## MESSAGE FROM THE HOUSE

March 3, 2020

MR. PRESIDENT:

The House passed SENATE BILL NO. 6164 with the following amendment(s): 6164 AMH PS H5187.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature to give prosecutors the discretion to petition the court to resentence an individual if the person's sentence no longer advances the interests of justice. The purpose of sentencing is to advance public safety through punishment, rehabilitation, and restorative justice. When a sentence includes incarceration, this purpose is best served by terms that are proportionate to the seriousness of the offense and provide uniformity with the sentences of offenders committing the same offense under similar

circumstances. By providing a means to reevaluate a sentence after some time has passed, the legislature intends to provide the prosecutor and the court with another tool to ensure that these purposes are achieved.

**NEW SECTION. Sec. 2.** A new section is added to chapter 36.27 RCW to read as follows:

(1) The prosecutor of a county in which an offender was sentenced for a felony offense may petition the sentencing court or the sentencing court's successor to resentence the offender if the original sentence no longer advances the interests of justice.

(2) The court may grant or deny a petition under this section. If the court grants a petition, the court shall resentence the defendant in the same manner as if the offender had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence.

(3) The court may consider postconviction factors including, but not limited to, the inmate's disciplinary record and record of rehabilitation while incarcerated; evidence that reflects whether age, time served, and diminished physical condition, if any, have reduced the inmate's risk for future violence; and evidence that reflects changed circumstances since the inmate's original sentencing such that the inmate's continued incarceration no longer serves the interests of justice. Credit shall be given for time served.

(4) The prosecuting attorney shall make reasonable efforts to notify victims and survivors of victims of the petition for resentencing and the date of the resentencing hearing. The prosecuting attorney shall provide victims and survivors of victims access to available victim advocates and other related services. The court shall provide an opportunity for victims and survivors of victims of any crimes for which the offender has been convicted to present a statement personally or by representation. The prosecuting attorney and the court shall comply with the requirements set forth in chapter 7.69 RCW.

(5) A resentencing under this section shall not reopen the defendant's conviction to challenges that would otherwise be barred."

and the same are herewith transmitted.

March 5, 2020

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6518 with the following amendment(s): 6518-S2.E AMH APP H5354.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that scientific research has played an important role in informing and advancing public policy in many areas, including health, education, early childhood development, and environmental and wildlife protection.

(1) The legislature also finds that organophosphate pesticides, such as chlorpyrifos, above certain levels may harm aquatic habitats and aquatic organisms, including salmon.

(2) In addition, the legislature finds that scientific research has identified early childhood as a critical period of intervention during which children develop the foundation for educational achievement. Young children are especially vulnerable to environmental contaminants and toxic stress.

(3) Chlorpyrifos and other organophosphate pesticides affect the nervous system through inhibition of cholinesterase, an enzyme required for proper nerve functioning.

(4) Children experience greater exposure to chlorpyrifos pesticides because, relative to adults, they eat, drink, and breathe more in proportion to their body weight. Because of this concern, the federal food quality protection act requires a tenfold margin of safety in the registration of pesticides to protect infants and children.

**NEW SECTION. Sec. 2.** A new section is added to chapter 17.21 RCW to read as follows:

The director must adopt emergency rules that take effect by January 1, 2022, that include specific control measures for chlorpyrifos that are designed to reduce emissions sufficiently so the public is not subject to levels of exposure that may cause or contribute to significant adverse health effects.

**NEW SECTION. Sec. 3.** (1) Subject to the availability of amounts appropriated for this specific purpose, Washington State University shall provide the Washington state commission on pesticide registration with funding to work with agricultural grower groups presently using chlorpyrifos to research alternative pest control strategies.

(2) Additional funding must be provided to the department of agriculture for training and enforcement of the Washington pesticide application act.

**NEW SECTION. Sec. 4.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2020, in the omnibus appropriations act, this act is null and void."

#### SECOND READING

FIFTY EIGHTH DAY, MARCH 10, 2020

2020 REGULAR SESSION

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2116, by House Committee on Education (originally sponsored by Callan, Eslick, Frame, Klippert, Blake, Ramos, Lovick, Davis, Doglio, Leavitt, Senn, Pollet and Santos)

Establishing a task force on improving institutional education programs and outcomes.

#### MOTION

Senator Wellman moved that the following striking floor amendment no. 1370 by Senator Wellman be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that the federal every student succeeds act of 2015, P.L. 114-95, reauthorized and amended the elementary and secondary education act of 1965, the federal policy and funding assistance framework for the nation's public education system.

Two of the stated purposes of the every student succeeds act are to provide all children with a significant opportunity to receive a fair, equitable, and high quality education, and to close educational achievement gaps.

The legislature further recognizes that Article IX of the state Constitution provides that it is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex.

While the partnership of federal and state law is critical in ensuring that the civil and education rights of students are upheld, efforts in Washington to fully realize state and federal objectives, especially with respect to the delivery of education services in institutional facilities, remain unfinished.

The legislature, therefore, intends to establish a task force on improving institutional education programs and outcomes, with tasks and duties generally focused on educational programs in the juvenile justice system. In so doing, the legislature intends to examine issues that have not been significantly explored in recent years, build a shared understanding of past and present circumstances, and develop recommendations for improving the delivery of education services, and associated outcomes, for youth in institutional facilities.

**NEW SECTION. Sec. 2.** (1)(a) The task force on improving institutional education programs and outcomes is established, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate, with each member serving on the committee with jurisdiction over education issues, and one member serving on the committee with jurisdiction over basic education funding.

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives, with one member serving on the committee with jurisdiction over education issues, and one member serving on the committee with jurisdiction over basic education funding.

(iii) The governor shall appoint one member each from the state board of education and the department of children, youth, and families, and one member representing an organization that provides free legal advice to youth who are involved in, or at risk of being involved in, the juvenile justice system.

(iv) The superintendent of public instruction shall appoint three members: One member representing the superintendent of public instruction; one member who is a principal from a school district with at least twenty thousand enrolled students that provides

education services to a juvenile rehabilitation facility; and one member who is a teacher with expertise in providing education services to residents of a juvenile rehabilitation facility.

(v) The task force must also include one member representing the educational opportunity gap oversight and accountability committee, selected by the educational opportunity gap oversight and accountability committee.

(b) The task force shall choose its cochairs from among its legislative membership. One cochair must be from a minority caucus in one of the two chambers of the legislature. A member from the majority caucus of the house of representatives shall convene the initial meeting of the task force by May 1, 2020.

(2) The task force shall examine the following issues:

(a) Goals and strategies for improving the coordination and delivery of education services to youth involved with the juvenile justice system, especially youth in juvenile rehabilitation facilities, and children receiving education services, including home or hospital instruction, under RCW 28A.155.090;

(b) The transmission of student records, including individualized education programs and plans developed under section 504 of the rehabilitation act of 1973, for students in institutional facilities, and recommendations for ensuring that those records are available to the applicable instructional staff within two business days of a student's admission to the institution;

(c) Goals and strategies for increasing the graduation rate of youth in institutional facilities, and in recognition of the transitory nature of youth moving through the juvenile justice system, issues related to grade level progression and academic credit reciprocity and consistency to ensure that:

(i) Core credits earned in an institutional facility are considered core credits by public schools that the students subsequently attend; and

(ii) Public school graduation requirements, as they applied to a student prior to entering an institutional facility, remain applicable for the student upon returning to a public school;

(d) Goals and strategies for assessing adverse childhood experiences of students in institutional education and providing trauma-informed care;

(e) An assessment of the level and adequacy of basic and special education funding for institutional facilities. The examination required by this subsection (2)(e) must include information about the number of students receiving special education services in institutional facilities, and a comparison of basic and special education funding in institutional facilities and public schools during the previous ten school years;

(f) An assessment of the delivery methods, and their adequacy, that are employed in the delivery of special education services in institutional facilities, including associated findings;

(g) School safety, with a focus on school safety issues that are applicable in institutional facilities; and

(h) Special skills and services of faculty and staff, including associated professional development and nonacademic supports necessary for addressing social emotional and behavioral health needs presenting as barriers to learning for youth in institutional facilities.

(3) The task force, in completing the duties prescribed by this section, shall solicit and consider information and perspectives provided by the department of corrections and persons and entities with relevant interest and expertise, including from persons with experience reintegrating youth from institutional facilities into school and the community at large, and from persons who provide education services in secure facilities housing persons under the age of twenty-five, examples of which

include county jails, juvenile justice facilities, and community facilities as defined in RCW 72.05.020.

(4) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research. The office of financial management, the office of the superintendent of public instruction, the department of children, youth, and families, and the department of corrections shall cooperate with the task force and provide information as the cochairs may reasonably request.

(5) Legislative members of the task force are to be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, government entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(6) The expenses of the task force must be paid jointly by the senate and the house of representatives. Task force expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(7) In accordance with RCW 43.01.036, the task force shall report its findings and recommendations to the governor and the appropriate committees of the house of representatives and the senate by December 15, 2020, in time for the legislature to take action on legislation that is consistent with the findings and recommendations during the 2021 legislative session. The findings and recommendations may also include recommendations for extending the duration of the task force.

(8) This section expires June 30, 2021.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "outcomes;" strike the remainder of the title and insert "creating new sections; providing an expiration date; and declaring an emergency."

Senator Wellman moved that the following striking floor amendment no. 1369 by Senator Wellman be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that students in foster care, experiencing homelessness, or both, have the lowest high school graduation and postsecondary completion outcomes compared to other student populations. The legislature also finds that these students change schools at significantly higher rates than their general student population peers, and that these changes can disrupt academic progress. The legislature further finds that these students have disproportionate suspension

2020 REGULAR SESSION

and expulsion rates, and require special education services at much higher rates than other students.

(2) The legislature acknowledges that, as a result, only forty-six percent of Washington students who experienced foster care during high school, and fifty-five percent of students experiencing homelessness, graduated from high school on time in 2018. By comparison, the statewide four-year graduation rate for the class of 2019 was nearly eighty-one percent. Furthermore, students of color are disproportionately represented in the foster care system and in homeless student populations, and their academic outcomes are significantly lower than their white peers. Additionally, students who do not achieve positive education outcomes experience high rates of unemployment, poverty, adult homelessness, and incarceration.

(3) The legislature, therefore, intends to provide the opportunity for an equitable education for students in foster care, experiencing homelessness, or both. In accomplishing this goal, the legislature intends to achieve parity in education outcomes for these students, both in comparison to their general student population peers and throughout the education continuum of prekindergarten to postsecondary education.

(4) In 2018 the legislature directed the department of children, youth, and families and other entities in chapter 299, Laws of 2018, to convene a work group focused on students in foster care and students experiencing homelessness. The legislature resolves to continue this work group to improve education outcomes for these students.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction, in collaboration with the department of children, youth, and families, the office of homeless youth prevention and protection programs of the department of commerce, and the student achievement council, shall convene a work group to address the needs of students in foster care, experiencing homelessness, or both. Nothing in this section prevents the office of the superintendent of public instruction from using an existing work group created under the authority of section 223(1)(bb), chapter 299, Laws of 2018, with modifications to the membership and duties, to meet the requirements of this section. The work group, which shall seek to promote continuity with efforts resulting from section 223(1)(bb), chapter 299, Laws of 2018, must include representatives of nongovernmental agencies and representation from the educational opportunity gap oversight and accountability committee. The work group must also include four legislative members who possess experience in issues of education, the foster care system, and homeless youth, appointed as follows:

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(2) The work group shall develop recommendations to promote the following for students who are in foster care, experiencing homelessness, or both:

(a) The achievement of parity in education outcomes with the general student population; and

(b) The elimination of racial and ethnic disparities for education outcomes in comparison to the general student population.

(3) In developing the recommendations required by subsection (2) of this section, the work group shall:

(a) Review the education outcomes of students in foster care, experiencing homelessness, or both, by examining data, disaggregated by race and ethnicity, on:

(i) Kindergarten readiness, early grade reading and math, eighth and ninth grade students on track to graduate, high school completion, postsecondary enrollment, and postsecondary completion; and

(ii) School attendance, school mobility, special education status, and school discipline;

(b) Evaluate the outcomes, needs, and service array for students in foster care, experiencing homelessness, or both, and the specific needs of students of color and students with special education needs;

(c) Engage stakeholders, including students in foster care, experiencing homelessness, or both, foster parents and relative caregivers, birth parents, caseworkers, school districts and educators, early learning providers, postsecondary institutions, and federally recognized tribes, to provide input on the development of recommendations; and

(d)(i) Submit annual reports to the governor, the appropriate committees of the legislature, and the educational opportunity gap oversight and accountability committee by October 31, 2021, 2022, and 2023 that identify:

(A) Progress the state has made toward achieving education parity for students in foster care, experiencing homelessness, or both; and

(B) Recommendations that can be implemented using existing resources, rules, and regulations, and those that would require policy, administrative, and resource allocation changes prior to implementation.

(ii) Reports required by (d) of this subsection may include findings and recommendations regarding the feasibility of developing a case study to examine or implement recommendations of the work group.

(4) The work group, in accordance with RCW 43.01.036, must submit a final report to the governor, the appropriate committees of the legislature, and the educational opportunity gap oversight and accountability committee by July 1, 2024. The final report must include the recommendations required by subsection (2) of this section and may include a plan for achieving the recommendations specified in subsection (2) of this section.

(5) To assist the work group in the completion of its duties, the following apply:

(a) The office of the superintendent of public instruction, department of children, youth, and families, the student achievement council, and the office of homeless youth prevention and protection programs of the department of commerce shall provide updated education data and other necessary data to the education data center established under RCW 43.41.400; and

(b) The education data center shall provide annual reports to the work group regarding education outcomes specified in subsection (3)(a)(i) and (ii) of this section by March 31, 2021, 2022, and 2023. If state funds are not available to produce the reports, the work group may pursue supplemental private funds to fulfill the requirements of this subsection (5)(b).

(6) Nothing in this section permits disclosure of confidential information protected from disclosure under federal or state law, including but not limited to information protected under chapter 13.50 RCW. Confidential information received by the work group retains its confidentiality and may not be further disseminated except as permitted by federal and state law.

(7) For the purposes of this section, "students in foster care, experiencing homelessness, or both" includes students who are in foster care or experiencing homelessness, and students who have been homeless or in foster care, or both.

(8) This section expires December 31, 2024.

**Sec. 3.** RCW 74.13.1051 and 2017 3rd sp.s. c 6 s 405 are each amended to read as follows:

(1) In order to proactively support foster youth to complete high school, enroll and complete postsecondary education, and successfully implement their own plans for their futures, the department, the student achievement council, and the office of the superintendent of public instruction shall enter into, or revise existing, memoranda of understanding that:

(a) Facilitate student referral, data and information exchange, agency roles and responsibilities, and cooperation and collaboration among state agencies and nongovernmental entities; and

(b) Effectuate the transfer of responsibilities from the department to the office of the superintendent of public instruction with respect to the programs in RCW 28A.300.592, and from the department to the student achievement council with respect to the program in RCW 28B.77.250 in a smooth, expedient, and coordinated fashion.

The student achievement council and the superintendent of public instruction shall collaborate with nongovernmental contractors and the department to develop a list of the most critical indicators, establishing a common set of indicators to be used in the outcome-driven contracts in RCW 28A.300.590 and 28A.300.592. ~~((A list of these indicators must be included in the report provided in subsection (3) of this section.~~

~~(3) By November 1, 2017, and biannually thereafter, the department, the student achievement council, and the office of the superintendent of public instruction, in consultation with the nongovernmental entities engaged in public private partnerships shall submit a joint report to the governor and the appropriate education and human services committees of the legislature regarding each of these programs, individually, as well as the collective progress the state has made toward the following goals:~~

~~(a) To make Washington number one in the nation for foster care graduation rates;~~

~~(b) To make Washington number one in the nation for foster care enrollment in postsecondary education; and~~

~~(4) The department, the student achievement council, and the office of the superintendent of public instruction, in consultation with the nongovernmental entities engaged in public private partnerships, shall also submit one report by November 1, 2018, to the governor and the appropriate education and human service committees of the legislature regarding the transfer of responsibilities from the department to the office of the superintendent of public instruction with respect to the programs in RCW 28A.300.592, and from the department to the student achievement council with respect to the program in RCW 28B.77.250 and whether these transfers have resulted in better coordinated services for youth.))~~

The legislature finds that the industry plays a significant role not only in the health of Washington's economy, but also in the health of the United States economy. Moreover, the competitiveness of the domestic aerospace industry has faced significant challenges with the large subsidies provided to international competitors.

(2) The legislature finds that a commitment to the elimination of trade barriers for aerospace as well as several other vital Washington exports is important. The legislature also wishes to help bring the United States into full compliance with a recent world trade organization ruling asserting Washington's business and occupation tax rate of 0.2904 percent violates world trade organization rules. The legislature hopes this action to help bring the United States into compliance will end the threat of retaliatory tariffs against many of Washington's industries, including agricultural products, fish, wine, and intellectual property.

(3) The legislature appreciates the state aerospace industry's commitment to complying with the world trade organization ruling by advocating for the repeal of the preferential business and occupation tax. The legislature hopes that the repeal of this Washington aerospace preference will ensure continued economic success and competitiveness for the industry as well as many other industries. The legislature further hopes that the repeal of the 0.2904 business and occupation tax will allow for the complete resolution of all trade disputes surrounding large civil aircraft.

(4) The legislature further finds that the people of Washington benefit from the presence of the aerospace industry in Washington state. The industry provides good wages and benefits for thousands of engineers, technicians, mechanics, and support staff working across the state. Senator Ericksen spoke in favor of adoption of the floor amendment.

#### POINT OF ORDER

Senator Liias: "Thank you, Mr. President. This amendment appears to strike all of the striking amendment and my recollection of senate rules is that it's not permissible to strike a striking amendment."

#### RULING BY THE PRESIDENT

President Habib: "Senator Liias is correct, the, under Senate Rules the, once a striking amendment is before the body only page and line amendments to that striking amendment are permitted.

Otherwise, we would have an endless nesting of amendments that would be possible. So, because Senator Ericksen's amendment is essentially a striking amendment to the striking amendment proposed by Senator Liias, the amendment is out of order."

#### MOTION

Senator Padden moved that the senate defer further consideration of Senate Bill No. 6690 and the bill hold its place on the second reading calendar for the purposes of properly drafting an amendment.

#### REPLY BY THE PRESIDENT

President Habib: "Senator Padden, I'll restate your motion in a moment but I want to make sure I was clear earlier. Senator Padden, the problem was not that the amendment was drafted, was not drafted to the striking amendment. To the contrary, the problem was that it was drafted to the striking amendment. In other words, had Senator Ericksen's amendment been drafted to the underlying bill it would have been in order. The problem with it, in fact, was that it was drafted to the striking amendment and that's a problem that can't be remedied unless this striking amendment is voted down because the striking amendment has already been moved. Senator Padden does that, did that clarify the ruling?"

Senator Padden: "Unfortunately it does. I just wanted, I was hoping for an opportunity to speak in favor of the amendment, but that apparently has been cut off by the motion by the Majority Leader."

President Habib: "It wasn't a motion, it wasn't cut off. It was that the ... Senator Padden, so when a striker, when you draft an amendment to a striker, it cannot be another full bill, essentially, drafted on. Do you see where the problem would be? You could continue to have a striking amendment to the striking amendment to the striking amendment, ad infinitum."

Senator Padden: "It could be drafted then, if it wasn't a complete striker? That was less than that. It could be drafted, is that correct?"

President Habib: "A page and line amendment. A page and line amendment could be drafted to the striking amendment. In fact, I believe Senator Liias has one of his own that's about to be called up."

Senator Padden spoke in favor of the motion to defer further consideration of the bill.

Senator Liias spoke against the motion.

The President declared the question before the Senate to be the motion by Senator Padden that the senate defer further consideration of Senate Bill No. 6690 and the motion did not carry by voice vote.

#### MOTION

Senator Liias moved that the following floor amendment no. 1372 by Senator Liias be adopted:

One page 2, line 15, after "either" strike "0.2904" and insert "0.357"

On page 2, beginning on line 29, strike all of subsection (5)

Renumber the remaining subsections consecutively and correct any internal references accordingly.

#### MOTION

Senator Lovelett moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds and declares that stimulating local investment in community solar projects continues to be an important part of a state energy strategy by helping to increase energy independence from fossil

fuels, promote economic development, hedge against the effects of climate change, and attain environmental benefits. The legislature finds that while previous community solar programs were successful in stimulating these benefits, the programs failed to provide an adequate framework for low-income participation and long-term market certainty. The legislature finds that the vast majority of Washingtonians still do not have access to the benefits of solar energy. The legislature intends to stimulate the deployment of community solar projects for the benefit of all Washingtonians by funding the renewable energy production incentive program for community solar projects and by creating opportunities for broader participation, especially by low-income households and low-income service providers. As of December 2019, the state is thirteen megawatts short of the one hundred fifteen megawatts of solar photovoltaic capacity established as a goal under RCW 82.16.155. The legislature therefore intends to provide an incentive sufficient to promote installation of community solar projects through June 30, 2031, at which point the legislature expects to review the effectiveness of enhancing access to community solar projects.

(2) The legislature finds that participation of low-income customers in community solar projects is consistent with the goals and intent of the energy assistance provisions of chapter 19.405 RCW, the Washington clean energy transformation act, when this participation achieves a reduction in energy burden for the customers.

(3) The legislature also finds that offering energy assistance through renewable energy programs, including community solar, at a discount to low-income customers is consistent with the goal and intent of RCW 80.28.068.

**Sec. 2.** RCW 82.16.130 and 2017 3rd sp.s. c 36 s 4 are each amended to read as follows:

(1) A light and power business is allowed a credit against taxes due under this chapter in an amount equal to:

(a) Incentive payments made in any fiscal year under RCW 82.16.120 and 82.16.165; and

(b) Any fees a utility is allowed to recover pursuant to RCW 82.16.165(5).

(2) The credits must be taken in a form and manner as required by the department. The credit taken under this section for the fiscal year may not exceed one and one-half percent of the ~~((businesses'))~~ business's taxable power sales generated in calendar year 2014 and due under RCW 82.16.020(1)(b) or two hundred fifty thousand dollars, whichever is greater, for incentive payments made for the following:

(a) Renewable energy systems, other than community solar projects, that are certified for an incentive payment as of June 30, 2020; and

(b) Community solar and shared commercial projects that are under precertification status under RCW 82.16.165(7)(b) as of June 30, 2020, and that are certified for an incentive payment in accordance with the terms of that precertification by December 31, 2021.

(3) The credit may not exceed the tax that would otherwise be due under this chapter. Refunds may not be granted in the place of credits. Expenditures not used to earn a credit in one fiscal year may not be used to earn a credit in subsequent years.

(4) For any business that has claimed credit for amounts that exceed the correct amount of the incentive payable under RCW 82.16.120, the amount of tax against which credit was claimed for the excess payments is immediately due and payable. The department may deduct amounts due from future credits claimed by the business.

(a) Except as provided in (b) of this subsection, the department must assess interest but not penalties on the taxes against which the credit was claimed. Interest must be assessed at the rate

FIFTY NINTH DAY, MARCH 11, 2020

2020 REGULAR SESSION

provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and accrues until the taxes against which the credit was claimed are repaid.

(b) A business is not liable for excess payments made in reliance on amounts reported by the Washington State University extension energy program as due and payable as provided under RCW 82.16.165(20), if such amounts are later found to be abnormal or inaccurate due to no fault of the business.

(5) The amount of credit taken under this section is not confidential taxpayer information under RCW 82.32.330 and is subject to disclosure.

(6) The right to earn tax credits for incentive payments made under RCW 82.16.120 expires June 30, 2020. Credits may not be claimed after June 30, 2021.

(7)(a) The right to earn tax credits for incentive payments made under RCW 82.16.165 for the following expires June 30, 2029:

(i) Renewable energy systems, other than community solar projects, that are certified for an incentive payment as of June 30, 2020; and

(ii) Community solar and shared commercial projects that are under precertification status under RCW 82.16.165(7)(b) as of June 30, 2020, and that are certified for an incentive payment in accordance with the terms of that precertification by December 31, 2021.

(b) Credits may not be claimed after June 30, 2030.

(8) This section expires June 30, 2031.

**NEW SECTION. Sec. 3.** A new section is added to chapter 82.16 RCW to read as follows:

(1) Beginning July 1, 2020, a light and power business is allowed a credit against taxes due under this chapter in an amount equal to incentive payments made in any fiscal year under section 7 of this act.

(2) The credits must be taken in a form and manner as required by the department. The credit taken under this section for the fiscal year may not exceed one and one-half percent of the business's taxable power sales generated in calendar year 2014 and due under RCW 82.16.020(1)(b) or two hundred fifty thousand dollars, whichever is greater, for incentive payments made for community solar projects that submit an application for precertification under section 7 of this act on or after July 1, 2020, and that are certified for an incentive payment in accordance with the terms of that precertification by June 30, 2031.

(3) The credit may not exceed the tax that would otherwise be due under this chapter. Refunds may not be granted in the place of credits.

(4) For any business that has claimed credit for amounts that exceed the correct amount of the incentive payable under section 7 of this act, the amount of tax against which credit was claimed for the excess payments is immediately due and payable. The department may deduct amounts from future credits claimed by the business.

(a) Except as provided in (b) of this subsection, the department must assess interest but not penalties on the taxes against which the credit was claimed. Interest may be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and accrues until the taxes against which the credit was claimed are repaid.

(b) A business is not liable for excess payments made in reliance on amounts reported by the Washington State University extension energy program as due and payable as provided under section 7 of this act, if such amounts are later found to be abnormal or inaccurate due to no fault of the business.

(5) The amount of credit taken under this section is not confidential taxpayer information under RCW 82.32.330 and is subject to disclosure.

(6) The right to earn tax credits for incentive payments made under section 7 of this act expires June 30, 2034. Credits may not be claimed under this section after June 30, 2035.

(7) This section expires June 30, 2036.

not more than five megawatts and meets the applicable eligibility requirements established in RCW 82.16.165 and 82.16.175.

(2) This section expires June 30, 2031.

**Sec. 5.** RCW 82.16.165 and 2017 3rd sp.s. c 36 s 6 are each amended to read as follows:

(1) Beginning July 1, 2017, and through June 30, 2020, the following persons may submit a one-time application to the Washington State University extension energy program to receive a certification authorizing the utility serving the situs of a renewable energy system in the state of Washington to remit an annual production incentive for each kilowatt-hour of alternating current electricity generated by the renewable energy system:

(a) The utility's customer who is the customer-owner of a residential-scale or commercial-scale renewable energy system;

(b) An administrator of a community solar project meeting the eligibility requirements outlined in RCW 82.16.170(2) and applies for certification on behalf of each of the project participants; or

(c) A utility or a business under contract with a utility that administers a shared commercial solar project that meets the eligibility requirements in RCW 82.16.175 and applies for certification on behalf of each of the project participants.

(2) No person, business, or household is eligible to receive incentive payments provided under subsection (1) of this section of more than five thousand dollars per year for residential systems or community solar projects, twenty-five thousand dollars per year for commercial-scale systems, or thirty-five thousand dollars per year for shared commercial solar projects.

(3)(a) No new certification may be issued under this section to an applicant who submits a request for or receives an annual incentive payment for a renewable energy system that was certified under RCW 82.16.120, or for a renewable energy system served by a utility that has elected not to participate in the incentive program, as provided in subsection (4) of this section.

(b) The Washington State University extension energy program may issue a new certification for an additional system installed at a situs with a previously certified system so long as the new system meets the requirements of this section and its production can be measured separately from the previously certified system.

(c) The Washington State University extension energy program may issue a recertification for a residential-scale or commercial-scale system if a customer makes investments resulting in an expansion of the system's nameplate capacity. Such recertification expires on the same day as the original certification for the residential-scale or commercial-scale system and applies to the entire system the incentive rates and program rules in effect as of the date of the recertification.

(4) A utility's participation in the incentive program provided in this section is voluntary.

(a) A utility electing to participate in the incentive program must notify the Washington State University extension energy program of such election in writing.

(b) The utility may terminate its voluntary participation in the production incentive program by providing notice in writing to the Washington State University extension energy program to cease issuing new certifications for renewable energy systems that would be served by that utility.

(c) Such notice of termination of participation is effective after fifteen days, at which point the Washington State University extension energy program may not accept new applications for certification of renewable energy systems that would be served by that utility.

(d) Upon receiving a utility's notice of termination of participation in the incentive program, the Washington State University extension energy program must report on its web site

that customers of that utility are no longer eligible to receive new certifications under the program.

(e) A utility's termination of participation does not affect the utility's obligation to continue to make annual incentive payments for electricity generated by systems that were certified prior to the effective date of the notice. The Washington State University extension energy program must continue to process and issue certifications for renewable energy systems that were received by the Washington State University extension energy program before the effective date of the notice of termination.

(f) A utility that has terminated participation in the program may resume participation upon filing notice with the Washington State University extension energy program.

(5)(a) The Washington State University extension energy program may certify a renewable energy system that is connected to equipment capable of measuring the electricity production of the system and interconnecting with the utility's system in a manner that allows the utility, or the customer at the utility's option, to measure and report to the Washington State University extension energy program the total amount of electricity produced by the renewable energy system.

(b) The Washington State University extension energy program must establish a reporting and fee-for-service system to accept electricity production data from the utility or the customer that is not reported electronically and with the reporting entity selected at the utility's option as described in subsection (19) of this section. The fee-for-service agreement must allow for electronic reporting or reporting by mail, may be specific to individual utilities, and must recover only the program's costs of obtaining the electricity production data and incorporating it into an electronic format. A statement of the amount due for the fee-for-service must be provided to the utility by the Washington State University extension energy program with the report provided to the utility pursuant to subsection (20)(a) of this section. The utility may determine how to assess and remit the fee, and the utility may be allowed a credit for fees paid under this subsection (5) against taxes due, as provided in RCW 82.16.130(1).

(6) The Washington State University extension energy program may issue a certification authorizing annual incentive payments up to the following annual dollar limits:

(a) For community solar projects, five thousand dollars per project participant;

(b) For residential-scale systems, five thousand dollars;

(c) For commercial-scale systems, twenty-five thousand dollars; and

(d) For shared commercial solar projects, up to thirty-five thousand dollars a year per participant, as determined by the terms of subsection (15) of this section.

