reenacted and amended to read as follows:

(1) Except as is permitted under RCW 84.55.050, all taxes must be levied or voted in specific amounts.

(2) The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor must recompute and establish a consolidated levy in the following manner:

(a) The full certified rates of tax levy for state, county, county road district, regional transit authority, and city or town purposes must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy takes precedence over all other levies and may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, 84.52.140, and the protected portion of the levy under RCW 86.15.160 by flood control zone districts in a county with a population of seven hundred seventy-five thousand or more that are coextensive with a county, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies must be reduced as follows:

(i) The portion of the levy by a metropolitan park district that has a population of less than one hundred fifty thousand and is located in a county with a population of one million five hundred thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the protected portion of the levy imposed under RCW 86.15.160 by a flood control zone district in a county with a population of seven hundred seventy-five thousand or more that is coextensive with a county must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.140 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district or regional fire protection service authority that is protected under RCW 84.52.125 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district with a population of one hundred fifty thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and

(ix) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(i) First, the certified property tax levy authorized under RCW 84.52.821 must be reduced on a pro rata basis or eliminated;

(ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 must be reduced on a pro rata basis or eliminated;

(iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts other than the portion of a levy protected under RCW 84.52.815 must be reduced on a pro rata basis or eliminated;

(iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, must be reduced on a pro rata basis or eliminated;

(v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, must be reduced on a pro rata basis or eliminated;

(vi) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1) (b) and (c) must be reduced on a pro rata basis or eliminated; and

(vii) Seventh, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, regional fire protection service authorities under RCW 52.26.140(1)(a), library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, must be reduced on a pro rata basis or eliminated.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor must recompute and establish a consolidated levy in the following manner:

SUBSTITUTE HOUSE BILL NO. 1353, by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Dent, Blake, Buys and Hayes)

Commissioning an elk management pilot project that focuses initially on the Colockum elk herd.

The measure was read the second time.

MOTION

Senator Pearson moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 887. (1) The legislature finds that the Colockum elk herd in central Washington is the fifth largest elk herd in the state and is currently managed for the state by the department of fish and wildlife.

(2) The legislature further finds that the Colockum elk herd has been the subject of a great deal of planning by the department of fish and wildlife. The herd is subject to an existing herd management plan that attempts to ensure a healthy, productive population, manage the herd for a variety of purposes, and allow for a sustainable yield within the population. Proper management of the Colockum elk herd is important, since the herd is a resource

that provides significant recreational, aesthetic, cultural, and economic benefits to recreationalists, local communities, and native Americans.

(3) The legislature further finds that the department of fish and wildlife has studied the Colockum elk herd as recently as 2012. This study led to a greater understanding of the challenges facing the herd and resulted in recommendations as to management approaches to address those challenges.

(4) The legislature further finds that despite the active management and research by the department of fish and wildlife, there are still undesirable consequences of the Colockum elk herd's size, location, and behaviors. These consequences manifest as significant agricultural crop damage within the herd's range and unacceptably threatens to degrade highway safety levels on Interstate 90 and other roadways within the range of the herd due to collisions between herd members and vehicles.

(5) The legislature further finds that the unwanted consequences of the current Colockum elk herd management protocol are not isolated to the range of the Colockum herd. Other elk herds in the state are also the subject of similar management outcomes.

(6) The legislature further finds that the department of fish and wildlife should use the Colockum elk herd as the subject of a pilot project that explores the benefits of more active management. The department must work with the Yakama Nation to obtain input from the tribe on the tribe's recommendations. The pilot project should be limited in time and geography to ensure that overall herd health is not disrupted; however, it should be robust enough to offer scientifically rigorous results.

NEW SECTION. Sec. 888. A new section is added to chapter 77.36 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department must conduct an elk management pilot project to explore the viability of various wildlife management actions to reduce elk highway collisions and elk damage to private crop lands. The pilot project must initially focus on achieving a reduction in highway collisions on interstate highways, and crop damage on properties, within the range of the Colockum herd. The department must invite the Yakama Nation to participate in all aspects of the project.

(2) The department must work with the department of transportation to explore the viability of various wildlife management actions to reduce elk highway collisions, initially focusing on reducing traffic collisions along interstate highways within the range of the herd.

(3) Direct wildlife management efforts must be employed in the pilot project implemented under this section, including:

(a) Increased use of special depredation hunts and general hunting opportunity within the Colockum herd. Total hunting depredations under the pilot project must be limited to three hundred elk per calendar year and these efforts must be designed and implemented in a manner that does not conflict with the primary goals of the current elk herd management plan for the Colockum herd;

(b) Feeding elk within the pilot project area by persons other than the department is prohibited, although in no event may this prohibition affect a person who sets out feed with the intent to feed domestic animals or livestock, even though such feed may be inadvertently consumed by elk or other wildlife; and

(c) The use of managed livestock grazing to attract elk away from roads and private property.

(4) Consistent with RCW 43.01.036, the department and the department of transportation must report the results of the pilot project to the appropriate committees of the legislature by October 31, 2020. Along with results, the departments must report

on how the information gleaned from the pilot project will be used to manage the Colockum elk herd and other similarly situated elk herds in the state.

(5) This section expires July 1, 2021."

On page 1, line 2 of the title, after "herd;" strike the remainder of the title and insert "adding a new section to chapter 77.36 RCW; creating a new section; and providing an expiration date."

However, if the applicant does not have a valid permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2)(a) The issuing authority shall conduct a check through the national instant criminal background check system, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from possessing a firearm under federal law, and therefore ineligible for a concealed pistol license.

(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.

The application for an original license shall include two complete sets of fingerprints to be forwarded to the Washington state patrol.

The license and application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law.

The application shall contain questions about the applicant's eligibility under RCW 9.41.040 and federal law to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen. If the applicant is not a United States citizen, the applicant must provide the applicant's country of citizenship, United States issued alien number or admission number, and the basis on which the applicant claims to be exempt from federal prohibitions on firearm possession by aliens. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall, if applicable, meet the additional requirements of RCW 9.41.173 and produce proof of compliance with RCW 9.41.173 upon application. The license may be in triplicate or in a form to be prescribed by the department of licensing.

The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent to the director of licensing and the triplicate shall be preserved for six years, by the authority issuing the license.

The department of licensing shall make available to law enforcement and corrections agencies, in an on-line format, all information received under this subsection.

(5) The nonrefundable fee, paid upon application, for the original five-year license shall be thirty-six dollars plus additional charges imposed by the federal bureau of investigation that are passed on to the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.

(9) If the licensee provides an email address at the time of application, the department of licensing must send notice of the license expiration to the licensee's email address within sixty days prior to the expiration of the license. A licensee may renew a license if the licensee applies for renewal within ninety days before or after the expiration date of the license. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license must pay a late renewal penalty of ten dollars in addition to the renewal fee specified in subsection (6) of this section. The pamphlet shall be given to each applicant for a license; and

(b) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(10) Notwithstanding the requirements of subsections (1) through (9) of this section, the chief of police of the municipality or the sheriff of the county of the applicant's residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

(14) Any person who, as a member of the armed forces, including the national guard and armed forces reserves, is unable to renew his or her license under subsections (6) and (9) of this section because of the person's assignment, reassignment, or deployment for out-of-state military service may renew his or her license within ninety days after the person returns to this state from out-of-state military service, if the person provides the following to the issuing authority no later than ninety days after the person's date of discharge or assignment, reassignment, or

deployment back to this state: (a) A copy of the person's original order designating the specific period of assignment, reassignment, or deployment for out-of-state military service, and (b) if appropriate, a copy of the person's discharge or amended or subsequent assignment, reassignment, or deployment order back to this state. (2) A regional transit authority may contract with the department for collection of a motor vehicle tax only if a regional transit authority has implemented a market value adjustment program as identified in section 3 of this act.

MOTION

Senator O'Ban moved that the following floor striking amendment no. 228 by Senators O'Ban and Rossi be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 897. A new section is added to chapter 81.112 RCW to read as follows:

A regional transit authority that includes a county with a population of more than one million five hundred thousand shall pay a motor vehicle excise tax impact assessment to be deposited into the motor vehicle fund established in RCW 46.68.070. The rate of the assessment is one dollar per motor vehicle excise tax payment occurring annually within the authority's boundaries. The state revenue generated under this section is to provide funds to mitigate the impact of vehicle loads on the state roads and highways, with an emphasis on roads and highways within the authority's boundaries.

Sec. 898. RCW 82.44.135 and 2006 c 318 s 9 are each amended to read as follows:

(1) Except as otherwise provided in this section, before a local government subject to this chapter may impose a motor vehicle excise tax, the local government must contract with the department for the collection of the tax. The department may charge a reasonable amount, not to exceed one percent of tax collections, for the administration and collection of the tax.

(2) A regional transit authority may contract with the department for the collection of a motor vehicle excise tax only if:

(a) The tax is based solely on the vehicle valuation method identified in RCW 81.104.160(1)(a)(ii); and

(b) The total tax is levied at a rate not exceeding five-tenths of one percent on the value of a vehicle.

(3) Any contract entered into under this section must provide that the department will receive amounts sufficient to fully cover the costs applicable to the tax collection process, including (a) customer service-related costs, (b) information technology-related costs, (c) public announcement and education costs, and (d) any liability or other related risk assessment costs. The contract must also provide that any unforeseen future administrative costs will be borne by the regional transit authority.

Sec. 899. RCW 81.104.160 and 2015 3rd sp.s. c 44 s 319 are each amended to read as follows:

(1)(a) Regional transit authorities that include a county with a population of more than one million five hundred thousand may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eight-tenths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. The maximum tax rate under this subsection does not include a motor vehicle excise tax approved before July 15, 2015, if the tax will terminate on the date bond debt to which the tax is pledged is repaid. This tax does not apply to vehicles licensed under RCW 46.16A.455 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16A.425 or 46.17.335(2). ((Notwithstanding any other provision of this subsection or chapter 82.44 RCW))

(i) Except as otherwise provided in (a)(ii) of this subsection, a motor vehicle excise tax imposed by a regional transit authority before or after July 15, 2015, must comply with chapter 82.44 RCW as it existed on January 1, 1996, until December 31st of the year in which the regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015. Motor vehicle taxes collected by regional transit authorities after December 31st of the year in which a regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015, must comply with chapter 82.44 RCW as it existed on the date the tax was approved by voters.

(ii) As an alternative to the vehicle valuation method described in (a)(i) of this subsection, for the purpose of determining a motor vehicle excise tax imposed by a regional transit authority under this subsection (1)(a), the value of a motor vehicle must be based on base model Kelley blue book values or national automobile dealers association values, whichever is lower.

(2) An agency and high capacity transportation corridor area may impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the applicable jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax may not exceed 2.172 percent. The rate of tax imposed under this subsection must bear the same ratio of the 2.172 percent authorized that the rate imposed under subsection (1) of this section bears to the rate authorized under subsection (1) of this section. The base of the tax is the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax.

(3) Any motor vehicle excise tax previously imposed under the provisions of RCW 81.104.160(1) shall be repealed, terminated, and expire on December 5, 2002, except for a motor vehicle excise tax for which revenues have been contractually pledged to repay a bonded debt issued before December 5, 2002, as determined by *Pierce County et al. v. State*, 159 Wn.2d 16, 148 P.3d 1002 (2006). In the case of bonds that were previously issued, the motor vehicle excise tax must comply with chapter 82.44 RCW as it existed on January 1, 1996.

(4) If a regional transit authority imposes the tax authorized under subsection (1) of this section, the authority may not receive any state grant funds provided in an omnibus transportation appropriations act except transit coordination grants created in chapter 11, Laws of 2015 3rd sp. sess.

Sec. 900. RCW 82.44.035 and 2010 c 161 s 910 are each amended to read as follows:

(1) For the purpose of determining any locally imposed motor vehicle excise tax, the value of a truck or trailer (~~shall be~~) is the latest purchase price of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the following percentage based on year of service of the vehicle since last sale. (2) The reissuance of a certificate of title and registration certificate for a truck or trailer because of the installation of body or special equipment (~~shall~~) must be treated as a sale, and the value of the truck or trailer at that time, as determined by the department from such information as may be available, (~~shall be~~) is considered the latest purchase price.

(3) For the purpose of determining any locally imposed motor vehicle excise tax, the value of a vehicle other than a truck or trailer shall be eighty-five percent of the manufacturer's base suggested retail price of the vehicle when first offered for sale as a new vehicle, excluding any optional equipment, applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the applicable percentage listed in this subsection (3) based on year of service of the vehicle.

If the manufacturer's base suggested retail price is unavailable or otherwise unascertainable at the time of initial registration in this state, the department (~~shall~~) must determine a value equivalent to a manufacturer's base suggested retail price as follows:

(a) The department (~~shall~~) must determine a value using any information that may be available, including any guidebook, report, or compendium of recognized standing in the automotive industry or the selling price and year of sale of the vehicle. The department may use an appraisal by the county assessor. (b) The year the vehicle is offered for sale as a new vehicle (~~shall be~~) is considered the first year of service.
