The court may appoint one or more persons as appraisers to receive evidence and recommend decisions on the question of fair value. The appraisers have the powers described in the order appointing them or in any amendment to it. The dissenters are entitled to the same discovery rights as parties in other civil proceedings.

(6) Each dissenter made a party to the proceeding is entitled to judgment for the amount, if any, by which the court finds the fair value of the dissenter's partnership interest, plus

interest, exceeds the amount paid by the limited partnership. [2009 c 188 § 1211.]

**25.10.886 Unsettled demand for payment—Costs, fees, and expenses of counsel.** (*Effective January 1, 2010.*)

(1) The court in a proceeding commenced under RCW 25.10.881 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the limited partnership, except that the court may assess the costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment.

(2) The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:

(a) Against the limited partnership and in favor of any or all dissenters if the court finds the limited partnership did not substantially comply with the requirements of this article; or

(b) Against either the limited partnership or a dissenter, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this article.

(3) If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated, and that the fees for those services should not be assessed against the limited partnership, the court may award to these counsel reasonable fees to be paid out of the amounts awarded the dissenters who were benefited. (3) If a registered agent changes the street address of the agent's business office, the registered agent may change the street address of the registered office of any limited liability company for which the agent is the registered agent by notifying the limited liability company in writing of the change and signing, either manually or in facsimile, and delivering to the secretary of state for filing a statement that complies with the requirements of subsection (2) of this section and recites that the limited liability company has been notified of the change.

(4) A registered agent may resign as agent by signing and delivering to the secretary of state for filing a statement that the registered office is also discontinued. After filing the statement the secretary of state shall mail a copy of the statement to the limited liability company at its principal office. (2) The happening of events specified in a limited liability company agreement;

If the name is not available, the limited liability company must file with its application for reinstatement an amendment to its certificate of formation reflecting a change of name.

(3) When the reinstatement is effective, it relates back to and takes effect as of the effective date of the administrative dissolution and the limited liability company may resume carrying on its business as if the administrative dissolution had never occurred.

(4) If an application for reinstatement is not made within the five-year period set forth in subsection (1) of this section, or if the application made within this period is not granted, the limited liability company's certificate of formation is deemed canceled. (3) When the reinstatement is effective, it relates back to and takes effect as of the effective date of the voluntary dissolution and the limited liability company may resume carrying on its business as if the voluntary dissolution had never occurred.

(4) If an application for reinstatement is not made within the one hundred twenty-day period set forth in subsection (1) of this section, or if the application made within this period is not granted, the secretary of state shall cancel the limited liability company's certificate of formation. [2009 c 437 § 3.]

(4) If a registered agent changes the street address of the agent's business office, the registered agent may change the street address of the registered office of any foreign limited liability company for which the agent is the registered agent by notifying the foreign limited liability company in writing of the change and signing, either manually or in facsimile, and delivering to the secretary of state for filing a statement that complies with the requirements of subsection (3) of this section and recites that the foreign limited liability company has been notified of the change.

(5) A registered agent of any foreign limited liability company may resign as agent by signing and delivering to the secretary of state for filing a statement that the registered office is also discontinued. After filing the statement the secretary of state shall mail a copy of the statement to the foreign limited liability company at its principal place of business shown in its application for certificate of registration if no annual report has been filed. The agency appointment is terminated, and the registered office discontinued if so provided, on the thirty-first day after the date on which the statement was filed. **26.09.004 Definitions.** The definitions in this section apply throughout this chapter.

(1) "Military duties potentially impacting parenting functions" means those obligations imposed, voluntarily or involuntarily, on a parent serving in the armed forces that may interfere with that parent's abilities to perform his or her parenting functions under a temporary or permanent parenting plan. Military duties potentially impacting parenting functions include, but are not limited to:

(a) "Deployment," which means the temporary transfer of a service member serving in an active-duty status to another location in support of a military operation, to include any tour of duty classified by the member's branch of the armed forces as "remote" or "unaccompanied";

(b) "Activation" or "mobilization," which means the call-up of a national guard or reserve service member to extended active-duty status. For purposes of this definition, "mobilization" does not include national guard or reserve annual training, inactive duty days, or drill weekends; or

(c) "Temporary duty," which means the transfer of a service member from one military base or the service member's home to a different location, usually another base, for a limited period of time to accomplish training or to assist in the performance of a noncombat mission.

(2) "Parenting functions" means those aspects of the parent-child relationship in which the parent makes decisions and performs functions necessary for the care and growth of the child. Parenting functions include:

(a) Maintaining a loving, stable, consistent, and nurturing relationship with the child;

(b) Attending to the daily needs of the child, such as feeding, clothing, physical care and grooming, supervision, health care, and day care, and engaging in other activities which are appropriate to the developmental level of the child and that are within the social and economic circumstances of the particular family;

(c) Attending to adequate education for the child, including remedial or other education essential to the best interests of the child;

(d) Assisting the child in developing and maintaining appropriate interpersonal relationships;

(e) Exercising appropriate judgment regarding the child's welfare, consistent with the child's developmental

level and the family's social and economic circumstances; and

(f) Providing for the financial support of the child.

(3) "Permanent parenting plan" means a plan for parenting the child, including allocation of parenting functions, which plan is incorporated in any final decree or decree of modification in an action for dissolution of marriage or domestic partnership, declaration of invalidity, or legal separation.

(4) "Temporary parenting plan" means a plan for parenting of the child pending final resolution of any action for dissolution of marriage or domestic partnership, declaration of invalidity, or legal separation which is incorporated in a temporary order. [2009 c 502 § 1; 2008 c 6 § 1003; 1987 c 460 § 3.]

**Reviser's note:** The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

**Part headings not law—Severability—2008 c 6:** See RCW 26.60.900 and 26.60.901.

**26.09.010 Civil practice to govern—Designation of proceedings—Decrees.** (1) Except as otherwise specifically provided herein, the practice in civil action shall govern all proceedings under this chapter, except that trial by jury is dispensed with.

(2) A proceeding for dissolution of marriage or domestic partnership, legal separation or a declaration concerning the validity of a marriage or domestic partnership shall be entitled "In re the marriage of . . . . . and . . . . ." or "In re the domestic partnership of . . . . . and . . . . ." Such proceedings may be filed in the superior court of the county where the petitioner resides.

(3) In cases where there has been no prior proceeding in this state involving the marital or domestic partnership status of the parties or support obligations for a minor child, a separate parenting and support proceeding between the parents shall be entitled "In re the parenting and support of . . . . ."

(4) The initial pleading in all proceedings under this chapter shall be denominated a petition. A responsive pleading shall be denominated a response. Other pleadings, and all pleadings in other matters under this chapter shall be denominated as provided in the civil rules for superior court.

(5) In this chapter, "decree" includes "judgment".

(6) A decree of dissolution, of legal separation, or a declaration concerning the validity of a marriage or domestic partnership shall not be awarded to one of the parties, but shall provide that it affects the status previously existing between the parties in the manner decreed.

(7) In order to provide a means by which to facilitate a fair, efficient, and swift process to resolve matters regarding custody and visitation when a parent serving in the armed forces receives temporary duty, deployment, activation, or mobilization orders from the military, the court shall, upon motion of such a parent:

(a) For good cause shown, hold an expedited hearing in custody and visitation matters instituted under this chapter when the military duties of the parent have a material effect on the parent's ability, or anticipated ability, to appear in person at a regularly scheduled hearing; and

(b) Upon reasonable advance notice to the affected parties and for good cause shown, allow the parent to present tes-

timony and evidence by electronic means in custody and visitation matters instituted under this chapter when the military duties of the parent have a material effect on the parent's ability to appear in person at a regularly scheduled hearing. The phrase "electronic means" includes communication by telephone, video teleconference, or the internet. [2009 c 502 § 2; 2008 c 6 § 1004; 1989 c 375 § 1; 1987 c 460 § 1; 1975 c 32 § 1; 1973 1st ex.s. c 157 § 1.]

**Part headings not law—Severability—2008 c 6:** See RCW 26.60.900 and 26.60.901.

**26.09.105 Child support—Medical support—Conditions.** (*Effective October 1, 2009.*) (1) Whenever a child support order is entered or modified under this chapter, the court shall require both parents to provide medical support for any child named in the order as provided in this section.

(a) Medical support consists of:

- (i) Health insurance coverage; and
- (ii) Cash medical support.

(b) Cash medical support consists of:

(i) A parent's monthly payment toward the premium paid for coverage by either the other parent or the state, which represents the obligated parent's proportionate share of the premium paid, but no more than twenty-five percent of the obligated parent's basic support obligation; and

(ii) A parent's proportionate share of uninsured medical expenses.

(c) Under appropriate circumstances, the court may excuse one parent from the responsibility to provide health insurance coverage or the monthly payment toward the premium.

(d) The court shall always require both parents to contribute their proportionate share of uninsured medical expenses.

(2) Both parents share the obligation to provide medical support for the child or children specified in the order, by providing health insurance coverage or contributing a cash medical support obligation when appropriate, and paying a proportionate share of any uninsured medical expenses.

(3)(a) The court may specify how medical support must be provided by each parent under subsection (4) of this section.

(b) If the court does not specify how medical support will be provided or if neither parent provides proof that he or she is providing health insurance coverage for the child at the time the support order is entered, the division of child support or either parent may enforce a parent's obligation to provide medical support under RCW 26.18.170.

(4)(a) If there is sufficient evidence provided at the time the order is entered, the court may make a determination of which parent must provide coverage and which parent must contribute a sum certain amount as his or her monthly payment toward the premium.

(b) If both parents have available health insurance coverage that is accessible to the child at the time the support order is entered, the court has discretion to order the parent with better coverage to provide the health insurance coverage for the child and the other parent to pay a monthly payment toward the premium. In making the determination of which coverage is better, the court shall consider the needs of the

child, the cost and extent of each parent's coverage, and the accessibility of the coverage.

(c) Each parent shall remain responsible for his or her proportionate share of uninsured medical expenses.

(5) The order must provide that if the parties' circumstances change, the parties' medical support obligations will be enforced as provided in RCW 26.18.170.

(6) A parent who is ordered to maintain or provide health insurance coverage may comply with that requirement by:

(a) Providing proof of accessible private insurance coverage for any child named in the order; or

(b) Providing coverage that can be extended to cover the child that is available to that parent through employment or that is union-related, if the cost of such coverage does not exceed twenty-five percent of that parent's basic child support obligation.

(7) The court may order a parent to provide health insurance coverage that exceeds twenty-five percent of that parent's basic support obligation if it is in the best interests of the child to provide coverage.

(8) If the child receives state-financed medical coverage through the department under chapter 74.09 RCW for which there is an assignment, the obligated parent shall pay a monthly payment toward the premium.

(9) Each parent is responsible for his or her proportionate share of uninsured medical expenses for the child or children covered by the support order.

(10) The parents must maintain health insurance coverage as required under this section until:

(a) Further order of the court;

(b) The child is emancipated, if there is no express language to the contrary in the order; or

(c) Health insurance is no longer available through the parents' employer or union and no conversion privileges exist to continue coverage following termination of employment.

(11) A parent who is required to extend health insurance coverage to a child under this section is liable for any covered health care costs for which the parent receives direct payment from an insurer.

(12) This section shall not be construed to limit the authority of the court to enter or modify support orders containing provisions for payment of uninsured health expenses, health care costs, or insurance premiums which are in addition to and not inconsistent with this section.

(13) A parent ordered to provide health insurance coverage must provide proof of such coverage or proof that such coverage is unavailable within twenty days of the entry of the order to:

(a) The other parent; or

(b) The department of social and health services if the parent has been notified or ordered to make support payments to the Washington state support registry.

(14) Every order requiring a parent to provide health care or insurance coverage must be entered in compliance with \*RCW 26.23.050 and be subject to direct enforcement as provided under chapter 26.18 RCW.

(15) When a parent is providing health insurance coverage at the time the order is entered, the premium shall be included in the worksheets for the calculation of child support under chapter 26.19 RCW.

(16) As used in this section:

(a) "Accessible" means health insurance coverage which provides primary care services to the child or children with reasonable effort by the custodian.

(b) "Cash medical support" means a combination of: (i) A parent's monthly payment toward the premium paid for coverage by either the other parent or the state, which represents the obligated parent's proportionate share of the premium paid, but no more than twenty-five percent of the obligated parent's basic support obligation; and (ii) a parent's proportionate share of uninsured medical expenses.

(c) "Health insurance coverage" does not include medical assistance provided under chapter 74.09 RCW.

(d) "Uninsured medical expenses" includes premiums, copays, deductibles, along with other health care costs not covered by insurance.

(e) "Obligated parent" means a parent ordered to provide health insurance coverage for the children.

(f) "Proportionate share" means an amount equal to a parent's percentage share of the combined monthly net income of both parents as computed when determining a parent's child support obligation under chapter 26.19 RCW.

(g) "Monthly payment toward the premium" means a parent's contribution toward premiums paid by the other parent or the state for insurance coverage for the child, which is based on the obligated parent's proportionate share of the premium paid, but no more than twenty-five percent of the obligated parent's basic support obligation.

(17) The department of social and health services has rule-making authority to enact rules in compliance with 45 C.F.R. Parts 302, 303, 304, 305, and 308. [2009 c 476 § 1; 1994 c 230 § 1; 1989 c 416 § 1; 1985 c 108 § 1; 1984 c 201 § 1.]

\*Reviser's note: The reference to RCW 26.23.050 appears to refer to the amendments made by 1989 c 416 § 8, which was vetoed by the governor.

Effective date—2009 c 476: "This act takes effect October 1, 2009." [2009 c 476 § 10]

**26.09.260 Modification of parenting plan or custody decree.** (1) Except as otherwise provided in subsections (4), (5), (6), (8), and (10) of this section, the court shall not modify a prior custody decree or a parenting plan unless it finds, upon the basis of facts that have arisen since the prior decree or plan or that were unknown to the court at the time of the prior decree or plan, that a substantial change has occurred in the circumstances of the child or the nonmoving party and that the modification is in the best interest of the child and is necessary to serve the best interests of the child. The effect of a parent's military duties potentially impacting parenting functions shall not, by itself, be a substantial change of circumstances justifying a permanent modification of a prior decree or plan.

(2) In applying these standards, the court shall retain the residential schedule established by the decree or parenting plan unless:

(a) The parents agree to the modification;

(b) The child has been integrated into the family of the petitioner with the consent of the other parent in substantial deviation from the parenting plan;

(c) The child's present environment is detrimental to the child's physical, mental, or emotional health and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child; or

(d) The court has found the nonmoving parent in contempt of court at least twice within three years because the parent failed to comply with the residential time provisions in the court-ordered parenting plan, or the parent has been convicted of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070.

(3) A conviction of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070 shall constitute a substantial change of circumstances for the purposes of this section.

(4) The court may reduce or restrict contact between the child and the parent with whom the child does not reside a majority of the time if it finds that the reduction or restriction would serve and protect the best interests of the child using the criteria in RCW 26.09.191.

(5) The court may order adjustments to the residential aspects of a parenting plan upon a showing of a substantial change in circumstances of either parent or of the child, and without consideration of the factors set forth in subsection (2) of this section, if the proposed modification is only a minor modification in the residential schedule that does not change the residence the child is scheduled to reside in the majority of the time and:

(a) Does not exceed twenty-four full days in a calendar year; or

(b) Is based on a change of residence of the parent with whom the child does not reside the majority of the time or an involuntary change in work schedule by a parent which makes the residential schedule in the parenting plan impractical to follow; or

(c) Does not result in a schedule that exceeds ninety overnights per year in total, if the court finds that, at the time the petition for modification is filed, the decree of dissolution or parenting plan does not provide reasonable time with the parent with whom the child does not reside a majority of the time, and further, the court finds that it is in the best interests of the child to increase residential time with the parent in excess of the residential time period in (a) of this subsection. However, any motion under this subsection (5)(c) is subject to the factors established in subsection (2) of this section if the party bringing the petition has previously been granted a modification under this same subsection within twenty-four months of the current motion. Relief granted under this section shall not be the sole basis for adjusting or modifying child support.

(6) The court may order adjustments to the residential aspects of a parenting plan pursuant to a proceeding to permit or restrain a relocation of the child. The person objecting to the relocation of the child or the relocating person's proposed revised residential schedule may file a petition to modify the parenting plan, including a change of the residence in which the child resides the majority of the time, without a showing of adequate cause other than the proposed relocation itself. A hearing to determine adequate cause for modification shall not be required so long as the request for relocation of the child is being pursued. In making a determination of a modification pursuant to relocation of the child, the court shall

first determine whether to permit or restrain the relocation of the child using the procedures and standards provided in RCW 26.09.405 through 26.09.560. Following that determination, the court shall determine what modification pursuant to relocation should be made, if any, to the parenting plan or custody order or visitation order.

(7) A parent with whom the child does not reside a majority of the time and whose residential time with the child is subject to limitations pursuant to RCW 26.09.191 (2) or (3) may not seek expansion of residential time under subsection (5)(c) of this section unless that parent demonstrates a substantial change in circumstances specifically related to the basis for the limitation.

(8)(a) If a parent with whom the child does not reside a majority of the time voluntarily fails to exercise residential time for an extended period, that is, one year or longer, the court upon proper motion may make adjustments to the parenting plan in keeping with the best interests of the minor child.

(b) For the purposes of determining whether the parent has failed to exercise residential time for one year or longer, the court may not count any time periods during which the parent did not exercise residential time due to the effect of the parent's military duties potentially impacting parenting functions.

(9) A parent with whom the child does not reside a majority of the time who is required by the existing parenting plan to complete evaluations, treatment, parenting, or other classes may not seek expansion of residential time under subsection (5)(c) of this section unless that parent has fully complied with such requirements.

(10) The court may order adjustments to any of the non-residential aspects of a parenting plan upon a showing of a substantial change of circumstances of either parent or of a child, and the adjustment is in the best interest of the child. Adjustments ordered under this section may be made without consideration of the factors set forth in subsection (2) of this section.

(11) If the parent with whom the child resides a majority of the time receives temporary duty, deployment, activation, or mobilization orders from the military that involve moving a substantial distance away from the parent's residence or otherwise would have a material effect on the parent's ability to exercise parenting functions and primary placement responsibilities, then:

(a) Any temporary custody order for the child during the parent's absence shall end no later than ten days after the returning parent provides notice to the temporary custodian, but shall not impair the discretion of the court to conduct an expedited or emergency hearing for resolution of the child's residential placement upon return of the parent and within ten days of the filing of a motion alleging an immediate danger of irreparable harm to the child. If a motion alleging immediate danger has not been filed, the motion for an order restoring the previous residential schedule shall be granted; and

(b) The temporary duty, activation, mobilization, or deployment and the temporary disruption to the child's schedule shall not be a factor in a determination of change of circumstances if a motion is filed to transfer residential placement from the parent who is a military service member.

(12) If a parent receives military temporary duty, deployment, activation, or mobilization orders that involve moving a substantial distance away from the military parent's residence or otherwise have a material effect on the military parent's ability to exercise residential time or visitation rights, at the request of the military parent, the court may delegate the military parent's residential time or visitation rights, or a portion thereof, to a child's family member, including a stepparent, or another person other than a parent, with a close and substantial relationship to the minor child for the duration of the military parent's absence, if delegating residential time or visitation rights is in the child's best interest. The court may not permit the delegation of residential time or visitation rights to a person who would be subject to limitations on residential time under RCW 26.09.191. The parties shall attempt to resolve disputes regarding delegation of residential time or visitation rights through the dispute resolution process specified in their parenting plan, unless excused by the court for good cause shown. Such a court-ordered temporary delegation of a military parent's residential time or visitation rights does not create separate rights to residential time or visitation for a person other than a parent.

(13) If the court finds that a motion to modify a prior decree or parenting plan has been brought in bad faith, the court shall assess the attorney's fees and court costs of the nonmoving parent against the moving party. **26.09.915 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521.** (*Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.*) For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. **26.12.175 Appointment of guardian ad litem—Independent investigation—Court-appointed special advocate program—Background information—Review of appointment.** (1)(a) The court may appoint a guardian ad litem to represent the interests of a minor or dependent child when the court believes the appointment of a guardian ad litem is necessary to protect the best interests of the child in any proceeding under this chapter. The court may appoint a guardian ad litem from the court-appointed special advocate program, if that program exists in the county. The court shall attempt to match a child with special needs with a guardian ad litem who has specific training or education related to the child's individual needs. The family court services professionals may also make a recommendation to the court regarding whether a guardian ad litem should be appointed for the child.

(b) The guardian ad litem's role is to investigate and report factual information regarding the issues ordered to be reported or investigated to the court. The guardian ad litem shall always represent the best interests of the child. Guardians ad litem and investigators under this title may make recommendations based upon his or her investigation, which the court may consider and weigh in conjunction with the recommendations of all of the parties. If a child expresses a preference regarding the parenting plan, the guardian ad litem shall report the preferences to the court, together with the facts relative to whether any preferences are being expressed voluntarily and the degree of the child's understanding. The court may require the guardian ad litem to provide periodic reports to the parties regarding the status of his or her investigation. The guardian ad litem shall file his or her report at least sixty days prior to trial.

(c) The parties to the proceeding may file with the court written responses to any report filed by the guardian ad litem or investigator. The court shall consider any written responses to a report filed by the guardian ad litem or investigator, including any factual information or recommendations provided in the report.

(d) The court shall enter an order for costs, fees, and disbursements to cover the costs of the guardian ad litem. The court may order either or both parents to pay for the costs of the guardian ad litem, according to their ability to pay. If both parents are indigent, the county shall bear the cost of the guardian, subject to appropriation for guardians' ad litem services by the county legislative authority. Guardians ad litem who are not volunteers shall provide the parties with an itemized accounting of their time and billing for services each month.

(2)(a) If the guardian ad litem appointed is from the county court-appointed special advocate program, the program shall supervise any guardian ad litem assigned to the

case. The court-appointed special advocate program shall be entitled to notice of all proceedings in the case.

(b) The legislative authority of each county may authorize creation of a court-appointed special advocate program. The county legislative authority may adopt rules of eligibility for court-appointed special advocate program services that are not inconsistent with this section.

(3) Each guardian ad litem program for compensated guardians ad litem and each court-appointed special advocate program shall maintain a background information record for each guardian ad litem in the program. The background information record shall include, but is not limited to, the following information:

(a) Level of formal education;

(b) General training related to the guardian ad litem's duties;

(c) Specific training related to issues potentially faced by children in dissolution, custody, paternity, and other family law proceedings;

(d) Specific training or education related to child disability or developmental issues;

(e) Number of years' experience as a guardian ad litem;

(f) Number of appointments as a guardian ad litem and county or counties of appointment;

(g) The names of any counties in which the person was removed from a guardian ad litem registry pursuant to a grievance action, and the name of the court and the cause number of any case in which the court has removed the person for cause;

(h) Founded allegations of abuse or neglect as defined in RCW 26.44.020;

(i) The results of an examination that shall consist of a background check as allowed through the Washington state criminal records privacy act under RCW 10.97.050 and the Washington state patrol criminal identification system under RCW 43.43.832 through 43.43.834. This background check shall be done through the Washington state patrol criminal identification section; and

(j) Criminal history, as defined in RCW 9.94A.030, for the period covering ten years prior to the appointment.

The background information record shall be updated annually. As a condition of appointment, the guardian ad litem's background information record shall be made available to the court. If the appointed guardian ad litem is not a member of a guardian ad litem program the person appointed as guardian ad litem shall provide the background information record to the court.

Upon appointment, the guardian ad litem, court-appointed special advocate program or guardian ad litem program, shall provide the parties or their attorneys with a copy of the background information record. The portion of the background information record containing the results of the criminal background check and the criminal history shall not be disclosed to the parties or their attorneys. The background information record shall not include identifying information that may be used to harm a guardian ad litem, such as home addresses and home telephone numbers, and for volunteer guardians ad litem the court may allow the use of maiden names or pseudonyms as necessary for their safety.

(4) When a court-appointed special advocate or volunteer guardian ad litem is requested on a case, the program

shall give the court the name of the person it recommends. The court shall immediately appoint the person recommended by the program.

(5) If a party in a case reasonably believes the court-appointed special advocate or volunteer guardian ad litem is inappropriate or unqualified, the party may request a review of the appointment by the program. The program must complete the review within five judicial days and remove any appointee for good cause. If the party seeking the review is not satisfied with the outcome of the review, the party may file a motion with the court for the removal of the court-appointed special advocate or volunteer guardian ad litem on the grounds the advocate or volunteer is inappropriate or unqualified. **26.12.177 Guardians ad litem and investigators—Training—Registry—Subregistry—Selection—Substitution—Exceptions.** (1) All guardians ad litem and investigators appointed under this title must comply with the training requirements established under RCW 2.56.030(15), prior to their appointment in cases under Title 26 RCW, except that volunteer guardians ad litem or court-appointed special advocates may comply with alternative training requirements approved by the administrative office of the courts that meet or exceed the statewide requirements. In cases involving allegations of limiting factors under RCW 26.09.191, the guardians ad litem and investigators appointed under this title must have additional relevant training under RCW 2.56.030(15) and as recommended under RCW 2.53.040, when it is available.

(2)(a) Each guardian ad litem program for compensated guardians ad litem shall establish a rotational registry system for the appointment of guardians ad litem and investigators under this title. If a judicial district does not have a program the court shall establish the rotational registry system. Guardians ad litem and investigators under this title shall be selected from the registry except in exceptional circumstances as determined and documented by the court. The parties may make a joint recommendation for the appointment of a guardian ad litem from the registry.

(b) In judicial districts with a population over one hundred thousand, a list of three names shall be selected from the registry and given to the parties along with the background information record as specified in RCW 26.12.175(3), including their hourly rate for services. Each party may, within three judicial days, strike one name from the list. If more than one name remains on the list, the court shall make the appointment from the names on the list. In the event all three names are stricken the person whose name appears next on the registry shall be appointed.

(c) If a party reasonably believes that the appointed guardian ad litem is inappropriate or unqualified, charges an hourly rate higher than what is reasonable for the particular proceeding, or has a conflict of interest, the party may, within three judicial days from the appointment, move for substitu-

tion of the appointed guardian ad litem by filing a motion with the court.

(d) Under this section, within either registry referred to in (a) of this subsection, a subregistry may be created that consists of guardians ad litem under contract with the department of social and health services' division of child support. Guardians ad litem on such a subregistry shall be selected and appointed in state-initiated paternity cases only.

(e) The superior court shall remove any person from the guardian ad litem registry who has been found to have misrepresented his or her qualifications.

(3) The rotational registry system shall not apply to court-appointed special advocate programs. [2009 c 480 § 4; 2007 c 496 § 305; 2005 c 282 § 30; 2000 c 124 § 7; 1997 c 41 § 7; 1996 c 249 § 18.]

26.18.180 Liability of employer or union—Penalties. (*Effective October 1, 2009.*)

26.18.901 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. (*Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.*)

**26.18.170 Medical support—Enforcement—Rules. (Effective October 1, 2009.)** (1) Whenever a parent has been ordered to provide medical support for a dependent child, the department or the other parent may seek enforcement of the medical support as provided under this section.

(a) If the obligated parent provides proof that he or she provides accessible coverage for the child through private insurance, that parent has satisfied his or her obligation to provide health insurance coverage.

(b) If the obligated parent does not provide proof of coverage, either the department or the other parent may take appropriate action as provided in this section to enforce the obligation.

(2) The department may attempt to enforce a parent's obligation to provide health insurance coverage for the dependent child. If health insurance coverage is not available through the parent's employment or union at a cost not to exceed twenty-five percent of the parent's basic support obligation, or as otherwise provided in the support order, the department may enforce any monthly payment toward the premium ordered to be provided under RCW 26.09.105 or 74.20A.300.

(3) A parent seeking to enforce another parent's monthly payment toward the premium under RCW 26.09.105 may:

(a) Apply for support enforcement services from the division of child support as provided by rule; or

(b) Take action on his or her own behalf by:

(i) Filing a motion in the underlying superior court action; or

(ii) Initiating an action in superior court to determine the amount owed by the obligated parent, if there is not already an underlying superior court action.

(4)(a) The department may serve a notice of support owed under RCW 26.23.110 on a parent to determine the amount of that parent's monthly payment toward the premium.

(b) Whether or not the child receives temporary assistance for needy families or medicaid, the department may enforce the responsible parent's monthly payment toward the premium. When the child receives state-financed medical coverage through the department under chapter 74.09 RCW for which there is an assignment, the department may disburse amounts collected to the custodial parent to be used for the medical costs of the child or the department may retain amounts collected and apply them toward the cost of providing the child's state-financed medical coverage. The department may disregard monthly payments toward the premium which are passed through to the family in accordance with federal law.

(5)(a) If the order to provide health insurance coverage contains language notifying the parent ordered to provide coverage that failure to provide such coverage or proof that such coverage is unavailable may result in direct enforcement of the order and orders payments through, or has been submitted to, the Washington state support registry for enforcement, then the department may, without further notice to the parent, send a national medical support notice pursuant to 42 U.S.C. Sec. 666(a)(19), and sections 401 (e) and (f) of the federal child support and performance incentive act of 1998 to the parent's employer or union. The notice shall be served:

- (i) By regular mail;
- (ii) In the manner prescribed for the service of a summons in a civil action;
- (iii) By certified mail, return receipt requested; or
- (iv) By electronic means if there is an agreement between the secretary of the department and the person, firm, corporation, association, political subdivision, department of the state, or agency, subdivision, or instrumentality of the United States to accept service by electronic means.

(b) The notice shall require the employer or union to enroll the child in the health insurance plan as provided in subsection (8) of this section.

(c) The returned part A of the national medical support notice to the division of child support by the employer constitutes proof of service of the notice in the case where the notice was served by regular mail.

(6) Upon receipt of a national medical support notice from a child support agency operating under Title IV-D of the federal social security act:

(a) The parent's employer or union shall comply with the provisions of the notice, including meeting response time frames and withholding requirements required under part A of the notice;

(b) The parent's employer or union shall also be responsible for complying with forwarding part B of the notice to the child's plan administrator, if required by the notice;

(c) The plan administrator is responsible for complying with the provisions of the notice.

(7) If the parent's order to provide health insurance coverage does not order payments through, and has not been submitted to, the Washington state support registry for enforcement:

(a) The parent seeking enforcement may, without further notice to the obligated parent, send a certified copy of the order requiring health insurance coverage to the parent's employer or union by certified mail, return receipt requested; and

(b) The parent seeking enforcement shall attach a notarized statement to the order declaring that the order is the latest order addressing coverage entered by the court and require the employer or union to enroll the child in the health insurance plan as provided in subsection (8) of this section.

(8) Upon receipt of an order that provides for health insurance coverage:

(a) The parent's employer or union shall answer the party who sent the order within twenty days and confirm that the child:

- (i) Has been enrolled in the health insurance plan;
- (ii) Will be enrolled; or

(ii) Cannot be covered, stating the reasons why such coverage cannot be provided;

(b) The employer or union shall withhold any required premium from the parent's income or wages;

(c) If more than one plan is offered by the employer or union, and each plan may be extended to cover the child, then the child shall be enrolled in the parent's plan. If the parent's plan does not provide coverage which is accessible to the child, the child shall be enrolled in the least expensive plan otherwise available to the parent;

(d) The employer or union shall provide information about the name of the health insurance coverage provider or issuer and the extent of coverage available to the parent and shall make available any necessary claim forms or enrollment membership cards.

(9) If the order for coverage contains no language notifying either or both parents that failure to provide health insurance coverage or proof that such coverage is unavailable may result in direct enforcement of the order, the department or the parent seeking enforcement may serve a written notice of intent to enforce the order on the obligated parent by certified mail, return receipt requested, or by personal service. If the parent required to provide medical support fails to provide written proof that such coverage has been obtained or applied for or fails to provide proof that such coverage is unavailable within twenty days of service of the notice, the department or the parent seeking enforcement may proceed to enforce the order directly as provided in subsection (5) of this section.

(10) If the parent ordered to provide health insurance coverage elects to provide coverage that will not be accessible to the child because of geographic or other limitations when accessible coverage is otherwise available, the department or the parent seeking enforcement may serve a written notice of intent to purchase health insurance coverage on the obligated parent by certified mail, return receipt requested. The notice shall also specify the type and cost of coverage.

(11) If the department serves a notice under subsection (10) of this section the parent required to provide medical support shall, within twenty days of the date of service:

- (a) File an application for an adjudicative proceeding; or
- (b) Provide written proof to the department that the obligated parent has either applied for, or obtained, coverage accessible to the child.

(12) If the parent seeking enforcement serves a notice under subsection (10) of this section, within twenty days of the date of service the parent required to provide medical support shall provide written proof to the parent seeking enforcement that he or she has either applied for, or obtained, coverage accessible to the child.

(13) If the parent required to provide medical support fails to respond to a notice served under subsection (10) of this section to the party who served the notice, the party who served the notice may purchase the health insurance coverage specified in the notice directly.

(a) If the obligated parent is the responsible parent, the amount of the monthly premium shall be added to the support debt and be collectible without further notice.

(b) If the obligated parent is the custodial parent, the responsible parent may file an application for enforcement services and ask the department to establish and enforce the custodial parent's obligation.

(c) The amount of the monthly premium may be collected or accrued until the parent required to provide medical support provides proof of the required coverage.

(14) The signature of the parent seeking enforcement or of a department employee shall be a valid authorization to the coverage provider or issuer for purposes of processing a payment to the child's health services provider. An order for health insurance coverage shall operate as an assignment of all benefit rights to the parent seeking enforcement or to the child's health services provider, and in any claim against the coverage provider or issuer, the parent seeking enforcement or his or her assignee shall be subrogated to the rights of the parent obligated to provide medical support for the child. Notwithstanding the provisions of this section regarding assignment of benefits, this section shall not require a health care service contractor authorized under chapter 48.44 RCW or a health maintenance organization authorized under chapter 48.46 RCW to deviate from their contractual provisions and restrictions regarding reimbursement for covered services. If the coverage is terminated, the employer shall mail a notice of termination to the department or the parent seeking enforcement at that parent's last known address within thirty days of the termination date.

(15) This section shall not be construed to limit the right of the parents or parties to the support order to bring an action in superior court at any time to enforce, modify, or clarify the original support order.

(16) Where a child does not reside in the issuer's service area, an issuer shall cover no less than urgent and emergent care. Where the issuer offers broader coverage, whether by policy or reciprocal agreement, the issuer shall provide such coverage to any child otherwise covered that does not reside in the issuer's service area.

(17) If a parent required to provide medical support fails to pay his or her portion, determined under RCW 26.19.080, of any premium, deductible, copay, or uninsured medical expense incurred on behalf of the child, pursuant to a child support order, the department or the parent seeking reimbursement of medical expenses may enforce collection of the obligated parent's portion of the premium, deductible, copay, or uninsured medical expense incurred on behalf of the child.

(a) If the department is enforcing the order and the responsible parent is the obligated parent, the obligated parent's portion of the premium, deductible, copay, or uninsured medical expenses incurred on behalf of the child added to the support debt and be collectible without further notice, following the reduction of the expenses to a sum certain either in a court order or by the department, pursuant to RCW 26.23.110.

(b) If the custodial parent is the obligated parent, the responsible parent may file an application for enforcement services and ask the department to establish and enforce the custodial parent's obligation.

(18) As used in this section:

(a) "Accessible" means health insurance coverage which provides primary care services to the child or children with reasonable effort by the custodian.

(b) "Cash medical support" means a combination of: (i) A parent's monthly payment toward the premium paid for coverage by either the other parent or the state, which represents the obligated parent's proportionate share of the pre-

mium paid, but no more than twenty-five percent of the obligated parent's basic support obligation; and (ii) a parent's proportionate share of uninsured medical expenses.

(c) "Health insurance coverage" does not include medical assistance provided under chapter 74.09 RCW.

(d) "Uninsured medical expenses" includes premiums, copays, deductibles, along with other health care costs not covered by insurance.

(e) "Obligated parent" means a parent ordered to provide health insurance coverage for the children.

(f) "Monthly payment toward the premium" means a parent's contribution toward premiums paid by the other parent or the state for insurance coverage for the child, which is based on the obligated parent's proportionate share of the premium paid, but no more than twenty-five percent of the obligated parent's basic support obligation.

(19) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under 45 C.F.R. Parts 302, 303, 304, 305, and 308. **26.18.180 Liability of employer or union—Penalties. (Effective October 1, 2009.)**

(1) The employer or union of a parent who has been ordered to provide health insurance coverage shall be liable for a fine of up to one thousand dollars per occurrence, if the employer or union fails or refuses, within twenty days of receiving the order or notice for health insurance coverage to:

(a) Promptly enroll the parent's child in the health insurance plan; or

(b) Make a written answer to the person or entity who sent the order or notice for health insurance coverage stating that the child:

(i) Will be enrolled in the next available open enrollment period; or

(ii) Cannot be covered and explaining the reasons why coverage cannot be provided.

(2) Liability may be established and the fine may be collected by the office of support enforcement under chapter 74.20A or 26.23 RCW using any of the remedies contained in those chapters.

(3) Any employer or union who enrolls a child in a health insurance plan in compliance with chapter 26.18 RCW shall be exempt from liability resulting from such enrollment. [2009 c 476 § 3; 2000 c 86 § 3; 1989 c 416 § 9.]

**Effective date—2009 c 476:** See note following RCW 26.09.105.

**26.18.901 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. (Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)** For the purposes of this

chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. The economic table is presumptive for combined monthly net incomes up to and including twelve thousand dollars. When combined monthly net income exceeds twelve thousand dollars, the court may exceed the presumptive amount of support set for combined monthly net incomes of twelve thousand dollars upon written findings of fact. [2009 c 84 § 1; 1998 c 163 § 2; 1991 c 367 § 25; 1990 1st ex.s. c 2 § 19; 1989 c 175 § 76; 1988 c 275 § 3.]

**Effective dates—Severability—1988 c 275:** See notes following RCW 26.19.001.

**26.19.065 Standards for establishing lower and upper limits on child support amounts. (Effective October 1, 2009.)**

**(1) Limit at forty-five percent of a parent’s net income.** Neither parent’s child support obligation owed for all his or her biological or legal children may exceed forty-five percent of net income except for good cause shown.

(a) Each child is entitled to a pro rata share of the income available for support, but the court only applies the pro rata share to the children in the case before the court.

(b) Before determining whether to apply the forty-five percent limitation, the court must consider whether it would be unjust to apply the limitation after considering the best interests of the child and the circumstances of each parent. Such circumstances include, but are not limited to, leaving insufficient funds in the custodial parent’s household to meet the basic needs of the child, comparative hardship to the affected households, assets or liabilities, and any involuntary limits on either parent’s earning capacity including incarceration, disabilities, or incapacity.

(c) Good cause includes, but is not limited to, possession of substantial wealth, children with day care expenses, special medical need, educational need, psychological need, and larger families.

**(2) Presumptive minimum support obligation.** (a) When a parent’s monthly net income is below one hundred twenty-five percent of the federal poverty guideline, a support order of not less than fifty dollars per child per month shall be entered unless the obligor parent establishes that it would be unjust to do so in that particular case. The decision whether there is a sufficient basis to deviate below the presumptive minimum payment must take into consideration the best interests of the child and the circumstances of each par-

ent. Such circumstances can include leaving insufficient funds in the custodial parent's household to meet the basic needs of the child, comparative hardship to the affected households, assets or liabilities, and earning capacity.

(b) The basic support obligation of the parent making the transfer payment, excluding health care, day care, and special child-rearing expenses, shall not reduce his or her net income below the self-support reserve of one hundred twenty-five percent of the federal poverty level, except for the presumptive minimum payment of fifty dollars per child per month or when it would be unjust to apply the self-support reserve limitation after considering the best interests of the child and the circumstances of each parent. Such circumstances include, but are not limited to, leaving insufficient funds in the custodial parent's household to meet the basic needs of the child, comparative hardship to the affected households, assets or liabilities, and earning capacity. This section shall not be construed to require monthly substantiation of income.

(3) **Income above twelve thousand dollars.** The economic table is presumptive for combined monthly net incomes up to and including twelve thousand dollars. When combined monthly net income exceeds twelve thousand dollars, the court may exceed the presumptive amount of support set for combined monthly net incomes of twelve thousand dollars upon written findings of fact. [2009 c 84 § 2; 1998 c 163 § 1; 1991 c 367 § 33.]

**Effective date—2009 c 84:** See note following RCW 26.19.020.

**Severability—Effective date—Captions not law—1991 c 367:** See notes following RCW 26.09.015.

**26.19.071 Standards for determination of income. (Effective October 1, 2009.)** (1) **Consideration of all income.** All income and resources of each parent's household shall be disclosed and considered by the court when the court determines the child support obligation of each parent. Only the income of the parents of the children whose support is at issue shall be calculated for purposes of calculating the basic support obligation. Income and resources of any other person shall not be included in calculating the basic support obligation.

(2) **Verification of income.** Tax returns for the preceding two years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(3) **Income sources included in gross monthly income.** Except as specifically excluded in subsection (4) of this section, monthly gross income shall include income from any source, including:

- (a) Salaries;
- (b) Wages;
- (c) Commissions;
- (d) Deferred compensation;
- (e) Overtime, except as excluded for income in subsection (4)(h) of this section;
- (f) Contract-related benefits;
- (g) Income from second jobs, except as excluded for income in subsection (4)(h) of this section;
- (h) Dividends;
- (i) Interest;
- (j) Trust income;

- (k) Severance pay;
- (l) Annuities;
- (m) Capital gains;
- (n) Pension retirement benefits;
- (o) Workers' compensation;
- (p) Unemployment benefits;
- (q) Maintenance actually received;
- (r) Bonuses;
- (s) Social security benefits;
- (t) Disability insurance benefits; and
- (u) Income from self-employment, rent, royalties, contracts, proprietorship of a business, or joint ownership of a partnership or closely held corporation.

(4) **Income sources excluded from gross monthly income.** The following income and resources shall be disclosed but shall not be included in gross income:

- (a) Income of a new spouse or new domestic partner or income of other adults in the household;
- (b) Child support received from other relationships;
- (c) Gifts and prizes;
- (d) Temporary assistance for needy families;
- (e) Supplemental security income;
- (f) General assistance;
- (g) Food stamps; and
- (h) Overtime or income from second jobs beyond forty hours per week averaged over a twelve-month period worked to provide for a current family's needs, to retire past relationship debts, or to retire child support debt, when the court finds the income will cease when the party has paid off his or her debts.

Receipt of income and resources from temporary assistance for needy families, supplemental security income, general assistance, and food stamps shall not be a reason to deviate from the standard calculation.

(5) **Determination of net income.** The following expenses shall be disclosed and deducted from gross monthly income to calculate net monthly income:

- (a) Federal and state income taxes;
- (b) Federal insurance contributions act deductions;
- (c) Mandatory pension plan payments;
- (d) Mandatory union or professional dues;
- (e) State industrial insurance premiums;
- (f) Court-ordered maintenance to the extent actually paid;
- (g) Up to five thousand dollars per year in voluntary retirement contributions actually made if the contributions show a pattern of contributions during the one-year period preceding the action establishing the child support order unless there is a determination that the contributions were made for the purpose of reducing child support; and
- (h) Normal business expenses and self-employment taxes for self-employed persons. Justification shall be required for any business expense deduction about which there is disagreement.

Items deducted from gross income under this subsection shall not be a reason to deviate from the standard calculation.

(6) **Imputation of income.** The court shall impute income to a parent when the parent is voluntarily unemployed or voluntarily underemployed. The court shall determine whether the parent is voluntarily underemployed or voluntarily unemployed based upon that parent's work history,

education, health, and age, or any other relevant factors. A court shall not impute income to a parent who is gainfully employed on a full-time basis, unless the court finds that the parent is voluntarily underemployed and finds that the parent is purposely underemployed to reduce the parent's child support obligation. Income shall not be imputed for an unemployable parent. Income shall not be imputed to a parent to the extent the parent is unemployed or significantly underemployed due to the parent's efforts to comply with court-ordered reunification efforts under chapter 13.34 RCW or under a voluntary placement agreement with an agency supervising the child. In the absence of records of a parent's actual earnings, the court shall impute a parent's income in the following order of priority:

- (a) Full-time earnings at the current rate of pay;
- (b) Full-time earnings at the historical rate of pay based on reliable information, such as employment security department data;
- (c) Full-time earnings at a past rate of pay where information is incomplete or sporadic;
- (d) Full-time earnings at minimum wage in the jurisdiction where the parent resides if the parent has a recent history of minimum wage earnings, is recently coming off public assistance, general assistance-unemployable, supplemental security income, or disability, has recently been released from incarceration, or is a high school student;
- (e) Median net monthly income of year-round full-time workers as derived from the United States bureau of census, current population reports, or such replacement report as published by the bureau of census. [2009 c 84 § 3; 2008 c 6 § 1038; 1997 c 59 § 4; 1993 c 358 § 4; 1991 sp.s. c 28 § 5.]

**Effective date—2009 c 84:** See note following RCW 26.19.020.

**Part headings not law—Severability—2008 c 6:** See RCW 26.60.900 and 26.60.901.

**Severability—Effective date—Captions not law—1991 sp.s. c 28:** See notes following RCW 26.09.100.

**26.19.075 Standards for deviation from the standard calculation. (Effective October 1, 2009.)** (1) Reasons for deviation from the standard calculation include but are not limited to the following:

- (a) **Sources of income and tax planning.** The court may deviate from the standard calculation after consideration of the following:
  - (i) Income of a new spouse or new domestic partner if the parent who is married to the new spouse or in a partnership with a new domestic partner is asking for a deviation based on any other reason. Income of a new spouse or new domestic partner is not, by itself, a sufficient reason for deviation;
  - (ii) Income of other adults in the household if the parent who is living with the other adult is asking for a deviation based on any other reason. Income of the other adults in the household is not, by itself, a sufficient reason for deviation;
  - (iii) Child support actually received from other relationships;
  - (iv) Gifts;
  - (v) Prizes;
  - (vi) Possession of wealth, including but not limited to savings, investments, real estate holdings and business inter-

ests, vehicles, boats, pensions, bank accounts, insurance plans, or other assets;

- (vii) Extraordinary income of a child;
- (viii) Tax planning considerations. A deviation for tax planning may be granted only if the child would not receive a lesser economic benefit due to the tax planning; or
- (ix) Income that has been excluded under RCW 26.19.071(4)(h) if the person earning that income asks for a deviation for any other reason.

(b) **Nonrecurring income.** The court may deviate from the standard calculation based on a finding that a particular source of income included in the calculation of the basic support obligation is not a recurring source of income. Depending on the circumstances, nonrecurring income may include overtime, contract-related benefits, bonuses, or income from second jobs. Deviations for nonrecurring income shall be based on a review of the nonrecurring income received in the previous two calendar years.

(c) **Debt and high expenses.** The court may deviate from the standard calculation after consideration of the following expenses:

- (i) Extraordinary debt not voluntarily incurred;
- (ii) A significant disparity in the living costs of the parents due to conditions beyond their control;
- (iii) Special needs of disabled children;
- (iv) Special medical, educational, or psychological needs of the children; or
- (v) Costs incurred or anticipated to be incurred by the parents in compliance with court-ordered reunification efforts under chapter 13.34 RCW or under a voluntary placement agreement with an agency supervising the child.

(d) **Residential schedule.** The court may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make a support transfer payment. The court may not deviate on that basis if the deviation will result in insufficient funds in the household receiving the support to meet the basic needs of the child or if the child is receiving temporary assistance for needy families. When determining the amount of the deviation, the court shall consider evidence concerning the increased expenses to a parent making support transfer payments resulting from the significant amount of time spent with that parent and shall consider the decreased expenses, if any, to the party receiving the support resulting from the significant amount of time the child spends with the parent making the support transfer payment.

(e) **Children from other relationships.** The court may deviate from the standard calculation when either or both of the parents before the court have children from other relationships to whom the parent owes a duty of support.

(i) The child support schedule shall be applied to the mother, father, and children of the family before the court to determine the presumptive amount of support.

(ii) Children from other relationships shall not be counted in the number of children for purposes of determining the basic support obligation and the standard calculation.

(iii) When considering a deviation from the standard calculation for children from other relationships, the court may consider only other children to whom the parent owes a duty of support. The court may consider court-ordered payments

of child support for children from other relationships only to the extent that the support is actually paid.

(iv) When the court has determined that either or both parents have children from other relationships, deviations under this section shall be based on consideration of the total circumstances of both households. All child support obligations paid, received, and owed for all children shall be disclosed and considered.

(2) All income and resources of the parties before the court, new spouses or new domestic partners, and other adults in the households shall be disclosed and considered as provided in this section. The presumptive amount of support shall be determined according to the child support schedule. Unless specific reasons for deviation are set forth in the written findings of fact and are supported by the evidence, the court shall order each parent to pay the amount of support determined by using the standard calculation.

(3) The court shall enter findings that specify reasons for any deviation or any denial of a party's request for any deviation from the standard calculation made by the court. The court shall not consider reasons for deviation until the court determines the standard calculation for each parent.

(4) When reasons exist for deviation, the court shall exercise discretion in considering the extent to which the factors would affect the support obligation.

(5) Agreement of the parties is not by itself adequate reason for any deviations from the standard calculation. [2009 c 84 § 4; 2008 c 6 § 1039; 1997 c 59 § 5; 1993 c 358 § 5; 1991 sp.s. c 28 § 6.]

**Effective date—2009 c 84:** See note following RCW 26.19.020.

**Part headings not law—Severability—2008 c 6:** See RCW 26.60.900 and 26.60.901.

**Severability—Effective date—Captions not law—1991 sp.s. c 28:** See notes following RCW 26.09.100.

**26.19.080 Allocation of child support obligation between parents—Court-ordered day care or special child rearing expenses. (Effective October 1, 2009.)** (1) The basic child support obligation derived from the economic table shall be allocated between the parents based on each parent's share of the combined monthly net income.

(2) Health care costs are not included in the economic table. Monthly health care costs shall be shared by the parents in the same proportion as the basic child support obligation. Health care costs shall include, but not be limited to, medical, dental, orthodontia, vision, chiropractic, mental health treatment, prescription medications, and other similar costs for care and treatment.

(3) Day care and special child rearing expenses, such as tuition and long-distance transportation costs to and from the parents for visitation purposes, are not included in the economic table. These expenses shall be shared by the parents in the same proportion as the basic child support obligation. If an obligor pays court or administratively ordered day care or special child rearing expenses that are not actually incurred, the obligee must reimburse the obligor for the overpayment if the overpayment amounts to at least twenty percent of the obligor's annual day care or special child rearing expenses. The obligor may institute an action in the superior court or file an application for an adjudicative hearing with the department of social and health services for reimbursement

of day care and special child rearing expense overpayments that amount to twenty percent or more of the obligor's annual day care and special child rearing expenses. Any ordered overpayment reimbursement shall be applied first as an offset to child support arrearages of the obligor. If the obligor does not have child support arrearages, the reimbursement may be in the form of a direct reimbursement by the obligee or a credit against the obligor's future support payments. If the reimbursement is in the form of a credit against the obligor's future child support payments, the credit shall be spread equally over a twelve-month period. Absent agreement of the obligee, nothing in this section entitles an obligor to pay more than his or her proportionate share of day care or other special child rearing expenses in advance and then deduct the overpayment from future support transfer payments.

(4) The court may exercise its discretion to determine the necessity for and the reasonableness of all amounts ordered in excess of the basic child support obligation. [2009 c 84 § 5; 1996 c 216 § 1; 1990 1st ex.s. c 2 § 7.]

**Effective date—2009 c 84:** See note following RCW 26.19.020.

### STATE SUPPORT REGISTRY

#### Sections

- 26.23.050 Support orders—Provisions—Enforcement—Confidential information form—Rules. (*Effective October 1, 2009.*)
- 26.23.110 Procedures when amount of support obligation needs to be determined—Notice—Adjudicative proceeding—Rules. (*Effective October 1, 2009.*)

**26.23.050 Support orders—Provisions—Enforcement—Confidential information form—Rules. (Effective October 1, 2009.)** (1) If the division of child support is providing support enforcement services under RCW 26.23.045, or if a party is applying for support enforcement services by signing the application form on the bottom of the support order, the superior court shall include in all court orders that establish or modify a support obligation:

(a) A provision that orders and directs the responsible parent to make all support payments to the Washington state support registry;

(b) A statement that withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state, without further notice to the responsible parent at any time after entry of the court order, unless:

(i) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding and that withholding should be delayed until a payment is past due; or

(ii) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement;

(c) A statement that the receiving parent might be required to submit an accounting of how the support, including any cash medical support, is being spent to benefit the child;

(d) A statement that any parent required to provide health insurance coverage for the child or children covered by the order must notify the division of child support and the other parent when the coverage terminates; and

(e) A statement that the responsible parent's privileges to obtain and maintain a license, as defined in RCW 74.20A.320, may not be renewed, or may be suspended if the parent is not in compliance with a support order as provided in RCW 74.20A.320.

As used in this subsection and subsection (3) of this section, "good cause not to require immediate income withholding" means a written determination of why implementing immediate wage withholding would not be in the child's best interests and, in modification cases, proof of timely payment of previously ordered support.

(2) In all other cases not under subsection (1) of this section, the court may order the responsible parent to make payments directly to the person entitled to receive the payments, to the Washington state support registry, or may order that payments be made in accordance with an alternate arrangement agreed upon by the parties.

(a) The superior court shall include in all orders under this subsection that establish or modify a support obligation:

(i) A statement that withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state, without further notice to the responsible parent at any time after entry of the court order, unless:

(A) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding and that withholding should be delayed until a payment is past due; or

(B) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement;

(ii) A statement that the receiving parent may be required to submit an accounting of how the support is being spent to benefit the child;

(iii) A statement that any parent required to provide health insurance coverage for the child or children covered by the order must notify the division of child support and the other parent when the coverage terminates; and

(iv) A statement that a parent seeking to enforce the obligation to provide health insurance coverage may:

(A) File a motion in the underlying superior court action; or

(B) If there is not already an underlying superior court action, initiate an action in the superior court.

As used in this subsection, "good cause not to require immediate income withholding" is any reason that the court finds appropriate.

(b) The superior court may order immediate or delayed income withholding as follows:

(i) Immediate income withholding may be ordered if the responsible parent has earnings. If immediate income withholding is ordered under this subsection, all support payments shall be paid to the Washington state support registry. The superior court shall issue a mandatory wage assignment order as set forth in chapter 26.18 RCW when the support order is signed by the court. The parent entitled to receive the

transfer payment is responsible for serving the employer with the order and for its enforcement as set forth in chapter 26.18 RCW.

(ii) If immediate income withholding is not ordered, the court shall require that income withholding be delayed until a payment is past due. The support order shall contain a statement that withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state, without further notice to the responsible parent, after a payment is past due.

(c) If a mandatory wage withholding order under chapter 26.18 RCW is issued under this subsection and the division of child support provides support enforcement services under RCW 26.23.045, the existing wage withholding assignment is prospectively superseded upon the division of child support's subsequent service of an income withholding notice.

(3) The office of administrative hearings and the department of social and health services shall require that all support obligations established as administrative orders include a provision which orders and directs that the responsible parent shall make all support payments to the Washington state support registry. All administrative orders shall also state that the responsible parent's privileges to obtain and maintain a license, as defined in RCW 74.20A.320, may not be renewed, or may be suspended if the parent is not in compliance with a support order as provided in RCW 74.20A.320. All administrative orders shall also state that withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state without further notice to the responsible parent at any time after entry of the order, unless:

(a) One of the parties demonstrates, and the presiding officer finds, that there is good cause not to require immediate income withholding; or

(b) The parties reach a written agreement that is approved by the presiding officer that provides for an alternate agreement.

(4) If the support order does not include the provision ordering and directing that all payments be made to the Washington state support registry and a statement that withholding action may be taken against wages, earnings, assets, or benefits if a support payment is past due or at any time after the entry of the order, or that a parent's licensing privileges may not be renewed, or may be suspended, the division of child support may serve a notice on the responsible parent stating such requirements and authorizations. Service may be by personal service or any form of mail requiring a return receipt.

(5) Every support order shall state:

(a) The address where the support payment is to be sent;

(b) That withholding action may be taken against wages, earnings, assets, or benefits, and liens enforced against real and personal property under the child support statutes of this or any other state, without further notice to the responsible parent at any time after entry of a support order, unless:

(i) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding; or

(ii) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement;

(c) The income of the parties, if known, or that their income is unknown and the income upon which the support award is based;

(d) The support award as a sum certain amount;

(e) The specific day or date on which the support payment is due;

(f) The names and ages of the dependent children;

(g) A provision requiring both the responsible parent and the custodial parent to keep the Washington state support registry informed of whether he or she has access to health insurance coverage at reasonable cost and, if so, the health insurance policy information;

(h) That either or both the responsible parent and the custodial parent shall be obligated to provide medical support for his or her child through health insurance coverage if:

(i) The obligated parent provides accessible coverage for the child through private insurance; or

(ii) Coverage that can be extended to cover the child is or becomes available to the parent through employment or is union-related; or

(iii) In the absence of such coverage, through an additional sum certain amount, as that parent's monthly payment toward the premium as provided under RCW 26.09.105;

(i) That a parent providing health insurance coverage must notify both the division of child support and the other parent when coverage terminates;

(j) That if proof of health insurance coverage or proof that the coverage is unavailable is not provided within twenty days, the parent seeking enforcement or the department may seek direct enforcement of the coverage through the employer or union of the parent required to provide medical support without further notice to the parent as provided under chapter 26.18 RCW;

(k) The reasons for not ordering health insurance coverage if the order fails to require such coverage;

(l) That the responsible parent's privileges to obtain and maintain a license, as defined in RCW 74.20A.320, may not be renewed, or may be suspended if the parent is not in compliance with a support order as provided in RCW 74.20A.320;

(m) That each parent must:

(i) Promptly file with the court and update as necessary the confidential information form required by subsection (7) of this section; and

(ii) Provide the state case registry and update as necessary the information required by subsection (7) of this section; and

(n) That parties to administrative support orders shall provide to the state case registry and update as necessary their residential addresses and the address of the responsible parent's employer. The division of child support may adopt rules that govern the collection of parties' current residence and mailing addresses, telephone numbers, dates of birth, social security numbers, the names of the children, social security numbers of the children, dates of birth of the children, driver's license numbers, and the names, addresses, and telephone numbers of the parties' employers to enforce an administrative support order. The division of child support

shall not release this information if the division of child support determines that there is reason to believe that release of the information may result in physical or emotional harm to the party or to the child, or a restraining order or protective order is in effect to protect one party from the other party.

(6) After the responsible parent has been ordered or notified to make payments to the Washington state support registry under this section, the responsible parent shall be fully responsible for making all payments to the Washington state support registry and shall be subject to payroll deduction or other income-withholding action. The responsible parent shall not be entitled to credit against a support obligation for any payments made to a person or agency other than to the Washington state support registry except as provided under RCW 74.20.101. A civil action may be brought by the payor to recover payments made to persons or agencies who have received and retained support moneys paid contrary to the provisions of this section.

(7) All petitioners and parties to all court actions under chapters 26.09, 26.10, 26.12, 26.18, 26.21A, 26.23, 26.26, and 26.27 RCW shall complete to the best of their knowledge a verified and signed confidential information form or equivalent that provides the parties' current residence and mailing addresses, telephone numbers, dates of birth, social security numbers, driver's license numbers, and the names, addresses, and telephone numbers of the parties' employers. The clerk of the court shall not accept petitions, except in parentage actions initiated by the state, orders of child support, decrees of dissolution, or paternity orders for filing in such actions unless accompanied by the confidential information form or equivalent, or unless the confidential information form or equivalent is already on file with the court clerk. In lieu of or in addition to requiring the parties to complete a separate confidential information form, the clerk may collect the information in electronic form. The clerk of the court shall transmit the confidential information form or its data to the division of child support with a copy of the order of child support or paternity order, and may provide copies of the confidential information form or its data and any related findings, decrees, parenting plans, orders, or other documents to the state administrative agency that administers Title IV-A, IV-D, IV-E, or XIX of the federal social security act. In state initiated paternity actions, the parties adjudicated the parents of the child or children shall complete the confidential information form or equivalent or the state's attorney of record may complete that form to the best of the attorney's knowledge.

(8) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under 45 C.F.R. Parts 302, 303, 304, 305, and 308. [2009 c 476 § 4; 2007 c 143 § 3; 2001 c 42 § 3; 1998 c 160 § 2; 1997 c 58 § 888; 1994 c 230 § 9; 1993 c 207 § 1; 1991 c 367 § 39; 1989 c 360 § 15; 1987 c 435 § 5.]

**26.23.110 Procedures when amount of support obligation needs to be determined—Notice—Adjudicative proceeding—Rules. (Effective October 1, 2009.)** (1) The department may serve a notice of support owed on a responsible parent when a support order:

(a) Does not state the current and future support obligation as a fixed dollar amount;

(b) Contains an escalation clause or adjustment provision for which additional information not contained in the support order is needed to determine the fixed dollar amount of the support debt or the fixed dollar amount of the current and future support obligation, or both; or

(c) Provides that the responsible parent is responsible for paying for a portion of uninsured medical costs, copayments, and/or deductibles incurred on behalf of the child, but does not reduce the costs to a fixed dollar amount.

(2) The department may serve a notice of support owed on a parent who has been designated to pay per a support order a portion of uninsured medical costs, copayments, or deductibles incurred on behalf of the child, but only when the support order does not reduce the costs to a fixed dollar amount.

(3) The department may serve a notice of support owed to determine a parent's monthly payment toward the premium as defined in RCW 26.09.105, if the support order does not set a fixed dollar amount for the monthly payment toward the premium.

(4) The notice of support owed shall facilitate enforcement of the support order and implement and effectuate the terms of the support order, rather than modify those terms. When the office of support enforcement issues a notice of support owed, the office shall inform the payee under the support order.

(5) The notice of support owed shall be served on a responsible parent by personal service or any form of mailing requiring a return receipt. The notice shall be served on the applicant or recipient of services by first-class mail to the last known address. The notice of support owed shall contain an initial finding of the fixed dollar amount of current and future support obligation that should be paid or the fixed dollar amount of the support debt owed under the support order, or both.

(6) A parent who objects to the fixed dollar amounts stated in the notice of support owed has twenty days from the date of the service of the notice of support owed to file an application for an adjudicative proceeding or initiate an action in superior court.

(7) The notice of support owed shall state that the parent may:

(a) File an application for an adjudicative proceeding governed by chapter 34.05 RCW, the administrative procedure act, in which the parent will be required to appear and show cause why the fixed dollar amount of support debt or current and future support obligation, or both, stated in the

notice of support owed is incorrect and should not be ordered; or

(b) Initiate an action in superior court.

(8) If either parent does not file an application for an adjudicative proceeding or initiate an action in superior court, the fixed dollar amount of current and future support obligation or support debt, or both, stated in the notice of support owed shall become final and subject to collection action.