(7)(a) To obtain certification for the incentive payment provided under subsection (1) of this section by June 30, 2020, for renewable energy systems other than community solar projects, or by December 31, 2021, for community solar and shared commercial projects, a person must submit to the Washington State University extension energy program an application, including:

(i) A signed statement that the applicant has not previously received a notice of eligibility from the department under RCW 82.16.120 entitling the applicant to receive annual incentive payments for electricity generated by the renewable energy system at the same meter location;

(ii) A signed statement of the total price, including applicable sales tax, paid by the applicant for the renewable energy system;

(iii) System operation data including global positioning system coordinates, tilt, estimated shading, and azimuth;

FIFTY NINTH DAY, MARCH 11, 2020

2020 REGULAR SESSION

(iv) Any other information the Washington State University extension energy program deems necessary in determining eligibility and incentive levels, administering the program, tracking progress toward achieving the limits on program participation established in RCW 82.16.130, or facilitating the review of the performance of the tax preferences by the joint legislative audit and review committee, as described in RCW 82.16.155; and

(v)(A) Except as provided in (a)(v)(B) of this subsection (7), the date that the renewable energy system received its final electrical inspection from the applicable local jurisdiction, as well as a copy of the permit or, if the permit is available online, the permit number;

(B) The Washington State University extension energy program may waive the requirement in (a)(v)(A) of this subsection (7), accepting an application and granting provisional certification prior to proof of final electrical inspection. Provisional certification expires one hundred eighty days after issuance, unless the applicant submits proof of the final electrical inspection from the applicable local jurisdiction or the Washington State University extension energy program extends the certification, for a term or terms of thirty days, due to extenuating circumstances; and

(b)(i) Prior to obtaining certification under this subsection, a community solar project or shared commercial solar project must apply for precertification against the remaining funds available for incentive payments under subsection (13)(d) of this section in order to be guaranteed an incentive payment under subsection (1) of this section. Community solar and shared commercial projects that are under precertification status under this subsection (7) as of June 30, 2020, may not apply for precertification for the incentive payment provided under section 7 of this act for that same project;

(ii) A project applicant of a community solar project or shared commercial solar project must complete an application for certification with the Washington State University extension energy program within less than ~~((one year))~~ two years to retain the precertification status described in this subsection. If a community solar or shared commercial project application is in precertification status as of June 30, 2020, the project applicant must continue in that status until either it is certified by the Washington State University extension energy program or its precertification expires; and

(iii) The Washington State University extension energy program may design a reservation or precertification system for an applicant of a residential-scale or commercial-scale renewable energy system.

(8) No incentive payments may be authorized or accrued until the final electrical inspection and executed interconnection agreement are submitted to the Washington State University extension energy program.

(9) Within thirty days of receipt of ~~((the))~~ an application for certification, the Washington State University extension energy program must notify the applicant and, except when a utility is the applicant, the utility serving the situs of the renewable energy system, by mail or electronically, whether certification has been granted. The certification notice must state the rate to be paid per kilowatt-hour of electricity generated by the renewable energy system, as provided in subsection (12) of this section, subject to any applicable cap on total annual payment provided in subsection (6) of this section.

(10) Certification is valid for the program term and entitles the applicant or, in the case of a community solar project or shared commercial solar project, the participant, to receive incentive payments for electricity generated from the date the renewable

energy system commences operation, or the date the system is certified, whichever date is later. For purposes of this subsection, the Washington State University extension energy program must define when a renewable energy system commences operation and provide notice of such date to the recipient and the utility serving the situs of the system. Certification may not be retroactively changed except to correct later discovered errors that were made during the original application or certification process.

(11)(a) System certification follows the system if the following conditions are met using procedures established by the Washington State University extension energy program:

(i) The renewable energy system is transferred to a new owner who notifies the Washington State University extension energy program of the transfer; and

(ii) The new owner provides an executed interconnection agreement with the utility serving the premises.

(b) In the event that a community solar project participant terminates their participation in a community solar project, the system certification follows the system and participation may be transferred to a new participant. The administrator of a community solar project must provide notice to the Washington State University extension energy program of any changes or transfers in project participation.

(12) The Washington State University extension energy program must determine the total incentive rate for ~~((a new renewable energy system certification by adding to the base rate any applicable made-in-Washington bonus rate))~~ renewable energy systems, other than a community solar project, certified through June 30, 2020, and for community solar and shared commercial projects precertified as of June 30, 2020, and certified through December 31, 2021, as provided in this subsection. A made-in-Washington bonus rate is provided for a renewable energy system or a community solar project certified through June 30, 2019, with solar modules made in Washington or with a wind turbine or tower that is made in Washington. Both the base rates and bonus rate vary, depending on the fiscal year in which the system is certified and the type of renewable energy system being certified, as provided in the following table:

Fiscal year of system certification	Base rate - residential-scale	Base rate - commercial-scale	Base rate - community solar	Base rate - shared commercial solar	Made in Washington bonus
2018	\$0.16	\$0.06	\$0.16	\$0.06	\$0.05
2019	\$0.14	\$0.04	\$0.14	\$0.04	\$0.04
2020	\$0.12	\$0.02	\$0.12	\$0.02	<del>((0.03))</del>
2021	<del>((0.10))</del>	<del>((0.02))</del>	\$0.10	<del>((0.02))</del>	<del>((0.02))</del>

(13) The Washington State University extension energy program must cease to issue new certifications:

(a) For community solar projects and shared commercial solar projects in any fiscal year for which the Washington State University extension energy program estimates that fifty percent of the remaining funds for credit available to a utility for renewable energy systems certified under this section as of July 1, 2017, have been allocated to community solar projects and shared commercial solar projects combined;

(b) For commercial-scale systems in any fiscal year for which the Washington State University extension energy program estimates that twenty-five percent of the remaining funds for credit available to a utility for renewable energy systems certified under this section as of July 1, 2017, have been allocated to commercial-scale systems;

(c) For any renewable energy system served by a utility, if certification is likely to result in incentive payments by that

utility, including payments made under RCW 82.16.120, exceeding the utility's available funds for credit under RCW 82.16.130; and

(d) For any renewable energy system, if certification is likely to result in total incentive payments under this section exceeding one hundred ten million dollars.

(14) If the Washington State University extension energy program ceases issuing new certifications during a fiscal year or biennium as provided in subsection (13) of this section, in the following fiscal year or biennium, or when additional funds are available for credit such that the thresholds described in subsection (13) of this section are no longer exceeded, the Washington State University extension energy program must resume issuing new certifications using a method of awarding certifications that results in equitable and orderly allocation of benefits to applicants.

(15) A customer who is a participant in a shared commercial solar project may not receive incentive payments associated with the project greater than the difference between the levelized cost of energy output of the system over its production life and the retail rate for the rate class to which the customer belongs. The levelized cost of the output of the energy must be determined by the utility that administers the shared commercial solar project and must be disclosed, along with an explanation of the limitations on incentive payments contained in this subsection (15), in the contractual agreement with the shared commercial solar project participants.

(16) In order to begin to receive annual incentive payments, a person who has been issued a certification for the incentive as provided in subsection (9) of this section must obtain an executed interconnection agreement with the utility serving the situs of the renewable energy system.

(17) The Washington State University extension energy program must establish a list of equipment that is eligible for the bonus rates described in subsection (12) of this section. The Washington State University extension energy program must, in consultation with the department of commerce, develop technical specifications and guidelines to ensure consistent and predictable determination of eligibility. A solar module is made in Washington for purposes of receiving the bonus rate only if the lamination of the module takes place in Washington. A wind turbine is made in Washington only if it is powered by a turbine or built with a tower manufactured in Washington.

(18) The manufacturer of a renewable energy system component subject to a bonus rate under subsection (12) of this section may apply to the Washington State University extension energy program to receive a determination of eligibility for such bonus rates. The Washington State University extension energy program must publish a list of components that have been certified as eligible for such bonus rates. The Washington State University extension energy program may assess an equipment certification fee to recover its costs. The Washington State University extension energy program must deposit all revenue generated by this fee into the state general fund.

(19) Annually, the utility must report electronically to the Washington State University extension energy program the amount of gross kilowatt-hours generated by each renewable energy system since the prior annual report. For the purposes of this section, to report electronically means to submit statistical or factual information in alphanumeric form through a web site established by the Washington State University extension energy program or in a list, table, spreadsheet, or other nonnarrative format that can be digitally transmitted or processed. The utility may instead opt to report by mail or require program participants to report individually, but if the utility exercises one or more of these options it must negotiate with the Washington State

University extension energy program the fee-for-service arrangement described in subsection (5)(b) of this section.

(20)(a) The Washington State University extension energy program must calculate for the year and provide to the utility the amount of the incentive payment due to each participant and the total amount of credit against tax due available to the utility under RCW 82.16.130 that has been allocated as annual incentive payments. Upon notice to the Washington State University extension energy program, a utility may opt to directly perform this calculation and provide its results to the Washington State University extension energy program.

(b) If the Washington State University extension energy program identifies an abnormal production claim, it must notify the utility, the department of revenue, and the applicant, and must recommend withholding payment until the applicant has demonstrated that the production claim is accurate and valid. The utility is not liable to the customer for withholding payments pursuant to such recommendation unless and until the Washington State University extension energy program notifies the utility to resume incentive payments.

(21)(a) The utility must issue the incentive payment within ninety days of receipt of the information required under subsection (20)(a) of this section from the Washington State University extension energy program. The utility must resume the incentive payments withheld under subsection (20)(b) of this section within thirty days of receiving notice from the Washington State University extension energy program that the claim has been demonstrated accurate and valid and payment should be resumed.

(b) A utility is not liable for incentive payments to a customer-owner if the utility has disconnected the customer due to a violation of a customer service agreement, such as nonpayment of the customer's bill, or a violation of an interconnection agreement.

(22) Beginning January 1, 2018, the Washington State University extension energy program must post on its web site and update at least monthly a report, by utility, of:

(a) The number of certifications issued for renewable energy systems, including estimated system sizes, costs, and annual energy production and incentive yields for various system types; and

(b) An estimate of the amount of credit that has not yet been allocated for incentive payments under each utility's credit limit and remains available for new renewable energy system certifications.

(23) Persons receiving incentive payments under this section must keep and preserve, for a period of five years for the duration of the consumer contract, suitable records as may be necessary to determine the amount of incentive payments applied for and received. The Washington State University extension energy program may direct a utility to cease issuing incentive payments if the records are not made available for examination upon request. A utility receiving such a directive is not liable to the applicant for any incentive payments or other damages for ceasing payments pursuant to the directive.

(24) The nonpower attributes of the renewable energy system belong to the utility customer who owns or hosts the system or, in the case of a community solar project or a shared commercial solar project, the participant, and can be kept, sold, or transferred at the utility customer's discretion unless, in the case of a utility-owned community solar or shared commercial solar project, a contract between the customer and the utility clearly specifies that the attributes will be retained by the utility.

(25) All lists, technical specifications, determinations, and guidelines developed under this section must be made publicly

FIFTY NINTH DAY, MARCH 11, 2020

2020 REGULAR SESSION

available online by the Washington State University extension energy program.

(26) No certification may be issued under this section by the Washington State University extension energy program for any renewable energy system, other than a community solar project, after June 30, ((2021)) 2020. No certification may be issued under this section for any community solar or shared commercial project after December 31, 2021.

(27) The Washington State University extension energy program must collect a one-time fee for applications submitted under subsection (1) of this section of one hundred twenty-five dollars per applicant. The Washington State University extension energy program must deposit all revenue generated by this fee into the state general fund. The Washington State University extension energy program must administer and budget for the program established in RCW 82.16.120, this section, and RCW 82.16.170 in a manner that ensures its administrative costs through June 30, 2022, are completely met by the revenues from this fee. If the Washington State University extension energy program determines that the fee authorized in this subsection is insufficient to cover the administrative costs through June 30, 2022, the Washington State University extension energy program must report to the legislature on costs incurred and fees collected and demonstrate why a different fee amount or funding mechanism should be authorized.

(28) The Washington State University extension energy program may, through a public process, develop any program requirements, policies, and processes necessary for the administration or implementation of this section, RCW 82.16.120, 82.16.155, and 82.16.170. The department is authorized, in consultation with the Washington State University extension energy program, to adopt any rules necessary for administration or implementation of the program established under this section and RCW 82.16.170.

(29) Applications, certifications, requests for incentive payments under this section, and the information contained therein are not deemed tax information under RCW 82.32.330 and are subject to disclosure.

(30)(a) By November 1, 2019, and in compliance with RCW 43.01.036, the Washington State University extension energy program must submit a report to the legislature that includes the following:

(i) The number and types of renewable energy systems that have been certified under this section as of July 1, 2019, both statewide and per participating utility;

(ii) The number of utilities that are approaching or have reached the credit limit established under RCW 82.16.130(2) or the thresholds established under subsection (13) of this section;

(iii) The share of renewable energy systems by type that contribute to each utility's threshold under subsection (13) of this section;

(iv) An assessment of the deployment of community solar projects in the state, including but not limited to the following:

(A) An evaluation of whether or not community solar projects are being deployed in low-income and moderate-income communities, as those terms are defined in RCW 43.63A.510, including a description of any barriers to project deployment in these communities;

(B) A description of the share of community solar projects by administrator type that contribute to each utility's threshold under subsection (13)(a) of this section; and

(C) A description of any barriers to participation by nonprofits and local housing authorities in the incentive program established under this section and under RCW 82.16.170;

(v) The total dollar amount of incentive payments that have been made to participants in the incentive program established under this section to date; and

(vi) The total number of megawatts of solar photovoltaic capacity installed to date by participants in the incentive program established under this section.

(b) By December 31, 2019, the legislature must review the report submitted under (a) of this subsection and determine whether the credit limit established under RCW 82.16.130(2) should be increased to two percent of a light and power business's taxable power sales generated in calendar year 2014 and due under RCW 82.16.020(1)(b) or two hundred fifty thousand dollars, whichever is greater, in order to achieve the legislative intent under section 1, chapter 36, Laws of 2017 3rd sp. sess.

(31) This section expires June 30, 2031.

**NEW SECTION. Sec. 7.** A new section is added to chapter 82.16 RCW to read as follows:

(1) Beginning July 1, 2020, through June 30, 2031, an administrator of a community solar project meeting the eligibility requirements described in this section and RCW 82.16.170(3) may submit an application to the Washington State University extension energy program to receive a precertification for a community solar project. Projects with precertification applications approved by the Washington State University extension energy program have two years to complete their projects and apply for certification. By certifying qualified projects pursuant to the requirements of this section and RCW 82.16.170(3), the Washington State University extension energy program authorizes the utility serving the site of a community solar project in the state of Washington to remit a one-time low-income community solar incentive payment to the community solar project administrator, who accepts the payment on behalf of, and for the purpose of providing direct benefits to, the project's qualifying subscribers.

(2) A one-time low-income community solar incentive payment remitted to a community solar project administrator for a project certified under this section equals the sum of the following:

(a) An amount, not to exceed twenty thousand dollars per community solar project, equal to the community solar project's administrative costs related to the administrative start-up of the project for qualifying subscribers; and

(b) An amount that does not exceed one hundred percent of the proportional cost of the share of the community solar project that provides direct benefits to qualifying subscribers.

(3) No new certification may be issued under this section to an applicant who receives an annual incentive payment for a community solar project that was certified under RCW 82.16.120 or 82.16.165, or for a community solar project served by a utility that has elected not to participate in the incentive program provided in this section.

(4) Community solar projects that are under precertification status under RCW 82.16.165 as of June 30, 2020, may not apply for precertification of that same project for the one-time low-income community solar incentive payment provided in this section.

(5)(a) In addition to the one-time low-income community solar incentive payment under subsection (2) of this section, a participating utility must also provide the following compensation for the generation of electricity from the certified project:

(i) For a community solar project that has an alternating current nameplate capacity greater than twelve kilowatts but no greater than one hundred kilowatts, and that is connected behind the electric service meter, compensation must be determined in accordance with RCW 80.60.020 and provided to the metered customer receiving service at the situs of the meter.

(ii) For all other community solar projects, compensation must be determined at a value set by the participating utility and paid to the administrator or subscribers according to the agreement between the project and the utility.

(iii) An administrator may deduct ongoing administrative costs from compensation provided from power generation, provided those costs are identified in the subscription agreement.

(b) If the utility provides compensation for the generation of electricity to the administrator, the administrator of a community solar project must provide that compensation to the project subscribers. For ten years after certification, and by March 1st of each year following certification, the provider of compensation for the generation of electricity to the subscriber, whether the utility or the administrator, but not both, must provide the Washington State University extension energy program with signed statements of the following for the preceding year:

(i) The energy production for the period for which compensation is to be provided;

(ii) Each subscriber's units of the project;

(iii) The amount disbursed to each subscriber for the period; and

(iv) The date and amount disbursed to each subscriber.

(6) A utility's participation in the incentive program provided in this section is voluntary.

(a) A utility electing to participate in the incentive program must notify the Washington State University extension energy program of such election in writing by January 1st of each year.

(b) The utility may terminate its voluntary participation in the program by providing notice in writing to the Washington State University extension energy program to cease accepting new applications for precertification for community solar projects that would be served by that utility. Such notice of termination of participation is effective after fifteen days, at which point the Washington State University extension energy program may not accept new applications for precertification for community solar projects that would be served by that utility.

(c) Upon receiving a utility's notice of termination of participation in the incentive program, the Washington State University extension energy program must report on its web site that community solar project customers of that utility are no longer eligible to receive new certifications under the program.

(d) A utility that has terminated participation in the program may resume participation upon filing a notice with the Washington State University extension energy program.

(7)(a) The Washington State University extension energy program may issue certifications authorizing incentive payments under this section in a total statewide amount not to exceed twenty million dollars, and subject to the following biennial dollar limits:

(i) For fiscal year 2021, three hundred thousand dollars; and

(ii) For each biennium beginning on or after July 1, 2021, five million dollars.

(b) The Washington State University extension energy program will attempt to equitably distribute incentive funds throughout the state. Considerations for equitable fund distribution, based on precertification applications received from

2020 REGULAR SESSION

administrators served by utilities voluntarily participating in the program, may include measures to reserve or allocate available funds based on the proportion of public utility taxes collected, the proportion of the state's low-income customers served by each utility based on low-income home energy assistance program data at the department of commerce, and measures to achieve an equitable geographic distribution of community solar installations and a diversity of administrative models for community solar projects. If an equitable distribution of funds is not feasible due to a lack of precertification applications, the Washington State University extension energy program may allocate funds based on (a) of this subsection on a first-come, first-served basis.

(c) The Washington State University extension energy program shall regularly publish and update guidelines for how it will manage the allocation of available funding, based on the evaluation of applications and the factors specified in (b) of this subsection.

(8)(a) Prior to obtaining certification under this section, the administrator of a community solar project must apply for precertification against the funds available for incentive payments under subsection (7) of this section in order to be guaranteed an incentive payment under this section. The application for precertification must include, at a minimum:

(i) A demonstration of how the project will deliver continuing direct benefits to low-income subscribers. A direct benefit can include credit for the power generation for the community solar project, from sales of renewable energy credits, or other mechanisms that lower the energy burden of a low-income subscriber; and

(ii) Any other information the Washington State University extension energy program deems necessary in determining eligibility for precertification.

(b) The administrator of a community solar project must complete an application for certification in accordance with the requirements of subsection (9) of this section within less than two years of being approved for precertification status. The administrator must submit a project update to the Washington State University extension energy program after one year in precertification status.

(9) To obtain certification for the one-time community solar incentive payment provided under this section, a project administrator must submit to the Washington State University extension energy program an application, including, at a minimum:

(a) A signed statement that the applicant has not previously received a notice of eligibility from the department under RCW 82.16.120 or the Washington State University extension energy program under RCW 82.16.165 entitling the applicant to receive annual incentive payments for electricity generated by the community solar project at the same meter location;

(b) A signed statement of the costs paid by the administrator related to administering the project for qualifying subscribers;

(c) A signed statement of the total project costs, including the proportional cost of the share of the community solar project that provides direct benefits to qualifying subscribers;

(d) A signed statement describing the amount of the upfront incentive and the timing, method, and distribution of estimated benefits to qualifying subscribers. The statement must describe any estimated energy burden reduction associated with the direct benefits.

(e) Available system operation data, such as global positioning system coordinates, tilt, estimated shading, and azimuth;

(f) Any other information the Washington State University extension energy program deems necessary in determining eligibility and incentive levels or administering the program;

(g)(i) Except as provided in (g)(ii) of this subsection (9), the date that the community solar project received its final electrical inspection from the applicable local jurisdiction, as well as a copy of the permit or, if the permit is available online, the permit number or other documentation deemed acceptable by the Washington State University extension energy program;

(ii) The Washington State University extension energy program may waive the requirement in (g)(i) of this subsection (9), accepting an application and granting provisional certification prior to proof of final electrical inspection. Provisional certification expires one hundred eight days after issuance, unless the applicant submits proof of the final electrical inspection from the applicable local jurisdiction or the Washington State University extension energy program extends certification, for a term or terms of thirty days, due to extenuating circumstances;

(h) Confirmation of the number of qualifying subscribers; and

(i) Any other information the Washington State University extension energy program deems necessary in determining eligibility and incentive levels or administering the program.

(10) No incentive payments may be authorized or accrued until the final electrical inspection and executed interconnection agreement are submitted to the Washington State University extension energy program.

(11)(a) The Washington State University extension energy program must review each project for which an application for certification is submitted in accordance with subsection (8) of this section for reasonable cost and financial structure, with a targeted cost of three dollars per watt of installed system capacity that is designated for a community solar project's qualifying subscribers. The Washington State University extension energy program may approve an application for a project that costs more or less than three dollars per watt of installed system capacity based on a review of the project, documents submitted by the project applicant, and available data. Project cost evaluations must exclude costs associated with energy storage systems. Applicants may petition the Washington State University extension energy program to approve a higher cost per watt for unusual circumstances, except that such costs may not include costs associated with energy storage systems.

(b) The Washington State University extension energy program may review the cost per watt target under (a) of this subsection prior to each fiscal biennium and is authorized to determine a new cost per watt target.

(12)(a) Within thirty days of receipt of an application for certification, the Washington State University extension energy program must notify the applicant and, except when a utility is the applicant, the utility serving the site of the community solar project, by mail or electronically, whether certification has been granted. The certification notice must state the total dollar amount of the low-income community solar incentive payment for which the applicant is eligible under this section.

(b) Within sixty days of receipt of a notification under (a) of this subsection, the utility serving the site of the community solar project must remit the applicable one-time low-income community solar incentive payment to the project administrator, who accepts the payment on behalf of, and for the purpose of providing direct benefits to, the project's qualifying subscribers.

(13)(a) Certification follows the community solar project if the following conditions are met using procedures established by the Washington State University extension energy program:

(i) The community solar project is transferred to a new owner who notifies the Washington State University extension energy program of the transfer;

(ii) The new owner provides an executed interconnection agreement with the utility serving the site of the community solar project; and

(iii) The new owner agrees to provide equivalent ongoing benefits to qualifying subscribers as the current owner.

(b) In the event that a qualifying subscriber terminates their participation in a community solar project, the system certification follows the project and participation must be transferred to a new qualifying subscriber.

(14) Beginning January 1, 2021, the Washington State University extension energy program must post on its web site and update at least monthly a report, by utility, of:

(a) The number of certifications issued for community solar projects; and

(b) An estimate of the amount of credit that has not yet been allocated for low-income community solar incentive payments under each utility's credit limit and that remains available for new community solar project certifications in the state.

(15) Persons receiving incentive payments under this section must keep and preserve, for a period of five years for the duration of the consumer contract, suitable records as may be necessary to determine the amount of incentive payments applied for and received.

(16) The nonpower attributes of the community solar project belong to the individual subscribers, and must be kept, sold, or transferred at a subscriber's discretion, unless a contract between the subscriber and administrator clearly specifies that the attributes will be transferred to the administrator. If the nonpower attributes are sold or transferred, the utility to which the project is interconnected has the first right of refusal to procure the nonpower attributes at their fair market value.

(17) All lists, technical specifications, determinations, and guidelines developed under this section must be made publicly available online by the Washington State University extension energy program.

(18) The Washington State University extension energy program must collect a one-time fee for precertification applications submitted under this section of five hundred dollars per applicant. The Washington State University extension energy program must deposit all revenue generated by this fee into the state general fund.

(19) The Washington State University extension energy program may, through a public process, develop program requirements, policies, and processes necessary for the administration or implementation of this section.

(20) Applications, certifications, requests for incentive payments under this section, and the information contained therein are not deemed tax information under RCW 82.32.330 and are subject to disclosure.

(21) No certification may be issued under this section by the Washington State University extension energy program for a community solar project after June 30, 2033.

(22) This section expires June 30, 2036.

**Sec. 8.** RCW 82.16.170 and 2017 3rd sp.s. c 36 s 7 are each amended to read as follows:

(1) The purpose of community solar programs is to facilitate broad, equitable community investment in and access to solar power. Beginning July 1, 2017, a community solar administrator may organize and administer a community solar project as provided in this section.

(2) ((A)) In order to receive certification for the incentive payment provided under RCW 82.16.165(1) by December 31, 2021, a community solar project must have a direct current

nameplate capacity that is no more than one thousand kilowatts and must have at least ten participants or one participant for every ten kilowatts of direct current nameplate capacity, whichever is greater. A community solar project that has a direct current nameplate capacity greater than five hundred kilowatts must be subject to a standard interconnection agreement with the utility serving the situs of the community solar project. Except for community solar projects authorized under subsection ((9)) (10) of this section, each participant must be a customer of the utility providing service at the situs of the community solar project.

(3) In order to receive certification for the incentive payment provided under section 7 of this act beginning July 1, 2020, a community solar project must meet the following requirements:

(a) The administrator of the community solar project must be a utility, nonprofit, or other local housing authority. The administrator of the community solar project must apply for precertification under section 7 of this act on or after July 1, 2020:

(b) The community solar project must have an alternating current nameplate capacity that is greater than twelve kilowatts but no greater than one hundred ninety-nine kilowatts, and must have at least two subscribers or one low-income service provider subscriber;

(c) The administrator of the community solar project must provide a verified list of qualifying subscribers;

(d) Verification that an individual household subscriber meets the definition of low-income must be provided to the administrator by an entity with authority to maintain the confidentiality of the income status of the low-income subscriber. If the providing entity incurs costs to verify a subscriber's income status, the administrator must provide reimbursement of those costs;

(e) Except for community solar projects authorized under subsection (10) of this section, each subscriber must be a customer of the utility providing service at the site of the community solar project;

(f) In the event that a low-income subscriber in a community solar project certified under section 7 of this act moves from the household premises of the subscriber's current subscription to another, the subscriber may continue the subscription, provided that the new household premises is served by the utility providing service at the site of the community solar project. In the event that a subscriber is no longer served by that utility or the subscriber terminates participation in a community solar project certified under section 7 of this act, the certification follows the system and participation may be transferred by the administrator to a new qualifying subscriber;

(g) The administrator must include in the application for precertification a project prospectus that demonstrates how the administrator intends to provide direct benefits to qualifying subscribers for the duration of their subscription to the community solar project; and

(h) The length of the subscription term for low-income subscribers must be the same length as for other subscribers, if applicable.

(4) The administrator of a community solar project must administer the project in a transparent manner that allows for fair and nondiscriminatory opportunity for participation by utility customers.

((4)) (5) The administrator of a community solar project may establish a reasonable fee to cover costs incurred in organizing and administering the community solar project. Project participants, prior to making the commitment to participate in the project, must be given clear and conspicuous notice of the portion of the incentive payment that will be used for this purpose.

**Sec. 10.** RCW 82.16.120 and 2017 3rd sp.s. c 36 s 3 are each amended to read as follows:

(1)(a) Any individual, business, local governmental entity, not in the light and power business or in the gas distribution business, or a participant in a community solar project may apply to the light and power business serving the situs of the system, each fiscal year beginning on July 1, 2005, and ending June 30, 2017, for an investment cost recovery incentive for each kilowatt-hour from a customer-generated electricity renewable energy system.

(b) In the case of a community solar project as defined in RCW 82.16.110(~~((2))~~(a)(i)) (1)(b)(i)(A), the administrator must apply for the investment cost recovery incentive on behalf of each of the other owners.

(c) In the case of a community solar project as defined in RCW 82.16.110(~~((2))~~(a)(iii)) (1)(b)(i)(C), the company owning the community solar project must apply for the investment cost recovery incentive on behalf of each member of the company.

(2)(a) Before submitting for the first time the application for the incentive allowed under subsection (4) of this section, the applicant must submit to the department of revenue and to the climate and rural energy development center at the Washington State University, established under RCW 28B.30.642, a certification in a form and manner prescribed by the department that includes, but is not limited to, the information described in (c) of this subsection.

(b) The department may not accept certifications submitted to the department under (a) of this subsection after September 30, 2017.

(c) The certification must include:

(i) The name and address of the applicant and location of the renewable energy system.

(A) If the applicant is an administrator of a community solar project as defined in RCW 82.16.110(~~((2))~~(a)(i)) (1)(b)(i)(A), the certification must also include the name and address of each of the owners of the community solar project.

(B) If the applicant is a company that owns a community solar project as defined in RCW 82.16.110(~~((2))~~(a)(iii)) (1)(b)(i)(C), the certification must also include the name and address of each member of the company;

(ii) The applicant's tax registration number;

(iii) That the electricity produced by the applicant meets the definition of "customer-generated electricity" and that the renewable energy system produces electricity with:

(A) Any solar inverters and solar modules manufactured in Washington state;

(B) A wind generator powered by blades manufactured in Washington state;

(C) A solar inverter manufactured in Washington state;

(D) A solar module manufactured in Washington state;

(E) A stirling converter manufactured in Washington state; or

(F) Solar or wind equipment manufactured outside of Washington state;

(iv) That the electricity can be transformed or transmitted for entry into or operation in parallel with electricity transmission and distribution systems; and

(v) The date that the renewable energy system received its final electrical inspection from the applicable local jurisdiction.

(d) Within thirty days of receipt of the certification the department of revenue must notify the applicant by mail, or electronically as provided in RCW 82.32.135, whether the renewable energy system qualifies for an incentive under this section. The department may consult with the climate and rural energy development center to determine eligibility for the incentive. System certifications and the information contained therein are not confidential tax information under RCW 82.32.330 and are subject to disclosure.

(3)(a) By August 1st of each year through August 1, 2017, the application for the incentive must be made to the light and power business serving the situs of the system by certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system.

(A) If the applicant is an administrator of a community solar project as defined in RCW 82.16.110(~~((2))~~(a)(i)) (1)(b)(i)(A), the application must also include the name and address of each of the owners of the community solar project.

