(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under \*RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining

whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(11) "Minerals" include gravel, sand, and valuable metallic substances.

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) "Recreational land" means land so designated under \*\*RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(15) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(16) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential

development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(17) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(18) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(19) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(20) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(21) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands. **Reviser's note:** \*(1) RCW 84.33.100 through 84.33.118 were repealed or decodified by 2001 c 249 §§ 15 and 16. RCW 84.33.120 was repealed by 2001 c 249 § 16 and by 2003 c 170 § 7.

\*\* (2) RCW 36.70A.1701 expired June 30, 2006.

(3) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

**Intent—2005 c 423:** "The legislature recognizes the need for playing fields and supporting facilities for sports played on grass as well as the need to preserve agricultural land of long-term commercial significance. With thoughtful and deliberate planning, and adherence to the goals and requirements of the growth management act, both needs can be met.

The legislature acknowledges the state's interest in preserving the agricultural industry and family farms, and recognizes that the state's rich and productive lands enable agricultural production. Because of its unique qualities and limited quantities, designated agricultural land of long-term commercial significance is best suited for agricultural and farm uses, not recreational uses.

The legislature acknowledges also that certain local governments have either failed or neglected to properly plan for population growth and the sufficient number of playing fields and supporting facilities needed to accommodate this growth. The legislature recognizes that citizens responded to this lack of planning, fields, and supporting facilities by constructing non-conforming fields and facilities on agricultural lands of long-term commercial significance. It is the intent of the legislature to permit the continued existence and use of these fields and facilities in very limited circumstances if specific criteria are satisfied within a limited time frame. It is also the intent of the legislature to grant this authorization without diminishing the designation and preservation requirements of the growth management act pertaining to Washington's invaluable farmland." [2005 c 423 § 1.]

**Effective date—2005 c 423:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 12, 2005]." [2005 c 423 § 7.]

**Prospective application—1997 c 429 §§ 1-21:** See note following RCW 36.70A.3201.

**Severability—1997 c 429:** See note following RCW 36.70A.3201.

**Finding—Intent—1994 c 307:** "The legislature finds that it is in the public interest to identify and provide long-term conservation of those productive natural resource lands that are critical to and can be managed economically and practically for long-term commercial production of food, fiber, and minerals. Successful achievement of the natural resource industries' goal set forth in RCW 36.70A.020 requires the conservation of a land base sufficient in size and quality to maintain and enhance those industries and the development and use of land use techniques that discourage uses incompatible to the management of designated lands. The 1994 amendment to RCW 36.70A.030(8) (section 2(8), chapter 307, Laws of 1994) is intended to clarify legislative intent regarding the designation of forest lands and is not intended to require every county that has already complied with the interim forest land designation requirement of RCW 36.70A.170 to review its actions until the adoption of its comprehensive plans and development regulations as provided in RCW 36.70A.060(3)." [1994 c 307 § 1.]

**Effective date—1994 c 257 § 5:** "Section 5 of this act shall take effect July 1, 1994." [1994 c 257 § 25.]

**Severability—1994 c 257:** See note following RCW 36.70A.270.

### 36.70A.085 Comprehensive plans—Port elements.

(1) Comprehensive plans of cities that have a marine container port with annual operating revenues in excess of sixty million dollars within their jurisdiction must include a container port element.

(2) Comprehensive plans of cities that include all or part of a port district with annual operating revenues in excess of twenty million dollars may include a marine industrial port element. Prior to adopting a marine industrial port element under this subsection (2), the commission of the applicable port district must adopt a resolution in support of the proposed element.

(3) Port elements adopted under subsections (1) and (2) of this section must be developed collaboratively between the city and the applicable port, and must establish policies and programs that:

(a) Define and protect the core areas of port and port-related industrial uses within the city;

(b) Provide reasonably efficient access to the core area through freight corridors within the city limits; and

(c) Identify and resolve key land use conflicts along the edge of the core area, and minimize and mitigate, to the extent practicable, incompatible uses along the edge of the core area.

(4) Port elements adopted under subsections (1) and (2) of this section must be:

(a) Completed and approved by the city according to the schedule specified in RCW 36.70A.130; and

(b) Consistent with the economic development, transportation, and land use elements of the city's comprehensive plan, and consistent with the city's capital facilities plan.

(5) In adopting port elements under subsections (1) and (2) of this section, cities and ports must: Ensure that there is consistency between the port elements and the port comprehensive scheme required under chapters 53.20 and 53.25 RCW; and retain sufficient planning flexibility to secure emerging economic opportunities.

(6) In developing port elements under subsections (1) and (2) of this section, a city may utilize one or more of the following approaches:

(a) Creation of a port overlay district that protects container port uses;

(b) Use of industrial land banks;

(c) Use of buffers and transition zones between incompatible uses;

(d) Use of joint transportation funding agreements;

(e) Use of policies to encourage the retention of valuable warehouse and storage facilities;

(f) Use of limitations on the location or size, or both, of nonindustrial uses in the core area and surrounding areas; and

(g) Use of other approaches by agreement between the city and the port.

(7) The department of community, trade, and economic development must provide matching grant funds to cities meeting the requirements of subsection (1) of this section to support development of the required container port element.

(8) Any planned improvements identified in port elements adopted under subsections (1) and (2) of this section must be transmitted by the city to the transportation commission for consideration of inclusion in the statewide transportation plan required under RCW 47.01.071. [2009 c 514 § 2.]

**Findings—Intent—2009 c 514:** "(1) The legislature finds that Washington's marine container ports operate within a complex system of marine terminal operations, truck and train transportation corridors, and industrial services that together support a critical amount of our state and national economy, including key parts of our state's manufacturing and agricultural sectors, and directly create thousands of high-wage jobs throughout our region.

(2) The legislature further finds that the container port services are increasingly challenged by the conversion of industrial properties to nonindustrial uses, leading to competing and incompatible uses that can hinder port operations, restrict efficient movement of freight, and limit the opportunity for improvements to existing port-related facilities.

(3) It is the intent of the legislature to ensure that local land use decisions are made in consideration of the long-term and widespread economic contribution of our international container ports and related industrial lands and transportation systems, and to ensure that container ports continue to function effectively alongside vibrant city waterfronts." [2009 c 514 § 1.]

### 36.70A.110 Comprehensive plans—Urban growth areas.

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in

nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve. As part of this planning process, each city within the county must include areas sufficient to accommodate the broad range of needs and uses that will accompany the projected urban growth including, as appropriate, medical, governmental, institutional, commercial, service, retail, and other nonresidential uses.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either pub-

lic or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009. [2009 c 342 § 1; 2009 c 121 § 1; 2004 c 206 § 1; 2003 c 299 § 5; 1997 c 429 § 24; 1995 c 400 § 2; 1994 c 249 § 27; 1993 sp.s. c 6 § 2; 1991 sp.s. c 32 § 29; 1990 1st ex.s. c 17 § 11.]

**Reviser's note:** This section was amended by 2009 c 121 § 1 and by 2009 c 342 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Severability—1997 c 429:** See note following RCW 36.70A.3201.

**Construction—Application—1995 c 400:** See note following RCW 36.70A.070.

**Effective date—1995 c 400:** See note following RCW 36.70A.040.

**Severability—Application—1994 c 249:** See notes following RCW 34.05.310.

**Effective date—1993 sp.s. c 6:** See note following RCW 36.70A.040.

**36.70A.115 Comprehensive plans and development regulations must provide sufficient land capacity for development.** Counties and cities that are required or choose to plan under RCW 36.70A.040 shall ensure that, taken collectively, adoption of and amendments to their comprehensive plans and/or development regulations provide sufficient capacity of land suitable for development within their jurisdictions to accommodate their allocated housing and employment growth, including the accommodation of, as appropriate, the medical, governmental, educational, institutional, commercial, and industrial facilities related to such growth, as adopted in the applicable countywide planning policies and consistent with the twenty-year population forecast from the office of financial management. [2009 c 121 § 3; 2003 c 333 § 1.]

**36.70A.130 Comprehensive plans—Review procedures and schedules—Amendments.** (1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review

and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section or in accordance with the provisions of subsections (5) and (8) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW;

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget;

(iv) Until June 30, 2006, the designation of recreational lands under \*RCW 36.70A.1701. A county amending its comprehensive plan pursuant to this subsection (2)(a)(iv) may not do so more frequently than every eighteen months; and

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.031(2), provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public partic-

ipation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. Except as provided in subsections (5) and (8) of this section, the schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) A county that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The county has a population of less than fifty thousand and has had its population increase by no more than sev-

enteen percent in the ten years preceding the date established in the applicable schedule as of that date.

(c) A city that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The city has a population of no more than five thousand and has had its population increase by the greater of either no more than one hundred persons or no more than seventeen percent in the ten years preceding the date established in the applicable schedule as of that date.

(d) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities: (a) Complying with the schedules in this section; (b) demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas; or (c) complying with the extension provisions of subsection (5)(b) or (c) of this section may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW. A county or city that is fewer than twelve months out of compliance with the schedules in this section for development regulations that protect critical areas is making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

(8) Except as provided in subsection (5)(b) and (c) of this section:

(a) Counties and cities required to satisfy the requirements of this section according to the schedule established by subsection (4)(b) through (d) of this section may comply with the requirements of this section for development regulations that protect critical areas one year after the dates established in subsection (4)(b) through (d) of this section;

(b) Counties and cities complying with the requirements of this section one year after the dates established in subsection (4)(b) through (d) of this section for development regulations that protect critical areas shall be deemed in compliance with the requirements of this section; and

(c) This subsection (8) applies only to the counties and cities specified in subsection (4)(b) through (d) of this section, and only to the requirements of this section for develop-

ment regulations that protect critical areas that must be satisfied by December 1, 2005, December 1, 2006, and December 1, 2007.

(9) Notwithstanding subsection (8) of this section and the substantial progress provisions of subsections (7) and (10) of this section, only those counties and cities complying with the schedule in subsection (4) of this section, or the extension provisions of subsection (5)(b) or (c) of this section, may receive preferences for grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW.

(10) Until December 1, 2005, and notwithstanding subsection (7) of this section, a county or city subject to the time periods in subsection (4)(a) of this section demonstrating substantial progress towards compliance with the schedules in this section for its comprehensive land use plan and development regulations may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW. A county or city that is fewer than twelve months out of compliance with the schedules in this section for its comprehensive land use plan and development regulations is deemed to be making substantial progress towards compliance. **Intent—2006 c 285:** "There is a statewide interest in maintaining coordinated planning as called for in the legislative findings of the growth management act, RCW 36.70A.010. It is the intent of the legislature that smaller, slower-growing counties and cities be provided with flexibility in meeting the requirements to review local plans and development regulations in RCW 36.70A.130, while ensuring coordination and consistency with the plans of neighboring cities and counties." **Intent—Effective date—2005 c 423:** See notes following RCW 36.70A.030.

**Intent—2005 c 294:** "The legislature recognizes the importance of appropriate and meaningful land use measures and that such measures are critical to preserving and fostering the quality of life enjoyed by Washingtonians. The legislature recognizes also that the growth management act requires counties and cities to review and, if needed, revise their comprehensive plans and development regulations on a cyclical basis. These requirements, which often require significant compliance efforts by local governments are, in part, an acknowledgment of the continual changes that occur within the state, and the need to ensure that land use measures reflect the collective wishes of its citizenry.

The legislature acknowledges that only those jurisdictions in compliance with the review and revision schedules of the growth management act are eligible to receive funds from the public works assistance and water quality accounts in the state treasury. The legislature further recognizes that some jurisdictions that are not yet in compliance with these review and revision schedules have demonstrated substantial progress towards compliance.

The legislature, therefore, intends to grant jurisdictions that are not in compliance with requirements for development regulations that protect critical areas, but are demonstrating substantial progress towards compliance with these requirements, twelve months of additional eligibility to receive grants, loans, pledges, or financial guarantees from the public works assistance and water quality accounts in the state treasury. The legislature intends to specify, however, that only counties and cities in compliance with the review and revision schedules of the growth management act may receive preference for financial assistance from these accounts." **36.70A.210 County-wide planning policies.** (1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community, trade, and economic development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall

specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;

(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;

(c) Policies for siting public capital facilities of a county-wide or statewide nature, including transportation facilities of statewide significance as defined in RCW 47.06.140;

(d) Policies for county-wide transportation facilities and strategies;

(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;

(f) Policies for joint county and city planning within urban growth areas;

(g) Policies for county-wide economic development and employment, which must include consideration of the future development of commercial and industrial facilities; and

(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth management hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region. [2009 c 121 § 2; 1998 c 171 § 4; 1994 c 249 § 28; 1993 sp.s. c 6 § 4; 1991 sp.s. c 32 § 2.]

**Severability—Application—1994 c 249:** See notes following RCW 34.05.310.

**Effective date—1993 sp.s. c 6:** See note following RCW 36.70A.040.

**36.70A.540 Affordable housing incentive programs—Low-income housing units.** (1)(a) Any city or county planning under RCW 36.70A.040 may enact or expand affordable housing incentive programs providing for the development of low-income housing units through development regulations or conditions on rezoning or permit decisions, or both, on one or more of the following types of development: Residential; commercial; industrial; or mixed-use. An affordable housing incentive program may include, but is not limited to, one or more of the following:

(i) Density bonuses within the urban growth area;

(ii) Height and bulk bonuses;

(iii) Fee waivers or exemptions;

(iv) Parking reductions; or

(v) Expedited permitting.

(b) The city or county may enact or expand such programs whether or not the programs may impose a tax, fee, or charge on the development or construction of property.

(c) If a developer chooses not to participate in an optional affordable housing incentive program adopted and authorized under this section, a city, county, or town may not condition, deny, or delay the issuance of a permit or development approval that is consistent with zoning and development standards on the subject property absent incentive provisions of this program.

(2) Affordable housing incentive programs enacted or expanded under this section shall comply with the following:

(a) The incentives or bonuses shall provide for the development of low-income housing units;

(b) Jurisdictions shall establish standards for low-income renter or owner occupancy housing, including income guidelines consistent with local housing needs, to assist low-income households that cannot afford market-rate housing. Low-income households are defined for renter and owner occupancy program purposes as follows:

(i) Rental housing units to be developed shall be affordable to and occupied by households with an income of fifty percent or less of the county median family income, adjusted for family size;

(ii) Owner occupancy housing units shall be affordable to and occupied by households with an income of eighty percent or less of the county median family income, adjusted for family size. The legislative authority of a jurisdiction, after holding a public hearing, may establish lower income levels; and

(iii) The legislative authority of a jurisdiction, after holding a public hearing, may also establish higher income levels for rental housing or for owner occupancy housing upon finding that higher income levels are needed to address local housing market conditions. The higher income level for rental housing may not exceed eighty percent of the county area median family income. The higher income level for owner occupancy housing may not exceed one hundred percent of the county area median family income. These established higher income levels are considered "low-income" for the purposes of this section;

(c) The jurisdiction shall establish a maximum rent level or sales price for each low-income housing unit developed under the terms of a program and may adjust these levels or

prices based on the average size of the household expected to occupy the unit. For renter-occupied housing units, the total housing costs, including basic utilities as determined by the jurisdiction, may not exceed thirty percent of the income limit for the low-income housing unit;

(d) Where a developer is utilizing a housing incentive program authorized under this section to develop market rate housing, and is developing low-income housing to satisfy the requirements of the housing incentive program, the low-income housing units shall be provided in a range of sizes comparable to those units that are available to other residents. To the extent practicable, the number of bedrooms in low-income units must be in the same proportion as the number of bedrooms in units within the entire development. The low-income units shall generally be distributed throughout the development and have substantially the same functionality as the other units in the development;

(e) Low-income housing units developed under an affordable housing incentive program shall be committed to continuing affordability for at least fifty years. A local government, however, may accept payments in lieu of continuing affordability. The program shall include measures to enforce continuing affordability and income standards applicable to low-income units constructed under this section that may include, but are not limited to, covenants, options, or other agreements to be executed and recorded by owners and developers;

(f) Programs authorized under subsection (1) of this section may apply to part or all of a jurisdiction and different standards may be applied to different areas within a jurisdiction or to different types of development. Programs authorized under this section may be modified to meet local needs and may include provisions not expressly provided in this section or RCW 82.02.020;

(g) Low-income housing units developed under an affordable housing incentive program are encouraged to be provided within developments for which a bonus or incentive is provided. However, programs may allow units to be provided in a building located in the general area of the development for which a bonus or incentive is provided; and

(h) Affordable housing incentive programs may allow a payment of money or property in lieu of low-income housing units if the jurisdiction determines that the payment achieves a result equal to or better than providing the affordable housing on-site, as long as the payment does not exceed the approximate cost of developing the same number and quality of housing units that would otherwise be developed. Any city or county shall use these funds or property to support the development of low-income housing, including support provided through loans or grants to public or private owners or developers of housing.

(3) Affordable housing incentive programs enacted or expanded under this section may be applied within the jurisdiction to address the need for increased residential development, consistent with local growth management and housing policies, as follows:

(a) The jurisdiction shall identify certain land use designations within a geographic area where increased residential development will assist in achieving local growth management and housing policies;

(b) The jurisdiction shall provide increased residential development capacity through zoning changes, bonus densities, height and bulk increases, parking reductions, or other regulatory changes or other incentives;

(c) The jurisdiction shall determine that increased residential development capacity or other incentives can be achieved within the identified area, subject to consideration of other regulatory controls on development; and

(d) The jurisdiction may establish a minimum amount of affordable housing that must be provided by all residential developments being built under the revised regulations, consistent with the requirements of this section. [2009 c 80 § 1; 2006 c 149 § 2.]

**Findings—2006 c 149:** "The legislature finds that as new market-rate housing developments are constructed and housing costs rise, there is a significant and growing number of low-income households that cannot afford market-rate housing in Washington state. The legislature finds that assistance to low-income households that cannot afford market-rate housing requires a broad variety of tools to address this serious, statewide problem. The legislature further finds that absent any incentives to provide low-income housing, market conditions will result in housing developments in many areas that lack units affordable to low-income households, circumstances that can cause adverse socioeconomic effects.

The legislature encourages cities, towns, and counties to enact or expand affordable housing incentive programs, including density bonuses and other incentives, to increase the availability of low-income housing for renter and owner occupancy that is located in largely market-rate housing developments throughout the community, consistent with local needs and adopted comprehensive plans. While this act establishes minimum standards for those cities, towns, and counties choosing to implement or expand upon an affordable housing incentive program, cities, towns, and counties are encouraged to enact programs that address local circumstances and conditions while simultaneously contributing to the statewide need for additional low-income housing." [2006 c 149 § 1.]

**Construction—2006 c 149:** "The powers granted in this act are supplemental and additional to the powers otherwise held by local governments, and nothing in this act shall be construed as a limit on such powers. The authority granted in this act shall extend to any affordable housing incentive program enacted or expanded prior to June 7, 2006, if the extension is adopted by the applicable local government in an ordinance or resolution." [2006 c 149 § 4.]

**36.70A.695 Development regulations—Jurisdictions specified—Electric vehicle infrastructure.** (1) By July 1, 2010, the development regulations of any jurisdiction:

(a) Adjacent to Interstate 5, Interstate 90, Interstate 405, or state route number 520, with a population over twenty thousand, and located in a county with a population over one million five hundred thousand; or

(b) Adjacent to Interstate 5 and located in a county with a population greater than six hundred thousand; or

(c) Adjacent to Interstate 5 and located in a county with a state capitol within its borders;

planning under this chapter must allow electric vehicle infrastructure as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(2) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction adjacent to Interstate 5, Interstate 90, Interstate 405, or state route number 520 planning under this chapter must allow electric vehicle infrastructure as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction

may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(3) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction planning under this chapter must allow battery charging stations as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(4) Cities are authorized to adopt incentive programs to encourage the retrofitting of existing structures with the electrical outlets capable of charging electric vehicles. Incentives may include bonus height, site coverage, floor area ratio, and transferable development rights for use in urban growth areas.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, and battery exchange stations.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(6) If federal funding for public investment in electric vehicles, electric vehicle infrastructure, or alternative fuel distribution infrastructure is not provided by February 1, 2010, subsection (1) of this section is null and void. [2009 c 459 § 12.]

36.70C.130 Standards for granting relief—Renewable resource projects within energy overlay zones.

**36.70C.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Energy overlay zone" means a formal plan enacted by the county legislative authority that establishes suitable areas for siting renewable resource projects based on currently available resources and existing infrastructure with sensitivity to adverse environmental impact.

(2) "Land use decision" means a final determination by a local jurisdiction's body or officer with the highest level of authority to make the determination, including those with authority to hear appeals, on:

(a) An application for a project permit or other governmental approval required by law before real property may be improved, developed, modified, sold, transferred, or used, but excluding applications for permits or approvals to use, vacate, or transfer streets, parks, and similar types of public property; excluding applications for legislative approvals such as area-wide rezones and annexations; and excluding applications for business licenses;

(b) An interpretative or declaratory decision regarding the application to a specific property of zoning or other ordinances or rules regulating the improvement, development, modification, maintenance, or use of real property; and

(c) The enforcement by a local jurisdiction of ordinances regulating the improvement, development, modification, maintenance, or use of real property. However, when a local jurisdiction is required by law to enforce the ordinances in a court of limited jurisdiction, a petition may not be brought under this chapter.

(3) "Local jurisdiction" means a county, city, or incorporated town.

(4) "Person" means an individual, partnership, corporation, association, public or private organization, or governmental entity or agency.

(5) "Renewable resources" has the same meaning provided in RCW 19.280.020. [2009 c 419 § 1; 1995 c 347 § 703.]

### 36.70C.130 Standards for granting relief—Renewable resource projects within energy overlay zones.

(1) The superior court, acting without a jury, shall review the record and such supplemental evidence as is permitted under RCW 36.70C.120. The court may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the land use decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

(b) The land use decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by a local jurisdiction with expertise;

(c) The land use decision is not supported by evidence that is substantial when viewed in light of the whole record before the court;

(d) The land use decision is a clearly erroneous application of the law to the facts;

(e) The land use decision is outside the authority or jurisdiction of the body or officer making the decision; or

(f) The land use decision violates the constitutional rights of the party seeking relief.

(2) In order to grant relief under this chapter, it is not necessary for the court to find that the local jurisdiction engaged in arbitrary and capricious conduct. A grant of relief by itself may not be deemed to establish liability for monetary damages or compensation.

(3) Land use decisions made by a local jurisdiction concerning renewable resource projects within a county energy overlay zone are presumed to be reasonable if they are in compliance with the requirements and standards established by local ordinance for that zone. However, for land use decisions concerning wind power generation projects, either:

(a) The local ordinance for that zone is consistent with the department of fish and wildlife's wind power guidelines; or

(b) The local jurisdiction prepared an environmental impact statement under chapter 43.21C RCW on the energy overlay zone; and

(i) The local ordinance for that zone requires project mitigation, as addressed in the environmental impact statement and consistent with local, state, and federal law;

(ii) The local ordinance for that zone requires site specific fish and wildlife and cultural resources analysis; and

(iii) The local jurisdiction has adopted an ordinance that addresses critical areas under chapter 36.70A RCW.

(4) If a local jurisdiction has taken action and adopted local ordinances consistent with subsection (3)(b) of this section, then wind power generation projects permitted consistently with the energy overlay zone are deemed to have adequately addressed their environmental impacts as required under chapter 43.21C RCW. [2009 c 419 § 2; 1995 c 347 § 714.]

36.73.020 Establishment of district by county or city—Participation by other jurisdictions.

**36.73.020 Establishment of district by county or city—Participation by other jurisdictions.** (1) The legislative authority of a county or city may establish a transportation benefit district within the county or city area or within the area specified in subsection (2) of this section, for the purpose of acquiring, constructing, improving, providing, and funding a transportation improvement within the district that is consistent with any existing state, regional, and local transportation plans and necessitated by existing or reasonably foreseeable congestion levels. The transportation improvements shall be owned by the county of jurisdiction if located in an unincorporated area, by the city of jurisdiction if located in an incorporated area, or by the state in cases where the transportation improvement is or becomes a state highway. However, if deemed appropriate by the governing body of the transportation benefit district, a transportation improvement may be owned by a participating port district or transit district, unless otherwise prohibited by law. the kind and amount of punishment authorized, the categories of commanding officers and warrant officers exercising command authorized to exercise those powers, the applicability of this section to an accused who demands trial by court-martial, and the kinds of courts-martial to which the case may be referred upon such a demand. However, except in the case of a member attached to or embarked in a vessel, punishment may not be imposed upon any member of the organized militia under this section if the member has, before the imposition of such punishment, demanded trial by court-martial in lieu of such punishment. Under similar regulations, rules may be prescribed with respect to the suspension of punishments authorized hereunder. If authorized by regulations of the governor, a commanding officer exercising general court-martial jurisdiction or an officer of general rank in command may delegate powers under this section to a principal assistant.

(2) Subject to subsection (1) of this section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(a) Upon officers of his or her command:

(i) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive duty or drill days;

(ii) If imposed by an officer exercising general court-martial jurisdiction or an officer of general rank in command:

(A) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(B) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive drill or duty days;

(C) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month;

(b) Upon other personnel of his or her command:

(i) If imposed upon a person attached to or embarked in a vessel, confinement for not more than three consecutive days;

(ii) Forfeiture of not more than seven days' pay;

(iii) Reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(iv) Extra duties, including fatigue or other duties for not more than fourteen duty or drill days, which need not be consecutive, and for not more than two hours per day, holidays included;

(v) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(vi) Detention of not more than fourteen days' pay;

(vii) If imposed by a commanding officer of the grade of major or above:

(A) The punishment authorized in subsection (2)(b)(i) of this section;

(B) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(C) Reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any

officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two pay grades;

(D) Extra duties, including fatigue or other duties, for not more than fourteen drill or duty days, which need not be consecutive, and for not more than two hours per day, holidays included;

(E) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(F) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month.

Detention of pay shall be for a stated period of not more than one year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. Extra duties and restriction may not be combined to run consecutively in the maximum amount imposable for each. Whenever any such punishments are combined to run consecutively, there must be an apportionment. In addition, forfeiture of pay may not be combined with detention of pay without an apportionment.

(3) An officer in charge may impose upon enlisted members assigned to the unit of which the officer is in charge such of the punishment authorized under subsection (2)(b) of this section as the governor may specifically prescribe by regulation.

(4) The officer who imposes the punishment authorized in subsection (2) of this section, or a successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or a forfeiture imposed under subsection (2) of this section, whether or not executed. In addition, the officer may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted, and restore all rights, privileges, and property affected. The officer may also mitigate reduction in grade to forfeiture or detention of pay. When mitigating extra duties to restriction, the restriction shall not be longer than the number of hours of extra duty that may have been imposed. When mitigating reduction in grade to forfeiture or detention of pay, the amount of the forfeiture or detention shall not be greater than the amount that could have been imposed initially under this section by the officer who imposed the punishment mitigated.

(5) A person punished under this section who considers the punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (4) of this section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

- (a) Forfeiture of more than seven days' pay;
- (b) Reduction of one or more pay grades from the fourth or a higher pay grade;
- (c) Extra duties for more than ten days;
- (d) Restriction for more than ten days; or
- (e) Detention of more than fourteen days' pay;

the authority who is to act on the appeal shall refer the case to a judge advocate for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (2) of this section.

(6) The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this section; but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(7) The governor may by regulation prescribe the form of records to be kept of proceedings under this section and may also prescribe that certain categories of those proceedings shall be in writing. [2009 c 378 § 9; 1991 c 43 § 5; 1989 c 48 § 15; 1963 c 220 § 15.]

**38.38.180 [Art. 18] Jurisdiction of general courts-martial.** Subject to RCW 38.38.176, general courts-martial have jurisdiction to try persons subject to this code for any offense made punishable by this code and may, under such limitations as the governor may prescribe, adjudge any of the following punishments:

- (1) A fine of not more than three hundred dollars;
- (2) Forfeiture of pay and allowances;
- (3) A reprimand;
- (4) Dismissal or dishonorable discharge;
- (5) Reduction of a noncommissioned officer to the ranks;

**38.38.188 [Art. 20] Jurisdiction of summary courts-martial.** (1) Subject to RCW 38.38.176, summary courts-martial have jurisdiction to try persons subject to this code, except officers for any offense made punishable by this code.

(2) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if the person objects thereto, unless under RCW 38.38.132 the person has been permitted and has elected to refuse punishment under that section. If objection to trial by summary court-martial is made by an accused who has been permitted to refuse punishment under RCW 38.38.132, trial shall be ordered by special or general court-martial, as may be appropriate.

(3) A summary court-martial may sentence to a fine of not more than twenty-five dollars for a single offense, to forfeiture of not more than one-half month's pay for two months, to reduction in rank of enlisted soldiers, and to reduction of a noncommissioned officer to the ranks. [2009 c 378 § 11; 1989 c 48 § 19; 1963 c 220 § 20.]

**38.38.240 [Art. 22] Who may convene general courts-martial.** In the organized militia not in federal service pursuant to Title 10 U.S.C., general courts-martial may be convened by the president or by the governor, or by the adjutant general. [2009 c 378 § 12; 1989 c 48 § 22; 1963 c 220 § 24.]

**38.38.244 [Art. 23] Special courts-martial of organized militia not in federal service—Who may convene.**

Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court shall be convened by superior competent authority.

(2) A special court-martial may not try a commissioned officer. [2009 c 378 § 13; 1989 c 48 § 23; 1963 c 220 § 25.]

**38.38.248 [Art. 24] Summary courts-martial of organized militia not in federal service—Who may convene.**

(1) In the organized militia not in federal service pursuant to Title 10 U.S.C., anyone authorized to convene a special court-martial, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.

(2) When only one commissioned officer is present with a command or detachment the commissioned officer shall be the summary court-martial of that command or detachment and shall hear and determine all summary court-martial cases brought before him or her. Summary courts-martial may, however, be convened in any case by superior competent authority when considered desirable. [2009 c 378 § 14; 1989 c 48 § 24; 1963 c 220 § 26.]

**38.38.258 [Art. 26a] Military judges—Qualifications.**

A military judge must be a judge advocate. The adjutant general shall prescribe procedures for certifying, appointing, detailing, and removing military judges. [2009 c 378 § 6.]

**38.38.312 [Art. 31] Compulsory self-incrimination prohibited.**

(1) No person subject to this code may compel a person to incriminate himself or herself or to answer any question the answer to which may tend to incriminate himself or herself.

(2) No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing the person of the nature of the accusation and advising that the person does not have to make any statement regarding the offense of which he or she is accused or suspected and that any statement made by the person may be used as evidence against him or her in a trial by court-martial.

(3) No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade the person.

(4) No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence

against the person in a trial by court-martial. [2009 c 378 § 15; 1989 c 48 § 30; 1963 c 220 § 33.]

**38.38.316 [Art. 32] Investigation.** (1) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(2) The accused shall be advised of the charges against him or her and of the right to be represented at that investigation by counsel. The accused has a right to be represented at that investigation as provided in RCW 38.38.376 and in regulations prescribed under that section.

At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him or her if they are available and to present anything the person may desire in his or her own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(3) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) of this section, no further investigation of that charge is necessary under this section unless it is demanded by the accused after being informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his or her own behalf.

(4) If evidence adduced in an investigation under this chapter indicates that the accused committed an uncharged offense, the investigating officer may investigate the subject matter of that offense without the accused having first been charged with the offense if the accused:

(a) Is present at the investigation;

(b) Is informed of the nature of each uncharged offense investigated; and

(c) Is afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) of this section.

(5) The requirements of this section are binding on all persons administering this code but failure to follow them does not divest a military court of jurisdiction. [2009 c 378 § 16; 1989 c 48 § 31; 1963 c 220 § 34.]

**38.38.376 [Art. 38] Duties of trial counsel and defense counsel.** (1) The trial counsel of a general or special court-martial shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.

(2) The accused has the right to be represented in his or her defense before a general or special court-martial or at an

investigation under RCW 38.38.316 as provided in this subsection.

(a) The accused may be represented by civilian counsel if provided at his or her own expense.

(b) The accused may be represented by:

(i) Military counsel detailed under RCW 38.38.260; or

(ii) Military counsel of his or her own selection if that counsel is reasonably available, as determined under regulations prescribed under subsection (3) of this section.

(c) If the accused is represented by civilian counsel, military counsel detailed or selected under (b) of this subsection shall act as associate counsel unless excused at the request of the accused.

(d) Except as provided under (e) of this subsection, if the accused is represented by military counsel of his or her own selection under (b)(ii) of this subsection, any military counsel detailed under (b)(i) of this subsection shall be excused.

(e) The accused is not entitled to be represented by more than one military counsel. However, the person authorized under regulations prescribed under RCW 38.38.260 to detail counsel in his or her sole discretion:

(i) May detail additional military counsel as assistant defense counsel; and

(ii) If the accused is represented by military counsel of his or her own selection under (b)(ii) of this subsection, may approve a request from the accused that military counsel detailed under (b)(i) of this subsection act as associate defense counsel.

(3) The state judge advocate shall, by regulation, define "reasonably available" for the purpose of subsection (2) of this section and establish procedures for determining whether the military counsel selected by an accused under subsection (2) of this section is reasonably available.

(4) In any court-martial proceeding resulting in a conviction, the defense counsel:

(a) May forward for attachment to the record of proceedings a brief of such matters as he or she determines should be considered in behalf of the accused on review, including any objection to the contents of the record which he or she considers appropriate;

(b) Shall assist the accused in the submission of any matter under RCW 38.38.536; and

(c) May take other action authorized by this chapter.

(5) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when qualified to be a trial counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(6) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when qualified to be the defense counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused. [2009 c 378 § 17; 1989 c 48 § 37; 1963 c 220 § 40.]

**38.38.388 [Art. 41] Challenges.** (1) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge or, if none, the court shall

determine the relevance and validity of challenges for cause and may not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(2) If exercise of a challenge for cause reduces the court below the minimum number of members required by RCW 38.38.172, all parties shall, notwithstanding RCW 38.38.268, either exercise or waive any challenge for cause then apparent against the remaining members of the court before additional members are detailed to the court. However, peremptory challenges shall not be exercised at that time.

(3) Each accused and the trial counsel is entitled to one peremptory challenge, but the military judge may not be challenged except for cause.

(4) If exercise of a peremptory challenge reduces the court below the minimum number of members required by RCW 38.38.172, the parties shall, notwithstanding RCW 38.38.268, either exercise or waive any remaining peremptory challenge, that has not been previously waived, against the remaining members of the court before additional members are detailed to the court.

(5) Whenever additional members are detailed to the court, and after any challenges for cause against such additional members are presented and decided, each accused and the trial counsel are entitled to one peremptory challenge against members not previously subject to peremptory challenge. [2009 c 378 § 18; 1989 c 48 § 40; 1963 c 220 § 43.]

**38.38.396 [Art. 43] Statute of limitations.** (1) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(2) Except as otherwise provided in this section, a person charged with desertion in time of peace or with the offense punishable under RCW 38.38.784 is not liable to be tried by court-martial if the offense was committed more than three years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(3) Except as otherwise provided in this section, a person charged with any offense is not liable to be tried by court-martial or punished under RCW 38.38.132 if the offense was committed more than two years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command or before the imposition of punishment under RCW 38.38.132.

(4) Periods in which the accused was absent from territory in which the state has the authority to apprehend the accused, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this section.

(5) If charges or specifications are dismissed as defective or insufficient for any cause and the period prescribed by the applicable statute of limitations:

(a) Has expired; or

(b) Will expire within one hundred eighty days after the date of dismissal of the charges and specifications[,] [then] trial and punishment under new charges and specifications are not barred by the statute of limitations if the conditions specified in subsection (6) of this section are met.

(6) The conditions referred to in subsection (5) of this section are that the new charges and specifications must:

(a) Be received by an officer exercising summary court-martial jurisdiction over the command within one hundred eighty days after the dismissal of the charges or specifications; and

(b) Allege the same acts or omissions that were alleged in the dismissed charges or specifications or allege acts or omissions that were included in the dismissed charges or specifications. [2009 c 378 § 19; 1989 c 48 § 42; 1963 c 220 § 45.]

**38.38.408 [Art. 46] Opportunity to obtain witnesses and other evidence.** (1) The trial counsel, the defense counsel, and the court-martial shall have equal opportunity to obtain witnesses and other evidence in accordance with such regulations as the governor may prescribe.

(2) The president of a special court-martial, military judge, military magistrate, or a summary court officer may:

(a) Issue a warrant for the arrest of any accused person who, having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(b) Issue subpoenas duces tecum and other subpoenas;

(c) Enforce by attachment the attendance of witnesses and the production of books and papers; and

(d) Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.

(3) Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be executed by civil officers as prescribed by the laws of the state. [2009 c 378 § 20; 1989 c 48 § 45; 1963 c 220 § 48.]

**39.04.140 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**39.04.155 Small works roster contract procedures—Limited public works process—Definition.** (1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of three hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section.

(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government as a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of general administration in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of general administration under chapter 43.19 RCW. An inter-local contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on

the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 39.04.010. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred fifty thousand dollars to three hundred thousand dollars, a state agency or local government that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection (2)(c), "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

(d) A contract awarded from a small works roster under this section need not be advertised.

(e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government may award a contract for work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW 39.04.010.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW 39.04.010. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the geographic area of the work. A state agency or authorized local

government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialpersons, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5)(a) A state agency or authorized local government may use the limited public works process of subsection (3) of this section to solicit and award small works roster contracts to small businesses that are registered contractors with gross revenues under one million dollars annually as reported on their federal tax return.

(b) A state agency or authorized local government may adopt additional procedures to encourage small businesses that are registered contractors with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax returns to submit quotations or bids on small works roster contracts.

(6) As used in this section, "state agency" means the department of general administration, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of general administration to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities. (b)(i) This section does not apply to contracts advertised for bid before July 1, 2007, for any public works by the department of transportation.

(ii) For contracts advertised for bid on or after July 1, 2007, and before July 1, 2008, for all public works by the department of transportation estimated to cost five million dollars or more, all specifications shall require that no less than ten percent of the labor hours be performed by apprentices.

(iii) For contracts advertised for bid on or after July 1, 2008, and before July 1, 2009, for all public works by the department of transportation estimated to cost three million dollars or more, all specifications shall require that no less than twelve percent of the labor hours be performed by apprentices.

(iv) For contracts advertised for bid on or after July 1, 2009, for all public works by the department of transportation estimated to cost two million dollars or more, all specifications shall require that no less than fifteen percent of the labor hours be performed by apprentices.

(2) Awarding entities may adjust the requirements of this section for a specific project for the following reasons:

(a) The demonstrated lack of availability of apprentices in specific geographic areas;

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation;

(c) Participating contractors have demonstrated a good faith effort to comply with the requirements of RCW 39.04.300 and 39.04.310 and this section; or

(d) Other criteria the awarding entity deems appropriate, which are subject to review by the office of the governor.

(3) The secretary of the department of transportation shall adjust the requirements of this section for a specific project for the following reasons:

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation.

(4) This section applies to public works contracts awarded by the state, to public works contracts awarded by school districts, and to public works contracts awarded by state four-year institutions of higher education. However, this section does not apply to contracts awarded by state agencies headed by a separately elected public official.

The committee must include at least one member representing contractor businesses with less than thirty-five employees. The advisory committee shall meet regularly with the secretary of transportation to discuss implementation of this section by the department of transportation, including development of the process to be used to adjust the requirements of this section for a specific project. The committee shall provide a report to the legislature by January 1, 2008, on the effects of the apprentice labor requirement on transportation projects and on the availability of apprentice labor and programs statewide.