(9) If an adjudicative proceeding is requested, the department shall mail a copy of the notice of adjudicative proceeding to the parties.

(10) If either parent does not initiate an action in superior court, and serve notice of the action on the department and the other party to the support order within the twenty-day period, the parent shall be deemed to have made an election of remedies and shall be required to exhaust administrative remedies under this chapter with judicial review available as provided for in RCW 34.05.510 through 34.05.598.

(11) An adjudicative order entered in accordance with this section shall state the basis, rationale, or formula upon which the fixed dollar amounts established in the adjudicative order were based. The fixed dollar amount of current and future support obligation or the amount of the support debt, or both, determined under this section shall be subject to collection under this chapter and other applicable state statutes.

(12) The department shall also provide for:

(a) An annual review of the support order if either the office of support enforcement or the parent requests such a review; and

(b) A late adjudicative proceeding if the parent fails to file an application for an adjudicative proceeding in a timely manner under this section.

(13) If an annual review or late adjudicative proceeding is requested under subsection (12) of this section, the department shall mail a copy of the notice of adjudicative proceeding to the parties' last known address.

(14) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under 45 C.F.R. Parts 302, 303, 304, 305, and 308. [2009 c 476 § 5; 2007 c 143 § 4; 1993 c 12 § 1. **26.33.190 Preplacement report—Requirements—Fees.** (1) Any person may at any time request an agency, the department, an individual approved by the court, or a qualified salaried court employee to prepare a preplacement report. A certificate signed under penalty of perjury by the person preparing the report specifying his or her qualifications as required in this chapter shall be attached to or filed with each preplacement report and shall include a statement of training or experience that qualifies the person preparing the report to discuss relevant adoption issues. A person may have more than one preplacement report prepared. All preplacement reports shall be filed with the court in which the petition for adoption is filed.

(2) The preplacement report shall be a written document setting forth all relevant information relating to the fitness of the person requesting the report as an adoptive parent. The report shall be based on a study which shall include an investigation of the home environment, family life, health, facilities, and resources of the person requesting the report. The report shall include a list of the sources of information on which the report is based. The report shall include a recommendation as to the fitness of the person requesting the report to be an adoptive parent. The report shall also verify that the following issues were discussed with the prospective adoptive parents:

(a) The concept of adoption as a lifelong developmental process and commitment;

(b) The potential for the child to have feelings of identity confusion and loss regarding separation from the birth parents;

(c) If applicable, the relevance of the child's relationship with siblings and the potential benefit to the child of providing for a continuing relationship and contact between the child and known siblings;

(d) Disclosure of the fact of adoption to the child;

(e) The child's possible questions about birth parents and relatives; and

(f) The relevance of the child's racial, ethnic, and cultural heritage.

(3) All preplacement reports shall include a background check of any conviction records, pending charges, or disciplinary board final decisions of prospective adoptive parents. The background check shall include an examination of state and national criminal identification data provided by the Washington state patrol criminal identification system including, but not limited to, a fingerprint-based background check of national crime information databases for any person being investigated. It shall also include a review of any child abuse and neglect history of any adult living in the prospective adoptive parents' home. The background check of the child abuse and neglect history shall include a review of the child abuse and neglect registries of all states in which the prospective adoptive parents or any other adult living in the home have lived during the five years preceding the date of the preplacement report.

(4) An agency, the department, or a court approved individual may charge a reasonable fee based on the time spent in conducting the study and preparing the preplacement report. The court may set a reasonable fee for conducting the study and preparing the report when a court employee has prepared the report. An agency, the department, a court approved individual, or the court may reduce or waive the fee if the financial condition of the person requesting the report so warrants. An agency's, the department's, or court approved individual's, fee is subject to review by the court upon request of the person requesting the report.

(5) The person requesting the report shall designate to the agency, the department, the court approved individual, or the court in writing the county in which the preplacement report is to be filed. If the person requesting the report has not filed a petition for adoption, the report shall be indexed in the name of the person requesting the report and a cause number shall be assigned. A fee shall not be charged for filing the report. The applicable filing fee may be charged at the time a petition governed by this chapter is filed. Any subsequent preplacement reports shall be filed together with the original report.

(6) A copy of the completed preplacement report shall be delivered to the person requesting the report.

(7) A person may request that a report not be completed. A reasonable fee may be charged for the value of work done. [2009 c 234 § 4; 2007 c 387 § 2; 1991 c 136 § 3; 1990 c 146 § 3; 1984 c 155 § 19.]

**26.33.295 Open adoption agreements—Agreed orders—Enforcement.** (1) Nothing in this chapter shall be construed to prohibit the parties to a proceeding under this chapter from entering into agreements regarding communication with or contact between child adoptees, adoptive parents, siblings of child adoptees, and a birth parent or parents.

(2) Agreements regarding communication with or contact between child adoptees, adoptive parents, siblings of child adoptees, and a birth parent or parents shall not be legally enforceable unless the terms of the agreement are set forth in a written court order entered in accordance with the provisions of this section. The court shall not enter a proposed order unless the terms of such order have been approved in writing by the prospective adoptive parents, any

birth parent whose parental rights have not previously been terminated, and, if the child or siblings of the child are in the custody of the department or a licensed child-placing agency, a representative of the department or child-placing agency. If the child is represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child-custody proceeding, the terms of the proposed order also must be approved in writing by the child's representative. An agreement under this section need not disclose the identity of the parties to be legally enforceable. The court shall not enter a proposed order unless the court finds that the communication or contact with the child adoptee, as agreed upon and as set forth in the proposed order, would be in the child adoptee's best interests.

(3) Failure to comply with the terms of an agreed order regarding communication or contact that has been entered by the court pursuant to this section shall not be grounds for setting aside an adoption decree or revocation of a written consent to an adoption after that consent has been approved by the court as provided in this chapter.

(4) An agreed order entered pursuant to this section may be enforced by a civil action and the prevailing party in that action may be awarded, as part of the costs of the action, a reasonable amount to be fixed by the court as attorneys' fees. The court shall not modify an agreed order under this section unless it finds that the modification is necessary to serve the best interests of the child adoptee, and that: (a) The modification is agreed to by the adoptive parent and the birth parent or parents; or (b) exceptional circumstances have arisen since the agreed order was entered that justify modification of the order.

(5) This section does not require the department or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care. [2009 c 234 § 3; 1990 c 285 § 4.]

**Findings—Purpose—Severability—1990 c 285:** See notes following RCW 74.04.005.

**26.33.420 Postadoption contact between siblings—Intent—Findings.** The legislature finds that the importance of children's relationships with their siblings is well recognized in law and science. The bonds between siblings are often irreplaceable, leading some experts to believe that sibling relationships can be longer lasting and more influential than any other over a person's lifetime. For children who have been removed from home due to abuse or neglect, these bonds are often much stronger because siblings have learned early the importance of depending on one another and cooperating in order to cope with their common problems. The legislature further finds that when children are in the foster care system they typically have some degree of contact or visitation with their siblings even when they are not living together. The legislature finds, however, that when one or more of the siblings is adopted from foster care, these relationships may be severed completely if an open adoption agreement fails to attend to the needs of the siblings for continuing postadoption contact. The legislature intends to promote a greater focus, in permanency planning and adoption proceedings, on the interests of siblings separated by adop-

tive placements and to encourage the inclusion in adoption agreements of provisions to support ongoing postadoption contact between siblings. [2009 c 234 § 1.]

#### **26.33.430 Postadoption contact between siblings—**

**Duty of court.** The court, in reviewing and approving an agreement under RCW 26.33.295 for the adoption of a child from foster care, shall encourage the adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and siblings of the child adoptee of providing for and facilitating continuing postadoption contact between siblings. To the extent feasible, and when in the best interests of the child adoptee and siblings of the child adoptee, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or known siblings of the child adoptee are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. [2009 c 234 § 2.]

**26.33.902 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. (Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)** For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 § 70.]

### **Chapter 26.44 RCW**

#### **ABUSE OF CHILDREN**

##### Sections

26.44.020	Definitions.
26.44.030	Reports—Duty and authority to make—Duty of receiving agency—Duty to notify—Case planning and consultation—Penalty for unauthorized exchange of information—Filing dependency petitions—Investigations—Interviews of children—Records—Risk assessment process.
26.44.200	Methamphetamine manufacture—Presence of child.
26.44.210	Alleged child abuse or neglect at center for childhood deafness and hearing loss—Investigation by department—Investigation report.
26.44.230	Repealed.

**26.44.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abuse or neglect" means sexual abuse, sexual exploitation, or injury of a child by any person under circumstances which cause harm to the child's health, welfare, or safety, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(2) "Child" or "children" means any person under the age of eighteen years of age.

(3) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(4) "Child protective services section" means the child protective services section of the department.

(5) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(6) "Court" means the superior court of the state of Washington, juvenile department.

(7) "Department" means the state department of social and health services.

(8) "Founded" means the determination following an investigation by the department that, based on available information, it is more likely than not that child abuse or neglect did occur.

(9) "Inconclusive" means the determination following an investigation by the department, prior to October 1, 2008, that based on available information a decision cannot be made that more likely than not, child abuse or neglect did or did not occur.

(10) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment, or care.

(11) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(12) "Malice" or "maliciously" means an intent, wish, or design to intimidate, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(13) "Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disre-

gard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

(14) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(15) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner. A person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(16) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

**26.44.030 Reports—Duty and authority to make—Duty of receiving agency—Duty to notify—Case planning and consultation—Penalty for unauthorized exchange of information—Filing dependency petitions—Investigations—Interviews of children—Records—Risk assessment process.** (1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such

incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any non-profit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11, 13, and 26 RCW, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable

cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual

assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(12) In conducting an investigation of alleged abuse or neglect, the department or law enforcement agency:

(a) May interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall

determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(b) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(13) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombudsman of the contents of the report. The department shall also notify the ombudsman of the disposition of the report.

(14) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(15) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(16) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

(17) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(18) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030. The legislature intends, however, to limit the circumstances under which department of corrections personnel are mandated reporters of suspected abuse or neglect to only those circumstances when the information is obtained during the course of their employment. This act is not to be construed to alter the circumstances under which other professionals are mandated to report suspected abuse or neglect, nor is it the legislature's intent to alter current practices and procedures utilized by other professional organizations who are mandated reporters under RCW 26.44.030(1)(a)." **Legislative findings—1985 c 259:** "The Washington state legislature finds and declares:

The children of the state of Washington are the state's greatest resource and the greatest source of wealth to the state of Washington. Children of all ages must be protected from child abuse. Governmental authorities must give the prevention, treatment, and punishment of child abuse the highest priority, and all instances of child abuse must be reported to the proper authorities who should diligently and expeditiously take appropriate action, and child abusers must be held accountable to the people of the state for their actions.

The legislature recognizes the current heavy caseload of governmental authorities responsible for the prevention, treatment, and punishment of child abuse. The information obtained by child abuse reporting requirements, in addition to its use as a law enforcement tool, will be used to determine the need for additional funding to ensure that resources for appropriate governmental response to child abuse are available." mine whether a referral to law enforcement is appropriate under this chapter.

(2) The department must send a copy of the investigation report, including the finding, regarding any incidents of alleged child abuse or neglect at the \*state school for the deaf to the \*\*center's director, or the director's designee. The department may include recommendations to the director and the board of trustees or its successor board for increasing the safety of the school's students. [2009 c 381 § 23; 2002 c 208 § 1.]

**Reviser's note:** \*(1) The state school for the deaf was abolished and its powers, duties, and property transferred to the Washington state center for childhood deafness and hearing loss by 2009 c 381 § 11.

### DOMESTIC VIOLENCE PREVENTION

#### Sections

26.50.060	Relief—Duration—Realignment of designation of parties—Award of costs, service fees, and attorneys' fees.
26.50.110	Violation of order—Penalties.

**26.50.060 Relief—Duration—Realignment of designation of parties—Award of costs, service fees, and attorneys' fees.** (1) Upon notice and after hearing, the court may provide relief as follows:

(a) Restrain the respondent from committing acts of domestic violence;

(b) Exclude the respondent from the dwelling that the parties share, from the residence, workplace, or school of the petitioner, or from the day care or school of a child;

(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from a specified location;

(d) On the same basis as is provided in chapter 26.09 RCW, the court shall make residential provision with regard to minor children of the parties. However, parenting plans as specified in chapter 26.09 RCW shall not be required under this chapter;

(e) Order the respondent to participate in a domestic violence perpetrator treatment program approved under RCW 26.50.150;

(f) Order other relief as it deems necessary for the protection of the petitioner and other family or household members sought to be protected, including orders or directives to a peace officer, as allowed under this chapter;

(g) Require the respondent to pay the administrative court costs and service fees, as established by the county or municipality incurring the expense and to reimburse the petitioner for costs incurred in bringing the action, including reasonable attorneys' fees;

(h) Restrain the respondent from having any contact with the victim of domestic violence or the victim's children or members of the victim's household;

(i) Require the respondent to submit to electronic monitoring. The order shall specify who shall provide the electronic monitoring services and the terms under which the monitoring must be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the respondent to pay for electronic monitoring;

(j) Consider the provisions of RCW 9.41.800;

(k) Order possession and use of essential personal effects. The court shall list the essential personal effects with sufficient specificity to make it clear which property is included. Personal effects may include pets. The court may order that a petitioner be granted the exclusive custody or control of any pet owned, possessed, leased, kept, or held by the petitioner, respondent, or minor child residing with either the petitioner or respondent and may prohibit the respondent from interfering with the petitioner's efforts to remove the pet. The court may also prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance of specified locations where the pet is regularly found; and

(l) Order use of a vehicle.

(2) If a protection order restrains the respondent from contacting the respondent's minor children the restraint shall be for a fixed period not to exceed one year. This limitation is not applicable to orders for protection issued under chapter 26.09, 26.10, or 26.26 RCW. With regard to other relief, if the petitioner has petitioned for relief on his or her own behalf or on behalf of the petitioner's family or household members or minor children, and the court finds that the respondent is likely to resume acts of domestic violence against the petitioner or the petitioner's family or household members or minor children when the order expires, the court may either grant relief for a fixed period or enter a permanent order of protection.

If the petitioner has petitioned for relief on behalf of the respondent's minor children, the court shall advise the petitioner that if the petitioner wants to continue protection for a period beyond one year the petitioner may either petition for renewal pursuant to the provisions of this chapter or may seek relief pursuant to the provisions of chapter 26.09 or 26.26 RCW.

(3) If the court grants an order for a fixed time period, the petitioner may apply for renewal of the order by filing a petition for renewal at any time within the three months before the order expires. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 26.50.085, personal service shall be made on the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 26.50.085 or by mail as provided in RCW 26.50.123. If the court permits service by publication or mail, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in RCW 26.50.070. The court shall grant the

petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume acts of domestic violence against the petitioner or the petitioner's children or family or household members when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in this section. The court may award court costs, service fees, and reasonable attorneys' fees as provided in subsection (1)(g) of this section.

(4) In providing relief under this chapter, the court may realign the designation of the parties as "petitioner" and "respondent" where the court finds that the original petitioner is the abuser and the original respondent is the victim of domestic violence and may issue an ex parte temporary order for protection in accordance with RCW 26.50.070 on behalf of the victim until the victim is able to prepare a petition for an order for protection in accordance with RCW 26.50.030.

(5) Except as provided in subsection (4) of this section, no order for protection shall grant relief to any party except upon notice to the respondent and hearing pursuant to a petition or counter-petition filed and served by the party seeking relief in accordance with RCW 26.50.050.

(6) The court order shall specify the date the order expires if any. The court order shall also state whether the court issued the protection order following personal service, service by publication, or service by mail and whether the court has approved service by publication or mail of an order issued under this section.

(7) If the court declines to issue an order for protection or declines to renew an order for protection, the court shall state in writing on the order the particular reasons for the court's denial. [2009 c 439 § 2; 2000 c 119 § 15; 1999 c 147 § 2; 1996 c 248 § 13; 1995 c 246 § 7; 1994 sp.s. c 7 § 457. **Finding—Intent—2009 c 439:** "The legislature finds that considerable research shows a strong correlation between animal abuse, child abuse, and domestic violence. The legislature intends that perpetrators of domestic violence not be allowed to further terrorize and manipulate their victims, or the children of their victims, by using the threat of violence toward pets." [2009 c 439 § 1.]

(i) The restraint provisions prohibiting acts or threats of violence against, or stalking of, a protected party, or restraint provisions prohibiting contact with a protected party;

(ii) A provision excluding the person from a residence, workplace, school, or day care;

(5) A violation of a court order issued under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, is a class C felony if the offender has at least two previous convictions for violating the provisions of an order issued under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020. The previous convictions may involve the same victim or other victims specifically protected by the orders the offender violated.

(6) Upon the filing of an affidavit by the petitioner or any peace officer alleging that the respondent has violated an order granted under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020, the court may issue

**28A.150.198 Finding—Intent—2009 c 548.** (1) Public education in Washington state has evolved since the enactment of the Washington basic education act of 1977. Decisions by the courts have played a part in this evolution, as have studies and research about education practices and education funding. The legislature finds ample evidence of a need for continuing to refine the program of basic education that is funded by the state and delivered by school districts.

(2) The legislature reaffirms the work of Washington Learns and other educational task forces that have been convened over the past four years and their recommendations to make bold reforms to the entire educational system in order to educate all students to a higher level; to focus on the individualized instructional needs of students; to strive towards closing the achievement gap and reducing dropout rates; and

to prepare students for a constantly evolving workforce and increasingly demanding global economy. In enacting this legislation, the legislature intends to continue to review, evaluate, and revise the definition and funding of basic education in order to continue to fulfill the state obligation under Article IX of the state Constitution. The legislature also intends to continue to strengthen and modify the structure of the entire K-12 educational system, including nonbasic education programmatic elements, in order to build the capacity to anticipate and support potential future enhancements to basic education as the educational needs of our citizens continue to evolve.

(3) The legislature recognizes that the first step in revising the definition and funding of basic education is to create a transparent funding system for both allocations and expenditures so that not only policymakers and educators understand how the state supports basic education but also taxpayers. An adequate data system that enables the legislature to make rational, data-driven decisions on which educational programs impact student learning in order to more effectively and efficiently deliver the resources necessary to provide an ample program of basic education is also a necessity. A new prototypical funding system will allow the legislature to better understand how current resources are being used. A more complete and accurate educational data system will allow the legislature to understand whether current basic education programs are supporting student learning. Only with both of these systems in place can the legislature make informed decisions on how to best implement a dynamic and evolving system of basic education.

(4) For practical and educational reasons, major changes of the program of basic education and the funding formulas to support it cannot occur instantaneously. The legislature intends to build upon the previous efforts of the legislature and the basic education task force in order to develop a realistic implementation strategy for a new instructional program after technical experts develop the details of the prototypical schools funding formulas and the data and reporting system that will support a new instructional program. The legislature also intends to establish a formal structure for monitoring the implementation by the legislature of an evolving program of basic education and the financing necessary to support such a program. The legislature intends that the redefined program of basic education and funding for the program be fully implemented by 2018.

(5) It is the further intent of the legislature to also address additional issues that are of importance to the legislature but are not part of basic education. [2009 c 548 § 1.]

**Intent—2009 c 548:** "It is the intent of the legislature that specified policies and allocation formulas adopted under this act will constitute the legislature's definition of basic education under Article IX of the state Constitution once fully implemented. The legislature intends, however, to continue to review and revise the formulas and schedules and may make additional revisions, including revisions for technical purposes and consistency in the event of mathematical or other technical errors." [2009 c 548 § 2.]

**Finding—2009 c 548:** See note following RCW 28A.410.270.

**Intent—Finding—2009 c 548:** See note following RCW 28A.305.130.

**28A.150.200 Program of basic education. (*Effective September 1, 2011.*)** (1) The program of basic education established under this chapter is deemed by the legislature to comply with the requirements of Article IX, section 1 of the

state Constitution, which states that "It is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex," and is adopted pursuant to Article IX, section 2 of the state Constitution, which states that "The legislature shall provide for a general and uniform system of public schools."

(2) The legislature defines the program of basic education under this chapter as that which is necessary to provide the opportunity to develop the knowledge and skills necessary to meet the state-established high school graduation requirements that are intended to allow students to have the opportunity to graduate with a meaningful diploma that prepares them for postsecondary education, gainful employment, and citizenship. Basic education by necessity is an evolving program of instruction intended to reflect the changing educational opportunities that are needed to equip students for their role as productive citizens and includes the following:

(a) The instructional program of basic education the minimum components of which are described in RCW 28A.150.220;

(b) The program of education provided by chapter 28A.190 RCW for students in residential schools as defined by RCW 28A.190.020 and for juveniles in detention facilities as identified by RCW 28A.190.010;

**28A.150.210 Basic education—Goals of school districts. (Effective September 1, 2011.)** A basic education is an evolving program of instruction that is intended to provide students with the opportunity to become responsible and respectful global citizens, to contribute to their economic well-being and that of their families and communities, to explore and understand different perspectives, and to enjoy productive and satisfying lives. Additionally, the state of Washington intends to provide for a public school system that is able to evolve and adapt in order to better focus on strengthening the educational achievement of all students, which includes high expectations for all students and gives all students the opportunity to achieve personal and academic success. To these ends, the goals of each school district, with the involvement of parents and community members, shall be to provide opportunities for every student to develop the knowledge and skills essential to:

(1) Read with comprehension, write effectively, and communicate successfully in a variety of ways and settings and with a variety of audiences;

(2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; civics and history, including different cultures and participation in representative government; geography; arts; and health and fitness;

(3) Think analytically, logically, and creatively, and to integrate different experiences and knowledge to form reasoned judgments and solve problems; and

(4) Understand the importance of work and finance and how performance, effort, and decisions directly affect future career and educational opportunities. [2009 c 548 § 103; 2007 c 400 § 1; 1993 c 336 § 101; (1992 c 141 § 501 repealed by 1993 c 336 § 1203); 1977 ex.s. c 359 § 2. Formerly RCW 28A.58.752.]

**Captions not law—2007 c 400:** "Captions used in this act are not any part of the law." [2007 c 400 § 9.]

**Findings—Intent—1993 c 336:** "The legislature finds that student achievement in Washington must be improved to keep pace with societal changes, changes in the workplace, and an increasingly competitive international economy.

To increase student achievement, the legislature finds that the state of Washington needs to develop a public school system that focuses more on the educational performance of students, that includes high expectations for all students, and that provides more flexibility for school boards and educators in how instruction is provided.

The legislature further finds that improving student achievement will require:

(1) Establishing what is expected of students, with standards set at internationally competitive levels;

(2) Parents to be primary partners in the education of their children, and to play a significantly greater role in local school decision making;

(3) Students taking more responsibility for their education;

(4) Time and resources for educators to collaboratively develop and implement strategies for improved student learning;

(5) Making instructional programs more relevant to students' future plans;

(6) All parties responsible for education to focus more on what is best for students; and

(7) An educational environment that fosters mutually respectful interactions in an atmosphere of collaboration and cooperation.

It is the intent of the legislature to provide students the opportunity to

achieve at significantly higher levels, and to provide alternative or additional instructional opportunities to help students who are having difficulty meeting the essential academic learning requirements in RCW 28A.630.885.

It is also the intent of the legislature that students who have met or exceeded the essential academic learning requirements be provided with alternative or additional instructional opportunities to help advance their educational experience.

The provisions of chapter 336, Laws of 1993 shall not be construed to change current state requirements for students who receive home-based instruction under chapter 28A.200 RCW, or for students who attend state-approved private schools under chapter 28A.195 RCW." [1993 c 336 § 1.]

**Effective date—1993 c 336 § 101:** "Section 101 of this act shall take effect September 1, 1994." [1993 c 336 § 102.]

**Findings—1993 c 336:** "(1) The legislature finds that preparing students to make successful transitions from school to work helps promote educational, career, and personal success for all students.

(2) A successful school experience should prepare students to make informed career direction decisions at critical points in their educational progress. Schools that demonstrate the relevancy and practical application of course work will expose students to a broad range of interrelated career and educational opportunities and will expand students' posthigh school options.

(3) The school-to-work transitions program, under chapter 335, Laws of 1993, is intended to help secondary schools develop model programs for school-to-work transitions. The purposes of the model programs are to provide incentives for selected schools to:

(a) Integrate vocational and academic instruction into a single curriculum;

(b) Provide each student with a choice of multiple, flexible educational pathways based on the student's career interest areas;

(c) Emphasize increased vocational and academic guidance and counseling for students;

(d) Foster partnerships with local employers and employees to incorporate work sites as part of work-based learning experiences;

(e) Encourage collaboration among middle or junior high schools and secondary schools in developing successful transition programs and to encourage articulation agreements between secondary schools and community and technical colleges.

(4) The legislature further finds that successful implementation of the school-to-work transitions program is an important part of achieving the purposes of chapter 336, Laws of 1993." [1993 c 336 § 601.]

### **28A.150.220 Basic education—Minimum instructional requirements—Program accessibility—Rules. (Effective September 1, 2011.)**

(1) In order for students to have the opportunity to develop the basic education knowledge and skills under RCW 28A.150.210, school districts must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship. The program established under this section shall be the minimum instructional program of basic education offered by school districts.

(2) Each school district shall make available to students the following minimum instructional offering each school year:

(a) For students enrolled in grades one through twelve, at least a district-wide annual average of one thousand hours, which shall be increased to at least one thousand eighty instructional hours for students enrolled in each of grades seven through twelve and at least one thousand instructional hours for students in each of grades one through six accord-

ing to an implementation schedule adopted by the legislature; and

(b) For students enrolled in kindergarten, at least four hundred fifty instructional hours, which shall be increased to at least one thousand instructional hours according to the implementation schedule under RCW 28A.150.315.

(3) The instructional program of basic education provided by each school district shall include:

(a) Instruction in the essential academic learning requirements under RCW 28A.655.070;

(b) Instruction that provides students the opportunity to complete twenty-four credits for high school graduation, subject to a phased-in implementation of the twenty-four credits as established by the legislature. Course distribution requirements may be established by the state board of education under RCW 28A.230.090;

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by students receiving instruction in one or more American Indian languages;

(d) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(e) Supplemental instruction and services for eligible and enrolled students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080;

(f) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020; and

(g) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030.

(4) Nothing contained in this section shall be construed to require individual students to attend school for any particular number of hours per day or to take any particular courses.

(5) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten, to be increased to a minimum of one hundred eighty school days per school year according to the implementation schedule under RCW 28A.150.315. However, effective May 1, 1979, a school district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the case of students who are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as a full-time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

(6) Nothing in this section precludes a school district from enriching the instructional program of basic education, such as offering additional instruction or providing additional services, programs, or activities that the school district deter-

mines to be appropriate for the education of the school district's students.

(7) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish. **28A.150.250 Annual basic education allocation—Full funding—Withholding of funds for noncompliance. (Effective September 1, 2011.)** (1) From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.510.250 to each school district of the state operating a basic education instructional program approved by the state board of education an amount based on the formulas provided in RCW 28A.150.260, 28A.150.390, and 28A.150.392 which, when combined with an appropriate portion of such locally available revenues, other than receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.520.010 and 28A.520.020, as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation in

dollars for each annual average full-time equivalent student enrolled.

(2) The instructional program of basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.150.260, 28A.150.390, and 28A.150.392 to fund those program requirements identified in RCW 28A.150.220 in accordance with the formula provided in RCW 28A.150.260 and those amounts of dollars appropriated by the legislature to fund the salary requirements of RCW 28A.150.410.

(3) If a school district's basic education program fails to meet the basic education requirements enumerated in RCW 28A.150.260 and 28A.150.220, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured. *Basic Education Act, RCW 28A.150.250 as part of: RCW 28A.150.200.*

*Distribution of forest reserve funds—As affects basic education allocation: RCW 28A.520.020.*

**28A.150.260 Allocation of state funding to support instructional program of basic education—Distribution formula—Prototypical schools—Enhancements and adjustments—Review and approval—Enrollment calculation. (Effective September 1, 2011.)** The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.165, 28A.180, or 28A.155 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(c) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on an average class size as specified in the omnibus appropriations act. The omnibus appropriations act shall at a minimum specify:

(i) Basic average class size;

(ii) Basic average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals;

(iii) Average class size for exploratory and preparatory career and technical education, laboratory science, advanced placement, and international baccalaureate courses; and

(iv) Average class size in grades kindergarten through three.

**Intent—Implementation schedule—2009 c 548:** "(1) The legislature intends to continue to redefine the instructional program of education under RCW 28A.150.220 that fulfills the obligations and requirements of Article IX of the state Constitution. The funding formulas under RCW 28A.150.260 to support the instructional program shall be implemented to the extent the technical details of the formula have been established and according to an implementation schedule to be adopted by the legislature. The object of the schedule is to assure that any increases in funding allocations are timely, predictable, and occur concurrently with any increases in program or instructional requirements. It is the intent of the legislature that no increased programmatic or instructional expectations be imposed upon schools or school districts without an accompanying increase in resources as necessary to support those increased expectations.

(2) The office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to:

(a) Develop the details of the funding formulas under RCW 28A.150.260;

(b) Recommend to the legislature an implementation schedule for phasing-in any increased program or instructional requirements concurrently with increases in funding for adoption by the legislature; and

(c) Examine possible sources of revenue to support increases in funding allocations and present options to the legislature and the quality education council created in section 114 of this act for consideration.

(3) The working group shall include representatives of the legislative

**28A.150.262 Defining full-time equivalent student—Students receiving instruction through alternative learning experience online programs—Requirements—Rules.** Under RCW 28A.150.260, the superintendent of public instruction shall revise the definition of a full-time equivalent student to include students who receive instruction through alternative learning experience online programs. As used in this section, an "alternative learning experience online program" is a set of online courses or an online school program as defined in RCW 28A.250.010 that is delivered to students in whole or in part independently from a regular classroom schedule. The superintendent of public instruction has the authority to adopt rules to implement the revised definition beginning with the 2005-2007 biennium for school districts claiming state funding for the programs. The rules shall include but not be limited to the following:

(1) Defining a full-time equivalent student under RCW 28A.150.260 or part-time student under RCW 28A.150.350 based upon the district's estimated average weekly hours of learning activity as identified in the student's learning plan,

as long as the student is found, through monthly evaluation, to be making satisfactory progress; the rules shall require districts providing programs under this section to nonresident students to establish procedures that address, at a minimum, the coordination of student counting for state funding so that no student is counted for more than one full-time equivalent in the aggregate;

(2) Requiring the board of directors of a school district offering, or contracting under RCW 28A.150.305 to offer, an alternative learning experience online program to adopt and annually review written policies for each program and program provider and to receive an annual report on its digital alternative learning experience online programs from its staff;

(3) Requiring each school district offering or contracting to offer an alternative learning experience online program to report annually to the superintendent of public instruction on the types of programs and course offerings, and number of students participating;

(4) Requiring completion of a program self-evaluation;

(5) Requiring documentation of the district of the student's physical residence;

(6) Requiring that supervision, monitoring, assessment, and evaluation of the alternative learning experience online program be provided by certificated instructional staff;

(7) Requiring each school district offering courses or programs to identify the ratio of certificated instructional staff to full-time equivalent students enrolled in such courses or programs, and to include a description of their ratio as part of the reports required under subsections (2) and (3) of this section;

(8) Requiring reliable methods to verify a student is doing his or her own work; the methods may include proctored examinations or projects, including the use of web cams or other technologies. "Proctored" means directly monitored by an adult authorized by the school district;

(9) Requiring, for each student receiving instruction in an alternative learning experience online program, a learning plan that includes a description of course objectives and information on the requirements a student must meet to successfully complete the program or courses. The rules shall allow course syllabi and other additional information to be used to meet the requirement for a learning plan;

(10) Requiring that the district assess the educational progress of enrolled students at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students shall also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to participate in the assessments required under chapter 28A.655 RCW. The rules shall address how students who reside outside the geographic service area of the school district are to be assessed;

(11) Requiring that each student enrolled in the program have direct personal contact with certificated instructional staff at least weekly until the student completes the course objectives or the requirements in the learning plan. Direct personal contact is for the purposes of instruction, review of

assignments, testing, evaluation of student progress, or other learning activities. Direct personal contact may include the use of telephone, e-mail, instant messaging, interactive video communication, or other means of digital communication;

(12) Requiring state-funded public schools or public school programs whose primary purpose is to provide alternative learning experience online learning programs to receive accreditation through the Northwest association of accredited schools or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction after consultation with the Washington coalition for online learning;

(13) Requiring state-funded public schools or public school programs whose primary purpose is to provide alternative learning experience online learning to provide information to students and parents on whether or not the courses or programs: Cover one or more of the school district's learning goals or of the state's essential academic learning requirements or whether they permit the student to meet one or more of the state's or district's graduation requirements; and

(14) Requiring that a school district that provides one or more alternative learning experience online courses to a student provide the parent or guardian of the student, prior to the student's enrollment, with a description of any difference between home-based education as described in chapter 28A.200 RCW and the enrollment option selected by the student. The parent or guardian shall sign documentation attesting to his or her understanding of the difference and the documentation shall be retained by the district and made available for audit. [2009 c 542 § 9; 2005 c 356 § 2.]

**Findings—Intent—2005 c 356:** "The legislature finds that digital learning courses and programs can provide students with opportunities to study subjects that may not otherwise be available within the students' schools, school districts, or communities. These courses can also meet the instructional needs of students who have scheduling conflicts, students who learn best from technology-based instructional methods, and students who have a need to enroll in schools on a part-time basis. Digital learning courses can also meet the needs of students and families seeking nontraditional learning environments. The legislature further finds that the state rules used by school districts to support some digital learning courses were adopted before these types of courses were created, so the rules are not well-suited to the funding and delivery of digital instruction. It is the intent of the legislature to clarify the funding and delivery requirements for digital learning courses." [2005 c 356 § 1.]

**28A.150.315 Voluntary all-day kindergarten programs—Funding. (Effective September 1, 2011.)**

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(a) Provide at least a one thousand-hour instructional program;

(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:

(i) Developing initial skills in the academic areas of reading, mathematics, and writing;

(ii) Developing a variety of communication skills;

(iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;

(iv) Acquiring large and small motor skills;

(v) Acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; and

(vi) Learning through hands-on experiences;

(c) Establish learning environments that are developmentally appropriate and promote creativity;

(d) Demonstrate strong connections and communication with early learning community providers; and

(e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities. **28A.150.390 Appropriations for special education programs. (Effective September 1, 2011.)** (1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (3) (b), (c)(i), and (d), (4), and (8) and federal medical assistance and private funds accruing under \*RCW 74.09.5249 through 74.09.5253 and 74.09.5254 through 74.09.5256.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (3) (b), (c)(i), and (d), (4), and (8), to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or twelve and seven-tenths percent. [2009 c 548 § 108; 1995 c 77 § 6; 1994 c 180 § 8; 1993 c 149 § 9; 1990 c 33 § 116; 1989 c 400 § 2; 1980 c 87 § 5; 1971 ex.s. c 66 § 11. Formerly RCW 28A.41.053.]

**28A.150.392 Special education funding—Safety net awards—Rules—Annual survey and report—Safety net oversight committee. (Effective September 1, 2011.)** (1) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided

through the special education funding formula under RCW 28A.150.390. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for special education-eligible students and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (b) and (c) of this subsection shall not exceed the total of a district's specific determination of need.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (1)(c) shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(f) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(2) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent

dent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(3) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(4) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding. [2009 c 548 § 109.]

Such arrangements may include but are not limited to interagency agreements for the acquisition, including joint funding, maintenance, loan, sale, lease, or transfer of assistive technology devices and for the provision of assistive technology services including but not limited to assistive technology assessments and training.

For the purposes of this section, "assistive device" means any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of children with disabilities. The term "assistive technology service" means any service that directly assists a

child with a disability in the selection, acquisition, or use of an assistive technology device. Assistive technology service includes:

(1) The evaluation of the needs of a child with a disability, including a functional evaluation of the child in the child's customary environment;

(2) Purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by children with disabilities;

(3) Selecting, designing, fitting, customizing, adapting, applying, retaining, repairing, or replacing of assistive technology devices;

(4) Coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs;

(5) Training or technical assistance for a child with a disability or if appropriate, the child's family; and

The evaluation shall include such measures as:

(a) Efficient routing of buses;

- (b) Efficient use of vehicle capacity; and
- (c) Reasonable controls on compensation costs.

(2) The superintendent shall submit to the fiscal and education committees of the legislature no later than December 1st of each year a report summarizing the efficiency reviews and the resulting changes implemented by school districts in response to the recommendations of the regional transportation coordinators. The distribution formula developed in RCW 28A.160.150 through 28A.160.180 shall be for allocation purposes only and shall not be construed as mandating specific levels of pupil transportation services by local districts. Operating costs as determined under RCW 28A.160.150 through 28A.160.180 shall be funded at one hundred percent or as close thereto as reasonably possible for transportation of an eligible student to and from school as defined in RCW 28A.160.160(3). (1) "Eligible student" means any student served by the transportation program of a school district or compensated for individual transportation arrangements authorized by RCW 28A.160.030 whose route stop is outside the walk area for a student's school, except if the student to be transported is disabled under RCW 28A.155.020 and is either not ambulatory or not capable of protecting his or her own welfare while traveling to or from the school or agency where special education services are provided, in which case no mileage distance restriction applies.

(2) "Superintendent" means the superintendent of public instruction.

(3) "To and from school" means the transportation of students for the following purposes:

(a) Transportation to and from route stops and schools;

(b) Transportation to and from schools pursuant to an interdistrict agreement pursuant to RCW 28A.335.160;

(c) Transportation of students between schools and learning centers for instruction specifically required by statute; and

(d) Transportation of students with disabilities to and from schools and agencies for special education services.

Academic extended day transportation for the instructional program of basic education under RCW 28A.150.220 shall be considered part of transportation of students "to and from school" for the purposes of this section. Transportation for field trips may not be considered part of transportation of students "to and from school" under this section.

(4) "Transportation services" for students living within the walk area includes the coordination of walk-to-school programs, the funding of crossing guards, and matching funds for local and state transportation projects intended to mitigate hazardous walking conditions. Priority for transportation services shall be given to students in grades kindergarten through five.

(5) As used in this section, "walk area" means that area around a school with an adequate roadway configuration to provide students access to school with a walking distance of less than one mile. Mileage must be measured along the shortest roadway or maintained public walkway where hazardous conditions do not exist. The hazardous conditions must be documented by a process established in rule by the superintendent of public instruction and must include roadway, environmental, and social conditions. Each elementary school shall identify walk routes within the walk area. [2009 c 548 § 305; 1996 c 279 § 2; 1995 c 77 § 17; 1990 c 33 § 142; 1983 1st ex.s. c 61 § 3; 1981 c 265 § 2. **28A.160.170 Student transportation allocation—District's reports to superintendent. (Effective September 1, 2013.)** Each district shall submit three times each year to the superintendent of public instruction during October, February, and May of each year a report containing the following:

(1)(a) The number of eligible students transported to and from school as provided for in RCW 28A.160.150, along with identification of stop locations and school locations, and (b) the number of miles driven for pupil transportation services as authorized in RCW 28A.160.150 the previous school year; and

(2) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district. The superintendent shall require that districts separate the costs of operating the program for the transportation of eligible students to and from school as defined by RCW 28A.160.160(3) from non-to-and-from-school pupil transportation costs in the annual financial statement. The cost, quantity, and type of all fuel purchased by

school districts for use in to-and-from-school transportation shall be included in the annual financial statement.

Each district shall submit the information required in this section on a timely basis as a condition of the continuing receipt of school transportation moneys. [2009 c 548 § 306; 2007 c 139 § 1; 1990 c 33 § 143; 1983 1st ex.s. c 61 § 4; 1981 c 265 § 3. Formerly RCW 28A.41.515.]

**28A.160.180 Student transportation allocation determination—Report. (Effective September 1, 2013.)** Each district's annual student transportation allocation shall be determined by the superintendent of public instruction in the following manner:

(1) The superintendent shall annually calculate the transportation allocation for those services provided for in RCW 28A.160.150. The allocation formula may be adjusted to include such additional differential factors as basic and special passenger counts as defined by the superintendent of public instruction, average distance to school, and number of locations served.

(2) The allocation shall be based on a regression analysis of the number of basic and special students transported and as many other site characteristics that are identified as being statistically significant.

(3) The transportation allocation for transporting students in district-owned passenger cars, as defined in RCW 46.04.382, pursuant to RCW 28A.160.010 for services provided for in RCW 28A.160.150 if a school district deems it advisable to use such vehicles after the school district board of directors has considered the safety of the students being transported as well as the economy of utilizing a district-owned passenger car in lieu of a school bus is the private vehicle reimbursement rate in effect on September 1st of each school year. Students transported in district-owned passenger cars must be included in the corresponding basic or special passenger counts.

(4) Prior to June 1st of each year the superintendent shall submit to the office of financial management, and the education and fiscal committees of the legislature, a report outlining the methodology and rationale used in determining the statistical coefficients for each site characteristic used to determine the allocation for the following year. The superintendent shall make the student transportation allocation in accordance with the apportionment payment schedule in RCW 28A.510.250. **28A.160.192 Student transportation allocation—Distribution formula—Reporting requirements—Updates and progress reports. (Effective September 1, 2013.)** (1) The superintendent of public instruction shall phase-in the implementation of the distribution formula under this chapter for allocating state funds to school districts for the transportation of students to and from school. The phase-in shall be according to the implementation schedule adopted by the legislature and shall begin no later than the 2013-14 school year.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student trans-

portation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors must include all those site characteristics that are statistically significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:

(a) Annually, each school district shall receive the lesser of the previous school year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the state recovery rate identified by the superintendent; and

(b) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) of this subsection and the amount determined under the formula in RCW 28A.160.180.

(3) The superintendent shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2009.

(4) Beginning in December 2009, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula. [2009 c 548 § 311.]

The program plan must identify the program activities to be implemented from RCW 28A.165.035 and implement all of the elements in (a) through (h) of this subsection. The school district plan shall include the following:

(a) District and school-level data on reading, writing, and mathematics achievement as reported pursuant to chapter 28A.655 RCW and relevant federal law;

(b) Processes used for identifying the underachieving students to be served by the program, including the identification of school or program sites providing program activities;

Accelerated learning plans may be developed as part of existing student achievement plan process such as student plans for achieving state high school graduation standards, individual student academic plans, or the achievement plans for groups of students. Accelerated learning plans shall include:

(i) Achievement goals for the students;

(ii) Roles of the student, parents, or guardians and teachers in the plan;

(iii) Communication procedures regarding student accomplishment; and

(iv) Plan reviews and adjustments processes;

(d) How state level and classroom assessments are used to inform instruction;

(h) How a program evaluation will be conducted to determine direction for the following school year.

(2) If a school district has received approval of its plan once, it is not required to submit a plan for approval under RCW 28A.165.045 or this section unless the district has made a significant change to the plan. If a district has made a significant change to only a portion of the plan the district need only submit a description of the changes made and not the entire plan. Plans or descriptions of changes to the plan must be submitted by July 1st as required under this section. The office of the superintendent of public instruction shall establish guidelines for what a "significant change" is. [2009 c 556 § 1; 2004 c 20 § 3.]

**28A.165.045 Plan approval process.** A participating school district shall submit a program plan to the office of the superintendent of public instruction for approval to the extent required by RCW 28A.165.025. The program plan must address all of the elements in RCW 28A.165.025 and identify the program activities to be implemented from RCW 28A.165.035.

School districts achieving state reading and mathematics goals as prescribed in chapter 28A.655 RCW shall have their program approved once the program plan and activities submittal is completed.

School districts not achieving state reading and mathematics goals as prescribed in chapter 28A.655 RCW and that are not in a state or federal program of school improvement shall be subject to program approval once the plan components are reviewed by the office of the superintendent of public instruction for the purpose of receiving technical assistance in the final development of the plan.

School districts with one or more schools in a state or federal program of school improvement shall have their plans and activities reviewed and approved in conjunction with the state or federal program school improvement program requirements. [2009 c 556 § 2; 2004 c 20 § 5.]

The funds shall be appropriated for the learning assistance program in accordance with RCW 28A.150.260 and the omnibus appropriations act. The distribution formula is for school district allocation purposes only, but funds appropriated for the learning assistance program must be expended for the purposes of RCW 28A.165.005 through 28A.165.065. **28A.185.010 Program—Duties of superintendent of public instruction.** (*Effective September 1, 2011.*) Pursuant to rules adopted by the superintendent of public instruction for the administration of this chapter, the superintendent of public instruction shall carry out a program for highly capable students. Such program may include conducting, coordinating and aiding in research (including pilot programs), disseminating information to local school districts, providing statewide staff development, and allocating to school districts supplementary funds for additional costs of district programs, as provided by RCW 28A.150.260. **28A.185.020 Funding. (Effective September 1, 2011.)**

(1) The legislature finds that, for highly capable students, access to accelerated learning and enhanced instruction is access to a basic education. There are multiple definitions of highly capable, from intellectual to academic to artistic. The research literature strongly supports using multiple criteria to identify highly capable students, and therefore, the legislature does not intend to prescribe a single method. Instead, the legislature intends to allocate funding based on two and three hundred fourteen one-thousandths percent of each school district's population and authorize school districts to identify through the use of multiple, objective criteria those students most highly capable and eligible to receive accelerated learning and enhanced instruction in the program offered by the district. Access to accelerated learning and enhanced instruction through the program for highly capable students does not constitute an individual entitlement for any particular student.

(2) Supplementary funds provided by the state for the program for highly capable students under RCW 28A.150.260 shall be categorical funding to provide services to highly capable students as determined by a school district under RCW 28A.185.030. [2009 c 548 § 708; 1990 c 33 § 168; 1984 c 278 § 14. Formerly RCW 28A.16.050.]

**Severability—1984 c 278:** See note following RCW 28A.185.010.

**28A.185.030 Programs—Authority of local school districts—Selection of students.** Local school districts may establish and operate, either separately or jointly, programs for highly capable students. Such authority shall include the right to employ and pay special instructors and to operate such programs jointly with a public institution of higher education. Local school districts which establish and operate programs for highly capable students shall adopt identification procedures and provide educational opportunities as follows:

(1) In accordance with rules adopted by the superintendent of public instruction, school districts shall implement procedures for nomination, assessment and selection of their most highly capable students. Nominations shall be based upon data from teachers, other staff, parents, students, and members of the community. Assessment shall be based upon a review of each student's capability as shown by multiple criteria intended to reveal, from a wide variety of sources and data, each student's unique needs and capabilities. Selection shall be made by a broadly based committee of professionals, after consideration of the results of the multiple criteria assessment.

[2009 RCW Supp—page 370]

(2) When a student, who is a child of a military family in transition, has been assessed or enrolled as highly capable by a sending school, the receiving school shall initially honor placement of the student into a like program.

(a) The receiving school shall determine whether the district's program is a like program when compared to the sending school's program; and

(b) The receiving school may conduct subsequent assessments to determine appropriate placement and continued enrollment in the program.

(3) Students selected pursuant to procedures outlined in this section shall be provided, to the extent feasible, an educational opportunity which takes into account each student's unique needs and capabilities and the limits of the resources and program options available to the district, including those options which can be developed or provided by using funds allocated by the superintendent of public instruction for that purpose.

(4) The definitions in Article II of RCW 28A.705.010 apply to subsection (2) of this section. [2009 c 380 § 4; 1984 c 278 § 13. Formerly RCW 28A.16.060.]

28A.195.010 Private schools—Exemption from high school assessment requirements—Extension programs for parents to teach children in their custody.

**28A.195.010 Private schools—Exemption from high school assessment requirements—Extension programs for parents to teach children in their custody.** The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. The state board of education shall not require private school students to meet the student learning goals, obtain a certificate of academic achievement, or a certificate of individual achievement to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to RCW 28A.655.061. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements, take the assessments, and obtain a certifi-

cate of academic achievement or a certificate of individual achievement. Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum instructional hour offerings, with a school-wide annual average total instructional hour offering of one thousand hours for students enrolled in grades one through twelve, and at least four hundred fifty hours for students enrolled in kindergarten.

(2) The school day shall be the same as defined in RCW 28A.150.203.

(3) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.

(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;

(b) The planning by the certified person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (2), (5), (6), and (7) of this section;

(c) The certified person spend a minimum average each month of one contact hour per week with each student under his or her supervision who is enrolled in the approved private school extension program;

(d) Each student's progress be evaluated by the certified person; and

(e) The certified employee shall not supervise more than thirty students enrolled in the approved private school's extension program.

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. A residential dwelling of the parent, guardian, or custodian shall be deemed to be an adequate physical facility when a parent, guardian, or person having legal custody is instructing his or her child under subsection (4) of this section.

(7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) of this section provided, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved. **28A.225.005 Compulsory education, requirements—Informing students and parents annually.** Each school within a school district shall inform the students and the parents of the students enrolled in the school about the compulsory education requirements under this chapter. The school shall provide access to the information at least annually. Providing online access to the information satisfies the requirements of this section unless a parent or guardian specifically requests information to be provided in written form. [2009 c 556 § 5; 1992 c 205 § 201.]

**Part headings not law—Severability—1992 c 205:** See notes following RCW 13.40.010.

**28A.225.020 School's duties upon child's failure to attend school.** (1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:

(a) Inform the child's custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences. If the custodial parent, parents, or guardian is not fluent in English, the preferred practice is to provide this information in a language in which the custodial parent, parents, or guardian is fluent;

(b) Schedule a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and

(c) Take steps to eliminate or reduce the child's absences. These steps shall include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, if available, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. If the child's parent

does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence.

(2) For purposes of this chapter, an "unexcused absence" means that a child:

(a) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and

(b) Has failed to meet the school district's policy for excused absences.

(3) If a child transfers from one school district to another during the school year, the receiving school or school district shall include the unexcused absences accumulated at the previous school or from the previous school district for purposes of this section, RCW 28A.225.030, and 28A.225.015. [2009 c 266 § 1; 1999 c 319 § 1; 1996 c 134 § 2; 1995 c 312 § 67; 1992 c 205 § 202; 1986 c 132 § 2; 1979 ex.s. c 201 § 1. Formerly RCW 28A.27.020.]

**Short title—1995 c 312:** See note following RCW 13.32A.010.

**Part headings not law—Severability—1992 c 205:** See notes following RCW 13.40.010.

**28A.225.025 Community truancy boards.** (1) For purposes of this chapter, "community truancy board" means a board composed of members of the local community in which the child attends school. Juvenile courts may establish and operate community truancy boards. If the juvenile court and the school district agree, a school district may establish and operate a community truancy board under the jurisdiction of the juvenile court. Juvenile courts may create a community truancy board or may use other entities that exist or are created, such as diversion units. However, a diversion unit or other existing entity must agree before it is used as a truancy board. Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

(2) The legislature finds that utilization of community truancy boards, or other diversion units that fulfill a similar function, is the preferred means of intervention when preliminary methods of notice and parent conferences and taking appropriate steps to eliminate or reduce unexcused absences have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards and other diversion programs which are effective in promoting school attendance and preventing the need for more intrusive intervention by the court. Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3). [2009 c 266 § 2; 1999 c 319 § 5; 1996 c 134 § 9; 1995 c 312 § 66.]

**Short title—1995 c 312:** See note following RCW 13.32A.010.

**28A.225.035 Petition to juvenile court—Contents—Court action—Referral to community truancy board—Transfer of jurisdiction upon relocation.** (1) A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:

(a) The child has unexcused absences during the current school year;

(b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and

(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, date of birth, school, address, gender, race, and ethnicity of the child and the names and addresses of the child's parents, and shall set forth whether the child and parent are fluent in English and whether there is an existing individualized education program.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4) When a petition is filed under RCW 28A.225.030 or 28A.225.015, the juvenile court shall schedule a hearing at which the court shall consider the petition, or if the court determines that a referral to an available community truancy board would substantially reduce the child's unexcused absences, the court may refer the case to a community truancy board under the jurisdiction of the juvenile court.

(5) If a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within twenty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child's parent. The court may permit the truancy board or truancy prevention counselor to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015.

(6) If the truancy board fails to reach an agreement, or the parent or student does not comply with the agreement, the truancy board shall return the case to the juvenile court for a hearing.

(7)(a) Notwithstanding the provisions in subsection (4) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. When a juvenile court hearing is held, the court shall:

(i) Separately notify the child, the parent of the child, and the school district of the hearing. If the parent is not fluent in English, the preferred practice is for notice to be provided in a language in which the parent is fluent;

(ii) Notify the parent and the child of their rights to present evidence at the hearing; and

(iii) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(b) If the child is not provided with counsel, the advisement of rights must take place in court by means of a collo-

quy between the court, the child if eight years old or older, and the parent.

(8) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(9) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(10) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(11) If the child is in a special education program or has a diagnosed mental or emotional disorder, the court shall inquire as to what efforts the school district has made to assist the child in attending school.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(13) If the court assumes jurisdiction, the school district shall regularly report to the court any additional unexcused absences by the child.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county. [2009 c 266 § 3; 2001 c 162 § 1; 1999 c 319 § 3; 1997 c 68 § 1. Prior: 1996 c 134 § 4; 1996 c 133 § 31; 1995 c 312 § 69.]

**Findings—Short title—Intent—Construction—1996 c 133:** See notes following RCW 13.32A.197.

**Short title—1995 c 312:** See note following RCW 13.32A.010.

**28A.225.090 Court orders—Penalties—Parents' defense.** (1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, including suspensions;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private

programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; or

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the drug assessment at no expense to the school.

(2) If the child fails to comply with the court order, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as community restitution. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than seven days. A warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may

impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015. **28A.225.160 Qualification for admission to district's schools—Fees for preadmission screening.** (1) Except as provided in subsection (2) of this section and otherwise provided by law, it is the general policy of the state that the common schools shall be open to the admission of all persons who are five years of age and less than twenty-one years residing in that school district. Except as otherwise provided by law or rules adopted by the superintendent of public instruction, districts may establish uniform entry qualifications, including but not limited to birth date requirements, for admission to kindergarten and first grade programs of the common schools. Such rules may provide for exceptions based upon the ability, or the need, or both, of an individual student. For the purpose of complying with any rule adopted by the superintendent of public instruction that authorizes a preadmission screening process as a prerequisite to granting exceptions to the uniform entry qualifications, a school district may collect fees to cover expenses incurred in the administration of any preadmission screening process: PROVIDED, That in so establishing such fee or fees, the district shall adopt rules for waiving and reducing such fees in the cases of those persons whose families, by reason of their low income, would have difficulty in paying the entire amount of such fees.

(2) A student who meets the definition of a child of a military family in transition under Article II of RCW 28A.705.010 shall be permitted to continue enrollment at the grade level in the common schools commensurate with the grade level of the student when attending school in the sending state as defined in Article II of RCW 28A.705.010, regardless of age or birthdate requirements. (Effective September 1, 2011.)** (1) A local district may be authorized by the educational service district superintendent to transport and educate its pupils in other districts for one year, either by payment of a compensation agreed upon by such school districts, or under other terms mutually satisfactory to the districts concerned when this will afford better educational facilities for the pupils and when a saving may be effected in the cost of education. Notwithstanding any other provision of law, the amount to be paid by the state to the resident school district for apportionment purposes and otherwise payable pursuant to RCW 28A.150.250 through 28A.150.290, 28A.150.350 through 28A.150.410, 28A.160.150 through 28A.160.200, 28A.300.035, and 28A.300.170 shall not be greater than the regular apportionment for each high school student of the receiving district. (2) A district may reject applications under this section if:

(a) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;

(b) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (2)(b) must apply uniformly to both resident and nonresident applicants; or

(c) Enrollment of a child under this section would displace a child who is a resident of the district, except that if a child is admitted under subsection (1) of this section, that child shall be permitted to remain enrolled at that school, or in that district's kindergarten through twelfth grade continuum, until he or she has completed his or her schooling.

(3) Except as provided in subsection (1) of this section, all districts accepting applications from nonresident students or from students receiving home-based instruction for admission to the district's schools shall consider equally all applications received. Each school district shall adopt a policy establishing rational, fair, and equitable standards for acceptance and rejection of applications by June 30, 1990. The policy may include rejection of a nonresident student if:

(a) Acceptance of a nonresident student would result in the district experiencing a financial hardship;

(b) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership; or

(c) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (3)(c) must apply uniformly to both resident and nonresident applicants.

For purposes of subsections (2)(a) and (3)(b) of this section, "gang" means a group which: (i) Consists of three or more persons; (ii) has identifiable leadership; and (iii) on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes.

(4) The district shall provide to applicants written notification of the approval or denial of the application in a timely manner. Any school district or district employee who releases the information in compliance with this section is immune from civil liability for damages unless it is shown that the school district employee acted with gross negligence or in bad faith. **28A.230.090 High school graduation requirements or equivalencies—Reevaluation of graduation requirements—Review and authorization of proposed changes—Credit for courses taken before attending high school—Postsecondary credit equivalencies.** (1) The state board of education shall establish high school graduation requirements or equivalencies for students, except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review and to the quality education council established under RCW 28A.290.010. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit. **Reviser's note:** This section was amended by 2009 c 223 § 2 and by 2009 c 548 § 111, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Intent—Finding—2009 c 548:** See note following RCW 28A.305.130.

**Finding—2009 c 223:** "The legislature finds that although the United States has long exemplified democratic practice to the rest of the world, we ought not to neglect it at home. Two-thirds of our nation's twelfth graders scored below proficient on the last national civics assessment, and fewer than ten percent could list two ways that a democracy benefits from citizen participation. A healthy democracy depends on the participation of citizens. But participation is learned behavior, and in recent years civic learning has been pushed aside. Preparation for citizenship is as important as preparation for college and a career, and should take its place as a requirement for receiving a high school diploma." [2009 c 223 § 1.]

**Finding—Intent—2006 c 114:** See note following RCW 28A.230.097.

**Intent—Findings—2005 c 205:** See note following RCW 28A.320.170.

**Part headings and captions not law—Severability—Effective date—2004 c 19:** See notes following RCW 28A.655.061.

**Intent—1997 c 222:** "In 1994, the legislature directed the higher education board and the state board of education to convene a task force to examine and provide recommendations on establishing credit equivalencies. In November 1994, the task force recommended unanimously that the state board of education maintain the definition of five quarter or three semester college credits as equivalent to one high school credit. Therefore, the legislature intends to adopt the recommendations of the task force." [1997 c 222 § 1.]

**Severability—1984 c 278:** See note following RCW 28A.320.220.

**28A.230.092 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**28A.230.093 Social studies course credits—Civics coursework.** (1) If, after July 26, 2009, the state board of education increases the number of course credits in social studies that are required for high school graduation under RCW 28A.230.090, the board shall also require that at least one-half credit of that requirement be coursework in civics.

(2) The content of the civics requirement must include, but not be limited to:

(a) Federal, state, and local government organization and procedures;

(b) Rights and responsibilities of citizens addressed in the Washington state and United States Constitutions;

(c) Current issues addressed at each level of government; and

(d) Electoral issues, including elections, ballot measures, initiatives, and referenda. [2009 c 223 § 3.]

**Finding—2009 c 223:** See note following RCW 28A.230.090.

**28A.230.095 Essential academic learning requirements and assessments—Verification reports.** (1) By the end of the 2008-09 school year, school districts shall have in place in elementary schools, middle schools, and high schools assessments or other strategies chosen by the district to assure that students have an opportunity to learn the essential academic learning requirements in social studies, the arts, and health and fitness. Social studies includes history, geography, civics, economics, and social studies skills. Beginning with the 2008-09 school year, school districts shall annually submit an implementation verification report to the office of the superintendent of public instruction. The office of the superintendent of public instruction may not require school districts to use a classroom-based assessment in social studies, the arts, and health and fitness to meet the requirements of this section and shall clearly communicate to districts their option to use other strategies chosen by the district.

(2) Beginning with the 2008-09 school year, school districts shall require students in the seventh or eighth grade, and the eleventh or twelfth grade to each complete at least one classroom-based assessment in civics. Beginning with the 2010-11 school year, school districts shall require students in the fourth or fifth grade to complete at least one classroom-based assessment in civics. The civics assessment may be selected from a list of classroom-based assessments approved by the office of the superintendent of public instruction. Beginning with the 2008-09 school year, school districts shall annually submit implementation verification reports to the office of the superintendent of public instruction documenting the use of the classroom-based assessments in civics.

(3) Verification reports shall require school districts to report only the information necessary to comply with this section. [2009 c 556 § 8; 2006 c 113 § 2; 2004 c 19 § 203.]

**Findings—2006 c 113:** "The legislature finds that instruction in social studies, arts, health, and fitness is important to ensure a well-rounded and complete education. In particular, the civic mission of schools is strengthened and enhanced by comprehensive civics education and assessments. The legislature finds that effective and accountable democratic government depends upon an informed and engaged citizenry, and therefore, students should learn their rights and responsibilities as citizens, where those rights and responsibilities come from, and how to exercise them." [2006 c 113 § 1.]

**28A.230.125 Development of standardized high school transcripts.** (1) The superintendent of public instruction, in consultation with the higher education coordinating board, the state board for community and technical colleges, and the workforce training and education coordinating board, shall develop for use by all public school districts a standardized high school transcript. The superintendent shall establish clear definitions for the terms "credits" and "hours" so that school programs operating on the quarter, semester, or trimester system can be compared.

(2) The standardized high school transcript shall include a notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement. [2009 c 556 § 9. Prior: 2006 c 263 § 401; 2006 c 115 § 6; 2004 c 19 § 108; 1984 c 178 § 1. Formerly RCW 28A.305.220, 28A.04.155.]

*High school diplomas—Receiving final transcript optional:* RCW 28A.230.120.

**28A.230.130 Program to help students meet minimum entrance requirements at baccalaureate-granting institutions or to pursue career or other opportunities.**

(1) All public high schools of the state shall provide a program, directly or in cooperation with a community college or another school district, for students whose educational plans include application for entrance to a baccalaureate-granting institution after being granted a high school diploma. The program shall help these students to meet at least the minimum entrance requirements under RCW 28B.10.050.

(2) All public high schools of the state shall provide a program, directly or in cooperation with a community or technical college, a skills center, an apprenticeship committee, or another school district, for students who plan to pursue career or work opportunities other than entrance to a baccalaureate-granting institution after being granted a high school diploma. These programs may:

(a) Help students demonstrate the application of essential academic learning requirements to the world of work, occupation-specific skills, knowledge of more than one career in a chosen pathway, and employability and leadership skills; and

(b) Help students demonstrate the knowledge and skill needed to prepare for industry certification, and/or have the opportunity to articulate to postsecondary education and training programs.

