(1)(a) The minimum monthly salary paid to state patrol troopers and sergeants must be competitive with law enforcement agencies within the boundaries of the state of Washington, guided by the results of a survey undertaken in the collective bargaining process during each biennium. ~~((The salary levels must be guided by the average of compensation paid to the corresponding rank from the Seattle police department, King county sheriff's office, Tacoma police department, Snohomish county sheriff's office, Spokane police department, and Vancouver police department.))~~ Compensation must be calculated using base salary, premium pay (a pay received by more than a majority of employees), education pay, and longevity pay. The compensation comparison data is based on the Washington state patrol and the law enforcement agencies listed in this section. Increases ~~((in))~~ for sergeants will be extended to the salary levels for captains and lieutenants ~~((that are collectively bargained must be proportionate to the))~~ through the collective bargaining process to ensure proportionality of increases ~~((in salaries for troopers and sergeants as a result of the survey described in this section)).~~

If the office of financial management determines that one or more agencies specified in (b)(ii) of this subsection should be replaced in this comparison with a different law enforcement agency that is more relevant to ensure salary competitiveness, the office of financial management may utilize that revised compensation comparison data in the survey undertaken in the collective bargaining process during each biennium.

(2) By December 1, 2024, as part of the salary survey required in this section, the office of financial management must report to the governor and transportation committees of the legislature on the efficacy of Washington state patrol recruitment and retention efforts. Preserving a pregnant individual's ability to access abortion care.

The measure was read the second time.

MOTION

Senator Cleveland moved that the following committee striking amendment by the Committee on Health & Long Term Care be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature affirms that:

(1) It is the longstanding public policy of this state to promote access to affordable, high quality sexual and reproductive health care, including abortion care, without unnecessary burdens or restrictions on patients or providers. In 1970 Washington was one of the first states to decriminalize abortion before *Roe v. Wade*; and in 1991 the people of Washington passed Initiative Measure 120, the reproductive privacy act, further protecting access to abortion services;

(2) It has been 30 years since the passage of the reproductive privacy act. It is time that we modernize and update the language to reflect current medical practice;

(3) In 2004 and 2019, respectively, Washington attorneys general Christine Gregoire and Robert W. Ferguson issued opinions clarifying that Washington state law allows certain qualified advanced practice clinicians to provide early in-clinic and medication abortion care and recommended that Washington statutes be updated to provide further clarity;

(4) Although the abortion rights movement has historically centered on women in our advocacy, that must no longer be the case and it is critical that we recognize that transgender, nonbinary, and gender expansive people also get pregnant and require abortion care. Washington's law should reflect the most inclusive understanding of who needs abortions and be updated with gender neutral language. All people deserve access to

qualified providers in their community who can provide whatever method of abortion care works for them and no individual who chooses to manage their own abortion should fear arrest or prosecution because of their pregnancy decision or outcome; and

(5) All people deserve to make their own decisions about their pregnancies, including deciding to end a pregnancy. It is the public policy of the state of Washington to continue to protect and advance equal rights to access abortion care that meets each individual's needs, regardless of gender or gender identity, race, ethnicity, income level, or place of residence.

Sec. 2. RCW 9.02.100 and 1992 c 1 s 1 are each amended to read as follows:

The sovereign people hereby declare that every individual possesses a fundamental right of privacy with respect to personal reproductive decisions.

Accordingly, it is the public policy of the state of Washington that:

(1) Every individual has the fundamental right to choose or refuse birth control;

(2) Every ~~((woman))~~ pregnant individual has the fundamental right to choose or refuse to have an abortion, except as specifically limited by RCW 9.02.100 through 9.02.170 and 9.02.900 through 9.02.902;

(3) Except as specifically permitted by RCW 9.02.100 through 9.02.170 and 9.02.900 through 9.02.902, the state shall not deny or interfere with a ~~((woman's))~~ pregnant individual's fundamental right to choose or refuse to have an abortion; and

(4) The state shall not discriminate against the exercise of these rights in the regulation or provision of benefits, facilities, services, or information.

Sec. 3. RCW 9.02.110 and 1992 c 1 s 2 are each amended to read as follows:

The state may not deny or interfere with a ~~((woman's))~~ pregnant individual's right to choose to have an abortion prior to viability of the fetus, or to protect ~~((her))~~ the pregnant individual's life or health.

A physician, physician assistant, advanced registered nurse practitioner, or other health care provider acting within the provider's scope of practice may terminate and a health care provider may assist a physician, physician assistant, advanced registered nurse practitioner, or other health care provider acting within the provider's scope of practice in terminating a pregnancy as permitted by this section.

Sec. 4. RCW 9.02.130 and 1992 c 1 s 4 are each amended to read as follows:

The good faith judgment of a physician, physician assistant, advanced registered nurse practitioner, or other health care provider acting within the provider's scope of practice as to viability of the fetus or as to the risk to life or health of a ~~((woman))~~ pregnant individual and the good faith judgment of a health care provider as to the duration of pregnancy shall be a defense in any proceeding in which a violation of this chapter is an issue.

Sec. 5. RCW 9.02.140 and 1992 c 1 s 5 are each amended to read as follows:

Any regulation promulgated by the state relating to abortion shall be valid only if:

(1) The regulation is medically necessary to protect the life or health of the ~~((woman))~~ pregnant individual who is terminating ~~((her))~~ the pregnancy,

(2) The regulation is consistent with established medical practice, and

(3) Of the available alternatives, the regulation imposes the least restrictions on the ~~((woman's))~~ pregnant individual's right to have an abortion as defined by RCW 9.02.100 through 9.02.170 and 9.02.900 through 9.02.902.

