each amended to read as follows:

(1) (a) In addition to any other charge authorized by law, the

NEW SECTION. Sec. 35. (1) Subject to the availability of amounts appropriated for this specific purpose, the division of archives and records management in the office of the secretary of state must conduct a study to assess the feasibility of implementing a statewide open records portal through which a user can request and receive a response through a single internet web site relating to public records information.

(2) The division of archives and records management must hire a consultant to conduct the study.

(3) At a minimum, the report must include:

(a) The feasibility of Washington creating a central site from which a user can submit a records request and receive a timely response to such request;

(b) An examination of the experience in other states, including but not limited to the state of Utah, that have implemented an electronic open records portal;

(c) Whether the open records portals in other states serve as central repositories and archives for the purpose of all public records on behalf of local and state agencies;

(d) Whether other states' open records portals track and provide a timeline where each request is being responded to in the process;

(e) The cost of creating the open records portal in other states and the amount of funds local and state agencies or any other entities contributed to the start-up and ongoing costs to operate the open records portal;

(f) The length of time it took for other states to develop an open records portal from its initial start-up to its current full operation;

(g) The length of time it would take for Washington to develop and implement an open records portal from start-up to full operation that is similar to the portals located in other states;

(h) The length of time it would take for Washington to develop and implement an open records portal from start-up to full operation that would include: (i) The portal collecting, archiving, and holding all public records from local and state governmental agencies in Washington; (ii) the portal being capable of allowing users to submit a public records request through a central site; and (iii) the records portal operating as a central site for answering and providing requested public records to a user;

(i) The estimated cost to develop and implement an open records portal that is: (i) Similar to the open records portals located in other states referenced and reviewed in (g) of this subsection; and (ii) a full open records portal pursuant to (h) of this subsection. In both instances, the costs must include costs associated with local and state governmental agencies in Washington participating in the portal and any needed supporting infrastructure, staffing, and training requirements;

(j) How much is charged and how fees are collected from a user requesting a public record through other states' open records portals;

(k) The feasibility of whether an open records portal created in Washington would be able to track all public records requests, when such requests for public records are made through the open records portal, and provide a timeline where each request is being responded to in the process;

(l) The feasibility of whether an open records portal created in Washington would be able to directly respond to answering a user's public records request and, if not, the feasibility of the portal tracking when a local or state agency responds to such a request and providing a timeline where each request is being responded to in the process;

(m) The feasibility of creating an open records portal in Washington that notifies a requestor that the request has been received and either immediately provides the requestor with a copy of the requested record, notifies the requestor that the record is not available, or notifies the requestor that because of the extraordinary request the record will be available on a date certain;

(n) The feasibility of creating an open records portal through which a requestor can make a request and receive a response through a single internet web site relating to public records information, and the feasibility of agencies managing internet web sites to make public access easier and reduce the number of requests related to the same topic through best practices by offering to post different categories of requested records on the web site in a manner that is responsive to records requests; and

(o) The allocation of liability between the agency operating an open records portal and any agency that provides records through the portal or accepts requests for public records through the portal in the event of litigation regarding denial of access to records or unreasonable estimate of time to produce records in response to a request.

(4) A report must be completed with findings and recommendations on the experience of the electronic open records portal created in other states and the feasibility of creating a central statewide open records portal in Washington, as well as recommendations and best management practices for agencies to post records that are responsive to records requests on an agency internet web site and take into consideration various categories of records and agency capacities in order to provide broader public access to records of public interest and to reduce the number of requests relating to the same topic. The report must be submitted to the governor, the appropriate committees of the legislature, and members of the stakeholder group in section 9 of this act, by September 1, 2018.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1867, by House Committee on Appropriations (originally sponsored by Representatives Fey, Stambaugh, Senn, Kagi, Kilduff, Appleton, Graves, Hudgins, Orwell, Ryu, Sells, Stanford, Robinson, McDonald, Ortiz-Self, Doglio, Slatter, Tharinger and Ormsby)

Improving transitions in extended foster care to increase housing stability for foster youth.

The measure was read the second time.

MOTION

Senator O’Ban moved that the following committee striking amendment by the Committee on Human Services, Mental Health & Housing be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 38. The legislature finds that a large number of foster youth experience homelessness. The legislature intends that individuals who are eligible for extended foster care services are able to receive those services to help prevent them from experiencing homelessness. The 2016 office of homeless youth annual report identifies ensuring that youth exiting public systems are not released into homelessness as a goal and recommends expanding options for youth to enroll in extended foster care.

Sec. 39. RCW 74.13.031 and 2015 c 240 s 3 are each amended to read as follows:

(1) The department and supervising agencies shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department and supervising agencies shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department's and supervising agency's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or
exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030(11), the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(7) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department and supervising agency shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(9) The department and supervising agency shall have authority to purchase care for children.

(10) The department shall establish a children's services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(11)(a) The department and supervising agencies shall provide continued extended foster care services to nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment;

(iv) Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in (a)(i) through (iv) of this subsection due to a documented medical condition.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent and in foster care at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A nonminor dependent whose dependency case was dismissed by the court must have requested extended foster care services before reaching age nineteen years. Eligible nonminor dependents may unenroll and reenroll in extended foster care through a voluntary placement agreement once between ages eighteen and twenty-one.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(d) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

(e) The department shall allow a youth who has received extended foster care services, but lost his or her eligibility, to reenter the extended foster care program once through a voluntary placement agreement when he or she meets the eligibility criteria again.

(12) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (11) of this section.

(13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(14) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state
NINETEEN NINETEEN

juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 (and 74.13.032 through), 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(15) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(16) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(17) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(18)(a) The department shall, within current funding levels, place on its public website a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

NEW SECTION. Sec. 40. (1) The Washington state institute for public policy shall conduct a study measuring the outcomes for youth who have received extended foster care services pursuant to RCW 74.13.031(11). The study should include measurements of any savings to state and local governments. The study should compare the outcomes for youth who have received extended foster care services pursuant to RCW 74.13.031(11) with youth who aged out of foster care when they reached eighteen years of age. To the extent possible, the study should also include a comparison of other state extended foster care programs and a review of studies that have been completed measuring the outcomes of those programs.

(2) The Washington state institute for public policy shall issue a report containing its preliminary findings to the legislature by December 1, 2018, and a final report by December 1, 2019.

(3) The Washington state institute for public policy is authorized to accept nonstate funds to conduct the study required in subsection (1) of this section.

(4) This section expires July 1, 2020.

NEW SECTION. Sec. 41. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "youth;" strike the remainder of the title and insert "amending RCW 74.13.031; creating new sections; and providing an expiration date."

(d) Where a child has been determined not to be an Indian child, any party to the proceeding, or an Indian tribe that subsequently determines the child is a member, may, during the pendency of any child custody proceeding to which this chapter or the federal Indian child welfare act applies, move the court for redetermination of the child's Indian status based upon new evidence, redetermination by the child's tribe, or newly conferred federal recognition of the tribe.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11 and 13 RCW and this title, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:
(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation; or

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes, but is not limited to, sexual abuse and sexual exploitation as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW, or by the department of early learning.

(c) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(12)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(13) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report; however, upon parental agreement, the family assessment response period may be extended up to ninety days;

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian ((sign an agreement)) agree to participate in services before services are initiated ((that)). The department shall inform(s) the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not ((sign the consent form )) agree to participate in services.

(14)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

"NEW SECTION. Sec. 9. The legislature finds that the analysis of environmental impacts required under the state environmental policy act adds value to government decision-making processes in Washington state and helps minimize the potential environmental harm coming from those government decisions. Therefore, it is the intent of the legislature to promote timely completion of state environmental policy act processes. In doing so, the legislature intends to restore balance between the need to carefully consider environmental impacts and the need to maintain the economic competitiveness of state businesses.

(1) A lead agency shall aspire to prepare a final environmental impact statement required by RCW 43.21C.030(2) in as expeditious a manner as possible while not compromising the integrity of the analysis.

(a) For even the most complex government decisions associated with a broad scope of possible environmental impacts, a lead agency shall aspire to prepare a final environmental impact statement required by RCW 43.21C.030(2) within twenty-four months of a threshold determination of a probable significant, adverse environmental impact.

(b) Wherever possible, a lead agency shall aspire to far outpace the twenty-four month time limit established in this section for more commonplace government decisions associated with narrower and more easily identifiable environmental impacts.

(2) Beginning December 31, 2018, and every two years thereafter, the department of ecology must submit a report on the environmental impact statements produced by state agencies and local governments to the appropriate committees of the legislature. The report must include data on the average time, and document the range of time, it took to complete environmental impact statements within the previous two years.

MOTION

Senator Padden moved that the following committee amendment by the Committee on Law & Justice be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 5. RCW 9A.36.041 and 1987 c 188 s 2 are each amended to read as follows:

(1) A person is guilty of assault in the fourth degree if, under circumstances not amounting to assault in the first, second, or third degree, or custodial assault, he or she assaults another.

(2) Assault in the fourth degree is a gross misdemeanor, except as provided in subsection (3) of this section.

(3) Assault in the fourth degree, where domestic violence was pleaded and proven after the effective date of this section, is a class C felony if the person has two or more prior adult convictions within ten years for any of the following offenses where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after the effective date of this section:

(a) Repetitive domestic violence offense as defined in RCW 9.94A.030;
(b) Crime of harassment as defined by RCW 9A.46.060;
(c) Assault in the third degree;
(d) Assault in the second degree;
(e) Assault in the first degree; or
(f) An out-of-state comparable offense.

(4) For purposes of subsection (3) of this section, family or household members means spouses, domestic partners, former spouses, former domestic partners, persons who have a child in common regardless of whether they have been married or have lived together at any time, persons sixteen years of age or older who are presently residing together or who have resided together in the past and who have or have had a dating relationship, and persons sixteen years of age or older with whom a person sixteen years of age or older has or has had a dating relationship.

Sec. 6. RCW 9.94A.411 and 2006 c 271 s 1 and 2006 c 73 s 13 are each reenacted and amended to read as follows:

(1) Decision not to prosecute.

STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

GUIDELINE/COMMENTARY:

Examples

The following are examples of reasons not to prosecute which could satisfy the standard.

(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.

(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:

(i) It has not been enforced for many years; and
(ii) Most members of society act as if it were no longer in existence; and
(iii) It serves no deterrent or protective purpose in today's society; and
(iv) The statute has not been recently reconsidered by the legislature.

This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.

(c) De Minimis Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.

(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement and where no public interest or deterrent purpose would be served by prosecution.

(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county and where conviction of the new offense would not merit any additional direct or collateral punishment.

(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
(iii) Conviction of the new offense would not serve any significant deterrent purpose.

(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county and where conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
(iii) Conviction of the new offense would not serve any significant deterrent purpose.

(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.

(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.
(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.

(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:

(i) Assault cases where the victim has suffered little or no injury;
(ii) Crimes against property, not involving violence, where no major loss was suffered;
(iii) Where doing so would not jeopardize the safety of society. Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the accused. The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification

The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

(a) STANDARD:

Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and objective fact finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid prefiling agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.670.

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact finder would convict after hearing all the admissible evidence and the most plausible defense that could be raised.

See table below for the crimes within these categories.

Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior to the filing of charges, and potential agreements can be reached.

(v) Pre-Filing Discussions with Victim(s)

Discussions with the victim(s) or victims’ representatives regarding the selection or disposition of charges may occur before the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and should be considered before reaching any agreement with the defendant regarding these decisions.

Sec. 7. RCW 9.94A.525 and 2013 2nd sp.s. c 35 s 8 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed “other current offenses” within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.505(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly
comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each juvenile prior nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault, for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW 9A.44.130 or 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW 9A.44.130 or 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior
Thief 1 (of a motor vehicle), Thief 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was pleaded and proven, and prior offenses as included in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for any of the following offenses: A felony violation of a no-contact or protection order (that is a felony offense, a violation of a protection order that is a felony offense) RCW 26.50.110, (a) felony (domestic violence) Harassment (offense) (RCW 9A.46.020(2)(b)), (a) felony (domestic violence) Stalking (offense, a domestic violence) (RCW 9A.46.110(5)(b)), Burglary 1 (offense) (RCW 9A.52.020), (a) (domestic violence) Kidnapping 1 (offense) (RCW 9A.40.020), (a) (domestic violence) Kidnapping 2 (offense) (RCW 9A.40.030), (a) (domestic violence) Unlawful imprisonment (offense) (RCW 9A.40.040), (a) (domestic violence) Robbery 1 (offense) (RCW 9A.56.200), (a) (domestic violence) Robbery 2 (offense) (RCW 9A.56.210), (a) (domestic violence) Assault 1 (offense) (RCW 9A.36.011), (a) (domestic violence) Assault 2 (offense) (RCW 9A.36.021), (a) (domestic violence) Assault 3 (offense) (RCW 9A.36.031), (a) (domestic violence) Assault 4 (offense) (RCW 9A.44.096), (a) Stalking (RCW 9A.46.110),
(b) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Prior convictions that were not included in criminal history or in the offender score shall be included upon any resentencing to ensure imposition of an accurate sentence.

Sec. 8. RCW 43.43.754 and 2015 c 261 s 10 are each amended to read as follows:

(a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):

Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.
(5) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under subsection (1) of this section, to the extent allowed by funding available for this purpose. The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030. Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

(6) This section applies to:

(a) All adults and juveniles to whom this section applied prior to June 12, 2008;

(b) All adults and juveniles to whom this section did not apply prior to June 12, 2008, who:

(i) Are convicted on or after June 12, 2008, of an offense listed in subsection (1)(a) of this section; or

(7) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample as required under this section. The refusal to provide DNA unless the record has been expunged according to law.

Sec. 9. RCW 43.43.830 and 2012 c 44 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 43.43.830 through 43.43.845.

(4) The work group shall report its recommendations to the affected entities and the appropriate committees of the legislature no later than June 30, 2018.

(5) The work group must operate within existing funds.

(6) This section expires June 30, 2019.

NEW SECTION. Sec. 12. (1) The legislature finds that Washington state has a serious problem with domestic violence offender recidivism and lethality. The Washington state institute for public policy studied domestic violence offenders finding not just high rates of domestic violence recidivism but among the highest rates of general criminal and violent recidivism. The Washington state coalition against domestic violence has issued fatality reviews of domestic violence homicides in Washington under chapter 43.235 RCW for over fifteen years. These fatality reviews demonstrate the significant impact of domestic violence on our communities as well as the barriers and high rates of lethality faced by victims. The legislature further notes there have been several high profile domestic violence homicides with multiple prior domestic violence incidents not accounted for in the legal response. Many jurisdictions nationally have encountered the same challenges as Washington and now utilize risk assessment as a best practice to assist in the response to domestic violence.

The Washington domestic violence risk assessment work group is established to study how and when risk assessment can best be used to improve the response to domestic violence offenders and victims and find effective strategies to reduce domestic violence homicides, serious injuries, and recidivism that are a result of domestic violence incidents in Washington state.

(2)(a) The Washington state gender and justice commission, in collaboration with the Washington state coalition against domestic violence and the Washington State University criminal justice program, shall coordinate the work group and provide staff support.

(b) The work group must include a representative from each of the following organizations:

(i) The Washington state gender and justice commission;
(ii) The department of corrections;
(iii) The department of social and health services;
(iv) The Washington association of sheriffs and police chiefs;
(v) The superior court judges' association;
(vi) The district and municipal court judges' association;
(vii) The Washington state association of counties;
(viii) The Washington association of prosecuting attorneys;
(ix) The Washington defender association;
(x) The Washington association of criminal defense lawyers;
(xi) The Washington state association of cities;
(xii) The Washington state coalition against domestic violence;
(xiii) The Washington state association of civil legal aid; and
(xiv) The family law section of the Washington state bar association.

(c) The work group must additionally include representation from:

(i) Treatment providers;
(ii) City law enforcement;
(iii) County law enforcement;
(iv) Court administrators; and...
(v) Domestic violence victims or family members of a victim.
(3) At a minimum, the work group shall research, review, and make recommendations on the following:
(a) How to best develop and use risk assessment in domestic violence response utilizing available research and Washington state data;
(b) Providing effective strategies for incorporating risk assessment in domestic violence response to reduce deaths, serious injuries, and recidivism due to domestic violence;
(c) Promoting access to domestic violence risk assessment for advocates, police, prosecutors, corrections, and courts to improve domestic violence response;
(d) Whether or how risk assessment could be used as an alternative to mandatory arrest in domestic violence;
(e) Whether or how risk assessment could be used in bail determinations in domestic violence cases, and in civil protection order hearings;
(f) Whether or how offender risk, needs, and responsivity could be used in determining eligibility for diversion, sentencing alternatives, and treatment options;
(g) Whether or how victim risk, needs, and responsivity could be used in improving domestic violence response;
(h) Whether or how risk assessment can improve prosecution and encourage prosecutors to aggressively enforce domestic violence laws; and
(i) Encouraging private sector collaboration.
(4) The work group shall compile its findings and recommendations into a final report and provide its report to the appropriate committees of the legislature and governor by June 30, 2018.
(5) The work group must operate within existing funds.
(6) This section expires June 30, 2019.
Sec. 13. RCW 9.96.060 and 2014 c 176 s 1 and 2014 c 109 s 1 are each reenacted and amended to read as follows:
(1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion vacate the record of conviction by: (a)(i) Permitted the applicant withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.
(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:
(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court;
(b) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;
(c) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense;
(d) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses);
(e) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:
(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;
(ii) The applicant has previously had a conviction for domestic violence. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;
(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or
(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;
(f) For any offense other than those described in (e) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;
(g) The offender has been convicted of a new crime in this state, another state, or federal court since the date of conviction;
(h) The applicant has ever had the record of another conviction vacated; or
(i) The applicant is currently restrained, or has been restrained within five years prior to the vacation application, by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party.
(3) Subject to RCW 9.96.070, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:
(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or
(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction.
(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the
offense. If the person is deceased, a member of the person’s family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under United States v. Washington, 384 F. Supp. 312 (W.D. Wash. 1974), or Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5)(a) Once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person’s criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may not be disseminated or disclosed by the police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The police agency shall immediately transmit the order vacating the conviction to any person, a member, or an official representative of the tribe of which the person was a member, a member of the person’s family, or any other federal, state, or local law enforcement agency to any person.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, 26.10.220, 26.26.138, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). A vacated conviction under this section is not considered a conviction for the purposes of 27 C.F.R. 478.11.

(6) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(7) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. Addressing the siting of schools and school facilities.

The measure was read the second time.

MOTION

Senator Zeiger moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education not be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 20. The legislature recognizes the importance of providing public education to K-12 students, including those who reside in an urban area and those who reside in a rural area. As a part of implementing the growth management act, the legislature affirms that schools are public services that are necessary in both urban and rural areas. Schools are not urban or rural in nature. Instead, K-12 public education is a needed public service statewide. To address the need for additional classrooms, the legislature intends for school districts to be authorized to site schools in the rural area to serve all students and/or to site schools in the urban area to serve all students. To ensure consistency in counties planning under the multicounty planning policies, the legislature intends to create a framework for siting schools under this act. The legislature also intends to establish a policy regarding the extension of utilities and/or public facilities necessary to serve schools to protect public health and safety and the environment.

NEW SECTION. Sec. 21. A new section is added to chapter 36.70A RCW to read as follows:

(a) The applicable school district board of directors has adopted a policy addressing school service area and facility needs;

(b) The applicable school district has made a finding, with the concurrence of the county legislative authority and the legislative authorities of any affected cities, that the district's proposed site is suitable to site the school and any associated recreational facilities that the district has determined cannot reasonably be located on an existing school site, taking into consideration the policy adopted in (a) of this subsection and the extent to which vacant or developable land within the urban growth area meets those requirements;

(c) The county and any affected cities agree to the extension of public facilities and utilities to serve the school sited in a rural area that serves students from an urban area and from a rural area unless the following requirements are met:

(i) The county has a population of more than eight hundred forty thousand but fewer than one million five hundred thousand and that abuts at least six other counties;

(ii) A school district has made a determination of need for a new school in a rural area, taking into consideration the availability of developable land within the urban growth area and relevant service area suitable for the projected enrollment of the school that is consistent with locally adopted educational program requirements, and the financial impact of extending public services and utilities to such site;

(iii) If there is any land available for purchase within the urban growth area and in the specific service area of the school district that meets the school district's planned educational programs, a
school district has determined that, following a review of the then-current zoning, site characteristics, and the overall acquisition and development costs of the alternative site in the urban growth area, the development of a school on such land in the urban growth area is not feasible as of the time the determination is made;

(iv) Any impacts associated with the siting of such a school are mitigated as required under the state environmental policy act, chapter 43.21C RCW;

(v) The county must be a participant in a multicounty planning policy as described in RCW 36.70A.210;

(vi) The school project is needed to meet projected student capacity needs in an identified service area that serves students residing in both the urban growth area and in the rural area, as demonstrated by a capital facilities plan adopted by a locally elected school board of directors;

(vii) The location and design of the school project provides a buffer between the school project and the rural area, thereby protecting the character of the rural area; and

(viii) The county must have adopted in its comprehensive plan a policy concerning the siting of schools in rural areas.

(2) A school sited under this section may not collect or impose the impact fees described in RCW 82.02.050.

(3) A determination of need made by a school district is presumed correct unless it is found to be clearly erroneous by a county within which the proposed new school is sited. For the county to assert that a determination is clearly erroneous, it must, at a minimum and in consideration of the decision made by the locally elected school board of directors, identify at least two sites that: Meet all of the school district's program requirements identified in the determination of need, are financially feasible, are available for purchase in arm's length transactions, and meet other criteria identified in sections 2 through 4 of this act. Citizens must have an opportunity to appeal the determination of need as described in this section.

(4) A multicounty planning policy in which any county referenced in subsection (1) of this section is a participant must be amended, at its next regularly scheduled update, to include a policy that addresses the siting of schools in rural areas of all counties subject to the multicounty planning policy.

(5) This section expires upon the adoption of, including final determination is made;

NEW SECTION. Sec. 23. A new section is added to chapter 36.70A RCW to read as follows:

In a county where a school district chooses to site schools under section 3 of this act, the school district siting a new school in the rural area is required to participate in the county's periodic updates by:

(1) Providing its enrollment forecasts and projections to the county;

(2) Providing school siting criteria to the county, cities, and regional transportation planning organizations;

(3) Reviewing with the county and affected cities the process the school district has used regarding the site selection process. The district shall confirm that the district has considered potential sites in areas where students can safely walk and bicycle to the school from their homes and that can effectively be served with transit, considering the district's educational service areas, and taking into consideration, at a minimum, the price and availability of, and whether there is a need to assemble land for suitable school sites, and whether a school district could purchase the necessary parcels. Sites or any portion of the sites that cannot be acquired through arm's length transactions should not be considered.

Sec. 24. RCW 36.70A.030 and 2012 c 21 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems:

(a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.
(10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(11) "Minerals" include gravel, sand, and valuable metallic substances.

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road fighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(15) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(16) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(17) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, schools serving primarily rural students, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(18) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, schools, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(19) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(20) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(21) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands."

On page 1, line 1 of the title, after "facilities;" strike the remainder of the title and insert "amending RCW 36.70A.030; adding new sections to chapter 36.70A RCW; creating a new section; and providing a contingent expiration date."

The President declared the question before the Senate to be to not adopt the committee striking amendment by the Committee on Early Learning & K-12 Education to Engrossed Substitute House Bill No. 1017.

The motion by Senator Zeiger carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Zeiger moved that the following floor striking amendment no. 247 by Senators Zeiger and Conway be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 25. A new section is added to chapter 36.70A RCW to read as follows:

(1) This chapter does not prohibit a county planning under RCW 36.70A.040 from authorizing the extension of public facilities and utilities to serve a school sited in a rural area that serves students from a rural area and an urban area so long as the following requirements are met:

(a) The applicable school district board of directors has adopted a policy addressing school service area and facility needs and educational program requirements;

(b) The applicable school district has made a finding, with the concurrence of the county legislative authority and the legislative authorities of any affected cities, that the district's proposed site is suitable to site the school and any associated recreational facilities that the district has determined cannot reasonably be colocated on an existing school site, taking into consideration the policy adopted in (a) of this subsection and the extent to which vacant or developable land within the growth area meets those requirements;
(c) The county and any affected cities agree to the extension of public facilities and utilities to serve the school sited in a rural area that serves urban and rural students at the time of concurrence in (b) of this subsection;

(d) If the public facility or utility is extended beyond the urban growth area to serve a school, the public facility or utility must serve only the school and the costs of such extension must be borne by the applicable school district based on a reasonable nexus to the impacts of the school, except as provided in subsection (3) of this section; and

(e) Any impacts associated with the siting of the school are mitigated as required by the state environmental policy act, chapter 43.21C RCW.

(2) This chapter does not prohibit either the expansion or modernization of an existing school in the rural area or the placement of portable classrooms at an existing school in the rural area.

(3) Where a public facility or utility has been extended beyond the urban growth area to serve a school, the public facility or utility may, where consistent with RCW 36.70A.110(4), serve a property or properties in addition to the school if a property owner so requests, provided that the county and any affected cities agree with the request and provided that the property is located no further from the public facility or utility than the distance that, if the property were within the urban growth area, the property would be required to connect to the public facility or utility. In such an instance, the school district may, for a period not to exceed twenty years, require reimbursement from a requesting property owner for a proportional share of the construction costs incurred by the school district for the extension of the public facility or utilities.

NEW SECTION. Sec. 26. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county may authorize the siting in a rural area of a school that serves students from an urban area, even where otherwise prohibited by a multicounty planning policy, under the following circumstances:

(a) The county has a population of more than eight hundred forty thousand but fewer than one million five hundred thousand and abuts at least six other counties;

(b) The county must have adopted in its comprehensive plan a policy concerning the siting of schools in rural areas;

(c) Any impacts associated with the siting of such a school are mitigated as required by the state environmental policy act, chapter 43.21C RCW; and

(d) The county must be a participant in a multicounty planning policy as described in RCW 36.70A.210.

(2) A multicounty planning policy in which any county referenced in subsection (1) of this section is a participant must be amended, at its next regularly scheduled update, to include a policy that addresses the siting of schools in rural areas of all counties subject to the multicounty planning policy.

(3) A school sited under this section may not collect or impose the impact fees described in RCW 82.02.050.

(4) This section expires June 30, 2031.

NEW SECTION. Sec. 27. A new section is added to chapter 36.70A RCW to read as follows:

In a county that chooses to site schools under section 2 of this act, each school district within the county must participate in the county's periodic updates required by RCW 36.70A.130(1)(b) by:

(1) Coordinating its enrollment forecasts and projections with the county's adopted population projections;

(2) Identifying school siting criteria with the county, cities, and regional transportation planning organizations;

(3) Identifying suitable school sites with the county and cities, with priority to siting urban-serving schools in existing cities and towns in locations where students can safely walk and bicycle to the school from their homes and that can effectively be served with transit; and

(4) Working with the county and cities to identify school costs and funding for the capital facilities plan element required by RCW 36.70A.070(3)."

On page 1, line 1 of the title, after "facilities;" strike the remainder of the title and insert "adding new sections to chapter 36.70A RCW; and providing an expiration date."

Senators Zeiger and Rolfes spoke in favor of adoption of the striking amendment.

The President declared the question before the Senate to be the adoption of floor striking amendment no. 247 by Senators Zeiger and Conway to Engrossed Substitute House Bill No. 1017.

The motion by Senator Zeiger carried and floor striking amendment no. 247 was adopted by voice vote.

MOTION

On motion of Senator Zeiger, the rules were suspended, Engrossed Substitute House Bill No. 1017 as amended by the Senate was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Zeiger, Conway, Becker and Angel spoke in favor of passage of the bill.

Senator Rolfes spoke on passage of the bill.

POINT OF INQUIRY

Senator Conway: “Will Senator Zeiger yield to a question?”

REPLY BY THE PRESIDENT

President Habib: “Senator Zeiger? He will.”

POINT OF INQUIRY

Senator Conway: “Is it the intent of this bill that subsection 1 is not conditioned upon an amendment to the multicounty planning policies referenced in subsection 2?”

Senator Zeiger: “Yes, it is the intent that subsection 1 operates independently of subsection 2, and is not contingent upon an amendment to the multicounty planning policy. Subsection 2 is a directive to the multicounty planning jurisdiction to modify its plans to include policies allowing schools to be sited in rural areas that serve both urban and rural students.”

The President declared the question before the Senate to be the final passage of Engrossed Substitute House Bill No. 1017 as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1017 as amended by the Senate and the bill passed the Senate by the following vote: Yeas, 31; Nays, 17; Absent, 0; Excused, 1.
The legislature finds that the children's mental health work group, in its December 2016 final report, recommended that state agencies provide at least twelve months of stable child care through the working connections child care program for certain children involved in the child welfare system, regardless of the employment status of their parents or guardians. Many of these child welfare-involved families are addressing chemical dependency issues, which require a significant amount of time to overcome. For these reasons, the legislature intends to allow certain populations of vulnerable children to be eligible for the working connections child care subsidy for a minimum of twelve months.

The measure was read the second time.

MOTION

Senator O'Ban moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 28. The legislature finds that children with the greatest needs benefit significantly from child care programs that promote stability, quality, and continuity of care. The legislature recognizes that empirical evidence supports the conclusion that high quality child care programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children.

Children in the child welfare system are some of the most vulnerable children. The legislature finds that a child who experiences child abuse or neglect is over four times more likely to abuse substances as an adult and forty-three percent of youth in the juvenile justice system were involved in the child welfare system.

The legislature finds that the child care and development block grant act of 2014 allows the department of early learning to provide working connections child care to children in need of, or receiving, protective services. The legislature further understands that as of July 1, 2016, authorizations for the working connections child care subsidy were to be available for twelve months beginning July 1, 2016, ((unless an earlier date is provided in the omnibus appropriations act)) except that for a change in the ongoing status of the child's parent as working or attending a job training or education program that is not temporary, assistance shall be discontinued after a minimum of three months.

(5) As a condition of receiving a child care subsidy or a working connections child care subsidy, the applicant or recipient must seek child support enforcement services from the department of social and health services, division of child support, unless the department finds that the applicant or recipient has good cause not to cooperate. For the purposes of this subsection, "good cause" includes consideration of the safety of domestic violence victims.

(4) Existing child care providers serving nonschool-age children and receiving state subsidy payments must complete the following requirements to be eligible for a state subsidy under this section:

(a) Enroll in the early achievers program by August 1, 2016;
(b) Complete level 2 activities in the early achievers program by August 1, 2017; and
(c) Rate at a level 3 or higher in the early achievers program by December 31, 2019. If a child care provider rates below a level 3 by December 31, 2019, the provider must complete remedial activities with the department, and rate at a level 3 or higher no later than June 30, 2020.

((4)) (5) Effective July 1, 2016, a new child care provider serving nonschool-age children and receiving state subsidy payments must complete the following activities to be eligible to receive a state subsidy under this section:

(a) Enroll in the early achievers program within thirty days of receiving the initial state subsidy payment;
(b) Complete level 2 activities in the early achievers program within twelve months of enrollment; and
(c) Rate at a level 3 or higher in the early achievers program within thirty months of enrollment. If a child care provider rates below a level 3 within thirty months from enrollment into the early achievers program, the provider must complete remedial activities with the department, and rate at a level 3 or higher within six months of beginning remedial activities.

((4)) (6) If a child care provider does not rate at a level 3 or higher following the remedial period, the provider is no longer eligible to receive state subsidy under this section.

((4)) (7) If a child care provider serving nonschool-age children and receiving state subsidy payments has successfully completed all level 2 activities and is waiting to be rated by the deadline provided in this section, the provider may continue to receive a state subsidy pending the successful completion of the level 3 rating activity.

((4)) (8) The department shall implement tiered reimbursement for early achievers program participants in the working connections child care program rating at level 3, 4, or 5.

Sec. 33. RCW 82.38.031 and 2007 c 515 s 33 are each amended to read as follows:

(1) It is the intent of the legislature that, in the absence of a tribal fuel tax agreement, as referenced in RCW 82.38.310, applicable taxes imposed by this chapter be collected on motor vehicle fuel sold by a business owned or operated by a tribe or an enrolled member of the tribe, when such sale is to any person who is not an enrolled member of the same tribe as the business owner or operator, consistent with collection of these taxes generally within the state. The legislature finds that applicable collection and enforcement measures under this chapter are reasonably necessary to prevent fraudulent transactions and place a minimal burden on the Indian tribal organization pursuant to the United States supreme court's decision in Washington v. Confederated Tribes of the Colville Indian Reservation, 447 U.S. 134 (1980).

SUBSTITUTE HOUSE BILL NO. 1183, by House Committee on Appropriations (originally sponsored by Representatives McBride, Chapman, Haler, Ryu, Robinson, McDonald, Stambaugh, Frame, Senn, Riccelli, Dolan and Hudgins)

Authorizing specified local governments, including municipalities and federally recognized Indian tribes, that typically have limited access to economic development resources, to designate a portion of their territory as a creative district subject to certification by the Washington state arts commission.

The measure was read the second time.

MOTION

Senator Warnick moved that the following committee striking amendment by the Committee on Agriculture, Water, Trade & Economic Development be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 36. (1) The legislature finds that:
(a) A creative district is a designated, geographical, mixed-use area of a community in which a high concentration of cultural facilities, creative businesses, or arts-related businesses serve as a collective anchor of public attraction;
(b) In certain cases, multiple vacant properties in close proximity may exist within a community that would be suitable for redevelopment as a creative district;
(c) Creative districts are a highly adaptable economic development tool that is able to take a community's unique conditions, assets, needs, and opportunities into account and thereby address the needs of large, small, rural, and urban areas;
(d) Creative districts may be home to both nonprofit and for-profit creative industries and organizations;
(e) The arts and culture transcend boundaries of race, age, gender, language, and social status; and
(f) Creative districts promote and improve communities in particular and the state more generally in many ways. Specifically, such districts:
(i) Attract artists and creative entrepreneurs to a community and thereby infuse the community with energy and innovation and enhance the economic and civic capital of the community;
(ii) Create a hub of economic activity that helps an area become an appealing place to live, visit, and conduct business,
complements adjacent businesses, creates new economic opportunities and jobs in both the cultural sector and other local industries, and attracts new businesses and assists in the recruitment of employees;

(iii) Establish marketable tourism assets that highlight the distinct identity of communities, attract in-state, out-of-state, and international visitors, and become especially attractive destinations for cultural, recreational, and business travelers;

(iv) Revitalize and beautify neighborhoods, cities, and larger regions, reverse urban decay, promote the preservation of historic buildings, and facilitate a healthy mixture of business and residential activity that contributes to reduced vacancy rates and enhanced property values;

(v) Provide a focal point for celebrating and strengthening a community's unique cultural identity, providing communities with opportunities to highlight existing cultural amenities as well as mechanisms to recruit and establish new artists, creative industries, and organizations;

(vi) Provide artists with a creative area in which they can live and work, with living spaces that enable them to work in artistic fields and find affordable housing close to their place of employment; and

(vii) Enhance property values. Successful creative districts combine improvements to public spaces such as parks, waterfronts, and pedestrian corridors, alongside property development. The redevelopment of abandoned properties and historic sites and recruiting businesses to occupy vacant spaces can also contribute to reduced vacancy rates and enhanced property values.

(2) It is the intent of the legislature that the state provide leadership, technical support, and the infrastructure to local communities desirous of creating their own creative districts by, among other things, certifying districts, offering available incentives to encourage business development, exploring new incentives that are directly related to creative enterprises, facilitating local access to state assistance, enhancing the visibility of creative districts, providing technical assistance and planning help, ensuring broad and equitable program benefits, and fostering a supportive climate for the arts and culture, thereby contributing to the development of healthy communities across the state and improving the quality of life of the state's residents.

Senator Rivers moved that the following committee striking amendment by the Committee on Ways & Means be not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 48. The legislature finds that:

(1) Research demonstrates that registered nurses play a critical role in improving patient safety and quality of care; (2) Appropriate staffing of hospital personnel including registered nurses available for patient care assists in reducing errors, complications, and adverse patient care events and can improve staff safety and satisfaction and reduce incidences of workplace injuries; (3) Health care professional, technical, and support staff comprise vital components of the patient care team, bringing their particular skills and services to ensuring quality patient care; (4) Assuring sufficient staffing of hospital personnel, including registered nurses, is an urgent public policy priority in order to protect patients and support greater retention of registered nurses and safer working conditions; and (5) Steps should be taken to promote evidence-based nurse staffing and increase transparency of health care data and decision making based on the data.

Sec. 49. RCW 70.41.420 and 2008 c 47 s 3 are each amended to read as follows:

(1) By September 1, 2008, each hospital shall establish a nurse staffing committee, either by creating a new committee or assigning the functions of a nurse staffing committee to an existing committee. At least one-half of the members of the nurse staffing committee shall be registered nurses currently providing direct patient care and up to one-half of the members shall be determined by the hospital administration. The selection of the registered nurses providing direct patient care shall be according to the collective bargaining agreement if there is one in effect at the hospital. If there is no applicable collective bargaining agreement, the members of the nurse staffing committee who are registered nurses providing direct patient care shall be selected by their peers. (2) Participation in the nurse staffing committee by a hospital employee shall be on scheduled work time and compensated at the appropriate rate of pay. Nurse staffing committee members shall be relieved of all other work duties during meetings of the committee.

(3) Primary responsibilities of the nurse staffing committee shall include:

(a) Development and oversight of an annual patient care unit and shift-based nurse staffing plan, based on the needs of patients, to be used as the primary component of the staffing budget. Factors to be considered in the development of the plan should include, but are not limited to:

(i) Census, including total numbers of patients on the unit on each shift and activity such as patient discharges, admissions, and transfers; (ii) Level of intensity of all patients and nature of the care to be delivered on each shift; (iii) Skill mix; (iv) Level of experience and specialty certification or training of nursing personnel providing care; (v) The need for specialized or intensive equipment; (vi) The architecture and geography of the patient care unit, including but not limited to placement of patient rooms, treatment areas, nursing stations, medication preparation areas, and equipment; ((and)) (vii) Staffing guidelines adopted or published by national nursing professional associations, specialty nursing organizations, and other health professional organizations; (viii) Availability of other personnel supporting nursing services on the unit; and (ix) Strategies to enable registered nurses to take meal and rest breaks as required by law or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff; (b) Semiannual review of the staffing plan against patient need and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the hospital; (c) Review, assessment, and response to staffing variations or concerns presented to the committee. (4) In addition to the factors listed in subsection (3)(a) of this section, hospital finances and resources ((may)) must be taken into account in the development of the nurse staffing plan.

(5) The staffing plan must not diminish other standards contained in state or federal law and rules, or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff.

(6) The committee will produce the hospital's annual nurse staffing plan. If this staffing plan is not adopted by the hospital, the chief executive officer shall provide a written explanation of the reasons why the plan was not adopted to the committee. The
chief executive officer must then either: (a) Identify those elements of the proposed plan being changed prior to adoption of the plan by the hospital or (b) prepare an alternate annual staffing plan that must be adopted by the hospital. Beginning January 1, 2019, each hospital shall submit its staffing plan to the department and thereafter on an annual basis and at any time in between that the plan is updated.

(7) Beginning January 1, 2019, each hospital shall implement the staffing plan and assign nursing personnel to each patient care unit in accordance with the plan.

(a) A registered nurse may report to the staffing committee any variations where the nurse personnel assignment in a patient care unit is not in accordance with the adopted staffing plan and may make a complaint to the committee based on the variations.

(b) Shift-to-shift adjustments in staffing levels required by the plan may be made by the appropriate hospital personnel overseeing patient care operations. If a registered nurse on a patient care unit objects to a shift-to-shift adjustment, the registered nurse may submit the complaint to the staffing committee.

(c) Staffing committees shall develop a process to examine and respond to data submitted under (a) and (b) of this subsection, including the ability to determine if a specific complaint is resolved or dismissing a complaint based on unsubstantiated data.

(8) Each hospital shall post, in a public area on each patient care unit, the nurse staffing plan and the nurse staffing schedule for that shift on that unit, as well as the relevant clinical staffing for that shift. The staffing plan and current staffing levels must also be made available to patients and visitors upon request.

((444)) (9) A hospital may not retaliate against or engage in any form of intimidation of:

(a) An employee for performing any duties or responsibilities in connection with the nurse staffing committee; or
(b) An employee, patient, or other individual who notifies the staffing committee or the hospital administration of his or her concerns on nurse staffing.

((444)) (10) This section is not intended to create unreasonable burdens on critical access hospitals under 42 U.S.C. Sec. 1395i-4. Critical access hospitals may develop flexible approaches to accomplish the requirements of this section that may include but are not limited to having nurse staffing committees work by telephone or ((electronic mail)) email.

NEW SECTION. Sec. 50. A new section is added to chapter 70.41 RCW to read as follows:

(1)(a) The department shall investigate a complaint submitted under this section for violation of RCW 70.41.420 following receipt of a complaint with documented evidence of failure to:

(i) Form or establish a staffing committee;
(ii) Conduct a semiannual review of a nurse staffing plan;
(iii) Submit a nurse staffing plan on an annual basis and any updates; or
(iv)(A) Follow the nursing personnel assignments in a patient care unit in violation of RCW 70.41.420(7)(a) or shift-to-shift adjustments in staffing levels in violation of RCW 70.41.420(7)(b).

