The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. To facilitate transfer of unused moneys originally from other funds and accounts that were deposited into the information technology revolving account as associated with these same projects, and that are not expended by June 30, 2021, the state treasurer is directed to transfer money from other funds and accounts out of the information

technology investment revolving account and deposit into the fund or account of origin in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the state chief information officer and office of financial management. Fifteen percent of total funding allocated by the office of financial management, or another amount as defined jointly by the office of financial management and the office of the state chief information officer, will be retained in the account, but remain allocated to that project. The retained funding will be released to the agency only after successful completion of that stage of the project. For the military department enhanced 911 next generation project and the one Washington project, the amount retained is increased to at least twenty percent of total funding allocated for any stage of that project.

(4)(a) Each project must have a technology budget. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit detailed financial information to the office of financial management and the office of

the state chief information officer. The technology budget must describe the total cost of the project by fiscal month to include and identify:

- (i) Fund sources;
- (ii) Full time equivalent staffing level to include job classification assumptions;
- (iii) A discreet appropriation index and program index;
- (iv) Object and subobject codes of expenditures; and
- (v) Anticipated deliverables.

(5)(a) Each project must have an investment plan that includes:

(i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;

(ii) The office of the state chief information officer staff assigned to the project;

(iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;

(iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;

(v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and

(vi) Financial budget coding to include at least discreet program index and subobject codes.

(6) Projects with estimated costs greater than one hundred million dollars from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the state chief information

officer, except for the one Washington project which must be divided into the following discrete subprojects: Core financials, expanding financials and procurement, budget, and human resources. Each subproject must have a technology budget and investment plan as provided in this section.

(7) (a) The office of the state chief information officer shall maintain an information technology project dashboard that provides updated information each fiscal month on projects subject to this section. This includes, at least:

- (i) Project changes each fiscal month;
- (ii) Noting if the project has a completed market requirements document;
- (iii) Financial status of information technology projects under oversight;
- (iv) Coordination with agencies;

(b) The dashboard must retain a roll up of the entire project cost, including all subprojects, that can be displayed the subproject detail.

(8) If the project affects more than one agency:

(a) A separate technology budget and investment plan must be prepared for each agency; and

(b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.

(9) For any project that exceeds two million dollars in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:

(a) Quality assurance for the project must report independently to the office of the chief information officer;

(b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

(c) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(d) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed; and

(e) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements.

(10) The office of the state chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(11) The office of the state chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the state chief information officer must report on July 1 and December 1 each calendar year, beginning July 1, 2020, any suspension or termination of a project in the previous six month period to the legislative fiscal committees.

(12) The office of the state chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of the state chief information officer must report on July 1 and

December 1 each calendar year, beginning July 1, 2020, any additional projects to be subjected to this section that were identified in the previous six month period to the legislative fiscal committees.

(13) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. For any other information technology project made subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

The fair fund is created in the custody of the state treasury. All moneys received by the department of agriculture for the purposes of this fund and from RCW 67.16.105 shall be deposited into the fund. ~~((Each))~~ Except during fiscal year 2021, each fiscal year, the state treasurer shall transfer into the fair fund from the general fund the sum of two million dollars. NEW SECTION. Sec. 1802. A new section is added to chapter 28A.300 RCW to read as follows:

office and the department of social and health services, shall:

~~((1))~~ (a) Determine eligible credentialed health care professions for the purposes of the health professional loan repayment and scholarship program and the behavioral health loan repayment program authorized by this chapter. Eligibility shall be based upon an assessment that determines that there is a shortage or insufficient availability of a credentialed profession so as to jeopardize patient care and pose a threat to the public health and safety. The department shall consider the relative degree of shortages among professions when determining eligibility. The department may add or remove professions from eligibility based upon the determination that a profession is no longer in shortage. Should a profession no longer be eligible, participants or eligible students who have received scholarships shall be eligible to continue to receive scholarships or loan repayments until they are no longer eligible or until their service obligation has been completed;

~~((2))~~ (b) Determine health professional shortage areas for each of the eligible credentialed health care professions; and

~~((3))~~ (c) Determine underserved behavioral health areas for each of the eligible credentialed health care professions.

In addition, the legislature may appropriate from the account to continue activities begun with, or augmented with, COVID-19 related federal funding.

For the purposes of this chapter, expenditures for the following foster care, adoption support and related services, and child protective services must be forecasted and budgeted as maintenance level costs:

In the request for the waiver, the office is to, among other things, note the increase in state appropriations in K-12 and higher education programs for fiscal years 2022 and 2023 compared to the combined average of appropriations for 2017, 2018, and 2019 for these programs, demonstrating a growth in state spending in K-12 and higher education in the relevant period. The office of financial management must coordinate with the office of the superintendent of public instruction in applying for the waiver.

NEW SECTION. **Sec. 1808.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. **Sec. 1809.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 1810.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

With the consent of the House, amendments (526) and (527) were withdrawn.

Representative Stokesbary withdrew amendment (533).

Representative Stokesbary moved the adoption of amendment (534) to the striking amendment (494):

On page 1, after line 2, insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that despite the coronavirus pandemic and related economic impacts, state tax revenues for fiscal year 2021 are projected to be ten percent higher than in fiscal year 2020. Revenue projections have nearly returned to levels assumed in February 2020, prior to the pandemic, and for the 2021-23 biennium the state is projected to collect \$4.281 billion more in tax revenue than in the 2019-21 biennium. Although state tax revenues are strong, unemployment remains high and the state has not recovered its pandemic-related job losses. The legislature further finds that a capital gains tax would hamper our state's economic recovery by deterring investment, innovation, and job growth.

Therefore, it is the intent of the legislature to adopt an omnibus operating budget that neither implements nor assumes a capital gains tax while still fully supporting the remaining appropriations and policies assumed in this act, including Engrossed Substitute House Bill No. 1297 (working families tax exemption), and meeting the statutory balanced budget requirements."

"**Sec. 1.** RCW 28A.230.300 and 2019 c 180 s 2 are each amended to read as follows:

(1) Beginning no later than the 2022-23 school year, each school district that operates a high school must, at a minimum, provide an opportunity for all high school students to access ~~((an elective))~~ one academic credit of computer science ~~((course that is available to all high school students))~~. School districts are encouraged to consider community-based or public-private partnerships in establishing and administering ~~((a))~~ computer science courses, but any course offered in accordance with this section must be aligned to the state learning standards for computer science or mathematics.

(2) In accordance with the requirements of this section, beginning in the 2019-20 school year, school districts may award academic credit for computer science to students based on student completion of a competency examination that is aligned with the state learning standards for computer science or mathematics and course

equivalency requirements adopted by the office of the superintendent of public instruction to implement this section. Each school district board of directors in districts that award credit under this subsection shall develop a written policy for awarding such credit that includes:

(a) A course equivalency approval procedure;

(b) Procedures for awarding competency-based credit for skills learned partially or wholly outside of a course; and

(c) An approval process for computer science courses taken before attending high school under RCW 28A.230.090 (4) and (5).

(3) Prior to the use of any competency examination under this section that may be used to award academic credit to students, the office of the superintendent of public instruction must review the examination to ensure its alignment with:

(a) The state learning standards for computer science or mathematics; and

(b) Course equivalency requirements adopted by the office of the superintendent of public instruction to implement this section.

**Sec. 2.** RCW 28A.230.090 and 2020 c 307 s 6 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under

RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postschool transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)(iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

(v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program, the Washington college grant, and other scholarship opportunities;

(F) Evidence that the student has received the following information on

federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing

the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal. Beginning with the graduating class of 2026, the rules must require that students earn one academic credit in computer science aligned to the state learning standards for computer science or mathematics.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs

that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the

district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit."

The bill contains an additional finding that health care providers do not want to bill patients directly for costs associated with personal protective equipment.

My question relates to self-funded health plans. When a provider bills personal protective equipment to a patient on a self-funded health plan and the third party administrator does not pay the PPE claim, does that language in the bill place liability on the member because the PPE is not a 'covered benefit'?"

Representative Cody: "Thank you for that question. No. The bill regulates the reimbursement rate during the public health emergency that insurers will pay. The provider could not seek reimbursement directly from patients, so there would be no liability for self-funded enrollees."

The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Substitute Senate Bill No. 5169.

NEW SECTION. **Sec. 8.** A new section is added to chapter 42.56 RCW to read as follows:

The reports and information compiled pursuant to sections 1 and 7 of this act are confidential and may not be disclosed under this chapter.

**Sec. 9.** RCW 43.105.007 and 2015 3rd sp.s. c 1 s 101 are each amended to read as follows:

Information technology is a tool used by state agencies to improve their ability to deliver public services efficiently and effectively. Advances in information technology, including advances in hardware, software, and business processes for implementing and managing these resources, offer new opportunities to improve the level of support provided to citizens and state agencies and to reduce the per-transaction cost of these services. These advances are one component in the process of reengineering how government delivers services to citizens.

To fully realize the service improvements and cost efficiency from the effective application of information technology to its business processes, state government must establish decision-making structures that connect business processes and information technology in an operating model. Many of these business practices transcend individual agency processes and should be worked at the enterprise level. To do this requires an effective partnership of executive management, business processes owners, and providers of support functions necessary to efficiently and effectively deliver services to citizens.

To maximize the potential for information technology to contribute to government business process reengineering, the state must establish clear central authority to plan, set enterprise policies and standards, and provide project oversight and management analysis of the various aspects of a business process.

Establishing a state chief information officer as the director of the consolidated technology services agency will provide state government with the cohesive structure necessary to develop improved operating models with agency directors and reengineer business process to enhance service delivery while capturing savings.

To achieve maximum benefit from advances in information technology, the state establishes a centralized provider and procurer of certain information technology services as an ~~(agency)~~ office within the office of cybersecurity, but is hereinafter

referred to as "agency," to support the needs of public agencies. This agency shall be known as the consolidated technology services agency. To ensure maximum benefit to the state, state agencies shall rely on the consolidated technology services agency for those services with a business case of broad use, uniformity, scalability, and price sensitivity to aggregation and volume.

To successfully meet public agency needs and meet its obligation as the primary service provider for these services, the ~~((consolidated technology services))~~ agency must offer high quality services at the best value. It must be able to attract an adaptable and competitive workforce, be authorized to procure services where the business case justifies it, and be accountable to its customers for the efficient and effective delivery of critical business services.

The consolidated technology services agency is established with clear accountability to the agencies it serves and to the public. This accountability will come through enhanced transparency in the agency's operation and performance. ~~((The agency is also established with broad flexibility to adapt its operations and service catalog to address the needs of customer agencies, and to do so in the most cost-effective ways.))~~

**Sec. 10.** RCW 43.105.020 and 2017 c 92 s 2 are each amended to read as follows:

**Sec. 17.** RCW 43.105.225 and 2015 3rd sp.s. c 1 s 204 are each amended to read as follows:

Management of information technology across state government requires managing resources and business processes across multiple agencies. It is

no longer sufficient to pursue efficiencies within agency or individual business process boundaries. The state must manage the business process changes and information technology in support of business processes as a statewide portfolio. The ~~((director))~~ chief information security officer will use agency information technology portfolio planning as input to develop a statewide portfolio to guide resource allocation and prioritization decisions.

**Sec. 18.** RCW 43.105.235 and 2015 3rd sp.s. c 1 s 206 are each amended to read as follows:

(1) Each state agency shall develop an information technology portfolio consistent with RCW 43.105.341. The superintendent of public instruction shall develop its portfolio in conjunction with educational service districts and statewide or regional providers of K-12 education information technology services.

(2) The ~~((director))~~ chief information security officer may exempt any state agency from any or all of the requirements of this section.

**Sec. 19.** RCW 43.105.245 and 2015 3rd sp.s. c 1 s 208 are each amended to read as follows:

(1) The office shall establish standards and policies governing the planning, implementation, and evaluation of major information technology projects, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. The standards and policies shall:

(a) Establish criteria to identify projects which are subject to this section. Such criteria shall include, but not be limited to, significant anticipated cost, complexity, or statewide significance of the project; and

(b) Establish a model process and procedures which state agencies shall follow in developing and implementing projects within their information technology portfolios. This process may include project oversight experts or panels, as appropriate. State agencies may propose, for approval by the office, a process and procedures unique to the agency. The office may accept or require

modification of such agency proposals or the office may reject those proposals and require use of the model process and procedures established under this subsection. Any process and procedures developed under this subsection shall require (i) distinct and identifiable phases upon which funding may be based, (ii) user validation of products through system demonstrations and testing of prototypes and deliverables, and (iii) other elements identified by the office.

The ~~((director))~~ chief information security officer may suspend or terminate a major project, and direct that the project funds be placed into unallotted reserve status, if the ~~((director))~~ chief information security officer determines that the project is not meeting or is not expected to meet anticipated performance standards.

(2) The office of financial management shall establish policies and standards consistent with portfolio-based information technology management to govern the funding of projects developed under this section. The policies and standards shall provide for:

(a) Funding of a project under terms and conditions mutually agreed to by the director, the director of financial management, and the head of the agency proposing the project. However, the office of financial management may require incremental funding of a project on a phase-by-phase basis whereby funds for a given phase of a project may be released only when the office of financial management determines, with the advice of the ~~((director))~~ chief information security officer, that the previous phase is satisfactorily completed; and

(b) Other elements deemed necessary by the office of financial management.

**Sec. 20.** RCW 43.105.255 and 2015 3rd sp.s. c 1 s 209 are each amended to read as follows:

(1) Prior to making a commitment to purchase, acquire, or develop a major information technology project or service, state agencies must provide a proposal to the office outlining the business case of the proposed product or service, including the up-front and ongoing cost of the proposal.

(2) Within thirty days of receipt of a proposal, the office shall approve the

proposal, reject it, or propose modifications.

(3) In reviewing a proposal, the office must determine whether the product or service is consistent with:

(a) The standards and policies developed by the ~~((director))~~ office of cybersecurity pursuant to RCW 43.105.054; and

(b) The state's enterprise-based strategy.

(4) If a substantially similar product or service is offered by the ~~((agency))~~ office of cybersecurity, the ~~((director))~~ chief information security officer may require the state agency to procure the product or service through the ~~((agency))~~ office of cybersecurity, if doing so would benefit the state as an enterprise.

(5) The office shall provide guidance to state agencies as to what threshold of information technology spending constitutes a major information technology product or service under this section.

**Sec. 21.** RCW 43.88.090 and 2015 3rd sp.s. c 1 s 409 are each amended to read as follows:

(1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The governor shall communicate statewide priorities to state agencies for use in developing biennial budget recommendations for their agency and shall seek public involvement and input on these priorities. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The

estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110. The estimates must reflect that the agency considered any alternatives to reduce costs or improve service delivery identified in the findings of a performance audit of the agency by the joint legislative audit and review committee. Nothing in this subsection requires performance audit findings to be published as part of the budget.

(2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The mission and goals of each agency must conform to statutory direction and limitations.

(3) For the purpose of assessing activity performance, each state agency shall establish quality and productivity objectives for each major activity in its budget. The objectives must be consistent with the missions and goals developed under this section. The objectives must be expressed to the extent practicable in outcome-based, objective, and measurable form unless an exception to adopt a different standard is granted by the office of financial management and approved by the legislative committee on performance review. Objectives must specifically address the statutory purpose or intent of the program or activity and focus on data that measure whether the agency is achieving or making progress toward the purpose of the activity and toward statewide priorities. The office of financial management shall provide necessary professional and technical assistance to assist state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(4) Each state agency shall adopt procedures for and perform continuous self-assessment of each activity, using the mission, goals, objectives, and measurements required under subsections

(2) and (3) of this section. The assessment of the activity must also include an evaluation of major information technology systems or projects that may assist the agency in achieving or making progress toward the activity purpose and statewide priorities. The evaluation of proposed major information technology systems or projects shall be in accordance with the standards and policies established by the technology services board. Agencies' progress toward the mission, goals, objectives, and measurements required by subsections (2) and (3) of this section is subject to review as set forth in this subsection.

(a) The office of financial management shall regularly conduct reviews of selected activities to analyze whether the objectives and measurements submitted by agencies demonstrate progress toward statewide results.

(b) The office of financial management shall consult with: (i) The four-year institutions of higher education in those reviews that involve four-year institutions of higher education; and (ii) the state board for community and technical colleges in those reviews that involve two-year institutions of higher education.

(c) The goal is for all major activities to receive at least one review each year.

(d) The ~~((consolidated technology services agency))~~ office of cybersecurity shall periodically review major information technology systems ~~((in use))~~ used by state agencies ~~((periodically))~~.

(5) It is the policy of the legislature that each agency's budget recommendations must be directly linked to the agency's stated mission and program, quality, and productivity goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of an activity's success in achieving its goals. When a review under subsection (4) of this section or other analysis determines that the agency's objectives demonstrate that the agency is making insufficient progress toward the goals of any particular program or is otherwise underachieving or inefficient, the agency's budget request shall contain proposals to remedy or improve the

selected programs. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor's budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 biennium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state's budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

(6) In reviewing agency budget requests in order to prepare the governor's biennial budget request, the office of financial management shall consider the extent to which the agency's activities demonstrate progress toward the statewide budgeting priorities, along with any specific review conducted under subsection (4) of this section.

(7) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

**Sec. 22.** RCW 43.105.287 and 2015 3rd sp.s. c 1 s 212 are each amended to read as follows:

The board shall have the following powers and duties related to information services:

(1) To review and approve standards and policies, developed by the office, governing the acquisition and disposition of equipment, proprietary software, and purchased services, licensing of the radio spectrum by or on behalf of state agencies, and confidentiality of computerized data;

(2) To review and approve statewide or interagency technical policies and standards developed by the office;

(3) To review, approve, and provide oversight of major information technology projects to ensure that no major information technology project proposed by a state agency is approved or authorized funding by the board without consideration of the technical and financial business case for the project, including a review of:

(a) The total cost of ownership across the life of the project;

(b) All major technical options and alternatives analyzed, and reviewed, if necessary, by independent technical sources; and

(c) Whether the project is technically and financially justifiable when compared against the state's enterprise-based strategy, long-term technology trends, and existing or potential partnerships with private providers or vendors;

(4) To review and approve standards and common specifications for new or expanded telecommunications networks proposed by state agencies, public postsecondary education institutions, educational service districts, or statewide or regional providers of K-12 information technology services, and to assure the cost-effective development and incremental implementation of a statewide video telecommunications system to serve: Public schools; educational service districts; vocational-technical institutes; community colleges; colleges and universities; state and local government; and the general public through public affairs programming;

(5) To develop a policy to determine whether a proposed project, product, or service should undergo an independent technical and financial analysis prior to submitting a request to the office of financial management for the inclusion in any proposed operating, capital, or transportation budget;

(6) To approve contracting for services and activities under RCW 41.06.142(~~((7))~~) (11) for the ~~((agency))~~ office of cybersecurity. To approve any service or activity to be contracted under RCW 41.06.142(~~((7))~~) (11), the board must also review the proposed business plan and recommendation submitted by the office;

(7) To consider, on an ongoing basis, ways to promote strategic investments in enterprise-level information technology projects that will result in service improvements and cost efficiency;

(8) To provide a forum to solicit external expertise and perspective on developments in information technology, enterprise architecture, standards, and policy development; ~~((and))~~

(9) To provide a forum where ideas and issues related to information technology plans, policies, and standards can be reviewed; and

**Sec. 23.** RCW 41.06.142 and 2020 c 269 s 2 are each amended to read as follows:

(1) If any department, agency, or institution of higher education intends to contract for services that, on or after July 1, 2005, have been customarily and historically provided by, and would displace or relocate, employees in the classified service under this chapter, a department, agency, or institution of higher education may do so by contracting with individuals, nonprofit organizations, businesses, employee business units, or other entities if the following criteria are met:

(a) A comprehensive impact assessment is completed by the agency, department, or institution of higher education to

assist it in determining whether the decision to contract out is beneficial.

(i) The comprehensive impact assessment must include at a minimum the following analysis:

(A) An estimate of the cost of performance of the service by employees, including the fully allocated costs of the service, the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. The estimate must not include the state's indirect overhead costs unless those costs can be attributed directly to the function in question and would not exist if that function were not performed in state service;

(B) An estimate of the cost of performance of the services if contracted out, including the cost of administration of the program and allocating sufficient employee staff time and resources to monitor the contract and ensure its proper performance by the contractor;

(C) The reason for proposing to contract out, including the objective the agency would like to achieve; and

(D) The reasons for the determination made under (e) of this subsection.

(ii) When the contract will result in termination of state employees or elimination of state positions, the comprehensive impact assessment may also include an assessment of the potential adverse impacts on the public from outsourcing the contract, such as loss of employment, effect on social services and public assistance programs, economic impacts on local businesses and local tax revenues, and environmental impacts;

(b) The invitation for bid or request for proposal contains measurable standards for the performance of the contract;

(c) Employees whose positions or work would be displaced by the contract are provided an opportunity to offer alternatives to purchasing services by contract and, if these alternatives are not accepted, compete for the contract under competitive contracting procedures in subsection (7) of this section;

(d) The department, agency, or institution of higher education has established a contract monitoring process to measure contract performance, costs, service delivery quality, and

other contract standards, and to cancel contracts that do not meet those standards; and

(e) The department, agency, or institution of higher education has determined that the contract results in savings or efficiency improvements. The contracting agency, department, or institution of higher education must consider the consequences and potential mitigation of improper or failed performance by the contractor.

(2)(a) The agency, department, or institution of higher education must post on its website the request for proposal, the contract or a statement that the agency, department, or institution of higher education did not move forward with contracting out, and the comprehensive impact assessment pursuant to subsection (1) of this section.

(b) The agency, department, or institution of higher education must maintain the information in (a) of this subsection in its files in accordance with the record retention schedule under RCW 40.14.060.

(3) Every five years or upon completion of the contract, whichever comes first, the agency, department, or institution of higher education must prepare and maintain in the contract file a report, which must include at a minimum the following information:

(a) Documentation of the contractor's performance as measured by the itemized performance standards;

(b) Itemization of any contract extensions or change orders that resulted in a change in the dollar value or cost of the contract; and

(c) A report of any remedial actions that were taken to enforce compliance with the contract, together with an estimate of the cost incurred by the agency, department, or institution of higher education in enforcing such compliance.

(4) In addition to any other terms required by law, the terms of any agreement to contract out a service pursuant to this section must include terms that address the following:

(a) The contract's contract management provision must allow review of the contractor's performance;

(b) The contract's termination clauses must allow termination of the contract if the contractor fails to meet the terms of the contract, including failure to meet performance standards or failure to provide the services at the contracted price;

(c) The contract's damages provision must allow recovery of direct damages and, when applicable, indirect damages that the agency, department, or institution of higher education incurs due to the contractor's breach of the agreement;

(d) If the contractor will be using a subcontractor for performance of services under the contract, the contract must allow the agency, department, or institution of higher education to obtain information about the subcontractor, as applicable to the performance of services under the agreement; and

(e) A provision requiring the contractor to consider employment of employees who may be displaced by the contract, if the contract is with an entity other than an employee business unit.

(5) Any provision contrary to or in conflict with this section in any collective bargaining agreement in effect on July 1, 2005, is not effective beyond the expiration date of the agreement.

(6) When contracting out for services as authorized in this section the agency, department, or institution of higher education must ensure firms adhere to the values of the state of Washington under RCW 49.60.030, which provide its citizens freedom from discrimination. Any relationship with a potential or current industry partner that is found to have violated RCW 49.60.030 by the attorney general shall not be considered and must be immediately terminated unless:

(a) The industry partner has fulfilled the conditions or obligations associated with any court order or settlement resulting from that violation; or

(b) The industry partner has taken significant and meaningful steps to correct the violation, as determined by the Washington state human rights commission.

(7) Competitive contracting shall be implemented as follows:

(a) At least ninety days prior to the date the contracting agency, department, or institution of higher education requests bids from private entities for a contract for services provided by employees, the contracting agency, department, or institution of higher education shall notify the employees whose positions or work would be displaced by the contract. The employees shall have sixty days from the date of notification to offer alternatives to purchasing services by contract, and the agency, department, or institution of higher education shall consider the alternatives before requesting bids.

(b) If the employees decide to compete for the contract, they shall notify the contracting agency, department, or institution of higher education of their decision. Employees must form one or more employee business units for the purpose of submitting a bid or bids to perform the services.

(c) The department of enterprise services, with the advice and assistance of the office of financial management, shall develop and make available to employee business units training in the bidding process and general bid preparation.

(d) The director of enterprise services, with the advice and assistance of the office of financial management, shall, by rule, establish procedures to ensure that bids are submitted and evaluated in a fair and objective manner and that there exists a competitive market for the service. Such rules shall include, but not be limited to: (i) Prohibitions against participation in the bid evaluation process by employees who prepared the business unit's bid or who perform any of the services to be contracted; (ii) provisions to ensure no bidder receives an advantage over other bidders and that bid requirements are applied equitably to all parties; and (iii) procedures that require the contracting agency, department, or institution of higher education to receive complaints regarding the bidding process and to consider them before awarding the contract. Appeal of an agency's, department's, or institution of higher education's actions under this subsection is an adjudicative proceeding and subject to the applicable provisions of chapter 34.05 RCW, the administrative procedure act, with the final decision to

be rendered by an administrative law judge assigned under chapter 34.12 RCW.

(e) An employee business unit's bid must include the fully allocated costs of the service, including the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. An employee business unit's cost shall not include the state's indirect overhead costs unless those costs can be attributed directly to the function in question and would not exist if that function were not performed in state service.

(f) A department, agency, or institution of higher education may contract with the department of enterprise services to conduct the bidding process.

(8) (a) As used in this section:

**Sec. 38.** RCW 43.88.160 and 2015 3rd sp.s. c 1 s 303 and 2015 3rd sp.s. c 1 s 109 are each reenacted and amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and

the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed

managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

(i) For those agencies that the director determines internal audit is required, the agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both.

(ii) For those agencies that the director determines internal audit is not required, the agency head or authorized designee may establish and maintain internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both, but at a minimum must comply with policies as established by the director to assess the effectiveness of the agency's systems of internal controls and risk management processes;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing

committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter the plans, except that for the following agencies no amendment or alteration of the plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized employee years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix the number or the classes for the following: Agencies headed by elective officials;

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic

maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than equipment maintenance providers or as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of enterprise services but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than twelve months after such payment except that institutions of higher education as defined in RCW 28B.10.016 and the ~~((consolidated technology services agency created in RCW 43.105.006))~~ office of cybersecurity and information oversight established under section 1 of this act may make payments in advance for equipment maintenance services to be performed up to sixty months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with rules issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of

public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance verifications and performance audits as expressly authorized by the legislature in the omnibus biennial appropriations acts or in the performance audit work plan approved by the joint legislative audit and review committee. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the

joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken within six months, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110. The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel actions, costs and types of litigation, and value of recouped goods or services.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

In addition to the authority given to the state auditor in this subsection (6), the state auditor is authorized to conduct performance audits identified in RCW 43.09.470. Nothing in this subsection (6) shall limit, impede, or restrict the state auditor from conducting performance audits identified in RCW 43.09.470.

(7) The joint legislative audit and review committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in chapter 44.28 RCW as well as performance audits and program evaluations. To this end the joint committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs, and generally for an improved level of fiscal management.

"**Sec. 1.** RCW 9.94A.030 and 2020 c 296 s 2, 2020 c 252 s 4, and 2020 c 137 s 1 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the

community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(7) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(8) "Confinement" means total or partial confinement.

(9) "Conviction" means an adjudication of guilt pursuant to Title 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere, and any issued certificates of restoration of opportunity pursuant to RCW 9.97.020.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon. However, when a defendant is charged with a recidivist offense, "criminal history" includes a vacated prior conviction for the sole purpose of establishing that such vacated prior conviction constitutes an element of the present recidivist offense as provided in

RCW 9.94A.640(~~((3))~~) (4)(b) and 9.96.060(~~((6))~~) (7)(c).

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(a) To gain admission, prestige, or promotion within the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or

**Sec. 2.** RCW 9.94A.640 and 2019 c 331 s 3 are each amended to read as follows:

(1) Every offender who has been discharged under RCW 9.94A.637 may apply to the sentencing court for a vacation of the offender's record of conviction. If the court finds the offender meets the tests prescribed in subsection (2) of this section, the court may clear the record of conviction by: (a) Permitting the offender to withdraw the offender's plea of guilty and to enter a plea of not

guilty; or (b) if the offender has been convicted after a plea of not guilty, by the court setting aside the verdict of guilty; and (c) by the court dismissing the information or indictment against the offender.

(2) An offender may not have the record of conviction cleared if:

(a) There are any criminal charges against the offender pending in any court of this state or another state, or in any federal court;

(b) The offense was a violent offense as defined in RCW 9.94A.030 or crime against persons as defined in RCW 43.43.830, except the following offenses may be vacated if the conviction did not include a firearm, deadly weapon, or sexual motivation enhancement: (i) Assault in the second degree under RCW 9A.36.021; (ii) assault in the third degree under RCW 9A.36.031 when not committed against a law enforcement officer or peace officer; and (iii) robbery in the second degree under RCW 9A.56.210;

(c) The offense is a class B felony and the offender has been convicted of a new crime in this state, another state, or federal court in the ten years prior to the application for vacation;

(d) The offense is a class C felony and the offender has been convicted of a new crime in this state, another state, or federal court in the five years prior to the application for vacation;

(e) The offense is a class B felony and less than ten years have passed since the later of: (i) The applicant's release from community custody; (ii) the applicant's release from full and partial confinement; or (iii) the applicant's sentencing date;

(f) The offense was a class C felony, other than a class C felony described in RCW 46.61.502(6) or 46.61.504(6), and less than five years have passed since the later of: (i) The applicant's release from community custody; (ii) the applicant's release from full and partial confinement; or (iii) the applicant's sentencing date; or

(g) The offense was a felony described in RCW 46.61.502 or 46.61.504.

(3) If the applicant is a victim of sex trafficking, prostitution, commercial sexual abuse of a minor, or sexual assault, the victim or the

prosecutor of the county in which the victim was sentenced may apply to the sentencing court or the sentencing court's successor to vacate the victim's record of conviction for a class B or class C felony offense using the process in section 3 of this act. When preparing or filing the petition, the prosecutor is not deemed to be providing legal advice or legal assistance on behalf of the victim, but is fulfilling an administrative function on behalf of the state in order to further their responsibility to seek to reform and improve the administration of criminal justice. A record of conviction vacated using the process in section 3 of this act is subject to subsection (4) of this section.

(4)(a) Except as otherwise provided, once the court vacates a record of conviction under subsection (1) of this section, the fact that the offender has been convicted of the offense shall not be included in the offender's criminal history for purposes of determining a sentence in any subsequent conviction, and the offender shall be released from all penalties and disabilities resulting from the offense. For all purposes, including responding to questions on employment applications, an offender whose conviction has been vacated may state that the offender has never been convicted of that crime. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution, and nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040.

(b) A conviction vacated on or after July 28, 2019, qualifies as a prior conviction for the purpose of charging a present recidivist offense occurring on or after July 28, 2019, and may be used to establish an ongoing pattern of abuse for purposes of RCW 9.94A.535.

NEW SECTION. Sec. 3. A new section is added to chapter 9.94A RCW to read as follows:

(1)(a) A victim of sex trafficking, prostitution, commercial sexual abuse of a minor, or sexual assault may apply to the sentencing court or the sentencing

court's successor to vacate the victim's record of conviction for a class B or class C felony offense.