(B) If the applicant is a company that owns a community solar project as defined in RCW 82.16.110(~~((2))~~(a)(iii)) (1)(b)(i)(C), the application must also include the name and address of each member of the company;

(iii) The date of the notification from the department of revenue stating that the renewable energy system is eligible for the incentives under this section; and

(iv) A statement of the amount of kilowatt-hours generated by the renewable energy system in the prior fiscal year.

(b) Within sixty days of receipt of the incentive certification the light and power business serving the situs of the system must notify the applicant in writing whether the incentive payment will be authorized or denied. The business may consult with the

FIFTY NINTH DAY, MARCH 11, 2020

2020 REGULAR SESSION

climate and rural energy development center to determine eligibility for the incentive payment. Incentive certifications and the information contained therein are not confidential tax information under RCW 82.32.330 and are subject to disclosure.

(c)(i) Persons, administrators of community solar projects, and companies receiving incentive payments must keep and preserve, for a period of five years, suitable records as may be necessary to determine the amount of incentive applied for and received. Such records must be open for examination at any time upon notice by the light and power business that made the payment or by the department. If upon examination of any records or from other information obtained by the business or department it appears that an incentive has been paid in an amount that exceeds the correct amount of incentive payable, the business may assess against the person for the amount found to have been paid in excess of the correct amount of incentive payable and must add thereto interest on the amount. Interest is assessed in the manner that the department assesses interest upon delinquent tax under RCW 82.32.050.

(ii) If it appears that the amount of incentive paid is less than the correct amount of incentive payable the business may authorize additional payment.

(4) Except for community solar projects, the investment cost recovery incentive may be paid fifteen cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For community solar projects, the investment cost recovery incentive may be paid thirty cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For the purposes of this section, the rate paid for the investment cost recovery incentive may be multiplied by the following factors:

(a) For customer-generated electricity produced using solar modules manufactured in Washington state or a solar stirling converter manufactured in Washington state, two and four-tenths;

(b) For customer-generated electricity produced using a solar or a wind generator equipped with an inverter manufactured in Washington state, one and two-tenths;

(c) For customer-generated electricity produced using an anaerobic digester, or by other solar equipment or using a wind generator equipped with blades manufactured in Washington state, one; and

(d) For all other customer-generated electricity produced by wind, eight-tenths.

(5)(a) No individual, household, business, or local governmental entity is eligible for incentives provided under subsection (4) of this section for more than five thousand dollars per year.

(b) Except as provided in (c) through (e) of this subsection (5), each applicant in a community solar project is eligible for up to five thousand dollars per year.

(c) Where the applicant is an administrator of a community solar project as defined in RCW 82.16.110(~~(2)(a)(i)~~) (1)(b)(i)(A), each owner is eligible for an incentive but only in proportion to the ownership share of the project, up to five thousand dollars per year.

(d) Where the applicant is a company owning a community solar project that has applied for an investment cost recovery incentive on behalf of its members, each member of the company is eligible for an incentive that would otherwise belong to the company but only in proportion to each ownership share of the company, up to five thousand dollars per year. The company itself is not eligible for incentives under this section.

(e) In the case of a utility-owned community solar project, each ratepayer that contributes to the project is eligible for an incentive

in proportion to the contribution, up to five thousand dollars per year.

(6) The climate and rural energy development center at Washington State University energy program may establish guidelines and standards for technologies that are identified as Washington manufactured and therefore most beneficial to the state's environment.

(7) The environmental attributes of the renewable energy system belong to the applicant, and do not transfer to the state or the light and power business upon receipt of the investment cost recovery incentive.

(8) No incentive may be paid under this section for kilowatt-hours generated before July 1, 2005, or after June 30, 2017, except as provided in subsections (10) through (12) of this section.

(9) Beginning October 1, 2017, program management, technical review, and tracking responsibilities of the department under this section are transferred to the Washington State University extension energy program. (10) Participants in the renewable energy investment cost recovery program under this section will continue to receive payments for electricity produced through June 30, 2020, at the same rates their utility paid to participants for electricity produced between July 1, 2015, and June 30, 2016.

(11) In order to continue to receive the incentive payment allowed under subsection (4) of this section, a person or community solar project administrator who has, by September 30, 2017, submitted a complete certification to the department under subsection (2) of this section must apply to the Washington State University extension energy program by April 30, 2018, for a certification authorizing the utility serving the situs of the renewable energy system to annually remit the incentive payment allowed under subsection (4) of this section for each kilowatt-hour generated by the renewable energy system through June 30, 2020.

(12)(a) The Washington State University extension energy program must establish an application process and form by which to collect the system operation data described in RCW 82.16.165(7)(a)(iii) from each person or community solar project administrator applying for a certification under subsection (11) of this section. The Washington State University extension energy program must notify any applicant that providing this data is a condition of certification and that any certification issued pursuant to this section is void as of June 30, 2018, if the applicant has failed to provide the data by that date.

(b) Beginning July 1, 2018, the Washington State University extension energy program must, in a form and manner that is consistent with the roles and processes established under RCW 82.16.165 (19) and (20), calculate for the year and provide to the utility the amount of the incentive payment due to each participant under subsection (11) of this section.

(13) This section expires June 30, 2031.

**Sec. 11.** RCW 82.16.150 and 2010 c 202 s 5 are each amended to read as follows:

In addition, the light and power business and any employee is immune from civil liability for the good faith reliance on any misstatement that may

be made in such application or certification. Should a light and power business or employee prevail upon the defense provided in this section, it is entitled to recover expenses and reasonable attorneys' fees incurred in establishing the defense.

(2) This section expires June 30, 2031.

**Sec. 12.** RCW 82.16.155 and 2017 3rd sp.s. c 36 s 2 are each amended to read as follows:

(1) This section is the tax preference performance statement for the tax preference and incentives created under (~~RCW 82.16.130 and~~) sections 4 and 6, chapter 36, Laws of 2017 3rd sp. sess. This performance statement is only intended to be used for subsequent evaluation of the tax preference and incentives. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes the tax preference created under (~~RCW 82.16.130~~) section 4, chapter 36, Laws of 2017 3rd sp. sess. and incentive payments authorized in section 6, chapter 36, Laws of 2017 3rd sp. sess. as intended to:

(a) Induce participating utilities to make incentive payments to utility customers who invest in renewable energy systems; and

(b) By inducing utilities, nonprofit organizations, and utility customers to acquire and install renewable energy systems, retain jobs in the clean energy sector and create additional jobs.

(3) The legislature's public policy objectives are to:

(a) Increase energy independence from fossil fuels; and

(b) Promote economic development through increasing and improving investment in, development of, and use of clean energy technology in Washington; and

(4) It is the legislature's intent to provide the incentives in sections 4 and 6, chapter 36, Laws of 2017 3rd sp. sess. (~~and RCW 82.16.130~~) in order to ensure the sustainable job growth and vitality of the state's renewable energy sector. The purpose of the incentive is to reduce the costs associated with installing and operating solar energy systems by persons or entities receiving the incentive.

(5) As part of its 2021 tax preference reviews, the joint legislative audit and review committee must review the tax preferences and incentives in sections 4 and 6, chapter 36, Laws of 2017 3rd sp. sess. (~~and RCW 82.16.130~~). The legislature intends for the legislative auditor to determine that the incentive has achieved its desired outcomes if the following objectives are achieved:

(a) Installation of one hundred fifteen megawatts of solar photovoltaic capacity by participants in the incentive program between July 1, 2017, and June 30, 2021; and

(b) Growth of solar-related employment from 2015 levels, as evidenced by:

(i) An increased per capita rate of solar energy-related jobs in Washington, which may be determined by consulting a relevant trade association in the state; or

(ii) Achievement of an improved national ranking for solar energy-related employment and per capita solar energy-related employment, as reported in a nationally recognized report.

(6) In order to obtain the data necessary to perform the review, the joint legislative audit and review committee may refer to data collected by the Washington State University extension energy program and may obtain employment data from the employment security department.

(7) The Washington State University extension energy program must collect, through the application process, data from persons claiming the tax credit under (~~RCW 82.16.130~~) section 4, chapter 36, Laws of 2017 3rd sp. sess. and persons receiving the incentive payments created in (~~RCW 82.16.165~~) section 6,

chapter 36, Laws of 2017 3rd sp. sess., as necessary, and may collect data from other interested persons as necessary to report on the performance of chapter 36, Laws of 2017 3rd sp. sess.

(8) All recipients of tax credits or incentive payments awarded under this chapter must provide data necessary to evaluate the tax preference performance objectives in this section as requested by the Washington State University extension energy program or the joint legislative audit and review committee. Failure to comply may result in the loss of a tax credit award or incentive payment in the following year.

(9) This section expires June 30, 2031.

MOTION

On motion of Senator Rolfes, the rules were suspended and Second Substitute House Bill No. 1661 was returned to second reading for the purposes of amendment.

MOTION

Senator Rolfes moved that the following striking floor amendment no. 1377 by Senator Liias be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Chapter 47, Laws of 2011 1st sp. sess. (Engrossed Substitute House Bill No. 1981) established a framework to allow the state's institutions of higher education to begin funding the unfunded portion of the defined benefit component of the higher education retirement plans.

(b) Moneys in the fund are being invested in short-term assets with low rates of return because there is no stated or clear pathway for when these funds will be used to pay benefits and that a stated

strategy would allow these funds to be invested at a higher rate of return.

(c) The first actuarial analysis of the plans was completed in 2016, which provided information about projected future costs and potential institution specific rates that would allow benefits to be paid from the fund beginning in 2035.

(2) Therefore, the legislature intends the following:

(a) To establish institution specific contribution rates for each institution of higher education supplemental benefit plan.

(b) The pension funding council will adjust the institution specific rates periodically based on updated experience and actuarial analyses to maintain progress towards funding the actuarial liabilities of each institution and to allow payment from the funds by 2035.

(c) Future contribution rates represent the cost of paying on a combined prefunded and pay-as-you-go basis in a way that reduces the year-to-year changes in cost that the higher education retirement plan supplemental benefit has under current law.

(d) The department of retirement systems assumes responsibility for administering the higher education retirement plan supplemental benefit fund when sufficient assets have been accumulated, as determined by the pension funding council.

(e) When sufficient funding has been accumulated to begin making benefit payments that the payments be made solely from that institution's portion of the higher education retirement plan supplemental benefit fund.

(f) That moneys in the fund be invested in a way to maximize returns.

**Sec. 2.** RCW 28B.10.423 and 2012 c 229 s 516 are each amended to read as follows:

(1) For employees who are first employed by an institution of higher education in a position eligible for participation in an old age annuities or retirement income plan under this chapter prior to July 1, 2011, it is the intent of RCW 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, and 28B.10.420(~~(c)~~) and ~~((28B.10.423))~~ this section that the retirement income resulting from the contributions described herein from the state of Washington and the employee shall be projected actuarially so that it shall not exceed sixty percent of the average of the highest two consecutive years salary. Periodic review of the retirement systems established pursuant to RCW 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, and 28B.10.420(~~(c)~~) and ~~((28B.10.423))~~ this section will be undertaken at such time and in such manner as determined by the committees on ways and means of the senate and of the house of representatives, the select committee on pension policy, and the pension funding council, and joint contribution rates will be adjusted if necessary to accomplish this intent.

(2) Beginning July 1, 2011, state funding for annuity or retirement income plans under RCW 28B.10.400 shall not exceed six percent of salary. The state board for community and technical colleges and the student achievement council are exempt from the provisions of this subsection (2).

(3) By June 30, 2013, and every two years thereafter, each institution of higher education that is responsible for payment of supplemental amounts under RCW 28B.10.400(1)(c) shall contract with the state actuary under chapter 41.44 RCW for an actuarial valuation of their supplemental benefit plan. By June 30, 2013, and at least once every six years thereafter, each institution shall also contract with the state actuary under chapter 41.44 RCW for an actuarial experience study of the mortality, service, compensation, and other experience of the annuity or retirement income plans created in this chapter, and into the financial condition of each system. At the discretion of the state actuary, the valuation or experience study may be performed by the state actuary or by an outside actuarial firm under contract to the office

of the state actuary. Each institution of higher education is required to provide the data and information required for the performance of the valuation or experience study to the office of the state actuary or to the actuary performing the study on behalf of the state actuary. The state actuary may charge each institution for the actual cost of the valuation or experience study through an interagency agreement. Upon completion of the valuation or experience study, the state actuary shall provide copies of the study to the institution of higher education and to the select committee on pension policy and the pension funding council.

~~(4)(a) ((A higher education retirement plan supplemental benefit fund is created in the custody of the state treasurer for the purpose of funding future benefit obligations of higher education retirement plan supplemental benefits. The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the fund.~~

~~(b))~~ From January 1, 2012, through June 30, 2013, an employer contribution rate of one-quarter of one percent of salary is established to begin prefunding the unfunded future obligations of the supplemental benefit established in RCW 28B.10.400.

~~((c))~~ ~~(b)~~ Beginning July 1, 2013, an employer contribution rate of one-half of one percent of salary is established to prefund the unfunded future obligations of the supplemental benefit established in RCW 28B.10.400.

~~((d))~~ ~~(c)(i)~~ Beginning July 1, 2020, the employer contribution rates for each state institution of higher education are as follows:

Eastern Washington University: 0.28 percent

Central Washington University: 0.28 percent

The Evergreen State College: 0.23 percent

State board for community and technical colleges: 0.13 percent

(ii) The contribution rates established in this section may be changed by rates adopted by the pension funding council beginning July 1, 2021, consistent with (e) of this subsection.

(iii) The rates in this subsection (4) are subject to the limit established in subsection (2) of this section.

(d) Consistent with chapter 41.50 RCW, the department of retirement systems shall collect the employer contribution rates established in this section from each state institution of higher education, and deposit those contributions into the higher education retirement plan supplemental benefit fund under RCW 41.50.075(6). The contributions made by each employer into the higher education retirement plan supplemental benefit fund and the earnings on those contributions shall be accounted for separately within the fund.

The analysis must include an assessment of potential mitigation measures to address these potential impacts. These funds must be held in unallotted status during the 2019-2021 fiscal biennium, and may only be used after the commission has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal surface transportation system funding alternatives grant program under (b) of this subsection without successfully securing federal funding for the further study of a road usage charge. A year-end update on the status of this effort, if undertaken prior to the end of calendar year 2020, must be provided to the governor's office and the transportation committees of the legislature by January 1, 2021.

(2)(a) \$250,000 of the Interstate 405 and state route number 167 express toll lanes ~~((operations))~~ account—state appropriation is provided solely for the transportation commission to conduct a study, applicable to the Interstate 405 express toll lanes, of discounted tolls and other similar programs for low-income drivers that are provided by other states, countries, or other entities and how such a program could be implemented in the state of Washington. Beginning October 1, 2019, and quarterly thereafter, the Washington state patrol shall submit a report detailing the additional revenue amounts generated since July 1, 2017, to the director of the office of financial management and the transportation committees of the legislature. At the end of the calendar quarter in which it is estimated that more than \$625,000 in state sales and use taxes have been remitted to the state since July 1, 2017, the Washington state patrol shall notify the state treasurer and the state treasurer shall transfer funds pursuant to section 406 ~~((of this act))~~, chapter 416, Laws of 2019.

If chapter 440 ~~(((Engrossed Second Substitute Senate Bill No. 5497)))~~, Laws of

FIFTY NINTH DAY, MARCH 11, 2020

2020 REGULAR SESSION

2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.

(12)(a) The Washington state patrol must report quarterly to the house and senate transportation committees on the status of recruitment and retention activities as follows:

- (i) A summary of recruitment and retention strategies;
- (ii) The number of transportation funded staff vacancies by major category;
- (iii) The number of applicants for each of the positions by these categories;
- (iv) The composition of workforce; and
- (v) Other relevant outcome measures with comparative information with recent comparable months in prior years.

(b) By January 1, 2020, the Washington state patrol must submit to the transportation committees of the legislature and the governor a workforce diversity plan. The legislature finds that the water connection extension constructed by the Washington state patrol from the city of Shelton's water facilities to the Washington state patrol academy was necessary to meet the water supply needs of the academy. The legislature also finds that the water connection provides an ongoing water supply that is necessary to the operation of the training facility, that the state is making use of the water connection for these public activities, and that any future incidental use of the municipal infrastructure put in place to support these activities will not impede the Washington state patrol's ongoing use of the water connection extension. Therefore, the legislature determines that under the public policy of this state, reimbursement by any other entity is not required, notwithstanding any prior condition regarding contributions of other entities that Washington state patrol was required to satisfy prior to expenditure of the funds for construction of the extension, and that the Washington state patrol shall terminate the agreement.

The department shall provide this data in a report to the transportation committees of the legislature on at least a calendar quarterly basis.

(9) The department shall develop an ongoing cost allocation method to assign appropriate costs to each of the toll funds for services provided by each Washington state department of transportation program and all relevant transportation agencies, including the Washington state patrol and the transportation commission. This method should update the toll cost allocation method used in the 2020 supplemental transportation appropriations act. FIFTY NINTH DAY, MARCH 11, 2020

2020 REGULAR SESSION

**FOR THE DEPARTMENT OF TRANSPORTATION—  
PROGRAM DELIVERY MANAGEMENT AND  
SUPPORT—PROGRAM H**

Motor Vehicle Account—State	Appropriation
	<del>(\$59,801,000)</del>
	<u>\$59,788,000</u>
Motor Vehicle Account—Federal Appropriation	\$500,000

	\$258,000
<b>TOTAL APPROPRIATION</b>	<b><u>\$60,559,000</u></b>
	<b><u>\$60,546,000</u></b>

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(2) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

(3) \$1,600,000 of the motor vehicle account—state appropriation is provided solely for real estate services activities. Consistent with RCW 47.12.120 and during the 2019-2021 fiscal biennium, when initiating, extending, or renewing any rent or lease agreements with a regional transit authority, consideration of value must be equivalent to one hundred percent of economic or market rent.

(4)(a) \$100,000 of the motor vehicle account—state appropriation is provided solely for the department to:

(i) Determine the real property owned by the state of Washington and under the jurisdiction of the department in King county that is surplus property located in an area encompassing

south of Dearborn Street in Seattle, south of Newcastle, west of SR 515, and north of South 216th to SR 515; and

(ii) Use any remaining funds after (a)(i) of this subsection is completed to identify additional real property across the state owned by the state of Washington and under the jurisdiction of the department that is surplus property.

(b) The department shall provide a report to the transportation committees of the legislature describing the properties it has identified as surplus property under (a) of this subsection by October 1, 2020.

(2) \$350,000 of the multimodal transportation account—state appropriation is provided solely for the department to execute a transit oriented development pilot project at Kingsgate park and ride in Kirkland intended to be completed by December 31, 2023. The purpose of the pilot project is to demonstrate how appropriate department properties may be used to provide multiple public benefits such as affordable and market rate housing, commercial development, and institutional facilities in addition to transportation purposes. To accomplish the pilot project, the department is authorized to exercise all legal and administrative powers authorized in statute that may include, but is not limited to, the transfer, lease, or sale of some or all of the property to another governmental agency, public development authority, or nonprofit developer approved by the department and partner agencies. (5) \$84,000 of the multimodal transportation account—state appropriation is provided solely for an interagency transfer to the department of commerce for the purpose of conducting a study as described in chapter 287 (~~((Engrossed Second Substitute House Bill No. 2042))~~), Laws of 2019 (advancing green transportation adoption) to identify opportunities to reduce barriers to electric vehicle adoption by lower income residents of the state through the use of vehicle and infrastructure financing assistance. (~~((If chapter 287 (Engrossed Second Substitute House Bill No. 2042), Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.))~~)

Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2017 as reported in the "Summary of Public Transportation - 2017" published by the department of transportation. No transit agency may receive more

than thirty percent of these distributions. (~~If chapter 287 (Engrossed Second Substitute House Bill No. 2042), Laws of 2019 (advancing green transportation adoption) is not enacted by June 30, 2019, \$7,722,000 of the amount in this subsection lapses.~~)

The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds.

(b) At least \$1,600,000 of the amount provided in this subsection must be used for vanpool grants in congested corridors.

It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2021-2023 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2019-2021 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport

Businesses and nonprofit organizations located in a county adjacent to Puget Sound with a population of more than seven hundred thousand that have never offered transit subsidies to employees are eligible to apply to the program for a fifty percent rebate on the cost of employee transit subsidies provided through the regional ORCA fare collection system. No single business or nonprofit organization may receive more than ten thousand dollars from the program.

If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(11)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (4) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) King County Metro - RapidRide Expansion, Burien-Delridge (G2000031);

(ii) King County Metro - Route 40 Northgate to Downtown (G2000032);

(iii) Mason Transit Park & Ride Development (G2000042); or

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

(12) \$750,000 of the multimodal transportation account—state appropriation is provided solely for Intercity Transit for the Dash shuttle program.

(13)(a) \$485,000 of the multimodal transportation account—state appropriation is provided solely for King county for:

(i) An expanded pilot program to provide certain students in the Highline, Tukwila, and Lake Washington school districts with an ORCA card during these school districts' summer vacations. (16) As a short-term solution, appropriation authority for the public transportation program in this section is reduced to reflect anticipated underruns in this program, based on historical reappropriation levels. It is the intent of the legislature that no public transportation grants or projects be eliminated or substantially delayed as a result of revenue reductions.

(17) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) No allotment modifications may be made to amounts provided solely for the special needs transportation grant program;

(b) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(c) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document 2020-2 ALL PROJECTS as developed March 11, 2020;

(d) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the multimodal transportation account—state; and

(e) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

(18)(a) The Washington state department of transportation public transportation division, working with the Thurston regional planning council, shall provide state agency management, the office of financial management, and the transportation committees of the legislature with results of their regional mobility grant program demonstration project I-5/US 101 Practical Solutions: State Capitol Campus Transportation Demand Management – Mobile Work. This includes reporting after the 2020 legislative session on the measurable results of an early pilot initiative, "Telework Tuesday," beginning in January 2020.

(b) Capitol campus state agency management is directed to fully participate in this work, which aims to reduce greenhouse gases, require less office space and parking investments; provide low cost congestion relief on I-5 during peak periods, US 101, and the local transportation network; and improve retention and recruitment of public employees. The agencies should actively: Encourage employees qualified to telework to participate in this

program and increase the number of employees who qualify for mobile work and schedule shifts.

(c) If measurable success is achieved, the capitol campus state agencies shall provide options to expand the project to other jurisdictions concentrated with large employers. Expansion and encouragement of telework will help reduce demand on the transportation system, reduce traffic during peak hours, and reduce greenhouse gas emissions.

~~(ii) ((An assessment of current laws in state and provincial jurisdictions and identification of any proposed changes to laws, regulations, and/or agreements that are needed to proceed with development))~~ Development of a long-term funding and financing strategy for project initiation, development, construction, and program administration of the high-speed corridor, building on the funding and financing chapter of the 2019 business case analysis and aligned with the recommendations of (b)(i) of this subsection; and

~~(iii) Development of ((general recommendations for the authorization needed to advance the development of the corridor))~~ recommendations for a department-led ultra-high speed corridor engagement plan for policy leadership from elected officials.

(c) This study must build on the results of the 2018 Washington state ultra high-speed ground transportation business case analysis and the 2019 Washington state ultra high-speed ground

transportation study findings report. The department shall consult with the transportation committees of the legislature regarding all issues related to proposed corridor governance.

~~((e))~~ (d) The development work referenced in (b) of this subsection is intended to identify and make recommendations related to specific entities, including interjurisdictional entities, policies, and processes required for the purposes of furthering preliminary analysis efforts for the ultra high-speed ground transportation corridor. (3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. It is the intent of the legislature that the \$25,000,000 increase in funding provided in the 2021-2023 fiscal biennium be covered by any legal damages paid to the state as a result of a lawsuit related to contractual provisions for construction and delivery of the Alaskan Way viaduct replacement project. (b) Recognizing that the department of transportation requires full possession of parcel number 1-23190 to complete the Montlake Phase of the West End project, the department is directed to:

(i) Work with the operator of the Montlake boulevard market located on parcel number 1-23190 to negotiate a lease allowing continued operations up to January 1, 2020. After that time, the department shall identify an area in the vicinity of the Montlake property for a temporary market or other food service to be

provided during the period of project construction. Should the current operator elect not to participate in providing that temporary service, the department shall then develop an outreach plan with the city to solicit community input on the food services provided, and then advertise the opportunity to other potential vendors. Further, the department shall work with the city of Seattle and existing permit processes to facilitate vendor access to and use of the area in the vicinity of the Montlake property.

(ii) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(c) \$60,000 of the motor vehicle account—state appropriation is provided solely for grants to nonprofit organizations located in a city with a population exceeding six hundred thousand persons and that empower artists through equitable access to vital expertise, opportunities, and business services. Funds may be used only for the purpose of preserving, commemorating, and sharing the history of the city of Seattle's freeway protests and making the history of activism around the promotion of more integrated transportation and land use planning accessible to current and future generations through the preservation of Bent 2 of the R. H. Thompson freeway ramp.

~~((44))~~ (13) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

~~((45) \$265,100,000)~~ (14) \$310,469,000 of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(c) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(d) It is the legislature's intent that the department shall construct a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the base project is fully funded, the funds must first be applied toward the completion of these two full single-point urban interchanges.

(e) In designing the state route number 509/state route number 516 interchange component of the SR 167/SR 509 Puget Sound

Gateway project (M00600R), the department shall make every effort to utilize the preferred "4B" design.

(f) The department shall explore the development of a multiuse trail for bicyclists, pedestrians, skateboarders, and similar users along the SR 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park.

(g) If sufficient bonding authority to complete this project is not provided within chapter 421 (~~((Engrossed Substitute Senate Bill No. 5825))),~~ Laws of 2019 (addressing tolling) (~~(or chapter . . . (House Bill No. 2132),~~ Laws of 2019 (addressing tolling)), or within a bond authorization act referencing chapter 421 (~~((Engrossed Substitute Senate Bill No. 5825))),~~ Laws of 2019 (~~(or chapter . . . (House Bill No. 2132),~~ Laws of 2019,) by June 30, 2019, it is the intent of the legislature to return the Puget Sound Gateway project (M00600R) to its previously identified construction schedule by moving \$128,900,000 in connecting Washington account—state appropriation back to the 2027-2029 biennium from the 2023-2025 biennium on the list referenced in subsection (2) of this section. If sufficient bonding authority is provided, it is the intent of the legislature to advance the project to allow for earlier completion and inflationary savings.

~~((46))~~ (15) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

~~((48) \$950,000)~~ (16) \$1,029,000 of the transportation partnership account—state appropriation is provided solely for the U.S. 2 Trestle IJR project (L1000158).

~~((49))~~ (17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

~~((20))~~ (18) Any advisory group that the department convenes during the 2019-2021 fiscal biennium must consider the interests of the entire state of Washington.

~~((24))~~ (19) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2021, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

~~((22))~~ (20)(a) (~~For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:~~

~~(i) I-82 Yakima Union Gap Economic Development Improvements (T21100R);~~

~~(ii) I-5 Federal Way Triangle Vicinity Improvements (T20400R); or~~

~~(iii) SR 522/Paradise Lk Rd Interchange & Widening on SR 522 (Design/Engineering) (NPARADI).~~

~~(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.~~

~~(e))~~ For connecting Washington projects that have already begun and are eligible for the authority granted in section 601 of this act, the department shall prioritize advancing the following projects if expected reappropriations become available:

~~((4))~~ (b) To the extent practicable, the department shall use the flexibility and authority granted in this section and in section 601 of this act to minimize the amount of reappropriations needed each biennium.

(c) The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

~~((23))~~ (21) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

~~((24))~~ (22)(a) \$17,500,000 of the motor vehicle account—state appropriation is provided solely for staffing of a project office to replace the Interstate 5 bridge across the Columbia river (G2000088). If at least a \$9,000,000 transfer is not authorized in section 406(29) (~~(of this act)~~), chapter 416, Laws of 2019, then

\$9,000,000 of the motor vehicle account—state appropriation lapses.

(b) Of the amount provided in this subsection, \$7,780,000 of the motor vehicle account—state appropriation must be placed in unallotted status by the office of financial management until the department develops a detailed plan for the work of this project office in consultation with the chairs and ranking members of the transportation committees of the legislature. The director of the office of financial management shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(c) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(d) Within the amount provided in this subsection, the department must implement chapter 137 (~~Engrossed Substitute House Bill No. 1994~~), Laws of 2019 (projects of statewide significance).

(e) The department shall have as a goal to:

(i) Reengage project stakeholders and reevaluate the purpose and need and environmental permits by July 1, 2020;

(ii) Develop a finance plan by December 1, 2020; and

(iii) Have made significant progress toward beginning the supplemental environmental impact statement process by June 30, 2021. The department shall aim to provide a progress report on these activities to the governor and the transportation committees of the legislature by December 1, 2019, and a final report to the governor and the transportation committees of the legislature by December 1, 2020.

The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other transportation projects in the area, and transportation impacts.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) It is the intent of the legislature that for the amount listed for the 2021-2023 biennium for the Fish Passage Barrier project (OB14001) on the LEAP list referenced in subsection (1) of this section, that accrued practical design savings deposited in the transportation future funding program account be used to help fund the cost of fully complying with the court injunction by 2030.

The commencement of construction of new vessels for the ferry system is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing construction and preservation needs of the ferry system fleet of vessels. The legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690.

(10) The capital vessel replacement account—state appropriation includes up to ~~((99,000,000))~~ \$96,030,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(11) It is the intent of the legislature that no capital projects be eliminated or substantially delayed as a result of revenue reductions, but that as a short-term solution appropriation authority for this program is reduced to reflect anticipated underruns in this program, based on historical reappropriation levels.

(12) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document 2020-2 ALL PROJECTS as developed March 11, 2020;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Puget Sound capital construction account—state, transportation partnership account—state, and capital vessel replacement account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

(26) It is the intent of the legislature that no capital projects will be eliminated or substantially delayed as a result of revenue reductions, but that as a short-term solution appropriation authority for this program is reduced to reflect anticipated underruns in this program, based on historical reappropriation levels.