(B) Prior to investigating a complaint under this subsection (1)(a)(iv), the department shall examine any complaints that were submitted to the hospital's nurse staffing committee under RCW 70.41.420(7) (a) or (b) excluding complaints determined by the nurse staffing committee to be resolved or dismissed. The department may only investigate a complaint under this subsection (1)(a)(iv) after making a preliminary finding that the aggregate data contained in the complaints submitted to the committee in a minimum sixty-day continuous period leading up to the receipt of the complaint by the department indicate a continuing pattern of unresolved violations of RCW 70.41.420(7) (a) or (b).

(C) The department may not investigate a complaint under this subsection (1)(a)(iv) in the event of unforeseeable emergency circumstances or if the hospital, after consultation with the nurse staffing committee, documents it has made reasonable efforts to obtain staffing to meet required assignments but has been unable to do so.

(b) After an investigation conducted under (a) of this subsection, if the department determines that there has been a violation, the department shall require the hospital to submit a corrective plan of action within forty-five days of the presentation of findings from the department to the hospital.

(2) In the event that a hospital fails to submit or submits but fails to follow such a corrective plan of action in response to a violation or violations found by the department based on a complaint filed pursuant to subsection (1) of this section, the department may impose, for all violations asserted against a hospital at any time, a civil penalty of one hundred dollars per day until the hospital submits or begins to follow a corrective plan of action or takes other action agreed to by the department.

(3) The department shall maintain for public inspection records of any civil penalties, administrative actions, or license suspensions or revocations imposed on hospitals under this section.

(4) For purposes of this section, "unforeseeable emergency circumstance" means:

(a) Any unforeseen national, state, or municipal emergency;
(b) When a hospital disaster plan is activated;
(c) Any unforeseen disaster or other catastrophic event that substantially affects or increases the need for health care services; or
(d) When a hospital is diverting patients to another hospital or hospitals for treatment or the hospital is receiving patients from another hospital or hospitals.

(5) Nothing in this section shall be construed to preclude the ability to otherwise submit a complaint to the department for failure to follow RCW 70.41.420.

NEW SECTION. Sec. 51. This act may be known and cited as the Washington state patient safety act."

On page 1, line of the title, after "hospitals," strike the remainder of the title and insert "amending RCW 70.41.420; adding a new section to chapter 70.41 RCW; creating new sections; and prescribing penalties."

Strike everything after the enacting clause and insert the following:

"Sec. 57. RCW 70.38.111 and 2016 sp.s. c 31 s 4 are each amended to read as follows:

(1) The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination; or

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals and, on the date the application is submitted under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization;"
if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and

(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(ii), and (ii) with respect to such facility, meets the requirements of (1)(a)(ii) or (iii) or the requirements of (1)(b)(i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements to the offering of inpatient tertiary health services to the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicare program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8) A rural hospital determined to no longer meet critical access hospital status for state law purposes as a result of participation in the Washington rural health access preservation pilot identified by the state office of rural health and formerly licensed as a hospital under chapter 70.41 RCW may apply to the department to renew its hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW. If all or part of a formerly licensed rural hospital is sold, purchased, or leased during the period the rural hospital does not meet critical access hospital status as a result of participation in the Washington rural health access preservation pilot and the
new owner or lessor applies to renew the rural hospital's license, then the sale, purchase, or lease of all of the rural hospital is subject to the provisions of this chapter ((70.38 RCW)).

9)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(10)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (10) in its calculations for future certificate of need applications.

(11) To alleviate the need to board psychiatric patients in emergency departments, (for fiscal year 2014)) for the period of time from the effective date of this section through June 30, 2019:

(a) The department shall suspend the certificate of need requirement for a hospital licensed under chapter 70.41 RCW that changes the use of licensed beds to increase the number of beds to provide psychiatric services, including involuntary treatment services. A certificate of need exemption under this ((section)) subsection (11)(a) shall be valid for two years.

(b) The department may not require a certificate of need for:

(i) The addition of beds as described in RCW 70.38.260(2) and (3); or

(ii) The construction, development, or establishment of a psychiatric hospital licensed as an establishment under chapter 71.12 RCW that will dedicate at least one-third of its beds to provide treatment to adults on ninety or one hundred eighty-day involuntary commitment orders, as described in RCW 70.38.260(4).

Sec. 58. RCW 70.38.260 and 2015 3rd sp.s. c 22 s 2 are each amended to read as follows:

(1) For a grant awarded during fiscal years 2016 and 2017 by the department of commerce under this section, hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed as establishments under chapter 71.12 RCW are not subject to certificate of need requirements for the addition of the number of new psychiatric beds indicated in the grant. The department of commerce may not make a prior approval of a certificate of need application a condition for a grant application under this section. The period during which an approved hospital or psychiatric hospital project qualifies for a certificate of need exemption under this section is two years from the date of the grant award.

(2)(a) Until June 30, 2019, a hospital licensed under chapter 70.41 RCW is exempt from certificate of need requirements for the addition of new psychiatric beds.

(b) A hospital that adds new psychiatric beds under this subsection (2) must:

(i) Notify the department of the addition of new psychiatric beds. The department shall provide the hospital with a notice of exemption within thirty days; and
(ii) Commence the project within two years of the date of receipt of the notice of exemption.

(c) Beds granted an exemption under RCW 70.38.111(11)(b) must remain psychiatric beds unless a certificate of need is granted to change their use or the hospital voluntarily reduces its licensed capacity.

(3) (a) Until June 30, 2019, a psychiatric hospital licensed as an establishment under chapter 71.12 RCW is exempt from certificate of need requirements for the one-time addition of up to thirty new psychiatric beds, if it demonstrates to the satisfaction of the department:

(i) That its most recent two years of publicly available fiscal year-end report data as required under RCW 70.170.100 and 43.70.050 reported to the department by the psychiatric hospital, show a payer mix of a minimum of fifty percent medicare and medicaid based on a calculation using patient days; and

(ii) A commitment to maintaining the payer mix in (a) of this subsection for a period of five consecutive years after the beds are made available for use by patients.

(b) A psychiatric hospital that adds new psychiatric beds under this subsection (3) must:

(i) Notify the department of the addition of new psychiatric beds. The department shall provide the psychiatric hospital with a notice of exemption within thirty days; and

(ii) Commence the project within two years of the date of receipt of the notice of exemption.

(c) Beds granted an exemption under RCW 70.38.111(11)(b) must remain psychiatric beds unless a certificate of need is granted to change their use or the psychiatric hospital voluntarily reduces its licensed capacity.

(4) (a) Until June 30, 2019, an entity seeking to construct, develop, or establish a psychiatric hospital licensed as an establishment under chapter 71.12 RCW is exempt from certificate of need requirements if the proposed psychiatric hospital will dedicate at least one-third of its beds to providing treatment to adults on ninety or one hundred eighty-day involuntary commitment orders. The psychiatric hospital may also provide treatment to adults on a seventy-two hour detention or fourteen-day involuntary commitment order.

(b) An entity that seeks to construct, develop, or establish a psychiatric hospital under this subsection (4) must:

(i) Notify the department of the construction, development, or establishment. The department shall provide the entity with a notice of exemption within thirty days; and

(ii) Commence the project within two years of the date of receipt of the notice of exemption.

NEW SECTION. Sec. 61. (1) A person may not enroll a biometric identifier in a database for a commercial purpose, without first providing notice, obtaining consent, or providing a mechanism to prevent the subsequent use of a biometric identifier for a commercial purpose.

(2) The exact notice and type of consent required to achieve compliance with subsection (1) of this section is context-dependent.

(3) Unless consent has been obtained from the individual, a person who has enrolled an individual's biometric identifier may not sell, lease, or otherwise disclose the biometric identifier to another person for a commercial purpose unless the disclosure:

(e) Is made to a third party who contractually promises that the biometric identifier will not be further disclosed and will not be enrolled in a database for a commercial purpose inconsistent with the notice and consent described in this subsection (3) and subsections (1) and (2) of this section; or

(f) Is made to prepare for litigation or to respond to or participate in judicial process.

(6) The limitations on disclosure and retention of biometric identifiers provided in this section do not apply to disclosure or retention of biometric identifiers that have been unenrolled.

(3) "Capture" means the process of collecting a biometric identifier from an individual in person.

(4) "Commercial purpose" means a purpose in furtherance of the sale or disclosure to a third party of a biometric identifier for the purpose of marketing of goods or services when such goods or services are unrelated to the initial transaction in which a person first gains possession of an individual's biometric identifier. "Commercial purpose" does not include a security or law enforcement purpose.

A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(2) This chapter may be enforced solely by the attorney general under the consumer protection act, chapter 19.86 RCW.

An exception shall be made to this requirement for children whose parents formally remove them from enrollment if the child is less than eight years old and a petition has not been filed against the parent under subsection (3) of this section. The requirement to attend school under this subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. A child required to attend school under this subsection may be temporarily excused upon the request of his or her parent for purposes agreed upon by the school district and parent.

(2) If a six or seven year old child is required to attend public school under subsection (1) of this section and that child has unexcused absences, the public school in which the child is enrolled shall:

(b) Request a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after ((two)) three unexcused absences within any month during the current school year.

(c) Take steps to eliminate or reduce the child's absences. These steps shall include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, offering assistance in enrolling the child in available alternative schools or programs, or assisting the parent or child to obtain supplementary services that may help eliminate or ameliorate the cause or causes for the absence from school.

(3) If a child required to attend public school under subsection (1) of this section has seven unexcused absences in a month or ten unexcused absences in a school year, the school district shall file a petition for civil action as provided in RCW 28A.225.035 against the parent of the child.

(4) This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old children whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section.

Sec. 68. RCW 28A.225.020 and 2016 c 205 s 4 are each amended to read as follows:

(a) Inform the child's parent by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences. If the parent is not fluent in English, the school must make reasonable efforts to provide this information in a language in which the parent is fluent;

(b) Schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after ((two)) three unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the ((second)) third unexcused absence, then the school district may schedule this conference on that day; and

(4) This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old children whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section.

Sec. 68. RCW 28A.225.020 and 2016 c 205 s 4 are each amended to read as follows:

(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:

section, RCW 28A.225.030, and 28A.225.015. The sending
school district shall provide this information to the receiving
school, together with a copy of any previous assessment as
required under subsection (1)(c) of this section, history of any
best practices or researched-based intervention previously
provided to the child by the child's sending school district, and a
copy of the most recent truancy information including any online
or written acknowledgment by the parent and child, as provided
for in RCW 28A.225.005. All school districts must use the
standard choice transfer form for releasing a student to a
nonresident school district for the purposes of accessing an
alternative learning experience program.
Sec. 69. RCW 28A.225.025 and 2016 c 205 s 5 are each
amended to read as follows:
(1) For purposes of this chapter, "community truancy board"
means a board established pursuant to a memorandum of
understanding between a juvenile court and a school district and
composed of members of the local community in which the child
attends school. (All members of a)) Community truancy boards
must include members who receive training regarding the
identification of barriers to school attendance, the use of the
Washington assessment of the risks and needs of students
(WARNs) or other assessment tools to identify the specific needs
of individual children, cultural responsive interactions, trauma-
infused approaches to discipline, evidence-based treatments
that have been found effective in supporting at-risk youth and
their families, and the specific services and treatment available
in the particular school, court, community, and elsewhere. Duties of
a community truancy board shall include, but not be limited to:
Identifying barriers to school attendance, recommending methods
for improving attendance such as connecting students and their
families with community services, culturally appropriate
promising practices, and evidence-based services such as
functional family therapy((, multisystemic therapy, and
aggression replacement training)), suggesting to the school
district that the child enroll in another school, an alternative
education program, an education center, a skill center, a dropout
prevention program, or another public or private educational
program, or recommending to the juvenile court that a juvenile be
offered the opportunity for placement in a HOPE
center or crisis residential center, if appropriate.
(2) The legislature finds that utilization of community truancy
boards is the preferred means of intervention when preliminary
methods to eliminate or reduce unexcused absences as required
by RCW 28A.225.020 have not been effective in securing the
child's attendance at school. The legislature intends to encourage
and support the development and expansion of community
truancy boards. Operation of a school truancy board does not
excuse a district from the obligation of filing a petition within the
requirements of RCW 28A.225.015(3).
Sec. 70. RCW 28A.225.026 and 2016 c 205 s 6 are each
amended to read as follows:
(1) By the beginning of the 2017-18 school year, juvenile
courts must establish, through a memorandum of understanding
with each school district within their respective counties, a
coordinated and collaborative approach to address truancy
through the establishment of a community truancy board or, with
respect to certain small districts, through other means as provided
in subsection (3) of this section.
(2) Except as provided in subsection (3) of this section, each
school district must enter into a memorandum of understanding
with the juvenile court in the county in which it is located with
respect to the operation of a community truancy board. A
community truancy board may be operated by a juvenile court, a
school district, or a collaboration between both entities, so long
as the agreement is memorialized in a memorandum of
understanding. For a school district that is located in more than
one county, the memorandum of understanding shall be with the juvenile court in the county that acts as the school district's treasurer.

(3) A school district with fewer than three hundred students must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to:

(a) The operation of a community truancy board; or
(b) addressing truancy through other coordinated means of intervention aimed at identifying barriers to school attendance, and connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy((, multisystemic therapy, and aggression replacement training)). School districts with fewer than three hundred students may work cooperatively with other school districts or the school district's educational service district to ensure access to a community truancy board or to provide other coordinated means of intervention.

(4) All school districts must designate, and identify to the local juvenile court and the office of the superintendent of public instruction, a person or persons to coordinate school district efforts to address excessive absenteeism and truancy, including tasks associated with: Outreach and conferences pursuant to RCW 28A.225.018; entering into a memorandum of understanding with the juvenile court, establishing protocols and procedures with the court; coordinating trainings; sharing evidence-based and culturally appropriate promising practices; identifying a person within every school to serve as a contact with respect to excessive absenteeism and truancy; and assisting in the recruitment of community truancy board members.

(5) As has been demonstrated by school districts and county juvenile courts around the state that have worked together and led the way with community truancy boards, success has resulted from involving the entire community and leveraging existing dollars from a variety of sources, including public and private, local and state, and court, school, and community. In emulating this coordinated and collaborative approach statewide pursuant to local memoranda of understanding, courts and school districts are encouraged to create strong community-wide partnerships and to leverage existing dollars and resources.

Sec. 71. RCW 28A.225.090 and 2016 c 205 s 9 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, which shall not consider a suspension day as an unexcused absence;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Submit to a substance abuse assessment if the court finds on the record that such assessment is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any assessment, including a urinalysis test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the substance abuse assessment at no expense to the school; or

(e) Submit to a mental health evaluation or other diagnostic evaluation and adhere to the recommendations of the drug assessment, at no expense to the school, if the court finds on the court records that such evaluation is appropriate to the circumstances and behavior of the child, and will facilitate the child's compliance with the mandatory attendance law((, or

(f) Submit to a temporary placement in a crisis residential center or a HOPE center if the court determines there is an immediate health and safety concern, or a family conflict with the need for mediati))

(2)(a) If the child fails to comply with the court order, the court may impose:

(i) Community restitution;

(ii) Nonresidential programs with intensive wraparound services;

(iii) A requirement that the child meet with a mentor for a specified number of times; or

(iv) Other services and interventions that the court deems appropriate.

(b) If the child continues to fail((s)) to comply with the court order and the court makes a finding that other measures to secure compliance have been tried but have been unsuccessful and no less restrictive alternative is available, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(c)(, or may impose alternatives to detention such as community restitution)). Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than seven days. Detention ordered under this subsection shall preferably be served at a secure crisis residential center close to the child's home rather than in a juvenile detention facility. A warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the
parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child’s absence.

4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

   (a) Enter into an agreement with a student and parent that establishes school attendance requirements;
   (b) Refer a student to a community truancy board as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child’s absences; or

Creating a suicide-safer homes project account to support prevention efforts and develop strategies for reducing access to lethal means.

The measure was read the second time.

MOTION
Senator O'Ban moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 78. The legislature finds that over one thousand one hundred suicide deaths occur each year in Washington and these suicide deaths take an enormous toll on families and communities across the state. The legislature further finds that: Sixty-five percent of all suicides, and most suicide deaths and attempts for young people ages ten to eighteen, occur using firearms and prescription medications that are easily accessible in homes; firearms are the most lethal method used in suicide and almost entirely account for more men dying by suicide than women; sixty-seven percent of all veteran deaths by suicide are by firearm; and nearly eighty percent of all deaths by firearms in Washington are suicides. The legislature further finds that there is a need for a robust public education campaign designed to raise awareness of suicide and to teach everyone the role that he or she can play in suicide prevention. The legislature further finds that important suicide prevention efforts include: Motivating households to improve safe storage practices to reduce deaths from firearms and prescription medications; decreasing barriers to prevent access to lethal means by allowing for temporary and voluntary transfers of firearms when individuals are at risk for suicide; increasing access to drug take-back sites; and making the public aware of suicide prevention steps, including recognizing warning signs, empathizing and listening, asking directly about suicide, removing dangers to ensure immediate safety, and getting help. The legislature intends by this act to create a public-private partnership fund to ensure immediate safety, and getting help. Concerning biometric identifiers.

The measure was again read the second time.

REMARKS BY THE PRESIDENT

President Habib: “The President’s practice will be when returning to a bill on which we have deferred consideration, all of those motions have been undone, those motions need to be made again. We had that happen earlier today, we will do that again right now. The bill has been read, the striking amendment by Senator Pedersen has been read. Senator Pedersen would you like to move your amendment?”

MOTION

Senator Pedersen moved that the following floor striking amendment no. 242 by Senators Pedersen and Rivers be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 86. The legislature finds that citizens of Washington are increasingly asked to disclose sensitive biological information that uniquely identifies them for
commerce, security, and convenience. The collection and marketing of biometric information about individuals, without consent or knowledge of the individual whose data is collected, is of increasing concern. The legislature intends to require a business that collects and can attribute biometric data to a specific uniquely identified individual to disclose how it uses that biometric data and either provide notice to or obtain consent from an individual before enrolling or changing the use of that individual's biometric identifiers in a database.

NEW SECTION.  Sec. 87. (1) A person may not enroll a biometric identifier in a database for a commercial purpose, without first providing notice, obtaining consent, or providing a mechanism to prevent the subsequent use of a biometric identifier for a commercial purpose.

(2) The exact notice and type of consent required to achieve compliance with subsection (1) of this section is context-dependent.

(3) Unless consent has been obtained from the individual, a person who has enrolled an individual's biometric identifier may not sell, lease, or otherwise disclose the biometric identifier to another person for a commercial purpose unless the disclosure:

(a) Is consistent with subsections (1), (2), and (4) of this section;

(b) Is necessary to provide a product or service subscribed to, requested, or expressly authorized by the individual;

(c) Is necessary to effect, administer, enforce, or complete a financial transaction that the individual requested, initiated, or authorized, and the third party to whom the biometric identifier is disclosed maintains confidentiality of the biometric identifier and does not further disclose the biometric identifier except as otherwise permitted under this subsection (3);

(d) Is required or expressly authorized by a federal or state statute, or court order;

(e) Is made to a third party who contractually promises that the biometric identifier will not be further disclosed and will not be enrolled in a database for a commercial purpose inconsistent with the notice and consent described in this subsection (3) and subsections (1) and (2) of this section; or

(f) Is made to prepare for litigation or to respond to or participate in judicial process.

(4) A person who knowingly possesses a biometric identifier of an individual that has been enrolled for a commercial purpose:

(a) Must take reasonable care to guard against unauthorized access to and acquisition of biometric identifiers that are in the possession or under the control of the person; and

(b) May retain the biometric identifier no longer than is reasonably necessary to:

(i) Comply with a court order, statute, or public records retention schedule specified under federal, state, or local law;

(ii) Protect against or prevent actual or potential fraud, criminal activity, claims, security threats, or liability; and

(iii) Provide the services for which the biometric identifier is retained.

(5) A person who enrolls a biometric identifier of an individual for a commercial purpose or obtains a biometric identifier of an individual from a third party for a commercial purpose pursuant to this section may not use or disclose it in a manner that is materially inconsistent with the terms under which the biometric identifier was originally provided without obtaining consent for the new terms of use or disclosure.

(6) The limitations on disclosure and retention of biometric identifiers provided in this section do not apply to disclosure or retention of biometric identifiers that have been unenrolled.

(7) Nothing in this section requires an entity to provide notice and obtain consent to collect, capture, or enroll a biometric identifier and store it in a biometric system, or otherwise, in furtherance of a security purpose.

NEW SECTION.  Sec. 88. The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Biometric identifier" means data generated by automatic measurements of an individual's fingerprint, voiceprint, eye retinas, or irises, that is used to identify a specific individual. "Biometric identifier" does not include a physical or digital photograph, video or audio recording, or data generated therefrom, or information collected, used, or stored for health care treatment, payment, or operations under the federal health insurance portability and accountability act of 1996.

(2) "Biometric system" means an automated identification system capable of capturing, processing, and storing a biometric identifier, comparing the biometric identifier to one or more references, and matching the biometric identifier to a specific individual.

(3) "Capture" means the process of collecting a biometric identifier from an individual in person.

(4) "Commercial purpose" means a purpose in furtherance of the sale or disclosure to a third party of a biometric identifier for the purpose of marketing of goods or services when such goods or services are unrelated to the initial transaction in which a person first gains possession of an individual's biometric identifier. "Commercial purpose" does not include a security or law enforcement purpose.

(5) "Enroll" means to capture a biometric identifier of an individual, convert it into a reference template that cannot be reconstructed into the original output image, and store it in a database that matches the biometric identifier to a specific individual.

(6) "Law enforcement officer" means a law enforcement officer as defined in RCW 9.41.010 or a federal peace officer as defined in RCW 10.93.020.

(7) "Notice" means a disclosure that is given through a procedure reasonably designed to be readily available to affected individuals.

(8) "Person" means an individual, partnership, corporation, limited liability company, organization, association, or any other legal or commercial entity, but does not include a government agency.

(9) "Security purpose" means the purpose of preventing shoplifting, fraud, or any other misappropriation or theft of a thing of value, including tangible and intangible goods, services, and other purposes in furtherance of protecting the security or integrity of software, accounts, applications, online services, or any person.

NEW SECTION.  Sec. 89. (1) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(2) This chapter may be enforced solely by the attorney general under the consumer protection act, chapter 19.86 RCW.

NEW SECTION.  Sec. 90. (1) Nothing in this act applies in any manner to a financial institution or an affiliate of a financial institution that is subject to Title V of the federal Gramm-Leach-Bliley act of 1999 and the rules promulgated thereunder.

(2) Nothing in this act applies to activities subject to Title V of the federal health insurance privacy and portability act of 1996 and the rules promulgated thereunder.
(3) Nothing in this act expands or limits the authority of a law enforcement officer acting within the scope of his or her authority including, but not limited to, the authority of a state law enforcement officer in executing lawful searches and seizures.

NEW SECTION. Sec. 91. Sections 2 through 5 of this act constitute a new chapter in Title 19 RCW.

On page 1, line 1 of the title, after "identifiers;" strike the remainder of the title and insert "adding a new chapter to Title 19 RCW; and creating a new section."

Senator Padden spoke against adoption of the striking amendment.

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

   (b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.
(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(10) The responsibilities of the prosecutor under subsections (1) through (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1358, by House Committee on Appropriations (originally sponsored by Representatives Griffey and Cody)

Concerning reimbursement for services provided pursuant to community assistance referral and education services programs.

The measure was read the second time.

MOTION

Senator Rivers moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

"NEW SECTION. Sec. 135. A new section is added to chapter 74.09 RCW to read as follows:

The authority shall adopt standards for the reimbursement of health care services provided to eligible clients by fire departments pursuant to a community assistance referral and education services program under RCW 35.21.930. The standards must allow payment for covered health care services provided to individuals whose medical needs do not require ambulance transport to an emergency department.

Sec. 136. RCW 35.21.930 and 2015 c 93 s 1 are each amended to read as follows:

(1) Any fire department may develop a community assistance referral and education services program to provide community outreach and assistance to residents of its jurisdiction in order to improve population health and advance injury and illness prevention within its community. The program should identify members of the community who use the 911 system or emergency department for low acuity assistance calls (calls that are nonemergency or nonurgent) and connect them to their primary care providers, other health care professionals, low-cost medication programs, and other social services. The program may partner with hospitals to reduce readmissions. The program may also provide nonemergency contact information in order to provide an alternative resource to the 911 system. The program may hire or contract with health care professionals as needed to provide these services, including emergency medical technicians certified under chapter 18.73 RCW and advanced emergency medical technicians and paramedics certified under chapter 18.71 RCW. The services provided by emergency medical technicians, advanced emergency medical technicians, and paramedics must be under the responsible supervision and direction of an approved medical program director. Nothing in this section authorizes an emergency medical technician, advanced emergency medical technician, or paramedic to perform medical procedures they are not trained and certified to perform.

(2) (A participating fire department may seek grant opportunities and private gifts)) In order to support its community assistance referral and education services program, a participating fire department may seek grant opportunities and private gifts, and, by resolution or ordinance, establish and collect reasonable charges for these services.

(3) In developing a community assistance referral and education services program, a fire department may consult with the health workforce council to identify health care professionals capable of working in a nontraditional setting and providing assistance, referral, and education services.

(4) Community assistance referral and education services programs implemented under this section must, at least annually, measure any reduction of repeated use of the 911 emergency system and any reduction in avoidable emergency room trips attributable to implementation of the program. Results of findings under this subsection must be reportable to the legislature or other local governments upon request. Findings should include estimated amounts of medicaid dollars that would have been spent on emergency room visits had the program not been in existence.

(5) For purposes of this section, “fire department” includes city and town fire departments, fire protection districts organized under Title 52 RCW, regional fire protection service authorities organized under chapter 52.26 RCW, providers of emergency
medical services (that) eligible to levy a tax under RCW 84.52.069, and federally recognized Indian tribes.

NEW SECTION. Sec. 137. A new section is added to chapter 43.70 RCW to read as follows:

The department of health must review the professional certification and training of health professionals participating in a community assistance referral and education program, review the certification and training requirements in other states with similar programs, and coordinate with the health care authority to link the certification requirements with the covered health care services recommended for payment in section 1 of this act. The department shall submit recommendations to the appropriate committees of the legislature for any changes and suggestions for implementation within six months of the development of the payment standards.

NEW SECTION. Sec. 138. (1) The joint legislative audit and review committee shall conduct a cost-effectiveness review, in consultation with the health care authority, of the standards for reimbursement established in section 1 of this act. The review must evaluate the amount paid on behalf of eligible clients under chapter 74.09 RCW by the health care authority to fire departments for health care services that did not require an ambulance transport and the amount that would have been paid had the service been provided in a different care setting.

(2) The cost-effectiveness review must consider the savings realized by medical assistance programs under chapter 74.09 RCW as a result of fire departments providing health care services and make any recommendations for improving the cost-effectiveness of the standards for reimbursement and reducing the potential for excessive billing or billing for unnecessary services. If the review finds that the standards of reimbursement have not resulted in savings to the state’s medical assistance programs, the joint legislative audit and review committee shall recommend the repeal of section 1 of this act.

(3) The joint legislative audit and review committee shall submit the cost-effectiveness review, including its findings and recommendations, to the fiscal committees and health policy committees of the legislature by December 1, 2021.

NEW SECTION. Sec. 139. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 35.21.930; adding a new section to chapter 74.09 RCW; adding a new section to chapter 43.70 RCW; and creating new sections."

Incentivizing the development of commercial office space in cities with a population of greater than fifty thousand and located in a county with a population of less than one million five hundred thousand.

The measure was read the second time.

MOTION

Senator Short moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 140. The legislature finds that the cost of developing high-quality, commercial office space is prohibitive in cities located outside of a major metropolitan area. The legislature finds that these cities have designated urban centers and plan to locate high-quality, commercial office space within those urban centers. The legislature also finds that solely planning for commercial office space within urban centers is inadequate and an incentive should be created to stimulate the development of new commercial office space in urban centers. The legislature intends to provide these cities with local options to incentivize the development of commercial office space in urban centers with access to transit, transportation systems, and other amenities.

NEW SECTION. Sec. 141. (1) A governing authority of a city may adopt a local sales and use tax exemption program to incentivize the development of commercial office space in urban centers with access to transit, transportation systems, and other amenities.

(2) A governing authority of a city may adopt a local property tax exemption program to incentivize the development of commercial office space in urban centers with access to transit, transportation systems, and other amenities.

NEW SECTION. Sec. 142. In order to use the sales and use tax exemption authorized in section 2 of this act, a city must:

(1) Obtain written agreement for the use of the local sales and use tax exemption from any taxing authority that imposes a sales or use tax under chapter 82.14 RCW. The agreement must be authorized by the governing body of such participating taxing authorities. If a taxing authority does not provide written agreement, the sales and use tax for that taxing authority shall not be exempted. Other taxing authorities may proceed forward with exempting portions of the local sales and use tax where written agreement is provided;

(2) Hold a public hearing on the proposed use of the exemption.

(a) Notice of the hearing must be published in a legal newspaper of general circulation at least ten days before the public hearing and posted in at least six conspicuous public places located within one mile of the proposed location of a qualifying project.

(b) Notices must describe the qualifying project and estimate the amount of sales and use tax revenue exempted under this section.

(c) The public hearing may be held by the city legislative authority;

(3)(a) Establish criteria for a qualifying project exempted under section 6 of this act. Criteria must include:

(i) The estimated number of new family living wage jobs for location within the qualifying project; and

(ii) The physical characteristics, features, and amenities necessary for a qualifying project to be defined as commercial office space.

(b) Criteria may also include height, density, public benefit features, quality of amenities, number and size of proposed development, parking, employment targets, percent occupied, or other adopted requirements indicated necessary by the city; and

(4) Adopt an ordinance announcing the use of the sales and use tax exemption under section 6 of this act. The ordinance must:

(a) Describe the qualifying project, including a physical description of proposed building or buildings, a list of features and amenities, cost of construction, and length that the qualifying project will be under construction;

(b) Estimate the amount of local sales and use tax revenue that will be exempted under section 6 of this act;

(c) Provide the approximate date that the local sales and use tax revenue will be remitted to a taxpayer; and

(d) Certify the criteria under this section by which a qualifying project can later receive certification under section 6(3) of this act confirming that a taxpayer is eligible for the remittance.

NEW SECTION. Sec. 143. (1) In order to use the property tax exemption authorized under section 2 of this act, a city must:

(a) Establish the criteria under which property can qualify for the exemption under section 7 of this act. Criteria:

(i) Must include: (A) An estimated minimum number of new family living wage jobs for location within the qualifying project;

(B) The physical characteristics, features, and amenities necessary for a qualifying project to be defined as commercial office space;

(C) A location in a designated commercial office development targeted area; and

(ii) May also include height, density, public benefit features, quality of amenities, number and size of proposed development, parking, employment targets, percent occupied, or other adopted requirements indicated necessary by the city;

(b) Designate an area as a commercial office development targeted area. The following criteria must be met before an area may be designated as a commercial office development targeted area:

(i) The area must be within an urban center, as determined by the governing authority;

(ii) The area must lack, as determined by the governing authority, sufficient affordable, desirable, high-quality, and convenient commercial office space to provide jobs in the urban center, if the desirable, attractive, and convenient commercial office space was available;

(iii) The providing of additional commercial office space development opportunities in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter; and

(iv) The use of the incentive in this chapter is not expected to be used for the purpose of relocating a business from outside of the commercial office development targeted area, but within the state, to within the commercial office development targeted area. The incentive may be used for the expansion of a business, including the development of additional offices or satellite facilities.

NEW SECTION. Sec. 144. (1) A governing authority of a city may adopt a local sales and use tax exemption program to incentivize the development of commercial office space in urban centers.

(2) A governing authority of a city may also adopt a local property tax exemption program to incentivize the development of commercial office space in urban centers with access to transit, transportation systems, and other amenities.

NEW SECTION. Sec. 145. (1) A governing authority of a city may adopt a local sales and use tax exemption program to incentivize the development of commercial office space in urban centers.

(2) A governing authority of a city may also adopt a local property tax exemption program to incentivize the development of commercial office space in urban centers with access to transit, transportation systems, and other amenities.

NEW SECTION. Sec. 146. In order to use the sales and use tax exemption authorized in section 2 of this act, a city must:

(1) Obtain written agreement for the use of the local sales and use tax exemption from any taxing authority that imposes a sales or use tax under chapter 82.14 RCW. The agreement must be authorized by the governing body of such participating taxing authorities. If a taxing authority does not provide written agreement, the sales and use tax for that taxing authority shall not be exempted. Other taxing authorities may proceed forward with exempting portions of the local sales and use tax where written agreement is provided;

(2) Hold a public hearing on the proposed use of the exemption.

(a) Notice of the hearing must be published in a legal newspaper of general circulation at least ten days before the public hearing and posted in at least six conspicuous public places located within one mile of the proposed location of a qualifying project.
(2) For the purpose of designating a commercial office development targeted area or areas, the governing authority must adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and must include, at a minimum, findings as to the number of commercial office buildings that will be newly constructed or rehabilitated within the proposed commercial office development targeted areas, estimated construction costs of the new construction or rehabilitation, estimated local taxes generated, and estimated family living wage jobs produced within the targeted area in a period of ten years from the date of the hearing, and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city where the proposed commercial office development targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a commercial office development targeted area.

(4) Following the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a commercial office development targeted area if it finds, in its sole discretion, that the criteria in subsections (1) and (2) of this section have been met.

(5) After designation of a commercial office development targeted area, the governing authority must adopt and implement standards and guidelines to be utilized in considering applications and making the determinations required under section 10 of this act. The standards and guidelines must establish basic requirements for both new construction and rehabilitation, which must include:

(a) Application process and procedures;

(b) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing surrounding property and such other amenities as will attract and keep commercial tenants and that will properly enhance the commercial office development targeted area in which they are to be located; and

(c) Guidelines regarding individual units that are part of a qualifying project that may meet the requirements of the exemption in chapter 84.--- RCW (the new chapter created in section 21 of this act).

NEW SECTION. Sec. 144. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "City" means a city with a population of greater than thirty-five thousand and located in a county with a population of less than one million five hundred thousand.

(2) "Commercial office development targeted area" means an area within an urban center that has been designated by the governing authority as a commercial office development targeted area in accordance with this chapter.

(3) "Commercial office space" means among the most competitive and highest quality building or buildings in the local market, as determined by a city's governing authority. The building must be centrally located in a city, provide close access to public transportation and freeways, be managed professionally, and offer amenities and advanced technology options to tenants.

(4) "County" means a county with a population of less than one million five hundred thousand.

(5) "Family living wage job" means a job with a wage that is sufficient for raising a family. NEW SECTION.  Sec. 146. (1) In a city that has met the requirements of section 4 of this act, the value of new construction and rehabilitation improvements of real property qualifying under this chapter is exempt from the county share of ad valorem property taxation for a period of ten successive years beginning January 1st of the calendar year immediately following the calendar year in which a certificate of tax exemption is filed with the county assessor in accordance with section 13 of this act.

(2)(a) The exemption in this section does not apply to any county share of property tax unless the legislative authority of the county adopts a resolution and notifies the governing authority, that has established a tax exempt program under section 4 of this act, of its intent to allow the property to be exempt.

(b) Upon approval by a county legislative authority, the value of new construction and rehabilitation improvements of real property qualifying under this chapter is exempt from the county share of ad valorem property taxation for a period of ten successive years beginning January 1st of the calendar year immediately following the calendar year in which a certificate of tax exemption is filed with the county assessor in accordance with section 13 of this act.

(3) The exemptions provided in subsections (1) and (2) of this section do not include the value of land or improvements not qualifying under this chapter.

(4) When a city adopts guidelines pursuant to section 4 of this act and includes conditions that must be satisfied with respect to individual commercial units, rather than with respect to the qualifying project as a whole or some minimum portion thereof, the exemption may, at the local government's discretion, be limited to the value of the improvements allocable to those individual commercial units that meet the local guidelines.

(5) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements constructed prior to the submission of the application required under this chapter.

(6) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

(7) At the conclusion of the exemption period, the new or rehabilitated property must be considered new construction for the purposes of chapter 84.55 RCW.

(8) The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

NEW SECTION.  Sec. 147. An owner of property making application under this chapter must meet the following requirements:

(1) The qualifying project must be located in an urban center as designated by a city;

(2) The qualifying project must meet criteria as adopted by the governing authority under section 4 of this act that may include height, density, public benefit features, quality of amenities, number and size of proposed development, parking, and other adopted requirements indicated necessary by the city. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(3) New construction or rehabilitation of a qualifying project must be completed within three years from the date of approval of the application;

(4) The applicant must enter into a contract with the city approved by the governing authority, or an administrative official or commission authorized by the governing authority, under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority.

NEW SECTION.  Sec. 148. An owner of property seeking tax incentives under this chapter must complete the following procedures:

(1) In the case of rehabilitation or where demolition is required, the owner must secure from the governing authority or duly authorized representative, before commencement of rehabilitation improvements or new construction, verification of property noncompliance with applicable building codes;
(2) In the case of new construction or rehabilitation of a qualifying project, the owner must apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested exemption including information indicated on the application form or in the guidelines;
(b) A statement of the expected number of new family living wage jobs to be created;
(c) A description of the project and site plan; and
(d) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;

(3) The applicant must verify the application by oath or affirmation; and

(4) The application may be accompanied by the application fee, if any, required under section 12 of this act. The governing authority may permit the applicant to revise an application before final action by the governing authority.

NEW SECTION. Sec. 149. The duly authorized administrative official or committee of the city may approve the application if it finds that:

(1) The proposed qualifying project meets the criteria as defined by the city in section 4 of this act, including the estimated minimum number of new family living wage jobs to be created for permanent location in the qualifying project within one year of building occupancy;

(2) The proposed project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(3) The owner has complied with all standards and guidelines adopted by the city under section 4 of this act; and

(4) The site is located in a commercial office development targeted area of an urban center that has been designated by the governing authority in accordance with procedures and guidelines indicated under section 4 of this act.

NEW SECTION. Sec. 150. (1) The governing authority or an administrative official or commission authorized by the governing authority must approve or deny an application filed under this chapter within ninety days after receipt of the application.

(2) If the application is approved, the city must issue the owner of the property a conditional certificate of acceptance of tax exemption. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in section 10 of this act.

(3) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission must state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(4) Upon denial by a duly authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority must be based upon the record made before the administrative official with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official's decision. The decision of the governing body in denying or approving the application is final.

NEW SECTION. Sec. 151. The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee must be paid at the time the application for limited exemption is filed. If the application is approved, the governing authority shall pay the application fee to the county assessor for deposit in the county current expense fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the governing authority may retain that portion of the application fee attributable to its own administrative costs and refund the balance to the applicant.

NEW SECTION. Sec. 152. (1) Upon completion of rehabilitation or new construction for which an application for a limited tax exemption under this chapter has been approved and after issuance of the certificate of occupancy, the owner must file with the city the following:

(a) A statement of the amount of rehabilitation or construction expenditures made;

(b) A statement of the estimated new family living wage jobs to be created for location at the qualifying project;

(c) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter;

(d) If applicable, a statement that the project meets the local requirements as described in section 8 of this act; and

(e) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city must determine whether the work completed, and the affordability of the units, is consistent with the application and the contract approved by the city and is qualified for a limited tax exemption under this chapter. The city must also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation or new construction is completed within three years of the date the application for a limited tax exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city determines that improvements were constructed consistent with the application and other applicable requirements, and the owner's property is qualified for a limited tax exemption under this chapter, the city must file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section.

(4) The authorized representative of the city must notify the applicant that a certificate of tax exemption is not going to be filed if the authorized representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The rehabilitation or new construction is not constructed consistent with the application or other applicable requirements;

(c) If applicable, the additional criteria related to a qualifying project under section 4 of this act were not met; or

(d) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city finds that construction or rehabilitation of a qualifying project was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months.
(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city to the owner of the decision being challenged.

NEW SECTION. Sec. 153. (1) Thirty days after the anniversary of the date of the certificate of tax exemption and each year for the tax exemption period, the owner of the rehabilitated or newly constructed property must file with a designated authorized representative of the city an annual report indicating the following:

(a) A statement of the number of family living wage jobs at the qualifying project as of the anniversary date;

(b) A certification by the owner that the property has not changed use and, if applicable, that the property has been in compliance with all criteria under sections 4 and 9 of this act since the date of the certificate approved by the city;

(c) A description of changes or improvements constructed after issuance of the certificate of tax exemption; and

(d) Any additional information requested by the city in regards to the units receiving a tax exemption.

(2) All cities, which issue certificates of tax exemption for qualifying projects that conform to the requirements of this chapter, must publish on the city’s web site, or in another format that is easily available to the public, annually by December 31st of each year, beginning in 2018, the following information:

(a) The number of tax exemption certificates granted;

(b) A description of the new construction and rehabilitation improvements of any qualifying projects;

(c) The value of the tax exemption for each project receiving a tax exemption and the total value of tax exemptions granted;

(d) The number of family living wage jobs located at the qualifying project; and

(e) A comparison of the data required in this section with the data included in the findings developed when the commercial office development targeted area was established.

