WHEREAS, Nikki was not only admired for her great compassion, but also her great strength and bravery, especially in the face of extreme adversity such as when she was the victim of a hateful targeted assault in 2018, in which she survived six gunshot wounds; and

WHEREAS, In June of 2019, Nikki's life was suddenly taken when she was brutally murdered in a violent incident believed to be linked to the disclosure of her gender identity;

Concerning commercial property assessed clean energy and resilience.

The measure was read the second time.

#### MOTION

Senator Lovelett moved that the following committee striking amendment by the Committee on Environment, Energy & Technology be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that the efficiency and resiliency of buildings in Washington is essential for ensuring the health and safety of residents, employees, and

2020 REGULAR SESSION

tenants; for using water and energy more efficiently; and for economic development of our communities. Buildings in Washington have significant needs for resiliency retrofits, including seismic improvements, stormwater management, flood mitigation, wildfire and wind resistance, and for clean energy and energy efficiency improvements, but these improvements often have high up-front capital costs.

(2) This chapter authorizes the establishment of a commercial property assessed clean energy and resiliency ("C-PACER") program that jurisdictions can voluntarily implement to ensure that free and willing owners of agricultural, commercial, and industrial properties and of multifamily residential properties with five or more dwelling units can obtain low-cost, long-term financing for qualifying improvements, including energy efficiency, water conservation, renewable energy, and resiliency projects. These improvements are repaid by a voluntary assessment on the property, secured by a county lien, and assigned to a capital provider for all the administrative aspects of billing, collecting, and enforcing the lien and without the accumulation of cost to the county and without the creation of a personal debt obligation to the property owner. The obligation is instead carried by the property and remains with the property until repaid, regardless of any potential transfer of property ownership. After the adoption of a C-PACER program, a county's role is limited to the approval of an assessment and recordation of a C-PACER lien, and administration of the C-PACER program which may be contracted out to a private third party.

(3) The legislature declares that the establishment and operation of a C-PACER program under this chapter serves important public health and safety interests. A qualified improvement as defined in section 2 of this act provides benefit to the public, either in the form of energy or water resource conservation, reduced public health risk, or reduced public emergency response risk. Accordingly, the governing body of a county is authorized to determine that it is convenient and advantageous to adopt a program under this chapter.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assessment" means the voluntary agreement of a property owner to allow a county to place an annual assessment on their property to repay C-PACER financing.

(2) "Capital provider" means any private entity, their designee, successor, and assigns that makes or funds C-PACER financing under this chapter.

(3) "C-PACER financing" means an investment from a capital provider to a property owner to finance or refinance a qualified project as described under this chapter.

(4) "C-PACER lien" means the lien recorded at the county on the eligible property to secure the voluntary annual assessment, which remains on the property until paid in full.

(5) "Eligible property" means privately owned commercial, industrial, or agricultural real property or multifamily residential real property with five or more dwelling units. Eligible property may be owned by any type of business, corporation, individual, or nonprofit organization permitted by state law.

(6) "Financing agreement" means the contract under which a property owner agrees to repay a capital provider for the C-PACER financing including, but not limited to, details of any finance charges, fees, debt servicing, accrual of interest and penalties, and any terms relating to treatment of prepayment and partial payment of the C-PACER financing.

~~((8))~~ (9) "Employment benefits" means all benefits provided or made available to employees by an employer, including group life insurance, health insurance, disability insurance, sick leave, annual leave, educational benefits, and pensions.

~~((9))~~ (10) "Family leave" means any leave taken by an employee from work:

(a) To participate in providing care, including physical or psychological care, for a family member of the employee made necessary by a serious health condition of the family member;

(b) To bond with the employee's child during the first twelve months after the child's birth, or the first twelve months after the placement of a child under the age of eighteen with the employee; or

(c) Because of any qualifying exigency as permitted under the federal family and medical leave act, 29 U.S.C. Sec. 2612(a)(1)(E) and 29 C.F.R. Sec. 825.126(b)(1) through ~~((9))~~ (11), as they existed on October 19, 2017, for family members as defined in subsection ~~((10))~~ (11) of this section.

~~((10))~~ (11) "Family member" means a child, grandchild, grandparent, parent, sibling, or spouse of an employee.

~~((11))~~ (12) "Grandchild" means a child of the employee's child.

~~((12))~~ (13) "Grandparent" means a parent of the employee's parent.

~~((13))~~ (14) "Health care provider" means: (a) A person licensed as a physician under chapter 18.71 RCW or an osteopathic physician and surgeon under chapter 18.57 RCW; (b) a person licensed as an advanced registered nurse practitioner under chapter 18.79 RCW; or (c) any other person determined by the commissioner to be capable of providing health care services.

~~((14))~~ (15) "Medical leave" means any leave taken by an employee from work made necessary by the employee's own serious health condition.

~~((15))~~ (16) "Paid time off" includes vacation leave, personal leave, medical leave, sick leave, compensatory leave, or any other paid leave offered by an employer under the employer's established policy.

(17) "Parent" means the biological, adoptive, de facto, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse, or an individual who stood in loco parentis to an employee when the employee was a child.

~~((16))~~ (18) "Period of incapacity" means an inability to work, attend school, or perform other regular daily activities because of a serious health condition, treatment of that condition or recovery from it, or subsequent treatment in connection with such inpatient care.

~~((17))~~ (19) "Premium" or "premiums" means the payments required by RCW 50A.10.030 and paid to the department for deposit in the family and medical leave insurance account under RCW 50A.05.070.

~~((18))~~ (20) "Qualifying period" means the first four of the last five completed calendar quarters or, if eligibility is not established, the last four completed calendar quarters immediately preceding the application for leave.

~~((19))~~ (21)(a) "Remuneration" means all compensation paid for personal services including commissions and bonuses and the cash value of all compensation paid in any medium other than cash.

(b) Previously accrued compensation, other than severance pay or payments received pursuant to plant closure agreements, when assigned to a specific period of time by virtue of a collective bargaining agreement, individual employment contract, customary trade practice, or request of the individual compensated, is considered remuneration for the period to which it is assigned. Assignment clearly occurs when the compensation serves to make the individual eligible for all regular fringe benefits for the period to which the compensation is assigned.

(c) Remuneration also includes settlements or other proceeds received by an individual as a result of a negotiated settlement for termination of an individual written employment contract prior to its expiration date. The proceeds are deemed assigned in the same

intervals and in the same amount for each interval as compensation was allocated under the contract.

(d) Remuneration does not include:

(i) The payment of tips;

(ii) Supplemental benefit payments made by an employer to an employee in addition to any paid family or medical leave benefits received by the employee; or

(iii) Payments to members of the armed forces of the United States, including the organized militia of the state of Washington, for the performance of duty for periods not exceeding seventy-two hours at a time.

~~((20))~~ (22)(a) "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:

(i) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

(ii) Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

(A) A period of incapacity of more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

(I) Treatment two or more times, within thirty days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services, such as a physical therapist, under orders of, or on referral by, a health care provider; or

(II) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider;

(B) Any period of incapacity due to pregnancy, or for prenatal care;

(C) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:

(I) Requires periodic visits, defined as at least twice a year, for treatment by a health care provider, or by a nurse under direct supervision of a health care provider;

(II) Continues over an extended period of time, including recurring episodes of a single underlying condition; and

(III) May cause episodic rather than a continuing period of incapacity, including asthma, diabetes, and epilepsy;

(D) A period of incapacity which is permanent or long term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider, including Alzheimer's, a severe stroke, or the terminal stages of a disease; or

(E) Any period of absence to receive multiple treatments, including any period of recovery from the treatments, by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for: (I) Restorative surgery after an accident or other injury; or (II) a condition that would likely result in a period of incapacity of more than three consecutive, full calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, or kidney disease.

(b) The requirement in (a)(i) and (ii) of this subsection for treatment by a health care provider means an in-person visit to a health care provider. The first, or only, in-person treatment visit must take place within seven days of the first day of incapacity.

(c) Whether additional treatment visits or a regimen of continuing treatment is necessary within the thirty-day period shall be determined by the health care provider.

(d) The term extenuating circumstances in (a)(ii)(A)(I) of this subsection means circumstances beyond the employee's control

that prevent the follow-up visit from occurring as planned by the health care provider. Whether a given set of circumstances are extenuating depends on the facts. For example, extenuating circumstances exist if a health care provider determines that a second in-person visit is needed within the thirty-day period, but the health care provider does not have any available appointments during that time period.

(e) Treatment for purposes of (a) of this subsection includes, but is not limited to, examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations. Under (a)(ii)(A)(II) of this subsection, a regimen of continuing treatment includes, but is not limited to, a course of prescription medication, such as an antibiotic, or therapy requiring special equipment to resolve or alleviate the health condition, such as oxygen. A regimen of continuing treatment that includes taking over-the-counter medications, such as aspirin, antihistamines, or salves, or bed rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of this title.

(f) Conditions for which cosmetic treatments are administered, such as most treatments for acne or plastic surgery, are not serious health conditions unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, and periodontal disease are examples of conditions that are not serious health conditions and do not qualify for leave under this title. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this section are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.

(g)(i) Substance abuse may be a serious health condition if the conditions of this section are met. However, leave may only be taken for treatment for substance abuse by a health care provider or by a licensed substance abuse treatment provider. Absence because of the employee's use of the substance, rather than for treatment, does not qualify for leave under this title.

(ii) Treatment for substance abuse does not prevent an employer from taking employment action against an employee. The employer may not take action against the employee because the employee has exercised his or her right to take medical leave for treatment. However, if the employer has an established policy, applied in a nondiscriminatory manner that has been communicated to all employees, that provides under certain circumstances an employee may be terminated for substance abuse, pursuant to that policy the employee may be terminated whether or not the employee is presently taking medical leave. An employee may also take family leave to care for a covered family member who is receiving treatment for substance abuse. The employer may not take action against an employee who is providing care for a covered family member receiving treatment for substance abuse.

(h) Absences attributable to incapacity under (a)(ii)(B) or (C) of this subsection qualify for leave under this title even though the employee or the family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three consecutive, full calendar days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee

who is pregnant may be unable to report to work because of severe morning sickness.

~~((22))~~ (24) "Spouse" means a husband or wife, as the case may be, or state registered domestic partner.

~~((23))~~ (25) "State average weekly wage" means the most recent average weekly wage calculated under RCW 50.04.355 and available on January 1st of each year.

~~((24))~~ (26) "Supplemental benefit payments" means payments made by an employer to an employee as salary continuation or as paid time off. Such payments must be in addition to any paid family or medical leave benefits the employee is receiving.

(27) "Typical workweek hours" means:

(a) For an hourly employee, the average number of hours worked per week by an employee ~~((since the beginning of))~~ within the qualifying period; and

(b) Forty hours for a salaried employee, regardless of the number of hours the salaried employee typically works.

~~((25))~~ (28) "Wage" or "wages" means:

(a) For the purpose of premium assessment, the remuneration paid by an employer to an employee. The maximum wages subject to a premium assessment are those wages as set by the commissioner under RCW 50A.10.030;

(b) For the purpose of payment of benefits, the remuneration paid by one or more employers to an employee for employment during the employee's qualifying period. At the request of an employee, wages may be calculated on the basis of remuneration payable. The department shall notify each employee that wages are calculated on the basis of remuneration paid, but at the employee's request a redetermination may be performed and based on remuneration payable; and

(c) For the purpose of a self-employed person electing coverage under RCW 50A.10.010, the meaning is defined by rule.

**Sec. 2.** RCW 50A.10.010 and 2019 c 13 s 19 are each amended to read as follows:

(1) For benefits payable beginning January 1, 2020, any self-employed person, including a sole proprietor, independent contractor, partner, or joint venturer, may elect coverage under this title for an initial period of not less than three years and subsequent periods of not less than one year immediately following a period of coverage. Those electing coverage under this section must elect coverage for both family leave and medical leave and are responsible for payment of one hundred percent of all premiums assessed to an employee under RCW 50A.10.030. The self-employed person must file a notice of election in writing with the department, in a manner as required by the department in rule. The self-employed person is eligible for family and medical leave benefits after working eight hundred twenty hours in the state during the qualifying period following the date of filing the notice.

(2) A self-employed person who has elected coverage may withdraw from coverage within thirty days after the end of each period of coverage, or at such other times as the commissioner may adopt by rule, by filing a notice of withdrawal in writing with the commissioner, such withdrawal to take effect not sooner than thirty days after filing the notice with the commissioner.

(3) The department may cancel elective coverage if the self-employed person fails to make required payments or file reports. The department may collect due and unpaid premiums and may levy an additional premium for the remainder of the period of coverage. The cancellation shall be effective no later than thirty days from the date of the notice in writing advising the self-employed person of the cancellation.

(4) Those electing coverage are considered employers or employees where the context so dictates.

(5) For the purposes of this section, "independent contractor" means an individual excluded from employment under RCW 50A.05.010~~((7))~~ (8)(b) ~~((ii) and)~~ (iii) and (iv).

(6) In developing and implementing the requirements of this section, the department shall adopt government efficiencies to improve administration and reduce costs. These efficiencies may include, but are not limited to, requiring that payments be made in a manner and at intervals unique to the elective coverage program.

(7) The department shall adopt rules for determining the hours worked and the wages of individuals who elect coverage under this section and rules for enforcement of this section.

**Sec. 3.** RCW 50A.10.040 and 2019 c 13 s 22 are each amended to read as follows:

(1) An employer may file an application with the department for a conditional waiver for the payment of family and medical leave premiums, assessed under RCW 50A.10.030, for any employee who ~~((is))~~:

(a) ~~((Physically based))~~ Primarily performs work outside of the state;

(b) Is employed in the state on a limited or temporary work schedule; and

(c) Is not expected to be employed in the state for eight hundred twenty hours or more in a ~~((qualifying))~~ period of four consecutive completed calendar quarters.

(2) ~~((The department must approve an application that has been signed by))~~ Both the employee and employer must sign the application verifying their belief that the conditions in ~~((this))~~ subsection (1) of this section will be met ~~((during the qualifying period))~~.

(3) If the ~~((employee exceeds the eight hundred twenty hours or more in a period of four consecutive complete calendar quarters))~~ department finds any of the conditions in subsection (1) of this section are no longer satisfied, or were not satisfied at any point after a conditional waiver was approved and is in effect, the department will consider the conditional waiver ((expires)) expired and the employer and employee will be responsible for their shares of all premiums that would have been paid during this period had the waiver not been granted. Upon payment of the missed premiums, the employee will be credited for the hours worked and will be eligible for benefits under this title as if the premiums were originally paid.

**Sec. 4.** RCW 50A.15.020 and 2019 c 13 s 3 are each amended to read as follows:

(1)~~((a))~~ Beginning January 1, 2020, family and medical leave are available and benefits are payable to a qualified employee under this section.

(a) Following a waiting period consisting of the first seven consecutive calendar days, benefits are payable when family or medical leave is required. However, no waiting period is required for leave for the birth or placement of a child, or for leave because of any qualifying exigency as defined under RCW 50A.05.010(10)(c). The waiting period begins the previous Sunday of the week when an otherwise eligible employee takes leave for the minimum claim duration under subsection (2)(c) of this section. Eligible employees may satisfy the waiting period requirement while simultaneously receiving paid time off for any part of the waiting period.

(b) Benefits may continue during the continuance of the need for family ~~((and))~~ or medical leave, subject to the maximum and minimum weekly benefits, duration, and other conditions and limitations established in this title. ~~((Successive periods of family and medical leave caused by the same or related injury or sickness~~

are deemed a single period of family and medical leave only if separated by less than four months.)

(2) The weekly benefit shall be prorated by the percentage of hours on leave compared to the number of hours provided as the typical workweek hours as defined in RCW 50A.05.010.

(a) The benefits in this section, if not a multiple of one dollar, shall be reduced to the next lower multiple of one dollar.

(b) Hours on leave claimed for benefits under this title, if not a multiple of one hour, shall be reduced to the next lower multiple of one hour.

(c) The minimum claim duration payment is for eight consecutive hours of leave.

(3)(a) The maximum duration of paid family leave may not exceed twelve times the typical workweek hours during a period of fifty-two consecutive calendar weeks.

(b) The maximum duration of paid medical leave may not exceed twelve times the typical workweek hours during a period of fifty-two consecutive calendar weeks. This leave may be extended an additional two times the typical workweek hours if the employee experiences a serious health condition with a pregnancy that results in incapacity.

(c) An employee is not entitled to paid family and medical leave benefits under this title that exceeds a combined total of sixteen times the typical workweek hours. The combined total of family and medical leave may be extended to eighteen times the typical workweek hours if the employee experiences a serious health condition with a pregnancy that results in incapacity.

(4) The weekly benefit for family and medical leave shall be determined as follows: If the employee's average weekly wage is:

(a) Equal to or less than one-half of the state average weekly wage, then the benefit amount is equal to ninety percent of the employee's average weekly wage; or (b) greater than one-half of the state average weekly wage, then the benefit amount is the sum of: (i) Ninety percent of one-half of the state average weekly wage; and (ii) fifty percent of the difference of the employee's average weekly wage and one-half of the state average weekly wage.

(5)(a) The maximum weekly benefit for family and medical leave that occurs on or after January 1, 2020, shall be one thousand dollars. By September 30, 2020, and by each subsequent September 30th, the commissioner shall adjust the maximum weekly benefit amount to ninety percent of the state average weekly wage. The adjusted maximum weekly benefit amount takes effect on the following January 1st.

(b) The minimum weekly benefit shall not be less than one hundred dollars per week except that if the employee's average weekly wage at the time of family ~~(and)~~ or medical leave is less than one hundred dollars per week, the weekly benefit shall be the employee's full wage.

**Sec. 5.** RCW 50A.15.060 and 2019 c 13 s 8 are each amended to read as follows:

(1) An employee is not entitled to paid family or medical leave benefits under this title:

(a) For any absence occasioned by the willful intention of the employee to bring about injury to or the sickness of the employee or another, or resulting from any injury or sickness sustained in the perpetration by the employee of an illegal act;

(b) For any family or medical leave commencing before the employee becomes qualified for benefits under this title;

(c) For an employee who is on suspension from his or her employment; or

(d) For any period of time during which an employee works for remuneration or profit.

(2) An employer may offer supplemental benefit payments to an employee on family or medical leave in addition to any paid family or medical leave benefits the employee is receiving.

~~((Supplemental benefit payments include, but are not limited to, vacation, sick, or other paid time off.))~~

(a) Supplemental benefit payments are not considered remuneration under RCW 50A.05.010(21) and the department will not prorate or reduce an employee's weekly benefit amount due to the receipt of supplemental benefit payments.

(b) The choice to receive supplemental benefit payments lies with the employee. Nothing in this section shall be construed as requiring an employee to receive or an employer to provide supplemental benefit payments.

(3) An individual is disqualified for benefits for any week he or she has knowingly and willfully made a false statement or representation involving a material fact or knowingly and willfully failed to report a material fact and, as a result, has obtained or attempted to obtain any benefits under the provisions of this title. An individual disqualified for benefits under this subsection (3) for the:

(a) First time is disqualified for an additional twenty-six weeks beginning with the Sunday of the week in which the determination is mailed or delivered, and is subject to an additional penalty of fifteen percent of the amount of benefits overpaid or deemed overpaid;

(b) Second time is also disqualified for an additional fifty-two weeks beginning with the Sunday of the week in which the determination is mailed or delivered, and is subject to an additional penalty of twenty-five percent of the amount of benefits overpaid or deemed overpaid;

(c) Third time and any time thereafter is also disqualified for an additional one hundred four weeks beginning with the Sunday of the week in which the determination is mailed or delivered, and is subject to an additional penalty of fifty percent of the amount of benefits overpaid or deemed overpaid.

(4) All penalties collected under this section must be deposited in the family and medical leave enforcement account created under RCW 50A.05.080.

(3) Consistent with ~~((RCW 50A.15.040(1)(e)))~~ chapter 50A.25 RCW, the department may verify child support obligations with the department of social and health services.

**Sec. 7.** RCW 50A.15.100 and 2019 c 13 s 38 are each amended to read as follows:

- (c) RCW 51.32.090; or
- (d) Any other applicable federal ((~~or state~~)) unemployment compensation, industrial insurance, or disability insurance laws((~~the employee is disqualified from receiving family or medical leave benefits under this title~~)).

**Sec. 8.** RCW 50A.25.070 and 2019 c 13 s 76 are each amended to read as follows:

(1) The department may enter into data-sharing contracts and may disclose records and information deemed confidential to state or local government agencies under this chapter only if permitted under subsection (2) of this section and RCW 50A.25.090. A state or local government agency must need the records or information for an official purpose and must also provide:

**Sec. 9.** RCW 50A.30.010 and 2019 c 13 s 56 are each amended to read as follows:

(1) An employer may apply to the commissioner for approval of a voluntary plan for the payment of either family leave benefits or medical leave benefits, or both. The application must be submitted on a form and in the manner as prescribed by the commissioner in rule. The fee for the department's review of each application for approval of a voluntary plan is two hundred fifty dollars.

(2) The benefits payable as indemnification for loss of wages under any voluntary plan must be separately stated and designated separately and distinctly in the plan from other benefits, if any.

(3) Neither an employee nor his or her employer are liable for any premiums for benefits covered by an approved voluntary plan.

(4) An employee may only receive payment of benefits for family leave, medical leave, or both from one approved plan at a time. An employee who qualifies for benefits and is simultaneously covered by more than one plan under this title will receive benefits under the plan for which the employee has worked the most hours during the employee's qualifying period. The commissioner must adopt rules to allow benefits or prevent duplication of benefits to employees simultaneously covered by one or more approved voluntary plans and the state program.

(5) The commissioner must approve any voluntary plan as to which the commissioner finds that there is at least one employee in employment and all of the following exist:

The employer must offer at least one-half of the length of leave as provided in RCW 50A.15.020(3) with pay and provide a monetary payment in an amount equal to or higher than the total amount of monetary benefits the employee would be entitled to receive as part of the state-run program. The employer may offer the same duration of leave and monetary benefits as offered under the state program.

(b) The sick leave an employee is entitled to under RCW 49.46.210 is in addition to the employer's provided benefits and is in addition to any family ~~((and))~~ or medical leave benefits.

(c) The plan is available to all of the eligible employees of the employer employed in this state, including future employees.

(d) The employer has agreed to make ~~((the))~~ all required payroll deductions ((required, if any, and transmit the proceeds to the department for any portions not collected for the voluntary plan)), including that:

(i) In the case of plan termination or withdrawal, the employer must remit to the department all required moneys under RCW 50A.30.045 and 50A.30.065(3); and

(ii) If the employer has an approved voluntary plan for either medical leave or family leave but not both, the employer is still obligated to remit to the department premiums owed to the state plan for the portions not covered by the employer's approved voluntary plan.

(e) The plan will be in effect for a period of not less than one year and, thereafter, continuously unless the commissioner finds that the employer has given notice of withdrawal from the plan in a manner specified by the commissioner in rule. The plan may be withdrawn by the employer on the date of any law increasing the benefit amounts or the date of any change in the rate of employee premiums, if notice of the withdrawal from the plan is transmitted to the commissioner not less than thirty days prior to the date of that law or change. If the plan is not withdrawn, it must be amended to conform to provide the increased benefit amount or change in the rate of the employee's premium on the date of the increase or change.

(f) The amount of payroll deductions from the wages of an employee in effect for any voluntary plan may not exceed the maximum payroll deduction for that employee as authorized under RCW 50A.10.030. The deductions may not be increased on other than an anniversary of the effective date of the plan, except to the extent that any increase in the deductions from the wages of an employee do not exceed the maximum rate authorized under the state program.

(g) The voluntary plan provides that an employee of an employer with a voluntary plan for either family leave or medical leave, or both, is eligible for the plan benefits if the employee meets the requirements of RCW 50A.15.010 and has worked at least three hundred forty hours for the employer during the twelve months immediately preceding the date leave will commence.

(h) The voluntary plan provides that an employee of an employer with a voluntary plan for either family leave or medical leave, or both, who takes leave under the voluntary plan is entitled to the employment protection provisions contained in RCW 50A.35.010 if the employee has worked for the employer for at least nine months and nine hundred sixty-five hours during the twelve months immediately preceding the date leave will commence.

(i) The voluntary plan provides that the employer maintains the employee's existing health benefits as provided under RCW 50A.35.020.

(6)(a) The department must conduct a review of the expenses incurred in association with the administration of the voluntary plans during the first three years after implementation and report its findings to the legislature.

(b) The review must include an analysis of the adequacy of the fee in subsection (1) of this section to cover the department's administrative expenses related to reviewing and approving or denying the applications and administering appeals related to voluntary plans. The review must include an estimate of the next year's projected administrative costs related to the voluntary plans. The legislature shall adjust the fee in subsection (1) of this section as needed to ensure the department's administrative expenses related to the voluntary plans are covered by the fee.

(c) If the current receipts from the fee in subsection (1) of this section are inadequate to cover the department's administrative expenses related to the voluntary plans, the department may use funds from the family and medical leave insurance account under RCW 50A.05.070 to pay for these expenses.

**Sec. 15.** RCW 26.23.060 and 2019 c 13 s 66 are each amended to read as follows:

(1) The division of child support may issue a notice of payroll deduction:

(a) As authorized by a support order that contains a notice clearly stating that child support may be collected by withholding from earnings, wages, or benefits without further notice to the obligated parent; or

(b) After service of a notice containing an income-withholding provision under this chapter or chapter 74.20A RCW.

(2) The division of child support shall serve a notice of payroll deduction upon a responsible parent's employer or upon the employment security department for the state in possession of or owing any benefits from the unemployment compensation fund to the responsible parent pursuant to Title 50 RCW or from the paid family and medical leave program under Title 50A RCW:

(a) In the manner prescribed for the service of a summons in a civil action;

(b) By certified mail, return receipt requested;

(d) By regular mail to a responsible parent's employer unless the division of child support reasonably believes that service of process in the manner prescribed in (a) or (b) of this subsection is required for initiating an action to ensure employer compliance with the withholding requirement.

(3) Service of a notice of payroll deduction upon an employer or employment security department requires the employer or employment security department to immediately make a mandatory payroll deduction from the responsible parent's unpaid disposable earnings or ~~((unemployment compensation))~~ benefits paid by the employment security department. The employer or employment security department shall thereafter deduct each pay period the amount stated in the notice divided by the number of pay periods per month. The payroll deduction each pay period shall not exceed fifty percent of the responsible parent's disposable earnings.

(4) A notice of payroll deduction for support shall have priority over any wage assignment, garnishment, attachment, or other legal process.

(5) The notice of payroll deduction shall be in writing and include:

(a) The name and social security number of the responsible parent;

(b) The amount to be deducted from the responsible parent's disposable earnings each month, or alternate amounts and

frequencies as may be necessary to facilitate processing of the payroll deduction;

(c) A statement that the total amount withheld shall not exceed fifty percent of the responsible parent's disposable earnings;

(d) The address to which the payments are to be mailed or delivered; and

(e) A notice to the responsible parent warning the responsible parent that, despite the payroll deduction, the responsible parent's privileges to obtain and maintain a license, as defined in RCW 74.20A.320, may not be renewed, or may be suspended if the parent is not in compliance with a support order as defined in RCW 74.20A.320.

(6) An informational copy of the notice of payroll deduction shall be mailed to the last known address of the responsible parent by regular mail.

(7) An employer or employment security department that receives a notice of payroll deduction shall make immediate deductions from the responsible parent's unpaid disposable earnings and remit proper amounts to the Washington state support registry within seven working days of the date the earnings are payable to the responsible parent.

(8) An employer, or the employment security department, upon whom a notice of payroll deduction is served, shall make an answer to the division of child support within twenty days after the date of service. The answer shall confirm compliance and institution of the payroll deduction or explain the circumstances if no payroll deduction is in effect. The answer shall also state whether the responsible parent is employed by or receives earnings from the employer or receives ~~((unemployment compensation benefits))~~ benefit payments from the employment security department, whether the employer or employment security department anticipates paying earnings or ~~((unemployment compensation))~~ benefits and the amount of earnings or benefit payments. If the responsible parent is no longer employed, or receiving earnings from the employer, the answer shall state the present employer's name and address, if known. If the responsible parent is no longer receiving ~~((unemployment compensation benefits))~~ benefit payments from the employment security department, the answer shall state the present employer's name and address, if known.

The returned answer or a payment remitted to the division of child support by the employer constitutes proof of service of the notice of payroll deduction in the case where the notice was served by regular mail.

(9) The employer may deduct a processing fee from the remainder of the responsible parent's earnings after withholding under the notice of payroll deduction, even if the remainder is exempt under RCW 26.18.090. The processing fee may not exceed: (a) Ten dollars for the first disbursement made to the Washington state support registry; and (b) one dollar for each subsequent disbursement to the registry.

(10) The notice of payroll deduction shall remain in effect until released by the division of child support, the court enters an order terminating the notice and approving an alternate arrangement under RCW 26.23.050, or until the employer no longer employs the responsible parent and is no longer in possession of or owing any earnings to the responsible parent. The employer shall promptly notify the office of support enforcement when the employer no longer employs the parent subject to the notice. For the employment security department, the notice of payroll deduction shall remain in effect until released by the division of child support or until the court enters an order terminating the notice.

(11) The division of child support may use uniform interstate withholding forms adopted by the United States department of

health and human services to take withholding actions under this section whether the responsible parent is receiving earnings or unemployment compensation in this state or in another state.

**NEW SECTION. Sec. 16.** A new section is added to chapter 50A.40 RCW to read as follows:

(4) A private right of action is only available to an employee who either has not filed a complaint with the department, has withdrawn a filed complaint under subsection (5) of this section, or has resolved a complaint under subsection (6) of this section.

(5) An employee who has filed a complaint with the department under RCW 50A.40.020 may elect to withdraw the complaint by providing written notice to the department within ten business days after filing the complaint with the department. Withdrawing a complaint terminates the department's administrative action.

(6) A complaint may be resolved upon agreement by all parties. Resolution of a complaint must be communicated to the department prior to the department's issuance of a determination. Resolution of a complaint terminates the department's administrative action.

(7) In the event the department's administrative action is terminated under subsection (5) or (6) of this section:

~~((A public utility district is inactive when it is characterized by both criteria (a) and (b) of this subsection.))~~

**Sec. 3.** RCW 36.96.030 and 1979 ex.s. c 5 s 3 are each amended to read as follows:

(1) Upon receipt of notice from the county auditor as provided in RCW 36.96.020, the county legislative authority within whose boundaries all or the greatest portion of such special purpose district lies shall hold one or more public hearings on or before September 1st of the same year to determine whether or not such special purpose district or districts meet ~~((either))~~ any of the criteria for being "inactive" as provided in RCW 36.96.010 ~~((= PROVIDED, That if such a special purpose district is a public utility district, the county legislative authority shall determine whether or not the public utility district meets both criteria of being "inactive" as provided in RCW 36.96.010)).~~ In addition, at any time a county legislative authority may hold hearings on the dissolution of any special purpose district that appears to meet the criteria of being "inactive" and dissolve such a district pursuant to the proceedings provided for in RCW 36.96.030 through 36.96.080.

(2) Notice of such public hearings shall be given by publication at least once each week for not less than three successive weeks in a newspaper that is in general circulation within the boundaries of the special purpose district or districts. Notice of such hearings shall also be mailed to each member of the governing authority of such special purpose districts, if such members are known, and to all persons known to have claims against any of the special purpose districts. Notice of such public hearings shall be posted in at least three conspicuous places within the boundaries of each special purpose district that is a subject of such hearings. Whenever a county legislative authority that is conducting such a public hearing on the dissolution of one or more of a particular kind of special purpose district is aware of the existence of an association of such special purpose districts, it shall also mail notice of the hearing to the association. In addition, whenever a special purpose district that lies in more than one county is a subject of such a public hearing, notice shall also be mailed to the legislative authorities of all other counties within whose boundaries the special purpose district lies. All notices shall state the purpose, time, and place of such hearings, and that all interested persons may appear and be heard.

**Sec. 4.** RCW 36.96.070 and 2001 c 299 s 13 are each amended to read as follows:

Any moneys or funds of the dissolved special purpose district and any moneys or funds received by the board of trustees from the sale or other disposition of any property of the dissolved special purpose district shall be used, to the extent necessary, for the payment or settlement of any outstanding obligations of the dissolved special purpose district. Any remaining moneys or funds shall be used to pay the county legislative authority for all costs and expenses incurred in the dissolution and liquidation of the dissolved special purpose district. Thereafter, any remaining moneys, funds, or property shall become that of the county in which the dissolved special purpose district was located. However, if the territory of the dissolved special purpose district was located within more than one county, the remaining moneys, funds, and personal property shall be apportioned and distributed to each county in the proportion that the geographical area of the dissolved special purpose district within the county bears to the total geographical area of the dissolved special purpose district, and any remaining real property or improvements to real property shall be transferred to the county within whose boundaries it lies. A county to which real property or improvements to real property are transferred under this section may, but does not have an

obligation to, use the property or improvements for the purposes for which the dissolved special purpose district used the property or improvements and the county does not assume the obligations or liabilities of the dissolved special purpose district as a result of the transfer unless the county expressly assumes such obligations or liabilities through the adoption of a resolution.

NEW SECTION. Sec. 5. A new section is added to chapter 36.96 RCW to read as follows:

A county that dissolves a special purpose district under this chapter may impose a separate regular property tax levy or a special assessment as provided in section 6 of this act if that county assumes responsibility of the services previously provided by the special purpose district.

NEW SECTION. Sec. 6. A new section is added to chapter 84.55 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, if a county dissolves a special purpose district under chapter 36.96 RCW, the county may impose a separate property tax levy or special assessment on the property lying within the former boundaries of the dissolved special purpose district beginning in the first calendar year following dissolution if:

(a) The county assumes responsibility of the services previously provided by the special purpose district; and

(b) The property tax levy or special assessment does not exceed any legally authorized property tax levy rate or special assessment for the dissolved special purpose district.

(2) If a county discontinues providing the services of a dissolved special purpose district for which the county imposed a separate property tax levy or special assessment as provided in subsection (1) of this section, the county must cease imposing that property tax levy or special assessment beginning in the first calendar year after the discontinuation of the provision of services by the county.

(3) For purposes of RCW 84.52.010 and 84.52.043, a property tax levy authorized by a county under this section is subject to the same provisions as the county's general property tax levy.

(4) The limitation in RCW 84.55.010 does not apply to the first property tax levy imposed under this section.

(5) For purposes of this section, "special assessment" means any special assessment, benefit assessment, or rates and charges imposed by a special purpose district."

Concerning drought preparedness and response.

The measure was read the second time.

MOTION

Senator Van De Wege moved that the following committee striking amendment by the Committee on Agriculture, Water, Natural Resources & Parks be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 43.83B RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Drought condition" means that the water supply for a geographic area, or for a significant portion of a geographic area, is below seventy-five percent of normal and the water shortage is likely to create undue hardships for water users or the environment.

(3) "Normal" water supply, for the purpose of determining drought conditions, means the median amount of water available to a geographical area, relative to the most recent thirty-year base period used to define climate normals.

**Sec. 2.** RCW 43.83B.400 and 1989 c 171 s 1 are each amended to read as follows:

~~((It is the intent of))~~ The legislature ((to provide emergency powers to the department of ecology to enable it to take actions, in a timely and expeditious manner, that are designed to alleviate hardships and reduce burdens on various water users and users arising from drought conditions. As used in this chapter, "drought condition" means that the water supply for a geographical area or for a significant portion of a geographical area is below seventy-five percent of normal and the water shortage is likely to create undue hardships for various water uses and users.)) recognizes that drought and water shortages can place a significant hardship on Washington communities, farms, and the natural environment. Rising temperatures due to climate change may cause water supply shortages to be more frequent and severe in the future. Therefore, the ability to respond to drought and water shortage emergencies is critical to the long-term prosperity of our state. It is the intent of the legislature to provide the department with the authority to effectively and efficiently take actions when a drought emergency occurs to alleviate hardship on water users and our natural environment.

The legislature also recognizes that effective emergency drought response is predicated on building resiliency and preparedness before water shortages occur. Therefore, it is also the intent of the legislature that the department assist water users by supporting measures to strengthen the resiliency and preparedness of water users to drought conditions in the long term.

**Sec. 3.** RCW 43.83B.405 and 1989 c 171 s 2 are each amended to read as follows:

(1) Whenever it appears to the department, based on the definitions of drought condition and normal water supply set forth in section 1 of this act, that drought conditions may develop, the department may issue a drought advisory. The drought advisory should seek to increase the awareness and readiness of affected water users and may recommend voluntary actions to alleviate drought impacts.

(2)(a) Whenever it appears to the department ((of ecology)), based on the definitions of drought condition and normal water supply set forth in section 1 of this act, that a drought condition either exists or is forecast to occur within the state or portions thereof, the department ((of ecology)) is authorized to issue orders of drought emergency, pursuant to adopted rules ((previously adopted)), to implement the powers as set forth in RCW 43.83B.410 through 43.83B.420. ((The department shall, immediately upon the issuance of an order under this section, cause said order to be published in newspapers of general circulation in the areas of the state to which the order relates.))

(b) Prior to the issuance of an order of drought emergency, the department shall ((a)):

(i) Consult with ((and obtain the views of)) the federal and state government entities identified in the drought contingency plan periodically revised by the department pursuant to ((RCW 43.83B.410(4), and

(b)) section 7 of this act and consult with affected federally recognized tribes;

(ii) Consider input from local water users, including nursery and landscape professionals, in the determination of undue hardship under section 1(2) of this act; and

(iii) Obtain the written approval of the governor.

(c) Upon issuance of an order of drought emergency, the department shall notify the public of the order consistent with rules adopted by the department.

(d) Orders of drought emergency issued under ((this section)) (a) of this subsection shall be deemed orders for the purposes of chapter 34.05 RCW.

(e) A person may petition the department to declare a drought emergency for the state or portions of the state. The department may review a petition, but any order of drought emergency issued after receipt of a petition must be based on the definitions of drought condition and normal water supply set forth in section 1 of this act, and must be issued according to the procedure set forth in this section. The department must not rely exclusively on information presented in a petition when determining whether to issue an order of drought emergency.

((2)) (3)(a) Any order issued under subsection ((4)) (2) of this section shall contain a termination date for the order. The termination date shall be not later than one calendar year from the date the order is issued. Although the department may, with the written approval of the governor, change the termination date by amending the order, no such amendment or series of amendments may have the effect of extending its termination to a date which is later than two calendar years after the issuance of the order.

((3)) (b) The provisions of ((subsection (2) of)) this section do not preclude the issuance of more than one order under subsection ((4)) (2) of this section for different areas of the state, or sequentially for the same area, as the need arises ((for such an order or orders)).

**Sec. 4.** RCW 43.83B.410 and 1989 c 171 s 3 are each amended to read as follows:

Upon the issuance of an order of drought emergency under RCW 43.83B.405(2), the department ((of ecology is empowered to)) may:

(1)(a) Authorize emergency withdrawal of public surface and ground waters, including dead storage within reservoirs, on a temporary basis and authorize temporary or permanent associated physical works ((which may be either temporary or permanent)). The department shall prioritize the approval of emergency withdrawal authorizations in order to address those most affected by the water deficit to ensure the survival of irrigated crops, the state's fisheries, and the provision of water for small communities.

(b) The termination date for ((the authority to make such an)) emergency withdrawal may not be later than the termination date of the order issued under RCW 43.83B.405(2) ((under which the power to authorize the withdrawal is established)).

(c) The department ((of ecology)) may issue ((such)) emergency withdrawal authorizations only when, after investigation and after providing appropriate federal, state, and local governmental bodies and affected federally recognized tribes an opportunity to comment, the following are found:

(i) The waters proposed for withdrawal are to be used for a beneficial use involving a previously established activity or purpose;

(ii) The previously established activity or purpose was furnished water through rights applicable to the use of a public body of water that cannot be exercised due to the lack of water arising from natural drought conditions; and

(iii) The proposed withdrawal will not reduce flows or levels below essential minimums necessary ((A)) to ((assure)) ensure the maintenance of fisheries requirements(;) and ((B)) to protect federal and state interests including, among others, power generation, navigation, and existing water rights(;).

((b)) (d) All emergency withdrawal authorizations issued under this section shall contain provisions that allow for termination of withdrawals, in whole or in part, whenever withdrawals will conflict with flows and levels as provided in

((a)) (c)(iii) of this subsection. ((Domestic and irrigation uses of public surface and ground waters shall be given priority in determining "beneficial uses."))

(e) As to water withdrawal and associated works authorized under this subsection, the requirements of chapter 43.21C RCW and public bidding requirements as otherwise provided by law are waived and inapplicable. All state and local agencies with authority to issue permits or other authorizations for such works shall, to the extent possible, expedite the processing of the permits or authorizations in keeping with the emergency nature of the requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. All state departments or other agencies having jurisdiction over state or other public lands, if such lands are necessary to effectuate the withdrawal authorizations issued under this subsection, shall provide short-term easements or other appropriate property interest upon the payment of the fair market value. This mandate shall not apply to any lands of the state that are reserved for a special purpose or use that cannot properly be carried out if the property interest were conveyed;

(2) Approve a temporary change in purpose, place of use, ((or)) point of diversion, or point of withdrawal, consistent with existing state policy allowing transfer or lease of waters between willing parties, as provided for in RCW 90.03.380, 90.03.390, and 90.44.100. However, compliance with any requirements of ((a)) notice of newspaper publication of these sections or ((b)) the state environmental policy act(;) under chapter 43.21C RCW, is not required when such changes are necessary to respond to drought conditions as determined by the department ((of ecology)). An approval of a temporary change of a water right as authorized under this subsection is not admissible as evidence in either supporting or contesting the validity of water claims in ((State of Washington, Department of Ecology v. Acquavella, Yakima county superior court number 77-2-01484-5)) a general adjudication under RCW 90.03.210 or any similar proceeding where the existence of a water right is at issue(;);

(3) Employ additional persons for specified terms of time, consistent with the term of a drought condition, as are necessary to ensure the successful performance of the activities associated with implementing the emergency drought program of this chapter(;);

(4) ((Revise the drought contingency plan previously developed by the department; and

(5)) Acquire needed emergency drought-related equipment;

(5) Enter into agreements with applicants receiving emergency withdrawal authorizations established under this section to recover the costs, or a portion thereof, of mitigation for emergency withdrawal authorizations, provided that mitigation is done to protect instream flows, federally regulated flows, or senior water rights. The department may establish the specifics of cost recovery by rule, based on the amount of water used in the emergency withdrawal, which shall not exceed the cost of mitigation; and

(6) Enter into interagency agreements as authorized under chapter 39.34 RCW to partner in emergency drought response.

**Sec. 5.** RCW 43.83B.415 and 1989 c 171 s 4 are each amended to read as follows:

(1)(a) The department ((of ecology is authorized to make loans, grants, or combinations of loans and grants from emergency agricultural water supply funds when necessary to provide water to alleviate emergency drought conditions in order to ensure the survival of irrigated crops and the state's fisheries. For the purposes of this section, "emergency agricultural water supply funds" means funds appropriated from the state emergency water projects revolving account created under RCW 43.83B.360. The department of ecology may make the loans, grants, or

FIFTY THIRD DAY, MARCH 5, 2020

2020 REGULAR SESSION

combinations of loans and grants as matching funds in any case where federal, local, or other funds have been made available on a matching basis. The department may make a loan of up to ninety percent of the total eligible project cost or combination loan and grant up to one hundred percent of the total single project cost. The grant portion for any single project shall not exceed twenty percent of the total project cost except that, for activities forecast to have fifty percent or less of normal seasonal water supply, the grant portion for any single project or entity shall not exceed forty percent of the total project cost. No single entity shall receive more than ten percent of the total emergency agricultural water supply funds available for drought relief. These funds shall not be used for nonagricultural drought relief purposes unless there are no other capital budget funds available for these purposes. In any biennium the total expenditures of emergency agricultural water supply funds for nonagricultural drought relief purposes may not exceed ten percent of the total of such funds available during that biennium.

(2)(a) Except as provided in (b) of this subsection, after June 30, 1989, emergency agricultural water supply funds, including the repayment of loans and any accrued interest, shall not be used for any purpose except during drought conditions as determined under RCW 43.83B.400 and 43.83B.405.

(b) Emergency agricultural water supply funds may be used on a one-time basis for the development of procedures to be used by state governmental entities to implement the state's drought contingency plan.)) is authorized to issue grants to eligible public entities to reduce current or future hardship caused by water unavailability stemming from drought conditions. No single entity may receive more than twenty-five percent of the total funds available. The department is not obligated to fund projects that do not provide sufficient benefit to alleviating hardship caused by drought or water unavailability. Projects must show substantial benefit from securing water supply, availability, or reliability relative to project costs.

(b) Except for projects for public water systems serving economically disadvantaged communities, the department may only fund up to fifty percent of the total eligible cost of the project. Money used by applicants as a cash match may not originate from other state funds.

(c) For the purposes of this chapter, eligible public entities include only:

- (i) Counties, cities, and towns;
- (ii) Water and sewer districts formed under chapter 57.02 RCW;
- (iii) Public utility districts formed under chapter 54.04 RCW;
- (iv) Port districts formed under chapter 53.04 RCW;
- (v) Conservation districts formed under chapter 89.08 RCW;
- (vi) Irrigation districts formed under chapter 87.03 RCW;
- (vii) Watershed management partnerships formed under RCW 39.34.200; and
- (viii) Federally recognized tribes.

(2) Grants may be used to develop projects that enhance the ability of water users to effectively mitigate for the impacts of water unavailability arising from drought. Project applicants must demonstrate that the projects will increase their resiliency, preparedness, or ability to withstand drought conditions when they occur. Projects may include, but are not limited to:

- (a) Creation of additional water storage;
- (b) Implementation of source substitution projects;
- (c) Development of alternative, backup, or emergency water supplies or interties;
- (d) Installation of infrastructure or creation of educational programs that improve water conservation and efficiency or promote use of reclaimed water;

(e) Development or update of local drought contingency plans if not already required by state rules adopted under chapter 246-290 WAC;

(f) Mitigation of emergency withdrawals authorized under RCW 43.83B.410(1);

(g) Projects designed to mitigate for the impacts of water supply shortages on fish and wildlife; and

(h) Emergency construction or modification of water recreational facilities.

(3) During a drought emergency order pursuant to RCW 43.83B.405(2), the department shall prioritize funding for projects designed to relieve the immediate hardship caused by water unavailability.

Sec. 6. RCW 43.83B.430 and 2016 sp.s. c 36 s 933 are each amended to read as follows:

The state drought preparedness and response account is created in the state treasury. All receipts from appropriated funds designated for the account and ((funds transferred from the state emergency water projects revolving account)) all cost recovery revenues collected under RCW 43.83B.410(5) must be deposited into the account. Expenditures from the account may be used for drought preparedness and response activities under this chapter, including grants issued under RCW 43.83B.415. Moneys in the account may be spent only after appropriation. ((Expenditures from the account may be used only for drought preparedness. During the 2009-2011 fiscal biennium, the legislature may transfer from the state drought preparedness account to the state general fund such amounts as reflect the excess fund balance of the account. For the 2015-2017 fiscal biennium, the account may also accept revenue collected from emergency drought well-related water service contracts and may be used for drought response.))

NEW SECTION. Sec. 7. A new section is added to chapter 43.83B RCW to read as follows:

In collaboration with affected governments, the department may revise the existing drought contingency plan. The department shall notify interested parties of any updates to the drought contingency plan.

NEW SECTION. Sec. 8. A new section is added to chapter 43.83B RCW to read as follows:

(1) The department shall initiate a pilot program in a selected basin or basins to explore the cost, feasibility, and benefits of entering into long-term water right lease agreements. The purpose of the agreements is to alleviate water supply conditions that may affect public health and safety, drinking water supplies, agricultural activities, or fish and wildlife survival. Establishing a task force on improving institutional education programs and outcomes.

The measure was read the second time.

#### MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that the federal every student succeeds act of 2015, P.L. 114-95, reauthorized and amended the elementary and secondary education act of 1965, the federal policy and funding assistance framework for the nation's public education system.

Two of the stated purposes of the every student succeeds act are to provide all children with a significant opportunity to receive a fair, equitable, and high quality education, and to close educational achievement gaps.

The legislature further recognizes that Article IX of the state Constitution provides that it is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex.

While the partnership of federal and state law is critical in ensuring that the civil and education rights of students are upheld, efforts in Washington to fully realize state and federal objectives, especially with respect to the delivery of education services in institutional facilities, remain unfinished.

The legislature, therefore, intends to establish a task force on improving institutional education programs and outcomes, with tasks and duties generally focused on educational programs in the juvenile justice system. In so doing, the legislature intends to examine issues that have not been significantly explored in recent years, build a shared understanding of past and present circumstances, and develop recommendations for improving the delivery of education services, and associated outcomes, for youth in institutional facilities.

**NEW SECTION. Sec. 2.** (1)(a) The task force on improving institutional education programs and outcomes is established, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate, with each member serving on the committee with jurisdiction over education issues, and one member serving on the committee with jurisdiction over basic education funding.

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives, with one member serving on the committee

with jurisdiction over education issues, and one member serving on the committee with jurisdiction over basic education funding.

(iii) The governor shall appoint one member each from the state board of education and the department of children, youth, and families, and one member representing an organization that provides free legal advice to youth who are involved in, or at risk of being involved in, the juvenile justice system.

(iv) The superintendent of public instruction shall appoint three members: One member representing the superintendent of public instruction; one member who is a principal from a school district with at least twenty thousand enrolled students that provides education services to a juvenile rehabilitation facility; and one member who is a teacher with expertise in providing education services to residents of a juvenile rehabilitation facility.

(v) The task force must also include one member representing the educational opportunity gap oversight and accountability committee, selected by the educational opportunity gap oversight and accountability committee.

(b) The task force shall choose its cochairs from among its legislative membership. One cochair must be from a minority caucus in one of the two chambers of the legislature. A member from the majority caucus of the house of representatives shall convene the initial meeting of the task force by May 1, 2020.

(2) The task force shall examine the following issues:

(a) Goals and strategies for improving the coordination and delivery of education services to youth involved with the juvenile justice system, especially youth in juvenile rehabilitation facilities, and children receiving education services, including home or hospital instruction, under RCW 28A.155.090;

(b) The transmission of student records, including individualized education programs and plans developed under section 504 of the rehabilitation act of 1973, for students in institutional facilities, and recommendations for ensuring that those records are available to the applicable instructional staff within two business days of a student's admission to the institution;

(c) Goals and strategies for increasing the graduation rate of youth in institutional facilities, and in recognition of the transitory nature of youth moving through the juvenile justice system, issues related to grade level progression and academic credit reciprocity and consistency to ensure that:

(i) Core credits earned in an institutional facility are considered core credits by public schools that the students subsequently attend; and

(ii) Public school graduation requirements, as they applied to a student prior to entering an institutional facility, remain applicable for the student upon returning to a public school;

(d) Goals and strategies for assessing adverse childhood experiences of students in institutional education and providing trauma-informed care;

(e) An assessment of the level and adequacy of basic and special education funding for institutional facilities. The examination required by this subsection (2)(e) must include information about the number of students receiving special education services in institutional facilities, and a comparison of basic and special education funding in institutional facilities and public schools during the previous ten school years;

(f) An assessment of the delivery methods, and their adequacy, that are employed in the delivery of special education services in institutional facilities, including associated findings;

(g) School safety, with a focus on school safety issues that are applicable in institutional facilities; and

(h) Special skills and services of faculty and staff, including associated professional development and nonacademic supports necessary for addressing social emotional and behavioral health

needs presenting as barriers to learning for youth in institutional facilities.

(3) The task force, in completing the duties prescribed by this section, shall solicit and consider information and perspectives provided by the department of corrections and persons and entities with relevant interest and expertise, including from persons with experience reintegrating youth from institutional facilities into school and the community at large, and from persons who provide education services in secure facilities housing persons under the age of twenty-five, examples of which include county jails, juvenile justice facilities, and community facilities as defined in RCW 72.05.020.

(4) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research. The office of financial management, the office of the superintendent of public instruction, the department of children, youth, and families, and the department of corrections shall cooperate with the task force and provide information as the cochairs may reasonably request.

(5) Legislative members of the task force are to be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, government entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(6) In accordance with RCW 43.01.036, the task force shall report its findings and recommendations to the governor and the appropriate committees of the house of representatives and the senate by December 15, 2020, in time for the legislature to take action on legislation that is consistent with the findings and recommendations during the 2021 legislative session.

(7) This section expires June 30, 2021.