(27) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium:

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document 2020-2 ALL PROJECTS as developed March 11, 2020:

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state and multimodal transportation account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

**Sec. 311.** 2019 c 416 s 313 (uncodified) is amended to read as follows:

**Sec. 601.** 2019 c 416 s 601 (uncodified) is amended to read as follows:

**FUND TRANSFERS**

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document ((2019-1)) 2020-1 as developed ((April 27, 2019)) March 11, 2020, which consists of a list of specific projects by fund source

and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2019-2021 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers may not be made while the legislature is in session;

(f) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(g) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2020 supplemental omnibus transportation appropriations act, any unexpended 2017-2019 appropriation balance as approved by the office of financial management, in consultation with the chairs and ranking members of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(h) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the chairs and ranking members of the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner and consider any concerns raised by the chairs and ranking members of the transportation committees.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section.

**Sec. 602.** 2019 c 416 s 606 (uncodified) is amended to read as follows:

**TRANSIT, BICYCLE, AND PEDESTRIAN ELEMENTS REPORTING**

(1) By November 15th of each year, the department of transportation must report on amounts expended to benefit transit, bicycle, or pedestrian elements within all connecting Washington projects in programs I, P, and Z identified in LEAP Transportation Document ((2019-2)) 2020-2 ALL PROJECTS as developed ((April 27, 2019)) March 11, 2020. The report must address each modal category separately and identify if eighteenth amendment protected funds have been used and, if not, the source of funding.

(2) To facilitate the report in subsection (1) of this section, the department of transportation must require that all bids on connecting Washington projects include an estimate on the cost to implement any transit, bicycle, or pedestrian project elements.

**MISCELLANEOUS 2019-2021 FISCAL BIENNIUM**

**Sec. 701.** 2019 c 416 s 701 (uncodified) is amended to read as follows:

**INFORMATION TECHNOLOGY OVERSIGHT**

(1) Agencies must apply to the office of financial management and the office of the state chief information officer for approval before beginning a project or proceeding with each discreet stage of a project subject to this section. At each stage, the office of the state chief information officer must certify that the project has an approved technology budget and investment plan, complies with state information technology and security requirements, and other policies defined by the office of the state chief information officer. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(2)(a) Each project must have a technology budget. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit detailed financial information to the office of financial management and the office of the state chief information officer. The technology budget must describe the total cost of the project by fiscal month to include and identify:

- (i) Fund sources;
- (ii) Full-time equivalent staffing level to include job classification assumptions;
- (iii) A discreet appropriation index and program index;
- (iv) Object and subject codes of expenditures; and
- (v) Anticipated deliverables.

(c) If a project technology budget changes and a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must be posted to the dashboard, to include a narrative rationale on what changed, why, and how that impacts the project in scope, budget, and schedule.

(3)(a) Each project must have an investment plan that includes:

(i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;

(ii) The office of the state chief information officer staff assigned to the project;

(iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;

(iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;

(v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and

(vi) Financial budget coding to include at least discrete program index and subject codes.

(4) Projects with estimated costs greater than one hundred million dollars from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the state chief information officer. Each subproject must have a technology budget and investment plan as provided in this section.

The department must report its findings and the list of buildings identified in this section to the office of financial management and the appropriate fiscal committees of the legislature by January 15, 2020.

**FOR THE DEPARTMENT OF FISH AND WILDLIFE**

(1) Nothing in this section alters the obligation set forth in the permanent injunction, including the compliance deadline, entered on March 29, 2013, in *United States v. Washington*, sub-proceeding 01-1 (Culverts), or the guidelines for compliance within the specified timeline with the permanent injunction as developed by the state agencies during the implementation process.

(2) Nothing in this section creates an obligation on the part of the state to provide funding for corrections for nonstate-owned culverts. Nothing in this section precludes the state from providing funding for corrections for nonstate-owned culverts.

(3) In order to provide recommendations, the Brian Abbott fish barrier removal board must develop a comprehensive statewide culvert remediation plan that works in conjunction with the state approach and that fully satisfies the requirements of the *United States v. Washington* permanent injunction and makes both local and state funding recommendations for additional nonstate barrier corrections across state culvert correction programs that maximize the fisheries habitat gain and other benefits to prey available for southern resident killer whale and salmon recovery.

(4) The comprehensive statewide culvert remediation plan must be consistent with the principles and requirements of the *United States v. Washington* permanent injunction and RCW 77.95.180 and must achieve coordinated investment strategy goals of permanent injunction compliance and the following additional resource benefits. The Brian Abbott fish barrier removal board chair, representing the board and the appropriate department of fish and wildlife executive management, shall consult with tribes to develop a watershed approach. Provided it is consistent with the *United States v. Washington* permanent injunction, prioritization of barrier corrections must be developed on a watershed basis and must maximize the following resource priorities:

- (a) Stocks that are listed as threatened or endangered under the federal endangered species act;
- (b) Stocks that contribute to protection and recovery of southern resident orca whales;
- (c) Critical stocks of anadromous fish that limit or prevent harvest of anadromous fish, as identified in the Pacific salmon treaty; and
- (d) Weak stocks of anadromous fish that limit or prevent harvest of anadromous fish, as determined in North of Cape Falcon process.

(5) The comprehensive statewide culvert remediation plan must include recommendations on methods and procedures for state agencies and local governments to complete and maintain accurate barrier inventories. This plan must also allow for efficient bundling of projects to minimize disruption to the public due to construction as well as adjustments in response to obstacles and opportunities encountered during delivery.

(6) The Brian Abbott fish barrier removal board must also:

(a) Provide to the office of financial management and the fiscal committees of the legislature its recommendation as to statutory or policy changes, or budget needs for the board or state capital budget programs, for better implementation and coordination among the state's culvert correction programs by January 15, 2021; and

(b) Develop a plan to seek and maximize the chances of success of significant federal investment in the comprehensive statewide culvert remediation plan.

(7) It is the intent of the legislature that, in developing future budgets, state agencies administering state culvert correction programs will recommend, to the maximum extent possible, funding in their culvert correction programs for correction of

barriers that are part of the comprehensive statewide culvert remediation plan developed by the Brian Abbott fish barrier removal board under this section.

(8) By November 1, 2020, and March 1, 2021, the Brian Abbott fish barrier removal board and the department of transportation must provide updates on the development of the statewide culvert remediation plan to the office of financial management and the legislative fiscal committees. The first update must include a project timeline and plan to ensure that all agencies with culvert correction programs are involved in the creation of the comprehensive plan.

(9) Prior to presenting the comprehensive statewide culvert remediation plan, the Brian Abbott fish barrier removal board must present the status of the plan to the annual Washington state and Western Washington treaty tribes fish passage barrier repair progress and coordination meeting. The board must submit the comprehensive statewide culvert remediation plan and the process by which it will be adaptively managed over time to the governor and the legislative fiscal committees by January 15, 2021.

The department shall evaluate and rank applications in consultation with a citizen advisory committee, including a representative from the state arts commission, using objective criteria. The evaluation and ranking process shall also consider local community support for projects and an examination of existing assets that applicants may apply to projects.

(ii) The department may establish the amount of state grant assistance for individual project applications but the amount shall not exceed twenty percent, or thirty-three and one-third percent for lists submitted during the 2019-2021 fiscal biennium, of the estimated total capital cost or actual cost of a project, whichever is less. The remaining portions of the project capital cost shall be a match from nonstate sources. The nonstate match may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department is authorized to set matching requirements for individual projects. State assistance may be used to fund separate definable phases of a project if the project demonstrates adequate progress and has secured the necessary match funding.

In contracts for grants authorized under this section, the department shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest

calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

#### PERSONAL PRIVILEGE

Senator Frockt: "Thank you, Mr. President. I wanted to take a moment, as a matter of personal privilege, to thank our staff for the, their work on the capital budget that we just passed. Will do this, of course, with the operating but, it's an incredible amount of work to staff both of these budgets and our team this year was just exceptional in the short session and so I wanted to recognize them. I know my colleagues across the aisle feel the same way. So, I speak for all four of the capital budget writers. But, I want to recognize them in particular: Michelle Alishahi; Mike Bezanson; Kayla Hammer; Jed Hermon, who has worked extensively with me on our MOTCA (Model Toxics Control Act) policy and many other environmental policies, Julie Murray; Jeff Naas; Travis Sugarman; Lindsay Trant; Megan Tudor; and Liza Weeks and in particular this year I want to commend and thank Corban Nemeth who is brand new to the, to the OPR. staff; as well as, Sarian Scott, who did incredible work on our housing and homelessness package and Sarian is as responsible as any of the elected officials for the work that we were able to get done on Newhouse and the and the renovation of Pritchard; and finally Maria Hovde and Richard Ramsey, who is our coordinator, but Maria in particular has done an amazing job working on a with all of the members to come up with a plan for the Fircrest facility and I believe that her work will be right will be roundly recognized in the future as we finally get that project going the way that it needs to. So, they've been incredible. James Crandall from the Republican caucus and Noha Magoub, our Democratic caucus staff. Thank you all for your incredible work this year on the capital budget. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Warnick: "Thank you, Mr. President. As the fourth person on this bipartisan team, I wanted to get kind of the last word. I want to thank not only my colleagues Senator Frockt, Senator Mullet, and Senator Honeyford, who always wears his bow tie on this day, but our Ways & Means staff. And Senator Frockt already went through the list but I especially want to thank our caucus staff James and Noha, and Richard Ramsey. He kept us on track the entire time. I think it was day two of session, he called us in and he said, 'This is what we need to do to get done on time.' And he's kept us on track that entire time. I really have enjoyed working on a capital budget for a number of years because we get to build things and priorities are tough sometimes but when you see the buildings go up and we, I know that we had a hand in it, is very gratifying So, thank you very much Mr. President."

PERSONAL PRIVILEGE

Senator Honeyford: "Thank you. One, I would like to correct the previous speaker. He's not OPR staff, he's the Ways & Means staff. And secondly, traditions apparently are dying. It has always been a tradition, for a long time, that on Capital Budget Day, that we would wear bow ties. Apparently, I'm the only one left and so traditions are dying. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Hawkins: "Well, I too would like to congratulate all my colleagues on both sides of the aisle for the good work on the capital budget. And in particular, the good work on the Newhouse building. And I just wanted to say, for the record, for the members of the F & O Committee who are here, that if we do decide to implode the Newhouse building like the King Dome, I would like to push the button. Thank you, Mr. President."

Moreover, the domestic aerospace industry has faced significant challenges with the large subsidies provided to international competitors.

(2) The legislature finds that a commitment to the elimination of trade barriers for aerospace as well as several other vital Washington exports is important. The legislature also wishes to help bring the United States into full compliance with a recent world trade organization ruling asserting Washington's business and occupation tax rate of 0.2904 percent violates world trade organization rules. (3) The legislature appreciates the state aerospace industry's commitment to complying with the world trade organization

ruling by advocating for the repeal of the preferential business and occupation tax. The legislature hopes that the repeal of this Washington aerospace preference will ensure continued economic success and competitiveness for the industry as well as many other industries. The legislature further hopes that the repeal of the 0.2904 business and occupation tax will allow for the complete resolution of all trade disputes surrounding large civil aircraft.

(4) The legislature further finds that the people of Washington benefit from the presence of the aerospace industry in Washington state. The industry provides good wages and benefits for thousands of engineers, technicians, mechanics, and support staff working across the state. Furthermore, the legislature has a goal of preserving and growing employment in Washington state. The legislature intends that the future consideration of all tax measures will work to achieve this goal in a manner compliant with the world trade organization.

**NEW SECTION. Sec. 2.** A new section is added to chapter 82.04 RCW to read as follows:

(2) Such agreement expressly allows a business and occupation tax rate reduction for commercial airplane manufacturers to 0.357 percent or less.

(3) The department of commerce notifies the department in writing that the conditions of subsections (1) and (2) of this section are met and provides a copy of the agreement between the United States and the European Union or other document providing for the business and occupation tax rate reduction to the department.

(5) Within thirty days of receiving the last of the written notices described in subsections (3) and (4) of this section, the department must provide written notice to the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department, that the tax rates in RCW 82.04.260(11)(e) are reduced to 0.357 percent and the effective date of the rate reduction.

REPORT OF THE CONFERENCE COMMITTEE

Engrossed Substitute Senate Bill No. 6280

March 11, 2020

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 6280, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Unconstrained use of facial recognition services by state and local government agencies poses broad social ramifications that should be considered and addressed. Accordingly, legislation is required to establish safeguards that will allow state and local government agencies to use facial recognition services in a manner that benefits society while prohibiting uses that threaten our democratic freedoms and put our civil liberties at risk.

(2) However, state and local government agencies may use facial recognition services to locate or identify missing persons, and identify deceased persons, including missing or murdered indigenous women, subjects of Amber alerts and silver alerts, and other possible crime victims, for the purposes of keeping the public safe.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accountability report" means a report developed in accordance with section 3 of this act.

(2) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition or persistent tracking of individuals. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(3)(a) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a

subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(4) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(5) "Identification" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches any individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(6) "Legislative authority" means the respective city, county, or other local governmental agency's council, commission, or other body in which legislative powers are vested. For a port district, the legislative authority refers to the port district's port commission. For an airport established pursuant to chapter 14.08 RCW and operated by a board, the legislative authority refers to the airport's board. For a state agency, "legislative authority" refers to the technology services board created in RCW 43.105.285.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 7 of this act and who have the authority to alter the decision under review.

(8) "Nonidentifying demographic data" means data that is not linked or reasonably linkable to an identified or identifiable individual, and includes, at a minimum, information about gender, race or ethnicity, age, and location.

(9) "Ongoing surveillance" means using a facial recognition service to track the physical movements of a specified individual through one or more public places over time, whether in real time or through application of a facial recognition service to historical records. It does not include a single recognition or attempted recognition of an individual, if no attempt is made to subsequently track that individual's movement over time after they have been recognized.

(10) "Persistent tracking" means the use of a facial recognition service by a state or local government agency to track the movements of an individual on a persistent basis without identification or verification of that individual. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

(b) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(11) "Recognition" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches:

(a) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(12) "Verification" means the use of a facial recognition service by a state or local government agency to determine whether an individual is a specific individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

**NEW SECTION. Sec. 3.** (1) A state or local government agency using or intending to develop, procure, or use a facial recognition service must file with a legislative authority a notice of intent to develop, procure, or use a facial recognition service and specify a purpose for which the technology is to be used. A

state or local government agency may commence the accountability report once it files the notice of intent by the legislative authority.

(2) Prior to developing, procuring, or using a facial recognition service, a state or local government agency must produce an accountability report for that service. Each accountability report must include, at minimum, clear and understandable statements of the following:

(a)(i) The name of the facial recognition service, vendor, and version; and (ii) a description of its general capabilities and limitations, including reasonably foreseeable capabilities outside the scope of the proposed use of the agency;

(b)(i) The type or types of data inputs that the technology uses; (ii) how that data is generated, collected, and processed; and (iii) the type or types of data the system is reasonably likely to generate;

(c)(i) A description of the purpose and proposed use of the facial recognition service, including what decision or decisions will be used to make or support it; (ii) whether it is a final or support decision system; and (iii) its intended benefits, including any data or research demonstrating those benefits;

(d) A clear use and data management policy, including protocols for the following:

(i) How and when the facial recognition service will be deployed or used and by whom including, but not limited to, the factors that will be used to determine where, when, and how the technology is deployed, and other relevant information, such as whether the technology will be operated continuously or used only under specific circumstances. If the facial recognition service will be operated or used by another entity on the agency's behalf, the facial recognition service accountability report must explicitly include a description of the other entity's access and any applicable protocols;

(ii) Any measures taken to minimize inadvertent collection of additional data beyond the amount necessary for the specific purpose or purposes for which the facial recognition service will be used;

(iii) Data integrity and retention policies applicable to the data collected using the facial recognition service, including how the agency will maintain and update records used in connection with the service, how long the agency will keep the data, and the processes by which data will be deleted;

(iv) Any additional rules that will govern use of the facial recognition service and what processes will be required prior to each use of the facial recognition service;

(v) Data security measures applicable to the facial recognition service including how data collected using the facial recognition service will be securely stored and accessed, if and why an agency intends to share access to the facial recognition service or the data from that facial recognition service with any other entity, and the rules and procedures by which an agency sharing data with any other entity will ensure that such entities comply with the sharing agency's use and data management policy as part of the data sharing agreement;

(vi) How the facial recognition service provider intends to fulfill security breach notification requirements pursuant to chapter 19.255 RCW and how the agency intends to fulfill security breach notification requirements pursuant to RCW 42.56.590; and

(vii) The agency's training procedures, including those implemented in accordance with section 7 of this act, and how the agency will ensure that all personnel who operate the facial recognition service or access its data are knowledgeable about and able to ensure compliance with the use and data management policy prior to use of the facial recognition service;

(e) The agency's testing procedures, including its processes for periodically undertaking operational tests of the facial recognition service in accordance with section 5 of this act;

(f) Information on the facial recognition service's rate of false matches, potential impacts on protected subpopulations, and how the agency will address error rates, determined independently, greater than one percent;

(g) A description of any potential impacts of the facial recognition service on civil rights and liberties, including potential impacts to privacy and potential disparate impacts on marginalized communities, and the specific steps the agency will take to mitigate the potential impacts and prevent unauthorized use of the facial recognition service; and

(h) The agency's procedures for receiving feedback, including the channels for receiving feedback from individuals affected by the use of the facial recognition service and from the community at large, as well as the procedures for responding to feedback.

(3) Prior to finalizing the accountability report, the agency must:

(a) Allow for a public review and comment period;

(b) Hold at least three community consultation meetings; and

(c) Consider the issues raised by the public through the public review and comment period and the community consultation meetings.

(4) The final accountability report must be updated every two years and submitted to a legislative authority.

(5) The final adopted accountability report must be clearly communicated to the public at least ninety days prior to the agency putting the facial recognition service into operational use, posted on the agency's public web site, and submitted to a legislative authority. The legislative authority must post each submitted accountability report on its public web site.

(6) A state or local government agency seeking to procure a facial recognition service must require vendors to disclose any complaints or reports of bias regarding the service.

(7) An agency seeking to use a facial recognition service for a purpose not disclosed in the agency's existing accountability report must first seek public comment and community consultation on the proposed new use and adopt an updated accountability report pursuant to the requirements contained in this section.

(8) This section does not apply to a facial recognition service under contract as of the effective date of this section. An agency must fulfill the requirements of this section upon renewal or extension of the contract.

**NEW SECTION. Sec. 4.** A state or local government agency using a facial recognition service to make decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals must ensure that those decisions are subject to meaningful human review. Decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals means decisions that result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health care services, or access to basic necessities such as food and water, or that impact civil rights of individuals.

**NEW SECTION. Sec. 5.** Prior to deploying a facial recognition service in the context in which it will be used, a state or local government agency using a facial recognition service to make decisions that produce legal effects on individuals or similarly significant effects on individuals must test the facial recognition service in operational conditions. An agency must take reasonable steps to ensure best quality results by following

all guidance provided by the developer of the facial recognition service.

**NEW SECTION. Sec. 6.** (1)(a) A state or local government agency that deploys a facial recognition service must require a facial recognition service provider to make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics such as: (i) Race, skin tone, ethnicity, gender, age, or disability status; or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of the independent testing identify material unfair performance differences across subpopulations, the provider must develop and implement a plan to mitigate the identified performance differences within ninety days of receipt of such results. For purposes of mitigating the identified performance differences, the methodology and data used in the independent testing must be disclosed to the provider in a manner that allows full reproduction.

(b) Making an application programming interface or other technical capability does not require providers to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Providers bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Nothing in this section requires a state or local government agency to collect or provide data to a facial recognition service provider to satisfy the requirements in subsection (1) of this section.

**NEW SECTION. Sec. 7.** A state or local government agency using a facial recognition service must conduct periodic training of all individuals who operate a facial recognition service or who process personal data obtained from the use of a facial recognition service. The training must include, but not be limited to, coverage of:

(1) The capabilities and limitations of the facial recognition service;

(2) Procedures to interpret and act on the output of the facial recognition service; and

(3) To the extent applicable to the deployment context, the meaningful human review requirement for decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals.

**NEW SECTION. Sec. 8.** (1) A state or local government agency must disclose their use of a facial recognition service on a criminal defendant to that defendant in a timely manner prior to trial.

(2) A state or local government agency using a facial recognition service shall maintain records of its use of the service that are sufficient to facilitate public reporting and auditing of compliance with the agency's facial recognition policies.

(3) In January of each year, any judge who has issued a warrant for the use of a facial recognition service to engage in any surveillance, or an extension thereof, as described in section 11 of this act, that expired during the preceding year, or who has denied approval of such a warrant during that year shall report to the administrator for the courts:

(a) The fact that a warrant or extension was applied for;

(b) The fact that the warrant or extension was granted as applied for, was modified, or was denied;

(c) The period of surveillance authorized by the warrant and the number and duration of any extensions of the warrant;

(d) The identity of the applying investigative or law enforcement officer and agency making the application and the person authorizing the application; and

(e) The nature of the public spaces where the surveillance was conducted.

(4) In January of each year, any state or local government agency that has applied for a warrant, or an extension thereof, for the use of a facial recognition service to engage in any surveillance as described in section 11 of this act shall provide to a legislative authority a report summarizing nonidentifying demographic data of individuals named in warrant applications as subjects of surveillance with the use of a facial recognition service.

**NEW SECTION. Sec. 9.** (1) This chapter does not apply to a state or local government agency that: (a) Is mandated to use a specific facial recognition service pursuant to a federal regulation or order, or that are undertaken through partnership with a federal agency to fulfill a congressional mandate; or (b) uses a facial recognition service in association with a federal agency to verify the identity of individuals presenting themselves for travel at an airport or seaport.

(2) A state or local government agency must report to a legislative authority the use of a facial recognition service pursuant to subsection (1) of this section.

**NEW SECTION. Sec. 10.** (1)(a) The William D. Ruckelshaus center must establish a facial recognition task force, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate;

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives;

(iii) Eight representatives from advocacy organizations that represent individuals or protected classes of communities historically impacted by surveillance technologies including, but not limited to, African American, Latino American, Native American, Pacific Islander American, and Asian American communities, religious minorities, protest and activist groups, and other vulnerable communities;

(iv) Two members from law enforcement or other agencies of government;

(v) One representative from a retailer or other company who deploys facial recognition services in physical premises open to the public;

(vi) Two representatives from consumer protection organizations;

(vii) Two representatives from companies that develop and provide facial recognition services; and

(viii) Two representatives from universities or research institutions who are experts in either facial recognition services or their sociotechnical implications, or both.

(b) The task force shall choose two cochairs from among its legislative membership.

(2) The task force shall review the following issues:

(a) Provide recommendations addressing the potential abuses and threats posed by the use of a facial recognition service to civil liberties and freedoms, privacy and security, and discrimination against vulnerable communities, as well as other potential harm, while also addressing how to facilitate and encourage the continued development of a facial recognition service so that individuals, businesses, government, and other stakeholders in society continue to utilize its benefits;

(b) Provide recommendations regarding the adequacy and effectiveness of applicable Washington state laws; and

(c) Conduct a study on the quality, accuracy, and efficacy of a facial recognition service including, but not limited to, its quality, accuracy, and efficacy across different subpopulations.

(3) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(4) The task force shall report its findings and recommendations to the governor and the appropriate committees of the legislature by September 30, 2021.

(5) This section expires September 30, 2022.

**NEW SECTION. Sec. 11.** A new section is added to chapter 9.73 RCW to read as follows:

(1) A state or local government agency may not use a facial recognition service to engage in ongoing surveillance, create a facial template, conduct an identification, start persistent tracking, or perform a recognition unless:

(a) A warrant is obtained authorizing the use of the service for those purposes;

(b) Exigent circumstances exist; or

(c) A court order is obtained authorizing the use of the service for the sole purpose of locating or identifying a missing person, or identifying a deceased person. A court may issue an ex parte order under this subsection (1)(c) if a law enforcement officer certifies and the court finds that the information likely to be obtained is relevant to locating or identifying a missing person, or identifying a deceased person.

(2) A state or local government agency may not apply a facial recognition service to any individual based on their religious, political, or social views or activities, participation in a particular noncriminal organization or lawful event, or actual or perceived race, ethnicity, citizenship, place of origin, immigration status, age, disability, gender, gender identity, sexual orientation, or other characteristic protected by law. This subsection does not condone profiling including, but not limited to, predictive law enforcement tools.

(3) A state or local government agency may not use a facial recognition service to create a record describing any individual's exercise of rights guaranteed by the First Amendment of the United States Constitution and by Article I, section 5 of the state Constitution.

(4) A law enforcement agency that utilizes body worn camera recordings shall comply with the provisions of RCW 42.56.240(14).

(5) A state or local law enforcement agency may not use the results of a facial recognition service as the sole basis to establish probable cause in a criminal investigation. The results of a facial recognition service may be used in conjunction with other information and evidence lawfully obtained by a law enforcement officer to establish probable cause in a criminal investigation.

(6) A state or local law enforcement agency may not use a facial recognition service to identify an individual based on a sketch or other manually produced image.

(7) A state or local law enforcement agency may not substantively manipulate an image for use in a facial recognition service in a manner not consistent with the facial recognition service provider's intended use and training.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition

or persistent tracking of individuals. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(b)(i) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(ii) "Facial recognition service" does not include: (A) The analysis of facial features to grant or deny access to an electronic device; or (B) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(c) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(d) "Identification" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches any individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(e) "Ongoing surveillance" means using a facial recognition service to track the physical movements of a specified individual through one or more public places over time, whether in real time or through application of a facial recognition service to historical records. It does not include a single recognition or attempted recognition of an individual, if no attempt is made to subsequently track that individual's movement over time after they have been recognized.

(f) "Persistent tracking" means the use of a facial recognition service by a state or local government agency to track the movements of an individual on a persistent basis without identification or verification of that individual. Such tracking becomes persistent as soon as:

(i) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

(ii) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(g) "Recognition" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches:

(i) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(ii) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(h) "Verification" means the use of a facial recognition service by a state or local government agency to determine whether an individual is a specific individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

**NEW SECTION. Sec. 12.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Consumer" means a natural person who is a Washington resident.

(2) "Controller" means the natural or legal person which, alone or jointly with others, determines the purposes and means of the processing of personal data. "Controller" does not include state or local government agencies.

(3) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of a consumer and adds the facial template to a gallery used by the facial recognition service for identification, verification, or persistent tracking of consumers. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(4)(a) "Facial recognition service" means technology that analyzes facial features and is used by a controller or processor for the identification, verification, or persistent tracking of consumers in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(5) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(6) "Identification" means the use of a facial recognition service by a controller or processor to determine whether an unknown consumer matches any consumer whose identity is known to the controller or processor and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 13 of this act and who have the authority to alter the decision under review.

(8) "Persistent tracking" means the use of a facial recognition service to track the movements of a consumer on a persistent basis without identification or verification of that consumer. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking uses a facial recognition service for more than forty-eight hours after the first enrolling of that template; or

(b) The data created by the facial recognition service in connection with the tracking of the movements of the consumer are linked to any other data such that the consumer who has been tracked is identified or identifiable.

(9) "Personal data" means any information that is linked or reasonably linkable to an identified or identifiable natural person. "Personal data" does not include deidentified data or publicly available information.

(10) "Process" or "processing" means any operation or set of operations which are performed on personal data or on sets of personal data, whether or not by automated means, such as the collection, use, storage, disclosure, analysis, deletion, or modification of personal data.

(11) "Processor" means a natural or legal person who processes personal data on behalf of a controller. "Processor" does not include state or local government agencies.

(12) "Recognition" means the use of a facial recognition service by a controller or processor to determine whether an unknown consumer matches:

(a) Any consumer who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific consumer who has been enrolled in a gallery used by the facial recognition service.

(13) "Verification" means the use of a facial recognition service by a controller or processor to determine whether a consumer is a specific consumer whose identity is known to the controller or

processor and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

**NEW SECTION. Sec. 13.** (1)(a) Processors that provide facial recognition services must make available an application programming interface or other technical capability, chosen by the processor, to enable controllers or third parties to conduct legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics, such as (i) race, skin tone, ethnicity, gender, age, or disability status, or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of that independent testing identify material unfair performance differences across subpopulations, the processor must develop and implement a plan to mitigate the identified performance differences within ninety days of receipt of such results. For purposes of mitigating the identified performance differences, the methodology and data used in the independent testing must be disclosed to the provider in a manner that allows full reproduction. Nothing in this subsection prevents a processor from prohibiting the use of the processor's facial recognition service by a competitor for competitive purposes.

(b) Making an application programming interface or other technical capability does not require processors to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Processors bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Processors that provide facial recognition services must provide documentation that includes general information that:

(a) Explains the capabilities and limitations of the services in plain language; and

(b) Enables testing of the services in accordance with this section.

(3) Processors that provide facial recognition services must prohibit by contract the use of facial recognition services by controllers to unlawfully discriminate under federal or state law against individual consumers or groups of consumers.

(4) Controllers must provide a conspicuous and contextually appropriate notice whenever a facial recognition service is deployed in a physical premise open to the public that includes, at minimum, the following:

(a) The purpose or purposes for which the facial recognition service is deployed; and

(b) Information about where consumers can obtain additional information about the facial recognition service including, but not limited to, a link to any applicable online notice, terms, or policy that provides information about where and how consumers can exercise any rights that they have with respect to the facial recognition service.

(5) Controllers must obtain consent from a consumer prior to enrolling an image of that consumer in a facial recognition service used in a physical premise open to the public.

(6) As an exception to subsection (5) of this section, controllers may enroll an image of a consumer in a facial recognition service for a security or safety purpose without first obtaining consent from that consumer, provided that all of the following requirements are met:

(a) The controller must have probable cause, based on a specific incident, that the consumer has engaged in criminal activity, which includes, but is not limited to, shoplifting, fraud, stalking, or domestic violence;

(b) Any database used by a facial recognition service for identification, verification, or persistent tracking of consumers for a security or safety purpose must be used solely for that purpose

and maintained separately from any other databases maintained by the controller;

(c) The controller must review any such database used by the controller's facial recognition service no less than annually to remove facial templates of consumers whom the controller no longer has probable cause that they have engaged in criminal activity; and

(d) The controller must establish an internal process whereby a consumer may correct or challenge the decision to enroll the image of the consumer in a facial recognition service for a security or safety purpose.

(7) Controllers using a facial recognition service to make decisions that produce legal effects on consumers or similarly significant effects on consumers must ensure that those decisions are subject to meaningful human review. Decisions that produce legal effects concerning consumers or similarly significant effects concerning consumers means decisions that result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health care services, or access to basic necessities such as food and water, or that impact civil rights of consumers.

