Harmonizing certain traffic control signal provisions relative to yellow change intervals and certain fine amount limitations. Revised for 1st Substitute: Harmonizing certain traffic control signal provisions relative to yellow change intervals, certain fine amount limitations, and certain signage and reporting requirements.

POINT OF ORDER

Senator Stevens: “Thank you Mr. President, I believe that the committee amendment offered is beyond the scope and object of the underlying bill. The underlying bill is a restricted bill. It limits the use of red light cameras. The bill only does two things: it restricts the use of red light cameras by limiting the fine probable for the violation detected through the use of red light cameras; and, number two, it prohibits the reduction of time it takes for the light to turn from yellow to red. By contrast the committee amendment expands the use of the red light camera by expanding the location and the ability to use the red light camera to include intersections with more than two arterials. For these reasons I believe the amendment offered is outside the scope of the object of the underlying bill and I respectfully request a ruling thereon.”

POINT OF INQUIRY

Senator Hargrove: “Would Senator Zarelli yield to a question? Thank you Senator. In general this sounds like a great idea but I’m a little concerned when we have a biennium or two that goes negative like we’re doing right now, so could you give me a little bit of a snap shot if we have a couple biennium’s in a row that went negative how this one-third would apply? You know negative times negative and how all that works and since we’re putting this in the constitution.”

Senator Zarelli: “Yes, this is one of the changes that we made in this bill to recognize that during times of severe recession obviously revenue goes down considerably and one would expect coming out of that recession you have exceptional revenue built. So, we’ve exempted those first two biennium moving out from the average that would be required to be put in the rainy day fund. So, it gives us the ability, with the change that we made to this version of this amendment, to recognize that we will potentially have exceptional growth coming out of that recession era period but would not be required to then put that revenue away.”

Senator Murray spoke in favor of passage of the resolution.

The President declared the question before the Senate to be the final passage of Senate Joint Resolution No. 8206.

Is the intent then to buy up property and remove the homes through some sort of eminent domain situation or what… Am I reading this right?”

Senator Keiser: “I cannot speak for the testimony that was given in terms of the flood plain in the Green River Valley and FEMA is currently redoing the maps for the entire valley. We don’t have final determination of what really is at risk but in fact we do have concerns that if we have people living, especially if they’re living in areas that could be inundated, that we have some way to protect their property and their lives. The King County Flood district is mostly incorporated and in place to repair levies and provide public safety.”

The county auditor shall keep a record of each person who has received instruction and is qualified to serve at the subsequent primary or election.

(3) ((As compensation for the time spent in receiving instruction, each precinct election officer who qualifies and serves at the subsequent primary or election shall receive an additional two hours compensation, to be paid at the same time and in the same manner as compensation is paid for services on the day of the..."
primary or election.

(4) Except for the appointment of a precinct election officer to fill a vacancy under RCW 29A.44.440, no inspector or judge may serve at any primary or election at which voting systems are used unless he or she has received the required instruction and is qualified to perform his or her duties in connection with the voting devices.

The county legislative authority of each county in the state ((hereafter formed)) shall, ((at their first session)) divide ((their respective counties)) the county into election precincts and establish the boundaries of the precincts. The county auditor shall thereupon designate the voting place for each such precinct or whether the precinct is a vote by mail precinct.

(1) Precinct boundaries may be altered at any time as long as sufficient time exists prior to a given election for the necessary procedural steps to be honored. Except as permitted under subsection (5) of this section, no precinct ((boundaries)) changes may be ((changed) made) during the period starting ((on the thirtieth)) fourteen days prior to the first day for candidates to file for the primary election and ending with the day of the general election.

(2) The county legislative authority may establish by ordinance a limitation on the maximum number of active registered voters in each precinct within its jurisdiction. The limitation may be different for precincts based upon the method of voting used for such precincts and the number may be less than the number established by law, but in no case may the number exceed ((that authorized by law)) two thousand active registered voters.

(3) Precincts in which voting machines or electronic voting devices are used may contain as many as nine hundred active registered voters. The number of poll-site ballot counting devices at each polling place is at the discretion of the auditor. The number of devices must be adequate to meet the expected voter turnout.

