MOTION

Senator Pedersen moved that the following committee striking amendment by the Committee on Law & Justice be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 5.70.010 and 2015 c 221 s 1 are each amended to read as follows:

(a) Except as provided in (b) of this subsection, where a defendant has been charged and convicted in connection with the case, the DNA work product and investigatory reports and records must be maintained throughout the length of the sentence, including any period of community custody extending through final discharge;

(b) Where a defendant has been convicted and sentenced under RCW 9.94A.507 in connection with the case, the DNA work product and investigatory reports and records must be maintained for ninety-nine years or until the death of the defendant, whichever is sooner; and
(c) Where no conviction has been made in connection with the case, the DNA work product and investigatory reports and records must be maintained for ninety-nine years or throughout the period of the statute of limitations pursuant to RCW 9A.04.080, whichever is sooner.

(2) Notwithstanding subsection (1) of this section, in any felony case regardless of whether the identity of the offender is known and law enforcement has probable cause sufficient to believe the elements of a violent or sex offense as defined in RCW 9.94A.030 have been committed, a governmental entity shall preserve any DNA work product including a sexual assault examination kit secured in connection with the criminal case and investigatory reports and records for ninety-nine years or throughout the period of the statute of limitations pursuant to RCW 9A.04.080, whichever is sooner.

(3) (For purposes of this section:
(a) "Amplified DNA" means DNA generated during scientific analysis using a polymerase chain reaction.
(b) "DNA work product" means (i) product generated during the process of scientific analysis of such material, except amplified DNA, that had been subjected to DNA extraction, and DNA extracts from reference samples; or (ii) any material contained on a microscope slide, swab, in a sample tube, cutting, DNA extract, or some other similar retention method used to isolate potential biological evidence that has been collected by law enforcement as part of its investigation and prepared for scientific analysis, whether or not it is submitted for scientific analysis and derived from:
(A) The contents of a sexual assault examination kit;
(B) Blood;
(C) Semen;
(D) Hair;
(E) Saliva;
(F) Skin tissue;
(G) Fingertips;
(H) Bones;
(I) Teeth; or
(J) Any other identifiable human biological material or physical evidence.

Notwithstanding the foregoing, "DNA work product" does not include a reference sample collected unless it has been shown through DNA comparison to associate the source of the sample with the criminal case for which it was collected.

(c) "Governmental entity" means any general law enforcement agency or any person or organization officially acting on behalf of the state or any political subdivision of the state involved in the collection, examination, tracking, packaging, storing, or disposition of biological material collected in connection with a criminal investigation relating to a felony offense.

(d) "Reference sample" means a known sample collected from an individual by a governmental entity for the purpose of comparison to DNA profiles developed in a criminal case.

(4) The failure of a law enforcement agency to preserve DNA work product does not constitute grounds in any criminal proceeding for challenging the admissibility of other DNA work product that was preserved in a case, and any evidence offered may not be excluded by a court on those grounds. The court may not set aside the conviction or sentence or order the reversal of a conviction under this section on the grounds that the DNA work product is no longer available. Unless the court finds that DNA work product was destroyed with malicious intent to violate this section, a person accused of committing a crime against a person has no cause of action against a law enforcement agency for failure to comply with the requirements of this section. If the court finds that DNA work product was destroyed with malicious intent to violate this section, the court may impose appropriate sanctions. Nothing in this section may be construed to create a private right of action on the part of any individual or entity against any law enforcement agency or any contractor of a law enforcement agency.

NEW SECTION. Sec. 2. A new section is added to chapter 5.70 RCW to read as follows:
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Amplified DNA" means DNA generated during scientific analysis using a polymerase chain reaction.

(2) "DNA work product" means (a) product generated during the process of scientific analysis of such material, except amplified DNA, material that had been subjected to DNA extraction, screening byproducts, and DNA extracts from reference samples; or (b) any material contained on a microscope slide, swab, in a sample tube, cutting, DNA extract, or some other similar retention method used to isolate potential biological evidence that has been collected by law enforcement or a forensic nurse as part of an investigation and prepared for scientific analysis, whether or not it is submitted for scientific analysis and derived from:
(i) The contents of a sexual assault examination kit;
(ii) Blood;
(iii) Semen;
(iv) Hair;
(v) Saliva;
(vi) Skin tissue;
(vii) Fingertips;
(viii) Bones;
(ix) Teeth; or
(x) Any other identifiable human biological material or physical evidence.

Notwithstanding the foregoing, "DNA work product" does not include a reference sample collected unless it has been shown through DNA comparison to associate the source of the sample with the criminal case for which it was collected.

(3) "Governmental entity" means any general law enforcement agency or any person or organization officially acting on behalf of the state or any political subdivision of the state involved in the collection, examination, tracking, packaging, storing, or disposition of biological material collected in connection with a criminal investigation relating to a felony offense.

(4) "Reference sample" means a known sample collected from an individual by a governmental entity for the purpose of comparison to DNA profiles developed in a criminal case.

(5) "Screening byproduct" means a product or waste generated during examination of DNA evidence, or the screening process of such evidence, that is not intended for long-term storage.

(6) "Sexual assault kit" includes all evidence collected during a sexual assault medical forensic examination.

(7) "Unreported sexual assault kit" means a sexual assault kit where a law enforcement agency has not received a related report or complaint alleging a sexual assault or other crime has occurred.

NEW SECTION. Sec. 3. A new section is added to chapter 5.70 RCW to read as follows:

(1)(a) Any unreported sexual assault kit collected on or after the effective date of this section must be transported from the collecting entity to the applicable local law enforcement agency.

(b) By January 1, 2021, unreported sexual assault kits collected prior to the effective date of this section and stored according to the requirements of RCW 70.125.101 must be transported to the applicable local law enforcement agency.

(2)(a) The applicable local law enforcement agency is responsible for conducting the transport of the unreported sexual assault kit from the collecting entity to the agency as required under subsection (1) of this section.
(b) The applicable law enforcement agency shall store and preserve the unreported sexual assault kit for twenty years from the date of collection.

(3) The term "applicable local law enforcement agency" refers to the local law enforcement agency that would have jurisdiction to investigate any related criminal allegations if they were to be reported to law enforcement. The applicable local law enforcement agency is determined through consultation between the collecting entity or, in the case of unreported sexual assault kits stored according to the requirements of RCW 70.125.101, the Washington state patrol, and local law enforcement agencies.

Sec. 4. RCW 70.125.090 and 2019 c 93 s 6 are each amended to read as follows:

(1) When a law enforcement agency receives a sexual assault kit, the law enforcement agency must, within thirty days of its receipt, submit a request for laboratory examination to the Washington state patrol crime laboratory for prioritization for testing by it or another accredited laboratory that holds an outsourcing agreement with the Washington state patrol if:

(a) The law enforcement agency has received a related report or complaint alleging a sexual assault or other crime has occurred; and

(b)(i) Consent for laboratory examination has been given by the victim; or

(ii) The victim is a person under the age of eighteen who is not emancipated pursuant to chapter 13.64 RCW.

(2) Beginning May 1, 2022, when the Washington state patrol receives a request for laboratory examination of a sexual assault kit from a law enforcement agency, the Washington state patrol shall conduct the laboratory examination of the sexual assault kit, and when appropriate, enter relevant information into the combined DNA index system, within forty-five days of receipt of the request. The Washington state patrol crime laboratory must give priority to the laboratory examination of sexual assault kits at the request of a local law enforcement agency for:

(a) Active investigations and cases with impending court dates;

(b) Active investigations where public safety is an immediate concern;

(c) Violent crimes investigations, including active sexual assault investigations;

(d) Postconviction cases; and

(e) Other crimes' investigations and nonactive investigations, such as previously unsubmitted older sexual assault kits or recently collected sexual assault kits that the submitting agency has determined to be lower priority based on their initial investigation.