(8) Prior to deploying a facial recognition service in the context in which it will be used, controllers using a facial recognition service to make decisions that produce legal effects on consumers or similarly significant effects on consumers must test the facial recognition service in operational conditions. Controllers must take commercially reasonable steps to ensure best quality results by following all reasonable guidance provided by the developer of the facial recognition service.

(9) Controllers using a facial recognition service must conduct periodic training of all individuals that operate a facial recognition service or that process personal data obtained from the use of facial recognition services. Such training shall include, but not be limited to, coverage of:

(a) The capabilities and limitations of the facial recognition service;

(b) Procedures to interpret and act on the output of the facial recognition service; and

(c) The meaningful human review requirement for decisions that produce legal effects on consumers or similarly significant effects on consumers, to the extent applicable to the deployment context.

(10) Controllers shall not knowingly disclose personal data obtained from a facial recognition service to a law enforcement agency, except when such disclosure is:

(a) Pursuant to the consent of the consumer to whom the personal data relates;

(b) Required by federal, state, or local law in response to a warrant;

(c) Necessary to prevent or respond to an emergency involving danger of death or serious physical injury to any person, upon a good faith belief by the controller; or

(d) To the national center for missing and exploited children, in connection with a report submitted thereto under Title 18 U.S.C. Sec. 2258A.

(11) Voluntary facial recognition services used to verify an aviation passenger's identity in connection with services regulated by the secretary of transportation under Title 49 U.S.C. Sec. 41712 and exempt from state regulation under Title 49 U.S.C. Sec. 41713(b)(1) are exempt from this section. Images captured by an airline must not be retained for more than twenty-four hours and, upon request of the attorney general, airlines must certify that they do not retain the image for more than twenty-four hours. An airline facial recognition service must disclose and obtain consent from the customer prior to capturing an image.

## MOTION

Senator Kuderer moved that the following striking floor amendment no. 1376 by Senator Kuderer be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature makes the following findings:

(a) Nicotine is a highly addictive substance, particularly for children and youth under twenty-one years of age, whose brains are still developing. Vapor products that deliver high levels of nicotine are fueling youth addiction to nicotine and have created an epidemic. The 2019 national youth tobacco survey found that about twenty-seven percent of high school students reported current use of electronic cigarettes and, among electronic cigarette users, about a third reported using electronic cigarettes on twenty or more of the preceding thirty days;

(b) Research consistently shows that flavors and associated advertising contribute to the appeal, initiation, and use of tobacco products, including vapor products, particularly among adolescents and young adults. Evidence also suggests that the 2009 flavored cigarette ban did achieve its objective of reducing adolescent tobacco use, but effects were likely diminished by the continued availability of menthol cigarettes and other flavored tobacco products. Preliminary data from the national youth tobacco survey show that more than a quarter of high school students were current electronic cigarette users in 2019 and the overwhelming majority of youth electronic cigarette users cited the use of popular fruit and menthol or mint flavors. A health impact review performed by the state board of health in 2019 concluded that eliminating flavored vapor products would likely decrease initiation and use of vapor products and other tobacco products among youth and young adults, thereby improving health outcomes; and

(c) While the long-term health effects of vapor products are unknown, current data suggests they are harmful to human health. Vapor products have been shown to impair lung function in several ways, such as by inhibiting ciliary beating, impairing immune function, and causing toxicity to epithelial cells.

(2) Therefore, the legislature intends to enact additional regulatory protections to protect the health of youth and young adults in Washington state.

**Sec. 2.** RCW 70.345.010 and 2019 c 445 s 210 and 2019 c 15 s 4 are each reenacted and amended to read as follows:

(1) The licenses issuable by the board under this chapter are as follows:

- (a) A vapor product retailer's license; and
- (b) A vapor product distributor's license ~~((and~~
- ~~((c))~~ (e) A vapor product delivery sale license).

(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board may adopt rules regarding the regulation of the licenses and licensees. The board may refuse to issue any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a distributor's license ~~((;))~~ or a retailer's license, ((or delivery seller's license,)) and for considering the denial,

2020 REGULAR SESSION

suspension, or revocation of any such license, the board may consider criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. ~~((The application processes for the retailer license and the distributor license, and any forms used for such processes, must allow the applicant to simultaneously apply for a delivery sale license without requiring the applicant to undergo a separate licensing application process in order to be licensed to conduct delivery sales. However, a delivery sale license obtained in conjunction with a retailer or distributor license under this subsection remains a separate license subject to the delivery sale licensing fee established under this chapter.~~

~~((4))~~ (4) No person may qualify for a retailer's license~~((s))~~ or distributor's license~~((s or delivery sale license))~~ under this section without first undergoing a criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. If the applicant or licensee also has a license issued under chapter 66.24, 69.50, 82.24, or 82.26 RCW, the background check done under the authority of chapter 66.24, 69.50, 82.24, or 82.26 RCW satisfies the requirements of this subsection.

~~((5))~~ (4) Each license issued under this chapter expires on the business license expiration date. The license ~~((must))~~ may be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board adopted pursuant to this chapter.

~~((6))~~ (5) Each license and any other evidence of the license required under this chapter must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

**Sec. 4.** RCW 70.345.030 and 2019 c 445 s 211 are each amended to read as follows:

(1)(a) No person may engage in or conduct business as a retailer~~((s))~~ or distributor~~((s or delivery seller))~~ in this state without a valid license issued under this chapter, except as otherwise provided by law. Any person who sells vapor products to ultimate consumers ~~((by a means other than delivery sales))~~ must obtain a retailer's license under this chapter. Any person who meets the definition of distributor under this chapter must obtain a distributor's license under this chapter. ~~((Any person who conducts delivery sales of vapor products must obtain a delivery sale license.))~~

(b) A violation of this subsection is punishable as a class C felony according to chapter 9A.20 RCW.

(2) No person engaged in or conducting business as a retailer~~((s))~~ or distributor~~((s or delivery seller))~~ in this state may refuse to allow the enforcement officers of the board, on demand, to make full inspection of any place of business or vehicle where any of the vapor products regulated under this chapter are sold, stored, transported, or handled, or otherwise hinder or prevent such inspection. The board may conduct such inspections with local law enforcement. A person who violates this subsection is guilty of a gross misdemeanor.

(3) Any person licensed under this chapter as a distributor, and any person licensed under this chapter as a retailer, ~~((and any person licensed under this chapter as a delivery seller))~~ may not operate in any other capacity unless the additional appropriate license is first secured, except as otherwise provided by law. A violation of this subsection is a misdemeanor.

(4) No person engaged in or conducting business as a retailer~~((s))~~ or distributor~~((s or delivery seller))~~ in this state may sell or give, or permit to sell or give, a product that contains any amount of any cannabinoid, synthetic cannabinoid, cathinone, or methcathinone, unless otherwise provided by law. A violation of this subsection ~~((4))~~ is punishable according to RCW 69.50.401.

(5) The penalties provided in this section are in addition to any other penalties provided by law for violating the provisions of this chapter or the rules adopted under this chapter.

**NEW SECTION. Sec. 5.** A new section is added to chapter 70.345 RCW to read as follows:

(1) A retailer operating a retail outlet restricted to persons twenty-one years or older may not allow persons under twenty-one years of age to enter or remain on the premises of the retail outlet.

(2) Upon an individual entering the retail outlet, the retailer must examine the individual's government-issued photographic identification and verify the individual is twenty-one years old or older.

**NEW SECTION. Sec. 6.** A new section is added to chapter 82.25 RCW to read as follows:

(1)(a) In addition to the tax imposed under RCW 82.25.010, there is levied and collected a special excise tax equal to five percent of the selling price on each retail sale in this state of flavored vapor products.

(b) The tax under this section is separate and in addition to general state and local sales and use taxes that apply to retail sales of tangible personal property, and is not part of the total retail price to which general state and local sales and use taxes apply. The tax must be separately itemized from the state and local retail sales tax on the sales receipt provided to the buyer.

(c) The tax levied in this section must be reflected in the price list or quoted shelf price by retailers operating in a retail outlet that is restricted to individuals twenty-one years of age and older and in any advertising that includes prices for all flavored vapor products.

(2) All revenues collected from the tax imposed under this section must be deposited as follows: (a) Sixty-seven percent in the foundational public health services account provided in RCW 82.25.015; and (b) thirty-three percent in the tobacco prevention and control account provided in RCW 43.79.480. Funds deposited into the tobacco prevention and control account shall be used solely by the department to fund tobacco and vapor product prevention and education campaigns targeted to youth and enforcement by the state liquor and cannabis board under this act.

(3) The tax imposed in this section must be paid by the buyer to the seller. Each seller must collect from the buyer the full amount of the tax payable on each taxable sale. The tax collected as required by this section is deemed to be held in trust by the seller until paid to the department. If any seller fails to collect the tax imposed in this section or, having collected the tax, fails to pay it as prescribed by the department, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is, nevertheless, personally liable to the state for the amount of the tax.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Flavored vapor product" has the meaning provided in RCW 70.345.010.

(b) "Retail sale" has the meaning provided in RCW 82.08.010.

(c) "Selling price" has the meaning provided in RCW 82.08.010, except that when product is sold under circumstances where the total amount of consideration paid for the product is not indicative of its true value, "selling price" means the true value of the product sold.

(d) "True value" means market value based on sales at comparable locations in this state of the same or similar product of like quality and character sold under comparable conditions of sale to comparable purchasers. However, in the absence of such sales of the same or similar product, true value means the value of the product sold as determined by all the seller's direct and indirect costs attributable to the product.

**Sec. 7.** RCW 70.345.090 and 2019 c 445 s 212 are each amended to read as follows:

(1) No person may conduct a delivery sale or otherwise ship or transport, or cause to be shipped or transported, any vapor product ordered or purchased by mail or through the internet to any person ~~((unless such seller has a valid delivery sale license as required under this chapter.~~

~~(5) A delivery sale licensee must accept payment only through a credit or debit card issued in the purchaser's own name. The licensee must verify that the card is issued to the same person identified through identity and age verification procedures in subsection (4) of this section.~~

~~(6) Before a delivery sale licensee delivers an initial purchase to any person, the licensee must verify the identity and delivery address of the purchaser by mailing or shipping to the purchaser a notice of sale and certification form confirming that the addressee is in fact the person placing the order. The purchaser must return the signed certification form to the licensee before the initial shipment of product. Certification forms are not required for repeat customers. In the alternative, before a seller delivers an initial purchase to any person, the seller must first obtain from the prospective customer an electronic certification, such as by email, that includes a declaration that, at a minimum, the prospective customer is over the minimum age required for the legal sale of a vapor product, and the credit or debit card used for payment has been issued in the purchaser's name.~~

~~(7) A delivery sale licensee must include on shipping documents a clear and conspicuous statement which includes, at a minimum, that the package contains vapor products, Washington law prohibits sales to those under the minimum age established by this chapter, and violations may result in sanctions to both the licensee and the purchaser.~~

~~(8) For purposes of this subsection (8) [this section], "vapor products" has the same meaning as provided in RCW 82.25.005.~~

~~(9)) in this state.~~

~~((4)) (4) In addition to or in lieu of any other civil or criminal remedy provided by law, a person who has violated this section is subject to a civil penalty of up to five thousand dollars for each violation. The attorney general, acting in the name of the state, may seek recovery of the penalty in a civil action in superior court.~~

~~((44)) (5) The attorney general may seek an injunction in superior court to restrain a threatened or actual violation of this section and to compel compliance with this section.~~

~~((42)) (6) Any violation of this section is not reasonable in relation to the development and preservation of business and is an unfair and deceptive act or practice and an unfair method of competition in the conduct of trade or commerce in violation of RCW 19.86.020. Standing to bring an action to enforce RCW 19.86.020 for violation of this section lies solely with the attorney general. Remedies provided by chapter 19.86 RCW are cumulative and not exclusive.~~

~~((43)) (7)(a) In any action brought under this section, the state is entitled to recover, in addition to other relief, the costs of investigation, expert witness fees, costs of the action, and reasonable attorneys' fees.~~

~~(b) If a court determines that a person has violated this section, the court shall order any profits, gain, gross receipts, or other benefit from the violation to be disgorged and paid to the state treasurer for deposit in the general fund.~~

~~((44)) (8) Unless otherwise expressly provided, the penalties or remedies, or both, under this section are in addition to any other penalties and remedies available under any other law of this state.~~

~~((15) A licensee who violates this section is subject to license suspension or revocation by the board.~~

~~(16) The board may adopt by rule additional requirements for mail or internet sales.~~

(2) This section does not prohibit the use of coupons to receive a discount on a vapor product as part of an in-person transaction ~~((or delivery sale)).~~

**Sec. 9.** RCW 70.345.160 and 2016 sp.s. c 38 s 24 are each amended to read as follows:

(1) The board must have, in addition to the board's other powers and authorities, the authority to enforce the provisions of this chapter.

(2) The board and the board's authorized agents or employees have full power and authority to enter any place of business where vapor products are sold for the purpose of enforcing the provisions of this chapter.

(3) For the purpose of enforcing the provisions of this chapter, a peace officer or enforcement officer of the board who has reasonable grounds to believe a person observed by the officer purchasing, attempting to purchase, or in possession of vapor products is under eighteen years of age, may detain such person for a reasonable period of time and in such a reasonable manner as is necessary to determine the person's true identity and date of birth. (4) The board may work with local county health departments or districts and local law enforcement agencies to conduct random, unannounced, inspections to assure compliance.

(5) Upon a determination by the secretary of health or a local health jurisdiction that a vapor product may be injurious to human health or poses a significant risk to public health:

(a) The board, in consultation with the department of health and local county health jurisdictions, may cause a vapor product substance or solution sample, purchased or obtained from any vapor product retailer~~((?))~~ or distributor~~((? or delivery sale licensee))~~ to be analyzed by an analyst appointed or designated by the board;

(b) If the analyzed vapor product contains an ingredient, substance, or solution present in quantities injurious to human health or posing a significant risk to public health, as determined by the secretary of health or a local health jurisdiction, the board may suspend the license of the retailer ~~((or delivery sale licensee))~~ unless the retailer ~~((or delivery sale licensee))~~ agrees to remove the product from sales; and

(c) If upon a finding from the secretary of health or local health jurisdiction that the vapor product poses an injurious risk to public health or significant public health risk, the retailer ~~((or delivery sale licensee))~~ does not remove the product from sale, the secretary of health or local health officer may file for an injunction in superior court prohibiting the sale or distribution of that specific vapor product substance or solution.

(6) Nothing in subsection (5) of this section permits a total ban on the sale or use of vapor products.

**Sec. 10.** RCW 70.345.170 and 2016 sp.s. c 38 s 11 are each amended to read as follows:

#### PERSONAL PRIVILEGE

Senator Zeiger: "Well thank you, Mr. President. I hope you will allow me just a few minutes to offer some parting thoughts as I conclude my service in this body. I came here a decade ago as a twenty-five-year-old freshman in the House. And before that, I had been a Ph.D. student in political science, and I dropped out of that, which was one of the best decisions of my life. Although I can think of at least one caveat. Several years ago, former State Representative George Walk gave me a hand-me-down plaque with a quote from Will Rogers that says, 'Once a man has held public office, he is no good for honest work.' In any case, I think that I have, I hope that I have, learned now as much about politics in our government out of the Constitution as I would if I had stayed in that Ph.D. program. I've learned, as former State Representative Joyce McDonald told me after I was elected, that relationships are more important than policies. It's not that policy isn't important. Of course, in fact, policy is so important that it deserves real and meaningful discussion. Deliberation where there is trust among the participants and a shared desire to do what's best for the public. And so, I learned that good relationships result in good policies because when we value people over a specific result; when we value our relationships and our collective relationships as a polity that much; even if we have deeply held disagreements, we open ourselves to really listening and best understanding one another. I've learned that people are more complicated than their membership in a particular political party or movement. That each person represents a rich mix of influences, values and talents that are unique to them. I learned that everyone brings something to the table and that although each person is different, we're all a lot more alike as human beings than

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

we may think at first glance. I've learned that people are fundamentally eager to connect with each other and that the value of human connection can often mean more to a person than an easy solution. After all, solutions do not always come easy but, the imperfections of life become far more tolerable when we know that other people care. I've learned that people yearn to belong, to share in a cause bigger than themselves. I've learned that enemies can quickly become friends if there's a will on one side or the other to make it so. And, I learned that politics need not be a barrier to real friendship with people who wear a different party label. The friendships among the members on this floor are very significant and very valuable things for our democracy. Let me close with this, the genius of our Constitution in seeing is in seeing the capacity of our free institutions to draw on the combined imagination and wisdom of our citizens. Here, we learn and discuss and debate and listen and collaborate and compromise and reason and we do all of that because we love this Evergreen State and our respective corners of it, and because we draw on our traditions of civility, it's a rich inheritance if ever there was one. And, I've been honored beyond the dreams that brought me here in the first place, to take my small part in this time I've been given. May God bless each member here as they press on and serve out their calling. Thank you, Mr. President."

## PERSONAL PRIVILEGE

Senator O'Ban: "Well, that was a speech that I would expect from the gentleman from the 25<sup>th</sup>. A thoughtful, even intellectual, but also a very personal statement. And, I will say, as one who didn't know Senator Zeiger that well before he came over from the lesser chamber, that um, that, that he um, you find, you immediately can connect with someone who has a similar view of the world's, a similar kind of approach to policy. And, maybe some of you may have noticed that a bill comes up and we don't always know exactly every detail of the bill, I know that's probably just true of me, but and if it's if it's a bill that has come out of Senator Zeiger's committee or one that I know that he has spent some time on for one reason other, I am was always so grateful for the opportunity to go over to Hans because I knew that he would approach so many of these policy areas similar to myself and it would, would have thought through them and often had a very cogent crisp statement for why he supported or or opposed those bills. I'll miss him very much. He, I don't think I I'm alone in saying, he adds so much to this Chamber, to the committees he served on, to our caucus when it was his turn to opine on a bill. But I have one consolation and that is in my other capacity, I'll be about three floors down from him. Assuming a success for him in the, in the near future. So, I look forward to continuing on in that relationship in a slightly different way in the coming days. Thank you."

## PERSONAL PRIVILEGE

Senator Hunt: "Thank you, Mr. President. Well, I would like to thank Senator Zeiger for all his work. He has been the ranking member on the State Government, Tribal Affairs & Elections Committee the last two years. And, it's been very good to work with him. We even came up with a joint amendment on one bill today, this year that surprised everybody, but you know it's always been collegial and very good relationship and I just want to thank him for all of that. And, while he was oftentimes wrong, he was still good about it and we appreciate that."

## PERSONAL PRIVILEGE

Senator Conway: "Yes, we will miss Hans and I'm sure glad he's staying in the county. Because, I look forward to him and what he can do for our county. You know, Hans has been one of our key players here as we address transportation issues for Pierce County and I can only thank him for his diligence and his role and helping us address those issues and wish him very well in his next role and hopefully we can continue this dialogue and solve some of these problems. So, thank you Hans."

## PERSONAL PRIVILEGE

Senator Hawkins: "Thank you, Mr. President. I just wanted to share some kind words about Senator Zeiger as well. Appreciate all that has been said. You know, Senator Zeiger and I served in the House together and now in the Senate and I guess the words that I would use to describe him are honest, hard-working, open minded, courageous, someone with the real steady temperament, which is sometimes a challenge and here is where all stressed. He brings a real district focus, obviously with his loyalty to Puyallup, but he's always also somehow managed to maintain a statewide interest in issues, which I think is an important balance. And I wish him all the best, him and his family. He has one young child, and another on the way, and I have two young children. Sort of as I mentioned in the previous floor speech on the bill, but I think someday maybe I will tell my kids, and I'll be proud to say, 'Hey kids, I served with Hans Zeiger.' So, thank you for your service, Mr. President through Senator Zeiger. Thank you."

## PERSONAL PRIVILEGE

Senator Hobbs: "Yes, Mr. President. I too rise to honor Senator Zeiger. Senator Zeiger and I have worked together on multiple issues going in the past and one thing I want to note is his public service, his deep dedication to public service. He's a fellow National Guard member. Unfortunately, he's in the Air Force, not in the Army, but I still respect you for that. And, you came my promotion. So, thank you. I hope someday I'll go to your promotion as well. But, one thing I, I really enjoy about Senator Zeiger is his willingness to work across the aisle. His willingness to negotiate and compromise. Now, we don't always agree on things. But, you're willing to bend. And, I think that says a lot about you and the fact that you are you willing, you're willing to represent your constituency. Case in point, Senator Zeiger was one of the few Republicans, when he was a Representative in the House, who voted for a transportation package, originally the only one, and I understand you have, you still have scar tissue from that, from your caucus. But you did it because it was the right thing to do and you wanted to bring something back to your constituency because that's what they asked for. And so, you were, you kept at it and because of that work, because you were willing to work across the aisle, you were able to deliver for your district. And, I hope that we can have more people like Senator Zeiger around here. And, we will miss you. I will miss you because that's one less vote on Forward Washington. Hopefully, somebody else will replace you and will vote for it. But, good luck my friend."

## PERSONAL PRIVILEGE

Senator Nguyen: "Thank you Mr. President. I also want to stand and say thank you to Senator Zeiger for his work in the Legislature. We actually met before I had even thought about potentially getting in a public office and it was through his authenticity and dedication for his community that I became so hopeful of what we can achieve as a legislative body. We first

started talking about issues around homelessness through a mutual friend and became closer friends through the Jackson Foundation and I've been so honored to serve with him. And, things that I could probably work better on are things that he's been fantastic with is, what we've been mentioning here, is the bipartisanship and being sure that we work across the aisle and make sure that we have civility as well. So, just want to say thank you for his service and the work he's done for Washington state."

## PERSONAL PRIVILEGE

Senator Becker: "Thank you Mr. President. Well, Senator Zeiger and I actually got to go to China together. And, I was a little intimidated because I had learned about how smart he was, and that he'd written a couple books, and that he had done all these really neat things and I have to say that trip to China was probably the very best. It was just Senator Zeiger and myself, on that particular trip, and I found out that guy can hike like he can't believe. I mean on the Great Wall, he had his backpack on and the rest of us are up there going, Ok, we didn't, we got two hours of sleep, but Senator Zeiger off and going. He was making a move like no one to make sure that he covered most of the Great Wall that was public that he could. And, we had a lot of fun. We kind of brought home some Havana cigars that we might not have been really, really truthfully able to do, and people are going 'oh my gosh', but it was a fun trip. We had people from all over China. We had to stand up and pose for pictures when we were in some of the places, and people coming up to us and asking for pictures and Senator Zeiger was always great, especially with those little kids. And, I'm really glad that now he has some of his little kids that he can do the same thing with, and Senator Zeiger, it's been an honor and a privilege to work with you. Thank you."

## PERSONAL PRIVILEGE

Senator Kuderer: "Thank you. You know, since I got into the Legislature, in the Senate I should say, I had the opportunity to work with Senator Zeiger on two committees: State Government and House Stability & Affordability and I have to say that, as the ranking of my committee and also the ranking on State Government, I have found him to be a straight shooter and straight forward and truly putting the interests of the people ahead of any political designation. And, that was very evident in our, our discussions on housing and homelessness and a real desire to address the core issues of what causes those problems to begin with. And, I just want to give a personal thank you, through you, Mr. President, to Senator Zeiger, for being open to hearing all sides and to working toward solutions that help everyone."

## PERSONAL PRIVILEGE

Senator Saldaña: "I just want to also have, send best wishes to Senator Zeiger as he continues on his journey and his commitment to public service. And, as someone also has had the opportunity to serve on two committees with him; Transportation and Housing, I do appreciate the interest in thinking about things intersectionally. That if we're going to address the issue of housing and transportation, that we also need to think about the impact to our environment and to our education, and have enjoyed our conversations together and if you give me permission I would like to read a quote that I think I would like to send, send to Senator Zeiger and to the body."

President Habib: "Please proceed."

Senator Saldaña: "It is by Ada Maria Isasi-Diaz, she is a *mujerista* theologian, and this is a quote that I think is apt for today: *'humility is not a matter of self-effacement and self*

*negation but of being open always to new ways of being responsible.'* And so, I think that is the calling that's sending him on, you know, to leave us in this body, as I do see in him a commitment to the public's, being a servant, and being willing to not have all the answers, being willing to engage in dialogue and conversation, with that commitment and to be responsible to this to our children and to our community and to this earth, and so I wish you all the best."

## PERSONAL PRIVILEGE

Senator Das: "Thank you, Mr. President. I want to echo what so many have said today in this chamber. I have had the opportunity to work with Senator Zeiger on the Housing Affordability Committee, as well as Transportation, and I am just very grateful for your commitment to solving our housing crisis and taking care of, not only those in your community, but those in the state. And, I look forward to continuing to work with you in the future and I just want to thank you for your heart and soul that you put into this institution over the last ten years and look forward to seeing you around. Thank you."

## REMARKS BY THE PRESIDENT

President Habib: "Senator Zeiger, it's been a pleasure working with you. We were in the House together and sponsored bills together and it's always been a joy to talk to you about public policy because you do love innovative ideas interesting new ideas and working in a collaborative way which is why the Aspen Institute named you as a Rodel Fellow and you've been so recognized. But I know, that for you, from what I know of you, the praise of the members of this body means even more than the various accolades that you've gotten. Thank you on behalf of this entire body for your service to the State Legislature."

The senate rose in recognition of Senator Zeiger as he concluded his legislative service in the House, the Senate and to the people of the 25th Legislative District.

PERSONAL PRIVILEGE

Senator Walsh: "Well, I'm after twenty eight years being here in a couple of different capacities, one as a legislative assistant to Representative Dave Mastin, starting in 1993, and then he kind of passed the proverbial baton to me in 2004, and I took over the House seat that November when I was elected and I think, first and foremost, I'd like to thank my constituents in the 16<sup>th</sup> District. They have been absolutely wonderful to work with and in spite of the fact that once in a while I take a slight deviation from some of their views, I think they've always appreciated that I've been kind of a straight shooter and I think other people, even though maybe we would differ philosophically or politically, I think many of them were, found it refreshing to find a politician who speaks the truth and to be honest with you, I'm just a really stubborn Irish woman and so it's very hard for me not to just work from my heart and my mind and so that's what I've tried to do for all the years that I've been here. But I would be so remiss if I didn't thank the people here. And, that's who makes it all worthwhile. And, I mentioned Dave. Dave Mastin, great guy. I have had really great men in my life. I am one of the most fortunate women in the world. I have my father, just some of the most outstanding people you've ever met and Dave, hiring me when I didn't even hardly know how to type. I certainly had never used a computer when I was hired, but I could write a mean letter it just took me a long time to get it typed up. And of course, Bill Grant. Kind of the reason I'm here. Back in '92 and before, I worked on, I had a degree in commercial art and so I worked on a lot of Bill Grant's campaign flyers, quite frankly, and really enjoyed doing that. He homesteaded, his family homesteaded in the Walla Walla area in 1854 and so some of the pictures he had of agriculture and things like that were just, it was so wonderful to compile some of his

great campaign pieces and I miss Bill and Bill was just a wonderful bipartisan mentor and we all worked very well together in spite of the fact that we had different political affiliations. Mike Hewitt, the senator who preceded me here, has always been very supportive and I've always kind of avoided any type of a leadership position because I think sometimes when you're in leadership you've got to be a little bit stronger team player for your team and I just said I'm not sure I was quite there. I'm again, a little bit stubborn and a little bit libertarian in my views and getting put in a position where you would have to strike a strong stance one political way or another, is just kind of not me. So, I'm better to be working the policy. I don't care about the politics. I care about good policy for this state and I've tried and endeavored to do things that philosophically I believe were the right direction for Washington state and I'm proud of my history here. I'm proud of working with Representative Ruth Kagi and with the early learning realm and realizing the need for early learning and helping to empower our parents to be great parents to their children and in fact get them excited about their education that we provide in this country and and I think we've had great success it's been great momentum and it's kind of a household term now, early learning for our kids. And so, if anybody asked me what my legacy was here, I think that's what I would say is probably kind of getting the jump start on early learning and again Representative Ruth Kagi and I established in the Department of Early Learning years ago and and moving that initiative forward and so proud to have people like Senator Zeiger to carry on that torch here in the Senate and and others and so I'm very pleased about that. I would also be remiss to not mention my staff. I've had three LA's in my career here. One of them is Marge Plumage, who works for my seatmate, Representative Jenkin. And, Marge worked with me for ten years and just a wonderful person and we had a great time in the House working together, until she went to work for Representative Dent, who is from her district, and it made better sense. She could be home with her grandbabies and not commuting to the Tri-Cities to work in a district office for me. My other stellar LA is been Skyler Rude and I think you all know Representative Skyler Rude and he's going to be a great one. He is so talented and I'm so proud of where he is and what he's doing. And then my LA now is Jan Swenson, and good God, she's been here forever. Forty-two years and she's just so much fun and just a wonderful person. She bakes for the whole campus and she's just a great gal and. And then all of you, I'm going to miss you all. I don't agree with all of you all the time, and I'm not the calm, collected, and well spoken, eloquent senator that sits to my right here. I tend to be a little bit more passionate and speak out loudly about things that I don't like and then also things I do like. But what I do like is the relationships that we build here and you know let this old woman give you one little piece of advice before I leave and that is work together. This is a great state and we all are here because we believe that and we want to do the best on behalf of all of our constituents and I hope that we will continue to reach across the aisle, regardless of how powerful the majority is, or how many numbers in the majority. Listen to the minority and we will listen to you. And my hope and expectation is that we will become united. I'm afraid that many of the Republicans in the House and the Senate of kind of fallen victim to the Trump trickle down, this is what I call it, and we're not all President Trump. That said, I'm not dissing on my president, I just want you all that know that we're all here for the same reason and I'm going to have a great time in retirement. I'm really excited about a new chapter in my life. I was widowed in 2006 here and I was forty-five, didn't know what I was going to do, and my wonderful daughter came home from college and took care of my boys who are fourteen and seventeen and allowed me to continue working here. And, I'm so thankful she did that. So, I think I'll hearken back to the

beginning of this, where I was praising my mother and father for their inspiration and their guidance, but my family has really been the ones who made this possible. My husband Kelly was so excited when I got elected the first time and so excited when I was working here and and my kids have just been so great and they're the ones who really make the sacrifices. And, when we do hurtful things to each other they often become the targets and the victims of the criticism and for that I am so sorry to my family because I've been targeted on a couple of issues that have been uncomfortable. But that being said, I want you all the know that I have great faith in you. I great faith in this state and I hope that you are all satisfied and happy in your positions and again, I implore you to work with each other because only by doing that will we be able to get this state on track and do the best things for all of our constituents. So, my love to you all. My best wishes to you all. And, I'll think of you when I'm out fishing in Mexico."