**NEW SECTION. Sec. 3.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

I still will be a senator until a new person takes over but it's time for me to spend more time with my husband. And you know, I really hesitate to say this, but when my husband and I, when I was a stewardess, I used to always, and now you know I can't carry a tune, I always used to sing, "*Leaving on a jet plane don't know when I'll be back again.*" Now you know I can't carry a tune. However, he used to kind of look at me and laugh a little bit because you can tell I can't carry a tune but, that's kind of how it's felt, Mr. President. And members of this committee or this group, for the last twelve years, when ten years of that I only had weekend visitation rights, is what I called it. So, my husband's here. On the outside, here in the wings. And, can you wave Bob? And he's been a biggest Rock of Gibraltar that anyone could have. Of course, when I go home and he doesn't agree with what I think I also hear that and sometimes it's not so great, but, I just have to say, we sold our house out in Eatonville in 2018. We closed in October. And, I have to say part of the reason that we sold it is that the house was too big and too much land for us to take care of and continue to do this. But, another thing - and why I've stood up so much for the seniors in the state of Washington - is we were faced, every month, with a five-hundred dollar tax bill for our property taxes alone. And we got talking one day and said, 'Why is it that? After we've paid taxes on everything we've done here are we going to continue to pay five hundred dollars a month in our retirement?' And so, we decided to make that hard decision and sell and we did. But I'm saying this because if it affects me like this, it affects so many people in the state of Washington. And I think we really have to look at the seniors that have paid property taxes all their lives and we need to do something more to say thank you to them, Mr. President. I'd like to not only thank my husband but I'd like to say thank you to Tiffani, my executive secretary. Tiffani, if you will raise your hand? And she has been the backbone in my office, and she has held everything together. And without her for the last eight years, I wouldn't have made it and been able to do the amount of things that I have. This is probably been the neatest experience for me. Something I never would have expected to do when they asked me. Actually, it was our malpractice insurance carrier that, for the company that I worked for, asked if I'd ever thought about running for political office and I looked at this gal right in the eye and my immediate answer was, 'Are you kidding me? I hate politics.' And, I still hate it when we are clashing. And, I like it more when we have a bill out here that we're not party line and that we have come together and taken the time to really, really try to get each other to understand what's involved and do the job that we should for

the state of Washington. If I had one druther, Mr. President, I would take this aisle and I would get rid of it. I would say Republican, Democrat, Republican, Democrat, Democrat, Republican whatever, and have them sit side-by-side and talk to each other more intimately about every single thing that we do here. And, I really think that this aisle is a great divide that we shouldn't have in place. So, I would like to call out a couple people that I think are pretty special down here. And unfortunately, Tim Sheldon is not here today, but Tim Sheldon, to me, is the epitome of a statesman. Whether you get upset that he came over and is in the Republican Caucus or whether somebody goes to the other caucus, he stands up for his district, for the people in his district, in a way that none of us can understand and respect to the point that this man is a good person. I'd also like to call out Christine Rolfes because she has been what I would call a classy lady. She has done what I think has been an amazing job in the in the Senate here. The way she treats everybody, with such respect and kindness, is really, well warranted and I want to say thank you very much. Then I want to reach out to John Braun. John Braun, when he came, when he came was a little bit intimidating because I asked him if he had a file cabinet for memory because he could remember every single thing anybody said. And I've learned to appreciate what John Braun is brought to this institution. His, his ability to look through and get to the crux of what it is and look at it from both the policy portion, but how does that policy affect the budget and what we do to the individual. There's many more I can call out, but I'd really like to call out Kathleen Lawrence, Jim Troyer, Jeannie Gorrell. Jeannie and Kathleen, my first year, every time somebody would ask me to sign onto a bill they'd run up and say 'Nooo!' or 'Yes' because I had never been in politics. I had no idea how to read a bill even. And so, they were such a great help. And, Lieutenant Governor Cyrus Habib, I want to pick on you a little bit here, while I'm doing it. I have enjoyed you. I look at what you do and what your abilities are up there, absolutely amazing, and I want to thank you for your service. I do want to tell you, though, that you talk to freakin' fast. And I always, when I was telling Senator Short behind me, I always think of an auction, a car auction and a cattle auction. And I can't do that that fast but, Mr. President, I really have a lot of respect for what you do. You need to vote for us a little bit more though, Ok? I just, I have to say this is been the neatest experience in my life. The best thing that I have ever done. Something that I have so much to thank the people of my district for. For electing me the first time and for reelecting me again and a third time and actually putting their trust and their faith and what I would do would be to represent them and I think I have. I know I didn't make everybody happy all of the time but I listened to everybody that I could and took their, their thoughts into consideration. So it will be a sad day but, Mr. President if you'll indulge me, I have a t-shirt that I found in Wyoming and I think it's really fun and I want this to go up."

President Habib: "Yes. Please proceed."

Senator Becker: "I, 'I am not fake news.' And there's a store in Wyoming that sells all sorts of fun ones but we will be moving to Wyoming later this year. I'll be back for committee days and ... but we bought a house up on top of the hill that, there were sixty elk in the field the other day. And we bought a side-by-side and I can tell you I'm crazier than my husband in that he goes slow I go fast and with that I would like to bid everybody a fond farewell. Thank you."

REMARKS BY THE PRESIDENT

President Habib: "Thank you Senator Becker and I'm going to ask I know that we have some some plans for how to as the Senate always does for for for departing members I know we have some plans for how to recognize you further So I going to ask that the floor leader the majority floor leader let us know about that before we continue."

#### REMARKS BY SENATOR LIAS

Senator Lias: "Thank you Mr. President, I know that we have forty-eight points of personal privilege now in response to that, so we do have, of course, a deadline ahead of us so I would like to reserve some time next week to be able to thank Senator Becker for her work. I, I've heard maybe there are a couple of other, at least one other, member that is leaving. She's looking at me over her glasses. So, we will save some time next week, for sure, to really, all of us, show our appreciation. And I've already pledged my contribution to her 'Becker for Wyoming State Senate' campaign. So, I'm onboard Mr. President with, with that. This is certainly hard news and we have treasured our time with Senator Becker and look forward to having a couple hours to roast her next week."

#### REMARKS BY THE PRESIDENT

President Habib: "But fair warning, Wyoming is one of the three states with no lieutenant governor. So, so Senator Becker is that why you're moving there? I don't know. Thank you, thank you all."

The Senate resumed consideration of Substitute House Bill No. 2803 which had been deferred the previous legislative day.

#### THIRD READING

SUBSTITUTE HOUSE BILL NO. 2803, by House Committee on Finance (originally sponsored by Tarleton, Robinson, Sells, Lekanoff, Gregerson, Chapman, Orwall, Peterson, Tharinger and Pollet)

Authorizing the governor to enter into compacts with Indian tribes addressing certain state retail sales tax, certain state use tax, and certain state business and occupation tax revenues, as specified in a memorandum of understanding entered into by the state, Tulalip tribes, and Snohomish county, in January 2020, and including other terms necessary for the department of revenue to administer any such compact.

The bill was read on Third Reading.

#### RULING BY THE PRESIDENT

President Habib: "In ruling upon the point of order raised by Senator Braun as to whether Substitute House Bill 2803 violates Senate Rule 25 by including provisions not reflected in the bill's title, the President finds and rules as follows.

While the President will give deference to a title chosen by a bill's sponsor, it is incumbent upon the President to enforce Rule 25 which is the title limitation adopted by this body. These are your rules.

Previous rulings on this matter have provided some guidance on the Senate's standards for an adequate title, explaining that, "it is not required that the title be perfectly precise, but it should adequately describe the scope and purpose of the law being changed as to cause a reader following a particular issue to determine if further inquiry into the text of the bill is necessary."

Therefore, the President will 'examine a title to determine not its legal import, but whether or not it sufficiently describes the subject of the bill itself.'

The title of SHB 2803 is as follows: "An act relating to authorizing the governor to enter into compacts with Indian tribes addressing certain state retail sales tax, certain state use tax, and certain state business and occupation tax revenues, as specified in a memorandum of understanding entered into by the state, Tulalip tribes, and Snohomish county, in January 2020, and including other terms necessary for the department of revenue to administer any such compact."

The specific point of contention is whether certain provisions found in the bill are actually "as specified" in the January 2020 MOU.

The January MOU in question contains a provision that prohibits sharing of retail sales and use tax revenue derived from existing development beyond the first \$500,000 until year five and beyond the four-year fiscal note period.

Section 2(2)(d) of Substitute House Bill 2803 states: "Beginning January 1st of the fourth calendar year following the signing of the compact" certain amounts beyond the \$500,000 cap would be subject to revenue sharing.

Senator Braun argues this would allow for revenue sharing within year four, in violation of what appears to be a five-year ban on revenue sharing in the January 2020 MOU. He therefore maintains that the legislation is no longer accurately described by the title of the bill, in violation of Senate Rule 25.

However, there is another interpretation, and where there is more than one reasonable reading of a substantive provision, the President is inclined to follow the interpretation that upholds the Rules of the Senate.

A close reading of the language of the MOU shows that the restriction is "until year five". This language places a four-year limitation on additional sharing of retail sales and use tax revenue derived from existing development beyond the \$500,000 cap. The President finds that it is fair to read this as a ban until the fifth year, as further clarified by the language in the MOU that states "beyond the four-year fiscal note period".

For these reasons, the President finds that the title does reflect the substance of the bill in compliance with Senate Rule 25 and the that bill is properly before us.

Normally that would be end of my remarks, but in this case the President finds it necessary to make some comments on bill titles and encourage caution in the future.

The President has noticed a trend of sponsors selecting very narrow and specific bill titles. There are reasons for these choices, and often the reason is to avoid certain uncomfortable amendments. Amendments and uncomfortable debate are a regular part of the legislative process. The President will caution members that selecting a narrow and specific bill title is not without risk. Where a title is very specific, the language of the bill MUST follow that title very specifically, and the President will enforce the standards of Senate Rule 25.

Further, the President is dismayed at the reference to an outside document in this particular title. SHB 2803 references an MOU that also has been amended and is not widely available to the public. Given that a primary purpose of Senate Rule 25 is to give notice as to the contents of the bill, the President is disappointed in that respect. In order to even determine the basic question of whether the contents of the bill conflicted with the title, the President was forced to follow a trail of documents collected by professionals. Legislation should be accessible to the public and this should not be an acceptable form of notice.

Titles like this do a disservice to members of this body and to the public. While, as in this case, there may be no technical

violation of Senate Rule 25, there certainly can be a violation of its spirit and the spirit of the legislative process.”

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2528, by House Committee on Appropriations (originally sponsored by Ramos, DeBolt, Chapman, Boehnke, Blake, Fitzgibbon, Tharinger and Santos)

Recognizing the contributions of the state's forest products sector as part of the state's global climate response.

The measure was read the second time.

MOTION

Senator Van De Wege moved that the following committee striking amendment by the Committee on Agriculture, Water, Natural Resources & Parks be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that the intergovernmental panel on climate change (IPCC) released a report in 2019 entitled "IPCC special report on climate change, desertification, land degradation, sustainable land management, food security, and greenhouse gas fluxes in terrestrial ecosystems" that provides guidance relating to how natural and working lands can be utilized to assist with a global climate response strategy. In addition, the food and agricultural organization of the United Nations issued a report in 2016 entitled "forestry for a low-carbon future" with specific recommendations for integrating forest and wood products in climate change strategies. Recommendations from these reports are critical as Washington develops its own climate response and charts how the state can use its forestland base and vibrant forest products sector as part of its contribution to the global climate response.

(2) The legislature further finds that the 2019 intergovernmental panel on climate change report identifies several measures where sustainable forest management and forest products may be utilized to maintain and enhance carbon sequestration. These include increasing the carbon sequestration potential of forests and forest products by maintaining and expanding the forestland base, reducing emissions from land conversion to nonforest uses, increasing forest resiliency to reduce the risk of carbon releases from disturbances such as wildfire, pest infestation, and disease, and applying sustainable forest management techniques to maintain or enhance forest

carbon stocks and forest carbon sinks, including through the transference of carbon to wood products.

(3) The legislature further finds that the food and agricultural organization of the United Nations reports similar recommendations, with a focus on forest management tools that increases the carbon density in forests, increases carbon storage out of the forest in harvested wood products, utilizes wood energy, and suppresses forest disturbances from fire, pests, and disease.

**Sec. 2.** RCW 70.235.005 and 2008 c 14 s 1 are each amended to read as follows:

(1) The legislature finds that Washington has long been a national and international leader on energy conservation and environmental stewardship, including air quality protection, renewable energy development and generation, emission standards for fossil-fuel based energy generation, energy efficiency programs, natural resource conservation, sustainable forestry and the production of forest products, vehicle emission standards, and the use of biofuels. Washington is also unique among most states in that in addition to its commitment to reduce emissions of greenhouse gases, it has established goals to grow the clean energy sector and reduce the state's expenditures on imported fuels.

(2) The legislature further finds that Washington should continue its leadership on climate change policy by creating accountability for achieving the emission reductions established in RCW 70.235.020, participating in the design of a regional multisector market-based system to help achieve those emission reductions, assessing other market strategies to reduce emissions of greenhouse gases, maintaining and enhancing the state's ability to continue to sequester carbon through natural and working lands and forest products, and ensuring the state has a well trained workforce for our clean energy future.

(3) It is the intent of the legislature that the state will: (a) Limit and reduce emissions of greenhouse gas consistent with the emission reductions established in RCW 70.235.020; (b) minimize the potential to export pollution, jobs, and economic opportunities; ~~(and)~~ (c) support industry sectors that can act as sequesterers of carbon; and (d) reduce emissions at the lowest cost to Washington's economy, consumers, and businesses.

(4) In the event the state elects to participate in a regional multisector market-based system, it is the intent of the legislature that the system will become effective by January 1, 2012, after authority is provided to the department for its implementation. By acting now, Washington businesses and citizens will have adequate time and opportunities to be well positioned to take advantage of the low-carbon economy and to make necessary investments in low-carbon technology.

(5) It is also the intent of the legislature that the regional multisector market-based system recognize Washington's unique emissions and sequestration portfolio, including the ~~((state's))~~:

(a) State's hydroelectric system~~((the))~~;

(b) Opportunities presented by Washington's abundant forest resources and the associated forest products industry, along with aquatic and agriculture land~~((?))~~ and the associated industries; and ~~((the))~~

(c) State's leadership in energy efficiency and the actions it has already taken that have reduced its generation of greenhouse gas emissions and that entities receive appropriate credit for early actions to reduce greenhouse gases.

(6) If any revenues, excluding those from state trust lands, that accrue to the state are created by a market system, they must be used to further the state's efforts to achieve the goals established in RCW 70.235.020, address the impacts of global warming on affected habitats, species, and communities, promote and invest in industry sectors that act as sequesterers of carbon, and increase

investment in the clean energy economy particularly for communities and workers that have suffered from heavy job losses and chronic unemployment and underemployment.

**NEW SECTION. Sec. 3.** A new section is added to chapter 70.235 RCW to read as follows:

(1)(a) Washington's existing forest products sector, including public and private working forests and the harvesting, transportation, and manufacturing sectors that enable working forests to remain on the land and the state to be a global supplier of forest products, is, according to a University of Washington study analyzing the global warming mitigating role of wood products from Washington's private forests, an industrial sector that currently operates as a significant net sequesterer of carbon. This value, which is only provided through the maintenance of an intact and synergistic industrial sector, is an integral component of the state's contribution to the global climate response and efforts to mitigate carbon emissions.

(b) Satisfying the goals set forth in RCW 70.235.020 requires supporting, throughout all of state government, consistent with other laws and mandates of the state, the economic vitality of the sustainable forest products sector and other business sectors capable of sequestering and storing carbon. This includes support for working forests of all sizes, ownerships, and management objectives, and the necessary manufacturing sectors that support the transformation of stored carbon into long-lived forest products while maintaining and enhancing the carbon mitigation benefits of the forest sector, sustaining rural communities, and providing for fish, wildlife, and clean water, as provided in chapter 76.09 RCW. Support for the forest sector also ensures the state's public and private working forests avoid catastrophic wildfire and other similar disturbances and avoid conversion in the face of unprecedented conversion pressures.

(c) It is the policy of the state to support the contributions of all working forests and the synergistic forest products sector to the state's climate response. This includes landowners, mills, bioenergy, pulp and paper, and the related harvesting and transportation infrastructure that is necessary for forestland owners to continue the rotational cycle of carbon capture and sequestration in growing trees and allows forest products manufacturers to store the captured carbon in wood products and maintain and enhance the forest sector's role in mitigating a significant percentage of the state's carbon emissions while providing other environmental and social benefits and supporting a strong rural economic base. It is further the policy of the state to support the participation of working forests in current and future carbon markets, strengthening the state's role as a valuable contributor to the global carbon response while supporting one of its largest manufacturing sectors.

(d) It is further the policy of the state to utilize carbon accounting land use, land use change, and forestry reporting principles consistent with established reporting guidelines, such as those used by the intergovernmental panel on climate change and the United States national greenhouse gas reporting inventories.

(2) Any state carbon programs must support the policies stated in this section and recognize the forest products industry's contribution to the state's climate response.

**NEW SECTION. Sec. 4.** A new section is added to chapter 89.08 RCW to read as follows:

(1)(a) The forest and forest products carbon account is created in the custody of the state treasurer.

(b) The following moneys may be deposited into the account: All moneys directed or appropriated to the account by the legislature, including appropriations from the general fund, the capital budget, and any specified revenues from other sources,

FIFTY THIRD DAY, MARCH 5, 2020

2020 REGULAR SESSION

including policies that establish a price on carbon or related federal grant programs.

(c) The commission may also deposit into the account any grants, gifts, or donations to the state for purposes consistent with the allowable uses of the account.

(d) Expenditures from the account may be used only for commission administrative costs and grants consistent with this section. Only the executive director of the commission or the executive director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The commission shall use all moneys in the forest and forest products carbon account, less reasonable administrative overhead costs, as grants to any private landowner, organization that works with private landowners, nonprofit organization, local government, Indian tribe, or state land managing agency to advance the state's carbon sequestration goals outlined in section 3 of this act. All grant awards must be the result of a competitive process, designed by the commission, that seeks to leverage the carbon sequestration and storage benefits of the investment. Allowable grant project types include, but are not limited to, funding:

(a) For reforestation of forestlands after a wildfire or other disaster for which the landowner was not responsible;

(b) For afforestation projects to return lands capable of supporting trees to forestlands;

(c) To plant sustainable forested buffers and remove nonnative invasive species along otherwise nonforested fish bearing streams; and

(d) For urban forest restoration or urban tree planting.

(3) In addition to administrative costs and grants as provided in this section, the commission may also use funds in the forest and forest products carbon account to conduct an opportunity analysis of land in Washington to determine how many acres of deforested land could be returned to forestlands without decreasing food production."

On page 1, line 3 of the title, after "response;" strike the remainder of the title and insert "amending RCW 70.235.005; adding a new section to chapter 70.235 RCW; adding a new section to chapter 89.08 RCW; and creating a new section."

Senator Van De Wege moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 79A.05.025 and 2016 c 103 s 1 are each amended to read as follows:

(1) The commission shall elect one of its members as chair. The commission may be convened at such times as the chair deems necessary, and a majority shall constitute a quorum for the transaction of business.

(2)(a) Except as provided in (b) of this subsection, the lease of parkland or property for a period exceeding twenty years requires the ~~((unanimous consent))~~ affirmative vote of at least five members of the commission.

(b) With the affirmative vote of at least five members of the commission, the commission may enter into a lease for up to sixty-two years for property at Saint Edward state park. The commission may only enter into a lease under the provisions of this subsection (2)(b) if the commission finds that the department of commerce study required by section 3, chapter 103, Laws of 2016 fails to identify an economically viable public or nonprofit use for the property that is consistent with the state parks and recreation commission's mission and could proceed on a reasonable timeline. The lease at Saint Edward state park may only include the following:

(i) The main seminary building;

(ii) The pool building;

(2) Adopt policies, and adopt, issue, and enforce rules pertaining to the use, care, and administration of state parks and parkways. The commission shall cause a copy of the rules to be kept posted in a conspicuous place in every state park to which they are applicable, but failure to post or keep any rule posted shall be no defense to any prosecution for the violation thereof.

(3) Permit the use of state parks and parkways by the public under such rules as shall be adopted.

(4) Clear, drain, grade, seed, and otherwise improve or beautify parks and parkways, and erect structures, buildings, fireplaces, and comfort stations and build and maintain paths, trails, and roadways through or on parks and parkways.

(5) Grant concessions or leases in state parks and parkways upon such rentals, fees, or percentage of income or profits and for such terms, in no event longer than ~~((fifty))~~ eighty years, except for a lease associated with land or property described in RCW 79A.05.025(2)(b) which may not exceed sixty-two years, and upon such conditions as shall be approved by the commission.

(a) Leases exceeding a twenty-year term, or the amendment or modification of these leases, shall require a vote consistent with RCW 79A.05.025(2).

(b) If, during the term of any concession or lease, it is the opinion of the commission that it would be in the best interest of the state, the commission may, with the consent of the concessionaire or lessee, alter and amend the terms and conditions of such concession or lease.

Encouraging compost procurement and use.

The measure was read the second time.

#### MOTION

Senator Lovelett moved that the following committee striking amendment by the Committee on Environment, Energy & Technology be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds and declares that local compost manufacturing plays a critical role in our state's solid waste infrastructure. Composting benefits Washington agencies, counties, cities, businesses, and residents by diverting hundreds of thousands of tons of organic waste from landfills, reducing solid waste costs, and lowering carbon emissions. The legislature finds that a growing number of local governments are recognizing the benefits of composting programs and offering compost collection to their residents and businesses. The diversion of food waste from landfills to compost processors remains critical for state and local governments to meet their ambitious diversion goals.

The legislature also finds that composting is a strong carbon reduction industry for Washington, as the application of compost to soil systems permits increased carbon sequestration. Compost can also replace synthetic chemical fertilizer, prevent topsoil erosion, and filter stormwater on green infrastructure projects such as rain gardens and retention ponds.

The legislature declares that state and local governments should lead by example by purchasing and using local compost that meets state standards and by encouraging farming operations to do so as well.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.19A RCW to read as follows:

(1) When planning government-funded projects or soliciting and reviewing bids for such projects, all state agencies and local governments shall consider whether compost products can be utilized in the project.

(2) If compost products can be utilized in the project, the state agency or local government must use compost products, except as follows:

(a) A state agency or local government is not required to use compost products if:

(i) Compost products are not available within a reasonable period of time;

FIFTY THIRD DAY, MARCH 5, 2020

2020 REGULAR SESSION

(ii) Compost products that are available do not comply with existing purchasing standards;

(iii) Compost products that are available do not comply with federal or state health, quality, and safety standards; and

(iv) Compost purchase prices are not reasonable or competitive; and

(b) A state agency is also not required to use compost products in a project if:

(i) The total cost of using compost is financially prohibitive;

(ii) Application of compost will have detrimental impacts on the physical characteristics and nutrient condition of the soil as it is used for a specific crop;

(iii) The project consists of growing trees in a greenhouse setting, including seed orchard greenhouses; or

(iv) The compost products that are available have not been certified as being free of crop-specific pests and pathogens, including pests and pathogens that could result in the denial of phytosanitary permits for shipping seedlings.

(3) Before the transportation or application of compost products under this section, composting facilities, state agencies, and local governments must ensure compliance with department of agriculture pest control regulations provided in chapter 16-470 WAC.

(4) State agencies and local governments are encouraged to give priority to purchasing compost products from companies that produce compost products locally, are certified by a nationally recognized organization, and produce compost products that are derived from municipal solid waste compost programs and meet quality standards adopted by rule by the department of ecology.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.19A RCW to read as follows:

(1) Each local government that provides a residential composting service is encouraged to enter into a purchasing agreement with its compost processor to buy back finished compost products for use in government projects or on government land. The local government is encouraged to purchase an amount of finished compost product that is equal to or greater than fifty percent of the amount of organic residuals it delivered to the compost processor. Local governments may enter into collective purchasing agreements if doing so is more cost-effective or efficient. The compost processor should offer a purchase price that is reasonable and competitive for the specific market.

(2) When purchasing compost products for use in government projects or on government-owned land, local governments are encouraged to purchase compost with at least eight percent food waste, or an amount of food waste that is commensurate with that in the local jurisdiction's curbside collection program.

**NEW SECTION. Sec. 4.** (1) Subject to amounts appropriated for this specific purpose, the department of agriculture must establish and implement a three-year compost reimbursement pilot program to reimburse farming operations in the state for purchasing and using compost products from facilities with solid waste handling permits, including transportation, equipment, spreading, and labor costs. The grant reimbursements under the pilot program will begin January 1, 2021, and conclude December 31, 2023. For purposes of this program, "farming operation" means: A commercial agricultural, silvicultural, or aquacultural facility or pursuit, including the care and production of livestock and livestock products, poultry and poultry products, apiary products, and plant and animal production for nonfood uses; the planting, cultivating, harvesting, and processing of crops; and the farming or ranching of any plant or animal species in a controlled salt, brackish, or freshwater environment.

(2) To be eligible to participate in the reimbursement pilot program, a farming operation must complete an eligibility review with the department of agriculture prior to transporting or applying any compost products for which reimbursement will be sought under this section. The purpose of the review is for the department of agriculture to ensure that the proposed transport and application of compost products is consistent with the department's agricultural pest control rules in chapter 16-470 WAC. A farming operation must also verify that soil sampling will be allowed as necessary to establish a baseline of soil quality and carbon storage and for subsequent department of agriculture evaluations to assist the department's reporting requirements under subsection (9) of this section.

(3) The department of agriculture must create a form for eligible farming operations to apply for cost reimbursement. All applications for cost reimbursement must be submitted on the form along with documentation of the costs of purchasing and using compost products for which the applicant is requesting reimbursement. The department of agriculture may request that an applicant provide information to verify the source, size, sale weight, or amount of compost products purchased and the cost of transportation, equipment, spreading, and labor. The applicant must also declare that it is not seeking reimbursement for:

(a) Its own compost products;

(b) Compost products that it has transferred, or intends to transfer, to another individual or entity, whether or not for compensation; or

(c) Compost products that were not purchased from a facility with a solid waste handling permit.

(4) A farming operation may submit only one application per year for purchases made and usage costs incurred during the fiscal year that begins on July 1st and ends on June 30th of each year in which the pilot program is in effect. Applications for reimbursement must be filed before the end of the fiscal year in which purchases were made and usage costs incurred.

(5) The department of agriculture must distribute reimbursement funds, subject to the following limitations:

(a) The department of agriculture must distribute reimbursements in a manner that prioritizes small farming operations as measured by acreage;

(b) No farming operation may receive reimbursement if it was not found eligible for reimbursement by the department of agriculture prior to transport or use under subsection (2) of this section;

(c) No farming operation may receive reimbursement for more than fifty percent of the costs it incurs for the purchase and use of compost products, including transportation, equipment, spreading, and labor costs;

(d) No farming operation may receive more than ten thousand dollars per year;

(e) No farming operation may receive reimbursement for its own compost products or compost products that it has transferred, or intends to transfer, to another individual or entity, whether or not for compensation; and

(f) No farming operation may receive reimbursement for compost products that were not purchased from a facility with a solid waste handling permit.

(6) The applicant shall indemnify and hold harmless the state and its officers, agents, and employees from all claims arising out of or resulting from the compost products purchased that are subject to the compost reimbursement pilot program under this section.

(7) There is established within the department of agriculture a compost reimbursement pilot program manager position. The compost reimbursement pilot program manager must possess

knowledge and expertise in the area of program management necessary to carry out the duties of the position, which are to:

(a) Facilitate the division and distribution of available costs for reimbursement; and

(b) Manage the day-to-day coordination of the compost reimbursement pilot program.

(8) Any action taken by the department of agriculture pursuant to this section is exempt from the rule-making requirements of chapter 34.05 RCW.

(9) The department of agriculture must submit an annual report to the appropriate committees of the legislature by January 15th of each year of the program, with a final report due January 15, 2024. The report must include:

(a) The amount of compost for which reimbursement was sought under the program;

(b) The qualitative or quantitative effects of the program on soil quality and carbon storage; and

(c) An evaluation of the benefits and costs to the state of continuing, expanding, or furthering the strategies explored in the pilot program.

(10) This section expires June 30, 2024."

On page 1, line 1 of the title, after "use;" strike the remainder of the title and insert "adding new sections to chapter 43.19A RCW; creating new sections; and providing an expiration date."

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1521, by House Committee on Appropriations (originally sponsored by Dolan, Harris, Valdez, Frame, Caldier, MacEwen, Griffey, Blake, Sells, Tarleton, Fitzgibbon, Ryu, Kilduff and Ormsby)

Providing for accountability and transparency in government contracting.

The measure was read the second time.

#### MOTION

Senator Hunt moved that the following committee striking amendment by the Committee on State Government, Tribal Relations & Elections be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature to increase transparency and accountability of public contracts by requiring better evaluation of contract performance. Such evaluation should include an assessment of whether decisions to "contract out" government services to the private sector are achieving their stated objectives. In addition, it is the intent of the legislature to ensure that public contractors given access to state resources are held to ethical standards consistent with public values.

The legislature finds that prior to July 1, 2005, state agencies and institutions of higher education were prohibited from contracting out for services regularly and historically provided by classified state employees. Effective July 1, 2005, the personnel system reform act of 2002 lifted the prohibition, authorizing state agencies and institutions of higher education to contract out for services customarily and historically provided by classified state employees. It is therefore the intent of the legislature that this act be applied only to government services that, on or after July 1,

FIFTY THIRD DAY, MARCH 5, 2020

2020 REGULAR SESSION

2005, have been customarily and historically performed by state employees in the classified service under chapter 41.06 RCW.

**Sec. 2.** RCW 41.06.142 and 2011 1st sp.s. c 43 s 408 are each amended to read as follows:

(1) ~~If any department, agency, or institution of higher education ((may purchase)) intends to contract for services((- including services)) that, on or after July 1, 2005,~~ have been customarily and historically provided by employees in the classified service under this chapter, a department, agency, or institution of higher education may do so by contracting with individuals, nonprofit organizations, businesses, employee business units, or other entities if the following criteria are met:

(a) A comprehensive impact assessment is completed by the agency, department, or institution of higher education to assist it in determining whether the decision to contract out is beneficial.

(i) The comprehensive impact assessment must include at a minimum the following analysis:

(A) An estimate of the cost of performance of the service by employees, including the fully allocated costs of the service, the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. The estimate must not include the state's indirect overhead costs unless those costs can be attributed directly to the function in question and would not exist if that function were not performed in state service;

(B) An estimate of the cost of performance of the services if contracted out, including the cost of administration of the program and allocating sufficient employee staff time and resources to monitor the contract and ensure its proper performance by the contractor;

(C) The reason for proposing to contract out, including the objective the agency would like to achieve; and

(D) The reasons for the determination made under (e) of this subsection.

(ii) When the contract will result in termination of state employees or elimination of state positions, the comprehensive impact assessment may also include an assessment of the potential adverse impacts on the public from outsourcing the contract, such as loss of employment, effect on social services and public assistance programs, economic impacts on local businesses and local tax revenues, and environmental impacts;

(b) The invitation for bid or request for proposal contains measurable standards for the performance of the contract;

~~((b))~~ (c) Employees ((in the classified service)) whose positions or work would be displaced by the contract are provided an opportunity to offer alternatives to purchasing services by contract and, if these alternatives are not accepted, compete for the contract under competitive contracting procedures in subsection ((4)) (7) of this section;

~~((e) The contract with an entity other than an employee business unit includes a provision requiring the entity to consider employment of state employees who may be displaced by the contract;)~~

(d) The department, agency, or institution of higher education has established a contract monitoring process to measure contract performance, costs, service delivery quality, and other contract standards, and to cancel contracts that do not meet those standards; and

(e) The department, agency, or institution of higher education has determined that the contract results in savings or efficiency improvements. The contracting agency, department, or institution of higher education must consider the consequences and potential mitigation of improper or failed performance by the contractor.

(2)(a) The agency, department, or institution of higher education must post on its web site the request for proposal, the

contract or a statement that the agency, department, or institution of higher education did not move forward with contracting out, and the comprehensive impact assessment pursuant to subsection (1) of this section.

(b) The agency, department, or institution of higher education must maintain the information in (a) of this subsection in its files in accordance with the record retention schedule under RCW 40.14.060.

(3) Every five years or upon completion of the contract, whichever comes first, the agency, department, or institution of higher education must prepare and maintain in the contract file a report, which must include at a minimum the following information:

(a) Documentation of the contractor's performance as measured by the itemized performance standards;

(b) Itemization of any contract extensions or change orders that resulted in a change in the dollar value or cost of the contract; and

(c) A report of any remedial actions that were taken to enforce compliance with the contract, together with an estimate of the cost incurred by the agency, department, or institution of higher education in enforcing such compliance.

(4) In addition to any other terms required by law, the terms of any agreement to contract out a service pursuant to this section must include terms that address the following:

(a) The contract's contract management provision must allow review of the contractor's performance;

(b) The contract's termination clauses must allow termination of the contract if the contractor fails to meet the terms of the contract, including failure to meet performance standards or failure to provide the services at the contracted price;

(c) The contract's damages provision must allow recovery of direct damages and, when applicable, indirect damages that the agency, department, or institution of higher education incurs due to the contractor's breach of the agreement;

(d) If the contractor will be using a subcontractor for performance of services under the contract, the contract must allow the agency, department, or institution of higher education to obtain information about the subcontractor, as applicable to the performance of services under the agreement; and

(e) A provision requiring the contractor to consider employment of employees who may be displaced by the contract, if the contract is with an entity other than an employee business unit.

(5) Any provision contrary to or in conflict with this section in any collective bargaining agreement in effect on July 1, 2005, is not effective beyond the expiration date of the agreement.

~~((3) Contracting for services that is expressly mandated by the legislature or was authorized by law prior to July 1, 2005, including contracts and agreements between public entities, shall not be subject to the processes set forth in subsections (1), (4), and (5) of this section))~~ (6) When contracting out for services as authorized in this section the agency, department, or institution of higher education must ensure firms adhere to the values of the state of Washington under RCW 49.60.030, which provide its citizens freedom from discrimination. Any relationship with a

potential or current industry partner that is found to have violated RCW 49.60.030 by the attorney general shall not be considered and must be immediately terminated unless:

(a) The industry partner has fulfilled the conditions or obligations associated with any court order or settlement resulting from that violation; or

(b) The industry partner has taken significant and meaningful steps to correct the violation, as determined by the Washington state human rights commission.

~~((4))~~ (7) Competitive contracting shall be implemented as follows:

(a) At least ninety days prior to the date the contracting agency, department, or institution of higher education requests bids from private entities for a contract for services provided by ~~((classified))~~ employees, the contracting agency, department, or institution of higher education shall notify the ~~((classified))~~ employees whose positions or work would be displaced by the contract. The employees shall have sixty days from the date of notification to offer alternatives to purchasing services by contract, and the agency, department, or institution of higher education shall consider the alternatives before requesting bids.

(b) If the employees decide to compete for the contract, they shall notify the contracting agency, department, or institution of higher education of their decision. Employees must form one or more employee business units for the purpose of submitting a bid or bids to perform the services.

(c) The department of enterprise services, with the advice and assistance of the office of financial management, shall develop and make available to employee business units training in the bidding process and general bid preparation.

(d) The director of enterprise services, with the advice and assistance of the office of financial management, shall, by rule, establish procedures to ensure that bids are submitted and evaluated in a fair and objective manner and that there exists a competitive market for the service. (g) Any other cause the director determines to be so serious and compelling as to affect responsibility as a state contractor, including debarment by another governmental entity for any cause listed in regulations; and

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the population of Washington state has become increasingly diverse over the last several decades. The legislature also finds that as the

demographics of our state change, historically and currently marginalized communities still do not have the same opportunities to meet parity as their nonmarginalized counterparts across nearly every measure including education, poverty, employment, health, and more. Inequities based on race, ethnicity, gender, and other characteristics continue to be deep, pervasive, and persistent, and they come at a great economic and social cost. When individuals face barriers to achieving their full potential, the impact is felt by the individual, their communities, businesses, governments, and the economy as a whole in the form of lost wages, avoidable public expenditures, and more. This includes social ramifications that emerging technology, such as artificial intelligence and facial recognition technology, may have on historically and currently marginalized communities. It is the intent of the legislature to review these emerging technologies either already in use by agencies or before their launch by agencies if not already in use and make recommendations regarding agency use to ensure that the technology is used in a manner that benefits society and does not have disparate negative impacts on historically and currently marginalized communities or violate their civil rights. It is further intended that the office should collaborate with other state efforts in this regard.

The legislature finds that a more inclusive Washington is possible if agencies identify and implement effective strategies to eliminate systemic inequities. The legislature recognizes that different forms of discrimination and oppression are related to each other, and these relationships need to be taken into account.

The legislature finds that over the years, significant strides have been made within agencies to address the disparate outcomes faced by historically and currently marginalized communities. While these efforts have yielded positive work, the legislature finds that the work happening in agencies is fragmented across state government. Additionally, smaller agencies may not have the resources necessary to identify and implement policies to address systemic inequities. Furthermore, the legislature finds that the commission on African American affairs, the commission on Asian Pacific American affairs, the commission on Hispanic affairs, the governor's office of Indian affairs, the LGBTQ commission, the women's commission, and the human rights commission each play an important and integral role by serving as a voice for their respective communities and linking state government to these communities. The office is distinct from the commissions because it will serve as the state's subject matter expert on diversity, equity, and inclusion to state agencies and will provide technical assistance and support to agencies while each agency implements its individual equity plan. The office is not duplicative of the commissions, rather it is the intent of the legislature that the office will work in collaboration with the commissions. It is not the legislature's intent to eliminate the commissions or to reduce funding to the commissions by creating the office. Instead, it is the intent of the legislature that the office and the statutory commissions shall work in a complementary manner with each other, support each other's work, jurisdictions, and missions, and adequately fund the statutory commissions and the office as they take on their new complementary roles.

The legislature finds that state government must identify and coordinate effective strategies that focus on eliminating systemic barriers for historically and currently marginalized groups. To support this objective, an office of equity will provide a unified vision around equity for all state agencies. The office will assist government agencies to promote diversity, equity, and inclusion in all aspects of their decision making, including but not limited to services, programming, policy development, budgeting, and staffing. Doing so will foster a culture of accountability within state government that promotes opportunity for marginalized

communities and will help normalize language and concepts around diversity, equity, and inclusion.

#### MOTION

Senator Saldaña moved that the following striking floor amendment no. 1255 by Senator Saldaña be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the population of Washington state has become increasingly diverse over the last several decades. The legislature also finds that as the demographics of our state change, historically and currently marginalized communities still do not have the same opportunities to meet parity as their nonmarginalized counterparts across nearly every measure including education, poverty, employment, health, and more. Inequities based on race, ethnicity, gender, and other characteristics continue to be deep, pervasive, and persistent, and they come at a great economic and social cost. When individuals face barriers to achieving their full potential, the impact is felt by the individual, their communities, businesses, governments, and the economy as a whole in the form of lost wages, avoidable public expenditures, and more. This includes social ramifications that emerging technology, such as artificial intelligence and facial recognition technology, may have on historically and currently marginalized communities. It is the intent of the legislature to review these emerging technologies either already in use by agencies or before their launch by agencies if not already in use and make recommendations regarding agency use to ensure that the technology is used in a manner that benefits society and does not have disparate negative impacts on historically and currently marginalized communities

or violate their civil rights. It is further intended that the office should collaborate with other state efforts in this regard.

The legislature finds that a more inclusive Washington is possible if agencies identify and implement effective strategies to eliminate systemic inequities. The legislature recognizes that different forms of discrimination and oppression are related to each other, and these relationships need to be taken into account.

The legislature finds that over the years, significant strides have been made within agencies to address the disparate outcomes faced by historically and currently marginalized communities. While these efforts have yielded positive work, the legislature finds that the work happening in agencies is fragmented across state government. Additionally, smaller agencies may not have the resources necessary to identify and implement policies to address systemic inequities. Furthermore, the legislature finds that the commission on African American affairs, the commission on Asian Pacific American affairs, the commission on Hispanic affairs, the governor's office of Indian affairs, the LGBTQ commission, the women's commission, and the human rights commission each play an important and integral role by serving as a voice for their respective communities and linking state government to these communities. The office is distinct from the commissions because it will serve as the state's subject matter expert on diversity, equity, and inclusion to state agencies and will provide technical assistance and support to agencies while each agency implements its individual equity plan. The office is not duplicative of the commissions, rather it is the intent of the legislature that the office will work in collaboration with the commissions. It is not the legislature's intent to eliminate the commissions or to reduce funding to the commissions by creating the office. Instead, it is the intent of the legislature that the office and the commissions shall work in a complementary manner with each other, support each other's work, jurisdictions, and missions, and adequately fund the commissions and the office as they take on their new complementary roles.

The legislature finds that state government must identify and coordinate effective strategies that focus on eliminating systemic barriers for historically and currently marginalized groups. To support this objective, an office of equity will provide a unified vision around equity for all state agencies. The office will assist government agencies to promote diversity, equity, and inclusion in all aspects of their decision making, including but not limited to services, programming, policy development, budgeting, and staffing. Doing so will foster a culture of accountability within state government that promotes opportunity for marginalized communities and will help normalize language and concepts around diversity, equity, and inclusion.

Senator Wellman moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** This act may be known and cited as the hunger-free schools act.

**Sec. 2.** RCW 28A.235.290 and 2019 c 208 s 2 are each amended to read as follows:

(1) The office of the superintendent of public instruction shall develop and implement a plan to increase the number of schools participating in the United States department of agriculture community eligibility provision for the 2018-19 school year and subsequent years. The office shall work jointly with community-based organizations and national experts focused on hunger and nutrition and familiar with the community eligibility provision, at least two school representatives who have successfully implemented community eligibility, and the state agency responsible for medicaid direct certification. The plan must describe how the office of the superintendent of public instruction will:

(a) Identify and recruit eligible schools to implement the community eligibility provision, with the goal of increasing the participation rate of eligible schools to at least the national average;

(b) Provide comprehensive outreach and technical assistance to school districts and schools to implement the community eligibility provision;

(c) Support breakfast after the bell programs authorized by the legislature to adopt the community eligibility provision;

(d) Work with school districts to group schools in order to maximize the number of schools implementing the community eligibility provision; and

(e) Determine the maximum percentage of students eligible for free meals where participation in the community eligibility

provision provides the most support for a school, school district, or group of schools.

(2) Until June 30, ~~((2019))~~ 2021, the office of the superintendent of public instruction shall convene the organizations working jointly on the plan monthly to report on the status of the plan and coordinate outreach and technical assistance efforts to schools and school districts. In completing the duties required by this subsection (2), the office of the superintendent of public instruction and the organizations working jointly on the plan shall also, by December 1, 2020, examine the impacts to schools and districts that can result from participation in the community eligibility provision and identify approaches to addressing those impacts.

(3) Beginning in 2018, the office of the superintendent of public instruction shall report annually the number of schools that have implemented the community eligibility provision to the legislature by December 1st of each year. The report shall identify:

- (a) Any barriers to implementation;
- (b) Recommendations on policy and legislative solutions to overcome barriers to implementation;
- (c) Reasons potentially eligible schools and school districts decide not to adopt the community eligibility provision; and
- (d) Approaches in other states to adopting the community eligibility provision.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.235 RCW to read as follows:

(1) Except as provided otherwise by this section, each school with students in or below grade eight that has an identified student percentage of at least sixty-two and one-half percent, as determined annually by April 1st, must participate in the United States department of agriculture's community eligibility provision in the subsequent school year and throughout the duration of the community eligibility provision's four-year cycle.

(2) Schools that, through an arrangement with a local entity, provide meals to all students and at no costs to the students are exempt from the requirements of this section.

(3) For the purposes of this section, "identified student" means a student who is directly certified for free school meals based on the student's participation in other means-tested assistance programs, and students who are categorically eligible for free school meals without an application and not subject to income verification.

**Sec. 4.** RCW 28A.150.260 and 2018 c 266 s 101 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education average class size	
Grades K-3	17.00
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student

2020 REGULAR SESSION

multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

Laboratory science  
average class size  
Grades 9-12 19.98

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical  
education average  
class size  
Approved career and technical education offered at  
the middle school and high school level 23.00  
Skill center programs meeting the standards established  
by the office of the superintendent of public  
instruction 20.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

Other supplies	\$77.28
Library materials	\$5.56
Instructional professional development for certificated and classified staff	\$6.04

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the greater of either: The district percentage of students in kindergarten through grade twelve who were eligible for free or reduced-price meals for the school year immediately preceding the district's participation, in whole or part, in the United States department of agriculture's community eligibility provision, or the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its total annual average enrollment. A school continues to meet the definition of a qualifying school if the school: Participates in the United States department of agriculture's community eligibility provision; and met the definition of a qualifying school in the year immediately preceding their participation. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a

statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

**Sec. 5.** RCW 28A.405.415 and 2013 2nd sp.s. c 5 s 4 are each amended to read as follows:

(1) Certificated instructional staff who have attained certification from the national board for professional teaching standards shall receive a bonus each year in which they maintain the certification. The bonus shall be calculated as follows: The annual bonus shall be five thousand dollars in the 2007-08 school year. Hereafter, the annual bonus shall increase by inflation, except that the bonus shall not be increased during the 2013-14 and 2014-15 school years.

(2)(a) Certificated instructional staff who have attained certification from the national board for professional teaching standards shall be eligible for bonuses in addition to that provided by subsection (1) of this section if the individual is in an

(3) The amount of the additional bonus under subsection (2) of this section for those meeting the qualifications of subsection (2) of this section is five thousand dollars.

(4) The bonuses provided under this section are in addition to compensation received under a district's salary schedule adopted in accordance with RCW 28A.405.200 and shall not be included in calculations of a district's average salary and associated salary limitations under RCW 28A.400.200.

SUBSTITUTE HOUSE BILL NO. 2711, by House Committee on Education (originally sponsored by J. Johnson, Corry, Stonier, Ormsby, Appleton, Caldier, Davis, Leavitt, Lekanoff, Ramel, Senn, Chopp, Goodman, Fey, Pollet, Callan and Chambers)

Increasing equitable educational outcomes for foster care and homeless children and youth from prekindergarten to postsecondary education.

The measure was read the second time.

#### MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that students in foster care, experiencing homelessness, or both, have the lowest high school graduation and postsecondary completion outcomes compared to other student populations. The legislature also finds that these students change schools at significantly higher rates than their general student population peers, and that these changes can disrupt academic progress. The legislature further finds that these students have disproportionate suspension and expulsion rates, and require special education services at much higher rates than other students.

(2) The legislature acknowledges that, as a result, only forty-six percent of Washington students who experienced foster care during high school, and fifty-five percent of students experiencing homelessness, graduated from high school on time in 2018. By comparison, the statewide four-year graduation rate for the class of 2019 was nearly eighty-one percent. Furthermore, students of color are disproportionately represented in the foster care system and in homeless student populations, and their academic outcomes are significantly lower than their white peers. Additionally, students who do not achieve positive education outcomes experience high rates of unemployment, poverty, adult homelessness, and incarceration.

(3) The legislature, therefore, intends to provide the opportunity for an equitable education for students in foster care, experiencing homelessness, or both. In accomplishing this goal, the legislature intends to achieve parity in education outcomes for these students, both in comparison to their general student population peers and throughout the education continuum of prekindergarten to postsecondary education.

(4) In 2018 the legislature directed the department of children, youth, and families and other entities in chapter 299, Laws of 2018, to convene a work group focused on students in foster care and students experiencing homelessness. The legislature resolves to continue this work group to improve education outcomes for these students.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction, in collaboration with the department of children, youth, and families, the office of homeless youth prevention and protection programs of the department of commerce, and the student achievement council, shall convene the project education impact work group to address the needs of students in foster care, experiencing homelessness, or both. The work group must

include representatives of nongovernmental agencies and representation from the educational opportunity gap oversight and accountability committee. The work group must also include four legislative members appointed as follows:

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(2) The work group must focus its efforts on students in foster care, experiencing homelessness, or both, and must develop and implement a plan that will accomplish the following by 2027:

(a) Enable the students to achieve parity in education outcomes with their general student population peers; and

(b) Eliminate racial and ethnic disparities for the education outcomes of the students in comparison to their general student population peers.

(3)(a) The work group shall review the education outcomes of students in foster care, experiencing homelessness, or both, by examining data, disaggregated by race and ethnicity, on:

(i) Kindergarten readiness, early grade reading and math, eighth and ninth grade students on track to graduate, high school completion, postsecondary enrollment, and postsecondary completion; and

(ii) School attendance, school mobility, special education status, and school discipline.

(b) To enable the review required by this subsection (3), the office of the superintendent of public instruction, the department of children, youth, and families, the student achievement council, and the office of homeless youth prevention and protection programs of the department of commerce shall provide updated education data and other necessary data to the education data center established under RCW 43.41.400.

(c) The education data center must provide an updated report to the work group on these education outcomes by March 31, 2021, and annually thereafter. If state funds are not made available to complete the reports required by this subsection (3)(c), the work group may pursue supplemental private funding to ensure the completion of the reports.

(4) The work group shall also:

(a) Evaluate the outcomes, needs, and service array for students in foster care, experiencing homelessness, or both, and the specific needs of students of color and those with special education needs;

(b) Engage stakeholders, including students in foster care, experiencing homelessness, or both, foster parents and relative caregivers, birth parents, caseworkers, school districts and educators, early learning providers, postsecondary institutions, and federally recognized tribes, to provide input on the development of recommendations; and

(c)(i) Submit annual reports to the governor, the appropriate committees of the legislature, and the educational opportunity gap oversight and accountability committee by October 31st of each year regarding the progress the state has made toward achieving education parity for students in foster care, experiencing homelessness, or both.

(ii) The reports required by this subsection (4)(c) must:

(A) Describe the progress made toward achieving the following goals for students in foster care, experiencing homelessness, or both:

(I) Parity in kindergarten readiness rates;

(II) Parity in high school graduation rates;

(III) Parity in postsecondary education and state-approved apprenticeship enrollment; and

(IV) Parity in postsecondary education and state-approved apprenticeship completion;

(B) Include updates on agency and nongovernmental agency actions toward achieving the goals specified in this section, and the effectiveness of support services for students in foster care, experiencing homelessness, or both;

(C) Include recommendations to further align and improve policy, programs, agency practice, and supports for students, and provide for shared and sustainable accountability to reach the goal of educational parity, including recommendations to:

(I) Address systems barriers and improve educational stability;

(II) Enforce existing state law requiring that education records, documentation of educational needs, individualized education programs, credits, and other records follow students when they transition between districts or to another education program or facility;

(III) Improve racial equity in education outcomes; and

(IV) Ensure appropriate work group access to consistent and accurate annual education outcomes data;

(D) Identify recommendations that can be implemented using existing resources, rules, and regulations and those that require policy, administrative, and resource allocation changes; and

(E) Identify the progress made toward meaningful engagement of stakeholders in informing recommendations.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.36.560 and 2019 c 390 s 11 are each amended to read as follows:

(1) The real and personal property owned or used by a nonprofit entity in providing rental housing for ~~((very low income))~~ qualifying households or used to provide space for the placement of a mobile home for a ~~((very low income))~~ qualifying household within a mobile home park is exempt from taxation if:

(a) The benefit of the exemption inures to the nonprofit entity;

(b) At least seventy-five percent of the occupied dwelling units in the rental housing or lots in a mobile home park are occupied by a ~~((very low income))~~ qualifying household; and

(c) The rental housing or lots in a mobile home park were insured, financed, or assisted in whole or in part through one or more of the following sources:

(i) A federal or state housing program administered by the department of commerce;

(ii) A federal housing program administered by a city or county government;

(iii) An affordable housing levy authorized under RCW 84.52.105;

(iv) The surcharges authorized by RCW 36.22.178 and 36.22.179 and any of the surcharges authorized in chapter 43.185C RCW; or

(v) The Washington state housing finance commission, provided that the financing is for a mobile home park cooperative or a manufactured housing cooperative, as defined in RCW 59.20.030, or a nonprofit entity.

(2) If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park are occupied by ~~((very low income))~~ qualifying households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a total exemption of the housing's or park's personal property as follows:

(a) A partial exemption is allowed for each dwelling unit in the rental housing or for each lot in a mobile home park occupied by a ~~((very low income))~~ qualifying household.

(b) The amount of exemption must be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The numerator of the fraction is the number of dwelling units or lots occupied by ~~((very low income))~~ qualifying households as of December 31st of the first assessment year in which the rental housing or mobile home park becomes operational or on January 1st of each subsequent assessment year for which the exemption is claimed. The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year the rental housing or mobile home park becomes operational and January 1st of each subsequent assessment year for which exemption is claimed.

