Mr. Cooper: Yes.

Mr. Ferguson: And this is because a public utility district acts in its proprietary or business capacity when it negotiates the terms of employment with its general manager and because of the express mandate for liberal construction of public utility district powers found in the public utility district initiative originally enacted by the voters in 1931 and also found in RCW 54.44.900?

Mr. Padden moved adoption of the following amendment to the committee amendment:

On page 160, after line 2 of the amendment, insert:

"Sec. 801. Section 1, chapter 32, Laws of 1985 and RCW 82.08.020 are each amended to read as follows:

(1) There is levied and there shall be collected a tax on each retail sale in this state equal to six and twenty-five one-hundredths percent of the selling price from July 1, 1990, through June 30, 1991, and six and five-tenths percent of the selling price thereafter.

(2) The tax imposed under this chapter shall apply to successive retail sales of the same property.

(3) The rate provided in this section applies to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020."

Renumber sections consecutively and correct any internal references accordingly.

POINT OF ORDER

Ms. H. Sommers: I ask for a ruling on the scope and object of this proposed amendment.

SPEAKER'S RULING

The Speaker: Representative Sommers, the Speaker has examined Substitute Senate Bill No. 6407 and the amendment by Representative Padden. Substitute Senate Bill No. 6407 clearly adopts the supplemental operating budget for the 1989-91 biennium. The amendment amends Title 82 RCW, dealing with the state sales tax. The Speaker finds that an amendment dealing with state tax levels does not perfect the budget, but rather brings in a new subject matter and is, therefore, beyond the scope and object of Substitute Senate Bill No. 6407. Your point, Representative Sommers, is well taken.

The committee amendment by Committee on Appropriations as amended was adopted.

With the consent of the House, the committee amendment to the title was adopted.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Mr. Sayan spoke in favor of passage of the bill.

The Speaker called on Representative O'Brien to preside.

Mr. May spoke against passage of the bill, and Representatives Leonard, Peery, Wineberry and Locke spoke in favor of it.

The Speaker resumed the Chair.

Ms. Silver spoke against passage of the bill, and Ms. Hine spoke in favor of it.

ROLL CALL

The Clerk called the roll on the final passage of Substitute Senate Bill No. 6407 as amended by the House, and the bill passed the House by the following vote: Yeas, 67; nays, 26; excused, 5.

Voting yea: Representatives Anderson, Appelwick, Basich, Baugher, Belcher, Bennett, Braddock, Brekke, Cantwell, Cole, Cooper, Crane, Day, Dellwo, Dorn, Ebersole, Ferguson, Fisher G, Fisher R, Fraser, Gallagher, Grant, Hargrove, Haugen, Heavey, Hine, Holland, Insee, Jacobsen, Jesernig, Jones, King P, King R, Kirby, Kremen, Leonard, Locke, Meyers R, Morris, Myers H, Nelson, Nutley, O'Brien, Peery, Phillips, Prentice, Pruitt, Raiter, Rasmussen, Rayburn, Rector, Rust, Sayan, Schmidt, Scott, Sommers H, Spanel, Sprenkle, Todd, Valle, Van Luven, Vekich, Wilson K, Wilson S, Wineberry, Winsley, and Mr. Speaker - 67.

POINT OF ORDER

SPEAKER'S RULING

The Speaker: Representative Walker, the Speaker has examined Engrossed Substitute Senate Bill No. 5545 and the committee striking amendment. Engrossed Substitute Senate Bill No. 5545 deals with governance of vocational education in

our public institutions. The committee striking amendment, in addition to the matters covered in the original bill, deals with regulation of private vocational schools. Therefore, the Speaker finds that the committee amendment broadens the scope of the Senate bill. Your point is well taken; the amendment is outside the scope and object of the original bill.

NEW SECTION, Sec. 5. This chapter shall be known and cited as the vocational-technical institute act.

NEW SECTION, Sec. 6. The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of vocational training or retraining by creating a new, independent system of vocational-technical institutes which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each vocational-technical district shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining, with equal emphasis, high standards of excellence; realistic and practical courses in vocational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education;

(3) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs and which will encourage efficiency in operation and creativity and imagination in education, training, and service to meet the needs of the community and students;

(4) Allow for the growth, improvement, flexibility, and modification of the vocational-technical institutes and their education, training, and service programs as future needs occur; and

(5) Establish firmly that vocational-technical institutes are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges or community colleges.

NEW SECTION. Sec. 7. As used in this chapter, unless the context requires otherwise, the term:

- (8) 'Common school board' means a public school district board of directors.
- (9) 'Community college' includes, where applicable, vocational-technical and adult education programs conducted by community colleges.

NEW SECTION. Sec. 8. A director of the system shall be appointed by the institute board and shall serve at the pleasure of the institute board. The director shall be appointed with due regard to his or her fitness and background in education, by his or her knowledge of and recent practical experience in the field of vocational and technical educational administration particularly in institutions beyond the high school level. The institute board may also take into consideration an applicant's proven management background even though not particularly in the field of education.

The director shall devote his or her time to the duties of office and shall not have any direct pecuniary interest in or any stock or bonds of any business connected with or selling supplies to the field of vocational-technical education within this state, in keeping with chapter 42.18 RCW, the executive conflict of interest act.

The director shall be the executive officer of the institute board and serve as its secretary and under its supervision shall administer the provisions of this chapter and the rules and orders established thereunder and all other laws of the state. The director shall attend, but not vote at, all meetings of the institute board. The director shall be in charge of offices of the institute board and responsible to the institute board for the preparation of reports and the collection and dissemination of data and other public information relating to the system.

The director shall, with the approval of the institute board: (1) Employ necessary assistant directors of major staff divisions who shall serve at the director's pleasure on such terms and conditions as the director determines, and (2) subject to the provisions of chapter 28B.16 RCW, the higher education personnel law, the director shall, with the approval of the institute board, appoint and employ such field and office assistants, clerks, and other employees as may be required and authorized for the proper discharge of the functions of the institute board and for whose services funds have been appropriated.

NEW SECTION. Sec. 9. Suitable offices and office equipment shall be provided by the state for the institute board in the city of Olympia, and the institute board may incur the necessary expense for office furniture, stationery, printing, incidental expenses, and other expenses necessary for the administration of this chapter.

NEW SECTION. Sec. 10. The institute board shall have general supervision and control over the system. In addition to the other powers and duties imposed upon the institute board by this chapter, the institute board shall be charged with the following powers, duties, and responsibilities:

- (2) Establish guidelines for the disbursement of funds; and receive and disburse such funds for maintenance, operation, and capital support of the individual vocational-technical institutes in conformance with the state and individual institute budgets, and in conformance with chapter 43.88 RCW;

(3) Ensure, through the full use of its authority:

(a) That each vocational-technical institute offers thoroughly comprehensive educational, training, and service programs to meet the needs of students served by providing realistic and practical courses in vocational education, both graded and ungraded;

(b) That each vocational-technical institute maintains an open-door policy, to the end that no student will be denied admission because of the location of his or her residence or because of his or her educational background or ability; that, insofar as is practical in the judgment of the institute board, curriculum offerings will be provided to meet the educational and training needs of the community generally and the students thereof; and that all students, regardless of their differing courses of study, will be considered, known and recognized equally as members of the student body. The administrative officers of a vocational-technical institute may deny admission to a prospective student or attendance to an enrolled student if, in their judgment, the student would not be competent to profit from the curriculum offerings of the vocational-technical institute, or would, by his or her presence or conduct, create a disruptive atmosphere within the vocational-technical institute not consistent with the purposes of the institution;

(4) Prepare a comprehensive master plan for the development of vocational and technical training and retraining in the state; and assist the office of financial management in the preparation of enrollment projections to support plans for providing adequate vocational-technical institute facilities in all areas of the state;

(5) Define and administer criteria and guidelines for the establishment of new vocational-technical institutes;

Sec. 7. Section 5, chapter 299, Laws of 1986 as amended by section 3, chapter 459, Laws of 1987 and RCW 28C.10.050 are each amended to read as follows:

(1) The agency shall adopt by rule minimum standards for private vocational schools. The minimum standards shall include, but not be limited to, requirements for each school to:

(a) Disclose to the agency information about its ownership and financial position and to demonstrate that it has sufficient financial resources to fulfill its commitments to students. Financial disclosures provided to the agency shall not be subject to public disclosure under chapter 42.17 RCW((:));

(b) Follow a uniform state-wide cancellation and refund policy as specified by the agency((:));

(c) Disclose through use of a school catalog, brochure, or other written material, necessary information to students so that students may make informed enrollment decisions. The agency shall specify what information is required((:));

(d) Use an enrollment contract or agreement that includes: (i) The cancellation and refund policy, (ii) a brief statement that the school is licensed under this chapter and that inquiries may be made to the agency, and (iii) other necessary information as determined by the agency((:));

(e) Describe accurately and completely in writing to students before their enrollment prerequisites and requirements for (i) completing successfully the programs of study in which they are interested and (ii) qualifying for the fields of employment for which their education is designed((:));

(f) Comply with the requirements of RCW 28C.10.084((:));

((2)) (g) Assess the basic skills and relevant aptitudes of each potential student to determine that a potential student has the basic skills and relevant aptitudes necessary to complete and benefit from the program in which the student plans to enroll. Guidelines for such assessments shall be developed by the agency, in consultation with the schools. The method of assessment shall be reported to the agency. Assessment records shall be maintained in the student's file;

(h) Discuss with each potential student the potential student's obligations in signing any enrollment contract and/or incurring any debt for educational purposes. The discussion shall include the inadvisability of acquiring an excessive educational debt burden that will be difficult to repay given employment opportunities and average starting salaries in the potential student's chosen occupation.

(2) Any enrollment contract shall have an attachment in a format provided by the agency. The attachment shall be signed by both the school and the student. The attachment shall stipulate that the school has complied with subsection (1)(h) of this section and that the student understands and accepts his or her responsibilities in signing any enrollment contract or debt application. The attachment shall also stipulate that the enrollment contract shall not be binding for at least five days, excluding Sundays and holidays, following signature of the enrollment contract by both parties.

(3) The agency shall deny, revoke, or suspend the license of any school that does not meet or maintain the minimum standards.

Sec. 8. Section 1, chapter 459, Laws of 1987 and RCW 28C.10.084 are each amended to read as follows:

(1) The agency shall establish, maintain, and administer a tuition recovery fund. All funds collected for the tuition recovery fund are payable to the state for the benefit and protection of any student or enrollee of a private vocational school licensed under this chapter, or, in the case of a minor, his or her parents or guardian, for purposes including but not limited to the settlement of claims procedures under subsection (9) of this section and RCW 28C.10.120. The fund shall be liable for settlement of claims and costs of administration but shall not be liable to pay out or recover penalties assessed under RCW 28C.10.130 or 28C.10.140. No liability accrues to the state of Washington from claims made against the fund.

(2) To be and remain licensed under this chapter each entity shall, in addition to other requirements under this chapter, make cash deposits into a tuition recovery fund as a means to assure payment of claims brought under this chapter. The fund shall be initially capitalized at two hundred thousand dollars and shall achieve an operating balance of at least one million dollars within five years after May 18, 1987, as required under subsection (5) of this section.

(3) The amount of liability that can be satisfied by this fund on behalf of each individual entity licensed under this chapter shall be established by the agency, based on an incremental scale that recognizes the average amount of unearned prepaid tuition in possession of the entity. However, the minimum amount of liability for any entity shall not be less than five thousand dollars and the maximum amount shall not exceed two hundred thousand dollars. Such limitation on each entity's liability remains unchanged by single or cumulative disbursements made on behalf of the entity. The upper limit of liability is reestablished following the settlement of any claim.

(4) Within sixty days after any entity deposits its initial contribution into the fund, the agency shall release whatever surety such entity had previously filed. Thereupon, the tuition recovery fund shall be liable for a period of one year following the date such surety is released with respect to prior claims against the surety. However, the liability of the fund is limited to the amount of and subject to the defenses of that released surety as though it had remained on file with the agency. The fund's liability with respect to each entity that makes an initial deposit into the fund commences on that date and ceases one year from the date it is no longer licensed under this chapter.

(5) The agency shall adopt by rule a matrix for calculating the deposits into the fund required of each entity. Proration shall be determined by factoring the entity's share of liability in proportion to the aggregated liability of all participants under the fund by grouping such prorations under the incremental scale created in subsection (3) of this section. Expressed as a percentage of the total liability, that figure determines the amount to be contributed when factored into a fund containing one million dollars. The total amount of its prorated share, minus the amount paid for initial capitalization, shall be payable in ten equal increments over a five-year period, commencing with the sixth month after May 18, 1987. Additionally, the agency shall require deposits for initial capitalization, under which the amount each entity deposits is proportionate to its share of two hundred thousand dollars, employing the matrix developed under this subsection. The amount thus established shall be deposited by each licensee of record, within thirty days after May 18, 1987, and a like amount shall be deposited by each subsequent applicant for licensing before the issuance of such license.

(6) No vested right or interests in deposited funds is created or implied for the depositor, either at any time during the operation of the fund or at any such future time that the fund may be dissolved. All funds deposited are payable to the state for the purposes described under this section. The agency shall maintain the fund, collect deposits when due by serving appropriate notices to affected entities, and make disbursements to settle claims. When the deposits total five million dollars and the history of disbursements so warrants, the agency may at its own option reduce the schedule of deposits whether as to time, amount, or both. When such level is achieved, the agency may also entertain proposals from among the licensees with regard to disbursing surplus funds for such purposes as vocational scholarships.

(7) The agency shall make determinations based on annual financial data supplied by the entity whether the increment assigned to that entity on the incremental scale established under subsection (5) of this section has changed. If an increase or decrease has occurred, a corresponding change in its incremental position and contribution schedule shall be made before the date of its next scheduled deposit into the fund.

(8) If fifty-one percent or more of the ownership interest in an entity is conveyed through sale or other means into different ownership, the contribution schedule of the prior owner is canceled. All contributions made to the date of transfer accrue to the fund. The new owner commences contributions under provisions applying to a new applicant.

(9) To settle complaints adjudicated under RCW 28C.10.120 and claims resulting ((from closure of an entity)) when a private vocational school ceases to provide educational services, the agency may make disbursements from the fund. In addition to the processes described under RCW 28C.10.120 for handling complaints, the following additional procedures are established to deal with school closures:

(a) The agency shall attempt to notify all potential claimants. The absence of records and other circumstances may make it impossible or unreasonable for the agency to ascertain the names and whereabouts of each potential claimant but the agency shall make reasonable inquiries to secure that information from all likely sources. The agency shall then proceed to settle the claims on the basis of information in its possession. The agency is not responsible or liable for claims or for handling claims that may subsequently appear or be discovered.

(b) Thirty days after identified potential claimants have been notified, if a claimant refuses or neglects to file a claim verification as requested in such notice, the agency shall be relieved of further duty or action on behalf of the claimant under this chapter.

(c) After verification and review, the agency may disburse funds from the tuition recovery fund to settle or compromise the claims. However, the liability of the fund for claims against the closed entity shall not exceed that total amount of the contribution schedule assigned to that entity under subsection (5) of this section.

(d) The agency shall seek to recover such disbursed funds from the assets of the defaulted entity, including but not limited to asserting claims as a creditor in bankruptcy proceedings.

(10) When funds are disbursed to settle claims against a current licensee, the agency shall make demand upon the licensee for recovery. The agency shall adopt schedules of times and amounts acceptable for effecting recoveries. An entity's failure to perform subjects its license to suspension or revocation under RCW 28C.10.050 in addition to any other available remedies.

(11) A minimum operating balance of two hundred thousand dollars shall be maintained in the fund. If disbursements reduce the balance below two hundred thousand dollars, each participating entity shall be assessed a prorata share of the deficiency created, based upon the incremental scale created under subsection (5) of this section. The agency shall promptly adopt schedules of times and amounts acceptable for affecting payments of assessments.

Sec. 9. Section 11, chapter 299, Laws of 1986 and RCW 28C.10.110 are each amended to read as follows:

It is an unfair business practice for a private vocational school or agent to:

- (1) Fail to comply with the terms of a student enrollment contract or agreement;
- (2) Use an enrollment contract form, catalog, brochure, or similar written material affecting the terms and conditions of student enrollment other than that previously submitted to the agency and authorized for use;

- (5) Represent falsely, directly or by implication, that a student who successfully completes a course or program of instruction may transfer credit for the course or program to any institution of higher education;

- (7) Represent that the school is approved, recommended, or endorsed by the state of Washington or by the agency, except the fact that the school is authorized to operate under this chapter may be stated;

- (9) Designate or refer to sales representatives as 'counselors,' 'advisors,' or similar terms which have the tendency to mislead or deceive prospective students or the public regarding the authority or qualifications of the sales representatives;
- (10) Make or cause to be made any statement or representation in connection with the offering of education if the school or agent knows or reasonably should have known the statement or representation to be false, substantially inaccurate, or misleading; ((or))

(11) Engage in methods of advertising, sales, collection, credit, or other business practices which are false, deceptive, misleading, or unfair, as determined by the agency by rule; or

Recruiting does not include leaving materials at or near an office for a person to pick up of his or her own accord, or handing a brochure or leaflet to a person provided that no attempt is made to obtain a name, address, telephone number, or other data, or to otherwise actively pursue the enrollment of the individual.

It is a violation of this chapter for a private vocational school to engage in an unfair business practice.

Sec. 10. Section 12, chapter 299, Laws of 1986 as amended by section 83, chapter 175, Laws of 1989 and RCW 28C.10.120 are each amended to read as follows:

(1) A person claiming loss of tuition or fees as a result of an unfair business practice may file a complaint with the agency. The complaint shall set forth the alleged violation and shall contain information required by the agency. A complaint may also be filed with the agency by an authorized staff member of the agency or by the attorney general.

(2) The agency shall investigate any complaint under this section and may attempt to bring about a settlement. The agency may hold a hearing pursuant to the Administrative Procedure Act, chapter 34.05 RCW, in order to determine whether a violation has occurred. ~~(If the agency prevails, the private vocational school shall pay the costs of the administrative hearing.)~~

(3) If, after the hearing, the agency finds that the private vocational school or its agent engaged in or is engaging in any unfair business practice, the agency shall issue and cause to be served upon the violator an order requiring the violator to cease and desist from the act or practice and may impose the penalties under RCW 28C.10.130. If the agency finds that the complainant has suffered loss as a result of the act or practice, the agency may order full or partial restitution for the loss. The complainant is not bound by the agency's determination of restitution and may pursue any other legal remedy.

(4) If the agency prevails in any administrative hearing, the private vocational school shall pay the costs of the administrative hearing.

POINT OF INQUIRY

Mr. Wineberry yielded to question by Mr. Schoon.

Mr. Schoon: Representative Wineberry, the point I am seeking to strike on page 10, line 3, wants recommendations on the objectives in our adult literacy activities, and I am curious as to what those recommendations are. That is what we are trying to modify--the objectives to guide the adult literacy program--and I couldn't find any. Are you aware of any in existence? These are the policies that exist on which we are seeking recommendations, and those are what I couldn't find.

Mr. Wineberry: The policies, Representative Schoon, to which you refer, can be found in legislation that we have passed in previous sessions, particularly through the Committee on Higher Education, and in our community colleges where we do focus on adult basic education programs both with funding and with increased FTEs to allow for the teaching of the basic skills including language, reading and writing. As I said before, on your earlier amendment, the current percentage is between fifteen and twenty percent, so this is consistent with lowering the percentage of our population that is suffering from reading and writing illiteracy at this time. The policies are in previous legislation that we have passed and on which you have voted with the rest of us.

Mr. Schoon: This seeks to make recommendations on the objectives. Can you tell me what some of the objectives are?

Mr. Wineberry: I would be happy to work with you and go through the legislation, that we have worked together to pass, to pull out those objectives for your information.

MOTION

Mr. Padden moved that all remarks in memory of Representative Glyn Chandler be spread upon the Journal. The motion was carried.

REMARKS BY REPRESENTATIVE SMITH

Mr. Smith: Thank you, Mr. Speaker. I have to say that this has been hard on me. This morning I have had calls from all the different newspapers and television stations, and I have talked to each one of them individually. It becomes more difficult each time.

Glyn and I worked as partners here in the House for eight years. When it came to issues for our 13th District, we always discussed them and made an agreement as to what would be best for the district. Glyn was a dedicated family man. He was very religious. He was also very firm in his beliefs and, as we said yesterday, his commitment to his dreams was very important to him.

It was very important to me yesterday that we passed the resolution which will continue his last dream. I haven't been involved with Glyn's dream that much, because I felt it was my responsibility to give him assurance that it was his dream and that I would be a part of it only in backing him in what he felt was important. The importance was that this would provide a link between eastern and western Washington. And I think that link will never be broken again because of his dedication. Most of Glyn's time was spent on it for the last year and a half. He was going to make sure his dream would come true. It was a very difficult time for him--trying to introduce bills, the failure of that, talking to the Governor, going to the Transportation Commission, and making talks throughout the state in the last few weeks. He was dedicated to the point that, I felt, it was injurious to his health; however, that was his choice and I think now that he wanted to do it. So, when the time came that the cold turned into pneumonia, I think it was still his dream.

I understand from my wife, who was there yesterday, that when the resolution was taken to him, he understood and was appreciative of it. I think we'll have to say that, when he reached heaven, he could say to the good Lord, "I've done what I was told to do." We'll remember Glyn that way. Thank you very much.

REMARKS BY REPRESENTATIVE BROUGH

Ms. Brough: Thank you, Mr. Speaker. I rise because I feel very deeply that we have all lost a good friend. Glyn and I were both elected in 1982 and, during the first two years that we served in the legislature, we sat side-by-side in the very back row. If you recall the sessions of 1983 and 1984, there were long nights, all-night sessions and long times that we sat on the floor and debated the issues. Times were hostile and intense. Sometimes we were victorious and sometimes we lost. But, during that two-year period, I came to know Glyn Chandler well. I have a very deep respect for him. I felt his friendship very dear, as we served in this Legislature.

Another thing I learned about Glyn Chandler was how closely intertwined his life was with Fran's. We share your loss. We have all lost a friend. We understand the family has lost someone very dear and very important. We join you in grief along with the people of this state. We have all lost someone who was important to us.

REMARKS BY REPRESENTATIVE HINE

Ms. Hine: Thank you, Mr. Speaker. The members of the House of Representatives are a tight fraternity. We may wrangle among ourselves and have differences of opinion and different party affiliations, but we are one. We are very proud of the role we serve and we are very close to each other. We are standing here today at a very sad moment, when one of our very own--one of the members of that inner circle--has gone on to bigger and better things. In a way that is so sad for all of us. Members come and members go. Sometimes it is their will and sometimes it is the voters' will. But when it is God's will, I think it is even harder to understand.

As we reflect today and as we share with the family, we recognize Mrs. Chandler as part of this family, having spent many years with us. It behooves us to

pause for a moment and recognize that we have lost a dear friend, a good representative, but most of all, a very dear member of our very own exclusive club.

REMARKS BY REPRESENTATIVE SILVER

Ms. Silver: Thank you, Mr. Speaker. I can't help but feel that Glyn is right here with us. He's got that grin on his face and is watching to see what we are doing. And, if we don't do this right, we're probably going to hear about it.

Remember, it was just a short week ago that Glyn gave us a rousing speech. He was excited; he was feeling really happy. I know Fran was concerned about his being here and she thought that she might pack up and take him home. I asked her, "Fran, is he happy here?" She said, "Yes. This is where he wants to be." We all knew he wasn't well, that he was very ill. We all knew that and watched him become more and more ill every day. But Glyn was happy here. He was happy with us. And Fran kept him here with his friends.

We're going to miss him so much. But, you know, he's going to be with us and we're going to hear those speeches coming from Glyn. He's going to keep us on the right track. And we're going to get that track for him. It may take a while, but we're going to get that track for him. We're going to miss him, Fran. We're going to miss you, too, so stick around a little bit. Come visit us.

REMARKS BY REPRESENTATIVE HARGROVE

Mr. Hargrove: Thank you, Mr. Speaker. I didn't know Glyn as well as some of the rest of you did. I do know that it is a sad time for us, who are left behind, when we lose somebody who has done so much for the state and for his district. I will let you know that anybody, who has a secure relationship with the Lord Jesus Christ, is in a far better place now. He got a promotion.

REMARKS BY REPRESENTATIVE GALLAGHER

Mr. Gallagher: Thank you, Mr. Speaker. I was very close to Glyn when he first came down here. I wrote the original city limits for Moses Lake when it was incorporated in 1938, and Moses Lake was important to me all the way through. I put the water system in there; I worked at the Moses Lake Airfield. When Glyn was elected, I made it a point to get acquainted with him. I am going to miss him, too.

REMARKS BY REPRESENTATIVE PADDEN

Mr. Padden: Thank you, Mr. Speaker. I think we all know Glyn as a man who was true to his principles, true to his family, to his country, to his state and, certainly, to God. He was a fighter. He believed in certain things, and he was willing to fight for them, always in an honorable way and always in a most optimistic way. He had a great spirit about him, a great spirit of life. I feel that it was a privilege and honor for all of us to have served with him. All our condolences go out to the family. We know that he now is in a place in which, hopefully, someday we all will be.

REMARKS BY REPRESENTATIVE BALLARD

Mr. Ballard: Thank you, Mr. Speaker and ladies and gentlemen. It has been suggested that at times we do a lot of talking here on the floor--sometimes to convince people what we believe or how we live our lives. It has also been suggested, by a book that has been around a long time, that the mark of the individual is that their life is an open book. It is open for everybody to read. Glyn Chandler's life was an open book. It was a good book. It was a book that we are all proud of, and it is book that his family can be proud of for a long, long time.

REMARKS BY REPRESENTATIVE EBERSOLE

Mr. Ebersole: Thank you, Mr. Speaker. I'm going to miss Glyn Chandler. He was a fun person to be around and, when you think about it, that's quite a compliment to give somebody. He was enjoyable to spend time with. I remember when, on the Education Committee, we would take things seriously and try to make them more mysterious than they were, Glyn would cut right to the heart of the matter and ask a question. We'd all break out laughing.

Glyn and I had something else in common--we both started in the South. Glyn carried a little bit more of the South with him than I do at this time, but I always

enjoyed hearing that accent in Glyn's voice because it reminded me of my roots also.

It also reminded me of what a marvelous institution this place is--how a city boy from South Tacoma can become friends with a farmer from Moses Lake. We have those opportunities, as we serve in the legislature, to form friendships and bonds that would not have been possible if we weren't part of this marvelous institution. We all have a chance to share in democracy in a daily and very personal way, and I think only those of us who have served in this body can understand that.

As I think of Glyn, I think of those times that we had together. I think of the marvelous institution that allows us to form those kinds of friendships--across party lines, across the mountains, across philosophical barriers. Glyn, we're going to miss you.

REMARKS BY REPRESENTATIVE DELLWO

Mr. Dellwo: Thank you, Mr. Speaker. Members of Glyn's family: We came in the same class. There was a very large class when Glyn and I came, and we all grew at different paces. Glyn was probably the one who grew the greatest and the fastest. You could see it mostly in the committee of which I am the Chair, the Financial Institutions and Insurance Committee. I had in Glyn, as the most senior member of the minority party, a man with tremendous knowledge in the area of banking and insurance, and I drew upon that regularly. Glyn brought to the committee not just his intelligence, but also his willingness to work with the committee, not in a negative manner, but in a very constructive way. When we came out with legislation, it was legislation that was bipartisan and that was worked out very well by the members of the committee. Glyn was very much a part of that. We are going to miss him very much. He was a wonderful legislator, a wonderful man and a good friend.

REMARKS BY REPRESENTATIVE RAYBURN

Ms. Rayburn: Thank you, Mr. Speaker. Fran and your family: I just want to express to you our heartfelt sympathy and to express to you my observations of the importance of working with Glyn on the Agriculture Committee--his diligence and his expertise there. There were many times when we had a lot of serious talks and there were a lot of times when we had some really humorous talks concerning agriculture needs and things that were happening in the legislature. He was a very diligent legislator. We are all going to miss him extremely. I just want to tell you that his knowledge, his expertise and his devotion to the agriculture industry were outstanding. I want you to know that we will miss him on that committee. I want you to know that the committee expresses its sympathy to you and your family.

REMARKS BY REPRESENTATIVE KREMEN

Mr. Kremen: Thank you, Mr. Speaker. Ladies and gentlemen of the House and members of the Chandler family: I have had the pleasure and the privilege of working with Glyn on the Agriculture Committee for my entire tenure here in the legislature. You know, we are all going to miss him, but I think those who are going to miss him the most are the common folk of Washington State. He was a true advocate of common people, and I think that is what I remember him most for.

REMARKS BY REPRESENTATIVE BROOKS

Mr. Brooks: Thank you, Mr. Speaker. I just want to leave one word of my strong feelings about Glyn and what a wonderful person he was. He had courage far above anything most of us could possibly reach for. As a physician, I watched him through his illness. I tried to help as I could, and I couldn't get over his courage and his willingness to keep at it. He had definite goals for this state, and he pursued them to his own disadvantage, but to our advantage and to the advantage of the citizens of this state. I shall always remember him with great respect and will never forget his courage.

REMARKS BY REPRESENTATIVE MOYER

Mr. Moyer: Thank you, Mr. Speaker. I would like to build just a little bit upon the previous speaker's comments. There is a saying that I repeated yesterday from Andrew Jackson that "one man with courage is a majority." Glyn had this idea that you could build a train, going from Moses Lake to Bellevue, that would travel three hundred miles an hour. It was his idea and he stood alone and he sold that idea. He went to the Senate, and one man with courage made that idea work. He came back to the House, and one man with courage made that idea work. I can hardly wait for the day when that train goes roaring down the Glyn Chandler Expressway, and we know that one man with courage made it work.

REMARKS BY REPRESENTATIVE WOLFE

Mr. Wolfe: Thank you, Mr. Speaker. As a new member of the House, I didn't have a chance to know Glyn as well as some of you have. I only began to know him and to appreciate him. All of us here bring certain levels of knowledge and things to this august organization, but Glyn brought something that few others bring. And that was wisdom. I do appreciate the wisdom that Glyn brought to us, and I am going to miss it as I continue to grow in my legislative experience.

Fran, we do hope you come back. We enjoy you very much.

REMARKS BY REPRESENTATIVE PRINCE

Mr. Prince: Thank you, Mr. Speaker. Fran, words cannot replace Glyn, and it is very difficult to explain how we felt about him. Glyn meant two things to me that, as long as I live, I shall always remember. One was his strength during all the suffering he went through in the past year and a half. I never once heard him complain. I never once saw anything but a smile. If you hadn't known what he was going through, you wouldn't have guessed it. That is a trait that very few of us have and, in itself, is the most admirable trait we could ever have. The second is the example of your relationship in marriage and your family--they are examples to us all. I want you to know I'll always remember him.

REMARKS BY REPRESENTATIVE VAN LUVEN

Mr. Van Loven: Thank you, Mr. Speaker. When I first came to the legislature several years ago, I was a lot younger than I am now. I thought Glyn was an old guy then. It was interesting that an old guy like that and a young guy like me could become friends and buddies. Even when I was out of the legislature, he remained my friend. We talk about a fraternity here on the floor--we have our own little group down here in this corner. We take care of each other. Now we are only going to be getting three orange juices and three coffees, not four any more. I just want to say that we've all lost a friend, but I've lost a buddy.

REMARKS BY REPRESENTATIVE NEALEY

Mr. Nealey: Thank you, Mr. Speaker. Fran and members of the family: I want to tell you that, since Glyn and I came into this organization in the same class, there was a tie, a friendliness, a binding that I just can't express but that meant so much. We served together on the Agriculture Committee for all these years. We shared our dreams. We were really pretty close.

To you, the family and the youngsters there--the children that I have met and had a chance to know a little bit--I just want to tell you how much we appreciate what he stood for and what you as a family stand for. You are up there at a high level. I appreciate you, and I want you to know that. Thank you.

REMARKS BY REPRESENTATIVE D. SOMMERS

Mr. D. Sommers: Thank you, Mr. Speaker. Ladies and gentlemen of the House and members of the Chandler family: Glyn really was a unique individual. He had many special gifts. He had the gift of insight and wisdom. He understood the process very well. There were times when I hadn't made up my mind and Glyn really had. He understood a lot of bills. I remember one time in the caucus someone asked him what he thought of a bill, and he really didn't have a very high regard for it. He said, "You know, that bill is a dog, and that dog won't hunt." That was Glyn's humor. It is also interesting that Glyn was a champion of English first,

because he spoke a different brand of English than any of us. He was a very unique individual. I recall times in the caucus when he would stand and give us the viewpoint of the farmers on various issues. He did add a lot to the caucus that way. He also was a man of courage, as has been mentioned. Just several days before the Lord called him home for a greater challenge, he was on the floor voting, doing that which he felt was his responsibility. We are thankful that the family is here. Our prayers are with you. May the Lord give you strength.

REMARKS BY REPRESENTATIVE WINSLEY

Ms. Winsley: Thank you, Mr. Speaker. Ladies and gentlemen of the House and members of the family: Last September my husband went with me on a Washington agriculture tour. When we arrived in Yakima, we were early and had the opportunity to have coffee with Glyn and Fran. Last night on the telephone, when I was telling my husband about Glyn's death, he was trying to place him. I said, "Remember, we had coffee with him in Yakima." And he said, "Oh, that nice man with that beautiful western suit and those nice-looking cowboy boots." I thought that that was a nice way to remember someone. A nice man. He always had a lot of beautiful western suits which he sometimes wore here in the House. And the boots--those boots are going to be hard to fill, Fran.

REMARKS BY REPRESENTATIVE WOOD

Ms. Wood: Thank you, Mr. Speaker. I haven't had a chance to know Glyn and Fran as long as others here. As I have gotten to know them, I have found them to be a courageous, warm and loving couple. They have been an outstanding example to all of us. Glyn has fought the good fight and has completed the race. He may not be with us physically, but he'll always be with us in our hearts.

REMARKS BY SPEAKER KING

The Speaker: Thank you, Mr. Speaker. Thank you for giving me the opportunity to speak. I was down with the Governor and was not aware that we were adopting the memorial. The Governor's words were to tell the family how much we miss Representative Chandler. I said to him, "What do I say, Mr. Governor?" He said, "Tell them the truth. He was a very kind, decent, honest man who served his state well."

I was thrilled to be able to work with Glyn on his last project. I was thrilled, as many of you have been, that he could work on a project for which he had enormous enthusiasm. That is absolutely the way all of us want to finish life, working on a project and contributing to the state. I am very proud to have been able to serve with Glyn Chandler. I join all of you in mourning his passing.

POINT OF INQUIRY

Mr. Padden: Representative Sayan, does this bill allow access to patients' medical records by the department?

Mr. Sayan: Representative Padden, this bill allows the department to examine medical records of public assistance patients for auditing purposes only. It also allows the department to examine a random representative sample of all medical records solely to determine providers' charges and only to the extent that they are directly associated with financial records. In order for the department to establish the usual and customary fee for a medical procedure, it must see exactly what medical procedure is associated with the charge. For example, in establishing the fee for setting a broken arm, the department needs to know whether the fracture was a simple or compound fracture. In any event, the department is legally obligated to maintain patient confidentiality.

SUBSTITUTE SENATE BILL NO. 6626, by Committee on Higher Education (originally sponsored by Senators Conner, Barr, Saling, Benitz and DeJarnatt)

Requiring an assessment of higher education needs of placebound students.

The House resumed consideration of Substitute Senate Bill No. 6626 on second reading. (For previous action, see today's Journal.)

The Speaker stated the question before the House to be the Point of Order by Representative Brough regarding the scope and object of the amendment by Committee on Appropriations.

SPEAKER'S RULING

The Speaker: Representative Brough, the Speaker has examined Substitute Senate Bill No. 6626 and the striking amendment by Committee on Appropriations. Substitute Senate Bill No. 6626 deals with an assessment by the Higher Education Coordinating Board of the needs of placebound students. The amendment adds new matters to the original bill, including provisions on the regulation of foreign student placement agencies. I find, therefore, Representative Brough, that your point is well taken. The amendment broadens the original scope and is outside the scope and object of the bill.

Mr. Jacobsen moved adoption of the following amendment by Representatives Jacobsen, Van Luven, Heavey, Dellwo, Rector, Miller, Walker and Anderson:

On page 1, line 6, after "study the" strike all material through "1993." on line 16 and insert "upper division baccalaureate educational needs of placebound students, and the graduate educational needs of teachers, living in areas of the state not currently served by either existing four-year institutions or branch campuses. The study shall include recommendations on how the needs should be addressed, and which institutions should be responsible for serving specific areas.

NEW SECTION, Sec. 2. The legislature finds that many individuals in the state of Washington have attended college and received an associate of arts degree, or its equivalent, but are placebound.

The legislature intends to establish an educational opportunity grant program for placebound students who have completed an associate of arts degree, or its equivalent, in an effort to increase their participation in and completion of upper-division programs.

NEW SECTION, Sec. 3. The educational opportunity grant program is hereby created as a demonstration project to serve placebound financially needy students by assisting them to obtain a baccalaureate degree at public and private institutions of higher education which have the capacity to accommodate such students within existing educational programs and facilities.

NEW SECTION, Sec. 4. (1) For the purposes of this chapter, 'placebound' means unable to relocate to complete a college program because of family or employment commitments, health concerns, monetary inability, or other similar factors.

(2) To be eligible for an educational opportunity grant, applicants must be placebound residents of the state of Washington who are needy students as defined in RCW 28B.10.802(3) and who have completed the associate of arts degree or its equivalent. A placebound resident is one who may be influenced by the receipt of an enhanced student financial aid award to attend an institution that has existing unused capacity rather than attend a branch campus established pursuant to chapter 28B.45 RCW. An eligible placebound applicant is further defined as a person whose residence is located in an area served by a branch campus who, because of family or employment commitments, health concerns, monetary need, or other similar factors, would be unable to complete an upper-division course of study but for receipt of an educational opportunity grant.

NEW SECTION, Sec. 5. The higher education coordinating board shall develop and administer the educational opportunity grant program. The board shall adopt necessary rules and guidelines and develop criteria and procedures to select eligible participants in the program. Payment shall be made directly to the eligible participant periodically upon verification of enrollment and satisfactory progress towards degree completion.

NEW SECTION, Sec. 6. Grants may be used by eligible participants to attend any public or private college or university in the state of Washington that has an existing unused capacity. Grants shall not be used to attend any branch campus or educational program established under chapter 28B.45 RCW. The participant shall not be eligible for a grant if it will be used for any programs that include religious worship, exercise, or instruction or to pursue a degree in theology. Each participating student may receive up to two thousand five hundred dollars per

academic year, not to exceed the student's demonstrated financial need for the course of study.

NEW SECTION. Sec. 7. Sections 2 through 6 of this act shall constitute a new chapter in Title 28B RCW.

NEW SECTION. Sec. 8. The following acts or parts of acts are each repealed:

- (1) Section 12, chapter 7, Laws of 1989 1st ex. sess. and RCW 28B.80.530; and
- (2) Section 13, chapter 7, Laws of 1989 1st ex. sess. and RCW 28B.80.540."

Mr. Peery moved adoption of the following amendment by Representatives Peery, Betzoff, Ebersole, Holland, Walker, Jones and Vekich:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Differences in interests and learning styles of both students and teachers make it imperative that our public schools offer diverse curricula and instructional strategies. Secondary students need access to challenging programs or vocational instruction matched to their abilities and interests. Student success depends on parental involvement in education, and on students' commitment to participate in a learning community. Quality integrated and multicultural educational opportunities are necessary for all students. The programs created in this act are intended to provide increased enrollment options for students. While recognizing that greater flexibility in enrollment options will not, by itself, solve all the problems of our education system, the legislature finds that allowing and encouraging student choice among public education institutions is consistent with the deeply held American value of freedom to make the choices that shape our families' lives. In addition, since the primary source of funding for public education institutions is the state general fund, to which all taxpayers contribute, it follows that taxpayers should have access to all the educational program choices funded by their state tax dollars. Enrollment options are also a component of a broader effort to restructure education that has already demonstrated the benefits of encouraging local efforts to create distinctive and innovative schools. The learning by choice and running start programs further expand this state's efforts to put more power in the hands of parents, students, and local educators to enable Washington state to meet the challenge of preparing all students for productive lives in the twenty-first century.

PART I

LEARNING BY CHOICE PROGRAM

NEW SECTION. Sec. 101. LEARNING BY CHOICE PROGRAM. The learning by choice program is hereby created. Beginning with the 1992-93 school year, parents and guardians may choose to have their children attend a school within a nonresident public school district, subject only to sections 103 through 111 and 113 of this act and other interdistrict enrollment options provided by law. State funding for the student shall be paid to the school district the student actually attends. School districts may voluntarily choose to limit nonresident enrollment in any or all of their schools, but except as provided in section 107 of this act, no district may refuse students permission to leave the school district in which they reside in order to transfer to another school district.

NEW SECTION. Sec. 102. INFORMATION BOOKLET. The superintendent of public instruction shall annually prepare an information booklet outlining parents' and guardians' options for enrollment of their children in any school or appropriate special education program in a nonresident public school district within the state. Beginning in 1991, the booklet shall be distributed to all school districts by the office of the superintendent of public instruction. School districts shall distribute the information booklet to the parents and guardians of all students. The booklet shall include:

- (1) Information about the learning by choice program;
- (2) A state uniform transfer application form for transfer to a school or appropriate special education program in a nonresident school district;
- (3) An outline of the procedure and deadlines for enrolling a student in a school or appropriate special education program within a nonresident school district;
- (4) Information about the running start program;

(5) Information about other public school transfer policies; and

(6) The telephone number of an enrollment options information hotline which shall be available toll-free to residents of the state.

NEW SECTION. Sec. 103. INTERDISTRICT TRANSFER PROCEDURES. (1) Each school district board of directors shall annually determine the number of transfer slots available for nonresident students in each of its schools and special education programs, and shall make this information available to the public.

(2) All school districts accepting applications for admission shall randomly select students from the total number of applicants to fill the number of transfer slots identified by the school board for the school or special education program. Selection shall be by lottery only, with each application given a number and the numbers selected by random drawing. The random drawing shall establish the order of selection of all those who applied, so that if some of those who are initially selected do not enroll, alternates may be notified, in the order their numbers were drawn, that space has become available for them.

(3) If an application is rejected, the school district rejecting the application shall state the reason for rejection in the notification. A school district may reject a student application only because:

(a) It was not selected high enough in a random lottery selection process;

(b) There were no designated transfer slots for the school or appropriate special education program; or

(c) The student's enrollment would adversely affect the district's adopted desegregation plan.

(4) The school district shall notify parents or guardians of the acceptance or rejection of their children according to the timelines and procedures developed by the superintendent of public instruction.

(5) A resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring under the enrollment options program. No parent or guardian may be forced to attend such an interview or to complete the questionnaire.

NEW SECTION. Sec. 104. SUPERINTENDENT'S DUTIES. By December 15, 1990, the superintendent of public instruction shall establish a timeline and procedures for the learning by choice program that will allow the greatest possible opportunity for students to select nonresident schools, while assuring adequate time for schools to plan, assign or transfer staff, and prepare for student movement. The timeline and procedures shall be established to assure that a school district has adequate time to fulfill its duties under RCW 28A.67.070, 28A.58.450, and 28A.65.425. The timeline and procedures shall include, but not be limited to: Dates and procedures for application, acceptance or rejection by the school district and parent or guardian, and written notification of parents, guardians, and the resident school district.

NEW SECTION. Sec. 105. STUDENT TRANSPORTATION. (1) It is the obligation of the parent or guardian of a student enrolled in a nonresident school district to transport his or her child to the nearest school bus stop of the nonresident school to which the child has transferred. The obligation to transport the child to the nearest bus stop of the nonresident school shall continue for the duration of the child's enrollment in the nonresident school district.

(2) Parents or guardians of students who are eligible to receive free and reduced priced breakfasts or lunches shall receive payment on a per-mile basis for the parent's or guardian's transportation of the student from the student's home to the nearest school bus stop of the nonresident school to which the student has transferred. Transportation payments from money provided by the state for this purpose, shall be administered by the school district in which the student is enrolled.

(3) The superintendent of public instruction shall establish rules for transportation payments to eligible parents or guardians for the cost of mileage as provided in subsection (2) of this section.

NEW SECTION. Sec. 106. ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES. Eligibility of transfer students in the learning by choice program for participation in extracurricular activities shall be subject to rules adopted by the Washington interscholastic athletic association as authorized by the state board of education.

NEW SECTION. Sec. 107. DISTRICTS WITH DESEGREGATION PLANS. (1) The board of directors of any school district implementing a desegregation plan shall adopt a policy on interdistrict student transfers under sections 101 through 113 of this act. Under the policy, the district may not deny a student's application to transfer to another district if the transfer would lessen the difference between the minority percentages of the two districts.

(2) The parent or guardian of a student who is a resident of a district that has an adopted or court-ordered desegregation plan shall submit an application for transfer both to the resident district and the nonresident school district. If the resident district denies the application of its resident student for release from the district, the resident district shall notify the parent or guardian and nonresident district of its denial within fifteen days of receipt of the application. The decision of the resident district shall be final.

NEW SECTION. Sec. 108. Parents of students who are home schooled under the provisions of chapter 28A.27 RCW and who do not reside in a district with a desegregation plan may apply

for admission of their child to a nonresident district in accordance with sections 101 through 111 and 113 of this act for part-time enrollment in a nonresident school district.

NEW SECTION. Sec. 109. SPECIAL EDUCATION. If a child requiring special education services under chapter 28A.13 RCW applies for admission to an appropriate special education program in a nonresident school district in which the student is not currently enrolled, the application shall be granted only if the receiving school district has a special education instructional program appropriate to meet the student's educational needs and the receiving district has identified that space is available in the specific special education program. Selection of students for each program shall be done in accordance with section 103 of this act.

NEW SECTION. Sec. 110. LEVY PROVISIONS. (1) School districts may establish annual transfer fees for nonresident students enrolled pursuant to the learning by choice program if the levy rate per thousand dollars adjusted assessed valuation for the serving district is higher than the levy rate for the district in which the student resides. These fees, if applied, shall be applied uniformly for all such nonresident students except as provided in this section. The fee amount charged for any school year by a school district may not exceed three hundred dollars, annually adjusted by the consumer price index, or an amount calculated as follows, whichever is less: (a) The district's levy per student to be collected in the first calendar year of that school year multiplied by (b) the difference between the two districts' levy rates, divided by the levy rate of the serving school district.

(2) School districts shall not charge fees under this section for students who are eligible to receive free or reduced-priced breakfasts or lunches. The state shall pay any annual transfer fees for these students.

(3) For purposes of this section:

(a) Assessed valuations shall be adjusted to one hundred percent using the county indicated ratio established in RCW 84.48.075;

(b) 'Levy per student' means the district's certified general fund maintenance and operations levy for the full calendar year, divided by the district's full-time-equivalent October student enrollment count for the year prior to the school year for which the tuition is charged.

NEW SECTION. Sec. 111. CONTINUING ENROLLMENT. Once a student is enrolled in a nonresident school district, the student shall be treated as a resident student by the nonresident school district for all purposes, except as set forth in sections 105 and 110 of this act, and may continue to attend that school district without further transfer applications.

NEW SECTION. Sec. 112. INTRADISTRICT TRANSFER POLICIES. Each school district in the state shall adopt a policy allowing intradistrict enrollment options no later than June 30, 1991. Each district shall establish its own policy on how the intradistrict enrollment options will be implemented and shall distribute an information booklet on intradistrict enrollment options. The booklet shall be given to the parent or guardian of each newly enrolled student at the time of enrollment and shall be distributed annually to all parents or guardians at the same time as the distribution of the information booklet required in section 102 of this act.

NEW SECTION. Sec. 113. EFFECT ON EXISTING TRANSFER PROGRAMS. Nothing in sections 101 through 111 of this act affects or reduces transfers under RCW 28A.58.217, 28A.58.225 through 28A.58.245, and 28A.120.092.

NEW SECTION. Sec. 114. STUDY AND RECOMMENDATIONS. (1) An interim task force is hereby created to study the need to:

(a) Provide programs that will foster the development of program diversity and cooperative programs between districts including, but not limited to, theme curriculum schools;

(b) Provide relief to districts that experience significant declines in enrollment through the use of enrollment decline factors;

(c) Modify the transfer fee formula in section 110 of this act;

(d) Provide relief to certificated and classified staff who may be displaced by fluctuations in enrollment. The use of preferential transfer rights should be considered; and

(e) Provide a transportation subsidy to low-income parents for districts that establish a policy allowing intradistrict transfers.

(2) Membership of the task force shall include two members of the house of representatives selected by the speaker of the house of representatives, two members of the state senate selected by the president of the senate, and one representative each from the office of the superintendent of public instruction selected by the superintendent of public instruction, the state board of education selected by the state board of education, and the governor's office selected by the governor.

(3) Based on the study of the issues in subsection (1) of this section, the task force shall make specific recommendations to the education committees of the house of representatives and the senate no later than December 15, 1990.

(4) The task force shall expire December 15, 1990.

Sec. 115. Section 28A.58.230, chapter 223, Laws of 1969 ex. sess. as last amended by section 37, chapter 3, Laws of 1983 and RCW 28A.58.230 are each amended to read as follows:

Every school district shall admit on a tuition free basis all persons of school age who reside within this state, and do not reside within another school district carrying the grades for which

they are eligible to enroll: PROVIDED, That nothing in this section shall be construed as affecting RCW 28A.58.240 ((or)), 28A.58.245, section 101, or 109 through 111 and 113 of this 1990 act.

PART II

(1) The legislature hereby creates the running start program to allow high school juniors and seniors the opportunity to attend vocational technical institutes, community colleges, and public colleges and universities located in Washington state either on a full-time or part-time basis while concurrently enrolled in high school.

(2) The following criteria shall be used as design criteria in the implementation plan for this postsecondary options program:

(a) No student may be charged tuition or other fees for participation in the program. State basic education funds shall follow the student, in proportion to the number of course hours taken at the high school and other institution, to cover the costs of students' tuition, books, fees, and supplies at the vocational technical institute, community college, or public college or university.

(b) An adequate system for annually informing parents, guardians, and all high school students of opportunities available through the program shall be established.

(c) Student qualifications for enrolling in vocational technical institutes shall be established by the state board of education and for community colleges and public colleges and universities shall be established by the higher education coordinating board.

(d) The plan shall provide for initially serving up to five thousand students per year, and these students shall not be counted towards existing higher education institution enrollment limits.

(e) An evaluation system shall be developed to determine how the program is working for the institutions and the students, and how much change in the number of students participating in the running start program is recommended each school year.

(f) No district may refuse students the permission to leave the school or school district, part time or full time, in order to participate in the program.

(g) Credits earned by students at these institutions shall apply to both high school graduation requirements and to graduation requirements from the vocational technical institute, community college, or public college or university.

POINT OF ORDER

Ms. Cole: I rise to request a ruling on scope and object.

SPEAKER'S RULING

The Speaker: Representative Cole, the Speaker has examined Second Substitute Senate Bill No. 6733 and the floor amendment offered by Representative Peery and others. Second Substitute Senate Bill No. 6733 deals with the issue of public school enrollment options. It requires the Superintendent of Public Instruction to study enrollment options and to make a recommendation to the Governor and the Legislature on whether or not an enrollment options program should be implemented. Representative Peery's amendment would establish an enrollment options program to be implemented this biennium. The Speaker finds that the amendment does deal with the basic subject of the Senate bill--enrollment options--and is, therefore, within the scope and object of the bill. Your point, Representative Cole, is not well taken.

Representatives Peery, Betrozoff, Dorn and K. Wilson spoke in favor of adoption of the amendment, and Representatives Zellinsky, Schoon, Basich and Brumsickle spoke against it. Mr. Peery again spoke in favor of the amendment.

The amendment was adopted.

Mr. Peery moved adoption of the following amendment by Representatives Peery, Betrozoff, Ebersole, Holland, Walker, Jones and Vekich to the title:

On page 1, line 1 of the title, after "Relating to" strike the remainder of the title and insert "school improvement; amending RCW 28A.58.230; adding new sections to Title 28A RCW; and creating new sections."

POINT OF ORDER

Mr. Padden: Thank you, Mr. Speaker. Mr. Speaker, I raise the Point of Order as to the way the title amendment is amended here. Is it in compliance with House Rule 12(E)?

SPEAKER'S RULING

The Speaker: Thank you, Representative Padden, for raising that Point of Order because it raises an unusual Point of Order in interesting circumstances here. Members of the House will notice that, normally, title amendments are adopted by the consent of the House, because of a long-standing practice in this House and previously--until the last couple of years--in the Senate, that we don't broaden the scope of bills or narrow the scope of bills by amending the title. Our title amendments are only to the code references and literally of a technical nature. So we adopt them, sometimes to the chagrin of Mr. Speaker O'Brien, simply by the consent of the House, without a formal motion, because we just don't broaden or narrow the scope with title amendments here. We think that is a practice that makes it very confusing for the public to follow legislation. They should be able to rely at least on the title of a bill.

I want to do this carefully, so I am going to read a ruling that we have. As I said, it is unusual to have a title amendment offered in this House that amends the subject matter description of a bill title. Normally, the Speaker does not look favorably upon this type of title amendment, because a change in the title usually indicates a violation of House Rule 12(E) which prohibits any amendment that changes the scope and object of a bill. But in this case we have a unique circumstance.

In this case Representative Peery has offered a title amendment that does change the scope of the bill. In making this ruling, the Speaker would explain to the House that the bill before us is a substitute bill. Consistent with prior rulings by the Speaker, specifically referring to the House Journal of March 19, 1987, the question of scope and object on a substitute bill must relate back to the bill as originally introduced.

In examining the title of Senate Bill 6733, which is "An act relating to school improvement"--let me emphasize that we have gone back to the original title of the original Senate Bill which is "An act relating to school improvement"--and the proposed title amendment before us, the Speaker finds that the proposed amendment, rather than changing the title of the original Senate Bill, simply restores the

title of the original Senate Bill. So Representative Peery's title amendment did not change the scope of the original bill; it simply restores the original title as introduced in the Senate.

While it is unusual to allow title amendments in this body, the Speaker finds that in this case, where the proposed title amendment is identical to the original title of the bill, there is no violation of the rules and the amendment is, therefore, in order. Representative Padden, thanks for raising this point, but it is not well taken.

The amendment to the title was adopted.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Clerk called the roll on the final passage of Second Substitute Senate Bill No. 6733 as amended by the House, and the bill passed the House by the following vote: Yeas, 65; nays, 31; excused, 1.

MESSAGE FROM THE SENATE

March 1, 1990

Mr. Speaker:

The President has signed:

Gordon A. Golob, Secretary.

SIGNED BY THE SPEAKER

The Speaker (Mr. Wang presiding) announced the Speaker had signed:

SENATE CONCURRENT RESOLUTION NO. 8437.

MOTION

Mr. Ebersole moved that the House immediately consider Substitute Senate Bill No. 6191 on the second reading calendar. The motion was carried.

SUBSTITUTE SENATE BILL NO. 6191, by Committee on Health & Long-Term Care (originally sponsored by Senators West, Kreidler, Johnson, Anderson, Gaspard, Niemi, McMullen, Murray, Wojahn, Conner, Patrick, Stratton and Smith)

Establishing the Washington state trauma care system.

The bill was read the second time.

Mr. Braddock moved adoption of the following amendment:

On page 31, after line 13, insert the following:

"NEW SECTION, Sec. 32. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1990, in the omnibus appropriations act, this act shall be null and void."

Mr. Braddock spoke in favor of adoption of the amendment, and it was adopted.

With consent of the House, the following amendment by Representative Braddock to the title was adopted:

On page 1, line 6 of the title, after "18.73.085;" insert "creating a new section:"

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Representatives Braddock and Wolfe spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Braddock yielded to question by Ms. Schmidt.

Ms. Schmidt: Representative Braddock, the only information we have on this is this sheet of paper. Could you tell me the amount of this project and what the source of the funds will be?

Mr. Braddock: As passed by the Senate, the amount would come from the general fund. It is slightly more than two and one-half million dollars for administering that. That is general fund money. We had passed in the House a bill, which has not gone through the process--we are using the Senate vehicle--and which had consideration of driver's license fees, but that bill died. This one is from the Senate with the funds coming from the general fund.

Ms. Schmidt: And it is two and one-half million dollars?

Mr. Braddock: Roughly.

Mr. Brooks spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Substitute Senate Bill No. 6191 as amended by the House, and the bill passed the House by the following vote: Yeas, 96; excused, 1.

Voting yea: Representatives Anderson, Appelwick, Ballard, Basich, Baugher, Beck, Belcher, Bennett, Betzoff, Bowman, Braddock, Brekke, Brooks, Brough, Brumsickle, Cantwell, Cole, Cooper, Crane, Day, Dellwo, Dorn, Doty, Ebersole, Ferguson, Fisher G, Fisher R, Forner, Fraser, Fuhrman, Gallagher, Grant, Hargrove, Haugen, Heavey, Hine, Holland, Horn, Inslee, Jacobsen, Jesernig, Jones, King P, King R, Kirby, Kremen, Leonard, Locke, May, McLean, Meyers R, Miller, Morris, Moyer, Myers H, Nealey, Nelson, Nutley, O'Brien, Padden, Peery, Phillips, Prentice, Prince, Pruitt, Raiter, Rasmussen, Rayburn, Rector, Rust, Sayan, Schmidt, Schoon, Scott, Silver, Smith, Sommers D, Sommers H, Spanel, Sprengle, Tate, Todd, Valle, Van Luven, Vekich, Walker, Wang, Wilson K, Wineberry, Winsley, Wolfe, Wood, Youngsman, Zellinsky, and Mr. Speaker - 96.

If the proceeds of the revenue bonds of any series issued with respect to the cost of any nonprofit facility exceeds the cost of the nonprofit facility for which issued, the surplus shall be deposited to the credit of the debt service fund for the revenue bonds or used to purchase the revenue bonds in the open market.

(2) The commission may issue interim notes in the manner provided for the issuance of revenue bonds to fund nonprofit facilities prior to issuing other revenue bonds to fund such facilities. (5) Notwithstanding subsection (1) of this section, such bonds and interim notes may be issued and sold in accordance with chapter 39.46 RCW.

NEW SECTION. Sec. 5. The commission may provide by resolution for the issuance of revenue refunding bonds for the purpose of refunding any obligations issued for a nonprofit facility, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption or maturity of the revenue bonds and, if considered advisable by the commission, for the additional purpose of financing improvements, extensions, or enlargements to the nonprofit facility for another nonprofit facility. The issuance of the revenue refunding bonds, the maturities and other details thereof, the rights of the owners thereof, and the rights, duties, and obligations of the commission in respect to the same shall be governed by this chapter insofar as applicable.

NEW SECTION. Sec. 6. Any bonds issued under this subchapter may be secured by a trust agreement between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. A trust agreement or resolution providing for the issuance of the revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondowners as may be reasonable and proper and not in violation of law, including covenants setting forth the duties in relation to the acquisition of property and the construction, improvement, maintenance, use, repair, operation, and insurance of the nonprofit facility for which the bonds are authorized, and the custody, safeguarding, and application of all money. A trust agreement may set forth the rights and remedies of the bondowners and of the trustee and may restrict the individual right of action by bondowners as is customary in trust agreements or trust indentures securing bonds and debentures of private corporations. In addition, a trust agreement may contain such provisions as the commission considers reasonable and proper for the security of the bondowners which are not in conflict with this subchapter.

NEW SECTION. Sec. 7. A lessee or contracting party under a sale contract or loan agreement shall not be required to be the eventual user of a nonprofit facility if any sublessee or assignee assumes all of the obligations of the lessee or contracting party under the lease, sale contract, or loan agreement, but the lessee or contracting party or their successors shall remain primarily liable for all of its obligations under the lease, sale contract, or loan agreement and the use of the nonprofit facility shall be consistent with the purposes of this subchapter.

NEW SECTION. Sec. 8. The proceedings authorizing any revenue bonds under this subchapter or any financing document securing the revenue bonds may provide that if there is a default in the payment of the principal of or the interest on the bonds or in the performance of any agreement contained in the proceedings or financing document, the payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents, purchase price payments, and loan repayments, and to apply the revenues from the nonprofit facility in accordance with the proceedings or provisions of the financing document. Any financing document entered into under this subchapter may also provide that if there is a default in the payment thereof or a violation of any agreement contained in the financing document, the nonprofit facility may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Any financing document may also provide that any trustee under the financing document or the holder of any revenue bonds secured thereby may become the purchaser at any foreclosure sale if it is the highest bidder.

NEW SECTION. Sec. 9. The Washington state housing finance commission shall be the sole issuer of revenue bonds for facilities owned and operated by nonprofit corporations in the state except for revenue bonds to finance such facilities issued by the Washington health care facilities authority established by chapter 70.37 RCW, or the Washington higher education facilities authority established by chapter 28B.07 RCW.

POINT OF INQUIRY

Mr. R. Meyers yielded to question by Mr. Dellwo.

Mr. Dellwo: Would the bill be given the same effect as the seat belt statute, RCW 46.61.688, concerning whether or not failure to comply with these requirements would constitute a defense in action for damages by a person on a motorcycle?

Mr. R. Meyers: Thank you for asking, Representative Dellwo. Yes, the bill is intended to be interpreted consistently with that statute, RCW 46.61.688, such that a

failure to comply would not be a defense and would not constitute contributory negligence.

Mr. Crane demanded the previous question, and the demand was sustained.

The Speaker introduced Dr. Hans Dehmelt and his wife, Dr. Diana Dundore Dehmelt, who were seated on the rostrum.

REMARKS BY DR. HANS DEHMELT

Dr. Dehmelt: Mr. Speaker, ladies and gentlemen of the House of Representatives, Regents of the University of Washington, ladies and gentlemen:

I am truly grateful for the recognition shown me today by members of the government of my home state. In many respects this is the most important recognition I can get, because the State of Washington is where I live and work. Perhaps the prophet sometimes does count for something in his own country.

As the man who first devised a scheme to catch a single atom, immobilize it for hours and make it visible by illuminating it with laser beams in 1974, I naturally would like to tell you a little bit about it. I think it is a good example of how physics is done. As you know, the idea of the atom was dreamt up by the great Greek scholar Democritus about twenty-four centuries ago. Purely as speculation, he reasoned that, if one cuts a piece of, say, iron into smaller and smaller bits, one should eventually end up with tiny particles that would absolutely resist further cutting. No immediate applications were in sight. However, his enormously fruitful idea became one of the glories of classical Greek civilization.

Not that as late as 1900 he had convinced all the doubting Thomases; even then the physicist Ernst Mach, who originated the positivist school of philosophy and was revered by Einstein, steadfastly maintained that he could not accept atoms as real, because they would forever remain invisible to our eyes. Yet in 1979 my colleagues and I did indeed see an individual atom for the first time. I have brought with me a color photograph taken in my laboratory at the University of Washington, but cannot show it to you now.

There is more to the story. When my single atom proposal reached the military agency that had been supporting part of my work for many years, it so upset the gentlemen that they questioned my sanity and almost immediately cut off all support. Luckily, the University of Heidelberg came to my rescue. They invited me to initiate the proposed work in one of their laboratories, and the Humboldt Foundation awarded me one of their prizes to finance a sabbatical. So it came about that the first atom was not photographed in Seattle, but in Heidelberg.

Also, evidence is now accumulating that an individual charged atom at rest in free space is indeed the most stable clock yet conceived by man. Hopefully, that will open the eyes of those who see no value in basic ideas, but insist upon demonstrated technology. The widely held philosophy that the business of this country is business has served the United States exceedingly well in the past. By exploiting the intellectual capital accumulated in Europe over centuries, the United States has become unquestionable the richest country in the world in material goods. As we grow older as a country, an expansion of horizons might be called for. Perhaps, as it was fashionable in the Renaissance, business leaders will again surround themselves with artists and philosophers and, through generous support of their work, extend the lead of our country also into the intellectual, artistic and spiritual spheres.

At this point I should like to emphatically thank the representatives of state government for having maintained, without fail, conditions favorable for the conduct of first class research in physics. Without the past tireless efforts of enlightened governors and legislators on behalf of the university and schools, I would not have been able to find here the excellent undergraduate and graduate students who contributed much to my work leading up to the single atom.

I should like to close with a modest personal request. As long as nature permits me, I should like to continue working in the field of single atom physics that my research has opened up. However, I will reach the age of seventy on September 9, 1992. Mandatory retirement of professors is still in force in this state and may not be phased out before the end of 1993. Therefore, I should now like to petition the Legislature that I be exempted from this regulation and be put on the same footing as my colleagues, who reach the age of seventy only sixteen months after me.

Thank you for your attention.

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.
The Speaker called the House to order.

Representatives R. Meyers and Todd appeared at the bar of the House.

There being no objection, the House reverted to the sixth order of business.

On page 2, after line 23, strike all material through "Washington." on page 5, line 6, and insert the following:

"WHEREAS, The social and economic infrastructures of many rural counties and communities in Washington state are highly dependent on the forest products industry; and

WHEREAS, Recent reductions caused by competing interests over the use of forest land have created significant hardships on communities whose well-being currently depends on timber harvest; and

WHEREAS, The State of Washington is not prepared to accept that these communities must suffer economic and emotional hardships without redress; and

WHEREAS, Approximately 180,000 Washington citizens are directly or indirectly dependent on the forest products industry for their livelihoods, as the state's second largest employer; and

WHEREAS, Timber from federal forest lands has historically contributed more than twenty percent of the raw material for the state's forest products industry and, in many communities supply the majority of the raw material; and

WHEREAS, National Forest Management Act plans now being finalized for Washington national forests propose a twenty-eight percent reduction in harvest levels from the remaining national forest lands; and

WHEREAS, The reduction of available timber cannot be made up from the sale of additional timber above sustained yield levels from private lands and state trust lands; and

WHEREAS, The reduction in federal timber harvest will significantly reduce revenues to the state of Washington from virtually all of its major revenue sources: Sales taxes, business and occupation taxes, and timber harvest excise taxes, and will reduce revenues that support schools and county government from their share of federal stumpage receipts and reduces the property tax base; and

WHEREAS, Federal, not state, decisions have and will drastically affect the timber industry and associated jobs; and

WHEREAS, The United States Forest Service has been unable to ensure stability in timber supply or stable, long-term management of our nation's forests;

NOW, THEREFORE, Your Memorialists respectfully pray that:

(1) Congress devote its considerable resources to finding solutions to the problems created by the unresolved policy conflicts relating to primary and secondary uses of the national forests;

(2) Congress recognize the investment that communities have made based on the belief that the Forest Service lands will produce a relatively stable timber sales level and that deviations from historical sales levels can cause a community economic and social distress;

(3) Congress seek a mediated resolution of the conflicts surrounding the timber supply issue, including the capability of maintaining harvests at a level of 1.2 billion board feet, the

effect of threatened species, recreation, habitat, and other interests on maintaining the sustainable sales level, and the economic impacts of continued unrestricted log exports from nonfederal lands;

(4) Congress appropriate funds to assist local communities affected by the reduction in historic timber sales level to be used for economic diversification, modernizing mills, and encouragement of additional manufacturing in Washington;

(5) Congress enact incentives that will encourage rather than discourage investment in timber production on private lands; and

(6) Congress pursue trade policies designed to eliminate tariff and nontariff barriers that unfairly prohibit Washington lumber and wood products from competing in foreign markets.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George Bush, President of the United States, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

WHEREAS, The timber harvest from state managed forest lands is at near record levels and exports from these lands total more than sixty percent of the harvest volume; and

WHEREAS, Domestic processing of the timber exported from state managed lands would more than offset the projected loss of timber supply from Forest Service lands;"

On page 4, line 34 of the committee striking amendment, after "and" insert the following:

POINT OF INQUIRY

Mr. Dellwo yielded to question by Mr. Zellinsky.

Mr. Zellinsky: Representative Dellwo, this bill allows an agent to try to place the policy with another company for a period of one year after the agent's termination. It also requires the company to pay the agent's commission for a one-year period. If the agent does not place the business elsewhere, what does the company do after the one-year period ends?

Mr. Dellwo: First of all, the company cannot cancel the policy solely because the agent was terminated, but can cancel or nonrenew if the insured no longer meets the company's underwriting standards. Second, if it is practical, the company must assign the policy to another one of its agents who is located reasonably near the insured. Third, if the assignment is not practical and the policyholder meets the underwriting criteria of the company, the company must find an alternative way to service the policyholder.

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. The legislature finds that there exists in the state of Washington a critical need to examine, plan, and finance criminal justice activities. It is the policy of the state of Washington to encourage self-reliance by cities, towns, and counties in meeting their local government responsibilities. However, local criminal justice needs have accelerated to such an extent that many local governments cannot continue to meet the challenges of crime. It is the policy of the state of Washington to assist cities, towns, and counties in meeting these financial needs while promoting and encouraging local solutions, improved management, coordination, and planning of criminal justice activities.

NEW SECTION, Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) 'Board' means the local justice assistance board created under this chapter.
- (2) 'Local governments' means cities, towns, and counties.
- (3) 'Criminal justice activities' means all activities including operational and capital expenditures of superior, district, and municipal courts, jails or corrections, law enforcement, indigent defense, prosecution, probation, and community service.
- (4) 'Grants-in-aid' means moneys applied for by cities, towns, and counties and approved by the local justice assistance board based on criteria specified in this chapter.
- (5) 'Formula financing' means moneys distributed by formula, to counties based on criteria and approved by the local justice assistance board.

NEW SECTION, Sec. 3. (1) The local justice assistance board is created, composed of seventeen members as follows:

- (a) The director of the department of community development or the director's designee;
 - (b) The director of financial management or the director's designee;
 - (c) The chief of the state patrol or the chief's designee;
 - (d) Four representatives of cities and towns, appointed by the governor from a list of at least eight persons nominated by the association of Washington cities;
 - (e) Four representatives of counties, appointed by the governor from a list of at least eight persons nominated by the Washington state association of counties;
 - (f) One representative of sheriffs and police chiefs, appointed by the governor from a list of at least two persons nominated by the Washington association of sheriffs and police chiefs;
 - (g) One representative of prosecutors, appointed by the governor from a list of at least two persons nominated by the Washington association of prosecutors;
 - (h) Two members of the house of representatives, one from each of the two largest caucuses, appointed by the speaker of the house of representatives; and
 - (i) Two members of the senate, one from each of the two largest caucuses, appointed by the president of the senate.
- (2) If a legislator would be ineligible for appointment to the board as a voting member under the state Constitution, that legislator shall be a nonvoting member of the board during the period of such ineligibility.

(3) Legislative members of the board and persons who are board members by virtue of holding a state office shall serve until their successors are appointed and qualified. Members of the board appointed by the governor shall serve six-year terms. Vacancies on the board shall be filled by appointment by the original appointing authority under this section. The board shall elect a chairperson from among its members.

(4) Board members shall receive no compensation, but shall be reimbursed as provided in RCW 43.03.050, 43.03.060, and 44.04.120.

NEW SECTION, Sec. 4. The director of the department of community development shall provide administrative and staff support for the board.

NEW SECTION, Sec. 5. The board may:

- (1) Accept from any state or federal agency, grants or other moneys for the planning or financing of criminal justice activities and enter into agreements with any such agency concerning grants or other moneys;
- (2) Provide technical assistance to local governments, including (a) training and other services to assist them in planning, applying, and qualifying for funding for criminal justice activities; and (b) assistance to improve local management, coordination, and delivery of criminal justice services;

(3) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions that are not in conflict with this chapter:

(4) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter:

(5) Do all acts and things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

NEW SECTION, Sec. 6. (1) The board shall adopt a formula financing methodology for funding county criminal justice activities. The formula is to be developed in a manner that provides resources to those counties most affected by extraordinary crime trends, and that encourages management efficiencies. In developing the formula, the board shall consider appropriate criteria that may include, but are not limited to:

(a) Reported crime;

(b) Bookings, filings, trials, convictions, and commitments;

(c) Releases, parole, and probation;

(d) Costs of financing indigent defense;

(e) Population factors; and

(f) Measures of fiscal capacity, including per capita assessed valuation, per capita excise tax data, other tax base indicators, rates of taxation, and other relevant revenue information.

(2) The specific data elements and methodology for formula financing of criminal justice activities and the resulting distribution shall be presented to the fiscal committees of the legislature by September 1, 1990, and each September 1st thereafter. The board may revise the formula after consulting with the fiscal committees. The board shall distribute moneys under the formula as soon as practical, but not earlier than thirty days after submitting the formula to the fiscal committees.

NEW SECTION, Sec. 7. (1) The board shall develop a methodology to distribute grants-in-aid for local government criminal justice activities. The purpose of the grants-in-aid program is to provide ongoing assistance to reduce specific categories of crime that are causing significant effects on the local criminal justice system. The objective of all grant-in-aid awards shall be to achieve a reduction of a specific crime rate unless an applicant documents that a specific crime reduction target is not appropriate for the proposed strategy and proposes a substitute objective acceptable to the board.

(2) The board shall develop criteria for awarding grants with specific weightings given for projects that:

(a) Encourage management efficiencies, interlocal agreements, mutual assistance, or other agreements and policy coordination; and

(b) Provide resources to geographic areas with high incidence of crime or unusual problems with extraordinary crime.

(3) The board shall establish a policy as to the number of succeeding awards that may be made to a qualifying local government in order that specific crime reduction goals may be met in keeping with a strategy proposed by an applicant. The board shall establish policies that require local matching rates that may increase in succeeding award periods. The board may provide for exemptions from matching requirements for those jurisdictions that it determines are economically distressed for the purposes of chapter 82.60 RCW.

NEW SECTION, Sec. 8. (1) The board shall develop a methodology and process for distributing emergency grants-in-aid for local government criminal justice activities. The board shall identify drug crime impact areas for the purpose of expedited awards of moneys in order to meet the current crisis that is threatening public safety and the credibility of the local government criminal justice system. 'Drug crime impact areas' means those local governments that are experiencing recent significant increases in criminal justice costs and activities related to drug crimes. If any awards for jail construction are awarded under this section, the conditions in section 13 (1) and (2) of this act shall apply.

(2) The board shall award these emergency grants-in-aid no later than August 1, 1990. Any portion of the amounts appropriated for this purpose not awarded by August 1, 1990, shall be transferred by the board to the grants-in-aid program under section 7 of this act. Matching requirements shall not be required by the board for receipt of moneys under this section. Grants under this section shall not be made after August 1, 1990.

NEW SECTION, Sec. 9. The board shall keep proper records of accounts and shall be subject to audit by the state auditor. The board may request information of the state auditor as to audits of local governments receiving any moneys under this chapter.

NEW SECTION, Sec. 10. (1) On or before January 1st of each year, the board shall prepare a report on the status of criminal justice in the state of Washington. Such report may include policy recommendations to the legislature for dealing with criminal justice issues and problems.

(2) The board may conduct studies and research into criminal policies and practices as identified by the board. In conducting studies and research, the board may request assistance from the office of financial management, department of corrections, state patrol, sentencing guidelines commission, or other appropriate state, local, or federal agency or private source.

(3) The board may develop a library of materials on trends and techniques in dealing with local government criminal justice problems and issues that may be used by interested parties.

NEW SECTION, Sec. 11. (1) The criminal justice assistance account is hereby created in the state treasury. Except for unanticipated receipts under chapter 43.79 RCW, moneys in the account may be spent only after appropriation by statute. Expenditures from the account may be used only for the purposes of sections 6 through 8 of this act.

(2) On July 1, 1990, the state treasurer shall transfer twenty million dollars from the general fund to the criminal justice assistance account. On July 1, 1991, and each July 1st thereafter, the state treasurer shall transfer from the general fund to the criminal justice assistance account an amount equal to fifteen million dollars multiplied by a fraction. The numerator of the fraction is estimated state personal income for the fiscal year beginning on the date of the transfer. The denominator of the fraction is estimated state personal income for the fiscal year beginning July 1, 1990. State personal income estimates from the most recent official forecast under RCW 82.01.120 shall be used for purposes of this section. Once a transfer is made under this section, the amount of that transfer shall not be recalculated based on subsequent revisions of state personal income estimates.

NEW SECTION, Sec. 12. (1) Ten million dollars, or as much thereof as may be necessary, is appropriated from the criminal justice assistance account to the department of community development for the fiscal biennium ending June 30, 1991, for the purpose of distributions under section 6 of this act.

(4) Two hundred fifty thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund to the department of community development for the fiscal biennium ending June 30, 1991, for the purpose of administering sections 1 through 11 of this act.

NEW SECTION, Sec. 13. The sum of fourteen million four hundred thousand dollars, or as much thereof as may be necessary, is appropriated from the state building and construction account to the local justice assistance board for the biennium ending June 30, 1991, for the purpose of providing grants to local governments for construction and expansion of jail facilities. The appropriation in this section is subject to the following conditions and limitations:

(1) Before receiving a grant, an applicant shall demonstrate an ability to complete the construction or expansion of the jail facility:

(2) The grants shall not exceed an amount equivalent to sixty-six percent of the cost per bed, up to a maximum of twelve thousand dollars per bed, created or added to a jail facility;

(3) The office of financial management shall develop eligibility criteria for grants. The intent of the criteria is to award grants based on highest need. The criteria shall include, among other things determined by the office, a requirement for a jail management plan to reduce the local jail inmate population;

(4) The office of financial management may create a local advisory committee to develop the criteria for selection of projects for funding under this section. The advisory committee shall consist of representatives of law enforcement, jail administrators, prosecutors, judges, the department of corrections, the office of financial management, and other officials as deemed appropriate by the office.

Sec. 14. Section 21, chapter 49, Laws of 1982 1st ex. sess. as last amended by section 82, chapter 57, Laws of 1985 and RCW 82.14.200 are each amended to read as follows:

There is created in the state treasury a special account to be known as the 'county sales and use tax equalization account.' Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.150(2). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, ~~((as now or hereafter amended:))~~ the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

The department of revenue shall establish a governmental price index as provided in this subsection. The base year for the index shall be the end of the third quarter of 1982. Prior to November 1, 1983, and prior to each November 1st thereafter, the department of revenue shall

establish another index figure for the third quarter of that year. The department of revenue may use the implicit price deflators for state and local government purchases of goods and services calculated by the United States department of commerce to establish the governmental price index. Beginning on January 1, 1984, and each January 1st thereafter, the one hundred fifty thousand dollar base figure in this subsection shall be adjusted in direct proportion to the percentage change in the governmental price index from 1982 until the year before the adjustment. Distributions made under this subsection for 1984 and thereafter shall use this adjusted base amount figure.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (6) and (7) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, ~~((as now or hereafter amended;))~~ the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (2) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (2) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the total distribution under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Subsequent to the distributions under subsection (4) of this section and at such times as distributions are made under RCW 82.44.150, ~~((as now or hereafter amended;))~~ the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a fourth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

~~(6) (Revenues distributed under this section in any calendar year shall not exceed an amount equal to seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsections (3) through (5) of this section cannot be made because of this limitation, then distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties.) Subsequent to distributions under subsection (5) of this section and at such times as distributions are made under RCW 82.44.150, the department of revenue shall apportion and the state treasurer shall distribute to each fourth through ninth class county a fifth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be one hundred thousand dollars or an amount that when added to the distribution under subsection (2) of this section and the previous year's distribution under RCW 82.14.030(1) equals three hundred seventy-five thousand dollars, whichever is greater.~~

(7) Beginning on January 1, 1992, and each January 1st thereafter, the one hundred thousand dollars and three hundred seventy-five thousand dollars in subsection (6) of this section shall be adjusted by the same percentage calculated under subsection (2) of this section.

~~((7))~~ (8) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (3) through ~~((6))~~ (6) of this section, then the distributions under subsections (3) through ~~((6))~~ (6) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) through ~~((6))~~ (6) of this section to the counties.

~~((8))~~ (9) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through ~~((6))~~ (6)

Sec. 15, Section 22, chapter 49, Laws of 1982 1st ex. sess. as last amended by section 83, chapter 57, Laws of 1985 and RCW 82.14.210 are each amended to read as follows:

There is created in the state treasury a special account to be known as the 'municipal sales and use tax equalization account.' Into this account shall be placed such revenues as are provided under RCW 82.44.150(3)(b). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for each city and the state-wide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.150(3)(a) multiplied by thirty-five sixty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the state-wide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (5) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (5) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the cities.

(6) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

(7) The municipal targeted fiscal assistance account is created in the state treasury. Into this account shall be placed such revenues as are provided under RCW 82.44.150(2)(b).

(8) Prior to January 1, 1991, and each January 1st thereafter, the department of revenue shall determine which cities and towns will receive distributions from the municipal targeted fiscal assistance account. Cities and towns shall be eligible to receive distributions from this account if the following conditions are met:

(a) They are receiving a distribution under subsection (3) of this section; and

(b) They have a per capita assessed valuation of property that is at or below seventy percent of the state-wide average per capita assessed valuation of property for all cities.

(9) Beginning January 1, 1991, and each January 1st thereafter, at the same time as distributions are made under RCW 82.44.150, the department of revenue shall apportion and the state treasurer shall distribute to each city and town eligible under subsection (8) of this section an amount which when added to the per capita level of revenues received from the distributions under RCW 82.14.030(1) the previous calendar year and from the current year's distributions under subsection (3) of this section equals seventy-five percent of the state-wide average per capita level of revenues for all cities and towns as determined under RCW 82.14.210(1). The minimum payment under this subsection shall be five hundred dollars in any calendar year.

The maximum payment under this subsection shall be twenty-six thousand dollars in any calendar year.

(10) Subsequent to the distributions under subsection (9) of this section and at such times as distributions are made under RCW 82.44.150, the department of revenue shall apportion and the state treasurer shall distribute to each city and town imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate during the full previous calendar year and receiving a distribution under subsection (9) of this section a second distribution from the municipal targeted fiscal assistance account. The distribution to each qualifying city or town shall be equal to the distribution to the city or town under subsection (9) of this section. Cities imposing the tax for less than the full calendar year shall qualify for prorated allocation under this subsection proportionate to the number of months of the year during which the tax was imposed.

(11) If inadequate revenues exist in the municipal targeted fiscal assistance account to make the distributions under subsections (9) and (10) of this section, the distributions under subsection (10) of this section shall be ratably reduced to the qualifying cities and towns. If inadequate revenues still exist then the distributions under subsection (9) of this section shall be ratably reduced.

(12) If the level of revenues in the municipal targeted fiscal assistance account exceeds the amount necessary to make the distributions under this section, then the additional revenues shall be credited and transferred to the state general fund.

(13) For a city or town initially incorporated on or after January 1, 1983, at the time distributions are made under subsection (3) of this section, the state treasurer shall place into a separate designated account for such city or town a pro rata amount of the revenues received under RCW 82.44.150(3)(b) equal to the city's or town's population multiplied by the amount of equalization funds to which the city or town would be entitled if its per capita yield the previous calendar year were zero. Such account shall take effect on January 1st of the first full calendar year during which the city or town imposes the taxes authorized by RCW 82.14.030(1) and shall cease to exist on December 31st of that year.

~~((9) All earnings of investments of balances in the municipal sales and use tax equalization account shall be credited to the general fund.))~~

(14) At the time that sales and use tax distributions are made pursuant to RCW 82.14.060, the revenues in such designated account shall be added to the city's or town's sales and use tax distributions so as to provide to such city or town an amount which reflects what such jurisdiction's entitlement from the municipal sales and use tax equalization account would have been if the actual distributions of sales and use tax revenues to such city or town had been received the previous full calendar year. Any excess revenues remaining in such designated account upon its expiration shall be apportioned according to subsection (6) of this section. If the department of revenue determines during the year that any funds in the designated account are not necessary for the purposes of distribution under this subsection, the department may deposit those funds in the municipal sales and use tax equalization account to be apportioned according to subsection (6) of this section.

(15) All earnings of investments of balances in the municipal sales and use tax equalization account shall be credited to the general fund.

Sec. 16. Section 1, chapter 18, Laws of 1988 and RCW 82.44.150 are each amended to read as follows:

(1) The director of licensing shall on the twenty-fifth day of February, May, August, and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September, and December, respectively, except for those payable under RCW 82.44.020(6) and 82.44.030, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(6) and 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund except taxes collected under RCW 82.44.020(6)((:)):

(a) A sum equal to seventeen percent thereof shall be ~~((paid))~~ distributed to cities and towns ~~((in the proportions and for the purposes hereinafter set forth))~~ as provided in subsections (3) and (4) of this section;

(b) A sum equal to one-half of one percent shall be distributed to the municipal targeted fiscal assistance account created under RCW 82.14.210(7);

(c) A sum equal to ((two)) three percent thereof shall be ((allocable)) distributed to the county sales and use tax equalization account under RCW 82.14.200; and

(d) A sum equal to four and two-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax at a rate not exceeding ninety-six one-hundredths of one percent on the fair market value of every motor vehicle owned by a resident of such municipality shall be deposited in the rail development account established in RCW 47.78.010.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned to cities and towns under RCW 82.14.210.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.

Sec. 17. Section 6, chapter 94, Laws of 1970 ex. sess. as last amended by section 81, chapter 57, Laws of 1985 and RCW 82.14.050 are each amended to read as follows:

The counties, metropolitan municipal corporations and cities shall contract, prior to the effective date of a resolution or ordinance imposing a sales and use tax, the administration and collection to the state department of revenue, which shall deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected for administration and

collection expenses incurred by the department. The remainder of any portion of any tax authorized by this chapter which is collected by the department of revenue shall be deposited by the state department of revenue in the local sales and use tax account hereby created in the state treasury. Moneys in the local sales and use tax account may be spent only for distribution to counties, metropolitan municipal corporations, and cities imposing a sales and use tax. All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW, as they now exist or may hereafter be amended, shall, insofar as they are applicable to state sales and use taxes, be applicable to taxes imposed pursuant to this chapter. All earnings of investments of balances in the local sales and use tax account shall be credited to the local sales and use tax account and distributed to the counties, metropolitan municipal corporations, and cities monthly.

Sec. 18. Section 7, chapter 94, Laws of 1970 ex. sess. as last amended by section 11, chapter 4, Laws of 1981 2nd ex. sess. and RCW 82.14.060 are each amended to read as follows:

The state treasurer shall make the distribution under this section without appropriation.

In the event that any ordinance or resolution imposes a sales and use tax at a rate in excess of the applicable limits contained herein, such ordinance or resolution shall not be considered void in toto, but only with respect to that portion of the rate which is in excess of the applicable limits contained herein.

NEW SECTION. Sec. 19. Sections 17 and 18 of this act shall not be effective for earnings on balances prior to July 1, 1990, regardless of when a distribution is made.

(2) The receipts from the tax imposed under this section shall be distributed as follows:

(a) Each city or town located within the county that is obligated to pay disability benefits under RCW 41.26.150 shall receive a portion of these tax receipts equal to the total receipts for the county under this section, multiplied by a fraction. The numerator of the fraction is the number of persons for whom the city or town is obligated to pay such benefits. The denominator of the fraction is the total number of persons eligible to receive such benefits in the county.

Sec. 24. Section 5, chapter 91, Laws of 1947 as last amended by section 3, chapter 296, Laws of 1986 and RCW 41.16.050 are each amended to read as follows:

Where feasible and applicable, the fiscal note also shall indicate the fiscal impact on each individual county or on a representative sampling of cities, towns, or other political subdivisions.

(3) A fiscal note as defined in this section shall be provided only upon request of any member of the state legislature. A legislator also may request that such a fiscal note be revised to reflect the impact of proposed amendments or substitute bills. Fiscal notes shall be completed within seventy-two hours of the request unless a longer time period is allowed by the requesting legislator. In the event a fiscal note has not been completed within seventy-two hours of a request, a daily report shall be prepared for the requesting legislator by the director of financial management which report summarizes the progress in preparing the fiscal note. If the request is referred to the director of community development, the daily report shall also include the date and time such referral was made.

(4) A fiscal note as defined in this section shall be prepared for any bill, substitute bill, or amendment that substantially imposes responsibility for new programs or increased levels of service under existing programs on any unit of local government. A fiscal note under this subsection must be completed before the bill, substitute bill, or amendment becomes law.

NEW SECTION. Sec. 37. Sections 1 through 11 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 38. Sections 1 through 11 of this act shall expire December 31, 1995.

NEW SECTION. Sec. 39. NEW SECTION. Sec. 40. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 41. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately except for sections 14 through 16 and 23 through 27 of this act, which shall take effect on January 1, 1991, and sections 33 and 34 of this act which shall take effect on July 1, 1990.

The legislature further finds that the availability of an independent and nonadversarial process for complaint investigation and dispute resolution can further the goal of maintaining children in safe and healthy families.

(2) It is the purpose of this act to establish a procedure that is responsive to the needs of families in Washington state who are the subject of actions taken by the department of social and health services pursuant to chapters 74.13, 74.14A, 74.15, 26.44, 13.32A, and 13.34 RCW, that benefits children, their families, and the department by providing an independent and nonadversarial mechanism to resolve disputes.

NEW SECTION, Sec. 12. (1) The children's services ombuds shall maintain records indicating the final disposition of any complaint forwarded to the department.

(2) All records of the children's services ombuds pertaining to investigative or dispute resolution activities undertaken by the ombuds shall be confidential. However, records shall be available to persons approved by a superior court of the state of Washington upon application for good cause. The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect.

(2) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(3) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

(4) Any law enforcement agency receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(5) Any county prosecutor or city attorney receiving a report under subsection (4) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(6) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled

person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(7) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(8) Persons or agencies exchanging information under subsection (6) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(9) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(10) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(11) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(12) The department of social and health services shall, within funds appropriated for this purpose, use a risk assessment tool when investigating child abuse and neglect referrals. The tool shall be used, on a pilot basis, in three local office service areas. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall report to the ways and means committees of the senate and house of representatives on the use of the tool by December 1, 1989. The report shall include recommendations on the continued use and possible expanded use of the tool.

(13) Upon receipt of such report the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

MOTION

On motion of Mr. Ebersole, Engrossed Substitute Senate Bill No. 6417 was made a special order of business for 4:59 p.m. today.

POINT OF ORDER

Ms. Brough: Thank you, Mr. Speaker. On the last vote, Substitute Senate Bill No. 6639, there was a member present on the floor of the House who did not vote. I would like Representative Braddock to be on record.

SPEAKER'S RULING

The Speaker: I am sorry, Representative Brough. Your eyesight apparently is keen, but I carefully surveyed the Chamber and did not see Representative Braddock within the bar. Your point is not well taken.

POINT OF ORDER

Ms. Brough: Thank you, Mr. Speaker. It would be appropriate for Representative Braddock to state publicly how he would have voted. Mr. Speaker, we have a House Rule that all members ...

SPEAKER'S RULING

The Speaker: You are absolutely out of order, Representative Brough.

ENGROSSED SUBSTITUTE SENATE BILL NO. 6608, by Committee on Law & Justice (originally sponsored by Senators Nelson, McMullen, Patrick, Smitherman and Madsen)

Pertaining to enforcement of traffic violations.

The House resumed consideration of Engrossed Substitute Senate Bill No. 6608 on second reading. (For previous action, see today's Journal.)

The Speaker stated the question before the House to be the Point of Order by Representative P. King regarding the scope and object of the amendment by Representative Crane.

SPEAKER'S RULING

The Speaker: Representative King, the underlying bill appears to deal with failure to appear and respond to traffic infractions. The floor amendment deals with prohibiting cities, towns and counties from establishing penalties for crimes that are inconsistent with state prescribed penalties. It appears to me that the amendment clearly broadens the original scope of the bill and is outside the scope and object of the original bill.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 6608, and the bill passed the House by the following vote: Yeas, 92; nays, 4; absent, 1.

REMARKS OF REPRESENTATIVE R. FISHER

Ms. R. Fisher: Thank you, Mr. Speaker. I would like to commend you and the Legislature's other leaders for breaking the logjam that was threatening once again to block efforts to increase Washington's inadequate transportation funds. It is a sad, but true, fact that we rarely take action here in Olympia unless we are reacting to a crisis.

Well, I want to tell you that we do have a crisis in our state--we have a transportation crisis--and it is urgent that we act now. We cannot stand by any longer and watch traffic in our urban areas degenerate into perpetual gridlock. We cannot stand by and watch rural highways, that bring our farm products to market, break up under the weight of increased truck traffic. We cannot stand by while motorists are injured or killed because we are neglecting long-overdue highway safety projects.

Everybody here knows this proposal won't solve our transportation problems in their entirety, but it is a good start and it will help keep our traffic problems from getting a lot worse. If we can come out of this session with new transportation revenues and a bill to establish the framework for high-capacity transportation and a bill to coordinate transportation needs with our state's rapid growth, we will be light years ahead of where we are today.

Representatives Betzoff, Cantwell and Ferguson spoke in favor of passage of the bill.

SENATE AMENDMENTS TO HOUSE BILL

March 2, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2929 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. INTENT. The legislature finds that uncoordinated and unmanaged growth poses an immediate threat to the environment, to sustainable economic development, and to the high quality of life enjoyed by inhabitants of this state. It is in the interest of all the people of this state that citizens, communities, and local governments cooperate and coordinate with one another in comprehensive land use planning. Such cooperation and coordination state-wide will encourage predictability in the permitted uses of property and promote uniformity of land use planning.

NEW SECTION, Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) 'City' means any city, town, or optional municipal code city.
- (2) 'Department' means the department of community development.
- (3) 'Development regulations' mean any city or county controls on any land use or development activities including, but not limited to, zoning ordinances, planned unit development ordinances, and subdivision ordinances.
- (4) 'Special purpose district' means a local unit of government, other than a city, county, or regional organization, authorized and regulated by statute to perform a single function or a limited number of functions, and includes, but is not limited to, water districts, irrigation districts, port districts, fire protection districts, school districts, community college districts, public hospital districts, sewer districts, public utility districts, public health districts, city and county health districts, cemetery districts, diking districts, metropolitan park districts, public transportation benefit areas, drainage districts, transportation districts, and metropolitan municipal corporations organized under chapter 35.58 RCW.

(5) 'Urban growth' means that growth which makes intensive use of the land for the location of buildings, structures, and impermeable surfaces. When allowed to occur over wide areas, it typically requires urban governmental services.

NEW SECTION. Sec. 3. STATE-WIDE PLANNING GOALS CHECKLIST. No later than July 1, 1991, the department shall adopt land use planning guidelines applicable to all city and county comprehensive land use plans. The guidelines shall be consistent with the purposes of this chapter and shall implement the following growth planning goals:

(1) To provide for the conservation and wise use of natural resources, and to maintain a productive agricultural and forest land base by discouraging the conversion of agricultural and forest land to other uses;

(2) To preserve unique wildlife habitats;

(3) To prevent uses of rare or important natural ecosystems which are incompatible with the long-term sustainability of such lands;

(4) To protect environmentally sensitive areas, including wetlands, riparian zones, flood plains, and areas of geological hazard;

(5) To protect lands having significant historical, cultural, or geological value;

(6) To ensure that adequate and diversified recreational opportunities and publicly accessible open space are provided in all areas of the state, and particularly in areas of increasing urbanization;

(7) To encourage diversified transportation modes which decrease reliance upon the automobile, particularly in high density urban areas;

(8) To encourage and provide incentives for high quality development that permit growth in accordance with public need and the physical and environmental limitations of land;

(9) To encourage provision of urban governmental services and facilities in areas planned for urban growth, and to require that adequate services and facilities be provided as growth occurs;

(10) To assure adequate access to and provision of utility services, and to encourage responsible waste management;

(11) To assure that major developments such as educational and correctional institutions, health care facilities, transportation facilities, waste management and disposal facilities, and energy facilities are equitably and prudently located;

(12) To encourage greater regional planning, consistency of local plans with regional plans, and coordination of city and county comprehensive plans in areas with common growth management and urban governmental services concerns;

(13) To assure that citizens have a meaningful role in participating in local and regional land use planning decisions;

(14) To encourage future urban growth to occur in existing urban areas and adjacent areas designated for additional urban growth, and to discourage urban growth from occurring in areas providing long-term importance for agricultural or forest uses, or in areas that are environmentally sensitive;

(15) To incorporate shoreline master programs developed pursuant to the shoreline management act into city and county comprehensive land use plans: PROVIDED, That each county is required to develop, adopt, administer, and enforce shorelines management programs pursuant to chapter 90.58 RCW; and

(16) To plan specifically for commercial and industrial development.

NEW SECTION. Sec. 4. TECHNICAL ASSISTANCE SERVICES. (1) The department shall establish a program of technical assistance to the counties and cities to facilitate the adoption and implementation of comprehensive plans and development regulations.

(2) The department shall develop a priority list for technical assistance for counties and cities. Priority for assistance shall be based on a county's or city's population growth rates, commercial and industrial development rates, the existence and quality of a comprehensive plan and development regulations, the need for technical assistance, and other relevant factors.

(3) The technical assistance program shall utilize department staff, the staff of other state agencies, and the technical resources of counties and cities to help in the development of comprehensive plans required under this chapter. The technical assistance may include, but not be limited to, model land use ordinances, regional education and training programs, and information for local and regional inventories.

(4) The department shall establish, in consultation with representatives selected by the associations for cities and counties, a state-wide data base which includes all lands, land uses, and facilities in each municipality.

NEW SECTION. Sec. 5. PROCEDURE FOR ADOPTING STATE-WIDE PLANNING GOALS CHECKLIST AND ESTABLISHING TECHNICAL ASSISTANCE PROGRAM. In developing the guidelines under section 3 of this act and the program under section 4 of this act, the department shall seek public participation. The department shall also consult with city and county legislative bodies and executive officials, other state agencies having expertise or jurisdiction in land use management and planning issues, and private sector and nonprofit organizations having an

interest in comprehensive planning. The guidelines shall be adopted under the procedures of chapter 34.05 RCW.

NEW SECTION. Sec. 6. **ROLE OF GROWTH STRATEGIES COMMISSION.** The growth strategies commission created by executive order shall:

(1) Analyze different methods for assuring county and city compliance and consistency with the state-wide planning goals checklist under section 3 of this act and with other requirements of this chapter; and

(2) Recommend to the legislature and the governor by December 10, 1990, a specific structure or process that, among other things:

(a) Ensures county and city coordination and compliance with the state-wide planning goals checklist under section 3 of this act and with other requirements of this chapter;

(b) Promotes linkages between land use and transportation; and

(c) Provides counties and cities access to alternative sources of funds which shall be used to assist counties and cities to mitigate those impacts which occur due to permitted development.

NEW SECTION. Sec. 7. **COMPREHENSIVE LAND USE PLANS.** (1) No later than twelve months following final adoption of the guidelines required under section 3 of this act, every city and county shall adopt or make revisions to its comprehensive land use plan to be consistent with such guidelines, except as provided under subsection (4) of this section.

(2) Each city and county shall establish procedures providing for early and continuous public participation in the development of comprehensive land use plans and amendments, and in the adoption of development regulations to implement such plans. The procedures shall provide for dissemination of proposals and alternatives, opportunity for written comments, public meetings after timely and effective notice, provision for open discussion, and consideration of and response to public comments. Errors in exact compliance with the established procedures which do not have a material effect upon the ability of a person to participate shall not be the basis for invalidation of a plan provision, plan amendment, or development regulation.

(3) City comprehensive plans shall not be inconsistent with the county plan. Within a reasonable time, each county and city shall assure that their plans are not inconsistent with other counties or cities that are close or contiguous or that have related regional interests. To promote consistency, counties and cities that are close or contiguous shall prepare their comprehensive plans in consultation with each other.

(4) Upon adoption of a resolution by the legislative body of a city with a population of less than seven thousand five hundred that the burdens of adopting a comprehensive plan and development regulations outweigh the benefits to be derived from the process, the city shall be exempted from the provisions of this chapter. A copy of such resolution shall be filed with the department.

NEW SECTION. Sec. 9. DEVELOPMENT REGULATIONS. Within twenty-four months after final adoption of the state-wide planning goals checklist each city and county shall enact or amend development regulations, including zoning and other land use regulations, that implement its comprehensive land use plan. (4) Proposed facilities or systems to provide urban governmental services outside an urban growth boundary having a capacity to serve needs projected beyond five years in the future shall not be approved by the county unless it first amends the urban growth boundary and obtains certification of the amendment from the department.

(5) This section shall not apply to the provision of urban governmental services within the incorporated area of a city or town.

NEW SECTION. Sec. 11. STATE AGENCY PROPOSED LAND USES. (1) Except as provided in this section, all state agencies shall comply with city and county comprehensive plans and with the comprehensive plan implementation regulations of cities and counties.

(2) Where a comprehensive plan implementation regulation of a city or county does not permit outright a proposed land use by a state agency, the city or county shall provide a procedure by which the proposed use may be allowed following issuance of an extraordinary use permit.

(3) Each application for an extraordinary use permit shall be made to the legislative body of the county or city with jurisdiction. The legislative body shall conduct a hearing thereon within thirty days from the date the application is filed.

(4) A city or county may condition an extraordinary use permit to ensure consistency with its comprehensive plan and any applicable comprehensive plan implementation regulations.

(5) A city or county may deny an extraordinary use permit when it determines that the proposed use would cause unacceptably extreme impacts upon public health or safety or the environment that are not avoidable through economically feasible mitigation measures.

NEW SECTION. Sec. 12. ACTIVITIES OF STATE CONCERN. (1) The following are hereby designated activities of state concern:

(a) New airports with runways of five thousand feet or longer, additions to existing airport runways that extend the runway beyond five thousand feet, and additions of one thousand feet or longer to an existing airport runway of five thousand feet or longer;

(e) New municipal and industrial water supply systems with a capacity of five cubic feet per second or more, and additions to existing water supply systems that provide an increase of fifteen percent or more in system design capacity above that necessary to serve the projected population of the service area at the time installation work is expected to be completed;

(f) Solid waste disposal facilities with a design capacity of five hundred tons per day or greater;

(g) Correctional facilities administered by the department of corrections or department of social and health services; and

(4) A city or county may deny an activity of state concern where it determines that the activity will cause unacceptably extreme adverse impacts upon public health or safety or the environment that cannot be avoided by economically feasible mitigation measures, and that these impacts outweigh the benefits of the proposed activity. Proposals for a use under subsection (1) (d) and (e) of this section shall be reviewed for consistency with the urban growth boundaries of an applicable comprehensive plan.

NEW SECTION. Sec. 13. COMPREHENSIVE PLANS—SPECIAL DISTRICTS MUST CONFORM.

NEW SECTION, Sec. 15. INTENT—TRANSPORTATION PLANNING. The legislature finds that while the transportation system in Washington is owned and operated by numerous public jurisdictions, it should function as one interconnected and coordinated system. Transportation planning, at all jurisdictional levels, should be coordinated with local comprehensive plans. Further, local jurisdictions and the state should cooperate to achieve both state-wide and local transportation goals. To facilitate this coordination and cooperation among state and local jurisdictions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional transportation systems and facilities throughout the state.

NEW SECTION, Sec. 16. REGIONAL TRANSPORTATION PLANNING ORGANIZATIONS AUTHORIZED. The legislature hereby authorizes creation of regional transportation planning organizations within the state. Each regional transportation planning organization may be formed through the voluntary association of local governments within a county, or within geographically contiguous counties. Each organization shall:

(b) Develop and adopt a regional transportation plan that is consistent with county, city, and town comprehensive plans and state transportation plans. Regional transportation planning organizations are encouraged to use county, city, and town comprehensive plans that existed prior to the effective date of this section as the basis of its regional transportation plan whenever possible. Such plans shall address existing or planned transportation facilities and services that exhibit one or more of the following characteristics:

- (i) Physically crosses member county lines;

NEW SECTION, Sec. 18. TRANSPORTATION POLICY BOARDS. Each regional transportation planning organization shall create a transportation policy board. Transportation policy boards shall provide policy advice to the regional transportation planning organization and shall allow representatives of major employers within the region, the department of transportation, transit districts, ports, and member cities, towns, and counties within the region to participate in policy making.

Sec. 19, Section 20, chapter 49, Laws of 1983 1st ex. sess. as amended by section 8, chapter 167, Laws of 1988 and RCW 36.81.121 are each amended to read as follows:

TRANSPORTATION PLANS MUST CONFORM TO COMPREHENSIVE PLAN. (1) Before July 1st of each year, the legislative authority of each county with the advice and assistance of the county road engineer, and pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive road program for the ensuing six calendar years. If the county has adopted a comprehensive plan pursuant to chapter 35.63 or 36.70 RCW, or the inherent authority of a charter county derived from its charter, the program shall be consistent with this comprehensive plan.

The program shall include proposed road and bridge construction work, and for those counties operating ferries shall also include a separate section showing proposed capital expenditures for ferries, docks, and related facilities. Copies of the program shall be filed with the county road administration board and with the state secretary of transportation not more than thirty days after its adoption by the legislative authority. The purpose of this section is to assure that each county shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated road construction program. The program may at any time be revised by a majority of the legislative authority but only after a public hearing thereon.

(2) The six-year program of each county having an urban area within its boundaries shall contain a separate section setting forth the six-year program for arterial road construction based upon its long-range construction plan and formulated in accordance with regulations of the transportation improvement board. The six-year program for arterial road construction shall be submitted to the transportation improvement board forthwith after its annual revision and adoption by the legislative authority of each county. The six-year program for arterial road construction shall be based upon estimated revenues available for such construction together with such additional sums as the legislative authority of each county may request for urban arterials from the urban arterial trust account or the transportation improvement account for the six-year period. The arterial road construction program shall provide for a more rapid rate of completion of the long-range construction needs of principal arterial roads than for minor and collector arterial roads, pursuant to regulations of the transportation improvement board.

(3) Each six-year program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for bicycles, pedestrians, and equestrian purposes.

Sec. 20, Section 35.77.010, chapter 7, Laws of 1965 as last amended by section 6, chapter 167, Laws of 1988 and RCW 35.77.010 are each amended to read as follows:

TRANSPORTATION PLANS MUST CONFORM TO COMPREHENSIVE PLAN. (1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive street program for the ensuing six calendar years ((and shall file)). If the city or town has adopted a comprehensive plan pursuant to chapter 35.63 or 35A.63 RCW, or the inherent authority of a first class city derived from its charter, the program shall be consistent with this comprehensive plan.

The program shall be filed with the secretary of transportation not more than thirty days after its adoption. Annually thereafter the legislative body of each city and town shall review the work accomplished under the program and determine current city street needs. Based on these findings each such legislative body shall prepare and after public hearings thereon adopt a revised and extended comprehensive street program before July 1st of each year, and each one-year extension and revision shall be filed with the secretary of transportation not more than thirty days after its adoption. The purpose of this section is to assure that each city and town shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated street construction program. The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year program of each city lying within an urban area shall contain a separate section setting forth the six-year program for arterial street construction based upon its long range construction plan and formulated in accordance with rules of the transportation improvement board. The six-year program for arterial street construction shall be submitted to the transportation improvement board forthwith after its annual revision and adoption by the legislative body of the city. The six-year program for arterial street construction shall be based upon estimated revenues available for such construction together with such additional sums as the legislative authority may request for urban arterials from the urban arterial trust account or the transportation improvement account for the six-year period. The arterial street construction program shall provide for a more rapid rate of completion of the long-range construction needs of principal arterial streets than for minor and collector arterial streets, pursuant to rules of the transportation improvement board: PROVIDED, That urban arterial trust funds made available to the group of incorporated cities lying outside the boundaries of federally

approved urban areas within each region need not be divided between functional classes of arterials but shall be available for any designated arterial street.

(2) Each six-year program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for bicycle, pedestrian, and equestrian purposes.

Sec. 21, Section 1, chapter 396, Laws of 1989 and RCW 35.58.2795 are each amended to read as follows:

TRANSPORTATION PLANS MUST CONFORM TO COMPREHENSIVE PLAN. By April 1st of each year, the legislative authority of each municipality, as defined in RCW 35.58.272, shall prepare a six-year transit development and financial program for that calendar year and the ensuing five years. The program shall be consistent with the comprehensive plans adopted by counties, cities, and towns, pursuant to chapter 35.63, 35A.63, or 36.70 RCW, or the inherent authority of a first class city or charter county derived from its charter. The program shall contain information as to how the municipality intends to meet state and local long-range priorities for public transportation, capital improvements, significant operating changes planned for the system, and how the municipality intends to fund program needs. Each municipality shall file the six-year program with the state department of transportation, the transportation improvement board, and cities, counties, and regional planning councils within which the municipality is located.

In developing its program, the municipality shall consider those policy recommendations affecting public transportation contained in the state transportation policy plan approved by the state transportation commission and, where appropriate, adopted by the legislature. The municipality shall conduct one or more public hearings while developing its program and for each annual update.

NEW SECTION. Sec. 28. **INTENT—RURAL ECONOMIC DEVELOPMENT.** The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth. Much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas of the state.

Sec. 29. Section 1, chapter 20, Laws of 1983 1st ex. sess. as amended by section 1, chapter 231, Laws of 1985 and RCW 43.210.010 are each amended to read as follows:

EXPORT ASSISTANCE CENTER—ENCOURAGE URBAN-RURAL LINKS. The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting.

Sec. 30. Section 2, chapter 20, Laws of 1983 1st ex. sess. as amended by section 2, chapter 231, Laws of 1985 and RCW 43.210.020 are each amended to read as follows:

EXPORT ASSISTANCE CENTER—ENCOURAGE URBAN-RURAL LINKS. A nonprofit corporation, to be known as the small business export finance assistance center, and branches subject to its authority, may be formed under chapter 24.03 RCW for the following public purposes:

(1) To assist small and medium-sized businesses in both urban and rural areas in the financing of export transactions.

(2) To provide, singly or in conjunction with other organizations, information and assistance to these businesses about export opportunities and financing alternatives.

(3) To provide information to and assist those businesses interested in exporting products, including the opportunities available to them in organizing export trading companies under the United States export trading company act of 1982, for the purpose of increasing their comparative sales volume and ability to export their products to foreign markets.

Sec. 31. Section 1, chapter 466, Laws of 1985 and RCW 43.31.005 are each amended to read as follows:

DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT—ENCOURAGE GROWTH STATE-WIDE. The legislature of the state of Washington finds that economic development is an essential public purpose which requires the active involvement of state government. The state's primary economic strategy is to encourage the retention and expansion of existing businesses, to attract new businesses and industries, ~~((and))~~ to foster the formation of new businesses, and to economically link rural communities with urban areas. In order to aid the citizens of Washington to obtain desirable employment and achieve adequate incomes, it is necessary for the state to encourage balanced growth and economic prosperity and to promote a more diversified and healthy economy throughout the state.

The legislature finds that the state needs to improve its level of employment, business activity, and revenue growth. In order to increase job opportunities and revenues, a broader and more stable economic base is needed. The state shall take primary responsibility to encourage the balanced growth of the economy consistent with the preservation of Washington's quality of life and environment. A healthy economy can be achieved through partnership efforts with the private sector to facilitate increased investment in Washington. It is the policy of the state of Washington to encourage and promote an economic development program that provides sufficient employment opportunities for our current resident work force and those individuals who will enter the state's work force in the future.

The legislature finds that the state of Washington has the potential to become a major world trade gateway. In order for Washington to fulfill its potential and compete successfully with other states and provinces, it must articulate a consistent, long-term trade policy. It is the responsibility of the state to monitor and ensure that such traditional functions of state government as transportation, infrastructure, education, taxation, regulation and public expenditures contribute to the international trade focus the state of Washington must develop.

Sec. 32. Section 4, chapter 466, Laws of 1985 and RCW 43.31.035 are each amended to read as follows:

(4) Assisting in the development and implementation of a long-term economic strategy for the state that encourages a balance in economic growth between urban and rural areas and that stimulates economic development in areas not experiencing problems associated with rapid growth, and assisting the continual update of information and strategies contained in the long-term economic program for the state.

Sec. 33. Section 5, chapter 125, Laws of 1984 as amended by section 137, chapter 266, Laws of 1986 and RCW 43.63A.065 are each amended to read as follows:

PUBLIC WORKS ASSISTANCE FUND—CONSIDER BENEFITS TO COMMUNITY. (1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a long-term plan for financing public works needs; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(c) The cost of the project compared to the size of the local government and amount of loan money available;

(d) The number of communities served by or funding the project;

(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment; ~~and~~

(f) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(g) Other criteria that the board considers advisable.

(3) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(4) Before November 1 of each year, the board shall develop and submit to the chairs of the ways and means committees of the senate and house of representatives a description of the emergency loans made under RCW 43.155.065 during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(6) Subsections (4) and (5) of this section do not apply to loans made for emergency public works projects under RCW 43.155.065.

Sec. 43. Section 6, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 62, chapter 431, Laws of 1989 and RCW 43.160.060 are each amended to read as follows:

COMMUNITY ECONOMIC REVITALIZATION BOARD—CONSIDER BENEFITS TO RURAL COMMUNITY—DESTINATION TOURIST RESORTS. The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or

improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not make a grant or loan:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that probably would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only make grants or loans:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, ~~((and))~~ industrial distribution, and destination tourist resorts; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; or (iv) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.

(3) The board shall prioritize each proposed project according to the relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.

(4) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any loan or grant application is approved, the political subdivision seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec. 44. Section 2, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 58, chapter 466, Laws of 1985 and RCW 43.160.020 are each amended to read as follows:

DEVELOPMENT LOAN FUND COMMITTEE—CONSIDER BENEFITS TO RURAL COMMUNITY.

(1) The committee may only approve an application providing a loan for a project which the committee finds:

(a) Will result in the creation of employment opportunities or the maintenance of threatened employment;

(b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, and the employment of disadvantaged workers, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The committee shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The committee may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the committee. The committee may require an annual or other periodic audit of the project books.

(4) The committee may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5) (a) Except as provided in (b) of this subsection, the committee shall not approve any application which would result in a loan or grant in excess of three hundred fifty thousand dollars.

(6) The committee shall fix the terms and rates pertaining to its loans.

(7) Should there be more demand for loans than funds available for lending, the committee shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the 'greatest amount of employment or benefit' the committee shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the committee shall require applicants to provide for the transfer of all payments of principal and interest on loans to the Washington state development loan fund created under this chapter. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The committee shall not approve any application to finance or help finance a shopping mall.

(10) The committee shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. The committee shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the committee shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the committee if a project is not likely to result in a net increase in employment within a local market area.

Sec. 46. Section 7, chapter 125, Laws of 1984 as amended by section 33, chapter 505, Laws of 1987 and RCW 43.63A.078 are each amended to read as follows:

Any local government or entity requesting funds must demonstrate the participation of a cross-section of the local community in the economic development project, including business, labor, education and training, and the public sector. Under this program, the department shall provide matching funds which shall be used for the formulation of local economic development

strategies, including the technical analysis necessary to designate and carry out the strategies. A technical analysis can include, but is not limited to, the development and dissemination of data on local markets, demographics, comparative business costs, site availability, labor force characteristics, and local incentives. Funds are to be used primarily to foster new developments and expansions which result in the trading of goods and services outside of the state's borders. Funds may be made available for assisting local businesses in utilizing state and federal programs in exporting, training, and financing. Funds may also be used to provide technical assistance to businesses in the areas of land use, transportation, site location, and manpower training. Matching funds cannot be used for entertainment, capital expenses, hosting, or marketing. Funds granted for economic development projects must be matched by local resources on a dollar-for-dollar basis. Not more than fifty thousand dollars of state matching funds as provided by this section may be used for any one project.

(2) The department shall set aside, within its general fund appropriation, a sum of two hundred thousand dollars per biennium for technical assistance grants to assist community-based organizations in their efforts contributing to the redevelopment and economic well-being of low-income areas.

A maximum of forty percent of the funds set aside for technical assistance purposes provided in this subsection may be made available for technical assistance in organizational and board development to those organizations demonstrating a reasonable probability that such assistance will help them undertake a development project. A minimum of sixty percent of the funds set aside for technical assistance purposes shall be used for projects which meet the following standards:

(a) Community-based organizations have or will have a minimum ten percent ownership of the development project;

(b) The project is within a low-income area;

(c) The project has provided reasonable assurance that it will conform to all applicable environmental, zoning, and building laws;

(d) The benefits of the project, including the addition or retention of employment and of capital in the low-income area, shall primarily accrue to the residents of the area;

(e) There is a reasonable expectation that the project will be successful, and that the eligible organization and project participants are responsible parties;

(f) Alternative sources, including other agencies or institutions of the state or federal government, have been sought and are either insufficient or unavailable to meet the needs of the project;

(g) The technical assistance to be provided is essential to the success of the project;

(h) Provision has been made for the active participation in the project of residents of the low-income area; and

(i) Provisions have been made for reporting by the eligible organization concerning the manner in which the technical assistance is used on the project and the extent to which it achieves its intended results.

The amount required to be set aside under this section for the biennium ending June 30, 1991, shall be reduced or eliminated if a specific appropriation for the full amount required under this subsection is not made to the department by June 30, 1989.

Grant recipients under this subsection may be community-based organizations or state-wide organizations which provide technical assistance to community-based organizations.

(3) For purposes of subsection (2) of this section, 'community-based organization' means:

(a) A nonprofit corporation organized under state law that:

(i) Is organized to operate within a specific substate area;

(ii) Has experience operating programs which directly benefit low-income citizens;

(iii) Has low-income people or representatives of organizations serving the low income on its board of directors.

(b) Any Native American tribal governing body.

NEW SECTION, Sec. 47. A new section is added to chapter 43.63A RCW to read as follows:

LOW-INCOME SELF EMPLOYMENT. The department of community development shall implement a self-employment loan program. The program shall provide grants to local development organizations to use solely in revolving loan funds to finance the small businesses of low-income persons. Grants are to be distributed through a competitive application process to be administered by the department in consultation with an advisory committee. Any organization receiving a grant must: (1) Demonstrate the need for a low-income, self-employment project in its community; (2) demonstrate the capacity of the organization to administer the project; and (3) describe the loan procedure and the self-employment training and support programs into which the loan fund will be incorporated. No grant shall be greater than sixty thousand dollars. An organization may provide loans from the grant award of no greater than five thousand dollars. No more than ten percent of any appropriation to the department for the program may be used by the department for administrative costs.

NEW SECTION, Sec. 48. APPROPRIATION--GENERAL FUND. Three million dollars, or as much thereof as may be necessary, is appropriated from the general fund to the department of

community development, for the biennium ending June 30, 1991, solely for the purpose of implementing section 4 of this act.

NEW SECTION. Sec. 49. (1) Sections 1 through 14 of this act shall constitute a new chapter in Title 36 RCW.

(2) Sections 15 through 18 of this act shall constitute a new chapter in Title 47 RCW.

Sec. 50. Section 5, chapter 137, Laws of 1974 ex. sess. as last amended by section 47, chapter 36, Laws of 1988 and RCW 76.09.050 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource that may be conducted without submitting an application or a notification;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, or being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, RCW 75.20.100;

(c) Within 'shorelines of the state' as defined in RCW 90.58.030; or

(d) Excluded from Class II by the board;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, (b) on lands being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, and/or (d) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) No Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended: PROVIDED, That any person commencing a forest practice during 1974 may continue such forest practice until April 1, 1975, if such person has submitted an application to the department prior to January 1, 1975: PROVIDED, FURTHER, That in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) If a notification or application is delivered in person to the department by the operator or his agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) The department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That

if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology, wildlife, and fisheries, and to the county (~~(in which)~~), city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) If the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) The department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960; or

(ii) Being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b) (i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) In addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) Appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) The department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) A county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

Sec. 51. Section 6, chapter 137, Laws of 1974 ex. sess. as amended by section 3, chapter 200, Laws of 1975 1st ex. sess. and RCW 76.09.060 are each amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices regulations shall specify by whom and under what conditions the notification and application shall be signed. The application or notification shall be delivered in person or sent by certified mail to the department. The information required may include, but shall not be limited to:

(a) Name and address of the forest land owner, timber owner, and operator;

(b) Description of the proposed forest practice or practices to be conducted;

(c) Legal description of the land on which the forest practices are to be conducted;

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices regulations;

(g) Soil, geological, and hydrological data with respect to forest practices;

(h) The expected dates of commencement and completion of all forest practices specified in the application;

(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources; and

(j) An affirmation that the statements contained in the notification or application are true.

(2) At the option of the applicant, the application or notification may be submitted to cover a single forest practice or any number of forest practices within reasonable geographic or political boundaries as specified by the department. Long range plans may be submitted to the department for review and consultation.

(3) The application shall indicate whether any land covered by the application will be converted or is intended to be converted to a use other than commercial timber production within three years after completion of the forest practices described in it.

(a) If the application states that any such land will be or is intended to be so converted:

(i) The reforestation requirements of this chapter and of the forest practices regulations shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices regulations issued under RCW 76.09.070 as now or hereafter amended;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.28, 84.33, and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices regulations.

(b) If the application does not state that any land covered by the application will be or is intended to be so converted:

(i) For six years after the date of the application the county ((or)), city, town, and regional governmental entities may deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal from classification under the provisions of RCW 84.28.065, a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and

(iii) Conversion to a use other than commercial timber operations within three years after completion of the forest practices without the consent of the county ((or municipality)), city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application shall be either signed by the land owner or accompanied by a statement signed by the land owner indicating his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) The notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of one year from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice.

NEW SECTION, Sec. 52. Section headings as used in this act do not constitute any part of the law.

NEW SECTION, Sec. 53. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SENATE AMENDMENTS TO HOUSE BILL

February 27, 1990

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1323 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 1, chapter 192, Laws of 1987 as amended by section 1, chapter 195, Laws of 1988 and RCW 41.54.010 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) 'Base salary' means salaries or wages earned by a member of a system during a payroll period for personal services and includes wages and salaries deferred under provisions of the United States internal revenue code, but shall exclude overtime payments, nonmoney maintenance compensation, and lump sum payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, any form of severance pay, any bonus for voluntary retirement, any other form of leave, or any similar lump sum payment.

(2) 'Department' means the department of retirement systems.

(3) 'Director' means the director of the department of retirement systems.

(4) 'Dual member' means a person who (a) is or becomes a member of a system on or after July 1, 1988, (b) has been a member of one or more other systems, and (c) has never been retired for service from a retirement system and is not receiving a disability retirement or disability leave benefit from any retirement system listed in RCW 41.50.030 or subsection (6) of this section.

(5) 'Service' means the same as it may be defined in each respective system. For the purposes of RCW 41.54.030, military service granted under RCW 41.40.170(3) or 43.43.260 may only be based on service accrued under chapter 41.40 or 43.43 RCW, respectively.

(6) 'System' means the retirement systems established under chapters 41.32, 41.40, 41.44, and 43.43 RCW and the city employee retirement systems for Seattle, Tacoma, and Spokane. The inclusion of an individual first class city system is subject to the procedure set forth in (~~RCW 41.54.060~~) section 3 of this act.

Sec. 2. Section 3, chapter 192, Laws of 1987 as amended by section 2, chapter 195, Laws of 1988 and RCW 41.54.030 are each amended to read as follows:

(1) A dual member's service in all systems may be combined for the sole purpose of determining the member's eligibility to receive a service retirement allowance. (~~This subsection does not, however, permit a member to combine service for the purpose of determining the percentage factor to be used in calculating a service retirement allowance in the city employee retirement systems for Seattle and Tacoma.~~)

(2) A dual member who is eligible to retire under any system may elect to retire from all the member's systems and to receive service retirement allowances calculated as provided in this section. Each system shall calculate the allowance using its own criteria except that the member shall be allowed to substitute the member's base salary from any system as the compensation used in calculating the allowance.

(3) The service retirement allowances from a system which, but for this section, would not be allowed to be paid at this date based on the dual member's age shall be either actuarially adjusted from the earliest age upon which the combined service would have made such dual member eligible in that system, or the dual member may choose to defer the benefit until fully eligible.

NEW SECTION. Sec. 3. A new section is added to chapter 41.54 RCW to read as follows:

(1) The cities of Seattle, Spokane, and Tacoma shall each have the option of making an irrevocable election to have its employee retirement system included in the coverage of this chapter by adopting a resolution transmitting it to the director and the joint committee on pension policy prior to December 1, 1990.

The resolution shall indicate the city's desire to be covered by this chapter and its willingness to pay for the cost of the benefits provided by this chapter.

(2) This chapter shall become effective on January 1, 1991, for each city which adopts a resolution pursuant to subsection (1) of this section. However, if all three cities adopt such resolutions prior to June 1, 1990, the provisions of this chapter shall become effective for those systems on July 1, 1990.

Sec. 4. Section 13, chapter 274, Laws of 1947 as last amended by section 25, chapter 109, Laws of 1988 and RCW 41.40.120 are each amended to read as follows:

Membership in the retirement system shall consist of all regularly compensated employees and appointive and elective officials of employers, as defined in this chapter, with the following exceptions:

(1) Persons in ineligible positions:

(2) Employees of the legislature except the officers thereof elected by the members of the senate and the house and legislative committees, unless membership of such employees be authorized by the said committee;

(3) (a) Persons holding elective offices or persons appointed directly by the governor: PROVIDED, That such persons shall have the option of applying for membership during such periods of employment: AND PROVIDED FURTHER, That any persons holding or who have held elective offices or persons appointed by the governor who are members in the retirement system and who have, prior to becoming such members, previously held an elective office, and did not at the start of such initial or successive terms of office exercise their option to become members, may apply for membership to be effective during such term or terms of office, and shall be allowed to establish the service credit applicable to such term or terms of office upon payment of the employee contributions therefor by the employee with interest as determined by the director and employer contributions therefor by the employer or employee with interest as determined by the director: AND PROVIDED FURTHER, That all contributions with interest submitted by the employee under this subsection shall be placed in the employee's individual account in the employee's savings fund and be treated as any other contribution made by the employee, with the exception that any contributions submitted by the employee in payment of the employer's obligation, together with the interest the director may apply to the employer's contribution, shall not be considered part of the member's annuity for any purpose except withdrawal of contributions;

(b) A member holding elective office in a town or city who has elected to apply for membership pursuant to (a) of this subsection and who later wishes to be eligible for a retirement

allowance shall have the option of ending his or her membership in the retirement system. A member wishing to end his or her membership under this subsection must file, on a form supplied by the department, a statement indicating that the member agrees to irrevocably abandon any claim for service for future periods served as an elected official of a town or city. A member who receives more than ten thousand dollars per year in compensation for his or her elective service is not eligible for the option provided by this subsection (3)(b):

(4) Employees holding membership in, or receiving pension benefits under, any retirement plan operated wholly or in part by an agency of the state or political subdivision thereof, or who are by reason of their current employment contributing to or otherwise establishing the right to receive benefits from any such retirement plan: PROVIDED, HOWEVER, In any case where the retirement system has in existence an agreement with another retirement system in connection with exchange of service credit or an agreement whereby members can retain service credit in more than one system, such an employee shall be allowed membership rights should the agreement so provide: AND PROVIDED FURTHER, That an employee shall be allowed membership if otherwise eligible while receiving survivor's benefits: AND PROVIDED FURTHER, That an employee shall not either before or after June 7, 1984, be excluded from membership or denied service credit pursuant to this subsection solely on account of: (a) Membership in the plan created under chapter 2.14 RCW; or (b) enrollment under the relief and compensation provisions or the pension provisions of the volunteer firemen's relief and pension fund under chapter 41.24 RCW;

(5) Patient and inmate help in state charitable, penal, and correctional institutions;

(6) Members of a state veterans' home or state soldiers' home;

(7) Persons employed by an institution of higher learning or community college, primarily as an incident to and in furtherance of their education or training, or the education or training of a spouse;

(8) Employees of an institution of higher learning or community college during the period of service necessary to establish eligibility for membership in the retirement plans operated by such institutions;

SENATE AMENDMENTS TO HOUSE BILL

February 28, 1990

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2290 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. The legislature finds that:

(1) A number of commercial fisheries have emerged or expanded in the past decade;

(2) Scientific information is critical to the proper management of an emerging or expanding commercial fishery; and

(3) The scientific information necessary to manage an emerging or expanding commercial fishery can best be obtained through the use of limited experimental fishery permits allowing harvest levels that will preserve and protect the state's food fish and shellfish resource.

NEW SECTION, Sec. 2. A new section is added to chapter 75.30 RCW to read as follows:

(1) The director may by rule designate a fishery as an emerging commercial fishery.

(2) The director may issue experimental fishery permits for commercial harvest in an emerging commercial fishery. The director shall determine by rule the number and qualifications of participants for such experimental fishery permits. The director shall limit the number of these permits to prevent habitat damage, ensure conservation of the resource, and prevent overharvesting. In developing rules for limiting participation in an emerging or expanding commercial fishery, the director shall appoint a five-person advisory board representative of the affected fishery industry. The advisory board shall review and make recommendations to the director on rules relating to the number and qualifications of the participants for such supplemental fishery permits.

(3) RCW 34.05.422(3) does not apply to applications for new experimental fishery permits.

(4) Upon request of a vessel owner, the director may allow the vessel owner to temporarily transfer the experimental fishery permit to a leased or rented vessel. The director shall allow such temporary transfers only when the vessel holding the experimental fishery permit is disabled.

NEW SECTION, Sec. 3. A new section is added to chapter 75.30 RCW to read as follows:

Whenever the director promulgates a rule designating an emerging commercial fishery, the legislative standing committees of the house of representatives and senate dealing with fisheries issues shall be notified of the rule and its justification thirty days prior to the effective date of the rule.

NEW SECTION, Sec. 4. A new section is added to chapter 75.30 RCW to read as follows:

Within five years after adopting rules to govern the number and qualifications of participants in an emerging commercial fishery, the director shall provide to the appropriate senate and house of representatives committees a report which outlines the status of the fishery and a recommendation as to whether a separate commercial license, license fee, or endorsement and/or a limited harvest program should be established for that fishery.

NEW SECTION, Sec. 5. A new section is added to chapter 75.10 RCW to read as follows:

Upon conviction of a person for violation of the conditions or requirements of an experimental fishery permit or provisions of this title or rule of the director while engaged in an emerging commercial fishery, the director may suspend or revoke the experimental fishery permit and all fishing privileges pursuant thereto or present the conditions under which the experimental fishery permit may be reissued. That suspension or revocation shall become effective on the date the director gives the notice prescribed in RCW 34.05.422(1)(c).

For the purposes of this section, the term 'conviction' means a final conviction in a state or municipal court. An unvacated forfeiture of bail or collateral of more than two hundred fifty dollars deposited to secure the defendant's appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt on a violation of this title is equivalent to a conviction regardless of whether the imposition of sentence is deferred or the penalty is suspended.

Expenditures from the fund may be used only for purposes authorized under this chapter. Only the state director of fire protection or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

NEW SECTION, Sec. 7. The state director of fire protection shall not issue a license under this chapter unless the fire protection sprinkler system contractor files with the state director a surety bond executed by a surety company authorized to do business in this state in the sum of ten

thousand dollars conditioned to compensate third-party losses caused by the acts of the principal or the principal's servant, officer, agent, or employee in conducting the business registered or licensed under this chapter. However, the surety bond for a fire protection sprinkler system contractor whose business is restricted solely to NFPA 13-D or NFPA 13-R systems shall be six thousand dollars. Upon approval by the state director of fire protection, property or cash may substitute for a surety bond provided the value is at least ten thousand dollars and the property or cash is not otherwise encumbered.

NEW SECTION. Sec. 8. (1) Nothing in this chapter limits the power of a municipality, county, or the state to regulate the quality and character of work performed by contractors, through a system of permits, fees, and inspections which are designed to assure compliance with and aid in the implementation of state and local building laws or to enforce other local laws for the protection of the public health and safety. Nothing in this chapter limits the power of the municipality, county, or the state to adopt any system of permits requiring submission to and approval by the municipality, county, or the state, of technical drawings and specifications for work to be performed by contractors before commencement of the work. The official authorized to issue building or other related permits shall ascertain that the fire protection sprinkler system contractor is duly licensed by requiring evidence of a valid fire protection sprinkler system contractor's license.

(2) This chapter applies to any fire protection sprinkler system contractor performing work for any municipality, county, or the state. Officials of any municipality, county, or the state are required to determine compliance with this chapter before awarding any contracts for the installation, repair, service, alteration, fabrication, addition, or inspection of a fire protection sprinkler system.

NEW SECTION. Sec. 9. (1) There is established the fire protection sprinkler system technical advisory committee to be made up of nine residents of the state of Washington, appointed by the director of the department of community development. The fire protection system technical advisory committee shall include three members, nominated by the Washington fire sprinkler association, who have been actively engaged in the management of a fire protection sprinkler system business for not less than five years preceding their appointment, one registered fire protection engineer, one member of the Washington surveying and rating bureau, one member representing a city fire department, one member representing a county fire marshal or his or her representative, one member representing a residential fire protection sprinkler company, and one member nominated by the Washington state association of fire chiefs.

(2) The advisory committee, in addition to other duties delegated by the state director of fire protection shall:

(a) Advise and assist the state director of fire protection, after consultation with the fire protection board, in developing the rules necessary to implement and administer this chapter; and

(b) Make recommendations to the state director of fire protection, through the fire protection board, regarding forms and procedures for issuing certificates and licenses.

NEW SECTION. Sec. 10. (1) The state director of fire protection may refuse to issue or renew or may suspend or revoke the privilege of a licensed fire protection sprinkler system contractor or the certificate of a certificate of competency holder to engage in the fire protection sprinkler system business or in lieu thereof, establish penalties as prescribed by Washington state law, for any of the following reasons:

(a) Gross incompetency or gross negligence in the preparation of technical drawings, installation, repair, alteration, maintenance, inspection, service, or addition to fire protection sprinkler systems;

(b) Conviction of a felony;

(c) Fraudulent or dishonest practices while engaging in the fire protection sprinkler systems business;

(d) Use of false evidence or misrepresentation in an application for a license or certificate of competency;

(e) Permitting his or her license to be used in connection with the preparation of any technical drawings which have not been prepared by him or her personally or under his or her immediate supervision, or in violation of this chapter; or

(f) Knowingly violating any provisions of this chapter or the regulations issued thereunder.

(2) The state director of fire protection shall revoke the license of a licensed fire protection sprinkler system contractor or the certificate of a certificate of competency holder who engages in the fire protection sprinkler system business while the license or certificate of competency is suspended.

(3) Any licensee or certificate of competency holder who is aggrieved by an order of the state director of fire protection suspending or revoking a license may, within thirty days after notice of such suspension or revocation, appeal under chapter 34.05 RCW.

NEW SECTION. Sec. 11. Sections 2 through 10 of this act shall constitute a new chapter in Title 18 RCW.

NEW SECTION. Sec. 12. Sections 2 through 10 of this act apply prospectively only and not retroactively. A municipal or county order, ordinance, rule, or regulation that is in effect as of

May 1, 1991, is not invalid because of the provisions of this chapter. This act does not prohibit municipalities or counties from adopting stricter guidelines that will assure the proper installation of fire sprinkler systems within their jurisdictions.

NEW SECTION, Sec. 13. Sections 2 through 10 of this act shall take effect May 1, 1991.

NEW SECTION, Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "protection" strike "sprinkler" and after "systems;" strike the remainder of the title and insert "amending RCW 9.40.100; adding a new chapter to Title 18 RCW; creating a new section; providing an effective date; and prescribing penalties."

SENATE AMENDMENTS TO HOUSE BILL

February 27, 1990

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2546 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 13, chapter 101, Laws of 1989 and RCW 80.04.130 are each amended to read as follows:

(1) Whenever any public service company shall file with the commission any schedule, classification, rule or regulation, the effect of which is to change any rate, charge, rental or toll theretofore charged, the commission shall have power, either upon its own motion or upon complaint, upon notice, to enter upon a hearing concerning such proposed change and the reasonableness and justness thereof, and pending such hearing and the decision thereon the commission may suspend the operation of such rate, charge, rental or toll for a period not exceeding ten months from the time the same would otherwise go into effect, and after a full hearing the commission may make such order in reference thereto as would be provided in a hearing initiated after the same had become effective. The commission shall not suspend a tariff that makes a decrease in a rate, charge, rental, or toll filed by a telecommunications company pending investigation of the fairness, justness, and reasonableness of the decrease when the filing does not contain any offsetting increase to another rate, charge, rental, or toll and the filing company agrees to not file for an increase to any rate, charge, rental, or toll to recover the revenue deficit that results from the decrease for a period of one year. The filing company shall file with any decrease sufficient information as the commission by rule may require to demonstrate the decreased rate, charge, rental, or toll is above the long run incremental cost of the service. A tariff decrease that results in a rate that is below long run incremental cost, or is contrary to commission rule or order, or the requirements of this chapter, shall be rejected for filing and returned to the company. The commission may prescribe a different rate to be effective on the prospective date stated in its final order after its investigation, if it concludes based on the record that the originally filed and effective rate is unjust, unfair, or unreasonable.

The commission may suspend the initial tariff filing of any water company removed from and later subject to commission jurisdiction because of the number of customers or the average annual gross revenue per customer provisions of RCW 80.04.010. The commission may allow temporary rates during the suspension period. These rates shall not exceed the rates charged when the company was last regulated. Upon a showing of good cause by the company, the commission may establish a different level of temporary rates.

(2) At any hearing involving any change in any schedule, classification, rule or regulation the effect of which is to increase any rate, charge, rental or toll theretofore charged, the burden of proof to show that such increase is just and reasonable shall be upon the public service company.

(3) The implementation of mandatory local measured telecommunications service is a major policy change in available telecommunications service. The commission shall not accept for filing or approve, prior to June 1, 1993, a tariff filed by a telecommunications company which imposes mandatory local measured service on any customer or class of customers, except that, upon finding that it is in the public interest, the commission may accept for filing and approve a tariff that imposes mandatory measured service for a telecommunications company's extended area service or foreign exchange service. This subsection does not apply to land, air, or marine mobile service, or to pay telephone service, or to any service which has been traditionally offered on a measured service basis.

(4) The implementation of ((the)) Washington telephone assistance program service is a major policy change in available telecommunications service. The implementation of ((the)) Washington telephone assistance program service will aid in achieving the stated goal of universal telephone service.

Sec. 2. Section 4, chapter 229, Laws of 1987 and RCW 80.36.420 are each amended to read as follows:

~~((Lifetime assistance))~~ The Washington telephone assistance program shall be available to participants of department programs set forth in RCW 80.36.470. ~~((Lifetime))~~ Assistance shall consist of the following components:

(1) A discount on service connection fees of fifty percent or more as set forth in RCW 80.36.460.

(2) A waiver of deposit requirements on local exchange service, as set forth in RCW 80.36.460.

(3) A discounted flat rate ~~((lifetime))~~ service ~~((rate))~~ for local exchange service, which shall be subject to the following conditions:

(a) The commission shall establish a single ~~((lifetime service))~~ telephone assistance rate for all local exchange companies operating in the state of Washington. The ~~((lifetime service))~~ telephone assistance rate shall include any federal end user access charges and any other charges necessary to obtain local exchange service.

(b) The commission shall, in establishing the ~~((lifetime service))~~ telephone assistance rate, consider all charges for local exchange service, including federal end user access charges, mileage charges, extended area service, and any other charges necessary to obtain local exchange service.

(c) The ~~((lifetime service))~~ telephone assistance rate shall only be available to eligible customers subscribing to the lowest available local exchange flat rate service, where the lowest local exchange flat rate, including any federal end user access charges and any other charges necessary to obtain local exchange service, is greater than the ~~((lifetime service))~~ telephone assistance rate. Low-income senior citizens sixty years of age and older and other low-income persons identified by the department as medically needy shall, where single-party service is available, be provided with single-party service as the lowest available local exchange flat rate service.

(d) The cost of providing the ~~((lifetime))~~ service shall be paid, to the maximum extent possible, by a waiver of all or part of the federal end user access charge and, to the extent necessary, from the ~~((lifetime))~~ telephone assistance fund created by RCW 80.36.430.

Sec. 3. Section 5, chapter 229, Laws of 1987 and RCW 80.36.430 are each amended to read as follows:

~~((Costs associated with lifetime telephone service))~~ The Washington telephone assistance program shall be ~~((recovered through))~~ funded by a ~~((lifetime surcharge))~~ telephone assistance excise tax on all ~~((other))~~ switched access lines and by funds from any federal government or other programs for this purpose. Switched access lines are defined in RCW 82.14B.020. The ~~((lifetime surcharge))~~ telephone assistance excise tax shall be applied equally to all residential and business access lines not to exceed ~~((sixteen))~~ fourteen cents per month. ~~((The surcharge collected by the telecommunications companies shall not be construed as gross income or gross receipts for purposes of state, county or municipal public utility taxes.))~~ The telephone assistance excise tax shall be separately identified on each ratepayer's bill as the 'Washington telephone assistance program.' All money collected from the ~~((lifetime surcharge))~~ telephone assistance excise tax shall be transferred to a ~~((lifetime))~~ telephone assistance fund administered by the department. Local exchange companies shall bill the fund for their expenses incurred in offering ~~((lifetime telecommunications services))~~ the telephone assistance program, including administrative and program expenses. The department shall disburse the money to the local exchange companies. The department is exempted from having to conclude a contract with local exchange companies in order to effect this reimbursement. The department shall recover its administrative costs from the fund. The department may specify by rule the range and extent of administrative and program expenses that will be reimbursed to local exchange companies.

Sec. 4. Section 6, chapter 229, Laws of 1987 and RCW 80.36.440 are each amended to read as follows:

The commission and the department may adopt any rules necessary to implement RCW 80.36.410 through ~~((80.36.400))~~ 80.36.470.

Sec. 5. Section 8, chapter 229, Laws of 1987 and RCW 80.36.460 are each amended to read as follows:

Local exchange companies shall file tariffs with the commission which waive deposits on local exchange service for eligible subscribers and which establish a fifty percent discount on service connection fees for eligible subscribers. Part or all of the remaining fifty percent of service connection fees may be paid by funds from federal government or other programs for this purpose. The commission or other appropriate agency shall make timely application for any available federal funds. The remaining portion of the connection fee to be paid by the subscriber shall be expressly payable by installment fees spread over a period of months. A subscriber may, however, choose to pay the connection fee in a lump sum. Costs associated with the waiver and discount shall be accounted for separately and recovered from the ~~((lifetime))~~ telephone assistance fund. Eligible subscribers shall be allowed one waiver of a deposit and one discount on service connection fees per year.

Sec. 6. Section 9, chapter 229, Laws of 1987 and RCW 80.36.470 are each amended to read as follows:

~~(Participants in the following department programs are eligible for lifeline assistance: Aid to families with dependent children, chore services, food stamps, supplemental security income, refugee assistance, and community options program entry system (COPEs);) Adult recipients of department-administered programs for the financially needy which provide continuing financial or medical assistance, food stamps, or supportive services to persons in their own homes are eligible for participation in the telephone assistance program. The department shall notify the participants of their eligibility.~~

NEW SECTION. Sec. 7. A new section is added to chapter 80.36 RCW to read as follows:

The department shall report to the energy and utilities committees of the house of representatives and the senate by December 1 of each year on the status of the Washington telephone assistance program. The report shall include the number of participants by qualifying social service programs receiving benefits from the telephone assistance program and the type of benefits participants receive. The report shall also include a description of the geographical distribution of participants, the program's annual revenue and expenditures, and any recommendations for legislative action.

Sec. 8. Section 12, chapter 229, Laws of 1987 (uncodified) is amended to read as follows:

RCW 80.36.410 through ~~((80.36.486))~~ 80.36.470 shall expire June 30, ~~((1996))~~ 1993, unless extended by the legislature.

NEW SECTION. Sec. 9. Section 10, chapter 229, Laws of 1987 and RCW 80.36.480 are each repealed.

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 80.04.130, 80.36.420, 80.36.430, 80.36.440, 80.36.460, and 80.36.470; amending section 12, chapter 229, Laws of 1987 (uncodified); adding a new section to chapter 80.36 RCW; repealing RCW 80.36.480; and providing an expiration date."

and the same is herewith transmitted.

NEW SECTION. Sec. 2. The legislature finds that:

(1) It would be advantageous for some retirees to have survivorship options available other than the options currently listed in statute. Allowing the department of retirement systems to adopt several different survivor options will assist retirees in their financial planning; and

(2) Disabled members of the retirement systems listed in RCW 41.50.030, except for members of the law enforcement officers' and fire fighters' retirement system plan I, must forfeit any right to leave a benefit to their survivors if they wish to go on disability retirement. This results in some disabled workers holding onto their jobs in order to provide for their dependents. The provisions of this act allow members to go on disability retirement while still providing for their survivors.

Sec. 3. Section 9, chapter 109, Laws of 1988 and RCW 2.10.146 are each amended to read as follows:

(1) Upon making application for a service retirement allowance under RCW 2.10.100 or a disability allowance under RCW 2.10.120, a judge who is eligible therefor shall make an election as to the manner in which such service retirement shall be paid from among the following designated options, calculated so as to be actuarially equivalent to each other:

((+)) (a) Standard Allowance. A member selecting this option shall receive a retirement allowance, which shall be computed as provided in RCW 2.10.110. The retirement allowance shall be payable throughout the judge's life. However, if the judge dies before the total of the retirement allowance paid to the judge equals the amount of the judge's accumulated contributions at the time of retirement, then the balance shall be paid to such person or persons having an insurable interest in the judge's life, as the judge has nominated by written designation duly executed and filed with the department of retirement systems or, if there is no such designated person or persons still living at the time of the judge's death, then to the surviving spouse or, if there is neither such designated person or persons still living at the time of death nor a surviving spouse, then to the judge's legal representative.

((2)) Option II. A judge who selects this option shall receive a reduced retirement allowance which upon death shall be continued throughout the life of and paid to such person, having an insurable interest in the judge's life, as the judge has nominated by written designation duly executed and filed with the department of retirement systems at the time of retirement.

((3)) Option III. A judge who selects this option shall receive a reduced retirement allowance and upon death, one-half of the judge's reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in the judge's life, as the judge has nominated by written designation duly executed and filed with the department of retirement systems at the time of retirement.))

(b) The department shall adopt rules that allow a judge to select a retirement option that pays the judge a reduced retirement allowance and upon death, such portion of the judge's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a person who has an insurable interest in the judge's life. Such person shall be nominated by the judge by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2) A judge, if married, must provide the written consent of his or her spouse to the option selected under this section. If a judge is married and both the judge and the judge's spouse do not give written consent to an option under this section, the department will pay the judge a joint and fifty percent survivor benefit and record the judge's spouse as the beneficiary. Such benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section.

Sec. 4. Section 7, chapter 294, Laws of 1977 ex. sess. and RCW 41.26.460 are each amended to read as follows:

~~((1) OPTION 1)) (a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2) A member, if married, must provide the written consent of his or her spouse to the option selected under this section. If a member is married and both the member and member's spouse do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse as the beneficiary. Such benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section.

~~((4) Upon an application for retirement approved by the board of trustees every member shall receive the maximum retirement allowance available to him throughout life unless prior to the time the first installment thereof becomes due he has elected to receive the reduced amount provided in subsection (2) and/or has elected by executing the proper application therefor, to receive the actuarial equivalent of his retirement allowance in reduced payments throughout his life, with the options listed below:~~

Sec. 19. Section 11, chapter 295, Laws of 1977 ex. sess. and RCW 41.40.700 are each amended to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

February 28, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2831 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. The legislature recognizes the benefit to our state and nation of providing equal educational opportunities for all races and nationalities. The legislature finds that American Indian students are underrepresented in Washington's colleges and universities. The legislature also finds that past discriminatory practices have resulted in this underrepresentation. Creating an endowed scholarship program to help American Indian students obtain a higher education will help to rectify past discrimination by providing a means and an incentive for American Indian students to pursue a higher education. The state will benefit from contributions made by American Indians who participate in a program of higher education.

NEW SECTION, Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Institution of higher education' or 'institution' means a college or university in the state of Washington which is accredited by an accrediting association recognized as such by rule of the higher education coordinating board.

(2) 'Board' means the higher education coordinating board.

(3) 'Eligible student' or 'student' means an American Indian student as defined by the board in consultation with the advisory committee described in section 4 of this act, who is a financially needy student, as defined in RCW 28B.10.802, who is a resident student, as defined by RCW 28B.15.012(2), who is a full-time student at an institution of higher education, and who promises to use his or her education to benefit other American Indians.

NEW SECTION. Sec. 3. The American Indian endowed scholarship program is created. The program shall be administered by the higher education coordinating board. In administering the program, the board's powers and duties shall include but not be limited to:

(1) Selecting students to receive scholarships, with the assistance of a screening committee composed of persons involved in helping American Indian students to obtain a higher education. The membership of the committee may include, but is not limited to representatives of: Indian tribes, urban Indians, the governor's office of Indian affairs, the Washington state Indian education association, and institutions of higher education;

(2) Adopting necessary rules and guidelines;

(3) Publicizing the program;

(4) Accepting and depositing donations into the endowment fund created in section 7 of this act;

(5) Requesting and accepting from the state treasurer moneys earned from the trust fund and the endowment fund created in sections 6 and 7 of this act;

(6) Soliciting and accepting grants and donations from public and private sources for the program; and

(7) Naming scholarships in honor of those American Indians from Washington who have acted as role models.

NEW SECTION. Sec. 4. The higher education coordinating board shall establish an advisory committee to assist in program design and to develop criteria for the screening and selection of scholarship recipients. The committee shall be composed of representatives of the same groups as the screening committee described in section 3 of this act. These criteria shall include a priority for upper-division or graduate students. The criteria may include a priority for students who are majoring in program areas in which expertise is needed by the state's American Indians.

NEW SECTION. Sec. 5. The board may award scholarships to eligible students from moneys earned from the endowment fund created in section 7 of this act, or from funds appropriated to the board for this purpose, or from any private donations, or from any other funds given to the board for this program. For an undergraduate student, the amount of the scholarship shall not exceed the student's demonstrated financial need. For a graduate student, the amount of the scholarship shall not exceed the student's demonstrated need; or the stipend of a teaching assistant, including tuition, at the University of Washington; whichever is higher. In calculating a student's need, the board shall consider the student's costs for tuition, fees, books, supplies, transportation, room, board, personal expenses, and child care. The student's scholarship awarded under this chapter shall not exceed the amount received by a student attending a state research university. A student is eligible to receive a scholarship for a maximum of five years. However, the length of the scholarship shall be determined at the discretion of the board.

NEW SECTION. Sec. 6. The American Indian endowed scholarship trust fund is established. The trust fund shall be administered by the state treasurer. Funds appropriated by the legislature for the trust fund shall be deposited into the fund. All moneys deposited in the fund shall be invested by the state treasurer. Notwithstanding RCW 43.84.090, all earnings of investments of balances of the trust fund shall be credited to the fund. At the request of the higher education coordinating board, and when conditions set forth in section 8 of this act are met, the treasurer shall deposit state matching moneys in the trust fund into the American Indian endowment fund. No appropriation is required for expenditures from the trust fund.

NEW SECTION. Sec. 7. The American Indian scholarship endowment fund is established. The endowment fund shall be administered by the state treasurer. Moneys received from the higher education coordinating board, private donations, state matching moneys, and funds received from any other source may be deposited into the endowment fund. All moneys deposited in the endowment fund shall be invested by the state treasurer. Notwithstanding RCW 43.84.090, all earnings of investments of balances of the endowment fund shall be credited to the endowment fund. At the request of the higher education coordinating board, the treasurer shall release earnings from the endowment fund to the board for scholarships. No appropriation is required for expenditures from the endowment fund.

The principal of the endowment fund shall not be invaded. The earnings on the fund shall be used solely for the purposes set forth in section 5 of this act.

NEW SECTION. Sec. 8. The higher education coordinating board may request that the treasurer deposit five hundred thousand dollars of state matching funds into the American Indian scholarship endowment fund when the board can match the state funds with an equal amount of private cash donations. Private donations means moneys from nonstate sources that include, but are not limited to, federal moneys, tribal moneys, and assessments by commodity commissions authorized to conduct research activities, including but not limited to research studies authorized under RCW 15.66.030 and 15.65.040.

NEW SECTION. Sec. 9. Sections 1 through 8 of this act shall constitute a new chapter in Title 28B RCW.

NEW SECTION. Sec. 10. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1990, in the omnibus appropriations act, this act shall be null and void."

On page 1, line 2 of the title, after "scholarships;" strike the remainder of the title and insert "adding a new chapter to Title 28B RCW; and creating a new section."
and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

The purpose of this chapter is the creation of funds arising from assessments upon all insurers authorized to transact life or disability insurance business in the state of Washington, to be used to assure to the extent prescribed herein the performance of the insurance contractual obligations of insurers becoming insolvent to residents of this state (~~and, in the case of domestic insurers, to residents of other jurisdictions as well;~~), and to promote thereby the stability of domestic insurers. In the judgment of the legislature, the foregoing purpose not being capable of accomplishment by a corporation created under general laws, the creation of the nonprofit association hereinafter in this chapter described is deemed essential for the protection of the general welfare.

This chapter shall apply as follows to life insurance policies, disability insurance policies, and annuity contracts of liquidating insurers, other than separate account variable policies and contracts authorized by chapter 48.18A RCW:

and domiciled within this state. (~~With respect to group policies or group contracts of such foreign or alien insurers.~~) This chapter shall apply only as to the insurance or annuities thereunder of individuals who are residents of and domiciled within this state. The place of residence or domicile shall be determined as of the date of entry of the order of liquidation against the insurer.

~~((3))~~ (2) To policies and contracts only of insolvent insurers with respect to which an order of liquidation is entered after May 21, 1971.

~~((4))~~ (3) The obligations of the association created under this chapter shall apply only as to contractual obligations of the insurer under insurance policies and annuity contracts, and shall be no greater than such obligations of the insolvent insurer at the time of entry of the order of liquidation (~~except that the association shall have no liability with respect to any portions of such policies or contracts to the extent that the death benefit coverage on any one life exceeds an aggregate of three hundred thousand dollars.~~

~~(5) This chapter shall not apply to fraternal benefit societies, health care service contractors, or to insurance or liability assumed by the liquidating insurer under a contract of reinsurance other than of bulk reinsurance).~~ However, the liability of the association shall in no event exceed:

(a) With respect to any one life, regardless of the number of policies or contracts:

(i) Five hundred thousand dollars in life insurance death benefits, including any net cash surrender and net cash withdrawal values for life insurance;

(ii) Five hundred thousand dollars in disability insurance benefits, including any net cash surrender and net cash withdrawal values; or

(iii) Five hundred thousand dollars in the present value of allocated annuity benefits and annuities established under section 403(b) of the United States internal revenue code.

The association shall not be liable to expend more than five hundred thousand dollars in the aggregate with respect to any one individual under this subsection; or

(b) With respect to any one contract owner covered by any unallocated annuity contract, including governmental retirement plans established under section 401 or 457 of the United States internal revenue code, five million dollars in benefits, irrespective of the number of such contracts held by that contract owner.

(1) The association shall, subject to such terms and conditions as it may impose with the approval of the commissioner, assume, reinsure, or guarantee the performance of the policies and contracts, for a resident of the state, of any domestic life or disability insurer with respect to which an order of liquidation has been entered by any court of general jurisdiction in the state

of Washington, and shall have power to receive, own, and administer any assets acquired in connection with such assumption, reinsurance, or guaranty. The association, as to any such policy or contract under which there is no default in payment of premiums subsequent to such assumption, reinsurance, or guaranty, shall make or cause to be made prompt payment of the benefits due under the terms of the policy or contract.

(2) The association shall make or cause to be made payment of the death, endowment, or disability insurance or annuity benefits due under the terms of each policy or contract insuring the life or health of, or providing annuity or other benefits for, a resident of this state which was issued or assumed by a foreign or alien insurer with respect to which an order of liquidation has been entered by a court of competent jurisdiction in the state or country of its domicile.

(3) In determining benefits to be paid with respect to the policies and contracts of a particular liquidating insurer the board may give due consideration to amounts reasonably recoverable or deductible because of the contingent liability, if any, of policyholders of the insurer (if a mutual insurer) or recoverable because of the assessment liability, if any, of the insurer's stockholders (if a stock insurer).

(4) With respect to an insolvent domestic insurer, the board shall have power to petition the court in which the delinquency proceedings are pending for, and the court shall have authority to order and effectuate, such modifications in the terms, benefits, values, and premiums thereafter to be in effect of policies and contracts of the insurer as may reasonably be necessary to effect a bulk reinsurance of such policies and contract in a solvent insurer.

In the event, after the entry of an order of liquidation, an assessment on the members is necessary to increase the assets of the insolvent company to an extent that a bulk reinsurance of such policies may be effected, the court shall have authority to order such assessment.

(5) In addition to any other rights of the association acquired by assignment or otherwise, the association shall be subrogated to the rights of any person entitled to receive benefits under this chapter against the liquidating insurer, or the receiver, rehabilitator, liquidator, or conservator, as the case may be, under the policy or contract with respect to which a payment is made or guaranteed, or obligation assumed by the association pursuant to this section, and the association may require an assignment to it of such rights by any such persons as a condition precedent to the receipt by such person of payment of any benefits under this chapter.

(6) For the purpose of carrying out its obligations under this chapter, the association shall be deemed to be a creditor of the liquidating insurer to the extent of assets attributable to covered policies and contracts reduced by any amounts to which the association is entitled as a subrogee. All assets of the liquidating insurer attributable to covered policies and contracts shall be used to continue all covered policies and contracts and pay all contractual obligations of the liquidating insurer as required by this chapter. Assets attributable to covered policies and contracts, as used in this subsection, are those in that proportion of the assets which the reserves that should have been established for such policies and contracts bear to the reserves that should have been established for all insurances written by the liquidating insurer.

(7) The association shall have the power to petition the superior court for an order appointing the commissioner as receiver of a domestic insurer upon any of the grounds set forth in RCW 48.31.030.

Sec. 5. Section 8, chapter 259, Laws of 1971 ex. sess. as amended by section 5, chapter 119, Laws of 1975-'76 2nd ex. sess. and RCW 48.32A.080 are each amended to read as follows:

(1) For purposes of administration and assessment, the association shall establish and maintain ~~((four))~~ three guaranty fund accounts:

(a) ~~The life insurance and annuity account; (b) the disability insurance account; (c) the annuity account; and (d) the general account;~~ which shall be divided into three subaccounts:

(i) The life insurance subaccount;
(ii) The allocated annuity subaccount; and
(iii) The unallocated annuity subaccount which shall include contracts qualified under section 403(b) of the United States internal revenue code;

(b) The disability insurance account; and
(c) The general account.

(2) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. The board shall collect the assessment after thirty days written notice to the member insurers before payment is due. The board may charge reasonable interest for delinquent payment of the assessment.

(3) (a) The amount of any assessment for each account and subaccount shall be determined by the board, and shall be divided among the accounts and subaccounts in the proportion that the premiums received by the liquidating insurer on the policies or contracts covered by each account and subaccount bears to the premiums received by such insurer on all covered policies and contracts.

(b) Assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account or subaccount bears to such premiums received on business in this state by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the association with respect to a particular liquidating insurer shall not be made until necessary, in the board's opinion, to implement the purposes of this chapter; and in no event shall such an assessment be made with respect to such insurer until an order of liquidation has been entered against the insurer by a court of competent jurisdiction of the insurer's state or country of domicile. Computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determination may not always be possible.

(d) The board may make an assessment of up to one hundred fifty dollars for each member insurer to be deposited in the general account and used for administrative and general expenses in carrying out the provisions of this chapter.

~~(4) ((The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed two percent of such insurer's premiums in this state on the policies or contracts covered by the account))~~ (a) The total of all assessments upon a member insurer for the life and annuity account and for each subaccount shall not in any one calendar year exceed two percent and for the disability account shall not in any one calendar year exceed two percent of such insurer's average premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the entry of the order of liquidation against the liquidating insurer.

(b) The board may provide a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(c) If a one percent assessment for any subaccount of the life and annuity account in any one year does not provide an amount sufficient to carry out the responsibilities of the association, then pursuant to subsection (3) of this section, the board shall access all subaccounts of the life and annuity account for the necessary additional amount, subject to the maximum stated in (a) of this subsection.

(5) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated or deferred, in whole or in part, ((because of the limitations set forth in subsection (4) of this section:)) the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the association in an account, does not provide in any one year an amount sufficient to carry out the responsibilities of the association with respect to such account, the necessary additional funds shall be assessed as soon thereafter as permitted by this chapter.

(6) The amount in a fund shall be kept at such a sum as in the opinion of the board will enable the association to meet the immediate obligations and liabilities of such fund. Whenever in the opinion of the board the amount in a fund is in excess of such immediate obligations and liabilities, with the approval of the commissioner the association may distribute such excess by retirement of certificates previously issued against the fund. Such distribution shall be made pro rata upon the basis of outstanding certificates, except that by unanimous consent of all directors and with the approval of the commissioner any other reasonable method of retirement of such certificates may be adopted.

(7) As used in this section, 'premiums' are those for the calendar year preceding the entry of the order of liquidation as to a particular liquidating insurer, and shall be direct gross insurance premiums and annuity considerations received on policies and contracts to which this chapter applies, less return premiums and considerations and less dividends paid or credited to policyholders.

(8) Upon dissolution of a fund by the repeal of this chapter or otherwise, the fund shall be distributed in the same manner as is provided for the repayment or retirement of certificates. If the amount in the fund at the time of dissolution is in excess of outstanding certificates issued against the fund, such excess shall be distributed among contributing member insurers in such equitable manner as is approved by the commissioner.

Sec. 6, Section 9, chapter 259, Laws of 1971 ex. sess. as last amended by section 2, chapter 183, Laws of 1977 ex. sess. and RCW 48.32A.090 are each amended to read as follows:

(1) The association shall issue to each insurer paying an assessment under this chapter certificates of contribution, in appropriate form and terms as prescribed or approved by the commissioner, for the amounts so paid into the respective funds. All outstanding certificates against a particular fund shall be of equal dignity and priority without reference to amounts or dates of issue.

(2) An outstanding certificate of contribution shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve: PROVIDED, That unless a longer period has been allowed by the commissioner the

insurer shall in any event at its option have the right to so show a certificate of contribution as an admitted asset at percentages of original face amount for calendar years as follows:

100% for the calendar year of issuance;

~~((90%)) 80%~~ for the first calendar year after the year of issuance;

~~((80%)) 60%~~ for the second calendar year after the year of issuance;

~~((70%)) 40%~~ for the third calendar year after the year of issuance;

~~((60%)) 20%~~ for the fourth calendar year after the year of issuance;

~~((50% for the fifth calendar year after the year of issuance;~~

~~40% for the sixth calendar year after the year of issuance;~~

~~30% for the seventh calendar year after the year of issuance;~~

~~20% for the eighth calendar year after the year of issuance;~~

~~10% for the ninth calendar year after the year of issuance;))~~ and

0% for the ~~((tenth)) fifth~~ and subsequent calendar years after the year of issuance.

Notwithstanding the foregoing, if the value of a certificate of contribution is or becomes less than one thousand dollars, the entire amount may be written off by the insurer in that year.

(3) The insurer shall offset the amount written off by it in a calendar year under subsection (2) of this section against its premium tax liability to this state accrued with respect to business transacted in such year.

(4) Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subsection (3) of this section, shall be paid by the association to the commissioner and by him deposited with the state treasurer for credit to the general fund of the state of Washington.

(5) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

SENATE AMENDMENTS TO HOUSE BILL

February 27, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2932 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1, Section 1, chapter 225, Laws of 1971 ex. sess. and RCW 90.54.010 are each amended to read as follows:

(1) The legislature finds that:

(a) Proper utilization of the water resources of this state is necessary to the promotion of public health and the economic well-being of the state and the preservation of its natural resources and aesthetic values. ~~((The legislature further finds that the availability of waters of the state is being evaluated by interests who desire to remove portions thereof from the state in a manner inconsistent with the public interest of people of the state.))~~ Although water is a renewable resource, its supply and availability are becoming increasingly limited, particularly during summer and fall months and dry years when demand is greatest. Growth and prosperity have significantly increased the competition for this limited resource. Adequate water supplies are essential to meet the needs of the state's growing population and economy. At the same time instream resources and values must be preserved and protected so that future generations can continue to enjoy them.

(b) All citizens of Washington share an interest in the proper stewardship of our invaluable water resources. To ensure that available water supplies are managed to best meet both instream and offstream needs, a comprehensive planning process is essential. The people of the state have the unique opportunity to work together to plan and manage our water. Through a comprehensive planning process that includes the state, Indian tribes, local governments, and interested parties, it is possible to make better use of available water supplies through conservation, water use efficiency, improved management of peak and flood flows, cooperation and coordination among water suppliers, and better management of water resources. Comprehensive planning can also help to restore and enhance fishery resources and other instream values. Through comprehensive planning, conflicts among water users and interests can be reduced or resolved. It is in the best interests of the state that comprehensive water resource planning be given a high priority so that water resources and associated values can be utilized and enjoyed today and protected for tomorrow.

(c) Diverse hydrologic, climatic, cultural, and socioeconomic conditions exist throughout the regions of the state. Water resource issues vary significantly across regions. Comprehensive

water resource planning is best accomplished through a regional planning process sensitive to the unique characteristics and issues of each region.

(d) Comprehensive water resource planning must provide interested parties adequate opportunity to participate. Water resource issues are best addressed through cooperation and coordination among the state, Indian tribes, local governments, and interested parties.

(e) The long-term needs of the state require ongoing assessment of water availability, use, and demand. A thorough inventory of available resources is essential to water resource management. Current state water resource data and data management is inadequate to meet changing needs and respond to competing water demands. Therefore, a state water resource data program is needed to support an effective water resource management program. Efforts should be made to coordinate and consolidate into one resource data system all relevant information developed by the department of ecology and other agencies relating to the use, protection, and management of the state's water resources.

(2) It is the purpose of this chapter to set forth fundamentals of water resource policy for the state to insure that waters of the state are protected and fully utilized for the greatest benefit to the people of the state of Washington and, in relation thereto, to provide direction to the department of ecology ~~((and))~~, other state agencies and officials, and local government in carrying out water and related resources programs. It is the intent of the legislature to work closely with the executive branch, Indian tribes, local government, and interested parties to ensure that water resources of the state are wisely managed.

Sec. 2. Section 3, chapter 225, Laws of 1971 ex. sess. as amended by section 4, chapter 47, Laws of 1988 and RCW 90.54.030 are each amended to read as follows:

For the purpose of ~~((insuring))~~ ensuring that the department is fully advised in relation to the performance of the water resources program provided in RCW 90.54.040, and to provide information and support to ~~((the fact-finding service and))~~ the joint select committee established in RCW ~~((90.54.022 and))~~ 90.54.024, the department is directed to become informed with regard to all phases of water and related resources of the state. To accomplish this objective the department shall:

(1) Develop a comprehensive water resource data program that provides the information necessary for effective planning and management on a regional and state-wide basis. The data program shall include an information management plan describing the data requirements for effective water resource planning, and a system for collecting and providing access to water resource data on a regional and state-wide basis. The water resource data program shall also include a resource inventory and needs assessment pursuant to subsection (5) of this section;

(2) Collect, organize and catalog existing information and studies available to it from all sources, both public and private, pertaining to water and related resources of the state;

~~((#))~~ (3) Develop such additional data and studies pertaining to water and related resources as are necessary to accomplish the objectives of this chapter;

~~((3))~~ Determine existing and foreseeable uses of, and needs for, such waters and related resources;

(4) Develop alternate courses of action to solve existing and foreseeable problems of water and related resources and include therein, to the extent feasible, the economic and social consequences of each such course, and the impact on the natural environment;

(5) Establish a water resources data management task force to evaluate data management needs, advise the joint select committee on water resource policy, the legislature, and the department in developing an information management plan, and conduct a water resource inventory and needs assessment. The task force shall include representatives of appropriate state agencies, Indian tribes, local governments, and interested parties. The task force shall include expertise in both water resources and resource data management. The task force shall make recommendations to the department on developing a data base for water resource planning throughout the state. In conducting the water resource inventory and needs assessment, the task force shall oversee the inventory of existing data and determine what additional data is needed for effective water resource planning and management. The task force shall otherwise provide continuing guidance to the joint select committee on water resource policy, the legislature, and the department in developing and maintaining an effective information management plan. The department shall coordinate the water resource data program to provide water resource information that meets the needs of the comprehensive water resources program and planning process provided for in RCW 90.54.040;

(6) Prior to September 1, 1990, provide a report to the chairs of the appropriate legislative committees based on the preliminary findings and recommendations of the water resources data management task force. The report shall document the current information flows and data collection processes for state water resources data, and shall include an analysis of task force recommendations for developing additional information to meet water resource data needs. The report shall further include an estimate of funding requirements to implement the water resources data program for consideration in future biennial budget decisions;

(7) Prior to implementation of any preliminary findings and recommendations pursuant to subsection (6) of this section, and contingent on legislative appropriation, develop a five-year

plan for data collection and information management approved by the department of information services. Commencing July 1, 1991, the department shall provide annual reports to the chairs of the appropriate legislative committees on the development and implementation of the five-year plan and progress toward completion of the water resource inventory and needs assessment; and

(8) Establish pursuant to task force recommendations a process to resolve technical issues in the development and implementation of the water resource inventory and needs assessment.

All the foregoing shall be included in a 'water resources (~~(archive)~~) information system' established and maintained by the department. The department shall develop a system of cataloging, storing and retrieving the information and studies of the (~~(archive)~~) information system so that they may be made readily available to and effectively used not only by the department but by the public generally.

NEW SECTION, Sec. 3. A new section is added to chapter 90.54 RCW to read as follows:

(1) In the development and implementation of the comprehensive state water resources program required in RCW 90.54.040(1), the process described therein shall involve participation of appropriate state agencies, Indian tribes, local governments, and interested parties, and shall be applied on a regional basis pursuant to subsection (2) of this section.

(2) Prior to January 1, 1991, the department, with advice from appropriate state agencies, Indian tribes, local government, and interested parties, shall identify regions and establish regional boundaries for water resource planning and shall designate two regions in which the process shall be initiated on a pilot basis. SENATE AMENDMENTS TO HOUSE BILL

February 27, 1990

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2888 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 10, chapter 157, Laws of 1973 1st ex. sess. as last amended by section 7, chapter 375, Laws of 1989 and RCW 26.09.100 are each amended to read as follows:

In a proceeding for dissolution of marriage, legal separation, declaration of invalidity, maintenance, or child support, after considering all relevant factors but without regard to marital misconduct, the court ~~((may))~~ shall order either or both parents owing a duty of support to any child of the marriage dependent upon either or both spouses to pay an amount determined ~~((pursuant to the schedule adopted))~~ under chapter 26.19 RCW ~~((26.19.040. The court may require periodic adjustments of support)).~~

Sec. 2. Section 17, chapter 157, Laws of 1973 1st ex. sess. as last amended by section 3, chapter 416, Laws of 1989 and RCW 26.09.170 are each amended to read as follows:

(1) Except as otherwise provided in subsection (7) of RCW 26.09.070, the provisions of any decree respecting maintenance or support may be modified only as to installments accruing subsequent to the motion for modification and, except as otherwise provided in subsection (4) or (5) of this section, only upon a showing of a substantial change of circumstances. The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this state.

(2) Unless otherwise agreed in writing or expressly provided in the decree the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child or by the death of the parent obligated to support the child.

(4) An order of child support may be modified one year or more after it has been entered without showing a substantial change of circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child;

(b) If a party requests an adjustment in an order for child support which was based on guidelines which determined the amount of support according to the child's age, and the child is no longer in the age category on which the current support amount was based; or

(c) If a child is still in high school, upon a finding that there is a need to extend support beyond the eighteenth birthday to complete high school~~((or~~

~~((To add an automatic adjustment of support provision consistent with RCW 26.09.100)).~~

(5) An order or decree entered prior to June 7, 1984, may be modified without showing a substantial change of circumstances if the requested modification is to:

(a) Require health insurance coverage for a child named therein; or

(b) Modify an existing order for health insurance coverage.

(6) An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(7) The department of social and health services may file an action to modify an order of child support if public assistance money is being paid to or for the benefit of the child and the child support order is twenty-five percent or more below the appropriate child support amount set forth in the adopted child support schedule and reasons for the deviation are not set forth in the findings of fact or order. The determination of twenty-five percent or more shall be based on the current income of the parties and the department shall not be required to show a substantial change of circumstances if the reasons for the deviations were not set forth in the findings of fact or order.

Sec. 3. Section 2, chapter 430, Laws of 1987 and RCW 26.09.175 are each amended to read as follows:

(1) A proceeding for the modification of an order of child support shall commence with the filing of a petition and ~~((a supporting financial affidavit))~~ worksheets. The petition and affidavit shall be in substantially the form prescribed by the administrator for the courts. There shall be a fee of twenty dollars for the filing of a petition for modification of dissolution.

(2) The petitioner shall serve upon the other party the summons, a copy of the petition and affidavit, and a blank copy of ~~((a financial affidavit))~~ the worksheets in the form prescribed by the administrator for the courts. If the modification proceeding is the first action filed in this state, service shall be made by personal service. If the decree to be modified was entered in this state, service shall be by personal service or by any form of mail requiring a return receipt. If the support obligation has been assigned to the state pursuant to RCW 74.20.330 and notice has been filed with the court, the summons, petition, and ~~((affidavit))~~ worksheets shall also be served on the ~~((office of support enforcement))~~ attorney general. Proof of service shall be filed with the court.

(3) The responding party's answer and completed (~~financial affidavit~~) worksheets shall be served and the answer filed within twenty days after service of the petition or sixty days if served out of state. The responding party's failure to file an answer within the time required shall result in entry of a default judgment for the petitioner.

(4) At any time after responsive pleadings are filed, either party may schedule the matter for hearing.

(5) Unless both parties stipulate to arbitration or the presiding judge authorizes oral testimony pursuant to subsection (6) of this section, a petition for modification of an order of child support shall be heard by the court on affidavits only.

(6) A party seeking authority to present oral testimony on the petition to modify a support order shall file an appropriate motion not later than ten days after the time of notice of hearing. Affidavits and exhibits setting forth the reasons oral testimony is necessary to a just adjudication of the issues shall accompany the petition. The affidavits and exhibits must demonstrate the extraordinary features of the case. Factors which may be considered include, but are not limited to: (a) Substantial questions of credibility on a major issue; (b) insufficient or inconsistent discovery materials not correctable by further discovery; or (c) particularly complex circumstances requiring expert testimony.

(7) The administrator for the courts shall develop and prepare, in consultation with interested persons, model forms or notices for the use of the procedure provided by this section, including a notice advising of the right of a party to proceed with or without benefit of counsel.

Sec. 4. Section 2, chapter 275, Laws of 1988 and RCW 26.19.010 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) 'Child support schedule' means the standards and economic table (~~adopted by the commission~~) provided in this chapter;

(2) 'Standards' means the standards for determination of child support (~~which have been adopted by the commission, as modified by the legislature~~) provided in this chapter;

(3) 'Economic table' means the child support table for the basic support obligation (~~which has been adopted by the commission~~) provided in section 11 of this act;

(4) 'Worksheets' means the forms (~~adopted by the commission~~) developed by the administrator for the courts for use in determining the amount of child support;

(5) 'Instructions' means the instructions (~~adopted by the commission~~) developed by the administrator for the courts for use in completing the worksheets;

(6) (~~'Commission' means the Washington state child support schedule commission established by RCW 26.19.030; and~~

(7)) 'Standard calculation' means the amount of child support which is owed as determined from the worksheets before any deviation is considered; and

(7) 'Transfer payment' means the amount one parent is obligated to pay to the other parent after determination of the basic support obligation, the amounts owed for day care, health care, long distance transportation, and special child rearing expenses.

Sec. 5. Section 6, chapter 275, Laws of 1988 and RCW 26.19.050 are each amended to read as follows:

(1) The (~~commission~~) administrator for the courts shall develop and adopt worksheets and instructions to assist the parties and courts in establishing the appropriate child support level and apportionment of support. The (~~commission~~) administrator for the courts shall attempt to the greatest extent possible to make the worksheets and instructions understandable by persons who are not represented by legal counsel.

(2) The administrator for the courts (~~in consultation with the commission~~) shall develop and adopt standards for the printing of worksheets and shall establish a process for certifying printed worksheets. (~~The administrator shall not alter the design approved by the commission~~) The administrator may maintain a register of sources for approved worksheets.

NEW SECTION. Sec. 6. A new section is added to chapter 26.19 RCW to read as follows:

(1) In any proceeding under this title or Title 13 or 74 RCW in which child support is at issue, support shall be determined and ordered according to the standards and economic table provided in this chapter.

(2) An order for child support shall be supported by written findings of fact upon which the support determination is based and shall include reasons for deviation from the standard calculation.

(3) All income and resources of each parent's household shall be disclosed and shall be considered by the court or the presiding or reviewing officer when the child support obligation of each parent is determined. Tax returns for the preceding three years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(4) Worksheets in the form developed by the administrator for the courts shall be completed under penalty of perjury and filed in every proceeding in which child support is determined. Variations of the worksheets shall not be accepted.

(5) Unless specific reasons for deviation are set forth in the written findings of fact or order and are supported by the evidence, the court or the presiding or reviewing officer shall order each parent to pay the amount of child support determined using the standard calculation.

(6) The court or the presiding or reviewing officer shall review the worksheets and the order for adequacy of the reasons set forth for any deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. The worksheet on which the order is based shall be initiated or signed by the judge and filed with the order.

NEW SECTION. Sec. 7. A new section is added to chapter 26.19 RCW to read as follows:

(1) The basic child support obligation derived from the economic table shall be allocated between the parents based on each parent's share of the total family net income.

(2) Ordinary health care expenses are included in the economic table. Extraordinary expenses shall be shared by the parents in the same proportion as the basic child support obligation.

(3) Day care and special child rearing expenses such as tuition and long-distance transportation costs are not included in the economic table. These expenses shall be shared by the parents in the same proportion as the basic child support obligation and shall be listed as a specific dollar amount.

(4) The court may exercise its discretion to determine the reasonableness and necessity of extraordinary and special expenses.

NEW SECTION. Sec. 8. (1) Monthly gross income for child support purposes shall include income from any source, including: salaries, wages, commissions, deferred compensation, bonuses, mandatory overtime, dividends, interest, trust income, severance pay, annuities, capital gains, social security benefits, workers' compensation, unemployment benefits, disability insurance benefits, spousal maintenance that is actually received, gifts, and prizes.

(2) Aid to families with dependent children, supplemental security income, general assistance, veterans aid and attendance allowance, and food stamps shall be disclosed but shall not be included in gross income or be a reason to deviate from the standard calculation.

(3) Child support received from other relationships shall be disclosed and considered, but shall not be included in gross income. Income of a new spouse or income of other adults in the household shall not be considered in determining the standard calculation.

(4) Allowable deductions from gross income are: Federal and state income taxes, federal insurance contributions act deductions, mandatory pension plan payments, mandatory union or professional dues, and overtime pay above an average of forty hours per week on a monthly basis, income derived from a second job above forty total hours per week, nonrecurring bonuses, spousal maintenance which is actually paid, voluntary pension payments actually made by self-employed persons who do not have a mandatory pension plan up to two thousand dollars per year, and payments of child support involving other relationships. All items excluded from income shall be disclosed in the worksheet.

(5) Self-employed persons may deduct normal business expenses and self-employment taxes. Justification shall be required for any business expense deduction about which there is disagreement.

(6) The court will impute income to the parent when the parent is voluntarily underemployed or voluntarily unemployed. The court will determine whether the person is underemployed or voluntarily unemployed based upon that parent's work history. A parent will not be deemed underemployed as long as that parent is gainfully employed on a full-time basis. Income shall not be imputed for an unemployable parent.

(7)(a) The court or the presiding or reviewing officer shall consider deviating from the standard calculation when the parties have children from other relationships. The court shall consider all the circumstances of both households and may use the blended family formula approach as recommended by the commission in its report dated December 1989.

(b) The court or the presiding or reviewing officer shall consider deviating from the standard calculation if the child spends a significant amount of time with the parent who is obligated to pay child support. The court shall not use this subsection to restrict either parent's contact or visitation with the child or children.

(c) Deviation may also be made pursuant to subsection (8) of this section.

(8) Additional reasons that may support a deviation from the standard calculation include: Possession of wealth, resources excluded from income except those resources listed in subsection (2) of this section, shared living arrangements, extraordinary debts that have not been voluntarily incurred, extraordinarily high income of a child, a significant disparity of the living costs of the parents due to conditions beyond their control, and special needs of disabled children. A deviation may be supported by tax planning considerations only if the child would not receive a lesser economic benefit.

(9) Agreement of the parties is not by itself adequate reason for deviation.

(10) Neither parent's child support obligation shall exceed fifty percent of net earnings unless good cause is shown. Good cause could include possession of substantial wealth, children with day care expenses, special medical, educational, or psychological needs, and larger families.

NEW SECTION. Sec. 9. A new section is added to chapter 26.19 RCW to read as follows:

The child support schedule shall be advisory and not mandatory for children who have attained the age of eighteen, have completed their secondary education, and who seek postsecondary education. When considering whether to order child support for children over age eighteen who have completed their secondary education and who seek postsecondary education, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. The court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects, desires, aptitudes, abilities, disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered is the amount and type of support that the child would have been afforded if the parents had stayed together. The child must be enrolled in school, actively pursuing a course of study, and in good academic standing as defined by the institution or the court-ordered postsecondary educational support may be automatically suspended during the period or periods the child fails to comply with these conditions. The court in its discretion may order that the payment be made directly to the parent who has been receiving the transfer payments, the educational institution if feasible, or directly to the child. The court shall not order the payment of postsecondary educational expenses beyond the age of twenty-three, except for exceptional circumstances, such as mental, physical, or emotional disabilities.

NEW SECTION. Sec. 10. A new section is added to chapter 26.19 RCW to read as follows:

The parties may agree which parent is entitled to claim the child or children as dependents for federal income tax exemptions. The court may award the exemption or exemptions and order a party to sign the federal income tax dependency exemption waiver. The court may divide the exemptions between the parties, alternate the exemptions between the parties, or both.

NEW SECTION. Sec. 11. A new section is added to chapter 26.19 RCW to read as follows:

The standard calculation shall be based upon the combined net income of the parties and determined according to the following economic table:

When combined monthly income exceeds five thousand dollars per month, child support shall be determined by that amount from the table. The judge, in his or her discretion, may order an additional amount to be paid in cases with unusual or extraordinary circumstances.

NEW SECTION. Sec. 12. A new section is added to chapter 26.19 RCW to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, all child support decrees may be adjusted once every twenty-four months pursuant to this chapter based upon changes in the income of the parents without a showing of substantially changed circumstances as provided in RCW 26.09.170. Either party may initiate the modification pursuant to procedures of RCW 26.09.175.

(2) Parents whose decrees are entered before the effective date of this act may petition the court for a modification after twelve months has expired from the entry of the decree or the most recent modification setting child support. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to subsection (1) of this section.

(3) A party may petition for modification in cases of substantially changed circumstances, under RCW 26.09.170, at any time. However, if relief is granted under RCW 26.09.170, twenty-four months must pass before a petition for modification under subsection (1) of this section may be filed.

(4) If the court modifies a child support obligation by more than thirty percent, the court may stagger the change over a twelve-month period when the change would cause significant hardship.

(5) A parent who is receiving transfer payments who receives a wage or salary increase may not bring a modification action alleging that increase constitutes a substantial change of circumstances under RCW 26.09.170.

Sec. 13. Section 2407, Code of 1881 as amended by section 1, chapter 207, Laws of 1969 ex. sess. and RCW 26.16.205 are each amended to read as follows:

The expenses of the family and the education of the children, including stepchildren, are chargeable upon the property of both husband and wife, or either of them, and in relation thereto they may be sued jointly or separately: PROVIDED, That with regard to stepchildren, the obligation shall cease upon the ~~((termination of the relationship of husband and wife))~~ filing of either a petition for legal separation or a petition for dissolution or marriage.

Sec. 14. Section 4, chapter 260, Laws of 1984 and RCW 26.18.040 are each amended to read as follows:

(1) A proceeding to enforce a duty of support is commenced:

(a) By filing a petition for an original action; or

(b) By motion in an existing action or under an existing cause number.

(2) Venue for the action is in the superior court of the county where the dependent child resides or is present, where the obligor resides, or where the prior support order was entered. The petition or motion may be filed by the obligee, the state, or any stepparent or agency providing care or support to the dependent child. A filing fee shall not be assessed in cases brought on behalf of the state of Washington.

(3) The court retains continuing jurisdiction under this chapter until all duties of support of the obligor, including arrearages, with respect to the dependent child have been satisfied.

SENATE AMENDMENTS TO HOUSE BILL

March 1, 1990

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2644 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The current system for calculating service credit for school district employees is difficult and costly to administer. By changing from the current hours per month calculation to an hours per year calculation, the accumulation of service credit by school district employees will be easier to understand and to administer.

(2) The current system for granting service credit for substitute teachers is difficult and costly to administer. By notifying substitute teachers of their eligibility for service credit and allowing the substitute teacher to apply for service credit, the accumulation of service credit by substitute teachers will be easier to understand and to administer.

(3) Currently, temporary employees in eligible positions in the public employees' retirement system are exempted from membership in the system for up to six months. If the position lasts for longer than six months the employee is made a member retroactively. This conditional exemption causes tracking problems for the department of retirement systems and places a heavy financial burden for back contributions on a temporary employee who crosses the six-month barrier. Under the provisions of this act all persons, other than retirees, who are hired in an eligible position will become members immediately, thereby alleviating the problems described in this section.

(4) The legislature finds that retirees from the plan II systems of the law enforcement officers and fire fighters retirement system, the teachers retirement system, and the public employees retirement system, may not work for a nonfederal public employer without suffering a suspension of their retirement benefits. This fails to recognize the current and projected demographics indicating the decreasing work force and that the expertise possessed by retired workers can provide a substantial benefit to the state. At the same time, the legislature recognizes that a person who is working full time should have his or her pension delayed until he or she enters full or partial retirement. By allowing plan II retirees to work in ineligible positions, the competing concerns listed above are both properly addressed.

Sec. 2. Section 6, chapter 13, Laws of 1985 as amended by section 1, chapter 265, Laws of 1987 and RCW 41.32.010 are each amended to read as follows:

As used in this chapter, unless a different meaning is plainly required by the context:

(1) (a) 'Accumulated contributions' for persons who establish membership in the retirement system on or before September 30, 1977, means the sum of all regular annuity contributions with regular interest thereon.

(b) 'Accumulated contributions' for persons who establish membership in the retirement system on or after October 1, 1977, means the sum of all contributions standing to the credit of a member in the member's individual account together with the regular interest thereon.

(2) 'Actuarial equivalent' means a benefit of equal value when computed upon the basis of such mortality tables and regulations as shall be adopted by the director and regular interest.

(3) 'Annuity' means the moneys payable per year during life by reason of accumulated contributions of a member.

(4) 'Annuity fund' means the fund in which all of the accumulated contributions of members are held.

(b) 'Beneficiary' for persons who establish membership in the retirement system on or after October 1, 1977, means any person in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by another person.

(7) 'Contract' means any agreement for service and compensation between a member and an employer.

(8) 'Creditable service' means membership service plus prior service for which credit is allowable. This subsection shall apply only to persons who establish membership in the retirement system on or before September 30, 1977.

(9) 'Dependent' means receiving one-half or more of support from a member.

(11) (a) (i) 'Earnable compensation' for persons who establish membership in the retirement system on or before September 30, 1977, means all salaries and wages paid by an employer to an employee member of the retirement system for personal services rendered during a fiscal year. In all cases where compensation includes maintenance the employer shall fix the value of that part of the compensation not paid in money: PROVIDED, That retroactive payments to an individual by an employer on reinstatement of the employee in a position, or payments by an employer to an individual in lieu of reinstatement in a position which are awarded or granted as the equivalent of the salary or wages which the individual would have earned during a payroll period shall be considered earnable compensation and the individual shall receive the equivalent service credit: PROVIDED FURTHER, That if a leave of absence, without pay, is taken by a member for the purpose of serving as a member of the state legislature, and such member has served in the legislature five or more years, the salary which would have been received for the position from which the leave of absence was taken shall be considered as compensation earnable if the employee's contribution thereon is paid by the employee. In addition, where a member has been a member of the state legislature for five or more years, earnable compensation for the member's two highest compensated consecutive years of service shall include a sum not to exceed thirty-six hundred dollars for each of such two consecutive years, regardless of whether or not legislative service was rendered during those two years.

(ii) For members employed less than full time under written contract with a school district, or community college district, in an instructional position, for which the member receives service credit of less than one year in all of the years used to determine the earnable compensation used for computing benefits due under RCW 41.32.497, 41.32.498, and 41.32.520, the member may elect to have earnable compensation defined as provided in RCW 41.32.011. For the purposes of this subsection, the term 'instructional position' means a position in which more than seventy-five percent of the member's time is spent as a classroom instructor (including office hours), a librarian, or a counselor. Earnable compensation shall be so defined only for the purpose of the calculation of retirement benefits and only as necessary to insure that members who receive fractional service credit under RCW 41.32.270 receive benefits proportional to those received by members who have received full-time service credit.

(b) 'Earnable compensation' for persons who establish membership in the retirement system on or after October 1, 1977, means salaries or wages earned by a member during a payroll period for personal services, including overtime payments, and shall include wages and salaries deferred under provisions established pursuant to sections 403(b), 414(h), and 457 of the United States Internal Revenue Code, but shall exclude lump sum payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, or any form of severance pay: PROVIDED, That retroactive payments to an individual by an employer on reinstatement of the employee in a position or payments by an employer to an individual in lieu of reinstatement in a position which are awarded or granted as the equivalent of the salary or wages which the individual would have earned during a payroll period shall be considered earnable compensation, to the extent provided above, and the individual shall receive the equivalent service credit: PROVIDED FURTHER, That in any year in which a member serves in the legislature the member shall have the option of having such member's earnable compensation be the greater of:

(i) the earnable compensation the member would have received had such member not served in the legislature; or

(ii) such member's actual earnable compensation received for teaching and legislative service combined. Any additional contributions to the retirement system required because compensation earnable under subparagraph (i) of this subsection is greater than compensation earnable under subparagraph (ii) of this subsection shall be paid by the member for both member and employer contributions.

(17) 'Membership service' means service rendered subsequent to the first day of eligibility of a person to membership in the retirement system: PROVIDED, That where a member is employed by two or more employers the individual shall only receive one month's service credit during any calendar month in which multiple service is rendered. The provisions of this subsection shall apply only to persons who establish membership in the retirement system on or before September 30, 1977.

(18) 'Pension' means the moneys payable per year during life from the pension reserve fund.

(19) 'Pension reserve fund' is a fund in which shall be accumulated an actuarial reserve adequate to meet present and future pension liabilities of the system and from which all pension obligations are to be paid.

SENATE AMENDMENTS TO HOUSE BILL

February 27, 1990

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2421 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 1, chapter 241, Laws of 1989 and RCW 88.12.070 are each amended to read as follows:

(1) The purpose of this section is to promote safety in water skiing on the waters of Washington state, provide a means of ensuring safe water skiing and promote the enjoyment of water skiing.

(2) When used in this section, the following words and phrases shall have the meanings designated in this section unless a different meaning is expressly provided or unless the context clearly indicates otherwise.

(a) 'Operator' means the individual in physical control of ~~((the recreational boat))~~ a vessel. The operator of a personal watercraft shall be at least fourteen years of age.

(b) 'Observer' means the individual riding in ~~((the recreational boat))~~ a vessel who shall be responsible for observing the water skier at all times. The observer and the operator shall not be the same person. The observer shall be ((at least ten years of age)) an individual who meets the minimum qualifications for an observer established by rules of the state parks and recreation commission.

(c) ~~(('Recreational boat' means any vessel manufactured or used primarily for noncommercial use, or leased, rented, or chartered to another for the latter's noncommercial use.))~~ 'Personal watercraft' means a vessel of less than sixteen feet which uses a motor powering a water jet pump, as its primary source of motive power and which is designed to be operated by a person sitting, standing, or kneeling on, or being towed behind the vessel, rather than in the conventional manner of sitting or standing inside the vessel.

(d) 'Vessel' means every watercraft used or capable of being used as a means of transportation on the water, other than a seaplane.

(e) 'Waters of Washington state' means any waters within the territorial limits of Washington state.

(3) No ~~((recreational boat))~~ vessel which has in tow a person or persons on water skis, or similar contrivance shall be operated on any waters of Washington state unless such craft shall be occupied by at least an operator and an observer. The observer shall continuously observe the person or persons being towed and shall display a flag immediately after the towed person or persons fall into the water, and during the time preparatory to skiing while the person or persons are still in the water. Such flag shall be a bright red or brilliant orange color, measuring at least twelve inches ((on each side)) square, mounted on a ((handle)) pole not less than twenty-four inches long and displayed as to be visible from every direction. This subsection does not apply to a ~~((United States coast guard approved recreational boat))~~ personal watercraft, the design of which makes no provision for carrying an operator or any other person on board, and that is actually operated by the person or persons being towed. Every remote-

operated personal watercraft shall have a flag attached which meets the requirements of this subsection.

(4) No person shall engage or attempt to engage in water skiing, or operate or ride on a personal watercraft, without wearing an adequate and effective United States coast guard approved type I, II, III, or V personal flotation device in good and serviceable condition and of appropriate size, or a wet suit (~~specifically designed by a manufacturer for that purpose and capable of floating the water skier~~) which is approved for personal flotation by the United States coast guard. A person operating a personal watercraft equipped by the manufacturer with a lanyard type engine cutoff switch must attach the lanyard to his or her person, clothing, or personal flotation device as is appropriate for the specific vessel. It is unlawful for any person to remove or disable a cutoff switch which was installed by the manufacturer.

(5) No person shall engage or attempt to engage in water skiing, or operate any vessel to tow a water skier, on the waters of Washington state during the period from one hour after sunset until one hour prior to sunrise.

(6) No person shall operate a personal watercraft on the waters of Washington state during the period from sunset until sunrise.

(7) No person engaged in water skiing, or the operation of a personal watercraft, shall conduct himself or herself in a negligent manner that endangers, or is likely to endanger, any person or property.

~~((7))~~ (8) The requirements of subsections (3), (4), and (5) of this section shall not apply to (~~water skiers and boat operators~~) persons engaged in (~~water ski~~) tournaments, competitions, or exhibitions that have been authorized or otherwise permitted by the appropriate agency having jurisdiction and authority to authorize such events.

(9) It shall be unlawful for a person to lease, hire, or rent a personal watercraft to any person who is under sixteen years of age.

Sec. 2. Section 4, chapter 72, Laws of 1933 and RCW 88.12.040 are each amended to read as follows:

(1) All such motor driven boats or vessels shall use (~~a muffler or other similar device to reduce the sound of exhaust~~) an adequate and operating muffling device with a series of baffles and chambers, which shall effectively blend the exhaust and motor noise in such a manner so as to preclude excessive or unusual noise.

(2) It shall be unlawful to remove, disable, bypass, or use a cutout device on any muffler or muffling device of any vessel, except while engaged in organized racing events in an area designated for that purpose.

Sec. 3. Section 2, chapter 267, Laws of 1985 as last amended by section 6, chapter 373, Laws of 1987 and RCW 88.02.095 are each amended to read as follows:

(1) It shall be unlawful for any person to operate a vessel in a negligent manner (~~except a commercial vessel which has or is required to have a valid marine document as a vessel of the United States and is operating in the navigable waters of the United States~~). For the purpose of this section, to 'operate in a negligent manner' shall be construed to mean the operation of a vessel in such manner as to endanger or be likely to endanger any persons or property or to operate at a rate of speed greater than will permit the operator in the exercise of reasonable care to bring the vessel to a safe stop.

(2) A person is guilty of operating a vessel while under the influence of intoxicating liquor or any drug if the person operates a vessel within this state while:

(a) The person has 0.10 grams or more of alcohol per two hundred ten liters of breath, as shown by analysis of the person's breath made under RCW 46.61.506; or

(b) The person has 0.10 percent or more by weight of alcohol in the person's blood, as shown by analysis of the person's blood made under RCW 46.61.506; or

(c) The person is under the influence of or affected by intoxicating liquor or any drug; or

(d) The person is under the combined influence of or affected by intoxicating liquor and any drug.

The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section. A person cited under this subsection may upon request be given a breath test for breath alcohol or may request to have a blood sample taken for blood alcohol analysis. An arresting officer shall administer field sobriety tests when circumstances permit.

(3) For the purposes of this section, 'vessel' means any watercraft used or capable of being used as a means of transportation on the water, other than a seaplane.

(4) For the purpose of this section, 'vessel operator' means a person who is in actual physical control of a vessel.

(5) A violation of this section is a misdemeanor, punishable by up to ninety days in jail and by a fine of not more than one thousand dollars. In addition, the court may order the defendant to pay restitution for any damages or injuries resulting from the offense.

NEW SECTION. Sec. 4. This act shall take effect July 1, 1990.

NEW SECTION. Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "skis;" strike the remainder of the title and insert "amending RCW 88.12.070, 88.12.040, and 88.02.095; providing an effective date; and prescribing penalties."

and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

MOTION

APPOINTMENT OF CONFEREES

The Speaker (Mr. R. King presiding) appointed Representatives K. Wilson, Dorn and Ballard as conferees on Substitute House Bill No. 2421.

SENATE AMENDMENTS TO HOUSE BILL

March 1, 1990

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2609 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 1, chapter 383, Laws of 1989 and RCW 70.148.005 are each amended to read as follows:

(1) The legislature finds that:

(a) Final regulations adopted by the United States environmental protection agency (EPA) require owners and operators of underground petroleum storage tanks to demonstrate financial responsibility for accidental releases of petroleum as a precondition to continued ownership and operation of such tanks;

(b) Financial responsibility is demonstrated through the purchase of pollution liability insurance or an acceptable alternative such as coverage under a state financial responsibility program, in the amount of at least five hundred thousand dollars per occurrence and one million dollars annual aggregate depending upon the nature, use, and number of tanks owned or operated;

(c) Many owners and operators of underground petroleum storage tanks cannot purchase pollution liability insurance either because private insurance is unavailable at any price or because owners and operators cannot meet the rigid underwriting standards of existing insurers, nor can many owners and operators meet the strict regulatory standards imposed for alternatives to the purchase of insurance; and

(d) Without a state financial responsibility program for owners and operators of underground petroleum storage tanks, many tank owners and operators will be forced to discontinue the ownership and operation of these tanks.

(2) The purpose of this chapter is to create a state financial responsibility program meeting EPA standards for owners and operators of underground petroleum storage tanks in a manner that:

(a) Minimizes state involvement in pollution liability claims management and insurance administration;

(b) Protects the state of Washington from unwanted and unanticipated liability for accidental release claims;

(c) Creates incentives for private insurers to provide needed liability insurance; and

(d) Parallels generally accepted principles of insurance and risk management.

To that end, this chapter establishes a temporary program to provide pollution liability reinsurance at a price that will encourage a private insurance company or risk retention group to sell pollution liability insurance in accordance with the requirements of this chapter to owners and operators of underground petroleum storage tanks, thereby allowing the owners and operators to comply with the financial responsibility regulations of the EPA.

(3) It is not the intent of this chapter to permit owners and operators of underground petroleum storage tanks to obtain pollution liability insurance without regard to the quality or condition of their storage tanks or without regard to the risk management practices of tank owners and operators, nor is it the intent of this chapter to provide coverage or funding for past or existing petroleum releases. Further, it is the intent of the legislature that the program follow generally accepted insurance underwriting and actuarial principles and to deviate from those principles only to the extent necessary and within the tax revenue limits provided, to make pollution liability insurance reasonably affordable and available to owners and operators who meet the requirements of this chapter, particularly to those owners and operators whose underground storage tanks meet a vital economic need within the affected community.

Sec. 2. Section 2, chapter 383, Laws of 1989 and RCW 70.148.010 are each amended to read as follows:

Unless the context requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Accidental release' means any sudden or nonsudden release of petroleum arising from operating an underground storage tank that results in a need for corrective action, bodily injury, or property damage neither expected nor intended by the owner or operator.

(2) ~~'(Administrator) Director'~~ means the Washington pollution liability ~~((reinsurance)) insurance program ((administrator)) director.~~

(3) 'Bodily injury' means bodily injury, sickness, or disease sustained by any person, including death at any time resulting from the injury, sickness, or disease.

(4) 'Corrective action' means those actions reasonably required to be undertaken by the insured to remove, treat, neutralize, contain, or clean up an accidental release in order to comply with any statute, ordinance, rule, regulation, directive, order, or similar legal requirement of the United States, the state of Washington, or any political subdivision of the United States or the state of Washington in effect at the time of an accidental release. 'Corrective action' includes, when agreed to in writing, in advance by the insurer, action to remove, treat, neutralize, contain, or clean up an accidental release to avert, reduce, or eliminate the liability of the insured for corrective action, bodily injury, or property damage. 'Corrective action' also includes actions reasonably necessary to monitor, assess, and evaluate an accidental release. 'Corrective action' does not include:

(a) Replacement or repair of storage tanks or other receptacles;

(b) Replacement or repair of piping, connections, and valves of storage tanks or other receptacles;

(c) Excavation or backfilling done in conjunction with (a) or (b) of this subsection; or

(d) Testing for a suspected accidental release if the results of the testing indicate that there has been no accidental release.

(5) 'Defense costs' include the costs of legal representation, expert fees, and related costs and expenses incurred in defending against claims or actions brought by or on behalf of:

(a) The United States, the state of Washington, or any political subdivision of the United States or state of Washington to require corrective action or to recover costs of corrective action; or

(b) A third party for bodily injury or property damage caused by an accidental release.

(6) 'Washington pollution liability ~~((reinsurance)) insurance program' or 'program' means the ((excess-of-loss)) reinsurance program created by this chapter.~~

(d) Disputes between the insurer and the ~~((reinsurance))~~ insurance program shall be settled through arbitration.

(2) To design and implement a structure of periodic premiums due the ~~((administrator))~~ director from the insurer that takes full advantage of revenue collections and projected revenue collections to ensure affordable premiums to the insured consistent with sound actuarial principles.

(3) To periodically review premium rates for reinsurance to determine whether revenue appropriations supporting the program can be reduced without substantially increasing the insured's premium costs.

(4) To solicit bids from insurers and select an insurer to provide pollution liability insurance to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action.

(5) To monitor the activities of the insurer to ensure compliance with this chapter and protect the program from excessive loss exposure resulting from claims mismanagement by the insurer.

(6) To monitor the success of the program and periodically make such reports and recommendations to the legislature as the ~~((administrator))~~ director deems appropriate.

(8) To evaluate the effects of the program upon the private market for liability insurance for owners and operators of underground storage tanks and make recommendations to the legislature on the necessity for continuing the program to ensure availability of such coverage.

(9) To enter into contracts with public and private agencies to assist the ~~((administrator))~~ director in his or her duties to design, revise, monitor, and evaluate the program and to provide technical or professional assistance to the ~~((administrator))~~ director.

(10) To examine the affairs, transactions, accounts, records, documents, and assets of insurers as the ~~((administrator))~~ director deems advisable.

Sec. 7. Section 7, chapter 383, Laws of 1989 and RCW 70.148.060 are each amended to read as follows:

(1) All examination and proprietary reports and information obtained by the ~~((administrator))~~ director and the ~~((administrator's))~~ director's staff in soliciting bids from insurers and in monitoring the insurer selected by the ~~((administrator))~~ director shall not be made public or otherwise disclosed to any person, firm, corporation, agency, association, governmental body, or other entity.

(2) Subsection (1) of this section notwithstanding, the ~~((administrator))~~ director may furnish all or part of examination reports prepared by the ~~((administrator))~~ director or by any person, firm, corporation, association, or other entity preparing the reports on behalf of the ~~((administrator))~~ director to:

(a) The Washington state insurance commissioner;

(b) A person or organization officially connected with the insurer as officer, director, attorney, auditor, or independent attorney or independent auditor; and

(c) The attorney general in his or her role as legal advisor to the ~~((administrator))~~ director.

(3) Subsection (1) of this section notwithstanding, the ~~((administrator))~~ director may furnish all or part of the examination or proprietary reports or information obtained by the ~~((administrator))~~ director to:

(a) The Washington state insurance commissioner; and

(b) A person, firm, corporation, association, governmental body, or other entity with whom the ((administrator)) director has contracted for services necessary to perform his or her official duties.

(4) Examination reports and proprietary information obtained by the ((administrator)) director and the ((administrator's)) director's staff are not subject to public disclosure under chapter 42.17 RCW.

(5) A person who violates any provision of this section is guilty of a gross misdemeanor.

Sec. 8. Section 8, chapter 383, Laws of 1989 and RCW 70.148.070 are each amended to read as follows:

(1) In selecting an insurer to provide pollution liability insurance coverage to owners and operators of underground storage tanks, the ((administrator)) director shall evaluate bids based upon criteria established by the ((administrator)) director that shall include:

- (a) The insurer's ability to underwrite pollution liability insurance;
- (b) The insurer's ability to settle pollution liability claims quickly and efficiently;
- (c) The insurer's estimate of underwriting and claims adjustment expenses;
- (d) The insurer's estimate of premium rates for providing coverage;
- (e) The insurer's ability to manage and invest premiums; and
- (f) The insurer's ability to provide risk management guidance to insureds.

The ((administrator)) director shall select the bidder most qualified to provide insurance consistent with this chapter and need not select the bidder submitting the least expensive bid. The ((administrator)) director may consider bids by groups of insurers and management companies who propose to act in concert in providing coverage and who otherwise meet the requirements of this chapter.

(2) The successful bidder shall agree to provide liability insurance coverage to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action consistent with the following minimum standards:

- (a) The insurer shall provide coverage for defense costs.
- (b) The insurer shall collect a deductible from the insured for corrective action in an amount approved by the ((administrator)) director.
- (c) The insurer shall provide coverage for accidental releases in the amount of five hundred thousand dollars per occurrence and one million dollars annual aggregate but no more than one million dollars per occurrence and two million dollars annual aggregate exclusive of defense costs.

(d) The insurer shall require insurance applicants to meet at least the following underwriting standards before issuing coverage to the applicant:

- (i) The applicant must be in compliance with statutes, ordinances, rules, regulations, and orders governing the ownership and operation of underground storage tanks as identified by the ((administrator)) director by rule; and
 - (ii) The applicant must exercise adequate underground storage tank risk management as specified by the ((administrator)) director by rule.
- (e) The insurer may exclude coverage for losses arising before the effective date of coverage, and the ((administrator)) director may adopt rules establishing standards for determining whether a loss was incurred before the effective date of coverage.
- (f) The insurer may exclude coverage for bodily injury, property damage, and corrective action as permitted by the ((administrator)) director by rule.

(g) The insurer shall use a variable rate schedule approved by the ((administrator)) director taking into account tank type, tank age, and other factors specified by the ((administrator)) director.

(3) The ((administrator)) director shall adopt all rules necessary to implement this section. In developing and adopting rules governing rates, deductibles, underwriting standards, and coverage conditions, limitations, and exclusions, the ((administrator)) director shall balance the owner and operator's need for coverage with the need to maintain the actuarial integrity of the program, shall take into consideration the economic impact of the discontinued use of a storage tank upon the affected community, and shall consult with the standing technical advisory committee established under RCW 70.148.030(3). In developing and adopting rules governing coverage exclusions affecting corrective action, the ((administrator)) director shall consult with the Washington state department of ecology.

(4) Notwithstanding the definitions contained in RCW 70.148.010, the ((administrator)) director may permit an insurer to use different words or phrases describing the coverage provided under the program. In permitting such deviations from the definitions contained in RCW 70.148.010, the ((administrator)) director shall consider the regulations adopted by the United States environmental protection agency requiring financial responsibility by owners and operators of underground petroleum storage tanks.

(5) Owners and operators of underground storage tanks or sites containing underground storage tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

- (a) The owner or operator must have a plan for proceeding with corrective action; and

(b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or operator demonstrates to the satisfaction of the ((administrator)) director that corrective action has been completed.

(6) When a reinsurance contract has been entered into by the agency and insurance companies, the director shall notify the department of ecology of the letting of the contract. Within thirty days of that notification, the department of ecology shall notify all known owners and operators of petroleum underground storage tanks that appropriate levels of financial responsibility must be established by October 26, 1990, in accordance with federal environmental protection agency requirements, and that insurance under the program is available. All owners and operators of petroleum underground storage tanks must also be notified that declaration of method of financial responsibility or intent to seek to be insured under the program must be made to the state by November 1, 1990. If the declaration of method of financial responsibility is not made by November 1, 1990, the department of ecology shall, pursuant to chapter 90.76 RCW, prohibit the owner or operator of an underground storage tank from obtaining a tank tag or receiving petroleum products until such time as financial responsibility has been established.

Sec. 9. Section 9, chapter 383, Laws of 1989 and RCW 70.148.080 are each amended to read as follows:

If the insurer cancels or refuses to issue or renew a policy, the affected owner or operator may appeal the insurer's decision to the ((administrator)) director. The ((administrator)) director shall conduct a brief adjudicative proceeding under chapter 34.05 RCW.

Sec. 10. Section 10, chapter 383, Laws of 1989 and RCW 70.148.090 are each amended to read as follows:

(1) The activities and operations of the program are exempt from the provisions and requirements of Title 48 RCW and to the extent of their participation in the program, the activities and operations of the insurer selected by the ((administrator)) director to provide liability insurance coverage to owners and operators of underground storage tanks are exempt from the requirements of Title 48 RCW except for:

- (a) Chapter 48.03 RCW pertaining to examinations;
- (b) RCW 48.05.250 pertaining to annual reports;
- (c) Chapter 48.12 RCW pertaining to assets and liabilities;

- (e) Chapter 48.30 RCW pertaining to deceptive, false, or fraudulent acts or practices; and
- (f) Chapter 48.92 RCW pertaining to liability risk retention.

(2) To the extent of their participation in the program, the insurer selected by the ((administrator)) director to provide liability insurance coverage to owners and operators of underground storage tanks shall not participate in the Washington insurance guaranty association nor shall the association be liable for coverage provided to owners and operators of underground storage tanks issued in connection with the program.

NEW SECTION. Sec. 11. A new section is added to chapter 70.148 RCW to read as follows:

The director may design the program to cover the costs incurred in determining whether a proposed applicant for pollution insurance under the program meets the underwriting standards of the insurer. In covering such costs the director shall consider the financial resources of the applicant, shall take into consideration the economic impact of the discontinued use of the applicant's storage tank upon the affected community, shall provide coverage within the revenue limits provided under this chapter, and shall limit coverage of such costs to the extent that coverage would be detrimental to providing affordable insurance under the program.

Sec. 12. Section 16, chapter 383, Laws of 1989 and RCW 82.23A.020 are each amended to read as follows:

(1) A tax is imposed on the privilege of possession of petroleum products in this state. The rate of the tax shall be fifty one-hundredths of one percent multiplied by the wholesale value of the petroleum product.

(2) Moneys collected under this chapter shall be deposited in the pollution liability ((reinsurance)) insurance program trust account under RCW 70.148.020.

(3) Chapter 82.32 RCW applies to the tax imposed in this chapter. The tax due dates, reporting periods, and return requirements applicable to chapter 82.04 RCW apply equally to the tax imposed in this chapter.

(4) Within thirty days after the end of each calendar quarter the department shall determine the 'quarterly balance,' which shall be the cash balance in the pollution liability ((reinsurance)) insurance program trust account as of the last day of that calendar quarter, after excluding the reserves determined for that quarter under RCW 70.148.020(2). Balance determinations by the department under this section are final and shall not be used to challenge the validity of any tax imposed under this section. For each subsequent calendar quarter, tax shall be imposed under this section during the entire calendar quarter unless:

(a) Tax was imposed under this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than fifteen million dollars; or

(b) Tax was not imposed under this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than seven million five hundred thousand dollars.

NEW SECTION. Sec. 13. Section 11, chapter 383, Laws of 1989 and RCW 70.148.100 are each repealed.

NEW SECTION. Sec. 14. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

Many of the state's communities are dependent on one or two industries. Many firms are heavily reliant on the defense expenditures of the federal government. It is the intent of the legislature to assist communities in planning for economic change, developing a broader economic base, and preparing for any shift in federal priorities that could cause a reduction in federal expenditures, and assist firms by providing information and technical assistance necessary for them to introduce new products or production processes.

NEW SECTION. Sec. 2. The community diversification program is created in the department of community development. The program shall include:

(1) The monitoring and forecasting of shifts in the economic prospects of major defense employers in the state. This shall include but not be limited to the monitoring of defense contract expenditures, other federal contracts, defense employment shifts, the aircraft and aerospace industry, computer products, and electronics;

(2) The identification of cities, counties, or regions within the state that are primarily dependent on defense or other federal contracting and the identification of firms dependent on federal defense contracts;

(3) Assistance to communities in broadening the local economic base through the provision of management assistance, assistance in financing, entrepreneurial training, and assistance to businesses in using off-the-shelf technology to start new production processes or introduce new products;

(4) Formulating a state plan for diversification in defense dependent communities in collaboration with the employment security department, the department of trade and economic development, and the office of financial management. The plan shall use the information made available through carrying out subsections (1) and (2) of this section; and

(5) The identification of diversification efforts conducted by other states, the federal government, and other nations, and the provision of information on these efforts, as well as information gained through carrying out subsections (1) and (2) of this section, to firms, communities, and workforces that are defense dependent.

The department shall, beginning January 1, 1992, report annually to the governor and the legislature on the activities of the community diversification program.

NEW SECTION. Sec. 3. The advisory council on economic diversification is created to provide advice to the department of community development in carrying out its community diversification program. Four members of the advisory council shall be from the legislature, one from each political caucus of the senate to be appointed by the president of the senate, and one from each political caucus of the house of representatives to be appointed by the speaker of the house of representatives. The director of the department of community development or the director's designee shall serve as the nonvoting chairperson of the advisory council.

Members of the council other than the chair shall serve for two-year terms. Vacancies shall be filled in the same manner as the original appointments. Members of the council shall receive no compensation but shall be reimbursed for travel expenses under RCW 43.03.050 and RCW 43.03.060. The department of community development shall assign staff to the council as necessary to carry out the purposes of this chapter.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1990, in the supplemental omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 5. Sections 2 and 3 of this act are each added to chapter 43.63A RCW.

March 1, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2603 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. It is the purpose of sections 3 and 4 of this act to provide, consistent with appropriated funds, health care access and services to the young citizens in this state. To this end, a children's health program is established based on the following principles:

- (1) Access to preventive and other health care services should be made more readily available for eligible children.
- (2) Unnecessary barriers to health care for children in poverty should be removed.
- (3) The status of children's health and the access to health care providers should be evaluated at appropriate intervals to determine effectiveness and need for modification.
- (4) Health care services should be delivered in a cost-effective manner.
- (5) The program should be sensitive to cultural and ethnic differences among children in poverty.

NEW SECTION, Sec. 2. For the purposes of sections 3 through 6 of this act, (1) 'poverty' means at or below the federal poverty level as annually defined by the federal department of health and human services and adjusted for family size, (2) within sections 4 through 6 of this act, 'committee' means the executive steering committee operating on January 1, 1990, within the department which includes staff from the department of health and which is responsible for implementation of the maternity care access program under chapter 74.09 RCW, and (3) 'county' means a board of county commissioners, county council, county executive, or tribal jurisdiction.

NEW SECTION, Sec. 3. There is hereby established a new program to be known as the children's health program.

To the extent of available funds:

- (1) Medical care may be provided to persons who are under eighteen years of age with household incomes at or below the federal poverty level and not otherwise eligible for medical assistance or the limited casualty program for the medically needy.
- (2) The determination of eligibility of recipients for medical care shall be the responsibility of the department. The application process shall be easy to understand and, to the extent possible, applications shall be made available at local schools. The department shall make eligibility determinations within the timeframes for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510.
- (3) The amount, scope, and duration of medical care provided to eligible children under the children's health program shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

NEW SECTION, Sec. 4. Local communities are encouraged to take actions necessary to make health care more accessible to children in their communities, such as coordinating the development of alternative health care delivery systems. To support communities in their efforts, the committee, in coordination with counties and to the extent funds are available, shall:

- (1) Provide technical assistance to counties to enable them to develop provider resources and expand coordinated provision of health care to children in poverty, and
- (2) recommend that financial incentives be provided within counties requesting assistance according to section 5 of this act.

NEW SECTION, Sec. 5. (1) The committee, in coordination with counties, shall identify counties experiencing significant problems with access to health care for children eligible for services under chapter 74.09 RCW, on indicators such as:

The county shall also be advised of the availability of technical and financial assistance from the state in support of local remedial action.

(3) Any county, including those not identified by the committee, wishing to pursue state assistance under this section may submit a request to the committee. The request should include a description of the access problems in their community, a plan for addressing those problems, and a description of how the state's technical or financial assistance will aid them in increasing access to pediatric care for children in poverty. The request for assistance shall be prepared in consultation with the department, local community service offices, the local public health officer, community health clinics, health care providers, hospitals, the business community, labor representatives, and low-income advocates in their area.

(4) Counties are encouraged to combine to fulfill their duties under this section. In doing so, they shall consider the organizational principles set forth in RCW 43.70.020. If after one hundred twenty days' notice by the committee that a significant problem with health care access to children exists within a county, the county has not submitted a preliminary request for assistance according to this section, the committee shall solicit or may receive requests for assistance from any health care provider within that county.

(5) The committee shall evaluate local requests for technical and financial assistance, and shall recommend funding of any or all parts of the requests, using criteria such as:

(a) The number of children proposed to receive expanded access to pediatric health care per dollar expended;

(b) Ability to meet the particular needs of the community as defined in the county request, including responsiveness to the needs of ethnic and racial minorities and addressing language barriers to access; and

(c) Capability to meet stated goals of increasing access to pediatric care.

(6) The department of social and health services shall provide financial assistance, such as grants to counties or disproportionate share payments to providers, to the extent of available funds as recommended in this section. The department of social and health services shall make such changes to the state medical aid plan or take such other action as may be needed to secure federal matching funds for grants under this section.

NEW SECTION. Sec. 6. The committee, in coordination with the department of health, shall reevaluate the state of access to care for children in poverty on at least a biennial basis and shall provide this information, along with information on the implementation of sections 1 through 5 of this act, to the board of health for their consideration for inclusion in the biennial state health report.

Sec. 7. Section 74.09.010, chapter 26, Laws of 1959 as last amended by section 11, chapter 406, Laws of 1987 and RCW 74.09.010 are each amended to read as follows:

Sec. 8. Section 9, chapter 10, Laws of 1989 1st ex. sess. (uncodified) is amended to read as follows:

The legislature is interested in assessing the effectiveness of the prenatal care program. However, the legislature recognizes the cost and complexity associated with such an assessment.

The legislature accepts the effectiveness of prenatal and maternity care at improving birth outcomes when these services are received by eligible persons. Therefore, the legislature intends to focus scarce assessment resources to determine the extent to which support services such as child care, psychosocial and nutritional assessment and counseling, case management, transportation, and other support services authorized by this act result in receipt of prenatal and maternity care by eligible persons.

The department shall submit its plan and budget for assessing the maternity care access system to the legislative budget committee for review. The legislative budget committee shall monitor the progress of the assessment, and make appropriate recommendations.

The department shall contract with an independent (~~(nonprofit entity)~~) contractor to evaluate the effectiveness of the maternity care access program set forth in RCW 74.09.760 through 74.09.820 based on the principles set forth in RCW 74.09.770. The evaluation shall also address:

SENATE AMENDMENTS TO HOUSE BILL

March 1, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2390 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. Section 1, chapter 177, Laws of 1988 and RCW 70.95C.010 are each amended to read as follows:

The legislature finds that land disposal and incineration of solid and hazardous waste can be both harmful to the environment and costly to those who must dispose of the waste. In order to address this problem in the most cost-effective and environmentally sound manner, and to implement the highest waste management priority as articulated in RCW 70.95.010 and 70.105-.150, public and private efforts should focus on reducing the generation of waste. Waste reduction can be achieved by encouraging voluntary efforts to redesign industrial, commercial, production, and other processes to result in the reduction or elimination of waste byproducts and to maximize the in-process reuse or reclamation of valuable spent material.

In the interest of protecting the public health, safety, and the environment, the legislature declares that it is the policy of the state of Washington to encourage reduction in the use of hazardous substances and reduction in the generation of hazardous waste whenever economically and technically practicable.

The legislature finds that hazardous wastes are generated by numerous different sources including, but not limited to, large and small business, households, and state and local government. The legislature further finds that a goal against which efforts at waste reduction may be measured is essential for an effective hazardous waste reduction program. The pacific northwest hazardous waste advisory council has endorsed a goal of reducing, through hazardous substance use reduction and waste reduction techniques, the generation of hazardous waste by fifty percent by 1995. The legislature adopts this as a policy goal for the state of Washington. The legislature recognizes that many individual businesses have already reduced the generation of hazardous waste through appropriate hazardous waste reduction techniques. The legislature also recognizes that there are some basic industrial processes which by their nature have limited potential for significantly reducing the use of certain raw materials or substantially reducing the generation of hazardous wastes. Therefore, the goal of reducing hazardous waste generation by fifty percent cannot be applied as a regulatory requirement.

Sec. 2. Section 2, chapter 177, Laws of 1988 and RCW 70.95C.020 are each amended to read as follows:

As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise (~~the definitions in this section apply throughout this chapter~~).

As used in sections 6 through 10 of this 1990 act, 'waste reduction' refers to hazardous waste only.

Sec. 3. Section 3, chapter 177, Laws of 1988 and RCW 70.95C.030 are each amended to read as follows:

(1) There is established in the department an office of waste reduction. The office shall use its authorities to encourage the voluntary reduction of ((waste)) hazardous substance usage and waste generation by waste generators and hazardous substance users. The office shall prepare and submit a quarterly progress report to the director and the director shall submit an annual progress report to the appropriate environmental standing committees of the legislature beginning December 31, 1988.

(2) The office shall be the coordinating center for all state agency programs that provide technical assistance to waste generators and hazardous substance users and shall serve as the state's lead agency and promoter for such programs. In addition to this coordinating function, the office shall encourage hazardous substance use reduction and waste reduction by:

(a) Providing for the rendering of advice and consultation to waste generators and hazardous substance users on hazardous substance use reduction and waste reduction techniques, including assistance in preparation of plans provided for in section 6 of this act;

(b) Sponsoring or co-sponsoring with public or private organizations technical workshops and seminars on waste reduction and hazardous substance use reduction;

NEW SECTION. Sec. 4. A new section is added to chapter 70.95 RCW to read as follows:

The department shall require energy recovery and incineration facilities to retain records of monitoring and operation data for a minimum of ten years after permanent closure of the facility.

Sec. 5. Section 4, chapter 177, Laws of 1988 and RCW 70.95C.040 are each amended to read as follows:

(1) The office shall establish a waste reduction and hazardous substance use reduction consultation program to be coordinated with other state waste reduction and hazardous substance use reduction consultation programs.

(2) The director may grant a request by any waste generator or hazardous substance user for advice and consultation on waste reduction and hazardous substance use reduction techniques and assistance in preparation or modification of a plan, executive summary, or annual progress report, or assistance in the implementation of a plan required by section 6 of this act. Pursuant to a request ~~(the director may visit any)~~ from a facility such as a business, governmental entity, or other process site in the state, the director may visit the facility making the request for the purposes of observing hazardous substance use and the waste-generating process, obtaining information relevant to waste reduction and hazardous substance use reduction, rendering advice, and making recommendations. No such visit may be regarded as an inspection or investigation, and no notices or citations may be issued, or civil penalty be assessed, upon such a visit. (No) A representative of the director (designated to render) providing advisory or consultative services under this section may not have any enforcement authority.

(3) Consultation and advice given under this section shall be limited to the matters specified in the request and shall include specific techniques of waste reduction and hazardous substance use reduction tailored to the relevant process. (4) Any proprietary information obtained by the director while carrying out the duties required under this section shall remain confidential and shall not be publicized or become part of the data base established under RCW 70.95C.060 without written permission of the requesting party.

NEW SECTION. Sec. 6. A new section is added to chapter 70.95C RCW to read as follows:

(1) Each hazardous waste generator who generates more than two thousand six hundred forty pounds of hazardous waste per year and each hazardous substance user, except for those facilities that are primarily permitted treatment, storage, and disposal facilities or recycling facilities, shall prepare a plan for the voluntary reduction of the use of hazardous substances and the generation of hazardous wastes. Hazardous waste generated and recycled for beneficial use, including initial amount of hazardous substances introduced into a process and subsequently recycled for beneficial use, shall not be used in the calculation of hazardous waste generated for purposes of this section. The department may develop reporting requirements, consistent with existing reporting, to establish recycling for beneficial use under this section. A person with multiple interrelated facilities where the processes in the facilities are substantially similar, may prepare a single plan covering one or more of those facilities.

(2) Each user or generator required to write a plan is encouraged to advise its employees of the planning process and solicit comments or suggestions from its employees on hazardous substance use and waste reduction options.

(3) The department shall adopt by April 1, 1991, rules for preparation of plans. The rules shall require the plan to address the following options, according to the following order of priorities: Hazardous substance use reduction, waste reduction, recycling, and treatment. In the planning process, first consideration shall be given to hazardous substance use reduction and waste reduction options. Consideration shall be given next to recycling options. Recycling options may be considered only after hazardous substance use reduction options and waste reduction options have been thoroughly researched and shown to be inappropriate. Treatment options may be considered only after hazardous substance use reduction, waste reduction, and recycling options have been thoroughly researched and shown to be inappropriate. Documentation of the research shall be available to the department upon request. The rules shall also require the plans to discuss the hazardous substance use reduction, waste reduction, and closed loop recycling options separately from other recycling and treatment options. All plans

shall be written in conformance with the format prescribed in the rules adopted under this section. The rules shall require the plans to include, but not be limited to:

(a) A written policy articulating management and corporate support for the plan and a commitment to implementing planned activities and achieving established goals;

(b) The plan scope and objectives;

(c) Analysis of current hazardous substance use and hazardous waste generation, and a description of current hazardous substance use reduction, waste reduction, recycling, and treatment activities;

(d) An identification of further hazardous substance use reduction, waste reduction, recycling, and treatment opportunities, and an analysis of the amount of hazardous substance use reduction and waste reduction that would be achieved, and the costs. The analysis of options shall demonstrate that the priorities provided for in this section have been followed;

(e) A selection of options to be implemented in accordance with the priorities established in this section;

(f) An analysis of impediments to implementing the options. Impediments that shall be considered acceptable include, but are not limited to: Adverse impacts on product quality, legal or contractual obligations, economic practicality, and technical feasibility;

(g) A written policy stating that in implementing the selected options, whenever technically and economically practicable, risks will not be shifted from one part of a process, environmental media, or product to another;

(h) Specific performance goals in each of the following categories, expressed in numeric terms:

(i) Hazardous substances to be reduced or eliminated from use;

(ii) Wastes to be reduced or eliminated through waste reduction techniques;

(iii) Materials or wastes to be recycled; and

(iv) Wastes to be treated;

If the establishment of numeric performance goals is not practicable, the performance goals shall include a clearly stated list of objectives designed to lead to the establishment of numeric goals as soon as is practicable. Goals shall be set for a five-year period from the first reporting date;

(i) A description of how the wastes that are not recycled or treated and the residues from recycling and treatment processes are managed may be included in the plan;

(j) Hazardous substance use and hazardous waste accounting systems that identify hazardous substance use and waste management costs and factor in liability, compliance, and oversight costs;

(k) A financial description of the plan;

(l) Personnel training and employee involvement programs;

(m) A five-year plan implementation schedule;

(n) Documentation of hazardous substance use reduction and waste reduction efforts completed before or in progress at the time of the first reporting date; and

(o) An executive summary of the plan, which shall include, but not be limited to:

(i) The information required by (c), (e), (h), and (n) of this subsection; and

(ii) A summary of the information required by (d) and (f) of this subsection.

(4) Upon completion of a plan, the owner, chief executive officer, or other person with the authority to commit management to the plan shall sign and submit an executive summary of the plan to the department.

(5) Plans shall be completed and executive summaries submitted in accordance with the following schedule:

(a) Hazardous waste generators who generated more than fifty thousand pounds of hazardous waste in calendar year 1991 and hazardous substance users who were required to report in 1991, by September 1, 1992;

(b) Hazardous waste generators who generated between seven thousand and fifty thousand pounds of hazardous waste in calendar year 1992 and hazardous substance users who were required to report for the first time in 1992, by September 1, 1993;

(c) Hazardous waste generators who generated between two thousand six hundred forty and seven thousand pounds of hazardous waste in 1993 and hazardous substance users who were required to report for the first time in 1993, by September 1, 1994;

(d) Hazardous waste generators who have not been required to complete a plan on or prior to September 1, 1994, must complete a plan by September 1 of the year following the first year that they generate more than two thousand six hundred forty pounds of hazardous waste; and

(e) Hazardous substance users who have not been required to complete a plan on or prior to September 1, 1994, must complete a plan by September 1 of the year following the first year that they are required to report under Section 313 of Title III of the Superfund Amendments and Reauthorization Act.

(6) Annual progress reports, including a description of the progress made toward achieving the specific performance goals established in the plan, shall be prepared and submitted to the department in accordance with rules developed under this section. Upon the request of two

or more users or generators belonging to similar industrial classifications, the department may aggregate data contained in their annual progress reports for the purpose of developing a public record.

(7) Every five years, each plan shall be updated, and a new executive summary shall be submitted to the department.

NEW SECTION. Sec. 7. A new section is added to chapter 70.95C RCW to read as follows:

A person required to prepare a plan under section 6 of this act because of the quantity of hazardous waste generated may petition the director to be excused from this requirement. The person must demonstrate to the satisfaction of the director that the quantity of hazardous waste generated was due to unique circumstances not likely to be repeated and that the person is unlikely to generate sufficient hazardous waste to require a plan in the next five years.

NEW SECTION. Sec. 8. A new section is added to chapter 70.95C RCW to read as follows:

(1) The department may review a plan, executive summary, or an annual progress report to determine whether the plan, executive summary, or annual progress report is adequate pursuant to the rules developed under this section and with the provisions of section 6 of this act. In determining the adequacy of any plan, executive summary, or annual progress report, the department shall base its determination solely on whether the plan, executive summary, or annual progress report is complete and prepared in accordance with the provisions of section 6 of this act.

(2) Plans developed under section 6 of this act shall be retained at the facility of the hazardous substance user or hazardous waste generator preparing a plan. The plan is not a public record under the public disclosure laws of the state of Washington contained in chapter 42.17 RCW. A user or generator required to prepare a plan shall permit the director or a representative of the director to review the plan to determine its adequacy. No visit made by the director or a representative of the director to a facility for the purposes of this subsection may be regarded as an inspection or investigation, and no notices or citations may be issued, nor any civil penalty assessed, upon such a visit.

(3) If a hazardous substance user or hazardous waste generator fails to complete an adequate plan, executive summary, or annual progress report, the department shall notify the user or generator of the inadequacy, identifying specific deficiencies. For the purposes of this section, a deficiency may include failure to develop a plan, failure to submit an executive summary pursuant to the schedule provided in section 6(5) of this act, and failure to submit an annual progress report pursuant to the rules developed under section 6(6) of this act. The department shall specify a reasonable time frame, of not less than ninety days, within which the user or generator shall complete a modified plan, executive summary, or annual progress report addressing the specified deficiencies.

(4) If the department determines that a modified plan, executive summary, or annual progress report is inadequate, the department may, within its discretion, either require further modification or enter an order pursuant to subsection (5)(a) of this section.

(5)(a) If, after having received a list of specified deficiencies from the department, a hazardous substance user or hazardous waste generator required to prepare a plan fails to complete modification of a plan, executive summary, or annual progress report within the time period specified by the department, the department may enter an order pursuant to chapter 34.05 RCW finding the user or generator not in compliance with the requirements of section 6 of this act. When the order is final, the department shall notify the department of revenue to charge a penalty fee. The penalty fee shall be the greater of one thousand dollars or three times the amount of the user's or generator's previous year's fee, in addition to the current year's fee. If no fee was assessed the previous year, the penalty shall be the greater of one thousand dollars or three times the amount of the current year's fee. The penalty assessed under this subsection shall be collected each year after the year for which the penalty was assessed until an adequate plan or executive summary is completed.

(b) If a hazardous substance user or hazardous waste generator required to prepare a plan fails to complete an adequate plan, executive summary, or annual progress report after the department has levied against the user or generator the penalty provided in (a) of this subsection, the user or generator shall be required to pay a surcharge to the department whenever the user or generator disposes of a hazardous waste at any hazardous waste incinerator or hazardous waste landfill facility located in Washington state, until a plan, executive summary, or annual progress report is completed and determined to be adequate by the department. The surcharge shall be equal to three times the fee charged for disposal. The department shall furnish the incinerator and landfill facilities in this state with a list of environmental protection agency/state identification numbers of the hazardous waste generators that are not in compliance with the requirements of section 6 of this act.

NEW SECTION. Sec. 9. A new section is added to chapter 70.95C RCW to read as follows:

A user or generator may appeal from a department order or a surcharge under section 8 of this act to the pollution control hearings board pursuant to chapter 43.21B RCW.

NEW SECTION. Sec. 10. A new section is added to chapter 70.95C RCW to read as follows:

(1) The department shall make available for public inspection any executive summary or annual progress report submitted to the department. Any hazardous substance user or hazardous waste generator required to prepare an executive summary or annual progress report who believes that disclosure of any information contained in the executive summary or annual progress report may adversely affect the competitive position of the user or generator may request the department pursuant to RCW 43.21A.160 to delete from the public record those portions of the executive summary or annual progress report that may affect the user's or generator's competitive position. The department shall not disclose any information contained in an executive summary or annual progress report pending a determination of whether the department will delete any information contained in the report from the public record.

(2) Any ten persons residing within ten miles of a hazardous substance user or hazardous waste generator required to prepare a plan may file with the department a petition requesting the department to examine a plan to determine its adequacy. The department shall report its determination of adequacy to the petitioners and to the user or generator within a reasonable time. The department may deny a petition if the department has within the previous year determined the plan of the user or generator named in the petition to be adequate.

(3) The department shall maintain a record of each plan, executive summary, or annual progress report it reviews, and a list of all plans, executive summaries, or annual progress reports the department has determined to be inadequate, including descriptions of corrective actions taken. This information shall be made available to the public.

NEW SECTION. Sec. 11. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

The annual amount of the fee shall be thirty-five dollars upon every known generator or potential generator doing business in Washington in the current calendar year or any part thereof. This fee shall be collected by the department of revenue. A potential generator shall be exempt from the fee imposed under this section if the potential generator is entitled to the exemption in RCW 82.04.300 in the current calendar year. The department shall, subject to appropriation, use the funds collected from the fees assessed in this subsection to support the activities of the office of waste reduction as specified in RCW 70.95C.030. The fee imposed pursuant to this section shall be first due on July 31, 1990, for any generator or potential generator operating in Washington from the effective date of this act to December 31, 1990, or any part thereof.

NEW SECTION. Sec. 13. (1) Hazardous waste generators and hazardous substance users required to prepare plans under section 6 of this act shall pay an additional fee to support

implementation of section 6 of this act and RCW 70.95C.040. These fees are to be used by the department, subject to appropriation, for plan review, technical assistance to facilities that are required to prepare plans, other activities related to plan development and implementation, and associated indirect costs. The total fees collected under this subsection shall not exceed the department's costs of implementing section 6 of this act and RCW 70.95C.040 and shall not exceed one million dollars per year. The annual fee for a facility shall not exceed ten thousand dollars per year. Any facility that generates less than two thousand six hundred forty pounds of hazardous waste per waste generation site in the previous calendar year shall be exempt from the fee imposed by this section. The annual fee for a facility generating at least two thousand six hundred forty pounds but not more than four thousand pounds of hazardous waste per waste generation site in the previous calendar year shall not exceed fifty dollars. A person that develops a plan covering more than one interrelated facility as provided for in section 6 of this act shall be assessed fees only for the number of plans prepared. The department shall adopt a fee schedule by rule after consultation with typical affected businesses and other interested parties. Hazardous waste generated and recycled for beneficial use, including initial amount of hazardous substances introduced into a process and subsequently recycled for beneficial use, shall not be used in the calculations of hazardous waste generated for purposes of this section.

(2) Fees imposed by this section shall be first due on July 1, 1991, for facilities that are required to prepare plans in 1992, on July 1, 1992, for facilities that are required to prepare plans in 1993, and on July 1, 1993, for facilities that are required to prepare plans in 1994.

NEW SECTION. Sec. 14. On an annual basis, the department shall adjust the fees provided for in sections 12 and 13 of this act, including the maximum annual fee, and maximum total fees, by conducting the calculation in subsection (1) of this section and taking the actions set forth in subsection (2) of this section:

(1) In November of each year, the fees, annual fee, and maximum total fees imposed in sections 12 and 13 of this act, or as subsequently adjusted by this section, shall be multiplied by a factor equal to the most current quarterly 'price deflator' available, divided by the 'price deflator' used in the numerator the previous year. However, the 'price deflator' used in the denominator for the first adjustment shall be defined by the second quarter 'price deflator' for 1990.

(2) Each year by March 1 the fee schedule, as adjusted in subsection (1) of this section will be published. The department will round the published fees to the nearest dollar.

NEW SECTION. Sec. 15. In administration of this chapter for the enforcement and collection of the fees due and owing under this chapter, the department of revenue is authorized to apply the provisions of chapter 82.32 RCW, except that the provisions of RCW 82.32.050 and 82.32.090 shall not apply.

NEW SECTION. Sec. 16. If a known or potential generator fails to pay all or any part of a fee imposed under this chapter, the department of revenue shall charge a penalty of three times the amount of the unpaid fee. The department of revenue shall waive any penalty in accordance with RCW 82.32.105.

NEW SECTION. Sec. 17. The legislative budget committee in 1994 shall review the fees provided for in chapter 70.____ (sections 11 through 20 of this act) and report its findings to the legislature not later than July 1, 1995.

NEW SECTION. Sec. 18. The hazardous waste assistance account is hereby created in the state treasury. The following moneys shall be deposited into the hazardous waste assistance account:

(1) Those revenues which are raised by the fees imposed under sections 12 and 13 of this act;

(2) Penalties and surcharges collected under chapter 70.95C RCW and this chapter; and

(3) Any other moneys appropriated or transferred to the account by the legislature. All earnings from investment of balances in the hazardous waste assistance account, except as provided in RCW 43.84.090, shall be credited to the hazardous waste assistance account. Moneys in the hazardous waste assistance account may be spent only for the purposes of this chapter following legislative appropriation.

NEW SECTION. Sec. 19. The department may use funds in the hazardous waste assistance account to provide technical assistance and compliance education assistance to hazardous substance users and waste generators, to provide grants to local governments, and for administration of this chapter. The department of revenue shall be appropriated a percentage amount of the total fees collected, not to exceed two percent of the total fees collected, for administration and collection expenses incurred by the department of revenue.

Technical assistance may include the activities authorized under chapter 70.95C RCW and RCW 70.105.170 to encourage hazardous waste reduction and hazardous use reduction and the assistance provided for by RCW 70.105.100(2).

Compliance education may include the activities authorized under RCW 70.105.100(2) to train local agency officials and to inform hazardous substance users and hazardous waste generators and owners and operators of hazardous waste management facilities of the requirements of chapter 70.105 RCW and related federal laws and regulations.

Grants to local governments shall be used for small quantity generator technical assistance and compliance education components of their moderate risk waste plans as required by RCW 70.105.220.

NEW SECTION. Sec. 20. Nothing in this chapter relates to radioactive wastes or substances composed of both radioactive and hazardous components, and the department is precluded from using the funds of the hazardous waste assistance account for the regulation and control of such wastes.

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2526 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 7, chapter 450, Laws of 1985 and RCW 80.36.350 are each amended to read as follows:

Each telecommunications company not operating under tariff in Washington on January 1, 1985, shall register with the commission before beginning operations in this state. The registration shall be on a form prescribed by the commission and shall contain such information as the commission may by rule require, but shall include as a minimum the name and address of the company; the name and address of its registered agent, if any; the name, address, and title of each officer or director; its most current balance sheet; its latest annual report, if any; and a description of the telecommunications services it offers or intends to offer.

The commission may require as a precondition to registration the procurement of a performance bond sufficient to cover any advances or deposits the telecommunications company may collect from its customers, or order that such advances or deposits be held in escrow or trust.

The commission may deny registration to any telecommunications company which:

- (1) Does not provide the information required by this section;
- (2) Fails to provide a performance bond, if required;
- (3) Does not possess adequate financial resources to provide the proposed service; or
- (4) Does not possess adequate technical competency to provide the proposed service.

The commission shall take action to approve or issue a notice of hearing concerning any application for registration within thirty days after receiving the application. The commission may approve an application with or without a hearing. The commission may deny an application after a hearing.

A telecommunications company may also submit a petition for competitive classification under RCW 80.36.310 at the time it applies for registration. The commission may act on the registration application and the competitive classification petition at the same time.

NEW SECTION. Sec. 2. A new section is added to chapter 80.36 RCW to read as follows:

All alternate operator service companies providing services within the state shall register with the commission as a telecommunications company before providing alternate operator services. The commission may deny an application for registration of an alternate operator services company if, after a hearing, it finds that the services and charges to be offered by the company are not for the public convenience and advantage. The commission may suspend the registration of an alternate operator services company if, after a hearing, it finds that the company does not meet the service or disclosure requirements of the commission. Any alternate operator services company that provides service without being properly registered with the commission shall be subject to a penalty of not less than five hundred dollars and not more than one thousand dollars for each and every offense. In case of a continuing offense, every day's continuance shall be a separate offense. The penalty shall be recovered in an action as provided in RCW 80.04.400.

NEW SECTION. Sec. 3. A new section is added to chapter 80.36 RCW to read as follows:

The commission may adopt rules that provide for minimum service levels for telecommunications companies providing alternate operator services. The rules may provide a means for

suspending the registration of a company providing alternate operator services if the company fails to meet minimum service levels or if the company fails to provide appropriate disclosure to consumers of the protection afforded under this chapter.

Sec. 4. Section 3, chapter 91, Laws of 1988 and RCW 80.36.530 are each amended to read as follows:

In addition to the penalties provided in this title, a violation of RCW 80.36.510 ((or)), 80.36.520, or section 3 of this act constitutes ((a)) an unfair or deceptive act in trade or commerce in violation of chapter 19.86 RCW, the consumer protection act. Acts in violation of RCW 80.36.510, 80.36.520, or section 3 of this act are not reasonable in relation to the development and preservation of business, and constitute matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. It shall be presumed that damages to the consumer are equal to the cost of the service provided plus two hundred dollars. Additional damages must be proved."

On page 1, line 1 of the title, after "companies;" strike the remainder of the title and insert "amending RCW 80.36.350 and 80.36.530; adding new sections to chapter 80.36 RCW; and prescribing penalties."

SENATE AMENDMENTS TO HOUSE BILL

March 2, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2906 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that some properties are being contaminated by hazardous chemicals used in unsafe or illegal ways in the manufacture of illegal drugs. Innocent members of the public may be harmed by the residue left by these chemicals when the properties are subsequently rented or sold without having been decontaminated.

NEW SECTION. Sec. 2. The words and phrases defined in this section shall have the following meanings when used in this chapter unless the context clearly indicates otherwise.

(1) 'Authorized contractor' means a person who decontaminates, demolishes, or disposes of contaminated property as required by this act who is: (a) Certified by the department as provided for in section 7 of this act, or (b) until January 1, 1991, listed with the department as provided for in section 8 of this act.

(2) 'Contaminated' or 'contamination' means polluted by hazardous chemicals so that the property is unfit for human habitation or use due to immediate or long-term hazards. Property that at one time was contaminated but has been satisfactorily decontaminated according to procedures established by the state board of health is not 'contaminated.'

(3) 'Hazardous chemicals' means the following substances used in the manufacture of illegal drugs: (a) Hazardous substances as defined in RCW 70.105D.020, and (b) precursor substances as defined in RCW 69.43.010 which the state board of health, in consultation with the state board of pharmacy, has determined present an immediate or long-term health hazard to humans.

(4) 'Officer' means a local health officer authorized under chapters 70.05, 70.08, and 70.46 RCW.

(5) 'Property' means any property, site, structure, or part of a structure which is involved in the unauthorized manufacture or storage of hazardous chemicals. This includes but is not limited to single-family residences, units of multiplexes, condominiums, apartment buildings, boats, motor vehicles, trailers, manufactured housing, or any shop, booth, or garden.

NEW SECTION. Sec. 3. Whenever a law enforcement agency becomes aware that property has been contaminated by hazardous chemicals, that agency shall report the contamination to the local health officer. The local health officer shall cause a posting of a notice on the premises immediately upon being notified of the contamination and shall cause an inspection to be done on the property within fourteen days after receiving the notice of contamination. If a property owner believes that a tenant has contaminated property that was being leased or rented, and the property is vacated or abandoned, then the property owner shall contact the local health officer about the possible contamination. Local health officers or boards may charge reasonable fees for inspections of property requested by property owners.

If property is determined to be contaminated, then the local health officer shall cause a posting of a notice on the premises. A local health officer may enter, inspect, and survey at reasonable times any properties for which there are reasonable grounds to believe that the property has become contaminated.

Local health officers must report all cases of contaminated property to the state department of health. The department may make the list of contaminated properties available to health associations, landlord and realtor organizations, prosecutors, and other interested groups. The department shall promptly update the list of contaminated properties to remove those which have been decontaminated according to provisions of this chapter.

NEW SECTION. Sec. 4. If after the inspection of the property, the local health officer finds that it is contaminated, then the property shall be found unfit for use. The local health officer shall cause to be served either personally or by certified mail, with return receipt requested, upon all occupants and persons having any interest therein as shown upon the records of the auditor's office of the county in which such property is located, and shall post in a conspicuous place on the property, an order prohibiting use. If the whereabouts of such persons is unknown and the same cannot be ascertained by the local health officer in the exercise of reasonable diligence, and the health officer makes an affidavit to that effect, then the serving of the order upon such persons may be made either by personal service or by mailing a copy of the order by certified mail, postage prepaid, return receipt requested, to each person at the address appearing on the last equalized tax assessment roll of the county where the property is located or at the address known to the county assessor, and the order shall be posted conspicuously at the residence. A copy of the order shall also be mailed, addressed to each person or party having a recorded right, title, estate, lien, or interest in the property. Such order shall contain a notice that a hearing before the local health board or officer shall be held upon the request of a person required to be notified of the order under this section. The request for a hearing must be made within ten days of serving the order. The hearing shall then be held within not less

than twenty days nor more than thirty days after the serving of the order. The officer shall prohibit use as long as the property is found to be contaminated. A copy of the order shall also be filed with the auditor of the county in which the property is located, and such filing of the complaint or order shall have the same force and effect as other lis pendens notices provided by law. In any hearing concerning whether property is fit for use, the property owner has the burden of showing that the property is decontaminated or fit for use. The owner or any person having an interest in the property may file an appeal on any order issued by the local health board or officer within thirty days from the date of service of the order with the appeals commission established pursuant to RCW 35.80.030. All proceedings before the appeals commission, including any subsequent appeals to superior court, shall be governed by the procedures established in chapter 35.80 RCW.

NEW SECTION. Sec. 5. The city or county in which the contaminated property is located may take action to condemn or demolish property or to require the property be vacated or the contents removed from the property. The city or county must use an authorized contractor if property is demolished or removed under this section. No city or county may condemn or demolish property pursuant to this section until all procedures granting the right of notice and the opportunity to appeal in section 4 of this act have been exhausted.

NEW SECTION. Sec. 6. An owner of contaminated property who desires to have the property decontaminated must use the services of an authorized contractor to decontaminate the property. The contractor shall prepare and submit a written work plan for decontamination to the local health officer. The local health officer may charge a reasonable fee for review of the work plan. If the work plan is approved and the decontamination is completed and the property is retested according to the plan and properly documented, then the health officer shall allow reuse of the property. A notice shall be recorded in the real property records if applicable, indicating the property has been decontaminated in accordance with rules of the state department of health.

NEW SECTION. Sec. 7. (1) After January 1, 1991, a contractor may not perform decontamination, demolition, or disposal work unless issued a certificate by the state department of health. The department shall establish performance standards for contractors by rule in accordance with chapter 34.05 RCW, the administrative procedure act. The department shall train and test, or may approve courses to train and test, contractors and their employees on the essential elements in assessing property used as an illegal drug manufacturing or storage site to determine hazard reduction measures needed, techniques for adequately reducing contaminants, use of personal protective equipment, methods for proper demolition, removal, and disposal of contaminated property, and relevant federal and state regulations. Upon successful completion of the training, the contractor or employee shall be certified.

(2) The department may require the successful completion of annual refresher courses provided or approved by the department for the continued certification of the contractor or employee.

(3) The department shall provide for reciprocal certification of any individual trained to engage in decontamination, demolition, or disposal work in another state when the prior training is shown to be substantially similar to the training required by the department. The department may require such individuals to take an examination or refresher course before certification.

(4) The department may deny, suspend, or revoke a certificate for failure to comply with the requirements of this chapter or any rule adopted pursuant to this chapter. A certificate may be denied, suspended, or revoked on any of the following grounds:

(a) Failing to perform decontamination, demolition, or disposal work under the supervision of trained personnel;

(b) Failing to file a work plan;

(c) Failing to perform work pursuant to the work plan;

(d) Failing to perform work that meets the requirements of the department; or

(e) The certificate was obtained by error, misrepresentation, or fraud.

(5) A contractor who violates any provision of this chapter may be assessed a fine not to exceed five hundred dollars for each violation.

(6) The department of health shall prescribe fees as provided for in RCW 43.70.250 for the issuance and renewal of certificates, the administration of examinations, and for the review of training courses.

(7) The decontamination account is hereby established in the state treasury. All fees collected under this chapter shall be deposited in this account. Moneys in the account may only be spent after appropriation for costs incurred by the department in the administration and enforcement of this chapter.

NEW SECTION. Sec. 8. Until January 1, 1991, a property owner who wishes to have property decontaminated in accordance with the provisions of this act, shall contact the state department of health to receive a list of environmental service contractors who perform decontamination work. The property owner may choose any contractor on the list to perform the necessary work.

NEW SECTION. Sec. 9. The state board of health shall promulgate rules and standards for carrying out the provisions in this chapter in accordance with chapter 34.05 RCW, the administrative procedure act. The local board of health and the local health officer are authorized to exercise such powers as may be necessary to carry out this chapter. The department shall provide technical assistance to local health boards and health officers to carry out their duties under sections 1 through 11 of this act. The department shall develop guidelines for decontamination of a property used as a drug laboratory and methods for the testing of ground water, surface water, soil, and septic tanks for contamination.

NEW SECTION. Sec. 10. Members of the state board of health and local boards of health, local health officers, and employees of the department of health and local health departments are immune from civil liability arising out of the performance of their duties under this chapter, unless such performance constitutes gross negligence or intentional misconduct.

NEW SECTION. Sec. 11. This chapter shall not limit state or local government authority to act under any other statute, including chapter 35.80 or 7.48 RCW.

Sec. 12. Section 15, chapter 2, Laws of 1983 as last amended by section 212, chapter 271, Laws of 1989 and RCW 69.50.505 are each amended to read as follows:

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent;

(iii) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(iv) When the owner of a conveyance has been arrested under this chapter or chapter 69.41 or 69.52 RCW the conveyance in which the person is arrested may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest;

Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. (1)(a) In the event of insolvency of a health care service contractor or health maintenance organization and upon order of the commissioner, all other carriers then having active enrolled participants under a group plan with the affected agreement holder that participated in the enrollment process with the insolvent health care service contractor or health maintenance organization at a group's last regular enrollment period shall offer the eligible enrolled

participants of the insolvent health services contractor or health maintenance organization the opportunity to enroll in an existing group plan without medical underwriting during a thirty-day open enrollment period, commencing on the date of the insolvency. Eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's group plan. An open enrollment shall not be required where the agreement holder participates in a self-insured, self-funded, or other health plan exempt from commissioner rule, unless the plan administrator and agreement holder voluntarily agree to offer a simultaneous open enrollment and extend coverage under the same enrollment terms and conditions as are applicable to carriers under this title and rules adopted under this title. If an exempt plan was offered during the last regular open enrollment period, then the carrier may offer the agreement holder the same coverage as any self-insured plan or plans offered by the agreement holder without regard to coverage, benefit, or provider requirements mandated by this title for the duration of the current agreement period.

(b) For purposes of this subsection only, the term 'carrier' means a health maintenance organization or a health care service contractor. In the event of insolvency of a carrier and if no other carrier has active enrolled participants under a group plan with the affected agreement holder, or if the commissioner determines that the other carriers lack sufficient health care delivery resources to assure that health services will be available or accessible to all of the group enrollees of the insolvent carrier, then the commissioner shall allocate equitably the insolvent carrier's group agreements for these groups among all carriers that operate within a portion of the insolvent carrier's area, taking into consideration the health care delivery resources of each carrier. Each carrier to which a group or groups are allocated shall offer the agreement holder, without medical underwriting, the carrier's existing coverage that is most similar to each group's coverage with the insolvent carrier at rates determined in accordance with the successor carrier's existing rating methodology. The eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's group plan. No offering by a carrier shall be required where the agreement holder participates in a self-insured, self-funded, or other health plan exempt from commissioner rule. The carrier may offer the agreement holder the same coverage as any self-insured plan or plans offered by the agreement holder without regard to coverage, benefit, or provider requirements mandated by this title for the duration of the current agreement period.

(2) The commissioner shall also allocate equitably the insolvent carrier's nongroup enrolled participants who are unable to obtain coverage among all carriers that operate within a portion of the insolvent carrier's service area, taking into consideration the health care delivery resources of the carrier. Each carrier to which nongroup enrolled participants are allocated shall offer the nongroup enrolled participants the carrier's existing comprehensive conversion plan, without additional medical underwriting, at rates determined in accordance with the successor carrier's existing rating methodology. The eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's plan.

(3) Any agreements covering participants allocated pursuant to subsections (1)(b) and (2) of this section to carriers pursuant to this section may be rerated after ninety days of coverage.

(4) A limited health care service contractor shall not be required to offer services other than its one limited health care service to any enrolled participant of an insolvent carrier.

Sec. 10. Section 20, chapter 106, Laws of 1983 and RCW 48.46.420 are each amended to read as follows:

(1) Any health maintenance organization which, or person who, violates any provision of this chapter shall be guilty of a gross misdemeanor.

(2) A health maintenance organization that fails to comply with the net worth requirements of this chapter must cure that defect in compliance with an order of the commissioner rendered in conformity with rules adopted pursuant to chapter 34.05 RCW. The commissioner is authorized to take appropriate action to assure that the continued operation of the health maintenance organization will not be hazardous to its enrolled participants.

Sec. 11. Section 3, chapter 243, Laws of 1986 and RCW 48.80.030 are each amended to read as follows:

(1) A person shall not make or present or cause to be made or presented to a health care payer a claim for a health care payment knowing the claim to be false.

(2) No person shall knowingly present to a health care payer a claim for a health care payment that falsely represents that the goods or services were medically necessary in accordance with professionally accepted standards. Each claim that violates this subsection shall constitute a separate offense.

(3) No person shall knowingly make a false statement or false representation of a material fact to a health care payer for use in determining rights to a health care payment. Each claim that violates this subsection shall constitute a separate violation.

(4) No person shall conceal the occurrence of any event affecting his or her initial or continued right under a contract, certificate, or policy of insurance to have a payment made by a

health care payer for a specified health care service. A person shall not conceal or fail to disclose any information with intent to obtain a health care payment to which the person or any other person is not entitled, or to obtain a health care payment in an amount greater than that which the person or any other person is entitled.

(5) No provider shall willfully collect or attempt to collect an amount from an insured knowing that to be in violation of an agreement or contract with a health care payor to which the provider is a party.

(6) A person who violates this section is guilty of a class C felony punishable under chapter 9A.20 RCW.

((6)) (7) This section does not apply to statements made on an application for coverage under a contract or certificate of health care coverage issued by an insurer, health care service contractor, health maintenance organization, or other legal entity which is self-insured and providing health care benefits to its employees.

NEW SECTION. Sec. 12. Section 2, chapter 151, Laws of 1982 and RCW 48.46.230 are each repealed."

(2) 'Provider' means any ~~((person lawfully licensed or authorized by the state of Washington to render any health care))~~ health professional, hospital, or other institution, organization, or person that furnishes health care services and is licensed to furnish such services.

(3) 'Health care service contractor' means any corporation, cooperative group, or association, which is sponsored by or otherwise intimately connected with a provider or group of providers, who or which not otherwise being engaged in the insurance business, accepts prepayment for health care services from or for the benefit of persons or groups of persons as consideration for providing such persons with any health care services.

(4) '(Participant) Participating provider' means a provider, who or which has contracted in writing with a health care service contractor to accept payment from and to look solely to such contractor according to the terms of the subscriber contract for any health care services rendered to a person who has previously paid, or on whose behalf prepayment has been made, to such contractor for such services.

(5) 'Enrolled participant' means a person or group of persons who have entered into a contractual arrangement or on whose behalf a contractual arrangement has been entered into with a health care service contractor to receive health care services.

(6) 'Commissioner' means the insurance commissioner.

NEW SECTION. Sec. 2. A new section is added to chapter 48.44 RCW to read as follows:

(1) Any rehabilitation, liquidation, or conservation of a health care service contractor shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the commissioner pursuant to the law governing the rehabilitation, liquidation, or conservation of insurance companies. The commissioner may apply for an order directing the commissioner to rehabilitate, liquidate, or conserve a health care service contractor upon any one or more grounds set out in RCW 48.31.030, 48.31.050, and 48.31.080.

(2) For purpose of determining the priority of distribution of general assets, claims of enrolled participants and enrolled participants' beneficiaries shall have the same priority as established by RCW 48.31.280 for policyholders and beneficiaries of insureds of insurance companies. If an enrolled participant is liable to any provider for services provided pursuant to and covered by the health care plan, that liability shall have the status of an enrolled participant claim for distribution of general assets.

(3) Any provider who is obligated by statute or agreement to hold enrolled participants harmless from liability for services provided pursuant to and covered by a health care plan shall have a priority of distribution of the general assets immediately following that of enrolled participants and enrolled participants' beneficiaries as described herein, and immediately preceding the priority of distribution described in chapter 48.31 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 48.44 RCW to read as follows:

(1) For purposes of this section only, 'limited health care service' means dental care services, vision care services, mental health services, chemical dependency services, pharmaceutical services, podiatric care services, and such other services as may be determined by the commissioner to be limited health services, but does not include hospital, medical, surgical, emergency, or out-of-area services except as those services are provided incidentally to the limited health services set forth in this subsection.

(2) For purposes of this section only, a 'limited health care service contractor' means a health care service contractor that offers one and only one limited health care service.

(3) For all limited health care service contractors that have had a certificate of registration for less than three years, their uncovered expenditures shall be either insured or guaranteed by a foreign or domestic carrier admitted in the state of Washington or by another carrier acceptable to the commissioner. All such contractors shall also deposit with the commissioner one-half of one percent of their projected premium for the next year in cash, approved surety bond, securities, or other form acceptable to the commissioner.

(4) For all limited health care service contractors that have had a certificate of registration for three years or more, their uncovered expenditures shall be assured by depositing with the insurance commissioner twenty-five percent of their last year's uncovered expenditures as reported to the commissioner and adjusted to reflect any anticipated increases or decreases during the ensuing year plus an amount for unearned prepayments; in cash, approved surety bond, securities, or other form acceptable to the commissioner. Compliance with subsection (3) of this section shall also constitute compliance with this requirement.

(5) Limited health service contractors need not comply with section 4 or 7 of this act.

NEW SECTION, Sec. 4. A new section is added to chapter 48.44 RCW to read as follows:

(1)(a) Except as provided in subsection (2) of this section, every health care service contractor must have a net worth of one million five hundred thousand dollars at the time of initial registration under this chapter and a net worth of one million dollars thereafter. The commissioner is authorized to establish standards for reviewing a health care service contractor's financial integrity when, for any reason, its net worth is reduced below one million dollars. When satisfied that such a health care service contractor is financially stable and not hazardous to its enrolled participants, the commissioner may waive compliance with the one million dollar net worth standard otherwise required by this subsection. When such a health care service contractor's net worth falls below five hundred thousand dollars, the commissioner shall require that net worth be increased to one million dollars.

(b) A health care service contractor who fails to maintain the required net worth must cure that defect in compliance with an order of the commissioner rendered in conformity with rules adopted under chapter 34.05 RCW. The commissioner may take appropriate action to assure that the continued operation of the health care service contractor will not be hazardous to its enrolled participants.

(2) A health care service contractor registered before the effective date of this act must maintain a net worth of:

(a) Twenty-five percent of the amount required by subsection (1) of this section by December 31, 1990;

(b) Fifty percent of the amount required by subsection (1) of this section by December 31, 1991;

(c) Seventy-five percent of the amount required by subsection (1) of this section by December 31, 1992; and

(d) One hundred percent of the amount required by subsection (1) of this section by December 31, 1993.

(3)(a) In determining net worth, no debt shall be considered fully subordinated unless the subordination is in a form acceptable to the commissioner. An interest obligation relating to the repayment of a subordinated debt must be similarly subordinated.

(b) The interest expenses relating to the repayment of a fully subordinated debt shall not be considered uncovered expenditures.

(c) A subordinated debt incurred by a note meeting the requirement of this section, and otherwise acceptable to the commissioner, shall not be considered a liability and shall be recorded as equity.

(4) Every health care service contractor shall, when determining liabilities, include an amount estimated in the aggregate to provide for any unearned premium and for the payment of all claims for health care expenditures which have been incurred, whether reported or unreported, which are unpaid and for which the organization is or may be liable, and to provide for the expense of adjustment or settlement of the claims.

Liabilities shall be computed in accordance with regulations adopted by the commissioner upon reasonable consideration of the ascertained experience and character of the health care service contractor.

(5) All income from reserves on deposit with the commissioner shall belong to the depositing health care service contractor and shall be paid to it as it becomes available.

(6) Any funded reserve required by this chapter shall be considered an asset of the health care service contractor in determining the organization's net worth.

(7) A health care service contractor that has made a securities deposit with the commissioner may, at its option, withdraw the securities deposit or any part thereof after first having deposited or provided in lieu thereof an approved surety bond, a deposit of cash or securities, or any combination of these or other deposits of equal amount and value to that withdrawn. Any securities and surety bond shall be subject to approval by the commissioner before being substituted.

Sec. 5. Section 2, chapter 268, Laws of 1947 as last amended by section 2, chapter 223, Laws of 1986 and RCW 48.44.020 are each amended to read as follows:

(1) Any health care service contractor may enter into ((agreements)) contracts with or for the benefit of persons or groups of persons which require prepayment for health care services by or for such persons in consideration of such health care service contractor providing one or more health care services to such persons and such activity shall not be subject to the laws relating to insurance if the health care services are rendered by the health care service contractor or by a ((participant)) participating provider.

(2) The commissioner may on examination, subject to the right of the health care service contractor to demand and receive a hearing under chapters 48.04 and 34.05 RCW, disapprove any contract form for any of the following grounds:

(a) If it contains or incorporates by reference any inconsistent, ambiguous or misleading clauses, or exceptions and conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the contract; or

(b) If it has any title, heading or other indication of its provisions which is misleading; or

(c) If purchase of health care services thereunder is being solicited by deceptive advertising; or

(d) If, the benefits provided therein are unreasonable in relation to the amount charged for the contract;

(e) If it contains unreasonable restrictions on the treatment of patients;

(f) If it violates any provision of this chapter;

(g) If it fails to conform to minimum provisions or standards required by regulation made by the commissioner pursuant to chapter 34.05 RCW;

(h) If any contract for health care services with any state agency, division, subdivision, board or commission or with any political subdivision, municipal corporation, or quasi-municipal corporation fails to comply with state law.

(3)(a) Every contract between a health care service contractor and a participating provider of health care services shall be in writing and shall state that in the event the health care service contractor fails to pay for health care services as provided in the contract, the enrolled participant shall not be liable to the provider for sums owed by the health care service contractor. Every such contract shall provide that this requirement shall survive termination of the contract.

(b) No participating provider, agent, trustee or assignee may maintain any action against an enrolled participant to collect sums owed by the health care service contractor.

Sec. 6. Section 1, chapter 168, Laws of 1982 as last amended by section 1, chapter 122, Laws of 1989 and RCW 48.44.026 are each amended to read as follows:

Checks in payment for claims pursuant to any health care service contract for health care services provided by persons licensed or regulated under chapters 18.22, 18.25, 18.29, 18.32, 18.53, 18.57, 18.64, 18.71, 18.73, 18.74, 18.83, or 18.88 RCW, where the provider is not a ((participant)) participating provider under a contract with the health care service contractor, shall be made out to both the provider and the ((insured)) enrolled participant with the provider as the first named payee, jointly, to require endorsement by each: PROVIDED, That payment shall be made in the single name of the ((insured)) enrolled participant if the ((insured)) enrolled participant as part of his or her claim furnishes evidence of prepayment to the health care service provider: AND PROVIDED FURTHER, That nothing in this section shall preclude a health care service contractor from voluntarily issuing payment in the single name of the provider.

Sec. 7. Section 3, chapter 268, Laws of 1947 as last amended by section 3, chapter 223, Laws of 1986 and RCW 48.44.030 are each amended to read as follows:

If any of the health care services which are promised in any such agreement are not to be performed by the health care service contractor, or by a ((participant)) participating provider, such activity shall not be subject to the laws relating to insurance, provided provision is made for reimbursement or indemnity of the persons who have previously paid, or on whose behalf prepayment has been made, for such services. Such reimbursement or indemnity shall either be underwritten by an insurance company authorized to write accident, health and disability insurance in the state or guaranteed by a surety company authorized to do business in this state, or guaranteed by a deposit of cash or securities eligible for investment by insurers pursuant to chapter 48.13 RCW, with the insurance commissioner, as hereinafter provided. If the reimbursement or indemnity is underwritten by an insurance company, the contract or policy of insurance may designate the health care service contractor as the named insured, but shall be for the benefit of the persons who have previously paid, or on whose behalf prepayment has been made, for such health care services. If the reimbursement or indemnity is guaranteed by a surety company, the surety bond shall designate the state of Washington as the named obligee, but shall be for the benefit of the persons who have previously paid, or on whose behalf prepayment has been made, for such health care services, and shall be in such amount as the insurance commissioner shall direct, but in no event in a sum greater than the amount of one hundred fifty thousand dollars or the amount necessary to cover incurred but unpaid reimbursement or indemnity benefits as reported in the last annual statement filed with the insurance commissioner, and adjusted to reflect known or anticipated increases or decreases

during the ensuing year, plus an amount of unearned prepayments applicable to reimbursement or indemnity benefits satisfactory to the insurance commissioner, whichever amount is greater. A copy of such insurance policy or surety bond, as the case may be, and any modification thereof, shall be filed with the insurance commissioner. If the reimbursement or indemnity is guaranteed by a deposit of cash or securities, such deposit shall be in such amount as the insurance commissioner shall direct, but in no event in a sum greater than the amount of one hundred fifty thousand dollars or the amount necessary to cover incurred but unpaid reimbursement or indemnity benefits as reported in the last annual statement filed with the insurance commissioner, and adjusted to reflect known or anticipated increases or decreases during the ensuing year, plus an amount of unearned prepayments applicable to reimbursement or indemnity benefits satisfactory to the insurance commissioner, whichever amount is greater. Such cash or security deposit shall be held in trust by the insurance commissioner and shall be for the benefit of the persons who have previously paid, or on whose behalf prepayment has been made, for such health care services.

NEW SECTION, Sec. 8. A new section is added to chapter 48.44 RCW to read as follows:

(1)(a) In the event of insolvency of a health services contractor or health maintenance organization and upon order of the commissioner, all other carriers then having active enrolled participants under a group plan with the affected agreement holder that participated in the enrollment process with the insolvent health services contractor or health maintenance organization at a group's last regular enrollment period shall offer the eligible enrolled participants of the insolvent health services contractor or health maintenance organization the opportunity to enroll in an existing group plan without medical underwriting during a thirty-day open enrollment period, commencing on the date of the insolvency. Eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's group plan. An open enrollment shall not be required where the agreement holder participates in a self-insured, self-funded, or other health plan exempt from commissioner rule, unless the plan administrator and agreement holder voluntarily agree to offer a simultaneous open enrollment and extend coverage under the same enrollment terms and conditions as are applicable to carriers under this title and rules adopted under this title. If an exempt plan was offered during the last regular open enrollment period, then the carrier may offer the agreement holder the same coverage as any self-insured plan or plans offered by the agreement holder without regard to coverage, benefit, or provider requirements mandated by this title for the duration of the current agreement period.

(b) For purposes of this subsection only, the term 'carrier' means a health maintenance organization or a health care services contractor. In the event of insolvency of a carrier and if no other carrier has active enrolled participants under a group plan with the affected agreement holder, or if the commissioner determines that the other carriers lack sufficient health care delivery resources to assure that health services will be available or accessible to all of the group enrollees of the insolvent carrier, then the commissioner shall allocate equitably the insolvent carrier's group agreements for these groups among all carriers that operate within a portion of the insolvent carrier's area, taking into consideration the health care delivery resources of each carrier. Each carrier to which a group or groups are allocated shall offer the agreement holder, without medical underwriting, the carrier's existing coverage that is most similar to each group's coverage with the insolvent carrier at rates determined in accordance with the successor carrier's existing rating methodology. The eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's group plan. No offering by a carrier shall be required where the agreement holder participates in a self-insured, self-funded, or other health plan exempt from commissioner rule. The carrier may offer the agreement holder the same coverage as any self-insured plan or plans offered by the agreement holder without regard to coverage, benefit, or provider requirements mandated by this title for the duration of the current agreement period.

(2) The commissioner shall also allocate equitably the insolvent carrier's nongroup enrolled participants who are unable to obtain coverage among all carriers that operate within a portion of the insolvent carrier's service area, taking into consideration the health care delivery resources of the carrier. Each carrier to which nongroup enrolled participants are allocated shall offer the nongroup enrolled participants the carrier's existing comprehensive conversion plan, without additional medical underwriting, at rates determined in accordance with the successor carrier's existing rating methodology. The eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's plan.

(3) Any agreements covering participants allocated pursuant to subsections (1)(b) and (2) of this section to carriers pursuant to this section may be rerated after ninety days of coverage.

(4) A limited health care service contractor shall not be required to offer services other than its one limited health care service to any enrolled participant of an insolvent carrier.

The commissioner may approve such a contract form for immediate use at any time. Approval may be subsequently withdrawn for cause.

(3) Subject to the right of the health care service contractor to demand and receive a hearing under chapters 48.04 and 34.05 RCW, the commissioner may disapprove such a contract form if it is in any respect in violation of this chapter or if it fails to conform to minimum provisions or standards required by the commissioner by rule under chapter 34.05 RCW.

SENATE AMENDMENTS TO HOUSE BILL

March 2, 1990

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2122 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 4, chapter 524, Laws of 1987 and RCW 13.34.060 are each amended to read as follows:

(1) A child taken into custody pursuant to RCW 13.34.050 or 26.44.050 shall be immediately placed in shelter care. A child taken by a relative of the child in violation of RCW 9A.40.060 or 9A.40.070 shall be placed in shelter care only when permitted under RCW 13.34.055. 'Shelter care' means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to that section. Whenever a child is taken into such custody pursuant to this section, the supervising agency may authorize evaluations of the child's physical or emotional condition, routine medical and dental examination and care, and all necessary emergency care. In no case may a child who is taken into custody pursuant to RCW 13.34.055, 13.34.050, or 26.44.050 be detained in a secure detention facility. No child may be held longer than seventy-two hours, excluding Saturdays, Sundays and holidays, after such child is taken into custody unless a court order has been entered for continued shelter care. The child and his or her parent, guardian, or custodian shall be informed that they have a right to a shelter care hearing. The court shall hold a shelter care hearing (~~if one is requested~~) within seventy-two hours after the child is taken into custody, excluding Saturdays, Sundays, and holidays. If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, that such waiver is knowing and voluntary.

(2) Whenever a child is taken into custody by child protective services pursuant to a court order issued under RCW 13.34.050 or when child protective services is notified that a child has

been taken into custody pursuant to RCW 26.44.050 or 26.44.056, child protective services shall make reasonable efforts to inform the parents, guardian, or legal custodian of the fact that the child has been taken into custody, the reasons why the child was taken into custody, and their legal rights under this title as soon as possible and in no event longer than twenty-four hours after the child has been taken into custody or twenty-four hours after child protective services has been notified that the child has been taken into custody. The notice of custody and rights may be given by any means reasonably certain of notifying the parents including, but not limited to, written, telephone, or in person oral notification. If the initial notification is provided by a means other than writing, child protective services shall make reasonable efforts to also provide written notification.

The written notice of custody and rights shall be in substantially the following form:

NOTICE

Your child has been placed in temporary custody under the supervision of Child Protective Services (or other person or agency). You have important legal rights and you must take steps to protect your interests.

1. A court hearing will be held before a judge within 72 hours of the time your child is taken into custody. You should call the court at...(insert appropriate phone number here)... for specific information about the date, time, and location of the court hearing.

2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to child protective services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact:...(explain local procedure)....

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge.

You should be present at this hearing. If you do not come, the judge will not hear what you have to say.

You may call the Child Protective Services' caseworker for more information about your child. The caseworker's name and telephone number are:...(insert name and telephone number)....

Upon receipt of the written notice, the parent, guardian, or legal custodian shall acknowledge such notice by signing a receipt prepared by child protective services. If the parent, guardian, or legal custodian does not sign the receipt, the reason for lack of a signature shall be written on the receipt. The receipt shall be made a part of the court's file in the dependency action.

If after making reasonable efforts to provide notification, child protective services is unable to determine the whereabouts of the parents, guardian, or legal custodian, the notice shall be delivered or sent to the last known address of the parent, guardian, or legal custodian.

(3) If child protective services is not required to give notice under subsection (2) of this section, the juvenile court counselor assigned to the matter shall make all reasonable efforts to advise the parents, guardian, or legal custodian of the time and place of any shelter care hearing, request that they be present, and inform them of their basic rights as provided in RCW 13.34.090.

((3)) (4) Reasonable efforts to advise and to give notice, as required in subsections (2) and (3) of this section, shall include, at a minimum, investigation of the whereabouts of the parent, guardian, or legal custodian. If such reasonable efforts are not successful, or the parent, guardian, or legal custodian does not appear at the shelter care hearing, the juvenile court counselor or caseworker shall testify at the hearing or state in a declaration:

(a) The efforts made to investigate the whereabouts of, and to advise, the parent, guardian, or legal custodian; and

(b) Whether actual advice of rights was made, to whom it was made, and how it was made, including the substance of any oral communication or copies of written materials used.

(5) At the commencement of the shelter care hearing the court shall advise the parties of their basic rights as provided in RCW 13.34.090 and shall appoint counsel pursuant to RCW 13.34.090 if counsel has not been retained by the parent or guardian and if the parent or guardian is indigent, unless the court finds that the right to counsel has been expressly and voluntarily waived in court.

((4)) (6) The court shall hear evidence regarding notice given to, and efforts to notify, the parent, guardian, or legal custodian and shall examine the need for shelter care. The court shall make an express finding as to whether the notice required under subsections (2) and (3) of this section was given to the parent, guardian, or legal custodian. All parties have the right to present testimony to the court regarding the need or lack of need for shelter care. Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

((5)) (7) The juvenile court probation counselor shall submit a recommendation to the court as to the further need for shelter care, except that such recommendation shall be submitted by the department of social and health services in cases where the petition alleging

dependency has been filed by the department of social and health services, unless otherwise ordered by the court.

~~((6))~~ (8) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(a) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(b)(i) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(ii) The release of such child would present a serious threat of substantial harm to such child; or

(iii) The parent, guardian, or custodian to whom the child could be released is alleged to have violated RCW 9A.40.060 or 9A.40.070.

If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. The court shall enter a finding as to whether subsections (2) and (3) of this section have been complied with. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090.

~~((7))~~ (9) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

~~((8))~~ (10) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be detained for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(11) Any parent, guardian, or legal custodian who for good cause is unable to attend the initial shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. The hearing shall be held within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

Sec. 2. Section 6, chapter 160, Laws of 1913 as last amended by section 2, chapter 194, Laws of 1988 and RCW 13.34.070 are each amended to read as follows:

(1) Upon the filing of the petition, the clerk of the court shall issue a summons, one directed to the child, if the child is twelve or more years of age, and another to the parents, guardian, or custodian, and such other persons as appear to the court to be proper or necessary parties to the proceedings, requiring them to appear personally before the court at the time fixed to hear the petition. If the child is developmentally disabled and not living at home, the notice shall be given to the child's custodian as well as to the child's parent. The developmentally disabled child shall not be required to appear unless requested by the court. Where the custodian is summoned, the parent or guardian or both shall also be served with a summons. The fact-finding hearing on the petition shall be held no later than seventy-five days after the filing of the petition, unless exceptional reasons for a continuance are found. The party requesting the continuance shall have the burden of proving by a preponderance of the evidence that exceptional circumstances do exist. To ensure that the hearing on the petition occurs within the seventy-five day time limit, the court shall schedule and hear the matter on an expedited basis.

(2) A copy of the petition shall be attached to each summons.

(3) The summons shall advise the parties of the right to counsel. The summons shall also inform the child's parent, guardian, or legal custodian of his or right to appointed counsel, if indigent, and of the procedure to use to secure appointed counsel.

(4) The judge may endorse upon the summons an order directing any parent, guardian, or custodian having the custody or control of the child to bring the child to the hearing.

(5) If it appears from affidavit or sworn statement presented to the judge that there is probable cause for the issuance of a warrant of arrest or that the child needs to be taken into custody pursuant to RCW 13.34.050, the judge may endorse upon the summons an order that an officer serving the summons shall at once take the child into custody and take him to the place of shelter designated by the court.

(6) If the person summoned as provided in this section is subject to an order of the court pursuant to subsection (4) or (5) of this section, and if the person fails to abide by the order, he may be proceeded against as for contempt of court. The order endorsed upon the summons shall conspicuously display the following legend:

NOTICE:
 VIOLATION OF THIS ORDER
 IS SUBJECT TO PROCEEDING
 FOR CONTEMPT OF COURT
 PURSUANT TO RCW 13.34.070.

(7) If a party to be served with a summons can be found within the state, the summons shall be served upon the party personally ((at least five)) as soon as possible following the filing of the petition, but in no case later than fifteen court days before the fact-finding hearing, or such time as set by the court. If the party is within the state and cannot be personally served, but the party's address is known or can with reasonable diligence be ascertained, the summons may be served upon the party by mailing a copy thereof by certified mail ((at least ten)) as soon as possible following the filing of the petition, but in no case later than fifteen court days before the hearing, or such time as set by the court. If a party other than the child is without the state but can be found or the address is known, or can with reasonable diligence be ascertained, service of the summons may be made either by delivering a copy thereof to the party personally or by mailing a copy thereof to the party by certified mail at least ten court days before the fact-finding hearing, or such time as set by the court.

(8) Service of summons may be made under the direction of the court by any person eighteen years of age or older who is not a party to the proceedings or by any law enforcement officer, probation counselor, or department of social and health services social worker.

(9) In any proceeding brought under this chapter where the court knows or has reason to know that the child involved is a member of an Indian tribe, notice of the pendency of the proceeding shall also be sent by registered mail, return receipt requested, to the child's tribe. If the identity or location of the tribe cannot be determined, such notice shall be transmitted to the secretary of the interior of the United States.

Sec. 3. Section 7, chapter 160, Laws of 1913 as last amended by section 1, chapter 201, Laws of 1988 and RCW 13.34.080 are each amended to read as follows:

In a dependency case where it appears by the petition or verified statement, that the person standing in the position of natural or legal guardian of the person of any child, is a non-resident of this state, or that the name or place of residence or whereabouts of such person is unknown, as well as in all cases where, after due diligence, the officer has been unable to make service of the summons or notice provided for in RCW 13.34.070, and a copy of the notice has been deposited in the post office, postage prepaid, directed to such person at his last known place of residence, the court shall direct the clerk to publish notice in a legal newspaper printed in the county, qualified to publish summons, once a week for three consecutive weeks, with the first publication of the notice to be at least twenty-five days prior to the date fixed for the hearing. If the parent, guardian, or legal custodian is believed to be a resident of another state or a county other than the county in which the petition has been filed, notice also shall be published in the county in which the parent, guardian, or legal custodian is believed to reside. Additionally, publication may proceed simultaneously with efforts to provide personal service or service by mail for good cause shown, when there is reason to believe that personal service or service by mail will not be successful. Such notice shall be directed to the parent, parents, or other person claiming the right to the custody of the child, if their names are known, or if unknown, the phrase 'To whom it may concern' shall be used and apply to, and be binding upon, any such persons whose names are unknown. The name of the court, the name of the child (or children if of one family), the date of the filing of the petition, the date of hearing, and the object of the proceeding in general terms shall be set forth, and the whole shall be subscribed by the clerk. There shall be filed with the clerk an affidavit showing due publication of the notice, and the cost of publication shall be paid by the county at not to exceed the rate paid by the county for other legal notices. The publication of notice shall be deemed equivalent to personal service upon all persons, known or unknown, who have been designated as provided in this section.

Sec. 4. Section 37, chapter 291, Laws of 1977 ex. sess. as amended by section 42, chapter 155, Laws of 1979 and RCW 13.34.090 are each amended to read as follows:

(1) Any party has a right to be represented by an attorney in all proceedings under this chapter, to introduce evidence, to be heard in his or her own behalf, to examine witnesses, to receive a decision based solely on the evidence adduced at the hearing, and to an unbiased fact-finder.

(2) At all stages of a proceeding in which a child is alleged to be dependent pursuant to RCW 13.34.030(2), the child's parent ((or)), guardian, or legal custodian has the right to be represented by counsel, and if indigent, to have counsel appointed for him or her by the court. Unless waived in court, counsel shall be provided to the child's parent, guardian, or legal custodian, if such person (a) has appeared in the proceeding or requested the court to appoint counsel and (b) is financially unable to obtain counsel because of indigency as defined in chapter 10.101 RCW.

(3) If a party to an action under this chapter is represented by counsel, no order shall be provided to that party for his or her signature without prior notice and provision of the order to counsel.

(4) Copies of department of social and health services or supervising agency records to which parents have legal access pursuant to chapter 13.50 RCW shall be given to the child's parent, guardian, legal custodian, or his or her legal counsel, within twenty days after the department or supervising agency receives a written request for such records from the parent, guardian, legal custodian, or his or her legal counsel. These records shall be provided to the child's parents, guardian, legal custodian, or legal counsel prior to the shelter care hearing in order to allow an opportunity to review the records prior to the hearing. These records shall be legible and shall be provided at no expense to the parents, guardian, legal custodian, or his or her counsel.

Sec. 5. Section 17, chapter 17, Laws of 1989 1st ex. sess. and RCW 13.34.130 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, as now or hereafter amended, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030(2); after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a grandparent, brother, sister, stepbrother, stepsister, uncle, aunt, or first cousin with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that:

(i) There is no parent or guardian available to care for such child;

(ii) The child is unwilling to reside in the custody of the child's parent, guardian, or legal custodian;

(iii) The parent, guardian, or legal custodian is not willing to take custody of the child;

(iv) A manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or

(v) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(a) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(b) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare.

(c) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(d) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(3) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct

necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

(4) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

Sec. 6. Section 15, chapter 160, Laws of 1913 as amended by section 43, chapter 291, Laws of 1977 ex. sess. and RCW 13.34.150 are each amended to read as follows:

Any order made by the court in the case of a dependent child may ~~((at any time))~~ be changed, modified, or set aside, ~~((as to the judge may seem meet and proper))~~ only upon a showing of a change in circumstance.

Sec. 7. Section 46, chapter 291, Laws of 1977 ex. sess. as last amended by section 2, chapter 201, Laws of 1988 and RCW 13.34.180 are each amended to read as follows:

A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(7), and shall allege:

(1) That the child has been found to be a dependent child under RCW 13.34.030(2); and

(2) That the court has entered a dispositional order pursuant to RCW 13.34.130; and

(3) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency under RCW 13.34.030(2); and

(4) That the services ordered under RCW 13.34.130 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided; and

(5) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future; and

(6) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home;

(7) In lieu of the allegations in subsections (1) through (6) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's

parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

Sec. 8, Section 8, chapter 155, Laws of 1979 as amended by section 11, chapter 288, Laws of 1986 and RCW 13.50.010 are each amended to read as follows:

(1) For purposes of this chapter:

(a) 'Juvenile justice or care agency' means any of the following: Police, diversion units, court, prosecuting attorney, defense attorney, detention center, attorney general, the department of social and health services and its contracting agencies, and persons or public or private agencies having children committed to their custody;

(b) 'Official juvenile court file' means the legal file of the juvenile court containing the petition or information, motions, memorandums, briefs, findings of the court, and court orders;

(c) 'Social file' means the juvenile court file containing the records and reports of the probation counselor;

(d) 'Records' means the official juvenile court file, the social file, and records of any other juvenile justice or care agency in the case.

(2) Each petition or information filed with the court may include only one juvenile and each petition or information shall be filed under a separate docket number. The social file shall be filed separately from the official juvenile court file.

(3) It is the duty of any juvenile justice or care agency to maintain accurate records. To this end:

(a) The agency may never knowingly record inaccurate information. Any information in records maintained by the department of social and health services relating to a petition filed pursuant to chapter 13.34 RCW that is found by the court, upon proof presented, to be false or inaccurate shall be corrected or expunged from such records by the agency;

(b) An agency shall take reasonable steps to insure the security of its records and prevent tampering with them; and

(c) An agency shall make reasonable efforts to insure the completeness of its records, including action taken by other agencies with respect to matters in its files.

(4) Each juvenile justice or care agency shall implement procedures consistent with the provisions of this chapter to facilitate inquiries concerning records.

(5) Any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency and who has been denied access to those records by the agency may make a motion to the court for an order authorizing that person to inspect the juvenile justice or care agency record concerning that person. The court shall grant the motion to examine records unless it finds that in the interests of justice or in the best interests of the juvenile the records or parts of them should remain confidential.

(6) A juvenile, or his or her parents, or any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency may make a motion to the court challenging the accuracy of any information concerning the moving party in the record or challenging the continued possession of the record by the agency. If the court grants the motion, it shall order the record or information to be corrected or destroyed.

(7) The person making a motion under subsection (5) or (6) of this section shall give reasonable notice of the motion to all parties to the original action and to any agency whose records will be affected by the motion.

(8) The court may permit inspection of records by, or release of information to, any clinic, hospital, or agency which has the subject person under care or treatment, or to individuals or agencies engaged in legitimate research for educational, scientific, or public purposes. The Senate has passed HOUSE BILL NO. 2802 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. The legislature finds that:

(1) Access to and from state-owned and leased facilities favors single-passenger automobiles;

(2) Current state facilities in some cases do not provide sufficient parking to meet the demands created by reliance on the single-occupant automobile;

(3) The costs in traffic congestion, pollution, and building roads and parking facilities to support continued access by single passenger automobiles are escalating;

(4) During construction of the natural resources agencies building the number of parking stalls on the capitol campus will be reduced by six hundred spaces;

(5) Cost-effective alternatives to the single-passenger automobile to provide access to state government are available; and

Therefore, it is the purpose of sections 1 through 5 of this act to provide the department of general administration with authority to develop parking and transportation management

Any funds remaining after the debt specified by subsection (1) of this section is satisfied, as well as revenues collected as parking fees at locations other than the capitol campus, and charges from other transportation programs that are part of the state agency transportation and parking management plan shall be paid to the account. HOUSE BILL NO. 2808, by Representatives H. Myers and Appelwick

Changing the requirements for appointing court commissioners.

The House resumed consideration of the Senate amendments to House Bill No. 2808. (For previous action, see today's Journal.)

The Speaker stated the question before the House to be the Point of Order by Representative Appelwick regarding the scope and object of the Senate amendments.

SPEAKER'S RULING

The Speaker: The Speaker has examined House Bill No. 2808 and the Senate amendments, on which Representative Appelwick raised a Point of Order a few minutes ago. The scope and object of House Bill No. 2808 is very narrow, dealing only with residency requirements for superior court commissioners. The Senate amendments reduce the number of district court judges in Pacific County. The Speaker finds that this amendment clearly does change the scope and object of House Bill No. 2808. Your point, Representative Appelwick, is well taken.

At this point, the Speaker would remind the House of the effect of this ruling. House Rule 12(C) provides that, when a Senate amendment changes the scope and object and object of a House Bill, the bill shall be referred to the appropriate House committee, unless a motion to not concur is adopted prior to such referral. In other words, a motion to concur in the Senate amendments is not in order at this point. It is not in order because the Speaker has already ruled that amendment not acceptable; it is outside the scope and object of the original House bill. The only motion which may be considered now is a motion to not concur in the Senate amendments. If no member offers that motion, or if the motion to not concur is

defeated, Rule 12(C) requires that the bill be referred to the appropriate committee. The effect of that action at this point in session would be to send the bill to committee, and we are past the cut-off date, so the bill would not be heard from again.

MOTION

Mr. Appelwick moved that the House refuse to concur in the Senate amendments to House Bill No. 2808 and ask the Senate to recede therefrom. The motion was carried.

((+7)) (18) 'Warranty' means any implied warranty, any written warranty of the manufacturer, or any affirmation of fact or promise made by the manufacturer in connection with the sale of a new motor vehicle that becomes part of the basis of the bargain. The director shall assess a civil penalty ranging from one hundred dollars to ten thousand dollars per occurrence, giving due consideration to the appropriateness of the penalty with respect to the gravity of the violation, and the history of previous violations. Civil penalties collected under this chapter shall be deposited into the motor vehicle fund.

NEW SECTION. Sec. 8. The director may apply to any court of competent jurisdiction for a temporary or permanent injunction restraining any person from violating any provision of this chapter.

(1) Assisting employees in resolving personal problems that impair their performance will result in a more productive work force, better morale, reduced stress, reduced use of medical benefits, reduced absenteeism, lower turnover rates, and fewer accidents;

(2) A substantial number of employee problems can be identified and the employees referred to treatment by an employee assistance program;

(3) The state, as an employer, desires to foster a working environment that promotes safety and productivity as well as the health and well-being of its employees.

Therefore, it is the purpose of sections 302 through 304 of this act to assist state employees by establishing a state employee assistance program.

NEW SECTION. Sec. 302. The employee assistance program is hereby created to provide support and services to state employees who have personal problems that impair their performance in the work place. The goal of the program is to help promote a safe, productive, and healthy state work force by assisting state employees and their supervisors to identify and deal with such personal problems. However, nothing in this chapter relieves employees from the responsibility of performing their jobs in an acceptable manner.

NEW SECTION. Sec. 303. The director of human resources shall:

(1) Administer the state employee assistance program to assist employees who have personal problems that adversely affect their job performance or have the potential of doing so;

(2) Develop policies, procedures, and activities for the program;

(3) Encourage and promote the voluntary use of the employee assistance program by increasing employee awareness and disseminating educational materials;

(4) Provide technical assistance and training to agencies on how to use the employee assistance program;

(5) Assist and encourage supervisors to identify and refer employees with problems that impair their performance by incorporating proper use of the program in management training, management performance criteria, ongoing communication with agencies, and other appropriate means;

(6) Offer substance abuse prevention and awareness activities to be provided through the employee assistance program and the state employee wellness program;

(7) Monitor and evaluate the effectiveness of the program, including the collection, analysis, and publication of relevant statistical information; and

(8) Consult with state agencies, institutions of higher education, and employee organizations in carrying out the purposes of sections 301 through 304 of this act.

NEW SECTION. Sec. 304. Individual employees' participation in the employee assistance program and all individually identifiable information gathered in the process of conducting the program shall be held in strict confidence; except that agency management may be provided with the following information about employees referred by that agency management due to poor job performance:

(1) Whether or not the referred employee made an appointment;

(2) The date and time the employee arrived and departed;

(3) Whether the employee agreed to follow the advice of counselors; and

(4) Whether further appointments were scheduled.

Participation or nonparticipation by any employee in the employee assistance program shall not be a factor in any decision affecting an employee's job security, promotional opportunities, corrective or disciplinary action, or other employment rights.

NEW SECTION. Sec. 305. Sections 301 through 304 of this act are each added to chapter 41.04 RCW.

PART I
RAIL FREIGHT

NEW SECTION. Sec. 1. PURPOSE OF STATE FREIGHT RAIL PROGRAM. The legislature finds that a balanced multimodal transportation system is required to maintain the state's commitment to the growing mobility needs of its citizens and commerce. Freight rail systems are important elements of this multimodal system.

Washington's economy relies heavily upon the freight rail system to ensure movement of the state's agricultural, chemical, and natural resource products to local, national, and international markets. Since 1970, Washington has lost nearly one-third of its five thousand two hundred rail miles to abandonment and bankruptcies, leaving approximately three thousand four hundred rail miles. Recognizing the implications of this trend for freight mobility and the state's economic future, the legislature believes that better freight rail planning, better cooperation to preserve rail lines, and increased financial assistance from the state are necessary to maintain and improve the freight rail system within the state.

NEW SECTION. Sec. 2. STATE FREIGHT RAIL PROGRAM. The Washington state department of transportation shall implement a state freight rail program for rail coordination, planning, and technical assistance.

NEW SECTION. Sec. 3. FREIGHT RAIL PLANNING. (1) The department of transportation shall continue its responsibility for the development and implementation of the state rail plan and programs, and the utilities and transportation commission shall continue its responsibility for intrastate rates, service, and safety issues.

(2) The department of transportation shall maintain an enhanced data file on the rail system. Proprietary annual station traffic data from each railroad and the modal use of major shippers shall be obtained to the extent that such information is available.

(3) The department of transportation shall provide technical assistance, upon request, to state agencies and local interests. Technical assistance includes, but is not limited to, the following:

(a) Abandonment cost-benefit analyses, to include the public and private costs and benefits of maintaining the service, providing alternative service including necessary road improvement costs, or of taking no action;

(b) Assistance in the formation of county rail districts and port districts; and

(c) Feasibility studies for rail service continuation and/or rail service assistance.

(4) With funding authorized by the legislature, the department of transportation shall develop a cooperative process to conduct community and business information programs and to regularly disseminate information on rail matters. The following agencies and jurisdictions shall be involved in the process:

(a) The state departments of community development and trade and economic development;

(b) Local jurisdictions and local economic development agencies; and

(c) Other interested public and private organizations.

NEW SECTION. Sec. 4. FREIGHT RAIL PRESERVATION PROGRAM. The state, counties, local communities, railroads, labor, and shippers all benefit from continuation of rail service and should participate in its preservation. Lines which provide benefits to the state and local jurisdictions, such as avoided roadway costs, reduced traffic congestion, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions, and the private sector.

(1) The department of transportation shall continue to monitor the status of the state's light density line system through the state rail plan and various analyses, and shall seek alternatives to abandonment prior to interstate commerce commission proceedings, where feasible.

(2) The utilities and transportation commission shall intervene in interstate commerce commission proceedings on abandonments, when necessary, to protect the state's interest.

(3) As conditions warrant, the following criteria shall be used for identifying the state's essential rail system:

(a) Established regional and short-line carriers excluding private operations which are not common carriers;

(b) Former state project lines, which are lines that have been studied and have received funds from the state and federal governments;

(c) Lines serving major agricultural and forest product areas or terminals, with such terminals generally being within a fifty-mile radius of producing areas, and sites associated with commodities shipped by rail;

(d) Lines serving ports, seaports, and navigable river ports;

(e) Lines serving power plants or energy resources;

(f) Lines used for passenger service;

(g) Mainlines connecting to the national and Canadian rail systems;

(h) Major intermodal service points or hubs; and

(i) The military's strategic rail network.

(4) Local jurisdictions may implement rail service preservation projects in the absence of state participation.

(5) The department of transportation shall continue to monitor projects for which it provides assistance.

NEW SECTION. Sec. 5. RAIL CORRIDOR PRESERVATION GUIDELINES. In rail banking situations where it is not practicable to implement or continue freight rail service operations until some future date and the line's right of way is available for purchase and/or meets the criteria of chapter 47.76 RCW:

(1) The department of transportation shall preserve rail corridors for future rail service by purchasing the rights of way with funds specifically appropriated from the essential rail banking account created in section 7 of this act.

(2) Acquisition of rights of way may also include track, bridges, and associated elements.

(3) All corridors purchased under the rail bank program shall be identified by the department of transportation.

(4) All corridors acquired by governmental entities by donation or reversion for future rail use shall be identified in the rail bank program.

(5) Any rail rights of way acquired with state money will be for present or future rail purposes and can only be used for other purposes with the consent of the Washington state department of transportation and the consent of the underlying fee title holder or reversionary rights holder, or if compensation has been made to the underlying fee title holder or reversionary rights holder.

NEW SECTION. Sec. 6. FINANCING MECHANISMS AND SOURCES FOR PUBLIC RAILROADS. State funding for rail service preservation shall benefit the state's interests, which include reducing public roadway maintenance and repair costs, increasing economic development opportunities, preserving jobs, and enhancing safety, and shall be contingent upon appropriate local participation.

NEW SECTION. Sec. 7. ESSENTIAL RAIL BANKING ACCOUNT—CREATION. (1) The essential rail banking account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes specified in this section.

(2) Moneys in the account may be used by the department to:

(a) Purchase unused rail rights of way; or

(b) Provide up to eighty percent of the funding through loans to first class cities, port districts and county rail districts to purchase unused rail rights of way.

(3) Use of the moneys pursuant to subsection (2) of this section shall be for rights of way that meet the following criteria:

(a) The right of way has been identified, evaluated, and analyzed in the state rail plan prepared pursuant to this chapter;

(b) The right of way may be or has been abandoned;

(c) The right of way has potential for future rail service; and

(d) Reestablishment of rail service would benefit the state of Washington; and this benefit shall be based on the public and private costs and benefits of reestablishing the service compared with alternative service including necessary road improvement costs, or of taking no action.

Funds in the account may be expended for this purpose only with legislative appropriation. Funds for acquisition of any line shall be expended only after obtaining the approval of the legislative transportation committee. The department may also expend funds from the receipt of a donation of funds sufficient to cover the property acquisition and management costs. The department may receive donations of funds for this purpose, which shall be conditioned upon, and made in consideration for the repurchase rights contained in RCW 47.76.040. The department or the participating local jurisdiction shall be responsible for maintaining the right of way, including provisions for fire and weed control and for liability associated with ownership. Nothing in this section and in sections 5 and 11 of this act shall be interpreted or applied so as to impair the reversionary rights of abutting landowners, if any, without just compensation.

(4) All earnings of investments of balances in the essential rail banking account shall be credited to that account except as provided in RCW 43.84.090 and 43.84.092.

NEW SECTION. Sec. 8. EVALUATING PROGRAM PERFORMANCE. The department shall evaluate the state freight rail program performance at the end of six years with respect to past and current conditions and future needs. The results of this evaluation shall be presented to the legislative transportation committee.

NEW SECTION. Sec. 9. TAX RELIEF STUDY. The department of revenue, working with the department of transportation, shall study and report its findings to the legislative transportation committee, by December 1, 1991, with respect to a potential tax relief program under Title 84 RCW for railroad operating properties, which shall provide tax credits for railroad participation in rail service preservation or improvement projects implemented on the light density line system.

NEW SECTION. Sec. 10. MONITORING FEDERAL RAIL POLICIES. The department of transportation shall continue to monitor federal rail policies and congressional action and communicate to Washington's congressional delegation and federal transportation agencies the need for a balanced transportation system and associated funding.

Sec. 11. Section 6, chapter 303, Laws of 1983 as amended by section 64, chapter 57, Laws of 1985 and by section 2, chapter 432, Laws of 1985 and RCW 47.76.030 are each reenacted and amended to read as follows:

(1) The essential rail assistance account is hereby created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys ~~((in))~~ appropriated from the account to the department of transportation may be distributed by the department to first class cities, county rail districts and port districts for the purpose of:

(a) Acquiring, maintaining, or improving branch rail lines; ~~((or))~~

(b) Operating railroad equipment necessary to maintain essential rail service;

(c) Construction of transloading facilities to increase business on light density lines or to mitigate the impacts of abandonment; or

(d) Preservation, including operation, of viable light density lines, as identified by the Washington state department of transportation, in compliance with this chapter.

~~(3) (Moneys in the account may be distributed to the department to purchase unused rail right of way that meets the following criteria:~~

~~(a) The right of way has been identified, evaluated, and analyzed in the state rail plan prepared pursuant to RCW 47.76.020;~~

~~(b) The right of way has been abandoned and is available for acquisition;~~

~~(c) The right of way has potential for future rail service; and~~

~~(d) Reestablishment of rail service in the future would benefit the state of Washington.~~

The department may exercise its authority to use moneys in the account for the purposes of this subsection only with legislative appropriation for this purpose or upon receipt of a donation of funds sufficient to cover the property acquisition and management costs. The department may receive donations of funds for this purpose, which shall be conditioned upon, and made in consideration for the repurchase rights contained in RCW 47.76.040. Nothing in this section shall be interpreted or applied so as to impair the reversionary rights of abutting landowners, if any, without just compensation.

~~(4))~~ First class cities, county rail districts and port districts may grant franchises to private railroads for the right to operate on lines acquired, repaired, or improved under this chapter.

(4) If rail lines or rail rights of way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights of way cannot be used for any other purposes without the consent of the underlying fee title holder or reversionary rights holder, or compensation has been made to the underlying fee title holder or reversionary rights holder.

(5) Moneys distributed under subsection (2) of this section shall not exceed eighty percent of the cost of the service or project undertaken. At least twenty percent of the cost shall be provided by the first class city, county, port district, or other local sources.

(6) The amount distributed under this section shall be repaid to the state by the first class city, county rail district or port district. The repayment shall occur within ~~((ten years))~~ a period not longer than fifteen years, as set by the department, of the distribution of the moneys and shall be deposited in the essential rail assistance account. The repayment schedule and rate of interest, if any, shall be set at the time of the distribution of the moneys.

(7) All earnings of investments of balances in the essential rail assistance account shall be credited to ~~((the general fund))~~ that account except as provided in RCW 43.84.090 and 43.84.092.

PART II

HIGH OCCUPANCY VEHICLE LANE DEVELOPMENT

NEW SECTION. Sec. 12. PURPOSE FOR ACCELERATING HIGH OCCUPANCY VEHICLE SYSTEM DEVELOPMENT AND UTILIZATION. The need for mobility, growing travel demand, and increasing traffic congestion in urban areas necessitate accelerated development and increased utilization of the high occupancy vehicle system. Sections 14 and 17 of this act provide taxing authority that counties can use in the near term to accelerate development and increase utilization of the high occupancy vehicle system by supplementing available federal, state, and local funds.

NEW SECTION. Sec. 13. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 12 through 21 of this act.

(1) 'Transit agency' means a city that operates a transit system, a public transportation benefit area, a county transportation authority, or a metropolitan municipal corporation.

(2) The 'high occupancy vehicle system' includes high occupancy vehicle lanes, related high occupancy vehicle facilities, and high occupancy vehicle programs.

(3) 'High occupancy vehicle lanes' mean lanes reserved for public transportation vehicles only or public transportation vehicles and private vehicles carrying no fewer than a specified number of passengers under RCW 46.61.165.

(4) 'Related facilities' means park and ride lots, park and pool lots, ramps, bypasses, turn-outs, signal preemption, and other improvements designed to maximize use of the high occupancy vehicle system.

(5) 'High occupancy vehicle program' means advertising the high occupancy vehicle system, promoting carpool, vanpool, and transit use, providing vanpool vehicles, and enforcement of driving restrictions governing high occupancy vehicle lanes.

NEW SECTION. Sec. 14. EMPLOYER TAX. (1) A class AA county or a class A county adjoining a class AA county having within its boundaries existing or planned high occupancy vehicle lanes on the state highway system, may, with voter approval impose an excise tax of up to two dollars per employee per month on all employers or any class or classes of employers, public and private, including the state located in the agency's jurisdiction, measured by the number of full-time equivalent employees. The county imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

Counties may contract with the state department of revenue or other appropriate entities for administration and collection of the tax. Such contract shall provide for deduction of an amount for administration and collection expenses.

(2) The tax shall not apply to employment of a person when the employer has paid for at least half of the cost of a transit pass issued by a transit agency for that employee, valid for the period for which the tax would otherwise be owed.

(3) A county shall adopt rules which exempt from all or a portion of the tax any employer that has entered into an agreement with the county that is designed to reduce the proportion of employees who drive in single-occupant vehicles during peak commuting periods in proportion to the degree that the agreement is designed to meet the goals for the employer's location adopted under section 15 of this act.

The agreement shall include a list of specific actions that the employer will undertake to be entitled to the exemption. Employers having an exemption from all or part of the tax through this subsection shall annually certify to the county that the employer is fulfilling the terms of the agreement. The exemption continues as long as the employer is in compliance with the agreement.

If the tax authorized in section 17 of this act is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under section 17 of this act.

NEW SECTION. Sec. 15. ADOPTION OF GOALS. The legislature encourages counties, in conjunction with cities, metropolitan planning organizations, and transit agencies in metropolitan areas to adopt goals for reducing the proportion of commuters who drive in single-occupant vehicles during peak commuting periods. Any county imposing a tax under this chapter must adopt such goals. In adopting these goals, counties shall consider at least the following:

(1) Existing and anticipated levels of peak-period traffic congestion on roadways used by employees in commuting to work;

(2) Existing and anticipated levels of transit and vanpool service and carpool programs available to and from the worksite;

(3) Variations in employment density and employer size;

(4) Availability and cost of parking; and

(5) Consistency of the goals with the regional transportation plan.

NEW SECTION. Sec. 16. SURVEY OF TAX USE. The department of transportation shall include in the annual transit report under chapter (EHB 1438), Laws of 1989 an element describing actions taken under this chapter. On at least two occasions prior to December 31, 1998, the department shall include an evaluation of the effectiveness of such actions.

NEW SECTION. Sec. 17. EXCISE TAX. A class AA county and a class A county adjoining a class AA county, having within their boundaries existing or planned high occupancy vehicle lanes on the state highway system may, with voter approval, impose a local surcharge of not more than fifteen percent on the state motor vehicle excise tax paid under RCW 82.44.020(1) on vehicles registered to a person residing within the county. No surcharge may be imposed on vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

Counties imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to state motor vehicle excise taxes, be applicable to surcharges imposed under this section.

If the tax authorized in section 14 of this act is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under this section.

NEW SECTION. Sec. 18. HIGH OCCUPANCY VEHICLE ACCOUNT. Funds collected by the department of revenue or other entity under section 14 of this act, or by the department of licensing under section 17 of this act, less the deduction for collection expenses, shall be

deposited in the high occupancy vehicle account hereby created in the custody of the state treasurer. On the first day of the months of January, April, July, and October of each year, the state treasurer shall distribute the funds in the account to the counties on whose behalf the funds were received. The state treasurer shall make the distribution under this section without appropriation. All earnings of investments of balances in this account shall be credited to this account except as provided in RCW 43.84.090 and 43.84.092.

NEW SECTION. Sec. 19. USE OF FUNDS. Funds collected under section 14 or 17 of this act and any investment earnings accruing thereon shall be used by the county in a manner consistent with the regional transportation plan only for costs of collection, costs of preparing, adopting, and enforcing agreements under section 14(3) of this act, for construction of high occupancy vehicle lanes and related facilities, mitigation of environmental concerns that result from construction or use of high occupancy vehicle lanes and related facilities, payment of principal and interest on bonds issued for the purposes of this section, for high occupancy vehicle programs as defined in section 13(5) of this act, and for commuter rail projects in accordance with section 33 of this act. No funds collected under sections 14 or 17 of this act after June 30, 2000, may be pledged for the payment or security of the principal or interest on any bonds issued for the purposes of this section. Not more than ten percent of the funds may be used for transit agency high occupancy vehicle programs.

Priorities for construction of high occupancy vehicle lanes and related facilities shall be as follows:

(1)(a) To accelerate construction of high occupancy vehicle lanes on the interstate highway system, as well as related facilities;

(b) To finance or accelerate construction of high occupancy vehicle lanes on the noninterstate state highway system, as well as related facilities.

(2) To finance construction of high occupancy vehicle lanes on local arterials, as well as related facilities.

Moneys received by an agency under sections 12 through 21 of this act shall be used in addition to, and not as a substitute for, moneys currently used by the agency for the purposes specified in this section.

Counties may contract with cities or the state department of transportation for construction of high occupancy vehicle lanes and related facilities, and may issue general obligation bonds to fund such construction and use funds received under this chapter to pay the principal and interest on such bonds.

NEW SECTION. Sec. 20. ESTABLISH POLICIES—INTERLOCAL AGREEMENTS. Counties imposing a tax under this chapter shall enter into an agreement through the interlocal cooperation act with the department of transportation. The agreement shall provide an opportunity for the department of transportation, cities and transit agencies having within their boundaries a portion of the existing or planned high occupancy vehicle system as contained in the regional transportation plan, to coordinate programming and operational decisions affecting the high occupancy vehicle system. If two or more adjoining counties impose a tax under section 14 or 17 of this act, the counties shall jointly enter one interlocal agreement with the department of transportation.

NEW SECTION. Sec. 21. URBAN PUBLIC TRANSPORTATION SYSTEM. The high occupancy vehicle system is an urban public transportation system as defined in RCW 47.04.082.

PART III

HIGH CAPACITY SYSTEM DEVELOPMENT

NEW SECTION. Sec. 22. PURPOSE OF STATE HIGH CAPACITY TRANSPORTATION PROGRAM. Increasing congestion on Washington's roadways calls for identification and implementation of high capacity transportation system alternatives. 'High capacity transportation system' means a system of transportation services, operating principally on exclusive rights of way, which taken as a whole, provides a substantially higher level of passenger capacity, speed, and service frequency than traditional public transportation systems operating principally on general purpose roadway rights of way. The legislature believes that local jurisdictions should coordinate and be responsible for high capacity transportation policy development, program planning, and implementation. The state should assist by working with local agencies on issues involving rights of way, partially financing projects meeting established state criteria, authorizing local jurisdictions to finance high capacity transportation systems through voter-approved tax options, and providing technical assistance and information.

NEW SECTION. Sec. 23. STATE POLICY ROLES IN DEVELOPMENT OF HIGH CAPACITY TRANSPORTATION SYSTEM ALTERNATIVES. The department of transportation's current policy role in transit is expanded to include other high capacity transportation development as part of a multimodal transportation system.

(1) The department of transportation shall implement a program for high capacity transportation coordination, planning, and technical studies with appropriations from the high capacity transportation account.

(2) The department shall assist local jurisdictions and metropolitan planning organizations with high capacity transportation planning efforts.

NEW SECTION. Sec. 24. HIGH CAPACITY TRANSPORTATION POLICY DEVELOPMENT OUTSIDE CENTRAL PUGET SOUND. (1) In any class A county not bordered by a class AA county and in counties of the first class and smaller, city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation.

(a) City-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and an implementation program including a financing program.

(b) An interim regional authority may be formed pursuant to section 25(2) of this act and shall seek voter approval of a high capacity transportation plan and financing program within its proposed service boundaries.

(2) City-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas in counties adjoining state or international boundaries are authorized to participate in the regional high capacity transportation programs of an adjoining state or nation.

NEW SECTION. Sec. 25. HIGH CAPACITY TRANSPORTATION POLICY DEVELOPMENT IN CENTRAL PUGET SOUND. (1) Agencies in a class AA county and in class A counties bordering a class AA county that are currently authorized to provide high capacity transportation planning and operating services, including but not limited to city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas, must establish through interlocal agreements a joint regional policy committee with proportional representation based upon the population distribution within each agency's designated service area, as determined by the parties to the agreement.

(a) The membership of the joint regional policy committee shall consist of locally elected officials who serve on the legislative authority of the existing transit systems and a representative from the department of transportation. Nonvoting membership for elected officials from adjoining counties may be allowed at the committee's discretion.

(b) The joint regional policy committee shall be responsible for the preparation and adoption of a regional high capacity transportation system plan and an implementation program including a financing package. This plan shall be in conformance with the metropolitan planning organization's regional transportation plan.

(c) Interlocal agreements shall be executed within two years of the effective date of this act. The joint regional policy committee shall present a high capacity transportation plan and local funding program to the boards of directors of the transit agencies within the service area for adoption.

(d) Transit agencies shall present the adopted plan and financing program for voter approval within four years of the execution of the interlocal agreements. A simple majority vote is required for approval of the high capacity transportation plan and financing program in any service district within each county. Implementation of the program may proceed in any service area approving the plan and program.

(2) If interlocal agreements have not been executed within two years from the effective date of this act, the designated metropolitan planning organization shall convene within one hundred eighty days a conference to be attended by an elected representative selected by the legislative authority of each city and county in a class AA county and in class A counties bordering a class AA county.

(a) Public notice of the conference shall occur thirty days before the date of the conference.

(b) The purpose of the conference is to evaluate the need for developing high capacity transportation service in a class AA county and in class A counties bordering a class AA county and to determine the desirability of a regional approach to developing such service.

(c) The conference may elect to continue high capacity transportation efforts on a subregional basis through existing transit planning and operating agencies.

(d) The conference may elect to pursue regional development by creating a multicounty interim regional high capacity transportation authority. Conference members shall determine the structure and composition of any interim regional authority.

(l) The interim regional authority shall propose a permanent authority or authorities for voter approval. Permanent regional authorities shall become the responsible agencies for planning, construction, operations, and funding of high capacity transportation systems within their service boundaries. Funding sources for a regional high capacity transportation authority or authorities are separate from currently authorized funding sources for city-owned transit systems, county transportation authorities, metropolitan municipal corporations, or public transportation benefit areas.

(ii) State and local jurisdictions, county transportation authorities, metropolitan municipal corporations, or public transportation benefit areas shall retain responsibility for existing facilities and/or services, unless the responsibility is transferred to the high capacity transportation authority or authorities by interlocal agreement.

(3) If, within four years of the execution of the interlocal agreements, a high capacity transportation plan and financing program has been approved by a simple majority vote within a participating jurisdiction, that jurisdiction may proceed with high capacity transportation development. If within four years of the execution of the interlocal agreements, a high capacity transportation plan and program has not been approved by a simple majority vote within one or more of the participating jurisdictions, the joint regional policy committee shall convene within one hundred eighty days, a conference to be attended by participating jurisdictions within which a plan and financing program have not been approved. Such a conference shall be for the same purpose and shall be subject to the same conditions as described in subsection (2) of this section.

(4) High capacity transportation service planning, construction, operations, and funding shall be governed through the interlocal agreement process, including but not limited to provision for a cost allocation and distribution formula, service corridors, station area locations, right of way transfers, and feeder transportation systems. The interlocal agreement shall include a mechanism for resolving conflicts among parties to the agreement.

NEW SECTION, Sec. 26. EXPANSION OF HIGH CAPACITY TRANSPORTATION SERVICE BOUNDARIES. Regional high capacity transportation service boundaries may be expanded beyond the established service district through interlocal agreements among the transit agencies.

NEW SECTION, Sec. 27. STATE ROLE IN HIGH CAPACITY TRANSPORTATION PROGRAM PLANNING AND IMPLEMENTATION. The state's planning role in high capacity transportation development as one element of a multimodal transportation system should facilitate cooperative state and local planning efforts.

(1) The department of transportation may serve as a contractor for high capacity transportation system design, administer construction, and assist agencies authorized to provide service in the acquisition, preservation, and joint use of rights of way.

(2) The department and local jurisdictions shall continue to cooperate with respect to the development of park-and-ride facilities, associated roadways, transfer stations, people mover systems developed either by the public or private sector, and other related projects.

(3) The department in cooperation with local jurisdictions shall develop policies which enhance the development of high speed intercity systems by both the private and the public sector. These policies may address joint use of rights of way, identification and preservation of transportation corridors, and joint development of stations and other facilities.

NEW SECTION, Sec. 28. RESPONSIBILITY FOR HIGH CAPACITY TRANSPORTATION SYSTEM IMPLEMENTATION. (1) The state shall not become an operating agent for regional high capacity transportation systems.

(2) Agencies providing high capacity transportation service are responsible for planning, construction, operations, and funding including station area design and development, and parking facilities. Agencies may implement necessary contracts, joint development agreements, and interlocal government agreements. Agencies providing service shall consult with affected local jurisdictions and cooperate with comprehensive planning processes.

NEW SECTION, Sec. 29. REGIONAL TRANSPORTATION PLANNING. Regional transportation plans should be considered in adopting local land use plans. Regional transportation plans and local land use plans should address the impacts of urban growth on effective high capacity transportation planning and development, and provide for cooperation between local jurisdictions and transit agencies.

(1) Regional high capacity transportation plans shall be included in the designated metropolitan planning organization's regional transportation plan review and update process to facilitate development of a coordinated multimodal transportation system and to meet federal funding requirements.

(2) The state and local jurisdictions shall cooperate in encouraging land uses compatible with development of high capacity transportation systems. These include developing sufficient land use densities through local actions in high capacity transportation corridors and near passenger stations, preserving transit rights of way, and protecting the region's environmental quality. In developing local actions intended to carry out these policies local governments shall insure the opportunity for public comment and participation in the siting of such facilities, including stations or transfer facilities. Agencies providing high capacity transportation services, in cooperation with public and private interests, shall promote transit-compatible land uses and development which includes joint development.

(3) Agencies providing high capacity transportation service and transit agencies shall develop a cooperative process for the planning, development, operations, and funding of feeder transportation systems. Feeder systems may include existing and future intercity passenger systems and alternative technology people mover systems which may be developed by the private or public sector.

(4) Jurisdictions, working through their designated metropolitan planning organizations, shall manage a right of way preservation review process which includes activities to promote the preservation of the high capacity transportation rights of way.

(a) Jurisdictions shall forward all development proposals for projects within and adjoining to the rights of way proposed for preservation to the designated metropolitan planning organizations, which shall distribute the proposals for local and regional agency review.

(b) The metropolitan planning organizations shall also review proposals for conformance with the regional transportation plan and associated regional development strategies. The designated metropolitan planning organization shall within ninety days compile local and regional agency comments and communicate the same to the originating jurisdiction and the joint regional policy committee or, if established, a regional high capacity transportation authority.

NEW SECTION, Sec. 30. DEPARTMENT OF TRANSPORTATION RESPONSIBILITIES. The department of transportation shall, upon dissolution of the rail development commission, assume responsibility for distributing amounts appropriated from the high capacity transportation account and shall prioritize funding requests based on criteria in subsection (3) of this section.

(1) The department shall establish an advisory council of policy and technical experts pursuant to RCW 47.01.091 to assist in the review of requests for high capacity transportation account funds. The council shall be comprised of one representative from each congressional district, a designee of the governor, the executive director or a designee of the transportation improvement board, the director of the Washington state transportation center, and the chair or designee of the legislative transportation committee.

(2) State high capacity transportation account funds may provide up to eighty percent matching assistance for high capacity transportation planning efforts and for support of interim regional high capacity transportation authorities.

(3) Authorizations for state funding for high capacity transportation planning projects shall be subject to the following criteria:

(a) Conformance with the designated metropolitan planning organization's regional transportation plan;

(b) Local matching funds;

(c) Demonstration of projected improvement in regional mobility;

(d) Conformance with planning requirements prescribed in section 31 of this act, and if five hundred thousand dollars or more in state funding is requested, conformance with the requirements of section 32 of this act; and

(e)(i) Establishment, through interlocal agreements, of a regional policy committee with proportional representation based upon population distribution within each agency's designated service area as defined in section 24 of this act;

(ii) Establishment of a demonstrated regional agreement through a multijurisdictional conference to pursue high capacity transportation development on a subregional basis through established transit planning and operating agencies as defined in section 25 of this act; or

(iii) Establishment, through a multijurisdictional conference, of an interim high capacity transportation authority as defined in section 25 of this act.

(4) The department of transportation shall provide general review and monitoring of the planning process prescribed in section 31 of this act.

NEW SECTION, Sec. 31. PLANNING PROCESS. To assure the adoption of an effective high capacity transportation system, local authorities shall follow the following planning process:

(1) System planning is the ongoing urban transportation planning process conducted in each urbanized area by its metropolitan planning organization. During this process, regional transportation goals are identified, travel patterns are analyzed, and future land use and travel are projected. The system planning process provides a comprehensive view of the region's transportation needs but does not select a specified mode to serve those needs. System planning shall identify a priority corridor for further study of high capacity transportation facilities if it is deemed feasible by local officials.

(2)(a) Project planning is the detailed evaluation of a range of transportation options, including (i) do nothing, (ii) low capital, and (iii) ranges of higher capital facilities.

(b) Project planning shall proceed as follows:

(i) Organization and management. The responsible local transit agency or agencies shall define roles for various local agencies, review background information, provide for public involvement, and develop a detailed work plan for the project planning process.

(ii) Development of options. Options to be studied shall be developed to ensure an appropriate range of technologies and service policies can be evaluated. A do-nothing option and a low capital option that maximizes the current system shall be developed. Several higher capital options that consider several candidate technologies shall be developed.

(iii) Analysis methods. The local transit agency shall develop reports describing the analysis and assumptions for the estimation of capital costs, operating and maintenance costs, methods for travel forecasting, a financial plan and an evaluation methodology.

(iv) Study of options. The local transit agency shall use the methods described in (iii) of this subsection to produce impact information needed for project evaluation and for the preparation of an environmental impact statement. The impact evaluation shall address the impact that such a project will have on abutting or nearby residential or commercial property owners. The process of identification of corridors shall include notification of affected property owners by normal legal publication. At minimum, such notification shall include notice on the same day for at least three weeks in at least two newspapers of general circulation in the county where such project is proposed. Special notice of hearings by the conspicuous posting of notice, in a manner designed to attract public attention, in the vicinity of areas identified for station locations or transfer sites shall also be provided.

(v) Review and monitor. The department of transportation shall provide project review and monitoring in cooperation with the expert review panel identified in section 32 of this act. In addition, the local transit agency shall maintain a continuous public involvement program and seek involvement of other government agencies.

(vi) Detailed planning process. In order to increase the likelihood of future federal funding, the system and project planning processes shall follow the urban mass transportation administration's requirements as described in 'Procedures and Technical Methods for Transit Project Planning', published by the United States department of transportation, urban mass transportation administration, September 1986, or the most recent edition. Nothing in this subsection shall be construed to preclude detailed evaluation of more than one corridor in the planning process.

NEW SECTION. Sec. 32. INDEPENDENT PROJECT OVERSIGHT. The legislature recognizes that the planning process described in section 31 of this act provides a recognized framework for guiding high capacity transportation studies. However, the process cannot guarantee appropriate transit decisions unless key study assumptions are reasonable.

To assure appropriate project assumptions and to provide for review of project results, the department of transportation shall develop independent oversight procedures which are appropriate to the scope of any project for which high capacity transportation account funds are requested.

An expert review panel shall be appointed to provide independent technical review for any project which is to be funded in whole or in part by the imposition of any voter-approved local option funding sources enumerated in section 35 of this act.

(1) The expert review panel shall consist of ten members who are recognized experts in relevant fields, such as transit operations, planning, emerging transportation technologies, engineering, finance, law, the environment, geography, economics, and political science.

(2) The expert review panel shall be selected cooperatively by the chair of the legislative transportation committee, the secretary of the department of transportation, and the governor to assure a balance of disciplines.

(3) The chair of the expert review panel shall be designated by the appointing body.

(4) The expert review panel shall serve without compensation but shall be reimbursed for expenses according to chapter 43.03 RCW.

(5) Funds appropriated for expenses of the expert panel shall be administered by the department of transportation.

(6) The expert panel shall review all reports required in section 31(2)(b)(vi) of this act but shall concentrate on service modes and concepts, costs, patronage, financing, and project evaluation.

(7) The expert panel shall provide timely reviews and comments on individual project reports and study conclusions to the governor, the legislative transportation committee, the department of transportation, and the submitting lead transit agency.

(8) The legislative transportation committee shall contract for consulting services for expert review panels. The amount of consultant support shall be negotiated with each expert review panel by the legislative transportation committee and shall be paid from the high capacity transportation account.

NEW SECTION. Sec. 33. COMMUTER RAIL SERVICE. (1) City-owned transit service, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas may operate or contract for commuter rail service where it is deemed to be a reasonable alternative transit mode.

(2) A county may use funds collected under section 14 or 17 of this act to contract with one or more transit agencies for planning, operation, and maintenance of commuter rail projects which: (a) Are consistent with the regional transportation plan; (b) have met the project planning and oversight requirements of sections 31 and 32 of this act; and (c) have been approved by the voters within the service area of each transit agency participating in the project. The phrase 'approved by the voters' includes specific funding authorization for the commuter rail project.

(3) The utilities and transportation commission shall maintain safety responsibility for passenger rail service operating on freight rail lines. Agencies providing passenger rail service on lines other than freight rail lines shall maintain safety responsibility for that service.

NEW SECTION, Sec. 34. FINANCIAL RESPONSIBILITY. Agencies providing high capacity transportation service shall determine optimal debt-to-equity ratios, establish capital and operations allocations, and establish fare-box recovery return policy.

NEW SECTION, Sec. 35. FINANCING FOR HIGH CAPACITY TRANSPORTATION PROGRAMS.

(1) Agencies authorized to provide high capacity transportation service, including city-owned transit systems, county transportation authorities, metropolitan municipal corporations and public transportation benefit areas, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in sections 41, 42, and 43 of this act, are authorized only for agencies located in class AA counties, class A counties, counties of the first class which border another state, and counties which, on the effective date of this act, are of the second class and which adjoin class A counties.

(2) Agencies providing high capacity transportation service should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

- (a) Acceptability;
- (b) Ease of administration;
- (c) Equity;
- (d) Implementation feasibility;
- (e) Revenue reliability; and
- (f) Revenue yield.

(4) Agencies participating in regional high capacity transportation system development through interlocal agreements or a conference-approved interim regional rail authority or subregional process as defined in section 25 of this act are authorized to levy and collect the following voter-approved local option funding sources:

- (a) Employer tax as provided in section 41 of this act;
- (b) Special motor vehicle excise tax as provided in section 42 of this act; and
- (c) Sales and use tax as provided in section 43 of this act.

Revenues from these taxes may be used only to support those purposes prescribed in subsection (8) of this section. Before an agency may impose any of the taxes enumerated in this section and authorized in sections 41, 42, and 43 of this act, it must comply with the process prescribed in sections 31 and 32 of this act.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of existing transit agencies. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies providing high capacity transportation service may contract with the state for collection and transference of local option revenue.

(7) Dedicated high capacity transportation funding shall be subject to voter approval by a simple majority.

(8) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation, commuter rail, and feeder transportation systems.

PART IV AMTRAK ACTIVITIES

NEW SECTION, Sec. 36. AMTRAK. The department, in conjunction with local jurisdictions, shall coordinate as appropriate with the designated metropolitan planning organizations to develop a program for improving Amtrak passenger rail service. The program may include:

- (1) Determination of the appropriate level of Amtrak passenger rail service;
- (2) Implementation of higher train speeds for Amtrak passenger rail service, where safety considerations permit;
- (3) Recognition, in the state's long range planning process, of potential higher speed intercity passenger rail service, while monitoring socioeconomic and technological conditions as indicators for higher speed systems; and
- (4) Identification of existing intercity rail rights of way which may be used for public transportation corridors in the future.

NEW SECTION, Sec. 37. AMTRAK DEPOTS. The department shall, when feasible, assist local jurisdictions in upgrading Amtrak depots. Multimodal use of these facilities shall be encouraged.

NEW SECTION, Sec. 38. AMTRAK SERVICE EXTENSION. (1) The department, in conjunction with local jurisdictions, shall coordinate as appropriate with designated metropolitan and provincial transportation organizations to pursue resumption of Amtrak service from Seattle to Vancouver, British Columbia, via Everett, Mount Vernon, and Bellingham.

(2) The department, in conjunction with local jurisdictions, shall study potential Amtrak service on the following routes:

- (a) Daytime Spokane-Wenatchee-Everett-Seattle service;
- (b) Daytime Spokane-Tri-Cities-Vancouver-Portland service;

and

(d) More frequent Portland-Vancouver-Kelso-Centralia-Olympia-Tacoma-Seattle service or increments thereof.

NEW SECTION. Sec. 39. AMTRAK COORDINATION. The department, with other state and local agencies shall coordinate as appropriate with designated metropolitan planning organizations to provide public information with respect to common carrier passenger transportation. This information may include maps, routes, and schedules of passenger rail service, local transit agencies, air carriers, private ground transportation providers, and international, state, and local ferry services.

The state shall continue its cooperative relationship with Amtrak and Canadian passenger rail systems.

NEW SECTION. Sec. 40. AMTRAK SERVICE. The department, in conjunction with local jurisdictions, shall recommend to the legislature the appropriate level, source, and justification for funding of improved Amtrak passenger rail service.

PART V

HIGH CAPACITY FUNDING AUTHORIZATIONS

NEW SECTION. Sec. 41. EMPLOYER TAX FOR HIGH CAPACITY TRANSPORTATION SERVICE. Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas, solely for the purpose of providing high capacity transportation service may submit an authorizing proposition to the voters and if approved may impose an excise tax of up to two dollars per month on all employers located within the agency's jurisdiction, measured by the number of full-time equivalent employees. The rate of tax shall be approved by the voters. This tax may not be imposed by an agency when the county within which it is located is imposing an excise tax pursuant to section 14 of this act. The agency imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

NEW SECTION. Sec. 42. MOTOR VEHICLE EXCISE TAX FOR HIGH CAPACITY TRANSPORTATION SERVICE. Any city that operates a transit system, county transportation authority, metropolitan municipal corporation, or public transportation benefit area, solely for the purpose of providing high capacity transportation service may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eighty one-hundredths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of such city, county transportation authority, metropolitan municipal corporation, or public transportation benefit area. In any county imposing a motor vehicle excise tax surcharge pursuant to section 17 of this act, the maximum tax rate under this section shall be reduced to a rate equal to eighty one-hundredths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed pursuant to section 17 of this act. This authority may be exercised only if all local agencies which are parties to an interlocal agreement or members of a regional authority under section 25 of this act are imposing the tax at the same rate. This rate shall not apply to vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

NEW SECTION. Sec. 43. SALES AND USE TAXES FOR HIGH CAPACITY TRANSPORTATION SERVICE. The legislative bodies of cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas, solely for the purpose of providing high capacity transportation service may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter.

The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within such city, county transportation authority, metropolitan municipal corporation, or public transportation benefit area, as the case may be. The rate of such tax shall be approved by the voters and shall not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax).

NEW SECTION. Sec. 44. BOND RETIREMENT FOR HIGH CAPACITY TRANSPORTATION SERVICE. Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas are authorized to pledge revenues from the employer tax authorized by section 41 of this act, the special motor vehicle excise tax authorized by section 42 of this act, and the sales and use tax authorized by section 43 of this act, to retire bonds issued solely for the purpose of providing high capacity transportation service.

NEW SECTION. Sec. 45. CONTRACT FOR COLLECTION OF TAXES. Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, and public

transportation benefit areas may contract with the state department of revenue or other appropriate entities for administration and collection of any tax authorized by sections 41, 42, and 43 of this act.