(b) The prosecutor of a county in which a victim of sex trafficking, prostitution, commercial sexual abuse of a minor, or sexual assault was sentenced for a class B or class C felony offense may exercise discretion to apply to the court on behalf of the state recommending that the court vacate the victim's record of conviction by submitting the information required in subsection (2) of this section. If the court finds the application meets the requirements of subsection (2) of this section, the court may decide whether to grant the application to vacate the record.

(2) In order to vacate a record of conviction for a class B or class C felony offense committed as a result of being a victim of sex trafficking, prostitution, commercial sexual abuse of a minor, or sexual assault, the applicant must meet the following requirements:

(b) There are no criminal charges against the applicant pending in any court of this state or another state, or in any federal court for any offense other than prostitution;

(c) If the victim's offense is a class C felony, the offender has not been convicted of a new offense in this state, another state, or federal or tribal court in the five years prior to the vacation application;

(d) If the victim's offense is a class B felony, the offender has not been convicted of a new offense in this state, another state, or federal or tribal court in the 10 years prior to the vacation application;

(e) Provide proof that the crime victim penalty assessment, RCW 7.68.035, has been paid in full; and

(f) If applicable, restitution owed to any victim, excluding restitution owed to any insurance provider under Title 48 RCW, has been paid in full.

(3) An applicant may not have a record of conviction for a class B or class C felony offense vacated if:

(a) The offense was a violent offense as defined in RCW 9.94A.030 or crime against persons as defined in RCW 43.43.830, except the following offenses may be vacated if the conviction did not include a firearm, deadly weapon, or sexual motivation enhancement: (i) Assault in the second degree under RCW 9A.36.021; (ii) assault in the third degree under RCW 9A.36.031 when not committed against a law enforcement officer or peace officer; and (iii) robbery in the second degree under RCW 9A.56.210;

(b) The offense was a felony described in RCW 46.61.502, 46.61.504, or 46.61.5055; or

**Sec. 4.** RCW 9.96.060 and 2020 c 29 s 18 are each amended to read as follows:

(1) When vacating a conviction under this section, the court effectuates the vacation by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) Every person convicted of a misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the requirements of this subsection, the court may in its discretion vacate the record of conviction. Except as provided in subsections (3), (4), and (5) of this section, an applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

(a) The applicant has not completed all of the terms of the sentence for the offense;

(b) There are any criminal charges against the applicant pending in any court of this state or another state, or

in any federal or tribal court, at the time of application;

(c) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(d) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense or less than ten years has elapsed since the date of the arrest for the prior offense;

(e) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses), except for failure to register as a sex offender under RCW 9A.44.132;

(f) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family or household member against another or by one intimate partner against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has two or more domestic violence convictions stemming from different incidents. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(g) For any offense other than those described in (f) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(h) The offender has been convicted of a new crime in this state, another state, or federal or tribal court in the three years prior to the vacation application; or

(i) The applicant is currently restrained by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party or was previously restrained by such an order and was found to have committed one or more violations of the order in the five years prior to the vacation application.

~~(3) ((Subject to RCW 9.96.070, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:~~

~~(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or~~

~~(b) The offender has been convicted of another crime, except prostitution, in~~

~~this state, another state, or federal court since the date of conviction. The limitation in this subsection (3)(b) does not apply to convictions where the offender proves by a preponderance of the evidence that he or she committed the crime as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq., according to the requirements provided in RCW 9.96.070 for each respective conviction)~~ If the applicant is a victim of sex trafficking, prostitution, commercial sexual abuse of a minor, or sexual assault, or the prosecutor applies on behalf of the state, the sentencing court may vacate the record of conviction if the application satisfies the requirements of section 5 of this act. When preparing or filing the petition, the prosecutor is not deemed to be providing legal advice or legal assistance on behalf of the victim, but is fulfilling an administrative function on behalf of the state in order to further their responsibility to seek to reform and improve the administration of criminal justice. A record of conviction vacated using the process in section 5 of this act is subject to subsections (6) and (7) of this section.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5) Every person convicted of a misdemeanor marijuana offense, who was twenty-one years of age or older at the time of the offense, may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. A misdemeanor marijuana offense includes, but is not limited to: Any offense under RCW 69.50.4014, from July 1, 2004, onward, and its predecessor statutes, including RCW 69.50.401(e), from March 21, 1979, to July 1, 2004, and RCW 69.50.401(d), from May 21, 1971, to March 21, 1979, and any offense under an equivalent municipal ordinance. If an applicant qualifies under this subsection, the court shall vacate the record of conviction.

(6) A person who is a family member of a homicide victim may apply to the sentencing court on the behalf of the victim for vacation of the victim's record of conviction for prostitution under RCW 9A.88.030. If an applicant qualifies under this subsection, the court shall vacate the victim's record of conviction.

(7)(a) Except as provided in (c) of this subsection, once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. However, nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an

offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, ~~((26.10.220,))~~ 26.26B.050, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

(c) A conviction vacated on or after July 28, 2019, qualifies as a prior conviction for the purpose of charging a present recidivist offense as defined in RCW 9.94A.030 occurring on or after July 28, 2019.

~~((7))~~ (8) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

NEW SECTION. **Sec. 5.** A new section is added to chapter 9.96 RCW to read as follows:

(c) If the offense is a misdemeanor, the offender has not been convicted of a new crime in this state, another state, or federal or tribal court in the three years prior to the vacation application;

(d) Except where the conviction to be vacated is for the crime of prostitution, prostitution loitering, or stay out of area of prostitution, provide proof that the crime victim penalty assessment, RCW 7.68.035, has been paid in full;

A report by the Washington state institute for public policy found that the scholarship increases high school graduation rates, probability of on-time college enrollment, college persistence, and college graduation rates. However, more than one quarter of eligible students are unable to access the scholarship, often

because a parent or guardian did not sign the pledge as required by the program. The legislature finds that the parent or guardian signature has become an unintended barrier to entry, a problem made more acute as students are receiving their education remotely during the COVID-19 pandemic and have less access to school teachers, counselors, and peers. Therefore, the legislature intends with this act to remove the parent or guardian signature requirement while retaining the requirement that students maintain a "C" average for consideration of admission to a public or private four-year higher education institution and avoid serious interactions with the criminal justice system for four years. In order to ensure that the legislature will fulfill its promise to provide a scholarship upon graduation, the legislature intends by this act to create a statutory contractual right for students who fulfill scholarship requirements that vests when the student becomes first eligible for the scholarship.

**Sec. 2.** RCW 28B.118.010 and 2019 c 406 s 44 and 2019 c 298 s 1 are each reenacted and amended to read as follows:

ENGROSSED SUBSTITUTE SENATE BILL NO. 5203, as amended by the House, having received the necessary constitutional majority, was declared passed.

**ENGROSSED SUBSTITUTE SENATE BILL NO. 5235, by Senate Committee on Housing & Local Government (originally sponsored by Liias, Das, Nguyen, Nobles, Saldaña and C. Wilson)**

**Increasing housing unit inventory by removing arbitrary limits on housing options.**

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Local Government was not adopted. (For Committee amendment, see Journal, Day 72, March 23, 2021).

With the consent of the House, amendments (616), (484) and (465) were withdrawn.

Representative Shewmake moved the adoption of striking amendment (569):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that local zoning laws can contribute to limiting the housing available for Washingtonians. The legislature finds that reducing these barriers can increase affordable housing options. The legislature finds that accessory dwelling units can be one way to add affordable long-term housing and to provide a needed increase in housing density. However, the legislature finds that research from several cities shows that when accessory dwelling units are built and offered for short-term rental for tourists and business visitors, they may not improve housing affordability. Therefore, it is the intent of the legislature to encourage reducing barriers to accessory dwelling units when

local governments have programs to incentivize or assure that they will be utilized for long-term housing. The legislature finds that owner occupancy requirements may provide an appropriate means for local governments to ensure community impacts of accessory dwelling units are mitigated and allow for relaxation of other requirements, when they are an element of a program to reduce short-term rental of accessory dwelling units. The legislature also intends to remove barriers and restrictions on the number of unrelated occupants permitted to live together, which will provide additional affordable housing options.

**Sec. 2.** RCW 36.70A.696 and 2020 c 217 s 2 are each amended to read as follows:

The definitions in this section apply throughout RCW 36.70A.697 and 36.70A.698 unless the context clearly requires otherwise.

**Sec. 3.** RCW 36.70A.697 and 2020 c 217 s 3 are each amended to read as follows:

(1)(a) Cities must adopt or amend by ordinance, and incorporate into their development regulations, zoning regulations, and other official controls the requirements of RCW 36.70A.698(1) to take effect by July 1, 2021.

~~((2))~~ (b) Beginning July 1, 2021, the requirements of RCW 36.70A.698(1):

(2)(a) Cities and counties must adopt or amend by ordinance, and incorporate into their development regulations, zoning regulations, and other official controls the requirements of RCW 36.70A.698(2) within two years of the next applicable deadline for its comprehensive plan to be reviewed under RCW 36.70A.130 after July 1, 2021.

(b) Beginning two years after the next applicable deadline for the review of a county's or city's comprehensive plan under RCW 36.70A.130 after July 1, 2021, the requirements of RCW 36.70A.698(2) apply and take effect in any city or

county that has not adopted or amended ordinances, regulations, or other official controls as required under this section, and preempt any conflicting development regulations.

**Sec. 4.** RCW 36.70A.698 and 2020 c 217 s 4 are each amended to read as follows:

(1)(a) Except as provided in ((subsection[s] (2) and (3) of this section)) (b) and (c) of this subsection, through ordinances, development regulations, zoning regulations, and other official controls as required under RCW 36.70A.697(1)(a), cities may not require the provision of off-street parking for accessory dwelling units within one-quarter mile of a major transit stop.

((2)) (b) A city may require the provision of off-street parking for an accessory dwelling unit located within one-quarter mile of a major transit stop if the city has determined that the accessory dwelling unit is in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the accessory dwelling unit.

((3)) (c) A city that has adopted or substantively amended accessory dwelling unit regulations within the four years previous to June 11, 2020, is not subject to the requirements of this ((section)) subsection (1).

(2) Through ordinances, development regulations, and other official controls adopted or amended as required under RCW 36.70A.697(2):

(a) Cities and counties may not impose or enforce an owner occupancy requirement on any housing or dwelling unit on a lot containing an accessory dwelling unit, unless an accessory dwelling unit on the lot is being offered or used for short-term rental, except that:

(i) Cities and counties may impose and enforce an owner occupancy requirement for the first year after initial occupation of the unit or primary residence following permitting; and

(ii) Cities and counties may impose an owner occupancy requirement for an additional period if such a requirement is supported by findings of the need for such an increased requirement adopted by the city or county after at least two public hearings are held on the proposal,

and any ordinance, development regulations, and other official controls finally adopted directly address feedback from the community. Such an additional period of owner occupancy restrictions must be geographically limited, and may not apply to all of the residential zones within the city or county.

(b) Cities and counties may adopt ordinances, development regulations, and other official controls, including the imposition of fees, impact fees, or taxes, or the waiver of taxes, fees, or specific regulations, to encourage use of accessory dwelling units for long-term housing. Cities and counties may only offer such reduced impact fees, deferral of taxes, or other incentives for the development or construction of accessory dwelling units if such units are subject to effective binding commitments or covenants that the units will not be regularly offered for short-term rental and the city or county has a program to audit compliance with such commitments or covenants.

(c) Cities and counties that impose owner occupancy requirements on lots containing accessory dwelling units must provide for a hardship exemption from any owner occupancy requirements applicable to a housing or dwelling unit on the same lot as an accessory dwelling unit. Such an exemption must allow an owner to offer for rental for periods of 30 days or longer a dwelling unit or housing unit as if a dwelling or housing unit on the property was owner occupied, when the owner no longer occupies the primary residence due to age, illness, financial hardship due to the death of a spouse, domestic partner, or co-owner of the property, disability status, the deployment, activation, mobilization, or temporary duty, as those terms are defined in RCW 26.09.004, of a service member of the armed forces, or other such reason that would make the owner occupancy requirement an undue hardship on the owner. A city or county shall develop and implement a process for the review of hardship applications. Any city or county that imposes an owner occupancy requirement on lots containing accessory dwelling units and has not provided a hardship exemption from the requirement through ordinances, development regulations, or other official controls as required by this subsection may not impose or enforce an owner occupancy requirement on any lot containing an

accessory dwelling unit until such time as the city or county has adopted the required hardship exemption, except that an owner-occupancy requirement pursuant to (a) of this subsection (2) may be imposed and enforced if the owner of the lot offers an accessory dwelling unit for short-term rental within the county or if the owner of the lot owns more than three accessory dwelling units within the county.

WHEREAS, We reiterate the importance of teaching about the Holocaust and gratefully acknowledge the valuable resource in the Holocaust Center for Humanity and its trove of local survivor speakers and stories; and

(1) The exchange, in consultation with the commissioner, the authority, an independent actuary, and other stakeholders, must establish up to three standardized health plans for each of the bronze, silver, and gold levels.

**Concerning prescribing opioid overdose reversal medication. Revised for 2nd Substitute: Concerning opioid overdose reversal medication.**

The bill was read the second time.

Representative Davis moved the adoption of striking amendment (680):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) Opioid use disorder is a treatable brain disease from which people recover;

(b) Individuals living with opioid use disorder are at high risk for fatal overdose;

(c) Overdose deaths are preventable with lifesaving opioid overdose reversal medications like naloxone;

(d) Just as individuals with life-threatening allergies should carry an EpiPen, individuals with opioid use disorder should carry opioid overdose reversal medication;

(e) There are 53,000 individuals in Washington enrolled in apple health, Washington's medicaid program, that have a diagnosis of opioid use disorder and yet there are alarmingly few medicaid claims for opioid overdose reversal medication; and

(f) Most of the opioid overdose reversal medication distributed in Washington is currently paid for with flexible federal and state dollars and distributed in bulk, rather than appropriately billed to a patient's

insurance. Those finite flexible funds should instead be used for nonmedicaid eligible expenses or for opioid overdose reversal medication distributed in nonmedicaid eligible settings or to nonmedicaid eligible persons. The state's current methods for acquisition and distribution of opioid overdose reversal medication are not sustainable and insufficient to reach all Washingtonians living with opioid use disorder.

(2) Therefore, it is the intent of the legislature to increase access for all individuals with opioid use disorder to opioid overdose reversal medication so that if they experience an overdose, they will have a second chance. As long as there is breath, there is hope for recovery.

**Sec. 2.** RCW 70.41.480 and 2019 c 314 s 18 are each amended to read as follows:

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available, including medication for opioid overdose reversal and for the treatment of opioid use disorder as appropriate. It is the intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged from a hospital emergency department in the following circumstances:

(a) During times when community or outpatient hospital pharmacy services are not available within fifteen miles by road; or

(b) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a

patient has no reasonable ability to reach the local community or outpatient pharmacy(~~;~~ ~~or~~

~~(e) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient is at risk of opioid overdose and the prepackaged emergency medication being distributed is an opioid overdose reversal medication. The labeling requirements of RCW 69.41.050 and 18.64.246 do not apply to opioid overdose reversal medications dispensed, distributed, or delivered pursuant to a prescription, collaborative drug therapy agreement, standing order, or protocol issued in accordance with this section. The individual or entity that dispenses, distributes, or delivers an opioid overdose reversal medication as authorized by this section must ensure that directions for use are provided).~~

(3) A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a forty-eight hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within forty-eight hours. In no case may the policy allow a supply exceeding ninety-six hours be dispensed;

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(h) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

(4) The delivery of a single dose of medication for immediate administration to the patient is not subject to the requirements of this section.

(5) Nothing in this section restricts the authority of a practitioner in a hospital emergency department to distribute opioid overdose reversal medication under RCW 69.41.095.

(6) A practitioner in a hospital emergency department must dispense or distribute opioid overdose reversal medication in compliance with section 3 of this act.

(7) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency department patients, including those drugs, substances or immediate precursors listed in schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Opioid overdose reversal medication" has the same meaning as provided in RCW 69.41.095.

(d) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011(29).

If the hospital dispenses or distributes opioid overdose reversal medication it must provide directions for use.

(2) The opioid overdose reversal medication may be dispensed with technology used to dispense medications.

(3) A person who is provided opioid overdose reversal medication under this section must be provided information and resources about medication for opioid use disorder and harm reduction strategies and services which may be available, such as substance use disorder treatment services and substance use disorder peer counselors. This information should be available in all languages relevant to the communities that the hospital serves.

(4) The labeling requirements of RCW 69.41.050 and 18.64.246 do not apply to opioid overdose reversal medications dispensed or distributed in accordance with this section.

(5) Until the opioid overdose reversal medication bulk purchasing and distribution program established in section 7 of this act is operational:

(a) If the patient is enrolled in a medical assistance program under chapter 74.09 RCW, the hospital must bill the patient's medicaid benefit for the patient's opioid overdose reversal medication utilizing the appropriate billing codes established by the health care authority. This billing must be separate from and in addition to the payment for the other services provided during the hospital visit.

(b) If the patient has available health insurance coverage other than medical assistance under chapter 74.09 RCW, the hospital must bill the patient's

health plan for the cost of the opioid overdose reversal medication.

(c) For patients who are not enrolled in medical assistance and do not have any other available insurance coverage, the hospital must bill the health care authority for the cost of the patient's opioid overdose reversal medication.

(6) This section does not prohibit a hospital from dispensing opioid overdose reversal medication to a patient at no cost to the patient out of the hospital's prepurchased supply.

(7) Nothing in this section prohibits or modifies a hospital's ability or responsibility to bill a patient's health insurance or to provide financial assistance as required by state or federal law.

(8) A hospital, its employees, and its practitioners are immune from suit in any action, civil or criminal, or from professional or other disciplinary action, for action or inaction in compliance with this section.

**Concerning the retroactivity of overtime claims in exceptional cases. Revised for 1st Substitute: Concerning the retroactivity of overtime claims in exceptional cases. (REVISED FOR ENGROSSED: Providing overtime standards for the agricultural workforce. )**

The bill was read the second time.

Representative Hoff moved the adoption of striking amendment (677):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** In order to stabilize, strengthen, and protect our state's agricultural workforce and economy, it is the intent of the legislature to pass the laws necessary to protect farmworkers and to provide agricultural employers with certainty and predictability.

The legislature intends to address the historical exceptions of agricultural work from overtime standards from both the federal fair labor standards act and the state minimum wage act when they were enacted over 60 years ago. Excluded from the opportunity to earn overtime pay, farmworkers across our state remain among

our state's poorest workers. A United States department of labor study in 2016 found that nationally, 30 percent of farmworker families live below the poverty line, almost double the poverty rate of American families overall. The state department of health found that the current novel coronavirus pandemic has had a significant and disproportionate impact on farmworkers. The virus' risks to essential farmworkers from potential workplace exposures are compounded by systemic barriers to testing, prevention measures, and medical care.

The legislature also intends to avoid disruptions within the state's vital agricultural sector. While Washington is well known as the national leader in apple production, the state's agricultural sector is incredibly diverse: Over 300 crops are harvested, and a variety of livestock are raised on over 35,000 farms across the state. The robust size of our agricultural sector means our state overall ranks in the top 10 nationally in the size of our farm labor force. Agriculture is a cornerstone of our state economy. Uncertainty from recent legal decisions regarding overtime standards are compounding the pandemic's disruptions to the food chain and the safety challenges of operating during a public health crisis.

The legislature intends to provide clear overtime standards to reduce litigation between parties in this key sector of the state's economy during the challenges and additional costs brought on by the novel coronavirus and to protect the security of our food supply chain. This act's transitional approach is reasonable to achieve the legislature's purpose of increasing the safety of an at risk and essential workforce, increasing the public welfare of low-income individuals by removing a historical barrier to their earning potential, and maintaining the food security and economic security provided by a stable agricultural sector.

**Sec. 2.** RCW 49.46.130 and 2013 c 207 s 1 are each amended to read as follows:

(1) Except as otherwise provided in this section, no employer shall employ any of his or her employees for a workweek longer than forty hours unless such employee receives compensation for his or her employment in excess of the hours above specified at a rate not less than one and one-half times the regular rate at which he or she is employed.

(2) This section does not apply to:

(a) Any person exempted pursuant to RCW 49.46.010(3). The payment of compensation or provision of compensatory time off in addition to a salary shall not be a factor in determining whether a person is exempted under RCW 49.46.010(3)(c);

(b) Employees who request compensating time off in lieu of overtime pay;

(c) Any individual employed as a seaman whether or not the seaman is employed on a vessel other than an American vessel;

(d) Seasonal employees who are employed at concessions and recreational establishments at agricultural fairs, including those seasonal employees employed by agricultural fairs, within the state provided that the period of employment for any seasonal employee at any or all agricultural fairs does not exceed fourteen working days a year;

(e) Any individual employed as a motion picture projectionist if that employee is covered by a contract or collective bargaining agreement which regulates hours of work and overtime pay;

(f) An individual employed as a truck or bus driver who is subject to the provisions of the Federal Motor Carrier Act (49 U.S.C. Sec. 3101 et seq. and 49 U.S.C. Sec. 10101 et seq.), if the compensation system under which the truck or bus driver is paid includes overtime pay, reasonably equivalent to that required by this subsection, for working longer than forty hours per week;

**Implementing the recommendations of the environmental justice task force. Revised for 2nd Substitute: Reducing environmental and health disparities and improving the health of all Washington state residents by implementing the recommendations of the environmental justice task force.**

The bill was read the second time.

There being no objection, the committee amendments by the Committees on Appropriations and Environment & Energy were not adopted.

Representative Fitzgibbon moved the adoption of striking amendment (683):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. FINDINGS AND INTENT.** (1) The purpose of this chapter is to reduce environmental and health disparities in Washington state and improve the health of all Washington state residents. This chapter implements the recommendations of the environmental justice task force established in section 221(48), chapter 415, Laws of 2019 entitled "Report to the Washington state governor and legislature, *Environmental Justice Task Force: Recommendations for Prioritizing EJ in Washington State Government* (October 2020)."

(2) As conveyed in the task force report, Washington state studies and national studies found that people of color and low-income people continue to be disproportionately exposed to environmental harms in their communities. As a result, there is a higher risk of adverse health outcomes for those communities. This risk is amplified when overlaid on communities with preexisting social and economic barriers and environmental risks, and creates cumulative environmental health impacts, which this act seeks to prevent and mitigate.

This chapter also seeks to reduce exposure to environmental hazards within Indian country, as defined in 18 U.S.C. Sec. 1151, due to off-reservation activities within the state, and to improve state practices to reduce contamination of traditional foods wherever they occur. Exposure to such hazards can result in generational health and ecological problems, particularly on small reservations where it is impossible to move away from a hazard.

(3) Accordingly, the state has a compelling interest in preventing and addressing such environmental health disparities in the administration of ongoing and new environmental programs, including allocation of funds, and in administering these programs so as to remedy the effects of past disparate

treatment of overburdened communities and vulnerable populations.

(4) The task force provided recommendations to state agencies for measurable goals and model policies to reduce environmental health inequities in Washington, equitable practices for meaningful community involvement, and how to use the environmental health disparities map to identify and promote the equitable distribution of environmental benefits to overburdened communities. In order for all communities in Washington state to be healthy and thriving, state government should aim to concentrate government actions to benefit communities that currently have the greatest environmental and health burdens.

**NEW SECTION. Sec. 2. DEFINITIONS.**  
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Council" means the environmental justice council established in section 20 of this act.

(2) "Covered agency" means the departments of ecology, health, natural resources, commerce, agriculture, and transportation, the Puget Sound partnership, and any agency that opts to assume all of the obligations of this act pursuant to section 11 of this act.

(3) "Cumulative environmental health impact" means the combined, multiple environmental impacts and health impacts on a vulnerable population or overburdened community.

(4) "Environmental benefits" means activities that:

(a) Prevent or reduce existing environmental harms or associated risks that contribute significantly to cumulative environmental health impacts;

(b) Prevent or mitigate impacts to overburdened communities or vulnerable populations from, or support community response to, the impacts of environmental harm; or

(c) Meet a community need formally identified to a covered agency by an overburdened community or vulnerable population that is consistent with the intent of this chapter.

(5) "Environmental harm" means the individual or cumulative environmental health impacts and risks to communities

caused by historic, current, or projected:

(a) Exposure to pollution, conventional or toxic pollutants, environmental hazards, or other contamination in the air, water, and land;

(b) Adverse environmental effects, including exposure to contamination, hazardous substances, or pollution that increase the risk of adverse environmental health outcomes or create vulnerabilities to the impacts of climate change;

(c) Loss or impairment of ecosystem functions or traditional food resources or loss of access to gather cultural resources or harvest traditional foods; or

(d) Health and economic impacts from climate change.

(6) "Environmental health disparities map" means the data and information developed pursuant to section 19 of this act.

(7) "Environmental impacts" means environmental benefits or environmental harms, or the combination of environmental benefits and harms, resulting or expected to result from a proposed action.

(8) "Environmental justice" means the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, rules, and policies. Environmental justice includes addressing disproportionate environmental and health impacts in all laws, rules, and policies with environmental impacts by prioritizing vulnerable populations and overburdened communities, the equitable distribution of resources and benefits, and eliminating harm.

(9) "Equitable distribution" means a fair and just, but not necessarily equal, allocation intended to mitigate disparities in benefits and burdens that are based on current conditions, including existing legacy and cumulative impacts, that are informed by cumulative environmental health impact analysis.

(10) "Evidence-based" means a process that is conducted by a systematic review of available data based on a well-

established and widely used hierarchy of data in current use by other state and national programs, selected by the departments of ecology and health. The environmental justice council may provide input on the development of the process.

(11) "Overburdened community" means a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020.

(12) "Significant agency action" means the following actions as identified at the beginning of a covered agency's consideration of the significant agency action or at the time when an environmental justice assessment would normally be initiated in conjunction with an agency action:

(a) The development and adoption of significant legislative rules as defined in RCW 34.05.328;

(b) The development and adoption of any new grant or loan program that a covered agency is explicitly authorized or required by statute to carry out;

(c) A capital project, grant, or loan award by a covered agency of at least \$12,000,000 or a transportation project, grant, or loan by a covered agency of at least \$15,000,000;

(d) The submission of agency request legislation to the office of the governor or the office of financial management for approval; and

(e) Any other agency actions deemed significant by a covered agency consistent with section 14 of this act.

(13) "Tribal lands" has the same meaning as "Indian country" as provided in 18 U.S.C. Sec. 1151, and also includes sacred sites, traditional cultural properties, burial grounds, and other tribal sites protected by federal or state law.

(14) (a) "Vulnerable populations" means population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to: (i) Adverse socioeconomic factors, such as unemployment, high housing and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors

that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and (ii) sensitivity factors, such as low birth weight and higher rates of hospitalization.

(b) "Vulnerable populations" includes, but is not limited to:

(i) Racial or ethnic minorities;

(ii) Low-income populations;

(iii) Populations disproportionately impacted by environmental harms; and

(iv) Populations of workers experiencing environmental harms.

**NEW SECTION. Sec. 14. ENVIRONMENTAL JUSTICE ASSESSMENT.** (1)(a) When considering a significant agency action initiated after July 1, 2023, a covered agency must conduct an environmental justice assessment in accordance with this section to inform and support the agency's consideration of overburdened communities and vulnerable populations when making decisions and to assist the agency with the equitable distribution of environmental benefits, the reduction of environmental harms, and the identification and reduction of environmental and health disparities.

(b) A covered agency must aspire to complete the environmental justice assessment for a significant agency action without delaying the completion of the underlying agency action.

(2)(a) Consistent with section 2(12)(e) of this act, for the purpose of preparing environmental justice assessments, a covered agency may deem actions significant that are additional to the significant agency actions identified in section 2(12)(a) through (d) of this act, in iterative consultation with the council and interagency work group established under section 20 of this act. By July 1, 2025, each covered agency must consider their agency's activities and identify and begin applying environmental justice assessments to any actions that the agency identifies as significant that are in addition to the significant agency actions identified in section 2(12)(a) through (d) of this act. Significant agency actions designated by a covered

agency under this subsection must be actions that may cause environmental harm or may affect the equitable distribution of environmental benefits to an overburdened community or a vulnerable population.

(b) In the identification of significant agency actions, covered agencies shall consider guidance issued by the council established in section 20 of this act. Each covered agency must periodically review and update its identified types of significant agency actions for which an environmental justice assessment is required under this section, and the relevant factors to the agency's environmental justice assessments that result from the unique mission, authorities, and priorities of the agency.

(3) By July 1, 2023, and periodically thereafter, after an opportunity for public comment on its determinations, each covered agency must:

(a) Publish on its website the types of agency actions that the agency has determined are significant agency actions that require an environmental justice assessment under this section, including any significant agency actions identified under subsection (2)(a) of this section;

(b) Provide notification of the determination of the types of significant agency actions in the Washington State Register; and

(c) Prepare an environmental justice assessment when considering a listed action, after publication of the list of any additional significant agency actions identified under (a) of this subsection.

(4) At a minimum, environmental justice assessments must:

(a) Consider guidance prepared by the council under section 20 of this act relating to best practices on environmental justice assessments and when and how to use cumulative environmental health impact analysis;

(b) Use cumulative environmental health impact analysis, such as the environmental health disparities map or other data that considers the effects of a proposed action on overburdened communities and vulnerable populations;

(c) Identify overburdened communities and vulnerable populations who are

expected to be affected by the proposed action and the potential environmental and health impacts;

(d) Identify if the proposed action is expected to have any local or regional impacts to federally reserved tribal rights and resources including, but not limited to, those protected by treaty, executive order, or federal law;

(e) Summarize community input and describe how the covered agency can further involve overburdened communities, vulnerable populations, affected tribes, and indigenous populations in development of the proposed action; and

(f) Describe options for the agency to reduce, mitigate, or eliminate identified probable impacts on overburdened communities and vulnerable populations, or provide a justification for not reducing, mitigating, or eliminating identified probable impacts.

(5) To obtain information for the purposes of assessments, a covered agency must solicit feedback from members of overburdened communities and vulnerable populations to assist in the accurate assessment of the potential impact of the action and in developing the means to reduce or eliminate the impact on overburdened communities and vulnerable populations.

(6) Based on the environmental justice assessment, each covered agency must seek, to the extent legal and feasible and consistent with the underlying statute being implemented, to reduce or eliminate the environmental harms and maximize the environmental benefits created by the significant agency action on overburdened communities and vulnerable populations. Consistent with agency authority, mission, and statutory responsibilities, the covered agency must consider each of the following methods for reducing environmental harms or equitably distributing environmental benefits:

(a) Eliminating the disparate impact of environmental harms on overburdened communities and vulnerable populations;

(b) Reducing cumulative environmental health impacts on overburdened communities or vulnerable populations;

(c) Preventing the action from adding to the cumulative environmental health

impacts on overburdened communities or vulnerable populations;

(d) Providing equitable participation and meaningful engagement of vulnerable populations and overburdened communities in the development of the significant agency action;

(e) Prioritizing equitable distribution of resources and benefits to overburdened communities;

(f) Promoting positive workforce and job outcomes for overburdened communities;

(g) Meeting community needs identified by the affected overburdened community;

(h) Modifying substantive regulatory or policy requirements; and

(i) Any other mitigation techniques, including those suggested by the council, the office of equity, or representatives of overburdened communities and vulnerable populations.

(7) If the covered agency determines it does not have the ability or authority to avoid or reduce any estimated environmental harm of the significant agency action on overburdened communities and vulnerable populations or address the distribution of environmental and health benefits, the agency must provide a clear explanation of why it has made that determination and provide notice of that explanation to members of the public who participated in the process for the significant agency action or the process for the environmental justice assessment and who provided contact information to the agency.

(8) In developing a process for conducting environmental justice assessments, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(9) The issuance of forest practices permits under chapter 76.09 RCW or sale of timber from state lands and state forestlands as defined in RCW 79.02.010 do not require an environmental justice assessment under this section.

