PERSONAL PRIVILEGE

Senator Shin: “Thank you very much. In as much as we talked about the Peace Corp, I want to share a very compassionate and humanitarian story with you if you may. This year, June 25 at the front of the Korean Veterans Memorial we are starting to produce a movie called ‘Exodus for Freedom’. This is a story about General Douglas MacArthur during the Korean War. He and forces advanced into North Korea beyond thirty-eighth parallel and Chinese crossed over and MacArthur ordered all U.S. troops to evacuate from north of the thirty-eighth parallel. There’s a small port called Hungnam Captain Edmond Almond with seventeen cargo ships loaded with trucks and tanks and ammunition, ready to depart. And from the horizon he saw thousands of refugees running toward the ship and he looked refugees, he looked at the ships as there fully loaded, he looked at them again, and looked back at the ships again, after several times without permission from the commanding general he ordered all the tanks, all the trucks, all the ammunition dumped into sea and mind you he loaded seventy-six thousand refugees in the ship and brought to safety. In remembering this story the Korean government and U.S. decided to produce a movie together to commemorate not only the sixtieth anniversary of the Korean War but the story of a miracle, story of humanity. The stars that we are asking former governor of California Arnold Schwarzenegger for him to come to be a commanding officer or captain if he comes here. I’d like to invite you to the Korean Veteran Memorial where we will start recognizing Korean Memorial there and produce the movie which will be showing both in the United States and Korea. I thought this was the most compassionate story of humanity and this is what America is all about folks. Thank you Mr. President.”

(1) TERMINATION WITHOUT COURT ORDER. A guardianship or limited guardianship is terminated:

(a) Upon the attainment of full and legal age, as defined in RCW 26.28.010 as now or hereafter amended, of any person defined as an incapacitated person pursuant to RCW 11.88.010 as now or hereafter amended solely by reason of youth, RCW 26.28.020 to the contrary notwithstanding, subject to subsection (2) of this section;

(b) By an adjudication of capacity or an adjudication of termination of incapacity;

(c) By the death of the incapacitated person;

(d) By expiration of the term of limited guardianship specified in the order appointing the limited guardian, unless prior to such expiration a petition has been filed and served, as provided in RCW 11.88.040 as now or hereafter amended, seeking an extension of such term.

(2) TERMINATION OF GUARDIANSHIP FOR A MINOR BY DECLARATION OF COMPLETION. A guardianship for the benefit of a minor may be terminated upon the minor's attainment of
EIGHTY SIXTH DAY, APRIL 5, 2011

legal age, as defined in RCW 26.28.010 as now or hereafter amended, by the guardian filing a declaration that states:

(a) The date the minor attained legal age;

(b) That the guardian has paid all of the minor's funds in the guardian's possession to the minor, who has signed a receipt for the funds, and that the receipt has been filed with the court;

(c) That the guardian has completed the administration of the minor's estate and the guardianship is ready to be closed; and

(d) The amount of fees paid or to be paid to each of the following: (i) The guardian, (ii) lawyer or lawyers, (iii) accountant or accountants; and that the guardian believes the fees are reasonable and does not intend to obtain court approval of the amount of the fees or to submit a guardianship accounting to the court for approval. Subject to the requirement of notice as provided in this section, unless the minor petitions the court either for an order requiring the guardian to obtain court approval of the amount of fees paid or to be paid to the guardian, lawyers, or accountants, or for an order requiring an accounting, or both, within thirty days from the filing of the declaration of completion of guardianship, the guardian shall be automatically discharged without further order of the court. The guardian's powers will cease thirty days after filing the declaration of completion of guardianship. The declaration of completion of guardianship shall, at the time, be the equivalent of an entry of a decree terminating the guardianship, distributing the assets, and discharging the guardian for all legal intents and purposes.

Within five days of the date of filing the declaration of completion of guardianship, the guardian or the guardian's lawyer shall mail a copy of the declaration of completion to the minor together with a notice that shall be substantially as follows:

NOTICE OF FILING A DEARATION OF COMPLETION OF GUARDIANSHIP

NOTICE IS GIVEN that the attached Declaration of Completion of Guardianship was filed by the undersigned in the above-entitled court on the ______ day of ______, 19____; unless you file a petition in the above-entitled court requesting the court to review the reasonableness of the fees, or for an accounting, or both, and serve a copy of the petition on the guardian or the guardian's lawyer, within thirty days after the filing date, the amount of fees paid or to be paid will be deemed reasonable, the acts of the guardian will be deemed approved, the guardian will be automatically discharged without further order of the court and the Declaration of Completion of Guardianship will be final and deemed the equivalent of an order terminating the guardianship, discharging the guardian and decreeing the distribution of the guardianship assets.

If you file and serve a petition within the period specified, the undersigned will request the court to fix a time and place for the hearing of your petition, and you will be notified of the time and place of the hearing, by mail, or by personal service, not less than ten days before the hearing on the petition.

DATED this ______ day of ______, 19____

..............................................................

Guardian

If the minor, after reaching legal age, waives in writing the notice required by this section, the guardian will be automatically discharged without further order of the court and the declaration of completion of guardianship will be effective as an order terminating the guardianship without an accounting upon filing the declaration. If the guardian has been required to furnish a bond, and a declaration of completion of guardianship is filed according to this section, any bond furnished by the guardian shall be automatically discharged upon the discharge of the guardian.

(3) TERMINATION ON COURT ORDER. A guardianship or limited guardianship may be terminated by court order after such notice as the court may require if the guardianship or limited guardianship is no longer necessary.

The guardian or limited guardian shall, within ((thirty)) ninety days of the date of termination of the guardianship, unless the court orders a different deadline for good cause, prepare and file with the court a final verified account of administration. The final verified account of administration shall contain the same information as required for (a) an intermediate verified account of administration of the estate under RCW 11.92.040(2) and (b) an intermediate personal care status report under RCW 11.92.043(2).

(4) EFFECT OF TERMINATION. When a guardianship or limited guardianship terminates other than by the death of the incapacitated person, the powers of the guardian or limited guardian cease, except that a guardian or limited guardian of the estate may make disbursements for claims that are or may be allowed by the court, for liabilities already properly incurred for the estate or for the incapacitated person, and for expenses of administration. When a guardianship or limited guardianship terminates by death of the incapacitated person, the guardian or limited guardian of the estate may proceed under RCW 11.88.150 as now or hereafter amended, but the rights of all creditors against the incapacitated person's estate shall be determined by the law of decedents' estates.

Sec. 8. RCW 11.92.053 and 1991 c 297 s 7 are each amended to read as follows:

Within ninety days, unless the court orders a different deadline for good cause, after the termination of a guardianship for any reason, the guardian or limited guardian of the estate shall petition the court for an order settling his or her account as filed in accordance with RCW 11.92.040(2) with regard to any receipts, expenditures, and investments made and acts done by the guardian to the date of the termination. Upon the filing of the petition, the court shall set a date for the hearing of the petition after notice has been given in accordance with RCW 11.88.040. Any person interested may file objections to the petition or may appear at the time and place fixed for the hearing thereof and present his or her objections thereto. The court may take such testimony as it deems proper or necessary to determine whether an order settling the account should be issued and the transactions of the guardian be approved, and the court may appoint a guardian ad litem to review the report.

At the hearing on the petition of the guardian or limited guardian, if the court is satisfied that the actions of the guardian or limited guardian have been proper, and that the guardian has in all respects discharged his or her trust with relation to the receipts, expenditures, investments, and acts, then, in such event, the court shall enter an order approving the account, and the order shall be final and binding upon the incapacitated person, subject only to the right of appeal as upon a final order. However, within one year after the incompetent attains his or her majority any such account may be challenged by the incapacitated person on the ground of fraud.

Sec. 9. RCW 11.92.040 and 1991 c 289 s 10 are each amended to read as follows:

It shall be the duty of the guardian or limited guardian of an estate:
(1) To file within three months after the guardian's appointment a verified inventory of all the property of the incapacitated person which comes into the guardian's possession or knowledge, including a statement of all encumbrances, liens, and other secured charges on any item;

(2) To file annually, within ninety days after the anniversary date of the guardian's or limited guardian's appointment, and also within (sixty) ninety days after termination of the appointment, unless the court for good cause orders a different deadline to file following termination, a written verified account of the administration, which account shall contain at least the following information:

(a) Identification of property of the guardianship estate as of the date of the last account or, in the case of the initial account, as of the date of inventory;

(b) Identification of all additional property received into the guardianship, including income by source;

(c) Identification of all expenditures made during the account period by major categories;

(d) Any adjustments to the guardianship estate required to establish its present fair market value, including gains or losses on sale or other disposition and any mortgages, deeds of trust or other encumbrances against the guardianship estate; and

(e) Identification of all property held in the guardianship estate as of the date of account, the assessed value of any real property and the guardian's estimate of the present fair market values of other property (including the basis on which such estimate is made), and the total net fair market value of the guardianship estate. In addition, immediately following such statement of present fair market value, the account shall set forth a statement of current amount of the guardian's bond and any other court-ordered protection for the security of the guardianship assets;

(3) The court in its discretion may allow reports at intervals of up to thirty-six months for estates with assets (exclusive of real property) having a value of not more than twice the homestead exemption. Notwithstanding contrary provisions of this section, the guardian or limited guardian of an estate need not file an annual report with the court if the funds of the guardianship are held for the benefit of a minor in a blocked account unless the guardian requests a withdrawal from such account, in which case the guardian shall provide a written verified account of the administration of the guardianship estate along with the guardian's petition for the withdrawal. The guardian or limited guardian shall report any substantial change in income or assets of the guardianship estate within thirty days of the occurrence of the change. A hearing shall be scheduled for court review and determination of provision for increased bond or other provision in accordance with RCW 11.88.100;

(4) If the court reviews an account or report filed by a guardian or limited guardian, a court order approving the account or report must contain a guardianship summary placed directly below the case caption or on a separate cover page in the following form, or a substantially similar form, containing the following information:

(5) To protect and preserve the guardianship estate, to apply it as provided in this chapter, to account for it faithfully, to perform all of the duties required by law, and at the termination of the guardianship or limited guardianship, to deliver the assets of the incapacitated person to the persons entitled thereto. Except as provided to the contrary herein, the court may authorize a guardian or limited guardian to do anything that a trustee can do under the provisions of RCW 11.98.070 for a period not exceeding one year from the date of the order or for a period corresponding to the interval in which the guardian's or limited guardian's report is required to be filed by the court pursuant to subsection (2) of this section, whichever period is longer;