#### PERSONAL PRIVILEGE

Senator Schoesler: "Well, Mr. President, I came here when Maureen was a new mom and a brand-new LA to a brand new then Democrat in the neighboring district. And, what I'm going to say probably could get me sent to sensitivity training but, I don't think Senator Walsh will be the one enforcing it. Because she was always pretty clear spoken. Over those twenty-eight years, I've been in the cubicle next to Senator Walsh. When I had my bear rug with my sons draped over it and she had great comments about that bear rug, which I can't repeat, but was always in good fun. And, I watched her and her sister-in-law, Megan, who is still part of the legislative family. When Dave came over and decided to become a Republican, she came with him in the deal and we had a lot of fun together through those years in the cubicle. And, when I came to the Senate, Dave Mastin retired, and I heard rumblings about Maureen. Question I asked her "Which party?" She said Republican when she gave an explanation. I said, 'That's cool, that would be fine.' And she served in the House. We didn't spend as much time together between 2004 and 2016. And, when she came over from the House, somebody said 'Boy, she's going to be a challenging member for you' and I said, 'You know,' and I can honestly say to each and every one of you, over the eight years I've been the leader Maureen Walsh is not the most challenging member I've ever had. I say that, not just because it's your final day, but because I really mean it. And, you know, I knew her late husband Kelly, he was a jovial good fellow. I'm happy that there's somebody in her life again. Really good man. And, I want to go out with just one memory of Senator Walsh, from the darkest moment to now, when me and the boys are playing cards in elk camp, we're going to think of Senator Walsh all the time, because we have a real assortment of playing cards for elk camp now. And, it will be a long-term memory. So, thank you."

#### PERSONAL PRIVILEGE

Senator Liias: "Thank you, Mr. President. When I first joined the Legislature, I came from a Democratic Democratic background, so I wasn't prepared for the bipartisanship and the friendship that exists across the aisle. But, it actually was folks like Bill Grant who taught me very early on that to be successful in this place you have to make friends on both sides of the aisle, and one of those friends that Bill and others helped me find was Maureen Walsh as a brand new freshman in the House. And, what I appreciate about Senator Walsh, or Mo as I like to call her, is that she exemplifies the principle that I think we all should reflect on that our service here is not about us it's about the people we represent and it's about the people around us. And, I think her

2020 REGULAR SESSION

point of personal privilege just a few minutes ago, I think she spent three quarters of it talking about other people and a bare minimum talking about herself and that to me is exactly the kind of leader that Mo has been. Principled, but also incredibly humble. And, it's been an honor to serve with her. I also want to thank her for the welcoming place she has made for the Grant family she has, I recall just a few years ago, Sam Grant, one of Bill's granddaughters, a very liberal Democrat from Seattle, working as a session aide in Mo's office and I, I just love the conversations that must have inspired in there. And of course, Mo was such a champion of Gina and her work with the page program and when we lost Gina so early, Mo really took the leadership in making sure that we remember her legacy here and I know all of us are really inspired by that. And, I will join her in how impressed we all are with her mentoring her LA to become her successor in the House, and Representative Rude has become a treasured for the legislative family and I think that will be, in addition to early learning, I think that will be part of Mo's legacy, is the people that she's left here. I also appreciate how principled Mo is. She talked about, you know, she didn't want to be in leadership because it's tough when you got to take tough stands that maybe aren't popular in your own party. In my own life, I think about the pivotal role that Mo played in the debate over marriage equality, and I know that was not an easy issue for any of us to take up. It definitely goes to the core of our values and our beliefs. But Mo was rock solid on making sure that everyone, not the least of her her own daughter, but everyone would have the right to marry the person they love. In that debate in the House floor she also said one of the funniest things I've ever heard in the Legislature. She, she compared domestic partnerships to a Merry Maids franchise, which I thought was hilarious and it reminds me of some other time she's done what I think is also a hallmark of Mo Walsh, is she tells us what she actually thinks about issues. And I think that that honesty and that humility and that courage to just put it all out there and let people hear what's in her heart has been one of her hallmarks. It's also gotten her into a little bit of trouble over the years and in addition to getting Senator Schoesler some playing cards, last year I was visiting friends in Chicago and I stopped by a shop that makes political t-shirts and Mo's quote was on about one hundred t-shirts that were being sold at this store and so it told me that her impact is not just felt here in the state of Washington but all across the country. People were appreciating, or maybe not appreciating, Mo's honesty and candor in that moment. Mr. President, I know that I've made a friend who will last long beyond my time here. I may not be fishing in Mexico, but I do like to get to Walla Walla as often as I can, and I look forward to many more years of friendship with Senator Walsh. I thank her for her great friendship to me and to this institution, and I say fish on Mo."

## PERSONAL PRIVILEGE

Senator Short: "Thank you. Well, for those of you didn't know, although that might soon be self-explanatory, you know, Mo was my mentor when I first got to the House. You know, and I just say she was she was always into practical jokes and she was usually right in the middle of them. And, there was one such practical joke where it took us a while to get her there, but a gentleman who used to serve across the rotunda, then Chris Reykdal and I hatched a plan on Representative Johnson's biogas bill, if you could imagine where that's going. So, we decided it'd be good to, you know, get a whoopee cushion and, but we needed to enlist Mo's help because she sat right behind him and we had to do it on a bill that was just a good-natured bill. You know, and she didn't want to do it but, we finally got her talked into it. So,

we have inflated it and then she had to crawl on her hands and knees to set it on his chair. And, you know, Representative Johnson too, was good natured about the whole thing. But you could hear it throughout the halls on the fourth floor of the House of Representatives and definitely in the galleries. And, but I tell you that's just sometimes you need to laugh and laugh really hard and that was one of those moments but Mo, you've stretched all of us in a good way to think about, you know, issues differently and to make sure that we're thinking about other people and learning along the way as we're making the decisions that we do every day during session and you are a friend. I love you."

## PERSONAL PRIVILEGE

Senator Billig: "Thank you, Mr. President. Well, I had the honor of serving with Senator Walsh in the House and here in the Senate. And, I've really enjoyed the opportunity to get to know her and work with her. And, I've certainly worked a lot on early learning, and I am so grateful to her for her leadership. Her, the time she took to really understand the importance of early learning and then the work she did to put it into action, to help advance our state, it was so important. It was so important that we had a Democratic lead in Ruth Kagi and a Republican lead in Maureen. She has had an impact and I, it is absolutely the legacy, not just of creating the department, just not in terms of advancing early learning as a policy area, but because of her work she has helped change the trajectory. Excuse me, I'll try that again. She has helped change the trajectory of thousands, if not tens of thousands, of lives of young children that are growing up in a more positive way because of the work that she has done. I had the honor of serving as a co-chair of a task force on early learning. I think it was in 2014, with Maureen, and we spent a bunch of meetings together listening to early learning providers and parents and it was a real, it was the first task force I'd ever co-chaired. First, that I had really served on in such an in-depth way. And, I got to know Maureen so well through that process and appreciated her work on the task force, which was actually the recommendations of which became the Early Start Act. So, she not only created the Department, she also created the Early Start Act, which also had such a big impact. But, I just, I find her to be fun, insightful and honest. That's a great combination. Thank you for your service and good luck and have fun in your retirement. Thank you."

## PERSONAL PRIVILEGE

Senator Darneille: "Thank you. Well, Mo, we all love you. This is clear today and it's been clear, I hope, to you all along your pathway in this in this place. I think there will be a lot of us that will miss you and certainly a lot of folks that watch TVW and folks that want to get involved in some of the fun things that you've organized over the years. You have a tremendous gift not only in your voice, but in your organizational skills, and bringing people together and really recognizing that without a little bit of fun in this place it would become very monotonous perhaps. And, you are far from that. So, I, I think back on some of, that we've been on so many committees together, and so many commissions, and I want to think, particularly, I want to thank you for your service on the blue ribbon commission which was our attempt to figure out what we were going to do with DSHS. You know, and what could we build better to better serve children and families. And, for those of you that weren't in any of our very long and very frequent meetings, Maureen, you were always the champion for parents in that process. And, your voice is so strong. It's so clear. It's so predictable in a way. You know we're not surprised,

but we are surprised every time you speak your mind and really are a voice and a champion for a lot of people. And, serving on the Human Services Committees as you have all these years, your leadership, your voice, your courage in sometimes voting different from your party, and I will say this is as well about Senator Zeiger, I don't know what we're going to do on our committee with the two of you gone. And, I really hope that your colleagues will look at your records collectively and say you want to be a part of that, Senator Brown or Senator Rivers or I could just start naming all of you here because we're going to need, we're going to need voices like like Maureen's and Hans's voices there. But I think in your decision making, that clarity of really recognizing for you when something was wrong, when something was unfair, when something could be done better, really challenged us. Whether it was on it on a commission about creating something new or it's just general work of a committee, you just really dove in and spoke your mind. And I, you know, apart from you being the real deal, you know in terms of a human being, and a woman, and a mom, and a friend, I think back to the days when we had one extra Democrat on this floor. And one of us had to sit on that side of that aisle and I went to our our leaders and I said 'I could be that person but you have to promise me that Maureen would sit with me back at the back', and we had a tremendous time. It was really an extension of our bipartisan efforts over the years, but we had a lot of fun in the back row. And, I am going to miss you a great deal. I love you very much."

PERSONAL PRIVILEGE

Senator Brown: "Thank you, Mr. President. Mo, Mo, Mo. Not only do our districts about, but so do our floor desks. It has been just an honor to see you with dignity and grace, when life handed you a deck of cards or thousands, how you handled that. But what I'm really going to miss the most, is your ability to bring us back to what's important. And, when I walked out here one day in a really, really bad mood, popped myself into my chair, and I heard this beautiful voice behind me. I thought *What is that voice in my head? What's going on?* and I looked around and it was you singing. And you just really, in that moment, brought us back to what's really important. It made me stop. It made me get out of my head. Made me look up and around and be thankful for being here. Thank you."

PERSONAL PRIVILEGE

Senator Pedersen: "Thank you. Wow. It has been a great 14 years that I've gotten to serve in the House and in the Senate with Senator Walsh. I've been reflecting, as I'm sitting here on the, on the scout law Mr. President. And, I know that if Senator Walsh was a little bit younger, she could be in my Webelos den and say trustworthy, loyal, helpful, friendly, courteous, kind. I think she might get tripped up on obedient, but cheerful, thrifty, brave, clean, reverent and particularly brave. Mr. President, over the years that we have served together, I have on several occasions brought my little blue sheet or my little pink sheet to Senator Walsh with an invitation to join me in some project. And, whether that was domestic partnership or marriage, or parentage or surrogacy, if she believed that whatever it was was the right thing to do, she just plain didn't care what anybody else thought about it. And, that willingness to put herself on the line, at cost to herself, at the cost of censure or whatever it was that came from organizations, county organizations in her district I think is true principle and bravery to which most of us can only aspire. She welcomed me and my family into her home. Fed us a great meal. I love those sausages. I hope that we can have some more of those again some time. And has just been a fantastic friend over these

many years. And, this place is not going to be the same without her here. And, at the strong urging of my colleagues, I guess I'll invite anyone who knows the words to join a little in ..."

[Senator Pedersen went on to sing *Lean on Me*, joined by many members of the Senate.]

PERSONAL PRIVILEGE

Senator Becker: "Thank you, Mr. President. Well, I can't follow the singing like that but I have to say Maureen has been an amazingly, really awesome person. I remember meeting her when she was in the House and I was over here, at conferences. And, she'd come up to me and talk to me like she had known me for years and that was something special to me because I still didn't know that if I felt like I belonged here, yet. But I have to tell you as Caucus Chair in our caucus and having two people so polar opposites sit next to each other: Senator Padden; Senator Walsh. And wondering what catfights we might get into in there and it actually has been really fun to watch them, not necessarily the beginning getting along really well, but watching the two of them laugh. Her poking at him and him poking at her on different things, it was a really a neat thing to see, Senator Walsh, what you were able to do in that caucus. I have to say, I want to say thank you for what you've done on the D.D. community throughout your career. Thank you for your laughter and your jokes, and the way you can make it, when we are in a heated discussion in that room, and Senator Walsh will say something that breaks breaks everybody up and makes us all remember that we're just people in here and we're able to laugh at each other. I think Jim is a very lucky man to have somebody in his life like Maureen. I think those fish are not going to be happy because I imagine she's going to catch a lot of them. But I have one question to ask: "Who's going to lead karaoke?"

PERSONAL PRIVILEGE

Senator Hunt: "Thank you, Mr. President. Well this is tough. I've known Maureen probably long, about as long as anybody in this room, from the days when I lived in the Tri-Cities and Uncle Bill and onions I think it was. Maybe. Nobody said onions tonight. I'm surprised, you know. Onions and sausage and what we've been through, and meeting, and having drinks in a couple of bars in Walla Walla when I was going through town and stuff, and all the things that you have done for us and for this state. I could go on and on. But I just want to say it's been a real pleasure to work with you. Don't be a stranger. Bring us some fish. Bring us some onions. Maybe not together. But we could. But anyway, you know, an outstanding job of accomplishment and leadership in this state, and you will not be forgotten, and we love you."

PERSONAL PRIVILEGE

Senator Rivers: "So, there are, we all feel like we know Mo pretty well. But I'm going to share with you something that you may not know about her and that is she's an incredible mind reader. We can be in caucus and I'll look at her, and she knows precisely what I am thinking and has has a kind and gentle word to get me beyond a moment. But we have made great lengths at this state to change the vocabulary surrounding the way that we do business, and how we refer to individuals. And you might remember, just last week, I think we were talking about changing from the elderly to a person who is experiencing aging. And so, to you Maureen, I hope that you are a person who experiences joy. A person who experiences peace. And sometimes, maybe a little bit of missing all of us, but most of all, I hope that you are a

and Senate together in a world where they can get to know each other and we will miss that and I will miss you. Thank you.”

REMARKS BY THE PRESIDENT

Senator Carlyle: “Thank you so much, Mr. President. Joining my colleagues in expressing my gratitude, Maureen, for her service and I just want to give voice to the thousands and thousands of young people in our state’s foster care system. One of my favorite memories is the annual event of the Mockingbird Society. When they bring the young people down and they lobby themselves and they develop their agenda. They spend a whole year on that. And a lot of us go and speak to the young folks and just have a fabulous time. And the reverence, the respect, the appreciation, and the gratitude that the young folks have for Senator Walsh’s work is just incredible. It is so well known. It is so well regarded. There are thousands and thousands of young people in this state who really suffer deeply through profoundly difficult life journey and she has had their backs. The work that we’ve done over the years on that has really been meaningful and on their behalf, I just want to thank you. Your, your legacy is incredible. It has nothing to do with serving the majority or the minority. Your voice has been incredible and impactful on their behalf. And I also want to join my colleagues in my gratitude for her incredible sense of courage. You know for the last ten or so years, Senator Walsh and I have basically alternated in the sponsorship of legislation to eliminate the death penalty from our state statute. And for many years we couldn't get a hearing. For many years we couldn't move forward in any way and we just sort of took turns being number one and number two on that bill. It just wasn't about a name, It was just about trying to move that policy forward and the real breakthrough came when she had the idea of asking former-Governor Dan Evans to write a letter and we testified, we had a hearing for the first time and she read that letter to the Committee and that's what really broke things through on that. And so, I am just deeply grateful for her service, for her integrity, for her bravery and for her moral compass. And again, on behalf of the tens of thousands of lives of young people in our state foster care system that she has to rectally touched, I just want to say thank you.”

President Habib: “Senator Walsh, what an honor it has been to serve with you in the House and the Senate. And I just want to say two, share two things: One, is that my seatmate in the house was Ross Hunter. And so, he and I would carpool together from time to time back to the district. And I remember one of the first weeks we were going and I was asking him to tell me about different members I didn't know and he said something that for, I think most of you know Ross and so you will appreciate this, he goes ‘She's scary smart’. Now that's something I've only ever heard him say that about one other person and that's Ruth Kagi but to earn the intellectual respect of Ross Hunter and actually have him come out and say that he's intimidated by someone else's knowledge and intelligence is I think high praise and the other thing I'll share, which I probably shouldn't, is that in the Democratic caucus when I was a first year, some of us being immature, although not as immature as having whoopee cushions, but being immature. We would sometimes play this game which was who’s your favorite Republican? And after playing this for a little while the rules had to be amended, in the game, to say who's your favorite Republican other than Maureen Walsh because everyone just loved you so much and I think that's the reason why only you could get away with marching on to the House Floor as a Senator in the middle of the, the, Frank’s farewell as Speaker, and I think violating decades of tradition between the two Chambers in heading on to the House Floor as a state senator. So, would the Senate please join me in congratulating our friend on her retirement and sharing our love.”

The senate rose in recognition of Senator Walsh as she concluded her legislative service in the House, the Senate and to the people of the 16th Legislative District.

MOTION

On motion of Senator Liias, the Senate reverted to the sixth order of business.

PERSONAL PRIVILEGE

SECOND READING

Senator Conway: “Maureen, you have been a source of joy to me for your twenty eight years here. You know I came into the Legislature at the same time and I can say personally to you, you have been a source of joy because you recognize it's not always in this place that we do get to know each other. And you made a point of your legislative wife here to take us out of this world and bring us into a world where we can sit down and talk to each other and even do some good policy there and I can't thank you for that and the karaoke that you invented. You said Bill invented it, but I think you did it actually. I do believe that Maureen Walsh was a source of this and yes, Senator Peterson, I appreciate your singing but Maureen has a voice that I will never forget because I've been listening to her for many, twenty years at these gatherings singing such great songs as *Love Shack*. And also, of course, her favorite *Respect*, Aretha Franklin's song. So, Maureen, I kind of wish you'd give us a little bit of a goodbye with your voice because I really think you brought joy to all of us in this place. You know we all get tangled in all the bills and all the ideas and certainly you left a legacy here on early childhood education but for me I will miss you because you've been the head of the legislative family here, you know, for many years trying to bring the House

**Sec. 3.** 2019 c 287 s 20 (uncodified) is amended to read as follows:

This section is the tax preference performance statement for the tax preferences contained in sections 1 and 2, chapter . . . , Laws of 2020 (sections 1 and 2 of this act) and sections 21 and 22, chapter 287, Laws of 2019. The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes the tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to increase the use of electric vessels in Washington. It is the legislature's intent to establish a sales and use tax exemption on certain electric vessels in order to reduce the price charged to customers for electric vessels and to create and retain jobs associated with electric marine battery manufacturing and the construction of new electric ferries in Washington.

(3) To measure the effectiveness of the tax preferences in sections 1 and 2, chapter . . . , Laws of 2020 (sections 1 and 2 of this act) and sections 21 and 22, chapter 287, Laws of 2019 in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of electric vessels titled in the state.

(4) If a review finds that jobs in Washington associated with electric marine battery manufacturing and the construction of new electric ferries using electric battery power are created and

retained, then the legislature intends to extend the expiration date of these tax preferences.

(5) In order to obtain the data necessary to perform the reviews in subsections (3) and (4) of this section, the department of licensing and the department of revenue must provide data needed for the joint legislative audit and review committee analysis. Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that the office of Chehalis basin, established in RCW 43.21A.730, is faithfully carrying out one of the prime directives of legislative intent from chapter 194, Laws of 2016, by drafting a strategic plan and accompanying environmental assessments, as the legislation called for a Chehalis basin strategy that "must include an implementation schedule and quantified measures for evaluating the success of implementation."

(2) The legislature also finds that the office of Chehalis basin has been successful in its initial work to secure both state and federal funds for projects in the near term. However, specificity is needed for consideration of the long-term funding needs.

(3) In enacted appropriations to date, the legislature has provided significant funding for projects of the office of Chehalis basin, and it is the intent of the legislature to continue to do so.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.21A RCW to read as follows:

(1) The office of Chehalis basin shall, based on the anticipation of completing the strategic plan with an implementation schedule,

- (b) Project costs and suggested fund sources;

#### PERSONAL PRIVILEGE

Senator Becker: “Thank you Mr. President. So, as I've said before, this is my last year, but I will still be a senator until January 10<sup>th</sup> and on the 11<sup>th</sup> of January a new senator will be sworn in. And, I hope that everyone in this room shares with that new person all of the things that they can to help make that person successful. Mr. President, there's a few people that I called out before and recognized but, I have to say, it's been an honor to be in this body. And, I do believe what Senator Walsh said, in recognizing the people of my district. Mr. President, my district goes from the other side of Mt. Rainier all the way over here to Olympia, all the way up on South Hill in Puyallup, Orting, all the way over to Frederickson and I we abut Senator Conway's district. We go to, um, boy, I'm going to go blank on all my district, on Roy and Yelm and Rainier and over to north Thurston County School District but over into parts of Olympia and the Lacey area. That was a new area for me when we did the redistricting and it's been really an amazing place, but the people of the 2<sup>nd</sup> Legislative District, last night I went out and I looked at the vote count from last, my last election, and it was over 62% of the people voted for me, and I'm I'm so proud of that Mr. President. That people actually believed in little old Randi Becker for Enumclaw on a dairy farm and had the courage to say we wanted her to be our voice and that meant, and that means more to me than anything else Mr. President. The thing that I'm most proud of down here is getting to know each and every person down here, and Senator Pedersen, I love you. I think that you are one of my favorite people down here and I've told you that my favorite favorite D, and Senator Lias I'm sorry but but but I've respected so much and learned so much from you and listening to you speak about things on the floor. If I had my druthers, I would say that we would shift seats for the day and be a D, R, D, R, D, R and get rid of the aisle. I'm so serious about how we look about, look in this, in this body. Looking to look for commonalities that would enable a lot of us to get the different perspective and talk to the person from the other side of the aisle more and more, because we're not all on the same committees and we don't all get to have that interaction. But, Mr. President, I think that the one thing that I I hope that we recognize and what I've stood up for and a lot of members here voted for is the importance of telemedicine, and I can get in my one last ad for telemedicine. But, Mr. President, I think that telemedicine is the wave of the future. I think this state, unbeknownst to maybe some of the members, we were the first in the nation to adopt the telemedicine training program and we had people from other states reaching out to us asking us about the why and how and what not and but I look at today with the coronavirus and I look at how people, I'm hoping the Department of Health sends out protocols to all the providers that would give them the ability to do an evaluation via telemedicine so that the people don't have to leave their homes. That they can talk to that provider and do a triage to where they can maybe not expose a lot of other people. And, I think that is one of the things that I'm most proud of, I know when I talk about telemedicine in our caucus they go ‘Oh Randi, that bill passed’ and the you know ‘Oh Randi that bill passed’, but it is something I think is so important. I mean, what we've done is we've said to people you can be in your own home and you can talk to your doctor or our your nurse and get it and go through the triage and get the help that you need that way for you know for so many different things. Mr. President, I'm looking forward to retirement. I'm going to go rock hounding. I

took a oil painting class last year and I was going to bring in my first two paintings in over forty-some years. Actually, my instructor, who is a very well known in Wyoming and Colorado, told me he was completely impressed and I'm proud of that and now I'm going to do stained glass and I'm going to do more of my fastening of gemstones and I'm going to read some of those books that I wanted to read. Thank you, Senator Dhingra. And, a lot of others that I'm going to have time to do that and not between going to another task force and so, I have to say, I bid a fond farewell to this place and to all of the people that I've met down here and the way you've made me feel like I had the ability to stand up and stand up for what I believe in and to speak out about it and I think that's been one of the things that has meant more to me. I did get a Facebook post from Mary Margaret Haugen saying, ‘There is life after retire after the Senate’ and I believe that, and I'm looking forward to it and I want to say thank you again to everybody.”

#### PERSONAL PRIVILEGE

Senator Sheldon: “Thank you, Mr. President. It's just been a pleasure to be in this chamber and listen to these three individuals and I'd like to speak to them all. They all are tremendous state senators and legislators. They advocate for their districts. They've worked so hard and work so closely with all of us. So, Mr. President, I just briefly totaled up all the experience here. We're going to lose nearly 50 years of experience in the Senate. That's a lot. That's a lot. So, I think we'll recover. We always seem to. New people come in. On this side of the aisle there's been a lot of new members and I've enjoyed working with every one of them. So, it's it's a great experience, a great journey, you have added so much to myself, for my journey through the Senate, I just want to thank all three of you for your long and and dedicated service. Thank you.”

#### PERSONAL PRIVILEGE

Senator Braun: “Thank you, Mr. President. Sorry, I get carried away. I rise also in honor of Senator Randi Becker. It's been a real pleasure to serve with her. And she was here when I got here and the last eight years, I've had the good pleasure of serving with her. She's just so genuine. You know, she has an ease of connecting with people that makes you feel very comfortable and for folks like myself that are kind of shy I admire that a lot. She's got a great sense of humor. In fact, a little story I don't do stories often but, you know, in honor of Randi Becker, I'll tell a story. So, I work with, I work with an exceptional naval officer in my other part time job. Her name is Captain Beth Creighton. She is an F-18 pilot. One of the first female combat pilots in U.S. Navy. And every time I see her, I think of Randy Becker. And, you wonder why. A couple reasons: Well one, they actually look a little bit alike and so and the other thing is is they are both exceptionally capable and very good at what they do and the last thing Mr. President, is being a pilot Beth Creighton has a callsign. Her call sign is Gabby. So, it's just too much of a connection Mr. President not to, not to think of Randy Becker every time I I see Beth Creighton. So, but, but Randy has a has she has a real gift. A real gift when she speaks. When she speaks, either on the floor or in committee. To connect it, to connect to folks I think for me and I think for many folks it you know you always the most meaningful part of this experience is when you connect with the regular folks from your district around the districts and and every time I hear. Randy speak I feel that connection in her. She she gets, you know her breath of experience, where she's come from, what she's done. Is she gets it and she relates it very well. We always, we always going to story. We, in fact, was kind of

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

laughing at myself or as I usually heard or spoke speaker earlier and we always know we're going to hear about being an airline stewardess or maybe about, I believe she's worked in the medical field before. And, if not those, we're certainly going to hear that she grew up on a dairy farm. But, but, it's fun to laugh about that, but it really does keep us connected to real people, from the real Washington, that we're all here to represent. I think, Randi does, has done, a super job of doing just that. She is, as I said earlier, exceptionally capable. She's absolutely committed to her district and to our state, and she has been very effective in making this a better state for all of us. And, I thank you for that."

## PERSONAL PRIVILEGE

Senator Rolfes: "My point is that I would like to honor Senator Randi Becker. I would like to say first off, that Randi, I will really miss you. Am I allowed to address Senator Becker or not?"

President Habib: "Madam Chair, for you anything. Please proceed."

Senator Rolfes: "Even though we miss the block chain bill, yeah. I want to, I want to first of all say, I'm going to miss your presence, Senator Becker, on our committee. When we had the power shift in 2018 and I became the Ways & Means Chair, I wasn't sure how accepting the members of that committee would be to me as the new leader. It was awkward and it was, you know, something I'd never done before. I know I was the whole, that whole special, that whole short session I asked my ranking member when do I gavel? When do I make the motion? And Senator Becker was the most gracious and welcoming and kind person on the entire committee. Constantly supportive. Constantly cheering me on in a quiet way and just there, knowing that, maybe as a woman, but as a human, I needed to know that I was accepted and that things would be fine on my watch. And so, I want to acknowledge, I think what other, I think what Senator Braun just said, just the welcoming and human approach that Senator Becker takes to her job. Her job here and I'm assuming back in the district when she gets over sixty percent of the vote. I also want to acknowledge that Senator Becker is one of only a handful of members who I have not seen on the Ways & Means Committee reading the news, watching a sports game or listening to music. Senator Becker pays attention. She asks questions. She's fully engaged with the folks that are coming before us during public testimony and she reliably will lean back and say, 'I have a question' or 'Can they repeat that' or 'This doesn't make any sense.' And that is extremely valuable committee member to have. And for that reason, she's somebody that I rely on a lot for input and her expertise and her perception of the way her perspective and her perception on things. And, I think that we've worked really well together over the last three years. She's, she's cheerful and she has a really easy laugh and even when she's doing her partisan stuff on the floor it doesn't feel personal, it feels like she's got a point to make and she's defending the minority and we better be paying attention. But it never feels like gotcha or mean and that's a real skill to be able to pull off. And then, finally, I want to say something about her legacy and we kind of laughed about when she mentioned telemedicine because we do hear that almost as often as we hear dairy farm and flight attendant but, I think with the public health emergency that our state is facing right now, the wisdom of telemedicine and the sound telemedicine policy and funding for telemedicine and support at the University of Washington for telemedicine, all of that is crystal clear of how important that is to our state, and I think to

the whole country. I think that our state's policy on telemedicine will prove to be a really key tool in fighting this coronavirus epidemic. So, I would hope that you leave knowing that you, you achieved a ton and your focus on telemedicine is a life-giving focus. Thank you, Mr. President."

## PERSONAL PRIVILEGE

Senator Schoesler: "Thank you, Mr. President. Speaking in support of my colleague who I'm going to really miss. Bob's a lucky man to have you back all the time now, and I told him so, and we've joked and teased a lot over the last twelve years. I recall in a little off campus thing when we met then candidate Randy Becker and we saw something that she could win. It took a chance in a primary and we won. Over the years I watched Randi take on a lot of new challenges and then she became Health Care Chairman when Senator Parlette moved ahead. And, boy did she teach me about health care. She made me learn health care. She made me sit through meetings. By the time she became Caucus Chair, I actually say, maybe I knew something about health care because she would never, she believed that the leader had to be knowledgeable, had to be engaged and damn well better agree with her. So, I learned that. And then, being Caucus Chair, Senator McCoy you probably know, sometimes kind of a thankless job. And, I've known caucus chairs in both bodies and in it's a tough job. It's detail oriented. It's a position I never want and hopefully will never take, because it is tough keeping order and details, a lot of details. So, I appreciate all of that. I'm going to miss my close friend. Sometimes, I feel like if Eatonville would have been in eastern Washington, we probably would have been at the at the fair together and we probably would have been buds, but she probably would have slapped me around once or twice. Because, now she was the first women's libber of her generation, and even though she would have been my good buddy, she probably would have knocked me around once or twice just to keep me in order. And Randi, on behalf of myself, those that preceded you here, helped bring you here, we're going to miss you. Thank you."