**NEW SECTION. Sec. 15.** The obligation of a covered agency to conduct an environmental justice assessment pursuant to section 14 of this act for significant agency actions does not, by

itself, trigger requirements in chapter 43.21C RCW.

**NEW SECTION. Sec. 16.** ENVIRONMENTAL JUSTICE OBLIGATIONS OF AGENCIES RELATING TO BUDGETS AND FUNDING. (1) With consideration of the guidelines issued by the council in section 20 of this act, and in iterative consultation with the council, each covered agency must incorporate environmental justice principles into its decision processes for budget development, making expenditures, and granting or withholding environmental benefits. Through the incorporation of environmental justice principles into its decision processes, including by conducting environmental justice assessments where required under section 14 of this act, each covered agency, to the extent allowed by law and consistent with legislative appropriations, must equitably distribute funding and expenditures related to programs that address or may cause environmental harms or provide environmental benefits towards overburdened communities and vulnerable populations.

(2) Beginning on or before July 1, 2023, each covered agency must, where practicable, take the following actions when making expenditure decisions or developing budget requests to the office of financial management and the legislature for programs that address or may cause environmental harms or provide environmental benefits:

(a) Focus applicable expenditures on creating environmental benefits that are experienced by overburdened communities and vulnerable populations, including reducing or eliminating environmental harms, creating community and population resilience, and improving the quality of life of overburdened communities and vulnerable populations;

(b) Create opportunities for overburdened communities and vulnerable populations to meaningfully participate in agency expenditure decisions;

(c) Clearly articulate environmental justice goals and performance metrics to communicate the basis for agency expenditures;

(d) Consider a broad scope of grants and contracting opportunities that effectuate environmental justice principles, including:

(i) Community grants to monitor pollution;

(ii) Grants focused on building capacity and providing training for community scientists and other staff;

(iii) Making technical assistance available for communities that may be new to receiving agency grant funding; and

(iv) Education and work readiness youth programs focused on infrastructure or utility-related internships to develop career paths and leadership skills for youth; and

(e) Establish a goal of directing 40 percent of grants and expenditures that create environmental benefits to vulnerable populations and overburdened communities.

(3) A covered agency may adopt rules or guidelines for criteria and procedures applicable to incorporating environmental justice principles in expenditure decisions, granting or withholding benefits, and processes for budget development.

(4) In incorporating environmental justice principles into its decision processes for budget development, making expenditures, and granting or withholding benefits, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(5) A covered agency may not take actions or make expenditures under this section that are inconsistent with or conflict with other statutes or with conditions or limitations on the agency's appropriations.

(6) If a covered agency, due to the breadth of its programs and funding opportunities, determines it is not practicable to take the actions listed in subsection (2) of this section for all applicable expenditure decisions and budget requests developed, the covered agency is encouraged to prioritize taking the actions listed in subsection (2) of this section for those budget requests and expenditure decisions that are primarily directed at addressing environmental impacts. By July 1, 2023, each covered agency must publish on its website the types of decision processes for budget development, making expenditures, and granting or withholding environmental benefits for

which the agency will take the actions listed in subsection (2) of this section.

**NEW SECTION. Sec. 17. REPORTING REQUIREMENTS.** (1) By September 1st of each year, each covered agency must annually update the council on the development and implementation of environmental justice in agency strategic plans pursuant to section 12 of this act, budgeting and funding criteria for making budgeting and funding decisions pursuant to section 16 of this act, and community engagement plans pursuant to section 13 of this act.

(2)(a) Beginning in 2024, as part of each covered agency's annual update to the council under subsection (1) of this section, each covered agency must include updates on the agency's implementation status with respect to the environmental justice assessments under section 14 of this act.

(b) By September 1st of each year beginning in 2024, each covered agency must publish or update a dashboard report, in a uniform dashboard format on the office of financial management's website, describing the agency's progress on:

(i) Incorporating environmental justice in its strategic plan;

(ii) The obligations of agencies relating to budgets and funding under section 16 of this act; and

(iii) Its environmental justice assessments of proposed significant agency actions, including logistical metrics related to covered agency completion of environmental justice assessments.

(3) Each covered agency must file a notice with the office of financial management of significant agency actions for which the agency is initiating an environmental justice assessment under section 14 of this act. The office of financial management must prepare a list of all filings received from covered agencies each week and must post the list on its website and make it available to any interested parties. The list of filings must include a brief description of the significant agency action and the methods for providing public comment for agency consideration as part of the environmental justice assessment.

**NEW SECTION. Sec. 18. TRIBAL CONSULTATION.** (1) Covered agencies shall

develop a consultation framework in coordination with tribal governments that includes best practices, protocols for communication, and collaboration with federally recognized tribes. Consistent with this framework, covered agencies must offer consultation with federally recognized Indian tribes on:

(a) The inclusion or updating of an environmental justice implementation plan within the covered agency's strategic plan required under section 12 of this act;

(b) The creation and adoption or updating of a community engagement plan required under section 13 of this act; and

(c) Significant agency actions under section 14 of this act that affect federally recognized Indian tribes' rights and interests in their tribal lands.

(2) The department of health must offer consultation with federally recognized Indian tribes on the development of the environmental health disparities map under section 19 of this act.

(3) The consultation under subsections (1) and (2) of this section must occur in accordance with chapter 43.376 RCW and must be independent of any public participation process required by state law, or by a state agency, and regardless of whether the agency receives a request for consultation from an Indian tribe.

(4) Nothing in this chapter is intended to direct, authorize, or encourage covered agencies to collect, maintain, or provide data related to sacred sites, traditional cultural properties, burial grounds, and other tribal sites protected by federal or state law.

**NEW SECTION. Sec. 19.** A new section is added to chapter 43.70 RCW to read as follows:

**ENVIRONMENTAL HEALTH DISPARITIES MAP.**

(1) In consultation with the environmental justice council established in section 20 of this act, the department must continue to develop and maintain an environmental health disparities map with the most current available information necessary to identify cumulative environmental health impacts and overburdened communities. The department may also consult with

other interested partners, such as the University of Washington department of environmental and occupational health sciences, other academic partners, members of overburdened communities and vulnerable populations, and other agencies. The environmental health disparities map must include tools to:

(a) Track changes in environmental health disparities over time in an interactive, regularly updated display; and

(b) Measure the link between overall environmental health disparity map ranks, environmental data, vulnerable populations characteristics, such as race and income, and human health data.

(2) In further developing and maintaining the environmental health disparities map, the department must:

(a) Solicit feedback from representatives from overburdened communities and vulnerable populations through community engagement and listening sessions in all regions of the state and provide opportunities for public comment; and

(b) At least every three years, perform a comprehensive evaluation of the map to ensure that the most current modeling and methods available to evaluate cumulative environmental health impacts are being used to develop and

update the environmental health disparities map's indicators;

(c) Develop technical guidance for agencies that includes an online training video detailing a description of how to use the environmental health disparities map's features, access source data, and explanation of map and indicator limitations; and

(d) Provide support and consultation to agencies on the use of the environmental health disparities map by Washington tracking network staff.

(4)(a) By November 1, 2022, the Washington state institute for public policy must conduct a technical review of the measures and methods used in the environmental health disparities map. The review must, to the extent possible, address the following:

(i) Identify how the measures used in the map compare to measures used in other similar tools that aim to identify communities that are disproportionately impacted as a result of environmental justice issues;

(ii) Compare characteristics such as the reliability, validity, and clinical importance of individual and composite measures included in the map and other similar tools; and

(iii) Compare methodologies used in the map to statistical methodologies used in other similar tools.

(b) The department of health and the University of Washington must provide technical documentation regarding current methods to the Washington state institute for public policy and must consult with the institute as needed to ensure that the institute has adequate information to complete the technical review.

**SECOND SUBSTITUTE SENATE BILL NO. 5331, by Senate Committee on Ways & Means (originally sponsored by Gildon, Darneille, Dhingra, Hasegawa, Nguyen, Nobles, Warnick, Wellman and C. Wilson)**

**Establishing an early childhood court program for young children and their families involved or at risk of becoming involved in Washington's child welfare system. Revised for 2nd Substitute: Establishing an early childhood court program for young children and their families involved in Washington's child welfare system.**

The bill was read the second time.

Representative Taylor moved the adoption of striking amendment (721):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that there is an urgent need to provide greater support to young children and their families involved in Washington state's child welfare system. Infants and toddlers comprise a substantial portion of all child abuse and neglect cases in Washington state; the rate of entry for children under age one into the care of Washington state's child welfare system is the second highest in the nation. Research demonstrates that both the trauma of neglect as well as the trauma associated with entering the child welfare system shapes young children's brain development and have lifelong impacts on young children's social, emotional, and physical well-being. Young children and families of color are particularly impacted by child welfare involvement and the factors leading up to it.

(2) The legislature further finds that early childhood court programs provide timely, evidence-based, evidence-informed, and trauma-informed interventions. Early childhood court programs reduce maltreatment recurrence, number of placements, and the time it takes to achieve permanency, while increasing equitable access to services.

(3) The legislature further finds that statewide standards are necessary to ensure the quality, accountability, and fidelity to evidence-based and evidence-informed interventions of early childhood court programs. Statewide standards will also promote equitable access to these programs, especially among children and families of color.

(4) The legislature further finds that early childhood court programs that de-emphasize termination of parental rights and focus on the safe reunification of children with parents or maintain children with family or other suitable persons promote the long-term emotional

and psychological health of children and minimize the trauma and racial disproportionality experienced by children and families of color who are involved in the dependency court system.

(5) The legislature further finds that the administrative office of the courts has secured funding for the first year of the early childhood court program to support their evaluation efforts. While funding is not mandated through this act, the legislature acknowledges that the administrative office of the courts is not able to complete its required responsibilities as provided for in this act without dedicated funding. The legislature finds and declares that in the future, the office may seek funding through public and/or private funding opportunities, and it may partner with local organizations to seek further funding, although it is not required to do so.

NEW SECTION. **Sec. 2.** A new section is added to chapter 2.30 RCW to read as follows:

(1)(a) A superior court may establish an early childhood court program to serve the needs of infants and toddlers who are under the age of three at the time the case enters the program and dependent pursuant to chapter 13.34 RCW.

(b) An early childhood court program is a therapeutic court as defined in this chapter that provides an intensive court process for families with a child under age three who has been found dependent pursuant to chapter 13.34 RCW. To be eligible for the early childhood court program, a parent must have a child under age three that is dependent pursuant to chapter 13.34 RCW at the time the case enters the early childhood court program. The case may remain in the early childhood court program after the child is age three or older if the child is still dependent pursuant to chapter 13.34 RCW.

(2) If a superior court creates an early childhood court program, it shall incorporate the following core components into the program:

(a) The court shall obtain a memorandum of understanding or other agreement with the department of children, youth, and families developed in collaboration with counsel for parents and children that outlines how the two entities will coordinate and collaborate to implement the core components overall.

(b) A community coordinator who may be employed by the courts, the county, or a nonprofit entity and who is a person with experience and training in diversity, equity, and inclusion measures and is dedicated to:

(i) Facilitating real-time information sharing and collaboration among cross-sector professionals participating in the early childhood court program;

(ii) Coordinating and participating in family team meetings;

(iii) Identifying community-based resources and supporting the family's connection to these resources;

(iv) Building relationships and forming new partnerships across traditional and nontraditional services and systems;

(v) Identifying training needs of early childhood court professionals and facilitating the provision of training;

(vi) Supporting the convening of community team meetings; and

(vii) Performing the tasks outlined in this subsection describing the core components of an early childhood court program unless otherwise specified.

(c) A community team established by the court and consisting of stakeholders to the court that serve as an advisory body to the court and who implement the early childhood court program. The community team shall include diverse membership to include, but not be limited to, former parent participants, foster parents, parent and child advocates, an attorney for parents, a department of children, youth, and families caseworker, and a judicial officer. The community team aims to:

(i) Foster a learning environment and encourage an interdisciplinary approach to meeting the needs of young children and families;

(ii) Identify and respond to challenges to accessing resources and needed systems reforms;

(iii) Support multidisciplinary trainings; and

(iv) Recommend local court policies and procedures to improve families receipt of equitable and timely access to resources and remedial services for the parent and child.

(d) More frequent status hearings than the review hearings required under RCW 13.34.138 established by the judicial officer, these status hearings are separate from the review hearings required under RCW 13.34.138 and are intended to provide additional support to the family.

(e) A community coordinator that serves as a liaison between the court and community-based resources to identify community-based resources, identify barriers to engagement, and collaborate with stakeholders to connect families to assessments and referrals. The community coordinator shall facilitate connecting parents with informal and formal social supports, including but not limited to peer, community, and cultural supports.

(f) Family team meetings neutrally facilitated by the community coordinator. The family team may include all parties to the case and other people or other service providers identified by the parent to be part of the support system for the parent involved. The family team engages the parents, and the attorney for the parent, in their case plan and expediently addresses family needs and access to services and support.

(g) Ensuring that parents are critical participants in the early childhood court program. Having experienced and culturally informed professionals supporting and working with families involved in the dependency court system is critical to successful reunification of families. The court shall aim to foster an environment in which all professionals involved in the early childhood court program increase their awareness of different forms of bias and the trauma and adversity that often accompany poverty, mental health, and substance use by identifying or developing training that increases such awareness.

(h) Ensuring that families receive early, consistent, and frequent visitation that is developmentally appropriate for infants and toddlers; minimizes stress and anxiety for both children and parents; and occurs in a safe, comfortable, and unthreatening setting that supports parents to nurture and care for their child.

(i) The court shall ensure that the individualized case plan for parents involved in the early childhood court program address protective factors that

mitigate or eliminate safety risks to the child.

(j) The court should encourage a respectful, strength-based, compassionate approach to working with parents in the context of the early childhood court program.

(k) The court shall support the development of agreements that encourage:

(i) Stakeholders participation in any available statewide structure that supports alignment to the approach of the early childhood court program, cross-site cooperation, and consistency;

(ii) Program data is regularly and continuously reviewed to ensure equity and inform and improve practice; and

(iii) Stakeholder utilization of technical assistance, training, and evaluation to assess effectiveness and improve outcomes.

(l) Each early childhood court program must collect and review its data, including data related to race and ethnicity of program participants, to assess its effectiveness and share this data with the oversight board for children, youth, and families established under RCW 43.216.015. The oversight board for children, youth, and families established under RCW 43.216.015 shall share this data and hold or offer to assist in holding statewide meetings to support alignment to the core components and statewide consistency.

(m) The caseworker assigned to an early childhood court program must have received training and competency related to cultural ant bias, and antiracism.

(n) Each early childhood court program must be responsive to community needs and adopt best practices related to family reunification and serving all families, including those who are:

(i) Black, Indigenous, and persons of color;

(ii) Lesbian, gay, bisexual, transgender, and queer; and

(iii) Experiencing disabilities.

(o) An attorney for the parent must be present during every meeting of the early childhood court program.

(p) Ensuring that parents voluntarily participating in the early childhood

court program receive all available and appropriate services.

NEW SECTION. **Sec. 3.** A new section is added to chapter 2.30 RCW to read as follows:

(1) Judicial officers who preside over early childhood court program hearings shall participate in required trainings, as follows:

(a) An initial, eight-hour training program that can include the topic areas of:

(i) The benefits to infants and toddlers of secure attachment with primary caregivers;

(ii) A trauma-informed approach;

(iii) The importance of maintaining children within their biological connections;

(iv) The importance of reunification of children with their families;

(v) Diversity, equity, and inclusion; and

(vi) The impact of trauma on child development;

(b) After the initial training, annually attend a minimum of eight hours of continuing education of pertinence to the early childhood court program.

(2) Subject to the availability of amounts appropriated for this specific purpose, the administrative office of the courts shall administer the certification of training requirements.

NEW SECTION. **Sec. 4.** A new section is added to chapter 2.30 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the administrative office of the courts shall perform, or contract for, an evaluation of the early childhood court program to ensure the quality, accountability, and fidelity of the programs' evidence-based treatment. Any evaluation of the early childhood court program shall be posted on the administrative office of the courts website.

(2) The administrative office of the courts may provide, or contract for the provision of, training and technical assistance related to program services, consultation and guidance for difficult

cases, and ongoing training for court teams.

NEW SECTION. **Sec. 5.** A new section is added to chapter 2.30 RCW to read as follows:

#### MESSAGE FROM THE SENATE

April 6, 2021

Madame Speaker:

The Senate has passed HOUSE BILL NO. 1034 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.69.145 and 2010 c 106 s 303 are each amended to read as follows:

(1) A park and recreation district may impose regular property tax levies in an amount equal to ~~((sixty))~~ 60 cents or less per ~~((thousand dollars))~~ \$1,000 of assessed value of property in the district in each year for six consecutive years when specifically authorized so to do by a majority of at least three-fifths of the voters thereof approving a proposition authorizing the levies submitted at a special election or at the regular election of the district, at which election the number of voters voting "yes" on the proposition must constitute three-fifths of a number equal to ~~((forty))~~ 40 per centum of the number of voters voting in such district at the last preceding general election when the number of voters voting on the proposition does not exceed ~~((forty))~~ 40 per centum of the number of voters voting

in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the voters thereof voting on the proposition if the number of voters voting on the proposition exceeds (~~(forty)~~) 40 per centum of the number of voters voting in such taxing district in the last preceding general election. A proposition authorizing the tax levies may not be submitted by a park and recreation district more than twice in any (~~(twelve)~~) 12-month period. Ballot propositions must conform with RCW 29A.36.210. (~~(In the event a park and recreation district is levying property taxes, which in combination with property taxes levied by other taxing districts subject to the one percent limitation provided for in Article 7, section 2, of our state Constitution result in taxes in excess of the limitation provided for in RCW 84.52.043(2), the park and recreation district property tax levy must be reduced or eliminated as provided in RCW 84.52.010.)~~)

(2) The limitation in RCW 84.55.010 does not apply to the first levy imposed under this section following the approval of the levies by the voters under subsection (1) of this section.

**Sec. 2.** RCW 84.52.010 and 2017 c 196 s 10 are each amended to read as follows:

(1) Except as is permitted under RCW 84.55.050, all taxes must be levied or voted in specific amounts.

(2) The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the

assessor must recompute and establish a consolidated levy in the following manner:

(a) The full certified rates of tax levy for state, county, county road district, regional transit authority, and city or town purposes must be extended on the tax rolls in amounts not exceeding the limitations established by law; however, any state levy takes precedence over all other levies and may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 36.69.145 by a park and recreation district described under (a)(vii) of this subsection (3), 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, and 84.52.140, and the portion of the levy by a flood control zone district that was protected under RCW 84.52.816, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies must be reduced as follows:

(i) The portion of the levy by a flood control zone district that was protected under RCW 84.52.816 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.140 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district or regional fire protection service authority that is protected under RCW 84.52.125 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iv) If the combined rate of regular property tax levies that are subject to

the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 36.69.145 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated. This subsection (3) (a) (vii) only applies to a park and recreation district located on an island and within a county with a population exceeding 2,000,000;

(viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of ~~((thirty))~~ 30 cents per ~~((thousand dollars))~~ \$1,000 of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and

~~((viii))~~ (ix) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and

fair value of any property, then the ~~((thirty))~~ 30 cents per ~~((thousand dollars))~~ \$1,000 of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(i) First, the certified property tax levy authorized under RCW 84.52.821 must be reduced on a pro rata basis or eliminated;

(ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145 except a park and recreation district described under (a) (vii) of this subsection, 35.95A.100, and 67.38.130 must be reduced on a pro rata basis or eliminated;

(iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts other than the portion of a levy protected under RCW 84.52.816 must be reduced on a pro rata basis or eliminated;

(iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first ~~((fifty))~~ 50 cent per ~~((thousand dollars))~~ \$1,000 of assessed valuation levies for metropolitan park districts, and the first ~~((fifty))~~ 50 cent per ~~((thousand dollars))~~ \$1,000 of assessed valuation levies for public hospital districts, must be reduced on a pro rata basis or eliminated;

(v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the first ~~((fifty))~~ 50 cent per ~~((thousand dollars))~~ \$1,000 of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, must be reduced on a pro rata basis or eliminated;

(vi) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1) (b) and (c) must be reduced on a pro rata basis or eliminated; and

**MESSAGE FROM THE SENATE**

April 7, 2021

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1050 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that hydrofluorocarbons are air pollutants that pose significant threats to our environment. Although hydrofluorocarbons currently represent a small proportion of the state's greenhouse gas emissions, emissions of hydrofluorocarbons have been rapidly increasing in the United States and worldwide, and they are hundreds to thousands of times more

potent than carbon dioxide. In 2019, the legislature took a significant step towards reducing greenhouse gas emissions from hydrofluorocarbons by transitioning to the use of less damaging hydrofluorocarbons or suitable substitutes in certain new foam, aerosol, and refrigerant uses. However, significant sources of hydrofluorocarbon emissions in Washington remain unaddressed by the 2019 legislation, including legacy uses of hydrofluorocarbons as a refrigerant in infrastructure that was installed prior to the effective dates of the restrictions in the 2019 law, and from sources like stationary air conditioners and heat pumps that were not covered by the 2019 law.

(2) Therefore, it is the intent of the legislature to reduce hydrofluorocarbon emissions, including by:

(a) Authorizing the establishment of a maximum global warming potential threshold for hydrofluorocarbons used as a refrigerant;

(b) Authorizing the regulation of hydrofluorocarbons in air conditioning and heat pumps;

(c) Applying the same basic emission control requirements to hydrofluorocarbons that have long applied to ozone-depleting substances used as refrigerants;

(d) Establishing a program to reduce leaks and encourage refrigerant recovery from large refrigeration and air conditioning systems;

(e) Directing the state building code council to adopt codes that are consistent with the goal of reducing greenhouse gas emissions associated with hydrofluorocarbons;

(f) Establishing a state procurement preference for recycled refrigerants; and

(g) Allowing consideration of the global warming potential of refrigerants used in equipment incentivized under utility conservation programs.

(3) Furthermore, it is the intent of the legislature that the ice rink used by Seattle's newest hockey franchise, the Seattle Kraken, should be as cold as possible, but also should be refrigerated using climate-friendly refrigerants, so that on opening night of the 2021-2022 National Hockey League season, as many

fans as possible can simultaneously yell the Pacific Northwest's favorite new phrase: 'Release the Kraken!'

**Sec. 7.** RCW 70A.45.080 and 2020 c 20 s 1404 are each amended to read as follows:

(1) A person may not offer any product or equipment for sale, lease, or rent, or install or otherwise cause any equipment or product to enter into commerce in Washington if that equipment or product consists of, uses, or will use a substitute, as set forth in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, for the applications or end uses restricted by appendix U or V of the federal regulation, as those read on January 3,

2017, consistent with the deadlines established in subsection (2) of this section. Except where existing equipment is retrofit, nothing in this subsection requires a person that acquired a restricted product or equipment prior to the effective date of the restrictions in subsection (2) of this section to cease use of that product or equipment. Products or equipment manufactured prior to the applicable effective date of the restrictions specified in subsection (2) of this section may be sold, imported, exported, distributed, installed, and used after the specified effective date.

(2) The restrictions under subsection (1) of this section for the following products and equipment identified in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, take effect beginning:

(a) January 1, 2020, for:

(i) Propellants;

(ii) Rigid polyurethane applications and spray foam, flexible polyurethane, integral skin polyurethane, flexible polyurethane foam, polystyrene extruded sheet, polyolefin, phenolic insulation board, and bunstock;

(iii) Supermarket systems, remote condensing units, and stand-alone units ~~((and vending machines))~~;

(b) January 1, 2021, for:

(i) Refrigerated food processing and dispensing equipment;

(ii) Compact residential consumer refrigeration products;

(iii) Polystyrene extruded boardstock and billet, and rigid polyurethane low-pressure two component spray foam;

(c) January 1, 2022, for ~~((residential))~~:

(d) January 1, 2023, for cold storage warehouses;

(e) January 1, 2023, for built-in residential consumer refrigeration products;

(f) January 1, 2024, for centrifugal chillers and positive displacement chillers; and

(g) On either January 1, 2020, or the effective date of the restrictions identified in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, whichever comes later, for all other applications and end uses for substitutes not covered by the categories listed in (a) through (f) of this subsection.

(3) The department may by rule:

(a) Modify the effective date of a prohibition established in subsection (2) of this section if the department determines that the rule reduces the overall risk to human health or the environment and reflects the earliest date that a substitute is currently or potentially available;

(b) Prohibit the use of a substitute if the department determines that the prohibition reduces the overall risk to human health or the environment and that a lower risk substitute is currently or potentially available;

(c)(i) Adopt a list of approved substitutes, use conditions, or use limits, if any; and

(ii) Add or remove substitutes, use conditions, or use limits to or from the list of approved substitutes if the department determines those substitutes reduce the overall risk to human health and the environment; and

(d) Designate acceptable uses of hydrofluorocarbons for medical uses that are exempt from the requirements of subsection (2) of this section.

~~(4) ((a) Within twelve months of another state's enactment or adoption of restrictions on substitutes applicable to new light duty vehicles, the department may adopt restrictions applicable to the sale, lease, rental, or other introduction into commerce by a manufacturer of new light duty vehicles consistent with the restrictions identified in appendix B, Subpart G of 40 C.F.R. Part 82, as it read on January 3, 2017. The department may not adopt restrictions that take effect prior to the effective date of restrictions adopted or enacted in at least one other state.~~

~~(b) If the United States environmental protection agency approves a previously~~

~~prohibited hydrofluorocarbon blend with a global warming potential of seven hundred fifty or less for foam blowing of polystyrene extruded boardstock and billet and rigid polyurethane low pressure two component spray foam pursuant to the significant new alternatives policy program under section 7671(k) of the federal clean air act (42 U.S.C. Sec. 7401 et seq.), the department must expeditiously propose a rule consistent with RCW 34.05.320 to conform the requirements established under this section with that federal action.~~

~~(5) A manufacturer must disclose the substitutes used in its products or equipment.) The department shall adopt rules requiring that manufacturers disclose the substitutes used in their products or equipment or to disclose the compliance status of their products or equipment. That disclosure must take the form of:~~

(a) A label on the equipment or product. The label must meet requirements designated by the department by rule. To the extent feasible, the department must recognize existing labeling that provides sufficient disclosure of the use of substitutes in the product or equipment or of the compliance status of the products or equipment.

(i) The department must consider labels required by state building codes and other safety standards in its rule making; and

(ii) The department may not require labeling of aircraft and aircraft components subject to certification requirements of the federal aviation administration.

(b) Submitting information about the use of substitutes to the department, upon request.

(i) By December 31, 2019, all manufacturers must notify the department of the status of each product class utilizing hydrofluorocarbons or other substitutes restricted under subsection (1) of this section that the manufacturer sells, offers for sale, leases, installs, or rents in Washington state. This status notification must identify the substitutes used by products or equipment in each product or equipment class in a manner determined by rule by the department.

(ii) Within one hundred twenty days after the date of a restriction put in place under this section, any manufacturer affected by the restriction must provide an updated status notification. This notification must indicate whether the manufacturer has ceased the use of hydrofluorocarbons or substitutes restricted under this section within each product class and, if not, what hydrofluorocarbons or other restricted substitutes remain in use.

(iii) After the effective date of a restriction put in place under this section, any manufacturer must provide an updated status notification when the manufacturer introduces a new or modified product or piece of equipment that uses hydrofluorocarbons or changes the type of hydrofluorocarbons utilized within a product class affected by a restriction. Such a notification must occur within one hundred twenty days of the introduction into commerce in Washington of the product or equipment triggering this notification requirement.

~~((6))~~ (c) Alternative disclosure requirements to (a) of this subsection, if the department determines that the inclusion of a label denoting substitutes used or compliance status is not feasible for a particular product or equipment.

(5) The department may adopt rules to administer, implement, and enforce this section. If the department elects to adopt rules, the department must seek, where feasible and appropriate, to adopt rules, including rules under subsection (4) of this section, that are the same or consistent with the regulatory standards, exemptions, reporting obligations, disclosure requirements, and other compliance requirements of other states or the federal government that have adopted restrictions on the use of hydrofluorocarbons and other substitutes. Prior to the adoption or update of a rule under this section, the department must identify the sources of information it relied upon, including peer-reviewed science.

~~((7))~~ (6) For the purposes of implementing the restrictions specified in appendix U of Subpart G of 40 C.F.R. Part 82, as it read on January 3, 2017, consistent with this section, the department must interpret the term "aircraft maintenance" to mean activities to support the production, fabrication, manufacture, rework, inspection, maintenance, overhaul, or

repair of commercial, civil, or military aircraft, aircraft parts, aerospace vehicles, or aerospace components.

~~((8) The authority granted by this section to the department for restricting the use of substitutes is supplementary to the department's authority to control air pollution pursuant to chapter 70A.15 RCW. Nothing in this section limits the authority of the department under chapter 70A.15 RCW.~~

~~(9))~~ (7) Except where existing equipment is retrofit, the restrictions of this section do not apply to or limit any use of commercial refrigeration equipment that was installed or in use prior to the effective date of the restrictions established in this section.

NEW SECTION. Sec. 8. (1) Within 12 months of another state's enactment or adoption of restrictions on substitutes applicable to new light-duty vehicles, the department may adopt restrictions applicable to the sale, lease, rental, or other introduction into commerce by a manufacturer of new light-duty vehicles consistent with the restrictions identified in appendix B, Subpart G of 40 C.F.R. Part 82, as of January 3, 2017. The department may apply an effective date to the restrictions adopted under this subsection that differs from the effective date of the restrictions adopted by another state, but the department may not adopt restrictions that take effect prior to the effective date of restrictions adopted or enacted in at least one other state.

(2) The department may adopt rules that establish a maximum global warming potential of 750 for substitutes used in new stationary air conditioning. Rules adopted under this subsection may not take effect prior to:

(a) January 1, 2023, for dehumidifiers and room air conditioners;

(b)(i) January 1, 2025, for other types of stationary air conditioning equipment, but only if before January 1, 2023, the state building code council adopts the following safety standards into the state building code as these standards existed as of the effective date of this section:

(A) American society of heating, refrigerating, and air-conditioning engineers standard 15;

(B) American society of heating, refrigerating, and air-conditioning engineers standard 15.2;

(C) American society of heating, refrigerating, and air-conditioning engineers standard 34; and

(D) Underwriters laboratories standard UL 60335-2-40 edition 4;

(ii) If the state building code council adopts the safety standards referenced in (b)(i) of this subsection after January 1, 2023, the restrictions of this subsection may apply to refrigeration equipment manufactured no earlier than 24 months after the adoption of the safety standards; and

(c) January 1, 2026, for systems with variable refrigerant flow or volume.

(3)(a) Consistent with the timeline established in (b) of this subsection, the department may adopt rules to prohibit the use of refrigerant substitutes that have a global warming potential of greater than 150 for use in refrigeration equipment containing more than 50 pounds of refrigerant;

(b)(i) The restrictions in (a) of this subsection must apply to new refrigeration equipment manufactured after December 31, 2024, but only if before January 1, 2023, the state building code council adopts the following safety standards into the state building code, as these standards existed as of the effective date of this section:

(A) American society of heating, refrigerating, and air-conditioning engineers standard 15;

(B) American society of heating, refrigerating, and air-conditioning engineers standard 34; and

(C) Underwriters laboratories standard UL 60335-2-89 edition 2;

(ii) If the state building code council adopts the safety standards referenced in (b)(i) of this subsection after January 1, 2023, the restrictions of (a) of this subsection may apply to refrigeration equipment manufactured no earlier than 24 months after the adoption of the safety standards.

(4) The department shall prohibit the use of refrigerant substitutes that have a global warming potential of greater than:

(a) One hundred fifty for use in new equipment manufactured after December 31, 2023, for installation in new ice rinks; and

(b) Seven hundred fifty for use in new equipment manufactured after December 31, 2023, for installation in existing ice rinks.

(5)(a) The department, in rules adopted to implement this section, may establish reporting, labeling, and recordkeeping requirements applicable to regulated facilities and persons. To the extent practicable, rules adopted under this section must be harmonized with reporting, labeling, or recordkeeping requirements established under section 9 of this act.

(b) To the extent practicable, the department must adopt rules to implement this section that are consistent with similar programs in other states that reduce emissions from refrigerants.

(c) The department may adopt rules to grant variances from the requirements of this section.

(d) Restrictions adopted by the department under this section are additional to specific restrictions on applications and end uses established in RCW 70A.45.080 (as recodified by this act).

(6)(a) Prior to adopting final rules to implement restrictions under subsection (2) or (3) of this section, the department must review the availability and affordability of:

(i) Equipment that meets applicable global warming potential requirements;

(ii) Refrigerants that meet applicable global warming potential requirements; and

(iii) Appropriate training to utilize equipment that meets applicable global warming potential requirements.

(b) After the review required under (a) of this subsection, the department is encouraged to consider delaying the effective date of restrictions under this section in the event that the department determines that significant training or compliant equipment or refrigerant availability and affordability limitations are expected to occur.

**NEW SECTION. Sec. 9.** (1) The department shall establish a refrigerant management program designed to reduce

emissions of refrigerants, including regulated substances and their substitutes, from activities or equipment responsible for significant volumes of such emissions. The program must include, at minimum, larger stationary refrigeration systems and larger commercial air conditioning systems. The department must adopt rules to implement and enforce the requirements of this section. The department may require compliance with refrigerant management program requirements beginning no earlier than January 1, 2024, and no earlier than the adjournment of the regular legislative session following the submission of a report to the appropriate committees of the legislature by the department estimating leakage of refrigerants from existing systems in Washington, and estimating a statewide rate of leakage from the categories of systems that are subject to the refrigerant management program rules adopted by the department under this section.

(2) (a) The department shall exempt refrigeration and air conditioning equipment operations associated with de minimis emissions or with a de minimis charging capacity of less than 50 pounds in a single system from registration, reporting, and leak detection requirements established in this section. The department shall exempt from the requirements established in this section equipment that uses refrigerants with a global warming potential of less than 150 and that are not class I or class II substances.

(b) The department may scale the requirements adopted under this section based on the size of the equipment, the facility containing the equipment, or the business operations of a person responsible for such emissions. The department may establish delayed effective dates of requirements applicable to persons and systems associated with lower emissions of refrigerants than other persons and systems regulated under this section.

(3) Each year, the owner or operator of a stationary refrigeration system or air conditioning system that exceeds a de minimis charge capacity of 50 pounds must register with the department. The department must phase in system registration requirements under this subsection in order to prioritize systems with the largest charge capacity or

greatest potential for refrigerant emissions. Registration with the department must, consistent with rules adopted by the department, include the submission of information about the refrigeration system, including equipment type, refrigerant charge capacity, and the type of refrigerant used.

(4) Prior to the sale of a registered refrigeration or air conditioning system, the owners or operators of the system must provide leak rate documentation to the prospective purchaser.

(5) The owner or operator of a registered stationary refrigeration system or air conditioning system must conduct periodic leak-detection inspections of the system. The department may require inspections to be conducted with relatively greater frequency for systems with larger volumes of refrigerants. The department may exempt systems that use refrigerants with low global warming potential or that have automatic leak-detection systems from the requirements of this subsection.

(6) The owner or operator of a registered stationary refrigeration or air conditioning system must inspect for leaks each time significant amounts of refrigerant are added to the system.

(7) The department must adopt rules that:

(a) Require refrigeration or air conditioning systems found to be leaking to be repaired within a specified amount of time;

(b) Require the retrofit, replacement, or retirement of a refrigeration or air conditioning system with a leak that is not capable of being repaired;

(c) Establish annual reporting requirements for owners or operators of refrigeration systems or air conditioning systems that include information about the system, including system service and leak repair conducted on the system over the preceding year, and information on the purchase and use of refrigerants in the covered system during the preceding year;

(d) Establish annual reporting requirement for refrigerant wholesalers, distributors, and reclaimers;

(e) Establish record retention requirements for operators of facilities

and wholesalers, distributors, and reclaimers of refrigerants and substitutes;

(f) Apply leak rates and other regulatory thresholds that achieve greater emission reductions than the federal regulations adopted by the United States environmental protection agency, and that reflect levels of achievable superior performance established for the greenhill voluntary program implemented by the United States environmental protection agency; and

(g) To the maximum extent practicable while giving consideration to the goals of this chapter, establish recordkeeping and reporting requirements that are consistent with programs implemented by the federal environmental protection agency or in other states, and that minimize compliance costs and regulatory burdens for regulated parties.

(8) The department may adopt rules to establish:

(a) Service practices for stationary appliances, including both stationary refrigeration systems and air conditioning systems. Service practices established by the department may include requiring technicians certified under United States environmental protection agency standards to service refrigerant systems, requiring reporting and recordkeeping that identifies the technicians that have serviced appliances, prohibiting practices likely to result in releases to the environment, requiring all practicable efforts to recover refrigerants from covered systems, and prohibiting the addition of refrigerants to systems known to have a leak; and

(b) A process for wholesalers, distributors, reclaimers, and refrigeration and air conditioning equipment operators to apply to the department for an exemption from some or all of the requirements of this section. Exemptions may be granted by the department on the basis of economic hardship, natural disaster, or after considering a calculation of lifecycle greenhouse gas emissions associated with the granting of an exemption that will allow an identified leak to go unrepaired for a finite period of time.

(9) The department may determine, assess, and collect annual fees from the owners or operators of refrigeration and air conditioning systems regulated under

this section in an amount sufficient to cover the direct and indirect costs of administering and enforcing the provisions of this section. All fees collected under this subsection must be deposited in the refrigerant emission management account created in section 12 of this act.

(10) By December 1, 2029, and every five years thereafter, the department must consider the greenhouse gas emissions reductions achieved under the program created in this section and the criteria of section 11(3) of this act, and make a determination whether to continue to implement the program for the following five years. The department must notify the appropriate committees of the house of representatives and the senate of its determination.

**Sec. 10.** RCW 19.27.580 and 2019 c 284 s 7 are each amended to read as follows:

(1) The building code council shall adopt rules, including by amending existing rules as necessary, that permit the use of substitutes approved under RCW ((70.235.080)) 70A.45.080 (as recodified by this act) and that do not require the use of substitutes that are restricted under RCW ((70.235.080)) 70A.45.080 (as recodified by this act). The building code council may not prohibit the use of a substitute refrigerant allowed pursuant to the United States environmental protection agency's significant new alternatives policy to implement 42 U.S.C. Sec. 7671k.

(2) The building code council shall adopt rules that allow the use of substitutes, as defined in section 2 of this act, with a lower global warming potential than alternative substances, in accordance with nationally recognized, published standards that protect building occupant safety and reduce fire risks.

(3) The building code council may adopt rules that allow the use of substitutes, as defined in section 2 of this act, that are under review but have not yet been approved by the United States environmental protection agency's significant new alternatives policy to implement 42 U.S.C. Sec. 7671k, if the substitutes have a lower global warming potential than alternative substances and meet nationally recognized, published standards that protect building occupant safety and reduce fire risks.

(4) Any rules adopted by the building code council that affect the design or installation of refrigeration or air conditioning systems must be consistent with a goal of minimizing system leakage of refrigerants.

(5) Prior to the adoption of any rules by the building code council that affect the design or installation of refrigeration or air conditioning systems that facilitate the use of substitutes with a low global warming potential in air conditioning systems or equipment, the building code council must solicit input from organizations representing affected parties and parties with expertise in the substitutes or affected types of systems or equipment including, but not limited to:

(a) Manufacturers, distributors, and installers of refrigeration and air conditioning systems; and

(b) Refrigeration and air conditioning system contractors that are small businesses or that primarily serve rural areas.

**NEW SECTION. Sec. 11.** (1) The authority granted by this chapter to the department for restricting the use of substitutes is supplementary to the department's authority to control air pollution pursuant to chapter 70A.15 RCW. Nothing in this chapter limits the authority of the department under chapter 70A.15 RCW.

(2) The department, in enforcing the requirements of this chapter, must adhere to the provisions applicable to the department under chapter 43.05 RCW regarding site inspections, technical assistance visits, notices of correction, and the issuance of civil penalties, to the extent that these provisions are not in conflict with federal requirements described in RCW 43.05.901.

(3) The department may elect to refrain from or cease administering or enforcing a requirement of this chapter if the United States environmental protection agency adopts requirements that:

(a) Are substantially duplicative of the requirements of this chapter and that negate the additional emission reduction benefits of state implementation of any requirement of this chapter; or

(b) Preempt state authority under this chapter.

**NEW SECTION. Sec. 12.** The refrigerant emission management account is created in the state treasury. All receipts received by the state from the fees imposed under section 9 of this act must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of section 9 of this act.

**Sec. 13.** RCW 70A.15.1010 and 2020 c 20 s 1080 are each amended to read as follows:

(1) The air pollution control account is established in the state treasury. All receipts collected by or on behalf of the department from RCW 70A.15.2200(2), and receipts from nonpermit program sources under RCW 70A.15.2210(1) and 70A.15.2230(7), and all receipts from RCW 70A.15.5090 and 70A.15.5120 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of this chapter, chapter 70A.25 RCW, and RCW 70A.45.080 (as recodified by this act).

(2) The amounts collected and allocated in accordance with this section shall be expended upon appropriation except as otherwise provided in this section and in accordance with the following limitations:

Portions of moneys received by the department of ecology from the air pollution control account shall be distributed by the department to local authorities based on:

(a) The level and extent of air quality problems within such authority's jurisdiction;

(b) The costs associated with implementing air pollution regulatory programs by such authority; and

(c) The amount of funding available to such authority from other sources, whether state, federal, or local, that could be used to implement such programs.

(3) The air operating permit account is created in the custody of the state treasurer. All receipts collected by or on behalf of the department from permit program sources under RCW 70A.15.2210(1), 70A.15.2260, 70A.15.2270, and 70A.15.2230(7) shall be

deposited into the account. Expenditures from the account may be used only for the activities described in RCW 70A.15.2210(1), 70A.15.2260, 70A.15.2270, and 70A.15.2230(7). Moneys in the account may be spent only after appropriation.

**NEW SECTION. Sec. 14.** (1) By December 1, 2021, the department of ecology must provide recommendations to the appropriate committees of the house of representatives and the senate regarding the optimal design of a program to address the end-of-life management and disposal of refrigerants including, but not limited to, ozone-depleting substances and hydrofluorocarbons. In developing the recommendations, the department must solicit feedback from potentially impacted parties and the public, and must consider actions taken by other jurisdictions to incentivize refrigerant reuse or reclamation. The recommendations may come in the form of draft legislation.

(2) The recommendations must specifically include, at minimum, the following program design considerations:

(a) The legal and financial obligations to support or participate in the program applicable to refrigerant manufacturers, importers, distributors, and retailers, and to refrigerant-using equipment owner-operators and service technicians;

(b) A funding mechanism for refrigerant recovery and disposal activities carried out by the program that will also provide a financial incentive for the recovery and emission-reducing management of refrigerants that are no longer of utility to a consumer; and

(c) Performance goals and operational standards for activities carried out by the program to collect, transport, and recycle, reuse, or dispose of refrigerants.

**Sec. 15.** RCW 70A.15.3150 and 2020 c 20 s 1111 are each amended to read as follows:

(1) Any person who knowingly violates any of the provisions of this chapter or (~~chapter 70A.25 RCW, RCW 70A.45.080~~) chapters 70A.25 and 70A.--- (the new chapter created in section 20 of this act) RCW, or any ordinance, resolution, or regulation in force pursuant thereto is guilty of a gross misdemeanor and upon

conviction thereof shall be punished by a fine of not more than ten thousand dollars, or by imprisonment in the county jail for up to three hundred sixty-four days, or by both for each separate violation.

(2) Any person who negligently releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who at the time negligently places another person in imminent danger of death or substantial bodily harm is guilty of a gross misdemeanor and shall, upon conviction, be punished by a fine of not more than ten thousand dollars, or by imprisonment for up to three hundred sixty-four days, or both.

(3) Any person who knowingly releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who knows at the time that he or she thereby places another person in imminent danger of death or substantial bodily harm, is guilty of a class C felony and shall, upon conviction, be punished by a fine of not less than fifty thousand dollars, or by imprisonment for not more than five years, or both.

(4) Any person who knowingly fails to disclose a potential conflict of interest under RCW 70A.15.2000 is guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five thousand dollars.

**Sec. 16.** RCW 70A.15.3160 and 2020 c 20 s 1112 are each amended to read as follows:

(1)(a) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, and in addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of this chapter, chapter 70A.25 (~~(~~RCW~~)~~), 70A.450, or 70A.--- (the new chapter created in section 20 of this act) RCW, (~~(RCW 70A.45.080)~~) or any of the rules in force under such chapters or section may incur a civil penalty in an amount not to exceed ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's

continuance shall be a separate and distinct violation.

(b) Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2) (a) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

(b) The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) ~~((A11))~~ (a) Except as provided in (b) of this subsection, all penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70A.15.1010 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(b) All penalties recovered for violations of chapter 70A.--- (the new chapter created in section 20 of this act) RCW must be paid into the state treasury and credited to the refrigerant emission management account created in section 12 of this act.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) The department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan.

**Sec. 17.** RCW 19.285.040 and 2019 c 288 s 29 are each amended to read as follows:

(1) Each qualifying utility shall pursue all available conservation that is cost-effective, reliable, and feasible.

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and conservation planning council in the most recently published regional power plan as it existed on June 12, 2014, or a subsequent date as may be provided by the department or the commission by rule, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. Nothing in the rule adopted under this subsection precludes a qualifying utility from using its utility specific conservation measures, values, and assumptions in identifying its achievable cost-effective conservation potential. At least every two years thereafter, the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) Beginning January 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection,

and meet that target during the subsequent two-year period. At a minimum, each biennial target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period.

(c)(i) Except as provided in (c)(ii) and (iii) of this subsection, beginning on January 1, 2014, cost-effective conservation achieved by a qualifying utility in excess of its biennial acquisition target may be used to help meet the immediately subsequent two biennial acquisition targets, such that no more than twenty percent of any biennial target may be met with excess conservation savings.

(ii) Beginning January 1, 2014, a qualifying utility may use single large facility conservation savings in excess of its biennial target to meet up to an additional five percent of the immediately subsequent two biennial acquisition targets, such that no more than twenty-five percent of any biennial target may be met with excess conservation savings allowed under all of the provisions of this section combined. For the purposes of this subsection (1)(c)(ii), "single large facility conservation savings" means cost-effective conservation savings achieved in a single biennial period at the premises of a single customer of a qualifying utility whose annual electricity consumption prior to the conservation savings exceeded five average megawatts.

(iii) Beginning January 1, 2012, and until December 31, 2017, a qualifying utility with an industrial facility located in a county with a population between ninety-five thousand and one hundred fifteen thousand that is directly interconnected with electricity facilities that are capable of carrying electricity at transmission voltage may use cost-effective conservation from that industrial facility in excess of its biennial acquisition target to help meet the immediately subsequent two biennial acquisition targets, such that no more than twenty-five percent of any biennial target may be met with excess conservation savings allowed under all of the provisions of this section combined.

(d) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to

meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output. The reduction in load due to high-efficiency cogeneration shall be: (i) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a best-commercially available technology combined-cycle natural gas-fired combustion turbine; and (ii) counted towards meeting the biennial conservation target in the same manner as other conservation savings.

(e) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practice.

(f) In addition to the requirements of RCW 19.280.030(3), in assessing the cost-effective conservation required under this section, a qualifying utility is encouraged to promote the adoption of air conditioning, as defined in section 2 of this act, with refrigerants not exceeding a global warming potential of 750 and the replacement of stationary refrigeration systems that contain ozone-depleting substances or hydrofluorocarbon refrigerants with a high global warming potential.

(g) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Except as provided in (j) of this subsection, each qualifying utility shall use eligible renewable resources or acquire equivalent renewable energy credits, or any combination of them, to meet the following annual targets:

(i) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, 2015;

(ii) At least nine percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; and

(iii) At least fifteen percent of its load by January 1, 2020, and each year thereafter.

(b) A qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(c) In meeting the annual targets in (a) of this subsection, a qualifying utility shall calculate its annual load based on the average of the utility's load for the previous two years.

(d) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-adjusted load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than coal transition power or renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility invested at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

(e) A qualifying utility may use renewable energy credits to meet the requirements of this section, subject to the limitations of this subsection.

(i) A renewable energy credit from electricity generated by a resource other than freshwater may be used to meet a requirement applicable to the year in which the credit was created, the year before the year in which the credit was created, or the year after the year in which the credit was created.

(ii) A renewable energy credit from electricity generated by freshwater:

(A) May only be used to meet a requirement applicable to the year in which the credit was created; and

(B) Must be acquired by the qualifying utility through ownership of the generation facility or through a transaction that conveyed both the electricity and the nonpower attributes of the electricity.

(iii) A renewable energy credit transferred to an investor-owned utility pursuant to the Bonneville power

administration's residential exchange program may not be used by any utility other than the utility receiving the credit from the Bonneville power administration.

(iv) Each renewable energy credit may only be used once to meet the requirements of this section and must be retired using procedures of the renewable energy credit tracking system.

(f) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

(i) Eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity; or

(ii) Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090.

(g) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

(h)(i) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquisition at one and two-tenths times its base value:

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

(i) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if events beyond the reasonable control of the utility that could not have been reasonably anticipated or ameliorated prevented it from meeting the renewable energy target. Such events include

weather-related damage, mechanical failure, strikes, lockouts, and actions of a governmental authority that adversely affect the generation, transmission, or distribution of an eligible renewable resource under contract to a qualifying utility.

(j)(i) Beginning January 1, 2016, only a qualifying utility that owns or is directly interconnected to a qualified biomass energy facility may use qualified biomass energy to meet its compliance obligation under this subsection.

(ii) A qualifying utility may no longer use electricity and associated renewable energy credits from a qualified biomass energy facility if the associated industrial pulping or wood manufacturing facility ceases operation other than for purposes of maintenance or upgrade.

(k) An industrial facility that hosts a qualified biomass energy facility may only transfer or sell renewable energy credits associated with qualified biomass energy generated at its facility to the qualifying utility with which it is directly interconnected with facilities owned by such a qualifying utility and that are capable of carrying electricity at transmission voltage. The qualifying utility may only use an amount of renewable energy credits associated with qualified biomass energy that are equivalent to the proportionate amount of its annual targets under (a)(ii) and (iii) of this subsection that was created by the load of the industrial facility. A qualifying utility that owns a qualified biomass energy facility may not transfer or sell renewable energy credits associated with qualified biomass energy to another person, entity, or qualifying utility.

(l) Beginning January 1, 2020, a qualifying utility may use eligible renewable resources as identified under RCW 19.285.030(12) (g) and (h) to meet its compliance obligation under this subsection (2). A qualifying utility may not transfer or sell these eligible renewable resources to another utility for compliance purposes under this chapter.

(m) Beginning January 1, 2030, a qualifying utility is considered to be in compliance with an annual target in (a) of this subsection if the utility uses electricity from: (i) Renewable resources and renewable energy credits as defined in RCW 19.285.030; and (ii)

nonemitting electric generation as defined in RCW 19.405.020, in an amount equal to one hundred percent of the utility's average annual retail electric load. Nothing in this subsection relieves the requirements of a qualifying utility to comply with subsection (1) of this section.

(3) Utilities that become qualifying utilities after December 31, 2006, shall meet the requirements in this section on a time frame comparable in length to that provided for qualifying utilities as of December 7, 2006.

**Sec. 18.** RCW 19.27A.220 and 2019 c 285 s 4 are each amended to read as follows:

(1) The department must establish a state energy performance standard early adoption incentive program consistent with the requirements of this section.

(2) The department must adopt application and reporting requirements for the incentive program. Building energy reporting for the incentive program must be consistent with the energy reporting requirements established under RCW 19.27A.210.

(3) Upon receiving documentation demonstrating that a building owner qualifies for an incentive under this section, the department must authorize each applicable entity administering incentive payments, as provided in RCW 19.27A.240, to make an incentive payment to the building owner. When a building is served by more than one entity offering incentives or more than one type of fuel, incentive payments must be proportional to the energy use intensity reduction of each specific fuel provided by each entity.

(4) An eligible building owner may receive an incentive payment in the amounts specified in subsection (6) of this section only if the following requirements are met:

(a) The building is either: (i) A covered commercial building subject to the requirements of the standard established under RCW 19.27A.210; or (ii) a multifamily residential building where the floor area exceeds fifty thousand gross square feet, excluding the parking garage area;

(b) The building's baseline energy use intensity exceeds its applicable energy

use intensity target by at least fifteen energy use intensity units;

(c) At least one electric utility, gas company, or thermal energy company providing or delivering energy to the covered commercial building is participating in the incentive program by administering incentive payments as provided in RCW 19.27A.240; and

(d) The building owner complies with any other requirements established by the department.

(5) (a) An eligible building owner who meets the requirements of subsection (4) of this section may submit an application to the department for an incentive payment in a form and manner prescribed by the department. The application must be submitted in accordance with the following schedule:

(i) For a building with more than two hundred twenty thousand gross square feet, beginning July 1, 2021, through June 1, 2025;

(ii) For a building with more than ninety thousand gross square feet but less than two hundred twenty thousand and one gross square feet, beginning July 1, 2021, through June 1, 2026; and

(iii) For a building with more than fifty thousand gross square feet but less than ninety thousand and one gross square feet, beginning July 1, 2021, through June 1, 2027.

(b) The department must review each application and determine whether the applicant is eligible for the incentive program and if funds are available for the incentive payment within the limitation established in RCW 19.27A.230. If the department certifies an application, it must provide verification to the building owner and each entity participating as provided in RCW 19.27A.240 and providing service to the building owner.

(6) An eligible building owner that demonstrates early compliance with the applicable energy use intensity target under the standard established under RCW 19.27A.210 may receive a base incentive payment of eighty-five cents per gross square foot of floor area, excluding parking, unconditioned, or semiconditioned spaces.

(7) The incentives provided in subsection (6) of this section are subject to the limitations and

requirements of this section, including any rules or procedures implementing this section.

(8) The department must establish requirements for the verification of energy consumption by the building owner and each participating electric utility, gas company, and thermal energy company.

(9) The department must provide an administrative process for an eligible building owner to appeal a determination of an incentive eligibility or amount.

(10) By September 30, 2025, and every two years thereafter, the department must report to the appropriate committees of the legislature on the results of the incentive program under this section and may provide recommendations to improve the effectiveness of the program. The 2025 report to the legislature must include recommendations for aligning the incentive program established under this section consistent with a goal of reducing greenhouse gas emissions from substitutes, as defined in section 2 of this act.

(11) The department may adopt rules to implement this section.

**Sec. 19.** RCW 39.26.310 and 2019 c 284 s 9 are each amended to read as follows:

(1) The department shall establish purchasing and procurement policies that provide a preference for products that:

(a) Are not restricted under RCW (~~70.235.080~~) 70A.45.080 (as recodified by this act);

(b) Do not contain hydrofluorocarbons or contain hydrofluorocarbons with a comparatively low global warming potential;

(c) Are not designed to function only in conjunction with hydrofluorocarbons characterized by a comparatively high global warming potential; and

(d) Were not manufactured using hydrofluorocarbons or were manufactured using hydrofluorocarbons with a low global warming potential.

(2) No agency may knowingly purchase products that are not accorded a preference in the purchasing and procurement policies established by the department pursuant to subsection (1) of this section, unless there is no cost-effective and technologically feasible option that is accorded a preference.

(3) ~~((Nothing in))~~ The department shall establish a purchasing and procurement policy that provides a preference, in serving existing equipment, for a reclaimed refrigerant that meets the minimum quality requirement established in federal regulations adopted under 42 U.S.C. Sec. 7671(g).

(4)(a) Nothing in subsection (1) of this section requires the department or any other state agency to breach an existing contract or dispose of stock that has been ordered or is in the possession of the department or other state agency as of July 28, 2019.

~~((4))~~ (b) Nothing in subsection (3) of this section requires the department or any other state agency to breach an existing contract or dispose of stock that has been ordered or is in the possession of the department or other state agency as of July 28, 2021.

(5) By December 1, 2020, and each December 1st of even-numbered years thereafter, the department must submit a status report to the appropriate committees of the house of representatives and senate regarding the implementation and compliance of the department and state agencies with this section.

NEW SECTION. Sec. 20. Sections 1, 2, 8, 9, 11, and 12 of this act constitute a new chapter in Title 70A RCW.

NEW SECTION. Sec. 21. RCW 70A.45.080, 70A.15.6410, 70A.15.6420, and 70A.15.6430 are each recodified as sections in chapter 70A.--- RCW (the new chapter created in section 20 of this act).

NEW SECTION. Sec. 22. Section 8 of this act takes effect January 1, 2022.

NEW SECTION. Sec. 23. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2021, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 24. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that whether mediation, reporting, and payment provisions of the foreclosure fairness act apply to any particular beneficiary in a given year is tied to the number of trustee's sales and number of notices of trustee's sale recorded in the preceding year. The legislature further finds that, due to the federal foreclosure moratorium in place from at least March of 2020 through December of 2020 and into the year 2021, it is likely that, absent legislative action, the mediation, reporting, and payment provisions of the foreclosure fairness act will apply to very few if any beneficiaries in calendar year 2021 or 2022 because the threshold numbers that trigger application of these provisions will not be met. The legislature therefore intends to put in place a temporary stopgap remedy so that vital assistance provisions of the foreclosure fairness act are not lost at the very time that foreclosure activity is likely to be increasing.

**Sec. 2.** RCW 61.24.005 and 2014 c 164 s 1 are each amended to read as follows:

(1) That the deed of trust contains a power of sale;

(2) That the deed of trust contains a statement that the real property conveyed is not used principally for agricultural purposes; provided, if the statement is false on the date the deed of trust was granted or amended to include that statement, and false on the date of the trustee's sale, then the deed of trust must be foreclosed judicially. Real property is used for agricultural purposes if it is used in an operation that produces crops, livestock, or aquatic goods;

(3) That a default has occurred in the obligation secured or a covenant of the grantor, which by the terms of the deed of trust makes operative the power to sell;

(4) That no action commenced by the beneficiary of the deed of trust is now pending to seek satisfaction of an obligation secured by the deed of trust

in any court by reason of the grantor's default on the obligation secured: PROVIDED, That (a) the seeking of the appointment of a receiver, or the filing of a civil case to obtain court approval to access, secure, maintain, and preserve property from waste or nuisance, shall not constitute an action for purposes of this chapter; and (b) if a receiver is appointed, the grantor shall be entitled to any rents or profits derived from property subject to a homestead as defined in RCW 6.13.010. (7)(a) That, for residential real property of up to four units, before the notice of trustee's sale is recorded, transmitted, or served, the trustee shall have proof that the beneficiary is the holder of any promissory note or other obligation secured by the deed of trust. A declaration by the beneficiary made under the penalty of perjury stating that the beneficiary is the holder of any promissory note or other obligation secured by the deed of trust shall be sufficient proof as required under this subsection.

(b) Unless the trustee has violated his or her duty under RCW 61.24.010(4), the trustee is entitled to rely on the beneficiary's declaration as evidence of proof required under this subsection.

(c) This subsection (7) does not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW;

(8) That at least thirty days before notice of sale shall be recorded, transmitted or served, written notice of default and, for residential real property of up to four units, the beneficiary declaration specified in subsection (7)(a) of this section shall

(j) A statement that the borrower, grantor, and any guarantor has recourse to the courts pursuant to RCW 61.24.130 to contest the alleged default on any proper ground;

(l) In the event the property secured by the deed of trust is residential real property of up to four units, the name and address of the holder of any promissory note or other obligation secured by the deed of trust and the name, address, and telephone number of a party acting as a servicer of the obligations secured by the deed of trust;

(m) For notices issued after June 30, 2018, on the top of the first page of the notice:

(i) The current beneficiary of the deed of trust;

(ii) The current mortgage servicer for the deed of trust; and

(iii) The current trustee for the deed of trust;

(9) That, for ((owner-occupied)) residential real property of up to four units, before the notice of the trustee's sale is recorded, transmitted, or served, the beneficiary has complied with RCW 61.24.031 and, if applicable, RCW 61.24.163;

(10) That, in the case where the borrower or grantor is known to the mortgage servicer or trustee to be deceased, the notice required under subsection (8) of this section must be sent to any spouse, child, or parent of the borrower or grantor known to the trustee or mortgage servicer, and to any owner of record of the property, at any address provided to the trustee or mortgage servicer, and to the property addressed to the heirs and devisees of the borrower.

(a) If the name or address of any spouse, child, or parent of such deceased

borrower or grantor cannot be ascertained with use of reasonable diligence, the trustee must execute and record with the notice of sale a declaration attesting to the same.

(b) Reasonable diligence for the purposes of this subsection (10) means the trustee shall search in the county where the property is located, the public records and information for any obituary, will, death certificate, or case in probate within the county for the borrower and grantor;

(11) Upon written notice identifying the property address and the name of the borrower to the servicer or trustee by someone claiming to be a successor in interest to the borrower's or grantor's property rights, but who is not a party to the loan or promissory note or other obligation secured by the deed of trust, a trustee shall not record a notice of sale pursuant to RCW 61.24.040 until the trustee or mortgage servicer completes the following:

(a) Acknowledges the notice in writing and requests reasonable documentation of the death of the borrower or grantor from the claimant including, but not limited to, a death certificate or other written evidence of the death of the borrower or grantor. The claimant must be allowed thirty days from the date of this request to present this documentation. If the trustee or mortgage servicer has already obtained sufficient proof of the borrower's death, it may proceed by acknowledging the claimant's notice in writing and issuing a request under (b) of this subsection.

(b) If the mortgage servicer or trustee obtains or receives written documentation of the death of the borrower or grantor from the claimant, or otherwise independently confirms the death of the borrower or grantor, then the servicer or trustee must request in writing documentation from the claimant demonstrating the ownership interest of the claimant in the real property. A claimant has sixty days from the date of the request to present this documentation.

(c) If the mortgage servicer or trustee receives written documentation demonstrating the ownership interest of the claimant prior to the expiration of the sixty days provided in (b) of this subsection, then the servicer or trustee must, within twenty days of receipt of

proof of ownership interest, provide the claimant with, at a minimum, the loan balance, interest rate and interest reset dates and amounts, balloon payments if any, prepayment penalties if any, the basis for the default, the monthly payment amount, reinstatement amounts or conditions, payoff amounts, and information on how and where payments should be made. The mortgage servicers shall also provide the claimant application materials and information, or a description of the process, necessary to request a loan assumption and modification.

(d) Upon receipt by the trustee or the mortgage servicer of the documentation establishing claimant's ownership interest in the real property, that claimant shall be deemed a "successor in interest" for the purposes of this section.

(e) There may be more than one successor in interest to the borrower's property rights. The trustee and mortgage servicer shall apply the provisions of this section to each successor in interest. In the case of multiple successors in interest, where one or more do not wish to assume the loan as coborrowers or coapplicants, a mortgage servicer may require any nonapplicant successor in interest to consent in writing to the application for loan assumption.

(f) The existence of a successor in interest under this section does not impose an affirmative duty on a mortgage servicer or alter any obligation the mortgage servicer has to provide a loan modification to the successor in interest. If a successor in interest assumes the loan, he or she may be required to otherwise qualify for available foreclosure prevention alternatives offered by the mortgage servicer.

(g) (c), (e), and (f) of this subsection (11) do not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW; and

(12) Nothing in this section shall prejudice the right of the mortgage servicer or beneficiary from discontinuing any foreclosure action initiated under the deed of trust act in favor of other allowed methods for pursuit of foreclosure of the security interest or deed of trust security interest.

**Sec. 4.** RCW 61.24.031 and 2014 c 164 s 2 are each amended to read as follows:

(1)(a) A trustee, beneficiary, or authorized agent may not issue a notice of default under RCW 61.24.030(8) until: (i) Thirty days after satisfying the due diligence requirements as described in subsection (5) of this section and the borrower has not responded; or (ii) if the borrower responds to the initial contact, ninety days after the initial contact with the borrower was initiated.

(b) A beneficiary or authorized agent shall make initial contact with the borrower by letter to provide the borrower with information required under (c) of this subsection and by telephone as required under subsection (5) of this section. The letter required under this subsection must be mailed in accordance with subsection (5)(a) of this section and must include the information described in (c) of this subsection and subsection (5)(e)(i) through (iv) of this section.

(c) The letter required under this subsection, developed by the department pursuant to RCW 61.24.033, at a minimum shall include:

(i) A paragraph printed in no less than twelve-point font and bolded that reads:

"You must respond within thirty days of the date of this letter. IF YOU DO NOT RESPOND within thirty days, a notice of default may be issued and you may lose your home in foreclosure.

IF YOU DO RESPOND within thirty days of the date of this letter, you will have an additional sixty days to meet with your lender before a notice of default may be issued.

You should contact a housing counselor or attorney as soon as possible. Failure to contact a housing counselor or attorney may result in your losing certain opportunities, such as meeting with your lender or participating in mediation in front of a neutral third party. A housing counselor or attorney can help you work with your lender to avoid foreclosure.

If you filed bankruptcy or have been discharged in bankruptcy, this communication is not intended as an attempt to collect a debt from you personally, but is notice of enforcement of the deed of trust lien against the property. If you wish to avoid

foreclosure and keep your property, this notice sets forth your rights and options.";

(ii) The toll-free telephone number from the United States department of housing and urban development to find a department-approved housing counseling agency, the toll-free numbers for the statewide foreclosure hotline recommended by the housing finance commission, and the statewide civil legal aid hotline for assistance and referrals to other housing counselors and attorneys;

(iii) A paragraph stating that a housing counselor may be available at little or no cost to the borrower and that whether or not the borrower contacts a housing counselor or attorney, the borrower has the right to request a meeting with the beneficiary; and

(iv) A paragraph explaining how the borrower may respond to the letter and stating that after responding the borrower will have an opportunity to meet with his or her beneficiary in an attempt to resolve and try to work out an alternative to the foreclosure and that, after ninety days from the date of the letter, a notice of default may be issued, which starts the foreclosure process.

(d) If the beneficiary has exercised due diligence as required under subsection (5) of this section and the borrower does not respond by contacting the beneficiary within thirty days of the initial contact, the notice of default may be issued. "Initial contact" with the borrower is considered made three days after the date the letter required in (b) of this subsection is sent.

(e) If a meeting is requested by the borrower or the borrower's housing counselor or attorney, the beneficiary or authorized agent shall schedule the meeting to occur before the notice of default is issued. An assessment of the borrower's financial ability to modify or restructure the loan obligation and a discussion of options must occur during the meeting scheduled for that purpose.

(f) The meeting scheduled to assess the borrower's financial ability to modify or restructure the loan obligation and discuss options to avoid foreclosure may be held telephonically, unless the borrower or borrower's representative requests in writing that a meeting be held in person. The written request for

an in-person meeting must be made within thirty days of the initial contact with the borrower. If the meeting is requested to be held in person, the meeting must be held in the county where the property is located unless the parties agree otherwise. A person who is authorized to agree to a resolution, including modifying or restructuring the loan obligation or other alternative resolution to foreclosure on behalf of the beneficiary, must be present either in person or on the telephone or videoconference during the meeting.

(2) A notice of default issued under RCW 61.24.030(8) must include a declaration, as provided in subsection (9) of this section, from the beneficiary or authorized agent that it has contacted the borrower as provided in subsection (1) of this section, it has tried with due diligence to contact the borrower under subsection (5) of this section, or the borrower has surrendered the property to the trustee, beneficiary, or authorized agent. Unless the trustee has violated his or her duty under RCW 61.24.010(4), the trustee is entitled to rely on the declaration as evidence that the requirements of this section have been satisfied, and the trustee is not liable for the beneficiary's or its authorized agent's failure to comply with the requirements of this section.

(3) If, after the initial contact under subsection (1) of this section, a borrower has designated a housing counseling agency, housing counselor, or attorney to discuss with the beneficiary or authorized agent, on the borrower's behalf, options for the borrower to avoid foreclosure, the borrower shall inform the beneficiary or authorized agent and provide the contact information to the beneficiary or authorized agent. The beneficiary or authorized agent shall contact the designated representative for the borrower to meet.

(4) The beneficiary or authorized agent and the borrower or the borrower's representative shall attempt to reach a resolution for the borrower within the ninety days from the time the initial contact is sent and the notice of default is issued. A resolution may include, but is not limited to, a loan modification, an agreement to conduct a short sale, or a deed in lieu of foreclosure transaction, or some other workout plan. Any modification or workout plan offered at the meeting with the borrower's

designated representative by the beneficiary or authorized agent is subject to approval by the borrower.

(5) A notice of default may be issued under RCW 61.24.030(8) if a beneficiary or authorized agent has initiated contact with the borrower as required under subsection (1)(b) of this section and the failure to meet with the borrower occurred despite the due diligence of the beneficiary or authorized agent. Due diligence requires the following:

(a) A beneficiary or authorized agent shall first attempt to contact a borrower by sending, by both first-class and either registered or certified mail, return receipt requested, a letter to the address in the beneficiary's records for sending account statements to the borrower and to the address of the property encumbered by the deed of trust. The letter must be the letter described in subsection (1)(c) of this section.

(b) (i) After the letter has been sent, the beneficiary or authorized agent shall attempt to contact the borrower by telephone at least three times at different hours and on different days. Telephone calls must be made to the primary and secondary telephone numbers on file with the beneficiary or authorized agent.

(ii) A beneficiary or authorized agent may attempt to contact a borrower using an automated system to dial borrowers if the telephone call, when answered, is connected to a live representative of the beneficiary or authorized agent.

(iii) A beneficiary or authorized agent satisfies the telephone contact requirements of this subsection (5)(b) if the beneficiary or authorized agent determines, after attempting contact under this subsection (5)(b), that the borrower's primary telephone number and secondary telephone number or numbers on file, if any, have been disconnected or are not good contact numbers for the borrower.

(iv) The telephonic contact under this subsection (5)(b) does not constitute the meeting under subsection (1)(f) of this section.

(c) If the borrower does not respond within fourteen days after the telephone call requirements of (b) of this subsection have been satisfied, the beneficiary or authorized agent shall send a certified letter, with return

receipt requested, to the borrower at the address in the beneficiary's records for sending account statements to the borrower and to the address of the property encumbered by the deed of trust. The letter must include the information described in (e)(i) through (iv) of this subsection. The letter must also include a paragraph stating: "Your failure to contact a housing counselor or attorney may result in your losing certain opportunities, such as meeting with your lender or participating in mediation in front of a neutral third party."

(d) The beneficiary or authorized agent shall provide a means for the borrower to contact the beneficiary or authorized agent in a timely manner, including a toll-free telephone number or charge-free equivalent that will provide access to a live representative during business hours for the purpose of initiating and scheduling the meeting under subsection (1)(f) of this section.

(e) The beneficiary or authorized agent shall post a link on the home page of the beneficiary's or authorized agent's internet website, if any, to the following information:

(i) Options that may be available to borrowers who are unable to afford their mortgage payments and who wish to avoid foreclosure, and instructions to borrowers advising them on steps to take to explore those options;

(ii) A list of financial documents borrowers should collect and be prepared to present to the beneficiary or authorized agent when discussing options for avoiding foreclosure;

(iii) A toll-free telephone number or charge-free equivalent for borrowers who wish to discuss options for avoiding foreclosure with their beneficiary or authorized agent; and

(iv) The toll-free telephone number or charge-free equivalent made available by the department to find a department-approved housing counseling agency.

(6) Subsections (1) and (5) of this section do not apply if the borrower has surrendered the property as evidenced by either a letter confirming the surrender or delivery of the keys to the property to the trustee, beneficiary, or authorized agent.

(7) (a) This section applies only to deeds of trust that are recorded against

((owner-occupied)) residential real property of up to four units. This section does not apply to deeds of trust: (i) Securing a commercial loan; (ii) securing obligations of a grantor who is not the borrower or a guarantor; or (iii) securing a purchaser's obligations under a seller-financed sale.

(b) This section does not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW.

(8) As used in this section:

(a) "Department" means the United States department of housing and urban development.

(b) "Seller-financed sale" means a residential real property transaction where the seller finances all or part of the purchase price, and that financed amount is secured by a deed of trust against the subject residential real property.

(9) The form of declaration to be provided by the beneficiary or authorized agent as required under subsection (2) of this section must be in substantially the following form:

**"FORECLOSURE LOSS MITIGATION FORM**

Additional Optional Explanatory Comments:

**Sec. 5.** RCW 61.24.135 and 2016 c 196 s 3 are each amended to read as follows:

(1) It is an unfair or deceptive act or practice under the consumer protection act, chapter 19.86 RCW, for any person, acting alone or in concert with others, to offer, or offer to accept or accept from another, any consideration of any type not to bid, or to reduce a bid, at a sale of property conducted pursuant to a power of sale in a deed of trust. The trustee may decline to complete a sale or deliver the trustee's deed and refund the purchase price, if it appears that the bidding has been collusive or defective, or that the sale might have been void. However, it is not an unfair or deceptive act or practice for any person, including a trustee, to state that a property subject to a recorded notice of trustee's sale or subject to a sale conducted pursuant to this chapter is being sold in an "as-is" condition, or for the beneficiary to arrange to provide financing for a particular bidder or to reach any good faith agreement with the borrower, grantor, any guarantor, or any junior lienholder.

(2) It is an unfair or deceptive act in trade or commerce and an unfair method of competition in violation of the

**MESSAGE FROM THE SENATE**

April 9, 2021

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1216 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that preservation and

enhancement of city trees and urban forests contributes multiple benefits, including stormwater management, carbon sequestration, local air and water quality enhancements, and fish and wildlife habitat, and is a cost-effective way to meet these objectives. The legislature further finds that climate change is impacting our state in numerous ways, including summer heat waves, heavier winter rains, and lower air quality, all of which can be improved by increased tree canopy. The legislature further finds that modern and well-crafted urban forestry programs can have significant additional benefits related to human health, especially when delivered in highly impacted communities with higher health disparities and that also have lower existing tree canopy. Significant research exists demonstrating health benefits of trees and green spaces, including air and water quality improvements, positive emotional responses to being in nature, physical activity, and social cohesion through interacting in public green spaces. Furthermore, the legislature finds that Washington state faces continued urgency in adequately protecting essential salmon habitat, which is necessary to promote salmon recovery and thus help protect our endangered southern resident killer whale population. It is the intent of the legislature to enhance urban forestry programs that maximize cobenefits related to human health and salmon recovery.

(2) The legislature further recognizes that the existing evergreen communities act, in chapter 76.15 RCW and related programs in state law, established a successful framework for supporting urban forestry in Washington state. That act established the need for tools including canopy assessment and regional tree canopy analysis, and targeted technical assistance to support cities and counties seeking to deliver impactful urban forestry programs. The legislature intends to modernize and add capacity to the evergreen communities act by utilizing information and analysis around environmental health disparities and salmon recovery plans, and increasing capacity for the delivery of an urban forestry program in order to strengthen and enhance the impacts of this act and to expand participation to include federally recognized tribes and other community-based organizations.

**Sec. 2.** RCW 76.15.005 and 1991 c 179 s 1 are each amended to read as follows:

(1) Trees and other woody vegetation are a necessary and important part of community ~~((and urban))~~ environments. ~~((Community and urban))~~ Urban and community forests have many values and uses including conserving energy, reducing air and water pollution and soil erosion, contributing to property values, attracting business, reducing glare and noise, providing aesthetic and historical values, providing wood products, and affording comfort and protection for humans and wildlife.

(2) ~~((As urban and community areas in Washington state grow, the need to plan for and protect community and urban forests increases. Cities and communities benefit from assistance in developing and maintaining community and urban forestry programs that also address future growth.~~

~~(3) Assistance and encouragement in establishment, retention, and enhancement of these forests and trees by local governments, citizens, organizations, and professionals are in the interest of the state based on the contributions these forests make in preserving and enhancing the quality of life of Washington's municipalities and counties while providing opportunities for economic development.)~~ As urban and community areas in Washington state grow, the need to plan for, promote, and manage urban and community forests increases. Cities and communities benefit from assistance in developing and maintaining urban and community forestry programs that also address future growth.

(3) Assistance and encouragement in the establishment, retention, and enhancement of these forests and trees by local governments, residents, organizations, and professionals are in the interest of the state based on the contributions these forests make in preserving and enhancing the quality of life of Washington's cities, counties, and tribal lands while providing opportunities for economic development.

(4) Well-maintained urban forests deliver local air and water quality benefits that can have positive impacts on human health.

(5) Increased tree canopy in urban areas can positively impact salmon populations through stormwater management and reduction of stream

temperatures, thereby improving critical salmon habitat.

**Sec. 3.** RCW 76.15.007 and 1991 c 179 s 2 are each amended to read as follows:

The purpose of this chapter is to:

~~(1) Encourage ~~((planting and maintenance and management of trees in the state's municipalities and counties and maximize the potential of tree and vegetative cover in improving the quality of the environment.~~~~

~~(2) Encourage the coordination of state and local agency activities and maximize citizen participation in the development and implementation of community and urban forestry related programs.~~

~~(3) Foster healthy economic activity for the state's community and urban forestry-related businesses through cooperative and supportive contracts with the private business sector.~~

~~(4) Facilitate the creation of employment opportunities related to community and urban forestry activities including opportunities for inner city youth to learn teamwork, resource conservation, environmental appreciation, and job skills.~~

~~(5) Provide meaningful voluntary opportunities for the state's citizens and organizations interested in community and urban forestry activities))~~ planning for, planting, maintaining, and managing of trees in the state's cities, counties, and tribal lands and maximize the potential of tree and vegetative cover in improving the quality of the environment;

(2) Encourage the coordination of activities by state, local agency, and federally recognized tribes, and maximize resident participation in the development and implementation of urban and community forestry-related programs, including through capacity building to facilitate participation from new partners;

(3) Foster healthy economic activity for the state's urban and community forestry-related businesses through cooperative and supportive contracts with the private business sector;

(4) Facilitate the creation of employment opportunities related to urban and community forestry activities, including opportunities for youth,

especially in urban areas, to learn teamwork, resource conservation, environmental appreciation, and job skills;

(5) Provide meaningful voluntary opportunities for the state's residents and organizations interested in urban and community forestry activities;

(6) Contribute to improved human health through targeted delivery of programs and activities in highly impacted communities with greater health disparities;

(7) Contribute to salmon and orca recovery through targeted delivery of programs and activities in regions that include important salmon habitat identified by regional salmon recovery plans.

landscapes; and identify opportunities for retaining trees, expanding forest canopy, and planting additional trees to sustain Washington's urban and community forests.

(9) "Urban and community forest inventory" or "urban forest inventory" means a management tool designed to gauge the condition, management status, health, and diversity of an urban and community forest. An inventory may evaluate individual trees or groups of trees or canopy cover within urban and community forests, and will be periodically updated by the department.

(10) "Urban and community forestry" or "urban forestry" means the planning, establishment, protection, care, and management of trees and associated plants individually, in small groups, or under more naturally forested conditions within cities, counties, and tribal lands.

(11) "Urban and community forestry ordinance" or "urban forestry ordinance" is an ordinance developed by a city, county, or tribe that promotes urban forestry management and care of trees.

(12) "Vulnerable populations" has the same meaning as defined in RCW 19.405.020.

The county or weed district is liable for payment of the expense of the control work including necessary costs and expenses for attorneys' fees incurred by the director in securing payment from the county or weed district. The director may bring a civil action in a court of competent jurisdiction to collect the expenses of the control work, costs, and attorneys' fees;

~~((19))~~ (c) In counties without an activated noxious weed control board, enter upon any property as provided for in RCW 17.10.160, issue or cause to be issued notices and citations and take the necessary action to control noxious weeds as provided in RCW 17.10.170, hold hearings on any charge or cost of control action taken as provided for in RCW 17.10.180, issue a notice of civil infraction as provided for in RCW 17.10.230 ~~((and))~~, 17.10.310 ~~((through land))~~, and 17.10.350, and place a lien on any property pursuant to RCW 17.10.280, 17.10.290, and 17.10.300 with the same authorities and responsibilities imposed by these sections on county noxious weed control boards;

In a county with an activated noxious weed control board, the director shall make every effort to contract with that board for the needed services.

~~((13))~~ (4) If the director determines the need to reallocate funds previously designated for county use, the director shall convene a meeting of the state noxious weed control board to seek its advice concerning any reallocation.

**Sec. 7.** RCW 17.10.100 and 1997 c 353 s 12 are each amended to read as follows:

Where any of the following occur, the state noxious weed control board ~~((may, following))~~ must hold a hearing, then may order any county noxious weed control board or weed district to include a noxious weed from the state board's list in the county's noxious weed list:

(1) Where the state noxious weed control board receives a petition from at least one hundred registered voters

within the county requesting that the weed be listed.

(2) Where the state noxious weed control board receives a request for inclusion from an adjacent county's noxious weed control board or weed district, which the adjacent board or district has included that weed in its county or district list, and the adjacent board or weed district ~~((alleges))~~ documents that its noxious weed control program is being hampered by the failure to include the weed on the county's noxious weed list.

**Sec. 8.** RCW 17.10.140 and 1997 c 353 s 17 are each amended to read as follows:

(1) Except as is provided under subsection (2) of this section, every owner ~~((shall))~~ must perform or cause to be performed those acts as may be necessary to:

(a) Eradicate all class A noxious weeds;

(b) Control and prevent the spread of all class B noxious weeds designated for control in that region within and from the owner's property; and

(c) Control and prevent the spread of all class B and class C noxious weeds listed on the county weed list as locally mandated control priorities within and from the owner's property.

(2) ~~((Forestlands))~~ Every owner of forestlands classified under RCW 17.10.240(2), or meeting the definition of forestlands contained in RCW 17.10.240, ~~((are subject to the requirements of subsection (1)(a) and (b) of this section at all times. Forestlands are subject to the requirements of subsection (1)(c) of this section only within a one thousand foot buffer strip of adjacent land uses. (a) Eradicate all class A noxious weeds;

(b) Control and prevent the spread of all class B noxious weeds designated for control in that region within and from the owner's property; and

(c) Control and prevent the spread of all class B and class C noxious weeds listed on the county weed list as locally mandated control priorities within and

from the owner's property only when encountered in any of the following enumerated circumstances:

(i) Within 1,000 feet of adjacent land uses;

(ii) Within 25 feet of all privately owned roads unless properly abandoned as defined under WAC 222-24-052 as that section existed as of January 1, 2020;

(iii) Within 200 feet of navigable rivers, gravel pits, log yards, and staging areas, except when not allowed under other state or federal laws or regulations; and

(iv) For a single five-year period within harvested areas following the harvesting of trees for (~~lumber~~) products.

**Sec. 9.** RCW 17.10.145 and 2019 c 353 s 4 are each amended to read as follows:

(1) All state agencies shall control noxious weeds on lands they own, lease, or otherwise control through integrated pest management practices. Agencies shall develop plans in cooperation with county noxious weed control boards to control noxious weeds in accordance with standards in this chapter. Agencies shall appoint a liaison whose duties include serving as a common point of contact for all weed boards and developing and implementing noxious weed control plans.

(2) All state agencies' lands must comply with this chapter, regardless of noxious weed control efforts on adjacent lands.

(3) While conducting planned projects to ensure compliance with this chapter, all agencies must give preference, when deemed appropriate by the acting agency for the project and targeted resource management goals, to replacing noxious weeds with native forage plants that are pollen-rich or nectar-rich and beneficial for all pollinators, including honey bees.

**Sec. 10.** RCW 17.10.205 and 1997 c 353 s 24 are each amended to read as follows:

Open areas subject to the spread of noxious weeds, including but not limited to subdivisions, school grounds, playgrounds, parks, and rights-of-way shall be subject to regulation (~~by activated county noxious weed control boards~~) in the same manner and to the same extent as is provided for all

terrestrial and aquatic lands of the state.

**Sec. 11.** RCW 17.10.235 and 1997 c 353 s 26 are each amended to read as follows:

(1) The director of agriculture shall adopt, with the advice of the state noxious weed control board, rules designating noxious weed seeds which shall be controlled in products, screenings, or articles to prevent the spread of noxious weeds. The rules shall identify the products, screenings, and articles in which the seeds must be controlled and the maximum amount of the seed to be permitted in the product, screenings, or article to avoid a hazard of spreading the noxious weed by seed from the product, screenings, or article. The director shall also adopt, with the advice of the state board, rules designating toxic weeds which shall be controlled in feed stuffs and screenings to prevent injury to the animal that consumes the feed. The rules shall identify the feed stuffs and screenings in which the toxic weeds must be controlled and the maximum amount of the toxic weed to be permitted in the feed. Rules developed under this section shall identify ways that products, screenings, articles, or feed stuffs containing noxious weed seeds or toxic weeds can be made available for beneficial uses.

(2) Any person who knowingly or negligently sells or otherwise distributes a product, article, screenings, or feed stuff designated by rule containing noxious weed seeds or toxic weeds designated for control by rule and in an amount greater than the amount established by the director for the seed or weed by rule is guilty of a misdemeanor.

(3) The department of agriculture shall, upon request of the buyer, county weed board, or weed district, inspect products, screenings, articles, or feed stuffs designated by rule and charge fees, in accordance with chapter 22.09 RCW, to determine the presence of designated noxious weed seeds or toxic weeds.

**Sec. 12.** RCW 17.10.240 and 1997 c 353 s 27 are each amended to read as follows:

(1)(a) The activated county noxious weed control board of each county shall annually submit a budget to the county legislative authority for the operating cost of the county's weed program for the ensuing fiscal year: PROVIDED, That if

the board finds the budget approved by the legislative authority is insufficient for an effective county noxious weed control program (~~it shall petition the county legislative authority to hold a hearing as provided in RCW 17.10.890. Control of weeds is a benefit to the lands within any such section~~), the board may submit a budget amendment to the county legislative authority after which the county legislative authority must hold a hearing as provided in chapter 36.40 RCW. Activities and programs to limit economic loss and adverse effects due to the presence and spread of noxious weeds on all terrestrial and aquatic areas in the state are declared to be of special benefit, including to lands owned or held by the state, and may be used as the basis upon which special assessments are imposed by the county legislative authority.

(b) Representatives from the department of transportation government relations, real estate services, and maintenance operations offices, the Washington state association of county treasurers, the Washington state association of county assessors, and the state noxious weed control board shall meet to develop a system by which parcels owned or held by the department of transportation that have been declared to receive special benefit from the county noxious weed control board must be identified and all assessments may be effectively billed for payment according to the process in chapter 79.44 RCW. The state noxious weed control board shall update the appropriate legislative committees regarding progress towards implementation of a system before January 1, 2022. By January 1, 2023, the state noxious weed control board shall report to the appropriate legislative committees in compliance with RCW 43.01.036 regarding the system developed, what steps are being taken to implement the system, and what, if any, further legislative action is needed.

(c) Funding for the budget is derived from any or all of the following:

~~((a))~~ (i) The county legislative authority may, in lieu of a tax, levy an assessment against the land for this purpose. Whenever there is included within the jurisdiction of any county noxious weed control board lands owned or held by the state, the county legislative authority shall determine the amount of

the assessment for which the land would be liable if the land were in private ownership. Prior to the levying of an assessment the county noxious weed control board shall hold a public hearing at which it will gather information to serve as a basis for classification and then classify the lands into suitable classifications, including but not limited to dry lands, range lands, irrigated lands, nonuse lands, forestlands, or federal lands. The board shall develop and forward to the county legislative authority, as a proposed level of assessment for each class, an amount as seems just. The assessment rate shall be either uniform per acre in its respective class or a flat rate per parcel rate plus a uniform rate per acre or, for rights-of-way, a rate based on centerline miles: PROVIDED, That if no benefits are found to accrue to a class of land, a zero assessment may be levied. The assessment shall not be levied on lands owned or held by the state, unless the assessment is levied on other parcels or classes of parcels. The county legislative authority, upon receipt of the proposed levels of assessment from the board, after a hearing, shall accept or modify by resolution, or refer back to the board for its reconsideration all or any portion of the proposed levels of assessment. The amount of the assessment constitutes a lien against the property. The county legislative authority may by resolution or ordinance require that notice of the lien be sent to each owner of property for which the assessment has not been paid by the date it was due and that each lien created be collected by the treasurer in the same manner as delinquent real property tax, if within thirty days from the date the owner is sent notice of the lien, including the amount thereof, the lien remains unpaid and an appeal has not been made pursuant to RCW 17.10.180. Liens treated as delinquent taxes bear interest at the rate of twelve percent per annum and the interest accrues as of the date notice of the lien is sent to the owner: PROVIDED FURTHER, That any collections for the lien shall not be considered as tax; or

~~((b))~~ (ii) The county legislative authority may appropriate money from the county general fund necessary for the administration of the county noxious weed control program. In addition the county legislative authority may make emergency appropriations as it deems necessary for the implementation of this chapter.

(2) Forestlands used solely for the planting, growing, or harvesting of trees and which are typified, except during a single period of five years following clear-cut logging, by canopies so dense as to prohibit growth of an understory may be subject to an annual noxious weed assessment levied by a county legislative authority that does not exceed one-tenth of the weighted average per acre noxious weed assessment levied on all other lands in unincorporated areas within the county that are subject to the weed assessment. This assessment shall be computed in accordance with the formula in subsection (3) of this section.

(3) The calculation of the "weighted average per acre noxious weed assessment" is a ratio expressed as follows:

(a) The numerator is the total amount of funds estimated to be collected from the per acre assessment on all lands except (i) forestlands as identified in subsection (2) of this section, (ii) lands exempt from the noxious weed assessment, and (iii) lands located in an incorporated area.

(b) The denominator is the total acreage from which funds in (a) of this subsection are collected. For lands of less than one acre in size, the denominator calculation may be based on the following assumptions: (i) Unimproved lands are calculated as being one-half acre in size on the average, and (ii) improved lands are calculated as being one-third acre in size on the average. The county legislative authority may choose to calculate the denominator for lands of less than one acre in size using other assumptions about average parcel size based on local information.

(4) For those counties that levy a per parcel assessment to help fund noxious weed control programs, the per parcel assessment on forestlands as defined in subsection (2) of this section shall not exceed one-tenth of the per parcel assessment on nonforestlands.

**Sec. 13.** RCW 17.10.890 and 1997 c 353 s 32 are each amended to read as follows:

~~((The following procedures shall be followed to deactivate a county noxious weed control board))~~ A county noxious weed control board may be deactivated only if there are neither any class A noxious weeds nor any class B noxious weeds in the county. Upon receiving documentation of the absence in the

county of both class A noxious weeds and class B noxious weeds, the county legislative authority may initiate the following procedures:

(1) The county legislative authority holds a hearing to determine whether there continues to be a need for an activated county noxious weed control board if:

(a) A petition is filed by one hundred registered voters within the county;

(b) A petition is filed by a county noxious weed control board as provided in RCW 17.10.240; or

(c) The county legislative authority passes a motion to hold such a hearing.

(2) Except as provided in subsection (4) of this section, the hearing shall be held within sixty days of final action taken under subsection (1) of this section.

(3) If, after a hearing, the county legislative authority determines that no need exists for a county noxious weed control board, due to the absence of class A or class B noxious weeds designated for control in the region, the county legislative authority shall deactivate the board.

(4) The county legislative authority shall not convene a hearing as provided for in subsection (1) of this section more frequently than once a year.

**Sec. 14.** RCW 17.04.240 and 1957 c 13 s 2 are each amended to read as follows:

(1) The directors shall annually determine the amount of money necessary to carry on the operations of the district and shall classify the property therein in proportion to the benefits to be derived from the operations of the district and in accordance with such classification shall prorate the cost so determined and shall levy assessments to be collected with the general taxes of the county. In the event that any bonded or warrant indebtedness pledging tax revenue of the district shall be outstanding on April 1, 1951, the directors may, for the sole purpose of retiring such indebtedness, continue to levy a tax upon all taxable property in the district until such bonded or warrant indebtedness shall have been retired.

(2) Activities and programs to limit economic loss and adverse effects due to the presence and spread of noxious weeds

on all terrestrial and aquatic areas in the state are declared to be of special benefit, including to lands owned or held by the state, and may be used as the basis upon which special assessments are imposed by the county legislative authority, including upon lands owned or held by the state.

**Sec. 15.** RCW 79.44.003 and 1999 c 153 s 68 are each amended to read as follows:

As used in this chapter "assessing district" means:

- (1) Incorporated cities and towns;
- (2) Diking districts;
- (3) Drainage districts;
- (4) Port districts;
- (5) Irrigation districts;
- (6) Water-sewer districts;
- (7) Counties; ~~((and))~~
- (8) Weed boards and weed districts;  
and

(9) Any municipal corporation or public agency having power to levy local improvement or other assessments, rates, or charges which by statute are expressly made applicable to lands of the state.

**Sec. 16.** RCW 17.04.180 and 1991 c 245 s 1 are each amended to read as follows:

Whenever any lands belonging to the county are included within a weed district, the county legislative authority shall determine the amount of the ~~((taxes))~~ assessment for which the lands would be liable if they were in private ownership, and the county legislative authority shall appropriate from the current expense fund of the county sufficient money to pay such amounts. Whenever any state lands are within any weed district, the county treasurer shall certify annually and forward to the appropriate state agency for payment a statement showing the amount of the ~~((tax))~~ assessment to which the lands would be liable if they were in private ownership, separately describing each lot or parcel and, if delinquent, with interest and penalties consistent with RCW 84.56.020.

**Sec. 17.** RCW 17.15.020 and 2015 c 225 s 16 are each amended to read as follows::

Each of the following state agencies or institutions or county agencies shall

implement integrated pest management practices when carrying out the agency's or institution's duties related to pest control:

- (1) The department of agriculture;
- (2) The state noxious weed control board;
- (3) The department of ecology;
- (4) The department of fish and wildlife;
- (5) The department of transportation;
- (6) The parks and recreation commission;
- (7) The department of natural resources;
- (8) The department of corrections;
- (9) The department of enterprise services; ~~((and))~~
- (10) Each state institution of higher education, for the institution's own building and grounds maintenance;
- (11) Each county noxious weed control board; and
- (12) Each weed district."

SUBSTITUTE HOUSE BILL NO. 1355, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

April 6, 2021

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1356 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that the use of racially derogatory or discriminatory school mascots, logos, or team names in public schools is antithetical to their mission of providing an equal education to all, and contrary to the goal of making schools safe and respectful learning environments.

(2) The legislature finds also that certain mascots, logos, or team names that are or have been used by schools and other entities are uniquely discriminatory in singling out the Native American community for derision and cultural appropriation.

(3) Although the inappropriate use of Native American names, symbols, or images may be premised on the promotion of unity or school spirit, their use fails to respect the cultural heritage of Native Americans and promote productive

relationships between sovereign governments. Furthermore, numerous individuals and organizations, including the United States commission on civil rights, have concluded that the use of Native American images and names in school sports is a barrier to equality and understanding, and that all residents of the United States would benefit from the discontinuance of their use.

(4) The legislature therefore, recognizing that no school has a cognizable interest in retaining a racially derogatory or discriminatory school mascot, logo, or team name, intends to prohibit the inappropriate use of Native American names, symbols, or images for those purposes.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.320 RCW to read as follows:

(1) Except as provided otherwise by this section, beginning January 1, 2022, public schools may not use Native American names, symbols, or images as school mascots, logos, or team names.

(2) Subsection (1) of this section does not apply to public schools located within, or with enrollment boundaries that include a portion of, "Indian country," as defined in 18 U.S.C. Sec. 1151, or public schools in a county that contains all or part of a tribal reservation or tribal trust lands, if the tribe or tribes having regulatory jurisdiction over the territory within that boundary have:

(a) Been consulted by the appropriate school, district, or both. Consultations under this subsection (2)(a) must include summaries of completed and ongoing district and school actions required by RCW 28A.320.170; and

(b) Authorized the use of the name, symbol, or image as a mascot, logo, or team name through an appropriate enactment or resolution.

(3) A public school may use uniforms or other materials after January 1, 2022, bearing Native American names, symbols, or images as mascots, logos, or team names if the uniforms or materials were purchased before January 1, 2022, and if:

(a) The school selects a new mascot, logo, or team name by December 31, 2021, to take effect in the 2021-22 school year;

(b) Except as provided otherwise by this subsection (3)(b), the school does not purchase or acquire any uniforms or materials that include the discontinued Native American name, symbol, or image. However, a school using the discontinued Native American name, symbol, or image may, until January 1, 2023, purchase or acquire a number of uniforms equal to up to twenty percent of the total number of uniforms used by a team, band, or cheer squad at that school during the 2021-22 school year solely to replace damaged or lost uniforms;

(c) The school does not purchase, create, or acquire any yearbook, newspaper, program, or other similar material that includes or bears the discontinued Native American name, symbol, or image; and

(d) The school does not purchase, construct, or acquire a marquee, sign, or other new or replacement fixture that includes or bears the discontinued Native American name, symbol, or image.

(4) A public school that does not meet the geographic requirements in subsection (2) of this section is exempt from subsection (1) of this section if:

(a) The school is located in a county that is adjacent to a county that contains all or part of a tribal reservation or tribal trust lands; and

(b) The tribe that is consulted with and determines to authorize the use of the name, symbol, or image as a school mascot, logo, or team name as provided in subsection (2) of this section is the nearest federally recognized Indian tribe.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28A.320 RCW to read as follows:

(1) The office of the superintendent of public instruction shall create a grant program to provide transitional support grants to school districts to support schools that incur costs as a result of compliance with section 2 of this act.

(2) Costs eligible for use by grants provided under this section are costs resulting from the replacement or redesign of items and materials that display Native American names, symbols, or images, including, but not limited to:

(a) Uniforms and equipment used by a team, band, cheer squad, or other extracurricular activity;

(b) School signage, including reader boards and score boards;

(c) Floor designs in gymnasiums or other flooring or surfaces;

(d) School letterhead and other office supplies;

(e) School spirit store supplies and items; and

(f) School web pages.

(3) In administering grants under this section, the office of the superintendent of public instruction is encouraged to incentivize schools that use Native American names, symbols, or images as school mascots, logos, or team names to select a new mascot, logo, or team name by September 1, 2021.

(4) This section expires August 31, 2023.

NEW SECTION. **Sec. 4.** If specific funding for the purposes of section 3 of this act, referencing section 3 of this act by bill or chapter number and section number, is not provided by June 30, 2021, in the omnibus appropriations act, section 3 of this act is null and void."

On page 1, line 3 of the title, after "names;" strike the remainder of the title and insert "adding new sections to chapter 28A.320 RCW; creating new sections; and providing an expiration date."

and the same is herewith transmitted.

**MESSAGE FROM THE SENATE**

April 3, 2021

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1373 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that student behavioral health issues have become a crisis in Washington state, necessitating the deployment of behavioral health resources in schools throughout the state. The legislature's concerns are based on the following facts:

(a) According to the healthy youth survey conducted by the office of the superintendent of public instruction in 2018, one in five students in eighth, 10th, and 12th grades considered attempting suicide in the past year while just half of those surveyed had an adult to turn to when feeling sad or hopeless;

(b) According to the national institute for mental health, more than one in 25 adolescents between 13 and 18 years of age are experiencing an eating disorder;

(c) According to the national institute of drug abuse, nearly half of 12th grade students have used illicit drugs, six in 10 have drank alcohol, and four in 10 have used marijuana;

(d) The COVID-19 pandemic has increased the prevalence of and exacerbated existing behavioral health disorders for minors across the state; and

(e) A major barrier to behavioral health support for minors is lack of awareness and access to information about existing services.

(2) The legislature intends to require that contact information for a suicide prevention organization, depression or anxiety support organization, eating disorder support organization, substance abuse support organization, and a mental health referral service for children and teens be listed on the home page of each public school website for the following reasons:

(a) Immediate access to behavioral health services often prevents suicide, attempted suicide, and other self-harm; and

(b) Students in public schools often have access to and spend time on the website for their school.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.320 RCW to read as follows:

(1)(a) Within existing resources, every public school that maintains a website must publish onto the home page of that website the following information:

(i) The website address and phone number for one or more national suicide prevention organizations;

(ii) The website address and phone number for one or more local, state, or national organizations specializing in suicide prevention or crisis intervention;

(iii) The website address and phone number for one or more local, state, or national organizations specializing in depression, anxiety, or counseling for adolescents;

(iv) The website address and phone number for one or more local, state, or national organizations specializing in eating disorders for adolescents;

(v) The website address and phone number for one or more local, state, or national organizations specializing in substance abuse for adolescents; and

(vi) The website address and phone number for a mental health referral service for children and teens under chapter . . . (Second Substitute House Bill No. 1325), Laws of 2021.

(b) A public school may meet the requirements of this subsection by publishing a prominent link on its home page to a behavioral and emotional health website that contains the required information.

~~((3))~~ (4) The registration fee imposed by this section is payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and collected by the secretary at the time of the collection by him or her of the excise tax. The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. #### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1438 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

April 10, 2021

Mme. SPEAKER:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1476, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that the COVID-19 pandemic has significantly changed the delivery of education across the state, as school districts transition to remote learning environments to protect the health of students and staff. The legislature also recognizes that state funding formulas are largely driven by enrollment and the pandemic has resulted in unforeseen, temporary enrollment declines in many districts. Funding declines due to temporary, unforeseen changes in enrollment can affect a district's ability to maintain the staffing and resources needed to deliver education services. With this act and in the operating budget, the legislature intends to provide stabilizing funding to districts that have seen temporary enrollment declines due to the COVID-19 pandemic.

**Sec. 2.** RCW 84.52.0531 and 2019 c 410 s 2 are each amended to read as follows:

(1) Beginning with taxes levied for collection in 2020, the maximum dollar amount which may be levied by or for any school district for enrichment levies under RCW 84.52.053 is equal to the

lesser of two dollars and fifty cents per thousand dollars of the assessed value of property in the school district or the maximum per-pupil limit. This maximum dollar amount shall be reduced accordingly as provided under RCW 43.09.2856(2).

(2) The definitions in this subsection apply to this section unless the context clearly requires otherwise.

(a) For the purpose of this section, "inflation" means, for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

(b) "Maximum per-pupil limit" means:

(i) Two thousand five hundred dollars, as increased by inflation beginning with property taxes levied for collection in 2020, multiplied by the number of average annual full-time equivalent students enrolled in the school district in the prior school year, for school districts with fewer than forty thousand annual full-time equivalent students enrolled in the school district in the prior school year; or

(ii) Three thousand dollars, as increased by inflation beginning with property taxes levied for collection in 2020, multiplied by the number of average annual full-time equivalent students enrolled in the school district in the prior school year, for school districts with forty thousand or more annual full-time equivalent students enrolled in the school district in the prior school year.

(c) "Open for in-person instruction to all students" means that all students in all grades have the option to participate in at least 40 hours of planned in-person instruction per month and the school follows state department of health guidance and recommendations for resuming in-person instruction to the greatest extent practicable.

(d) "Prior school year" means the most recent school year completed prior to the year in which the levies are to be collected, except that in the 2022 calendar year, if 2019-20 school year average annual full-time equivalent enrollment is greater than the school district's 2020-21 school year average annual full-time equivalent enrollment

and the school district is open for in-person instruction to all students by the beginning of the 2021-22 school year, "prior school year" means the 2019-20 school year.

(3) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(4) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

(5) Beginning with propositions for enrichment levies for collection in calendar year 2020 and thereafter, a district must receive approval of an enrichment levy expenditure plan under RCW 28A.505.240 before submission of the proposition to the voters.

(6) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

(7) Beginning with taxes levied for collection in 2018, enrichment levy revenues must be deposited in a separate subfund of the school district's general fund pursuant to RCW 28A.320.330, and for the 2018-19 school year are subject to the restrictions of RCW 28A.150.276 and the audit requirements of RCW 43.09.2856.

(8) Funds collected from levies for transportation vehicles, construction, modernization, or remodeling of school facilities as established in RCW 84.52.053 are not subject to the levy limitations in subsections (1) through (5) of this section."

On page 1, line 2 of the title, after "pandemic;" strike the remainder of the title and insert "amending RCW 84.52.0531; and creating a new section."

and the same is herewith transmitted.

**MESSAGE FROM THE SENATE**

April 3, 2021

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1326 with the following amendment:

This requirement does not apply to an elected prosecutor acting as the ex officio coroner in a county. All medicolegal investigative personnel employed by any coroner's or medical examiner's office must complete medicolegal forensic investigation training as required under section 3 of this act. A county in which the coroner or county medical examiner has not obtained such certification within 12 months of assuming office may have its reimbursement from the death investigations account reduced as provided under RCW 68.50.104.

NEW SECTION. Sec. 2. A new section is added to chapter 36.24 RCW to read as follows:

Except those run by a county prosecutor, all county coroner's offices and medical examiner's offices must be accredited by either the international association of coroners and medical examiners or the national association of medical examiners no later than July 1, 2025, and maintain continued accreditation thereafter. A county that contracts for its coroner or medical examiner services with an accredited

coroner or medical examiner's office in another county does not need to maintain accreditation.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.101 RCW to read as follows:

(1) (a) All elected coroners, appointed coroners, persons serving as coroners, medical examiners, and all other full-time medicolegal investigative personnel employed by a county coroner's or medical examiner's office must successfully complete medicolegal forensic investigation training through the medicolegal training academy program within 12 months of being elected, appointed, or employed unless otherwise exempted by the commission. This section does not apply to elected prosecutors who are coroners in their counties.

(b) All part-time medicolegal investigative personnel employed by a county coroner's or medical examiner's office must successfully complete medicolegal forensic investigation training through the medicolegal training academy program within 18 months of being employed unless otherwise exempted by the commission.

The commission shall exempt from this requirement any coroner, medical examiner, or medicolegal investigative personnel who has obtained training comparable to the medicolegal forensic investigation training by virtue of educational or professional training or experience.

(3) The commission must certify successful completion of the medicolegal forensic investigation training or exemption from the medicolegal training requirement within 60 days from the receipt of proof of completion or request for exemption.

(4) The medicolegal forensic investigation training required under this section must:

(a) Meet the recommendations of the national commission on forensic science for certification and accreditation; and

(5) Certification under this section is a condition of continued employment in a coroner's or medical examiner's office.

(6) A county in which a coroner, person serving as coroner, medical examiner, or other medicolegal investigative employee, who has not otherwise been exempted by the commission, is not certified within 12 months of being elected, appointed, or employed as required by this section, may have its reimbursement from the death investigations account reduced as provided under RCW 68.50.104 until the office is in compliance with all requirements under this section.

In any county where the population has once attained forty thousand people and a current coroner is in office and a subsequent census indicates less than forty thousand people, the county legislative authority may maintain the office of coroner by resolution or ordinance. If the county legislative authority has not passed a resolution or enacted an ordinance to maintain the office of coroner, the

### MESSAGE FROM THE SENATE

April 10, 2021

Madame Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1049 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 19.118.031 and 2009 c 351 s 2 are each amended to read as follows:

(1) The manufacturer shall publish an owner's manual and provide it to the new motor vehicle dealer or leasing company. The owner's manual shall include a list of the addresses and phone numbers for the manufacturer's customer assistance division, or zone or regional offices. A manufacturer shall provide to the new motor vehicle dealer or leasing company all applicable manufacturer's written warranties. The dealer or leasing company shall transfer to the consumer, at the time of original retail sale or lease,

the owner's manual and applicable written warranties as provided by a manufacturer.

(2) At the time of purchase, the new motor vehicle dealer shall provide the consumer with a written statement that explains the consumer's rights under this chapter. The written statement shall be prepared and supplied by the attorney general and shall contain a toll-free number that the consumer can contact for information regarding the procedures and remedies under this chapter, and may be presented to the consumer in paper or electronic form. In the event a consumer requests modification of the new motor vehicle in a manner which may partially or completely void the manufacturer's implied or express warranty, and which becomes part of the basis of the bargain of the initial retail sale or lease of the vehicle, a new motor vehicle dealer shall provide a clear and conspicuous written disclosure, independently signed and dated by the consumer, stating "Your requested modification may void all or part of a manufacturer warranty and a resulting defect or condition may not be subject to remedies afforded by the motor vehicle warranties act, chapter 19.118 RCW." A dealer who obtains a signed written disclosure under circumstances where the warranty may be void is not subject to this chapter as a manufacturer to the extent the modification affects the use, value, or safety of a new motor vehicle. Failure to provide the disclosure specified in this subsection does not constitute a violation of chapter 19.86 RCW.

(3) For the purposes of this chapter, if a new motor vehicle does not conform to the warranty and the consumer reports the nonconformity during the term of the eligibility period or the period of coverage of the applicable manufacturer's written warranty, whichever is less, to the manufacturer, its agent, or the new motor vehicle dealer who sold the new motor vehicle, the manufacturer, its agent, or the new motor vehicle dealer shall make repairs as are necessary to conform the vehicle to the warranty, regardless of whether such repairs are made after the expiration of the eligibility period. Any corrections or attempted repairs undertaken by a new motor vehicle dealer under this chapter shall be treated as warranty work and billed by the dealer to the manufacturer in the same manner as other work under the manufacturer's written warranty is billed. For purposes

of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first.

(4) Upon request from the consumer, the manufacturer or new motor vehicle dealer shall provide a copy of any report or computer reading compiled by the manufacturer's field or zone representative regarding inspection, diagnosis, or test-drive of the consumer's new motor vehicle, or shall provide a copy of any technical service bulletin issued by the manufacturer regarding the year and model of the consumer's new motor vehicle as it pertains to any material, feature, component, or the performance thereof.

(5) The new motor vehicle dealer shall provide to the consumer each time the consumer's vehicle is returned from being diagnosed or repaired under the warranty, a fully itemized, legible statement or repair order indicating any diagnosis made, and all work performed on the vehicle including but not limited to, a general description of the problem reported by the consumer or an identification of the defect or condition, parts and labor, the date and the odometer reading when the vehicle was submitted for repair, and the date when the vehicle was made available to the consumer.

(6) No manufacturer, its agent, or the new motor vehicle dealer may refuse to diagnose or repair any nonconformity covered by the warranty for the purpose of avoiding liability under this chapter.

(7) For purposes of this chapter, consumers shall have the rights and remedies, including a cause of action, against manufacturers as provided in this chapter.

(8) The eligibility period and thirty-day out-of-service period, and sixty-day out-of-service period in the case of a motor home, shall be extended by any time that repair services are not available to the consumer as a direct result of a strike, war, invasion, fire, flood, or other natural disaster.

**Sec. 2.** RCW 63.14.040 and 2012 c 117 s 167 are each amended to read as follows:

(1) The retail installment contract shall contain the names of the seller and

the buyer, the place of business of the seller, the residence or other address of the buyer as specified by the buyer and a description or identification of the goods sold or to be sold, or service furnished or rendered or to be furnished or rendered. The contract also shall contain the following items, which shall be set forth in the sequence appearing below:

(a) The sale price of each item of goods or services;

(b) The amount of the buyer's down payment, if any, identifying the amounts paid in money and allowed for goods traded in;

(c) The difference between items (a) and (b) of this subsection;

(d) The aggregate amount, if any, included for insurance, specifying the type or types of insurance and the terms of coverage;

(e) The aggregate amount of official fees, if any;

(f) The amount, if any, actually paid or to be paid by the retail seller pursuant to an agreement with the buyer to discharge a security interest or lien on like-kind goods traded in or lease interest in the circumstance of a lease for like goods being terminated in conjunction with the sale pursuant to a retail installment contract;

(g) The principal balance, which is the sum of items (c), (d), (e), and (f) of this subsection;

(h) The dollar amount or rate of the service charge;

(i) The amount of the time balance owed by the buyer to the seller, which is the sum of items (g) and (h) of this subsection, if (h) ~~((of this subsection)~~) of this subsection is stated in a dollar amount; and

(j) Except as otherwise provided in the next two sentences, the maximum number of installment payments required and the amount of each installment and the due date of each payment necessary to pay such balance. If installment payments other than the final payment are stated as a series of equal scheduled amounts and if the amount of the final installment payment does not substantially exceed the scheduled amount of each preceding installment payment, the maximum number of payments

and the amount and due date of each payment need not be separately stated and the amount of the scheduled final installment payment may be stated as the remaining unpaid balance. The due date of the first installment payment may be fixed by a day or date or may be fixed by reference to the date of the contract or to the time of delivery or installation.

Additional items may be included to explain the calculations involved in determining the balance to be paid by the buyer.

(2) Every retail installment contract shall contain the following notice in ten point bold face type or larger directly above the space reserved in the contract for the signature of the buyer: "NOTICE TO BUYER:

(a) Do not sign this contract before you read it or if any spaces intended for the agreed terms, except as to unavailable information, are blank.

(b) You are entitled to a copy of this contract at the time you sign it.

(e) You may cancel this contract if it is solicited in person, and you sign it, at a place other than the seller's business address shown on the contract, by sending notice of such cancellation by certified mail return receipt requested to the seller at his or her address shown on the contract which notice shall be posted not later than midnight of the third day (excluding Sundays and holidays) following your signing this contract. If you choose to cancel this contract, you must return or make available to the seller at the place of delivery any merchandise, in its original condition, received by you under this contract."

Subsection (2)(e) of this section is effective and needs to be included in the notice only if the contract is solicited in person by the seller or his or her representative, and the buyer signs it, at a place other than the seller's business address shown on the contract, but does not apply to a retail installment contract used for the sale of

a motor vehicle by a licensed vehicle dealer.

**Sec. 3.** RCW 63.14.154 and 2012 c 117 s 174 are each amended to read as follows:

(1) In addition to any other rights he or she may have, the buyer shall have the right to cancel a retail installment transaction for other than the seller's breach by sending notice of such cancellation to the seller at his or her place of business as set forth in the contract or charge agreement by certified mail, return receipt requested, which shall be posted not later than midnight of the third day (excluding Sundays and holidays) following the date the buyer signs the contract or charge agreement:

(b) If the buyer returns goods received or makes them available to the seller as provided in subsection (2)(b) of this section.

(2) In the event of cancellation pursuant to this section:

(a) The seller shall, without request, refund to the buyer within ten days after such cancellation all deposits, including any down payment, made under the contract or charge agreement and shall return all goods traded in to the seller on account or in contemplation of the contract less any reasonable costs actually incurred in making ready for sale the goods so traded in;

(b) The seller shall be entitled to reclaim and the buyer shall return or make available to the seller at the place of delivery in its original condition any goods received by the buyer under the contract or charge agreement;

(c) The buyer shall incur no additional liability for such cancellation.

(3) This section does not apply to a retail installment transaction for the purchase of a motor vehicle. If a retail installment sale contract is used for the sale of a vehicle by a motor vehicle dealer at a place other than the dealer's

address, the dealer must disclose to the purchaser or lessee in writing that there is no right to cancel the contract under RCW 63.14.154.

ENGROSSED HOUSE BILL NO. 1049, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

April 7, 2021

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1073 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that many Washington workers have suffered direct effects from the COVID-19 pandemic. Due to the unprecedented global shutdown in response to COVID-19, many Washington workers who have paid into the paid family and medical leave insurance program are unable to access their benefits through no fault of their own. Workers recovering from COVID-19 or caring for an individual who is severely ill due to COVID-19 are unable to access their benefits.

(2) Therefore, the legislature intends to provide financial assistance to workers who are not otherwise eligible for paid family and medical leave due to COVID-19's impact on their ability to meet the hours worked threshold. The legislature intends to provide a pandemic leave assistance employee grant to provide an equivalent benefit to what the worker would otherwise be eligible to receive under the paid family and medical leave insurance program. Additionally, the legislature intends to provide a pandemic leave assistance employer grant to help offset small business employers' costs related to employees on leave who are receiving a pandemic leave assistance employee grant.

(3) The legislature intends to utilize federal funding from the America rescue plan act to provide financial assistance to COVID-19 impacted workers. The legislature does not intend for this worker assistance to affect the state's paid family and medical leave insurance account.

NEW SECTION. **Sec. 2.** A new section is added to chapter 50A.15 RCW to read as follows:

(1) Employees who do not meet the hours worked threshold for eligibility under RCW 50A.15.010 or 50A.30.020(1), and are otherwise eligible under Title 50A RCW

for a claim with an effective start date in 2021 through March 31, 2022, are eligible for a pandemic leave assistance employee grant as provided under this section if they meet any of the following hours thresholds:

(a) Worked 820 hours in employment during the first through fourth calendar quarters of 2019; or

(b) Worked 820 hours in employment during the second through fourth calendar quarters of 2019 and first calendar quarter of 2020.

(2) (a) Subsection (1) of this section does not apply to an employee who does not meet the hours worked threshold for eligibility under RCW 50A.15.010 or 50A.30.020(1) because of an employment separation due to misconduct or a voluntary separation unrelated to the COVID-19 pandemic.

(b) An employee seeking eligibility under this section must attest, in a manner prescribed by the department, that their failure to meet the hours worked threshold for eligibility under RCW 50A.15.010 or 50A.30.020(1) is not due to the reasons specified in (a) of this subsection.

(3) Employees may file a claim with the department for a pandemic leave assistance employee grant beginning August 1, 2021.

(4) The amount of the pandemic leave assistance employee grant to each eligible employee must be equal to the weekly benefit amount calculated in Title 50A RCW and any rules promulgated thereunder. In calculating the weekly benefit amount for nonsalaried employees eligible under subsection (1) of this section, the typical workweek hours are the quotient derived by dividing the sum of the employee's hours reported by the sum of the number of weeks for which the employer reported hours.

(5) An employee is not eligible for a pandemic leave assistance employee grant under this section for any week in which the employee has received, is receiving, or will receive unemployment compensation under Title 50 RCW, workers' compensation under Title 51 RCW, or any other applicable federal unemployment compensation, industrial insurance, or disability insurance laws.

(6) Employers with 150 or fewer employees may be eligible for a pandemic

leave assistance employer grant to assist with the costs of an employee on leave, as provided in section 3 of this act.

(7) Grants under this section are available only until funding provided by the legislature solely for these purposes is exhausted.

NEW SECTION. **Sec. 3.** A new section is added to chapter 50A.24 RCW to read as follows:

(1) The legislature recognizes that costs associated with employees on leave who have received or will receive a pandemic leave assistance employer grant under section 2 of this act may disproportionately impact small businesses. Therefore, the legislature intends to assist small businesses with the costs of such employees on leave.

(2) Employers with 150 or fewer employees and employers with 50 or fewer employees who are assessed all premiums under RCW 50A.10.030(5)(b) may apply to the department for a pandemic leave assistance employer grant under this section.

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1086 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) According to the federal substance abuse and mental health services administration's 2019 report, one in five adults in the United States will experience some form of mental illness this year and one in thirteen will need substance use disorder treatment;

(b) Fewer than half of all individuals needing behavioral health treatment receive those services;

(c) An untreated behavioral health need can have long-term negative impacts on an individual's health, well-being, and productivity;

(d) The state has made significant investments in the efficacy of the publicly funded behavioral health system and its providers;

(e) Behavioral health parity is required by both state and federal law;

(f) All patients deserve to be treated and cared for with dignity and respect;

(g) Patients often cross local and administrative boundaries when seeking effective behavioral health care;

(h) Individuals with behavioral health needs are disproportionately involved with the criminal justice system; and

(i) Providing robust community-based services can prevent expensive hospitalizations.

(2) The legislature intends to create the state office of the behavioral health consumer advocacy that shall:

(a) Advocate for all patients seeking privately and publicly funded behavioral health services;

(b) Advocate for all patients receiving inpatient behavioral health services from a behavioral health provider or facility;

The protocol must provide guidance for: (i) The types of conduct that should be recognized as potentially exculpatory or as creating potential impeachment material; (ii) how information about an officer or officer conduct should be shared and maintained; and (iii) under what circumstances an officer's information or name may be removed from any list of potential impeachment disclosures.

(b) The protocol shall be developed by the prosecuting attorney with consultation of agencies representing law enforcement officers and local departments that will be impacted by the protocol.

(c) Subject to amounts appropriated for this purpose, no later than June 30, 2022, the criminal justice training commission shall provide, or contract with an organization that serves prosecuting attorneys in Washington to provide, online training for potential impeachment disclosures.

(d) Local protocols under this section shall be adopted and in place no later than July 1, 2022. Local protocols must be reviewed every two years to determine whether modifications are needed.

(2)(a) A law enforcement agency shall report the following information to the prosecuting authority of any jurisdiction in which the officer may testify as a witness:

(i) Any act by the officer that may be potentially exculpatory to a criminal defendant; and

(ii) Misconduct that the officer has engaged in that affects his or her credibility.

The agency shall verify the officer's response with the prosecuting authorities in the jurisdictions of the officer's previous employment. Prosecuting authorities shall respond within 10 days of receiving a request from a law enforcement agency for verification. The fact that an officer has been subject to impeachment disclosure is not, in and of itself, a bar to employment. Any pre-hiring process or hiring decision by an agency does not constitute a personnel action under RCW 10.93.150.

(b) Within 10 days of hiring an officer with a prior potential impeachment disclosure, the law enforcement agency shall forward that information to the prosecuting authority of any jurisdiction in which the officer may testify as a witness.

(4) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for sharing impeachment information about a peace officer with the peace officer's employer, potential employer, or prosecuting authority unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith."

(3) Section 805, chapter 6, Laws of 2015 3rd sp. sess. expires January 1, 2031.

**Sec. 5.** 2017 c 323 s 303 (uncodified) is amended to read as follows:

(1)(a) The legislature finds that a robust maritime industry is crucial for the state's economic vitality. The legislature further finds that:

(i) The joint task force for economic resilience of maritime and manufacturing established policy goals to continue efforts towards developing a robust maritime industry in the state;

(ii) The maritime industry has a direct and indirect impact on jobs in the state;

(iii) Many of the cities and towns impacted by the maritime industry are often small with limited resources to encourage economic growth, heavily relying on the maritime industry for local jobs and revenues in the community;

(iv) Keeping Washington competitive with other cruising destinations is essential to continue to build a robust maritime economy in the state; and

(v) Tax incentives are an imperative component to improve the state's overall competitiveness in this sector.

(b) Therefore, the legislature intends to:

(i) Bolster the maritime industry in the state by incentivizing larger vessel owners to use Washington waters for recreational boating to increase economic activity and jobs in coastal communities and inland water regions of the state;

(ii) Achieve this objective in a fiscally responsible manner and require analysis of specific metrics to ensure valuable state resources are being used to accomplish the intended goal; and

(iii) Provide limited, short-term tax relief to entity-owned nonresident vessel owners that currently are not afforded the same benefits as other nonresident vessel owners.

(2)(a) This subsection is the tax preference performance statement for the entity-owned nonresident vessel tax preference established in section 803 of this act. The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(b) The legislature categorizes this tax preference as one intended to accomplish the purposes indicated in RCW 82.32.808(2)(c) and one intended to improve the state's competitiveness with other nearby cruising destinations.

(c) It is the legislature's specific public policy objective to increase economic activity and jobs related to the maritime industry by providing a tax preference for large entity-owned

nonresident vessels to increase the length of time these vessels cruise Washington waters in turn strengthening the maritime economy in the state.

(d) To measure the effectiveness of the tax preference provided in part VIII, chapter 6, Laws of 2015 3rd sp. sess. in achieving the public policy objective in (c) of this subsection, the joint legislative audit and review committee must provide the following in a published evaluation of this tax preference by December 31, (~~2024~~) 2028:

(i) A comparison of the gross and taxable revenue generated by businesses that sell or provide maintenance or repair of vessels, prior to and after the enactment of this tax preference;

(ii) Analysis of retail sales taxes collected from the restaurant and service industries in coastal and inlet coastal jurisdictions, for both counties and cities, for periods prior to and after the enactment of this tax preference;

(iii) Employment and wage trends for businesses described in (d)(i) and (ii) of this subsection, for periods prior to and after the enactment of this tax preference;

(iv) Descriptive statistics for the number of permits sold each year in addition to the following information:

(A) The cost for each permit by strata of vessel length;

(B) The jurisdiction of ownership for the nonresident vessel; and

(C) The amount of use tax that would have been due based on the estimated value of the vessel;

(v) A comparison of the number of registered entity-owned and individually owned vessels registered in Washington prior to and after the enactment of this tax preference; and

(vi) Data and analysis for Washington's main cruising destination competitors, specifically looking at tax preferences provided in those jurisdictions, vessel industry income data, and any additional relevant information to compare Washington's maritime climate with its competitors.

(e) The provision of RCW 82.32.808(5) does not apply to this tax preference.

NEW SECTION. **Sec. 6.** A new section is added to chapter 82.12 RCW to read as follows:

(1) Except as otherwise provided in this section, the provisions of this chapter do not apply to the use of a vessel exempt from registration under RCW 88.02.570(12).

(2) The use of a vessel exempt from registration under RCW 88.02.570(12) for chartering with a captain or crew is subject to the tax imposed in RCW 82.12.020 based on the reasonable bare rental value of the vessel as provided in RCW 82.12.010(7)(c).

(3) This section expires January 1, 2029.

NEW SECTION. **Sec. 7.** Sections 1 through 3 of this act expire January 1, 2029."

On page 1, line 2 of the title, after "provisions;" strike the remainder of the title and insert "amending RCW 88.02.620, 88.02.640, and 82.32.865; amending 2017 c 323 §§ 302 and 303 (uncodified); adding a new section to chapter 82.12 RCW; and providing expiration dates."

and the same is herewith transmitted.

The chief academic officer may waive the disclosure requirement provided in this subsection (1) (a) (iv), on a case-by-case basis, if students may reasonably expect that nearly all information regarding course materials is available four weeks before the start of the class for which the materials are required. The requirement provided in this subsection (1) (a) (iv) does not apply if the faculty member using the course materials is hired four weeks or less before the start of class; and

(b) Faculty and staff members consider the least costly practices in assigning course materials, such as adopting the least expensive edition available, adopting free, open textbooks when available, and working with college librarians to put together collections of free online web and library resources, when educational content is comparable as determined by the faculty.

(2) The state universities, the regional universities, and The Evergreen State College shall each designate in their online course descriptions used by students for registration purposes whether a course uses open educational resources or low-cost required instructional materials. If a course's required textbooks and course materials are not determined prior to registration due to an unassigned faculty member, the textbooks' and course materials' low-cost or open educational resource designation must be provided as soon as feasible after a faculty member is assigned.

(3) As used in this section:

(a) "Materials" means any supplies or texts required or recommended by faculty or staff for a given course.

(b) "Bundled" means a group of objects joined together by packaging or required to be purchased as an indivisible unit.

(c) "Low-cost" means the entire course's required instructional materials equal \$50 or less in 2021 dollars. The institutions of higher education shall adjust the dollar value of low-cost course materials at least once every five years to reflect the percentage change in the consumer price index over the preceding five years."

April 10, 2021

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1129 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.71.095 and 2020 c 325 s 5 are each amended to read as follows:

The commission may, without examination, issue a limited license to persons who possess the qualifications set forth herein:

(1) The commission may, upon the written request of the secretary of the department of social and health services, the secretary of children, youth, and families, or the secretary of corrections, issue a limited license to practice medicine in this state to persons who have been accepted for employment by the department of social and health services, the department of children, youth, and families, or the department of corrections as physicians; who are licensed to practice medicine in another state of the United States or in the country of Canada or any province or territory thereof; and who meet all of the qualifications for licensure set forth in RCW 18.71.050.

Such license shall permit the holder thereof to practice medicine only in connection with patients, residents, or inmates of the state institutions under the control and supervision of the secretary of the department of social and health services, the department of children, youth, and families, or the department of corrections.

(2) The commission may issue a limited license to practice medicine in this state to persons who have been accepted for employment by a county or city health department as physicians; who are licensed to practice medicine in another state of the United States or in the country of Canada or any province or territory thereof; and who meet all of the qualifications for licensure set forth in RCW 18.71.050.

Such license shall permit the holder thereof to practice medicine only in connection with his or her duties in employment with the city or county health department.

(3) Upon receipt of a completed application showing that the applicant meets all of the requirements for licensure set forth in RCW 18.71.050 except for completion of two years of postgraduate medical training, and that the applicant has been appointed as a resident physician in a program of

postgraduate clinical training in this state approved by the commission, the commission may issue a limited license to a resident physician. Such license shall permit the resident physician to practice medicine only in connection with his or her duties as a resident physician and shall not authorize the physician to engage in any other form of practice. Each resident physician shall practice medicine only under the supervision and control of a physician licensed in this state, but such supervision and control shall not be construed to necessarily require the personal presence of the supervising physician at the place where services are rendered.

(4) (a) Upon nomination by the dean of an accredited school of medicine in the state of Washington or the chief executive officer of a hospital or other appropriate health care facility licensed in the state of Washington, the commission may issue a limited license to a physician applicant invited to serve as a teaching-research member of the institution's instructional staff if the sponsoring institution and the applicant give evidence that he or she has graduated from a recognized medical school and has been licensed or otherwise privileged to practice medicine at his or her location of origin. Such license shall permit the recipient to practice medicine only within the confines of the instructional program specified in the application and shall terminate whenever the holder ceases to be involved in that program, or at the end of one year, whichever is earlier. Upon request of the applicant and the institutional authority, the license may be renewed. The holder of a teaching research license under this subsection (4) (a) is eligible for full licensure if the following conditions are met:

Such license shall permit the holder only to practice medicine within the confines of the fellowship program to which he or she has been appointed and, upon the request of the applicant and the sponsoring institution, the license may be renewed by the commission.

All persons licensed under this section shall be subject to the jurisdiction of the commission to the same extent as other members of the medical profession, in accordance with this chapter and chapter 18.130 RCW.

Persons applying for licensure and renewing licenses pursuant to this section shall comply with administrative procedures, administrative requirements, and fees determined as provided in RCW 43.70.250 and 43.70.280. (ii) Provides proof the applicant is certified by the educational commission for foreign medical graduates;

(iii) Has passed all steps of the United States medical licensing examination; and

(iv) Submits to the commission background check process required of applicants generally.

(b) A license holder under this subsection may only practice:

(i) Under the supervision and control of a physician who is licensed in this state under chapter 18.71 or 18.57 RCW and is of the same or substantially similar clinical specialty; and

(ii) Within the nominating facility or organization.

(c) A license holder must file with the commission a practice agreement between the license holder and the supervising physician who is of the same or substantially similar clinical specialty.

(d) A supervising physician may supervise no more than two license holders under this subsection unless the commission grants a request to increase this limit.

(e) A limited license issued under this subsection is valid for two years and may be renewed once by the commission upon application for renewal by the nominating entity.

(f) All persons licensed under this subsection are subject to the jurisdiction of the commission to the same extent as other members of the medical profession, in accordance with this chapter and chapter 18.130 RCW.

(g) Persons applying for licensure and renewing licenses under this subsection shall comply with administrative procedures, administrative requirements, and fees determined as provided in RCW 43.70.250 and 43.70.280.

(h) The supervising physician shall retain professional and personal responsibility for any act which constitutes the practice of medicine as defined in RCW 18.71.011 or the practice of osteopathic medicine and surgery as defined in RCW 18.57.001 when performed by an international medical graduate practicing under their supervision. SUBSTITUTE HOUSE BILL NO. 1129, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

April 6, 2021

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1207 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that a driver's license or identicard is a fundamental document that Washingtonians need to live, work, drive, and access essential needs. The COVID-19 pandemic has significantly reduced the department of licensing's ability to provide in-person driver licensing services, resulting in a growing backlog of customers that cannot access the agency's critical services. This act is intended to address that backlog by expanding online renewals, extending driver's license and identicard issuance up to eight years, and providing more online options for instruction permits. The legislature recognizes the critical role of the department of licensing's front line staff during the pandemic and does not intend that this act will result in staffing reductions at the department of licensing now or in the future. To ensure that a driver's license and identicard remain affordable for Washington residents, the legislature intends for the department of licensing to continue to offer a six-year issuance option. The legislature further recognizes the potential of remote photo capture to enable expanded online renewals while ensuring that customer information remains updated. In implementing remote photo capture, the legislature intends that the department of licensing will prioritize data security and antifraud features as well as closely monitor its usage. The legislature also intends that within a

year of initial implementation of remote photo capture, driver's license and identicard photos should be updated with each renewal whenever possible, recognizing that technology limitations and other challenges will prevent some customers from using remote photo capture.

**Sec. 2.** RCW 46.20.049 and 2012 c 80 s 11 are each amended to read as follows:

There shall be an additional fee for issuing any class of commercial driver's license in addition to the prescribed fee required for the issuance of the original driver's license. The additional fee for each class shall be ~~((eighty five dollars from October 1, 2012, to June 30, 2013, and one hundred two dollars after June 30, 2013,))~~ one hundred thirty-six dollars for the original commercial driver's license or subsequent renewals. If the commercial driver's license is issued, renewed, or extended for a period other than ~~((five))~~ eight years ~~((from October 1, 2012, to June 30, 2013, or six years after June 30, 2013))~~, the fee for each class shall be seventeen dollars for each year that the commercial driver's license is issued, renewed, or extended. The fee shall be deposited in the highway safety fund.

**Sec. 3.** RCW 46.20.055 and 2017 c 197 s 6 are each amended to read as follows:

(1) **Driver's instruction permit.** The department may issue a driver's instruction permit online or in person with or without a photograph to an applicant who has successfully passed all parts of the examination other than the driving test, provided the information required by RCW 46.20.091, paid an application fee of twenty-five dollars, and meets the following requirements:

(a) Is at least fifteen and one-half years of age; or

(b) Is at least fifteen years of age and:

(i) Has submitted a proper application; and

(ii) Is enrolled in a driver training education course offered as part of a traffic safety education program authorized by the office of the superintendent of public instruction and certified under chapter 28A.220 RCW or offered by a driver training school licensed and inspected by the department

of licensing under chapter 46.82 RCW, that includes practice driving.

(2) **Waiver of written examination for instruction permit.** The department may waive the written examination, if, at the time of application, an applicant is enrolled in a driver training education course as defined in RCW 46.82.280 or 28A.220.020.

The department may require proof of registration in such a course as it deems necessary.

(3) **Effect of instruction permit.** A person holding a driver's instruction permit may drive a motor vehicle, other than a motorcycle, upon the public highways if:

(a) The person has immediate possession of the permit;

(b) The person is not using a wireless communications device, unless the person is using the device to report illegal activity, summon medical or other emergency help, or prevent injury to a person or property; and

(c) A driver training education course instructor who meets the qualifications of chapter 46.82 or 28A.220 RCW, or a licensed driver with at least five years of driving experience, occupies the seat beside the driver.

(4) **Term of instruction permit.** A driver's instruction permit is valid for one year from the date of issue.

(a) The department may issue one additional one-year permit.

(b) The department may issue a third driver's permit if it finds after an investigation that the permittee is diligently seeking to improve driving proficiency.

(c) A person applying for an additional instruction permit must submit the application to the department ~~((in person))~~ and pay an application fee of twenty-five dollars for each issuance.

**Sec. 4.** RCW 46.20.091 and 2000 c 115 s 4 are each amended to read as follows:

(1) **Application.** In order to apply for a driver's license or instruction permit the applicant must provide ~~((his or her))~~ the applicant's:

(a) Name of record, as established by documentation required under RCW 46.20.035;

(b) Date of birth, as established by satisfactory evidence of age;

(c) Sex;

(d) Washington residence address;

(e) Description;

(f) Driving licensing history, including:

(i) Whether the applicant has ever been licensed as a driver or chauffeur and, if so, (A) when and by what state or country; (B) whether the license has ever been suspended or revoked; and (C) the date of and reason for the suspension or revocation; or

(ii) Whether the applicant's application to another state or country for a driver's license has ever been refused and, if so, the date of and reason for the refusal; and

(g) Any additional information required by the department.

(2) **Sworn statement.** An application for an instruction permit or for an original driver's license must be made upon a form provided by the department. The form must include a section for the applicant to indicate whether ~~((he or she))~~ the applicant has received driver training and, if so, where. The identifying documentation verifying the name of record must be accompanied by the applicant's ~~((written))~~ sworn statement that it is valid. ~~((The))~~ For an original driver's license, the information provided on the form must be sworn to and signed by the applicant before a person authorized to administer oaths. An applicant who makes a false statement on an application for a driver's license or instruction permit is guilty of false swearing, a gross misdemeanor, under RCW 9A.72.040.

(3) **Driving records from other jurisdictions.** If a person previously licensed in another jurisdiction applies for a Washington driver's license, the department shall request a copy of the applicant's driver's record from the other jurisdiction. The driving record from the other jurisdiction becomes a part of the driver's record in this state.

(4) **Driving records to other jurisdictions.** If another jurisdiction requests a copy of a person's Washington driver's record, the department shall provide a copy of the record. The

department shall forward the record without charge if the other jurisdiction extends the same privilege to the state of Washington. Otherwise the department shall charge a reasonable fee for transmittal of the record.

**Sec. 5.** RCW 46.20.117 and 2020 c 261 s 2 and 2020 c 124 s 2 are each reenacted and amended to read as follows:

(1) **Issuance.** The department shall issue an identicard, containing a picture, if the applicant:

(a) Does not hold a valid Washington driver's license;

(b) Proves ~~((his or her))~~ the applicant's identity as required by RCW 46.20.035; and

(c) Pays the required fee. Except as provided in subsection (7) of this section, the fee is ~~((fifty-four))~~ seventy-two dollars, unless an applicant is:

(i) A recipient of continuing public assistance grants under Title 74 RCW, who is referred in writing by the secretary of social and health services or by the secretary of children, youth, and families;

(ii) Under the age of twenty-five and does not have a permanent residence address as determined by the department by rule; or

(iii) An individual who is scheduled to be released from an institution as defined in RCW 13.40.020, a community facility as defined in RCW 72.05.020, or other juvenile rehabilitation facility operated by the department of social and health services or the department of children, youth, and families; or an individual who has been released from such an institution or facility within thirty calendar days before the date of the application.

For those persons under (c) (i) through (iii) of this subsection, the fee must be the actual cost of production of the identicard.

(2) (a) **Design and term.** The identicard must:

(i) Be distinctly designed so that it will not be confused with the official driver's license; and

(ii) Except as provided in subsection (7) of this section, expire on the

((~~sixth~~)) eight anniversary of the applicant's birthdate after issuance.

(b) The identicard may include the person's status as a veteran, consistent with RCW 46.20.161(4).

(c) If applicable, the identicard may include a medical alert designation as provided in subsection (5) of this section.

(3) **Renewal.** An application for identicard renewal may be submitted by means of:

(a) Personal appearance before the department; (~~or~~)

(b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew (~~his or her~~) the identicard by mail or by electronic commerce when it last expired; or

(c) From January 1, 2022, to June 30, 2024, electronic commerce, if permitted by rule of the department.

An identicard may not be renewed by mail or by electronic commerce unless the renewal issued by the department includes a photograph of the identicard holder.

(4) **Cancellation.** The department may cancel an identicard if the holder of the identicard used the card or allowed others to use the card in violation of RCW 46.20.0921.

(5) Any person may apply to the department to obtain a medical alert designation, a developmental disability designation, or a deafness designation on an identicard issued under this chapter by providing:

(ii) Is deaf or hard of hearing; or

(iii) Has a developmental disability as defined in RCW 71A.10.020;

(b) A statement from the person that they have voluntarily provided the self-attestation and other information verifying the condition; and

(c) For persons under eighteen years of age or who have a developmental disability, the signature of a parent or legal guardian.

(6) A self-attestation or data contained in a self-attestation provided under this section:

(a) Shall not be disclosed; and

(b) Is for the confidential use of the director, the chief of the Washington state patrol, and law enforcement and emergency medical service providers as designated by law.

(7) **Alternative issuance/renewal/extension.**

The department may issue or renew an identicard for a period other than ((~~six~~)) eight years, or may extend by mail or electronic commerce an identicard that has already been issued (~~(, in order to evenly distribute, as nearly as possible, the yearly renewal rate of identicard holders)~~). The fee for an identicard issued or renewed for a period other than ((~~six~~)) eight years, or that has been extended by mail or electronic commerce, is nine dollars for each year that the identicard is issued, renewed, or extended. The department must offer the option to issue or renew an identicard for six years in addition to the eight year issuance. The department may adopt any rules as are necessary to carry out this subsection.

(8) Identicard photos must be updated in the same manner as driver's license photos under RCW 46.20.120(5).

**Sec. 6.** RCW 46.20.120 and 2012 c 80 s 7 are each amended to read as follows:

An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department must ensure that examinations are given at places and times reasonably available to the people of this state. If the department does not administer driver licensing examinations as a routine part of its licensing services within a department region because adequate testing sites are provided by driver training schools or school districts within that region, the department shall, at a minimum, administer driver licensing examinations by appointment to applicants eighteen years of age and older in at least one licensing office within that region.

(1) **Waiver.** The department may waive:

(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department

determines that the applicant is not qualified to hold a driver's license under this title; or

(b) All or any part of the examination involving operating a motor vehicle if the applicant:

(i) Surrenders a valid driver's license issued by the person's previous home state; or

(ii) Provides for verification a valid driver's license issued by a foreign driver licensing jurisdiction with which the department has an informal agreement under RCW 46.20.125; and

(iii) Is otherwise qualified to be licensed.

(2) **Fee.** Each applicant for a new license must pay an examination fee of thirty-five dollars.

(a) The examination fee is in addition to the fee charged for issuance of the license.

(b) "New license" means a license issued to a driver:

(i) Who has not been previously licensed in this state; or

(ii) Whose last previous Washington license has been expired for more than ~~((~~eight~~))~~ eight years.

(3) An application for driver's license renewal may be submitted by means of:

(a) Personal appearance before the department; ~~((~~or~~))~~

(b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew ~~((~~his or her~~))~~ the license by mail or by electronic commerce when it last expired; or

(c) From January 1, 2022, to June 30, 2024, electronic commerce, if permitted by rule of the department.

(4) A person whose license expired or will expire while ~~((~~he or she~~))~~ the licensee is living outside the state, may:

(a) Apply to the department to extend the validity of ~~((~~his or her~~))~~ the license for no more than twelve months. If the person establishes to the department's satisfaction that ~~((~~he or she~~))~~ the licensee is unable to return to Washington before the date ~~((~~his or her~~))~~

the license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew ~~((~~his or her~~))~~ the license by mail or, if permitted by rule of the department, by electronic commerce even if subsection (3)(b) of this section would not otherwise allow renewal by that means. If the person establishes to the department's satisfaction that ~~((~~he or she~~))~~ the licensee is unable to return to Washington within twelve months of the date that ~~((~~his or her~~))~~ the license expires, the department shall renew the person's license by mail or, if permitted by rule of the department, by electronic commerce.

(5) (a) If a qualified person submits an application for renewal under subsection (3)(b) or (c) or (4)(b) of this section, ~~((~~he or she~~))~~ the applicant is not required to pass an examination ~~((~~or~~))~~ and only needs to provide an updated photograph:

(i) At least every 16 years, except that persons under 30 must provide an updated photograph every eight years; and

(ii) Beginning January 1, 2023, persons renewing through electronic commerce must provide an updated photograph in a form and manner approved by the department with each renewal unless they are unable to provide a photograph that meets the department's requirements and the most recent photograph on file with the department is not more than 10 years old at the time of renewal.

(b) A license renewed by mail or by electronic commerce that does not include a photograph of the licensee must be labeled "not valid for identification purposes."

(6) Driver training schools licensed by the department under chapter 46.82 RCW may administer the portions of the driver licensing examination that test the applicant's knowledge of traffic laws and ability to safely operate a motor vehicle.

(7) School districts that offer a traffic safety education program under chapter 28A.220 RCW may administer the portions of the driver licensing examination that test the applicant's knowledge of traffic laws and ability to safely operate a motor vehicle.

**Sec. 7.** RCW 46.20.161 and 2020 c 261 s 3 are each amended to read as follows:

(1) The department, upon receipt of a fee of ~~((forty five))~~ seventy-two dollars ~~((from October 1, 2012, to June 30, 2013, and fifty-four dollars after June 30, 2013))~~, unless the driver's license is issued for a period other than ~~((five))~~ eight years ~~((from October 1, 2012, to June 30, 2013, or six years after June 30, 2013))~~, in which case the fee shall be nine dollars for each year that the license is issued, which includes the fee for the required photograph, shall issue to every qualifying applicant a driver's license. A driver's license issued to a person under the age of eighteen is an intermediate license, subject to the restrictions imposed under RCW 46.20.075, until the person reaches the age of eighteen.

(2) The license must include:

(a) A distinguishing number assigned to the licensee;

(b) The name of record;

(c) Date of birth;

(d) Washington residence address;

(e) Photograph;

(f) A brief description of the licensee;

(g) Either a facsimile of the signature of the licensee or a space upon which the licensee shall write ~~((his or her))~~ the licensees' usual signature with pen and ink immediately upon receipt of the license;

(h) If applicable, the person's status as a veteran as provided in subsection (4) of this section; and

(i) If applicable, a medical alert designation as provided in subsection (5) of this section.

(3) No license is valid until it has been signed by the licensee.

(4)(a) A veteran, as defined in RCW 41.04.007, or an individual who otherwise meets the criteria of RCW 41.04.007 but

**MESSAGE FROM THE SENATE**

April 9, 2021

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1208 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature acknowledges that the learning assistance program was developed to provide supplemental instruction and services for public school students who are not meeting academic standards. Initially, school districts were allowed to use learning assistance program funds in a flexible manner to support students participating in the program. Over time, the legislature restricted, and established priorities for, the use of learning assistance program funds. The legislature finds that it is time to restore flexibility to the use of learning assistance program funds; however, local control must be balanced with accountability for improvement in the academic achievement of students participating in the program.

(2)(a) The legislature expects that the learning assistance program will continue to be used to fund supplemental instruction and service to eligible students who are not meeting academic standards.

(b) However, the legislature intends to immediately remove restrictions on the use of learning assistance program funds so that school districts can flexibly use these funds to identify and address the academic and nonacademic needs of students resulting from and exacerbated by the COVID-19 pandemic. Removal of the restrictions does not mean that learning assistance programs cannot continue to use the best practices and strategies included on the state menus or the services and activities listed in RCW 28A.165.035, as repealed by this act.

(3)(a) Beginning September 1, 2025, or following the end of the state of emergency declared by the governor due to COVID-19, whichever is later, the legislature intends to continue the flexible use of learning assistance program funds but require that budgeting and expenditure of these funds occur through the framework of the Washington

integrated student supports protocol, established by the legislature in 2016.

(b) To ease the transition, the legislature recommends that school district boards of directors begin budgeting and expending learning assistance program funds using the Washington integrated student supports protocol as soon as possible.

(c) Under the protocol, before engaging in the process of budgeting and expending learning assistance program funds, the legislature expects school district boards of directors to perform needs assessments and use data to map the resources of the school district, each school, and the community. School boards are expected to identify gaps in the coordination and integration of academic and nonacademic supports and to engage community partners in strategic planning that prioritizes the needs of students. Each school in the district is also expected to use needs assessments and data to determine how to best engage community partners to address the academic and nonacademic needs of its students in an integrated and coordinated manner. Finally, the legislature expects that schools and school districts will use data in an iterative process to drive decisions about how learning assistance program funds continue to be used, and to determine whether decisions about the use of program funds resulted in improvement in students' academic achievement.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.165 RCW to be codified between RCW 28A.165.005 and 28A.165.065 to read as follows:

(1) Immediately upon the effective date of this section and through the later of: (a) The expiration or termination of Proclamation 20-05, and any subsequent orders extending or amending the proclamation, declaring a state of emergency on February 29, 2020, for all counties in Washington due to COVID-19; or (b) September 1, 2025, school districts must budget and expend the appropriations for the learning assistance program, under RCW 28A.165.005 through 28A.165.065, to identify and address the academic and nonacademic needs of students resulting from and exacerbated by the COVID-19 pandemic.

(2) During the time period described in subsection (1) of this section, school districts are encouraged to budget and

expend the appropriations for the learning assistance program, under RCW 28A.165.005 through 28A.165.065, using the framework of the Washington integrated student supports protocol, established under RCW 28A.300.139.

(3) If a school district elects to budget and expend learning assistance program funds using the framework of the Washington integrated student supports protocol, a district may use up to 15 percent of the district's learning assistance program allocation to deliver academic, nonacademic, and social-emotional supports and services to students through partnerships with community-based or other out-of-school organizations in accordance with RCW 28A.300.139. Any agreement entered into by a school district and a community partner in accordance with RCW 28A.300.139 must:

(a) Specify that learning assistance program funds may be used only to provide direct supports and services to students;

(b) Clearly identify the academic, nonacademic, or social-emotional supports and services that will be made available to students by the community partner and how those supports and services align to the needs of the students as identified in the student-level needs assessment required by RCW 28A.300.139; and

(c) Identify the in-school supports that will be reinforced by the supports and services provided by the community partner to promote student progress towards meeting academic standards.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.165 RCW to be codified between RCW 28A.165.005 and 28A.165.065 to read as follows:

(1) While the state allocations for the learning assistance program under this chapter are intended to be flexible dollars within the control of the public school and school district, this local control must be balanced with local accountability for improvement in student achievement.

(2) School district boards of directors must budget and expend the appropriations for the learning assistance program, under RCW 28A.165.005 through 28A.165.065, using the framework of the Washington integrated student supports protocol, established under RCW 28A.300.139.

(3) A district may use up to 15 percent of the district's learning assistance program allocation to deliver academic, nonacademic, and social-emotional supports and services to students through partnerships with community-based or other out-of-school organizations in accordance with RCW 28A.300.139. Any agreement entered into by a school district and a community partner in accordance with RCW 28A.300.139 must:

(a) Specify that learning assistance program funds may be used only to provide direct supports and services to students;

(b) Clearly identify the academic, nonacademic, or social-emotional supports and services that will be made available to students by the community partner and how those supports and services align to the needs of the students as identified in the student-level needs assessment required by RCW 28A.300.139; and

(c) Identify the in-school supports that will be reinforced by the supports and services provided by the community partner to promote student progress towards meeting academic standards.

**Sec. 4.** RCW 28A.300.139 and 2016 c 72 s 801 are each amended to read as follows:

(1) ~~((Subject to the availability of amounts appropriated for this specific purpose, the))~~ The Washington integrated student supports protocol is established. The protocol shall be developed by the center for the improvement of student learning, established in RCW 28A.300.130, based on the framework described in this section. The purposes of the protocol include:

(a) Supporting a school-based approach to promoting the success of all students by coordinating academic and nonacademic supports to reduce barriers to academic achievement and educational attainment;

(b) Fulfilling a vision of public education where educators focus on education, students focus on learning, and auxiliary supports enable teaching and learning to occur unimpeded;

(c) Encouraging the creation, expansion, and quality improvement of community-based supports that can be integrated into the academic environment of schools and school districts;

(d) Increasing public awareness of the evidence showing that academic outcomes

are a result of both academic and nonacademic factors; and

(e) Supporting statewide and local organizations in their efforts to provide leadership, coordination, technical assistance, professional development, and advocacy to implement high-quality, evidence-based, student-centered, coordinated approaches throughout the state.

(2)(a) The Washington integrated student supports protocol must be sufficiently flexible to adapt to the unique needs of schools and districts across the state, yet sufficiently structured to provide all students with the individual support they need for academic success.

(b) The essential framework of the Washington integrated student supports protocol includes:

(i) Needs assessments: A system-level needs assessment with resource mapping must be conducted in order to identify academic and nonacademic supports that are currently available or lacking in schools, school districts, and the community. A student-level needs assessment must be conducted for all at-risk students in order to develop or identify the needed academic and nonacademic supports within the students' school and community. These supports must be coordinated to provide students with a package of mutually reinforcing supports designed to meet the individual needs of each student.

(ii) Integration and coordination: The school and district leadership and staff must ~~((develop close relationships))~~ establish clear, cooperative policies and procedures with community-based and other out-of-school providers of academic and nonacademic supports to enhance the effectiveness of the protocol.

(iii) Community partnerships: Community partners must be engaged to provide academic, nonacademic, and social-emotional supports to reduce barriers to students' academic success, including supports to students' families.

(iv) Data driven: Students' needs and outcomes must be tracked over time to determine student progress and evolving needs.

(c) The framework must facilitate the ability of any academic or nonacademic provider to support the needs of at-risk students, including, but not limited to: Out-of-school providers, social workers, mental health counselors, physicians, dentists, speech therapists, and audiologists.

**Sec. 5.** RCW 28A.165.005 and 2017 3rd sp.s. c 13 s 403 are each amended to read as follows:

~~((2))~~ School districts implementing a learning assistance program shall focus first on addressing the needs of students in grades kindergarten through four who are deficient in reading or reading readiness skills to improve reading literacy.)

**Sec. 6.** RCW 28A.165.015 and 2017 3rd sp.s. c 13 s 404 are each amended to read as follows:

(1) "Basic skills areas" means reading, writing, and mathematics as well as readiness associated with these skills.

(2) ~~((("Participating student" means a student in kindergarten through grade twelve who scores below standard for his or her grade level using multiple measures of performance, including on the statewide student assessments or other assessments and performance measurement tools administered by the school or district and who is identified by the district to receive services.~~

The office of the superintendent of public instruction may provide technical assistance to school districts to improve the effectiveness of a learning assistance program.

The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability framework that creates a unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students (~~from disproportionately academically underachieving racial and~~

~~ethnic backgrounds~~)) who are not meeting academic standards as defined in RCW 28A.165.015, disaggregated as described in RCW 28A.300.042(1) for student-level data. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) (i) (A) Identify the scores students must achieve in order to meet the standard on the statewide student assessment, and the SAT or the ACT if used to demonstrate career and college readiness under RCW 28A.655.250. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose;

(B) To permit the legislature to take any statutory action it deems warranted before modified or newly established scores are implemented, the board shall notify the education committees of the house of representatives and the senate of any scores that are modified or established under (b) (i) (A) of this subsection on or after July 28, 2019. The notifications required by this subsection (4) (b) (i) (B) must be provided by November 30th of the year proceeding the beginning of the school year in which the modified or established scores will take effect;

(ii) The legislature intends to continue the implementation of chapter 22, Laws of 2013 2nd sp. sess. when the legislature expressed the intent for the state board of education to identify the student performance standard that demonstrates a student's career and college readiness for the eleventh grade consortium-developed assessments. Therefore, by December 1, 2018, the state

board of education, in consultation with the superintendent of public instruction, must identify and report to the governor and the education policy and fiscal committees of the legislature on the equivalent student performance standard that a tenth grade student would need to achieve on the state assessments to be on track to be career and college ready at the end of the student's high school experience;

(iii) The legislature shall be advised of the initial performance standards and any changes made to the elementary, middle, and high school level performance standards. The board must provide an explanation of and rationale for all initial performance standards and any changes, for all grade levels of the statewide student assessment. If the board changes the performance standards for any grade level or subject, the superintendent of public instruction must recalculate the results from the previous ten years of administering that assessment regarding students below, meeting, and beyond the state standard, to the extent that this data is available, and post a comparison of the original and recalculated results on the superintendent's web site;

However, no private school may be approved that operates a kindergarten program only and no private school shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. in the payment of rent, and after written notice requiring, in the alternative, the payment of the rent or the surrender of the detained premises has remained uncomplied with for the period set forth in RCW 59.12.030(3) for tenants subject to this chapter. The written notice may be served at any time after the rent becomes due;

(b) The tenant continues in possession after substantial breach of a material program requirement of subsidized housing, material term subscribed to by the tenant within the lease or rental agreement, or a tenant obligation imposed by law, other than one for monetary damages, and after the landlord has served written notice specifying the acts or omissions constituting the breach and requiring, in the alternative, that the breach be remedied or the rental agreement will end, and the breach has not been adequately remedied by the date specified in the notice, which date must be at least 10 days after service of the notice;

(c) The tenant continues in possession after having received at least three days' advance written notice to quit after he or she commits or permits waste or nuisance upon the premises, unlawful activity that affects the use and enjoyment of the premises, or other substantial or repeated and unreasonable interference with the use and enjoyment of the premises by the landlord or neighbors of the tenant;

(d) The tenant continues in possession after the landlord of a dwelling unit in good faith seeks possession so that the owner or his or her immediate family may occupy the unit as that person's principal residence and no substantially equivalent unit is vacant and available to house the owner or his or her immediate family in the same building, and the owner has provided at least 90 days' advance written notice of the date the tenant's possession is to end. There is a rebuttable presumption that the owner did not act in good faith if the owner or immediate family fails to occupy the unit as a principal residence for at least 60 consecutive days during the 90 days immediately after the tenant vacated the unit pursuant to a notice to vacate using this subsection (2)(d) as the cause for the lease ending;

(e) The tenant continues in possession after the owner elects to sell a single-family residence and the landlord has

provided at least 90 days' advance written notice of the date the tenant's possession is to end. For the purposes of this subsection (2)(e), an owner "elects to sell" when the owner makes reasonable attempts to sell the dwelling within 30 days after the tenant has vacated, including, at a minimum, listing it for sale at a reasonable price with a realty agency or advertising it for sale at a reasonable price by listing it on the real estate multiple listing service. There shall be a rebuttable presumption that the owner did not intend to sell the unit if:

(i) Within 30 days after the tenant has vacated, the owner does not list the single-family dwelling unit for sale at a reasonable price with a realty agency or advertise it for sale at a reasonable price by listing it on the real estate multiple listing service; or

(ii) Within 90 days after the date the tenant vacated or the date the property was listed for sale, whichever is later, the owner withdraws the rental unit from the market, the landlord rents the unit to someone other than the former tenant, or the landlord otherwise indicates that the owner does not intend to sell the unit;

(f) The tenant continues in possession of the premises after the landlord serves the tenant with advance written notice pursuant to RCW 59.18.200(2)(c);

(g) The tenant continues in possession after the owner elects to withdraw the premises to pursue a conversion pursuant to RCW 64.34.440 or 64.90.655;

(h) The tenant continues in possession, after the landlord has provided at least 30 days' advance written notice to vacate that: (i) The premises has been certified or condemned as uninhabitable by a local agency charged with the authority to issue such an order; and (ii) continued habitation of the premises would subject the landlord to civil or criminal penalties. However, if the terms of the local agency's order do not allow the landlord to provide at least 30 days' advance written notice, the landlord must provide as much advance written notice as is possible and still comply with the order;

(i) The tenant continues in possession after an owner or lessor, with whom the tenant shares the dwelling unit or access to a common kitchen or bathroom area, has served at least 20 days' advance written

notice to vacate prior to the end of the rental term or, if a periodic tenancy, the end of the rental period;

(j) The tenant continues in possession of a dwelling unit in transitional housing after having received at least 30 days' advance written notice to vacate in advance of the expiration of the transitional housing program, the tenant has aged out of the transitional housing program, or the tenant has completed an educational or training or service program and is no longer eligible to participate in the transitional housing program. Nothing in this subsection (2)(j) prohibits the ending of a tenancy in transitional housing for any of the other causes specified in this subsection;

(k) The tenant continues in possession of a dwelling unit after the expiration of a rental agreement without signing a proposed new rental agreement proffered by the landlord; provided, that the landlord proffered the proposed new rental agreement at least 30 days prior to the expiration of the current rental agreement and that any new terms and conditions of the proposed new rental agreement are reasonable. This subsection (2)(k) does not apply to tenants whose tenancies are or have become periodic;

(l) The tenant continues in possession after having received at least 30 days' advance written notice to vacate due to intentional, knowing, and material misrepresentations or omissions made on the tenant's application at the inception of the tenancy that, had these misrepresentations or omissions not been made, would have resulted in the landlord requesting additional information or taking an adverse action;

(m) The tenant continues in possession after having received at least 60 days' advance written notice to vacate for other good cause prior to the end of the period or rental agreement and such cause constitutes a legitimate economic or business reason not covered or related to a basis for ending the lease as enumerated under this subsection (2). When the landlord relies on this basis for ending the tenancy, the court may stay any writ of restitution for up to 60 additional days for good cause shown, including difficulty procuring alternative housing. The court must condition such a stay upon the tenant's continued payment of rent during the stay

period. Upon granting such a stay, the court must award court costs and fees as allowed under this chapter;

(n) (i) The tenant continues in possession after having received at least 60 days' written notice to vacate prior to the end of the period or rental agreement and the tenant has committed four or more of the following violations, other than ones for monetary damages, within the preceding 12-month period, the tenant has remedied or cured the violation, and the landlord has provided the tenant a written warning notice at the time of each violation: A substantial breach of a material program requirement of subsidized housing, a substantial breach of a material term subscribed to by the tenant within the lease or rental agreement, or a substantial breach of a tenant obligation imposed by law;

(ii) Each written warning notice must:

(A) Specify the violation;

(B) Provide the tenant an opportunity to cure the violation;

(C) State that the landlord may choose to end the tenancy at the end of the rental term if there are four violations within a 12-month period preceding the end of the term; and

(D) State that correcting the fourth or subsequent violation is not a defense to the ending of the lease under this subsection;

(iii) The 60-day notice to vacate must:

(A) State that the rental agreement will end upon the specified ending date for the rental term or upon a designated date not less than 60 days after the delivery of the notice, whichever is later;

(B) Specify the reason for ending the lease and supporting facts; and

(C) Be served to the tenant concurrent with or after the fourth or subsequent written warning notice;

(iv) The notice under this subsection must include all notices supporting the basis of ending the lease;

(v) Any notices asserted under this subsection must pertain to four or more separate incidents or occurrences; and

(vi) This subsection (2)(n) does not absolve a landlord from demonstrating by

admissible evidence that the four or more violations constituted breaches under (b) of this subsection at the time of the violation had the tenant not remedied or cured the violation;

(o) The tenant continues in possession after having received at least 60 days' advance written notice to vacate prior to the end of the rental period or rental agreement if the tenant is required to register as a sex offender during the tenancy, or failed to disclose a requirement to register as a sex offender when required in the rental application or otherwise known to the property owner at the beginning of the tenancy;

(p) The tenant continues in possession after having received at least 20 days' advance written notice to vacate prior to the end of the rental period or rental agreement if the tenant has made unwanted sexual advances or other acts of sexual harassment directed at the property owner, property manager, property employee, or another tenant based on the person's race, gender, or other protected status in violation of any covenant or term in the lease.

(3) When a tenant has permanently vacated due to voluntary or involuntary events, other than by the ending of the tenancy by the landlord, a landlord must serve a notice to any remaining occupants who had coresided with the tenant at least six months prior to and up to the time the tenant permanently vacated, requiring the occupants to either apply to become a party to the rental agreement or vacate within 30 days of service of such notice. In processing any application from a remaining occupant under this subsection, the landlord may require the occupant to meet the same screening, background, and financial criteria as would any other prospective tenant to continue the tenancy. If the occupant fails to apply within 30 days of receipt of the notice in this subsection, or the application is denied for failure to meet the criteria, the landlord may commence an unlawful detainer action under this chapter. If an occupant becomes a party to the tenancy pursuant to this subsection, a landlord may not end the tenancy except as provided under subsection (2) of this section. This subsection does not apply to tenants residing in subsidized housing.

(4) A landlord who removes a tenant or causes a tenant to be removed from a dwelling in any way in violation of this

section is liable to the tenant for wrongful eviction, and the tenant prevailing in such an action is entitled to the greater of their economic and noneconomic damages or three times the monthly rent of the dwelling at issue, and reasonable attorneys' fees and court costs.

(5) Nothing in subsection (2) (d), (e), or (f) of this section permits a landlord to end a tenancy for a specified period before the completion of the term unless the landlord and the tenant mutually consent, in writing, to ending the tenancy early and the tenant is afforded at least 60 days to vacate.

(6) All written notices required under subsection (2) of this section must:

(a) Be served in a manner consistent with RCW 59.12.040; and

(b) Identify the facts and circumstances known and available to the landlord at the time of the issuance of the notice that support the cause or causes with enough specificity so as to enable the tenant to respond and prepare a defense to any incidents alleged. The landlord may present additional facts and circumstances regarding the allegations within the notice if such evidence was unknown or unavailable at the time of the issuance of the notice.

**Sec. 3.** RCW 59.18.200 and 2019 c 339 s 1 and 2019 c 23 s 2 are each reenacted and amended to read as follows:

(1) (a) When premises are rented for an indefinite time, with monthly or other periodic rent reserved, such tenancy shall be construed to be a tenancy from month to month, or from period to period on which rent is payable, and shall ~~((be terminated))~~ end by written notice of ~~((twenty))~~ 20 days or more, preceding the end of any of the months or periods of tenancy, given by ~~((either party))~~ the tenant to the ((either)) landlord.

(2) (a) Whenever a landlord plans to change to a policy of excluding children,

the landlord shall give a written notice to a tenant at least ~~((ninety))~~ 90 days before ~~((termination of))~~ the tenancy ends to effectuate such change in policy. Such ~~((ninety))~~ 90-day notice shall be in lieu of the notice required by subsection (1) of this section. (b) Whenever a landlord plans to change any apartment or apartments to a condominium form of ownership, the landlord shall provide a written notice to a tenant at least ~~((one hundred twenty))~~ 120 days before ~~((termination of))~~ the tenancy ends, in compliance with RCW 64.34.440(1), to effectuate such change. The ~~((one hundred twenty day))~~ 120-day notice is in lieu of the notice required in subsection (1) of this section. However, if after providing the ~~((one hundred twenty day))~~ 120-day notice the change to a condominium form of ownership is delayed, the notice requirements in subsection (1) of this section apply unless waived by the tenant.

(c)(i) Whenever a landlord plans to demolish or substantially rehabilitate premises or plans a change of use of premises, the landlord shall provide a written notice to a tenant at least ~~((one hundred twenty))~~ 120 days before ~~((termination of))~~ the tenancy ends. This subsection (2)(c)(i) does not apply to jurisdictions that have created a relocation assistance program under RCW 59.18.440 and otherwise provide ~~((one hundred twenty))~~ 120 days' notice.

(ii) For purposes of this subsection (2)(c):

(A) "Assisted housing development" means a multifamily rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(B) "Change of use" means: (I) Conversion of any premises from a residential use to a nonresidential use that results in the displacement of an existing tenant; (II) conversion from one type of residential use to another type of residential use that results in the

displacement of an existing tenant, such as conversion to a retirement home, emergency shelter, or transient hotel; or (III) conversion following removal of use restrictions from an assisted housing development that results in the displacement of an existing tenant: PROVIDED, That displacement of an existing tenant in order that the owner or a member of the owner's immediate family may occupy the premises does not constitute a change of use.

~~((3) A person in violation of subsection (2)(c)(i) of this section may be held liable in a civil action up to three times the monthly rent of the real property at issue. The prevailing party may also recover court costs and reasonable attorneys' fees.))~~

**Sec. 4.** RCW 59.18.220 and 2019 c 23 s 3 are each amended to read as follows:

(1) ~~((In all))~~ Except as limited under section 2 of this act, in cases where premises are rented for a specified time, by express or implied contract, the tenancy shall be deemed ~~((terminated))~~ expired at the end of such specified time upon notice consistent with section 2 of this act, served in a manner consistent with RCW 59.12.040.

(2) Any tenant who is a member of the armed forces, including the national guard and armed forces reserves, or that tenant's spouse or dependent, may ~~((terminate))~~ end a tenancy for a specified time if the tenant receives permanent change of station or deployment orders. Before ~~((terminating))~~ ending the tenancy, the tenant, or that tenant's spouse or dependent, shall provide written notice of ~~((twenty))~~ 20 days or more to the landlord, which notice shall include a copy of the official military orders or a signed letter from the service member's commanding officer confirming any of the following criteria are met:

(f) The service member has leased the property, but prior to taking possession of the rental premises, receives change of station orders to an area that is (~~(thirty-five)~~) 35 miles or more from the location of the rental premises.

**Sec. 5.** RCW 59.18.230 and 2020 c 315 s 6 and 2020 c 177 s 2 are each reenacted and amended to read as follows:

(1)(a) Any provision of a lease or other agreement, whether oral or written, whereby any section or subsection of this chapter is waived except as provided in RCW 59.18.360 and shall be deemed against public policy and shall be unenforceable. Such unenforceability shall not affect other provisions of the agreement which can be given effect without them.

(b) A landlord may not threaten a tenant with eviction for failure to pay nonpossessory charges limited under RCW 59.18.283.

(2) No rental agreement may provide that the tenant:

(a) Agrees to waive or to forgo rights or remedies under this chapter; or

Nothing in this subsection prohibits a landlord from serving a notice to pay or vacate at any time after the rent becomes due.

(3) A provision prohibited by subsection (2) of this section included in a rental agreement is unenforceable. If a landlord (~~(deliberately)~~) knowingly uses a rental agreement containing provisions known by him or her to be prohibited, the tenant may recover actual damages sustained by him or her, statutory damages not to exceed (~~(five hundred dollars)~~) two times the monthly rent charged for the unit, costs of suit, and reasonable attorneys' fees.

(4) The common law right of the landlord of distress for rent is hereby abolished for property covered by this chapter. Any provision in a rental agreement creating a lien upon the personal property of the tenant or authorizing a distress for rent is null and void and of no force and effect. Any landlord who takes or detains the personal property of a tenant without the specific written consent of the tenant to such incident of taking or detention, and who, after written demand by the tenant for the return of his or her personal property, refuses to return the same promptly shall be liable to the tenant for the value of the property retained, actual damages, and if the refusal is intentional, may also be liable for damages of up to (~~(five hundred dollars)~~) \$500 per day but not to exceed (~~(five thousand dollars)~~) \$5,000, for each day or part of a day that the tenant is deprived of his or her property. **Sec. 6.** RCW 59.12.030 and 2019 c 356 s 2 are each amended to read as follows:

~~((A))~~ Except as limited under section 2 of this act relating to tenancies under chapter 59.18 RCW, a tenant of real property for a term less than life is liable for unlawful detainer either:

(1) When he or she holds over or continues in possession, in person or by subtenant, of the property or any part thereof after the expiration of the term for which it is let to him or her. When real property is leased for a specified term or period by express or implied contract, whether written or oral, the tenancy shall ~~((be terminated))~~ end without notice at the expiration of the specified term or period;

(2) When he or she, having leased property for an indefinite time with monthly or other periodic rent reserved, continues in possession thereof, in person or by subtenant, after the end of any such month or period, when the landlord, more than ~~((twenty))~~ 20 days prior to the end of such month or period, has served notice (in manner in RCW 59.12.040 provided) requiring him or her to quit the premises at the expiration of such month or period;

this subsection and as applied to tenancies under chapter 59.18 RCW, "rent" has the same meaning as defined in RCW 59.18.030;

(4) When he or she continues in possession in person or by subtenant after a neglect or failure to keep or perform any condition or covenant of the lease or agreement under which the property is held, including any covenant not to assign or sublet, other than one for the payment of rent, and after notice in writing requiring in the alternative the performance of such condition or covenant or the surrender of the property, served (in manner in RCW 59.12.040 provided) upon him or her, and if there is a subtenant in actual possession of the premises, also upon such subtenant, shall remain uncomplished with for ~~((ten))~~ 10 days after service thereof. For the purposes of this subsection and as applied to tenancies under chapter 59.18 RCW, "rent" has the same meaning as defined in RCW 59.18.030;

(5) When he or she commits or permits waste upon the demised premises, or when he or she sets up or carries on thereon any unlawful business, or when he or she erects, suffers, permits, or maintains on or about the premises any nuisance, and remains in possession after the service (in manner in RCW 59.12.040 provided) upon him or her of three days' notice to quit;

Such person may also be subject to the criminal provisions of chapter 9A.52 RCW; or

(7) When he or she commits or permits any gang-related activity at the premises as prohibited by RCW 59.18.130.

April 10, 2021

Madame Speaker:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.70.052 and 2014 c 220 s 2 are each amended to read as follows:

(1)(a) To promote the public interest consistent with the purposes of chapter 492, Laws of 1993 as amended by chapter 267, Laws of 1995, the department shall ~~((continue to))~~ require hospitals to submit hospital financial and patient discharge information, including any applicable information reported pursuant to section 2 of this act, which shall be collected, maintained, analyzed, and disseminated by the department. The department shall, if deemed cost-effective and efficient, contract with a private entity for any or all parts of data collection. Data elements shall be reported in conformance with a uniform reporting system established by the department. This includes data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial and employee compensation information reasonably necessary to fulfill the purposes of this section.

(b) Data elements relating to use of hospital services by patients shall be the same as those currently compiled by hospitals through inpatient discharge abstracts. The department shall encourage and permit reporting by electronic transmission or hard copy as is practical and economical to reporters.

(c) By January 1, 2023, the department must revise the uniform reporting system to further delineate hospital expenses reported in the other direct expense category in the statement of revenue and expense. The department must include the following additional categories of

expenses within the other direct expenses category:

- (i) Blood supplies;
- (ii) Contract staffing;
- (iii) Information technology, including licenses and maintenance;

- (ii) Grants;

revenues category in (d)(xi) of this subsection that either have a value: (A) Of \$1,000,000 or more; or (B) representing one percent or more of the total expenses or total revenues; or

(f) A hospital must report any money, including loans, received by the hospital or a health system to which it belongs from a federal, state, or local government entity in response to a national or state-declared emergency, including a pandemic. Hospitals must report this information as it relates to federal, state, or local money received after January 1, 2020, in association with the COVID-19 pandemic. The department shall provide guidance on reporting pursuant to this subsection.

(2) In identifying financial reporting requirements, the department may require both annual reports and condensed quarterly reports from hospitals, so as to achieve both accuracy and timeliness in reporting, but shall craft such requirements with due regard of the data reporting burdens of hospitals.

(3)(a) Beginning with compensation information for 2012, unless a hospital is operated on a for-profit basis, the department shall require a hospital licensed under chapter 70.41 RCW to annually submit employee compensation information. To satisfy employee compensation reporting requirements to the department, a hospital shall submit information as directed in (a)(i) or (ii) of this subsection. A hospital may determine whether to report under (a)(i) or (ii) of this subsection for purposes of reporting.

(i) Within one hundred thirty-five days following the end of each hospital's fiscal year, a nonprofit hospital shall file the appropriate schedule of the federal internal revenue service form 990 that identifies the employee compensation information with the department. If the lead administrator responsible for the hospital or the lead

(ii) Within one hundred thirty-five days following the end of each hospital's calendar year, a hospital shall submit the names and compensation of the five highest compensated employees of the hospital who do not have any direct patient responsibilities. If those five highest compensated employees do not include the lead administrator for the hospital, compensation information for the lead administrator shall also be submitted. Compensation information shall include base compensation, bonus and incentive compensation, other payments that qualify as reportable compensation, retirement and other deferred compensation, and nontaxable benefits.

(b) To satisfy the reporting requirements of this subsection (3), the department shall create a form and make it available no later than August 1, 2012. (4) The health care data collected, maintained, and studied by the department shall only be available for retrieval in original or processed form to public and private requestors pursuant to subsection ~~((7+))~~ (9) of this section and shall be available within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The department shall provide guidance on reporting pursuant to this subsection. When requesting demographic information under this subsection, a hospital must inform patients that providing the information is voluntary. If a hospital fails to report demographic information under this subsection because a patient refused to provide the information, the department may not take any action against the hospital for failure to comply with reporting requirements or other licensing standards on that basis.

(b) The department must develop a waiver process for the requirements of (a) of this subsection for a hospital that is certified by the centers for medicare and medicaid services as a critical access hospital, is certified by the centers of medicare and medicaid services as a sole community hospital, or qualifies as a medicare dependent hospital due to economic hardship, technological limitations that are not reasonably in the control of the hospital, or other exceptional circumstance demonstrated by the hospital. The waiver must be limited to one year or less, or for any other specified time frame set by the department. Hospitals may apply for waiver extensions.

(c) Subject to funding appropriated specifically for this purpose, the department shall establish a process no later than October 1, 2022, for any hospital that is certified by the centers for medicare and medicaid services as a critical access hospital, is certified by the centers for medicare and medicaid services as a sole community hospital, or qualifies as a medicare dependent hospital, to apply for a grant to support

(i) A hospital owned or operated by a health system that owns or operates two or more hospitals is not eligible to apply for a grant under this subsection;

(ii) In considering a hospital application, the department may consider information about the hospital's need for financial support to alter the hospital's electronic health records system, including, but not limited to, demonstrated costs necessary to update the hospital's current electronic health record system to comply with the requirements in this section and evidence of need for financial assistance. The department may provide grant amounts of varying sizes depending on the need of the applicant hospital;

(iii) A hospital that receives a grant under this section must update the hospital's electronic health records system to comply with the requirements of this section before the hospital may make other changes to its electronic health records system, except for changes that are required for security, compliance, or privacy purposes; and

(iv) A hospital that receives a grant under this section must comply with subsection (a) of this section no later than July 1, 2023.

(d) The department shall adopt rules to implement this subsection (6) no later than July 1, 2022.

(7) Beginning January 1, 2023, each hospital must report to the department, on a quarterly basis, the number of submitted and completed charity care applications that the hospital received in the prior quarter and the number of charity care applications approved in the prior quarter pursuant to the hospital's charity care policy, consistent with chapter 70.170 RCW. The department shall develop a standard form for hospitals to use in submitting information pursuant to this subsection.

(8) All persons subject to the data collection requirements of this section shall comply with departmental requirements established by rule in the acquisition of data.

((47)) (9) The department must maintain the confidentiality of patient

discharge data it collects under subsections (1) and (6) of this section. Patient discharge data that includes direct and indirect identifiers is not subject to public inspection and the department may only release such data as allowed for in this section. Any agency that receives patient discharge data under (a) or (b) of this subsection must also maintain the confidentiality of the data and may not release the data except as consistent with subsection ((49)) (10)(b) of this section. ((410)) (12) For the purposes of this section:

(a) "Direct patient identifier" means information that identifies a patient; and

(b) "Indirect patient identifier" means information that may identify a patient when combined with other information.

~~((411))~~ (13) The department must adopt rules necessary to carry out its responsibilities under this section. The department must consider national standards when adopting rules.

the University of Washington health sciences administration. The study should control for other contributing factors, including but not limited to access to equipment, patients' underlying conditions and diagnoses, patients' demographics information, the trauma level designation of the hospital, transfers from other hospitals, and external factors impacting hospital volumes. The study must be completed by September 1, 2022, and the department shall submit the study to the appropriate committees of the legislature by October 1, 2022.

**Sec. 4.** RCW 70.01.040 and 2012 c 184 s 1 are each amended to read as follows:

(1) Prior to the delivery of nonemergency services, a provider-based clinic that charges a facility fee shall provide a notice to any patient that the clinic is licensed as part of the hospital and the patient may receive a separate charge or billing for the facility component, which may result in a higher out-of-pocket expense.

(2) Each health care facility must post prominently in locations easily accessible to and visible by patients, including its website, a statement that the provider-based clinic is licensed as part of the hospital and the patient may receive a separate charge or billing for the facility, which may result in a higher out-of-pocket expense.

(3) Nothing in this section applies to laboratory services, imaging services, or other ancillary health services not provided by staff employed by the health care facility.

(4) As part of the year-end financial reports submitted to the department of health pursuant to RCW 43.70.052, all hospitals with provider-based clinics that bill a separate facility fee shall report:

(a) The number of provider-based clinics owned or operated by the hospital that charge or bill a separate facility fee;

(c) The revenue received by the hospital for the year by means of facility fees at each provider-based clinic; and

(d) The range of allowable facility fees paid by public or private payers at each provider-based clinic.

(5) For the purposes of this section:

(b) "Provider-based clinic" means the site of an off-campus clinic or provider office (~~located at least two hundred fifty yards from the main hospital buildings or as determined by the centers for medicare and medicaid services,~~) that is owned by a hospital licensed under chapter 70.41 RCW or a health system that operates one or more hospitals licensed under chapter 70.41 RCW, is licensed as part of the hospital, and is primarily engaged in providing diagnostic and therapeutic care including medical history, physical examinations, assessment of health status, and treatment monitoring. This does not include clinics exclusively designed for and providing laboratory, X-ray, testing, therapy, pharmacy, or educational services and does not include facilities designated as rural health clinics.

**Sec. 5.** RCW 70.41.470 and 2012 c 103 s 1 are each amended to read as follows:

(1) As of January 1, 2013, each hospital that is recognized by the internal revenue service as a 501(c)(3) nonprofit entity must make its federally required community health needs assessment widely available to the public and submit it to the department within fifteen days of submission to the internal revenue service. Following completion of the initial community health needs assessment, each hospital in accordance with the internal revenue service ~~(7)~~ shall complete and make widely available to the public and submit to the department an assessment once every three years. The department must post the information submitted to it pursuant to this subsection on its website.

(2)(a) Unless contained in the community health needs assessment under subsection (1) of this section, a hospital subject to the requirements under subsection (1) of this section shall make public and submit to the

department a description of the community served by the hospital, including both a geographic description and a description of the general population served by the hospital; and demographic information such as leading causes of death, levels of chronic illness, and descriptions of the medically underserved, low-income, and minority, or chronically ill populations in the community.

(b)(i) Beginning July 1, 2022, a hospital, other than a hospital designated by medicare as a critical access hospital or sole community hospital, that is subject to the requirements under subsection (1) of this section must annually submit to the department an addendum which details information about activities identified as community health improvement services with a cost of \$5,000 or more. The addendum must include the type of activity, the method in which the activity was delivered, how the activity relates to an identified community need in the community health needs assessment, the target population for the activity, strategies to reach the target population, identified outcome metrics, the cost to the hospital to provide the activity, the methodology used to calculate the hospital's costs, and the number of people served by the activity. If a community health improvement service is administered by an entity other than the hospital, the other entity must be identified in the addendum.

(ii) Beginning July 1, 2022, a hospital designated by medicare as a critical access hospital or sole community hospital that is subject to the requirements under subsection (1) of this section must annually submit to the department an addendum which details information about the 10 highest cost activities identified as community health improvement services. The addendum must include the type of activity, the method in which the activity was delivered, how the activity relates to an identified community need in the community health needs assessment, the target population for the activity, strategies to reach the target population, identified outcome metrics, the cost to the hospital to provide the activity, the methodology used to calculate the hospital's costs, and the number of people served by the activity. If a community health improvement service is administered by an entity other than

the hospital, the other entity must be identified in the addendum.

(iii) The department shall require the reporting of demographic information about participant race, ethnicity, any disability, gender identity, preferred language, and zip code of primary residency. The department, in consultation with interested entities, may revise the required demographic information according to an established six-year review cycle about participant race, ethnicity, disabilities, gender identity, preferred language, and zip code of primary residence that must be reported under (b)(i) and (ii) of this subsection (2). At a minimum, the department's consultation process shall include community organizations that provide community health improvement services, communities impacted by health inequities, health care workers, hospitals, and the governor's interagency coordinating council on health disparities. The department shall establish a six-year cycle for the review of the information requested under this subsection (2)(b)(iii).

(iv) The department shall provide guidance on participant data collection and the reporting requirements under this subsection (2)(b). The guidance shall include a standard form for the reporting of information under this subsection (2)(b). The standard form must allow for the reporting of community health improvement services that are repeated within a reporting period to be combined within the addendum as a single project with the number of instances of the services listed. The department must develop the guidelines in consultation with interested entities, including an association representing hospitals in Washington, labor unions representing workers who work in hospital settings, and community health board associations. The department must post the information submitted to it pursuant to this subsection (2)(b) on its website.

(3)(a) Each hospital subject to the requirements of subsection (1) of this section shall make widely available to the public a community benefit implementation strategy within one year of completing its community health needs assessment. In developing the implementation strategy, hospitals shall consult with community-based organizations and stakeholders, and local public health jurisdictions, as

well as any additional consultations the hospital decides to undertake. Unless contained in the implementation strategy under this subsection (3)(a), the hospital must provide a brief explanation for not accepting recommendations for community benefit proposals identified in the assessment through the stakeholder consultation process, such as excessive expense to implement or infeasibility of implementation of the proposal.

(b) Implementation strategies must be evidence-based, when available; or development and implementation of innovative programs and practices should be supported by evaluation measures.

(4) When requesting demographic information under subsection (2)(b) of this section, a hospital must inform participants that providing the information is voluntary. If a hospital fails to report demographic information under subsection (2)(b) of this section because a participant refused to provide the information, the department may not take any action against the hospital for failure to comply with reporting requirements or other licensing standards on that basis.

(5) For the purposes of this section, the term "widely available to the public" has the same meaning as in the internal revenue service guidelines.

NEW SECTION. Sec. 6. The department of health shall develop any forms or guidance required in this act at least 60 days before hospitals are required to utilize the form or guidance.

NEW SECTION. Sec. 7. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2021, in the omnibus appropriations act, this act is null and void."

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1514 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.18.285 and 2020 c 18 s 17 are each amended to read as follows:

(1) A registered owner who uses a passenger motor vehicle for (~~(commuter)~~) ride sharing or ride sharing for persons with special transportation needs, as defined in RCW 46.74.010, shall apply to the department, county auditor or other agent, or subagent appointed by the director for special ride share license plates. The registered owner must qualify for the tax exemptions provided in RCW 82.08.0287, 82.12.0282, or 82.44.015, and pay the special ride share license plate fee required under RCW 46.17.220(18) when the special ride share license plates are initially issued.

(2) The special ride share license plates:

(a) Must be of a distinguishing separate numerical series or design as defined by the department;

(b) Must be returned to the department when no longer in use or when the registered owner no longer qualifies for the tax exemptions provided in subsection (1) of this section; and

(c) Are not required to be renewed annually for motor vehicles described in RCW 46.16A.170.

(3) Special ride share license plates may be transferred from one motor vehicle to another motor vehicle as described in subsection (1) of this section upon application to the department, county auditor or other agent, or subagent appointed by the director.

(4) Any person who knowingly makes a false statement of a material fact in the application for a special license plate under subsection (1) of this section is guilty of a gross misdemeanor.

**Sec. 2.** RCW 46.74.010 and 2014 c 97 s 501 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly indicates otherwise.

~~(1) ("Commuter ride sharing" means a car pool or van pool arrangement whereby one or more fixed groups not exceeding fifteen persons each including the drivers, and (a) not fewer than five persons including the drivers, or (b) not fewer than four persons including the drivers where at least two of those persons are confined to wheelchairs when riding, are transported in a passenger motor vehicle with a gross vehicle weight not exceeding ten thousand pounds, excluding special rider equipment, between their places of abode or termini near such places, and their places of employment or educational or other institutions, each group in a single daily round trip where the drivers are also on the way to or from their places of employment or educational or other institution.~~

~~(2) "Flexible commuter ride sharing" means a car pool or van pool arrangement whereby a group of at least two but not exceeding fifteen persons including the driver is transported in a passenger motor vehicle with a gross vehicle weight not exceeding ten thousand pounds, excluding special rider equipment, between their places of abode or termini near such places, and their places of employment or educational or other institutions, where the driver is also on the way to or from his or her place of employment or educational or other institution.~~

(3) "Ride sharing for persons with special transportation needs" means an arrangement whereby a group of persons with special transportation needs, and their attendants, is transported by a public social service agency or a private, nonprofit transportation provider, as defined in RCW 81.66.010, serving persons with special needs, in a passenger motor vehicle as defined by the department to include small buses, cutaways, and modified vans not more than twenty-eight feet long (~~(+ PROVIDED, That the)~~). The driver need not be a person with special transportation needs.

~~((5))~~ (4) "Ride-sharing operator" means the person, entity, or concern, not necessarily the driver, responsible for the existence and continuance of ~~((commuter))~~ ride sharing (~~(, flexible commuter ride sharing,))~~ or ride sharing for persons with special transportation needs. The operator and the driver of a ~~((commuter))~~ ride-sharing vehicle ~~((or a flexible commuter ride sharing vehicle))~~ shall be held to a reasonable and ordinary standard of care, and are not subject to ordinances or regulations which relate exclusively to the regulation of drivers or owners of motor vehicles operated for hire, or other

common carriers or public transit carriers. No person, entity, or concern may, as a result of engaging in ride-sharing promotional activities, be liable for civil damages arising directly or indirectly (1) from the maintenance and operation of a ((~~commuter~~)) ride-sharing ((~~or flexible commuter ride-sharing~~)) vehicle; or (2) from an intentional act of another person who is participating or proposing to participate in a ((~~commuter~~)) ride-sharing ((~~or flexible commuter ride-sharing~~)) arrangement, unless the ride-sharing operator or promoter had prior, actual knowledge that the intentional act was likely to occur and had a reasonable ability to prevent the act from occurring.

**NEW SECTION. Sec. 4.** The department of transportation and the commute trip reduction board shall prepare a report regarding, and an update to, the statutes governing the commute trip reduction program, within existing resources. The department of transportation shall provide the transportation committees of the legislature with the report and update by October 1, 2021.

(2)(a) To qualify for the tax exemption, those passenger motor vehicles with ((~~five~~)) three or ((~~six~~)) more passengers, including the driver, used for ((~~commuter~~)) ride sharing, must be operated either within the state's eight largest counties that are required to develop commute trip reduction plans as directed by chapter 70A.15 RCW ((~~or~~)), in other counties, or cities and towns within those counties, that elect to

adopt and implement a commute trip reduction plan, or in other counties where the vehicle is registered with or operated by a public transportation agency.