NEW SECTION. Sec. 154. (1) If improvements have been exempted under this chapter, the improvements continue to be exempted for the applicable period under this chapter, so long as they are not converted to another use and continue to satisfy all applicable conditions. If the owner intends to convert the qualifying project to another use or, if applicable, if the owner intends to discontinue compliance with criteria established under section 4(1) of this act or any other condition to exemption, the owner must notify the assessor within sixty days of the change in use or intended discontinuance. If, after a certificate of tax exemption has been filed with the county assessor, the authorized representative of the governing authority discovers that the property or a portion of the property no longer qualifies according to the requirements of this chapter as previously approved or agreed upon by contract between the city and the owner and that the qualifying project, or a portion of the qualifying project, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty must be imposed amounting to twenty percent. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a use that no longer qualifies them for the exemption;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time that the property or portion of the property no longer qualifies for the exemption, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date until delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority or authorized representative must notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination to the governing authority or authorized representative, within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer must either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to cancel an exemption, the county officials having possession of the assessment and tax rolls must correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor must make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The value of the new construction and rehabilitation improvements added to the rolls is considered as new construction for the purposes of chapter 84.55 RCW. The owner may appeal the valuation to the county board of equalization under chapter 84.48 RCW and according to the provisions of RCW 84.40.038. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1st of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered.

NEW SECTION. Sec. 155. (1) If a property exempted under section 7 of this act changes ownership, the property will continue to qualify for the exemption provided that the new owner complies with all application procedures, terms, conditions, and reporting requirements under this chapter, and meets all criteria established by a city under section 4 of this act.

(2) The exemption is limited to ten successive years, beginning the January 1st immediately following the calendar year in which
NINETY FOURTH DAY, APRIL 12, 2017

a certificate of tax exemption is filed by the city with the county assessor in accordance with section 13 of this act.

NEW SECTION. Sec. 156. (1) The joint legislative audit and review committee must study the effectiveness of the local sales and use tax exemption and the local property tax exemption programs and submit a report with recommendations to the appropriate committees of the legislature.

(2) The study must include, but is not limited to, an assessment of the local sales and use tax exemption and the property tax exemption programs authorized under this chapter and an evaluation of:

(a) The availability of quality office space;
(b) The effects on affordable housing;
(c) The effects on transportation, traffic congestion, and greenhouse gas emissions; and
(d) Job creation.

(3) By October 1, 2025, and in compliance with RCW 43.01.036, the joint legislative audit and review committee must submit to the appropriate committees of the legislature a final study with findings and recommendations.

(4) This section expires December 31, 2025.

NEW SECTION. Sec. 158. Sections 2 through 5 of this act constitute a new chapter in Title 35 RCW.

NEW SECTION. Sec. 159. Sections 7 through 18 of this act constitute a new chapter in Title 84 RCW.

NEW SECTION. Sec. 160. Section 6 of this act applies to sales and use taxes paid on or after October 1, 2017.

MOTION

Senator Baumgartner moved that the following committee striking amendment by the Committee on Commerce, Labor & Sports be not adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 162. RCW 60.28.011 and 2015 c 280 s 1 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection, public improvement contracts must provide, and public bodies must reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (i) The claims of any person arising under the contract; and (ii) the state with respect to taxes, increases, and
penalties imposed pursuant to Titles 50, 51, and 82 RCW which may be due from such contractor.

(b) Public improvement contracts funded in whole or in part by federal transportation funds must rely upon the contract bond as referred to in chapter 39.08 RCW for the protection and payment of: (i) The claims of any person or persons arising under the contract to the extent such claims are provided for in RCW 39.08.010; and (ii) the state with respect to taxes, increases, and penalties incurred on the public improvement project under Titles 50, 51, and 82 RCW which may be due. The contract bond must remain in full force and effect until, at a minimum, all claims filed in compliance with chapter 39.08 RCW are resolved.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract has a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant must be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapter((s)) 39.12 ((and 60.28)) RCW and this chapter.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapter((s)) 39.12 ((and 60.28)) RCW and this chapter.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, must be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract must be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body must issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check must be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities must be held in escrow. Interest on the bonds and securities must be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor must pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from an authorized surety insurer. The public body may require that the authorized surety have a minimum A.M. Best financial strength rating so long as that minimum rating does not exceed A-. The public body must comply with the provisions of RCW 48.28.010. (This) At any time prior to final formal acceptance of the project, a subcontractor may request the contractor to submit a bond to the public owner for that portion of the contractor's retainage pertaining to the subcontractor in a form acceptable to the public body and from a bonding company meeting standards established by the public body. Within thirty days of receipt of the request, the contractor shall provide and the public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it or the subcontractor refuses to pay the subcontractor's portion of the bond premium and to provide the contractor with a like bond. The contractor's bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body must release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor must accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor must then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section must be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.021 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond, with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes may be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue, the employment security department, the department of labor and industries, and the material suppliers and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1538, by House Committee on Capital Budget (originally sponsored by Representatives Stambaugh, Doglio, Vick, Hayes, Sells and Pike)

Requiring prime contractors to bond the subcontractors portion of retainage upon request.

MOTION

On motion of Senator Baumgartner, the rules were suspended, Engrossed Substitute House Bill No. 1538 was advanced to third reading, the second reading considered the third and the bill was placed on final passage. Senators Baumgartner and Keiser spoke in favor of passage of the bill.

PARLIAMENTARY INQUIRY

Senator Pedersen: “Mr. President, apart from my duties as a legislator, I am an officer, employee, and owner of McKinstry Co., LLC, which is a large mechanical and electrical subcontractor. Engrossed Substitute House Bill 1538 would require prime contractors to bond the subcontractor portion of retainage for public works projects upon request. My job description specifically prohibits me from involvement in lobbying the state legislature and neither my job nor my salary will be affected by the passage of this bill or its failure to pass. Like all subcontractors that perform work on public projects, however, McKinstry does have an interest in the bill. Under Senate Rule 22, Legislators are prohibited from voting on matters in which they have a personal or direct interest. My question therefore is whether I have a personal or direct interest in the proposed legislation which requires my recusal from voting?”

RULING BY THE PRESIDENT

The President declared the question before the Senate to be the final passage of House Bill No. 2038.
President Habib: “Senator Pedersen, the President believes that you are not prohibited from voting because you are not personally or directly impacted by the outcome of this bill.”

Senator Hasegawa spoke in favor of passage of the bill.

Senators Liias and Palumbo spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed Substitute House Bill No. 1538.

ENGROSSED HOUSE BILL NO. 2005, by Representatives Lytton, Nealey, Kagi and Ormsby

Improving the business climate in this state by simplifying the administration of municipal general business licenses.

The measure was read the second time.

MOTION

Senator Baumgartner moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 163. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Business licensing service," "business licensing system," and "business license" have the same meaning as in RCW 19.02.020.

(2) "City" means a city, town, or code city.

(3) "Department" means the department of revenue.

(4) "General business license" means a license, not including a regulatory license or a temporary license, that a city requires all or most businesses to obtain to conduct business within that city.

(5) "Partner" means the relationship between a city and the department under which general business licenses are issued and renewed through the business licensing service in accordance with chapter 19.02 RCW.

(6) "Regulatory business license" means a license, other than a general business license, required for certain types of businesses that a city has determined warrants additional regulation, such as taxicab or other for-hire vehicle operators, adult entertainment businesses, amusement device operators, massage parlors, debt collectors, door-to-door sales persons, trade-show operators, and home-based businesses.

NEW SECTION. Sec. 164. (1) Except as otherwise provided in subsection (7) of this section, a city that requires a general business license of any person that engages in business activities within that city must partner with the department to have such license issued, and renewed if the city requires renewal, through the business licensing service in accordance with chapter 19.02 RCW.

(a) Except as otherwise provided in subsection (3) of this section, the department must phase in the issuance and renewal of general business licenses of cities that required a general business license as of July 1, 2017, and are not already partnering with the department, as follows:

(i) Between January 1, 2018, and December 31, 2021, the department must partner with at least six cities per year;

(ii) Between January 1, 2022, and December 31, 2027, the department must partner with the remaining cities; or

(iii) Between July 1, 2017 and December 31, 2022, the department must partner with all cities requiring a general business license if specific funding for the purposes of this subsection (iii) is appropriated in the omnibus appropriations act.

(b) A city that imposes a general business license requirement and does not partner with the department as of January 1, 2018, may continue to issue and renew its general business licenses until the city partners with the department as provided in subsection (4) of this section.

(2)(a) A city that did not require a general business license as of July 1, 2017, but imposes a new general business license requirement after that date must advise the department in writing of its intent to do so at least ninety days before the requirement takes effect.

(b) If a city subject to (a) of this subsection (2) imposes a new general business license requirement after July 1, 2017, the department, in its sole discretion, may adjust resources to partner with the imposing city as of the date that the new general business licensing requirement takes effect. If the department cannot reallocate resources, the city may issue and renew its general business license until the department is able to partner with the city.

(3) The department may delay assuming the duties of issuing and renewing general business licenses beyond the dates provided in subsection (1)(a) of this section if:

(a) Insufficient funds are appropriated for this specific purpose;

(b) The department cannot ensure the business licensing system is adequately prepared to handle all general business licenses due to unforeseen circumstances;

(c) The department determines that a delay is necessary to ensure that the transition to mandatory department issuance and renewal of general business licenses is as seamless as possible; or

(d) The department receives a written notice from a city within sixty days of the date that the city appears on the department's biennial partnership plan, which includes an explanation of the fiscal or technical challenges causing the city to delay joining the system. A delay under this subsection (3)(d) may be for no more than three years.

(4)(a) In consultation with affected cities and in accordance with the priorities established in subsection (5) of this section, the department must establish a biennial plan for partnering with cities to assume the issuance and renewal of general business licenses as required by this section. The plan must identify the cities that the department will partner with and the dates targeted for the department to assume the duties of issuing and renewing general business licenses.
NEW SECTION.  Sec. 165. (b) By January 1, 2018, and January 1st of each even-numbered year thereafter, the department must submit the partnering plan required in (a) of this subsection (4) to the governor; legislative fiscal committees; house local government committee; senate agriculture, water, trade and economic development committee; senate local government committee; affected cities; association of Washington cities; association of Washington business; national federation of independent business; and Washington retail association.

(c) The department may, in its sole discretion, alter the plan required in (a) of this subsection (4) with a minimum notice of thirty days to affected cities.

(5) When determining the plan to partner with cities for the issuance and renewal of general business licenses as required in subsection (4) of this section, cities that notified the department of their wish to partner with the department before January 1, 2017, must be allowed to partner before other cities.

(6) A city that partners with the department for the issuance and renewal of general business licenses through the business licensing service in accordance with chapter 19.02 RCW may not issue and renew those licenses.

(7) A city may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in the online local business license and tax filing portal known as "FileLocal" as of July 1, 2020. For the purposes of this subsection (7), a city is considered to be a FileLocal participant as of the date that a business may access FileLocal for purposes of applying for or renewing that city's general business license and reporting and paying that city's local business and occupation taxes. A city that ceases participation in FileLocal after July 1, 2020, must partner with the department for the issuance and renewal of its general business license as provided in subsection (1) of this section.

(8) By January 1, 2019, and each January 1st thereafter through January 1, 2028, the department must submit a progress report to the legislature. The report required by this subsection must provide information about the progress of the department's efforts to partner with all cities that impose a general business license requirement and include:

(a) A list of cities that have partnered with the department as required in subsection (1) of this section;
(b) A list of cities that have not partnered with the department;
(c) A list of cities that are scheduled to partner with the department during the upcoming calendar year;
(d) A list of cities that have declined to partner with the department as provided in subsection (7) of this section;
(e) An explanation of lessons learned and any process efficiencies incorporated by the department;
(f) Any recommendations to further simplify the issuance and renewal of general business licenses by the department; and
(g) Any other information the department considers relevant.

NEW SECTION.  Sec. 165. (1) A general business license that must be issued and renewed through the business licensing service in accordance with chapter 19.02 RCW is subject to the provisions of this section.

(2) (a) A city has broad authority to impose a fee structure as provided by RCW 35.22.280, 35.23.440, and 35A.82.020. However, any fee structure selected by a city must be within the department's technical ability to administer. The department has the sole discretion to determine if it can administer a city's fee structure.

(b) If the department is unable to administer a city's fee structure, the city must work with the department to adopt a fee structure that is administrable by the department. If a city fails to comply with this subsection (2)(b), it may not enforce its general business licensing requirements on any person until the effective date of a fee structure that is administrable by the department.

(3) A general business license may not be renewed more frequently than once per year except that the department may require a more frequent renewal date as may be necessary to synchronize the renewal date for the general business license with the business's business license expiration date.

(4) The business licensing system need not accommodate any monetary penalty imposed by a city for failing to obtain or renew a general business license. The penalty imposed in RCW 19.02.085 applies to general business licenses that are not renewed by their expiration date.

(5) The department may refuse to administer any provision of a city business license ordinance that is inconsistent with this chapter.

NEW SECTION.  Sec. 166. The department is not authorized to enforce a city's licensing laws except to the extent of issuing or renewing a license in accordance with this chapter and chapter 19.02 RCW or refusing to issue a license due to an incomplete application, nonpayment of the appropriate fees as indicated by the license application or renewal application, or the nonpayment of any applicable penalty for late renewal.

NEW SECTION.  Sec. 167. Cities whose general business licenses are issued through the business licensing system retain the authority to set license fees, provide exemptions and thresholds for these licenses, approve or deny license applicants, and take appropriate administrative actions against licensees.

NEW SECTION.  Sec. 168. Cities may not require a person to obtain or renew a general business license unless the person engages in business within its respective city. For the purposes of this section, a person may not be considered to be engaging in business within a city unless the person is subject to the taxing jurisdiction of a city under the standards established for interstate commerce under the commerce clause of the United States Constitution.

NEW SECTION.  Sec. 169. A general business license change enacted by a city whose general business license is issued through the business licensing system takes effect no sooner than seventy-five days after the department receives notice of the change if the change affects in any way who must obtain a license, who is exempt from obtaining a license, or the amount or method of determining any fee for the issuance or renewal of a license.

NEW SECTION.  Sec. 170. (1)(a) The cities, working through the association of Washington cities, must form a model ordinance development committee made up of a representative sampling of cities that impose a general business license requirement. This committee must work through the association of Washington cities to adopt a model ordinance on general business license requirements by July 1, 2018. The model ordinance and subsequent amendments developed by the committee must be adopted using a process that includes opportunity for substantial input from business stakeholders and other members of the public. Input must be solicited from statewide business associations and from local chambers of commerce and downtown business associations in cities that require a person that conducts business in the city to obtain a general business license.

(b) The department, association of Washington cities, and municipal research and services center must post copies of, or links to, the model ordinance on their internet web sites. Additionally, a city that imposes a general business license requirement must make copies of its general business license ordinance or ordinances available for inspection and copying as provided in chapter 42.56 RCW.
(c) The definitions in the model ordinance may not be amended more frequently than once every four years, except that the model ordinance may be amended at any time to comply with changes in state law or court decisions. Any amendment to a mandatory provision of the model ordinance must be adopted with the same effective date by all cities.

(2) A city that imposes a general business license requirement must adopt the mandatory provisions of the model ordinance by January 1, 2019. The following provisions are mandatory:

(a) A definition of "engaging in business within the city" for purposes of delineating the circumstances under which a general business license is required;

(b) A uniform minimum licensing threshold under which a person would be relieved of the requirement to obtain a city's general business license. A city retains the authority to create a higher threshold for the requirement to obtain a general business license but must not deviate lower than the level required by the model ordinance.

(3)(a) A city may require a person that is under the uniform minimum licensing threshold as provided in subsection (2) of this section to obtain a city registration with no fee due to the city.

(b) A city that requires a city registration as provided in (a) of this subsection must partner with the department to have such registration issued through the business licensing service in accordance with chapter 19.02 RCW. This subsection (3)(b) does not apply to a city that is excluded from the requirement to partner with the department for the issuance and renewal of general business licenses as provided in section 2 of this act.

NEW SECTION. Sec. 171. Cities that impose a general business license must adopt the mandatory provisions of the model ordinance as provided in section 8 of this act by January 1, 2019. A city that has not complied with the requirements of this section by January 1, 2019, may not enforce its general business licensing requirements on any person until the date that the mandatory provisions of the model ordinance take effect within the city.

NEW SECTION. Sec. 172. Cities must coordinate with the association of Washington cities to submit a report to the governor; legislative fiscal committees; house local government committee; and the senate agriculture, water, trade and economic development committee by January 1, 2019. The report must:

(1) Provide information about the model ordinance adopted by the cities as required in section 8 of this act;

(2) Identify cities that have and have not adopted the mandatory provisions of the model ordinance; and

(3) Incorporate comments from statewide business organizations concerning the process and substance of the model ordinance. Statewide business organizations must be allowed thirty days to submit comments for inclusion in the report.

NEW SECTION. Sec. 173. (1) The legislature directs cities, towns, and identified business organizations to partner in recommending changes to simplify the two factor apportionment formula provided in RCW 35.102.130.

(2)(a) The local business and occupation tax apportionment task force is established. The task force must consist of the following seven representatives:

(i) Three voting representatives selected by the association of Washington cities that are tax managers representing municipalities that impose a local business and occupation tax, including at least one jurisdiction that has performed an audit where apportionment errors were discovered.

(ii) Three voting representatives selected by the association of Washington business, including at least one tax practitioner or legal counsel with experience representing business clients during municipal audits that involved apportionment errors or disputes.

(iii) One nonvoting representative from the department.

(b) The task force may seek input or collaborate with other parties, as it deems necessary. The department must serve as the task force chair and must staff the task force.

(c) Beginning in the first month following the effective date of this section, the task force must meet no less frequently than once per month until it reports to the legislature as provided under subsection (3) of this section.

(3) By October 31, 2018, the task force established in subsection (2) of this section must prepare a report to the legislature to recommend changes to RCW 35.102.130 and related sections, as needed, to develop a method for assigning gross receipts to a local jurisdiction using a market-based model. The task force must focus on methods that rely on information typically available in commercial transaction receipts and captured by common business recordkeeping systems.

(4) The task force terminates January 1, 2019, unless legislation is enacted to extend such termination date.

NEW SECTION. Sec. 174. Sections 1 through 10 of this act constitute a new chapter in Title 35 RCW."

On page 1, line 3 of the title, after "licensees;" strike the remainder of the title and insert "adding a new chapter to Title 35 RCW; and creating a new section."

MOTION

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 175. A new section is added to chapter 11.92 RCW to read as follows:

(1) Except as otherwise provided in this section, an incapacitated person retains the right to associate with persons of the incapacitated person's choosing. This right includes, but is not limited to, the right to freely communicate and interact with other persons, whether through in-person visits, telephone calls, electronic communication, personal mail, or other means. If the incapacitated person is unable to express consent for communication, visitation, or interaction with another person, or is otherwise unable to make a decision regarding association with another person, a guardian of the incapacitated person, whether full or limited, must:

(a) Personally inform the incapacitated person of the decision under consideration, using plain language, in a manner calculated to maximize the understanding of the incapacitated person;

(b) Maximize the incapacitated person's participation in the decision-making process to the greatest extent possible, consistent with the incapacitated person's abilities; and

(c) Give substantial weight to the incapacitated person's preferences, both expressed and historical.

(2) A guardian or limited guardian may not restrict an incapacitated person's right to communicate, visit, interact, or otherwise associate with persons of the incapacitated person's choosing, unless:

(a) The restriction is specifically authorized by the guardianship court in the court order establishing or modifying the guardianship or limited guardianship under chapter 11.88 RCW;

(b) The restriction is pursuant to a protection order issued under chapter 74.34 RCW, chapter 26.50 RCW, or other law, that limits contact between the incapacitated person and other persons;

(c)(i) The guardian or limited guardian has good cause to believe that there is an immediate need to restrict an incapacitated person's right to communicate, visit, interact, or otherwise associate with persons of the incapacitated person's choosing in order to protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation, as those terms are defined in RCW 74.34.020, or to protect the incapacitated person from activities that unnecessarily impose significant distress on the incapacitated person; and

(ii) Within fourteen calendar days of imposing the restriction under (c)(i) of this subsection, the guardian or limited guardian files a petition for a protection order under chapter 74.34 RCW. The immediate need restriction may remain in place until the court has heard and issued an order or decision on the petition.

(3) A protection order under chapter 74.34 RCW issued to protect an incapacitated person as described in subsection (2)(c)(ii) of this section:

(a) Must include written findings of fact and conclusions of law;

(b) May not be more restrictive than necessary to protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation as those terms are defined in RCW 74.34.020; and

(c) May not deny communication, visitation, interaction, or other association between the incapacitated person and another person unless the court finds that placing reasonable time, place, or manner restrictions is unlikely to sufficiently protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation as those terms are defined in RCW 74.34.020.

Sec. 176. RCW 74.34.020 and 2015 c 268 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandonment" means action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the vulnerable person without the means or ability to obtain necessary food, clothing, shelter, or health care.

In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. (e) "Improper use of restraint" means the inappropriate use of chemical, physical, or mechanical restraints for convenience or discipline or in a manner that: (i) Is inconsistent with federal or state licensing or certification requirements for facilities, hospitals, or programs authorized under chapter 71A.12 RCW; (ii) is not medically authorized; or (iii) otherwise constitutes abuse under this section.

(f) "Chemical restraint" means the administration of any drug to manage a vulnerable adult's behavior in a way that reduces the
safety risk to the vulnerable adult or others, has the temporary effect of restricting the vulnerable adult's freedom of movement, and is not standard treatment for the vulnerable adult's medical or psychiatric condition.

(4) "Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(5) "Department" means the department of social and health services.

"Financial exploitation" includes, but is not limited to:
   (a) The use of deception, intimidation, or undue influence by a person or entity in a position of trust and confidence with a vulnerable adult to obtain or use the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult;
   (b) The breach of a fiduciary duty, including, but not limited to, the misuse of a power of attorney, trust, or a guardianship appointment, that results in the unauthorized appropriation, sale, or transfer of the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult; or
   (c) Obtaining or using a vulnerable adult's property, income, resources, or trust funds without lawful authority, by a person or entity who knows or clearly should know that the vulnerable adult lacks the capacity to consent to the release or use of his or her property, income, resources, or trust funds.

(13)(a) "Isolate" or "isolation" means to restrict a vulnerable adult's ability to communicate, visit, interact, or otherwise associate with persons of his or her choosing. Isolation may be evidenced by acts including but not limited to:
   (i) Acts that prevent a vulnerable adult from sending, making, or receiving his or her personal mail, electronic communications, or telephone calls; or
   (ii) Acts that prevent or obstruct the vulnerable adult from meeting with others, such as telling a prospective visitor or caller that a vulnerable adult is not present, or does not wish contact, where the statement is contrary to the express wishes of the vulnerable adult.
   (b) The term "isolate" or "isolation" may not be construed in a manner that prevents a guardian or limited guardian from performing his or her fiduciary obligations under chapter 11.92 RCW or prevents a hospital or facility from providing treatment consistent with the standard of care for delivery of health services.

(14) "Mandated reporter" is an employee of the department; law enforcement officer; social worker; professional school personnel; individual provider; an employee of a facility; an operator of a facility; an employee of a social service, welfare, mental health, adult day health, adult day care, home health, home care, or hospice agency; county coroner or medical examiner; Christian Science practitioner; or health care provider subject to chapter 18.130 RCW.

(17) "Permissive reporter" means any person, including, but not limited to, an employee of a financial institution, attorney, or volunteer in a facility or program providing services for vulnerable adults.

(18) "Physical restraint" means the application of physical force without the use of any device, for the purpose of restraining the free movement of a vulnerable adult's body. "Physical restraint" does not include (a) briefly holding without undue force a vulnerable adult in order to calm or comfort him or her, or (b) holding a vulnerable adult's hand to safely escort him or her from one area to another.

(19) "Protective services" means any services provided by the department to a vulnerable adult with the consent of the vulnerable adult, or the legal representative of the vulnerable adult, who has been abandoned, abused, financially exploited, neglected, or in a state of self-neglect. SECOND SUBSTITUTE HOUSE BILL NO. 1402, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1445, by House Committee on Appropriations (originally sponsored by Representatives Ortiz-Self, Stambaugh, Santos, Orwell, Harris, Calder, Springer, Appleton, Lytton, Condotta, Fey, Pollet, Goodman, Slater, Bergquist, Muri, Doglio and Kagi)

Concerning dual language in early learning and K-12 education.

The measure was read the second time.

MOTION

Senator Zeiger moved that the following committee amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 180. (1) The legislature finds that it should review and revise the K-12 educational program taking into consideration the needs of students as they evolve. In Washington state, immigrant students whose first language is not English represent a significant part of evolving and more diverse school demographics. The legislature finds that Washington's educator workforce in school districts has not evolved in a manner consistent with changing student demographics. Thus, more and more schools are without the capacity to meet the needs of English language learners and without the capacity to communicate effectively with parents whose first language is not English.

(2) The legislature finds that:
(a) Between 1986 and 2016, the number of students served in the state's transitional bilingual instruction program increased from fifteen thousand twenty-four to one hundred eighteen thousand five hundred twenty-six, an increase of six hundred eighty-nine percent, and that two-thirds of the students were native Spanish speakers; the next ten most common languages were Russian, Vietnamese, Somali, Chinese, Arabic, Ukrainian, Tagalog, Korean, Marshallese, and Punjabi;
(b) In the 2015-16 school year, forty-six percent of instructors in the state's transitional bilingual instruction program were instructional aides, not certificated teachers; and
(c) Eleven percent of students in the transitional bilingual instruction program received instruction in their native tongue in the 2015-16 school year, and research shows that non-English speaking students develop academic proficiency in English more quickly when they are provided instruction in their native language initially.

(3) Accordingly, the legislature finds it is necessary to better serve non-English speaking students by addressing and closing the significant language and instructional gaps that hinder English language learners from meeting the state's rigorous educational standards. Thus, the legislature finds it necessary to implement a long-term, grow-your-own bilingual educator initiative to..."
enhance teaching and learning in Washington's K-12 educational system.

(4) It is the intent of the legislature to provide funds for a pilot project for the bilingual educator initiative in the 2017-2019 biennium and to expand the program to other regions of the state upon successful demonstration of pilot projects.

NEW SECTION. Sec. 181. A new section is added to chapter 28A.180 RCW to read as follows:

(1) In 2017, funds must be appropriated for the purposes in this subsection (1).

(a) The professional educator standards board, beginning in the 2017-2019 biennium, shall administer the bilingual educator initiative, which is a long-term program to recruit, prepare, and mentor bilingual high school students to become future bilingual teachers and counselors. Pilot projects must be implemented in two school districts east of the crest of the Cascade mountains and two school districts west of the crest of the Cascade mountains, where immigrant students are shown to be rapidly increasing. Districts selected by the professional educator standards board must partner with at least one two-year and one four-year college in planning and implementing the program. The professional educator standards board shall provide oversight.

(b) Participating school districts must implement programs, including: (i) An outreach plan that exposes the program to middle school students and recruits them to enroll in the program when they begin their ninth grade of high school; (ii) activities in ninth and tenth grades that help build student agency, such as self-confidence and awareness, while helping students to develop academic mind-sets needed for high school and college success; the value and benefits of teaching and counseling as careers; and introduction to leadership, civic engagement, and community service; (iii) credit-bearing curricula in grades eleven and twelve that include mentoring, shadowing, best practices in teaching in a multicultural world, efficacy and practice of dual language instruction, social and emotional learning, enhanced leadership, civic engagement, and community service activities.

(c) There must be a pipeline to college using two-year and four-year college faculty and consisting of continuation services for program participants, such as advising, tutoring, mentoring, financial assistance, and leadership.

(d) High school and college teachers and counselors must be recruited and compensated to serve as mentors and trainers for participating students.

(2) After obtaining a high school diploma, students qualify to receive conditional loans to cover the full cost of college tuition, fees, and books. To qualify for funds, students must meet program requirements as developed by their local implementation team, which consists of staff from their school district and the partnering two-year and four-year college faculty.

(3) In order to avoid loan repayment, students must (a) earn their baccalaureate degree and certification needed to serve as a teacher or professional guidance counselor; and (b) teach or serve as a counselor in their educational service district region for at least five years. Students who do not meet the repayment terms in this subsection are subject to repaying all or part of the financial aid they receive for college unless students are recipients of funding provided through programs such as the state need grant program or the college bound scholarship program.

(4) The professional educator standards board may consult with the department of early learning to determine whether it is feasible to add early learning professionals to the program described in this section.

NEW SECTION. Sec. 29. A new section is added to chapter 70.225 RCW to read as follows:

Beginning November 15, 2017, the department shall annually report to the governor and the appropriate committees of the legislature on the number of facilities, entities, or provider groups identified in RCW 70.225.040(3) (l) and (m) that have integrated their federally certified electronic health records with the prescription monitoring program utilizing the state health information exchange.

Sec. 30. RCW 71.24.560 and 2016 sp.s. c 29 s 506 are each amended to read as follows:

(1) All approved ((opiate substitution)) opioid treatment programs that provide services to women who are pregnant are required to disseminate up-to-date and accurate health education information to all their pregnant clients concerning the possible addiction and health risks that their ((opiate substitution)) treatment may have on their baby. All pregnant clients must also be advised of the risks to both them and their baby associated with not remaining on the ((opiate substitution)) opioid treatment program. The information must be provided to these clients both verbally and in writing. The health education information provided to the pregnant clients must include referral options for the ((addicted)) substance-exposed baby.

(2) The department shall adopt rules that require all ((opiate)) opioid treatment programs to educate all pregnant women in their program on the benefits and risks of ((methadone)) medication-assisted treatment to their fetus before they are provided these medications, as part of their ((addiction)) treatment. The department shall meet the requirements under this subsection within the appropriations provided for ((opiate)) opioid treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational materials to all certified ((opiate)) opioid treatment programs.

Sec. 31. RCW 71.24.585 and 2016 sp.s. c 29 s 519 are each amended to read as follows:

The state of Washington declares that there is no fundamental right to ((opiate substitution)) medication-assisted treatment for opioid use disorder. The state of Washington further declares that while ((opiate substitution drugs)) medications used in the treatment of ((opiate dependency)) opioid use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons ((addicted to or addicted to opioids)) with opioid use disorder. The state of Washington recognizes as evidence-based for the management of opioid use disorder the medications approved by the federal food and drug administration for the treatment of opioid use disorder. ((Opiate substitution)) Medication-assisted treatment should only be used for participants who are deemed appropriate to need this level of intervention ((and should not be)). Providers should first consider alternatives like abstinence for the first treatment intervention ((for all opiate addicts)).

Because ((opiate substitution drugs, used in the treatment of opiate dependency are addictive and are listed as a schedule II)) some such medications are controlled substances in chapter 69.50 RCW, the state of Washington ((has)) maintains the legal obligation and right to regulate the (use of opiate substitution treatment). The state of Washington declares its authority to control and regulate carefully, in consultation with counties and cities, all clinical uses of opiate substitution drugs used in the treatment of opiate addiction ((opiate substitution)) clinical uses of these medications in the treatment of opioid use disorder.
Further, the state declares that the main goal of opioid substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life. The state recognizes that a small percentage of persons who participate in (opiate substitution) opioid treatment programs require treatment for an extended period of time. (Opiate substitution) Opioid treatment programs shall provide a comprehensive transition program to eliminate substance use, including (opiate and opiate substitute addiction) opioid use of program participants.

NEW SECTION. Sec. 32. A new section is added to chapter 71.24 RCW to read as follows:

The state declares that a person lawfully possessing or using lawfully prescribed medication for the treatment of opioid use disorder must be treated the same in judicial and administrative proceedings as a person lawfully possessing or using other lawfully prescribed medications.

Sec. 33. RCW 71.24.590 and 2001 c 242 s 2 are each amended to read as follows:

(1) ((For purposes of this section, "area" means the county in which an applicant proposes to locate a certified program and counties adjacent, or near to, the county in which the program is proposed to be located.))

(b) Certify only programs that will be sited in accordance with the appropriate county or city land use ordinances. Counties and cities may require conditional ((or special)) use permits with reasonable conditions for the siting of programs. Pursuant to RCW 36.70A.200, no local comprehensive plan or development regulation may preclude the siting of essential public facilities;

(c) Not discriminate in its certification decision on the basis of the corporate structure of the applicant;

(d) Consider the size of the population in need of treatment in the area in which the program would be located and certify only applicants whose programs meet the necessary treatment needs of that population;

(f) Consider the availability of other certified opioid treatment programs near the area in which the applicant proposes to locate the program;

(g) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature((, including abstinence from opiates and opiate substitutes, obtaining mental health treatment, improving economic independence, and reducing adverse consequences associated with illegal use of controlled substances)) in RCW 71.24.585. The department shall prioritize certification to applicants who have demonstrated such capability and are able to measure their success in meeting such outcomes;

(h) Hold (at least) one public hearing in the (county) community in which the facility is proposed to be located ((and one hearing in the area in which the facility is proposed to be located)). The hearing shall be held at a time and location that are most likely to permit the largest number of interested persons to attend and present testimony. The department shall notify all appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

(2) A county may impose a maximum capacity for a program of not less than three hundred fifty participants if necessary to address specific local conditions cited by the county.

(3) A program applying for certification from the department and a program applying for a contract from a state agency that has been denied the certification or contract shall be provided with a written notice specifying the rationale and reasons for the denial.

(4) For the purpose of this chapter, (opiate substitution) opioid treatment program means:

(a) Dispensing ((an opiate substitution drug)) a medication approved by the federal drug administration for the treatment of (opiate addiction) opioid use disorder and dispensing medication for the reversal of opioid overdose; and

(b) Providing a comprehensive range of medical and rehabilitative services.

Sec. 34. RCW 71.24.590 and 2001 c 242 s 2 are each amended to read as follows:

(d) Consider the size of the population in need of treatment in the area in which the program would be located and license or certify only applicants whose programs meet the necessary treatment needs of that population;

(e) (Demonstrate a need in the community for opiate substitution treatment and not certify more program slots than justified by the need in that community. No program shall exceed three hundred fifty participants unless specifically authorized by the county in which the program is certified;

(f) Consider the availability of other licensed or certified opioid treatment programs near the area in which the applicant proposes to locate the program;

(g) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature((, including abstinence from opiates and opiate substitutes, obtaining mental health treatment,
improving economic independence, and reducing adverse consequences associated with illegal use of controlled substances) in RCW 71.24.585. The department shall prioritize licensing or certification to applicants who have demonstrated such capability and are able to measure their success in meeting such outcomes.

((43)) (4) For the purpose of this chapter, ((opiate substitution)) opioid treatment program means:

(b) Providing a comprehensive range of medical and rehabilitative services.

Sec. 35. RCW 71.24.595 and 2003 c 207 s 6 are each amended to read as follows:

(1) The department, in consultation with ((opiate substitution)) opioid treatment program service providers and counties and cities, shall establish statewide treatment standards for certified ((opiate substitution)) opioid treatment programs. The department shall enforce these treatment standards. The treatment standards shall include, but not be limited to, reasonable provisions for all appropriate and necessary medical procedures, counseling requirements, urinalysis, and other suitable tests as needed to ensure compliance with this chapter.

(2) The department, in consultation with ((opiate substitution)) opioid treatment programs and counties, shall establish statewide operating standards for certified ((opiate substitution)) opioid treatment programs. The department shall enforce these operating standards. The operating standards shall include, but not be limited to, reasonable provisions necessary to enable the department and counties to monitor certified ((and)) or licensed ((opiate substitution)) opioid treatment programs for compliance with this chapter and the treatment standards authorized by this chapter and to minimize the impact of the ((opiate substitution)) opioid treatment programs upon the business and residential neighborhoods in which the program is located.

(3) ((The department shall establish criteria for evaluating the compliance of opiate substitution treatment programs with the goals and standards established under this chapter. As a condition of certification, opiate substitution programs shall submit an annual report to the department and county legislative authority, including data as specified by the department necessary for outcome analysis.)) The department shall analyze and evaluate the data submitted by each treatment program and take corrective action where necessary to ensure compliance with the goals and standards enumerated under this chapter. Concerning dual language in early learning and K-12 education.

MOTION

Senator Zeiger moved that the following committee striking amendment by the Committee on Ways & Means be not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 39. (1) The legislature finds that it should review and revise the K-12 educational program taking into consideration the needs of students as they evolve. In Washington state, immigrant students whose first language is not English represent a significant part of evolving and more diverse school demographics. The legislature finds that Washington's educator workforce in school districts has not evolved in a manner consistent with changing student demographics. Thus, more and more schools are without the capacity to meet the needs of English language learners and without the capacity to communicate effectively with parents whose first language is not English.

(2) The legislature finds that:

(a) Between 1986 and 2016, the number of students served in the state's transitional bilingual instruction program increased from fifteen thousand twenty-four to one hundred eighteen thousand five hundred twenty-six, an increase of six hundred eighty-nine percent, and that two-thirds of the students were native Spanish speakers; the next ten most common languages were Russian, Vietnamese, Somali, Chinese, Arabic, Ukrainian, Tagalog, Korean, Marshallese, and Punjabi;

(b) In the 2015-16 school year, forty-six percent of instructors in the state's transitional bilingual instruction program were instructional aides, not certificated teachers; and

(c) Eleven percent of students in the transitional bilingual instruction program received instruction in their native tongue in the 2015-16 school year, and research shows that non-English speaking students develop academic proficiency in English more quickly when they are provided instruction in their native language initially.

(3) Accordingly, the legislature finds it is necessary to better serve non-English speaking students by addressing and closing the significant language and instructional gaps that hinder English language learners from meeting the state's rigorous educational standards. Thus, the legislature finds it necessary to implement a long-term, grow-your-own bilingual educator initiative to enhance teaching and learning in Washington's K-12 educational system.

(4) It is the intent of the legislature to provide funds for a pilot project for the bilingual educator initiative in the 2017-2019 biennium and to expand the program to other regions of the state upon successful demonstration of pilot projects.

NEW SECTION. Sec. 40. A new section is added to chapter 28A.180 RCW to read as follows:

(1) In 2017, funds must be appropriated for the purposes in this subsection (1).

(a) The professional educator standards board, beginning in the 2017-2019 biennium, shall administer the bilingual educator initiative, which is a long-term program to recruit, prepare, and mentor bilingual high school students to become future bilingual teachers and counselors. Pilot projects must be implemented in two school districts east of the crest of the Cascade mountains and two school districts west of the crest of the Cascade mountains, where immigrant students are shown to be rapidly increasing. Districts selected by the professional educator standards board must partner with at least one two-year and one four-year college in planning and implementing the program. The professional educator standards board shall provide oversight.

(b) Participating school districts must implement programs, including: (i) An outreach plan that exposes the program to middle school students and recruits them to enroll in the program when they begin their ninth grade of high school; (ii) activities in ninth and tenth grades that help build student agency, such as self-confidence and awareness, while helping students to develop academic mind-sets needed for high school and college success; the value and benefits of teaching and counseling as careers; and introduction to leadership, civic engagement, and community service; (iii) credit-bearing curricula in grades eleven and twelve that include mentoring, shadowing, best practices in teaching in a multicultural world, efficacy and practice of dual language instruction, social and emotional learning, enhanced leadership, civic engagement, and community service activities.

(c) There must be a pipeline to college using two-year and four-year college faculty and consisting of continuation services for
program participants, such as advising, tutoring, mentoring, financial assistance, and leadership.

(d) High school and college teachers and counselors must be recruited and compensated to serve as mentors and trainers for participating students.

(2) After obtaining a high school diploma, students qualify to receive conditional loans to cover the full cost of college tuition, fees, and books. To qualify for funds, students must meet program requirements as developed by their local implementation team, which consists of staff from their school district and the partnering two-year and four-year college faculty.

(3) In order to avoid loan repayment, students must (a) earn their baccalaureate degree and certification needed to serve as a teacher or professional guidance counselor; and (b) teach or serve as a counselor in their educational service district region for at least five years. Students who do not meet the repayment terms in this subsection are subject to repaying all or part of the financial aid they receive for college unless students are recipients of funding provided through programs such as the state need grant program or the college bound scholarship program.

(4) The professional educator standards board may consult with the department of early learning to determine whether it is feasible to add early learning professionals to the program described in this section.

NEW SECTION. Sec. 41. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void.

The President declared the question before the Senate to not adopt the committee striking amendment by the Committee on Ways & Means to Substitute House Bill No. 1445.

The motion by Senator Zeiger carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Zeiger moved that the following floor striking amendment no. 264 by Senator Zeiger be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 42. (1) The legislature finds that it should review and revise the K-12 educational program taking into consideration the needs of students as they evolve. In Washington state, immigrant students whose first language is not English represent a significant part of evolving and more diverse school demographics. The legislature finds that Washington's educator workforce in school districts has not evolved in a manner consistent with changing student demographics. Thus, more and more schools are without the capacity to meet the needs of English learners and without the capacity to communicate effectively with parents whose first language is not English.

(2) The legislature finds that:

(a) Between 1986 and 2016, the number of students served in the state's transitional bilingual instruction program increased from fifteen thousand twenty-four to one hundred eighteen thousand five hundred twenty-six, an increase of six hundred eighty-nine percent, and that two-thirds of the students were native Spanish speakers; the next ten most common languages were Russian, Vietnamese, Somali, Chinese, Arabic, Ukrainian, Tagalog, Korean, Marshallese, and Punjabi;

(b) In the 2015-16 school year, forty-six percent of instructors in the state's transitional bilingual instruction program were instructional aides, or paraeducators, not certificated teachers; and

(c) Eleven percent of students in the transitional bilingual instruction program received instruction in their native language in the 2015-16 school year, and research shows that non-English speaking students develop academic proficiency in English more quickly when they are provided instruction in their native language initially.

