786-7488  
**REFERENCES:**  

**DESCRIPTION:** State and federal laws have various tests or factors to determine whether an individual is an independent contractor or an employee. Staff will prepare a survey of other states' laws and premium costs; gather information on cost-effective and competitiveness options; and draft bills as directed. Staff will also monitor the Worker's Compensation Advisory Committee and Benefit Accuracy Working Group meetings and implementation of recommendations from the JLARC Worker's Compensation Claims Management Report related to self-insurers.

**DESCRIPTION:** The Washington State Supreme Court issued its decision in McCleary v. State, on January 5, 2012. The Court found that the State failed to meet its paramount constitutional duty to fully fund a program of basic education. The Committee consists of eight legislators. In July 2012 the Court directed the Joint Select Committee to report annually following enactment of each operating budget, summarizing the legislative actions taken to implement educational funding reforms and achieve compliance with Article IX of the state Constitution. To date, the Legislature has filed four reports with the Supreme Court. (September 17, 2012; August 29, 2013; April 29, 2014; and July 27, 2015).

Committee staff will provide support to the Joint Select Committee and assist with the report as directed by members of the Joint Select Committee.

In December 2015, Congress passed and the President signed the Every Student Succeeds Act (ESSA). The ESSA requires each state educational agency to submit a redesigned Education Accountability Plan to the federal Department of Education for peer review. The plan must be developed through consultation with numerous specified stakeholders including the state legislature. The plan must assure that academic standards, assessment standards, and the educational needs of disadvantaged students are addressed.

Committee staff will provide meeting support to the Oversight Committee, provide updates to other Committee members on the progress of the Committee, draft the report at the direction of the Committee and any implementing legislation as requested.

<td>DESCRIPTION:</td>
<td>Initiative 732 (I-732), regarding a carbon pollution tax, was submitted to the Legislature in January 2016. If the Legislature does not act on I-732, it will be placed on Washington’s November ballot. I-732 establishes a phased-in carbon pollution tax (carbon tax) on fossil fuels sold or used in Washington and on the consumption or generation of electricity in Washington. The revenue generated from the carbon tax will be used to offset a 1 percent reduction of state sales tax, a reduction of the business and occupation tax on manufacturing, and the implementation and enhancement of the Working Family Tax Exemption. Committee staff will monitor voter action on I-732 and assist in the preparation of any draft legislation as directed.</td>

</table>
According to data from the U.S. Energy Information Administration (EIA) in 2014, Washington had the lowest average combined retail electricity price across all sectors and ranked Washington 50th in carbon dioxide emissions from the generation of electricity in 2013. Washington’s affordable energy and low carbon emissions should be evaluated as an economic development tool to increase the manufacturing sector. The Trade and Economic Development Committee and the Energy, Environment and Telecommunications Committee will hold one meeting in Western Washington and one meeting in Eastern Washington to discuss the state’s energy, environmental, regulatory, and tax policies to enhance the health of Washington’s manufacturing sector by taking advantage of Washington’s clean and affordable energy. Options will be developed for the 2017 legislative session.

Senate Law & Justice Committee
Work Plan Summary – 2016 Interim

PROJECT: Body Camera Task Force
COMPLETION DATE: Ongoing
STAFF: Tim Ford
REFERENCES: EHB 2362 (2016)

DESCRIPTION: The legislature enacted EHB 2362 concerning body camera recordings made by law enforcement or corrections officers. EHB 2362 establishes provisions governing disclosure of body camera recordings, and requires law enforcement or corrections agencies deploying body cameras to develop policies regarding their uses. EHB 2362 also creates a task force to review and report on the use of body cameras by law enforcement and corrections agencies. The task force must consider the use of body cameras in health care facilities, costs assessed to requesters, model policies, retention and retrieval of data, and the use of body cameras for gathering evidence, surveillance, and police accountability. The task force must report its findings to the Governor and Legislature by December 1, 2017. Staff will support the task force with its meetings, and the drafting of required reports as requested.