(7) At the request of the senate labor, commerce, research and development committee, the house of representatives commerce and labor committee, or their successor committees, and the governor, the department of general

administration and the department of labor and industries shall compile and summarize the agency data and provide a joint report to both committees. The report shall include recommendations on modifications or improvements to the apprentice utilization program and information on skill shortages in each trade or craft. **39.04.350 Bidder responsibility criteria—Supplemental criteria.** (1) Before award of a public works contract, a bidder must meet the following responsibility criteria to be considered a responsible bidder and qualified to be awarded a public works project. The bidder must:

(a) At the time of bid submittal, have a certificate of registration in compliance with chapter 18.27 RCW;

(b) Have a current state unified business identifier number;

(c) If applicable, have industrial insurance coverage for the bidder's employees working in Washington as required in Title 51 RCW; an employment security department number as required in Title 50 RCW; and a state excise tax registration number as required in Title 82 RCW;

(d) Not be disqualified from bidding on any public works contract under RCW 39.06.010 or 39.12.065(3); and

(e) If bidding on a public works project subject to the apprenticeship utilization requirements in RCW 39.04.320, not have been found out of compliance by the Washington state apprenticeship and training council for working apprentices out of ratio, without appropriate supervision, or outside their approved work processes as outlined in their standards of apprenticeship under chapter 49.04 RCW for the one-year period immediately preceding the date of the bid solicitation.

(2) In addition to the bidder responsibility criteria in subsection (1) of this section, the state or municipality may adopt relevant supplemental criteria for determining bidder responsibility applicable to a particular project which the bidder must meet.

(a) Supplemental criteria for determining bidder responsibility, including the basis for evaluation and the deadline for appealing a determination that a bidder is not responsible, must be provided in the invitation to bid or bidding documents.

(b) In a timely manner before the bid submittal deadline, a potential bidder may request that the state or municipality modify the supplemental criteria. The state or municipality must evaluate the information submitted by the potential bidder and respond before the bid submittal deadline. If the evaluation results in a change of the criteria, the state or municipality must issue an addendum to the bidding documents identifying the new criteria.

(c) If the bidder fails to supply information requested concerning responsibility within the time and manner specified in the bid documents, the state or municipality may base its determination of responsibility upon any available infor-

mation related to the supplemental criteria or may find the bidder not responsible.

(d) If the state or municipality determines a bidder to be not responsible, the state or municipality must provide, in writing, the reasons for the determination. The bidder may appeal the determination within the time period specified in the bidding documents by presenting additional information to the state or municipality. The state or municipality must consider the additional information before issuing its final determination. If the final determination affirms that the bidder is not responsible, the state or municipality may not execute a contract with any other bidder until two business days after the bidder determined to be not responsible has received the final determination.

(3) The capital projects advisory review board created in RCW 39.10.220 shall develop suggested guidelines to assist the state and municipalities in developing supplemental bidder responsibility criteria. The guidelines must be posted on the board's web site. [2009 c 197 § 2; 2007 c 133 § 2.]

If the state or municipality does not issue such a change order within the thirty days, interest must accrue on the dollar amount of the additional work satisfactorily completed and not in dispute until a change order is issued. The state or municipality shall pay this interest at a rate of one percent per month. For the purposes of this section, additional work is work beyond the scope defined in the contract between the contractor and the state or municipality. [2009 c 193 § 1.]

(3)(a) On highway construction contracts administered by the department of transportation with an estimated contract price of two hundred fifty million dollars or more, the department may authorize bonds in an amount less than the full contract price of the project. If a bond less than the full contract price is authorized by the department, the bond must be in the form of a performance bond and a separate payment bond. The department shall fix the amount of the performance bond on a contract-by-contract basis to adequately protect one hundred percent of the state's exposure to loss. The amount of the performance bond must not be less than two hundred fifty million dollars. The payment bond must be in an amount fixed by the department but must not be less than the amount of the performance bond. The secretary of transportation must approve each performance bond and payment bond authorized to be less than the full contract price of a project. Before the secretary may approve any bond authorized to be less than the full contract price of a project, the office of financial management shall review and approve the analysis supporting the amount of the bond set by the department to ensure that one hundred percent of the state's exposure to loss is adequately protected. All the requirements of this chapter apply respectively to the individual performance and payment bonds. The performance bond is solely for the protection of the department. The payment bond is solely for the protection of laborers, mechanics, subcontractors, and suppliers mentioned in RCW 39.08.010.

(b) The department shall develop risk assessment guidelines and gain approval of these guidelines from the office of financial management before implementing (a) of this subsection. The guidelines must include a clear process for how the department measures the state's exposure to loss and how the performance bond amount, determined under (a) of this subsection, adequately protects one hundred percent of the state's exposure to loss.

(c) The department shall report to the house of representatives and senate transportation committees by December 1, 2012: Each project where the department authorized bonds that were less than the full contract price; the difference between the project amount and the bond requirements; the number of bidders on the project; and other information that documents the effects of the reduced bond amounts on the project. (1) Develop and recommend to the legislature policies to further enhance the quality, efficiency, and accountability of capital construction projects through the use of traditional and alternative delivery methods in Washington, and make recommendations regarding expansion, continuation, elimination, or modification of the alternative public works contracting methods;

(2) Evaluate the use of existing contracting procedures and potential future use of other alternative contracting procedures including competitive negotiation contracts;

(3) Develop guidelines to be used by the committee for the review and approval of design-build demonstration projects that procure operations and maintenance services;

(4) Appoint members of the committee; and

(5) Develop and administer questionnaires designed to provide quantitative and qualitative data on alternative public works contracting procedures on which evaluations are based. [2009 c 75 § 1; 2007 c 494 § 103; 2005 c 377 § 2. Formerly RCW 39.10.810.]

**Sunset Act application:** See note following chapter digest.

**39.10.250 Project review committee—Duties.** The committee shall:

(1) Certify, or recertify, public bodies for a period of three years to use the design-build or general contractor/construction manager, or both, contracting procedures for projects with a total project cost of ten million dollars or more;

(2) Review and approve the use of the design-build or general contractor/construction manager contracting procedures on a project by project basis for public bodies that are not certified under RCW 39.10.270;

(3) Review and approve the use of the general contractor/construction manager contracting procedure by certified public bodies for projects with a total project cost under ten million dollars;

(4) Review and approve not more than ten projects using the design-build contracting procedure by certified and non-certified public bodies for projects that have a total project cost between two million and ten million dollars. Projects must meet the criteria in RCW 39.10.300(1). Where possible, the committee shall approve projects among multiple public bodies. In June 2010, the committee shall report to the board regarding the committee's review procedure of these projects and its recommendations for further use; and

(5) Review and approve not more than two design-build demonstration projects that include procurement of operations and maintenance services for a period longer than three years. [2009 c 75 § 2; 2007 c 494 § 105.]

**Sunset Act application:** See note following chapter digest.

**39.10.270 Project review committee—Certification of public bodies.** (1) A public body may apply for certification to use the design-build or general contractor/construction manager contracting procedure, or both. Once certified, a public body may use the contracting procedure for which it is certified on individual projects with a total project cost over ten million dollars without seeking committee approval. The certification period is three years. A public body seeking certification must submit to the committee an application in a format and manner as prescribed by the committee. The application must include a description of the public body's qualifications, its capital plan during the certification period, and its intended use of alternative contracting procedures.

(2) A public body seeking certification for the design-build procedure must demonstrate successful management of at least one design-build project within the previous five years. A public body seeking certification for the general contractor/construction manager procedure must demonstrate successful management of at least one general contractor/construction manager project within the previous five years.

(3) To certify a public body, the committee shall determine that the public body:

(a) Has the necessary experience and qualifications to determine which projects are appropriate for using alternative contracting procedures;

(b) Has the necessary experience and qualifications to carry out the alternative contracting procedure including, but not limited to: (i) Project delivery knowledge and experience; (ii) personnel with appropriate construction experience; (iii) a management plan and rationale for its alternative public works projects; (iv) demonstrated success in managing public works projects; (v) the ability to properly manage its capital facilities plan including, but not limited to, appropriate project planning and budgeting experience; and (vi) the ability to meet requirements of this chapter; and

(c) Has resolved any audit findings on previous public works projects in a manner satisfactory to the committee.

(4) The committee shall, if practicable, make its determination at the public meeting during which an application for certification is reviewed. Public comments must be considered before a determination is made. Within ten business days of the public meeting, the committee shall provide a written determination to the public body, and make its determination available to the public on the committee's web site.

(5) The committee may revoke any public body's certification upon a finding, after a public hearing, that its use of design-build or general contractor/construction manager contracting procedures no longer serves the public interest.

(6) The committee may renew the certification of a public body for one additional three-year period. The public body must submit an application for recertification at least three months before the initial certification expires. The application shall include updated information on the public

body's capital plan for the next three years, its intended use of the procedures, and any other information requested by the committee. The committee must review the application for recertification at a meeting held before expiration of the applicant's initial certification period. A public body must reapply for certification under the process described in subsection (1) of this section once the period of recertification expires.

(7) Certified public bodies must submit project data information as required in RCW 39.10.320 and 39.10.350. [2009 c 75 § 3; 2007 c 494 § 107.]

**Sunset Act application:** See note following chapter digest.

**39.10.300 Design-build procedure—Uses.** (1) Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may utilize the design-build procedure for public works projects in which the total project cost is over ten million dollars and where:

(a) The design and construction activities, technologies, or schedule to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; or

(b) The project design is repetitive in nature and is an incidental part of the installation or construction; or

(c) Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(2) Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may use the design-build procedure for parking garages, regardless of cost.

(3) The design-build procedure may be used for the construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost and is not subject to approval by the committee.

(4) Except for utility projects and approved demonstration projects, the design-build procedure may not be used to procure operations and maintenance services for a period longer than three years. State agency projects that propose to use the design-build-operate-maintain procedure shall submit cost estimates for the construction portion of the project consistent with the office of financial management's capital budget requirements. Operations and maintenance costs must be shown separately and must not be included as part of the capital budget request.

(5) Subject to the process in RCW 39.10.280, public bodies may use the design-build procedure for public works projects in which the total project cost is between two million and ten million dollars and that meet one of the criteria in subsection (1)(a), (b), or (c) of this section.

(6) Subject to the process in RCW 39.10.280, a public body may seek committee approval for a design-build demonstration project that includes procurement of operations and maintenance services for a period longer than three years. [2009 c 75 § 4; 2007 c 494 § 201. Prior: 2003 c 352 § 2; 2003 c 300 § 4; 2002 c 46 § 1; 2001 c 328 § 2. Formerly RCW 39.10.051.]

**Sunset Act application:** See note following chapter digest.

**Effective date—2002 c 46:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 14, 2002]." [2002 c 46 § 5.]

**Effective date—2001 c 328:** See note following RCW 39.10.210.

**39.10.310 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**39.10.330 Design-build contract award process.** (1) Contracts for design-build services shall be awarded through a competitive process using public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the public work will be done, a notice of its request for qualifications from proposers for design-build services, and the availability and location of the request for proposal documents. The request for qualifications documents shall include:

(a) A general description of the project that provides sufficient information for proposers to submit qualifications;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and finalists' proposals, including evaluation factors and the relative weight of factors and any specific forms to be used by the proposers;

(i) Evaluation factors for request for qualifications shall include, but not be limited to, technical qualifications, such as specialized experience and technical competence; capability to perform; past performance of the proposers' team, including the architect-engineer and construction members; and other appropriate factors. Cost or price-related factors are not permitted in the request for qualifications phase;

(ii) Evaluation factors for finalists' proposals shall include, but not be limited to, the factors listed in (d)(i) of this subsection, as well as technical approach design concept; proposal price; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected workloads of the firm; and location. Alternatively, if the public body determines that all finalists will be capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price;

(e) The form of the contract to be awarded;

(f) The amount to be paid to finalists submitting responsive proposals and who are not awarded a design-build contract;

(g) The schedule for the procurement process and the project; and

(h) Other information relevant to the project.

(2) The public body shall establish an evaluation committee to evaluate the responses to the request for qualifications based on the factors, weighting, and process identified in the request for qualifications. Based on the evaluation committee's findings, the public body shall select not more than five responsive and responsible finalists to submit proposals. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.

(3) Upon selection of the finalists, the public body shall issue a request for proposals to the finalists, which shall provide the following information:

(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications; functional and operational elements; minimum and maximum net and gross areas of any building; and, at the discretion of the public body, preliminary engineering and architectural drawings; and

(b) The target budget for the design-build portion of the project.

(4) The public body shall establish an evaluation committee to evaluate the proposals submitted by the finalists. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection. The public body must identify in the request for qualifications which procedure will be used.

(a) The finalists' proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for qualifications and in any addenda published by the public body. Public bodies may request best and final proposals from finalists. The public body shall initiate negotiations with the firm submitting the highest scored proposal. If the public body is unable to execute a contract with the firm submitting the highest scored proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price.

(5) The firm awarded the contract shall provide a performance and payment bond for the contracted amount. The public body shall provide appropriate honorarium payments to finalists submitting responsive proposals that are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects. In determining the amount of the honorarium, the public body shall consider the level of effort required to meet the selection criteria. [2009 c 75 § 5; 2007 c 494 § 204.]

**Sunset Act application:** See note following chapter digest.

**39.10.360 General contractor/construction manager procedure—Contract award process.** (1) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(2) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;

(b) The reasons for using the general contractor/construction manager procedure;

(c) A description of the qualifications to be required of the firm, including submission of the firm’s accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;

(e) The form of the contract, including any contract for preconstruction services, to be awarded;

(f) The estimated maximum allowable construction cost; and

(g) The bid instructions to be used by the general contractor/ construction manager finalists.

(3) Evaluation factors for selection of the general contractor/construction manager shall include, but not be limited to:

(a) Ability of the firm’s professional personnel;

(b) The firm’s past performance in negotiated and complex projects;

(c) The firm’s ability to meet time and budget requirements;

(d) The scope of work the firm proposes to self-perform and its ability to perform that work;

(e) The firm’s proximity to the project location;

(f) Recent, current, and projected workloads of the firm; and

(g) The firm’s approach to executing the project.

(4) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, at the time specified by the public body, these finalists shall submit final proposals, including sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. The public body shall establish a time and place for the opening of sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. At the time and place named, these bids must be publicly opened and read and the public body shall make all previous scoring available to the public. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals. A public body shall not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(5) Public bodies may contract with the selected firm to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. [2009 c 75 § 6; 2007 c 494 § 303.]

**Sunset Act application:** See note following chapter digest.

**39.10.420 Job order procedure—Which public bodies may use—Authorized use.** (1) The following public

bodies are authorized to use the job order contracting procedure:

(a) The department of general administration;

(b) The University of Washington;

(c) Washington State University;

(d) Every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755;

(e) Every county with a population greater than four hundred fifty thousand;

(f) Every port district with total revenues greater than fifteen million dollars per year;

(g) Every public utility district with revenues from energy sales greater than twenty-three million dollars per year;

(h) Every school district; and

(i) The state ferry system.

(2)(a) The department of general administration may issue job order contract work orders for Washington state parks department projects.

(b) The department of general administration, the University of Washington, and Washington State University may issue job order contract work orders for the state regional universities and The Evergreen State College.

(3) Public bodies may use a job order contract for public works projects when a determination is made that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for the construction of public works projects for repair and renovation required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project. [2009 c 75 § 7; 2007 c 494 § 401; 2003 c 301 § 1. Formerly RCW 39.10.130.]

**39.12.030 Contract specifications must state minimum hourly rate—Stipulation for payment—Residential and commercial construction work.** (1) The specifications for every contract for the construction, reconstruction, maintenance or repair of any public work to which the state or any county, municipality, or political subdivision created by its laws is a party, shall contain a provision stating the hourly minimum rate of wage, not less than the prevailing rate of wage, which may be paid to laborers, workers, or mechanics

in each trade or occupation required for such public work employed in the performance of the contract either by the contractor, subcontractor or other person doing or contracting to do the whole or any part of the work contemplated by the contract, and the contract shall contain a stipulation that such laborers, workers, or mechanics shall be paid not less than such specified hourly minimum rate of wage. If the awarding agency determines that the work contracted for meets the definition of residential construction, the contract must include that information.

(2) If the hourly minimum rate of wage stated in the contract specifies residential construction rates and it is later determined that the work performed is commercial and subject to commercial construction rates, the state, county, municipality, or political subdivision that entered into the contract must pay the difference between the residential rate stated and the actual commercial rate to the contractor, subcontractor, or other person doing or contracting to do the whole or any part of the work under the contract. [2009 c 62 § 1; 1989 c 12 § 9; 1945 c 63 § 2; Rem. Supp. 1945 § 10322-21.]

**39.12.040 Statement of intent to pay prevailing wages, affidavit of wages paid—Alternative procedure.**

(1) Except as provided in subsection (2) of this section, before payment is made by or on behalf of the state, or any county, municipality, or political subdivision created by its laws, of any sum or sums due on account of a public works contract, it shall be the duty of the officer or person charged with the custody and disbursement of public funds to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer a "Statement of Intent to Pay Prevailing Wages". For a contract in excess of ten thousand dollars, the statement of intent to pay prevailing wages shall include:

(a) The contractor's registration certificate number; and

(b) The prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020 and the estimated number of workers in each classification.

Each statement of intent to pay prevailing wages must be approved by the industrial statistician of the department of labor and industries before it is submitted to said officer. Unless otherwise authorized by the department of labor and industries, each voucher claim submitted by a contractor for payment on a project estimate shall state that the prevailing wages have been paid in accordance with the prefiled statement or statements of intent to pay prevailing wages on file with the public agency. Following the final acceptance of a public works project, it shall be the duty of the officer charged with the disbursement of public funds, to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer an "Affidavit of Wages Paid" before the funds retained according to the provisions of RCW 60.28.011 are released to the contractor. Each affidavit of wages paid must be certified by the industrial statistician of the department of labor and industries before it is submitted to said officer.

(2) As an alternate to the procedures provided for in subsection (1) of this section, for public works projects of two thousand five hundred dollars or less and for projects where

the limited public works process under RCW 39.04.155(3) is followed:

(a) An awarding agency may authorize the contractor or subcontractor to submit the statement of intent to pay prevailing wages directly to the officer or person charged with the custody or disbursement of public funds in the awarding agency without approval by the industrial statistician of the department of labor and industries. The awarding agency shall retain such statement of intent to pay prevailing wages for a period of not less than three years.

(b) Upon final acceptance of the public works project, the awarding agency shall require the contractor or subcontractor to submit an affidavit of wages paid. Upon receipt of the affidavit of wages paid, the awarding agency may pay the contractor or subcontractor in full, including funds that would otherwise be retained according to the provisions of RCW 60.28.011. Within thirty days of receipt of the affidavit of wages paid, the awarding agency shall submit the affidavit of wages paid to the industrial statistician of the department of labor and industries for approval.

(c) A statement of intent to pay prevailing wages and an affidavit of wages paid shall be on forms approved by the department of labor and industries.

(d) In the event of a wage claim and a finding for the claimant by the department of labor and industries where the awarding agency has used the alternative process provided for in subsection (2) of this section, the awarding agency shall pay the wages due directly to the claimant. If the contractor or subcontractor did not pay the wages stated in the affidavit of wages paid, the awarding agency may take action at law to seek reimbursement from the contractor or subcontractor of wages paid to the claimant, and may prohibit the contractor or subcontractor from bidding on any public works contract of the awarding agency for up to one year.

(e) Nothing in this section shall be interpreted to allow an awarding agency to subdivide any public works project of more than two thousand five hundred dollars for the purpose of circumventing the procedures required by RCW 39.12.040(1). [2009 c 219 § 2; 2007 c 210 § 4; 1991 c 15 § 1; 1982 c 130 § 2; 1981 c 46 § 2; 1975-'76 2nd ex.s. c 49 § 1; 1965 ex.s. c 133 § 3; 1945 c 63 § 4; Rem. Supp. 1945 § 10322-23.]

**39.12.050 False statement or failure to file—Penalty—Unpaid wages lien against bond and retainage—Prohibitions on bidding on future contracts—Hearing.**

(1) Any contractor or subcontractor who files a false statement or fails to file any statement or record required to be filed under this chapter and the rules adopted under this chapter, shall, after a determination to that effect has been issued by the director after hearing under chapter 34.05 RCW, forfeit as a civil penalty the sum of five hundred dollars for each false filing or failure to file, and shall not be permitted to bid, or have a bid considered, on any public works contract until the penalty has been paid in full to the director. The civil penalty under this subsection shall not apply to a violation determined by the director to be an inadvertent filing or reporting error. Civil penalties shall be deposited in the public works administration account.

To the extent that a contractor or subcontractor has not paid wages at the rate due pursuant to RCW 39.12.020, and a

finding to that effect has been made as provided by this subsection, such unpaid wages shall constitute a lien against the bonds and retainage as provided in RCW 18.27.040, 19.28.041, 39.08.010, and 60.28.011.

(2) If a contractor or subcontractor is found to have violated the provisions of subsection (1) of this section for a second time within a five year period, the contractor or subcontractor shall be subject to the sanctions prescribed in subsection (1) of this section and shall not be allowed to bid on any public works contract for one year. The one year period shall run from the date of notice by the director of the determination of noncompliance. When an appeal is taken from the director's determination, the one year period shall commence from the date of the final determination of the appeal.

The director shall issue his or her findings that a contractor or subcontractor has violated the provisions of this subsection after a hearing held subject to the provisions of chapter 34.05 RCW. [2009 c 219 § 3; 2001 c 219 § 1; 1985 c 15 § 3; 1977 ex.s. c 71 § 1; 1973 c 120 § 1; 1945 c 63 § 5; Rem. Supp. 1945 § 10322-24.]

**Severability—1985 c 15:** See note following RCW 39.12.065.

**39.12.055 Prohibitions on bidding on future contracts.** A contractor shall not be allowed to bid on any public works contract for one year from the date of a final determination that the contractor has committed any combination of two of the following violations or infractions within a five-year period:

(1) Violated RCW 51.48.020(1) or 51.48.103;

(2) Committed an infraction or violation under chapter 18.27 RCW for performing work as an unregistered contractor; or

(3) Determined to be out of compliance by the Washington state apprenticeship and training council for working apprentices out of ratio, without appropriate supervision, or outside their approved work processes as outlined in their standards of apprenticeship under chapter 49.04 RCW. [2009 c 197 § 3; 2008 c 120 § 3.]

**Rules—Implementation—2009 c 197:** See note following RCW 39.04.320.

**Conflict with federal requirements—Severability—2008 c 120:** See notes following RCW 18.27.030.

**39.12.065 Investigation of complaints—Hearing—Remedies—Penalties.** (1) Upon complaint by an interested party, the director of labor and industries shall cause an investigation to be made to determine whether there has been compliance with this chapter and the rules adopted hereunder, and if the investigation indicates that a violation may have occurred, a hearing shall be held in accordance with chapter 34.05 RCW. The director shall issue a written determination including his or her findings after the hearing. A judicial appeal from the director's determination may be taken in accordance with chapter 34.05 RCW, with the prevailing party entitled to recover reasonable costs and attorneys fees.

A complaint concerning nonpayment of the prevailing rate of wage shall be filed with the department of labor and industries no later than thirty days from the acceptance date of the public works project. The failure to timely file such a complaint shall not prohibit a claimant from pursuing a pri-

vate right of action against a contractor or subcontractor for unpaid prevailing wages. The remedy provided by this section is not exclusive and is concurrent with any other remedy provided by law.

(2) To the extent that a contractor or subcontractor has not paid the prevailing rate of wage under a determination issued as provided in subsection (1) of this section, the director shall notify the agency awarding the public works contract of the amount of the violation found, and the awarding agency shall withhold, or in the case of a bond, the director shall proceed against the bond in accordance with the applicable statute to recover, such amount from the following sources in the following order of priority until the total of such amount is withheld:

(a) The retainage or bond in lieu of retainage as provided in RCW 60.28.011;

(b) If the claimant was employed by the contractor or subcontractor on the public works project, the bond filed by the contractor or subcontractor with the department of labor and industries as provided in RCW 18.27.040 and 19.28.041;

(c) A surety bond, or at the contractor's or subcontractor's option an escrow account, running to the director in the amount of the violation found; and

(d) That portion of the progress payments which is properly allocable to the contractor or subcontractor who is found to be in violation of this chapter. Under no circumstances shall any portion of the progress payments be withheld that are properly allocable to a contractor, subcontractor, or supplier, that is not found to be in violation of this chapter.

The amount withheld shall be released to the director to distribute in accordance with the director's determination.

(3) A contractor or subcontractor that is found, in accordance with subsection (1) of this section, to have violated the requirement to pay the prevailing rate of wage shall be subject to a civil penalty of not less than one thousand dollars or an amount equal to twenty percent of the total prevailing wage violation found on the contract, whichever is greater, and shall not be permitted to bid, or have a bid considered, on any public works contract until such civil penalty has been paid in full to the director. If a contractor or subcontractor is found to have participated in a violation of the requirement to pay the prevailing rate of wage for a second time within a five-year period, the contractor or subcontractor shall be subject to the sanctions prescribed in this subsection and as an additional sanction shall not be allowed to bid on any public works contract for two years. Civil penalties shall be deposited in the public works administration account. If a previous or subsequent violation of a requirement to pay a prevailing rate of wage under federal or other state law is found against the contractor or subcontractor within five years from a violation under this section, the contractor or subcontractor shall not be allowed to bid on any public works contract for two years. A contractor or subcontractor shall not be barred from bidding on any public works contract if the contractor or subcontractor relied upon written information from the department to pay a prevailing rate of wage that is later determined to be in violation of this chapter. The civil penalty and sanctions under this subsection shall not apply to a violation determined by the director to be an inadvertent filing or reporting error. To the extent that a contractor or subcontractor has not paid the prevailing wage rate under a determina-

tion issued as provided in subsection (1) of this section, the unpaid wages shall constitute a lien against the bonds and retainage as provided herein and in RCW 18.27.040, 19.28.041, 39.08.010, and 60.28.011. [2009 c 219 § 4; 2001 c 219 § 2; 1994 c 88 § 1; 1985 c 15 § 2.]

**Severability—1985 c 15:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 15 § 4.]

**39.12.100 Independent contractors—Criteria.** For the purposes of this chapter, an individual employed on a public works project is not considered to be a laborer, worker, or mechanic when:

(1) The individual has been and is free from control or direction over the performance of the service, both under the contract of service and in fact;

(2) The service is either outside the usual course of business for the contractor or contractors for whom the individual performs services, or the service is performed outside all of the places of business of the enterprise for which the individual performs services, or the individual is responsible, both under the contract and in fact, for the costs of the principal place of business from which the service is performed;

(3) The individual is customarily engaged in an independently established trade, occupation, profession, or business, of the same nature as that involved in the contract of service, or the individual has a principal place of business for the business the individual is conducting that is eligible for a business deduction for federal income tax purposes other than that furnished by the employer for which the business has contracted to furnish services;

(6) On the effective date of the contract of service, the individual is maintaining a separate set of books or records that reflect all items of income and expenses of the business which the individual is conducting; and

"Competitive solicitation" includes posting of the contract opportunity on the state's common vendor registration and bid notification system.

(5) "Consultant" means an independent individual or firm contracting with an agency to perform a service or render an opinion or recommendation according to the consultant's methods and without being subject to the control of the agency except as to the result of the work. Documented justification for sole source contracts shall be provided to the office of financial management when the contract is filed, and must include evidence that the agency posted the contract opportunity on the state's common vendor registration and bid notification system. For sole source contracts of twenty thousand dollars or more, documented justification shall also include evidence that the agency attempted to identify potential consultants by advertising through statewide or regional newspapers.

**39.29.065 Office of financial management to establish policies and procedures—Adjustment of dollar thresholds.** To implement this chapter, the director of the office of financial management shall establish procedures for the competitive solicitation and award of personal service contracts, recordkeeping requirements, and procedures for the reporting and filing of contracts. The director shall develop procurement policies and procedures, such as unbundled contracting and subcontracting, that encourage and facilitate the purchase of products and services by state agencies and institutions from Washington small businesses to the maximum extent practicable and consistent with international trade agreement commitments. For reporting purposes, the director may establish categories for grouping of contracts. The procedures required under this section shall also include the criteria for amending personal service contracts. | 39.34.030 | Joint powers—Agreements for joint or cooperative action, requisites, effect on responsibilities of component agencies—Financing of joint projects. |
| 39.34.215 | Watershed management partnerships—Eminent domain authority.  |

**39.34.030 Joint powers—Agreements for joint or cooperative action, requisites, effect on responsibilities of component agencies—Financing of joint projects.** (1) Any power or powers, privileges or authority exercised or capable of exercise by a public agency of this state may be exercised and enjoyed jointly with any other public agency of this state having the power or powers, privilege or authority, and jointly with any public agency of any other state or of the United States to the extent that laws of such other state or of the United States permit such joint exercise or enjoyment. Any agency of the state government when acting jointly with any public agency may exercise and enjoy all of the powers, privileges and authority conferred by this chapter upon a public agency.

(2) Any two or more public agencies may enter into agreements with one another for joint or cooperative action pursuant to the provisions of this chapter, except that any such joint or cooperative action by public agencies which are

educational service districts and/or school districts shall comply with the provisions of RCW 28A.320.080. Appropriate action by ordinance, resolution or otherwise pursuant to law of the governing bodies of the participating public agencies shall be necessary before any such agreement may enter into force.

(3) Any such agreement shall specify the following:

(a) Its duration;

(b) The precise organization, composition and nature of any separate legal or administrative entity created thereby together with the powers delegated thereto, provided such entity may be legally created. Such entity may include a non-profit corporation organized pursuant to chapter 24.03 or 24.06 RCW whose membership is limited solely to the participating public agencies or a partnership organized pursuant to chapter 25.04 or 25.05 RCW whose partners are limited solely to participating public agencies, or a limited liability company organized under chapter 25.15 RCW whose membership is limited solely to participating public agencies, and the funds of any such corporation, partnership, or limited liability company shall be subject to audit in the manner provided by law for the auditing of public funds;

(c) Its purpose or purposes;

(d) The manner of financing the joint or cooperative undertaking and of establishing and maintaining a budget therefor;

(e) The permissible method or methods to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property upon such partial or complete termination; and

(f) Any other necessary and proper matters.

(4) In the event that the agreement does not establish a separate legal entity to conduct the joint or cooperative undertaking, the agreement shall contain, in addition to provisions specified in subsection (3)(a), (c), (d), (e), and (f) of this section, the following:

(a) Provision for an administrator or a joint board responsible for administering the joint or cooperative undertaking. In the case of a joint board, public agencies that are party to the agreement shall be represented; and

(b) The manner of acquiring, holding and disposing of real and personal property used in the joint or cooperative undertaking. Any joint board is authorized to establish a special fund with a state, county, city, or district treasurer servicing an involved public agency designated "Operating fund of . . . . joint board".

(5) No agreement made pursuant to this chapter relieves any public agency of any obligation or responsibility imposed upon it by law except that:

(a) To the extent of actual and timely performance thereof by a joint board or other legal or administrative entity created by an agreement made pursuant to this chapter, the performance may be offered in satisfaction of the obligation or responsibility; and

(b) With respect to one or more public agencies purchasing or otherwise contracting through a bid, proposal, or contract awarded by another public agency or by a group of public agencies, any statutory obligation to provide notice for bids or proposals that applies to the public agencies involved is satisfied if the public agency or group of public agencies that awarded the bid, proposal, or contract complied with its

own statutory requirements and either (i) posted the bid or solicitation notice on a web site established and maintained by a public agency, purchasing cooperative, or similar service provider, for purposes of posting public notice of bid or proposal solicitations, or (ii) provided an access link on the state's web portal to the notice.

(6) Financing of joint projects by agreement shall be as provided by law. [2009 c 202 § 6. Prior: 2008 c 198 § 2; 2004 c 190 § 1; 1992 c 161 § 4; 1990 c 33 § 568; 1981 c 308 § 2; 1972 ex.s. c 81 § 1; 1967 c 239 § 4.]

**Finding—2008 c 198:** "The legislature finds that it is in the public interest for public utility districts to develop renewable energy projects to meet requirements enacted by the people in Initiative Measure No. 937 and goals of diversifying energy resource portfolios. By developing more efficient and cost-effective renewable energy projects, public utility districts will keep power costs as low as possible for their customers. Consolidating and clarifying statutory provisions governing various aspects of public utility district renewable energy project development will reduce planning time and expense to meet these objectives." [2008 c 198 § 1.]

**Intent—1992 c 161:** See note following RCW 70.44.450.

**Purpose—Statutory references—Severability—1990 c 33:** See RCW 28A.900.100 through 28A.900.102.

**Severability—1981 c 308:** See note following RCW 28A.320.080.

*Joint operations by municipal corporations or political subdivisions, deposit and control of funds: RCW 43.09.285.*

**39.34.215 Watershed management partnerships—Eminent domain authority.** (1) As limited in subsection (3) of this section, a watershed management partnership formed or qualified under the authority of RCW 39.34.200 and 39.34.210, including the separate legal entity established by such a partnership under RCW 39.34.030(3)(b) to conduct the cooperative undertaking of the partnership under the same statutory authority, may exercise the power of eminent domain as provided in chapter 8.12 RCW.

(2) The eminent domain authority granted under subsection (1) of this section may be exercised only for those utility purposes for which the watershed partnership was formed and is limited solely to providing water services to its customers.

(3) Subsection (1) of this section applies only to a watershed management partnership that:

(a) Was formed or qualified before July 1, 2006, under the authority of RCW 39.34.200 and 39.34.210;

(b) Is not engaged in planning or in implementing a plan for a water resource inventory area under the terms of chapter 90.82 RCW;

(c) Is composed entirely of cities and water-sewer districts authorized to exercise the power of eminent domain in the manner provided by chapter 8.12 RCW; and

(d) Is governed by a board of directors consisting entirely of elected officials from the cities and water-sewer districts that constitute the watershed management partnership.

(4) A watershed management partnership exercising authority under this section shall:

(a) Comply with the notice requirements of RCW 8.25.290;

(b) Provide notice to the city, town, or county with jurisdiction over the subject property by certified mail thirty days prior to the partnership board authorizing condemnation; and

(c) With any city that is not a member of the watershed management partnership and that has water or sewer service areas within one-half mile of Lake Tapps or water or sewer service areas within five miles upstream from Lake Tapps along the White river, enter into an interlocal agreement to allow eminent domain within that city prior to exercising eminent domain authority under this section.

(5) The legislature is currently unaware of any information suggesting that the expected use by the watershed management partnership of the Lake Tapps water supply will have a significantly adverse effect on surrounding communities. However, if the watershed management partnership's Lake Tapps water supply operations result in a negative impact to the water supplies of a city that is not a member of the watershed management partnership and the city has water or sewer service areas within one-half mile of Lake Tapps or water or sewer service areas within five miles upstream from Lake Tapps along the White river, the city claiming a negative impact under this subsection must notify the watershed management partnership of their claim and give the partnership at least sixty days to resolve the claimed impact. If the watershed management partnership fails to resolve the claimed negative impact or disputes that the negative impact exists, the city claiming the negative impact under this subsection may pursue existing legal remedies in accordance with state and federal law. If a court determines that a negative impact has occurred as provided under this subsection, the watershed management partnership shall implement a remedy acceptable to the claiming city. If the affected city or cities and the watershed management partnership cannot agree on the terms required under this subsection, the court shall establish the terms for the remedy required under this subsection. [2009 c 504 § 1.]

## Chapter 39.35D RCW

### HIGH-PERFORMANCE PUBLIC BUILDINGS

#### Sections

39.35D.010 Finding—Intent.

**39.35D.010 Finding—Intent.** (1) The legislature finds that public buildings can be built and renovated using high-performance methods that save money, improve school performance, and make workers more productive. High-performance public buildings are proven to increase student test scores, reduce worker absenteeism, and cut energy and utility costs.

(2) It is the intent of the legislature that state-owned buildings and schools be improved by adopting recognized standards for high-performance public buildings, reducing energy consumption, and allowing flexible methods and choices in how to achieve those standards and reductions. The legislature also intends that public agencies and public school districts shall document costs and savings to monitor this program and ensure that economic, community, and environmental goals are achieved each year, and that an independent performance review be conducted to evaluate this program and determine the extent to which the results intended by this chapter are being met.

(3) The legislature further finds that state agency leadership is needed in the development of preparation and adaptation actions for climate change to ensure the economic health, safety, and environmental well-being of the state and its citizens. [2009 c 519 § 8; 2005 c 12 § 1.]

**39.42.060 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**39.42.070 Computation of general state revenues—Filing of certificate—Estimate of debt capacity.** On or after \*the effective date of this act, the treasurer shall compute general state revenues for the three fiscal years immediately preceding such date and shall determine the arithmetic mean thereof. As soon as is practicable after the close of each fiscal year thereafter, he or she shall do likewise. In determining the amount of general state revenues, the treasurer shall include all state money received in the treasury from each and every source whatsoever except: (1) Fees and revenues derived from the ownership or operation of any undertaking, facility or project; (2) moneys received as gifts, grants, donations, aid or assistance or otherwise from the United States or any department, bureau or corporation thereof, or any person, firm or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) proceeds received from the sale of bonds or other evidences of indebtedness. Upon computing general state revenues, the treasurer shall make and file in the office of the secretary of state, a certificate containing the results of such computations. Copies of said certificate shall be sent to each elected official of the state and each member of the legislature. The treasurer shall, at the same time, advise each elected official and each member of the legislature of the current available debt capacity of the state, and may make estimated projections for one or more years concerning debt capacity. **Reviser's note:** \*(1) For "the effective date of this act," see RCW 39.42.900.

the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Effective date—2009 c 500:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2009." [2009 c 500 § 14.]

**Effective date—2009 c 479:** See note following RCW 2.56.030.

**Finding—Intent—2007 c 215:** "The legislature finds that after passage of a constitutional amendment (\*House Joint Resolution No. 4215 or Senate Joint Resolution No. 8220), the state investment board will be permitted in accordance with RCW 43.33A.140 to invest a portion of the higher education permanent funds in equities. The legislature further recognizes that by investing in equities, the value of the higher education permanent funds may fluctuate over time due to market changes even if no disposition of the fund principal is made. The removal of the word "irreducible" in this act, describing the higher education permanent funds, is needed to clarify that the mere reduction in market value of a permanent fund due to such fluctuations would not violate the mandate of the statute. It is the intent of the legislature to clarify state law to permit equity investment of higher education permanent funds even if there is a decline in the value of a permanent fund due to market changes. It is not the intent of the legislature to change the requirement that unless otherwise allowed by law the principal amounts in the higher education permanent funds are to be held in perpetuity for the benefit of the designated institutions and future generations, and that only the earnings from a higher education permanent fund may be appropriated to support the benefited institution." [2007 c 215 § 1.]

**\*Reviser's note:** House Joint Resolution No. 4215 passed the legislature on April 11, 2007.

**Contingent effective date—2007 c 215:** "This act takes effect if the proposed amendment to Article XVI of the state Constitution regarding investment of certain state moneys is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, this act is void in its entirety." [2007 c 215 § 10.] The proposed amendment to Article XVI of the state Constitution (Substitute House Joint Resolution No. 4215) was approved by the people at the November 6, 2007, general election.

**Severability—Effective date—2002 c 240:** See RCW 43.99G.902 and 43.99G.903.

**39.42.130 Aggregate state debt not to exceed debt limitation—State finance committee duties.** (1) The state shall not contract any bonds, notes, or other evidences of indebtedness for borrowed money that would cause the aggregate state debt to exceed the debt limitation, as specified in Article VIII, section 1(b) of the state Constitution.

(2) It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt.

(3) To the extent necessary because of the state constitutional debt limitation, priorities with respect to the issuance or guaranteeing of bonds, notes, or other evidences of indebtedness by the state shall be determined by the state finance committee. [2009 c 500 § 2.]