(6) To invest and reinvest the property of the incapacitated person in accordance with the rules applicable to investment of trust estates by trustees as provided in chapter 11.100 RCW, except that:

(a) No investments shall be made without prior order of the court in any property other than unconditional interest bearing obligations of this state or of the United States and in obligations the interest and principal of which are unconditionally guaranteed by the United States, and in share accounts or deposits which are insured by an agency of the United States government. Such prior order of the court may authorize specific investments, or, in the discretion of the court, may authorize the guardian or limited guardian to invest and reinvest as provided in chapter 11.100 RCW without further order of the court;

(b) If it is for the best interests of the incapacitated person that a specific property be used by the incapacitated person rather than sold and the proceeds invested, the court may so order;

(7) To apply to the court no later than the filing of the inventory for an order authorizing disbursements on behalf of the incapacitated person: PROVIDED, HOWEVER, That the guardian or limited guardian of the estate, or the person, department, bureau, agency, or charitable organization having the care and custody of an incapacitated person, may apply to the court for an order directing the guardian or limited guardian of the estate to pay
to the person, department, bureau, agency, or charitable organization having the care and custody of an incapacitated person, or if the guardian or limited guardian of the estate has the care and custody of the incapacitated person, directing the guardian or limited guardian of the estate to apply an amount weekly, monthly, quarterly, semi-annually, or annually, as the court may direct, to be expended in the care, maintenance, and education of the incapacitated person and of his or her dependents. In proper cases, the court may order payment of amounts directly to the incapacitated person for his or her maintenance or incidental expenses. The amounts authorized under this section may be decreased or increased from time to time by direction of the court. If payments are made to another under an order of the court, the guardian or limited guardian of the estate is not bound to see to the application thereof.

(8) To provide evidence of the guardian or limited guardian's successful completion of any standardized training for guardians or limited guardians made available by the administrative office of the courts and the superior court when the guardian or limited guardian:
(a) Was appointed prior to the effective date of this section; (b) is not a certified professional guardian or financial institution authorized under RCW 11.88.020; and (c) has not previously completed the requirements of RCW 11.88.020(3). The superior court may: (i) Waive this requirement for good cause. When determining whether there is good cause to waive the training requirement, the court shall consider, among other facts about the guardianship, whether the guardian is a family member caring for a developmentally disabled child or other family member whose estate is worth two thousand dollars or less; the length of time the guardian has been serving the incapacitated person; whether the guardian is monitored by other state or local agencies; and whether there have been any allegations of abuse, neglect, or a breach of fiduciary duty against the guardian; or (ii) extend the time period for completion of the training requirement for ninety days, upon: (A) Petition by the guardian or limited guardian; or (B) any other method as provided by local court rule; and

(9) To provide evidence of the guardian or limited guardian's successful completion of any additional or updated training offered by the administrative office of the courts and the superior court as is required at the discretion of the superior court unless the guardian or limited guardian is a certified professional guardian or financial institution authorized under RCW 11.88.020.

Sec. 10. RCW 11.92.050 and 1995 c 297 s 6 are each amended to read as follows:

(1) Upon the filing of any intermediate guardianship or limited guardianship account or report required by statute, or of any intermediate account or report required by court rule or order, the guardian or limited guardian may petition the court for an order settling ((his or her)) the guardianship account or report with regard to any receipts, expenditures, and investments made and acts done by the guardian or limited guardian to the date of the interim report.

(2) Upon such ((petition)) account or report being filed, the court may in its discretion, where the size or condition of the estate warrants it, set a date for the hearing of the petition and require the service of the petition and a notice of the hearing as provided in RCW 11.88.040 as now or hereafter amended or as specified by the court; and, in the event a hearing is ordered, the court may also appoint a guardian ad litem, whose duty it shall be to investigate the account or report of the guardian or limited guardian of the estate and to advise the court thereon at the hearing, in writing.

(3) At the hearing on or upon the court's review of the account or report of the guardian or limited guardian, if the court is satisfied that the actions of the guardian or limited guardian have been proper, and that the guardian or limited guardian has in all respects discharged his or her trust with relation to the receipts, expenditures, investments, and acts, then, in such event, the court shall enter an order approving such account or report.

(4) If a guardian or limited guardian fails to file the account or report or fails to appear at a hearing, the court may enter an order to show cause and require the guardian or limited guardian to appear at a show cause hearing. (a) The restricted access areas of a jail, or of a law enforcement facility, or any place used for the confinement of a person (i) arrested for, charged with, or convicted of an offense, (ii) held for extradition or as a material witness, or (iii) otherwise confined pursuant to an order of a court, except an order under chapter 13.32A or 13.34 RCW. Restricted access areas do not include common areas of ingress or egress open to the general public;
(b) Those areas in any building which are used in connection with court proceedings, including courtrooms, jury rooms, judge's chambers, offices and areas used to conduct court business, waiting areas, and corridors adjacent to areas used in connection with court proceedings. The restricted areas do not include common areas of ingress and egress to the building that is used in connection with court proceedings, when it is possible to protect court areas without restricting ingress and egress to the building. The restricted areas shall be the minimum necessary to fulfill the objective of this subsection (1)(b).

For purposes of this subsection (1)(b), "weapon" means any firearm, explosive as defined in RCW 70.74.010, or any weapon of the kind usually known as slung shot, sand club, or metal knuckles, or any knife, dagger, dirk, or other similar weapon that is capable of causing death or bodily injury and is commonly used with the intent to cause death or bodily injury.

In addition, the local legislative authority shall provide either a stationary locked box sufficient in size for pistols and key to a weapon owner for weapon storage, or shall designate an official to receive weapons for safekeeping, during the owner's visit to restricted areas of the building. The locked box or designated official shall be located within the same building used in connection with court proceedings. The local legislative authority shall be liable for any negligence causing damage to or loss of a weapon either placed in a locked box or left with an official during the owner's visit to restricted areas of the building.

The local judicial authority shall designate and clearly mark those areas where weapons are prohibited, and shall post notices at each entrance to the building of the prohibition against weapons in the restricted areas;
(c) The restricted access areas of a public mental health facility certified by the department of social and health services for inpatient hospital care and state institutions for the care of the mentally ill, excluding those facilities solely for evaluation and treatment. Restricted access areas do not include common areas of egress and ingress open to the general public;

(d) That portion of an establishment classified by the state liquor control board as off-limits to persons under twenty-one years of age; or

(e) The restricted access areas of a commercial service airport designated in the airport security plan approved by the federal transportation security administration, including passenger screening checkpoints at or beyond the point at which a passenger initiates the screening process. These areas do not include airport drives, general parking areas and walkways, and shops and areas of the terminal that are outside the screening checkpoints and that are normally open to unscreened passengers or visitors to the airport. Any restricted access area shall be clearly indicated by prominent signs indicating that firearms and other weapons are prohibited in the area.

(2) Cities, towns, counties, and other municipalities may enact laws and ordinances:

(a) Restricting the discharge of firearms in any portion of their respective jurisdictions where there is a reasonable likelihood that humans, domestic animals, or property will be jeopardized. Such laws and ordinances shall not abridge the right of the individual guaranteed by Article I, section 24 of the state Constitution to bear arms in defense of self or others; and

(b) Restricting the possession of firearms in any stadium or convention center, operated by a city, town, county, or other municipality, except that such restrictions shall not apply to:

(i) Any pistol in the possession of a person licensed under RCW 9.41.070 or exempt from the licensing requirement by RCW 9.41.060; or

(ii) Any showing, demonstration, or lecture involving the exhibition of firearms.

(3)(a) Cities, towns, and counties may enact ordinances restricting the areas in their respective jurisdictions in which firearms may be sold, but, except as provided in (b) of this subsection, a business selling firearms may not be treated more restrictively than other businesses located within the same zone. An ordinance requiring the cessation of business within a zone shall not have a shorter grandfather period for businesses selling firearms than for any other businesses within the zone.

(b) Cities, towns, and counties may restrict the location of a business selling firearms to not less than five hundred feet from primary or secondary school grounds, if the business has a storefront, has hours during which it is open for business, and posts advertisements or signs observable to passersby that firearms are available for sale. A business selling firearms that exists as of the date a restriction is enacted under this subsection (3)(b) shall be grandfathered according to existing law.

(4) Violations of local ordinances adopted under subsection (2) of this section must have the same penalty as provided for by state law.

(5) The perimeter of the premises of any specific location covered by subsection (1) of this section shall be posted at reasonable intervals to alert the public as to the existence of any law restricting the possession of firearms on the premises.

(6) Subsection (1) of this section does not apply to:

(a) A person engaged in military activities sponsored by the federal or state governments, while engaged in official duties;

(b) Law enforcement personnel, except that subsection (1)(b) of this section does apply to a law enforcement officer who is present at a courthouse building as a party to an action under chapter 10.14, 10.99, or 26.50 RCW, or an action under Title 26 RCW where any party has alleged the existence of domestic violence as defined in RCW 26.50.010; or

(c) Security personnel while engaged in official duties.

(7) Subsection (1)(a), (b), (c), and (e) of this section does not apply to correctional personnel or community corrections officers who have completed government-sponsored law enforcement firearms training, except that subsection (1)(b) of this section does apply to a correctional employee or community corrections officer who is present at a courthouse building as a party to an action under chapter 10.14, 10.99, or 26.50 RCW, or an action under Title 26 RCW where any party has alleged the existence of domestic violence as defined in RCW 26.50.010.

(8) Subsection (1)(a) of this section does not apply to a person licensed pursuant to RCW 9.41.070 who, upon entering the place or facility, directly and promptly proceeds to the administrator of the facility or the administrator's designee and obtains written permission to possess the firearm while on the premises or checks his or her firearm. The person may reclaim the firearms upon leaving but must immediately and directly depart from the place or facility.

(9) Subsection (1)(c) of this section does not apply to any administrator or employee of the facility or to any person who, upon entering the place or facility, directly and promptly proceeds to the administrator of the facility or the administrator's designee and obtains written permission to possess the firearm while on the premises.

(10) Subsection (1)(d) of this section does not apply to the proprietor of the premises or his or her employees while engaged in their employment.

(11) Government-sponsored law enforcement firearms training must be training that correctional personnel and community corrections officers receive as part of their job requirement and reference to such training does not constitute a mandate that it be provided by the correctional facility.

(12) Any person violating subsection (1) of this section is guilty of a gross misdemeanor.

"Weapon" as used in this section means any firearm, explosive as defined in RCW 70.74.010, or instrument or weapon listed in RCW 9.41.250.

