MOTION

Senator Braun moved that the following striking amendment no. 532 by Senators Braun and Ranker be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. This section is the tax preference performance statement for the tax preference contained in sections 2 and 3 of this act. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to create or retain jobs, as indicated in RCW 82.32.808(2)(c).

(2) It is the legislature’s specific public policy objective to retain jobs at existing coal-fired electric energy generation facilities by providing a tax exemption to allow these facilities to convert into natural gas-fired generation plants or biomass energy facilities rather than shut down entirely. It is the legislature’s intent to provide a tax exemption for the conversion of a coal-fired electric generation facility into a natural gas-fired generation plant or biomass energy facility, in order to reduce the costs recently imposed by the legislature on companies that operate coal-fired electric generation facilities, thereby increasing the ability of these companies to continue their operations in Washington state, thereby retaining jobs that otherwise would be lost if a coal-fired electric generation facility were to shut down.

(3) This tax preference is created to provide an opportunity for coal-fired electric generation facilities to convert into natural gas-fired generation plants or biomass energy facilities. This tax preference is meant to expire and, therefore, the joint legislative audit and review committee is exempt from reviewing this tax preference as required in chapter 43.136 RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 82.08 RCW to read as follows:

(1) Subject to the requirements in subsection (2) of this section, a taxpayer is eligible for an exemption from the tax imposed by RCW 82.08.020 on the sale of or charge made for:

(a) Labor and services rendered in respect to the constructing of new structures, and expansion or renovation of existing structures, for the purpose of converting a coal-fired electric generation facility into a natural gas-fired plant or biomass energy facility;

(b) Materials that will be incorporated as an ingredient or component of new or existing structures during the course of such constructing, expanding, or renovating;

(c) Machinery and equipment that is required to convert a coal-fired electric generation facility into a natural gas-fired plant or biomass energy facility, including labor and services rendered in respect to installing such machinery and equipment.

(2)(a) The exemption in this section is in the form of a remittance. A purchaser claiming an exemption from the tax in the form of a remittance under this section must pay all applicable state and local sales taxes imposed under RCW 82.08.020 and chapter 82.14 RCW on all purchases qualifying for the exemption. After the conversion of a coal-fired electric generation facility into a natural gas-fired plant or biomass energy facility is operationally complete, but not earlier than April 1, 2020, the purchaser may then apply to the department for a remittance of one hundred percent of the state and local sales taxes paid under RCW 82.08.020 and chapter 82.14 RCW for purchases qualifying under subsection (1) of this section. The purchaser must specify the amount of exempted tax claimed and the qualifying purchases for which the exemption is claimed. The purchaser must retain, in adequate detail, records to enable the department to determine whether the purchaser is entitled to an exemption under this section, including: Invoices; proof of tax paid; and construction contracts.

(b) The department may not accept any application for a remittance that it does not receive by the later of July 1, 2020, or within one year after the department determines that the conversion of a coal-fired electric generation facility into a natural gas-fired plant or biomass energy facility is operationally complete.

(c) The department must determine eligibility under this section based on information provided by the purchaser, which is subject to audit verification by the department. The department must remit exempted amounts to qualifying purchasers who submitted timely applications during the previous calendar quarter. No remittances may be paid before July 1, 2020.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) “Biomass energy” means energy derived from solid organic fuels from wood or forest or field residues.

(b)(i) “Machinery and equipment” means industrial fixtures, devices, and support facilities that are integral and necessary to the generation of electricity using natural gas or biomass, including repair parts and replacement parts.

(ii) “Machinery and equipment” does not include: (A) Hand-
powered tools; (B) property with a useful life of less than one year; (C) repair parts required to restore machinery and equipment to normal working order; (D) replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment; (E) buildings; or (F) building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building.

(4) “Operationally complete” means constructed or improved to the point of being functionally capable of generating electricity using natural gas or biomass.

(4) This section expires July 1, 2026.

NEW SECTION. Sec. 3. A new section is added to chapter 82.12 RCW to read as follows:

(1) Subject to the requirements in subsection (2) of this section, a taxpayer is eligible for an exemption from the tax imposed by RCW 82.12.020 on the use of:

(a) Materials that will be incorporated as an ingredient or component of new or existing structures during the course of the constructing of new structures, or expansion or renovation of existing structures, for the purpose of converting a coal-fired electric generation facility into a natural gas-fired plant or biomass energy facility; and

(b) Machinery and equipment that is required to convert a coal-fired electric generation facility into a natural gas-fired plant or biomass energy facility, including labor and services rendered in respect to installing such machinery and equipment.

(2)(a) A taxpayer is exempt from the tax imposed by RCW 82.12.020 on the use of materials, machinery and equipment, or installation labor, if the taxpayer received a remittance under section 2 of this act with respect to the purchase of the materials, machinery and equipment, or installation labor.

(b) With respect to materials, machinery and equipment, or installation labor qualifying for the exemption in this section and acquired by the taxpayer without the payment of the sales tax imposed by RCW 82.08.020, the exemption in this section is in the form of a remittance of the state and local use taxes paid under RCW 82.12.020 and chapter 82.14 RCW. All of the provisions applicable to remittances under section 2 of this act apply to remittances under this section.

(3) The exemption in this section does not apply to the use of materials, machinery and equipment, and installation labor for machinery and equipment, when first used within this state of such materials, machinery and equipment, and installation labor occurred after June 30, 2026.

(4) The definitions in section 2 of this act apply to this section.

(5) This section expires July 1, 2026.

Sec. 4. RCW 82.14.050 and 2014 c 216 s 403 are each amended to read as follows:

(1) The counties, cities, and transportation authorities under RCW 82.14.045, public facilities districts under chapters 36.100 and 35.57 RCW, public transportation benefit areas under RCW 82.14.440, regional transportation investment districts, and transportation benefit districts under chapter 36.73 RCW must contract, prior to the effective date of a resolution or ordinance imposing a sales and use tax, the administration and collection to the state department of revenue, which must deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected for administration and collection expenses incurred by the department. The remainder of any portion of any tax authorized by this chapter that is collected by the department of revenue must be deposited by the state department of revenue in the local sales and use tax account hereby created in the state treasury. Beginning January 1, 2013, the department of revenue must make deposits in the local sales and use tax account on a monthly basis on the last business day of the month in which distributions required in (a) of this subsection are due. Moneys in the local sales and use tax account may be withdrawn only for:

(a) Distribution to counties, cities, transportation authorities, public facilities districts, public transportation benefit areas, regional transportation investment districts, and transportation benefit districts imposing a sales and use tax; and

(b) Making refunds of taxes imposed under the authority of this chapter and RCW 81.104.170 and exempted under RCW 82.08.962, 82.12.962, 82.08.02565, (and), 82.12.02565, section 2 of this act, or section 3 of this act.

(2) All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW, as they now exist or may hereafter be amended, insofar as they are applicable to state sales and use taxes, are applicable to taxes imposed pursuant to this chapter.

(3) Counties, cities, transportation authorities, public facilities districts, and regional transportation investment districts may not conduct independent sales or use tax audits of sellers registered under the streamlined sales tax agreement.

(4) Except as provided in RCW 43.80.190 and subsection (5) of this section, all earnings of investments of balances in the local sales and use tax accounts must be credited to the local sales and use tax account and distributed to the counties, cities, transportation authorities, public facilities districts, public transportation benefit areas, regional transportation investment districts, and transportation benefit districts monthly.

(5) Beginning January 1, 2013, the state treasurer must determine the amount of earnings on investments that would have been credited to the local sales and use tax account if the collections had been deposited in the account over the prior month. When distributions are made under subsection (1)(a) of this section, the state treasurer must transfer this amount from the state general fund to the local sales and use tax account and must distribute such sums to the counties, cities, transportation authorities, public facilities districts, public transportation benefit areas, regional transportation investment districts, and transportation benefit districts.

Sec. 5. RCW 82.14.060 and 2014 c 216 s 404 are each amended to read as follows:

(1)(a) Monthly, the state treasurer must distribute from the local sales and use tax account to the counties, cities, transportation authorities, public facilities districts, and transportation benefit districts the amount of tax collected on behalf of each taxing authority, less:

(i) The deduction provided for in RCW 82.14.050; and

(ii) The amount of any refunds of local sales and use taxes exempted under RCW 82.08.962, 82.12.962, 82.08.02565, (and) 82.12.02565, section 2 of this act, or section 3 of this act, which must be made without appropriation.

(b) The state treasurer must make the distribution under this section without appropriation.

(2) In the event that any ordinance or resolution imposes a sales and use tax at a rate in excess of the applicable limits contained herein, such ordinance or resolution may not be considered void in toto, but only with respect to that portion of the rate which is in excess of the applicable limits contained herein.

On page 1, line 4 of the title, after "facilities;" strike the remainder of the title and insert "amending RCW 82.14.050 and 82.14.060; adding a new section to chapter 82.08 RCW; adding a new section to chapter 82.12 RCW; creating a new section; and providing expiration dates."

On page 6, after line 17 of the amendment, insert the following:

"NEW SECTION. Sec. 6. A new section is added to chapter 82.32 RCW to read as follows:

(1) Beginning one year after the natural gas-fired plant or biomass energy facility is operationally complete, a person must repay all sales and use taxes remitted to the person under sections 2 and 3 of this act if the number of employment positions, reported to the employment security department, at the natural gas-fired plant or biomass energy facility decreases by twenty-five percent from the previous year's employment level.

(2) If sales and use taxes must be repaid under subsection (1) of this section, the department must declare the amounts to be immediately due and payable. The department must assess interest, but not penalties, on the amounts due under this subsection. The department must assess interest at the rate provided for delinquent taxes under this chapter, retroactively to the date the tax preference was claimed, and such interest accrues until the tax preference amounts are repaid.

(3) If sales and use taxes must be repaid under subsection (1) of this section, the person may not continue to claim the sales and use tax exemptions under sections 2 and 3 of this act.

STATEMENT FOR THE JOURNAL

On February 12, 2016, I stepped out of the Chamber for a brief discussion outside of the doors at the request of an advocate. I was listening intently for the notice of roll call, because the consistent practice of Senate staff is to announce a roll call vote outside the chamber doors. However, that notice never came, and consequently, I missed voting on SB 6148. Had the notice been
given, I would have returned to the chamber to cast my vote. My intention was to vote “aye”.

PERSONAL PRIVILEGE

Senator Schoesler: “Thank you Mr. President. We oftentimes forget the important lessons we were taught, but today is the two hundred seventh birthday of Abraham Lincoln, the first Republican president. A day we used to celebrate as a national holiday in a previous era. In 1860, Lincoln won the presidency with only forty percent of the popular vote, yet was still elected to a second term. Unfortunately, the tragic assassination in 1865 cost us one of our greatest presidents. We consider that because not only did he do the emancipation proclamation, he led us through the Civil War keeping us as one nation. Because of that it is relevant, and I’d like to say more from Lincoln if I might, Mr. President.

August 17, 1858 - The Fathers of the Republic said to the whole world of men, ‘We hold these truths to be self-evident: that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are life, liberty, and the pursuit of happiness. This was their majestic interpretation of the economy of the Universe. This was their lofty, and wise, and noble understanding of the justice of the Creator to his creatures. Yes, gentleman, to all his creatures, to the whole great family of man. In their enlightened belief, nothing stamped with the Divine image and likeness was sent into the world to be trodden on and degraded, and imbruted by its fellows. They grasped not only the whole race of man then living, but they reached forward and seized upon the farthest posterity. They erected a beacon to guide their children, and their children’s children, and the countless myriads who should inhabit the earth in other ages. So that no one man would hereafter dare to limit and circumscribe the great principles on which the temple of liberty was being built.’ We need to remember this as we continue our work this session. We need to continue to protect the rights of citizens. Remember these words of President Lincoln, and join me in honoring the birth of not only a great Republican, but a great man. Thank you.”

MOTION

On motion of Senator Mullet, and without objection, Senator Carlyle was excused.

PERSONAL PRIVILEGE

Senator Fain: “Thank you, Mr. President, I was reading my emails a few moments ago and I received something from Representative Hargrove in the chamber that I’m not supposed to talk about, but whatever. It says, ‘Colleagues, you might have seen the Super Bowl commercial with the Super Bowl babies, all of whom were born nine months after the parents’ home teams won the Super Bowl. SR 167 traverses legislative districts 11, 47, 31, and 25. Legislators from these four districts: Steve Bergquist in the 11th; Joe Fain in the 47th; Drew Stokesbury in the 31st; and Hans Zeiger in the 25th are all expecting babies around the end of our current legislative session. About nine months after the end of the longest legislative session in history, at which the very end of session the transportation revenue package was passed. Each of these legislators voting for the package a significant element of which was completing SR 167. Coincidence? I think not.”

PERSONAL PRIVILEGE
Senator Rolfes: “Thank you Mr. President. I refrained from hitting reply all to that email but I will say it right now. Too much information.”

MOTION

At 4:34 p.m., on motion of Senator Fain, the Senate adjourned until 11:00 o'clock a.m., Monday, February 15, 2016.