PROJECT: Biometric Identifiers
COMPLETION DATE: Ongoing
STAFF: Tim Ford
REFERENCES: 2ESHB 1094 (2015)

DESCRIPTION: Biometric identifiers are measurements of physical or biological characteristics, such as a fingerprint, voiceprint, eye retinas, or other unique characteristics used to identify an individual. The House passed 2ESHB 1094 regulating the commercial use of biometric identifiers. 2ESHB 1094 requires conspicuous notice and affirmative consent before biometric data may be used for a commercial purpose. It restricts the transfer or sale of biometric data to third parties, and provides enforcement by the Attorney General under the Consumer Protection Act. Staff will research other states regulation of biometric data and draft legislation as requested.

PROJECT: Guardianship Visitation
COMPLETION DATE: Ongoing
STAFF: Tim Ford
REFERENCES: SB 6235 (2016)

DESCRIPTION: A person may be legally incapacitated, either by their person or estate, when the individual has a significant risk of personal harm based upon a demonstrated inability to adequately provide for oneself nutrition, health, housing, or physical safety; or poses a significant risk of financial harm. A guardian may be a lay guardian - generally a family member or friend of the alleged incapacitated person - or a professional guardian, who charges a fee to provide guardianship services. Professional guardians are regulated by the Certified Professional Guardianship Board. The court has supervisory power over guardianships, and may modify a guardianship or remove a guardian upon petition and showing of good cause. SB 6235, if passed, would have required a court order to authorize a guardian to restrict an incapacitated person's right of communication, visitation, or interaction with other persons, including the right to receive visitors, telephone calls, or personal mail. Staff will research guardianship laws in other states and draft legislation as requested.
PROJECT: Workgroup on Traffic-Based Financial Obligations

COMPLETION DATE: Ongoing

STAFF: Aldo Melchiori

REFERENCES: SSB 6360 (2016)

DESCRIPTION: If a court determines that a person is unable to pay traffic fines immediately and less than one year has passed since the infraction became due, the court is required to enter into a payment plan with the person. Failure to respond to the notice, pay the fine, or comply with a payment plan results in license suspension. Spokane and King county have established relicensing programs that enable drivers whose licenses are suspended for delinquent traffic fines to consolidate their fines into an affordable payment plan and have their licenses reinstated. SSB 6360 established a work group of stakeholders, convened by the Office of the Attorney General, to receive input and provide feedback on a plan and the program for the efficient statewide consolidation of an individual's traffic-based financial obligations imposed by courts of limited jurisdiction into a unified and affordable payment plan. The work group must provide final feedback and recommendations to the AGO no later than September 15, 2017. Staff will monitor and report work group activities.

PROJECT: Life Issues

COMPLETION DATE: Ongoing

STAFF: Aldo Melchiori

REFERENCES: SB 5919 (2015)

DESCRIPTION: Under current law, terminally ill adults who want to end their life may request a prescription for a lethal dose of medication. SB 5919 would require a doctor to inform patients, requesting a lethal dose of medication, of feasible alternatives including, but not limited to, comfort care, hospice care, pain control, treatment for the purpose of cure, and treatment for the purpose of extending the patient's life. Staff will research issues including the life of preborn individuals, end of life issues, and death penalty issues, and draft legislation as requested.

PROJECT: Task Force on Community Policing Standards

COMPLETION DATE: Ongoing

STAFF: Lindsay Erickson

DESCRIPTION: EHB 2908 established a joint legislative task force, including leadership by legislative members, on the use of deadly force in community policing. The task force must: (1) review laws, practices, and training programs regarding the use of deadly force in Washington state and other states; (2) review current policies, practices, and tools used by or otherwise available to law enforcement as an alternative to lethal uses of force, including tasers and other nonlethal weapons; and (3) recommend best practices to reduce the number of violent interactions between law enforcement officers and members of the public. A report must be submitted to the Governor and the appropriate committees of the Legislature by December 1, 2016. Staff will provide administrative and research support to the task force and draft legislation as directed.
### Habitual Property Crime