(3) If a currently exempt rental housing unit ~~((in a facility with ten units or fewer))~~ or mobile home lot in a mobile home park ~~((with ten lots or fewer))~~ was occupied by a ~~((very low income))~~ qualifying household at the time the exemption was granted and the income of the household subsequently rises above ~~((fifty percent of the median income))~~ the threshold set in subsection (7)(c) of this section but remains at or below eighty percent of the median income, the exemption will continue as long as the housing continues to meet the certification requirements ~~((of a very low income housing program))~~ listed in subsection (1) of

this section. For purposes of this section, median income, as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located, shall be adjusted for family size. However, if a dwelling unit or a lot becomes vacant and is subsequently rented, the income of the new household must be at or below ~~((fifty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located))~~ the threshold set in subsection (7)(e) of this section to remain exempt from property tax.

(4) If at the time of initial application the property is unoccupied, or subsequent to the initial application the property is unoccupied because of renovations, and the property is not currently being used for the exempt purpose authorized by this section but will be used for the exempt purpose within two assessment years, the property shall be eligible for a property tax exemption for the assessment year in which the claim for exemption is submitted under the following conditions:

(a) A commitment for financing to acquire, construct, renovate, or otherwise convert the property to provide housing for ~~((very low income))~~ qualifying households has been obtained, in whole or in part, by the nonprofit entity claiming the exemption from one or more of the sources listed in subsection (1)(c) of this section;

(b) The nonprofit entity has manifested its intent in writing to construct, remodel, or otherwise convert the property to housing for ~~((very low income))~~ qualifying households; and

(c) Only the portion of property that will be used to provide housing or lots for ~~((very low income))~~ qualifying households shall be exempt under this section.

(5) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(6) The nonprofit entity qualifying for a property tax exemption under this section may agree to make payments to the city, county, or other political subdivision for improvements, services, and facilities furnished by the city, county, or political subdivision for the benefit of the rental housing. However, these payments shall not exceed the amount last levied as the annual tax of the city, county, or political subdivision upon the property prior to exemption.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Group home" means a single-family dwelling financed, in whole or in part, by one or more of the sources listed in subsection (1)(c) of this section. The residents of a group home shall not be considered to jointly constitute a household, but each resident shall be considered to be a separate household occupying a separate dwelling unit. The individual incomes of the residents shall not be aggregated for purposes of this exemption;

(b) "Mobile home lot" or "mobile home park" means the same as these terms are defined in RCW 59.20.030;

(c) "Occupied dwelling unit" means a living unit that is occupied by an individual or household as of December 31st of the first assessment year the rental housing becomes operational or is occupied by an individual or household on January 1st of each subsequent assessment year in which the claim for exemption is submitted. If the housing facility is comprised of three or fewer dwelling units and there are any unoccupied units on January 1st, the department shall base the amount of the exemption upon the number of occupied dwelling units as of December 31st of the first assessment year the rental housing becomes operational and on May 1st of each subsequent assessment year in which the claim for exemption is submitted;

(d) "Rental housing" means a residential housing facility or group home that is occupied but not owned by ~~((very low income))~~ qualifying households;

(e)(i) ~~((Very low income))~~ Qualifying household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located and in effect as of January 1st of the year the application for exemption is submitted; ~~((and))~~

(ii) Beginning July 1, 2021, "qualifying household" means a single person, family, or unrelated persons living together whose income is at or below sixty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located and in effect as of January 1st of the year the application for exemption is submitted; and

Concerning minimum recycled content requirements.

MOTION

Senator Lovelett moved that the following committee striking amendment by the Committee on Environment, Energy & Technology be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Sustainable and resilient markets for recycled materials are essential to any successful recycling system. For many years, Washington has depended on foreign markets to accept the recyclable materials that are collected for recycling in the state. Developing domestic markets for recycled materials benefits the environment and the state's economy and is critical due to the loss of foreign markets.

(2) China's 2018 national sword policy bans the importation of recycled mixed paper and certain types of recycled plastic and imposes a stringent one-half of one percent contamination limit on all other recycled material imports. Washington's recycling facilities are struggling to find markets for recycled materials, resulting in the stockpiling of these materials. Washington must reduce its reliance on unpredictable foreign markets for its recycled materials.

(3) Plastic bottles can be recycled and can contain recycled content in order to close the loop in the recycling stream. Many companies have already taken the initiative at closing the loop by using plastic bottles that contain one hundred percent recycled content. Since November 2010, one national juice company has been using bottles made with one hundred percent postconsumer recycled content for all of its juices and juice smoothies. In January 2018, an international beverage producer announced that it will make all its bottles from one hundred percent recycled plastic by 2025.

(4) The requirements imposed by this act are reasonable and are achievable at minimal cost relative to the burden imposed by the continued excessive use of virgin materials in beverage containers in Washington.

(5) The legislature encourages beverage manufacturers to use plastic beverage containers that exceed the standards set forth in this act.

NEW SECTION. Sec. 2. The definitions in this section apply throughout sections 3 through 7 of this act unless the context clearly requires otherwise.

(1) "Beverage manufacturer" means a manufacturer of one or more beverages described in section 3(1) of this act, that are sold, offered for sale, or distributed in Washington.

(2) "Beverage manufacturing industry" means an association that represents companies that manufacture beverages.

(3) "Department" means the department of ecology.

**NEW SECTION. Sec. 3.** (1) Beginning January 1, 2022, manufacturers of plastic beverage containers that offer for sale, sell, or distribute in Washington beverages, intended for human or animal consumption and in a quantity more than or equal to two fluid ounces and less than or equal to one gallon, must meet minimum postconsumer recycled content as required under section 4 of this act, on average for the total number of plastic beverage containers for the following beverages:

- (a) Water and flavored water;
- (b) Beer or other malt beverages;
- (c) Wine;
- (d) Mineral waters, soda water, and similar carbonated soft drinks; and
- (e) Any beverage other than those specified in subsection (2) of this section, except infant formula.

(2) The following containers are exempt from sections 3 through 6 of this act:

- (a) Refillable plastic beverage containers;
  - (b) Rigid plastic containers or rigid plastic bottles that are medical devices, medical products that are required to be sterile, prescription medicine, and packaging used for those products; and
  - (c) Bladders or pouches that contain wine.
- (3) The department may adopt rules to exempt beverages.

**NEW SECTION. Sec. 4.** (1) Every year, a beverage manufacturer must meet the following minimum postconsumer recycled plastic content on average for the total number of plastic beverage containers for beverages as established in section 3 of this act that are sold, offered for sale, or distributed in Washington effective:

- (a) January 1, 2022, through December 31, 2024: No less than ten percent postconsumer recycled plastic;
- (b) January 1, 2025, through December 31, 2029: No less than twenty-five percent postconsumer recycled plastic;
- (c) On and after January 1, 2030: No less than fifty percent postconsumer recycled plastic.

(2)(a) Beginning in 2021, and every other year thereafter, or at the petition of the beverage manufacturing industry but not more than annually, the department shall consider whether the minimum postconsumer recycled content requirements established under subsection (1) of this section should be waived or reduced. The department must consider a petition from the beverage manufacturing industry within sixty days of receipt.

(b) If the department determines that a minimum postconsumer recycled content requirement should be adjusted, the adjusted rate must be in effect until a new determination is made or upon the expiration of the minimum postconsumer recycled content requirement's effective period, whichever occurs first. The department may not adjust the minimum postconsumer recycled content requirements above the minimum postconsumer recycled plastic content percentages, as established under subsection (1) of this section. In making a determination to adjust the minimum postconsumer recycled content requirements the department must at least consider the following:

- (i) Changes in market conditions, including supply and demand for postconsumer recycled plastics, collection rates, and bale availability;
- (ii) Recycling rates;
- (iii) The availability of recycled plastic suitable to meet the minimum postconsumer recycled content requirements, including

the availability of high quality recycled plastic, and food grade recycled plastic from beverage container recycling programs;

- (iv) The capacity of recycling or processing infrastructure;
- (v) The progress made by beverage manufacturers in meeting the requirements of this section; and
- (vi) The carbon footprint of the transportation of the recycled resin.

(3) The beverage manufacturing industry or a beverage manufacturer may appeal adjustments to the requirement for minimum postconsumer recycled content as determined under subsection (1) of this section to the pollution control hearings board within thirty days of the department's determination.

(4) The department may grant extensions of time for beverage manufacturers to meet the minimum postconsumer recycled plastic content requirements established under subsection (1) of this section if the department determines that a beverage manufacturer has made a substantial effort but has failed to meet the minimum recycled plastic content requirements due to extenuating circumstances beyond the beverage manufacturer's control.

(5) A beverage manufacturer that does not meet the minimum postconsumer recycled plastic content requirements established in subsection (1) of this section is subject to a fee established in section 6 of this act.

**NEW SECTION. Sec. 5.** (1)(a) On or before March 1, 2022, and annually thereafter, a beverage manufacturer, under penalty of perjury, must report to the department, in pounds and by resin type, the amount of virgin plastic and postconsumer recycled plastic used for plastic beverage containers containing a beverage as established under section 3 of this act sold, offered for sale, or distributed in Washington in the previous calendar year.

(b) The department must post the information reported under this subsection on its web site.

(2) The department may: (a) Conduct audits and investigations for the purpose of ensuring compliance with this section based on the information reported under subsection (1) of this section; and (b) adopt rules to implement, administer, and enforce the requirements of this act.

(3) The department shall keep confidential all business trade secrets and proprietary information about manufacturing processes and equipment that the department gathers or becomes aware of through the course of conducting audits or investigations pursuant to this chapter.

**NEW SECTION. Sec. 6.** (1) Beginning January 1, 2023, a beverage manufacturer that does not meet the minimum postconsumer recycled plastic content requirements as established under section 4 of this act, based upon the amount in pounds and in the aggregate, is subject to an annual fee.

(2) The following violation levels are based on a beverage manufacturer's overall compliance rate of the minimum postconsumer recycled plastic content requirements.

- (a) Level one violation: At least seventy-five percent but less than one hundred percent of the minimum recycled plastic content requirements;
- (b) Level two violation: At least fifty percent but less than seventy-five percent of the minimum recycled plastic content requirements;
- (c) Level three violation: At least twenty-five percent but less than fifty percent of the minimum recycled plastic content requirements;
- (d) Level four violation: At least fifteen percent but less than twenty-five percent of the minimum recycled plastic content requirements; and
- (e) Level five violation: Less than fifteen percent of the minimum recycled plastic content requirements.

FIFTY THIRD DAY, MARCH 5, 2020

2020 REGULAR SESSION

(3) Beginning March 1, 2023, the department may assess fees for violations as follows:

(a) Level one violation, the fee range is five cents to fifteen cents per pound;

(b) Level two violation, the fee range is ten cents to twenty cents per pound;

(c) Level three violation, the fee range is fifteen cents to twenty-five cents per pound;

(d) Level four violation, the fee range is twenty cents to thirty cents per pound;

(e) Level five violation, the fee range is twenty-five cents to thirty cents per pound.

(4) In lieu of or in addition to assessing a fee under subsection (3) of this section, the department may require a beverage manufacturer to submit a corrective action plan detailing how the beverage manufacturer plans to come into compliance with section 4 of this act.

(5) The department shall consider equitable factors in determining whether to assess a fee under subsection (3) of this section and the amount of the fee including, but not limited to: The nature and circumstances of the violation; actions taken by the beverage manufacturer to correct the violation; the beverage manufacturer's history of compliance; the size and economic condition of the beverage manufacturer; and whether the violation or conditions giving rise to the violation were due to circumstances beyond the reasonable control of the beverage manufacturer or were otherwise unavoidable under the circumstances including, but not limited to, unforeseen changes in market conditions.

(6) A beverage manufacturer must:

(a) Pay to the department assessed fees in quarterly installments; or

(b) Arrange an alternative payment schedule subject to the approval of the department.

(7) A beverage manufacturer may appeal fees assessed under this section to the pollution control hearings board within thirty days of assessment.

(8)(a) The department shall consider waiving or reducing the fees or extending the time frame for assessing fees established under subsection (3) of this section for a beverage manufacturer that has demonstrated progress toward meeting the minimum postconsumer recycled content requirements, as established under section 4 of this act, if the beverage manufacturer:

(i) Has failed to meet the minimum postconsumer recycled content requirements; or

(ii) Anticipates it will not be able to meet the minimum postconsumer recycled content requirements.

(b) In determining whether to grant a waiver of, or reduce a fee, or extend the time frame for assessing a fee, the department shall consider, at a minimum, all of the following:

(i) Anomalous market conditions;

(ii) Disruption in, or lack of supply of, recycled plastics; and

(iii) Other factors that have prevented a beverage manufacturer from meeting the requirements.

(9) A beverage manufacturer shall pay the fees assessed pursuant to this section, as applicable, based on the information reported to the department as required under section 5(1) of this act in the form and manner prescribed by the department.

**NEW SECTION. Sec. 7.** The recycling enhancement fee account is created in the state treasury. All fees collected by the department pursuant to section 6 of this act must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department only for providing funding to the recycling development center created in RCW 70.370.030 for the purpose

of furthering the development of recycling infrastructure in this state.

**NEW SECTION. Sec. 8.** A new section is added to chapter 42.56 RCW to read as follows:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It has long been the policy of this state to prohibit all forms and means of gambling except where carefully and specifically authorized and regulated. The legislature intends to further this policy by authorizing sports wagering on a very limited basis by restricting it to tribal casinos in the state of Washington. Tribes have more than twenty years' experience with, and a proven track record of, successfully operating and regulating gaming facilities in accordance with tribal gaming compacts. Tribal casinos can operate sports wagering pursuant to these tribal gaming compacts, offering the benefits of the same highly regulated environment to sports wagering.

**NEW SECTION. Sec. 2.** A new section is added to chapter 9.46 RCW to read as follows:

(1) Upon the request of a federally recognized Indian tribe or tribes in the state of Washington, the tribe's class III gaming compact may be amended pursuant to the Indian gaming regulatory act, 25 U.S.C. Sec. 2701 et seq., and RCW 9.46.360 to authorize the tribe to conduct and operate sports wagering on its Indian lands, provided the amendment addresses: Licensing; fees associated with the gambling commission's regulation of sports wagering; how sports wagering will be conducted, operated, and regulated; issues related to criminal enforcement, including money laundering, sport integrity, and information sharing between the commission and the tribe related to such enforcement; and responsible and problem gambling. Sports wagering conducted pursuant to the gaming compact is a gambling activity authorized by this chapter.

(2) Sports wagering conducted pursuant to the provisions of a class III gaming compact entered into by a tribe and the state pursuant to RCW 9.46.360 is authorized bookmaking and is not subject to civil or criminal penalties pursuant to RCW 9.46.225.

**Sec. 3.** RCW 9.46.070 and 2012 c 116 s 1 are each amended to read as follows:

The commission shall have the following powers and duties:

(1) To authorize and issue licenses for a period not to exceed one year to bona fide charitable or nonprofit organizations approved by the commission meeting the requirements of this chapter and any rules and regulations adopted pursuant thereto permitting said organizations to conduct bingo games, raffles, amusement games, and social card games, to utilize punchboards and pull-tabs in accordance with the provisions of this chapter and any rules and regulations adopted pursuant thereto and to revoke or suspend said licenses for violation of any provisions of this chapter or any rules and regulations adopted pursuant thereto: PROVIDED, That the commission shall not deny a license to an otherwise qualified applicant in an effort to limit the number of licenses to be issued: PROVIDED FURTHER, That the commission or director shall not issue, deny, suspend, or revoke any license because of considerations of race, sex, creed, color, or national origin: AND PROVIDED FURTHER, That the commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

and to conduct social card games as a commercial stimulant in accordance with the provisions of this chapter and any rules and regulations adopted pursuant thereto and to revoke or suspend said licenses for violation of any provisions of this chapter and any rules and regulations adopted pursuant thereto: PROVIDED, That the commission shall not deny a license to an otherwise qualified applicant in an effort to limit the number of licenses to be issued: PROVIDED FURTHER, That the commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

The commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

(5) To establish a schedule of annual license fees for carrying on specific gambling activities upon the premises, and for such other activities as may be licensed by the commission, which fees shall provide to the commission not less than an amount of money adequate to cover all costs incurred by the commission relative to licensing under this chapter and the enforcement by the commission of the provisions of this chapter and rules and regulations adopted pursuant thereto: PROVIDED, That all licensing fees shall be submitted with an application therefor and such portion of said fee as the commission may determine, based upon its cost of processing and investigation, shall be retained by the commission upon the withdrawal or denial of any such license application as its reasonable expense for processing the application and investigation into the granting thereof: PROVIDED FURTHER, That if in a particular case the basic license fee established by the commission for a particular class of license is less than the commission's actual expenses to investigate that particular application, the commission may at any time charge to that applicant such additional fees as are necessary to pay the commission for those costs. The commission may decline to proceed with its investigation and no license shall be issued until the commission has been fully paid therefor by the applicant: AND PROVIDED FURTHER, That the commission may establish fees for the furnishing by it to licensees of identification stamps to be affixed to such devices and equipment as required by the commission and for such other special services or programs required or offered by the commission, the amount of each of these fees to be not less than is adequate to offset the cost to the commission of the stamps and of administering their dispersal to licensees or the cost of administering such other special services, requirements or programs;

All national criminal history background checks shall be conducted using fingerprints submitted to the United States department of justice-federal bureau of investigation. The commission must establish rules to delineate which persons named on the application are subject to national criminal history background checks. In identifying these persons, the commission must take into consideration the nature, character, size, and scope of the gambling activities requested by the persons making such applications;

(8) To require that any license holder maintain records as directed by the commission and submit such reports as the commission may deem necessary;

(9) To require that all income from bingo games, raffles, and amusement games be recorded and reported as established by rule or regulation of the commission to the extent deemed necessary by considering the scope and character of the gambling activity in such a manner that will disclose gross income from any gambling activity, amounts received from each player, the nature and value of prizes, and the fact of distributions of such prizes to the winners thereof;

#### PERSONAL PRIVILEGE

Senator Warnick: "Thank you Mr. President. Earlier today, we recognized, in a resolution, Officer or Deputy Cooper Dyson and I thank Senator Zeiger for bringing that forward. I would also

like to recognize our officer, our canine partners. Last week, last Friday night, one of the Moses Lake Police Department deputies and his K-9 partner, Chief, were pursuing a suspect. When the suspect got out of his car, he started shooting. K-9 Chief took a bullet for his partner. He suffered a potential career ending injury. He was shot in the face. He has lost an eye. His jaw is broken. But, thanks to the W.S.U. Veterinary College, he came back to Moses Lake a few days ago to a hero's welcome. So, we need to recognize our canine partners. The ability for them to help our officers in times like these. Right now the Moses Lake community is coming together to pay the almost \$50,000 of medical bills that they're, is going to be facing the police department for this canine, but we are very, very willing to do that because he is part, K-9 Chief is part of our Police Department just like every other officer and I just wanted to recognize him and thank you Mr. President."

"NEW SECTION. **Sec. 1.** A new section is added to chapter 46.96 RCW to read as follows:

(1) Notwithstanding the terms of a franchise agreement, a brand owner shall not directly or indirectly:

- (a) Require a new motor vehicle dealer to offer a secondary product;
- (b) Require a new motor vehicle dealer to provide a customer with a disclosure not otherwise required by law; or
- (c) Prohibit a new motor vehicle dealer from offering a secondary product including, but not limited to:
  - (i) Service contracts;
  - (ii) Maintenance agreements;
  - (iii) Extended warranties;
  - (iv) Protection product guarantees;
  - (v) Guaranteed asset protection waivers;
  - (vi) Insurance;
  - (vii) Replacement parts;
  - (viii) Vehicle accessories;
  - (ix) Oil; or
  - (x) Supplies.

(2) It is not a violation of this section for a brand owner to offer an incentive program to new motor vehicle dealers to encourage them to sell or offer to sell a secondary product approved, endorsed, sponsored, or offered by the brand owner, provided the program does not provide vehicle sales or service incentives.

(3) It is not a violation of this section for a brand owner to prohibit a new motor vehicle dealer from using secondary products for any repair work paid for by the brand owner under the terms of a warranty, recall, service contract, extended warranty, maintenance plan, or certified preowned vehicle program established or offered by the brand owner.

(4) For the purposes of this section:

(a) "Brand owner" means a manufacturer, distributor, factory branch, factory representative, agent, officer, parent company, wholly or partially owned subsidiary, affiliate entity, or other person under common control with a factory, importer, or distributor.

(2) If a retail installment contract for the purchase of a motor vehicle includes the purchase of a secondary product, a lender who shares common control with a brand owner may not directly or indirectly require, as a condition of acceptance of assignment of the retail installment contract, that the buyer purchase a secondary product from a particular provider, administrator, or insurer. A violation of this subsection is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW.

(3) For the purposes of this section, "secondary product," "common control," and "brand owner" have the same meanings as provided in section 1 of this act.

(c) The first insulin patent in the United States was awarded in 1923 and the first synthetic insulin arrived on the market in 1978; and

(d) The price and utilization of insulin has steadily increased, making it one of the costliest prescription drugs in the state. According to the Washington all-payer claims database, the allowable costs before rebates for health carriers in the state have increased eighty-seven percent since 2014, and per member out-of-pocket costs have increased an average of eighteen percent over the same time period.

(2) Therefore, the legislature intends to review, consider, and pursue several strategies with the goal of reducing the cost of insulin in Washington.

The administrator shall explore joint purchasing opportunities with other states.

(b) State purchased health care programs are exempt from the requirements of this section if they can demonstrate to the administrator of the state health care authority that, as a result of the availability of federal programs or other purchasing arrangements, their other purchasing mechanisms will result in greater discounts and aggregate cost savings than would be realized through participation in the consortium.

(2) Participation in the purchasing consortium shall be offered as an option beginning January 1, 2006. Participation in the consortium is purely voluntary for units of local government, private entities, labor organizations, health carriers as provided in RCW 48.43.005, state care purchased health care services from or through health carriers as provided in RCW 48.43.005, and for individuals who lack or are underinsured for prescription drug coverage. (4)) The state health care authority is authorized to adopt rules implementing chapter 129, Laws of 2005.

~~((5) State purchased health care programs are exempt from the requirements of this section if they can demonstrate to the administrator that, as a result of the availability of federal programs or other purchasing arrangements, their other purchasing mechanisms will result in greater discounts and aggregate cost savings than would be realized through participation in the consortium.))~~

The office of the insurance commissioner must provide written notice of the change in internal revenue service guidance to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the office.

A domestic brewery holding a spirits, beer, and wine restaurant license may sell beer of its own production for off-premises consumption from its restaurant premises in kegs or in a sanitary container brought to the premises by the purchaser or furnished by the licensee and filled at the tap by the licensee at the time of sale.

(3) Any domestic brewery licensed under this section may also sell beer produced by another domestic brewery or a microbrewery for on and off-premises consumption from its premises as long as the other breweries' brands do not exceed twenty-five percent of the domestic brewery's on-tap offering of its own brands.

(4) A domestic brewery may hold up to ~~((two))~~ four retail licenses to operate an on or ~~((off premise [off premises]))~~ off-premises tavern, beer and/or wine restaurant, ~~((or))~~ spirits, beer, and wine restaurant, or any combination thereof. (b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsection (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that may be filed under subsections (5) and (8) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient to charge an alleged offender with:

(b) Voyeurism in the second degree, the offender is under seventeen years of age, and the alleged offense is the offender's first voyeurism in the second degree offense, the prosecutor shall divert the case, unless the offender has received two diversions for any offense in the previous two years;

(c) Minor selling depictions of himself or herself engaged in sexually explicit conduct under RCW 9.68A.053(5) and the alleged offense is the offender's first violation of RCW 9.68A.053(5), the prosecutor shall divert the case; or

(8) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor may be guided by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(10) The responsibilities of the prosecutor under subsections (1) through (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to community-based programs, restorative justice programs, mediation, or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

(12) Prosecutors and juvenile courts are encouraged to engage with and partner with community-based programs to expand, improve, and increase options to divert youth from formal

processing in juvenile court. Nothing in this chapter should be read to limit partnership with community-based programs to create diversion opportunities for juveniles.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsection (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. "Sec. 1. RCW 26.19.011 and 2005 c 282 s 35 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(2) "Child support schedule" means the standards, economic table, worksheets, and instructions, as defined in this chapter.

(4) "Deviation" means a child support amount that differs from the standard calculation.

(5) "Economic table" means the child support table for the basic support obligation provided in RCW 26.19.020.

(6) "Full-time" means the customary number of maximum, nonovertime hours worked in an individual's historical occupation, industry, and labor market. "Full-time" does not necessarily mean forty hours per week.

(7) "Instructions" means the instructions developed by the administrative office of the courts pursuant to RCW 26.19.050 for use in completing the worksheets.

~~((7))~~ (8) "Standards" means the standards for determination of child support as provided in this chapter.

~~((8))~~ (9) "Standard calculation" means the presumptive amount of child support owed as determined from the child support schedule before the court considers any reasons for deviation.

~~((9))~~ (10) "Support transfer payment" means the amount of money the court orders one parent to pay to another parent or custodian for child support after determination of the standard calculation and deviations. If certain expenses or credits are expected to fluctuate and the order states a formula or percentage to determine the additional amount or credit on an ongoing basis, the term "support transfer payment" does not mean the additional amount or credit.

~~((40))~~ (11) "Worksheets" means the forms developed by the administrative office of the courts pursuant to RCW 26.19.050 for use in determining the amount of child support.

**Sec. 2.** RCW 26.19.071 and 2011 1st sp.s. c 36 s 14 are each amended to read as follows:

(1) **Consideration of all income.** All income and resources of each parent's household shall be disclosed and considered by the court when the court determines the child support obligation of each parent. Only the income of the parents of the children whose support is at issue shall be calculated for purposes of calculating the basic support obligation. Income and resources of any other person shall not be included in calculating the basic support obligation.

(2) **Verification of income.** Tax returns for the preceding two years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(3) **Income sources included in gross monthly income.** Except as specifically excluded in subsection (4) of this section, monthly gross income shall include income from any source, including:

Receipt of income and resources from temporary assistance for needy families, supplemental security income, aged, blind, or disabled assistance benefits, and food stamps shall not be a reason to deviate from the standard calculation.

(5) **Determination of net income.** The following expenses shall be disclosed and deducted from gross monthly income to calculate net monthly income:

- (a) Federal and state income taxes;
- (b) Federal insurance contributions act deductions;
- (c) Mandatory pension plan payments;

(h) Normal business expenses and self-employment taxes for self-employed persons. Justification shall be required for any business expense deduction about which there is disagreement.

Items deducted from gross income under this subsection shall not be a reason to deviate from the standard calculation.

(6) **Imputation of income.** The court shall impute income to a parent when the parent is voluntarily unemployed or voluntarily underemployed. The court shall determine whether the parent is voluntarily underemployed or voluntarily unemployed based upon that parent's ~~((work history, education,))~~ assets, residence, employment and earnings history, job skills, educational attainment, literacy, health, ((and)) age, criminal record, dependency court obligations, and other employment barriers, record of seeking work, the local job market, the availability of employers willing to hire the parent, the prevailing earnings level in the local community, or any other relevant factors. A court shall not impute income to a parent who is gainfully employed on a full-time basis, unless the court finds that the parent is voluntarily underemployed and finds that the parent is purposely underemployed to reduce the parent's child support obligation. Income shall not be imputed for an unemployable parent. Income shall not be imputed to a parent to the extent the parent is unemployed or significantly underemployed due to the parent's efforts to comply with court-ordered reunification efforts under chapter 13.34 RCW or under a voluntary placement agreement with an agency supervising the child. ~~((H))~~

(a) Except as provided in (b) of this subsection, in the absence of records of a parent's actual earnings, the court shall impute a parent's income in the following order of priority:

- ~~((A))~~ (i) Full-time earnings at the current rate of pay;
- ~~((B))~~ (ii) Full-time earnings at the historical rate of pay based on reliable information, such as employment security department data;
- ~~((C))~~ (iii) Full-time earnings at a past rate of pay where information is incomplete or sporadic;
- ~~((D))~~ (iv) Earnings of thirty-two hours per week at minimum wage in the jurisdiction where the parent resides if the parent is on or recently coming off temporary assistance for needy families or recently coming off aged, blind, or disabled assistance benefits, pregnant women assistance benefits, essential needs and housing support, supplemental security income, or disability, has recently been released from incarceration, or is a recent high school graduate. Imputation of earnings at thirty-two hours per week under this subsection is a rebuttable presumption;

(v) Full-time earnings at minimum wage in the jurisdiction where the parent resides if the parent has a recent history of

minimum wage earnings, ~~((is recently coming off public assistance, aged, blind, or disabled assistance benefits, pregnant women assistance benefits, essential needs and housing support, supplemental security income, or disability, has recently been released from incarceration, or is a high school student))~~ has never been employed and has no earnings history, or has no significant earnings history;

~~((e))~~ (vi) Median net monthly income of year-round full-time workers as derived from the United States bureau of census, current population reports, or such replacement report as published by the bureau of census.

(b) When a parent is currently enrolled in high school full-time, the court shall consider the totality of the circumstances of both parents when determining whether each parent is voluntarily unemployed or voluntarily underemployed. If a parent who is currently enrolled in high school is determined to be voluntarily unemployed or voluntarily underemployed, the court shall impute income at earnings of twenty hours per week at minimum wage in the jurisdiction where that parent resides. Imputation of earnings at twenty hours per week under this subsection is a rebuttable presumption.

**NEW SECTION. Sec. 3.** (1) The legislature finds that a large number of justice-involved individuals owe significant child support debts when they are released from incarceration.

(2) The legislature finds that these child support debts are often uncollectible and unduly burdensome on a recently released justice-involved individual, and that such debts severely impact the ability of the person required to pay support to have a successful reentry and reintegration into society.

(3) The legislature finds that there is case law in Washington, *In re Marriage of Blickenstaff*, 71 Wn. App. 489, 859 P.2d 646 (1993), providing that incarceration does not equate to voluntary unemployment or voluntary underemployment.

(4) The legislature finds that there is a statewide movement to assist justice-involved individuals reenter and reintegrate into society, and to reduce state-caused pressures which tend to lead to recidivism and a return to jail or prison.

(5) The legislature finds that, although there is currently a statutory process for modification of child support orders, it is in the best interests of the children of the state of Washington to create a process of abatement instead of making it the sole responsibility of the justice-involved person to take action to deal with his or her child support obligation while incarcerated.

(6) The legislature intends, therefore, to create a remedy whereby court or administrative orders for child support entered in Washington state may be abated when the person required to pay support is incarcerated for at least six months and has no income or assets available to pay support.

(7) The goal of this act is to ensure that the person required to pay support makes the maximum child support monthly payment amount appropriate to comply with an order for child support, notwithstanding other provisions related to abatement herein.

**NEW SECTION. Sec. 4.** A new section is added to chapter 26.09 RCW to read as follows:

(1) When a child support order contains language providing for abatement based on incarceration of the person required to pay child support, there is a rebuttable presumption that an incarcerated person is unable to pay the child support obligation. Unless the presumption is rebutted, the provisions of subsection (3) of this section apply.

(2)(a) If the child support order does not contain language providing for abatement based on incarceration of the person required to pay support, the department, the person required to pay support, the payee under the order, or the person entitled to

receive support may commence an action in the appropriate forum to:

(i) Modify the support order to contain abatement language; and

(ii) Abate the person's child support obligation due to current incarceration for at least six months.

(b) In a proceeding brought under this subsection, there is a rebuttable presumption that an incarcerated person is unable to pay the child support obligation. The department, the payee under the order, or the person entitled to receive support, may rebut the presumption by demonstrating that the person required to pay support has possession of, or access to, income or assets available to provide support while incarcerated.

(c) Unless the presumption is rebutted, the provisions of subsection (3) of this section apply.

(3) If the court or administrative forum determines that abatement of support is appropriate:

(a) The child support obligation under that order will be abated to ten dollars per month, without regard to the number of children covered by that order, while the person required to pay support is confined in a jail, prison, or correctional facility for at least six months or is serving a sentence greater than six months in a jail, prison, or correctional facility. Either the department, the payee under the order, or the person entitled to receive support may rebut the presumption by demonstrating the person required to pay support has possession of, or access to, income or assets available to provide support while incarcerated.

(b) If the incarcerated person's support obligation under the order is abated as provided in (a) of this subsection, the obligation will remain abated to ten dollars per month through the last day of the third month after the person is released from confinement.

(c) After abatement, the support obligation of the person required to pay support under the order is automatically reinstated at fifty percent of the support amount provided in the underlying order, but may not be less than the presumptive minimum obligation of fifty dollars per month per child, effective the first day of the fourth month after the person's release from confinement. Effective one year after release from confinement, the reinstatement at fifty percent of the support amount is automatically terminated, and the support obligation of the person required to pay support under the order is automatically reinstated at one hundred percent of the support amount provided in the underlying order.

(i) Upon a showing of good cause by a party that the circumstances of the case allow it, the court or administrative forum may add specific provisions to the order abating the child support obligation regarding when and how the abatement may terminate.

(ii) During the period of abatement, the department, the person required to pay support, the payee under the order, or the person entitled to receive support may commence an action to modify the child support order under RCW 26.09.170 or 74.20A.059, in which case the provision regarding reinstatement of the support amount at fifty percent does not apply.

(d) If the incarcerated person's support obligation under the order has been abated as provided in (a) of this subsection and then has been reinstated under (c) of this subsection:

(i) Either the department, the person required to pay support, the payee under the order, or the person entitled to receive support may file an action to modify or adjust the order in the appropriate forum, if:

(A) The provisions of (c)(i) and (ii) of this subsection do not apply; and

(B) The person required to pay support has been released from incarceration.

(ii) An action to modify or adjust the order based on the release from incarceration of the person required to pay support may be filed even if there is no other change of circumstances.

(4) The effective date of abatement of a child support obligation based on incarceration to ten dollars per month per order is the date on which the person required to pay support is confined in a jail, prison, or correctional facility for at least six months or begins serving a sentence greater than six months in a jail, prison, or correctional facility, regardless of when the department is notified of the incarceration. However:

(a) The person required to pay support is not entitled to a refund of any support collections or payments that were received by the department prior to the date on which the department is notified of the incarceration; and

(b) The department, the payee under the order, or the person entitled to receive support is not required to refund any support collections or payments that were received by the department prior to the date on which the department is notified of the incarceration.

(5) Abatement of a child support obligation based on incarceration of the person required to pay support does not constitute modification or adjustment of the order.

**NEW SECTION. Sec. 5.** A new section is added to chapter 26.09 RCW to read as follows:

Either the department, the person required to pay support, the payee under the order, or the person entitled to receive support may make a request for abatement of child support to ten dollars per month under an order for child support when the person required to pay support is currently confined in a jail, prison, or correctional facility for at least six months, or is serving a sentence greater than six months in a jail, prison, or correctional facility.

(1) A request for the abatement of child support owed under one child support order does not automatically qualify as a request for abatement of support owed under every order that may exist requiring that person to pay support. However, the request applies to any support order which is being enforced by the department at the time of the request.

(2) If there are multiple orders requiring the incarcerated person to pay child support, the issue of whether abatement of support due to incarceration is appropriate must be considered for each order.

(a) The payee or person entitled to receive support under each support order is entitled to notice and an opportunity to be heard regarding the potential abatement of support under that order.

(b) If the child or children covered by a support order are not residing with the payee under the order, any other person entitled to receive support for the child or children must be provided notice and an opportunity to be heard regarding the potential abatement of support under that order.

**NEW SECTION. Sec. 6.** A new section is added to chapter 26.09 RCW to read as follows:

(1) When a child support order contains language regarding abatement to ten dollars per month per order based on incarceration of the person required to pay support, and that person is currently confined in a jail, prison, or correctional facility for at least six months, or is serving a sentence greater than six months in a jail, prison, or correctional facility, the department must:

(a) Review the support order for abatement once the department receives notice from the person required to pay support or someone acting on his or her behalf that the person may qualify for abatement of support;

(b) Review its records and other available information to determine if the person required to pay support has possession of, or access to, income or assets available to provide support while incarcerated; and

(c) Decide whether abatement of the person's support obligation is appropriate.

(2) If the department decides that abatement of the person's support obligation is appropriate, the department must notify the person required to pay support, and the payee under the order or the person entitled to receive support, that the incarcerated person's support obligation has been abated and that the abatement will continue until the first day of the fourth month after the person is released from confinement. The notification must include the following information:

(a) The payee under the order or the person entitled to receive support may object to the abatement of support due to incarceration;

(i) An objection must be received within twenty days of the notification of abatement;

(ii) Any objection will be forwarded to the office of administrative hearings for an adjudicative proceeding under chapter 34.05 RCW;

(iii) The department, the person required to pay support, and the payee under the order or the person entitled to receive support, all have the right to participate in the administrative hearing as parties; and

(iv) The burden of proof is on the party objecting to the abatement of support to show that the person required to pay support has possession of, or access to, income or assets available to provide support while incarcerated;

(b) The effective date of the abatement of support;

(c) The estimated date of release;

(d) The estimated date that the abatement will end;

(e) That the person required to pay support, the payee under the order, the person entitled to receive support, or the department may file an action to modify the underlying support order once the person required to pay support is released from incarceration, as provided under section 4(3)(d) of this act; and

(f) That, if the abated obligation was established by a court order, the department will file a copy of the notification in the court file.

(3) If the department decides that abatement of the incarcerated person's support obligation is not appropriate, the department must notify the person required to pay support and the payee under the order or the person entitled to receive support, that the department does not believe that abatement of the support obligation should occur. The notification must include the following information:

(a) The reasons why the department decided that abatement of the support obligation is not appropriate;

(b) The person required to pay support and the payee under the order or the person entitled to receive support may object to the department's decision not to abate the support obligation;

(i) An objection must be received within twenty days of the notification of abatement;

(ii) Any objection will be forwarded to the office of administrative hearings for an adjudicative proceeding under chapter 34.05 RCW; and

(iii) The department, the incarcerated person, and the payee under the order or the person entitled to receive support all have the right to participate in the administrative hearing as parties;

(c) That, if the administrative law judge enters an order providing that abatement is appropriate, the department will take appropriate steps to document the abatement and will provide

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

notification to the parties as required in subsection (2) of this section.

**NEW SECTION. Sec. 7.** A new section is added to chapter 26.09 RCW to read as follows:

(1) When a court or administrative order does not contain language regarding abatement based on incarceration of the person required to pay support and the department receives notice that the person is currently confined in a jail, prison, or correctional facility for at least six months or is serving a sentence greater than six months in a jail, prison, or correctional facility, the department must refer the case to the appropriate forum for a determination of whether the order should be modified to:

(a) Contain abatement language as provided in section 4 of this act; and

(b) Abate the person's child support obligation due to current incarceration.

(2) In a proceeding brought under this section, there is a rebuttable presumption that an incarcerated person is unable to pay the child support obligation. The department, the payee under the order, or the person entitled to receive support may rebut the presumption by demonstrating that the incarcerated person has possession of, or access to, income or assets available to provide support while incarcerated.

(3) Unless the presumption is rebutted, the court or administrative forum must enter an order providing that the child support obligation under the order is abated to ten dollars per month, without regard to the number of children covered by the order, if the person required to pay support is confined in a jail, prison, or correctional facility for at least six months, or is serving a sentence greater than six months in a jail, prison, or correctional facility.

(4) The order must:

(a) Include the appropriate language required by section 4 of this act in order to provide for a rebuttable presumption of abatement to ten dollars per month per order;

(b) Provide that the order must be reinstated at fifty percent of the previously ordered support amount but not less than the presumptive minimum obligation of fifty dollars per month per child, effective on the first day of the fourth month after the person's release from confinement, and also provide that the order must be automatically reinstated at one hundred percent of the previously ordered support amount effective one year after release from confinement; and

(c) Include language regarding an action to modify or adjust the underlying order as provided under section 4(3) of this act.

**NEW SECTION. Sec. 8.** A new section is added to chapter 26.09 RCW to read as follows:

(1) At any time during the period of incarceration, the department, the payee under the order, or the person entitled to receive support may file a request to reverse or terminate the abatement of support by demonstrating that the incarcerated person has possession of, or access to, income or assets available to provide support while incarcerated.

(a) A request for reversal or termination of the abatement may be filed with the department or with the office of administrative hearings.

(b) The request must include documents or other evidence showing that the incarcerated person has possession of, or access to, income or assets available to provide support while incarcerated.

(c) If the request for a hearing does not include documents or evidence showing that the incarcerated person has possession of, or access to, income or assets, the department may file a motion

asking that the request for a hearing be dismissed before a hearing is scheduled or held.

(d) The party seeking to reverse or terminate the abatement may seek to vacate the dismissal order by filing a motion which includes the required proof.

(e) Depending on the type of evidence provided at the hearing, the administrative law judge may order that the abatement of the support obligation be:

(i) Reversed, meaning that the determination that support should be abated is vacated and all amounts owed under the support order are reinstated; or

(ii) Terminated, meaning that the abatement of support ends as of the date specified in the order.

(2) At any time during the period of incarceration, the person required to pay support may file a request to reverse or terminate the abatement of support.

(a) The request for reversal or termination of the abatement may be filed with the department or with the office of administrative hearings.

(b) The person required to pay support is not required to provide any documents or other evidence to support the request.

(3) Abatement of a support obligation does not constitute modification or adjustment of the order.

**Sec. 9.** RCW 26.23.050 and 2019 c 46 s 5026 are each amended to read as follows:

(1) If the division of child support is providing support enforcement services under RCW 26.23.045, or if a party is applying for support enforcement services by signing the application form on the bottom of the support order, the superior court shall include in all court orders that establish or modify a support obligation:

(a) A provision that orders and directs the ~~((responsible parent))~~ person required to pay support to make all support payments to the Washington state support registry;

(b) A statement that withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state, without further notice to the ~~((responsible parent))~~ person required to pay support at any time after entry of the court order, unless:

(i) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding and that withholding should be delayed until a payment is past due; or

(ii) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement;

(c) A statement that the ~~((receiving parent))~~ payee under the order or the person entitled to receive support might be required to submit an accounting of how the support, including any cash medical support, is being spent to benefit the child;

(d) A statement that ~~((any parent))~~ a party to the support order who is required to provide health care coverage for the child or children covered by the order must notify the division of child support and the other ((parent)) party to the support order when the coverage terminates; ~~((and))~~

(e) A statement that ~~((the responsible parent's privileges))~~ any privilege of the person required to pay support to obtain and maintain a license, as defined in RCW 74.20A.320, may not be renewed, or may be suspended if the ~~((parent))~~ person is not in compliance with a support order as provided in RCW 74.20A.320; and

(f) A statement that the support obligation under the order may be abated as provided in section 4 of this act if the person required to pay support is confined in a jail, prison, or correctional facility

for at least six months, or is serving a sentence greater than six months in a jail, prison, or correctional facility.

As used in this subsection and subsection (3) of this section, "good cause not to require immediate income withholding" means a written determination of why implementing immediate wage withholding would not be in the child's best interests and, in modification cases, proof of timely payment of previously ordered support.

(2) In all other cases not under subsection (1) of this section, the court may order the ~~((responsible parent))~~ person required to pay support to make payments directly to the person entitled to receive the payments, to the Washington state support registry, or may order that payments be made in accordance with an alternate arrangement agreed upon by the parties.

(a) The superior court shall include in all orders under this subsection that establish or modify a support obligation:

(i) A statement that withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state, without further notice to the ~~((responsible parent))~~ person required to pay support at any time after entry of the court order, unless:

(A) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding and that withholding should be delayed until a payment is past due; or

(B) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement;

(ii) A statement that the ~~((receiving parent))~~ payee under the order or the person entitled to receive support may be required to submit an accounting of how the support is being spent to benefit the child;

(iii) A statement that any ~~((parent))~~ party to the order required to provide health care coverage for the child or children covered by the order must notify the division of child support and the other ~~((parent))~~ party to the order when the coverage terminates; and

(iv) A statement that a ~~((parent))~~ party to the order seeking to enforce the other party's obligation to provide health care coverage may:

(A) File a motion in the underlying superior court action; or

(B) If there is not already an underlying superior court action, initiate an action in the superior court.

As used in this subsection, "good cause not to require immediate income withholding" is any reason that the court finds appropriate.

(b) The superior court may order immediate or delayed income withholding as follows:

(i) Immediate income withholding may be ordered if the ~~((responsible parent))~~ person required to pay support has earnings. If immediate income withholding is ordered under this subsection, all support payments shall be paid to the Washington state support registry. The superior court shall issue a mandatory wage assignment order as set forth in chapter 26.18 RCW when the support order is signed by the court. The ~~((parent))~~ payee under the order or the person entitled to receive the transfer payment is responsible for serving the employer with the order and for its enforcement as set forth in chapter 26.18 RCW.

(ii) If immediate income withholding is not ordered, the court shall require that income withholding be delayed until a payment is past due. The support order shall contain a statement that withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state, without further notice to the ~~((responsible parent))~~ person required to pay support, after a payment is past due.

(c) If a mandatory wage withholding order under chapter 26.18 RCW is issued under this subsection and the division of child support provides support enforcement services under RCW 26.23.045, the existing wage withholding assignment is prospectively superseded upon the division of child support's subsequent service of an income withholding notice.

(3) The office of administrative hearings and the department of social and health services shall require that all support obligations established as administrative orders include a provision which orders and directs that the ~~((responsible parent))~~ person required to pay support shall make all support payments to the Washington state support registry. All administrative orders shall also state that ~~((the responsible parent's privileges))~~ any privilege of the person required to pay support to obtain and maintain a license, as defined in RCW 74.20A.320, may not be renewed, or may be suspended if the ~~((parent))~~ person is not in compliance with a support order as provided in RCW 74.20A.320. All administrative orders shall also state that withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state without further notice to the ~~((responsible parent))~~ person required to pay support at any time after entry of the order, unless:

(a) One of the parties demonstrates, and the presiding officer finds, that there is good cause not to require immediate income withholding; or

(b) The parties reach a written agreement that is approved by the presiding officer that provides for an alternate agreement.

(4) If the support order does not include the provision ordering and directing that all payments be made to the Washington state support registry and a statement that withholding action may be taken against wages, earnings, assets, or benefits if a support payment is past due or at any time after the entry of the order, or that ~~((a parent's))~~ licensing privileges of the person required to pay support may not be renewed, or may be suspended, the division of child support may serve a notice on the ~~((responsible parent))~~ person stating such requirements and authorizations. Service may be by personal service or any form of mail requiring a return receipt.

(5) Every support order shall state:

(a) The address where the support payment is to be sent;

(b) That withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state, without further notice to the ~~((responsible parent))~~ person required to pay support at any time after entry of a support order, unless:

(i) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding; or

(ii) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement;

(c) The income of the parties, if known, or that their income is unknown and the income upon which the support award is based;

(d) The support award as a sum certain amount;

(e) The specific day or date on which the support payment is due;

(f) The names and ages of the dependent children;

(g) A provision requiring both the ~~((responsible parent))~~ person required to pay support, and the ~~((custodial parent))~~ payee under the order or the person entitled to receive support who is a parent of the child or children covered by the order, to keep the Washington state support registry informed of whether he or she has access to health care coverage at reasonable cost and, if so, the health care coverage information;

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

(h) That either or both the ~~((responsible parent))~~ person required to pay support, and the ~~((custodial parent))~~ payee under the order or the person entitled to receive support who is a parent of the child or children covered by the order, shall be obligated to provide medical support for ~~((his or her))~~ a child or children covered by the order through health care coverage if:

(i) The ~~((obligated parent))~~ person obligated to provide medical support provides accessible coverage for the child or children through private or public health care coverage; or

(ii) Coverage that can be extended to cover the child or children is or becomes available to the ~~((parent))~~ person obligated to provide medical support through employment or is union-related; or

(iii) In the absence of such coverage, through an additional sum certain amount, as that ~~((parent's))~~ obligated person's monthly payment toward the premium as provided under RCW 26.09.105;

(i) That a ~~((parent))~~ person obligated to provide medical support who is providing health care coverage must notify both the division of child support and the other ~~((parent))~~ party to the order when coverage terminates;

(j) That if proof of health care coverage or proof that the coverage is unavailable is not provided within twenty days, the ~~((parent))~~ person seeking enforcement or the department may seek direct enforcement of the coverage through the employer or union of the ~~((parent))~~ person required to provide medical support without further notice to the ~~((parent))~~ person as provided under chapter 26.18 RCW;

(k) The reasons for not ordering health care coverage if the order fails to require such coverage;

(l) That ~~((the responsible parent's privileges))~~ any privilege of the person required to pay support to obtain and maintain a license, as defined in RCW 74.20A.320, may not be renewed, or may be suspended if the ~~((parent))~~ person is not in compliance with a support order as provided in RCW 74.20A.320;

(m) That each ~~((parent))~~ party to the support order must:

(i) Promptly file with the court and update as necessary the confidential information form required by subsection (7) of this section; and

(ii) Provide the state case registry and update as necessary the information required by subsection (7) of this section; and

(n) That parties to administrative support orders shall provide to the state case registry and update as necessary their residential addresses and the address of the ~~((responsible parent's))~~ employer of the person required to pay support. The division of child support may adopt rules that govern the collection of parties' current residence and mailing addresses, telephone numbers, dates of birth, social security numbers, the names of the children, social security numbers of the children, dates of birth of the children, driver's license numbers, and the names, addresses, and telephone numbers of the parties' employers to enforce an administrative support order. The division of child support shall not release this information if the division of child support determines that there is reason to believe that release of the information may result in physical or emotional harm to the party or to the child, or a restraining order or protective order is in effect to protect one party from the other party.

(6) After the ~~((responsible parent))~~ person required to pay support has been ordered or notified to make payments to the Washington state support registry under this section, ~~((the responsible parent))~~ that person shall be fully responsible for making all payments to the Washington state support registry and shall be subject to payroll deduction or other income-withholding action. The ~~((responsible parent))~~ person required to pay support shall not be entitled to credit against a support obligation for any

payments made to a person or agency other than to the Washington state support registry except as provided under RCW 74.20.101. A civil action may be brought by the ~~((payer))~~ person required to pay support to recover payments made to persons or agencies who have received and retained support moneys paid contrary to the provisions of this section.

(7) All petitioners and parties to all court actions under chapters 26.09, 26.10, 26.12, 26.18, 26.21A, 26.23, 26.26A, 26.26B, and 26.27 RCW shall complete to the best of their knowledge a verified and signed confidential information form or equivalent that provides the parties' current residence and mailing addresses, telephone numbers, dates of birth, social security numbers, driver's license numbers, and the names, addresses, and telephone numbers of the parties' employers. The clerk of the court shall not accept petitions, except in parentage actions initiated by the state, orders of child support, decrees of dissolution, or parentage orders for filing in such actions unless accompanied by the confidential information form or equivalent, or unless the confidential information form or equivalent is already on file with the court clerk. In lieu of or in addition to requiring the parties to complete a separate confidential information form, the clerk may collect the information in electronic form. The clerk of the court shall transmit the confidential information form or its data to the division of child support with a copy of the order of child support or parentage order, and may provide copies of the confidential information form or its data and any related findings, decrees, parenting plans, orders, or other documents to the state administrative agency that administers Title IV-A, IV-D, IV-E, or XIX of the federal social security act. In state initiated parentage actions, the parties adjudicated the parents of the child or children shall complete the confidential information form or equivalent or the state's attorney of record may complete that form to the best of the attorney's knowledge.

(8) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under 45 C.F.R. Parts 302, 303, 304, 305, and 308.

**Sec. 10.** RCW 74.20A.055 and 2019 c 46 s 5052 are each amended to read as follows:

(1) The secretary may, if there is no order that establishes ~~((the responsible parent's))~~ a person's support obligation or specifically relieves the ~~((responsible parent))~~ person required to pay support of a support obligation or pursuant to an establishment of parentage under chapter 26.26A or 26.26B RCW, serve on the ~~((responsible parent or parents))~~ person or persons required to pay support and ~~((custodial parent))~~ the person entitled to receive support a notice and finding of financial responsibility requiring ~~((the parents))~~ those persons to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future. The hearing shall be held pursuant to this section, chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department. A ~~((custodian))~~ person who has physical custody of a child has the same rights ~~((that a custodial parent has))~~ under this section as a parent with whom the child resides.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the ~~((responsible~~

~~(parent)~~ person required to pay support by certified mail, return receipt requested. The receipt shall be prima facie evidence of service. The notice shall be served upon the ~~((debtor))~~ person required to pay support within sixty days from the date the state assumes responsibility for the support of the dependent child or children on whose behalf support is sought. If the notice is not served within sixty days from such date, the department shall lose the right to reimbursement of payments made after the sixty-day period and before the date of notification: PROVIDED, That if the department exercises reasonable efforts to locate the ~~((debtor))~~ person required to pay support and is unable to do so the entire sixty-day period is tolled until such time as the ~~((debtor))~~ person can be located. The notice may be served upon the ~~((custodial parent))~~ person entitled to receive support who is the nonassistance applicant or public assistance recipient by first-class mail to the last known address. If the ~~((custodial parent))~~ person entitled to receive support is not the nonassistance applicant or public assistance recipient, service shall be in the same manner as for the ~~((responsible parent))~~ person required to pay support.