(3) The legislature showed its commitment to equity in education by passing legislation creating a seal of biliteracy, requiring world language for high school graduation, easing the transitions of English learners, encouraging training for staff in cultural competence, monitoring the racial and ethnic data of teachers, and funding the creation of K-12 dual language programs.

(4) However, the legislature finds it is necessary to better serve non-English speaking students by addressing and closing the significant language and instructional gaps that hinder English learners from meeting the state's rigorous educational standards.

(5) Thus, the legislature intends to establish a comprehensive approach to support English learners by creating grant programs to: (a) Expand dual language programs for elementary and secondary students; and (b) recruit bilingual individuals to become educators who are able to provide instruction in, and support for, dual language programs.

NEW SECTION. Sec. 43. A new section is added to chapter 28A.630 RCW to read as follows:

(1)(a) The K-12 dual language grant program is created to grow capacity for high quality dual language learning in the common schools and in state-tribal compact schools.

(b) A dual language program is an instructional model that provides content-based instruction to students in two languages: English and a target language other than English spoken in the local community, for example Spanish, Somali, Vietnamese, Russian, Arabic, native languages, or indigenous languages. The goal of the program is for students to eventually become proficient and literate in both languages, while also meeting high academic standards in all subject areas. Typically, programs begin at kindergarten or first grade and continue through at least elementary school. Two-way dual language programs begin with a balanced number of native and nonnative speakers of the target language so that both groups of students serve in the role of language modeler and language learner at different times. One-way dual language programs serve only nonnative English speakers.

(2)(a) The office of the superintendent of public instruction shall develop and administer the grant program.

(b) Subject to the availability of amounts appropriated for this specific purpose, by October 1, 2017, the office of the superintendent of public instruction must award grants of up to two hundred thousand dollars each through a competitive process to school districts or state-tribal compact schools proposing to: (i) Establish a two-way dual language program or a one-way dual language program in a school with predominantly English learners; or (ii) expand a recently established two-way dual language program or a one-way dual language program in a school with predominantly English learners. When awarding a grant to a school district or a state-tribal compact school proposing to establish a dual language program in a target language other than Spanish, the office must provide a bonus of up to twenty thousand dollars.

(c) The office of the superintendent of public instruction must identify criteria for awarding the grants, evaluate applicants, and award grant money. The office must select grantees that represent
sufficient geographic, demographic, and enrollment diversity to produce meaningful data for the report required in section 6 of this act. The application must require, among other things, that the applicant describe: (i) How the program will serve the applicant's English learner population; (ii) the number of classrooms that the applicant expects to add with the grant money; (iii) the planned use of the grant money; (iv) the applicant's plan for student enrollment and outreach to families who speak the target language; (v) the applicant's plan to recruit and support bilingual paraeducators, classified staff, parents, and high school students to become bilingual teachers in the district or state-tribal compact school; (vi) the applicant's commitment to, and plan for, sustaining a dual language program beyond the grant period; and (vii) whether the school district board of directors or the governing body of a state-tribal compact school has expressed support for dual language programs.

(d) The grant money must be used for dual language program start-up and expansion costs, such as staff and teacher training, teacher recruitment, development and implementation of a dual language learning model and curriculum, and other costs identified in the application as key for start-up. The grant money may not be used for ongoing program costs.

(3) The grant period is two years. At the end of the grant period, the grantees must work with the office of the superintendent of public instruction to draft the report required in section 6 of this act.

(4) The office of the superintendent of public instruction must notify school districts and state-tribal compact schools of the grant program established under this section and provide ample time for the application process.

(5) The superintendent of public instruction may adopt rules to implement this section.

(6) This section expires July 1, 2020.

NEW SECTION. Sec. 44. A new section is added to chapter 28A.300 RCW to read as follows:

(1) Within existing resources, the office of the superintendent of public instruction shall facilitate dual language learning cohorts for school districts and state-tribal compact schools establishing or expanding dual language programs. The office must provide technical assistance and support to school districts and state-tribal compact schools implementing dual language programs, including those establishing or expanding dual language programs under section 1 of this act.

(2) The superintendent of public instruction may adopt rules to implement this section.

NEW SECTION. Sec. 45. A new section is added to chapter 28A.180 RCW to read as follows:

In 2017, funds must be appropriated for the purposes in this section.

(1) The professional educator standards board, beginning in the 2017-2019 biennium, shall administer the bilingual educator initiative, which is a long-term program to recruit, prepare, and mentor bilingual high school students to become future bilingual teachers and counselors.

(2) Subject to the availability of amounts appropriated for this specific purpose, pilot projects must be implemented in one or two school districts east of the crest of the Cascade mountains and one or two school districts west of the crest of the Cascade mountains, where immigrant students are shown to be rapidly increasing. Districts selected by the professional educator standards board must partner with at least one two-year and one four-year college in planning and implementing the program. The professional educator standards board shall provide oversight.

(3) Participating school districts must implement programs, including: (a) An outreach plan that exposes the program to middle school students and recruits them to enroll in the program when they begin their ninth grade of high school; (b) activities in ninth and tenth grades that help build student agency, such as self-confidence and awareness, while helping students to develop academic mind-sets needed for high school and college success; the value and benefits of teaching and counseling as careers; and introduction to leadership, civic engagement, and community service; (c) credit-bearing curricula in grades eleven and twelve that include mentoring, shadowing, best practices in teaching in a multicultural world, efficacy and practice of dual language instruction, social and emotional learning, enhanced leadership, civic engagement, and community service activities.

(4) There must be a pipeline to college using two-year and four-year college faculty and consisting of continuation services for program participants, such as advising, tutoring, mentoring, financial assistance, and leadership.

(5) High school and college teachers and counselors must be recruited and compensated to serve as mentors and trainers for participating students.

(6) After obtaining a high school diploma, students qualify to receive conditional loans to cover the full cost of college tuition, fees, and books. To qualify for funds, students must meet program requirements as developed by their local implementation team, which consists of staff from their school district and the partnering two-year and four-year college faculty.

(7) In order to avoid loan repayment, students must (a) earn their baccalaureate degree and certification needed to serve as a teacher or professional guidance counselor; and (b) teach or serve as a counselor in their educational service district region for at least five years. Students who do not meet the repayment terms in this subsection are subject to repaying all or part of the financial aid they receive for college unless students are recipients of funding provided through programs such as the state need grant program or the college bound scholarship program.

(8) Grantees must work with the professional educator standards board to draft the report required in section 6 of this act.

(9) The professional educator standards board may adopt rules to implement this section.

NEW SECTION. Sec. 46. A new section is added to chapter 43.215 RCW to read as follows:

(1) The department of early learning must work with community partners to support outreach and education for parents and families around the benefits of native language development and retention, as well as the benefits of dual language learning. Native language means the language normally used by an individual or, in the case of a child or youth, the language normally used by the parents or family of the child or youth. Dual language learning means learning in two languages, generally English and a target language other than English spoken in the local community, for example Spanish, Somali, Vietnamese, Russian, Arabic, native languages, or indigenous languages where the goal is bilingualism.

(2) Within existing resources, the department must create training and professional development resources on dual language learning, such as supporting English learners, working in culturally and linguistically diverse communities, strategies for family engagement, and cultural responsiveness. The department must design the training modules to be culturally responsive.

(3) Within existing resources, the department must support dual language learning communities for teachers and coaches.

(4) The department may adopt rules to implement this section.

NEW SECTION. Sec. 47. (1) By December 1, 2019, subject to the availability of amounts appropriated for this specific purpose and in compliance with RCW 43.01.036, the office of the superintendent of public instruction and the
professional educator standards board must submit a combined report to the appropriate committees of the legislature that:

(a) Details the successes, best practices, lessons learned, and outcomes of the grant programs described in this act; and

(b) Describes how the K-12 education system has met the goals of each grant program and expanded their capacities to support dual language models of instruction because of this act, that is, how many more children were educated in dual language classrooms as a result of the grants in this act.

(2) This section expires July 1, 2020.

NEW SECTION. Sec. 48. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "adding a new section to chapter 28A.630 RCW; adding a new section to chapter 28A.300 RCW; adding a new section to chapter 28A.180 RCW; adding a new section to chapter 43.215 RCW; creating new sections; and providing expiration dates."

HOUSE BILL NO. 1058, by Representative MacEwen Changing provisions relating to court-ordered restitution in certain criminal cases.

The measure was read the second time.

MOTION

Senator Padden moved that the following committee striking amendment by the Committee on Law & Justice be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 49. The legislature finds that providing a victim with the opportunity for restitution from the perpetrator of the crime is an important part of the criminal justice system. It is the intent of the legislature to reaffirm the priority of restitution and, by this act, clarify that any outstanding debt for restitution be paid prior to the payment of any other legal financial obligation owed by the offender.

Sec. 50. RCW 10.01.170 and 1975-76 2nd ex.s. c 96 s 2 are each amended to read as follows:

(1) When a defendant is sentenced to pay ((a)) fines, penalties, assessments, fees, restitution, or costs, the court may grant permission for payment to be made within a specified period of time or in specified installments. If no such permission is included in the sentence the fine or costs shall be payable forthwith.

(2) The offender's monthly payment shall be applied in the following order of priority:

(a) First, proportionally to any restitution owed to victims that have not been fully compensated from other sources until satisfied;

(b) Second, proportionally to restitution owed to insurance or other sources with respect to a loss that has provided compensation to victims until satisfied;

(c) Third, proportionally to crime victims' assessments until satisfied; and

(d) Fourth, proportionally to costs, fines, and other assessments required by law.

Sec. 51. RCW 9.94A.760 and 2011 c 106 s 3 are each amended to read as follows:

(1) Whenever a person is convicted in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount.

(2) Upon receipt of ((an offender's monthly)) each payment((, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied) made by or on behalf of an offender, the county clerk shall distribute the payment ((proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court)) in the following order of priority:

(a) First, proportionally to restitution owed to victims that have not been fully compensated from other sources until satisfied;

(b) Second, proportionally to restitution owed to insurance or other sources with respect to a loss that has provided compensation to victims until satisfied;

(c) Third, proportionally to crime victims' assessments until satisfied; and
(d) Fourth, proportionally to costs, fines, and other assessments required by law.

(((2))) (3) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration, if incarcerated in a prison, or the court may require the offender to pay the actual cost of incarceration per day of incarceration, if incarcerated in a county jail. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(4) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender monthly legal financial obligation payment is past due, the county clerk may serve a notice on the offender.

(((6))) (6) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(((4))) (8)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the court for purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(10) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(11) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94B.040, 9.94A.737, or 9.94A.740.

(12) (a) The administrative office of the courts shall mail individualized periodic billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(b) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(c) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(d) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(13) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection (((4))) (5) of this section. The costs for collection services shall be paid by the offender.

(14) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

(15) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, and who remains under the jurisdiction of the court for payment of legal financial obligations.
(2) All judgments for unpaid child support that have accrued under a superior court order or an order entered under the administrative procedure act shall bear interest at the rate of twelve percent.

(3)(a) Judgments founded on the tortious conduct of a "public agency" as defined in RCW 42.30.020 shall bear interest from the date of entry at two percentage points above the prime rate, as published by the board of governors of the federal reserve system, of the average bill rate for twenty-six week treasury bills as determined at the first bill market auction conducted during the calendar month immediately preceding the date of entry. In any case where a court is directed on review to enter judgment on a verdict or in any case where a judgment entered on a verdict is wholly or partly affirmed on review, interest on the judgment or on that portion of the judgment affirmed shall date back to and shall accrue from the date the verdict was rendered.

(b) Except as provided in (a) of this subsection, judgments founded on the tortious conduct of individuals or other entities, whether acting in their personal or representative capacities, shall bear interest from the date of entry at two percentage points above the prime rate, as published by the board of governors of the federal reserve system on the first business day of the calendar month immediately preceding the date of entry. In any case where a court is directed on review to enter judgment on a verdict or in any case where a judgment entered on a verdict is wholly or partly affirmed on review, interest on the judgment or on that portion of the judgment affirmed shall date back to and shall accrue from the date the verdict was rendered.

(4) Legal financial obligations imposed in judgments pertaining to offenders referred to in RCW 10.82.090 shall bear interest from the date of entry at the rate of two percentage points above the equivalent coupon issue yield, as published by the board of governors of the federal reserve system, of the average bill rate for twenty-six week treasury bills as determined at the first bill market auction conducted in the month of December immediately preceding the date of entry. The interest rate on all judgments for legal financial obligations of offenders referred to in RCW 10.82.090 shall be readjusted annually on the first day of January of each year to reflect the current interest rate and shall accrue at that rate during the succeeding calendar year.

(5) Except as provided under subsections (1)((, (2), and (3))) through (4) of this section, judgments shall bear interest from the date of entry at the maximum rate permitted under RCW 19.52.020 on the date of entry thereof. In any case where a court is directed on review to enter judgment on a verdict or in any case where a judgment entered on a verdict is wholly or partly affirmed on review, interest on the judgment or on that portion of the judgment affirmed shall date back to and shall accrue from the date the verdict was rendered.

The method for determining an interest rate prescribed by this subsection is also the method for determining the "rate applicable to civil judgments" for purposes of RCW 10.82.090.

On page 7, beginning on line 15 of the title amendment, after "10.01.170" strike "and 9.94A.760" and insert ", 9.94A.760, 10.82.090, and 4.56.110"

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1504, by House Committee on Environment (originally sponsored by Representatives Pike, Blake, Wylie, Peterson, Harris, Vick, Manweller, Tarleton, Orcutt, Farrell, Haler, Dent, Fey, Sells, Kraft, Johnson, MacEwen, Chandler, Stambaugh, Van Verven, Dye, Doglio and Springer)

Concerning rail dependent uses for purposes of the growth management act and related development regulations.

The measure was read the second time.

MOTION

Senator Short moved that the following committee striking amendment by the Committee on Local Government be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 6. The legislature recognizes that it enacted the rail preservation program because railroads provide benefits to state and local jurisdictions that are valuable to economic development, highway safety, and the environment. The Washington state freight mobility plan includes the goal of
supporting rural economies farm-to-market, manufacturing, and resource industry sectors. The plan makes clear that ensuring the availability of rail capacity is vital to meeting the future needs of the Puget Sound region. Rail-served industrial sites are a necessary part of a thriving freight mobility system, and are a key means of assuring that food and goods from rural areas are able to make it to people living in urban areas and international markets. Planned and effective access to railroad services is a pivotal aspect of transportation planning. The legislature affirms that it is in the public interest to allow economic development infrastructure to occur near rail lines as a means to alleviate strains on government infrastructure elsewhere. Therefore, the legislature finds that there is a need for counties and cities to improve their planning under the growth management act to provide much needed infrastructure for freight rail dependent uses adjacent to railroad lines.

Sec. 7. RCW 36.70A.030 and 2012 c 21 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems:

(a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

(10) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(11) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(12) "Minerals" include gravel, sand, and valuable metallic substances.

(13) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(14) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(15) "Recreational land" means land so designated under RCW 36.70A.170 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(16) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;
(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas, including railroad tracks;
(c) That provide visual landscapes that are traditionally found in rural areas and communities;
(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;
(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;
(f) That generally do not require the extension of urban governmental services; and
(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(17) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels
that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

((444)) (18) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

((444)) (19) "Short line railroad" means those railroad lines designated Class II or Class III by the United States Surface Transportation Board.

(20) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

((444)) (21) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

((220)) (22) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

((222)) (23) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

Sec. 8. RCW 36.70A.060 and 2014 c 147 s 2 are each amended to read as follows:

(1)(a) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Each of the following counties, and each of the cities in such counties, may adopt development regulations to assure that agriculture, forest, and mineral resource lands adjacent to short line railroads may be developed for freight rail dependent uses:

Counties located to the east of the crest of the Cascade mountains; and counties located to the west of the crest of the Cascade mountains that have both a population of at least two hundred forty thousand and a border that touches another state. Any development regulations related to the development of agriculture, forest, and mineral resource lands adjacent to short line railroads for freight rail dependent uses must require buffers sufficient to prevent encroachment on or impacts to the adjacent resource lands.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(d)(i) A county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b) and that is not in compliance with the planning requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution is adopted must, by January 30, 2017, apply for a determination of compliance from the department finding that the county's development regulations, including development regulations adopted to protect critical areas, and comprehensive plans are in compliance with the requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172. The department may approve or deny the application for a determination of compliance within one hundred twenty days of its receipt or by June 30, 2017, whichever date is earlier.

(ii) If the department denies an application under (d)(i) of this subsection, the county and each city within is obligated to comply with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending
an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection (1)(d) by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations when adopting their comprehensive plans under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

(5) The department of commerce is directed to submit a written report to the legislature by November 15th of each even-numbered year, beginning in 2022 and ending in 2032, that describes any job gains, tax impacts, and impacts to resource lands resulting from freight rail dependent uses sited under this chapter.

Sec. 9. RCW 36.70A.070 and 2015 c 241 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element shall consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or
mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(16). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(16). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve
as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

Sec. 10. RCW 36.70A.108 and 2005 c 328 s 1 are each amended to read as follows:

(1) The transportation element required by RCW 36.70A.070 may include, in addition to improvements or strategies to accommodate the impacts of development authorized under RCW 36.70A.070(6)(b), multimodal transportation improvements or strategies that are made concurrent with the development. These transportation improvements or strategies may include, but are not limited to, measures implementing or evaluating:

(a) Multiple modes of transportation with peak and nonpeak hour capacity performance standards for locally owned transportation facilities; and

(b) Modal performance standards meeting the peak and nonpeak hour capacity performance standards.

(2) The transportation element required by RCW 36.70A.070 may, for each of the following counties, and for each of the cities in such counties, include development of freight rail dependent uses on land adjacent to a short line railroad: Counties located to the east of the crest of the Cascade mountains; and counties located to the west of the crest of the Cascade mountains that have both a population of at least two hundred forty thousand and a border that touches another state. Development regulations may be modified to include development of freight rail dependent uses that do not require urban governmental services in rural lands.

(3) Nothing in this section or RCW 36.70A.070(6)(b) shall be construed as prohibiting a county or city planning under RCW 36.70A.040 from exercising existing authority to develop multimodal improvements or strategies to satisfy the concurrency requirements of this chapter.

((})) (4) Nothing in this section is intended to affect or otherwise modify the authority of jurisdictions planning under RCW 36.70A.040."

The House has passed:
ENGROSSED SUBSTITUTE SENATE BILL NO. 5198, SENATE BILL NO. 5674, and the same are herewith transmitted.
NONA SNELL, Deputy Chief Clerk
WHEREAS, The Civil Air Patrol was commissioned December 1, 1941, just days before the attack on Pearl Harbor, for the purpose of liaison flying and interdiction of infiltrators on the east coast and southern border of the United States; and from then on the Civil Air Patrol insignia, a red three-bladed propeller in the Civil Defense white-triangle-in-blue-circle, began appearing; and

WHEREAS, The Civil Air Patrol has now been in commission for 75 years; and

WHEREAS, When German submarines began to prey on American ships, the Civil Air Patrol's mission grew to include a 1,000-member coastal patrol, 64 of whom died in service and 26 of whom were lost at sea; and

WHEREAS, After a crew was forced to watch in vain as a grounded submarine off Cape Canaveral, Florida escaped before the military arrived, Civil Air Patrol planes were issued bombs and depth charges, and thereafter the Civil Air Patrol coastal patrol flew 24 million miles and found 173 submarines, ultimately attacking 57 and hitting 10; and

WHEREAS, On April 28, 1943, by presidential executive order, the Civil Air Patrol became an auxiliary of the United States Army Air Forces, and several months later the Germans withdrew coastal U-boat operations "because of those damned little red and yellow airplanes"; and

WHEREAS, During the postwar years, the Civil Air Patrol was put to work in search and rescue missions, saving the United States millions of dollars in operational costs as the only organization with the equipment and training to perform this vital job, with military aircraft being far too expensive to operate and flying too fast to accurately spot downed planes and personnel; and

WHEREAS, During the deadly 2014 highway 530 mudslide in Darrington, Washington, the Civil Air Patrol flew vital supplies to areas unreachable by heavier aircraft; and ground teams helped to evacuate cities and towns, maintained the Temporary Flight Restriction over the area, and provided high-bird communications for other agencies; and

WHEREAS, The Civil Air Patrol's National Cell Phone Forensics Team and National Radar Analysis Team, which used cutting-edge technology to complement the efforts of searchers in the air and on the ground for missing airplanes and individuals, were credited by the Air Force Rescue Coordination Center with saving 70 lives in fiscal year 2016; and

WHEREAS, The Civil Air Patrol Cadet Program, celebrating its 75th year in 2017, has over 24,000 participants between the ages of 12 and 20, one of its major attractions being its aerospace program, which provides both classroom and practical instruction in flight and rocketry, and offers each cadet the opportunity to participate in orientation flights in both powered and glider aircraft while learning search and rescue techniques and other valuable skills, emphasizing military history, leadership, science, technology, engineering, and math education, and "service before self" to members' community, state, and nation; and

WHEREAS, Today's Civil Air Patrol continues its service and commitment to our state and country with three primary missions: Aerospace education, cadet programs, and emergency services; and

WHEREAS, The Washington Wing's commitment to service includes three nationally recognized leaders: 2014 Chaplain of the Year, (Lt. Col.) Dave Franklin; 2015 Legislative Squadron Commander of the Year, Senator (Lt. Col.) Jim Honeyford; and 2016 Public Affairs Officer of the Year, (Capt.) Jessica Jerwa, along with the many officers and cadets; and

WHEREAS, In Washington State alone, the Civil Air Patrol is composed of approximately 744 senior members and 626 cadets, adding up to 144 volunteer aircrew personnel and 779 emergency responders who, in 2016 alone, flew their 14 aircraft 1,537 hours in service to our state, a value of 4.9 million dollars in volunteer hours; and

WHEREAS, The McChord Composite Squadron Color Guard, located at McChord Field, Joint Base Lewis-McChord and comprised of youth Cadet members, have volunteered their time to represent the Civil Air Patrol's state headquarters while presenting the colors;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate recognize the Washington State wing of the Civil Air Patrol for its courageous and unwavering dedication to our citizens; and

BE IT FURTHER RESOLVED, That a copy of this resolution be immediately transmitted by the Secretary of the Senate to Colonel James P. Furlong, Commander of the Civil Air Patrol Washington Wing.

MOTION
applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from possessing a firearm under federal law, and therefore ineligible for a concealed pistol license.

(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.

(c) This subsection applies whether the applicant is applying for a new concealed pistol license or to renew a concealed pistol license.

(3) Any person whose firearms rights have been restricted and who has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c) or who is exempt under 18 U.S.C. Sec. 921(a)(20)(A) shall have his or her right to acquire, receive, transfer, ship, transport, carry, and possess firearms in accordance with Washington state law restored except as otherwise prohibited by this chapter.

(4) The license application shall bear the full name, residential address, telephone number at the option of the applicant, email address at the option of the applicant, date and place of birth, race, gender, description, complete set of fingerprints, and signature of the licensee, and the licensee's driver's license number or state identification card number if used for identification in applying for the license. A signed application for a concealed pistol license shall constitute a waiver of confidentiality and written request that the department of social and health services, mental health institutions, and other health care facilities release information relevant to the applicant's eligibility for a concealed pistol license to an inquiring court or law enforcement agency.

The application for an original license shall include two complete sets of fingerprints to be forwarded to the Washington state patrol. The license and application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law.

The application shall contain questions about the applicant's eligibility under RCW 9.41.040 and federal law to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen. If the applicant is not a United States citizen, the applicant must provide the applicant's country of citizenship, United States issued alien number or admission number, and the basis on which the applicant claims to be exempt from federal prohibitions on firearm possession by aliens. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall, if applicable, meet the additional requirements of RCW 9.41.173 and produce proof of compliance with RCW 9.41.173 upon application. The license may be in triplicate or in a form to be prescribed by the department of licensing.

The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent to the director of licensing and the triplicate shall be preserved for six years, by the authority issuing the license.

The department of licensing shall make available to law enforcement and corrections agencies, in an on-line format, all information received under this subsection.

(5) The nonrefundable fee, paid upon application, for the original five-year license shall be thirty-six dollars plus additional charges imposed by the federal bureau of investigation that are passed on to the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.

The fee shall be distributed as follows:

(a) Fifteen dollars shall be paid to the state general fund;
(b) Four dollars shall be paid to the agency taking the fingerprints of the person licensed;
(c) Fourteen dollars shall be paid to the issuing authority for the purpose of enforcing this chapter; and
(d) Three dollars to the firearms range account in the general fund.

(6) The nonrefundable fee for the renewal of such license shall be thirty-two dollars. No other branch or unit of government may impose any additional charges on the applicant for the renewal of the license.

The renewal fee shall be distributed as follows:

(a) Fifteen dollars shall be paid to the state general fund;
(b) Four dollars shall be paid to the issuing authority for the purpose of enforcing this chapter; and
(c) Three dollars to the firearms range account in the general fund.

(7) The nonrefundable fee for replacement of lost or damaged licenses is ten dollars to be paid to the issuing authority.

(8) Payment shall be by cash, check, or money order at the option of the applicant. Additional methods of payment may be allowed at the option of the issuing authority.

(9) If the licensee provides an email address at the time of application, the department of licensing must send notice of the license expiration to the licensee's email address within sixty days prior to the expiration of the license. A licensee may renew a license if the licensee applies for renewal within ninety days before or after the expiration date of the license. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license must pay a late renewal penalty of ten dollars in addition to the renewal fee specified in subsection (6) of this section. The fee shall be distributed as follows:

(a) Three dollars shall be deposited in the state wildlife account and used exclusively first for the printing and distribution of a pamphlet on the legal limits of the use of firearms, firearms safety, and the preemptive nature of state law, and subsequently the support of volunteer instructors in the basic firearms safety training program conducted by the department of fish and wildlife. The pamphlet shall be given to each applicant for a license; and
(b) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(10) Notwithstanding the requirements of subsections (1) through (9) of this section, the chief of police of the municipality or the sheriff of the county of the applicant's residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

(12) A person who knowingly makes a false statement regarding citizenship or identity on an application for a concealed pistol license is guilty of false swearing under RCW 9A.72.040. In addition to any other penalty provided for by law, the concealed pistol license of a person who knowingly makes a false statement shall be revoked, and the person shall be permanently ineligible for a concealed pistol license.

(c) Anywhere in the state if the applicant is a nonresident.
(14) Any person who, as a member of the armed forces, including the national guard and armed forces reserves, is unable to renew his or her license under subsections (6) and (9) of this section because of the person's assignment, reassignment, or deployment for out-of-state military service may renew his or her license within ninety days after the person returns to this state from out-of-state military service, if the person provides the following to the issuing authority no later than ninety days after the person's date of discharge or assignment, reassignment, or deployment back to this state: (a) A copy of the person's original order designating the specific period of assignment, reassignment, or deployment for out-of-state military service, and (b) if appropriate, a copy of the person's discharge or amended or subsequent assignment, reassignment, or deployment order back to this state. A license so renewed under this subsection (14) shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license under this subsection (14) shall pay only the renewal fee specified in subsection (6) of this section and shall not be required to pay a late renewal penalty in addition to the renewal fee.

authority and performing a notarial act are prima facie evidence
that the signature is genuine and that the individual holds the
designated title.

(3) The signature and title of an officer described in subsection
(1)(a), (b), or (c) of this section conclusively establishes the
authority of the officer to perform the notarial act.

NEW SECTION. Sec. 32. FOREIGN NOTARIAL ACT. (1)
In this section, "foreign state" means a government other than the
United States, a state, or a federally recognized Indian tribe.

(2) If a notarial act is performed under the authority and in the
jurisdiction of a foreign state or constituent unit of the foreign
state or is performed under the authority of a multinational or
international governmental organization, the act has the same
effect under the law of this state as if performed by a notarial
officer of this state.

(3) If the title of office and indication of authority to perform
notarial acts in a foreign state appears in a digest of foreign law
or in a list customarily used as a source for that information, the
authority of an officer with that title to perform notarial acts is
conclusively established.

(4) The signature and official stamp of an individual holding an
office described in subsection (3) of this section are prima facie
evidence that the signature is genuine and the individual holds the
designated title.

(5) An apostille in the form prescribed by the Hague Convention
of October 5, 1961, and issued by a foreign state party to the
Hague Convention conclusively establishes that the signature of
the notarial officer is genuine and that the officer holds the
indicated office.

(6) A consular authentication issued by an individual designated
by the United States department of state as a notarizing officer for
performing notarial acts overseas and attached to the record with
respect to which the notarial act is performed conclusively
establishes that the signature of the notarial officer is genuine and
that the officer holds the indicated office.

NEW SECTION. Sec. 33. CERTIFICATE OF NOTARIAL
ACT. (1) A notarial act must be evidenced by a certificate. The
certificate must:
(a) Be executed contemporaneously with the performance of the
notarial act;
(b) Be signed and dated by the notarial officer and, if the notarial
officer is a notary public, be signed in the same manner as on file
with the department;
(c) Identify the jurisdiction in which the notarial act is performed;
(d) Contain the title of office of the notarial officer;
(e) Be written in English or in dual languages, one of which must
be English; and
(f) If the notarial officer is a notary public, indicate the date of
expiration, if any, of the officer's commission.

(2) Regarding notarial act certificates on a tangible record:
(a) If a notarial act regarding a tangible record is performed by
a notary public, an official stamp must be affixed to or embossed
on the certificate.

(b) If a notarial act regarding a tangible record is performed by a
notarial officer other than a notary public and the certificate
contains the information specified in subsection (1)(b), (c), and
(d) of this section, an official stamp may be affixed to or
embossed on the certificate.

(3) Regarding notarial act certificates on an electronic record:
(a) If a notarial act regarding an electronic record is performed by
an electronic records notary public, an official stamp must be
affixed to or logically associated with the certificate.

(b) If a notarial act regarding an electronic record is performed by
a notarial officer other than a notary public and the certificate
contains the information specified in subsection (1)(b), (c), and
(d) of this section, an official stamp may be affixed to or
logically associated with the certificate.

(4) A certificate of a notarial act is sufficient if it meets the
requirements of subsections (1) through (3) of this section and:
(a) Is in a short form set forth in section 16 of this act;
(b) Is in a form otherwise permitted by the law of this state;
(c) Is in a form permitted by the law applicable in the jurisdiction
in which the notarial act was performed; or
(d) Sets forth the actions of the notarial officer and the actions are
sufficient to meet the requirements of the notarial act as provided
in sections 5, 6, and 7 of this act or law of this state other than this
chapter.

(5) By executing a certificate of a notarial act, a notarial officer
certifies that the officer has complied with the requirements and
made the determinations specified in sections 5, 6, and 7 of this
act.

(6) A notarial officer may not affix the officer's signature to, or
logically associate it with, a certificate until the notarial act has
been performed.

(7) If a notarial act is performed regarding a tangible record, a
certificate must be part of, or securely attached to, the record. If a
notarial act is performed regarding an electronic record, the
certificate must be affixed to, or logically associated with, the
 electronic record. If the director has established standards
pursuant to section 28 of this act for attaching, affixing, or
logically associating the certificate, the process must conform to
the standards.

NEW SECTION. Sec. 34. SHORT FORM CERTIFICATES.
The following short form certificates of notarial acts are sufficient
for the purposes indicated, if completed with the information
required by section 15 (1) through (4) of this act:

(1) For an acknowledgment in an individual capacity:
State of ...... County of ......
This record was acknowledged before me on (date) by (name(s)
of individuals).
NEW SECTION. Sec. 35. OFFICIAL STAMP. (1) It is unlawful for any person intentionally to manufacture, give, sell, procure, or possess a seal or stamp evidencing the current appointment of a person as a notary public until the director has issued a notary commission. The official seal or stamp of a notary public must include:

(a) The words "notary public;"
(b) The words "state of Washington;"
(c) The notary public's name as commissioned;
(d) The notary public's commission expiration date; and
(e) Any other information required by the director.

(2) The size and form or forms of the seal or stamp shall be prescribed by the director in rule.

(3) The seal or stamp must be capable of being copied together with the record to which it is affixed or attached or with which it is logically associated.

(4) The seal or stamp used at the time that a notarial act is performed must be the seal or stamp evidencing the notary public's commission in effect as of such time, even if the notary public has received the seal or stamp evidencing his or her next commission.

NEW SECTION. Sec. 36. STAMPING DEVICE. (1) A notary public is responsible for the security of the notary public's stamping device and may not allow another individual to use the device to perform a notarial act. On resignation from, or the revocation or expiration of, the notary public's commission, or on the expiration of the date set forth in the stamping device, the notary public shall disable the stamping device by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable. On the death or adjudication of incompetency of a notary public, the notary public's personal representative or guardian or any other person knowingly in possession of the stamping device shall render it unusable by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable.

(2) The seal or stamp should be kept in a locked and secured area, under the direct and exclusive control of the notary public. If a notary public's stamping device is lost or stolen, the notary public or the notary public's personal representative or guardian shall notify promptly the department on discovering that the device is lost or stolen. Any replacement device must contain a variance from the lost or stolen seal or stamp.

NEW SECTION. Sec. 37. FEES. (1) The director may establish by rule the maximum fees that may be charged by notaries public for various notarial services.

(2) A notary public need not charge fees for notarial acts.

NEW SECTION. Sec. 38. (1) A notary public shall maintain a journal in which the notary public chronicles all notarial acts that the notary public performs. The notary public shall retain the journal for ten years after the performance of the last notarial act chronicled in the journal. The journal is to be destroyed as required by the director in rule upon completion of the ten-year period.

(2) Notwithstanding any other provision of this chapter requiring a notary public to maintain a journal, a notary public who is an
attorney licensed to practice law in this state is not required to
chronicle a notarial act in a journal if documentation of the
notarial act is otherwise maintained by professional practice.
(3) A notary public shall maintain only one tangible journal at a
time to chronicle notarial acts, whether those notarial acts are
performed regarding tangible or electronic records. The journal
must be a permanent, bound register with numbered pages. An
electronic records notary public may also maintain an electronic
format journal, which can be kept concurrently with the tangible
journal. The electronic journal must be in a permanent, tamper-
evident electronic format complying with the rules of the director.
(4) An entry in a journal must be made contemporaneously with
performance of the notarial act and contain the following
information:
   (a) The date and time of the notarial act;
   (b) A description of the record, if any, and type of notarial act;
   (c) The full name and address of each individual for whom the
       notarial act is performed; and
   (d) Any additional information as required by the director in rule.
(5) The journal shall be kept in a locked and secured area, under
the direct and exclusive control of the notary public. Failure to
secure the journal may be cause for the director to take
administrative action against the commission held by the notary
public. If a notary public’s journal is lost or stolen, the notary
public promptly shall notify the department on discovering that
the journal is lost or stolen.
(6) On resignation from, or the revocation or suspension of, a
notary public’s commission, the notary public shall retain the
notary public’s journal in accordance with subsection (1) of this
section and inform the department where the journal is located.

NEW SECTION. Sec. 39. NOTIFICATION REGARDING
PERFORMANCE OF NOTARIAL ACT ON ELECTRONIC
RECORD—SELECTION OF TECHNOLOGY. (1) A notary
public may not perform notarial acts with respect to electronic
records unless the notary public holds a commission as an
electronic records notary public.
(2) An electronic records notary public may select one or more
tamper-evident technologies to perform notarial acts with respect
to electronic records that meet the standards provided in
subsection (4) of this section. A person cannot require an
electronic records notary public to perform a notarial act with
respect to an electronic record with a technology that the notary
public has not selected.
(3) Before an electronic records notary public performs the notary
public’s initial notarial act with respect to an electronic record, an
electronic records notary public shall notify the department that
he or she will be performing notarial acts with respect to
electronic records and identify the technology the electronic
records notary public intends to use.
(4) The director shall establish standards for approval of
technology in rule. If the technology conforms to the standards,
the director shall approve the use of the technology.

NEW SECTION. Sec. 40. COMMISSION AS NOTARY
PUBLIC—QUALIFICATIONS—NO IMMUNITY OR
BENEFIT. (1) An individual qualified under subsection (2) of
this section may apply to the director for a commission as a notary
public. The applicant shall comply with and provide the
information required by rules established by the director and pay
any application fee.
(2) An applicant for a commission as a notary public must:
   (a) Be at least eighteen years of age;
   (b) Be a citizen or permanent legal resident of the United States;
   (c) Be a resident of or have a place of employment or practice in
       this state;
   (d) Be able to read and write English;
   (e) Not be disqualified to receive a commission under section 24
       of this act; and
   (f) Have successfully completed a course or passed an
       examination required under section 23 of this act.
(3) Before issuance of a commission as a notary public, an
applicant for the commission shall execute an oath of office and
submit it to the department in the format prescribed by the director
in rule.
(4) Before issuance of a commission as a notary public, the
applicant for a commission shall submit to the director an
assurance in the form of a surety bond in the amount established
by the director in rule. The assurance must be issued by a surety
or other entity licensed or authorized to write surety bonds in this
state. The assurance must be effective for a four-year term or for
a term that expires on the date the notary public’s commission expires. The assurance must cover acts performed during the term of the notary public’s commission and must be in the form prescribed by the director. If a notary public violates law with respect to notaries public in this state, the surety or issuing entity is liable under the assurance. The surety or issuing entity shall give at least thirty days notice to the department before canceling the assurance. The surety or issuing entity shall notify the department not later than thirty days after making a payment to a claimant under the assurance. A notary public may perform notarial acts in this state only during the period that a valid assurance is on file with the department.
(5) On compliance with this section, the director shall issue a
commission as a notary public to an applicant for a term of four
years or for a term that expires on the date of expiration of the
assurance, whichever comes first.
(6) A commission to act as a notary public authorizes the notary
public to perform notarial acts. The commission does not provide
the notary public any immunity or benefit conferred by law of this
state on public officials or employees.
(7) An individual qualified under (a) of this subsection may apply
to the director for a commission as an electronic records notary
public. The applicant shall comply with and provide the
information required by rules established by the director and pay
the relevant application fee.
   (a) An applicant for a commission as an electronic records notary
       public must hold a commission as notary public.
   (b) An electronic records notary public commission may take the
       form of an endorsement to the notary public commission if
       deemed appropriate by the director.

NEW SECTION. Sec. 41. EXAMINATION OF NOTARY
PUBLIC. The director may require an applicant for a
commission or renewal of a commission as a notary public,
including an applicant for a commission as an electronic records
notary public, to successfully pass a course or an examination, as
prescribed by the director in rule.

NEW SECTION. Sec. 42. GROUNDS TO DENY, REFUSE
TO RENEW, REVOKE, SUSPEND, OR CONDITION
COMMISSION OF NOTARY PUBLIC. (1) In addition to
defined as unprofessional under RCW 18.235.130, the
director may take action as provided for in RCW 18.235.110
against a commission as notary public for any act or omission that
demonstrates the individual lacks the honesty, integrity,
competence, or reliability to act as a notary public, including:
   (a) Failure to comply with this chapter;
   (b) A fraudulent, dishonest, or deceitful misstatement or omission
       in the application for a commission as a notary public submitted
to the department;
   (c) A conviction of the applicant or notary public of any felony or
crime involving fraud, dishonesty, or deceit;
NEW SECTION. Sec. 43. DATABASE OF NOTARIES PUBLIC. The director shall maintain an electronic database of notaries public:

(1) Through which a person may verify the authority of a notary public to perform notarial acts; and

(2) Which indicates whether a notary public has notified the director that the notary public will be performing notarial acts on electronic records.

NEW SECTION. Sec. 44. PROHIBITED ACTS. (1) A commission as a notary public does not authorize an individual to:

(a) Assist persons in drafting legal records, give legal advice, or otherwise practice law;

(b) Act as an immigration consultant or an expert on immigration matters;

(c) Represent a person in a judicial or administrative proceeding relating to immigration to the United States, United States citizenship, or related matters;

(d) Receive compensation for performing any of the activities listed in this subsection; or

(e) Provide court reporting services.

(2) A notary public may not engage in false or deceptive advertising.

(3) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not use the term "notario" or "notario publico."

(4) A notary public, other than an attorney licensed to practice law in this state or a limited license legal technician acting within the scope of his or her license, may not assist another person in selecting the appropriate certificate required by section 15 of this act.

(5) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not advertise or represent that the notary public may assist persons in drafting legal records, give legal advice, or otherwise practice law.

(6) Except as otherwise allowed by law, a notary public may not withhold access to or possession of an original record provided by a person that seeks performance of a notarial act by the notary public. A notary public may not maintain copies or electronic images of documents notarized unless the copies or images are maintained by an attorney or Washington-licensed limited license legal technician acting within his or her scope of practice for the performance of legal services or for other services performed for the client and the copies or images are not maintained solely as part of the notarial transaction.

NEW SECTION. Sec. 45. VALIDITY OF NOTARIAL ACTS. Except as otherwise provided in section 4(2) of this act, the failure of a notarial officer to perform a duty or meet a requirement specified in this chapter does not invalidate a notarial act performed by the notary public. The validity of a notarial act under this chapter does not prevent an aggrieved person from seeking to invalidate the record or transaction that is the subject of the notarial act or from seeking other remedies based on law of this state other than this chapter or law of the United States. This section does not validate a purported notarial act performed by an individual who does not have the authority to perform notarial acts. Nothing in this act gives the director authority to invalidate a notarial act.