(3) A middle school that receives approval from the office of the superintendent of public instruction to provide a career and technical program in science, technology, engineering, or mathematics directly to students shall receive funding at the same rate as a high school operating a similar program. Additionally, a middle school that provides a hands-on experience in science, technology, engineering, or mathematics with an integrated curriculum of academic content and career and technical education, and includes a career and technical education exploratory component shall also qualify for the career and technical education funding. **Finding—2009 c 212:** "The legislature finds that significant efforts are under way to improve mathematics and science instruction in Washington's public schools through development and adoption of new learning standards, identification of aligned curriculum, and expanded opportunities for professional development for teachers. A significant emphasis has also been made on improving career and technical education programs focused on high-demand programs. Middle schools have successfully served one thousand four hundred full-time equivalent students in career and technical programs rich in science, technology, engineering, and mathematics through a grant program. The legislature concludes that opportunities for hands-on and applied learning in these programs should be extended to middle school students on an ongoing, statewide basis so that students are prepared to take advantage of more advanced coursework in high school and postsecondary education." **28A.250.005 Findings—Intent.** (1) The legislature finds that online learning provides tremendous opportunities for students to access curriculum, courses, and a unique learning environment that might not otherwise be available. The legislature supports and encourages online learning opportunities.

(2) However, the legislature also finds that there is a need to assure quality in online learning, both for the programs and the administration of those programs. The legislature is the steward of public funds that support students enrolled in online learning and must ensure an appropriate accountability system at the state level.

(3) Therefore, the legislature intends to take a first step in improving oversight and quality assurance of online learning programs, and intends to examine possible additional steps that may need to be taken to improve financial accountability.

(4) The first step in improving quality assurance is to:

(a) Provide objective information to students, parents, and educators regarding available online learning opportunities, including program and course content, how to register for programs and courses, teacher qualifications, student-to-teacher ratios, prior course completion rates, and other evaluative information;

(b) Create an approval process for multidistrict online providers;

(c) Enhance statewide equity of student access to high quality online learning opportunities; and

(d) Require school district boards of directors to develop policies and procedures for student access to online learning opportunities. [2009 c 542 § 1.]

**28A.250.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Multidistrict online provider" means:

(i) A private or nonprofit organization that enters into a contract with a school district to provide online courses or programs to K-12 students from more than one school district;

(ii) A private or nonprofit organization that enters into contracts with multiple school districts to provide online courses or programs to K-12 students from those districts; or

(iii) Except as provided in (b) of this subsection, a school district that provides online courses or programs to students who reside outside the geographic boundaries of the school district.

(b) "Multidistrict online provider" does not include a school district online learning program in which fewer than ten percent of the students enrolled in the program are from other districts under the interdistrict student transfer provisions of RCW 28A.225.225. "Multidistrict online provider" also does not include regional online learning programs that are jointly developed and implemented by two or more school districts or an educational service district through an interdistrict cooperative program agreement that addresses, at minimum, how the districts share student full-time equivalency for state basic education funding purposes and how categorical education programs, including special education, are provided to eligible students.

(2)(a) "Online course" means a course that:

(i) Is delivered primarily electronically using the internet or other computer-based methods; and

(ii) Is taught by a teacher primarily from a remote location. Students enrolled in an online course may have access to the teacher synchronously, asynchronously, or both.

(b) "Online school program" means a school program that:

(i) Is delivered primarily electronically using the internet or other computer-based methods;

(ii) Is taught by a teacher primarily from a remote location. Students enrolled in an online program may have access to the teacher synchronously, asynchronously, or both;

(iii) Delivers a part-time or full-time sequential program; and

(iv) Has an online component of the program with online lessons and tools for student and data management.

(c) An online course or online school program may be delivered to students at school as part of the regularly scheduled school day. An online course or online school program also may be delivered to students, in whole or in part, independently from a regular classroom schedule, but such courses or programs must comply with RCW 28A.150.262 to qualify for state basic education funding. [2009 c 542 § 2.]

**28A.250.020 Multidistrict online providers—Approval criteria—Advisory committee.** (1) The superintendent of public instruction, in collaboration with the state board of education, shall develop and implement approval criteria and a process for approving multidistrict online providers; a process for monitoring and if necessary rescinding the approval of courses or programs offered by an online course provider; and an appeals process. The criteria and processes shall be adopted by rule by December 1, 2009.

(2) When developing the approval criteria, the superintendent of public instruction shall require that providers offering online courses or programs have accreditation through the Northwest association of accredited schools or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction after consultation with the Washington coalition for online learning. In addition to other criteria, the approval criteria shall include the degree of alignment with state academic standards and require that all teachers be certificated in accordance with Washington state law. When reviewing multidistrict online providers that offer high school courses, the superintendent of public instruction shall assure that the courses offered by the provider are eligible for high school credit. However, final decisions regarding the awarding of high school credit shall remain the responsibility of school districts.

(3) Initial approval of multidistrict online providers by the superintendent of public instruction shall be for four years. The superintendent of public instruction shall develop a process for the renewal of approvals and for rescinding approvals based on noncompliance with approval requirements. Any multidistrict online provider that was approved by the digital learning commons or accredited by the Northwest association of accredited schools before July 26, 2009, and that meets the teacher certification requirements of subsection (2) of this section, is exempt from the initial approval process under this section until August 31, 2012, but must comply with the process for renewal of approvals and must comply with approval requirements.

(4) The superintendent of public instruction shall make the first round of decisions regarding approval of multidistrict online providers by April 1, 2010. Thereafter, the superintendent of public instruction shall make annual approval decisions no later than November 1st of each year.

(5) The superintendent of public instruction shall establish an online learning advisory committee within existing resources that shall provide advice to the superintendent regarding the approval criteria, major components of the web site, the model school district policy, model agreements, and

other related matters. The committee shall include a representative of each of the following groups: Private and public online providers, parents of online students, accreditation organizations, educational service districts, school principals, teachers, school administrators, school board members, institutions of higher education, and other individuals as determined by the superintendent. Members of the advisory committee shall be selected by the superintendent based on nominations from statewide organizations, shall serve three-year terms, and may be reappointed. The superintendent shall select the chair of the committee. [2009 c 542 § 3.]

**28A.250.030 Office of online learning—Duties.** The superintendent of public instruction shall create an office of online learning. In the initial establishment of the office, the superintendent shall hire staff who have been employed by the digital learning commons to the extent such hiring is in accordance with state law and to the extent funds are available. The office shall:

(1) Develop and maintain a web site that provides objective information for students, parents, and educators regarding online learning opportunities offered by multidistrict online providers that have been approved in accordance with RCW 28A.250.020. The web site shall include information regarding the online course provider's overall instructional program, specific information regarding the content of individual online courses and online school programs, a direct link to each online course provider's web site, how to register for online learning programs and courses, teacher qualifications, student-to-teacher ratios, course completion rates, and other evaluative and comparative information. The web site shall also provide information regarding the process and criteria for approving multidistrict online providers. To the greatest extent possible, the superintendent shall use the framework of the course offering component of the web site developed by the digital learning commons;

(2) Develop model agreements with approved multidistrict online providers that address standard contract terms and conditions that may apply to contracts between a school district and the approved provider. The purpose of the agreements is to provide a template to assist individual school districts, at the discretion of the district, in contracting with multidistrict online providers to offer the multidistrict online provider's courses and programs to students in the district. The agreements may address billing, fees, responsibilities of online course providers and school districts, and other issues; and

(3) In collaboration with the educational service districts:

(a) Provide technical assistance and support to school district personnel through the educational technology centers in the development and implementation of online learning programs in their districts; and

(b) To the extent funds are available, provide online learning tools for students, teachers, administrators, and other educators. [2009 c 542 § 4.]

**28A.250.040 Duties of the superintendent of public instruction.** The superintendent of public instruction shall:

(1) Develop model policies and procedures, in consultation with the Washington state school directors' association, that may be used by school district boards of directors in the development of the school district policies and procedures required in RCW 28A.250.050. The model policies and procedures shall be disseminated to school districts by February 1, 2010;

(2) By December 1, 2009, modify the standards for school districts to report course information to the office of the superintendent of public instruction under RCW 28A.300.500 to designate if the course was an online course. The reporting standards shall be required beginning with the 2010-11 school year; and

(3) Beginning January 15, 2011, and annually thereafter, submit a report regarding online learning to the state board of education, the governor, and the legislature. The report shall cover the previous school year and include but not be limited to student demographics, course enrollment data, aggregated student course completion and passing rates, and activities and outcomes of course and provider approval reviews. [2009 c 542 § 5.]

**28A.250.050 Student access to online courses and online learning programs—Policies and procedures—Dissemination of information—Development of local or regional online learning programs.** (1) By August 31, 2010, all school district boards of directors shall develop policies and procedures regarding student access to online courses and online learning programs. The policies and procedures shall include but not be limited to: Student eligibility criteria; the types of online courses available to students through the school district; the methods districts will use to support student success, which may include a local advisor; when the school district will and will not pay course fees and other costs; the granting of high school credit; and a process for students and parents or guardians to formally acknowledge any course taken for which no credit is given. The policies and procedures shall take effect beginning with the 2010-11 school year. School districts shall submit their policies to the superintendent of public instruction by September 15, 2010. By December 1, 2010, the superintendent of public instruction shall summarize the school district policies regarding student access to online courses and submit a report to the legislature.

(2) School districts shall provide students with information regarding online courses that are available through the school district. The information shall include the types of information described in subsection (1) of this section.

(3) When developing local or regional online learning programs, school districts shall incorporate into the program design the approval criteria developed by the superintendent of public instruction under RCW 28A.250.020. [2009 c 542 § 6.]

**28A.250.060 Availability of state basic education funding for students enrolled in online courses or programs.** (1) Beginning with the 2011-12 school year, school districts may claim state basic education funding, to the extent otherwise allowed by state law, for students enrolled in

online courses or programs only if the online courses or programs are:

(a) Offered by a multidistrict online provider approved under RCW 28A.250.020 by the superintendent of public instruction;

(b) Offered by a school district online learning program if the program serves students who reside within the geographic boundaries of the school district, including school district programs in which fewer than ten percent of the program's students reside outside the school district's geographic boundaries; or

(c) Offered by a regional online learning program where courses are jointly developed and offered by two or more school districts or an educational service district through an interdistrict cooperative program agreement.

(2) Criteria shall be established by the superintendent of public instruction to allow online courses that have not been approved by the superintendent of public instruction to be eligible for state funding if the course is in a subject matter in which no courses have been approved and, if it is a high school course, the course meets Washington high school graduation requirements. [2009 c 542 § 7.]

**28A.250.070 Rights of students to attend nonresident school district for the purposes of enrolling in online courses or programs.** Nothing in this chapter is intended to diminish the rights of students to attend a nonresident school district in accordance with RCW 28A.225.220 through 28A.225.230 for the purposes of enrolling in online courses or programs. [2009 c 542 § 8.]

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established under this act and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. **Severability—1969 ex.s. c 283:** See note following RCW 28A.150.050.

**28A.300.041 Statewide student assessment system—Redesign—Reports to the legislature.** (1) The legislature finds that a statewide student assessment system should improve and inform classroom instruction, support accountability, and provide useful information to all levels of the educational system, including students, parents, teachers, schools, school districts, and the state. The legislature intends to redesign the current statewide system, in accordance with the recommendations of the Washington assessment of student learning legislative work group, to:

(a) Include multiple assessment formats, including both formative and summative, as necessary to provide information to help improve instruction and inform accountability;

(b) Enable collection of data that allows both statewide and nationwide comparisons of student learning and achievement; and

(c) Be balanced so that the information used to make significant decisions that affect school accountability or student educational progress includes many data points and does not rely on solely the results of a single assessment.

(2) The legislature further finds that one component of the assessment system should be instructionally supportive formative assessments. The key design elements or characteristics of an instructionally supportive assessment must:

(a) Be aligned to state standards in areas that are being assessed;

(b) Measure student growth and competency at multiple points throughout the year in a manner that allows instructors to monitor student progress and have the necessary trend data with which to improve instruction;

(c) Provide rapid feedback;

(d) Link student growth with instructional elements in order to gauge the effectiveness of educators and curricula;

(e) Provide tests that are appropriate to the skill level of the student;

(f) Support instruction for students of all abilities, including highly capable students and students with learning disabilities;

(g) Be culturally, linguistically, and cognitively relevant, appropriate, and understandable to each student taking the assessment;

(h) Inform parents and draw parents into greater participation of the student's study plan;

(i) Provide a way to analyze the assessment results relative to characteristics of the student such as, but not limited to, English language learners, gender, ethnicity, poverty, age, and disabilities;

(j) Strive to be computer-based and adaptive; and

(k) Engage students in their learning.

(3) The legislature further finds that a second component of the assessment system should be a state-administered summative achievement assessment that can be used as a check on the educational system in order to guide state expectations for the instruction of children and satisfy legislative demands for accountability. The key design elements or characteristics of the state administered achievement assessment must:

(a) Be aligned to state standards in areas that are being assessed;

(b) Maintain and increase academic rigor;

(c) Measure student learning growth over years; and

(d) Strengthen curriculum.

(4) The legislature further finds that a third component of the assessment system should include classroom-based assessments, which may be formative, summative, or both. Depending on their use, classroom-based assessments should have the same design elements and characteristics described in this section for formative and summative assessments.

(5) The legislature further finds that to sustain a strong and viable assessment system, preservice and ongoing training should be provided for teachers and administrators on the effective use of different types of assessments.

(6) The legislature further finds that as the statewide data system is developed, data should be collected for all state-required statewide assessments to be used for accountability and to monitor overall student achievement.

(7) The superintendent of public instruction, in consultation with the state board of education, shall begin design and development of an overall assessment system that meets the principles and characteristics described in this section. In designing formative and summative assessments, the superintendent shall solicit bids for the use of computerized adaptive testing methodologies.

(8) Beginning December 1, 2009, and annually thereafter, the superintendent and state board shall jointly report to the legislature regarding the assessment system, including a cost analysis of any changes and costs to expand availability and use of instructionally supportive formative assessments. [2009 c 310 § 1.]

**28A.300.042 Student data-related reports—Disaggregation of data by subgroups.** All student data-related reports required of the superintendent of public instruction in this title must be disaggregated by at least the following subgroups of students: White, Black, Hispanic, American Indian/Alaskan Native, Asian, Pacific Islander/Hawaiian Native, low income, transitional bilingual, migrant, special education, and students covered by section 504 of the federal rehabilitation act of 1973, as amended (29 U.S.C. Sec. 794). [2009 c 468 § 4.]

**28A.300.130 Center for the improvement of student learning—Educational improvement and research—Clearinghouse for information regarding educational improvement and parental involvement programs—Web site development and maintenance—Reports to the legislature.** (1) To facilitate access to information and materials on educational improvement and research, the superintendent of public instruction, to the extent funds are appropriated, shall establish the center for the improvement of student learning. The center shall work in conjunction with parents, educational service districts, institutions of higher education, and education, parent, community, and business organizations.

(2) The center, to the extent funds are appropriated for this purpose, and in conjunction with other staff in the office of the superintendent of public instruction, shall:

(a) Serve as a clearinghouse for information regarding successful educational improvement and parental involvement programs in schools and districts, and information about efforts within institutions of higher education in the

state to support educational improvement initiatives in Washington schools and districts;

(b) Provide best practices research that can be used to help schools develop and implement: Programs and practices to improve instruction; systems to analyze student assessment data, with an emphasis on systems that will combine the use of state and local data to monitor the academic progress of each and every student in the school district; comprehensive, school-wide improvement plans; school-based shared decision-making models; programs to promote lifelong learning and community involvement in education; school-to-work transition programs; programs to meet the needs of highly capable students; programs and practices to meet the needs of students with disabilities; programs and practices to meet the diverse needs of students based on gender, racial, ethnic, economic, and special needs status; research, information, and technology systems; and other programs and practices that will assist educators in helping students learn the essential academic learning requirements;

(c) Develop and maintain an internet web site to increase the availability of information, research, and other materials;

(d) Work with appropriate organizations to inform teachers, district and school administrators, and school directors about the waivers available and the broadened school board powers under RCW 28A.320.015;

(e) Provide training and consultation services, including conducting regional summer institutes;

(f) Identify strategies for improving the success rates of ethnic and racial student groups and students with disabilities, with disproportionate academic achievement;

(g) Work with parents, teachers, and school districts in establishing a model absentee notification procedure that will properly notify parents when their student has not attended a class or has missed a school day. The office of the superintendent of public instruction shall consider various types of communication with parents including, but not limited to, electronic mail, phone, and postal mail; and

(h) Perform other functions consistent with the purpose of the center as prescribed in subsection (1) of this section.

(3) The superintendent of public instruction shall select and employ a director for the center.

(4) The superintendent may enter into contracts with individuals or organizations including but not limited to: School districts; educational service districts; educational organizations; teachers; higher education faculty; institutions of higher education; state agencies; business or community-based organizations; and other individuals and organizations to accomplish the duties and responsibilities of the center. In carrying out the duties and responsibilities of the center, the superintendent, whenever possible, shall use practitioners to assist agency staff as well as assist educators and others in schools and districts.

(5) The office of the superintendent of public instruction shall report to the legislature by September 1, 2007, and thereafter biennially, regarding the effectiveness of the center for the improvement of student learning, how the services provided by the center for the improvement of student learning have been used and by whom, and recommendations to improve the accessibility and application of knowledge and information that leads to improved student learning and greater family and community involvement in the public edu-

cation system. [2009 c 578 § 6; 2008 c 165 § 1; 2006 c 116 § 2; 1999 c 388 § 401; 1996 c 273 § 5; 1993 c 336 § 501; 1986 c 180 § 1. Formerly RCW 28A.03.510.]

**Findings—Intent—2006 c 116:** "The legislature finds that expanding activity in educational research, educational restructuring, and educational improvement initiatives has produced and continues to produce much valuable information. The legislature finds that such information should be shared with the citizens and educational community of the state as widely as possible. The legislature further finds that students and schools benefit from increased parental, guardian, and community involvement in education and increased knowledge of and input regarding the delivery of public education. The legislature further finds that increased community involvement with, knowledge of, and input regarding the public education system is particularly needed in low-income and ethnic minority communities.

The legislature finds that the center for the improvement of student learning, created by the legislature in 1993 under the auspices of the superintendent of public instruction, has not been allocated funding since the 2001-2003 biennium, and in effect no longer exists. It is the intent of the legislature to reactivate the center for the improvement of student learning, and to create an educational ombudsman to increase parent, guardian, and community involvement in public education and to serve as a resource for parents and students and as an advocate for students in the public education system." **28A.300.136 Achievement gap oversight and accountability committee—Policy and strategy recommendations.** (1) An achievement gap oversight and accountability committee is created to synthesize the findings and recommendations from the 2008 achievement gap studies into an implementation plan, and to recommend policies and strategies to the superintendent of public instruction, the professional educator standards board, and the state board of education to close the achievement gap.

(2) The committee shall recommend specific policies and strategies in at least the following areas:

(a) Supporting and facilitating parent and community involvement and outreach;

(b) Enhancing the cultural competency of current and future educators and the cultural relevance of curriculum and instruction;

(c) Expanding pathways and strategies to prepare and recruit diverse teachers and administrators;

(d) Recommending current programs and resources that should be redirected to narrow the gap;

(e) Identifying data elements and systems needed to monitor progress in closing the gap;

(f) Making closing the achievement gap part of the school and school district improvement process; and

(g) Exploring innovative school models that have shown success in closing the achievement gap.

(3) Taking a multidisciplinary approach, the committee may seek input and advice from other state and local agencies and organizations with expertise in health, social services, gang and violence prevention, substance abuse prevention, and other issues that disproportionately affect student achievement and student success.

(4) The achievement gap oversight and accountability committee shall be composed of the following members:

(a) The chairs and ranking minority members of the house and senate education committees, or their designees;

(b) One additional member of the house of representatives appointed by the speaker of the house and one additional member of the senate appointed by the president of the senate;

(c) A representative of the office of the education ombudsman;

(d) A representative of the center for the improvement of student learning in the office of the superintendent of public instruction;

(e) A representative of federally recognized Indian tribes whose traditional lands and territories lie within the borders of Washington state, designated by the federally recognized tribes; and

(f) Four members appointed by the governor in consultation with the state ethnic commissions, who represent the following populations: African-Americans, Hispanic Americans, Asian Americans, and Pacific Islander Americans.

(5) The governor and the tribes are encouraged to designate members who have experience working in and with schools.

(6) The committee may convene ad hoc working groups to obtain additional input and participation from community members. Members of ad hoc working groups shall serve without compensation and shall not be reimbursed for travel or other expenses.

(7) The chair or cochairs of the committee shall be selected by the members of the committee. Staff support for the committee shall be provided by the center for the improvement of student learning. Members of the committee shall serve without compensation but must be reimbursed as provided in RCW 43.03.050 and 43.03.060. Legislative members of the committee shall be reimbursed for travel expenses in accordance with RCW 44.04.120. [2009 c 468 § 2.]

**Findings—Intent—2009 c 468:** "(1) The legislature finds compelling evidence from five commissioned studies that additional progress must be made to address the achievement gap. Many students are in demographic groups that are overrepresented in measures such as school disciplinary sanctions; failure to meet state academic standards; failure to graduate; enrollment in special education and underperforming schools; enrollment in advanced placement courses, honors programs, and college preparatory classes; and enrollment in and completion of college. The studies contain specific recommendations that are data-driven and drawn from education research, as well as the personal, professional, and cultural experience of those who contributed to the studies. The legislature finds there is no better opportunity to make a strong commitment to closing the achievement gap and to affirm the state's constitutional obligation to provide opportunities to learn for all students without distinction or preference on account of race, ethnicity, socioeconomic status, or gender.

(2) The legislature further finds that access to comprehensive and consistent data that is disaggregated in the smallest units allowable by law is important in closing the achievement gap. Policymakers and educators need as much information as possible not only about students' academic progress, but also about other factors across multiple disciplines that affect student performance.

(3) A consistent and powerful theme throughout the achievement gap studies was the need for cultural competency in instruction, curriculum, assessment, and professional development. Cultural competency forms a foundation for efforts to address the achievement gap, and more work is needed to embed it into the public school system.

(4) Therefore, following the priority recommendations from the achievement gap studies, the legislature intends to:

(a) Provide resources to support parent and community involvement and outreach efforts by public schools, including such items as additional notices and communication to parents, translations, translators, parent and community meetings, and school events within the community. The legislature encourages school districts to consult with the office of the education ombudsman in developing plans for parent and community involvement and outreach;

(b) Require that teachers demonstrate cultural competency in the classroom and with students at each level of state teacher certification, and provide additional opportunities for professional development in cultural competency for current teachers;

(c) Create local alternative routes to teacher certification for paraeducators and individuals in the communities surrounding schools and school districts that are struggling to address the achievement gap;

(d) Reexamine the study recommendations regarding data and accountability and identify ways for the education data system to address these needs; and

(e) Sustain efforts to close the achievement gap over the long term by creating a high profile achievement gap oversight and accountability committee that will provide ongoing advice to education agencies and report annually to the legislature and the governor." [2009 c 468 § 1.]

**28A.300.1361 Closing the achievement gap—Enhancing data collection and data system capacity—Securing federal funds.** The superintendent of public instruction shall take all actions necessary to secure federal funds to support enhancing data collection and data system capacity in order to monitor progress in closing the achievement gap and to support other innovations and model programs that align education reform and address disproportionality in the public school system. [2009 c 468 § 7.]

**Findings—Intent—2009 c 468:** See note following RCW 28A.300.136.

**28A.300.137 Strategies to address the achievement gap—Improvement of education performance measures—Annual report.** Beginning in January 2010, the achievement gap oversight and accountability committee shall report annually to the superintendent of public instruction, the state board of education, the professional educator standards board, the governor, and the education committees of the legislature on the strategies to address the achievement gap and on the progress in improvement of education performance measures for African-American, Hispanic, American Indian/Alaskan Native, Asian, and Pacific Islander/Hawaiian Native students. [2009 c 468 § 3; 2008 c 298 § 3.]

**Findings—Intent—2009 c 468:** See note following RCW 28A.300.136.

**Findings—Intent—2008 c 298:** "(1) The legislature finds that of all the challenges confronting the African-American community, perhaps none is more critical to the future than the education of African-American children. The data regarding inequities, disproportionality, and gaps in achievement is alarming no matter which indicators are used:

(a) The gap in reading test scores between African-American and white students on the tenth grade Washington assessment of student learning is twenty percentage points, with only two-thirds of African-American students able to meet the upcoming graduation standard in reading on the first attempt compared to eighty-five percent of white students. African-American students are lagging behind other student groups in reading improvement.

(b) African-American students continue to score lowest among student groups in high school mathematics, with only twenty-three percent able to meet state standard on the first attempt, a thirty-three percentage point lag behind white students who have a fifty-six percent met-standard rate.

(c) One-fourth of African-American students who enter ninth grade will have dropped out of school by the time their peers graduate in twelfth grade. This measure does not account for the children who, facing significant educational challenges and barriers, have already grown disparaged before the end of middle or junior high school.

(2) The legislature further finds that although there are multiple initiatives broadly intended to improve student achievement, including a small number of initiatives to address the achievement gap for disadvantaged students generally, there are only a select few efforts targeted to the challenges of African-American students or designed specifically to engage parents and leaders in the African-American community. The efficacy of general supplemental programs in helping African-American students is unknown. A thoughtful, comprehensive, and inclusive strategy for African-American students has not been created.

(3) Therefore, the legislature intends to commission and then implement a clear, concise, and intentional plan of action, with specific strategies and performance benchmarks, to ensure that African-American students meet or exceed all academic standards and are prepared for a quality life and responsible citizenship in the twenty-first century." [2008 c 298 § 1.]

**28A.300.172 Prototypical funding allocation model—Determination of educational system's capacity to accommodate increased resources—Identification of limitations—Reports.** (1) As part of the estimates and information submitted to the governor by the superintendent of public instruction under RCW 28A.300.170, the superintendent of public instruction shall biennially make determinations on the educational system's capacity to accommodate increased resources in relation to the elements in the prototypical funding allocation model. In areas where there are specific and significant capacity limitations to providing enhancements to a recommended element, the superintendent of public instruction shall identify those limitations and make recommendations on how to address the issue.

(2) The legislature shall:

(a) Review the recommendations of the superintendent of public instruction submitted under subsection (1) of this section; and

(b) Use the information as it continues to review, evaluate, and revise the definition and funding of basic education in a manner that serves the educational needs of the citizens of Washington; continues to fulfill the state's obligation under Article IX of the state Constitution and ensures that no enhancements are imposed on the educational system that cannot be accommodated by the existing system capacity.

(3) "System capacity" for purposes of this section includes, but is not limited to, the ability of schools and districts to provide the capital facilities necessary to support a particular instructional program, the staffing levels necessary to support an instructional program both in terms of actual numbers of staff as well as the experience level and types of staff available to fill positions, the higher education systems capacity to prepare the next generation of educators, and the availability of data and a data system capable of helping the state allocate its resources in a manner consistent with evidence-based practices that are shown to improve student learning.

(4) The office of the superintendent of public instruction shall report to the legislature on a biennial basis beginning December 1, 2010. [2009 c 548 § 113.]

**28A.300.450 Financial education public-private partnership—Established.** (1) A financial education public-private partnership is established, composed of the following members:

(a) Four members of the legislature, with one member from each caucus of the house of representatives appointed by the speaker of the house of representatives, and one member from each caucus of the senate appointed by the president of the senate;

(b) Four representatives from the private for-profit and nonprofit financial services sector, including at least one representative from the jumpstart coalition, to be appointed by the governor;

(c) Four teachers to be appointed by the superintendent of public instruction, with one each representing the elementary, middle, secondary, and postsecondary education sectors;

(d) A representative from the department of financial institutions to be appointed by the director;

(e) Two representatives from the office of the superintendent of public instruction, with one involved in curriculum development and one involved in teacher professional development, to be appointed by the superintendent.

(2) The chair of the partnership shall be selected by the members of the partnership from among the legislative members.

(3) To the extent funds are appropriated or are available for this purpose, the partnership may hire a staff person who shall reside in the office of the superintendent of public instruction for administrative purposes. Additional technical and logistical support may be provided by the office of the superintendent of public instruction, the department of financial institutions, the organizations composing the partnership, and other participants in the financial education public-private partnership.

(4) The members of the partnership shall be appointed by August 1, 2009.

(5) Legislative members of the partnership shall receive per diem and travel under RCW 44.04.120.

(6) Travel and other expenses of members of the partnership shall be provided by the agency, association, or organization that member represents.

(7) This section shall be implemented to the extent funds are available. [2009 c 443 § 1; 2004 c 247 § 2.]

**Findings—Intent—2004 c 247:** "The legislature recognizes that the average high school student lacks a basic knowledge of personal finance. In addition, the legislature recognizes the damaging effects of not properly preparing youth for the financial challenges of modern life, including bankruptcy, poor retirement planning, unmanageable debt, and a lower standard of living for Washington families.

The legislature finds that the purpose of the state's system of public education is to help students acquire the skills and knowledge they will need to be productive and responsible 21st century citizens. The legislature further finds that responsible citizenship includes an ability to make wise financial decisions. The legislature further finds that financial literacy could easily be included in lessons, courses, and projects that demonstrate each student's understanding of the state's four learning goals, including goal four: Understanding the importance of work and how performance, effort, and decisions directly affect future opportunities.

The legislature intends to assist school districts in their efforts to ensure that students are financially literate through identifying critical financial literacy skills and knowledge, providing information on instructional materials, and creating a public-private partnership to help provide instructional tools and professional development to school districts that wish to increase the financial literacy of their students." [2004 c 247 § 1.]

**28A.300.455 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**28A.300.460 Financial education public-private partnership responsibilities—Annual report.** (1) The task of the financial education public-private partnership is to seek out and determine the best methods of equipping students with the knowledge and skills they need, before they become self-supporting, in order for them to make critical decisions regarding their personal finances. The components of personal financial education shall include the achievement of skills and knowledge necessary to make informed judgments and effective decisions regarding earning, spending, and the management of money and credit.

(2) In carrying out its task, and to the extent funds are available, the partnership shall:

(a) Communicate to school districts the financial education standards adopted under RCW 28A.300.462, other important financial education skills and content knowledge, and strategies for expanding the provision and increasing the quality of financial education instruction;

(b) Review on an ongoing basis financial education curriculum that is available to school districts, including instructional materials and programs and schoolwide programs that include the important financial skills and content knowledge;

(c) Develop evaluation standards and a procedure for endorsing financial education curriculum that the partnership determines should be recommended for use in school districts;

(d) Identify assessments and outcome measures that schools and communities may use to determine whether students have met the financial education standards adopted under RCW 28A.300.462;

(e) Monitor and provide guidance for professional development for educators regarding financial education, including ways that teachers at different grade levels may integrate financial skills and content knowledge into mathematics, social studies, and other course content areas;

(f) Work with the office of the superintendent of public instruction and the professional educator standards board to create professional development that could lead to a certificate endorsement or other certification of competency in financial education;

(g) Develop academic guidelines and standards-based protocols for use by classroom volunteers who participate in delivering financial education to students in the public schools; and

(h) Provide an annual report beginning December 1, 2009, as provided in RCW 28A.300.464, to the governor, the superintendent of public instruction, and the committees of the legislature with oversight over K-12 education and higher education. [2009 c 443 § 2; 2007 c 459 § 2; 2004 c 247 § 5.]

**28A.300.462 Financial education public-private partnership—Financial education learning standards—Technical assistance and grants for demonstration projects—Report.** (1) Subject to funds appropriated specifically for this purpose, the office of the superintendent of

[2009 RCW Supp—page 390]

public instruction and the financial education public-private partnership shall provide technical assistance and grants to support demonstration projects for district-wide adoption and implementation of the financial education learning standards under this section.

(2) School districts may apply on a competitive basis to participate as a demonstration project. The office and the partnership shall select up to four school districts as demonstration projects, with two districts located in eastern Washington and two districts located in western Washington, if possible.

(3) Selected districts must:

(a) Adopt the jumpstart coalition national standards in K-12 personal finance education as the essential academic learning requirements for financial education and provide students with an opportunity to master the standards;

(b) Make a commitment to integrate financial education into instruction at all grade levels and in all schools in the district;

(c) Establish local partnerships within the community to promote financial education in the schools; and

(d) Conduct pre and posttesting of students' financial literacy.

(4) The office of the superintendent of public instruction, with the advice of the financial education public-private partnership, shall provide assistance to the demonstration projects regarding curriculum, professional development, and innovative instructional programs to implement the financial education standards.

(5) The selected districts must report findings and results of the demonstration project to the office of the superintendent of public instruction and appropriate committees of the legislature by April 30, 2011. [2009 c 443 § 3.]

**28A.300.464 Financial education public-private partnership—Contents of report.** The annual report from the financial education public-private partnership, provided funds are available, shall include:

(1) Results from the jumpstart survey of personal financial literacy;

(2) Progress toward statewide adoption of financial education standards by school districts;

(3) Professional development activities related to equipping teachers with the knowledge and skills to teach financial education;

(4) Activities related to financial education curriculum development; and

(5) Any recommendations for policies or other activities to support financial education instruction in public schools. [2009 c 443 § 4.]

**28A.300.465 Financial education public-private partnership account.** The Washington financial education public-private partnership account is hereby created in the custody of the state treasurer. The purpose of the account is to support the financial education public-private partnership, and to provide financial education opportunities for students and financial education professional development opportunities for the teachers providing those educational opportunities. Revenues to the account may include gifts from the pri-

vate sector, federal funds, and any appropriations made by the legislature or other sources. Grants and their administration shall be paid from the account. Only the superintendent of public instruction or the superintendent's designee may authorize expenditures from the account, and only at the direction of the partnership. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2009 c 443 § 5; 2004 c 247 § 6.]

**Findings—Intent—2004 c 247:** See note following RCW 28A.300.450.

**28A.300.470 Repealed.** See Supplementary Table of Disposition of Former RCW Sections, this volume.

**28A.300.507 K-12 data governance group—Duties—Reports.** (1) A K-12 data governance group shall be established within the office of the superintendent of public instruction to assist in the design and implementation of a K-12 education data improvement system for financial, student, and educator data. It is the intent that the data system reporting specifically serve requirements for teachers, parents, superintendents, school boards, the office of the superintendent of public instruction, the legislature, and the public.

(2) The K-12 data governance group shall include representatives of the education data center, the office of the superintendent of public instruction, the legislative evaluation and accountability program committee, the professional educator standards board, the state board of education, and school district staff, including information technology staff. Additional entities with expertise in education data may be included in the K-12 data governance group.

(3) The K-12 data governance group shall:

(a) Identify the critical research and policy questions that need to be addressed by the K-12 education data improvement system;

(b) Identify reports and other information that should be made available on the internet in addition to the reports identified in subsection (5) of this section;

(c) Create a comprehensive needs requirement document detailing the specific information and technical capacity needed by school districts and the state to meet the legislature's expectations for a comprehensive K-12 education data improvement system as described under RCW 28A.655.210;

(d) Conduct a gap analysis of current and planned information compared to the needs requirement document, including an analysis of the strengths and limitations of an education data system and programs currently used by school districts and the state, and specifically the gap analysis must look at the extent to which the existing data can be transformed into canonical form and where existing software can be used to meet the needs requirement document;

(e) Focus on financial and cost data necessary to support the new K-12 financial models and funding formulas, including any necessary changes to school district budgeting and accounting, and on assuring the capacity to link data across financial, student, and educator systems; and

(f) Define the operating rules and governance structure for K-12 data collections, ensuring that data systems are flexible and able to adapt to evolving needs for information, within an objective and orderly data governance process for

determining when changes are needed and how to implement them. Strong consideration must be made to the current practice and cost of migration to new requirements. The operating rules should delineate the coordination, delegation, and escalation authority for data collection issues, business rules, and performance goals for each K-12 data collection system, including:

(i) Defining and maintaining standards for privacy and confidentiality;

(ii) Setting data collection priorities;

(iii) Defining and updating a standard data dictionary;

(iv) Ensuring data compliance with the data dictionary;

(v) Ensuring data accuracy; and

(vi) Establishing minimum standards for school, student, financial, and teacher data systems. Data elements may be specified "to the extent feasible" or "to the extent available" to collect more and better data sets from districts with more flexible software. Nothing in RCW 43.41.400, this section, or RCW 28A.655.210 should be construed to require that a data dictionary or reporting should be hobbled to the lowest common set. The work of the K-12 data governance group must specify which data are desirable. Districts that can meet these requirements shall report the desirable data. Funding from the legislature must establish which subset data are absolutely required.

(4)(a) The K-12 data governance group shall provide updates on its work as requested by the education data center and the legislative evaluation and accountability program committee.

(b) The work of the K-12 data governance group shall be periodically reviewed and monitored by the educational data center and the legislative evaluation and accountability program committee.

(5) To the extent data is available, the office of the superintendent of public instruction shall make the following minimum reports available on the internet. The reports must either be run on demand against current data, or, if a static report, must have been run against the most recent data:

(a) The percentage of data compliance and data accuracy by school district;

(b) The magnitude of spending per student, by student estimated by the following algorithm and reported as the detailed summation of the following components:

(i) An approximate, prorated fraction of each teacher or human resource element that directly serves the student. Each human resource element must be listed or accessible through online tunneling in the report;

(ii) An approximate, prorated fraction of classroom or building costs used by the student;

(iii) An approximate, prorated fraction of transportation costs used by the student; and

(iv) An approximate, prorated fraction of all other resources within the district. District-wide components should be disaggregated to the extent that it is sensible and economical;

(c) The cost of K-12 basic education, per student, by student, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(d) The cost of K-12 special education services per student, by student receiving those services, by school district,

estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(e) Improvement on the statewide assessments computed as both a percentage change and absolute change on a scale score metric by district, by school, and by teacher that can also be filtered by a student's length of full-time enrollment within the school district;

(f) Number of K-12 students per classroom teacher on a per teacher basis;

(g) Number of K-12 classroom teachers per student on a per student basis;

(h) Percentage of a classroom teacher per student on a per student basis; and

(i) The cost of K-12 education per student by school district sorted by federal, state, and local dollars.

(6) The superintendent of public instruction shall submit a preliminary report to the legislature by November 15, 2009, including the analyses by the K-12 data governance group under subsection (3) of this section and preliminary options for addressing identified gaps. **Finding—Intent—2009 c 546:** "Dyslexia is a language-based learning disability that affects individuals throughout their lives. Washington state has a long-standing tradition of working to serve its students with dyslexia. Since 2005, the legislature has provided funding for five pilot projects to implement research-based, multisensory literacy intervention for students with dyslexia. Participating schools were required to have a three-tiered reading structure in place, provide professional development training to teachers, assess students, and collect and maintain data on student progress.

The legislature finds that the students receiving intervention support through the dyslexia pilot projects have made substantial and steady academic gains. The legislature intends to sustain this work and expand the implementation to a level of statewide support for students with dyslexia by developing and providing information and training, including a handbook to continue to improve the skills of our students with dyslexia." **Finding—2007 c 291:** "The legislature finds that the legislative youth advisory council provides a unique opportunity for middle and high school students to be actively involved in government. Councilmembers not only learn about, but exercise, the core values and democratic principles of our state and nation, along with the rights and responsibilities of citizenship and democratic civic involvement. **28A.305.130 Powers and duties—Purpose.** The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability framework that creates a unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required

statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically under-achieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;

(c) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and

(d) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;

(5) Accredited, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve: PROVIDED, That no private school may be approved that operates a kindergarten

program only: PROVIDED FURTHER, That no private schools shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW; and

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction. [2009 c 548 § 502; 2008 c 27 § 1; 2006 c 263 § 102; 2005 c 497 § 104; 2002 c 205 § 3; 1997 c 13 § 5; 1996 c 83 § 1; 1995 c 369 § 9; 1991 c 116 § 11; 1990 c 33 § 266. **Intent—Finding—2009 c 548:** "(1)(a) The legislature intends to develop a system in which the state and school districts share accountability for achieving state educational standards and supporting continuous school improvement. The legislature recognizes that comprehensive education finance reform and the increased investment of public resources necessary to implement that reform must be accompanied by a new mechanism for clearly defining the relationships and expectations for the state, school districts, and schools. It is the legislature's intent that this be accomplished through the development of a proactive, collaborative accountability system that focuses on a school improvement system that engages and serves the local school board, parents, students, staff in the schools and districts, and the community. The improvement system shall be based on progressive levels of support, with a goal of continuous improvement in student achievement and alignment with the federal system of accountability.

(b) The legislature further recognizes that it is the state's responsibility to provide schools and districts with the tools and resources necessary to improve student achievement. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, recognition, and, if necessary, state intervention.

(2) The legislature has already charged the state board of education to develop criteria to identify schools and districts that are successful, in need of assistance, and those where students persistently fail, as well as to identify a range of intervention strategies and a performance incentive system. The legislature finds that the state board of education should build on the work that the board has already begun in these areas. As development of these formulas, processes, and systems progresses, the legislature should monitor the progress." [2009 c 548 § 501.]

**28A.305.141 Waiver from one hundred eighty-day school year requirement—Criteria—Recommendation to the legislature. (Expires August 31, 2014.)** (1) In addition to waivers authorized under RCW 28A.305.140 and 28A.655.180, the state board of education may grant waivers from the requirement for a one hundred eighty-day school year under RCW 28A.150.220 and \*28A.150.250 to school districts that propose to operate one or more schools on a flexible calendar for purposes of economy and efficiency as provided in this section. The requirement under RCW 28A.150.220 that school districts offer an annual average instructional hour offering of at least one thousand hours shall not be waived.

(2) A school district seeking a waiver under this section must submit an application that includes:

(a) A proposed calendar for the school day and school year that demonstrates how the instructional hour requirement will be maintained;

(b) An explanation and estimate of the economies and efficiencies to be gained from compressing the instructional hours into fewer than one hundred eighty days;

(c) An explanation of how monetary savings from the proposal will be redirected to support student learning;

(d) A summary of comments received at one or more public hearings on the proposal and how concerns will be addressed;

(e) An explanation of the impact on students who rely upon free and reduced-price school child nutrition services and the impact on the ability of the child nutrition program to operate an economically independent program;

(f) An explanation of the impact on the ability to recruit and retain employees in education support positions;

(g) An explanation of the impact on students whose parents work during the missed school day; and

(h) Other information that the state board of education may request to assure that the proposed flexible calendar will not adversely affect student learning.

(3) The state board of education shall adopt criteria to evaluate waiver requests. No more than five districts may be granted waivers. Waivers may be granted for up to three years. After each school year, the state board of education shall analyze empirical evidence to determine whether the reduction is affecting student learning. If the state board of education determines that student learning is adversely affected, the school district shall discontinue the flexible calendar as soon as possible but not later than the beginning of the next school year after the determination has been made. All waivers expire August 31, 2014.

(a) Two of the five waivers granted under this subsection shall be granted to school districts with student populations of less than one hundred fifty students.

(b) Three of the five waivers granted under this subsection shall be granted to school districts with student populations of between one hundred fifty-one and five hundred students.

(4) The state board of education shall examine the waivers granted under this section and make a recommendation to the education committees of the legislature by December 15, 2013, regarding whether the waiver program should be continued, modified, or allowed to terminate. This recommendation should focus on whether the program resulted in improved student learning as demonstrated by empirical evidence. Such evidence includes, but is not limited to: Improved scores on the Washington assessment of student learning, results of the dynamic indicators of basic early literacy skills, student grades, and attendance.

(5) This section expires August 31, 2014. [2009 c 543 § 2.]

**\*Reviser's note:** The reference to a one hundred eighty-day school year in RCW 28A.150.250 was deleted by 2009 c 548 § 105.

**Finding—2009 c 543:** "The legislature continues to support school districts seeking innovations to further the educational experiences of students and staff while also realizing increased efficiencies in day-to-day operations. School districts have suggested that efficiencies in heating, lighting, or maintenance expenses could be possible if districts were given the ability to create a more flexible calendar. Furthermore, the legislature finds that a flexible calendar could be beneficial to student learning by allowing for the use of the unscheduled days for professional development activities, planning, tutoring, special programs, parent conferences, and athletic events. A flexible calendar also has the potential to ease the burden of long commutes on students in rural areas and to lower absenteeism.

School districts in several western states have operated on a four-day school week and report increased efficiencies, family support, and reduced absenteeism, with no negative impact on student learning. Small rural school districts in particular could benefit due to their high per-pupil costs for transportation and utilities. Therefore, the legislature intends to provide increased flexibility to a limited number of school districts to explore the potential value of operating on a flexible calendar, so long as adequate safeguards are put in place to prevent any negative impact on student learning." [2009 c 543 § 1.]

(d) By July 1, 2008, the superintendent of public instruction shall revise the mathematics standards to conform precisely to and incorporate each of the recommendations of the state board of education under (c) of this subsection and submit the revisions to the state board of education.

(e) By July 31, 2008, the state board of education shall either approve adoption by the superintendent of public instruction of the final revised standards as the essential academic learning requirements and grade level expectations for mathematics, or develop a plan for ensuring that the recommendations under (c) of this subsection are implemented so that final revised mathematics standards can be adopted by September 25, 2008.

(5) By June 30, 2008, the state board of education shall recommend to the superintendent of public instruction revised essential academic learning requirements and grade level expectations in science. The recommendations shall be based on:

(a) Considerations of clarity, rigor, content, depth, coherence from grade to grade, specificity, accessibility, and measurability;

(b) Study of standards used by three to five other states and in countries whose students demonstrate high performance on the trends in international mathematics and science study and the programme for international student assessment; and

(c) Consideration of information presented during public comment periods.

(6) By December 1, 2008, the superintendent of public instruction shall revise the essential academic learning requirements and the grade level expectations for science and present the revised standards to the state board of education and the education committees of the senate and the house of representatives as required by RCW 28A.655.070(4). The superintendent shall adopt the revised essential academic learning requirements and grade level expectations unless otherwise directed by the legislature during the 2009 legislative session.

(7)(a) Within six months after the standards under subsection (4) of this section are adopted, the superintendent of public instruction shall present to the state board of education recommendations for no more than three basic mathematics curricula each for elementary, middle, and high school grade spans.

(b) Within two months after the presentation of the recommended curricula, the state board of education shall provide official comment and recommendations to the superintendent of public instruction regarding the recommended mathematics curricula. The superintendent of public instruction shall make any changes based on the comment and recommendations from the state board of education and adopt the recommended curricula.

(c) By June 30, 2009, the superintendent of public instruction shall present to the state board of education recommendations for no more than three basic science curricula each for elementary and middle school grade spans and not more than three recommendations for each of the major high school courses within the following science domains: Earth and space science, physical science, and life science.

(d) Within two months after the presentation of the recommended curricula, the state board of education shall pro-

vide official comment and recommendations to the superintendent of public instruction regarding the recommended science curricula. The superintendent of public instruction shall make any changes based on the comment and recommendations from the state board of education and adopt the recommended curricula.

(e) In selecting the recommended curricula under this subsection (7), the superintendent of public instruction shall provide information to the mathematics and science advisory panels created under RCW 28A.305.219, as appropriate, and seek the advice of the appropriate panel regarding the curricula that shall be included in the recommendations.

(f) The recommended curricula under this subsection (7) shall align with the revised essential academic learning requirements and grade level expectations. In addition to the recommended basic curricula, appropriate diagnostic and supplemental materials shall be identified as necessary to support each curricula.

(g) Subject to funds appropriated for this purpose and availability of the curricula, at least one of the curricula in each grade span and in each of mathematics and science shall be available to schools and parents online at no cost to the school or parent.

(8) By December 1, 2007, the state board of education shall revise the high school graduation requirements under RCW 28A.230.090 to include a minimum of three credits of mathematics, one of which may be a career and technical course equivalent in mathematics, and prescribe the mathematics content in the three required credits.

(9) Nothing in this section requires a school district to use one of the recommended curricula under subsection (7) of this section. However, the statewide accountability plan adopted by the state board of education under RCW 28A.305.130 shall recommend conditions under which school districts should be required to use one of the recommended curricula. The plan shall also describe the conditions for exception to the curriculum requirement, such as the use of integrated academic and career and technical education curriculum. Required use of the recommended curricula as an intervention strategy must be authorized by the legislature as required by **\*\*RCW 28A.305.130(4)(e)** before implementation.

(10) The superintendent of public instruction shall conduct a comprehensive survey of the mathematics curricula being used by school districts at all grade levels and the textbook and curriculum purchasing cycle of the districts and report the results of the survey to the education committees of the legislature by November 15, 2008. [2009 c 310 § 5. Prior: 2008 c 274 § 2; 2008 c 172 § 2; 2007 c 396 § 1.]

**Reviser's note:** \*(1) Reference to "goals" was deleted by 2009 c 548 § 101.

\*\* (2) RCW 28A.305.130 was amended by 2009 c 548 § 502, deleting subsection (4)(e).

**Effective date—2009 c 310 § 5:** "Section 5 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 30, 2009]." [2009 c 310 § 6.]

**Intent—2008 c 172:** "The legislature intends that the revised mathematics standards by the office of the superintendent of public instruction will set higher expectations for Washington's students by fortifying content and increasing rigor; provide greater clarity, specificity, and measurability about what is expected of students in each grade; supply more explicit guidance to educators about what to teach and when; enhance the relevance of mathemat-

ics to students' lives; and ultimately result in more Washington students having the opportunity to be successful in mathematics. Additionally, the revised mathematics standards should restructure the standards to make clear the importance of all aspects of mathematics: Mathematics content including the standard algorithms, conceptual understanding of the content, and the application of mathematical processes within the content." [2008 c 172 § 1.]

**Effective date—2008 c 172:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 26, 2008]." [2008 c 172 § 3.]

**Effective date—2007 c 396 §§ 1 and 2:** "Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [May 9, 2007]." [2007 c 396 § 22.]

**Captions not law—2007 c 396:** "Captions used in this act are not any part of the law." [2007 c 396 § 19.]

**Finding—Intent—2007 c 396:** See note following RCW 28A.300.515.

**28A.305.225 Accountability framework—Accountability index—Comprehensive system of voluntary support and assistance for schools and districts—System for challenged schools—Use of state system to replace federal accountability system.** (1) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance. Once the accountability index has identified schools that need additional help, a more thorough analysis will be done to analyze specific conditions in the district including but not limited to the level of state resources a school or school district receives in support of the basic education system, achievement gaps for different groups of students, and community support.

(3) Based on the accountability index and in consultation with the superintendent of public instruction, the state board of education shall develop a proposal and timeline for implementation of a comprehensive system of voluntary support and assistance for schools and districts. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(4)(a) The state board of education shall develop a proposal and implementation timeline for a more formalized

comprehensive system improvement targeted to challenged schools and districts that have not demonstrated sufficient improvement through the voluntary system. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. The proposal and timeline shall be submitted to the education committees of the legislature by December 1, 2009, and shall include recommended legislation and recommended resources to implement the system according to the timeline developed.

(b) The proposal shall outline a process for addressing performance challenges that will include the following features: (i) An academic performance audit using peer review teams of educators that considers school and community factors in addition to other factors in developing recommended specific corrective actions that should be undertaken to improve student learning; (ii) a requirement for the local school board plan to develop and be responsible for implementation of corrective action plan taking into account the audit findings, which plan must be approved by the state board of education at which time the plan becomes binding upon the school district to implement; and (iii) monitoring of local district progress by the office of the superintendent of public instruction. The proposal shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(5) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

(6) The state board of education shall work with the education data center established within the office of financial management and the technical working group established in section 112, chapter 548, Laws of 2009 to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and districts but also as a tool for schools and districts to report to the state legislature and the state board of education on how the state resources received are being used. [2009 c 548 § 503.]

**Intent—2009 c 548:** See note following RCW 28A.150.198.

**Finding—2009 c 548:** See note following RCW 28A.410.270.

**Intent—Finding—2009 c 548:** See note following RCW 28A.305.130.

**Findings—2002 c 205:** "Following the tragic events of September 11, 2001, the government's primary role in protecting the health, safety, and well-being of its citizens has been underscored. The legislature recognizes that there is a need to focus on the development and implementation of comprehensive safe school plans for each public school. The legislature recognizes that comprehensive safe school plans for each public school are an integral part of rebuilding public confidence. In developing these plans, the legislature finds that a coordinated effort is essential to ensure the most effective response to any type of emergency. Further, the legislature recognizes that comprehensive safe school plans for each public school are of paramount importance and will help to assure students, parents, guardians, school employees, and school administrators that our schools provide the safest possible learning environment." The program shall provide early notification of graduation status and information on education opportunities including preapprenticeship programs that are available.

(2) Under the extended learning opportunities program and to the extent funds are available for that purpose, districts shall make available to students in grade twelve who have failed to meet one or more local or state graduation requirements the option of continuing enrollment in the school district in accordance with RCW 28A.225.160. (1) A general fund for maintenance and operation of the school district to account for all financial operations of the school district except those required to be accounted for in another fund.

(2) A capital projects fund shall be established for major capital purposes. All statutory references to a "building fund" shall mean the capital projects fund so established. Money to be deposited into the capital projects fund shall include, but not be limited to, bond proceeds, proceeds from excess levies authorized by RCW 84.52.053, state apportionment proceeds as authorized by RCW 28A.150.270, earnings from capital projects fund investments as authorized by RCW 28A.320.310 and 28A.320.320, and state forest revenues transferred pursuant to subsection (3) of this section.

(a) Major renovation and replacement of facilities and systems where periodical repairs are no longer economical or extend the useful life of the facility or system beyond its original planned useful life. Such renovation and replacement shall include, but shall not be limited to, major repairs, exterior painting of facilities, replacement and refurbishment of roofing, exterior walls, windows, heating and ventilating systems, floor covering in classrooms and public or common areas, and electrical and plumbing systems.

(b) Renovation and rehabilitation of playfields, athletic fields, and other district real property.

(c) The conduct of preliminary energy audits and energy audits of school district buildings. For the purpose of this section:

(i) "Preliminary energy audits" means a determination of the energy consumption characteristics of a building, including the size, type, rate of energy consumption, and major energy using systems of the building.

(ii) "Energy audit" means a survey of a building or complex which identifies the type, size, energy use level, and major energy using systems; which determines appropriate energy conservation maintenance or operating procedures and assesses any need for the acquisition and installation of energy conservation measures, including solar energy and renewable resource measures.

(iii) "Energy capital improvement" means the installation, or modification of the installation, of energy conservation measures in a building which measures are primarily intended to reduce energy consumption or allow the use of an alternative energy source.

(d) Those energy capital improvements which are identified as being cost-effective in the audits authorized by this section.

(e) Purchase or installation of additional major items of equipment and furniture: PROVIDED, That vehicles shall not be purchased with capital projects fund money.

However, to the extent the funds are used for the purpose under this subsection (2)(f)(ii), the school district shall transfer to the district's general fund the portion of the capital projects fund used for this purpose. The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations.

(g) Major equipment repair, painting of facilities, and other major preventative maintenance purposes. However, to the extent the funds are used for the purpose under this subsection (2)(g), the school district shall transfer to the district's general fund the portion of the capital projects fund used for this purpose. The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations. Based on the district's most recent two-year history of general fund maintenance expenditures, funds used for this purpose may not replace routine annual preventive maintenance expenditures made from the district's general fund.

(3) A debt service fund to provide for tax proceeds, other revenues, and disbursements as authorized in chapter 39.44 RCW. State forest land revenues that are deposited in a school district's debt service fund pursuant to RCW 79.64.110 and to the extent not necessary for payment of debt service on school district bonds may be transferred by the school district into the district's capital projects fund.

**Intent—2007 c 129:** "The legislature recognizes that technology has become an integral part of the facilities and educational delivery systems in our schools. In order to prepare our state's students to participate fully in our state's economy, school districts are making substantial capital investments in their technology systems, facilities, and projects. Districts are implementing, applying, and modernizing their technology systems. Software companies are shifting from selling software as a one-time package to a license or an extended contractual relationship requiring a subscription and ongoing payments. School districts must be empowered to respond to the changing business models in the software industry and be given flexibility and authority to use capital projects funds to pay for licenses or online application fees. It is the intent of the legislature that these investments be deemed major capital purpose and are also permitted uses of the district's two to six-year levies authorized by RCW 84.52.053." [2007 c 129 § 1.]

**Declaration—2002 c 275:** "The legislature recognizes and acknowledges that technology has become an integral part of the facilities and educational delivery systems in our schools. In order to prepare our state's students to participate fully in our state's economy, substantial capital investments must continue to be made in our schools' comprehensive technology systems, facilities, and projects. School districts shall be required to lease for a reasonable fee vacant school plant facilities from a contiguous school district wherever possible.

No school district with unhoused students may be eligible for state funding assistance for the construction of school plant facilities if:

(1) The school district contiguous to the school district applying for the state funding assistance percentage has vacant school plant facilities;

(2) The superintendent of public instruction has determined the vacant school plant facilities available in the contiguous district will fulfill the needs of the applicant district in housing unhoused students. In determining whether the contiguous district school plant facilities meet the needs of the applicant district, consideration shall be given, but not limited to the geographic location of the vacant facilities as they relate to the applicant district; and

(3) A lease of the vacant school plant facilities can be negotiated. [2009 c 129 § 2; 2006 c 263 § 328; 1987 c 112 § 1. Formerly RCW 28A.47.105.]

28A.400.332 Use of persons, money, or property for private gain.

**28A.400.205 Cost-of-living increases for employees.**

(1) School district employees shall be provided an annual salary cost-of-living increase in accordance with this section.

(a) The cost-of-living increase shall be calculated by applying the rate of the yearly increase in the cost-of-living index to any state-funded salary base used in state funding formulas for teachers and other school district employees. Beginning with the 2001-02 school year, and for each subsequent school year, except for the 2009-10 and 2010-11 school years, each school district shall be provided a cost-of-living allocation sufficient to grant this cost-of-living increase.

(b) A school district shall distribute its cost-of-living allocation for salaries and salary-related benefits in accordance with the district's salary schedules, collective bargaining agreements, and compensation policies. No later than the end of the school year, each school district shall certify to the superintendent of public instruction that it has spent funds provided for cost-of-living increases on salaries and salary-related benefits.

(c) Any funded cost-of-living increase shall be included in the salary base used to determine cost-of-living increases for school employees in subsequent years. For teachers and other certificated instructional staff, the rate of the annual cost-of-living increase funded for certificated instructional staff shall be applied to the base salary used with the statewide salary allocation schedule established under RCW 28A.150.410 and to any other salary models used to recognize school district personnel costs.

(d) During the 2011-2013 and 2013-2015 fiscal biennia, in addition to cost-of-living allocations required by (a) of this subsection, school districts shall receive additional cost-of-living allocations in equal increments such that by the end of the 2014-15 school year school district employee base salaries used with the statewide salary allocation schedule established under RCW 28A.150.410 and any other state salary models used to recognize school district personnel costs are, at a minimum, equal to what they would have been if cost-of-living allocations had not been suspended during the 2009-10 or 2010-11 school years.

(2) For the purposes of this section, "cost-of-living index" means, for any school year, the previous calendar year's annual average consumer price index, using the official current base, compiled by the bureau of labor statistics, United States department of labor for the state of Washington. If the bureau of labor statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the cost-of-living index in this section. **Effective date—2009 c 573:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2009." [2009 c 573 § 4.]

**28A.405.210 Conditions and contracts of employment—Determination of probable cause for nonrenewal of contracts—Nonrenewal due to enrollment decline or revenue loss—Notice—Opportunity for hearing.** No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the Washington professional educator standards board for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 shall not be construed as a nonrenewal of contract for the purposes of this section. **28A.405.220 Conditions and contracts of employment—Nonrenewal of provisional employees—Notice—Procedure.** Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first two years of employment by such district, unless the employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district. Employees as defined in this section shall hereinafter be referred to as "provisional employees".

In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three

days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.

Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered. The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. "Subordinate certificated position" as used in this section, shall mean any administrative or non-administrative certificated position for which the annual compensation is less than the position currently held by the administrator.

Every superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in writing on or before May 15th preceding the commencement of such school term of that determination, or if the omnibus appropriations act has not

passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. School district superintendents, educational service district superintendents, or private school administrators may file a complaint concerning any certificated employee of a school district, educational service district, or private school and this filing authority is not limited to employees of the complaining superintendent or administrator. Such written complaint shall state the grounds and summarize the factual basis upon which a determination has been made that an investigation by the superintendent of public instruction is warranted.

(b) If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred based on a written complaint alleging physical abuse or sexual misconduct by a certificated school employee filed by a parent or another per-

son, but no complaint has been forwarded to the superintendent by a school district superintendent, educational service district superintendent, or private school administrator, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

(2) A parent or another person may file a written complaint with the superintendent of public instruction alleging physical abuse or sexual misconduct by a certificated school employee if:

(d) Revocation of any certificate or permit authorized under this chapter or chapter 28A.405 RCW for a guilty plea or criminal conviction of a crime specified under RCW 28A.400.322 occurring prior to July 23, 1989, shall be subject to the provisions of subsection (1) of this section.

(4)(a) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be suspended or revoked, according to the provisions of this subsection, by the authority authorized to grant the certificate upon a finding that an employee has engaged in an unauthorized use of school equipment to intentionally access material depicting sexually explicit conduct or has intentionally possessed on school grounds any material depicting sexually explicit conduct; except for material used in conjunction with established curriculum. A first time violation of this subsection shall result in either suspension or revocation of the employee's certificate or permit as determined by the office of the superintendent of public instruction. A second violation shall result in a mandatory revocation of the certificate or permit.

(b) In all cases under this subsection (4), the person whose certificate is in question shall be given an opportunity

to be heard and has the right to appeal as established in \*RCW 28A.410.100. (5) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a finding that the certificate holder obtained the certificate through fraudulent means, including fraudulent misrepresentation of required academic credentials or prior criminal record. In all cases under this subsection, the person whose certificate is in question shall be given an opportunity to be heard and has the right to appeal as established in \*RCW 28A.410.100. **Findings—Intent—2009 c 468:** See note following RCW 28A.300.136.

**28A.410.270 Washington professional educator standards board—Performance standards—Certification levels—Teacher effectiveness evaluations—Update—Proposal—Recommendation—Requirements for professional certificate and residency teaching certificate.** (1)(a) By January 1, 2010, the professional educator standards board shall adopt a set of articulated teacher knowledge, skill, and performance standards for effective teaching that are evidence-based, measurable, meaningful, and documented in high quality research as being associated with improved student learning. The standards shall be calibrated for each level of certification and along the entire career continuum. In developing the standards, the board shall, to the extent possible, incorporate standards for cultural competency along the entire continuum. For the purposes of this subsection, "cultural competency" includes knowledge of student cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction to students' experiences and identifying cultural contexts for individual students.

(b) By January 1, 2010, the professional educator standards board shall adopt a definition of master teacher, with a comparable level of increased competency between professional certification level and master level as between professional certification level and national board certification. The proposal shall establish a timeline for when the assessment will be required for successful completion of a Washington state-approved teacher preparation program. new assessment. The proposal and timeline shall also address how the assessment will be included in state-reported data on preparation program quality; and

In developing this recommendation, the professional educator standards board shall consult with interested stakeholders including the Washington education association, the Washington association of school administrators, association of Washington school principals, and the Washington state school directors' association and shall include with its recommendation a description of each stakeholder's comments on the recommendation.

(6) Beginning July 1, 2011, educator preparation programs approved to offer the residency teaching certificate shall be required to demonstrate how the program produces effective teachers as evidenced by the measures established under this section and other criteria established by the professional educator standards board. [2009 c 548 § 402.]

**Reviser's note:** \*(1) RCW 28A.410.210(12) refers to a "uniform and externally administered professional-level certification assessment."

\*\* (2) RCW 28A.410.210 was amended by 2009 c 531 § 4, changing subsection (14) to subsection (13).

**Finding—2009 c 548:** "The legislature recognizes that the key to providing all students the opportunity to achieve the basic education goal is effective teaching and leadership. Teachers, principals, and administrators must be provided with access to the opportunities they need to gain the knowledge and skills that will enable them to be increasingly successful in their classroom and schools. **Effective date—1987 c 507:** "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect June 15, 1987." [1987 c 507 § 4.]

**28A.415.315 Classified instructional assistants—Training.** Subject to the availability of amounts appropriated for this purpose, the office of the superintendent of public instruction, in consultation with various groups representing school district classified employees, shall develop and offer a training strand through the summer institutes and the winter conference targeted to classified instructional assistants and designed to help them maximize their effectiveness in improving student achievement. [2009 c 539 § 2; 2008 c 65 § 2.]

**Effective date—2009 c 539:** See note following RCW 28A.655.200.

**Findings—Intent—2008 c 65:** "The legislature finds that classified instructional assistants are key partners with classroom teachers in improving student achievement. Research on rigorous reading programs, including the reading first programs in our own state, proves that when instructional assistants are skilled, well-trained in a particular intervention, and positively supported by the classroom teacher or coach, they can have a significant impact on student reading attainment. The legislature further finds that school district practice provides sufficient evidence of the need for instructional assistants. Statewide, school districts relied on more than nineteen thousand classified instructional assistants, equal to nearly ten thousand full-time equivalent staff, during the 2006-07 school year. Therefore, the legislature intends to support instructional assistants by providing opportunities for high quality professional development to make them more effective partners in the classroom." [2008 c 65 § 1.]

**28A.415.350 Professional development learning opportunities—Partnerships.** Subject to the availability of amounts appropriated for this purpose, the office of the superintendent of public instruction shall:

(1) Create partnerships with the educational service districts or public or private institutions of higher education with approved educator preparation programs to develop and deliver professional development learning opportunities for educators that fulfill the goals and address the activities described in \*sections 3 through 6 of this act and RCW 28A.415.360. The partnerships shall:

(a) Support school districts by providing professional development leadership, courses, and consultation services to school districts in their implementation of professional development activities, including the activities described in \*sections 3 through 6 of this act and RCW 28A.415.360; and

(b) Support one another in the delivery of state-level and regional-level professional development activities such as state conferences and regional accountability institutes; and

(2) Enter into a performance agreement with each educational service district to clearly articulate partner responsibilities and assure fidelity for the delivery of professional development initiatives including job-embedded practices. Components of such performance agreements shall include:

(a) Participation in the development of various professional development workshops, programs, and activities;

(b) Characteristics and qualifications of professional development staff supported by the program;

(c) Methods to ensure consistent delivery of professional development services; and

(d) Reporting responsibilities related to services provided, program participation, outcomes, and recommendations for service improvement. [2009 c 539 § 4; 2007 c 402 § 7.]

**Captions not law—2007 c 402:** See note following RCW 28A.415.340.

**28A.415.360 Learning improvement days—Eligibility—Reports.** (1) Subject to funds appropriated for this purpose, targeted professional development programs, to be known as learning improvement days, are authorized to further the development of outstanding mathematics, science, and reading teaching and learning opportunities in the state of Washington. The intent of this section is to provide guidance for the learning improvement days in the omnibus appropriations act. The learning improvement days authorized in this section shall not be considered part of the definition of basic education.

(2) A school district is eligible to receive funding for learning improvement days that are limited to specific activities related to student learning that contribute to the following outcomes:

(a) Provision of meaningful, targeted professional development for all teachers in mathematics, science, or reading;

(b) Increased knowledge and instructional skill for mathematics, science, or reading teachers;

(c) Increased use of curriculum materials with supporting diagnostic and supplemental materials that align with state standards;

(d) Skillful guidance for students participating in alternative assessment activities;

(e) Increased rigor of course offerings especially in mathematics, science, and reading;

(f) Increased student opportunities for focused, applied mathematics and science classes;

(g) Increased student success on state achievement measures; and

(h) Increased student appreciation of the value and uses of mathematics, science, and reading knowledge and exploration of related careers.

(3) School districts receiving resources under this section shall submit reports to the superintendent of public instruction documenting how the use of the funds contributes to measurable improvement in the outcomes described under subsection (2) of this section; and how other professional development resources and programs authorized in statute or in the omnibus appropriations act contribute to the expected outcomes. The superintendent of public instruction and the office of financial management shall collaborate on required report content and format. [2009 c 548 § 403; 2007 c 402 § 9.]

The office shall draw upon the experiences of coaches in federally supported elementary literacy programs and other successful programs, research and policy briefs on adult professional development, and research that specifically addresses the instructional environments of middle, junior high, and high schools as well as the unique aspects of the fields of mathematics and science.

(3) The office of the superintendent of public instruction shall design the application process and select the program participants.

(4) Schools and school districts participating in the program shall carefully select the individuals to perform the role of mathematics or science instructional coach. Characteristics to be considered for a successful coach include:

- (c) Personal skills that include skilled listening, questioning, trust-building, and problem-solving;
- (d) Understanding and appreciation for the differences in adult learners and student learners; and
- (e) Capacity for strategic planning and quality program implementation.

(5) The role of the mathematics or science instructional coach is focused on supporting teachers as they apply knowledge, develop skills, polish techniques, and deepen their understanding of content and instructional practices. This work takes a number of forms including: Individualized professional development, department-wide and school-wide professional development, guidance in student data interpretation, and using assessment to guide instruction. Each coach shall be assigned to two schools as part of the program.

## Chapter 28A.500 RCW LOCAL EFFORT ASSISTANCE

### Sections

28A.500.050 Finding—School finance component.

### **28A.500.050 Finding—School finance component.**

(1) The legislature finds that while the state has the responsibility to provide for a general and uniform system of public schools, there is also a need for some diversity in the public school system. A successful system of public education must permit some variation among school districts outside the basic education provided for by the state to respond to and reflect the unique desires of local communities. The opportunity for local communities to invest in enriched education programs promotes support for local public schools. Further, the ability of local school districts to experiment with enriched programs can inform the legislature's long-term evolution of the definition of basic education. Therefore, local levy authority remains an important component of the overall finance system in support of the public schools even though it is outside the state's obligation for basic education.

(2) However, the value of permitting local levies must be balanced with the value of equity and fairness to students and to taxpayers, neither of whom should be unduly disadvantaged due to differences in the tax bases used to support local levies. Equity and fairness require both an equitable basis for supplemental funding outside basic education and a mechanism for property tax-poor school districts to fairly access supplemental funding. As such, local effort assistance, while also outside the state's obligation for basic education, is another important component of school finance. [2009 c 548 § 301.]

- 28A.505.210 Student achievement funds—Use and accounting of funds—Public hearing—Report.  
28A.505.220 Student achievement program—General fund allocation.

**28A.505.210 Student achievement funds—Use and accounting of funds—Public hearing—Report.** School districts shall have the authority to decide the best use of funds distributed for the student achievement program under RCW 28A.505.220 to assist students in meeting and exceeding the new, higher academic standards in each district consistent with the provisions of chapter 3, Laws of 2001.

(1) Funds shall be allocated for the following uses:

(a) To reduce class size by hiring certificated elementary classroom teachers in grades K-4 and paying nonemployee-related costs associated with those new teachers;

(b) To make selected reductions in class size in grades 5-12, such as small high school writing classes;

(c) To provide extended learning opportunities to improve student academic achievement in grades K-12, including, but not limited to, extended school year, extended school day, before-and-after-school programs, special tutoring programs, weekend school programs, summer school, and all-day kindergarten;

(d) To provide additional professional development for educators, including additional paid time for curriculum and lesson redesign and alignment, training to ensure that instruction is aligned with state standards and student needs, reimbursement for higher education costs related to enhancing teaching skills and knowledge, and mentoring programs to match teachers with skilled, master teachers. The funding shall not be used for salary increases or additional compensation for existing teaching duties, but may be used for extended year and extended day teaching contracts;

(e) To provide early assistance for children who need prekindergarten support in order to be successful in school;

(f) To provide improvements or additions to school building facilities which are directly related to the class size reductions and extended learning opportunities under (a) through (c) of this subsection.

(2) Annually on or before May 1st, the school district board of directors shall meet at the time and place designated for the purpose of a public hearing on the proposed use of these funds to improve student achievement for the coming year. Any person may appear or by written submission have the opportunity to comment on the proposed plan for the use of these funds. No later than August 31st, as a part of the process under RCW 28A.505.060, each school district shall adopt a plan for the use of these funds for the upcoming school year. Annually, each school district shall provide to the citizens of their district a public accounting of the funds made available to the district during the previous school year under chapter 3, Laws of 2001, how the funds were used, and the progress the district has made in increasing student achievement, as measured by required state assessments and

other assessments deemed appropriate by the district. Copies of this report shall be provided to the superintendent of public instruction. [2009 c 479 § 17; 2005 c 497 § 105; 2001 c 3 § 3 (Initiative Measure No. 728, approved November 7, 2000).]

**Effective date—2009 c 479:** See note following RCW 2.56.030.

**Intent—Part headings not law—Effective date—2005 c 497:** See notes following RCW 28A.305.011.

**Short title—2001 c 3 (Initiative Measure No. 728):** "This act may be known and cited as the K-12 2000 student achievement act." [2001 c 3 § 1 (Initiative Measure No. 728, approved November 7, 2000).]

**Purpose—Intent—2001 c 3 (Initiative Measure No. 728):** "The citizens of Washington state expect and deserve great public schools for our generation of school children and for those who will follow. A quality public education system is crucial for our state's future economic success and prosperity, and for our children and their children to lead successful lives.

The purpose of this act is to improve public education and to achieve higher academic standards for all students through smaller class sizes and other improvements. A portion of the state's surplus general fund revenues is dedicated to this purpose.

In 1993, Washington state made a major commitment to improved public education by passing the Washington education reform act. This act established new, higher standards of academic achievement for all students. It also established new levels of accountability for students, teachers, schools, and school districts. However, the K-12 finance system has not been changed to respond to the new standards and individual student needs.

To make higher student achievement a reality, schools need the additional resources and flexibility to provide all students with more individualized quality instruction, more time, and the extra support that they may require. We need to ensure that curriculum, instruction methods, and assessments of student performance are aligned with the new standards and student needs. The current level of state funding does not provide adequate resources to support higher academic achievement for all students. In fact, inflation-adjusted per-student state funding has declined since the legislature adopted the 1993 education reform act.

The erosion of state funding for K-12 education is directly at odds with the state's "paramount duty to make ample provision for the education of all children..." Now is the time to invest some of our surplus state revenues in K-12 education and redirect state lottery funds to education, as was originally intended, so that we can fulfill the state's paramount duty.

Conditions and needs vary across Washington's two hundred ninety-six school districts. School boards accountable to their local communities should therefore have the flexibility to decide which of the following strategies will be most effective in increasing student performance and in helping students meet the state's new, higher academic standards:

- (1) Major reductions in K-4 class size;
- (2) Selected class size reductions in grades 5-12, such as small high school writing classes;
- (3) Extended learning opportunities for students who need or want additional time in school;
- (4) Investments in educators and their professional development;
- (5) Early assistance for children who need prekindergarten support in order to be successful in school; and
- (6) Providing improvements or additions to facilities to support class size reductions and extended learning opportunities.

### REDUCING CLASS SIZE

Smaller classes in the early grades can significantly increase the amount of learning that takes place in the classroom. Washington state now ranks forty-eighth in the nation in its student-teacher ratio. This is unacceptable.

Significant class size reductions will provide our children with more individualized instruction and the attention they need and deserve and will reduce behavioral problems in classrooms. The state's long-term goal should be to reduce class size in grades K-4 to no more than eighteen students per teacher in a class.

The people recognize that class size reduction should be phased-in over several years. It should be accompanied by the necessary funds for school construction and modernization and for high-quality, well-trained teachers.

### EXTENDED LEARNING OPPORTUNITIES

Student achievement will also be increased if we expand learning opportunities beyond our traditional-length school day and year. In many school districts, educators and parents want a longer school day, a longer school year, and/or all-day kindergarten to help students improve their aca-

ademic performance or explore new learning opportunities. In addition, special programs such as before-and-after-school tutoring will help struggling students catch and keep up with their classmates. Extended learning opportunities will be increasingly important as attainment of a certificate of mastery becomes a high school graduation requirement.

#### TEACHER QUALITY

Key to every student's academic success is a quality teacher in every classroom. Washington state's new standards for student achievement make teacher quality more important than ever. We are asking our teachers to teach more demanding curriculum in new ways, and we are holding our educators and schools to new, higher levels of accountability for student performance. Resources are needed to give teachers the content knowledge and skills to teach to higher standards and to give school leaders the skills to improve instruction and manage organizational change.

The ability of school districts throughout the state to attract and retain the highest quality teaching corps by offering competitive salaries and effective working conditions is an essential element of basic education. The state legislature is responsible for establishing teacher salaries. It is imperative that the legislature fund salary levels that ensure school districts' ability to recruit and retain the highest quality teachers.

#### EARLY ASSISTANCE

The importance of a child's intellectual development in the first five years has been established by widespread scientific research. This is especially true for children with disabilities and special needs. Providing assistance appropriate to children's developmental needs will enhance the academic achievement of these children in grades K-12. Early assistance will also lessen the need for more expensive remedial efforts in later years.

#### NO SUPPLANTING OF EXISTING EDUCATION FUNDS

It is the intent of the people that existing state funding for education, including all sources of such funding, shall not be reduced, supplanted, or otherwise adversely impacted by appropriations or expenditures from the student achievement fund created in RCW 43.135.045 or the education construction fund.

#### INVESTING SURPLUS IN SCHOOLS UNTIL GOAL MET

It is the intent of the people to invest a portion of state surplus revenues in their schools. This investment should continue until the state's contribution to funding public education achieves a reasonable goal. The goal should reflect the state's paramount duty to make ample provision for the education of all children and our citizens' desire that all students receive a quality education. The people set a goal of per-student state funding for the maintenance and operation of K-12 education being equal to at least ninety percent of the national average per-student expenditure from all sources. When this goal is met, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level." [2001 c 3 § 2 (Initiative Measure No. 728, approved November 7, 2000).]

**Construction—2001 c 3 (Initiative Measure No. 728):** "The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act." [2001 c 3 § 11 (Initiative Measure No. 728, approved November 7, 2000).]

**Severability—2001 c 3 (Initiative Measure No. 728):** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2001 c 3 § 12 (Initiative Measure No. 728, approved November 7, 2000).]

**Effective dates—2001 c 3 (Initiative Measure No. 728):** "This act takes effect January 1, 2001, except for section 4 of this act which takes effect July 1, 2001." [2001 c 3 § 13 (Initiative Measure No. 728, approved November 7, 2000).]

**28A.505.220 Student achievement program—General fund allocation.** (1) Total distributions for the student achievement program from the general fund to each school district shall be based upon the average number of full-time equivalent students in the school district during the previous school year as reported to the office of the superintendent of public instruction by August 31st of the previous school year. The superintendent of public instruction shall ensure that moneys generated by skill center students are returned to skill centers.

(2) The allocation rate per full-time equivalent student shall be three hundred dollars in the 2005-06 school year, three hundred seventy-five dollars in the 2006-07 school year, and four hundred fifty dollars in the 2007-08 school year. For each subsequent school year, the amount allocated per full-time equivalent student shall be adjusted for inflation by the implicit price deflator as published by the federal bureau of labor statistics. However, for the 2009-10 and 2010-11 school years, the amount allocated per full-time equivalent student shall be as specified in the omnibus appropriations act. For the 2011-12 school year and thereafter, amounts allocated shall be further adjusted so that the allocations are equal to what they would have been if allocations had not been reduced for the 2009-10 and 2010-11 school years. These allocations per full-time equivalent student shall be supported from the distributions from the education legacy trust account created in RCW 83.100.230 and the state general fund.

(3) The school district annual amounts as defined in subsection (2) of this section shall be distributed on the monthly apportionment schedule as defined in RCW 28A.510.250.

(4) However, during the 2008-09 school year, the school district annual amounts as defined in this section shall be distributed as follows:

September:	9.0 percent;
October:	9.0 percent;
November:	5.5 percent;
December:	9.0 percent;
January:	9.0 percent;
February:	9.0 percent;
March:	9.0 percent;
April:	9.0 percent;
May:	5.5 percent;
June:	4.2 percent;
July:	11.8 percent; and
August:	10.0 percent.

[1999 c 313 § 1.]

**28A.525.162 Allotment of appropriations for school plant facilities—Local school district participation—Computing state funding assistance—Rules.** (1) Funds appropriated to the superintendent of public instruction from the common school construction fund shall be allotted by the superintendent of public instruction in accordance with student enrollment and the provisions of RCW 28A.525.200.

(a) The superintendent of public instruction may waive the local requirement for state funding assistance for districts which have provided funds for school building construction purposes through the authorization of bonds or through the authorization of excess tax levies or both in an amount equivalent to two and one-half percent of the value of its taxable property, as defined in RCW 39.36.015.

(b) No such local funds shall be required as a condition to the allotment of funds from the state for the purpose of making major or minor structural changes to existing school facilities in order to bring such facilities into compliance with the barrier free access requirements of section 504 of the federal rehabilitation act of 1973 (29 U.S.C. Sec. 706) and rules implementing the act.

(3) For the purpose of computing the state funding assistance percentage under RCW 28A.525.166 when a school district is granted authority to enter into contracts, adjusted valuation per pupil shall be calculated using headcount student enrollments from the most recent October enrollment reports submitted by districts to the superintendent of public instruction, adjusted as follows:

(a) In the case of projects for which local bonds were approved after May 11, 1989:

(i) For districts which have been designated as serving high school districts under RCW 28A.540.110, students residing in the nonhigh district so designating shall be excluded from the enrollment count if the student is enrolled in any grade level not offered by the nonhigh district;

(ii) The enrollment of nonhigh school districts shall be increased by the number of students residing within the district who are enrolled in a serving high school district so designated by the nonhigh school district under RCW 28A.540.110, including only students who are enrolled in grade levels not offered by the nonhigh school district; and

(iii) The number of preschool students with disabilities included in the enrollment count shall be multiplied by one-half;

(b) In the case of construction or modernization of high school facilities in districts serving students from nonhigh school districts, the adjusted valuation per pupil shall be computed using the combined adjusted valuations and enrollments of each district, each weighted by the percentage of the district's resident high school students served by the high school district; and

(c) The number of kindergarten students included in the enrollment count shall be multiplied by one-half.

(4) The superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, shall prescribe such rules as are necessary to equate insofar as possible the efforts made by school districts to provide capital funds by the means aforesaid.

(5) For the purposes of this section, "preschool students with disabilities" means children of preschool age who have developmental disabilities who are entitled to services under RCW 28A.155.010 through 28A.155.100 and are not included in the kindergarten enrollment count of the district. or word as to which this act is declared invalid been eliminated from the act at the time the same was considered, the act would have nevertheless been enacted with such portions eliminated." [1969 ex.s. c 244 § 16.]

**28A.525.166 Allotment of appropriations for school plant facilities—Computation of state aid for school plant project.** Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\begin{array}{r} \text{Computed} \\ \text{State} \\ \text{Ratio} \end{array} = \frac{\begin{array}{l} \text{District adjusted} \\ \text{3-valuation} \\ \text{per pupil} \end{array}}{\begin{array}{l} \text{Total state} \\ \text{adjusted valuation} \\ \text{per pupil} \end{array}} \div \frac{\begin{array}{l} \text{District adjusted} \\ \text{3+valuation} \\ \text{per pupil} \end{array}}{\begin{array}{l} \text{Total state} \\ \text{adjusted valuation} \\ \text{per pupil} \end{array}} = \text{- \% Funding} \\ \text{Assistance} \end{array}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional

state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency. percentage prevails on the date that state funds for assistance in financing a project are allotted by the superintendent of public instruction in which case the percentage prevailing on the date of allotment by the superintendent of funds for each project shall govern: PROVIDED, That if the superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, determines at any time that there has been undue or unwarranted delay on the part of school district authorities in advancing a project to the point of readiness for an allotment of state funds, the taxable valuation of the school district and the state funding assistance percentage prevailing on the date that the allotment is made shall be used for the purposes aforesaid: PROVIDED, FURTHER, That the date specified in this section as applicable in determining the eligibility of an individual school district for state funding assistance and in determining the amount of such assistance shall be applicable also to cases where it is necessary in administering chapter 28A.540 RCW to determine eligibility for and the amount of state funding assistance for a group of school districts considered as a single school administrative unit. **28A.600.160 Educational pathways.** Any middle school, junior high school, or high school using educational pathways shall ensure that all participating students will con-

tinue to have access to the courses and instruction necessary to meet admission requirements at baccalaureate institutions. Students shall be allowed to enter the educational pathway of their choice. Before accepting a student into an educational pathway, the school shall inform the student's parent of the pathway chosen, the opportunities available to the student through the pathway, and the career objectives the student will have exposure to while pursuing the pathway. Providing online access to the information satisfies the requirements of this section unless a parent or guardian specifically request [requests] information to be provided in written form. Parents and students dissatisfied with the opportunities available through the selected educational pathway shall be provided with the opportunity to transfer the student to any other pathway provided in the school. Schools may not develop educational pathways that retain students in high school beyond the date they are eligible to graduate, and may not require students who transfer between pathways to complete pathway requirements beyond the date the student is eligible to graduate. Educational pathways may include, but are not limited to, programs such as worksite learning, internships, tech prep, career and technical education, running start, college in the high school, running start for the trades, and preparation for technical college, community college, or university education. [2009 c 556 § 14; 2009 c 450 § 6; 1998 c 225 § 2.]

**Reviser's note:** This section was amended by 2009 c 450 § 6 and by 2009 c 556 § 14, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Findings—Intent—2009 c 450:** See note following RCW 28A.600.280.

**28A.600.190 Youth sports—Concussion and head injury guidelines—Injured athlete restrictions—Short title.**

(1)(a) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The centers for disease control and prevention estimates that as many as three million nine hundred thousand sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(b) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority occurs without loss of consciousness.

(c) Continuing to play with a concussion or symptoms of head injury leaves the young athlete especially vulnerable to greater injury and even death. The legislature recognizes that, despite having generally recognized return to play standards for concussion and head injury, some affected youth athletes are prematurely returned to play resulting in actual or potential physical injury or death to youth athletes in the state of Washington.

(2) Each school district's board of directors shall work in concert with the Washington interscholastic activities association to develop the guidelines and other pertinent information and forms to inform and educate coaches, youth athletes, and their parents and/or guardians of the nature and risk of concussion and head injury including continuing to play after concussion or head injury. On a yearly basis, a concussion and head injury information sheet shall be signed and returned by the youth athlete and the athlete's parent and/or guardian prior to the youth athlete's initiating practice or competition.

(3) A youth athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time.

(4) A youth athlete who has been removed from play may not return to play until the athlete is evaluated by a licensed health care provider trained in the evaluation and management of concussion and receives written clearance to return to play from that health care provider. The health care provider may be a volunteer. A volunteer who authorizes a youth athlete to return to play is not liable for civil damages resulting from any act or omission in the rendering of such care, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(5) This section may be known and cited as the Zackery Lystedt law. [2009 c 475 § 2.]

**28A.600.280 Dual credit programs—Annual report.**

(1) The office of the superintendent of public instruction, in collaboration with the state board for community and technical colleges, the Washington state apprenticeship and training council, the workforce training and education coordinating board, the higher education coordinating board, and the public baccalaureate institutions, shall report by September 1, 2010, and annually thereafter to the education and higher education committees of the legislature regarding participation in dual credit programs. The report shall include:

(a) Data about student participation rates and academic performance including but not limited to running start, college in the high school, tech prep, international baccalaureate, advanced placement, and running start for the trades;

(b) Data on the total unduplicated head count of students enrolled in at least one dual credit program course; and

(c) The percentage of students who enrolled in at least one dual credit program as percent of all students enrolled in grades nine through twelve.

(2) Data on student participation shall be disaggregated by race, ethnicity, gender, and receipt of free or reduced-price lunch. [2009 c 450 § 2.]

**Findings—Intent—2009 c 450:** "(1) The legislature finds that the economy of the state of Washington requires a well-prepared workforce. To meet the need, more Washington students need to be prepared for postsecondary education and training. Further, the personal enrichment and success of Washington citizens increasingly relies on their ability to use the state's postsecondary education and training system. To accomplish those ends, the legislature desires to increase the number of students who begin earning college credits while still in high school.

(2) The legislature further finds that dual credit programs introduce students to college-level work, provide a jump start on getting a college degree, and, perhaps most importantly, show students that they can succeed in college. Dual credit programs also provide another avenue of student financial aid, since many programs are offered for little or no cost to students.

(3) The legislature also finds that students must be provided a choice

when selecting a dual credit program that is right for them. Options should be available for the student who wants to learn on a college campus and the student who wants to stay at the high school and take college-level courses. Options must also be available for the hands-on learner who seeks to complete an apprenticeship program.

(4) The legislature intends to blur the line between high school and college by articulating a vision to dramatically increase participation in dual credit programs. It is for this reason that the legislature should call on all education stakeholders to come together to coordinate resources, track outcomes, and improve program availability.

(5) The legislature further intends to provide high schools, colleges, and universities with a set of tools for growing and coordinating dual credit programs. Institutions should be given some flexibility in determining the best methods to secure long-term, ample financial support for these programs, while students should be given some help in offsetting instructional costs." [2009 c 450 § 1.]

**28A.600.285 Dual credit programs—Impact on financial aid eligibility—Guidelines.** The superintendent of public instruction and the higher education coordinating board shall develop advising guidelines to assure that students and parents understand that college credits earned in high school dual credit programs may impact eligibility for financial aid. [2009 c 450 § 4.]

**Findings—Intent—2009 c 450:** See note following RCW 28A.600.280.

**28A.600.290 College in the high school program—Rules.** (1) The superintendent of public instruction, the state board for community and technical colleges, the higher education coordinating board, and the public baccalaureate institutions shall jointly develop and each adopt rules governing the college in the high school program. The association of Washington school principals shall be consulted during the rules development. The rules shall be written to encourage the maximum use of the program and may not narrow or limit the enrollment options.

(2) College in the high school programs shall each be governed by a local contract between the district and the institution of higher education, in compliance with the guidelines adopted by the superintendent of public instruction, the state board for community and technical colleges, and the public baccalaureate institutions.

(3) The college in the high school program must include the provisions in this subsection.

(a) The high school and institution of higher education together shall define the criteria for student eligibility. The institution of higher education may charge tuition fees to participating students.

(b) School districts shall report no student for more than one full-time equivalent including college in the high school courses.

(c) The funds received by the institution of higher education may not be deemed tuition or operating fees and may be retained by the institution of higher education.

(d) Enrollment information on persons registered under this section must be maintained by the institution of higher education separately from other enrollment information and may not be included in official enrollment reports, nor may such persons be considered in any enrollment statistics that would affect higher education budgetary determinations.

(e) A school district must grant high school credit to a student enrolled in a program course if the student successfully completes the course. If no comparable course is

offered by the school district, the school district superintendent shall determine how many credits to award for the course. The determination shall be made in writing before the student enrolls in the course. The credits shall be applied toward graduation requirements and subject area requirements. Evidence of successful completion of each program course shall be included in the student's secondary school records and transcript.

(f) An institution of higher education must grant college credit to a student enrolled in a program course if the student successfully completes the course. The college credit shall be applied toward general education requirements or major requirements. If no comparable course is offered by the college, the institution of higher education at which the teacher of the program course is employed shall determine how many credits to award for the course and whether the course fulfills general education or major requirements. Evidence of successful completion of each program course must be included in the student's college transcript.

(g) Eleventh and twelfth grade students or students who have not yet received a high school diploma or its equivalent and are eligible to be in the eleventh or twelfth grades may participate in the college in the high school program.

(h) Participating school districts must provide general information about the college in the high school program to all students in grades ten, eleven, and twelve and to the parents and guardians of those students.

(i) Full-time and part-time faculty at institutions of higher education, including adjunct faculty, are eligible to teach program courses.

(4) The definitions in this subsection apply throughout this section.

(a) "Institution of higher education" has the meaning in RCW 28B.10.016 and also includes a public tribal college located in Washington and accredited by the Northwest commission on colleges and universities or another accrediting association recognized by the United States department of education.

(b) "Program course" means a college course offered in a high school under the college in the high school program. [2009 c 450 § 3.]

**Findings—Intent—2009 c 450:** See note following RCW 28A.600.280.

**28A.600.300 Running start program—Definition.**

(1) The program established in this section through RCW 28A.600.400 shall be known as the running start program.

(2) For the purposes of RCW 28A.600.310 through 28A.600.400, "participating institution of higher education" or "institution of higher education" means:

(a) A community or technical college as defined in RCW 28B.50.030;

(b) A public tribal college located in Washington and accredited by the northwest commission on colleges and universities or another accrediting association recognized by the United States department of education; and

(c) Central Washington University, Eastern Washington University, Washington State University, and The Evergreen State College, if the institution's governing board decides to participate in the program in RCW 28A.600.310 through

28A.600.400. [2009 c 450 § 7; 2005 c 207 § 5; 2002 c 80 § 1; 1994 c 205 § 1; 1990 1st ex.s. c 9 § 401.]

**Findings—Intent—2009 c 450:** See note following RCW 28A.600.280.

**Findings—Intent—2005 c 207:** "The legislature finds that the dropout rate of the state's Native American students is the highest in the state. Approximately one-half of all Native American high school students drop out before graduating with a diploma. The legislature also finds that culturally relevant educational opportunities are important contributors to other efforts to increase the rates of high school graduation for Native American students. The legislature further finds that the higher education participation rate for Native American students is the lowest in the state, and that more can be done to encourage Native American students to pursue higher educational opportunities. The legislature intends to authorize accredited public tribal colleges to participate in the running start program for the purposes of reducing the dropout rate of Native American students and encouraging greater participation rates in higher education." [2005 c 207 § 4.]

**Finding—Severability—1990 1st ex.s. c 9:** See notes following RCW 28A.225.220.

**28A.600.310 Running start program—Enrollment in institutions of higher education—Student fees—Fee waivers—Transmittal of funds—Report on program financial support.** (1) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education. A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals, obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school, or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041, running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college; and all other institutions of higher education operating a running start program may charge technology fees. The fees charged shall be prorated based on credit load.

(3) The institutions of higher education must make available fee waivers for low-income running start students. Each institution must establish a written policy for the determination of low-income students before offering the fee waiver. A student shall be considered low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, the higher education coordinating board, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

(5) The state board for community and technical colleges, in collaboration with the other institutions of higher education that participate in the running start program and the office of the superintendent of public instruction, shall identify, assess, and report on alternatives for providing ongoing and adequate financial support for the program. Such alternatives shall include but are not limited to student tuition, increased support from local school districts, and reallocation of existing state financial support among the community and technical college system to account for differential running start enrollment levels and impacts. The state board for community and technical colleges shall report the assessment of alternatives to the governor and to the appropriate fiscal and policy committees of the legislature by September 1, 2010. The superintendent of the school district, educational service district, or state school for the blind, or the director of the Washington state center for childhood deafness and hearing loss, or the director's designee, may modify the expulsion of a student on a case-by-case basis.

(2) For purposes of this section, "firearm" means a firearm as defined in 18 U.S.C. Sec. 921, and a "firearm" as defined in RCW 9.41.010.

(3) This section shall be construed in a manner consistent with the individuals with disabilities education act, 20 U.S.C. Sec. 1401 et seq.

(4) Nothing in this section prevents a public school district, educational service district, the Washington state center for childhood deafness and hearing loss, or the state school for the blind if it has expelled a student from such student's regular school setting from providing educational services to the student in an alternative setting.

(5) This section does not apply to:

(a) Any student while engaged in military education authorized by school authorities in which rifles are used but not other firearms; or

(c) Any student while participating in a rifle competition authorized by school authorities.

(6) A school district may suspend or expel a student for up to one year subject to subsections (1), (3), (4), and (5) of this section, if the student acts with malice as defined under RCW 9A.04.110 and displays an instrument that appears to be a firearm, on public elementary or secondary school premises, public school-provided transportation, or areas of

28A.630.045 Repealed.  
28A.630.881 Repealed.

**28A.630.035 Interactive high school civics curriculum—Pilot project—Rules—Reports. (*Expires January 31, 2010.*)** (1) The legislature finds that the complexity of modern political life has created a demand for informed citizens who are willing not only to vote, but also to participate in the elections process.

(2) The purpose of this section is to create a pilot project to help graduate students who are better voters, better citizens, and who are ready to take an informed and responsible place in society.

(3) The office of the superintendent of public instruction, within funds available for this purpose, shall work with selected county auditors' offices to develop an interactive high school civics curriculum to help students learn how to become informed citizens. The curriculum shall meet the requirements for the office of the superintendent of public instruction's classroom-based assessments. Staff from the office of the superintendent of public instruction shall work directly in the curriculum development.

(4) Counties may apply to, and be selected by, the office of the superintendent of public instruction to participate in the pilot project under this section. A maximum of fifteen counties may participate.

(5) The curriculum shall include, but not be limited to:

(a) Local government organization;

(b) A discussion of ballot measures, initiatives, and referenda;

(c) The role of the precinct in defining ballots, candidates, and political activities;

(d) The roles and responsibilities of taxing jurisdictions in establishing ballot measures; and

(e) The work of conducting elections.

(6) The study may include in the curriculum civics essential academic learning requirements relating to examining representative government and citizen participation and analyzing the purposes and organization of government and laws.

(7) To the extent funds are available, a curriculum guide shall be developed that will help teachers and students maximize the learning of key issues in civics, and shall include strategies for helping students develop voters' guide information for ballot issues and candidates who appear on the ballot. This guide should incorporate ideas from other Washington state civics education programs, such as "We the People" and "Project Citizen." The guide should also present ideas for sharing the results of an election with the larger community and with local government officials in productive, meaningful ways.

(8) In addition to the required components of the pilot project under this section, other activities may be included in the project, such as:

(a) Conducting mock county elections at schools; and

(b) Preparing an advisory issue on which the school would vote, including issue preparation, conducting the election, and preparing a presentation to a local government official on the results of the advisory issue.

(9) The pilot project shall operate for the 2006-07 and 2007-08 school years.

[(10)] The office of the superintendent of public instruction shall adopt rules to implement this section, including rules specifying selection criteria for counties that wish to participate.

(11) The superintendent of public instruction shall provide an interim report to appropriate committees of the legislature by December 1, 2008, and a final report by December 1, 2009, detailing the results of the project and budget recommendations for expansion, if appropriate.

(12) This section expires January 31, 2010. [2009 c 578 § 5; 2006 c 113 § 3.]

The technology plan shall be updated on at least a biennial basis, shall be developed to coordinate and expand the use of education technology in the common schools of the state. The plan shall be consistent with applicable provisions of chapter 43.105 RCW. The plan, at a minimum, shall address:

(a) The provision of technical assistance to schools and school districts for the planning, implementation, and training of staff in the use of technology in curricular and administrative functions;

(b) The continued development of a network to connect school districts, institutions of higher learning, and other sources of online information; and

(c) Methods to equitably increase the use of education technology by students and school personnel throughout the state.

(2) The superintendent of public instruction shall appoint an educational technology advisory committee to assist in the development and implementation of the technology plan in subsection (1) of this section. **28A.655.061 High school assessment system—Certificate of academic achievement requirements—Exemptions—Options to retake high school assessment—Objective alternative assessment—Student learning plans.** (1)

The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the require-

ment that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the PSAT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The student's results on the Washington assessment of student learning;

(ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(iii) Any credit deficiencies;

(iv) The student's attendance rates over the previous two years;

(v) The student's progress toward meeting state and local graduation requirements;

(vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

(vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(viii) The alternative assessment options available to students under this section and RCW 28A.655.065;

(ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(x) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

(b) All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary. [2009 c 524 § 5; 2008 c 321 § 2. Prior: 2007 c 355 § 5; 2007 c 354 § 2; 2006 c 115 § 4; 2004 c 19 § 101.]

**Intent—2009 c 524:** See note following RCW 28B.50.535.

**Findings—2008 c 321:** "The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the variable, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements." [2008 c 321 § 1.]

**Finding—Intent—2007 c 355:** See note following RCW 28B.50.534.

**Findings—Intent—2007 c 354:** "(1) The legislature maintains a strong commitment to high expectations and high academic achievement for all students. The legislature finds that Washington schools and students are making significant progress in improving achievement in reading and writing. Schools are adapting instruction and providing remediation for students who need additional assistance. Reading and writing are being taught across the curriculum. Therefore, the legislature does not intend to make changes to the Washington assessment of student learning or high school graduation requirements in reading and writing.

(2) However, students are having difficulty improving their academic achievement in mathematics and science, particularly as measured by the high school Washington assessment of student learning. The legislature

finds that corrections are needed in the state's high school assessment system that will improve alignment between learning standards, instruction, diagnosis, and assessment of students' knowledge and skills in high school mathematics and science. The legislature further finds there is a sense of urgency to make these corrections and intends to revise high school graduation requirements in mathematics and science only for the minimum period for corrections to be fully implemented." [2007 c 354 § 1.]

**Alternative assessments—Reports—Evaluation—2006 c 115:** See note following RCW 28A.655.065.

**Part headings and captions not law—2004 c 19:** "Part headings and captions used in this act are not any part of the law." [2004 c 19 § 301.]

**Severability—2004 c 19:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2004 c 19 § 302.]

**Effective date—2004 c 19:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 18, 2004]." [2004 c 19 § 303.]

**28A.655.0611 Graduation without certificate of academic achievement or certificate of individual achievement. (Expires August 31, 2013.)** (1) Beginning with the graduating class of 2008 and through no later than the graduating class of 2012, students may graduate from high school without earning a certificate of academic achievement or a certificate of individual achievement if they:

(a) Have not successfully met the mathematics standard on the high school Washington assessment of student learning, an approved objective alternative assessment, or an alternate assessment developed for eligible special education students;

(b) Have successfully met the state standard in the other content areas required for a certificate under RCW 28A.655.061 or 28A.155.045;

(c) Have met all other state and school district graduation requirements; and

(d)(i) For the graduating class of 2008, successfully earn one high school mathematics credit or career and technical course equivalent, including courses offered at skill centers, after the student's eleventh grade year intended to increase the student's mathematics proficiency toward meeting or exceeding the mathematics standards assessed on the high school Washington assessment of student learning; and

(ii) For the remaining graduating classes under this section, successfully earn two mathematics credits or career and technical course equivalent, including courses offered at skill centers, after the student's tenth grade year intended to increase the student's mathematics proficiency toward meeting or exceeding the mathematics standards assessed on the high school Washington assessment of student learning.

(2) The state board of education may adopt a rule that ends the application of this section with a graduating class before the graduating class of 2012, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the provisions of this section no longer apply. The state board of education's authority under this section does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(3) This section expires August 31, 2013. [2009 c 17 § 1; 2007 c 354 § 4.]

**Effective date—2009 c 17:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 30, 2009]." [2009 c 17 § 2.]

**Findings—Intent—2007 c 354:** See note following RCW 28A.655.061.

**28A.655.065 Objective alternative assessment methods—Appeals from assessment scores—Waivers and appeals from assessment requirements—Rules.** (1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is through the Washington assessment of student learning. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school Washington assessment of student learning. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school Washington assessment of student learning, as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the Washington assessment of student learning.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the

grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall develop an alternative assessment method that shall be an evaluation of a collection of work samples prepared and submitted by the applicant. Effective September 1, 2009, collection of work samples may be submitted only in content areas where meeting the state standard on the high school assessment is required for purposes of graduation.

(a) The superintendent of public instruction shall develop guidelines for the types and number of work samples in each content area that may be submitted as a collection of evidence that the applicant has met the state standard in that content area. Work samples may be collected from academic, career and technical, or remedial courses and may include performance tasks as well as written products. The superintendent shall submit the guidelines for approval by the state board of education.

(b) The superintendent shall develop protocols for submission of the collection of work samples that include affidavits from the applicant's teachers and school district that the samples are the work of the applicant and a requirement that a portion of the samples be prepared under the direct supervision of a classroom teacher. The superintendent shall submit the protocols for approval by the state board of education.

(c) The superintendent shall develop uniform scoring criteria for evaluating the collection of work samples and submit the scoring criteria for approval by the state board of education. Collections shall be scored at the state level or regionally by a panel of educators selected and trained by the superintendent to ensure objectivity, reliability, and rigor in the evaluation. An educator may not score work samples submitted by applicants from the educator's school district. If the panel awards an applicant's collection of work samples the minimum required score, the applicant shall be deemed to have met the state standard on the alternative assessment.

(d) Using an open and public process that includes consultation with district superintendents, school principals, and other educators, the state board of education shall consider the guidelines, protocols, scoring criteria, and other information regarding the collection of work samples submitted by the superintendent of public instruction. The collection of work samples may be implemented as an alternative assessment after the state board of education has approved the guidelines, protocols, and scoring criteria and determined that the collection of work samples: (i) Will meet professionally accepted standards for a valid and reliable measure of the grade level expectations and the essential academic learning requirements; and (ii) is comparable to or exceeds the rigor of the skills and knowledge that a student must demonstrate on the Washington assessment of student learning in the applicable content area. The state board shall make an approval decision and determination no later than December 1, 2006, and thereafter may increase the required rigor of the collection of work samples.

(e) By September of 2006, the superintendent of public instruction shall develop informational materials for parents, teachers, and students regarding the collection of work samples and the status of its development as an alternative assessment method. The materials shall provide specific guidance regarding the type and number of work samples likely to be required, include examples of work that meets the state learning standards, and describe the scoring criteria and process for the collection. The materials shall also encourage students in the graduating class of 2008 to begin creating a collection if they believe they may seek to use the collection once it is implemented as an alternative assessment.

(6)(a) For students enrolled in a career and technical education program approved under RCW 28A.700.030, the superintendent of public instruction shall develop additional guidelines for collections of work samples that are tailored to different career and technical programs. The additional guidelines shall:

(i) Provide multiple examples of work samples that are related to the particular career and technical program;

(ii) Permit work samples based on completed activities or projects where demonstration of academic knowledge is inferred; and

(iii) Provide multiple examples of work samples drawn from career and technical courses.

(b) The purpose of the additional guidelines is to provide a clear pathway toward a certificate of academic achievement for career and technical students by showing them applied and relevant opportunities to demonstrate their knowledge and skills, and to provide guidance to teachers in integrating academic and career and technical instruction and assessment and assisting career and technical students in compiling a collection. The superintendent of public instruction shall develop and disseminate additional guidelines for no fewer than ten career and technical education programs representing a variety of program offerings by no later than September 1, 2008. Guidelines for ten additional programs shall be developed and disseminated no later than June 1, 2009.

(c) The superintendent shall consult with community and technical colleges, employers, the workforce training and education coordinating board, apprenticeship programs, and other regional and national experts in career and technical education to create appropriate guidelines and examples of work samples and other evidence of a career and technical student's knowledge and skills on the state academic standards.

(7) The superintendent of public instruction shall study the feasibility of using existing mathematics assessments in languages other than English as an additional alternative assessment option. The study shall include an estimation of the cost of translating the tenth grade mathematics assessment into other languages and scoring the assessments should they be implemented.

(8) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments; and

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i)

Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances.

(9) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student achievement tests and the possible use of the reading, writing, or mathematics portions of the ACT ASSET and ACT COMPASS test instruments as objective alternative assessments for demonstrating that a student has met the state standards for the certificate of academic achievement. The state board shall submit its findings and recommendations to the education committees of the legislature by January 10, 2008.

(10) The superintendent of public instruction shall adopt rules to implement this section. [2009 c 556 § 19; 2008 c 170 § 205; 2007 c 354 § 6; 2006 c 115 § 1.]

**Findings—Intent—Part headings not law—2008 c 170:** See RCW 28A.700.005 and 28A.700.901.

**Findings—Intent—2007 c 354:** See note following RCW 28A.655.061.

**Alternative assessments—Reports—Evaluation—2006 c 115:** "(1) By September 10, 2006, the superintendent of public instruction shall report the following, in detail, to the education committees of the legislature:

(a) Results of the pilot testing of the alternative assessments authorized under section 1 of this act, particularly the pilot testing of the collection of work samples or collection of evidence;

(b) The proposed guidelines, protocols, and procedures to be used by the superintendent in implementing the alternative assessments, particularly the collection of evidence;

(c) The proposed criteria, rubrics, and methodology for scoring the collection of evidence;

(d) A description of the training to be provided for school districts, educators serving on scoring panels, and teachers assisting students with collections of evidence;

(e) Preliminary results of the feasibility study in section 1(7) of this act; and

(f) Updated estimates of the number of students likely to be eligible or apply for an alternative assessment method.

(2) By December 1, 2006, and again by February 1, 2007, the superintendent of public instruction shall provide the education committees of the legislature with an update on the number of students eligible for or participating in an alternative assessment method.

(3) The Washington state institute for public policy shall conduct an independent and objective evaluation of the reliability, validity, and rigor of the alternative assessment methods authorized under section 1 of this act, including an examination of a representative sample of the collections of work samples submitted by the graduating classes of 2008 and 2009. The institute shall submit its findings to the education committees of the legislature by September 1, 2009, to enable the legislature to develop and consider statutory changes to the alternative assessment during the 2010 legislative session." [2006 c 115 § 3.]

**28A.655.066 Statewide end-of-course assessments for high school mathematics—Use for Washington assessment of student learning.** (1)(a) In consultation with the state board of education, the superintendent of public instruction shall develop statewide end-of-course assessments for high school mathematics that measure student achievement of the state mathematics standards. The superintendent shall take steps to ensure that the language of the assessments is responsive to a diverse student population. The assessments shall be implemented statewide in the 2010-11 school year.

(b) The superintendent shall develop end-of-course assessments for the first year of high school mathematics that include the standards common to algebra I and integrated mathematics I and for the second year of high school mathe-

tics that include the standards common to geometry and integrated mathematics II. The assessments under this subsection (1)(b) shall be used to demonstrate that a student meets the state standard on the mathematics content area of the high school Washington assessment of student learning for purposes of RCW 28A.655.061.

(c) The superintendent of public instruction shall also develop subtests for the end-of-course assessments that measure standards for the first two years of high school mathematics that are unique to algebra I, integrated mathematics I, geometry, and integrated mathematics II. The results of the subtests shall be reported at the student, teacher, school, and district level.

(2) For the graduating classes of 2013 and 2014 and for purposes of the certificate of academic achievement under RCW 28A.655.061, a student may use: (a) Results from the end-of-course assessment for the first year of high school mathematics plus the results from the end-of-course assessment for the second year of high school mathematics; or (b) results from the comprehensive mathematics assessment to demonstrate that a student meets the state standard on the mathematics content area of the high school Washington assessment of student learning.

(3) Beginning with the graduating class of 2015 and for purposes of the certificate of academic achievement under RCW 28A.655.061, the mathematics content area of the Washington assessment of student learning shall be assessed using the end-of-course assessment for the first year of high school mathematics plus the end-of-course assessment for the second year of high school mathematics. All of the objective alternative assessments available to students under RCW 28A.655.061 and 28A.655.065 shall be available to any student who has taken the sequence of end-of-course assessments once but does not meet the state mathematics standard on the sequence of end-of-course assessments.

(4) The superintendent of public instruction shall report at least annually or more often if necessary to keep the education committees of the legislature informed on each step of the development and implementation process under this section. [2009 c 310 § 3; 2008 c 163 § 3.]

**Findings—2008 c 163:** "The legislature finds that, according to a recent report from a consultant retained by the state board of education, end-of-course assessments have certain advantages over comprehensive assessments such as the current form of the Washington assessment of student learning, and in most other areas end-of-course assessments are comparable to comprehensive assessments in meeting public policy objectives for a statewide assessment system. The legislature further finds that because the state's assessment contract will be renegotiated before the end of 2008, the 2008 legislature has an opportunity to provide policy direction in the design of the state assessment system and the design of the Washington assessment of student learning." [2008 c 163 § 1.]

**28A.655.075 Essential academic learning requirements and grade level expectations for educational technology literacy and technology fluency—Assessments—Reports. (Expires July 1, 2011.)** (1) Within funds specifically appropriated therefor, by December 1, 2008, the superintendent of public instruction shall develop essential academic learning requirements and grade level expectations for educational technology literacy and technology fluency that identify the knowledge and skills that all public school students need to know and be able to do in the areas of technol-

ogy and technology literacy. The development process shall include a review of current standards that have been developed or are used by other states and national and international technology associations. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the technology essential academic learning requirements.

(a) As used in this section, "technology literacy" means the ability to responsibly, creatively, and effectively use appropriate technology to communicate; access, collect, manage, integrate, and evaluate information; solve problems and create solutions; build and share knowledge; and improve and enhance learning in all subject areas and experiences.

(b) Technology fluency builds upon technology literacy and is demonstrated when students: Apply technology to real-world experiences; adapt to changing technologies; modify current and create new technologies; and personalize technology to meet personal needs, interests, and learning styles.

(2)(a) Within funds specifically appropriated therefor, the superintendent shall obtain or develop education technology assessments that may be administered in the elementary, middle, and high school grades to assess the essential academic learning requirements for technology. The assessments shall be designed to be classroom or project-based so that they can be embedded in classroom instruction and be administered and scored by school staff throughout the regular school year using consistent scoring criteria and procedures. By the 2010-11 school year, these assessments shall be made available to school districts for the districts' voluntary use. If a school district uses the assessments created under this section, then the school district shall notify the superintendent of public instruction of the use. The superintendent shall report annually to the legislature on the number of school districts that use the assessments each school year.

(b) Beginning December 1, 2010, and annually thereafter, the superintendent of public instruction shall provide a report to the relevant legislative committees regarding the use of the assessments.

(3) This section is suspended until July 1, 2011. [2009 c 556 § 15; 2007 c 396 § 16.]

**28A.655.180 Waivers for educational restructuring programs.** (1) The state board of education, where appropriate, or the superintendent of public instruction, where appropriate, may grant waivers to districts from the provisions of statutes or rules relating to: The length of the school year; student-to-teacher ratios; and other administrative rules that in the opinion of the state board of education or the opinion of the superintendent of public instruction may need to be waived in order for a district to implement a plan for restructuring

its educational program or the educational program of individual schools within the district.

(2) School districts may use the application process in RCW 28A.305.140 to apply for the waivers under this section. [2009 c 543 § 3; 1995 c 208 § 1; (1997 c 431 § 23 expired June 30, 1999). Formerly RCW 28A.630.945.]

**Finding—Intent—2009 c 543:** See note following RCW 28A.305.141.

**28A.655.200 Norm-referenced assessments—Diagnostic assessments.** (1) The legislature intends to permit school districts to offer norm-referenced assessments, make diagnostic tools available to school districts, and provide funding for diagnostic assessments to enhance student learning at all grade levels and provide early intervention before the high school Washington assessment of student learning.

(2) In addition to the diagnostic assessments provided under this section, school districts may, at their own expense, administer norm-referenced assessments to students.

(3) Subject to the availability of amounts appropriated for this purpose, the office of the superintendent of public instruction shall post on its web site for voluntary use by school districts, a guide of diagnostic assessments. The assessments in the guide, to the extent possible, shall include the characteristics listed in subsection (4) of this section.

(4) Subject to the availability of amounts appropriated for this purpose, beginning September 1, 2007, the office of the superintendent of public instruction shall make diagnostic assessments in reading, writing, mathematics, and science in elementary, middle, and high school grades available to school districts. Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall also provide funding to school districts for administration of diagnostic assessments to help improve student learning, identify academic weaknesses, enhance student planning and guidance, and develop targeted instructional strategies to assist students before the high school Washington assessment of student learning. To the greatest extent possible, the assessments shall be:

(a) Aligned to the state's grade level expectations;

(b) Individualized to each student's performance level;

(c) Administered efficiently to provide results either immediately or within two weeks;

(d) Capable of measuring individual student growth over time and allowing student progress to be compared to other students across the country;

(e) Readily available to parents; and

(f) Cost-effective.

(5) The office of the superintendent of public instruction shall offer training at statewide and regional staff development activities in:

(a) The interpretation of diagnostic assessments; and

(b) Application of instructional strategies that will increase student learning based on diagnostic assessment data. [2009 c 539 § 1; 2007 c 354 § 8; 2006 c 117 § 4; 2005 c 217 § 2.]

**Effective date—2009 c 539:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2009." [2009 c 539 § 7.]

**Intent—2006 c 117:** See note following RCW 28A.600.045.

**28A.655.210 K-12 education data improvement system.** (1) It is the legislature's intent to establish a comprehensive K-12 education data improvement system for financial, student, and educator data. The objective of the system is to monitor student progress, have information on the quality of the educator workforce, monitor and analyze the costs of programs, provide for financial integrity and accountability, and have the capability to link across these various data components by student, by class, by teacher, by school, by district, and statewide. Education data systems must be flexible and able to adapt to evolving needs for information, but there must be an objective and orderly data governance process for determining when changes are needed and how to implement them. It is the further intent of the legislature to provide independent review and evaluation of a comprehensive K-12 education data improvement system by assigning the review and monitoring responsibilities to the education data center and the legislative evaluation and accountability program committee.

(2) It is the intent that the data system specifically serve reporting requirements for teachers, parents, superintendents, school boards, the legislature, the office of the superintendent of public instruction, and the public.

(3) It is the legislature's intent that the K-12 education data improvement system used by school districts and the state include but not be limited to the following information and functionality:

(a) Comprehensive educator information, including grade level and courses taught, building or location, program, job assignment, years of experience, the institution of higher education from which the educator obtained his or her degree, compensation, class size, mobility of class population, socioeconomic data of class, number of languages and which languages are spoken by students, general resources available for curriculum and other classroom needs, and number and type of instructional support staff in the building;

(b) The capacity to link educator assignment information with educator certification information such as certification number, type of certification, route to certification, certification program, and certification assessment or evaluation scores;

(c) Common coding of secondary courses and major areas of study at the elementary level or standard coding of course content;

(d) Robust student information, including but not limited to student characteristics, course and program enrollment, performance on statewide and district summative and formative assessments to the extent district assessments are used, and performance on college readiness tests;

(e) A subset of student information elements to serve as a dropout early warning system;

(f) The capacity to link educator information with student information;

(g) A common, standardized structure for reporting the costs of programs at the school and district level with a focus on the cost of services delivered to students;

(h) Separate accounting of state, federal, and local revenues and costs;

(i) Information linking state funding formulas to school district budgeting and accounting, including procedures:

(i) To support the accuracy and auditing of financial data; and

(ii) Using the prototypical school model for school district financial accounting reporting;

(j) The capacity to link program cost information with student performance information to gauge the cost-effectiveness of programs;

(k) Information that is centrally accessible and updated regularly; and

(l) An anonymous, nonidentifiable replicated copy of data that is updated at least quarterly, and made available to the public by the state.

(4) It is the legislature's goal that all school districts have the capability to collect state-identified common data and export it in a standard format to support a statewide K-12 education data improvement system under this section.

(5) It is the legislature's intent that the K-12 education data improvement system be developed to provide the capability to make reports as required under RCW 28A.300.507 available.

(6) It is the legislature's intent that school districts collect and report new data elements to satisfy the requirements of RCW 43.41.400, this section, and RCW 28A.300.507, only to the extent funds are available for this purpose. [2009 c 548 § 202.]

**Intent—2009 c 548:** See note following RCW 28A.150.198.

**Finding—2009 c 548:** See note following RCW 28A.410.270.

**28A.660.035 Partnership grant programs—Priority assistance in advancing cultural competency skills.** The office of the superintendent of public instruction shall identify school districts that have the most significant achievement gaps among subgroups of students and for large numbers of those students, and districts that should receive priority for assistance in advancing cultural competency skills in their workforce. The professional educator standards board shall provide assistance to the identified school districts to develop partnership grant programs between the districts and teacher preparation programs to provide one or more of the four alternative route programs under RCW 28A.660.040 and to recruit paraeducators and other individuals in the local community to become certified as teachers. A partnership grant program proposed by an identified school district shall receive priority eligibility for partnership grants under RCW 28A.660.020. To the maximum extent possible, the board shall coordinate the recruiting Washington teachers program

under RCW 28A.415.370 with the alternative route programs under this section. [2009 c 468 § 6.]

**Findings—Intent—2009 c 468:** See note following RCW 28A.300.136.

**28A.660.040 Alternative route conditional scholarship program.** Partnership grants funded under this chapter shall operate one to four specific route programs. Successful completion of the program shall make a candidate eligible for residency teacher certification. For route one and two candidates, the mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the higher education teacher preparation program must both agree that the teacher candidate has successfully completed the program. For route three and four candidates, the mentor of the teacher candidate shall make the determination that the candidate has successfully completed the program.

(1) Partnership grant programs seeking funds to operate route one programs shall enroll currently employed classified instructional employees with transferable associate degrees seeking residency teacher certification with endorsements in special education, bilingual education, or English as a second language. It is anticipated that candidates enrolled in this route will complete both their baccalaureate degree and requirements for residency certification in two years or less, including a mentored internship to be completed in the final year. In addition, partnership programs shall uphold entry requirements for candidates that include:

(a) District or building validation of qualifications, including one year of successful student interaction and leadership as a classified instructional employee;

(b) Successful passage of the statewide basic skills exam, when available; and

(c) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers.

(2) Partnership grant programs seeking funds to operate route two programs shall enroll currently employed classified staff with baccalaureate degrees seeking residency teacher certification in subject matter shortage areas and areas with shortages due to geographic location. Candidates enrolled in this route must complete a mentored internship complemented by flexibly scheduled training and coursework offered at a local site, such as a school or educational service district, or online or via video-conference over the K-20 network, in collaboration with the partnership program's higher education partner. In addition, partnership grant programs shall uphold entry requirements for candidates that include:

(a) District or building validation of qualifications, including one year of successful student interaction and leadership as classified staff;

(b) A baccalaureate degree from a regionally accredited institution of higher education. The individual's college or university grade point average may be considered as a selection factor;

(c) Successful completion of the content test, once the state content test is available;

(d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and

(e) Successful passage of the statewide basic skills exam, when available.

(3) Partnership grant programs seeking funds to operate route three programs shall enroll individuals with baccalaureate degrees, who are not employed in the district at the time of application. When selecting candidates for certification through route three, districts shall give priority to individuals who are seeking residency teacher certification in subject matter shortage areas or shortages due to geographic locations. For route three only, the districts may include additional candidates in nonshortage subject areas if the candidates are seeking endorsements with a secondary grade level designation as defined by rule by the professional educator standards board. The districts shall disclose to candidates in nonshortage subject areas available information on the demand in those subject areas. Cohorts of candidates for this route shall attend an intensive summer teaching academy, followed by a full year employed by a district in a mentored internship, followed, if necessary, by a second summer teaching academy. In addition, partnership programs shall uphold entry requirements for candidates that include:

(a) A baccalaureate degree from a regionally accredited institution of higher education. The individual's grade point average may be considered as a selection factor;

(b) Successful completion of the content test, once the state content test is available;

(c) External validation of qualifications, including demonstrated successful experience with students or children, such as reference letters and letters of support from previous employers;

(d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and

(e) Successful passage of statewide basic skills exams, when available.

(4) Partnership grant programs seeking funds to operate route four programs shall enroll individuals with baccalaureate degrees, who are employed in the district at the time of application, or who hold conditional teaching certificates or emergency substitute certificates. Cohorts of candidates for this route shall attend an intensive summer teaching academy, followed by a full year employed by a district in a mentored internship. In addition, partnership programs shall uphold entry requirements for candidates that include:

(a) A baccalaureate degree from a regionally accredited institution of higher education. The individual's grade point average may be considered as a selection factor;

(b) Successful completion of the content test, once the state content test is available;

(c) External validation of qualifications, including demonstrated successful experience with students or children, such as reference letters and letters of support from previous employers;

(d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and

(e) Successful passage of statewide basic skills exams, when available.

(5) Applicants for alternative route programs who are eligible veterans or national guard members and who meet the entry requirements for the alternative route program for which application is made shall be given preference in admission. [2009 c 192 § 1; 2009 c 166 § 1; 2006 c 263 § 817; 2004 c 23 § 4; 2001 c 158 § 5.]

**Reviser's note:** This section was amended by 2009 c 166 § 1 and by 2009 c 192 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Findings—Purpose—Part headings not law—2006 c 263:** See notes following RCW 28A.150.230.

**28A.660.050 Conditional scholarship programs—Requirements—Recipients.** Subject to the availability of amounts appropriated for these purposes, the conditional scholarship programs in this chapter are created under the following guidelines:

(1) The programs shall be administered by the higher education coordinating board. In administering the programs, the higher education coordinating board has the following powers and duties:

(a) To adopt necessary rules and develop guidelines to administer the programs;

(b) To collect and manage repayments from participants who do not meet their service obligations; and

(c) To accept grants and donations from public and private sources for the programs.

(2) Requirements for participation in the conditional scholarship programs are as provided in this subsection (2).

(a) The alternative route conditional scholarship program is limited to interns of the partnership grant programs under RCW 28A.660.040. In order to receive conditional scholarship awards, recipients shall:

(i) Be accepted and maintain enrollment in alternative certification routes through the partnership grant program;

(ii) Continue to make satisfactory progress toward completion of the alternative route certification program and receipt of a residency teaching certificate; and

(iii) Receive no more than the annual amount of the scholarship, not to exceed eight thousand dollars, for the cost of tuition, fees, and educational expenses, including books, supplies, and transportation for the alternative route certification program in which the recipient is enrolled. The board may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.

(b) The pipeline for paraeducators conditional scholarship program is limited to qualified paraeducators as provided by RCW 28A.660.042. In order to receive conditional scholarship awards, recipients shall:

(i) Be accepted and maintain enrollment at a community and technical college for no more than two years and attain an associate of arts degree;

This progress requirement is a condition for eligibility into a route one program of the alternative routes to teacher certification program for a mathematics, special education, or English as a second language endorsement; and

(iii) Receive no more than the annual amount of the scholarship, not to exceed four thousand dollars, for the cost of tuition, fees, and educational expenses, including books, supplies, and transportation for the alternative route certification program in which the recipient is enrolled. The board may adjust the annual award by the average rate of tuition

and fee increases at the state community and technical colleges.