(3) The notice and finding of financial responsibility shall set forth the amount the department has determined the ~~((responsible parent))~~ person required to pay support owes, the support debt accrued and/or accruing, and periodic payments to be made in the future. The notice and finding shall also include:

(a) A statement of the name of the ~~((custodial parent))~~ person entitled to receive support and the name of the child or children for whom support is sought;

(b) A statement of the amount of periodic future support payments as to which financial responsibility is alleged;

(c) A statement that the ~~((responsible parent))~~ person required to pay support or ~~((custodial parent))~~ the person entitled to receive support may object to all or any part of the notice and finding, and file an application for an adjudicative proceeding to show cause why the terms set forth in the notice should not be ordered;

(d) A statement that, if neither the ~~((responsible parent))~~ person required to pay support nor the ~~((custodial parent))~~ person entitled to receive support files in a timely fashion an application for an adjudicative proceeding, the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt and amounts due under the notice shall be subject to collection action;

(e) A statement that the property of the ~~((debtor))~~ person required to pay support, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, order to withhold and deliver, notice of payroll deduction or other collection action to satisfy the debt and enforce the support obligation established under the notice;

(f) A statement that ~~((one or both parents))~~ the person required to pay support, and the payee under the order or the person entitled to receive support who is a parent of the child or children covered by the order, are responsible for either:

(i) Providing health care coverage for the child if accessible coverage that can cover the child:

(A) Is available through health insurance or public health care coverage; or

(B) Is or becomes available to the ~~((parent))~~ obligated person through that ~~((parent's))~~ person's employment or union; or

(ii) Paying a monthly payment toward the premium if no such coverage is available, as provided under RCW 26.09.105; and

(g) A statement that the support obligation under the order may be abated to ten dollars per month per order as provided in section 4 of this act if the person required to pay support is confined in a jail, prison, or correctional facility for at least six months, or is

servicing a sentence greater than six months in a jail, prison, or correctional facility.

(4) A ~~((responsible parent))~~ person required to pay support or ~~((custodial parent))~~ a person entitled to receive support who objects to the notice and finding of financial responsibility may file an application for an adjudicative proceeding within twenty days of the date of service of the notice or thereafter as provided under this subsection.

(a) If the ~~((responsible parent))~~ person required to pay support or ~~((custodial parent))~~ the person entitled to receive support files the application within twenty days, the office of administrative hearings shall schedule an adjudicative proceeding to hear the ~~((parent's))~~ party's or ~~((parents'))~~ parties' objection and determine the support obligation for the entire period covered by the notice and finding of financial responsibility. The filing of the application stays collection action pending the entry of a final administrative order;

(b) If both the ~~((responsible parent))~~ person required to pay support and the ~~((custodial parent))~~ person entitled to receive support fail to file an application within twenty days, the notice and finding shall become a final administrative order. The amounts for current and future support and the support debt stated in the notice are final and subject to collection, except as provided under (c) and (d) of this subsection;

(c) If the ~~((responsible parent))~~ person required to pay support or ~~((custodial parent))~~ the person entitled to receive support files the application more than twenty days after, but within one year of the date of service, the office of administrative hearings shall schedule an adjudicative proceeding to hear the ~~((parent's))~~ party's or ~~((parents'))~~ parties' objection and determine the support obligation for the entire period covered by the notice and finding of financial responsibility. The filing of the application does not stay further collection action, pending the entry of a final administrative order, and does not affect any prior collection action;

(d) If the ~~((responsible parent))~~ person required to pay support or ~~((custodial parent))~~ the person entitled to receive support files the application more than one year after the date of service, the office of administrative hearings shall schedule an adjudicative proceeding at which the ~~((parent))~~ party who requested the late hearing must show good cause for failure to file a timely application. The filing of the application does not stay future collection action and does not affect prior collection action:

(i) If the presiding officer finds that good cause exists, the presiding officer shall proceed to hear the ~~((parent's))~~ party's objection to the notice and determine the support obligation;

(ii) If the presiding officer finds that good cause does not exist, the presiding officer shall treat the application as a petition for prospective modification of the amount for current and future support established under the notice and finding. In the modification proceeding, the presiding officer shall set current and future support under chapter 26.19 RCW. The petitioning ~~((parent))~~ party need show neither good cause nor a substantial change of circumstances to justify modification of current and future support;

(e) If the ~~((responsible parent's))~~ support obligation was based upon imputed median net income, the grant standard, or the family need standard, the division of child support may file an application for adjudicative proceeding more than twenty days after the date of service of the notice. The office of administrative hearings shall schedule an adjudicative proceeding and provide notice of the hearing to the ~~((responsible parent))~~ person required to pay support and the ~~((custodial parent))~~ person entitled to receive support. The presiding officer shall determine the support obligation for the entire period covered by the notice, based upon

2020 REGULAR SESSION

credible evidence presented by the division of child support, the ~~((responsible parent))~~ person required to pay support, or the ~~((custodial parent))~~ person entitled to receive support, or may determine that the support obligation set forth in the notice is correct. The division of child support demonstrates good cause by showing that the ~~((responsible parent's))~~ support obligation was based upon imputed median net income, the grant standard, or the family need standard. The filing of the application by the division of child support does not stay further collection action, pending the entry of a final administrative order, and does not affect any prior collection action.

(f) The department shall retain and/or shall not refund support money collected more than twenty days after the date of service of the notice. Money withheld as the result of collection action shall be delivered to the department. The department shall distribute such money, as provided in published rules.

(5) If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the ~~((alleged responsible parent))~~ person required to pay support and shall also determine the amount of periodic payments to be made in the future, which amount is not limited by the amount of any public assistance payment made to or for the benefit of the child. If deviating from the child support schedule in making these determinations, the presiding or reviewing officer shall apply the standards contained in the child support schedule and enter written findings of fact supporting the deviation.

(6) If either the ~~((responsible parent))~~ person required to pay support or the ~~((custodial parent))~~ person entitled to receive support fails to attend or participate in the hearing or other stage of an adjudicative proceeding, upon a showing of valid service, the presiding officer shall enter an order of default against each party who did not appear and may enter an administrative order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action. The parties who appear may enter an agreed settlement or consent order, which may be different than the terms of the department's notice. Any party who appears may choose to proceed to the hearing, after the conclusion of which the presiding officer or reviewing officer may enter an order that is different than the terms stated in the notice, if the obligation is supported by credible evidence presented by any party at the hearing.

(7) The final administrative order establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the administrative order.

(8) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by a presiding or reviewing officer.

(9) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under 45 C.F.R. Parts 302, 303, 304, 305, and 308.

**Sec. 11.** RCW 74.20A.056 and 2019 c 148 s 38 and 2019 c 46 s 5053 are each reenacted and amended to read as follows:

(1)(a) If an acknowledged parent has signed an acknowledgment of parentage that has been filed with the state registrar of vital statistics:

(i) The division of child support may serve a notice and finding of financial responsibility under RCW 74.20A.055 based on the acknowledgment. The division of child support shall attach a

copy of the acknowledgment or certification of the birth record information advising of the existence of a filed acknowledgment of parentage to the notice;

(ii) The notice shall include a statement that the acknowledged parent or any other signatory may commence a proceeding in court to rescind or challenge the acknowledgment or denial of parentage under RCW 26.26A.235 and 26.26A.240;

(iii) A statement that ~~((either or both parents))~~ the person required to pay support, and the payee under the order or the person entitled to receive support who is a parent of the child or children covered by the order, are responsible for providing health care coverage for the child if accessible coverage that can be extended to cover the child is or becomes available to the ~~((parent))~~ obligated person through employment or is union-related as provided under RCW 26.09.105; ~~((and))~~

(iv) The party commencing the action to rescind or challenge the acknowledgment or denial must serve notice on the division of child support and the office of the prosecuting attorney in the county in which the proceeding is commenced. Commencement of a proceeding to rescind or challenge the acknowledgment or denial stays the establishment of the notice and finding of financial responsibility, if the notice has not yet become a final order; and

(v) A statement that the support obligation under the order may be abated to ten dollars per month per order as provided in section 4 of this act if the person required to pay support is confined in a jail, prison, or correctional facility for at least six months, or is serving a sentence greater than six months in a jail, prison, or correctional facility.

(b) If neither ~~((the acknowledged parent nor the other))~~ party to the notice files an application for an adjudicative proceeding or the signatories to the acknowledgment or denial do not commence a proceeding to rescind or challenge the acknowledgment of parentage, the amount of support stated in the notice and finding of financial responsibility becomes final, subject only to a subsequent determination under RCW 26.26A.400 through 26.26A.515 that the parent-child relationship does not exist. The division of child support does not refund nor return any amounts collected under a notice that becomes final under this section or RCW 74.20A.055, even if a court later determines that the acknowledgment is void.

(c) An acknowledged parent or other party to the notice who objects to the amount of support requested in the notice may file an application for an adjudicative proceeding up to twenty days after the date the notice was served. An application for an adjudicative proceeding may be filed within one year of service of the notice and finding of parental responsibility without the necessity for a showing of good cause or upon a showing of good cause thereafter. An adjudicative proceeding under this section shall be pursuant to RCW 74.20A.055. The only issues shall be the amount of the accrued debt and the amount of the current and future support obligation.

(i) If the application for an adjudicative proceeding is filed within twenty days of service of the notice, collection action shall be stayed pending a final decision by the department.

(ii) If the application for an adjudicative proceeding is not filed within twenty days of the service of the notice, any amounts collected under the notice shall be neither refunded nor returned if the ~~((alleged genetic parent))~~ person required to pay support under the notice is later found not to be ~~((a responsible parent))~~ required to pay support.

(d) If neither the acknowledged parent nor the ~~((custodial parent))~~ person entitled to receive support requests an adjudicative proceeding, or if no timely action is brought to

rescind or challenge the acknowledgment or denial after service of the notice, the notice of financial responsibility becomes final for all intents and purposes and may be overturned only by a subsequent superior court order entered under RCW 26.26A.400 through 26.26A.515.

(2) Acknowledgments of parentage are subject to requirements of chapters 26.26A, 26.26B, and 70.58A RCW.

(3) The department and the department of health may adopt rules to implement the requirements under this section.

(4) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under 45 C.F.R. Parts 302, 303, 304, 305, and 308.

**Sec. 12.** RCW 74.20A.059 and 2019 c 275 s 3 are each amended to read as follows:

(1) The department, the ~~((physical custodian))~~ payee under the order or the person entitled to receive support, or the ~~((responsible parent))~~ person required to pay support may petition for a prospective modification of a final administrative order if:

(a) The administrative order has not been superseded by a superior court order; and

(b) There has been a substantial change of circumstances, except as provided under RCW 74.20A.055(4)(d) or subsection (2) of this section.

(2) The department, the person entitled to receive support, the payee under the order, or the person required to pay support may petition for a prospective modification of a final administrative order if the person required to pay support is currently confined in a jail, prison, or correctional facility for at least six months or is serving a sentence greater than six months in a jail, prison, or correctional facility, and the support order does not contain language regarding abatement due to incarceration.

(a) The petition may be filed at any time after the administrative support order became a final order, as long as the person required to pay support is currently incarcerated.

(b) As part of the petition for modification, the petitioner may also request that the support obligation be abated to ten dollars per month per order due to incarceration, as provided in section 4 of this act.

(3) An order of child support may be modified at any time without a showing of substantially changed circumstances if incarceration of the ~~((parent who is obligated))~~ person required to pay support is the basis for the inconsistency between the existing child support order amount and the amount of support determined as a result of a review.

~~((3))~~ (4) An order of child support may be modified one year or more after it has been entered without showing a substantial change of circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child; or

(b) If a child is a full-time student and reasonably expected to complete secondary school or the equivalent level of vocational or technical training before the child becomes nineteen years of age upon a finding that there is a need to extend support beyond the eighteenth birthday.

~~((4))~~ (5) An order may be modified without showing a substantial change of circumstances if the requested modification is to:

(a) Require medical support under RCW 26.09.105 for a child covered by the order; ~~((or))~~

(b) Modify an existing order for health care coverage; or

(c) Modify an existing order when the person required to pay support has been released from incarceration, as provided in section 4(3)(d) of this act.

~~((5))~~ (6) Support orders may be adjusted once every twenty-four months based upon changes in the income of the ~~((parents))~~ parties to the order without a showing of substantially changed circumstances. This provision does not mean that the income of a person entitled to receive support who is not a parent of the child or children covered by the order must be disclosed or be included in the calculations under chapter 26.19 RCW when determining the support obligation.

~~((6))~~ (7)(a) All administrative orders entered on, before, or after September 1, 1991, may be modified based upon changes in the child support schedule established in chapter 26.19 RCW without a substantial change of circumstances. The petition may be filed based on changes in the child support schedule after twelve months has expired from the entry of the administrative order or the most recent modification order setting child support, whichever is later. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to subsection ~~((5))~~ (6) of this section.

(b) If, pursuant to subsection ~~((5))~~ (6) of this section or (a) of this subsection, the order modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the change may be implemented in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a petition for modification under subsection ~~((5))~~ (6) of this section may be filed.

~~((7))~~ (8) An increase in the wage or salary of the ~~((parent or custodian who is receiving))~~ person entitled to receive the support transfer payments is not a substantial change in circumstances for purposes of modification under subsection (1)(b) of this section. ~~((An obligor's))~~ The voluntary unemployment or voluntary underemployment of the person required to pay support, by itself, is not a substantial change of circumstances. The income of the person entitled to receive support is only disclosed or considered if that person is a parent of the child or children covered by the order.

~~((8))~~ (9) The department shall file the petition and a supporting affidavit with the ~~((secretary or the secretary's designee))~~ office of administrative hearings when the department petitions for modification.

~~((9))~~ (10) The ~~((responsible parent))~~ person required to pay support or the ~~((physical custodian))~~ payee under the order or the person entitled to receive support shall follow the procedures in this chapter for filing an application for an adjudicative proceeding to petition for modification.

~~((10))~~ (11) Upon the filing of a proper petition or application, the ~~((secretary or the secretary's designee))~~ office of administrative hearings shall issue an order directing each party to appear and show cause why the order should not be modified.

~~((11))~~ (12) If the presiding or reviewing officer finds a modification is appropriate, the officer shall modify the order and set current and future support under chapter 26.19 RCW.

**Sec. 13.** RCW 26.09.170 and 2019 c 275 s 2 are each amended to read as follows:

(1) Except as otherwise provided in RCW 26.09.070(7), the provisions of any decree respecting maintenance or support may be modified: (a) Only as to installments accruing subsequent to the petition for modification or motion for adjustment except motions to compel court-ordered adjustments, which shall be effective as of the first date specified in the decree for

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

implementing the adjustment; and, (b) except as otherwise provided in this section, only upon a showing of a substantial change of circumstances. The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this state.

(2) Unless otherwise agreed in writing or expressly provided in the decree the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance or registration of a new domestic partnership of the party receiving maintenance.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child or by the death of the ~~((parent obligated to))~~ person required to pay support for the child.

(4) Unless expressly provided by an order of the superior court or a court of comparable jurisdiction, provisions for the support of a child are terminated upon the marriage or registration of a domestic partnership to each other of parties to a paternity or parentage order, or upon the remarriage or registration of a domestic partnership to each other of parties to a decree of dissolution. The remaining provisions of the order, including provisions establishing ~~((paternity))~~ parentage, remain in effect.

(5)(a) A party to an order of child support may petition for a modification based upon a showing of substantially changed circumstances at any time.

(b) ~~((An obligor's))~~ The voluntary unemployment or voluntary underemployment of the person required to pay support, by itself, is not a substantial change of circumstances.

(6) An order of child support may be modified at any time to add language regarding abatement to ten dollars per month per order due to the incarceration of the person required to pay support, as provided in section 4 of this act.

(a) The department of social and health services, the person entitled to receive support or the payee under the order, or the person required to pay support may petition for a prospective modification of a child support order if the person required to pay support is currently confined in a jail, prison, or correctional facility for at least six months or is serving a sentence greater than six months in a jail, prison, or correctional facility, and the support order does not contain language regarding abatement due to incarceration.

(b) The petition may only be filed if the person required to pay support is currently incarcerated.

(c) As part of the petition for modification, the petitioner may also request that the support obligation be abated to ten dollars per month per order due to incarceration, as provided in section 4 of this act.

(7) An order of child support may be modified without showing a substantial change of circumstances if the requested modification is to modify an existing order when the person required to pay support has been released from incarceration, as provided in section 4(3)(d) of this act.

(8) An order of child support may be modified one year or more after it has been entered without a showing of substantially changed circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child;

(b) If a child is still in high school, upon a finding that there is a need to extend support beyond the eighteenth birthday to complete high school; or

(c) To add an automatic adjustment of support provision consistent with RCW 26.09.100.

~~((7))~~ (9)(a) If twenty-four months have passed from the date of the entry of the order or the last adjustment or modification, whichever is later, the order may be adjusted without a showing of substantially changed circumstances based upon:

(i) Changes in the income of the ~~((parents))~~ person required to pay support, or of the payee under the order or the person entitled to receive support who is a parent of the child or children covered by the order; or

(ii) Changes in the economic table or standards in chapter 26.19 RCW.

(b) Either party may initiate the adjustment by filing a motion and child support worksheets.

(c) If the court adjusts or modifies a child support obligation pursuant to this subsection by more than thirty percent and the change would cause significant hardship, the court may implement the change in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a motion for another adjustment under this subsection may be filed.

~~((8))~~ (10)(a) The department of social and health services may file an action to modify or adjust an order of child support if public assistance money is being paid to or for the benefit of the child and the department has determined that the child support order is at least fifteen percent above or below the appropriate child support amount set forth in the standard calculation as defined in RCW 26.19.011.

(b) The department of social and health services may file an action to modify or adjust an order of child support in a nonassistance case if:

(i) The department has determined that the child support order is at least fifteen percent above or below the appropriate child support amount set forth in the standard calculation as defined in RCW 26.19.011;

(ii) The department has determined the case meets the department's review criteria; and

(iii) A party to the order or another state or jurisdiction has requested a review.

(c) If incarceration of the ~~((parent who is obligated))~~ person required to pay support is the basis for the difference between the existing child support order amount and the proposed amount of support determined as a result of a review, the department may file an action to modify or adjust an order of child support even if:

(i) There is no other change of circumstances; and

(ii) The change in support does not meet the fifteen percent threshold.

(d) The determination of whether the child support order is at least fifteen percent above or below the appropriate child support amount must be based on the current income of the parties.

~~((9))~~ (11) The department of social and health services may file an action to modify or adjust an order of child support under subsections (5) through ~~((7))~~ (9) of this section if:

(a) Public assistance money is being paid to or for the benefit of the child;

(b) A party to the order in a nonassistance case has requested a review; or

(c) Another state or jurisdiction has requested a modification of the order.

~~((40))~~ (12) If testimony other than affidavit is required in any proceeding under this section, a court of this state shall permit a party or witness to be deposed or to testify under penalty of perjury by telephone, audiovisual means, or other electronic means, unless good cause is shown.

NEW SECTION. Sec. 14. A new section is added to chapter 26.09 RCW to read as follows:

The department is granted rule-making authority to adopt rules necessary for the implementation of this act.

Sec. 15. RCW 26.23.110 and 2009 c 476 s 5 are each amended to read as follows:

(1) The department may serve a notice of support owed ~~((on a responsible parent))~~ when a child support order:

(a) Does not state the current and future support obligation as a fixed dollar amount;

(b) Contains an escalation clause or adjustment provision for which additional information not contained in the support order is needed to determine the fixed dollar amount of the support debt or the fixed dollar amount of the current and future support obligation, or both; ~~((or))~~

(c) Provides that the person required by the order to make the transfer payment must pay a portion of child care or day care expenses for a child or children covered by the order; or

(d) Provides that ~~((the responsible parent is responsible for paying))~~ either the person required to pay support or the person entitled to receive support, or both, are obligated to pay for a portion of uninsured medical costs, copayments, and/or deductibles incurred on behalf of the child or children covered by the order, but does not reduce the costs to a fixed dollar amount.

(2) The department may serve a notice of support owed for day care or child care on the person required by the order to make the transfer payment when:

(a) The underlying support order requires that person to pay his or her proportionate share of day care or child care costs directly to the person entitled to receive support; or

(b) The person entitled to receive support is seeking reimbursement because he or she has paid the share of day care or child care costs owed by the person required by the order to make the transfer payment.

(3) The department may serve a notice of support owed for medical support on ~~((a parent who has been designated to pay per a))~~ any person obligated by a child support order to provide medical support for the child or children covered by the order. There are two different types of medical support obligations:

(a) Health care coverage: The department may serve a notice of support owed to determine an obligated person's monthly payment toward the premium as defined in RCW 26.09.105, if the support order does not set a fixed dollar amount for the monthly payment toward the premium.

(b) Uninsured medical expenses: The department may serve a notice of support owed on any person who is obligated to pay a portion of uninsured medical costs, copayments, or deductibles incurred on behalf of the child or children covered by the order, ~~((but only))~~ when the support order does not reduce the costs to a fixed dollar amount.

~~((3))~~ The department may serve a notice of support owed to determine a parent's monthly payment toward the premium as defined in RCW 26.09.105, if the support order does not set a fixed dollar amount for the monthly payment toward the premium.) (i) The notice of support owed may be served for purposes of reimbursing a person who has paid the share of uninsured medical expenses owed by any person obligated to contribute to those costs;

(ii) The notice of support owed may be served to establish a monthly amount to be paid by a person obligated to contribute to uninsured medical expenses when the underlying support order requires that person to pay his or her proportionate share of uninsured medical expenses directly to another party to the order; or

(iii) The notice of support owed may be served for both purposes listed in this subsection.

(4) The notice of support owed ~~((shall))~~ is intended to facilitate enforcement of the support order and implement and effectuate the terms of the support order, rather than modify those terms. When the ~~((office of support enforcement))~~ department issues a notice of support owed, the ~~((office shall))~~ department must inform the payee under the support order.

(5) Service of the notice of support owed ~~((shall))~~ must be as follows:

(a) An initial notice of support owed must be served on ~~((a responsible parent))~~ the person required by the order to pay support or contribute to costs by personal service or any form of mailing requiring a return receipt. ~~((The notice shall be served on the applicant or recipient of services by first class mail to the last known address.))~~ The initial notice may be served on the person who is entitled to receive the support covered by the notice, as well as the payee under the order if appropriate, by regular mail.

(b) A notice of support owed created for purposes of reviewing an ongoing support obligation established by a prior notice of support owed may be served on the person required by the order to pay support or contribute to costs by regular mail to that person's last known address.

(c) An initial notice of support owed, as well as any notice created for purposes of reviewing an ongoing support obligation established by a prior notice of support owed may be served on the person entitled to receive the support by regular mail to that person's last known address.

(6) The notice of support owed ~~((shall))~~ must contain:

(a) An initial finding of the fixed dollar amount of current and future support obligation that should be paid or the fixed dollar amount of the support debt owed under the support order, or both; and

(b) A statement that any subsequent notice of support owed created for purposes of reviewing the amounts established by the current notice may be served on any party to the order by regular mail to that person's last known address.

~~((6))~~ (7) A ~~((parent))~~ person who objects to the fixed dollar amounts stated in the notice of support owed has twenty days from the date of the service of the notice of support owed to file an application for an adjudicative proceeding or initiate an action in superior court.

~~((7))~~ (8) The notice of support owed ~~((shall))~~ must state that the ~~((parent))~~ person may:

(a) File an application for an adjudicative proceeding governed by chapter 34.05 RCW, the administrative procedure act, in which the ~~((parent))~~ person will be required to appear and show cause why the fixed dollar amount of support debt or current and future support obligation, or both, stated in the notice of support owed is incorrect and should not be ordered; or

(b) Initiate an action in superior court.

~~((8))~~ (9) If ~~((either parent does not file))~~ no person included in the notice files an application for an adjudicative proceeding or ~~((initiate))~~ initiates an action in superior court, the fixed dollar amount of current and future support obligation or support debt, or both, stated in the notice of support owed ~~((shall become))~~ becomes final and subject to collection action.

~~((9))~~ (10) If an adjudicative proceeding is requested, the ~~((department shall mail a copy of the notice of adjudicative proceeding to the parties))~~ office of administrative hearings must schedule a hearing. All persons included in the notice are entitled to participate in the hearing with full party rights.

~~((10))~~ (11) If ~~((either parent does not initiate))~~ no person included in the notice initiates an action in superior court, and ~~((serve))~~ serves notice of the action on the department and the

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

other party to the support order within the twenty-day period, ~~((the parent shall))~~ all persons included in the notice must be deemed to have made an election of remedies and ~~((shall be required to))~~ must exhaust administrative remedies under this chapter with judicial review available as provided for in RCW 34.05.510 through 34.05.598.

~~((11))~~ (12) An ~~((adjudicative))~~ administrative order entered in accordance with this section ~~((shall))~~ must state:

(a) The basis, rationale, or formula upon which the fixed dollar amounts established in the ~~((adjudicative))~~ order were based~~((-))~~;

(b) The fixed dollar amount of current and future support obligation or the amount of the support debt, or both, determined under this section ~~((shall be))~~ is subject to collection under this chapter and other applicable state statutes; and

(c) That any subsequent notice of support owed created for purposes of reviewing the amounts established by the current notice may be served on any party to the order by regular mail to that person's last known address.

~~((12))~~ (13) The department ~~((shall))~~ must also provide for:

(a) An annual review of the support order if ~~((either))~~ the ~~((office of support enforcement))~~ department, the person required to pay support, the payee under the order, or the ~~((parent))~~ person entitled to receive support requests such a review; and

(b) A late ~~((adjudicative proceeding))~~ hearing if ~~((the parent))~~ a person included in the notice fails to file an application for an adjudicative proceeding in a timely manner under this section.

~~((13))~~ (14) If an annual review ~~((or late adjudicative proceeding))~~ is requested under subsection ~~((12))~~ (13) of this section, the department ~~((shall mail))~~ may serve the notice of annual review of the administrative order based on the prior notice of support owed by mailing a copy of the notice ~~((of adjudicative proceeding))~~ by regular mail to the ~~((parties'))~~ last known address of all parties to the order.

~~((14))~~ (15) If one of the parties requests a late hearing under subsection (13) of this section, the office of administrative hearings must schedule an adjudicative proceeding.

(16) An annual review under subsection (13) of this section is used to determine whether the expense remained the same, increased or decreased, and whether there is a discrepancy between the actual expense and the amount determined under the prior notice of support owed.

(a) If a change in the actual expense which was the basis for the most recent notice of support owed occurs before twelve months pass, any party to the order may request that the department accelerate the annual review described in subsection (13) of this section.

(b) The department may review any evidence presented by the person claiming that the expense has occurred and determine whether the change is likely to create a significant overpayment or underpayment if the department does not serve a new notice of support owed.

(c) Under appropriate circumstances, the department may accelerate the time for the review and serve a notice of support owed even if twelve months have not passed.

(17) The department has rule-making authority to:

(a) Enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005~~((- Additionally, the department has rule-making authority to))~~;

(b) Implement regulations required under 45 C.F.R. Parts 302, 303, 304, 305, and 308; and

(c) Implement the provisions of this section.

NEW SECTION. Sec. 16. Sections 3 through 13 of this act take effect February 1, 2021."

Addressing sexual misconduct at postsecondary educational institutions.

The measure was read the second time.

## MOTION

Senator Randall moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature recognizes that Washington's postsecondary educational institutions are some of the best schools in the nation, offering high quality education and life experiences for thousands of students. Washington institutions strive to create learning environments where all students can reach their full potential. The legislature also recognizes that in instances in which an employee of an institution engages in sexual misconduct against a student, institutions do not consistently disclose that information. The legislature declares that disclosure of such information is a matter of public safety for all Washington students as well as for students on campuses across the nation. The legislature finds that sexual misconduct, which may include harassment or assault, has serious public health and safety effects on students in Washington. These effects may deprive students of their opportunities to obtain an education which would otherwise improve their lives and health, and that of their own children. Other effects include an employee in a position of power and authority over students causing irreversible harm to the physical and mental health of students from sexual misconduct. The legislature finds that students of any postsecondary educational institution in Washington should be protected from their institution hiring an employee who has been found to have committed sexual misconduct at another postsecondary educational institution. The legislature, therefore, also finds that postsecondary educational institutions in Washington need to know if a prospective employee has been found to have committed sexual misconduct while employed at another institution. Therefore, the legislature intends to require postsecondary educational institutions to inquire about and conduct reference checks on any applicant the institution intends to extend an offer of employment to, regarding whether the applicant has ever been found to have committed, or is being investigated for, sexual misconduct. The legislature finds that nondisclosure agreements which prevent an institution from disclosing that an employee has committed sexual misconduct create a high potential for students in jeopardy of being victimized. Therefore, the legislature finds such nondisclosure agreements between an employee and institution, pursuant to which the institution agrees not to disclose findings of sexual misconduct supported by a preponderance of evidence or not to complete an investigation, are against public policy and should not be entered into by any Washington postsecondary educational institution and should not be enforced by Washington courts. Therefore, the legislature intends to provide clarity and direction to postsecondary educational institutions for disclosing substantiated findings of sexual misconduct committed by its employees against students.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28B.112 RCW to read as follows:

The definitions in this section apply throughout this section and sections 3 through 6 of this act unless the context clearly requires otherwise.

#### MOTION

Senator Dhingra moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) Substance use disorder is a treatable brain disease from which people recover;

(b) Electing to go to addiction treatment is an act of great courage; and

(c) When people with substance use disorder are provided rapid access to quality treatment within their window of willingness, recovery happens.

(2) The legislature therefore intends to ensure that there is no wrong door for individuals accessing substance use disorder treatment services by requiring coverage, and prohibiting barriers created by prior authorization and premature utilization management review when persons with substance use disorders are ready or urgently in need of treatment services.

**NEW SECTION. Sec. 2.** A new section is added to chapter 41.05 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2021, may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) A health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2021, must:

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b) The health plan may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection. Once the times specified in (a) of this subsection have passed, the health plan may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's health plan as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the health plan with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the plan may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under section 6 of this act. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the health plan's medical necessity review is completed more than one business day after start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the health plan must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3) The behavioral health agency shall document to the health plan the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under section 6 of this act, with documentation recorded in the patient's medical record.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The health plan is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the health plan involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the health plan shall

work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The health plan shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the health plan's network is not available, the health plan shall pay the current agency until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**NEW SECTION. Sec. 3.** A new section is added to chapter 48.43 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a health plan issued or renewed on or after January 1, 2021, may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) A health plan issued or renewed on or after January 1, 2021, must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b) The health plan may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection. Once the times specified in (a) of this subsection have passed, the health plan may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's health plan as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the health plan with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the plan may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under section 6 of this act. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection that the admission to the facility was not

medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the health plan's medical necessity review is completed more than one business day after start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the health plan must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3) The behavioral health agency shall document to the health plan the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under section 6 of this act, with documentation recorded in the patient's medical record.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The health plan is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the health plan involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the health plan shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The health plan shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the health plan's network is not available, the health plan shall pay the current agency until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**NEW SECTION. Sec. 4.** A new section is added to chapter 71.24 RCW to read as follows:

(1) Beginning January 1, 2021, a managed care organization may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) Beginning January 1, 2021, a managed care organization must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b) The managed care organization may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection. Once the times specified in (a) of this subsection have passed, the managed care organization may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's managed care organization as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the managed care organization may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under section 6 of this act. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the managed care organization's medical necessity review is completed more than one business day after start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the managed care organization must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3) The behavioral health agency shall document to the managed care organization the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under section 6 of this act, with documentation recorded in the patient's medical record.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The managed care organization is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the managed care organization involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the managed care organization shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. If placement with an agency in the managed care organization's network is not available, the managed care organization shall pay the current agency at the service level until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**NEW SECTION. Sec. 5.** (1) The health care authority shall develop an action plan to support admission to and improved transitions between levels of care for both adults and adolescents.

(2) The health care authority shall develop the action plan in partnership with the office of the insurance commissioner, medicaid managed care organizations, commercial health plans, providers of substance use disorder services, and Indian health care agencies.

(3) The health care authority must include the following in the action plan:

(a) Identification of barriers in order to facilitate transfers to the appropriate level of care, and specific actions to remove those barriers; and

(b) Specific actions that may lead to the increase in the number of persons successfully transitioning from one level of care to the next appropriate level of care.

(4) The barriers and action items to be identified and addressed in the action plan under subsection (3) of this section include, but are not limited to:

(a) Having the health care authority and department of health explore systems to allow higher acuity withdrawal management facilities to bill for appropriate lower levels of care while maintaining financial stability;

(b) Developing protocols for the initial notification by a substance use disorder treatment agency to fully insured health plans and managed care organizations in regards to an enrollee's admission to a facility and uniformity in the plan's response to the agency in regards to the receipt of this information;

(c) Facilitating direct transfers to withdrawal management and residential substance use disorder treatment from hospitals and jails;

(d) Addressing concerns related to individuals being denied withdrawal management services based on their drug of choice;

(e) Exploring options for allowing medicaid managed care organizations to pay an administrative rate and establishing the equivalent reimbursement mechanism for commercial health plans for a plan enrollee who needs to remain in withdrawal management or residential care until a seamless transfer can occur, but no longer requires the higher acuity level that was the reason for the initial admission; and

(f) Establishing the minimum amount of medical information necessary to gather from the patient for utilization reviews in a withdrawal management setting.

(5) For medicaid services, specific actions must align with federal and state medicaid requirements regarding medical necessity, minimize duplicative or unnecessary burdens for agencies, and be patient-centered for medicaid managed care organizations.

(6) The health care authority shall develop options for best communicating the action plan to substance use disorder agencies by December 1, 2020.

**NEW SECTION. Sec. 6.** For the purposes of promoting standardized training for behavioral health professionals and facilitating communications between behavioral health agencies, executive agencies, managed care organizations, private health plans, and plans offered through the public employees' benefits board, it is the policy of the state to adopt a single standard set of criteria to define medical necessity for substance use disorder treatment and to define substance use disorder levels of care in Washington. The criteria selected must be comprehensive, widely understood and accepted in the field, and based on continuously updated research and evidence. The health care authority and the office of the insurance commissioner must independently review their regulations and practices by January 1, 2021. The health care authority may make rules if necessary to promulgate the selected standard set of criteria."

#### SECOND READING

SUBSTITUTE HOUSE BILL NO. 2426, by House Committee on Health Care & Wellness (originally sponsored by Cody, Robinson, Kilduff, Tharinger, Davis, Macri, Riccelli and Pollet)

Protecting patient safety in psychiatric hospitals and other health care facilities.

The measure was read the second time.

#### MOTION

Senator Dhingra moved that the following committee striking amendment by the Committee on Behavioral Health Subcommittee to Health & Long Term Care be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that patients seeking behavioral health care in Washington would benefit from consistent regulatory oversight and transparency about patient outcomes. Current regulatory oversight of psychiatric hospitals licensed under chapter 71.12 RCW needs to be enhanced to protect the health, safety, and well-being of patients seeking behavioral health care in these facilities. Some hospitals have not complied with state licensing requirements. Additional enforcement tools are needed to address noncompliance and protect patients from risk of harm.

The legislature also finds that licensing and enforcement requirements for all health care facility types regulated by the department of health are inconsistent and that patients are not well-served by this inconsistency. Review of the regulatory requirements for all health care facility types, including acute care hospitals, is needed to identify gaps and opportunities to consolidate and standardize requirements. Legislation will be necessary to implement uniform requirements that assure provision of safe, quality care and create consistency and predictability for facilities.

**"NEW SECTION. Sec. 2.** A new section is added to chapter 71.12 RCW to read as follows:

(1) Any psychiatric hospital may request from the department or the department may offer to any psychiatric hospital technical assistance. The department may not provide technical assistance during an inspection or during the time between when an investigation of a psychiatric hospital has been initiated and when such investigation is resolved.

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

(2) The department may offer group training to psychiatric hospitals licensed under this chapter.

**NEW SECTION. Sec. 3.** A new section is added to chapter 71.12 RCW to read as follows:

(1) In any case in which the department finds that a licensed psychiatric hospital has failed or refused to comply with applicable state statutes or regulations, the department may take one or more of the actions identified in this section, except as otherwise limited in this section.

(a) When the department determines the psychiatric hospital has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule, or has been given any previous statement of deficiency that included the same or similar type of violation of the same or similar statute or rule, or when the psychiatric hospital failed to correct noncompliance with a statute or rule by a date established or agreed to by the department, the department may impose reasonable conditions on a license. Conditions may include correction within a specified amount of time, training, or hiring a department-approved consultant if the hospital cannot demonstrate to the department that it has access to sufficient internal expertise.

(b)(i) In accordance with the authority the department has under RCW 43.70.095, the department may assess a civil fine of up to ten thousand dollars per violation, not to exceed a total fine of one million dollars, on a hospital licensed under this chapter when the department determines the psychiatric hospital has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule, or has been given any previous statement of deficiency that included the same or similar type of violation of the same or similar statute or rule, or when the psychiatric hospital failed to correct noncompliance with a statute or rule by a date established or agreed to by the department.

(ii) Proceeds from these fines may only be used by the department to provide training or technical assistance to psychiatric hospitals and to offset costs associated with licensing psychiatric hospitals.

(iii) The department shall adopt in rules under this chapter specific fine amounts in relation to the severity of the noncompliance.

(iv) If a licensee is aggrieved by the department's action of assessing civil fines, the licensee has the right to appeal under RCW 43.70.095.

(c) In accordance with RCW 43.70.095, the department may impose civil fines of up to ten thousand dollars for each day a person operates a psychiatric hospital without a valid license. Proceeds from these fines may only be used by the department to provide training or technical assistance to psychiatric hospitals and to offset costs associated with licensing psychiatric hospitals.

(d) The department may suspend admissions of a specific category or categories of patients as related to the violation by imposing a limited stop placement. This may only be done if the department finds that noncompliance results in immediate jeopardy.

(i) Prior to imposing a limited stop placement, the department shall provide a psychiatric hospital written notification upon identifying deficient practices or conditions that constitute an immediate jeopardy, and the psychiatric hospital shall have twenty-four hours from notification to develop and implement a department-approved plan to correct the deficient practices or conditions that constitute an immediate jeopardy. If the deficient practice or conditions that constitute immediate jeopardy are not verified by the department as having been corrected within the

same twenty-four hour period, the department may issue the limited stop placement.

(ii) When the department imposes a limited stop placement, the psychiatric hospital may not admit any new patients in the category or categories subject to the limited stop placement until the limited stop placement order is terminated.

(iii) The department shall conduct a follow-up inspection within five business days or within the time period requested by the psychiatric hospital if more than five business days is needed to verify the violation necessitating the limited stop placement has been corrected.

(iv) The limited stop placement shall be terminated when:

(A) The department verifies the violation necessitating the limited stop placement has been corrected; and

(B) The psychiatric hospital establishes the ability to maintain correction of the violation previously found deficient.

(e) The department may suspend new admissions to the psychiatric hospital by imposing a stop placement. This may only be done if the department finds that noncompliance results in immediate jeopardy and is not confined to a specific category or categories of patients or a specific area of the psychiatric hospital.

(i) Prior to imposing a stop placement, the department shall provide a psychiatric hospital written notification upon identifying deficient practices or conditions that constitute an immediate jeopardy, and the psychiatric hospital shall have twenty-four hours from notification to develop and implement a department-approved plan to correct the deficient practices or conditions that constitute an immediate jeopardy. If the deficient practice or conditions that constitute immediate jeopardy are not verified by the department as having been corrected within the same twenty-four hour period, the department may issue the stop placement.

(ii) When the department imposes a stop placement, the psychiatric hospital may not admit any new patients until the stop placement order is terminated.

(iii) The department shall conduct a follow-up inspection within five business days or within the time period requested by the psychiatric hospital if more than five business days is needed to verify the violation necessitating the stop placement has been corrected.

(iv) The stop placement order shall be terminated when:

(A) The department verifies the violation necessitating the stop placement has been corrected; and

(B) The psychiatric hospital establishes the ability to maintain correction of the violation previously found deficient.

(f) The department may suspend, revoke, or refuse to renew a license.

(2)(a) Except as otherwise provided, RCW 43.70.115 governs notice of the imposition of conditions on a license, a limited stop placement, stop placement, or the suspension, revocation, or refusal to renew a license and provides the right to an adjudicative proceeding. Adjudicative proceedings and hearings under this section are governed by the administrative procedure act, chapter 34.05 RCW. The application for an adjudicative proceeding must be in writing, state the basis for contesting the adverse action, including a copy of the department's notice, be served on and received by the department within twenty-eight days of the licensee's receipt of the adverse notice, and be served in a manner that shows proof of receipt.

(b) When the department determines a licensee's noncompliance results in immediate jeopardy, the department may make the imposition of conditions on a licensee, a limited stop placement, stop placement, or the suspension of a license

effective immediately upon receipt of the notice by the licensee, pending any adjudicative proceeding.

(i) When the department makes the suspension of a license or imposition of conditions on a license effective immediately, a licensee is entitled to a show cause hearing before a presiding officer within fourteen days of making the request. The licensee must request the show cause hearing within twenty-eight days of receipt of the notice of immediate suspension or immediate imposition of conditions. At the show cause hearing the department has the burden of demonstrating that more probably than not there is an immediate jeopardy.

(ii) At the show cause hearing, the presiding officer may consider the notice and documents supporting the immediate suspension or immediate imposition of conditions and the licensee's response and must provide the parties with an opportunity to provide documentary evidence and written testimony, and to be represented by counsel. Prior to the show cause hearing, the department must provide the licensee with all documentation that supports the department's immediate suspension.

(iii) If the presiding officer determines there is no immediate jeopardy, the presiding officer may overturn the immediate suspension or immediate imposition of conditions.

(iv) If the presiding officer determines there is immediate jeopardy, the immediate suspension or immediate imposition of conditions shall remain in effect pending a full hearing.

(v) If the secretary sustains the immediate suspension or immediate imposition of conditions, the licensee may request an expedited full hearing on the merits of the department's action. A full hearing must be provided within ninety days of the licensee's request.

**NEW SECTION. Sec. 4.** A new section is added to chapter 43.70 RCW to read as follows:

As resources allow, the department shall make health care facility inspection and investigation statements of deficiencies, plans of correction, notice of acceptance of plans of correction, enforcement actions, and notices of resolution available to the public on the internet, starting with psychiatric hospitals and residential treatment facilities.

**NEW SECTION. Sec. 5.** A new section is added to chapter 43.70 RCW to read as follows:

The department must conduct a review of statutes for all health care facility types licensed by the department under chapters 18.46, 18.64, 70.41, 70.42, 70.127, 70.230, 71.12, and 71.24 RCW to evaluate appropriate levels of oversight and identify opportunities to consolidate and standardize licensing and enforcement requirements across facility types. The department must work with stakeholders including, but not limited to, the statewide associations of the facilities under review to create recommendations that will be shared with stakeholders and the legislature for a uniform health care facility enforcement act for consideration in the 2021 legislative session.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) Any city having a boundary located on Puget Sound or Lake Washington may establish, finance, and provide passenger-only ferry service, including associated services to support and augment passenger-only ferry

service operation, within its boundaries. For the purposes of this chapter, Puget Sound has the same meaning as described in RCW 36.57A.200.

(2) Before a city may provide passenger-only ferry service, it must develop a passenger-only ferry investment plan, which must include elements regarding operating or contracting for the operation of passenger-only ferry services; the purchase, lease, or rental of ferry vessels and dock facilities for the provision of transit service; consultation with potentially affected federally recognized Indian treaty fishing tribes and other federally recognized treaty tribes with potentially affected interests to ensure impacts to tribal fishing are minimized; and identifying other activities necessary to implement the plan. The passenger-only ferry investment plan must also set forth terminal locations to be served, consistency with any study developed through the Puget Sound regional council for regional service, projected costs of providing services, and revenues to be generated from tolls, locally collected tax revenues, and other revenue sources. The passenger-only ferry investment plan may recommend additional revenue authority that has not yet been authorized under state law.

(3) The passenger-only ferry investment plan must ensure that services provided under the plan are for the benefit of the residents of the city. The city may use any of its powers to carry out this purpose, unless otherwise prohibited by law. In addition, the city may enter into contracts and agreements to operate passenger-only ferry service, as well as appropriate public-private partnerships including, but not limited to, design-build, general contractor/construction management, or other alternative procurement processes substantially consistent with chapter 39.10 RCW.

(4) The passenger-only ferry investment plan must show design and funding considerations for propulsion types and technologies that meet low, ultra-low, and zero emission targets in relation to any operations and business plan to ensure a viable route. Considerations should include vessel design, electrification, as well as shoreside infrastructure. The investment plan must also show best management practices and technologies available and considered to reduce impacts to water quality, prevention of strikes, and underwater noise that impact the southern resident killer whale population, other marine mammals, and aquatic life.

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

Senator Cleveland moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that oral disease is the most common childhood chronic disease, yet is almost entirely preventable, impacting school readiness, future employability, and overall well-being and quality of life. The access to baby and child dentistry program has made Washington a leader in oral health care access across the nation, providing greater levels of access and utilization for medicaid eligible children under six years old. The legislature further recognizes that the access to baby and child dentistry program connects children to a dental home in their communities, enabling children to get off to a healthy start. While the state has made great strides, children of color continue to experience higher rates of tooth decay than their peers and children under the age of two are not accessing care at the same rate as older children. Therefore, it is the legislature's intent to expand on the program investments the state has already made to provide additional outreach and support to eligible families and providers, increase very young children's access to care, and further reduce racial and ethnic disparities in access to care and oral health outcomes.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:

(1) The authority, in consultation with the office of equity, created in chapter . . . (Engrossed Second Substitute House Bill No. 1783), Laws of 2020, shall work with the statewide managing partner of the access to baby and child dentistry program to develop a local access to baby and child dentistry program fund allocation formula, key deliverables, and target metrics for increased outreach and provider engagement and support with the goal of reducing racial and ethnic disparities.

(2) The authority, in consultation with the office of equity, created in chapter . . . (Engrossed Second Substitute House Bill No. 1783), Laws of 2020, shall collaborate with stakeholders to monitor progress toward the goals articulated in subsection (1) of this section and provide support to local access to baby and child dentistry programs and providers."

(e) The employee has abided by agency rules regarding:

(i) Sick leave use if he or she qualifies under (a)(i), (vi), (vii), or (viii) of this subsection; or

~~(f) ((The employee has diligently pursued and been found to be ineligible for benefits under chapter 51.32 RCW if he or she qualifies under (a)(i) of this subsection))~~ Until the expiration of proclamation 20-05, issued February 29, 2020, by the governor and declaring a state of emergency in the state of Washington, or any amendment thereto, whichever is later, an agency head may permit an employee to receive shared leave under this section if the employee, or a relative or household member, is isolated or quarantined as recommended, requested, or ordered by a public health official or health care provider as a result of suspected or confirmed infection with or exposure to the 2019 novel coronavirus (COVID-19). An agency head may permit use of shared leave under this subsection (1)(f) without considering the requirements of (a) through (e) of this subsection.

(2)(a) The agency head shall determine the amount of leave, if any, which an employee may receive under this section. However, the agency head may not prevent an employee from using shared leave intermittently or on nonconsecutive days so long as the leave has not been returned under subsection (10) of this section. In addition, an employee shall not receive a total of more than five hundred twenty-two days of leave, except that, a supervisor may authorize leave in excess of five hundred twenty-two days in extraordinary circumstances for an employee qualifying for the shared leave program because he or she is suffering from an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature. Shared leave received under the uniformed service shared leave pool in RCW 41.04.685 is not included in this total.

(b) An employee receiving industrial insurance wage replacement benefits may not receive greater than twenty-five percent of his or her base salary from the receipt of shared leave under this section.

(a) An employee who has an accrued annual leave balance of more than ten days may request that the head of the agency for which the employee works transfer a specified amount of annual leave to another employee authorized to receive leave under subsection (1) of this section. In no event may the employee request a transfer of an amount of leave that would result in his or her annual leave account going below ten days. For purposes of this subsection (4)(a), annual leave does not accrue if the employee receives compensation in lieu of accumulating a balance of annual leave.

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(c) An employee may transfer, under the provisions of this section relating to the transfer of leave, all or part of his or her personal holiday, as that term is defined under RCW 1.16.050, or as such holidays are provided to employees by agreement with a school district's board of directors if the leave transferred under this subsection does not exceed the amount of time provided for personal holidays under RCW 1.16.050.

(5) An employee of an institution of higher education under RCW 28B.10.016, school district, or educational service district who does not accrue annual leave but does accrue sick leave and who has an accrued sick leave balance of more than twenty-two days may request that the head of the agency for which the employee works transfer a specified amount of sick leave to

another employee authorized to receive leave under subsection (1) of this section. In no event may such an employee request a transfer that would result in his or her sick leave account going below twenty-two days. Transfers of sick leave under this subsection are limited to transfers from employees who do not accrue annual leave. Under this subsection, "sick leave" also includes leave accrued pursuant to RCW 28A.400.300(1)(b) or 28A.310.240(1) with compensation for illness, injury, and emergencies.

(6) Transfers of leave made by an agency head under subsections (4) and (5) of this section shall not exceed the requested amount.

(7) Leave transferred under this section may be transferred from employees of one agency to an employee of the same agency or, with the approval of the heads of both agencies, to an employee of another state agency.

(8) While an employee is on leave transferred under this section, he or she shall continue to be classified as a state employee and shall receive the same treatment in respect to salary, wages, and employee benefits as the employee would normally receive if using accrued annual leave or sick leave.

(a) All salary and wage payments made to employees while on leave transferred under this section shall be made by the agency employing the person receiving the leave. The value of leave transferred shall be based upon the leave value of the person receiving the leave.

(b) In the case of leave transferred by an employee of one agency to an employee of another agency, the agencies involved shall arrange for the transfer of funds and credit for the appropriate value of leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under this section only if and to the extent that the agency's existing appropriation authority would prevent it from expending the funds received.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(9) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

(10)(a) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. Unused shared leave may not be returned until one of the following occurs:

(i) The agency head receives from the affected employee a statement from the employee's doctor verifying that the illness or injury is resolved; or

(ii) The employee is released to full-time employment; has not received additional medical treatment for his or her current condition or any other qualifying condition for at least six months; and the employee's doctor has declined, in writing, the employee's request for a statement indicating the employee's condition has been resolved.

(b) If a shared leave account is closed and an employee later has a need to use shared leave due to the same condition listed in

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

the closed account, the agency head must approve a new shared leave request for the employee.

(c) To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

(11) An employee who uses leave that is transferred to him or her under this section may not be required to repay the value of the leave that he or she used.

(12) The director of financial management may adopt rules as necessary to implement subsection (2) of this section.

(13) For the purposes of this section, "shortly deplete" means that the employee will have forty hours or less of the applicable leave types under subsection (1)(d) of this section. However, the employee is not required to deplete all of the employee's leave and can maintain up to forty hours of the applicable leave types in reserve.

NEW SECTION. Sec. 3. A new section is added to chapter 41.04 RCW to read as follows:

(1) Parental leave received under RCW 41.04.665 must be used within the sixteen weeks immediately after birth or placement, except as provided in subsection (2) of this section.

(2) If a person receiving parental leave also receives leave due to a pregnancy disability, the parental leave may be taken in the sixteen weeks immediately after the pregnancy disability leave. However, parental leave may not be used more than one year after birth."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 41.04.655 and 41.04.665; and adding a new section to chapter 41.04 RCW."

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.101.085 and 2006 c 22 s 1 are each amended to read as follows:

In addition to its other powers granted under this chapter, the commission has authority and power to:

(1) Adopt, amend, or repeal rules as necessary to carry out this chapter;

(3) Take or cause to be taken depositions and other discovery procedures as needed in investigations, hearings, and other proceedings held under this chapter;

(8) Employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter; and

(9) ~~(7)~~ Grant, deny, or revoke certification of tribal police officers whose tribal governments have agreed to participate in the tribal police officer certification process.

**Sec. 2.** RCW 43.101.010 and 2008 c 69 s 2 are each amended to read as follows:

When used in this chapter:

(1) The term "commission" means the Washington state criminal justice training commission.

(2) The term "boards" means the education and training standards boards, the establishment of which are authorized by this chapter.

(3) The term "criminal justice personnel" means any person who serves in a county, city, state, or port commission agency engaged in crime prevention, crime reduction, or enforcement of the criminal law.

(4) The term "law enforcement personnel" means any public employee or volunteer having as a primary function the enforcement of criminal laws in general or any employee or volunteer of, or any individual commissioned by, any municipal, county, state, or combination thereof, agency having as its primary function the enforcement of criminal laws in general as

distinguished from an agency possessing peace officer powers, the primary function of which is the implementation of specialized subject matter areas. For the purposes of this subsection "primary function" means that function to which the greater allocation of resources is made.

(5) The term "correctional personnel" means any employee or volunteer who by state, county, municipal, or combination thereof, statute has the responsibility for the confinement, care, management, training, treatment, education, supervision, or counseling of those individuals whose civil rights have been limited in some way by legal sanction.

(6) "Chief for a day program" means a program in which commissioners and staff partner with local, state, and federal law enforcement agencies, hospitals, and the community to provide a day of special attention to chronically ill children. Each child is selected and sponsored by a law enforcement agency. The event, "chief for a day," occurs on one day, annually or every other year and may occur on the grounds and in the facilities of the commission. The program may include any appropriate honoring of the child as a "chief," such as a certificate swearing them in as a chief, a badge, a uniform, and donated gifts such as games, puzzles, and art supplies.

(7) A peace officer or corrections officer is "convicted" at the time a plea of guilty has been accepted, or a verdict of guilty or finding of guilt has been filed, notwithstanding the pendency of any future proceedings, including but not limited to sentencing, posttrial or postfact-finding motions and appeals. "Conviction" includes a deferral of sentence and also includes the equivalent disposition by a court in a jurisdiction other than the state of Washington.

(8)(a) "Discharged for disqualifying misconduct" ~~((means))~~ has the following meanings:

(i) A peace officer terminated from employment for: ~~((a))~~ (A) Conviction of ~~((1))~~ (I) any crime committed under color of authority as a peace officer, ~~((1))~~ (II) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), ~~((1))~~ (III) the unlawful use or possession of a controlled substance, or ~~((1))~~ (IV) any other crime the conviction of which disqualifies a Washington citizen from the legal right to possess a firearm under state or federal law; ~~((b))~~ (B) conduct that would constitute any of the crimes addressed in (a)(i)(A) of this subsection; or ~~((c))~~ (C) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination; or

(ii) A corrections officer terminated from employment for: (A) Conviction of (I) any crime committed under color of authority as a corrections officer, (II) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), or (III) the unlawful use or possession of a controlled substance; (B) conduct that would constitute any of the crimes addressed in (a)(ii)(A) of this subsection; or (C) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination.

~~((9))~~ (b) A peace officer or corrections officer is "discharged for disqualifying misconduct" within the meaning of this subsection (8) ~~((of this section))~~ under the ordinary meaning of the term and when the totality of the circumstances support a finding that the officer resigned in anticipation of discipline, whether or not the misconduct was discovered at the time of resignation, and when such discipline, if carried forward, would more likely than not have led to discharge for disqualifying misconduct within the meaning of this subsection (8) ~~((of this section))~~.

~~((10))~~ (9) When used in context of proceedings referred to in this chapter, "final" means that the peace officer or corrections officer has exhausted all available civil service appeals, collective bargaining remedies, and all other such direct administrative appeals, and the officer has not been reinstated as the result of the action. Finality is not affected by the pendency or availability of state or federal administrative or court actions for discrimination, or by the pendency or availability of any remedies other than direct civil service and collective bargaining remedies.

~~((11))~~ (10) "Peace officer" means any law enforcement personnel subject to the basic law enforcement training requirement of RCW 43.101.200 and any other requirements of that section, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.200. Commissioned officers of the Washington state patrol, whether they have been or may be exempted by rule of the commission from the basic training requirement of RCW 43.101.200, are included as peace officers for purposes of this chapter. Fish and wildlife officers with enforcement powers for all criminal laws under RCW 77.15.075 are peace officers for purposes of this chapter.

(11) "Corrections officer" means any corrections agency employee whose primary job function is to provide for the custody, safety, and security of adult prisoners in jails and detention facilities and who is subject to the basic corrections training requirement of RCW 43.101.220 and any other requirements of that section, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.220. For the purpose of sections 3 through 13 of this act, "corrections officer" does not include individuals employed by state agencies.

**NEW SECTION. Sec. 3.** (1) As a condition of continuing employment as corrections officers, all Washington state corrections officers shall: (a) Timely obtain certification as corrections officers, or timely obtain exemption therefrom, by meeting all requirements of RCW 43.101.220, as that section is administered under the rules of the commission, as well as by meeting any additional requirements under this chapter; and (b) maintain the basic certification as corrections officers under this chapter. The commission shall certify corrections officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.220 on or before the effective date of this section. Thereafter, the commission may revoke certification pursuant to this chapter.

(2) As a condition of continuing employment for any applicant who has been offered a conditional offer of employment as a corrections officer after July 1, 2021, including any person whose certification has lapsed as a result of a break of more than twenty-four consecutive months in the officer's service as a corrections officer, the applicant shall submit to a background investigation including a check of criminal history, verification of immigrant or citizenship status as either a citizen of the United States or a lawful permanent resident, a psychological examination, and a polygraph or similar assessment as administered by the corrections agency, the results of which shall be used to determine the applicant's suitability for employment as a corrections officer.

(3) The commission shall allow a corrections officer to retain status as a certified corrections officer as long as the officer: (a) Timely meets the basic corrections officer training requirements, or is exempted therefrom, in whole or in part, under RCW 43.101.220 or under rule of the commission; (b) meets or is exempted from any other requirements under this chapter as administered under the rules adopted by the commission; (c) is

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

not denied certification by the commission under this chapter; and (d) has not had certification revoked by the commission.

(4) As a prerequisite to certification, as well as a prerequisite to pursuit of a hearing under section 9 of this act, a corrections officer must, on a form devised or adopted by the commission, authorize the release to the commission of his or her personnel files, termination papers, criminal investigation files, or other files, papers, or information that are directly related to a certification matter or decertification matter before the commission.

**NEW SECTION. Sec. 4.** Upon request by a corrections officer's employer or on its own initiative, the commission may deny or revoke certification of any corrections officer after written notice and hearing, if a hearing is timely requested by the corrections officer under section 9 of this act, based upon a finding of one or more of the following conditions:

(1) The corrections officer has failed to timely meet all requirements for obtaining a certificate of basic corrections training, or a certificate of exemption from the training;

(2) The corrections officer has knowingly falsified or omitted material information on an application for training or certification to the commission;

(3) The corrections officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified corrections officer was convicted of a felony before being employed as a corrections officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing corrections agency;

(4) The corrections officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the discharge proceedings occurred on or after the effective date of this section;

(5) The corrections officer's certificate was previously issued by administrative error on the part of the commission; or

(6) The corrections officer has interfered with an investigation or action for denial or revocation of certificate by: (a) Knowingly making a materially false statement to the commission; or (b) in any matter under investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness.

**NEW SECTION. Sec. 5.** (1) A person denied a certification based upon dismissal or withdrawal from a basic corrections academy for any reason not also involving discharge for disqualifying misconduct is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, rules which may provide for a probationary period of certification in the event of reinstatement of eligibility.

(3) A person whose certification is denied or revoked based upon a felony criminal conviction is not eligible for certification at any time.

(4) A corrections officer whose certification is denied or revoked based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction, may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement.

The commission shall hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission. If the certificate is reinstated or eligibility for certification is determined, the commission may establish a probationary period of certification.

(5) A corrections officer whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction. The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission. If the certificate is reinstated or if eligibility for certification is determined, the commission may establish a probationary period of certification.

**NEW SECTION. Sec. 6.** A corrections officer's certification lapses automatically when there is a break of more than twenty-four consecutive months in the officer's service as a full-time corrections officer. A break in full-time corrections service which is due solely to the pendency of direct review or appeal from a disciplinary discharge, or to the pendency of a work-related injury, does not cause a lapse in certification. The officer may petition the commission for reinstatement of certification. Upon receipt of a petition for reinstatement of a lapsed certificate, the commission shall determine under this chapter and any applicable rules of the commission if the corrections officer's certification status is to be reinstated, and the commission shall also determine any requirements which the officer must meet for reinstatement. The commission may adopt rules establishing requirements for reinstatement.

**NEW SECTION. Sec. 7.** Upon termination of a corrections officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify the commission on a personnel action report form provided by the commission. The agency of termination shall, upon request of the commission, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation under section 4 of this act. The commission shall maintain these notices in a permanent file, subject to RCW 43.101.400.

**NEW SECTION. Sec. 8.** A corrections officer or duly authorized representative of a corrections agency may submit a written complaint to the commission charging that a corrections officer's certificate should be denied or revoked, and specifying the grounds for the charge. Filing a complaint does not make a complainant a party to the commission's action. The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint.

**NEW SECTION. Sec. 9.** (1) If the commission determines, upon investigation, that there is probable cause to believe that a corrections officer's certification should be denied or revoked under section 4 of this act, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of termination and any current corrections employer. The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the

officer must, within sixty days of communication of the statement of charges, request a hearing before the hearings panel appointed under RCW 43.101.380. Failure of the officer to request a hearing within the sixty-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the date of the hearing must be scheduled not earlier than ninety days nor later than one hundred eighty days after the officer requests a hearing; the one hundred eighty-day period may be extended on mutual agreement of the parties or for good cause. The commission shall give written notice of hearing at least twenty days prior to the hearing, specifying the time, date, and place of hearing.

**Sec. 10.** RCW 43.101.380 and 2010 1st sp.s. c 7 s 14 are each amended to read as follows:

(1) The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is clear, cogent, and convincing evidence.

(2) In all hearings requested under RCW 43.101.155 or section 9 of this act, a five-member hearings panel shall both hear the case and make the commission's final administrative decision. Members of the commission may, but need not, be appointed to the hearings panels. The commission shall appoint as follows two or more panels to hear (~~(appeals from)~~) certification actions:

(a) When a hearing is requested in relation to a certification action of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) One police chief; (ii) one sheriff; (iii) two certified Washington peace officers who are at or below the level of first line supervisor, one of whom is from a city or county law enforcement agency, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(b) When a hearing is requested in relation to a certification action of a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one certified Washington peace officer who is at or below the level of first line supervisor, who is not a state patrol officer, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(3) Where the charge upon which revocation or denial is based is that a peace officer or corrections officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of RCW 43.101.105(1)(d) or section 4(4) of this act, and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; the hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the employment separation proceeding. However, the hearings panel may, in its discretion, consider additional evidence to determine whether such a discharge occurred and was based on such disqualifying misconduct. The hearings panel shall, upon written request by the subject peace officer or corrections officer, allow the peace officer or corrections officer to present additional evidence of extenuating circumstances.

Where the charge upon which revocation or denial of certification is based is that a peace officer or corrections officer "has been convicted at any time of a felony offense" within the meaning of RCW 43.101.105(1)(c) or section 4(3) of this act, the hearings panel shall revoke or deny certification if it determines that the peace officer or corrections officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer or corrections officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under RCW 43.101.105(1) (a), (b), (e), or (f) or section 4 (1), (2), (5), or (6) of this act, the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

(4) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The administrative office of the courts shall conduct a study and a pilot project on streamlining the vacation of criminal convictions under RCW 9.96.060 (2)(b) and (5)(a) and 9.94A.640(2) through an administrative, court-driven process established under section 2 of this act.

(2) The administrative office of the courts shall:

(a) Determine the types of data currently available to the administrative office of the courts to assess eligibility under RCW 9.96.060 (2)(b) and (5)(a) and 9.94A.640(2);

(b) Evaluate additional types of information that should be reported to judicial information systems or directly to sentencing courts or the administrative office of the courts to improve the reliability of the screening process;

(c) Propose procedures for conducting queries of available records to assess eligibility, which may include, for example: (i) If applicable, whether a person is currently incarcerated for a criminal offense may be determined by reviewing the term of confinement reflected in the judgment and sentence document for his or her most recent criminal conviction; (ii) if applicable, whether a person completed his or her sentencing conditions, excluding legal financial obligations, and satisfied the waiting period under RCW 9.96.060(2)(b) (vi)(D) or (vii) or 9.94A.640(2) (e) or (f) may be determined by adding the waiting period to the terms of confinement and community custody reflected in the applicable judgment and sentence document; (iii) if applicable, the period for which a person must not have been convicted of any new criminal offense under RCW 9.96.060(2)(b)(viii) or 9.94A.640(2) (c) or (d) may be determined based on the date of the query conducted by the administrative office of the courts, rather than the date of application; and (iv) any other procedures deemed necessary by the administrative office of the courts;

(d) Assess whether any changes to laws, policies, or practices or additional resources are necessary to improve the reliability of the process for the pilot program and for launching a similar program statewide;

(e) Develop an implementation plan for the pilot program under section 2 of this act; and

(f) Make additional recommendations deemed appropriate and necessary by the administrative office of the courts.

(3) The administrative office of the courts shall report to the governor and the appropriate committees of the legislature, as follows:

(a) A report with findings, recommendations, and an implementation plan must be submitted by December 1, 2020;

(b) A status update on the pilot program must be submitted by December 1, 2021; and

(c) A final report on the pilot program, including a summary of data collected under section 2 of this act and other findings and recommendations, must be submitted by December 1, 2022.

(4) When conducting the evaluation and pilot program required under this section and section 2 of this act, the administrative office of the courts shall consult with county clerks and court administrators, judges, prosecuting attorneys, defense attorneys, the department of corrections, county and city departments, national and local organizations with interest or experience in vacating or sealing criminal convictions, national and local organizations with experience in developing automated vacating or sealing procedures in other states, organizations and persons with relevant technical expertise in computer and records systems, and any other entities with relevant records.

(5) This section expires June 30, 2025.

**NEW SECTION. Sec. 2.** (1) Beginning July 1, 2021, through June 30, 2022, the administrative office of the courts shall conduct a pilot program for streamlining the vacation of criminal convictions under RCW 9.96.060 (2)(b) and (5)(a) and 9.94A.640(2) through an administrative, court-driven process. After consulting with courts of general and limited jurisdiction, the administrative office of the courts shall select a county in which to conduct the pilot program. The sentencing courts within the county selected for the pilot program shall comply with the requirements of this section, and further provide information to the administrative office of the courts necessary for the reporting requirement under subsection (4) of this section.

(2) When conducting the pilot program, the administrative office of the courts shall review convictions from the participating county for the purpose of determining whether those convictions should be scheduled for administrative vacation hearings. If appropriate and necessary for producing reliable notifications to sentencing courts participating in the pilot program, the administrative office of the courts may limit the screening process to certain types or classes of convictions or defendants. The process must:

(a) Review convictions beginning at the earliest period for which electronic court records are reliable, provided that the review applies to convictions beginning no later than January 1, 2000;

(b) Rely upon records available to the administrative office of the courts through judicial information systems and other agencies including, but not limited to, the Washington state patrol and the department of corrections;

(c) Determine whether a defendant is currently incarcerated for a criminal offense, and whether available records indicate that he or she is precluded from qualifying to vacate his or her misdemeanor conviction under RCW 9.96.060 (2)(b) or (5)(a) or his or her felony conviction under RCW 9.94A.640(2), which may be based on queries and other procedures developed by the administrative office of the courts including, but not limited to, those referenced in section 1(2)(c) of this act;

(d) Notify sentencing courts to schedule an administrative vacation hearing for any defendant where a review of available records does not indicate that the defendant is precluded from qualifying to vacate his or her conviction;

(e) Prioritize potentially qualifying defendants according to criteria established by the administrative office of the courts so as not to hinder sentencing courts with excessing notifications; and

(f) Review records and provide notifications on a monthly or quarterly basis, as determined by the administrative office of the courts.

(3)(a) Beginning July 1, 2021, through June 30, 2022, sentencing courts within the county selected for the pilot program under this section shall conduct regularly scheduled administrative vacation hearings.

(b) When a participating sentencing court receives notice from the administrative office of the courts under subsection (2) of this

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

section regarding a defendant potentially qualifying to vacate his or her conviction, the court shall set an administrative vacation hearing. At an administrative vacation hearing, the court shall determine whether to vacate the conviction based on the requirements for the particular offense under RCW 9.96.060 (2)(b) or (5)(a) or 9.94A.640(2). The defendant is presumed to meet the requirements and the court shall vacate the conviction, unless: Court records indicate that the defendant does not meet the requirements; or the prosecutor objects on the basis that the defendant does not meet the requirements or that the defendant is currently incarcerated for a criminal offense, provided that such objection is made with sufficient particularity and supporting information. If the court determines the defendant is not currently eligible, but is likely to become eligible in the future, the court may set a subsequent administrative vacation hearing at an appropriate date determined by the court. Otherwise, the court may decline to vacate the conviction without setting a subsequent hearing.

(c) For the purposes of conducting proceedings under this section, the requirements under RCW 9.96.060 (2)(b) and (5)(a) apply to misdemeanors and the requirements under RCW 9.94A.640(2) apply to felonies, except a defendant is not required to: File a petition or application; provide notice to relevant parties; or appear at an administrative hearing. If the court vacates a conviction under this section, it shall achieve the vacation through the procedure provided in RCW 9.96.060(1). A vacation under this section is processed in the same manner and has the same effect as provided under RCW 9.96.060 (6) and (7) for a misdemeanor or RCW 9.94A.640(3) for a felony. Regardless of whether a hearing under this section has previously occurred or is scheduled at a future date, nothing in this section prohibits a defendant from applying to the court to: Vacate a conviction under RCW 9.96.060 or 9.94A.640; or seal his or her conviction or vacation records under court rules.

(4) The administrative office of the courts shall collect the following information with respect to convictions where notifications were sent to sentencing courts through the pilot program, including: The number of notifications sent to sentencing courts; the number of administrative hearings held; the number of vacations granted at administrative hearings; the number of convictions where the court set a future administrative hearing based on predicted eligibility; the number of convictions where the court declined to vacate the convictions without setting a future administrative hearing; and other data deemed relevant by the administrative office of the courts. The administrative office of the courts shall include a summary of the data, including by type of court and for the entire pilot program, in its reports required under section 1(3) (b) and (c) of this act.

(5) This section expires June 30, 2025.

**Sec. 3.** RCW 9.96.060 and 2019 c 400 s 1, 2019 c 331 s 4, and 2019 c 46 s 5010 are each reenacted and amended to read as follows:

(1) When vacating a conviction under this section, the court effectuates the vacation by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(6)(a) Except as provided in (c) of this subsection, once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. However, nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040. (b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, 26.10.220, 26.26B.050, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

(c) A conviction vacated on or after July 28, 2019, qualifies as a prior conviction for the purpose of charging a present recidivist offense as defined in RCW 9.94A.030 occurring on or after July 28, 2019.

(7) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

Concerning the higher education retirement plans.

The measure was read the second time.

#### MOTION

Senator Conway moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) Chapter 47, Laws of 2011 1st sp. sess. (Engrossed Substitute House Bill No. 1981) established a framework to allow the state's institutions of higher education to begin funding the unfunded portion of the defined benefit component of the higher education retirement plans.

(b) Moneys in the fund are being invested in short-term assets with low rates of return because there is no stated or clear pathway for when these funds will be used to pay benefits and that a stated strategy would allow these funds to be invested at a higher rate of return.

(c) The first actuarial analysis of the plans was completed in 2016, which provided information about projected future costs and potential institution specific rates that would allow benefits to be paid from the fund beginning in 2035.

(2) Therefore, the legislature intends the following:

(a) To establish institution specific contribution rates for each institutions of higher education supplemental benefit plan.

(b) The pension funding council will adjust the institution specific rates periodically based on updated experience and actuarial analyses to maintain progress towards funding the actuarial liabilities of each institution and to allow payment from the funds by 2035.

(c) Future contribution rates represent the cost of paying on a combined prefunded and pay-as-you-go basis in a way that reduces the year-to-year changes in cost that the higher education retirement plan supplemental benefit has under current law.

(d) The department of retirement systems assumes responsibility for administering the higher education retirement plan supplemental benefit fund when sufficient assets have been accumulated, as determined by the pension funding council.

(e) When sufficient funding has been accumulated to begin making benefit payments that the payments be made solely from

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

that institution's portion of the higher education retirement plan supplemental benefit fund.

(f) That moneys in the fund be invested in a way to maximize returns.

**Sec. 2.** RCW 28B.10.423 and 2012 c 229 s 516 are each amended to read as follows:

(1) For employees who are first employed by an institution of higher education in a position eligible for participation in an old age annuities or retirement income plan under this chapter prior to July 1, 2011, it is the intent of RCW 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, and 28B.10.420((;)) and ~~((28B.10.423))~~ this section that the retirement income resulting from the contributions described herein from the state of Washington and the employee shall be projected actuarially so that it shall not exceed sixty percent of the average of the highest two consecutive years salary. Periodic review of the retirement systems established pursuant to RCW 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, and 28B.10.420((;)) and ~~((28B.10.423))~~ this section will be undertaken at such time and in such manner as determined by the committees on ways and means of the senate and of the house of representatives, the select committee on pension policy, and the pension funding council, and joint contribution rates will be adjusted if necessary to accomplish this intent.

(2) Beginning July 1, 2011, state funding for annuity or retirement income plans under RCW 28B.10.400 shall not exceed six percent of salary. The state board for community and technical colleges and the student achievement council are exempt from the provisions of this subsection (2).

(3) By June 30, 2013, and every two years thereafter, each institution of higher education that is responsible for payment of supplemental amounts under RCW 28B.10.400(1)(c) shall contract with the state actuary under chapter 41.44 RCW for an actuarial valuation of their supplemental benefit plan. By June 30, 2013, and at least once every six years thereafter, each institution shall also contract with the state actuary under chapter 41.44 RCW for an actuarial experience study of the mortality, service, compensation, and other experience of the annuity or retirement income plans created in this chapter, and into the financial condition of each system. At the discretion of the state actuary, the valuation or experience study may be performed by the state actuary or by an outside actuarial firm under contract to the office of the state actuary. Each institution of higher education is required to provide the data and information required for the performance of the valuation or experience study to the office of the state actuary or to the actuary performing the study on behalf of the state actuary. The state actuary may charge each institution for the actual cost of the valuation or experience study through an interagency agreement. Upon completion of the valuation or experience study, the state actuary shall provide copies of the study to the institution of higher education and to the select committee on pension policy and the pension funding council.

~~((c))~~ (b) Beginning July 1, 2013, an employer contribution rate of one-half of one percent of salary is established to prefund

the unfunded future obligations of the supplemental benefit established in RCW 28B.10.400.

~~((d))~~ (c)(i) Beginning July 1, 2020, the employer contribution rates for each state institution of higher education are as follows:

(d) Consistent with chapter 41.50 RCW, the department of retirement systems shall collect the employer contribution rates established in this section from each state institution of higher education, and deposit those contributions into the higher education retirement plan supplemental benefit fund under RCW 41.50.075(6). The contributions made by each employer into the higher education retirement plan supplemental benefit fund and the earnings on those contributions shall be accounted for separately within the fund.

(e) Following the completion and review of the ~~((initial))~~ actuarial valuations and experience study conducted pursuant to subsection (3) of this section, the pension funding council may ~~((; Adopt))~~, by July 31, 2020, and every two years thereafter,

If the actuarial valuations of the higher education retirement plans of each institution contributing to the higher education retirement plan supplemental benefit fund suggest that different contribution rates are appropriate for each institution, different rates may be adopted. Rates adopted by the pension funding council are subject to revision by the legislature ~~((;~~

~~((ii) Recommend legislation that will, upon accumulation of sufficient funding in the higher education retirement plan supplemental benefit fund, transfer the responsibility for making supplemental benefit payments to the department of retirement systems, and adjust employer contribution rates to reflect the transfer of responsibility).~~

(f)(i) The rates adopted by the pension funding council must be designed to keep the cost of the higher education retirement plan supplemental benefits at a more level percentage of pay than a pay-as-you-go method. Contributions shall continue until the projected value of the funds equals the projected cost of future benefits for the institution.

(ii) Funds are anticipated to be accumulated in the higher education retirement plan supplemental benefit fund, and not expended on benefits until approximately the year 2035.

(iii) The pension funding council, in consultation with the state actuary, may choose and occasionally revise, a funding method designed to achieve these objectives.

(c) School districts, and the applicable carrier, must work with the health care authority to either modify and remove competing components of the district-based benefit or end any district-based benefit offering in competition with either the health care authority's or the school employees' benefits board offered benefits.

(d) Unless the school employees' benefits board offers such benefits, school districts may offer only the following optional benefits to school employees:

(i) Benefits listed in section 3(1) (a) through (i) of this act, offered as employee-paid, voluntary benefits that may be administered by using payroll deductions; and

(ii) Voluntary employees' beneficiary association accounts ((that can be liquidated by the employee on termination of employment)), including benefit plans authorized in RCW 28A.400.210(3).

((Optional benefit plans may be offered only if:

(a) Each full time employee, regardless of the number of dependents receiving basic coverage, receives the same additional employer contribution for other coverage or optional benefits; and

(b) For part-time employees, participation in optional benefit plans shall be governed by the same eligibility criteria and/or proration of employer contributions used for allocations for basic benefits.))

(3) School districts are not intended to divert state basic benefit allocations for other purposes. Beginning January 1, 2020, school districts must offer all benefits offered by the school employees' benefits board administered by the health care authority, and consistent with RCW 41.56.500(2).

(4) Any optional benefits offered by a school district under subsection (2) of this section are considered an enhancement to the state's definition of basic education.

**Sec. 2.** RCW 28A.400.350 and 2019 c 411 s 6 are each amended to read as follows:

(1) The board of directors of any of the state's school districts or educational service districts may make available medical, dental, vision, liability, life, accident, disability, and salary protection or insurance, direct agreements as defined in chapter 48.150 RCW, or any one of, or a combination of the types of employee benefits enumerated in this subsection, or any other type of insurance or protection, for the members of the boards of directors, the students, and employees of the school district or educational service district, and their dependents. Except as provided in subsection (6) of this section, such coverage may be provided by contracts or agreements with private carriers, with the state health care authority, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. Any direct agreement must comply with RCW 48.150.050.

(2)(a) Whenever funds are available for these purposes the board of directors of the school district or educational service district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts or educational service districts and their dependents. The premiums on such liability insurance shall be borne by the school district or educational service district.

(b) After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability

insurance unless the district's employee benefit plan conforms to RCW 28A.400.275 and 28A.400.280.

(c) After December 31, 2019, school district contributions to any employee insurance that is purchased through the health care authority must conform to the requirements established by chapter 41.05 RCW and the school employees' benefits board.

(3) For school board members, educational service district board members, and students, the premiums due on such protection or insurance shall be borne by the assenting school board member, educational service district board member, or student. The school district or educational service district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school, school district, or educational service district. The school district board of directors and the educational service district board may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors or the educational service district board, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. The district board shall adopt regulations for waiving or reducing the insurance coverage requirements for low-income students in order to assure such students are not prohibited from participating in extracurricular interschool activities.

(4) All contracts or agreements for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW.

(5)(a) Until the creation of the school employees' benefits board under RCW 41.05.740, school districts offering medical, vision, and dental benefits shall:

(i) Offer a high deductible health plan option with a health savings account that conforms to section 223, part VII of subchapter 1 of the internal revenue code of 1986. School districts shall comply with all applicable federal standards related to the establishment of health savings accounts;

(ii) Make progress toward employee premiums that are established to ensure that full family coverage premiums are not more than three times the premiums for employees purchasing single coverage for the same coverage plan, unless a subsequent premium differential target is defined as a result of the review and subsequent actions described in RCW 41.05.655;

(iii) Offer employees at least one health benefit plan that is not a high deductible health plan offered in conjunction with a health savings account in which the employee share of the premium cost for a full-time employee, regardless of whether the employee chooses employee-only coverage or coverage that includes dependents, does not exceed the share of premium cost paid by state employees during the state employee benefits year that started immediately prior to the school year.

(b) All contracts or agreements for employee benefits must be held to responsible contracting standards, meaning a fair, prudent,

and accountable competitive procedure for procuring services that includes an open competitive process, except where an open process would compromise cost-effective purchasing, with documentation justifying the approach.

(c) School districts offering medical, vision, and dental benefits shall also make progress on promoting health care innovations and cost savings and significantly reduce administrative costs.

(d) All contracts or agreements for insurance or protection described in this section shall be in compliance with chapter 3, Laws of 2012 2nd sp. sess.

(6) The authority to make available basic and optional benefits to school employees under this section expires December 31, 2019, except (a) for nonrepresented employees of educational service districts for which the authority expires December 31, 2023, and (b) as authorized under RCW 28A.400.280. Beginning January 1, 2020, school districts, for all school employees, and educational service districts, for represented employees, shall make available basic and optional benefits through plans offered by the health care authority and the school employees' benefits board. Beginning January 1, 2024, educational service districts, for nonrepresented employees, shall make available basic and optional benefits through plans offered by the health care authority and the school employees' benefits board.

**NEW SECTION. Sec. 3.** A new section is added to chapter 41.05 RCW to read as follows:

(1) In addition to the benefits offering authority under this chapter, the school employees' benefits board may study and, subject to the availability of funding, offer the following benefits:

- (a) Emergency transportation;
- (b) Identity protection;
- (c) Legal aid;
- (d) Long-term care insurance;
- (e) Noncommercial personal automobile insurance;
- (f) Personal homeowner's or renter's insurance;
- (g) Pet insurance;
- (h) Specified disease or illness-triggered fixed payment insurance, hospital confinement fixed payment insurance, or other fixed payment insurance offered as an independent, noncoordinated benefit regulated by the office of the insurance commissioner;

(i) Travel insurance; and

(j) Voluntary employees' beneficiary association accounts.

(2) The health care authority, in consultation with the school employees' benefits board, shall review the optional benefits reported by school districts as required in RCW 28A.400.280 and determine if the optional benefits are in competition with benefits currently offered under either the authority's or the board's authorities. If a school district benefit offering is determined to be in competition with the benefits offered under either the authority's or the board's authorities, the health care authority must inform the school district of the benefits conflict and work with the school district, and the applicable carrier, to either modify and remove competing components of the district-based benefit or end the district-based offering. If a carrier is in the process of modifying benefits, including seeking any required regulatory approval, a school district may continue to offer the original benefit.

(3) Specified disease or illness-triggered fixed payment insurance, hospital confinement fixed payment insurance, or other fixed payment insurance offered pursuant to this section as an independent, noncoordinated benefit is not a health plan as defined in RCW 48.43.005."

Establishing a program for the designation of state scenic bikeways.

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

The measure was read the second time.

MOTION

Senator Lovelett moved that the following committee striking amendment by the Committee on Agriculture, Water, Natural Resources & Parks be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 79A.05 RCW to read as follows:

(1) In addition to its other powers, duties, and functions, the commission must establish a scenic bikeways program for the designation and promotion of bicycle routes of notable scenic, recreational, cultural, or historic value.

(2)(a) Any person may propose the designation of a scenic bikeway route by the commission. Prior to the designation of a scenic bike route by the commission, the commission must provide an opportunity for public comment.

(b) When proposing routes for commission approval, proponents are encouraged to:

(i) Consider the criteria under this section by which the commission will review and approve scenic bikeway designations, including the criteria specified in subsections (4) and (6) of this section; and

(ii) Locate routes in such a way as to encourage local economic development in proximity to designated scenic bikeways, including opportunities for bicycle repairs, food, lodging, camping, recreation, and other tourist activities.

(3)(a) Scenic bikeways may be comprised of bicycle paths, multiple-use trails, highways, or trail facilities managed by the commission.

(b)(i) Scenic bikeways may be located over public lands with the consent of each federal, state, or local governmental entity that has jurisdiction over the public lands or through which a proposed route passes.

(ii) Scenic bikeways may be located over privately owned lands with the consent of the private landowner.

(4) Prior to designating a scenic bikeway, the commission must review the proposed designation in consultation with the department of transportation and confirm the designated bicycle route:

(a) Is of notable scenic, recreational, cultural, or historic value, or some combination thereof;

(b) Is consented to as required under subsection (3) of this section; and

(c) To the extent feasible and consistent with the goals of this section:

(i) Is not located on heavily trafficked roads when less-trafficked roads are available as a suitable alternative;

(ii) Is not located on highways without shoulders or bike lanes when highways with shoulders or bike lanes are available as a suitable alternative;

(iii) Avoids complex intersections or other locations that would reduce the ease of use of the scenic bikeway by users;

(iv) Is colocated with locally developed bicycle-supportive infrastructure, including bike lanes, multiuse trails, greenways, or other designated bicycle routes; and

(v) Is designed to minimize adverse effects on adjacent landowners.

(5) Prior to designating a scenic bikeway, the commission must consult with a local government legislative authority if the scenic

bikeway will be located within the local government's jurisdiction.

(6) To the extent that funds available for the development of scenic bikeways limit the number of designated scenic bikeways that the commission is able to approve and implement each biennium, the commission must give priority to the designation and implementation of scenic bikeways that will add variety to the geographic location, topography, route length and difficulty, and cultural, historic, scenic, and recreational value of the statewide scenic bikeway system or that will complete existing bicycling networks.

(7) The commission must periodically review designated scenic bikeways to ensure that routes continue to meet the criteria of subsection (4) of this section. Upon review, the commission may alter the route or revoke the designation of a scenic bikeway.

(8)(a) In consultation with the department of transportation, the commission must develop signage to be placed along the routes of each designated scenic bikeway.

(b) On the commission's web site, the commission must promote the use of designated scenic bikeways.

(c) The commission may develop promotional materials, including maps or telecommunications applications for purposes of facilitating public use of designed scenic bikeways. Promotional materials created by the commission must indicate whether the bikeway is paved or gravel and any other conditions of the bikeway that affect the safety of users. Consistent with the standards of RCW 79A.05.087, the commission may encourage local economic development in proximity to designated scenic bikeways in the promotional materials by noting opportunities for bicycle repair, food, lodging, camping, recreation, and other tourist activities.

(d) The commission must evaluate each designated scenic bikeway to determine whether the bikeway, or a portion thereof, is suitable for the use of electric bicycles and tricycles. If the commission determines that a designated scenic bikeway, or a portion thereof, is suitable for the use of electric bicycles and tricycles, the commission must allow their use on those bikeways or portions of bikeways.

(9) A recreational access pass issued under chapter 79A.80 RCW is not required in order to use a designated scenic bikeway, except that the access pass requirements of chapter 79A.80 RCW apply to motor vehicles used to park or operate on any portion of a scenic bikeway located on a recreational site or lands, as that term is defined in RCW 79A.80.010.

(10) The designation of a facility or roadway as a scenic bikeway by the commission does not change the liability of the commission or any other state or local government entity with respect to unintentional injury sustained by a user of a scenic bikeway. Nothing in this subsection applies or limits the applicability of the provisions of RCW 4.24.210 to roads or facilities designated as scenic bikeways.

(11) Nothing in this section authorizes the commission to acquire property or property rights solely for purposes of development of a scenic bikeway.

(12) The commission may enter into sponsorship agreements with nonprofit entities or private businesses or entities for sponsorship signs to be displayed on designated scenic bikeways or portions of designated scenic bikeways. The commission may establish the cost for entering into a sponsor agreement. Sponsorship agreements must comply with (a) through (d) of this subsection.

(a) Space for a sponsorship sign may be provided by the commission on a designated scenic bikeway.

(b) Signage erected pursuant to a sponsorship agreement must be consistent with criteria established by the commission relating to size, materials, colors, wording, and location.

(c) The nonprofit entity or private business or entity must pay all costs of a display, including development, construction, installation, operation, maintenance, and removal costs.

(d) Proceeds from the sponsorship agreements must be used to fund commission activities related to the scenic bikeways program. Any surplus funds resulting from sponsorship agreements must be deposited into the state parks renewal and stewardship account under RCW 79A.05.215.

(13) The commission may adopt rules to administer the scenic bikeways program."

On page 1, line 2 of the title, after "bikeways;" strike the remainder of the title and insert "and adding a new section to chapter 79A.05 RCW."

Concerning procedures for ensuring compliance with court orders requiring surrender of firearms, weapons, and concealed pistol licenses.

#### MOTION

Senator Pedersen moved that the following committee striking amendment by the Committee on Law & Justice be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.41.801 and 2019 c 245 s 2 are each amended to read as follows:

(1) Because of the heightened risk of lethality to petitioners when respondents to protection orders become aware of court involvement and continue to have access to firearms, and the frequency of noncompliance with court orders prohibiting possession of firearms, law enforcement and judicial processes must emphasize swift and certain compliance with court orders prohibiting access, possession, and ownership of firearms.

(2) A law enforcement officer serving a protection order, no-contact order, or restraining order that includes an order to

FIFTY FOURTH DAY, MARCH 6, 2020

2020 REGULAR SESSION

surrender all firearms, dangerous weapons, and a concealed pistol license under RCW 9.41.800 shall inform the respondent that the order is effective upon service and the respondent must immediately surrender all firearms and dangerous weapons in his or her custody, control, or possession and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for such firearms, dangerous weapons, and concealed pistol license. The law enforcement officer shall take possession of all firearms, dangerous weapons, and any concealed pistol license belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search. ~~((Alternatively, if personal service is not required because the respondent was present at the hearing at which the order was entered, the))~~ The order must be personally served upon the respondent or defendant if the order is entered in open court in the presence of the respondent or defendant. The respondent or defendant shall acknowledge receipt and service. If the respondent or defendant refuses service, an agent of the court may indicate on the record that the respondent or defendant refused service. The court shall enter the service and receipt into the record. A copy of the order and service shall be transmitted immediately to law enforcement. The respondent must immediately surrender all firearms, dangerous weapons, and any concealed pistol license in a safe manner to the control of the local law enforcement agency on the day of the hearing at which the respondent was present.

(3) At the time of surrender, a law enforcement officer taking possession of firearms, dangerous weapons, and any concealed pistol license shall issue a receipt identifying all firearms, dangerous weapons, and any concealed pistol license that have been surrendered and provide a copy of the receipt to the respondent. The law enforcement agency shall file the original receipt with the court within twenty-four hours after service of the order and retain a copy of the receipt, electronically whenever electronic filing is available.

(4) Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms or dangerous weapons as required by an order issued under RCW 9.41.800, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms and dangerous weapons in their possession, custody, or control. If probable cause exists, the court shall issue a warrant describing the firearms or dangerous weapons and authorizing a search of the locations where the firearms and dangerous weapons are reasonably believed to be and the seizure of all firearms and dangerous weapons discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms or dangerous weapons surrendered pursuant to this section, and the person is determined by the law enforcement agency to be the lawful owner of the firearm or dangerous weapon, the firearm or dangerous weapon shall be returned to the lawful owner, provided that:

(a) The firearm or dangerous weapon is removed from the respondent's access, custody, control, or possession and the lawful owner agrees by written document signed under penalty of perjury to store the firearm or dangerous weapon in a manner such that the respondent does not have access to or control of the firearm or dangerous weapon;

(b) The firearm or dangerous weapon is not otherwise unlawfully possessed by the owner; and

(c) The requirements of RCW 9.41.345 are met.

(6) Courts shall develop procedures to verify timely and complete compliance with orders to surrender weapons under

RCW 9.41.800, including compliance review hearings to be held as soon as possible upon receipt from law enforcement of proof of service. A compliance review hearing is not required if the court can otherwise enter findings on the record or enter written findings that the proof of surrender or declaration of nonsurrender attested to by the person subject to the order, along with verification from law enforcement and any other relevant evidence, makes a sufficient showing that the person has timely and completely surrendered all firearms and dangerous weapons in their custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070, to a law enforcement agency. If the court does not have a sufficient record before it on which to make such a finding, the court must set a review hearing to occur as soon as possible at which the respondent must be present and provide ~~((testimony to the court under oath verifying))~~ proof of compliance with the court's order.

(7)(a) If a court finds at the compliance review hearing, or any other hearing where compliance with the order to surrender weapons is addressed, that there is probable cause to believe the respondent was aware of and failed to fully comply with the order, failed to appear at the compliance review hearing, or violated the order after the court entered findings of compliance, pursuant to its authority under chapter 7.21 RCW, the court may initiate a contempt proceeding to impose remedial sanctions on its own motion, or upon the motion of the prosecutor, city attorney, or the petitioner's counsel, and issue an order requiring the respondent to appear, provide proof of compliance with the order, and show cause why the respondent should not be held in contempt of court.

(b) If the respondent is not present in court at the compliance review hearing or if the court issues an order to appear and show cause after a compliance review hearing, the clerk of the court shall electronically transmit a copy of the order to show cause to the law enforcement agency where the respondent resides for personal service or service in the manner provided in the civil rules of superior court or applicable statute.

(c) The order to show cause served upon the respondent shall state the date, time, and location of the hearing and shall include a warning that the respondent may be held in contempt of court if the respondent fails to promptly comply with the terms of the order to surrender weapons and a warning that an arrest warrant could be issued if the respondent fails to appear on the date and time provided in the order.

(d)(i) At the show cause hearing, the respondent must be present and provide proof of compliance with the underlying court order to surrender weapons and demonstrate why the relief requested should not be granted.

(ii) The court shall take judicial notice of the receipt filed with the court by the law enforcement agency pursuant to subsection (3) of this section. The court shall also provide sufficient notice to the law enforcement agency of the hearing. Upon receiving notice pursuant to this subsection, a law enforcement agency must:

(A) Provide the court with a complete list of firearms and other dangerous weapons surrendered by the respondent or otherwise belonging to the respondent that are in the possession of the law enforcement agency; and

(B) Provide the court with verification that any concealed pistol license issued to the respondent has been surrendered and the agency with authority to revoke the license has been notified.

(iii) If the law enforcement agency has a reasonable suspicion that the respondent is not in full compliance with the terms of the order, the law enforcement agency must submit the basis for its belief to the court, and may do so through the filing of an affidavit.

(e) If the court finds the respondent in contempt, the court may impose remedial sanctions designed to ensure swift compliance with the order to surrender weapons.

(f) The court may order a respondent found in contempt of the order to surrender weapons to pay for any losses incurred by a party in connection with the contempt proceeding, including reasonable attorneys' fees, service fees, and other costs. The costs of the proceeding shall not be borne by the petitioner.

(8) All law enforcement agencies must have policies and procedures to provide for the acceptance, storage, and return of firearms, dangerous weapons, and concealed pistol licenses that a court requires must be surrendered under RCW 9.41.800. A law enforcement agency holding any firearm or concealed pistol license that has been surrendered under RCW 9.41.800 shall comply with the provisions of RCW 9.41.340 and 9.41.345 before the return of the firearm or concealed pistol license to the owner or individual from whom it was obtained.

~~((8))~~ (9) The administrative office of the courts shall create a statewide pattern form to assist the courts in ensuring timely and complete compliance in a consistent manner with orders issued under this chapter. The administrative office of the courts shall report annually on the number of orders issued under this chapter by each court, the degree of compliance, and the number of firearms obtained, and may make recommendations regarding additional procedures to enhance compliance and victim safety.

**Sec. 2.** RCW 7.94.090 and 2017 c 3 s 10 (Initiative Measure No. 1491) are each amended to read as follows:

(1) Upon issuance of any extreme risk protection order under this chapter, including an ex parte extreme risk protection order, the court shall order the respondent to surrender to the local law enforcement agency all firearms in the respondent's custody, control, or possession and any concealed pistol license issued under RCW 9.41.070.

(2) The law enforcement officer serving any extreme risk protection order under this chapter, including an ex parte extreme risk protection order, shall request that the respondent immediately surrender all firearms in his or her custody, control, or possession and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for such firearms. The law enforcement officer shall take possession of all firearms belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search. The order must be personally served upon the respondent or defendant if the order is entered in open court in the presence of the respondent or defendant. The respondent or defendant shall acknowledge receipt and service. If the respondent or defendant refuses service, an agent of the court may indicate on the record that the respondent or defendant refused service. The court shall enter the service and receipt into the record. A copy of the order and service shall be transmitted immediately to law enforcement. Alternatively, if personal service by a law enforcement officer is not possible, ~~((or not required because the respondent was present at the extreme risk protection order hearing,))~~ the respondent shall surrender the firearms in a safe manner to the control of the local law enforcement agency within forty-eight hours of being served with the order by alternate service ~~((or within forty-eight hours of the hearing at which the respondent was present)).~~

(3) At the time of surrender, a law enforcement officer taking possession of a firearm or concealed pistol license shall issue a receipt identifying all firearms that have been surrendered and provide a copy of the receipt to the respondent. Within seventy-two hours after service of the order, the officer serving the order shall file the original receipt with the court and shall ensure that his or her law enforcement agency retains a copy of the receipt.

(4) Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms as required by an order issued under this chapter, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms in his or her possession, custody, or control. If probable cause exists, the court shall issue a warrant describing the firearms and authorizing a search of the locations where the firearms are reasonably believed to be and the seizure of any firearms discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms surrendered pursuant to this section, and he or she is determined by the law enforcement agency to be the lawful owner of the firearm, the firearm shall be returned to him or her, provided that:

(a) The firearm is removed from the respondent's custody, control, or possession and the lawful owner agrees to store the firearm in a manner such that the respondent does not have access to or control of the firearm; and

(b) The firearm is not otherwise unlawfully possessed by the owner.

(6) Upon the issuance of a one-year extreme risk protection order, the court shall order a new compliance review hearing date and require the respondent to appear not later than three judicial days from the issuance of the order. The court may dismiss the hearing upon a satisfactory showing that the respondent has timely and completely surrendered all firearms in the respondent's custody, control, or possession and any concealed pistol license issued under RCW 9.41.070 to a law enforcement agency, and is in compliance with the order. If the court does not have a sufficient record before it on which to make such a finding, the court must set a review hearing to occur as soon as possible, at which the respondent must be present and provide proof of compliance with the court's order.

(7)(a) If a court finds at the compliance review hearing, or any other hearing where compliance with the order is addressed, that there is probable cause to believe the respondent was aware of and failed to fully comply with the order, failed to appear at the compliance review hearing, or violated the order after the court entered findings of compliance, pursuant to its authority under chapter 7.21 RCW, the court may initiate a contempt proceeding on its own motion, or upon the motion of the prosecutor, city attorney, or the petitioner's counsel, to impose remedial sanctions, and issue an order requiring the respondent to appear, provide proof of compliance with the order, and show cause why the respondent should not be held in contempt of court.

(b) If the respondent is not present in court at the compliance review hearing or if the court issues an order to appear and show cause after a compliance review hearing, the clerk of the court shall electronically transmit a copy of the order to show cause to the law enforcement agency where the respondent resides for personal service or service in the manner provided in the civil rules of superior court or applicable statute.

(c) The order to show cause served upon the respondent shall state the date, time, and location of the hearing and shall include a warning that the respondent may be held in contempt of court if the respondent fails to promptly comply with the terms of the extreme risk protection order and a warning that an arrest warrant could be issued if the respondent fails to appear on the date and time provided in the order to show cause.

The court shall also provide sufficient notice to the law enforcement agency of the hearing. Upon receiving notice pursuant to this subsection, a law enforcement agency must:

(A) Provide the court with a complete list of firearms surrendered by the respondent or otherwise belonging to the respondent that are in the possession of the law enforcement agency; and

(B) Provide the court with verification that any concealed pistol license issued to the respondent has been surrendered and the agency with authority to revoke the license has been notified.

(iii) If the law enforcement agency has a reasonable suspicion that the respondent is not in full compliance with the terms of the order, the law enforcement agency must submit the basis for its belief to the court, and may do so through the filing of an affidavit.

Requiring training on human trafficking.

The measure was read the second time.

#### MOTION

Senator Pedersen moved that the following committee striking amendment by the Committee on Law & Justice be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that human trafficking is a serious problem in the United States and in the state of Washington. Polaris project, the largest anti-human trafficking organization in the United States, hosts the national human trafficking hotline. Since the hotline's inception in 2007, over fifty thousand human trafficking cases have been discovered. In 2018, the hotline identified over twenty-three thousand survivors of human trafficking nationally. Human trafficking is an international problem that will continue to exploit the most vulnerable individuals in a community if proper training and identification support is not provided to the community at large.

(2) The legislature also recognizes that human trafficking is prevalent within hotels and motels across the country and in Washington. In 2018, eighty-one percent of the active sex trafficking cases in the United States involved a victim who was compelled to provide a commercial sexual act at a hotel. In 2017, forty-five percent of youth victims surveyed reported having been exploited in hotels. There is evidence to suggest that training can be an effective way of raising awareness about human trafficking. According to the Washington-based anti-trafficking group businesses ending slavery and trafficking, hoteliers who received human trafficking awareness training reported a significant increase in the likelihood that they would call law enforcement if they suspected trafficking.

(3) It is the intent of the legislature to work toward the goal of ridding hotels and other places of accommodation in Washington of human trafficking.

**NEW SECTION. Sec. 2.** A new section is added to chapter 70.62 RCW to read as follows:

(1) A transient accommodation shall provide annual training regarding human trafficking to each of its employees.

(2) Training must be provided to all employees no later than January 1, 2021, and to new employees no later than ninety days after they begin their employment.

(3) The training required under this section must include, at a minimum, the following:

(a) The definition of human trafficking and commercial exploitation of children, and the difference between sex trafficking and labor trafficking;

(b) Content that is culturally responsive;

(c) Guidance specific to the public lodging sector concerning how to identify individuals who may be victims of human trafficking based on behaviors and traits of trafficking regardless of race, creed, color, national origin, sex, sexual orientation, or class;

(d) Guidance concerning the role of the employees in appropriately responding to suspected human trafficking; and

(e) The contact information of appropriate agencies, including a national human trafficking hotline telephone number and the telephone numbers of appropriate local law enforcement agencies.

(4) By January 1, 2021, every operator of a transient accommodation shall post in a location conspicuous to employees signage regarding human trafficking awareness, printed in an easily legible font in English and any other language spoken by at least ten percent of the employees.

(5) By January 1, 2021, every operator of a transient accommodation shall implement procedures for the voluntary reporting of suspected human trafficking to the national human trafficking hotline or to a local law enforcement agency, and a policy to act as a guide for all employees on human trafficking prevention.

(6) Contents of the training and copies of the signage must be made available for inspection, upon request by the department.

**Sec. 3.** RCW 70.62.260 and 2004 c 162 s 1 are each amended to read as follows:

(1)(a) No person shall operate a transient accommodation as defined in this chapter without having a valid license issued by the department. Applications for a transient accommodation license shall be filed with the department sixty days or more before initiating business as a transient accommodation. All licenses issued under the provisions of this chapter shall expire one year from the effective date.

(b) The department may not renew or issue a license to an applicant without first receiving written certification from the applicant that the human trafficking training requirements under section 2 of this act regarding training, signage, and procedures for reporting have been met.

(2) All applications for renewal of licenses shall be either: (a) Postmarked no later than midnight on the date the license expires; or (b) if personally presented to the department or sent by electronic means, received by the department by 5:00 p.m. on the date the license expires.

(3) A licensee that submits a license renewal application in accordance with this section and the rules and fee schedule adopted under this chapter shall be deemed to possess a valid license for the year following the expiration date of the expiring license, or until the department suspends or revokes the license pursuant to RCW 70.62.270.

(4) The license of a licensee that fails to submit a license renewal application in accordance with this section, and the rules and fee schedule adopted under this chapter, shall become invalid on the thirty-fifth day after the expiration date, unless the licensee shall have corrected any and all deficiencies in the renewal application and paid a penalty fee as established by rule by the department before the thirty-fifth day following the expiration date. An invalid license may be reinstated upon reapplication as an applicant for a new license under subsection (1) of this section.

(5) Each license shall be issued only for the premises and persons named in the application."

On page 1, line 1 of the title, after "trafficking;" strike the remainder of the title and insert "amending RCW 70.62.260; adding a new section to chapter 70.62 RCW; and creating a new section."

## MOTION

Senator Kuderer moved that the following committee striking amendment by the Committee on Labor & Commerce be not adopted:

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature finds that the increasing transportation of hazardous and volatile materials on the railroads operating within our state, as well as significantly longer trains operating over the unique and widely varying geographical terrain existing in our state coupled with decreasing train crew size, creates a significant safety hazard to the public, railroad employees, and the environment. Adequate personnel are critical to ensuring railroad operational safety, security, and in the event of a hazardous material incident, support of first responder activities, as well as in the interest of the safety of passengers and the general public. Therefore, the legislature declares that this act regulating minimum railroad employee staffing to reduce risk to localities constitutes an exercise of the state's police power to protect and promote the health, safety, security, and welfare of the residents of the state by reducing the risk exposure to local communities and protecting environmentally sensitive and/or pristine lands and waterways.

**NEW SECTION. Sec. 2.** A new section is added to chapter 81.40 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Class III" means a railroad carrier designated as a class III railroad by the United States surface transportation board and is owned and operated by entities whose combined total railroad operational ownership and controlling interest meets the United States surface transportation board designation as a class III railroad carrier.