## PERSONAL PRIVILEGE

Senator Liias: "Thank you, Mr. President. I, I do admit I was a little bit hurt when Senator Becker mentioned that Senator Pedersen was her favorite Democrat. But, Mr. President, it dawned on me that every time Senator Becker had told me that I was her favorite Democrat it was right before she asked me for a telehealth bill to be put on the run list. So, I'm beginning to think that maybe there was a connection between the two. I, I was serving in the House when Senator Becker arrived, and I remember what a changeover it was. Her predecessor had been here for a very long time. Was very well known at the Capitol and I remember wondering who this lady was that had a) beat Marilyn Rasmussen, and b) was coming to the Senate and watching from the House, Senator Becker's early work, she definitely had a formidable path. I think, there were many of us who were, maybe a little bit afraid of Senator Becker. She asked tough questions. Just like Senator Walsh, she actually says what she thinks sometimes and so you really hear what she is thinking on a particular point but when I came over to the Senate I discovered that Senator Becker, beneath that tough exterior is a very very soft interior and a huge heart. We became great friends sitting on the Higher Education Committee next to each other. Such good friends that Senator Bailey I think was on the verge of ejecting us from committee because we would giggle and tell too many jokes to one another. But that experience was where the

future Becker-Lias College was born. So, I was we were sitting on Higher Ed, we decided that we would found a college together in her district. It started as a joke for me, but Senator Becker has been an incredible advocate to make sure the students in her district have access to higher education and that definitely will be a piece of her legacy. The other thing I will attest to, Senator Rolfes is right, Senator Becker is very detail oriented, is always paying attention and any time I get frustrated with Senator Short and say 'Where are you guys? Why are you on the floor?' Senator Short assures me that Senator Becker just working through her questions on a bill in caucus, and so it's good that she's as detailed in caucus as she is in committee and elsewhere. Senator Becker has truly become a friend and even though I'm not her favorite Democrat. I'm proud to be among her favorite Democrats and we will definitely miss her presence here and we wish her all the best in her next adventures and as I said before a week ago I say it again today I'm, sign me up to be the first contributor to the Randi Becker for Wyoming State Senate campaign. I think your career in public service does not need to be over Senator Becker."

PERSONAL PRIVILEGE

Senator Brown: "I'm going to coin Senator Schoesler's moniker for you *Randude*, because you have been our *Randude*. It is then such an honor. You've taught me so much. You've taken me under your wing, giving me the courage and confidence to do things that I didn't think I could possibly do, and I'm just so thankful for that. You will be so so missed."

PERSONAL PRIVILEGE

Senator Pedersen: "Thank you. You know, Mr. President, my experience is in some ways the mirror image of Senator Rolfes' experience. I had been a committee chair over on the other side for five years and then came over here and on my first day, Senator Nelson, who had prepared me for the idea that I was going to be on one committee that I wanted to be on, Law & Justice, and two that I had told her specifically that I did not want to be on, told me that instead she had a shiny new opportunity for me. I was going to become the ranking member on the Healthcare Committee. Which was quite a surprise to me. I had served a little bit on the Health Care & Wellness Committee in the House but had not for several years at that point. And so, I went into the office of Senator Becker, who was who was the Chair of the committee, and Mr. President, I will tell you that at a time when relationships weren't that great between the two caucuses, Senator Becker was astonishingly welcoming and inclusive of me. She involved me in all of the scheduling meetings, in every decision that she made about which bills we were going to hear and how we were going to proceed. She had was really, I think, a model for how I think we can take advantage of the knowledge of each other in the process of trying to do our best to perfect and make good legislation here. And I, I have really done my best to follow that, as and from her I think I learned an awful lot about about how to be a good chair. Mr. President, Senator Becker is unfailingly polite. Unfailingly kind. Unfailingly warm. And, it has been a great pleasure for these twelve years to serve with her. We're going to miss her a lot. Thank you."

PERSONAL PRIVILEGE

Senator Billig: "Thank you, Mr. President. Well rising also to recognize Senator Becker for service and I am going to miss her a lot. I'm not going to miss her all of the time. In F & O Committee, I'm not going to miss her. She, Randi is kind, as it has been said. She's smart and she's really persistent. And, she asks

great questions. And, when we're in F & O Committee and sometimes we're dealing with fairly weighty issues and she always just raises her hand, Senator McCoy is the chair, recognizes her and she always brings up excellent points. And she holds us accountable. And that's the role of the minority. She doesn't do it in a mean way. She doesn't do it in an aggressive way. She does it in a way that is completely appropriate, and she equally spends time collaborating to get things done. And that is probably the perfect role for the caucus chair of the minority to do those things. To hold accountable and to collaborate. So, I appreciate that. The other thing I appreciate about her is she has a little bit of, I don't know what the right word is, that of a mischievous streak. And we had a meeting not long ago and she informed me of a covert operation that she was going to undertake. And it became less covert when she told the Majority Leader, but it was still covert. And I am going to not disclose what it is because I don't want, I don't want, I don't want, it's really, it's up to her to disclose that. If it has not been completed, maybe tonight I'll even help you with it. All right. We're going to miss you. Thank you for your service and enjoy your retirement. Thank you."

PERSONAL PRIVILEGE

Senator Short: "Thank you. Mr. President. You know, when I joined this body in the middle of session in 2017, I can tell you that having served as Caucus Chair and the body across the rotunda, you know, Randi was immediately someone that I looked to. I was very nervous, felt a little out of place. I love what I'm doing over here but she just gave such comfort and encouragement and reassurance in my new role in the Senate Chamber. And, I've never forgotten that. I see her, you know, Caucus Chair. The caucus chair is a tough position and you want to make sure everybody has the time to talk and and to get the points out they need and ask their questions, but it's it's obvious it's one of those positions where you're kind of darned if you do and darned if you don't and she has held that position with such grace. And, she cares about each and every one of us not only in our caucus, but in this institution. And, her, her personality and her efforts and the way she does things, you know, show that about Randi. And, I think my most fun time, well actually one more, on health care we're working on a big piece of legislation with the good Senator Rolfes and I was getting in the weeds on all of this health care definitional things and she came back and sat me down and she like blurted it out in about thirty seconds in a way I could understand it and only someone with such experience and health care could do that in a way that got out of the minutia and really creating something that along with the gentle lady from the forty ninth we you know we came to some good language on and I appreciate that about you Randi but most of all I appreciate the stories and the love we have of horses and how we all of a sudden realize that our conversations on horses turned to injuries of accidents but if anyone's ridden horses you know it's only a matter of time before you have an accident. We love those incredible gifted animals but just the love of the outdoors and a love of animals and how much you're so courageous I just you have been a mentor to me as well and I just thoroughly enjoy our time and I'm going to miss you."

PERSONAL PRIVILEGE

Senator Dhingra: "Thank you, Mr. President. This is actually the first time I am rising for a point of personal privilege and I am doing it to speak about Senator Becker. I have gotten to know her in the last year and a half with our leadership meetings, our meetings up to now, and I have to say, she is one strong, feisty

2020 REGULAR SESSION

woman with a wicked sense of humor. Just my kind of gal. And, I actually have always enjoyed what she has to say in our leadership meetings and in F & O. And, she really brings laughter to this place. I love that she wants to have a good time. That she wants to get to know people. She wants to explore a different point of view and that she's able to do that so respectfully. So, I have greatly enjoyed getting to know her and I will say I fully support her covert mission for tonight."

## PERSONAL PRIVILEGE

Senator Warnick: "Thank you, Mr. President. So, I've been pretty quiet today with all three of our senators and I'd like to recognize all three of them at once. First of all, Senator Becker, I really really enjoyed working with her. Getting to know her. We have so much in common. I was caucus chair when I was in the House. I grew up on a dairy farm. We were both dairy princesses and it was so much fun to share that. And, we both love horses, as Senator Short shared with us as well, so it's been great learning from her. Being a caucus chair, as was stated earlier, is not easy and I think Senator Becker and I made a very good team. Every once in a while, she would be ready to come over that table at one of our members. I'm not naming names. All I had to do is just put my hand on her arm 'Ok. Ok. I'll settle down.' So, so anyway, but we did make a great team. Senators Zeiger, I was in the House when he was elected and I thought 'My goodness, did he just get out of high school?' He was so young looking. He has matured so much. It's been great learning his respect for the law, respect for the Constitution, and watching him mature. And finally, Senator Walsh. I met her in the House as well. My first interduction to her was a bit scary. In the House Caucus rooms, they don't have tables. they have just chairs that are lined up and I was told when I went in the first day just pick a chair wherever you want to sit. Well, I sat in the wrong chair. It was Senator Walsh's, at that time Representative Walsh's chair. She came up, stood over me, looked down. I don't know what, I said 'Well hi. How are you? Who are you?' and I learned that I sat in her chair. But it's been great. Just laughing with her. Walking through so many different different challenges, with her health challenge and she always did that with the grace to and just we're going to keep charging on, but she does a different drum than most of the caucuses that I've been in and it's been wonderful. I think Senator Padden, you need to pick up that mantra with the singing, because again, she she did so much singing and so much laughing. And I wish them all, all three, the best in their life's journeys. It will be, it will be good, I think all three of you being gone, not from here, we're going to miss all of you but I just wish you the best and as Assistant Caucus Chair, I want to issue an invitation, we have a cake recognizing all three of these senators in our caucus room and it is there now so when we get a break you're welcome to come in and have cake in the Republican Caucus Room. Thank you very much, Mr. President."

## PERSONAL PRIVILEGE

Senator Wellman: "Thank you so much. Well, I have three points to make. One has to do with Senator Becker, who I've so enjoyed working with. And, it's a bit disconcerting to hear so much laughter about telemedicine, partly because, you know, sometimes we say what's old is new again. I remember the first time I talked about telemedicine was in Sydney Australia talking about the Outback. In the Outback, unless you had remote imaging, you had issues in the Outback. And, this was back in 1996, so it's a long time. But, I so admire the fact that you, Senator Becker, were so open to technology and not necessarily the

person I would have thought on this floor that would say 'you know this is something that we really need to be aware of, that's going to make a difference in the lives of people and especially in our rural economies' so vital, and so I so much appreciate that about you. And, I've met very early on in my second year, really kind of met Senator Zeiger, when he came over to my office to present me with a giant apple. The apple that is passed to the Chair of the Early Learning K-12 Education Committee. And, he was so sweet about it. And, so gentle and welcoming. And, even though we were passing that leadership, I really so appreciated your warmth and how lovely that was. I do think the apple looks like a giant red pepper but that's beside the point. And, Senator and Senator Walsh, you've just been such a pleasure to work with. I love the fact, there's no guessing where Senator Walsh is. She is exactly who she is and she lets you know what she thinks about things, and I really appreciate that straightforwardness about her. And, I also I have seen her in grace under fire. She said so, there have been times when it's been really hard and I so appreciate the fact that you came back and you were here and you had a great attitude and I just love working with you and I am intend to spend more time with you. I'm very happy to have had these three colleagues during my time in the Senate. It certainly has been so much of an addition to the this this place and how we act together to all three of them and so you will be missed. Thank you."

## REMARKS BY THE PRESIDENT

President Habib: "Senator Becker, it's been an honor to work with you. And, you and I, in our leadership roles, when we came in and when I came into this job and this particular role and you in Caucus Chair, we didn't always understand one another, I think, fully at first and we had some conflicts and I think it was because I think truly because I didn't I didn't really fully understand how earnest you are, how generous and sometimes I thought things that you were saying were sarcastic and they weren't. And so, as I got to know you better and perhaps also as you got to know me better, we've we've grown to respect, I hope in a mutual way, one another so much more. And, I want to echo what Senator Braun said because I'm the only one here who, other than the folks at the rostrum, we're the ones who have to sit up and listen to every single speech and I will say one of the reasons why I think the rules do ask that members not read without permission is because there is real value to a floor speech that is given, that comes from the mind and the heart. That is persuasive because it's not prewritten by by by our talented staff. That's not, you know, out of, you know, a constituent or a lobbyist e-mail or something but that comes from one's personal experience as a citizen legislator. And you really exemplify that as as Senator Braun said and Senator Rolfes and others the ability to really speak from your personal experience and connect it to the issues and you will be missed. And, you've done a fantastic job for your district, for your caucus. And, will the Senate please join me in congratulating Senator Becker on her retirement and wishing her all the best."

The senate rose in recognition of Senator Becker as she concluded her legislative service in the Senate and to the people of the 2nd Legislative District.

HUMAN SERVICES**

**Sec. 201.** 2019 c 415 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund

moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise

impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in ((section 719 of this act)) section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, 2020, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2020 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2020 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) The department may not transfer appropriations from any other program or subprogram to the mental health program. Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose as needed to fund actual expenditures through the end of fiscal year 2020.

(d) The department may not transfer appropriations for the developmental disabilities program to any other program or subprograms of the department of social and health services.

Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by the office of the chief information officer.

The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. To ensure compliance with legislative directive budget requirements and terms and conditions of the waiver, the authority shall implement the waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the innovation waiver requires better analytic capability, transparency, consistency, timeliness, accuracy, and lack of redundancy with

other established measures and that the patient must be considered first and foremost in the implementation and execution of the demonstration waiver. In order to effectuate these goals, the authority shall: (a) Require the Dr. Robert Bree collaborative and the health technology assessment program to reduce the administrative burden upon providers by only requiring performance measures that are nonduplicative of other nationally established measures. The joint select committee on health care oversight will evaluate the measures chosen by the collaborative and the health technology assessment program for effectiveness and appropriateness; (b) develop a patient satisfaction survey with the goal to gather information about whether it was beneficial for the patient to use the center of excellence location in exchange for additional out-of-pocket savings; (c) ensure patients and health care providers have significant input into the implementation of the demonstration waiver, in order to ensure improved patient health outcomes; and (d) in cooperation with the department of social and health services, consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget, to the joint select committee on health care oversight prior to submitting waivers for federal approval. By federal standard, the medicaid transformation demonstration waiver shall not exceed the duration originally granted by the centers for medicare and medicaid services and any programs created or funded by this waiver do not create an entitlement. Beginning May 15, 2019, and continuing through December 15, 2019, by the 15th of each month, the director in consultation with the secretary shall report to the fiscal chair of the appropriate committees of the legislature in the manner and form requested the status of the medicaid transformation waiver, including any anticipated or proposed changes to accruals or expenditures.

(2) No more than ~~(\$305,659,000)~~ \$153,357,000 of the general fund—federal appropriation and no more than ~~(\$157,284,000)~~ \$86,190,000 of the general fund—local appropriation may be expended for transformation through accountable communities of health described in initiative 1 of the medicaid transformation demonstration wavier under healthier Washington, including preventing youth drug use, opioid prevention and treatment, and physical and behavioral health integration. Under this initiative, the authority shall take into account local input regarding community needs. In order to ensure transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not increase general fund—state expenditures under this initiative. The director shall also report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for medicare and medicaid services.

(3)(a) No more than \$79,829,000 of the general fund—federal appropriation may be expended for supported housing and

employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third party administrator. The authority and the department in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) No more than \$89,476,000 of the general fund—federal appropriation and no more than \$36,548,000 of the general fund—local appropriation may be expended for the medicaid quality improvement program. Under federal regulations, the medicaid quality improvement program is authorized and allows states to design quality improvement programs for the medicaid population in ways that support the state's quality goals. Medicaid quality improvement program payments will not count against initiative 1 of the medicaid transformation demonstration waiver spending limit and are excluded from the waiver's budget neutrality calculation. Apple health managed care organizations and their partnering providers will receive medicaid quality improvement program payments as they meet designated milestones. Partnering providers and apple health managed care organizations will work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority shall only utilize the medicaid quality improvement program to support the transformation waiver and shall not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not create an entitlement. The authority shall not increase general fund—state, federal, or local expenditures under this program. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(4) Annually, no later than November 1st, the authority shall report to the governor and appropriate committees of the legislature: (a) Savings attributed to behavioral and physical integration in areas that are scheduled to integrate in the following calendar year, and (b) savings attributed to behavioral and physical health integration and the level of savings achieved in areas that have integrated behavioral and physical health.

(5) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(6) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical

utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(8) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(10) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(11) \$4,261,000 of the general fund—state appropriation for fiscal year 2020, \$4,261,000 of the general fund—state appropriation for fiscal year 2021, and \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(12) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(13) ~~(\$6,000,000)~~ (a) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(b) The authority, in consultation with the department of social and health services and the nursing homes operated by public hospitals in (a) of this subsection, must develop a plan with recommendations for an upper payment limit calculation and the supplemental payment model for nursing homes operated by a public hospital district. The group must consider how to restructure payments under (a) of this subsection, taking into consideration alternate upper payment limit calculation. If upon completion of the plan, the authority determines it can implement

the recommendations of the group within the amounts provided in (a) of this subsection, the authority must submit a state plan amendment, if necessary, and submit a report to the fiscal committees of the legislature no later than September 30, 2020.

(c) \$193,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the authority to provide a one-time grant to a standalone skilled nursing facility operated by a public hospital district in Grant county. This grant is provided as a one-time offset to address the impact of the recoupment requirements of this subsection (13).

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2019-2021 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2020, and by November 1, 2021, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2019-2021 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. (~~(\$537,000)~~) \$759,000 of the general fund—state appropriation for fiscal year 2020 and (~~(\$522,000)~~) \$740,000 of the general fund—state

appropriation for fiscal year 2021 are provided solely for state grants for the participating hospitals.

(15) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(16) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(17) The authority shall submit reports to the governor and the legislature by September 15, 2020, and no later than September 15, 2021, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(18) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(19) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

(20) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(21) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.

(22) \$90,000 of the general fund—state appropriation for fiscal year 2020, \$90,000 of the general fund—state appropriation for fiscal year 2021, and \$180,000 of the general fund—federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(23) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

(24) Within the amounts appropriated in this section, the authority shall continue to provide coverage for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related services would otherwise

(7) \$81,930,000 of the general fund—state appropriation for fiscal year 2020 and (~~(\$81,930,000)~~) \$85,122,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency

housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) Of the amount provided for fiscal year 2020, seventy percent must be distributed to behavioral health administrative service organizations and thirty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2019 regional allocation of flexible nonmedicaid funds.

(b) \$3,939,000 of the fiscal year 2021 amounts must be distributed to behavioral health administrative service organizations. Of the remaining amount for fiscal year 2021, eighty percent must be distributed to behavioral health administrative service organizations and twenty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2020 regional allocation of flexible nonmedicaid funds.

(c) The authority must include the following language in medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) \$1,204,000 of the general fund—state appropriation for fiscal year 2020 and \$1,204,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

(10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,291,000 of the general fund—state appropriation for fiscal year 2020 and \$2,291,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(13) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization and administrative services organization contracts and include contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health organization and administrative services organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health organization or administrative services organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health organization or administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(14) During the 2019-2021 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health organizations.

(15) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(16) \$3,500,000 of the general fund—federal appropriation (from the substance abuse prevention and treatment federal block grant) is provided solely for the continued funding of existing county drug and alcohol use prevention programs.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in

administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the legislature which identifies the distribution of criminal justice treatment account funds by September 30, 2019.

(19) No more than \$27,844,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(20) \$6,858,000 of the general fund—state appropriation for fiscal year 2020, \$6,858,000 of the general fund—state appropriation for fiscal year 2021, and \$8,046,000 of the general fund—federal appropriation are provided solely to maintain new crisis triage or stabilization centers. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The authority shall monitor each center's effectiveness at lowering the rate of state psychiatric hospital admissions.

(21) \$1,125,000 of the general fund—federal appropriation is provided solely for the authority to develop a memorandum of understanding with the department of health for implementation of chapter 297, Laws of 2017 (opioid treatment programs). The authority must use these amounts to reimburse the department of health for costs incurred through the implementation of the bill.

(22) \$6,655,000 of the general fund—state appropriation for fiscal year 2020, \$10,015,000 of the general fund—state appropriation for fiscal year 2021, and \$12,965,000 of the general fund—federal appropriation are provided solely for the operation of secure withdrawal management and stabilization facilities. The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that, beginning in calendar year 2020, they pay no lower than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

(23) \$23,090,000 of the general fund—state appropriation for fiscal year 2020, \$23,090,000 of the general fund—state appropriation for fiscal year 2021, and \$92,444,000 of the general fund—federal appropriation are provided solely to maintain the enhancement of community-based behavioral health services that

was funded in fiscal year 2019. Twenty percent of the general fund—state appropriation amounts for each regional service area must be contracted to the behavioral health administrative services organizations and used to increase their nonmedicaid funding and the remainder must be used to increase medicaid rates above FY 2018 levels. Effective January 2020, the medicaid funding is intended to increase rates for behavioral health services provided by licensed and certified community behavioral health agencies as defined by the department of health. This funding must be allocated to the managed care organizations proportionate to their medicaid enrollees. The authority must require the managed care organizations to provide a report on their implementation of this funding. The authority must submit a report to the legislature by December 1, 2020, summarizing how this funding was used and provide information for future options of increasing behavioral health provider rates through directed payments. The report must identify different mechanisms for implementing directed payment for behavioral health providers including but not limited to minimum fee schedules, across the board percentage increases, and value-based payments. The report must provide a description of each of the mechanisms considered, the timeline that would be required for implementing the mechanism, and whether and how the mechanism is expected to have a differential impact on different providers. The report must also summarize the information provided by managed care organizations in implementing the funding provided under this section.

Within these amounts, the authority must meet the requirements for reimbursing counties for the judicial services for patients being served in these settings in accordance with RCW 71.05.730. The authority must coordinate with the department of social and health services in developing the contract requirements, selecting contractors, and establishing processes for identifying patients that will be admitted to these facilities.

(a) Sufficient amounts are provided in fiscal year 2020 for the authority to reimburse community hospitals serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025 at a rate of \$1,171 per day, or the hospital's current psychiatric inpatient per diem rate, whichever is higher. ~~((The))~~ In fiscal year 2020, the rate paid to hospitals in this subsection cannot exceed one-hundred percent of the hospitals eligible costs based on their most recently completed medicare cost report. ~~((The authority in collaboration with the Washington state hospital association must convene a work group to develop a methodology for reimbursing community hospitals serving these clients. In developing this methodology, the authority must account for cost structure differences between teaching hospitals and other hospital types. The authority must provide a report to the appropriate committees of the legislature by December 1, 2019. The report must:~~

- ~~(a) Describe the methodology developed by the work group;~~
- ~~(b) Identify cost differences between teaching hospitals and other hospital types;~~
- ~~(c) Provide options for incentivizing community hospitals to offer long-term inpatient care beds day beds including a rate recommendation;~~

(c) The authority must provide a report to the office of financial management and the appropriate committees of the legislature by December 1, 2020, on the impact of the rate increases provided in fiscal year 2021 on long-term psychiatric inpatient provider capacity and utilization. The report must also include information on short-term psychiatric inpatient provider capacity and utilization and clearly identify which providers increased overall capacity and which converted short-term to long-term beds.

(d) It is the intent of the legislature that future rate increases for long-term inpatient providers be informed by the health care growth benchmark established by the health care cost transparency board pursuant to Second Substitute House Bill No. 2457 (health care cost board). The legislature also intends to prioritize future rate increases for providers that increase their overall psychiatric inpatient capacity and utilization.

(e) The authority in collaboration with the Washington state hospital association must convene a work group to further refine the methodology for reimbursing community hospitals serving these clients. The authority must provide a report to the appropriate committees of the legislature by December 1, 2020. Behavioral health organization reserves may not be used to pay for services to be provided beyond the end of a behavioral health organization's contract or for startup costs in full integration regions except as provided in this subsection. The authority must ensure that any increases in expenditures in behavioral health reserve spend-down plans are required for the operation of services during the contract period and do not result in overpayment to providers. If the nonfederal share of reserves returned during fiscal year 2020 exceeds \$35,000,000, the authority shall use some of the amounts in excess of \$35,000,000 to support the final regions transitioning to full integration of physical and behavioral health care. The report must be developed in consultation with the office of financial management and staff from the fiscal committees of the legislature and must include the following elements: (a) The increase in the number of nonmedicaid bed days in institutions for mental diseases from fiscal year 2017 to fiscal year 2019 by facility and the estimated annual cost associated with these increased bed days in FY 2020; (b) the increase in the number of medicaid bed days in institutions for mental diseases from fiscal year 2017 to fiscal year 2019 by facility and the estimated annual cost associated with these increased bed days in FY 2020; (c) the amount of funding assumed in current behavioral health entity medicaid capitation rates for institutions for mental diseases bed days that are currently allowable under medicaid regulation or

Child savings accounts are long-term savings or investment accounts to help children, especially low-income children and children of color, build dedicated savings for postsecondary education. The child savings account program's goals are to foster a higher education and career-readiness culture and boost college savings among Washington state residents, particularly low-income families; promote the financial security, financial literacy, and economic stability of Washington state families; and increase their ability to save for college. The program's purpose is to establish college savings accounts at birth for every child born in Washington state.

(a) At a minimum, the study must include the following elements:

(i) Program account options and mechanisms for automatic enrollment in the child savings account program at birth unless parents opt out;

(ii) The program structure and the initial seed deposit as well as progressive incentives to help reduce inequities in account accumulation between children from lower-income families and higher-income families;

(iii) Incentive structures so that families that participate and contribute, regardless of amount, can receive bonus deposits;

(iv) Plans for how relevant state agencies and programs would conduct outreach and provide information for families and children about their child savings accounts, opportunities to interact and/or save in the account, and other resources for families to build their financial capabilities in order to save for their future;

(v) Options for potential state funding sources to create and sustain the program and the feasibility of making the program self-sustaining or partially off-setting seed deposits through administrative fees charged in the Washington college savings program established in RCW 28B.95.032 or other college savings programs;

(vi) Possible ways for the state to collaborate with the philanthropic and private sectors; and

(vii) Possible ways for the accounts of foster children and youth to grow.

(b) In developing the implementation plan, the council may consult with the following entities:

- (i) The economic services administration;
- (ii) The department of health;
- (iii) The department of children, youth, and families;
- (iv) The department of financial institutions;
- (v) The office of the state treasurer;
- (vi) The office of the superintendent of public instruction;

- (ix) Not-for-profit foundations, organizations, or agencies in Washington who are already operating child savings account programs in their communities;
- (x) Philanthropic organizations and foundations with an interest in providing philanthropic support for child savings accounts in Washington state; and
- (xi) Organizations and state commissions and offices representing communities of color and economically disadvantaged communities that would be most impacted by the creation of a child savings account program.

(c) The council shall convene stakeholders to review preliminary recommendations by November 30, 2020. The council shall submit preliminary findings and recommendations to the appropriate committees of the legislature by December 30, 2020, and a final report by June 30, 2021.

The task force shall submit a report to the appropriate committees of the legislature by December 1, 2020. The report shall include:

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

For the military department enhanced 911 next generation project and the one Washington project, the amount retained is increased to at least twenty percent of total funding allocated for any stage of that project.

(4)(a) Each project must have a technology budget. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit detailed financial information to the office of financial management and the office of the state chief information officer. The technology budget must describe the total cost of the project by fiscal month to include and identify:

- (i) Fund sources;
- (ii) Full time equivalent staffing level to include job classification assumptions;
- (iii) A discreet appropriation index and program index;
- (iv) Object and subobject codes of expenditures; and
- (v) Anticipated deliverables.

(c) If a project technology budget changes and a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must be posted to the dashboard, to include a narrative rationale on what changed, why, and how that impacts the project in scope, budget, and schedule.

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

(i) Beginning in fiscal year 2018, if marijuana excise tax collections deposited into the general fund in the prior fiscal year exceed twenty-five million dollars, then each fiscal year the legislature must appropriate an amount equal to thirty percent of all marijuana excise taxes deposited into the general fund the prior fiscal year to the treasurer for distribution to counties, cities, and towns as follows:

(A) Thirty percent must be distributed to counties, cities, and towns where licensed marijuana retailers are physically located. Each jurisdiction must receive a share of the revenue distribution under this subsection (2)(g)(i)(A) based on the proportional share of the total revenues generated in the individual jurisdiction from the taxes collected under RCW 69.50.535, from licensed marijuana retailers physically located in each jurisdiction. For purposes of this subsection (2)(g)(i)(A), one hundred percent of the proportional amount attributed to a retailer physically located in a city or town must be distributed to the city or town.

(B) Seventy percent must be distributed to counties, cities, and towns ratably on a per capita basis. Counties must receive sixty percent of the distribution, which must be disbursed based on each county's total proportional population. Funds may only be distributed to jurisdictions that do not prohibit the siting of any state licensed marijuana producer, processor, or retailer.

(ii) Distribution amounts allocated to each county, city, and town must be distributed in four installments by the last day of each fiscal quarter.

(iv) The total share of marijuana excise tax revenues distributed to counties and cities in (g)(i) of this subsection (2) may not exceed fifteen million dollars in fiscal years 2018, 2019, 2020, and 2021, and twenty million dollars per fiscal year thereafter. It is the intent of the legislature that the policy for the maximum distributions in the subsequent fiscal biennia will be no more than fifteen million dollars per fiscal year.

For the purposes of this section, "marijuana products" means "useable marijuana," "marijuana concentrates," and "marijuana-infused products" as those terms are defined in RCW 69.50.101.

**Sec. 917.** RCW 71.24.580 and 2019 c 415 s 980, 2019 c 325 s 1040, and 2019 c 314 s 27 are each reenacted and amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. During the 2019-2021 fiscal biennium, the legislature may appropriate from the account for municipal drug courts and increased treatment options, and may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the home security fund account created in RCW 43.185C.060. ~~((It is the intent of the legislature to continue the policy of transferring~~

~~moneys from the criminal justice treatment account to the home security fund account in subsequent biennia.))~~ Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

(11) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

**Sec. 918.** RCW 74.46.561 and 2019 c 301 s 1 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of

labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMean rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMean construction index value per square foot. The department may use updated RSMean construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMean" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the center for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8)(a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b).

Beginning May 1, 2020, and through June 30, 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also the intent of the legislature that, starting in fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received solely in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

**Sec. 919.** RCW 82.08.170 and 2015 3rd sp.s. c 4 s 976 are each amended to read as follows:

(1) Except as provided in subsections (4) and (5) of this section, during the months of January, April, July, and October of each year, the state treasurer must make the transfers required under subsections (2) and (3) of this section from the liquor excise tax fund and then the apportionment and distribution of all remaining moneys in the liquor excise tax fund to the counties, cities, and towns in the following proportions: (a) Twenty percent of the moneys in the liquor excise tax fund must be divided among and distributed to the counties of the state in accordance with the provisions of RCW 66.08.200; and (b) eighty percent of the moneys in the liquor excise tax fund must be divided among and distributed to the cities and towns of the state in accordance with the provisions of RCW 66.08.210.

(2) Each fiscal quarter and prior to making the twenty percent distribution to counties under subsection (1)(a) of this section, the treasurer shall transfer to the liquor revolving fund created in RCW 66.08.170 sufficient moneys to fund the allotments from any legislative appropriations for county research and services as provided under chapter 43.110 RCW.

(3) During the months of January, April, July, and October of each year, the state treasurer must transfer two million five hundred thousand dollars from the liquor excise tax fund to the state general fund.

(4) During calendar year 2012, the October distribution under subsection (1) of this section and the July and October transfers under subsections (2) and (3) of this section must not be made. During calendar year 2013, the January, April, and July distributions under subsection (1) of this section and transfers under subsections (2) and (3) of this section must not be made.

(5) During the 2015-2017 and 2019-2021 fiscal ((biennium)) biennia, the liquor excise tax fund may be appropriated for the

local government fiscal note program in the department of commerce. It is the intent of the legislature to continue this policy in the ((2017-2019)) subsequent fiscal biennium.

**Sec. 920.** RCW 82.19.040 and 2019 c 415 s 989 are each amended to read as follows:

(1) To the extent applicable, all of the definitions of chapter 82.04 RCW and all of the provisions of chapter 82.32 RCW apply to the tax imposed in this chapter.

(2) Beginning June 30, 2019, taxes collected under this chapter shall be deposited in the waste reduction, recycling, and litter control account under RCW 70.93.180, except that until June 30, ((2021)) 2020, one million two hundred fifty thousand dollars ((per fiscal year)) must be deposited in equal monthly amounts in the state parks renewal and stewardship account, with the remainder deposited in the waste reduction, recycling, and litter control account. ((It is the intent of the legislature to continue this policy in the ensuing biennium.))

**Sec. 921.** RCW 90.56.510 and 2019 c 415 s 994 are each amended to read as follows:

(1) The oil spill prevention account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. If, on the first day of any calendar month, the balance of the oil spill response account is greater than nine million dollars and the balance of the oil spill prevention account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1999, and the biennium ending June 30, 2001, the state treasurer may transfer a total of up to one million dollars from the oil spill response account to the oil spill prevention account to support appropriations made from the oil spill prevention account in the omnibus appropriations act adopted not later than June 30, 1999.

(2) Expenditures from the oil spill prevention account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. In addition, until June 30, 2021, expenditures from the oil spill prevention account may be used, subject to amounts appropriated specifically for this purpose, for the development and annual review of local emergency planning committee emergency response plans in RCW 38.52.040(3). Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill prevention account. Costs of prevention include the costs of:

- (a) Routine responses not covered under RCW 90.56.500;
- (b) Management and staff development activities;
- (c) Development of rules and policies and the statewide plan provided for in RCW 90.56.060;
- (d) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;

Senator Rolfes: "My point is, there are, as you know, a lot of really smart people that work with us to develop a budget, the Ways and Means Committee staff. And, I would like to personally thank them, and I want everyone to know they were already here for the capital budget and they literally said 'Senator Rolfes, will you be offended if we don't come back?' So, hopefully they're paying attention and I hope that we can all show some deep gratitude, oh James is here, if you guys are here please come forward so we can recognize you. I'd like to recognize and sincerely thank James Kettel, Michael Bezanson, Jeffrey Mitchell, Julie Murray, Sandy Stith, Richard Ramsey, Michele Alishahi, Amanda Cecil, Sarah Emmans, Kayla Hammer, Jed Herman, Maria Hovde, Alia Kennedy, Jeffrey Naas, Corban Nemeth, Sarian Scott, Travis Sugarman, Liza Weeks, Lindsay Trant and Megan Tudor. Will you all join me in a round of applause? They are brilliant at keeping the train on schedule and running on time and getting us out of here on time. Of course, I also want to thank Matt Bridges and Ryan Moore, who are caucus staff, who sit through a lot of meetings listening to all of us. Ryan, and I'm sure Matt's over there. And then, I'm hoping that you all will also recognize my legislative staff who patiently received budget request forms for the last, I'm going to go with four months. Met with lobbyists. Helped your legislative assistants know how to fill out the budget request forms and really just helped keep things organized and on track. That's Linda Owens Haylee Anderson and our intern Sabrina Saenz. Linda, can you come forward? And finally, I need to really thank Senators Frockt, Braun and Brown for, I think we're really good team and I hope we all get to work together again next year."

system works. They are absolutely committed to the process and making sure it runs well and we get the best advice we can get without overstepping. I want to just reinforce that they, we were absolutely blessed in the state of Washington, to have such a great team. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Brown: "Thank you, Mr. President. It really has truly been an honor to work with this team. You know, we come here in the public unfortunately sees us squabbling here on the floor. They see a lot of the fights. What they don't see is how the sausage is made. And although we just couldn't get there with regards to the policy, the respect and candor, the honesty that has been shown to us even in the minority, I really appreciated feeling like I truly was a part of the process. And to the staff who answered all of our questions and followed up repeatedly even though maybe I didn't understand something they would keep coming back and keep coming back until they really felt like I understood the issue. And I really want to reiterate what's been said by the prior two speakers: we truly have just a wonderful staff here in the state of Washington."

"(5) In order to facilitate the monthly reporting required by subsection (1) of this section and to increase transparency, the office of financial management must create unique appropriation and expenditure codes to be used in the statewide accounting and financial reporting system that must be used by state agencies and institutions of higher education to separately identify state spending by the appropriations in this act and for other unanticipated spending in response to the coronavirus (COVID-19) outbreak funded by appropriations in the omnibus operating appropriations act."

On page 2, after line 22, insert the following:

**NEW SECTION. Sec. 3.** The sum of twenty-five million dollars is appropriated from the budget stabilization account for the fiscal year ending June 30, 2020, and is provided solely for expenditure into the COVID-19 unemployment account for the purposes described in section 5 of this act. For purposes of RCW 43.88.055(4), the appropriation in this section does not alter the requirement to balance in the ensuing biennium.

**NEW SECTION. Sec. 4.** A new section is added to chapter 50.16 RCW to read as follows:

(1) The COVID-19 unemployment account is created in the custody of the state treasurer. Revenues to the account shall consist of appropriations and transfers by the legislature and all other funding directed for deposit into the account. Only the commissioner of the employment security department or the commissioner's designee may authorize expenditures from the account. Expenditures from the account may be used only for reimbursing the unemployment trust fund account for unemployment benefits paid to the approved employees of employers approved for such reimbursement pursuant to section 5 of this act. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) Any federal funding or relief for novel coronavirus that could be used for the purposes of section 5 of this act must be used first before spending from the account. Additionally, if the employment security department subsequently receives reimbursements from federal sources for amounts spent from the account, the department must remit the federal funding to the state treasurer for reimbursement to the budget stabilization account. If federal law or rules would prevent such remittance, the department must notify the office of financial management and the fiscal committees of the legislature within thirty days of receipt of the reimbursement.

(3) By July 1, 2021, the commissioner must certify to the state treasurer the amount of any unobligated moneys in the COVID-19 unemployment account that are attributable to the budget stabilization account appropriation in section 3 of this act, and the treasurer must transfer those moneys back to the budget stabilization account.

**NEW SECTION. Sec. 5.** A new section is added to chapter 50.29 RCW to read as follows:

(1) By September 30, 2020, a contribution paying employer may submit an application to the employment security department to have the approved benefits paid to approved employees be reimbursed by the COVID-19 unemployment account instead of charged to the employer's experience rating account. The application must be submitted in a form and manner approved by the department through rule.

(2) The department should not approve an application if the benefits paid will not otherwise be charged to the employer's

experience rating account or if the employer was otherwise eligible to receive relief of benefit charges.

(3) If the department approves an employer's application, the department will not charge the forgiven benefits to the employer's experience rating account. The commissioner shall instead transfer from the COVID-19 unemployment account to the unemployment trust fund account an amount equal to the forgiven benefits.

(4) If the department rejects an employer's application, the department shall present the employer with the reasons why the application was rejected. The reasons for the rejection are final and nonappealable.

(5) For purposes of this section, the following definitions apply:

- (a) "Approved employee" means an employee who:
  - (i) Was temporarily laid off as a direct or indirect consequence of an outbreak of COVID-19;
  - (ii) Was approved by the department to be on standby pursuant to rules adopted by the department;
  - (iii) Has returned to the same employment with the employer the employee had prior to the temporary unemployment; and
  - (iv) Meets other criteria the department may establish by rule.
- (b) "Approved benefits" means benefits paid to an approved employee while the approved employee was on standby pursuant to rules adopted by the department.
- (c) "Total approved benefits" means the sum total of all approved benefits paid to all approved employees.
- (d) "Forgiveness ratio" is computed by dividing the amount of money in the COVID-19 unemployment account by the total approved benefits. The forgiveness ratio cannot be more than 1.
- (e) "Forgiven benefits" means the approved benefits for an individual employer multiplied by the forgiveness ratio.
- (6) The department shall adopt such rules as are necessary to carry out the purposes of this section.
- (7) This section expires July 30, 2021."

(1) An unemployed individual shall be eligible to receive waiting period credits or benefits with respect to any week in his or her eligibility period only if the commissioner finds that:

(a) He or she has registered for work at, and thereafter has continued to report at, an employment office in accordance with such regulation as the commissioner may prescribe, except that the commissioner may by regulation waive or alter either or both of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which the commissioner finds that the compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this title;

(d) He or she has been unemployed for a waiting period of one week;

(e) He or she participates in reemployment services if the individual has been referred to reemployment services pursuant to the profiling system established by the commissioner under RCW 50.20.011, unless the commissioner determines that:

(2) An individual's eligibility period for regular benefits shall be coincident to his or her established benefit year. An individual's eligibility period for additional or extended benefits shall be the periods prescribed elsewhere in this title for such benefits.

**NEW SECTION. #### MOTION

Senator Wellman moved that the following floor amendment no. 1375 by Senators Braun and Wellman be adopted:

On page 3, after line 16, insert the following:

**"NEW SECTION. Sec. 5.** (1)(a) Recognizing that schools and districts throughout Washington have different needs and resources to respond to the impact of the novel coronavirus (COVID-19) outbreak, within existing resources, the state board of education may administer an emergency waiver program to grant local education agencies and private schools flexibility so that students in the graduating class of 2020 or earlier who were on track to graduate before the gubernatorial declaration of emergency of February 29, 2020, and any subsequent amendments to that proclamation, are not negatively impacted by measures taken by the local education agency or private school in response to the novel coronavirus (COVID-19).

(b) Consistent with the intent of the emergency waiver program, the state board of education may adopt rules to allow:

(i) School districts, charter schools established under chapter 28A.710 RCW, and tribal compact schools operated according to the terms of state-tribal education compacts authorized under chapter 28A.715 RCW to apply to the state board of education for a waiver of high school graduation requirements or equivalencies established under RCW 28A.230.090 for students in the graduating class of 2020 or earlier who cannot meet the statewide minimum credit and subject area graduation requirements due to school closures related to the novel coronavirus (COVID-19). The state board of education may approve waivers that meet criteria including demonstration of a good faith effort to address core course requirements and credit deficiencies through other mechanisms; and

(ii) The state board of education to waive provisions relating to the number of instructional hours, the number of school days, credit-based graduation requirements, and other provisions for the 2019-20 school year for private schools established under chapter 28A.195 RCW that close due to the novel coronavirus (COVID-19).

(2) This section expires July 31, 2020.

**Sec. 6.** RCW 28A.230.090 and 2019 c 252 s 103 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school

2020 REGULAR SESSION

graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postschool transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)(iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

(v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program;

(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for

graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal. The limitations on the ability of a school district to grant waivers under this subsection (1)(e)(i) shall not apply in circumstances where a district is granted flexibility from state requirements under an emergency waiver program established in section 5 of this act.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as

identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

MESSAGE FROM THE HOUSE

March 12, 2020

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6534 with the following amendment(s): 6534-S.E AMH RICC H5411.2

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature finds that the payments to private emergency ambulance service providers for transports for medicaid recipients have not been increased since 2004, resulting in a loss for carriers who provide this service. This has resulted in the shifting of cost of medicaid transports to other payers.

The purpose of this chapter is to provide for a quality assurance fee for specified providers of emergency ambulance services as referenced in 42 C.F.R. Sec. 433.56, which will be used to add on to base funding from all other sources, thereby supporting additional medicaid payments to nonpublic and nonfederal providers of emergency ambulance services as specified in this chapter.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aggregate fee schedule amount" means the product of the add-on calculated pursuant to section 6(1) of this act multiplied by the number of emergency ambulance transports for the state fiscal year.

(2) "Ambulance transport provider" means an ambulance transport provider that is licensed under RCW 18.73.140 that bills and receives patient care revenue from the provision of ground emergency ambulance transports. "Ambulance transport provider" does not include a provider that is owned or operated by the state, cities, counties, fire protection districts, regional fire protection service authorities, port districts, public hospital districts, community services districts, health care districts, federally recognized Indian tribes, or any unit of government as defined in 42 C.F.R. Sec. 433.50.

(3) "Annual quality assurance fee rate" means the quality assurance fee per emergency ambulance transport during each applicable state fiscal year assessed on each ambulance transport provider.

(4) "Authority" means the Washington state health care authority.

(5) "Available fee amount" means the sum of the following:

(a) The amount deposited in the ambulance transport fund established under section 3 of this act during the applicable state fiscal year, less the amounts described in section 3(3)(a) of this act; and

(b) Any federal financial participation obtained as a result of the deposit of the amount described in this subsection, for the applicable state fiscal year.

(6) "Effective state medical assistance percentage" means a ratio of the aggregate expenditures from state-only sources for medicaid divided by the aggregate expenditures from state and federal sources for medicaid for a state fiscal year.

(7) "Emergency ambulance transport" means the act of transporting an individual by use of an ambulance during which a client receives needed emergency medical services en route to an appropriate medical facility. "Emergency ambulance transport" does not include transportation of beneficiaries by passenger cars, taxicabs, litter vans, wheelchair vans, or other forms of public or private conveyances, nor does it include transportation by an air ambulance provider. An "emergency ambulance transport" does not occur when, following evaluation of a patient, a transport is not provided.

(8) "Fee-for-service payment schedule" means the payment rates to ambulance transport providers for emergency ambulance transports by the authority without the inclusion of the add-on described in section 6 of this act.

(9) "Gross receipts" means the total amount of payments received as patient care revenue for emergency ambulance transports, determined on a cash basis of accounting. (11) "Program" means the ambulance quality assurance fee program established in this chapter.

**NEW SECTION. Sec. 3.** (1) A dedicated fund is hereby established within the state treasury to be known as the ambulance transport fund. The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the authority on audit or otherwise shall be returned to the fund. Moneys in the account may be spent only after appropriation.

(2) The quality assurance fees collected by the authority pursuant to section 5 of this act must be deposited in the ambulance transport fund.

(3) The moneys in the ambulance transport fund, including any interest and dividends earned on money in the fund, shall be available exclusively for the following purposes in the following order of priority:

(a) To provide funding in an amount not to exceed ten percent of the annual quality assurance fee rate collection amount, exclusive of any federal matching funds, for health care coverage for Washingtonians and for the authority's staffing and administrative costs directly attributable to administering this chapter; and

(b) To make increased payments to ambulance transport providers pursuant to section 6 of this act.

**NEW SECTION. Sec. 4.** (1) Each ambulance transport provider must report to the authority the number of emergency ambulance transports by payer type and the annual gross receipts for the state fiscal year ending June 30, 2020, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after August 15, 2020.

(2) Each ambulance transport provider must report to the authority the number of emergency ambulance transports by payer type for each state fiscal quarter commencing with the state fiscal quarter ending September 30, 2020, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after the forty-fifth day after the end of each applicable state fiscal quarter.

(3) Each ambulance transport provider must report to the authority the annual gross receipts for each state fiscal year commencing with the state fiscal year ending June 30, 2021, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after the forty-fifth day after the end of each applicable state fiscal year.

(4) The authority may require a certification by each ambulance transport provider under penalty of perjury of the truth of the reports required under this section. Upon written notice to an ambulance transport provider, the authority may impose a civil penalty of one hundred dollars per day against an ambulance transport provider for every day that an ambulance transport provider fails to make a report required by this section within five days of the date upon which the report was due. Any funds resulting from a penalty imposed pursuant to this subsection shall be deposited in the ambulance transport fund established in section 3 of this act.

**NEW SECTION. Sec. 5.** (1) Beginning July 1, 2021, and annually thereafter, the authority shall assess each ambulance transport provider a quality assurance fee. Each ambulance transport provider must pay the quality assurance fee on a quarterly basis. The quarterly quality assurance fee payment shall be based on the annual quality assurance fee rate for the applicable state fiscal year multiplied by the number of emergency ambulance transports provided by the ambulance transport provider in the second quarter preceding the state fiscal quarter for which the fee is assessed.

(2)(a) For the state fiscal year beginning July 1, 2021, the annual quality assurance fee rate shall be calculated by multiplying the projected total annual gross receipts for all ambulance transport providers by five and one-half percent, which resulting product shall be divided by the projected total annual emergency ambulance transports by all ambulance transport providers for the state fiscal year.

(b) For state fiscal years beginning July 1, 2022, and continuing each state fiscal year thereafter, the quality assurance fee rate shall be calculated by a ratio, the numerator of which shall be the product of the projected aggregate fee schedule amount, and the denominator of which shall be ninety percent of the projected total annual emergency ambulance transports by all ambulance transport providers.

(c) If, during a state fiscal year, the actual or projected available fee amount exceeds or is less than the actual or projected aggregate fee schedule amount by more than one percent, the authority shall adjust the annual quality assurance fee rate so that the available fee amount for the state fiscal year is approximately equal to the aggregate fee schedule amount for the state fiscal year. The available fee amount for a state fiscal year shall be considered to equal the aggregate fee schedule amount for the state fiscal year if the difference between the available fee amount for the state fiscal year and the aggregate fee schedule amount for the state fiscal year constitutes less than one percent of the aggregate fee schedule amount for the state fiscal year.

(3) For each state fiscal year for which the quality assurance fee is assessed, the authority shall send each ambulance transport provider an assessment notice no later than thirty days prior to the beginning of the applicable state fiscal quarter. For each state fiscal quarter for which the quality assurance fee is assessed, the

authority shall send to each ambulance transport provider an invoice of the quarterly quality assurance fee payment due for the quarter no later than thirty days before the payment is due. For each state fiscal quarter for which the quality assurance fee is assessed, the ambulance transport provider shall remit payment to the authority by the date established by the authority, which shall be no earlier than fifteen days after the beginning of the applicable state fiscal quarter.

(4)(a) Interest shall be assessed on quality assurance fees not paid on the date due at the rate and in the manner provided in RCW 43.20B.695. Interest shall be deposited in the ambulance transport fund established in section 3 of this act.

(b) In the event that any fee payment is more than sixty days overdue, the authority may deduct the unpaid fee and interest owed from any medicaid reimbursement payments owed to the ambulance transport provider until the full amount of the fee, interest, and any penalties assessed under this chapter are recovered. Any deduction made pursuant to this subsection shall be made only after the authority gives the ambulance transport provider written notification. Any deduction made pursuant to this subsection may be deducted over a period of time that takes into account the financial condition of the ambulance transport provider.

(c) In the event that any fee payment is more than sixty days overdue, a penalty equal to the interest charge described in (a) of this subsection shall be assessed and due for each month for which the payment is not received after sixty days. Any funds resulting from a penalty imposed pursuant to this subsection shall be deposited into the ambulance transport fund established in section 3 of this act.

(d) The authority may waive a portion or all of either the interest or penalties, or both, assessed under this chapter in the event the authority determines, in its sole discretion, that the ambulance transport provider has demonstrated that imposition of the full amount of the quality assurance fee pursuant to the timelines applicable under this chapter has a high likelihood of creating an undue financial hardship for the provider. Waiver of some or all of the interest or penalties pursuant to this subsection shall be conditioned on the ambulance transport provider's agreement to make fee payments on an alternative schedule developed by the authority.

(5) The authority shall accept an ambulance transport provider's payment even if the payment is submitted in a rate year subsequent to the rate year in which the fee was assessed.

(6) In the event of a merger, acquisition, or similar transaction involving an ambulance transport provider that has outstanding quality assurance fee payment obligations pursuant to this chapter, including any interest and penalty amounts owed, the resultant or successor ambulance transport provider shall be responsible for paying to the authority the full amount of outstanding quality assurance fee payments, including any applicable interest and penalties, attributable to the ambulance transport provider for which it was assessed, upon the effective date of such transaction. An entity considering a merger, acquisition, or similar transaction involving an ambulance transport provider may submit a request to the authority to ascertain the outstanding quality assurance fee payment obligations of the ambulance transport provider pursuant to this chapter as of the date of the authority's response to that request.

**NEW SECTION. Sec. 6.** (1) Beginning July 1, 2021, and for each state fiscal year thereafter, reimbursement for emergency ambulance transports provided by ambulance transport providers shall be increased by application of an add-on to the associated medicaid fee-for-service payment schedule. The add-on increase to the fee-for-service payment schedule under this section shall be calculated by June 15, 2021, and shall remain the same for later

2020 REGULAR SESSION

state fiscal years, to the extent the authority determines federal financial participation is available. The authority shall calculate the projections required by this subsection based on the number of emergency ambulance transports and gross revenue data submitted pursuant to section 4 of this act. The fee-for-service add-on shall be equal to the quotient of the available fee amount projected by the authority on or before June 15, 2021, for the 2021–22 state fiscal year, divided by the total medicaid emergency ambulance transports, projected by the authority on or before June 15, 2021, for the 2021–22 state fiscal year. The resulting fee-for-service payment schedule amounts after the application of this section shall be equal to the sum of the medicaid fee-for-service payment schedule amount and the add-on increase.

(2) The increased payments required by this section shall be funded solely from the following:

(a) The quality assurance fee set forth in section 5 of this act, along with any interest or other investment income earned on those funds; and

(b) Federal reimbursement and any other related federal funds.

(3) The proceeds of the quality assurance fee set forth in section 5 of this act, the matching amount provided by the federal government, and any interest earned on those proceeds shall be used to supplement, and not to supplant, existing funding for emergency ambulance transports provided by ambulance transport providers.

(4) Notwithstanding any provision of this chapter, the authority may seek federal approval to implement any add-on increase to the fee-for-service payment schedule pursuant to this section for any state fiscal year or years, as applicable, on a time-limited basis for a fixed program period, as determined by the authority.

**NEW SECTION. Sec. 7.** The authority may adopt rules to implement this chapter.

**NEW SECTION. Sec. 8.** (1)(a) The authority shall request any approval from the federal centers for medicare and medicaid services it determines are necessary for the use of fees pursuant to this chapter and for the purpose of receiving associated federal matching funds.

(b) This chapter shall be implemented only to the extent that any necessary federal approvals are obtained and federal financial participation is available. The quality assurance fee pursuant to section 5 of this act shall only be assessed and collected for quarters in which the add-on pursuant to section 6 of this act is paid.

(2) The authority may modify or make adjustments to any methodology, fee amount, or other provision specified in this chapter to the minimum extent necessary to meet the requirements of federal law or regulations or to obtain federal approval. If the authority, after consulting with ambulance transport providers, determines that a modification is needed, the authority shall execute a declaration stating that this determination has been made and that the actual or projected available fee amount for a state fiscal year remains approximately equal to the actual or projected aggregate fee schedule amount for each applicable state fiscal year, as defined by section 5(2)(c) of this act. The authority shall retain the declaration and provide a copy, within ten working days of the execution of the declaration, to the appropriate fiscal and policy committees of the legislature.

**NEW SECTION. Sec. 9.** If there is a delay in the implementation of this chapter for any reason, including a delay in any required approval of the quality assurance fee and reimbursement methodology specified by the federal centers for medicare and medicaid services, the following shall apply:

(1) An ambulance transport provider may be assessed the amount the provider would be required to pay to the authority if

the add-on increase to the fee-for-service payment schedule described in section 5(2)(c) of this act were already approved, but shall not be required to pay the fee until the add-on increase to the fee-for-service payment schedule described in section 6 of this act is approved. The authority shall establish a schedule for payment of retroactive fees pursuant to this subsection in consultation with ambulance transport providers to minimize the disruption to the cash flow of ambulance transport providers.

(2) The authority may retroactively implement the add-on increase to the fee-for-service payment schedule pursuant to section 6 of this act to the extent the authority determines that federal financial participation is available.

**NEW SECTION. Sec. 10.** (1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) The federal centers for medicare and medicaid services not determining that the quality assurance fee revenues may not be used for the purposes set forth in this chapter;

(b) The state not reducing its fee-for-service payment schedule for emergency ambulance transports provided by ambulance transport providers;

(c) The state not delegating responsibility to pay for emergency ambulance transports to a managed care organization, prepaid inpatient health plan, or prepaid ambulatory health plan, as those terms are defined in 42 C.F.R. Sec. 438.2;

(d) Federal financial participation being available and not otherwise jeopardized;

(e) The program not prohibiting, diminishing, or harming the ground emergency medical transportation services reimbursement program described in RCW 41.05.730; and

(f) Consistent with section 6(3) of this act, the state continuing its maintenance of effort for the level of state funding not derived from the quality assurance fee of emergency ambulance transports reimbursement for the 2021–22 rate year, and for each applicable rate year thereafter, in an amount not less than the amount that the state would have paid for the same number of emergency ambulance transports under the rate methodology that was in effect on July 1, 2019.

(2) This chapter ceases to be operative on the first day of the state fiscal year beginning on or after the date one or more of the following conditions is satisfied:

(a) The federal centers for medicare and medicaid services no longer allows the collection or use of the ambulance transport provider assessment provided in this chapter;

(b) The increase to the medicaid payments described in section 6 of this act no longer remains in effect;

(c) The quality assurance fee assessed and collected pursuant to this chapter is no longer available for the purposes specified in this chapter;

(d) A final judicial determination made by any state or federal court that is not appealed, or by a court of appellate jurisdiction that is not further appealed, in any action by any party, or a final determination by the administrator of the federal centers for medicare and medicaid services that is not appealed, that federal financial participation is not available with respect to any payment made under the methodology implemented pursuant to this chapter;

(e) The state reduces its fee-for-service payment schedule for emergency ambulance transports provided by ambulance transport providers;

(f) The state delegates responsibility to pay for emergency ambulance transports to a managed care organization, prepaid inpatient health plan, or prepaid ambulatory health plan, as those terms are defined in 42 C.F.R. Sec. 438.2; and

(g) The program not prohibiting, diminishing, or harming the ground emergency medical transportation services reimbursement program described in RCW 41.05.730.

(3) In the event one or more of the conditions listed in subsection (2) of this section is satisfied, the authority shall notify, in writing and as soon as practicable, the secretary of state, the secretary of the senate, the chief clerk of the house of representatives, the appropriate fiscal and policy committees of the legislature, and the code reviser's office of the condition and the approximate date or dates that it occurred. The authority shall post the notice on the authority's web site.

(4)(a) Notwithstanding any other law, in the event this chapter becomes inoperative pursuant to subsection (2) of this section, the authority shall be authorized to conduct all appropriate close-out activities and implement applicable provisions of this chapter for prior state fiscal years during which this chapter was operative including, but not limited to, the collection of outstanding quality assurance fees pursuant to section 5 of this act and payments associated with any add-on increase to the medicaid fee-for-service payment schedule pursuant to section 6 of this act. In implementing these close-out activities, the authority shall ensure that the actual or projected available fee amount for each applicable state fiscal year remains approximately equal to the aggregate fee schedule amount for the state fiscal year, as defined by section 5(2)(c) of this act. During this close-out period, the full amount of the quality assurance fee assessed and collected remains available only for the purposes specified in this chapter.

(b) Upon a determination by the authority that all appropriate close-out and implementation activities pursuant to (a) of this subsection have been completed, the authority shall notify, in writing, the secretary of state, the secretary of the senate, the chief clerk of the house of representatives, the appropriate fiscal and policy committees of the legislature, and the code reviser's office of that determination. This chapter shall expire as of the effective date of the notification issued by the authority pursuant to this subsection.

## REPORT OF THE CONFERENCE COMMITTEE

Engrossed Substitute Senate Bill No. 6280

March 12, 2020

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 6280, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that:

(1) Unconstrained use of facial recognition services by state and local government agencies poses broad social ramifications that should be considered and addressed. Accordingly, legislation is required to establish safeguards that will allow state and local government agencies to use facial recognition services in a manner that benefits society while prohibiting uses that threaten our democratic freedoms and put our civil liberties at risk.

(2) However, state and local government agencies may use facial recognition services to locate or identify missing persons, and identify deceased persons, including missing or murdered indigenous women, subjects of Amber alerts and silver alerts, and other possible crime victims, for the purposes of keeping the public safe.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accountability report" means a report developed in accordance with section 3 of this act.

(2) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition or persistent tracking of individuals. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(3)(a) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(4) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(5) "Identification" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches any individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(6) "Legislative authority" means the respective city, county, or other local governmental agency's council, commission, or other body in which legislative powers are vested. For a port district, the legislative authority refers to the port district's port commission. For an airport established pursuant to chapter 14.08 RCW and operated by a board, the legislative authority refers to the airport's board. For a state agency, "legislative authority" refers to the technology services board created in RCW 43.105.285.

(v) Data security measures applicable to the facial recognition service including how data collected using the facial recognition service will be securely stored and accessed, if and why an agency intends to share access to the facial recognition service or the data from that facial recognition service with any other entity, and the rules and procedures by which an agency sharing data with any other entity will ensure that such entities comply with the sharing agency's use and data management policy as part of the data sharing agreement;

(vi) How the facial recognition service provider intends to fulfill security breach notification requirements pursuant to chapter 19.255 RCW and how the agency intends to fulfill security breach notification requirements pursuant to RCW 42.56.590; and

An agency must take reasonable steps to ensure best quality results by following all guidance provided by the developer of the facial recognition service.

**NEW SECTION. Sec. 6.** (1)(a) A state or local government agency that deploys a facial recognition service must require a facial recognition service provider to make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics such as: (i) Race, skin tone, ethnicity, gender, age, or disability status; or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of the independent testing identify material unfair performance differences across subpopulations, the provider must develop and implement a plan to mitigate the identified performance differences within ninety days of receipt of such results. For purposes of mitigating the identified performance differences, the methodology and data used in the independent testing must be disclosed to the provider in a manner that allows full reproduction.

(b) Making an application programming interface or other technical capability does not require providers to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Providers bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.