(3) The requirements to request and complete laboratory examination of sexual assault kits under subsections (1) and (2) of this section do not include forensic toxicological analysis. However, nothing in this section limits or modifies the authority of a law enforcement agency to request toxicological analysis of evidence collected in a sexual assault kit.

(4) The failure of a law enforcement agency to submit a request for laboratory examination, or the failure of the Washington state patrol to facilitate laboratory examination, within the time periods prescribed under this section does not constitute grounds in any criminal proceeding for challenging the validity of a DNA evidence association, and any evidence obtained from the sexual assault kit may not be excluded by a court on those grounds.

(5) A person accused or convicted of committing a crime against a victim has no standing to object to any failure to comply with the requirements of this section, and the failure to comply with the requirements of this section is not grounds for setting aside the conviction or sentence.

(6) Nothing in this section may be construed to create a private right of action or claim on the part of any individual, entity, or agency against any law enforcement agency or any contractor of any law enforcement agency.

(((4))) (7) This section applies (prospectively only and not retroactively. It only applies) to sexual assault examinations performed on or after July 24, 2015.

(((2a))) (8)(a) Until June 30, 2023, the Washington state patrol shall compile the following information related to the sexual assault kits identified in this section and RCW 70.125.100 (as recodified by this act):

(i) The number of requests for laboratory examination made for sexual assault kits and the law enforcement agencies that submitted the requests; and

(ii) The progress made towards testing the sexual assault kits, including the status of requests for laboratory examination made by each law enforcement agency.

(b) The Washington state patrol shall make recommendations for increasing the progress on testing any untested sexual assault kits.

(c) Beginning in 2015, the Washington state patrol shall report its findings and recommendations annually to the appropriate committees of the legislature and the governor by December 1st of each year.

Sec. 5. RCW 70.125.100 and 2019 c 93 s 7 are each amended to read as follows:

(1) Law enforcement agencies shall submit requests for forensic analysis of all sexual assault kits collected prior to July 24, 2015, and in the possession of the agencies to the Washington state patrol crime laboratory by October 1, 2019, except submission for forensic analysis is not required when:

(a) Forensic analysis has previously been conducted; or (b) there is documentation of an adult victim or emancipated minor victim expressing that he or she does not want his or her sexual assault kit submitted for forensic analysis; or (c) a sexual assault kit is noninvestigatory and held by a law enforcement agency pursuant to an agreement with a hospital or other medical provider. The requirements of this subsection apply regardless of the statute of limitations or the status of any related investigation.

(2) The Washington state patrol crime laboratory may consult with local law enforcement agencies to coordinate the efficient submission of requests for forensic analysis under this section in conjunction with the implementation of the statewide tracking system under RCW 43.43.545, provided that all requests are submitted and all required information is entered into the statewide sexual assault tracking system by October 1, 2019. The Washington state patrol crime laboratory shall facilitate the forensic analysis of all sexual assault kits submitted under this section by December 1, 2021. The analysis may be conducted by the Washington state patrol laboratory or an accredited laboratory holding a contract or agreement with the Washington state patrol. The Washington state patrol shall process the forensic analysis of sexual assault kits in accordance with the priorities in RCW 70.125.090(2) (as recodified by this act).

(3) The requirements to request and complete laboratory examination of sexual assault kits under this section do not include forensic toxicological analysis. However, nothing in this section limits or modifies the authority of a law enforcement agency to request toxicological analysis of evidence collected in a sexual assault kit.

(4) The failure of a law enforcement agency to submit a request for laboratory examination within the time prescribed under this section does not constitute grounds in any criminal proceeding for challenging the validity of a DNA evidence association, and any evidence obtained from the sexual assault kit may not be excluded by a court on those grounds.
(5) A person accused or convicted of committing a crime against a victim has no standing to object to any failure to comply with the requirements of this section, and the failure to comply with the requirements of this section is not grounds for setting aside the conviction or sentence.

(6) Nothing in this section may be construed to create a private right of action or claim on the part of any individual, entity, or agency against any law enforcement agency or any contractor of any law enforcement agency.

Sec. 6. RCW 43.43.545 and 2019 c 93 s 4 are each amended to read as follows:

(1) The Washington state patrol shall create and operate a statewide sexual assault kit tracking system. The Washington state patrol may contract with state or nonstate entities including, but not limited to, private software and technology providers, for the creation, operation, and maintenance of the system.

(2) The statewide sexual assault kit tracking system must:
   (a) Track the location and status of sexual assault kits throughout the criminal justice process, including the initial collection in examinations performed at medical facilities, receipt and storage at law enforcement agencies, receipt and analysis at forensic laboratories, and storage and any destruction after completion of analysis;
   (b) Designate sexual assault kits as unreported or reported;
   (c) Indicate whether a sexual assault kit contains biological materials collected for the purpose of forensic toxicological analysis;
   (d) Allow medical facilities performing sexual assault forensic examinations, law enforcement agencies, prosecutors, the Washington state patrol bureau of forensic laboratory services, and other entities having custody of sexual assault kits to update and track the status and location of sexual assault kits;
   (e) Allow victims of sexual assault to anonymously track or receive updates regarding the status of their sexual assault kits; and
   (f) Use electronic technology or technologies allowing continuous access.

(3) The Washington state patrol may use a phased implementation process in order to launch the system and facilitate entry and use of the system for required participants. The Washington state patrol may phase initial participation according to region, volume, or other appropriate classifications. All entities having custody of sexual assault kits shall fully participate in the system no later than June 1, 2018. The Washington state patrol shall submit a report on the current status and plan for launching the system, including the plan for phased implementation, to the joint legislative task force on sexual assault forensic examination best practices, the appropriate committees of the legislature, and the governor no later than January 1, 2017.

(4) The Washington state patrol shall submit a semiannual report on the statewide sexual assault kit tracking system to the joint legislative task force on sexual assault forensic examination best practices, the appropriate committees of the legislature, and the governor. The Washington state patrol may publish the current report on its web site. The first report is due July 31, 2018, and subsequent reports are due January 31st and July 31st of each year. The report must include the following:

   (f) The average and median length of time for forensic analysis to be completed on sexual assault kits after being submitted for analysis, including separate sets of data for all sexual assault kits in the system statewide and by jurisdiction and for sexual assault kits added to the system in the reporting period statewide and by jurisdiction;
   (g) The total and semiannual number of sexual assault kits destroyed or removed from the system statewide and by jurisdiction;
   (h) The total number of sexual assault kits, statewide and by jurisdiction, where forensic analysis has not been completed and six months or more have passed since those sexual assault kits were added to the system; and
   (i) The total number of sexual assault kits, statewide and by jurisdiction, where forensic analysis has not been completed and one year or more has passed since those sexual assault kits were added to the system.

(5) For the purpose of reports under subsection (4) of this section, a sexual assault kit must be assigned to the jurisdiction associated with the law enforcement agency anticipated to receive the sexual assault kit or otherwise having custody of the sexual assault kit.

(6) Any public agency or entity, including its officials and employees, and any hospital and its employees providing services to victims of sexual assault may not be held civilly liable for damages arising from any release of information or the failure to release information related to the statewide sexual assault kit tracking system, so long as the release was without gross negligence.

(7) The Washington state patrol shall adopt rules as necessary to implement this section.

(8) For the purposes of this section ("an "unreported sexual assault kit" refers to a sexual assault kit collected from a victim who has consented to the collection of the sexual assault kit but who has not reported the alleged crime to law enforcement):

If the facility did not collect the biological sample during the intake process, then the facility shall collect the biological sample as soon as is practicable. For those persons incarcerated before June 12, 2008, who have not yet had a biological sample collected, priority shall be given to those persons who will be released the soonest.