Sec. 6. RCW 9.02.160 and 1992 c 1 s 7 are each amended to read as follows:

If the state provides, directly or by contract, maternity care benefits, services, or information ~~((to women))~~ through any program administered or funded in whole or in part by the state, the state shall also provide ~~((women))~~ pregnant individuals otherwise eligible for any such program with substantially equivalent benefits, services, or information to permit them to voluntarily terminate their pregnancies.

Sec. 7. RCW 9.02.170 and 1992 c 1 s 8 are each amended to read as follows:

For purposes of this chapter:

(1) "Viability" means the point in the pregnancy when, in the judgment of the physician, physician assistant, advanced registered nurse practitioner, or other health care provider acting within the provider's scope of practice on the particular facts of the case before such physician, physician assistant, advanced registered nurse practitioner, or other health care provider acting within the provider's scope of practice, there is a reasonable likelihood of the fetus's sustained survival outside the uterus without the application of extraordinary medical measures.

(2) "Abortion" means any medical treatment intended to induce the termination of a pregnancy except for the purpose of producing a live birth.

(3) "Pregnancy" means the reproductive process beginning with the implantation of an embryo.

(4) "Physician" means a physician licensed to practice under chapter 18.57 or 18.71 RCW in the state of Washington.

(5) "Physician assistant" means a physician assistant licensed to practice under chapter 18.71A RCW in the state of Washington.

(6) "Advanced registered nurse practitioner" means an advanced registered nurse practitioner licensed under chapter 18.79 RCW.

(7) "Health care provider" means a ~~((physician or a))~~ person ((acting under the general direction of a physician)) regulated under Title 18 RCW to practice health or health-related services or otherwise practicing health care services in this state consistent with state law.

~~((6))~~ (8) "State" means the state of Washington and counties, cities, towns, municipal corporations, and quasi-municipal corporations in the state of Washington.

~~((7))~~ (9) "Private medical facility" means any medical facility that is not owned or operated by the state.

Sec. 8. RCW 9.02.120 and 1992 c 1 s 3 are each amended to read as follows:

Unless authorized by RCW 9.02.110, any person who performs an abortion on another person shall be guilty of a class C felony punishable under chapter 9A.20 RCW. The state shall not penalize, prosecute, or otherwise take adverse action against an individual based on their actual, potential, perceived, or alleged pregnancy outcomes. Nor shall the state penalize, prosecute, or otherwise take adverse action against someone for aiding or assisting a pregnant individual in exercising their right to reproductive freedom with their voluntary consent.

If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

Concerning overdose and suicide fatality reviews.

The measure was read the second time.

MOTION

Senator Frockt moved that the following committee striking amendment by the Committee on Behavioral Health Subcommittee to Health & Long Term Care be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.05 RCW to read as follows:

(1) The legislature finds that the mortality rate in Washington

state due to overdose, withdrawal related to substance abuse such as opiates, benzodiazepines, and alcohol, and suicide is unacceptably high and that such mortality may be preventable. The legislature further finds that, through the performance of overdose, withdrawal, and suicide fatality reviews, preventable causes of mortality can be identified and addressed, thereby reducing the number of overdose, withdrawal, and suicide fatalities in Washington state.

(2)(a) A local health department may establish multidisciplinary overdose, withdrawal, and suicide fatality review teams to review overdose, withdrawal, and suicide deaths and to develop strategies for the prevention of overdose, withdrawal, and suicide fatalities.

(b) The department shall assist local health departments to collect the reports of any overdose, withdrawal, and suicide fatality reviews conducted by local health departments and assist with entering the reports into a database to the extent that the data is not protected under subsection (3) of this section. Notwithstanding subsection (3) of this section, the department shall respond to any requests for data from the database to the extent permitted for health care information under chapters 70.02 and 70.225 RCW. In addition, the department shall provide technical assistance to local health departments and overdose, withdrawal, and suicide fatality review teams conducting overdose, withdrawal, and suicide fatality reviews and encourage communication among overdose, withdrawal, and suicide fatality review teams.

(c) All overdose, withdrawal, or suicide fatality reviews undertaken under this section shall be shared with the department, subject to the same confidentiality restrictions described in this section.

(3)(a) All health care information collected as part of an overdose, withdrawal, and suicide fatality review is confidential, subject to the restrictions on disclosure provided for in chapter 70.02 RCW. When documents are collected as part of an overdose, withdrawal, and suicide fatality review, the records may be used solely by local health departments for the purposes of the review.

(b) Information, documents, proceedings, records, and opinions created, collected, or maintained by the overdose, withdrawal, and suicide fatality review team or the local health department in support of the review team are confidential and are not subject to public inspection or copying under chapter 42.56 RCW and are not subject to discovery or introduction into evidence in any civil or criminal action.

(c) Any person who was in attendance at a meeting of the review team or who participated in the creation, collection, or maintenance of the review team's information, documents, proceedings, records, or opinions may not be permitted or required to testify in any civil or criminal action as to the content of such proceedings, or the review team's information, documents, records, or opinions. This subsection does not prevent a member of the review team from testifying in a civil or criminal action concerning facts which form the basis for the overdose, withdrawal, and suicide fatality review team's proceedings of which the review team member had personal knowledge acquired independently of the overdose, withdrawal, and suicide fatality review team or which is public information.

(d) Any person who, in substantial good faith, participates as a member of the review team or provides information to further the purposes of the review team may not be subject to an action for civil damages or other relief as a result of the activity or its consequences.

(e) All meetings, proceedings, and deliberations of the overdose, withdrawal, and suicide fatality review team must be confidential and may be conducted in executive session.