NEW SECTION. Sec. 46. RULES. (1) The director may adopt rules necessary to implement this chapter.

(2) In adopting, amending, or repealing rules about notarial acts with respect to electronic records, the director shall consider standards, practices, and customs of other jurisdictions that substantially enact this chapter.

NEW SECTION. Sec. 47. NOTARY PUBLIC COMMISSION IN EFFECT. A commission as a notary public in effect on the effective date of this section continues until its date of expiration. A notary public who applies to renew a commission as a notary public on or after the effective date of this section is subject to and shall comply with this chapter. A notary public, in performing notarial acts after the effective date of this section, shall comply with this chapter.

NEW SECTION. Sec. 48. SAVINGS CLAUSE. This chapter does not affect the validity or effect of a notarial act performed before the effective date of this section.

NEW SECTION. Sec. 49. UNIFORMITY OF APPLICATION AND CONSTRUCTION. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

NEW SECTION. Sec. 50. RELATION TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL COMMERCE ACT. This chapter modifies, limits, and supersedes the electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. Sec. 7001(c), or authorize
electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. Sec. 7003(b).

NEW SECTION. Sec. 51. UNIFORM REGULATION OF BUSINESS AND PROFESSIONS ACT. The uniform regulation of business and professions act, chapter 18.235 RCW, governs unlicensed practice, the issuance and denial of licenses, and the discipline of licensees under this chapter.

NEW SECTION. Sec. 52. NEW CHAPTER. Sections 1 through 33 and 45 of this act constitute a new chapter in Title 42 RCW.

NEW SECTION. Sec. 53. REPEALS. The following acts or parts of acts are each repealed:

Sec. 54. RCW 9.97.020 and 2016 c 81 s 3 are each amended to read as follows:

(1) Except as provided in this section, no state, county, or municipal department, board, officer, or agency authorized to assess the qualifications of any applicant for a license, certificate of authority, qualification to engage in the practice of a profession or business, or for admission to an examination to qualify for such a license or certificate may disqualify a qualified applicant, solely based on the applicant's criminal history, if the qualified applicant has obtained a certificate of restoration of opportunity and the applicant meets all other statutory and regulatory requirements, except as required by federal law or exempted under this subsection. Nothing in this section is interpreted as restoring or creating a means to restore any firearms rights or eligibility to obtain a firearm dealer license pursuant to RCW 9.41.110 or requiring the removal of a protection order.

(a)(i) Criminal justice agencies, as defined in RCW 10.97.030, and the Washington state bar association are exempt from this section.

(ii) This section does not apply to the licensing, certification, or qualification of the following professionals: Accountants, RCW 18.04.295; assisted living facilities employees, RCW 18.20.125; bail bond agents, RCW 18.185.020; escrow agents, RCW 18.44.241; long-term care workers, RCW 18.88B.080; nursing home administrators, RCW 18.52.071; nursing, chapter 18.79 RCW; physicians and physician assistants, chapters 18.71 and 18.71A RCW; private investigators, RCW 18.165.030; receivers, RCW 7.60.053; teachers, chapters 28A.405 and 28A.410 RCW; notaries public, chapter (42.44 RCW) 42—RCW (the new chapter created in section 34 of this act); private investigators, chapter 18.165 RCW; real estate brokers and salespersons, chapters 18.85 and 18.86 RCW; security guards, chapter 18.170 RCW; and vulnerable adult care providers, RCW 43.43.842.

(b) Unless otherwise addressed in statute, in cases where an applicant would be disqualified under RCW 43.20A.710, and the applicant has obtained a certificate of restoration of opportunity, the department of social and health services may, after review of relevant factors, including the nature and seriousness of the offense, time that has passed since conviction, changed circumstances since the offense occurred, and the nature of the employment or license sought, at its discretion:

(i) Allow the applicant to have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental disabilities if the applicant is otherwise qualified and suitable; or

(ii) Disqualify the applicant solely based on the applicant's criminal history.

(c) If the practice of a profession or business involves unsupervised contact with vulnerable adults, children, or individuals with mental illness or developmental disabilities, or populations otherwise defined by statute as vulnerable, the department of health may, after review of relevant factors, including the nature and seriousness of the offense, time that has passed since conviction, changed circumstances since the offense occurred, and the nature of the employment or license sought, at its discretion:

(i) Disqualify an applicant who has obtained a certificate of restoration of opportunity, for a license, certification, or registration to engage in the practice of a health care profession or business solely based on the applicant's criminal history; or

(ii) If such applicant is otherwise qualified and suitable, credential or credential with conditions an applicant who has obtained a certificate of restoration of opportunity for a license, certification, or registration to engage in the practice of a health care profession or business.

(d) The state of Washington, any of its counties, cities, towns, municipal corporations, or quasi-municipal corporations, the department of health, and its officers, employees, contractors, and agents are immune from suit in law, equity, or any action under the administrative procedure act based upon its exercise of discretion under this section. This section does not create a
protected class; private right of action; any right, privilege, or duty; or change to any right, privilege, or duty existing under law. This section does not modify a licensing or certification applicant's right to a review of an agency's decision under the administrative procedure act or other applicable statute or agency rule. A certificate of restoration of opportunity does not remove or alter citizenship or legal residency requirements already in place for state agencies and employers.

(2) A qualified court has jurisdiction to issue a certificate of restoration of opportunity to a qualified applicant.

(a) A court must determine, in its discretion whether the certificate:

(i) Applies to all past criminal history; or

(ii) Applies only to the convictions or adjudications in the jurisdiction of the court.

(b) The certificate does not apply to any future criminal justice involvement that occurs after the certificate is issued.

(c) A court must determine whether to issue a certificate by determining whether the applicant is a qualified applicant as defined in RCW 9.97.010.

(3) An employer or housing provider may, in its sole discretion, determine whether to consider a certificate of restoration of opportunity issued under this chapter in making employment or rental decisions. An employer or housing provider is immune from suit in law, equity, or under the administrative procedure act for damages based upon its exercise of discretion under this section or the refusal to exercise such discretion. In any action at law against an employer or housing provider arising out of the employment of or provision of housing to the recipient of a certificate of restoration of opportunity, evidence of the crime for which a certificate of restoration of opportunity has been issued may not be introduced as evidence of negligence or intentionally tortious conduct on the part of the employer or housing provider. This subsection does not create a protected class, private right of action, any right, privilege, or duty, or to change any right, privilege, or duty existing under law related to employment or housing except as provided in RCW 7.60.035.

(4)(a) Department of social and health services: A certificate of restoration of opportunity does not apply to the state abuse and neglect registry. No finding of abuse, neglect, or misappropriation of property may be removed from the registry based solely on a certificate. The department must include such certificates as part of its criminal history record reports, qualifying letters, or other assessments pursuant to RCW 43.43.830 through 43.43.838. The department shall adopt rules to implement this subsection.

(b) Washington state patrol: The Washington state patrol is not required to remove any records based solely on a certificate of restoration of opportunity. The state patrol must include a certificate as part of its criminal history record report.

(c) Court records:

(i) A certificate of restoration of opportunity has no effect on any other court records, including records in the judicial information system. The court records related to a certificate of restoration of opportunity must be processed and recorded in the same manner as any other record.

(ii) The qualified court where the applicant seeks the certificate of restoration of opportunity must administer the court records regarding the certificate in the same manner as it does regarding all other proceedings.

(d) Effect in other judicial proceedings: A certificate of restoration of opportunity may only be submitted to a court to demonstrate that the individual met the specific requirements of this section and not for any other procedure, including evidence of character, reputation, or conduct. A certificate is not an equivalent procedure under Rule of Evidence 609(c).

(e) Department of health: The department of health must include a certificate of restoration of opportunity on its public website if:

(i) Its web site includes an order, stipulation to informal disposition, or notice of decision related to the conviction identified in the certificate of restoration of opportunity; and

(ii) The credit card holder has provided a certified copy of the certificate of restoration of opportunity to the department of health.

(5) In all cases, an applicant must provide notice to the prosecutor in the county where he or she seeks a certificate of restoration of opportunity of the pending of such application. If the applicant has been sentenced by any other jurisdiction in the five years preceding the application for a certificate, the applicant must also notify the prosecuting attorney in those jurisdictions. (9) The clerk of the court in which the certificate of restoration of opportunity is granted shall transmit the certificate of restoration of opportunity to the Washington state patrol identification section, which holds criminal history information for the person who is the subject of the conviction. MESSAGE FROM THE HOUSE

April 10, 2017

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5022 with the following amendment(s): 5022-S AMH HE H2466.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 69. The legislature finds and declares that students pursuing higher education benefit from periodic notification about the balance of their student education loan debt. This notification helps students and their families make informed borrowing decisions about how to finance their postsecondary education and be more prepared for repayment when leaving school. The legislature recognizes the steps many higher education institutions in Washington have already taken to provide financial education and information to their students. The legislature encourages schools to continue to strengthen financial literacy training, financial aid counseling, and other resources available to students. It is the intent of the legislature to ensure that all students pursuing higher education in Washington receive periodic notifications about their student education loan debt.

NEW SECTION. Sec. 70. A new section is added to chapter 28B.10 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Educational institution" includes any entity that is an institution of higher education as defined in RCW 28B.10.016, a degree-granting institution as defined in RCW 28B.85.010, a private vocational school as defined in RCW 28C.10.020, or school as defined in RCW 18.16.020.

(b) "Student education loan" means any loan solely for personal use to finance postsecondary education and costs of attendance at an educational institution.

(2) Subject to the availability of amounts appropriated for this specific purpose, an educational institution must provide to an enrolled student who has applied for student financial aid a notification including the following information about the student education loans the educational institution has certified:

(a) An estimate, based on information available at the time the notification is provided, of the:

(i) Total amount of student education loans taken out by the student;

(ii) Potential total payoff amount of the student education loans incurred or a range of the total payoff amount, including principal and interest;

(iii) The monthly repayment amount that the student may incur for the amount of student education loans the student has taken out, based on the federal loan repayment plan borrowers are automatically enrolled in if they do not select an alternative repayment plan; and

(iv) Percentage of the aggregate federal direct loan borrowing limit applicable to the student's program of study the student has reached at the time the information is sent to the student; and

(b) Consumer information about the differences between private student loans and federal student loans, including the availability of income-based repayment plans and loan forgiveness programs for federal loans.

(3) The notification provided under subsection (2) of this section must include a statement that the estimates and ranges provided are general in nature and not meant as a guarantee or promise of the actual projected amount. It must also include a statement that a variety of repayment plans are available for federal student loans that may limit the monthly repayment amount based on income.

(4) The notification must include information about how to access resources for student education loan borrowers provided by federal or state agencies, such as a student education loan debt hotline and web site or student education loan ombuds, federal student loan repayment calculator, or other available resources.

(5) An educational institution must provide the notification required in subsection (2) of this section via email. In addition, the educational institution may provide the notification in writing, in an electronic format, or in person.

(6) An educational institution does not incur liability, including for actions under chapter 19.86 RCW by the attorney general, for any good faith representations made under subsection (2) of this section.

(7) Educational institutions must begin providing the notification required under subsection (2) of this section by July 1, 2018, each time a financial aid package that includes a new or revised student education loan is offered to the student.

(8) Subject to the availability of amounts appropriated for this specific purpose, an organization representing the public four-year colleges and universities, an organization representing the private nonprofit institutions, the state board for community and technical colleges under chapter 28B.50 RCW, the workforce training and education coordinating board as defined in RCW 28C.18.020, and the department of licensing under chapter 46.01 RCW, must develop a form for the educational institutions to use to report compliance by July 1, 2018.

(9) Beginning December 1, 2019, and biannually thereafter until December 25, 2025, the organizations under subsection (8) of this section must submit a report in compliance with RCW 43.01.036 to the legislature that details how the educational institutions are in compliance with this section.

NEW SECTION. Sec. 71. This act may be known and cited as the Washington student loan transparency act.”

The President declared the question before the Senate to be the final passage of Substitute Senate Bill No. 5022, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 5022, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

Voting yea: Senators Angel, Bailey, Baumgartner, Becker, Billig, Braun, Brown, Carlyle, Chase, Cleveland, Conway,
The legislature further finds that drug exposed infants often require hospitalization which burdens hospitals and hospital staff and their symptoms. The legislature, therefore, intends to encourage alternatives to continued hospitalization for drug exposed infants, including the continuation and development of pediatric transitional care services that provide short-term medical care as well as training and assistance to caregivers in order to support the transition from hospital to home for drug exposed infants.

The legislature further finds that infants with neonatal abstinence syndrome suffer from neonatal abstinence syndrome and its accompanying withdrawal symptoms after birth. Withdrawal symptoms may include sleep problems, excessive crying, tremors, seizures, poor feeding, fever, generalized convulsions, vomiting, diarrhea, and hyperactive reflexes. Consequently, the legislature finds that drug exposed infants have unique medical needs and benefit from specialized health care that addresses their withdrawal symptoms. Specialized care for infants experiencing neonatal abstinence syndrome is based on the individual needs of the infant and includes: Administration of intravenous fluids and drugs such as morphine; personalized, hands-on therapeutic care such as gentle rocking, reduction in noise and lights, and swaddling; and frequent high-calorie feedings.

The legislature further finds that drug exposed infants often require hospitalization which burdens hospitals and hospital staff who either have to increase staffing levels or require current staff to take on additional duties to administer the specialized care needed by drug exposed infants.

The legislature further finds that drug exposed infants benefit from early and consistent family involvement in their care, and families thrive when they are provided the opportunity, skills, and training to help them participate in their child’s care.

The legislature further finds that infants with neonatal abstinence syndrome often can be treated in a nonhospital clinic setting where they receive appropriate medical and nonmedical care for their symptoms. The legislature, therefore, intends to encourage transitional care services to provide hands-on care to drug exposed infants and may only work under the supervision of an appropriate health care professional.

NEW SECTION. Sec. 71. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Establishment" and "institution" mean ((and include)):
(a) Every private or county or municipal hospital, including public hospital districts, sanitarium, home, or other place receiving or caring for any ((mentally ill)) person with mental illness, mentally incompetent person, or chemically dependent person; and
(b) Beginning January 1, 2019, facilities providing pediatric transitional care services.

(2) "Trained caregiver" means a noncredentialed, unlicensed person trained by the establishment providing pediatric transitional care services to provide hands-on care to drug exposed infants. Caregivers may not provide medical care to infants and may only work under the supervision of an appropriate health care professional.

(3) "Department" means the department of health.

(4) "Pediatric transitional care services" means short-term, temporary, health and comfort services for drug exposed infants according to the requirements of this chapter and provided in an establishment licensed by the department of health.

NEW SECTION. Sec. 74. A new section is added to chapter 71.12 RCW to read as follows:
(1) An establishment providing pediatric transitional care services to drug exposed infants must demonstrate that it is capable of providing services for children who:
(a) Are no more than one year of age;
(b) Have been exposed to drugs before birth;
(c) Require twenty-four hour continuous residential care and skilled nursing services as a result of prenatal substance exposure; and
(d) Are referred to the establishment by the department of social and health services, regional hospitals, and private parties.

(2) After January 1, 2019, no person may operate or maintain an establishment that provides pediatric transitional care services without a license under this chapter.

NEW SECTION. Sec. 75. A new section is added to chapter 71.12 RCW to read as follows:
For the purposes of this chapter, the rules for pediatric transitional care services are not considered as a new department of social and health services service category.

NEW SECTION. Sec. 76. A new section is added to chapter 71.12 RCW to read as follows:
The secretary must, in consultation with the department of social and health services, adopt rules on pediatric transitional care services. The rules must:
(1) Establish requirements for medical examinations and consultations which must be delivered by an appropriate health care professional;
(2) Require twenty-four hour medical supervision for children receiving pediatric transitional services in accordance with the staffing ratios established under subsection (3) of this section;
(3) Include staffing ratios that consider the number of registered nurses or licensed practical nurses employed by the establishment and the number of trained caregivers on duty at the establishment. These staffing ratios may not require more than:
(a) One registered nurse to be on duty at all times;
(b) One registered nurse or licensed practical nurse to eight infants; and
(c) One trained caregiver to four infants;
(4) Require establishments that provide pediatric transitional care services to prepare weekly plans specific to each infant in their care and in accordance with the health care professional's standing orders. The health care professional may modify an infant's weekly plan without reexamining the infant if he or she determines the modification is in the best interest of the child. This modification may be communicated to the registered nurse on duty at the establishment who must then implement the modification. Weekly plans are to include short-term goals for
each infant and outcomes must be included in reports required by
the department;
(5) Ensure that neonatal abstinence syndrome scoring is
conducted by an appropriate health care professional;
(6) Establish drug exposed infant developmental screening tests
for establishments that provide pediatric transitional care services
to administer according to a schedule established by the secretary;
(7) Require the establishment to collaborate with the department
of social and health services to develop an individualized safety
plan for each child and to meet other contractual requirements of
the department of social and health services to identify strategies
to meet supervision needs, medical concerns, and family support
needs;
(8) Establish the maximum amount of days an infant may be
placed at an establishment;
(9) Develop timelines for initial and ongoing parent-infant visits
to nurture and help develop attachment and bonding between the
child and parent, if such visits are possible. Timelines must be
developed upon placement of the infant in the establishment
providing pediatric transitional care services;
(10) Determine how transportation for the infant will be provided,
if needed;
(11) Establish on-site training requirements for caregivers,
volunteers, parents, foster parents, and relatives;
(12) Establish background check requirements for caregivers,
volunteers, parents, foster parents, and relatives
(13) Establish other requirements necessary to support the infant
in existence on the effective date of this section are not subject to
construction review by the department for initial licensure.
NEW SECTION. Sec. 78. A new section is added to chapter
71.12 RCW to read as follows:
After referral by the department of social and health services of
an infant to an establishment approved to provide pediatric
transitional care services, the department of social and health
services:
(1) Retains primary responsibility for case management and must
provide consultation to the establishment regarding all
placements and permanency planning issues, including
developing a parent-child visitation plan;
(2) Must work with the department and the establishment to
identify and implement evidence-based practices that address
current and best medical practices and parent participation; and
(3) Work with the establishment to ensure medicaid-eligible
services are so billed.
NEW SECTION. Sec. 79. A new section is added to chapter
71.12 RCW to read as follows:
Facilities that provide pediatric transitional care services that are
in existence on the effective date of this section are not subject to
construction review by the department for initial licensure."

(c) If the powerhouse and dam, if any, in connection with such reservoir are in more than one county, the balance must be divided sixty percent to the county in which the owning district is located and forty percent to the other county or counties or if the powerhouse and dam, if any, are owned by a joint operating agency organized under chapter 43.52 RCW, or by more than one district or are outside the county of the owning district, then to be divided equally between the counties in which such facilities are located. If all of the powerhouse and dam, if any, are in one county, then the balance must be distributed to the county in which the facilities are located.

For the purposes of this chapter, the term “library district” includes only regional libraries ((as defined in RCW 27.12.010(4))), rural county library districts ((as defined in RCW 27.12.010(5))), intercounty rural library districts ((as defined in RCW 27.12.010(6))), and island library districts as those terms are defined in RCW 27.12.010((4))). (1) If the department finds that the payment by a taxpayer of a tax less than that properly due or the failure of a taxpayer to pay any tax by the due date was the result of circumstances beyond the control of the taxpayer, the department must waive or cancel any penalties imposed under this chapter with respect to such tax.
(2) The department must waive or cancel the penalty imposed under RCW 82.32.090(1) when the circumstances under which the delinquency occurred do not qualify for waiver or cancellation under subsection (1) of this section if:
(a) The taxpayer requests the waiver for a tax return required to be filed under RCW 54.28.040, 82.32.045, 82.14B.061, 82.23B.020, 82.27.060, 82.29A.050, or 84.33.086; and

(d) Consuming the property purchased in producing ferrosilicon which is subsequently used in producing magnesium for sale, if the primary purpose of such property is to create a chemical reaction directly through contact with an ingredient of ferrosilicon;

JOURNAL OF THE SENATE 1055

2017 REGULAR SESSION

NEW SECTION. Sec. 303. 2015 3rd sp.s. c 6 s 2305 (uncodified) is amended to read as follows:

(b) The legislature categorizes this tax preference as one intended to accomplish the purposes indicated in RCW 82.32.808(2)(c) and one intended to improve the state's competitiveness with other nearby cruising destinations.

(c) It is the legislature's specific public policy objective to increase economic activity and jobs related to the maritime industry by providing a tax preference for large entity-owned nonresident vessels to increase the length of time these vessels cruise Washington waters in turn strengthening the maritime economy in the state.

(d) To measure the effectiveness of the tax preference provided in part ((XII [VIII] of this act)) VIII, chapter 6, Laws of 2015 3rd sp. sess. in achieving the public policy objective in (c) of this subsection, the joint legislative audit and review committee must provide the following in a published evaluation of this tax preference by December 31, 2024:

(i) A comparison of the gross and taxable revenue generated by businesses that sell or provide maintenance or repair of vessels, prior to and after the enactment of this tax preference;

(ii) Analysis of retail sales taxes collected from the restaurant and service industries in coastal and inland coastal jurisdictions, for both counties and cities, for periods prior to and after the enactment of this tax preference;

(iii) Employment and wage trends for businesses described in (d)(i) and (ii) of this subsection, for periods prior to and after the enactment of this tax preference;

(vi) Data and analysis for Washington's main cruising destination competitors, specifically looking at tax preferences provided in those jurisdictions, vessel industry income data, and any additional relevant information to compare Washington's maritime climate with its competitors.

(e) The provision of RCW 82.32.808(5) does not apply to this tax preference.

Sec. 304. 2015 3rd sp.s. c 6 s 801 (uncodified) is amended to read as follows:

(b) The legislature categorizes this tax preference as one intended to provide tax relief for certain businesses or individuals, as indicated in RCW 82.32.808(2)(e).

(2) It is the legislature's specific public policy objective to provide tax relief to senior citizens, disabled persons, and veterans. The legislature recognizes that property taxes impose a substantial financial burden on those with fixed incomes and that property tax relief programs have considerable value in addressing this burden. It is the legislature's intent to increase the current statutory static income thresholds which were last modified in 2004.

(3) The expansion of the item allowed to be deducted. This tax preference is meant to be permanent and, therefore, not
subject to the ten-year expiration provision in RCW 82.32.805(1)(a).

NEW SECTION. Sec. 305. Nothing in section 204, chapter 5, Laws of 2015 3rd sp. sess. may be construed as affecting the taxable status in calendar year 2015 of any person with a substantial nexus with this state under RCW 82.04.067 any time on or after January 1, 2015, and before September 1, 2015, with respect to business and occupation taxes on apportionable activities as defined in RCW 82.04.460.

NEW SECTION. Sec. 306. Section 305 of this act applies retroactively for the period January 1, 2015, through December 31, 2015.

Part IV

Automated sales suppression devices and phantom-ware

Sec. 401. RCW 82.32.670 and 2013 c 309 s 3 are each amended to read as follows:

(1)(a) Automated sales suppression devices, phantom-ware, electronic cash registers or point of sale systems used with automated sales suppression devices or phantom-ware, and any property constituting proceeds traceable to any violation of RCW 82.32.290(4) are considered contraband and are subject to seizure and forfeiture.

(b) Property subject to forfeiture under (a) of this subsection may be seized by any agent of the department authorized to assess or collect taxes, or law enforcement officer of this state, upon process issued by any superior court or district court having jurisdiction over the property. Seizure without process may be made if:

(i) The seizure is incident to an arrest or a search under a search warrant; or

(ii) The department or the law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of RCW 82.32.290(4) and exigent circumstances exist making procurement of a search warrant impracticable.

(2) Forfeiture authorized by this section is deemed to have commenced by the seizure. Notice of seizure must be given to the department if the seizure is made by a law enforcement officer without the presence of any agent of the department. The department must cause notice of the seizure and intended forfeiture to be served on the owner of the property seized, if known, and on any other person known by the department to have a right or interest in the seized property. Such service must be made within fifteen days following the seizure or the department’s receipt of notification of the seizure. The notice may be served by any method authorized by law or court rule, by certified mail with return receipt requested, or electronically in accordance with RCW 82.32.135. Service by certified mail or electronic means is deemed complete upon mailing the notice, electronically sending the notice, or electronically notifying the person or persons entitled to the notice that the notice is available to be accessed by the person or persons, within the fifteen-day period following the seizure or the department’s receipt of notification of the seizure.

(3) If no person notifies the department in writing of the person’s claim of lawful ownership or right to lawful possession of the item or items seized within thirty days of the date of service of the notice of seizure and intended forfeiture, the item or items seized are deemed forfeited.

(4)(a) If any person notifies the department, in writing, of the person’s claim of lawful ownership or lawful right to possession of the item or items seized within thirty days of the date of service of the notice of seizure and intended forfeiture, the person or persons must be afforded a reasonable opportunity to be heard as to the claim. The hearing must be before the director or the director’s designee. A hearing and any administrative or judicial review is governed by chapter 34.05 RCW. The burden of proof by a preponderance of the evidence is upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the item or items seized.

(b) The department must return the item or items to the claimant as soon as possible upon a determination that the claimant is the present lawful owner or is lawfully entitled to possession of the item or items seized.

(5) When property is sought to be forfeited on the ground that it constitutes proceeds traceable to a violation of RCW 82.32.290(4), the department must prove by a preponderance of the evidence that the property constitutes proceeds traceable to a violation of RCW 82.32.290(4).

(6)(a) When automated sales suppression devices or phantom-ware voluntarily surrendered to an agent of the department, or property forfeited under this section, other than proceeds traceable to a violation of RCW 82.32.290(4), is no longer required for evidentiary purposes, the department may:

(i) Destroy or have the property destroyed;

(ii) Retain the property for training or other official purposes; or

(iii) Loan or give the property to any law enforcement or tax administration agency of any state, political subdivision or municipal corporation of a state, or the United States for training or other official purposes. For purposes of this subsection (a)(iii), "state" has the same meaning as in RCW 82.04.462.

(b) When proceeds traceable to a violation of RCW 82.32.290(4) forfeited under this section are no longer required for evidentiary purposes, they must be deposited into the general fund.

(7) The definitions in this subsection apply to this section:

(a) "Automated sales suppression device" means a software program that falsifies the electronic records of electronic cash registers or other point of sale systems, including transaction data and transaction reports. The term includes the software program, any device that carries the software program, or an internet link to the software program.

(b) "Electronic cash register" means a device that keeps a register or supporting documents through the means of an electronic device or computer system designed to record transaction data for the purpose of computing, compiling, or processing sales transaction data in whatever manner.

(c) "Phantom-ware" means a programming option that is hidden, preinstalled, or installed-at-a-later-time in the operating system of an electronic cash register or other point of sale device, or hardwired into the electronic cash register or other point of sale device, and that can be used to create a virtual second till or may eliminate or manipulate transaction reports that may or may not be preserved in digital formats to represent the true or manipulated record of transactions in the electronic cash register or other point of sale device.

(d) "Transaction data" means information about sales transactions, including items purchased by a customer, the price for each item, a taxability determination for each item, a segregated tax amount for each of the taxed items, the amount of cash or credit tendered, the net amount returned to the customer in change, the date and time of the purchase, the name, address, and identification number of the vendor, and the receipt or invoice number of the transaction.

(e) "Transaction reports" means a report that includes information associated with sales transactions, taxes collected, media totals, and discount voids at an electronic cash register that can be printed on cash register tape at the end of a day or shift, or a report documenting every action at an electronic cash register or other point of sale device and that is stored electronically.

Part V

Miscellaneous technical corrections

Sec. 501. RCW 82.04.261 and 2010 1st sp.s.c 23 s 510 are each amended to read as follows:
(1) In addition to the taxes imposed under RCW 82.04.260(((11))) (12), a surcharge is imposed on those persons who are subject to any of the taxes imposed under RCW 82.04.260(((11))) (12). Except as otherwise provided in this section, the surcharge is equal to 0.052 percent. The surcharge is added to the rates provided in RCW 82.04.260(((11))) (12) (a), (b), (c), and (d). The surcharge and this section expire July 1, 2024.

(2) All receipts from the surcharge imposed under this section must be deposited into the forest and fish support account created in RCW 76.09.405.

(3)(a) The surcharge imposed under this section is suspended if:
   (i) Receipts from the surcharge total at least eight million dollars during any fiscal biennium; or
   (ii) The office of financial management certifies to the department that the federal government has appropriated at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington for any federal fiscal year.

(b) (i) The suspension of the surcharge under (a)(i) of this subsection (3) takes effect on the first day of the calendar month that is at least thirty days after the end of the month during which the department determines that receipts from the surcharge total at least eight million dollars during the fiscal biennium. The surcharge is imposed again at the beginning of the following fiscal biennium.

(ii) The suspension of the surcharge under (a)(ii) of this subsection (3) takes effect on the later of the first day of October of any federal fiscal year for which the federal government appropriates at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington, or the first day of a calendar month that is at least thirty days following the date that the office of financial management makes a certification to the department under subsection (5) of this section. The surcharge is imposed again on the first day of the following July.

(4)(a) If, by October 1st of any federal fiscal year, the office of financial management certifies to the department that the federal government has appropriated funds for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington but the amount of the appropriation is less than two million dollars, the department must adjust the surcharge in accordance with this subsection.

(b) The department must adjust the surcharge by an amount that the department estimates will cause the amount of funds deposited into the forest and fish support account for the state fiscal year that begins July 1st and that includes the beginning of the federal fiscal year for which the federal appropriation is made, to be reduced by twice the amount of the federal appropriation for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington.

(c) Any adjustment in the surcharge takes effect at the beginning of a calendar month that is at least thirty days after the date that the office of financial management makes the certification under subsection (5) of this section.

(d) The surcharge is imposed again at the rate provided in subsection (1) of this section on the first day of the following state fiscal year unless the surcharge is suspended under subsection (3) of this section or adjusted for that fiscal year under this subsection.

(e) Adjustments of the amount of the surcharge by the department are final and may not be used to challenge the validity of the surcharge imposed under this section.

(f) The department must provide timely notice to affected taxpayers of the suspension of the surcharge or an adjustment of the surcharge.

(5) The office of financial management must make the certification to the department as to the status of federal appropriations for tribal participation in forest and fish report-related activities.

Sec. 502. RCW 82.04.334 and 2010 1st sp.s. c 23 s 512 are each amended to read as follows:

This chapter does not apply to any sale of standing timber primarily used to provide routine air service and owned by:

(a) An air carrier, as defined in RCW ((82.42.030)) 82.42.010, which is primarily engaged in the business of providing passenger air service;

(b) An affiliate of such air carrier; or

(c) A parent entity for which such air carrier is an affiliate.

(2) The deduction authorized under this section is not available to any person who is physically present in this state as determined under RCW 82.04.067(6).

(3) For purposes of this section, the following definitions apply:

(a) "Affiliate" means a person is "affiliated," as defined in RCW 82.04.645, with another person; and

(b) "Commercial aircraft" means a commercial airplane as defined in RCW 82.32.550.

NEW SECTION. Sec. 504. RCW 82.04.4483 (Credit—Programming or manufacturing software in rural counties) and 2010 c 114 s 119 & 2004 c 25 s 1 are each repealed.

Sec. 505. RCW 82.32.030 and 2011 c 298 s 38 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, if any person engages in any business or performs any act upon which a tax is imposed by the preceding chapters, he or she must, under such rules as the department prescribes, apply for and obtain from the department a registration certificate. Such registration certificate is personal and nontransferable and is valid as long as the taxpayer continues in business and pays the tax accrued to the state. In case business is transacted at two or more separate places by one taxpayer, a separate registration certificate for each place at which business is transacted with the public is required. Each certificate must be numbered and must show the name, residence, and place of business of the taxpayer and such other information as the department of revenue deems necessary and must be posted in a conspicuous place at the place of business for which it is issued. Where a place of business of the taxpayer is changed, the taxpayer must return to the department the existing certificate, and a new certificate will be issued for the new place of business. No person required to be registered under this section may engage in any business taxable hereunder without first being so registered. The department, by rule, may provide for the issuance of certificates of registration to temporary places of business.

(2) Unless the person is a dealer as defined in RCW 9.41.010, registration under this section is not required if the following conditions are met:
(a) A person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than twelve thousand dollars per year;
(b) The person's gross income of the business from all activities taxable under chapter 82.16 RCW is less than twelve thousand dollars per year;
(c) The person is not required to collect or pay to the department of revenue any other tax or fee (((which))) that the department is authorized to collect; and
(d) The person is not otherwise required to obtain a license subject to the (((taxation))) business license application procedure provided in chapter 19.02 RCW.
(3) All persons who agree to collect and remit sales and use tax to the department under the agreement must register through the central registration system authorized under the agreement. Persons required to register under subsection (1) of this section are not relieved of that requirement because of registration under this subsection (3).
(4) Persons registered under subsection (3) of this section who are not required to register under subsection (1) of this section and who are not otherwise subject to the requirements of chapter 19.02 RCW are not subject to the fees imposed by the department under the authority of RCW 19.02.075.

Sec. 506. RCW 84.34.108 and 2014 c 97 s 311 and 2014 c 58 s 28 are each reenacted and amended to read as follows:
(1) When land has once been classified under this chapter, a notation of the classification must be made each year upon the assessment and tax rolls and the land must be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of the classification by the assessor upon occurrence of any of the following:
(a) Receipt of notice from the owner to remove all or a portion of the classification;
(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of the land exempt from ad valorem taxation;
(c) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner or transfer by a transfer on death deed does not, by itself, result in removal of classification. The notice of continuance must be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes, applicable interest, and penalty calculated pursuant to subsection (4) of this section become due and payable by the seller or transferor at time of sale. The auditor may not accept an instrument of conveyance regarding classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax, applicable interest, and penalty has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;
(d)(i) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of the land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.
(ii) The granting authority, upon request of an assessor, must provide reasonable assistance to the assessor in making a determination whether the land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance must be provided within thirty days of receipt of the request.
(2) Land may not be removed from classification because of:
(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or
(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.
(3) Within thirty days after the removal of all or a portion of the land from current use classification under subsection (1) of this section, the assessor must notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038. The removal notice must explain the steps needed to appeal the removal decision, including when a notice of appeal must be filed, where the forms may be obtained, and how to contact the county board of equalization.
(4) Unless the removal is reversed on appeal, the assessor must revalue the affected land with reference to its true and fair value on January 1st of the year of removal from classification. Both the assessed valuation before and after the removal of classification must be listed and taxes must be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty must be imposed, which are due and payable to the treasurer thirty days after the owner is notified of the amount of the additional tax, applicable interest, and penalty. As soon as possible, the assessor must compute the amount of additional tax, applicable interest, and penalty and the treasurer must mail notice to the owner of the amount thereof and the date on which payment is due. The amount of the additional tax, applicable interest, and penalty must be determined as follows:
(a) The amount of additional tax is equal to the difference between the property tax paid as "open space land," "farm and agricultural land," or "timberland" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;
(b) The amount of applicable interest is equal to the interest upon the amounts of the additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;
(c) The amount of the penalty is as provided in RCW 84.34.080. The penalty may not be imposed if the removal satisfies the conditions of RCW 84.34.070.
(5) Additional tax, applicable interest, and penalty become a lien on the land (((which))) that attaches at the time the land is removed from classification under this chapter and (((which))) has priority to and must be fully paid and satisfied before any recognition, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. This lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any additional tax unpaid on the due date (((which))) is delinquent as of the due date. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.
(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section may not be imposed if the removal
of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of the property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of the land;

(e) Transfer of land to a church when the land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections. At such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section must be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(f);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of a conservation easement of private forestlands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.13.120;

(j) The creation, sale, or transfer of a conservation easement of private forestlands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;

(k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forestland, designated as forestland under chapter 84.33 RCW, or classified under this chapter continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (6)(k); or

(l)(i) The discovery that the land was classified under this chapter in error through no fault of the owner. For purposes of this subsection (6)(l), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval of classification under this chapter or the failure of the assessor to remove the land from classification under this chapter.

(ii) For purposes of this subsection (6), the discovery that land was classified under this chapter in error through no fault of the owner is not the sole reason for removal of classification pursuant to subsection (1) of this section if an independent basis for removal exists. Examples of an independent basis for removal include the owner changing the use of the land or failing to meet any applicable income criteria required for classification under this chapter.

Sec. 507. RCW 84.41.041 and 2015 c 86 s 103 are each amended to read as follows:

(1) Each county assessor must cause taxable real property to be physically inspected and valued at least once every six years in accordance with RCW 84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan must provide that all taxable real property within a county must be revalued and these newly determined values placed on the assessment rolls each year. Property must be valued at one hundred percent of its true and fair value and assessed on the same basis, in accordance with RCW 84.40.030, unless specifically provided otherwise by law. (During the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years,) During the intervals between each physical inspection of real property, the valuation of such property must be adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data.

(2) The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.

Sec. 508. RCW 82.04.280 and 2010 c 106 s 205 are each reenacted to read as follows:

(c) "Periodical or magazine" means a printed publication, other than a newspaper, issued regularly at stated intervals at least once every three months, including any supplement or special edition of the publication.

Sec. 509. RCW 82.32.790 and 2010 c 114 s 201 and 2010 c 106 s 401 are each reenacted and amended to read as follows:

(1) (a) ((Section 206, chapter 106, Laws of 2010,)) Sections 104, 110, 117, 123, 125, 129, 131, and 150, chapter 114, Laws of 2010, ((section 3, chapter 461, Laws of 2009, section 7, chapter 500, Laws of 2009, and section 4, chapter 149, Laws of 2003)) sections 1, 2, 3, and 5 through 10, chapter 149, Laws of 2003 are contingent upon the siting and commercial operation of a significant semiconductor microchip fabrication facility in the state of Washington.

NEW SECTION. Sec. 510. The following acts or parts of acts are each repealed:

(1)2010 c 106 s 206;
(2)2009 c 461 s 3;
(3)2006 c 300 s 7; and
(4)2003 c 149 s 4.

Sec. 511. RCW 35.102.130 and 2010 c 111 s 305 are each amended to read as follows:

A city that imposes a business and occupation tax must provide for the allocation and apportionment of a person's gross income, other than persons subject to the provisions of chapter 82.14A RCW, as follows:

(1) Gross income derived from all activities other than those taxed as service or royalties must be allocated to the location where the activity takes place.

(a) In the case of sales of tangible personal property, the activity takes place where delivery to the buyer occurs.

(b)(i) In the case of sales of digital products, the activity takes place where delivery to the buyer occurs. The delivery of digital products will be deemed to occur at:

(A) The seller's place of business if the purchaser receives the digital product at the seller's place of business;

(B) If not received at the seller's place of business, the location where the purchaser or the purchaser's donee, designated as such by the purchaser, receives the digital product, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller;

(C) If the location where the purchaser or the purchaser's donee receives the digital product is not known, the purchaser's address maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith;

(D) If no address for the purchaser is maintained in the ordinary course of the seller's business, the purchaser's address obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith; and

(E) If no address for the purchaser is obtained during the consummation of the sale, the address where the digital good or digital code is first made available for transmission by the seller or the address from which the digital automated service or service described in RCW 82.04.050 ((2)(g) or (6)((h))) was provided, disregarding for these purposes any location that merely provided the digital transfer of the product sold.

(ii) If none of the methods in (b)(i) of this subsection (1) for determining where the delivery of digital products occurs are available after a good faith effort by the taxpayer to apply the methods provided in (b)(ii)(A) through (E) of this subsection (1), then the city and the taxpayer may mutually agree to employ any other method to effectuate an equitable allocation of income from the sale of digital products. The taxpayer will be responsible for petitioning the city to use an alternative method under this subsection (1)(b)(ii). The city may employ an alternative method for allocating the income from the sale of digital products if the methods provided in (b)(ii)(A) through (E) of this subsection (1) are not available and the taxpayer and the city are unable to mutually agree on an alternative method to effectuate an equitable allocation of income from the sale of digital products.

(iii) For purposes of this subsection (1)(b), the following definitions apply:

A) "Digital automated services," "digital codes," and "digital goods" have the same meaning as in RCW 82.04.192;

B) "Digital products" means digital goods, digital codes, digital automated services, and the services described in RCW 82.04.050 ((2)(g) and (6)(((h))))

C) "Receive" has the same meaning as in RCW 82.32.730.

(C) If a business activity allocated under this subsection (1) takes place in more than one city and all cities impose a gross receipts tax, a credit must be allowed as provided in RCW 35.102.060; if not all of the cities impose a gross receipts tax, the affected cities must allow another credit or allocation system as they and the taxpayer agree.
(2) Gross income derived as royalties from the granting of intangible rights must be allocated to the commercial domicile of the taxpayer.

(3) Gross income derived from activities taxed as services shall be apportioned to a city by multiplying apportionable income by a fraction, the numerator of which is the payroll factor plus the service-income factor and the denominator of which is two.

(a) The payroll factor is a fraction, the numerator of which is the total amount paid in the city during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period. Compensation is paid in the city if:

(i) The individual is primarily assigned within the city;

(ii) The individual is not primarily assigned to any place of business for the tax period and the employee performs fifty percent or more of his or her service for the tax period in the city; or

(iii) The individual is not primarily assigned to any place of business for the tax period, the individual does not perform fifty percent or more of his or her service in any city, and the employee resides in the city.

(b) The service income factor is a fraction, the numerator of which is the total service income of the taxpayer in the city during the tax period, and the denominator of which is the total service income of the taxpayer everywhere during the tax period. Service income is in the city if:

(i) The customer location is in the city;

(ii) The income-producing activity is performed in more than one location and a greater proportion of the service-income-producing activity is performed in the city than in any other location, based on costs of performance, and the taxpayer is not taxable at the customer location; or

(iii) The service-income-producing activity is performed within the city, and the taxpayer is not taxable in the customer location.

(c) If the allocation and apportionment provisions of this subsection do not fairly represent the extent of the taxpayer's business activity in the city or cities in which the taxpayer does business, the taxpayer may petition for or the tax administrators may jointly require, in respect to all or any part of the taxpayer's business activity, that one of the following methods be used jointly by the cities to allocate or apportion gross income, if reasonable:

(i) Separate accounting;

(ii) The use of a single factor;

(iii) The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity in the city; or

(iv) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(4) The definitions in this subsection apply throughout this section.

(a) "Apportionable income" means the gross income of the business taxable under the service classifications of a city's gross receipts tax, including income received from activities outside the city if the income would be taxable under the service classification if received from activities within the city, less any exemptions or deductions available.

(b) "Compensation" means wages, salaries, commissions, and any other form of remuneration paid to individuals for personal services that are or would be included in the individual's gross income under the federal internal revenue code.

(c) "Individual" means any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee of that taxpayer.

(d) "Customer location" means the city or unincorporated area of a county where the majority of the contacts between the taxpayer and the customer take place.

(e) "Primarily assigned" means the business location of the taxpayer where the individual performs his or her duties.

(f) "Service-taxable income" or "service income" means gross income of the business subject to tax under either the service or royalty classification.

(g) "Tax period" means the calendar year during which tax liability is accrued. If taxes are reported by a taxpayer on a basis more frequent than once per year, taxpayers shall calculate the factors for the previous calendar year for reporting in the current calendar year and correct the reporting for the previous year when the factors are calculated for that year, but not later than the end of the first quarter of the following year.

(h) "Taxable in the customer location" means either that a taxpayer is subject to a gross receipts tax in the customer location for the privilege of doing business, or that the government where the customer is located has the authority to subject the taxpayer to gross receipts tax regardless of whether, in fact, the government does so.

Sec. 512. RCW 82.04.060 and 2015 c 169 s 2 are each amended to read as follows:

(1) Any sale, which is not a sale at retail, of:

(a) Tangible personal property;

(b) Services defined as a retail sale in RCW 82.04.050(2) (a) or (b);

(c) Activities defined as a retail sale in RCW 82.04.050(15);

(d) Prewritten computer software;

(e) Services described in RCW 82.04.050(6)(((b))) (c);

For the purposes of this subsection (2), "real or personal property" does not include any natural products named in RCW 82.04.100; and

(3) The sale of any service for resale, if the sale is excluded from the definition of "sale at retail" and "retail sale" in RCW 82.04.050(14).

Sec. 513. RCW 82.04.190 and 2015 c 169 s 3 are each amended to read as follows:

"Consumer" means the following:

(1) Any person who purchases, acquires, owns, holds, or uses any article of tangible personal property irrespective of the nature of the person's business and including, among others, without limiting the scope hereof, persons who install, repair, clean, alter, improve, construct, or decorate real or personal property of or for consumers other than for the purpose of:

(a) Resale as tangible personal property in the regular course of business;

Sec. 519. RCW 82.12.010 and 2015 c 169 s 5 are each amended to read as follows:

For the purposes of this chapter:

(1) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, has full force and effect with respect to taxes imposed under the provisions of this chapter.

"Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, also means any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. (ii) "Retailer" does not include a professional employer organization when a covered employee coemployed with the client under the terms of a professional employer agreement engages in activities that constitute a sale of tangible personal property, extended warranty, digital good, digital code, or a sale of any digital automated service or service defined as a retail sale in RCW 82.04.050 (2) (a) or (g) or (6)((c)) (c) that is subject to the tax imposed by this chapter. In such cases, the client, and not the professional employer organization, is deemed to be the retailer and is responsible for collecting and remitting the tax imposed by this chapter.

(b) For the purposes of (a) of this subsection, the terms "client," "covered employee," "professional employer agreement," and "professional employer organization" have the same meanings as in RCW 82.04.540.

(5) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW.

(6) "Use," "used," "using," or "put to use" have their ordinary meaning, and mean:

(a) With respect to tangible personal property, except for natural gas and manufactured gas, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption within this state;

(b) With respect to a service defined in RCW 82.04.050(2)(a), the first act within this state after the service has been performed by which the taxpayer takes or assumes dominion or control over the article of tangible personal property upon which the service was performed (as a consumer), and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(c) With respect to an extended warranty, the first act within this state after the extended warranty has been acquired by which the
taxpayer takes or assumes dominion or control over the article of tangible personal property to which the extended warranty applies, and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;
(d) With respect to a digital good or digital code, the first act within this state by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good or digital code;
(e) With respect to a digital automated service, the first act within this state by which the taxpayer, as a consumer, uses, enjoys, or otherwise receives the benefit of the service;
(f) With respect to a service defined as a retail sale in RCW 82.04.050(6)(((b))) (c), the first act within this state by which the taxpayer, as a consumer, accesses the prewritten computer software;
(g) With respect to a service defined as a retail sale in RCW 82.04.050(2)(g), the first act within this state after the service has been performed by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good upon which the service was performed; and...
(h) With respect to natural gas or manufactured gas, the use of which is taxable under RCW 82.12.022, including gas that is also taxable under the authority of RCW 82.14.230, the first act within this state by which the taxpayer consumes the gas by burning the gas or storing the gas in the taxpayer's own facilities for later consumption by the taxpayer.

(7)(a) "Value of the article used" is the purchase price for the article of tangible personal property, the use of which is taxable under this chapter. The term also includes, in addition to the purchase price, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used is determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules as the department may prescribe.
(b) In case the articles used are acquired by bailment, the value of the use of the articles so used must be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used is determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules as the department of revenue may prescribe.

MESSAGE FROM THE HOUSE

April 10, 2017

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5779 with the following amendment(s): 5779-S AMH APP H2608.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1112. Health transformation in Washington state requires a multifaceted approach to implement sustainable solutions for the integration of behavioral and physical health. Effective integration requires a holistic approach and cannot be limited to one strategy or model. Bidirectional integration of primary care and behavioral health is a foundational strategy to reduce health disparities and provide better care coordination for patients regardless of where they choose to receive care.

An important component to health care integration supported both by research and experience in Washington is primary care behavioral health, a model in which behavioral health providers, sometimes called behavioral health consultants, are fully integrated in primary care. The primary care behavioral health model originated more than two decades ago, has become standard practice nationally in patient centered medical homes, and has been endorsed as a viable integration strategy by Washington’s Dr. Robert J. Bree Collaborative.

Primary care settings are a gateway for many individuals with behavioral health and primary care needs. An estimated one in four primary care patients have an identifiable behavioral health need and as many as seventy percent of primary care visits are impacted by a psychosocial component. A behavioral health consultant engages primary care patients and their caregivers on the same day as a medical visit, often in the same exam room. This warm hand-off approach fosters coordinated whole-person care, increases access to behavioral health services, and reduces stigma and cultural barriers in a cost-effective manner. Patients are provided evidence-based brief interventions and skills training, with more severe needs being effectively engaged, assessed, and referred to appropriate specialized care.

While the benefits of primary care behavioral health are not restricted to children, the primary care behavioral health model also provides a unique opportunity to engage children who have a strong relationship with primary care, identify problems early, and assure healthy development. Investment in primary care behavioral health creates opportunities for prevention and early detection that pay dividends throughout the life cycle.

The legislature also recognizes that for individuals with more complex behavioral health disorders, there are tremendous barriers to accessing primary care. Whole-person care in behavioral health is an evidence-based model for integrating primary care into behavioral health settings where these patients already receive care. Health disparities among people with behavioral health disorders have been well-documented for decades. People with serious mental illness or substance use disorders continue to experience multiple chronic health conditions and dramatically reduced life expectancy while also constituting one of the highest-cost and highest-risk populations. Two-thirds of premature deaths are due to preventable or treatable medical conditions such as cardiovascular, pulmonary, and infectious diseases, and forty-four percent of all cigarettes consumed nationally are smoked by people with serious mental illness.

The whole-person care in behavioral health model allows behavioral health providers to take responsibility for managing the full array of physical health needs, providing routine basic health screening, and ensuring integrated primary care by actively coordinating with or providing on-site primary care services. Providers in Washington need guidance on how to effectively implement bidirectional integration models in a manner that is also financially sustainable. Payment methodologies must be
scrutinized to remove nonessential restrictions and limitations that restrict the scope of practice of behavioral health professionals, impede same-day billing for behavioral health and primary care services, abet billing errors, and stymie innovation that supports wellness and health integration.

NEW SECTION. Sec. 1113. A new section is added to chapter 74.09 RCW to read as follows:

(1) By August 1, 2017, the authority must complete a review of payment codes available to health plans and providers related to primary care and behavioral health. The review must include adjustments to payment rules if needed to facilitate bidirectional integration. The review must involve stakeholders and include consideration of the following principles to the extent allowed by federal law:

(a) Payment rules must allow professionals to operate within the full scope of their practice;
(b) Payment rules should allow medically necessary behavioral health services for covered patients to be provided in any setting;
(c) Payment rules should allow medically necessary primary care services for covered patients to be provided in any setting;
(d) Payment rules and provider communications related to payment should facilitate integration of physical and behavioral health services through multifaceted models, including primary care behavioral health, whole-person care in behavioral health, collaborative care, and other models;
(e) Payment rules should be designed liberally to encourage innovation and ease future transitions to more integrated models of payment and more integrated models of care;
(f) Payment rules should allow health and behavior codes to be reimbursed for all patients in primary care settings as provided by any licensed behavioral health professional operating within their scope of practice, including but not limited to psychiatrists, psychologists, psychiatric advanced registered nurse professionals, physician assistants working with a supervising psychiatrist, psychiatric nurses, mental health counselors, social workers, chemical dependency professionals, chemical dependency professional trainees, marriage and family therapists, and mental health counselor associates under the supervision of a licensed clinician;
(g) Payment rules should allow health and behavior codes to be reimbursed for all patients in behavioral health settings as provided by any licensed health care provider within the provider's scope of practice;
(h) Payment rules which limit same-day billing for providers using the same provider number, require prior authorization for low-level or routine behavioral health care, or prohibit payment when the patient is not present should be implemented only when consistent with national coding conventions and consonant with accepted best practices in the field.

NEW SECTION. Sec. 1114. A new section is added to chapter 74.09 RCW to read as follows:

(1) By August 1, 2017, the authority must complete a review of payment codes available to health plans and providers related to primary care and behavioral health. The review must include adjustments to payment rules if needed to facilitate bidirectional integration. The review must involve stakeholders and include consideration of the following principles to the extent allowed by federal law:

(a) Payment rules must allow professionals to operate within the full scope of their practice;
(b) Payment rules should allow medically necessary behavioral health services for covered patients to be provided in any setting;
(c) Payment rules should allow medically necessary primary care services for covered patients to be provided in any setting;
(d) Payment rules and provider communications related to payment should facilitate integration of physical and behavioral health services through multifaceted models, including primary care behavioral health, whole-person care in behavioral health, collaborative care, and other models;
(e) Payment rules should be designed liberally to encourage innovation and ease future transitions to more integrated models of payment and more integrated models of care;
(f) Payment rules should allow health and behavior codes to be reimbursed for all patients in primary care settings as provided by any licensed behavioral health professional operating within their scope of practice, including but not limited to psychiatrists, psychologists, psychiatric advanced registered nurse professionals, physician assistants working with a supervising psychiatrist, psychiatric nurses, mental health counselors, social workers, substance use disorder professionals, substance use disorder professional trainees, marriage and family therapists, and mental health counselor associates under the supervision of a licensed clinician;
(g) Payment rules should allow health and behavior codes to be reimbursed for all patients in behavioral health settings as provided by any licensed health care provider within the provider's scope of practice;
(h) Payment rules which limit same-day billing for providers using the same provider number, require prior authorization for low-level or routine behavioral health care, or prohibit payment when the patient is not present should be implemented only when consistent with national coding conventions and consonant with accepted best practices in the field.

NEW SECTION. Sec. 1115. A new section is added to chapter 74.09 RCW to read as follows:

(1) Concurrent with the review described in subsection (1) of this section, the authority must create matrices listing the following codes available for provider payment through medical assistance programs: All behavioral health-related codes; and all physical health-related codes available for payment when provided in licensed behavioral health agencies. The authority must clearly explain applicable payment rules in order to increase awareness among providers, standardize billing practices, and reduce common and avoidable billing errors. The authority must disseminate this information in a manner calculated to maximally reach all relevant plans and providers. The authority must update the provider billing guide to maintain consistency of information.

MESSAGE FROM THE HOUSE

April 11, 2017

MR. PRESIDENT:
The House passed SENATE BILL NO. 5849 with the following amendment(s): 5849 AMH REEV H2682.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1123. The legislature finds that:
(1) Veterans are national heroes who have made great sacrifices in their lives for the protection of our nation;
(2) Due to the relatively high number of military installations in our state, as well as the standard of living in our state, many veterans choose to live in Washington;
(3) Many veterans have a need for support services, including peer-to-peer counseling services. Some veterans need to talk about their experiences with combat, deployment, or other situations experienced during their time in the military. Often, there is no person better prepared to speak with a veteran about his or her experiences than another veteran;
(4) In 2009, the state of Texas created an award winning peer-to-peer counseling network, called the military veteran peer network. On a voluntary basis, veterans elect to receive specialized training about the facilitation of group counseling sessions. After receiving their training, the volunteers create peer-to-peer support groups in their local communities;
(5) Veterans living in Washington would benefit from a program that is similar to the military veteran peer network.

Sec. 1124. RCW 43.60A.100 and 1991 c 55 s 1 are each amended to read as follows:
The department of veterans affairs, to the extent funds are made available, shall:
(1) Contract with professional counseling specialists to provide a range of direct treatment services to ((war)) combat-affected state veterans and to those national guard and reservists who served in the Middle East, and their family members; (2) provide additional treatment services to Washington state Vietnam veterans for posttraumatic stress disorder, particularly for those veterans whose posttraumatic stress disorder has intensified or initially emerged due to ((the war)) combat in the Middle East; (3) provide an educational program designed to train primary care professionals, such as ((mental)) behavioral health professionals, about the effects of ((the war)) combat-related stress and trauma; (4) provide informational and counseling services for the purpose of establishing and fostering peer-support networks throughout the state for families of deployed members of the reserves and the Washington national guard; (5) provide for veterans’ families, a referral network of community mental health providers who are skilled in treating deployment stress, combat stress, and posttraumatic stress; and (6) offer training and support for volunteers interested in providing peer-to-peer support to other veterans.

NEW SECTION. Sec. 1125. The legislature finds that:
(1) Washington state provides a stated preference for hiring veterans and provides a scoring preference for hiring and promotional opportunities to veterans in the form of enhanced test scores;
(2) Few agencies outside of law enforcement use tests in hiring or promotion;
(3) Veterans have experience that is broader than law enforcement and the state can benefit by recruiting people with this experience;
(4) Veterans leave service with experience in transportation, teaching and education, logistics, computer technology, health care, media and communications, construction and engineering, and administrative support;
(5) Many state agencies and other public employers are struggling to fill and retain employees in key positions;
(6) Many public and private employers have developed veteran hiring and recruitment programs that take advantage of the broad experience that veterans bring to the job market.

NEW SECTION. Sec. 1126. A new section is added to chapter 43.41 RCW to read as follows:
(1) The office shall develop a military recruitment program that targets veterans and gives them credit for their knowledge, skills, and leadership abilities. MESSAGE FROM THE HOUSE

MR. PRESIDENT:
The House passed SENATE BILL NO. 5715 with the following amendment(s): 5715 AMH APP H2611.1

Strike everything after the enacting clause and insert the following:

"Sec. 1128. RCW 74.46.485 and 2011 1st sp.s. c 7 s 4 are each amended to read as follows:

(1) The legislature recognizes that staff and resources needed to adequately care for individuals with cognitive or behavioral impairments is not limited to support for activities of daily living. Therefore, the department shall:

(a) Employ the resource utilization group (III) IV case mix classification methodology. The department shall use the (fifty-four) fifty-seven group index maximizing model for the resource utilization group (III) IV grouper version (5.10) MDS 3.05, but the department may revise or update the classification methodology to reflect advances or refinements in resident assessment or classification, subject to federal requirements. The department may adjust by no more than thirteen percent the case mix index for (any of the lowest ten) resource utilization group categories beginning with PA1 through (PB2) to any case mix index that aids in achieving the purpose and intent of RCW 74.39A.007 and cost-efficient care, excluding behaviors, and allowing for exceptions for limited placement options; and

(b) Implement minimum data set 3.0 under the authority of this section (and RCW 74.46.431(2)). The department must notify nursing home contractors twenty-eight days in advance the date for implementation of the minimum data set 3.0. In the notification, the department must identify for all semiannual rate settings following the date of minimum data set 3.0 implementation a previously established semiannual case mix adjustment established for the semiannual rate settings that will be used for semiannual case mix calculations in direct care until minimum data set 3.0 is fully implemented.

(2) The department is authorized to adjust upward the weights for resource utilization groups BA1-BB2 related to cognitive or behavioral health to ensure adequate access to appropriate levels of care.

(3) A default case mix group shall be established for cases in which the resident dies or is discharged for any purpose prior to completion of the resident's initial assessment. The default case mix group and case mix weight for these cases shall be designated by the department.

(4) A default case mix group may also be established for cases in which there is an untimely assessment for the resident.

The default case mix group and case mix weight for these cases shall be designated by the department.

Sec. 1129. RCW 74.46.561 and 2016 c 131 s 1 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RS means rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage
must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty. (d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RS means construction index value per square foot for Washington state. The department may use updated RS means construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average FRV ‘fair rental value’ rate per patient day/doc. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421. (e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years. (f) A nursing facility’s capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter. (g) A quality incentive must be offered as a rate enhancement beginning July 1, 2016. (a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment. (b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate. (c) The facility quality score must be point based, using at a minimum the facility’s most recent available three-quarter average CMS indicators for medicare and medicaid services/doc quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure (QM) point determinants of eighty QM points, sixty QM points, forty QM points, and twenty QM points, identified in the most recent available five-star quality rating system technical user’s guide published by the center for medicare and medicaid services. (d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility. (e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I). (f) The tier system must be used to determine the amount of each facility’s per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, per patient day quality incentive component for tier III is seventy percent of the per patient day quality incentive component for tier IV, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component. (g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated. (h) Facilities with insufficient three-quarter average CMS indicators for medicare and medicaid services/doc quality data must be assigned to the lowest tier (tier I). Facilities with a five-star quality rating in a manner consistent with those outlined in (b) through (h) of this subsection identified in the most recent available three-quarter average CMS indicators for medicare and medicaid services/doc minimum data set information. (i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year, using, at a minimum, the most recent available three-quarter average CMS indicators for medicare and medicaid services/doc quality data. (j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data. (k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services’ payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services’ payroll-based journal, unless such data is not available, in which case the

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

I just wanted to say a few words about the late Senator Mike Carrell since this bill is one that he worked on when he was Vice-Chair of the Law & Justice Committee. Senator Carrell was a remarkable senator. I knew him first when I actually chaired the House Law & Justice Committee back in 1994 and he was a brand new representative at that time and he was kind of focused, not exclusively, but primarily on father’s rights issues. And then when I came back to the Senate in 2011 and he was now a senator, to see the maturity and change and I saw how well he worked with a number of people, including the gentlelady from the 27th District and especially former Senator Hargrove. I will never forget when he was suffering so much and had to be out of the Senate and Senator Hargrove told him ‘Don’t worry, if there is a bill that would have passed with your vote, I will make sure that it is not defeated.’ And you just don’t see that very much any more, they had such a close friendship. Anyway, he was a remarkable senator. I always enjoyed his Mr. Science lectures, all of us, as a high school science teacher. And I just think it is very fitting that his successor would carry this bill and that we finally would pass it. So, thank you Mr. President.”
that previous year, we also remember that there are those who have been lost and their legacy be made real to us. Especially for those of us who knew but didn’t get a chance to work with him closely, so thank you for bringing that Senator Padden.”

MESSAGE FROM THE HOUSE

April 6, 2017

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5035 with the following amendment(s): 5035-S AMH CODY H2621.1

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1134. The legislature finds that the process for approval of investigational drugs, biological products, and devices in the United States protects future patients from premature, ineffective, and unsafe medications and treatments over time, but the process often takes many years. Patients who have a terminal illness do not have the luxury of waiting until an investigational drug, biological product, or device receives final approval from the United States Food and Drug Administration. The legislature further finds that patients who have a terminal illness should be permitted to pursue the preservation of their own lives by accessing available investigational drugs, biological products, and devices. The use of available investigational drugs, biological products, and devices is a decision that should be made to use potentially lifesaving investigational drugs, biological products, and devices.

NEW SECTION. Sec. 1135. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Eligible patient" means an individual who meets the requirements of section 4 of this act.

(2) "Health care facility" means a clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(3) "Hospital" means a health care institution licensed under chapter 70.41, 71.12, or 72.23 RCW.

(4) "Investigational product" means a drug, biological product, or device that has successfully completed phase one and is currently in a subsequent phase of a clinical trial approved by the United States Food and Drug Administration assessing the safety of the drug, biological product, or device under section 505 of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. Sec. 355.

(5) "Issuer" means any state purchased health care programs under chapter 41.05 or 74.09 RCW, a disability insurer regulated under chapter 48.20 or 48.21 RCW, a health care service contractor as defined in RCW 48.44.010, or a health maintenance organization as defined in RCW 48.46.020.

(6) "Manufacturer" means a person or other entity engaged in the manufacture or distribution of drugs, biological products, or devices.

(7) "Physician" means a physician licensed under chapter 18.71 RCW or an osteopathic physician and surgeon licensed under chapter 18.57 RCW.

(8) "Serious or immediately life-threatening disease or condition" means a stage of disease in which there is reasonable likelihood that death will occur within six months or in which premature death is likely without early treatment.

NEW SECTION. Sec. 1136. (1) An eligible patient and his or her treating physician may request that a manufacturer make an investigational product available for treatment of the patient. The request must include a copy of the written informed consent form described in section 5 of this act and an explanation of why the treating physician believes the investigational product may help the patient.

(2) Upon receipt of the request and the written informed consent form, the manufacturer may, but is not required to, make the investigational product available for treatment of the eligible patient.

NEW SECTION. Sec. 1137. A patient is eligible to request access to and be treated with an investigational product if:

(1) The patient is eighteen years of age or older;

(2) The patient is a resident of this state;

(3) The patient's treating physician attests to the fact that the patient has a serious or immediately life-threatening disease or condition;

(4) The patient acknowledges having been informed by the treating physician of all other treatment options currently approved by the United States Food and Drug Administration;

(5) The patient's treating physician recommends that the patient be treated with an investigational product;

(6) The patient is unable to participate in a clinical trial for the investigational product because the patient's physician has contacted one or more clinical trials or researchers in the physician's practice area and has determined, using the physician's professional judgment, that there are no clinical trials reasonably available for the patient to participate in, that the patient would not qualify for a clinical trial, or that delay in waiting to join a clinical trial would risk further harm to the patient; and

(7) In accordance with section 5 of this act, the patient has provided written informed consent for the use of the investigational product, or, if the patient lacks the capacity to consent, the patient's legally authorized representative has provided written informed consent on behalf of the patient.

NEW SECTION. Sec. 1138. (1) Prior to treatment of the eligible patient with an investigational product, the treating physician shall obtain written informed consent, consistent with the requirements of RCW 7.70.060(1), and signed by the eligible patient or, if the patient lacks the capacity to consent, his or her legally authorized representative.

(2) Information provided in order to obtain the informed consent must, to the extent possible, include the following:

(a) That the patient has been diagnosed with a serious or immediately life-threatening disease or condition and explains the currently approved products and treatments for the disease or condition from which the eligible patient suffers;

(b) That all currently approved and conventionally recognized treatments are unlikely to prolong the eligible patient's life;

(c) Clear identification of the investigational product that the eligible patient seeks to use;
The potentially best and worst outcomes of using the investigational product and a realistic description of the most likely outcome. This description must include the possibility that new, unanticipated, different, or worse symptoms may result and that death could be hastened by the proposed treatment. The description must be based on the physician's knowledge of the proposed treatment in conjunction with an awareness of the eligible patient's condition;

(e) That the eligible patient's health benefit plan is not obligated to pay for the investigational product or any harm caused to the eligible patient by the investigational product, unless otherwise specifically required to do so by law or contract, and that in order to receive the investigational product the patient may be required to pay the costs of administering the investigational product; and

(f) That the eligible patient is liable for all expenses consequent to the use of the investigational product, except as otherwise provided in the eligible patient's health benefit plan or a contract between the eligible patient and the manufacturer of the investigational product.

The document must be signed and dated by the eligible patient's treating physician and witnessed in writing by at least one adult.

NEW SECTION. Sec. 1139. (1) An issuer may, but is not required to, provide coverage for the cost or the administration of an investigational product provided to an eligible patient pursuant to this chapter.

(2)(a) An issuer may deny coverage to an eligible patient who is treated with an investigational product for harm to the eligible patient caused by the investigational product and is not required to cover the costs associated with receiving the investigational product or the costs demonstrated to be associated with an adverse effect that is a result of receiving the investigational product.

(b) Except as stated in (a) of this subsection, an issuer may not deny coverage to an eligible patient for: (i) The eligible patient's serious or immediately life-threatening disease or condition; (ii) benefits that accrued before the day on which the eligible patient was treated with an investigational product; or (iii) palliative or hospice care for an eligible patient who was previously treated with an investigational product but who is no longer being treated with an investigational product.

NEW SECTION. Sec. 1140. A hospital or health care facility:

(1) May, but is not required to, allow a health care practitioner who is privileged to practice or who is employed at the hospital or health care facility to treat, administer, or provide an investigational product to an eligible patient under this chapter;

(2) May establish a policy regarding treating, administering, or providing investigational products under this chapter; and

(3) Is not obligated to pay for the investigational product or any harm caused to the eligible patient by the product, or any care that is necessary as a result of the use of the investigational product, including under chapter 70.170 RCW.

NEW SECTION. Sec. 1141. (1) This act does not create a private right of action.

(2) A health care practitioner does not commit unprofessional conduct under RCW 18.130.180 and does not violate the applicable standard of care by:

(a) Obtaining an investigational product pursuant to this chapter;

(b) Refusing to recommend, request, prescribe, or otherwise provide an investigational product pursuant to this chapter;

(c) Administering an investigational product to an eligible patient pursuant to this chapter; or

When the director decides not to appoint a loss prevention review team he or she shall issue a statement of the reasons for the director's decision. The statement shall be made available on the department's web site. The director's decision pursuant to this section to appoint or not appoint a loss prevention review team shall not be admitted into evidence in a civil or administrative proceeding)) after consultation with the affected agency as to the purpose, scope, necessary resources, and intended outcomes of the loss prevention review. The department may provide guidance to the state agency conducting the loss prevention review as requested by the state agency.

(2) A loss prevention review team shall consist of at least three ((but no more than five)) persons, and may include independent consultants, contractors, or state employees, but it shall not include any person ((employed by the agency)) directly involved in the loss or risk of loss giving rise to the review, nor any person with testimonial knowledge of the incident to be reviewed. However, the final report shall not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to subsection (2) of this section.

In that case, the party may use only the excerpt or excerpts necessary to demonstrate the contradiction. This section shall not be interpreted as expanding the scope of material that may be used to impeach a witness.

(4) Any document that exists prior to the appointment of a loss prevention review team, or that is created independently of such a team, does not become inadmissible merely because it is reviewed or used by the loss prevention review team. A person does not become unavailable as a witness merely because the person has been interviewed by or has provided a statement to a loss prevention review team. However, if called as a witness, the person may not be examined regarding the person's interactions with the loss prevention review team, including without limitation whether the loss prevention review team interviewed the person, what questions the loss prevention review team asked, and what answers the person provided to the loss prevention review team. This section shall not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(5) Documents prepared by or for the loss prevention review team are inadmissible and may not be used in a civil or administrative proceeding, except that excerpts may be used to impeach the credibility of a witness under the same circumstances that excerpts of the final report may be used pursuant to subsection (2) of this section.

(6) The restrictions set forth in this section shall not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with the death, injury, or other incident reviewed by the loss prevention review team.

(7) Within one hundred twenty days after completion of the final report of a loss prevention review team, the agency under review shall issue to the department a response to the report. The response will indicate (a) which of the report's recommendations the agency hopes to implement, (b) whether implementation of those recommendations will require additional funding or legislation, and (c) whatever other information the director may require. This response shall be considered part of the final report and shall be subject to all provisions of this section that apply to the final report, including without limitation the restrictions on admissibility and use in civil or administrative proceedings and the obligation of the director to make the final report public.

(2) Minimum standards for licensed behavioral health service providers shall, at a minimum, establish: Qualifications for staff providing services directly to persons with mental disorders, substance use disorders, or both, the intended result of each service, and the rights and responsibilities of persons receiving behavioral health services pursuant to this chapter. (4) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to meet the provisions of this chapter, or the standards adopted under this chapter. (5) No licensed behavioral health service provider may advertise or represent itself as a licensed behavioral health service provider if approval has not been granted, has been denied, suspended, revoked, or canceled.
(6) Licensure as a behavioral health service provider is effective for one calendar year from the date of issuance of the license. The license must specify the types of services provided by the behavioral health service provider that meet the standards adopted under this chapter. Renewal of a license must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.
(7) Licensure as a licensed behavioral health service provider must specify the types of services provided that meet the standards adopted under this chapter. In addition, the department shall randomly select and review the information on individual children who are admitted on application of the child's parent for the purpose of determining whether the child was appropriately placed into substance use disorder treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment.
(14) Any settlement agreement entered into between the department and licensed behavioral health service providers to resolve administrative complaints, license violations, license suspensions, or license revocations may not reduce the number of violations reported by the department unless the department concludes, based on evidence gathered by inspectors, that the licensed behavioral health service provider did not commit one or more of the violations.

MESSAGE FROM THE HOUSE

April 11, 2017

MR. PRESIDENT:
The House passed SECOND SUBSTITUTE SENATE BILL NO. 5285 with the following amendment(s): 5285-S2 AMH HE H2470.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 23. (1) The legislature finds that the agriculture, environment, outdoor recreation, and natural resources economic sectors can offer rewarding career paths for students who are interested in the natural world and are excited by the idea of having a career with outdoor opportunities. Not only are these careers currently available to students, but the United States department of agriculture predicts, in their recent report on employment opportunities for college graduates in food, agriculture, renewable natural resources, outdoor recreation, and the environment, that employment opportunities in these fields are expected to increase.

(2) The legislature further finds that thousands of Washington students do not have access to the types of education that are necessary to guide them down the pathways leading to marketable job skills and productive careers in the agriculture, environment, outdoor recreation, and natural resources economic sectors. Long-term career success in these fields require the ability to identify, apply, and integrate concepts from science, technology, engineering, and mathematics as they specifically relate to the agriculture, environment, outdoor recreation, and natural resources economic sectors and the sectors’ related careers.

(3) The legislature further finds that students will have the information they need to consider careers in the agriculture, environment, outdoor recreation, and natural resources economic sectors if educators are provided with actual applications of how to put integrated learning into action and facilitating experiences that allow students to get outdoors and learn in real-world and community-connected environments.

(4) The legislature further finds that the economic opportunities available for students interested in agriculture, natural resources, outdoor recreation, or the environment can be more readily unlocked if educators are provided with information on worker demand and qualifications so that they are equipped to assist students to access the economic opportunity and help make connections between education and outdoor careers. The information needed by educators to make these connections can be accomplished through a statewide workforce study of potential jobs in these fields.

NEW SECTION. Sec. 24. (1)(a) Subject to the availability of amounts appropriated for this specific purpose, the workforce training and education coordinating board shall conduct a workforce assessment for the agriculture, natural resources, outdoor recreation, and environment sectors. The purpose of the study is to assess the available data on current and projected employment levels and hiring demand for skilled mid-level workers in the agriculture, environment, outdoor recreation, and natural resources economic sectors in the state. Ultimately, this information is being collected so that educators have better information available as they develop programs for informing students about potential careers.

(b) The study must use a broad definition for the mid-level skilled occupations included in the study and identify up to five regions of the state based on the specific workforce characteristics of agriculture, natural resources, outdoor recreation, and environment employers.

(2) The study required by this section must, at a minimum:

(a) Include assessment of:

(i) Data from the employment security department on the current and projected levels of employment and net job vacancies;

(ii) Data used by workforce development councils in identifying demand for workers in their areas;

(iii) Data from the United States census bureau; and

(iv) Data from the United States census bureau's longitudinal employer-household dynamics dataset.

(b) Identify and interview a sample of major employers from the agriculture, environment, outdoor recreation, and natural resources economic sectors in each region to assess employers' perspective and expectations on employment and hiring of skilled mid-level workers in their industry and area. The study must also include an assessment of food and fiber processing jobs in the state.

(3) In conducting any study pursuant to this section, the workforce training and education coordinating board must convene and consult with a steering committee to define the scope of mid-level skilled occupations considered, validate designation of specific regions to be analyzed, and assist in the design of information collection. The steering committee must include representatives of statewide business organizations and a delegate of the state board for community and technical colleges who will be staff.

(4) In implementing this section, the workforce training and education coordinating board may complete the work directly or, at its discretion, contract the assignment, or portions of the assignment, to a third party or parties chosen by the workforce training and education coordinating board. However, the final delivered product must be reported under the workforce training and education coordinating board.

(5) The report must include recommendations on current sources that provide the most representative and useful information for educators and counselors, further steps to improve the specificity, timeliness, and quality of information available on skilled workforce needs and issues in the areas of the state, and steps necessary to extend this work both into entry level and advanced level occupations, and into identification of specific skills that are key to enabling workers to be productive in this sector.

(6) Consistent with RCW 43.01.036, the study required by this section must be completed and the results reported to the legislature by October 15, 2018.

(7) This section expires June 30, 2019."

Additionally, the council may make recommendations on how to improve traffic fatality and serious injury data quality.

The commission and the council must maintain the confidentiality of such information to the extent required by any applicable law.

(7) If acting in good faith, without malice, and within the parameters of and protocols established under this chapter, representatives of the commission and the council are immune from civil liability for an activity related to reviews of particular fatalities and serious injuries.

(8) This section must not be construed to provide a private civil cause of action.

(9)(a) The council may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the council and spend the gifts, grants, or endowments from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17A.560.

(b) Subject to the appropriation of funds for this specific purpose, the council may provide grants targeted at improving bicyclist safety in accordance with recommendations made by the council.

(10) By December 1, 2018, the council must report to the transportation committees of the legislature on the strategies that have been deployed to improve bicyclist safety by the council and make a recommendation as to whether the council should be continued and if there are any improvements the legislature can make to improve the council.

(11) For purposes of this section:

(a) "Bicyclist fatality" means any death of a bicyclist resulting from a collision with a vehicle, whether on a roadway, at an intersection, along an adjacent sidewalk, or on a path that is contiguous with a roadway.

(b) "Council" means the Cooper Jones bicyclist safety advisory council.

MR. PRESIDENT;
The House passed SENATE BILL NO. 5581 with the following amendment(s): 5581 AMH SANT H2483.4

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 30. This chapter is intended to provide authority for two or more public benefit hospital entities to participate in a joint self-insurance program covering property or liability risks. This chapter provides public benefit hospital entities with the exclusive source of authority to jointly self-insure property and liability risks, jointly purchase insurance or reinsurance, and to contract for risk management, claims, and administrative services with other public benefit hospital entities, except as otherwise provided in this chapter. This chapter must be liberally construed to grant public benefit hospital entities maximum flexibility in jointly self-insuring to the extent the self-insurance programs are operated in a safe and sound manner. This chapter is intended to require prior approval for the establishment of every joint self-insurance program. In addition, this chapter is intended to require every joint self-insurance program for public benefit hospital entities established under this chapter to notify the state of the existence of the program and to comply with the regulatory and statutory standards governing the management and operation of the programs as provided in this chapter. This chapter is not intended to authorize or regulate self-insurance of unemployment compensation under chapter 50.44 RCW or any other program.

"NEW SECTION. Sec. 31. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Hospital services" means clinically related (i.e., preventive, diagnostic, curative, rehabilitative, or palliative) services provided in a hospital setting.

(2) "Property and liability risks" include the risk of property damage or loss sustained by a public benefit hospital entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the entity.

(3) "Public benefit hospital entity" means any of the following:

(a) A public hospital district organized under the laws of this state or another state and any agency or instrumentality of a public hospital district including, but not limited to, a legal entity created to conduct a joint self-insurance program for public hospital institutions.

(b) A nonprofit corporation, whether organized under the laws of
this state or another state, that meets the following requirements:

risk management within the department of enterprise services.
NEW SECTION. Sec. 32. (1) The governing body of a public
benefit hospital entity may join or form a self-insurance program

and may jointly purchase insurance or reinsurance with one or
more other public benefit hospital entities for property and
liability risks only as permitted under this chapter. Public benefit
hospital entities may contract for or hire personnel to provide risk
management, claims, and administrative services in accordance
with this chapter.
(2) The agreement to form a joint self-insurance program may
include the organization of a separate legal or administrative
entity with powers delegated to the entity.
(3) If provided for in the organizational documents, a joint self-
insurance program may, in conformance with this chapter:

control services;
(b) Contract or otherwise provide for risk management and loss

risk manager;
(d) Jointly purchase insurance and reinsurance coverage in a form

(4) Every joint self-insurance program governed by this chapter
must appoint the state risk manager as its attorney to receive
service of, and upon whom must be served, all legal process
issued against the program in this state upon causes of action
arising in this state.
(a) Service upon the state risk manager as attorney constitutes
service upon the program. Service upon joint self-insurance
programs subject to this chapter may only occur by service upon
the state risk manager. At the time of service, the plaintiff shall
pay to the state risk manager a fee to be set by the state risk
manager, taxable as costs in the action.
(b) With the initial filing for approval with the state risk manager,
each joint self-insurance program must designate by name and
address the person to whom the state risk manager must forward

insurance program may change this person by filing a new
designation.
(c) The appointment of the state risk manager as attorney is
irrevocable, binds any successor in interest or to the assets or
liabilities of the joint self-insurance program, and remains in
effect as long as there is in force in this state any contract made
by the joint self-insurance program or liabilities or duties arising
from the contract.
(d) The state risk manager shall keep a record of the day and hour
of service upon him or her of all legal process. A copy of the

domicile, or participates in a local government risk pool formed
under chapter 48.62 RCW.
NEW SECTION. Sec. 34. The state risk manager shall adopt
rules governing the management and operation of joint self-
insurance programs for public benefit hospital entities that cover
property or liability risks. All rules must be appropriate for the
type of program and class of risk covered. The state risk
manager's rules must include:
(1) Standards for the management, operation, and solvency of
joint self-insurance programs, including the necessity and
frequency of actuarial analyses and claims audits;
(2) Standards for claims management procedures;
(3) Standards for contracts between joint self-insurance programs
and private businesses, including standards for contracts between
third-party administrators and programs; and
(4) Standards that preclude public hospital districts or other public
entities participating in the joint self-insurance program from
subsidizing, regardless of the form of subsidy, public benefit
hospital entities that are not public hospital districts or public
entities. These standards do not apply to the consideration
attributable to the ownership interest of a public hospital district
or other public entity in a separate legal or administrative entity
organized with respect to the program.
NEW SECTION. Sec. 35. Before the establishment of a joint
self-insurance program covering property or liability risks by
public benefit hospital entities, the entities must obtain the
approval of the state risk manager. The entities proposing the

or other agreement among the participating entities;
(6) The agreements with participants in the program defining the
responsibilities and benefits of each participant and management;
(7) The proposed accounting, depositing, and investment
practices of the program;
NEW SECTION. Sec. 38. (1) A joint self-insurance program may by resolution of the program designate a person having experience with investments or financial matters as treasurer of the program. The program must require a bond obtained from a surety company in an amount and under the terms and conditions that the program finds will protect against loss arising from mismanagement or malfeasance in investing and managing program funds. The program may pay the premium on the bond.

(2) All interest and earnings collected on joint self-insurance program funds belong to the program and must be deposited to the program's credit in the proper program account.
NEW SECTION. Sec. 39. (1) An employee or official of a participating public benefit hospital entity in a joint self-insurance program may not directly or indirectly receive anything of value for services rendered in connection with the operation and management of a self-insurance program other than the salary and benefits provided by his or her employer or the reimbursement of expenses reasonably incurred in furtherance of the operation or management of the program. An employee or official of a participating public benefit hospital entity in a joint self-insurance program may not accept or solicit anything of value for personal benefit or for the benefit of others under circumstances in which it can be reasonably inferred that the employee's or official's independence of judgment is impaired with respect to the management and operation of the program.

(2) RCW 48.30.140, 48.30.150, and 48.30.157 apply to the use of insurance producers by a joint self-insurance program.

NEW SECTION. Sec. 40. NEW SECTION. Sec. 41. (1) The state risk manager shall establish and charge an investigation fee in an amount necessary to cover the costs for the initial review and approval of a joint self-insurance program. The fee must accompany the initial submission of the plan of operation and management.