**COMPLETION DATE:** Ongoing  
**STAFF:** Lindsay Erickson  
[786-7465](tel:786-7465)  

**DESCRIPTION:** Property crimes in Washington remains an issue frequently before the Legislature. SB 5503 (2015) attempted to address the issue by providing a special allegation and sentence enhancement for habitual property offenders. SB 6350 (2016) proposed enhanced penalties at sentencing for offenders who repeatedly commit certain vehicle property offenses. Other property crime legislation proposed in 2015 created a new felony property offense sentencing grid with reduced standard ranges and imposed 12 months of community custody for a felony property offense when the offender had an offender score of two or more. Staff will survey other states to determine how they address the issue of career property offenders. Staff will work with legislators and interested parties to identify remaining issues and options to address them. Legislation will be drafted as requested.

### Civil Forfeiture

**COMPLETION DATE:** Ongoing  
**STAFF:** Lindsay Erickson  
[786-7465](tel:786-7465)  
**REFERENCES:** [SB 5751 (2015)](https://leg.wa.gov/billsors/resolutions)  

**DESCRIPTION:** The civil forfeiture provisions under the Uniform Controlled Substances Act (UCSA) provide that no property right exists in the controlled substances themselves, and any real property used with the knowledge of the owner for the manufacturing or processing of any controlled substance is subject to forfeiture. SB 5751 would require that in all civil forfeiture cases brought under the UCSA, the law enforcement agency must establish that the property is subject to forfeiture by clear, cogent, and convincing evidence rather than by a preponderance of the evidence. Staff will research civil forfeiture laws of other states and prepare legislation as requested.

### Visitation with a Child by a Relative

**COMPLETION DATE:** Ongoing  
**STAFF:** Melissa Burke-Cain  
[786-7755](tel:786-7755)  
**REFERENCES:** [SB 6658 (2016)](https://leg.wa.gov/billsors/resolutions)  

**DESCRIPTION:** Proposed SB 6658 permits grandparents and other third parties to petition the court for visitation with a child. Several U.S. Supreme Court decisions impose a threshold standing requirement for a petitioner to have a substantial preexisting relationship with the child. SB 6658 directs the court to order grandparent visitation if the child would likely suffer harm, or significant risk of harm if visitation is not allowed. There are specific considerations a court must apply for its findings. Staff will work with legislators and interested parties to identify issues and options to address them. Legislation will be drafted as requested.
PROJECT: Human Trafficking and Internet Crimes Against Children Task Forces

COMPLETION DATE: Ongoing

STAFF: Melissa Burke-Cain
786-7755

REFERENCES: SB 5880 (2015)

DESCRIPTION: Proposed SB 5880 would find that human trafficking is a horrific problem in the United States, and that children are specifically vulnerable to become victims of human trafficking. Proposed SB 5880 would create a joint task force to recommend a curriculum for a one hour online training on human trafficking and its risks. The training is for businesses, such as establishments with a liquor license or adult entertainment license, and also first responders likely to come into contact with persons forced into sex trade. The task force is required to report its findings and recommendations to the Governor and Legislature. The Internet Crimes against Children (ICAC) task force is an existing separate task force started by the United States Department of Justice. The ICAC task force mission is to help state and local law enforcement agencies develop an effective response to cyber enticement and child pornography cases. This help encompasses forensic and investigative components, training and technical assistance, victim services, and community education. Staff will work with legislators and interested parties to identify issues and options to address them. Legislation will be drafted as requested.

PROJECT: Surety Treatment Bonds for Specialty or Therapeutic Courts

COMPLETION DATE: Ongoing

STAFF: Melissa Burke-Cain
786-7755

REFERENCES: SB 6556 (2016)

DESCRIPTION: The Legislature has authorized local jurisdictions to create specialty courts or therapeutic courts for a variety of purposes including but not limited to adult and juvenile drug court; family dependency treatment court; mental health court; and DUI court. Therapeutic court is an alternative to the traditional criminal and civil court track with the goal of decreased recidivism, safety of the community, and improving the life of the participant by focusing on the specific individual's needs. Under SB 6556 a therapeutic court may require a surety treatment bond to ensure the participation of a juvenile or adult offender in a treatment program. Staff will research therapeutic courts and specialty bonds, and draft legislation as requested.