((44)) (d) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who will not serve a term of confinement, the court shall ((decide): Order the person to report to the local police department or sheriff's office as provided under subsection (5)(b)(i) of this section within a reasonable period of time established by the court in order to provide a biological sample; or if the local police department or sheriff's office has a protocol for collecting the biological sample in the courtroom, order the person to immediately provide the biological sample to the local police department or sheriff's office before leaving the presence of the court. The court must further inform the person that refusal to provide a biological sample is a gross misdemeanor under this section.

((45)) (6) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

((46)) (7) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under this section, to the extent allowed by funding available for this purpose. Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

((47)) (8) This section applies to:
(a) All adults and juveniles to whom this section applied prior to June 12, 2008;
(b) All adults and juveniles to whom this section did not apply prior to June 12, 2008, who:

(d) All samples submitted under subsections (2) and (3) of this section.

((48)) (9) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

((49)) (10) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks. No cause of action may be brought against the state based upon the analysis of a biological sample authorized to be taken pursuant to a municipal ordinance if the conviction or adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including,
but not limited to, posttrial or postfact-finding motions, appeals, or collateral attacks.

((422)) (1) A person commits the crime of refusal to provide DNA if the person willfully refuses to comply with a legal request for a DNA sample as required under this section. The refusal to provide DNA is a gross misdemeanor.

**NEW SECTION. Sec. 8.** A new section is added to chapter 43.101 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the commission shall develop a proposal for a case review program. The commission shall research, design, and develop case review strategies designed to optimize outcomes in sexual assault investigations through improved training and investigatory practices. The proposed program must evaluate whether current training and practices foster a trauma-informed, victim-centered approach to victim interviews that identifies best practices and current gaps in training and assesses the integration of the community resiliency model. The program will include a comparison of cases involving investigators and interviewers who have participated in training to cases involving investigators and interviewers who have not participated in training. The program will also include other randomly selected cases for a systematic review to assess whether current practices conform to national best practices for a multidisciplinary approach to investigating sexual assault cases and interacting with survivors.

(2) In designing the program, the commission shall consult and collaborate with experts in trauma-informed and victim-centered training, experts in sexual assault investigations and prosecutions, victim advocates, and other stakeholders identified by the commission. The commission may form a multidisciplinary working group for the purpose of carrying out the requirements of this section.

(3) The commission shall submit a report with a summary of its proposal to the governor and the appropriate committees of the legislature by December 1, 2020.

(4) This section expires July 1, 2021.

**NEW SECTION. Sec. 9.** The legislature recognizes that proper storage and preservation of evidence, including maintaining chain of custody requirements, are critical to any successful investigation and prosecution. Unreported sexual assault kits are, therefore, most appropriately stored and preserved by law enforcement agencies. The legislature further recognizes that some agencies are facing storage capacity constraints. Agencies are currently responsible for storing found property, regardless if the property is associated with a criminal investigation. Therefore, the legislature hereby intends to provide flexibility for local governments to designate an alternate entity to store found property in order to allow those agencies with capacity issues to prioritize storage space for evidence and potential evidence in criminal investigations.

**Sec. 10.** RCW 63.21.010 and 1997 c 237 s 1 are each amended to read as follows:

(1) Any person who finds property that is not unlawful to possess, the owner of which is unknown, and who wishes to claim the found property, shall:

(a) Within seven days of the finding acquire a signed statement setting forth an appraisal of the current market value of the property prepared by a qualified person engaged in buying or selling like items or by a district court judge, unless the found property is cash; and

(b) Within seven days report the find of property and surrender, if requested, the property and a copy of the evidence of the value of the property to the chief law enforcement officer, his or her designated representative, or other designated entity under section 15 of this act, of the governmental entity where the property was found, and serve written notice upon the officer or designee of the finder's intent to claim the property if the owner does not make out his or her right to it under this chapter.

(2) Within thirty days of the report the governmental entity shall cause notice of the finding to be published at least once a week for two successive weeks in a newspaper of general circulation in the county where the property was found, unless the appraised value of the property is less than the cost of publishing notice. If the value is less than the cost of publishing notice, the governmental entity may cause notice to be posted or published in other media or formats that do not incur expense to the governmental entity.

**Sec. 11.** RCW 63.21.020 and 1979 ex.s. c 85 s 2 are each amended to read as follows:

The finder's claim to the property shall be extinguished:

(1) If the owner satisfactorily establishes, within sixty days after the find was reported to the appropriate officer or, if so designated under section 15 of this act, the appropriate entity, the owner's right to possession of the property; or

(2) If the chief law enforcement officer or designee determines and so informs the finder that the property is illegal for the finder to possess.

**Sec. 12.** RCW 63.21.030 and 1997 c 237 s 2 are each amended to read as follows:

(1) The found property shall be released to the finder and become the property of the finder sixty days after the find was reported to the appropriate officer or designee if no owner has been found, or sixty days after the final disposition of any judicial or other official proceeding involving the property, whichever is later. The property shall be released only after the finder has presented evidence of payment to the treasurer of the governmental entity handling the found property, the amount of ten dollars plus the amount of the cost of publication of notice incurred by the governmental entity pursuant to RCW 63.21.010, which amount shall be deposited in the general fund of the governmental entity. If the appraised value of the property is less than the cost of publication of notice of the finding, then the finder is not required to pay any fee.

(2) When ninety days have passed after the found property was reported to the appropriate officer or designee, or ninety days after the final disposition of a judicial or other proceeding involving the found property, and the finder has not completed the requirements of this chapter, the finder's claim shall be deemed to have expired and the found property may be disposed of as unclaimed property under chapter 63.32 or 63.40 RCW. Such laws shall also apply whenever a finder states in writing that he or she has no intention of claiming the found property.

**Sec. 13.** RCW 63.21.050 and 2019 c 30 s 1 are each amended to read as follows:

(1) The chief law enforcement officer, his or her designated representative, or other designated entity under section 15 of this act to whom a finder surrenders property, must:

(a) Advise the finder if the found property is illegal for him or her to possess;

(b) Advise the finder if the found property is to be held as evidence in judicial or other official proceedings;

(c) Advise the finder in writing of the procedures to be followed in claiming the found property;

(d) If the property is valued at one hundred dollars or less adjusted for inflation under subsection (2) of this section, allow the finder to retain the property if it is determined there is no reason for the officer or designee to retain the property;

(e) If the property exceeds one hundred dollars adjusted for inflation under subsection (2) of this section in value and has been requested to be surrendered to the governmental entity, retain the property for sixty days before it
can be claimed by the finder under this chapter, unless the owner has recovered the property;

(f) If the property is held as evidence in judicial or other official proceedings, retain the property for sixty days after the final disposition of the judicial or other official proceeding, before it can be claimed by the finder or owner under the provisions of this chapter;

(g) After the required number of days has passed, and if no owner has been found, surrender the property to the finder according to the requirements of this chapter; or

(h) If neither the finder nor the owner claim the property retained by the officer or designee within thirty days of the time when the claim can be made, the property must be disposed of as unclaimed property under chapter 63.32 or 63.40 RCW.

(2)(a) The office of financial management must adjust the dollar thresholds established in subsection (1)(d) and (e) of this section for inflation every five years, beginning July 1, 2025, based upon changes in the Seattle consumer price index during that time period. The office of financial management must calculate the new dollar threshold and transmit the new dollar threshold, rounded up to the nearest dollar, to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(b) For the purposes of determining the thresholds in subsection (1)(d) and (e) of this section, the chief law enforcement officer ((ee)), his or her designated representative, or other designated entity under section 15 of this act, the police department, or other designated entity under section 15 of this act must use the thresholds published by the office of financial management in the Washington State Register under (a) of this subsection.

Sec. 14. RCW 63.21.060 and 1979 ex.s. c 85 s 6 are each amended to read as follows:

Any governmental entity that acquires lost property shall attempt to notify the apparent owner of the property. If the property is not returned to a person validly establishing ownership or right to possession of the property, the governmental entity shall forward the lost property within thirty days but not less than ten days after the time the governmental entity acquires the lost property to the chief law enforcement officer, ((ee)), his or her designated representative, or other designated entity under section 16 of this act, of the county in which the property was found, except that if the property is found within the borders of a city or town the property shall be forwarded to the chief law enforcement officer of the city or town ((ee)), his or her designated representative, or other entity of the city or town so designated under section 15 of this act. A governmental entity may elect to retain property which it acquires and dispose of the property as provided by chapter 63.32 or 63.40 RCW.

NEW SECTION. Sec. 15. A new section is added to chapter 63.21 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a county, city, or town may designate an alternate department or governmental entity to accept, store, retain, and dispose of found property as required under this chapter, rather than the chief law enforcement officer or his or her designee, so long as the alternate department or governmental entity complies with the requirements and procedures under this chapter.

(2) Regardless of whether a county, city, or town designates an alternate department or governmental entity under subsection (1) of this section, the chief law enforcement officer or his or her designated representative is responsible for retaining any of the following types of property in accordance with the requirements of this chapter: A bank card; charge or credit card; cash; government-issued document, financial document, or legal document; firearm; evidence in a judicial or other official proceeding; or an item that is not legal for the finder to possess.

A county, city, or town designating an alternate department or governmental entity under subsection (1) of this section shall establish procedures for ensuring these types of property are directed to the chief law enforcement officer or his or her designated representative.

NEW SECTION. Sec. 16. A new section is added to chapter 63.32 RCW to read as follows:

(1) This chapter does not modify the requirements for a police department to accept found property under chapter 63.21 RCW.

(2) If a city or town designates an alternate department or governmental entity to accept found property under section 15 of this act:

(a) The designated department or governmental entity shall comply with the retention and disposition requirements under this chapter in the same manner as would be required of a police department; and

(b) The police department is not required to accept found property from a finder of said property, unless the property is any of the following: A bank card; charge or credit card; cash; government-issued document, financial document, or legal document; firearm; evidence in a judicial or other official proceeding; or an item that is not legal for the finder to possess. Such found property accepted by a police department must be retained or disposed of in accordance with this chapter and other applicable state laws.

NEW SECTION. Sec. 17. A new section is added to chapter 63.40 RCW to read as follows:

(1) This chapter does not modify the requirements for a sheriff to accept found property under chapter 63.21 RCW.

(2) If a county designates an alternate department or governmental entity to accept found property under section 15 of this act:

(a) The designated department or governmental entity shall comply with the disposition requirements under this chapter in the same manner as would be required of the sheriff; and

(b) The sheriff is not required to accept found property from a finder of said property, unless the property is any of the following: A bank card; charge or credit card; cash; government-issued document, financial document, or legal document; firearm; evidence in a judicial or other official proceeding; or an item that is not legal for the finder to possess. Such found property accepted by a sheriff must be retained or disposed of in accordance with this chapter and other applicable state laws.

"Sec. 1. RCW 9.94A.589 and 2015 2nd sp.s. c 3 s 13 are each amended to read as follows:

(1)(a) Except as provided in (b), (c), or (d) of this subsection, whenever a person is to be sentenced for two or more current offenses, the sentence range for each current offense shall be determined by using all other current and prior convictions as if they were prior convictions for the purpose of the offender score: PROVIDED, That if the court enters a finding that some or all of the current offenses encompass the same criminal conduct then those current offenses shall be counted as one crime. Sentences imposed under this subsection shall be served concurrently. Consecutive sentences may only be imposed under the exceptional sentence provisions of RCW 9.94A.535. "Same criminal conduct," as used in this subsection, means two or more crimes that require the same criminal intent, are committed at the same time and place, and involve the same victim. This definition applies in cases involving vehicular assault or vehicular homicide even if the victims occupied the same vehicle.

(b) Whenever a person is convicted of two or more serious violent offenses arising from separate and distinct criminal conduct, the standard sentence range for the offense with the highest seriousness level under RCW 9.94A.515 shall be determined using the offender's prior convictions and other current convictions that are not serious violent offenses in the offender score and the standard sentence range for other serious violent offenses shall be determined by using an offender score of zero. The standard sentence range for any offenses that are not serious violent offenses shall be determined according to (a) of this subsection. All sentences imposed under this subsection (1)(b) shall be served consecutively to each other and concurrently with sentences imposed under (a) of this subsection. Even if the court orders the confinement terms to run consecutively to each other, the terms of community custody shall run concurrently to each other, unless the court expressly orders the community custody terms to run consecutively to each other.

(c) If an offender is convicted under RCW 9.41.040 for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, the standard sentence range for each of these current offenses shall be determined by using all other current and prior convictions, except other current convictions for the felony crimes listed in this subsection (1)(c), as if they were prior convictions. The offender shall serve consecutive sentences for each conviction of the felony crimes listed in this subsection (1)(c), and for each firearm unlawfully possessed.

(d) All sentences imposed under RCW 46.61.502(6), 46.61.504(6), or 46.61.505(4) shall be served consecutively to any sentences imposed under RCW 46.20.740 and 46.20.750.

(2)(a) (Except as provided in (b) of this subsection, whenever) Whenever a person while under sentence for conviction of a felony commits another felony and is sentenced to another term of confinement, the latter term of confinement shall not begin until expiration of all prior terms of confinement. However, any terms of community custody shall run concurrently to each other, unless the court pronouncing the current sentence expressly orders that they be served consecutively.

(b) Whenever a second or later felony conviction results in consecutive community (supervision) custody with conditions not currently in effect, under the prior sentence or sentences of community (supervision) custody the court may require that the conditions of community (supervision) custody contained in the second or later sentence begin during the immediate term of community (supervision) custody and continue throughout the duration of the consecutive term of community (supervision) custody.

(3) Subject to subsections (1) and (2) of this section, whenever a person is sentenced for a felony that was committed while the person was not under sentence for conviction of a felony, the sentence shall run concurrently with any felony sentence which has been imposed by any court in this or another state or by a federal court subsequent to the commission of the crime being sentenced unless the court pronouncing the current sentence expressly orders that (they) the confinement terms be served consecutively to each other. Even if the court orders the confinement terms to run consecutively to each other, the terms of community custody shall run concurrently to each other, unless the court expressly orders the community custody terms to run consecutively to each other.

(4) Whenever any person granted probation under RCW
(4) Unless a condition is waived by the court, the terms of any community placement imposed under this section shall include the following conditions:

(a) The offender shall report to and be available for contact with the assigned community corrections officer as directed;

(b) The offender shall work at department-approved education, employment, or community restitution, or any combination thereof;

(c) The offender shall not possess or consume controlled substances except pursuant to lawfully issued prescriptions;

(d) The offender shall pay supervision fees as determined by the department; and

(e) The residence location and living arrangements shall be subject to the prior approval of the department during the period of community placement.

(a) The offender shall remain within, or outside of, a specified geographical boundary;

(b) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;

(c) The offender shall participate in crime-related treatment or counseling services;

(d) The offender shall not consume alcohol; or

(e) The offender shall comply with any crime-related prohibitions.

(7) Prior to or during community placement, upon recommendation of the department, the sentencing court may remove or modify any conditions of community placement so as not to be more restrictive.

NEW SECTION. Sec. 3. The department of corrections must recalculate the scheduled end dates for terms of community custody, community supervision, and community placement so that they run concurrently to previously imposed sentences of community custody, community supervision, community placement, probation, and parole, unless the court pronouncing the current sentence has expressly required such terms to run consecutively. This section applies to each offender currently in confinement or under active supervision, regardless of whether the offender is sentenced after the effective date of this section or after.

NEW SECTION. Sec. 4. The legislature declares that the department of corrections’ recalculations of community custody terms pursuant to this act do not create any expectations that a particular community custody term will end before July 1, 2020, and offenders have no reason to conclude that the recalculation of their community custody terms before July 1, 2020, is an entitlement or creates any liberty interest in their community custody term ending before July 1, 2020.

NEW SECTION. Sec. 5. The department of corrections has the authority to begin implementing this act upon the effective date of this section.

NEW SECTION. Sec. 6. This act applies retroactively and prospectively, regardless of the date of an offender's underlying offense.

MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature acknowledges that the learning assistance program was developed to provide supplemental services for public school students who are not meeting academic standards. Initially, school districts were allowed to use learning assistance program funds in a flexible manner to support participating students. Over time, the legislature has continued to reduce flexibility, create additional restrictions, and establish priorities for the use of learning assistance program funds to such an extent that the program may no longer be as effective in promoting student success or serving the original intent as it could be. NEW SECTION. Sec. 2. (1) The office of the superintendent of public instruction shall review the requirements of the learning assistance program and shall make recommendations to the legislature by October 1, 2020, on how to modify the program requirements including, but not limited to, recommendations on:

(a) Appropriate monitoring and reporting requirements;
(b) The types of services and activities that can be supported by the learning assistance program funds, including whether support for all or portions of the Washington integrated student supports protocol established under RCW 28A.300.139 should be included; and
(c) Whether use of a practice or strategy identified on the state menu as required by RCW 28A.165.035 should continue to be a criteria of the program.

(2) This section expires January 1, 2021.

(b) Screening and intervention requirements under RCW 28A.320.260, even if the student being screened or provided with supports is not eligible to participate in the learning assistance program, and any staff trainings necessary to implement RCW 28A.320.260;

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.51.091 and 1987 c 476 s 24 are each amended to read as follows:

The department shall ((make or cause to be made at least one inspection of)) inspect each nursing home ((prior to license renewal and shall inspect community-based services as part of the licensing renewal survey)) periodically in accordance with federal standards under 42 C.F.R. Part 488, Subpart E. The inspection shall be made without providing advance notice of it. Every inspection may include an inspection of every part of the premises and an examination of all records, methods of administration, the general and special dietary and the stores and methods of supply. Those nursing homes that provide community-based care shall establish and maintain separate and
distinct accounting and other essential records for the purpose of appropriately allocating costs of the providing of such care: PROVIDED, That such costs shall not be considered allowable costs for reimbursement purposes under chapter 74.46 RCW. Following such inspection or inspections, written notice of any violation of this law or the rules and regulations promulgated hereunder, shall be given to the applicant or licensee and the department. The notice shall describe the reasons for the facility’s noncompliance. The department may prescribe by regulations that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition or new construction, submit its plans and specifications therefor to the department for preliminary inspection and approval or recommendations with respect to compliance with the regulations and standards herein authorized.

Sec. 2. RCW 18.51.230 and 1981 2nd ex.s.c 11 s 4 are each amended to read as follows:

The department shall, in addition to any inspections conducted pursuant to complaints filed pursuant to RCW 18.51.190, conduct (at least one general inspection prior to license renewal of all nursing homes in the state without providing advance notice of such inspection. Periodically, such inspection shall take place in part between the hours of 7 p.m. and 5 a.m. or on weekends) a periodic general inspection of each nursing home in the state without providing advance notice of such inspection. Such inspections must conform to the federal standards for surveys under 42 C.F.R. Part 488, Subpart E.

Sec. 3. RCW 74.42.360 and 2019 c 12 s 2 are each amended to read as follows:

(1) The facility shall have staff on duty twenty-four hours daily sufficient in number and qualifications to carry out the provisions of RCW 74.42.010 through 74.42.570 and the policies, responsibilities, and programs of the facility.

(2) The department shall institute minimum staffing standards for nursing homes. Beginning July 1, 2016, facilities must provide a minimum of 3.4 hours per resident day of direct care. Direct care staff has the same meaning as defined in RCW 74.42.010. The minimum staffing standard includes the time when such staff are providing hands-on care related to activities of daily living and nursing-related tasks, as well as care planning. The legislature intends to increase the minimum staffing standard to 4.1 hours per resident day of direct care, but the effective date of a standard higher than 3.4 hours per resident day of direct care will be identified if and only if funding is provided explicitly for an increase of the minimum staffing standard for direct care.

(a) The department shall establish in rule a system of compliance of minimum direct care staffing standards by January 1, 2016. Oversight must be done at least quarterly using the a system of financial penalties for facilities out of compliance with minimum staffing standards. No monetary penalty may be issued during the implementation period of July 1, 2016, through September 30, 2016. If a facility is found noncompliant during the implementation period, the department shall provide a written notice identifying the staffing deficiency and require the facility to provide a sufficiently detailed correction plan to meet the statutory minimum staffing levels. Monetary penalties begin October 1, 2016. Monetary penalties must be established based on a formula that calculates the cost of wages and benefits for the missing staff hours. If a facility meets the requirements in subsection (3) or (4) of this section, the penalty amount must be based solely on the wages and benefits of certified nurse aides. The first monetary penalty for noncompliance must be at a lower amount than subsequent findings of noncompliance. Monetary penalties established by the department may not exceed two hundred percent of the wage and benefit costs that would have otherwise been expended to achieve the required staffing minimum hours per resident day for the quarter. A facility found out of compliance must be assessed a monetary penalty at the lowest penalty level if the facility has met or exceeded the requirements in subsection (2) of this section for three or more consecutive years. Beginning July 1, 2016, pursuant to rules established by the department, funds that are received from financial penalties must be used for technical assistance, specialized training, or an increase to the quality enhancement established in RCW 74.46.561.

(c) The department shall establish in rule an exception allowing geriatric behavioral health workers as defined in RCW 74.42.010 to be recognized in the minimum staffing requirements as part of the direct care service delivery to individuals who have a behavioral health condition. Hours worked by geriatric behavioral health workers may be recognized as direct care hours for purposes of the minimum staffing requirements only up to a portion of the total hours equal to the proportion of resident days of clients with a behavioral health condition identified at that facility on the most recent semiannual minimum data set. In order to qualify for the exception:

(i) The worker must:

(A) Have a bachelor's or master's degree in social work, behavioral health, or other related areas; or

(B) Have at least three years experience providing care for individuals with chronic mental health issues, dementia, or intellectual and developmental disabilities in a long-term care or behavioral healthcare setting; or

(C) Have successfully completed a facility-based behavioral health curriculum approved by the department under RCW 74.39A.078;

(ii) Any geriatric behavioral health worker holding less than a master's degree in social work must be directly supervised by an employee who has a master's degree in social work or a registered nurse.

(d)(i) The department shall establish a limited exception to the 3.4 hours per resident day staffing requirement for facilities demonstrating a good faith effort to hire and retain staff.

(ii) To determine initial facility eligibility for exception consideration, the department shall send surveys to facilities anticipated to be below, at, or slightly above the 3.4 hours per resident day requirement. These surveys must measure the hours per resident day in a manner as similar as possible to the centers for medicare and medicaid services’ payroll-based journal and cover the staffing of a facility from October through December of 2015, January through March of 2016, and April through June of 2016. A facility must be below the 3.4 staffing standard on all three surveys to be eligible for exception consideration. If the staffing hours per resident day for a facility declines from any quarter to another during the survey period, the facility must provide sufficient information to the department to allow the department to determine if the staffing decrease was deliberate or a result of neglect, which is the lack of evidence demonstrating the facility’s efforts to maintain or improve its staffing ratio. The burden of proof is on the facility and the determination of whether or not the decrease was deliberate or due to neglect is entirely at the discretion of the department. If the department determines a facility's decline was deliberate or due to neglect, that facility is not eligible for an exception consideration.

(iii) To determine eligibility for exception approval, the department shall review the plan of correction submitted by the facility. Before a facility's exception may be renewed, the department must determine that sufficient progress is being made.
towards reaching the 3.4 hours per resident day staffing requirement. When reviewing whether to grant or renew an exception, the department must consider factors including but not limited to: Financial incentives offered by the facilities such as recruitment bonuses and other incentives; the robustness of the recruitment process; county employment data; specific steps the facility has undertaken to improve retention; improvements in the staffing ratio compared to the baseline established in the surveys and whether this trend is continuing; and compliance with the process of submitting staffing data, adherence to the plan of correction, and any progress toward meeting this plan, as determined by the department.

(iv) Only facilities that have their direct care component rate increase capped according to RCW 74.46.561 are eligible for exception consideration. Facilities that will have their direct care component rate increase capped for one or two years are eligible for exception consideration through June 30, 2017. Facilities that will have their direct care component rate increase capped for three years are eligible for exception consideration through June 30, 2018.

(v) The department may not grant or renew a facility's exception if the facility meets the 3.4 hours per resident day staffing requirement and subsequently drops below the 3.4 hours per resident day staffing requirement.

(vi) The department may grant exceptions for a six-month period per exception. The department's authority to grant exceptions to the 3.4 hours per resident day staffing requirement expires June 30, 2018.

(3)(a) Large nonessential community providers must have a registered nurse on duty directly supervising resident care twenty-four hours per day, seven days per week.

(b)(i) The department shall establish a limited exception process ((to facilities)) for large nonessential community providers that can demonstrate a good faith effort to hire a registered nurse for the last eight hours of required coverage per day. In granting an exception, the department may consider the competitiveness of the wages and benefits offered as compared to nursing facilities in comparable geographic or metropolitan areas within Washington state, the provider's recruitment and retention efforts, and the availability of registered nurses in the particular geographic area. A one-year exception may be granted and may be renewable ((for up to three consecutive years)); however, the department may limit the admission of new residents, based on medical conditions or complexities, when a registered nurse is not on-site and readily available. If a ((facility)) large nonessential community provider receives an ((exception)) exception, that information must be included in the department's nursing home locator. ((After June 30, 2019))

(ii) By August 1, 2023, and every three years thereafter, the department, along with a stakeholder work group established by the department, shall conduct a review of the exceptions process to determine if it is still necessary. As part of this review, the department shall provide the legislature with a report that includes enforcement and citation data for large nonessential community providers that were granted an exception in the three previous fiscal years in comparison to those without an exception. The report must include a similar comparison of data, provided to the department by the long-term care ombuds, on long-term care ombuds referrals for large nonessential community providers that were granted an exception in the three previous fiscal years and those without an exception. This report, along with a recommendation as to whether the exceptions process should continue, is due to the legislature by December 1st of each year in which a review is conducted. Based on the recommendations outlined in this report, the legislature may take action to end the exceptions process.

(4) Essential community providers and small nonessential community providers must have a registered nurse on duty directly supervising resident care a minimum of sixteen hours per day, seven days per week, and a registered nurse or a licensed practical nurse on duty directly supervising resident care the remaining eight hours per day, seven days per week.

(5) For the purposes of this section, "behavioral health condition" means one or more of the behavioral symptoms specified in section E of the minimum data set.

Sec. 4. RCW 74.46.561 and 2019 c 301 s 1 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMeans rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half
(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the Medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMeans construction index value per square foot. The department may use updated RSMeans construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.66.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate year beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement beds each replacing the age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility’s capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMeans" means building construction costs data as published by Gordian.

(h) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(i) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(j) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(k) The facility quality score must be point based, using at a minimum the facility’s most recent available three-quarter average centers for Medicare and Medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user’s guide published by the centers for Medicare and Medicaid services.

(l) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(m) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(n) The tier system must be used to determine the amount of each facility’s per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(o) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(p) Facilities with insufficient three-quarter average centers for Medicare and Medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility’s five-star quality rating shall only occur in the case of insufficient centers for Medicare and Medicaid services minimum data set information.

(q) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for Medicare and Medicaid services quality data.

(r) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a
manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services’ payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services’ payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

8)(a) The direct care and indirect care components must be rebased (in even numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation) effective May 1, 2020, or the month following the effective date of this section, whichever comes last, through June 30, 2020, using 2018 calendar year cost report information.

(b) Beginning July 1, 2020, the direct care and indirect care components must be rebased annually. Rates paid shall be established using the most recent adjusted cost report information available. The most recent adjusted cost report information shall be the base year costs.

(c) Beginning July 1, 2020, and annually through June 30, 2023, the department shall modify the direct and indirect care rebased components from the midpoint of the base year to the beginning of the rate year using the most recent calendar year twelve-month average consumer price index for all urban consumers (CPI-U) in the medical expenditure category of nursing homes and adult day services as published by the United States bureau of labor statistics.

(d) Beginning July 1, 2020, the indirect care inflationary rate increase from (c) of this subsection (8) shall be distributed according to the facility’s number of outpatient emergency department visits per one thousand long-stay resident days using the centers for medicare and medicaid services’ five-star quality rating data as the source of measurement.

(i) Facility performance must be evaluated on two metrics:

(A) Performance compared to national benchmarks determined as follows:

(I) A national score of one hundred thirty-five or greater equates to a performance percentage of one hundred twenty-five percent;

(II) A national score of one hundred five or one hundred twenty equates to a performance percentage of one hundred percent;

(III) A national score of seventy-five or ninety equates to a performance percentage of eighty percent;

(IV) A national score of sixty or below equates to a performance percentage of sixty percent; and

(B) Year-over-year improvement determined as follows:

(I) An improvement of up to nine percent over the previous year’s score equates to an improvement percentage of sixty percent;

(II) An improvement of greater than nine percent and less than fifteen percent over the previous year’s score equates to an improvement percentage of eighty percent; and

(III) An improvement of fifteen percent or greater over the previous year’s score equates to an improvement percentage of one hundred percent.

(ii) Facilities must be placed in one of four tiers based on the average of the performance and improvement percentages. The rate increases must be distributed among the four tiers as follows:

(A) Tier one must include an average percentage that is greater than or equal to one hundred percent and qualifies for up to one hundred twenty-five percent of the available rate increase;

(B) Tier two must include an average percentage that is greater than or equal to ninety percent but less than one hundred percent and qualifies for up to one hundred percent of the available rate increase. Facilities with data deemed insufficient by the centers for medicare and medicaid services must be included in tier two;

(C) Tier three must include an average percentage that is greater than or equal to eighty but less than ninety percent and qualifies for up to eighty percent of the available rate increase; and

(D) Tier four must include an average percentage that is less than eighty percent and qualifies for up to sixty percent of the available rate increase.

(g) Beginning July 1, 2023, a facility specific rate add-on equal to the inflationary adjustment that the facility received for the direct care component in fiscal year 2023 shall be added to the rate.

(b) Beginning July 1, 2023, the funding provided for the inflationary adjustment for the indirect care component from (c) of this subsection (8) must be annually redistributed as specified in (d) of this subsection (8).

(i) The department shall review the calendar year cost reports from 2018 through 2021 and compare medicaid allowable costs in direct care and indirect care to rates paid to determine the impacts of annual inflationary adjustments. Based on its findings, the department shall make recommendations for ongoing inflation to the legislature. This report is due to appropriate committees of the legislature by December 1, 2022.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase

NEW SECTION. Sec. 5. A new section is added to chapter 74.46 RCW to read as follows:
The department, in consultation with the health care authority and stakeholders, shall review the impact of the distribution of the inflationary adjustment for the indirect care component and report its findings and recommendations to the appropriate committees of the legislature by December 1, 2021. To the extent practicable, the department's report must include a comparative analysis of the following metrics before and after the effective date of this section:
(1) Skilled nursing facility residents' emergency department visits;
(2) Case mix acuity;
(3) The number of long-term services and supports medicaid clients that are being served in nursing homes; and
(4) The number of licensed nursing homes and the number of licensed beds.

For the purposes of this chapter, in developing a remedial program, the port commission may utilize one or more of the following programs:

1. Acquisition of property or property rights within the impacted area, which shall be deemed necessary to accomplish a port purpose. The port district may purchase such property or property rights by time payment notwithstanding the time limitations provided for in RCW 53.08.010. The port district may mortgage or otherwise pledge any such properties acquired to secure such transactions. The port district may assume any outstanding mortgages.

2. Transaction assistance programs, including assistance with real estate fees and mortgage assistance, and other neighborhood remedial programs as compensation for impacts due to aircraft noise and noise associated conditions. Any such programs shall be in connection with properties located within an impacted area and shall be provided upon terms and conditions as the port district shall determine appropriate.

   a. Is subjected to increased aircraft noise or differing aircraft noise impacts that would have afforded different levels of mitigation, even if the property owner had waived all damages and conveyed a full and unrestricted easement; or
   b. Contains a soundproofing installation, structure, or other type of sound mitigation equipment product or benefit previously installed pursuant to the remedial program under this chapter by the port district that is determined through inspection to be in need of a repair or replacement.

   (b) Port districts choosing to exercise the authority under (a)(ii) of this subsection are required to conduct inspections of homes where mitigation improvements are no longer working as intended. In those properties, port districts must work with a state-certified building inspector to determine whether property failure resulted in additional hazards or structural damage to the property.

6. Management of all lands, easements, or development rights acquired, including but not limited to the following:

   a. Rental of any or all lands or structures acquired;
   b. Redevelopment of any such lands for any economic use consistent with airport operations, local zoning and the state environmental policy;
   c. Sale of such properties for cash or for time payment and subjection of such property to mortgage or other security transaction: PROVIDED, That any such sale shall reserve to the port district by covenant an unconditional right of easement for the operation of all aircraft and for all noise or noise conditions associated therewith.

(8) The legislature must approve or reject the submission of the request for funds as a whole. If the legislature rejects or fails to act on the submission, any collective bargaining agreement must be reopened for the sole purpose of renegotiating the funds necessary to implement the agreement.

(9) If, after the compensation and benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(1) Metropolitan park commissioners selected by election according to RCW 35.61.050(2) shall perform their duties and may provide, by resolution passed by the commissioners, for the payment of compensation to each of its commissioners at a rate up to the daily compensation maximum amount provided in subsection (3) of this section for each day or portion of a day spent in actual attendance at official meetings or in performance of other official services or duties on behalf of the district. However, the compensation for each commissioner must not exceed the annual compensation maximum amount provided in subsection (3) of this section per year.

(2) Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed..."
with the clerk of the board. The waiver, to be effective, must be filed any time after the commissioner’s election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

(3)(a) For purposes of the references in subsection (1) of this section, the daily compensation maximum amount is one hundred twenty-eight dollars and the annual compensation maximum amount is twelve thousand two hundred eighty-eight dollars. However, for any metropolitan park district with facilities including an aquarium, a wildlife park, and a zoo, accredited by a nationally recognized accrediting agency, the annual compensation maximum amount is twenty-four thousand five hundred seventy-six dollars.

(b) The dollar thresholds established in this subsection (3) must be adjusted for inflation by the office of financial management every five years, beginning ((July 1, 2023)) January 1, 2024, based upon changes in the consumer price index during that time period. “Consumer price index” means, for any calendar year, that year’s annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one index, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(4) A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions.

Sec. 2. RCW 36.57A.050 and 2018 c 154 s 1 are each amended to read as follows:

Within sixty days of the establishment of the boundaries of the public transportation benefit area the members of the county legislative authority and the elected representative of each city within the area shall provide for the selection of the governing body of such area, the public transportation benefit area authority, which shall consist of elected officials selected by and serving at the pleasure of the governing bodies of component cities within the area and the county legislative authority of each county within the area. The members of the governing body of the public transportation benefit area, if the population of the county in which the public transportation benefit area is located is more than four hundred thousand and the county does not also contain a city with a population of seventy-five thousand or more operating a transit system pursuant to chapter 35.95 RCW, must be selected to assure proportional representation, based on population, of each of the component cities located within the public transportation benefit area and the unincorporated areas of the county located within the public transportation benefit area, to the extent possible within the restrictions placed on the size of the governing body of a public transportation benefit area. If necessary to assure such proportional representation, multiple cities may be represented by a single elected official from one of the cities. A majority of the governing board may not be selected to represent a single component city. If at the time a public transportation benefit area authority assumes the public transportation functions previously provided under the interlocal cooperation act (chapter 39.34 RCW) there are citizen positions on the governing board of the transit system, those positions may be retained as positions on the governing board of the public transportation benefit area authority.

Within such sixty-day period, any city may by resolution of its legislative body withdraw from participation in the public transportation benefit area. The county legislative authority and each city remaining in the public transportation benefit area may disapprove and prevent the establishment of any governing body of a public transportation benefit area if the composition thereof does not meet its approval.

In no case shall the governing body of a single county public transportation benefit area be greater than nine voting members and in the case of a multicounty area, fifteen voting members. Those cities within the public transportation benefit area and excluded from direct membership on the authority are hereby authorized to designate a member of the authority who shall be entitled to represent the interests of such city which is excluded from direct membership on the authority. The legislative body of such city shall notify the authority as to the determination of its authorized representative on the authority.

There is one nonvoting member of the public transportation benefit area authority. The nonvoting member is recommended by the labor organization representing the public transportation employees within the local public transportation system. If the public transportation employees are represented by more than one labor organization, all such labor organizations shall select the nonvoting member by majority vote. The nonvoting member shall comply with all governing bylaws and policies of the authority. The chair or cochairs of the authority shall exclude the nonvoting member from attending any executive session held for the purpose of discussing negotiations with labor organizations. The chair or cochairs may exclude the nonvoting member from attending any other executive session. The requirement that a nonvoting member be appointed to the governing body of a public transportation benefit area authority does not apply to an authority that has no employees represented by a labor union.

Each member of the authority is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation, as set by the authority, in an amount not to exceed forty-four dollars for each day during which the member attends official meetings of the authority or performs prescribed duties approved by the chair of the authority. Except that the authority may, by resolution, increase the payment of per diem compensation to each member from forty-four dollars up to ninety dollars per day or portion of a day for actual attendance at board meetings or for performance of other official services or duties on behalf of the authority. In no event may a member be compensated in any year for more than seventy-five days, except the chair who may be paid compensation for not more than one hundred days: PROVIDED, That compensation shall not be paid to an elected official or employee of federal, state, or local government who is receiving regular full-time compensation from such government for attending meetings and performing prescribed duties of the authority.

If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions.

POINT OF ORDER

Senator Braun: “Thank you Mr. President. I would contend that Substitute House Bill No. 2803 violates Senate Rule No. 25, which requires the subject of the bill to be expressed in its title. I would like to make comments on this.”

President Habib: “Senator Braun has objected to the scope of the bill under the title pursuant to rule no. 25. Remarks, Senator Braun.”

Senator Braun: “Thank you, Mr. President. So, the title of this bill is very narrow and very specifically requires that the bill be consistent with the provisions in an MOU [Memorandum Of Understanding] among the State, the Tulalip tribe and Snohomish County. Again, the title requires that the bill match the MOU, but the bill does not do this. The MOU says revenue sharing beyond the first $500,000 won't take place until the fifth year but the bill allows revenue sharing beyond the first $500,000 to take place earlier, specifically in less than four years after the signing of the compact. Therefore, the bill is inconsistent with the MOU referenced in the title. That means that Substitute House Bill No. 2803 violates Rule No. 25 because the title refers to a measure that follows the MOU and it doesn’t follow the MOU. I don’t know how to be more clear than that. I request that you hold that this bill violates Rule No. 25 and is not properly before us.”

Senator Liias: “Thank you, Mr. President. If I could read the title of the bill, I guess I don’t have to ask permission because it is from the bill. Mr. President it says in part that it authorizes the Governor to enter into compact with Indian tribes, addressing certain retail sales tax ...entered into by the State, Tulalip tribe and Snohomish County in January 2020 and including other terms necessary for the Department of Revenue to administer any such compact. Mr. President, in February of 2020, the Department of Revenue reached a clarification with the Tulalip tribes to the MOU that was signed in January 2020 and under the provisions of the title which say ‘a memorandum of understanding entered into in January 2020 which took place and the title says including other terms necessary for the Department of Revenue to administer any such compact pursuant to that February 2020 clarification the bill before us is embraced in the title and I believe that this point is not well taken.”

President Habib: “Okay, I’m not, there is already a point of order before us Senator Ericksen, so unless you have a… it is not a motion for one thing, thank you though for your opinion. There’s, frankly, the President, it is not even required to allow for there to be point and counterpoint but I’ve done that because I think that is the right way to have at least one representative from
each side. Senator Liias, I’m going to, I’m not familiar enough with the title and the content of this bill, despite having stood through God knows how many amendments tonight, I’m still not familiar enough, so I’m not in a position to make a ruling on it right at this moment. So, I’m going to ask that you and, Senator Liias and Senator Short, come up to the bar for one moment just to talk about the timing of this very briefly before we continue.”

MOTION

At 10:44 p.m. the Senate was declared to be at ease subject to the call of the President.

MOTION

Senator Zeiger moved that the following floor amendment no. 1257 by Senator Zeiger be adopted:

method of return postage paid by the county or state.

4, and 2011 c 10 s 41 are each reenacted and amended to read as
follows:

verification. Personnel shall verify that the voter's signature on
the ballot declaration is the same as the signature of that voter in
the registration files of the county. Verification may be conducted
by an automated verification system approved by the secretary of
state. A variation between the signature of the voter on the ballot
declaration and the signature of that voter in the registration files
due to the substitution of initials or the use of common nicknames
is permitted so long as the surname and handwriting are clearly
the same.

(4) If the postmark is missing or illegible, the date on the ballot
declaration to which the voter has attested determines the validity,
as to the time of voting, for that ballot. For overseas voters and
service voters, the date on the declaration to which the voter has
attested determines the validity, as to the time of voting, for that
ballot. (Any overseas voter or service voter may return the signed

"Sec. 1. RCW 29A.04.410 and 2013 c 11 s 10 are each amended to read as follows:

Every county, city, town, and district, and the state is liable for its proportionate share of the costs when such elections are held in conjunction with other elections held under RCW 29A.04.321 and 29A.04.330.

Whenever any county, city, town, or district, or the state holds any primary or election, general or special, on an isolated date, all costs of such elections must be borne by the county, city, town, or district concerned, or the state as appropriate.

The purpose of this section is to clearly establish that the county is not responsible for any costs involved in the holding of any city, town, (()) district, state, or federal election.

In recovering such election expenses, including a reasonable (proration) proration of administrative costs, the county auditor shall certify the cost to the county treasurer with a copy to the clerk or auditor of the city, town, or district concerned, or the secretary of state as appropriate. Upon receipt of such certification relating to a city, town, or district, the county treasurer shall make the transfer from any available and appropriate city, town, or district funds to the county current expense fund or to the county election reserve fund if such a fund is established. Each city, town, or district must be promptly notified by the county treasurer whenever such transfer has been completed. However, in those districts wherein a treasurer, other than the county treasurer, has been appointed such transfer procedure does not apply, but the district shall promptly issue its warrant for payment of election costs. State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

Sec. 2. RCW 29A.04.420 and 2019 c 161 s 2 are each amended to read as follows:

(1) Whenever federal officers, state officers, or measures are voted upon at a state primary or general election held ((in an odd-numbered year)) under RCW 29A.04.321, the state of Washington shall assume a prorated share of the costs of that state primary or general election((...))

(2) The state shall reimburse counties for (the federal and state offices and measures, including the prorated cost of return postage, required to be included on return envelopes pursuant to RCW 29A.40.091(1)(f)), for all elections.

(3) Whenever a primary or vacancy election is held to fill a vacancy in the position of United States senator or United States representative under chapter 29A.28 RCW, the state of Washington shall assume a prorated share of the costs of that primary or vacancy election.

(4) The county auditor shall apportion the state's share of these expenses when prorating election costs under RCW 29A.04.410 and in accordance with the state budgeting, accounting, and reporting system, shall file such expense claims with the secretary of state.

(5) State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

Sec. 3. RCW 29A.04.216 and 2013 c 11 s 7 are each amended to read as follows:

The county auditor of each county shall be ex officio the supervisor of all primaries and elections, general or special, and it shall be the county auditor's duty to provide places for holding
such primaries and elections; to provide the supplies and materials necessary for the conduct of elections; and to publish and post notices of calling such primaries and elections in the manner provided by law. The auditor shall also apportion to the county, each city, town, or district, and to the state of Washington (in the odd numbered year), its share of the expense of such primaries and elections. This section does not apply to general or special elections for any city, town, or district that is not subject to RCW 29A.04.321 and 29A.04.330, but all such elections must be held and conducted at the time, in the manner, and by the (with such notice, requirements for filing for office, and certifications by local officers) as provided and required by the laws governing such elections. State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

Sec. 4. RCW 29A.04.430 and 2003 c 111 s 148 are each amended to read as follows:

(1) For any reimbursement of election costs under RCW 29A.04.420, the secretary of state shall pay ((interest at an annual rate equal to two percentage points in excess of the discount rate on ninety-day commercial paper in effect at the federal reserve bank in San Francisco on the fifteenth day of the month immediately preceding the payment for any period of time in excess of)) within thirty days after the receipt of a properly executed and documented voucher for such expenses and the entry of an allotment from specifically appropriated funds for this purpose until those funds are exhausted. If funds appropriated for this purpose are not sufficient to pay all claims, the secretary of state shall include a budget request to the legislature during the next legislative session for sufficient funds for reimbursement of all remaining claims and shall pay properly executed and documented vouchers to the counties within thirty days of allotment of specifically appropriated funds for this purpose. The secretary of state shall promptly notify any county that submits an incomplete or inaccurate voucher for reimbursement under RCW 29A.04.420.

(2) Funding provided in this section to counties for election costs in even-numbered years is retrospective and prospective reimbursement under RCW 43.135.060 for any new or increased responsibilities under this title.

Sec. 5. RCW 29A.64.081 and 2004 c 271 s 181 are each amended to read as follows:

The canvassing board shall determine the expenses for conducting a recount of votes.

((The)) (1) For a recount conducted under RCW 29A.64.011, the cost of the recount shall be deducted from the amount deposited by the applicant for the recount at the time of filing the request for the recount, and the balance shall be returned to the applicant. If the costs of the recount exceed the deposit, the applicant shall pay the difference. No charges may be deducted by the canvassing board from the deposit for a recount if the recount changes the result of the nomination or election for which the recount was ordered.

(2) For a recount conducted under RCW 29A.64.021, for an office where the candidates filed the declarations of candidacy with the secretary of state, any legislative office, and any congressional office, the county auditor shall file an expense claim for such costs with the secretary of state. The secretary of state shall include a budget request to the legislature during the next legislative session for sufficient funds for reimbursement of all costs of the recount and shall pay all properly executed and documented vouchers to the counties within thirty days of allotment of specifically appropriated funds for this purpose. The secretary of state shall promptly notify any county that submits an incomplete or inaccurate voucher for reimbursement under this section.

(3) State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

Sec. 6. RCW 29A.32.210 and 2013 c 11 s 38 are each amended to read as follows:

((At least ninety days before)) Before any primary or general election, or ((at least forty days before)) any special election held under RCW 29A.04.321 or 29A.04.330, ((the legislative authority of any county or first class or code city may adopt an ordinance authorizing the publication and distribution of)) each county auditor shall print and distribute a local voters' pamphlet. The pamphlet shall provide information on all measures ((within that jurisdiction and may, if specified in the ordinance, include information on)) and candidates within that jurisdiction.