(c) The retooling to teach mathematics and science conditional scholarship program is limited to current K-12 teachers and individuals having an elementary education certificate but who are not employed in positions requiring an elementary education certificate as provided by RCW 28A.660.045. In order to receive conditional scholarship awards:

(i) Individuals currently employed as teachers shall pursue a middle level mathematics or science, or secondary mathematics or science endorsement; or

(ii) Individuals who are certificated with an elementary education endorsement, but not employed in positions requiring an elementary education certificate, shall pursue an endorsement in middle level mathematics or science, or both; and

(iii) Individuals shall use one of the pathways to endorsement processes to receive a mathematics or science endorsement, or both, which shall include passing a mathematics or science endorsement test, or both tests, plus observation and completing applicable coursework to attain the proper endorsement; and

(iv) Individuals shall receive no more than the annual amount of the scholarship, not to exceed three thousand dollars, for the cost of tuition, test fees, and educational expenses, including books, supplies, and transportation for the endorsement pathway being pursued.

(3) The Washington professional educator standards board shall select individuals to receive conditional scholarships. In selecting recipients, preference shall be given to eligible veterans or national guard members.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients who fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in the future teachers conditional scholarship account authorized in RCW 28B.102.080. [2009 c 539 § 3; 2009 c 192 § 2; 2007 c 396 § 8; 2004 c 23 § 5; 2003 c 410 § 3; 2001 c 158 § 6.]

4. Other U.S. department of defense personnel and other federal agency civilian and contract employees not defined as active duty members of the uniformed services.

#### ARTICLE IV EDUCATIONAL RECORDS AND ENROLLMENT

A. Unofficial or "hand-carried" education records – In the event that official education records cannot be released to the parents for the purpose of transfer, the custodian of the records in the sending state shall prepare and furnish to the parent a complete set of unofficial educational records containing uniform information as determined by the interstate

commission. Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible.

B. Official education records and transcripts – Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the student's official education record from the school in the sending state. Upon receipt of this request, the school in the sending state will process and furnish the official education records to the school in the receiving state within ten days or within such time as is reasonably determined under the rules promulgated by the interstate commission. However, if the student has an unpaid fine at a public school or unpaid tuition, fees, or fines at a private school, then the sending school shall send the information requested but may withhold the official transcript until the monetary obligation is met.

C. Immunizations – On or before the first day of attendance, the parent or guardian must meet the immunization documentation requirements of the Washington board of health. Compacting states shall give thirty days from the date of enrollment or within such time as is reasonably determined under the rules promulgated by the interstate commission, for students to obtain any immunizations required by the receiving state. For a series of immunizations, initial vaccinations must be obtained within thirty days or within such time as is reasonably determined under the rules promulgated by the interstate commission.

D. Kindergarten and first grade entrance age – Students shall be allowed to continue their enrollment at grade level in the receiving state commensurate with their grade level (including kindergarten) from a local education agency in the sending state at the time of transition, regardless of age. A student who has satisfactorily completed the prerequisite grade level in the local education agency in the sending state shall be eligible for enrollment in the next highest grade level in the receiving state, regardless of age. A student transferring after the start of the school year in the receiving state shall enter the school in the receiving state on his or her validated level from an accredited school in the sending state.

#### ARTICLE V PLACEMENT AND ATTENDANCE

A. Course placement - When the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending state school and/or educational assessments conducted at the school in the sending state if the courses are offered and if space is available, as determined by the school district. Course placement includes but is not limited to honors, international baccalaureate, advanced placement, vocational, technical, and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses.

B. Educational program placement – The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation and placement in like programs in the sending state and if space is available, as determined by the school district. Such programs include, but are not limited to: (1) Gifted and talented programs; and (2) English as a second language (ESL). This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

C. Special education services – (1) In compliance with the federal requirements of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. Sec. 1400 et seq., the receiving state shall initially provide comparable services to a student with disabilities based on his or her current Individualized Education Program (IEP); and (2) in compliance with the requirements of section 504 of the rehabilitation act, 29 U.S.C. Sec. 794, and with Title II of the Americans with disabilities act, 42 U.S.C. Secs. 12131-12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility – Local education agency administrative officials shall have flexibility in waiving course and program prerequisites, or other preconditions for placement in courses and programs offered under the jurisdiction of the local education agency.

E. Absence as related to deployment activities – A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by this compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

#### ARTICLE VI ELIGIBILITY

##### A. Eligibility for enrollment

1. Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

2. A local education agency shall be prohibited from charging local tuition to a transitioning military child placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

3. A transitioning military child, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he or she was enrolled while residing with the custodial parent.

B. Eligibility for extracurricular participation - Under RCW 28A.225.280, the Washington interscholastic activities association and local education agencies shall facilitate the

opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified and space is available, as determined by the school district.

#### ARTICLE VII GRADUATION

In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

A. Waiver requirements – Local education agency administrative officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall use best efforts to provide an alternative means of acquiring required coursework so that graduation may occur on time.

B. Exit exams - For students entering high school in eleventh or twelfth grade, states shall accept: (1) Exit or end-of-course exams required for graduation from the sending state; or (2) national norm-referenced achievement tests; or (3) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, then the provisions of section C of this article shall apply.

C. Transfers during senior year – Should a military student transferring at the beginning or during his or her senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with sections A and B of this article.

#### ARTICLE VIII STATE COORDINATION

A. Each member state shall, through the creation of a state council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies, and military installations concerning the state's participation in, and compliance with, this compact and interstate commission activities. While each member state may determine the membership of its own state council, its membership must include at least: The state superintendent of public instruction, a superintendent of a school district with a high concentration of military children, a representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the state council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the state council.

B. The state council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

C. The compact commissioner responsible for the administration and management of the state's participation in the compact shall be appointed by the governor or as otherwise determined by each member state. The governor is strongly encouraged to appoint a practicing K-12 educator as the compact commissioner.

D. The compact commissioner and the military family education liaison designated herein shall be ex officio members of the state council, unless either is already a full voting member of the state council.

#### ARTICLE IX INTERSTATE COMMISSION ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

The member states hereby create the "interstate commission on educational opportunity for military children." The activities of the interstate commission are the formation of public policy and are a discretionary state function. The interstate commission shall:

A. Be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact;

B. Consist of one interstate commission voting representative from each member state who shall be that state's compact commissioner.

1. Each member state represented at a meeting of the interstate commission is entitled to one vote.

2. A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the interstate commission.

3. A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the interstate commission, the governor or state council may delegate voting authority to another person from their state for a specified meeting.

4. The bylaws may provide for meetings of the interstate commission to be conducted by telecommunication or electronic communication;

C. Consist of ex officio, nonvoting representatives who are members of interested organizations. Such ex officio members, as defined in the bylaws, may include but not be limited to, members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the U.S. department of defense, the education commission of the states, the interstate agreement on the qualification of educational personnel, and other interstate compacts affecting the education of children of military members;

E. Establish an executive committee, whose members shall include the officers of the interstate commission and

such other members of the interstate commission as determined by the bylaws. Members of the executive committee shall serve a one-year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the interstate commission, with the exception of rule making, during periods when the interstate commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary. The U.S. department of defense shall serve as an ex officio, nonvoting member of the executive committee;

F. Establish bylaws and rules that provide for conditions and procedures under which the interstate commission shall make its information and official records available to the public for inspection or copying. The interstate commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests;

G. Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The interstate commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds vote that an open meeting would be likely to:

1. Relate solely to the interstate commission's internal personnel practices and procedures;

2. Disclose matters specifically exempted from disclosure by federal and state statute;

3. Disclose trade secrets or commercial or financial information which is privileged or confidential;

4. Involve accusing a person of a crime, or formally censuring a person;

5. Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

6. Disclose investigative records compiled for law enforcement purposes; or

7. Specifically relate to the interstate commission's participation in a civil action or other legal proceeding;

H. Cause its legal counsel or designee to certify that a meeting may be closed and shall reference each relevant exemptible provision for any meeting, or portion of a meeting, which is closed pursuant to this provision. The interstate commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the interstate commission;

I. Collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements. Such methods of data collection, exchange, and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its infor-

mation functions with the appropriate custodian of records as identified in the bylaws and rules;

J. Create a process that permits military officials, education officials, and parents to inform the interstate commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the interstate commission or any member state.

#### ARTICLE X POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The interstate commission shall have the following powers:

A. To provide for dispute resolution among member states;

B. To promulgate rules and take all necessary actions to effect the goals, purposes, and obligations as enumerated in this compact. The rules shall have the force and effect of statutory law and shall be binding in the compact states to the extent and in the manner provided in this compact;

6. Providing a mechanism for concluding the operations of the interstate commission and the return of surplus funds that may exist upon the termination of the compact after the payment and reserving of all of its debts and obligations; and

7. Providing "start up" rules for initial administration of the compact.

B. The interstate commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson's absence or disability, the vice-chairperson, shall preside at all meetings of the interstate commission. The officers so elected shall serve without compensation or remuneration from the interstate commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the interstate commission.

C. Executive committee, officers, and personnel

1. The executive committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:

a. Managing the affairs of the interstate commission in a manner consistent with the bylaws and purposes of the interstate commission;

b. Overseeing an organizational structure within, and appropriate procedures for the interstate commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and

2. The executive committee may, subject to the approval of the interstate commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation, as the interstate commission may deem appropriate. The executive director shall serve as secretary to the interstate commission, but shall not be a member of the interstate commission. The executive director shall hire and supervise such other persons as may be authorized by the interstate commission.

D. The interstate commission's executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of interstate commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

1. The liability of the interstate commission's executive director and employees or interstate commission representatives, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. The interstate commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

2. The interstate commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

3. To the extent not covered by the state involved, member state, or the interstate commission, the representatives or employees of the interstate commission shall be held harm-

## ARTICLE XII

### RULE-MAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. Rule-making authority - The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the interstate commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, then such an action by the interstate commission shall be invalid and have no force or effect.

B. Rule-making procedure - Rules shall be made pursuant to a rule-making process that substantially conforms to the "model state administrative procedure act," of 1981, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the interstate commission.

C. Not later than thirty days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the interstate commission's authority.

D. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

## ARTICLE XIII

### OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

#### A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the interstate commission.

3. The interstate commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission

shall render a judgment or order void as to the interstate commission, this compact, or promulgated rules.

B. Default, technical assistance, suspension, and termination - If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the interstate commission shall:

1. Provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default;

2. Provide remedial training and specific technical assistance regarding the default;

3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default;

4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the interstate commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states;

5. The state which has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination including obligations the performance of which extends beyond the effective date of suspension or termination;

6. The interstate commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state;

7. The defaulting state may appeal the action of the interstate commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorneys' fees.

#### C. Dispute Resolution

1. The interstate commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and nonmember states.

2. The interstate commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

#### D. Enforcement

1. The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. The interstate commission, may by majority vote of the members, initiate legal action in the United State[s] District Court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of the compact, and its pro-

mulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys' fees.

3. The remedies herein shall not be the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession.

## ARTICLE XIV

### FINANCING OF THE INTERSTATE COMMISSION

A. The interstate commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

B. The interstate commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the interstate commission and its staff which must be in a total amount sufficient to cover the interstate commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states.

C. The interstate commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the interstate commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The interstate commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the interstate commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the interstate commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the interstate commission.

## ARTICLE XV

### MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT

A. Any state is eligible to become a member state.

B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than ten of the states. The effective date shall be no earlier than December 1, 2007.

Thereafter it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states.

C. The interstate commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the interstate commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI  
WITHDRAWAL AND DISSOLUTION

A. Withdrawal

1. Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute, which enacted the compact into law.

2. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member jurisdiction.

3. The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty days of its receipt thereof.

4. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

5. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

B. Dissolution of compact

1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XVII  
SEVERABILITY AND CONSTRUCTION

A. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

B. The provisions of this compact shall be liberally construed to effectuate its purposes.

C. Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XVIII  
BINDING EFFECT OF COMPACT AND OTHER LAWS

A. Other laws

1. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this compact.

2. All member states' laws conflicting with this compact are superseded to the extent of the conflict.

B. Binding effect of the compact

1. All lawful actions of the interstate commission, including all rules and bylaws promulgated by the interstate commission, are binding upon the member states.

2. All agreements between the interstate commission and the member states are binding in accordance with their terms.

3. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state. [2009 c 380 § 1.]

**28A.705.020 Review of implementation—Recommendation.** By December 1, 2014, the state council, created in accordance with RCW 28A.705.010, shall conduct a review of the implementation of the interstate compact on educational opportunity for military children and recommend to the state legislature whether Washington should continue to be a member of the compact and whether any other actions should be taken. **28B.10.115 Major lines common to University of Washington and Washington State University.**

The courses of instruction of both the University of Washington and Washington State University shall embrace as major lines, pharmacy, architecture, and forest management as distinguished from forest products and logging engineering which are exclusive to the University of Washington. These major lines shall be offered and taught at said institutions only. [2009 c 207 § 1; 2003 c 82 § 1; 1985 c 218 § 1; 1969 ex.s. c 223 § 28B.10.115. **28B.10.350 Construction work, remodeling, or demolition—Public bid—Exemption—Waiver—Prevailing rate of wage—Universities and The Evergreen State College.**

(1) When the cost to The Evergreen State College or any regional or state university of any building, construction, renovation, remodeling, or demolition, other than maintenance or repairs, will equal or exceed the sum of ninety thousand dollars, or forty-five thousand dollars if the work involves one trade or craft area, complete plans and specifications for the work shall be prepared, the work shall be put out for public bid, and the contract shall be awarded to the responsible bidder who submits the lowest responsive bid.

(2) Any building, construction, renovation, remodeling, or demolition project that exceeds the dollar amounts in subsection (1) of this section is subject to the provisions of chapter 39.12 RCW.

(3) The Evergreen State College or any regional or state university may require a project to be put to public bid even when it is not required to do so under subsection (1) of this section. Any project publicly bid under this subsection is subject to the provisions of chapter 39.12 RCW.

(4) Where the estimated cost of any building, construction, renovation, remodeling, or demolition is less than ninety thousand dollars or the contract is awarded by the small works roster procedure authorized in RCW 39.04.155, the publication requirements of RCW 39.04.020 do not apply.

(5) In the event of any emergency when the public interest or property of The Evergreen State College or a regional or state university would suffer material injury or damage by delay, the president of such college or university may declare

the existence of an emergency and, reciting the facts constituting the same, may waive the requirements of this section with reference to any contract in order to correct the condition causing the emergency. For the purposes of this section, "emergency" means a condition likely to result in immediate physical injury to persons or to property of the college or university in the absence of prompt remedial action or a condition which immediately impairs the institution's ability to perform its educational obligations.

(6) This section does not apply when a contract is awarded by the small works roster procedure authorized in RCW 39.04.155 or under any other procedure authorized for an institution of higher education. [2009 c 229 § 2; 2007 c 495 § 1; 2001 c 38 § 1; 2000 c 138 § 202; 1993 c 379 § 109; 1985 c 152 § 1; 1979 ex.s. c 12 § 1; 1977 ex.s. c 169 § 14; 1971 ex.s. c 258 § 1.]

*Subcontractors to be identified by bidder, when: RCW 39.30.060.*

**28B.10.590 Course materials—Cost savings.** (1) The boards of regents of the state universities, the boards of trustees of the regional universities and The Evergreen State College, and the boards of trustees of each community and technical college district, in collaboration with affiliated bookstores and student and faculty representatives, shall adopt rules requiring that:

(a) Affiliated bookstores:

(i) Provide students the option of purchasing materials that are unbundled when possible, disclose to faculty and staff the costs to students of purchasing materials, and disclose publicly how new editions vary from previous editions;

(ii) Actively promote and publicize book buy-back programs;

(iii) Disclose retail costs for course materials on a per course basis to faculty and staff and make this information publicly available; and

(iv) Disclose information to students on required course materials including but not limited to title, authors, edition, price, and International Standard Book Number (ISBN) at least four weeks before the start of the class for which the materials are required. The chief academic officer may waive the disclosure requirement provided in this subsection (1)(a)(iv), on a case-by-case basis, if students may reasonably expect that nearly all information regarding course materials is available four weeks before the start of the class for which the materials are required. The requirement provided in this subsection (1)(a)(iv) does not apply if the faculty member using the course materials is hired four weeks or less before the start of class; and

(b) Faculty and staff members consider the least costly practices in assigning course materials, such as adopting the least expensive edition available, adopting free, open textbooks when available, and working with college librarians to put together collections of free online web and library resources, when educational content is comparable as determined by the faculty.

(2) As used in this section:

(a) "Materials" means any supplies or texts required or recommended by faculty or staff for a given course.

(b) "Bundled" means a group of objects joined together by packaging or required to be purchased as an indivisible unit. [2009 c 241 § 1; 2007 c 457 § 1; 2006 c 81 § 2.]

**Findings—Intent—2006 c 81:** "The legislature finds that:

(1) Often the bundling of texts, workbooks, CD-ROMs, and other course related materials is unnecessary since many students do not use all of the materials included and may realize cost savings if materials are also offered independently one from the other; and

(2) Many faculty and staff select materials uninformed of the retail costs and differences between versions.

It is the intent of the legislature to give students more choices for purchasing educational materials and to encourage faculty and staff to work closely with bookstores and publishers to implement the least costly option without sacrificing educational content and to provide maximum cost savings to students." [2006 c 81 § 1.]

**28B.10.660 Insurance or protection—Premiums—Health benefits for graduate student appointees—Students participating in studies or research outside the United States.** (1) The governing boards of any of the state's institutions of higher education may make available liability, life, health, health care, accident, disability and salary protection or insurance or any one of, or a combination of, the enumerated types of insurance, or any other type of insurance or protection, for the regents or trustees and students of the institution. Except as provided in subsections (2) and (3) of this section, the premiums due on such protection or insurance shall be borne by the assenting regents, trustees, or students. The regents or trustees of any of the state institutions of higher education may make liability insurance available for employees of the institutions. The premiums due on such liability insurance shall be borne by the university or college.

(2) A governing board of a public four-year institution of higher education may make available, and pay the costs of, health benefits for graduate students holding graduate service appointments, designated as such by the institution. Such health benefits may provide coverage for spouses and dependents of such graduate student appointees.

(3) A governing board of a state institution of higher education may require its students who participate in studies or research outside of the United States sponsored, arranged, or approved by the institution to purchase, as a condition of participation, insurance approved by the governing board, that will provide coverage for expenses arising from emergency evacuation, repatriation of remains, injury, illness, or death sustained while participating in the study or research abroad. The governing board of the institution may bear all or part of the costs of the insurance. A student shall not be required to purchase insurance if the student is covered under an insurance policy that will provide coverage for expenses arising from emergency evacuation, repatriation of remains, injury, illness, or death sustained while participating in the study or research abroad. [2009 c 297 § 1; 1993 sp.s. c 9 § 1;

1979 ex.s. c 88 § 1. Prior: 1973 1st ex.s. c 147 § 4; 1973 1st ex.s. c 9 § 2; 1971 ex.s. c 269 § 3; 1969 ex.s. c 237 § 4; 1969 ex.s. c 223 § 28B.10.660; prior: 1967 c 135 § 2, part; 1959 c 187 § 1, part. Formerly RCW 28.76.410, part.]

**Severability—1971 ex.s. c 269:** See note following RCW 28A.400.350.

**28B.10.923 Online learning technologies—Common learning management system for institutions of higher education.** All institutions of higher education are encouraged to use common online learning technologies including, but not limited to, existing learning management and web conferencing systems currently managed and governed by the state board for community and technical colleges; and share professional development materials and activities related to effective use of these tools. The state board for community and technical colleges may adjust existing vendor licenses to accommodate and provide enterprise services for any interested institutions of higher education. The common learning management system shall be designed in a way that allows for easy sharing of courses, learning objects, and other digital content among the institutions of higher education. Institutions of higher education may begin migration to these common systems immediately. The state board for community and technical colleges shall convene representatives from each four-year institution of higher education to develop a shared fee structure. [2009 c 407 § 2.]

**Intent—2009 c 407:** "The legislature recognizes that the state must educate more people to higher levels to adapt to the economic and social needs of the future. While our public colleges and universities have realized great success in helping students achieve their dreams, the legislature also recognizes that much more must be done to prepare current and future students for a twenty-first century economy. To raise the levels of skills and knowledge needed to sustain the state's economic prosperity and competitive position in a global environment, the public higher education system must reach out to every prospective student and citizen in unprecedented ways, with unprecedented focus.

To reach out to these citizens, the state must dismantle the barriers of geographic isolation, cost, and competing demands of work and family life. The state must create a more nimble system of learning that is student-centric, more welcoming of nontraditional and underserved students, easier to access and use, and more tailored to today's student needs and expectations.

Technology can play a key role in helping achieve this systemic goal. While only a decade ago access to personal computers was widely viewed a luxury, today computers, digital media, electronic information, and content have changed the nature of how students learn and instructors teach. This presents a vast, borderless opportunity to extend the reach and impact of the state's public educational institutions and educate more people to higher levels.

Each higher education institution and workforce program serves a unique group of students and as such, has customized its own technology solutions to meet its emerging needs. While local solutions may have served institutions of higher education in the past, paying for and operating multiple technology solutions, platforms, systems, models, agreements, and operational functionality for common applications and support services no longer serves students or the state.

Today's students access education differently. Rather than enrolling in one institution of higher education, staying two to four years and graduating, today's learners prefer a cafeteria approach; they often enroll in and move among multiple institutions - sometimes simultaneously. Rather than sitting in lecture halls taking notes, they may listen to podcasts of a lecture while grocery shopping or hold a virtual study group with classmates on a video chat room. They may prefer hybrid courses where part of their time is spent in the classroom and part is spent online. They prefer online access for commodity administrative services such as financial aid, admissions, transcript services, and more.

Institutions of higher education not only must rethink teaching and

learning in a digital-networked world, but also must tailor their administrative and student services technologies to serve the mobile student who requires dynamic, customized information online and in real time. Because these relationships are changing so fast and so fundamentally, it is incumbent on the higher education system to transform its practices just as profoundly.

Therefore, the legislature intends to both study and implement its findings regarding how the state's public institutions of higher education can share core resources in instructional, including library, resources, student services, and administrative information technology resources, user help desk services, faculty professional development, and more. The study will examine how public institutions of higher education can pursue a strategy of implementing single, shared, statewide commonly needed standards-based software, web hosting and support service solutions that are cost-effective, easily integrated, user-friendly, flexible, and constantly improving. The full range of applications that serve students, faculty, and administration shall be included. Expensive, proprietary, nonstandards-based customized applications, databases and services, and other resources that do not allow for the transparent sharing of information across institutions, agencies, and educational levels, including K-12, are inconsistent with the state's objective of educating more people to higher levels." [2009 c 407 § 1.]

**28B.10.980 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. (Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)** For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 § 73.]

**28B.12.040 Board to develop and administer program—Agreements authorized, limitation.** The higher education coordinating board shall develop and administer the state work-study program. The board shall be authorized to enter into agreements with employers and eligible institutions for the operation of the program. These agreements shall include such provisions as the higher education coordinating board may deem necessary or appropriate to carry out the purposes of this chapter.

With the exception of off-campus community service placements, the share from moneys disbursed under the state work-study program of the compensation of students employed under such program in accordance with such agreements shall not exceed eighty percent of the total such compensation paid such students.

By rule, the board shall define community service placements and may determine any salary matching requirements for any community service employers. [2009 c 560 § 21; 1994 c 130 § 4; 1993 c 385 § 3; 1985 c 370 § 58; 1974 ex.s. c 177 § 4.]

**Purpose—1974 ex.s. c 177:** See RCW 28B.12.020.

**28B.12.055 Work-study opportunity grant for high-demand occupations.** (1) Within existing resources, the higher education coordinating board shall establish the work-study opportunity grant for high-demand occupations, a competitive grant program to encourage job placements in high-demand fields. The board shall award grants to eligible institutions of higher education that have developed a partnership with a proximate organization willing to host work-study placements. Partner organizations may be nonprofit organizations, for-profit firms, or public agencies. Eligible institutions of higher education must verify that all job placements will last for a minimum of one academic quarter or one academic semester, depending on the system used by the eligible institution of higher education.

(2) The board may adopt rules to identify high-demand fields for purposes of this section. The legislature recognizes that the high-demand fields identified by the board may differ in different regions of the state.

(3) The board may award grants to eligible institutions of higher education that cover both student wages and program administration.

(4) The board shall develop performance benchmarks regarding program success including, but not limited to, the number of students served, the amount of employer contributions, and the number of participating high-demand employers. [2009 c 215 § 12.]

**Findings—Intent—Effective date—2009 c 215:** See notes following RCW 28B.92.030.

**28B.12.060 Rules—Mandatory provisions.** The higher education coordinating board shall adopt rules as may be necessary or appropriate for effecting the provisions of this chapter, and not in conflict with this chapter, in accordance with the provisions of chapter 34.05 RCW, the state higher education administrative procedure act. Such rules shall include provisions designed to make employment under the work-study program reasonably available, to the extent of available funds, to all eligible needy students in eligible post-secondary institutions. The rules shall include:

(1) Providing work under the state work-study program that will not result in the displacement of employed workers or impair existing contracts for services;

(2) Furnishing work only to a student who:

(a) Is capable, in the opinion of the eligible institution, of maintaining good standing in such course of study while employed under the program covered by the agreement; and

(b) Has been accepted for enrollment as at least a half-time student at the eligible institution or, in the case of a student already enrolled in and attending the eligible institution, is in good standing and in at least half-time attendance there

(b) Job placements in fields related to each student's academic or vocational pursuits, with an emphasis on off-campus job placements whenever appropriate; and

(c) Off-campus community service placements;

(4) To the extent practicable, limiting the proportion of state subsidy expended upon nonresident students to fifteen percent, or such less amount as specified in the biennial appropriations act;

(5) Provisions to assure that in the state institutions of higher education, utilization of this work-study program:

(a) Shall only supplement and not supplant classified positions under jurisdiction of chapter 41.06 RCW;

(b) That all positions established which are comparable shall be identified to a job classification under the director of personnel's classification plan and shall receive equal compensation;

(c) Shall not take place in any manner that would replace classified positions reduced due to lack of funds or work; and

(d) That work study positions shall only be established at entry level positions of the classified service unless the overall scope and responsibilities of the position indicate a higher level; and

(6) Provisions to encourage job placements in high employer demand occupations that meet Washington's economic development goals, including those in international trade and international relations. The board shall permit appropriate job placements in other states and other countries. [2009 c 172 § 1; 2005 c 93 § 4; 2002 c 354 § 224; 1994 c 130 § 6. #### **28B.15.012 Classification as resident or nonresident student—Definitions.** Whenever used in chapter 28B.15 RCW:

(1) The term "institution" shall mean a public university, college, or community college within the state of Washington.

(2) The term "resident student" shall mean:

(a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational;

(b) A dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution;

(c) A student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982-1983 academic year, so long as such student's enrollment (excepting summer sessions) at an institution in this state is continuous;

(d) Any student who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state, whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five-year period before the student graduates from high school, and who enrolls in a public institution of higher education within six months of leaving high school, for as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year;

(e) Any person who has completed the full senior year of high school and obtained a high school diploma, both at a Washington public high school or private high school approved under chapter 28A.195 RCW, or a person who has received the equivalent of a diploma; who has lived in Washington for at least three years immediately prior to receiving the diploma or its equivalent; who has continuously lived in the state of Washington after receiving the diploma or its equivalent and until such time as the individual is admitted to an institution of higher education under subsection (1) of this section; and who provides to the institution an affidavit indicating that the individual will file an application to become a permanent resident at the earliest opportunity the individual is eligible to do so and a willingness to engage in any other

activities necessary to acquire citizenship, including but not limited to citizenship or civics review courses;

(f) Any person who has lived in Washington, primarily for purposes other than educational, for at least one year immediately before the date on which the person has enrolled in an institution, and who holds lawful nonimmigrant status pursuant to 8 U.S.C. Sec. 1255(a);

(g) A student who is on active military duty stationed in the state or who is a member of the Washington national guard;

(h) A student who is the spouse or a dependent of a person who is on active military duty stationed in the state. If the person on active military duty is reassigned out-of-state, the student maintains the status as a resident student so long as the student is continuously enrolled in a degree program;

(i) A student who resides in the state of Washington and is the spouse or a dependent of a person who is a member of the Washington national guard;

(j) A student of an out-of-state institution of higher education who is attending a Washington state institution of higher education pursuant to a home tuition agreement as described in RCW 28B.15.725; or

(k) A student who meets the requirements of RCW 28B.15.0131: PROVIDED, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of this section and RCW 28B.15.013. Except for students qualifying under subsection (2)(e) or (j) of this section, a nonresident student shall include:

(4) The term "domicile" shall denote a person's true, fixed and permanent home and place of habitation. It is the place where the student intends to remain, and to which the student expects to return when the student leaves without intending to establish a new domicile elsewhere. The burden of proof that a student, parent or guardian has established a

domicile in the state of Washington primarily for purposes other than educational lies with the student.

(5) The term "dependent" shall mean a person who is not financially independent. Factors to be considered in determining whether a person is financially independent shall be set forth in rules and regulations adopted by the higher education coordinating board and shall include, but not be limited to, the state and federal income tax returns of the person and/or the student's parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the board may require.

**28B.15.067 Tuition fees—Established.** (1) Tuition fees shall be established under the provisions of this chapter.

(2) Beginning with the 2003-04 academic year and ending with the 2012-13 academic year, reductions or increases in full-time tuition fees for resident undergraduates shall be as provided in the omnibus appropriations act.

(3)(a) Beginning with the 2003-04 academic year and ending with the 2012-13 academic year, the governing boards of the state universities, the regional universities, The Evergreen State College, and the state board for community and technical colleges may reduce or increase full-time tuition fees for all students other than resident undergraduates, including summer school students and students in other self-supporting degree programs. Percentage increases in full-time tuition fees may exceed the fiscal growth factor. Reductions or increases may be made for all or portions of an institution's programs, campuses, courses, or students.

(b) Prior to reducing or increasing tuition for each academic year, the governing boards of the state universities, the regional universities, and The Evergreen State College shall consult with existing student associations or organizations with student undergraduate and graduate representatives regarding the impacts of potential tuition increases. Governing boards shall be required to provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

(c) Prior to reducing or increasing tuition for each academic year, each college in the state board for community and technical college system shall consult with existing student associations or organizations with undergraduate student representation regarding the impacts of potential tuition increases. Colleges shall provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

(4) Academic year tuition for full-time students at the state's institutions of higher education beginning with 2015-16, other than summer term, shall be as charged during the 2014-15 academic year unless different rates are adopted by the legislature.

(5) The tuition fees established under this chapter shall not apply to high school students enrolling in participating institutions of higher education under RCW 28A.600.300 through 28A.600.400.

(8) For the academic years 2003-04 through 2008-09, the University of Washington shall use an amount equivalent to ten percent of all revenues received as a result of law school tuition increases beginning in academic year 2000-01 through academic year 2008-09 to assist needy low and middle-income resident law students.

(9) For the academic years 2003-04 through 2008-09, institutions of higher education shall use an amount equivalent to ten percent of all revenues received as a result of graduate academic school tuition increases beginning in academic year 2003-04 through academic year 2008-09 to assist needy low and middle-income resident graduate academic students.

(10) Any tuition increases above seven percent shall fund costs of instruction, library and student services, utilities and maintenance, other costs related to instruction as well as institutional financial aid. Through 2010-11, any funding reductions to instruction, library and student services, utilities and maintenance and other costs related to instruction shall be proportionally less than other program areas including administration. **28B.15.068 Tuition fees increase limitations—State funding goals—Reports—"Global challenge states"—Notification of availability of American opportunity tax credit.** (1) Beginning with the 2007-08 academic year and

ending with the 2016-17 academic year, tuition fees charged to full-time resident undergraduate students, except in academic years 2009-10 and 2010-11, may increase no greater than seven percent over the previous academic year in any institution of higher education. Annual reductions or increases in full-time tuition fees for resident undergraduate students shall be as provided in the omnibus appropriations act, within the seven percent increase limit established in this section. For academic years 2009-10 and 2010-11 the omnibus appropriations act may provide tuition increases greater than seven percent. To the extent that state appropriations combined with tuition and fee revenues are insufficient to achieve the total per-student funding goals established in subsection (2) of this section, the legislature may revisit state appropriations, authorized enrollment levels, and changes in tuition fees for any given fiscal year.

(2) The state shall adopt as its goal total per-student funding levels, from state appropriations plus tuition and fees, of at least the sixtieth percentile of total per-student funding at similar public institutions of higher education in the global challenge states. In defining comparable per-student funding levels, the office of financial management shall adjust for regional cost-of-living differences; for differences in program offerings and in the relative mix of lower division, upper division, and graduate students; and for accounting and reporting differences among the comparison institutions. The office of financial management shall develop a funding trajectory for each four-year institution of higher education and for the community and technical college system as a whole that when combined with tuition and fees revenue allows the state to achieve its funding goal for each four-year institution and the community and technical college system as a whole no later than fiscal year 2017. The state shall not reduce enrollment levels below fiscal year 2007 budgeted levels in order to improve or alter the per-student funding amount at any four-year institution of higher education or the community and technical college system as a whole. The state recognizes that each four-year institution of higher education and the community and technical college system as a whole have different funding requirements to achieve desired performance levels, and that increases to the total per-student funding amount may need to exceed the minimum funding goal.

(3) By September 1st of each year beginning in 2008, the office of financial management shall report to the governor, the higher education coordinating board, and appropriate committees of the legislature with updated estimates of the total per-student funding level that represents the sixtieth percentile of funding for comparable institutions of higher education in the global challenge states, and the progress toward that goal that was made for each of the public institutions of higher education.

(4) As used in this section, "global challenge states" are the top performing states on the new economy index published by the progressive policy institute as of July 22, 2007. The new economy index ranks states on indicators of their potential to compete in the new economy. At least once every five years, the office of financial management shall determine if changes to the list of global challenge states are appropriate. The office of financial management shall report its findings to the governor and the legislature.

(5) During the 2009-10 and the 2010-11 academic years, institutions of higher education shall include information on their billing statements notifying students of tax credits available through the American opportunity tax credit provided in the American recovery and reinvestment act of 2009. [2009 c 540 § 1; 2007 c 151 § 1.]

**Captions not law—2007 c 151:** "Captions used in this act are not any part of the law." [2007 c 151 § 3.]

**28B.15.0681 Tuition billing statements—Disclosures to students—Notice of federal educational tax credits.** (1) In addition to the requirement in RCW 28B.76.300(4), institutions of higher education shall disclose to their undergraduate resident students on the tuition billing statement, in dollar figures for a full-time equivalent student:

- (a) The full cost of instruction;
- (b) The amount collected from student tuition and fees; and
- (c) The difference between the amounts for the full cost of instruction and the student tuition and fees.

(2) The tuition billing statement shall note that the difference between the cost and tuition under subsection (1)(c) of this section was paid by state tax funds and other moneys.

(3) Beginning in the 2010-11 academic year, the amount determined in subsection (1)(c) of this section shall be labeled an "opportunity pathway" on the tuition billing statement.

(4) Beginning in the 2010-11 academic year, institutions of higher education shall label financial aid awarded to resident undergraduate students as an "opportunity pathway" on the tuition billing statement or financial aid award notification. Aid granted to students outside of the financial aid package provided through the institution of higher education and loans provided by the federal government are not subject to the labeling provisions in this subsection. All other aid from all sources including federal, state, and local governments, local communities, nonprofit and for-profit organizations, and institutions of higher education must be included. The disclosure requirements specified in this section do not change the source, award amount, student eligibility, or student obligations associated with each award. Institutions of higher education retain the ability to customize their tuition billing statements to inform students of the assistance source, amount, and type so long as provisions of this section are also fulfilled.

(5) The tuition billing statement disclosures shall be in twelve-point type and boldface type where appropriate.

(6) All tuition billing statements or financial aid award notifications at institutions of higher education must notify resident undergraduate students of federal tax credits related to higher education for which they may be eligible. [2009 c 215 § 6; 2007 c 151 § 2.]

**Findings—Intent—Effective date—2009 c 215:** See notes following RCW 28B.92.030.

The sum so credited to the University of Washington bond retirement fund shall be used for the payment of principal of and interest on bonds outstanding as provided by chapter 28B.20 RCW except for any sums transferred as authorized in RCW 28B.20.725(5). During the 2009-2011 biennium, sums credited to the University of Washington building account shall also be used for routine facility maintenance and utility costs. Notwithstanding RCW 42.17.190 (2) and (3), voluntary student fees imposed under this section and services and activities fees may be used for lobbying by a student government association or its equivalent and may also be used to support a statewide or national student organization or its equivalent that may engage in lobbying. **28B.15.621 Tuition waivers—Veterans and national guard members—Dependents—Private institutions.** (1) The legislature finds that active military and naval veterans, reserve military and naval veterans, and national guard members called to active duty have served their country and have risked their lives to defend the lives of all Americans and the freedoms that define and distinguish our nation. The legislature intends to honor active military and naval veterans, reserve military and naval veterans, and national guard members who have served on active military or naval duty for the public service they have provided to this country.

(2) Subject to the limitations in RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges, may waive all or a portion of tuition and fees for an eligible veteran or national guard member.

(3) The governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges, may waive all or a portion of tuition and fees for a military or naval veteran who is a Washington domiciliary, but who did not serve on foreign soil or in international waters or in another location in support of those serving on foreign soil or in international waters and who does not qualify as an eligible veteran or national guard member under subsection (8) of this section. Upon remarriage or registration in a subsequent domestic partnership, the surviving spouse or surviving domestic partner is ineligible for the waiver of all tuition and fees.

(iii) If a death results from total disability, the surviving spouse has ten years from the date of death in which to receive benefits under the waiver.

(c) Each recipient's continued participation is subject to the school's satisfactory progress policy.

**Part headings not law—Severability—2008 c 6:** See RCW 26.60.900 and 26.60.901.

**28B.15.820 Institutional financial aid fund—"Eligible student" defined.** (1) Each institution of higher education, including technical colleges, shall deposit a minimum of three and one-half percent of revenues collected from tuition and services and activities fees in an institutional financial aid fund that is hereby created and which shall be held locally. Moneys in the fund shall be used only for the following purposes: (a) To make guaranteed long-term loans to eligible students as provided in subsections (3) through (8) of this section; (b) to make short-term loans as provided in subsection (9) of this section; (c) to provide financial aid to needy students as provided in subsection (10) of this section; or (d) to provide financial aid to students as provided in subsection (11) of this section.

(2) An "eligible student" for the purposes of subsections (3) through (8) and (10) of this section is a student registered for at least three credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 and 28B.15.013, and who is a "needy student" as defined in RCW 28B.92.030.

(3) The amount of the guaranteed long-term loans made under this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program.

(4) Before approving a guaranteed long-term loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of guaranteed long-term loans made under this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of guaranteed long-term loans under this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: PROVIDED, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Collection and servicing of guaranteed long-term loans made by community colleges under subsection (1) of this section shall be coordinated by the state board for community and technical colleges and shall be conducted under procedures adopted by the state board.

(6) Receipts from payment of interest or principal or any other subsidies to which institutions as lenders are entitled, that are paid by or on behalf of borrowers of funds under subsections (3) through (8) of this section, shall be deposited in each institution's financial aid fund and shall be used to cover the costs of making the guaranteed long-term loans under this section and maintaining necessary records and making collections under subsection (5) of this section: PROVIDED, That such costs shall not exceed five percent of aggregate outstanding loan principal. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be deposited in the institution's financial aid fund.

(7) The governing boards of the state universities, the regional universities, and The Evergreen State College, and the state board for community and technical colleges, on behalf of the community colleges and technical colleges, shall each adopt necessary rules and regulations to implement this section.

(8) First priority for any guaranteed long-term loans made under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term loans, not to exceed one year, may be made from the institutional financial aid fund to students enrolled in the institution. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. A short-term loan may be made only if the institution has ample evidence that the student has the capability of repaying the

loan within the time frame specified by the institution for repayment.

(10) Any moneys deposited in the institutional financial aid fund that are not used in making long-term or short-term loans may be used by the institution for locally administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee scholarship or grant programs. These funds shall be used in addition to and not to replace institutional funds that would otherwise support these locally administered financial aid programs. First priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student's chosen fields of study. Second priority in the use of these funds shall be given to needy single parents, to assist these students with their educational expenses, including expenses associated with child care and transportation.

(11) Any moneys deposited in the institutional financial aid fund may be used by the institution for a locally administered financial aid program for high school students enrolled in dual credit programs. If institutions use funds in this manner, the governing boards of the state universities, the regional universities, The Evergreen State College, and the state board for community and technical colleges shall each adopt necessary rules to implement this subsection. Moneys from this fund may be used for all educational expenses related to a student's participation in a dual credit program including but not limited to tuition, fees, course materials, and transportation. of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. (2) The center shall provide management and technical assistance including but not limited to training, counseling, and research services to small businesses throughout the state. The center shall work with the department of community, trade, and economic development, the state board for community and technical colleges, the higher education coordinating board, the workforce training and education coordinating board, the employment security department, the Washington state economic development commission, associate development organizations, and workforce development councils to:

(a) Integrate small business development centers with other state and local economic development and workforce development programs;

(b) Target the centers' services to small businesses;

(c) Tailor outreach and services at each center to the needs and demographics of entrepreneurs and small businesses located within the service area;

(d) Establish and expand small business development center satellite offices when financially feasible; and

(e) Coordinate delivery of services to avoid duplication.

(3) The administrator of the center may contract with other public or private entities for the provision of specialized services.

(4) The small business development center may accept and disburse federal grants or federal matching funds or other funds or donations from any source when made, granted, or donated to carry out the center's purposes. When drawing on funds from the business assistance account created in \*RCW 30.60.010, the center must first use the funds to make increased management and technical assistance available to small and start-up businesses at satellite offices. The funds may also be used to develop and expand assistance programs such as small business planning workshops and small business counseling.

(5) The legislature directs the small business development center to request United States small business administration approval of a special emphasis initiative, as permitted under 13 C.F.R. 130.340(c) as of April 1, 2009, to target assistance to Washington state's smaller businesses. This initiative would be negotiated and included in the first cooperative agreement application process that occurs after July 26, 2009.

(6) By December 1, 2009, and December 1, 2010, respectively, the center shall provide a written progress report and a final report to the appropriate committees of the legislature with respect to the requirements in subsections (2) and (5) of this section and the amount and use of funding received through the business assistance account. The reports must also include data on the number, location, staffing, and budget levels of satellite offices; affiliations with community colleges, associate development organizations or other local organizations; the number, size, and type of small businesses assisted; and the types of services provided. The reports must also include information on the outcomes achieved, such as jobs created or retained, private capital invested, and return on the investment of state and federal dollars. [2009 c 486 § 1; 1984 c 77 § 1.]

**\*Reviser's note:** The reference to RCW 30.60.010 appears to be erroneous. Reference to RCW 28B.30.531 was apparently intended.

**Conflict with federal requirements—2009 c 486:** "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements, including guidelines set by the United States small business administration, that are a necessary condition to the receipt of federal funds by the state." [2009 c 486 § 4.]

**Intent—2009 c 486:** See note following RCW 39.29.006.

**28B.30.531 Business assistance account.** The business assistance account is created in the custody of the state treasurer. Expenditures from the account may be used only for the expansion of business assistance services delivered by the small business development center created in RCW

28B.30.530. Only the administrator of the center or the administrator's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2009 c 486 § 2.]

**Intent—2009 c 486:** See note following RCW 39.29.006.

**Conflict with federal requirements—2009 c 486:** See note following RCW 28B.30.530.

(b) A covenant that a reserve account shall be created in the bond retirement fund to secure the payment of the principal of and interest on all bonds issued and a provision made that certain amounts be set aside and maintained therein;

(c) A covenant that sufficient moneys may be transferred from the Washington State University building account to the bond retirement account when ordered by the board of regents in the event there is ever an insufficient amount of money in the bond retirement account to pay any installment of interest or principal and interest coming due on the bonds or any of them;

(d) A covenant fixing conditions under which bonds on a parity with any bonds outstanding may be issued;

(e) A covenant to obligate, to pay the principal of or interest on the bonds, all or a component of the fees and revenues of Washington State University that are not subject to appropriation by the legislature and that do not constitute general state revenues as defined in Article VIII, section 1 of the state Constitution or general state revenues for the purpose of calculating statutory limits on state indebtedness pursuant to \*RCW 39.42.060.

The proceeds of the sale of all bonds issued in accordance with this chapter shall be used solely for paying the costs of the projects, including costs of issuance and other financing costs. The Washington State University building account shall be credited with the investment income derived pursuant to RCW 43.84.080 on the investable balances of scientific permanent fund and agricultural permanent fund, less the allocation to the state treasurer's service fund pursuant to RCW 43.08.190. **28B.50.020 Purpose.** The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each college district shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(3) Provide for basic skills and literacy education, and occupational education and technical training at technical colleges in order to prepare students for careers in a competitive workforce;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training, and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training, and service programs as future needs occur; and

(7) Establish firmly that, except on a pilot basis as provided under RCW 28B.50.810, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges. [2009 c 64 § 2; 2005 c 258 § 7; 1991 c 238 § 21; 1969 ex.s. c 261 § 17; 1969 ex.s. c 223 § 28B.50.020. Prior: 1967 ex.s. c 8 § 2.]

**Intent—2009 c 64:** "It is the intent of the legislature to allow public technical colleges under the authority of the state board for community and technical colleges to offer associate degrees that prepare students for transfer to bachelor's degrees in professional fields, subject to rules adopted by the state board for community and technical colleges." [2009 c 64 § 1.]

**Findings—Intent—2005 c 258:** See note following RCW 28B.45.014.

**Severability—1969 ex.s. c 261:** "If any provision of this 1969 amendatory act, or its application to any person or circumstance is held invalid, the

remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1969 ex.s. c 261 § 37. Formerly RCW 28.85.911.]

**28B.50.030 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adult education" means all education or instruction, including academic, vocational education or training, basic skills and literacy training, and "occupational education" provided by public educational institutions, including common school districts for persons who are eighteen years of age and over or who hold a high school diploma or certificate. (11) "Dislocated salmon fishing worker" means a finfish products worker who: (a)(i) Has been terminated or received

notice of termination from employment and is unlikely to return to employment in the individual's principal occupation or previous industry because of a diminishing demand for his or her skills in that occupation or industry; or (ii) is self-employed and has been displaced from his or her business because of the diminishing demand for the business's services or goods; and (b) at the time of last separation from employment, resided in or was employed in a rural natural resources impact area.

(12) "District" means any one of the community and technical college districts created by this chapter.

(13) "Forest products worker" means a worker in the forest products industries affected by the reduction of forest fiber enhancement, transportation, or production. (14) "High employer demand program of study" means an apprenticeship, or an undergraduate or graduate certificate or degree program in which the number of students prepared for employment per year from in-state institutions is substantially less than the number of projected job openings per year in that field, statewide or in a substate region.

(15) "K-12 system" means the public school program including kindergarten through the twelfth grade.

(16) "Occupational education" means education or training that will prepare a student for employment that does not require a baccalaureate degree, and education and training that will prepare a student for transfer to bachelor's degrees in professional fields, subject to rules adopted by the college board.

(17) "Qualified institutions of higher education" means:

(a) Washington public community and technical colleges;

(b) Private career schools that are members of an accrediting association recognized by rule of the higher education coordinating board for the purposes of chapter 28B.92 RCW; and

The counties that meet these criteria shall be determined by the employment security department for the most recent year for which data is available. For the purposes of administration of programs under this chapter, the United States post office five-digit zip code delivery areas will be used to determine residence status for eligibility purposes. For the purpose of this definition, a zip code delivery area of which any part is ten miles or more from an urbanized area is considered nonurbanized. A zip code totally surrounded by zip codes qualifying as nonurbanized under this definition is also considered nonurbanized. The office of financial management shall make available a zip code listing of the areas to all agencies and organizations providing services under this chapter.

(20) "Salmon fishing worker" means a worker in the finfish industry affected by 1994 or future salmon disasters. **Reviser's note:** \*(1) Reference to the "standard industrial classification code" in RCW 50.29.025(3) was eliminated by section 14, chapter 3, Laws of 2009, and section 2, chapter 493, Laws of 2009.

(2) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

(3) This section was amended by 2009 c 64 § 3, 2009 c 151 § 3, and by 2009 c 353 § 1, each without reference to the other. All amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Severability—Conflict with federal requirements—Effective date—1995 c 226:** See notes following RCW 43.160.020.

**Intent—1991 c 315:** "The legislature finds that:

(1) The economic health and well-being of timber-dependent communities is of substantial public concern. The significant reduction in annual timber harvest levels likely will result in reduced economic activity and persistent unemployment and underemployment over time, which would be a serious threat to the safety, health, and welfare of residents of the timber impact areas, decreasing the value of private investments and jeopardizing the sources of public revenue.

(2) Timber impact areas are most often located in areas that are experiencing little or no economic growth, creating an even greater risk to the health, safety, and welfare of these communities. The ability to remedy problems caused by the substantial reduction in harvest activity is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the resulting problems of poverty and unemployment.

(3) To address these concerns, it is the intent of the legislature to increase training and retraining services accessible to timber impact areas, and provide for coordination of noneconomic development services in timber impact areas as economic development efforts will not succeed unless social, housing, health, and other needs are addressed." [1991 c 315 § 1.]

**28B.50.090 College board—Powers and duties.** The college board shall have general supervision and control over the state system of community and technical colleges. In addition to the other powers and duties imposed upon the college board by this chapter, the college board shall be charged with the following powers, duties and responsibilities:

(1) Review the budgets prepared by the boards of trustees, prepare a single budget for the support of the state system of community and technical colleges and adult education, and submit this budget to the governor as provided in RCW 43.88.090;

(2) Establish guidelines for the disbursement of funds; and receive and disburse such funds for adult education and maintenance and operation and capital support of the college districts in conformance with the state and district budgets, and in conformance with chapter 43.88 RCW;

(3) Ensure, through the full use of its authority:

(a) That each college district shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; and community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

**Findings—Intent—2009 c 238:** See note following RCW 28C.18.160.

**Findings—Intent—2009 c 215:** "The legislature finds that a myriad of financial aid programs exist for students at the federal, state, local, community, and institutional levels. These programs enable thousands of students across Washington to access all sectors of higher education, from apprenticeship programs to public and private four and two-year institutions of higher education. The legislature further finds that Washington state is a national leader in the distribution of financial aid to increase college access and affordability, ranking fourth in the nation in 2007 in terms of state student grant aid funding per capita.

It is the intent of the legislature to promote and expand access to state financial aid programs by determining which programs provide the greatest value to the largest number of students, and by fully supporting those programs. Furthermore, it is the intent of the legislature to designate all existing financial aid an opportunity pathway, with the effect of providing students with a clear understanding of available resources to pay for postsecondary education, thereby increasing access to postsecondary education and meeting the needs of local business and industry.

It is the intent of the legislature that the higher education coordinating board, the state board for community and technical colleges, the office of the superintendent of public instruction, the workforce training and education coordinating board, and institutions of higher education coordinate the development of outreach tools, such as a web-based portal for information on all opportunity pathway aid programs. The information should be communicated in a format and manner that provides an ease of understanding for students and their families and include other pertinent information on institutions of higher education, costs, and academic programs. It is also the intent of the legislature for institutions of higher education to incorporate this information in promotional materials to prospective and current students and their families." **Part headings not law—2004 c 275:** See note following RCW 28B.76.030.

**Intent—1989 c 254:** "It is the intent of the legislature that nothing in this act shall prevent or discourage an individual from making an effort to repay any state financial aid awarded during his or her collegiate career." [1989 c 254 § 1.]

*Loan programs for mathematics and science teachers: RCW 28B.15.760 through 28B.15.766.*

**28B.92.060 State need grant awards.** In awarding need grants, the board shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the board, in the exercise of its sound discre-

tion, from following another procedure when the best interest of the program so dictates:

(1) The board shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to:

(a) Financial need as determined by the amount of the family contribution; and

(b) Other considerations, such as whether the student is a former foster youth, or is a placebound student who has completed an associate of arts or associate of science degree or its equivalent.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until disbursed, except that eligible former foster youth shall be assured receipt of a grant.

(3) A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student's program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the board. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.92.070.

(4) In computing financial need, the board shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions. Any child support payments received by students who are parents attending less than half-time shall not be used in computing financial need.

(5)(a) A student who is enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, may receive a grant for up to one academic year before beginning a program that leads to a degree or certificate.

(b) An eligible student enrolled on a less-than-full-time basis shall receive a prorated portion of his or her state need grant for any academic period in which he or she is enrolled on a less-than-full-time basis, as long as funds are available.

(c) An institution of higher education may award a state need grant to an eligible student enrolled in three to six credit-bearing quarter credits, or the semester equivalent, on a provisional basis if:

(i) The student has not previously received a state need grant from that institution;

(ii) The student completes the required free application for federal student aid;

(iii) The institution has reviewed the student's financial condition, and the financial condition of the student's family if the student is a dependent student, and has determined that the student is likely eligible for a state need grant; and

(iv) The student has signed a document attesting to the fact that the financial information provided on the free application for federal student aid and any additional financial information provided directly to the institution is accurate and complete, and that the student agrees to repay the institution for the grant amount if the student submitted false or incomplete information.

(6) As used in this section, "former foster youth" means a person who is at least eighteen years of age, but not more than twenty-four years of age, who was a dependent of the department of social and health services at the time he or she attained the age of eighteen. (2) If an opportunity internship graduate enrolls within one year of high school graduation in a postsecondary program of study in an institution of higher education, including in an apprenticeship program with related and supplemental instruction provided through an institution of higher education, the graduate is eligible to receive a state need grant for up to one year. The graduate shall not be required to be enrolled on at least a half-time basis. The related and supplemental instruction provided to a graduate through an apprenticeship program shall not be required to lead to a degree or certificate.

(3) Except for the eligibility criteria for an opportunity internship graduate that are provided under this section, other rules pertaining to award of a state need grant apply.

**Reviser's note:** The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

**Findings—Intent—2008 c 103:** "(1) The legislature finds that a skilled workforce is essential for employers and job seekers to compete in today's global economy. The engines of economic progress are fueled by education and training. The legislature further finds that industry skill panels are a critical and proven form of public-private partnership that harness the expertise of leaders in business, labor, and education to identify workforce development strategies for industries that drive Washington's regional economies. Industry skill panels foster innovation and enable industry leaders and public partners to be proactive, addressing changing needs for businesses quickly and strategically. Industry skill panels leverage small state investments with private sector investments to ensure that public resources are better aligned with industry needs.

(2) The legislature further finds that industry skill panels support other valuable initiatives such as the department of community, trade, and economic development's cluster-based economic development grants; the community and technical college centers of excellence, high-demand funds, and the job skills program; and the employment security department's incumbent worker training funds. Industry skill panels provide a framework for coordinating these and other investments in line with economic and workforce development strategies identified by industry leaders. It is the intent of the legislature to support the development and maintenance of industry skill panels in key sectors of the economy as an efficient and effective way to support regional economic development." [2008 c 103 § 1.]

**28C.18.150 Local unified plan for the workforce development system—Strategic plan.**

(1) Workforce development councils, in partnership with local elected officials, shall develop and maintain a local unified plan for the workforce development system including, but not limited to, the local plan required by P.L. 105-220, Title I. The unified plan shall include a strategic plan that assesses local employment opportunities and skill needs, the present and future workforce, the current workforce development system, information on financial resources, diversity, goals, objectives, and strategies for the local workforce development system, and a system-wide financial strategy for implementing the plan. Local workforce development councils shall submit their strategic plans to the board for review and to the governor for approval.

(2) The strategic plan shall clearly articulate the connection between workforce and economic development efforts in the local area including the area industry clusters and the strategic clusters the community is targeting for growth. The plan shall include, but is not limited to:

(a) Data on current and projected employment opportunities in the local area;

(b) Identification of workforce investment needs of existing businesses and businesses considering location in the region, with special attention to industry clusters;

(c) Identification of educational, training, employment, and support service needs of jobseekers and workers in the

local area, including individuals with disabilities and other underrepresented talent sources;

(d) Analysis of the industry demand, potential labor force supply, and educational, employment, and workforce support available to businesses and jobseekers in the region; and

(e) Collaboration with associate development organizations in regional planning efforts involving combined strategies around workforce development and economic development policies and programs. Combined planning efforts shall include, but not be limited to, assistance to industry clusters in the area.

(3) The board shall work with workforce development councils to develop implementation and funding strategies for purposes of this section. [2009 c 151 § 8.]

**28C.18.160 Opportunity internship program—Purpose—Program incentives—Rules.**

(1) The opportunity internship program is created under this section and RCW 28C.18.162 through 28C.18.168. The purpose of the program is to provide incentives for opportunity internship consortia to use existing resources to build educational and employment pipelines to high-demand occupations in targeted industries for low-income high school students. Three types of incentives are provided through the program:

(a) Each opportunity internship graduate shall be eligible for up to one year of financial assistance for postsecondary education as provided in RCW 28B.92.084;

(b) Each opportunity internship graduate who completes a postsecondary program of study shall receive a job interview with an employer participating in an opportunity internship consortium that has agreed to provide such interviews; and

(c) For each opportunity internship graduate who completes a postsecondary program of study, obtains employment in a high-demand occupation that pays a starting salary or wages of not less than thirty thousand dollars per year, and remains employed for at least six months, the participating opportunity internship consortium shall be eligible to receive an incentive payment as provided in RCW 28C.18.168.

(2) The opportunity internship program shall be administered by the board and the board may adopt rules to implement the program. [2009 c 238 § 2.]

**Findings—Intent—2009 c 238:** "(1) The legislature finds that moving low-income high school students efficiently through a progression of career exploration, internships or preapprenticeships in high-demand occupations, and completion of postsecondary education benefits these students by increasing the relevance of their high school education, increasing their connection to the working world, accelerating their entry into a high-demand occupation, and increasing their earnings and opportunities.

(2) The legislature further finds that in a difficult economy, youth unemployment rates increase sharply. Providing paid internships and preapprenticeships to high school students creates not only an immediate short-term economic stimulus in local communities, but also creates the potential to sustain that economic recovery by making students better prepared for postsecondary education and employment in the types of occupations that will generate economic growth over the long term.

(3) The legislature further finds that moving students efficiently through secondary and postsecondary education reduces state expenditures by improving on-time graduation and postsecondary retention and increases state revenues by providing for graduates with higher lifelong earnings and taxpaying potential.

(4) Employers and local economies benefit from the development of a long-term relationship with potential employees and a more consistent pipeline of skilled workers into the occupations for which they are having the

most trouble finding skilled workers.

(5) Therefore the legislature intends to provide incentives for local consortia of employers, labor organizations, educational institutions, and workforce and economic development councils to use existing funds to build educational and employment pipelines to high-demand occupations for low-income high school students." [2009 c 238 § 1.]

**Outcome evaluation—2009 c 238:** "(1) The workforce training and education coordinating board shall conduct an outcome evaluation of opportunity internship programs. At a minimum, the analysis shall examine the financial benefits of on-time graduation, youth employment while in high school, postsecondary education enrollment and completion, and adult employment in high-demand occupations compared to the local and state costs of the programs.

(2) The board shall submit a preliminary analysis to the governor and the education and higher education committees of the legislature by December 1, 2012, and a final analysis by December 1, 2014." [2009 c 238 § 11.]

**28C.18.162 Opportunity internship program—Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this section and RCW 28C.18.160 and 28C.18.164 through 28C.18.168.

(1) "High-demand occupation" means an occupation with a substantial number of current or projected employment opportunities.

(2) "Low-income high school student" means a student who is enrolled in grades ten, eleven, or twelve in a public high school and who qualifies for federal free or reduced-price meals. If a student qualifies at the time the student begins participating in the opportunity internship program, the student remains eligible even if the student does not receive free or reduced-price meals thereafter. To participate in the program, the student must remain enrolled in high school until the student receives a high school diploma.

(3) "Opportunity internship consortium" means a local consortium formed for the purpose of participating in the opportunity internship program and which may be composed of a local workforce development council, economic development council, area high schools, community or technical colleges, apprenticeship councils, preapprenticeship programs such as running start for the trades, private vocational schools licensed under chapter 28C.10 RCW, public and private four-year institutions of higher education, employers in targeted industries, and labor organizations.

(4) "Opportunity internship graduate" means a low-income high school student who successfully completes an opportunity internship program and graduates from high school.

(5) "Postsecondary program of study" means an undergraduate or graduate certificate, apprenticeship, or degree program.

(6) "Preapprenticeship" means a program of at least ninety hours and not more than one hundred eighty hours in length that provides practical experience, education, preparation, and the development of skills that would be beneficial for entry into state-approved apprenticeship programs, including but not limited to construction industry structure and the construction process; orientation to state-approved apprenticeship; tools of the various trades and safe handling of power tools; and industry standards of safety, responsibility, and craft excellence.

(7) "Targeted industry" means a business or industry identified by a local workforce development council as having high-demand occupations that require candidates to have

completed a postsecondary program of study. [2009 c 238 § 3.]

**Findings—Intent—2009 c 238:** See note following RCW 28C.18.160.

**28C.18.164 Opportunity internship program—Opportunity internship consortia—Contracts—Federal funds.** (1) Opportunity internship consortia may apply to the board to offer an opportunity internship program.

(a) The board, in consultation with the Washington state apprenticeship and training council, may select those consortia that demonstrate the strongest commitment and readiness to implement a high quality opportunity internship program for low-income high school students. The board shall place a priority on consortia with demonstrated experience working with similar populations of students and demonstrated capacity to assist a large number of students through the progression of internship or preapprenticeship, high school graduation, postsecondary education, and retention in a high-demand occupation. The board shall place a priority on programs that emphasize secondary career and technical education and nonbaccalaureate postsecondary education; however, programs that target four-year postsecondary degrees are eligible to participate.

(b) The board shall enter into a contract with each consortium selected to participate in the program. No more than ten consortia per year shall be selected to participate in the program, and to the extent possible, the board shall assure a geographic distribution of consortia in regions across the state emphasizing a variety of targeted industries. Each consortium may select no more than one hundred low-income high school students per year to participate in the program.

(2) Under the terms of an opportunity internship program contract, an opportunity internship consortium shall commit to the following activities which shall be conducted using existing federal, state, local, or private funds available to the consortium:

(a) Identify high-demand occupations in targeted industries for which opportunity internships or preapprenticeships shall be developed and provided;

(b) Develop and implement the components of opportunity internships, including paid or unpaid internships or preapprenticeships of at least ninety hours in length in high-demand occupations with employers in the consortium, mentoring and guidance for students who participate in the program, assistance with applications for postsecondary programs and financial aid, and a guarantee of a job interview with a participating employer for all opportunity internship graduates who successfully complete a postsecondary program of study;

(c) Once the internship or preapprenticeship components have been developed, conduct outreach efforts to inform low-income high school students about high-demand occupations, the opportunity internship program, options for postsecondary programs of study, and the incentives and opportunities provided to students who participate in the program;

(d) Obtain appropriate documentation of the low-income status of students who participate in the program;

(e) Maintain communication with opportunity internship graduates of the consortium who enroll in postsecondary programs of study; and

(f) Submit an annual report to the board on the progress of and participation in the opportunity internship program of the consortium.

(3) Opportunity internship consortia are encouraged to:

(a) Provide paid opportunity internships or preapprenticeships, including during the summer months to encourage students to stay enrolled in high school;

(b) Work with high schools to offer opportunity internships as approved worksite learning experiences where students can earn high school credit;

(c) Designate the local workforce development council as fiscal agent for the opportunity internship program contract;

(d) Work with area high schools to incorporate the opportunity internship program into comprehensive guidance and counseling programs such as the navigation 101 program; and

(e) Coordinate the opportunity internship program with other workforce development and postsecondary education programs, including opportunity grants, the college bound scholarship program, federal workforce investment act initiatives, and college access challenge grants.

(4) The board shall seek federal funds that may be used to support the opportunity internship program, including providing the incentive payments under RCW 28C.18.168. [2009 c 238 § 4.]

**Findings—Intent—2009 c 238:** See note following RCW 28C.18.160.

**28C.18.166 Opportunity internship program—List of consortium graduates—Notifying higher education coordinating board of state need grant eligibility.** On an annual basis, each opportunity internship consortium shall provide the board with a list of the opportunity internship graduates from the consortium. The board shall compile the lists from all consortia and shall notify the higher education coordinating board of the eligibility of each graduate on the lists to receive a state need grant under chapter 28B.92 RCW if the graduate enrolls in a postsecondary program of study within one year of high school graduation. [2009 c 238 § 5.]

**Findings—Intent—2009 c 238:** See note following RCW 28C.18.160.

**28C.18.168 Opportunity internship program—List of employed graduates—Verification—Incentive payments.** (1) On an annual basis, each opportunity internship consortium shall provide the board with a list of the opportunity internship graduates from the consortium who have completed a postsecondary program of study, obtained employment in a high-demand occupation that pays a starting salary or wages of not less than thirty thousand dollars per year, and remained employed for at least six months.

(2) The board shall verify the information on the lists from each consortium. Subject to funds appropriated or otherwise available for this purpose, the board shall allocate to each consortium an incentive payment of two thousand dollars for each graduate on the consortium's list. In the event that insufficient funds are appropriated to provide a full payment, the board shall prorate payments across all consortia and shall notify the governor and the legislature of the amount of the shortfall.

[2009 RCW Supp—page 484]

(3) Opportunity internship consortia shall use the incentive payments to continue operating opportunity internship programs. [2009 c 238 § 6.]

**Findings—Intent—2009 c 238:** See note following RCW 28C.18.160.

**28C.18.170 Green industry skill panels—Prioritization of workforce training programs.** (1) The legislature directs the board to create and pilot green industry skill panels. These panels shall consist of business representatives from industry sectors related to clean energy, labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries, state and local veterans agencies, employer associations, educational institutions, and local workforce development councils within the region that the panels propose to operate, and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state's clean energy economy as identified in this section, for middle or high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall, in consultation with the department and the \*leadership team:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Recommend strategies to meet the recruitment and training needs of the industry and small businesses; and

(c) Recommend strategies to leverage and align other public and private funding sources.

(2) The board may prioritize workforce training programs that lead to a credential, certificate, or degree in green economy jobs. For purposes of this section, green economy jobs include those in the primary industries of a green economy, including clean energy, high-efficiency building, green transportation, and environmental protection. Prioritization efforts may include but are not limited to: (a) Prioritization of the use of high employer-demand funding for workforce training programs in green economy jobs; (b) increased outreach efforts to public utilities, education, labor, government, and private industry to develop tailored, green job training programs; and (c) increased outreach efforts to target populations. Outreach efforts may be conducted in partnership with local workforce development councils.

(3) The definitions in RCW 43.330.010 apply to this section. [2009 c 536 § 8.]

A residential address may be either a traditional address or a nontraditional address. A traditional address consists of a street number and name, optional apartment number or unit number, and city or town, as assigned by a local government, which serves to identify the parcel or building of residence and the unit if a multiunit residence. A nontraditional address consists of a narrative description of the location of the voter's residence, and may be used when a traditional address has not been assigned to the voter's residence.

(3) All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote.

(4) Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application. (g) Provide access for county auditors that includes the capability to update registrations and search for duplicate registrations; and

(h) Provide for the cancellation of registrations of voters who have moved out of state.

(10) The secretary of state may, upon agreement with other appropriate jurisdictions, screen against any available databases maintained by election officials in other states and databases maintained by federal agencies including, but not limited to, the federal bureau of investigation, the federal court system, the federal bureau of prisons, and the bureau of citizenship and immigration services.

(11) The database shall retain information regarding previous successful appeals of proposed cancellations of registrations in order to avoid repeated cancellations for the same reason.

(12) Each county auditor shall maintain a list of all registered voters within the county that are contained on the official statewide voter registration list. In addition to the information maintained in the statewide database, the county database must also maintain the applicable taxing district and precinct codes for each voter in the county, and a list of elections in which the individual voted.

(13) Each county auditor shall allow electronic access and information transfer between the county's voter registration system and the official statewide voter registration list. Election officials shall not include persons who are ongoing absentee voters under RCW 29A.40.040 in determining the maximum permissible size of vote-by-mail precincts or in determining the maximum permissible size of precincts. **Findings—Intent—Construction—Severability—Subheadings and part headings not law—Short title—Effective date—2008 c 1 (Initiative Measure No. 960):** See notes following RCW 43.135.031.

**29A.32.040 Explanatory statements.** (1) Explanatory statements prepared by the attorney general under RCW 29A.32.070 (3) and (4) must be written in clear and concise language, avoiding legal and technical terms when possible, and filed with the secretary of state no later than the tenth day of August.

**29A.32.050 Notice of constitutional amendments and state measures—Explanatory statement.** The attorney general shall, by the tenth day of August preceding each general election, prepare the explanatory statements required under RCW 29A.32.070 (3) and (4). Such statements shall be prepared in clear and concise language and shall avoid the use of legal and other technical terms insofar as possible. Any person dissatisfied with the explanatory statement so prepared may at any time within ten days from the filing thereof in the office of the secretary of state appeal to the superior court of Thurston county by petition setting forth the proposed state measure, the explanatory statement prepared by the attorney general, and his or her objection thereto and praying for the amendment thereof. A copy of the petition and a notice of such appeal shall be served on the secretary of state and the attorney general. The court shall, upon filing of the petition, examine the proposed state measure, the explanatory statement, and the objections thereto and may hear argument thereon and shall, as soon as possible, render its decision and certify to and file with the secretary of state such explanatory statement as it determines will meet the requirement of RCW 29A.52.330, 29A.52.340, and this section. **29A.32.070 Format, layout, contents.** The secretary of state shall determine the format and layout of the voters' pamphlet published under RCW 29A.32.010. The secretary of state shall print the pamphlet in clear, readable type on a size, quality, and weight of paper that in the judgment of the secretary of state best serves the voters. The pamphlet must contain a table of contents. Measures and arguments must be printed in the order specified by RCW 29A.72.290.

The voters' pamphlet must provide the following information for each statewide issue on the ballot except measures for an advisory vote of the people whose requirements are provided in subsection (11) of this section:

(1) The legal identification of the measure by serial designation or number;

(2) The official ballot title of the measure;

(3) A statement prepared by the attorney general explaining the law as it presently exists;

(4) A statement prepared by the attorney general explaining the effect of the proposed measure if it becomes law;

(6) The total number of votes cast for and against the measure in the senate and house of representatives, if the measure has been passed by the legislature;

(7) An argument advocating the voters' approval of the measure together with any statement in rebuttal of the opposing argument;

(8) An argument advocating the voters' rejection of the measure together with any statement in rebuttal of the opposing argument;

(9) Each argument or rebuttal statement must be followed by the names of the committee members who submitted them, and may be followed by a telephone number that citizens may call to obtain information on the ballot measure;

(10) The full text of \*the measure;

(11) Two pages shall be provided in the general election voters' pamphlet for each measure for an advisory vote of the people under RCW 43.135.041 and shall consist of the serial number assigned by the secretary of state under RCW 29A.72.040, the short description formulated by the attorney general under RCW 29A.72.283, the tax increase's most up-to-date ten-year cost projection, including a year-by-year breakdown, by the office of financial management under RCW 43.135.031, and the names of the legislators, and their contact information, and how they voted on the increase upon final passage so they can provide information to, and answer questions from, the public. For the purposes of this subsection, "names of legislators, and their contact information" includes each legislator's position (senator or representative), first name, last name, party affiliation (for example, Democrat or Republican), city or town they live in, office phone number, and office e-mail address. [2009 c 415 § 5; prior: 2008 c 1 § 13 (Initiative Measure No. 960, approved November 6, 2007); 2003 c 111 § 807; prior: 2002 c 139 § 2; 1999 c 260 § 5. Formerly RCW 29.81.250.]

**Reviser's note:** \*(1) The word "each" was changed to "the" in 2008 c 1 § 13 (Initiative Measure No. 960) without enclosing "each" in double parentheses and underlining "the."

(2) RCW 29A.32.070 was amended by 2008 c 1 § 13 (Initiative Measure No. 960) without enclosing by double parentheses all material proposed for deletion and underlining all proposed new material, in amendatory sections. See RCW 29A.32.080.

**Findings—Intent—Construction—Severability—Subheadings and part headings not law—Short title—Effective date—2008 c 1 (Initiative Measure No. 960):** See notes following RCW 43.135.031.

**29A.32.090 Arguments—Rejection, dispute.** (1) If in the opinion of the secretary of state any argument or statement offered for inclusion in the voters' pamphlet in support of or opposition to a measure or candidate contains obscene matter or matter that is otherwise prohibited by law from distribution through the mail, the secretary may petition the superior court of Thurston county for a judicial determination that the argument or statement may be rejected for publication or edited to delete the matter. The court shall not enter such an order unless it concludes that the matter is obscene or otherwise prohibited for distribution through the mail.

(2) A candidate's statement submitted for inclusion in the voters' pamphlet shall not contain false or misleading statements about the candidate's opponent. A false or misleading statement shall be considered "libel or defamation per se" if the statement tends to expose the candidate to hatred, contempt, ridicule, or obloquy, or to deprive him or her of the benefit of public confidence or social intercourse, or to injure him or her in his or her business or occupation. If a candidate believes his or her opponent has libeled or defamed him or her, the candidate may commence an action under subsection (3) of this section.

(3)(a) A person who believes that he or she may be defamed by an argument or statement offered for inclusion in the voters' pamphlet in support of or opposition to a measure or candidate may petition the superior court of Thurston county for a judicial determination that the argument or statement may be rejected for publication or edited to delete the defamatory statement.

(b) The court shall not enter such an order unless it concludes that the statement is untrue and that the petitioner has a very substantial likelihood of prevailing in a defamation action.

(c) An action under this subsection (3) must be filed and served no later than the tenth day after the deadline for the submission of the argument or statement to the secretary of state.

(d) If the secretary of state notifies a person named or identified in an argument or statement of the contents of the argument or statement within three days after the deadline for submission to the secretary, then neither the state nor the secretary is liable for damages resulting from publication of the argument or statement unless the secretary publishes the argument or statement in violation of an order entered under this section. Nothing in this section creates a duty on the part of the secretary of state to identify, locate, or notify the person.

(4) Parties to a dispute under this section may agree to resolve the dispute by rephrasing the argument or statement, even if the deadline for submission to the secretary has elapsed, unless the secretary determines that the process of publication is too far advanced to permit the change. The secretary shall promptly provide any such revision to any committee entitled to submit a rebuttal argument. If that committee has not yet submitted its rebuttal, its deadline to submit a rebuttal is extended by five days. If it has submitted a rebuttal, it may revise it to address the change within five days of the filing of the revised argument with the secretary.

(5) In an action under this section the committee or candidate must be named as a defendant, and may be served with process by certified mail directed to the address contained in the secretary's records for that party. The secretary of state shall be a nominal party to an action brought under subsection (3) of this section, solely for the purpose of determining the content of the voters' pamphlet. The superior court shall give such an action priority on its calendar. [2009 c 222 § 3; 2003 c 111 § 809. Prior: 1999 c 260 § 8. Formerly RCW 29.81.280.]

Nothing in this act is intended to impose any new requirement on the ability of the registered voters or electors of this state to qualify for, receive, or cast absentee ballots in any primary or election." [2009 RCW Supp—page 502]

**29A.40.020 Request for single ballot.** (1) Except as otherwise provided by law, a registered voter, overseas voter, or service voter desiring to cast an absentee ballot at a single election or primary must request the absentee ballot from his or her county auditor no earlier than ninety days nor later than the day before the election or primary at which the person seeks to vote. Except as otherwise provided by law, the request may be made orally in person, by telephone, electronically, or in writing. An application or request for an absentee ballot made under the authority of a federal statute or regulation will be considered and given the same effect as a request for an absentee ballot under this chapter.

(2) A voter requesting an absentee ballot for a primary may also request an absentee ballot for the following general election. A request by an overseas voter or service voter for an absentee ballot for a primary election will be considered as a request for an absentee ballot for the following general election.

(3) In requesting an absentee ballot, the voter shall state the address to which the absentee ballot should be sent. A request for an absentee ballot from an overseas voter or service voter must include the address of the last residence in the state of Washington and either a written application or the oath on the return envelope must include a declaration of the other qualifications of the applicant as an elector of this state. A request for an absentee ballot from any other voter must state the address at which that voter is currently registered to vote in the state of Washington or the county auditor shall verify that information from the voter registration records of the county.

(4) A request for an absentee ballot from a registered voter who is within this state must be made directly to the auditor of the county in which the voter is registered. An absentee ballot request from a registered voter who is temporarily outside this state or from an overseas voter or service voter may be made either to the appropriate county auditor or to the secretary of state, who shall promptly forward the request to the appropriate county auditor.

(5) No person, organization, or association may distribute absentee ballot applications within this state that contain a return address other than that of the appropriate county auditor. [2009 c 369 § 37; 2003 c 111 § 1002; 2001 c 241 § 2. Formerly RCW 29.36.220.]

**29A.40.061 Issuance of ballot and other materials (*as amended by 2009 c 369*).** (1) The county auditor shall issue an absentee ballot for the primary or election for which it was requested, or for the next occurring primary or election when ongoing absentee status has been requested if the information contained in a request for an absentee ballot or ongoing absentee status received by the county auditor is complete and correct and the applicant is qualified to vote under federal or state law. Otherwise, the county auditor shall notify the applicant of the reason or reasons why the request cannot be accepted. Whenever two or more candidates have filed for the position of precinct committee officer for the same party in the same precinct, the contest for that position must be presented to absentee voters from that precinct by either including the contest on the regular absentee ballot or a separate absentee ballot. The ballot must provide space designated for writing in the name of additional candidates.

(2) A registered voter may obtain a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter. The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each replacement ballot provided under this subsection.

(3) A copy of the state voters' pamphlet must be sent to ((registered voters temporarily outside the state, out-of-state voters,)) overseas voters((-))

and service voters along with the absentee ballot if such a pamphlet has been prepared for the primary or election and is available to the county auditor at the time of mailing. The county auditor shall mail all absentee ballots and related material to overseas and service voters (outside the territorial limits of the United States and the District of Columbia) under 39 U.S.C. 3406. [2009 c 369 § 38; 2004 c 271 § 134.]

**29A.40.061 Issuance of ballot and other materials (as amended by 2009 c 415).** (1) The county auditor shall issue an absentee ballot for the primary or election for which it was requested, or for the next occurring primary or election when ongoing absentee status has been requested if the information contained in a request for an absentee ballot or ongoing absentee status received by the county auditor is complete and correct and the applicant is qualified to vote under federal or state law. Otherwise, the county auditor shall notify the applicant of the reason or reasons why the request cannot be accepted. Whenever two or more candidates have filed for the position of precinct committee officer for the same party in the same precinct, the contest for that position must be presented to absentee voters from that precinct by either including the contest on the regular absentee ballot or a separate absentee ballot. The ballot must provide space designated for writing in the name of additional candidates.

(2) A registered voter may obtain a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter. The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each replacement ballot provided under this subsection.

(3) ~~(A copy of the state voters' pamphlet must be sent to registered voters temporarily outside the state, out-of-state voters, overseas voters, and service voters along with the absentee ballot if such a pamphlet has been prepared for the primary or election and is available to the county auditor at the time of mailing.)~~ The county auditor shall mail all absentee ballots and related material to voters outside the territorial limits of the United States and the District of Columbia under 39 U.S.C. 3406. If candidate and ballot measure information is available on the web site of the county auditor or secretary of state, the county auditor shall provide the appropriate web site information with the ballot materials. [2009 c 415 § 6; 2004 c 271 § 134.]

**Reviser's note:** RCW 29A.40.061 was amended twice during the 2009 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

*Alternative forms of identification—Voting procedure: RCW 29A.08.113.*

**29A.40.091 Envelopes and instructions.** The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The absentee voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and, except as otherwise provided by law, it is illegal to cast a ballot or sign an absentee envelope on behalf of another voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. It must also contain a space so that the voter may include a telephone number. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the

space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope must also have a secrecy flap that the voter may seal that will cover the voter's signature and optional telephone number. For overseas voters and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first-class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed. [2009 c 369 § 39; 2005 c 246 § 21; 2004 c 271 § 135.]

**Effective date—2005 c 246:** See note following RCW 10.64.140.

**29A.40.110 Processing incoming ballots.** (1) The opening and subsequent processing of return envelopes for any primary or election may begin upon receipt. The tabulation of absentee ballots must not commence until after 8:00 p.m. on the day of the primary or election.

(2) All received absentee return envelopes must be placed in secure locations from the time of delivery to the county auditor until their subsequent opening. After opening the return envelopes, the county canvassing board shall place all of the ballots in secure storage until after 8:00 p.m. of the day of the primary or election. Absentee ballots that are to be tabulated on an electronic vote tallying system may be taken from the inner envelopes and all the normal procedural steps may be performed to prepare these ballots for tabulation.

(3) Before opening a returned absentee ballot, the canvassing board, or its designated representatives, shall examine the postmark, statement, and signature on the return envelope that contains the security envelope and absentee ballot. All personnel assigned to verify signatures must receive training on statewide standards for signature verification. Personnel shall verify that the voter's signature on the return envelope is the same as the signature of that voter in the registration files of the county. Verification may be conducted by an automated verification system approved by the secretary of state. For any absentee ballot, a variation between the signature of the voter on the return envelope and the signature of that voter in the registration files due to the substitution of initials or the use of common nicknames is permitted so long as the surname and handwriting are clearly the same.

(4) For registered voters casting absentee ballots, the date on the return envelope to which the voter has attested determines the validity, as to the time of voting for that absentee ballot if the postmark is missing or is illegible. For overseas voters and service voters, the date on the return

envelope to which the voter has attested determines the validity as to the time of voting for that absentee ballot. [2009 c 369 § 40. **29A.48.010 Mail ballot counties and precincts.** (1) With express authorization from the county legislative authority, the county auditor may conduct all primary, special, and general elections entirely by mail ballot. The county legislative authority must give the county auditor at least ninety days' notice before the first election to be conducted entirely by mail ballot. If the county legislative authority and the county auditor decide to return to a polling place election environment, the county legislative authority must give the

county auditor at least one hundred eighty days' notice before the first election to be conducted using polling places. Authorization under this subsection must apply to all primary, special, and general elections conducted by the county auditor.

(2) The county auditor may designate any precinct having fewer than two hundred active registered voters at the time of closing of voter registration as provided in \*RCW 29A.08.140 as a mail ballot precinct. Authorization from the county legislative authority is not required to designate a precinct as a mail ballot precinct under this subsection. In determining the number of registered voters in a precinct for the purposes of this section, persons who are ongoing absentee voters under RCW 29A.40.040 shall not be counted. Nothing in this section may be construed as altering the vote tallying requirements of RCW 29A.60.230.

(3) The county auditor shall notify each registered voter by mail that for all future primaries and elections the voting will be by mail ballot only. 29A.56.300 States' agreement—Presidential election—National popular vote.

29A.56.320 Nomination—Pledge by electors—What names on ballots—How counted.

**29A.56.300 States' agreement—Presidential election—National popular vote.** The agreement among the states to elect the president by national popular vote is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

### ARTICLE I - Membership

Any state of the United States and the District of Columbia may become a member of this agreement by enacting this agreement.

ARTICLE II - Right of the People in Member States  
to Vote for President and Vice President

Each member state shall conduct a statewide popular election for president and vice president of the United States.

ARTICLE III - Manner of Appointing Presidential Electors  
in Member States

Prior to the time set by law for the meeting and voting by the presidential electors, the chief election official of each member state shall determine the number of votes for each presidential slate in each state of the United States and in the District of Columbia in which votes have been cast in a statewide popular election and shall add such votes together to produce a "national popular vote total" for each presidential slate.

The chief election official of each member state shall designate the presidential slate with the largest national popular vote total as the "national popular vote winner."

The presidential elector certifying official of each member state shall certify the appointment in that official's own state of the elector slate nominated in that state in association with the national popular vote winner.

At least six days before the day fixed by law for the meeting and voting by the presidential electors, each member state shall make a final determination of the number of popular votes cast in the state for each presidential slate and shall communicate an official statement of such determination within twenty-four hours to the chief election official of each other member state.

The chief election official of each member state shall treat as conclusive an official statement containing the number of popular votes in a state for each presidential slate made by the day established by federal law for making a state's final determination conclusive as to the counting of electoral votes by congress.

In event of a tie for the national popular vote winner, the presidential elector certifying official of each member state shall certify the appointment of the elector slate nominated in association with the presidential slate receiving the largest number of popular votes within that official's own state.

If, for any reason, the number of presidential electors nominated in a member state in association with the national popular vote winner is less than or greater than that state's number of electoral votes, the presidential candidate on the presidential slate that has been designated as the national popular vote winner shall have the power to nominate the presidential electors for that state and that state's presidential elector certifying official shall certify the appointment of such nominees.

The chief election official of each member state shall immediately release to the public all vote counts or statements of votes as they are determined or obtained.

This article shall govern the appointment of presidential electors in each member state in any year in which this agreement is, on July 20, in effect in states cumulatively possessing a majority of the electoral votes.

ARTICLE IV - Other Provisions

This agreement shall take effect when states cumulatively possessing a majority of the electoral votes have

enacted this agreement in substantially the same form and the enactments by such states have taken effect in each state.

Any member state may withdraw from this agreement, except that a withdrawal occurring six months or less before the end of a president's term shall not become effective until a president or vice president shall have been qualified to serve the next term.

The chief executive of each member state shall promptly notify the chief executive of all other states of when this agreement has been enacted and has taken effect in that official's state, when the state has withdrawn from this agreement, and when this agreement takes effect generally.

This agreement shall terminate if the electoral college is abolished.

If any provision of this agreement is held invalid, the remaining provisions shall not be affected.

ARTICLE V - Definitions

For purposes of this agreement:

"Chief executive" shall mean the governor of a state of the United States or the mayor of the District of Columbia;

"Elector slate" shall mean a slate of candidates who have been nominated in a state for the position of presidential elector in association with a presidential slate;

"Chief election official" shall mean the state official or body that is authorized to certify the total number of popular votes for each presidential slate;

"Presidential elector" shall mean an elector for president and vice president of the United States;

"Presidential elector certifying official" shall mean the state official or body that is authorized to certify the appointment of the state's presidential electors;

"Presidential slate" shall mean a slate of two persons, the first of whom has been nominated as a candidate for president of the United States and the second of whom has been nominated as a candidate for vice president of the United States, or any legal successors to such persons, regardless of whether both names appear on the ballot presented to the voter in a particular state;

"State" shall mean a state of the United States and the District of Columbia; and

"Statewide popular election" shall mean a general election in which votes are cast for presidential slates by individual voters and counted on a statewide basis. [2009 c 264 § 2.]

**Intent—2009 c 264:** "It is the intent of the legislature to enter into the agreement among the states to elect the president by national popular vote. This agreement is a contract between the member states. As a contract, this agreement is governed by the legal principles applicable to contracts. As with a contract, in order for this agreement to have the force of law in a jurisdiction that wishes to enter into the agreement, it must be accepted in precisely the same terms that constitute the offer. Any material variance between the offer and acceptance precludes the formation of a contract. Therefore, the agreement among the states to elect the president by national popular vote must be enacted by Washington under identical terms as contained in the agreement and as enacted by Hawaii, Illinois, Maryland, and New Jersey, subject to only nonmaterial changes." [2009 c 264 § 1.]

**29A.56.320 Nomination—Pledge by electors—What names on ballots—How counted.** In the year in which a presidential election is held, each major political party and each minor political party or independent candidate convention held under chapter 29A.20 RCW that nominates candidates for president and vice president of the United States

shall nominate presidential electors for this state. The party or convention shall file with the secretary of state a certificate signed by the presiding officer of the convention at which the presidential electors were chosen, listing the names and addresses of the presidential electors. Each presidential elector shall execute and file with the secretary of state a pledge that, as an elector, he or she will vote for the candidates nominated by that party. The names of presidential electors shall not appear on the ballots. The votes cast for candidates for president and vice president of each political party shall be counted for the candidates for presidential electors of that political party; however, if the interstate compact entitled the "agreement among the states to elect the president by national popular vote," as set forth in RCW 29A.56.300, governs the appointment of the presidential electors for a presidential election as provided in clause 9 of Article III of that compact, then the final appointment of presidential electors for that presidential election shall be in accordance with that compact. The director shall accept, in lieu of an investigation or part of an investigation required by this section, any report or document that the bank is required to prepare or file with one or more federal agencies by the act of Congress entitled the "Community Reinvestment Act of 1977" and the regulations promulgated in accordance with that act, to the extent such reports or documents assist the director in making an assessment based upon the factors outlined in subsection (2) of this section.

(2) In making an investigation required under subsection (1) of this section, the director shall consider, independent of any federal determination, the following factors in assessing the bank's record of performance:

(m) Other factors that, in the judgment of the director, reasonably bear upon the extent to which an institution is helping to meet the credit needs of its entire community.

(3) The director shall include as part of the examination report, a summary of the results of the assessment required under subsection (1) of this section and shall assign annually to each bank a numerical community reinvestment rating based on a one through five scoring system. **31.04.015 Definitions.** The definitions set forth in this section apply throughout this chapter unless the context clearly requires a different meaning.

(1) "Add-on method" means the method of precomputing interest payable on a loan whereby the interest to be earned is added to the principal balance and the total plus any charges allowed under this chapter is stated as the loan amount, without further provision for the payment of interest except for failure to pay according to loan terms. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

(2) "Applicant" means a person applying for a license under this chapter.

(3) "Borrower" means any person who consults with or retains a licensee or person subject to this chapter in an effort to obtain or seek information about obtaining a loan, regardless of whether that person actually obtains such a loan.

(4) "Depository institution" has the same meaning as in section 3 of the federal deposit insurance act on July 26, 2009, and includes credit unions.

(5) "Director" means the director of financial institutions.

(6) "Federal banking agencies" means the board of governors of the federal reserve system, comptroller of the currency, director of the office of thrift supervision, national credit union administration, and federal deposit insurance corporation.

(7) "Individual servicing a mortgage loan" means a person on behalf of a lender or servicer licensed by this state, who collects or receives payments including payments of principal, interest, escrow amounts, and other amounts due, on existing obligations due and owing to the licensed lender or servicer for a residential mortgage loan when the borrower is in default, or in reasonably foreseeable likelihood of default, working with the borrower and the licensed lender or servicer, collects data and makes decisions necessary to modify either temporarily or permanently certain terms of those obligations, or otherwise finalizing collection through the foreclosure process.

(8) "Insurance" means life insurance, disability insurance, property insurance, involuntary unemployment insurance, and such other insurance as may be authorized by the insurance commissioner.

(9) "License" means a single license issued under the authority of this chapter with respect to a single place of business.

(10) "Licensee" means a person to whom one or more licenses have been issued.

(11) "Loan" means a sum of money lent at interest or for a fee or other charge and includes both open-end and closed-end loan transactions.

(12) "Loan processor" means an individual who performs clerical or support duties as an employee at the direction of and subject to the supervision and instruction of a person licensed, or exempt from licensing, under chapter 19.146 RCW.

(13) "Making a loan" means advancing, offering to advance, or making a commitment to advance funds to a borrower for a loan.

(14) "Mortgage broker" means the same as defined in RCW 19.146.010, except that for purposes of this chapter, a

licensee or person subject to this chapter cannot receive compensation as both a consumer loan licensee making the loan and as a consumer loan licensee acting as the mortgage broker in the same loan transaction.

(15)(a) "Mortgage loan originator" means an individual who for compensation or gain (i) takes a residential mortgage loan application, or (ii) offers or negotiates terms of a residential mortgage loan. "Mortgage loan originator" does not include any individual who performs purely administrative or clerical tasks; and does not include a person or entity solely involved in extensions of credit relating to timeshare plans, as that term is defined in section 101(53D) of Title 11, United States Code. For the purposes of this definition, administrative or clerical tasks means the receipt, collection, and distribution of information common for the processing of a loan in the mortgage industry and communication with a consumer to obtain information necessary for the processing of a residential mortgage loan.

(b) "Mortgage loan originator" does not include a person or entity that only performs real estate brokerage activities and is licensed or registered in accordance with applicable state law, unless the person or entity is compensated by a lender, a mortgage broker, or other mortgage loan originator or by any agent of such a lender, mortgage broker, or other mortgage loan originator. For the purposes of chapter 120, Laws of 2009, the term "real estate brokerage activity" means any activity that involves offering or providing real estate brokerage services to the public, including:

(i) Acting as a real estate agent or real estate broker for a buyer, seller, lessor, or lessee of real property;

(ii) Bringing together parties interested in the sale, purchase, lease, rental, or exchange of real property;

(iii) Negotiating, on behalf of any party, any portion of a contract relating to the sale, purchase, lease, rental, or exchange of real property, other than in connection with providing financing with respect to such a transaction;

(iv) Engaging in any activity for which a person engaged in the activity is required to be registered or licensed as a real estate agent or real estate broker under any applicable law; and

(v) Offering to engage in any activity, or act in any capacity, described in (b)(i) through (iv) of this subsection.

(c) This subsection does not apply to an individual servicing a mortgage loan before July 1, 2011.

(16) "Nationwide mortgage licensing system and registry" means a mortgage licensing system developed and maintained by the conference of state bank supervisors and the American association of residential mortgage regulators for the licensing and registration of mortgage loan originators.

(17) "Officer" means an official appointed by the company for the purpose of making business decisions or corporate decisions.

(18) "Person" includes individuals, partnerships, associations, limited liability companies, limited liability partnerships, trusts, corporations, and all other legal entities.

(19) "Principal" means any person who controls, directly or indirectly through one or more intermediaries, alone or in concert with others, a ten percent or greater interest in a partnership; company; association or corporation; or a limited liability company, and the owner of a sole proprietorship.

(20) "Registered mortgage loan originator" means any individual who meets the definition of mortgage loan originator and is an employee of a depository institution; a subsidiary that is owned and controlled by a depository institution and regulated by a federal banking agency; or an institution regulated by the farm credit administration and is registered with, and maintains a unique identifier through, the nationwide mortgage licensing system and registry.

(21) "Residential mortgage loan" means any loan primarily for personal, family, or household use that is secured by a mortgage, deed of trust, or other equivalent consensual security interest on a dwelling, as defined in section 103(v) of the truth in lending act, or residential real estate upon which is constructed or intended to be constructed a dwelling.

(22) "S.A.F.E. act" means the secure and fair enforcement for mortgage licensing act of 2008, Title V of the housing and economic recovery act of 2008 ("HERA"), P.L. 110-289, effective July 30, 2008.

(23) "Senior officer" means an officer of a licensee at the vice president level or above.

(24) "Simple interest method" means the method of computing interest payable on a loan by applying the annual percentage interest rate or its periodic equivalent to the unpaid balances of the principal of the loan outstanding for the time outstanding with each payment applied first to any unpaid penalties, fees, or charges, then to accumulated interest, and the remainder of the payment applied to the unpaid balance of the principal until paid in full. In using such method, interest shall not be payable in advance nor compounded, except that on a loan secured by real estate, a licensee may collect at the time of the loan closing up to but not exceeding forty-five days of prepaid interest. The prohibition on compounding interest does not apply to reverse mortgage loans made in accordance with the Washington state reverse mortgage act. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

(25) "Third-party service provider" means any person other than the licensee or a mortgage broker who provides goods or services to the licensee or borrower in connection with the preparation of the borrower's loan and includes, but is not limited to, credit reporting agencies, real estate brokers or salespersons, title insurance companies and agents, appraisers, structural and pest inspectors, or escrow companies.

(26) "Unique identifier" means a number or other identifier assigned by protocols established by the nationwide mortgage licensing system and registry. [2009 c 149 § 12; 2009 c 120 § 2; 2001 c 81 § 1; 1994 c 92 § 161; 1991 c 208 § 2.]

**Reviser's note:** This section was amended by 2009 c 120 § 2 and by 2009 c 149 § 12, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Findings—Declarations—2009 c 120:** "The legislature finds and declares that accessibility to credit is vital to the citizens of this state. The legislature declares that it is essential for the protection of citizens of this state and the stability of the state's economy that standards for licensing and regulation of the business practices of lenders be imposed. The legislature further finds that the activities of lenders and mortgage loan originators and the origination or offering of financing for residential real property have a direct, valuable, and immediate impact upon this state's consumers, this state's economy, the neighborhoods and communities of this state, and the housing and real estate industry. The legislature therefore declares that this

act is necessary to encourage responsible lending in all credit transactions, to protect borrowers, and to preserve access to credit in the residential real estate lending market." [2009 c 120 § 1.]

**31.04.025 Application of chapter (as amended by 2009 c 120).**

(2) The director may, at his or her discretion, waive applicability of the consumer loan company licensing provisions of this chapter to other persons, not including individuals subject to the S.A.F.E. act, making loans when the director determines it necessary to facilitate commerce and protect consumers. [2009 c 311 § 1; 2008 c 78 § 1; 2001 c 81 § 2; 1991 c 208 § 4.]

**Reviser's note:** RCW 31.04.025 was amended twice during the 2009 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

**Severability—2008 c 78:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2008 c 78 § 5.]

(1) Application for a license under this chapter must be made to the nationwide mortgage licensing system and registry or in the form prescribed by the director. The application must contain at least the following information:

- (a) The name and the business addresses of the applicant;
- (b) If the applicant is a partnership or association, the name of every member;
- (c) If the applicant is a corporation, the name, residence address, and telephone number of each officer and director;
- (d) The street address, county, and municipality from which business is to be conducted; and
- (e) Such other information as the director may require by rule.

(2) As part of or in connection with an application for any license under this section, or periodically upon license renewal, each officer, director, and owner applicant shall furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, the nationwide mortgage licensing system and registry, or any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business record; purposes; and other pertinent facts, as the director may reasonably require. As part of or in connection with an application for a license under this chapter, or periodically upon license renewal, the director is authorized to receive criminal history record information that includes nonconviction data as defined in RCW 10.97.030. The department may only disseminate nonconviction data obtained under this section to criminal justice agencies. This section does not apply to financial institutions regulated under chapters 31.12 and 31.13 RCW and Titles 30, 32, and 33 RCW.

(3) In order to reduce the points of contact which the federal bureau of investigation may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting information from and distributing information to the department of justice or any governmental agency.

(4) In order to reduce the points of contact which the director may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting and distributing information to and from any source so directed by the director.

(5) At the time of filing an application for a license under this chapter, each applicant shall pay to the director or through the nationwide mortgage licensing system and registry an investigation fee and the license fee in an amount

determined by rule of the director to be sufficient to cover the director's costs in administering this chapter.

(6) Each applicant shall file and maintain a surety bond, approved by the director, executed by the applicant as obligor and by a surety company authorized to do a surety business in this state as surety, whose liability as such surety shall not exceed in the aggregate the penal sum of the bond. The penal sum of the bond shall be a minimum of thirty thousand dollars and based on the annual dollar amount of loans originated. The bond shall run to the state of Washington as obligee for the use and benefit of the state and of any person or persons who may have a cause of action against the obligor under this chapter. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all the rules adopted under this chapter. The bond will pay to the state and any person or persons having a cause of action against the obligor all moneys that may become due and owing to the state and those persons under and by virtue of this chapter. In lieu of a surety bond, if the applicant is a Washington business corporation, the applicant may maintain unimpaired capital, surplus, and long-term subordinated debt in an amount that at any time its outstanding promissory notes or other evidences of debt (other than long-term subordinated debt) in an aggregate sum do not exceed three times the aggregate amount of its unimpaired capital, surplus, and long-term subordinated debt. The director may define qualifying "long-term subordinated debt" for purposes of this section. [2009 c 120 § 5; 2001 c 81 § 4; 1994 c 92 § 162; 1991 c 208 § 5.]

**Effective date—2009 c 120 § 5:** "In order to facilitate an orderly transition to licensing and minimize disruption in the mortgage marketplace, section 5 of this act takes effect January 1, 2010." [2009 c 120 § 32.]

**Findings—Declaration—2009 c 120:** See note following RCW 31.04.015.

**31.04.102 Loans secured, or not secured, by lien on real property—Licensee's obligations—Disclosure of fees and costs to borrower—Time limits.** (1) For all loans made by a licensee that are not secured by a lien on real property, the licensee must make disclosures in compliance with the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226, and all other applicable federal laws and regulations.

(2) For all loans made by a licensee that are secured by a lien on real property, the licensee shall provide to each borrower within three business days following receipt of a loan application a written disclosure containing an itemized estimation and explanation of all fees and costs that the borrower is required to pay in connection with obtaining a loan from the licensee. A good faith estimate of a fee or cost shall be provided if the exact amount of the fee or cost is not available when the disclosure is provided. Disclosure in a form which complies with the requirements of the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226, the real estate settlement procedures act and regulation X, 24 C.F.R. Sec. 3500, and all other applicable federal laws and regulations, as now or hereafter amended, shall be deemed to constitute compliance with this disclosure requirement. Each licensee shall comply with all other applicable federal and state laws and regulations.

(3) In addition, for all loans made by the licensee that are secured by a lien on real property, the licensee must provide to the borrower an estimate of the annual percentage rate on the loan and a disclosure of whether or not the loan contains a prepayment penalty within three days of receipt of a loan application. The annual percentage rate must be calculated in compliance with the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226. If a licensee provides the borrower with a disclosure in compliance with the requirements of the truth in lending act within three business days of receipt of a loan application, then the licensee has complied with this subsection. If the director determines that the federal government has required a disclosure that substantially meets the objectives of this subsection, then the director may make a determination by rule that compliance with this federal disclosure requirement constitutes compliance with this subsection.

(4) In addition for all consumer loans made by the licensee that are secured by a lien on real property, the licensee must provide the borrower with the one-page disclosure summary required in RCW 19.144.020. [2009 c 120 § 6; 2002 c 346 § 1; 2001 c 81 § 9.]

**Findings—Declaration—2009 c 120:** See note following RCW 31.04.015.

**31.04.105 Licensee—Powers—Restrictions.** Every licensee may:

(1) Lend money at a rate that does not exceed twenty-five percent per annum as determined by the simple interest method of calculating interest owed;

(2) In connection with the making of a loan, charge the borrower a nonrefundable, prepaid, loan origination fee not to exceed four percent of the first twenty thousand dollars and two percent thereafter of the principal amount of the loan advanced to or for the direct benefit of the borrower, which fee may be included in the principal balance of the loan;

(3) Agree with the borrower for the payment of fees to third parties other than the licensee who provide goods or services to the licensee in connection with the preparation of the borrower's loan, including, but not limited to, credit reporting agencies, title companies, appraisers, structural and pest inspectors, and escrow companies, when such fees are actually paid by the licensee to a third party for such services or purposes and may include such fees in the amount of the loan. However, no charge may be collected unless a loan is made, except for reasonable fees properly incurred in connection with the appraisal of property by a qualified, independent, professional, third-party appraiser selected by the borrower and approved by the lender or in the absence of borrower selection, selected by the lender;

(4) In connection with the making of a loan secured by real estate, when the borrower actually obtains a loan, agree with the borrower to pay a fee to a mortgage broker that is not owned by the licensee or under common ownership with the licensee and that performed services in connection with the origination of the loan. A licensee may not receive compensation as a mortgage broker in connection with any loan made by the licensee;

(5) Charge and collect a penalty of not more than ten percent of any installment payment delinquent ten days or more;

(6) Collect from the debtor reasonable attorneys' fees, actual expenses, and costs incurred in connection with the collection of a delinquent debt, a repossession, or a foreclosure when a debt is referred for collection to an attorney who is not a salaried employee of the licensee;

(7) Make open-end loans as provided in this chapter;

(8) Charge and collect a fee for dishonored checks in an amount approved by the director; and

(9) In accordance with Title 48 RCW, sell insurance covering real and personal property, covering the life or disability or both of the borrower, and covering the involuntary unemployment of the borrower. [2009 c 120 § 7; 2001 c 81 § 10; 1998 c 28 § 1; 1994 c 92 § 167; 1993 c 190 § 1; 1991 c 208 § 11.]

**Findings—Declaration—2009 c 120:** See note following RCW 31.04.015.

**31.04.115 Open-end loan—Requirements—Restrictions—Options.** (1) As used in this section, "open-end loan" means an agreement between a licensee and a borrower that expressly states that the loan is made in accordance with this chapter and that provides that:

(a) A licensee may permit the borrower to obtain advances of money from the licensee from time to time, or the licensee may advance money on behalf of the borrower from time to time as directed by the borrower;

(b) The amount of each advance and permitted charges and costs are debited to the borrower's account, and payments and other credits are credited to the same account;

(c) The charges are computed on the unpaid principal balance, or balances, of the account from time to time; and

(d) The borrower has the privilege of paying the account in full at any time without prepayment penalty or, if the account is not in default, in monthly installments of fixed or determinable amounts as provided in the agreement.

(2)(a) Interest charges on an open-end loan shall not exceed twenty-five percent per annum computed in each billing cycle by any of the following methods:

(i) By converting the annual rate to a daily rate, and multiplying the daily rate by the daily unpaid principal balance of the account, in which case each daily rate is determined by dividing the annual rate by three hundred sixty-five;

(ii) By multiplying a monthly rate by the average daily unpaid principal balance of the account in the billing cycle, in which case the monthly rate is one-twelfth of the annual rate, and the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle; or

(iii) By converting the annual rate to a daily rate, and multiplying the daily rate by the average daily unpaid principal balance of the account in the billing cycle, in which case the daily rate is determined by dividing the annual rate by three hundred sixty-five, and the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle.

For all of the methods of computation specified in this subsection (2)(a), the billing cycle shall be monthly, and the unpaid principal balance on any day shall be determined by adding to the balance unpaid, as of the beginning of that day,

all advances and other permissible amounts charged to the borrower, and deducting all payments and other credits made or received that day. A billing cycle is considered monthly if the closing date of the cycle is on the same date each month, or does not vary by more than four days from that date.

(b) Reverse mortgage loans made in accordance with the Washington state reverse mortgage act are not subject to the interest charge computation restrictions or billing cycle requirements in this section.

(3) In addition to the charges permitted under subsection (2) of this section, the licensee may contract for and receive an annual fee, payable each year in advance, for the privilege of opening and maintaining an open-end loan account. Except as prohibited or limited by this section, the licensee may also contract for and receive on an open-end loan any additional charge permitted by this chapter on other loans, subject to the conditions and restrictions otherwise pertaining to those charges.

(4)(a) If credit life or credit disability insurance is provided, the additional charge for credit life insurance or credit disability insurance shall be calculated in each billing cycle by applying the current monthly premium rate for the insurance, at the rate approved by the insurance commissioner to the entire outstanding balances in the borrower's open-end loan account, or so much thereof as the insurance covers using any of the methods specified in subsection (2)(a) of this section for the calculation of interest charges; and

(b) The licensee shall not cancel credit life or disability insurance written in connection with an open-end loan because of delinquency of the borrower in the making of the required minimum payments on the loan, unless one or more of the payments is past due for a period of ninety days or more; and the licensee shall advance to the insurer the amounts required to keep the insurance in force during that period, which amounts may be debited to the borrower's account.

(5) A security interest in real or personal property may be taken to secure an open-end loan. Any such security interest may be retained until the open-end account is terminated. The security interest shall be promptly released if (a) there has been no outstanding balance in the account for twelve months and the borrower either does not have or surrenders the unilateral right to create a new outstanding balance; or (b) the account is terminated at the borrower's request and paid in full.

(6) The licensee may from time to time increase the rate of interest being charged on the unpaid principal balance of the borrower's open-end loans if the licensee mails or delivers written notice of the change to the borrower at least thirty days before the effective date of the increase unless the increase has been earlier agreed to by the borrower. However, the borrower may choose to terminate the open-end account and the licensee shall allow the borrower to repay the unpaid balance incurred before the effective date of the rate increase upon the existing open-end loan account terms and interest rate unless the borrower incurs additional debt on or after the effective date of the rate increase or otherwise agrees to the new rate.

(7) The licensee shall deliver a copy of the open-end loan agreement to the borrower at the time the open-end account is created. The agreement must contain the name and address of the licensee and of the principal borrower, and must contain such specific disclosures as may be required by rule of the director. In adopting the rules the director shall consider Regulation Z promulgated by the board of governors of the federal reserve system under the federal consumer credit protection act.

(8) Except in the case of an account that the licensee deems to be uncollectible, or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver to the borrower at the end of each billing cycle in which there is an outstanding balance of more than one dollar in the account, or with respect to which interest is imposed, a periodic statement in the form required by the director. In specifying such form the director shall consider Regulation Z promulgated by the board of governors of the federal reserve system under the federal consumer credit protection act. [2009 c 149 § 13; 1994 c 92 § 168; 1993 c 405 § 1; 1991 c 208 § 12.]

(b) The financial institution that provides the letter of credit as required in (a) of this subsection may not be affiliated with the licensee.

However, for any year in which a licensee seeks to so rely, it shall provide to the director a certified financial statement of the parent showing a net worth of at least one hundred million dollars as of the close of its most recent fiscal year and a binding written commitment from the parent to the licensee to make a minimum of ten million dollars available to the licensee as a capital contribution in connection with its reverse mortgage lending program.

However, when a reverse mortgage lender has paid or waived all of the usual fees or costs associated with a reverse mortgage loan, a prepayment penalty may be imposed, provided the penalty does not exceed the total amount of the usual fees or costs that were initially absorbed or waived by the reverse mortgage lender. A mortgagee may not impose a prepayment penalty under this subsection if the prepayment is caused by the occurrence of the death of the borrowers. A borrower must be provided prior written notice of any permissible prepayment penalty under this section;

(2) A reverse mortgage loan may provide for a fixed or adjustable interest rate or combination thereof, including compound interest, and may also provide for interest that is contingent on the value of the property upon execution of the loan or at maturity, or on changes in value between closing and maturity;

(3) The lender shall pay a late charge to the borrower for any late advance. If the lender does not mail or electronically transfer a scheduled monthly advance to the borrower on the first business day of the month, or within five business days of the date the lender receives the request, or such other regularly scheduled contractual date, the late charge is ten percent of the entire amount that should have been paid to the borrower for that month or as a result of that request. For each additional day that the lender fails to make the advance, the lender shall pay interest on the late advance at the interest rate stated in the loan documents. If the loan documents provide for an adjustable interest rate, the rate in effect when the late charge first accrues is used. Any late charge is paid from the lender's funds and may not be added to the unpaid principal balance. Additionally, the lender forfeits the right to interest and a monthly servicing fee for any months in which the advance has not been timely made. This section does not affect the department of financial institution's ability to impose other sanctions to protect consumers of reverse mortgage loans;

(4) The reverse mortgage loan may become due and payable upon the occurrence of any one of the following events:

(a) The home securing the loan is sold or title to the home is otherwise transferred;

(b) All borrowers cease occupying the home as a principal residence, except as provided in subsection (5) of this section; or

(c) A defaulting event occurs which is specified in the loan documents;

(5) Repayment of the reverse mortgage loan is subject to the following additional conditions:

(a) Temporary absences from the home not exceeding one hundred eighty consecutive days do not cause the mortgage to become due and payable;

(b) Extended absences from the home exceeding one hundred eighty consecutive days, but less than one year, do not cause the mortgage to become due and payable if the borrower has taken prior action that secures and protects the home in a manner satisfactory to the lender, as specified in the loan documents;

(c) The lender's right to collect reverse mortgage loan proceeds is subject to the applicable statute of limitations for written loan contracts. Notwithstanding any other provision of law, the statute of limitations shall commence on the date that the reverse mortgage loan becomes due and payable as provided in the loan agreement; and

(d) Using conspicuous, bold sixteen-point or larger type, the lender shall disclose in the loan agreement any interest rate or other fees to be charged during the period that commences on the date that the reverse mortgage loan becomes due and payable, and that ends when repayment in full is made;

(6) The first page of any deed of trust securing a reverse mortgage loan must contain the following statement in sixteen-point boldface type: "This deed of trust secures a reverse mortgage loan;"

(7) A lender or any other party that participates in the origination of a reverse mortgage loan shall not require an applicant for a reverse mortgage to purchase an annuity, insurance, or another product as a condition of obtaining a

reverse mortgage loan. A reverse mortgage lender or a broker arranging a reverse mortgage loan shall not:

(a) Offer an annuity to the borrower prior to the closing of the reverse mortgage or before the expiration of the right of the borrower to rescind the reverse mortgage agreement;

(b) Refer the borrower to anyone for the purchase of an annuity prior to the closing of the reverse mortgage or before the expiration of the right of the borrower to rescind the reverse mortgage agreement; or

(c) Provide marketing information or annuity sales leads to anyone regarding the prospective borrower or borrower, or receive any compensation for such an annuity sale or referral;

(8)(a) A lender or any other party that participates in the origination of a reverse mortgage loan shall maintain safeguards, acceptable to the department of financial institutions, to ensure that individuals offering reverse mortgage loans do not provide reverse mortgage borrowers with any other financial or insurance products and that individuals participating in the origination of a reverse mortgage loan have no ability or incentive to provide the borrower with any other financial or insurance product;

(b) The borrower shall not be required, directly or indirectly, as a condition of obtaining a reverse mortgage under this section, to purchase any other financial or insurance products;

(9) Prior to accepting a final and complete application for a reverse mortgage loan or assessing any fees, a lender shall refer the prospective borrower to an independent housing counseling agency approved by the federal department of housing and urban development for counseling. The counseling must meet the standards and requirements established by the federal department of housing and urban development for reverse mortgage counseling. The lender shall provide the borrower with a list of at least five independent housing counseling agencies approved by the federal department of housing and urban development, including at least two agencies that can provide counseling by telephone. Telephone counseling is only available at the borrower's request;

(10) A lender shall not accept a final and complete application for a reverse mortgage loan from a prospective applicant or assess any fees upon a prospective applicant without first receiving a certification from the applicant or the applicant's authorized representative that the applicant has received counseling from an agency as described in subsection (9) of this section. The certification must be signed by the borrower and the agency counselor, and must include the date of the counseling and the names, addresses, and telephone numbers of both the counselor and the borrower. Electronic facsimile copy of the housing counseling certification satisfies the requirements of this subsection. The lender shall maintain the certification in an accurate, reproducible, and accessible format for the term of the reverse mortgage;

(11) A reverse mortgage loan may not be made for a Washington state resident unless that resident is a minimum of sixty years of age as of the date of execution of the loan; and

(12) Except for the initial disbursement of moneys to the closing agent, advances by the lender to the borrower must be issued directly to the borrower, or his or her legal representative, and not to an intermediary or third party. [2009 c 149 § 3.]

**31.04.520 Right to rescind transaction.** The borrower in a proprietary reverse mortgage transaction has the same right to rescind the transaction as provided in the truth in lending act, Regulation Z, 12 C.F.R. Sec. 226. [2009 c 149 § 4.]

**31.04.525 Preapproval required from department of financial institutions—Application of section—Rules.** (1) This section does not apply to a home equity conversion mortgage or other federally administered reverse mortgage product. A proprietary reverse mortgage loan product may not be offered without preapproval by the department of financial institutions.

(2) The director may make rules regarding the preapproval process, and may require any documentation, information, standards, or data deemed necessary by the director. The director may disapprove any proprietary reverse mortgage loan products that contain or incorporate by reference any inconsistent, ambiguous, or misleading provisions or terms, or exceptions and conditions which unreasonably or deceptively affect the reverse mortgage contract. Additional grounds for disapproval may include, without limitation, the existence in the proprietary product of any benefits provided to the borrower that are contrary to public policy. [2009 c 149 § 5.]

**31.04.530 Required notice to prospective borrower about counseling—Form—Contents—Annual disclosure statements—Property appraisals.** (1) A proprietary reverse mortgage loan application may not be taken by a lender unless the loan applicant has received from the lender the following plain language statement in conspicuous bold sixteen-point type or larger, advising the prospective borrower about counseling prior to obtaining the reverse mortgage loan within three business days of receipt of the completed loan application:

**"Important notice to reverse mortgage loan applicant**

**A reverse mortgage is a complex financial transaction that provides a means of using the equity you have built up in your home, or the value of your home, as a way to access home equity.**

**If you decide to obtain a reverse mortgage loan, you will sign binding legal documents that will have important legal, tax, and financial implications for you and your estate.**

**It is very important for you to understand the terms of the reverse mortgage and its effect. Before entering into this transaction, you are required by law to consult with an independent loan counselor. A list of approved counselors will be provided to you by the lender or broker. You may also want to discuss your decision with family members or others on whom you rely for financial advice."**

(2) As part of the disclosure required under this section, the lender or servicer shall provide an annual, or more frequent, disclosure statement to the borrower, providing details of the loan advances, balance, other terms, and the name and telephone number of the lender's employee or agent who has been specifically designated to respond to inquiries concerning reverse mortgage loans.

(3) In addition to any other loan documentation or disclosure, prior to execution of the loan and at the end of the loan term, the lender may either obtain an independent appraisal of the property value or use the current year's tax assessment valuation of the property. Copies of these appraisals must be timely provided to the borrower within five days of the borrower's written request, provided the borrower has paid for the appraisal. [2009 c 149 § 6.]

**31.04.535 Lender default—Treble damages—Civil remedies.** (1) In addition to any other remedies, if a lender defaults on any of the reverse mortgage loan terms and fails to cure an actual default after notice as specified in the loan documents, the borrower, or the borrower's estate, is entitled to treble damages.

(2) An arrangement, transfer, or lien subject to this chapter is not invalidated solely because of the failure of a lender to comply with any provision of this chapter. However, this section does not preclude the application of any other existing civil remedies provided by law.

(3) A violation of federal legal requirements for an FHA-approved reverse mortgage as defined in RCW 31.04.505(1) constitutes a violation of this chapter. [2009 c 149 § 7.]

**31.04.540 Loan advances—Eligibility and benefits under means-tested programs—Subject to federal law.** (1) To the extent that implementation of this section does not conflict with federal law resulting in the loss of federal funding, proprietary reverse mortgage loan advances made to a borrower must be treated as proceeds from a loan and not as income for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(2) Undisbursed reverse mortgage funds must be treated as equity in the borrower's home and not as proceeds from a loan, resources, or assets for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(3) This section applies to any law or program relating to payments, allowances, benefits, or services provided on a means-tested basis by this state including, but not limited to, optional state supplements to the federal supplemental security income program, low-income energy assistance, property tax relief, general assistance, and medical assistance only to the extent this section does not conflict with Title 19 of the federal social security act. [2009 c 149 § 8.]

**31.04.903 Effective date—2009 c 120.** In order to facilitate an orderly transition to licensing and minimize disruption in the mortgage marketplace, sections 10 through 14, 16 through 19, 21 through 25, and 27 through 29 of this act take effect July 1, 2010. [2009 c 120 § 31.]

#### **31.45.010 Definitions.** (*Effective January 1, 2010.*)

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person that files an application for a license under this chapter, including the applicant's sole proprietor, owners, directors, officers, partners, members, and controlling persons.

(2) "Borrower" means a natural person who receives a small loan.

(3) "Business day" means any day that the licensee is open for business in at least one physical location.

(4) "Check" means the same as defined in RCW 62A.3-104(f) and, for purposes of conducting the business of making small loans, includes other electronic forms of payment, including stored value cards, internet transfers, and automated clearing house transactions.

(5) "Check cashier" means an individual, partnership, unincorporated association, or corporation that, for compensation, engages, in whole or in part, in the business of cashing checks, drafts, money orders, or other commercial paper serving the same purpose.

(6) "Check seller" means an individual, partnership, unincorporated association, or corporation that, for compensation, engages, in whole or in part, in the business of or sell-

ing checks, drafts, money orders, or other commercial paper serving the same purpose.

(7) "Collateral" means the same as defined in chapter 62A.9A RCW.

(9) "Default" means the borrower's failure to repay the small loan in compliance with the terms contained in the small loan agreement or note or failure to pay any installment plan payment on an installment plan within ten days after the date upon which the installment was scheduled to be paid.

(10) "Director" means the director of financial institutions.

(11) "Financial institution" means a commercial bank, savings bank, savings and loan association, or credit union.

(13) "Licensee" means a check casher or seller licensed by the director to engage in business in accordance with this chapter. For purposes of the enforcement powers of this chapter, including the power to issue cease and desist orders under RCW 31.45.110, "licensee" also means a check casher or seller who fails to obtain the license required by this chapter.

(14) "Loaned amount" means the outstanding principal balance and any fees authorized under RCW 31.45.073 that have not been paid by the borrower.

(15) "Origination date" means the date upon which the borrower and the licensee initiate a small loan transaction.

(16) "Outstanding principal balance" of a small loan means any of the principal amount that has not been paid by the borrower.

(17) "Paid" means that moment in time when the licensee deposits the borrower's check or accepts cash for the full amount owing on a valid small loan. If the borrower's check is returned by the borrower's bank for insufficient funds, the licensee shall not consider the loan paid.

(21) "Small loan" means a loan of up to the maximum amount and for a period of time up to the maximum term specified in RCW 31.45.073.

(22) "Termination date" means the date upon which payment for the small loan transaction is due or paid to the licensee, whichever occurs first.

(23) "Total of payments" means the principal amount of the small loan plus all fees or interest charged on the loan.

(24) "Trade secret" means the same as defined in RCW 19.108.010. [2009 c 510 § 2; 2003 c 86 § 1; 1995 c 18 § 1; 1994 c 92 § 274; 1993 c 143 § 1; 1991 c 355 § 1.]

**Finding—Intent—Liberal construction—2009 c 510:** "The legislature finds that some small loan borrowers are unable to pay the entire loaned amount when it is due. Many of these borrowers take out multiple loans to pay off the original borrowed sum.

It is the legislature's intent to reduce or limit the number of borrowers taking out multiple loans by providing for installment plans that give a borrower a better opportunity to pay off their original small loan without having to resort to taking out a subsequent loan or loans.

This act shall be liberally construed to effectuate the legislature's intent to protect borrowers." [2009 c 510 § 1.]

**31.45.073 Making small loans—Endorsement required—Due date—Termination date—Maximum amount—Installment plans—Interest—Fees—Postdated check or draft as security. (Effective January 1, 2010.)** (1) No licensee may engage in the business of making small loans without first obtaining a small loan endorsement to its license from the director in accordance with this chapter. An endorsement will be required for each location where a licensee engages in the business of making small loans, but a small loan endorsement may authorize a licensee to make small loans at a location different than the licensed locations where it cashes or sells checks. A licensee may have more than one endorsement.

(2) A licensee must set the due date of a small loan on or after the date of the borrower's next pay date. If a borrower's next pay date is within seven days of taking out the loan, a licensee must set the due date of a small loan on or after the borrower's second pay date after the date the small loan is made. The termination date of a small loan may not exceed the origination date of that same small loan by more than forty-five days, including weekends and holidays, unless the term of the loan is extended by agreement of both the borrower and the licensee and no additional fee or interest is charged. The maximum principal amount of any small loan, or the outstanding principal balances of all small loans made by all licensees to a single borrower at any one time, may not exceed seven hundred dollars or thirty percent of the gross monthly income of the borrower, whichever is lower. A licensee is prohibited from making a small loan to a borrower who is in default on another small loan until after that loan is paid in full or two years have passed from the origination date of the small loan, whichever occurs first.

(3) A licensee is prohibited from making a small loan to a borrower in an installment plan with any licensee until after the plan is paid in full or two years have passed from the origination date of the installment plan, whichever occurs first.

(4) A borrower is prohibited from receiving more than eight small loans from all licensees in any twelve-month period. A licensee is prohibited from making a small loan to a borrower if making that small loan would result in a borrower receiving more than eight small loans from all licensees in any twelve-month period.

(5) A licensee that has obtained the required small loan endorsement may charge interest or fees for small loans not to exceed in the aggregate fifteen percent of the first five hundred dollars of principal. If the principal exceeds five hundred dollars, a licensee may charge interest or fees not to exceed in the aggregate ten percent of that portion of the prin-

principal in excess of five hundred dollars. If a licensee makes more than one loan to a single borrower, and the aggregated principal of all loans made to that borrower exceeds five hundred dollars at any one time, the licensee may charge interest or fees not to exceed in the aggregate ten percent on that portion of the aggregated principal of all loans at any one time that is in excess of five hundred dollars. The director may determine by rule which fees, if any, are not subject to the interest or fee limitations described in this section. It is a violation of this chapter for any licensee to knowingly loan to a single borrower at any one time, in a single loan or in the aggregate, more than the maximum principal amount described in this section.

(6) In connection with making a small loan, a licensee may advance moneys on the security of a postdated check. The licensee may not accept any other property, title to property, or other evidence of ownership of property as collateral for a small loan. The licensee may accept only one postdated check per loan as security for the loan. A licensee may permit a borrower to redeem a postdated check with a payment of cash or the equivalent of cash. The licensee may disburse the proceeds of a small loan in cash, in the form of a check, or in the form of the electronic equivalent of cash or a check.

(7) No person may at any time cash or advance any moneys on a postdated check or draft in excess of the amount of goods or services purchased without first obtaining a small loan endorsement to a check casher or check seller license. [2009 c 510 § 3; 2003 c 86 § 8; 1995 c 18 § 2.]

**Finding—Intent—Liberal construction—2009 c 510:** See note following RCW 31.45.010.

**31.45.082 Delinquent small loan—Restrictions on collection by licensee or third party—Definitions.** (1) A licensee shall comply with all applicable state and federal laws when collecting a delinquent small loan. A licensee may charge a one-time fee as determined in rule by the director to any borrower in default on any loan or loans where the borrower's check has been returned unpaid by the financial institution upon which it was drawn. A licensee may take civil action under Title 62A RCW to collect upon a check that has been dishonored. If the licensee takes civil action, a licensee may charge the borrower the cost of collection as allowed under RCW 62A.3-515, but may not collect attorneys' fees or any other interest or damages as allowed under RCW 62A.3-515. A licensee may not threaten criminal prosecution as a method of collecting a delinquent small loan or threaten to take any legal action against the borrower which the licensee may not legally take.

(2) Unless invited by the borrower, a licensee may not visit a borrower's residence or place of employment for the purpose of collecting a delinquent small loan. A licensee may not impersonate a law enforcement official, or make any statements which might be construed as indicating an official connection with any federal, state, county, or city law enforcement agency, or any other governmental agency, while engaged in collecting a small loan.

(3) A licensee may not communicate with a borrower in such a manner as to harass, intimidate, abuse, or embarrass a borrower, including but not limited to communication at an unreasonable hour, with unreasonable frequency, by threats of force or violence, or by use of offensive language. A com-

munication shall be presumed to have been made for the purposes of harassment if it is initiated by the licensee for the purposes of collection and:

(a) It is made with a borrower or spouse in any form, manner, or place, more than three times in a single week;

(b) It is made with a borrower at his or her place of employment more than one time in a single week or made to a borrower after the licensee has been informed that the borrower's employer prohibits such communications;

(c) It is made with the borrower or spouse at his or her place of residence between the hours of 9:00 p.m. and 7:30 a.m.; or

(d) It is made to a party other than the borrower, the borrower's attorney, the licensee's attorney, or a consumer reporting agency if otherwise permitted by law except for purposes of acquiring location or contact information about the borrower.

(4) A licensee is required to maintain a communication log of all telephone and written communications with a borrower initiated by the licensee regarding any collection efforts including date, time, and the nature of each communication.

(5) If a dishonored check is assigned to any third party for collection, this section applies to the third party for the collection of the dishonored check.

(6) For the purposes of this section, "communication" includes any contact with a borrower, initiated by the licensee, in person, by telephone, or in writing (including e-mails, text messages, and other electronic writing) regarding the collection of a delinquent small loan, but does not include any of the following:

(a) Communication while a borrower is physically present in the licensee's place of business;

(b) An unanswered telephone call in which no message (other than a caller ID) is left, unless the telephone call violates subsection (3)(c) of this section; and

(c) An initial letter to the borrower that includes disclosures intended to comply with the federal fair debt collection practices act.

(7) For the purposes of this section, (a) a communication occurs at the time it is initiated by a licensee regardless of the time it is received or accessed by the borrower, and (b) a call to a number that the licensee reasonably believes is the borrower's cell phone will not constitute a communication with a borrower at the borrower's place of employment.

(8) For the purposes of this section, "week" means a series of seven consecutive days beginning on a Sunday. [2009 c 13 § 1; 2003 c 86 § 11.]

**31.45.084 Small loan installment plan—Terms—Restrictions. (Effective January 1, 2010.)** (1) If a borrower notifies a licensee that the borrower will be or is unable to repay a loan when it is due, the licensee must inform the borrower that the borrower may convert their small loan to an installment plan. The licensee must convert the small loan to an installment plan at the borrower's request. Each agreement for a loan installment plan must be in writing and acknowledged by both the borrower and the licensee. The licensee may not assess any other fee, interest charge, or other charge on the borrower as a result of converting the small loan into an installment plan. This installment plan

must provide for the payment of the total of payments due on the small loan over a period not less than ninety days for a loan amount of up to and including four hundred dollars. For a loaned amount over four hundred dollars, the installment plan must be a period not less than one hundred eighty days. The borrower may pay the total of installments at any time. The licensee may not charge any penalty, fee, or charge to the borrower for prepayment of the loan installment plan by the borrower. Each licensee shall conspicuously disclose to each borrower in the small loan agreement or small loan note that the borrower has access to such an installment plan. A licensee's violation of such an installment plan constitutes a violation of this chapter.

(2) The licensee must return any postdated checks that the borrower has given to the licensee for the original small loan at the initiation of the installment plan.

(3) A licensee may take postdated checks for installment plan payments at the time the installment plan is originated. If any check accepted as payment under the installment plan is dishonored, the licensee may not charge the borrower any fee for the dishonored check. If a borrower defaults on the installment plan, the licensee may charge the borrower a one-time installment plan default fee of twenty-five dollars.

(4) If the licensee enters into an installment plan with the borrower through an accredited third party, with certified credit counselors, that is representing the borrower, the licensee's failure to comply with the terms of that installment plan constitutes a violation of this chapter. [2009 c 510 § 4; 2003 c 86 § 12.]

**Finding—Intent—Liberal construction—2009 c 510:** See note following RCW 31.45.010.

**Effective date—2003 c 86 § 12:** "Section 12 of this act takes effect October 1, 2003." [2003 c 86 § 20.]

**31.45.085 Loan application—Required statement—Rules. (Effective January 1, 2010.)** (1)(a) In addition to other disclosures required by this chapter, the application for a small loan must include a statement that is substantially similar to the following: "At the time you repay this loan, you should have sufficient funds to meet your other financial obligations. If you cannot pay other bills because you are paying off this debt, you should go into the installment plan offered in connection with this loan."

(b) The statement in (a) of this subsection must be on the front page of the loan application and must be in at least twelve point type.

(2) The director may adopt rules to implement this section. [2009 c 510 § 5.]

**Finding—Intent—Liberal construction—2009 c 510:** See note following RCW 31.45.010.

**31.45.093 Information system—Access—Required information—Fees—Rules. (Effective January 1, 2010.)** (1) The director must, by contract with a vendor or service provider or otherwise, develop and implement a system by means of which a licensee may determine:

(a) Whether a consumer has an outstanding small loan;

(b) The number of small loans the consumer has outstanding;

(c) Whether the borrower is eligible for a loan under RCW 31.45.073;

(d) Whether the borrower is in an installment plan; and  
(e) Any other information necessary to comply with this chapter.

(2) The director may specify the form and contents of the system by rule. Any system must provide that the information entered into or stored by the system is:

(a) Accessible to and usable by licensees and the director from any location in this state; and

(b) Secured against public disclosure, tampering, theft, or unauthorized acquisition or use.

(3) If the system described in subsection (1) of this section is developed and implemented, a licensee making small loans under this chapter must enter or update the required information in subsection (1) of this section at the time that the small loan transaction is conducted by the licensee.

(4) A licensee must continue to enter and update all required information for any loans subject to this chapter that are outstanding or have not yet expired after the date on which the licensee no longer has the license or small loan endorsement required by this chapter. Within ten business days after ceasing to make loans subject to this chapter, the licensee must submit a plan for continuing compliance with this subsection to the director for approval. The director must promptly approve or disapprove the plan and may require the licensee to submit a new or modified plan that ensures compliance with this subsection.

(5) If the system described in subsection (1) of this section is developed and implemented, the director shall adopt rules to set the fees licensees shall pay to the vendor or service provider for the operation and administration of the system and the administration of this chapter by the department.

(6) The director shall adopt rules establishing standards for the retention, archiving, and deletion of information entered into or stored by the system described in subsection (1) of this section.

(7) The information in the system described in subsection (1) of this section is not subject to public inspection or disclosure under chapter 42.56 RCW. [2009 c 510 § 6.]

**Finding—Intent—Liberal construction—2009 c 510:** See note following RCW 31.45.010.

**31.45.095 Report by director—Contents. (Effective January 1, 2010.)** (1) The director must collect and submit the following information in a report to the financial services committees of the senate and house of representatives:

(a) The number of borrowers entered into an installment plan since January 1, 2010;

(b) How the number of borrowers in installment plans compares to the number of borrowers in installment plans in years previous to January 1, 2010;

(c) The number of borrowers who have defaulted since January 1, 2010;

(d) If known on January 1, 2010, how the number of borrowers who have defaulted compares to the number of borrowers who defaulted in years previous to January 1, 2010; and

(e) Any other information that the director believes is relevant or useful.

(2) Failure to provide the director information required by this section is a violation of this chapter. [2009 c 510 § 7.]

**34.05.110 Paperwork violations by small businesses—Waiver of penalty for first-time violations.** (1) Except as provided in subsection (3) of this section, agencies shall waive any fines, civil penalties, or administrative sanctions for first-time paperwork violations by a small business.

(2) When an agency waives a fine, penalty, or sanction under this section, when possible it shall require the small business to correct the violation within a reasonable period of time, in a manner specified by the agency. If correction is impossible, no correction may be required and failure to correct is not grounds for reinstatement of fines, penalties, or sanctions under subsection (4)(b) of this section.

(3) Exceptions to the waiver requirement of this section may be made for any of the following reasons:

(a) The agency head determines that the effect of the violation presents a direct danger to the public health, results in a loss of income or benefits to an employee, poses a potentially significant threat to human health or the environment, or causes serious harm to the public interest;

(b) The violation involves a small business knowingly or willfully engaging in conduct that may result in a felony conviction;

(c) The violation is of a requirement concerning the assessment, collection, or administration of any tax, tax program, debt, revenue, receipt, a regulated entity's financial filings, or insurance rate or form filing;

(d) The waiver is in conflict with federal law or program requirements, federal requirements that are a prescribed condition to the allocation of federal funds to the state, or the requirements for eligibility of employers in this state for federal unemployment tax credits, as determined by the agency head;

(e) The small business committing the violation previously violated a substantially similar paperwork requirement; or

(f) The owner or operator of the small business committing the violation owns or operates, or owned or operated a different small business which previously violated a substantially similar paperwork requirement.

(4)(a) Nothing in this section prohibits an agency from waiving fines, civil penalties, or administrative sanctions incurred by a small business for a paperwork violation that is not a first-time offense.

(b) Any fine, civil penalty, or administrative sanction that is waived under this section may be reinstated and imposed in addition to any additional fines, penalties, or administrative sanctions associated with a subsequent violation for noncompliance with a substantially similar paperwork requirement, or failure to correct the previous violation as required by the agency under subsection (2) of this section.

(5) Nothing in this section may be construed to diminish the responsibility for any citizen or business to apply for and obtain a permit, license, or authorizing document that is required to engage in a regulated activity, or otherwise comply with state or federal law.

(6) Nothing in this section shall be construed to apply to small businesses required to provide accurate and complete information and documentation in relation to any claim for payment of state or federal funds or who are licensed or certified to provide care and services to vulnerable adults or children.

(7) As used in this section:

(a) "Small business" means a business with two hundred fifty or fewer employees.

(b) "Paperwork violation" means the violation of any statutory or regulatory requirement that mandates the collection of information by an agency, or the collection, posting, or retention of information by a small business. This includes but is not limited to requirements in the Revised Code of Washington, the Washington Administrative Code, the Washington State Register, or any other agency directive.

(c) "First-time paperwork violation" means the first instance of a particular or substantially similar paperwork violation. [2009 c 358 § 1.]

**34.05.120 Extension of rights and responsibilities—State registered domestic partnerships.** (*Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.*) (1) Subject to the availability of funds appropriated for this specific purpose, except where inconsistent with federal law or regulations applicable to federal benefit programs, agencies shall amend their rules to reflect the intent of the legislature to ensure that all privileges, immunities, rights, benefits, or responsibilities granted or imposed by statute to an individual because that individual is or was a spouse in a marital relationship are granted or imposed on equivalent terms to an individual because that individual is or was in a state registered domestic partnership.

(2) Except where inconsistent with federal law or regulations applicable to federal benefit programs, all agency orders creating new rules, or amending existing rules, shall be formulated to reflect the intent stated in subsection (1) of this section.

(3) No agency rule is invalid because it does not comply with this section. [2009 c 521 § 2.]

**34.05.270 Agency web sites for rule-making information.** Within existing resources, each state agency shall maintain a web site that contains the agency's rule-making information. A direct link to the agency's rule-making page must be displayed on the agency's homepage. The rule-making web site shall include the complete text of all proposed rules, emergency rules, and permanent rules proposed or adopted within the past twelve months, or include a direct link to the index page on the Washington State Register web site that contains links to the complete text of all proposed rules, emergency rules, and permanent rules proposed or adopted within the past twelve months by that state agency. For proposed rules, the time, date, and place for the rule-making hearing and the procedures and timelines for submitting written comments and supporting data must be posted on the web site. [2009 c 93 § 1.]

**34.05.325 Public participation—Concise explanatory statement.** (1) The agency shall make a good faith effort to insure that the information on the proposed rule published pursuant to RCW 34.05.320 accurately reflects the rule to be presented and considered at the oral hearing on the rule. Written comment about a proposed rule, including supporting data, shall be accepted by an agency if received no later than the time and date specified in the notice, or such later time and date established at the rule-making hearing.

(2) The agency shall provide an opportunity for oral comment to be received by the agency in a rule-making hearing.

(3) If the agency possesses equipment capable of receiving telefacsimile transmissions or recorded telephonic communications, the agency may provide in its notice of hearing filed under RCW 34.05.320 that interested parties may comment on proposed rules by these means. If the agency chooses to receive comments by these means, the notice of hearing shall provide instructions for making such comments, including, but not limited to, appropriate telephone numbers to be used; the date and time by which comments must be received; required methods to verify the receipt and authenticity of the comments; and any limitations on the number of pages for telefacsimile transmission comments and on the minutes of tape recorded comments. The agency shall accept comments received by these means for inclusion in the official record if the comments are made in accordance with the agency's instructions.

(4) The agency head, a member of the agency head, or a presiding officer designated by the agency head shall preside at the rule-making hearing. Rule-making hearings shall be open to the public. The agency shall cause a record to be made of the hearing by stenographic, mechanical, or electronic means. Regardless of whether the agency head has delegated rule-making authority, the presiding official shall prepare a memorandum for consideration by the agency head, summarizing the contents of the presentations made at the rule-making hearing, unless the agency head presided or was present at substantially all of the hearings. The summarizing memorandum is a public document and shall be made available to any person in accordance with chapter 42.56 RCW.

(5) Rule-making hearings are legislative in character and shall be reasonably conducted by the presiding official to afford interested persons the opportunity to present comment

individually. All comments by all persons shall be made in the presence and hearing of other attendees. Written or electronic submissions may be accepted and included in the record. Rule-making hearings may be continued to a later time and place established on the record without publication of further notice under RCW 34.05.320.

(6)(a) Before it files an adopted rule with the code reviser, an agency shall prepare a concise explanatory statement of the rule:

(i) Identifying the agency's reasons for adopting the rule;

(ii) Describing differences between the text of the proposed rule as published in the register and the text of the rule as adopted, other than editing changes, stating the reasons for differences; and

(iii) Summarizing all comments received regarding the proposed rule, and responding to the comments by category or subject matter, indicating how the final rule reflects agency consideration of the comments, or why it fails to do so.

(b) The agency shall provide the concise explanatory statement to any person upon request or from whom the agency received comment. [2009 c 336 § 1; 2005 c 274 § 262; 1998 c 125 § 1; 1995 c 403 § 304; 1994 c 249 § 7; 1992 c 57 § 1; 1988 c 288 § 304.]

**Severability—Application—1994 c 249:** See notes following RCW 34.05.310.

**34.05.350 Emergency rules and amendments.** (1) If an agency for good cause finds:

(a) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest;

(b) That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule; or

(c) In order to implement the requirements or reductions in appropriations enacted in any budget for fiscal years 2009, 2010, or 2011, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency,

the agency may dispense with those requirements and adopt, amend, or repeal the rule on an emergency basis. The agency's finding and a concise statement of the reasons for its finding shall be incorporated in the order for adoption of the emergency rule or amendment filed with the office of the code reviser under RCW 34.05.380 and with the rules review committee.

(2) An emergency rule adopted under this section takes effect upon filing with the code reviser, unless a later date is specified in the order of adoption, and may not remain in effect for longer than one hundred twenty days after filing. Identical or substantially similar emergency rules may not be adopted in sequence unless conditions have changed or the agency has filed notice of its intent to adopt the rule as a permanent rule, and is actively undertaking the appropriate procedures to adopt the rule as a permanent rule. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.

(3) Within seven days after the rule is adopted, any person may petition the governor requesting the immediate repeal of a rule adopted on an emergency basis by any department listed in RCW 43.17.010. Within seven days after submission of the petition, the governor shall either deny the petition in writing, stating his or her reasons for the denial, or order the immediate repeal of the rule. In ruling on the petition, the governor shall consider only whether the conditions in subsection (1) of this section were met such that adoption of the rule on an emergency basis was necessary. If the governor orders the repeal of the emergency rule, any sanction imposed based on that rule is void. This subsection shall not be construed to prohibit adoption of any rule as a permanent rule. ### CONSOLIDATION AND ANNEXATION OF CITIES AND TOWNS

#### Sections

35.10.360	Annexation—Transfer of fire department employees.
35.10.365	Annexation—Transfer of fire department employees—Rights and benefits.

**35.10.360 Annexation—Transfer of fire department employees.** (1) If any portion of a fire protection district is proposed for annexation to or incorporation into a city, code

city, or town, both the fire protection district and the city, code city, or town shall jointly inform the employees of the fire protection district about hires, separations, terminations, and any other changes in employment that are a direct consequence of annexation or incorporations at the earliest reasonable opportunity.

(2) Upon the annexation of two or more cities or code cities, any employee of the fire department of the former city or cities who (a) was at the time of annexation employed exclusively or principally in performing the powers, duties, and functions which are to be performed by the fire department of the annexed city or code city, as the case may be, (b) will, as a direct consequence of annexation, be separated from the employ of the former city, code city or town, and (c) can perform the duties and meet the minimum requirements of the position to be filled, then such employee may transfer employment to the fire department of the annexing city, as provided in this section and RCW 35.10.365 and 35.10.370.

(3) For purposes of this section and RCW 35.10.365 and 35.10.370, employee means an individual whose employment has been terminated because of annexation by a city, code city or town. [2009 c 60 § 1; 1986 c 254 § 4.]

**35.10.365 Annexation—Transfer of fire department employees—Rights and benefits.** (1) An eligible employee may transfer into the civil service system of the annexing city, code city, or town by filing a written request with the city, code city, or town civil service commission. Upon receipt of the request by the civil service commission, the transfer of employment must be made. The needed employees shall be taken in order of seniority and the remaining employees who transfer as provided in this section and RCW 35.10.360 and 35.10.370 shall head the list for employment in the civil service system in order of their seniority, to the end that they shall be the first to be reemployed in the city, code city, or town fire department when appropriate positions become available: PROVIDED, That employees who are not immediately hired by the city, code city, or town shall be placed on a reemployment list for a period not to exceed thirty-six months unless a longer period is authorized by an agreement reached between the collective bargaining representatives of the employees of the annexing and annexed fire agencies and the annexing and annexed fire agencies.

(2)(a) Upon transfer, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of the fire protection district, including rights to:

(i) Compensation at least equal to the level of compensation at the time of transfer, unless the employee's rank and duties have been reduced as a result of the transfer. If the transferring employee is placed in a position with reduced rank and duties, the employee's compensation may be adjusted, but the adjustment may not result in a decrease of greater than fifty percent of the difference between the employee's compensation before the transfer and the compensation level for the position that the employee is transferred to;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) (a) of this subsection does not apply if upon transfer an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions.

(3) If upon transfer, the transferring employee receives the rights, benefits, and privileges established under subsection (2)(a)(i) through (iv) of this section, those rights, benefits, and privileges are subject to collective bargaining at the end of the current bargaining period for the jurisdiction to which the employee has transferred.

(4) Such bargaining must take into account the years of service the transferring employee accumulated before the transfer and must be treated as if those years of service occurred in the jurisdiction to which the employee has transferred. [2009 c 60 § 2; 1994 c 73 § 1; 1986 c 254 § 5.]

**Effective date—1994 c 73:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 23, 1994]." [1994 c 73 § 6.]

**35.13.215 Annexation of fire districts—Transfer of employees.** (1) If any portion of a fire protection district is proposed for annexation to or incorporation into a city, code city, or town, both the fire protection district and the city, code city, or town shall jointly inform the employees of the fire protection district about hires, separations, terminations, and any other changes in employment that are a direct consequence of annexation or incorporations at the earliest reasonable opportunity.

(2) If any portion of a fire protection district is annexed to or incorporated into a city, code city or town, any employee of the fire protection district who (a) was at the time of such annexation or incorporation employed exclusively or principally in performing the powers, duties, and functions which are to be performed by the city, code city or town fire department (b) will, as a direct consequence of annexation or incorporation, be separated from the employ of the fire protection district, and (c) can perform the duties and meet the minimum requirements of the position to be filled, then such employee may transfer employment to the civil service system of the city, code city or town fire department as provided for in this section and RCW 35.13.225 and 35.13.235.

(3) For purposes of this section and RCW 35.13.225 and 35.13.235, employee means an individual whose employment with a fire protection district has been terminated because the fire protection district was annexed by a city, code city or town for purposes of fire protection. [2009 c 60 § 4; 1986 c 254 § 7.]

**35.13.225 Annexation of fire districts—Transfer of employees—Rights and benefits.** (1) An eligible employee may transfer into the civil service system of the city, code city, or town fire department by filing a written request with the city, code city, or town civil service commission and by giving written notice of the request to the board of commissioners of the fire protection district. Upon receipt of the request by the civil service commission, the transfer of employment must be made. The needed employees shall be taken in order of seniority and the remaining employees who transfer as provided in this section and RCW 35.13.215 and 35.13.235 shall head the list for employment in the civil service system in order of their seniority, to the end that they shall be the first to be reemployed in the city, code city, or town fire department when appropriate positions become available: PROVIDED, That employees who are not immediately hired by the city, code city, or town shall be placed on a reemployment list for a period not to exceed thirty-six months unless a longer period is authorized by an agreement reached between the collective bargaining representatives of the employees of the annexing and annexed fire agencies and the annexing and annexed fire agencies.

(2)(a) Upon transfer, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of the fire protection district, including rights to:

(i) Compensation at least equal to the level of compensation at the time of transfer, unless the employee's rank and duties have been reduced as a result of the transfer. If the transferring employee is placed in a position with reduced rank and duties, the employee's compensation may be adjusted, but the adjustment may not result in a decrease of greater than fifty percent of the difference between the employee's compensation before the transfer and the compensation level for the position that the employee is transferred to;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) (a) of this subsection does not apply if upon transfer an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions.

(3) If upon transfer, the transferring employee receives the rights, benefits, and privileges established under subsection (2)(a)(i) through (iv) of this section, those rights, benefits, and privileges are subject to collective bargaining at the end of the current bargaining period for the jurisdiction to which the employee has transferred.

(4) Such bargaining must take into account the years of service the transferring employee accumulated before the transfer and must be treated as if those years of service occurred in the jurisdiction to which the employee has transferred. [2009 c 60 § 5; 1994 c 73 § 3; 1986 c 254 § 8.]

**Effective date—1994 c 73:** See note following RCW 35.10.365.

**35.13.238 Annexation of territory served by fire districts, interlocal agreement process—Annexation of fire districts, transfer of employees.** (1)(a) An annexation by a city or town that is proposing to annex territory served by one or more fire protection districts may be accomplished by ordinance after entering into an interlocal agreement as provided in chapter 39.34 RCW with the county and the fire protection district or districts that have jurisdiction over the territory proposed for annexation.

(b) A city or town proposing to annex territory shall initiate the interlocal agreement process by sending notice to the fire protection district representative and county representative stating the city's or town's interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:

(a) A statement of the goals of the agreement. Goals must include, but are not limited to:

(i) The transfer of revenues and assets between the fire protection districts and the city or town;

(ii) A consideration and discussion of the impact to the level of service of annexation on the unincorporated area, and an agreement that the impact on the ability of fire protection and emergency medical services within the incorporated area must not be negatively impacted at least through the budget cycle in which the annexation occurs;

(iii) A discussion with fire protection districts regarding the division of assets and its impact to citizens inside and outside the newly annexed area;

(iv) Community involvement, including an agreed upon schedule of public meetings in the area or areas proposed for annexation;

(v) Revenue sharing, if any;

(vi) Debt distribution;

(vii) Capital facilities obligations of the city, county, and fire protection districts;

(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and

(ix) A description of which of the annexing cities' development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:

(i) Roads and traffic impact mitigation;

(ii) Surface and storm water management;

(iii) Coordination and timing of comprehensive plan and development regulation updates;

(iv) Outstanding bonds and special or improvement district assessments;

(v) Annexation procedures;

(vi) Distribution of debt and revenue sharing for annexation proposals, code enforcement, and inspection services;

(vii) Financial and administrative services; and

(viii) Consultation with other service providers, including water-sewer districts, if applicable.

(c) A term of at least five years, which may be extended by mutual agreement of the city or town, the county, and the fire protection district.

(3) If the fire protection district, annexing city or town, and county reach an agreement on the enumerated goals, the annexation ordinance may proceed and is not subject to referendum. If only the annexing city or town and county reach an agreement on the enumerated goals, the city or town and county may proceed with annexation under the interlocal

agreement, but the annexation ordinance provided for in this section is subject to referendum for forty-five days after its passage. Upon the filing of a timely and sufficient referendum petition with the legislative body of the city or town, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35.13.080, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.

After the expiration of the forty-fifth day from, but excluding, the date of passage of the annexation ordinance, if a timely and sufficient referendum petition has not been filed, the area annexed becomes a part of the city or town upon the date fixed in the ordinance of annexation.

(4) If any portion of a fire protection district is proposed for annexation to or incorporation into a city or town, both the fire protection district and the city or town shall jointly inform the employees of the fire protection district about hires, separations, terminations, and any other changes in employment that are a direct consequence of annexation or incorporation at the earliest reasonable opportunity.

(5) The needed employees shall be taken in order of seniority and the remaining employees who transfer as provided in this section and RCW 35.10.360 and 35.10.370 shall head the list for employment in the civil service system in order of their seniority, to the end that they shall be the first to be reemployed in the city or town fire department when appropriate positions become available. Employees who are not immediately hired by the city or town shall be placed on a reemployment list for a period not to exceed thirty-six months unless a longer period is authorized by an agreement reached between the collective bargaining representatives of the employees of the annexing and annexed fire agencies and the annexing and annexed fire agencies.

(6)(a) Upon transfer, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of the fire protection district, including rights to:

(i) Compensation at least equal to the level of compensation at the time of transfer, unless the employee's rank and duties have been reduced as a result of the transfer. If the transferring employee is placed in a position with reduced rank and duties, the employee's compensation may be adjusted, but the adjustment may not result in a decrease of greater than fifty percent of the difference between the employee's compensation before the transfer and the compensation level for the position that the employee is transferred to;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) (a) of this subsection does not apply if upon transfer an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions.

(7) If upon transfer, the transferring employee receives the rights, benefits, and privileges established under subsection (6)(a)(i) through (iv) of this section, those rights, benefits, and privileges are subject to collective bargaining at the end of the current bargaining period for the jurisdiction to which the employee has transferred.

(8) Such bargaining must take into account the years of service the transferring employee accumulated before the transfer and must be treated as if those years of service occurred in the jurisdiction to which the employee has transferred. [2009 c 60 § 7.]

**35.13.252 Fire protection and safety in proposed annexed territory—Report request.** Upon the written request of a fire protection district, cities and towns annexing territory under this chapter shall, prior to completing the annexation, issue a report regarding the likely effects that the annexation and any associated asset transfers may have upon the safety of residents within and outside the proposed annexation area. The report must address, but is not limited to, the provisions of fire protection and emergency medical services within and outside of the proposed annexation area. A fire protection district may only request a report under this section when at least five percent of the assessed valuation of the fire protection district will be annexed. [2009 c 60 § 6.]

**35.13.490 Annexation of territory used for an agricultural fair.** (1) Territory owned by a county and used for an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW may only be annexed to a city or town through the method prescribed in this section.

(a) The legislative body of the city or town proposing the annexation must submit a request for annexation and a legal description of the subject territory to the legislative authority of the county within which the territory is located.

(b) Upon receipt of the request and description, the county legislative authority has thirty days to review the proposal and determine if the annexation proceedings will continue. As a condition of approval, the county legislative authority may modify the proposal, but it may not add territory that was not included in the request and description. Approval of the county legislative authority is a condition precedent to further proceedings upon the request and there is no appeal of the county legislative authority's decision.

(c) If the county legislative authority determines that the proceedings may continue, it must, within thirty days of the determination, fix a date for a public hearing on the proposal, and cause notice of the hearing to be published at least once a week for two weeks prior to the hearing in one or more newspapers of general circulation in the territory proposed for annexation. The notice must also be posted in three public places within the subject territory, specify the time and place of the hearing, and invite interested persons to appear and voice approval or disapproval of the annexation. If the annexation proposal provides for assumption of indebtedness

or adoption of a proposed zoning regulation, the notice must include a statement of these requirements.

(d) If, following the conclusion of the hearing, a majority of the county legislative authority deems the annexation proposal to be in the best interest of the county, it may adopt a resolution approving of the annexation.

(e) If, following the county legislative authority's adoption of the annexation approval resolution, the legislative body of the city or town proposing annexation determines to effect the annexation, it must do so by ordinance. The ordinance: (i) May only include territory approved for annexation in the resolution adopted under (d) of this subsection; and (ii) must not exclude territory approved for annexation in the resolution adopted under (d) of this subsection. Upon passage of the annexation ordinance, a certified copy must be filed with the applicable county legislative authority.

(2) Any territory annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance. [2009 c 402 § 3.]

**Intent—2009 c 402:** "The legislature recognizes that agricultural fairs serve valuable educational, vocational, and recreational purposes that promote the public good and serve as showcases for an important sector of Washington's economy. The legislature also recognizes that counties provide territory for agricultural fairs and supporting services, thereby creating locales for economic and other beneficial activities. Washington's increasing population can, however, create significant annexation pressures that impact fairgrounds and surrounding lands.

In recognition of the many benefits of agricultural fairs and the importance of promoting effective annexation laws, the legislature intends to establish clear and logical procedures for the annexation of county-owned fairgrounds that are consistent with the longstanding requirement that these grounds may only be annexed with the consent of a majority of the county legislative authority." [2009 c 402 § 1.]

**35.21.392 Contractors—Authority of city to verify registration and report violations.** A city that issues a business license to a person required to be registered under chapter 18.27 RCW may verify that the person is registered under chapter 18.27 RCW and report violations to the department of labor and industries. The department of licensing shall conduct the verification for cities that participate in the master license system. [2009 c 432 § 2.]

**Report—2009 c 432:** See note following RCW 18.27.062.

**35.21.684 Authority to regulate placement or use of homes—Regulation of manufactured homes—Issuance of permits—Restrictions on location of manufactured/mobile homes and entry or removal of recreational vehicles used as primary residences.** (1) A city or town may not adopt an ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, except as provided in subsection (2) of this section, any city or town may require that:

- (a) A manufactured home be a new manufactured home;
- (b) The manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative;
- (c) The manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located;
- (d) The home is thermally equivalent to the state energy code; and
- (e) The manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160.

A city with a population of one hundred thirty-five thousand or more may choose to designate its building official as the person responsible for issuing all permits, including department of labor and industries permits issued under chapter 43.22 RCW in accordance with an interlocal agreement

under chapter 39.34 RCW, for alterations, remodeling, or expansion of manufactured housing located within the city limits under this section.

(2) A city or town may not adopt an ordinance that has the effect, directly or indirectly, of restricting the location of manufactured/mobile homes in manufactured/mobile home communities that were legally in existence before June 12, 2008, based exclusively on the age or dimensions of the manufactured/mobile home. This does not preclude a city or town from restricting the location of a manufactured/mobile home in manufactured/mobile home communities for any other reason including, but not limited to, failure to comply with fire, safety, or other local ordinances or state laws related to manufactured/mobile homes.

(3) Except as provided under subsection (4) of this section, a city or town may not adopt an ordinance that has the effect, directly or indirectly, of preventing the entry or requiring the removal of a recreational vehicle used as a primary residence in manufactured/mobile home communities.

(4) Subsection (3) of this section does not apply to any local ordinance or state law that:

(a) Imposes fire, safety, or other regulations related to recreational vehicles;

(b) Requires utility hookups in manufactured/mobile home communities to meet state or federal building code standards for manufactured/mobile home communities; or

(c) Includes both of the following provisions:

(i) A recreational vehicle must contain at least one internal toilet and at least one internal shower; and

(ii) If the requirement in (c)(i) of this subsection is not met, a manufactured/mobile home community must provide toilets and showers.

(5) For the purposes of this section, "manufactured/mobile home community" has the same meaning as in RCW 59.20.030.

(6) This section does not override any legally recorded covenants or deed restrictions of record.

(7) This section does not affect the authority granted under chapter 43.22 RCW. [2009 c 79 § 1; 2008 c 117 § 1; 2004 c 256 § 2.]

**Findings—Intent—2004 c 256:** "The legislature finds that: Congress has preempted the regulation by the states of manufactured housing construction standards through adoption of construction standards for manufactured housing (42 U.S.C. Sec. 5401-5403); and this federal regulation is equivalent to the state's uniform building code. The legislature also finds that congress has declared that: (1) Manufactured housing plays a vital role in meeting the housing needs of the nation; and (2) manufactured homes provide a significant resource for affordable homeownership and rental housing accessible to all Americans (42 U.S.C. Sec. 5401-5403). The legislature intends to protect the consumers' rights to choose among a number of housing construction alternatives without restraint of trade or discrimination by local governments." [2004 c 256 § 1.]

**Effective date—2004 c 256:** "This act takes effect July 1, 2005." [2004 c 256 § 6.]

### 35.21.717 Taxation of internet access—Moratorium.

A city or town may tax internet access providers under generally applicable business taxes or fees, at a rate not to exceed the rate applied to a general service classification. For the purposes of this section, "internet access" has the same meaning as in RCW 82.04.297. [2009 c 535 § 1101; 2004 c 154 § 1; 2002 c 181 § 1; 1999 c 307 § 1; 1997 c 304 § 2.]

[2009 RCW Supp—page 540]

**Intent—Construction—2009 c 535:** See notes following RCW 82.04.192.

**Findings—1997 c 304:** "The legislature finds that the newly emerging business of providing internet service is providing widespread benefits to all levels of society. The legislature further finds that this business is important to our state's continued growth in the high-technology sector of the economy and that, as this industry emerges, it should not be burdened by new taxes that might not be appropriate for the type of service being provided. The legislature further finds that there is no clear statutory guidance as to how internet services should be classified for tax purposes and intends to ratify the state's current treatment of such services." [1997 c 304 § 1.]

**Severability—1997 c 304:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1997 c 304 § 6.]

**Effective date—1997 c 304:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 9, 1997]." [1997 c 304 § 7.]

### 35.21.850 Taxation of motor carriers of freight for hire—Limitation—Exceptions.

No demand for a fee or tax or penalty shall be made by a city or town against a motor carrier of freight for hire on gross income derived from providing transportation services more than four years after the close of the year in which the same accrued except (1) against a taxpayer who has been guilty of fraud or misrepresentation of a material fact; or (2) where a taxpayer has executed a written waiver of such limitations; or (3) against a taxpayer who has not registered as required by the ordinance of the city or town imposing such tax or fee, provided this subsection shall not apply to a taxpayer who has registered in any city or town where the taxpayer maintains an office or terminal, or in the case of a taxpayer who has paid a license fee or tax based on such gross receipts to any city or town levying same which may reasonably be construed to be the principal market of the taxpayer but in which he or she maintains no office or terminal. [2009 c 549 § 2043; 1982 c 169 § 3.]

**Applicability—1982 c 169:** See note following RCW 35.21.840.

**35.21.910 Community athletics programs—Sex discrimination prohibited.** The antidiscrimination provisions of RCW 49.60.500 apply to community athletics programs and facilities operated, conducted, or administered by a city or town. [2009 c 467 § 4.]

**Findings—Declarations—2009 c 467:** See note following RCW 49.60.500.

### 35.21.980 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. (*Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.*)

For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other

law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 § 78.]

This and RCW 35.22.120 do not deprive city councils of the right to submit proposed charter amendments but affords a concurrent and additional method of submission. [2009 c 549 § 2044; 1967 c 123 § 2; 1965 c 7 § 35.22.130. Prior: (i) 1903 c 186 § 2; RRS § 8964. (ii) 1903 c 186 § 3; RRS § 8965.]

**35.22.210 Separate designation of councilmembers in certain first-class cities.** Any city of the first class having a population less than one hundred thousand by the last federal census and having a charter providing that each of its councilmembers shall be the commissioner of an administrative department of such city, may by ordinance provide for the separate designation of such councilmembers as officers, in accordance with such administrative departments, and for their filing for and election to office under such separate designations. [2009 c 549 § 2045; 1965 c 7 § 35.22.210. Prior: 1925 ex.s. c 61 § 1; RRS § 8948-1.]

**35.22.280 Specific powers enumerated.** Any city of the first class shall have power:

(1) To provide for general and special elections, for questions to be voted upon, and for the election of officers;

(2) To provide for levying and collecting taxes on real and personal property for its corporate uses and purposes, and to provide for the payment of the debts and expenses of the corporation;

(3) To control the finances and property of the corporation, and to acquire, by purchase or otherwise, such lands and other property as may be necessary for any part of the corporate uses provided for by its charter, and to dispose of any such property as the interests of the corporation may, from time to time, require;

(4) To borrow money for corporate purposes on the credit of the corporation, and to issue negotiable bonds therefor, on such conditions and in such manner as shall be prescribed in its charter; but no city shall, in any manner or for

any purpose, become indebted to an amount in the aggregate to exceed the limitation of indebtedness prescribed by chapter 39.36 RCW as now or hereafter amended;

(5) To issue bonds in place of or to supply means to meet maturing bonds or other indebtedness, or for the consolidation or funding of the same;

(6) To purchase or appropriate private property within or without its corporate limits, for its corporate uses, upon making just compensation to the owners thereof, and to institute and maintain such proceedings as may be authorized by the general laws of the state for the appropriation of private property for public use;

(7) To lay out, establish, open, alter, widen, extend, grade, pave, plank, establish grades, or otherwise improve streets, alleys, avenues, sidewalks, wharves, parks, and other public grounds, and to regulate and control the use thereof, and to vacate the same, and to authorize or prohibit the use of electricity at, in, or upon any of said streets, or for other purposes, and to prescribe the terms and conditions upon which the same may be so used, and to regulate the use thereof;

(8) To change the grade of any street, highway, or alley within its corporate limits, and to provide for the payment of damages to any abutting owner or owners who shall have built or made other improvements upon such street, highway, or alley at any point opposite to the point where such change shall be made with reference to the grade of such street, highway, or alley as the same existed prior to such change;

(9) To authorize or prohibit the locating and constructing of any railroad or street railroad in any street, alley, or public place in such city, and to prescribe the terms and conditions upon which any such railroad or street railroad shall be located or constructed; to provide for the alteration, change of grade, or removal thereof; to regulate the moving and operation of railroad and street railroad trains, cars, and locomotives within the corporate limits of said city; and to provide by ordinance for the protection of all persons and property against injury in the use of such railroads or street railroads;

(11) To acquire, by purchase or otherwise, lands for public parks within or without the limits of such city, and to improve the same. When the language of any instrument by which any property is so acquired limits the use of said property to park purposes and contains a reservation of interest in favor of the grantor or any other person, and where it is found that the property so acquired is not needed for park purposes and that an exchange thereof for other property to be dedicated for park purposes is in the public interest, the city may, with the consent of the grantor or such other person, his or her heirs, successors, or assigns, exchange such property for other property to be dedicated for park purposes, and may make, execute, and deliver proper conveyances to effect the exchange. In any case where, owing to death or lapse of time, there is neither donor, heir, successor, or assignee to give consent, this consent may be executed by the city and filed for record with an affidavit setting forth all efforts made to locate people entitled to give such consent together with the facts which establish that no consent by such persons is attainable. Title to property so conveyed by the city shall vest in the grantee free and clear of any trust in favor of the public

arising out of any prior dedication for park purposes, but the right of the public shall be transferred and preserved with like force and effect to the property received by the city in such exchange;

(12) To construct and keep in repair bridges, viaducts, and tunnels, and to regulate the use thereof;

(13) To determine what work shall be done or improvements made at the expense, in whole or in part, of the owners of the adjoining contiguous, or proximate property, or others specially benefited thereby; and to provide for the manner of making and collecting assessments therefor;

(14) To provide for erecting, purchasing, or otherwise acquiring waterworks, within or without the corporate limits of said city, to supply said city and its inhabitants with water, or authorize the construction of same by others when deemed for the best interests of such city and its inhabitants, and to regulate and control the use and price of the water so supplied;

(15) To provide for lighting the streets and all public places, and for furnishing the inhabitants thereof with gas or other lights, and to erect, or otherwise acquire, and to maintain the same, or to authorize the erection and maintenance of such works as may be necessary and convenient therefor, and to regulate and control the use thereof;

(16) To establish and regulate markets, and to provide for the weighing, measuring, and inspection of all articles of food and drink offered for sale thereat, or at any other place within its limits, by proper penalties, and to enforce the keeping of proper legal weights and measures by all vendors in such city, and to provide for the inspection thereof. Whenever the words "public markets" are used in this chapter, and the public market is managed in whole or in part by a public corporation created by a city, the words shall be construed to include all real or personal property located in a district or area designated by a city as a public market and traditionally devoted to providing farmers, crafts vendors and other merchants with retail space to market their wares to the public. Property located in such a district or area need not be exclusively or primarily used for such traditional public market retail activities and may include property used for other public purposes including, but not limited to, the provision of human services and low-income or moderate-income housing;

(17) To erect and establish hospitals and pesthouses, and to control and regulate the same;

(18) To provide for establishing and maintaining reform schools for juvenile offenders;

(19) To provide for the establishment and maintenance of public libraries, and to appropriate, annually, such percent of all moneys collected for fines, penalties, and licenses as shall be prescribed by its charter, for the support of a city library, which shall, under such regulations as shall be prescribed by ordinance, be open for use by the public;

(21) To direct the location and construction of all buildings in which any trade or occupation offensive to the senses

or deleterious to public health or safety shall be carried on, and to regulate the management thereof; and to prohibit the erection or maintenance of such buildings or structures, or the carrying on of such trade or occupation within the limits of such corporation, or within the distance of two miles beyond the boundaries thereof;

(22) To provide for the prevention and extinguishment of fires and to regulate or prohibit the transportation, keeping, or storage of all combustible or explosive materials within its corporate limits, and to regulate and restrain the use of fireworks;

(23) To establish fire limits and to make all such regulations for the erection and maintenance of buildings or other structures within its corporate limits as the safety of persons or property may require, and to cause all such buildings and places as may from any cause be in a dangerous state to be put in safe condition;

(24) To regulate the manner in which stone, brick, and other buildings, party walls, and partition fences shall be constructed and maintained;

(25) To deepen, widen, dock, cover, wall, alter, or change the channels of waterways and courses, and to provide for the construction and maintenance of all such works as may be required for the accommodation of commerce, including canals, slips, public landing places, wharves, docks, and levees, and to control and regulate the use thereof;

(30) To declare what shall be a nuisance, and to abate the same, and to impose fines upon parties who may create, continue, or suffer nuisances to exist;

(31) To regulate the selling or giving away of intoxicating, malt, vinous, mixed, or fermented liquors as authorized by the general laws of the state: PROVIDED, That no license

shall be granted to any person or persons who shall not first comply with the general laws of the state in force at the time the same is granted;

(32) To grant licenses for any lawful purpose, and to fix by ordinance the amount to be paid therefor, and to provide for revoking the same. However, no license shall be granted to continue for longer than one year from the date thereof. The punishment shall not exceed a fine of five thousand dollars or imprisonment in the city jail for one year, or both such fine and imprisonment. The punishment for any criminal ordinance shall be the same as the punishment provided in state law for the same crime. Such cities alternatively may provide that violations of ordinances constitute a civil violation subject to monetary penalties, but no act which is a state crime may be made a civil violation;

**35.22.610 Police officers—Appointment without regard to residence authorized.** Notwithstanding the provisions of RCW 35.21.200, as now or hereafter amended, all cities of the first class shall have the right and authority to appoint and employ a person as a regular or special police officer of said city regardless of his or her place of residence or domicile at the date of his or her appointment.

This provision shall supersede any provision of any city charter to the contrary. [2009 c 549 § 2047; 1967 ex.s. c 37 § 1.]

*Residence requirements for appointive city officials and employees: RCW 35.21.200.*

**35.22.620 Public works or improvements—Limitations on work by public employees—Small works roster—Purchase of reused or recycled materials or products.** (1) As used in this section, the term "public works" means as defined in RCW 39.04.010.

(2) A first-class city may have public works performed by contract pursuant to public notice and call for competitive bids. As limited by subsection (3) of this section, a first-class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period. The amount of public works that a first-class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first-class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first-class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first-class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first-class city shall not have public employees perform a public works project in excess of ninety thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of forty-five thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

(4) In addition to the accounting and record-keeping requirements contained in RCW 39.04.070, every first-class

city annually shall prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public employees above or below ten percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report shall indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ten percent of the total biennial construction budget.

Each first-class city with a population of one hundred fifty thousand or less shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(6) The competitive bidding requirements of this section may be waived by the city legislative authority pursuant to RCW 39.04.280 if an exemption contained within that section applies to the work or contract.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first-class city may let contracts using the small works roster process in RCW 39.04.155.

Whenever possible, the city shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(8) The allocation of public works projects to be performed by city employees shall not be subject to a collective bargaining agreement.

(9) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(4), that are negotiated under chapter 39.35A RCW.

(10) Nothing in this section shall prohibit any first-class city from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused. [2009 c 229 § 3; 2002 c 94 § 1; 2000 c 138 § 203; 1998 c 278 § 2; 1993 c 198 § 9; 1989 c 431 § 59; 1987 c 120 § 1. **35.23.352 Public works—Contracts—Bids—Small works roster—Purchasing requirements, recycled or reused materials or products.** (1) Any second-class city or any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies and equipment will not exceed the sum of sixty-five thousand dollars if more than one craft or trade is involved with the public works, or forty thousand dollars if a single craft or trade is involved with the public works or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon publication of notice calling for sealed bids upon the work. The notice shall be published in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids, at least thirteen days prior to the last date upon which bids will be received. The notice shall generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in accordance with RCW 39.08.030. If the bidder fails to enter into the contract in accordance with his or her bid and furnish a bond within ten days from the date at which he or she is notified that he or she is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second-class city or a town may let contracts using the small works roster process provided in RCW 39.04.155.

Whenever possible, the city or town shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(4) The form required by RCW 43.09.205 shall be to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and labor on that construction project.

(6) Any purchase of supplies, material, or equipment, except for public work or improvement, where the cost thereof exceeds seven thousand five hundred dollars shall be made upon call for bids.

(7) Bids shall be called annually and at a time and in the manner prescribed by ordinance for the publication in a newspaper of general circulation in the city or town of all notices or newspaper publications required by law. The contract shall be awarded to the lowest responsible bidder.

(8) For advertisement and formal sealed bidding to be dispensed with as to purchases with an estimated value of fifteen thousand dollars or less, the council or commission must authorize by resolution, use of the uniform procedure provided in RCW 39.04.190.

(9) The city or town legislative authority may waive the competitive bidding requirements of this section pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work.

(10) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(4), that are negotiated under chapter 39.35A RCW.

(11) Nothing in this section shall prohibit any second class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused. [2009 c 229 § 4; 2002 c 94 § 2; 2000 c 138 § 204; 1998 c 278 § 3; 1996 c 18 § 2. **35.36.010 Appointment of proxies.** The mayor, city comptroller and city clerk of every city of the first class may each severally designate one or more bonded persons to affix his or her signature to any bond or bonds requiring his or her signature.

If the signature of one of these officers is affixed to a bond during his or her continuance in office by a proxy designated by him or her whose authority has not been revoked, the bond shall be as binding upon the city and all concerned as though the officer had signed the bond in person.

This chapter shall apply to all bonds, whether they constitute obligations of the city as a whole or of any local improvement or other district or subdivision thereof, whether they call for payment from the general funds of the city or from a local, special or other fund, and whether negotiable or otherwise. 35.45.090	Excess to be refunded—Demand—Right of action.
35.45.130	Warrants against local improvement fund authorized.
35.45.150	Installment notes—Interest certificates.

**35.45.080 Remedy of bondholders.** If a city or town fails to pay any bonds or to promptly collect any local improvement assessments when due, the owner of the bonds may proceed in his or her own name to collect the assessment and foreclose the lien thereof in any court of competent jurisdiction and shall recover in addition to the amount of the bond and interest thereon, five percent, together with the cost of suit. Any number of holders of bonds for any single improvement may join as plaintiffs and any number of own-

ers of property upon which the assessments are liens may be joined as defendants in the same suit.

The owners of local improvement bonds issued by a city or town after the creation of a local improvement guaranty fund therein, shall also have recourse against the local improvement guaranty fund of such city or town unless the ordinance under which the bonds were issued provides that the bonds are not secured by the local improvement guaranty fund. (ii) 1911 c 98 § 51; 1899 c 124 § 6; RRS § 9404.]

**35.45.090 Excess to be refunded—Demand—Right of action.** Any funds in the treasury of any municipal corporation belonging to the fund of any local improvement district after the payment of the whole cost and expense of such improvement, in excess of the total sum required to defray all the expenditures by such municipal corporation on account thereof, shall be refunded, on demand, to the payers into such fund. Each such payer shall be entitled to such proportion of such excess as his or her original assessment bears to the entire original assessment levied for such improvement. Such municipal corporation may, after one year from the date on which the last installment becomes due, transfer any balance remaining on hand to the general fund of such municipal corporation, but shall, notwithstanding such transfer remain liable for the refund herein provided for until such refund shall have been made, unless the actual cost involved in making such refund shall exceed the excess in such fund.

Such demand shall be made in writing to the treasurer of such municipal corporation. No action shall be commenced in any court to obtain any such refund, except upon such demand, and until ninety days after making such demand. No excess shall be recovered in any action where the excess in the fund does not average the sum of one dollar in favor of all payers into such fund.

This section shall not be deemed to require the refunding of any balance left in any local improvement fund after the payment of all outstanding obligations issued against such fund, where such balance accrues from any saving in interest or from penalties collected upon delinquent assessments, but any such balance, whether accruing heretofore or hereafter, may be turned into the general fund or otherwise disposed of, as the legislative authority of the city may direct.

The provisions of this chapter relating to the refund of excess local improvement district funds shall not apply to any district whose obligations are guaranteed by the local improvement guaranty fund. [2009 c 549 § 2082; 1965 c 7 § 35.45.090. Prior: 1917 c 140 § 1; 1909 c 108 § 1; RRS § 9351.]

**35.45.130 Warrants against local improvement fund authorized.** Every city and town may provide by ordinance for the issuance of warrants in payment of the cost and expense of any local improvement, payable out of the local improvement district fund. The warrants shall bear interest at a rate or rates established by the issuing officer under the direction of the legislative authority of the city or town and

shall be redeemed either in cash or by local improvement bonds for the same improvement authorized by ordinance.

All warrants against any local improvement fund sold by the city or town or issued to a contractor and by him or her sold or hypothecated for a valuable consideration shall be claims and liens against the improvement fund against which they are drawn prior and superior to any right, lien, or claim of any surety upon the bond or bonds given to the city or town by or for the contractor to secure the performance of his or her contract or to secure the payment of persons who have performed work thereon, furnished materials therefor, or provisions and supplies for the carrying on of the work. [2009 c 549 § 2083; 1981 c 323 § 3; 1970 ex.s. c 56 § 36; 1965 c 7 § 35.45.130. Prior: 1953 c 117 § 1; prior: 1915 c 168 § 3; 1911 c 98 § 72; 1899 c 146 § 7; RRS 9425.]

**Purpose—1970 ex.s. c 56:** See note following RCW 39.52.020.

**35.45.150 Installment notes—Interest certificates.** In addition to the issuance of bonds and warrants in payment of the cost and expense of any local improvement, any city or town may also issue and sell installment notes payable out of the local improvement district fund. Such installment notes may be issued any time after the thirty day period allowed by law for the payment of assessments of any district without penalty or interest, and may bear any denomination or denominations, the aggregate of which shall represent the balance of the cost and expense of the local improvement district which is to be borne by the property owners therein.

Application of local improvement district funds for the reduction of the principal and interest amounts due on any notes herein provided to finance said improvement shall be made not less than once each year beginning with the issue date thereof. Appropriate notification of such application of funds shall be made by the city or town treasurer to the registered payees of said notes, except those notes owned by funds of the issuing municipality. Such notes may be registered as provided in RCW 39.46.030. If more than one local improvement installment note is issued for a single district, said notes shall be numbered consecutively. All notes issued shall bear on the face thereof: (1) The name of the payee; (2) the number of the local improvement district from whose funds the notes are payable; (3) the date of issue of each note; (4) the date on which the note, or the final installment thereon shall become due; (5) the rate or rates of interest, as provided by the city or town legislative authority, to be paid on the unpaid balance thereof, and; (6) such manual or facsimile signatures and attestations as are required by state statute or city charter to appear on the warrants of each issuing municipality.

The reverse side of each installment note issued pursuant to this section shall bear a tabular payment record which shall indicate at prescribed installment dates, the receipt of any local improvement district funds for the purpose of servicing the debt evidenced by said notes. Such receipts shall first be applied toward the interest due on the unpaid balance of the note, and any additional moneys shall thereafter apply as a reduction of the principal amount thereof. The tabular payment record shall, in addition to the above, show the unpaid principal balance due on each installment note, together with sufficient space opposite each transaction affecting said note

for the manual signature of the city's or town's clerk, treasurer or other properly designated receiving officer of the municipality, or of any other registered payee presenting said note for such installment payments.

Whenever there are insufficient funds in a local improvement district to meet any payment of installment interest due on any note herein authorized, a noninterest-bearing defaulted installment interest certificate shall be issued by the city or town treasurer which shall consist of a written statement certifying the amount of such defaulted interest installment; the name of the payee of the note to whom the interest is due and the number of the local improvement district from whose funds the note and interest thereon is payable. Such certificates may be registered as provided in RCW 39.46.030. The certificate herein provided shall bear the manual signature of the city or town treasurer or his or her authorized agent. The defaulted installment interest certificate so issued shall be redeemed for the face amount thereof with any available funds in the local improvement guaranty fund.

Whenever at the date of maturity of any installment note issued pursuant to this section, there are insufficient funds in a local improvement district, due to delinquencies in the collection of assessments, to pay the final installment of the principal due thereon, the note shall be redeemed with any available funds in the local improvement guaranty fund for the amount of said final installment.

All certificates and notes issued pursuant to this section are to become subject to the same redemption privileges as apply to any local improvement district bonds and warrants now accorded the protection of the local improvement guaranty fund as provided in chapter 35.54 RCW, and whenever the certificates or notes issued as herein provided are redeemed by said local improvement guaranty fund, they shall be held therein as investments thereof in the same manner as prescribed for other defaulted local improvement district obligations.

Notwithstanding any other statutory provisions, local improvement installment notes authorized by this section which are within the protection of the local improvement guaranty fund law shall be considered legal investments for any available surplus funds of the issuing municipality which now or hereafter may be authorized to be invested in the city's or town's local improvement districts' bonds or warrants and shall be considered legal investments for all national and state banks, savings and loan institutions, and any and all other commercial banking or financial institutions to the same extent that the local improvement district bonds and any coupons issued pursuant to the provisions of this chapter have been and are legal investments for such institutions. Any such local improvement installment notes may be transferred or sold by said city or town upon such terms or conditions and in such manner as the local governing body of said city or town may determine, or may be issued to another fund of the city or town: PROVIDED, HOWEVER, That the same shall not be sold at less than par plus accrued interest.

Notwithstanding the provisions of this section, such notes and certificates may be issued, and such notes may be sold, in accordance with chapter 39.46 RCW. [2009 c 549 § 2084; 1983 c 167 § 44. **35.58.460 Revenue bonds—Issuance, sale, form, term, payment, reserves, actions.** (1) A metropolitan municipal corporation may issue revenue bonds to provide funds to carry out its authorized metropolitan water pollution abatement, water supply, garbage disposal or transportation purposes, without submitting the matter to the voters of the metropolitan municipal corporation. The metropolitan council shall create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the metropolitan council may obligate the metropolitan municipal corporation to pay such amounts of the gross revenue of the particular utility constructed, acquired, improved, added to, or repaired out of the proceeds of sale of such bonds, as the metropolitan council shall determine and may obligate the metropolitan municipal corporation to pay such amounts out of otherwise unpledged revenue which may be derived from the ownership, use or operation of properties or facilities owned, used or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes or other sources of payment lawfully authorized for such purpose, as the metropolitan council shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of such utility or any other revenue, fees, tolls, charges, tariffs, fares, special taxes or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the metropolitan municipal corporation.

Each such revenue bond shall state upon its face that it is payable from such special fund or funds, and all revenue bonds issued under this chapter shall be negotiable securities within the provisions of the law of this state. Such revenue

bonds may be registered either as to principal only or as to principal and interest as provided in RCW 39.46.030, or may be bearer bonds; shall be in such denominations as the metropolitan council shall deem proper; shall be payable at such time or times and at such places as shall be determined by the metropolitan council; shall bear interest at such rate or rates as shall be determined by the metropolitan council; shall be signed by the chair and attested by the secretary of the metropolitan council, any of which signatures may be facsimile signatures, and the seal of the metropolitan municipal corporation shall be impressed or imprinted thereon; any attached interest coupons shall be signed by the facsimile signatures of said officials.

Such revenue bonds shall be sold in such manner, at such price and at such rate or rates of interest as the metropolitan council shall deem to be for the best interests of the metropolitan municipal corporation, either at public or private sale.

The metropolitan council may at the time of the issuance of such revenue bonds make such covenants with the owners of said bonds as it may deem necessary to secure and guarantee the payment of the principal thereof and the interest thereon, including but not being limited to covenants to set aside adequate reserves to secure or guarantee the payment of such principal and interest, to maintain rates sufficient to pay such principal and interest and to maintain adequate coverage over debt service, to appoint a trustee or trustees for the bond owners to safeguard the expenditure of the proceeds of sale of such bonds and to fix the powers and duties of such trustee or trustees and to make such other covenants as the metropolitan council may deem necessary to accomplish the most advantageous sale of such bonds. The metropolitan council may also provide that revenue bonds payable out of the same source may later be issued on a parity with revenue bonds being issued and sold.

The metropolitan council may include in the principal amount of any such revenue bond issue an amount to establish necessary reserves, an amount for working capital and an amount necessary for interest during the period of construction of any such metropolitan facilities plus six months. The metropolitan council may, if it deems it to the best interest of the metropolitan municipal corporation, provide in any contract for the construction or acquisition of any metropolitan facilities or additions or improvements thereto or replacements or extensions thereof that payment therefor shall be made only in such revenue bonds at the par value thereof.

If the metropolitan municipal corporation shall fail to carry out or perform any of its obligations or covenants made in the authorization, issuance and sale of such bonds, the owner of any such bond may bring action against the metropolitan municipal corporation and compel the performance of any or all of such covenants.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. **35.61.135 Contracts—Competitive bidding—Small works roster—Exemption.** (1) All work ordered, the estimated cost of which is in excess of twenty thousand dollars, shall be let by contract and competitive bidding. Before awarding any such contract the board of park commissioners shall publish a notice in a newspaper of general circulation where the district is located at least once thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work, plans, and specifications which must at the time of publication of such notice be on file in the office of the board of park commissioners subject to the public inspection. The notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of park commissioners on or before the day and hour named therein.

Each bid shall be accompanied by a certified or cashier's check or postal money order payable to the order of the metropolitan park district for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the metropolitan park district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder's bid, and no bid shall be considered unless accompanied by such check, cash, or bid bond. At the time and place named such bids shall be publicly opened and read and the board of park commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting the bidder's own plans and specifications. The board of park commissioners may reject all bids for good cause and readvertise and in such case all checks, cash, or bid bonds shall be returned to the bidders. If the contract is let, then all checks, cash, or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract is entered into for doing the work, and a bond to perform such work furnished with sureties satisfactory to the board of park commissioners in the full amount of the contract price between the bidder and the metropolitan park district in accordance with the bid. If the bidder fails to enter into the contract in accordance with the bid and furnish the bond

within ten days from the date at which the bidder is notified that the bidder is the successful bidder, the check, cash, or bid bonds and the amount thereof shall be forfeited to the metropolitan park district. If the bidder fails to enter into a contract in accordance with the bidder's bid, and the board of park commissioners deems it necessary to take legal action to collect on any bid bond required by this section, then the metropolitan park district is entitled to collect from the bidder any legal expenses, including reasonable attorneys' fees occasioned thereby. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) As an alternative to requirements under subsection (1) of this section, a metropolitan park district may let contracts using the small works roster process under RCW 39.04.155.

(3) Any purchase of materials, supplies, or equipment, with an estimated cost in excess of forty thousand dollars, shall be by contract. Any purchase of materials, supplies, or equipment, with an estimated cost of less than fifty thousand dollars shall be made using the process provided in RCW 39.04.190. Any purchase of materials, supplies, or equipment with an estimated cost of fifty thousand dollars or more shall be made by competitive bidding following the procedure for letting contracts for projects under subsection (1) of this section.

(4) As an alternative to requirements under subsection (3) of this section, a metropolitan park district may let contracts for purchase of materials, supplies, or equipment with the suppliers designated on current state agency, county, city, or town purchasing rosters for the materials, supplies, or equipment, when the roster has been established in accordance with the competitive bidding law for purchases applicable to the state agency, county, city, or town. The price and terms for purchases shall be as described on the applicable roster.

(5) The park board may waive the competitive bidding requirements of this section pursuant to RCW 39.04.280 if an exemption contained within RCW 39.04.280 applies to the purchase or public work. [2009 c 229 § 10; 2001 c 29 § 1.]

**35.61.230 Objections—Appeal.** Any person, firm or corporation feeling aggrieved by the assessment against his or her or its property may file objections with the city council and may appeal from the order confirming the assessment roll in the same manner as objections and appeals are made in regard to local improvements in cities of the first class. The notice shall specify a reasonable time within which such construction or reconstruction shall be made, and shall state that in case the owner fails to make the same within such time, the city will proceed to make it through the officer or department thereof charged with the inspection of sidewalks and that such officer or department will report to the city council, at a subsequent date, to be definitely stated in the notice, an assessment roll showing the lot or parcel of land directly abutting on such portion of the street so improved, the cost of the improvement, and the name of the owner, if known, and that the city council at the time stated in the notice or at the time or times to which the same may be adjourned, will hear any and all protests against the proposed assessment. Upon the expiration of the time fixed within which the owner is required to construct or reconstruct such sidewalk, if the owner has failed to perform such work, the city may proceed to perform it, and the officer or department of the city performing the work shall, within the time fixed in the notice, report to the city council an assessment roll showing the lot or parcel of land directly abutting on that portion of the street so improved, the cost of the work, and the name of the owner, if known. The city council shall, at the time in such notice designated, or at an adjourned time or times, assess the cost of such improvement against said property and shall fix the time and manner for payment thereof, which said assessment shall become a lien upon said property and shall be collected in the manner as is provided by law for collection of local improvements assessments under this title. **35.91.020 Contracts with owners of real estate for water or sewer facilities—Reimbursement of costs by subsequent users—Contract requirements.** (1)(a) Except as provided under subsection (2) of this section, the governing body of any city, town, county, water-sewer district, or drainage district, hereinafter referred to as a "municipality" may contract with owners of real estate for the construction of storm, sanitary, or combination sewers, pumping stations, and disposal plants, water mains, hydrants, reservoirs, or appurtenances, hereinafter called "water or sewer facilities," within their boundaries or (except for counties) within ten miles from their corporate limits connecting with the public water or sewerage system to serve the area in which the real estate of such owners is located, and to provide for a period of not to exceed twenty years for the reimbursement of such owners and their assigns by any owner of real estate who did not contribute to the original cost of such water or sewer facilities and who subsequently tap onto or use the same of a fair pro rata share of the cost of the construction of said water or sewer facilities, including not only those directly connected thereto, but also users connected to laterals or branches connecting thereto, subject to such reasonable rules and regulations as the governing body of such municipality may provide or contract, and notwithstanding the provisions of any other law.

(b) If authorized by ordinance or contract, a municipality may participate in financing the development of water or sewer facilities development projects authorized by, and in accordance with, (a) of this subsection. Unless otherwise provided by ordinance or contract:

(i) Municipalities that contribute to the financing of water or sewer facilities projects under this section have the same rights to reimbursement as owners of real estate who make contributions as authorized under this section; and

(ii) If the projects are jointly financed by a combination of municipal funding and private funding by real estate owners, the amount of reimbursement received by each participant in the financing must be a pro rata share.

(c) A municipality seeking reimbursement from an owner of real estate under this section is limited to the dollar amount authorized under this chapter and may not collect any additional reimbursement, assessment, charge, or fee for the infrastructure or facilities that were constructed under the applicable ordinance, contract, or agreement. This does not prevent the collection of amounts for services or infrastructure that are additional expenditures not subject to such ordinance, contract, or agreement.

(2)(a) The contract may provide for an extension of the twenty-year reimbursement period for a time not to exceed the duration of any moratorium, phasing ordinance, concurrency designation, or other governmental action that prevents making applications for, or the approval of, any new development within the benefit area for a period of six months or more.

(b) Upon the extension of the reimbursement period pursuant to (a) of this subsection, the contract must specify the duration of the contract extension and must be filed and recorded with the county auditor. Property owners who are subject to the reimbursement obligations under subsection (1) of this section shall be notified by the contracting municipality of the extension filed under this subsection.

(3) Each contract shall include a provision requiring that every two years from the date the contract is executed a property owner entitled to reimbursement under this section provide the contracting municipality with information regarding the current contract name, address, and telephone number of the person, company, or partnership that originally entered into the contract. If the property owner fails to comply with the notification requirements of this subsection within sixty days of the specified time, then the contracting municipality may collect any reimbursement funds owed to the property owner under the contract. Such funds must be deposited in the capital fund of the municipality.

(4) To the extent it may require in the performance of such contract, such municipality may install said water or sewer facilities in and along the county streets in the area to be served as hereinabove provided, subject to such reasonable requirements as to the manner of occupancy of such streets as the county may by resolution provide. The provisions of such contract shall not be effective as to any owner of real estate not a party thereto unless such contract has been recorded in the office of the county auditor of the county in which the real estate of such owner is located prior to the time such owner taps into or connects to said water or sewer facilities. assessed valuation of the real estate exclusive of improvements in the district according to the valuation last placed upon it for purposes of general taxation, or the estimated amount of the cost of the improvement to be borne by each tract of land or other property, but a statement by the engineer or other officer, showing the estimated cost of the improvement per square foot, shall be sufficient: PROVIDED FURTHER, That when the legislative authority of a city or town shall deem it necessary to levy special assessments for the purposes specified in RCW 35.92.230, as now or hereafter amended, other than for the purpose of paying the costs of acquiring, constructing or reconstructing any system or means of distribution or delivery of water for irrigation or domestic purposes, the legislative authority for such city or town may hold a single hearing on the assessment rolls for all irrigation local improvement districts within the city or town. Such legislative authority shall fix the date of such hearing and shall direct the city or town clerk to give notice thereof, in the form prescribed by RCW 35.44.080, by publication thereof in a legal newspaper of general circulation in the city or town, once, not less than fifteen days prior to the date fixed for hearing; and by mailing, not less than fifteen days prior to the date fixed for hearing, notice thereof to the owner or reputed owner of each item of property described on the assessment roll whose name appears on such roll at the address of such owner or reputed owner shown on the tax rolls of the county treasurer for each such item of property: PROVIDED FURTHER, That when an assessment roll is once prepared and does not include the cost of purchase, construction, or reconstruction of works of delivery or distribution and the legislative authority of such city or town decides to raise a similar amount the ensuing year, it shall not be necessary to prepare a new assessment roll, but the legislative authority may pass a resolution of intention estimating the cost for the ensuing year to be the same as the preceding year, and directing the clerk to give notice stating the estimated cost per square foot of all land within the district and refer persons interested to the books of the treasurer, and fixing the date for a hearing on such assessment roll. Notice of such hearing shall be given by the city or town clerk in the form and manner required in the preceding proviso. The treasurer shall be present at the hearing and shall note any changes on his or her books. **35.92.360 Energy conservation plan—Financing authorized for energy conservation projects in structures or equipment—Limitations.** (1) Any city or town engaged in the generation, sale, or distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures or equipment pursuant to an energy conservation plan adopted by the city or town if the cost per unit of energy

saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the city or town could acquire to meet future demand. Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. For the purposes of this section, "conservation purposes in existing structures" may include projects to allow a municipal electric utility's customers to generate all or a portion of their own electricity through the on-site installation of a distributed electricity generation system that uses as its fuel solar, wind, geothermal, or hydropower, or other renewable resource that is available on-site and not from a commercial source. Such projects shall not be considered "a conversion from one energy source to another" which is limited to the change or substitution of one commercial energy supplier for another commercial energy supplier. Except where otherwise authorized, such assistance shall be limited to:

(a) Providing an inspection of the structure or equipment, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment;

(b) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards;

(c) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation; and

(d) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(2) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed two hundred forty months in length. [2009 c 416 § 1; 2002 c 276 § 2; 1989 c 268 § 1; 1979 ex.s. c 239 § 2.]

**Findings—Intent—2002 c 276:** "The legislature finds that energy conservation can take many useful and cost-effective forms, and that the types of conservation projects available to utilities and customers evolve with time as technologies are developed and market conditions change. In some cases, electricity conservation projects are most cost-effective when they reduce the total amount of electricity consumed by an individual customer, and in other cases they can be cost-effective by reducing the amount of electricity a customer needs to purchase from an electric utility.

The legislature intends to encourage and support a broad array of cost-effective energy conservation by electric utilities and customers alike by clarifying that public utilities may assist in the financing of projects that allow customers to generate their own electricity from renewable resources that do not depend on commercial sources of fuel thereby reducing the

amount of electricity a public utility needs to generate or acquire on their customers' behalf." [2002 c 276 § 1.]

**Effective date—Contingency—1979 ex.s. c 239:** "This 1979 act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of energy, is validly submitted and is approved and ratified by the voters at a general election held in November, 1979. If the proposed amendment is not so approved and ratified, this 1979 act shall be null and void in its entirety." [1979 ex.s. c 239 § 4.] The referenced constitutional amendment (1979 Substitute Senate Joint Resolution No. 120) was approved by the voters on November 6, 1979. See Article VIII, section 10 of the state Constitution.

Each bid shall state that the bidder agrees that if his or her bid is accepted and he or she fails to comply therewith within the time hereinafter specified, the check or deposit shall be forfeited to the city. If bids for a lease are called for, bidders shall bid the amount to be paid as the rent for each year of the term of the lease. If bids for a sale are called for, the bids shall state the price offered. The legislative authority of the city may reject any or all bids and accept any bid which it deems best. At the first meeting of the legislative authority of the city held after the expiration of the time fixed for receiving bids, or at some later meeting, the bids shall be considered. In order for the legislative authority to declare it advisable to accept any bid it shall be necessary for two-thirds of all the members elected to the legislative authority to vote in favor of a resolution making the declaration. If the resolution is adopted it shall be necessary, in order that the bid be accepted, to enact an ordinance accepting it and directing the execution of a lease or conveyance by the mayor and city clerk or other proper official. The ordinance shall not take effect until it has been submitted to the voters of the city for their approval or rejection at the next general election or at a special election called for that purpose, and a majority of the voters voting thereon have approved it. If approved it shall take effect as soon as the result of the vote is proclaimed by the mayor. If it is so submitted and fails of approval, it shall be rejected and annulled. The mayor shall proclaim the vote as soon as it is properly certified. [2009 c 549 § 2133; 1985 c 469 § 40; 1965 c 7 § 35.94.020. Prior: 1917 c 137 § 2; RRS

remove all such service lines: PROVIDED, That if the owner has filed his or her written objections to such disconnection and removal with the city or town clerk within thirty days after the mailing of the notice then the city or town shall not order such disconnection and removal until after the hearing on such objections.

Upon the timely filing by the owner of objections to the disconnection and removal of the service lines, the legislative authority of such city or town, or a committee thereof, shall conduct a hearing to determine whether the removal of all or any part of the service lines is in the public benefit. The hearing shall be held at such time as the legislative authority of such city or town may establish for hearings on the objections and shall be held in accordance with the regularly established procedure set by the legislative authority of the city or town. If the hearing is before a committee, the committee shall following the hearing report its recommendation to the legislative authority of the city or town for final action. The determination reached by the legislative authority shall be final in the absence of an abuse of discretion. [2009 c 549 § 2135; 1967 c 119 § 6.]

Where a city elects to become a noncharter code city under one of the optional plans of government provided in Title 35A RCW for code cities which involves the same general plan of government as that under which the city operated prior to the choice and where with the change in classification the number of council positions in a city remains the same or increases from five to seven, the procedures for the first election of officers which appear in RCW 35A.02.050 shall not be followed. When membership in a city council remains the same or is increased upon becoming a noncharter code city, the terms of incumbent councilmembers shall not be affected. If the number of councilmembers is increased from five to seven, the city council shall, by majority vote, pursuant to RCW 35A.12.050 and 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term.

A first election of all officers upon a change in classification to a noncharter code city is also not required where the change in classification otherwise retains the same general or specific plan of government and where the change in classification results in a decrease in the number of council positions in a city.

If the membership in a city council is decreased from seven to five members upon adopting the classification of noncharter code city, this decrease in the number of councilmembers shall be determined in the following manner: The councilmembers shall determine by lot which two council positions shall be eliminated upon the expiration of their terms of office. The terms of the remaining councilmembers shall not be affected. [2009 c 549 § 3001; 1979 ex.s. c 18 § 8.]

(1) The legislative authority of any such city may provide by ordinance for the appointment by the mayor thereof, of such number of persons as may be designated in the ordinance to make an enumeration of all persons residing within the corporate limits of the city. Candidates for election to the charter commission must be nominated by petition signed by ten registered voters of the city and residents therein for a period of at least two years preceding the election. A nominating petition shall be filed within the time allowed for filing declarations of candidacy and shall be verified by an affidavit of one or more of the signers to the effect that the affiant believes that the candidate and all of the signers are registered voters of the city and he or she signed the petition in good faith for the purpose of endorsing the person named therein for election to the charter commission. A written acceptance of the nomination by the nominee shall be affixed to the petition when filed with the county auditor. Nominating petitions need not be in the form prescribed in RCW 35A.01.040. Any nominee may withdraw his or her nomination by a written statement of withdrawal filed at any time not later than five days before the last day allowed for filing nominations. The positions on the charter commission shall be designated by consecutive numbers one through fifteen, and the positions so designated shall be considered as separate offices for all election purposes. #### **35A.12.010 Elective city officers—Size of council.**

The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members. A city with a population of less than twenty-five hundred at the time of reclassification as an optional municipal code city may choose to maintain a seven-member council. The decision concerning the number of councilmembers shall be made by the council and be incorporated as a section of the ordinance adopting for the city the classification of noncharter code city. If the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of council offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of council offices in the city. When the population of a mayor-council code city having five council offices increases to five thousand or more inhabitants, the number of council offices in the city shall increase from five to seven members. In the event of an increase in the number of council offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven council offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general elec-

tion, the city council shall adopt an ordinance providing for reduction in the number of council offices to five. The ordinance shall specify which two council offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained council office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government. **35A.12.030 Eligibility to hold elective office.** No person shall be eligible to hold elective office under the mayor-council plan unless the person is a registered voter of the city at the time of filing his or her declaration of candidacy and has been a resident of the city for a period of at least one year next preceding his or her election. Residence and voting within the limits of any territory which has been included in, annexed to, or consolidated with such city is construed to have been residence within the city. A mayor or councilmember shall hold within the city government no other public office or employment except as permitted under the provisions of chapter 42.23 RCW. [2009 c 549 § 3006; 1979 ex.s. c 18 § 20; 1967 ex.s. c 119 § 35A.12.030.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.12.065 Pro tempore appointments.** Biennially at the first meeting of a new council, or periodically, the members thereof, by majority vote, may designate one of their number as mayor pro tempore or deputy mayor for such period as the council may specify, to serve in the absence or temporary disability of the mayor; or, in lieu thereof, the council may, as the need may arise, appoint any qualified person to serve as mayor pro tempore in the absence or temporary disability of the mayor. In the event of the extended excused absence or disability of a councilmember, the remaining members by majority vote may appoint a councilmember pro tempore to serve during the absence or disability. [2009 c 549 § 3007; 1967 ex.s. c 119 § 35A.12.065.]

**35A.12.070 Compensation of elective officers—Expenses.** The salaries of the mayor and the councilmembers shall be fixed by ordinance and may be revised from time to time by ordinance, but any increase in the compensation attaching to an office shall not be applicable to the term then being served by the incumbent if such incumbent is a member of the city legislative body fixing his or her own compensation or as mayor in a mayor-council code city casts a tie-breaking vote relating to such ordinance: PROVIDED, That if the mayor of such a city does not cast such a vote, his or her salary may be increased during his or her term of office.

Until the first elective officers under this mayor-council plan of government may lawfully be paid the compensation provided by such salary ordinance, such officers shall be entitled to be compensated in the same manner and in the same amount as the compensation paid to officers of such city performing comparable services immediately prior to adoption of this mayor-council plan.

Until a salary ordinance can be passed and become effective as to elective officers of a newly incorporated code city, such first officers shall be entitled to compensation as follows: In cities having less than five thousand inhabitants, the mayor shall be entitled to a salary of one hundred and fifty dollars per calendar month and a councilmember shall be entitled to twenty dollars per meeting for not more than two meetings per month; in cities having more than five thousand but less than fifteen thousand inhabitants, the mayor shall be entitled to a salary of three hundred and fifty dollars per calendar month and a councilmember shall be entitled to one hundred and fifty dollars per calendar month; in cities having more than fifteen thousand inhabitants, the mayor shall be entitled to a salary of twelve hundred and fifty dollars per calendar month and a councilmember shall be entitled to four hundred dollars per calendar month: PROVIDED, That such interim compensation shall remain in effect only until a salary ordinance is passed and becomes effective as to such officers, and the amounts herein provided shall not be construed as fixing the usual salary of such officers. The mayor and councilmembers shall receive reimbursement for their actual and necessary expenses incurred in the performance of the duties of their office, or the council by ordinance may provide for a per diem allowance. Procedure for approval of claims for expenses shall be as provided by ordinance. [2009 c 549 § 3008; 1971 ex.s. c 251 § 5; 1967 ex.s. c 119 § 35A.12.070.]

The oath or affirmation shall be filed with the county auditor. The clerk, treasurer, if any, chief of police, and such other officers or employees as may be designated by ordinance or by charter shall be required to furnish annually an official bond conditioned on the honest and faithful performance of their official duties. The terms and penalty of official bonds and the surety therefor shall be prescribed by ordinance or charter and the bond shall be approved by the chief administrative officer of the city. The premiums on such bonds shall be paid by the city. When the furnishing of an official bond is required of an officer or employee, compliance with such provisions shall be an essential part of qualification for office. **Severability—1986 c 167:** See note following RCW 29A.04.049.

**35A.12.100 Duties and authority of the mayor—Veto—Tie-breaking vote.** The mayor shall be the chief executive and administrative officer of the city, in charge of

all departments and employees, with authority to designate assistants and department heads. The mayor may appoint and remove a chief administrative officer or assistant administrative officer, if so provided by ordinance or charter. He or she shall see that all laws and ordinances are faithfully enforced and that law and order is maintained in the city, and shall have general supervision of the administration of city government and all city interests. All official bonds and bonds of contractors with the city shall be submitted to the mayor or such person as he or she may designate for approval or disapproval. He or she shall see that all contracts and agreements made with the city or for its use and benefit are faithfully kept and performed, and to this end he or she may cause any legal proceedings to be instituted and prosecuted in the name of the city, subject to approval by majority vote of all members of the council. The mayor shall preside over all meetings of the city council, when present, but shall have a vote only in the case of a tie in the votes of the councilmembers with respect to matters other than the passage of any ordinance, grant, or revocation of franchise or license, or any resolution for the payment of money. He or she shall report to the council concerning the affairs of the city and its financial and other needs, and shall make recommendations for council consideration and action. He or she shall prepare and submit to the council a proposed budget, as required by chapter 35A.33 RCW. The mayor shall have the power to veto ordinances passed by the council and submitted to him or her as provided in RCW 35A.12.130 but such veto may be overridden by the vote of a majority of all councilmembers plus one more vote. The mayor shall be the official and ceremonial head of the city and shall represent the city on ceremonial occasions, except that when illness or other duties prevent the mayor's attendance at an official function and no mayor pro tempore has been appointed by the council, a member of the council or some other suitable person may be designated by the mayor to represent the city on such occasion. [2009 c 549 § 3010; 1979 ex.s. c 18 § 22; 1967 ex.s. c 119 § 35A.12.100.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.12.110 Council meetings.** The city council and mayor shall meet regularly, at least once a month, at a place and at such times as may be designated by the city council. All final actions on resolutions and ordinances must take place within the corporate limits of the city. Special meetings may be called by the mayor or any three members of the council by written notice delivered to each member of the council at least twenty-four hours before the time specified for the proposed meeting. All actions that have heretofore been taken at special council meetings held pursuant to this section, but for which the number of hours of notice given has been at variance with requirements of RCW 42.30.080, are hereby validated. All council meetings shall be open to the public except as permitted by chapter 42.30 RCW. No ordinance or resolution shall be passed, or contract let or entered into, or bill for the payment of money allowed at any meeting not open to the public, nor at any public meeting the date of which is not fixed by ordinance, resolution, or rule, unless public notice of such meeting has been given by such notice to each local newspaper of general circulation and to each local radio or television station, as provided in RCW

42.30.080 as now or hereafter amended. Meetings of the council shall be presided over by the mayor, if present, or otherwise by the mayor pro tempore, or deputy mayor if one has been appointed, or by a member of the council selected by a majority of the councilmembers at such meeting. Appointment of a councilmember to preside over the meeting shall not in any way abridge his or her right to vote on matters coming before the council at such meeting. In the absence of the clerk, a deputy clerk or other qualified person appointed by the clerk, the mayor, or the council, may perform the duties of clerk at such meeting. A journal of all proceedings shall be kept, which shall be a public record. [2009 c 549 § 3011; 1993 c 199 § 3; 1979 ex.s. c 18 § 23; 1967 ex.s. c 119 § 35A.12.110.]

**35A.12.120 Council—Quorum—Rules—Voting.** At all meetings of the council a majority of the councilmembers shall constitute a quorum for the transaction of business, but a less number may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as may be prescribed by ordinance. The council shall determine its own rules and order of business, and may establish rules for the conduct of council meetings and the maintenance of order. At the desire of any member, any question shall be voted upon by roll call and the ayes and nays shall be recorded in the journal.

The passage of any ordinance, grant or revocation of franchise or license, and any resolution for the payment of money shall require the affirmative vote of at least a majority of the whole membership of the council. [2009 c 549 § 3012; 1967 ex.s. c 119 § 35A.12.120.]

**35A.12.130 Ordinances—Style—Requisites—Veto.** The enacting clause of all ordinances shall be as follows: "The city council of the city of . . . . do ordain as follows:" No ordinance shall contain more than one subject and that must be clearly expressed in its title.

No ordinance or any section or subsection thereof shall be revised or amended unless the new ordinance sets forth the revised ordinance or the amended section or subsection at full length.

No ordinance shall take effect until five days after the date of its publication unless otherwise provided by statute or charter, except that an ordinance passed by a majority plus one of the whole membership of the council, designated therein as a public emergency ordinance necessary for the protection of public health, public safety, public property or the public peace, may be made effective upon adoption, but such ordinance may not levy taxes, grant, renew, or extend a franchise, or authorize the borrowing of money.

Every ordinance which passes the council in order to become valid must be presented to the mayor; if he or she approves it, he or she shall sign it, but if not, he or she shall return it with his or her written objections to the council and the council shall cause his or her objections to be entered at large upon the journal and proceed to a reconsideration thereof. If upon reconsideration a majority plus one of the whole membership, voting upon a call of ayes and nays, favor its passage, the ordinance shall become valid notwithstanding

the mayor's veto. If the mayor fails for ten days to either approve or veto an ordinance, it shall become valid without his or her approval. Ordinances shall be signed by the mayor and attested by the clerk. [2009 c 549 § 3013; 1967 ex.s. c 119 § 35A.12.130.]

**35A.12.150 Ordinances—Authentication and recording.** The city clerk shall authenticate by his or her signature and record in full in a properly indexed book kept for the purpose all ordinances and resolutions adopted by the council. Such book, or copies of ordinances and resolutions, shall be available for inspection by the public at reasonable times and under reasonable conditions. [2009 c 549 § 3014; 1967 ex.s. c 119 § 35A.12.150.]

**35A.12.170 Audit and allowance of demands against city.** All demands against a code city shall be presented and audited in accordance with such regulations as may be prescribed by charter or ordinance; and upon the allowance of a demand, the clerk shall draw a warrant upon the treasurer for it, which warrant shall be countersigned by the mayor, or such person as he or she may designate, and shall specify the fund from which it is to be paid; or, payment may be made by a bank check when authorized by the legislative body of the code city under authority granted by RCW 35A.40.020, which check shall bear the signatures of the officers designated by the legislative body as required signatories of checks of such city, and shall specify the fund from which it is to be paid. [2009 c 549 § 3015; 1967 ex.s. c 119 § 35A.12.170.]

**35A.13.010 City officers—Size of council.** The councilmembers shall be the only elective officers of a code city electing to adopt the council-manager plan of government authorized by this chapter, except where statutes provide for an elective municipal judge. The council shall appoint an officer whose title shall be "city manager" who shall be the chief executive officer and head of the administrative branch of the city government. The city manager shall be responsible to the council for the proper administration of all affairs of the code city. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhab-

itants the council shall consist of seven members: PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a council-manager code city its population increases to twenty-five hundred or more inhabitants, the number of council offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of council offices in the city. When the population of a council-manager code city having five council offices increases to five thousand or more inhabitants, the number of council offices in the city shall increase from five to seven members. In the event of an increase in the number of council offices, the city council shall, by majority vote, pursuant to RCW 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the council-manager plan of government set forth in this chapter may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the council-manager plan of government and which has seven council offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of council offices to five. The ordinance shall specify which two council offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained council office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old council-manager plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government. [2009 c 549 § 3016; 1994 c 223 § 35; 1994 c 81 § 72; 1987 c 3 § 16; 1985 c 106 § 2; 1983 c 128 § 2; 1979 ex.s. c 18 § 24; 1979 c 151 § 34; 1967 ex.s. c 119 § 35A.13.010.]

**35A.13.020 Election of councilmembers—Eligibility—Terms—Vacancies—Forfeiture of office—Council chair.** In council-manager code cities, eligibility for election to the council, the manner of electing councilmembers, the numbering of council positions, the terms of councilmembers, the occurrence and the filling of vacancies, the grounds for forfeiture of office, and appointment of a mayor pro tempore or deputy mayor or councilmember pro tempore shall be governed by the corresponding provisions of RCW 35A.12.030, 35A.12.040, 35A.12.050, 35A.12.060, and

35A.12.065 relating to the council of a code city organized under the mayor-council plan, except that in council-manager cities where all council positions are at-large positions, the city council may, pursuant to RCW 35A.13.033, provide that the person elected to council position one shall be the council chair and shall carry out the duties prescribed by RCW 35A.13.030. [2009 c 549 § 3017; 1994 c 223 § 36; 1975 1st ex.s. c 155 § 1; 1967 ex.s. c 119 § 35A.13.020.]

**35A.13.030 Mayor—Election—Chair to be mayor—Duties.** Biennially at the first meeting of the new council the members thereof shall choose a chair from among their number unless the chair is elected pursuant to RCW 35A.13.033. The chair of the council shall have the title of mayor and shall preside at meetings of the council. In addition to the powers conferred upon him or her as mayor, he or she shall continue to have all the rights, privileges, and immunities of a member of the council. The mayor shall be recognized as the head of the city for ceremonial purposes and by the governor for purposes of military law. He or she shall have no regular administrative duties, but in time of public danger or emergency, if so authorized by ordinance, shall take command of the police, maintain law, and enforce order. [2009 c 549 § 3018; 1975 1st ex.s. c 155 § 2; 1967 ex.s. c 119 § 35A.13.030.]

**35A.13.033 Election on proposition to designate person elected to position one as chair—Subsequent holders of position one to be chair.** The city council of a council-manager city may by resolution place before the voters of the city, a proposition to designate the person elected to council position one as the chair of the council with the powers and duties set forth in RCW 35A.13.030. If a majority of those voting on the proposition cast a positive vote, then at all subsequent general elections at which position one is on the ballot, the person who is elected to position one shall become the chair upon taking office. [2009 c 549 § 3019; 1975 1st ex.s. c 155 § 3.]

**35A.13.035 Mayor pro tempore or deputy mayor.** Biennially at the first meeting of a new council, or periodically, the members thereof, by majority vote, may designate one of their number as mayor pro tempore or deputy mayor for such period as the council may specify, to serve in the absence or temporary disability of the mayor; or, in lieu thereof, the council may, as the need may arise, appoint any qualified person to serve as mayor pro tempore in the absence or temporary disability of the mayor. In the event of the extended excused absence or disability of a councilmember, the remaining members by majority vote may appoint a councilmember pro tempore to serve during the absence or disability. [2009 c 549 § 3020; 1969 ex.s. c 81 § 1.]

**Effective date—1969 ex.s. c 81:** "This 1969 amendatory act shall take effect July 1, 1969." [1969 ex.s. c 81 § 7.]

**35A.13.040 Compensation of councilmembers—Expenses.** The salaries of the councilmembers, including the mayor, shall be fixed by ordinance and may be revised from time to time by ordinance, but any increase or reduction in the compensation attaching to an office shall not become effective until the expiration of the term then being served by the

incumbent: PROVIDED, That compensation of councilmembers may not be increased or diminished after their election nor may the compensation of the mayor be increased or diminished after the mayor has been chosen by the council.

Until councilmembers of a newly organized council-manager code city may lawfully be paid as provided by salary ordinance, such councilmembers shall be entitled to compensation in the same manner and in the same amount as councilmembers of such city prior to the adoption of this council-manager plan.

Until a salary ordinance can be passed and become effective as to elective officers of a newly incorporated code city, the first councilmembers shall be entitled to compensation as follows: In cities having less than five thousand inhabitants—twenty dollars per meeting for not more than two meetings per month; in cities having more than five thousand but less than fifteen thousand inhabitants—a salary of one hundred and fifty dollars per calendar month; in cities having more than fifteen thousand inhabitants—a salary of four hundred dollars per calendar month. A councilmember who is occupying the position of mayor, in addition to his or her salary as a councilmember, shall be entitled, while serving as mayor, to an additional amount per calendar month, or portion thereof, equal to twenty-five percent of the councilmember salary: PROVIDED, That such interim compensation shall remain in effect only until a salary ordinance is passed and becomes effective as to such officers, and the compensation provided herein shall not be construed as fixing the usual compensation of such officers. Councilmembers shall receive reimbursement for their actual and necessary expenses incurred in the performance of the duties of their office, or the council by ordinance may provide for a per diem allowance. Procedure for approval of claims for expenses shall be as provided by ordinance. [2009 c 549 § 3021; 1979 ex.s. c 18 § 25; 1967 ex.s. c 119 § 35A.13.040.]

**35A.13.050 City manager—Qualifications.** The city manager need not be a resident at the time of his or her appointment, but shall reside in the code city after his or her appointment unless such residence is waived by the council. He or she shall be chosen by the council solely on the basis of his or her executive and administrative qualifications with special reference to his or her actual experience in, or his or her knowledge of, accepted practice in respect to the duties of his or her office. No person elected to membership on the council shall be eligible for appointment as city manager until one year has elapsed following the expiration of the term for which he or she was elected. [2009 c 549 § 3022; 1967 ex.s. c 119 § 35A.13.050.]

**35A.13.060 City manager may serve two or more cities.** Whether the city manager shall devote his or her full time to the affairs of one code city shall be determined by the council. A city manager may serve two or more cities in that capacity at the same time. [2009 c 549 § 3023; 1967 ex.s. c 119 § 35A.13.060.]

**35A.13.070 City manager—Bond and oath.** Before entering upon the duties of his or her office the city manager

shall take an oath or affirmation for the faithful performance of his or her duties and shall execute and file with the clerk of the council a bond in favor of the code city in such sum as may be fixed by the council. The premium on such bond shall be paid by the city. [2009 c 549 § 3024; 1967 ex.s. c 119 § 35A.13.070.]

**35A.13.080 City manager—Powers and duties.** The powers and duties of the city manager shall be:

(1) To have general supervision over the administrative affairs of the code city;

(2) To appoint and remove at any time all department heads, officers, and employees of the code city, except members of the council, and subject to the provisions of any applicable law, rule, or regulation relating to civil service: PROVIDED, That the council may provide for the appointment by the mayor, subject to confirmation by the council, of a city planning commission, and other advisory citizens' committees, commissions, and boards advisory to the city council: PROVIDED FURTHER, That if the municipal judge of the code city is appointed, such appointment shall be made by the city manager subject to confirmation by the council, for a four year term. The council may cause an audit to be made of any department or office of the code city government and may select the persons to make it, without the advice or consent of the city manager;

(3) To attend all meetings of the council at which his or her attendance may be required by that body;

(4) To see that all laws and ordinances are faithfully executed, subject to the authority which the council may grant the mayor to maintain law and order in times of emergency;

**Severability—1987 c 3:** See note following RCW 3.70.010.

**35A.13.100 City manager—Department heads—Authority.** The city manager may authorize the head of a department or office responsible to him or her to appoint and remove subordinates in such department or office. Any officer or employee who may be appointed by the city manager, or by the head of a department or office, except one who holds his or her position subject to civil service, may be removed by the manager or other such appointing officer at any time subject to any applicable law, rule, or regulation relating to civil service. Subject to the provisions of RCW 35A.13.080 and any applicable civil service provisions, the decision of the manager or other appointing officer, shall be final and there shall be no appeal therefrom to any other

office, body, or court whatsoever. [2009 c 549 § 3026; 1967 ex.s. c 119 § 35A.13.100.]

**35A.13.120 City manager—Interference by councilmembers.** Neither the council, nor any of its committees or members, shall direct the appointment of any person to, or his or her removal from, office by the city manager or any of his or her subordinates. Except for the purpose of inquiry, the council and its members shall deal with the administrative service solely through the manager and neither the council nor any committee or member thereof shall give orders to any subordinate of the city manager, either publicly or privately. At least thirty days before the effective date of his or her removal, the city manager must be furnished with a formal statement in the form of a resolution passed by a majority vote of the city council stating the council's intention to remove him or her and the reasons therefor. Upon passage of the resolution stating the council's intention to remove the manager, the council by a similar vote may suspend him or her from duty, but his or her pay shall continue until his or her removal becomes effective. **35A.14.010 Authority for annexation.** Any portion of a county not incorporated as part of a city or town but lying contiguous to a code city may become a part of the charter code city or noncharter code city by annexation. An area proposed to be annexed to a charter code city or noncharter code city shall be deemed contiguous thereto even though separated by water or tide or shore lands and, upon annexation of such area, any such intervening water and/or tide or shore lands shall become a part of such annexing city. [2009 c 402 § 4; 1967 ex.s. c 119 § 35A.14.010.]

**Intent—2009 c 402:** See note following RCW 35.13.490.

**35A.14.190 Organization of annexation review board—Rules—Journal—Authority.** The members of each annexation review board shall elect from among the members a chair and a vice chair, and may employ a non-member as chief clerk, who shall be the secretary of the board. The board shall determine its own rules and order of business, shall provide by resolution for the time and manner of holding regular or special meetings, and shall keep a journal of its proceedings which shall be a public record. A majority of all the members shall constitute a quorum for the transaction of business.

The chief clerk of the board, the chair, or the vice chair shall have the power to administer oaths and affirmations, certify to all official acts, issue subpoenas to any public officer or employee ordering him or her to testify before the board and produce public records, papers, books or documents. The chief clerk, the chair or the vice chair may invoke the aid of any court of competent jurisdiction to carry out such powers.

The planning departments of the county, other counties, and any city, and any state or regional planning agency shall furnish such information to the board at its request as may be reasonably necessary for the performance of its duties.

At the request of the board, the state attorney general shall provide counsel for the board. [2009 c 549 § 3030; 1967 ex.s. c 119 § 35A.14.190.]

**35A.14.480 Annexation of territory served by fire districts—Interlocal agreement process.** (1)(a) An annexation by a code city proposing to annex territory served by one or more fire protection districts may be accomplished by ordinance after entering into an interlocal agreement as provided in chapter 39.34 RCW with the county and the fire protection district or districts that have jurisdiction over the territory proposed for annexation.

(b) A code city proposing to annex territory shall initiate the interlocal agreement process by sending notice to the fire protection district representative and county representative stating the code city's interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:

(a) A statement of the goals of the agreement. Goals must include, but are not limited to:

(i) The transfer of revenues and assets between the fire protection district and the code city;

(ii) A consideration and discussion of the impact to the level of service of annexation on the unincorporated area, and an agreement that the impact on the ability of fire protection and emergency medical services within the incorporated area must not be negatively impacted at least through the budget cycle in which the annexation occurs;

(iii) A discussion with fire protection districts regarding the division of assets and its impact to citizens inside and outside the newly annexed area;

(iv) Community involvement, including an agreed upon schedule of public meetings in the area or areas proposed for annexation;

(v) Revenue sharing, if any;

(vi) Debt distribution;

(vii) Capital facilities obligations of the code city, county, and fire protection districts;

(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and

(ix) A description of which of the annexing code cities' development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:

(i) Roads and traffic impact mitigation;

(ii) Surface and storm water management;

(iii) Coordination and timing of comprehensive plan and development regulation updates;

(iv) Outstanding bonds and special or improvement district assessments;

(v) Annexation procedures;

(vi) Distribution of debt and revenue sharing for annexation proposals, code enforcement, and inspection services;

(vii) Financial and administrative services; and

(viii) Consultation with other service providers, including water-sewer districts, if applicable.

(c) A term of at least five years, which may be extended by mutual agreement of the code city, the county, and the fire protection district.

(3) If the fire protection district, annexing code city, and county reach an agreement on the enumerated goals, the annexation ordinance may proceed and is not subject to referendum. If only the annexing code city and county reach an agreement on the enumerated goals, the code city and county

may proceed with annexation under the interlocal agreement, but the annexation ordinance provided for in this section is subject to referendum for forty-five days after its passage. Upon the filing of a timely and sufficient referendum petition with the legislative body of the code city, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35A.14.070, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.

After the expiration of the forty-fifth day from, but excluding, the date of passage of the annexation ordinance, if a timely and sufficient referendum petition has not been filed, the area annexed becomes a part of the code city upon the date fixed in the ordinance of annexation. [2009 c 60 § 9.]

**35A.14.485 Annexation of fire districts—Transfer of employees.** (1) If any portion of a fire protection district is proposed for annexation to or incorporation into a code city, both the fire protection district and the code city shall jointly inform the employees of the fire protection district about hires, separations, terminations, and any other changes in employment that are a direct consequence of annexation or incorporation at the earliest reasonable opportunity.

(2) An eligible employee may transfer into the civil service system of the code city fire department by filing a written request with the code city civil service commission and by giving written notice of the request to the board of commissioners of the fire protection district. Upon receipt of the request by the civil service commission, the transfer of employment must be made. The needed employees shall be taken in order of seniority and the remaining employees who transfer as provided in this section and RCW 35.10.360 and 35.10.370 shall head the list for employment in the civil service system in order of their seniority, to the end that they shall be the first to be reemployed in the code city fire department when appropriate positions become available. Employees who are not immediately hired by the code city shall be placed on a reemployment list for a period not to exceed thirty-six months unless a longer period is authorized by an agreement reached between the collective bargaining representatives of the employees of the annexing and annexed fire agencies and the annexing and annexed fire agencies.

(3)(a) Upon transfer, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of the fire protection district, including rights to:

(i) Compensation at least equal to the level of compensation at the time of transfer, unless the employee's rank and duties have been reduced as a result of the transfer. If the transferring employee is placed in a position with reduced rank and duties, the employee's compensation may be adjusted, but the adjustment may not result in a decrease of greater than fifty percent of the difference between the employee's compensation before the transfer and the com-

compensation level for the position that the employee is transferred to;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) (a) of this subsection does not apply if upon transfer an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions.

(4) If upon transfer, the transferring employee receives the rights, benefits, and privileges established under subsection (3)(a)(i) through (iv) of this section, those rights, benefits, and privileges are subject to collective bargaining at the end of the current bargaining period for the jurisdiction to which the employee has transferred.

(5) Such bargaining must take into account the years of service the transferring employee accumulated before the transfer and must be treated as if those years of service occurred in the jurisdiction to which the employee has transferred. [2009 c 60 § 10.]

**35A.14.488 Fire protection and safety in proposed annexed territory—Report request.** Upon the written request of a fire protection district, code cities annexing territory under this chapter shall, prior to completing the annexation, issue a report regarding the likely effects that the annexation and any associated asset transfers may have upon the safety of residents within and outside the proposed annexation area. The report must address, but is not limited to, the provisions of fire protection and emergency medical services within and outside of the proposed annexation area. A fire protection district may only request a report under this section when at least five percent of the assessed valuation of the fire protection district will be annexed. [2009 c 60 § 11.]

**35A.14.490 Annexation of territory used for an agricultural fair.** (1) Territory owned by a county and used for an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW may only be annexed to a code city through the method prescribed in this section.

(a) The legislative body of the city proposing the annexation must submit a request for annexation and a legal description of the subject territory to the legislative authority of the county within which the territory is located.

(b) Upon receipt of the request and description, the county legislative authority has thirty days to review the proposal and determine if the annexation proceedings will continue. As a condition of approval, the county legislative authority may modify the proposal, but it may not add territory that was not included in the request and description. Approval of the county legislative authority is a condition precedent to further proceedings upon the request and there is no appeal of the county legislative authority's decision.

(c) If the county legislative authority determines that the proceedings may continue, it must, within thirty days of the determination, fix a date for a public hearing on the proposal,

and cause notice of the hearing to be published at least once a week for two weeks prior to the hearing in one or more newspapers of general circulation in the territory proposed for annexation. The notice must also be posted in three public places within the subject territory, specify the time and place of the hearing, and invite interested persons to appear and voice approval or disapproval of the annexation. If the annexation proposal provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice must include a statement of these requirements.

(d) If, following the conclusion of the hearing, a majority of the county legislative authority deems the annexation proposal to be in the best interest of the county, it may adopt a resolution approving of the annexation.

(e) If, following the county legislative authority's adoption of the annexation approval resolution, the legislative body of the city proposing annexation determines to effect the annexation, it must do so by ordinance. The ordinance: (i) May only include territory approved for annexation in the resolution adopted under (d) of this subsection; and (ii) must not exclude territory approved for annexation in the resolution adopted under (d) of this subsection. Upon passage of the annexation ordinance, a certified copy must be filed with the applicable county legislative authority.

(2) Any territory annexed through an ordinance adopted under this section is annexed and becomes a part of the code city upon the date fixed in the ordinance. [2009 c 402 § 5.]

Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site

(2) A code city may not adopt an ordinance that has the effect, directly or indirectly, of restricting the location of manufactured/mobile homes in manufactured/mobile home communities that were legally in existence before June 12, 2008, based exclusively on the age or dimensions of the manufactured/mobile home. This does not preclude a code city from restricting the location of a manufactured/mobile home in manufactured/mobile home communities for any other reason including, but not limited to, failure to comply with fire, safety, or other local ordinances or state laws related to manufactured/mobile homes.

(3) Except as provided under subsection (4) of this section, a code city may not adopt an ordinance that has the effect, directly or indirectly, of preventing the entry or requiring the removal of a recreational vehicle used as a primary residence in manufactured/mobile home communities.

(4) Subsection (3) of this section does not apply to any local ordinance or state law that:

(a) Imposes fire, safety, or other regulations related to recreational vehicles;

(b) Requires utility hookups in manufactured/mobile home communities to meet state or federal building code standards for manufactured/mobile home communities or recreational vehicle parks; or

(c) Includes both of the following provisions:

(ii) If the requirement in (c)(i) of this subsection is not met, a manufactured/mobile home community must provide toilets and showers.

(5) For the purposes of this section, "manufactured/mobile home community" has the same meaning as in RCW 59.20.030.

The department of licensing shall conduct the verification for cities that participate in the master license system. [2009 c 432 § 3.]

**Report—2009 c 432:** See note following RCW 18.27.062.

**35A.63.020 Planning agency—Creation—Powers and duties—Conflicts of interest.** By ordinance a code city may create a planning agency and provide for its membership, organization, and expenses. The planning agency shall serve in an advisory capacity to the chief administrative officer or the legislative body, or both, as may be provided by ordinance and shall have such other powers and duties as shall be provided by ordinance. If any person or persons on a planning agency concludes that he or she has a conflict of interest or an appearance of fairness problem with respect to a matter pending before the agency so that he or she cannot discharge his or her duties on such an agency, he or she shall disqualify himself or herself from participating in the deliberations and the decision-making process with respect to the matter. If this occurs, the appointing authority that appoints such a person may appoint a person to serve as an alternate on the agency to serve in his or her stead in regard to such a matter. [2009 c 549 § 3041; 1979 ex.s. c 18 § 33; 1967 ex.s. c 119 § 35A.63.020.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.63.107 Development regulations—Jurisdictions specified—Electric vehicle infrastructure.** (1) By July 1, 2010, the development regulations of any jurisdiction:

(a) Adjacent to Interstate 5, Interstate 90, Interstate 405, or state route number 520, with a population over twenty thousand, and located in a county with a population over one million five hundred thousand; or

(b) Adjacent to Interstate 5 and located in a county with a population greater than six hundred thousand; or

(c) Adjacent to Interstate 5 and located in a county with a state capitol within its borders; planning under this chapter must allow electric vehicle infrastructure as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the

effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(2) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction adjacent to Interstate 5, Interstate 90, Interstate 405, or state route number 520 planning under this chapter must allow electric vehicle infrastructure as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(3) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction planning under this chapter must allow battery charging stations as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(4) Cities are authorized to adopt incentive programs to encourage the retrofitting of existing structures with the electrical outlets capable of charging electric vehicles. Incentives may include bonus height, site coverage, floor area ratio, and transferable development rights for use in urban growth areas.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, and battery exchange stations.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(6) If federal funding for public investment in electric vehicles, electric vehicle infrastructure, or alternative fuel distribution infrastructure is not provided by February 1, 2010, subsection (1) of this section is null and void. [2009 c 459 § 10.]

**35A.63.110 Board of adjustment—Creation—Powers and duties.** A code city which pursuant to this chapter creates a planning agency and which has twenty-five hundred or more inhabitants, by ordinance, shall create a board of adjustment and provide for its membership, terms of office, organization, jurisdiction. A code city which pursuant to this chapter creates a planning agency and which has a population of less than twenty-five hundred may, by ordinance, similarly create a board of adjustment. In the event a code city with a population of less than twenty-five hundred creates a planning agency, but does not create a board of adjustment, the code city shall provide that the city legislative authority shall itself hear and decide the items listed in subdivisions (1), (2), and (3) of this section. The action of the board of adjustment shall be final and conclusive, unless, within twenty-one days from the date of the action, the original applicant or an adverse party makes application to the superior court for the county in which that city is located for a writ of certiorari, a writ of prohibition, or a writ of mandamus. No member of the board of adjustment shall be a member of the planning agency or the legislative body. Subject to conditions, safeguards, and procedures provided by ordinance, the board of adjustment may be empowered to hear and decide:

(1) Appeals from orders, recommendations, permits, decisions, or determinations made by a code city official in the administration or enforcement of the provisions of this chapter or any ordinances adopted pursuant to it.

(2) Applications for variances from the terms of the zoning ordinance, the official map ordinance or other land-use regulatory ordinances under procedures and conditions prescribed by city ordinance, which among other things shall provide that no application for a variance shall be granted unless the board of adjustment finds:

(a) The variance shall not constitute a grant of special privilege inconsistent with the limitation upon uses of other properties in the vicinity and zone in which the property on behalf of which the application was filed is located; and

(b) That such variance is necessary, because of special circumstances relating to the size, shape, topography, location, or surroundings of the subject property, to provide it with use rights and privileges permitted to other properties in the vicinity and in the zone in which the subject property is located; and

(c) That the granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity and zone in which the subject property is situated.

(3) Applications for conditional-use permits, unless such applications are to be heard and decided by the planning agency. A conditional use means a use listed among those classified in any given zone but permitted to locate only after review as herein provided in accordance with standards and criteria set forth in the zoning ordinance.

(4) Such other quasi judicial and administrative determinations as may be delegated by ordinance.

In deciding any of the matters referred to in subsections (1), (2), (3), and (4) of this section, the board of adjustment shall issue a written report giving the reasons for its decision. If a code city provides for a hearing examiner and vests in him or her the authority to hear and decide the items listed in subdivisions (1), (2), and (3) of this section pursuant to RCW

35A.63.170, then the provisions of this section shall not apply to such a city. [2009 c 549 § 3042; 2001 c 200 § 1; 1979 ex.s. c 18 § 34; 1967 ex.s. c 119 § 35A.63.110.]

If the code city is unable to maintain these service levels in the newly annexed area, the transfer of firefighters from the annexed fire protection district as a direct result of the annexation must occur as outlined in RCW 35A.14.485. **36.01.225 Authority to regulate placement or use of homes—Regulation of manufactured homes—Restrictions on location of manufactured/mobile homes and entry or removal of recreational vehicles used as primary residences.** (1) A county may not adopt an ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, except as provided in subsection (2) of this section, any county may require that:

- (a) A manufactured home be a new manufactured home;
- (b) The manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative;

(c) The manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located;

(d) The home is thermally equivalent to the state energy code; and

(e) The manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160.

(2) A county may not adopt an ordinance that has the effect, directly or indirectly, of restricting the location of manufactured/mobile homes in manufactured/mobile home communities, as defined in RCW 59.20.030, which were legally in existence before June 12, 2008, based exclusively on the age or dimensions of the manufactured/mobile home. This does not preclude a county from restricting the location of a manufactured/mobile home in manufactured/mobile home communities for any other reason including, but not limited to, failure to comply with fire, safety, or other local ordinances or state laws related to manufactured/mobile homes.

(3) A county may not adopt an ordinance that has the effect, directly or indirectly, of preventing the entry or requiring the removal of a recreational vehicle used as a primary residence in manufactured/mobile home communities, as defined in RCW 59.20.030, unless the recreational vehicle fails to comply with the fire, safety, or other local ordinances or state laws related to recreational vehicles.

(4) This section does not override any legally recorded covenants or deed restrictions of record.

(5) This section does not affect the authority granted under chapter 43.22 RCW. [2009 c 79 § 3; 2008 c 117 § 3; 2004 c 256 § 4.]

**Findings—Intent—Effective date—2004 c 256:** See notes following RCW 35.21.684.

**36.01.270 Contractors—Authority of county to verify registration and report violations.** A county that issues a business license to a person required to be registered under chapter 18.27 RCW may verify that the person is registered under chapter 18.27 RCW and report violations to the department of labor and industries. **36.28A.040 Statewide city and county jail booking and reporting system—Standards committee—Statewide automated victim information and notification system—Statewide unified sex offender notification and registration program—Liability immunity.** (1) No later than July 1, 2002, the Washington association of sheriffs and police chiefs shall implement and operate an electronic statewide city and county jail booking and reporting system. The system shall serve as a central repository and instant information source for offender information and jail statistical data. The system may be placed on the Washington state justice information network and be capable of communicating electronically with every Washington state city and county jail and with all other Washington state criminal justice agencies as defined in RCW 10.97.030.

(2) After the Washington association of sheriffs and police chiefs has implemented an electronic jail booking system as described in subsection (1) of this section, if a city or county jail or law enforcement agency receives state or federal funding to cover the entire cost of implementing or reconfiguring an electronic jail booking system, the city or county jail or law enforcement agency shall implement or reconfigure an electronic jail booking system that is in compliance with the jail booking system standards developed pursuant to subsection (4) of this section.

(3) After the Washington association of sheriffs and police chiefs has implemented an electronic jail booking system as described in subsection (1) of this section, city or county jails, or law enforcement agencies that operate electronic jail booking systems, but choose not to accept state or federal money to implement or reconfigure electronic jail booking systems, shall electronically forward jail booking information to the Washington association of sheriffs and police chiefs. At a minimum the information forwarded shall include the name of the offender, vital statistics, the date the offender was arrested, the offenses arrested for, the date and time an offender is released or transferred from a city or county jail, and if available, the mug shot. The electronic for-

mat in which the information is sent shall be at the discretion of the city or county jail, or law enforcement agency forwarding the information. City and county jails or law enforcement agencies that forward jail booking information under this subsection are not required to comply with the standards developed under subsection (4)(b) of this section.

(4) The Washington association of sheriffs and police chiefs shall appoint, convene, and manage a statewide jail booking and reporting system standards committee. The committee shall include representatives from the Washington association of sheriffs and police chiefs correction committee, the information service board's justice information committee, the judicial information system, at least two individuals who serve as jailers in a city or county jail, and other individuals that the Washington association of sheriffs and police chiefs places on the committee. The committee shall have the authority to:

(a) Develop and amend as needed standards for the statewide jail booking and reporting system and for the information that must be contained within the system. At a minimum, the system shall contain:

(i) The offenses the individual has been charged with;

(ii) Descriptive and personal information about each offender booked into a city or county jail. At a minimum, this information shall contain the offender's name, vital statistics, address, and mugshot;

(iii) Information about the offender while in jail, which could be used to protect criminal justice officials that have future contact with the offender, such as medical conditions, acts of violence, and other behavior problems;

(iv) Statistical data indicating the current capacity of each jail and the quantity and category of offenses charged;

(v) The ability to communicate directly and immediately with the city and county jails and other criminal justice entities; and

(vi) The date and time that an offender was released or transferred from a local jail;

(b) Develop and amend as needed operational standards for city and county jail booking systems, which at a minimum shall include the type of information collected and transmitted, and the technical requirements needed for the city and county jail booking system to communicate with the statewide jail booking and reporting system;

(c) Develop and amend as needed standards for allocating grants to city and county jails or law enforcement agencies that will be implementing or reconfiguring electronic jail booking systems.

(5)(a) A statewide automated victim information and notification system shall be added to the city and county jail booking and reporting system. The system shall:

(i) Automatically notify a registered victim via the victim's choice of telephone, letter, or e-mail when any of the following events affect an offender housed in any Washington state city or county jail or department of corrections facility:

- (A) Is transferred or assigned to another facility;
- (B) Is transferred to the custody of another agency outside the state;
- (C) Is given a different security classification;
- (D) Is released on temporary leave or otherwise;
- (E) Is discharged;

(F) Has escaped; or

(G) Has been served with a protective order that was requested by the victim;

(ii) Automatically notify a registered victim via the victim's choice of telephone, letter, or e-mail when an offender has:

(A) An upcoming court event where the victim is entitled to be present, if the court information is made available to the statewide automated victim information and notification system administrator at the Washington association of sheriffs and police chiefs;

(B) An upcoming parole, pardon, or community supervision hearing; or

(C) A change in the offender's parole, probation, or community supervision status including:

(I) A change in the offender's supervision status; or

(II) A change in the offender's address;

(iii) Automatically notify a registered victim via the victim's choice of telephone, letter, or e-mail when a sex offender has:

(A) Updated his or her profile information with the state sex offender registry; or

(B) Become noncompliant with the state sex offender registry;

(iv) Permit a registered victim to receive the most recent status report for an offender in any Washington state city and county jail, department of corrections, or sex offender registry by calling the statewide automated victim information and notification system on a toll-free telephone number or by accessing the statewide automated victim information and notification system via a public web site. All registered victims calling the statewide automated victim information and notification system will be given the option to have live operator assistance to help use the program on a twenty-four hour, three hundred sixty-five day per year basis;

(v) Permit a crime victim to register, or registered victim to update, the victim's registration information for the statewide automated victim information and notification system by calling a toll-free telephone number or by accessing a public web site; and

(vi) Ensure that the offender information contained within the statewide automated victim information and notification system is updated frequently to timely notify a crime victim that an offender has been released or discharged or has escaped. However, the failure of the statewide automated victim information and notification system to provide notice to the victim does not establish a separate cause of action by the victim against state officials, local officials, law enforcement officers, or any related correctional authorities.

(b) Participation in the statewide automated victim information and notification program satisfies any obligation to notify the crime victim of an offender's custody status and the status of the offender's upcoming court events so long as:

(i) Information making offender and case data available is provided on a timely basis to the statewide automated victim information and notification program; and

(ii) Information a victim submits to register and participate in the victim notification system is only used for the sole purpose of victim notification.

(c) Automated victim information and notification systems in existence and operational as of July 22, 2007, shall not be required to participate in the statewide system.

(6) When funded, the Washington association of sheriffs and police chiefs shall implement and operate an electronic statewide unified sex offender notification and registration program.

(7) An appointed or elected official, public employee, or public agency as defined in RCW 4.24.470, or combination of units of government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any release of information or the failure to release information related to the statewide automated victim information and notification system, the electronic statewide unified sex offender notification and registration program, and the jail booking and reporting system as described in this section, so long as the release was without gross negligence. The immunity provided under this subsection applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public. [2009 c 31 § 1; 2007 c 204 § 1; 2001 c 169 § 3; 2000 c 3 § 1.]

**36.32.235 Competitive bids—Purchasing department—Counties with a population of four hundred thousand or more—Public works procedures—Exceptions.** (1) In each county with a population of four hundred thousand or more which by resolution establishes a county purchasing department, the purchasing department shall enter into leases of personal property on a competitive basis and purchase all supplies, materials, and equipment on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases that are paid from the county road fund or equipment rental and revolving fund.

(2) As used in this section, "public works" has the same definition as in RCW 39.04.010.

(3) Except as otherwise specified in this chapter or in chapter 36.77 RCW, all counties subject to these provisions shall contract on a competitive basis for all public works after bids have been submitted to the county upon specifications therefor. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection.

(4) An advertisement shall be published in the county official newspaper stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, the materials and equipment

to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. An advertisement shall also be published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done. If the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done, then the publication of an advertisement of the applicable specifications in the county official newspaper is sufficient. Such advertisements shall be published at least once at least thirteen days prior to the last date upon which bids will be received.

(5) The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in the advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed.

(6) The contract for the public work shall be awarded to the lowest responsible bidder. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law.

(7) If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

(8) As limited by subsection (10) of this section, a county subject to these provisions may have public works performed by county employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period.

Whenever a county subject to these provisions has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works except emergency work under subsection (12) of this section within that budget period shall be done by contract pursuant to public notice and call for competitive bids as specified in subsection (3) of this section. The state auditor shall report to the state treasurer any county subject to these provisions that exceeds this amount and the extent to which the county has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(9) If a county subject to these provisions has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the oth-

erwise permitted amount of public works that may be performed by public employees for that county in its next budget period. Ten percent of the motor vehicle fuel tax distributions to that county shall be withheld if two years after the year in which the excess amount of work occurred, the county has failed to so reduce the amount of public works that it has performed by public employees. The amount withheld shall be distributed to the county when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been reduced as required.

(10) In addition to the percentage limitation provided in subsection (8) of this section, counties subject to these provisions containing a population of four hundred thousand or more shall not have public employees perform a public works project in excess of ninety thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of forty-five thousand dollars if only a single craft or trade is involved with the public works project. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by public employees on a single project.

The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(11) In addition to the accounting and recordkeeping requirements contained in chapter 39.04 RCW, any county which uses public employees to perform public works projects under RCW 36.32.240(1) shall prepare a year-end report to be submitted to the state auditor indicating the total dollar amount of the county's public works construction budget and the total dollar amount for public works projects performed by public employees for that year.

The year-end report submitted pursuant to this subsection to the state auditor shall be in accordance with the standard form required by RCW 43.09.205.

(12) Notwithstanding any other provision in this section, counties may use public employees without any limitation for emergency work performed under an emergency declared pursuant to RCW 36.32.270, and any such emergency work shall not be subject to the limitations of this section. Publication of the description and estimate of costs relating to correcting the emergency may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the county legislative authority shall adopt a resolution certifying the damage to public facilities and costs incurred or anticipated relating to correcting the emergency. Additionally this section shall not apply to architectural and engineering or other technical or professional services performed by public employees in connection with a public works project.

(13) In lieu of the procedures of subsections (3) through (11) of this section, a county may let contracts using the small works roster process provided in RCW 39.04.155.

Whenever possible, the county shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(14) The allocation of public works projects to be performed by county employees shall not be subject to a collective bargaining agreement.

(15) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(4), that are negotiated under chapter 39.35A RCW.

(16) Nothing in this section prohibits any county from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

(17) This section does not apply to contracts between the public stadium authority and a team affiliate under RCW 36.102.060(4), or development agreements between the public stadium authority and a team affiliate under RCW 36.102.060(7) or leases entered into under RCW 36.102.060(8). **36.32.240 Competitive bids—Purchasing department—Counties with a population of less than four hundred thousand.** (1) In any county the county legislative authority may by resolution establish a county purchasing department.

(2) In each county with a population of less than four hundred thousand which exercises this option, the purchasing department shall contract on a competitive basis for all public works, enter into leases of personal property on a competitive basis, and purchase all supplies, materials, and equipment, on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases for the county hospital, or make purchases that are paid from the county road fund or equipment rental and revolving fund. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An advertisement shall be published in the county official newspaper stating the time and place where bids will be opened,

the time after which bids will not be received, the character of the work to be done, the materials and equipment to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. An advertisement shall also be published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done. If the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done, then the publication of an advertisement of the applicable specifications in the county official newspaper shall be sufficient. Such advertisements shall be published at least once at least thirteen days prior to the last date upon which bids will be received. The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in the advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed. The contract for the public work shall be awarded to the lowest responsible bidder. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law. If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. In the letting of any contract for public works involving less than forty thousand dollars, advertisement and competitive bidding may be dispensed with on order of the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

As an alternative to requirements under this section, a county may let contracts using the small works roster process under RCW 39.04.155.

The judge may make such investigation as he or she deems necessary to determine the correctness of the claim and may, after such investigation, approve or reject any part of such claim. **36.32.330 Appeals from board's action.** Any person may appeal to the superior court from any decision or order of the board of county commissioners. Such appeal shall be taken within twenty days after the decision or order, and the appellant shall within that time serve notice of appeal on the county commissioners. The notice shall be in writing and shall be delivered to at least one of the county commissioners personally, or left with the county auditor. The appellant shall, within ten days after service of the notice of appeal give a bond to the county with one or more sureties, to be approved by the county auditor, conditioned for the payment of all costs which shall be adjudged against him or her on such appeal in the superior court. The practice regulating appeals from and writs of certiorari to justice's courts shall, insofar as applicable, govern in matters of appeal from a decision or order of the board of county commissioners.

Nothing herein contained shall be construed to prevent a party having a claim against any county in this state from enforcing the collection thereof by civil action in any court of competent jurisdiction after the same has been presented to and filed as provided by law and disallowed in whole or in part by the board of county commissioners of the proper county. - 36.34.205 Lease of building space—Counties with a population of six hundred thousand or more.

**36.34.070 Sales and purchases of equipment—Trade-ins.** The board may advertise and sell used highway or other equipment belonging to the county or to any taxing division thereof subject to its jurisdiction in the manner prescribed for the sale of county property, or it may trade it in on the purchase of new equipment. If the board elects to trade in the used equipment it shall include in its call for bids on the new equipment a notice that the county has for sale or trade-in used equipment of a specified type and description which will be sold or traded in on the same day and hour that the bids on the new equipment are opened. Any bidder on the new equipment may include in his or her offer to sell, an offer to accept the used equipment as a part payment of the new equipment purchase price, setting forth the amount of such allowance.

In determining the lowest and best bid on the new equipment the board shall consider the net cost to the county of such new equipment after trade-in allowances have been deducted. The board may accept the new equipment bid of any bidder without trading in the used equipment but may not require any such bidder to purchase the used equipment without awarding the bidder the new equipment contract. Nothing in this section shall bar anyone from making an offer for the purchase of the used equipment independent of a bid on the new equipment and the board shall consider such offers in relation to the trade-in allowances offered to determine the net best sale and purchase combination for the county. [2009 c 549 § 4072; 1963 c 4 § 36.34.070. Prior: 1945 c 254 § 6; Rem. Supp. 1945 § 4014-6.]

Each application shall be accompanied by a deposit of not less than ten dollars or such other sum as the county commissioners may require, not to exceed twenty-five dollars. The deposit shall be in the form of a certified check or certificate of deposit on some bank in the county, or may be paid in cash. In case the lands applied for are leased at the time they are offered, the deposit shall be returned to the applicant, but if the party making application fails or refuses to comply with the terms of his or her application and to execute the lease, the deposit shall be forfeited to the county, and the board of county commissioners shall pay the deposit over to the county treasurer, who shall place it to the credit of the current expense fund. **36.34.200 Execution of lease agreement.** Upon the decision of the board of county commissioners to lease the lands applied for, a lease shall be executed in duplicate to the lessee by the chair of the board and the county auditor, attested by his or her seal of office, which lease shall also be signed by the lessee. The lease shall refer to the order of the board directing the lease, with a description of the lands conveyed, the periods of payment, and the amounts to be paid for each period. For the purposes of this section, "building," as defined in RCW 35.42.020 shall be construed to include any building or buildings used as part of, or in connection with, the operation of the county. The authority conferred by this section is in addition to and not in lieu of any other provision authorizing counties to lease property. [2009 c 153 § 1; 1998 c 278 § 10.]