NEW SECTION. Sec. 3. A new section is added to chapter 9.41 RCW to read as follows:

The exemptions from firearms restrictions in RCW 9.41.060 and 9.41.300 for correctional personnel and community corrections officers who complete government-sponsored law enforcement firearms training do not create a duty on the part of the state or local governmental entities with respect to the off-duty conduct of correctional personnel and community corrections officers involving the use or misuse of a firearm.

The state of Washington, local governmental entities, and their officers, employees, and agents are not liable for any civil damages caused by the use or misuse of a firearm by off-duty correctional personnel or community corrections officers based on any act or omission in the provision of government-sponsored firearms training to the correctional personnel or community corrections officers."

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1186, by House Committee on General Government Appropriations & Oversight (originally sponsored by Representatives Rolfs, Hudgins, Uphugrove, Appleton, Roberts, Pedersen, Carlyle, Goodman, Lias, Van De Wege, Dickerson, Cody, Fitzgibbon, Dunshee, McCoy, Finn, Jacks, Reykdal, Tharinger, Frockt, Billig, Hunt, Kenney, Stanford, Ryu and Seaquist)

Concerning requirements under the state's oil spill program.

The measure was read the second time.

MOTION
Senator Ranker moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the "deepwater horizon" wellhead blowout, explosion, and oil spill in the Gulf of Mexico on April 20, 2010, resulted in the release of two hundred million gallons of crude oil into the environment. Impacts after the spill have included deaths and injuries, extensive damage to the marine environment and wildlife habitats, as well as large socioeconomic damages to local citizens, commercial fishing, tourism, businesses, and recreation. As late as six months after the spill, four thousand two hundred square miles of the Gulf of Mexico were closed to commercial shrimp harvest. The incident in the Gulf of Mexico is a reminder that the threat of major spills to Washington's environment, natural resources, economy, quality of life, and private property is significant.

(2) The legislature further finds that during the fall of 2010 the department of ecology compiled lessons learned from the Gulf of Mexico spill and the Puget Sound partnership convened an oil spill work group in an effort to ensure there is a rapid and aggressive response to a large scale spill in Washington and that oversight of spills is well coordinated among different levels of government and industry. The legislature intends to build upon these efforts, and other recent studies, to improve Washington's prevention and response capabilities. While current oil spill contingency plans are required to address worst case spills, it is also clear that the state will benefit from additional preparation for a large scale oil spill of the magnitude possible by failures of an oil tanker or a tank barge, particularly within the confined waters of Puget Sound. Lessons learned from the 2010 deepwater horizon incident demonstrate that improvements to Washington's existing oil spill prevention, preparedness, and response capabilities are both prudent and possible.

Sec. 2. RCW 88.46.010 and 2009 c 11 s 7 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

NEW SECTION. Sec. 3. A new section is added to chapter 88.46 RCW to read as follows:

(1) In addition to meeting the requirements specified in RCW 88.46.060, contingency plans for tank vessels operating in Washington waters must provide for the organization and contracting of a vessels of opportunity response system as required by this section.

(2)(a) The owner or operator of a tank vessel operating in Washington waters shall establish or fund a vessels of opportunity response system to supplement the timely and effective response to spills in the vessel's area of operation.
(b) The vessels of opportunity response system must be composed of an adequate number of regional vessels of opportunity response groups so as to be prepared to respond to a spill anywhere within the tank vessel's area of operation and be underway within twelve hours of activation by the incident commander or unified command, to the extent that a twelve-hour spill response is determined to be safe and effective. For tank vessels with an area of operation limited to the Columbia river, the vessels of opportunity response system may be limited to one regional vessels of opportunity response group located near the mouth of the river.
(c) Each regional vessels of opportunity response group must be composed of a sufficient number of participating nondedicated vessels to satisfy the following planning standards:
(i) By July 1, 2012, two vessels are available to respond at any one time;
(ii) By July 1, 2013, four vessels are available to respond at any one time; and
(iii) On and after July 1, 2014, six vessels are available to respond at any one time.

(3) A vessels of opportunity response system must ensure the following:
(a) Participating vessels have access to and can be rapidly equipped, consistent with subsections (4) and (5) of this section, with dedicated response equipment including equipment as provided in section 5(1)(a) of this act. The response equipment made available to vessels of opportunity response groups may vary among individual response groups based on the expected operating environment where the equipment will be utilized. While vessels of opportunity response groups must have access to equipment as provided in section 5(1)(a) of this act, the equipment utilized by individual vessels may vary within each group and not all vessels must have access to such equipment during a spill response;
(b) The appropriate response equipment is readily available to the individual vessels participating in a regional vessels of opportunity response group; and
(c) Crews of the participating vessels are:
(i) Equipped with appropriate personal protection gear; and
(ii) Properly trained to utilize response equipment as provided in section 5(1)(a) of this act. Crew training may be limited to safe response equipment utilization and deployment and not the maintenance of response equipment.

(4) Nothing in this section requires prepositioning response equipment that would require a major refit of a participating vessel of opportunity or dedicated response vessel.

(5) The dedicated response equipment made available to a regional vessels of opportunity group may be dedicated equipment owned and maintained by the contingency plan holder and not by the owner or operator of the participating vessel as long as the participating vessels have access to, and can be equipped with, the equipment as required in this section.

(6)(a) The requirements of this section may be fulfilled by one or more private organizations or nonprofit corporations providing umbrella coverage under contract to single or multiple tank vessels. Any organization or corporation providing coverage to satisfy the requirements of this section must ensure that the vessels of opportunity response system being provided includes the establishment of a minimum of six distinct regional vessels of opportunity response groups stationed so as to be able to respond to incidents occurring in the following locations:
(i) The outer coast;
(ii) The Strait of Juan de Fuca;
(iii) Northern Puget Sound, including the San Juan Islands;
(iv) Central Puget Sound;
(v) Southern Puget Sound; and
(vi) The mouth of the Columbia river.
(b) The department may require a private organization or nonprofit corporation providing umbrella coverage to satisfy the requirements of this section to station regional vessels of opportunity response groups in areas that are in addition to the...
minimum required response areas of this subsection based on risk and need.

(7) Each regional vessel of opportunity response group must complete a minimum of two drills a year to ensure that the overall vessels of opportunity response system is maintained at an appropriate level of readiness and the actual number of participating vessels is sufficient to meet the planning standards provided in subsection (2)(c) of this section. The department may award credit to the plan holder for practice drills accordingly. Each successful activation of the vessels of opportunity response system may be considered by the department to satisfy a drill covering this portion of the contingency plan.

(8) The decision to activate a vessels of opportunity response system during a spill response, and provide direction as to how and where the regional vessels of opportunity response groups should respond, is the responsibility of the designated incident commander or the unified command.

(9) The department may implement and enforce the requirements of this section without adopting rules.

(10) The department shall adjust requirements provided in this section where the department determines that compliance with a requirement is not practicable.

NEW SECTION. Sec. 4. A new section is added to chapter 88.46 RCW to read as follows:

(1) The department shall establish a volunteer coordination system. The volunteer coordination system may be included as a part of the state's overall oil spill response strategy, and may be implemented by local emergency management organizations, in coordination with any analogous federal efforts, to supplement the state's timely and effective response to spills.

(2) The department should consider how the volunteer coordination system will:

(a) Coordinate with the incident commander or unified command of an oil spill and any affected local governments to receive, screen, and register volunteers who are not affiliated with the emergency management organization or a local nongovernmental organization;

(b) Coordinate the management of volunteers with local nongovernmental organizations and their affiliated volunteers;

(c) Coordinate appropriate response operations with different classes of volunteers, including pretrained volunteers and convergent volunteers, to fulfill requests by the department or an oil spill incident commander or unified command;

(d) Coordinate public outreach regarding the need for and use of volunteers;

(e) Determine minimum participation criteria for volunteers; and

(f) Identify volunteer training requirements and, if applicable, provide training opportunities for volunteers prior to an oil spill response incident.

(3) An act or omission by any volunteer participating in a spill response or training as part of a volunteer coordination system, while engaged in such activities, does not impose any liability on any state agency, any participating local emergency management organization, or the volunteer for civil damages resulting from the act or omission. However, the immunity provided under this subsection does not apply to an act or omission that constitutes gross negligence or willful or wanton misconduct.

(4) The decisions to utilize volunteers in an oil spill response, which volunteers to utilize, and to determine which response activities are appropriate for volunteer participation in any given response are the sole responsibilities of the designated incident commander or unified command.

NEW SECTION. Sec. 5. A new section is added to chapter 88.46 RCW to read as follows:

(1) In addition to meeting the requirements specified in this chapter applicable to all covered vessels, contingency plans for tank vessels must provide for:

(a) Response systems that represent best available protection and are located in close proximity to vessels of opportunity response groups as provided in section 3 of this act. The response systems must:

(i) Be capable of oil recovery in currents of three knots and in adverse weather normally experienced in the area of operation for an individual vessel of opportunity response group; and

(ii) Be composed, at minimum, of on-water oil collection, oil skimming, and on-water storage equipment. Equipment required under this section must supplement equipment required under subsections (2) and (3) of this section. Nothing in this subsection requires prepositioning response equipment that would require a major refit of a participating vessel of opportunity or dedicated response vessel; and

(b) Access to aerial remote sensing technology that enhances the ability of response personnel to detect and respond to oil spills in times of low visibility and at night, including technology that is capable of aerial oil identification, location mapping, and downloading of the information in real time to response vessels and the command post. This technology is not required to be stationed in Washington, but must be capable of being operational at the site of an incident within four hours of a response request.

(2) In addition to meeting the requirements specified in this chapter applicable to all covered vessels, contingency plans for tank vessels must provide for:

(a) Rapid access to equipment located within the state that reflects the best achievable protection for the expected operating environment in the vessel's area of operation without requiring equipment with capabilities that exceeds the response requirements for the expected operating environment; and

(b) Continuous operation of oil spill response activities without regard to the operating environment to the maximum extent practicable and without jeopardizing crew safety, as determined by the incident commander or the unified command.

(3) In reviewing tank vessel contingency plans to measure compliance with this subsection and subsection (2) of this section, the department must ensure that, at a minimum, plans:

(a) Provide access to dedicated equipment appropriate for the operating environment as needed to achieve oil recovery, to the maximum extent practicable and without jeopardizing crew safety; including, being capable of oil recovery in currents of three knots and in adverse weather normally experienced in the area of operation. These response systems must include on-water oil collection, oil skimming, and on-water storage equipment, and trained personnel representing best achievable protection. Equipment intended to be used for response activities on the outer coast or the Strait of Juan de Fuca must also be capable of open water operations;

(b) Include a technical analysis of best achievable technology and best achievable protection for the expected operating environment in the vessel's area of operation; and

(c) Provide adequate capacity for storage or proper disposal of the volume and type of oil considered by the contingency plan so as to achieve continuous operation of oil recovery to the maximum extent practicable considering currents, wave heights, weather conditions, and the safety of response personnel.

(4)(a) The department may implement and enforce the requirements of subsection (1) of this section without adopting rules.

(b) Subject to the availability of amounts appropriated for this specific purpose, the department shall adopt rules specifying requirements under subsections (2) and (3) of this section.
EIGHTY SIXTH DAY, APRIL 5, 2011

(c) The department may not revise standards to require equipment upgrades under this section more than once in any five-year period.

(5) The department shall adjust requirements provided in this section where the department determines that compliance with a requirement is not practicable.

NEW SECTION. Sec. 6. A new section is added to chapter 88.46 RCW to read as follows:

(1) The department is responsible for ordering joint large-scale, multiple plan equipment deployment drills of tank vessels to determine the adequacy of the owner's or operator's compliance with the contingency plan requirements of this chapter. The department must order at least one drill as outlined in this section every three years.

(2) Drills ordered under this section must focus on, at a minimum, the following:

(a) The functional ability for multiple contingency plans to be simultaneously activated with the purpose of testing the ability for dedicated equipment and trained personnel cited in multiple contingency plans to be activated in a large scale spill; and

(b) The operational readiness during both the first six hours of a spill and, at the department's discretion, over multiple operational periods of response.

(3) Drills ordered under this section may be incorporated into other drill requirements under this chapter to avoid increasing the number of drills and equipment deployments otherwise required.

(4) Each successful drill conducted under this section may be considered by the department as a drill of the underlying contingency plan and credit may be awarded to the plan holder accordingly.

(5) The department shall, when practicable, coordinate with applicable federal agencies, the state of Oregon, and the province of British Columbia to establish a drill incident command and to help ensure that lessons learned from the drills are evaluated with the goal of improving the underlying contingency plans.

Subject to conditions imposed by the department, the person may submit a single plan for more than one covered vessel.

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as to whether the plan is conditionally approved. If a plan is conditionally approved, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The department must notify the plan holder in writing within five days of an initial or amended plan's submittal to the department. The department may require the owner or operator to update a contingency plan as a result of these changes.

(9) The department by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(10) Approval of a contingency plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

NEW SECTION. Sec. 8. A new section is added to chapter 88.46 RCW to read as follows:

(1) When submitting a contingency plan to the department under RCW 88.46.060, any umbrella plan holders that enroll both tank vessels and covered vessels that are not tank vessels must, in addition to satisfying the other requirements of this chapter, specify:

(a) The maximum worst case discharge volume from covered vessels that are not tank vessels to be covered by the umbrella plan holder's contingency plan; and

(b) The maximum worst case discharge volume from tank vessels to be covered by the umbrella plan holder's contingency plan.

(2) Tank vessel owners or operators that are enrolled with an umbrella plan holder and that have worse case discharge volumes larger than the maximum volume covered by the contingency plan of the umbrella plan holder must demonstrate to the satisfaction of the department that the owner or operator of the tank vessel has access to the necessary additional response capabilities.

Sec. 9. RCW 88.46.100 and 2000 c 69 s 10 are each amended to read as follows:

(((1))) In ((order to assist the state in identifying areas of the navigable waters of the state needing special attention, the owner or operator of a covered vessel shall notify the)) any notifications that the owner or operator of a covered vessel must provide to the United States coast guard ((within one hour:

The department shall negotiate an agreement with the coast guard governing procedures for coast guard notification to the state regarding disabled covered vessels and collisions and near miss incidents.

(3) The department shall prepare a summary of the information collected under this section and provide the summary to the regional marine safety committees, the coast guard, and others in order to identify problems with the marine transportation system.

(4) For the purposes of this section:

(a) A tank vessel or cargo vessel is considered disabled if any of the following occur:

(i) Any accidental or intentional grounding;

(ii) The total or partial failure of the main propulsion or primary steering or any component or control system that causes a reduction in the maneuvering capabilities of the vessel;

(iii) An occurrence materially and adversely affecting the vessel's seaworthiness or fitness for service, including but not limited to, fire, flooding, or collision with another vessel;

(iv) Any other occurrence that creates the serious possibility of an oil spill or an occurrence that may result in such a spill;

(b) A barge is considered disabled if any of the following occur:

(i) The towing mechanism becomes disabled;

(ii) The towboat towing the barge becomes disabled through occurrences defined in (a) of this subsection.
(c) A near miss incident is an incident that requires the pilot or master of a covered vessel to take evasive actions or make significant course corrections in order to avoid a collision with another ship or to avoid a grounding as required by the international rules of the road.

(5) Failure of any person to make a report under this section shall not be used as the basis for the imposition of any fine or penalty regarding a vessel emergency, the owner or operator of a covered vessel must notify the state of any vessel emergency that results in the discharge or substantial threat of discharge of oil to state waters or that may affect the natural resources of the state within one hour of the onset of that emergency. The purpose of this notification is to enable the department to coordinate with the vessel operator, contingency plan holder, and the United States coast guard to protect the public health, welfare, and natural resources of the state and to ensure all reasonable spill preparedness and response measures are in place prior to a spill occurring.

Sec. 10. RCW 90.48.366 and 2007 c 347 s 1 are each amended to read as follows:

(1) The department, in consultation with the departments of fish and wildlife and natural resources, and the parks and recreation commission, shall adopt rules establishing a compensation schedule for the discharge of oil in violation of this chapter and chapter 90.56 RCW. The amount of compensation assessed under this schedule shall be:

(a) For spills totaling one thousand gallons or more in any one event, no less than (one dollar) three dollars per gallon of oil spilled and no greater than (one) three hundred dollars per gallon of oil spilled; and

(b) For spills totaling less than one thousand gallons in any one event, no less than one dollar per gallon of oil spilled and no greater than one hundred dollars per gallon of oil spilled.

(2) Oil recovered from the water within forty-eight hours of a discharge must be deducted from the total spill volume for purposes of determining the amount of compensation assessed under the compensation schedule.

(3) The compensation schedule adopted under this section shall reflect adequate compensation for unquantifiable damages or for damages not quantifiable at reasonable cost for any adverse environmental, recreational, aesthetic, or other effects caused by the spill and shall take into account:

(4) This section expires December 31, 2014.

NEW SECTION. Sec. 12. (1) The director of the department of ecology must formally request that the federal government contribute to the establishment of regional oil spill response equipment caches in Washington to ensure adequate response capabilities during a multiple spill event.

(2) This section expires January 5, 2015.
one year. For the purposes of this subsection, "costs of compliance" with section 3 of this act are direct operating costs, such as training and drills, and do not include any equipment requirements. The maximum cost figure must be adjusted for inflation using the consumer price index as calculated by the United States department of labor.

(2) If necessary, the department shall adjust the requirements provided in section 5 of this act to ensure that the documented costs of compliance with that section, above and beyond the costs of compliance with this chapter and rules of the department on the effective date of this section, do not exceed thirty million dollars in any five-year period. For the purposes of this subsection, "costs of compliance" with section 5 of this act are capital equipment costs and direct operating costs for the equipment. The maximum cost figure must be adjusted for inflation using the consumer price index as calculated by the United States department of labor.

NEW SECTION. Sec. 15. (1) The requirements of this act must be met according to the compliance schedule provided in this subsection. The owners or operators of all affected vessels must either have new contingency plans approved by the department of ecology or updates to existing contingency plans approved by the department of ecology for the following plan components by the following dates:

(d) With the exception of section 5(1) of this act, compliance with the remainder of section 5 of this act by July 1, 2013; and
(e) Other than section 12 of this act and RCW 90.56.370 and 90.48.366, which become enforceable on the effective date of this section, all other sections of this act must be complied with by October 1, 2011.

(2) The department of ecology must comply with section 4 of this act by July 1, 2014.

(3) In the initial implementation of sections 3 through 6 and 8 of this act and RCW 88.46.060, the department of ecology shall consult with appropriate stakeholders interested in tank vessel oil spill preparedness and response, as invited to participate by the director of the department of ecology. However, nothing in this subsection limits the ability of the department of ecology to implement this act in the manner deemed most appropriate by the department of ecology.

(4) Any rules the department of ecology is required to adopt under this act or deems necessary to adopt for the implementation of this act must be adopted in time to facilitate the submittal and approval of new or updated contingency plans according to the compliance schedule in subsection (1) of this section.

(5) This section expires July 31, 2014."

"NEW SECTION. Sec. 2. A new section is added to chapter 88.46 RCW to read as follows:

(1) The department shall evaluate and update planning standards for oil spill response equipment required under contingency plans required by this chapter, including aerial surveillance, in order to ensure access in the state to equipment that represents the best achievable protection to respond to a worst case spill and provide for continuous operation of oil spill response activities to the maximum extent practicable and without jeopardizing crew safety, as determined by the incident commander or the unified command.

(2) The department shall by rule update the planning standards at five-year intervals to ensure the maintenance of best available protection over time.

(3) The department shall evaluate and update planning standards for tank vessels by December 31, 2012.

NEW SECTION. Sec. 3. A new section is added to chapter 88.46 RCW to read as follows:

By December 31, 2012, the department shall complete rule making for purposes of improving the effectiveness of the vessels of opportunity system to participate in spill response.

NEW SECTION. Sec. 4. A new section is added to chapter 88.46 RCW to read as follows:

(1) The department shall establish a volunteer coordination system. The volunteer coordination system may be included as a part of the state's overall oil spill response strategy, and may be implemented by local emergency management organizations, in coordination with any analogous federal efforts, to supplement the state's timely and effective response to spills.

(2) The department should consider how the volunteer coordination system will:

(a) Coordinate with the incident commander or unified command of an oil spill and any affected local governments to receive, screen, and register volunteers who are not affiliated with the emergency management organization or a local nongovernmental organization;
(b) Coordinate the management of volunteers with local nongovernmental organizations and their affiliated volunteers;
(c) Coordinate appropriate response operations with different classes of volunteers, including pretrained volunteers and convergent volunteers, to fulfill requests by the department or an oil spill incident commander or unified command;
(d) Coordinate public outreach regarding the need for and use of volunteers;
(e) Determine minimum participation criteria for volunteers; and
(f) Identify volunteer training requirements and, if applicable, provide training opportunities for volunteers prior to an oil spill response incident.

(3) An act or omission by any volunteer participating in a spill response or training as part of a volunteer coordination system, while engaged in such activities, does not impose any liability on any state agency, any participating local emergency management organization, or the volunteer for civil damages resulting from the act or omission. However, the immunity provided under this subsection does not apply to an act or omission that constitutes gross negligence or willful or wanton misconduct.

(4) The decisions to utilize volunteers in an oil spill response, which volunteers to utilize, and to determine which response activities are appropriate for volunteer participation in any given response are the sole responsibilities of the designated incident commander or unified command.

NEW SECTION. Sec. 5. A new section is added to chapter 88.46 RCW to read as follows:

(1) The department is responsible for requiring joint large-scale, multiple plan equipment deployment drills of tank vessels to determine the adequacy of the owner's or operator's compliance with the contingency plan requirements of this chapter. The department must order at least one drill as outlined in this section every three years.
(2) Drills required under this section must focus on, at a minimum, the following:
   (a) The functional ability for multiple contingency plans to be simultaneously activated with the purpose of testing the ability for dedicated equipment and trained personnel cited in multiple contingency plans to be activated in a large scale spill; and
   (b) The operational readiness during both the first six hours of a spill and, at the department's discretion, over multiple operational periods of response.

(3) Drills required under this section may be incorporated into other drill requirements under this chapter to avoid increasing the number of drills and equipment deployments otherwise required.

(4) Each successful drill conducted under this section may be considered by the department as a drill of the underlying contingency plan and credit may be awarded to the plan holder accordingly.

(5) The department shall, when practicable, coordinate with applicable federal agencies, the state of Oregon, and the province of British Columbia to establish a drill incident command and to help ensure that lessons learned from the drills are evaluated with the goal of improving the underlying contingency plans.

Subject to conditions imposed by the
department, the person may submit a single plan for more than one covered vessel.

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. The department shall ensure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

(5) In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(10) Approval of a contingency plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

NEW SECTION. Sec. 7. A new section is added to chapter 88.46 RCW to read as follows:

(1) When submitting a contingency plan to the department under RCW 88.46.060, any umbrella plan holder that enrolls both tank vessels and covered vessels that are not tank vessels must, in addition to satisfying the other requirements of this chapter, specify:

(a) The maximum worst case discharge volume from covered vessels that are not tank vessels to be covered by the umbrella plan holder's contingency plan; and
(b) The maximum worst case discharge volume from tank vessels to be covered by the umbrella plan holder's contingency plan.

(2) Any owner or operator of a covered vessel having a worst case discharge volume that exceeds the maximum volume covered by an approved umbrella plan holder may enroll with the umbrella plan holder if the owner or operator of the covered vessel maintains an agreement with another entity to provide supplemental equipment sufficient to meet the requirements of this chapter.

(3) The department may approve an umbrella plan holder that covers vessels having a worst case discharge volume that exceeds the maximum volume if:
(a) The department determines that the umbrella plan holder should be approved for a lower discharge volume;
(b) The owner or operator includes documentation in the plan and demonstrates to the satisfaction of the department showing that any vessel that exceeds the umbrella plan holder's maximum volume has access to supplemental equipment and programs sufficient to meet the worst case discharge volume of the vessel; and
(c) The department has previously approved a plan that relies on a listing of the supplemental equipment and programs to meet the requirements of this chapter.

Sec. 8. RCW 88.46.100 and 2000 c 69 s 10 are each amended to read as follows:

(((1))) In (((order to assist the state in identifying areas of the navigable waters of the state needing special attention, the owner or operator of a covered vessel shall notify the)) addition to any notifications that the owner or operator of a covered vessel must provide to the United States coast guard ((within one hour:)) of

The department shall negotiate an agreement with the coast guard governing procedures for coast guard notification to the state regarding disabled covered vessels and collisions and near miss incidents.

(3) The department shall prepare a summary of the information collected under this section and provide the summary to the regional marine safety committees, the coast guard, and others in order to identify problems with the marine transportation system.

(4) For the purposes of this section:
(a) A tank vessel or cargo vessel is considered disabled if any of the following occur:
(i) Any accidental or intentional grounding;
(ii) The total or partial failure of the main propulsion or primary steering or any component or control system that causes a reduction in the maneuvering capabilities of the vessel;
(iii) An occurrence materially and adversely affecting the vessel's seaworthiness or fitness for service, including but not limited to, fire, flooding, or collision with another vessel;
(iv) Any other occurrence that creates the serious possibility of an oil spill or an occurrence that may result in such a spill.

(c) A near miss incident is an incident that requires the pilot or master of a covered vessel to take evasive actions or make
significant course corrections in order to avoid a collision with another ship or to avoid a grounding as required by the international rules of the road.

(5) Failure of any person to make a report under this section shall not be used as the basis for the imposition of any fine or penalty regarding a vessel emergency, the owner or operator of a covered vessel must notify the state of any vessel emergency that results in the discharge or substantial threat of discharge of oil to state waters or that may affect the natural resources of the state within one hour of the onset of that emergency. The purpose of this notification is to enable the department to coordinate with the vessel operator, contingency plan holder, and the United States coast guard to protect the public health, welfare, and natural resources of the state and to ensure all reasonable spill preparedness and response measures are in place prior to a spill occurring.

(2) Persistent oil recovered from the surface of the water within forty-eight hours of a discharge must be deducted from the total spill volume for purposes of determining the amount of compensation assessed under the compensation schedule.

(3) The compensation schedule adopted under this section shall reflect adequate compensation for unquantifiable damages or for damages not quantifiable at reasonable cost for any adverse environmental, recreational, aesthetic, or other effects caused by the spill and shall take into account:

((((i)) (a)) Characteristics of any oil spilled, such as toxicity, dispersibility, solubility, and persistence, that may affect the severity of the effects on the receiving environment, living organisms, and recreational and aesthetic resources;

((ii)) (b) The sensitivity of the affected area as determined by such factors as:

NEW SECTION.  Sec. 2. A new section is added to chapter 88.46 RCW to read as follows:

(1) The department shall evaluate and update planning standards for oil spill response equipment required under contingency plans required by this chapter, including aerial surveillance, in order to ensure access in the state to equipment that represents the best achievable protection to respond to a worst case spill and provide for continuous operation of oil spill response activities to the maximum extent practicable and without jeopardizing crew safety, as determined by the incident commander or the unified command.

(2) The department shall by rule update the planning standards at five-year intervals to ensure the maintenance of best available protection over time. Rule updates to covered non-tank vessels shall minimize potential impacts to discretionary cargo moved through the state.

(3) The department shall evaluate and update planning standards for tank vessels by December 31, 2012.

NEW SECTION.  Sec. 3. A new section is added to chapter 88.46 RCW to read as follows:

By December 31, 2012, the department shall complete rule making for purposes of improving the effectiveness of the vessels of opportunity system to participate in spill response.

NEW SECTION.  Sec. 4. A new section is added to chapter 88.46 RCW to read as follows:

(1) The department shall establish a volunteer coordination system. The volunteer coordination system may be included as a part of the state's overall oil spill response strategy, and may be implemented by local emergency management organizations, in coordination with any analogous federal efforts, to supplement the state's timely and effective response to spills.

(2) The department should consider how the volunteer coordination system will:

(a) Coordinate with the incident commander or unified command of an oil spill and any affected local governments to receive, screen, and register volunteers who are not affiliated with the emergency management organization or a local nongovernmental organization;

(b) Coordinate the management of volunteers with local nongovernmental organizations and their affiliated volunteers;

(c) Coordinate appropriate response operations with different classes of volunteers, including pretrained volunteers and convergent volunteers, to fulfill requests by the department or an oil spill incident commander or unified command;

(d) Coordinate public outreach regarding the need for and use of volunteers;

(e) Determine minimum participation criteria for volunteers; and

(f) Identify volunteer training requirements and, if applicable, provide training opportunities for volunteers prior to an oil spill response incident.

(3) An act or omission by any volunteer participating in a spill response or training as part of a volunteer coordination system, while engaged in such activities, does not impose any liability on any state agency, any participating local emergency management organization, or the volunteer for civil damages resulting from the act or omission. However, the immunity provided under this subsection does not apply to an act or omission that constitutes gross negligence or willful or wanton misconduct.

(4) The decisions to utilize volunteers in an oil spill response, which volunteers to utilize, and to determine which response activities are appropriate for volunteer participation in any given response are the sole responsibilities of the designated incident commander or unified command.

NEW SECTION.  Sec. 5. A new section is added to chapter 88.46 RCW to read as follows:

(1) The department is responsible for requiring joint large-scale, multiple plan equipment deployment drills of tank vessels to determine the adequacy of the owner's or operator's compliance with the contingency plan requirements of this chapter. The department must order at least one drill as outlined in this section every three years.

(2) Drills required under this section must focus on, at a minimum, the following:

(a) The functional ability for multiple contingency plans to be simultaneously activated with the purpose of testing the ability for dedicated equipment and trained personnel cited in multiple contingency plans to be activated in a large scale spill; and

(b) The operational readiness during both the first six hours of a spill and, at the department's discretion, over multiple operational periods of response.

(3) Drills required under this section may be incorporated into other drill requirements under this chapter to avoid increasing the number of drills and equipment deployments otherwise required.

(4) Each successful drill conducted under this section may be considered by the department as a drill of the underlying contingency plan and credit may be awarded to the plan holder accordingly.

(5) The department shall, when practicable, coordinate with applicable federal agencies, the state of Oregon, and the province of British Columbia to establish a drill incident command and to help ensure that lessons learned from the drills are evaluated with the goal of improving the underlying contingency plans.

Sec. 6. RCW 88.46.060 and 2005 c 78 s 2 are each amended to read as follows:

(1) Each covered vessel shall have a contingency plan for the containment and cleanup of oil spills from the covered vessel into the waters of the state and for the protection of fisheries and wildlife, shellfish beds, natural resources, and public and private property from such spills. The department shall by rule adopt and periodically revise standards for the prevention and containment of oil spills from such spills and, at the department's discretion, over multiple operational periods of response.

(a) Include full details of the method of response to spills of various sizes from any vessel which is covered by the plan;

(b) Be designed to be capable in terms of personnel, materials, and equipment, of promptly and properly, to the maximum extent practicable, as defined by the department, removing oil and minimizing any damage to the environment resulting from a worst case spill;

(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;

(d) Provide procedures for early detection of spills and timely notification of such spills to appropriate federal, state, and local authorities under applicable state and federal law;

(e) State the number, training preparedness, and fitness of all dedicated, prepositioned personnel assigned to direct and implement the plan;

(f) Incorporate periodic training and drill programs consistent with this chapter to evaluate whether personnel and equipment provided under the plan are in a state of operational readiness at all times;

(g) Describe important features of the surrounding environment, including fish and wildlife habitat, shellfish beds, environmentally and archaeologically sensitive areas, and public facilities.

The departments of ecology, fish and wildlife, and natural resources, and the archaeology and historic preservation, upon request, shall provide information that they have available to assist in preparing this description. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan.
section;

(k) Provide arrangements for enlisting the use of qualified and trained cleanup personnel to implement the plan; 
(l) Provide for disposal of recovered spilled oil in accordance with local, state, and federal laws; 
(m) Until a spill prevention plan has been submitted pursuant to RCW 88.46.040, state the measures that have been taken to reduce the likelihood that a spill will occur, including but not limited to, design and operation of a vessel, training of personnel, number of personnel, and backup systems designed to prevent a spill; 
(n) State the amount and type of equipment available to respond to a spill, where the equipment is located, and the extent to which other contingency plans rely on the same equipment; 
(o) If the department has adopted rules permitting the use of dispersants, the circumstances, if any, and the manner for the application of the dispersants in conformance with the department’s rules; 
(p) Compliance with section 7 of this act if the contingency plan is submitted by an umbrella plan holder; and 
(q) Include any additional elements of contingency plans as required by this chapter.

Subject to conditions imposed by the department, the person may submit a single plan for more than one covered vessel.

4. A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. The department shall ensure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

5. In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

The department may require the owner or operator to update a contingency plan as a result of these changes.

9. The department by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

10. Approval of a contingency plan by the department does not constitute an express assurance regarding the adequacy of the plan or constitute a defense to liability imposed under this chapter or other state law.

NEW SECTION. Sec. 7. A new section is added to chapter 88.46 RCW to read as follows:
(1) When submitting a contingency plan to the department under RCW 88.46.060, any umbrella plan holder that enrolls both tank vessels and covered vessels that are not tank vessels must, in addition to satisfying the other requirements of this chapter, specify:

(2) Any owner or operator of a covered vessel having a worst case discharge volume that exceeds the maximum volume covered by an approved umbrella plan holder may enroll with the umbrella plan holder if the owner or operator of the covered vessel maintains an agreement with another entity to provide supplemental equipment sufficient to meet the requirements of this chapter.

(3) The department must approve an umbrella plan holder that covers vessels having a worst case discharge volume that exceeds the maximum volume if:

(a) The department determines that the umbrella plan holder should be approved for a lower discharge volume;

(b) The vessel owner or operator provides documentation to the umbrella plan holder authorizing the umbrella plan holder to activate additional resources sufficient to meet the worst case discharge volume of the vessel; and

(c) The department has previously approved a plan that provides access to the same resources identified in (3)(b) to meet the requirements of this chapter for worst case discharge volumes equal to or greater than the worst case discharge volume of the vessel.

(4) The umbrella plan holder must describe in the plan how the activation of additional resources will be implemented and provide the department the ability to review and inspect any documentation that the umbrella plan holder relies on to enroll a vessel with a worst case discharge that exceeds the plan’s maximum volume.

Sec. 8. RCW 88.46.100 and 2000 c 69 s 10 are each amended to read as follows:

(((((i))) In ((order to assist the state in identifying areas of the navigable waters of the state needing special attention, the owner or operator of a covered vessel shall notify the)) addition to any notifications that the owner or operator of a covered vessel must provide to the United States coast guard (within one hour:

The department shall negotiate an agreement with the coast guard governing procedures for coast guard notification to the state regarding disabled covered vessels and collisions and near miss incidents.

(3) The department shall prepare a summary of the information collected under this section and provide the summary to the regional marine safety committees, the coast guard, and others in order to identify problems with the marine transportation system.

(5) Failure of any person to make a report under this section shall not be used as the basis for the imposition of any fine or penalty regarding a vessel emergency, the owner or operator of a covered vessel must notify the state of any vessel emergency that results in the discharge or substantial threat of discharge of oil to state waters or that may affect the natural resources of the state within one hour of the onset of that emergency. The purpose of this notification is to enable the department to coordinate with the vessel operator, contingency plan holder, and the United States coast guard to protect the public health, welfare, and natural resources of the state and to ensure all reasonable spill preparedness and response measures are in place prior to a spill occurring.

Creating a strategic plan for career and technical education.

The measure was read the second time.

MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) The legislature continues to find that access to high quality career and technical education for middle and high school students is a key strategy for reducing the dropout rate and closing the achievement gap. Career and technical education increases the number of young people who obtain a meaningful postsecondary credential. Improving career and technical education is also an efficiency measure, because reductions in the dropout rate are associated with increased earnings for individuals and reduced societal costs in the criminal justice and welfare systems.

(2) The legislature further finds that much progress has been made since 2008 to enhance the rigor and relevance of career and technical education programs and to align and integrate instruction more closely with academic subjects, high demand fields, industry certification, and postsecondary education. Activities to support these objectives have included:

(a) Requiring all preparatory career and technical education programs to lead to industry certification or offer dual high school and college credit;
(b) Expanding state support for middle school career and technical education programs, especially in science, technology, and engineering;
(c) Providing support for schools to develop or upgrade programs in high demand fields and offer preapprenticeships;
(d) Developing model career and technical programs of study leading to industry credentials or degrees;
(e) Assisting school districts with identifying academic and career and technical education course equivalencies;
(f) Pilot-testing programs to integrate academic, career and technical, basic skills, and English as a second language instruction; and
(g) Developing performance measures and targets for accountability.

(3) Therefore, the legislature intends to ensure that progress will be continued and enhanced by providing a mechanism for monitoring continuous improvement in the rigor, relevance, and recognition of secondary career and technical education programs and improvement in students’ access to these programs.

NEW SECTION. Sec. 2. (1) Within existing resources, the office of the superintendent of public instruction shall convene a working group to develop a statewide strategic plan for secondary career and technical education.

(2) The strategic plan must include:

(a) A vision statement, goals, and measurable annual objectives for continuous improvement in the rigor, relevance, recognition, and student access in career and technical education programs that build on current initiatives and progress in improving career and technical education, and are consistent with targets and performance measures required under the federal Carl Perkins act; and
(b) Recommended activities and strategies, in priority order, to accomplish the objectives and goals, including activities and strategies that:
(i) Can be accomplished within current resources and funding formulas;
(ii) Should receive top priority for additional investment; and
(iii) Could be phased-in over the next ten years.
(3) In particular, the working group must examine:
(a) Proposed changes to high school graduation requirements and strategies to ensure that students continue to have opportunities to pursue career and technical education career and college pathways along with a meaningful high school diploma;
(b) How career and technical education courses can be used to meet the common core standards and how in turn the standards can be used to enhance the rigor of career and technical education;
(c) Ways to improve student access to high quality career and technical education courses and work experiences, not only in skill centers but also in middle school, comprehensive high schools, and rural areas;
(d) Ways to improve the transition from K-12 to community and technical college, university, and private technical college programs;
(e) Methods for replicating innovative middle and high schools that engage students in exploring careers, use project-based learning, and build meaningful partnerships with businesses and the community; and
(f) A framework for a series of career and technical education certifications that are: (i) Transferable between and among secondary schools and postsecondary institutions; and (ii) articulated across secondary and postsecondary levels so that students receive credit for knowledge and skills they have already mastered.
(4) The working group membership shall include:
(a) School district and skill center career and technical education directors and teachers and school guidance counselors;
(b) Community and technical college professional-technical faculty;
(c) At least one of each of the following: A school director, a principal, a counselor, and a parent;
(d) Representatives from industry, labor, tech prep consortia, local workforce development councils, private technical colleges, and the Washington association for career and technical education; and
(e) A representative from the workforce training and education coordinating board.
(5) The office of the superintendent of public instruction shall submit a progress report to the education committees of the legislature and to the quality education council by December 1, 2011. The final strategic plan, including priorities, recommendations, and measurable annual objectives for continuous improvement, is due by December 1, 2012."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 51.04.030 and 2004 c 65 s 1 are each amended to read as follows:

(1) The director shall supervise the providing of prompt and efficient care and treatment, including care provided by physician assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, including chiropractic care, and including care provided by licensed advanced registered nurse practitioners, to workers injured during the course of their employment at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and adopt and supervise the administration of printed forms, rules, regulations, and practices for the furnishing of such care and treatment: PROVIDED, That the medical coverage decisions of the department do not constitute a “rule” as used in RCW 34.05.010(16), nor are such decisions subject to the rule-making provisions of chapter 34.05 RCW except that criteria for establishing medical coverage decisions shall be adopted by rule after consultation with the workers’ compensation advisory committee established in RCW 51.04.110: PROVIDED FURTHER, That the department may recommend to an injured worker particular health care services and providers where specialized treatment is indicated or where cost effective payment levels or rates are obtained by the department: AND PROVIDED FURTHER, That the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as statewide access to quality service is maintained for injured workers.

(2) The director shall, in consultation with interested persons, establish and, in his or her discretion, periodically change as may be necessary, and make available a fee schedule of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, licensed advanced registered nurse practitioner, physicians’ assistants as defined in chapters 18.57A and 18.71A RCW, acting under a supervising physician or other agency or person rendering services to injured workers. The department shall coordinate with other state purchasers of health care services to establish as much consistency and uniformity in billing and coding practices as possible, taking into account the unique requirements and differences between programs. No service covered under this title, including services provided to injured workers, whether aliens or other injured workers, who are not residing in the United States at the time of receiving the services, shall be charged or paid at a rate or rates exceeding those specified in such fee schedule, and no contract providing for greater fees shall be valid as to the excess. The establishment of such a schedule, exclusive of conversion factors, does not constitute “agency action” as used in RCW 34.05.010(3), nor does such a fee schedule and its associated billing or payment instructions and policies constitute a “rule” as used in RCW 34.05.010(16).

(3) The director or self-insurer, as the case may be, shall make a record of the commencement of every disability and the termination...
of the recovery made, but only to the extent necessary to reimburse the department and/or self-insurer for such recovery.

(b) The department and/or self-insurer shall be paid twenty-five percent of the balance of the award: PROVIDED, That in the event of a compromise and settlement by the parties, the injured worker or beneficiary may agree to a sum less than twenty-five percent;

(c) The department and/or self-insurer shall be paid the balance of the recovery made, but only to the extent necessary to reimburse the department and/or self-insurer for benefits paid;

(d) Any remaining balance shall be paid to the injured worker or beneficiary; and

(e) Thereafter no payment shall be made to or on behalf of a worker or beneficiary by the department and/or self-insurer for such injury until the amount of any further compensation and benefits shall equal any such remaining balance minus the department's and/or self-insurer's proportionate share of the costs and reasonable attorneys' fees incurred by the worker or beneficiary. Thereafter, such benefits shall be paid by the department and/or self-insurer to or on behalf of the worker or beneficiary as though no recovery had been made from a third person.

(2) The recovery made shall be subject to a lien by the department and/or self-insurer for its share under this section.

(3) The department or self-insurer has sole discretion to compromise the amount of its lien. In deciding whether or to what extent to compromise its lien, the department or self-insurer shall consider at least the following:

(a) The likelihood of collection of the award or settlement as may be affected by insurance coverage, solvency, or other factors relating to the third person;

(b) Factual and legal issues of liability as between the injured worker or beneficiary and the third person. Such issues include but are not limited to possible contributory negligence and novel theories of liability; and

(c) Problems of proof faced in obtaining the award or settlement.

(4) In an action under this section, the self-insurer may act on behalf and for the benefit of the department to the extent of any compensation and benefits paid or payable from state funds.

(5) It shall be the duty of the person to whom any recovery is paid before distribution under this section to advise the department or self-insurer of the fact and amount of such recovery, the costs and reasonable attorneys' fees associated with the recovery, and to distribute the recovery in compliance with this section.

(6) The distribution of any recovery made by award or settlement of the third party action shall be confirmed by department order, served by (registered or certified mail) a method for which receipt can be confirmed or tracked, and shall be subject to chapter 51.52 RCW. In the event the order of distribution becomes final under chapter 51.52 RCW, the director or the director's designee may file with the clerk of any county within the state a warrant in the amount of the sum representing the unpaid lien plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of such worker or beneficiary mentioned in the warrant, the amount of the unpaid lien plus interest accrued and the date when the warrant was filed. The amount of such warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the injured worker or beneficiary against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the injured worker or beneficiary within three days of filing with the clerk.

(7) The director, or the director's designee, may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice and order to withhold and deliver property of any kind if he or she has reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property which is due, owing, or belonging to any worker or beneficiary upon whom a warrant has been served by the

department for payments due to the state fund. The notice and order to withhold and deliver shall be served by the sheriff of the county or by the sheriff's deputy; by (certified mail, return receipt requested)) a method for which receipt can be confirmed or tracked; or by any authorized representatives of the director. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the director or the director's authorized representative upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount claimed by the director in the notice together with costs. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer to all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

Sec. 4. RCW 51.32.240 and 2008 c 280 s 2 are each amended to read as follows:

(1)(a) Whenever any payment of benefits under this title is made because of clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient thereof mistakenly acted upon, or any other circumstance of a similar nature, all not induced by willful misrepresentation, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The department or self-insurer, as the case may be, must make claim for such repayment or recoupment within one year of the making of any such payment or it will be deemed any claim therefor has been waived.

(b) Except as provided in subsections (3), (4), and (5) of this section, the department may only assess an overpayment of benefits because of adjudicator error when the order upon which the overpayment is based is not yet final as provided in RCW 51.52.050 and 51.52.060. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(c) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his or her discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience. However, if the director waives in whole or in part any such payments due a self-insurer, the self-insurer shall be reimbursed the amount waived from the self-insured employer overpayment reimbursement fund.

(d) For purposes of this subsection, "recipient" does not include health service providers whose treatment or services were authorized by the department or self-insurer.

(e) The department or self-insurer shall first attempt recovery of overpayments for health services from any entity that provided health insurance to the worker to the extent that the health insurance entity would have provided health insurance benefits but for workers' compensation coverage.

(5)(a) Whenever any payment of benefits under this title has been induced by willful misrepresentation the recipient thereof shall repay any such payment together with a penalty of fifty percent of the total of any such payments and the amount of such total sum may be recouped from any future payments due to the recipient on any claim with the state fund or self-insurer against whom the willful misrepresentation was committed, as the case may be, and the amount of such penalty shall be placed in the supplemental
pension fund. Such repayment or recoupment must be demanded or ordered within three years of the discovery of the willful misrepresentation.

(b) For purposes of this subsection (5), it is willful misrepresentation for a person to obtain payments or other benefits under this title in an amount greater than that to which the person otherwise would be entitled. Willful misrepresentation includes:

(i) Willful false statement; or

(ii) Willful misrepresentation, omission, or concealment of any material fact.

(c) For purposes of this subsection (5), "willful" means a conscious or deliberate false statement, misrepresentation, omission, or concealment of a material fact with the specific intent of obtaining, continuing, or increasing benefits under this title.

(d) For purposes of this subsection (5), failure to disclose a work-type activity must be willful in order for a misrepresentation to have occurred.

(e) For purposes of this subsection (5), a material fact is one which would result in additional, increased, or continued benefits, including but not limited to facts about physical restrictions, or work-type activities which either result in wages or income or would be reasonably expected to do so. Wages or income include the receipt of any goods or services. For a work-type activity to be reasonably expected to result in wages or income, a pattern of repeated activity must exist. For those activities that would reasonably be expected to result in wages or produce income, but for which actual wage or income information cannot be reasonably determined, the department shall impute wages pursuant to RCW 51.08.178(4).

(6) The worker, beneficiary, or other person affected thereby shall have the right to contest an order assessing an overpayment pursuant to this section in the same manner and to the same extent as provided under RCW 51.52.050 and 51.52.060. In the event such an order becomes final under chapter 51.52 RCW and notwithstanding the provisions of subsections (1) through (5) of this section, the director, director's designee, or self-insurer may file with the clerk in any county within the state a warrant in the amount of the sum representing the unpaid overpayment and/or penalty plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the worker, beneficiary, or other person mentioned in the warrant, the amount of the unpaid overpayment and/or penalty plus interest accrued, and the date the warrant was filed. The amount of the warrant as docketed shall become a lien on the title to and interest in all real and personal property of the worker, beneficiary, or other person against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department or self-insurer in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the worker, beneficiary, or other person within three days of filing with the clerk.

The director, director's designee, or self-insurer may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice to withhold and deliver property of any kind if there is reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property that is due, owing, or belonging to any worker, beneficiary, or other person upon whom a warrant has been served for payments due the department or self-insurer. The notice and order to withhold and deliver shall be served by (certified mail) a method for which receipt can be confirmed or tracked accompanied by an affidavit of service by mailing or served by the sheriff of the county, or by the sheriff's deputy, or by any authorized representative of the director, director's designee, or self-insurer. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired or in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property that may be subject to the claim of the department or self-insurer, such property shall be delivered forthwith to the director, the director's authorized representative, or self-insurer upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount, plus costs, claimed by the director, director's designee, or self-insurer in the notice. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled. This subsection shall only apply to orders assessing an overpayment which are issued on or after July 28, 1991: PROVIDED, That this subsection shall apply retroactively to all orders assessing an overpayment resulting from fraud, civil or criminal.

(7) Orders assessing an overpayment which are issued on or after July 28, 1991, shall include a conspicuous notice of the collection methods available to the department or self-insurer.

**Sec. 5.** RCW 51.48.120 and 1995 c 160 s 5 are each amended to read as follows:

If any employer should default in any payment due to the state fund the director or the director's designee may issue a notice of assessment certifying the amount due, which notice shall be served upon the employer by mailing such notice to the employer by certified mail (certified mail) a method for which receipt can be confirmed or tracked to the employer's last known address or served in the manner prescribed for the service of a summons in a civil action. Such notice shall contain the information that an appeal must be filed with the board of industrial insurance appeals and the director by mail or personally within thirty days of the date of service of the notice of assessment in order to appeal the assessment unless a written request for reconsideration is filed with the department of labor and industries.

**Sec. 6.** RCW 51.48.150 and 1995 c 160 s 6 are each amended to read as follows:

The director or the director's designee is hereby authorized to issue to any person, firm, corporation, municipal corporation, political subdivision of the state, a public corporation, or any agency of the state, a notice and order to withhold and deliver property of any kind whatsoever when he or she has reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or any agency of the state, property which is or shall become due, owing, or belonging to any employer upon whom a notice of assessment has been served by the department for payments due to the state fund. The effect of a notice and order to withhold and deliver shall be continuous from the date such notice and order to
withhold and deliver is first made until the liability out of which such notice and order to withhold and deliver arise is satisfied or becomes unenforceable because of lapse of time. The department shall release the notice and order to withhold and deliver when the liability out of which the notice and order to withhold and deliver arise is satisfied or becomes unenforceable by reason of lapse of time and shall notify the person against whom the notice and order to withhold and deliver was made that such notice and order to withhold and deliver has been released.

The notice and order to withhold and deliver shall be served by the sheriff of the county or by the sheriff's deputy, by ((certified mail, return receipt requested)) a method for which receipt can be confirmed or tracked, or by any duly authorized representatives of the director. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation or any agency of the state upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with a notice and order to withhold and deliver, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the director or the director's duly authorized representative upon service of the notice to withhold and deliver which will be held in trust by the director for application on the employer's indebtedness to the department, or for return without interest, in accordance with a final determination of a petition for review, or in the alternative such party shall furnish a good and sufficient surety bond satisfactory to the director conditioned upon final determination of liability. Should any party served and named in the notice to withhold and deliver fail to make answer to such notice and order to withhold and deliver, within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against the party named in the notice to withhold and deliver for the full amount claimed by the director in the notice to withhold and deliver together with costs. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, then the employer shall be entitled to assert in the answer to all exemptions provided for by chapter 6.27 RCW to the wage earner may be entitled.

Sec. 7. RCW 51.52.050 and 2008 c 280 s 1 are each amended to read as follows:

(1) Whenever the department has made any order, decision, or award, it shall promptly serve the worker, beneficiary, employer, or other person affected thereby, with a copy thereof by mail, ((which shall be addressed to such person at his or her last known address as shown by the records of the department)) or if the worker, beneficiary, employer, or other person affected thereby chooses, the department may send correspondence and other legal notices by secure electronic means except for orders communicating the closure of a claim. Persons who choose to receive correspondence and other legal notices electronically shall be provided information to assist them in ensuring all electronic documents and communications are received. Correspondence and notices must be addressed to such a person at his or her last known postal or electronic address as shown by the records of the department. Correspondence and notices sent electronically are considered received on the date sent by the department. The copy, in case the same is a final order, decision, or award, shall bear on the same page the name and date of the order, decision, or award. The order, decision, or award shall have the burden of proceeding with the evidence to establish a prima facie case for the relief sought in such appeal.

(b) An order by the department awarding benefits shall become effective and benefits due on the date issued. Subject to (b)(i) and (ii) of this subsection, if the department order is appealed the order shall not be stayed pending a final decision on the merits unless ordered by the board. Upon issuance of the order granting the appeal, the board will provide the worker with notice concerning the potential of an overpayment of benefits paid pending the outcome of the appeal and the requirements for interest on unpaid benefits pursuant to RCW 51.52.135. A worker may request that benefits cease pending appeal at any time following the employer's motion for stay or the board's order granting appeal. The request must be submitted in writing to the employer, the board, and the department. Any employer may move for a stay of the order on appeal, in whole or in part. The motion must be filed within fifteen days of the order granting appeal. The board shall conduct an expedited review of the claim file provided by the department as it existed on the date of the department order. The board shall issue a final decision within twenty-five days of the filing of the motion for stay or the order granting appeal, whichever is later. The board's final decision may be appealed to superior court in accordance with RCW 51.52.110. The board shall grant a motion to stay if the moving party demonstrates that it is more likely than not to prevail on the facts as they existed at the time of the order on appeal. The board shall not consider the likelihood of recoupment of benefits as a basis to grant or deny a motion to stay. If a self-insured employer prevails on the merits, any benefits paid may be recouped pursuant to RCW 51.32.240.

(i) If upon reconsideration requested by a worker or medical provider, the department has ordered an increase in a permanent partial disability award from the amount reflected in an earlier order, the award reflected in the earlier order shall not be stayed pending a final decision on the merits. However, the increase is stayed without further action by the board pending a final decision on the merits.

(ii) If any party appeals an order establishing a worker's wages or the compensation rate at which a worker will be paid temporary or permanent total disability or loss of earning power benefits, the worker shall receive payment pending a final decision on the merits based on the following:

(A) When the employer is self-insured, the wage calculation or compensation rate the employer most recently submitted to the department; or

(B) When the employer is insured through the state fund, the highest wage amount or compensation rate uncontested by the parties.

Payment of benefits or consideration of wages at a rate that is higher than that specified in (b)(ii)(A) or (B) of this subsection is stayed.
without further action by the board pending a final decision on the merits.

(c) In an appeal from an order of the department that alleges willful misrepresentation, the department or self-insured employer shall initially introduce all evidence in its case in chief. Any such person aggrieved by the decision and order of the board may thereafter appeal to the superior court, as prescribed in this chapter.

"Sec. 1. RCW 66.24.010 and 2009 c 271 s 6 are each amended to read as follows:

(1) Every license shall be issued in the name of the applicant, and the holder thereof shall not allow any other person to use the license.

(2) For the purpose of considering any application for a license, or the renewal of a license, the board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the liquor control board may consider any prior criminal conduct of the applicant including an administrative violation history record with the board and a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases. Subject to the provisions of this section, the board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (8)(d) and (12) of this section. Authority to approve an uncontested or unopposed license may be granted by the board to any staff member and (12) of this section. Authority to approve an uncontested or unopposed license may be granted by the board to any staff member.

(3) The board may, in its discretion, subject to the provisions of RCW 66.08.150, suspend or cancel any license; and all rights of the licensee to keep or sell liquor thereunder shall be suspended or terminated, as the case may be.

(a) A person doing business as a sole proprietor who has not resided in the state for at least one month prior to receiving a license, except in cases of licenses issued to dining places on railroads, boats, or aircraft;

(b) A copartnership, unless all of the members thereof are qualified to obtain a license, as provided in this section;

(c) A person whose place of business is conducted by a manager or agent, unless such manager or agent possesses the same qualifications required of the licensee;

(d) A corporation or a limited liability company, unless it was created under the laws of the state of Washington or holds a certificate of authority to transact business in the state of Washington.

(3)(a) The board may, in its discretion, subject to the provisions of RCW 66.08.150, suspend or cancel any license; and all rights of the licensee to keep or sell liquor thereunder shall be suspended or terminated, as the case may be.

(b) The board shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under such rules and regulations as the board may adopt.

(d) Witnesses shall be allowed fees and mileage each way to and from any such inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the board or a subpoena issued by the board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, shall compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(4) Upon receipt of notice of the suspension or cancellation of a license, the licensee shall forthwith deliver up the license to the board. Where the license has been suspended only, the board shall return the license to the licensee at the expiration or termination of the period of suspension. The board shall notify all vendors in the city or place where the licensee has its premises of the suspension or cancellation of the license; and no employee may allow or cause any liquor to be delivered to or for any person at the premises of that licensee.

(5)(a) At the time of the original issuance of a spirits, beer, and wine restaurant license, the board shall prorate the license fee charged to the new licensee according to the number of calendar quarters, or portion thereof, remaining until the first renewal of that license is required.

(b) Unless sooner canceled, every license issued by the board shall expire at midnight of the thirtieth day of June of the fiscal year for which it was issued. However, if the board deems it feasible and desirable to do so, it may establish, by rule pursuant to chapter 34.05 RCW, a system for staggering the annual renewal dates for any and all licenses authorized by this chapter. If such a system of staggered annual renewal dates is established by the board, the license fees provided by this chapter shall be appropriately prorated during the first year that the system is in effect.

(6) Every license issued under this section shall be subject to all conditions and restrictions imposed by this title or by rules adopted by the board. All conditions and restrictions imposed by the board in the issuance of an individual license ("shall") may be listed on the face of the individual license along with the trade name, address, and expiration date. Conditions and restrictions imposed by the board may also be included in official correspondence separate from the license.

(7) Every licensee shall post and keep posted its license, or licenses, and any additional correspondence containing conditions and restrictions imposed by the board in a conspicuous place on the premises.

(8)(a) Unless (b) of this subsection applies, before the board issues a new or renewal license to an applicant it shall give notice of such application to the chief executive officer of the incorporated
city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns.

(b) If the application for a special occasion license is for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on property owned by the county but located within an incorporated city or town, the county legislative authority shall be the entity notified by the board under (a) of this subsection. The board shall send a duplicate notice to the incorporated city or town within which the fair is located.

(c) The incorporated city or town through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the board within twenty days after the date of transmittal of such notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the applicant or against the premises for which the new or renewal license is asked. The board may extend the time period for submitting written objections.

(d) The written objections shall include a statement of all facts upon which such objections are based, and in case written objections are filed, the city or town or county legislative authority may request and the liquor control board may in its discretion hold a hearing subject to the applicable provisions of Title 34 RCW. If the board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If such a hearing is held at the request of the applicant, liquor control board representatives shall present and defend the board's initial decision to deny a license or renewal.

(e) Upon the granting of a license under this title the board shall send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns. When the license is for a special occasion license for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on county-owned property but located within an incorporated city or town, the written notification shall be sent to both the incorporated city or town and the county legislative authority.

(9)(a) Before the board issues any license to any applicant, it shall give (i) due consideration to the location of the business to be conducted under such license with respect to the proximity of churches, schools, and public institutions and (ii) written notice, with receipt verification, of the application to public institutions identified by the board as appropriate to receive such notice, churches, and schools within five hundred feet of the premises to be licensed. The board shall not issue a liquor license for either on-premises or off-premises consumption covering any premises not now licensed, if such premises are within five hundred feet of the premises of any tax-supported public elementary or secondary school measured along the most direct route over or across established public walks, streets, or other public passageway from the main entrance of the school to the nearest public entrance of the premises proposed for license, and if, after receipt by the school of the notice as provided in this subsection, the board receives written objection, within twenty days after receiving such notice, from an official representative or representatives of the school within five hundred feet of said proposed licensed premises, indicating to the board that there is an objection to the issuance of such license because of proximity to a school. The board may extend the time period for submitting objections. For the purpose of this section, "church" means a building erected for and used exclusively for religious worship and schooling or other activity in connection therewith. For the purpose of this section, "public institution" means institutions of higher education, parks, community centers, libraries, and transit centers.

(b) No liquor license may be issued or reissued by the board to any motor sports facility or licensee operating within the motor sports facility unless the motor sports facility enforces a program reasonably calculated to prevent alcohol or alcoholic beverages not purchased within the facility from entering the facility and such program is approved by local law enforcement agencies.

(c) It is the intent under this subsection (9) that a retail license shall not be issued by the board where doing so would, in the judgment of the board, adversely affect a private school meeting the requirements for private schools under Title 28A RCW, which school is within five hundred feet of the proposed licensee. The board shall fully consider and give substantial weight to objections filed by private schools. If a license is issued despite the proximity of a private school, the board shall state in a letter addressed to the private school the board's reasons for issuing the license.

(10) The restrictions set forth in subsection (9) of this section shall not prohibit the board from authorizing the assumption of existing licenses now located within the restricted area by other persons or licenses or relocations of existing licensed premises within the restricted area. In no case may the licensed premises be moved closer to a church or school than it was before the assumption or relocation.

(11)(a) Nothing in this section prohibits the board, in its discretion, from issuing a temporary retail or distributor license to an applicant to operate the retail or distributor premises during the period the application for the license is pending. The board may establish a fee for a temporary license by rule.

(b) A temporary license issued by the board under this section shall be for a period not to exceed sixty days. A temporary license may be extended at the discretion of the board for additional periods of sixty days upon payment of an additional fee and upon compliance with all conditions required in this section.

(c) Refusal by the board to issue or extend a temporary license shall not entitle the applicant to request a hearing. A temporary license may be canceled or suspended summarily at any time if the board determines that good cause for cancellation or suspension exists. RCW 66.08.130 applies to temporary licenses.

(d) Application for a temporary license shall be on such form as the board shall prescribe. If an application for a temporary license is withdrawn before issuance or is refused by the board, the fee which accompanied such application shall be refunded in full.

(12) In determining whether to grant or deny a license or renewal of any license, the board shall give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest.

Consequently, families are forced to seek before or after school child care outside of the school building, resulting in additional transitions for students.

(2) It is the legislature's intent to allow licensed child care centers that serve school-age children to operate in facilities that provide a safe and healthy environment for children to use for the purpose of education. With respect to section 2(2) of this act, the legislature intends that the development of any related child care licensing requirements shall:

(2) In consultation with the state fire marshal's office and the Washington state building code council, the director shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in care;

(5) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(8) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements adopted under this chapter;