**39.58.010 Definitions.** In this chapter, unless the context otherwise requires:

(1) "Capitalization" means the measure or measures of capitalization, other than net worth, of a depository applying for designation as or operating as a public depository pursuant to this chapter, based upon regulatory standards of financial institution capitalization adopted by rule or resolution of the commission after consultation with the director of the department of financial institutions;

(2) "Collateral" means the particular assets pledged as security to insure payment or performance of the obligations under this chapter as enumerated in RCW 39.58.050;

(3) "Commission" means the Washington public deposit protection commission created under RCW 39.58.030;

(4) "Commission report" means a formal accounting rendered by all public depositories to the commission in response to a demand for specific information made by the commission detailing pertinent affairs of each public depository as of the close of business on a specified date, which is the "commission report date." "Commission report due date" is the last day for the timely filing of a commission report;

(5) "Depository pledge agreement" means a tripartite agreement executed by the commission with a financial institution and its designated trustee. Such agreement shall be approved by the directors or the loan committee of the financial institution and shall continuously be a record of the financial institution. New securities may be pledged under this agreement in substitution of or in addition to securities originally pledged without executing a new agreement;

(6) "Director of the department of financial institutions" means the Washington state director of the department of financial institutions;

(7) "Eligible collateral" means securities which are enumerated in RCW 39.58.050 (5) and (6) as eligible collateral for public deposits;

(8) "Financial institution" means any national or state chartered commercial bank or trust company, savings bank, or savings association, or branch or branches thereof, located in this state and lawfully engaged in business;

(9) "Investment deposits" means time deposits, money market deposit accounts, and savings deposits of public funds available for investment;

(11) "Loss" means the issuance of an order by a regulatory or supervisory authority or a court of competent jurisdiction (a) restraining a public depository from making payments of deposit liabilities or (b) appointing a receiver for a public depository;

(12) "Maximum liability," with reference to a public depository's liability under this chapter for loss per occurrence by another public depository, on any given date means:

(a) A sum equal to ten percent of:

(i) All uninsured public deposits held by a public depository that has not incurred a loss by the then most recent commission report date; or

(ii) The average of the balances of said uninsured public deposits on the last four immediately preceding reports required pursuant to RCW 39.58.100, whichever amount is greater; or

(b) Such other sum or measure as the commission may from time to time set by resolution according to criteria established by rule, consistent with the commission's broad administrative discretion to achieve the objective of RCW 39.58.020.

As long as the uninsured public deposits of a public depository are one hundred percent collateralized by eligible collateral as provided for in RCW 39.58.050, the "maximum liability" of a public depository that has not incurred a loss may not exceed the amount set forth in (a) of this subsection.

(13) "Net worth" of a public depository means (a) the equity capital as reported to its primary regulatory authority on the quarterly report of condition or statement of condition, or other required report required by its primary regulatory authority or federal deposit insurer, and may include capital notes and debentures which are subordinate to the interests of depositors, or (b) equity capital adjusted by rule or resolution of the commission after consultation with the director of the department of financial institutions;

(14) "Public deposit" means public funds on deposit with a public depository;

(16) "Public funds" means moneys under the control of a treasurer, the state treasurer, or custodian belonging to, or held for the benefit of, the state or any of its political subdivisions, public corporations, municipal corporations, agencies, courts, boards, commissions, or committees, including moneys held as trustee, agent, or bailee belonging to, or held for the benefit of, the state or any of its political subdivisions, public corporations, municipal corporations, agencies, courts, boards, commissions, or committees;

(17) "Public funds available for investment" means such public funds as are in excess of the anticipated cash needs throughout the duration of the contemplated investment period;

(18) "State public depository" means a Washington state-chartered financial institution that is authorized as a public depository under this chapter;

**39.104.010 Finding.** The legislature recognizes that the state as a whole benefits from investment in public infrastructure because it promotes community and economic development. Public investment stimulates business activity and helps create jobs, stimulates the redevelopment of brownfields and blighted areas in the inner city, lowers the cost of housing, and promotes efficient land use. The legislature finds that these activities generate revenue for the state and that it is in the public interest to invest in these projects through a credit against the state sales and use tax to those local governments that can demonstrate the expected returns to the state. [2009 c 270 § 101.]

oper's plans for the development of private improvements within the revitalization area;

(b) Increase employment within the revitalization area; and

(c) Generate, over the period of time that the local sales and use tax will be imposed under RCW 82.14.510, increases in state and local property, sales, and use tax revenues that are equal to or greater than the respective state and local contributions made under this chapter. [2009 c 270 § 103.]

**39.104.040 Creation of revitalization area.** (1) Before adopting an ordinance creating the revitalization area, a sponsoring local government must:

(a) Provide notice to all taxing districts and local governments with geographic boundaries within the proposed revitalization area of the sponsoring local government's intent to create a revitalization area. Notice must be provided in writing to the governing body of the taxing districts and local governments at least thirty days in advance of the public hearing as required by (b) of this subsection. The notice must include at least the following information:

(iii) The earliest anticipated date when the sponsoring local government will take action to adopt the proposed revitalization area; and

Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed revitalization area at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed revitalization area. Notices must describe the contemplated public improvements, estimate the costs of the public improvements, describe the portion of the costs of the public improvements to be borne by local revitalization financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed revitalization area, and estimate the period during which local revitalization financing is contemplated to be used. The public hearing may be held by either the governing body of the sponsoring local government, or a committee of the governing body that includes at least a majority of the whole governing body.

(2) To create a revitalization area, a sponsoring local government must adopt an ordinance establishing the revitalization area that:

(a) Describes the public improvements proposed to be made in the revitalization area;

(b) Describes the boundaries of the revitalization area, subject to the limitations in RCW 39.104.050;

(c) Estimates the cost of the proposed public improvements and the portion of these costs to be financed by local revitalization financing;

(d) Estimates the time during which local property tax allocation revenues, and other revenues from local public sources, such as amounts of local sales and use taxes from participating local governments, are to be used for local revitalization financing;

(e) Provides the date when the use of local property tax allocation revenues will commence and a list of the taxing districts that have not adopted an ordinance as described in RCW 39.104.060 to be removed as a participating taxing district;

(f) Finds that all of the requirements in RCW 39.104.030 are met;

(g) Provides the anticipated rate of sales and use tax under RCW 82.14.510 that the local government will impose if awarded a state contribution under RCW 39.104.100;

(h) Provides the anticipated date when the criteria for the sales and use tax in RCW 82.14.510 will be met and the anticipated date when the sales and use tax in RCW 82.14.510 will be imposed.

(3) The sponsoring local government must deliver a certified copy of the adopted ordinance to the county treasurer, the governing body of each participating taxing authority and participating taxing district within which the revitalization area is located, and the department. [2009 c 270 § 104.]

**39.104.050 Limitations on revitalization areas.** The designation of a revitalization area is subject to the following limitations:

(1) No revitalization area may have within its geographic boundaries any part of a hospital benefit zone under chapter 39.100 RCW, any part of a revenue development area created under chapter 39.102 RCW, any part of an increment area under chapter 39.89 RCW, or any part of another revitalization area under this chapter;

(2) A revitalization area is limited to contiguous tracts, lots, pieces, or parcels of land without the creation of islands of property not included in the revitalization area;

(3) The boundaries may not be drawn to purposely exclude parcels where economic growth is unlikely to occur;

(4) The public improvements financed through bonds issued under RCW 39.104.110 must be located in the revitalization area;

(5) A revitalization area cannot comprise an area containing more than twenty-five percent of the total assessed value of the taxable real property within the boundaries of the sponsoring local government at the time the revitalization area is created;

(6) The boundaries of the revitalization area may not be changed for the time period that local property tax allocation revenues, local sales and use taxes of participating local governments, and the local sales and use tax under RCW 82.14.510 are used to pay bonds issued under RCW 39.104.110 and public improvement costs within the revitalization area on a pay-as-you-go basis, as provided under this chapter; and

(7) A revitalization area must be geographically restricted to the location of the public improvement and adjacent locations that the sponsoring local government finds to have a high likelihood of receiving direct positive business and economic impacts due to the public improvement, such as a neighborhood or a block. [2009 c 270 § 105.]

**39.104.060 Use of property tax allocation revenues for revitalization financing—Ordinance to opt out—Notice.** (1) Participating taxing districts must allow the use of all of their local property tax allocation revenues for local revitalization financing.

(2)(a) If a taxing district does not want to allow the use of its property tax revenues for the local revitalization financing of public improvements in a revitalization area, its governing body must adopt an ordinance to remove itself as a participating taxing district and must notify the sponsoring local government.

(b) The taxing district must provide a copy of the adopted ordinance and notice to the sponsoring local government creating the revitalization area before the anticipated date that the sponsoring local government proposes to adopt the ordinance creating the revitalization area as provided in the notice required by RCW 39.104.040(1)(a). [2009 c 270 § 106.]

**39.104.070 Participating in revitalization financing—Interlocal agreement—Imposition of sales and use tax—Ordinance to opt out—Notice.** (1) A participating local government must enter into an interlocal agreement as provided in chapter 39.34 RCW to participate in local revitalization financing with the sponsoring local government.

(2)(a) If a local government that imposes a sales and use tax under RCW 82.14.030 does not want to participate in the local revitalization financing of public improvements in a revitalization area, its governing body must adopt an ordinance and notify the sponsoring local government that the taxing authority will not be a participating local government.

(b) The local government must provide a copy of the adopted ordinance and the notice to the sponsoring local government creating the revitalization area before the anticipated date that the sponsoring local government proposes to adopt an ordinance creating the revitalization area as provided in the notice required by RCW 39.104.040(1)(a). [2009 c 270 § 107.]

**39.104.080 Local property tax allocation revenues—Distribution—Determination—Termination.** (1) Commencing in the second calendar year following the creation of a revitalization area by a sponsoring local government, the county treasurer shall distribute receipts from regular taxes imposed on real property located in the revitalization area as follows:

(a) Each participating taxing district and the sponsoring local government must receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the property tax allocation revenue base value for that local revitalization financing project in the taxing district; and

(b) The sponsoring local government must receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the property tax allocation revenue value within the revitalization area. However, if there is no property tax allocation revenue value, the sponsoring local government may not receive any additional regular property taxes under this subsection (1)(b). The sponsoring local government may agree to receive less than the full amount of the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the participating taxing districts that levied regular property taxes, or have regular property taxes levied for them, in the revitalization area for collection that year in proportion to their regular tax levy rates for collection that year. The sponsoring local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the sponsoring local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by local revitalization financing.

(2) The county assessor shall determine the property tax allocation revenue value and property tax allocation revenue base value. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The distribution of local property tax allocation revenue to the sponsoring local government must cease when local property tax allocation revenues are no longer obligated to pay the costs of the public improvements. Any excess

local property tax allocation revenues, and earnings on the revenues, remaining at the time the distribution of local property tax allocation revenue terminates, must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the revitalization area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(4) The allocation to the revitalization area of that portion of the sponsoring local government's and each participating taxing district's regular property taxes levied upon the property tax allocation revenue value within that revitalization area is declared to be a public purpose of and benefit to the sponsoring local government and each participating taxing district.

(5) The distribution of local property tax allocation revenues under this section may not affect or be deemed to affect the rate of taxes levied by or within any sponsoring local government and participating taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution. [2009 c 270 § 201.]

**39.104.090 Local sales and use tax increments.** (1) A sponsoring local government may use annually local sales and use tax amounts equal to some or all of its local sales and use tax increments to finance public improvements in the revitalization area. The amounts of local sales and use tax dedicated by a participating local government must begin and cease on the dates specified in an interlocal agreement authorized in chapter 39.34 RCW. Sponsoring local governments and participating local governments are authorized to allocate some or all of their local sales and use tax increment to the sponsoring local government as provided by RCW 39.104.070(1).

(2) The department, upon request, must assist sponsoring local governments in estimating sales and use tax revenues from estimated taxable activity in the proposed or adopted revitalization area. The sponsoring local government must provide the department with accurate information describing the geographical boundaries of the revitalization area in an electronic format or in a manner as otherwise prescribed by the department. [2009 c 270 § 301.]

**39.104.100 Application process—Department of revenue approval.** (1) Prior to applying to the department to receive a state contribution, a sponsoring local government shall adopt a revitalization area within the limitations in RCW 39.104.050 and in accordance with RCW 39.104.040.

(2) As a condition to imposing a sales and use tax under RCW 82.14.510, a sponsoring local government must apply to the department and be approved for a project award amount. The application must be in a form and manner prescribed by the department and include, but not be limited to:

(a) Information establishing that over the period of time that the local sales and use tax will be imposed under RCW 82.14.510, increases in state and local property, sales, and use tax revenues as a result of public improvements in the revitalization area will be equal to or greater than the respective state and local contributions made under this chapter;

(b) Information demonstrating that the sponsoring local government will meet the requirements necessary to receive the full amount of state contribution it is requesting on an annual basis;

(c) The amount of state contribution it is requesting;

(d) The anticipated effective date for imposing the tax under RCW 82.14.510;

(e) The estimated number of years that the tax will be imposed;

(f) The anticipated rate of tax to be imposed under RCW 82.14.510, subject to the rate-setting conditions in RCW 82.14.510(3), should the sponsoring local government be approved for a project award; and

(g) The anticipated date when bonds under RCW 39.104.110 will be issued.

The department shall make available electronic forms to be used for this purpose. As part of the application, each applicant must provide to the department a copy of the adopted ordinance creating the revitalization area as required in RCW 39.104.040, copies of any adopted interlocal agreements from participating local governments, and any notices from taxing districts that elect not to be a participating taxing district.

(3)(a) Project awards must be determined on:

(i) A first-come basis for applications completed in their entirety and submitted electronically;

(ii) The availability of a state contribution;

(iii) Whether the sponsoring local government would be able to generate enough tax revenue under RCW 82.14.510 to generate the amount of project award requested.

(b) The total of all project awards may not exceed the annual state contribution limit.

(c) If the level of available state contribution is less than the amount requested by the next available applicant, the applicant must be given the first opportunity to accept the lesser amount of state contribution but only if the applicant produces a new application within sixty days of being notified by the department and the application describes the impact on the proposed project as a result of the lesser award in addition to new application information outlined in subsection (2) of this section.

(d) Applications that are not approved for a project award due to lack of available state contribution must be retained on file by the department in order of the date of their receipt.

(e) Once total project awards reach the amount of annual state contribution limit, no more applications will be accepted.

(f) If the annual contribution limit is increased, applications will be accepted again beginning sixty days after the effective date of the increase. However, in the time period before any new applications are accepted, all sponsoring local governments with a complete application already on file with the department must be provided an opportunity to either withdraw their application or update the information in the application. The updated application must be for a project that is substantially the same as the project in the original application. The department must consider these applications, in the order originally submitted, for project awards prior to considering any new applications.

(4) The department shall notify the sponsoring local government of approval or denial of a project award within sixty days of the department's receipt of the sponsoring local government's application. Determination of a project award by the department is final. Notification must include the earliest date when the tax authorized under RCW 82.14.510 may be imposed, subject to conditions in chapter 82.14 RCW. The project award notification must specify the rate requested in the application and any adjustments to the rate that would need to be made based on the project award and rate restrictions in RCW 82.14.510.

(5) The department must begin accepting applications on September 1, 2009. [2009 c 270 § 401.]

**39.104.110 Issuance of general obligation bonds.** (1)

A sponsoring local government creating a revitalization area and authorizing the use of local revitalization financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from local revitalization financing it receives, subject to the following requirements:

(a) The ordinance adopted by the sponsoring local government creating the revitalization area and authorizing the use of local revitalization financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The sponsoring local government includes this statement of the intent in all notices required by RCW 39.104.040.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the sponsoring local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a sponsoring local government creating a revitalization area and authorizing the use of local revitalization financing may require any nonpublic participants to provide adequate security to protect the public investment in the public improvement within the revitalization area.

(4) Bonds issued under this section must be authorized by ordinance of the sponsoring local government and may be issued in one or more series and must bear a date or dates, be payable upon demand or mature at a time or times, bear interest at a rate or rates, be in a denomination or denominations, be in a form either coupon or registered as provided in RCW 39.46.030, carry conversion or registration privileges, have a rank or priority, be executed in a manner, be payable in a medium of payment, at a place or places, and be subject to terms of redemption with or without premium, be secured in a manner, and have other characteristics, as may be provided by an ordinance or trust indenture or mortgage issued pursuant thereto.

(5) The sponsoring local government may annually pay into a fund to be established for the benefit of bonds issued under this section a fixed proportion or a fixed amount of any local property tax allocation revenues derived from property within the revitalization area containing the public improvements funded by the bonds, the payment to continue until all

bonds payable from the fund are paid in full. The local government may also annually pay into the fund established in this section a fixed proportion or a fixed amount of any revenues derived from taxes imposed under RCW 82.14.510, such payment to continue until all bonds payable from the fund are paid in full. Revenues derived from taxes imposed under RCW 82.14.510 are subject to the use restriction in RCW 82.14.515.

(6) In case any of the public officials of the sponsoring local government whose signatures appear on any bonds or any coupons issued under this chapter cease to be the officials before the delivery of the bonds, the signatures must, nevertheless, be valid and sufficient for all purposes, the same as if the officials had remained in office until the delivery. Any provision of any law to the contrary notwithstanding, any bonds issued under this chapter are fully negotiable.

(7) Notwithstanding subsections (4) through (6) of this section, bonds issued under this section may be issued and sold in accordance with chapter 39.46 RCW. [2009 c 270 § 701.]

**39.104.120 Use of tax revenue for bond repayment.**

A sponsoring local government that issues bonds under RCW 39.104.110 to finance public improvements may pledge for the payment of such bonds all or part of any local property tax allocation revenues derived from the public improvements. The sponsoring local government may also pledge all or part of any revenues derived from taxes imposed under RCW 82.14.510 and held in connection with the public improvements. All of such tax revenues are subject to the use restriction in RCW 82.14.515. [2009 c 270 § 702.]

**39.104.130 Limitation on bonds issued.** The bonds issued by a local government under RCW 39.104.110 to finance public improvements do not constitute an obligation of the state of Washington, either general or special. [2009 c 270 § 703.]

**39.104.140 Construction—Port districts—Authority.**

Nothing in this act may be construed to give port districts the authority to impose a sales or use tax under chapter 82.14 RCW. [2009 c 270 § 803.]

**39.104.150 Administration by the department—**

**Adoption of rules.** The department of revenue may adopt any rules under chapter 34.05 RCW it considers necessary for the administration of this chapter. [2009 c 270 § 804.]

**39.104.900 Severability—2009 c 270.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2009 c 270 § 801.]

**39.104.901 Captions and part headings not law—2009 c 270.** Captions and part headings used in this act do not constitute any part of the law. [2009 c 270 § 802.]

*Veterans and veterans' affairs: Title 73 RCW.*

**41.04.273 Prohibition of retirement benefits passing to slayer or abuser beneficiary—Determination by department of retirement systems—Duties upon notice—Payment upon verdicts—Admissibility of evidence—Immunity.** (1) For purposes of this section, the following definitions shall apply:

(a) "Abuser" has the same meaning as provided in RCW 11.84.010.

(b) "Decedent" means any person who is entitled to benefits from the Washington state department of retirement systems by written designation or by operation of law:

(i) Whose life is taken by a slayer; or

(c) "Slayer" means a slayer as defined in RCW 11.84.010.

(2) Property that would have passed to or for the benefit of a beneficiary under one of the retirement systems listed in RCW 41.50.030 shall not pass to that beneficiary if the beneficiary was a slayer or abuser of the decedent and the property shall be distributed as if the slayer or abuser had predeceased the decedent.

(3) A slayer or abuser is deemed to have predeceased the decedent as to property which, by designation or by operation of law, would have passed from the decedent to the slayer or abuser because of the decedent's entitlement to benefits under one of the retirement systems listed in RCW 41.50.030.

(4)(a) The department of retirement systems has no affirmative duty to determine whether a beneficiary is, or is alleged to be, a slayer or abuser. However, upon receipt of written notice that a beneficiary is a defendant in a civil lawsuit or probate proceeding that alleges the beneficiary is a slayer or abuser, or is charged with a crime that, if committed,

means the beneficiary is a slayer or abuser, the department of retirement systems shall determine whether the beneficiary is a defendant in such a civil proceeding or has been formally charged in court with the crime, or both. If so, the department shall withhold payment of any benefits until:

(i) The case or charges, or both if both are pending, are dismissed;

(ii) The beneficiary is found not guilty in the criminal case or prevails in the civil proceeding, or both if both are pending; or

(iii) The beneficiary is convicted or is found to be a slayer or abuser in the civil proceeding.

(b) If the case or charges, or both if both are pending, are dismissed or if a beneficiary is found not guilty or prevails in the civil proceeding, or both if both are pending, the department shall pay the beneficiary the benefits the beneficiary is entitled to receive. If the beneficiary is convicted or found to be a slayer or abuser in a civil proceeding, the department shall distribute the benefits according to subsection (2) of this section.

(5) Any record of conviction for having participated in the willful and unlawful killing of the decedent or for conduct constituting financial exploitation against the decedent, including but not limited to theft, forgery, fraud, identity theft, robbery, burglary, or extortion, shall be admissible in evidence against a claimant of property in any civil action arising under this section.

(6) In the absence of a criminal conviction, a superior court may determine:

(a) By a preponderance of the evidence whether a person participated in the willful and unlawful killing of the decedent;

(b) By clear, cogent, and convincing evidence whether a person participated in conduct constituting financial exploitation against the decedent, as provided in chapter 11.84 RCW.

(7) This section shall not subject the department of retirement systems to liability for payment made to a slayer or abuser or alleged slayer or abuser, prior to the department's receipt of written notice that the slayer or abuser has been convicted of, or the alleged slayer or abuser has been formally criminally or civilly charged in court with, the death or financial exploitation of the decedent. If the conviction or civil judgment of a slayer or abuser is reversed on appeal, the department of retirement systems shall not be liable for payment made prior to the receipt of written notice of the reversal to a beneficiary other than the person whose conviction or civil judgment is reversed. [2009 c 525 § 19; 1998 c 292 § 501.]

**Application—1998 c 292:** "Sections 501 through 505 of this act apply to acts that result in unlawful killings of decedents by slayers on and after April 2, 1998." [1998 c 292 § 506.]

The authority shall have an administrator appointed by the governor, with the consent of the senate. The administrator

shall serve at the pleasure of the governor. The administrator may employ up to seven staff members, who shall be exempt from chapter 41.06 RCW, and any additional staff members as are necessary to administer this chapter. The administrator may delegate any power or duty vested in him or her by this chapter, including authority to make final decisions and enter final orders in hearings conducted under chapter 34.05 RCW. The primary duties of the authority shall be to: Administer state employees' insurance benefits and retired or disabled school employees' insurance benefits; administer the basic health plan pursuant to chapter 70.47 RCW; study state-purchased health care programs in order to maximize cost containment in these programs while ensuring access to quality health care; implement state initiatives, joint purchasing strategies, and techniques for efficient administration that have potential application to all state-purchased health services; and administer grants that further the mission and goals of the authority. The authority's duties include, but are not limited to, the following:

(a) To administer health care benefit programs for employees and retired or disabled school employees as specifically authorized in RCW 41.05.065 and in accordance with the methods described in RCW 41.05.075, 41.05.140, and other provisions of this chapter;

(b) To analyze state-purchased health care programs and to explore options for cost containment and delivery alternatives for those programs that are consistent with the purposes of those programs, including, but not limited to:

(i) Creation of economic incentives for the persons for whom the state purchases health care to appropriately utilize and purchase health care services, including the development of flexible benefit plans to offset increases in individual financial responsibility;

(ii) Utilization of provider arrangements that encourage cost containment, including but not limited to prepaid delivery systems, utilization review, and prospective payment methods, and that ensure access to quality care, including assuring reasonable access to local providers, especially for employees residing in rural areas;

(iii) Coordination of state agency efforts to purchase drugs effectively as provided in RCW 70.14.050;

(iv) Development of recommendations and methods for purchasing medical equipment and supporting services on a volume discount basis;

(v) Development of data systems to obtain utilization data from state-purchased health care programs in order to identify cost centers, utilization patterns, provider and hospital practice patterns, and procedure costs, utilizing the information obtained pursuant to RCW 41.05.031; and

(vi) In collaboration with other state agencies that administer state purchased health care programs, private health care purchasers, health care facilities, providers, and carriers:

(A) Use evidence-based medicine principles to develop common performance measures and implement financial incentives in contracts with insuring entities, health care facilities, and providers that:

(I) Reward improvements in health outcomes for individuals with chronic diseases, increased utilization of appropriate preventive health services, and reductions in medical errors; and

(II) Increase, through appropriate incentives to insuring entities, health care facilities, and providers, the adoption and use of information technology that contributes to improved health outcomes, better coordination of care, and decreased medical errors;

(B) Through state health purchasing, reimbursement, or pilot strategies, promote and increase the adoption of health information technology systems, including electronic medical records, by hospitals as defined in RCW 70.41.020(4), integrated delivery systems, and providers that:

(e) To review and approve or deny applications from counties, municipalities, and other political subdivisions of the state to provide state-sponsored insurance or self-insurance programs to their employees in accordance with the provisions of RCW 41.04.205 and (g) of this subsection, setting the premium contribution for approved groups as outlined in RCW 41.05.050;

(f) To review and approve or deny the application when the governing body of a tribal government applies to transfer their employees to an insurance or self-insurance program administered under this chapter. In the event of an employee transfer pursuant to this subsection (1)(f), members of the governing body are eligible to be included in such a transfer if the members are authorized by the tribal government to participate in the insurance program being transferred from and subject to payment by the members of all costs of insurance for the members. The authority shall: (i) Establish the conditions for participation; (ii) have the sole right to reject the application; and (iii) set the premium contribution for approved groups as outlined in RCW 41.05.050. (a) Standardizing the benefit package;

(b) Soliciting competitive bids for the benefit package;

(c) Limiting the state's contribution to a percent of the lowest priced qualified plan within a geographical area;

the plans for employees of those groups, except as provided in subsection (4) of this section.

(2) If the authority at any time determines that the participation of a county, municipal, other political subdivision, or a tribal government covered under this chapter adversely impacts insurance rates for state employees, the authority shall implement limitations on the participation of additional county, municipal, other political subdivisions, or a tribal government.

(3) The contributions of any: (a) Department, division, or separate agency of the state government; (b) county, municipal, or other political subdivisions; and (c) any tribal government as are covered by this chapter, shall be set by the authority, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose. The authority may collect these amounts in accordance with the district fiscal year, as described in RCW 28A.505.030.

(b) For all groups of district employees enrolling in authority plans for the first time after September 1, 2003, the authority shall collect from each participating school district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and by family size as would be charged to state employees, only if the authority determines that this method of billing the districts will not result in a material difference between revenues from districts and expenditures made by the authority on behalf of districts and their employees. The authority may collect these amounts in accordance with the district fiscal year, as described in RCW 28A.505.030.

(c) If the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all district employees enrolled in authority plans.

(d) The authority may charge districts a one-time set-up fee for employee groups enrolling in authority plans for the first time.

(e) For the purposes of this subsection:

(i) "District" means school district and educational service district; and

(ii) "Tiered rates" means the amounts the authority must pay to insuring entities by plan and by family size.

(5) The authority shall transmit a recommendation for the amount of the employer contribution to the governor and the director of financial management for inclusion in the proposed budgets submitted to the legislature. [2009 c 537 § 5;

**41.05.065 Public employees' benefits board—Duties—Eligibility—Definitions—Penalties.** (*Effective January 1, 2010.*) (1) The board shall study all matters connected with the provision of health care coverage, life insurance, liability insurance, accidental death and dismemberment insurance, and disability income insurance or any of, or a combination of, the enumerated types of insurance for employees and their dependents on the best basis possible with relation both to the welfare of the employees and to the state. However, liability insurance shall not be made available to dependents.

(2) The board shall develop employee benefit plans that include comprehensive health care benefits for employees. In developing these plans, the board shall consider the following elements:

(a) Methods of maximizing cost containment while ensuring access to quality health care;

(b) Development of provider arrangements that encourage cost containment and ensure access to quality care, including but not limited to prepaid delivery systems and prospective payment methods;

(c) Wellness incentives that focus on proven strategies, such as smoking cessation, injury and accident prevention, reduction of alcohol misuse, appropriate weight reduction, exercise, automobile and motorcycle safety, blood cholesterol reduction, and nutrition education;

(d) Utilization review procedures including, but not limited to a cost-efficient method for prior authorization of services, hospital inpatient length of stay review, requirements for use of outpatient surgeries and second opinions for surgeries, review of invoices or claims submitted by service providers, and performance audit of providers;

(e) Effective coordination of benefits; and

(f) Minimum standards for insuring entities.

(3) To maintain the comprehensive nature of employee health care benefits, benefits provided to employees shall be substantially equivalent to the state employees' health benefits plan in effect on January 1, 1993. Nothing in this subsection shall prohibit changes or increases in employee point-of-service payments or employee premium payments for benefits or the administration of a high deductible health plan in conjunction with a health savings account. The board may establish employee eligibility criteria which are not substantially equivalent to employee eligibility criteria in effect on January 1, 1993.

(4) Except if bargained for under chapter 41.80 RCW, the board shall design benefits and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria subject to the requirements of this chapter. Employer groups obtaining benefits through contractual agreement with the authority for employees defined in RCW 41.05.011(6) (a) through (d) may contractually agree with the authority to benefits eligibility criteria which differs from that determined by the board. The eligibility criteria established by the board shall be no more restrictive than the following:

(a) Except as provided in (b) through (e) of this subsection, an employee is eligible for benefits from the date of employment if the employing agency anticipates he or she will work an average of at least eighty hours per month and for at least eight hours in each month for more than six consecutive months. An employee determined ineligible for benefits at the beginning of his or her employment shall become eligible in the following circumstances:

(i) An employee who works an average of at least eighty hours per month and for at least eight hours in each month and whose anticipated duration of employment is revised from less than or equal to six consecutive months to more than six consecutive months becomes eligible when the revision is made.

(ii) An employee who works an average of at least eighty hours per month over a period of six consecutive months and

for at least eight hours in each of those six consecutive months becomes eligible at the first of the month following the six-month averaging period.

(b) A seasonal employee is eligible for benefits from the date of employment if the employing agency anticipates that he or she will work an average of at least eighty hours per month and for at least eight hours in each month of the season. A seasonal employee determined ineligible at the beginning of his or her employment who works an average of at least half-time, as defined by the board, per month over a period of six consecutive months and at least eight hours in each of those six consecutive months becomes eligible at the first of the month following the six-month averaging period. A benefits-eligible seasonal employee who works a season of less than nine months shall not be eligible for the employer contribution during the off season, but may continue enrollment in benefits during the off season by self-paying for the benefits. A benefits-eligible seasonal employee who works a season of nine months or more is eligible for the employer contribution through the off season following each season worked.

(c) Faculty are eligible as follows:

(i) Faculty who the employing agency anticipates will work half-time or more for the entire instructional year or equivalent nine-month period are eligible for benefits from the date of employment. Eligibility shall continue until the beginning of the first full month of the next instructional year, unless the employment relationship is terminated, in which case eligibility shall cease the first month following the notice of termination or the effective date of the termination, whichever is later.

(ii) Faculty who the employing agency anticipates will not work for the entire instructional year or equivalent nine-month period are eligible for benefits at the beginning of the second consecutive quarter or semester of employment in which he or she is anticipated to work, or has actually worked, half-time or more. Such an employee shall continue to receive uninterrupted employer contributions for benefits if the employee works at least half-time in a quarter or semester. Faculty who the employing agency anticipates will not work for the entire instructional year or equivalent nine-month period, but who actually work half-time or more throughout the entire instructional year, are eligible for summer or off-quarter coverage. Faculty who have met the criteria of this subsection (4)(c)(ii), who work at least two quarters of the academic year with an average academic year workload of half-time or more for three quarters of the academic year, and who have worked an average of half-time or more in each of the two preceding academic years shall continue to receive uninterrupted employer contributions for benefits if he or she works at least half-time in a quarter or semester or works two quarters of the academic year with an average academic workload each academic year of half-time or more for three quarters. Eligibility under this section ceases immediately if this criteria is not met.

(iii) Faculty may establish or maintain eligibility for benefits by working for more than one institution of higher education. When faculty work for more than one institution of higher education, those institutions shall prorate the employer contribution costs, or if eligibility is reached through one institution, that institution will pay the full

employer contribution. Faculty working for more than one institution must alert his or her employers to his or her potential eligibility in order to establish eligibility.

(iv) The employing agency must provide written notice to faculty who are potentially eligible for benefits under this subsection (4)(c) of their potential eligibility.

(v) To be eligible for maintenance of benefits through averaging under (c)(ii) of this subsection, faculty must provide written notification to his or her employing agency or agencies of his or her potential eligibility.

(d) A legislator is eligible for benefits on the date his or her term begins. All other elected and full-time appointed officials of the legislative and executive branches of state government are eligible for benefits on the date his or her term begins or they take the oath of office, whichever occurs first.

(e) A justice of the supreme court and judges of the court of appeals and the superior courts become eligible for benefits on the date he or she takes the oath of office.

(f) Except as provided in (c)(i) and (ii) of this subsection, eligibility ceases for any employee the first of the month following termination of the employment relationship.

(g) In determining eligibility under this section, the employing agency may disregard training hours, standby hours, or temporary changes in work hours as determined by the authority under this section.

(h) Insurance coverage for all eligible employees begins on the first day of the month following the date when eligibility for benefits is established. If the date eligibility is established is the first working day of a month, insurance coverage begins on that date.

(i) Eligibility for an employee whose work circumstances are described by more than one of the eligibility categories in (a) through (e) of this subsection shall be determined solely by the criteria of the category that most closely describes the employee's work circumstances.

(j) Except for an employee eligible for benefits under (b) or (c)(ii) of this subsection, an employee who has established eligibility for benefits under this section shall remain eligible for benefits each month in which he or she is in pay status for eight or more hours, if (i) he or she remains in a benefits-eligible position and (ii) leave from the benefits-eligible position is approved by the employing agency. A benefits-eligible seasonal employee is eligible for the employer contribution in any month of his or her season in which he or she is in pay status eight or more hours during that month. Eligibility ends if these conditions are not met, the employment relationship is terminated, or the employee voluntarily transfers to a noneligible position.

(k) For the purposes of this subsection:

(i) "Academic year" means summer, fall, winter, and spring quarters or semesters;

(ii) "Half-time" means one-half of the full-time academic workload as determined by each institution, except that half-time for community and technical college faculty employees shall have the same meaning as "part-time" under RCW 28B.50.489;

(iii) "Benefits-eligible position" shall be defined by the board.

(5) The board may authorize premium contributions for an employee and the employee's dependents in a manner that

encourages the use of cost-efficient managed health care systems.

(6) The board shall develop a health savings account option for employees that conform to section 223, Part VII of subchapter B of chapter 1 of the internal revenue code of 1986. The board shall comply with all applicable federal standards related to the establishment of health savings accounts.

(7) Notwithstanding any other provision of this chapter, the board shall develop a high deductible health plan to be offered in conjunction with a health savings account developed under subsection (6) of this section.

(8) Employees shall choose participation in one of the health care benefit plans developed by the board and may be permitted to waive coverage under terms and conditions established by the board.

(9) The board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of authority in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall adopt rules setting forth criteria by which it shall evaluate the plans.

(10) Before January 1, 1998, the public employees' benefits board shall make available one or more fully insured long-term care insurance plans that comply with the requirements of chapter 48.84 RCW. Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. Employees of local governments, political subdivisions, and tribal governments not otherwise enrolled in the public employees' benefits board sponsored medical programs may enroll under terms and conditions established by the administrator, if it does not jeopardize the financial viability of the public employees' benefits board's long-term care offering.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees' benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees' benefits board and the health care authority.

(b) The employee, retired employee, and retired school employee are solely responsible for the payment of the premium rates developed by the health care authority. The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the long-term care insurer, which shall include the health care authority's cost of administration, marketing, and consumer education materials prepared by the health care authority and the office of the insurance commissioner.

(c) To the extent administratively possible, the state shall establish an automatic payroll or pension deduction system for the payment of the long-term care insurance premiums.

(d) The public employees' benefits board and the health care authority shall establish a technical advisory committee to provide advice in the development of the benefit design and establishment of underwriting guidelines and eligibility rules. The committee shall also advise the board and authority on effective and cost-effective ways to market and distribute the long-term care product. The technical advisory committee shall be comprised, at a minimum, of representatives of the office of the insurance commissioner, providers of long-term care services, licensed insurance agents with expertise in long-term care insurance, employees, retired employees, retired school employees, and other interested parties determined to be appropriate by the board.

(e) The health care authority shall offer employees, retired employees, and retired school employees the option of purchasing long-term care insurance through licensed agents or brokers appointed by the long-term care insurer. The authority, in consultation with the public employees' benefits board, shall establish marketing procedures and may consider all premium components as a part of the contract negotiations with the long-term care insurer.

(f) In developing the long-term care insurance benefit designs, the public employees' benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner.

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the board.

(11) The board may establish penalties to be imposed by the authority when the eligibility determinations of an employing agency fail to comply with the criteria under this chapter. [2009 c 537 § 7. To be eligible, such entities must have a formal collaborative governance structure and decision-making process that includes representation by the following health care providers: Hospitals, public health, behavioral health, community health centers, rural health clinics, and private practitioners that serve low-income persons in the region, unless there are no such providers within the region, or providers decline or refuse to participate or place unreasonable conditions on their participation. The nature and format of the application, and the application procedure, shall be determined by the administrator of the health care authority. At a minimum, each application shall: (a) Identify the geographic region served by the organization; (b) show how the structure and operation of the organization reflects the interests of, and is accountable to, this region and members providing care within this region; (c) indicate the size of the grant being requested, and how the money will be spent; and (d) include sufficient information for an evaluation of the application based on the criteria established in RCW 41.05.660. [2009 c 299 § 1.]

**41.05.651 Rules—2009 c 299.** The health care authority may adopt rules to implement chapter 299, Laws of 2009. [2009 c 299 § 4.]

**41.05.660 Community health care collaborative grant program—Award and disbursement of grants.** (1) The community health care collaborative grants shall be awarded on a competitive basis based on a determination of which applicant organization will best serve the purposes of the grant program established in RCW 41.05.650. In making this determination, priority for funding shall be given to the applicants that demonstrate:

(a) The initiatives to be supported by the community health care collaborative grant are likely to address, in a measurable fashion, documented health care access and quality improvement goals aligned with state health policy priorities and needs within the region to be served;

(b) The applicant organization must document formal, active collaboration among key community partners that includes local governments, school districts, large and small businesses, nonprofit organizations, tribal governments, carriers, private health care providers, public health agencies, and community public health and safety networks, as defined in RCW 70.190.010;

(c) The applicant organization will match the community health care collaborative grant with funds from other sources. The health care authority may award grants solely to organizations providing at least two dollars in matching funds for each community health care collaborative grant dollar awarded;

(d) The community health care collaborative grant will enhance the long-term capacity of the applicant organization and its members to serve the region's documented health care access needs, including the sustainability of the programs to be supported by the community health care collaborative grant;

(e) The initiatives to be supported by the community health care collaborative grant reflect creative, innovative approaches which complement and enhance existing efforts to address the needs of the uninsured and underinsured and, if successful, could be replicated in other areas of the state; and

(f) The programs to be supported by the community health care collaborative grant make efficient and cost-effective use of available funds through administrative simplification and improvements in the structure and operation of the health care delivery system.

(2) The administrator of the health care authority shall endeavor to disburse community health care collaborative grant funds throughout the state, supporting collaborative initiatives of differing sizes and scales, serving at-risk populations.

(3) Grants shall be disbursed over a two-year cycle, provided the grant recipient consistently provides timely reports that demonstrate the program is satisfactorily meeting the purposes of the grant and the objectives identified in the organization's application. The requirements for the performance reports shall be determined by the health care authority administrator. The performance measures shall be aligned with the community health care collaborative grant program goals and, where possible, shall be consistent with statewide

policy trends and outcome measures required by other public and private grant funders. [2009 c 299 § 2.]

**41.06.133 Rules of director—Personnel administration—Required agency report.** (1) The director shall adopt rules, consistent with the purposes and provisions of this chapter and with the best standards of personnel administration, regarding the basis and procedures to be followed for:

(a) The reduction, dismissal, suspension, or demotion of an employee;

(b) Training and career development;

(c) Probationary periods of six to twelve months and rejections of probationary employees, depending on the job requirements of the class, except that entry level state park rangers shall serve a probationary period of twelve months;

(d) Transfers;

(e) Promotional preferences;

(f) Sick leaves and vacations;

(g) Hours of work;

(h) Layoffs when necessary and subsequent reemployment, except for the financial basis for layoffs;

(i) The number of names to be certified for vacancies;

(j) Adoption and revision of a state salary schedule to reflect the prevailing rates in Washington state private indus-

tries and other governmental units. The rates in the salary schedules or plans shall be increased if necessary to attain comparable worth under an implementation plan under RCW 41.06.155 and, for institutions of higher education and related boards, shall be competitive for positions of a similar nature in the state or the locality in which an institution of higher education or related board is located. Such adoption and revision is subject to approval by the director of financial management in accordance with chapter 43.88 RCW;

(k) Increment increases within the series of steps for each pay grade based on length of service for all employees whose standards of performance are such as to permit them to retain job status in the classified service. For the twelve months following February 18, 2009, a salary or wage increase shall not be granted to any exempt position under this chapter;

(l) Optional lump sum relocation compensation approved by the agency director, whenever it is reasonably necessary that a person make a domiciliary move in accepting a transfer or other employment with the state. An agency must provide lump sum compensation within existing resources. If the person receiving the relocation payment terminates or causes termination with the state, for reasons other than layoff, disability separation, or other good cause as determined by an agency director, within one year of the date of the employment, the state is entitled to reimbursement of the lump sum compensation from the person;

(m) Providing for veteran's preference as required by existing statutes, with recognition of preference in regard to layoffs and subsequent reemployment for veterans and their surviving spouses by giving such eligible veterans and their surviving spouses additional credit in computing their seniority by adding to their unbroken state service, as defined by the director, the veteran's service in the military not to exceed five years. For the purposes of this section, "veteran" means any person who has one or more years of active military service in any branch of the armed forces of the United States or who has less than one year's service and is discharged with a disability incurred in the line of duty or is discharged at the convenience of the government and who, upon termination of such service, has received an honorable discharge, a discharge for physical reasons with an honorable record, or a release from active military service with evidence of service other than that for which an undesirable, bad conduct, or dishonorable discharge shall be given. However, the surviving spouse of a veteran is entitled to the benefits of this section regardless of the veteran's length of active military service. For the purposes of this section, "veteran" does not include any person who has voluntarily retired with twenty or more years of active military service and whose military retirement pay is in excess of five hundred dollars per month.

(2) Rules adopted under this section by the director shall provide for local administration and management by the institutions of higher education and related boards, subject to periodic audit and review by the director.

(3) Rules adopted by the director under this section may be superseded by the provisions of a collective bargaining agreement negotiated under RCW 41.80.001 and 41.80.010 through 41.80.130. The supersession of such rules shall only affect employees in the respective collective bargaining units.

(4)(a) The director shall require that each state agency report annually the following data:

(i) The number of classified, Washington management service, and exempt employees in the agency and the change compared to the previous report;

(ii) The number of bonuses and performance-based incentives awarded to agency staff and the base wages of such employees; and

(iii) The cost of each bonus or incentive awarded.

(b) A report that compiles the data in (a) of this subsection for all agencies will be provided annually to the governor and the appropriate committees of the legislature and must be posted for the public on the department of personnel's agency web site. [2009 c 534 § 2; 2009 c 5 § 2; 2002 c 354 § 204.]

**Reviser's note:** This section was amended by 2009 c 5 § 2 and by 2009 c 534 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Finding—Intent—2009 c 534:** "The legislature finds that information technologies have substantially altered the roles and responsibilities of employees in many state agencies since the creation of the Washington management service. With the understanding that the current economic crisis dictates finding every possible efficiency, the legislature intends to review the state's senior management and exempt services and understands that possible refinements in the service are needed. A review, in consultation with the various stakeholders and in light of current best practices, is warranted." [2009 c 534 § 1.]

**Effective date—2009 c 5:** See note following RCW 41.06.070.

**Short title—Headings, captions not law—Severability—Effective dates—2002 c 354:** See RCW 41.80.907 through 41.80.910.

**41.06.170 Reduction, suspension, dismissal, demotion of employee—Right to appeal.** (1) The director, in the adoption of rules governing suspensions for cause, shall not authorize an appointing authority to suspend an employee for more than fifteen calendar days as a single penalty or more than thirty calendar days in any one calendar year as an accumulation of several penalties. The director shall require that the appointing authority give written notice to the employee not later than one day after the suspension takes effect, stating the reasons for and the duration thereof.

(2) Any employee who is reduced, dismissed, suspended, or demoted, after completing his or her probationary period of service as provided by the rules of the director, or any employee who is adversely affected by a violation of the state civil service law, chapter 41.06 RCW, or rules adopted under it, shall have the right to appeal, either individually or through his or her authorized representative, not later than thirty days after the effective date of such action to the personnel appeals board through June 30, 2005, and to the Washington personnel resources board after June 30, 2005. The employee shall be furnished with specified charges in writing when a reduction, dismissal, suspension, or demotion action is taken. Such appeal shall be in writing. Decisions of the Washington personnel resources board on appeals filed after June 30, 2005, shall be final and not subject to further appeal.

(3) Any employee whose position has been exempted after July 1, 1993, shall have the right to appeal, either individually or through his or her authorized representative, not later than thirty days after the effective date of such action to the personnel appeals board through June 30, 2005, and to the Washington personnel resources board after June 30, 2005.

If the position being exempted is vacant, the exclusive bargaining unit representative may act in lieu of an employee for the purposes of appeal.

(4) An employee incumbent in a position at the time of its allocation or reallocation, or the agency utilizing the position, may appeal the allocation or reallocation to the personnel appeals board through December 31, 2005, and to the Washington personnel resources board after December 31, 2005. Notice of such appeal must be filed in writing within thirty days of the action from which appeal is taken.

(5) Subsections (1) and (2) of this section do not apply to any employee who is subject to the provisions of a collective bargaining agreement negotiated under RCW 41.80.001 and 41.80.010 through 41.80.130. [2009 c 534 § 3; 2002 c 354 § 213; 1993 c 281 § 31; 1981 c 311 § 19; 1975-'76 2nd ex.s. c 43 § 3; 1961 c 1 § 17 (Initiative Measure No. 207, approved November 8, 1960).]

**Finding—Intent—2009 c 534:** See note following RCW 41.06.133.

**Appeals filed on or before June 30, 2005—2002 c 354:** "The transfer of the powers, duties, and functions of the personnel appeals board to the personnel resources board under RCW 41.06.111 and the transfer of jurisdiction for appeals filed under section 213, chapter 354, Laws of 2002 after June 30, 2005, shall not affect the right of an appellant to have an appeal filed on or before June 30, 2005, resolved by the personnel appeals board in accordance with the authorities, rules, and procedures that were established under chapter 41.64 RCW as it existed before July 1, 2004." [2002 c 354 § 214.]

**Short title—Headings, captions not law—Severability—Effective dates—2002 c 354:** See RCW 41.80.907 through 41.80.910.

**Effective date—1993 c 281:** See note following RCW 41.06.022.

**41.06.500 Managers—Rules—Goals.** (1) Except as provided in RCW 41.06.070, notwithstanding any other provisions of this chapter, the director is authorized to adopt, after consultation with state agencies and employee organizations, rules for managers as defined in RCW 41.06.022. These rules shall not apply to managers employed by institutions of higher education or related boards or whose positions are exempt. The rules shall govern recruitment, appointment, classification and allocation of positions, examination, training and career development, hours of work, probation, certification, compensation, transfer, affirmative action, promotion, layoff, reemployment, performance appraisals, discipline, and any and all other personnel practices for managers. These rules shall be separate from rules adopted for other employees, and to the extent that the rules adopted under this section apply only to managers shall take precedence over rules adopted for other employees, and are not subject to review by the board.

(2) In establishing rules for managers, the director shall adhere to the following goals:

(a) Development of a simplified classification system that facilitates movement of managers between agencies and promotes upward mobility;

(b) Creation of a compensation system that provides flexibility in setting and changing salaries, and shall require review and approval by the director in the case of any salary changes greater than five percent proposed for any group of employees;

(c) Establishment of a performance appraisal system that emphasizes individual accountability for program results and efficient management of resources; effective planning, organization, and communication skills; valuing and managing

workplace diversity; development of leadership and interpersonal abilities; and employee development;

(d) Strengthening management training and career development programs that build critical management knowledge, skills, and abilities; focusing on managing and valuing workplace diversity; empowering employees by enabling them to share in workplace decision making and to be innovative, willing to take risks, and able to accept and deal with change; promoting a workplace where the overall focus is on the recipient of the government services and how these services can be improved; and enhancing mobility and career advancement opportunities;

(e) Permitting flexible recruitment and hiring procedures that enable agencies to compete effectively with other employers, both public and private, for managers with appropriate skills and training; allowing consideration of all qualified candidates for positions as managers; and achieving affirmative action goals and diversity in the workplace;

(f) Providing that managers may only be reduced, dismissed, suspended, or demoted for cause; and

(g) Facilitating decentralized and regional administration.

**Purpose—1999 c 134:** "The purpose of sections 1 through 4 of this act is to clarify that the intent of the legislature in enacting RCW 41.26.160, insofar as that section provides benefits to members or surviving spouses for deaths incurred in the line of duty, was to provide a statute in the nature of a workers' compensation act that provides compensation to employees or surviving spouses for personal injuries or deaths incurred in the course of employment. Accordingly, this act amends and divides RCW 41.26.160 into two separate sections. Section 2 of this act clarifies and emphasizes the leg-

islature's intent that the death benefits granted by RCW 41.26.160, as amended, are granted only to those members who die or become disabled by any injury or incapacity that is incurred in the line of duty. Section 3 of this act continues to provide death retirement benefits to members or surviving spouses for deaths not incurred in the line of duty." [1999 c 134 § 1.]

**41.26.435 Transfer of service credit from other retirement system—Enforcement officer for department of fish and wildlife.** (1) A member of plan 2 who was a member of the public employees' retirement system plan 2 or plan 3 while employed as an enforcement officer for the department of fish and wildlife has the option to make an election no later than December 31, 2009, filed in writing with the department of retirement systems, to transfer all service credit previously earned as an enforcement officer in the public employees' retirement system plan 2 or plan 3 to the law enforcement officers' and firefighters' retirement system plan 2. Service credit that a member elects to transfer from the public employees' retirement system to the law enforcement officers' and firefighters' retirement system under this section shall be transferred no earlier than June 30, 2014, and only after the member completes payment as provided in subsection (2) of this section.

(2)(a) A member who elects to transfer service credit under subsection (1) of this section shall make the payments required by this subsection prior to having service credit earned as an enforcement officer with the department of fish and wildlife under the public employees' retirement system plan 2 or plan 3 transferred to the law enforcement officers' and firefighters' retirement system plan 2.

(b) A member who elects to transfer service credit from the public employees' retirement system plan 2 under this subsection shall pay, for the applicable period of service, the difference between the contributions the employee paid to the public employees' retirement system plan 2 and the contributions that would have been paid by the employee had the employee been a member of the law enforcement officers' and firefighters' retirement system plan 2, plus interest on this difference as determined by the director. This payment must be made no later than June 30, 2014, and must be made prior to retirement.

(c) A member who elects to transfer service credit from the public employees' retirement system plan 3 under this subsection shall transfer to the law enforcement officers' and firefighters' retirement system plan 2, for the applicable period of service, the full balance of the member's defined

contribution account within plan 3 as of the effective date of the transfer. At no time will the member pay, for the applicable period of service, a sum less than the contributions that would have been paid by the employee had the employee been a member of the law enforcement officers' and firefighters' retirement system plan 2, plus interest as determined by the director. This transfer and any additional payment, if necessary, must be made no later than June 30, 2014, and must be made prior to retirement.

(d) Upon completion of the payment required in (b) of this subsection, the department shall transfer from the public employees' retirement system to the law enforcement officers' and firefighters' retirement system plan 2: (i) All of the employee's applicable accumulated contributions plus interest and all of the applicable employer contributions plus interest; and (ii) all applicable months of service, as defined in RCW 41.26.030(14)(b), credited to the employee under this chapter for service as an enforcement officer with the department of fish and wildlife as though that service was rendered as a member of the law enforcement officers' and firefighters' retirement system plan 2.

(e) Upon completion of the payment required in (c) of this subsection, the department shall transfer from the public employees' retirement system to the law enforcement officers' and firefighters' retirement system plan 2: (i) All of the employee's applicable accumulated contributions plus interest and all of the applicable employer contributions plus interest; and (ii) all applicable months of service, as defined in RCW 41.26.030(14)(b), credited to the employee under this chapter for service as an enforcement officer with the department of fish and wildlife as though that service was rendered as a member of the law enforcement officers' and firefighters' retirement system plan 2.

(f) If a member who elected to transfer pursuant to this section dies or retires for disability prior to June 30, 2014, the member's benefit is calculated as follows:

(i) All of the applicable service credit, accumulated contributions, and interest is transferred to the law enforcement officers' and firefighters' retirement system plan 2 and used in the calculation of a benefit.

(ii) If a member's obligation under (b) or (c) of this subsection has not been paid in full at the time of death or disability retirement, the member, or in the case of death the surviving spouse or eligible minor children, have the following options:

(A) Pay the bill in full;

(B) If a continuing monthly benefit is chosen, have the benefit actuarially reduced to reflect the amount of the unpaid obligation under (b) or (c) of this subsection; or

(C) Continue to make payment against the obligation under (b) or (c) of this subsection, provided that payment in full is made no later than June 30, 2014.

(g) Upon transfer of service credit, contributions, and interest under this subsection, the employee is permanently excluded from membership in the public employees' retirement system for all service related to time served as an enforcement officer with the department of fish and wildlife under the public employees' retirement system plan 2 or plan 3. [2009 c 157 § 1.]

**41.26.460 Options for payment of retirement allowances—Retirement allowance adjustment—Court-approved property settlement.** (1) Upon retirement for service as prescribed in RCW 41.26.430 or disability retirement under RCW 41.26.470, a member shall elect to have the retirement allowance paid pursuant to the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. However, if the retiree dies before the total of the retirement allowance paid to such retiree equals the amount of such retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse or domestic partner; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse or domestic partner, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a designated person. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2)(a) A member, if married or a domestic partner, must provide the written consent of his or her spouse or domestic partner to the option selected under this section, except as provided in (b) of this subsection. If a member is married or a domestic partner and both the member and member's spouse or domestic partner do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse or domestic partner as the beneficiary. Such benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal or domestic partner consent is not required as provided in (b) of this subsection.

(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal or domestic partner consent provisions of (a) of this subsection do not apply.

(3)(a) Any member who retired before January 1, 1996, and who elected to receive a reduced retirement allowance under subsection (1)(b) or (2) of this section is entitled to receive a retirement allowance adjusted in accordance with (b) of this subsection, if they meet the following conditions:

(i) The retiree's designated beneficiary predeceases or has predeceased the retiree; and

(ii) The retiree provides to the department proper proof of the designated beneficiary's death.

(b) The retirement allowance payable to the retiree, as of July 1, 1998, or the date of the designated beneficiary's death, whichever comes last, shall be increased by the percentage derived in (c) of this subsection.

(c) The percentage increase shall be derived by the following:

(i) One hundred percent multiplied by the result of (c)(ii) of this subsection converted to a percent;

(ii) Subtract one from the reciprocal of the appropriate joint and survivor option factor;

(iii) The joint and survivor option factor shall be from the table in effect as of July 1, 1998.

(d) The adjustment under (b) of this subsection shall accrue from the beginning of the month following the date of the designated beneficiary's death or from July 1, 1998, whichever comes last.

(4) No later than July 1, 2001, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a)(i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse or domestic partner from a postretirement marriage or domestic partnership as a survivor during a one-year period beginning one year after the date of the postretirement marriage or domestic partnership provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage or domestic partnership prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse or domestic partner as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a non-spouse or a person not their domestic partner as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(5) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who meets the length of service requirements of RCW 41.26.530(1) and the member's divorcing spouse or domestic partner be divided into two separate benefits payable over the life of each spouse or domestic partner.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried or in a domestic partnership at the time of retirement remains subject to the spousal or domestic partner consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into

two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse or former domestic partner shall be eligible to commence receiving their separate benefit upon reaching the ages provided in RCW 41.26.430(1) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse or domestic partner if the nonmember ex spouse or former domestic partner was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (4) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse or domestic partner shall be eligible to commence receiving their separate benefits upon filing a copy of the dissolution order with the department in accordance with RCW 41.50.670.

(c) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution. **41.26.470 Earned disability allowance—Cancellation of allowance—Reentry—Receipt of service credit while disabled—Conditions—Disposition upon death of recipient—Disabled in the line of duty—Total disability.** (1) A member of the retirement system who becomes totally incapacitated for continued employment by an employer as determined by the director shall be eligible to receive an allowance under the provisions of RCW 41.26.410 through 41.26.550. Such member shall receive a monthly disability allowance computed as provided for in RCW 41.26.420 and shall have such allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-three, except under subsection (7) of this section.

(2) Any member who receives an allowance under the provisions of this section shall be subject to such comprehensive medical examinations as required by the department. If such medical examinations reveal that such a member has recovered from the incapacitating disability and the member is no longer entitled to benefits under Title 51 RCW, the retirement allowance shall be canceled and the member shall be restored to duty in the same civil service rank, if any, held by the member at the time of retirement or, if unable to perform the duties of the rank, then, at the member's request, in such other like or lesser rank as may be or become open and available, the duties of which the member is then able to perform. In no event shall a member previously drawing a dis-

ability allowance be returned or be restored to duty at a salary or rate of pay less than the current salary attached to the rank or position held by the member at the date of the retirement for disability. If the department determines that the member is able to return to service, the member is entitled to notice and a hearing. Both the notice and the hearing shall comply with the requirements of chapter 34.05 RCW, the administrative procedure act.

(3) Those members subject to this chapter who became disabled in the line of duty on or after July 23, 1989, and who receive benefits under RCW 41.04.500 through 41.04.530 or similar benefits under RCW 41.04.535 shall receive or continue to receive service credit subject to the following:

(a) No member may receive more than one month's service credit in a calendar month.

(b) No service credit under this section may be allowed after a member separates or is separated without leave of absence.

(c) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.

(d) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

(e) State contributions shall be as provided in RCW 41.45.060 and 41.45.067.

(f) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred.

(g) The service and compensation credit under this section shall be granted for a period not to exceed six consecutive months.

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4)(a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient's death, then to the surviving spouse or domestic partner, or, if there is neither such designated person or persons still living at the time of his or her death nor a surviving spouse or domestic partner, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member's surviving spouse or, if there is no surviving spouse, then in equal shares to the member's children. If there is no surviving spouse or children, the department shall retain the contributions.

(5) Should the disability retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into service or retirement for service, he or she shall be paid the excess, if any, of the accumulated contributions at

the time of retirement over all payments made on his or her behalf under this chapter.

(6) A member who becomes disabled in the line of duty, and who ceases to be an employee of an employer except by service or disability retirement, may request a refund of one hundred fifty percent of the member's accumulated contributions. Any accumulated contributions attributable to restorations made under RCW 41.50.165(2) shall be refunded at one hundred percent. A person in receipt of this benefit is a retiree.

(7) A member who becomes disabled in the line of duty shall be entitled to receive a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five.

(8) A member who became disabled in the line of duty before January 1, 2001, and is receiving an allowance under RCW 41.26.430 or subsection (1) of this section shall be entitled to receive a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five, and shall have the allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-three. An additional benefit shall not result in a total monthly benefit greater than that provided in subsection (1) of this section.

(9) A member who is totally disabled in the line of duty is entitled to receive a retirement allowance equal to seventy percent of the member's final average salary. The allowance provided under this subsection shall be offset by:

(a) Temporary disability wage-replacement benefits or permanent total disability benefits provided to the member under Title 51 RCW; and

(b) Federal social security disability benefits, if any; so that such an allowance does not result in the member receiving combined benefits that exceed one hundred percent of the member's final average salary. However, the offsets shall not in any case reduce the allowance provided under this subsection below the member's accrued retirement allowance.

A member is considered totally disabled if he or she is unable to perform any substantial gainful activity due to a physical or mental condition that may be expected to result in death or that has lasted or is expected to last at least twelve months. Substantial gainful activity is defined as average earnings in excess of eight hundred sixty dollars a month in 2006 adjusted annually as determined by the director based on federal social security disability standards. The department may require a person in receipt of an allowance under this subsection to provide any financial records that are necessary to determine continued eligibility for such an allowance. A person in receipt of an allowance under this subsection whose earnings exceed the threshold for substantial gainful activity shall have their benefit converted to a line-of-duty disability retirement allowance as provided in subsection (7) of this section.

Any person in receipt of an allowance under the provisions of this section is subject to comprehensive medical

examinations as may be required by the department under subsection (2) of this section in order to determine continued eligibility for such an allowance. (2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The basic salary reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (7) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if the member makes the employer, member, and state contributions plus interest as determined by the department for the period of the authorized leave of absence within five years of resumption of service or prior to retirement whichever comes sooner.

(4) A law enforcement member may be authorized by an employer to work part time and to go on a part-time leave of absence. During a part-time leave of absence a member is prohibited from any other employment with their employer. A member is eligible to receive credit for any portion of service credit not earned during a month of part-time leave of absence if the member makes the employer, member, and

state contributions, plus interest, as determined by the department for the period of the authorized leave within five years of resumption of full-time service or prior to retirement whichever comes sooner. Any service credit purchased for a part-time leave of absence is included in the two-year maximum provided in subsection (3) of this section.

(5) If a member fails to meet the time limitations of subsection (3) or (4) of this section, the member may receive a maximum of two years of service credit during a member's working career for those periods when a member is on unpaid leave of absence authorized by an employer. This may be done by paying the amount required under RCW 41.50.165(2) prior to retirement.

(6) For the purpose of subsection (3) or (4) of this section the contribution shall not include the contribution for the unfunded supplemental present value as required by RCW 41.45.060, 41.45.061, and 41.45.067. The contributions required shall be based on the average of the member's basic salary at both the time the authorized leave of absence was granted and the time the member resumed employment.

(7) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(a) The member qualifies for service credit under this subsection if:

(i) Within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services; and

(ii) The member makes the employee contributions required under RCW 41.45.060, 41.45.061, and 41.45.067 within five years of resumption of service or prior to retirement, whichever comes sooner; or

(iii) Prior to retirement and not within ninety days of the member's honorable discharge or five years of resumption of service the member pays the amount required under RCW 41.50.165(2); or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service credit during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(b) Upon receipt of member contributions under (a)(ii), (d)(ii), or (e)(ii) of this subsection, or adequate proof under (a)(iv), (d)(iv), or (e)(iv) of this subsection, the department shall establish the member's service credit and shall bill the employer and the state for their respective contributions required under RCW 41.26.450 for the period of military service, plus interest as determined by the department.

(c) The contributions required under (a)(ii), (d)(iii), or (e)(iii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(d) The surviving spouse, domestic partner, or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under chapter 41.45 RCW within five years of the date of death or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to the distribution of any benefit, provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. If the deceased member made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005, the surviving spouse or eligible child or children may, prior to the distribution of any benefit and on a form provided by the department, request a refund of the funds standing to the deceased member's credit for up to five years of such service, and this amount shall be paid to the surviving spouse or children. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(e) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

(ii) The member provides to the director proof of honorable discharge from the uniformed services; and

(iii) The member pays the employee contributions required under chapter 41.45 RCW within five years of the director's determination of total disability or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds stand-

ing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service credit during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(8) A member receiving benefits under Title 51 RCW who is not receiving benefits under this chapter shall be deemed to be on unpaid, authorized leave of absence. **41.32.520 Payment on death before retirement or within sixty days following application for disability retirement—Military service.** (1) Except as specified in subsection (3) of this section, upon receipt of proper proofs of death of any member before retirement or before the first installment of his or her retirement allowance shall become due his or her accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, and/or other benefits payable upon his or her death shall be paid to his or her estate or to such persons, trust, or organization as he or she shall have nominated by written designation duly executed and filed with the department. If a member fails to file a new beneficiary designation subsequent to marriage, divorce, or reestablishment of membership following termination by withdrawal, lapsation, or retirement, payment of his or her accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, and/or other benefits upon death before retirement shall be made to the surviving spouse, if any; otherwise, to his or her estate. If a member had estab-

lished ten or more years of Washington membership service credit or was eligible for retirement, the beneficiary or the surviving spouse if otherwise eligible may elect, in lieu of a cash refund of the member's accumulated contributions, the following survivor benefit plan actuarially reduced, except under subsection (4) of this section, by the amount of any lump sum benefit identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670:

(a) A widow or widower, without a child or children under eighteen years of age, may elect a monthly payment of fifty dollars to become effective at age fifty, provided the member had fifteen or more years of Washington membership service credit. A benefit paid under this subsection (1)(a) shall terminate at the marriage of the beneficiary.

(b) The beneficiary, if a surviving spouse or a dependent (as that term is used in computing the dependent exemption for federal internal revenue purposes) may elect to receive a joint and one hundred percent retirement allowance under RCW 41.32.530.

(i) In the case of a dependent child the allowance shall continue until attainment of majority or so long as the department judges that the circumstances which created his or her dependent status continue to exist. In any case, if at the time dependent status ceases, an amount equal to the amount of accumulated contributions of the deceased member has not been paid to the beneficiary, the remainder shall then be paid in a lump sum to the beneficiary.

(ii) If at the time of death, the member was not then qualified for a service retirement allowance, the benefit shall be based upon the actuarial equivalent of the sum necessary to pay the accrued regular retirement allowance commencing when the deceased member would have first qualified for a service retirement allowance.

(2) If no qualified beneficiary survives a member, at his or her death his or her accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to his or her estate, or his or her dependents may qualify for survivor benefits under benefit plan (1)(b) in lieu of a cash refund of the members accumulated contributions in the following order: Widow or widower, guardian of a dependent child or children under age eighteen, or dependent parent or parents.

(3) If a member dies within sixty days following application for disability retirement under RCW 41.32.550, the beneficiary named in the application may elect to receive the benefit provided by:

(a) This section; or

(b) RCW 41.32.550, according to the option chosen under RCW 41.32.530 in the disability application.

(4) The retirement allowance of a member who is killed in the course of employment, as determined by the director of the department of labor and industries, or the retirement allowance of a member who has left the employ of an employer due to service in the national guard or military reserves and dies while honorably serving in the national guard or military reserves during a period of war as defined in RCW 41.04.005, is not subject to an actuarial reduction. **41.32.810 Service credit for paid leave of absence, officers of labor organizations, unpaid leave of absence, military service.** (1) A member who is on a paid leave of absence authorized by a member's employer shall continue to

receive service credit as provided for under the provisions of RCW 41.32.755 through 41.32.825.

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The earnable compensation reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (6) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if the member makes both the employer and member contributions plus interest as determined by the department for the period of the authorized leave of absence within five years of resumption of service or prior to retirement whichever comes sooner.

(4) If a member fails to meet the time limitations of subsection (3) of this section, the member may receive a maximum of two years of service credit during a member's working career for those periods when a member is on unpaid leave of absence authorized by an employer. This may be done by paying the amount required under RCW 41.50.165(2) prior to retirement.

(5) For the purpose of subsection (3) of this section, the contribution shall not include the contribution for the unfunded supplemental present value as required by \*RCW 41.32.775. The contributions required shall be based on the average of the member's earnable compensation at both the time the authorized leave of absence was granted and the time the member resumed employment.

(6) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(a) The member qualifies for service credit under this subsection if:

(i) Within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services; and

(ii) The member makes the employee contributions required under \*RCW 41.32.775 within five years of resumption of service or prior to retirement, whichever comes sooner; or

(iii) Prior to retirement and not within ninety days of the member's honorable discharge or five years of resumption of

service the member pays the amount required under RCW 41.50.165(2); or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service credit during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(b) Upon receipt of member contributions under (a)(ii), (d)(iii), or (e)(iii) of this subsection, or adequate proof under (a)(iv), (d)(iv), or (e)(iv) of this subsection, the department shall establish the member's service credit and shall bill the employer for its contribution required under \*RCW 41.32.775 for the period of military service, plus interest as determined by the department.

(c) The contributions required under (a)(ii), (d)(iii), or (e)(iii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(d) The surviving spouse or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under chapter 41.45 RCW within five years of the date of death or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to the distribution of any benefit, provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. If the deceased member made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005, the surviving spouse or eligible child or children may, prior to the distribution of any benefit and on a form provided by the department, request a refund of the funds standing to the deceased member's credit for up to five years of such service, and this amount shall be paid to the surviving spouse or children. (3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The compensation earnable reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if:

(a) The member makes both the plan 2 employer and member contributions plus interest as determined by the department for the period of the authorized leave of absence within five years of resumption of service or prior to retirement whichever comes sooner; or

(b) If not within five years of resumption of service but prior to retirement, pay the amount required under RCW 41.50.165(2).

The contributions required under (a) of this subsection shall be based on the average of the member's compensation earnable at both the time the authorized leave of absence was granted and the time the member resumed employment.

(4) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(a) The member qualifies for service credit under this subsection if:

(i) Within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services; and

(ii) The member makes the employee contributions required under RCW 41.45.061 and 41.45.067 within five years of resumption of service or prior to retirement, whichever comes sooner; or

(iii) Prior to retirement and not within ninety days of the member's honorable discharge or five years of resumption of service the member pays the amount required under RCW 41.50.165(2); or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service in a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(b) Upon receipt of member contributions under (a)(ii), (d)(iii), or (e)(iii) of this subsection, or adequate proof under (a)(iv), (d)(iv), or (e)(iv) of this subsection, the department shall establish the member's service credit and shall bill the employer for its contribution required under RCW 41.45.060, 41.45.061, and 41.45.067 for the period of military service, plus interest as determined by the department.

(c) The contributions required under (a)(ii), (d)(iii), or (e)(iii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(d) The surviving spouse or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased

member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under chapter 41.45 RCW within five years of the date of death or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to the distribution of any benefit, provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. If the deceased member made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005, the surviving spouse or eligible child or children may, prior to the distribution of any benefit and on a form provided by the department, request a refund of the funds standing to the deceased member's credit for up to five years of such service, and this amount shall be paid to the surviving spouse or eligible child or children. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(e) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

(ii) The member provides to the director proof of honorable discharge from the uniformed services; and

(iii) The member pays the employee contributions required under chapter 41.45 RCW within five years of the director's determination of total disability or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service credit during a period of war may receive no more than five years of free retirement system service credit under this subsection. If the surviving spouse who is receiving the retirement allowance dies leaving a child or children under the age of majority, then such child or children shall continue to receive an allowance in an amount equal to that which was being received by the surviving spouse, share and share alike, until such child or children reach the age of majority.

If there is no surviving spouse eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance, share and share alike. The allowance shall be calculated with the assumption that the age of the spouse and member were equal at the time of the member's death.

**41.45.010 Intent—Goals.** It is the intent of the legislature to provide a dependable and systematic process for funding the benefits provided to members and retirees of the public employees' retirement system, chapter 41.40 RCW; the teachers' retirement system, chapter 41.32 RCW; the law enforcement officers' and firefighters' retirement systems, chapter 41.26 RCW; the school employees' retirement system, chapter 41.35 RCW; the public safety employees' retirement system, chapter 41.37 RCW; and the Washington state patrol retirement system, chapter 43.43 RCW.

The funding process established by this chapter is intended to achieve the following goals:

(1) To fully fund the public employees' retirement system plans 2 and 3, the teachers' retirement system plans 2 and 3, the school employees' retirement system plans 2 and 3, the public safety employees' retirement system plan 2, and the law enforcement officers' and firefighters' retirement system plan 2 as provided by law;

(2) To fully amortize the total costs of the law enforcement officers' and firefighters' retirement system plan 1, not later than June 30, 2024;

(3) To fully amortize the unfunded actuarial accrued liability in the public employees' retirement system plan 1 and the teachers' retirement system plan 1 within a rolling ten-year period, using methods and assumptions that balance needs for increased benefit security, decreased contribution rate volatility, and affordability of pension contribution rates;

(4) To establish long-term employer contribution rates which will remain a relatively predictable proportion of the future state budgets; and

(5) To fund, to the extent feasible, all benefits for plan 2 and 3 members over the working lives of those members so that the cost of those benefits are paid by the taxpayers who receive the benefit of those members' service. (a) The growth in inflation assumption shall be 3.5 percent;

(b) The growth in salaries assumption, exclusive of merit or longevity increases, shall be 4.5 percent;

(c) The investment rate of return assumption shall be 8 percent; and

(d) The growth in system membership assumption shall be 1.25 percent for the public employees' retirement system, the public safety employees' retirement system, the school employees' retirement system, and the law enforcement officers' and firefighters' retirement system. The assumption shall be .90 percent for the teachers' retirement system.

(2) Beginning July 1, 2009, the growth in salaries assumption for the public employees' retirement system, the public safety employees' retirement system, the teachers' retirement system, the school employees' retirement system, plan 1 of the law enforcement officers' and firefighters' retirement system, and the Washington state patrol retirement system, exclusive of merit or longevity increases, shall be the sum of:

(a) The growth in inflation assumption in subsection (1)(a) of this section; and

(b) The productivity growth assumption of 0.5 percent.

(3)(a) Beginning with actuarial studies done after July 1, 2003, changes to plan asset values that vary from the long-term investment rate of return assumption shall be recognized in the actuarial value of assets over a period that varies up to eight years depending on the magnitude of the deviation of each year's investment rate of return relative to the long-term rate of return assumption. Beginning with actuarial studies

performed after July 1, 2004, the actuarial value of assets shall not be greater than one hundred thirty percent of the market value of assets as of the valuation date or less than seventy percent of the market value of assets as of the valuation date. Beginning April 1, 2004, the council, by affirmative vote of four councilmembers, may adopt changes to this asset value smoothing technique. Any changes adopted by the council shall be subject to revision by the legislature.

(b) The state actuary shall periodically review the appropriateness of the asset smoothing method in this section and recommend changes to the council as necessary. Any changes adopted by the council shall be subject to revision by the legislature. [2009 c 561 § 2; 2004 c 93 § 2; 2003 1st sp.s. c 11 § 1; 2001 2nd sp.s. c 11 § 6.]

(2) Not later than July 31, 2008, and every two years thereafter, consistent with the economic assumptions and asset value smoothing technique included in RCW 41.45.035 or adopted under RCW 41.45.030 or 41.45.035, the council shall adopt and may make changes to:

(a) A basic state contribution rate for the law enforcement officers' and firefighters' retirement system plan 1;

(b) Basic employer contribution rates for the public employees' retirement system, the teachers' retirement system, and the Washington state patrol retirement system; and

(c) Basic employer contribution rates for the school employees' retirement system and the public safety employees' retirement system for funding both those systems and the public employees' retirement system plan 1.

The council may adopt annual rate changes for any plan for any rate-setting period. The contribution rates adopted by the council shall be subject to revision by the legislature.

(3) The employer and state contribution rates adopted by the council shall be the level percentages of pay that are needed:

(4) The aggregate actuarial cost method shall be used to calculate a combined plan 2 and 3 normal cost, a Washington state patrol retirement system normal cost, and a public safety employees' retirement system normal cost.

(5) A modified entry age normal cost method, as set forth in this chapter, shall be used to calculate employer contributions to the public employees' retirement system plan 1 and the teachers' retirement system plan 1.

(6) The employer contribution rate for the public employees' retirement system and the school employees' retirement system shall equal the sum of:

(a) The amount required to pay the combined plan 2 and plan 3 normal cost for the system, subject to any minimum rates applied pursuant to RCW 41.45.155; plus

**41.45.0631 Washington state patrol retirement system—Contribution rate—Allocation of costs.** (1) The

allocation of costs between the employer and members of the Washington state patrol retirement system shall be made only after the application of any minimum total contribution rate that may be in effect for the system under subsection (4) of this section. For benefit improvements effective on or after July 1, 2007, costs shall be shared equally by members and the employer, and any cap on member contributions shall be adjusted accordingly. The member contribution rate shall be based on the adjusted total contribution rate described in subsection (2) of this section. Beginning July 1, 2007, the required member contribution rate for members of the Washington state patrol retirement system shall be the lesser of the following: (a) One-half of the adjusted total contribution rate for the system; or (b) seven percent, plus fifty percent of the contribution rate increase caused by any benefit improvements effective on or after July 1, 2007.

(2) The employer shall continue to pay for all costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006, until such costs are fully paid. In order to avoid charging members for these costs, the total required contribution rate shall be adjusted to exclude these costs. The result of the adjustment shall be the adjusted total contribution rate that is to be used to calculate the required member contribution rate.

(3) The employer rate shall be the contribution rate required to cover all total system costs that are not covered by the member contribution rate.

(4) Beginning July 1, 2009, a minimum total contribution rate is established for the Washington state patrol retirement system. The total Washington state patrol retirement system contribution rate may exceed, but may not drop below, the established minimum total contribution rate. From July 1, 2009, through June 30, 2011, the minimum total contribution rate shall equal the total contribution rate required to fund fifty percent of the Washington state patrol retirement system's normal cost as calculated under the entry age normal cost method. Beginning July 1, 2011, the minimum total contribution rate shall equal the total contribution rate required to fund seventy percent of the Washington state patrol retirement system's normal cost as calculated under the entry age normal cost method. This minimum rate, when applicable, shall be collected in addition to any contribution rate required to amortize any unfunded costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006.

(5) Upon completion of each biennial actuarial valuation, the state actuary shall review the appropriateness of this minimum total contribution rate and recommend to the council any adjustments as may be needed. Any changes adopted by the council shall be subject to revision by the legislature. [2009 c 561 § 7. Prior: 2007 c 300 § 1; 2007 c 280 § 5; 2006 c 94 § 2; 2001 c 329 § 11.]

**41.50.110 Expenses of administration paid from department of retirement systems expense fund—Administrative expense fee.** (1) Except as provided by RCW 41.50.255 and subsection (6) of this section, all expenses of the administration of the department, the expenses of administration of the retirement systems, and the expenses of the administration of the office of the state actuary created in chapters 2.10, 2.12, 41.26, 41.32, 41.40, 41.34, 41.35, 41.37, 43.43, and 44.44 RCW shall be paid from the department of retirement systems expense fund.

(2) In order to reimburse the department of retirement systems expense fund on an equitable basis the department shall ascertain and report to each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, 41.37.010, or 41.40.010, the sum necessary to defray its proportional share of the entire expense of the administration of the retirement system that the employer participates in during the ensuing biennium or fiscal year whichever may be required. Such sum is to be computed in an amount directly proportional to

the estimated entire expense of the administration as the ratio of monthly salaries of the employer's members bears to the total salaries of all members in the entire system. It shall then be the duty of all such employers to include in their budgets or otherwise provide the amounts so required.

(3) The department shall compute and bill each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, 41.37.010, or 41.40.010, at the end of each month for the amount due for that month to the department of retirement systems expense fund and the same shall be paid as are its other obligations. Such computation as to each employer shall be made on a percentage rate of salary established by the department. However, the department may at its discretion establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter.

(4) The director may adjust the expense fund contribution rate for each system at any time when necessary to reflect unanticipated costs or savings in administering the department.

(5) An employer who fails to submit timely and accurate reports to the department may be assessed an additional fee related to the increased costs incurred by the department in processing the deficient reports. Fees paid under this subsection shall be deposited in the retirement system expense fund.

(a) Every six months the department shall determine the amount of an employer's fee by reviewing the timeliness and accuracy of the reports submitted by the employer in the preceding six months. If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(c) The department shall adopt rules implementing this section.

(6) Expenses other than those under RCW 41.34.060(3) shall be paid pursuant to subsection (1) of this section.

(7) During the 2007-2009 and 2009-2011 fiscal biennia, the legislature may transfer from the department of retirement systems' expense fund to the state general fund such amounts as reflect the excess fund balance of the fund. **42.17.530 Political advertising or electioneering communication—Libel or defamation per se.** (1) It is a violation of this chapter for a person to sponsor with actual malice a statement constituting libel or defamation per se under the following circumstances:

(a) Political advertising or an electioneering communication that contains a false statement of material fact about a candidate for public office;

(b) Political advertising or an electioneering communication that falsely represents that a candidate is the incumbent for the office sought when in fact the candidate is not the incumbent;

(c) Political advertising or an electioneering communication that makes either directly or indirectly, a false claim stating or implying the support or endorsement of any person or organization when in fact the candidate does not have such support or endorsement.

(2) For the purposes of this section, "libel or defamation per se" means statements that tend (a) to expose a living person to hatred, contempt, ridicule, or obloquy, or to deprive him or her of the benefit of public confidence or social intercourse, or to injure him or her in his or her business or occupation, or (b) to injure any person, corporation, or association in his, her, or its business or occupation.

(3) It is not a violation of this section for a candidate or his or her agent to make statements described in subsection (1)(a) or (b) of this section about the candidate himself or herself because a person cannot defame himself or herself. It is not a violation of this section for a person or organization referenced in subsection (1)(c) of this section to make a statement about that person or organization because such persons and organizations cannot defame themselves.

(4) Any violation of this section shall be proven by clear and convincing evidence. If a violation is proven, damages are presumed and do not need to be proven. [2009 c 222 § 2; 2005 c 445 § 10; 1999 c 304 § 2; 1988 c 199 § 2; 1984 c 216 § 3.]

[2009 RCW Supp—page 752]

**Intent—Findings—2009 c 222:** "(1) The concurring opinion of the Washington state supreme court in *Rickert v. State, Public Disclosure Commission*, 161 Wn.2d 843, 168 P. 3d 826 (2007) found the statute that prohibits persons from sponsoring, with actual malice, political advertising and electioneering communications about a candidate containing false statements of material fact to be invalid under the First Amendment to the United States Constitution because it posed no requirement that the prohibited statements be defamatory.

(2) It is the intent of the legislature to amend chapter 42.17 RCW to find that a violation of state law occurs if a person sponsors false statements about candidates in political advertising and electioneering communications when the statements are made with actual malice and are defamatory.

(3) The legislature finds that in such circumstances damages are presumed and do not need to be established when such statements are made with actual malice in political advertising and electioneering communications and constitute libel or defamation per se. The legislature finds that incumbents, challengers, voters, and the political process will benefit from vigorous political debate that is not made with actual malice and is not defamatory.

(4) The legislature finds that when such defamatory statements contain a false statement of material fact about a candidate for public office they expose the candidate to contempt, ridicule, or reproach and can deprive the candidate of the benefit of public confidence, or prejudice him or her in his or her profession, trade, or vocation. The legislature finds that when such statements falsely represent that a candidate is the incumbent for the office sought when in fact the candidate is not the incumbent they deprive the actual incumbent and the candidates of the benefit of public confidence and injure the actual incumbent in the ability to effectively serve as an elected official. The legislature further finds that defamatory statements made by an incumbent regarding the incumbent's challenger may deter individuals from seeking public office and harm the democratic process. Further, the legislature finds that when such statements make, either directly or indirectly, a false claim stating or implying the support or endorsement of any person or organization when in fact the candidate does not have such support or endorsement, they deprive the person or organization of the benefit of public confidence and/or will expose the person or organization to contempt, ridicule, or reproach, or injure the person or organization in their business or occupation.

(5) The legislature finds that defamatory statements, made with actual malice, damage the integrity of elections by distorting the electoral process. Democracy is premised on an informed electorate. To the extent such defamatory statements misinform the voters, they interfere with the process upon which democracy is based. Such defamatory statements also lower the quality of campaign discourse and debate, and lead or add to voter alienation by fostering voter cynicism and distrust of the political process." [2009 c 222 § 1.]

**Finding—Intent—1999 c 304:** "(1) The Washington supreme court in a case involving a ballot measure, *State v. 119 Vote No! Committee*, 135 Wn.2d 618 (1998), found the statute that prohibits persons from sponsoring, with actual malice, political advertising containing false statements of material fact to be invalid under the First Amendment to the United States Constitution.

(2) The legislature finds that a review of the opinions indicates that a majority of the supreme court may find valid a statute that limited such a prohibition on sponsoring with actual malice false statements of material fact in a political campaign to statements about a candidate in an election for public office.

(3) It is the intent of the legislature to amend the current law to provide protection for candidates for public office against false statements of material fact sponsored with actual malice." [1999 c 304 § 1.]

[2009 c 549 § 5021; 1967 ex.s. c 41 § 1.]

**43.06.155 Health care reform deliberations—Principles—Policies.** (1) The following principles shall provide guidance to the state of Washington in its health care reform deliberations:

(a) **Guarantee choice.** Provide the people of Washington state with a choice of health plans and physicians, including health plans offered through the private insurance market and public programs, for those who meet eligibility standards. People will be allowed to keep their own doctor and their employer-based health plan.

(b) **Make health coverage affordable.** Reduce waste and fraud, high administrative costs, unnecessary tests and services, and other inefficiencies that drive up costs with no added health benefits.

(c) **Protect families' financial health.** Reduce the growing premiums and other costs that the people of Washington state pay for health care. People must be protected from bankruptcy due to catastrophic illness.

(d) **Invest in prevention and wellness.** Invest in public health measures proven to reduce cost drivers in our system, such as obesity, sedentary lifestyles, and smoking, as well as guarantee access to proven preventive treatments.

(e) **Provide portability of coverage.** People should not be locked into their job just to secure health coverage, and no American should be denied coverage because of preexisting conditions.

(f) **Aim for universality.** Building on the work of the blue ribbon commission and other state health care reform initiatives and recognizing the current economic climate, the state will partner with national health care reform efforts toward a goal of enabling all Washingtonians to have access to affordable, effective health care by 2014 as economic conditions and national reforms indicate.

(g) **Improve patient safety and quality care.** Ensure the implementation of proven patient safety measures and provide incentives for changes in the delivery system to reduce unnecessary variability in patient care. Support the widespread use of health information technology with rigorous privacy protections and the development of data on the effec-

tiveness of medical interventions to improve the quality of care delivered.

(h) **Maintain long-term fiscal sustainability.** Any reform plan must pay for itself by reducing the level of cost growth, improving productivity, dedicating additional sources of revenue, and defining the appropriate role of the private and public sectors in financing health care coverage in Washington state.

(2) Over the past twenty years, both the private and public health care sectors in the state of Washington have implemented policies that are consistent with the principles in subsection (1) of this section. Most recently, the governor's blue ribbon commission on health reform agreed to recommendations that are highly consistent with those principles. Current policies in Washington state in accord with those principles include:

(a) With respect to aiming for universality and access to a choice of affordable health care plans and health care providers:

(i) The Washington basic health plan offers affordable health coverage to low-income families and individuals in Washington state through a choice of private managed health care plans and health care providers;

(ii) Apple health for kids will achieve its dual goals that every child in Washington state have health care coverage by 2010 and that the health status of children in Washington state be improved. Only four percent of children in Washington state lack health insurance, due largely to efforts to expand coverage that began in 1993;

(iii) Through the health insurance partnership program, Washington state has designed the infrastructure for a health insurance exchange for small employers that would give employers and employees a choice of private health benefit plans and health care providers, offer portability of coverage and provide a mechanism to offer premium subsidies to low-wage employees of these employers;

(iv) Purchasers, insurance carriers, and health care providers are working together to significantly reduce health care administrative costs. These efforts have already produced efficiencies, and will continue through the activities provided in \*Second Substitute Senate Bill No. 5346, if enacted by the 2009 legislature; and

(v) Over one hundred thousand Washingtonians have enrolled in the state's discount prescription drug card program, saving consumers over six million dollars in prescription drug costs since February 2007, with an average discount of twenty-two dollars or forty-three percent of the price of each prescription filled.

(b) With respect to improving patient safety and quality of care and investing in prevention and wellness, the public and private health care sectors are engaged in numerous nationally recognized efforts:

(i) The Puget Sound health alliance is a national leader in identifying evidence-based health care practices, and reporting to the public on health care provider performance with respect to these practices. Many of these practices address disease prevention and management of chronic illness;

(ii) The Washington state health technology assessment program and prescription drug program use medical evidence and independent clinical advisors to guide the purchasing of

clinically and cost-effective health care services by state-purchased health care programs;

(iii) Washington state's health record bank pilot projects are testing a new model of patient controlled electronic health records in three geographic regions of the state. The state has also provided grants to a number of small provider practices to help them implement electronic health records;

(iv) Efforts are underway to ensure that the people of Washington state have a medical home, with primary care providers able to understand their needs, meet their care needs effectively, better manage their chronic illnesses, and coordinate their care across the health care system. These efforts include group health cooperative of Puget Sound's medical home projects, care collaboratives sponsored by the state department of health, state agency chronic care management pilot projects, development of apple health for kids health improvement measures as indicators of children having a medical home, and implementation of medical home reimbursement pilot projects under \*\*Substitute Senate Bill No. 5891, if enacted by the 2009 legislature; and

(v) Health care providers, purchasers, the state, and private quality improvement organizations are partnering to undertake numerous patient safety efforts, including hospital and ambulatory surgery center adverse events reporting, with root cause analysis to identify actions to be undertaken to prevent further adverse events; reporting of hospital acquired infections and undertaking efforts to reduce the rate of these infections; developing a surgical care outcomes assessment program that includes a presurgery checklist to reduce medical errors; and developing a patient decision aid pilot to more fully inform patients of the risks and benefits of treatment alternatives, decrease unnecessary procedures and variation in care, and provide increased legal protection to physicians whose patients use a patient decision aid to provide informed consent. [2009 c 545 § 2.]

**Reviser's note:** \*(1) Second Substitute Senate Bill No. 5346 became chapter 298, Laws of 2009.

\*\*\*(2) Substitute Senate Bill No. 5891 became chapter 305, Laws of 2009.

**Findings—2009 c 545:** "The legislature finds that the principles for health care reform articulated by the president of the United States in his proposed federal fiscal year 2010 budget to the congress of the United States provide an opportunity for the state of Washington to be both a partner with, and a model for, the federal government in its health care reform efforts. The legislature further finds that the recommendations of the 2007 blue ribbon commission on health care costs and access are consistent with these principles." [2009 c 545 § 1.]

All receipts from real estate excise tax disbursements provided under RCW 82.45.060 must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes provided in this section.

(2) Funds deposited in the city-county assistance account must be distributed equally to the cities and counties.

(3)(a) Funds distributed to counties must, to the extent possible, increase the sum of revenues under RCW 82.14.030(1) and streamlined sales tax mitigation funds received by each county to the greater of two hundred fifty thousand dollars or:

(i) For a county with an unincorporated population of one hundred thousand or less, seventy percent of the state-wide weighted average per capita level of sales and use tax revenues received under RCW 82.14.030(1) with respect to taxable activity in the unincorporated areas of all counties

imposing the sales and use tax authorized under RCW 82.14.030(1) in the previous calendar year, for certifications before October 1, 2009, or the previous fiscal year, for certifications on and after October 1, 2009; and

(ii) For a county with an unincorporated population of more than one hundred thousand, sixty-five percent of the statewide weighted average per capita level of sales and use tax revenues received under RCW 82.14.030(1) with respect to taxable activity in the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) in the previous calendar year, for certifications before October 1, 2009, or the previous fiscal year, for certifications on and after October 1, 2009.

(b) For each county with an unincorporated population of fifteen thousand or less, the county must receive the greater of the amount in (a) of this subsection or the amount received in local government assistance provided by section 716, chapter 276, Laws of 2004.

(c) For each county with an unincorporated population of more than fifteen thousand and less than twenty-two thousand, the county must receive in calendar year 2006 and 2007 the greater of the amount provided in (a) of this subsection or the amount received in local government assistance provided by section 716, chapter 276, Laws of 2004.

(d) To the extent that revenues are insufficient to fund the distributions under this subsection, the distributions of all counties as otherwise determined under this subsection must be ratably reduced.

(e) To the extent that revenues exceed the amounts needed to fund the distributions under this subsection, the excess funds must be divided ratably based upon unincorporated population among those counties receiving funds under this subsection and imposing the tax authorized under RCW 82.14.030(2) at the maximum rate.

(4)(a) For each city with a population of five thousand or less with a per capita assessed property value less than twice the statewide average per capita assessed property value for all cities for the calendar year previous to the certification under subsection (6) of this section, the city must receive the greater of the following three amounts:

(i) An amount necessary to increase the sum of revenues under RCW 82.14.030(1) and streamlined sales tax mitigation funds received by a city up to fifty-five percent of the statewide weighted average per capita level of sales and use tax revenues received under RCW 82.14.030(1) with respect to taxable activity in all cities imposing the sales and use tax authorized under RCW 82.14.030(1) in the previous calendar year, for certifications before October 1, 2009, or the previous fiscal year, for certifications on and after October 1, 2009.

(ii) The amount received in local government assistance provided for fiscal year 2005 by section 721, chapter 25, Laws of 2003 1st sp. sess.

(iii) For a city with a per capita assessed property value less than fifty-five percent of the statewide average per capita assessed property value for all cities, an amount determined by subtracting the city's per capita assessed property value from fifty-five percent of the statewide average per capita assessed property value, dividing that amount by one thousand, and multiplying the result by the city's population.

(b) For each city with a population of more than five thousand with a per capita assessed property value less than the statewide average per capita assessed property value for all cities for the calendar year previous to the certification under subsection (6) of this section, the city must receive the greater of the following two amounts:

(i) An amount necessary to increase the sum of revenues under RCW 82.14.030(1) and streamlined sales tax mitigation funds received by a city up to fifty percent of the statewide weighted average per capita level of sales and use tax revenues received under RCW 82.14.030(1) with respect to taxable activity in all cities imposing the sales and use tax authorized under RCW 82.14.030(1) in the previous calendar year, for certifications before October 1, 2009, or the previous fiscal year, for certifications on and after October 1, 2009.

(ii) For a city with a per capita assessed property value less than fifty-five percent of the statewide average per capita assessed property value for all cities, an amount determined by subtracting the city's per capita assessed property value from fifty-five percent of the statewide average per capita assessed property value, dividing that amount by one thousand, and multiplying the result by the city's population.

(c) No city may receive an amount greater than one hundred thousand dollars a year under (a) or (b) of this subsection.

(d) To the extent that revenues are insufficient to fund the distributions under this subsection, the distributions of all cities as otherwise determined under this subsection must be ratably reduced.

(e) To the extent that revenues exceed the amounts needed to fund the distributions under this subsection, the excess funds must be divided ratably based upon population among those cities receiving funds under this subsection and imposing the tax collected under RCW 82.14.030(2) at the maximum rate.

(f) This subsection only applies to cities incorporated before August 1, 2005.

(5) The two hundred fifty thousand dollar amount in subsection (3) of this section and the one hundred thousand dollar amount in subsection (4) of this section must be increased each year beginning in calendar year 2006 by inflation as defined in RCW 84.55.005, as determined by the department of revenue.

(6)(a) Distributions under subsections (3) and (4) of this section must be made quarterly beginning on October 1, 2005, based on population as last determined by the office of financial management. The department of revenue must certify the amounts to be distributed under this section by the state treasurer. The certification must be made by October 1, 2005, for the October 1, 2005, distribution and the January 1, 2006, distribution, based on calendar year 2004 department of revenue distributions of sales and use taxes authorized under RCW 82.14.030(1). The certification must be made by March 1, 2006, for distributions beginning April 1, 2006, by March 1, 2007, for distributions beginning April 1, 2007, and by March 1, 2008, for distributions beginning April 1, 2008. The March 1st certification must be used for distributions occurring on April 1st, July 1st, and October 1st of the year of certification and on January 1st of the year following certification.

(b) By March 1, 2009, the department of revenue must certify the amounts to be distributed under this section on April 1, 2009, July 1, 2009, and October 1, 2009. The certification must be based on calendar year 2008 department of revenue distributions of sales and use taxes authorized under RCW 82.14.030(1), and the population as last determined by the office of financial management.

(c) By October 1, 2009, the department of revenue must certify the amounts to be distributed under this section on January 1, 2010, April 1, 2010, July 1, 2010, and October 1, 2010. The certification must be based on department of revenue distributions in fiscal year 2009 of sales and use taxes authorized under RCW 82.14.030(1), streamlined sales tax mitigation data for mitigation distributions authorized under RCW 82.14.495 made December 2008 through September 2009, and population as last determined by the office of financial management.

(d) By September 1, 2010, and September 1st of every year thereafter, the department of revenue must make available a preliminary certification of the amounts to be distributed under this section on January 1st, April 1st, July 1st, and October 1st of the year immediately following certification. By October 1, 2010, and October 1st of every year thereafter, the department must finalize the certification. Once finalized, no changes may be made to the certification for any reason. Certifications must be based on distributions of sales and use taxes imposed under RCW 82.14.030(1) made by the department of revenue in the fiscal year that ended during the calendar year of certification, streamlined sales tax mitigation data for mitigation distributions authorized under RCW 82.14.495 made in the fiscal year that ended during the calendar year of certification, and population as last determined by the office of financial management.

(7) All distributions to local governments from the city-county assistance account constitute increases in state distributions of revenue to political subdivisions for purposes of state reimbursement for the costs of new programs and increases in service levels under RCW 43.135.060, including any claims or litigation pending against the state on or after January 1, 2005.

(8) As used in this section, "streamlined sales tax mitigation funds" means an amount determined by the department of revenue equal to the actual mitigation distribution amount under RCW 82.14.495 received by a jurisdiction in four consecutive calendar quarters, less the mitigation distribution amount that would have been received by the jurisdiction during the same four calendar quarters had mitigation been calculated without the local sales tax authorized under RCW 82.14.030(1). If the difference is a negative amount or if a jurisdiction does not receive any mitigation distribution during the applicable four calendar quarters, then "streamlined sales tax mitigation funds" is zero. **Findings—Intent—2005 c 319:** "The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state's transportation agencies in order to improve efficiency and accountability. The legislature also finds that continued citizen oversight of the state's transportation system remains an important priority. To achieve these purposes, the legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official. Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking. Finally, consolidating public outreach and auditing of the state's transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight." #### 43.19.642 Biodiesel fuel blends—Use by agencies—

**Biannual report.** (1) Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

(2) Effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

(3) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file biannual reports with the department of general administration documenting the use of the fuel and a description of how any problems encountered were resolved.

(4) For the 2009-2011 fiscal biennium, the Washington state ferries is required to use a minimum of five percent biodiesel as compared to total volume of all diesel purchases made by the Washington state ferries for the operation of the Washington state ferries diesel-powered vessels so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent. If the per gallon price of diesel containing a five percent biodiesel blend level exceeds the per gallon price of diesel by more than five percent, the requirements of this section do not apply to vessel fuel purchases by the Washington state ferries.

(5) By December 1, 2009, the department of general administration shall:

(a) Report to the legislature on the average true price differential for biodiesel by blend and location; and

(b) Examine alternative fuel procurement methods that work to address potential market barriers for in-state biodiesel producers and report these findings to the legislature. [2009 c 470 § 716; 2007 c 348 § 201; 2006 c 338 § 10; 2003 c 17 § 2.]

**Findings—2003 c 17:** "The legislature recognizes that:

(1) Biodiesel is less polluting than petroleum diesel;

(2) Using biodiesel in neat form or blended with petroleum diesel significantly reduces air toxics and cancer-causing compounds as well as the soot associated with petroleum diesel exhaust;

(3) Biodiesel degrades much faster than petroleum diesel;

(4) Biodiesel is less toxic than petroleum fuels;

(5) The United States environmental protection agency's new emission standards for petroleum diesel that take effect June 1, 2006, will require the addition of a lubricant to ultra-low sulfur diesel to counteract premature wear of injection pumps;

(6) Biodiesel provides the needed lubricity to ultra-low sulfur diesel;

(7) Biodiesel use in state-owned diesel-powered vehicles provides a means for the state to comply with the alternative fuel vehicle purchase requirements of the energy policy act of 1992, P.L. 102-486; and

(8) The state is in a position to set an example of large scale use of biodiesel in diesel-powered vehicles and equipment." [2003 c 17 § 1.]

#### 43.19.648 Publicly owned vehicles, vessels, and construction equipment—Fuel usage—Tires.

(1) Effective June 1, 2015, all state agencies and local government subdivisions of the state, to the extent determined practicable by the rules adopted by the department of community, trade, and economic development pursuant to RCW 43.325.080, are required to satisfy one hundred percent of their fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel.

(2) In order to phase in this transition for the state, all state agencies, to the extent determined practicable by the department of community, trade, and economic development by rules adopted pursuant to RCW 43.325.080, are required to achieve forty percent fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel by June 1, 2013. The department of general administration, in consultation with the department of community, trade, and economic development, shall report to the governor and the legislature by December 1, 2013, on what percentage of the state's fuel usage is from electricity or biofuel.

(3) Except for cars owned or operated by the Washington state patrol, when tires on vehicles in the state's motor vehicle fleet are replaced, they must be replaced with tires that have the same or better rolling resistance as the original tires.

(4) By December 31, 2015, the state must, to the extent practicable, install electrical outlets capable of charging electric vehicles in each of the state's fleet parking and maintenance facilities.

(5) The department of transportation's obligations under subsection (2) of this section are subject to the availability of amounts appropriated for the specific purpose identified in subsection (2) of this section.

(6) The department of transportation's obligations under subsection (4) of this section are subject to the availability of amounts appropriated for the specific purpose identified in subsection (4) of this section unless the department receives federal or private funds for the specific purpose identified in subsection (4) of this section.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540. Sec. 6962(e) as it exists on July 1, 2001, are adopted as the minimum standards for the state of Washington. These standards shall be implemented for at least the products listed in this subsection, unless the director finds that a different standard would significantly increase recycled product availability or competition.

- (a) Organic recovered materials;
- (b) Latex paint products;
- (c) Products for lower value uses containing recycled plastics;
- (d) Retread and remanufactured tires;
- (e) Lubricating oils;
- (f) Automotive batteries;
- (g) Building products and materials;
- (h) Panelboard; and
- (i) Compost products.

(2) By July 1, 2001, the director shall adopt product standards for strawboard manufactured using as an ingredient straw that is produced as a by-product in the production of cereal grain or turf or grass seed and product standards for products made from strawboard.

(3) The standards required by this section shall be applied to recycled product purchasing by the department, other state agencies, and state postsecondary educational institutions. The standards may be adopted or applied by any other local government in product procurement. The standards shall provide for exceptions under appropriate circumstances to allow purchases of recycled products that do not meet the minimum content requirements of the standards. [2009 c 356 § 3; 2001 c 77 § 1; 1996 c 198 § 1; 1995 c 269 § 1406; 1991 c 297 § 3.]

State agencies are encouraged to give priority to purchasing from companies that produce paper in facilities that generate energy from a renewable energy source.

(2) State agencies that utilize office printers and copiers that, after reasonable attempts, cannot be calibrated to utilize such paper referenced in subsection (1) of this section, must for those models of equipment:

(a) Purchase paper at the highest recycled content that can be utilized efficiently by the copier or printer;

(b) At the time of lease renewal or at the end of the life-cycle, either lease or purchase a model that will efficiently utilize one hundred percent recycled content white cut sheet bond paper;

(3) Printed projects that require the use of high volume production inserters or high-speed digital devices, such as those used by the state printer, department of information services, and the department of general administration, are not required to meet the one hundred percent recycled content white cut sheet bond paper standard, but must utilize the highest recycled content that can be utilized efficiently by such equipment and not impede the business of agencies.

(4) The state printer, department of general administration, and department of information services shall work together to identify for use by agencies one hundred percent recycled paper products that process efficiently through high-speed production equipment and do not impede the business of agencies. [2009 c 356 § 2.]

The strategy shall include purchases from public works contracts. The strategy shall address the purchase of plastic products, retread and remanufactured tires, motor vehicle lubricants, latex paint, and lead acid batteries having recycled content. In addition, the strategy shall incorporate actions to achieve the following purchase level goals of compost products:

Compost products as a percentage of the total dollar amount on an annual basis:

- (1) At least forty percent by 1996;

**Effective date—2009 c 495:** "Except for section 9 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 14, 2009]." [2009 c 495 § 17.]

**Captions and part headings not law—2007 c 343:** See RCW 70.118B.900.

**Findings—1993 c 492:** "The legislature finds that our health and financial security are jeopardized by our ever increasing demand for health care and by current health insurance and health system practices. Current health system practices encourage public demand for unneeded, ineffective, and sometimes dangerous health treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total health care expenditure rates should be sufficient to provide access to essential health care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without health insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate health insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for health insurance and remain competitive in a global economy, and that individuals,

the poor, and small businesses bear an inequitable health insurance burden.

The legislature finds that persons of color have significantly higher rates of mortality and poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than the general population. It is intended that chapter 492, Laws of 1993 make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for health care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in health care treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed." [1993 c 492 § 101.]

**Intent—1993 c 492:** "(1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonhealth care businesses.

(2) The legislature intends that:

(a) Total health services costs be stabilized and kept within rates of increase similar to the rates of personal income growth within a publicly regulated, private marketplace that preserves personal choice;

(b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and clinical efficaciousness;

(c) State residents be able to choose health services from the full range of health care providers, as defined in RCW 43.72.010(12), in a manner consistent with good health services management, quality assurance, and cost effectiveness;

(d) Individuals and businesses have the option to purchase any health services they may choose in addition to those included in the uniform benefits package or supplemental benefits;

(e) All state residents, businesses, employees, and government participate in payment for health services, with total costs to individuals on a sliding scale based on income to encourage efficient and appropriate utilization of services;

(f) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans operating within budget limits and other regulations that promote the public good; and

(g) A policy of coordinating the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter 492, Laws of 1993.

(3) Accordingly, the legislature intends that chapter 492, Laws of 1993 provide both early implementation measures and a process for overall reform of the health services system." [1993 c 492 § 102.]

#### 43.20.240 Public water systems—Complaint process.

(1) The department shall have primary responsibility among state agencies to receive complaints from persons aggrieved by the failure of a public water system. If the remedy to the complaint is not within the jurisdiction of the department, the department shall refer the complaint to the state or local agency that has the appropriate jurisdiction. The department shall take such steps as are necessary to inform other state agencies of their primary responsibility for such complaints and the implementing procedures.

(2) Each county shall designate a contact person to the department for the purpose of receiving and following up on complaint referrals that are within county jurisdiction. In the absence of any such designation, the county health officer shall be responsible for performing this function.

(3) The department and each county shall establish procedures for providing a reasonable response to complaints received from persons aggrieved by the failure of a public water system.

(4) The department and each county shall use all reasonable efforts to assist customers of public water systems in obtaining a dependable supply of water at all times. The availability of resources and the public health significance of the complaint shall be considered when determining what constitutes a reasonable effort.

(5) The department shall, in consultation with local governments, water utilities, water-sewer districts, public utility districts, and other interested parties, develop a booklet or other single document that will provide to members of the public the following information:

(a) A summary of state and local law regarding the obligations of public water systems in providing drinking water supplies to their customers;

(2) The investigation may include an examination of state and national criminal identification data. The secretary shall use the information solely for the purpose of determining the character, suitability, and competence of these applicants.

(3) Except as provided in subsection (4) of this section, an individual provider or home care agency provider who has resided in the state less than three years before applying for employment involving unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must be fingerprinted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110. If the person elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from having unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, then the secretary shall deny payment for any subsequent services rendered by the disqualified individual provider.

(7) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose. [2009 c 580 § 5; 2001 c 296 § 5; 2000 c 87 § 2; 1999 c 336 § 7; 1997 c 392 § 525; 1993 c 210 § 1; 1989 c 334 § 13; 1986 c 269 § 1.]

**Effective date—2009 c 564:** See note following RCW 2.68.020.

**Findings—Intent—2005 c 464:** See note following RCW 88.02.050.

**43.21A.690 Cost-reimbursement agreements.** (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing.

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

- (a) The estimated number of weeks for initial review of the permit application;
- (b) The estimated number of revision cycles;
- (c) The estimated number of weeks for review of subsequent revision submittals;
- (d) The estimated number of billable hours of employee time;
- (e) The rate per hour; and
- (f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. [2009 c 97 § 8; 2007 c 94 § 10; 2003 c 70 § 1; 2000 c 251 § 2.]

**Intent—2000 c 251:** "It is the intent of the legislature to allow applicants for environmental permits for complex projects to compensate permitting agencies for providing environmental review through the voluntary negotiation of cost-reimbursement agreements with the permitting agency. It is the further intent of the legislature that cost-reimbursement agreements for complex projects free permitting agency resources to focus on the review of small projects permits." [2000 c 251 § 1.]

**Captions not law—2000 c 251:** "Captions used in this act are not any part of the law." [2000 c 251 § 8.]

**Effective date—2000 c 251:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 31, 2000]." [2000 c 251 § 9.]

#### 43.21C.010 Purposes.

The purposes of this chapter are: (1) To declare a state policy which will encourage productive and enjoyable harmony between humankind and the environment; (2) to promote efforts which will prevent or eliminate damage to the environment and biosphere; (3) and [to] stimulate the health and welfare of human beings; and (4) to enrich the understanding of the ecological systems and natural resources important to the state and nation. [2009 c 549 § 5095; 1971 ex.s. c 109 § 1.]

**43.21C.020 Legislative recognitions—Declaration—Responsibility.** (1) The legislature, recognizing that a human being depends on biological and physical surroundings for food, shelter, and other needs, and for cultural enrichment as well; and recognizing further the profound impact of a human being's activity on the interrelations of all components of the natural environment, particularly the profound influences of population growth, high-density urbanization, industrial expansion, resource utilization and exploitation, and new and expanding technological advances and recognizing further the critical importance of restoring and maintaining environmental quality to the overall welfare and development of human beings, declares that it is the continuing policy of the state of Washington, in cooperation with federal and local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to: (a) Foster and promote the general welfare; (b) create and maintain conditions under which human beings and nature can exist in productive harmony; and (c) fulfill the social, economic, and other requirements of present and future generations of Washington citizens.

(2) In order to carry out the policy set forth in this chapter, it is the continuing responsibility of the state of Washington and all agencies of the state to use all practicable means, consistent with other essential considerations of state policy, to improve and coordinate plans, functions, programs, and resources to the end that the state and its citizens may:

(a) Fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(b) Assure for all people of Washington safe, healthful, productive, and aesthetically and culturally pleasing surroundings;

(c) Attain the widest range of beneficial uses of the environment without degradation, risk to health or safety, or other undesirable and unintended consequences;

(d) Preserve important historic, cultural, and natural aspects of our national heritage;

(e) Maintain, wherever possible, an environment which supports diversity and variety of individual choice;

(f) Achieve a balance between population and resource use which will permit high standards of living and a wide sharing of life's amenities; and

(g) Enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources.

(3) The legislature recognizes that each person has a fundamental and inalienable right to a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment. [2009 c 549 § 5096; 1971 ex.s. c 109 § 2.]

**43.21C.410 Battery charging and exchange station installation.** (1) The installation of individual battery charging stations and battery exchange stations, which individually are categorically exempt under the rules adopted under RCW 43.21C.110, may not be disqualified from such categorically exempt status as a result of their being parts of a larger proposal that includes other such facilities and related utility networks under the rules adopted under RCW 43.21C.110.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540. ### INTEGRATED CLIMATE CHANGE RESPONSE STRATEGY

43.21M.010 Development of strategy—Central clearinghouse—Collaboration.  
43.21M.020 Requirements of strategy—Initial climate change response strategy.  
43.21M.030 Assistance with developing strategy.  
43.21M.040 Incorporation of adaptation plans of action by state agencies.  
43.21M.900 Findings—2009 c 519.

**43.21M.010 Development of strategy—Central clearinghouse—Collaboration.** (1) The departments of ecology, agriculture, community, trade, and economic development, fish and wildlife, natural resources, and transportation shall develop an integrated climate change response strategy to better enable state and local agencies, public and private businesses, nongovernmental organizations, and individuals to prepare for, address, and adapt to the impacts of climate change. The integrated climate change response strategy should be developed, where feasible and consistent with the direction of the strategy, in collaboration with local government agencies with climate change preparation and adaptation plans.

(2) The department of ecology shall serve as a central clearinghouse for relevant scientific and technical information about the impacts of climate change on Washington's ecology, economy, and society, as well as serve as a central convener for the development of vital programs and necessary policies to help the state adapt to a rapidly changing climate.

(3) The department of ecology shall consult and collaborate with the departments of fish and wildlife, agriculture, community, trade, and economic development, natural resources, and transportation in developing an integrated climate change response strategy and plans of action to prepare for and adapt to climate change impacts. [2009 c 519 § 10.]

**43.21M.020 Requirements of strategy—Initial climate change response strategy.** (1) The integrated climate change response strategy should address the impact of and adaptation to climate change, as well as the regional capacity to undertake actions, existing ecosystem and resource management concerns, and health and economic risks. In addition, the departments of ecology, agriculture, community, trade, and economic development, fish and wildlife, natural resources, and transportation should include a range of sce-

narios for the purposes of planning in order to assess project vulnerability and, to the extent feasible, reduce expected risks and increase resiliency to the impacts of climate change.

(2)(a) By December 1, 2011, the department of ecology shall compile an initial climate change response strategy, including information and data from the departments of fish and wildlife, agriculture, community, trade, and economic development, natural resources, and transportation that: Summarizes the best known science on climate change impacts to Washington; assesses Washington's vulnerability to the identified climate change impacts; prioritizes solutions that can be implemented within and across state agencies; and identifies recommended funding mechanisms and technical and other essential resources for implementing solutions.

(b) The initial strategy must include:

(i) Efforts to identify priority planning areas for action, based on vulnerability and risk assessments;

(ii) Barriers challenging state and local governments to take action, such as laws, policies, regulations, rules, and procedures that require revision to adequately address adaptation to climate change;

(iii) Opportunities to integrate climate science and projected impacts into planning and decision making; and

(iv) Methods to increase public awareness of climate change, its projected impacts on the community, and to build support for meaningful adaptation policies and strategies. [2009 c 519 § 11.]

**43.21M.030 Assistance with developing strategy.** The departments of ecology, agriculture, community, trade, and economic development, fish and wildlife, natural resources, and transportation may consult with qualified nonpartisan experts from the scientific community as needed to assist with developing an integrated climate change response strategy. The qualified nonpartisan experts from the scientific community may assist the department of ecology on the following components:

(1) Identifying the timing and extent of impacts from climate change;

(2) Assessing the effects of climate variability and change in the context of multiple interacting stressors or impacts;

(3) Developing forecasting models;

(4) Determining the resilience of the environment, natural systems, communities, and organizations to deal with potential or actual impacts of climate change and the vulnerability to which a natural or social system is susceptible to sustaining damage from climate change impacts; and

(5) Identifying other issues, as determined by the department of ecology, necessary to develop policies and actions for the integrated climate change response strategy. [2009 c 519 § 12.]

**43.21M.040 Incorporation of adaptation plans of action by state agencies.** State agencies shall strive to incorporate adaptation plans of action as priority activities when planning or designing agency policies and programs. Agencies shall consider: The integrated climate change response strategy when designing, planning, and funding infrastructure projects; and incorporating natural resource adaptation

actions and alternative energy sources when designing and planning infrastructure projects. [2009 c 519 § 13.]

**43.21M.900 Findings—2009 c 519.** The legislature finds that in chapter 14, Laws of 2008, the legislature established greenhouse gas emission reduction limits for Washington state, including a reduction of overall emissions by 2020 to emission levels in 1990, a reduction by 2035 to levels twenty-five percent below 1990 levels, and by 2050 a further reduction below 1990 levels. Based upon estimated 2006 emission levels in Washington, this will require a reduction from present emission levels of over twenty-five percent in the next eleven years. The legislature further finds that state government activities are a significant source of emissions, and that state government should meet targets for reducing emissions from its buildings, vehicles, and all operations that demonstrate that these reductions are achievable, cost-effective, and will help to promote innovative energy efficiency technologies and practices. [2009 c 519 § 1.]

**43.30.305 Natural resources equipment fund—Authorized—Purposes—Expenditure.** A revolving fund in the custody of the state treasurer, to be known as the natural resources equipment fund, is hereby created to be expended by the department without appropriation solely for the purchase of equipment, machinery, and supplies for the use of the department and for the payment of the costs of repair and maintenance of such equipment, machinery, and supplies. During the 2007-2009 fiscal biennium the legislature may transfer such amounts as represent the excess balance of the fund to the state general fund. [2009 c 564 § 1809; 2005 c 518 § 928; 2003 c 334 § 120; 1965 c 8 § 43.30.280. Prior: 1963 c 141 § 1. Formerly RCW 43.30.280.]

**Intent—2003 c 334:** See note following RCW 79.02.010.

**43.30.385 Park land trust revolving fund.** (1) The park land trust revolving fund is to be utilized by the department for the purpose of acquiring real property, including all reasonable costs associated with these acquisitions, as a replacement for the property transferred to the state parks and recreation commission, as directed by the legislature in order to maintain the land base of the affected trusts or under RCW 79.22.060 and to receive voluntary contributions for the purpose of operating and maintaining public use and recreation facilities, including trails, managed by the department. Proceeds from transfers of real property to the state parks and recreation commission or other proceeds identified from transfers of real property as directed by the legislature shall be deposited in this fund. Disbursement from the park land trust revolving fund to acquire replacement property and for operating and maintaining public use and recreation facilities shall be on the authorization of the department. The proceeds from real property transferred or disposed under RCW 79.22.060 must be solely used to purchase replacement forest land, that must be actively managed as a working forest, within the same county as the property transferred or disposed. In order to maintain an effective expenditure and revenue control, the park land trust revolving fund is subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

(2) The department is authorized to solicit and receive voluntary contributions for the purpose of operating and maintaining public use and recreation facilities, including trails, managed by the department. The department may seek voluntary contributions from individuals and organizations for this purpose. Voluntary contributions will be deposited into the park land trust revolving fund and used solely for the purpose of public use and recreation facilities operations and maintenance. Voluntary contributions are not considered a fee for use of these facilities. [2009 c 354 § 9; 2004 c 103 § 1; 2003 c 334 § 106; 2000 c 148 § 4; 1995 c 211 § 5. Formerly RCW 43.30.115.]

**Finding—Intent—2009 c 354:** See note following RCW 84.33.140.

**Intent—2003 c 334:** See note following RCW 79.02.010.

**Findings—Intent—Effective date—Severability—1995 c 211:** See notes following RCW 79A.05.070.

**43.30.490 Cost-reimbursement agreements.** (1) The department may enter into a written cost-reimbursement agreement with a permit or lease applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, establishment of development units and approval or establishment of pooling agreements under chapter 78.52 RCW, including necessary technical studies, permit or lease processing, and monitoring for permit compliance.

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

- (a) The estimated number of weeks for initial review of the permit application;
- (b) The estimated number of revision cycles;

(c) The estimated number of weeks for review of subsequent revision submittals;

(d) The estimated number of billable hours of employee time;

(e) The rate per hour; and

(f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit or lease applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant or proponent shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit or lease. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits or leases, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. [2009 c 97 § 9. Prior: 2007 c 188 § 1; 2007 c 94 § 11; 2003 c 70 § 2; 2000 c 251 § 3. Formerly RCW 43.30.420.]

**Severability—Effective date—2007 c 341:** See RCW 90.71.906 and 90.71.907.

**Intent—Captions not law—Effective date—2000 c 251:** See notes following RCW 43.21A.690.

**43.30.835 Forest biomass demonstration projects.**

(1) The department may develop and implement forest biomass energy demonstration projects, one east of the crest of the Cascade mountains and one west of the crest of the Cascade mountains. The demonstration projects must be designed to:

(a) Reveal the utility of Washington's public and private forest biomass feedstock;

(b) Create green jobs and generate renewable energy;

(c) Generate revenues or improve asset values for beneficiaries of state lands and state forest lands;

(d) Improve forest health, reduce pollution, and restore ecological function; and

(e) Avoid interfering with the current working area for forest biomass collection surrounding an existing fixed location biomass energy production site.

(2) To develop and implement the forest biomass energy demonstration projects, the department may form forest biomass energy partnerships or cooperatives.