PART VI
HIGH CAPACITY TRANSPORTATION ACCOUNT

NEW SECTION. Sec. 46. HIGH CAPACITY TRANSPORTATION ACCOUNT REVIEW. The department of transportation shall review the high capacity transportation account funding sources and allocation formula and propose any appropriate changes to the 1991 legislature.

Sec. 47. Section 1, chapter 428, Laws of 1987 and RCW 47.78.010 are each amended to read as follows:

There is hereby established in the state treasury the ~~((rail development))~~ high capacity transportation account. Money in the account shall be used, after appropriation, for local ~~((rail passenger and))~~ high capacity transportation purposes including rail freight ((purposes)). All earnings of investments of any balances in the ~~((rail development))~~ high capacity transportation account shall be credited to the ~~((rail development))~~ account except as provided in RCW 43.84.090 and 43.84.092.

Sec. 48. Section 1, chapter 18, Laws of 1988 and RCW 82.44.150 are each amended to read as follows:

(1) The director of licensing shall on the twenty-fifth day of February, May, August, and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September, and December, respectively, except for those payable under RCW 82.44.020(6) and 82.44.030, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(6) and 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund except taxes collected under RCW 82.44.020(6). A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to two percent thereof shall be allocable to the county sales and use tax equalization account under RCW 82.14.200; and a sum equal to four and two-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax at a rate not exceeding ninety-six one-hundredths of one percent on the fair market value of every motor vehicle owned by a resident of such municipality shall be deposited in the ~~((rail development))~~ high capacity transportation account established in RCW 47.78.010.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned to cities and towns under RCW 82.14.210.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-

generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.

The motion was carried.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker (Mr. O'Brien presiding) stated the question before the House to be final passage of Engrossed Substitute House Bill No. 1825 as amended by the Senate.

POINT OF INQUIRY

Ms. R. Fisher yielded to question by Mr. Dorn.

Mr. Dorn: My question is: Section 49 authorizes first class cities to "operate" certain transportation systems outside of city limits but within county boundaries. Is the term "operate" intended to include the other authority in that section such as acquisition and maintenance?

Ms. R. Fisher: The amendment of RCW 35.92.060 in Section 49 is intended to provide first class cities the ability to operate such systems. Implicit in this amendment is the authority to acquire property and exercise other rights of ownership.

I have also discussed the Senate amendment with its author. It was the amendment's intent that the other rights of ownership are implied in the language authorizing first class cities to "operate" outside their limits. That is why the amendment, adopted in the Senate committee and by the Senate, qualified first class cities for funding from the Essential Rail Banking Account and the Essential Rail Assistance Account and authorized limited expansion of city transportation systems beyond city boundaries.

(2) 'Political subdivision' means any county, city, town, municipal corporation, political subdivision, or special purpose taxing district in the state.

(3) 'Local government official' means any officer or employee of a political subdivision who has been designated by statute or by local charter, ordinance, or resolution as the officer

(4) 'Funds' means:

(a) Public funds under the control of or in the custody of any local government official by virtue of the official's authority that are not immediately required to meet current demands;

(b) State funds that are the proceeds of bonds, notes, or other evidences of indebtedness authorized by the state finance committee under chapter 39.42 RCW or payments pursuant to financing contracts under chapter 39.94 RCW, when the investments are made in order to comply with the Internal Revenue Code of 1986, as amended.

Any credits or payments to (~~political subdivisions~~) the participants shall be calculated and made in a manner which equitably reflects the differing amounts of the (~~political subdivisions~~) participants' respective deposits in the investment pool fund and the differing periods of time for which the amounts were placed in the investment pool.

The state treasurer shall keep a separate account for each (~~political subdivision~~) participant having funds in the investment pool. SENATE AMENDMENTS TO HOUSE BILL

March 2, 1990

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2395 with the following amendments:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 24, chapter 67, Laws of 1983 1st ex. sess. as amended by section 5, chapter 476, Laws of 1987 and RCW 74.46.481 are each amended to read as follows:

(1) The nursing services cost center shall include all costs related to the direct provision of nursing and related care, including fringe benefits and payroll taxes for the nursing and related care personnel. For rates effective for state fiscal year 1984, the department shall adopt by administrative rule a definition of 'related care' which shall incorporate, but not exceed services reimbursable as of June 30, 1983. For rates effective for state fiscal year 1985, the definition of related care shall include ancillary care.

(2) The department shall adopt by administrative rules a method for establishing a nursing services cost center rate consistent with the principles stated in this section.

(3) Utilizing regression or other statistical technique, the department shall determine a reasonable limit on facility nursing staff taking into account facility patient characteristics. For purposes of this section, facility nursing staff refers to registered nurses, licensed practical nurses and nursing assistants employed by the facility or obtained through temporary labor contract arrangements. Effective January 1, 1988, the hours associated with the training of nursing assistants and the supervision of that training for nursing assistants shall not be included in the calculation of facility nursing staff. In selecting a measure of patient characteristics, the department shall take into account:

(a) The correlation between alternative measures and facility nursing staff; and

(b) The cost of collecting information for and computation of a measure.

If regression is used, the limit shall be set at predicted nursing staff plus 1.75 regression standard errors. If another statistical method is utilized, the limit shall be set at a level corresponding to 1.75 standard errors above predicted staffing computed according to a regression procedure.

(4) No facility shall receive reimbursement for nursing staff levels in excess of the limit, except that, if a facility was reimbursed for a nursing staff level in excess of the limit as of June 30, 1983, the facility may choose to continue to receive its June, 1983 nursing services rate plus any adjustments in rates, such as adjustments for economic trends, made available to all facilities. However, nursing staff levels established under subsection (3) of this section shall not apply to the nursing services cost center reimbursement rate for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan. The reasonableness limit established pursuant to this subsection shall remain in effect for the period July 1, 1983 through June 30, 1985. At that time the department may revise the measure of patient characteristics or method used to establish the limit.

(5) The department shall select an index of cost increase relevant to the nursing and related services cost area. In the absence of a more representative index, the department shall use the medical care component index as maintained by the United States bureau of labor statistics.

(6) If a facility's nursing staff level is below the limit specified in subsection (3) of this section, the department shall determine the percentage increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.

(a) If the percentage cost increase for a facility is below the increase in the selected index for the same time period, the facility's reimbursement rate in the nursing services cost center shall equal the facility's cost from the most recent cost reporting period plus any allowance for inflation provided by legislative appropriation.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing services cost area to a level reflecting the increase in the selected index.

(7) If the facility's nursing staff level exceeds the reasonableness limit established in subsection (3) of this section, the department shall determine the increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.

(a) If the percentage cost increase for a facility is below the increase in the index selected pursuant to subsection (5) of this section, the facility's reimbursement rate in the nursing cost center shall equal the facility's cost from the most recent cost reporting period adjusted downward to reflect the limit on nursing staff, plus any allowance for inflation provided by legislative appropriation subject to the provisions of subsection (4) of this section.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing services cost center to a level reflecting the nursing staff limit and the cost increase limit, subject to the provisions of subsection (4) of this section, plus any allowance for inflation provided by legislative appropriation.

(8) The department is authorized to determine on a systematic basis facilities with unmet patient care service needs. The department may increase the nursing services cost center prospective rate for a facility beyond the level determined in accordance with subsection (6) of this section if the facility's actual and reported nursing staffing is one standard error or more below predicted staffing as determined according to the method selected pursuant to subsection (3) of this section and the facility has unmet patient care service needs: PROVIDED, That prospective rate increases authorized by this subsection shall be funded only from legislative appropriations made for this purpose and the increases shall be conditioned on specified improvements in patient care at such facilities.

(9) The department shall establish a method for identifying patients with exceptional care requirements and a method for establishing or negotiating on a consistent basis rates for such patients.

(10) The department, in consultation with interested parties, shall adopt rules to establish the criteria the department will use in reviewing any requests by a contractor for a prospective rate adjustment to be used to increase the number of nursing staff. These rules shall also specify the time period for submission and review of staffing requests: PROVIDED, That a decision on a staffing request shall not take longer than sixty days from the date the department receives such a complete request. In establishing the criteria, the department may consider, but is not limited to, the following:

- (a) Increases in acuity levels of contractors' residents;
- (b) Staffing patterns for similar facilities;
- (c) Physical plant of contractor; and
- (d) Survey, inspection of care, and department consultation results.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, line 3 of the title, after "AIDS;" strike the remainder of the title and insert "amending RCW 74.46.481; and declaring an emergency."

and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

SENATE AMENDMENTS TO HOUSE BILL

March 2, 1990

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2775 with the following amendments:

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. A new section is added to chapter 29.04 RCW to read as follows:

(1) Beginning January 1, 1993, no voting device or machine may be used in a county of the second class or larger to conduct a primary or general or special election in this state unless it correctly records on a separate ballot the votes cast by each elector for any person and for or against any measure and such separate ballots are available for audit purposes after such a primary or election.

(2) Beginning January 1, 1993, the secretary of state shall not certify under this title any voting device or machine for use in conducting a primary or general or special election in this state unless the device or machine correctly records on a separate ballot the votes cast by each elector for any person and for or against any measure and such separate ballots are available for audit purposes after such a primary or election.

(3) Beginning January 1, 1993, a county of the third class or smaller may use a voting machine or device for conducting a primary or general or special election which does not record on a separate ballot, available for audit purposes after the primary or election, the votes cast by each elector for any person and for or against any measure if:

(a) The device was certified under this title before January 1, 1993, for use in this state;

(b) The device otherwise satisfies the requirements of this title; and

(c) Not more than twenty percent of the votes cast during any primary or general or special election conducted after January 1, 1998, in the county are cast using such a machine or device.

(4) The purpose of subsection (3) of this section is to permit less populous counties to replace voting equipment in stages over several years. These less populous counties are, nonetheless, encouraged to secure as expeditiously as possible voting equipment which would satisfy the requirements of subsection (1) of this section established for more populous counties. The secretary of state shall report to the legislature by January 1st of each odd-numbered year through 1997 on the progress of such less populous counties in replacing equipment which does not satisfy the requirements of subsection (1) of this section established for more populous counties.

Sec. 2. Section 6, chapter 1, Laws of 1980 and RCW 43.135.060 are each amended to read as follows:

(1) The legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any taxing district unless the districts are reimbursed for the costs thereof by the state.

(2) That proportion of state tax revenue which consists of direct state appropriations to taxing districts taken as a group shall not be decreased below that proportion appropriated in the biennium immediately preceding January 1, 1980: PROVIDED, This proportion shall be decreased in any fiscal year only if: (a) The legislature decreases the state tax revenue limit for that fiscal year by an amount equal to the dollar amount of any decrease in direct state appropriations to taxing districts taken as a whole; or (b) the state tax revenue limit has been increased under RCW 43.135.050(3) or 43.135.060(3) and the decrease of the proportion is commensurate with the increase in the state tax revenue limit.

(3) If by order of any court, or legislative enactment, the costs of a federal or taxing district program are transferred to or from the state, the otherwise applicable state tax revenue limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

(4) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any taxing district or transferred to or from the state.

(5) Subsection (1) of this section does not apply to the costs incurred for voting devices or machines under section 1 of this act.

On page 1, line 1 of the title, after "equipment;" strike the remainder of the title and insert "amending RCW 43.135.060; and adding a new section to chapter 29.04 RCW." and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

MOTION

Mr. Todd moved that the House do concur in the Senate amendments to House Bill No. 2775.

Representatives Wang, McLean and Todd spoke in favor of the motion, and it was carried.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker (Mr. O'Brien presiding) stated the question before the House to be final passage of House Bill No. 2775 as amended by the Senate.

POINT OF INQUIRY

Mr. Todd yielded to question by Mr. Wang.

Mr. Wang: Representative Todd, as Chair of the State Government Committee, I have two questions for you. Initiative 62 provides that the Legislature may not make local governments responsible "for new programs or increased levels of existing programs" unless the local governments are reimbursed for their costs. As amended by the Senate, House Bill No. 2775 amends this section of Initiative 62 to make it clear that the section does not apply to the bill's new requirements for voting equipment. My questions are: First, is the Senate amendment necessary to avoid a requirement for reimbursement by the state? Second, by specifically including voting machines and nothing else, should the amendment be construed to affect other state laws which may impact local governments?

Mr. Todd: Representative Wang, because of the ambiguities in the language of Initiative 62 and the resulting case law, the answer to your first question is that it is impossible to give a definitive answer whether or not the amendatory section is necessary to avoid a reimbursement requirement from the state. Although it was our intent that House Bill No. 2775, as it originally passed the House, would not require reimbursement and, although local government officials have also agreed that Initiative 62 would not apply to this bill, the Senate amendment makes the bill absolutely clear that reimbursement would not be required.

The answer to your second question is that it is intended that the amendment will have no effect on any other state laws giving local governments new responsibilities. The intent here is limited to clarifying that Initiative 62 does not apply to this bill. It is not intended to create any implication that the Initiative will apply to other state laws. The specific exclusion for voting machines should not imply that reimbursement would be required for any other law which does not contain a similar specific exemption from Initiative 62.

Representatives Padden, Tate, Brough and Nealey spoke against passage of the bill, and Representatives R. Fisher and Todd spoke in favor of it.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 2775 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 71; nays, 24; excused, 2.

Voting yea: Representatives Anderson, Appelwick, Basich, Baugher, Belcher, Bennett, Bowman, Braddock, Brekke, Brumsickle, Cantwell, Cole, Cooper, Crane, Day, Dellwo, Ebersole, Fisher G, Fisher R, Fraser, Gallagher, Hankins, Hargrove, Haugen, Heavey, Hine, Holland, Horn, Insee, Jacobsen, Jones, King P, King R, Kirby, Kremen, Leonard, Locke, May, McLean, Meyers R, Miller, Morris, Myers H, Nelson, Nutley, O'Brien, Peery, Phillips, Prentice, Pruitt, Raiter, Rayburn, Rector, Rust, Sayan, Schmidt, Schoon, Scott, Sommers D, Sommers H, Spanel, Todd, Valle, Vekich, Wang, Wilson K, Wineberry, Winsley, Wood, Zellinsky, and Mr. Speaker - 71.

Voting nay: Representatives Ballard, Beck, Betrozoff, Brooks, Brough, Doty, Ferguson, Forner, Fuhrman, Grant, Jesernig, Moyer, Nealey, Padden, Prince, Rasmussen, Silver, Smith, Tate, Van Luven, Walker, Wilson S, Wolfe, Youngsman - 24.

MESSAGE FROM THE SENATE

March 5, 1990

Mr. Speaker:

The Senate concurred in the House Committee on Human Services amendments to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6610, with the exception of Sections 20 and 21. The President ruled Sections 20 and 21 of the striking amendment beyond the scope and object of the bill. The Senate refuses to concur in said amendments and asks the House to recede therefrom, and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

MOTION

Mr. Sayan moved that the House insist on its position regarding the House amendments to Engrossed Second Substitute Senate Bill No. 6610 and ask the Senate for a conference thereon.

MOTION

Mr. Padden moved that the House recede from Sections 20 and 21 of the striking amendment to Engrossed Second Substitute Senate Bill No. 6610.

SPEAKER'S RULING

The Speaker: Representative Padden, the Speaker is going to rule that your motion is out of order. Reed's Rules and our Joint Rules insist that agreement or concurrence in an amendment must be to the whole amendment. We cannot pick out some part of that amendment. The ultimate effect of being able to pick and choose within a striking amendment would have us down to the point of ruling on amendments to one word, a comma, or whatever, which is the purpose of a conference. I'll not allow your motion because we have to deal with the amendment as a whole.

The Speaker stated the question before the House to be the motion by Representative Sayan to insist on the House position regarding the House amendments to Engrossed Second Substitute Senate Bill No. 6610 and to ask the Senate for a conference thereon.

Representatives Sayan and Padden spoke in favor of the motion, and it was carried.

APPOINTMENT OF CONFEREES

The Speaker appointed Representatives Sayan, O'Brien and Bowman as conferees on Engrossed Second Substitute Senate Bill No. 6610.

SENATE AMENDMENTS TO HOUSE BILL

March 1, 1990

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2602 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. (1) The legislature finds that each year less than five percent of pregnant teens relinquish their babies for adoption in Washington state. Nationally, fewer than eight percent of pregnant teens relinquish their babies for adoption.

(2) The legislature further finds that barriers such as lack of information about adoption, inability to voluntarily enter into adoption agreements, and current state public assistance policies act as disincentives to adoption.

(3) It is the purpose of this act to support adoption as an option for women with unintended pregnancies by removing barriers that act as disincentives to adoption.

Sec. 2. Section 816, chapter 9, Laws of 1989 1st ex. sess. and RCW 74.04.005 are each amended to read as follows:

For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

(1) 'Public assistance' or 'assistance'—Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, general assistance and federal-aid assistance.

(2) 'Department'—The department of social and health services.

(3) 'County or local office'—The administrative office for one or more counties or designated service areas.

(4) 'Director' or 'secretary' means the secretary of social and health services.

(5) 'Federal-aid assistance'—The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(6) (a) 'General assistance'—Aid to persons in need who:

(i) Are not eligible to receive federal-aid assistance, other than food stamps and medical assistance; however, an individual who refuses or fails to cooperate in obtaining federal-aid assistance, without good cause, is not eligible for general assistance;

(ii) Are either:

(A) Pregnant: PROVIDED, That need is based on the current income and resource requirements of the federal aid to families with dependent children program: PROVIDED FURTHER, That during any period in which an aid for dependent children employable program is not in operation, only those pregnant women who are categorically eligible for medicaid are eligible for general assistance; or

(B) Incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of sixty days as determined by the department. Persons who are unemployable due to alcohol or drug addiction are not eligible for general assistance. Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug-related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. This subsection (6)(a)(ii)(B) shall not be construed to prohibit the department from granting general assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program;

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the social security number shall be provided to the department upon receipt.

(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal-aid assistance:

(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

(ii) To the extent authorized by the legislature in the biennial appropriations act, to recipients of aid to families with dependent children whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received.

(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6) (a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(d) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information.

(e) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(f) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall not have their benefits terminated absent a clear showing of material improvement in their medical or mental condition or specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who remain otherwise eligible and who are not eligible to receive benefits under the federal aid to families with dependent children program shall not have their benefits terminated until six weeks following the birth of the recipient's child.

(7) 'Applicant'—Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(8) 'Recipient'—Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(9) 'Standards of assistance'—The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(10) 'Resource'—Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent: PROVIDED, That an applicant may retain the following described resources and not be ineligible for public assistance because of such resources.

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered as a resource which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons or a natural disaster, shall raise a rebuttable presumption of abandonment: PROVIDED, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse or dependent children or disabled sons or daughters, such property shall be considered as a resource which can be made available to meet need.

(b) Household furnishings and personal effects and other personal property having great sentimental value to the applicant or recipient, as limited by the department consistent with limitations on resources and exemptions for federal aid assistance.

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed one thousand five hundred dollars.

(d) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance.

(e) Applicants for or recipients of general assistance may retain the following described resources in addition to exemption for a motor vehicle or home and not be ineligible for public assistance because of such resources:

(i) Household furnishings, personal effects, and other personal property having great sentimental value to the applicant or recipient;

(ii) Term and burial insurance for use of the applicant or recipient;

(iii) Life insurance having a cash surrender value not exceeding one thousand five hundred dollars; and

(iv) Cash, marketable securities, and any excess of values above one thousand five hundred dollars equity in a vehicle and above one thousand five hundred dollars in cash surrender value of life insurance, not exceeding one thousand five hundred dollars for a single person or two thousand two hundred fifty dollars for a family unit of two or more. The one thousand dollar limit in subsection (10)(d) of this section does not apply to recipients of or applicants for general assistance.

(f) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may

provide grant assistance to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property, but the recipient must sign an agreement to dispose of the property and repay assistance payments made to the date of disposition of the property which would not have been made had the disposal occurred at the beginning of the period for which the payments of such assistance were made. In no event shall such amount due the state exceed the net proceeds otherwise available to the recipient from the disposition, unless after nine months from the date of the agreement the property has not been sold, or if the recipient's eligibility for financial assistance ceases for any other reason. In these two instances the entire amount of assistance paid during this period will be treated as an overpayment and a debt due the state, and may be recovered pursuant to RCW 43.20B.630.

(11) 'Income'—(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In determining the amount of assistance to which an applicant or recipient of aid to families with dependent children is entitled, the department is hereby authorized to disregard as a resource or income the earned income exemptions consistent with federal requirements. The department may permit the above exemption of earnings of a child to be retained by such child to cover the cost of special future identifiable needs even though the total exceeds the exemptions or resources granted to applicants and recipients of public assistance, but consistent with federal requirements. In formulating rules and regulations pursuant to this chapter, the department shall define income and resources and the availability thereof, consistent with federal requirements. All resources and income not specifically exempted, and any income or other economic benefit derived from the use of, or appreciation in value of, exempt resources, shall be considered in determining the need of an applicant or recipient of public assistance.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(12) 'Need'—The difference between the applicant's or recipient's standards of assistance for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his family.

(13) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(14) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

Sec. 3. Section 2, chapter 155, Laws of 1984 and RCW 26.33.020 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Alleged father' means a person whose parent-child relationship has not been terminated, who is not a presumed father under chapter 26.26 RCW, and who alleges himself or whom a party alleges to be the father of the child. It includes a person whose marriage to the mother was terminated more than three hundred days before the birth of the child or who was separated from the mother more than three hundred days before the birth of the child.

(12) 'Birth parent' means the natural mother or natural or alleged father of a child, including a presumed father under chapter 26.26 RCW, whether or not any such person's parent-child relationship has been terminated by a court of competent jurisdiction.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:

(1) The department of social and health services shall establish, within funds appropriated for the purpose, a reconsideration program to provide medical and counseling services through the adoption support program for children of families who apply for services after the adoption is final. Families requesting services through the program shall provide any information requested by the department for the purpose of processing the family's application for services.

(2) A child meeting the eligibility criteria for registration with the program is one who:

(a) Was residing in foster care funded by the department immediately prior to the adoptive placement;

(b) Had a physical or mental handicap or emotional disturbance that existed and was documented prior to the adoption; and

(c) Resides in the state of Washington with an adoptive parent who lacks the necessary financial means to care for the child's special need.

(3) If a family is accepted for registration and meets the criteria in subsection (2) of this section, the department may enter into an agreement for services. Prior to entering into an agreement for services through the program, the medical needs of the child must be reviewed and approved by the department's office of personal health services.

(4) Any services provided pursuant to an agreement between a family and the department shall be met from the department's medical program. Such services shall be limited to:

(a) Services provided after finalization of an agreement between a family and the department pursuant to this section;

(b) Services not covered by the family's insurance or other available assistance; and

(c) Services related to the eligible child's identified physical or mental handicap or emotional disturbance that existed prior to the adoption.

(5) Any payment by the department for services provided pursuant to an agreement shall be made directly to the physician or provider of services according to the department's established procedures.

(6) The total costs payable by the department for services provided pursuant to an agreement shall not exceed twenty thousand dollars per child.

NEW SECTION. Sec. 5. The department of social and health services shall report to the 1991 legislature regarding the applications for the program established under section 4 of this act. The report shall contain information regarding the requests for financial assistance, both those that qualify and those that do not, and shall include the estimated cost for providing the services requested.

Sec. 6. Section 4, chapter 63, Laws of 1971 ex. sess. as last amended by section 135, chapter 7, Laws of 1985 and RCW 74.13.109 are each amended to read as follows:

The secretary shall issue rules and regulations to assist in the administration of the program of adoption support authorized by RCW 26.33.320 and 74.13.100 through 74.13.145.

Disbursements from the appropriations available from the general fund shall be made pursuant to such rules and regulations and pursuant to agreements conforming thereto to be made by the secretary with parents for the purpose of supporting the adoption of children in, or likely to be placed in, foster homes or child caring institutions who are found by the secretary to be difficult to place in adoption because of physical or other reasons; including, but not limited to, physical or mental handicap, emotional disturbance, ethnic background, language, race, color, age, or sibling grouping.

Such agreements shall meet the following criteria:

(1) The child whose adoption is to be supported pursuant to such agreement shall be or have been a child hard to place in adoption.

(2) Such agreement must relate to a child who was or is residing in a foster home or child-caring institution or a child who, in the judgment of the secretary, is both eligible for, and likely to be placed in, either a foster home or a child-caring institution.

(3) Such agreement shall provide that adoption support shall not continue beyond the time that the adopted child reaches eighteen years of age, becomes emancipated, dies, or otherwise ceases to need support, provided that if the secretary shall find that continuing dependency of such child after such child reaches eighteen years of age warrants the continuation of support pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 the secretary may do so.

subject to all the provisions of RCW 26.33.320 and 74.13.100 through 74.13.145, including annual review of the amount of such support.

(4) Any prospective parent who is to be a party to such agreement shall be a person who ~~(while having)~~ has the character, judgment, sense of responsibility, and disposition which make him or her suitable as an adoptive parent of such child ~~(lacks the financial means fully to care for such hard to place child)~~.

Sec. 7. Section 11, chapter 63, Laws of 1971 ex. sess. as last amended by section 142, chapter 7, Laws of 1985 and RCW 74.13.130 are each amended to read as follows:

~~(If the secretary determines that a prospective adoptive parent or parents cannot, because of limited financial means, pay the cost or the full cost of an adoption proceeding for the adoption of a hard to place child who would be eligible for support under RCW 26.33.320 and 74.13.100 through 74.13.145, the secretary may authorize the payment from the appropriations available from the general fund of all or part a reasonable attorney's fee to be determined by the superior court hearing the adoption and court costs. The clerk of the court shall furnish the secretary with a certified copy of the decree of adoption containing the finding as to such attorney's fee.~~

In evaluating any such prospective parent's ability to pay the secretary may use the same criteria for evaluating ability to pay which are to be used by him in waiving, reducing, or deferring fees pursuant to RCW 74.13.103 plus the burdens likely to be assumed by such parent even after adoption support is provided pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145.) The secretary may authorize the payment, from the appropriations available from the general fund, of all or part of the nonrecurring adoption expenses incurred by a prospective parent. 'Nonrecurring adoption expenses' means those expenses incurred by a prospective parent in connection with the adoption of a difficult to place child including, but not limited to, attorneys' fees, court costs, and agency fees. Payment shall be made in accordance with rules adopted by the department.

This section shall have retroactive application to January 1, 1987. For purposes of retroactive application, the secretary may provide reimbursement to any parent who adopted a difficult to place child between January 1, 1987, and one year following the effective date of this act, regardless of whether the parent had previously entered into an adoption support agreement with the department.

NEW SECTION. Sec. 8. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1990, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 10. Sections 1 through 3 and 8 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, line 1 of the title, after "adoption;" strike the remainder of the title and insert "amending RCW 74.04.005, 26.33.020, 74.13.109, and 74.13.130; adding a new section to chapter 74.13 RCW; creating new sections; and declaring an emergency."

and the same is herewith transmitted.

SPEAKER'S RULING

The Speaker: The Speaker has examined both the bill and the amendment and finds that the underlying bill deals with the debt limits for small ports. The Senate amendment deals with the question of how much those ports can spend on promotional hosting. Clearly, the amendment broadens the scope of the original bill and therefore, Representative Haugen, your point is well taken. The Senate amendment to Substitute House Bill No. 2726 is outside the scope and object of the original bill.

MOTION

Ms. H. Sommers moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 2726 and ask the Senate to recede therefrom. The motion was carried.

The Speaker announced he was signing:

SENATE AMENDMENTS TO HOUSE BILL

March 1, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2494 with the following amendments:

Strike everything after the enacting clause and insert the following:

***NEW SECTION.** Sec. 1. The legislature finds that the increasing reliance on water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to assure the citizens of the state that the waters of the state used for water borne transportation will be protected. The legislature declares that this act is the first step in developing a comprehensive approach to protecting this important and

unique resource by developing a set of procedures to respond to spills of oil and hazardous substances into the state's waters.

The legislature also finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is in the early stages of development. Preventing spills is more protective of the environment and more cost-effective when all the costs associated with responding to a spill are considered. The legislature declares that it will continue to develop this first step in a comprehensive approach to protecting our unique and special marine environment by adopting measures in future sessions of the legislature to reduce the likelihood that a spill of oil or hazardous substances will occur.

Sec. 2. Section 10, chapter 133, Laws of 1969 ex. sess. as last amended by section 6, chapter 388, Laws of 1989 and RCW 90.48.315 are each amended to read as follows:

random practice drills without prior notice that will test the adequacy of the responding entities. The rules may provide for unannounced practice drills of individual contingency plans. The department shall review and publish a report on the drills, including an assessment of response time and available equipment and personnel compared to those listed in the contingency plans relying on the responding entities, and requirements, if any, for changes in the plans or their implementation. The department may require additional drills and changes in arrangements for implementing approved plans which are necessary to ensure their effective implementation.

NEW SECTION. Sec. 7. The provisions of contingency plans approved by the department under section 3 of this act shall be legally binding on those persons submitting them to the department and on their successors, assigns, agents, and employees. Any person who intentionally or recklessly discharges or causes or permits the entry of oil into the waters of the state shall incur, in addition to any other penalty authorized by law, a penalty of up to one hundred thousand dollars for every such violation and for each day the spill poses risks to the environment as determined by the director. The amount of the penalty shall be determined by the director after taking into consideration the gravity of the violation, the previous record of the violator in complying, or failing to comply, with the provisions of chapter 90.48 RCW, the speed and thoroughness of the collection and removal of the oil, and such other considerations as the director deems appropriate. It shall be the duty of any person discharging oil or hazardous substances or otherwise causing, permitting, or allowing the same to enter the waters of the state, unless the discharge or entry was expressly authorized by the department prior thereto or authorized by operation of law under RCW 90.48.200, to immediately notify the ~~((department at its office in Olympia, or a regional office thereof, of such discharge or entry))~~ coast guard and the division of emergency management. The notice to the division of emergency management within the department of community development shall be made to the division's twenty-four hour state-wide toll-free number established for reporting emergencies.

NEW SECTION. Sec. 25. (1) The following persons shall not be liable for necessary expenses or property damage caused by an act or omission of that person during the cleanup of oil spilled into the navigable waters of the state, unless the act or omission was performed in bad faith or with gross negligence:

- (a) The state or any unit of local government;
- (b) A person who volunteers to assist in the cleanup of the spilled oil; and
- (c) A person meeting the standards of section 4 of this act.

(2) This section shall not affect the liability of any person responsible for the spilled oil or responsible for the facility or covered vessel from which the oil was spilled.

NEW SECTION. Sec. 26. A new section is added to chapter 88.16 RCW to read as follows:

An oil tanker under escort of a tug or tugs pursuant to the provisions of RCW 88.16.190 shall not exceed the service speed of the tug or tugs that are escorting the oil tanker.

Sec. 27. Section 8, chapter 18, Laws of 1935 as last amended by section 2, chapter 264, Laws of 1987 and RCW 88.16.090 are each amended to read as follows:

(1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of freight and towing vessels not more than one thousand gross tons (inspected vessel), such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal

consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee established by the board of pilotage commissioners pursuant to chapter 34.05 RCW, but not to exceed one thousand five hundred dollars, to be placed in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall conduct the examination on a regular date, as prescribed by rule, at least once every two years.

(5) The board shall have developed five examinations and grading sheets for the Puget Sound pilotage district, and two for each other pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants on a random basis and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a 'sample examination' which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.

(8) The board may prescribe vessel simulator training for a pilot applicant, or pilot subject to RCW 88.16.105, as it deems appropriate, taking into consideration the economic cost of such training, to enhance that person's ability to perform pilotage duties under this chapter.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

Sec. 28. Section 13, chapter 18, Laws of 1935 as last amended by section 1, chapter 392, Laws of 1987 and RCW 88.16.100 are each amended to read as follows:

(1) The board shall have power on its own motion or, in its discretion, upon the written request of any interested party, to investigate the performance of pilotage services subject to this chapter and to issue a reprimand, impose a fine against a pilot in an amount not to exceed five thousand dollars, suspend, withhold, or revoke the license of any pilot, or any combination of the above, for misconduct, incompetency, inattention to duty, intoxication, or failure to perform his duties under this chapter, or violation of any of the rules or regulations provided by the board for the government of pilots. The board may partially or totally stay any disciplinary action authorized in this subsection and subsection (2) of this section. The board shall have the power to require that a pilot satisfactorily complete a specific course of training or treatment.

(2) In all instances where a pilot licensed under this chapter performs pilot services on a vessel exempt under RCW 88.16.070, the board may on its own motion, or in its discretion upon the written request of any interested party, investigate whether the services were performed in a professional manner consistent with sound maritime practices. If the board finds that the

pilotage services were performed in a manner that constitutes an act of incompetence, misconduct, or negligence so as to endanger life, limb, or property, or violated or failed to comply with state laws or regulations intended to promote marine safety or to protect navigable waters, the board may issue a reprimand, impose a fine against a pilot in an amount not to exceed five thousand dollars, suspend, withhold, or revoke the state pilot license, or any combination of the above. The board shall have the power to require that a pilot satisfactorily complete a specific course of training or treatment.

(3) The board shall implement a system of specified disciplinary actions or corrective actions, including training or treatment, that will be taken when a state licensed pilot in a specified period of time has had multiple disciplinary actions taken against the pilot's license pursuant to subsections (1) and (2) of this section. In developing these disciplinary or corrective actions, the board shall take into account the cause of the disciplinary action and the pilot's previous record.

(4) The board shall immediately review the pilot's license of a pilot who has been convicted within the prior twelve months of any offense involving drugs or the personal consumption of alcohol while on duty, including an offense of operation of a vehicle or vessel while under the influence of alcohol or drugs. After a hearing held pursuant to subsection (5) of this section:

(a) The board shall order a pilot who has been found to have been convicted within the prior twelve months of an offense involving drugs or the personal consumption of alcohol while on duty and who has not been convicted of another offense involving drugs or the personal consumption of alcohol in the previous five years to actively participate in and satisfactorily complete a specific program of treatment. The board may impose other sanctions it determines are appropriate. If the pilot does not satisfactorily complete the program of treatment, the board shall suspend, revoke, or withhold the pilot's license until the treatment is completed; and

(b) The board shall suspend for up to one year the license of a pilot found to have been convicted within the prior twelve months of a second or subsequent offense involving drugs or the personal consumption of alcohol while on duty.

(5) When the board determines that reasonable cause exists to issue a reprimand, impose a fine, suspend, revoke, or withhold any pilot's license or require training or treatment under subsection (1) ~~((or)),~~ (2), or (4) of this section, it shall forthwith prepare and personally serve upon such pilot a notice advising him of the board's intended action, the specific grounds therefor, and the right to request a hearing to challenge the board's action. The pilot shall have thirty days from the date on which notice is served to request a full hearing before an administrative law judge on the issue of the reprimand, fine, suspension, revocation, or withholding of his pilot's license, or requiring treatment or training. The board's proposed reprimand, fine, suspension, revocation, or withholding of a license, or requiring treatment or training shall become final upon the expiration of thirty days from the date notice is served, unless a hearing has been requested prior to that time. When a hearing is requested the board shall request the appointment of an administrative law judge under chapter 34.12 RCW who has sufficient experience and familiarity with pilotage matters to be able to conduct a fair and impartial hearing. The hearing shall be governed by the provisions of Title 34 RCW. All final decisions of the administrative law judge shall be subject to review by the superior court of the state of Washington for Thurston county or by the superior court of the county in which the pilot maintains his residence or principal place of business, to which court any case with all the papers and proceedings therein shall be immediately certified by the administrative law judge if requested to do so by any party to the proceedings at any time within thirty days after the date of any such final decision. No appeal may be taken after the expiration of thirty days after the date of final decision. Any case so certified to the superior court shall be tried de novo and after certification of the record to said superior court the proceedings shall be had as in a civil action. Moneys collected from fines under this section shall be deposited in the pilotage account.

~~((5))~~ (6) The board shall have the power, on an emergency basis, to temporarily suspend a state pilot's license: (a) When a pilot has been involved in any vessel accident where there has been major property damage, loss of life, or loss of a vessel, or (b) where there is a reasonable cause to believe that a pilot has diminished mental capacity or is under the influence of drugs, alcohol, or other substances, when in the opinion of the board, such an accident or physical or mental impairment would significantly diminish that pilot's ability to carry out pilotage duties and that the public health, safety, and welfare requires such emergency action. The board shall make a determination within seventy-two hours whether to continue the suspension. The board shall develop rules for exercising this authority including procedures for the chairperson or vice-chairperson of the board to temporarily order such suspensions, emergency meetings of the board to consider such suspensions, the length of suspension, opportunities for hearings, and an appeal process. The board shall develop rules under chapter 34.05 RCW.

(7) The board shall immediately notify the United States coast guard that it has revoked or suspended a license pursuant to this section and that a suspended or revoked license has been reinstated.

Sec. 29. Section 1, chapter 2, Laws of 1989 1st ex. sess. and RCW 88.40.005 are each amended to read as follows:

MOTION

Ms. Rust moved that the House do concur in the Senate amendments to Engrossed Second Substitute House Bill No. 2494. The motion was carried.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker stated the question before the House to be final passage of Engrossed Second Substitute House Bill No. 2494 as amended by the Senate.

POINT OF INQUIRY

Ms. Rust yielded to question by Mr. Phillips.

Mr. Phillips: Engrossed Second Substitute House Bill No. 2494, as it has been amended by the Senate, directs the Department of Ecology to conduct random practice drills of those entities that will respond to oil spills. The bill, as it was sent to the Senate, provided that these practice drills would be conducted annually. Does this change mean that the Department may not conduct annual drills of those entities that will respond to oil spills?

Ms. Rust: No. I have looked up the definition of the word "random" in a number of different dictionaries. Webster's New World Dictionary has three different meanings for the word "random" when used as an adjective. The meaning which is closest to its use in Engrossed Second Substitute House Bill No. 2494 as amended by the Senate is when used in statistics. Webster's New World Dictionary defines this use as follows: "... of, pertaining to, or characterizing a set of items every member of which has an equal chance of occurring or of occurring with a particular frequency." In this use, random drills could occur at any frequency. The could occur weekly, monthly or yearly. The change from annual to random in the Senate amendment would appear to give the Department of Ecology more flexibility to schedule practice drills as it determines is necessary.

Other meanings of the word "random" emphasize the notion of acting without an aim or plan or without uniformity. These uses do not appear appropriate in the context of this bill. One would hope that the Department will not schedule drills without an aim or plan, or haphazardly. The latter definition, that of being without uniformity, could enable the Department to schedule five drills one year, three the next, ten the next, and none the following. This, too, is inappropriate. Therefore, the only meaning that makes sense is the meaning when used in statistics.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Second Substitute House Bill No. 2494 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 96; excused, 1.

SENATE AMENDMENTS TO HOUSE BILL

March 2, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2907 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 1, chapter 201, Laws of 1989 and RCW 59.21.010 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Director' means the director of the department of community development.

(2) 'Department' means the department of community development.

(3) 'Fund' means the mobile home park relocation fund established under RCW 59.21.050 consisting of tenant and landlord contributions.

(4) 'Low-income' means at or below eighty percent of median household income as defined by the United States department of housing and urban development, for the county or standard metropolitan statistical area where the park is located.

(5) 'Mobile home park' or 'park' means real property that is rented or held out for rent to others for the placement of two or more mobile homes for the primary purpose of production of income, except where the real property is rented or held out for rent for seasonal recreational purpose only and is not intended for year-round occupancy.

(6) 'Landlord' or 'park-owner' means the owner of the mobile home park that is being closed at the time relocation assistance is provided.

(7) 'Relocate' means to remove the mobile home from the mobile home park being closed.

(8) 'Relocation assistance' means the monetary assistance provided under RCW 59.21.020.

Sec. 2, Section 2, chapter 201, Laws of 1989 and RCW 59.21.020 are each amended to read as follows:

(1) If a mobile home park is closed or converted to another use, all affected park tenants owning a mobile home are entitled to relocation assistance from the park-owner or the fund at the time the tenant relocates as follows: (a) For a single-wide mobile home, four thousand five hundred dollars; and (b) for a double-wide or larger mobile home, seven thousand five hundred dollars. No park tenant shall receive relocation assistance from the park owner or the fund for relocation of a recreational vehicle. The relocation assistance costs shall be adjusted annually by the housing component of the consumer price index for the Washington state area.

(2) When a tenant is forced to relocate before July 1, 1991, the payment of relocation assistance as provided by this section shall be paid by the park-owner. However, if the tenant has been given notice to vacate prior to April 1, 1989, and the tenant has not yet relocated as of April 28, 1989, the payment of relocation assistance by the park-owner shall be required only if the tenant is low income.

(3) When a tenant is forced to relocate after June 30, 1991, the payment of relocation assistance to low-income park tenants as provided in this section shall be shared as follows: The landlord or park-owner shall provide one-third and the fund shall provide two-thirds.

(4) After July 1, 1992, (a) if twenty-four months' notice of closure is given, the landlord or park-owner shall provide five hundred dollars for a single-wide home or one thousand dollars for a double-wide or larger home and the fund shall provide the balance of the relocation assistance to low-income park tenants; (b) if the park-owner gives less than twenty-four months' notice the park-owner shall provide one-third and the fund shall provide two-thirds of the relocation assistance to low-income park tenants.

(5) All tenants eligible for relocation assistance shall apply for verification of eligibility to the department. The department shall issue a document to each tenant signifying the tenant's low-income status, or status other than low income to be given to the park-owner by the tenant.

(6) The park-owner shall be responsible for paying up to the full amount of relocation assistance to low-income park tenants if there are insufficient moneys in the fund. The department shall adopt rules governing disbursements of assistance from the fund and park-owner payments when there are insufficient moneys to meet the demand for relocation assistance.

(7) The park-owner shall pay park tenants who do not qualify as low-income tenants the same amount of relocation assistance that low-income park tenants are entitled to from the park-owners under this section. The landlord shall pay the relocation assistance directly to the tenant if the tenant submits to the landlord a copy of the contract entered into for the purpose of relocating the mobile home, which includes the date of relocation. The tenant may recover court costs and a reasonable attorney's fee in any action brought to require the landlord to pay relocation assistance under this subsection in which the tenant prevails.

(8) The park-owner shall make any payment to the department required by this chapter when demanded by the department; however, the department shall not demand such payment earlier than thirty days prior to the expected relocation date of the tenant. If the landlord does not pay his or her portion of the relocation assistance to the department when required by this chapter, the department shall have a lien on the real property on which the park is located. Such lien shall be collected as delinquent general property taxes and shall be forwarded to the department by the county treasurer.

((66)) (9) The director or his or her designee shall approve all expenditures from the fund.

((77)) (10) Relocation assistance contributions required from landlords or park-owners by this section shall be reduced by the amount paid or required to be paid under any other law for the same mobile home park tenant for the same relocation.

(11) Notwithstanding RCW 59.21.100, it is a violation of this chapter to request or require as a condition of initiating or renewing a tenancy in a mobile home park, a waiver of relocation assistance under this section or any other law or ordinance. Any such waiver, regardless of the date of its execution, is void and unenforceable as contrary to public policy.

(12) Any park owner coercing or attempting to coerce a tenant into terminating a tenancy for the purpose of avoiding the payment of relocation assistance shall give rise to a civil cause of action for damages or equitable relief by a tenant injured by such act.

Sec. 3, Section 3, chapter 201, Laws of 1989 and RCW 59.21.030 are each amended to read as follows:

Notice required by RCW 59.20.080 before park closure or conversion of the park, whether twelve months or longer, shall be given to the director and all tenants in writing, and posted at

all park entrances. Notice must also include the tenant's right to relocation assistance, if applicable. Notice must also be recorded in the office of the county auditor for the county where the mobile home park is located. This section shall apply to all park closures even though notice may have been given prior to April 28, 1989.

NEW SECTION. Sec. 4. A new section is added to chapter 59.21 RCW to read as follows:

The obligation of a park-owner to pay relocation assistance under this chapter runs with the land and is binding upon purchasers, successors and assigns of any park-owner obligated to provide relocation assistance under this chapter.

Sec. 5. Section 5, chapter 201, Laws of 1989 and RCW 59.21.050 are each amended to read as follows:

(1) The mobile home park relocation fund is created in the custody of the state treasurer. All legislative appropriations for mobile home relocation assistance, receipts from (~~assessments~~) fees collected under (~~RCW 59.21.066~~) this chapter, and amounts required to be paid by park-owners to low-income park tenants shall be deposited into the fund. Expenditures from the fund may be used only for (~~administration of the fund~~) relocation assistance under RCW 59.21.020, or transfer to the mobile home park purchase fund under subsection (2) of this section. Only the director of community development or the director's designee may authorize expenditures from the fund. All relocation payments to low-income park tenants, including those due from the park-owner shall be made from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(2) The state treasurer shall maintain the fund and shall invest the fund moneys. Moneys earned on these investments shall be deposited in the fund and shall be used for the same purposes as other fund moneys. Unexpended and unencumbered moneys that remain in the fund at the end of the fiscal year do not revert to the state general fund but remain in the fund, separately accounted for, as a contingency reserve, or if the director determines at the end of any fiscal year beginning after December 31, 1991, that the fund contains a surplus over the projected amount needed for relocation during the upcoming year(s), any surplus may be transferred to the mobile home park purchase fund created by chapter 59.22 RCW. However, the director may cause any uncommitted funds in the mobile home park purchase fund which were transferred from the mobile home park relocation fund to be transferred back to the mobile home park relocation fund if that fund cannot otherwise meet its current obligations.

(3) A low-income park tenant who is entitled to relocation assistance under this chapter is entitled to payment only after submitting an application which includes: (a) A copy of the notice from the park-owner that the tenancy is terminated due to closure of the park; (b) a copy of the rental agreement currently in force; and (c) a copy of the contract entered into for the purpose of relocating the mobile home, which includes the date of relocation.

(4) The director may adopt rules for the administration of the fund.

~~((5) The department may use money from the fund to offset the necessary costs of administering the fund. Administrative cost reimbursement shall not exceed fifty thousand dollars or five percent of the revenue to the fund for any given fiscal year, whichever is greater, to offset expenses incurred during that year.))~~

Sec. 6. Section 6, chapter 201, Laws of 1989 and RCW 59.21.060 are each amended to read as follows:

(1) There is hereby (~~placed~~) imposed a fee of sixty-five dollars on (~~all~~) every transfer of title on new or used mobile homes (~~located in mobile home parks an annual assessment of eleven dollars per mobile home beginning on January 1, 1990. The assessment shall be collected by the county treasurer or treasurers within the county or counties where the mobile home or the mobile home park is located. Notice of the assessment created under this section may be included on the notice of property taxes due, or may be sent separately from the notice of property taxes due. The assessment created under this section shall be due at the same time property taxes are due and shall constitute a lien on the mobile home upon which the assessment is imposed. Delinquent assessments created under this section shall be foreclosed in the same manner, and subject to the same time schedules, interest, and penalties as delinquent property taxes. County treasurers may impose a fee for collecting the assessment created in this section not to exceed five percent of the dollar value of the collection of assessments created under this section. The county treasurer may collect the assessment for 1990 at the same time the county treasurer collects the assessment for 1991 if the county treasurer would experience undue hardship in collecting the 1990 assessment in that year.~~)

(2) Upon the request of the treasurer of the county or counties where the mobile home park is located, each park-owner shall provide the county treasurer with a list of all tenants residing in the park on January 1, 1989. This list shall be mailed by August 1, 1989, to the treasurer or treasurers of the county or counties where the mobile home park is located. The list shall include the name and address of each tenant, and the mobile home tax number of each tenant if available. Upon the request of the treasurer of the county or counties where the mobile home park is located, the park-owners shall update the list of tenants residing in the park:
