PART 2

DEPARTMENT OF CORRECTIONS

Sec. 21. RCW 72.09.010 and 1995 1st sp.s. c 19 s 2 are each amended to read as follows:
It is the intent of the legislature to establish a comprehensive system of corrections for convicted law violators within the state of Washington to accomplish the following objectives.

1. The highest duty of the department and the secretary is to ensure the public safety. The system should be designed and managed to provide the maximum feasible safety for the persons and property of the general public, the staff, and the inmates.

2. The system should punish the offender for violating the laws of the state of Washington. This punishment should generally be limited to the denial of liberty of the offender.

3. The system should positively impact offenders by stressing personal responsibility and accountability and by discouraging recidivism.

4. The system should treat all offenders fairly and equitably without regard to race, religion, sex, national origin, residence, or social condition.

5. The system, as much as possible, should reflect the values of the community including:
   a. Avoiding idleness. Idleness is not only wasteful but destructive to the individual and to the community.
   b. Adoption of the work ethic. It is the community expectation that all individuals should work and through their efforts benefit both themselves and the community.
   c. Providing opportunities for self improvement. All individuals should have opportunities to grow and expand their skills and abilities so as to fulfill their role in the community.
   d. Linking the receipt or denial of privileges to responsible behavior and accomplishments. The individual who works to improve himself or herself and the community should be rewarded for these efforts. As a corollary, there should be no rewards for no effort.
   e. Sharing in the obligations of the community. All citizens, the public and inmates alike, have a personal and fiscal obligation in the corrections system. All communities must share in the responsibility of the corrections system.

6. The system should provide for prudent management of resources. The avoidance of unnecessary or inefficient public expenditures on the part of offenders and the department is essential. Offenders must be accountable to the department, and the department to the public and the legislature. The human and fiscal resources of the community are limited. The management and use of these resources can be enhanced by wise investment, productive programs, the reduction of duplication and waste, and the joining together of all involved parties in a common endeavor. Since most offenders return to the community, it is wise for the state and the communities to make an investment in effective rehabilitation programs for offenders and the wise use of resources.

7. The system should provide for restitution. Those who have damaged others, persons or property, have a responsibility to make restitution for these damages.

8. The system should be accountable to the citizens of the state. In return, the individual citizens and local units of government must meet their responsibilities to make the corrections system effective.

9. The system should meet those national standards which the state determines to be appropriate.

NEW SECTION. Sec. 22. A new section is added to chapter 72.09 RCW to read as follows:

To ensure public safety and the administration of justice, if the department has actual knowledge or reason to believe that a computer calculation error is or has caused an error in the calculation of the release date for any prisoner, the department shall immediately manually calculate the release date of that prisoner as well as the release dates of any similarly sentenced prisoners.

NEW SECTION. Sec. 23. A new section is added to chapter 72.09 RCW to read as follows:

On December 1st of each year, and in compliance with RCW 43.01.036, the department must submit a report to the governor and relevant policy and fiscal committees of the legislature that details any information technology backlog at the department along with specific requirements and plans to address such backlog.

PART 3

JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE

NEW SECTION. Sec. 24. (1) Pursuant to chapter 43.09 RCW, the joint legislative audit and review committee must conduct a performance audit of the information technology and records related units at the department of corrections, including:

a. The administrative structure of the units, including whether the units should be restructured to respond efficiently to changes in sentencing laws and other emergent issues;

b. The sufficiency of staffing levels and expertise at each of the units;

c. An evaluation of the advance corrections project's impact on workload and staff resources at each of the units.

2. The joint legislative audit and review committee shall report its findings to the governor and relevant policy and fiscal committees of the legislature by December 1, 2018.

PART 4

SENTENCING REFORM

NEW SECTION. Sec. 25. A new section is added to chapter 9.94A RCW to read as follows:

In consultation with the administrative office of the courts, superior court judges’ association, Washington association of prosecuting attorneys, Washington association of criminal defense lawyers, Washington public defender association, and Washington association of county clerks, the department shall develop a mandatory sentencing elements worksheet. The worksheet shall be used to identify and record the elements of the court's order that are required by the department to calculate an offender's confinement term, and community custody term when ordered. The Washington administrative office of the courts must include the mandatory sentencing elements worksheet in a specific section within its felony judgment and sentence forms.

Sec. 26. RCW 9.94A.480 and 2011 1st sp.s. c 40 s 27 are each amended to read as follows:

1. A current, newly created or reworked judgment and sentence document for each felony sentencing shall record any and all recommended sentencing agreements or plea agreements and the sentences for any and all felony crimes kept as public records under RCW 9.94A.475 shall contain the clearly printed name and legal signature of the sentencing judge. The judgment and sentence document as defined in this section shall also provide additional space for the sentencing judge's reasons for going either above or below the presumptive sentence range for any and all felony crimes covered as public records under RCW 9.94A.475. In addition, each felony judgment and sentence document must contain in a specific section the mandatory sentencing elements worksheet developed by the department of corrections in section 16 of this act. Both the sentencing judge and the prosecuting attorney's office shall each retain or receive a completed copy of each sentencing document as defined in this section for their own records.

2. The caseload forecast council shall be sent a completed copy of the judgment and sentence document upon conviction for each felony sentencing under subsection (1) of this section.
(3) If any completed judgment and sentence document as defined in subsection (1) of this section is not sent to the caseload forecast council as required in subsection (2) of this section, the caseload forecast council shall have the authority and shall undertake reasonable and necessary steps to assure that all past, current, and future sentencing documents as defined in subsection (1) of this section are received by the caseload forecast council.

Sec. 27. RCW 9.94A.585 and 2002 c 290 s 19 are each amended to read as follows:

(1) A sentence within the standard sentence range, under RCW 9.94A.510 or 9.94A.517, for an offense shall not be appealed. For purposes of this section, a sentence imposed on a first-time offender under RCW 9.94A.650 shall also be deemed to be within the standard sentence range for the offense and shall not be appealed.

(2) A sentence outside the standard sentence range for the offense is subject to appeal by the defendant or the state. The appeal shall be to the court of appeals in accordance with rules adopted by the supreme court.

(3) Pending review of the sentence, the sentencing court or the court of appeals may order the defendant confined or placed on conditional release, including bond.

(4) To reverse a sentence which is outside the standard sentence range, the reviewing court must find: (a) Either that the reasons supplied by the sentencing court are not supported by the record which was before the judge or that those reasons do not justify a sentence outside the standard sentence range for that offense; or (b) that the sentence imposed was clearly excessive or clearly too lenient.

(5) A review under this section shall be made solely upon the record that was before the sentencing court. Written briefs shall not be required and the review and decision shall be made in an expedited manner according to rules adopted by the supreme court.

(6) The court of appeals shall issue a written opinion in support of its decision whenever the judgment of the sentencing court is reversed and may issue written opinions in any other case where the court believes that a written opinion would provide guidance to sentencing courts and others in implementing this chapter and in developing a common law of sentencing within the state.

(7) The department may petition for a review of a sentence committing an offender to the custody or jurisdiction of the department. The review shall be limited to errors of law or to address a missing, incomplete, or illegible mandatory sentencing elements section required pursuant to RCW 9.94A.480(1). Such petition shall be filed with the court of appeals no later than ninety days after the department has actual knowledge of terms of the sentence. The petition shall include a certification by the department that all reasonable efforts to resolve the dispute at the superior court level have been exhausted.

NEW SECTION. Sec. 28. (1) Subject to the availability of amounts appropriated for this specific purpose, the sentencing guidelines commission shall contract for the services of one or more external consultants to evaluate the state's sentencing laws and practices. The consultant must have demonstrated experience in conducting significant research studies and demonstrated successful experience in evaluating sentencing systems or practices. The evaluation must include:

(a) Recommendations for changing and improving sentencing laws and practices to:
   (i) Reduce complexity and implementation challenges;
   (ii) Reduce unwarranted disparity;
   (iii) Increase postconviction review;
   (iv) Reduce costs to taxpayers;
   (v) Promote fairness and equity;

   (vi) Reduce unintended and unnecessary impacts on the community; and
   (vii) Achieve the intended purposes of sentencing as set forth in RCW 9.94A.010;

(b) Recommendations for:
   (i) A phased prospective and retroactive implementation of any proposed changes; and
   (ii) Establishing an ongoing review of sentencing laws and practices; and

(c) An assessment of:
   (i) Sentence lengths among different categories of offenders;
   (ii) Whether those sentences conform to current research literature on the relationship between sentence lengths and recidivism;
   (iii) Sentencing changes adopted by the legislature since 1981, including frequency, nature, and impact;

   (iv) Disparity in sentencing laws between similarly situated offenders, including the rationale for such disparities;

   (v) The impact of the elimination of the parole system; and

   (vi) The state's sentencing laws and practices as compared to other states and other sentencing models.

(2) The consultant shall work cooperatively with the sentencing guidelines commission members to obtain any additional recommendations or input consistent with the purposes of this section. Recommendations from the sentencing guidelines commission shall be included in the consultant's final report.

(3) The consultant may request data and information needed to accomplish its work from the office of financial management, the caseload forecast council, the administrative office of the courts, the department of corrections, and the department of social and health services, and such data and information must be provided to the consultant.

(4) The consultant shall complete its evaluation and submit a report to the commission, the joint legislative task force on criminal sentencing under section 20 of this act, the appropriate committees of the legislature, and the governor by September 1, 2018. The contract for services must include a requirement for three briefings before the legislature to take place during the 2018 interim and 2019 regular legislative session, including for the joint legislative task force on sentencing, the house of representatives, and the senate.

(5) This section expires July 1, 2019.

The task force must consider recommendations that:
   (a) Reduce sentencing complexity while reducing punishment;

REMARKS BY THE PRESIDENT

President Habib: “The President and Secretary Goodman would together like to, on behalf of the state Senate, acknowledge and give our profound gratitude to Andy Staubitz and his entire team. Particularly all of those who we may not be seeing during the interim, those who step up and serve the state and serve us in the state Senate, providing security for us during our session. Often believing that it will be 105 days, sometimes serving for 180 days, but we would not be able to do what we do here in the state Senate without the tremendous professionalism and courage of those who serve us and the public and all the staff here in the Senate, each and every day that we do that. So I would just like to ask the Senate to join me in thanking them for all of there service to our state.”

The Senate rose and recognized the service and contributions made by the Sergeant At Arms staff during the 2017 sessions.

PART II
COMMUNITY CUSTODY: CONCURRENT
Sec. 201. RCW 9.94A.589 and 2015 2nd sp.s. c 3 s 13 are each amended to read as follows:
(1)(a) Except as provided in (b), (c), or (d) of this subsection, whenever a person is to be sentenced for two or more current offenses, the sentence range for each current offense shall be determined by using all other current and prior convictions as if they were prior convictions for the purpose of the offender score: PROVIDED, That if the court enters a finding that some or all of the current offenses encompass the same criminal conduct then those current offenses shall be counted as one crime. Sentences imposed under this subsection shall be served concurrently. Consecutive sentences may only be imposed under the exceptional sentence provisions of RCW 9.94A.535. “Same criminal conduct,” as used in this subsection, means two or more crimes that require the same criminal intent, are committed at the same time and place, and involve the same victim. This definition applies in cases involving vehicular assault or vehicular homicide even if the victims occupied the same vehicle.

(b) Whenever a person is convicted of two or more serious violent offenses arising from separate and distinct criminal conduct, the standard sentence range for any offenses that are not serious violent offenses shall be determined according to (a) of this subsection. All sentences imposed under this subsection (1)(b) shall be served consecutively to each other and concurrently with sentences imposed under (a) of this subsection. However, unless the court expressly orders that the community custody terms run consecutively to each other, such terms shall run concurrently to each other even if the court orders the confinement terms to run consecutively to each other.

(c) If an offender is convicted under RCW 9.41.040 for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, the standard sentence range for each of these current offenses shall be determined by using all other current and prior convictions, except other current convictions for the felony crimes listed in this subsection (1)(c), as if they were prior convictions. The offender shall serve consecutive sentences for each conviction of the felony crimes listed in this subsection (1)(c), and for each firearm unlawfully possessed.

(d) All sentences imposed under RCW 46.61.502(6), 46.61.504(6), or 46.61.5055(4) shall be served consecutively to any sentences imposed under RCW 46.20.740 and 46.20.750.

(2)(a) ((Except as provided in (b) of this subsection,)) Whenever a person while under sentence for conviction of a felony commits another felony and is sentenced to another term of confinement, the latter term of confinement shall not begin until expiration of all prior terms of confinement. However, any terms of community custody shall run concurrently to each other, unless the court pronouncing the current sentence expressly orders that they be served consecutively.

(b) Whenever a second or later felony conviction results in consecutive community ((supervision)) custody with conditions not currently in effect, under the prior sentence or sentences of community ((supervision)) custody the court may require that the conditions of community ((supervision)) custody contained in the second or later sentence begin during the immediate term of community ((supervision)) custody and continue throughout the duration of the consecutive term of community ((supervision)) custody.

(3) Subject to subsections (1) and (2) of this section, whenever a person is sentenced for a felony that was committed while the person was not under sentence for conviction of a felony, the sentence shall run concurrently with any felony sentence which has been imposed by any court in this or another state or by a federal court subsequent to the commission of the crime being sentenced unless the court pronouncing the current sentence expressly orders that (these) the confinement terms be served consecutively to each other. Unless the court expressly orders that the community custody terms run consecutively, such terms run concurrently to each other even if the court orders the confinement terms to run consecutively to each other.

(4) Whenever any person granted probation under RCW 9.95.210 or 9.92.060, or both, has the probationary sentence revoked and a prison sentence imposed, that sentence shall run consecutively to any sentence imposed pursuant to this chapter, unless the court pronouncing the subsequent sentence expressly orders that they be served concurrently.

(5) ((In the case of consecutive sentences,)) All periods of total confinement shall be served before any partial confinement, community ((restitution, community supervision)) custody, or any other requirement or conditions of any of the sentences. ((Except for exceptional sentences as authorized under RCW 9.94A.535, if two or more sentences that run consecutively include periods of community supervision, the aggregate of the community supervision period shall not exceed twenty-four months.))

Sec. 202. RCW 9.94B.050 and 2003 c 379 s 4 are each amended to read as follows:
When a court sentences an offender to a term of total confinement in the custody of the department for any of the offenses specified in this section, the court shall sentence the offender to a term of community placement as provided in this section. Except as provided in RCW 9.94A.501, the department shall supervise any sentence of community placement imposed under this section.

(1) The court shall order a one-year term of community placement for the following:
(a) A sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990; or
(b) An offense committed on or after July 1, 1988, but before July 25, 1999, that is:
(i) Assault in the second degree;
(ii) Assault of a child in the second degree;
(iii) A crime against persons where it is determined in accordance with RCW (9.94A.602) 9.94A.825 that the offender or an accomplice was armed with a deadly weapon at the time of commission; or
(iv) A felony offense under chapter 69.50 or 69.52 RCW not sentenced under RCW 9.94A.660.
(2) The court shall sentence the offender to a term of community placement of two years or up to the period of earned release awarded pursuant to RCW 9.94A.728, whichever is longer, for:
(a) An offense categorized as a sex offense committed on or after July 1, 1990, but before June 6, 1996, including those sex offenses also included in other offense categories;
(b) A serious violent offense other than a sex offense committed on or after July 1, 1990, but before July 1, 2000; or
(c) A vehicular homicide or vehicular assault committed on or after July 1, 1990, but before July 1, 2000.
(3) The community placement ordered under this section shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release. When the court sentences an offender to the statutory maximum sentence then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible. Any period of community custody actually served shall be credited against the community placement portion of the sentence. The community placement shall run concurrently to any period of probation, parole, community supervision, community placement, or community custody previously imposed by any court in any jurisdiction, unless the court pronouncing the current sentence expressly orders that they be served consecutively to each other.
(4) Unless a condition is waived by the court, the terms of any community placement imposed under this section shall include the following conditions:
(a) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
(b) The offender shall work at department-approved education, employment, or community restitution, or any combination thereof;
(c) The offender shall not possess or consume controlled substances except pursuant to lawfully issued prescriptions;
(d) The offender shall pay supervision fees as determined by the department; and
(e) The residence location and living arrangements shall be subject to the prior approval of the department during the period of community placement.
(5) As a part of any terms of community placement imposed under this section, the court may also order one or more of the following special conditions:
(a) The offender shall remain within, or outside of, a specified geographical boundary;
(b) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;
(c) The offender shall participate in crime-related treatment or counseling services;
(d) The offender shall not consume alcohol; or
(e) The offender shall comply with any crime-related prohibitions.
(6) An offender convicted of a felony sex offense against a minor victim after June 6, 1996, shall comply with any terms and conditions of community placement imposed by the department relating to contact between the sex offender and a minor victim or a child of similar age or circumstance as a previous victim.

NEW SECTION. Sec. 203. A new section is added to chapter 9.94B RCW to read as follows:
Except for exceptional sentences as authorized under RCW 9.94A.535, if two or more sentences that run consecutively include periods of community supervision that the court has expressly ordered to run consecutively, the aggregate of the community supervision period shall not exceed twenty-four months.

NEW SECTION. Sec. 204. The department of corrections must recalculate the scheduled end dates for terms of community custody, community supervision, and community placement so that they run concurrently to previously imposed sentences of community custody, community supervision, community placement, probation, and parole. This section applies to each offender currently in confinement or under active supervision, regardless of whether the offender is sentenced after the effective date of this section, and regardless of whether the offender's date of offense occurred prior to the effective date of this section or after.

NEW SECTION. Sec. 205. The legislature declares that the department of corrections' recalculations of community custody terms pursuant to this act do not create any expectations that a particular community custody term will end before July 1, 2017, and offenders have no reason to conclude that the recalculation of their community custody terms before July 1, 2017, is an entitlement or creates any liberty interest in their community custody term ending before July 1, 2017.

NEW SECTION. Sec. 206. The department of corrections has the authority to begin implementing sections 201 through 204 of this act upon the effective date of this section.

PART III

(2) Notwithstanding the provisions of RCW 9.94A.701, until June 30, 2019, the court may sentence an offender to community custody for a term of one year when the court sentences the person to the custody of the department for theft of a motor vehicle (RCW 9A.56.065), possession of a stolen vehicle (RCW 9A.56.068), taking a motor vehicle without permission in the first degree (RCW 9A.56.070), taking a motor vehicle without permission in the second degree (RCW 9A.56.075), or a crime against property with a prior conviction for one of the preceding motor vehicle crimes.

The department shall consult with the Washington state institute for public policy in guiding its data tracking efforts and preparing the report.
(5) This section expires December 31, 2020.

(2) The legislature further finds that a large portion of property crimes in Washington are committed by habitual offenders. NEW SECTION. Sec. 502. A new section is added to chapter 9.94A RCW to read as follows:

If the court finds beyond a reasonable doubt that the person is a habitual property offender, the person shall be sentenced in accordance with RCW 9.94A.533(15).

(3) For purposes of this section, a person is a habitual property offender if:

(a) The present felony conviction for which the person is being sentenced is for residential burglary, burglary in the second degree, theft in the first degree, theft in the second degree, theft of a firearm, unlawful issuance of checks or drafts, organized retail theft, theft with special circumstances, or mail theft;

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. other sentencing provisions, including other firearm or deadly
weapon enhancements, for all offenses sentenced under this
chapter. However, whether or not a mandatory minimum term has

exceed the statutory maximum for the offense, the portion of
the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the
standard sentence range if the offender or an accomplice
committed the offense while in a county jail or state correctional

standard sentence range for felony crimes committed on or after
July 1, 2006, if the offense was committed with sexual

motivation, as that term is defined in RCW 9.94A.030. If the
offender is being sentenced for more than one offense, the sexual
motivation enhancement must be added to the total period of total
confinement for all offenses, regardless of which underlying
offense is subject to a sexual motivation enhancement. If the
offender committed the offense with sexual motivation and the
offender is being sentenced for an anticipatory offense under
chapter 9A.28 RCW, the following additional times shall be
added to the standard sentence range determined under subsection
(2) of this section based on the felony crime of conviction as

before any earned early release time is credited to the offender;

The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. (19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, ((ae)) Taking a Motor Vehicle Without Permission 2, Malicious Mischief 1 (motor vehicle), or Malicious Mischief 2

Senator O’Ban: “Senator Padden, amendment 322 to the striking amendment on Senate Bill 5934, removes the declaration that state law enforcement, the court, or DOC may not be prohibited from investigating the legal presence of a person or identifying a defendant’s legal presence on a judgment and sentence form or any other investigatory or arrest materials provided to the department after conviction. As you know, the Department of Corrections is required under RCW 10.70.140 to inquire as to the nationality of persons committed to its facilities and if it shall appear that the person is an alien, to immediately notify the United States Immigration officer in charge of the district where the facility is located. Is Senate Bill 5934 intended to limit, in any way, the duty of the Department of Corrections to fulfill this statutory duty?”

Senator Padden: “Thank you, Senator O’Ban. I understand there has been some concern regarding the application of the language contained in Senate Bill 5934.

This bill as amended retains a provision that the Department must inquire as to a person's immigration status prior to the issuance of an identicard in a manner consistent with RCW 10.70.140. We have contacted the Department are assured that it will continue to perform the inquiries as to immigration status of those in its custody and to continue interact with and provide information to the United States Immigration authorities as required by law. By December 15, 2017, the administrative office of the courts, in collaboration with stakeholders, including but not limited to judges, prosecutors, defense attorneys, the department of social and health services, behavioral health advocates, and families, shall: (1) Develop and publish on its web site a user's guide to assist pro se litigants in the preparation and filing of a petition under RCW 71.05.201; and (2) develop a model order of detention under RCW 71.05.201 which contains an advisement of rights for the detained person.

NEW SECTION. Sec. 812. Sections 1 and 3 of this act expire April 1, 2018.

NEW SECTION. Sec. 813. Sections 2 and 4 of this act take effect April 1, 2018.

Part Two – Less Restrictive Alternative Revocations

Sec. 814. RCW 71.05.590 and 2015 c 250 s 13 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated mental health professional, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order ((if)). The agency, facility, or designated mental health professional ((determines)) must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel((,)) or advise((, or admonish)) the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated mental health professional, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or evaluation and treatment facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated mental health professional or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated mental health professional when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated mental health professional or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person...
subject to a court order under this section to be apprehended and
taken into custody and temporary detention in an evaluation and
treatment facility in or near the county in which he or she is
receiving outpatient treatment, or initiate proceedings under this
subsection (4) without ordering the apprehension and detention of
the person.

(b) A person detained under this subsection (4) must be held
until such time, not exceeding five days, as a hearing can be
scheduled to determine whether or not the person should be
returned to the hospital or facility from which he or she had been
released. If the person is not detained, the hearing must be
scheduled within five days of service on the person. The
designated mental health professional or the secretary may
modify or rescind the order at any time prior to commencement
of the court hearing.

(c) The designated mental health professional or secretary shall
((notify the court that originally ordered commitment within two
judicial days of a person's detention and)) file a revocation
petition and order of apprehension and detention with the court
((and)) of the county where the person is currently located or
being detained. The designated mental health professional shall
serve the person and their attorney, guardian, and conservator, if
any. The person has the same rights with respect to notice,
hearing, and counsel as in any involuntary treatment proceeding,
except as specifically set forth in this section. There is no right to
jury trial. The venue for proceedings ((regarding a petition for
modification or revocation must be in)) the county ((in which))
where the petition ((was)) is filed. Notice of the filing must be
provided to the court that originally ordered commitment, if
different from the court where the petition for revocation is filed,
within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The
person adhered to the terms and conditions of the court order; (ii)
substantial deterioration in the person's functioning has occurred;
(iii) there is evidence of substantial decompensation with a
reasonable probability that the decompensation can be reversed
by further inpatient treatment; or (iv) there is a likelihood of
serious harm; and, if any of the above conditions apply, whether
the court should reinstate or modify the person's less restrictive
alternative or conditional release order or the person's
detention for inpatient treatment. The person may waive the court
hearing and allow the court to enter a stipulated order upon
the agreement of all parties. If the court orders detention for inpatient
therapy, the treatment period may be for no longer than the
period authorized in the original court order.

(e) Revocation proceedings under this subsection (4) are not
allowable if the current commitment is solely based on the person
being in need of assisted outpatient mental health treatment. In
order to obtain a court order for detention for inpatient treatment
under this circumstance, a petition must be filed under RCW
71.05.150 or 71.05.153.

(5) In determining whether or not to take action under this
section the designated mental health professional, agency, or
facility must consider the factors specified under RCW 71.05.212
and the court must consider the factors specified under RCW
71.05.245 as they apply to the question of whether to enforce,
modify, or revoke a court order for involuntary treatment.

Sec. 815. RCW 71.05.590 and 2016 sp.s c 29 s 242 are each
amended to read as follows:

(1) Either an agency or facility designated to monitor or
provide services under a less restrictive alternative order or
conditional release order, or a designated crisis responder, may
take action to enforce, modify, or revoke a less restrictive
alternative or conditional release order ((determines)) or a
person's condition and, as a result, presents an increased likelihood
of serious harm.

(2) Actions taken under this section must include a flexible
range of responses of varying levels of intensity appropriate to the
circumstances and consistent with the interests of the individual
and the public in personal autonomy, safety, recovery, and
compliance. Available actions may include, but are not limited to,
any of the following:

(a) To counsel((,)) or advise((, or admonish)) the person as to
their rights and responsibilities under the court order, and to offer
appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to
the person by increasing the frequency of contacts with the
provider, referring the person for an assessment for assertive
community services, or by other means;

(c) To request a court hearing for review and modification of the
court order. The request must be made to the court with
jurisdiction over the order and specify the circumstances that give
rise to the request and what modification is being sought. The
county prosecutor shall assist the agency or facility in requesting
this hearing and issuing an appropriate summons to the person.

(3) The facility or agency designated to provide outpatient
treatment shall notify the secretary or designated crisis responder
when a person fails to adhere to terms and conditions of court
ordered treatment or experiences substantial deterioration in his
or her condition and, as a result, presents an increased likelihood
of serious harm.

(a) A designated crisis responder or the secretary may upon
their own motion or notification by the facility or agency
designated to provide outpatient care order a person subject to a
must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

**Sec. 816.** RCW 71.05.590 and 2016 sp. s c 29 s 243 are each amended to read as follows:

1. Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order ((if)). The agency, facility, or designated crisis responder ((determines)) must determine that:
   a. The person is failing to adhere to the terms and conditions of the court order;
   b. Substantial deterioration in the person's functioning has occurred;
   c. There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or
   d. The person poses a likelihood of serious harm.

2. Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:
   a. To counsel((,)) or advise((, or admonish)) the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;
   b. To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;
   c. To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;
   d. To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility or an approved substance use disorder treatment program if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and
(e) To initiate revocation procedures under subsection (4) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary shall (notify the court that originally ordered commitment within two judicial days of a person's detention and) file a revocation petition and order of apprehension and detention with the court ((and)) of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings (regarding a petition for modification or revocation must be in)) is the county ((in which)) where the petition ((was)) is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation cannot be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

(e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

(5) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Part Three – Initial Detention Investigations

Sec. 817. RCW 71.05.154 and 2013 c 334 s 1 are each amended to read as follows:

((A)) If a person subject to evaluation under RCW 71.05.150 or 71.05.153 is located in an emergency room at the time of evaluation, the designated mental health professional conducting (am) the evaluation ((of a person under RCW 71.05.150 or 71.05.153 must consult with any examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and whether, in the view of the physician, detention is appropriate. The designated mental health professional)) shall take serious consideration of observations and opinions by any examining emergency room physician((s)), advanced registered nurse practitioner, or physician assistant in determining whether detention under this chapter is appropriate. The designated mental health professional must document (the) his or her consultation with (an examining emergency room physician) this professional, ((including)) if the professional is available, or his or her review of the ((physician's)) professional's written observations or opinions regarding whether detention of the person is appropriate.

Sec. 818. RCW 71.05.154 and 2016 sp.s c 29 s 214 are each amended to read as follows:

((A)) If a person subject to evaluation under RCW 71.05.150 or 71.05.153 is located in an emergency room at the time of evaluation, the designated crisis responder conducting (am) the evaluation ((of a person under RCW 71.05.150 or 71.05.153 must consult with any examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and whether, in the view of the physician, detention is appropriate. The designated crisis responder)) shall take serious consideration of observations and opinions by an examining emergency room physician((s)), advanced registered nurse practitioner, or physician assistant in determining whether detention under this chapter is appropriate. The designated crisis responder must document (the) his or her consultation with (an examining emergency room physician) this professional, ((including)) if the professional is available, or his or her review of the ((physician's)) professional's written observations or opinions regarding whether detention of the person is appropriate.

Part Four – Evaluation and Petition by Chemical Dependency Professionals

Sec. 819. RCW 70.96A.140 and 2016 sp.s c 29 s 102 are each amended to read as follows:

(1)(a) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of (chemical dependency), a substance use disorder, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.
If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020.

(b) If placement in a (chemical dependency) substance use disorder treatment program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for withdrawal management, sobering services, or (chemical dependency) substance use disorder treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person (is chemically dependent) has a substance use disorder and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment.

(c) If involuntary detention is sought, the petition must state facts that support a finding of the grounds identified in (b) of this subsection and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition must state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition must state facts that support a finding of the grounds for commitment identified in (b) of this subsection and set forth the proposed less restrictive alternative.

(d)(i) The petition must be signed by:

(A) ((Two physicians;)) One physician, physician assistant, or advanced registered nurse practitioner; and

(B) ((One physician and a mental health professional;))

(C) One physician assistant and a mental health professional; or

(D) One psychiatric advanced registered nurse practitioner and a mental health professional.

(ii) The persons signing the petition must have examined the person whose commitment is sought.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.710, in which case the hearing shall be held within seventy-two hours of the filing of the petition. The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person ((is chemically dependent)) has a substance use disorder shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or ((mental health professional)) designated chemical dependency specialist, he or she shall be given an opportunity to be examined by a court appointed licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or other professional person qualified to provide such services. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may take a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4)(a) If, after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by a preponderance of the evidence and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of the person or others, it shall make an order of commitment to an approved substance use disorder treatment program. It shall not order commitment of a person unless it determines that an approved substance use disorder treatment program is available and able to provide adequate and appropriate treatment for him or her.

(b) If the court finds that the grounds for commitment have been established by a preponderance of the evidence, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment. The less restrictive order may impose treatment conditions and other conditions that are in the best interest of the respondent and others. A copy of the less restrictive order must be given to the respondent, the designated chemical dependency specialist, and any program designated to provide less restrictive treatment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. The court may not order commitment of a person to a less restrictive course of treatment unless it determines that an approved substance use disorder treatment program is...
available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed to inpatient treatment under this section shall remain in the program for treatment for a period of fourteen days unless sooner discharged. A person committed to a less restrictive course of treatment under this section shall remain in the program of treatment for a period of ninety days unless sooner discharged. At the end of the fourteen-day period, or ninety-day period in the case of a less restrictive alternative to inpatient treatment, he or she shall be discharged automatically unless the program or the designated chemical dependency specialist, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days of inpatient treatment or ninety days of less restrictive alternative treatment unless sooner discharged. The petition for ninety-day inpatient or less restrictive alternative treatment must be filed with the clerk of the court at least three days before expiration of the fourteen-day period of intensive treatment.

If the petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The minor may seek review of that decision made by the designated chemical dependency specialist shall apply for recommitment if the incapacity no longer exists; or further treatment will not be likely to improve the person's condition, or treatment is no longer adequate or appropriate.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed. The court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian, if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsections (3) and (4) of this section, except that the burden of proof upon a hearing for recommitment must be proof by clear, cogent, and convincing evidence.

(7) The approved substance use disorder treatment program shall provide for adequate and appropriate treatment of a person committed to its custody on an inpatient or outpatient basis. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a ((chemically dependent)) person with a substance use disorder committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a ((chemically dependent)) person with a substance use disorder committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, designated chemical dependency specialist, or other professional person of his or her choice who is qualified to provide such services. If the person is unable to obtain a qualified person and requests an examination, the court shall employ a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, designated chemical dependency specialist, or other professional person to conduct an examination and testify on behalf of the person.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary inpatient treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived

unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions. The grounds and procedures for revocation of less restrictive alternative treatment ordered by the court must be the same as those set forth in this section for less restrictive care arranged by an approved substance use disorder treatment program as a condition for early release.

The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

A petition may only be filed if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person’s condition and finds that the condition is caused by mental disorder or substance use disorder and results in a likelihood of serious harm, results in the person being gravely disabled, or results in the person being in need of assisted outpatient mental health treatment, and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for involuntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

The persons signing the petition must have examined the person.

(b) If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of a mental disorder or as a result of a substance use disorder, presents a likelihood of serious harm, is gravely disabled, or is in need of assisted outpatient mental health treatment, and shall set forth any recommendations for less restrictive alternative treatment services; and

(5) A copy of the petition has been served on the detained or committed person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The petition reflects that the person was informed of the loss of firearm rights if involuntarily committed for mental health treatment; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated crisis responder may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide less restrictive alternative treatment is other than the facility providing
involuntary treatment, the outpatient facility so designated to provide less restrictive alternative treatment has agreed to assume such responsibility.

(2)(a)(i) The petition shall summarize the facts which support the need for further commitment and shall be supported by affidavits based on an examination of the patient and signed by:

(((a))) (A) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(((b))) (B) One physician ((and a)), physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional;

(c) One physician assistant and a mental health professional; or

The designated crisis responder shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, the prosecuting attorney, and the behavioral health organization administrator, and provide a copy of the petition to such persons as soon as possible. The behavioral health organization administrator or designee may review the petition and may appear and testify at the full hearing on the petition.

(2) At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney, his or her right to a jury trial, and, if the petition is for commitment for mental health treatment, his or her loss of firearm rights if involuntarily committed. The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. The department may require additional periodic verification that the airplane remains exempt from registration under this subsection (5)(c)(ii) and that written statements conform with the provisions of RCW 9A.72.085;

(v) Not able to engage in any of the activities described in (a)(i) through (iv) of this subsection due to a documented medical condition.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent and in foster care at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. (13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there
is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(14) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 ((and 74.13.032 through)), 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

In setting the amount of any initial payment made pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080, the secretary is authorized to establish maximum payment amounts that are reasonable and allow permanency planning goals related to adoption of children under RCW 13.34.145 to be achieved at the earliest possible date. To encourage adoption of children between the ages of fourteen and eighteen, and in particular those children between the ages of fourteen and eighteen who are hard to place for adoption, the secretary is authorized to include as part of any new negotiated adoption agreement executed after the effective date of this section continued eligibility for the Washington college bound scholarship pursuant to RCW 28B.118.010.

The amounts paid for the support of a child pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080 may vary from family to family and from year to year. Due to changes in economic circumstances or the needs of the child such payments may be discontinued and later resumed.

Payments under RCW 26.33.320 and 74.13A.005 through 74.13A.080 may be continued by the secretary subject to review as provided for herein, if such parent or parents having such child in their custody establish their residence in another state or a foreign jurisdiction.

In fixing the standards to govern the amount and character of payments to be made for the support of adopted children pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080 and before issuing rules and regulations to carry out the provisions of RCW 26.33.320 and 74.13A.005 through 74.13A.080, the secretary shall consider the comments and recommendations of the committee designated by the secretary to advise him or her with respect to child welfare.

Sec. 60. RCW 74.13A.030 and 1996 c 130 s 2 are each amended to read as follows:

In lieu of continuing payments, or in addition to them, the secretary may make one or more specific lump sum payments for or on behalf of a hard to place child either to the adoptive parents or directly to other persons to assist in correcting any condition causing such child to be hard to place for adoption.

Consistent with a particular child's needs, continuing adoption support payments shall include, if necessary to facilitate or support the adoption of a special needs child, an amount sufficient to remove any reasonable financial barrier to adoption as determined by the secretary under RCW (74.13.112) 74.13A.025.
After determination by the secretary of the amount of a payment or the initial amount of continuing payments, the prospective parent or parents who desire such support shall sign an agreement with the secretary providing for the payment, in the manner and at the time or times prescribed in regulations to be issued by the secretary subject to the provisions of RCW 26.33.320 and (74.13.100 through 74.13.145)) 74.13A.005 through 74.13A.080, of the amount or amounts of support so determined.

This subsection applies prospectively to adoption assistance agreements established on or after July 1, 2013, through June 30, 2017.

(4)(a) The department must request, in writing, that adoptive families with existing adoption support contracts renegotiate their contracts to establish lower adoption assistance payments if it is fiscally feasible for the family to do so. The department shall explain that adoption support contracts may be renegotiated as needs arise.

For a student who does not meet the "C" average requirement, and who completes fewer than two quarters in the running start program, under chapter 28A.600 RCW, the student's first quarter of running start course grades must be excluded from the student's overall grade point average for purposes of determining their eligibility to receive the scholarship.

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(6) If at graduation from high school the student's family income does not exceed sixty-five percent of the state median family income, scholarship award amounts shall be as provided in this section.

(a) For students attending two or four-year institutions of higher education as defined in RCW 28B.10.016, the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.
(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington or the representative average of awards granted to students in public research universities in Washington in the 2014-15 academic year, whichever is greater.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington or the representative average of awards granted to students in public community and technical colleges in Washington in the 2014-15 academic year, whichever is greater.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.

(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

Sec. 75. RCW 26.44.030 and 2017 c 118 s 1 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, state family and children's ombuds or any volunteer in the ombuds's office, or host home program has reasonable cause to believe that a child has suffered abuse or neglect, the report must be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(2) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is
received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation;

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes, but is not limited to, sexual abuse and sexual exploitation as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW, or by the department of early learning.

(c) The department may not be held civily liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(12)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW
26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(13) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report; however, upon parental agreement, the family assessment response period may be extended up to ninety days;

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian ((sign an agreement)) agree to participate in services before services are initiated ((that)). The department shall inform((s)) the parents of their right under family assessment response, all of their options, and the options the department has if the parents do not ((sign the consent form)) agree to participate in services.

(14)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(15) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(16) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(17)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(18) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(19) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(20) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(21) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian.

(22) The department shall make available on its public web site a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and Spanish languages. Organizations that include employees or volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

(a) Who is required to report child abuse and neglect;

(b) The standard of knowledge to justify a report;

(c) The definition of reportable crimes;

(d) Where to report suspected child abuse and neglect; and

(e) What should be included in a report and the appropriate timing.

NEW SECTION. Sec. 76. (1) The department of social and health services, with technical consultation from the caseload forecast council and associated technical work groups, shall review the forecasts of licensed foster care to ensure that all youth in licensed foster care are included in the caseload forecast and that maintenance level costs associated with these youth, not including costs associated with behavioral rehabilitation services, are accurately calculated.
(2) The department of social and health services shall submit a report detailing their findings and any recommendations associated with this review to the governor and the appropriate committees of the legislature no later than December 1, 2017.

(3) This section expires January 1, 2018.

NEW SECTION. Sec. 77. Section 2 of this act takes effect only if neither Second Engrossed Second Substitute House Bill No. 1661 (including any later amendments or substitutes) nor Substitute Senate Bill No. 5498 (including any later amendments or substitutes) is signed into law by the governor by the effective date of this section.

(1) The sums of $648,000 from the state general fund for fiscal year 2018 and $648,000 from the state general fund for fiscal year 2019, or so much thereof as may be necessary, are each appropriated to the office of civil legal aid and are provided solely for the office to provide legal representation for foster children in two counties at the initial shelter care hearing in dependency proceedings prior to termination of parental rights.

(2)(a) The sum of $75,000, or so much thereof as may be necessary, is appropriated from the state general fund for fiscal year 2019 to the office of civil legal aid and is provided solely for the office to contract with the Washington state center for court research for a statistically reliable assessment of differential outcomes in dependency proceedings prior to termination of parental rights. The assessment must involve a randomized control test or other appropriate research methodology. The center may engage or otherwise associate with other research organizations, as appropriate, to help with data design, collection, and analysis. The assessment must compare impacts and outcomes for foster children who receive standards-based legal representation for those who are not represented by an attorney before termination of parental rights. The assessment must focus on dependent children in Grant, Lewis, Douglas, and Whatcom counties. The assessment must quantify differentials, if any, between the experience of children who are represented in the dependency proceeding and those who are not in relation to the following:

(i) The time to achieve permanency and permanency outcomes;

(ii) Educational, social, or other relevant child welfare indicators as determined relevant by the center including, but not limited to, relevant child welfare indicators identified through consultation with foster children, youth, and other stakeholders involved in the research assessment.

The assessment must also identify and project cost savings to the state, if any, as a result of providing legal representation for children at the shelter care hearing.

(b) The office of the superintendent of public instruction and the children's administration or a successor agency shall provide, in compliance with the federal family education rights and privacy act, the center with necessary data including necessary personal identifiers. The office of the superintendent of public instruction shall consult with the center to ensure the validity of data elements and the interpretation of results.

Subject to the availability of amounts appropriated during the 2019-2021 fiscal biennium or obtained from other sources, the center may continue the research assessment through December 31, 2021, and submit a supplemental report to the legislature. The report or reports may not include personal identifiers, or any personally identifiable information, as defined in the federal family educational rights and privacy act.

(d) The office of civil legal aid may apply for and receive grants, donations, or other contributions to help undertake this research assessment effort."

ENGROSSED SENATE BILL NO. 5867, by Senator Braun

Creating a flexible voluntary program to allow family members to provide personal care services to persons with developmental disabilities or long-term care needs under a consumer-directed Medicaid service program.

The bill was read on Third Reading.

MOTION

On motion of Senator Braun, the rules were suspended and Engrossed Senate Bill No. 5867 was returned to second reading for the purposes of amendment.

MOTION

Senator Van De Wege moved that the following striking floor amendment no. 323 by Senators Braun and Van De Wege be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 80. The legislature finds that the most common form of long-term care provided to persons who are elderly, disabled, or have a developmental disability is provided by a family member in a personal residence. The legislature also finds that care provided by a family member who is chosen by the recipient is often the most appropriate form of care, allowing vulnerable individuals to remain independent while maintaining a sense of dignity and choice. The current system of Medicaid services has complexities that may create obstacles for consumers who wish to be cared for by a family member and for family members who enter the system solely to provide care for their loved ones.

Therefore, the legislature intends to direct a study of the current options allowing for the delivery of Medicaid personal care services by caregivers who are family members of the state's citizens who are aging, disabled, or who have a developmental disability. The legislature intends to promote more flexibility for clients to access their benefits and to reduce obstacles for clients who wish to hire family members to provide their care.

NEW SECTION. Sec. 81. (1) The joint legislative executive committee on aging and disability is directed to explore legislation that would allow family members to provide personal care services to persons with developmental disabilities, or long-term care needs under a voluntary consumer-directed Medicaid service program. As part of this work, the committee must also include a discussion of consumer-directed approaches, including those approaches that allow family members of the consumer to provide care, and develop recommendations on:

(a) Promoting consumer health, safety, and autonomy;
(b) Ensuring adequate caregiver training and support;
(c) Verifying the quality and appropriateness of care;
(d) Reducing barriers for consumers who prefer to receive care from caregivers of their choosing, including family members; and
(e) Mitigating or minimizing potential liability issues that may arise in the context of consumer-directed programs.

(2) The joint legislative executive committee on aging and disability must submit a report with recommendations to the appropriate policy and fiscal committee of the legislature by July 1, 2018.

(3) This section expires July 1, 2018.

Sec. 82. RCW 74.39A.326 and 2009 c 571 s 1 are each amended to read as follows:

PARLIAMENTARY INQUIRY

Senator Braun: “Senate Rule 22 provides that a member may not vote on any question upon which he or she is ‘personally or directly interested.’ This bill contains a provision that reduces the B & O (Business and Occupation) tax rate for thousands of manufacturing businesses in the state. As you know, I am part owner in a manufacturing business that would see a reduction in its B & O tax rate. My question is, pursuant to Rule 22, should I abstain from voting?”

RULING BY THE PRESIDENT

President Habib: “Our Legislature is a citizen legislature, meaning that we expect that members have jobs and interests outside Olympia. We expect that some bills will touch your lives. It is my opinion that since your business is part of a very large class of businesses that will see a benefit through reduced taxes in this bill, and that this manufacturing class already exists — meaning that we are not carving out a new exemption or reduction that more narrowly benefits you or your business—your interest is not direct enough to prevent you from voting on this measure.

I would also remind you that Rule 22 also provides that every member within the bar of the Senate shall vote unless excused by a unanimous vote of the members present.”

Senator Nelson spoke against the motion to adjourn.

REMARKS BY THE PRESIDENT

President Habib: “Senator Nelson, a point of personal privilege, this is actually changed in the rules that this body adopted most recently, speaks directly to your ability to, that is unique to you, to participate in the legislative process. And the motion that Senator Fain made to adjourn is a debatable motion, so if you want to discuss whatever topic that you are trying to discuss pertinent to adjournment or not adjournment, I wouldn’t do it under the auspices of a point of personal privilege.”
Senator Nelson again spoke against the motion to adjourn.

REMARKS BY THE PRESIDENT

President Habib: “Senator Nelson, please do not impugn motives on other senators, particularly not with respect to elections or candidacy. That is out of order.”

The President declared the question before the Senate to be the motion by Senator Fain to adjourn until 12:00 o’clock noon, Monday, July 3, 2017. The motion did not carry on a rising vote.

MOTION

At 2:33 a.m., on motion of Senator Fain, the Senate was declared to be at ease subject to the call of the President.

The Senate was called to order at 3:45 a.m. by President Habib.

MOTION

Senator Fain moved that the Senate adjourn until 12:00 o'clock noon Monday, July 3, 2017.

MOTION

Senator Schoesler demanded that the previous question be put.
The President declared that at least two additional senators joined the demand and the demand was sustained.
The President declared the question before the Senate to be, “Shall the main question be now put?”
The motion by Senator Schoesler carried and the previous question was put by voice vote.

PARLIAMENTARY INQUIRY

Senator Frockt: “Mr. President, there was an objection prior to the motion to call the previous question. The objection was heard on the floor by the members on the floor immediately after the motion to adjourn.”

REPLY BY THE PRESIDENT

President Habib: “Senator Frockt, I did not hear anyone yell objection prior to that. Senator Liias, was that your point as well?”

REMARKS BY SENATOR LIIAS

Senator Liias: “Yes Mr. President. I actually said objection, I think three times, so I am sorry I didn’t yell it loud enough for you, but I did want to object to that motion and speak to the motion to adjourn.”

REPLY BY THE PRESIDENT

President Habib: “Senator Liias, would you like to state your objection to the motion? I am going to entertain the objection even though I didn’t hear it. If you have an objection of a parliamentary nature would you let me know what that is?”

REMARKS BY SENATOR LIIAS

Senator Liias: “My objection is that we have a bill I believe the Senate should take up before we adjourn. So I wanted the
opportunity to speak to the capital budget, Engrossed House Bill No. 1075, which is here before us. I wanted to make that point that we should consider the capital budget before we adjourn."

The President again declared the question before the Senate to be, "Shall the main question be now put?"

The motion by Senator Schoesler again carried and the previous question was put by voice vote.

The President declared the question before the Senate to be the motion by Senator Fain to adjourn until 12:00 o’clock noon Monday, July 3, 2017.

At 3:51 a.m., the motion by Senator Fain carried and the Senate was adjourned until 12:00 o’clock noon Monday, July 3, 2017.

MESSAGE FROM THE SECRETARY OF STATE

The Honorable President of the Senate
Legislature of the State of Washington
Olympia, Washington 98504

MR. PRESIDENT:

We respectfully transmit for your consideration the following bill which was partially vetoed by the Governor, together with the official veto message setting forth his objections to the sections or items of the bill, as required by Article III, section 12, of the Washington State Constitution:

Substitute Senate Bill No. 5883

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Seal of the state of Washington, this 3rd day of July, 2017.

(Seal)

MARK NEARY, Assistant Secretary of State

MESSAGE FROM THE GOVERNOR

June 30, 2017

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 103(4); 136(2); 150(8); 207(12); 213(1) (a), page 108, lines 37-39, through page 109, line 2, beginning with "The administration" and ending with "administrative costs.", 217(1); 217(2); 222(4); 302(2); 610(13); 734; 964(3); and 1213(1), page 455, lines 6-9, Substitute Senate Bill No. 5883 entitled:

"AN ACT Relating to fiscal matters."

Section 103(4), pages 4-5, Joint Legislative Audit and Review Committee, Evaluation of Market Rate Housing and Subsidized Housing Projects

This section creates an evaluation and comparison of the cost efficiency of market rate housing in Washington versus publicly subsidized housing projects intended to assist low-income households. The solution to our state's housing crisis is less a comparison between market rate and subsidized housing than it is a comprehensive set of all available options to meet a serious need. For this reason, I have vetoed Section 103(4).

Section 136(2), page 37, Department of Revenue, Contract with Sound Transit

This subsection requires the Department of Revenue to renegotiate its contract with Sound Transit for the collection of sales tax. The department is required to charge Sound Transit an administrative fee of 1 percent, which is more than is charged under the current contract. This will reduce the funding available for Sound Transit to deliver the voter-approved transit package. For these reasons, I have vetoed Section 136(2).

Section 150(8), page 48, Consolidated Technology Services Agency, Washington Business Onestop Portal

The operating budget does not provide the Consolidated Technology Services agency with revenue for continuation of this project, and assumes the agency will spend existing fund balance. However, there is not sufficient funding available to spend on this project. For these reasons, I have vetoed Section 150(8).

Section 207(12), pages 97-99, Department of Social and Health Services, Legislative-Executive 'WorkFirst Poverty Reduction Oversight Task Force

Funding is provided for a legislative-executive WorkFirst poverty reduction oversight task force with the primary goal of reducing the overall percentage of families and individuals living in poverty. However, Section 207(12) provides the task force with oversight of the partner agencies' operations related to the WorkFirst and Temporary Assistance for Needy Families program. While I agree with the primary goal to reduce intergenerational poverty, this oversight is beyond the scope and authority necessary to develop a comprehensive poverty reduction plan. Therefore, I have vetoed Section 207(12), and I am directing the Department of Social and Health Services to form a workgroup that includes members of the Legislature and appropriate state agencies to develop a plan to address this important issue.

Section 213(l)(a), page 108, lines 37-39, through page 109, line 2, beginning with "The administration" and ending with "administrative costs.", Health Care Authority, Pharmacy Preferred Drug List and Pharmacy Benefit Manager

This section requires a substantive change in the administration of the prescription drug benefit by requiring the use of a single pharmacy benefits manager. The remainder of the section is an appropriation that directs the implementation of a preferred drug list and related transparency and reporting requirements. The vetoed language is a distinct, separate subject, constituting a separate section. The constitution prohibits two subjects contained in one bill, and therefore, the budget bill may not contain substantive law. Exercising my constitutional line
item veto authority, I am removing this separate pharmacy benefit manager section from the budget bill. For this reason, I have vetoed Section 213(1)(a), page 108, lines 37-39, through page 109, line 2, beginning with "The administration" and ending with "administrative costs."

Section 217(1), pages 130-131, Department of Labor and Industries, Subminimum Teen Wage

This section requires the Department of Labor and Industries to engage in rule making to review the minimum wage for employees under eighteen years of age in light of the enactment of Initiative 1433. In development of the rule, the department must consider several areas of research and have a proposed rule for consideration by December 1, 2017.

I-1433 increased Washington State's minimum wage and provided paid sick leave. Low-wage workers, including teen workers, have not been able to keep up with the cost of living even though workers are producing more. Instead of suppressing wages, I am committed to investing in job creation and job opportunities for all workers, including options that provide incentives for employers to hire teen workers and invest in pre-apprenticeship programs. Finally, the Legislature has for the past three years considered reducing wages for workers under age 18, and every effort has failed. For these reasons, I have vetoed Section 217(1).

Section 217(2), page 131, Department of Labor and Industries, Occupational Disease Study

The Department of Labor and Industries is required to conduct a study on occupational disease claims, including where employment is the proximate cause of diseases and conditions that are covered under industrial insurance.

The 2011 Legislature directed the department to contract with a research entity to study the frequency and severity of occupational disease claims. The research found that the evidence suggests little reason for concern over Washington's system. The system has adequate checks and balances which ensure that only work-related conditions are compensated. For these reasons, I have vetoed Section 217(2).

Section 222(4), page 148, Employment Security Department, Center for Workers - King County

The Employment Security Department is to contract with a center for workers in King County to provide rapid response services for dislocated workers through state funds from the Administrative Contingency Account. The department has sufficient dedicated federal funds to provide statewide rapid response services, including in King County. This proviso is unnecessary and it limits the department's ability to provide comprehensive statewide services and leverage statewide efficiencies and collaboration. For these reasons, I have vetoed Section 222(4).

Section 302(2), pages 161-162, Department of Ecology, Burrowing Shrimp Control

This subsection requires the Department of Ecology to report on the status of its environmental review and possible issuance of a permit to allow use of the pesticide Imidacloprid to control burrowing shrimp. This subsection also requires Ecology to identify the steps it will take to ensure a viable and economically feasible alternative if the pesticide use is not permitted.

Burrowing shrimp is a serious problem for the shellfish industry in Willapa Bay and Grays Harbor. However, the proviso inappropriately assumes the outcome of the environmental review and permitting process.

For these reasons, I have vetoed Section 302(2). While I am vetoing this subsection, I am directing the Department of Ecology to complete the environmental review process as soon as possible and to keep the Legislature informed of its progress.

Section 610(13), page 250, The Evergreen State College, Local Government Study

This subsection requires the Washington State Institute for Public Policy (WSIPP) to study comparative constitutional and statutory obligations and revenue capacity of local governments, and provide a report of its research and findings to the Legislature by December 30, 2017. The study is outside the scope of typical research projects performed by WSIPP, and the funding level is insufficient to contract for the work within the short timeline. For these reasons, I have vetoed Section 610(13).

Section 734, pages 288-289, Transportation, Reductions to Agency Management

This section reduces funding for management positions in agencies funded in the transportation budget. This is an unnecessary reduction in funding and would impact the ability of agencies to recruit and retain qualified staff as the state embarks on the largest transportation investment package in Washington history. For these reasons, I have vetoed Section 734.

Section 964(3), page 329, Law Enforcement Officers' and Firefighters' Retirement System, (LEOFF) Distribution

This language expresses the Legislature's intent that future distributions to the Local Law Enforcement Officers' and Firefighters' Retirement System Benefits Improvement Account may include transfers from the LEOFF 2 pension fund. I have consistently vetoed similar provisions in the past, and I remain concerned about the wisdom of such transfers from a retirement fund. For this reason, I have vetoed Section 964(3).

Section 1213(1), page 455, lines 6-9, Health Care Authority, General Fund-State and Federal Appropriations

The Legislature did not provide the Health Care Authority with sufficient funding for Healthier Washington savings restoration. Without these funds, the Health Care Authority will be unable to close the state fiscal year. For this reason, I have vetoed Section 1213(1), page 455, lines 6 through 9. Because this veto will result in more General Fund-State than is necessary to close the state fiscal year, I am directing the Health Care Authority to place the $6.0 million GF-State appropriation into reserve.

For these reasons I have vetoed Sections 103(4); 136(2); 150(8); 207(12); 213(1)(a), page 108, lines 37-39, through page 109, line 2, beginning with "The administration" and ending with "administrative costs. "; 217(1); 217(2); 222(4); 302(2); 610(13); 734; 964(3); and 1213(1), page 455, lines 6-9 of Substitute Senate Bill No. 5883.

With the exception of Sections 103(4); 136(2); 150(8); 207(12); 213(1)(a), page 108, lines 37-39, through page 109, line 2, beginning with "The administration" and ending with "administrative costs. "; 217(1); 217(2); 222(4); 302(2); 610(13); 734; 964(3); and 1213(1), page 455, lines 6-9, Substitute Senate Bill No. 5883 is approved.

Respectfully submitted,

/s/
Jay Inslee
Governor

MESSAGE FROM THE GOVERNOR

To the Honorable President and Members,

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Senate Bill No. 5924 entitled:

"AN ACT Relating to exchanging charitable, educational; penal, and reformatory institutions trust lands for community and technical college forest reserve lands."

This bill requires the Department of Natural Resources (Department) to exchange community and technical college forest reserve lands for lands of equal value held for the benefit of charitable, educational, penal, and reformatory institutions that are currently leased to certain community and technical colleges. This exchange will benefit all parties, including the Department as trust manager, certain community and technical colleges, and the beneficiaries of these trust lands.

MESSAGE FROM THE GOVERNOR

July 7, 2017

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 201-205 and 601-606, Substitute Senate Bill No. 5977 entitled:

"AN ACT Relating to revenue."

Sections 201 to 205 reduce the general manufacturing business and occupation tax rate and the processing hire rate over four years, beginning in 2019. But at a time when we are asking homeowners to pay more in property taxes to support our children's education, Sections 201 to 205 instead give a tax break to business; and, 21 percent of the revenue from this tax break goes to out-of-state oil companies. This revenue could be used for education, mental health, public safety, and a host of other important public services.

Moreover, these tax reductions should be considered in a thoughtful, transparent process that incorporates public input and business accountability.

Sections 601 to 606 make sales and use tax exemptions to encourage the conversion of power plants to natural gas or biomass from coal. These sections incentivize a company to do something that it is already required to do by law, giving it an unfair advantage over other Washington companies.

For these reasons I have vetoed Sections 201-205 and 601-606 of Substitute Senate Bill No. 5977. With the exception of Sections 201-205 and 601-606, Substitute Senate Bill No. 5977 is approved.

Respectfully submitted,
/s/
Jay Inslee
Governor

PERSONAL PRIVILEGE

Senator Braun, M.: “Thank you Mr. President. It is an honor to join you here today to do what I can to serve this state and to make sure everyone back home in our community is
represented by the Senate. As many of you know, I am here this week while the other Senator Braun serves his country in the United States Navy Reserves. While I consider myself a political newbie, I’ve actually had a lot of practice. As John likes to say I have been filling in for him at home for three decades while he spends his time on active duty and frankly more than enough time up here in Olympia, so I guess I am filling in for him here in the Senate just to add the decades of old Braun family tradition. While we are discussing traditions don’t worry I have been warned about the Senate’s tradition that strongly suggests that I provide you with a gift during my first floor speech. So on your desk you will find a first aid kit, which I am providing not only as a Registered Nurse but to help you guys heal any bumps and bruises that you might have obtained during this long, challenging session(s). Enjoy, and you get a lollipop for being good.”

The Washington State Legislative Intern Program is an academic internship for college students from around Washington State. Interns are assigned to Senate offices and are mentored by members and staff as they conduct research, track legislation, and work with constituents. In addition to building professional experience through their office work, interns earn academic credit and take part in seminars and workshops with state policymakers to gain a first-hand understanding of the legislative process.

The 43 Senate interns in 2017 represented 18 college campuses, a wide range of majors, and communities all over Washington.

The Senate Page Program allows young students throughout Washington State the opportunity each year to take part in the legislative process and observe the Legislature and other branches of state government during the legislative session. The students also participate in the Page School learning about the legislative process, listening to guest speakers and developing their own legislation. The Program had 291 participants during the 2017 Regular Session.