(3) The forest biomass energy partnerships or cooperatives are encouraged to be public-private partnerships focused on convening the entities necessary to grow, harvest, process, transport, and utilize forest biomass to generate renewable energy. Particular focus must be given to recruiting and employing emerging technologies that can locally process forest biomass feedstock to create local green jobs and reduce transportation costs.

(4) The forest biomass energy partnerships or cooperatives may include, but are not limited to: Entrepreneurs or organizations developing and operating emerging technology to process forest biomass; industrial electricity producers; contractors capable of providing the local labor needed to collect, process, and transport forest biomass feedstocks; tribes; federal land management agencies; county, city, and other local governments; the department of community, trade, and economic development; state trust land managers; an organization dedicated to protecting and strengthening the jobs, rights, and working conditions of Washington's working families; accredited research institution representatives; an industrial timber land manager; a small forest landowner; and a not-for-profit conservation organization. [2009 c 163 § 2.]

**Findings—Intent—2009 c 163:** "The legislature finds that forest biomass is an abundant and renewable byproduct of Washington's forest land management. Forest biomass can be utilized to generate clean renewable energy.

In some Washington forests, residual forest biomass is burned on site or left to decompose. The lack of forest products markets in some areas means that standing forest biomass removed for forest health and wildfire risk reduction treatments must occur at substantial cost. Utilizing forest biomass to generate energy can reduce the greenhouse gases emitted by burning forest biomass.

The legislature further finds that the emerging forest biomass energy economy is challenged by: Not having a reliable supply of predictably priced forest biomass feedstock; shipping and processing costs; insufficient forest biomass processing infrastructure; and feedstock demand.

The legislature finds that making use of the state's forest biomass resources for energy production may generate new revenues or increase asset values of state lands and state forest lands, protect forest land of all ownerships from severe forest health problems, stimulate Washington's economy, create green jobs, and reduce Washington's dependence on foreign oil.

It is the intent of the legislature to support forest biomass demonstration projects that employ promising processing technologies. The demonstration projects must emphasize public and private forest biomass feedstocks that are generated as byproducts of current forest practices. The project must reveal ways to overcome the current impediments to the developing forest biomass energy economy, and ways to realize ecologically sustainable outcomes from that development." [2009 c 163 § 1.]

**43.30.8351 Progress report.** By December 2010, the department shall provide a progress report to the legislature regarding its efforts to develop, implement, and evaluate forest biomass energy demonstration projects and any other department initiatives related to forest biomass. The report may include an evaluation of:

(1) The status of the department's abilities to secure funding, partners, and other resources for the forest biomass energy demonstration projects;

(2) The status of the biomass energy demonstration projects resulting from the department's efforts;

(3) The status and, if applicable, additional needs of forest landowners within the demonstration project areas for estimating sustainable forest biomass yields and availability;

(4) Forest biomass feedstock supply and forest biomass market demand barriers, and how they can best be overcome including actions by the legislature and United States congress; and

(5) Sustainability measures that may be instituted by the state to ensure that an increasing demand for forest biomass feedstocks does not impair public resources or the ecological conditions of forests. [2009 c 163 § 3.]

**Findings—Intent—2009 c 163:** See note following RCW 43.30.835.

**43.30.840 Grants or financing.** For the purposes of implementing chapter 163, Law of 2009, the department may seek grants or financing from the federal government, industry, or philanthropists. [2009 c 163 § 4.]

**Findings—Intent—2009 c 163:** See note following RCW 43.30.835.

**43.31.455 SEED act—Definitions.** The definitions in this section apply throughout RCW 43.31.450 through 43.31.475 unless the context clearly requires otherwise.

(1) "Department" means the department of commerce.

(2) "Director" means the director of the department of commerce.

(3) "Foster youth" means a person who is fifteen years of age or older who is a dependent of the department of social and health services; or a person who is at least fifteen years of age, but not more than twenty-three years of age, who was a dependent of the department of social and health services for at least twenty-four months after attaining thirteen years of age.

(5) "Low-income individual" means a person whose household income is equal to or less than either:

(a) Eighty percent of the median family income, adjusted for household size, for the county or metropolitan statistical area where the person resides; or

(b) Two hundred percent of the federal poverty guidelines updated periodically in the federal register by the United States department of health and human services under the authority of 42 U.S.C. 9902(2).

[2009 c 565 § 28; 2005 c 402 § 3.]

#### 43.31.522 Marketplace program—Definitions.

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 43.31.524:

(1) "Department" means the department of commerce.

(2) "Director" means the director of commerce.

(3) "Local nonprofit organization" means a local nonprofit organization organized to provide economic development or community development services, including but not limited to associate development organizations, economic development councils, and community development corporations. [2009 c 565 § 29; 2005 c 136 § 17; 1993 c 280 § 46; 1990 c 57 § 2; 1989 c 417 § 2.]

**Savings—Effective date—2005 c 136:** See notes following RCW 43.168.020.

**Effective date—Severability—1993 c 280:** See RCW 43.330.902 and 43.330.903.

**Finding—1990 c 57; 1989 c 417:** "The legislature finds and declares that substantial benefits in increased employment and business activity can be obtained by assisting businesses in identifying opportunities to purchase the goods and services they need from Washington state suppliers rather than from out-of-state suppliers and in identifying new markets for Washington state firms to provide goods and services. The replacement of out-of-state imports with services and manufactured goods produced in-state can be an important source of economic growth in a local community especially in rural areas. Businesses in the state are often unaware that goods and services they purchase from out-of-state suppliers are available from in-state firms with substantial advantages in responsiveness, service, and price. Increasing the economic partnerships between businesses in Washington state can build bridges between urban and rural communities and can result in the identification of additional opportunities for successful economic development initiatives. Providing additional information to businesses regarding in-state sources of goods and services can be a particularly valuable component of revitalization strategies in economically distressed areas. The legislature finds and declares that it is the policy of the state to strengthen the economies of local communities by increasing the economic partnerships between in-state businesses and creating programs to assist businesses in identifying in-state sources of goods and services, and in addition to identify new markets for Washington firms to provide goods and services." [1990 c 57 § 1; 1989 c 417 § 1.]

**Severability—1989 c 417:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 417 § 15.]

**43.31.800 State international trade fairs—"Director" defined.** "Director" as used in RCW \*43.31.790 through 43.31.850 and \*\*67.16.100 means the director of commerce. [2009 c 565 § 30; 1993 c 280 § 52; 1987 c 195 § 4; 1965 c 148 § 2.]

**Reviser's note:** \*(1) RCW 43.31.790 was repealed by 1993 c 280 § 82, effective July 1, 1994.

\*\* (2) RCW 67.16.100 was amended by 1998 c 345 § 5, removing the reference to "director."

**Effective date—Severability—1993 c 280:** See RCW 43.330.902 and 43.330.903.

**43.31.970 Electric vehicle infrastructure.** The department of community, trade, and economic development must distribute to local governments model ordinances, model

development regulations, and guidance for local governments for siting and installing electric vehicle infrastructure, and in particular battery charging stations, and appropriate handling, recycling, and storage of electric vehicle batteries and equipment, when available. The model ordinances, model development regulations, and guidance must be developed by a federal or state agency, or nationally recognized organizations with specific expertise in land-use regulations or electric vehicle infrastructure. [2009 c 459 § 18.]

**43.41.398 Enhanced salary allocation model for educator development and certification—Technical working group—Report and recommendation.**

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of financial management shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

(a) How to reduce the number of tiers within the existing salary allocation model;

(b) How to account for labor market adjustments;

(c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;

(d) The role of and types of bonuses available;

(e) Ways to accomplish salary equalization over a set number of years; and

(f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

(a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;

(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and

(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by December 1, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary. Within three months of receiving the list, the K-12 data governance group shall develop and transmit to the education data center a feasibility analysis of obtaining or improving the data, including the steps required, estimated time frame, and the financial and other resources that would be required. Based on the analysis, the education data center shall submit, if necessary, a recommendation to the legislature regarding any statutory changes or resources that would be needed to collect or improve the data;

(e) Monitor and evaluate the education data collection systems of the organizations and agencies represented in the education data center ensuring that data systems are flexible, able to adapt to evolving needs for information, and to the extent feasible and necessary, include data that are needed to conduct the analyses and provide answers to the research and policy questions identified in (a) of this subsection;

**43.42.005 Findings—Intent.** (1) The legislature finds that: The health and safety of its citizens and environment are of vital interest to the state's long-term quality of life; Washington state is a national leader in protecting its environment; and Washington state has a vibrant and diverse economy that is dependent on the state maintaining high environmental standards. Further, the legislature finds that a complex and confusing network of environmental and land use laws and business regulations can create obstacles to sustainable growth.

It is the intent of the legislature to promote accountability, timeliness, and predictability for citizens, business, and state, federal, and local permitting agencies, and to provide information and assistance on the regulatory process through the creation of the office of regulatory assistance in the governor's office.

(2) The office of regulatory assistance is created to work to continually improve the function of environmental and business regulatory processes by identifying conflicts and overlap in the state's rules, statutes, and operational practices; the office is to provide project proponents and business owners with active assistance for all permitting, licensing,

and other regulatory procedures required for completion of specific projects; and the office is to ensure that citizens, businesses, and local governments have access to, and clear information regarding, regulatory processes for permitting and business regulation, including state rules, permit and license requirements, and agency rule-making processes.

(3) The legislature declares that the purpose of this chapter is to provide direction and practical resources for improving the regulatory process and for assistance through regulatory processes on individual projects in furtherance of the state's goals of governmental transparency and accountability.

(4) The legislature intends that establishing an office of regulatory assistance will provide these services without abrogating or limiting the authority of any agency to make decisions on permits, licenses, regulatory requirements, or agency rule making. The legislature further intends that the office of regulatory assistance shall have authority to provide services but shall not have any authority to make decisions on permits. [2009 c 97 § 1; 2007 c 94 § 1; 2003 c 71 § 1; 2002 c 153 § 1.]

(3) The outcome of the project scoping shall be documented in writing, furnished to the project proponent, and be made available to the public.

(4) The project scoping shall be completed prior to the passage of sixty days of the project proponent's request for a project scoping unless the director finds that better results can be obtained by delaying the project scoping meeting or meetings to ensure full participation.

(5) Upon completion of the project scoping, the participating permit agencies shall proceed under their respective authorities. The agencies may remain in communication with the office as needed.

(6) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020. [2009 c 97 § 5; 2007 c 94 § 6; 2003 c 54 § 4; 2002 c 153 § 6.]

**Sunset Act application:** See note following RCW 43.42.005.

**43.42.060 Fully coordinated permit process—Requirements—Procedure.** (1) A project proponent may submit a written request to the director of the office for participation in a fully coordinated permit process. Designation as a fully coordinated project requires that:

(a) The project proponent enters into a cost-reimbursement agreement pursuant to RCW 43.42.070;

(b) The project has a designation under chapter 43.157 RCW; or

(c) The director determine that (i)(A) the project raises complex coordination, permit processing, or substantive permit review issues; or (B) if completed, the project would provide substantial benefits to the state; and (ii) the office, as well as the participating permit review agencies, have sufficient capacity within existing resources to undertake the full coordination process without reimbursement and without seriously affecting other services.

(2) A project proponent who requests designation as a fully coordinated permit process project must provide the office with a full description of the project. The office may request any information from the project proponent that is necessary to make the designation under this section, and may convene a scoping meeting or a work plan meeting of the likely participating permit agencies.

(3) When a project is designated for the fully coordinated permit process, the office shall serve as the main point of contact for the project proponent and participating agencies with regard to the permit process for the project as a whole. The office shall keep an up-to-date project management log and schedule illustrating required procedural steps in the permitting process, and highlighting substantive issues as appropriate that must be resolved in order for the project to move forward. In carrying out these responsibilities, the office shall:

(a) Ensure that the project proponent has been informed of all the information needed to apply for the permits that are included in the coordinated permit process;

(b) Coordinate the timing of review for those permits by the respective participating permit agencies;

(c) Facilitate communication between project proponents, consultants, and agency staff to promote timely permit decisions;

(d) Assist in resolving any conflict or inconsistency among the permit requirements and conditions that are expected to be imposed by the participating permit agencies; and

(e) Make contact, at least once, with any local, tribal, or federal jurisdiction that is responsible for issuing a permit for the project and invite them to participate in the coordinated permit process or to receive periodic updates in the project.

(4) Within thirty days, or longer with agreement of the project proponent, of the date that the office designates a project for the fully coordinated permit process, it shall convene a work plan meeting with the project proponent and the participating permit agencies to develop a coordinated permit process schedule. The meeting agenda shall include at least the following:

(a) Review of the permits that are required for the project;

(b) A review of the permit application forms and other application requirements of the agencies that are participating in the coordinated permit process;

(c) An estimation of the timelines that will be used by each participating permit agency to make permit decisions, including the estimated time periods required to determine if the permit applications are complete and to review or respond to each application or submittal of new information.

(i) The estimation must also include the estimated number of revision cycles for the project, or the typical number of revision cycles for projects of similar size and complexity.

(ii) In the development of this timeline, full attention shall be given to achieving the maximum efficiencies possible through concurrent studies and consolidated applications, hearings, and comment periods.

(iii) Estimated action or response times for activities of the office that are required before or trigger further action by a participant must also be included;

(d) Available information regarding the timing of any public hearings that are required to issue permits for the project and a determination of the feasibility of coordinating or consolidating any of those required public hearings; and

(e) A discussion of fee arrangements for the coordinated permit process, including an estimate of the costs allowed by statute, any reimbursable agency costs, and billing schedules, if applicable.

(5) Each agency shall send at least one representative qualified to discuss the applicability and timelines associated with all permits administered by that agency or jurisdiction. At the request of the project proponent, the office shall notify any relevant local or federal agency or federally recognized Indian tribe of the date of the meeting and invite that agency's participation in the process.

(6) Any accelerated time period for the consideration of a permit application shall be consistent with any statute, rule, or regulation, or adopted state policy, standard, or guideline

that requires the participation of other agencies, federally recognized Indian tribes, or interested persons in the application process.

(7) If a permit agency or the project proponent foresees, at any time, that it will be unable to meet the estimated timelines or other obligations under the agreement, it shall notify the office of the reasons for the problem and offer potential solutions or an amended timeline for resolving the problem. The office shall notify the participating permit agencies and the project proponent and, upon agreement of all parties, adjust the schedule, or, if necessary, schedule another work plan meeting.

(8) The project proponent may withdraw from the coordinated permit process by submitting to the office a written request that the process be terminated. Upon receipt of the request, the office shall notify each participating permit agency that a coordinated permit process is no longer applicable to the project. [2009 c 421 § 8; 2009 c 97 § 6; 2007 c 94 § 7; 2003 c 54 § 5; 2002 c 153 § 7.]

**Reviser's note:** This section was amended by 2009 c 97 § 6 and by 2009 c 421 § 8, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Sunset Act application:** See note following RCW 43.42.005.

**Effective date—2009 c 421:** See note following RCW 43.157.005.

**43.42.070 Cost-reimbursement agreements.** (1) The office may enter into cost-reimbursement agreements with a project proponent to recover from the project proponent the reasonable costs incurred by the office in carrying out the provisions of RCW 43.42.050. The agreement shall include the permit agencies that are participating in the cost-reimbursement project and carrying out permit processing tasks referenced in the agreement.

(2) The office shall maintain policies or guidelines for coordinating cost-reimbursement agreements with participating agencies, project proponents, and outside independent consultants. Policies or guidelines must ensure that, in developing cost-reimbursement agreements, conflicts of interest are eliminated. Contracts with independent consultants hired by the office under this section must be based on competitive bids that are awarded for each agreement from a prequalified consultant roster.

(3) For fully coordinated permit processes, the office shall coordinate the negotiation of all cost-reimbursement agreements executed under RCW 43.21A.690, 43.30.490, 43.70.630, 43.300.080, and 70.94.085. The office, project proponent, and the permit agencies shall be signatories to the agreement or agreements. Each permit agency shall manage performance of its portion of the agreement. Independent consultants hired under a cost-reimbursement agreement shall report directly to the hiring office or permit agency. Any cost-reimbursement agreement must require that final decisions are made by the permit agency and not by a hired consultant.

(4) For a fully coordinated project using cost reimbursement, the office and participating permit agencies shall include a cost-reimbursement work plan, including deliverables and schedules for invoicing and reimbursement in the fully coordinated project work plan described in RCW 43.42.060. Upon request, the office shall verify that the

agencies have met the obligations contained in the cost-reimbursement work plan and agreement. The cost-reimbursement agreement shall identify the tasks of each agency and the maximum costs for work conducted under the agreement. The agreement must include a schedule that states:

(a) The estimated number of weeks for initial review of the permit application for comparable projects;

(b) The anticipated number of revision cycles;

(c) The estimated number of weeks for review of subsequent revision submittals;

(d) The estimated number of billable hours of employee time;

(e) The rate per hour; and

(f) A process for revision of the agreement if necessary.

(5) If a permit agency or the project proponent foresees, at any time, that it will be unable to meet its obligations under the cost-reimbursement agreement and fully coordinated project work plan, it shall notify the office and state the reasons, along with proposals for resolving the problems and potentially amending the timelines. The office shall notify the participating permit agencies and the project proponent and, upon agreement of all parties, adjust the schedule, or, if necessary, coordinate revision of the cost-reimbursement agreement and fully coordinated project work plan. [2009 c 97 § 7; 2007 c 94 § 8; 2003 c 70 § 7; 2002 c 153 § 8.]

**Sunset Act application:** See note following RCW 43.42.005.

**43.42.902 Authority of participating permit agency retained.** This chapter shall not be construed to limit or abridge the powers and duties granted to a participating permit agency under the law that authorizes or requires the agency to issue a permit for a project. Each participating permit agency shall retain its authority to make all decisions on all nonprocedural matters with regard to the respective component permit that is within its scope of its responsibility including, but not limited to, the determination of permit application completeness, permit approval or approval with conditions, or permit denial. The office may not substitute its judgment for that of a participating permit agency on any such nonprocedural matters. [2009 c 97 § 13.]

[2009 c 108 § 1.]

**43.43.040 Disability of patrol officers.** (1) The chief of the Washington state patrol shall relieve from active duty Washington state patrol officers who, while in the performance of their official duties, or while on standby or available for duty, have been or hereafter may be injured or incapacitated to such an extent as to be mentally or physically incapable of active service: PROVIDED, That:

(a) Any officer disabled while performing line duty who is found by the chief to be physically incapacitated shall be placed on disability leave for a period not to exceed six months from the date of injury or the date incapacitated. During this period, the officer shall be entitled to all pay, benefits, insurance, leave, and retirement contributions awarded to an officer on active status, less any compensation received through the department of labor and industries. No such disability leave shall be approved until an officer has been unavailable for duty for more than forty consecutive work hours. Prior to the end of the six-month period, the chief shall either place the officer on disability status or return the officer to active status.

For the purposes of this section, "line duty" is active service which encompasses the traffic law enforcement duties and/or other law enforcement responsibilities of the state patrol. These activities encompass all enforcement practices of the laws, accident and criminal investigations, or actions requiring physical exertion or exposure to hazardous elements.

The chief shall define by rule the situations where a disability has occurred during line duty;

(b) Benefits under this section for a disability that is incurred while in other employment will be reduced by any amount the officer receives or is entitled to receive from

workers' compensation, social security, group insurance, other pension plan, or any other similar source provided by another employer on account of the same disability;

(c) An officer injured while engaged in willfully tortious or criminal conduct shall not be entitled to disability benefits under this section; and

(d) Should a disability beneficiary whose disability was not incurred in line of duty, prior to attaining age fifty, engage in a gainful occupation, the chief shall reduce the amount of his or her retirement allowance to an amount which when added to the compensation earned by him or her in such occupation shall not exceed the basic salary currently being paid for the rank the retired officer held at the time he or she was disabled. All such disability beneficiaries under age fifty shall file with the chief every six months a signed and sworn statement of earnings and any person who shall knowingly swear falsely on such statement shall be subject to prosecution for perjury. Should the earning capacity of such beneficiary be further altered, the chief may further alter his or her disability retirement allowance as indicated above. The failure of any officer to file the required statement of earnings shall be cause for cancellation of retirement benefits.

(2) Officers on disability status shall receive one-half of their compensation at the existing wage, during the time the disability continues in effect, less any compensation received through the department of labor and industries. They shall be subject to mental or physical examination at any state institution or otherwise under the direction of the chief of the patrol at any time during such relief from duty to ascertain whether or not they are able to resume active duty. [2009 c 549 § 5122; 1998 c 194 § 1; 1987 c 185 § 17; 1981 c 165 § 1; 1973 2nd ex.s. c 20 § 1; 1965 c 8 § 43.43.040. Prior: 1947 c 174 § 1; 1943 c 215 § 1; RRS § 6362-65.]

**Severability—1981 c 165:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 165 § 2.]

**Effective date—1981 c 165:** "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect January 1, 1981." [1981 c 165 § 3.]

**43.43.110 Reinstatement on acquittal.** If as a result of any trial board hearing, or review proceeding, an officer complained of is found not guilty of the charges against him or her, he or she shall be immediately reinstated to his or her former position, and be reimbursed for any loss of salary suffered by reason of the previous disciplinary action. [2009 c 549 § 5123; 1965 c 8 § 43.43.110. Prior: 1943 c 205 § 7; Rem. Supp. 1943 § 6362-72.]

(1) A Washington state patrol retirement fund is hereby established for members of the Washington state patrol which shall include funds created and placed under the management of a retirement board for the payment of retirement allowances and other benefits under the provisions hereof.

(2) Any employee of the Washington state patrol, upon date of commissioning, shall be eligible to participate in the retirement plan and shall start contributing to the fund immediately. Any employee of the Washington state patrol employed by the state of Washington or any of its political subdivisions prior to August 1, 1947, unless such service has been credited in another public retirement or pension system operating in the state of Washington shall receive full credit for such prior service but after that date each new commissioned employee must automatically participate in the fund. If a member shall terminate service in the patrol and later reenter, he or she shall be treated in all respects as a new employee.

(3)(a) A member who reenters or has reentered service within ten years from the date of his or her termination, shall upon completion of six months of continuous service and upon the restoration of all withdrawn contributions, plus interest as determined by the director, which restoration must be completed within five years after resumption of service, be returned to the status of membership he or she earned at the time of termination.

(b) A member who does not meet the time limitations for restoration under (a) of this subsection, may restore the service credit destroyed by the withdrawn contributions by paying the amount required under RCW 41.50.165(2) prior to retirement.

(4)(a) An employee of the Washington state patrol who becomes a member of the retirement system after June 12, 1980, and who has service as a cadet in the patrol training program may make an irrevocable election to transfer the service to the retirement system. Any member upon making such election shall have transferred all existing service credited in a prior public retirement system in this state for periods of employment as a cadet. Transfer of credit under this subsection is contingent on completion of the transfer of funds specified in (b) of this subsection.

(b) Within sixty days of notification of a member's cadet service transfer as provided in (a) of this subsection, the department of retirement systems shall transfer the employee's accumulated contributions attributable to the periods of service as a cadet, including accumulated interest.

(5) A member of the retirement system who has served or shall serve on active federal service in the armed forces of the United States pursuant to and by reason of orders by competent federal authority, who left or shall leave the Washington state patrol to enter such service, and who within one year from termination of such active federal service, resumes

employment as a state employee, shall have his or her service in such armed forces credited to him or her as a member of the retirement system: PROVIDED, That no such service in excess of five years shall be credited unless such service was actually rendered during time of war or emergency.

(b) Payment by the member of employee contributions in the amount of seven percent of the total salary paid for each month of service to be established, plus interest at seven percent from the date of the probationary service to the date of payment. This payment shall be made by the member no later than July 1, 1988.

(c) If the payment required under (b) of this subsection was not made by July 1, 1988, the member may establish the probationary service by paying the amount required under RCW 41.50.165(2).

(d) A written waiver by the member of the member's right to ever establish the same service in the public employees' retirement system at any time in the future.

(9) The department of retirement systems shall make the requested transfer subject to the conditions specified in subsections (6) and (7) of this section or establish additional credit as provided in subsection (8) of this section. Employee contributions and credited interest transferred shall be credited to the employee's account in the Washington state patrol retirement system. (a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout the member's life. However, if the retiree dies before the total of the retirement allowance paid to the retiree equals the amount of the retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse or domestic partner; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse or domestic partner, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a designated person. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2)(a) A member, if married or in a domestic partnership, must provide the written consent of his or her spouse or domestic partner to the option selected under this section, except as provided in (b) of this subsection. If a member is married or in a domestic partnership and both the member and member's spouse or domestic partner do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse or domestic partner as the beneficiary. This benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless consent by the spouse or domestic partner is not required as provided in (b) of this subsection.

(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spouse or domestic partner consent provisions of (a) of this subsection do not apply.

(3) No later than January 1, 2003, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a)(i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse or domestic partner from a postretirement marriage or domestic partnership as a survivor during a one-year period beginning one year after the date of the postretirement marriage or domestic partnership provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage or domestic partnership prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse or domestic partner as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a non-spouse or a nondomestic partner as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(4) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who has completed at least five years of service and the member's divorcing spouse or former domestic partner be divided into two separate benefits payable over the life of each spouse or domestic partner.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried or in a domestic partnership at the time of retirement remains subject to the spouse or domestic partner consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse or former domestic partner shall be eligible to commence receiving their separate benefit upon reaching the ages provided in RCW 43.43.250(2) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse or domestic partner if the nonmember ex spouse or former domestic partner was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (3) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse or former domestic partner shall be eligible to commence receiving their separate benefits upon filing a copy of

the dissolution order with the department in accordance with RCW 41.50.670.

(c) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution. [2009 c 522 § 4; 2003 c 294 § 14; 2002 c 158 § 16; 2001 c 329 § 5.]

**Severability—Savings—1982 1st ex.s. c 43:** See notes following RCW 43.52.374.

**43.52.374 Operating agency executive board—Members—Terms—Removal—Rules—Proceedings—Managing director—Civil immunities—Defense and indemnification.** (1) With the exception of the powers and duties of the board of directors described in RCW 43.52.370(2), the management and control of an operating agency constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement under chapter 80.50 RCW is vested in an executive board established under this subsection and consisting of eleven members.

(a) Five members of the executive board shall be elected to four-year terms by the board of directors from among the members of the board of directors. The board of directors may provide by rule for the composition of the five members of the executive board elected from among the members of the board of directors so as to reflect the member public utility districts' and cities' participation in the joint operating agency's projects. Members elected to the executive board from the board of directors are ineligible for continued membership on the executive board if they cease to be members of the board of directors. The board of directors may also provide by rule for the removal of a member of the executive board, except for the outside directors. Members of the board of directors may be elected to serve successive terms on the executive board. Members elected to the executive board from the board of directors shall receive a salary from the operating agency at a rate set by the board of directors.

(b) Six members of the executive board shall be outside directors. Three shall be selected and appointed by the board of directors, and three shall be selected and appointed by the governor and confirmed by the senate. All outside directors shall:

(i) Serve four-year terms on the executive board. However, of the initial members of the executive board, the board of directors and the governor shall each appoint one outside director to serve a two-year term, one outside director to

serve a three-year term, and one outside director to serve a four-year term. Thereafter, all outside directors shall be appointed for four-year terms. All outside directors are eligible for reappointment;

(ii) Receive travel expenses on the same basis as the five members elected from the board of directors. The outside directors shall also receive a salary from the operating agency as fixed by the governor;

(iii) Not be an officer or employee of, or in any way affiliated with, the Bonneville power administration or any electric utility conducting business in the states of Washington, Oregon, Idaho, or Montana;

(iv) Not be involved in the financial affairs of the operating agency as an underwriter or financial adviser of the operating agency or any of its members or any of the participants in any of the operating agency's plants; and

(v) Be representative of policy makers in business, finance, or science, or have expertise in the construction or management of such facilities as the operating agency is constructing or operating, or have expertise in the termination, disposition, or liquidation of corporate assets.

(c) The governor may remove outside directors from the executive board for incompetency, misconduct, or malfeasance in office in the same manner as state appointive officers under chapter 43.06 RCW. For purposes of this subsection, misconduct shall include, but not be limited to, nonfeasance and misfeasance.

(2) Nothing in this chapter shall be construed to mean that an operating agency is in any manner an agency of the state. Nothing in this chapter alters or destroys the status of an operating agency as a separate municipal corporation or makes the state liable in any way or to any extent for any pre-existing or future debt of the operating agency or any present or future claim against the agency.

(3) The eleven members of the executive board shall be selected with the objective of establishing an executive board which has the resources to effectively carry out its responsibilities. All members of the executive board shall conduct their business in a manner which in their judgment is in the interest of all ratepayers affected by the joint operating agency and its projects.

(4) The executive board shall elect from its members a chair, vice chair, and secretary, who shall serve at the pleasure of the executive board. The executive board shall adopt rules for the conduct of its meetings and the carrying out of its business. All proceedings shall be by motion or resolution and shall be recorded in the minute book, which shall be a public record. A majority of the executive board shall constitute a quorum for the transaction of business.

(5) With respect to any operating agency existing on April 20, 1982, to which the provisions of this section are applicable:

(a) The board of directors shall elect five members to the executive board no later than sixty days after April 20, 1982; and

(b) The board of directors and the governor shall select and appoint the initial outside directors and the executive board shall hold its organizational meeting no later than sixty days after April 20, 1982, and the powers and duties prescribed in this chapter shall devolve upon the executive board at that time.

(6) The executive board shall select and employ a managing director of the operating agency and may delegate to the managing director such authority for the management and control of the operating agency as the executive board deems appropriate. The managing director's employment is terminable at the will of the executive board.

(7) Members of the executive board shall be immune from civil liability for mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving the exercise of judgment and discretion. This grant of immunity shall not be construed as modifying the liability of the operating agency.

The operating agency shall undertake the defense of and indemnify each executive board member made a party to any civil proceeding including any threatened, pending, or completed action, suit, or proceeding, whether civil, administrative, or investigative, by reason of the fact he or she is or was a member of the executive board, against judgments, penalties, fines, settlements, and reasonable expenses, actually incurred by him or her in connection with such proceeding if he or she had conducted himself or herself in good faith and reasonably believed his or her conduct to be in the best interest of the operating agency.

In addition members of the executive board who are utility employees shall not be fired, forced to resign, or demoted from their utility jobs for decisions they make while carrying out their duties as members of the executive board involving the exercise of judgment and discretion. [2009 c 549 § 5136; 1983 1st ex.s. c 3 § 3; 1982 1st ex.s. c 43 § 3; 1981 1st ex.s. c 3 § 2.]

(2) All pending business before a board of directors or executive board or committee which is replaced by the executive board created in section 3 of this act shall be continued and acted upon by the new executive board.

(3) This act shall not be construed to alter:

(a) Any existing rights acquired under laws relating to operating agencies;

(b) The status of any actions, activities, or civil or criminal proceedings of any existing operating agencies;

(c) The status of any collective bargaining agreements, indebtedness, contracts, or other obligations;

(d) Any valid resolutions, covenants, or agreements between an operating agency and members, participants in any electric generating facility, privately owned public utilities, or agencies of the federal government; or

**43.52.375 Treasurer—Auditor—Powers and duties—Official bonds—Funds.** (1) The board of each joint operating agency shall by resolution appoint a treasurer. The treasurer shall be the chief financial officer of the operating agency, who shall report at least annually to the board a detailed statement of the financial condition of the operating agency and of its financial operations for the preceding fiscal year. The treasurer shall advise the board on all matters affecting the financial condition of the operating agency.

Before entering upon his or her duties the treasurer shall give bond to the operating agency, with a surety company authorized to write such bonds in this state as surety, in an amount which the board finds by resolution will protect the operating agency against loss, conditioned that all funds which he or she receives as such treasurer will be faithfully kept and accounted for and for the faithful discharge of his or her duties. The amount of such bond may be decreased or increased from time to time as the board may by resolution direct.

(2) The board shall also appoint an auditor and may require him or her to give a bond with a surety company authorized to do business in the state of Washington in such amount as it shall by resolution prescribe, conditioned for the faithful discharge of his or her duties. The auditor shall report directly to the board and be responsible to it for discharging his or her duties.

(3) The premiums on the bonds of the auditor and the treasurer shall be paid by the operating agency. The board may provide for coverage of said officers and other persons on the same bond.

(4) All funds of the joint operating agency shall be paid to the treasurer and shall be disbursed by the treasurer only on checks or warrants issued by the auditor upon orders or vouchers approved by the board: PROVIDED, That the board by resolution may authorize the managing director or any other bonded officer or employee as legally permissible to approve or disapprove vouchers presented to defray salaries of employees and other expenses of the operating agency arising in the usual and ordinary course of its business, including expenses incurred by the board of directors, its executive committee, or the executive board in the performance of their duties. All moneys of the operating agency shall be deposited forthwith by the treasurer in such depositories, and with such securities as are designated by rules of the board. The treasurer shall establish a general fund and such special funds as shall be created by the board, into which he or she shall place all money of the joint operating agency as the board by resolution or motion may direct.

(5) The board may adopt a policy for the payment of claims or other obligations of the operating agency, which are payable out of solvent funds, and may elect to pay such obligations by check or warrant. However, if the applicable fund is not solvent at the time payment is ordered, then no check may be issued and payment shall be by warrant. When checks are to be used, the board shall designate the qualified public depository upon which the checks are to be drawn as well as the officers required or authorized to sign the checks. For the purposes of this chapter, "warrant" includes checks where authorized by this subsection. [2009 c 173 § 1; 1982 1st ex.s. c 43 § 7; 1981 1st ex.s. c 3 § 3; 1965 c 8 § 43.52.375. 43.59.060	Director of commission—Appointment—Salary.
43.59.080	Governor's duties as chair.

**43.59.010 Purpose—Finding.** (1) The purpose of this chapter is to establish a new agency of state government to be known as the Washington traffic safety commission. The functions and purpose of this commission shall be to find solutions to the problems that have been created as a result of the tremendous increase of motor vehicles on our highways and the attendant traffic death and accident tolls; to plan and supervise programs for the prevention of accidents on streets and highways including but not limited to educational campaigns designed to reduce traffic accidents in cooperation with all official and unofficial organizations interested in traffic safety; to coordinate the activities at the state and local level in the development of statewide and local traffic safety programs; to promote a uniform enforcement of traffic safety laws and establish standards for investigation and reporting of traffic accidents; to promote and improve driver education; and to authorize the governor to perform all functions required to be performed by him or her under the federal Highway Safety Act of 1966 (Public Law 89-564; 80 Stat. 731).

(2) The legislature finds and declares that bicycling and walking are becoming increasingly popular in Washington as clean and efficient modes of transportation, as recreational activities, and as organized sports. Future plans for the state's transportation system will require increased access and safety for bicycles and pedestrians on our common roadways, and federal transportation legislation and funding programs have created strong incentives to implement these changes quickly. As a result, many more people are likely to take up bicycling in Washington both as a leisure activity and as a convenient, inexpensive form of transportation. Bicyclists are more vulnerable to injury and accident than motorists, and should be as knowledgeable as possible about traffic laws, be highly visible and predictable when riding in traffic, and be encouraged to wear bicycle safety helmets. Hundreds of bicyclists and pedestrians are seriously injured every year in accidents, and millions of dollars are spent on health care costs associated with these accidents. There is clear evidence that organized training in the rules and techniques of safe and effective cycling can significantly reduce the incidence of serious injury and accidents, increase cooperation among road users, and significantly increase the incidence of bicycle helmet use, particularly among minors. A reduction in accidents benefits the entire community. Therefore it is appropriate for businesses and community organizations to provide donations to bicycle and pedestrian safety training programs. **43.59.030 Members of commission—Appointment—Vacancies—Governor's designee to act during governor's absence.** The governor shall be assisted in his or her duties and responsibilities by the Washington state traffic safety commission. The Washington traffic safety commission shall be composed of the governor as chair, the superintendent of public instruction, the director of licensing, the secretary of transportation, the chief of the state patrol, the secretary of health, the secretary of social and health services,

a representative of the association of Washington cities to be appointed by the governor, a member of the association of counties to be appointed by the governor, and a representative of the judiciary to be appointed by the governor. Appointments to any vacancies among appointee members shall be as in the case of original appointment.

The governor may designate an employee of the governor's office to act on behalf of the governor during the absence of the governor at one or more of the meetings of the commission. The vote of the designee shall have the same effect as if cast by the governor if the designation is in writing and is presented to the person presiding at the meetings included within the designation.

The governor may designate a member to preside during the governor's absence. [2009 c 549 § 5142; 1991 c 3 § 298; 1982 c 30 § 1; 1979 c 158 § 105; 1971 ex.s. c 85 § 7; 1969 ex.s. c 105 § 1; 1967 ex.s. c 147 § 3.]

**43.59.060 Director of commission—Appointment—Salary.** The governor as chair of the commission shall appoint a person to be director of the Washington traffic safety commission which director shall be paid such salary as shall be deemed reasonable and shall serve at the pleasure of the governor. [2009 c 549 § 5143; 1967 ex.s. c 147 § 7.]

**43.59.080 Governor's duties as chair.** The governor as chair of said commission shall have the authority to appoint advisory committees as he or she may deem advisable to aid, advise and assist the commission in carrying out the purposes of this chapter. All actions and decisions, however, shall be made by the commission. [2009 c 549 § 5144; 1967 ex.s. c 147 § 9.]

**43.63A.125 Nonresidential social services facilities—Building communities fund program—Assistance to nonprofit organizations—Competitive process—Recommendations to legislature for funding. (Effective until June 30, 2011.)**

(1) The department shall establish the building communities fund program. Under the program, capital and technical assistance grants may be made to nonprofit organizations for acquiring, constructing, or rehabilitating facilities used for the delivery of nonresidential community services, including social service centers and multipurpose community centers, including those serving a distinct or ethnic population. Such facilities must be located in a distressed community or serve a substantial number of low-income or disadvantaged persons.

(2) The department shall establish a competitive process to solicit, evaluate, and rank applications for the building communities fund program as follows:

(a) The department shall conduct a statewide solicitation of project applications from nonprofit organizations.

(b) The department shall evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. To be considered qualified, applicants must demonstrate that the proposed project:

(i) Will increase the range, efficiency, or quality of the services provided to citizens;

(ii) Will be located in a distressed community or will serve a substantial number of low-income or disadvantaged persons;

(iii) Will offer three or more distinct activities that meet a single community service objective or a diverse set of activities that meet multiple community service objectives, including but not limited to: Providing social services; expanding employment opportunities for or increasing the employability of community residents; or offering educational or recreational opportunities separate from the public school system or private schools, as long as recreation is not the sole purpose of the facility;

(iv) Reflects a long-term vision for the development of the community, shared by residents, businesses, leaders, and partners;

(v) Requires state funding to accomplish a discrete, usable phase of the project;

(vi) Is ready to proceed and will make timely use of the funds;

(vii) Is sponsored by one or more entities that have the organizational and financial capacity to fulfill the terms of the grant agreement and to maintain the project into the future;

(viii) Fills an unmet need for community services;

(ix) Will achieve its stated objectives; and

(x) Is a community priority as shown through tangible commitments of existing or future assets made to the project by community residents, leaders, businesses, and government partners.

(c) The evaluation process shall also include an examination of existing assets that applicants may apply to projects.

Grant assistance under this section shall not exceed twenty-five percent of the total cost of the project, except, under exceptional circumstances, the department may reduce the amount of nonstate match required. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(d) The department may not set a monetary limit to funding requests.

(e) No more than ten percent of the total granted amount may be awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For purposes of this subsection, exceptional circumstances include but are not limited to: Natural disasters affecting projects; emergencies beyond an applicant's control, such as a fire or an unanticipated loss of a lease where services are currently provided; a delay that could result in a threat to public health or safety; or instances where a local community could quantifiably demonstrate that they had exhausted all possible fund-raising efforts.

(3) The department shall submit biennially to the governor and the legislature in the department's capital budget request a ranked list of the qualified eligible projects for which applications were received. The list must include a description of each project, its total cost, and the amount of state funding requested. The appropriate fiscal committees of the legislature shall use this list to determine building communities fund projects that may receive funding in the capital budget. The total amount of state capital funding available for all projects on the biennial list shall be determined by the capital budget beginning with the 2009-2011 biennium and thereafter. In addition, if cash funds have been appropriated, up to three million dollars may be used for technical assistance grants. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(4) In addition to the list of ranked qualified eligible projects, the department shall submit to the appropriate fiscal committees of the legislature a summary report that describes the solicitation and evaluation processes, including but not limited to the number of applications received, the total amount of funding requested, issues encountered, if any, and any recommendations for process improvements.

(5) After the legislature has approved a specific list of projects in law, the department shall develop and manage appropriate contracts with the selected applicants; monitor project expenditures and grantee performance; report project and contract information; and exercise due diligence and other contract management responsibilities as required.

(6) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant. **Findings—1997 c 374:** "The legislature finds that nonprofit organizations provide a variety of social services that serve the needs of the citizens of Washington, including many services implemented under contract with state agencies. The legislature also finds that the efficiency and quality of these services may be enhanced by the provision of safe, reliable, and sound facilities, and that, in certain cases, it may be appropriate for the state to assist in the development of these facilities." [1997 c 374 § 1.]

**43.63A.305 Independent youth housing program—Created—Collaboration with the department of social and health services—Duties of subcontractor organizations.** (1) The independent youth housing program is created in the department to provide housing stipends to eligible youth to be used for independent housing. In developing a plan for the design, implementation, and operation of the independent youth housing program, the department shall:

(a) Adopt policies, requirements, and procedures necessary to administer the program;

(b) Contract with one or more eligible organizations described under RCW 43.185A.040 to provide services and conduct administrative activities as described in subsection (3) of this section;

(c) Establish eligibility criteria for youth to participate in the independent youth housing program, giving priority to youth who have been dependents of the state for at least one year;

(d) Refer interested youth to the designated subcontractor organization administering the program in the area in which the youth intends to reside;

(e) Develop a method for determining the amount of the housing stipend, first and last month's rent, and security deposit, where applicable, to be dedicated to participating youth. The method for determining a housing stipend must take into account a youth's age, the youth's total income from all sources, the fair market rent for the area in which the youth lives or intends to live, and a variety of possible living situations for the youth. The amount of housing stipends must be adjusted, by a method and formula established by the department, to promote the successful transition for youth to complete housing self-sufficiency over time;

(f) Ensure that the independent youth housing program is integrated and aligned with other state rental assistance and case management programs operated by the department, as well as case management and supportive services programs, including the independent living program, the transitional living program, and other related programs offered by the department of social and health services; and

(g) Consult with the department of social and health services and other stakeholders involved with dependent youth, homeless youth, and homeless young adults, as appropriate.

(2) The department of social and health services shall collaborate with the department in implementing and operating the independent youth housing program including, but not limited to, the following:

(a) Refer potential eligible youth to the department before the youth's eighteenth birthday, if feasible, to include an indication, if known, of where the youth plans to reside after aging out of foster care;

(b) Provide information to all youth aged fifteen or older, who are dependents of the state under chapter 13.34 RCW, about the independent youth housing program, encouraging dependents nearing their eighteenth birthday to consider applying for enrollment in the program;

(c) Encourage organizations participating in the independent living program and the transitional living program to collaborate with independent youth housing program providers whenever possible to capitalize on resources and provide the greatest amount and variety of services to eligible youth;

(d) Annually provide to the department data reflecting changes in the percentage of youth aging out of the state dependency system each year who are eligible for state assistance, as well as any other data and performance measures that may assist the department to measure program success; and

(e) Annually, beginning by December 31, 2007, provide to the appropriate committees of the legislature and the inter-agency council on homelessness as described under RCW 43.185C.170 recommendations of strategies to reach the goals described in RCW 43.63A.311(2)(g).

(3) Under the independent youth housing program, subcontractor organizations shall:

(a) Use moneys awarded to the organizations for housing stipends, security deposits, first and last month's rent stipends, case management program costs, and administrative costs. When subcontractor organizations determine that it is necessary to assist participating youth in accessing and maintaining independent housing, subcontractor organizations may also use moneys awarded to pay for professional mental health services and tuition costs for court-ordered classes and programs;

(i) Administrative costs for each subcontractor organization may not exceed twelve percent of the estimated total annual grant amount to the subcontractor organization;

(ii) All housing stipends, security deposits, and first and last month's rent stipends must be payable only to a landlord or housing manager of any type of independent housing;

(b) Enroll eligible youth who are referred by the department and who choose to reside in their assigned service area;

(c) Enter eligible youth program participants into the homeless client management information system as described in RCW 43.185C.180;

(d) Monitor participating youth's housing status;

(e) Evaluate participating youth's eligibility and compliance with department policies and procedures at least twice a year;

(f) Assist participating youth to develop or update an independent living plan focused on obtaining and retaining independent housing or collaborate with a case manager with whom the youth is already involved to ensure that the youth has an independent living plan;

(g) Educate participating youth on tenant rights and responsibilities;

(h) Provide support to participating youth in the form of general case management and information and referral services, when necessary, or collaborate with a case manager

with whom the youth is already involved to ensure that the youth is receiving the case management and information and referral services needed;

(i) Connect participating youth, when possible, with individual development account programs, other financial literacy programs, and other programs that are designed to help young people acquire economic independence and self-sufficiency, or collaborate with a case manager with whom the youth is already involved to ensure that the youth is receiving information and referrals to these programs, when appropriate;

(j) Submit expenditure and performance reports, including information related to the performance measures in RCW 43.63A.311, to the department on a time schedule determined by the department; and

(k) Provide recommendations to the department regarding program improvements and strategies that might assist the state to reach its goals as described in RCW 43.63A.311(2)(g). [2009 c 148 § 1; 2007 c 316 § 3.]

**Finding—2007 c 316:** "(1) The legislature finds that providing needy youth aging out of the state dependency system with safe and viable options for housing to avoid homelessness confers a valuable benefit on the public that is intended to improve public health, safety, and welfare.

(2) It is the goal of this state to:

(a) Ensure that all youth aging out of the state dependency system have access to a decent, appropriate, and affordable home in a healthy safe environment to prevent such young people from experiencing homelessness; and

(b) Reduce each year the percentage of young people eligible for state assistance upon aging out of the state dependency system." [2007 c 316 § 1.]

**Study—2007 c 316:** "Beginning in September 2008, the Washington state institute for public policy shall conduct a study measuring the outcomes for youth who are participating or who have participated in the independent youth housing program created in section 3 of this act. The institute shall issue a report containing its preliminary findings to the legislature by December 1, 2009, and a final report by December 1, 2010." [2007 c 316 § 8.]

**43.70.050 Collection, use, and accessibility of health-related data.** (1) The legislature intends that the department and board promote and assess the quality, cost, and accessibility of health care throughout the state as their roles are specified in chapter 9, Laws of 1989 1st ex. sess. in accordance with the provisions of this chapter. In furtherance of this goal, the secretary shall create an ongoing program of data collection, storage, assessability, and review. The legislature does not intend that the department conduct or contract for the conduct of basic research activity. The secretary may request appropriations for studies according to this section from the legislature, the federal government, or private sources.

(2) All state agencies which collect or have access to population-based, health-related data are directed to allow the secretary access to such data. This includes, but is not

limited to, data on needed health services, facilities, and personnel; future health issues; emerging bioethical issues; health promotion; recommendations from state and national organizations and associations; and programmatic and statutory changes needed to address emerging health needs. Private entities, such as insurance companies, health maintenance organizations, and private purchasers are also encouraged to give the secretary access to such data in their possession. The secretary's access to and use of all data shall be in accordance with state and federal confidentiality laws and ethical guidelines. Such data in any form where the patient or provider of health care can be identified shall not be disclosed, subject to disclosure according to chapter 42.56 RCW, discoverable or admissible in judicial or administrative proceedings. Such data can be used in proceedings in which the use of the data is clearly relevant and necessary and both the department and the patient or provider are parties.

(3) The department shall serve as the clearinghouse for information concerning innovations in the delivery of health care services, the enhancement of competition in the health care marketplace, and federal and state information affecting health care costs.

(4) The secretary shall review any data collected, pursuant to this chapter, to:

(a) Identify high-priority health issues that require study or evaluation. Such issues may include, but are not limited to:

(i) Identification of variations of health practice which indicate a lack of consensus of appropriateness;

(ii) Evaluation of outcomes of health care interventions to assess their benefit to the people of the state;

(iii) Evaluation of specific population groups to identify needed changes in health practices and services;

(iv) Evaluation of the risks and benefits of various incentives aimed at individuals and providers for both preventing illnesses and improving health services;

(v) Identification and evaluation of bioethical issues affecting the people of the state; and

(vi) Other such objectives as may be appropriate;

(b) Further identify a list of high-priority health study issues for consideration by the board, within their authority, for inclusion in the state health report required by RCW 43.20.050. The list shall specify the objectives of each study, a study timeline, the specific improvements in the health status of the citizens expected as a result of the study, and the estimated cost of the study; and

(c) Provide background for the state health report required by RCW 43.20.050.

(5) Any data, research, or findings may also be made available to the general public, including health professions, health associations, the governor, professional boards and regulatory agencies and any person or group who has allowed the secretary access to data.

(6) Information submitted as part of the health professional licensing application and renewal process, excluding social security number and background check information, shall be available to the office of financial management consistent with RCW 43.370.020, whether the license is issued by the secretary of the department of health or a board or commission. The department shall replace any social security number with an alternative identifier capable of linking

all licensing records of an individual. The office of financial management shall also have access to information submitted to the department of health as part of the medical or health facility licensing process.

(7) The secretary may charge a fee to persons requesting copies of any data, research, or findings. The fee shall be no more than necessary to cover the cost to the department of providing the copy. [2009 c 343 § 2; 2005 c 274 § 301; 1989 1st ex.s. c 9 § 107.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

#### **43.70.056 Health care-associated infections—Data collection and reporting—Advisory committee—Rules.**

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Health care-associated infection" means a localized or systemic condition that results from adverse reaction to the presence of an infectious agent or its toxins and that was not present or incubating at the time of admission to the hospital.

(b) "Hospital" means a health care facility licensed under chapter 70.41 RCW.

(2)(a) A hospital shall collect data related to health care-associated infections as required under this subsection (2) on the following:

(i) Beginning July 1, 2008, central line-associated bloodstream infection in the intensive care unit;

(ii) Beginning January 1, 2009, ventilator-associated pneumonia; and

(iii) Beginning January 1, 2010, surgical site infection for the following procedures:

(A) Deep sternal wound for cardiac surgery, including coronary artery bypass graft;

(B) Total hip and knee replacement surgery; and

(C) Hysterectomy, abdominal and vaginal.

(b) Until required otherwise under (c) of this subsection, a hospital must routinely collect and submit the data required to be collected under (a) of this subsection to the national healthcare safety network of the United States centers for disease control and prevention in accordance with national healthcare safety network definitions, methods, requirements, and procedures.

(c)(i) With respect to any of the health care-associated infection measures for which reporting is required under (a) of this subsection, the department must, by rule, require hospitals to collect and submit the data to the centers for medicare and medicaid services according to the definitions, methods, requirements, and procedures of the hospital compare program, or its successor, instead of to the national healthcare safety network, if the department determines that:

(A) The measure is available for reporting under the hospital compare program, or its successor, under substantially the same definition; and

(B) Reporting under this subsection (2)(c) will provide substantially the same information to the public.

(ii) If the department determines that reporting of a measure must be conducted under this subsection (2)(c), the department must adopt rules to implement such reporting. The department's rules must require reporting to the centers for medicare and medicaid services as soon as practicable, but not more than one hundred twenty days, after the centers

for medicare and medicaid services allow hospitals to report the respective measure to the hospital compare program, or its successor. However, if the centers for medicare and medicaid services allow infection rates to be reported using the centers for disease control and prevention's national health-care safety network, the department's rules must require reporting that reduces the burden of data reporting and minimizes changes that hospitals must make to accommodate requirements for reporting.

(d) Data collection and submission required under this subsection (2) must be overseen by a qualified individual with the appropriate level of skill and knowledge to oversee data collection and submission.

(e)(i) A hospital must release to the department, or grant the department access to, its hospital-specific information contained in the reports submitted under this subsection (2), as requested by the department.

(ii) The hospital reports obtained by the department under this subsection (2), and any of the information contained in them, are not subject to discovery by subpoena or admissible as evidence in a civil proceeding, and are not subject to public disclosure as provided in RCW 42.56.360.

(3) The department shall:

(a) Provide oversight of the health care-associated infection reporting program established in this section;

(b) By January 1, 2011, submit a report to the appropriate committees of the legislature based on the recommendations of the advisory committee established in subsection (5) of this section for additional reporting requirements related to health care-associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations;

(c) Delete, by rule, the reporting of categories that the department determines are no longer necessary to protect public health and safety;

(d) By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department's web site that compares the health care-associated infection rates at individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:

(i) The report must disclose data in a format that does not release health information about any individual patient; and

(ii) The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital's particular ability to achieve a specific outcome; and

(e) Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies.

(4) The department may respond to requests for data and other information from the data required to be reported under

subsection (2) of this section, at the requestor's expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

(5)(a) The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its responsibilities under this section, including making recommendations on allowing a hospital to review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals. Annually, beginning January 1, 2011, the advisory committee shall also make a recommendation to the department as to whether current science supports expanding presurgical screening for methicillin-resistant staphylococcus aureus prior to open chest cardiac, total hip, and total knee elective surgeries.

(b) In developing its recommendations, the advisory committee shall consider methodologies and practices related to health care-associated infections of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations.

(6) The department shall adopt rules as necessary to carry out its responsibilities under this section. [2009 c 244 § 2; 2007 c 261 § 2.]

**Findings—2007 c 261:** "The legislature finds that each year health care-associated infections affect two million Americans. These infections result in the unnecessary death of ninety thousand patients and costs the health care system 4.5 billion dollars. Hospitals should be implementing evidence-based measures to reduce hospital-acquired infections. The legislature further finds the public should have access to data on outcome measures regarding hospital-acquired infections. Data reporting should be consistent with national hospital reporting standards." [2007 c 261 § 1.]

**43.70.110 License fees—Costs—Other charges—Waiver.** (1) The secretary shall charge fees to the licensee for obtaining a license. Physicians regulated pursuant to chapter 18.71 RCW who reside and practice in Washington and obtain or renew a retired active license are exempt from such fees. After June 30, 1995, municipal corporations providing emergency medical care and transportation services pursuant to chapter 18.73 RCW shall be exempt from such fees, provided that such other emergency services shall only be charged for their pro rata share of the cost of licensure and inspection, if appropriate. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Except as provided in subsection (3) of this section, fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) License fees shall include amounts in addition to the cost of licensure activities in the following circumstances:

(a) For registered nurses and licensed practical nurses licensed under chapter 18.79 RCW, support of a central nurs-

ing resource center as provided in RCW 18.79.202, until June 30, 2013;

(b) For all health care providers licensed under RCW 18.130.040, the cost of regulatory activities for retired volunteer medical worker licensees as provided in RCW 18.130.360; and

(c) For physicians licensed under chapter 18.71 RCW, physician assistants licensed under chapter 18.71A RCW, osteopathic physicians licensed under chapter 18.57 RCW, osteopathic physicians' assistants licensed under chapter 18.57A RCW, naturopaths licensed under chapter 18.36A RCW, podiatrists licensed under chapter 18.22 RCW, chiropractors licensed under chapter 18.25 RCW, psychologists licensed under chapter 18.83 RCW, registered nurses licensed under chapter 18.79 RCW, optometrists licensed under chapter 18.53 RCW, mental health counselors licensed under chapter 18.225 RCW, massage therapists licensed under chapter 18.108 RCW, clinical social workers licensed under chapter 18.225 RCW, and acupuncturists licensed under chapter 18.06 RCW, the license fees shall include up to an additional twenty-five dollars to be transferred by the department to the University of Washington for the purposes of RCW 43.70.112.

(4) Department of health advisory committees may review fees established by the secretary for licenses and comment upon the appropriateness of the level of such fees. [2009 c 403 § 5; 2007 c 259 § 11; 2006 c 72 § 3; 2005 c 268 § 2; 1993 sp.s. c 24 § 918; 1989 1st ex.s. c 9 § 263.]

**Severability—Effective dates—1993 sp.s. c 24:** See notes following RCW 28A.310.020.

**43.70.112 Online access to health care resources—Annual accounting of use of funds and use of online resources—University of Washington.** Within the amounts transferred from the department of health under RCW 43.70.110(3), the University of Washington shall, through the health sciences library, provide online access to selected vital clinical resources, medical journals, decision support tools, and evidence-based reviews of procedures, drugs, and devices to the health professionals listed in RCW 43.70.110(3)(c). Online access shall be available no later than January 1, 2009. Each year, by December 1st, the University of Washington shall provide an annual accounting of the use of the funds transferred, including which categories of health professionals are using the materials available under the program. The accounting must be transmitted by electronic mail to the members of the health care committees of the legislature. [2009 c 558 § 2; 2007 c 259 § 12.]

**43.70.630 Cost-reimbursement agreements.** (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing.

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

(a) The estimated number of weeks for initial review of the permit application;

(b) The estimated number of revision cycles;

(c) The estimated number of weeks for review of subsequent revision submittals;

(d) The estimated number of billable hours of employee time;

(e) The rate per hour; and

(f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant or proponent shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. - 43.86A.020 Surplus funds held as demand deposits to be limited.
- 43.86A.030 Time certificate of deposit investment program—Available funds—Allocation.
- 43.86A.060 Linked deposit program—Eligible entities—Interest rates—Rule-making authority.

**43.86A.020 Surplus funds held as demand deposits to be limited.** After March 19, 1973, the state treasurer shall limit surplus funds held as demand deposits to an amount necessary for current operating expenses including direct warrant redemption payments, investments and revenue collection. The state treasurer may hold such additional funds as demand deposits as he or she deems necessary to insure efficient treasury management. [2009 c 549 § 5164; 1973 c 123 § 2.]

**43.86A.030 Time certificate of deposit investment program—Available funds—Allocation.** (1) Funds held in public depositories not as demand deposits, as provided in RCW 43.86A.020 and this section, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depositories an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, section 1(b) of the state Constitution, or fifty percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositories. These deposits shall be allocated among the

participating depositories on a basis to be determined by the state treasurer.

(2) Of all funds available under this section, the state treasurer may use up to one hundred seventy-five million dollars per year for the purposes of RCW 43.86A.060(2)(c) (i) and (iii) and up to fifteen million dollars per year for the purposes of RCW 43.86A.060(2)(c)(ii). The amounts made available to these public depositories shall be equal to the amounts of outstanding loans made under RCW 43.86A.060.

(3) The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors. However, if in the judgment of the state treasurer the amount of allocation for certificates of deposit as determined by this section will impair the cash flow needs of the state treasury, the state treasurer may adjust the amount of the allocation accordingly. [2009 c 384 § 2; 2008 c 187 § 2; 2007 c 500 § 1; 2005 c 302 § 2; 1993 c 512 § 33; 1982 c 74 § 1; 1973 c 123 § 3.]

**Intent—2005 c 302:** "The legislature intends that funds provided under the linked deposit program shall be used to create jobs and economic opportunity as well as to remedy the problem of a lack of access to capital by minority and women's business enterprises." [2005 c 302 § 1.]

#### **43.86A.060 Linked deposit program—Eligible entities—Interest rates—Rule-making authority.**

(1) The state treasurer shall establish a linked deposit program for investment of deposits in qualified public depositories. As a condition of participating in the program, qualified public depositories must make qualifying loans as provided in this section. The state treasurer may purchase a certificate of deposit that is equal to the amount of the qualifying loan made by the qualified public depository or may purchase a certificate of deposit that is equal to the aggregate amount of two or more qualifying loans made by one or more qualified public depositories.

(2) Qualifying loans made under this section are those:

(a) Having terms that do not exceed ten years;

(b) Where an individual loan does not exceed one million dollars;

(c)(i) That are made to a minority or women's business enterprise that has received state certification under chapter 39.19 RCW;

(ii) That are made to a veteran-owned business that has received state certification under RCW 43.60A.190; or

(iii) That are made to a community development financial institution that is: (A) Certified by the United States department of the treasury pursuant to 12 U.S.C. Sec. 4701 et seq.; and (B) using that loan to make qualifying loans under (c)(i) of this subsection;

(d) Where the interest rate on the loan to the minority or women's business enterprise or veteran-owned business does not exceed an interest rate that is two hundred basis points below the interest rate the qualified public depository would charge for a loan for a similar purpose and a similar term, except that, if the preference given by the state treasurer to the qualified public depository under subsection (3) of this section is less than two hundred basis points, the qualified public depository may reduce the preference given on the loan by an amount that corresponds to the reduction in pref-

erence below two hundred basis points given to the qualified public depository; and

(e) Where the points or fees charged at loan closing do not exceed one percent of the loan amount.

(3) In setting interest rates of time certificate of deposits, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depository, except that the treasurer may lower the amount of the preference to ensure that the effective interest rate on the deposit is not less than zero percent.

(4) Upon notification by the state treasurer that a minority or women's business enterprise is no longer certified under chapter 39.19 RCW or that a veteran-owned business is no longer certified under RCW 43.60A.190, the qualified public depository shall reduce the amount of qualifying loans by the outstanding balance of the loan made under this section to the minority or women's business enterprise or the veteran-owned business, as applicable.

(5) The office of minority and women's business enterprises has the authority to adopt rules to:

(a) Ensure that when making a qualified loan under the linked deposit program, businesses that have never received a loan under the linked deposit program are given first priority;

(b) Limit the total principal loan amount that any one business receives in qualified loans under the linked deposit program over the lifetime of the businesses;

(c) Limit the total principal loan amount that an owner of one or more businesses receives in qualified loans under the linked deposit program during the owner's lifetime;

(d) Limit the total amount of any one qualified loan made under the linked deposit program; and

(e) Ensure that loans made by community development financial institutions are qualifying loans under subsection (2)(c)(i) of this section. [2009 c 385 § 3; 2009 c 384 § 1; 2008 c 187 § 3; 2007 c 500 § 2; 2005 c 302 § 3; 2002 c 305 § 1; 1993 c 512 § 30.]

**Reviser's note:** This section was amended by 2009 c 384 § 1 and by 2009 c 385 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Intent—2005 c 302:** See note following RCW 43.86A.030.

**Finding—Intent—1993 c 512:** "The legislature finds that minority and women's business enterprises have been historically excluded from access to capital in the marketplace. The lack of capital has been a major barrier to the development and expansion of business by various minority groups and women. There has been a significant amount of attention on the capital needs of minority and women's business enterprises. It is the intent of the legislature to remedy the problem of a lack of access to capital by minority and women's business enterprises, and other small businesses by authorizing the state treasurer to operate a program that links state deposits to business loans by financial institutions to minority and women's business enterprises." [1993 c 512 § 29.]

[2009 c 549 § 5165; 1965 c 8 § 43.88.100. Prior: 1959 c 328 § 10.]

The procedures shall include, but not be limited to, the following elements:

(a) Evaluation of facility program requirements and consistency with long-range plans;

(b) Utilization of a system of cost, quality, and performance standards to compare major capital construction projects; and

(c) A requirement to incorporate value-engineering analysis and constructability review into the project schedule.

(6) No expenditure may be incurred or obligation entered into for such major capital construction projects including, without exception, land acquisition, site development, pre-design, design, construction, and equipment acquisition and installation, until the allotment of the funds to be expended has been approved by the office of financial management. This limitation does not prohibit the continuation of expenditures and obligations into the succeeding biennium for projects for which allotments have been approved in the immediate prior biennium.

(7) If at any time during the fiscal period the governor projects a cash deficit in a particular fund or account as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments for that particular fund or account so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed operating expenditures for reasonableness and conformance with legislative intent. The governor may request corrections of proposed allotments submitted by the legislative and judicial branches and agencies headed by elective officials if those proposed allotments contain significant technical errors. Once the governor approves the proposed allotments, further revisions may at the request of the office of financial management or upon the agency's initiative be made on a quarterly basis and must be accompanied by an explanation of the reasons for significant changes. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(8) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it

with the budget and accounting data reported by the agency to the director of financial management.

(9) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees. [2009 c 518 § 3; 2003 c 206 § 1; 1997 c 96 § 6; 1994 c 219 § 5. 43.99N.110 Repealed.

**43.99N.060 Stadium and exhibition center account—Youth athletic facility account—Community outdoor athletic facility loans and grants.** (1) The stadium and exhibition center account is created in the custody of the state treasurer. All receipts from the taxes imposed under RCW 82.14.0494 and distributions under RCW 67.70.240(5) shall be deposited into the account. Only the director of the office of financial management or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account.

(2) Until bonds are issued under RCW 43.99N.020, up to five million dollars per year beginning January 1, 1999, shall be used for the purposes of subsection (3)(b) of this section, all remaining moneys in the account shall be transferred to the public stadium authority, created under RCW 36.102.020, to be used for public stadium authority operations and development of the stadium and exhibition center.

(3) After bonds are issued under RCW 43.99N.020, all moneys in the stadium and exhibition center account shall be used exclusively for the following purposes in the following priority:

(a) On or before June 30th of each year, the office of financial management shall accumulate in the stadium and

exhibition center account an amount at least equal to the amount required in the next succeeding twelve months for the payment of principal of and interest on the bonds issued under RCW 43.99N.020;

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

(4) Any moneys in the stadium and exhibition center account not required or permitted to be used for the purposes described in subsection (3)(a) and (b) of this section shall be deposited in the youth athletic facility account hereby created in the state treasury. Expenditures from the account may be used only for purposes of grants or loans to cities, counties, and qualified nonprofit organizations for community outdoor athletic facilities. Only the director of the recreation and conservation office or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The athletic facility grants or loans may be used for acquiring, developing, equipping, maintaining, and improving community outdoor athletic facilities. Funds shall be divided equally between the development of new community outdoor athletic facilities, the improvement of existing community outdoor athletic facilities, and the maintenance of existing community outdoor athletic facilities. Cities, counties, and qualified nonprofit organizations must submit proposals for grants or loans from the account. To the extent that funds are available, cities, counties, and qualified nonprofit organizations must meet eligibility criteria as established by the director of the recreation and conservation office. The grants and loans shall be awarded on a competitive application process and the amount of the grant or loan shall be in proportion to the population of the city or county for where the community outdoor athletic facility is located. Grants or loans awarded in any one year need not be distributed in that year. In the 2009-2011 biennium, if there are not enough project applications submitted in a category within the account to meet the requirement of equal distribution of funds to each category, the director of the recreation and conservation office may distribute any remaining funds to other categories within the account. The director of the recreation and conservation office may expend up to one and one-half percent of the moneys deposited in the

account created in this subsection for administrative purposes. [2009 c 497 § 6026; 2008 c 328 § 6017; 2007 c 241 § 11; 2006 c 371 § 227; 2000 c 137 § 1; 1997 c 220 § 214 (Referendum Bill No. 48, approved June 17, 1997).]

**43.99Q.120 Legislative building rehabilitation project—Finding—Intent.** The legislature finds that it is necessary to complete the rehabilitation of the state legislative building, to extend the useful life of the building, and provide for the permanent relocation of offices displaced by the rehabilitation and create new space for public uses.

Furthermore, it is the intent of the legislature to fund the majority of the rehabilitation and construction using bonds repaid by the capitol building construction account, as provided for in the enabling act and dedicated by the federal government for the sole purpose of establishing a state capitol, to fund the cash elements of the project using capital project surcharge revenues in the Thurston county capital facilities account, and to support the establishment of a private foundation to engage the public in the preservation of the state legislative building and raise private funds for restoration and educational efforts. The approved rehabilitation plan includes costs associated with earthquake repairs and future earthquake mitigation and allows for associated relocation costs and the acquisition of appropriate relocation space. County, city, and state law enforcement agencies may establish a payment plan if they determine that the peace officer or reserve officer does not readily have the means to pay for his or her portion of the testing fee.

(3) The commission shall certify peace officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.200 on or before January 1, 2002. Thereafter, the commission may revoke certification pursuant to this chapter.

(3)(a) Subsections (1) and (2) of this section do not apply to the Washington state department of corrections prisons division. In doing so, the secretary of the department of corrections shall consult with staff development experts and correctional professionals both inside and outside of the agency, to include soliciting input from labor organizations.

(b) The commission and the department of corrections share the responsibility of developing and defining training standards and providing training for community corrections officers employed within the community corrections division of the department of corrections. **Intent—2009 c 146:** "The intent of the legislature is that all corrections personnel employed by the Washington department of corrections are prepared to carry out the demands of their position that they are likely to encounter during their daily duties. The protection of the public, department employees, and inmates are a primary reason to ensure that everyone is adequately trained and knowledgeable in routine and emergency procedures.

To best carry out this mission it is necessary for the Washington state department of corrections to have the authority, discretion, and ability to design and conduct mandatory training that best meets the needs of its changing offender population." [2009 c 146 § 1.]

Once a year, the secretary is responsible for conducting an assessment of the training programs for the corrections personnel employed by the department. [2009 c 146 § 3.]

**Reviser's note:** 2009 c 146 directed that this section be codified in chapter 43.10 RCW. This section has been added to chapter 43.101 RCW, which relates to criminal justice training.

**43.101.380 Hearings—Standard of proof—Appeals—Judicial review.** (1) The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is clear, cogent, and convincing evidence.

(2) In all hearings requested under RCW 43.101.155, a five-member hearings panel shall both hear the case and make the commission's final administrative decision. Members of the commission or the board on law enforcement training standards and education may, but need not be, appointed to the hearings panels. The commission shall appoint as follows two or more panels to hear appeals from certification actions:

(a) When a hearing is requested in relation to a certification action of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) One police chief; (ii) one sheriff; (iii) two certified Washington peace officers who are at or below the level of first line supervisor, one of whom is from a city or county law enforcement agency, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(b) When a hearing is requested in relation to a certification action of a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one certified Washington peace officer who is at or below the level of first line supervisor, who is not a state patrol officer, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(c) When a hearing is requested in relation to a certification action of a tribal police officer, the commission shall appoint to the panel (i) either one police chief or one sheriff; (ii) one tribal police chief; (iii) one certified Washington peace officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; (iv) one tribal police officer who is at or below the

(3) Where the charge upon which revocation or denial is based is that a peace officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of RCW 43.101.105(1)(d), and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; the hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the employment separation proceeding. However, the hearings panel may, in its discretion, consider additional evidence to determine whether such a discharge occurred and was based on such disqualifying misconduct. The hearings panel shall, upon written request by the subject peace officer, allow the peace officer to present additional evidence of extenuating circumstances.

Where the charge upon which revocation or denial of certification is based is that a peace officer "has been convicted at any time of a felony offense" within the meaning of RCW 43.101.105(1)(c), the hearings panel shall revoke or deny certification if it determines that the peace officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under RCW 43.101.105(1) (a), (b), (e), or (f), the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

(4) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598. [2009 c 25 § 1; 2006 c 22 § 3; 2001 c 167 § 10.]

(2) The training shall consist of a minimum of one hour of classroom or internet instruction, and shall include instruction on the following subjects:

(a) The description and underlying causes of problems that may have an impact on the personal and professional lives of public safety employees, including mental health issues, chemical dependency, domestic violence, financial problems, and other personal crises;

(b) Techniques by which public safety employees may recognize the conditions listed in (a) of this subsection and understand the need to seek assistance and obtain a referral for consultation and possible treatment; and

(c) A listing of examples of public and private crisis referral agencies available to public safety employees.

(3) The training developed by the commission shall be made available by the commission to all employees of state and local agencies that perform public safety duties. The commission may charge a reasonable fee to defer the cost of making the training available. [2009 c 19 § 1.]

**43.101.425 Communications to crisis referral services—Confidentiality of communications and records.**

**Findings—Intent—Purpose—2009 c 509:** "(1) The legislature finds that the deployment and adoption of high-speed internet services and technology advancements enhance economic development and public safety for the state's communities. Such deployment also offers improved health care, access to consumer and legal services, increased educational and civic participation opportunities, and a better quality of life for the state's residents. The legislature further finds that improvements in the deployment and adoption of high-speed internet services and the strategic inclusion of technology advancements and technology education are critical to ensuring that Washington remains competitive and continues to provide a skilled workforce, attract businesses, and stimulate job growth.

(2) The legislature intends to support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology. The legislature further intends to ensure that all Washington citizens, businesses, schools, and organizations are able to obtain and utilize broadband fully, regardless of location, economic status, literacy level, age, disability, structure, or size. In addition, the legislature intends that a statewide assessment of the availability, location, service levels, and other characteristics of high-speed internet services and other advanced telecommunications services in the state be conducted.

(3) In recognition of the importance of broadband deployment and adoption to the economy, health, safety, and welfare of the people of Washington, it is the purpose of this act to make high-speed internet service more

readily available throughout the state, especially in areas and for populations with a low utilization rate." [2009 c 509 § 1.]

**Effective date—2009 c 509:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2009." [2009 c 509 § 16.]

record submitted by a public or private broadband service provider to the third party to meet the standard of a public record as defined in RCW 42.56.010. This prohibition does not apply to any records delivered to the department by the third party as a component of the completed map. For the purpose of RCW 42.56.010(2), the purchase by the department of a completed map may not be deemed use or ownership by the department of the underlying information used by the third party to complete the map.

**43.135.025 General fund expenditure limit—Computation—Annual limit adjustment—Definitions—Emergency exception—State treasurer duty, penalty—State expenditure limit committee.** (1) The state shall not expend from the general fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under RCW 43.135.045(2), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 2009, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund, the public safety and education account, the health services account, the violence reduction and drug enforcement account, the student achievement fund, the water quality account, and the equal justice subaccount, not including federal funds, for the fiscal year beginning July 1, 2008, plus the fiscal growth factor.

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on ways and means. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least four members.

(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for

the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.

(7) "Fiscal growth factor" means the average growth in state personal income for the prior ten fiscal years.

(8) "General fund" means the state general fund. [2009 c 479 § 35; 2005 c 72 § 4; (2006 c 56 § 7 expired July 1, 2007); 2000 2nd sp.s. c 2 § 1; 1994 c 2 § 2 (Initiative Measure No. 601, approved November 2, 1993).]

**Effective date—2009 c 479:** See note following RCW 2.56.030.

**Expiration date—2006 c 56 §§ 7 and 8:** "Sections 7 and 8 of this act expire July 1, 2007." [2006 c 56 § 12.]

**Effective dates—2006 c 56:** See note following RCW 41.45.230.

**Findings—Effective dates—2005 c 72:** See notes following RCW 43.135.010.

**Effective date—2000 2nd sp.s. c 2:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2000." [2000 2nd sp.s. c 2 § 4.]

**43.135.035 Tax legislation—Referral to voters—Conditions and restrictions—Ballot title—Declarations of emergency—Taxes on intangible property—Expenditure limit to reflect program cost shifting or fund transfer.** (1) After July 1, 1995, any action or combination of actions by the legislature that raises taxes may be taken only if approved by a two-thirds vote of each house of the legislature, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter. Pursuant to the referendum power set forth in Article II, section 1(b) of the state Constitution, tax increases may be referred to the voters for their approval or rejection at an election.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on . . . . . in order to allow a spending increase above last year's authorized spending adjusted for personal income growth?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide human-

itarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to: (a) The dedication or use of lottery revenues under RCW 67.70.240(3), in support of education or education expenditures; or (b) a transfer of moneys to, or an expenditure from, the budget stabilization account.

(5) If the cost of any state program or function and the ongoing revenue necessary to fund the program or function are shifted to the state general fund on or after January 1, 2007, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift unless the shifted revenue had previously been shifted from the general fund.

(6) For the purposes of chapter 1, Laws of 2008, "raises taxes" means any action or combination of actions by the legislature that increases state tax revenue deposited in any fund, budget, or account, regardless of whether the revenues are deposited into the general fund. [2009 c 479 § 36. Prior: 2008 c 1 § 5 (Initiative Measure No. 960, approved November 6, 2007); 2007 c 484 § 6; 2005 c 72 § 5; 2005 c 72 § 2; (2006 c 56 § 8 expired July 1, 2007); prior: 2001 c 3 § 8 (Initiative Measure No. 728, approved November 7, 2000); 2000 2nd sp.s. c 2 § 2; (2002 c 33 § 1 expired June 30, 2003); 1994 c 2 § 4 (Initiative Measure No. 601, approved November 2, 1993).]

(1) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the 2007-2009 fiscal biennium, funds may also be used for higher education facilities preservation and maintenance. During the 2009-2011 fiscal biennium, the legislature may transfer from the education construction fund to the state general fund such amounts as reflect the excess fund balance of the fund.

(2) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a loan or loan guarantee under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 which has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a loan or loan guarantee under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before submitting a request for a loan or loan guarantee.

(3) In considering awarding loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(f) The cost of the project compared to the size of the local government and amount of loan money available;

(g) The number of communities served by or funding the project;

(h) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(i) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(j) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(k) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(l) Other criteria that the board considers advisable.

(5) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before November 1st of each even-numbered year, the board shall develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(7) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(8) Subsection (7) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section.

(9) Loans made for the purpose of capital facilities plans shall be exempted from subsection (7) of this section.

(10) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(11) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. "(1) The legislature finds that permit programs have been legislatively established to protect the health, welfare, economy, and environment of Washington's citizens and to provide a fair, competitive opportunity for business innovation and consumer confidence. The legislature also finds that uncertainty in government processes to permit an activity by a citizen of Washington state is undesirable and erodes confidence in government. The legislature further finds that in the case of projects that would further economic development in the state, information about the permitting process is critical for an applicant's planning and financial assessment of the proposed project. The legislature also finds that applicants have a responsibility to provide complete and accurate information.

(2) The legislature recommends that applicants be provided with the following information when applying for a development permit from a city, county, or state agency:

(a) The minimum and maximum time an agency will need to make a decision on a permit, including public comment requirements;

(b) The minimum amount of information required for an agency to make a decision on a permit;

(c) When an agency considers an application complete for processing;

(d) The minimum and maximum costs in agency fees that will be incurred by the permit applicant; and

(e) The reasons for a denial of a permit in writing.

(3) In providing this information to applicants, an agency should base estimates on the best information available about the permitting program and prior applications for similar permits, as well as on the information provided by the applicant. New information provided by the applicant subsequent to the agency estimates may change the information provided by an agency per subsection (2) of this section. Project modifications by an applicant may result in more time, more information, or higher fees being required for permit processing.

(4) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020.

(5) City, county, and state agencies issuing development permits are encouraged to track the progress in providing the information to applicants per subsection (2) of this section by preparing an annual report of its performance for the preceding fiscal year. The report should be posted on its web site [and] made available and provided to the appropriate standing committees of the senate and house of representatives." [2007 c 231 § 1.]

The application must be accompanied by a letter of approval from the legislative authority of any jurisdiction that will have the proposed project of statewide significance within its boundaries. No designation of a project as a project of statewide significance shall be made without such letter of approval. The letter of approval must state that the jurisdiction joins in the request for the designation of the project as one of statewide significance and has or will hire the professional staff that will be required to expedite the processes necessary to the completion of a project of statewide significance. The development project proponents may provide the funding necessary for the jurisdiction to hire the professional staff that will be required to so expedite. The application shall contain information regarding the location of the project, the applicant's average employment in the state for the prior year, estimated new employment related to the project, estimated wages of employees related to the project, estimated time schedules for completion and operation, and other information required by the department; and

(b) Designate a development project as a project of statewide significance if the department determines:

(i) After review of the application under criteria adopted by rule, the development project will provide significant economic benefit to the local or state economy, or both, the project is aligned with the state's comprehensive plan for economic development under RCW 43.162.020, and, by its designation, the project will not prevent equal consideration of all categories of proposals under RCW 43.157.010; and

**Findings—1991 c 314:** "The legislature finds that:

(1) Cutbacks in allowable sales of old growth timber in Washington state pose a substantial threat to the region and the state with massive layoffs, loss of personal income, and declines in state revenues;

(2) The timber impact areas are of critical significance to the state because of their leading role in the overall economic well-being of the state and their importance to the quality of life to all residents of Washington, and that these regions require a special state effort to diversify the local economy;

(3) There are key opportunities to broaden the economic base in the timber impact areas including agriculture, high-technology, tourism, and regional exports; and

(4) A coordinated state, local, and private sector effort offers the greatest potential to promote economic diversification and to provide support for new projects within the region.

The legislature further finds that if a special state effort does not take place the decline in allowable timber sales may result in a loss of six thousand logging and milling jobs; two hundred million dollars in direct wages and benefits; twelve thousand indirect jobs; and three hundred million dollars in indirect wages and benefits.

It is the intent of the legislature to develop comprehensive programs to provide diversified economic development and promote job creation and employment opportunities for the citizens of the timber impact areas." [1991 c 314 § 1.]

For proposals brought after January 1, 2008, the legislature must also find that the community has identified one or more stable revenue sources as required in subsection (1) of this section. The legislature may then act to authorize the establishment of the community preservation and development authority in law.

(c) Board members elected to positions six through thirteen after the initial three-year term shall serve two-year terms, and if reelected, may serve no more than one additional two-year term.

(5) With respect to an authority's initial board of directors: The state legislative delegation and those proposing formation of the authority shall jointly establish a committee to develop a list of candidates to stand for election once the authority has received legislative approval as established in subsection (2) of this section. For the purpose of developing the list and identifying those persons who meet the criteria in subsection (3)(a) through (e) of this section, community shall mean the proposed geographic boundaries as set out in the proposal. The board of directors shall be elected by the constituency during a meeting convened for that purpose by the state legislative delegation.

(6) With respect to subsequent elections of an authority's board of directors: A list of candidates shall be developed by the authority's existing board of directors and the election shall be held during the annual local town hall meeting as required in RCW 43.167.030. **43.185.140 Findings—Review of all housing properties—Energy audits.** (1) The legislature finds that growing preservation and rehabilitation needs in the housing trust fund property portfolio provide opportunities to advance energy efficiency and weatherization efforts for low-income individuals in Washington state while protecting the state's six hundred million dollars in affordable housing investments. Preservation of existing affordable housing, when done in conjunction with weatherization activities, is a cost-effective, prudent, and environmentally friendly strategy to ensure that low-income housing remains durable, safe, and affordable. Therefore, the legislature intends that where federal funds are available for increasing and improving energy efficiency of low-income housing that these funds must be utilized, subject to federal requirements, for energy audits and implementing energy efficiency measures in the state housing trust fund real estate portfolio.

(2) The department shall review all housing properties in the housing trust fund real estate portfolio and identify those in need of major renovation or rehabilitation. In its review, the department shall survey property owners for information including, but not limited to, the age of the building and the type of heating, cooling, plumbing, and electrical systems contained in the property. The department shall prioritize all renovation or rehabilitation projects identified in the review by the department's ability to:

(a) Achieve the greatest possible expected monetary and energy savings by low-income households and other energy consumers over the greatest period of time;

(b) Promote the greatest possible health and safety improvements for residents of low-income households; and

(c) Leverage, to the extent feasible, technologically advanced and environmentally friendly sustainable technologies, practices, and designs.

(3) Subject to the availability of amounts appropriated for this specific purpose, the department shall use the prioritization of potential energy efficiency needs and opportunities in subsection (2) of this section to make offers of energy audit services to project owners and operators. The department shall use all practicable means to achieve the completion of energy audits in at least twenty-five percent of the properties in its portfolio that exceed twenty-five years in age, by June 30, 2011. Where the energy audits identify cost-effective weatherization and other energy efficiency measures, the department shall accord a priority within appropriated funding levels to include funding for energy efficiency improvements when the department allocates funding for renovation or rehabilitation of the property. [2009 c 379 § 301.]

**43.185C.040 Homeless housing strategic plan—Program outcomes and performance measures and goals—Statewide data gathering instrument—Reports.** (1) Six months after the first Washington homeless census, the

department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

(2) Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:

(a) By the end of year one, completion of the first census as described in RCW 43.185C.030;

(b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and

(c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

(3) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, report biennially to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. The annual report may include performance measures such as:

(a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;

(b) The number of new units available and affordable for homeless families by housing type;

(c) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;

(d) The number of households at risk of losing housing who maintain it due to a preventive intervention;

(e) The transition time from homelessness to permanent housing;

(f) The cost per person housed at each level of the housing continuum;

(g) The ability to successfully collect data and report performance;

(h) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;

- (i) The quality and safety of housing provided; and
- (j) The effectiveness of outreach to homeless persons, and their satisfaction with the program.

(4) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans. **43.215.125 Washington head start program proposal—Report.** (1) For the 2009-2011 fiscal biennium, to the extent funds are appropriated for this purpose, the department shall develop a proposal for implementing a statewide Washington head start program. To the extent possible while maintaining quality standards, the proposal should align the state early childhood education and assistance program with federal head start program eligibility criteria, guidelines, performance standards, and methods/processes for ensuring continuous improvement in program quality. In this proposal, the department shall make recommendations that:

(a) Identify federal head start program guidelines, performance measures and standards, or other requirements for which state flexibility would be recommended. This shall include an analysis of how state flexibility may impact outcomes for children and how that flexibility might deviate from outcomes associated with the federal standards. Areas to be examined must include, but are not limited to, transportation requirements, service hour configurations, delivery methods, and impact on rural programs;

(b) Provide comparative data regarding child performance, readiness, and educational outcomes for Washington's existing head start and early childhood education and assistance programs;

(c) Determine the alignment between head start standards and the recommendations of Washington learns;

(d) Identify any change in the state early childhood education and assistance program laws that would be required to implement the Washington head start proposal;

(e) Identify additional resources needed to meet federal guidelines and standards. Areas to be examined must include, but are not limited to: Per-child funding levels, professional development and training needs, facilities needs, and technical assistance;

(f) Identify state early childhood education and assistance programs that do and do not offer full-day, full-year

services to children, and what transition steps would be needed for these programs to operate in the same manner as federal head start programs;

(g) Provide steps for phasing-in the Washington head start proposal;

(h) Include a timeline, strategy, and funding needs to implement a statewide, state-supported early head start program as a component of the Washington head start proposal; and

(i) Detail the process the department would take with the regional office of federal head start in identifying any exceptions or waivers needed to provide flexibility and maintain high quality standards.

(2) In developing its recommendations for this proposal, the department shall seek, where appropriate and available, training or technical assistance from the appropriate regional office of federal head start in order to maximize nonstate resources that might be available for the consultative work and research involved with developing this proposal. The department also shall consult with and solicit input from:

(a) State early childhood education and assistance program providers on Indian reservations and across the state, including providers who operate solely state-supported programs;

(b) Tribal governments operating head start programs and early head start programs in the state to ensure that the needs of Indian and Alaskan native children and their families are incorporated into the recommendations of the proposal, especially as they pertain to standards or guidelines around language acquisition, school readiness, availability and need for services among Indian and Alaskan native children and their families, and curriculum development; and

(c) Providers operating migrant and seasonal head start programs in the state in order to address the needs of the children of migrant and seasonal farmworker families.

(3) The department shall make recommendations on how it would periodically review the standards and guidelines within the Washington head start program, including incorporation of the latest research and information on early childhood development as well as any new innovations that may further improve outcomes to low-income children and their families.

(4) The department's recommendations on a Washington head start proposal shall include how the proposal aligns with the department's current statutory duties. The recommendations shall also include any other options that may improve the quality of state-supported early learning programs.

(5) The department shall deliver its report to the governor and legislature by December 1, 2009. [2009 c 564 § 941; 2008 c 164 § 2.]

**Effective date—2009 c 564:** See note following RCW 2.68.020.

**Findings—2008 c 164:** "The legislature finds that:

(1) It is in the best interest of the state to provide early learning services to economically disadvantaged families;

(2) Research has demonstrated that comprehensive services, including family support services designed to meet the early education needs of low-income and at-risk children, are successful in improving school readiness, reducing the risk of juvenile delinquency and incarceration, and reducing reliance on public assistance among these children later in life;

(3) The state's early childhood education and assistance program was originally established to serve as the state counterpart to the federal head start program. When it was created, it aligned with the federal program in both standards and funding levels;

(4) The state early childhood education and assistance program has served an important role in providing comprehensive services to low-income children. However, since it was first created, per-child funding levels for the state program have not kept pace with funding levels for the federal program. This has resulted in fewer service hours for children and less intensive services for families;

(5) Aligning performance standards and funding levels for the state early childhood education and assistance program with federal head start will improve the quality of state-supported early learning programs. Additionally, it will improve school readiness through measures, such as a forty percent increase in class time, and it will achieve administrative efficiencies and make state-supported services more easily recognizable and accessible to parents and families eligible for these programs; and

(6) Providing quality early learning services for children from birth to age three is the most cost-effective investment society can make. Additionally, the state can use the demonstrated results from the federal early head start program as an example to expand its reach of services already provided to three and four-year old children to children in the critical birth to three years age category." [2008 c 164 § 1.]

**43.215.495 Child care services—Declaration of policy.** It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. The availability of quality, affordable child care is a concern for working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to work places and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, mini-centers, centers and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry through the department of early learning. [2006 c 265 § 202; 1989 c 381 § 2; 1988 c 213 § 1. Formerly RCW 74.13.085.]

**Part headings not law—Effective date—Severability—2006 c 265:** See RCW 43.215.904 through 43.215.906.

**Findings—1989 c 381:** "The legislature finds that the increasing difficulty of balancing work life and family needs for parents in the workforce has made the availability of quality, affordable child care a critical concern for the state and its citizens. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the workforce to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state and its businesses.

The legislature further finds that making information on child care options available to businesses can help the market for child care adjust to the needs of businesses and working families. The legislature further finds that investments are necessary to promote partnerships between the public and private sectors, educational institutions, and local governments to

increase the supply, affordability, and quality of child care in the state." [1989 c 381 § 1.]

**Severability—1989 c 381:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 381 § 7.]

**Severability—1988 c 213:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 213 § 5.]

**43.215.532 County regulation of family day-care centers—Twelve-month pilot projects.** (1) Notwithstanding RCW 74.15.030, counties with a population of three thousand or less may adopt and enforce ordinances and regulations as provided in this section for family day-care providers as defined in \*RCW 74.15.020(1)(f) as a twelve-month pilot project. Before a county may regulate family day-care providers in accordance with this section, it shall adopt ordinances and regulations that address, at a minimum, the following: (a) The size, safety, cleanliness, and general adequacy of the premises; (b) the plan of operation; (c) the character, suitability, and competence of a family day-care provider and other persons associated with a family day-care provider directly responsible for the care of children served; (d) the number of qualified persons required to render care; (e) the provision of necessary care, including food, clothing, supervision, and discipline; (f) the physical, mental, and social well-being of children served; (g) educational and recreational opportunities for children served; and (h) the maintenance of records pertaining to children served.

(2) The county shall notify the department of social and health services in writing sixty days prior to adoption of the family day-care regulations required pursuant to this section. The transfer of jurisdiction shall occur when the county has notified the department in writing of the effective date of the regulations, and shall be limited to a period of twelve months from the effective date of the regulations. Regulation by counties of family day-care providers as provided in this section shall be administered and enforced by those counties. The department shall not regulate these activities nor shall the department bear any civil liability under chapter 74.15 RCW for the twelve-month pilot period. Upon request, the department shall provide technical assistance to any county that is in the process of adopting the regulations required by this section, and after the regulations become effective.

(3) Any county regulating family day-care providers pursuant to this section shall report to the governor and the appropriate committees of the legislature concerning the outcome of the pilot project upon expiration of the twelve-month pilot period. The report shall include the ordinances and regulations adopted pursuant to subsection (1) of this section and a description of how those ordinances and regulations address the specific areas of regulation identified in subsection (1) of this section. [2005 c 509 § 1. Formerly RCW 74.15.031.]

**\*Reviser's note:** Chapter 265, Laws of 2006, deleted the definition of "family day-care provider" in RCW 74.15.020 and created it in RCW 43.215.010.

**Effective date—2005 c 509:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 17, 2005]." [2005 c 509 § 2.]

**43.215.550 Child care partnership employer liaison.**

An employer liaison position is established in the department of early learning to be colocated with the department of community, trade, and economic development. The employer liaison shall, within appropriated funds:

(1) Staff and assist the child care partnership in the implementation of its duties;

(2) Provide technical assistance to employers regarding child care services, working with and through local resource and referral organizations whenever possible. Such technical assistance shall include at a minimum:

(a) Assessing the child care needs of employees and prospective employees;

(b) Reviewing options available to employers interested in increasing access to child care for their employees;

(c) Developing techniques to permit small businesses to increase access to child care for their employees;

(d) Reviewing methods of evaluating the impact of child care activities on employers; and

(e) Preparing, collecting, and distributing current information for employers on options for increasing involvement in child care; and

(3) Provide assistance to local child care resource and referral organizations to increase their capacity to provide quality technical assistance to employers in their community. [2006 c 265 § 203; 1989 c 381 § 6. Formerly RCW 74.13.0902.]

**Part headings not law—Effective date—Severability—2006 c 265:** See RCW 43.215.904 through 43.215.906.

**Findings—Severability—1989 c 381:** See notes following RCW 43.215.495.

**43.215.555 Child care expansion grant fund.** (1) The legislature recognizes that a severe shortage of child care exists to the detriment of all families and employers throughout the state. Many workers are unable to enter or remain in the workforce due to a shortage of child care resources. The high costs of starting a child care business create a barrier to the creation of new slots, especially for children with special needs.

(2) A child care expansion grant fund is created in the custody of the secretary of the department of social and health services. Grants shall be awarded on a one-time only basis to persons, organizations, or schools needing assistance to start a child care center or mini-center as defined by the department by rule, or to existing licensed child care providers, including family home providers, for the purpose of making capital improvements in order to accommodate handicapped children as defined under chapter 72.40 RCW, sick children, or infant care, or children needing night time care. No grant may exceed ten thousand dollars. Start-up costs shall not include operational costs after the first three months of business.

(3) Child care expansion grants shall be awarded on the basis of need for the proposed services in the community, within appropriated funds.

(4) The department shall adopt rules under chapter 34.05 RCW setting forth criteria, application procedures, and methods to assure compliance with the purposes described in this section. [1988 c 213 § 3. Formerly RCW 74.13.095.]

**Severability—1988 c 213:** See note following RCW 43.215.495.

**43.215.908 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. (Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)**

For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. 43.300.080 Cost-reimbursement agreements.

**43.300.080 Cost-reimbursement agreements.** (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental

review, application review, technical studies, and permit processing.

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

(a) The estimated number of weeks for initial review of the permit application;

(b) The estimated number of revision cycles;

(c) The estimated number of weeks for review of subsequent revision submittals;

(d) The estimated number of billable hours of employee time;

(e) The rate per hour; and

(f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. **43.320.160 Prevent or reduce owner-occupied foreclosure program—Report. (*Effective until June 30, 2011.*)**

(1) The prevent or reduce owner-occupied foreclosure program is created in the department to assist borrowers facing foreclosure in achieving work-outs, loan modifications, or other results that keep them in their homes. The borrowers are households, families, and individuals who are residents of Washington state, with an emphasis on borrowers with incomes up to one hundred forty percent of median income level of the county in which the borrower resides.

(2) The department shall enter into an interagency agreement with the Washington state housing finance commission to implement and administer this program with moneys from the account created in RCW 43.320.165. The Washington state housing finance commission will request funds from the department as needed to implement and operate the program.

(3) The commission shall, under terms and conditions to be determined by the commission, in consultation with the department, assist homeowners who are facing foreclosure in achieving work-outs, loan modifications, or other results that keep them in their homes. Moneys may also be used for outreach activities to raise awareness of this program; creating and maintaining a pool of volunteers consisting of attorneys, accountants, banking professionals, mortgage brokers, housing counselors, and other relevant professionals who participate in the program as needed and without compensation to provide advice and representation to the borrower in achiev-

ing work-outs, loan modifications, or other results that keep them in their homes; and administering assignments of volunteers to borrowers in the most productive manner. Not more than four percent of the total appropriation for this program may be used for administrative expenses of the department and the commission.

(4) The commission must provide an annual report to the legislature at the end of each fiscal year of program operation. The report must include information determined by the prevent or reduce owner-occupied foreclosure oversight committee established under \*section 4 of this act to be useful in assessing the success of the program. The commission shall establish and report upon performance measures, including measures to gauge program efficiency and effectiveness and customer satisfaction.

(5) For the purposes of this section, "work-out" means an agreement made between the borrower and the mortgagee or beneficiary under a deed of trust, or with the authorized agent of the mortgagee or beneficiary, that results in the borrower's continued residence in the mortgaged residential property. [2009 c 386 § 1; 2008 c 322 § 1.]

\*Reviser's note: Section 4 of this act was vetoed.

All receipts from the appropriation in section 4, chapter 322, Laws of 2008 as well as receipts from private contributions and all other sources that are specifically designated for the prevent or reduce owner-occupied foreclosure program must be deposited into the account. Expenditures from the account may be used solely for the purpose of preventing or reducing owner-occupied foreclosures through the prevent or reduce owner-occupied foreclosure program as described in RCW 43.320.160. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2009 c 386 § 2; 2008 c 322 § 2.]

**43.330.007 Management responsibility.** The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions and to make recommendations for changes. [2009 c 565 § 1; 1993 c 280 § 2.]

**Implementation plan—1994 c 5; 1993 c 280:** "(1) The director of the department of trade and economic development and the director of the department of community development shall, by November 15, 1993, jointly submit a plan to the governor for the consolidation and smooth transition of the department of trade and economic development and the department of community development into the department of community, trade, and economic development so that the department will operate as a single entity on March 1, 1994.

- (2) The plan shall include, but is not limited to, the following elements:
- (a) Strategies for combining the existing functions and responsibilities

of both agencies into a coordinated and unified department including a strategic plan for each major program area that includes implementation steps, evaluation measures, and methods for collaboration among programs;

(b) Recommendations for any changes in existing programs and functions of both agencies, including new initiatives and possible transfer of programs and functions to and from other departments;

(c) Implementation steps necessary to bring about operation of the combined department as a single entity;

(d) Benchmarks by which to measure progress and to evaluate the performance and effectiveness of the department's efforts; and

(e) Strategies for coordinating and maximizing federal, state, local, international, and private sector support for community and economic development efforts within the state.

(3) In developing this plan, the directors shall establish an advisory committee of representatives of groups using services and programs of both departments. The advisory committee shall include representatives of cities, counties, port districts, small and large businesses, labor unions, associate development organizations, low-income housing interests, housing industry, Indian tribes, community action programs, public safety groups, nonprofit community and development organizations, international trade organizations, minority and women business organizations, and any other organizations the directors determine should have input to the plan." Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues.

The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each." ### 43.330.270 Innovation partnership zone program.

(1) The department shall design and implement an innovation partnership zone program through which the state will encourage and support research institutions, workforce training organizations, and globally competitive companies to work cooperatively in close geographic proximity to create commercially viable products and jobs.

(2) The director shall designate innovation partnership zones on the basis of the following criteria:

(a) Innovation partnership zones must have three types of institutions operating within their boundaries, or show evidence of planning and local partnerships that will lead to dense concentrations of these institutions:

(i) Research capacity in the form of a university or community college fostering commercially valuable research, nonprofit institutions creating commercially applicable innovations, or a national laboratory;

(ii) Dense proximity of globally competitive firms in a research-based industry or industries or of individual firms with innovation strategies linked to (a)(i) of this subsection. A globally competitive firm may be signified through international organization for standardization 9000 or 1400 certification, or other recognized evidence of international success; and

(iii) Training capacity either within the zone or readily accessible to the zone. The training capacity requirement may be met by the same institution as the research capacity requirement, to the extent both are associated with an educational institution in the proposed zone.

(b) The support of a local jurisdiction, a research institution, an educational institution, an industry or cluster association, a workforce development council, and an associate development organization, port, or chamber of commerce;

(c) Identifiable boundaries for the zone within which the applicant will concentrate efforts to connect innovative researchers, entrepreneurs, investors, industry associations or clusters, and training providers. The geographic area defined should lend itself to a distinct identity and have the capacity to accommodate firm growth;

(d) The innovation partnership zone administrator must be an economic development council, port, workforce development council, city, or county.

(3) With respect solely to the research capacity required in subsection (2)(a)(i) of this section, the director may waive the requirement that the research institution be located within the zone. To be considered for such a waiver, an applicant must provide a specific plan that demonstrates the research institution's unique qualifications and suitability for the zone, and the types of jointly executed activities that will be used to ensure ongoing, face-to-face interaction and research collaboration among the zone's partners.

(4) On October 1st of each odd-numbered year, the director shall designate innovation partnership zones on the basis of applications that meet the legislative criteria, estimated economic impact of the zone, evidence of forward planning for the zone, and other criteria as recommended by the Washington state economic development commission. Estimated economic impact must include evidence of anticipated private investment, job creation, innovation, and commercialization. The director shall require evidence that zone applicants will promote commercialization, innovation, and collaboration among zone residents.

(5) Innovation partnership zones are eligible for funds and other resources as provided by the legislature or at the discretion of the governor.

(6) If the innovation partnership zone meets the other requirements of the fund sources, then the zone is eligible for the following funds relating to:

- (a) The local infrastructure financing tools program;
- (b) The sales and use tax for public facilities in rural counties; and
- (c) Job skills.

(7) An innovation partnership zone shall be designated as a zone for a four-year period. At the end of the four-year period, the zone must reapply for the designation through the department.

(8) If the director finds at any time after the initial year of designation that an innovation partnership zone is failing to meet the performance standards required in its contract with the department, the director may withdraw such designation and cease state funding of the zone.

(9) The department shall convene annual information sharing events for innovation partnership zone administrators and other interested parties.

(10) An innovation partnership zone shall provide performance measures as required by the director, including but not limited to private investment measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation.

(11) The department shall compile a biennial report on the innovation partnership zone program by December 1st of every even-numbered year. The report shall provide information for each zone on its: Objectives; funding, tax incentives, and other support obtained from public sector sources; major activities; partnerships; performance measures; and outcomes achieved since the inception of the zone or since the previous biennial report. The Washington state economic development commission shall review the department's draft report and make recommendations on ways to increase the effectiveness of individual zones and the program overall. The department shall submit the report, including the commission's recommendations, to the governor and legislature beginning December 1, 2010. [2009 c 72 § 1; 2007 c 227 § 1.]

(g) Such other criteria as agreed by the department and the association;

(6) Shall require the statewide microenterprise association and any microenterprise development organization receiving funds through the microenterprise development program to raise and contribute to the effort funded by the microenterprise development program an amount equal to twenty-five percent of the microenterprise development program funds received. Such matching funds may come from private foundations, federal or local sources, financial institutions, or any other source other than funds appropriated from the legislature;

(7) Shall require under its contract with the statewide microenterprise association an annual accounting of program outcomes, including job creation, access to capital, leveraging of nonstate funds, and other outcome measures specified by the department. By January 1, 2012, the joint legislative audit and review committee shall use these outcome data and other relevant information to evaluate the program's effectiveness; and

(8) May adopt rules as necessary to implement this section. [2009 c 565 § 15; 2007 c 322 § 3.]

**Findings—Purpose—Intent—2007 c 322:** "(1) The legislature finds that:

(a) Microenterprises are an important portion of Washington's economy, providing approximately twenty percent of the employment in Washington and playing a vital role in job creation.

(b) While community-based microenterprise development organizations have expanded their assistance to their microentrepreneur customers in recent years, there remains a lack of access to capital, training, and technical assistance for low-income microentrepreneurs.

(c) Support for microenterprise development offers a means to expand business and job creation in low-income communities in both rural and urban areas of the state.

(d) Local and state charitable foundation support, federal program funding, and private sector support can be leveraged by a statewide program for development of microenterprises.

(2) It is the purpose of this act to assist microenterprises in job creation by increasing the training, technical assistance, and financial resources available to microenterprises. It is the intention of the legislature to carry out this purpose by enabling the department of community, trade, and economic development to contract with a statewide microenterprise association with the potential to provide organizational support and administer grants to local microenterprise development organizations, subject to the requirements of this act, and to leverage additional funds from sources other than moneys appropriated from the general fund." [2007 c 322 § 1.]

**43.330.300 Financial fraud and identity theft crimes investigation and prosecution program. (Expires July 1, 2015.)** (1) The financial fraud and identity theft crimes investigation and prosecution program is created in the department of commerce. The department shall:

(b) Administer the account created in subsection (3) of this section; and

(c) By December 31st of each year submit a report to the appropriate committees of the legislature and the governor regarding the progress of the program and task forces. The report must include recommendations on changes to the program, including expansion.

(2)(a) The department shall establish two regional financial fraud and identity theft crime task forces that include a central Puget Sound task force that includes King and Pierce counties, and a Spokane county task force. Each task force must be comprised of local law enforcement, county prosecutors, representatives of the office of the attorney general, financial institutions, and other state and local law enforcement.

(b) The department shall appoint: (i) Representatives of local law enforcement from a list provided by the Washington association of sheriffs and police chiefs; (ii) representatives of county prosecutors from a list provided by the Washington association of prosecuting attorneys; and (iii) representatives of financial institutions.

(c) Each task force shall:

(i) Hold regular meetings to discuss emerging trends and threats of local financial fraud and identity theft crimes;

(ii) Set priorities for the activities for the task force;

(iii) Apply to the department for funding to (A) hire prosecutors and/or law enforcement personnel dedicated to investigating and prosecuting financial fraud and identity theft crimes; and (B) acquire other needed resources to conduct the work of the task force;

(iv) Establish outcome-based performance measures; and

(v) Twice annually report to the department regarding the activities and performance of the task force.

(3) The financial fraud and identity theft crimes investigation and prosecution account is created in the state treasury. Moneys in the account may be spent only after appropriation. Revenue to the account may include appropriations, revenues generated by the surcharge imposed in RCW 62A.9A-525, federal funds, and any other gifts or grants. Expenditures from the account may be used only to support the activities of the financial fraud and identity theft crime investigation and prosecution task forces and the program administrative expenses of the department, which may not exceed ten percent of the amount appropriated.

(4) For purposes of this section, "financial fraud and identity theft crimes" includes those that involve: Check fraud, chronic unlawful issuance of bank checks, embezzlement, credit/debit card fraud, identity theft, forgery, counterfeit instruments such as checks or documents, organized counterfeit check rings, and organized identification theft rings. [2009 c 565 § 16; 2008 c 290 § 1.]

**Expiration dates—2009 c 565 §§ 16 and 41:** "(1) Section 16 of this act expires July 1, 2015.

(2) Section 41 of this act expires June 30, 2016." [2009 c 565 § 57.]

**Expiration date—2008 c 290:** "This act expires July 1, 2015." [2008 c 290 § 4.]

**43.330.320 Obtaining energy efficiency services—Awarding grants to financial institutions—Credit enhancements.** (1) The department must: (a) Establish a process to award grants on a competitive basis to provide grants to financial institutions for the purpose of creating credit enhancements, such as loan loss reserve funds as specified in RCW 43.330.330 and 43.330.350, and consumer financial products and services that will be used to obtain energy efficiency services; and (b) develop criteria, in consultation with the department of financial institutions, regarding the extent to which funds will be provided for the purposes of credit enhancements and set forth principles for accountability for financial institutions receiving funding for credit enhancements.

(2) The department must:

(a) Give priority to financial institutions that provide both consumer financial products or services and direct outreach;

(b) Approve any financing mechanisms offered by local municipalities under RCW 43.330.350; and

(c) Require any financial institution or other entity receiving funding for credit enhancements to:

(i) Provide books, accounts, and other records in such a form and manner as the department may require;

(ii) Provide an estimate of projected loan losses; and

(iii) Provide the financial institution's plan to manage loan loss risks, including the rationale for sizing a loan loss reserve and the use of other credit enhancements, as applicable. [2009 c 379 § 205.]

**Finding—Intent—Effective date—2009 c 379:** See notes following RCW 70.260.010.

**43.330.330 Funding energy efficiency improvements--Risk reduction mechanisms--Legislative intent.**

(1) The legislature finds that the creation and use of risk reduction mechanisms will promote greater involvement of local financial institutions and other financing mechanisms in funding energy efficiency improvements and will achieve greater leverage of state and federal dollars. Risk reduction mechanisms will allow financial institutions to lend to a broader pool of applicants on more attractive terms, such as potentially lower rates and longer loan terms. Placing a portion of funds in long-term risk reduction mechanisms will support a sustained level of energy efficiency investment by financial institutions while providing funding to projects quickly.

(2) It is the intent of the legislature to leverage new federal funding aimed at promoting energy efficiency projects, improving energy efficiency, and increasing family-wage jobs. To this end, the legislature intends to invest a portion of all federal funding, subject to federal requirements, for energy efficiency projects in financial mechanisms that will provide for maximum leverage of financing. [2009 c 379 § 206.]

**Finding--Intent--Effective date—2009 c 379:** See notes following RCW 70.260.010.

**43.330.340 Appliance efficiency rebate program.** The department may create an appliance efficiency rebate program with available funds from the energy efficient appli-

ances rebate program authorized under the federal energy policy act of 2005 (P.L. 109-58). [2009 c 379 § 207.]

**Finding—Intent—Effective date—2009 c 379:** See notes following RCW 70.260.010.

**43.330.350 Use of moneys by local municipalities to leverage financing for energy efficiency projects.** (1) Local municipalities receiving federal stimulus moneys through the federal energy efficiency and conservation block grant program or state energy program are authorized to use those funds, subject to federal requirements, to establish loan loss reserves or toward risk reduction mechanisms, such as loan loss reserves, to leverage financing for energy efficiency projects.

(2) Interest rate subsidies, financing transaction cost subsidies, capital grants to energy users, and other forms of grants and incentives that support financing energy efficiency projects are authorized uses of federal energy efficiency funding.

(3) Financing mechanisms offered by local municipalities under this section must conform to all applicable state and federal rules and regulations. [2009 c 379 § 208.]

**Finding—Intent—Effective date—2009 c 379:** See notes following RCW 70.260.010.

**43.330.360 Findings—Involvement of state bond authorities in financing energy efficiency projects.** (1) The legislature finds that the state bond authorities have capacities that can be applied to financing energy efficiency projects for their respective eligible borrowers: Washington economic development finance authority for industry; Washington state housing finance commission for single-family and multifamily housing, commercial properties, agricultural properties, and nonprofit facilities; Washington higher education facilities authority for private, nonprofit higher education; and Washington health care facilities authority for hospitals and all types of health clinics.

(2)(a) Subject to federal requirements, the state bond authorities may accept and administer an allocation of the state's share of the federal energy efficiency funding for designing energy efficiency finance loan products and for developing and operating energy efficiency finance programs. The state bond authorities shall coordinate with the department on the design of the bond authorities' program.

(b) The department may make allocations of the federal funding to the state bond authorities and may direct and administer funding for outreach, marketing, and delivery of energy services to support the programs by the state bond authorities.

(c) The legislature authorizes a portion of the federal energy efficiency funds to be used by the state bond authorities for credit enhancements and reserves for such programs.

(3) The Washington state housing finance commission may:

(a) Issue revenue bonds as the term "bond" is defined in RCW 43.180.020 for the purpose of financing loans for energy efficiency and renewable energy improvement projects in accordance with RCW 43.180.150;

(b) Establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of federal funds or commission bonds; and

(c) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with chapter 43.180 RCW to secure to itself and the people of the state the benefits of programs to promote energy efficiency and renewable energy technologies. [2009 c 379 § 209.]

**Finding—Intent—Effective date—2009 c 379:** See notes following RCW 70.260.010.

**43.330.370 Evergreen jobs initiative.** The Washington state evergreen jobs initiative is established as a comprehensive green economy jobs growth initiative with the goals of:

## Chapter 43.362 RCW

### REGIONAL TRANSFER OF DEVELOPMENT RIGHTS PROGRAM

#### Sections

43.362.005 Findings.

43.362.010 Definitions.

43.362.030 Program established in central Puget Sound.

43.362.040 Designation of sending and receiving areas—Inclusion of certain lands in programs for agricultural or forest land conservation.

43.362.050 Interlocal agreement for transfers of development rights—Rules.

43.362.060 Participation in regional transfer of development rights program—Requirements—Incentives for developers.

43.362.070 Quantitative and qualitative performance measures—Reporting—Posting on web site.

**43.362.005 Findings.** (1) The legislature finds that current concern over the rapid and increasing loss of rural, agricultural, and forested land has led to the exploration of creative approaches to preserving these important lands, and that the creation of a regional transfer of development rights marketplace will assist in conserving these lands.

(2) A transfer of development rights is a market-based exchange mechanism that encourages the voluntary transfer of development rights from sending areas with lower population densities to receiving areas with higher population densities. When development rights are transferred through a transfer of development rights exchange, permanent deed restrictions are placed on the sending area properties to ensure that the land will be used only for approved activities, activities that may include farming, forest management, conservation, or passive recreation. Additionally, in a transfer of development rights exchange, the costs of purchasing the recorded development restrictions are borne by the developers who receive the transferred right in the form of a building credit or bonus.

(3) The legislature further finds that a successful transfer of development rights program must consider housing affordable to all economic segments of the population, and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports the creation or retention of jobs.

(4) Participation in a regional transfer of development rights program by counties, cities, and towns should be as simple as possible.

(5) Accordingly, the legislature has determined that it is good public policy to build upon existing transfer of development rights programs, pilot projects, and private initiatives that foster effective use of transferred development rights through the creation of a market-based program that focuses on the central Puget Sound region. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-driven, and separate, but compatible with existing local transfer of development rights programs. [2009 c 474 § 1; 2007 c 482 § 1.]

**43.362.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "By-right permitting" means that project applications for permits that use transferable development rights would be subject to administrative review. Administrative review allows a local planning official to approve a project without noticed public hearings.

(2) "Department" means the department of commerce.

(3) "Nongovernmental entities" includes nonprofit or membership organizations with experience or expertise in transferring development rights.

(4) "Receiving area ratio" means the number or character of development rights that are assigned to a development right for use in a receiving area. Development rights in a receiving area may be used at the discretion of the receiving area jurisdiction, including but not limited to additional residential density, additional building height, additional commercial floor area, or to meet regulatory requirements.

(5) "Receiving areas" are lands within and designated by a city or town in which transferable development rights from the regional program established by this chapter may be used.

(6) "Regional transfer of development rights program" or "regional program" means the regional transfer of development rights program established by RCW 43.362.030 in central Puget Sound, including King, Pierce, Kitsap, and Snohomish counties and the cities and towns within these counties.

(7) "Sending area" includes those lands that meet conservation criteria as described in RCW 43.362.040.

(8) "Sending area ratio" means the number of development rights that a sending area landowner can sell per acre.

(9) "Transfer of development rights" includes methods for protecting land from development by voluntarily removing the development rights from a sending area and transferring them to a receiving area for the purpose of increasing development density or intensity in the receiving area.

(10) "Transferable development right" means a right to develop one or more residential units in a sending area that can be sold and transferred for use consistent with a receiving ratio adopted for development in a designated receiving area consistent with the regional program. [2009 c 565 § 45; 2009 c 474 § 2; 2007 c 482 § 2.]

**43.362.030 Program established in central Puget Sound.** (1) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties. The program must be guided by the Puget Sound regional council's multicounty planning policies adopted under RCW 36.70A.210(7).

(2) The purpose of the program is to foster voluntary county, city, and town participation in the program so that interjurisdictional transfers occur between the counties, cities, and towns, including transfers from counties to cities and towns in other counties. Private transactions between buyers and sellers of transferable development rights are allowed and encouraged under this program. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council to implement a regional program.

(3) The department shall encourage participation by the cities, towns, and counties in the regional program. The regional program shall not be implemented in a manner that negatively impacts existing local programs. The department shall encourage and work to enhance the efforts in any of these counties, cities, or towns to develop local transfer of development rights programs or enhance existing programs.

(4) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall do the following to implement a regional transfer of development rights program in central Puget Sound:

(a) Serve as the central coordinator for state government in the implementation of RCW 43.362.030 through 43.362.070.

(b) Offer technical assistance to cities, towns, and counties planning for participation in the regional transfer of development rights program. The department's technical assistance shall:

(i) Include written guidance for local development and implementation of the regional transfer of development rights program;

(ii) Include guidance for and encourage permitting or environmental review incentives for developers to participate. Activities may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240;

(iii) Provide guidance to counties, cities, and towns to negotiate receiving area ratios and foster private transactions;

(iv) Provide guidance and encourage planning for receiving areas that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing; and

(v) Provide guidance and encourage planning for receiving areas that maximizes opportunities for economic development through the creation or retention of jobs.

(c) Work with counties, cities, and towns to inform elected officials, planning commissions, and the public regarding the regional transfer of development rights program. The information provided by the department shall discuss the importance of preserving farmland and farming, and forest land and forestry, to cities and towns and the local economy.

(d) Based on information provided by the counties, cities, and towns, post on a web site information regarding transfer of development rights transactions and a list of interested buyers and sellers of transferable development rights.

(e) Coordinate with and provide resources to state and local agencies and stakeholders to provide public outreach. [2009 c 474 § 3.]

(a) Land designated as agricultural or forest land of long-term commercial significance;

(b) Land designated rural that is being farmed or managed for forestry;

(c) Land whose conservation meets other state and regionally adopted priorities; and

(d) Land that is in current use as a manufactured/mobile home park as defined in chapter 59.20 RCW.

Nothing in these criteria limits a county's authority to designate additional lands as a sending area for conservation under a local county transfer of development rights program.

(2) Upon purchase of a transferable development right from land designated rural that is being farmed or managed for forestry, a county must include the land from which the right was purchased in any programs it administers for conservation of agricultural land or forest land.

(3) The designation of receiving areas is limited to incorporated cities or towns. Prior to designating a receiving area, a city or town should have adequate infrastructure planned

and funding identified for development in the receiving area at densities or intensities consistent with what can be achieved under the local transfer of development rights program. Nothing in this subsection limits a city's, town's, or county's authority to designate additional lands for a receiving area under a local intrajurisdictional transfer of development rights program that is not part of the regional program.

(4) Cities and towns participating in the regional transfer of development rights program shall have discretion to determine which sending areas they receive development rights from to be used in their designated receiving areas.

(5) Designation of sending and receiving areas should include a process for public outreach consistent with the public participation requirements in chapter 36.70A RCW. [2009 c 474 § 4.]

**43.362.050 Interlocal agreement for transfers of development rights—Rules.** (1) To facilitate participation, the department shall develop and adopt by rule terms and conditions of an interlocal agreement for transfers of development rights between counties, cities, and towns. Counties, cities, and towns participating in the regional program have the option of adopting the rule by reference to transfer development rights across jurisdictional boundaries as an alternative to entering into an interlocal agreement under chapter 39.34 RCW.

(2) This section and the rules adopted under this section shall be deemed to provide an alternative method for the implementation of a regional transfer of development rights program, and shall not be construed as imposing any additional condition upon the exercise of any other powers vested in municipalities.

(3) Nothing in this section prohibits a county, city, or town from entering into an interlocal agreement under chapter 39.34 RCW to transfer development rights under the regional program. [2009 c 474 § 5.]

**43.362.060 Participation in regional transfer of development rights program—Requirements—Incentives for developers.** (1) Counties, cities, and towns that choose to participate in the regional transfer of development rights program must:

(ii) Designate sending or receiving areas consistent with RCW 43.362.030 through 43.362.070; and

(iii) Adopt a sending or receiving area ratio in cooperation with the sending or receiving jurisdiction.

(2) Cities and towns that choose to participate in the regional transfer of development rights program are encouraged to provide permitting or environmental review incentives for developers to participate. Such incentives may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill

under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240. [2009 c 474 § 6.]

The department may require cities, towns, and counties to report on these performance measures biannually. The department shall compile any performance measure information that has been reported by the counties, cities, and towns and post it on a web site. [2009 c 474 § 7.]