(4) On petition of twenty-five or more voters resident more than ten miles from any polling site, the county legislative authority shall establish a separate voting precinct therefor.

(5) The county auditor shall temporarily adjust precinct boundaries when a city or town annexes unincorporated territory to the city or town, or whenever unincorporated territory is incorporated as a city or town. The adjustment must be made as soon as possible after the approval of the annexation or incorporation. The temporary adjustment must be limited to the minimum changes necessary to accommodate the addition of the territory to the city or town, or to establish the eligible voters within the boundaries of the new city or town, and remains in effect only until precinct boundary modifications reflecting the annexation or incorporation are adopted by the county legislative authority.

(6) In determining the number of active registered voters for the purposes of this section, persons who are ongoing absentee voters under RCW 29A.40.040 shall not be counted. Nothing in this subsection may be construed as altering the vote tallying requirements of RCW 29A.60.230.

Sec. 20. RCW 29A.32.260 and 2003 c 111 s 818 are each amended to read as follows:

As soon as practicable before the primary, special election, or general election, the county auditor, or if applicable, the city clerk of a first-class or code city, as appropriate, shall mail the local voters' pamphlet to every residence in each jurisdiction that has included information in the pamphlet. The county auditor or city clerk, as appropriate, may choose to mail the pamphlet to each registered voter in each jurisdiction that has included information in the pamphlet, if in his or her judgment, a more economical and effective distribution of the pamphlet would result. (If the county or city chooses to mail the pamphlet to each residence, no notice of election otherwise required by RCW 29A.52.350 need be published.)

Sec. 21. RCW 29A.36.220 and 2003 c 111 s 922 are each amended to read as follows:

The cost of printing and mailing ballots, ((ballot cards)) envelopes, and instructions (and the delivery of this material to the precinct election officers) shall be an election cost that shall be borne as determined under RCW 29A.04.410 and 29A.04.420, as appropriate.

Sec. 22. RCW 29A.40.091 and 2010 c 125 s 1 are each amended to read as follows:

(1) The county auditor shall send each voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, a declaration that the voter must sign, and instructions on how to obtain information about the election, how to mark the ballot, and how to return ((the)) the ballot to the county auditor.

(2) The instructions that accompany a ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the voter certifying his or her qualifications and stating that he or she) voter must swear under penalty of perjury that he or she meets the qualifications to vote, and has not voted in any other jurisdiction at this election, ((together with a summary of the penalties for any violation of any of the provisions of this chapter)). The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and (except as otherwise provided by law, it is illegal to cast a ballot or sign a return envelope on behalf of another voter. The (return envelope)) ballot materials must provide space for the voter to indicate the date on which the ballot was voted ((and for the voter)), to sign the ((oath. It must also contain a space so that the voter may include)) declaration, and to
provide a telephone number.  ((A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope may provide secrecy for the voter's signature and optional telephone number.))

(2) For overseas and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. Return envelopes for overseas and service voters must enable the ballot to be returned postage free if mailed through the United States postal service, United States armed forces postal service, or the postal service of a United States foreign embassy under 39 U.S.C. Sec. 3406.

(4) The voter must be instructed to either return the ballot to the county auditor ((by whom it was issued or attach sufficient first class postage, if applicable, and)) no later than 8:00 p.m. the day of the election or primary, or mail the ballot to the (appropriate) county auditor with a postmark no later than the day of the election or primary ((for which the ballot was issued)).

((If the county auditor chooses to forward ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.))

Sec. 23.  RCW 29A.40.100 and 2003 c 111 s 1010 are each amended to read as follows:

County auditors must request that observers be appointed by the major political parties to be present during the processing of absentee ballots at the counting or polling center. County auditors have discretion to also request that observers be appointed by any campaigns or organizations. The absence of the observers will not prevent the processing of absentee ballots if the county auditor has requested their presence.

Sec. 24.  RCW 29A.40.110 and 2009 c 369 s 40 are each amended to read as follows:

(1) The opening and subsequent processing of return envelopes for any primary or election may begin upon receipt. The tabulation of absentee ballots must not commence until after 8:00 p.m. on the day of the primary or election.

(2) All received absentee return envelopes must be placed in secure locations from the time of delivery to the county auditor until their subsequent opening. After opening the return envelopes, the county canvassing board shall place all of the ballots in secure storage until (after 8:00 p.m. on the day of the primary or election) processing. Absentee ballots that are to be tabulated on an electronic vote tallying system may be taken from the inner envelopes and all the normal procedural steps may be performed to prepare these ballots for tabulation.

(3) ((Before opening a returned absentee ballot,)) The canvassing board, or its designated representatives, shall examine the postmark, ((statement,)) on the return envelope and signature on the (((return envelope that contains the security envelope and absentee ballot)) declaration before processing the ballot. The ballot must either be received no later than 8:00 p.m. on the day of the primary or election, or must be postmarked no later than the day of the primary or election. All personnel assigned to verify signatures must receive training on statewide standards for signature verification. Personnel shall verify that the voter's signature on the (((return envelope)) ballot declaration is the same as the signature of that voter in the registration files of the county. Verification may be conducted by an automated verification system approved by the secretary of state. For any absentee ballot, a variation between the signature of the voter on the (((return envelope)) ballot declaration and the signature of that voter in the registration files due to the substitution of initials or the use of common nicknames is permitted so long as the surname and handwriting are clearly the same.

(4) ((For registered voters casting absentee ballots)) If the postmark is missing or illegible, the date on the (((return envelope)) ballot declaration to which the voter has attested determines the validity, as to the time of voting, for that (((absentee)) ballot (if the postmark is missing or is illegible)). For overseas voters and service voters, the date on the (((return envelope)) declaration to which the voter has attested determines the validity as to the time of voting, for that absentee ballot.

NEW SECTION.  Sec. 25.  A new section is added to chapter 29A.44 RCW to read as follows:

(1) Each county auditor in a county that does not provide polling places for voters shall open a voting center each primary, special election, and general election. The voting center shall be open during business hours during the voting period, which begins eighteen days before, and ends at 8:00 p.m. on the day of the primary, special election, or general election.

(2) The voting center must provide voter registration materials, ballots, provisional ballots, disability access voting units, sample ballots, instructions on how to properly vote the ballot, a ballot drop box, and voters' pamphlets, if a voters' pamphlet has been published.

(3) The voting center must be accessible to persons with disabilities. Each state agency and entity of local government shall permit the use of any of its accessible facilities as voting centers when requested by a county auditor.

(4) The voting center must provide at least one voting unit certified by the secretary of state that provides access to individuals who are blind or visually impaired, enabling them to vote with privacy and independence.

(5) No person may interfere with a voter attempting to vote in a voting center. Interfering with a voter attempting to vote is a violation of RCW 29A.84.510.

(6) Before opening the voting center, the voting equipment shall be inspected to determine if it has been properly prepared for voting. If the voting equipment is capable of direct tabulation of each voter's choices, the county auditor shall verify that no votes have been registered for any issue or office, and that the device has been sealed with a unique numbered seal at the time of final preparation and logic and accuracy testing. A log must be made of all device numbers and seal numbers.

(7) The county auditor shall require any person desiring to vote at a voting center to either sign a ballot declaration or provide identification.

(a) The signature on the declaration must be compared to the signature on the voter registration record before the ballot may be counted. If the voter registered using a mark, or can no longer sign his or her name, the election officers shall require the voter to be identified by another registered voter.

(b) The identification must be valid photo identification, such as a driver's license, state identification card, student identification card, tribal identification card, or employer identification card. Any individual who desires to vote in person but cannot provide identification shall be issued a provisional ballot, which shall be accepted if the signature on the declaration matches the signature on the voter's registration record.

(8) Provisional ballots must be accompanied by a declaration and security envelope, as required by RCW 29A.40.091, and space for the voter's name, date of birth, current and former registered address, reason for the provisional ballot, and disposition of the provisional ballot. The voter shall vote and return the provisional ballot at the voting center. The voter must be provided information
(9) Any voter may take printed or written material into the voting device to assist in casting his or her vote. The voter shall not use this material to elector and shall remove it when he or she leaves the voting center.

(10) If any voter states that he or she is unable to cast his or her votes due to a disability, the voter may designate a person of his or her choice, or two election officers, to enter the voting booth and record the votes as he or she directs.

(11) No voter is entitled to vote more than once at a primary, special election, or general election. If a voter incorrectly marks a ballot, he or she may be issued a replacement ballot.

(12) A voter who has already returned a ballot but requests to vote at a voting center shall be issued a provisional ballot. The canvassing board shall not count the provisional ballot if it finds that the voter has also voted a regular ballot in that primary, special election, or general election.

(13) The county auditor must prevent overflow of each ballot drop box to allow a voter to deposit his or her ballot securely. Ballots must be removed from a ballot drop box by at least two people, with a record kept of the date and time ballots were removed, and the names of people removing them. Ballots from drop boxes must be returned to the counting center in secured transport containers. A copy of the record must be placed in the container, and one copy must be transported with the ballots to the counting center, where the seal number must be verified by the county auditor or a designated representative. All ballot drop boxes must be secured at 8:00 p.m. on the day of the primary, special election, or general election.

(14) Any voter who is inside or in line at the voting center at 8:00 p.m. on the day of the primary, special election, or general election must be allowed to vote.

(15) For each primary, special election, and general election, the county auditor may provide election services at locations in addition to the voting center. The county auditor has discretion to establish which services will be provided at the additional locations, and which days and hours the locations will be open.

Sec. 26. RCW 29A.46.260 and 2010 c 215 s 5 are each amended to read as follows:

(1) The legislature finds that the elimination of polling places resulting from the transition to vote by mail creates barriers that restrict the ability of many voters with disabilities from achieving the independence and privacy in voting provided by the accessible voting devices required under the help America vote act. Counties adopting a vote by mail system must take appropriate steps to mitigate these impacts and to address the obligation to provide voters with disabilities an equal opportunity to vote independently and privately, to the extent that this can be achieved without incurring undue administrative and financial burden.

(2) Each county shall establish and maintain an advisory committee that includes persons with diverse disabilities and persons with expertise in providing accommodations for persons with disabilities. The committee shall assist election officials in developing a plan to identify and implement changes to improve the accessibility of elections for persons with disabilities. The plan shall include recommendations for the following:

(a) The number of polling places or voting centers that will be maintained in order to ensure that people with disabilities have reasonable access to accessible voting devices, and a written explanation for how the determination was made;

(b) The locations of polling places, ballot drop-off facilities, voting centers, and other election-related functions necessary to maximize accessibility to persons with disabilities;

(c) Outreach to voters with disabilities on the availability of disability accommodation, including in-person disability access voting;

(d) Transportation of voting devices to locations convenient for voters with disabilities in order to ensure reasonable access for voters with disabilities; and

(e) Implementation of the provisions of the help America vote act related to persons with disabilities.

Counties must update the plan at least annually. The election review staff of the secretary of state shall review and evaluate the plan in conformance with the review procedure identified in RCW 29A.04.570.

(3) Counties may form a joint advisory committee to develop the plan identified in subsection (2) of this section if no more than one of the participating counties has a population greater than seventy thousand.

NEW SECTION. Sec. 27. A new section is added to chapter 29A.52 RCW to read as follows:

Notice for any state, county, district, or municipal primary or election, whether special or general, must be given by the county auditor between five and fifteen days prior to the deadline for mail-in registrations. The notice must be published in one or more newspapers of general circulation and must contain, at a minimum, the last date to register online or through the mail, the last date to transfer or update an existing registration, the last date to register in person for first-time voters, information on where a person can register, the type of election, the date of the election, how a voter can obtain a ballot, a list of all jurisdictions involved in the election, including positions and short titles for ballot measures appearing on the ballot, and the times and dates of any public meetings associated with the election. The notice shall also include where additional information regarding the election may be obtained. This is the only notice required for a state, county, district, or municipal primary or special or general election. If the county or city chooses to mail a local voters' pamphlet as described in RCW 29A.32.210 to each residence, the notice required in this section need only include the last date to register online or through the mail, the last date to transfer or update an existing registration, the last date to register in person for first-time voters, information on where a person can register, and the times and dates of any public meetings associated with the election.

Sec. 28. RCW 29A.60.040 and 2009 c 414 s 2 are each amended to read as follows:

A ballot is invalid and no votes on that ballot may be counted if it is found folded together with another ballot. Those parts of a ballot are invalid and no votes may be counted for those issues or offices where more votes are cast for the office or issue than are permitted by law; write-in votes do not contain all of the information required under RCW 29A.60.021; or that issue or office is not marked with sufficient definiteness to determine the voter's choice or intention. No write-in vote may be rejected due to a variation in the form of the name if the ([election board or the]) canvassing board can determine the issue for or against which or the person and the office for which the voter intended to vote.

Sec. 29. RCW 29A.60.050 and 2005 c 243 s 13 are each amended to read as follows:

Whenever the ([precinct election officers or the]) counting center personnel have a question about the validity of a ballot or the votes for an office or issue that they are unable to resolve, they shall prepare and sign a concise record of the facts in question or dispute. These ballots shall be delivered to the canvassing board for processing. A ballot is not considered rejected until the canvassing board has rejected the ballot individually, or the ballot was included in a batch or on a report of ballots that was rejected in its entirety by
the canvassing board. All ballots shall be preserved in the same manner as valid ballots for that primary or election.

MOTION

Senator Rockefeller moved that the following striking amendment by Senators Rockefeller and Benton be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that among the choices of automobile insurance policies that are available to drivers in this state should be policies whose premiums are priced based upon the demonstration of safe driving behavior. Having such usage-based policies available will provide an opportunity to save money in the costs of insuring their vehicles, and would provide an incentive for reduced and safer driving that will reduce costs for fuel and vehicle maintenance, reduce accidents, and decrease driving-related pollution and congestion. Therefore, it is the purpose of this legislation to encourage the offering of these policies in Washington by eliminate existing regulatory barriers to offering usage-based automobile insurance policies, expressly authorizing the insurance commissioner to approve the offering of such policies, ensuring the privacy of drivers is protected, and allowing trade secret protection for proprietary usage-based insurance models.

Sec. 2. RCW 48.19.040 and 1994 c 131 s 8 are each amended to read as follows:

(1) Every insurer or rating organization shall, before using, file with the commissioner every classifications manual, manual of rules and rates, rating plan, rating schedule, minimum rate, class rate, and rating rule, and every modification of any of the foregoing which it proposes. The insurer need not so file any rate on individually rated risks as described in subdivision (1) of RCW 48.19.030; except that any such specific rate made by a rating organization shall be filed.

(2) Every such filing shall indicate the type and extent of the coverage contemplated and must be accompanied by sufficient information to permit the commissioner to determine whether it meets the requirements of this chapter. An insurer or rating organization shall offer in support of any filing:

(a) The experience or judgment of the insurer or rating organization making the filing;
(b) An exhibit detailing the major elements of operating expense for the types of insurance affected by the filing;
(c) An explanation of how investment income has been taken into account in the proposed rates; and
(d) Any other information which the insurer or rating organization deems relevant.

(3) If an insurer has insufficient loss experience to support its proposed rates, it may submit loss experience for similar exposures of other insurers or of a rating organization.

(4) Every such filing shall state its proposed effective date.

(5)(a) A filing made pursuant to this chapter shall be exempt from the provisions of RCW 48.02.120(3). However, the filing and all supporting information accompanying it shall be open to
public inspection only after the filing becomes effective unless such information is specifically exempt from public inspection.
(b) Information associated with an auto insurance filing for a usage or mileage-based insurance product that constitutes a trade secret as defined in RCW 19.108.010 is exempt from public inspection.

(6) Where a filing is required no insurer shall make or issue an insurance contract or policy except in accordance with its filing then in effect, except as is provided by RCW 48.19.090. Renumber the remaining sections consecutively and correct any internal references accordingly.