(2) "Commission" means the utilities and transportation commission created in chapter 80.01 RCW.

(3) "Crewmember" means a railroad operating craft employee who has been trained and meets the requirements and qualifications as determined by the federal railroad administration for a railroad operating service employee.

(5) "Hazardous material train" means:

(a) Any train carrying any combination of twenty or more carloads of class 2 flammable gases and class 3 flammable liquids, as defined by the United States department of transportation in 49 C.F.R. Part 173 as of the effective date of this section;

(b) Any train with one or more carloads of class 1 explosive materials with a mass explosion hazard, class 7 spent nuclear fuel, or high-level nuclear waste, as defined by the United States department of transportation in 49 C.F.R. Sec. 174.310 as of the effective date of this section; or

(c) Any high-hazard flammable train as defined by the United States department of transportation in 49 C.F.R. Sec. 174.310 as of the effective date of this section.

(6) "Railroad carrier" means a carrier of persons or property upon vehicles, other than streetcars, operated upon stationary rails, the route of which is principally outside incorporated cities and towns. "Railroad carrier" includes any officers and agents of the railroad carrier.

Except as provided in section 4 of this act, the following minimum employee requirements apply:

(2) Class III carriers transporting fewer than twenty loaded hazardous material cars on trains operating on their road while at a speed of twenty-five miles per hour or less are not required to maintain additional train crewmembers specified in section 3(2) of this act. The commission may grant waivers to the minimum crew size requirements specified in section 3(1) of this act to:

(a) Class III railroad carriers exclusively transporting agricultural commodities;

(b) Class III railroad carriers having not more than nine employees that do not transport loaded railcars containing dangerous commodities on their road; or

(c) Class III railroad carriers meeting conditions consistent with the intent of this section as ordered by the commission. Waivers must be issued for a specific period of time and subject to regular review by the commission.

(3)(a) The commission may order railroad carriers to increase the number of railroad employees in areas of increased risk to the

public, passengers, railroad employees, or the environment, or on specific trains, routes, or to switch assignments on their road with additional numbers of crewmembers, and may direct the placement of additional crewmembers, if it is determined that such an increase in staffing or the placement of additional crewmembers is necessary to protect the safety, health, and welfare of the public, passengers, or railroad employees, to prevent harm to the environment or to address site specific safety or security hazards.

(b) In issuing such an order, the commission may consider relevant factors including, but not limited to, the volatility of the commodities being transported, train volume, risk mitigation measures, environmental and operating factors that impact vulnerabilities, risk exposure to passengers, the general public, railroad employees, communities, or the environment along the train route, security risks including sabotage or terrorism threat levels, a railroad carrier's prior history of accidents, compliance violations, operating practices, infrastructure investments including track and equipment maintenance issues or lack thereof, employee training and support programs, first responder access, and any other relevant factors in the interest of safety.

**NEW SECTION. Sec. 5.** A new section is added to chapter 81.40 RCW to read as follows:

(1) Each train or engine run in violation of section 3 of this act constitutes a separate offense. However, section 3 of this act does not apply in the case of disability of one or more members of any train crew while out on the road between division terminals, or assigned to wrecking trains.

(2) Any person, corporation, company, or officer of the court operating any railroad, or part of any railroad or railway within the state of Washington, and engaged as a common carrier, in the transportation of freight or passengers, who violates any of the provisions of section 3 of this act may be subject to fines of not less than one thousand dollars and not more than one hundred thousand dollars for each offense, as determined by the commission through order.

(3) The commission may impose fines exceeding the provisions in subsection (2) of this section when a serious injury or fatality occurs involving a carrier's violation of this act. All relevant factors may be considered including, but not limited to, the class, assets, profitability, and operational safety record of the carrier, as well as deterrence in ascertaining an appropriate punitive penalty, as determined by the commission through order.

(4) It is the duty of the commission to enforce this section.

**NEW SECTION. Sec. 6.** The following acts or parts of acts are each repealed:

(3) The commission must act to ensure that railroad carriers supplement trains entering Washington state with the requisite number of train crewmembers pursuant to this act, at the closest regular station stop or crew change point located in proximity to and adjacent with either side of the state border, having been established and in use by the carrier on January 1, 2020.

(4)(a) The commission may order railroad carriers to increase the number of railroad employees in areas of increased risk to the public, passengers, railroad employees, or the environment, or on specific trains, routes, or to switch assignments on their road with additional numbers of crewmembers, and may direct the placement of additional crewmembers, if it is determined that such an increase in staffing or the placement of additional crewmembers is necessary to protect the safety, health, and welfare of the public, passengers, or railroad employees, to prevent harm to the environment or to address site specific safety or security hazards.

(b) In issuing such an order, the commission may consider relevant factors including, but not limited to, the volatility of the commodities being transported, train volume, risk mitigation measures, environmental and operating factors that impact vulnerabilities, risk exposure to passengers, the general public, railroad employees, communities, or the environment along the train route, security risks including sabotage or terrorism threat levels, a railroad carrier's prior history of accidents, compliance violations, operating practices, infrastructure investments including track and equipment maintenance issues or lack thereof, employee training and support programs, first responder access, and any other relevant factors in the interest of safety.

(2) Each train or engine run in violation of section 3 of this act constitutes a separate offense. However, section 3 of this act does not apply in the case of disability of one or more members of any train crew while out on the road between division terminals, or assigned to wrecking trains.

(3) Any person, corporation, company, or officer of the court operating any railroad, or part of any railroad or railway within the state of Washington, and engaged as a common carrier, in the transportation of freight or passengers, who violates any of the provisions of section 3 of this act may be subject to fines of not less than one thousand dollars and not more than one hundred thousand dollars for each offense, as determined by the commission through order.

(4) The commission may impose fines exceeding the provisions in subsection (3) of this section when a serious injury or fatality occurs involving a carrier's violation of this act. All relevant factors may be considered including, but not limited to, the class, assets, profitability, and operational safety record of the carrier, as well as deterrence in ascertaining an appropriate punitive penalty, as determined by the commission through order.

(5) It is the duty of the commission to enforce this section.

**NEW SECTION. Sec. 6.** The following acts or parts of acts are each repealed:

(1)RCW 81.40.010 (Full train crews—Passenger—Safety review—Penalty—Enforcement) and 2003 c 53 s 386, 1992 c 102 s 1, & 1961 c 14 s 81.40.010; and

(2)RCW 81.40.035 (Freight train crews) and 1967 c 2 s 2.

**NEW SECTION. Sec. 7.** If any provision of this act or its application to any person, entity, or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1793, by House Committee on Transportation (originally sponsored by Fitzgibbon, Pettigrew, Macri, Valdez, Fey, Cody, Senn, Springer, Pollet and Tarleton)

Establishing additional uses for automated traffic safety cameras for traffic congestion reduction and increased safety.

The measure was read the second time.

MOTION

Senator Liias moved that the following committee striking amendment by the Committee on Transportation be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.63.170 and 2015 3rd sp.s. c 44 s 406 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) ~~((The))~~ Except for proposed locations used solely for the pilot program purposes permitted under subsection (6) of this section, the appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations; ~~((or))~~ speed violations subject to (c) of this subsection; or violations included in subsection (6) of this section for the duration of the pilot program authorized under subsection (6) of this section. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Except as provided in (c) of this subsection and subsection (6) of this section, use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two or more arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) Any city west of the Cascade mountains with a population of more than one hundred ninety-five thousand located in a county with a population of fewer than one million five hundred thousand may operate an automated traffic safety camera to detect speed violations subject to the following limitations:

(i) A city may only operate one such automated traffic safety camera within its respective jurisdiction; and

(ii) The use and location of the automated traffic safety camera must have first been authorized by the Washington state legislature as a pilot project for at least one full year.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection

and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images, or any other personally identifying data prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image, or any other personally identifying data may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(2). ~~((The))~~ Except as provided otherwise in subsection (6) of this section, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

FIFTY FIFTH DAY, MARCH 7, 2020

2020 REGULAR SESSION

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5)(a) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit as detected by a speed measuring device.

(b) For the purposes of the pilot program authorized under subsection (6) of this section, "automated traffic safety camera" also includes a device used to detect stopping at intersection or crosswalk violations; stopping when traffic obstructed violations; public transportation only lane violations; and stopping or traveling in restricted lane violations. The device, including all technology defined under "automated traffic safety camera," must not reveal the face of the driver or the passengers in vehicles, and must not use any facial recognition technology in real time or after capturing any information. If the face of any individual in a crosswalk or otherwise within the frame is incidentally captured, it may not be made available to the public nor used for any purpose including, but not limited to, any law enforcement action, except in a pending action or proceeding related to a violation under this section.

(6) (~~During the 2011-2013 and 2013-2015 fiscal biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011 and section 216(6), chapter 306, Laws of 2013.~~) (a)(i) A city with a population greater than five hundred thousand may adopt an ordinance creating a pilot program authorizing automated traffic safety cameras to be used to detect one or more of the following violations: Stopping when traffic obstructed violations; stopping at intersection or crosswalk violations; public transportation only lane violations; and stopping or traveling in restricted lane violations. Under the pilot program, stopping at intersection or crosswalk violations may only be enforced at the twenty intersections where the city would most like to address safety concerns related to stopping at intersection or crosswalk violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage.

(ii) Except where specifically exempted, all of the rules and restrictions applicable to the use of automated traffic safety cameras in this section apply to the use of automated traffic safety cameras in the pilot program established in this subsection (6).

(iii) As used in this subsection (6), "public transportation vehicle" means any motor vehicle, streetcar, train, trolley vehicle, ferry boat, or any other device, vessel, or vehicle that is owned or operated by a transit authority or an entity providing service on

behalf of a transit authority that is used for the purpose of carrying passengers and that operates on established routes. "Transit authority" has the meaning provided in RCW 9.91.025.

(b) Use of automated traffic safety cameras as authorized in this subsection (6) is restricted to the following locations only: Locations authorized in subsection (1)(b) of this section; and midblock on arterials. Additionally, the use of automated traffic safety cameras as authorized in this subsection (6) is further limited to the following:

(i) The portion of state and local roadways in downtown areas of the city used for office and commercial activities, as well as retail shopping and support services, and that may include mixed residential uses;

(ii) The portion of state and local roadways in areas in the city within one-half mile north of the boundary of the area described in (b)(i) of this subsection;

(iii) Portions of roadway systems in the city that travel into and out of (b)(ii) of this subsection that are designated by the Washington state department of transportation as noninterstate freeways for up to four miles; and

(iv) Portions of roadway systems in the city connected to the portions of the noninterstate freeways identified in (b)(iii) of this subsection that are designated by the Washington state department of transportation as arterial roadways for up to one mile from the intersection of the arterial roadway and the noninterstate freeway.

(c) However, automated traffic safety cameras may not be used on an on-ramp to an interstate.

(d) From the effective date of this section through December 31, 2020, a warning notice with no penalty must be issued to the registered owner of the vehicle for a violation generated through the use of an automated traffic safety camera authorized in this subsection (6). Beginning January 1, 2021, a notice of infraction must be issued, in a manner consistent with subsections (1)(e) and (3) of this section, for a violation generated through the use of an automated traffic safety camera authorized in this subsection (6). However, the penalty for the violation may not exceed seventy-five dollars.

(e) For infractions issued as authorized in this subsection (6), a city with a pilot program shall remit monthly to the state fifty percent of the noninterest money received under this subsection (6) in excess of the cost to install, operate, and maintain the automated traffic safety cameras for use in the pilot program. Money remitted under this subsection to the state treasurer shall be deposited in the Cooper Jones active transportation safety account created in section 2 of this act. The remaining fifty percent retained by the city must be used only for improvements to transportation that support equitable access and mobility for persons with disabilities.

(f) A transit authority may not take disciplinary action, regarding a warning or infraction issued pursuant to this subsection (6), against an employee who was operating a public transportation vehicle at the time the violation that was the basis of the warning or infraction was detected.

(g) A city that implements a pilot program under this subsection (6) must provide a preliminary report to the transportation committees of the legislature by June 30, 2022, and a final report by January 1, 2023, on the pilot program that includes the locations chosen for the automated traffic safety cameras used in the pilot program, the number of warnings and traffic infractions issued under the pilot program, the number of traffic infractions issued with respect to vehicles registered outside of the county in which the city is located, the infrastructure improvements made using the penalty moneys as required under (e) of this subsection, an equity analysis that

includes any disproportionate impacts, safety, and on-time performance statistics related to the impact on driver behavior of the use of automated traffic safety cameras in the pilot program, and any recommendations on the use of automated traffic safety cameras to enforce the violations that these cameras were authorized to detect under the pilot program.

**NEW SECTION. Sec. 2.** A new section is added to chapter 46.68 RCW to read as follows:

The Cooper Jones active transportation safety account is created in the state treasury. All receipts from penalties collected under RCW 46.63.170(6)(e) shall be deposited into the account. Expenditures from the account may be used only to fund grant projects or programs for bicycle, pedestrian, and nonmotorist safety improvement administered by the Washington traffic safety commission. The account is subject to allotment procedures under chapter 43.88 RCW. Moneys in the account may be spent only after appropriation.

#### MOTION

Senator Das moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that changes in sales tax sourcing laws created a significant negative fiscal impact on communities with a concentration of warehousing, manufacturing, and shipping. These communities are vital job centers to our state economy. Furthermore, the

infrastructure demands to support these industries are significant. The legislature hereby creates the warehousing and manufacturing job center assistance program to provide these communities with revenue to mitigate for the negative fiscal impact of changes in sales tax sourcing laws, and fund important infrastructure to maintain these key job centers.

**NEW SECTION. Sec. 2.** A new section is added to chapter 82.14 RCW to read as follows:

(1) In order to mitigate local sales tax revenue net losses as a result of the sourcing provisions of the streamlined sales and use tax agreement under this title, the state treasurer, on July 1, 2020, and each July 1st thereafter through July 1, 2026, must transfer into the manufacturing and warehousing job centers account from the general fund the sum required to mitigate actual net losses as determined under this section.

(2) The department must determine each qualified local taxing jurisdiction's annual loss. The department must determine annual losses by comparing at least twelve months of data from tax return information and tax collections for each qualified local taxing jurisdiction before and after July 1, 2008. The department is not required to determine annual losses on a recurring basis, but may make any adjustments to annual losses as it deems proper as a result of the annual reviews. Each calendar quarter, distributions must be made from the manufacturing and warehousing job centers account by the state treasurer on the last working day of the calendar quarter, as directed by the department, to each qualified local taxing jurisdiction, for losses in respect to taxes imposed under the authority of RCW 82.14.390, in an amount representing one-fourth of the jurisdiction's annual loss reduced by voluntary compliance revenue reported during the previous calendar quarter and marketplace facilitator/remote seller revenue reported during the previous calendar quarter.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Loss" or "losses" means the local sales and use tax revenue reduction to a local taxing jurisdiction resulting from the sourcing provisions in RCW 82.14.490 and section 502, chapter 6, Laws of 2007.

(b) "Marketplace facilitator/remote seller revenue" means the local sales and use tax revenue gain, including taxes voluntarily remitted and taxes collected from consumers, to each local taxing jurisdiction from part II of chapter 28, Laws of 2017 3rd sp. sess. as estimated by the department in RCW 82.14.500(6).

(c) "Net loss" or "net losses" means a loss offset by any voluntary compliance revenue and marketplace facilitator/remote seller revenue.

(d) "Qualified local taxing district" means a city:

(i) That was eligible for streamlined sales tax mitigation payments of at least one hundred fifty thousand dollars under RCW 82.14.500 in calendar year 2018, based on the calculation and analysis required under RCW 82.14.500(3)(a); and

(ii) That has a continued local sales tax revenue loss as a result of the sourcing provision of the streamlined sales and use tax agreement under this title, as determined by the department.

(e) "Voluntary compliance revenue" means the local sales tax revenue gain to each local taxing jurisdiction reported to the department from persons registering through the central registration system authorized under the agreement.

(4) This section expires January 1, 2026.

**NEW SECTION. Sec. 3.** A new section is added to chapter 82.14 RCW to read as follows:

#### MOTION

Senator Lovelett moved that the following committee striking amendment by the Committee on Environment, Energy & Technology be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.355.010 and 2017 3rd sp.s. c 36 s 12 are each amended to read as follows:

(1) ~~((Findings.))~~ The legislature finds that a convenient, safe, and environmentally sound system for the recycling of photovoltaic modules, minimization of hazardous waste, and recovery of commercially valuable materials must be established. The legislature further finds that the responsibility for this system must be shared among all stakeholders, with manufacturers financing the takeback and recycling system.

FIFTY FIFTH DAY, MARCH 7, 2020

2020 REGULAR SESSION

(k) "Stewardship plan" means the plan developed by a manufacturer or its designated stewardship organization for a self-directed stewardship program.

~~((h))~~ (l) "Stewardship program" means the activities conducted by a manufacturer or a stewardship organization to fulfill the requirements of this chapter and implement the activities described in its stewardship plan.

(3) ~~((Program guidance, review, and approval.))~~ The department must develop guidance for a photovoltaic module stewardship and takeback program to guide manufacturers in preparing and implementing a self-directed program to ensure the convenient, safe, and environmentally sound takeback and recycling of photovoltaic modules and their components and materials. By January 1, 2018, the department must establish a process to develop guidance for photovoltaic module stewardship plans by working with manufacturers, stewardship organizations, and other stakeholders on the content, review, and approval of stewardship plans. The department's process must be fully implemented and stewardship plan guidance completed by July 1, 2019.

(4) ~~((Stewardship organization as agent of manufacturer.))~~ A stewardship organization may be designated to act as an agent on behalf of a manufacturer or manufacturers in operating and implementing the stewardship program required under this chapter. Any stewardship organization that has obtained such designation must provide to the department a list of the manufacturers and brand names that the stewardship organization represents within sixty days of its designation by a manufacturer as its agent, or within sixty days of removal of such designation.

(5) ~~((Stewardship plans.))~~ Each manufacturer must prepare and submit a stewardship plan to the department by the later of ~~((January 1, 2020))~~ July 1, 2022, or within thirty days of its first sale of a photovoltaic module in or into the state.

(a) A stewardship plan must, at a minimum:

(i) Describe how manufacturers will finance the takeback and recycling system, and include an adequate funding mechanism to finance the costs of collection, management, and recycling of photovoltaic modules and residuals sold in or into the state by the manufacturer with a mechanism that ensures that photovoltaic modules can be delivered to takeback locations without cost to the last owner or holder;

(ii) Accept all of their photovoltaic modules sold in or into the state after July 1, 2017;

(iii) Describe how the program will minimize the release of hazardous substances into the environment and maximize the recovery of other components, including rare earth elements and commercially valuable materials;

(iv) Provide for takeback of photovoltaic modules at locations that are within the region of the state in which ~~((the))~~ their photovoltaic modules were used and are as convenient as reasonably practicable, and if no such location within the region of the state exists, include an explanation for the lack of such location;

(v) Identify how relevant stakeholders, including consumers, installers, building demolition firms, and recycling and treatment facilities, will receive information required in order for them to properly dismantle, transport, and treat the end-of-life photovoltaic modules in a manner consistent with the objectives described in (a)(iii) of this subsection;

(vi) Establish performance goals, including a goal for the rate of combined reuse and recycling of collected photovoltaic modules as a percentage of the total weight of photovoltaic modules collected, which rate must be no less than eighty-five percent.

(b) A manufacturer must implement the stewardship plan.

(c) A manufacturer may periodically amend its stewardship plan. The department must approve the amendment if it meets the requirements for plan approval outlined in the department's guidance. When submitting proposed amendments, the manufacturer must include an explanation of why such amendments are necessary.

(6) ~~((Plan approval.))~~ The department must approve a stewardship plan if it determines the plan addresses each element outlined in the department's guidance.

(7) ~~((Annual report.))~~ (a) Beginning April 1, ~~((2022))~~ 2024, and by April 1st in each subsequent year, a manufacturer, or its designated stewardship organization, must provide to the department a report for the previous calendar year that documents implementation of the plan and assesses achievement of the performance goals established in subsection (5)(a)(vi) of this section.

(b) The report may include any recommendations to the department or the legislature on modifications to the program that would enhance the effectiveness of the program, including management of program costs and mitigation of environmental impacts of photovoltaic modules.

(c) The manufacturer or stewardship organization must post this report on a publicly accessible web site.

(8) ~~((Enforcement.))~~ Beginning ~~((January 1, 2021))~~ July 1, 2023, no manufacturer, distributor, retailer, or installer may sell or offer for sale a photovoltaic module in or into the state unless the manufacturer of the photovoltaic module has submitted to the department a stewardship plan and received plan approval.

(a) The department must send a written warning to a manufacturer that is not participating in a plan. The written warning must inform the manufacturer that it must submit a plan or participate in a plan within thirty days of the notice. The department may assess a penalty of up to ten thousand dollars upon a manufacturer for each sale that occurs in or into the state of a photovoltaic module ~~((in or into the state that occurs))~~ for which a stewardship plan has not been submitted by the manufacturer and approved by the department after the initial written warning. A manufacturer may appeal a penalty issued under this section to the superior court of Thurston county within one hundred eighty days of receipt of the notice.

(b) The department must send a written warning to a distributor, retailer, or installer that sells or installs a photovoltaic module made by a manufacturer that is not participating in a plan. The written warning must inform the distributor, retailer, or installer that they may no longer sell or install a photovoltaic module if a stewardship plan for that brand has not been submitted by the manufacturer and approved by the department within thirty days of the notice.

(9) ~~((Fee.))~~ The department may collect a flat fee from participating manufacturers to recover costs associated with the plan guidance, review, and approval process described in subsection (3) of this section. Other administrative costs incurred by the department for program implementation activities, including stewardship plan review and approval, enforcement, and any rule making, may be recovered by charging every manufacturer an annual fee calculated by dividing department administrative costs by the manufacturer's pro rata share of the Washington state photovoltaic module sales in the most recent preceding calendar year, based on best available information. The sole purpose of assessing the fees authorized in this subsection is to predictably and adequately fund the department's costs of administering the photovoltaic module recycling program.

(10) ~~((Account.))~~ The photovoltaic module recycling account is created in the custody of the state treasurer. All fees collected from manufacturers under this chapter must be deposited in the

account. Expenditures from the account may be used only for administering this chapter. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Funds in the account may not be diverted for any purpose or activity other than those specified in this section.

(11) ~~((Rule-making))~~ The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

(12) ~~((National program))~~ In lieu of preparing a stewardship plan and as provided by subsection (5) of this section, a manufacturer may participate in a national program for the convenient, safe, and environmentally sound takeback and recycling of photovoltaic modules and their components and materials, if substantially equivalent to the intent of the state program. The department may determine substantial equivalence if it determines that the national program adequately addresses and fulfills each of the elements of a stewardship plan outlined in subsection (5)(a) of this section and includes an enforcement mechanism reasonably calculated to ensure a manufacturer's compliance with the national program. Upon issuing a determination of substantial equivalence, the department must notify affected stakeholders including the manufacturer. If the national program is discontinued or the department determines the national program is no longer substantially equivalent to the state program in Washington, the department must notify the manufacturer and the manufacturer must provide a stewardship plan as described in subsection (5)(a) of this section to the department for approval within thirty days of notification.

NEW SECTION. Sec. 2. (1) Subject to the availability of amounts appropriated for this specific purpose, the Washington State University extension energy program must convene a photovoltaic module recovery, reuse, and recycling work group to review and provide recommendations on potential methodologies for the management of end-of-life photovoltaic modules, including modules from utility scale solar projects.

(2) The membership of the work group convened under this section must include, but is not limited to, members representing:

- (a) A manufacturer of photovoltaic modules located in the state;
- (b) A manufacturer of photovoltaic modules located outside the state;
- (c) A national solar industry group;
- (d) Solar installers in the state;
- (e) A utility scale solar project;
- (f) A nonprofit environmental organization with expertise in waste minimization;
- (g) A city solid waste program;
- (h) A county solid waste program;
- (i) An organization with expertise in photovoltaic module recycling;
- (j) A community-based environmental justice group; and
- (k) The department of ecology.

(3) Participation in the work group convened under this section is strictly voluntary and without compensation or reimbursement.

(4) The Washington State University extension energy program must submit its findings and recommendations in a final report to the legislature and the governor, consistent with RCW 43.01.036, by December 1, 2021.

(5) This section expires January 31, 2022."

#### SECOND READING

SENATE BILL NO. 6331, by Senators Mullet, Wilson and L.

Concerning captive insurers. Revised for 2nd Substitute: Concerning captive insurance.

#### MOTION

On motion of Senator Mullet, Second Substitute Senate Bill No. 6331 was substituted for Senate Bill No. 6331 and the substitute bill was placed on the second reading and read the second time.

#### MOTION

Senator Mullet moved that the following striking floor amendment no. 1340 by Senators Mullet and Wilson, L. be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that creating a framework for Washington corporations and public institutions of higher education to manage their risks through captive insurers will facilitate the growth and safety of those entities and protect the public interest. The legislature further finds that captive insurance promotes prudent risk management and provides access to insurance and reinsurance markets that may not be available to these Washington entities otherwise. The legislature believes that encouraging the use of captive insurance will support those who rely upon the strength and stability of employers in this state.

The legislature notes that, under the federal McCarran-Ferguson act, the regulation and taxation of insurance is left to the states. The due process clauses of the Fifth and Fourteenth Amendments to the United States Constitution limit the ability of states to regulate and tax transactions outside their territorial boundaries. In *State Board of Insurance v. Todd Shipyards Corp.*, 370 U.S. 451 (1962), the United States supreme court ruled that a state may not tax an insurance transaction that has no connection with the state other than the location of the risk.

However, that decision has been called into question following the United States supreme court's decision in *South Dakota v. Wayfair, Inc.*, 585 U.S. \_\_\_ (2018), in which the court held that states may charge tax on purchases made from out-of-state sellers, even those without a physical presence in the taxing state. The legislature finds that although the *Wayfair* decision dealt

expressly with sales tax, its impact extends to any transactions made over the internet, which, in modern commerce, means transactions in nearly every industry, including insurance.

The legislature finds that the ability of out-of-state corporations to use captive insurers to manage risk associated with economic activity in Washington discourages corporations from subjecting themselves to regulation and taxation by the state of Washington, and seriously impairs the capacity of the state of Washington to provide and enforce effective regulation of the insurance business. Accordingly, the legislature finds it necessary and proper to regulate and tax captive insurers that are used to manage the Washington risk of out-of-state corporations that have purposefully availed themselves of the benefits of an economic market in Washington.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affiliate" means an entity directly or indirectly controlling, controlled by, or under common control with another entity. "Affiliate" also means any person that holds an insured interest because that person has or had an employment or sales contract with an insured person.

(2) "Control" means possession of the power to direct the management and policies of an entity through ownership of voting securities, by contract, or otherwise.

(3) "Foreign captive insurer" means an insurance company with the following characteristics:

(c) It is licensed as a captive insurer by the jurisdiction in which it is domiciled.

**NEW SECTION. Sec. 3.** (1) Within one hundred twenty days after the effective date of this section or, if later, within one hundred twenty days after first issuing a policy that covers Washington risks, a Washington captive insurer must register with the commissioner. Upon furnishing evidence of good standing in its state of domicile and paying a fee of two thousand five hundred dollars, a Washington captive insurer is entitled to receive a certificate of captive authority as a registered Washington captive insurer. No other documents, deposits, or payments may be required to obtain this certificate.

(2) A registered Washington captive insurer may renew its certificate of captive authority for successive periods of twelve

months each by paying a fee not to exceed two thousand five hundred dollars for each such period.

(3) A registered Washington captive insurer may provide insurance to a parent corporation that has its principal place of business in this state, to the parent corporation's other affiliates, or both. A registered Washington captive insurer owned by an institution of higher education as defined in RCW 28B.10.016 may provide insurance to that institution, its affiliates, or both.

(4) A registered Washington captive insurer may insure risks of its affiliates and obtain or provide reinsurance for risks insured in this state.

**NEW SECTION. Sec. 4.** (1) Within one hundred twenty days after the effective date of this section or, if later, within one hundred twenty days after first issuing a policy that covers Washington risks, a foreign captive insurer must register with the commissioner. Upon furnishing evidence of good standing in its state of domicile and paying a tax of two thousand five hundred dollars, a foreign captive insurer is entitled to receive a certificate of authority as a registered foreign captive insurer. (4) On or before the first day of March of each year, a registered foreign captive insurer must remit to the state treasurer through the commissioner a tax in the amount of two percent of the premiums, exclusive of returned premiums and sums collected to cover federal and state taxes and examination fees, for insurance directly procured by and provided to its parent or another affiliate for Washington risks during the preceding calendar year. The tax when collected must be credited to the general fund.

(5) For the purposes of this section, "Washington risks" means the share of risk covered by the premiums that is allocable to this state, based upon where the underlying risks are located or where the losses or injuries giving rise to covered claims arise. The foreign captive insurer may use any reasonable method of determining such an allocation, including actuarial analysis or use of a proxy such as sales, property value, or payroll. The foreign captive insurer must share their methodology and relevant analysis in determining their allocation with the commissioner. Whether paid directly or by reimbursement, neither the timing nor the nature of a foreign captive insurer's payment may be deemed to reflect, create, or constitute Washington risks.

(6) If a registered foreign captive insurer fails to remit the tax provided by this section by the last day of the month in which the tax becomes due, the registered foreign captive insurer must pay the penalties and interest provided in RCW 48.14.060. The tax may be collected by distraint, or the tax and fine may be recovered by an action instituted by the commissioner in any court of competent jurisdiction. Any fine collected by the commissioner must be paid to the state treasurer and credited to the general fund.

(7) A foreign captive insurer that registers with the commissioner may not be deemed to be an unauthorized insurer for any period preceding or following such registration. A registered foreign captive insurer is exempt from sanctions set forth in RCW 48.14.095, for violations of RCW 48.05.030(1), 48.14.060, or 48.15.020 regardless of when such violations are alleged to have occurred.

(8) Taxes on premiums may not be imposed or collected on a foreign captive insurer for any period before January 1, 2010, and

all taxes must be limited to a foreign captive insurer's Washington risk.

(9) For periods beginning January 1, 2020, a registered foreign captive insurer is subject to the sanctions in subsection (6) of this section.

(10) This section does not apply to institutions of higher education as defined in RCW 28B.10.016.

(2) For the purposes of this section, "Washington risks" means the share of risk covered by the premiums that is allocable to this state, based upon where the underlying risks are located or where the losses or injuries giving rise to covered claims arise. The captive insurer may use any reasonable method of determining such an allocation, including actuarial analysis or use of a proxy such as sales, property value, or payroll. The captive insurer must share their methodology and relevant analysis in determining their allocation with the commissioner. Whether paid directly or by reimbursement, neither the timing nor the nature of a captive insurer's payment may be deemed to reflect, create, or constitute Washington risks.

(3) If a registered Washington captive insurer fails to remit the tax provided by this section by the last day of the month in which the tax becomes due, the registered Washington captive insurer must pay the penalties and interest provided in RCW 48.14.060. (5) Taxes on premiums may not be imposed or collected on a Washington captive insurer for any period before January 1, 2010, and all taxes must be limited to a Washington captive insurer's Washington risk. Taxes on premiums may not be imposed or collected on a Washington captive insurer affiliated with a public institution of higher education for any period.

(6) For periods beginning January 1, 2020, a registered Washington captive insurer is subject to the sanctions in subsection (3) of this section.

(7) Subsections (1), (2), (3), and (6) of this section do not apply to institutions of higher education as defined in RCW 28B.10.016.

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers and registered Washington captive insurers as defined in section 2 of this act shall on or before the first day of March of each year pay to the state treasurer through

the commissioner's office a tax on premiums. Except as provided in subsection (3) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2)(a) The taxes imposed in this section do not apply to amounts received by any life and disability insurer for health care services included within the definition of practice of dentistry under RCW 18.32.020 except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended, and for stand-alone family dental plans as defined in RCW 43.71.080(4)(a), only when offered in the individual market, as defined in RCW 48.43.005(~~((27))~~), or to a small group, as defined in RCW 48.43.005(~~((33))~~).

(b) Beginning January 1, 2014, moneys collected for premiums written on qualified health benefit plans and qualified dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(3) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(4) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their appointed insurance producers, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or these insurance producers.

(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

**Sec. 8.** RCW 48.14.095 and 2008 c 217 s 8 are each amended to read as follows:

MESSAGE FROM THE HOUSE

March 5, 2020

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6050 with the following amendment(s): 6050-S AMH HCW H5123.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.32A.015 and 2001 c 50 s 2 are each amended to read as follows:

(1) The purpose of this chapter is to protect, subject to certain limitations, the persons specified in RCW 48.32A.025(1) against

failure in the performance of contractual obligations, under life ~~((and))~~ insurance, disability insurance ~~((policies))~~, health benefit plans, and certificates of coverage, and annuity policies, plans, or contracts specified in RCW 48.32A.025(2), because of the impairment or insolvency of the member insurer that issued the policies, plans, or contracts.

(2) To provide this protection, an association of member insurers is created to pay benefits and to continue coverages as limited by this chapter, and members of the association are subject to assessment to provide funds to carry out the purpose of this chapter.

**Sec. 2.** RCW 48.32A.025 and 2001 c 50 s 3 are each amended to read as follows:

(1) This chapter provides coverage for the policies and contracts specified in subsection (2) of this section as follows:

(a) To persons who, regardless of where they reside, except for nonresident certificate holders or enrollees under group policies or contracts, are the beneficiaries, assignees, or payees, including health care providers and facilities rendering services covered under health benefit plans, policies, or certificates of coverage, of the persons covered under (b) of this subsection;

(b) To persons who are owners of or certificate holders or enrollees under the policies or contracts, other than unallocated annuity contracts and structured settlement annuities, and in each case who:

- (i) Are residents; or
- (ii) Are not residents, but only under all of the following conditions:

(A) The member insurer that issued the policies or contracts is domiciled in this state;

(B) The states in which the persons reside have associations similar to the association created by this chapter; and

(C) The persons are not eligible for coverage by an association in any other state due to the fact that the insurer, health care service contractor, or health maintenance organization was not licensed in the state at the time specified in the state's guaranty association law;

(c) For unallocated annuity contracts specified in subsection (2) of this section, (a) and (b) of this subsection do not apply, and this chapter, except as provided in (e) and (f) of this subsection, does provide coverage to:

(i) Persons who are the owners of the unallocated annuity contracts if the contracts are issued to or in connection with a specific benefit plan whose plan sponsor has its principal place of business in this state; and

(ii) Persons who are owners of unallocated annuity contracts issued to or in connection with government lotteries if the owners are residents;

(d) For structured settlement annuities specified in subsection (2) of this section, (a) and (b) of this subsection do not apply, and this chapter, except as provided in (e) and (f) of this subsection, does provide coverage to a person who is a payee under a structured settlement annuity, or beneficiary of a payee if the payee is deceased, if the payee:

(i) Is a resident, regardless of where the contract owner resides; or

(ii) Is not a resident, but only under both of the following conditions:

(A)(I) The contract owner of the structured settlement annuity is a resident; or

(II) The contract owner of the structured settlement annuity is not a resident, but the insurer that issued the structured settlement annuity is domiciled in this state; and the state in which the contract owner resides has an association similar to the association created by this chapter; and

(B) Neither the payee, nor beneficiary, nor enrollee, nor the contract owner is eligible for coverage by the association of the state in which the payee or contract owner resides;

(e) This chapter does not provide coverage to:

(i) A person who is a payee, or beneficiary, of a contract owner resident of this state, if the payee, or beneficiary, is afforded any coverage by the association of another state; ~~((or))~~

(ii) A person covered under (c) of this subsection, if any coverage is provided by the association of another state to the person; or

(iii) A person who acquires rights to receive payments through a structured settlement factoring transaction as defined in 26 U.S.C. Sec. 5891(c)(3)(A), regardless of whether the transaction occurred before or after such section became effective; and

(f) This chapter is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this chapter is provided coverage under the laws of any other state, the person shall not be provided coverage under this chapter. In determining the application of this subsection (1)(f) in situations where a person could be covered by the association of more than one state, whether as an owner, payee, beneficiary, enrollee, or assignee, this chapter shall be construed in conjunction with other state laws to result in coverage by only one association.

(2)(a) This chapter provides coverage to the persons specified in subsection (1) of this section for policies, plans, or contracts of direct, nongroup life, disability, health benefit, or ~~((annuity policies or contracts))~~ annuities and supplemental contracts to any of these, for certificates under direct group policies and contracts, and for unallocated annuity contracts issued by member insurers, except as limited by this chapter. Annuity contracts and certificates under group annuity contracts include but are not limited to guaranteed investment contracts, deposit administration contracts, unallocated funding agreements, allocated funding agreements, structured settlement annuities, annuities issued to or in connection with government lotteries, and any immediate or deferred annuity contracts. However, any annuity contracts that are unallocated annuity contracts are subject to the specific provisions in this chapter for unallocated annuity contracts.

(b) ~~((This))~~ Except as provided in (c) of this subsection, this chapter does not provide coverage for:

(i) A portion of a policy or contract not guaranteed by the member insurer, or under which the risk is borne by the policy or contract owner;

(ii) A policy or contract of reinsurance, unless assumption certificates have been issued pursuant to the reinsurance policy or contract;

(iii) A portion of a policy or contract to the extent that the rate of interest on which it is based, or the interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value:

(A) Averaged over the period of four years prior to the date on which the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier, exceeds the rate of interest determined by subtracting two percentage points from Moody's corporate bond yield average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier; and

(B) On and after the date on which the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier, exceeds the rate of interest determined by subtracting

(A) A multiple employer welfare arrangement as defined in 29 U.S.C. Sec. ~~((4144))~~ 1002;

If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this subsection (2)(b)(xii), the interest or change in value determined by using the procedures defined in

the policy or contract will be credited as if the contractual date of crediting interest or changing values was the date of impairment or insolvency, whichever is earlier, and will not be subject to forfeiture;

(xiii) A policy or contract providing any hospital, medical, prescription drug or other health care benefits pursuant to parts C and D of subchapter XVIII, chapter 7 of Title 42, United States Code (commonly known as medicare parts C and D) or subchapter XIX, chapter 7 of Title 42, United States Code (commonly known as medicaid), and any regulations issued pursuant thereto, or chapter 74.09 RCW and any regulations issued pursuant thereto; or

(xiv) Structured settlement annuity benefits to which a payee or beneficiary has transferred his or her rights in a structured settlement factoring transaction as defined in 26 U.S.C. Sec. 5891(c)(3)(A), regardless of whether the transaction occurred before or after such section became effective.

(c) The exclusion from coverage referenced in (b)(iii) of this subsection does not apply to any portion of a policy or contract, including a rider, that provides long-term care or any other health benefits.

(3) The benefits that the association may become obligated to cover shall in no event exceed the lesser of:

(a) The contractual obligations for which the member insurer is liable or would have been liable if it were not an impaired or insolvent insurer; or

(b)(i) With respect to one life, regardless of the number of policies or contracts:

(IV) Five hundred thousand dollars for long-term care insurance; or

(C) Five hundred thousand dollars in the present value of annuity benefits, including net cash surrender and net cash withdrawal values, except as provided in (b)(ii), (iii), and (v) of this subsection (3)~~((b))~~;

(ii) With respect to each individual participating in a governmental retirement benefit plan established under section 401, 403(b), or 457 of the United States Internal Revenue Code covered by an unallocated annuity contract or the beneficiaries of each such individual if deceased, in the aggregate, one hundred thousand dollars in present value annuity benefits, including net cash surrender and net cash withdrawal values;

(iii) With respect to each payee of a structured settlement annuity, or beneficiary or beneficiaries of the payee if deceased, five hundred thousand dollars in present value annuity benefits, in the aggregate, including net cash surrender and net cash withdrawal values, if any;

(iv) However, in no event shall the association be obligated to cover more than: (A) An aggregate of five hundred thousand dollars in benefits with respect to any one life under (b)(i), (ii), ~~((and))~~ (iii), and (iv) of this subsection (3)~~((b))~~ except with respect to benefits for ~~((basic hospital, medical, and surgical~~

~~insurance and major medical insurance~~) health benefit plans under ~~(b)(i)(B)~~ of this subsection ~~(3)((b))~~, in which case the aggregate liability of the association shall not exceed five hundred thousand dollars with respect to any one individual; or (B) with respect to one owner of multiple nongroup policies of life insurance, whether the policy or contract owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons, more than five million dollars in benefits, regardless of the number of policies and contracts held by the owner;

However, in the case where one or more unallocated annuity contracts are covered contracts under this chapter and are owned by a trust or other entity for the benefit of two or more plan sponsors, coverage shall be afforded by the association if the largest interest in the trust or entity owning the contract or contracts is held by a plan sponsor whose principal place of business is in this state and in no event shall the association be obligated to cover more than five million dollars in benefits with respect to all these unallocated contracts; ~~((e))~~

(vi) The limitations set forth in this subsection are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under this chapter may be met by the use of assets attributable to covered policies or reimbursed to the association pursuant to its subrogation and assignment rights; or

(vii) For purposes of this chapter, benefits provided by a long-term care rider to a life insurance policy or annuity contract must be considered the same type of benefits as the base life insurance policy or annuity contract to which it relates.

(4) In performing its obligations to provide coverage under RCW 48.32A.075, the association is not required to guarantee, assume, reinsure, reissue, or perform, or cause to be guaranteed, assumed, reinsured, reissued, or performed, the contractual obligations of the insolvent or impaired insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract.

(B) With respect to nongroup policies, contracts, and annuities not later than the earlier of the next renewal date, if any, under the policies or contracts or one year, but in no event less than thirty days, from the date on which the association becomes obligated with respect to the policies or contracts;

(ii) Make diligent efforts to provide all known insureds, enrollees, or annuitants, for nongroup policies and contracts, or group policy or contract owners with respect to group policies and contracts, thirty days notice of the termination of the benefits provided;

(iii) With respect to nongroup ~~((life and disability insurance))~~ (and annuities) policies or contracts covered by the association, make diligent efforts to make available to each known insured, enrollee, or annuitant, or owner if other than the insured, enrollee, or annuitant, and with respect to an individual formerly insured, formerly an enrollee, or formerly an annuitant under a group policy who is not eligible for replacement group coverage, make diligent efforts to make available substitute coverage on an individual basis in accordance with the provisions of (b)(iv) of this subsection, if the insureds, enrollees, or annuitants had a right under law or the terminated policy or annuity to convert coverage to individual coverage or to continue an individual policy or annuity in force until a specified age or for a specified time, during which the member insurer, health care service contractor, or health maintenance organization had no right unilaterally to make changes in any provision of the policy, contract, or annuity or had a right only to make changes in premium by class;

(iv)(A) The substitute coverage under (b)(iii) of this subsection, must be offered through a solvent, admitted member insurer. In the alternative, the association in its discretion, and subject to any conditions imposed by the association and approved by the commissioner, may reissue the terminated coverage or issue an alternative policy or contract at actuarially justified rates, subject to the prior approval of the commissioner;

(B) Substituted coverage must be offered without requiring evidence of insurability, and may not provide for any waiting period or exclusion that would not have applied under the terminated policy or contract;

(C) The association may reinsure any alternative or reissued policy or contract;

(v) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy or contract, the premium must be actuarially justified and

2020 REGULAR SESSION

set by the association in accordance with the amount of insurance or coverage provided and the age and class of risk, subject to approval of the (~~domiciliary insurer~~) commissioner (~~and the receivership court~~);

(vi) If the association elects to issue alternative coverage:

(A) Alternative policies or contracts adopted by the association must be subject to the approval of the commissioner. The association may adopt alternative policies or contracts of various types for future issuance without regard to any particular impairment or insolvency.

(B) Alternative policies or contracts must contain at least the minimum statutory provisions required in this state and provide benefits that cannot be unreasonable in relation to the premium charged. The association must set the premium in accordance with a table of rates that it must adopt. The premium must reflect the amount of insurance benefits or coverage to be provided and the age and class of risk of each insured, but must not reflect any changes in the health of the insured after the original policy or contract was last underwritten.

(C) Any alternative policy or contract issued by the association shall provide coverage of a type similar to that of the policy or contract issued by the impaired or insolvent insurer, as determined by the association.

(vii) The association's obligations with respect to coverage under any policy or contract of the impaired or insolvent insurer or under any reissued policy or contract cease on the date the coverage or policy or contract is replaced by another similar policy or contract by the policy or contract owner, the insured, the enrollee, or the association; or

(~~viii~~) (viii) When proceeding under this subsection (2)(b) with respect to a policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with RCW 48.32A.025(2)(b)(iii).

(3) Nonpayment of premiums within thirty-one days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage terminates the association's obligations under the policy, contract, or coverage under this chapter with respect to the policy, contract, or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this chapter.

(4) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer belong to and are payable at the direction of the association, and the association is liable for unearned premiums due to policy or contract owners arising after the entry of the order.

(5) The protection provided by this chapter does not apply when any guaranty protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state.

(6) In carrying out its duties under subsection (2) of this section, the association may:

(a) Subject to approval by a court in this state, impose permanent policy or contract liens in connection with a guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this chapter are less than the amounts needed to assure full and prompt performance of the association's duties under this chapter, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of such permanent policy or contract liens, are in the public interest; and

(b) Subject to approval by a court in this state, impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any

contractual provisions for deferral of cash or policy loan value. In addition, in the event of a temporary moratorium or moratorium charge imposed by the receivership court on payment of cash values or policy loans, or on any other right to withdraw funds held in conjunction with policies or contracts, out of the assets of the impaired or insolvent insurer, the association may defer the payment of cash values, policy loans, or other rights by the association for the period of the moratorium or moratorium charge imposed by the receivership court, except for claims covered by the association to be paid in accordance with a hardship procedure established by the liquidator or rehabilitator and approved by the receivership court.

(7) A deposit in this state, held pursuant to law or required by the commissioner for the benefit of creditors, including policy or contract owners, not turned over to the domiciliary liquidator upon the entry of a final order of liquidation or order approving a rehabilitation plan of (~~an~~) a member insurer domiciled in this state or in a reciprocal state, under RCW 48.31.171, shall be promptly paid to the association. The association is entitled to retain a portion of any amount so paid to it equal to the percentage determined by dividing the aggregate amount of policy or contract owners' claims related to that insolvency for which the association has provided statutory benefits by the aggregate amount of all policy or contract owners' claims in this state related to that insolvency and shall remit to the domiciliary receiver the amount so paid to the association and not retained under this subsection. Any amount so paid to the association less the amount not retained by it shall be treated as a distribution of estate assets under RCW 48.31.185 or similar provision of the state of domicile of the impaired or insolvent insurer.

(8) If the association fails to act within a reasonable period of time with respect to an insolvent insurer, as provided in subsection (2) of this section, the commissioner has the powers and duties of the association under this chapter with respect to the insolvent insurer.

(9) The association may render assistance and advice to the commissioner, upon the commissioner's request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of an impaired or insolvent insurer.

(10) The association has standing to appear or intervene before a court or agency in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under this chapter or with jurisdiction over any person or property against which the association may have rights through subrogation or otherwise. Standing extends to all matters germane to the powers and duties of the association, including, but not limited to, proposals for reissuing, reinsuring, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association also has the right to appear or intervene before a court or agency in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over any person or property against whom the association may have rights through subrogation or otherwise.

(11)(a) A person receiving benefits under this chapter is deemed to have assigned the rights under, and any causes of action against any person for losses arising under, resulting from, or otherwise relating to, the covered policy or contract to the association to the extent of the benefits received because of this chapter, whether the benefits are payments of or on account of contractual obligations, continuation of coverage, or provision of substitute or alternative policies, contracts, or coverages. The association may require an assignment to it of such rights and

cause of action by any enrollee, payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this chapter upon the person.

(b) The subrogation rights of the association under this subsection have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under this chapter.

(c) In addition to (a) and (b) of this subsection, the association has all common law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer or owner, enrollee, beneficiary, or payee of a policy or contract with respect to the policy or contracts, including without limitation, in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent of benefits received under this chapter, against a person originally or by succession responsible for the losses arising from the personal injury relating to the annuity or payment therefor, excepting any such person responsible solely by reason of serving as an assignee in respect of a qualified assignment under section 130 of the United States Internal Revenue Code.

(d) If (a) through (c) of this subsection are invalid or ineffective with respect to any person or claim for any reason, the amount payable by the association with respect to the related covered obligations shall be reduced by the amount realized by any other person with respect to the person or claim that is attributable to the policies or contracts, or portion thereof, covered by the association.

(e) If the association has provided benefits with respect to a covered obligation and a person recovers amounts as to which the association has rights as described in this subsection, the person shall pay to the association the portion of the recovery attributable to the policies or contracts, or portion thereof, covered by the association.

(12) In addition to the rights and powers elsewhere in this chapter, the association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this chapter;

(b) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under RCW 48.32A.085 and to settle claims or potential claims against it;

(c) Borrow money to effect the purposes of this chapter; any notes or other evidence of indebtedness of the association not in default are legal investments for domestic insurers and may be carried as admitted assets;

(d) Employ or retain such persons as are necessary or appropriate to handle the financial transactions of the association, and to perform such other functions as become necessary or proper under this chapter;

(e) Take such legal action as may be necessary or appropriate to avoid or recover payment of improper claims;

(f) Exercise, for the purposes of this chapter and to the extent approved by the commissioner, the powers of a domestic life ~~((or))~~ insurer, disability insurer, health care service contractor, or health maintenance organization, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform its obligations under this chapter;

(g) Organize itself as a corporation or in other legal form permitted by the laws of the state;

(h) Request information from a person seeking coverage from the association in order to aid the association in determining its obligations under this chapter with respect to the person, and the person shall promptly comply with the request; ~~((and))~~

(i) In accordance with the terms and conditions of the policy or contract, file for actuarially justified rate or premium increases for

any policy or contract for which it provides coverage under this chapter; and

(j) Take other necessary or appropriate action to discharge its duties and obligations under this chapter or to exercise its powers under this chapter.

(13) The association may join an organization of one or more other state associations of similar purposes, to further the purposes and administer the powers and duties of the association.

(14)(a) At any time within one year after the coverage date, which is the date on which the association becomes responsible for the obligations of a member insurer, the association may elect to succeed to the rights and obligations of the member insurer, that accrue on or after the coverage date and that relate to policies, contracts, or annuities, covered ~~((s))~~ in whole or in part ~~((r))~~ by the association, under any one or more indemnity reinsurance agreements entered into by the member insurer as a ceding insurer and selected by the association. However, the association may not exercise an election with respect to a reinsurance agreement if the receiver, rehabilitator, or liquidator of the member insurer has previously and expressly disaffirmed the reinsurance agreement. The election is effective when notice is provided to the receiver, rehabilitator, or liquidator and to the affected reinsurers. If the association makes an election, the following provisions apply with respect to the agreements selected by the association:

(i) The association is responsible for all unpaid premiums due under the agreements, for periods both before and after the coverage date, and is responsible for the performance of all other obligations to be performed after the coverage date, in each case which relate to policies, contracts, or annuities, covered ~~((r))~~ in whole or in part ~~((r))~~ by the association. The association may charge policies, contracts, or annuities, covered in part by the association, through reasonable allocation methods, the costs for reinsurance in excess of the obligations of the association;

(ii) The association is entitled to any amounts payable by the reinsurer under the agreements with respect to losses or events that occur in periods after the coverage date and that relate to policies, contracts, or annuities, covered by the association ~~((r))~~ in whole or in part. However, upon receipt of any such amounts, the association is obliged to pay to the beneficiary under the policy ~~((or))~~, contract, or annuity on account of which the amounts were paid a portion of the amount equal to the excess of: The amount received by the association, over the benefits paid by the association on account of the policy ~~((or))~~, contract, or annuity, less the retention of the impaired or insolvent member insurer applicable to the loss or event;

(iii) Within thirty days following the association's election, the association and each indemnity reinsurer shall calculate the net balance due to or from the association under each reinsurance agreement as of the date of the association's election, giving full credit to all items paid by either the member insurer, or its receiver, rehabilitator, or liquidator, or the indemnity reinsurer during the period between the coverage date and the date of the association's election. Either the association or indemnity reinsurer shall pay the net balance due the other within five days of the completion of this calculation. If the receiver, rehabilitator, or liquidator has received any amounts due the association pursuant to (a)(ii) of this subsection, the receiver, rehabilitator, or liquidator shall remit the same to the association as promptly as practicable; and

(iv) If the association, within sixty days of the election, pays the premiums due for periods both before and after the coverage date that relate to policies, contracts, or annuities, covered by the association ~~((r))~~ in whole or in part, the reinsurer is not entitled to terminate the reinsurance agreements, insofar as the agreements relate to policies, contracts, or annuities, covered by the association ~~((r))~~ in whole or in part, and is not entitled to set off

FIFTY FIFTH DAY, MARCH 7, 2020

2020 REGULAR SESSION

any unpaid premium due for periods prior to the coverage date against amounts due the association;

(b) In the event the association transfers its obligations to another member insurer, and if the association and the other member insurers agree, the other member insurer succeeds to the rights and obligations of the association under (a) of this subsection effective as of the date agreed upon by the association and the other member insurers and regardless of whether the association has made the election referred to in (a) of this subsection. However:

(i) The indemnity reinsurance agreements automatically terminate for new reinsurance unless the indemnity reinsurer and the other member insurers agree to the contrary;

(ii) The obligations described in (a)(ii) of this subsection no longer apply on and after the date the indemnity reinsurance agreement is transferred to the third party member insurer; and

(iii) This subsection (14)(b) does not apply if the association has previously expressly determined in writing that it will not exercise the election referred to in (a) of this subsection;

(c) The provisions of this subsection supersede the provisions of any law of this state or of any affected reinsurance agreement that provides for or requires any payment of reinsurance proceeds, on account of losses or events that occur in periods after the coverage date, to the receiver, liquidator, or rehabilitator of the insolvent (~~member~~) insurer. The receiver, rehabilitator, or liquidator remains entitled to any amounts payable by the reinsurer under the reinsurance agreement with respect to losses or events that occur in periods prior to the coverage date, subject to applicable setoff provisions; and

(d) Except as set forth under this subsection, this subsection does not alter or modify the terms and conditions of the indemnity reinsurance agreements of the insolvent (~~member~~) insurer. This subsection does not abrogate or limit any rights of any reinsurer to claim that it is entitled to rescind a reinsurance agreement. This subsection does not give a policy or contract owner, an enrollee, or a beneficiary an independent cause of action against an indemnity reinsurer that is not otherwise set forth in the indemnity reinsurance agreement.

(15) The board of directors of the association has discretion and may exercise reasonable business judgment to determine the means by which the association provides the benefits of this chapter in an economical and efficient manner.

(16) When the association has arranged or offered to provide the benefits of this chapter to a covered person under a plan or arrangement that fulfills the association's obligations under this chapter, the person is not entitled to benefits from the association in addition to or other than those provided under the plan or arrangement.

(17) Venue in a suit against the association arising under this chapter is in the county in which liquidation or rehabilitation proceedings have been filed in the case of a domestic member insurer. In other cases, venue is in King county or Thurston county. The association is not required to give an appeal bond in an appeal that relates to a cause of action arising under this chapter.

(18) In carrying out its duties in connection with guaranteeing, assuming, reissuing, or reinsuring policies or contracts under subsection (1) or (2) of this section, the association may (~~subject to approval of the receivership court~~) issue substitute coverage for a policy or contract that provides an interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value by issuing an alternative policy or contract in accordance with the following provisions:

(a) In lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for: (i) A fixed interest rate; (ii) payment of dividends with minimum guarantees; or (iii) a different method for calculating interest or changes in value;

(b) There is no requirement for evidence of insurability, waiting period, or other exclusion that would not have applied under the replaced policy or contract; and

(c) The alternative policy or contract is substantially similar to the replaced policy or contract in all other material terms.

**Sec. 7.** RCW 48.32A.085 and 2001 c 50 s 9 are each amended to read as follows:

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments are due not less than thirty days after prior written notice to the member insurers and accrue interest at twelve percent per annum on and after the due date.

(2) There are two classes of assessments, as follows:

(a) Class A assessments are authorized and called for the purpose of meeting administrative and legal costs and other expenses. Class A assessments may be authorized and called whether or not related to a particular impaired or insolvent insurer; and

(b) Class B assessments are authorized and called to the extent necessary to carry out the powers and duties of the association under RCW 48.32A.075 with regard to an impaired or an insolvent insurer.

(3)(a) The amount of a class A assessment is determined by the board and may be authorized and called on a pro rata or nonpro rata basis. If pro rata, the board may provide that it be credited against future class B assessments. (~~The total of all nonpro rata assessments may not exceed one hundred fifty dollars per member insurer in any one calendar year.~~)

(b) The amount of a class B assessment (~~may~~), except for assessments related to long-term care insurance, must be allocated for assessment purposes (~~among~~) between the accounts and among the subaccounts of the life insurance and annuity accounts, pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard determined by the board to be fair and reasonable under the circumstances.

(~~(b)~~) (c) The amount of the class B assessment for long-term care insurance written by an impaired or insolvent insurer must be allocated according to a methodology included in the plan of operation and approved by the commissioner. The methodology must provide for fifty percent of the assessment to be allocated to disability and health member insurers and fifty percent to be allocated to life and annuity member insurers.

(d) Class B assessments against member insurers for each account and subaccount must be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the insurer became insolvent or, in the case of an assessment with respect to an impaired insurer, the three most recent calendar years for which information is available preceding the year in which the insurer became impaired, bears to premiums received on business in this state for those calendar years by all assessed member insurers.

(~~(e)~~) (e) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer may not be authorized or called until necessary to implement the purposes of this chapter. Classification of assessments under

subsection (2) of this section and computation of assessments under this subsection must be made with a reasonable degree of accuracy, recognizing that exact determinations are not always possible. The association shall notify each member insurer of its anticipated pro rata share of an authorized assessment not yet called within one hundred eighty days after the assessment is authorized.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which the assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the association.

(5)(a)(i) Subject to the provisions of (a)(ii) of this subsection, the total of all assessments authorized by the association with respect to a member insurer for each subaccount of the life insurance and annuity account and for the ~~((health))~~ disability insurance account may not in one calendar year exceed two percent of that member insurer's average annual premiums received in this state on the policies and contracts covered by the subaccount or account during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer.

(ii) If two or more assessments are authorized in one calendar year with respect to insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation in (a)(i) of this subsection must be equal and limited to the higher of the three-year average annual premiums for the applicable subaccount or account as calculated under this section.

(iii) If the maximum assessment, together with the other assets of the association in an account, does not provide in one year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds must be assessed as soon thereafter as permitted by this chapter.

(b) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment is insufficient to cover anticipated claims.

(c) If the maximum assessment for a subaccount of the life and annuity account in one year does not provide an amount sufficient to carry out the responsibilities of the association, then under subsection (3)~~((b))~~ (d) of this section, the board shall access the other subaccounts of the life and annuity account for the necessary additional amount, subject to the maximum stated in (a) of this subsection.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each member insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains, and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses claims.

(7) Any member insurer may when determining its premium rates and policy owner dividends, as to any kind of insurance, health care service contractor business, or health maintenance

organization business within the scope of this chapter, consider the amount reasonably necessary to meet its assessment obligations under this chapter.

(8) The association shall issue to each member insurer paying an assessment under this chapter, other than a class A assessment, a certificate of contribution, in a form prescribed by the commissioner, for the amount of the assessment paid. All outstanding certificates must be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the member insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve.

(9)(a) A member insurer that wishes to protest all or part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the association. The payment is available to meet association obligations during the pendency of the protest or any subsequent appeal. Payment must be accompanied by a statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest.

(b) Within sixty days following the payment of an assessment under protest by a member insurer, the association shall notify the member insurer in writing of its determination with respect to the protest unless the association notifies the member insurer that additional time is required to resolve the issues raised by the protest.

(c) Within thirty days after a final decision has been made, the association shall notify the protesting member insurer in writing of that final decision. Within sixty days of receipt of notice of the final decision, the protesting member insurer may appeal that final action to the commissioner.

(d) In the alternative to rendering a final decision with respect to a protest based on a question regarding the assessment base, the association may refer protests to the commissioner for a final decision, with or without a recommendation from the association.

(e) If the protest or appeal on the assessment is upheld, the amount paid in error or excess must be returned to the member ~~((company))~~ insurer. Interest on a refund due a protesting member must be paid at the rate actually earned by the association.

(10) The association may request information of member insurers in order to aid in the exercise of its power under this section and member insurers shall promptly comply with a request.

**Sec. 8.** RCW 48.32A.095 and 2001 c 50 s 10 are each amended to read as follows:

(1)(a) The association shall submit to the commissioner a plan of operation and any amendments necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments are effective upon the commissioner's written approval or unless it has not been disapproved within thirty days.

(b) If the association fails to submit a suitable plan of operation within one hundred twenty days following July 22, 2001, or if at any time thereafter the association fails to submit suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt reasonable rules as necessary or advisable to effectuate the provisions of this chapter. The rules continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

(2) All member insurers shall comply with the plan of operation.

(3) The plan of operation must, in addition to requirements enumerated elsewhere in this chapter:

(a) Establish procedures for handling the assets of the association;

FIFTY FIFTH DAY, MARCH 7, 2020

2020 REGULAR SESSION

(b) Establish the amount and method of reimbursing members of the board of directors under RCW 48.32A.065;

(c) Establish regular places and times for meetings including telephone conference calls of the board of directors;

(d) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors;

(e) Establish the procedures whereby selections for the board of directors are made and submitted to the commissioner;

(f) Establish any additional procedures for assessments under RCW 48.32A.085; ~~((and))~~

(g) Establish procedures whereby a director may be removed for cause, including in the case where a member insurer becomes an impaired or insolvent insurer;

(h) Require the board of directors to establish policies and procedures for addressing conflicts of interests among the board of directors and the member insurers they represent; and

(i) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(4) The plan of operation may provide that any or all powers and duties of the association, except those under RCW 48.32A.075(12)(c) and 48.32A.085, are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. Such a corporation, association, or organization must be reimbursed for any payments made on behalf of the association and must be paid for its performance of any function of the association. A delegation under this subsection takes effect only with the approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this chapter.

**Sec. 9.** RCW 48.32A.115 and 2001 c 50 s 12 are each amended to read as follows:

The commissioner shall aid in the detection and prevention of member insurer insolvencies or impairments.

(1) It is the duty of the commissioner to:

(a) Notify the commissioners of all the other states, territories of the United States, and the District of Columbia within thirty days following the action taken or the date the action occurs, when the commissioner takes any of the following actions against a member insurer:

(i) Revocation of license;

(ii) Suspension of license; or

(iii) Makes a formal order that the ~~((company))~~ member insurer restrict its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policy owners, certificate holders, contract owners, or creditors;

(b) Report to the board of directors when the commissioner has taken any of the actions set forth in (a) of this subsection or has received a report from any other commissioner indicating that any such action has been taken in another state. The report to the board of directors must contain all significant details of the action taken or the report received from another commissioner;

(c) Report to the board of directors when the commissioner has reasonable cause to believe from an examination, whether completed or in process, of any member insurer that the insurer may be an impaired or insolvent insurer; and

(d) Furnish to the board of directors the national association of insurance commissioners insurance regulatory information system ratios and listings of companies not included in the ratios developed by the national association of insurance

commissioners, and the board may use the information contained therein in carrying out its duties and responsibilities under this section. The report and the information must be kept confidential by the board of directors until such time as made public by the commissioner or other lawful authority.

(2) The commissioner may seek the advice and recommendations of the board of directors concerning any matter affecting the duties and responsibilities of the commissioner regarding the financial condition of member insurers and ~~((companies))~~ insurers, health care service contractors, or health maintenance organizations seeking admission to transact ~~((insurance))~~ business in this state.

(3) The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer or germane to the solvency of any ~~((company))~~ insurer, health care service contractor, or health maintenance organization seeking to do ~~((an insurance))~~ business in this state. The reports and recommendations are not public documents.

(4) The board of directors may, upon majority vote, notify the commissioner of any information indicating a member insurer may be an impaired or insolvent insurer.

(5) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of member insurer insolvencies.

**Sec. 10.** RCW 48.32A.135 and 2001 c 50 s 14 are each amended to read as follows:

(1) This chapter does not reduce the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability.

(2) Records must be kept of all meetings of the board of directors to discuss the activities of the association in carrying out its powers and duties under RCW 48.32A.075. The records of the association with respect to an impaired or insolvent insurer may not be disclosed prior to the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. This subsection does not limit the duty of the association to render a report of its activities under RCW 48.32A.145.

(3) For the purpose of carrying out its obligations under this chapter, the association is a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee under RCW 48.32A.075(11). Assets of the impaired or insolvent insurer attributable to covered policies must be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by this chapter. Assets attributable to covered policies, as used in this subsection, are that proportion of the assets which the reserves that should have been established for such policies bear to the reserves that should have been established for all policies of insurance written by the impaired or insolvent insurer.

(4) As a creditor of the impaired or insolvent insurer as established in subsection (3) of this section, the association and other similar associations are entitled to receive a disbursement of assets out of the marshaled assets, from time to time as the assets become available to reimburse it, as a credit against contractual obligations under this chapter. If the liquidator has not, within one hundred twenty days of a final determination of insolvency of ~~((an))~~ a member insurer by the receivership court, made an application to the court for the approval of a proposal to disburse assets out of marshaled assets to guaranty associations

having obligations because of the insolvency, then the association is entitled to make application to the receivership court for approval of its own proposal to disburse these assets.

(5)(a) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, ~~((the))~~ shareholders, contract owners, certificate holders, enrollees, and ~~((the))~~ policy owners of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of the insolvent insurer. In such a determination, consideration must be given to the welfare of the policy owners, contract owners, certificate holders, and enrollees of the continuing or successor member insurer.

(b) A distribution to stockholders, if any, of an impaired or insolvent insurer shall not be made until and unless the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties under RCW 48.32A.075 with respect to the member insurer have been fully recovered by the association.

(6)(a) If an order for liquidation or rehabilitation of ~~((an))~~ a member insurer domiciled in this state has been entered, the receiver appointed under the order has a right to recover on behalf of the member insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of (b) through (d) of this subsection.

(b) A distribution is not recoverable if the member insurer shows that when paid the distribution was lawful and reasonable, and that the member insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the member insurer to fulfill its contractual obligations.

(c) Any person who was an affiliate that controlled the member insurer at the time the distributions were paid is liable up to the amount of distributions received. Any person who was an affiliate that controlled the member insurer at the time the distributions were declared, is liable up to the amount of distributions which would have been received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they are jointly and severally liable.

(d) The maximum amount recoverable under this subsection is the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.

(e) If any person liable under (c) of this subsection is insolvent, all its affiliates that controlled it at the time the distribution was paid are jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

**Sec. 11.** RCW 48.32A.175 and 2001 c 50 s 18 are each amended to read as follows:

All proceedings in which the insolvent insurer is a party in any court in this state are stayed ~~((sixty))~~ one hundred eighty days from the date an order of liquidation, rehabilitation, or conservation is final to permit proper legal action by the association on any matters germane to its powers or duties. As to judgment under any decision, order, verdict, or finding based on default the association may apply to have such a judgment set aside by the same court that made such a judgment and must be permitted to defend against the suit on the merits.

**Sec. 12.** RCW 48.32A.185 and 2005 c 274 s 313 are each amended to read as follows:

(1) No person, including ~~((an))~~ a member insurer, agent, or affiliate of ~~((an))~~ a member insurer may make, publish, disseminate, circulate, or place before the public, or cause directly

or indirectly, to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other way, any advertisement, announcement, or statement, written or oral, which uses the existence of the insurance guaranty association of this state for the purpose of sales, solicitation, or inducement to purchase any form of insurance or other coverage covered by the Washington life and disability insurance guaranty association act. However, this section does not apply to the Washington life and disability insurance guaranty association or any other entity which does not sell or solicit insurance or coverage by a health care service contractor or health maintenance organization.

(2) ~~((Within one hundred eighty days after July 22, 2001, the))~~ The association shall prepare a summary document describing the general purposes and current limitations of this chapter and complying with subsection (3) of this section. This summary document must be submitted to the commissioner for approval. The summary document must also be available upon request by a policy owner, contract owner, certificate owner, or enrollee. The distribution, delivery, contents, or interpretation of this document does not guarantee that either the policy or the contract or the ~~((owner of the policy or contract))~~ policy owner, contract owner, certificate holder, or enrollee is covered in the event of the impairment or insolvency of a member insurer. The ~~((description))~~ summary document must be revised by the association as amendments to this chapter may require. Failure to receive this document does not give the policy owner, contract owner, certificate holder, enrollee, or insured any greater rights than those stated in this chapter.

(3) The summary document prepared under subsection (2) of this section must contain a clear and conspicuous disclaimer on its face. The commissioner shall establish the form and content of the disclaimer. The disclaimer must:

(a) State the name and address of the life and disability insurance guaranty association and insurance department;

(b) Prominently warn the ~~((policy or contract owner))~~ policy owner, contract owner, certificate holder, or enrollee that the life and disability insurance guaranty association may not cover the policy or contract or, if coverage is available, it is subject to substantial limitations and exclusions and conditioned on continued residence in this state;

(c) State the types of policies or contracts for which guaranty funds provide coverage;

(d) State that the member insurer and its agents are prohibited by law from using the existence of the life and disability insurance guaranty association for the purpose of sales, solicitation, or inducement to purchase any form of insurance, health care service contractor coverage, or health maintenance organization coverage;

(e) State that the policy ~~((or))~~ owner, contract owner, certificate holder, insured, or enrollee should not rely on coverage under the life and disability insurance guaranty association when selecting an insurer, health care service contractor, or health maintenance organization;

(f) Explain rights available and procedures for filing a complaint to allege a violation of any provisions of this chapter; and

(g) Provide other information as directed by the commissioner including but not limited to, sources for information about the financial condition of member insurers provided that the information is not proprietary and is subject to disclosure under chapter 42.56 RCW.

MESSAGE FROM THE HOUSE

March 6, 2020

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6280 with the following amendment(s): 6280-S.E AMH ENGR H5405.E

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature finds that:

(1) Unconstrained use of facial recognition services by state and local government agencies poses broad social ramifications that should be considered and addressed. Accordingly, legislation is required to establish safeguards that will allow state and local government agencies to use facial recognition services in a manner that benefits society while prohibiting uses that threaten our democratic freedoms and put our civil liberties at risk.

(2) However, state and local government agencies may use facial recognition services in a variety of beneficial ways, such as locating missing or incapacitated persons, identifying victims of crime, and keeping the public safe.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accountability report" means a report developed in accordance with section 3 of this act.

(2) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition or persistent tracking of individuals. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(3)(a) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure

outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(4) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(5) "Identification" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches any individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(6) "Legislative authority" means the respective city, county, or other local governmental agency's council, commission, or other body in which legislative powers are vested. For a port district, the legislative authority refers to the port district's port commission. For an airport established pursuant to chapter 14.08 RCW and operated by a board, the legislative authority refers to the airport's board. For a state agency, "legislative authority" refers to the technology services board created in RCW 43.105.285.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 8 of this act and who have the authority to alter the decision under review.

(8) "Nonidentifying demographic data" means data that is not linked or reasonably linkable to an identified or identifiable individual, and includes, at a minimum, information about gender, race or ethnicity, age, and location.

(9) "Ongoing surveillance" means using a facial recognition service to track the physical movements of a specified individual through one or more public places over time, whether in real time or through application of a facial recognition service to historical records. It does not include a single recognition or attempted recognition of an individual, if no attempt is made to subsequently track that individual's movement over time after they have been recognized.

(10) "Persistent tracking" means the use of a facial recognition service by a state or local government agency to track the movements of an individual on a persistent basis without identification or verification of that individual. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

(b) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(11) "Recognition" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches:

(a) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(12) "Serious criminal offense" means any offense defined under RCW 9.94A.030 (26), (33), (42), (43), (47), or (56).

(13) "Verification" means the use of a facial recognition service by a state or local government agency to determine whether an individual is a specific individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

**NEW SECTION. Sec. 3.** (1) A state or local government agency using or intending to develop, procure, or use a facial recognition service must file with a legislative authority a notice of intent to develop, procure, or use a facial recognition service and specify a purpose for which the technology is to be used. A state or local government agency may commence the accountability report required in this section only upon the approval of the notice of intent by the legislative authority.

(2) Prior to developing, procuring, or using a facial recognition service, a state or local government agency must produce an accountability report for that service. Each accountability report must include, at minimum, clear and understandable statements of the following:

(a)(i) The name of the facial recognition service, vendor, and version; and (ii) a description of its general capabilities and limitations, including reasonably foreseeable capabilities outside the scope of the proposed use of the agency;

(b)(i) The type or types of data inputs that the technology uses; (ii) how that data is generated, collected, and processed; and (iii) the type or types of data the system is reasonably likely to generate;

(c)(i) A description of the purpose and proposed use of the facial recognition service, including what decision or decisions will be used to make or support it; (ii) whether it is a final or support decision system; and (iii) its intended benefits, including any data or research demonstrating those benefits;

(d) A clear use and data management policy, including protocols for the following:

(i) How and when the facial recognition service will be deployed or used and by whom including, but not limited to, the factors that will be used to determine where, when, and how the technology is deployed, and other relevant information, such as whether the technology will be operated continuously or used only under specific circumstances. If the facial recognition service will be operated or used by another entity on the agency's behalf, the facial recognition service accountability report must explicitly include a description of the other entity's access and any applicable protocols;

(ii) Any measures taken to minimize inadvertent collection of additional data beyond the amount necessary for the specific purpose or purposes for which the facial recognition service will be used;

(iii) Data integrity and retention policies applicable to the data collected using the facial recognition service, including how the agency will maintain and update records used in connection with the service, how long the agency will keep the data, and the processes by which data will be deleted;

(iv) Any additional rules that will govern use of the facial recognition service and what processes will be required prior to each use of the facial recognition service;

(v) Data security measures applicable to the facial recognition service including how data collected using the facial recognition service will be securely stored and accessed, if and why an agency intends to share access to the facial recognition service or the data from that facial recognition service with any other entity, and the rules and procedures by which an agency sharing data with any other entity will ensure that such entities comply with the sharing agency's use and data management policy as part of the data sharing agreement;

(vi) How the facial recognition service provider intends to fulfill security breach notification requirements pursuant to chapter 19.255 RCW and how the agency intends to fulfill security breach notification requirements pursuant to RCW 42.56.590; and

(vii) The agency's training procedures, including those implemented in accordance with section 8 of this act, and how the

agency will ensure that all personnel who operate the facial recognition service or access its data are knowledgeable about and able to ensure compliance with the use and data management policy prior to use of the facial recognition service;

(e) The agency's testing procedures, including its processes for periodically undertaking operational tests of the facial recognition service in accordance with section 6 of this act;

(f) Information on the facial recognition service's rate of false matches, potential impacts on protected subpopulations, and how the agency will address error rates, determined independently, greater than one percent;

(g) A description of any potential impacts of the facial recognition service on civil rights and liberties, including potential impacts to privacy and potential disparate impacts on marginalized communities, and the specific steps the agency will take to mitigate the potential impacts and prevent unauthorized use of the facial recognition service; and

(h) The agency's procedures for receiving feedback, including the channels for receiving feedback from individuals affected by the use of the facial recognition service and from the community at large, as well as the procedures for responding to feedback.

(3) Prior to finalizing the accountability report, the agency must:

(a) Allow for a public review and comment period;

(b) Hold at least three community consultation meetings; and

(c) Consider the issues raised by the public through the public review and comment period and the community consultation meetings.

(4) The final accountability report must be adopted by a legislative authority in a public meeting before the agency may develop, procure, or use a facial recognition service.

(5) The final adopted accountability report must be clearly communicated to the public at least ninety days prior to the agency putting the facial recognition service into operational use, posted on the agency's public web site, and submitted to the consolidated technology services agency established in RCW 43.105.006. The consolidated technology services agency must post each submitted accountability report on its public web site.

(6) A state or local government agency seeking to procure a facial recognition service must require vendors to disclose any complaints or reports of bias regarding the service.

(7) An agency seeking to use a facial recognition service for a purpose not disclosed in the agency's existing accountability report must first seek public comment and community consultation on the proposed new use and adopt an updated accountability report pursuant to the requirements contained in this section.

(8) A state or local government agency that is using a facial recognition service as of the effective date of this section must suspend its use of the service until it complies with the requirements of this chapter.

**NEW SECTION. Sec. 4.** (1) State and local government agencies using a facial recognition service are required to prepare and publish an annual report that discloses:

(a) The extent and effectiveness of their use of such services, including nonidentifying demographic data about individuals subjected to a facial recognition service;

(b) An assessment of compliance with the terms of their accountability report;

(c) Any known or reasonably suspected violations of their accountability report, including categories of complaints alleging violations; and

(d) Any revisions to the accountability report recommended by the agency during the next update of the policy.

(2) The annual report must be submitted to the office of privacy and data protection.

FIFTY FIFTH DAY, MARCH 7, 2020

2020 REGULAR SESSION

(3) All agencies must hold community meetings to review and discuss their annual report within sixty days of its adoption by a legislative authority and public release.

**NEW SECTION. Sec. 5.** State and local government agencies using a facial recognition service to make decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals must ensure that those decisions are subject to meaningful human review. Decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals means decisions that result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health care services, or access to basic necessities such as food and water, or that impact civil rights of individuals.

**NEW SECTION. Sec. 6.** Prior to deploying a facial recognition service in the context in which it will be used, state and local government agencies using a facial recognition service to make decisions that produce legal effects on individuals or similarly significant effect on individuals must test the facial recognition service in operational conditions. State and local government agencies must take reasonable steps to ensure best quality results by following all guidance provided by the developer of the facial recognition service.

**NEW SECTION. Sec. 7.** (1)(a) A facial recognition service provider that provides or intends to provide facial recognition services to state or local government agencies must make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics such as: (i) Race, skin tone, ethnicity, gender, age, or disability status; or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of the independent testing identify material unfair performance differences across subpopulations, the provider must develop and implement a plan to mitigate the identified performance differences.

(b) Making an application programming interface or other technical capability does not require providers to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Providers bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Nothing in this section requires a state or local government to collect or provide data to a facial recognition service provider to satisfy the requirements in subsection (1) of this section.

**NEW SECTION. Sec. 8.** State and local government agencies using a facial recognition service must conduct periodic training of all individuals who operate a facial recognition service or who process personal data obtained from the use of a facial recognition service. The training must include, but not be limited to, coverage of:

(1) The capabilities and limitations of the facial recognition service;

(2) Procedures to interpret and act on the output of the facial recognition service; and

(3) To the extent applicable to the deployment context, the meaningful human review requirement for decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals.

**NEW SECTION. Sec. 9.** (1) State and local government agencies must disclose their use of a facial recognition service on

a criminal defendant to that defendant in a timely manner prior to trial.

(2) State and local government agencies using a facial recognition service shall maintain records of their use of the service that are sufficient to facilitate public reporting and auditing of compliance with agencies' facial recognition policies.

(3) In January of each year, any judge who has issued a warrant for the use of a facial recognition service to engage in any surveillance, or an extension thereof, as described in section 13(1) of this act, that expired during the preceding year, or who has denied approval of such a warrant during that year shall report to the administrator for the courts:

(a) The fact that a warrant or extension was applied for;

(b) The fact that the warrant or extension was granted as applied for, was modified, or was denied;

(c) The period of surveillance authorized by the warrant and the number and duration of any extensions of the warrant;

(d) The identity of the applying investigative or law enforcement officer and agency making the application and the person authorizing the application; and

(e) The nature of the public spaces where the surveillance was conducted.

(4) In January of each year, any state or local government agency that has applied for a warrant, or an extension thereof, for the use of a facial recognition service to engage in any surveillance as described in section 13(1) of this act shall provide to a legislative authority a report summarizing nonidentifying demographic data of individuals named in warrant applications as subjects of surveillance with the use of a facial recognition service.

**NEW SECTION. Sec. 10.** This chapter does not apply to a state or local government agency that is mandated to use a specific facial recognition service pursuant to a federal regulation or order, or that are undertaken through partnership with a federal agency to fulfill a congressional mandate. A state or local government agency must report the mandated use of a facial recognition service to a legislative authority.

**NEW SECTION. Sec. 11.** (1) Any person who has been subjected to a facial recognition service in violation of this chapter or about whom information has been obtained, retained, accessed, or used in violation of this chapter, may institute proceedings for injunctive relief, declaratory relief, or writ of mandate in any court of competent jurisdiction to enforce this chapter.

(2) A court shall award costs and reasonable attorneys' fees to a prevailing plaintiff in an action brought under subsection (1) of this section.

**NEW SECTION. Sec. 12.** (1)(a) The William D. Ruckelshaus center must establish a facial recognition task force, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate;

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives;

(iii) Eight representatives from advocacy organizations that represent individuals or protected classes of communities historically impacted by surveillance technologies including, but not limited to, African American, Hispanic American, Native American, Pacific Islander American, and Asian American communities, religious minorities, protest and activist groups, and other vulnerable communities;

(iv) Two members from law enforcement or other agencies of government;

(v) One representative from a retailer or other company who deploys facial recognition services in physical premises open to the public;

(vi) Two representatives from consumer protection organizations;

(vii) Two representatives from companies that develop and provide facial recognition services; and

(viii) Two representatives from universities or research institutions who are experts in either facial recognition services or their sociotechnical implications, or both.

(b) The task force shall choose two cochairs from among its legislative membership.

(2) The task force shall review the following issues:

(a) Provide recommendations addressing the potential abuses and threats posed by the use of a facial recognition service to civil liberties and freedoms, privacy and security, and discrimination against vulnerable communities, as well as other potential harm, while also addressing how to facilitate and encourage the continued development of a facial recognition service so that individuals, businesses, government, and other stakeholders in society continue to utilize its benefits;

(b) Provide recommendations regarding the adequacy and effectiveness of applicable Washington state laws; and

(c) Conduct a study on the quality, accuracy, and efficacy of a facial recognition service including, but not limited to, its quality, accuracy, and efficacy across different subpopulations.

(3) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(4) The task force shall report its findings and recommendations to the governor and the appropriate committees of the legislature by September 30, 2021.

(5) This section expires September 30, 2022.

**NEW SECTION. Sec. 13.** A new section is added to chapter 9.73 RCW to read as follows:

(1) State and local government agencies may not use a facial recognition service to engage in any surveillance including, but not limited to, engaging in ongoing surveillance, creating a facial template, conducting an identification, starting persistent surveillance, or performing a recognition, without a warrant, unless exigent circumstances exist. A warrant is not required if a facial recognition service is used solely for purposes of locating a missing child or identifying a deceased person.

(2) State and local government agencies must not apply a facial recognition service to any individual based on their religious, political, or social views or activities, participation in a particular noncriminal organization or lawful event, or actual or perceived race, ethnicity, citizenship, place of origin, immigration status, age, disability, gender, gender identity, sexual orientation, or other characteristic protected by law. This subsection does not condone profiling including, but not limited to, predictive law enforcement tools.

(3) State and local government agencies may not use a facial recognition service to create a record describing any individual's exercise of rights guaranteed by the First Amendment of the United States Constitution and by Article I, section 5 of the state Constitution.

(4) Law enforcement agencies that utilize body worn camera recordings shall comply with the provisions of RCW 42.56.240(14).

(5) State and local law enforcement agencies may not use the results of a facial recognition service as the sole basis to establish

probable cause in a criminal investigation. The results of a facial recognition service may be used in conjunction with other information and evidence lawfully obtained by a law enforcement officer to establish probable cause in a criminal investigation.

(6) State and local law enforcement agencies may not use a facial recognition service to identify an individual based on a sketch or other manually produced image.

(7) State and local law enforcement agencies may not substantively manipulate an image for use in a facial recognition service in a manner not consistent with the facial recognition service provider's intended use and training.

**NEW SECTION. Sec. 14.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Consumer" means a natural person who is a Washington resident.

(2) "Controller" means the natural or legal person which, alone or jointly with others, determines the purposes and means of the processing of personal data.

(3) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of a consumer and adds the facial template to a gallery used by the facial recognition service for identification, verification, or persistent tracking of consumers. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(4) "Facial recognition service" means technology that analyzes facial features and is used for the identification, verification, or persistent tracking of consumers in still or video images.

(5) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(6) "Identification" means the use of a facial recognition service by a controller to determine whether an unknown consumer matches any consumer whose identity is known to the controller and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 15(8) of this act and who have the authority to alter the decision under review.

(8) "Persistent tracking" means the use of a facial recognition service to track the movements of a consumer on a persistent basis without identification or verification of that consumer. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking uses a facial recognition service for more than forty-eight hours after the first enrolling of that template; or

(b) The data created by the facial recognition service in connection with the tracking of the movements of the consumer are linked to any other data such that the consumer who has been tracked is identified or identifiable.

(9) "Personal data" means any information that is linked or reasonably linkable to an identified or identifiable natural person. "Personal data" does not include deidentified data or publicly available information.

(10) "Processor" means a natural or legal person who processes personal data on behalf of a controller.

(11) "Recognition" means the use of a facial recognition service to determine whether:

(a) An unknown consumer matches any consumer who has been enrolled in a gallery used by the facial recognition service; or

FIFTY FIFTH DAY, MARCH 7, 2020

2020 REGULAR SESSION

(b) An unknown consumer matches a specific consumer who has been enrolled in a gallery used by the facial recognition service.

(12) "Verification" means the use of a facial recognition service by a controller to determine whether a consumer is a specific consumer whose identity is known to the controller and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

**NEW SECTION. Sec. 15.** (1)(a) Processors that provide facial recognition services must make available an application programming interface or other technical capability, chosen by the processor, to enable controllers or third parties to conduct legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics, such as (i) race, skin tone, ethnicity, gender, age, or disability status, or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of that independent testing identify material unfair performance differences across subpopulations, the processor must develop and implement a plan to mitigate the identified performance differences. Nothing in this subsection prevents a processor from prohibiting the use of the processor's facial recognition service by a competitor for competitive purposes.

(b) Making an application programming interface or other technical capability does not require processors to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Processors bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Processors that provide facial recognition services must provide documentation that includes general information that:

(a) Explains the capabilities and limitations of the services in plain language; and

(b) Enables testing of the services in accordance with this section.

(3) Processors that provide facial recognition services must prohibit by contract the use of facial recognition services by controllers to unlawfully discriminate under federal or state law against individual consumers or groups of consumers.

(4) Controllers must provide a conspicuous and contextually appropriate notice whenever a facial recognition service is deployed in a physical premise open to the public that includes, at minimum, the following:

(a) The purpose or purposes for which the facial recognition service is deployed; and

(b) Information about where consumers can obtain additional information about the facial recognition service including, but not limited to, a link to any applicable online notice, terms, or policy that provides information about where and how consumers can exercise any rights that they have with respect to the facial recognition service.

Controllers must

take commercially reasonable steps to ensure best quality results by following all reasonable guidance provided by the developer of the facial recognition service.

(8) Controllers using a facial recognition service must conduct periodic training of all individuals that operate a facial recognition service or that process personal data obtained from the use of facial recognition services. Such training shall include, but not be limited to, coverage of:

Sec. 41712 and exempt from state regulation under Title 49 U.S.C. Sec. 41713(b)(1) are exempt from this section. Images captured by an airline must not be retained for more than twenty-four hours and, upon request of the attorney general, airlines must certify that they do not retain the image for more than twenty-four hours. An airline facial recognition service must disclose and obtain consent from the customer prior to capturing an image.

#### MESSAGE FROM THE HOUSE

March 4, 2020

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6141 with the following amendment(s): 6141-S.E AMH CWD H5163.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes the increasing importance of postsecondary education as a tool for economic resilience and mobility, as well as the financial barriers many students in our state face in pursuing postsecondary education. In light of the 2019 expansion of the Washington college grant, it is also important to share information about new financial aid opportunities available to prospective postsecondary students. The legislature also acknowledges Washington's low completion rate of the free application for federal student aid in comparison with other states, as well as other states' successes in increasing these rates by expanding supports for students and their families. Research has shown that increased completion of student aid applications in other states has led to increases in high school graduation and college matriculation, especially for students in underrepresented groups. Given these facts, the legislature intends to undertake several actions to improve financial aid awareness and to increase coordination in this area among schools, districts, agencies, and institutions of higher education.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.77 RCW to read as follows:

(1) The council shall adopt a centralized online statewide calculator tool for the purposes of estimating federal Pell grant and Washington college grant awards for all public four-year institutions of higher education in Washington state.

(2) The tool must provide an estimate of state and federal aid based on student and family financial circumstances.

(3) The calculator tool must be published on a web site managed by the council.

(4) The financial aid calculator must be for estimation purposes only and is not a guarantee of state aid. Neither this section nor the estimates provided by the financial aid calculator constitute an entitlement on the part of the state, and no institution, agency, or their agents or employees may be held liable for any estimates created through its usage.

(5) The financial aid calculator must be designed for anonymous use and may not be used to collect or share any data.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.77 RCW to read as follows:

(1) In collaboration with financial aid experts from public four-year and two-year institutions of higher education, as well as independent colleges in Washington state, the Washington student achievement council shall develop clear, consistent definitions for institutions of higher education to adopt regarding financial aid package award letters.

(2) By July 1, 2021, all public four-year and two-year institutions of higher education, as well as all independent colleges in Washington state, must adopt uniform terminology and a standardized template for financial aid award packages so that students may easily compare them.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.230 RCW to read as follows:

(1)(a) Beginning with the 2020-21 school year, all school districts with a high school must provide a financial aid advising day, as defined in section 5 of this act.

(b) Districts must provide both a financial aid advising day and notification of financial aid opportunities at the beginning of each school year to parents and guardians of any student entering the twelfth grade. The notification must include information regarding:

(i) The eligibility requirements of the Washington college grant;

(ii) The requirements of the financial aid advising day;

(iii) The process for opting out of the financial aid advising day; and

(iv) Any community-based resources available to assist parents and guardians in understanding the requirements of and how to complete the free application for federal student aid and the Washington application for state financial aid.

(2) Districts may administer the financial aid advising day, as defined in section 5 of this act, in accordance with information-sharing requirements set in the high school and beyond plan in RCW 28A.230.090.

(3) The Washington state school directors' association, with assistance from the office of the superintendent of public instruction and the Washington student achievement council, shall develop a model policy and procedure that school district board of directors may adopt. The model policy and procedure must describe minimum standards for a financial aid advising day as defined in section 5 of this act.

(4) School districts are encouraged to engage in the Washington student achievement council's financial aid advising training.

(5) The office of the superintendent of public instruction may adopt rules for the implementation of this section.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.300 RCW to read as follows:

FIFTY FIFTH DAY, MARCH 7, 2020

2020 REGULAR SESSION

(1)(a) Beginning with the 2020-21 school year, within existing resources, and in collaboration with the Washington student achievement council, the office of the superintendent of public instruction shall coordinate a financial aid advising day with all school districts with a high school.

(b) For the purposes of this section and section 4 of this act, a "financial aid advising day" means a day or series of days between September 1st and December 1st of each year that includes, but is not limited to, dedicated time during regular school hours for staff to:

(i) Provide information to twelfth grade students on the free application for federal student aid, the Washington application for state financial aid, and the college board's CSS profile;

(ii) As appropriate and whenever possible, assist twelfth grade students in completing the free application for federal student aid and the Washington application for state financial aid; and

(iii) In conjunction with the Washington student achievement council, distribute information on the Washington college grant and demonstrate the use of the college financial aid calculator created in section 2 of this act.

(c) Each school district may choose the date or series of dates on which to hold a financial aid advising day.

(2) The office of the superintendent of public instruction shall coordinate with the Washington student achievement council whenever possible to assist districts in facilitating opportunities outside of regular school hours for parents to take part in seminars on completing the free application for federal student aid and the Washington application for state financial aid. Whenever possible, districts shall provide spoken language interpreter services for limited English-speaking families.

(3) Schools must allow students over the age of eighteen to opt out and parents or guardians of students under the age of eighteen to opt their student out of scheduled financial aid advising day activities.

(4) A student may not be penalized for failing to complete financial aid applications or for opting out of activities under subsection (3) of this section.

(5) Educational staff, including instructional, administrative, and counseling staff, may not be assessed or penalized on the basis of students' completion of financial aid forms or students' decisions to opt out under subsection (3) of this section.

(6) In the administration of the financial aid advising day, personally identifiable student or family information must be protected in accordance with state and federal privacy laws.

**Sec. 6.** RCW 28A.230.090 and 2019 c 252 s 103 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate

of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postschool transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)(iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

(v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program, the Washington college grant, and other scholarship opportunities;

(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

**Sec. 7.** RCW 28A.230.215 and 2019 c 252 s 504 are each amended to read as follows:

(1) The legislature finds that fully realizing the potential of high school and beyond plans as meaningful tools for articulating and revising pathways for graduation will require additional school counselors and family coordinators. The legislature further finds that the development and implementation of an online electronic platform for high school and beyond plans will be an appropriate and supportive action that will assist students, parents and

2020 REGULAR SESSION

guardians, educators, and counselors as the legislature explores options for funding additional school counselors.

(2) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction shall facilitate the creation of a list of available electronic platforms for the high school and beyond plan. Platforms eligible to be included on the list must meet the following requirements:

(a) Enable students to create, personalize, and revise their high school and beyond plan as required by RCW 28A.230.090;

(b) Grant parents or guardians, educators, and counselors appropriate access to students' high school and beyond plans;

(c) Employ a sufficiently flexible technology that allows for subsequent modifications necessitated by statutory changes, administrative changes, or both, as well as enhancements to improve the features and functionality of the platform;

(d) Include a sample financial aid letter and a link to the financial aid calculator created in section 2 of this act, at such a time as those materials are finalized;

(e) Comply with state and federal requirements for student privacy;

~~((e))~~ (f) Allow for the portability between platforms so that students moving between school districts are able to easily transfer their high school and beyond plans; and

~~((f))~~ (g) To the extent possible, include platforms in use by school districts during the 2018-19 school year.

(3) Beginning in the 2020-21 school year, each school district must ensure that an electronic high school and beyond plan platform is available to all students who are required to have a high school and beyond plan.

(4) The office of the superintendent of public instruction may adopt and revise rules as necessary to implement this section.

NEW SECTION. Sec. 8. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

MESSAGE FROM THE HOUSE

March 5, 2020

MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 6313 with the following amendment(s): 6313.E AMH APP H5350.1

Strike everything after the enacting clause and insert the following:

**"PART I**

**ACT NAME AND LEGISLATIVE FINDINGS**

NEW SECTION. **Sec. 1.** This act may be known and cited as the voting opportunities through education act or the VOTE act.

NEW SECTION. **Sec. 2.** The legislature finds that robust participation by young voters in Washington state elections is critical to ensuring lifelong civic engagement. Research has shown that voting is a habitual behavior and that people who vote in the first three elections when they are eligible will likely vote for life. However, this is also the period of time when they are likely to face unique barriers to participate in the democratic process, including regularly changing their address, becoming eligible shortly after an election, and exclusion from certain voter registration policies.

The legislature also finds that the period prior to election day is the most critical time to ensure ballot access for young voters. States with early voting have higher participation rates than states that do not and the use of early voting sites on college campuses helped produce record levels of participation for young voters in 2016 and 2018.

The legislature finds that students that have more opportunities to be registered and vote are more likely to participate. Limiting statutory voter registration opportunities on college campuses to days well in advance of election day is inconsistent with implementation of same-day voter registration. Making automatic voter registration unavailable to those registering for the first time denies young voters the same benefits as every other voter.

**PART II**

**PERSONS ALLOWED TO VOTE IN PRIMARIES**

**Sec. 3.** RCW 29A.08.210 and 2018 c 109 s 8 are each amended to read as follows:

An applicant for voter registration shall complete an application providing the following information concerning his or her qualifications as a voter in this state:

- (1) The former address of the applicant if previously registered to vote;
- (2) The applicant's full name;
- (3) The applicant's date of birth;
- (4) The address of the applicant's residence for voting purposes;
- (5) The mailing address of the applicant if that address is not the same as the address in subsection (4) of this section;
- (6) The sex of the applicant;
- (7) The applicant's Washington state driver's license number, Washington state identification card number, or the last four digits of the applicant's social security number if he or she does not have a Washington state driver's license or Washington state identification card;
- (8) A check box allowing the applicant to indicate that he or she is a member of the armed forces, national guard, or reserves, or that he or she is an overseas voter;
- (9) A check box allowing the applicant to acknowledge that he or she is at least ~~((eighteen))~~ sixteen years old ~~((or is at least sixteen years old and will vote only after he or she reaches the age of eighteen))~~;
- (10) Clear and conspicuous language, designed to draw the applicant's attention, stating that ~~((the))~~:

(a) The applicant must be a United States citizen in order to register to vote; and

(b) The applicant may register to vote if the applicant is at least sixteen years old and may vote if the applicant will be at least eighteen years old by the next general election, or is at least eighteen years old for special elections;

(11) A check box and declaration confirming that the applicant is a citizen of the United States;

(12) The following warning:

"If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your qualifications for voter registration you will have committed a class C felony that is punishable by imprisonment for up to five years, a fine of up to ten thousand dollars, or both."

(13) The oath required by RCW 29A.08.230 and a space for the applicant's signature; and

(14) Any other information that the secretary of state determines is necessary to establish the identity of the applicant and prevent duplicate or fraudulent voter registrations.

This information shall be recorded on a single registration form to be prescribed by the secretary of state.

**Sec. 4.** RCW 29A.08.230 and 2013 c 11 s 14 are each amended to read as follows:

For all voter registrations, the registrant shall sign the following oath:

"I declare that the facts on this voter registration form are true. I am a citizen of the United States, I will have lived at this address in Washington for at least thirty days immediately before the next election at which I vote, I ~~((will be))~~ am at least ~~((eighteen))~~ sixteen years old ~~((when I vote))~~, I am not disqualified from voting due to a court order, and I am not under department of corrections supervision for a Washington felony conviction."

**Sec. 5.** RCW 29A.08.330 and 2019 c 391 s 6 are each amended to read as follows:

(1) The secretary of state shall prescribe the method of voter registration for each designated agency. The agency shall use either the state voter registration by mail form with a separate declination form for the applicant to indicate that he or she declines to register at this time, or the agency may use a separate form approved for use by the secretary of state.

An injured worker, whether an alien or other injured worker, who is not residing in the United States at the time that a medical examination is requested may be required to submit to an examination at any location in the United States determined by the department or self-insurer.

(2) If the worker refuses to submit to medical examination, or obstructs the same, or, if any injured worker shall persist in unsanitary or injurious practices which tend to imperil or retard his or her recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his or her recovery or refuse or obstruct evaluation or examination for the purpose of vocational rehabilitation or does not cooperate in reasonable efforts at such rehabilitation, the department or the self-insurer upon approval by the department, with notice to the worker may suspend any further action on any claim of such worker so long as such refusal, obstruction, noncooperation, or practice continues and reduce, suspend, or deny any compensation for such period: PROVIDED, That ((the)) (a) The department or the self-insurer shall not suspend any further action on any claim of a worker or reduce, suspend, or deny any compensation if a worker has good cause for refusing to submit to or to obstruct any examination, evaluation, treatment or practice requested by the department or required under this section and (b) the department may not assess a no-show fee against the worker if the worker gives at least five business days' notice of the worker's intent not to attend the examination.

(3) If the worker necessarily incurs traveling expenses in attending the examination pursuant to the request of the department, such traveling expenses shall be repaid to him or her out of the accident fund upon proper voucher and audit or shall be repaid by the self-insurer, as the case may be.

(4)(a) If the medical examination required by this section causes the worker to be absent from his or her work without pay:

(i) In the case of a worker insured by the department, the worker shall be paid compensation out of the accident fund in an amount equal to his or her usual wages for the time lost from work while attending the medical examination; or

(ii) In the case of a worker of a self-insurer, the self-insurer shall pay the worker an amount equal to his or her usual wages for the time lost from work while attending the medical examination.

(b) This subsection (4) shall apply prospectively to all claims regardless of the date of injury.

**Sec. 3.** RCW 51.36.070 and 2001 c 152 s 2 are each amended to read as follows:

(1)(a) Whenever the ((director)) department or the self-insurer deems it necessary in order to ((resolve any)) (i) make a decision regarding claim allowance or reopening, (ii) resolve a new medical issue, an appeal, or case progress, or (iii) evaluate the worker's permanent disability or work restriction, a worker shall submit to examination by a physician or physicians selected by the ((director)) department, with the rendition of a report to the person ordering the examination, the attending physician, and the injured worker.

(b) The examination must be at a place reasonably convenient to the injured worker, or alternatively utilize telemedicine if the department determines telemedicine is appropriate for the examination. For purposes of this subsection, "reasonably convenient" means at a place where residents in the injured worker's community would normally travel to seek medical care for the same specialty as the examiner. The department must address in rule how to accommodate the injured worker if no

approved medical examiner in the specialty needed is available in that community.

(2) The department or self-insurer shall provide the physician performing an examination with all relevant medical records from the worker's claim file. The director, in his or her discretion, may charge the cost of such examination or examinations to the self-insurer or to the medical aid fund as the case may be. The cost of said examination shall include payment to the worker of reasonable expenses connected therewith.

(3) For purposes of this section, "examination" means a physical or mental examination by a medical care provider licensed to practice medicine, osteopathy, podiatry, chiropractic, dentistry, or psychiatry at the request of the department or self-insured employer or by order of the board of industrial insurance appeals.

(4) This section applies prospectively to all claims regardless of the date of injury.

**NEW SECTION. Sec. 4.** (1) An independent medical examination work group is established within the department of labor and industries, with members as provided in this subsection.

(a) The speaker of the house of representatives shall appoint two members from the house of representatives, with one member appointed from each of the two largest caucuses of the house of representatives;

(b) The president of the senate shall appoint two members from the senate, with one member appointed from each of the two largest caucuses of the senate;

(c) The department of labor and industries shall appoint one business representative representing employers participating in the state fund;

(d) The department of labor and industries shall appoint one business representative representing employers who are self-insured for purposes of workers' compensation insurance;

(e) The department of labor and industries shall appoint two labor representatives;

(f) The department of labor and industries shall appoint one representative of both an association representing physicians who perform examinations for purposes of workers' compensation insurance and the panel companies that work with them; and

(g) The department of labor and industries shall appoint one attorney who represents injured workers.

(2) The work group must:

(a) Develop strategies for reducing the number of medical examinations per claim while considering claim duration and medical complexity;

(b) Develop strategies for improving access to medical records, including records and reports created during the course of or pursuant to an examination;

(c) Consider whether the department of labor and industries should do all the scheduling of independent medical examinations;

(d) Consider the circumstances for which independent medical examiners should be randomly selected or specified;

(e) Consider workers' rights in the independent medical examination process including attendance, specialist consultations, the audio or video recording of examinations, and the distance and location of examinations;

(f) Recommend changes to improve the efficiency of the independent medical examination process; and

(g) Identify barriers to increasing the supply of in-state physicians willing to do independent medical examinations in the workers' compensation system.

(3) The department of labor and industries must report its findings and recommendations to the legislature by December 11, 2020.

(4) This section expires December 31, 2020.

**NEW SECTION. Sec. 5.** A new section is added to chapter 51.36 RCW to read as follows:

(1) The department may adopt rules to implement section 3 of this act.

(2) The department must adopt rules, policies, and processes governing the use of telemedicine for independent medical examinations under section 3 of this act. Development of rules may include a pilot project. Consideration should be given to all available research regarding the use of telemedicine for independent medical examinations.

BERNARD DEAN, Chief Clerk

MOTION

Senator Wilson, C. moved that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5395.

Senator Wilson, C. spoke in favor of the motion.  
Senators Short, Braun, Schoesler and Padden spoke against the motion.

#### POINT OF ORDER

Senator Braun: "I'm getting messages from parents that say, you know how you can sign up for notification on bills, so the Senate has apparently already sent out an email, time 1:54, that says we have already concurred with these amendments. And my question is: How is it possible we are sending email saying that we have concurred with these amendments when we have not yet completed this debate?"

#### REPLY BY THE PRESIDENT

President Habib: "One moment. Okay, Senator Braun, thank you, your point of order is well taken. There was an inadvertent mistake that was made that is being corrected so, the members of the public should be aware that no vote has been taken on this and I apologize on behalf of the Senate. Apologize to members and to those who are paying attention to this debate going on right now. Thank you, Senator Braun."

Senator Braun: "Thank you, Mr. President."

#### POINT OF ORDER

Senator Padden: "Yes, Mr. President, would you be so kind as to read what the new message actually says? That is going out to the parents who were misinformed."

#### REPLY BY THE PRESIDENT

President Habib: "Senator Padden, there is, there is no message, so to speak, that was sent. There was, I guess, in the, so members of the public are, are allowed to sign up for notifications on a particular measure. And, inadvertently, a notice was sent out for those who are following Engrossed Substitute Senate Bill No. 5395, that was sent out mistakenly saying that a concurrence motion had been, had prevailed. And so, that has now been corrected in the system. However, we are not sure that there will be another notification sent out in, because I am not sure that that triggers another email to correct the record. So, it's regrettable but ultimately, I will tell you what: There is only 49 people who need to know, for this particular moment, who need to know the procedural posture. Of course, the public is watching this on TVW and should be, and everyone should feel free to, the caucus staff and others, should feel free to communicate in real time what is going on. But, what's important right now, for your deliberations is to understand where we are, and to take the vote you're about to take on concurrence. Now, if the motion goes down, then a notification will be sent that the Senate did not concur. And if the motion prevails then another concurrence, another update will be done, triggered, another email. So, one way or another, your constituents will learn, very shortly, what the result of this vote will be. Okay? And I, once again, Senator Padden, Senator Braun and others, I do apologize. Technology is a, you know, ask the people in Iowa. It's tricky. It's important, it is helpful, it is useful but as we've talked about here, in other bills this week, it takes, sometimes with technology there can be inadvertent mistakes that are made. Thankfully we have our friends at TVW live broadcasting all of this to the public."

#### MOTION

Senator Short moved the Senate defer further consideration of Engrossed Substitute Senate Bill No. 5395.

Senator Liias objected to the motion by Senator Short.

Senators Short and Schoesler spoke in favor of the motion to defer further consideration of Engrossed Substitute Senate Bill No. 5093.

Senator Liias spoke against the motion.

Senator Padden demanded a roll call.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

#### MOTION

Senator Liias demanded that the previous question be put.

The President declared that at least two additional senators joined the demand and the demand was sustained.

The President declared the question before the Senate to be, "Shall the main question be now put?"

The motion by Senator Liias carried and the previous question was put by voice vote.

#### REMARKS BY THE PRESIDENT

President Habib: "By the way, the Secretary has just notified me that a correction has been sent out and while the President believes, therefore, Senator Short's motion would ordinarily be considered out of order, given the motion was to defer further consideration until the notification was sent. The notification was sent, so the motion is out of order. Nevertheless, I'm still going to have the vote take place on this as to not rile folks up."

The President declared the question before the Senate to be, the motion by Senator Short to defer further consideration of Engrossed Substitute Senate Bill No. 5093.

#### ROLL CALL

The Secretary called the roll on the motion by Senator Short to defer further consideration of Engrossed Substitute Senate Bill No. 5395, and the motion did not carry by the following vote: Yeas, 21; Nays, 27; Absent, 0; Excused, 1.

Senator Short: "Thank you, Mr. President. We had buttons pushed at the time that this whole thing happened to continue our

FIFTY FIFTH DAY, MARCH 7, 2020

2020 REGULAR SESSION

opposition to that motion. And they had pressed their button ahead of the good senator making his motion to call the question.”

PERSONAL PRIVILEGE

REPLY BY THE PRESIDENT

President Habib: “Senator Short, let me walk through what just happened. Everyone calm down for just one second. Just hear me out. Here’s what happened. There was a motion to defer consideration, and even as we tried to figure out the solution, and we did our best. And I think the email update was sent, and I’ve gotten confirmation that it was received. At that point, Senator Liias moved for the previous question. At that point I had no option under your rules but to go immediately, because that motion carried, but to go immediately to the vote on the motion to defer. So, that’s the order of operations that just happened. In any case, the previous speaker on the merits of the concurrence was a Republican. And so it is my habit to alternate speakers. And it’s also my habit to go to the majority floor leader, which is the long-standing custom of this body, that the majority floor leader is recognized first, before everyone else. That’s been the case when it was Senator Fain and I was the Lieutenant Governor and it is also the case with Senator Liias. So, I recognized Senator Liias. He has now moved to call the previous question and so I ask is demand sustained by two additional members?”

Senator Becker: “Thank you Mr. President. I can understand all the processes that have gone on here and maybe this is not the right time but I still feel it is the right time. You know this is a serious subject to all of us in here, and each and every side of this, whether you’re a D or an R, as it has been pointed out. But Mr. President, what I find offensive is when we are making a motion, or we are making a statement, that I am hearing laughter and mockery from the other side.”

The President declared the demand was sustained.

President Habib: “There is no…”

MOTION

Senator Becker: “And Mr. President, I cannot think that you would tolerate that. The decorum of this institution has always been one that is great and been one that we can all respect. And I would like to make sure that people are aware of that in this is not something that anyone should be laughing at. Thank you.”

Senator Schoesler moved to immediately adjourn.

Senator Schoesler demanded a roll call.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

REPLY BY THE PRESIDENT

President Habib: “Thank you. It is true and I will, if that happens, there is a reason there are two brilliant attorneys up here with me. They are looking out and they will notify me if there is a failure of decorum in the Senate. As you know, Senator Becker, I’ve had no problem calling that out whether it is Democrat or Republican. Now I ask that we return to the question before us which is the motion to concur.”

The President declared the question before the Senate to be the motion by Senator Schoesler to that the senate adjourn.

Senator Dhingra spoke in favor of the motion.

Senators Holy, Brown, Hawkins, O’Ban, Becker, Ericksen, Rivers and Wilson, L. spoke against the motion.

Senator Wilson, L.: “I had a couple of statements from some of the…”

ROLL CALL

REMARKS BY THE PRESIDENT

The Secretary called the roll on the motion by Senator Schoesler that the senate adjourn, and the motion did not carry by the following vote: Yeas, 21; Nays, 27; Absent, 0; Excused, 1.

President Habib: “Senator Wilson, if they concern the House amendments and if you can speak specifically to the House amendments you can proceed with reading. Otherwise, I have given wide latitude, but honestly your remarks have not addressed the House amendments so far, and so if you want to read please read statements if you want to, if you want to identify the source, if they relate to House amendments.

Voting yea: Senators Becker, Braun, Brown, Ericksen, Fortunato, Hawkins, Holy, Honeyford, King, Muzzall, O’Ban, Padden, Rivers, Schoesler, Sheldon, Short, Wagoner, Walsh, Warnick, Wilson, L. and Zeiger

Voting nay: Senators Billig, Carlyle, Cleveland, Conway, Darneille, Das, Dhingra, Frockt, Hasegawa, Hunt, Keiser, Kuderer, Liias, Lovelett, McCoy, Mullet, Nguyen, Pedersen, Randall, Rolfes, Saldaña, Salomon, Stanford, Takko, Van De Wege, Wellman and Wilson, C.

Senator Wilson, L.: “Well, I was, I was actually addressing curricula that we are supposed to be…”

Excused: Senator Hobbs

President Habib: “Right. Only the one, only changes from the Senate version that your just, that you voted on already. You already had a chance to vote on the senate bill. The question is the changes that were made in the House. If you would like to read, then, on the question of House amendments please proceed.”

On motion of Senator Liias, the motion by Senator Liias that the previous question be put was withdrawn.

Senator Wilson, L., again spoke against the motion..

Senator Das spoke in favor of the motion.

Senators Zeiger and Fortunato spoke against the motion.

REMARKS BY THE PRESIDENT

POINT OF ORDER

President Habib: “Alright, so everyone knows procedurally where we are. All of these motions have been dispensed with, except we are on the underlying motion to concur in the House amendments to Engrossed Substitute Senate Bill No. 5395. So, we are now to debate that, continue our debate on that question. Further remarks?”

Senator Liias: “Thank you, Mr. President. I don’t believe that my friend is speaking to the House amendments to this bill.”

REPLY BY THE PRESIDENT

President Habib: “Senator Fortunato, please keep your remarks to the House amendments.”

Senator Fortunato again spoke against the motion.  
Senators Sheldon, Warnick, Honeyford, King, Wagoner, and Muzzall spoke against the motion.

The President declared the question before the Senate to be the motion by Senator Wilson, C. that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5395.

The motion by Senator Wilson, C. carried and the Senate concurred in the House amendment(s) to Engrossed Substitute Senate Bill No. 5395 by voice vote.

#### MOTION

Senator Saldaña moved that the following striking floor amendment no. 1353 by Senator Saldaña be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that additional efforts are necessary to reduce barriers to entry to the cannabis industry for individuals and communities most adversely impacted by the enforcement of cannabis-related laws. In the interest of establishing a cannabis industry that is equitable and accessible to those most adversely impacted by the enforcement of drug-related laws, including cannabis-related laws, the legislature finds a social equity program should be created.

(2) The legislature finds that individuals who have been arrested or incarcerated due to drug laws, and those who have resided in areas of high poverty, suffer long-lasting adverse consequences, including impacts to employment, business ownership, housing, health, and long-term financial well-being. The legislature also finds that family members, especially children, and communities of those who have been arrested or incarcerated due to drug laws, suffer from emotional, psychological, and financial harms as a result of such arrests and incarceration. The legislature further finds that individuals in disproportionately impacted areas suffered the harms of enforcement of cannabis-related laws. Those communities face greater difficulties accessing traditional banking systems and capital for establishing businesses.

(3) The legislature therefore finds that in the interest of remedying harms resulting from the enforcement of cannabis-related laws in disproportionately impacted areas, creating a social equity program will further an equitable cannabis industry by promoting business ownership among individuals who have resided in areas of high poverty and high enforcement of cannabis-related laws. The social equity program should offer, among other things, financial and technical assistance and license application benefits to individuals most directly and adversely impacted by the enforcement of cannabis-related laws who are interested in starting cannabis business enterprises. It is the intent of the legislature that implementation of the social equity program authorized by this act not result in an increase in the number of marijuana retailer licenses above the limit on the number of marijuana retailer licenses in the state established by the board before January 1, 2020.

**NEW SECTION. Sec. 2.** A new section is added to chapter 69.50 RCW to read as follows:

(1) Beginning December 1, 2020, and until July 1, 2028, marijuana retailer licenses that have been subject to forfeiture, revocation, or cancellation by the board, or marijuana retailer licenses that were not previously issued by the board but could have been issued without exceeding the limit on the statewide number of marijuana retailer licenses established before January 1, 2020, by the board, may be issued or reissued to an applicant who meets the marijuana retailer license requirements of this chapter.

(2)(a) In order to be considered for a retail license under subsection (1) of this section, an applicant must be a social equity applicant and submit a social equity plan along with other marijuana retailer license application requirements to the board. If the application proposes ownership by more than one person, then at least fifty-one percent of the proposed ownership structure must reflect the qualifications of a social equity applicant.

(b) Persons holding an existing marijuana retailer license or title certificate for a marijuana retailer business in a local jurisdiction subject to a ban or moratorium on marijuana retail businesses may apply for a license under this section.

(3)(a) In determining the issuance of a license among applicants, the board may prioritize applicants based on the extent to which the application addresses the components of the social equity plan.

(b) The board may deny any application submitted under this subsection if the board determines that:

(i) The application does not meet social equity goals or does not meet social equity plan requirements; or

(ii) The application does not otherwise meet the licensing requirements of this chapter.

(4) The board may adopt rules to implement this section. Rules may include strategies for receiving advice on the social equity program from individuals the program is intended to benefit.

Rules may also require that licenses awarded under this section be transferred or sold only to individuals or groups of individuals who comply with the requirements for initial licensure as a social equity applicant with a social equity plan under this section.

(5) For the purposes of this section:

(a) "Disproportionately impacted area" means a census tract or comparable geographic area that satisfies the following criteria, which may be further defined in rule by the board after consultation with the commission on African American affairs and other agencies and stakeholders as determined by the board:

- (i) The area has a high poverty rate;
- (ii) The area has a high rate of participation in income-based federal or state programs;
- (iii) The area has a high rate of unemployment; and
- (iv) The area has a high rate of arrest, conviction, or incarceration related to the sale, possession, use, cultivation, manufacture, or transport of marijuana.

(b) "Social equity applicant" means:

(i) An applicant who has at least fifty-one percent ownership and control by one or more individuals who have resided for at least five of the preceding ten years in a disproportionately impacted area; or

(ii) An applicant who has at least fifty-one percent ownership and control by at least one individual who has been convicted of a marijuana offense or is a family member of such an individual.

(c) "Social equity goals" means:

(i) Increasing the number of marijuana retailer licenses held by social equity applicants from disproportionately impacted areas; and

(ii) Reducing accumulated harm suffered by individuals, families, and local areas subject to severe impacts from the historical application and enforcement of marijuana prohibition laws.

(d) "Social equity plan" means a plan that addresses at least some of the elements outlined in this subsection (5)(d), along with any additional plan components or requirements approved by the board following consultation with the task force created in section 5 of this act. The plan may include:

(i) A statement that the social equity applicant qualifies as a social equity applicant and intends to own at least fifty-one percent of the proposed marijuana retail business or applicants representing at least fifty-one percent of the ownership of the proposed business qualify as social equity applicants;

(ii) A description of how issuing a marijuana retail license to the social equity applicant will meet social equity goals;

(iii) The social equity applicant's personal or family history with the criminal justice system including any offenses involving marijuana;

(iv) The composition of the workforce the social equity applicant intends to hire;

(v) Neighborhood characteristics of the location where the social equity applicant intends to operate, focusing especially on disproportionately impacted areas; and

(vi) Business plans involving partnerships or assistance to organizations or residents with connection to populations with a history of high rates of enforcement of marijuana prohibition.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.330 RCW to read as follows:

(1) The marijuana social equity technical assistance competitive grant program is established and is to be administered by the department.

(2) The marijuana social equity technical assistance competitive grant program must award grants on a competitive basis to marijuana retailer license applicants who are social equity applicants submitting social equity plans under section 2 of this act. The department must award grants primarily based on the

strength of the social equity plans submitted by applicants but may also consider additional criteria if deemed necessary or appropriate by the department. Technical assistance activities eligible for funding under the marijuana social equity technical assistance competitive grant program include, but are not limited to:

(a) Assistance navigating the marijuana retailer licensure process;

(b) Marijuana-business specific education and business plan development;

(c) Regulatory compliance training;

(d) Financial management training and assistance in seeking financing; and

(e) Connecting social equity applicants with established industry members and tribal marijuana enterprises and programs for mentoring and other forms of support approved by the board.

(3) Funding for the marijuana social equity technical assistance competitive grant program must be provided through the dedicated marijuana account under RCW 69.50.540. Additionally, the department may solicit, receive, and expend private contributions to support the grant program.

(4) The department may adopt rules to implement this section.

**Sec. 4.** RCW 69.50.540 and 2019 c 415 s 978 are each amended to read as follows:

The legislature must annually appropriate moneys in the dedicated marijuana account created in RCW 69.50.530 as follows:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the First Amendment rights of freedom of speech and free association, as they relate to participating in elections, are core values in the United States. The United States supreme court has repeatedly held that these rights include the right to make campaign contributions in support of candidates and ballot measures at the federal, state, and local levels.

The legislature also finds, in accordance with federal law, that these rights are reserved solely for citizens of the United States and permanent legal residents, whether they act as individuals or

in association. The First Amendment protection for political speech does not apply to foreign nationals, who are forbidden under 52 U.S.C. Sec. 30121 from directly or indirectly making political contributions or financing independent expenditures and electioneering communications, either individually or collectively through a corporation or other association. Furthermore, federal law prohibits any person from knowingly soliciting or receiving contributions from a foreign national. Therefore, it falls to individual states to help protect the prohibition on foreign influence in our state and local elections by requiring certification that contributions, expenditures, political advertising, and electioneering communications are not financed in any part by foreign nationals and that foreign nationals are not involved in making decisions regarding such election activity in any way.

#### MESSAGE FROM THE HOUSE

March 6, 2020

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 6281 with the following amendment(s): 6281-S2 AMH ENGR H5242E

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1. SHORT TITLE.** This act may be known and cited as the Washington privacy act.

**NEW SECTION. Sec. 2. LEGISLATIVE FINDINGS.** (1) The legislature finds that the people of Washington regard their privacy as a fundamental right and an essential element of their individual freedom. Washington's Constitution explicitly provides the right to privacy, and fundamental privacy rights have long been and continue to be integral to protecting Washingtonians and to safeguarding our democratic republic.

(2) Ongoing advances in technology have produced an exponential growth in the volume and variety of personal data being generated, collected, stored, and analyzed, which presents both promise and potential peril. The ability to harness and use data in positive ways is driving innovation and brings beneficial technologies to society; however, it has also created risks to privacy and freedom. The unregulated and unauthorized use and disclosure of personal information and loss of privacy can have devastating impacts, ranging from financial fraud, identity theft, and unnecessary costs, to personal time and finances, to destruction of property, harassment, reputational damage, emotional distress, and physical harm.

(3) Given that technological innovation and new uses of data can help solve societal problems and improve quality of life, the legislature seeks to shape responsible public policies where innovation and protection of individual privacy coexist. The

legislature notes that our federal authorities have not developed or adopted into law regulatory or legislative solutions that give consumers control over their privacy. In contrast, the European Union's general data protection regulation has continued to influence data privacy policies and practices of those businesses competing in global markets. In the absence of federal standards, Washington and other states across the United States are analyzing elements of the European Union's general data protection regulation to enact state-based data privacy regulatory protections.

(4) With this act, Washington state will be among the first tier of states giving consumers the ability to protect their own rights to privacy and requiring companies to be responsible custodians of data as technological innovations emerge. This act does so by explicitly providing consumers the right to access, correction, and deletion of personal data, as well as the right to opt out of the collection and use of personal data for certain purposes. These rights will add to, and not subtract from, the consumer protection rights that consumers already have under Washington state law.

(5) Additionally, this act imposes affirmative obligations upon companies to safeguard personal data and provide clear, understandable, and transparent information to consumers about how their personal data are used. It strengthens compliance and accountability by requiring data protection assessments in the collection and use of personal data. Finally, it empowers the state attorney general to obtain and evaluate a company's data protection assessments, to impose penalties where violations occur, and to prevent against future violations.

(6) The legislature also encourages the state office of privacy and data protection to monitor the development of universal privacy controls that communicate a consumer's affirmative, freely given, and unambiguous choice to opt out of the processing of personal data concerning the consumer for the purposes of targeted advertising, the sale of personal data, or profiling in furtherance of decisions that produce legal effects concerning the consumer or similarly significant effects concerning consumers.

(7) The legislature recognizes the unique business needs of institutions of higher education and nonprofit corporations. However, these entities control and process an extraordinary amount of personal data and consumers should be afforded the rights provided by this act regarding personal data. Therefore, it is the intent of the legislature to delay the date of application for these entities by three years in order to provide sufficient time to develop a plan to comply with the provisions of this act.

**NEW SECTION. Sec. 5. RESPONSIBILITY ACCORDING TO ROLE.** (1) Controllers and processors are responsible for meeting their respective obligations established under this chapter.

(2) Processors are responsible under this chapter for adhering to the instructions of the controller and assisting the controller to meet its obligations under this chapter. Such assistance shall include the following:

(a) Taking into account the nature of the processing, the processor shall assist the controller by appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of the controller's obligation to respond to consumer requests to exercise their rights pursuant to section 6 of this act; and

(b) Taking into account the nature of processing and the information available to the processor, the processor shall assist the controller in meeting the controller's obligations in relation to the security of processing the personal data and in relation to the notification of a breach of the security of the system pursuant to RCW 19.255.010; and shall provide information to the controller necessary to enable the controller to conduct and document any data protection assessments required by section 9 of this act.

(3) Notwithstanding the instructions of the controller, a processor shall:

(a) Implement and maintain reasonable security procedures and practices to protect personal data, taking into account the context in which the personal data are to be processed;

(b) Ensure that each person processing the personal data is subject to a duty of confidentiality with respect to the data; and

(c) Engage a subcontractor only after providing the controller with an opportunity to object and pursuant to a written contract in accordance with subsection (5) of this section that requires the subcontractor to meet the obligations of the processor with respect to the personal data.

(4) Processing by a processor shall be governed by a contract between the controller and the processor that is binding on both parties and that sets out the processing instructions to which the processor is bound, including the nature and purpose of the processing, the type of personal data subject to the processing, the duration of the processing, and the obligations and rights of both parties. In addition, the contract shall include the requirements imposed by this subsection and subsection (3) of this section, as well as the following requirements:

(a) At the choice of the controller, the processor shall delete or return all personal data to the controller as requested at the end of the provision of services, unless retention of the personal data is required by law;

(5) In no event shall any contract relieve a controller or a processor from the liabilities imposed on them by virtue of its role in the processing relationship as defined by this chapter.

(6) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that depends upon the context in which personal data are to be processed. A person that is not limited in its processing of personal data pursuant to a controller's instructions, or that fails to adhere to such instructions, is a controller and not a processor with respect to a specific processing of data. A processor that continues to adhere to a controller's instructions with respect to a specific processing of personal data remains a processor. If a processor begins, alone or jointly with

others, determining the purposes and means of the processing of personal data, it is a controller with respect to such processing.

**NEW SECTION. Sec. 6. In the case of processing personal data concerning a known child, the parent or legal guardian of the known child shall exercise the rights of this chapter on the child's behalf. Where a controller processes personal data concerning a consumer subject to guardianship, conservatorship, or other protective arrangement under chapter 11.130 RCW, the controller must allow the guardian or the conservator to exercise the rights of this chapter on the consumer's behalf. Except as provided in this chapter, the controller must comply with a request to exercise the rights pursuant to subsections (1) through (5) of this section.

(1) *Right of access.* A consumer has the right to confirm whether or not a controller is processing personal data concerning the consumer and access such personal data.

(2) *Right to correction.* A consumer has the right to correct inaccurate personal data concerning the consumer, taking into account the nature of the personal data and the purposes of the processing of the personal data.

(3) *Right to deletion.* A consumer has the right to delete personal data concerning the consumer.

(4) *Right to data portability.* A consumer has the right to obtain personal data concerning the consumer, which the consumer previously provided to the controller, in a portable and, to the extent technically feasible, readily usable format that allows the consumer to transmit the data to another controller without hindrance, where the processing is carried out by automated means.

(5) *Right to opt out.* A consumer has the right to opt out of the processing of personal data concerning such consumer for purposes of targeted advertising, the sale of personal data, or profiling in furtherance of decisions that produce legal effects concerning a consumer or similarly significant effects concerning a consumer.

(6) *Responding to consumer requests.* (a) A controller must inform a consumer of any action taken on a request under subsections (1) through (5) of this section without undue delay and in any event within forty-five days of receipt of the request. That period may be extended once by forty-five additional days where reasonably necessary, taking into account the complexity and number of the requests. The controller must inform the consumer of any such extension within forty-five days of receipt of the request, together with the reasons for the delay.

(b) If a controller does not take action on the request of a consumer, the controller must inform the consumer without undue delay and at the latest within forty-five days of receipt of the request of the reasons for not taking action and instructions for how to appeal the decision with the controller as described in subsection (7) of this section.

(c) Information provided under this section must be provided by the controller free of charge, up to twice annually to the consumer. Where requests from a consumer are manifestly unfounded or excessive, in particular because of their repetitive character, the controller may either: (i) Charge a reasonable fee to cover the administrative costs of complying with the request, or (ii) refuse to act on the request. The controller bears the burden of demonstrating the manifestly unfounded or excessive character of the request.

(d) A controller is not required to comply with a request to exercise any of the rights under subsections (1) through (4) of this section if the controller is unable to authenticate the request using commercially reasonable efforts. In such cases, the controller may

2020 REGULAR SESSION

request the provision of additional information reasonably necessary to authenticate the request.

(7)(a) Controllers must establish an internal process whereby consumers may appeal a refusal to take action on a request to exercise any of the rights under subsections (1) through (5) of this section within a reasonable period of time after the consumer's receipt of the notice sent by the controller under subsection (6)(b) of this section.

(b) The appeal process must be conspicuously available and as easy to use as the process for submitting such requests under this section.

(c) Within thirty days of receipt of an appeal, a controller must inform the consumer of any action taken or not taken in response to the appeal, along with a written explanation of the reasons in support thereof. That period may be extended by sixty additional days where reasonably necessary, taking into account the complexity and number of the requests serving as the basis for the appeal. The controller must inform the consumer of any such extension within thirty days of receipt of the appeal, together with the reasons for the delay. The controller must also provide the consumer with an email address or other online mechanism through which the consumer may submit the appeal, along with any action taken or not taken by the controller in response to the appeal and the controller's written explanation of the reasons in support thereof, to the attorney general.

(d) When informing a consumer of any action taken or not taken in response to an appeal pursuant to (c) of this subsection, the controller must clearly and prominently ask the consumer whether the consumer consents to having the controller submit the appeal, along with any action taken or not taken by the controller in response to the appeal and must, upon request, provide the controller's written explanation of the reasons in support thereof, to the attorney general. If the consumer provides such consent, the controller must submit such information to the attorney general.

**NEW SECTION. Sec. 7. PROCESSING DEIDENTIFIED DATA OR PSEUDONYMOUS DATA.** (1) This chapter does not require a controller or processor to do any of the following solely for purposes of complying with this chapter:

(a) Reidentify deidentified data;

(b) Comply with an authenticated consumer request to access, correct, delete, or port personal data pursuant to section 6 (1) through (4) of this act, if all of the following are true:

(i)(A) The controller is not reasonably capable of associating the request with the personal data, or (B) it would be unreasonably burdensome for the controller to associate the request with the personal data;

(ii) The controller does not use the personal data to recognize or respond to the specific consumer who is the subject of the personal data, or associate the personal data with other personal data about the same specific consumer; and

(iii) The controller does not sell the personal data to any third party or otherwise voluntarily disclose the personal data to any third party other than a processor, except as otherwise permitted in this section; or

(c) Maintain data in identifiable form, or collect, obtain, retain, or access any data or technology, in order to be capable of associating an authenticated consumer request with personal data.

(2) The rights contained in section 6 (1) through (4) of this act do not apply to pseudonymous data in cases where the controller is able to demonstrate any information necessary to identify the consumer is kept separately and is subject to effective technical and organizational controls that prevent the controller from accessing such information.

(3) A controller that uses pseudonymous data or deidentified data must exercise reasonable oversight to monitor compliance with any contractual commitments to which the pseudonymous data or deidentified data are subject, and must take appropriate steps to address any breaches of contractual commitments.

**NEW SECTION. Sec. 8. RESPONSIBILITIES OF CONTROLLERS.** (1) *Transparency.*

(a) Controllers shall provide consumers with a reasonably accessible, clear, and meaningful privacy notice that includes:

(i) The categories of personal data processed by the controller;

(ii) The purposes for which the categories of personal data are processed;

(iii) How and where consumers may exercise the rights contained in section 6 of this act, including how a consumer may appeal a controller's action with regard to the consumer's request;

(iv) The categories of personal data that the controller shares with third parties, if any; and

(v) The categories of third parties, if any, with whom the controller shares personal data.

(b) If a controller sells personal data to third parties or processes personal data for targeted advertising, it must clearly and conspicuously disclose such processing, as well as the manner in which a consumer may exercise the right to opt out of such processing, in a clear and conspicuous manner.

(c) Controllers shall establish, and shall describe in the privacy notice, one or more secure and reliable means for consumers to submit a request to exercise their rights under this chapter. Such means shall take into account the ways in which consumers interact with the controller, the need for secure and reliable communication of such requests, and the controller's ability to authenticate the identity of the consumer making the request. Controllers shall not require a consumer to create a new account in order to exercise a right, but a controller may require a consumer to use an existing account to exercise the consumer's rights under this chapter.

(2) *Purpose specification.* A controller's collection of personal data must be limited to what is reasonably necessary in relation to the purposes for which such data are processed, as disclosed to the consumer.

(3) *Data minimization.* A controller's collection of personal data must be only as reasonably necessary to provide services requested by a consumer, to conduct an activity that a consumer has requested, or to verify requests made pursuant to section 6 of this act.

(4) *Avoid secondary use.* Except as provided in this chapter, a controller may not process personal data for purposes that are not reasonably necessary to, or compatible with, the purposes for which such personal data are processed, as disclosed to the consumer, unless the controller obtains the consumer's consent.

(5) *Security.* A controller shall establish, implement, and maintain reasonable administrative, technical, and physical data security practices to protect the confidentiality, integrity, and accessibility of personal data. Such data security practices shall be appropriate to the volume and nature of the personal data at issue.

(6) *Nondiscrimination.* A controller may not process personal data in violation of state and federal laws that prohibit unlawful discrimination against consumers. A controller shall not discriminate against a consumer for exercising any of the rights contained in this chapter, including denying goods or services to the consumer, charging different prices or rates for goods or services, and providing a different level of quality of goods and services to the consumer. This subsection shall not prohibit a controller from offering a different price, rate, level, quality, or selection of goods or services to a consumer, including offering

goods or services for no fee, if the offering is in connection with a consumer's voluntary participation in a bona fide loyalty, rewards, premium features, discounts, or club card program. A controller may not sell personal data to a third-party controller as part of such a program unless: (a) The sale is reasonably necessary to enable the third party to provide a benefit to which the consumer is entitled; (b) the sale of personal data to third parties is clearly disclosed in the terms of the program; and (c) the third party uses the personal data only for purposes of facilitating such benefit to which the consumer is entitled and does not retain or otherwise use or disclose the personal data for any other purpose.

(7) *Sensitive data.* Except as otherwise provided in this act, a controller may not process sensitive data concerning a consumer without obtaining the consumer's consent, or, in the case of the processing of personal data concerning a known child, without obtaining consent from the child's parent or lawful guardian, in accordance with the children's online privacy protection act requirements.

(8) *Nonwaiver of consumer rights.* Any provision of a contract or agreement of any kind that purports to waive or limit in any way a consumer's rights under this chapter shall be deemed contrary to public policy and shall be void and unenforceable.

**NEW SECTION. Sec. 9. DATA PROTECTION ASSESSMENTS.** (1) Controllers must conduct and document a data protection assessment of each of the following processing activities involving personal data:

(a) The processing of personal data for purposes of targeted advertising;

(b) The sale of personal data;

(c) The processing of personal data for purposes of profiling, where such profiling presents a reasonably foreseeable risk of: (i) Unfair or deceptive treatment of, or disparate impact on, consumers; (ii) financial, physical, or reputational injury to consumers; (iii) a physical or other intrusion upon the solitude or seclusion, or the private affairs or concerns, of consumers, where such intrusion would be offensive to a reasonable person; or (iv) other substantial injury to consumers;

(d) The processing of sensitive data; and

(e) Any processing activities involving personal data that present a heightened risk of harm to consumers.

Such data protection assessments must take into account the type of personal data to be processed by the controller, including the extent to which the personal data are sensitive data, and the context in which the personal data are to be processed.

(2) Data protection assessments conducted under subsection (1) of this section must identify and weigh the benefits that may flow directly and indirectly from the processing to the controller, consumer, other stakeholders, and the public against the potential risks to the rights of the consumer associated with such processing, as mitigated by safeguards that can be employed by the controller to reduce such risks. The use of deidentified data and the reasonable expectations of consumers, as well as the context of the processing and the relationship between the controller and the consumer whose personal data will be processed, must be factored into this assessment by the controller.

(3) The attorney general may request, in writing, that a controller disclose any data protection assessment that is relevant to an investigation conducted by the attorney general. The controller must make a data protection assessment available to the attorney general upon such a request. The attorney general may evaluate the data protection assessments for compliance with the responsibilities contained in section 8 of this act and with other laws including, but not limited to, chapter 19.86 RCW. Data protection assessments are confidential and exempt from public inspection and copying under chapter 42.56 RCW. The disclosure of a data protection assessment pursuant to a request from the

attorney general under this subsection does not constitute a waiver of the attorney-client privilege or work product protection with respect to the assessment and any information contained in the assessment.

(4) Data protection assessments conducted by a controller for the purpose of compliance with other laws or regulations may qualify under this section if they have a similar scope and effect.

**NEW SECTION. Sec. 10. LIMITATIONS AND APPLICABILITY.** (1) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to:

(a) Comply with federal, state, or local laws, rules, or regulations;

(b) Comply with a civil, criminal, or regulatory inquiry, investigation, subpoena, or summons by federal, state, local, or other governmental authorities;

(c) Cooperate with law enforcement agencies concerning conduct or activity that the controller or processor reasonably and in good faith believes may violate federal, state, or local laws, rules, or regulations;

(d) Investigate, establish, exercise, prepare for, or defend legal claims;

(e) Provide a product or service specifically requested by a consumer, perform a contract to which the consumer is a party, or take steps at the request of the consumer prior to entering into a contract;

(f) Take immediate steps to protect an interest that is essential for the life of the consumer or of another natural person, and where the processing cannot be manifestly based on another legal basis;

(g) Prevent, detect, protect against, or respond to security incidents, identity theft, fraud, harassment, malicious or deceptive activities, or any illegal activity; preserve the integrity or security of systems; or investigate, report, or prosecute those responsible for any such action;

(h) Engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws if the deletion of the information is likely to render impossible or seriously impair the achievement of the research and the consumer provided consent; or

(i) Assist another controller, processor, or third party with any of the obligations under this subsection.

(2) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to collect, use, or retain data to:

(a) Conduct internal research solely to improve or repair products, services, or technology;

(b) Identify and repair technical errors that impair existing or intended functionality; or

(c) Perform solely internal operations that are reasonably aligned with the expectations of the consumer based on the consumer's existing relationship with the controller, or are otherwise compatible with processing in furtherance of the provision of a product or service specifically requested by a consumer or the performance of a contract to which the consumer is a party.

(3) The obligations imposed on controllers or processors under this chapter do not apply where compliance by the controller or processor with this chapter would violate an evidentiary privilege under Washington law and do not prevent a controller or processor from providing personal data concerning a consumer to a person covered by an evidentiary privilege under Washington law as part of a privileged communication.

(4) A controller or processor that discloses personal data to a third-party controller or processor in compliance with the

FIFTY SEVENTH DAY, MARCH 9, 2020

2020 REGULAR SESSION

requirements of this chapter is not in violation of this chapter if the recipient processes such personal data in violation of this chapter, provided that, at the time of disclosing the personal data, the disclosing controller or processor did not have actual knowledge that the recipient intended to commit a violation. A third-party controller or processor receiving personal data from a controller or processor in compliance with the requirements of this chapter is likewise not in violation of this chapter for the obligations of the controller or processor from which it receives such personal data.

(5) Obligations imposed on controllers and processors under this chapter shall not:

(a) Adversely affect the rights or freedoms of any persons, such as exercising the right of free speech pursuant to the First Amendment to the United States Constitution; or

(b) Apply to the processing of personal data by a natural person in the course of a purely personal or household activity.

(6) Personal data that are processed by a controller pursuant to this section must not be processed for any purpose other than those expressly listed in this section. Personal data that are processed by a controller pursuant to this section may be processed solely to the extent that such processing is: (i) Necessary, reasonable, and proportionate to the purposes listed in this section; and (ii) adequate, relevant, and limited to what is necessary in relation to the specific purpose or purposes listed in this section. Furthermore, personal data that are collected, used, or retained pursuant to subsection (2) of this section must, insofar as possible, taking into account the nature and purpose or purposes of such collection, use, or retention, be subjected to reasonable administrative, technical, and physical measures to protect the confidentiality, integrity, and accessibility of the personal data, and to reduce reasonably foreseeable risks of harm to consumers relating to such collection, use, or retention of personal data.

(7) If a controller processes personal data pursuant to an exemption in this section, the controller bears the burden of demonstrating that such processing qualifies for the exemption and complies with the requirements in subsection (6) of this section.

(8) Processing personal data solely for the purposes expressly identified in subsection (1)(a) through (d) or (g) of this section does not, by itself, make an entity a controller with respect to such processing.

**NEW SECTION. Sec. 11. ENFORCEMENT.** (1) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(2) Any controller or processor that violates this chapter is subject to an injunction and liable for a civil penalty of not more than seven thousand five hundred dollars for each violation.

**NEW SECTION. Sec. 12. CONSUMER PRIVACY ACCOUNT.** The consumer privacy account is created in the state treasury. All receipts from the imposition of civil penalties under this chapter must be deposited into the account except for the recovery of costs and attorneys' fees accrued by the attorney general in enforcing this chapter. Moneys in the account may be spent only after appropriation. Moneys in the account may only be used for the purposes of the office of privacy and data protection as created under RCW 43.105.369, and may not be used to supplant general fund appropriations to the agency.

**NEW SECTION. Sec. 13. PREEMPTION.** This chapter supersedes and preempts laws, ordinances, regulations, or the equivalent adopted by any local entity regarding the processing of personal data by controllers or processors. Laws, ordinances, or regulations regarding the processing of personal data by controllers or processors that are adopted by any local entity prior to the effective date of this chapter are not superseded or preempted.

**NEW SECTION. Sec. 14. THE OFFICE OF PRIVACY AND DATA PROTECTION REPORT.** (1) By December 1, 2020, the office of privacy and data protection shall prepare and post to its public web site a report that summarizes the data protected and not protected by this chapter. At a minimum, the report must include, with reasonable detail, a list of the types of information that are publicly available from local, state, and federal government sources, and an inventory of information to which this chapter does not apply by virtue of a limitation in section 4 of this act. The report may be updated as new information becomes available to the office.

(2) The office of privacy and data protection may consult with stakeholders and provide recommendations regarding the appropriate breadth and number of circumstances that limit the obligations of controllers and processors, and in particular whether those limits should apply for a prescribed period of time or in perpetuity.

(3) The office of privacy and data protection may consult with stakeholders, including those in the industry, academia, and consumer and privacy advocacy, regarding the scope and coverage of this chapter.

**NEW SECTION. Sec. 15. ATTORNEY GENERAL REPORT.** (1) The attorney general shall compile a report evaluating the liability and enforcement provisions of this chapter including, but not limited to, the effectiveness of its efforts to enforce this chapter, and any recommendations for changes to such provisions.

(2) The attorney general shall submit the report to the governor and the appropriate committees of the legislature by July 1, 2022.

**NEW SECTION. Sec. 16. JOINT RESEARCH INITIATIVES.** The governor may enter into agreements with the governments of the Canadian province of British Columbia and the states of California and Oregon for the purpose of sharing personal data or personal information by public bodies across national and state borders to enable collaboration for joint data-driven research initiatives. Such agreements must provide reciprocal protections that the respective governments agree appropriately safeguard the data.

**NEW SECTION. Sec. 17.** This chapter does not apply to institutions of higher education or nonprofit corporations until July 31, 2024.

**NEW SECTION. Sec. 18.** Sections 1 through 17 and 19 of this act constitute a new chapter in Title 19 RCW.

**NEW SECTION. Sec. 19.** This act takes effect July 31, 2021."

MOTION

Senator Frockt moved that the Senate refuse to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6404 and ask the House to recede therefrom.

Senator Frockt spoke in favor of the motion.

POINT OF ORDER

Senator Becker: "Thank you Mr. President. I have a concern in that I am not sure what changes were made on this bill as on the bill report and on page 165 there is no description in the book about the changes. We've had a discussion but may I ask the sponsor of the bill to yield to a question?"

Senator Frockt: "I would be happy to."

Senator Becker: "Is the workgroup gone from this bill?"

Senator Frockt: "Thank you for the question and thank you Senator for the question. The changes that the House made were basically three: the workgroup was removed, there was some concern over the composition and the cost of that and I think was largely agreed to by the various stakeholders that had been involved in negotiating. There were two other amendments that were adopted: one, add durable medical goods and authorizations as one set of data that insurance companies will report back to us on, how frequently and how often do they deny authorization in those situations; and the second one relating to diabetes related medical requests, if you will, and in part of those two amendments was this also the removal of the date. So, my basic feeling at this point is that the bill is in good shape. I think it will accomplish the basic ends we wanted and that the two things that were added were fine. The issue was the day of reporting."

Senator Becker: "Thank you. I want to say thank you very much. I would appreciate it though, that our books would give us the information. Some of the bills are giving us that information and some of them are not included in here, so that's why I asked that question."

PARLIAMENTARY INQUIRY

Senator Padden: "Well, it is very similar to Senator Becker's point. As far as I can remember in past sessions, our workbooks always had the difference between the House and the Senate and so it is somewhat unnerving that most of them do but not all of them have that information. There's quite a few that do not. And I wondered if there was some explanation as to how it's chosen

which bills have the difference of the House amendments and which do not?"

REPLY BY THE PRESIDENT

President Habib: "Senator Padden, thank you for your, indeed in fact that would be, both of those would be points of personal privilege, just in case anybody cares. But, it is well taken, both Senator Becker and Senator Padden's points are well taken. And so, I have been told that the Secretary of the Senate, his staff are now checking all the other bills that are on the concurrence calendar to make sure that the effect statement of the House amendments are available to members. And so, I would encourage members to bring those to us at the bar, those issues, but also, if there is a question of timing, to bring them to the majority floor leader, if that is a political question in terms of timing, if that information is not available. But I will encourage the Senate to schedule these in such a way as to make sure members have all the information that they need. It is also, I've been told that it is also available online so members can ask for assistance, if they need assistance, to find it online."

The President declared the question before the Senate to be the motion by Senator Frockt that the Senate refuse to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6404 and ask the House to recede therefrom.

## MESSAGE FROM THE HOUSE

March 7, 2020

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5323 with the following amendment(s): 5323-S.E AMH CHAP H5413.1

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** (1) State policy has long placed waste reduction as the highest priority in the collection, handling, and management of solid waste. Reducing plastic bag waste holds particular importance among state waste reduction efforts for a number of reasons:

(a) Single-use plastic carryout bags are made of nonrenewable resources and never biodegrade; instead, over time, they break down into tiny particles. Single-use plastic carryout bags, and the particles they break into, are carried into rivers, lakes, Puget Sound, and the world's oceans, posing a threat to animal life and the food chain;

(b) Plastic bags are one of the most commonly found items that litter state roads, beaches, and other public spaces; and

(c) Even when plastic bags avoid the common fate of becoming litter, they are a drain on public resources and a burden on environment and resource conservation goals. For example, if plastic bags are disposed of in commingled recycling systems rather than as garbage or in retailer drop-off programs, they clog processing and sorting machinery, resulting in missorted materials and costly inefficiencies that are ultimately borne by utility ratepayers. Likewise, when green or brown-tinted plastic bags confuse consumers into attempting to dispose of them as compost, the resultant plastic contamination undercuts the ability to use the compost in gardens, farms, landscaping, and surface water and transportation projects.

(2) Alternatives to single-use plastic carryout bags are convenient, functional, widely available, and measure as superior across most environmental performance metrics. Alternatives to single-use plastic carryout bags feature especially superior environmental performance with respect to litter and marine debris, since plastic bags do not biodegrade.

(3) As of 2020, many local governments in Washington have shown leadership in regulating the use of single-use plastic carryout bags. This local leadership has shown the value of establishing state standards that will streamline regulatory inconsistency and reduce burdens on covered retailers caused by a patchwork of inconsistent local requirements across the state.

(4) Data provided from grocery retailers has shown that requests for paper bags have skyrocketed where plastic bag bans have been implemented. To accommodate the anticipated consequences of a statewide plastic bag ban, it is rational to expect additional capacity will be needed in Washington state for manufacturing paper bags. The legislature intends to provide that capacity by prioritizing and expediting siting and permitting of expansions or reconfiguring for paper manufacturing.

(5) Therefore, in order to reduce waste, litter, and marine pollution, conserve resources, and protect fish and wildlife, it is the intent of the legislature to:

(a) Prohibit the use of single-use plastic carryout bags;

(b) Require a pass-through charge on recycled content paper carryout bags and reusable carryout bags made of film plastic, to encourage shoppers to bring their own reusable carryout bags;

(c) Require that bags provided by a retail establishment contain recycled content; and

(d) Encourage the provision of reusable and recycled content paper carryout bags by retail establishments.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Carryout bag" means any bag that is provided by a retail establishment at home delivery, the check stand, cash register, point of sale, or other point of departure to a customer for use to transport or carry away purchases.

(2) "Department" means the department of ecology.

(3) "Pass-through charge" means a charge to be collected and retained by retail establishments from their customers when providing recycled content paper carryout bags and reusable carryout bags made of film plastic.

(4) "Recycled content paper carryout bag" means a paper carryout bag provided by a retail establishment to a customer that meets the requirements in section 3(6)(a) of this act.

(5) "Retail establishment" means any person, corporation, partnership, business, facility, vendor, organization, or individual that sells or provides food, merchandise, goods, or materials directly to a customer including home delivery, temporary stores, or vendors at farmers markets, street fairs, and festivals.

(6) "Reusable carryout bag" means a carryout bag made of cloth or other durable material with handles that is specifically designed and manufactured for long-term multiple reuse and meets the requirements of section 3(6)(b) of this act.

(7) "Single-use plastic carryout bag" means any carryout bag that is made from plastic that is designed and suitable only to be used once and disposed.

**NEW SECTION. Sec. 3.** (1) Beginning January 1, 2021, except as provided in this section and section 4 of this act, a retail establishment may not provide to a customer or a person at an event:

(a) A single-use plastic carryout bag;

(b) A paper carryout bag or reusable carryout bag made of film plastic that does not meet recycled content requirements; or

(c) Beginning January 1, 2026, a reusable carryout bag made of film plastic with a thickness of less than four mils, in the event that the 2025 legislature does not amend this section to reflect the recommendations to the legislature made consistent with section 7 of this act.

(2)(a) A retail establishment may provide a reusable carryout bag or a recycled content paper carryout bag of any size to a customer at the point of sale. A retail establishment may make reusable carryout bags available to customers through sale.

(b)(i) Until December 31, 2025, a retail establishment must collect a pass-through charge of eight cents for every recycled content paper carryout bag with a manufacturer's stated capacity of one-eighth barrel (eight hundred eighty-two cubic inches) or greater or reusable carryout bag made of film plastic it provides, except as provided in subsection (5) of this section and section 4 of this act.

(ii) Beginning January 1, 2026, a retail establishment must collect a pass-through charge of twelve cents for reusable carryout bags made of film plastic and eight cents for recycled content paper carryout bags, in the event that the 2025 legislature does not amend this section to reflect the recommendations to the legislature made consistent with section 7 of this act. It is the intent of the legislature for the 2025 legislature to reassess the amount of the pass-through charge authorized under this subsection (2)(b), taking into consideration the content of the report to the legislature under section 7 of this act.

(c) A retail establishment must keep all revenue from pass-through charges. The pass-through charge is a taxable retail sale. A retail establishment must show all pass-through charges on a receipt provided to the customer.

(3) Carryout bags provided by a retail establishment do not include:

(c) Except for the purposes of subsection (4) of this section, food banks and other food assistance programs are not retail establishments, but are encouraged to take actions to reduce the use of single-use plastic carryout bags.

**NEW SECTION. Sec. 4.** It is a violation of section 3 of this act for any retail establishment to pay or otherwise reimburse a customer for any portion of the pass-through charge; provided that retail establishments may not collect a pass-through charge from anyone using a voucher or electronic benefits card issued under the women, infants, and children (WIC) or temporary assistance for needy families (TANF) support programs, or the federal supplemental nutrition assistance program (SNAP, also known as basic food), or the Washington state food assistance program (FAP).

**NEW SECTION. Sec. 5.** (1) Until June 1, 2025, the department shall prioritize the expedited processing of applications for permits related to the expansion or reconfiguration of an existing pulp and paper mill for the purpose of manufacturing paper bags or raw materials used to manufacture paper bags.

(2) The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

(3) The enforcement of this chapter must be based primarily on complaints filed with the department and local governments. The department must establish a forum for the filing of complaints. Local governments and any person may file complaints with the department using the forum and local governments may review complaints filed with the department via the forum for purposes of the local government carrying out education and outreach to retail establishments. The forum established by the department may include a complaint form on the department's web site, a telephone hotline, or a public outreach strategy relying upon electronic social media to receive complaints that allege violations. The department, in collaboration with the local governments, must provide education and outreach activities to inform retail establishments, consumers, and other interested individuals about the requirements of this chapter.

(4) The department or local government shall work with retail establishments, retail associations, unions, and other organizations to create educational elements regarding the ban and the benefits of reusable carryout bags. Educational elements may include signage at store locations, informational literature, and employee training by October 1, 2020.

(5) Retail establishments are encouraged to educate their staff to promote reusable bags as the best option for carryout bags and to post signs encouraging customers to use reusable carryout bags.

(6) A violation of this chapter is subject to a civil penalty of up to two hundred fifty dollars. Each calendar day of operation or activity in violation of this chapter comprises a new violation. Penalties issued under this section are appealable to the pollution control hearings board established in chapter 43.21B RCW.

(7) If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by July 1, 2020, from the waste reduction, recycling, and litter control account for purposes of implementing the education and outreach activities required under this section, then this act is null and void.

The report required under this section must include:

(a) An assessment of the effectiveness of the pass-through charge for reducing the total volume of bags purchased and encouraging the use of reusable carryout bags;

(b) An assessment of the sufficiency of the amount of the pass-through charge allowed under chapter 70.--- RCW (the new chapter created in section 13 of this act) relative to the cost of the authorized bags to retail establishments and an assessment of the pricing and availability of various types of carryout bags. For purposes of conducting this assessment, the department and the department of commerce may request, but not require, retail establishments and bag distributors to furnish information regarding the cost of various types of paper and plastic carryout bags provided to retail establishments; and

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 9.41 RCW to read as follows:

(1) It is unlawful for a person to carry onto, or to possess on, licensed child care center premises, child care center-provided transportation, or areas of facilities while being used exclusively by a child care center:

(a) Any firearm;

(b) Any other dangerous weapon as described in RCW 9.41.250;

(ii) Any device, object, or instrument that is used or intended to be used as a weapon with the intent to injure a person by an electric shock, charge, or impulse.

(2) A person who violates subsection (1) of this section is guilty of a gross misdemeanor. If a person is convicted of a violation of subsection (1)(a) of this section, the person shall have his or her concealed pistol license, if any, revoked for a period of three years. Anyone convicted under subsection (1)(a) of this section is prohibited from applying for a concealed pistol license for a period of three years from the date of conviction. The court shall order the person to immediately surrender any concealed pistol license, and within three business days notify the department of licensing in writing of the required revocation of any concealed pistol license held by the person. Upon receipt of the notification by the court, the department of licensing shall determine if the person has a concealed pistol license. If the person does have a concealed pistol license, the department of licensing shall immediately notify the license-issuing authority which, upon receipt of the notification, shall immediately revoke the license.

(3) Subsection (1) of this section does not apply to:

(a) Family day care provider homes as defined in RCW 43.216.010;

(b) Any person in possession of a pistol who has been issued a license under RCW 9.41.070, or is exempt from the licensing requirement by RCW 9.41.060, while picking up or dropping off a child at the child care center;

(4) Child care centers must post "GUN-FREE ZONE" signs giving warning of the prohibition of the possession of firearms on center premises.

(5) A child care center that is located on public or private elementary or secondary school premises is subject to the requirements of RCW 9.41.280.

(6) For the purposes of this section, child care center has the same meaning as "child day care center" as defined in RCW 43.216.010.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.216 RCW to read as follows:

(1) Every child day care center and early childhood education and assistance program provider is subject to section 1 of this act.

#### MESSAGE FROM THE HOUSE

March 6, 2020

MR. PRESIDENT:

FIFTY SEVENTH DAY, MARCH 9, 2020

2020 REGULAR SESSION

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5601 with the following amendment(s): 5601-S2 AMH APP H5312.1

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** (1) The legislature finds that growth in managed health care systems has shifted substantial authority over health care decisions from providers and patients to health carriers and health care benefit managers. Health care benefit managers acting as intermediaries between carriers, health care providers, and patients exercise broad discretion to affect health care services recommended and delivered by providers and the health care choices of patients. Regularly, these health care benefit managers are making health care decisions on behalf of carriers. However, unlike carriers, health care benefit managers are not currently regulated.

(2) Therefore, the legislature finds that it is in the best interest of the public to create a separate chapter in this title for health care benefit managers.

(3) The legislature intends to protect and promote the health, safety, and welfare of Washington residents by establishing standards for regulatory oversight of health care benefit managers.

Prescription insulin drugs must be covered without being subject to a deductible, and any cost sharing paid by an enrollee must be applied toward the enrollee's deductible obligation.

(2) If the federal internal revenue service removes insulin from the list of preventive care services which can be covered by a qualifying health plan for a health savings account before the deductible is satisfied, for a health plan that provides coverage for prescription insulin drugs for the treatment of diabetes and is offered as a qualifying health plan for a health savings account, the carrier must establish the plan's cost sharing for the coverage of prescription insulin for diabetes at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions from his or her health savings account under internal revenue service laws and regulations. The office of the insurance commissioner must provide written notice of the change in internal revenue service guidance to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the office.

(7) This section does not apply to the health benefit plans that provide benefits identical to the schedule of services covered by the basic health plan.

**Sec. 6.** RCW 48.46.272 and 2004 c 244 s 14 are each amended to read as follows:

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

blood sugar levels, foot care appliances for prevention of complications associated with diabetes, and glucagon emergency kits; and

(b) For all health benefit plans, outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by health care providers with expertise in diabetes. Nothing in this section prevents the health maintenance organization from restricting patients to seeing only health care providers who have signed participating provider agreements with the health maintenance organization or an insuring entity under contract with the health maintenance organization.

(3) ~~((Coverage))~~ Except as provided in section 1 of this act, coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.