(2) The costs of subsequent reviews and investigations must be charged to the joint self-insurance program being reviewed or investigated in accordance with the actual time and expenses incurred in the review or investigation.

(3) Any program failing to remit its assessment when due is subject to denial of permission to operate or to a cease and desist order until the assessment is paid.

NEW SECTION. Sec. 42. (1) Any person who files reports or furnishes other information required under this title, required by the state risk manager under the authority granted under this title, or which is useful to the state risk manager in the administration of this title, is immune from liability in any civil action or suit arising from the filing of any such report or furnishing such information to the state risk manager, unless actual malice, fraud, or bad faith is shown.

(2) The state risk manager and his or her agents and employees are immune from liability in any civil action or suit arising from the publication of any report or bulletins or arising from dissemination of information related to the official activities of the state risk manager unless actual malice, fraud, or bad faith is shown.

(1) Any person, including students, parents, and school personnel, may possess topical sunscreen products to help prevent sunburn while on school property, at a school-related event or activity, or at summer camp. As excepted in RCW 28A.210.260, a sunscreen product must be supplied by a parent or guardian.

(2) Schools are encouraged to educate students about sun safety guidelines.

(3) Nothing in this section requires school personnel to assist students in applying sunscreen.

(4) As used in this section, "school" means a public school, school district, educational service district, or private school with any of grades kindergarten through twelve.

Sec. 48. RCW 28A.210.260 and 2013 c 180 s 1 are each amended to read as follows:

Public school districts and private schools which conduct any of grades kindergarten through the twelfth grade may provide for the administration of oral medication, topical medication, eye drops, ear drops, or nasal spray, of any nature to students who are in the custody of the school district or school at the time of
administration, but are not required to do so by this section, subject to the following conditions:

(1) The board of directors of the public school district or the governing board of the private school or, if none, the chief administrator of the private school shall adopt policies which address the designation of employees who may administer oral medications, topical medications, eye drops, ear drops, or nasal spray to students, the acquisition of parent requests and instructions, and the acquisition of requests from licensed health professionals prescribing within the scope of their prescriptive authority and instructions regarding students who require medication for more than fifteen consecutive school days, the identification of the medication to be administered, the means of safekeeping medications with special attention given to the safeguarding of legend drugs as defined in chapter 69.41 RCW, and the means of maintaining a record of the administration of such medication;

(2) The board of directors shall seek advice from one or more licensed physicians or nurses in the course of developing the foregoing policies;

(3) The public school district or private school is in receipt of a written, current and unexpired request from a parent, or a legal guardian, or other person having legal control over the student to administer the medication to the student;

(4) The public school district or the private school is in receipt of (a) a written, current and unexpired request from a licensed health professional prescribing within the scope of his or her prescriptive authority for administration of the medication, as there exists a valid health reason which makes administration of such medication advisable during the hours when school is in session or the hours in which the student is under the supervision of school officials, and (b) written, current and unexpired instructions from such licensed health professional prescribing within the scope of his or her prescriptive authority regarding the administration of prescribed medication to students who require medication for more than fifteen consecutive workdays;

(5) The medication is administered by an employee designated by or pursuant to the policies adopted pursuant to subsection (1) of this section and in substantial compliance with the prescription of a licensed health professional prescribing within the scope of his or her prescriptive authority or the written instructions provided pursuant to subsection (4) of this section. If a school nurse is on the premises, a nasal spray that is a legend drug or a controlled substance must be administered by the school nurse. If no school nurse is on the premises, a nasal spray that is a legend drug or a controlled substance may be administered by a trained school employee or parent-designated adult who is not a school nurse. The board of directors shall allow school personnel, who have received appropriate training and volunteered for such training, to administer a nasal spray that is a legend drug or a controlled substance. After a school employee who is not a school nurse administers a nasal spray that is a legend drug or a controlled substance, the employee shall summon emergency medical assistance as soon as practicable;

(6) The medication is first examined by the employee administering the same to determine in his or her judgment that it appears to be in the original container and to be properly labeled; and

(7) The board of directors shall designate a professional person licensed pursuant to chapter 18.71 RCW or chapter 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners, to delegate to, train, and supervise the designated school district personnel in proper medication procedures;

(8)(a) For the purposes of this section, "parent-designated adult" means a volunteer, who may be a school district employee, who receives additional training from a health care professional or expert in epileptic seizure care selected by the parents, and who provides care for the child consistent with the individual health plan.

(b) To be eligible to be a parent-designated adult, a school district employee not licensed under chapter 18.79 RCW must file, without coercion by the employer, a voluntary written, current, and unexpired letter of intent stating the employee's willingness to be a parent-designated adult. If a school employee who is not licensed under chapter 18.79 RCW chooses not to file a letter under this section, the employee shall not be subject to any employer reprisal or disciplinary action for refusing to file a letter;

(9) The board of directors shall designate a professional person licensed under chapter 18.71, 18.57, or 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners, to consult and coordinate with the student's parents and health care provider, and train and supervise the appropriate school district personnel in proper procedures for care for students with epilepsy to ensure a safe, therapeutic learning environment. Training may also be provided by an epilepsy educator who is nationally certified. Parent-designated adults who are school employees are required to receive the training provided under this subsection. Parent-designated adults who are not school employees must show evidence of comparable training. The parent-designated adult must also receive additional training as established in subsection (8)(a) of this section for the additional care the parents have authorized the parent-designated adult to provide. The professional person designated under this subsection is not responsible for the supervision of the parent-designated adult for those procedures that are authorized by the parents;

(10) This section does not apply to topical sunscreen products regulated by the United States food and drug administration for over-the-counter use. Provisions related to possession and application of topical sunscreen products are in section 1 of this act.

NEW SECTION. Sec. 49. This act does not create any civil liability on the part of the state or any state agency, officer, employee, agent, political subdivision, or school district.

NEW SECTION. Sec. 50. This act may be known and cited as the student sun safety education act.

NEW SECTION. Sec. 51. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

(ii) The city's or town's highest lawful levy for the purposes of RCW 84.55.092, reduced by the fire protection district's levy amount from (b)(i) of this subsection. This reduced highest lawful levy becomes the city's or town's highest lawful levy since 1986 for subsequent levy limit calculations under chapter 84.55 RCW; and

(iii) The estimated aggregate net dollar amount impact on property owners within the city or town based on the changes described in (b)(i) and (ii) of this subsection (1).  

c) If a city or town proposes the initial imposition of a benefit charge as a revenue source for the fire protection district under (a) of this subsection, the resolution adopted by the city or town must comply with the requirements of RCW 52.18.030.

d) Notice of public hearing on a resolution adopted by a city or town must be published for three consecutive weeks in a newspaper of general circulation in the city or town, and must be posted for at least fifteen days prior to the date of the hearing in three public places within the boundaries of the proposed fire protection district. All notices must contain the time, date, and place of the public hearing.

(2) (a) A resolution adopted under this section is not effective unless approved by the voters of the city or town at a general election. The resolution must be approved:

(i) By a simple majority of the voters of the city or town; or

(ii) If the resolution proposes the initial imposition of a benefit charge, by sixty percent of the voters of the city or town.

(b) An election to approve or reject a resolution forming a fire protection district, including the proposed financial plan and any imposition of revenue sources for the fire protection district, must be conducted by the election officials of the county or counties in which the proposed district is located in accordance with the general election laws of the state. If a resolution forming a fire protection district provides that the fire protection district will be governed by a board of fire commissioners, as permitted under section 6 of this act, then the initial fire commissioners must be elected at the same election where the resolution is submitted to the voters authorizing the creation of the fire protection district. The election must be held at the next general election date, according to RCW 29A.04.321 and 29A.04.330, occurring after the date of the public hearing on the resolution adopted by the city or town legislative authority. d) Nothing contained in this chapter may be construed to alter a municipal airport's taxing authority, and when so construed, nothing herein shall be construed to alter a municipal airport's taxing authority.

2. A city or town's regular property tax levy that has been reduced as

the amount of such levy or levies initially imposed in a subsequent year.

NEW SECTION. Sec. 65. A new section is added to chapter 52.02 RCW to read as follows:

(1) A fire protection district may establish an ambulance service to be operated as a public utility. However, the fire protection district may not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service unless the fire protection district determines that the area served by the fire protection district, or a substantial portion of that area, is not adequately served by an existing private ambulance service.

(2) In determining the adequacy of an existing private ambulance service, the fire protection district must take into consideration objective generally accepted medical standards and reasonable levels of service, which must be published by the fire protection district. If a fire protection district makes a preliminary conclusion that an existing private ambulance service is inadequate, the fire protection district must allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and accepted levels of service.

(3) A private ambulance service that is not licensed by the department of health, or has had its license denied, suspended, or revoked, is not entitled to a sixty-day period to demonstrate adequacy, and the fire protection district may immediately issue a call for bids or establish an ambulance service utility.

(4) A private ambulance service that abandons service in the area served by the fire protection district, or a substantial portion of the area served by the fire protection district, is not entitled to a sixty-day period to demonstrate adequacy, and the fire protection district may immediately issue a call for bids or establish an ambulance service utility to avoid an interruption in service.

(5) For purposes of this section, "fire protection district" means a fire protection district established by the legislative authority of a city or town pursuant to section 1 of this act.

Sec. 66. RCW 84.55.092 and 1998 c 16 s 3 are each amended to read as follows:

(1) The regular property tax levy for each taxing district other than the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter including any levy authorized under RCW 52.16.160 that would have been imposed but for the limitation in RCW 52.18.065, applicable upon imposition of the benefit charge under chapter 52.18 RCW.

(2) The purpose of subsection (1) of this section is to remove the incentive for a taxing district to maintain its tax levy at the maximum level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions.

(3) Subsection (1) of this section does not apply to any portion of a city or town's regular property tax levy that has been reduced as
part of the formation of a fire protection district under section 1 of this act.

Sec. 67. RCW 29A.36.071 and 2015 c 172 s 3 are each amended to read as follows:

(1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) An identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a question. The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words; however, a concise description submitted on behalf of a proposed or existing regional transportation investment district or a proposed fire protection district, as provided in section 1 of this act, may exceed seventy-five words. If the local governmental unit is a city or a town, or if the ballot title is for a referendum under RCW 35.13A.115, the concise statement (shall) must be prepared by the city or town attorney. If the local governmental unit is a county, the concise statement (shall) must be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement (shall) must be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government (shall) must be advertised in the manner provided for nominees for elective office.

(3) Subsection (1) of this section does not apply if another provision of law specifies the ballot title for a specific type of ballot question or proposition.

NEW SECTION. Sec. 68. A new section is added to chapter 52.02 RCW to read as follows:

(1) Except as provided otherwise in the resolution adopted by the legislative authority of a city or town establishing a fire protection district under section 1 of this act, all powers, duties, and functions of the city or town fire department pertaining to fire protection and emergency services of the city or town are transferred to the fire protection district on its creation date.

(2)(a) The city or town fire department must transfer or deliver to the fire protection district:

(i) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the city or town fire department pertaining to fire protection and emergency services of the city or town were transferred to the fire protection district on its creation date.

(ii) All real property and personal property including cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the city or town fire department in carrying out the fire protection and emergency services powers, functions, and duties; and

(iii) All funds, credits, or other assets held by the city or town fire department in connection with fire protection and emergency services powers, functions, and duties.

(b) Any appropriations made to the city or town fire department for carrying out the fire protection and emergency services powers, functions, and duties of the city or town must be transferred and credited to the fire protection district.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred to the fire protection district, the legislative authority of the city or town must make a determination as to the proper allocation.

(2) All rules and all pending business before the city or town fire department pertaining to the fire protection and emergency services powers, functions, and duties transferred must be continued and acted upon by the fire protection district, and all existing contracts and obligations remain in full force and must be performed by the fire protection district.

(3) The transfer of powers, duties, functions, and personnel of the city or town fire department do not affect the validity of any act performed before creation of the fire protection district.

(4) If apportionments of budgeted funds are required because of the transfers, the treasurer for the city or town fire department must certify the apportionments.

(5) Subject to (c) of this subsection, all employees of the city or town fire department are transferred to the fire protection district on its creation date. Upon transfer, unless an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the fire protection district, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of the city or town fire department, including rights to:

(i) Compensation at least equal to the level at the time of transfer;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) If a city or town provides for civil service in its fire department, the collective bargaining representatives of the transferring employees and the fire protection district must negotiate regarding the establishment of a civil service system within the fire protection district.

(c) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified as provided by law.

NEW SECTION. Sec. 69. A new section is added to chapter 52.14 RCW to read as follows:

(1) The members of the legislative authority of a city or town shall serve ex officio, by virtue of their office, as the fire commissioners of a fire protection district created under section 1 of this act.

(2) The legislative authority of a city or town may, within the initial resolution establishing the district's formation, relinquish governance authority of a fire protection district created under this act to an independently elected board of commissioners to be elected in accordance with RCW 52.14.060.

(3)(a) The legislative authority of a city or town may, by a majority vote of its members in an open public meeting, relinquish governance authority of a fire protection district created under this act to an appointed board of three fire commissioners at any time after formation. Each appointed commissioner serves until successors are elected at the next qualified election.

At the next qualified election, the person who receives the greatest number of votes for each commissioner position is elected to that position. The terms of office for the initial elected fire commissioners are staggered as follows:

(i) The person who is elected receiving the greatest number of votes is elected to a six-year term of office if the election is held in an odd-numbered year, or a five-year term of office if the election is held in an even-numbered year;

(ii) The person who is elected receiving the next greatest number of votes is elected to a four-year term of office if the election is
held in an odd-numbered year, or a three-year term of office if the election is held in an even-numbered year; and
(iii) The other person who is elected is elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year. The term of office for each subsequent commissioner is six years.

The terms of office for the initial elected fire commissioners are staggered as follows:
(i) The two people elected receiving the two greatest number of votes are elected to six-year terms of office if the election is held in an odd-numbered year, or five-year terms of office if the election is held in an even-numbered year;
(ii) The two people who are elected receiving the next two greatest number of votes are elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year; and
(iii) The other person who is elected is elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year. The term of office for each subsequent commissioner is six years.

(c) If the legislative authority of a city or town relinquishes governance authority of a fire protection district after formation under this section, and that fire protection district has an annual budget of ten million dollars or more, that district must have seven fire commissioners. The terms of office for the initial elected fire commissioners are staggered as follows:
(i) The three people who are elected receiving the three greatest number of votes are elected to six-year terms of office if the election is held in an odd-numbered year, or five-year terms of office if the election is held in an even-numbered year;

(iii) The other two people who are elected are elected to two-year terms of office if the election is held in an odd-numbered year, or one-year terms of office if the election is held in an even-numbered year. The term of office for each subsequent commissioner is six years.

(1) The affairs of the district shall be managed by a board of fire commissioners composed initially of three registered voters residing in the district, except as provided otherwise in RCW 52.14.015 (who are), 52.14.020, and section 6 of this act.
(2)(a) Each member of an elected board of fire commissioners shall each receive one hundred four dollars per day or portion thereof, not to exceed nine thousand nine hundred eighty-four dollars per year, for time spent in actual attendance at official meetings of the board or in performance of other services or duties on behalf of the district. Members serving in an ex officio capacity on a board of fire commissioners may not receive compensation, but shall receive necessary expenses in accordance with (b) of this subsection.
(b) Each member of a board of fire commissioners shall receive necessary expenses incurred in attending meetings of the board or when otherwise engaged in district business, and shall be entitled to receive the same insurance available to all firefighters of the district: PROVIDED, That the premiums for such insurance, except liability insurance, shall be paid by the individual commissioners who elect to receive it.

The waiver shall specify the month or periods of months for which it is made.

(2) The board shall fix the compensation to be paid the secretary and all other agents and employees of the district. The board may, by resolution adopted by unanimous vote, authorize any of its members to serve as volunteer firefighters without compensation. A commissioner actually serving as a volunteer firefighter may enjoy the rights and benefits of a volunteer firefighter.

(4) The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(5) A person holding office as commissioner for two or more special purpose districts or serving ex officio as commissioner as a member of the legislative authority of a city or town shall receive only that per diem compensation authorized for one of his or her ((commissioner)) official positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts or representing a municipality and a district. However, such commissioner may receive additional per diem compensation if approved by resolution of ((all)) the boards of ((the)) an affected commission(s), city, or town.

(2)(a) If two positions are created on boards of fire commissioners by this section, such positions shall be filled initially as for a vacancy, except that the appointees shall draw lots, one appointee to serve until the next general fire district election after the appointment, at which two commissioners shall be elected for six-year terms, and the other appointee to serve until the second general fire district election after the appointment, at which two commissioners shall be elected for six-year terms.

subsection (1), for the purposes of property taxation and the levy of
property taxes, the boundaries of counties, cities, and all other

districts existing on the first day of August of the year in which
the property tax levy is made.

(b) The boundaries for a newly incorporated port district or
regional fire protection service authority shall be established on the

MOTION

Senator Pedersen moved that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5552.

Senators Pedersen, Padden and Walsh spoke in favor of the motion.
public to interact with, experience, and understand agriculture. In
recreational, entertainment, or educational purposes, to view or
ranching; historic, cultural, and on-site educational programs;
otherwise.

The legislature finds that agriculture plays a substantial role in the economy, culture, and history of Washington state. As an increasing number of Washington's citizens are removed from day-to-day agricultural experiences, agritourism provides a valuable opportunity for the public to interact with, experience, and understand agriculture. In addition, agritourism opportunities provide valuable options for farmers and ranchers and rural residents to maintain their operations and continue a traditional economic development opportunity in rural areas. Inherent risks exist on farms and ranches, some of which cannot be reasonably eliminated. Uncertainty of potential liability associated with inherent risks has a negative impact on the establishment and success of agritourism operations.

NEW SECTION. Sec. 76. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agritourism activity" means any activity carried out on a farm or ranch whose primary business activity is agriculture or ranching and that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities including, but not limited to: Farming; ranching; historic, cultural, and on-site educational programs; recreational farming programs that may include on-site hospitality services; guided and self-guided tours; petting zoos; farm festivals; corn mazes; harvest-your-own operations; hayrides; barn parties; horseback riding; fishing; and camping.

(2) "Agritourism professional" means any person in the business of providing one or more agritourism activities, whether or not for compensation.

(3) "Inherent risks of agritourism activity" means those dangers or conditions that are an integral part of an agritourism activity including certain hazards, such as surface and subsurface conditions, natural conditions of land, vegetation, waters, the behavior of wild or domestic animals, and ordinary dangers of structures or equipment ordinarily used in farming and ranching operations. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or failing to exercise reasonable caution while engaging in the agritourism activity, unless the participant acting in a negligent manner is a minor or is under the influence of alcohol or drugs.

(4) "Participant" means any person, other than the agritourism professional, who engages in an agritourism activity.

(5) "Person" means an individual, fiduciary, firm, association, partnership, limited liability company, corporation, unit of government, or any other group acting as a unit.

NEW SECTION. Sec. 77. (1)(a) Except as provided in subsection (2) of this section, an agritourism professional is not liable for injury, loss, damage, or death of a participant resulting exclusively from any of the inherent risks of agritourism activities.

(b) Except as provided in subsection (2) of this section, no participant or participant's representative may pursue an action or recover from an agritourism professional for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of agritourism activities.

(c) In any action for damages against an agritourism professional for agritourism activity, the agritourism professional must plead the affirmative defense of assumption of the risk of agritourism activity by the participant.

(2) Nothing in subsection (1) of this section prevents or limits the liability of an agritourism professional if the agritourism professional does any one or more of the following:

(a) Commits an act or omission that is grossly negligent or constitutes willful or wanton disregard for the safety of the participant and that act or omission proximately causes injury, damage, or death to the participant.

(b) Has actual knowledge or reasonably should have known of an existing dangerous condition on the land, facilities, or equipment used in the activity or the dangerous propensity of a particular animal used in such an activity and does not make the danger known to the participant and the danger proximately causes injury, damage, or death to the participant.

(c) Permits minor participants to use facilities or engage in agritourism activities that are not reasonably appropriate for their age. This provision shall not be interpreted to relieve a parent or guardian of a minor participant of the duty to reasonably supervise the minor's participation in agritourism activities, including assessing whether the minor's participation in an agritourism activity is reasonably appropriate for his or her age.

(d) Knowingly permits participants to use facilities or engage in agritourism activities while under the influence of alcohol or drugs.

(e) Fails to warn participants as required by section 4 of this act.
NEW SECTION. Sec. 78. (1) Every agritourism professional must post and maintain signs that contain the warning notice specified in subsection (2) of this section. The sign must be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice must consist of a sign in black letters, with each letter to be a minimum of one inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, must contain in clearly readable print the warning notice specified in subsection (2) of this section.

(2) The sign and contracts described in subsection (1) of this section must contain the following notice of warning:

"WARNING
Under Washington state law, there is limited liability for an injury to or death of a participant in an agritourism activity conducted at this agritourism location if such an injury or death results exclusively from the inherent risks of the agritourism activity. Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment, and animals, as well as the potential for you to act in a negligent manner that may contribute to your injury or death. We are required to ensure that in any activity involving minor children, only age-appropriate access to activities, equipment, and animals is permitted. You are assuming the risk of participating in this agritourism activity."

(3) Failure to comply with the requirements concerning warning signs and notices provided in this section prohibits an agritourism professional from invoking the privilege of immunity provided by the agritourism location and at the site of the agritourism activity. You are exclusively from the inherent risks of the agritourism activity.

NEW SECTION. Sec. 79. Sections 1 through 4 of this act are each added to chapter 4.24 RCW."
and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 12, 2017

MR. PRESIDENT:
The House passed SECOND SUBSTITUTE SENATE BILL NO. 5201 with the following amendment(s): 5201-S2 AMH ELHS H2510.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 82. The legislature recognizes the need for person-centered services that enable developmentally disabled clients to have greater access to their community regardless of the degree of each client's disability or level of acuity. The legislature further recognizes that employment is highly effective for many and should be encouraged and offered at the outset for individuals age twenty-one and older. However, for others with significant barriers to employment the state likewise recognizes the need for the availability of community access services to enhance employment discovery prospects, provide skills development, or provide community involvement and meaningful activities.

The legislature intends to maximize the benefits that clients receive through supported employment through accountability measures. These transparency measures will allow supported employment providers to demonstrate successes and provide data on client outcomes.

Sec. 83. RCW 71A.12.290 and 2012 c 49 s 1 are each amended to read as follows:

(1) Clients age twenty-one and older who are receiving employment services must be offered the choice to transition to a community access program after nine months of enrollment in an employment program, and the option to transition from a community access program to an employment program at any time. Enrollment in an employment program begins at the time the client is authorized to receive employment.

(2)(a) Prior approval by the department shall not be required to effectuate the client's choice to transition from an employment program to community access services after verifying nine months of participation in employment-related services.

(b) The department shall permit clients to enroll in a community access program without first engaging in nine months of employment services when:

(i) Medical or behavioral health records document a condition or a combination of conditions that prevent the client from successfully participating in, engaging in, and completing nine consecutive months of supported employment services;

(ii) Employment services were not provided to the client within ninety days of referral; or

(iii) The department otherwise determines that the client should be provided an exception to engaging in nine months of employment services.

(3) The department shall inform clients and their legal representatives of all available options for employment and day services, including the opportunity to request an exception from enrollment in an employment program. The department shall inform clients and their legal representatives of the ability to request an exception to the employment services participation requirement and describe the process for requesting such an exception to clients in writing. The department shall provide a written response to clients who have requested such an exception within sixty days. This written response from the department shall include a description of the reason or reasons why the request was granted or denied. Information provided to the client and the client's legal representative must include the types of activities each service option provides, and the amount, scope, and duration of service for which the client would be eligible under each service option. An individual client may be authorized for only one service option, either employment services or community access services. Clients may not participate in more than one of these services at any given time.

(4) The department shall work with counties and stakeholders to strengthen and expand ((the existing community access program, including the consideration of options that allow for alternative service settings outside of the client's residence. The program should emphasize support for the clients so that they are..."
able to participate in activities that integrate them into their community and support independent living and skills)) employment services and other community access services. Community access services shall emphasize supports and activities that increase community involvement, maintain or improve skills and independence, and meet the diversity of person-centered needs.

((5) The department shall develop rules to allow for an exception to the requirement that a client participate in an employment program for nine months prior to transitioning to a community access program)) (a) Beginning July 1, 2019, the department shall allow clients age twenty-one and older who are assessed as high acuity clients to transition into the community access program after ninety days of enrollment in an employment program and subject to federal waiver approval. The department shall inform clients assessed as high acuity of the ability to transition into the community access program no later than ten days after enrollment in an employment program. For purposes of this section, "high acuity clients" means clients of the department who are receiving developmental disability services; require support in the community at all times to maintain his or her health and safety; experience significant barriers to employment or community participation; and require frequent supervision, training, or full physical assistance with community activities most of the time.

(b) The department shall permit clients assessed as high acuity clients to enroll in a community access program without first engaging in ninety days of employment services when:

NEW SECTION. Sec. 5. A new section is added to chapter 71.24 RCW to read as follows:

(2)(a) If the service is provided through store and forward technology there must be an associated visit between the covered person and the referring provider. Nothing in this section prohibits the use of telemedicine for the associated office visit.

(4) Any originating site, other than a home, under subsection (3) of this section may charge a facility fee for infrastructure and preparation of the patient. Reimbursement must be subject to a negotiated agreement between the originating site and the behavioral health organization. A distant site or any other site not identified in subsection (3) of this section may not charge a facility fee.

(5) A behavioral health organization may not distinguish between originating sites that are rural and urban in providing the coverage required in subsection (1) of this section.

(6) A behavioral health organization may subject coverage of a telemedicine or store and forward technology behavioral health service under subsection (1) of this section to all terms and conditions of the behavioral health organization in which the covered person is enrolled, including, but not limited to, utilization review, prior authorization, deductible, copayment, or coinsurance requirements that are applicable to coverage of a comparable behavioral health care service provided in person.

(7) This section does not require a behavioral health organization to reimburse:

(a) An originating site for professional fees;

(b) A provider for a behavioral health service that is not a covered benefit under the behavioral health organization; or

(c) An originating site or provider when the site or provider is not a contracted provider with the behavioral health organization.

(8) For purposes of this section:

(a) "Distant site" means the site at which a physician or other licensed provider, delivering a professional service, is physically located at the time the service is provided through telemedicine;

The House passed SENATE BILL NO. 5762 with the following amendment(s): 5762 AMH ENVI H2480.2

Strike everything after the enacting clause and insert the following:

"Sec. 7. RCW 70.275.050 and 2014 c 119 s 5 are each amended to read as follows:

(1) Each stewardship organization must recommend to the department an environmental handling charge to be added to the price of each mercury-containing light sold in or into the state of Washington for sale at retail. The environmental handling charge must be designed to provide revenue necessary and sufficient to cover all administrative and operational costs associated with the stewardship program described in the department-approved product stewardship plan for that organization, including the department's annual fee required by subsection (5) of this section, and a prudent reserve. The stewardship organization must consult with collectors, retailers, recyclers, and each of its participating producers in developing its recommended environmental handling charge. The environmental handling charge may, but is not required to, vary by the type of mercury-containing light. In developing its recommended environmental handling charge, the stewardship organization must take into consideration and report to the department:

(a) The anticipated number of mercury-containing lights that will be sold to covered entities in the state at retail during the relevant period;

(b) The number of unwanted mercury-containing lights delivered from covered entities expected to be recycled during the relevant period;

(c) The operational costs of the stewardship organization as described in RCW 70.275.030(2);

(d) The administrative costs of the stewardship organization including the department's annual fee, described in subsection (5) of this section; and

(e) The cost of other stewardship program elements including public outreach.

(2) The department must review, adjust if necessary, and approve the stewardship organization's recommended environmental handling charge within sixty days of submittal. In making its determination, the department shall review the product stewardship plan and may consult with the producers, the stewardship organization, retailers, collectors, recyclers, and other entities.

(3) No sooner than January 1, 2015:

(a) The mercury-containing light environmental handling charge must be added to the purchase price of all mercury-containing lights sold to Washington retailers for sale at retail, and each Washington retailer shall add the charge to the purchase price of all mercury-containing lights sold at retail in this state, and the producer shall remit the environmental handling charge to the stewardship organization in the manner provided for in the stewardship plan; or

(b) Each Washington retailer must add the mercury-containing light environmental handling charge to the purchase price of all mercury-containing lights sold at retail in this state, where the retailer, by voluntary binding agreement with the producer, arranges to remit the environmental handling charge to the stewardship organization on behalf of the producer in the manner provided for in the stewardship plan. Producers may not require retailers to opt for this provision via contract, marketing practice, or any other means. The stewardship organization must allow retailers to retain a portion of the environmental handling charge as reimbursement for any costs associated with the collection and remittance of the charge.

(4) At any time, a stewardship organization may submit to the department a recommendation for an adjusted environmental handling charge for the department's review, adjustment, if necessary, and approval under subsection (2) of this section to ensure that there is sufficient revenue to fund the cost of the program, current deficits, or projected needed reserves for the next year. The department must review the stewardship organization's recommended environmental handling charge and must adjust or approve the recommended charge within thirty days of submittal if the department determines that the charge is reasonably designed to meet the criteria described in subsection (1) of this section.

(5) Beginning March 1, 2015, and each year thereafter, each stewardship organization shall pay to the department an annual fee equivalent to ((five)) three thousand dollars for each participating producer to cover the department's administrative and enforcement costs. The amount paid under this section must be deposited into the product stewardship programs account created in RCW 70.275.130.

Sec. 8. RCW 70.275.040 and 2014 c 119 s 4 are each amended to read as follows:

(1) On June 1st of the year prior to implementation, each producer must ensure that a stewardship organization submits a proposed product stewardship plan on the producer's behalf to the department for approval. Plans approved by the department must be implemented by January 1st of the following calendar year.

(2) The department shall establish rules for plan content. Plans must include but are not limited to:

(a) All necessary information to inform the department about the plan operator and participating producers and their brands;

(b) The management and organization of the product stewardship program that will oversee the collection, transportation, and processing services;

(c) The identity of collection, transportation, and processing service providers, including a description of the consideration given to existing residential curbside collection infrastructure and mail-back systems as an appropriate collection mechanism;

(d) How the product stewardship program will seek to use businesses within the state, including transportation services, retailers, collection sites and services, existing curbside collection services, existing mail-back services, and processing facilities;

(e) A description of how the public will be informed about the product stewardship program, including how consumers will be provided with information describing collection opportunities for unwanted mercury-containing lights from covered entities and safe handling of mercury-containing lights, waste prevention, and recycling. The description must also include information to make consumers aware that an environmental handling charge has been added to the purchase price of mercury-containing lights sold at retail to fund the mercury-containing light stewardship programs in the state. The environmental handling charge may not be described as a department recycling fee or charge at the point of retail sale;

(f) A description of the financing system required under RCW 70.275.050;

(g) How mercury and other hazardous substances will be handled for collection through final disposition;

(h) A public review and comment process; and

(i) Any other information deemed necessary by the department to ensure an effective mercury light product stewardship program that is in compliance with all applicable laws and rules.
(3) All plans submitted to the department must be made available for public review on the department's web site and at the department's headquarters.

(4) At least two years from the start of the product stewardship program and once every four years thereafter, each stewardship organization operating a product stewardship program must update its product stewardship plan and submit the updated plan to the department for review and approval according to rules adopted by the department.

(5) By June 1, 2016, and each June 1st thereafter, each stewardship organization must submit an annual report to the department describing the results of implementing the stewardship organization's plan for the prior calendar year, including an independent financial audit once every two years. The department may adopt rules for reporting requirements. Financial information included in the annual report must include but is not limited to:

(a) The amount of the environmental handling charge assessed on mercury-containing lights and the revenue generated;

(b) Identification of confidential information pursuant to RCW 43.21A.160 submitted in the annual report; and

(c) The cost of the mercury-containing lights product stewardship program, including line item costs for:

(i) Program operations;

(ii) Communications, including media, printing and fulfillment, public relations, and other education and outreach projects;

(iii) Administration, including administrative personnel costs, travel, compliance and auditing, legal services, banking services, insurance, and other administrative services and supplies, and stewardship organization corporate expenses; and

(iv) Amount of unallocated reserve funds.

(6) Beginning in 2023 every stewardship organization must include in its annual report an analysis of the percent of total sales of lights sold at retail to covered entities in Washington that mercury-containing lights constitute, the estimated number of mercury-containing lights in use by covered entities in the state, and the projected number of unwanted mercury-containing lights to be recycled in future years.

(7) All plans and reports submitted to the department must be made available for public review, excluding sections determined to be confidential pursuant to RCW 43.21A.160, on the department's web site and at the department's headquarters.

Sec. 9. RCW 70.275.130 and 2010 c 130 s 13 are each amended to read as follows:

The product stewardship programs account is created in the custody of the state treasurer. All funds received from producers under this chapter and penalties collected under this chapter must be deposited in the account. Expenditures from the account may be used only for administering this chapter. The department may not retain fees in excess of the estimated amount necessary to cover the agency's administrative costs over the coming year related to the mercury light stewardship program under this chapter. Beginning with the state fiscal year 2018, by October 1st after the closing of each state fiscal year, the department shall refund any fees collected in excess of its estimated administrative costs to any approved stewardship organization under this chapter. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 10. RCW 43.131.422 and 2014 c 119 s 8 are each amended to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective July 1, 2026:

(1) RCW 70.275.010 (Findings—Purpose) and 2010 c 130 s 1;

MESSAGE FROM THE HOUSE

April 12, 2017

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5790 with the following amendment(s): 5790-S AMH MAYC H2686.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 12. This act may be known and cited as the economic revitalization act."
NEW SECTION. Sec. 13. Section 1 of the growth management act of 1990 clearly states the act is to provide for sustainable economic development, and that it is in the public interest that economic development programs be shared with communities experiencing insufficient economic growth. Through this act, it is the intent of the legislature to provide additional tools to help local governments provide family wage jobs, increase incomes, and increase economic opportunities for all taxpayers and residents in communities with deteriorating economies.

Sec. 14. RCW 36.70A.070 and 2015 c 241 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);
(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

6 A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and
encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element (shall) may include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs; and

(iv) An evaluation of whether there has been economic growth of the local economy during the prior eight years, including whether the city, town, or county median household income is above or below the state average.

(b) The economic development element should include the following:

(i) Policies and programs to promote increases in family, individual, and business incomes;

(ii) An examination of whether sites planned for economic development have adequate public facilities and services, and, as appropriate, a plan for any needed public facilities and services;

(iii) Policies and programs to encourage access to education and training for family wage jobs; and

(iv) Policies and programs to address economic development opportunities including existing industries and businesses, value added manufacturing of locally produced natural resources, and the use of locally produced energy and other natural resources.

(2) Each county and city planning under RCW 36.70A.040 is encouraged to adopt comprehensive plans and development regulations that promote economic development in urban and rural areas, and evaluate economic performance in the jurisdiction in the time since the most recent update to the comprehensive plan. Each county and city planning under RCW 36.70A.040 may make findings regarding the economic condition of the jurisdiction, including whether economic deterioration exists in the county or city. If there is stagnation or economic deterioration during the period of time since the most recent update to the comprehensive plan, the comprehensive plan and development regulations may be modified to increase economic development opportunities.

(3) (a) Rural counties, as defined in RCW 82.14.370(5), that are planning under RCW 36.70A.040, and the cities within those counties, may identify policies, programs, and development opportunities to address the potential for economic deterioration and to seize economic development opportunities.

(b) Until January 1, 2019, a rural county, as defined in RCW 82.14.370(5), may designate a limited area of more intensive rural development consistent with the requirements of RCW 36.70A.070(5) (d) (i) through (iv) and (e) if the county:

(i) Is planning under RCW 36.70A.040;

(ii) Had a population of less than fifty thousand as of January 1, 2017;

(iii) Has had a population increase of less than seventeen percent in the previous ten years; and

(iv) Has issued a finding of economic deterioration consistent with subsection (2) of this section.

(c) A limited area of more intensive rural development designated by a county under this subsection (3) must apply only to an existing area or existing use that was in existence as of July 1, 1990, or as of January 1, 2017. A limited area of more intensive rural development designated under this subsection (3) is not subject to the definitions of existing area or existing use in RCW 36.70A.070(5)(d)(v). Through the designation of a limited area of more intensive rural development under this subsection (3), a county may authorize use of a type that is different from the existing area or existing use as of July 1, 1990, or January 1, 2017.
(4) For purposes of this section, economic deterioration is exemplified by, but not limited to, any combination of the following performance outcomes:

(a) Incomes that are at least ten thousand dollars less than the statewide median household income for the same year as established by the office of financial management;

(b) A decrease in the county’s household median income during any year within the prior eight years;

(c) The inability of the jurisdiction to add new full-time jobs in sufficient quantities to provide for population increases;

(d) Decreases or stagnation of economic start-ups during multiple years within the prior eight years;

(e) Unemployment rates that are higher than the national and statewide averages over multiple years within the prior eight years; and

(f) Decreases or stagnation in the issuance of commercial building permits during multiple years in the time since the comprehensive plan was last updated.

(5) A petition for review of a designation of a local area of more intense rural development under subsection (3) of this section must be directly reviewed by the superior court. The requirements of RCW 36.70A.295 (3) through (7) apply to a superior court review of a petition for review under this subsection.

(e) The interest rate of the loan must be equal to the previous calendar year’s annual average consumer price index compiled by the bureau of labor statistics, United States department of labor.

(f) The department must allow participating homeowners to defer repayment of the loan principal and interest and any fees related to the administration or issuance of the loan. assessments as defined in RCW 84.38.020. The lien is also subordinate to the first deed of trust or the first mortgage on the real property but has priority over all other privileges, liens, monetary encumbrances, or other security interests affecting the real property, whenever incurred, filed, or recorded. The director must review the accuracy of these reports.

Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

MESSAGE FROM THE HOUSE

April 5, 2017

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5338 with the following amendment(s): 5338-S.E AMH TR H2398.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 24. The legislature finds that many residents of Washington enjoy recreational opportunities for off-road vehicle and snowmobile use afforded by the natural beauty of the state and do so in compliance with vehicle titling and registration laws and other laws that govern off-road vehicle and snowmobile use. At the same time, the legislature recognizes that the current law and corresponding enforcement regime may not be robust enough to ensure full compliance with legal registration requirements and a level playing field for all users. It is therefore the intent of the legislature to modify the statutory framework governing penalties for off-road vehicle and snowmobile registration violations and to add requirements to the department of licensing in order to improve registration compliance.

NEW SECTION. Sec. 25. A new section is added to chapter 46.09 RCW under the subchapter heading "uses and violations" to read as follows:

(1) It is a gross misdemeanor, punishable as provided under chapter 9A.20 RCW, for a resident, as identified in RCW 46.16A.140, to knowingly fail to apply for a Washington state certificate of title for, or to knowingly fail to register, an off-road vehicle within fifteen days of receiving or refusing a notice issued by the department under section 4 of this act.

(2) Excise taxes owed and fines assessed must be deposited in the manner provided under RCW 46.16A.030(6).

NEW SECTION. Sec. 26. A new section is added to chapter 46.10 RCW under the subchapter heading "uses and violations" to read as follows:

(1) It is a gross misdemeanor, punishable as provided under chapter 9A.20 RCW, for a resident, as identified in RCW 46.16A.140, to knowingly fail to register a snowmobile within fifteen days of receiving or refusing a notice issued by the department under section 4 of this act.

(2) Excise taxes owed and fines assessed must be deposited in the manner provided under RCW 46.16A.030(6).

NEW SECTION. Sec. 27. A new section is added to chapter 46.93 RCW to read as follows:

(1) By the first business day in February of each year, beginning in 2018, motorsports vehicle manufacturers must report to the department of licensing a listing of all motorsports vehicle warranties for off-road vehicles under chapter 46.09 RCW and snowmobiles under chapter 46.10 RCW sold to Washington residents by out-of-state motorsports vehicle dealers in the previous calendar year. The report must be transmitted such that the department receives the listing no later than the first business day in February. Failure to report a complete listing as required under this subsection results in an administrative fine of one hundred dollars for each day after the first business day in February that the department has not received the report.

(2) The department of licensing shall examine the listing reported in subsection (1) of this section to verify whether the vehicles are properly registered in the state. Beginning in 2018, and to the extent that it has received the listing required under subsection (1) of this section, the department shall notify by certified mail from the United States postal service, with return receipt requested, by the end of February of each year, the purchasers of the warranties of the off-road vehicles and snowmobiles that are not properly registered in the state of the owner's obligations under state law regarding vehicle titling, registration, and use tax payment, as well as of the penalties for failure to comply with the law.

(3) Fines received under this section must be paid into the state treasury and credited to the nonhighway and off-road vehicle activities program account under RCW 46.09.510 and to the snowmobile account under RCW 46.68.350. The state treasurer must apportion the fines between the accounts according to the pro rata share of the number of off-road vehicle and snowmobile registrations in the previous calendar year. The department must provide the state treasurer with the information needed to determine the apportionment.

NEW SECTION. Sec. 28. Section 4 of this act applies to the sales of off-road vehicles and snowmobiles beginning in January 2017.

NEW SECTION. Sec. 29. This act takes effect August 1, 2017."

Correct the title.

The transportation partnership account—state appropriation in this subsection includes funding to begin preliminary engineering for adding capacity on Interstate 405 between state route number 522 and Interstate 5.

(14)(a) The SR 520 Bridge Replacement and HOV project (8BB1003) is supported over time from multiple sources, including a $300,000,000 TIFIA loan, $924,615,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) $44,311,000 of the transportation partnership account—state appropriation is provided solely for the SR 520 Bridge Replacement and HOV project (8BB1003).

(c) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(15) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2018 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(16) $49,014,000 of the motor vehicle account—federal appropriation and $6,800,000 of the motor vehicle account—state appropriation are provided solely for fish passage barrier and chronic deficiency improvements (0BI4001).

(18) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue $50,000,000 in federal funds to pay for this project to supplant state funds in the future. $50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(19) $93,500,000 of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R). Any savings on the project must stay on the Puget Sound gateway corridor.

(20)(a) In making budget allocations to the Puget Sound gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(b) The secretary of transportation must develop a memorandum of understanding with local project stakeholders that identifies a schedule for stakeholders to provide local matching funds for the Puget Sound gateway project. Criteria for eligibility of local match includes matching funds and equivalent in-kind contributions including, but not limited to, land donations. The memorandum of understanding must be finalized by January 1, 2018. The department must submit a copy of the memorandum of understanding to the transportation committees of the legislature and report regularly on the status of local match funding.

(21) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(22) $600,000 of the motor vehicle account—state appropriation is provided solely for the department to complete an interchange justification report (IJR) for the U.S. 2 trestle (L1000158), covering the state route number 204 and 20th Street interchanges at the end of the westbound structure.

(a) The department shall develop the IJR in close collaboration with affected local jurisdictions, including Snohomish county and
the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe.
(b) Within the amount provided for the IJR, the department must address public outreach and the overall operational approval of the IJR.
(c) The department shall complete the IJR and submit the final report to the governor and the transportation committees of the legislature by July 1, 2018.
(23)(a) The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be affected by the I-90/Two-Way Transit and HOV Improvements project. One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather-in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high occupancy vehicle lane with a reasonable and safe distance provided for single-occupancy vehicles to merge into the general purpose lanes. A final access solution must consider all safety, operational, and enforcement requirements, not benefit one group of commuters at the expense of another group, and meet applicable requirements of state and federal law.
(b) The department may not close or restrict, in any way, the westbound on-ramp from Island Crest Way to the current westbound Interstate 90 general purpose lanes until a mutually acceptable final access solution has been reached.
(24) $2,000,000 of the Interstate 405 express toll lanes operations account—state appropriation is provided solely for the I-405 NB Hard Shoulder Running – SR 527 to I-5 project (L1000163).
(25) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2019, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document 2017-1 as developed March 25, 2017, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation documents referenced in this act. For the 2017-2019 project appropriations, unless otherwise provided in this act, the director of the office of financial management may authorize a transfer of appropriation authority funds between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers may not be made while the legislature is in session;

(f) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(g) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2018 supplemental omnibus transportation appropriations act, any unexpended 2015-2017 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(i) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(b) Identifies, for each project, the amount of cost savings or increases in funding that have been identified as compared to the 2015 enacted omnibus transportation appropriations act.

(2) As part of the agency request for capital programs, the department shall load reappropriations separately from funds that were assumed to be required for the 2017-2019 fiscal biennium into budgeting systems.

The report must address each modal category separately and identify if eighteenth amendment protected funds have been used and, if not, the source of funding.

(2) To facilitate the report in subsection (1) of this section, the department of transportation must require that all bids on connecting Washington projects include an estimate on the cost to implement any transit, bicycle, or pedestrian project elements.

NEW SECTION. Sec. 607. PROJECT SCOPE CHANGES

(1) The legislature finds that in the course of efficiently delivering connecting Washington projects, it is necessary to create a process for the department of transportation to request and receive approval of practical design-related project scope changes while the legislature is not in session. During the 2017-2019 fiscal biennium, the director of the office of financial management may approve project scope change requests to connecting Washington projects in the highway improvements program, provided that the requests meet the criteria outlined in RCW 47.01.480 and are subject to the limitations in this section.

At a minimum, the office of the chief information officer must certify, if the chief information officer deems appropriate, that the project meets critical project success factors, aligns with statewide technology strategy and architecture, reuses existing technology services and solutions, minimizes custom development, complies with security and other policy requirements, and uses modularized, component-based architectures. The office of the chief information officer must evaluate the project at the appropriate stages. The office of the chief information officer must notify the office of financial management and the legislative fiscal committees each time it certifies a project is ready to proceed with the next stage. Appropriations may then be allotted for that certified phase only.

(2) The chief information officer may suspend or terminate a project at any time if the chief information officer determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall not make additional expenditures on the project without approval of the chief information officer.

The following projects are subject to the conditions, limitations, and review provided in this section: Department of Transportation – Labor System Replacement, Department of Transportation – Ferry Network System Support, Department of Transportation - Land Mobile Radio System Replacement, and Department of Transportation - New CSC System and Operator.

Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein. The department of transportation may enter into a financing contract up to $14,600,000 plus financing expenses and required reserves using certificates of participation under chapter 39.94 RCW for energy efficiency upgrades at department-owned buildings.

NEW SECTION. Sec. 703. SETTLEMENT FUNDS EXPENDITURE

(1) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.
(2) The mitigation plan and the stewardship of project implementation must adhere to the following guidelines:

(a) Consideration must be given to investments in areas where public health is most impacted by nitrogen oxides pollution, and especially in areas where disadvantaged communities reside;

(b) Investments must fund, to the extent possible: (i) Projects that have not been funded or implemented by June 30, 2017, to mitigate nitrogen oxides pollution; and (ii) projects that do not replace projects and activities that were funded on or before June 30, 2017, for implementation after that date, to address such pollution by achieving an identical or substantially similar objective;

(c) Investments in clean vehicles or clean engine replacements must be shown to be cost-effective and, for the purposes of leveraging funding, may not exceed the incremental cost of the clean vehicle or clean engine replacement, relative to the cost of a similar conventionally fueled vehicle or conventionally fueled engine replacement;

(d) Consideration must be given to investments in projects that employ a range of fueling technologies and emissions reduction technologies; and

(e) Priority must be given to projects that have the highest benefit-cost ratios, in terms of the amount of nitrogen oxides emissions reduced per dollar invested.

(3) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than thirty percent of funding provided for commercial vehicle class four through eight transit buses;

(ii) No more than twenty percent of funding provided for commercial vehicle class four through eight school and shuttle buses;

(iii) No more than twenty percent of funding provided for (A) commercial vehicle class eight local freight trucks and port drayage trucks and (B) commercial vehicle class four through seven local freight trucks;

(iv) No more than fifteen percent of funding provided for light duty, zero emission vehicle supply equipment;

(v) No more than thirty percent of funding provided for nonfederal matching funds for projects eligible under the diesel emission reduction act option; and

(vi) No more than ten percent of funding provided for other mitigation actions that are eligible under the consent decrees but not otherwise specified under this subsection (3)(a).

(b) Projects that receive funding under subsection (3)(a)(iii) of this section and ocean-going vessel shorepower projects that receive funding under subsection (3)(a)(vi) of this section must include electric technologies, if practicable.

(4)(a)(i) For the purposes of administering subsection (3)(a)(i), (iii), (iv), and, as needed, (vi) of this section, the department of ecology, is authorized to establish a grant program for the basic education program.

(b) For the purposes of administering subsection (3)(a)(ii) of this section, the department of ecology shall enter into an interagency agreement with the office of the superintendent of public instruction. The superintendent, in consultation with the director of the department of ecology, is authorized to establish a grant program for the purposes of providing funding to school districts for school bus-related projects. Pursuant to the guidelines in subsection (2)(c) of this section, funding may be provided for only the incremental costs of projects above the costs of standard school bus or school bus engine replacement under current school bus depreciation funding requirements. Any grant funding provided under this subsection is temporary in nature and is for enhancements outside the basic education program.

(e) The department of ecology shall complete development of the mitigation plan according to the timeline required by the trustee. The department of ecology must submit the mitigation plan to the appropriate committees of the legislature, as well as benefit-cost information for projects pursuant to the guidelines under subsection (2)(e) of this section, on the same day that the plan is submitted to the trustee.

(5) To the extent this section conflicts with the consent decrees, the consent decrees supersede it.

(6) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department of ecology shall consult with the department of transportation and the office of the superintendent of public instruction and provide notice to the steering committee of any significant changes to the plan submitted.

(7) For the purposes of this section:

(a) “Project” means an eligible mitigation action under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) “Trustee” means the entity selected under the terms of the consent decrees to administer the disbursement of funds to eligible projects for the purposes of mitigating nitrogen oxides emission pollution.

Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C) or the I-405 Renton to Bellevue project in the 2015-2017 fiscal biennium. The transportation partnership account—state appropriation in this subsection includes funding to begin preliminary engineering for adding capacity on Interstate 405 between state route number 522 and Interstate 5.

(12)(a) The SR 520 Bridge Replacement and HOV project (8B11003) is supported over time from multiple sources, including a $300,000,000 TIFIA loan, $923,000,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) The state route number 520 corridor account—state appropriation includes up to $357,383,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(c) The state route number 520 corridor account—federal appropriation includes up to $104,801,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(d) (($126,937,000)) $45,680,000 of the transportation partnership account—state appropriation, ($104,801,000) of the state route number 520 corridor account—federal appropriation, and (($126,027,000)) $104,801,000 of the state route number 520 corridor account—federal appropriation are provided solely for the SR 520 Bridge Replacement and HOV project (8B11003). ($14,000,000 of the amounts appropriated in this subsection (12)(d), $233,085,000 of the state route number 520 corridor account—state appropriation must be put into unallotted status and is subject to review by the office of financial management. The director of the office of financial management shall consult with the joint transportation committee prior to making a decision to allot these funds.)

(e) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(13) $14,000,000 of the state route number 520 civil penalties account—state appropriation is provided solely for the department to continue to work with the Seattle department of transportation in their joint planning, design, right-of-way acquisition, outreach, and operation of the remaining west side elements including, but not limited to, the Montlake lid, the bicycle/pedestrian path, the effective network of transit connections, and the Portage Bay bridge of the SR 520 Bridge Replacement and HOV project.

(14) $1,056,000 of the motor vehicle account—federal appropriation and $38,000 of the motor vehicle account—state appropriation are provided solely for the 31st Ave SW Overpass Widening and Improvement project (L1100048).

(15) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2017, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(16) For urban corridors that are all or partially within a metropolitan planning organization boundary, for which the department has not initiated environmental review, and that require an environmental impact statement, at least one alternative must be consistent with the goals set out in RCW 47.01.440.

(17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2016 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(18) (($552,869,000)) $44,742,000 of the motor vehicle account—federal appropriation, (($4,439,000)) $4,381,000 of the motor vehicle account—state appropriation, and (($1,085,000)) $529,000 of the motor vehicle account—private/local appropriation are provided solely for fish passage barrier and chronic deficiency improvements (0B14001).

(19) Any new advisory group that the department convenes during the 2015-2017 fiscal biennium must consider the interests of the entire state of Washington.

(20) Except as provided otherwise in this section, the entire connecting Washington account appropriation is provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2016-1)) 2017-1, as developed March ((7, 2016)) 25, 2017, $4,000,000 project (M00600R) in LEAP Transportation Document ((2016-1)) 2017-1 as developed March ((7, 2016)) 25, 2017. Program - Highway Improvements Program (I).

(21) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue $50,000,000 in federal funds to pay for this project to supplant state funds in the future. $50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(22) Of the amounts allocated to the Puget Sound Gateway project (M00600R) in LEAP Transportation Document ((2016-4)) 2017-1 as developed March ((7, 2016)) 25, 2017, $4,000,000 must be used to complete the bridge connection at 28th/24th Street over state route number 509 in the city of SeaTac. The bridge connection must be completed prior to other construction on the state route number 509 segment of the project.

(23) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.
(24) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county’s process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(25) (($1,500,000)) $901,000 of the motor vehicle account—state appropriation is provided solely for the department to complete an interchange justification report (IJR) for the U.S. 2 trestle, covering the state route number 204 and 20th Street interchanges at the end of the westbound structure.

(a) The department shall develop the IJR in close collaboration with affected local jurisdictions, including Snohomish county and the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe.

(b) Within the amount provided for the IJR, the department must address public outreach and the overall operational approval of the IJR.

(c) The department shall complete the IJR and submit the final report to the governor and the transportation committees of the legislature by July 1, 2018.

(26)(a) The department must conduct outreach to local transit agencies during the planning process for highway construction projects led by the department.

(b) The department must develop process recommendations for best practices in minimizing impacts to transit and freight during project construction. A report on best practices must be submitted to the transportation committees of the legislature by December 1, 2016.

(27) The legislature finds that project efficiencies and savings may be gained by combining the I-5 Marine Drive project (15OTC1A1) and the SR 529/I-5 Interchange project (N52900R). The department must deliver them as one project, the I-5 Peak Hour Use Lanes and Interchange Improvements project (L2000229), using a design-build approach.

(28)(a) The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be impeded by the I-90/Two-Way Transit and HOV Improvements project. ((The department must continue to work with the city of Mercer Island to address potential access solutions as the project nears completion.)) One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather-in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high occupancy vehicle lane with a reasonable and safe distance provided for single-occupancy vehicles to merge into the general purpose lanes. A final access solution must consider all safety, operational, and enforcement requirements, not benefit one group of commuters at the expense of another group, and meet applicable requirements of state and federal law.

(b) The department may not close or restrict, in any way, the westbound on-ramp from Island Crest Way to the current westbound Interstate 90 general purpose lanes until a mutually acceptable final access solution has been reached.

(7) Funding is included in the future biennia of the LEAP transportation document referenced in subsection (1) of this section for future vessel purchases. Given that the recent purchase of new vessels varies from the current long range plan, the department shall include in its updated long range plan revised estimates for new vessel costs, size, and purchase time frames. Additionally, the long range plan must include a vessel retirement schedule and associated reserve vessel policy recommendations.

(8) $325,000 of the Puget Sound capital construction account—state appropriation is provided solely for the ferry system to participate in the development of one account-based system for customers of both the ferry system and tolling system. The department must establish a group that includes, but is not limited to, the department of commerce and entities or individuals experienced with vessel engineering and EB-5 financing for the purpose of evaluating the feasibility of the EB-5 immigrant investor program. The department must deliver a report containing the results of the evaluation to the transportation committees of the legislature and the office of financial management by December 1, 2015.

FUND TRANSFERS

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in the LEAP list titled (2016-1) 2017-1 as developed March (7, 2016) 25, 2017, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. However, this section does not apply to the I-5/Columbia River Crossing project (400506A). For the 2015-2017 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;
(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;
(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2016 supplemental omnibus transportation appropriations act, any unexpended 2013-2015 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;
(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;
(e) Transfers may not occur for projects not identified on the applicable project list;
(f) Transfers may not be made while the legislature is in session; and
(g) Transfers between projects may be made, without the approval of the director of the office of financial management, by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chairs of the house of representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) The office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(1) Research demonstrates that registered nurses play a critical role in improving patient safety and quality of care;

(2) Appropriate staffing of hospital personnel including registered nurses available for patient care assists in reducing errors, complications, and adverse patient care events and can improve staff safety and satisfaction and reduce incidences of workplace injuries;

(3) Health care professional, technical, and support staff comprise vital components of the patient care team, bringing their particular skills and services to ensuring quality patient care;

(4) Assuring sufficient staffing of hospital personnel, including registered nurses, is an urgent public policy priority in order to protect patients and support greater retention of registered nurses and safer working conditions; and

(5) Steps should be taken to promote evidence-based nurse staffing and increase transparency of health care data and decision making based on the data.

Sec. 1412. RCW 70.41.420 and 2008 c 47 s 3 are each amended to read as follows:

(1) By September 1, 2008, each hospital shall establish a nurse staffing committee, either by creating a new committee or assigning the functions of a nurse staffing committee to an existing committee. At least one-half of the members of the nurse staffing committee shall be registered nurses currently providing direct patient care and up to one-half of the members shall be determined by the hospital administration. The selection of the registered nurses providing direct patient care shall be according to the collective bargaining agreement if there is one in effect at

the hospital. If there is no applicable collective bargaining agreement, the members of the nurse staffing committee who are registered nurses providing direct patient care shall be selected by their peers.

(2) Participation in the nurse staffing committee by a hospital employee shall be on scheduled work time and compensated at the appropriate rate of pay. Nurse staffing committee members shall be relieved of all other work duties during meetings of the committee.

(3) Primary responsibilities of the nurse staffing committee shall include:

(a) Development and oversight of an annual patient care unit and shift-based nurse staffing plan, based on the needs of patients, to be used as the primary component of the staffing budget. Factors to be considered in the development of the plan should include, but are not limited to:

(i) Census, including total numbers of patients on the unit on each shift and activity such as patient discharges, admissions, and transfers;

(ii) Level of intensity of all patients and nature of the care to be delivered on each shift;

(iii) Skill mix;

(iv) Level of experience and specialty certification or training of nursing personnel providing care;

(v) The need for specialized or intensive equipment;

(vi) The architecture and geography of the patient care unit, including but not limited to placement of patient rooms, treatment areas, nursing stations, medication preparation areas, and equipment;

(vii) Staffing guidelines adopted or published by national nursing professional associations, specialty nursing organizations, and other health professional organizations;

(viii) Availability of other personnel supporting nursing services on the unit; and

(ix) Strategies to enable registered nurses to take meal and rest breaks as required by law or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff;

(b) Semiannual review of the staffing plan against patient need and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the hospital;

(c) Review, assessment, and response to staffing variations or concerns presented to the committee.

(4) In addition to the factors listed in subsection (3)(a) of this section, hospital finances and resources ((may)) must be taken into account in the development of the nurse staffing plan.

(5) The staffing plan must not diminish other standards contained in state or federal law and rules, or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff.

(6) The committee will produce the hospital’s annual nurse staffing plan. If this staffing plan is not adopted by the hospital, the chief executive officer shall provide a written explanation of the reasons why the plan was not adopted to the committee. The chief executive officer must then either: (a) Identify those elements of the proposed plan being changed prior to adoption of the plan by the hospital or (b) prepare an alternate annual staffing plan that must be adopted by the hospital. Beginning January 1, 2019, each hospital shall submit its staffing plan to the department and thereafter on an annual basis and at any time in between that the plan is updated.

(7) Beginning January 1, 2019, each hospital shall implement the staffing plan and assign nursing personnel to each patient care unit in accordance with the plan.

(a) A registered nurse may report to the staffing committee any variations where the nurse personnel assignment in a patient care unit is not in accordance with the adopted staffing plan and may make a complaint to the committee based on the variations.

(b) Shift-to-shift adjustments in staffing levels required by the plan may be made by the appropriate hospital personnel overseeing patient care operations. If a registered nurse on a patient care unit objects to a shift-to-shift adjustment, the registered nurse may submit the complaint to the staffing committee.

(c) Staffing committees shall develop a process to examine and respond to data submitted under (a) and (b) of this subsection, including the ability to determine if a specific complaint is resolved or dismissing a complaint based on unsubstantiated data.

(8) Each hospital shall post, in a public area on each patient care unit, the nurse staffing plan and the nurse staffing schedule for that shift on that unit, as well as the relevant clinical staffing for that shift. The staffing plan and current staffing levels must also be made available to patients and visitors upon request.

(((9))) (9) A hospital may not retaliate against or engage in any form of intimidation of:

(a) An employee for performing any duties or responsibilities in connection with the nurse staffing committee; or

(b) An employee, patient, or other individual who notifies the nurse staffing committee or the hospital administration of his or her concerns on nurse staffing.

(((10))) (10) This section is not intended to create unreasonable burdens on critical access hospitals under 42 U.S.C. Sec. 1395i-4. Critical access hospitals may develop flexible approaches to accomplish the requirements of this section that may include but are not limited to having nurse staffing committees work by telephone or electronic mail.

NEW SECTION. Sec. 1413. A new section is added to chapter 70.41 RCW to read as follows:

The submitted evidence must include the aggregate data contained in the complaints submitted to the hospital’s nurse staffing committee that indicate a continuing pattern of unresolved violations for a minimum sixty-day continuous period leading up to receipt of the complaint by the department.

(C) The department may not investigate a complaint under this subsection (1)(a)(iv) in the event of unforeseeable emergency circumstances or if the hospital, after consultation with the nurse staffing committee, documents it has made reasonable efforts to obtain staffing to meet required assignments but has been unable to do so.

(b) After an investigation conducted under (a) of this subsection, if the department determines that there has been a violation, the department shall require the hospital to submit a corrective plan of action within forty-five days of the presentation of findings from the department to the hospital.
(2) In the event that a hospital fails to submit or submits but fails to follow such a corrective plan of action in response to a violation or violations found by the department based on a complaint filed pursuant to subsection (1) of this section, the department may impose, for all violations asserted against a hospital at any time, a civil penalty of one hundred dollars per day until the hospital submits or begins to follow a corrective plan of action or takes other action agreed to by the department.

(3) The department shall maintain for public inspection records of any civil penalties, administrative actions, or license suspensions or revocations imposed on hospitals under this section.

(4) For purposes of this section, "unforeseeable emergency circumstance" means:

(a) Any unforeseen national, state, or municipal emergency;
(b) When a hospital disaster plan is activated;
(c) Any unforeseen disaster or other catastrophic event that substantially affects or increases the need for health care services; or
(d) When a hospital is diverting patients to another hospital or hospitals for treatment or the hospital is receiving patients who are from another hospital or hospitals.

(5) Nothing in this section shall be construed to preclude the ability to otherwise submit a complaint to the department for failure to follow RCW 70.41.420.

(6) The department shall submit a report to the legislature on December 31, 2020. This report shall include the number of complaints submitted to the department under this section, the disposition of these complaints, the number of investigations conducted, the associated costs for complaint investigations, and recommendations for any needed statutory changes. The department shall also project, based on experience, the impact, if any, on hospital licensing fees over the next four years. Prior to the submission of the report, the secretary shall convene a stakeholder group consisting of the Washington state hospital association, the Washington state nurses association, service employees international union healthcare 1199NW, and united food and commercial workers 21. The stakeholder group shall review the report prior to its submission to review findings and jointly develop any legislative recommendations to be included in the report.

(7) No fees shall be increased to implement this act prior to July 1, 2021.

NEW SECTION. Sec. 1414. This act expires June 1, 2023.
NEW SECTION. Sec. 1415. This act may be known and cited as the Washington state patient safety act."

The legislature intends to streamline its already comprehensive system of tracking and treating opioid abuse by: Reducing barriers to the siting of opioid treatment programs; ensuring ease of access for prescribers, including those prescribers who provide services in opioid treatment programs, to the prescription monitoring program in order to provide patient follow-up and care coordination, including directing care to opioid treatment programs in the area as appropriate to the patient following an overdose event.

The legislature finds that in 2015 an average of two Washington residents died per day in this state from opioid overdose and that opioid overdose deaths have more than doubled between 2010 and 2015.

The legislature further finds that medically prescribed opioids intended to treat pain have contributed to the opioid epidemic and although Washington has done much to address the prescribing and tracking of opioid prescriptions, more needs to be done to ensure proper prescribing and use of opioids and access to treatment. This includes allowing local health officers to access the prescription monitoring program in order to provide patient follow-up and care coordination, including directing care to opioid treatment programs in the area as appropriate to the patient following an overdose event.

The legislature intends to implement a system of tracking and treating opioid abuse by: Reducing barriers to the siting of opioid treatment programs; ensuring ease of access for prescribers, including those prescribers who provide services in opioid treatment programs, to the prescription monitoring program; allowing facilities and practitioners to use the information received under the prescription monitoring program for the purpose of providing individual prescriber quality improvement feedback; and requiring the boards and commissions of the health care professions with prescriptive authority to adopt rules establishing requirements for prescribing opioid drugs with the goal of reducing the number of people who
inadvertently become addicted to opioids and, consequently, reducing the burden on opioid treatment programs.

Beginning November 15, 2017, the department shall annually report to the governor and the appropriate committees of the legislature on the number of facilities, entities, or provider groups identified in RCW 70.225.040(3) (i) and (m) that have integrated their federally certified electronic health records with the prescription monitoring program utilizing the state health information exchange.

Sec. 1426. RCW 71.24.560 and 2016 sp.s c 29 s 506 are each amended to read as follows:

(1) All approved ((opiate substitution)) opioid treatment programs that provide services to women who are pregnant are required to disseminate up-to-date and accurate health education information to all their pregnant clients concerning the possible addiction and health risks that their ((opiate substitution)) treatment may have on their baby. All pregnant clients must also be advised of the risks to both them and their baby associated with not remaining on the ((opiate substitution)) opioid treatment program. The information must be provided to these clients both verbally and in writing. The health education information provided to the pregnant clients must include referral options for the ((addicted)) substance-exposed baby.

(2) The department shall adopt rules that require all ((opiate)) opioid treatment programs to educate all pregnant women in their program on the benefits and risks of ((methadone)) medication-assisted treatment to their fetus before they are provided these medications, as part of their ((addiction)) treatment. The department shall meet the requirements under this subsection within the appropriations provided for ((opiate)) opioid treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational materials to all certified ((opiate)) opioid treatment programs.

Sec. 1427. RCW 71.24.585 and 2016 sp.s c 29 s 519 are each amended to read as follows:

The state of Washington declares that there is no fundamental right to ((opiate substitution)) medication-assisted treatment for opioid use disorder. The state of Washington further declares that while ((opiate substitution drugs)) medications used in the treatment of ((opiate dependency)) opioid use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons ((addicted or habituated to opioids)) with opioid use disorder. The state of Washington
recognizes as evidence-based for the management of opioid use disorder the medications approved by the federal food and drug administration for the treatment of opioid use disorder. (Opiate substitution) Medication-assisted treatment should only be used for participants who are deemed appropriate to need this level of intervention (and should not be the first treatment intervention for all opiate addicts). Providers must inform patients of all treatment options available. The provider and the patient shall consider alternative treatment options, like abstinence, when developing the treatment plan. If medications are prescribed, follow up must be included in the treatment plan in order to work towards the goal of abstinence.

Because (opiate substitution drugs, used in the treatment of opiate dependency are addictive and are listed as a schedule II) some such medications are controlled substance in chapter 69.50 RCW, the state of Washington ((has)) maintains the legal obligation and right to regulate the (use of opiate substitution treatment. The state of Washington declares its authority to control and regulate carefully, in consultation with counties and cities, all clinical uses of opiate substitution drugs used in the treatment of opiate addiction) clinical uses of these medications in the treatment of opioid use disorder.

Further, the state declares that the (primary) main goal of opiate substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life. The state recognizes that a small percentage of persons who participate in (opiate substitution) opioid treatment programs require treatment for an extended period of time. (Opiate substitution) Opioid treatment programs shall provide a comprehensive transition program to eliminate substance use, including (opiate and opiate substitute addiction) opioid use of program participants.

NEW SECTION. Sec. 1428. A new section is added to chapter 71.24 RCW to read as follows:

The state declares that a person lawfully possessing or using lawfully prescribed medication for the treatment of opioid use disorder must be treated the same in judicial and administrative proceedings as a person lawfully possessing or using other lawfully prescribed medications.

Sec. 1429. RCW 71.24.590 and 2001 c 242 s 2 are each amended to read as follows:

(a) Consult with the county legislative authorities in the area in which an applicant proposes to locate a program and the city legislative authority in any city in which an applicant proposes to locate a program;

(b) Certify only programs that will be sited in accordance with the appropriate county or city land use ordinances. Counties and cities may require conditional (or special) use permits with reasonable conditions for the siting of programs. Pursuant to RCW 36.70A.200, no local comprehensive plan or development regulation may preclude the siting of essential public facilities;

(c) Not discriminate in its certification decision on the basis of the corporate structure of the applicant;

(d) Consider the size of the population in need of treatment in the area in which the program would be located and certify only applicants whose programs meet the necessary treatment needs of that population;

(((4))) (g) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature, including abstinence from opiates and opiate substitutes, obtaining mental health treatment, improving economic independence, and reducing adverse consequences associated with illegal use of controlled substances)) in RCW 71.24.585. The department shall prioritize certification to applicants who have demonstrated such capability and are able to measure their success in meeting such outcomes;

(((4))) (h) Hold (at least) one public hearing in the (county) community in which the facility is proposed to be located (and one hearing in the area in which the facility is proposed to be located)). The department shall notify all appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

(2) A county may impose a maximum capacity for a program of not less than three hundred fifty participants if necessary to address specific local conditions cited by the county.

(3) A program applying for certification from the department and a program applying for a contract from a state agency that has been denied the certification or contract shall be provided with a written notice specifying the rationale and reasons for the denial.

(((3))) (4) For the purpose of this chapter, (opiate substitution) opioid treatment program means:

(a) Dispensing ((an opiate substitution drug)) a medication approved by the federal drug administration for the treatment of (opiate addiction) opioid use disorder and dispensing medication for the reversal of opioid overdose; and

(b) Providing a comprehensive range of medical and rehabilitative services.

When making a decision on an application for licensing or certification of a program, the department shall:

(a) Consult with the county legislative authorities in the area in which an applicant proposes to locate a program and the city legislative authority in any city in which an applicant proposes to locate a program;

(b) License or certify only programs that will be sited in accordance with the appropriate county or city land use ordinances. PERSONAL PRIVILEGE

Senator Sheldon: "Thank you Mr. President. While you and Senator Baumgartner have engaged in some interesting banter about history 400 b.c., I have some recollections that are not quite that old. I was recently appointed to a, by you Mr. President, a conference committee. And we haven’t had conference committees here in the Senate for a long long time. But the first conference committee that I was appointed to, I think was in 1991 or perhaps 1992, and at that time we had something known as a free conference. They are all free conferences my esteemed floor leader says. But in those days you could change the entire bill. The four conferees would go in a room, and they had the ability to make all the changes they wanted. And the bill that I was a conferee on was one, I forget the number, but it was one in the House and it was bill about the spotted owl, and what was the state’s response to this crisis that was happening in rural communities. The two main conferees were Senator Ann Anderson from the 42nd Legislative District from Acme, who was Chair of the Senate committee and Representative Jennifer Belcher from Thurston County who was the Chair of the Natural Resources Committee. So being a young member, I took this very seriously. I attended all the negotiations for this bill. They were up on the fourth floor here and that took twenty hours. Twenty hours of negotiations, but both of those chairs were running for Commissioner of Public Lands and there was some differences of opinion. But I do remember when finally the bill was developed and the bill was voted on on the floor, and after the session the voting records came out, and of course my caucus was voting for me while I was spending twenty hours upstairs. I had a one hundred percent voting record with labor that year, so, it is a very interesting conference committee."

REPLY BY THE PRESIDENT

President Habib: “Senator Sheldon, that does go back to the Jurassic Era when you had a one hundred percent labor voting record. Thank you. I was in fifth grade that year. So, thank you for that.”

MESSAGE FROM THE HOUSE

April 18, 2017

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5815 with the following amendment(s): 5815-S AMEENGR H2705.E

Strike everything after the enacting clause and insert the following:

"Sec. 1436. RCW 74.60.005 and 2015 2nd sp.s. c 5 s 1 are each amended to read as follows:

(1) The purpose of this chapter is to provide for a safety net assessment on certain Washington hospitals, which will be used solely to augment funding from all other sources and thereby support additional payments to hospitals for medicaid services as specified in this chapter.

(2) The legislature finds that federal health care reform will result in an expansion of medicaid enrollment in this state and an increase in federal financial participation.

(3) In adopting this chapter, it is the intent of the legislature:

(a) To impose a hospital safety net assessment to be used solely for the purposes specified in this chapter;

(b) To generate approximately ((nine hundred seventy-five million)) one billion dollars per state fiscal biennium in new state and federal funds by disbursing all of that amount to pay for medicaid hospital services and grants to certified public expenditure hospitals and critical access hospitals, except costs of administration as specified in this chapter, in the form of additional payments to hospitals and managed care plans, which may not be a substitute for payments from other sources, but which include quality improvement incentive payments under RCW 74.09.611;

(c) To generate two hundred ninety-two million dollars per biennium during the (2015-2017 and) 2017-2019 and 2019-2021 biennia in new funds to be used in lieu of state general fund payments for medicaid hospital services;

(d) That the total amount assessed not exceed the amount needed, in combination with all other available funds, to support the payments authorized by this chapter;

(e) To condition the assessment on receiving federal approval for receipt of additional federal financial participation and on continuation of other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the (levels) rates the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization; and

(f) For each of the two biennia starting with fiscal year (2016) to 2018 to generate:

(i) Four million dollars for new integrated evidence-based psychiatry residency program slots that did not receive state funding prior to 2016 at the integrated psychiatry residency program at the University of Washington; and

(a) Any unexpended balance in the fund at the end of a fiscal year shall carry over into the following fiscal year or that fiscal year and the following fiscal year and shall be applied to reduce the amount of the assessment under RCW 74.60.050(1)(c).

(b) Any amounts remaining in the fund after July 1, 2021, shall be refunded to hospitals, pro rata according to the amount paid by the hospital since July 1, 2013, subject to the limitations of federal law.

(2) All assessments, interest, and penalties collected by the authority under RCW 74.60.030 and 74.60.050 shall be deposited into the fund.

(3) Disbursements from the fund are conditioned upon appropriation and the continued availability of other funds sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization.

(e) To repay the federal government for any excess payments made to hospitals from the fund if the assessments or payment increases set forth in this chapter are deemed out of compliance with federal statutes and regulations in a final determination by a court of competent jurisdiction with all appeals exhausted. In such a case, the authority may require hospitals receiving excess payments to refund the payments in question to the fund. The state in turn shall return funds to the federal government in the same proportion as the original financing. (f) (Beginning in state fiscal year 2015,) To pay an amount sufficient, when combined with the maximum available amount of federal funds necessary to provide a one percent increase in medicaid hospital inpatient rates to hospitals eligible for quality improvement incentives under RCW 74.09.611. By June 1, 2018, and by each June 1 thereafter, the authority, in cooperation with the department of health, must certify that each hospital eligible to receive quality improvement incentives under the terms of this chapter has met the reporting requirements in RCW 43.70.052 and 70.01.040 for the prior period. (i) Two million dollars for new integrated evidence-based psychiatry residency program slots that did not receive state funding prior to 2016 at the integrated psychiatry residency program at the University of Washington; and

(ii) Four million one hundred thousand dollars for new family medicine residency program slots that did not receive state funding prior to 2016, as directed through the family medicine residency network at the University of Washington, for slots where residents are employed by hospitals.

Sec. 1439. RCW 74.60.030 and 2015 2nd sp.s. c 5 s 3 are each amended to read as follows:

(1)(a) Upon satisfaction of the conditions in RCW 74.60.150(1), and so long as the conditions in RCW 74.60.150(2) have not occurred, an assessment is imposed as set forth in this subsection. Assessment notices must be sent on or about thirty
days prior to the end of each quarter and payment is due thirty days thereafter.

(b) Effective July 1, 2015, and except as provided in RCW 74.60.050:

(i) Each prospective payment system hospital, except psychiatric and rehabilitation hospitals, shall pay a quarterly assessment. Each quarterly assessment shall be no more than one quarter of three hundred ((fifty)) eighty dollars for each annual nonmedicare hospital inpatient day, up to a maximum of fifty-four thousand dollars per year. For each nonmedicare hospital inpatient day in excess of fifty-four thousand days, each prospective payment system hospital shall pay ((an)) a quarterly assessment of one quarter of seven dollars for each such day unless such assessment amount or threshold needs to be modified to comply with applicable federal regulations;

(ii) Each critical access hospital shall pay a quarterly assessment of one quarter of ten dollars for each annual nonmedicare hospital inpatient day;

(iii) Each psychiatric hospital shall pay a quarterly assessment of no more than one quarter of seventy-four dollars for each annual nonmedicare hospital inpatient day;

(iv) Each rehabilitation hospital shall pay a quarterly assessment of no more than one quarter of seventy-four dollars for each annual nonmedicare hospital inpatient day.

(2) The authority shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare hospital inpatient days for each hospital that is not exempt from the assessment under RCW 74.60.040. The authority shall obtain inpatient data from the hospital's 2552 cost report data file or successor data file available through the centers for medicare and medicaid services, as of a date to be determined by the authority. For state fiscal year ((2016)) 2017, the authority shall use cost report data for hospitals' fiscal years ending in ((2012)) 2013. For subsequent years, the hospitals' next succeeding fiscal year cost report data must be used.

(a) With the exception of a prospective payment system hospital commencing operations after January 1, 2009, for any hospital without a cost report for the relevant fiscal year, the authority shall work with the affected hospital to identify appropriate supplemental information that may be used to determine annual nonmedicare hospital inpatient days.

(b) A prospective payment system hospital commencing operations after January 1, 2009, must be assessed in accordance with this section after becoming an eligible new prospective payment system hospital as defined in RCW 74.60.010.

Sec. 1440. RCW 74.60.050 and 2015 2nd sp.s. c 5 s 4 are each amended to read as follows:

(1) The authority, in cooperation with the office of financial management, shall develop rules for determining the amount to be assessed to individual hospitals, notifying individual hospitals of the assessed amount, and collecting the amounts due. Such rule making shall specifically include provision for:

(a) Transmittal of notices of assessment by the authority to each hospital informing the hospital of its nonmedicare hospital inpatient days and the assessment amount due and payable;

(b) Interest on delinquent assessments at the rate specified in RCW 82.32.050; and

(c) Adjustment of the assessment amounts in accordance with subsection (2) of this section.

(2) For ((state fiscal year 2016 and)) each ((subsequent)) state fiscal year, the assessment amounts established under RCW 74.60.030 must be adjusted as follows:

(a) If sufficient other funds, including federal funds, are available to make the payments required under this chapter and fund the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f) without utilizing the full assessment under RCW 74.60.030, the authority shall reduce the amount of the assessment to the minimum levels necessary to support those payments;

(b) If the total amount of inpatient ((and)) and outpatient supplemental payments under RCW 74.60.120 is in excess of the upper payment limit and the entire excess amount cannot be disbursed by additional payments to managed care organizations under RCW 74.60.130, the authority shall proportionately reduce future assessments on prospective payment hospitals to the level necessary to generate additional payments to hospitals that are consistent with the upper payment limit plus the maximum permissible amount of additional payments to managed care organizations under RCW 74.60.130;

(c) If the amount of payments to managed care organizations under RCW 74.60.130 cannot be distributed because of failure to meet federal actuarial soundness or utilization requirements or other federal requirements, the authority shall apply the amount that cannot be distributed to reduce future assessments to the level necessary to generate additional payments to managed care organizations that are consistent with federal actuarial soundness or utilization requirements or other federal requirements;

(d) If required in order to obtain federal matching funds, the maximum number of nonmedicare inpatient days at the higher rate provided under RCW 74.60.030((1)(b)(i)) may be adjusted in order to comply with federal requirements;

(e) If the number of nonmedicare inpatient days applied to the rates provided in RCW 74.60.030 will not produce sufficient funds to support the payments required under this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f), the assessment rates provided in RCW 74.60.030 may be increased proportionately by category of hospital to amounts no greater than necessary in order to produce the required level of funds needed to make the payments specified in this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f); and

(f) Any actual or estimated surplus remaining in the fund at the end of the fiscal year must be applied to reduce the assessment amount for the subsequent fiscal year or that fiscal year and the following fiscal years prior to and including fiscal year ((2013)) 2021.

(3)(a) Any adjustment to the assessment amounts pursuant to this section, and the data supporting such adjustment, including, but not limited to, relevant data listed in (b) of this subsection, must be submitted to the Washington state hospital association for review and comment at least sixty calendar days prior to implementation of such adjusted assessment amounts. Any review and comment provided by the Washington state hospital association does not limit the ability of the Washington state hospital association or its members to challenge an adjustment or other action by the authority that is not made in accordance with this chapter.

(b) The authority shall provide the following data to the Washington state hospital association sixty days before implementing any revised assessment levels, detailed by fiscal year, beginning with fiscal year 2011 and extending to the most recent fiscal year, except in connection with the initial assessment under this chapter:

(i) The fund balance;

(ii) The amount of assessment paid by each hospital;

(iv) The state share, federal share, and total annual medicaid fee-for-service payments for outpatient hospital services made to each hospital under RCW 74.60.120, and the data used to
calculate annual payments to individual hospitals under that section;

(v) The annual state share, federal share, and total payments made to each hospital under each of the following programs:

Grants to certified public expenditure hospitals under RCW 74.60.090, for critical access hospital payments under RCW 74.60.100; and disproportionate share programs under RCW 74.60.110;

(vi) The data used to calculate annual payments to individual hospitals under (b)(v) of this subsection; and

(vii) The amount of payments made to managed care plans under RCW 74.60.130, including the amount representing additional premium tax, and the data used to calculate those payments.

(c) On a monthly basis, the authority shall provide the Washington state hospital association the amount of payments made to managed care plans under RCW 74.60.130, including the amount representing additional premium tax, and the data used to calculate those payments.

Sec. 1441. RCW 74.60.090 and 2015 2nd sp.s. c 5 s 5 are each amended to read as follows:

1. In each fiscal year commencing upon satisfaction of the applicable conditions in RCW 74.60.150(1), funds must be disbursed from the fund and the authority shall make grants to certified public expenditure hospitals, which shall not be considered payments for hospital services, as follows:

(a) University of Washington medical center: Ten million five hundred fifty-five thousand dollars in each state fiscal year ((2016)) 2018 through ((2019)) 2021 paid as follows, except if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be distributed in a given fiscal year, the amounts in this subsection (((ii) and (iii))) must be reduced proportionately:
