The state treasurer shall deposit fifty dollars of each fee collected in the mobile home park relocation fund created under RCW 59.21.050 and the remaining fifteen dollars of each fee collected in the mobile home affairs account created by RCW 59.22.070.

(2) The department of revenue, the department of licensing, and the state treasurer(, and the county treasurers) may enact any rules necessary to carry out this section.

Sec. 7. Section 28A.45.090, chapter 223, Laws of 1969 ex. sess. as last amended by section 2, chapter 192, Laws of 1984 and RCW 82.45.090 are each amended to read as follows:

The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales and used floating home sales. A receipt issued by the county treasurer for the payment of the tax imposed under this chapter shall be evidence of the satisfaction of the lien imposed hereunder and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax shall be accepted by the county auditor for filing or recording until the tax shall have been paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be so accepted until suitable notation of such fact has been made on the instrument by the treasurer.

Sec. 8. Section 1, chapter 89, Laws of 1987 and RCW 82.08.065 are each amended to read as follows:

In the collection of the sales tax on mobile homes and the fee imposed in RCW 59.21.060(1), the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. Upon such designation, it shall be the duty of each county auditor to collect the tax and the fee at the time the mobile home dealer or selling agent applies for a new certificate of ownership for such mobile home in the instance where transfer of ownership was from a mobile home dealer or person deemed a selling agent under RCW 82.04.480, except where the applicant presents a written statement signed by the department of revenue or its duly authorized agent showing that no retail sales tax or use tax is legally due. The term 'mobile home' as used in this section means a mobile home as defined in RCW 46.04.302. It shall be the duty of every mobile home dealer or selling agent to declare upon the application for a new certificate of ownership the selling price paid for the mobile home. Any person willfully misrepresenting, or failing or refusing to declare upon the application, such selling price shall be guilty of a gross misdemeanor.

Each county auditor who acts as agent of the department of revenue shall at the time of remitting license fee receipts on motor vehicles subject to the provisions of RCW 82.12.045 pay over and account to the state treasurer for all sales tax revenue collected under this section, after first deducting as his or her collection fee the sum of two dollars for each mobile home upon which the tax has been collected.

Any applicant who has paid sales tax to a county auditor under this section may apply to the department of revenue for refund thereof if he has reason to believe that such tax was not legally due and owing. No refund is allowed unless application therefor is received by the department of revenue within four years after payment of the tax. Upon receipt of an application for refund the department of revenue shall consider the same and issue its order either granting or denying it and if refund is denied the taxpayer shall have the right of appeal as provided in RCW 82.32.170, 82.32.180, and 82.32.190.

The provisions of this section shall be construed as cumulative of other methods prescribed in chapters 82.04 to 82.32 RCW, inclusive, for the collection of the tax imposed by this chapter. The department of revenue shall have power to adopt such rules as may be necessary to administer the provisions of this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by the director of licensing in remitting sales tax revenue to the state treasurer.

Sec. 9. Section 11, chapter 201, Laws of 1989 and RCW 59.21.080 are each amended to read as follows:

Before a mobile home park-owner may close a mobile home park or convert it to another use, the owner shall pay amounts owed for relocation assistance under RCW 59.21.020 to the ~~((state treasurer))~~ department for deposit into the fund. A park-owner may give notice as required by RCW 59.20.080 and this chapter before payment of these amounts.

Sec. 10. Section 4, chapter 280, Laws of 1988 as amended by section 7, chapter 201, Laws of 1989 and RCW 59.22.060 are each amended to read as follows:

(1) Every landlord shall register by October 1, 1988, with the department of revenue under such rules as that department shall prescribe.

(2) Every landlord shall pay a fee of one dollar per lot per year, except for unoccupied lots, until December 31, 1990. This fee shall be remitted by the landlord to the department of revenue under such rules as the department shall prescribe. NEW SECTION, Sec. 1. The following acts or parts of acts are each repealed:

(1) Section 109, chapter 136, Laws of 1981, section 2, chapter 350, Laws of 1985, section 4, chapter 143, Laws of 1988 and RCW 72.02.180; and

(2) Section 14, chapter 143, Laws of 1988 and RCW 72.02.190.

NEW SECTION, Sec. 2. A new section is added to chapter 72.02 RCW to read as follows:

If the department of corrections provides new inmate beds, or provides double-bunks for existing cells, within ten miles of a city or town that is within three miles of correctional facilities that would have been subject to RCW 72.02.180 or 72.02.190, and if those facilities had an average annual inmate capacity of at least one thousand on the effective date of this act, the department shall, subject to appropriation by the legislature, provide mitigating funds to the city or town containing or closest to the facility with the new beds or double-bunked cells. For purposes of determining the eligibility of a city or town for mitigation funds under this section, the average annual inmate capacity of correctional facilities within three miles of a city or

town shall be combined. The mitigation funds shall be calculated as follows: The number of new beds or double-bunked cells divided by one thousand multiplied by the annual general fund—state operating budget of the department's correctional facilities within ten miles of that town or city, multiplied by one percent. The city or town, in its discretion, may share the funds with other cities or the county in which the city or town is located. The department shall provide mitigation funds annually, adjusted for changes in additional new beds or double-bunked cells and in the department's budget. The funds authorized by this section shall be in addition to any other amounts that were authorized prior to the effective date of this act by the legislature or ordered by any court for the purpose of mitigating the impact of adult correctional facilities.

NEW SECTION. Sec. 3. If specific funding for the purposes of section 2 of this act, referencing section 2 of this act by bill and section number, is not provided by June 30, 1990, in the omnibus appropriations act, section 2 of this act shall be null and void.

NEW SECTION. Sec. 4. A new section is added to chapter 72.02 RCW to read as follows:

The department of corrections shall provide annual financial assistance to the city and county of Walla Walla and the city of College Place in order to offset the direct economic costs incurred by the local governments as a result of the continued impact of the Washington state penitentiary and adjoining correctional facilities on city law enforcement, sewer, fire, water, and social services. The funds authorized by this section shall be in addition to any other amounts authorized by the legislature prior to the effective date of this act for the purpose of mitigating the impact of adult correctional facilities on local governments.

NEW SECTION. Sec. 5. If specific funding for the purposes of section 4 of this act, referencing section 4 of this act by bill and section number, is not provided by June 30, 1990, in the omnibus appropriations act, section 4 of this act shall be null and void.

NEW SECTION. Sec. 6. A new section is added to chapter 72.02 RCW to read as follows:

If the department of corrections increases the average daily inmate population at the Twin Rivers corrections center above the nonemergency statutory limit under RCW 72.02.180, the department shall, subject to appropriation by the legislature, provide annual mitigating funds to the county in which the corrections center is located. The mitigation funds shall be calculated by multiplying the average daily inmate population that exceeds the nonemergency statutory limit for that fiscal year, by five hundred dollars.

NEW SECTION. Sec. 7. If specific funding for the purposes of section 6 of this act, referencing section 6 of this act by bill and section number, is not provided by June 30, 1990, in the omnibus appropriations act, section 6 of this act shall be null and void.

NEW SECTION. Sec. 8. A new section is added to chapter 72.02 RCW to read as follows:

If inmate populations are increased at any institution as a result of the repeal of RCW 72.02.180 or 72.02.190, the department of corrections shall provide sufficient staffing at the institution to comply with the division of prisons custody model as adopted by the department. In no event shall staffing levels be reduced below the levels in effect on the effective date of this act."

REPORT OF CONFERENCE COMMITTEE

March 6, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred SUBSTITUTE SENATE BILL NO. 6626, requiring an assessment of higher education needs of placebound students, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to recommend that:

All previous amendments be rejected, and

The bill be amended as follows:

On page 1, line 6, after "study the" strike all material through "1993," on line 16 and insert "upper division baccalaureate educational needs of placebound students, and the graduate educational needs of teachers, living in areas of the state not currently served by either existing four-year institutions or branch campuses. The study shall include recommendations on how the needs should be addressed, and which institutions should be responsible for serving specific areas.

NEW SECTION, Sec. 2. The legislature finds that many individuals in the state of Washington have attended college and received an associate of arts degree, or its equivalent, but are placebound.

The legislature intends to establish an educational opportunity grant program for placebound students who have completed an associate of arts degree, or its equivalent, in an effort to increase their participation in and completion of upper-division programs.

NEW SECTION, Sec. 3. The educational opportunity grant program is hereby created as a demonstration project to serve placebound financially needy students by assisting them to obtain a baccalaureate degree at public and private institutions of higher education which have the capacity to accommodate such students within existing educational programs and facilities.

NEW SECTION, Sec. 4. (1) For the purposes of this chapter, 'placebound' means unable to relocate to complete a college program because of family or employment commitments, health concerns, monetary inability, or other similar factors.

(2) To be eligible for an educational opportunity grant, applicants must be placebound residents of the state of Washington who are needy students as defined in RCW 28B.10.802(3) and who have completed the associate of arts degree or its equivalent. A placebound resident is one who may be influenced by the receipt of an enhanced student financial aid award to attend an institution that has existing unused capacity rather than attend a branch campus established pursuant to chapter 28B.45 RCW. An eligible placebound applicant is further defined as a person whose residence is located in an area served by a branch campus who, because of family or employment commitments, health concerns, monetary need, or other similar factors, would be unable to complete an upper-division course of study but for receipt of an educational opportunity grant.

NEW SECTION, Sec. 5. The higher education coordinating board shall develop and administer the educational opportunity grant program. The board shall adopt necessary rules

and guidelines and develop criteria and procedures to select eligible participants in the program. Payment shall be made directly to the eligible participant periodically upon verification of enrollment and satisfactory progress towards degree completion.

NEW SECTION. Sec. 6. Grants may be used by eligible participants to attend any public or private college or university in the state of Washington that has an existing unused capacity. Grants shall not be used to attend any branch campus or educational program established under chapter 28B.45 RCW. The participant shall not be eligible for a grant if it will be used for any programs that include religious worship, exercise, or instruction or to pursue a degree in theology. Each participating student may receive up to two thousand five hundred dollars per academic year, not to exceed the student's demonstrated financial need for the course of study.

NEW SECTION. Sec. 7. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each institution of higher education with a commissioned police force shall report to the Washington association of sheriffs and police chiefs or its successor agency, on a monthly basis, crime statistics for the Washington state uniform crime report, in the format required by the Washington association of sheriffs and police chiefs, or its successor agency. Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 1, chapter 241, Laws of 1989 and RCW 88.12.070 are each amended to read as follows:

(1) The purpose of this section is to promote safety in water skiing on the waters of Washington state, provide a means of ensuring safe water skiing and promote the enjoyment of water skiing.

(2) When used in this section, the following words and phrases shall have the meanings designated in this section unless a different meaning is expressly provided or unless the context clearly indicates otherwise.

(a) 'Operator' means the individual in physical control of ~~((the recreational boat))~~ a vessel. The operator of a personal watercraft shall be at least fourteen years of age.

(b) 'Observer' means the individual riding in ~~((the recreational boat))~~ a vessel who shall be responsible for observing the water skier at all times. (c) ~~(("Recreational boat" means any vessel manufactured or used primarily for noncommercial use, or leased, rented, or chartered to another for the latter's noncommercial use.))~~ 'Personal watercraft' means a vessel of less than sixteen feet which uses a motor powering a water jet pump, as its primary source of motive power and which is designed to be operated by a person sitting, standing, or kneeling on, or being towed behind the vessel, rather than in the conventional manner of sitting or standing inside the vessel.

(d) 'Vessel' means every watercraft used or capable of being used as a means of transportation on the water, other than a seaplane.

(e) 'Waters of Washington state' means any waters within the territorial limits of Washington state.

(3) No ~~((recreational boat))~~ vessel which has in tow a person or persons on water skis, or similar contrivance shall be operated on any waters of Washington state unless such craft shall be occupied by at least an operator and an observer. Such flag shall be a bright red or brilliant orange color, measuring at least twelve inches ((on each side)) square, mounted on a ((handle)) pole not less than twenty-four inches long and displayed as to be visible from every direction. This subsection does not apply to a ~~((United States coast guard approved recreational boat))~~ personal watercraft, the design of which makes no provision for carrying an operator or any other person on board, and that is actually operated by the person or persons being towed. Every remote-operated personal watercraft shall have a flag attached which meets the requirements of this subsection.

(4) No person shall engage or attempt to engage in water skiing, or operate or ride on a personal watercraft, without wearing an adequate and effective United States coast guard approved type I, II, III, or V personal flotation device in good and serviceable condition and of appropriate size, or a wet suit ~~((specifically designed by a manufacturer for that purpose and capable of floating the water skier))~~ which is approved for personal flotation by the United States coast guard. (7) No person engaged in water skiing, or the operation of a personal watercraft, shall conduct himself or herself in a negligent manner that endangers, or is likely to endanger, any person or property.

~~((7))~~ (8) The requirements of subsections (3), (4), and (5) of this section shall not apply to ~~((water skiers and boat operators))~~ persons engaged in ((water ski)) tournaments, competitions, or exhibitions that have been authorized or otherwise permitted by the appropriate agency having jurisdiction and authority to authorize such events.

(9) It shall be unlawful for a person to lease, hire, or rent a personal watercraft to any person who is under sixteen years of age.

(2) It shall be unlawful to remove, disable, bypass, or use a cutout device on any muffler or muffling device of any vessel, except while engaged in organized racing events in an area designated for that purpose.

(1) It shall be unlawful for any person to operate a vessel in a negligent manner~~((except a commercial vessel which has or is required to have a valid marine document as a vessel of the United States and is operating in the navigable waters of the United States))~~. For the purpose of this section, to 'operate in a negligent manner' shall be construed to mean the operation of a vessel in such manner as to endanger or be likely to endanger any persons or property or to operate at a rate of speed greater than will permit the operator in the exercise of reasonable care to bring the vessel to a safe stop.

(2) A person is guilty of operating a vessel while under the influence of intoxicating liquor or any drug if the person operates a vessel within this state while:

(a) The person has 0.10 grams or more of alcohol per two hundred ten liters of breath, as shown by analysis of the person's breath made under RCW 46.61.506; or

(c) The person is under the influence of or affected by intoxicating liquor or any drug; or

(d) The person is under the combined influence of or affected by intoxicating liquor and any drug.

The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section. A person cited under this subsection may upon request be given a breath test for breath alcohol or may request to have a blood sample taken for blood alcohol analysis. An arresting officer shall administer field sobriety tests when circumstances permit.

(3) For the purposes of this section, 'vessel' means any watercraft used or capable of being used as a means of transportation on the water, other than a seaplane.

(4) For the purpose of this section, 'vessel operator' means a person who is in actual physical control of a vessel.

NEW SECTION. Sec. 38. The legislature finds that with the increase in air traffic operations, combined with the projections for the rapid expansion of these operations in both the short and the long term, concerns regarding the environmental, health, social, and economic impacts of air traffic are increasing as well. The legislature also finds that advancing Washington's position as a national and international trading leader is dependent upon the development of a highly competitive, state-wide passenger and cargo air transportation system. Therefore, there is an obvious need for improved coordination of local, federal, and state efforts to develop state-wide air transportation policies to promote continued economic development and to mitigate the negative impacts of air traffic on surrounding communities.

The legislature seeks to provide for the comprehensive examination of air transportation issues, taking into consideration the data and conclusions of appropriate air traffic studies, including but not limited to those currently underway by various public ports of Washington, local jurisdictions, the department of transportation, and the Puget Sound Council of Governments.

It is the intent of the legislature to establish an air transportation commission, made up of persons interested in and affected by air transportation.

NEW SECTION. Sec. 39. (1) The air transportation commission is created to carry out the functions of this chapter. The commission shall consist of twenty-two voting members.

(2) The governor shall appoint nineteen members to represent the following interests:

(a) Four city representatives, who shall be elected city officials, with at least one from a small city or town affected by air traffic problems and one from a large city that is a member of the regional airport system study;

(b) Four county representatives, who shall be elected county officials, with at least one from a small county affected by air traffic problems, and one from a large county that is a member of the regional airport system study;

(c) Two citizens to represent the private sector, with one from western Washington and one from eastern Washington;

(d) Three as representatives from the airline industry;

(e) Two as representatives of the ports, one of whom shall represent a port located in a county of one million population or more;

(f) The governor or a designee;

(g) A representative from the SeaTac noise mediation project;

(h) A representative from an eastern Washington metropolitan planning organization; and

(i) A representative from a western Washington metropolitan planning organization.

(3) The remaining three members shall be:

(a) The secretary of transportation or a designee;

(b) The assistant secretary of the division of aeronautics of the department of transportation; and

(c) The director of the Washington state transportation center created by agreement between the University of Washington, Washington State University, and the department of transportation.

(4) The chair of the legislative transportation committee shall appoint four members of the legislature to serve as nonvoting members of the commission.

(5) The manager of the Seattle airports division, northwest region of the federal aviation administration shall serve as a nonvoting member.

NEW SECTION, Sec. 40. The commission shall conduct studies to determine Washington's long-range air transportation policy, including an assessment of intermodal needs, and to assess the impacts of increasing air traffic upon surrounding communities, including an evaluation of noise mitigation and surface transportation impacts at existing facilities, and the potential impact at new or expanded facilities.

The studies shall include, but are not limited to the following:

(1) The feasibility of acquiring the Stampede Pass rail line for use as a utility corridor, intermodal high speed transportation corridor or other transportation uses. The study shall include an examination of the ownership of the Stampede Pass rail line right of way and evaluate the advantages and disadvantages of preserving the Stampede Pass rail line corridor. It shall include interested public and private agencies when conducting the study. The commission shall encourage local communities and the private sector to financially participate in the study. The commission shall make a presentation of the feasibility findings to the legislative transportation committee on or before December 1, 1990.

(2) Recommendations to the legislature on future Washington state air transportation policy, including the expansion of existing and potential air carrier and reliever facilities and the siting of such new facilities, specifically taking into consideration intermodal needs. The commission shall consider the development of wayports in eastern Washington, taking into account similar developments in Japan and Germany, in order to reduce congestion resulting from rapid growth in the Puget Sound region. The commission shall examine high speed rail transportation systems, including but not limited to magnetic levitation trains, personal rapid transit systems, and complimentary transportation systems, using to the extent possible the existing rights of way along I-90, I-5, and the Stampede Pass rail corridor.

The commission shall submit findings and recommendations to the legislative transportation committee by December 1, 1994, with an interim report to be presented to the legislative transportation committee by December 1, 1992.

NEW SECTION, Sec. 41. The commission may contract with consultants to assist in any of the assigned studies. The commission shall seek federal funding in consultation with the department of transportation. Any federal funds received shall reduce the amount of state funds appropriated in section 13 of this act.

NEW SECTION, Sec. 42. The commission shall select a chair from among its membership and shall adopt rules related to its powers and duties under this chapter. Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050, 43.03.060, and 44.04.120, as appropriate. Members appointed by the governor shall be compensated in accordance with RCW 43.03.220. The commission has all powers necessary to carry out its duties as prescribed by this chapter. The commission shall be dissolved on June 30, 1995.

NEW SECTION, Sec. 43. The commission may employ staff as necessary to carry out this chapter. The department of transportation, the legislative transportation committee, and the Washington state transportation center may provide additional staff support for the commission. The legislative transportation committee must approve the commission's budget plan before the commission may spend funds.

NEW SECTION, Sec. 44. This chapter expires June 30, 1995.

NEW SECTION, Sec. 45. Sections 39 through 45 of this act constitute a new chapter in Title 47 RCW.

NEW SECTION, Sec. 46. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION, Sec. 47. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

Mr. Speaker:

We of your Conference Committee to whom was referred SUBSTITUTE SENATE BILL NO. 6663, authorizing special license plates and emblems, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to recommend that:

All previous amendments be rejected, and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 46.16 RCW to read as follows:

(1) The department may create, design, and issue special license plates, upon terms and conditions as may be established by the department, that may be used in lieu of regular or personalized license plates upon vehicles. The special plates may denote the age or type of vehicle or may denote special activities or interests, status, or contribution or sacrifice for the United States, the state of Washington, or the citizens of the state of Washington, of a registered owner of that vehicle.

(2) The department has the sole discretion to determine whether or not to create, design, or issue any series of special license plates and whether any activity, status, contribution, or sacrifice merits the issuance of a series of special license plates. In making this determination, the department shall consider whether or not an activity or interest proposed contributes or has contributed significantly to the public health, safety, or welfare of the citizens of the United States or of this state or to their significant benefit, or whether the activity, interest, contribution, or sacrifice is recognized by the United States, this state, or other states, in other settings or contexts. The department may also consider the potential number of persons who may be eligible for the plates and the cost and efficiency of producing limited numbers of the plates. The design of a special license plate shall conform to all requirements for plates for the type of vehicle for which it is issued, as provided elsewhere in this chapter.

NEW SECTION. Sec. 2. A new section is added to chapter 46.16 RCW to read as follows:

The department shall continue to issue, under section 1 of this act and the department's rules implementing sections 1 through 9 of this act, the categories of special plates issued by the department under the sections repealed under section 13 (1) through (7) of this act. Special license plates issued under those repealed sections before January 1, 1991, are valid to the extent and under the conditions provided in those repealed sections. The following conditions, limitations, or requirements apply to certain special license plates issued after January 1, 1991:

(1) A horseless carriage plate and a plate or plates issued for collectors' vehicles more than thirty years old, upon payment of the initial fees required by law and the additional special license plate fee established by the department, are valid for the life of the vehicle for which application is approved by the department. When a single plate is issued, it shall be displayed on the rear of the vehicle.

(2) The department may issue special license plates denoting amateur radio operator status only to persons having a valid official radio operator license issued for a term of five years by the federal communications commission.

(3) The department shall issue one set of special license plates to each resident of this state who has been awarded the Congressional Medal of Honor for use on a passenger vehicle registered to that person. The department shall issue the plate without the payment of any fees.

(4) The department may issue for use on only one motor vehicle owned by the qualified applicant special license plates denoting that the recipient of the plate is a survivor of the attack on Pearl Harbor on December 7, 1941, to persons meeting all of the following criteria:

(e) Is certified by a Washington state chapter of the Pearl Harbor survivors association as satisfying the qualifications in (c) of this subsection.

The department may issue such plates to the surviving spouse of any deceased Pearl Harbor survivor who met the requirements of this subsection. If the surviving spouse remarries, he or she shall return the special plates to the department within fifteen days and apply for regular plates. The surviving spouse must be a resident of this state.

The department shall issue these plates upon payment by the applicant of all other license fees, but the department may not set or charge an additional fee for these special license plates under section 4 of this act.

(5) The department shall replace, free of charge, special license plates issued under subsections (3) and (4) of this section if they are lost, stolen, damaged, defaced, or destroyed. Such plates shall remain with the persons upon transfer or other disposition of the vehicle for which they were initially issued, and may be used on another vehicle registered to the recipient in accordance with the provisions of section 5(1) of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 46.16 RCW to read as follows:

Persons applying to the department for special license plates shall apply on forms obtained from the department and in accordance with RCW 46.16.040. The applicant shall provide all information as is required by the department in order to determine the applicant's eligibility for such special license plates and for administration of sections 1 through 9 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 46.16 RCW to read as follows:

The department may establish a fee for the issuance of each type of special license plate or plates in an amount calculated to offset the cost of production of the special license plate or plates and the administration of this program. The fee shall not exceed thirty-five dollars and is in addition to all other fees required to register and license the vehicle for which the plates have been requested. All such additional special license plate fees collected by the department shall be deposited in the state treasury and credited to the motor vehicle fund.

If a person applies for a transfer of the plate or plates to another eligible vehicle, a transfer fee of five dollars shall be charged in addition to all other applicable fees. Such transfer fees shall be deposited in the motor vehicle fund. Failure to surrender the plates when required is a traffic infraction.

(2) If the special license plate or plates issued by the department become lost, defaced, damaged, or destroyed, application for a replacement special license plate or plates shall be made and fees paid as provided by law for the replacement of regular license plates.

The department has sole discretion in approving or disapproving institutions for participation in the vehicle license plate emblem program. The department also has the

sole discretion to determine the significance of the purpose, program, project, or cause and if it merits recognition by issuance of a vehicle license plate emblem.

Application to the department is the exclusive method for an institution to request issuance of a special vehicle license plate emblem series or to obtain such emblems for distribution by approved institutions. All applicants shall apply to the department on a form obtained from the department.

Any approved institution may collect additional fees from any person as a condition for receiving an emblem, to be used for the purposes of the approved institution.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) If the person refuses testing, or submits to a test that discloses an alcohol concentration of 0.04 or more, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section and that the person refused to submit to testing, or submitted to a test that disclosed an alcohol concentration of 0.04 or more.

The department shall order that the disqualification of the person either be rescinded or sustained. Every person who commits, attempts to commit, conspires to commit, or aids or abets in the commission of any act declared by this title to be a traffic infraction or a crime, whether individually or in connection with one or more other persons or as principal, agent, or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcefully, or willfully induces, causes, coerces, requires, permits or directs others to violate any provisions of this title is likewise guilty of such offense.

Sec. 61. Section 46.64.020, chapter 12, Laws of 1961 as last amended by section 1, chapter 38, Laws of 1988 and RCW 46.64.020 are each amended to read as follows:

(1) The legislature finds that:

(a) Traffic laws are necessary for the safe and expeditious flow of motor vehicle traffic.

(b) For traffic laws to be effective, they must be judiciously and fairly enforced. This enforcement includes the issuance of notices of infraction and citations and the assessment of fines and penalties.

(c) The adjudication of notices of infraction through a written and signed promise to respond, and of citations through a written and signed promise to appear, as provided in this title is an integral and important part of the traffic law system.

(d) Approximately twenty percent of all people issued notices of infraction and citations violate their written and signed promise to respond or appear and obtain notices of failure to respond or appear on their driving records. Through their actions, these people are destroying the effectiveness of the traffic law system and undermining the department of licensing regulatory control of drivers' licenses.

(e) Notices of failure to respond or appear accumulated on a person's driving record shall be considered if they were issued after July 25, 1987.

(2) Any person violating his or her written and signed promise to appear in court or his or her written and signed promise to respond to a notice of traffic infraction, as provided in this

title, is guilty of a misdemeanor regardless of the disposition of the charge upon which he or she was originally arrested or the disposition of the notice of infraction: PROVIDED, That a written promise to appear in court or a written promise to respond to a notice of traffic infraction may be complied with by an appearance by counsel: PROVIDED FURTHER, That a person charged under RCW 46.20.021 with driving with an expired driver's license may respond by mailing to the court within fifteen days of the violation, a copy of the person's currently valid driver's license. Any person who has been issued a notice of infraction pursuant to RCW 46.63.030(3) and who fails to respond as provided in this title is guilty of a misdemeanor regardless of the disposition of the notice of infraction.

(3) Any person who drives a motor vehicle within the state and has accumulated two or more notices of failure to appear or respond on his or her driving record maintained by the department of licensing in any five-year period as a result of noncompliance with the traffic (~~infraction~~) laws in any jurisdiction or court within Washington, or in any jurisdiction or court within other states which are signatories with Washington in a nonresident violator compact or reciprocal agreement under chapter 46.23 RCW, shall be guilty of failure to comply, a gross misdemeanor. A person is not subject to this subsection for failure to pay a fine for any pedestrian, bicycling, or parking offense.

Probable cause for arrest under this subsection is established by the officer obtaining, orally or in writing, information from the department of licensing that two or more notices of failure to appear or respond are on the person's driving record. For purposes of this chapter, failure to satisfy any penalties imposed under this title is considered equivalent to failure to appear or respond.

Venue for prosecution shall be in the court with jurisdiction in the area of apprehension.

Sec. 62. Section 9, chapter 284, Laws of 1971 ex. sess. as amended by section 4, chapter 62, Laws of 1979 and RCW 46.65.070 are each amended to read as follows:

No license to operate motor vehicles in Washington shall be issued to an habitual offender (1) for a period of five years from the date of the license revocation except as provided in RCW 46.65.080, and (2) until the privilege of such person to operate a motor vehicle in this state has been restored by the department of licensing as (~~hereinafter~~) provided in this chapter (~~provided~~).

Sec. 63. Section 6, chapter 241, Laws of 1986 and RCW 46.70.029 are each amended to read as follows:

Listing dealers shall transact dealer business by obtaining a (~~consignment~~) listing agreement for sale, and the buyer's purchase of the mobile home shall be handled as dealer inventory. All funds from the purchaser shall be placed in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the mobile home from these funds. Where title has been delivered to the purchaser, the listing dealer shall pay the amount due a seller within ten days after the sale of a listed mobile home. A complete account of all funds received and disbursed shall be given to the seller or consignee after the sale is completed. The sale of listed mobile homes imposes the same duty under RCW 46.12.120 on the listing dealer as any other sale.

Sec. 64. Section 6, chapter 74, Laws of 1967 ex. sess. as last amended by section 8, chapter 241, Laws of 1986 and RCW 46.70.041 are each amended to read as follows:

Sec. 73. Section 14, chapter 51, Laws of 1979 ex. sess. and RCW 46.82.410 are each amended to read as follows:

All moneys collected from driver training school licenses and instructor licenses shall be deposited in the (~~general~~) highway safety fund.

NEW SECTION. Sec. 74. A new section is added to chapter 46.87 RCW to read as follows:

Owners of rental trailers and semitrailers over six thousand pounds gross vehicle weight, and converter gears used solely in pool fleets shall fully register a portion of the pool fleet in this state. To determine the percentage of total fleet vehicles that must be registered in this state, divide the gross revenue received in the preceding year for the use of the rental vehicles arising from rental transactions occurring in this state by the total revenue received in the preceding year for the use of the rental vehicles arising from rental transactions in all jurisdictions in which the vehicles are operated. Apply the resulting percentage to the total number of vehicles that shall be registered in this state. Vehicles registered in this state shall be representative of the vehicles in the fleet according to age, size, and value.

Sec. 75. Section 17, chapter 244, Laws of 1987 and RCW 46.87.025 are each amended to read as follows:

All vehicles being added to an existing Washington-based fleet or those vehicles that make up a new Washington-based fleet shall be titled in the name of the (~~fleet~~) owner at time of registration, or evidence of filing application for title for such vehicles in the name of the owner shall accompany the application for proportional registration.

Sec. 76. Section 25, chapter 244, Laws of 1987 and RCW 46.87.120 are each amended to read as follows:

(1) The initial application for proportional registration of a fleet shall state the mileage data with respect to the fleet for the preceding year in this and other jurisdictions. If no operations were conducted with the fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in each of the jurisdictions in which operation is contemplated. The registrant shall determine the jurisdiction and total miles to be used in computing the fees and taxes due for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to its correctness.

(2) When the nonmotor vehicles of a fleet are operated in jurisdictions in addition to those in which the motor vehicles of the fleet are operated, or when the nonmotor vehicles of a fleet are operated with motor vehicles that are not part of the fleet, the registrant shall place such nonmotor vehicles in a separate fleet.

(3) In instances where the use of mileage accumulated by a nonmotor vehicle fleet is impractical, for the purpose of calculating prorate percentages, the registrant may request another method or unit of measure, or both, to be used in determining the prorate percentages. Upon receiving the request, the department may prescribe another method or unit of measure, or both, to be used in lieu of mileage that will ensure each jurisdiction that requires the registration of nonmotor vehicles its fair share of vehicle licensing fees and taxes.

(4) When operations of a Washington-based fleet is materially changed through merger, acquisition, or extended authority, the registrant shall notify the department, which shall then require the filing of an amended application setting forth the proposed operation by use of estimated mileage for all jurisdictions. The department may adjust the estimated mileage by audit or otherwise to an actual travel basis to insure proper fee payment. The actual travel basis may be used for determination of fee payments until such time as a normal mileage year is available under the new operation. Under the provisions of the Western Compact, this subsection applies to any fleet proportionally registered in Washington irrespective of the fleet's base jurisdiction.

Sec. 77. Section 40, chapter 244, Laws of 1987 and RCW 46.87.270 are each amended to read as follows:

Every Washington-based motor vehicle registered under this chapter shall have the maximum gross weight or maximum combined gross weight for which the vehicle is licensed in this state, painted or stenciled in letters or numbers of contrasting color not less than two inches in height in a conspicuous place on the right and left sides of the vehicle. It is unlawful for the owner or operator of any motor vehicle to display a maximum gross weight or maximum combined gross weight other than that shown on the current cab card of the vehicle.

Sec. 78. Section 1, chapter 19, Laws of 1985 as last amended by section 1, chapter 24, Laws of 1988 and RCW 46.90.300 are each amended to read as follows:

The cancellation shall become effective without further notice if within ten days from the mailing of the notice the distributor has not made good his default or delinquency.

The ~~((director))~~ department may cancel any license issued to any distributor, such cancellation to become effective sixty days from the date of receipt of the written request of such distributor for cancellation thereof, and the ~~((director))~~ department may cancel the license of any distributor upon investigation and sixty days notice mailed to the last known address of such distributor if ~~((he))~~ the department ascertains and finds that the person to whom the license was issued is no longer engaged in the business of a distributor, and has not been so engaged for the period of six months prior to such cancellation. Sec. 81. Section 5, chapter 175, Laws of 1971 ex. sess. as amended by section 2, chapter 156, Laws of 1973 1st ex. sess. and RCW 82.38.040 are each amended to read as follows:

~~((The department may issue written authorization to a special fuel user to purchase fuel from a bonded special fuel dealer designated by the special fuel user without payment of the tax to the bonded special fuel dealer when the department finds (1) that the special fuel user consistently is using the fuel in vehicles which are operated partly without this state or off the highways of this state; (2) that to require collection of the tax from the special fuel user by the bonded special fuel dealer would cause consistently recurring overpayments of the tax; and (3) that the revenue of the state with respect to the tax liability of such a special fuel user is adequately secured. Such authorization may be revoked when any one of the above conditions no longer obtains.))~~ The delivery of special fuel may be made without collecting the tax otherwise imposed when deliveries are made into vehicle refrigeration units, mixing units, or other equipment powered by separate motors from separate fuel tanks, on invoices showing the vehicle unit or license number and such other information as may be prescribed by the department.

Sec. 82. Section 6, chapter 175, Laws of 1971 ex. sess. as amended by section 1, chapter 242, Laws of 1983 and RCW 82.38.050 are each amended to read as follows:

Except as otherwise provided in this chapter, every special fuel user shall be liable for the tax on special fuel used in motor vehicles leased to ~~((him))~~ the user for ~~((more than))~~ thirty days or more and operated on the highways of this state to the same extent and in the same manner as special fuel used in his own motor vehicles and operated on the highways of this state: PROVIDED, That a lessor who is engaged regularly in the business of leasing or renting for

compensation motor vehicles and equipment he owns without drivers to carriers or other lessees for interstate operation, may be deemed to be the special fuel user when he supplies or pays for the special fuel consumed in such vehicles, and such lessor may be issued a license as a special fuel user when application and bond have been properly filed with and approved by the department for such license. Any lessee may exclude motor vehicles of which he or she is the lessee from ~~(his)~~ reports and liabilities pursuant to this chapter, but only if the motor vehicles in question have been leased from a lessor holding a valid special fuel user's license.

Every such lessor shall file with ~~(his)~~ the application for a special fuel user's license one copy of the lease form or service contract ~~(he)~~ the lessor enters into with the various lessees of ~~(his)~~ the lessor's motor vehicles. When the special fuel user's license has been secured, such lessor shall make and assign to each motor vehicle ~~(he leases)~~ leased for interstate operation a photocopy of such license to be carried in the cab compartment of ~~(said)~~ the motor vehicle and on which shall be typed or printed on the back the unit or motor number of the motor vehicle to which it is assigned and the name of the lessee. Such lessor shall be responsible for the proper use of such photocopy of ~~(said)~~ the license issued and its return to ~~(him)~~ the lessor with the motor vehicle to which it is assigned.

The lessor shall be responsible for fuel tax licensing and reporting, as required by this chapter, on the operation of all motor vehicles leased to others for less than thirty days ~~(or less)~~.

Sec. 83. Section 8, chapter 175, Laws of 1971 ex. sess. and RCW 82.38.070 are each amended to read as follows:

A special fuel dealer shall be entitled, under rules and regulations prescribed by the department, to a credit of the tax paid over to the department on those sales of special fuel for which the dealer has received no consideration from or on behalf of the purchaser, which have been declared by the dealer to be worthless accounts receivable, and which have been claimed as bad debts for federal income tax purposes. The amount of the tax refunded shall not exceed the amount of tax imposed by this chapter on such sales ~~(less an amount computed by applying the current state retail sales tax rate to the difference between the total purchase price of such sales and the amount of tax imposed on such sales by this chapter)~~. If a refund has been granted under this section, any amounts collected for application against the accounts on which such a refund is based shall be reported with the first return filed after such collection, and the amount of refund received by the dealer based upon the collected amount shall be returned to the department. In the event the refund has not been paid, the amount of the refund requested by the dealer shall be adjusted by the department to reflect the decrease in the amount on which the claim is based. The department may require the dealer to submit periodical reports listing accounts which are delinquent for ninety days or more.

Sec. 84. Section 10, chapter 175, Laws of 1971 ex. sess. as last amended by section 2, chapter 29, Laws of 1986 and RCW 82.38.090 are each amended to read as follows:

It shall be unlawful for any person to act as a special fuel dealer, a special fuel supplier or a special fuel user in this state unless such person is the holder of an uncanceled special fuel dealer's, a special fuel supplier's or a special fuel user's license issued to him by the department. A special fuel supplier's license authorizes a person to sell special fuel without collecting the special fuel tax to other suppliers and dealers holding valid special fuel licenses.

A special fuel dealer's license authorizes a person to deliver previously untaxed special fuel into the fuel supply tanks of motor vehicles, collect the special fuel tax on behalf of the state at the time of delivery, and remit the taxes collected to the state as provided herein. A licensed special fuel dealer may also deliver untaxed special fuel into bulk storage facilities of a licensed special fuel user without collecting the special fuel tax. Special fuel dealers and suppliers, when making deliveries of special fuel into bulk storage to any person not holding a valid special fuel license must collect the special fuel tax at time of delivery, unless the person to whom the delivery is made is specifically exempted from the tax as provided herein.

A special fuel user's license authorizes a person to purchase special fuel into bulk storage for use in motor vehicles either on or off the public highways of this state without payment of the special fuel tax at time of purchase. Holders of special fuel licenses are all subject to the bonding, reporting, tax payment, and record-keeping provisions of this chapter. All purchases of special fuel by a licensed special fuel user directly into the fuel supply tank of a motor vehicle are subject to the special fuel tax at time of purchase unless ~~(the purchaser has specific written authorization from the department as provided in RCW 82.38.040 or)~~ the purchase is made from an unattended keylock metered pump, cardrol, or such similar dispensing devices. Persons utilizing special fuel for heating purposes only are not required to be licensed.

Sec. 85. Section 13, chapter 175, Laws of 1971 ex. sess. as last amended by section 8, chapter 40, Laws of 1979 and RCW 82.38.120 are each amended to read as follows:

Upon receipt and approval of an application and bond (if required), the department shall issue to the applicant a license to act as a special fuel dealer, a special fuel supplier, or a special fuel user: PROVIDED, That the department may refuse to issue a special fuel dealer's license, special fuel supplier's license, or a special fuel user's license to any person (1) who formerly held either type of license which, prior to the time of filing for application, has been revoked for cause; or (2) who is a subterfuge for the real party in interest whose license prior to

the time of filing for application, has been revoked for cause; or (3) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a special fuel license revoked for cause; or (4) who has an unsatisfied debt to the state assessed under either chapter 82.36, 82.37, 82.38, or ((46-85)) 46.87 RCW; or (5) upon other sufficient cause being shown. Before such refusal, the department shall grant the applicant a hearing and shall grant him at least five days written notice of the time and place thereof.

The department shall determine from the information shown in the application or other investigation the kind and class of license to be issued.

All licenses shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner thereof. License holders shall reproduce the license by photostat or other method and keep a copy on display for ready inspection at each additional place of business or other place of storage from which special fuel is sold, delivered or used and in each motor vehicle used by the license holder to transport special fuel purchased by him for resale, delivery or use. Every licensed special fuel user operating a motor vehicle registered in a jurisdiction other than this state shall reproduce the license and carry a photocopy thereof with each motor vehicle being operated upon the highways of this state.

A special fuel dealer or a special fuel supplier may use special fuel in motor vehicles owned or operated by them without securing a license as a special fuel user but they shall be subject to all other conditions, requirements and liabilities imposed herein upon a special fuel user.

The department shall furnish to each licensed special fuel supplier a list showing the name and address of each bonded special fuel dealer as of the beginning of each fiscal year, and shall thereafter during each year supplement such list monthly.

Each special fuel dealer's license, special fuel supplier's license, and special fuel user's license shall be valid until the expiration date if shown on the license, or until suspended or revoked for cause or otherwise canceled.

No special fuel dealer's license, special fuel supplier's license, or special fuel user's license shall be transferable.

NEW SECTION. Sec. 86. The following acts or parts of acts are each repealed:

(1) Section 19, chapter 121, Laws of 1965 ex. sess., section 55, chapter 136, Laws of 1979 ex. sess. and RCW 46.20.171;

(2) Section 3, chapter 29, Laws of 1975-'76 2nd ex. sess., section 4, chapter 302, Laws of 1985 and RCW 46.20.416;

(3) Section 4, chapter 29, Laws of 1975-'76 2nd ex. sess. and RCW 46.20.418; and

(4) Section 2, chapter 219, Laws of 1984, section 2, chapter 352, Laws of 1985 and RCW 46.20.599.

Sec. 87, Section 1, chapter 22, Laws of 1987 as amended by section 8, chapter 337, Laws of 1989 and RCW 46.20.308 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcoholic content of his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. However, in those instances where: (a) The person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample; or (b) as a result of a traffic accident the person is being treated for a medical condition in a hospital, clinic, doctor's office, or other similar facility in which a breath testing instrument is not present, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that (a) his or her privilege to drive will be revoked or denied if he or she refuses to submit to the test, and (b) that his or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which another person has been injured and there is a reasonable likelihood that such other person may die as a result of injuries sustained in the accident, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions

of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) The department of licensing, upon the receipt of a sworn report of the law enforcement officer that the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor and that the person had refused to submit to the test or tests upon the request of the law enforcement officer after being informed that refusal would result in the revocation of the person's privilege to drive, shall revoke the person's license or permit to drive or any nonresident operating privilege.

(7) Upon revoking the license or permit to drive or the nonresident operating privilege of any person, the department shall immediately notify the person involved in writing by personal service or by certified mail of its decision and the grounds therefor, and of the person's right to a hearing, specifying the steps he or she must take to obtain a hearing. Within fifteen days after the notice has been given, the person may, in writing, request a formal hearing. Upon receipt of such request, the department shall afford the person an opportunity for a hearing as provided in RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the scope of such hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor, whether the person was placed under arrest, and whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's privilege to drive. The department shall order that the revocation either be rescinded or sustained. Any decision by the department revoking a person's driving privilege shall be stayed and shall not take effect while a formal hearing is pending as provided in this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during pendency of the hearing and appeal.

(8) If the revocation is sustained after such a hearing, the person whose license, privilege, or permit is revoked has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the manner provided in RCW 46.20.334.

(9) The department shall rescind the revocation of a person's driving privilege under this section upon notification from the court of record that, for the incident upon which the department based its administrative action:

(a) The officer's grounds for believing that the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor were based solely on a nonalcohol or nondrug-related medical condition; and

(b) The person has been found not guilty of driving or being in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug including any drug prescribed for the medical condition. Upon notification from the court of record of a not guilty finding, the department shall expunge the implied consent violation from the person's driving record.

(10) When it has been finally determined under the procedures of this section that a non-resident's privilege to operate a motor vehicle in this state has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec. 88. Section 31, chapter 155, Laws of 1965 ex. sess. and RCW 46.61.205 are each amended to read as follows:

MESSAGE FROM THE SENATE

March 3, 1990

Mr. Speaker:

The Senate refuses to concur in the House amendments to SUBSTITUTE SENATE BILL NO. 6031, and asks the House to recede therefrom, and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

MOTION

Mr. Todd moved that the House recede from its amendments to Substitute Senate Bill No. 6031. The motion was carried.

FINAL PASSAGE OF SENATE BILL WITHOUT HOUSE AMENDMENTS

The Speaker (Mr. Wang presiding) stated the question before the House to be final passage of Substitute Senate Bill No. 6031 without the House amendments.

POINT OF INQUIRY

Mr. Todd yielded to question by Mr. Anderson.

Mr. Anderson: Sections 7, 8 and 11 contain language that arguably is not embraced by the title of the bill. In the event of a judicial determination that there is a title problem here, is it intended that these sections be severable from the bill and that the remainder of the bill not be affected by their invalidity?

Mr. Todd: That is a very good question, Representative Anderson, and the answer is yes. The purpose of the bill is to provide for the new "motor-voter" registration program. Sections 7, 8 and 11 are not necessary for that program, and should a court decide that there is a title problem, then it is intended that the sections be treated as severable and that their invalidity not affect the remainder of the bill.

Representatives Todd and McLean spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Substitute Senate Bill No. 6031 without the House amendments, and the bill passed the House by the following vote: Yeas, 95; excused, 2.

REPORT OF FREE CONFERENCE COMMITTEE

March 6, 1990

Mr. Speaker:

We of your Free Conference Committee, to whom was referred SENATE BILL NO. 6408, adopting the supplemental transportation budget, have had the same under consideration and we recommend that the bill be amended as proposed in the request for Free Conference and that the bill do pass as amended by the Free Conference Committee.

(See Report of Conference Committee on Senate Bill No. 6408, today's Journal, Morning Session.)

Signed by Senators Patterson, Thorsness, Bender; Representatives R. Fisher, Cooper, Schmidt.

MOTION

Ms. R. Fisher moved that the House adopt the Report of the Free Conference Committee on Senate Bill No. 6408.

POINT OF ORDER

Ms. Brough: Thank you, Mr. Speaker. The report on Senate Bill No. 6408 has not been on our desks for twenty-four hours and there was not a formal motion made to suspend the rules to bring this before us. I think, Mr. Speaker, that it would be appropriate to have that formal motion in a parliamentary process so that we can have the bill properly before us. It is not my intent to challenge that, but the proper motion would be a suspension of the rules for consideration.

SPEAKER'S REPLY

The Speaker: Would you like the opportunity to make the motion, Representative Brough?

MOTION

On motion of Ms. Brough, House Rule 26 was suspended.

Ms. R. Fisher spoke in favor of the motion.

POINT OF INQUIRY

Ms. R. Fisher yielded to question by Mr. Smith.

Mr. Smith: Representative Fisher, Representative Glyn Chandler had a goal for Washington that many of us share. He wanted to see this state unified into a cohesive economically developed whole. He knew that the whole is only as strong as the sum of its parts. Consequently, he wanted all regions of the state to develop their individual characteristics to contribute to a more powerful Washington.

In the last year Glyn conceived the dream of capitalizing on the existing airport facility at Moses Lake where good weather permits planes to fly in and out all year round. In addition, this would be a way to alleviate the severe transportation problems created by the popularity of Washington's existing international SeaTac airport. Glyn saw all major population areas connected to this wayport by high-speed bullet trains that would transport travelers to the major centers of population more quickly than one can commute up or down the I-5 corridor today. Not only would this wayport provide an economic stable base for central Washington, but, at the same time, it would relieve congestion and noise pollution in the Puget Sound area. Lastly, because runways long enough for jets already exist in Moses Lake, he saw this as an efficient use of tax moneys.

Representative Fisher, does this supplemental transportation budget include funding for a study of Glyn Chandler's dream for a Moses Lake wayport and high-speed bullet train to major centers of population?

Ms. R. Fisher: Yes, Representative Smith. In Section 40 of Senate Bill No. 6408, we have created an air transportation commission consisting of twenty-two voting members who are interested in and affected by air transportation. We have directed this commission in Section 41 to study Washington's long-range air transportation policy including surface transportation, community impacts and efficient conveyance of passengers. Finally, in subsection (2) we have requested recommendations to the legislature on expansion of existing airport facilities and siting of new facilities. The commission shall consider the development of wayports to reduce congestion, as has been done in Japan and Germany, and shall examine high-speed rail transportation systems, preferably along existing rights of way. The commission shall submit an interim report to us by December 1, 1992.

Ms. Schmidt spoke in favor of the motion, and it was carried.

MOTION

On motion of Mr. Jesernig, the Report of the Conference Committee on Senate Bill No. 6303 was adopted and the committee was granted the powers of Free Conference.

REPORT OF CONFERENCE COMMITTEE

March 7, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED SENATE BILL NO. 6411, establishing an employment training program, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to recommend that:

The House Committee on Trade & Economic Development amendments as amended be rejected (For amendments, see Journal, 47th Day, February 23, 1990, and 52nd Day, February 28, 1990.), and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that demographic and economic changes are causing an increasing shortage of well trained workers within Washington. The working age population is growing at a decreasing rate due to the aging of the post World War II baby boom generation and due to a lower rate of birth. The current economic boom in the state is aggravating this long-term trend by lowering the rate of unemployed individuals seeking work. Because of the developing labor shortage, Washington businesses increasingly need to employ individuals from demographic groups which have been traditionally underrepresented among the employed population. Many of these and other individuals need training in order to have the skills required by employers. Despite economic growth, significant unemployment remains a serious and persistent problem in many areas of the state. By making first rate training available to individuals who lack suitable skills for employment in well-paying careers, the state will enhance employment opportunities for low-income individuals, unemployed persons, dislocated workers, and others enabling more citizens of the state to enjoy our economic prosperity.

The legislature further finds that our state's businesses have a growing need for highly trained workers because of the increasing technological complexity of occupations and due to increasing world market competition. Because of these technical and economic changes, businesses in the future will need to fully utilize the capacities of their workers for skilled, flexible, and intelligent work.

The legislature further finds that the vast majority of the work force for the year 2000 and beyond is already of the age eighteen years or older. For the work force of the future to be well trained will require a first-rate adult training system. This system will need to train those individuals who are entering and reentering the labor market and those individuals already employed who need new or updated skills to meet changing technological and economic conditions. For the training system to be first rate will require a system that is well coordinated between service providers, is accountable for its performance, and is responsive to the needs of businesses and the work force. The legislature recognizes the importance of designing a system of vocational education that can accommodate change and includes program evaluation and coordination. The training system must emphasize training in broad-based skills with long-term career potential. For the state to have a first rate training system requires a thorough study of our present and future training needs; experimentation in new ways of providing training; and leadership and recommendations from representatives of business, workers, and training providers.

The legislature further finds that adults without the basic skills needed for training in job skills are more likely to need unemployment compensation and welfare payments, and to fill our state's correctional institutions. The legislature intends to assess adult educational opportunities in the state for adults lacking basic literacy skills, for adults who have not received a high school diploma, and for adults who have received a high school diploma but whose level of achievement, based on standard measures, indicates that additional basic skills are necessary in order to enter a job training program.

The legislature recognizes that successful implementation of the study recommendations called for in section 4 of this act is directly related to resolving the issue of vocational education governance. Therefore, it is the intent of the legislature that the governance of the first two years of postsecondary education not under the jurisdiction of a four-year institution of higher education be the responsibility of one state agency to provide high quality education, to avoid duplication of programs, and to assure increased access to vocational programs for all students including youth and adults.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this act.

(1) 'Basic literacy' means achievement at a tenth grade educational level as measured by standardized tests.

(2) 'Council' means the advisory council on investment in human capital.

(3) 'Training' means any education, literacy, or skill training or retraining activity that is needed by an individual to begin or continue full participation in the Washington work force.

(4) 'Training system' means the network of public and private providers of training, and includes secondary vocational education programs for gainful employment upon completion of a designated program sequence, but not other programs of primary or secondary education.

(5) 'Training providers' includes agencies and institutions of secondary vocational education programs for gainful employment upon completion of a designated program sequence, adult education, vocational technical institutes, community colleges, apprenticeship programs, private and public nonprofit organizations that are representative of communities or significant segments of communities and provide job training services, and private for-profit organizations that provide training as their primary service.

(6) 'Work force' means all persons of working age including those who are currently gainfully employed and those who are not.

NEW SECTION. Sec. 3. (1) There is created the advisory council on investment in human capital. The council shall consist of six voting members, thirteen nonvoting members, and a

nonvoting chairperson. The governor shall appoint the members of the council except for the legislative members. Three of the voting members shall be representatives of business, and three of the voting members shall be representatives of labor. The thirteen nonvoting members shall be a member from each of the two major caucuses in the house of representatives appointed by the speaker of the house, a member from each of the two major caucuses in the senate appointed by the president of the senate, the state superintendent of public instruction or the superintendent's designee, the executive director of the state board for community college education or the director's designee, the commissioner of the department of employment security or the commissioner's designee, the director of the department of labor and industries or the director's designee, a representative of the council of vocational technical institutes, a representative of the general public, a representative of a broad-based coalition of groups providing literacy services, a representative of private or public nonprofit organizations that are representative of communities or significant segments of communities and provide job training services, and a representative of private for-profit organizations which provide job training services as their primary service. The representative of the council of vocational technical institutes shall consult with vocational technical institute directors, instructors, and advisory council members to prepare policies and plans to implement the recommendations called for in section 4(11) of this act. The governor or the governor's designee shall serve as the nonvoting chairperson of the council.

(2) The council shall advise the office of financial management concerning the study of training authorized under section 4 of this act.

(3) The council shall advise the office of financial management and other appropriate state agencies concerning the pilot programs established under section 5 of this act.

(4) The council shall make recommendations on changes necessary in state policies for training to the office of financial management and to the governor by December 1, 1990.

(5) The office of financial management and the office of the governor shall provide staff to the council as necessary to carry out the purposes of this act.

(6) The council shall meet as necessary to carry out the purposes of this act, and council members shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060, or 44.04.120.

NEW SECTION. Sec. 4. (1) The office of financial management shall, with the advice of the council, administer a study of the training needs of the state's work force, businesses, and the economy, including an evaluation of the training system. The office of financial management shall complete the study by December 1, 1990, and present the study to the council and governor. For purposes of the study, the office of financial management shall use already existing data whenever appropriate. As necessary, the labor market and economic analysis unit of the department of employment security shall assist the office of financial management with labor market and economic data, and state agencies that provide training shall assist the office of financial management with data on their training programs. The director of the office of financial management may contract for services necessary for the completion of the study, and shall contract for services as necessary to ensure objectivity in evaluating the training system. The study shall include:

(2) An assessment of the employment competency needs of the present Washington work force, including regional and demographic subgroups of the state work force, and projections of these competencies to the year 2010. Employment competency needs shall include, but not be limited to, literacy, basic skills, and vocational skills;

(3) An assessment of the current work force skill needs of Washington businesses and public employers, including subgroups by region, industry, and firm size, and projections of these needs to the year 2010. Work force skill needs shall include, but not be limited to, literacy, basic skills, and vocational skills;

(4) An assessment of the gaps which may exist between the competencies of the work force and the work force skill needs of Washington businesses between now and the year 2010 given current training policies;

(5) An assessment of the characteristics, size, and geographic distribution of Washington population groups which are in need of training between now and the year 2010;

This assessment shall include integrating an evaluation component into each of the pilot programs authorized under section 5 of this act;

(8) An inventory and analysis of the current training system in terms of organization, including the governance of vocational technical institutes, coordination, responsiveness, accountability, effectiveness, resources, support services for trainees, including but not limited to child care, and access, including access for subgroups of the population, including but not limited to subgroups by gender, race, ethnicity, and income level, and including an analysis of the job readiness of students graduating from the state's K-12 system who have completed a

vocational education designated program sequence for gainful employment, and an inventory of training provided by employers whose primary product is not training;

(9) An analysis of current training programs to enable women and minorities to enter occupations and industries in which women and minorities have traditionally been underrepresented, and ways of improving such training;

(13) Recommendations on changes in the training system, including but not limited to ways of improving coordination and integration to meet the present and future needs of the work force, businesses, and the economy.

NEW SECTION. Sec. 5. (1) The office of financial management and the office of the governor, with the advice of the council, shall oversee the pilot programs for job training. The pilot programs shall test means of integrating delivery systems and improving the responsiveness of training providers to the needs of businesses and the work force. Each pilot program shall integrate an evaluation component in conjunction with the study conducted under section 4 of this act.

NEW SECTION. Sec. 6. (1) The legislature finds that school districts may provide vocational education programs for students more effectively through cooperatives using existing district facilities, facilities at work sites, and facilities including but not limited to mobile instructional units, distance learning, and computers, without the need to construct separate facilities. It is the intent of the legislature to encourage such cooperatives among school districts on a demonstration basis.

(2) The superintendent of public instruction may establish a grant award program to establish demonstration vocational cooperatives for the purposes of subsections (1) through (7) of this section. (5) The grant awards for such demonstration vocational cooperatives shall be based on an allocation which includes:

- (a) The same amount as would be calculated pursuant to RCW 28A.41.140 for a skill center with the same full time equivalent enrollment; and
- (b) An amount to compensate the serving districts for costs to administer the cooperatives pursuant to standards established by the superintendent of public instruction.

MOTION

On motion of Mr. Jesernig, the Report of the Conference Committee on Engrossed Senate Bill No. 6411 was adopted and the committee was granted the powers of Free Conference.

REPORT OF CONFERENCE COMMITTEE

March 6, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred SECOND SUBSTITUTE SENATE BILL NO. 6418, expanding rural health care opportunities, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to recommend that:

All previous amendments be rejected, and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

*PART I

NEW SECTION, Sec. 1. The legislature finds that a health care access problem exists in rural areas of the state due to a lack of practicing physicians, physician assistants, pharmacists, and advanced registered nurse practitioners. In addition, many of these rural providers are unable to leave the community for short-term periods of time to attend required continuing education training or for personal matters because their absence would leave the community without adequate medical care coverage. The lack of adequate medical coverage in geographically remote rural communities constitutes a threat to the health and safety of the people in those communities.

The legislature declares that it is in the public interest to recruit and maintain a pool of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners willing and able on short notice to practice in rural communities on a short-term basis to meet the medical needs of the community.

NEW SECTION, Sec. 2. The department shall establish the health professional temporary substitute resource pool. The purpose of the pool is to provide short-term physician, physician assistant, pharmacist, and advanced registered nurse practitioner personnel to rural communities where these health care providers:

- (1) Are unavailable due to provider shortages;
- (2) Need time off from practice to attend continuing education and other training programs; and
- (3) Need time off from practice to attend to personal matters or recover from illness.

The health professional temporary substitute resource pool is intended to provide short-term assistance and should complement active health provider recruitment efforts by rural communities where shortages exist.

NEW SECTION, Sec. 3. (1) The department, in cooperation with University of Washington school of medicine, the state's registered nursing programs, the state's pharmacy programs, and other appropriate public and private agencies and associations, shall develop and keep current a register of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners who are available to practice on a short-term basis in rural communities of the state. The department shall periodically screen individuals on the registry for violations of the uniform disciplinary act as authorized in chapter 18.130 RCW. If a finding of unprofessional conduct has been made by the appropriate disciplinary authority against any individual on the registry, the name of that individual shall be removed from the registry and that person shall be made ineligible for the program. The department shall include a list of back-up physicians and hospitals who can provide support to health care providers in the pool. The register shall be compiled, published, and made available to all rural hospitals, public health departments and districts, rural pharmacies, and other appropriate public and private agencies and associations. The department shall coordinate with existing entities involved in health professional recruitment when developing the registry for the health professional temporary substitute resource pool.

(2) Eligible health care professionals are those licensed under chapters 18.57, 18.57A, 18.64, 18.71, and 18.71A RCW and advanced registered nurse practitioners licensed under chapter 18.88 RCW.

(3) Participating health care professionals shall receive:

(a) Reimbursement for travel to and from the rural community and for lodging at a rate determined under RCW 43.03.050 and 43.03.060;

(b) Medical malpractice insurance purchased by the department, or the department may reimburse participants for medical malpractice insurance premium costs for medical liability while providing health care services in the program, if the services provided are not covered by the participant's or local provider's existing medical malpractice insurance; and

(c) Information on back-up support from other physicians and hospitals in the area to the extent necessary and available.

(4) The department may require rural communities to participate in health professional recruitment programs as a condition for providing a temporary substitute health care professional if the community does not have adequate permanent health care personnel. To the

extent deemed appropriate and subject to funding, the department may also require communities to participate in other programs or projects, such as the rural health system project authorized in chapter 70.175 RCW, that are designed to assist communities to reorganize the delivery of rural health care services.

(5) The department may require a community match for assistance provided in subsection (3) of this section if it determines that adequate community resources exist.

(6) The maximum continuous period of time a participating health professional may serve in a community is ninety days. The department may modify or waive this limitation should it determine that the health and safety of the community warrants a waiver or modification. The community shall be responsible for all salary expenses of participating health professionals.

NEW SECTION. Sec. 4. (1) Requests for a temporary substitute health care professional may be made to the department by the local rural hospital, public health department or district, community health clinic, local practicing physician, physician assistant, pharmacist, or advanced registered nurse practitioner, or local city or county government.

(2) The department shall:

(a) Establish a manner and form for receiving requests;

(b) Minimize paperwork and compliance requirements for participant health care professionals and entities requesting assistance; and

(c) Respond promptly to all requests for assistance.

(3) The department may apply for, receive, and accept gifts and other payments, including property and services, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts to operate the pool. The department shall make available upon request to the appropriate legislative committees information concerning the source, amount, and use of such gifts or payments.

PART II

NEW SECTION. Sec. 5. The legislature finds that the lack of primary care physicians in some rural areas of the state and the critical shortage of maternity care services adversely affect access to basic health care services. Rural areas often require more services because the health care needs are greater due to poverty or because these areas are difficult to service due to geographic circumstances. The legislature further finds that encouraging primary care physicians to serve in rural areas of the state and midwives to serve in midwife shortage areas is essential to assure continued access to basic health care services. Studies suggest that physicians recruited from rural areas or physicians who have resident and intern experience in a rural setting tend to make a long-term commitment as rural physicians. The legislature declares that whenever possible rural communities should take an active part in identifying prospective medical students from the local rural community or other rural areas. In this way the community and the prospective physician can form a mutual commitment prior to the individual acquiring a medical education.

The legislature further finds that midwives serve as an important provider of prenatal, interpartum, and postpartum care. Training individuals to become midwives can serve to address the current shortage of providers. The legislature declares that it is in the best interest of the people in this state to promote the availability of midwife services through activities that lead to the recruitment and training of midwives. The legislature further finds that the availability of pharmacy services in rural areas is important to assure that rural people have access to needed medications to support good health.

(15) 'Rural areas' means a rural area in the state of Washington as identified by the department.

(16) 'Rural physician shortage area' means rural geographic areas where primary care physicians are in short supply as a result of geographic maldistributions and where their limited numbers jeopardize patient care and pose a threat to public health and safety. The department shall designate rural physician shortage areas.

(17) 'Satisfied' means paid-in-full.

(18) 'Scholarship' means a loan that is forgiven in whole or in part if the recipient renders: (a) Physician service as a primary care physician in a rural area of the state; (b) midwifery services as a licensed midwife or certified nurse midwife in a midwife shortage area; or (c) pharmacy services as a pharmacist in a pharmacist shortage area.

(19) 'Sponsoring community' means a rural hospital or hospitals as authorized in chapter 70.41 RCW, a rural health care facility or facilities as authorized in chapter 70.175 RCW, or a city or county government or governments.

NEW SECTION. Sec. 7. The rural physician, pharmacist, and midwife scholarship program is established for students pursuing medical and midwifery training. The program shall be administered by the board in consultation with the department, the school of medicine at the University of Washington and other appropriate private and public entities. In administering the program, the board shall have the following powers and duties:

(1) Select students to receive scholarships to attend schools of medicine, schools of osteopathic medicine, schools of pharmacy, or training programs in midwifery with the assistance of a screening committee;

(2) Adopt rules and guidelines to implement this chapter;

(3) Publicize the program, particularly emphasizing individuals residing in rural shortage areas, pharmacist shortage areas, and midwifery shortage rural areas of the state;

(4) Collect and manage repayments from students who do not meet their services obligations under this chapter;

(5) Solicit and accept grants and donations from public and private sources for the program; and

(6) Develop criteria for a contract for service in lieu of the five-year service where appropriate, that may be a combination of service and payment.

NEW SECTION. Sec. 8. (1) The board shall establish a planning committee to develop criteria for the screening and selection of recipients of the scholarships. The planning committee shall be comprised of at least representatives from the following entities: Rural physicians and hospitals, health care clinics, local health districts and departments, agencies involved in physician recruitment, the department, the University of Washington school of medicine, licensed and certified nurse midwives, pharmacists, and other entities involved in rural health and midwifery issues.

(2) For prospective physicians, the selection criteria shall include requirements that recipients declare an interest in serving in rural areas of the state of Washington. Preference for scholarships shall be given to students who reside in rural areas of the state prior to admission to the medical training program. Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area.

(3) For prospective midwives, the selection criteria shall include requirements that the recipient declare an interest in serving in midwife shortage areas of the state of Washington.

(4) For prospective pharmacists, the selection shall include requirements that recipients declare an interest in serving in pharmacist shortage areas of the state of Washington.

NEW SECTION, Sec. 9. A new section is added to Title 28B RCW to read as follows:

The school of medicine at the University of Washington shall develop and implement a policy to grant admission preference to prospective medical students from rural areas of the state who agree to serve for at least five years as primary care physicians in rural areas of Washington after completion of their medical education and have applied for and meet the qualifications of the program under section 7 of this act. Should the school of medicine be unable to fill any or all of the admission openings due to a lack of applicants from rural areas who meet minimum qualifications for study at the medical school, it may admit students not eligible for preferential admission under this section.

NEW SECTION, Sec. 10. The board may award scholarships to eligible students from the funds appropriated to the board for this purpose, or from any private donations, or any other funds given to the board for this program. Scholarships for physicians may be awarded contingent upon acceptance to a medical school. The amount of the scholarship awarded an individual shall not exceed fifteen thousand dollars per academic year for physicians and four thousand dollars per academic year for midwives and pharmacists. Scholarship awards are intended to meet the eligible financial expenses of eligible students. Students are eligible to receive scholarships for a maximum of five years for physicians and three years for pharmacists and midwives while continually enrolled in an approved medical school, pharmacy school, or midwifery training program. The board may require the sponsoring community located in a nonshortage rural area to financially contribute to the eligible expenses of a medical student if the student will serve in the nonshortage rural area.

NEW SECTION, Sec. 11. The department may provide technical assistance to rural communities desiring to become sponsoring communities. Such assistance should include, but not be limited to: The identification of prospective students, assisting prospective students to apply to medical school, pharmacy school, and midwifery training programs, making formal agreements with prospective medical students to provide future primary care physician services in the community, forming agreements between rural communities in a service area to share physician, pharmacy, and midwifery services, and fulfilling any matching requirements.

NEW SECTION, Sec. 12. In providing health care services the participant shall not discriminate against any person on the basis of the person's ability to pay for such services or because payment for the health care services provided to such persons will be made under the insurance program established under part A or B of Title XVIII of the federal social security act or under a state plan for medical assistance including Title XIX of the federal social security act and agrees to accept assignment under section 18.42(b)(3)(B)(ii) of such act for all services for which payment may be made under part B of Title XVIII and enters into an appropriate agreement with the department of social and health services for medical assistance under Title XIX to provide services to individuals entitled to medical assistance under the plan. Participants found by the board or the department in violation of this section shall be declared ineligible for receiving assistance under the program authorized by this chapter.

NEW SECTION, Sec. 13. (1) Participants in the program incur an obligation to repay the scholarship, with interest set by state law, unless they serve for five years in rural areas, pharmacist shortage areas, or midwife shortage areas of the state of Washington.

(2) The terms of the repayment, including deferral of the interest, shall be consistent with the terms of the federal guaranteed loan program.

(3) The period for repayment shall be three years, with payments accruing quarterly commencing nine months from the date the participant completes or discontinues the course of study or completes or discontinues the required residency.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant serves in a rural area, pharmacist shortage area, or midwife shortage area until the entire repayment obligation is satisfied or the borrower ceases to so serve. Should the participant cease to serve in a rural area, pharmacist shortage area, or midwife shortage area of this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue until the remainder of the participant's repayment obligation is satisfied. Except for circumstances beyond their control, participants who serve less than five years shall be obliged to repay to the program an amount equal to twice the total amount paid by the program on their behalf in addition to the unsatisfied portion of principal and interest required by this section.

(5) The board is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary, and shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency. The board is responsible to forgive all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

(6) Receipts from the payment of principal or interest or any other subsidies to which the board as administrator is entitled, which are paid by or on behalf of participants under this section, shall be deposited with the board and shall be used to cover the costs of granting the scholarships, maintaining necessary records, and making collections under subsection (5) of this section. The board shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to grant scholarships to eligible students.

(7) Sponsoring communities who financially contribute to the eligible financial expenses of eligible medical students may enter into agreements with the student to require repayment should the student not serve the minimum of five years in the community as a primary care physician. The board may develop criteria for the content of such agreements with respect to reasonable provisions and obligations between communities and eligible students.

(8) The board may make exceptions to the conditions for participation and repayment obligations should circumstances beyond the control of individual participants warrant such exceptions.

NEW SECTION. Sec. 14. The legislature finds that a shortage of physicians, nurses, pharmacists, and physician assistants exists in rural areas of the state. In addition, many education programs to train these health care providers do not include options for practical training experience in rural settings. As a result, many health care providers find their current training does not prepare them for the unique demands of rural practice.

The legislature declares that the availability of rural training opportunities as a part of professional medical, nursing, pharmacist, and physician assistant education would provide needed practical experience, serve to attract providers to rural areas, and help address the current shortage of these providers in rural Washington.

NEW SECTION. Sec. 15. (1) The department, in consultation with at least the higher education coordinating board, the state board for community college education, the superintendent of public instruction, and state-supported education programs in medicine, pharmacy, and nursing, shall develop a plan for increasing rural training opportunities for students in medicine, pharmacy, and nursing. The plan shall provide for direct exposure to rural health professional practice conditions for students planning careers in medicine, pharmacy, and nursing.

(2) The department and the medical, pharmacy, and nurse education programs shall:

(a) Inventory existing rural-based clinical experience programs, including internships, clerkships, residencies, and other training opportunities available to students pursuing degrees in nursing, pharmacy, and medicine;

(b) Identify where training opportunities do not currently exist and are needed;

(c) Develop recommendations for improving the availability of rural training opportunities;

(d) Develop recommendations on establishing agreements between education programs to assure that all students in medical, pharmacist, and nurse education programs in the state have access to rural training opportunities; and

(e) Review private and public funding sources to finance rural-based training opportunities.

(3) The department shall report to the house of representatives and senate standing committees on health care by December 1, 1990, with their findings and recommendations including needed legislative changes.

NEW SECTION. Sec. 16. The department, in consultation with training programs that lead to licensure in midwifery and certification as a certified nurse midwife, and other appropriate private and public groups, shall develop a state-wide plan to address access to midwifery services.

The plan shall include at least the following: (1) Identification of maternity service shortage areas in the state where midwives could reduce the shortage of services; (2) an inventory of current training programs and preceptorship activities available to train licensed and certified nurse midwives; (3) identification of gaps in the availability of training due to such factors as geographic or economic conditions that prevent individuals from seeking training; (4) identification of other barriers to utilizing midwives; (5) identification of strategies to train future midwives such as developing training programs at community colleges and universities, using innovative telecommunications for training in rural areas, and establishing preceptorship programs accessible to prospective midwives in shortage areas; (6) development of recruitment strategies; and (7) estimates of expected costs associated in recruitment and training.

The plan shall identify the most expeditious and cost-efficient manner to recruit and train midwives to meet the current shortages. Plan development and implementation shall be coordinated with other state policy efforts directed toward, but not limited to, maternity care access, rural health care system organization, and provider recruitment for shortage and medically underserved areas of the state.

The department shall submit a copy of the plan to the senate and house of representatives health care committees by December 1, 1990.

NEW SECTION. Sec. 17. By September 1, 1995, the department shall review the continuing need for the program and recommend the need for its continuation. It shall report its findings to the senate and house of representatives committees on health care by December 1, 1995.

NEW SECTION. Sec. 18. A new section is added to chapter 70.175 RCW to read as follows:

The department may develop and implement a rural health care plan and may approve hospital and rural health care facility requests to be designated as essential access community hospitals or rural primary care hospitals so that such facilities may form rural health networks to preserve health care services in rural areas and thereby be eligible for federal program funding and enhanced medicare reimbursement.

NEW SECTION, Sec. 19. After consulting with the higher education coordinating board, the governor may transfer the administration of the rural physician, pharmacist, and midwife scholarship program to another agency with an appropriate educational mission.

PART III

NEW SECTION, Sec. 20. The legislature finds that the residents of rural communities are having difficulties in locating and purchasing affordable health insurance. The legislature further finds that many rural communities have sufficient funds to pay for needed services, but those funds are being expended elsewhere causing insufficient funding of local health services. As part of the solution to this problem, rural communities need to be able to structure the financing of local health services to better serve local residents. The legislature further finds that as rural communities need well financed and organized health care, it is in the interest of residents of rural communities that existing unauthorized entities comply with appropriate fiscal solvency standards and consumer safeguards, and that those entities be given an opportunity to come into compliance with existing state laws.

NEW SECTION, Sec. 21. The insurance commissioner shall establish a committee to recommend to the governor and legislature methods to improve the availability of affordable health insurance or coverage in rural communities. The recommendations shall consider (1) the unique and varied nature of rural communities, (2) methods to maximize the retention of local health expenditures in rural communities, (3) the need of rural communities to have sufficient control over the health services in their communities so that they may improve the quality and have the appropriate quantity of those health services, (4) financial stability and consumer protection issues, and (5) the feasibility of such recommendations. The committee shall examine methods of improving the way currently authorized carriers address rural health issues and shall examine the use of alternative arrangements specifically adapted to rural communities including, but not limited to, the use of local service contractors in combination with other entities authorized under Title 48 RCW.

The committee shall include the insurance commissioner or the commissioner's designee and representatives of rural communities, rural health providers, entities authorized under title 48 RCW, the department of health, and other individuals, as appointed by the insurance commissioner.

These recommendations shall be submitted to the governor and legislature no later than November 1, 1990.

The committee established under this section shall dissolve on January 1, 1991.

NEW SECTION, Sec. 22. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Rural community' means any grouping of consumers, seventy-five percent of whom reside in areas outside of a standard metropolitan statistical area as defined by the United States bureau of census.

(2) 'Consumer' means any person enrolled and eligible to receive benefits in the rural health care arrangement.

(3) 'Rural health care service arrangement' or 'arrangement' means any arrangement which is established or maintained for the purpose of offering or providing through the purchase of insurance or otherwise, medical, surgical, or hospital care or benefits in the event of sickness, accident, or disability in a rural community, as defined in this section, that is subject to the jurisdiction of the insurance commissioner but is not now a currently authorized carrier.

NEW SECTION, Sec. 23. Rural health care service arrangements existing on the effective date of this act may continue in full operation only so long as they comply with all of the following:

(1) Within ten days following the effective date of this act, all rural health care service arrangements shall inform the insurance commissioner of their intent to apply for approval to operate as an entity authorized under chapter 48.44 RCW or intend to merge with an entity authorized under Title 48 RCW or merge with an entity defined in this section;

(2) The arrangement submits an application for approval as an entity authorized under chapter 48.44 RCW by May 1, 1990;

(3) The arrangement has one hundred thousand dollars on deposit with the insurance commissioner by July 1, 1990;

(4) The arrangement has one hundred fifty thousand dollars on deposit with the insurance commissioner by September 1, 1990; and

(5) The arrangement complies with all reasonable requirements of the insurance commissioner excluding the deposit requirement, except as outlined in this section.

If such rural health care service arrangements fail to comply with any of the above requirements, or if during the application process an entity engages in any activities which the insurance commissioner reasonably determines may cause imminent harm to consumers, the

entity may be subject to appropriate legal action by the insurance commissioner pursuant to the authority provided in Title 48 RCW.

A rural health care service arrangement which comes into compliance with Title 48 RCW through the method outlined in this chapter shall be subject to all applicable requirements of Title 48 RCW except that the deposit requirements shall not be increased until May 1, 1991.

NEW SECTION. Sec. 24. The insurance commissioner, pursuant to chapter 34.05 RCW, may promulgate rules to implement sections 22 and 23 of this act.

NEW SECTION. Sec. 25. The sum of forty-nine thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1991, from the general fund to the insurance commissioner for the purposes of section 21 of this act.

NEW SECTION. Sec. 26. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 27. Sections 20 through 24 of this act shall constitute a new chapter in Title 48 RCW.

NEW SECTION. Sec. 28. Any additional expenditures incurred by the University of Washington from provisions of this act shall be funded from existing financial resources.

NEW SECTION. Sec. 29. Sections 1 through 8, 10 through 17, 19 and 28 of this act shall constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 30. If specific funding for the purposes of sections 1 through 19 of this act, referencing this act by bill number, is not provided by June 30, 1990, in the omnibus appropriations act, sections 1 through 19 of this act shall be null and void."

On page 1, line 1 of the title, after "care;" strike the remainder of the title and insert "adding a new section to Title 28B RCW; adding a new section to chapter 70.175 RCW; adding a new chapter to Title 70 RCW; adding a new chapter to Title 48 RCW; creating new sections; making an appropriation; and declaring an emergency."

MOTION

On motion of Mr. Jesernig, the Report of the Conference Committee on Second Substitute Senate Bill No. 6418 was adopted and the committee was granted the powers of Free Conference.

REPORT OF CONFERENCE COMMITTEE

March 6, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6537, providing for foster care reform and making appropriations, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to recommend that:

The House Committee on Human Services amendments as amended be adopted (For amendments, see Journal, 47th Day, February 23, 1990, and 50th Day, February 26, 1990.), and

The following amendments be adopted:

On page 17 of the amendment, after line 36, insert the following:

"Sec. 31. Section 30, chapter 291, Laws of 1977 ex. sess. as amended by section 2, chapter 524, Laws of 1987 and RCW 13.34.020 are each amended to read as follows:

The legislature declares that the family unit is a fundamental resource of American life which should be nurtured. Toward the continuance of this principle, the legislature declares that the family unit should remain intact unless a child's right to conditions of basic nurture, health, or safety is jeopardized. When the rights of basic nurture, physical and mental health, and safety of the child and the legal rights of the parents are in conflict, the rights and safety of the child should prevail. The right of a child to basic nurturing includes the right to a safe, stable, and permanent home and a speedy resolution of any proceeding under this chapter.

Sec. 32. Section 17, chapter 17, Laws of 1989 1st ex. sess. and RCW 13.34.130 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, as now or hereafter amended, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030(2); after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or

cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a grandparent, brother, sister, stepbrother, stepsister, uncle, aunt, or first cousin with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home and that:

(i) There is no parent or guardian available to care for such child;

~~(ii) ((The child is unwilling to reside in the custody of the child's parent, guardian, or legal custodian;~~

~~((#))) The parent, guardian, or legal custodian is not willing to take custody of the child;~~

~~((+)) ((#)) (iii) A manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or~~

~~((+)) ((iv)) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.~~

(2) If the court has ordered a child removed from his or her home pursuant to RCW 13.34.130(1)(b), the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds it is recommended by the supervising agency, that it is in the best interests of the child and that it is not reasonable to provide further services to reunify the family because the existence of aggravated circumstances make it unlikely that services will effectuate the return of the child to the child's parents in the near future. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;

(c) Conviction of the parent of assault of the child in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021;

(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) A finding by a court that a parent is a sexually violent predator as defined in section 904, chapter —, Laws of 1990 (Engrossed Second Substitute Senate Bill No. 6259);

(f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim.

(3) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

(a) A permanent plan of care that may include one of the following: Return of the child to the home of the child's parent, adoption, guardianship, or long-term placement with a relative or in foster care with a written agreement.

(b) Unless the court has ordered, pursuant to RCW 13.34.130(2), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

((+)) ((1)) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

((#)) ((1)) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement.

((e)) ((#)) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

((+)) ((iv)) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those

services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to RCW 13.34.130(2), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

((3)) (4) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

((4)) (5) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

Sec. 33. Section 47, chapter 291, Laws of 1977 ex. sess. as amended by section 48, chapter 155, Laws of 1979 and RCW 13.34.190 are each amended to read as follows:

After hearings pursuant to RCW 13.34.110, the court may enter an order terminating all parental rights to a child if the court finds that:

(1) ((1)) The allegations contained in the petition as provided in RCW 13.34.180 (1) through (6) are established by clear, cogent, and convincing evidence; or ((2))

(2) RCW 13.34.180 (3) and (4) may be waived because the allegations under RCW 13.34.180 (1), (2), ((4)) (5), and (6) are established beyond a reasonable doubt; or (c) the allegation under RCW 13.34.180(7) is established beyond a reasonable doubt. In determining whether RCW 13.34.180 (5) and (6) are established beyond a reasonable doubt, the court shall consider one or more of the following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 or 9A.42.030;

(c) Conviction of the parent of assault of the child in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021;

(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) A finding by a court that a parent is a sexually violent predator as defined in section 904, chapter ---, Laws of 1990 (Engrossed Second Substitute Senate Bill No. 6259);

(f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim; and

~~((2))~~ (3) Such an order is in the best interests of the child.

NEW SECTION. Sec. 34. If specific funding for the purposes of sections 31 through 33 of this act, referencing this act by bill and section number, is not provided by June 30, 1990, in the omnibus appropriations act, sections 31 through 33 of this act shall be null and void.

Sec. 35. Section 5, chapter 291, Laws of 1977 ex. sess. as amended by section 4, chapter 155, Laws of 1979 and RCW 13.04.033 are each amended to read as follows:

(1) Any person aggrieved by a final order of the court may appeal the order as provided by this section. All appeals in matters other than those related to commission of a juvenile offense shall be taken in the same manner as in other civil cases. Except as otherwise provided in this title, all appeals in matters related to the commission of a juvenile offense shall be taken in the same manner as criminal cases and the right to collateral relief shall be the same as in criminal cases. The order of the juvenile court shall stand pending the disposition of the appeal: PROVIDED, That the court or the appellate court may upon application stay the order.

(2) If the final order from which an appeal is taken grants the custody of the child to, or withholds it from, any of the parties, or if the child is committed as provided under this chapter, the appeal shall be given priority in hearing.

(3) In the absence of a specific direction from the party seeking review to file the notice, or the court-appointed guardian ad litem, the court may dismiss the review pursuant to RAP 18.9. To the extent that this enactment conflicts with the requirements of RAP 5.3(a) or RAP 5.3(b) this enactment shall supersede the conflicting rule.

On page 1, line 1 of the title, after "children," strike the remainder of the title and insert "amending RCW 4.92.130, 13.34.020, 13.34.130, 13.34.190, and 13.04.033; adding new sections to chapter 74.13 RCW; adding a new section to chapter 13.32A RCW; adding a new section to chapter 13.34 RCW; creating new sections; and providing an effective date."

MOTION

On motion of Mr. Jesernig, the Report of the Conference Committee on Engrossed Second Substitute Senate Bill No. 6537 was adopted and the committee was granted the powers of Free Conference.

REPORT OF CONFERENCE COMMITTEE

March 6, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 6649, clarifying the status of Adopt-a-Highway signs, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to recommend that:

The House Committee on Transportation amendment be adopted (For committee amendment, see Journal, 50th Day, February 26, 1990.), and

The following amendments be adopted:

On page 7, after line 2, insert the following:

NEW SECTION. Sec. 4. The legislature finds that despite the efforts of the department of transportation, the department of ecology, and the ecology youth corps to pick up litter along state highways, roadside litter in Washington state has increased by thirty-six percent since 1983. The legislature further finds that in twenty-seven states, volunteer organizations are able to give of their time and energy, demonstrate commitment to a clean environment, and discourage would-be litterers by keeping sections of highway litter free because those states have established programs to encourage and recognize such voluntary efforts. Therefore, it is the legislature's intent to establish an 'adopt-a-highway' litter control program as a partnership between citizen volunteers and the state to reduce roadside litter and build civic pride in a litter-free Washington.

NEW SECTION. Sec. 5. A new section is added to chapter 47.40 RCW to read as follows:

(1) The department of transportation shall establish a state-wide adopt-a-highway litter control program whereby volunteer organizations may contribute to a cleaner environment

and a more attractive state by adopting sections of state highway and picking up litter along those sections.

An organization whose name: (a) Endorses or opposes a particular candidate for public office, (b) advocates a position on a specific political issue, initiative, referendum, or piece of legislation, or (c) includes a reference to a political party shall not be eligible to participate in the adopt-a-highway program.

(2) In administering the adopt-a-highway, the department shall:

(a) Provide a standardized application form, registration form, and contractual agreement for all volunteer groups. Such forms shall notify the prospective participants of the risks and responsibilities to be assumed by either the department and/or the volunteer groups;

(b) Require all volunteers to be at least fifteen years of age;

(c) Require parental consent for all minors;

(d) Require at least one volunteer adult supervisor for every eight minors;

(e) Require one designated leader for each volunteer organization;

(f) Assign each volunteer organization a section of state highway for a specified period of time;

(g) Recognize the efforts of a participating organization by erecting and maintaining signs with the organization's name on both ends of the organization's section of highway;

(h) Provide appropriate safety equipment and 'Volunteer Litter Crew Ahead' signs. Safety equipment, other than hardhats, issued to volunteer organizations must be returned to the department after each use for reuse by other volunteer groups;

(i) Provide safety training for all volunteers;

(j) Pay any and all premiums or assessments required under RCW 51.12.035 to secure medical aid benefits under chapter 51.36 RCW for all volunteers participating in the program;

(k) Maintain records of all injuries and accidents that occur;

(l) Adopt rules which establish a process to resolve any question of an organization's eligibility to participate in the adopt-a-highway program;

(m) Obtain permission from property owners who lease right of way before allowing a volunteer organization to adopt a section of highway on such leased property; and

(n) Establish procedures and guidelines for the adopt-a-highway program.

(3) Nothing in this section affects the rights or activities of, or agreements with, adjacent landowners, including the use of rights of way and crossings, nor impairs these rights and uses by the placement of signs."

In line 2 of the title, after "47.42.040;" strike "and creating a new section" and insert "adding a new section to chapter 47.40 RCW; and creating new sections."

Signed by Senators Thorsness, Conner, Johnson; Representatives Prentice, Cooper, Walker.

MOTION

On motion of Mr. Jesernig, the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 6649 was adopted and the committee was granted the powers of Free Conference.

MESSAGE FROM THE SENATE

March 7, 1990

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on SUBSTITUTE HOUSE BILL NO. 2426, and has granted said committee the powers of Free Conference. The Report of the Conference Committee is herewith transmitted.

W. D. Naismith, Assistant Secretary.

REPORT OF CONFERENCE COMMITTEE

March 5, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred SUBSTITUTE HOUSE BILL NO. 2426, revising provisions for employer contributions for unemployment compensation, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to amend the measure as follows:

The Senate amendment on page 5, line 19, adopted on March 1, 1990, be rejected (For amendment, see Journal, 55th Day, March 3, 1990), and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 4, chapter 35, Laws of 1945 as last amended by section 1, chapter 256, Laws of 1987 and by section 2, chapter 278, Laws of 1987 and RCW 50.04.030 are each reenacted and amended to read as follows:

"Benefit year" with respect to each individual, means the fifty-two consecutive week period beginning with the first day of the calendar week in which the individual files an application for an initial determination and thereafter the fifty-two consecutive week period beginning with the first day of the calendar week in which the individual next files an application for an initial determination after the expiration of the individual's last preceding benefit year: PROVIDED, HOWEVER, That the foregoing limitation shall not be deemed to preclude the establishment of a new benefit year under the laws of another state pursuant to any agreement providing for the interstate combining of employment and wages and the interstate payment of benefits nor shall this limitation be deemed to preclude the commissioner from backdating an initial application at the request of the claimant either for the convenience of the department of employment security or for any other reason deemed by the commissioner to be good cause.

An individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year that had been included in the individual's prior base year.

No benefit year will be established unless it is determined that the individual earned wages in 'employment' in not less than six hundred eighty hours of the individual's base year: PROVIDED, HOWEVER, That a benefit year cannot be established if the base year wages include wages earned prior to the establishment of a prior benefit year unless the individual worked and earned wages ((in 'employment')) since the ((beginning of) initial separation from employment in the previous benefit ((year's waiting period under RCW 50.20.010(4))) year of not less than six times the weekly benefit amount computed for the individual's new benefit year.

If an individual's prior benefit year was based on the last four completed calendar quarters, a new benefit year shall not be established until the new base year does not include any hours used in the establishment of the prior benefit year.

If the wages of an individual are not based upon a fixed duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week shall be determined in such manner as the commissioner may by regulation prescribe. Such regulation shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid his or her wages at regular intervals.

Sec. 2. Section 5, chapter 292, Laws of 1977 ex. sess. and RCW 50.04.205 are each amended to read as follows:

Except as provided in section 3 of this act, services performed by aliens legally or illegally admitted to the United States shall be considered services in employment subject to the payment of contributions to the extent that services by citizens are covered.

NEW SECTION, Sec. 3. A new section is added to chapter 50.04 RCW to read as follows:

The term 'employment' shall not include service that is performed by a nonresident alien for the period he or she is temporarily present in the United States as a nonimmigrant under subparagraph (F), (H)(iii), or (J) of section 101(a)(15) of the federal immigration and naturalization act, as amended, and that is performed to carry out the purpose specified in the applicable subparagraph of the federal immigration and naturalization act.

Sec. 4. Section 84, chapter 35, Laws of 1945 as last amended by section 4, chapter 266, Laws of 1959 and RCW 50.20.160 are each amended to read as follows:

(1) A determination of amount of benefits potentially payable issued pursuant to the provisions of RCW 50.20.120 and 50.20.140 shall not serve as a basis for appeal but shall be subject to request by the claimant for reconsideration and/or for redetermination by the commissioner at any time within one year from the date of delivery or mailing of such determination, or any redetermination thereof: PROVIDED, That in the absence of fraud or misrepresentation on the part of the claimant, any benefits paid prior to the date of any redetermination which reduces the amount of benefits payable shall not be subject to recovery under the provisions of RCW 50.20.190. A denial of a request to reconsider or a redetermination shall be furnished the claimant in writing and provide the basis for appeal under the provisions of RCW 50.32.020.

(2) A determination of denial of benefits issued under the provisions of RCW 50.20.180 shall become final, in absence of timely appeal therefrom: PROVIDED, That the commissioner may reconsider and redetermine such determinations at any time within one year from delivery or mailing to correct an error in identity, omission of fact, or misapplication of law with respect to the facts.

(3) A determination of allowance of benefits shall become final, in absence of a timely appeal therefrom: PROVIDED, That the commissioner may redetermine such allowance at any time within two years following the benefit year in which such allowance was made in order to recover any benefits improperly paid and for which recovery is provided under the provisions of RCW 50.20.190: AND PROVIDED FURTHER, That in the absence of fraud, misrepresentation, or nondisclosure, this provision or the provisions of RCW 50.20.190 shall not be construed so as to

permit redetermination or recovery of an allowance of benefits which having been made after consideration of the provisions of RCW 50.20.010(3), or the provisions of RCW 50.20.050, 50.20.060, 50.20.080, or 50.20.090 has become final.

(4) A redetermination may be made at any time: (a) To conform to a final court decision applicable to either an initial determination or a determination of denial or allowance of benefits; (b) in the event of a back pay award or settlement affecting the allowance of benefits; or (c) in the case of fraud, misrepresentation, or willful nondisclosure. Written notice of any such redetermination shall be promptly given by mail or delivered to such interested parties as were notified of the initial determination or determination of denial or allowance of benefits and any new interested party or parties who, pursuant to such regulation as the commissioner may prescribe, would be an interested party.

Sec. 5. Section 87, chapter 35, Laws of 1945 as last amended by section 2, chapter 92, Laws of 1989 and RCW 50.20.190 are each amended to read as follows:

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of the individual's benefit year in which the purported overpayment was made unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that said overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, said determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee of five dollars. The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) When an individual has been awarded or receives back pay, the amount of the back pay shall constitute wages paid in the period for which it was awarded. No person is liable for the amount of benefits if the amount of the back pay award or settlement was reduced by the

amount of benefits received. When the amount of the back pay award or settlement was reduced by the amount of benefits received, the employer shall pay to the unemployment compensation fund an amount equal to the amount of such reduction. An employer who is a party to any back pay award or settlement shall, within thirty days of the settlement, report to the department the amount of benefits by which the award or settlement was reduced, if any, and the name and social security number of the person who received the award or settlement.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent of the outstanding balance for each month that payments are not made in a timely fashion. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070. For any other overpayment, interest shall accrue when the individual has missed two or more of their monthly payments either partially or in full. The interest penalty shall be used to fund detection and recovery of overpayment and collection activities.

Sec. 6. Section 99, chapter 35, Laws of 1945 as last amended by section 5, chapter 111, Laws of 1987 and RCW 50.24.110 are each amended to read as follows:

The commissioner is hereby authorized to issue to any person, firm, corporation, political subdivision, or department of the state, a notice and order to withhold and deliver property of any kind whatsoever when ~~(he)~~ the commissioner has reason to believe that there is in the possession of such person, firm, corporation, political subdivision, or department, property which is due, owing, or belonging to any person, firm, or corporation upon whom the department has served a benefit overpayment assessment or a notice and order of assessment for unemployment compensation contributions, interest, or penalties. The effect of a notice to withhold and deliver shall be continuous from the date such notice and order to withhold and deliver is first made until the liability is satisfied or becomes unenforceable because of a lapse of time.

The notice and order to withhold and deliver shall be served by the sheriff or the sheriff's deputy of the county wherein the service is made ~~((-or by his deputy))~~, by certified mail, return receipt requested, or by any duly authorized representative of the commissioner. Any person, firm, corporation, political subdivision, or department upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice.

In the event there is in the possession of any such person, firm, corporation, political subdivision, or department, any property which may be subject to the claim of the employment security department of the state, such property shall be delivered forthwith to the commissioner or ~~((his))~~ the commissioner's duly authorized representative upon demand to be held in trust by the commissioner for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability, or in the alternative, there shall be furnished a good and sufficient bond satisfactory to the commissioner conditioned upon final determination of liability.

Should any person, firm, or corporation fail to make answer to an order to withhold and deliver within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against such person, firm, or corporation for the full amount claimed by the commissioner in the notice to withhold and deliver, together with costs.

Sec. 7. Section 5, chapter 205, Laws of 1984 as last amended by section 79, chapter 380, Laws of 1989 and RCW 50.29.025 are each amended to read as follows:

The contribution rate for each employer shall be determined under this section.

(1) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the June 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(2) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in subsection (5) of this section shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
3.40 and above	A

1.90 to 2.39	D
1.40 to 1.89	E

(3) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (a) identification number; (b) benefit ratio; (c) taxable payrolls for the four calendar quarters immediately preceding the

computation date and reported to the department by the cut-off date; (d) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (e) the percentage equivalent of the cumulative total of taxable payrolls.

(4) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in subsection (5) of this section: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(5) The contribution rate for each employer in the array shall be the rate specified in the following table for the rate class to which he or she has been assigned, as determined under subsection (4) of this section, within the tax schedule which is to be in effect during the rate year:

(a) Employers who do not meet the definition of 'qualified employer' by reason of failure to pay contributions when due shall be assigned the contribution rate of five and four-tenths percent, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to five and four-tenths percent for the current rate year.

(b) The contribution rate for employers exempt as of December 31, 1989, who are newly covered under the section 78, chapter 380, Laws of 1989(;;:) amendment to RCW 50.04.150 and not yet qualified to be in the array shall be 2.5 percent for employers whose standard industrial code is '013', '016', '017', '018', '019', '021', or '081'; and

(c) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, shall be in accordance with established classification practices found in the 'Standard Industrial Classification Manual' issued by the federal office of management and budget to the third digit provided in the Standard Industrial Classification code.

Sec. 8, Section 16, chapter 2, Laws of 1970 ex. sess. as last amended by section 19, chapter 23, Laws of 1983 1st ex. sess. and RCW 50.29.070 are each amended to read as follows:

~~((Within a reasonable time after the computation date, each employer shall be notified of the total amount of benefits charged to his account during the twelve-month period immediately preceding the computation date and, upon request, the amount of such charges with respect to each individual receiving unemployment benefits charged to his account.))~~

Within a reasonable time after the computation date each employer shall be notified of ~~((this))~~ the employer's rate of contribution as determined for the succeeding rate year and factors used in the calculation.

Any employer dissatisfied with the benefit charges made to ~~(his)~~ the employer's account for the twelve-month period immediately preceding the computation date or with his or her determined rate may file a request for review and redetermination with the commissioner within thirty days of the mailing of the notice to the employer, showing the reason for such request. Should such request for review and redetermination be denied, the employer may, within ~~(ten)~~ thirty days of the mailing of such notice of denial, file with the appeal tribunal a petition for hearing which shall be heard in the same manner as a petition for denial of refund. The appellate procedure prescribed by this title for further appeal shall apply to all denials of review and redetermination under this section.

Sec. 9. Section 23, chapter 3, Laws of 1971 as last amended by section 24, chapter 23, Laws of 1983 1st ex. sess. and RCW 50.44.060 are each amended to read as follows:

Benefits paid to employees of 'nonprofit organizations' shall be financed in accordance with the provisions of this section. For the purpose of this section and RCW 50.44.070, the term 'nonprofit organization' is limited to those organizations described in RCW 50.44.010, and joint accounts composed exclusively of such organizations.

(1) Any nonprofit organization which is, or becomes subject to this title on or after January 1, 1972 shall pay contributions under the provisions of RCW 50.24.010 and chapter 50.29 RCW, unless it elects, in accordance with this subsection, to pay to the commissioner for the unemployment compensation fund an amount equal to the full amount of regular and additional benefits and one-half of the amount of extended benefits paid to individuals for weeks of unemployment ~~((which begin during the effective period of such election))~~ that are based upon wages paid or payable during the effective period of such election to the extent that such payments are attributable to service in the employ of such nonprofit organization.

(a) Any nonprofit organization which becomes subject to this title after January 1, 1972 may elect to become liable for payments in lieu of contributions for a period of not less than twelve months beginning with the date on which such subjectivity begins by filing a written notice of its election with the commissioner not later than thirty days immediately following the date of the determination of such subjectivity.

(b) Any nonprofit organization which makes an election in accordance with paragraph (a) of this subsection will continue to be liable for payments in lieu of contributions until it files with the commissioner a written notice terminating its election not later than thirty days prior to the beginning of the taxable year for which such termination shall first be effective.

(c) Any nonprofit organization which has been paying contributions under this title for a period subsequent to January 1, 1972 may change to a reimbursable basis by filing with the commissioner not later than thirty days prior to the beginning of any taxable year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization for that and the next year.

(d) The commissioner may for good cause extend the period within which a notice of election, or a notice of termination, must be filed and may permit an election to be retroactive but not any earlier than with respect to benefits paid after December 31, 1969.

(e) The commissioner, in accordance with such regulations as ~~(he)~~ the commissioner may prescribe, shall notify each nonprofit organization of any determination which ~~(he)~~ the commissioner may make of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Any nonprofit organization subject to such determination and dissatisfied with such determination may file a request for review and redetermination with the commissioner within thirty days of the mailing of the determination to the organization. Should such request for review and redetermination be denied, the organization may, within ten days of the mailing of such notice of denial, file with the appeal tribunal a petition for hearing which shall be heard in the same manner as a petition for denial of refund. The appellate procedure prescribed by this title for further appeal shall apply to all denials of review and redetermination under this paragraph.

(2) Payments in lieu of contributions shall be made in accordance with the provisions of this section including either paragraph (a) or (b) of this subsection.

(a) At the end of each calendar quarter, the commissioner shall bill each nonprofit organization or group of such organizations which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular and additional benefits plus one-half of the amount of extended benefits paid during such quarter that is attributable to service in the employ of such organization.

(b) (i) Each nonprofit organization that has elected payments in lieu of contributions may request permission to make such payments as provided in this paragraph. Such method of payment shall become effective upon approval by the commissioner.

(ii) At the end of each calendar quarter, or at the end of such other period as determined by the commissioner, the commissioner shall bill each nonprofit organization for an amount representing one of the following:

(A) The percentage of its total payroll for the immediately preceding calendar year as the commissioner shall determine. Such determination shall be based each year on the average benefit costs attributable to service in the employ of nonprofit organizations during the preceding calendar year.

(B) For any organization which did not pay wages throughout the four calendar quarters of the preceding calendar year, such percentage of its payroll during such year as the commissioner shall determine.

(iii) At the end of each taxable year, the commissioner may modify the quarterly percentage of payroll thereafter payable by the nonprofit organization in order to minimize excess or insufficient payments.

(iv) At the end of each taxable year, the commissioner shall determine whether the total of payments for such year made by a nonprofit organization is less than, or in excess of, the total amount of regular and additional benefits plus one-half of the amount of extended benefits paid to individuals during such taxable year based on wages attributable to service in the employ of such organization. Each nonprofit organization whose total payments for such year are less than the amount so determined shall be liable for payment of the unpaid balance to the fund in accordance with paragraph (c). If the total payments exceed the amount so determined for the taxable year, all of the excess payments will be retained in the fund as part of the payments which may be required for the next taxable year, or a part of the excess may, at the discretion of the commissioner, be refunded from the fund or retained in the fund as part of the payments which may be required for the next taxable year.

(c) Payment of any bill rendered under paragraph (a) or (b) shall be made not later than thirty days after such bill was mailed to the last known address of the nonprofit organization or was otherwise delivered to it, and if not paid within such thirty days, the reimbursement payments itemized in the bill shall be deemed to be delinquent and the whole or part thereof remaining unpaid shall bear interest and penalties from and after the end of such thirty days at the rate and in the manner set forth in RCW 50.12.220 and 50.24.040.

(d) Payments made by any nonprofit organization under the provisions of this section shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization. Any deduction in violation of the provisions of this paragraph shall be unlawful.

(3) Each employer that is liable for payments in lieu of contributions shall pay to the commissioner for the fund the total amount of regular and additional benefits plus the amount of one-half of extended benefits paid that are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one employer and one or more of such employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer that is liable for such payments shall be determined in accordance with the provisions of paragraphs (a) (~~through (d)~~) and (b) of this subsection.

(a) If benefits paid to an individual are based on wages paid by one or more employers that are liable for payments in lieu of contributions and on wages paid by one or more employers who are liable for contributions, the amount of benefits payable by each employer that is liable for payments in lieu of contributions shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by such employer bear to the total base-period wages paid to the individual by all of his base-period employers.

(b) If benefits paid to an individual are based on wages paid by two or more employers that are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by such employer bear to the total base-period wages paid to the individual by all of his base-period employers.

Sec. 10. Section 82, chapter 380, Laws of 1989 and RCW 49.30.005 are each amended to read as follows:

(1) It is the intent of the legislature that the department assist agricultural employers in mitigating the costs of the state's unemployment insurance program. The department shall work with members of the agricultural community to: improve understanding of the program's operation; increase compliance with work-search requirements; provide prompt notification of potential claims against an employer's experience rating; inform employers of their rights; inform employers of the actions necessary to appeal a claim and to protect their rights; and reduce claimant and employer fraud. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

On motion of Mr. Jesernig, the Report of the Conference Committee on Substitute House Bill No. 2426 was adopted and the committee was granted the powers of Free Conference.

MESSAGE FROM THE SENATE

March 7, 1990

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 2603, and has granted said committee the powers of Free Conference. The Report of the Conference Committee is herewith transmitted.

W. D. Naismith, Assistant Secretary.

REPORT OF CONFERENCE COMMITTEE

March 6, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2603, enhancing availability of medical care for children, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to amend the measure as follows:

The Senate Committee on Health & Long-Term Care amendments adopted on March 1, 1990, be rejected (For amendment, see Journal, 55th Day, March 3, 1990.), and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

***NEW SECTION.** Sec. 1. It is the purpose of sections 1 through 5 of this act and RCW 74.09.010 to provide, consistent with appropriated funds, health care access and services to children in poverty in this state. To this end, a children's health program is established based on the following principles:

(1) Access to preventive and other health care services should be made more readily available for children in poverty.

(2) Unnecessary barriers to health care for children in poverty should be removed.

(3) The status of children's health and their access to health care providers should be evaluated at appropriate intervals to determine program effectiveness and need for modification.

(4) Health care services should be delivered in a cost-effective manner.

(5) The program should be sensitive to cultural and ethnic differences among children in poverty.

NEW SECTION. Sec. 2. (1) There is hereby established a program to be known as the children's health program.

To the extent of available funds:

(a) Health care services may be provided to persons who are under eighteen years of age with household incomes at or below the federal poverty level and not otherwise eligible for medical assistance or the limited casualty program for the medically needy.

(b) The determination of eligibility of recipients for health care services shall be the responsibility of the department. The application process shall be easy to understand and, to the extent possible, applications shall be made available at local schools and other appropriate locations. The department shall make eligibility determinations within the timeframes for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510.

(c) The amount, scope, and duration of health care services provided to eligible children under the children's health program shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(2) The legislature is interested in assessing the effectiveness of the prenatal care program. However, the legislature recognizes the cost and complexity associated with such assessment.

The legislature accepts the effectiveness of prenatal and maternity care at improving birth outcomes when these services are received by eligible persons. Therefore, the legislature intends to focus scarce assessment resources to determine the extent to which support services such as child care, psychosocial and nutritional assessment and counseling, case management, transportation, and other support services authorized by this act result in receipt of prenatal and maternity care by eligible persons.

The University of Washington shall conduct a study, based on a statistically significant state-wide sampling of data, to evaluate the effectiveness of the maternity care access program set forth in RCW 74.09.760 through 74.09.820 based on the principles set forth in RCW 74.09.770.

The University of Washington shall develop a plan and budget for the study in consultation with the legislative budget committee. The legislative budget committee shall also monitor the progress of the study.

The department of social and health services shall make data and other information available as needed to the University of Washington as required to conduct this study.

The study shall determine:

(a) The characteristics of women receiving services, including health risk factors;

(b) The extent to which access to maternity care and support services have improved in this state as a result of this program;

(c) The utilization of services and birth outcomes for women and infants served by this program by type of practitioner;

(d) The extent to which birth outcomes for women receiving services under this program have improved in comparison to birth outcomes of nonmedicaid mothers;

(e) The impact of increased medicaid reimbursement to physicians on provider participation;

(f) The difference between costs for services provided under this program and medicaid reimbursement for the services;

(g) The gaps in services, if any, that may still exist for women and their infants as defined by RCW 74.09.790 (1) and (4) served by this program, excluding pregnant substance abusers, and women covered by private health insurance; and

(h) The number and mix of services provided to eligible women as defined by subsection (2)(g) of this section and the effect on birth outcomes as compared to nonmedicaid birth outcomes.

Results of the study shall be submitted to the legislative budget committee and appropriate committees of the legislature, by December 1 of each year through December 1, 1994, beginning with December 1, 1991.

NEW SECTION. Sec. 3. (1) The children's health services committee is hereby established, which shall advise the secretary as set forth in this chapter. Its membership shall be composed as follows: The secretary shall appoint, from the department's personnel, representatives from the various service and related administrative support programs that address children's needs. The secretary of health shall appoint, with the approval of the secretary, appropriate department of health personnel to the committee, but shall include the deputy secretary of health or successor position and the administrator of the parent and child health service program as identified in RCW 43.70.080(6).

(2) The requirements of subsection (1) of this section shall be in effect until June 30, 1993, at such time, the statutory responsibility shall be given to the department. The secretary may continue the committee under executive policy.

(3) The secretary and the secretary of health shall examine program areas where there is a lack of clear authority, dual responsibilities, or potential problems regarding jurisdiction between the department and department of health and submit a brief report to the governor and the legislature by December 1, 1992, outlining these problems and proposing remedial action.

(4) The committee, in coordination with counties, shall identify counties experiencing significant problems with access to health care for children eligible for services under chapter 74.09 RCW, based on indicators such as:

(a) Number of primary care providers for children eligible for services under chapter 74.09 RCW;

(b) Percent of children eligible for services under chapter 74.09 RCW;

(c) Postneonatal mortality rate for low-income children;

(d) Early and periodic screening, diagnosis, and treatment (EPSDT) utilization;

(e) Teen birth rate for low-income children; and

(f) Low birth weight rate for low-income children.

(5) The department shall provide data to each county within the state regarding its performance on the indicators in subsection (4) of this section and notify those counties having a significant problem with access, as defined in this section. The county shall also be advised of the availability of technical and financial assistance from the state in support of local remedial action.

(6) Any county, including those not identified by the committee, wishing to pursue state assistance under this section may submit a request to the committee. The request should include a description of the access problems in their community, a plan for addressing those problems, and a description of how the state's technical or financial assistance will aid them in increasing access to pediatric care for children in poverty. The request for assistance shall be prepared in consultation with the department, local community service offices, the local public health officer, community health clinics, health care providers, hospitals, the business community, labor representatives, and low-income advocates in their area.

(7) Counties are encouraged to combine to fulfill their duties under this section. In doing so, they shall consider the organizational principles set forth in RCW 43.70.020. If after one hundred twenty days' notice by the committee that a significant problem with health care access to children exists within a county, the county has not submitted a preliminary request for assistance according to this section, the committee shall solicit or may receive requests for assistance from any health care provider within that county.

(8) The committee shall evaluate local requests for technical and financial assistance, and shall recommend to the secretary funding of any or all parts of the requests, using criteria such as:

(a) The number of children proposed to receive expanded access to pediatric health care per dollar expended;

(b) Ability to meet the particular needs of the community as defined in the county request, including responsiveness to the needs of ethnic and racial minorities and addressing language barriers to access; and

(c) Capability to meet stated goals of increasing access to pediatric care.

(9) The department, after considering the recommendations of the committee, shall provide financial assistance, such as grants to counties or disproportionate share payments to providers, to the extent of available funds. The department shall make such changes to the state Medicaid plan or take such other action as may be needed to secure federal matching funds for grants under this section.

NEW SECTION. Sec. 4. Local communities are encouraged to take actions necessary to make health care more accessible to children in poverty in their communities, such as coordinating the development of alternative health care delivery systems. To support communities in their efforts, the committee, in coordination with counties and to the extent funds are available, shall: (1) Advise the secretary and the secretary of health regarding the dispensing of technical assistance to counties to enable them to develop provider resources and expand coordinated provision of health care to children in poverty, and (2) recommend to the secretary financial incentives to be provided within counties requesting assistance according to section 3 of this act.

NEW SECTION. Sec. 5. The committee, in coordination with the department of health, shall reevaluate the state of access to care for children in poverty on at least a biennial basis and shall provide this information, along with information on the implementation of sections 1 through 4 of this act, to the board of health for consideration of possible inclusion in the biennial state health report.

Sec. 6. Section 74.09.010, chapter 26, Laws of 1959 as last amended by section 11, chapter 406, Laws of 1987 and RCW 74.09.010 are each amended to read as follows:

(1) Upon cessation of a use under which an exemption has been granted pursuant to RCW 84.36.030, 84.36.037, 84.36.040, 84.36.041, 84.36.043, 84.36.050, and 84.36.060, the county treasurer shall collect all taxes which would have been paid had the property not been exempt during the three years preceding, or the life of such exemption, if such be less, together with the interest at the same rate and computed in the same way as that upon delinquent property taxes: PROVIDED, That where the property has been granted an exemption for more than ten years, taxes and interest shall not be assessed under this section.

(2) Subsection (1) of this section applies only when ownership of the property is transferred or when fifty-one percent or more of the area of the property has lost its exempt status. The additional tax under subsection (1) of this section shall not be imposed if the cessation of use resulted solely from:

(a) Transfer to a nonprofit organization, association, or corporation for a use which also qualifies and is granted exemption under the provisions of chapter 84.36 RCW;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) Official action by an agency of the state of Washington or by the county or city within which the property is located which disallows the present use of such property;

(e) Relocation of the activity and use of another location or site except for undeveloped properties of camp facilities exempted under RCW 84.36.030;

(f) Cancellation of a lease on property that had been exempt under RCW 84.36.040, 84.36.041, 84.36.043, or 84.36.060;

(g) A change in the exempt portion of a home for the aging under RCW 84.36.041(2), as long as some portion of the home remains exempt;

(h) The conversion of a full exemption of a home for the aging to a partial exemption or taxable status under RCW 84.36.041(7).

NEW SECTION. Sec. 5. A new section is added to chapter 84.52 RCW to read as follows:

(1) It is the intent of this section to allow public hospital districts and metropolitan park districts to utilize levy authority approved by the voters pursuant to RCW 84.52.100 for the duration of such voter approval. It is further the intent of this section that these levies be made between the statutory tax rate limits established by RCW 84.52.043 and the applicable constitutional limits.

(2) Any increase of cumulative limitation approved by the voters of a public hospital district or metropolitan park district pursuant to RCW 84.52.100 prior to the effective date of the repeal of that provision shall remain valid and such district may levy such amount as the appropriate levy capacity may allow for the time authorized by the voters: PROVIDED, That no other levy, including fire district, library district, conservation futures under RCW 84.34.230, and emergency medical care or services under RCW 84.52.069 shall be reduced as a result of the increased public hospital district or metropolitan park district levy.

REPORT OF CONFERENCE COMMITTEE

March 6, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2430, revising provisions for motor vehicle warranties, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to amend the measure as follows:

The Senate Committee on Economic Development & Labor amendments adopted on March 2, 1990, be rejected (For amendments, see Journal, 57th Day, March 5, 1990.), and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

'NEW SECTION, Sec. 1. Section 2, chapter 344, Laws of 1987 as amended by section 1, chapter 347, Laws of 1989 and RCW 19.118.021 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Board' means new motor vehicle arbitration board.

(2) 'Collateral charges' means any sales or lease related charges including but not limited to sales tax, use tax, arbitration service fees, unused license fees, unused registration fees, unused title fees, finance charges, prepayment penalties, credit disability and credit life insurance costs not otherwise refundable, any other insurance costs prorated for time out of service, transportation charges, dealer preparation charges, or any other charges for service contracts, undercoating, rustproofing, or factory or dealer installed options.

(3) 'Condition' means a general problem that results from a defect or malfunction of one or more parts, or their improper installation by the manufacturer, its agents, or the new motor vehicle dealer.

(4) 'Consumer' means any person who has entered into an agreement or contract for the transfer, lease, or purchase of a new motor vehicle, other than for purposes of resale or sublease, during the duration of the warranty period defined under this section.

(5) 'Court' means the superior court in the county where the consumer resides, except if the consumer does not reside in this state, then the superior court in the county where an arbitration hearing or determination was conducted or made pursuant to this chapter.

(6) 'Incidental costs' means any reasonable expenses incurred by the consumer in connection with the repair of the new motor vehicle, including any towing charges and the costs of obtaining alternative transportation.

(7) 'Manufacturer' means any person engaged in the business of constructing or assembling new motor vehicles or engaged in the business of importing new motor vehicles into the United States for the purpose of selling or distributing new motor vehicles to new motor vehicle dealers. Manufacturer does not include any person engaged in the business of set-up of motorcycles as an agent of a new motor vehicle dealer if the person does not otherwise construct or assemble motorcycles.

(8) 'Motorcycle' means any motorcycle as defined in RCW 46.04.330 which has an engine displacement of at least seven hundred fifty cubic centimeters.

((#)) (9) 'New motor vehicle' means any new self-propelled vehicle, including a new motorcycle, primarily designed for the transportation of persons or property over the public highways that, after original retail purchase or lease in this state, was initially registered in this state or for which a temporary motor vehicle license was issued pursuant to RCW 46.16.460, but does not include vehicles purchased or leased by a business as part of a fleet of ten or more vehicles. If the motor vehicle is a motor home, this chapter shall apply to the self-propelled vehicle and chassis, but does not include those portions of the vehicle designated, used, or

maintained primarily as a mobile dwelling, office, or commercial space. The term 'new motor vehicle' does not include ~~((motorcycles or))~~ trucks with nineteen thousand pounds or more gross vehicle weight rating. The term 'new motor vehicle' includes a demonstrator or lease-purchase vehicle as long as a manufacturer's warranty was issued as a condition of sale.

~~((9))~~ (10) 'New motor vehicle dealer' means a person who holds a dealer agreement with a manufacturer for the sale of new motor vehicles, who is engaged in the business of purchasing, selling, servicing, exchanging, or dealing in new motor vehicles, and who is licensed as a dealer by the state of Washington.

~~((10))~~ (11) 'Nonconformity' means a defect, serious safety defect, or condition that substantially impairs the use, value, or safety of a new motor vehicle, but does not include a defect or condition that is the result of abuse, neglect, or unauthorized modification or alteration of the new motor vehicle.

~~((11))~~ (12) 'Purchase price' means the cash price of the new motor vehicle appearing in the sales agreement or contract, including any allowance for a trade-in vehicle; 'purchase price' in the instance of a lease means the purchase price or value of the vehicle declared to the department of licensing for purposes of tax collection.

Where the consumer is a second or subsequent purchaser, lessee, or transferee and the consumer selects repurchase of the motor vehicle, 'purchase price' means the purchase price of the second or subsequent purchase or lease. Where the consumer is a second or subsequent purchaser, lessee, or transferee and the consumer selects replacement of the motor vehicle, 'purchase price' means the original purchase price.

~~((12))~~ (13) 'Reasonable offset for use' means the definition provided in RCW 19.118.041(1)(c) for a new motor vehicle other than a new motorcycle. The reasonable offset for use for a new motorcycle shall be computed by the number of miles that the vehicle traveled before the manufacturer's acceptance of the vehicle upon repurchase or replacement multiplied by the purchase price, and divided by twenty-five thousand.

~~((13))~~ (14) 'Reasonable number of attempts' means the definition provided in RCW 19.118.041.

~~((14))~~ (15) 'Replacement motor vehicle' means a new motor vehicle that is identical or reasonably equivalent to the motor vehicle to be replaced, as the motor vehicle to be replaced existed at the time of original purchase or lease, including any service contract, undercoating, rustproofing, and factory or dealer installed options.

~~((15))~~ (16) 'Serious safety defect' means a life-threatening malfunction or nonconformity that impedes the consumer's ability to control or operate the new motor vehicle for ordinary use or reasonable intended purposes or creates a risk of fire or explosion.

~~((16))~~ (17) 'Substantially impair' means to render the new motor vehicle unreliable, or unsafe for ordinary use, or to diminish the resale value of the new motor vehicle below the average resale value for comparable motor vehicles.

~~((17))~~ (18) 'Warranty' means any implied warranty, any written warranty of the manufacturer, or any affirmation of fact or promise made by the manufacturer in connection with the sale of a new motor vehicle that becomes part of the basis of the bargain. The term 'warranty' pertains to the obligations of the manufacturer in relation to materials, workmanship, and fitness of a new motor vehicle for ordinary use or reasonably intended purposes throughout the duration of the warranty period as defined under this section.

~~((18))~~ (19) 'Warranty period' means the period ending two years after the date of the original delivery to the consumer of a new motor vehicle, or the first twenty-four thousand miles of operation, whichever occurs first.

NEW SECTION. Sec. 2. The purpose of this chapter is to protect the public and contract providers from losses arising from the mismanagement of funds paid for motor vehicle service contracts, to better inform the public of their rights and obligations under the contracts, to permit purchasers of such contracts the opportunity to return the contract for a refund, and to require the liabilities owed under these contracts to be fully insured, rather than partially insured, or insured only in the event of provider default.

NEW SECTION. Sec. 3. (1) Every insurer issuing a reimbursement insurance policy shall include, as a part of the policy, the motor vehicle service contract(s) that the reimbursement insurance policy is intended to cover. Notwithstanding RCW 48.18.100, subsequent changes to the motor vehicle service contract(s) must be filed by the insurer with the commissioner no later than thirty days after the date of the change.

(2) Every insurer issuing a reimbursement insurance policy must require that premiums due for coverage under the policy be paid directly by the provider to the insurer or its agent.

NEW SECTION. Sec. 4. A motor vehicle service contract shall not be issued, sold, or offered for sale in this state unless the contract contains a conspicuous statement that has been initialed by the service contract holder and discloses:

(1) Any material conditions that the service contract holder must meet to maintain coverage under the contract including, but not limited to any maintenance schedule to which the service contract holder must adhere, any requirement placed on the service contract holder for documenting repair or maintenance work, and any procedure to which the service contract holder must adhere for filing claims;

(2) The work and parts covered by the contract;

(3) Any time or mileage limitations;

(4) That the implied warranty of merchantability on the motor vehicle is not waived if the contract has been purchased within ninety days of the purchase date of the motor vehicle from a provider who also sold the motor vehicle covered by the contract;

(5) Any exclusions of coverage; and

(6) The contract holder's right to return the contract for a refund, which right can be no more restrictive than provided for in section 5 of this act.

NEW SECTION. Sec. 5. (1) At a minimum, every provider shall permit the service contract holder to return the contract within thirty days of its purchase if no claim has been made under the contract, and shall refund to the holder the full purchase price of the contract unless the service contract holder returns the contract ten or more days after its purchase, in which case the provider may charge a cancellation fee not exceeding twenty-five dollars. A ten percent penalty shall be added to any refund that is not paid within thirty days of return of the contract to the provider. If a contract holder returns the contract within thirty days of its purchase or within such longer time period as permitted under the contract, the contract shall be void from the beginning and the parties shall be in the same position as if no contract had been issued.

(2) If a service contract holder returns the contract in accordance with this section, the insurer issuing the reimbursement insurance policy covering the contract shall refund to the provider the full premium paid by the provider for coverage of the contract.

Sec. 6. Section 3, chapter 99, Laws of 1987 and RCW 48.96.030 are each amended to read as follows:

A motor vehicle service contract reimbursement insurance policy shall not be issued, sold, or offered for sale in this state unless the reimbursement insurance policy conspicuously states that the issuer of the policy shall pay on behalf of the provider all sums which the provider is legally obligated to pay ~~((for failure to perform))~~ according to the provider's contractual obligations under the motor vehicle service contracts issued or sold by the provider.

Sec. 7. Section 4, chapter 99, Laws of 1987 and RCW 48.96.040 are each amended to read as follows:

A motor vehicle service contract shall not be issued, sold, or offered for sale in this state unless the contract conspicuously states that the obligations of the provider to the service contract holder are guaranteed under the ~~((service contract))~~ reimbursement insurance policy, and unless the contract conspicuously states the name and address of the issuer of the reimbursement insurance policy, the applicable policy number, and the means by which a service contract holder may file a claim under the policy.

Sec. 8. Section 5, chapter 99, Laws of 1987 and RCW 48.96.050 are each amended to read as follows:

~~((This chapter does))~~ RCW 48.96.020, 48.96.030, and 48.96.040 do not apply to motor vehicle service contracts issued by a motor vehicle manufacturer or ~~((importer))~~ import distributor covering vehicles manufactured or imported by the motor vehicle manufacturer or import distributor.

Sec. 9. Section 6, chapter 99, Laws of 1987 and RCW 48.96.060 are each amended to read as follows:

Failure to comply with the provisions of this chapter is an unfair method of competition and an unfair or deceptive act or practice in the conduct of a trade or commerce, as specifically contemplated by RCW 19.86.020, and is a violation of the Consumer Protection Act, chapter 19.86 RCW. Any service contract holder injured as a result of a violation of a provision of this chapter shall be entitled to maintain an action pursuant to chapter 19.86 RCW against the motor vehicle service contract provider and the insurer issuing the applicable motor vehicle service contract reimbursement insurance policy and shall be entitled to all of the rights and remedies afforded by that chapter. Any successful claimant under this section shall also be entitled to reasonable attorneys' fees.

NEW SECTION. Sec. 10. Sections 2 through 5 of this act are each added to chapter 48.96 RCW.

NEW SECTION. Sec. 11. Sections 2 through 10 of this act shall take effect January 1, 1991."

On page 1, line 1 of the title, after "warranties;" strike the remainder of the title and insert "amending RCW 19.118.021, 48.96.030, 48.96.040, 48.96.050, and 48.96.060; adding new sections to chapter 48.96 RCW; and providing an effective date."

MOTION

On motion of Mr. Jesernig, the Report of the Conference Committee on Engrossed Substitute House Bill No. 2430 was adopted and the committee was granted the powers of Free Conference.

MESSAGE FROM THE SENATE

March 7, 1990

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED HOUSE BILL NO. 2602, and has granted said committee the powers of Free Conference. The Report of the Conference Committee is herewith transmitted.

W. D. Naismith, Assistant Secretary.

REPORT OF CONFERENCE COMMITTEE

March 7, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED HOUSE BILL NO. 2602, changing provisions relating to support services for adoptions, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to amend the measure as follows:

The Senate Committee on Ways & Means amendments adopted on March 1, 1990, be rejected (For amendments, see Journal, 58th Day, March 6, 1990.), and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

***NEW SECTION.** Sec. 1. (1) The legislature finds that each year less than five percent of pregnant teens relinquish their babies for adoption in Washington state. Nationally, fewer than eight percent of pregnant teens relinquish their babies for adoption.

(2) The legislature further finds that barriers such as lack of information about adoption, inability to voluntarily enter into adoption agreements, and current state public assistance policies act as disincentives to adoption.

(3) It is the purpose of this act to support adoption as an option for women with unintended pregnancies by removing barriers that act as disincentives to adoption.

Sec. 2. Section 816, chapter 9, Laws of 1989 1st ex. sess. and RCW 74.04.005 are each amended to read as follows:

For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

(1) 'Public assistance' or 'assistance'—Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, general assistance and federal-aid assistance.

(2) 'Department'—The department of social and health services.

(3) 'County or local office'—The administrative office for one or more counties or designated service areas.

(4) 'Director' or 'secretary' means the secretary of social and health services.

(5) 'Federal-aid assistance'—The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(6) (a) 'General assistance'—Aid to persons in need who:

(i) Are not eligible to receive federal-aid assistance, other than food stamps and medical assistance; however, an individual who refuses or fails to cooperate in obtaining federal-aid assistance, without good cause, is not eligible for general assistance;

(ii) Are either:

(A) Pregnant: PROVIDED, That need is based on the current income and resource requirements of the federal aid to families with dependent children program: PROVIDED FURTHER, That during any period in which an aid for dependent children employable program is not in operation, only those pregnant women who are categorically eligible for medicaid are eligible for general assistance; or

(B) Incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of sixty days as determined by the department. Persons who are unemployable due to alcohol or drug addiction are not eligible for general assistance. Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug-related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. This subsection (6)(a)(ii)(B) shall not be construed to prohibit the department from granting general assistance benefits to alcoholics

and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program:

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the social security number shall be provided to the department upon receipt.

(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal-aid assistance:

(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

(ii) To the extent authorized by the legislature in the biennial appropriations act, to recipients of aid to families with dependent children whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received.

(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6)(a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(d) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information.

(e) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(f) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall not have their benefits terminated absent a clear showing of material improvement in their medical or mental condition or specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who remain otherwise eligible and who are not eligible to receive benefits under the federal aid to families with dependent children program shall not have their benefits terminated until six weeks following the birth of the recipient's child.

(7) 'Applicant'—Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(8) 'Recipient'—Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(9) 'Standards of assistance'—The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(10) 'Resource'—Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent: PROVIDED, That an applicant may retain the following described resources and not be ineligible for public assistance because of such resources.

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered as a resource which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons or a natural disaster, shall raise a rebuttable presumption of abandonment: PROVIDED, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse or dependent children or disabled sons or daughters, such property shall be considered as a resource which can be made available to meet need.

(b) Household furnishings and personal effects and other personal property having great sentimental value to the applicant or recipient, as limited by the department consistent with limitations on resources and exemptions for federal aid assistance.

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed one thousand five hundred dollars.

(d) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance.

(e) Applicants for or recipients of general assistance may retain the following described resources in addition to exemption for a motor vehicle or home and not be ineligible for public assistance because of such resources:

(i) Household furnishings, personal effects, and other personal property having great sentimental value to the applicant or recipient;

(ii) Term and burial insurance for use of the applicant or recipient;

(iii) Life insurance having a cash surrender value not exceeding one thousand five hundred dollars; and

(iv) Cash, marketable securities, and any excess of values above one thousand five hundred dollars equity in a vehicle and above one thousand five hundred dollars in cash surrender value of life insurance, not exceeding one thousand five hundred dollars for a single person or two thousand two hundred fifty dollars for a family unit of two or more. The one thousand dollar limit in subsection (10)(d) of this section does not apply to recipients of or applicants for general assistance.

(f) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property, but the recipient must sign an agreement to dispose of the property and repay assistance payments made to the date of disposition of the property which would not have been made had the disposal occurred at the beginning of the period for which the payments of such assistance were made. In no event shall such amount due the state exceed the net proceeds otherwise available to the recipient from the disposition, unless after nine months from the date of the agreement the property has not been sold, or if the recipient's eligibility for financial assistance ceases for any other reason. In these two instances the entire amount of assistance paid during this period will be treated as an overpayment and a debt due the state, and may be recovered pursuant to RCW 43.20B.630.

(11) 'Income'—(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In determining the amount of assistance to which an applicant or recipient of aid to families with dependent children is entitled, the department is hereby authorized to disregard as a resource or income the earned income exemptions consistent with federal requirements. The department may permit the above exemption of earnings of a child to be retained by such child to cover the cost of special future identifiable needs even though the total exceeds the exemptions or resources granted to applicants and recipients of public assistance, but consistent with federal requirements. In formulating rules and regulations pursuant to this chapter, the department shall define income and resources and the availability thereof, consistent with federal requirements. All resources and income not specifically exempted, and any income or other economic benefit derived from the use of, or appreciation in value of, exempt resources, shall be considered in determining the need of an applicant or recipient of public assistance.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(12) 'Need'—The difference between the applicant's or recipient's standards of assistance for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his family.

(13) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

NEW SECTION. Sec. 4. A new section is added to chapter 26.33 RCW to read as follows:

(1) Nothing in this chapter shall be construed to prohibit the parties to a proceeding under this chapter from entering into agreements regarding communication with or contact between child adoptees, adoptive parents, and a birth parent or parents.

(2) Agreements regarding communication with or contact between child adoptees, adoptive parents, and a birth parent or parents shall not be legally enforceable unless the terms of the agreement are set forth in a written court order entered in accordance with the provisions of this section. The court shall not enter a proposed order unless the terms of such order have been approved in writing by the prospective adoptive parents, any birth parent whose parental rights have not previously been terminated, and, if the child is in the custody of the department or a licensed child-placing agency, a representative of the department or child-placing agency. If the child is represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child-custody proceeding, the terms of the proposed order also must be approved in writing by the child's representative. An agreement under this section need not disclose the identity of the parties to be legally enforceable. The court shall not enter a proposed order unless the court finds that the communication or contact between the child adoptee, the adoptive parents, and a birth parent or parents as agreed upon and as set forth in the proposed order, would be in the child adoptee's best interests.

(3) Failure to comply with the terms of an agreed order regarding communication or contact that has been entered by the court pursuant to this section shall not be grounds for setting aside an adoption decree or revocation of a written consent to an adoption after that consent has been approved by the court as provided in this chapter.

(4) An agreed order entered pursuant to this section may be enforced by a civil action and the prevailing party in that action may be awarded, as part of the costs of the action, a reasonable amount to be fixed by the court as attorneys' fees. The court shall not modify an agreed order under this section unless it finds that the modification is necessary to serve the best interests of the child adoptee, and that: (a) The modification is agreed to by the adoptive parent and the birth parent or parents; or (b) exceptional circumstances have arisen since the agreed order was entered that justify modification of the order.

NEW SECTION. Sec. 5. A new section is added to chapter 74.13 RCW to read as follows:

(1) The department of social and health services shall establish, within funds appropriated for the purpose, a reconsideration program to provide medical and counseling services through the adoption support program for children of families who apply for services after the adoption is final. Families requesting services through the program shall provide any information requested by the department for the purpose of processing the family's application for services.

(2) A child meeting the eligibility criteria for registration with the program is one who:

(a) Was residing in foster care funded by the department immediately prior to the adoption placement;

(b) Had a physical or mental handicap or emotional disturbance that existed and was documented prior to the adoption; and

(c) Resides in the state of Washington with an adoptive parent who lacks the necessary financial means to care for the child's special need.

(3) If a family is accepted for registration and meets the criteria in subsection (2) of this section, the department may enter into an agreement for services. Prior to entering into an agreement for services through the program, the medical needs of the child must be reviewed and approved by the department's office of personal health services.

(4) Any services provided pursuant to an agreement between a family and the department shall be met from the department's medical program. Such services shall be limited to:

(a) Services provided after finalization of an agreement between a family and the department pursuant to this section;

(b) Services not covered by the family's insurance or other available assistance; and

(c) Services related to the eligible child's identified physical or mental handicap or emotional disturbance that existed prior to the adoption.

(6) The total costs payable by the department for services provided pursuant to an agreement shall not exceed twenty thousand dollars per child.

NEW SECTION. Sec. 6. The department of social and health services shall report to the 1991 legislature regarding the applications for the program established under section 5 of this act. The report shall contain information regarding the requests for financial assistance, both those that qualify and those that do not, and shall include the estimated cost for providing the services requested.

Sec. 7. Section 4, chapter 63, Laws of 1971 ex. sess. as last amended by section 135, chapter 7, Laws of 1985 and RCW 74.13.109 are each amended to read as follows:

The secretary shall issue rules and regulations to assist in the administration of the program of adoption support authorized by RCW 26.33.320 and 74.13.100 through 74.13.145.

Disbursements from the appropriations available from the general fund shall be made pursuant to such rules and regulations and pursuant to agreements conforming thereto to be made by the secretary with parents for the purpose of supporting the adoption of children in, or likely to be placed in, foster homes or child caring institutions who are found by the secretary to be difficult to place in adoption because of physical or other reasons; including, but not limited to, physical or mental handicap, emotional disturbance, ethnic background, language, race, color, age, or sibling grouping.

Such agreements shall meet the following criteria:

(1) The child whose adoption is to be supported pursuant to such agreement shall be or have been a child hard to place in adoption.

(2) Such agreement must relate to a child who was or is residing in a foster home or child-caring institution or a child who, in the judgment of the secretary, is both eligible for, and likely to be placed in, either a foster home or a child-caring institution.

(3) Such agreement shall provide that adoption support shall not continue beyond the time that the adopted child reaches eighteen years of age, becomes emancipated, dies, or otherwise ceases to need support, provided that if the secretary shall find that continuing dependency of such child after such child reaches eighteen years of age warrants the continuation of support pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 the secretary may do so, subject to all the provisions of RCW 26.33.320 and 74.13.100 through 74.13.145, including annual review of the amount of such support.

(4) Any prospective parent who is to be a party to such agreement shall be a person who ~~((white having))~~ has the character, judgment, sense of responsibility, and disposition which make him or her suitable as an adoptive parent of such child ~~((lacks the financial means fully to care for such hard to place child))~~.

Sec. 8. Section 11, chapter 63, Laws of 1971 ex. sess. as last amended by section 142, chapter 7, Laws of 1985 and RCW 74.13.130 are each amended to read as follows:

~~((if the secretary determines that a prospective adoptive parent or parents cannot, because of limited financial means, pay the cost or the full cost of an adoption proceeding for the adoption of a hard to place child who would be eligible for support under RCW 26.33.320~~

and 74.13.100 through 74.13.145, the secretary may authorize the payment from the appropriations available from the general fund of all or part a reasonable attorney's fee to be determined by the superior court hearing the adoption and court costs. The clerk of the court shall furnish the secretary with a certified copy of the decree of adoption containing the finding as to such attorney's fee.

In evaluating any such prospective parent's ability to pay the secretary may use the same criteria for evaluating ability to pay which are to be used by him in waiving, reducing, or deferring fees pursuant to RCW 74.13.103 plus the burdens likely to be assumed by such parent even after adoption support is provided pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145)) The secretary may authorize the payment, from the appropriations available from the general fund, of all or part of the nonrecurring adoption expenses incurred by a prospective parent. 'Nonrecurring adoption expenses' means those expenses incurred by a prospective parent in connection with the adoption of a difficult to place child including, but not limited to, attorneys' fees, court costs, and agency fees. Payment shall be made in accordance with rules adopted by the department.

This section shall have retroactive application to January 1, 1987. For purposes of retroactive application, the secretary may provide reimbursement to any parent who adopted a difficult to place child between January 1, 1987, and one year following the effective date of this act, regardless of whether the parent had previously entered into an adoption support agreement with the department.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1990, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "adoption," strike the remainder of the title and insert "amending RCW 74.04.005, 26.33.020, 74.13.109, and 74.13.130; adding a new section to chapter 26.33 RCW; adding a new section to chapter 74.13 RCW; and creating new sections."

To ensure that available water supplies are managed to best meet both instream and offstream needs, a comprehensive planning process is essential. The people of the state have the unique opportunity to work together to plan and manage our water. Through a comprehensive planning process that includes the state, Indian tribes, local governments, and interested parties, it is possible to make better use of available water supplies and achieve better management of water resources. MESSAGE FROM THE SENATE

March 7, 1990

Mr. Speaker:

The Senate refuses to concur in the House amendments to ENGROSSED SUBSTITUTE SENATE BILL NO. 5450 and once again asks the House for a conference thereon. The President has appointed the following members as conferees: Senators Bailey, Talmadge and Lee, and the same is herewith transmitted.

W. D. Naismith, Assistant Secretary.

MOTION

Mr. Jesernig moved that the House grant the request of the Senate for a conference on Engrossed Substitute Senate Bill No. 5450. The motion was carried.

APPOINTMENT OF CONFEREES

The Speaker (Mr. Jacobsen presiding) appointed Representatives Jacobsen, Spaul and Van Luven as conferees on Engrossed Substitute Senate Bill No. 5450.

The Speaker resumed the Chair.

HOUSE BILL NO. 2555, by Representatives Rayburn, Nealey, McLean and Rasmussen; by request of Department of Agriculture

Repealing the Washington Animal Remedy Act.

The House resumed consideration of the Senate amendments to House Bill No. 2555. (For previous action, see Journal, 57th Day, March 5, 1990, Afternoon Session.)

The Speaker stated the question before the House to be the Point of Order by Representative Cantwell regarding the scope and object of the Senate amendments to House Bill No. 2555.

SPEAKER'S RULING

The Speaker: House Bill No. 2555 is a measure repealing Chapter 15.52 RCW, "The Washington Animal Remedy Act." The Senate amendment changes the definition section of that act, repeals the remainder of the act, and adds new sections to the same RCW chapter.

The Speaker would first explain to the House that, when the sole purpose of a bill is to repeal a law, amendments intended to retain or amend that same law do not necessarily change the scope and object of the bill. As with all scope and object rulings, the question to be decided is whether or not the proposed amendment is within the scope and object of the original bill, in this case The Animal Remedy Act.

The Speaker has examined language of The Animal Remedy Act and the proposed Senate amendment. The Animal Remedy Act requires the Department of

Agriculture to register "livestock remedies" and to regulate the sale of these products in order to protect the health of domestic animals and to protect the public from both health risks and from false advertising. The Senate amendment alters the definition of livestock remedies, repeals the rest of the act, and adds new sections which allow the Director of Agriculture to restrict the use of livestock remedies which The Dairy Commission finds would pose "a threat to the economic vitality of the dairy industry in the state."

The Speaker finds the Senate amendment does change the scope and object of House Bill No. 2555, because it brings in the unrelated issue of the economic vitality of a particular industry in addition to the subject of the underlying bill, registration of animal remedies for the protection of the public. Representative Cantwell, your point is well taken. The Senate amendment is outside the scope and object of the original bill.

MOTION

Ms. Rayburn moved that the House refuse to concur in the Senate amendments to House Bill No. 2555 and ask the Senate to recede therefrom.

Representatives Nealey and Brough spoke in favor of the motion.

POINT OF ORDER

Mr. Heavey: Mr. Speaker, the member is not speaking to the merits of this motion.

SPEAKER'S RULING

The Speaker: Please try to restrict your remarks to the motion before us, Representative Brough.

Ms. Brough concluded her remarks in favor of the motion, and it was carried.

REPORT OF CONFERENCE COMMITTEE

March 7, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 6434, enhancing bicycle safety, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to recommend that:

All previous amendments be rejected, and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 43.43 RCW to read as follows:

Bicycling is popular for all ages. Almost all families now have bicycles. Bicycling takes more skill than most people realize. Since bicyclists have a low profile in traffic and are unprotected, they need more defensive riding skills than motorists do.

A bicycle awareness program is created within the Washington state patrol. In developing the curriculum for the bicycle awareness program the patrol shall consult with the traffic safety commission and with bicycling groups currently providing bicycle safety education. The patrol shall conduct the program in conjunction with the safety education officer program and may use other law enforcement personnel and volunteers to implement the program for children in grades kindergarten through six. The patrol shall ensure that each safety educator presenting the bicycle awareness program has received specialized training in bicycle safety education and has been trained in effective defensive bicycle riding skills.

Sec. 2. Section 46.04.670, chapter 12, Laws of 1961 as amended by section 4, chapter 213, Laws of 1979 ex. sess. and RCW 46.04.670 are each amended to read as follows:

'Vehicle' includes every device capable of being moved upon a public highway and in, upon, or by which any persons or property is or may be transported or drawn upon a public highway, ~~((excepting)) including bicycles, but not including devices other than bicycles~~ moved by human or animal power or used exclusively upon stationary rails or tracks, except that mopeds shall be considered vehicles or motor vehicles for the purposes of chapter 46.12 RCW, but not for the purposes of chapter 46.70 RCW, and bicycles shall not be considered vehicles for the purposes of chapter 46.12 or 46.70 RCW.

Sec. 3. Section 92, chapter 155, Laws of 1965 ex. sess. and RCW 46.61.990 are each amended to read as follows:

Sections 1 through 52 and 54 through 86 of ~~((this amendatory act))~~ chapter 155, Laws of 1965 ex. sess. are added to chapter 12, Laws of 1961 and shall constitute a new chapter in Title 46 of the Revised Code of Washington and sections 54, 55, and 63 as herein amended and RCW 46.48.012, 46.48.014, 46.48.015, 46.48.016, 46.48.023, 46.48.025, 46.48.026, 46.48.041, 46.48.046, 46.48.050, 46.48.060, 46.48.080, 46.48.110, 46.48.120, 46.48.150, 46.48.160, 46.48.340, 46.56.030, 46.56.070, 46.56.100, 46.56.130, 46.56.135, 46.56.190, 46.56.200, 46.56.210, 46.56.220, 46.56.230, 46.56.240, 46.60.260, 46.60.270, 46.60.330, and 46.60.340 shall be reclassified as and be a part of said chapter. The sections of the new chapter shall be organized under the following captions: 'OBEDIENCE TO AND EFFECT OF TRAFFIC LAWS', 'TRAFFIC SIGNS, SIGNALS AND MARKINGS', 'DRIVING ON RIGHT SIDE OF ROADWAY—OVERTAKING AND PASSING—USE OF ROADWAY', 'RIGHT OF WAY', 'PEDESTRIANS' RIGHTS AND DUTIES', 'TURNING AND STARTING AND SIGNALS ON STOPPING AND TURNING', 'SPECIAL STOPS REQUIRED', 'SPEED RESTRICTIONS', 'RECKLESS DRIVING, DRIVING WHILE INTOXICATED AND NEGLIGENT HOMICIDE BY VEHICLE', 'STOPPING, STANDING AND PARKING', 'MISCELLANEOUS RULES', and 'OPERATION OF ~~((BICYCLES AND PLAY))~~ NONMOTORIZED VEHICLES'. Such captions shall not constitute any part of the law.

NEW SECTION. Sec. 4. The installation of painted reflective stripes along the right edge of roadways can enhance both bicycle and pedestrian safety, but certain types of reflective materials, such as raised pavement markers can cause bicyclists to lose control of their vehicles and fall into the path of oncoming motor vehicle traffic. Therefore it is appropriate to develop uniform guidelines for the installation of reflective edgestripes along urban and rural arterials.

NEW SECTION. Sec. 5. A new section is added to chapter 47.36 RCW to read as follows:

The department of transportation shall, by January 1, 1991, adopt uniform edgestripping standards for principal and minor arterials and collector streets that do not have curbs or sidewalks and are inside urbanized areas or in other areas deemed appropriate by the department. Such arterial and collector streets shall be edgestriped in accordance with the standards by July 1, 1993. The standards shall not require edgestripping in any situation where the result would be a remaining lane width of eight feet, six inches or less.

For the purposes of this section, 'urbanized area' means an area designated as such by the United States bureau of census and having a population of more than fifty thousand. Other jurisdictions which install edgestripping material shall do so in a manner not in conflict with the uniform state standard.

Sec. 6. Section 46.37.480, chapter 12, Laws of 1961 as last amended by section 6, chapter 227, Laws of 1988 and RCW 46.37.480 are each amended to read as follows:

(1) No person shall drive any motor vehicle equipped with any television viewer, screen, or other means of visually receiving a television broadcast which is located in the motor vehicle at any point forward of the back of the driver's seat, or which is visible to the driver while operating the motor vehicle.

(2) No person shall operate any bicycle or motor vehicle on a public highway while wearing any headset or earphones connected to any electronic device capable of receiving a radio broadcast or playing a sound recording for the purpose of transmitting a sound to the human auditory senses and which headset or earphones muffle or exclude other sounds to both ears. This subsection does not apply to students and instructors participating in a Washington state motorcycle safety program.

(3) This section does not apply to authorized emergency vehicles.

NEW SECTION. Sec. 7. A new section is added to chapter 43.59 RCW to read as follows:

Bicycling is increasing in our state. What used to be simply a children's activity is now a common form of transportation and recreation for children, adults, and families. Increased bicycling has many benefits: It is healthy, nonpolluting, energy efficient, and does not cause wear to the road system. Bicycling is an enjoyable activity that people with a wide range of physical abilities can share. The creation of the state bicycle program specified in section 10 of this act is essential to further the benefits of bicycling to the residents of the state.

NEW SECTION. Sec. 8. A new section is added to chapter 43.59 RCW to read as follows:

(1) The Washington state traffic safety commission is responsible for the initiation and operation of a bicycle program.

(2) To assist the commission in the operation of the bicycle program, a full-time staff position of state bicycle coordinator is established.

(3) The state bicycle coordinator shall coordinate bicycle safety related programs and bicycle tourism programs in all state agencies, encourage the use of bicycling for transportation, assist the department of transportation, and the cities and counties of the state in prioritizing, programming, and developing bicycle-related projects.

NEW SECTION. Sec. 9. A new section is added to chapter 43.59 RCW to read as follows:

The state bicycle coordinator shall:

(1) Gather bicycle program information and resources;

(2) Plan bicycle programs;

(3) Work with other state agencies to develop bicycle programs;

(4) Provide assistance in revising and updating superintendent of public instruction and state patrol bicycle material;

(5) Develop a grant program to distribute funds to local agencies in areas with high bicycle accident rates to create bicycle programs;

(6) Promote the use of bicycle transportation in this state; and

(7) Promote the use of bicycle helmets and other bicycle safety equipment.

NEW SECTION. Sec. 10. A new section is added to chapter 46.61 RCW to read as follows:

(1) After July 1, 1991, it is unlawful:

(a) For a person under the age of sixteen years to operate or ride upon a bicycle not powered by motor on a state highway, county road, city street, or a public sidewalk adjacent to the foregoing unless wearing a protective helmet of a type certified to meet the requirements of standard Z-90.4 of the American National Standards Institute or such subsequent nationally recognized standard for bicycle helmet performance as the state patrol may adopt by rule. The helmet must be equipped with either a neck or chin strap which shall be fastened securely while the cycle is in motion;

(b) For a person to transport a person under the age of sixteen years upon a bicycle or any other cycle not powered by motor on a state highway, county road, city street, or a public sidewalk adjacent to the foregoing unless the person transported is wearing a helmet that meets the requirements in (a) of this subsection;

(c) For the guardian of a person under the age of sixteen years to knowingly allow that person to operate or ride upon a bicycle or any other cycle not powered by motor on a state highway, county road, city street, or a public sidewalk adjacent to the foregoing unless that person is wearing a helmet that meets the requirements in (a) of this subsection. For the purpose of this subsection, 'guardian' means a parent, legal guardian, temporary guardian including a babysitter, or any other person who maintains responsibility, whether voluntary or otherwise, for the safety and welfare of a person under the age of sixteen years;

(d) For a person to sell or offer for sale a bicycle helmet that does not meet the requirements established by (a) of this subsection;

(e) For a person to rent a bicycle or cycle not powered by motor for use by a person known by the one renting to be under the age of sixteen years unless the person possesses a helmet that meets the requirements of (a) of this subsection, and the one renting is reasonably satisfied that the person will operate or ride upon the cycle while wearing such a helmet in the manner described in (a) of this subsection. For purposes of this subsection, it is the affirmative duty of persons renting bicycles or any other cycle not driven by motor to inquire concerning the age of persons who will operate or ride upon such cycles.

(2) Failure to comply with the requirements of this section does not constitute negligence. Neither failure to wear a bicycle helmet nor the permission of such failure to occur is admissible as evidence of negligence in any civil action.

(3) Enforcement of this section by law enforcement officers may be accomplished only as a secondary action when an operator of a bicycle has been detained for a suspected violation of Title 46 RCW or an equivalent local ordinance or some other offense.

(4) The state patrol shall adopt rules to implement this section.

Sec. 11. Section 79, chapter 155, Laws of 1965 ex. sess. as last amended by section 6, chapter 55, Laws of 1982 and RCW 46.61.750 are each amended to read as follows:

(1) It is a traffic infraction for any person to do any act forbidden or fail to perform any act required in RCW 46.61.750 through 46.61.780 or section 10 of this act.

(2) During the period from July 1, 1991, to July 1, 1992, a person violating section 10 of this act may be issued a written warning of the violation. Beginning July 1, 1992, a person violating section 10 of this act shall be issued a notice of traffic infraction under chapter 46.63 RCW.

(3) These regulations applicable to bicycles apply whenever a bicycle is operated upon any highway or upon any bicycle path, subject to those exceptions stated herein.

NEW SECTION, Sec. 12. Section 1 of this act shall take effect September 1, 1990, but the chief of the Washington state patrol may take any action before that date to ensure that the section is implemented on its effective date. Sections 7 through 11 of this act shall take effect July 1, 1990.

In line 1 of the title, after "safety;" strike the remainder of the title and insert "amending RCW 46.04.670, 46.61.990, 46.37.480, and 46.61.750; adding a new section to chapter 47.36 RCW; adding a new section to chapter 43.43 RCW; adding new sections to chapter 43.59 RCW; adding a new section to chapter 46.61 RCW; creating a new section; prescribing penalties; and providing effective dates."

(2) Unless otherwise agreed in writing or expressly provided in the decree the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child or by the death of the parent obligated to support the child.

(b) Modify an existing order for health insurance coverage.

(6) An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(7) The department of social and health services may file an action to modify an order of child support if public assistance money is being paid to or for the benefit of the child and the child support order is twenty-five percent or more below the appropriate child support amount set forth in the ~~((adopted))~~ child support schedule ~~and reasons for the deviation are not set forth in the findings of fact or order~~. The responding party's failure to file an answer within the time required shall result in entry of a default judgment for the petitioner.

(4) At any time after responsive pleadings are filed, either party may schedule the matter for hearing.

(5) Unless both parties stipulate to arbitration or the presiding judge authorizes oral testimony pursuant to subsection (6) of this section, a petition for modification of an order of child support shall be heard by the court on affidavits only.

(3) The court may deduct normal business expenses and self-employment taxes for self-employed persons. Justification shall be required for any business expense deduction about which there is disagreement.

(4) The following resources shall be disclosed, shall not be included in gross income, and shall not be reason to deviate from the standard calculation: Aid to families with dependent children, supplemental security income, general assistance, veterans aid and attendance allowance, and food stamps.

(5) The following income shall be disclosed, shall not be included in gross income, but may be a reason to deviate from the standard calculation:

(a) Income of a new spouse or income of other adults in the household;

(b) Child support received from other relationships; and

(c) Except to the extent that income exceeds the average income from that source for two years immediately prior to the filing of a petition or modification action under chapter 26.09, 26.10, or 26.26 RCW, voluntary overtime pay above one hundred sixty-eight hours per month, income from employment in excess of forty hours per week to the extent derived from a second job, nonrecurring bonuses, contract related cash benefits, gifts, and prizes.

(6) (a) Children from relationships other than the relationship of the parties before the court shall not be counted for determining the number of children in the family for purposes of calculating the basic support obligation. The court may not consider, for purposes of deviation in calculating the amount of child support payable, any children for whom the court has allowed a deduction from gross income for court-ordered child support payments.

(b) The court may consider deviating from the presumptive basic support obligation when there are children from other relationships and the court has not allowed a deduction from gross income for payments of child support for those children pursuant to subsection (2) of this section. Deviations under this section from the presumptive basic support obligation due shall be based on consideration of the total circumstances of both households.

(7) The court shall consider the residential schedule and may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make the transfer payment. The court shall not use this subsection to restrict either parent's contact or visitation with the child or children.

Absent agreement between the parents, the parent seeking the adjustment based on contact with the child shall have the burden to show by a preponderance of the evidence the requested adjustment is consistent with the parent's actual past involvement with the child. The support payment should not be reduced if the reduction will result in insufficient funds in the house receiving the support to meet the basic needs of the child or the child is receiving aid to families with dependent children payments.

(8) Additional reasons that may support a deviation from the standard calculation include: Possession of wealth, shared living arrangements, extraordinary debts that have not been voluntarily incurred, extraordinarily high income of a child, a significant disparity of the living costs of the parents due to conditions beyond their control, and special needs of disabled children. A deviation may be supported by tax planning considerations only if the child would not receive a lesser economic benefit as a result of the tax planning.

(9) The court shall enter findings which specify reasons for any deviations from the standard calculation made by the court.

(10) Agreement of the parties is not by itself adequate reason for deviation from the standard calculation.

(11) Neither parent's total child support obligation shall exceed fifty percent of net income unless good cause is shown. Good cause may include possession of substantial wealth, children with day care expenses, special medical, educational, psychological needs, and larger families.

(12) The court shall impute income to a parent when the parent is voluntarily underemployed or voluntarily unemployed. The court shall determine whether the parent is voluntarily underemployed or voluntarily unemployed based upon that parent's work history. A parent shall not be deemed voluntarily underemployed as long as that parent is gainfully employed on a full-time basis. Income shall not be imputed for an unemployable parent.

NEW SECTION. Sec. 9. A new section is added to chapter 26.19 RCW to read as follows:

The child support schedule shall be advisory and not mandatory for postsecondary educational support. When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. The court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects, desires, aptitudes, abilities or disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered are the amount and type of support that the child would have been afforded if the parents had stayed together. The child must be enrolled in school, actively pursuing a course of study, and in good academic standing as defined by the institution or the court-ordered postsecondary educational support may be automatically suspended during the period or periods the child fails to comply with these conditions. The court in its discretion may order that the payment be made directly to the parent who has been receiving the transfer payments, to the educational institution if feasible, or to the child. The court shall not order the payment of postsecondary educational expenses beyond the child's twenty-third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.

NEW SECTION. Sec. 10. A new section is added to chapter 26.19 RCW to read as follows:

The parties may agree which parent is entitled to claim the child or children as dependents for federal income tax exemptions. The court may award the exemption or exemptions and order a party to sign the federal income tax dependency exemption waiver. The court may divide the exemptions between the parties, alternate the exemptions between the parties, or both.

NEW SECTION. Sec. 11. A new section is added to chapter 26.19 RCW to read as follows:

(1) When combined monthly net income is less than six hundred dollars, a support order not less than twenty-five dollars per month shall be entered for each parent, regardless of the number of children. A parent's child support obligation shall not reduce his or her net income below the need standard for one person promulgated pursuant to RCW 74.04.770, except for the mandatory minimum payment of twenty-five dollars per month as required by this subsection or in cases where the court finds reasons for deviation under section 8(8) of this act. This section shall not be construed to require monthly substantiation of income.

(2) The presumptive basic support obligation shall be determined upon the combined monthly net income of the parents up to a cap of five thousand dollars combined net income per month. The table is not presumptive but advisory only for combined monthly net incomes above five thousand dollars.

(3) When combined monthly net income exceeds five thousand dollars per month, child support shall be determined for that amount from the table. For combined monthly net incomes exceeding five thousand dollars per month, the court may order an additional amount to be paid upon written findings of fact.

(4) The provisions of this chapter shall apply to adult children who are dependent on their parents and for whom support is ordered pursuant to RCW 26.09.100.

NEW SECTION. Sec. 12. A new section is added to chapter 26.09 RCW to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, all child support decrees may be adjusted once every twenty-four months pursuant to this chapter based upon changes in the income of the parents without a showing of substantially changed circumstances. Either party may initiate the modification pursuant to procedures of RCW 26.09.175.

(2) Parents whose decrees are entered before the effective date of this act may petition the court for a modification after twelve months has expired from the entry of the decree or the most recent modification setting child support, whichever is later. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to subsection (1) of this section.

(3) A party may petition for modification in cases of substantially changed circumstances, under RCW 26.09.170, at any time. However, if relief is granted under RCW 26.09.170, twenty-four months must pass before a petition for modification under subsection (1) of this section may be filed.

(4) If, pursuant to subsection (1) of this section, the court modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the court may implement the change in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a petition for modification under subsection (1) of this section may be filed.

(5) A parent who is receiving transfer payments who receives a wage or salary increase may not bring a modification action pursuant to subsection (1) of this section alleging that increase constitutes a substantial change of circumstances under RCW 26.09.170.

Sec. 13. Section 2407, Code of 1881 as amended by section 1, chapter 207, Laws of 1969 ex. sess. and RCW 26.16.205 are each amended to read as follows:

The expenses of the family and the education of the children, including stepchildren, are chargeable upon the property of both husband and wife, or either of them, and ~~((in relation thereto))~~ they may be sued jointly or separately. ~~((PROVIDED: That with regard to stepchildren, the obligation shall cease upon the termination of the relationship of husband and wife)).~~ When a petition for dissolution of marriage or a petition for legal separation is filed, the court may, upon motion of the stepparent, terminate the obligation to support the stepchildren. The obligation to support stepchildren shall cease upon the entry of a decree of dissolution, decree of legal separation, or death.

NEW SECTION. Sec. 14. A new section is added to chapter 26.19 RCW to read as follows:

(1) Day care, extraordinary health care, long-distance transportation costs, and special child-rearing expenses such as tuition are not included in the basic support obligation for each child. These expenses shall be shared by the parents in the same proportion as the basic child support obligation and may be listed as a specific dollar amount or as a percentage amount subject to the verification requirements pursuant to subsection (2) of this section.

(2) (a) If a sum certain is established for day care and is set forth in the decree, the parent making the transfer payment is entitled to proof of the amount paid for day care. The parent making the transfer payment is responsible for the appropriate percentage of the actual amount paid, not to exceed the proper share of the amount as set forth in the decree. The transfer payment for day care must be made in advance if the day care amount is set forth in the decree or is a regularly paid amount in a sum certain. If an amount is not specified in the decree or a regular sum certain, reimbursement of day care expenses shall be treated in the same manner as reimbursement for transportation costs, extraordinary health care, and other extraordinary expenses.

(b) For transportation costs, extraordinary health care costs, and other extraordinary expenses of the children specified in the decree, the parent paying these expenses shall be entitled to prompt reimbursement of the other parent's share of those expenses. Proof of the expenditure shall be furnished to the parent from whom reimbursement is sought. Reimbursement must be made promptly but not later than thirty days of receipt of proof of payment of these expenditures.

(3) (a) If reimbursement is not made within the thirty-day period or is incomplete due to a nonsufficient fund check or other failure to pay, the parent seeking reimbursement may by motion obtain an order compelling payment with statutory interest. If a parent requests proof of payment and it is not provided within thirty days the party may move to compel production of the documents. The court shall award actual court costs and reasonable attorneys' fees to the prevailing party in every motion filed under this section except upon a showing of good cause for nonpayment.

(b) Wage assignment orders may be obtained pursuant to chapter 26.18 RCW to collect court-ordered basic child support, day care, extraordinary health care, long-distance transportation costs, or other extraordinary expenses, attorneys' fees, court costs, or any other item ordered by the court. A parent to whom basic child support, day care, extraordinary health care, long-distance transportation costs, or other extraordinary expenses are to be paid based on a percentage share of the costs, may by motion obtain a court order reducing the amounts owed to a sum certain and then enforce collection of that amount by a wage assignment order.

(1) Decrees under this chapter involving child custody, visitation, or child support entered in actions commenced prior to January 1, 1988, shall be deemed to be parenting plans for purposes of this chapter.

(2) The enactment of the 1987 revisions to this chapter does not constitute substantially changed circumstances for the purposes of modifying decrees entered under this chapter in actions commenced prior to January 1, 1988, involving child custody, visitation, or child support. ~~((An))~~ Any action to modify any decree involving child custody, visitation, child support, or a parenting plan ~~((which was commenced after December 31, 1987))~~ shall be governed by the ~~((1987 revisions to))~~ provisions of this chapter.

(1) When the department of labor and industries or a self-insurer pays compensation under chapter 51.32 RCW on behalf of or on account of the child or children of the injured worker for whom the injured worker owes a duty of child support, the amount of compensation the department or self-insurer pays on behalf of the child or children shall be treated for all purposes as if the injured worker paid the compensation toward satisfaction of the injured worker's child support obligations.

(2) When the social security administration pays social security disability dependency benefits on behalf of or on account of the child or children of the disabled person, the amount of compensation paid for the children shall be treated for all purposes as if the disabled person paid the compensation toward satisfaction of the disabled person's child support obligation.

(3) Under no circumstances shall the person who has the obligation to make the transfer payment have a right to reimbursement of any compensation paid under subsection (1) or (2) of this section.

Sec. 18. Section 17, chapter 460, Laws of 1987 and RCW 26.09.225 are each amended to read as follows:

Each parent shall have full and equal access to the education and ~~((medical))~~ health care records of the child absent a court order to the contrary.

Sec. 19. Section 3, chapter 275, Laws of 1988 as amended by section 76, chapter 175, Laws of 1989 and RCW 26.19.020 are each amended to read as follows:

~~((1))~~(a) ~~Except as provided in (b) of this subsection, in any proceeding under this title or Title 13 or 74 RCW in which child support is at issue, support shall be determined and ordered according to the child support schedule adopted pursuant to RCW 26.19.040:~~

~~((b))~~ If approved by a majority vote of the superior court judges of a county, the superior court may adopt by local court rule an economic table that shall be used by the superior court of that county, instead of the economic table adopted by the commission, to determine the appropriate amount of child support. The economic table adopted by the superior court shall not vary by more than twenty-five percent from the economic table adopted by the commission and shall not vary the economic table for combined monthly net income of two thousand five hundred dollars or less.

~~((2) An order for child support shall be supported by written findings of fact upon which the support determination is based.~~

~~(3) All income and resources of each parent's household shall be disclosed and shall be considered by the court or the presiding or reviewing officer when the child support obligation of each parent is determined.~~

~~(4) Worksheets in the form approved by the commission shall be completed and filed in every proceeding in which child support is determined. Variations of the worksheets shall not be accepted.~~

~~(5) Unless specific reasons for deviation are set forth in the written findings of fact or order and are supported by the evidence, the court or the presiding or reviewing officer shall order each parent to pay the amount of child support determined using the standard calculation.~~

~~(6) The court or the presiding or reviewing officer shall review the worksheets and the order for adequacy of the reasons set forth for any deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. Reasons that may support a deviation from the standard calculation include: Possession of wealth, shared living arrangements, extraordinary debts that have not been voluntarily incurred, extraordinarily high income of a child, a significant disparity of the living costs of the parents due to conditions beyond their control, and special needs of disabled children. A deviation may be supported by tax planning considerations only if the child would not receive a lesser economic benefit. Agreement of the parties, by itself, is not adequate reason for deviation.))~~

Sec. 20. Section 2, chapter 440, Laws of 1987 as amended by section 5, chapter 275, Laws of 1988 and RCW 26.19.040 are each amended to read as follows:

~~((1)) The schedule proposed by the commission in its report dated January 26, 1988, shall take effect July 1, 1988. The schedule shall remain in effect until revised ((under this section. The commission shall review the schedule and propose changes as needed each even-numbered year.~~

~~(2) The commission shall review the schedule and recommended revisions based upon:~~

~~(a) Updated economic data which accurately reflects family spending and child rearing costs for families of different sizes and income levels in the state of Washington;~~

~~(b) Appropriate adjustments for significant changes in child rearing costs at different age levels;~~

~~(c) The need for funding of the child's primary residence by a payment which is sufficient to meet the basic needs of the child;~~

~~(d) Provisions for health care coverage and, when needed, child care payments; and~~

~~(e) The support amount shall be based on the child's age, the parent's combined income, and the family size. Family size shall mean all children for whom support is to be established.~~

~~(3) The commission shall establish standards for applying the child support schedule. Included in these standards shall be:~~

~~(a) The type, net or gross, and sources of income on which support amounts shall be based;~~

~~(b) Provisions for taking into account the voluntary unemployment or underemployment of one or both parents or if the income of a parent is not known; and~~

~~(c) Provisions for taking into account a parent whose income varies.~~

~~(4) Any proposed revisions to the schedule shall be submitted to the legislature no later than November 1st of each even-numbered year.~~

~~(5) If the commission fails to propose revisions to the schedule, the existing schedule shall remain in effect, unless the legislature refers the schedule to the commission for modification or adopts a different schedule. If the schedule is referred to the commission for modification, the provisions of subsection (7) of this section shall be applicable.~~

~~(6) The legislature may adopt the proposed schedule or refer the proposed schedule to the commission for modification. If the legislature fails to adopt or refer the proposed schedule to the commission by March 1 of the following year, the proposed schedule shall take effect without legislative approval on July 1 of that year.~~

~~(7) If the legislature refers the proposed schedule to the commission for modification on or before March 1st, the commission shall resubmit the proposed modifications to the legislature no later than March 15th. The legislature may adopt or modify the resubmitted proposed schedule. If the legislature fails to adopt or modify the resubmitted proposed schedule by April 1, the resubmitted proposed schedule shall take effect without legislative approval on July 1 of that year.))~~

Sec. 21. Section 25, chapter 183, Laws of 1973 1st ex. sess. as last amended by section 152, chapter 175, Laws of 1989 and RCW 74.20A.055 are each amended to read as follows:

(1) The secretary may, in the absence of a superior court order, serve on the responsible parent or parents a notice and finding of financial responsibility requiring a responsible parent or parents to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be

made in the future for such period of time as the child or children of said responsible parent or parents are in need. The hearing shall be held pursuant to RCW 74.20A.055, chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the responsible parent by certified mail, return receipt requested. The receipt shall be prima facie evidence of service. The notice shall be served upon the debtor within sixty days from the date the state assumes responsibility for the support of the dependent child or children on whose behalf support is sought. If the notice is not served within sixty days from such date, the department shall lose the right to reimbursement of payments made after the sixty-day period and before the date of notification: PROVIDED, That if the department exercises reasonable efforts to locate the debtor and is unable to do so the entire sixty-day period is tolled until such time as the debtor can be located. Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than twenty days from the date of service to file an application for an adjudicative proceeding. The application shall be served upon the department by registered or certified mail or personally. If no such application is made, the notice and finding of responsibility shall become final, and the debt created therein shall be subject to collection action as authorized under this chapter. If a timely application is made, the execution of notice and finding of responsibility shall be stayed pending the entry of the final administrative order. If no timely written application has previously been made, the responsible parent may petition the secretary or the secretary's designee at any time for an adjudicative proceeding as provided for in this section upon a showing of good cause for the failure to make a timely application. The filing of the petition for an adjudicative proceeding after the twenty-day period shall not affect any collection action previously taken under this chapter. The granting of an application after the twenty-day period operates as a stay on any future collection action, pending entry of the final administrative order. Moneys withheld as a result of collection action in effect at the time of the granting of the application after the twenty-day period shall be delivered to the department and shall be held in trust by the department pending entry of the final administrative order. The department may petition the presiding or reviewing officer to set temporary current and future support to be paid beginning with the month in which the application after the twenty-day period is granted. The presiding or reviewing officer shall order payment of temporary current and future support if appropriate in an amount determined pursuant to the child support schedule adopted under RCW 26.19.040. In the event the responsible parent does not make payment of the temporary current and future support as ordered by the presiding or reviewing officer, the department may take collection action pursuant to chapter 74.20A RCW during the pendency of the adjudicative proceeding or thereafter to collect any amounts owing under the order. Temporary current and future support paid, or collected, during the pendency of the adjudicative proceeding shall be disbursed to the custodial parent or as otherwise appropriate when received by the department. If the final administrative order is that the department has collected from the responsible parent other than temporary current or future support, an amount greater than such parent's past support debt, the department shall promptly refund any such excess amount to such parent.

(3) Hearings may be held in the county of residence or other place convenient to the responsible parent. The notice and finding of financial responsibility shall set forth the amount the department has determined the responsible parent owes, the support debt accrued and/or accruing, and periodic payments to be made in the future for such period of time as the child or children of the responsible parent are in need, all computable on the basis of the need alleged. The notice and finding shall also include a statement of the name of the recipient or custodian and the name of the child or children for whom need is alleged; and/or a statement of the amount of periodic future support payments as to which financial responsibility is alleged.

(4) The notice and finding shall include a statement that the responsible parent may object to all or any part of the notice and finding, and file an application for an adjudicative proceeding to show cause why said responsible parent should not be determined to be liable for any or all of the debt, past and future.

The notice and finding shall include a statement that, if the responsible parent fails in timely fashion to file an application for an adjudicative proceeding, the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt shall be subject to collection action; a statement that the property of the debtor, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver to satisfy the debt.

(5) If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the alleged responsible parent and shall also determine the amount of periodic payments to be made in the future, which amount is not limited by the amount of any public assistance payment made to or for the benefit of the child. If deviating from the child support schedule adopted under RCW

26.19.040 in making these determinations, the presiding or reviewing officer shall comply with ((RCW 26.19.020 (4), (5), and (6))) the restrictions set forth in chapter 26.19 RCW.

If the responsible parent fails to attend or participate in the hearing or other stage of an adjudicative proceeding, upon a showing of valid service, the presiding officer shall enter an initial decision and order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action.

(6) The final order establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the administrative order: PROVIDED, That in the absence of a superior court order, either the responsible parent or the department may petition the secretary or his designee for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances, to require the other party to appear and show cause why the order previously entered should not be prospectively modified. Said order to appear and show cause together with a copy of the petition and affidavit upon which the order is based shall be served in the manner of a summons in a civil action or by certified mail, return receipt requested, on the other party by the petitioning party. Prospective modification may be ordered, but only upon a showing of good cause and material change of circumstances.

(7) The presiding or reviewing officer shall order support payments under the child support schedule adopted under RCW 26.19.040.

(8) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by a presiding or reviewing officer.

(9) 'Need' as used in this section shall mean the necessary costs of food, clothing, shelter, and medical attendance for the support of a dependent child or children. The amount determined by reference to the child support schedule adopted under RCW 26.19.040, shall be a rebuttable presumption of the alleged responsible parent's ability to pay and the need of the family: PROVIDED, That such responsible parent shall be presumed to have no ability to pay child support under this chapter from any income received from aid to families with dependent children, supplemental security income, or continuing general assistance.

NEW SECTION, Sec. 22. (1) The administrator for the courts shall develop a child support order summary report form to provide for the reporting of summary information in every case in which a child support order is entered or modified either judicially or administratively. The administrator for the courts shall attempt to the greatest extent possible to make the form simple and understandable by the parties. The form shall indicate the following:

- (a) The county in which the order was entered;
- (b) Whether it was a judicial or administrative order;
- (c) Whether the order is an original order or from a modification;
- (d) The number of children of the parties and the children's ages;
- (e) The combined monthly net income of parties;
- (f) The monthly net income of the father as determined by the court;
- (g) The monthly net income of the mother as determined by the court;
- (h) The basic child support obligation for each child as determined from the economic table;
- (i) Whether or not the court deviated from the child support for each child;
- (j) The reason or reasons stated by the court for the deviation;
- (k) The amount of child support after the deviation;
- (l) Any amount awarded for day care;
- (m) Any other extraordinary amounts in the order;
- (n) Any amount ordered for postsecondary education;
- (o) The total amount of support ordered;
- (p) In the case of a modification, the amount of support in the previous order;
- (q) If the change in support was in excess of thirty percent, whether the change was phased in;
- (r) The amount of the transfer payment ordered;
- (s) Which parent was ordered to make the transfer payment; and
- (t) The date of the entry of the order.

(2) The administrator for the courts shall make the form available to the parties.

NEW SECTION, Sec. 23. A new section is added to chapter 26.09 RCW to read as follows:
The party seeking the establishment or modification of a child support order shall file with the clerk of the court the child support order summary report. The summary report shall be on the form developed by the administrator for the courts pursuant to section 22 of this act. The party must complete the form and file the form with the court order. The clerk of the court must forward the form to the administrator for the courts on at least a monthly basis.

NEW SECTION, Sec. 24. A new section is added to chapter 26.10 RCW to read as follows:

All previous amendments be rejected, and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that it is important to the economic future of Washington state to promote international awareness and understanding. The legislature intends to complement the provisions of chapter 28A.125 RCW by encouraging high school students to study Pacific Rim languages, promote teacher exchanges with Pacific Rim nations, and allow nonimmigrant aliens to serve as exchange teachers for more than one year.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Washington state Pacific Rim language scholarship' means a scholarship awarded, for a period not to exceed one year, to a student proficient in speaking one of the following languages: Spanish, Russian, Chinese, and Japanese.

(2) 'Institution of higher education' or 'institution' means a college or university in the state of Washington that is accredited by an accrediting association recognized as such by rule of the higher education coordinating board.

(3) 'Board' means the higher education coordinating board.

(4) 'Student' means a high school senior who is a proficient speaker of a Pacific Rim language, and who intends to enroll in an institution of higher education within one year of high school graduation.

NEW SECTION. Sec. 3. The Washington state Pacific Rim language scholarship program is created. The program shall be administered by the higher education coordinating board. In administering the program, the board shall have the following powers and duties:

(1) Select students to receive the scholarships with the assistance of a screening committee composed of leaders in government, business, and education;

(2) Adopt necessary rules and guidelines;

(3) Publicize the program; and

(4) Solicit and accept grants and donations from public and private sources for the program.

NEW SECTION. Sec. 4. The board shall select up to four students yearly from each congressional district to receive a Washington state Pacific Rim scholarship from funds appropriated for this purpose. Of the four students selected, one student shall be a proficient speaker of Spanish, one of Russian, one of Japanese, and one of Chinese. Using measures as objective as possible, the board shall select students who have shown the most improvement in their ability to speak the language during their high school careers.

NEW SECTION. Sec. 5. Scholarships shall not exceed one thousand dollars per student. The scholarship shall not be disbursed to the student until the student is enrolled at an institution of higher education. The board may also use private donations or any other funds given to the board for this program to make additional scholarship awards.

NEW SECTION. Sec. 6. By October 30, 1995, the board shall report on the program to the governor and the house of representatives and senate committees on higher education. The report shall include a recommendation on whether to expand the number of languages included, and whether to expand the program to students in each legislative district.

Sec. 7, Section 28A.67.020, chapter 223, Laws of 1969 ex. sess. as last amended by section 5, chapter 379, Laws of 1985 and RCW 28A.67.020 are each amended to read as follows:

EDUCATION

Sec. 401. Section 708, chapter 12, Laws of 1989 1st ex. sess. (uncodified) is amended to read as follows:

FOR THE STATE BOARD OF EDUCATION

Public school building construction: 1989 (90-2-001)

The appropriation in this section is subject to the following conditions and limitations:

(1) A maximum of \$1,050,000 may be spent for state administration of school construction funding.

(2) \$66,136,000 is provided solely for modernization projects previously approved by the state board of education. An additional \$26,892,000 is provided solely for modernization projects if at least \$40,000,000 is appropriated for school construction by the legislature by June 30, 1990, over and above the amounts appropriated for school construction in this act.

(3) ~~The appropriation in this section includes proceeds of the issuance of bonds authorized for deposit in the common school construction fund by chapter 3, Laws of 1987 1st ex. sess., and ten million dollars in additional state bonds authorized by chapter 14, Laws of 1989 1st ex. sess. ((Of the proceeds of bonds authorized by chapter 14, Laws of 1989 1st ex. sess., \$8,000,000, or as much thereof as may be necessary, shall be compensation to the common school construction fund for the sale of timber from common school trust lands sold to the parks and recreation commission pursuant to RCW 43.51.270, and authorized for sale by the legislature prior to January 1, 1989.))~~

(4) The state board shall review current rules and administrative procedures, and shall amend or revise these rules and procedures to address the following concerns:

(a) The discrepancy between the forecasted enrollments used for determining state funding for school construction, and the state-wide growth trends predicted by the office of financial management;

(b) The infrequency of cooperative use of surplus space available in neighboring districts;

(c) The creation of new construction needs by school districts by selling or demolishing schools, or by redesignating grade space or administrative use of school buildings;

(d) The incentive to condemn useable schools to secure state funding, rather than awaiting uncertain support for modernization;

(e) Greater needs for replacement of decaying schools caused by deferral of modernization, at a higher long-term cost to the state and local districts;

(f) The potential of district boundary changes for the purpose of achieving more efficient use of facilities; and

(g) The potential of the state to recover its share of the value of sold school buildings that were built with state matching moneys.

Prior to September 15, 1989, the state board of education shall report to the capital facilities and financing committee of the house of representatives and the ways and means committee of the senate on the actions taken or rules adopted by the board to address these concerns.

(5) \$11,748,000 is provided solely for vocational-technical institute projects previously approved by the state board of education if at least \$40,000,000 is appropriated for school construction by the legislature by June 30, 1990, over and above the amounts appropriated for school construction in this act.

(1) The agency shall adopt by rule minimum standards for private vocational schools. The minimum standards shall include, but not be limited to, requirements for each school to:

(a) Disclose to the agency information about its ownership and financial position and to demonstrate that it has sufficient financial resources to fulfill its commitments to students. Financial disclosures provided to the agency shall not be subject to public disclosure under chapter 42.17 RCW(;;);

(b) Follow a uniform state-wide cancellation and refund policy as specified by the agency(;;);

(c) Disclose through use of a school catalog, brochure, or other written material, necessary information to students so that students may make informed enrollment decisions. The agency shall specify what information is required(;;);

(d) Use an enrollment contract or agreement that includes: (i) The cancellation and refund policy, (ii) a brief statement that the school is licensed under this chapter and that inquiries may be made to the agency, and (iii) other necessary information as determined by the agency(;;);

(e) Describe accurately and completely in writing to students before their enrollment prerequisites and requirements for (i) completing successfully the programs of study in which they are interested and (ii) qualifying for the fields of employment for which their education is designed(;;);

(f) Comply with the requirements of RCW 28C.10.084(;;);

~~((2))~~ (g) Assess the basic skills and relevant aptitudes of each potential student to determine that a potential student has the basic skills and relevant aptitudes necessary to complete and benefit from the program in which the student plans to enroll. Guidelines for such assessments shall be developed by the agency, in consultation with the schools. The method of assessment shall be reported to the agency. Assessment records shall be maintained in the student's file;

(h) Discuss with each potential student the potential student's obligations in signing any enrollment contract and/or incurring any debt for educational purposes. The discussion shall include the inadvisability of acquiring an excessive educational debt burden that will be difficult to repay given employment opportunities and average starting salaries in the potential student's chosen occupation.

(2) Any enrollment contract shall have an attachment in a format provided by the agency. The attachment shall be signed by both the school and the student. The attachment shall stipulate that the school has complied with subsection (1)(h) of this section and that the student understands and accepts his or her responsibilities in signing any enrollment contract or debt application. The attachment shall also stipulate that the enrollment contract shall not be binding for at least five days, excluding Sundays and holidays, following signature of the enrollment contract by both parties.

(3) The agency shall deny, revoke, or suspend the license of any school that does not meet or maintain the minimum standards.

Sec. 8. Section 1, chapter 459, Laws of 1987 and RCW 28C.10.084 are each amended to read as follows:

(1) The agency shall establish, maintain, and administer a tuition recovery fund. All funds collected for the tuition recovery fund are payable to the state for the benefit and protection of any student or enrollee of a private vocational school licensed under this chapter, or, in the case of a minor, his or her parents or guardian, for purposes including but not limited to the settlement of claims procedures under subsection (9) of this section and RCW 28C.10.120. The fund shall be liable for settlement of claims and costs of administration but shall not be liable to pay out or recover penalties assessed under RCW 28C.10.130 or 28C.10.140. No liability accrues to the state of Washington from claims made against the fund.

(2) To be and remain licensed under this chapter each entity shall, in addition to other requirements under this chapter, make cash deposits into a tuition recovery fund as a means to assure payment of claims brought under this chapter. The fund shall be initially capitalized at two hundred thousand dollars and shall achieve an operating balance of at least one million dollars within five years after May 18, 1987, as required under subsection (5) of this section.

(3) The amount of liability that can be satisfied by this fund on behalf of each individual entity licensed under this chapter shall be established by the agency, based on an incremental scale that recognizes the average amount of unearned prepaid tuition in possession of the entity. However, the minimum amount of liability for any entity shall not be less than five thousand dollars and the maximum amount shall not exceed two hundred thousand dollars. Such limitation on each entity's liability remains unchanged by single or cumulative disbursements made on behalf of the entity. The upper limit of liability is reestablished following the settlement of any claim.

(4) Within sixty days after any entity deposits its initial contribution into the fund, the agency shall release whatever surety such entity had previously filed. Thereupon, the tuition recovery fund shall be liable for a period of one year following the date such surety is released with respect to prior claims against the surety. However, the liability of the fund is limited to the amount of and subject to the defenses of that released surety as though it had remained on file with the agency. The fund's liability with respect to each entity that makes an initial deposit into the fund commences on that date and ceases one year from the date it is no longer licensed under this chapter.

(5) The agency shall adopt by rule a matrix for calculating the deposits into the fund required of each entity. Proration shall be determined by factoring the entity's share of liability in proportion to the aggregated liability of all participants under the fund by grouping such prorations under the incremental scale created in subsection (3) of this section. Expressed as a percentage of the total liability, that figure determines the amount to be contributed when factored into a fund containing one million dollars. The total amount of its prorated share, minus the amount paid for initial capitalization, shall be payable in ten equal increments over a five-year period, commencing with the sixth month after May 18, 1987. Additionally, the agency shall require deposits for initial capitalization, under which the amount each entity deposits is proportionate to its share of two hundred thousand dollars, employing the matrix developed under this subsection. The amount thus established shall be deposited by each licensee of record, within thirty days after May 18, 1987, and a like amount shall be deposited by each subsequent applicant for licensing before the issuance of such license.

(6) No vested right or interests in deposited funds is created or implied for the depositor, either at any time during the operation of the fund or at any such future time that the fund may be dissolved. All funds deposited are payable to the state for the purposes described under this section. The agency shall maintain the fund, collect deposits when due by serving appropriate notices to affected entities, and make disbursements to settle claims. When the deposits total five million dollars and the history of disbursements so warrants, the agency may at its own option reduce the schedule of deposits whether as to time, amount, or both. When such level is achieved, the agency may also entertain proposals from among the licensees with regard to disbursing surplus funds for such purposes as vocational scholarships.

(7) The agency shall make determinations based on annual financial data supplied by the entity whether the increment assigned to that entity on the incremental scale established under subsection (5) of this section has changed. If an increase or decrease has occurred, a corresponding change in its incremental position and contribution schedule shall be made before the date of its next scheduled deposit into the fund.

(8) If fifty-one percent or more of the ownership interest in an entity is conveyed through sale or other means into different ownership, the contribution schedule of the prior owner is canceled. All contributions made to the date of transfer accrue to the fund. The new owner commences contributions under provisions applying to a new applicant.

(9) To settle complaints adjudicated under RCW 28C.10.120 and claims resulting ~~(from closure of an entity)~~ when a private vocational school ceases to provide educational services, the agency may make disbursements from the fund. In addition to the processes described under RCW 28C.10.120 for handling complaints, the following additional procedures are established to deal with school closures:

(a) The agency shall attempt to notify all potential claimants. The absence of records and other circumstances may make it impossible or unreasonable for the agency to ascertain the names and whereabouts of each potential claimant but the agency shall make reasonable inquiries to secure that information from all likely sources. The agency shall then proceed to settle the claims on the basis of information in its possession. The agency is not responsible or liable for claims or for handling claims that may subsequently appear or be discovered.

(b) Thirty days after identified potential claimants have been notified, if a claimant refuses or neglects to file a claim verification as requested in such notice, the agency shall be relieved of further duty or action on behalf of the claimant under this chapter.

(c) After verification and review, the agency may disburse funds from the tuition recovery fund to settle or compromise the claims. However, the liability of the fund for claims against the closed entity shall not exceed that total amount of the contribution schedule assigned to that entity under subsection (5) of this section.

(d) The agency shall seek to recover such disbursed funds from the assets of the defaulted entity, including but not limited to asserting claims as a creditor in bankruptcy proceedings.

(10) When funds are disbursed to settle claims against a current licensee, the agency shall make demand upon the licensee for recovery. The agency shall adopt schedules of times and amounts acceptable for effecting recoveries. An entity's failure to perform subjects its license to suspension or revocation under RCW 28C.10.050 in addition to any other available remedies.

(11) A minimum operating balance of two hundred thousand dollars shall be maintained in the fund. If disbursements reduce the balance below two hundred thousand dollars, each participating entity shall be assessed a prorata share of the deficiency created, based upon the incremental scale created under subsection (5) of this section. The agency shall promptly adopt schedules of times and amounts acceptable for affecting payments of assessments.

Sec. 9. Section 11, chapter 299, Laws of 1986 and RCW 28C.10.110 are each amended to read as follows:

It is an unfair business practice for a private vocational school or agent to:

- (1) Fail to comply with the terms of a student enrollment contract or agreement;
- (2) Use an enrollment contract form, catalog, brochure, or similar written material affecting the terms and conditions of student enrollment other than that previously submitted to the agency and authorized for use;
- (3) Advertise in the help wanted section of a newspaper or otherwise represent falsely, directly or by implication, that the school is an employment agency, is making an offer of employment or otherwise is attempting to conceal the fact that what is being represented are course offerings of a school;
- (4) Represent falsely, directly or by implication, that an educational program is approved by a particular industry or that successful completion of the program qualifies a student for admission to a labor union or similar organization or for the receipt of a state license in any business, occupation, or profession;
- (5) Represent falsely, directly or by implication, that a student who successfully completes a course or program of instruction may transfer credit for the course or program to any institution of higher education;
- (6) Represent falsely, directly or by implication, in advertising or in any other manner, the school's size, location, facilities, equipment, faculty qualifications, or the extent or nature of any approval received from an accrediting association;
- (7) Represent that the school is approved, recommended, or endorsed by the state of Washington or by the agency, except the fact that the school is authorized to operate under this chapter may be stated;
- (8) Provide prospective students with any testimonial, endorsement, or other information which has the tendency to mislead or deceive prospective students or the public regarding current practices of the school, current conditions for employment opportunities, or probable earnings in the occupation for which the education was designed;
- (9) Designate or refer to sales representatives as 'counselors,' 'advisors,' or similar terms which have the tendency to mislead or deceive prospective students or the public regarding the authority or qualifications of the sales representatives;
- (10) Make or cause to be made any statement or representation in connection with the offering of education if the school or agent knows or reasonably should have known the statement or representation to be false, substantially inaccurate, or misleading; ((or))
- (11) Engage in methods of advertising, sales, collection, credit, or other business practices which are false, deceptive, misleading, or unfair, as determined by the agency by rule; or
- (12) Attempt to recruit students in or within forty feet of a building that contains a welfare or unemployment office. Recruiting includes, but is not limited to canvassing and surveying. Recruiting does not include leaving materials at or near an office for a person to pick up of his or her own accord, or handing a brochure or leaflet to a person provided that no attempt is made to obtain a name, address, telephone number, or other data, or to otherwise actively pursue the enrollment of the individual.

It is a violation of this chapter for a private vocational school to engage in an unfair business practice.

Sec. 10. Section 12, chapter 299, Laws of 1986 as amended by section 83, chapter 175, Laws of 1989 and RCW 28C.10.120 are each amended to read as follows:

(1) A person claiming loss of tuition or fees as a result of an unfair business practice may file a complaint with the agency. The complaint shall set forth the alleged violation and shall contain information required by the agency. A complaint may also be filed with the agency by an authorized staff member of the agency or by the attorney general.

(2) The agency shall investigate any complaint under this section and may attempt to bring about a settlement. The agency may hold a hearing pursuant to the Administrative Procedure Act, chapter 34.05 RCW, in order to determine whether a violation has occurred. ~~((If the agency prevails, the private vocational school shall pay the costs of the administrative hearing.))~~

(3) If, after the hearing, the agency finds that the private vocational school or its agent engaged in or is engaging in any unfair business practice, the agency shall issue and cause to be served upon the violator an order requiring the violator to cease and desist from the act or practice and may impose the penalties under RCW 28C.10.130. If the agency finds that the complainant has suffered loss as a result of the act or practice, the agency may order full or partial restitution for the loss. The complainant is not bound by the agency's determination of restitution and may pursue any other legal remedy.

(4) If the agency prevails in any administrative hearing, the private vocational school shall pay the costs of the administrative hearing.

NEW SECTION. Sec. 11. Until December 31, 1990, the agency shall distribute copies of sections 5 through 10 of this act to each private vocational school licensed by the agency."

REPORT OF CONFERENCE COMMITTEE

March 8, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 6501, creating a central filing system for security interests in farm crops, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to recommend that:

All previous amendments be rejected, and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. The availability of credit is vital for agriculture. For that reason, the legislature has traditionally promoted the availability of agricultural credit. The legislature finds that lenders lack a uniformly effective means of providing notice of a lender's security interest in farm products to purchasers of the products. The legislature further finds that purchasers lack any practical method for discovering the existence of security interests in farm products.

Accordingly, it is the intent of the legislature to promote the development of a central filing system as provided in 7 U.S.C. Sec. 1631 and to encourage private businesses to provide for expeditious discovery of liens and security interests in farm products.

Sec. 2. Section 9-307, chapter 157, Laws of 1965 ex. sess. as last amended by section 15, chapter 393, Laws of 1987 and RCW 62A.9-307 are each amended to read as follows:

(1) A buyer in ordinary course of business (subsection (9) of RCW 62A.1-201) other than a person buying farm products from a person engaged in farming operations takes free of a security interest created by his seller even though the security interest is perfected and even though the buyer knows of its existence.

(2) A buyer who in the ordinary course of business buys farm products from a person engaged in farming operations buys and takes free of a security interest created by his or her seller, and a commission merchant or selling agent who in the ordinary course of business sells farm products for a person engaged in farming operations buys, takes, and sells free of a security interest created by his or her seller, even though the security interest is perfected and the buyer, commission merchant, or selling agent knows of the existence of such interest if:

(a) The buyer, commission merchant, or selling agent has registered with the department of licensing pursuant to RCW 62A.9-407(4); and

(i) The secured party has not filed an effective farm products notice statement with the department of licensing pursuant to RCW 62A.9-402(9); or

(ii) Such buyer, commission merchant, or selling agent does not receive from the department of licensing written notice that specifies the seller and farm product pursuant to RCW 62A.9-407(3), (5), and (6); or

(b) The secured party has not filed an effective farm products notice statement pursuant to RCW 62A.9-402(9) and the buyer, commission merchant, or selling agent has not received within one year before the sale from the secured party or seller written notice of the security interest containing:

(i) The name and address of the secured party;

(ii) The name and address of the debtor;

(iii) The social security number of the debtor or, in the case of a debtor doing business other than as an individual, the debtor's federal internal revenue service taxpayer identification number;

(iv) A description by category of the farm products subject to the security interest, including the amount of such products, if applicable;

(v) The crop year;

(vi) The county or counties where the farm products are produced or located and, if less than all of such farm products in a county are claimed, a reasonable description of the real property; and

(vii) Any payment obligations imposed by the secured party as a condition for waiver or release of the security interest;

The notice described in this subsection (b) must be amended in writing within three months and similarly signed and transmitted, to reflect material changes; or

(c) The buyer, commission merchant, or selling agent has obtained a waiver from the secured party by performing any payment obligation or otherwise.

(3) In the case of consumer goods, a buyer takes free of a security interest even though perfected if he buys without knowledge of the security interest, for value and for his own personal, family or household purposes unless prior to the purchase the secured party has filed a financing statement covering such goods.

~~((3))~~ (4) A buyer other than a buyer in ordinary course of business (subsection (1) of this section) takes free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the purchase, unless made pursuant to a commitment entered into without knowledge of the purchase.

Sec. 3. Section 9-402, chapter 157, Laws of 1965 ex. sess. as last amended by section 2, chapter 251, Laws of 1989 and RCW 62A.9-402 are each amended to read as follows:

(1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of RCW 62A.9-103, or when the financing statement is filed as a fixture filing (RCW 62A.9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

- (b) proceeds under RCW 62A.9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or
- (c) collateral as to which the filing has lapsed; or
- (d) collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor)

Address

Name of secured party (or assignee)

Address

1. This financing statement covers the following types (or items) of property:

(Describe)

2. (If applicable) The above goods are to become fixtures on*

(Describe Real Estate)

and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is

*Where appropriate substitute either "The above timber is standing on

' or "The above minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on

3. (If products of collateral are claimed)

Products of the collateral are also covered

(use

whichever Signature of Debtor (or Assignor)

is

applicable) Signature of Secured Party (or Assignee)

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party: PROVIDED, That a secured party may amend a financing statement without the signature of the debtor when the amendment is to change the address or name of the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this Article, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments. The fee for filing an amendment shall be the same as the fee for filing a financing statement.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of RCW 62A.9-103, or a financing statement filed as a fixture filing (RCW 62A.9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if (a) the goods are described in the mortgage by item or type, (b) the goods are or are to become fixtures related to the real estate described in the mortgage, (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (d) the mortgage is duly recorded. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or the names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement or an amendment is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

(9) Written notice of a security interest in farm products is sufficient for purposes of being filed in the system described in RCW 62A.9-407 (3) through (8) and shall, for purposes of such sections, be called an "effective farm products notice statement" if it contains the following information:

(a) The name and address of the debtor;

(b) The debtor's signature;

(c) The name, address, and signature of the secured party;

(d) The social security number of the debtor, or in the case of a debtor doing business other than as an individual, the debtor's federal internal revenue service taxpayer identification number;

(e) A description by category (as prescribed by rule pursuant to RCW 62A.9-407(3)) of the farm products subject to the security interest including the amount of such products if applicable;

(f) A reasonable description of the real estate where the farm products are produced or located. This provision may be satisfied by a designation of the county or counties, and a legal description shall not be required.

(10) An effective farm products notice statement described in subsection (9) of this section must be amended in writing within three months, and similarly signed and filed, to reflect any material changes.

(11) If a secured party fails to file a termination statement within ten days after proper demand for the statement, the secured party is liable to the debtor for one hundred dollars, and in addition for any loss caused to the debtor by the failure.

(12) If a secured party has received a copy of a debtor's contract to sell the farm products subject to the security interest to a specific buyer, commission merchant, or selling agent, and the contract contains a request in ten-point bold-faced type that the buyer receive notice of the security interest, the secured party shall provide written notice as described in RCW 62A.9-307(2)(b) to the contracting buyer, commission merchant, or selling agent. If a secured party fails to give such notice to the contracting buyer, commission merchant, or selling agent within ten days following receipt of a copy of the contract, the secured party shall be liable to the debtor and to the buyer for one hundred dollars and in addition for any loss caused to the debtor or buyer by the failure.

Sec. 4. Section 9-407, chapter 157, Laws of 1965 ex. sess. as last amended by section 5, chapter 189, Laws of 1987 and RCW 62A.9-407 are each amended to read as follows:

(1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person following payment of the required fees, the department of licensing shall issue its certificate showing whether there is on file with the department of licensing on the date and hour stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and if there is, giving the date and hour of filing of each such statement and the names and addresses of each secured party therein. Upon request and following payment of the required fees, the department of licensing shall issue its certificate and shall furnish a copy of any filed financing statements or statements of assignment.

(3) The department of licensing shall develop and, following certification by the United States department of agriculture, implement a central filing system containing the information filed with it pursuant to RCW 62A.9-402(9). Under this system, the department shall record the date and time of filing and compile the information into a master list organized according to categories of farm products. The list shall be organized within each farm product category in alphabetical order according to the last name of the debtor (or, in the case of debtors doing business other than as individuals, the first word in the name of such debtor). The list shall be further organized according to and contain information required by federal law and regulation. The department shall, by rule adopted pursuant to chapter 34.05 RCW, designate the categories of farm products to be used in compiling the master list. The department may establish and maintain, by rule, a separate system for filing farm products notice statements and search, retrieval, and dissemination of information relating to effective farm products notice statements, and may require separate search requests for such information pursuant to a fee schedule to be established by rule.

(4) The department of licensing shall maintain a list of all buyers of farm products, commission merchants, selling agents, and other persons who register with the department indicating an interest in receiving the lists described in subsection (5) of this section.

(5) The department of licensing shall distribute complete master lists for each farm product category at least quarterly to each buyer, commission merchant, selling agent, and other person registered under subsection (4) of this section and distribute either complete lists or cumulative supplements, which supplements shall be issued not less frequently than twice monthly, of effective farm products notice statements filed subsequent to the last date of filing for effective farm products notice statements on the last preceding quarterly master list, which the buyer, commission merchant, or selling agent has requested. The buyer, commission merchant, or selling agent shall be deemed to have received the lists and supplements no later than the third calendar day following the date of mailing by the department or in the event the mail is not delivered on that day, the first day thereafter on which mail is delivered.

(6) Upon the request of any person not registered pursuant to RCW 62A.9-407(4), the department of licensing shall provide, within twenty-four hours, an oral confirmation of the filing of the notice described in RCW 62A.9-402(9) followed by a written confirmation.

(7) Upon request of any person and payment of such fees as may be established by the department by rule, the department shall furnish copies of particular filed effective farm products notice statements or statements of assignment if the requestor provides the department with the file numbers of the statement to be copied.

(8) Information provided under subsections (3) through (7) of this section shall be made available to the public through electronic data transmission, by facsimile, microfiche, photographic copy, telephone call followed by written confirmation, or by any other means the department determines to be efficient and cost-effective.

(9) The department of licensing shall establish a fee schedule by rule for registration and listing of buyers of farm products, commission merchants, and selling agents of farm products and for distribution of master lists and supplements of master lists and information and oral confirmation of filing as required by RCW 62A.9-407. The annual registration fee for buyers of farm products shall not exceed fifty dollars. Registrants shall receive by mail, without further fees, microfiche copies of the quarterly master lists and bimonthly supplements consisting of all effective farm products notice statement filings on all farm products state-wide. The fee for any other microfiche list shall not exceed twenty-five cents per microfiche. Registrants shall be entitled to remote computer access of the effective farm products notice statements data base without further fees other than long-distance telephone charges. The fee to be charged for a single certified search by the department shall not exceed ten dollars. The fee for a paper list of debtors shall not exceed thirty-five cents per page.

NEW SECTION, Sec. 5. All rules adopted under the provisions of this chapter are subject to the provisions of chapter 34.05 RCW concerning the adoption of rules. The department of licensing shall issue regulations requiring the master lists distributed to registrants to include a listing of statutory crop liens filed with the department.

NEW SECTION, Sec. 6. The central filing system program fund is created in the custody of the state treasurer. All receipts from the fees collected by the director under this chapter and RCW 62A.9-409(1) shall be deposited into the fund. Expenditures from the fund may be used only for the purposes of this act. Only the director of licensing or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

NEW SECTION, Sec. 7. Sections 5 and 6 of this act are each added to chapter 62A.9 RCW.

NEW SECTION, Sec. 8. The amount spent shall be repaid to the general fund before the end of the biennium ending June 30, 1993, from the fees imposed pursuant to section 4(9) of this act.

NEW SECTION, Sec. 9. This act shall take effect July 1, 1991. The director of licensing may immediately take such steps as are necessary to ensure that this act is implemented on its effective date.

NEW SECTION, Sec. 10. This act may be cited as the Washington farm products central filing system act.

SECOND REPORT OF CONFERENCE COMMITTEE

March 8, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED HOUSE BILL NO. 2888, establishing a new child support schedule, have had the same under consideration and report that we are unable to agree, and we respectfully request the powers of Free Conference in order to amend the measure as follows:

The Senate Committee on Law & Justice amendments adopted as amended on February 27, 1990 be rejected (For amendments, see Journal, 55th Day, March 3, 1990), and

The bill be amended as follows:

Strike everything after the enacting clause and insert the following:

*Sec. 1. Section 10, chapter 157, Laws of 1973 1st ex. sess. as last amended by section 7, chapter 375, Laws of 1989 and RCW 26.09.100 are each amended to read as follows:

In a proceeding for dissolution of marriage, legal separation, declaration of invalidity, maintenance, or child support, after considering all relevant factors but without regard to marital misconduct, the court (~~may~~) shall order either or both parents owing a duty of support to any child of the marriage dependent upon either or both spouses to pay an amount determined (~~pursuant to the schedule adopted~~) under chapter 26.19 RCW (~~26.19.040~~). The court may require periodic adjustments of support. The adjustment provision may be modified by the court due to economic hardship.

Sec. 2. Section 17, chapter 157, Laws of 1973 1st ex. sess. as last amended by section 3, chapter 416, Laws of 1989 and RCW 26.09.170 are each amended to read as follows:

(1) Except as otherwise provided in subsection (7) of RCW 26.09.070, the provisions of any decree respecting maintenance or support may be modified only as to installments accruing subsequent to the motion for modification and, except as otherwise provided in subsections (4) (~~or~~), (5), and (8) of this section, only upon a showing of a substantial change of circumstances. The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this state.

(2) Unless otherwise agreed in writing or expressly provided in the decree the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child or by the death of the parent obligated to support the child.

(4) An order of child support may be modified one year or more after it has been entered without showing a substantial change of circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child;

(b) If a party requests an adjustment in an order for child support which was based on guidelines which determined the amount of support according to the child's age, and the child is no longer in the age category on which the current support amount was based;

(c) If a child is still in high school, upon a finding that there is a need to extend support beyond the eighteenth birthday to complete high school; or

(d) To add an automatic adjustment of support provision consistent with RCW 26.09.100.

(5) An order or decree entered prior to June 7, 1984, may be modified without showing a substantial change of circumstances if the requested modification is to:

(a) Require health insurance coverage for a child named therein; or

(b) Modify an existing order for health insurance coverage.

(6) An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(7) The department of social and health services may file an action to modify an order of child support if public assistance money is being paid to or for the benefit of the child and the child support order is twenty-five percent or more below the appropriate child support amount set forth in the ~~((adopted child support schedule))~~ standard calculation as defined in section 4(6) of this act and reasons for the deviation are not set forth in the findings of fact or order. The determination of twenty-five percent or more shall be based on the current income of the parties and the department shall not be required to show a substantial change of circumstances if the reasons for the deviations were not set forth in the findings of fact or order.

(8) (a) Except as provided in (b) and (c) of this subsection, all child support decrees may be adjusted once every twenty-four months based upon changes in the income of the parents without a showing of substantially changed circumstances. Either party may initiate the modification pursuant to procedures of RCW 26.09.175.

(b) Parents whose decrees are entered before the effective date of this act may petition the court for a modification after twelve months has expired from the entry of the decree or the most recent modification setting child support, whichever is later. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to (a) of this subsection.

(c) A party may petition for modification in cases of substantially changed circumstances, under subsection (1) of this section, at any time. However, if relief is granted under subsection (1) of this section, twenty-four months must pass before a petition for modification under (a) of this subsection may be filed.

(d) If, pursuant to (a) of this subsection, the court modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the court may implement the change in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a petition for modification under (a) of this subsection may be filed.

(e) A parent who is receiving transfer payments who receives a wage or salary increase may not bring a modification action pursuant to (a) of this subsection alleging that increase constitutes a substantial change of circumstances under subsection (1) of this section.

Sec. 3. Section 2, chapter 430, Laws of 1987 and RCW 26.09.175 are each amended to read as follows:

(1) A proceeding for the modification of an order of child support shall commence with the filing of a petition ~~((and))~~, a supporting financial affidavit, and worksheets. The petition and affidavit shall be in substantially the form prescribed by the administrator for the courts. There shall be a fee of twenty dollars for the filing of a petition for modification of dissolution.

(2) The petitioner shall serve upon the other party the summons, a copy of the petition and affidavit, and a blank copy of a financial affidavit and the worksheets in the form prescribed by the administrator for the courts. If the modification proceeding is the first action filed in this state, service shall be made by personal service. If the decree to be modified was entered in this state, service shall be by personal service or by any form of mail requiring a return receipt. If the support obligation has been assigned to the state pursuant to RCW 74.20.330 and notice has been filed with the court, the summons, petition, ~~((and))~~ affidavit, and worksheets shall also be served on the ~~((office of support enforcement))~~ attorney general. Proof of service shall be filed with the court.

(3) The responding party's answer and completed financial affidavit and worksheets shall be served and the answer filed within twenty days after service of the petition or sixty days if served out of state. The responding party's failure to file an answer within the time required shall result in entry of a default judgment for the petitioner.

(4) At any time after responsive pleadings are filed, either party may schedule the matter for hearing.

(5) Unless both parties stipulate to arbitration or the presiding judge authorizes oral testimony pursuant to subsection (6) of this section, a petition for modification of an order of child support shall be heard by the court on affidavits only.

(6) A party seeking authority to present oral testimony on the petition to modify a support order shall file an appropriate motion not later than ten days after the time of notice of hearing. Affidavits and exhibits setting forth the reasons oral testimony is necessary to a just adjudication of the issues shall accompany the petition. The affidavits and exhibits must demonstrate the extraordinary features of the case. Factors which may be considered include, but are not limited to: (a) Substantial questions of credibility on a major issue; (b) Insufficient or inconsistent discovery materials not correctable by further discovery; or (c) particularly complex circumstances requiring expert testimony.

(7) The administrator for the courts shall develop and prepare, in consultation with interested persons, model forms or notices for the use of the procedure provided by this section, including a notice advising of the right of a party to proceed with or without benefit of counsel.

Sec. 4. Section 2, chapter 275, Laws of 1988 and RCW 26.19.010 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) ~~“(Child support schedule” means the standards and economic table adopted by the commission;~~

~~(2) “Standards” means the standards for determination of child support which have been adopted by the commission, as modified by the legislature;~~

~~(3) “Economic table” means the child support table for the basic support obligation which has been adopted by the child support commission effective July 1, 1989, except it does not include the references in that table to ‘standards’;~~

~~((4)) (2) “Worksheets” means the forms ~~(adopted)~~ developed by the ~~(commission)~~ administrator for the courts for use in determining the amount of child support;~~

~~((5)) (3) “Instructions” means the instructions ~~(adopted)~~ developed by the ~~(commission)~~ administrator for the courts for use in completing the worksheets;~~

~~((6)) (4) “Commission” means the Washington state child support schedule commission established by RCW 26.19.030; and~~

~~((7)) (5) “Basic child support obligation” means the monthly obligation determined from the economic table based on the parties combined monthly net income.~~

~~(6) “Standard calculation” means the amount of child support which is owed as determined from the worksheets before any deviation is considered.~~

~~(7) “Transfer payment” means the court ordered amount one parent is obligated to pay to the other parent for child support.~~

Sec. 5. Section 6, chapter 275, Laws of 1988 and RCW 26.19.050 are each amended to read as follows:

(1) The ~~(commission)~~ administrator for the courts shall develop and adopt worksheets and instructions to assist the parties and courts in establishing the appropriate child support level and apportionment of support. The ~~(commission)~~ administrator for the courts shall attempt to the greatest extent possible to make the worksheets and instructions understandable by persons who are not represented by legal counsel.

(2) The administrator for the courts ~~(-in consultation with the commission;)~~ shall develop and adopt standards for the printing of worksheets and shall establish a process for certifying printed worksheets. ~~(The administrator shall not alter the design approved by the commission;)~~ The administrator may maintain a register of sources for approved worksheets.

~~(3) The administrator for the courts should explore methods to assist pro se parties and judges in the courtroom to calculate support payments through automated software, equipment, or personal assistance.~~

NEW SECTION. Sec. 6. A new section is added to chapter 26.19 RCW to read as follows:

(1) In any proceeding under this title or Title 13 or 74 RCW in which child support is at issue, support shall be determined and ordered according to this chapter. The provisions of this chapter for determining child support and reasons for deviation therefrom shall be applied in the same manner by the court, presiding officers, and reviewing officers. References to the court also incorporates the presiding and reviewing officers who administratively determine or enforce child support orders.

(2) An order for child support shall be supported by written findings of fact upon which the support determination is based and shall include reasons for any deviation from the standard calculation.

(3) All income and resources of each parent's household shall be disclosed and shall be considered by the court when the child support obligation of each parent is determined. Tax returns for the preceding three years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(4) Worksheets in the form developed by the administrator for the courts shall be completed under penalty of perjury and filed in every proceeding in which child support is determined. The court shall not accept incomplete worksheets or worksheets that vary from the worksheets developed by the administrator for the courts.

(5) Unless specific reasons for deviation are set forth in the written findings of fact or order and are supported by the evidence, the court shall order each parent to pay the amount of child support determined using the standard calculation.

(6) The court shall review the worksheets and the order for adequacy of the reasons set forth for any deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. The worksheet on which the order is based shall be initialed or signed by the judge and filed with the order.

NEW SECTION, Sec. 7. A new section is added to chapter 26.19 RCW to read as follows:

(1) The basic child support obligation derived from the economic table shall be allocated between the parents based on each parent's share of the combined monthly net income.

(2) Ordinary health care expenses are included in the economic table. Monthly health care expenses that exceed five percent of the basic support obligation shall be considered extraordinary health care expenses. Extraordinary health care expenses shall be shared by the parents in the same proportion as the basic child support obligation.

(3) Day care and special child rearing expenses, such as tuition and long-distance transportation costs to and from the parents for visitation purposes, are not included in the economic table. These expenses shall be shared by the parents in the same proportion as the basic child support obligation.

(4) The court may exercise its discretion to determine the necessity for and the reasonableness of all amounts ordered in excess the basic child support obligation.

NEW SECTION, Sec. 8. A new section is added to chapter 26.19 RCW to read as follows:

(1) Except as otherwise provided in this section, monthly gross income for child support purposes shall include income from any source, including: Salaries, wages, commissions, deferred compensation, bonuses, mandatory overtime, dividends, interest, trust income, severance pay, annuities, capital gains, pension retirement benefits, social security retirement benefits, workers' compensation, unemployment benefits, and spousal maintenance that is actually received.

(2) Monthly gross income for the preceding year for child support purposes shall include income from voluntary overtime pay above one hundred sixty-eight hours per month, income from employment in excess of forty hours per week to the extent derived from a second job, nonrecurring bonuses, contract-related cash benefits, gifts, and prizes, except to the extent that income from those sources exceeds the average income from those sources for the second and third years preceding the commencement of the action under chapter 26.09, 26.10, or 26.26 RCW.

(3) The court shall deduct the following from gross income: Federal and state income taxes, federal insurance contributions act deductions, mandatory pension plan payments, mandatory union or professional dues, court-ordered spousal maintenance to the extent actually paid, up to two thousand dollars per year in voluntary pension payments actually made if the contributions were made for the three consecutive years prior to the filing of the dissolution, and court-ordered payments of child support for children from other relationships to the extent actually paid. All items excluded from income shall be disclosed in the worksheet.

(4) The court may deduct normal business expenses and self-employment taxes for self-employed persons. Justification shall be required for any business expense deduction about which there is disagreement.

(5) The following resources shall be disclosed, shall not be included in gross income, and shall not be reason to deviate from the standard calculation: Aid to families with dependent children, supplemental security income, general assistance, veterans aid and attendance allowance, and food stamps.

(6) The following income shall be disclosed, shall not be included in gross income, but may be a reason to deviate from the standard calculation:

- (a) Income of a new spouse or income of other adults in the household;
- (b) Child support received from other relationships; and
- (c) Income excluded from subsection 2 of this section.

(7) (a) Children from relationships other than the relationship of the parties before the court shall not be counted for determining the number of children in the family for purposes of calculating the basic support obligation. The court may not consider, for purposes of deviation in calculating the amount of child support payable, any children for whom the court has allowed a deduction from gross income for court-ordered child support payments.

(b) The court may consider deviating from the presumptive basic support obligation when there are children from other relationships and the court has not allowed a deduction from gross income for payments of child support for those children pursuant to subsection (3) of this section. Deviations under this section from the presumptive basic support obligation due shall be based on consideration of the total circumstances of both households.

(8) The court shall consider the residential schedule and may deviate from the standard calculation if the child spends a substantial amount of time with the parent who is obligated to make the transfer payment. The court shall not use this subsection to restrict either parent's contact or visitation with the child or children.

Absent agreement between the parents, the parent seeking the adjustment based on contact with the child shall have the burden to show by a preponderance of the evidence the requested adjustment is consistent with the parent's actual past involvement with the child. The support payment should not be reduced if the reduction will result in insufficient funds in the house receiving the support to meet the basic needs of the child or the child is receiving aid to families with dependent children payments.

(9) Additional reasons that may support a deviation from the standard calculation include: Possession of wealth, shared living arrangements, extraordinary debts that have not been voluntarily incurred, extraordinarily high income of a child, a significant disparity of the living costs of the parents due to conditions beyond their control, and special needs of disabled children. A deviation may be supported by tax planning considerations only if the child would not receive a lesser economic benefit as a result of the tax planning.

(10) The court shall enter findings which specify reasons for any deviations from the standard calculation made by the court.

(11) Agreement of the parties is not by itself adequate reason for deviation from the standard calculation.

(12) Neither parent's total child support obligation shall exceed fifty percent of net income unless good cause is shown. Good cause may include possession of substantial wealth, children with day care expenses, special medical, educational, psychological needs, and larger families.

(13) The court shall impute income to a parent when the parent is voluntarily underemployed or voluntarily unemployed. The court shall determine whether the parent is voluntarily underemployed or voluntarily unemployed based upon that parent's work history. A parent shall not be deemed voluntarily underemployed as long as that parent is gainfully employed on a full-time basis. Income shall not be imputed for an unemployable parent.

NEW SECTION, Sec. 9. A new section is added to chapter 26.19 RCW to read as follows:

The child support schedule shall be advisory and not mandatory for postsecondary educational support. When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. The court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects, desires, aptitudes, abilities or disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered are the amount and type of support that the child would have been afforded if the parents had stayed together. The child must be enrolled in school, actively pursuing a course of study, and in good academic standing as defined by the institution or the court-ordered postsecondary educational support may be automatically suspended during the period or periods the child fails to comply with these conditions. The court in its discretion may order that the payment be made directly to the parent who has been receiving the transfer payments, to the educational institution if feasible, or to the child. The court shall not order the payment of postsecondary educational expenses beyond the child's twenty-third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.

NEW SECTION, Sec. 10. A new section is added to chapter 26.19 RCW to read as follows:

The parties may agree which parent is entitled to claim the child or children as dependents for federal income tax exemptions. The court may award the exemption or exemptions and order a party to sign the federal income tax dependency exemption waiver. The court may divide the exemptions between the parties, alternate the exemptions between the parties, or both.

NEW SECTION, Sec. 11. A new section is added to chapter 26.19 RCW to read as follows:

(1) When combined monthly net income is less than six hundred dollars, a support order not less than twenty-five dollars per month shall be entered for each parent, regardless of the number of children. A parent's child support obligation shall not reduce his or her net income below the need standard for one person promulgated pursuant to RCW 74.04.770, except for the mandatory minimum payment of twenty-five dollars per month as required by this subsection or in cases where the court finds reasons for deviation under section 8(8) of this act. This section shall not be construed to require monthly substantiation of income.

(2) The presumptive basic support obligation shall be determined upon the combined monthly net income of the parents up to a cap of five thousand dollars combined net income per month. The table is not presumptive but advisory only for combined monthly net incomes above five thousand dollars.

NEW SECTION, Sec. 12. A new section is added to chapter 26.19 RCW to read as follows:

(1) When combined monthly net income exceeds the highest combined monthly net income for which a presumptive amount of support is established, child support shall not be set at a level lower than that amount from the table but the court has discretion to establish support at higher levels upon written finding of fact.

(2) The provisions of this chapter shall apply to adult children who are dependent on their parents and for whom support is ordered pursuant to RCW 26.09.100.

Sec. 13. Section 2407, Code of 1881 as amended by section 1, chapter 207, Laws of 1969 ex. sess. and RCW 26.16.205 are each amended to read as follows:

The expenses of the family and the education of the children, including stepchildren, are chargeable upon the property of both husband and wife, or either of them, and ~~((in relation thereto))~~ they may be sued jointly or separately. ~~((PROVIDED, That with regard to stepchildren, the obligation shall cease upon the termination of the relationship of husband and wife)).~~ When a petition for dissolution of marriage or a petition for legal separation is filed, the court may, upon motion of the stepparent, terminate the obligation to support the stepchildren. The obligation to support stepchildren shall cease upon the entry of a decree of dissolution, decree of legal separation, or death.

NEW SECTION. Sec. 14. A new section is added to chapter 26.19 RCW to read as follows:

(1) Day care, extraordinary health care, long-distance transportation costs, and special child-rearing expenses such as tuition are not included in the basic support obligation for each child. These expenses shall be shared by the parents in the same proportion as the basic child support obligation and may be listed as a specific dollar amount or as a percentage amount subject to the verification requirements pursuant to subsection (2) of this section.

(2) (a) If a sum certain is established for day care and is set forth in the decree, the parent making the transfer payment is entitled to proof of the amount paid for day care. The parent making the transfer payment is responsible for the appropriate percentage of the actual amount paid, not to exceed the proper share of the amount as set forth in the decree. The transfer payment for day care must be made in advance if the day care amount is set forth in the decree or is a regularly paid amount in a sum certain. If an amount is not specified in the decree or a regular sum certain, reimbursement of day care expenses shall be treated in the same manner as reimbursement for transportation costs, extraordinary health care, and other extraordinary expenses.

(b) For transportation costs, extraordinary health care costs, and other extraordinary expenses of the children specified in the decree, the parent paying these expenses shall be entitled to prompt reimbursement of the other parent's share of those expenses. Proof of the expenditure shall be furnished to the parent from whom reimbursement is sought. Reimbursement must be made promptly but not later than thirty days of receipt of proof of payment of these expenditures.

(3) (a) If reimbursement is not made within the thirty-day period or is incomplete due to a nonsufficient fund check or other failure to pay, the parent seeking reimbursement may by motion obtain an order compelling payment with statutory interest. If a parent requests proof of payment and it is not provided within thirty days the party may move to compel production of the documents. The court shall award actual court costs and reasonable attorneys' fees to the prevailing party in every motion filed under this section except upon a showing of good cause for nonpayment.

(b) Wage assignment orders may be obtained pursuant to chapter 26.18 RCW to collect court-ordered basic child support, day care, extraordinary health care, long-distance transportation costs, or other extraordinary expenses, attorneys' fees, court costs, or any other item ordered by the court. A parent to whom basic child support, day care, extraordinary health care, long-distance transportation costs, or other extraordinary expenses are to be paid based on a percentage share of the costs, may by motion obtain a court order reducing the amounts owed to a sum certain and then enforce collection of that amount by a wage assignment order.

Sec. 15. Section 2, chapter 164, Laws of 1971 ex. sess. as last amended by section 1, chapter 55, Laws of 1989 and by section 151, chapter 175, Laws of 1989 and RCW 74.20A.020 are each reenacted and amended to read as follows:

Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter and chapter 74.20 RCW shall have the following meanings:

(1) 'Department' means the state department of social and health services.

(2) 'Secretary' means the secretary of the department of social and health services, his designee or authorized representative.

(3) 'Dependent child' means any person:

(6) 'Administrative order' means any determination, finding, decree, or order for support pursuant to RCW 74.20A.055, or by an agency of another state pursuant to a substantially similar administrative process, establishing the existence of a support obligation and ordering the payment of a set or determinable amount of support moneys to satisfy the support obligation.

(1) Decrees under this chapter involving child custody, visitation, or child support entered in actions commenced prior to January 1, 1988, shall be deemed to be parenting plans for purposes of this chapter.

(2) The enactment of the 1987 revisions to this chapter does not constitute substantially changed circumstances for the purposes of modifying decrees entered under this chapter in actions commenced prior to January 1, 1988, involving child custody, visitation, or child support. ~~((An))~~ Any action to modify any decree involving child custody, visitation, child support, or a parenting plan ~~((which was commenced after December 31, 1987;))~~ shall be governed by the ~~((1987 revisions to))~~ provisions of this chapter.

(1) When the department of labor and industries or a self-insurer pays compensation under chapter 51.32 RCW on behalf of or on account of the child or children of the injured worker for whom the injured worker owes a duty of child support, the amount of compensation the department or self-insurer pays on behalf of the child or children shall be treated for all purposes as if the injured worker paid the compensation toward satisfaction of the injured worker's child support obligations.

(2) When the social security administration pays social security disability dependency benefits on behalf of or on account of the child or children of the disabled person, the amount of compensation paid for the children shall be treated for all purposes as if the disabled person paid the compensation toward satisfaction of the disabled person's child support obligation.

(3) Under no circumstances shall the person who has the obligation to make the transfer payment have a right to reimbursement of any compensation paid under subsection (1) or (2) of this section.

Sec. 18. Section 17, chapter 460, Laws of 1987 and RCW 26.09.225 are each amended to read as follows:

Each parent shall have full and equal access to the education and ~~((medical))~~ health care records of the child absent a court order to the contrary.

Sec. 19. Section 3, chapter 275, Laws of 1988 as amended by section 76, chapter 175, Laws of 1989 and RCW 26.19.020 are each amended to read as follows:

~~((H(a) Except as provided in (b) of this subsection, in any proceeding under this title or Title 13 or 74 RCW in which child support is at issue, support shall be determined and ordered according to the child support schedule adopted pursuant to RCW 26.19.040:~~

(b))) If approved by a majority vote of the superior court judges of a county, the superior court may adopt by local court rule an economic table that shall be used by the superior court of that county, instead of the economic table adopted by the commission, to determine the appropriate amount of child support. The economic table adopted by the superior court shall not vary by more than twenty-five percent from the economic table adopted by the commission and shall not vary the economic table for combined monthly net income of two thousand five hundred dollars or less.

((2) An order for child support shall be supported by written findings of fact upon which the support determination is based:

(3) All income and resources of each parent's household shall be disclosed and shall be considered by the court or the presiding or reviewing officer when the child support obligation of each parent is determined:

(4) Worksheets in the form approved by the commission shall be completed and filed in every proceeding in which child support is determined. Variations of the worksheets shall not be accepted:

(5) Unless specific reasons for deviation are set forth in the written findings of fact or order and are supported by the evidence, the court or the presiding or reviewing officer shall order each parent to pay the amount of child support determined using the standard calculation:

(6) The court or the presiding or reviewing officer shall review the worksheets and the order for adequacy of the reasons set forth for any deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. Reasons that may support a deviation from the standard calculation include: Possession of wealth, shared living arrangements, extraordinary debts that have not been voluntarily incurred, extraordinary high income of a child, a significant disparity of the living costs of the parents due to conditions beyond their control, and special needs of disabled children. A deviation may be supported by tax planning considerations only if the child would not receive a lesser economic benefit. Agreement of the parties, by itself, is not adequate reason for deviation:))

Sec. 20, Section 2, chapter 440, Laws of 1987 as amended by section 5, chapter 275, Laws of 1988 and RCW 26.19.040 are each amended to read as follows:

((1)) The ((schedule proposed by the commission in its report dated January 26, 1988:)) economic table as defined in section 4 of this act shall take effect July 1, ((1988)) 1990. The ((schedule)) economic table shall remain in effect until revised ((under this section. The commission shall review the schedule and propose changes as needed each even-numbered year:

(2) The commission shall review the schedule and recommended revisions based upon:

(a) Updated economic data which accurately reflects family spending and child rearing costs for families of different sizes and income levels in the state of Washington;

(b) Appropriate adjustments for significant changes in child rearing costs at different age levels;

(c) The need for funding of the child's primary residence by a payment which is sufficient to meet the basic needs of the child;

(d) Provisions for health care coverage and, when needed, child care payments; and

(e) The support amount shall be based on the child's age, the parent's combined income, and the family size. Family size shall mean all children for whom support is to be established:

(3) The commission shall establish standards for applying the child support schedule. Included in these standards shall be:

(a) The type, net or gross, and sources of income on which support amounts shall be based;

(b) Provisions for taking into account the voluntary unemployment or underemployment of one or both parents or if the income of a parent is not known; and

(c) Provisions for taking into account a parent whose income varies;

(4) Any proposed revisions to the schedule shall be submitted to the legislature no later than November 1st of each even-numbered year:

(5) If the commission fails to propose revisions to the schedule, the existing schedule shall remain in effect, unless the legislature refers the schedule to the commission for modification or adopts a different schedule. If the schedule is referred to the commission for modification, the provisions of subsection (7) of this section shall be applicable:

(6) The legislature may adopt the proposed schedule or refer the proposed schedule to the commission for modification. If the legislature fails to adopt or refer the proposed schedule to the commission by March 1 of the following year, the proposed schedule shall take effect without legislative approval on July 1 of that year:

(7) If the legislature refers the proposed schedule to the commission for modification on or before March 1st, the commission shall resubmit the proposed modifications to the legislature no later than March 15th. The legislature may adopt or modify the resubmitted proposed schedule. If the legislature fails to adopt or modify the resubmitted proposed schedule by April 1, the resubmitted proposed schedule shall take effect without legislative approval on July 1 of that year)) by the legislature.

Sec. 21. Section 25, chapter 183, Laws of 1973 1st ex. sess. as last amended by section 152, chapter 175, Laws of 1989 and RCW 74.20A.055 are each amended to read as follows:

(1) The secretary may, in the absence of a superior court order, serve on the responsible parent or parents a notice and finding of financial responsibility requiring a responsible parent or parents to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future for such period of time as the child or children of said responsible parent or parents are in need. The hearing shall be held pursuant to RCW 74.20A.055, chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the responsible parent by certified mail, return receipt requested. The receipt shall be prima facie evidence of service. The notice shall be served upon the debtor within sixty days from the date the state assumes responsibility for the support of the dependent child or children on whose behalf support is sought. If the notice is not served within sixty days from such date, the department shall lose the right to reimbursement of payments made after the sixty-day period and before the date of notification: PROVIDED, That if the department exercises reasonable efforts to locate the debtor and is unable to do so the entire sixty-day period is tolled until such time as the debtor can be located. Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than twenty days from the date of service to file an application for an adjudicative proceeding. The application shall be served upon the department by registered or certified mail or personally. If no such application is made, the notice and finding of responsibility shall become final, and the debt created therein shall be subject to collection action as authorized under this chapter. If a timely application is made, the execution of notice and finding of responsibility shall be stayed pending the entry of the final administrative order. If no timely written application has previously been made, the responsible parent may petition the secretary or the secretary's designee at any time for an adjudicative proceeding as provided for in this section upon a showing of good cause for the failure to make a timely application. The filing of the petition for an adjudicative proceeding after the twenty-day period shall not affect any collection action previously taken under this chapter. The granting of an application after the twenty-day period operates as a stay on any future collection action, pending entry of the final administrative order. Moneys withheld as a result of collection action in effect at the time of the granting of the application after the twenty-day period shall be delivered to the department and shall be held in trust by the department pending entry of the final administrative order. The department may petition the presiding or reviewing officer to set temporary current and future support to be paid beginning with the month in which the application after the twenty-day period is granted. The presiding or reviewing officer shall order payment of temporary current and future support if appropriate in an amount determined pursuant to the child support schedule adopted under RCW 26.19.040. In the event the responsible parent does not make payment of the temporary current and future support as ordered by the presiding or reviewing officer, the department may take collection action pursuant to chapter 74.20A RCW during the pendency of the adjudicative proceeding or thereafter to collect any amounts owing under the order. Temporary current and future support paid, or collected, during the pendency of the adjudicative proceeding shall be disbursed to the custodial parent or as otherwise appropriate when received by the department. If the final administrative order is that the department has collected from the responsible parent other than temporary current or future support, an amount greater than such parent's past support debt, the department shall promptly refund any such excess amount to such parent.

(3) Hearings may be held in the county of residence or other place convenient to the responsible parent. The notice and finding of financial responsibility shall set forth the amount the department has determined the responsible parent owes, the support debt accrued and/or accruing, and periodic payments to be made in the future for such period of time as the child or children of the responsible parent are in need, all computable on the basis of the need alleged. The notice and finding shall also include a statement of the name of the recipient or custodian and the name of the child or children for whom need is alleged; and/or a statement of the amount of periodic future support payments as to which financial responsibility is alleged.

(4) The notice and finding shall include a statement that the responsible parent may object to all or any part of the notice and finding, and file an application for an adjudicative proceeding to show cause why said responsible parent should not be determined to be liable for any or all of the debt, past and future.

The notice and finding shall include a statement that, if the responsible parent fails in timely fashion to file an application for an adjudicative proceeding, the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt shall be subject to collection action; a statement that the property of the debtor, without further advance

notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver to satisfy the debt.

(5) If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the alleged responsible parent and shall also determine the amount of periodic payments to be made in the future, which amount is not limited by the amount of any public assistance payment made to or for the benefit of the child. If deviating from the child support schedule adopted under RCW 26.19.040 in making these determinations, the presiding or reviewing officer shall comply with ~~(RCW 26.19.020 (4), (5), and (6))~~ the provisions set forth in chapter 26.19 RCW.

If the responsible parent fails to attend or participate in the hearing or other stage of an adjudicative proceeding, upon a showing of valid service, the presiding officer shall enter an initial decision and order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action.

(6) The final order establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the administrative order: PROVIDED, That in the absence of a superior court order, either the responsible parent or the department may petition the secretary or his designee for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances, to require the other party to appear and show cause why the order previously entered should not be prospectively modified. Said order to appear and show cause together with a copy of the petition and affidavit upon which the order is based shall be served in the manner of a summons in a civil action or by certified mail, return receipt requested, on the other party by the petitioning party. Prospective modification may be ordered, but only upon a showing of good cause and material change of circumstances.

(7) The presiding or reviewing officer shall order support payments under the child support schedule adopted under RCW 26.19.040.

(8) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by a presiding or reviewing officer.

(9) 'Need' as used in this section shall mean the necessary costs of food, clothing, shelter, and medical attendance for the support of a dependent child or children. The amount determined by reference to the child support schedule adopted under RCW 26.19.040, shall be a rebuttable presumption of the alleged responsible parent's ability to pay and the need of the family: PROVIDED, That such responsible parent shall be presumed to have no ability to pay child support under this chapter from any income received from aid to families with dependent children, supplemental security income, or continuing general assistance.

NEW SECTION, Sec. 22. (1) The administrator for the courts shall develop a child support order summary report form to provide for the reporting of summary information in every case in which a child support order is entered or modified either judicially or administratively. The administrator for the courts shall attempt to the greatest extent possible to make the form simple and understandable by the parties. The form shall indicate the following:

- (a) The county in which the order was entered and the cause number;
- (b) Whether it was a judicial or administrative order;
- (c) Whether the order is an original order or from a modification;

- (j) The reason or reasons stated by the court for the deviation;
- (k) The amount of child support after the deviation:

 - (m) Any other extraordinary amounts in the order;
 - (n) Any amount ordered for postsecondary education;
 - (o) The total amount of support ordered;
 - (p) In the case of a modification, the amount of support in the previous order;
 - (q) If the change in support was in excess of thirty percent, whether the change was phased in;
 - (r) The amount of the transfer payment ordered;
 - (s) Which parent was ordered to make the transfer payment; and
 - (t) The date of the entry of the order.

(2) The administrator for the courts shall make the form available to the parties.

In a proceeding for dissolution of marriage, legal separation, declaration of invalidity, maintenance, or child support, after considering all relevant factors but without regard to marital misconduct, the court ~~((may))~~ shall order either or both parents owing a duty of support to any child of the marriage dependent upon either or both spouses to pay an amount determined ~~((pursuant to the schedule adopted))~~ under chapter 26.19 RCW ~~((26.19.040))~~. The court may require periodic adjustments of support. The adjustment provision may be modified by the court due to economic hardship.

Sec. 2. Section 17, chapter 157, Laws of 1973 1st ex. sess. as last amended by section 3, chapter 416, Laws of 1989 and RCW 26.09.170 are each amended to read as follows:

(1) Except as otherwise provided in subsection (7) of RCW 26.09.070, the provisions of any decree respecting maintenance or support may be modified only as to installments accruing subsequent to the motion for modification and, except as otherwise provided in subsections (4) ~~((or)), (5), and (8))~~ of this section, only upon a showing of a substantial change of circumstances. The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this state.

(2) Unless otherwise agreed in writing or expressly provided in the decree the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child or by the death of the parent obligated to support the child.

(4) An order of child support may be modified one year or more after it has been entered without showing a substantial change of circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child;

(b) If a party requests an adjustment in an order for child support which was based on guidelines which determined the amount of support according to the child's age, and the child is no longer in the age category on which the current support amount was based;

(c) If a child is still in high school, upon a finding that there is a need to extend support beyond the eighteenth birthday to complete high school; or

(d) To add an automatic adjustment of support provision consistent with RCW 26.09.100.

(5) An order or decree entered prior to June 7, 1984, may be modified without showing a substantial change of circumstances if the requested modification is to:

(a) Require health insurance coverage for a child named therein; or

(b) Modify an existing order for health insurance coverage.

(6) An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(7) The department of social and health services may file an action to modify an order of child support if public assistance money is being paid to or for the benefit of the child and the child support order is twenty-five percent or more below the appropriate child support amount set forth in the ~~((adopted child support schedule))~~ standard calculation as defined in section 4(2) of this act and reasons for the deviation are not set forth in the findings of fact or order. The determination of twenty-five percent or more shall be based on the current income of the parties and the department shall not be required to show a substantial change of circumstances if the reasons for the deviations were not set forth in the findings of fact or order.

(8) (a) Except as provided in (b) and (c) of this subsection, all child support decrees may be adjusted once every twenty-four months based upon changes in the income of the parents without a showing of substantially changed circumstances. Either party may initiate the modification pursuant to procedures of RCW 26.09.175.

(b) Parents whose decrees are entered before the effective date of this act may petition the court for a modification after twelve months has expired from the entry of the decree or the most recent modification setting child support, whichever is later. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to (a) of this subsection.

(c) A party may petition for modification in cases of substantially changed circumstances, under subsection (1) of this section, at any time. However, if relief is granted under subsection (1) of this section, twenty-four months must pass before a petition for modification under (a) of this subsection may be filed.

(d) If, pursuant to (a) of this subsection, the court modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the court may implement the change in two equal increments, one at the time of the entry of the order and

the second six months from the entry of the order. Twenty-four months must pass following the second change before a petition for modification under (a) of this subsection may be filed.

(e) A parent who is receiving transfer payments who receives a wage or salary increase may not bring a modification action pursuant to (a) of this subsection alleging that increase constitutes a substantial change of circumstances under subsection (1) of this section.

Sec. 3. Section 2, chapter 430, Laws of 1987 and RCW 26.09.175 are each amended to read as follows:

(1) A proceeding for the modification of an order of child support shall commence with the filing of a petition ~~((and))~~, a supporting financial affidavit, and worksheets. The petition and affidavit shall be in substantially the form prescribed by the administrator for the courts. There shall be a fee of twenty dollars for the filing of a petition for modification of dissolution.

(2) The petitioner shall serve upon the other party the summons, a copy of the petition and affidavit, and a blank copy of a financial affidavit and the worksheets in the form prescribed by the administrator for the courts. If the modification proceeding is the first action filed in this state, service shall be made by personal service. If the decree to be modified was entered in this state, service shall be by personal service or by any form of mail requiring a return receipt. If the support obligation has been assigned to the state pursuant to RCW 74.20.330 and notice has been filed with the court, the summons, petition, ~~((and))~~ affidavit, and worksheets shall also be served on the ~~((office of support enforcement))~~ attorney general. Proof of service shall be filed with the court.

(3) The responding party's answer and completed financial affidavit and worksheets shall be served and the answer filed within twenty days after service of the petition or sixty days if served out of state. The responding party's failure to file an answer within the time required shall result in entry of a default judgment for the petitioner.

(4) At any time after responsive pleadings are filed, either party may schedule the matter for hearing.

(5) Unless both parties stipulate to arbitration or the presiding judge authorizes oral testimony pursuant to subsection (6) of this section, a petition for modification of an order of child support shall be heard by the court on affidavits only.

(6) A party seeking authority to present oral testimony on the petition to modify a support order shall file an appropriate motion not later than ten days after the time of notice of hearing. Affidavits and exhibits setting forth the reasons oral testimony is necessary to a just adjudication of the issues shall accompany the petition. The affidavits and exhibits must demonstrate the extraordinary features of the case. Factors which may be considered include, but are not limited to: (a) Substantial questions of credibility on a major issue; (b) insufficient or inconsistent discovery materials not correctable by further discovery; or (c) particularly complex circumstances requiring expert testimony.

(7) The administrator for the courts shall develop and prepare, in consultation with interested persons, model forms or notices for the use of the procedure provided by this section, including a notice advising of the right of a party to proceed with or without benefit of counsel.

Sec. 4. Section 2, chapter 275, Laws of 1988 and RCW 26.19.010 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) ~~((“Child support schedule” means the standards and economic table adopted by the commission;~~

~~(2) “Standards” means the standards for determination of child support which have been adopted by the commission, as modified by the legislature;~~

~~(3)) “Economic table” means the child support table for the basic support obligation which has been adopted by the child support commission effective July 1, 1989, except it does not include the references in that table to “standards”;~~

~~((4)) (2) “Worksheets” means the forms ~~((adopted))~~ developed by the ~~((commission))~~ administrator for the courts for use in determining the amount of child support;~~

~~((5)) (3) “Instructions” means the instructions ~~((adopted))~~ developed by the ~~((commission))~~ administrator for the courts for use in completing the worksheets;~~

~~((6)) (4) “Commission” means the Washington state child support schedule commission established by RCW 26.19.030; ~~((and~~~~

~~(7)) (5) “Basic child support obligation” means the monthly obligation determined from the economic table based on the parties combined monthly net income;~~

~~(6) “Standard calculation” means the amount of child support which is owed as determined from the worksheets before any deviation is considered; and~~

~~(7) “Transfer payment” means the court-ordered amount one parent is obligated to pay to the other parent for child support.~~

Sec. 5. Section 6, chapter 275, Laws of 1988 and RCW 26.19.050 are each amended to read as follows:

(1) The ~~((commission))~~ administrator for the courts shall develop and adopt worksheets and instructions to assist the parties and courts in establishing the appropriate child support level and apportionment of support. The ~~((commission))~~ administrator for the courts shall attempt to

the greatest extent possible to make the worksheets and instructions understandable by persons who are not represented by legal counsel.

(2) The administrator for the courts (~~in consultation with the commission~~) shall develop and adopt standards for the printing of worksheets and shall establish a process for certifying printed worksheets. (~~The administrator shall not alter the design approved by the commission~~) The administrator may maintain a register of sources for approved worksheets.

(3) The administrator for the courts should explore methods to assist pro se parties and judges in the courtroom to calculate support payments through automated software, equipment, or personal assistance.

NEW SECTION. Sec. 6. A new section is added to chapter 26.19 RCW to read as follows:

(1) In any proceeding under this title or Title 13 or 74 RCW in which child support is at issue, support shall be determined and ordered according to this chapter. The provisions of this chapter for determining child support and reasons for deviation therefrom shall be applied in the same manner by the court, presiding officers, and reviewing officers. References to the court also incorporates the presiding and reviewing officers who administratively determine or enforce child support orders.

(2) An order for child support shall be supported by written findings of fact upon which the support determination is based and shall include reasons for any deviation from the standard calculation.

(3) All income and resources of each parent's household shall be disclosed and shall be considered by the court when the child support obligation of each parent is determined. Tax returns for the preceding three years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(4) Worksheets in the form developed by the administrator for the courts shall be completed under penalty of perjury and filed in every proceeding in which child support is determined. The court shall not accept incomplete worksheets or worksheets that vary from the worksheets developed by the administrator for the courts.

(5) Unless specific reasons for deviation are set forth in the written findings of fact or order and are supported by the evidence, the court shall order each parent to pay the amount of child support determined using the standard calculation.

(6) The court shall review the worksheets and the order for adequacy of the reasons set forth for any deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. The worksheet on which the order is based shall be initiated or signed by the judge and filed with the order.

NEW SECTION. Sec. 7. A new section is added to chapter 26.19 RCW to read as follows:

(1) The basic child support obligation derived from the economic table shall be allocated between the parents based on each parent's share of the combined monthly net income.

(2) Ordinary health care expenses are included in the economic table. Monthly health care expenses that exceed five percent of the basic support obligation shall be considered extraordinary health care expenses. Extraordinary health care expenses shall be shared by the parents in the same proportion as the basic child support obligation.

(3) Day care and special child rearing expenses, such as tuition and long-distance transportation costs to and from the parents for visitation purposes, are not included in the economic table. These expenses shall be shared by the parents in the same proportion as the basic child support obligation.

(4) The court may exercise its discretion to determine the necessity for and the reasonableness of all amounts ordered in excess of the basic child support obligation.

NEW SECTION. Sec. 8. A new section is added to chapter 26.19 RCW to read as follows:

(1) Except as otherwise provided in this section, monthly gross income for child support purposes shall include income from any source, including: Salaries, wages, commissions, deferred compensation, bonuses, mandatory overtime, dividends, interest, trust income, severance pay, annuities, capital gains, pension retirement benefits, social security retirement benefits, workers' compensation, unemployment benefits, and spousal maintenance that is actually received.

(2) Monthly gross income for the preceding year for child support purposes shall include income from voluntary overtime pay above one hundred sixty-eight hours per month, income from employment in excess of forty hours per week to the extent derived from a second job, nonrecurring bonuses, contract-related cash benefits, gifts, and prizes, except to the extent that income from those sources exceeds the average income from those sources for the second and third years preceding the commencement of the action under chapter 26.09, 26.10, or 26.26 RCW.

(3) The court shall deduct the following from gross income: Federal and state income taxes, federal insurance contributions act deductions, mandatory pension plan payments, mandatory union or professional dues, court-ordered spousal maintenance to the extent actually paid, up to two thousand dollars per year in voluntary pension payments actually made if the contributions were made for the three consecutive years prior to the filing of the dissolution, and court-

ordered payments of child support for children from other relationships to the extent actually paid. All items excluded from income shall be disclosed in the worksheet.

(4) The court may deduct normal business expenses and self-employment taxes for self-employed persons. Justification shall be required for any business expense deduction about which there is disagreement.

(5) The following resources shall be disclosed, shall not be included in gross income, and shall not be reason to deviate from the standard calculation: Aid to families with dependent children, supplemental security income, general assistance, veterans aid and attendance allowance, and food stamps.

(6) The following income shall be disclosed, shall not be included in gross income, but may be a reason to deviate from the standard calculation:

- (a) Income of a new spouse or income of other adults in the household;
- (b) Child support received from other relationships; and
- (c) Income excluded from subsection (2) of this section.

(7) (a) Children from relationships other than the relationship of the parties before the court shall not be counted for determining the number of children in the family for purposes of calculating the basic support obligation. The court may not consider, for purposes of deviation in calculating the amount of child support payable, any children for whom the court has allowed a deduction from gross income for court-ordered child support payments.

(b) The court may consider deviating from the presumptive basic support obligation when there are children from other relationships and the court has not allowed a deduction from gross income for payments of child support for those children pursuant to subsection (3) of this section. Deviations under this section from the presumptive basic support obligation due shall be based on consideration of the total circumstances of both households.

(8) The court shall consider the residential schedule and may deviate from the standard calculation if the child spends a substantial amount of time with the parent who is obligated to make the transfer payment. The court shall not use this subsection to restrict either parent's contact or visitation with the child or children.

Absent agreement between the parents, the parent seeking the adjustment based on contact with the child shall have the burden to show by a preponderance of the evidence the requested adjustment is consistent with the parent's actual past involvement with the child. The support payment should not be reduced if the reduction will result in insufficient funds in the house receiving the support to meet the basic needs of the child or the child is receiving aid to families with dependent children payments.

(9) Additional reasons that may support a deviation from the standard calculation include: Possession of wealth, shared living arrangements, extraordinary debts that have not been voluntarily incurred, extraordinarily high income of a child, a significant disparity of the living costs of the parents due to conditions beyond their control, and special needs of disabled children. A deviation may be supported by tax planning considerations only if the child would not receive a lesser economic benefit as a result of the tax planning.

(10) The court shall enter findings which specify reasons for any deviations from the standard calculation made by the court.

(11) Agreement of the parties is not by itself adequate reason for deviation from the standard calculation.

(12) Neither parent's total child support obligation shall exceed fifty percent of net income unless good cause is shown. Good cause may include possession of substantial wealth, children with day care expenses, special medical, educational, psychological needs, and larger families.

(13) The court shall impute income to a parent when the parent is voluntarily underemployed or voluntarily unemployed. The court shall determine whether the parent is voluntarily underemployed or voluntarily unemployed based upon that parent's work history. A parent shall not be deemed voluntarily underemployed as long as that parent is gainfully employed on a full-time basis. Income shall not be imputed for an unemployable parent.

NEW SECTION. Sec. 9. A new section is added to chapter 26.19 RCW to read as follows:

The child support schedule shall be advisory and not mandatory for postsecondary educational support. When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. The court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects, desires, aptitudes, abilities or disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered are the amount and type of support that the child would have been afforded if the parents had stayed together. The child must be enrolled in school, actively pursuing a course of study, and in good academic standing as defined by the institution or the court-ordered postsecondary educational support may be automatically suspended during the period or periods the child fails to comply with these conditions. The

court in its discretion may order that the payment be made directly to the parent who has been receiving the transfer payments, to the educational institution if feasible, or to the child. The court shall not order the payment of postsecondary educational expenses beyond the child's twenty-third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.

NEW SECTION, Sec. 10. A new section is added to chapter 26.19 RCW to read as follows:

The parties may agree which parent is entitled to claim the child or children as dependents for federal income tax exemptions. The court may award the exemption or exemptions and order a party to sign the federal income tax dependency exemption waiver. The court may divide the exemptions between the parties, alternate the exemptions between the parties, or both.

NEW SECTION, Sec. 11. A new section is added to chapter 26.19 RCW to read as follows:

(1) When combined monthly net income is less than six hundred dollars, a support order not less than twenty-five dollars per month shall be entered for each parent, regardless of the number of children. A parent's child support obligation shall not reduce his or her net income below the need standard for one person promulgated pursuant to RCW 74.04.770, except for the mandatory minimum payment of twenty-five dollars per month as required by this subsection or in cases where the court finds reasons for deviation under section 8(8) of this act. This section shall not be construed to require monthly substantiation of income.

(2) The presumptive basic support obligation shall be determined upon the combined monthly net income of the parents up to a cap of five thousand dollars combined net income per month. The table is not presumptive but advisory only for combined monthly net incomes above five thousand dollars.

NEW SECTION, Sec. 12. A new section is added to chapter 26.19 RCW to read as follows:

(1) When combined monthly net income exceeds the highest combined monthly net income for which a presumptive amount of support is established, child support shall not be set at a level lower than that amount from the table but the court has discretion to establish support at higher levels upon written finding of fact.

(2) The provisions of this chapter shall apply to adult children who are dependent on their parents and for whom support is ordered pursuant to RCW 26.09.100.

Sec. 13. Section 2407, Code of 1881 as amended by section 1, chapter 207, Laws of 1969 ex. sess. and RCW 26.16.205 are each amended to read as follows:

The expenses of the family and the education of the children, including stepchildren, are chargeable upon the property of both husband and wife, or either of them, and ~~((in relation thereto))~~ they may be sued jointly or separately ~~((PROVIDED, That with regard to stepchildren, the obligation shall cease upon the termination of the relationship of husband and wife))~~. When a petition for dissolution of marriage or a petition for legal separation is filed, the court may, upon motion of the stepparent, terminate the obligation to support the stepchildren. The obligation to support stepchildren shall cease upon the entry of a decree of dissolution, decree of legal separation, or death.

NEW SECTION, Sec. 14. A new section is added to chapter 26.19 RCW to read as follows:

(1) Day care, extraordinary health care, long-distance transportation costs, and special child-rearing expenses such as tuition are not included in the basic support obligation for each child. These expenses shall be shared by the parents in the same proportion as the basic child support obligation and may be listed as a specific dollar amount or as a percentage amount subject to the verification requirements pursuant to subsection (2) of this section.

(2) (a) If a sum certain is established for day care and is set forth in the decree, the parent making the transfer payment is entitled to proof of the amount paid for day care. The parent making the transfer payment is responsible for the appropriate percentage of the actual amount paid, not to exceed the proper share of the amount as set forth in the decree. The transfer payment for day care must be made in advance if the day care amount is set forth in the decree or is a regularly paid amount in a sum certain. If an amount is not specified in the decree or a regular sum certain, reimbursement of day care expenses shall be treated in the same manner as reimbursement for transportation costs, extraordinary health care, and other extraordinary expenses.

(b) For transportation costs, extraordinary health care costs, and other extraordinary expenses of the children specified in the decree, the parent paying these expenses shall be entitled to prompt reimbursement of the other parent's share of those expenses. Proof of the expenditure shall be furnished to the parent from whom reimbursement is sought. Reimbursement must be made promptly but not later than thirty days of receipt of proof of payment of these expenditures.

(3) (a) If reimbursement is not made within the thirty-day period or is incomplete due to a nonsufficient fund check or other failure to pay, the parent seeking reimbursement may by motion obtain an order compelling payment with statutory interest. If a parent requests proof of payment and it is not provided within thirty days the party may move to compel production of the documents. The court shall award actual court costs and reasonable attorneys' fees to the prevailing party in every motion filed under this section except upon a showing of good cause for nonpayment.

(b) Wage assignment orders may be obtained pursuant to chapter 26.18 RCW to collect court-ordered basic child support, day care, extraordinary health care, long-distance transportation costs, or other extraordinary expenses, attorneys' fees, court costs, or any other item ordered by the court. A parent to whom basic child support, day care, extraordinary health care, long-distance transportation costs, or other extraordinary expenses are to be paid based on a percentage share of the costs, may by motion obtain a court order reducing the amounts owed to a sum certain and then enforce collection of that amount by a wage assignment order.

Sec. 15. Section 2, chapter 164, Laws of 1971 ex. sess. as last amended by section 1, chapter 55, Laws of 1989 and by section 151, chapter 175, Laws of 1989 and RCW 74.20A.020 are each reenacted and amended to read as follows:

(2) When the social security administration pays social security disability dependency benefits on behalf of or on account of the child or children of the disabled person, the amount of compensation paid for the children shall be treated for all purposes as if the disabled person paid the compensation toward satisfaction of the disabled person's child support obligation.

(3) Under no circumstances shall the person who has the obligation to make the transfer payment have a right to reimbursement of any compensation paid under subsection (1) or (2) of this section.

Sec. 18. Section 17, chapter 460, Laws of 1987 and RCW 26.09.225 are each amended to read as follows:

~~((b)) If approved by a majority vote of the superior court judges of a county, the superior court may adopt by local court rule an economic table that shall be used by the superior court of that county, instead of the economic table adopted by the commission, to determine the appropriate amount of child support. ~~(4) Worksheets in the form approved by the commission shall be completed and filed in every proceeding in which child support is determined. Variations of the worksheets shall not be accepted:~~

~~(5) Unless specific reasons for deviation are set forth in the written findings of fact or order and are supported by the evidence, the court or the presiding or reviewing officer shall order each parent to pay the amount of child support determined using the standard calculation:~~

Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. Reasons that may support a deviation from the standard calculation include: Possession of wealth, shared living arrangements, extraordinary debts that have not been voluntarily incurred, extraordinarily high income of a child, a significant disparity of the living costs of the parents due to conditions beyond their control, and special needs of disabled children. A deviation may be supported by tax planning considerations only if the child would not receive a lesser economic benefit. (c) Provisions for taking into account a parent whose income varies.

(4) Any proposed revisions to the schedule shall be submitted to the legislature no later than November 1st of each even-numbered year.

(5) If the commission fails to propose revisions to the schedule, the existing schedule shall remain in effect, unless the legislature refers the schedule to the commission for modification or adopts a different schedule. If the schedule is referred to the commission for modification, the provisions of subsection (7) of this section shall be applicable.

Sec. 21. Section 25, chapter 183, Laws of 1973 1st ex. sess. as last amended by section 152, chapter 175, Laws of 1989 and RCW 74.20A.055 are each amended to read as follows:

(1) The secretary may, in the absence of a superior court order, serve on the responsible parent or parents a notice and finding of financial responsibility requiring a responsible parent or parents to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future for such period of time as the child or children of said responsible parent or parents are in need. The hearing shall be held pursuant to RCW 74.20A.055, chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the responsible parent by certified mail, return receipt requested. The receipt shall be prima facie evidence of service. The notice shall be served upon the debtor within sixty days from the date the state assumes responsibility for the support of the dependent child or children on whose behalf support is sought. If the notice is not served within sixty days from such date, the department shall lose the right to reimbursement of payments made after the sixty-day period and before the date of notification: PROVIDED, That if the department exercises reasonable efforts to locate the debtor and is unable to do so the entire sixty-day period is tolled until such time as the debtor can be located. Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than twenty days from the date of service to file an application for an adjudicative proceeding. The application shall be served upon the department by registered or certified mail or personally. If no such application is made, the notice and finding of responsibility shall become final, and the debt created therein shall be subject to collection action as authorized under this chapter. If a timely application is made, the execution of notice and finding of responsibility shall be stayed pending the entry of the final administrative order. If no timely written application has previously been made, the responsible parent may petition the secretary or the secretary's designee at any time for an adjudicative proceeding as provided for in this section upon a showing of good cause for the failure to make a timely application. The filing of the petition for an adjudicative proceeding after the twenty-day period shall not affect any collection action previously taken under this chapter. The granting of an application after the twenty-day period operates as a stay on any future collection action, pending entry of the final administrative order. Moneys withheld as a result of collection action in effect at the time of the granting of the application after the twenty-day period shall be delivered to the department and shall be held in trust by the department pending entry of the final administrative order. The department may petition the presiding or reviewing officer to set temporary current and future support to be paid beginning with the month in which the application after the twenty-day period is granted. The presiding or reviewing officer shall order payment of temporary current and future support if appropriate in an amount determined pursuant to the child support schedule adopted under RCW 26.19.040. In the event the responsible parent does not make payment of the temporary current and future support as

ordered by the presiding or reviewing officer, the department may take collection action pursuant to chapter 74.20A RCW during the pendency of the adjudicative proceeding or thereafter to collect any amounts owing under the order. Temporary current and future support paid, or collected, during the pendency of the adjudicative proceeding shall be disbursed to the custodial parent or as otherwise appropriate when received by the department. If the final administrative order is that the department has collected from the responsible parent other than temporary current or future support, an amount greater than such parent's past support debt, the department shall promptly refund any such excess amount to such parent.

(3) Hearings may be held in the county of residence or other place convenient to the responsible parent. The notice and finding of financial responsibility shall set forth the amount the department has determined the responsible parent owes, the support debt accrued and/or accruing, and periodic payments to be made in the future for such period of time as the child or children of the responsible parent are in need, all computable on the basis of the need alleged. The notice and finding shall also include a statement of the name of the recipient or custodian and the name of the child or children for whom need is alleged; and/or a statement of the amount of periodic future support payments as to which financial responsibility is alleged.

(4) The notice and finding shall include a statement that the responsible parent may object to all or any part of the notice and finding, and file an application for an adjudicative proceeding to show cause why said responsible parent should not be determined to be liable for any or all of the debt, past and future.

The notice and finding shall include a statement that, if the responsible parent fails in timely fashion to file an application for an adjudicative proceeding, the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt shall be subject to collection action; a statement that the property of the debtor, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver to satisfy the debt.

(5) If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the alleged responsible parent and shall also determine the amount of periodic payments to be made in the future, which amount is not limited by the amount of any public assistance payment made to or for the benefit of the child. If deviating from the child support schedule adopted under RCW 26.19.040 in making these determinations, the presiding or reviewing officer shall comply with ~~((RCW 26.19.020 (4), (5), and (6)))~~ the provisions set forth in chapter 26.19 RCW.

If the responsible parent fails to attend or participate in the hearing or other stage of an adjudicative proceeding, upon a showing of valid service, the presiding officer shall enter an initial decision and order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action.

(6) The final order establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the administrative order: PROVIDED, That in the absence of a superior court order, either the responsible parent or the department may petition the secretary or his designee for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances, to require the other party to appear and show cause why the order previously entered should not be prospectively modified. Said order to appear and show cause together with a copy of the petition and affidavit upon which the order is based shall be served in the manner of a summons in a civil action or by certified mail, return receipt requested, on the other party by the petitioning party. Prospective modification may be ordered, but only upon a showing of good cause and material change of circumstances.

(7) The presiding or reviewing officer shall order support payments under the child support schedule adopted under RCW 26.19.040.

(8) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by a presiding or reviewing officer.

(9) 'Need' as used in this section shall mean the necessary costs of food, clothing, shelter, and medical attendance for the support of a dependent child or children. The amount determined by reference to the child support schedule adopted under RCW 26.19.040, shall be a rebuttable presumption of the alleged responsible parent's ability to pay and the need of the family: PROVIDED, That such responsible parent shall be presumed to have no ability to pay child support under this chapter from any income received from aid to families with dependent children, supplemental security income, or continuing general assistance.

NEW SECTION. Sec. 22. (1) The administrator for the courts shall develop a child support order summary report form to provide for the reporting of summary information in every case in which a child support order is entered or modified either judicially or administratively. The

administrator for the courts shall attempt to the greatest extent possible to make the form simple and understandable by the parties. The form shall indicate the following:

(2) Until June 30, ~~((1990))~~ 1991:

(a) Utility service for residential space heating shall not be terminated between November 15 through March 15 if the customer:

(i) Notifies the utility of the inability to pay the bill, including a security deposit. This notice ~~((shall))~~ should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. The grantee may verify information in the self-certification;

(iii) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. (iii) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area; ~~((and))~~

and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and (v) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.

SENATE AMENDMENTS TO HOUSE BILL

March 9, 1990

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2929 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. INTENT. The legislature finds that uncoordinated and unmanaged growth poses an immediate threat to the environment, to sustainable economic development, and to the high quality of life enjoyed by inhabitants of this state. It is in the interest of all the people of this state that citizens, communities, and local governments cooperate and coordinate with one another in comprehensive land use planning. Such cooperation and coordination state-wide will encourage predictability in the permitted uses of property and promote uniformity of land use planning.

NEW SECTION, Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) 'City' means any city, town, or optional municipal code city.
- (2) 'Department' means the department of community development.
- (3) 'Development regulations' mean any city or county controls on any land use or development activities including, but not limited to, zoning ordinances, planned unit development ordinances, and subdivision ordinances.
- (4) 'Special purpose district' means a local unit of government, other than a city, county, or regional organization, authorized and regulated by statute to perform a single function or a limited number of functions, and includes, but is not limited to, water districts, irrigation districts, port districts, fire protection districts, school districts, community college districts, public hospital

districts, sewer districts, public utility districts, public health districts, city and county health districts, cemetery districts, diking districts, metropolitan park districts, public transportation benefit areas, drainage districts, transportation districts, and metropolitan municipal corporations organized under chapter 35.58 RCW.

(5) 'Urban growth' means that growth which makes intensive use of the land for the location of buildings, structures, and impermeable surfaces. When allowed to occur over wide areas, it typically requires urban governmental services.

NEW SECTION, Sec. 3. STATE-WIDE PLANNING GOALS CHECKLIST. No later than July 1, 1991, the department shall adopt land use planning guidelines applicable to all city and county comprehensive land use plans. The guidelines shall be consistent with the purposes of this chapter and shall implement the following growth planning goals:

(1) To provide for the conservation and wise use of natural resources, and to maintain a productive agricultural and forest land base by discouraging the conversion of agricultural and forest land to other uses;

(2) To preserve unique wildlife habitats;

(2) The department shall develop a priority list for technical assistance for counties and cities. Priority for assistance shall be based on a county's or city's population growth rates, commercial and industrial development rates, the existence and quality of a comprehensive plan and development regulations, the need for technical assistance, and other relevant factors.

(4) The department shall establish, in consultation with representatives selected by the associations for cities and counties, a state-wide data base which includes all lands, land uses, and facilities in each municipality.

NEW SECTION, Sec. 5. PROCEDURE FOR ADOPTING STATE-WIDE PLANNING GOALS CHECKLIST AND ESTABLISHING TECHNICAL ASSISTANCE PROGRAM. In developing the guidelines under section 3 of this act and the program under section 4 of this act, the department shall

seek public participation. The department shall also consult with city and county legislative bodies and executive officials, other state agencies having expertise or jurisdiction in land use management and planning issues, and private sector and nonprofit organizations having an interest in comprehensive planning. (2) Each city and county shall establish procedures providing for early and continuous public participation in the development of comprehensive land use plans and amendments, and in the adoption of development regulations to implement such plans. The procedures shall provide for dissemination of proposals and alternatives, opportunity for written comments, public meetings after timely and effective notice, provision for open discussion, and consideration of and response to public comments. Errors in exact compliance with the established procedures which do not have a material effect upon the ability of a person to participate shall not be the basis for invalidation of a plan provision, plan amendment, or development regulation.

(3) City comprehensive plans shall not be inconsistent with the county plan. Within a reasonable time, each county and city shall assure that their plans are not inconsistent with other counties or cities that are close or contiguous or that have related regional interests. To promote consistency, counties and cities that are close or contiguous shall prepare their comprehensive plans in consultation with each other.

(4) Upon adoption of a resolution by the legislative body of a city with a population of less than seven thousand five hundred that the burdens of adopting a comprehensive plan and development regulations outweigh the benefits to be derived from the process, the city shall be exempted from the provisions of this chapter. NEW SECTION. Sec. 15. INTENT—TRANSPORTATION PLANNING. The legislature finds that while the transportation system in Washington is owned and operated by numerous public jurisdictions, it should function as one interconnected and coordinated system. Transportation planning, at all jurisdictional levels, should be coordinated with local comprehensive plans. Further, local jurisdictions and the state should cooperate to achieve both state-wide and local transportation goals. To facilitate this coordination and cooperation among state and local jurisdictions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional transportation systems and facilities throughout the state.

NEW SECTION. Sec. 16. REGIONAL TRANSPORTATION PLANNING ORGANIZATIONS AUTHORIZED. The legislature hereby authorizes creation of regional transportation planning organizations within the state. Each regional transportation planning organization may be formed through the voluntary association of local governments within a county, or within geographically contiguous counties. Each organization shall:

Regional transportation planning organizations are encouraged to use county, city, and town comprehensive plans that existed prior to the effective date of this section as the basis of its regional transportation plan whenever possible. Such plans shall address existing or planned transportation facilities and services that exhibit one or more of the following characteristics:

- (i) Physically crosses member county lines;

(2) The six-year program of each county having an urban area within its boundaries shall contain a separate section setting forth the six-year program for arterial road construction based upon its long-range construction plan and formulated in accordance with regulations of the transportation improvement board. The six-year program for arterial road construction shall be submitted to the transportation improvement board forthwith after its annual revision and adoption by the legislative authority of each county. The six-year program for arterial road construction shall be based upon estimated revenues available for such construction together with such additional sums as the legislative authority of each county may request for urban arterials from the urban arterial trust account or the transportation improvement account for the six-year period. The arterial road construction program shall provide for a more rapid rate of completion of the long-range construction needs of principal arterial roads than for minor and collector arterial roads, pursuant to regulations of the transportation improvement board.

(3) Each six-year program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for bicycles, pedestrians, and equestrian purposes.

Sec. 20. Section 35.77.010, chapter 7, Laws of 1965 as last amended by section 6, chapter 167, Laws of 1988 and RCW 35.77.010 are each amended to read as follows:

TRANSPORTATION PLANS MUST CONFORM TO COMPREHENSIVE PLAN. (1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive street program for the ensuing six calendar years ~~((and shall file))~~. Based on these findings each such legislative body shall prepare and after public hearings thereon adopt a revised and extended comprehensive street program before July 1st of each year, and each one-year extension and revision shall be filed with the secretary of transportation not more than thirty days after its adoption. The purpose of this section is to assure that each city and town shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated street construction program. The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year program of each city lying within an urban area shall contain a separate section setting forth the six-year program for arterial street construction based upon its long range construction plan and formulated in accordance with rules of the transportation improvement board. The six-year program for arterial street construction shall be submitted to the transportation improvement board forthwith after its annual revision and adoption by the legislative body of the city. The six-year program for arterial street construction shall be based upon estimated revenues available for such construction together with such additional sums as the legislative authority may request for urban arterials from the urban arterial trust account or

the transportation improvement account for the six-year period. The arterial street construction program shall provide for a more rapid rate of completion of the long-range construction needs of principal arterial streets than for minor and collector arterial streets, pursuant to rules of the transportation improvement board: PROVIDED, That urban arterial trust funds made available to the group of incorporated cities lying outside the boundaries of federally approved urban areas within each region need not be divided between functional classes of arterials but shall be available for any designated arterial street.

(2) Each six-year program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for bicycle, pedestrian, and equestrian purposes.

The program shall be consistent with the comprehensive plans adopted by counties, cities, and towns, pursuant to chapter 35.63, 35A.63, or 36.70 RCW, or the inherent authority of a first class city or charter county derived from its charter. The program shall contain information as to how the municipality intends to meet state and local long-range priorities for public transportation, capital improvements, significant operating changes planned for the system, and how the municipality intends to fund program needs. Each municipality shall file the six-year program with the state department of transportation, the transportation improvement board, and cities, counties, and regional planning councils within which the municipality is located.

In developing its program, the municipality shall consider those policy recommendations affecting public transportation contained in the state transportation policy plan approved by the state transportation commission and, where appropriate, adopted by the legislature. The municipality shall conduct one or more public hearings while developing its program and for each annual update.

NEW SECTION. Sec. 24. A new section is added to chapter 35A.63 RCW to read as follows:

NEW SECTION. Sec. 25. A new section is added to chapter 35.63 RCW to read as follows:

Each city and county that has a comprehensive plan, zoning ordinances, building codes, or other land use controls establishing areas within the city or town where only detached single family dwellings are allowed for residential purposes, shall permit the inclusion of separate living quarters in all detached single family residential dwellings located in such areas to be used by persons who are related by blood, adoption, or marriage to an owner and occupant of the single family dwelling for the purpose of extended family care. These separate living quarters shall be authorized by conditional use permits, subject to state and local building standards adopted under chapter 19.27 RCW.

These separate living quarters shall be authorized by conditional use permits, subject to state and local building standards adopted under chapter 19.27 RCW.

NEW SECTION. Sec. 28. INTENT—RURAL ECONOMIC DEVELOPMENT. The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth. Much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas of the state.

Sec. 29. Section 1, chapter 20, Laws of 1983 1st ex. sess. as amended by section 1, chapter 231, Laws of 1985 and RCW 43.210.010 are each amended to read as follows:

EXPORT ASSISTANCE CENTER—ENCOURAGE URBAN-RURAL LINKS. The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting.

Sec. 30. Section 2, chapter 20, Laws of 1983 1st ex. sess. as amended by section 2, chapter 231, Laws of 1985 and RCW 43.210.020 are each amended to read as follows:

EXPORT ASSISTANCE CENTER—ENCOURAGE URBAN-RURAL LINKS. A nonprofit corporation, to be known as the small business export finance assistance center, and branches subject to its authority, may be formed under chapter 24.03 RCW for the following public purposes:

(1) To assist small and medium-sized businesses in both urban and rural areas in the financing of export transactions.

(2) To provide, singly or in conjunction with other organizations, information and assistance to these businesses about export opportunities and financing alternatives.

(3) To provide information to and assist those businesses interested in exporting products, including the opportunities available to them in organizing export trading companies under the United States export trading company act of 1982, for the purpose of increasing their comparative sales volume and ability to export their products to foreign markets.

Sec. 31. Section 1, chapter 466, Laws of 1985 and RCW 43.31.005 are each amended to read as follows:

DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT—ENCOURAGE GROWTH STATE-WIDE. The legislature of the state of Washington finds that economic development is an essential public purpose which requires the active involvement of state government. The state's primary economic strategy is to encourage the retention and expansion of existing businesses, to attract new businesses and industries, ((and)) to foster the formation of new businesses, and to economically link rural communities with urban areas. In order to aid the citizens of Washington to obtain desirable employment and achieve adequate incomes, it is necessary for the state to encourage balanced growth and economic prosperity and to promote a more diversified and healthy economy throughout the state.

The legislature finds that the state needs to improve its level of employment, business activity, and revenue growth. In order to increase job opportunities and revenues, a broader and more stable economic base is needed. The state shall take primary responsibility to encourage the balanced growth of the economy consistent with the preservation of Washington's quality of life and environment. A healthy economy can be achieved through partnership efforts with the private sector to facilitate increased investment in Washington. It is the policy of the state of Washington to encourage and promote an economic development program that provides sufficient employment opportunities for our current resident work force and those individuals who will enter the state's work force in the future.

The legislature finds that the state of Washington has the potential to become a major world trade gateway. In order for Washington to fulfill its potential and compete successfully with other states and provinces, it must articulate a consistent, long-term trade policy. It is the responsibility of the state to monitor and ensure that such traditional functions of state government as transportation, infrastructure, education, taxation, regulation and public expenditures contribute to the international trade focus the state of Washington must develop.

PUBLIC WORKS ASSISTANCE FUND—CONSIDER BENEFITS TO COMMUNITY. (1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a long-term plan for financing public works needs; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(c) The cost of the project compared to the size of the local government and amount of loan money available;

(d) The number of communities served by or funding the project;

(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment; ~~((and))~~

(f) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(g) Other criteria that the board considers advisable.

(3) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(4) Before November 1 of each year, the board shall develop and submit to the chairs of the ways and means committees of the senate and house of representatives a description of the emergency loans made under RCW 43.155.065 during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(6) Subsections (4) and (5) of this section do not apply to loans made for emergency public works projects under RCW 43.155.065.

Sec. 43. Section 6, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 62, chapter 431, Laws of 1989 and RCW 43.160.060 are each amended to read as follows:

COMMUNITY ECONOMIC REVITALIZATION BOARD—CONSIDER BENEFITS TO RURAL COMMUNITY—DESTINATION TOURIST RESORTS. The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not make a grant or loan:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that probably would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only make grants or loans:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, ~~(and)~~ industrial distribution, and destination tourist resorts; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-linking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; or (iv) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.

(3) The board shall prioritize each proposed project according to the relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.

(4) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any loan or grant application is approved, the political subdivision seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec. 44. Section 2, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 58, chapter 466, Laws of 1985 and RCW 43.160.020 are each amended to read as follows:

DEVELOPMENT LOAN FUND COMMITTEE—CONSIDER BENEFITS TO RURAL COMMUNITY.

(1) The committee may only approve an application providing a loan for a project which the committee finds:

(a) Will result in the creation of employment opportunities or the maintenance of threatened employment;

(b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, and the employment of disadvantaged workers, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The committee shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The committee may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the committee. The committee may require an annual or other periodic audit of the project books.

(4) The committee may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5) (a) Except as provided in (b) of this subsection, the committee shall not approve any application which would result in a loan or grant in excess of three hundred fifty thousand dollars.

(b) The committee may approve an application which results in a loan or grant of up to seven hundred thousand dollars if the application has been approved by the director.

(6) The committee shall fix the terms and rates pertaining to its loans.

(7) Should there be more demand for loans than funds available for lending, the committee shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the 'greatest amount of employment or benefit' the committee shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the committee shall require applicants to provide for the transfer of all payments of principal and interest on loans to the Washington state development loan fund created under this chapter. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The committee shall not approve any application to finance or help finance a shopping mall.

(10) The committee shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. The committee shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the committee shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the committee if a project is not likely to result in a net increase in employment within a local market area.

Sec. 46. Section 7, chapter 125, Laws of 1984 as amended by section 33, chapter 505, Laws of 1987 and RCW 43.63A.078 are each amended to read as follows:

TECHNICAL ASSISTANCE GRANTS. (1) The department shall develop and administer a local development matching fund program. To be eligible to receive funds under this program, an organization must be a local government or a nonprofit local development entity. Any local government or entity requesting funds must demonstrate the participation of a cross-section of the local community in the economic development project, including business, labor, education and training, and the public sector. Under this program, the department shall provide matching funds which shall be used for the formulation of local economic development strategies, including the technical analysis necessary to designate and carry out the strategies. A technical analysis can include, but is not limited to, the development and dissemination of data on local markets, demographics, comparative business costs, site availability, labor force characteristics, and local incentives. Funds are to be used primarily to foster new developments and expansions which result in the trading of goods and services outside of the state's borders. Funds may be made available for assisting local businesses in utilizing state and federal programs in exporting, training, and financing. Funds may also be used to provide technical assistance to businesses in the areas of land use, transportation, site location, and manpower training. Matching funds cannot be used for entertainment, capital expenses, hosting, or marketing. Funds granted for economic development projects must be matched by local resources on a dollar-for-dollar basis. Not more than fifty thousand dollars of state matching funds as provided by this section may be used for any one project.

(2) The department shall set aside, within its general fund appropriation, a sum of two hundred thousand dollars per biennium for technical assistance grants to assist community-based organizations in their efforts contributing to the redevelopment and economic well-being of low-income areas.

A maximum of forty percent of the funds set aside for technical assistance purposes provided in this subsection may be made available for technical assistance in organizational and board development to those organizations demonstrating a reasonable probability that such assistance will help them undertake a development project. A minimum of sixty percent of the funds set aside for technical assistance purposes shall be used for projects which meet the following standards:

(a) Community-based organizations have or will have a minimum ten percent ownership of the development project;

(b) The project is within a low-income area;

(c) The project has provided reasonable assurance that it will conform to all applicable environmental, zoning, and building laws;

(d) The benefits of the project, including the addition or retention of employment and of capital in the low-income area, shall primarily accrue to the residents of the area;

(e) There is a reasonable expectation that the project will be successful, and that the eligible organization and project participants are responsible parties;

(f) Alternative sources, including other agencies or institutions of the state or federal government, have been sought and are either insufficient or unavailable to meet the needs of the project;

(g) The technical assistance to be provided is essential to the success of the project;

(h) Provision has been made for the active participation in the project of residents of the low-income area; and

(i) Provisions have been made for reporting by the eligible organization concerning the manner in which the technical assistance is used on the project and the extent to which it achieves its intended results.

The amount required to be set aside under this section for the biennium ending June 30, 1991, shall be reduced or eliminated if a specific appropriation for the full amount required under this subsection is not made to the department by June 30, 1989.

Grant recipients under this subsection may be community-based organizations or state-wide organizations which provide technical assistance to community-based organizations.

(3) For purposes of subsection (2) of this section, 'community-based organization' means:

(a) A nonprofit corporation organized under state law that:

(i) Is organized to operate within a specific substate area;

(ii) Has experience operating programs which directly benefit low-income citizens;

(iii) Has low-income people or representatives of organizations serving the low income on its board of directors.

(b) Any Native American tribal governing body.

NEW SECTION. Sec. 47. A new section is added to chapter 43.63A RCW to read as follows:

LOW-INCOME SELF EMPLOYMENT. The department of community development shall implement a self-employment loan program. The program shall provide grants to local development organizations to use solely in revolving loan funds to finance the small businesses of low-income persons. Grants are to be distributed through a competitive application process to be administered by the department in consultation with an advisory committee. Any organization receiving a grant must: (1) Demonstrate the need for a low-income, self-employment project in its community; (2) demonstrate the capacity of the organization to administer the project; and (3) describe the loan procedure and the self-employment training and support

programs into which the loan fund will be incorporated. No grant shall be greater than sixty thousand dollars. An organization may provide loans from the grant award of no greater than five thousand dollars. No more than ten percent of any appropriation to the department for the program may be used by the department for administrative costs.

NEW SECTION. Sec. 48. APPROPRIATION--GENERAL FUND. Three million dollars, or as much thereof as may be necessary, is appropriated from the general fund to the department of community development, for the biennium ending June 30, 1991, solely for the purpose of implementing section 4 of this act.

Sec. 50. Section 5, chapter 137, Laws of 1974 ex. sess. as last amended by section 47, chapter 36, Laws of 1988 and RCW 76.09.050 are each amended to read as follows:

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. Class II shall not include forest practices:

(d) Excluded from Class II by the board;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, (b) on lands being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, and/or (d) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) No Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended: PROVIDED, That any person commencing a forest practice during 1974 may continue such forest practice until April 1, 1975, if such person has submitted an application to the department prior to January 1, 1975: PROVIDED, FURTHER, That in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) If a notification or application is delivered in person to the department by the operator or his agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) The department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in

which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology, wildlife, and fisheries, and to the county (~~in which~~), city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) If the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) The department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960; or

(ii) Being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b) (i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) In addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) Appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) The department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) A county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

Sec. 51. Section 6, chapter 137, Laws of 1974 ex. sess. as amended by section 3, chapter 200, Laws of 1975 1st ex. sess. and RCW 76.09.060 are each amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices regulations shall specify by whom and under what conditions the notification and application shall be signed. The application or notification shall be delivered in person or sent by certified mail to the department. The information required may include, but shall not be limited to:

(a) Name and address of the forest land owner, timber owner, and operator;

(b) Description of the proposed forest practice or practices to be conducted;

(c) Legal description of the land on which the forest practices are to be conducted;

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices regulations;

(g) Soil, geological, and hydrological data with respect to forest practices;

(h) The expected dates of commencement and completion of all forest practices specified in the application;

(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources; and

(j) An affirmation that the statements contained in the notification or application are true.

(2) At the option of the applicant, the application or notification may be submitted to cover a single forest practice or any number of forest practices within reasonable geographic or political boundaries as specified by the department. Long range plans may be submitted to the department for review and consultation.

(3) The application shall indicate whether any land covered by the application will be converted or is intended to be converted to a use other than commercial timber production within three years after completion of the forest practices described in it.

(a) If the application states that any such land will be or is intended to be so converted:

(i) The reforestation requirements of this chapter and of the forest practices regulations shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices regulations issued under RCW 76.09.070 as now or hereafter amended;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.28, 84.33, and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices regulations.

(b) If the application does not state that any land covered by the application will be or is intended to be so converted:

(i) For six years after the date of the application the county ((or); city, town, and regional governmental entities may deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal from classification under the provisions of RCW 84.28.065, a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and

(iii) Conversion to a use other than commercial timber operations within three years after completion of the forest practices without the consent of the county ((or municipality)), city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application shall be either signed by the land owner or accompanied by a statement signed by the land owner indicating his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) The notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of one year from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice.

NEW SECTION. Sec. 52. Section headings as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 53. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

March 14, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 48, Engrossed Substitute House Bill No. 1825 entitled:

"AN ACT Relating to high capacity transportation systems."

Section 48 changes a reference in current law from "rail development" account to "high capacity transportation" account. Section 308(2)(a) of Engrossed Substitute Senate Bill No. 6358, an act relating to transportation taxes, amends the same section of current law in a similar manner and makes additional revisions. In order to avoid duplicative amendments, I am vetoing section 48.

With the exception of section 48, Engrossed Substitute House Bill No. 1825 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 14, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval Substitute House Bill No. 2587 entitled:

"AN ACT Relating to port district road improvements."

This bill provides port districts the authority to expend port funds on constructing, improving, or repairing any street, road, or highway that serves port facilities. On March 6, 1990, I signed Substitute Senate Bill No. 6531, which accomplishes the same result as this bill.

For this reason, I have vetoed Substitute House Bill No. 2587 in its entirety.

Respectfully submitted,
Booth Gardner, Governor.

SIGNED BY THE SPEAKER

The Speaker (Ms. Hine presiding) announced the Speaker had signed:

March 15, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 73, House Bill No. 2797 entitled:

"AN ACT Relating to elections."

Section 73 amends RCW 29.21.075. Later, in section 112(14), that statute is repealed.

The provisions of section 73, outlining election procedures for District Court judges, are repeated in sections 80, 94, and 95 of this bill and, therefore, section 73 is redundant. To correct this technical error I have vetoed section 73.

With the exception of section 73, House Bill No. 2797 is approved.

Respectfully submitted,
Booth Gardner, Governor.

There being no objection, the House advanced to the eleventh order of business.

MOTION

On motion of Mr. R. King, the House adjourned until 11:00 a.m., Monday, March 19, 1990.

of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, House Bill No. 2942 entitled:

"AN ACT Relating to progress reports on the recreational fisheries enhancement plan."

I am supportive of the Recreational Fisheries Enhancement Plan initiated by the Washington Department of Fisheries. I also understand the interest of legislative members in being kept apprised of the implementation of the Plan. I do not, however, believe that it is necessary to codify the intent section of this bill.

MESSAGES FROM THE GOVERNOR

March 23, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I have the honor to advise you that on March 23, 1990, Governor Gardner approved the following House Bills entitled:

HOUSE BILL NO. 2253: Relating to the state minimum wage for students at institutions of higher education;

SUBSTITUTE HOUSE BILL NO. 2375: Relating to ALL KIDS CAN LEARN incentive grants;

SUBSTITUTE HOUSE BILL NO. 2378: Relating to educational service districts;

Sincerely,
Thomas J. Feltnagle, Counsel.

March 23, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, Engrossed House Bill No. 1491 entitled:

"AN ACT Relating to community action agencies."

Community action agencies provide a valuable service in the State of Washington, by administering a variety of low-income programs. Section 1 establishes a statutory reference for this service delivery system. Section 2 defines the role of community action boards.

I have vetoed section 2 because the language creating the power of the boards is in conflict with the manner in which some agencies in the state operate. Some agencies are funded through political subdivisions and the language in the bill would interfere with the administrative practices of these subdivisions and create a potential for litigation.

With the exception of section 2, Engrossed House Bill No. 1491 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 23, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 2761 entitled:

"AN ACT Relating to the Washington state school directors association."

This bill would allow the Washington State School Directors Association to:

"...provide for the compensation of officers for each day during which the officer attends an official meeting of the association or performs prescribed duties as approved by the Board of Directors of the Association..."

The School Directors Association is a state agency with part-time officers and members on its board of directors. Existing statutes consider comparability among similar state agencies and provide guidelines for compensation of part-time members.

These guidelines set the maximum compensation allowed for board and commission members based on responsibilities and duties performed by the Board. For example, the State Board of Education, with rule making authority and quasi-judicial powers, is classified as a "class three group". By law, its members are entitled to a maximum of \$50 daily compensation for their time. By resolution, the school directors association board has also set its officers' compensation at \$50 per day. This bill, however, sets no maximum limit on association officers' compensation.

I recognize the importance of school directors' public service and would be willing to work with the association on this important matter.

For the reasons stated above, I have vetoed House Bill No. 2761 in its entirety.

Respectfully submitted,
Booth Gardner, Governor.

March 23, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 18, Substitute House Bill No. 2792 entitled:

"AN ACT Relating to podiatric physicians and surgeons."

Section 18 of this bill restates substantially the immunity from liability extended by RCW 18.130.300 (The Uniform Disciplinary Act) to the secretary, members of the board or individuals acting on their behalf. RCW 18.130.300 provides immunity based on "official acts performed in the course of their duties" for members of a variety of health care boards. Section 18 of this bill would extend immunity only to the Washington State Podiatric Medical Board for any act performed in the course of their duties."

Neither the bill nor its legislative history provides further explanation of the change in immunity extended by section 18, nor a justification for such change to members of this particular health care board.

In order to maintain consistency, I have vetoed section 18 of this bill.

With the exception of section 18, Substitute House Bill No. 2792 is approved.

Respectfully submitted,
Booth Gardner, Governor.

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.

The Speaker (Mr. O'Brien presiding) called the House to order.

JOSEPH E. KING, Speaker

ALAN THOMPSON, Chief Clerk

March 26, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 9, Substitute House Bill No. 2342 entitled:

"AN ACT Relating to fire sprinkler system contractors."

Section 9 requires the director of the Department of Community Development to create a statutory advisory committee for fire protection sprinkler systems. The committee is to be composed of local representatives, county representatives, and individuals involved with the industry. Although I concur with the need to involve affected parties and will direct the department to pursue this goal, the director of the Department of Community Development has existing authority to create advisory committees, as required, and there is no need to mandate this committee in statute.

For this reason, I have vetoed section 9 of Substitute House Bill No. 2342.

With the exception of section 9, Substitute House Bill No. 2342 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 26, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 4 Substitute House Bill No. 2861 entitled:

"AN ACT Relating to state agency responsibilities for the regulation of manufactured housing."

The bill consolidates certain administrative responsibilities related to manufactured housing from other state agencies into the Department of Community Development. Section 4 of the bill requires a related report to the Legislature by July 1, 1990.

Although I fully support the merits of the report required by section 4, the July 1, 1990, reporting date provides insufficient opportunity to develop the necessary and relevant information.

For this reason, I have vetoed section 4 of this bill.

I will direct the Department of Licensing, the Department of Labor and Industries and the Department of Community Development to provide a report to the Legislature as envisioned in section 4 of this bill by October 15, 1990.

With the exception of section 4, Substitute House Bill No. 2861 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 26, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 4, 8, 11, and 14, House Bill No. 2888 entitled:

"AN ACT Relating to child support."

The issues around child support are matters of increasing complexity in today's society. In the past several years, the Legislature has been struggling to create a fair system which ensures the well-being of children.

The Child Support Commission created a basic framework that attempts to fairly divide the responsibilities of financial support between parents. The commission fulfilled its function, which was to design an economic table based on data, outside of the political process and away from the volatile emotional climate that often occurs during divorce.

As I have said before, the support schedule needs some adjustments to ensure that second families are not unfairly disadvantaged. I anticipate that a variety of adjustments for this and other purposes will occur periodically as society changes. Since the child support system was enacted just last year, little data exists at this time to justify major changes that would substantially alter support levels.

I applaud the effort the Legislature made in House Bill No. 2888 to ensure that court decisions on support are well justified and documented. These changes create access to data which will be useful in future decisions about child support.

Many aspects of House Bill 2888 will benefit non-custodial parents. This legislation ensures that non-custodial parents will not have to pay additional support solely because the other parent received a salary increase. The issue of support for children obtaining post-secondary education is resolved with certainty and with protections for non-custodial parents.

Non-custodial parents are given clear rights regarding access to educational and health records. Courts are allowed to give either parent the right to claim the child as a tax exemption and non-custodial parents are ensured that disability benefits received by their children can be set off against the support obligation. Stepparents may terminate their obligation to support stepchildren much sooner, as well.

Section 4 supersedes the Washington State Child Support Schedule in the Washington register. I am vetoing this section to preserve the schedule as modified by House Bill No. 2888, since the other vetoes will require reference back to that schedule for some purposes.

Section 8 substantially modifies the manner in which gross income is calculated and deviations are to be made. Although I understand that this section attempts to adjust for possible inequities to second families, the legislation goes much further than that. It removes a wide array of items from the calculation of gross income, and shifts the burden of proof for deviations to custodial parents even in situations where the income is actually much higher than "gross income" as defined in this section. This section could substantially lower support for children, when no data exists to justify this change.

Section 11 contains a significant change that conflicts with the statutory policy. Existing law allows the court to use the economic table as advisory if the combined monthly net income exceeds the ceiling, but the court must order some additional support. This section eliminates the mandate that a child receive additional support when parents have incomes higher than the ceiling. RCW 26.19.001 states an intent that children in our state should receive support to meet their basic needs and additional support commensurate with their parents' standard of living.

Section 14 changes the way in which child care, transportation and other expenses are paid. Most of these expenses would no longer be paid in advance, which is likely to unfairly burden custodial parents. Furthermore, the remedies for failure to pay seem unworkable. This language appears to require a custodial parent to go to court each time the other parent fails to pay his or her share of a transportation cost or child care bill. I am concerned that this approach will impede a parent's ability to actually collect for expenses incurred and it would also result in more pressure on already crowded court dockets.

With the exception of sections 4, 8, 11 and 14, House Bill No. 2888 is approved.

Respectfully submitted,
Booth Gardner, Governor.

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.
The Speaker called the House to order.

Strike everything after the enacting clause and insert the following:

***NEW SECTION.** Sec. 1. PURPOSE AND INTENT. (1) It is the intent of this chapter to preserve, protect, manage, and regulate wetlands state-wide for the purposes of promoting public health, safety, and general welfare, while: (a) Conserving fish, wildlife, and other natural resources of the state; (b) protecting the ecological and economic benefits to the public of wetlands functions and values; (c) regulating property use and development while maintaining the natural and economic benefits provided by wetlands, consistent with the general welfare of the state; (d) protecting private property rights consistent with the public interest; (e) providing private landowners an opportunity, within a regulated environment, to manage and develop their property for economic benefit; (f) providing for the systematic review of activities in and around wetlands so that the benefits of wetlands are considered and protected; (g) creating a wetlands protection and management program on a cooperative basis between the state and local governments; and (h) avoiding the duplication of permit approvals through integrated regulatory procedures.

(2) It is the short-term goal of the state of Washington to achieve no overall net loss of the remaining wetlands base, defined by acreage and function, and it is the long-term goal to restore and create wetlands, where feasible, to increase the quantity and quality of the wetlands resource base. The public must share with the private sector the costs of restoring and creating wetlands to achieve this goal. Although calling for a stable and eventually increasing inventory of wetlands, the goal does not imply that individual wetlands will in every instance be untouchable or that the overall no-net-loss goal can be achieved solely on an individual permit basis, only that the overall wetlands base reach equilibrium between losses and gains in the short term and increase in the long term.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Department' means the department of ecology.

(2) 'Director' means the director of the department of ecology.

(3) 'Existing and ongoing agriculture' includes those activities conducted on lands defined in RCW 84.34.020(2), private upland fin fish hatching and rearing facilities, and those activities involved in the production of crops, livestock, or commercially reared fish. For example, the operation and maintenance of farm, stock and commercial upland fish ponds or drainage ditches, operation and maintenance of ditches, intake and discharge systems, irrigation systems including irrigation diversions, laterals, canals, or irrigation drainage ditches, changes between agricultural activities, and normal maintenance, repair, or operation of existing serviceable structures, facilities, dikes, or improved areas. An operation ceases to be ongoing when the area on which it is conducted is proposed for conversion to a nonagricultural use or has lain idle for more than seven years, unless the idle land is registered in a federal or state soils conservation program, or unless the activity is maintenance of irrigation ditches, laterals, canals, or drainage ditches related to an existing and ongoing agricultural activity. Nothing in this subsection shall be interpreted to allow new agricultural activities to be conducted on category one, two, or three wetlands without obtaining a permit or otherwise complying with the provisions of this chapter. With prior notification, agricultural activities may bring a category four wetland into agricultural use and shall be considered existing and ongoing agriculture. Prior to any subsequent conversion to a nonagricultural use, the category four wetland shall be restored or mitigated pursuant to the provisions of this chapter. Forest practices are not included in this definition.

(4) 'Local government' means any county, city, or town that contains within its boundaries any regulated wetland subject to the provisions of this chapter.

(5) 'Person' means an individual, partnership, corporation, association, organization, cooperative, public or municipal corporation, or agency of the state, local, or other governmental unit.

(6) 'Regulated wetland' means ponds twenty acres or less, including their submerged aquatic beds, and those lands defined as wetlands under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and rules promulgated thereto, and shall be those areas that are inundated or saturated by surface or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Regulated wetlands generally include swamps, marshes, bogs, and similar areas. Regulated wetlands do not include those artificial wetlands intentionally

include programs enacted prior to the effective date of this act if adopted pursuant to an expedited process by reason of an emergency.

(8) Local governments shall submit wetlands programs adopted anytime after the effective date of this act, to the department for approval. The local government wetlands program shall be approved by the department if the department determines that the submitted program complies with sections 2(6) and 8 of this act and is consistent with the policy and provisions of this chapter and the states rules when adopted pursuant to this chapter.

The department shall approve or deny approval of the program and, if approval is denied, the department shall provide the specific reasons for the denial within ninety days after receipt of the submittal by the local government.

After approval, major and minor amendments to existing programs shall comply with the provisions of subsection (10) of this section.

(9) Following the department's approval of a proposed program, the local government shall adopt and implement the program.

(10) The department shall adopt rules specifying major and minor program amendments. Major amendments shall be submitted to and acted upon by the department in the same manner as the original program. Notice of minor amendments shall be submitted to the department following local government adoption.

(11) A wetlands program developed after the dates specified in subsection (4) of this section shall be effective only after approval by the department and subsequent adoption by local government. Local government shall inform the department of the effective date of the program.

(12) Wetlands rules developed and adopted by the department as criteria for program implementation and permit review for local governments shall govern while local plans are being developed or in the absence of local programs.

NEW SECTION. Sec. 4. WETLANDS RATING SYSTEM. (1) The department shall develop and adopt a four-category wetlands rating system with the highest category (category one) being wetlands of state-wide significance. The department shall provide by rule an option for local governments to combine the two top categories of the four categories. The department shall develop the wetlands rating system with assistance of an advisory committee comprised of interested parties.

(2) Local governments shall rate wetlands within their jurisdictions according to the rating system.

NEW SECTION. Sec. 5. WETLANDS PERMITS—APPROVED LOCAL PERMITS—STANDARDS FOR ISSUANCE—NOTICE—DEPARTMENT REVIEW. (1) Except as provided in section 6 of this act, a permit shall be obtained from the appropriate local government prior to undertaking the following activities in a regulated wetland or its buffer:

(a) The removal, excavation, grading, or dredging of soil, sand, gravel, minerals, organic matter, or material of any kind;

(b) The dumping, discharging, or filling with any material;

(c) The draining, flooding, or disturbing of the water level or water table;

(d) The driving of pilings;

(e) The placing of obstructions;

(f) The construction, reconstruction, demolition, or expansion of any structure;

(g) The destruction or alteration of wetlands vegetation through clearing, harvesting, shading, intentional burning, or planting of vegetation that would alter the character of a regulated wetland, provided that these activities are not part of a forest practice regulated under section 6 of this act;

(h) Activities that result in the introduction of pollutants in excess of water quality standards or a significant change of chemical characteristics of wetlands water sources.

(2) Local governments, consistent with rules of the department, shall designate in their wetlands programs, activities, if any, not requiring a permit under subsection (1) of this section where the activities are minor, including activities of a temporary nature or ongoing uses, and have minimal adverse impacts on regulated wetlands.

(3) Local governments shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section, which shall be included in the wetlands program required by section 3 of this act. Local governments are authorized to incorporate the permit system into existing local government permit systems to avoid duplicate permitting, where the existing permit system is made consistent with the requirements of this chapter.

(4) A permit shall only be granted if the permit, as conditioned, is consistent with the provisions of a local wetlands program.

(5)(a) Local government shall provide notice of applications to the public for wetlands permits pursuant to rules developed by the department and shall use to the extent practical existing permit notification procedures. Notification procedures shall be specified in local programs.

(b) The department shall, by rule, specify procedures for notification of permit applications and time limits for comment by the department for permits related to wetlands of state-wide

created from nonwetland sites. These include, but are not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities. Wetlands created as mitigation and wetlands modified for approved land use activities shall be considered as regulated wetlands.

(7) 'State wetlands rating system' means the method developed and adopted by the department based on four categories for differentiating wetlands based on specific characteristics or functional attributes.

(8) 'General permit' means the permit granted under section 6 of this act. Activities granted a general permit and conducted in compliance with section 6 of this act may be undertaken without obtaining a wetlands permit under section 5 of this act. State and local governments may not impose additional conditions under the authority of this chapter on activities granted a general permit under section 6 of this act.

(9) 'Wetland buffer' or 'buffer' means lands bordering regulated wetlands which are to be managed only to the extent necessary to protect the functions and values of regulated wetlands.

(10) 'Wetlands program' means a program adopted by a local government and approved by the department to protect and manage regulated wetlands and their buffers.

(11) 'Wetlands standards' means those standards defined in this chapter or adopted by the department by rule or by local governments in their wetlands programs under this chapter.

(12) 'Wetlands of state-wide significance' means those regulated wetlands determined by rule of the department that have characteristics of exceptional resource value which should be afforded the highest levels of protection.

NEW SECTION. Sec. 3. ELEMENTS OF A WETLANDS PROGRAM—ADOPTION OF WETLANDS PROGRAMS. (1) A wetlands program sufficient to meet the requirements of this chapter shall include:

- (a) An inventory for all regulated wetlands, as funding permits;
- (b) Specific rules governing the activities listed in section 5(1) of this act when the activities occur in a regulated wetland or its buffer;
- (c) Identification and description of local permits to be used in administering the wetlands program;
- (d) A program for administering the permits required under section 5 of this act;
- (e) New or amended provisions, where necessary, of local plans, programs, and ordinances;
- (f) Provisions relating to enforcement;
- (g) A mitigation plan and standards consistent with the requirements of this chapter and rules adopted under this chapter;
- (h) Any wetlands impact assessment process established under section 11(3) of this act regarding water use efficiency improvements, if appropriate;
- (i) A description and location of facilities approved, constructed, or managed for storm water management that utilize regulated wetlands;
- (j) An element for monitoring and considering cumulative effects of wetlands alteration from proposed projects; and
- (k) An element that requires wetlands owned by or under the management control of state agencies to control noxious weeds identified under RCW 17.10.080.

(2) Local governments shall consider provisions designed to encourage voluntary compliance by landowners including, but not limited to, offsetting or compensatory incentives such as permitting greater density in the adjoining uplands, transferring development rights to other uplands, and/or reduced assessed valuations for property taxes on property enrolled in the open spaces program under chapter 84.34 RCW.

(3) The department shall develop and adopt rules for local wetlands programs, and procedures for program implementation and permit review.

(4) Except as provided in section 13(2) of this act, every local government shall prepare a proposed program and submit it to the department according to the following schedule:

 - (b) All other counties, cities, and towns no later than July 1, 1993.
- (5) Before submission of a proposed program, a local government shall hold public hearings on the proposal.

(6) This chapter establishes a cooperative program of wetlands management between local government and the state. Local government shall have the primary responsibility for initiating and administering the regulatory program of this chapter. The department shall act primarily in the supportive and review capacity with primary emphasis on ensuring compliance with the policy and provisions of this chapter.

(7) Local governments that have wetlands programs or equivalent programs in effect by the effective date of this act, that substantially comply with the spirit and intent of this chapter and that are at least as stringent in wetlands protection as this chapter, are deemed in compliance with this chapter and shall be so certified by the department. This subsection shall apply only to those programs which were adopted pursuant to standard procedures and does not

significance and their buffers. No permit shall be issued under this subsection prior to receipt of such comments or the expiration of the time period set by rule.

(6) Wetlands permits shall not be effective and no activity thereunder shall be allowed during the time provided to file a permit appeal.

(7) Upon receipt of a complete application for a permit authorizing activities on a wetland of state-wide significance or its buffer, local governments shall submit the application to the department for its approval or disapproval. The department shall submit its decision and the reasons for the decision within the times established pursuant to rules adopted under subsection (5)(b) of this section.

(8) Notwithstanding the provisions of subsection (1) of this section, a forest practice regulated by chapter 76.09 RCW occurring on lands not being converted to a nonforest use or platted since 1960 or otherwise exempt from local permits is not subject to this section.

NEW SECTION, Sec. 6. GENERAL PERMIT. (1) Activities described in this section and conducted in compliance with this section may be undertaken without obtaining a permit under section 5 of this act. Except as provided in this section, local governments shall not require wetlands permits or otherwise impose conditions under this chapter on activities granted a general permit under this section.

(2) The person conducting the activity shall be required to provide prior notification to the appropriate local government except for activities described in subsection (3) (a), (b), (d), (i), (j), (k), and (l) of this section. Activities undertaken under the authority of a general permit shall be done in a manner which takes prudent measures to avoid undue impacts to the wetland.

(3) The following activities are governed by this section:

(a) Existing and ongoing agriculture as defined in section 2 of this act. Best management practices as developed by conservation districts shall be encouraged.

(b) Water use efficiency improvements related to existing and ongoing agriculture, provided such improvements are subject to the wetlands impact assessment process developed by the department according to section 11(3) of this act and adopted by local government according to section 3(1)(h) of this act:

(c) Water use efficiency improvements related to existing and ongoing agriculture undertaken to increase supplies in response to prorated water allocations or as a result of a water rights adjudication;

(d) Forest practices as regulated and conducted in accordance with the provisions of chapter 76.09 RCW and forest practice rules;

(e) Activities affecting category four wetlands where the wetland is one-third acre or less in size subject to the following:

(i) Activities other than construction or reconstruction of single family residences constructed or reconstructed by a person who will occupy the residence shall be subject to mitigation requirements specified in section 8(2)(e) of this act; and

(ii) Local governments may elect to not utilize the provisions of this subsection for specific wetlands of local significance based on function and value so long as such wetlands are identified within the local wetlands program approved and adopted pursuant to section 3 of this act;

(f) Maintenance or reconstruction of residential structures, commercial structures or structures related to an existing and ongoing agriculture practice or construction of normal and necessary accessory structures related to an existing and ongoing agriculture practice. Such maintenance, reconstruction or construction shall be allowed subject to the following conditions:

(i) Notification shall be required for construction or reconstruction;

(ii) Reconstruction shall be commenced within five years of the damage or destruction;

(iii) Reconstruction shall not increase the ground floor area and shall be limited to the existing site; and

(iv) For construction or reconstruction, the local government with wetlands jurisdiction may request an alternative location within the land parcel that would result in less adverse impacts to regulated wetlands;

(g) Maintenance, operation, and reconstruction of existing private and public roads, streets, railroads, utilities, and associated structures, and serviceable freshwater and marine terminals that are part of an existing and ongoing public port facility. The department shall provide by rule, notification requirements for such activities that may have adverse impacts to adjacent regulated wetlands. Reconstruction of an existing serviceable structure associated with the roads, streets, railroads, utilities, or freshwater and marine public port terminals, shall be allowed if the reconstruction does not increase the ground floor area, unless the local government with wetlands jurisdiction determines that there is an alternate suitable location within the land parcel that would result in less impact to wetlands. Reconstruction of freshwater and marine public port terminals shall be commenced within five years of damage or destruction;

(h) Storm water management facilities approved, constructed, or managed for storm water management prior to the effective date of this act;

(i) Surface coal mining activities licensed under Public Law 95-87 as of the effective date of this act, for so long as these lands are covered by the permit issued pursuant to Public Law 95-87;

(j) Hardrock mineral extraction operations not including sand and gravel operations or road construction. No tailings or other materials may be placed on any wetlands. Best management practices and operating plan submittals as required by the department of natural resources and nonpoint source water quality protection provisions as developed by the department shall be followed;

(k) Activities and construction necessary on an emergency basis to prevent an immediate threat to public health and safety, or public or private property. Notification as soon as practicable to the local government shall be required; and

(l) Activities of a temporary nature, or activities which represent ongoing uses having minimal adverse impact to regulated wetlands, described in local wetlands programs pursuant to rules adopted by the department.

(4) Provisions of this section shall not apply to any activity conducted for the purpose of conversion of a regulated wetland to a use to which it was not previously subjected.

NEW SECTION, Sec. 7. WETLANDS BUFFERS. (1) Wetlands buffers shall be managed to protect the functions and values of regulated wetlands from adverse impacts of activities on adjacent lands.

(2) The department shall adopt rules that provide ranges of wetlands buffer sizes only to the extent necessary to protect wetlands functions and values based on wetlands rating system categories, types and intensity of adjacent land uses, population density, and the geographic diversity of the state.

(3) Local governments shall incorporate wetlands buffer sizes into their local wetlands programs from within the ranges provided by department rules, unless the local government determines that a larger or smaller buffer is necessary to protect wetlands functions or values based on local conditions. This determination shall be supported by appropriate documentation showing that it is necessary to protect the functions and values of regulated wetlands. The local government may also identify wetlands which do not require a buffer if it can be determined that a buffer is not necessary to protect the functions and values of the wetland. Such determination shall be included with the submission of the local wetlands program or any amendment to the department for approval.

NEW SECTION, Sec. 8. MITIGATION. (1) For activities subject to the permit requirement under section 5 of this act, all adverse impacts to wetlands functions, values, and acreage shall be mitigated.

(2) Mitigation, in the descending order of preference, is as follows:

(a) Avoiding the impact altogether by not taking a certain action or part of an action;

(b) Minimizing impacts by limiting the degree or magnitude of the action and its implementation, by using appropriate technology, or by taking affirmative steps to avoid or reduce impacts;

(c) Rectifying the impact by repairing, rehabilitating, or restoring the affected environment;

(d) Reducing or eliminating the impact over time by preservation and maintenance operations during the life of the action;

(e) Compensating for the impact by replacing, enhancing, or providing substitute wetlands resources or utilizing mitigation banking opportunities provided either under subsection (10) of this section, if available, or other mitigation banking mechanisms based on monetary compensation adopted by the local government pursuant to rules adopted by the department after completion of the study in section 16 of this act. Use of such monetary compensation shall be limited to purchase, enhance, restore or create wetlands.

(3) In developing rules for the sequencing of mitigation preferences, the department shall include criteria for avoidance whereby avoidance requirements are most stringent for category one wetlands and least stringent for category four wetlands. Mitigation sequencing will begin with subsection (2)(a) of this section for categories one and two wetlands, and for categories three and four mitigation sequencing will begin with subsection (2)(b) of this section. Rules governing mitigation sequencing shall further provide for consideration of public benefit, including those that may derive from the enhancement of wetlands of a lower rating system category to a higher rating system category, or from water dependent uses.

(4) Prior to local government approval of a proposal that includes less preferred mitigation, the applicant must demonstrate that:

(a) No overall net losses will occur in wetland functions, values, and acreage;

(b) The restored, created, or enhanced wetland will be as persistent as the wetland it replaces;

(c) The project applicant demonstrates sufficient scientific expertise, supervisory capability, and financial resources to carry out the proposal; and

(d) The project applicant agrees to demonstrate the capability for monitoring the site for a period of time adequate to determine its long-term success.

(5) Where regulated wetlands are altered, the project applicants shall restore or create equivalent areas of wetlands in order to compensate for wetland losses. Equivalent areas shall be determined according to function, acreage, type, location, time factors, and projected success.

(6) Where feasible, restored or created wetlands shall be a higher category than the altered wetland.

(7) The department shall develop and adopt acreage replacement ratios by wetlands rating categories. Activities in higher wetlands rating system categories shall require more stringent mitigation.

(8) A local government shall require an approved mitigation plan as a condition of issuance of a permit under section 5 of this act for activities in regulated wetlands and their buffers. Mitigation plans for wetlands of state-wide significance and their buffers shall require approval of the department.

(9) Each mitigation plan shall provide that:

(a) All identified adverse impacts are mitigated;

(b) Monitoring of mitigation be performed for a period adequate to determine its long-term success;

(c) A contingency plan is available that identifies actions to be taken if the implemented mitigation is unsuccessful;

(d) The permittee is financially responsible for additional mitigation action should any element of the mitigation plan fail;

(e) Mitigation shall be implemented concurrently with the regulated activity under the permit, except that local governments may establish performance standards and require mitigation be completed no later than the date upon which the regulated activity may proceed under the permit, if the likelihood of success is substantially doubtful. Financial assurance may be in the form of a bond or other acceptable forms of security.

(10) Any person may participate in wetlands mitigation banking by proposing to create wetlands to compensate for wetlands impacts. A proposal for a wetlands bank creation project shall be submitted for department and local government approval. If approved by the department and the local government, the mitigating wetlands created may upon application by the proponent and concurrence of the owner of the created wetland be counted as mitigation for on-site or off-site wetlands impacts.

(11) Compensatory mitigation of impacts to wetlands buffers shall be only that necessary to protect wetlands functions and values and to avoid or minimize adverse impacts to regulated wetlands.

(12) Local governments shall not require additional mitigation pursuant to other authorities for impacts to regulated wetlands functions and values or their buffers when mitigation is required pursuant to this section to minimize those impacts.

(13) This section does not apply to construction, reconstruction, or maintenance of single-family residences on lots platted by the effective date of this act on category four wetlands one-half acre or less in size if the residence is to be occupied by the person for whom it is being constructed or reconstructed.

(14) The department shall adopt rules to implement this section.

NEW SECTION. Sec. 9. ENFORCEMENT—CIVIL PENALTY—ADMINISTRATIVE ORDERS—ACTIONS FOR DAMAGES AND RESTORATION. (1) The department and local governments are authorized to bring appropriate actions at law or equity, including actions for injunctive relief, to ensure that no uses are made of regulated wetlands or their buffers that are inconsistent with the requirements of this chapter, the rules of the department, or an applicable wetlands program.

(2) Any person who undertakes any activity within a regulated wetland or its buffer without first obtaining a permit required by this chapter, or any person who violates the conditions of any permit required by this chapter or of any order issued under subsection (3) of this section shall incur a civil penalty of up to one thousand dollars per violation. In the case of a continuing violation, each permit violation and each day of activity without a required permit shall be a separate and distinct violation. The penalty amount shall be set in consideration of the previous history of the violator and the severity of the environmental impact of the violation. The penalty provided in this subsection by the department shall be imposed under the procedures set forth in RCW 43.21B.300, except as provided in section 10 of this act. The penalty provided in this subsection and imposed by local government shall be appealable to the superior court within the subject jurisdiction.

(3) Whenever any person violates this chapter or any permit issued under this chapter, the department or local government may issue an order reasonably appropriate to cease the violation and to mitigate any environmental damage resulting from the violation. Orders issued under this subsection by the department may be appealed under section 10 of this act. Orders issued under this subsection by local governments may be appealed as provided for by local ordinance or as otherwise allowed by law or as provided in section 10(2) of this act.

(4) The shorelines hearings board shall conduct the reviews authorized by this section as adjudicatory proceedings under chapter 34.05 RCW. Judicial review of the decisions of the shorelines hearings board shall be under chapter 34.05 RCW.

(5) Any person subject to the jurisdiction of this chapter who violates any provision of this chapter or a permit issued under this chapter shall be liable for all damage to public or private property arising from the violation, including the cost of restoring the affected area to its condition prior to violation. The attorney general or local government attorney shall bring suit for damages under this section on behalf of the state or local governments. Private persons shall have the right to bring suit for damages under this section on their own behalf and on behalf of all persons similarly situated. If liability has been established for the cost of restoring an area affected by a violation, the court shall make provision to assure that restoration will be accomplished within a reasonable time at the expense of the violator. In addition to such relief, including monetary damages, the court in its discretion may award attorneys' fees and costs of the suit to the prevailing party.

NEW SECTION, Sec. 10. APPEALS TO THE SHORELINES HEARINGS BOARD—STAY PENDING APPEAL—JUDICIAL REVIEW. (1) Except as provided in subsection (6) of this section, any person aggrieved by the issuance, denial, or rescission of a permit governing activity on a wetland of state-wide significance or its buffer may appeal the same within thirty days to the shorelines hearings board.

(2) Any person aggrieved by the issuance, denial, or rescission of any permit, who wishes to appeal to the shorelines hearings board and believes their appeal raises programmatic issues may, within thirty days after exhaustion of local appeals, file a request with the department to certify their appeal to the shorelines hearings board. The department shall rule upon the request within thirty days of receipt. If the department determines, in its discretion, that the appeal raises programmatic issues it shall certify the case to the shorelines hearings board, which shall take jurisdiction over the appeal. If the department fails to certify, or denies certification, then the time period to otherwise appeal the permit decision begins to run on the date of the department's action, or thirty days after filing the request, whichever is sooner.

(3) Activities authorized by permits appealed to the shorelines hearings board are stayed and may not be undertaken until thirty days from the final order of the shorelines hearings board, affirming the permit, unless the appellant by written stipulation agrees to an earlier lifting of the stay.

(4) The shorelines hearings board shall conduct the review authorized by this section as an adjudicative proceeding under chapter 34.05 RCW. The determination of a stay pending review shall be under RCW 34.05.550.

(5) Except as provided in subsections (1), (2), and (6) of this section, appeal of permits at the local level shall be governed by the law otherwise applicable to appeal of local permits used to administer this chapter.

(6) A permit applicant who believes that the denial of a permit or the conditions upon the issuance of a permit will deny the applicant the reasonable use of his or her property may appeal the permit decision as follows: (a) To the local government legislative authority, and may thereafter obtain judicial review of the decision of the legislative authority on appeal; or (b) an appeal may be filed by such person directly to the superior court within the subject jurisdiction.

Where the local government legislative authority or the superior court determines that the applicant has been denied the reasonable use of his or her property in violation of the Constitution, the legislative authority or court shall order the issuance of the permit or the removal or modification of conditions upon the issuance of the permit.

NEW SECTION, Sec. 11. DUTIES, RESPONSIBILITIES, AND POWERS OF THE DEPARTMENT. The department shall have authority to:

(1) Adopt rules for the development and adoption of local wetlands programs, buffers, mitigation, mitigation banking, a wetlands rating system, notification procedures, wetlands program implementation and permit review process for local governments to serve in the absence of adopted local programs, criteria for designating location and extent of regulated wetlands, and such other rules as are necessary to carry out the provisions of this chapter. Rules shall be adopted by July 1, 1991. Prior to adopting rules under this subsection, the department shall consult with local governments, agencies with expertise, and affected Indian tribes, and shall provide for adequate public involvement.

(2) Approve, periodically review, require modifications to wetlands programs and major program amendments, and take appropriate actions to ensure compliance with wetlands standards;

(3) Develop a wetlands impact assessment process in conjunction with the demonstration conservation plan required by RCW 90.54.190 to balance the public policies of wetlands protection and water use efficiency to be implemented consistent with chapter 90.03 RCW with input from representatives of water users, members of the public, local governments, tribal governments, and the departments of agriculture, fisheries, and wildlife for adoption into local wetlands programs, where applicable, to assist in local decision making regarding water use

efficiency improvements and wetlands protection. Before adopting the impact assessment process, the department shall provide a written report to the legislature on how the process will comply with state water law;

(4) Provide technical assistance to local governments and other affected parties;

(5) Develop a model wetlands ordinance for assistance to local governments by July 1, 1991;

(6) Provide local governments and the public with information on wetlands functions and values, protection, and management;

(7) Accept grants, contributions, and appropriations from any person for the purposes of this chapter;

(8) Cooperate with other persons, including nonprofit organizations, private property owners, federal, state, and local agencies and Indian tribes in protecting and managing wetlands and planning wetlands interpretative sites;

(9) Appoint advisory committees to assist in carrying out the purposes of this chapter;

(10) Contract for professional or technical services;

(11) Develop standards for wetlands inventories; and

(12) Oversee the development, implementation, and maintenance of a wetlands data management system, as funding permits.

The actions taken by the department under this chapter shall not be deemed to render the state or any state agency or state officer liable for a taking in connection with the adoption, administration, or enforcement of any local wetlands program, unless the acts of a local government that are found to constitute a taking are shown to be nondiscretionary acts taken solely to meet a requirement of state law or a requirement contained in a rule adopted under this section.

NEW SECTION. Sec. 12. REVIEW BY ECOLOGICAL COMMISSION NOT REQUIRED. The department is not required to seek review or advice and guidance from the ecological commission with respect to the adoption of any local wetlands programs and program amendments.

NEW SECTION. Sec. 13. DUTIES AND RESPONSIBILITIES OF LOCAL GOVERNMENTS. (1) Each local government shall:

(a) Develop, adopt, administer, and enforce wetlands programs including wetlands permits, mitigation, buffers, and permit appeals;

(b) Participate, as funding permits, in the preparation and verification, jointly with the department, of an inventory of regulated wetlands within its jurisdiction using inventory standards developed by the department; and

(c) Designate a lead or co-lead agency to administer the provisions of this chapter with respect to regulated wetlands and their buffers that are within the jurisdiction of two or more local governments.

(2) In carrying out the responsibilities of this section, incorporated cities and towns within a county may enter into an interlocal agreement with the county in which they are located for developing and administering wetlands programs. Where cities have entered into an interlocal agreement with a county for the purpose of developing and administering wetlands programs and where the applicable county has elected to institute a conservation futures tax under RCW 84.34.230, proceeds derived from the conservation futures tax shall be utilized for wetlands acquisition according to a priority acquisition list agreed to by all participants.

NEW SECTION. Sec. 14. NONREGULATORY ELEMENTS. (1) The county assessor shall adjust the assessed valuation of property to take into consideration any change in land value that results from the restrictions imposed by this chapter.

(2) The department shall convene a committee consisting of local governments, resource agencies, Indian tribes, and affected private groups, to examine nonregulatory methods pursuant to section 16(2) of this act.

(3) The department shall work with the departments of wildlife and natural resources and interested private and public parties to identify financial support for wetlands program development activities, inventorying, managing, and wetlands acquisition.

(4) The departments of wildlife and natural resources may accept grants, contributions, and appropriations from nonprofit organizations, and from federal, state, and local agencies for acquisition of converted lands or low category wetlands.

NEW SECTION. Sec. 15. A new section is added to chapter 76.09 RCW to read as follows:

Within twenty-four months after the effective date of this act, forest practices rules shall be adopted consistent with the policy and provisions of this act. The forest practices board shall submit to appropriate committees of the house of representatives and senate, status reports every six months on the progress of developing rules to implement this chapter.

The department of natural resources may impose conditions to protect wetlands functions and values and wetlands buffers from adverse effects of forest practices until the effective date of such rules and thereafter to the extent provided in such rules.

NEW SECTION. Sec. 16. The department shall:

(1) Within twelve months after the effective date of this act, report to the legislature on the progress made in developing the wetlands impacts assessment process required by RCW 90.54.190 according to section 11(3) of this act;

(2) Convene a wetland policy advisory committee consisting of local governments, resource agencies, Indian tribes, wetland experts, and affected private groups, to:

(a) Examine the effects, desirability, and compatibility of applying this chapter to wetlands on lands under the jurisdiction of the shoreline management act. This study shall examine the following areas: (i) Procedures for a single permit requirement, (ii) uniform and consistent standards, (iii) clarity of the appeal process, (iv) consistency in application, and (v) procedure and uses that are not required to obtain a permit;

(b) Examine nonregulatory methods, including but not limited to, preservation, conservation easements, restoration, tax incentives, technical assistance, regional planning, education, and low-cost, low-impact interpretive sites, and develop opportunities and processes for shared responsibility between the state and the private sector for restoring and creating wetlands, including mitigation banking to meet the goals of this chapter;

(c) Examine regulation standards which consider geographic characteristics and diversity, local scarcity of wetlands, changes over time in the abundance of wetlands, and other appropriate factors in determining mitigation standards;

(d) Examine mitigation banking to determine (i) the procedures which shall be necessary to maintain an accurate record of mitigation performed in advance of an application to affect a regulated wetland, and a means of crediting and debiting for changes to the wetlands created by mitigation banking, and (ii) the role cash mitigation can play in mitigation banking. This shall include options relating to payment for mitigation where cash mitigation may be appropriate, methods for determining the appropriate amount of compensation and various purposes for which funds in a mitigation bank may be expended, and the means, locations, and responsible entity for making the decisions;

(f) Make program recommendations; and

(g) Determine funding needs and explore funding sources for nonregulatory wetlands protection methods;

(3) Develop with the assistance of an advisory committee of local governments, resource agencies, Indian tribes, and affected private groups, the wetlands rating system required in section 4 of this act and criteria related to buffer sizes and uses pursuant to section 7 of this act;

(4) Report to the 1991 legislature on the recommendations of subsection (2) and (3) of this section.

This section shall expire on July 1, 1991.

NEW SECTION. Sec. 17. SHORT TITLE. This chapter shall be known and cited as the wetlands management act of 1990.

NEW SECTION. Sec. 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 19. CAPTIONS. Captions as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 20. Sections 1 through 14, 17, 18, and 19 of this act shall constitute a new chapter in Title 90 RCW."

March 27, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 4, 5, 11, 14, 15 and 16, Substitute House Bill No. 2403 entitled:

"AN ACT Relating to video telecommunications."

This bill recognizes the need for a well planned, carefully coordinated, and incrementally implemented state-wide telecommunications system and clarifies the relationship and responsibilities of each of the independent state entities involved.

Section 4 and section 5 of the bill would dramatically alter the membership of the Information Services Board. The board gathers input from the broad scope of interests knowledgeable in information technology of all kinds. I am concerned that implementation of sections 4 and 5 would cause a significant loss of continuity in board membership and diminish for some time the value of its advice on a wide variety of issues currently under its consideration, including telecommunications technology.

Section 11 of the bill would establish an advisory committee to the Information Services Board. As stated, the board already is authorized to receive input from all interested and knowledgeable sources. I encourage it to maximize that opportunity.

Sections 14, 15, and 16 attempt to address the issues surrounding educational programming which includes commercials and its use in public schools. Section 15 calls for the Office of the Superintendent of Public Instruction, in cooperation with the Washington State School Directors' Association, to encourage school districts not to make a decision on using this programming until the results of the study mandated in section 16 are known. This pre-empt's a school district's ability to make reasoned decisions on this subject and prejudices the outcome of the study. These are issues better addressed and resolved at the local level, where the school districts can better identify and weigh the particular advantages and disadvantages of using such programming.

For these reasons, I have vetoed sections 4, 5, 11, 14, 15, and 16 of the bill.

With the exception of sections 4, 5, 11, 14, 15 and 16, Substitute House Bill No. 2403 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 27, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 7, House Bill No. 2411 entitled:

"AN ACT Relating to health care authority."

Section 7 of the bill seeks to transfer responsibility for review of proposals for mandated health care coverage from the Department of Health to the Health Care Authority.

Less than one year ago, the Department of Health was given the responsibility for formulating the executive's policy recommendations for health care in the state. The Health Care Authority's primary responsibility is to implement the state's health care policy for public employees by purchasing affordable health care programs.

In order to avoid an appearance of conflict of interest by a major purchaser of health care programs, it is appropriate at this time that the agency responsible for policy recommendations related to mandated health coverages and the agency responsible for purchasing programs reflecting those mandates remain independent. Section 7 would dissolve this independence.

Further, the primary responsibility for the Department of Health is the "general oversight and planning for all of the state's activities as they relate to the health of its citizenry." The duty to review and comment upon proposed mandates falls within that mission and I see no reason, at this time, to shift that duty from the Department of Health.

For these reasons, I have vetoed section 7 of the bill.

With the exception of section 7, House Bill No. 2411 is approved.

Respectfully submitted,
Booth Gardner, Governor.

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.
The Speaker called the House to order.

There being no objection, the House advanced to the sixth order of business.

March 28, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1, House Bill No. 2526 entitled:

"AN ACT Relating to registration of telecommunication companies."

The provisions of section 1 of this bill are identical to the provisions of Senate Bill No. 6510, which has already been enacted into law. To avoid duplication, I have vetoed section 1 of this bill.

With the exception of section 1, House Bill No. 2526 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 28, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Engrossed Substitute House Bill No. 2709 entitled:

"AN ACT Relating to district court electoral districts."

Engrossed Substitute House Bill No. 2709 deals with two subjects. Sections 1 and 2 resolve a problem in King County relating to the creation of subdistrict electoral units within a consolidated district court. The resolution of this sensitive issue involved extensive negotiations between the county and the district court judges, which resulted in an agreement.

Section 3, on the other hand, deals with a separate subject of equal sensitivity, but one which was not the result of agreement between affected parties. It mandates the election of an additional district court judge in Spokane County.

I am not convinced that section 3 represents good public policy for the state or for Spokane County. No one disputes the fact that there is a demonstrated need for additional judicial personnel in the Spokane County District Court. However, the mandatory nature of section 3 deprives the County Commission of the flexibility to resolve the caseload problem through other, and possibly less costly, means. To statutorily require the election of a new judge at this time seems premature and would second-guess the study that is now being conducted by the county.

Finally, there should be agreement between the county legislative authority and the court that adding judges is a reasonable solution to the caseload problem.

With the exception of section 3, Engrossed Substitute House Bill No. 2709 is approved.

Respectfully submitted,
Booth Gardner, Governor.

There being no objection, the House advanced to the eighth order of business.

SECOND READING

HOUSE CONCURRENT RESOLUTION NO. 4418, by Representatives Hine, Miller, R. Fisher and Anderson

Resolving to appoint a joint select committee to develop legislation on campaign financing.

The resolution was read the second time.

Ms. Hine moved adoption of the following amendment by Representatives Hine, McLean, Anderson and Miller:

Strike everything and insert:

"WHEREAS, The integrity of the electoral process is essential to the preservation of a free and democratic society; and

WHEREAS, The central element of this process is the unfettered exchange of ideas between citizens and candidates for public office; and

WHEREAS, In recent years, the cost of conducting a campaign for state office has become alarmingly and unacceptably high; and

WHEREAS, The pressure on candidates to raise and spend large sums of money has created a political climate where the financial strength of individuals or special interest groups may permit them to exercise a potentially corrupting influence on the electoral process; and

WHEREAS, The public perception of such corruption and the potential for actual corruption undermines the credibility and integrity of our public officials and candidates for public office, thus undermining the people's faith that they are being fairly and honestly represented; and

WHEREAS, It is incumbent upon the Legislature to address the increasing role of money in political campaigns and to ensure the preservation of an electoral process where each vote carries equal weight and every candidate can be heard; and

WHEREAS, The House of Representatives and the Senate of the State of Washington have each independently examined these concerns regarding campaign financing and have each independently attempted to develop campaign financing reforms which would restore the public trust and participation in this fundamental aspect of the electoral process; and

WHEREAS, These actions taken independently by the House of Representatives and Senate, though taken in earnest, have failed to identify a body of reforms upon which the two chambers have been able to agree;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the State of Washington, the Senate concurring, that a joint select task force on campaign finance reform shall be established to develop legislation providing reforms in the laws governing the financing of campaigns for state offices which are acceptable to the Legislature as a whole; and

BE IT FURTHER RESOLVED, That the task force shall consist of sixteen members appointed in the following manner:

(1) Four members shall be from the Senate, two from the majority party caucus and two from the minority party caucus, appointed by the President of the Senate; and

(2) Four members shall be from the House of Representatives, two from the majority party caucus and two from the minority party caucus, appointed by the Speaker of the House; and

(3) Six members shall be representatives of public interest groups or associations with an interest in the issue, nominated by the members of those groups or associations, and then appointed, three by the Speaker and three by the President; and

(4) One member shall be the chair of the Washington State Democratic Party or the chair's appointed representative; and

(5) One member shall be the chair of the Washington State Republican Party or the chair's appointed representative; and

(6) Two co-chairs of the committee shall be appointed from among all these members, one by the Speaker and one by the President, and that the committee shall receive staff support as directed by the Speaker and the President; and

BE IT FURTHER RESOLVED, That the process for forming the committee shall begin immediately, and that the committee shall report its recommendations to the Legislature in the form of proposed legislation by January 1, 1991."

Representatives Hine and Miller spoke in favor of adoption of the amendment, and it was adopted.

The resolution was ordered engrossed. With consent of the House, the rules were suspended, the second reading considered the third, and the resolution was placed on final passage.

Engrossed House Concurrent Resolution No. 4418 was adopted.

FIRST SPECIAL SESSION
TWENTY-SECOND DAY

MORNING SESSION

House Chamber, Olympia, Friday, March 30, 1990

MESSAGES FROM THE GOVERNOR

March 29, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 8, Second Substitute House Bill No. 2443 entitled:

"AN ACT Relating to the Warren G. Magnuson institute for biomedical research and health professions training."

This bill creates the Warren G. Magnuson Institute for Biomedical Research and Health Professions Training within the Health Sciences Center at the University of Washington. The institute may be funded through a combination of federal, state, and private funds, including earnings on the University's local endowment fund. The earnings on the endowment fund would be used primarily for the purpose of supporting one or more individuals engaged in biomedical research into the causes of, the treatments for, or the management of diabetes.

Section 8 would nullify this bill, if specific funding for the purposes of this act is not provided in the omnibus appropriations act by June 30, 1990. By vetoing this section, the institute will exist in statute and private cash donations can still be raised by the University of Washington, the Washington Chapter of the American Diabetes Association, and other interested parties. The donations would be deposited into the University's local endowment fund, and the earnings on the fund would be available to support diabetes research activities. For this reason, I have vetoed section 8 of this bill.

With the exception of section 8, Second Substitute House Bill No. 2443 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 29, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Engrossed House Bill No. 2602 entitled:

"AN ACT Relating to adoption."

Section 3 of Engrossed House Bill No. 2602 defines "birth parent" for the purposes of adoption statutes. This definition is in conflict with section 1 of Substitute Senate Bill No. 6494 which has already been enacted. Because the definition in that measure is more inclusive and contains additional changes to existing law, I have vetoed section 3 of this bill.

With the exception of section 3, Engrossed House Bill No. 2602 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 29, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Substitute House Bill No. 2706 entitled:

"AN ACT Relating to promoting economic diversification for defense-dependent industries and communities."

Substitute House Bill No. 2706 establishes a timely new program in the Department of Community Development to assist local communities identify and prepare for shifts in federal defense expenditures, to monitor those changes on an ongoing basis, and to assist communities and firms in their efforts at economic diversification.

Section 3 of the bill, however, would establish a new statutory advisory committee for the program. The Department of Community Development possesses existing statutory authority to seek the involvement and advice of representatives of local communities, firms and other citizens in the development and operation of new programs. While, for this reason, I have vetoed section 3 of the bill, I direct the Department of Community Development to exercise its authority and experience to meet the objectives of section 3.

With the exception of section 3, Substitute House Bill No. 2706 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 29, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 2746 entitled:

"AN ACT Relating to enticement."

This bill would create a new crime of enticement. This offense would cover those cases in which an individual attempts to entice a minor or developmentally disabled person to enter a vehicle, building, or other place for the purpose of sexual contact or gratification. Enticement would be a gross misdemeanor.

This measure is intended to add additional protection for children and persons with developmental disabilities. I do not, however, believe this bill will achieve its intended purposes, and would, in fact, create confusion in the law.

By requiring that the state prove that enticement was for the purpose of sexual contact or gratification, this legislation may create a gross misdemeanor for those acts that are now considered to be attempted felony sex offenses. Intent, or purpose, is always a difficult element of a criminal offense to prove. However, where the state can show that a person intends to commit a sex offense, charges should properly reflect the attempted felonious act.

I applaud the efforts the Legislature has taken to protect our communities from sex offenders and I urge the Legislature to continue seeking avenues for strengthening the state's protection of children.

For the reasons stated above, I have vetoed House Bill No. 2746 in its entirety.

Respectfully submitted,
Booth Gardner, Governor.

March 29, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 10, Engrossed Substitute House Bill No. 2831 entitled:

"AN ACT Relating to matching grants for higher education scholarships."

This bill creates an endowed scholarship program to help American Indian students obtain a higher education. American Indians are the most under-represented ethnic minority group in higher education. Through this program, however, an educational opportunity can be made available to many American Indians who might not otherwise be able to attend and graduate from higher education institutions in the State of Washington.

Section 10 of this bill would nullify this act, if specific funding for its purposes is not provided in the 1990 Supplemental Budget. The veto of this section will allow the program to go into effect. Private cash donations could still be raised by the Higher Education Coordinating Board and members of the American Indian community should the Legislature not fund the program in the 1990 Supplemental Budget. The donations would be deposited into the American Indian Scholarship Endowment Fund, and the earnings from this fund would be available to provide scholarships for financially deserving American Indian students. For this reason, I have vetoed section 10 of this bill.

With the exception of section 10, Engrossed Substitute House Bill No. 2831 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 29, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed House Bill No. 2911 entitled:

"AN ACT Relating to interests of school district officers in contracts."

This bill would add an exemption to the state's conflict of interest statute. The existing statute attempts to achieve a balance between two often conflicting public benefits by 1) prohibiting conflicts of interest that potentially interfere with the proper performance of the duties of municipal officers; while 2) excluding remote interests from this prohibition to enable a larger pool of individuals to participate in municipal service. This new exemption would allow continuation of business contracts for goods initiated with a district prior to a member's election to the school board.

Despite the good intentions of its drafters, I do not believe it is in the best interests of the public to sign this bill into law. The exemption weakens the appearance of fairness. In addition, the bill creates a constitutional problem by distinguishing between individuals based on when they served on the school board.

For these reasons, I have vetoed Engrossed House Bill No. 2911 in its entirety.

Respectfully submitted,
Booth Gardner, Governor.

March 29, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1, Second Substitute House Bill No. 2986 entitled:

"AN ACT Relating to minor adjustments to chapter 271, Laws of 1989."

Section 1 of this bill imposes an unnecessary and redundant administrative burden upon the executive in its handling of unanticipated receipts of federal funds. RCW 43.79.260 through 43.79.282 currently provides for the receipt, review, approval, and legislative notification of all unanticipated federal funds.

I recognize the intent of the Legislature to replace, where possible, state funds if unrestricted federal funds are received. It has been executive policy to replace state funds where appropriate. Current law offers adequate control and allows for individual review of all unanticipated receipts.

For this reason, I have vetoed section 1 of Second Substitute House Bill No. 2986.

With the exception of section 1, Second Substitute House Bill No. 2986 is approved.

Respectfully submitted,
Booth Gardner, Governor.

The Speaker (Mr. O'Brien presiding) declared the House to be at ease.

The Speaker (Mr. O'Brien presiding) called the House to order.

The Speaker (Mr. O'Brien presiding) declared the House to be at ease until 4:00 p.m.

SENATE AMENDMENTS TO HOUSE BILL

March 30, 1990

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2379 with the following amendments:

Strike everything after the enacting clause and insert the following:

"LEARNING BY CHOICE

PART I

FAMILY INVOLVEMENT

NEW SECTION. Sec. 101. The legislature finds that academic achievement of Washington students can and should be improved. The legislature further finds that student success depends, in large part, on increased parental involvement in their children's education.

In order to take another step toward improving education in Washington, it is the purpose of this act to enhance the ability of parents to exercise choice in where they prefer their children attend school; inform parents of their options under local policies and state law for the

intradistrict and interdistrict enrollment of their children; and provide additional program opportunities for secondary students.

PART II
FAMILY CHOICE

Sec. 201. Section 28A.58.240, chapter 223, Laws of 1969 ex. sess. as amended by section 10, chapter 130, Laws of 1969 and RCW 28A.225.220 are each amended to read as follows:

(1) Any board of directors may make agreements with adults (~~(wishing)~~) choosing to attend school (or with the directors of other districts for the attendance of children in the school district of either as may be best accommodated therein); PROVIDED, That unless such arrangements are approved by the state superintendent of public instruction, a reasonable tuition charge, fixed by the state superintendent of public instruction, shall be paid by such students as best may be accommodated therein.

(2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district.

(3) A district shall release a student to a nonresident district that agrees to accept the student if:

(a) A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer; or

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or

(c) There is a special hardship or detrimental condition.

(4) A district may deny the request of a resident student to transfer to a nonresident district if the release of the student would adversely affect the district's existing desegregation plan.

(5) For the purpose of helping a district assess the quality of its education program, a resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring to another district. No parent or guardian may be forced to attend such an interview or complete the questionnaire.

(6) School districts may establish annual transfer fees for nonresident students enrolled under subsection (3) of this section and section 203 of this 1990 act. Until rules are adopted under section 202 of this 1990 act for the calculation of the transfer fee, the transfer fee shall be calculated by the same formula as the fees authorized under section 10, chapter 130, Laws of 1969. These fees, if applied, shall be applied uniformly for all such nonresident students except as provided in this section. The superintendent of public instruction, from available funds, shall pay any transfer fees for low-income students assessed by districts under this section. All ((tuition money)) transfer fees must be paid over to the county treasurer within thirty days of its collection for the credit of the district in which such students attend. Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a ((tuition charge)) transfer fee as affecting the apportionment of current state school funds.

NEW SECTION. Sec. 202. TRANSFER FEE STUDY. (1) The superintendent of public instruction shall provide the legislature and the governor by December 1, 1990, a recommendation on the method for the calculation of a transfer fee and an estimate of the state funds needed to pay any transfer fee for low-income students assessed by districts under RCW 28A.225.220(6). The superintendent shall indicate the low-income eligibility criteria used in developing the cost estimate.

(2) This section expires December 31, 1990.

NEW SECTION. Sec. 203. A new section is added to Title 28A RCW to read as follows:

INTERDISTRICT TRANSFER PROCEDURES. (1) All districts accepting applications from non-resident students for admission to the district's schools shall consider equally all applications received. Each school district shall adopt a policy establishing rational, fair, and equitable standards for acceptance and rejection of applications by June 30, 1990.

(2) The district shall provide to applicants written notification of the approval or denial of the application in a timely manner. If the application is rejected, the notification shall include the reason or reasons for denial and the right to appeal under RCW 28A.225.230(3).

Sec. 204. Section 1, chapter 66, Laws of 1975 1st ex. sess. as last amended by section 236, chapter 33, Laws of 1990 and RCW 28A.225.230 are each amended to read as follows:

(1) The decision of a school district within which a student under the age of twenty-one years resides or of a school district within which such a student under the age of twenty-one years was last enrolled and is considered to be a resident for attendance purposes by operation of law, to deny such student's request for release to a nonresident school district ~~((by an agreement))~~ pursuant to RCW 28A.225.220 may be appealed to the superintendent of public instruction or his or her designee; PROVIDED, That the school district of proposed transfer is willing to accept the student.

(2) The superintendent of public instruction or his or her designee shall hear the appeal and examine the evidence. The superintendent of public instruction may order the resident district to release such a student who is under the age of twenty-one years ~~((in the event he or she or his or her designee finds that a special hardship or detrimental condition of a financial, educational, safety or health nature affecting the student or the student's immediate family or~~

custodian may likely be significantly alleviated as a result of the transfer)) if the requirements of RCW 28A.225.220 have been met. The decision of the superintendent of public instruction may be appealed to superior court pursuant to chapter 34.05 RCW, the administrative procedure act, as now or hereafter amended.

(3) The decision of a school district to deny the request for accepting the transfer of a non-resident student under section 203 of this 1990 act may be appealed to the superintendent of public instruction or his or her designee. The superintendent or his or her designee shall hear the appeal and examine the evidence. The superintendent of public instruction may order the district to accept the nonresident student if the district did not comply with the standards and procedures adopted under section 203 of this 1990 act. The decision of the superintendent of public instruction may be appealed to the superior court under chapter 34.05 RCW.

NEW SECTION, Sec. 205. A new section is added to Title 28A RCW to read as follows:

MOTION

Mr. Peery moved that the House do concur in the Senate amendments to Second Substitute House Bill No. 2379.

Representatives Peery, Betrozoff and Wang spoke in favor of the motion, and Mr. Wineberry opposed it.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker (Mr. O'Brien presiding) stated the question before the House to be final passage of Second Substitute House Bill No. 2379 as amended by the Senate.

Representatives Peery and Brough spoke in favor of passage of the bill, and Mr. Locke spoke against it.

POINT OF INQUIRY

Mr. Peery yielded to question by Mr. Wang.

Mr. Wang: Representative Peery, Section 205 on "Intradistrict Transfer Policies" provides that "Each school district in the state shall adopt and implement a policy allowing intradistrict enrollment options no later than June 30, 1990." The Senate amendment differs from the House version by adding the words "and implement" and changing the date 1991 to 1990. Under this language, would a district be able to phase in a plan for intradistrict transfers, or does it require the transfer policy to actually take effect by June 30, 1990?

Mr. Peery: Representative Wang, a district would be able to phase in a plan which would take effect after June 30. The phrase "no later than June 30, 1990" is only intended to modify the requirement that a district adopt a policy by that date. It can be a preliminary policy which is subject to modification after that date. Implementation can be phased in on a gradual basis. The addition of the words "and implement" was only intended to stress that the district must take action on its policy by June 30, not to require a district to have the plan totally in effect by that date. In fact, the next sentence in that section further clarifies that districts have flexibility both on their policy and on how to implement the intradistrict enrollment options.

Representatives Schoon and Wineberry spoke against passage of the bill, and Representatives Berozoff and Valle spoke in favor of it.

Mr. Locke moved adoption of the following amendment by Representatives Locke, Holland, Hine, Peery and Silver:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes the rising costs of health insurance premiums for school employees, and the increasing need to ensure effective use of state benefit dollars to obtain basic coverage for employees and their dependents. In school districts that do not pool benefit allocations among employees, increases in premium rates create particular

hardships for employees with families. For many of these employees, the increases translate directly into larger payroll deductions simply to maintain basic benefits.

The goal of this act is to provide access for school employees to basic coverage, including coverage for dependents, while minimizing employees' out-of-pocket premium costs. Unnecessary utilization of medical services can contribute to rising health insurance costs. Therefore, the legislature intends to encourage plans that promote appropriate utilization without creating major barriers to access to care. The legislature also intends that school districts pool state benefit allocations so as to eliminate major differences in out-of-pocket premium expenses for employees who do and do not need coverage for dependents.

Sec. 2. Section 205, chapter 2, Laws of 1987 1st ex. sess. and RCW 28A.58.0951 are each amended to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a baccalaureate degree and zero years of service; and

(b) Salaries for certificated instructional staff with a masters degree shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a masters degree and zero years of service;

(3)(a) The actual average salary paid to basic education certificated instructional staff shall not exceed the district's average basic education certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.41.112.

(b) Fringe benefit contributions for basic education certificated instructional staff shall be included as salary under (a) of this subsection to the extent that the district's actual average benefit contribution exceeds the greater of: (i) The formula amount for insurance benefits provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable; or (ii) the actual average amount provided by the school district in the 1986-87 school year. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.58.096, or employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, additional responsibilities, or incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.67.074, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.58.450 through 28A.58.515. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 3 of the state Constitution.

(5) Employee benefit plans offered by any district shall comply with RCW 28A.58.420 and sections 5 and 6 of this act.

Sec. 3. Section 28A.58.420, chapter 223, Laws of 1969 ex. sess. as last amended by section 16, chapter 107, Laws of 1988 and RCW 28A.58.420 are each amended to read as follows:

(1) The board of directors of any of the state's school districts may make available liability, life, health, health care, accident, disability and salary protection or insurance or any one of, or a combination of the enumerated types of insurance, or any other type of insurance or protection, for the members of the boards of directors, the students, and employees of the school district, and their dependents. Such coverage may be provided by contracts with private carriers, with the state health care authority after July 1, 1990, pursuant to the approval of the authority administrator, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law.

(2) Whenever funds (~~shall be~~) are available for these purposes the board of directors of the school district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts and their dependents. The premiums on such liability insurance shall be borne by the school district.

After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability insurance unless the district's employee benefit plan conforms to sections 5 and 6 of this act.

(3) For school board members and students, the premiums due on such protection or insurance shall be borne by the assenting school board member or student: PROVIDED, That the school district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school or school district.

(4) All contracts for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW.

NEW SECTION, Sec. 4. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 5 and 6 of this act.

(1) 'School district employee benefit plan' means the overall plan used by the district for distributing fringe benefit subsidies to employees, including the method of determining employee coverage and the amount of employer contributions, as well as the characteristics of benefit providers and the specific benefits or coverage offered. It shall not include coverage offered to district employees for which there is no contribution from public funds.

(2) 'Fringe benefit' does not include liability coverage, old-age survivors' insurance, workers' compensation, unemployment compensation, retirement benefits under the Washington state retirement system, or payment for unused leave for illness or injury under RCW 28A.58.096.

(3) 'Basic benefits' are determined through local bargaining and are limited to medical, dental, vision, group term life, and group long-term disability insurance coverage.

(4) 'Benefit providers' include insurers, third party claims administrators, direct providers of employee fringe benefits, health maintenance organizations, health care service contractors, and the Washington state health care authority or any plan offered by the authority.

(5) 'Group term life insurance coverage' means term life insurance coverage provided for, at a minimum, all full-time employees in a bargaining unit or all full-time nonbargaining group employees.

(6) 'Group long-term disability insurance coverage' means long-term disability insurance coverage provided for, at a minimum, all full-time employees in a bargaining unit or all full-time nonbargaining group employees.

NEW SECTION, Sec. 5. (1) Any contract for employee benefits executed after the effective date of this act between a school district and a benefit provider or employee bargaining unit is null and void unless it contains an agreement to abide by state laws relating to school district employee benefits. The term of the contract may not exceed one year.

(2) School districts shall annually submit to the Washington state health care authority summary descriptions of all benefits offered under the district's employee benefit plan. The districts shall also submit data to the health care authority specifying the total number of employees and, for each employee, types of coverage or benefits received including numbers of covered dependents, the number of eligible dependents, the amount of the district's contribution, additional premium costs paid by the employee through payroll deductions, and the age and sex of the employee and each dependent. The plan descriptions and the data shall be submitted in a format and according to a schedule established by the health care authority.

(3) Any benefit provider offering a benefit plan by contract with a school district under subsection (1) of this section shall agree to make available to the school district the benefit plan descriptions and, where available, the demographic information on plan subscribers that the district is required to report to the Washington state health care authority under this section.

(4) This section shall not apply to benefit plans offered in the 1989-90 school year.

NEW SECTION, Sec. 6. (1) Except as provided in subsection (2) of this section, school districts may provide employer fringe benefit contributions after October 1, 1990, only for basic benefits. However, school districts may continue payments under contracts with employees or benefit providers in effect on the effective date of this act, until the contract expires.

(2) School districts may provide employer contributions after October 1, 1990, for optional benefit plans, in addition to basic benefits, only for employees included in pooling arrangements under this subsection. Optional benefit plans may not include employee beneficiary accounts that can be liquidated by the employee on termination of employment. Optional benefit plans may be offered only if:

(a) The school district pools benefit allocations among employees using a pooling arrangement that includes at least one employee bargaining unit and/or all nonbargaining group employees;

(b) Each full-time employee included in the pooling arrangement is offered basic benefits, including coverage for dependents, without a payroll deduction for premium charges;

(c) Each full-time employee included in the pooling arrangement, regardless of the number of dependents receiving basic coverage, receives the same additional employer contribution for other coverage or optional benefits; and

(d) For part-time employees included in the pooling arrangement, participation in optional benefit plans shall be governed by the same eligibility criteria and/or proration of employer contributions used for allocations for basic benefits.

(3) Savings accruing to school districts due to limitations on benefit options under this section shall be pooled and made available by the districts to reduce out-of-pocket premium expenses for employees needing basic coverage for dependents. School districts are not intended to divert state benefit allocations for other purposes.

NEW SECTION. Sec. 7. The Washington state health care authority, in consultation with the state insurance commissioner and the advisory committee established under this section, shall develop recommendations on school employee benefit plans, to be submitted to the appropriations committee of the house of representatives and the ways and means committee of the senate. The advisory committee shall include three members: A representative of health maintenance organizations, a representative of health care service contractors, and a representative of commercial carriers. The health care authority, the insurance commissioner, and the advisory committee shall submit preliminary recommendations by December 15, 1990, including a proposed set of guidelines for school employee benefit plans, to be considered by the legislature for implementation in the 1991-93 biennium. A final set of recommendations, including an analysis of demographic data on plan subscribers, shall be submitted by February 15, 1991. In developing the recommendations and guidelines, the health care authority, the insurance commissioner, and the advisory committee shall consider the need for local flexibility in plan design, as well as for equity between school district employees and state employees, and shall also consider the impact of collective bargaining by multiple bargaining units on school employee benefit plans and how they are structured. The recommendations and guidelines shall also address:

(1) Methods for ensuring equitable pooling of benefits among school district employees according to the need for coverage, including coverage of dependents;

(2) Giving top priority to using state benefit dollars for basic coverage, with particular emphasis on medical coverage;

(3) Methods of curbing overutilization of benefits through subscriber cost-sharing provisions or other means;

(4) Options for allocation of benefit contributions to part-time employees, taking into consideration patterns of employment unique to school districts and their impact on distribution of benefits;

(5) Standards for the financial practices of plan providers; and

(6) The availability and provision of coverage for retired school district employees.

This section shall expire June 30, 1991.

NEW SECTION. Sec. 8. Sections 4 through 6 of this act are each added to Title 28A RCW.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

MESSAGES FROM THE GOVERNOR

March 30, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I have the honor to advise you that on March 30, 1990, Governor Gardner approved the following House Bill entitled:

SUBSTITUTE HOUSE BILL NO. 2327: Relating to sunset review.

Sincerely,
Thomas J. Felnagle, Counsel.

March 30, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Engrossed Substitute House Bill No. 2603 entitled:

"AN ACT Relating to children's health."

This bill establishes the children's health program to provide health care services to children in poverty who are not otherwise eligible for medical assistance. I appreciate the Legislature's support for this state-funded health care program for young people in poverty.

Section 3 of this bill substantially changes the access support portion of the original proposal. My intention in our original bill was to have the Department of Social and Health Services (DSHS) work closely with the Department of Health to identify areas of the state experiencing difficulties with access of young children to pediatric care. I also intended the Department of Social and Health Services, in close coordination with the Department of Health, to provide technical and financial assistance to local communities to break down the barriers to access for poor children. The access support program for pediatric care was to use substantially the same process as is being used for maternity and perinatal care in the First Steps program.

Section 3 essentially allows only county governments to apply for and receive state financial and technical assistance. The circumstances under which a local health care provider, such as a community or migrant clinic, may solicit state financial and technical support are unnecessarily constrictive. This is a different process than is used in the First Steps program.

Local communities are best able to identify problems with access, and are best able to develop local resources. The state should not dictate to local communities who should participate or what they should do. Within the boundaries of accountability, this program should have sufficient flexibility to allow the state to support innovative ideas. I encourage all local health care providers and county health departments to step up to the challenge of addressing poor children's access to health care.

The remainder of the bill contains sufficient statutory structure to allow the Department of Social and Health Services to administer an access support program. I direct DSHS, subject to funding, to work closely with the Department of Health to adopt an access support program that follows substantially the same process used in the First Steps program.

With the exception of section 3, Engrossed Substitute House Bill No. 2603 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 31, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 2, 3, 4, 5, 6, 7 and 8, Engrossed House Bill No. 2939 entitled:

"AN ACT Relating to population limits at correctional institutions."

Section 1 of this bill repeals the statutory limits on the inmate populations of Shelton and Monroe correctional facilities. This change is necessary for the Department of Corrections to accommodate a rapidly increasing inmate population. Recent enhancements to the state's criminal statutes, particularly with respect to drug offenders, burglars and sex offenders, are projected to cause a doubling of prison inmates by the year 1996. Every effort must be made to ensure that these offenders are not released for lack of space.

Sections 2 through 7 establish a formula for providing mitigation funds to certain communities affected by the repealed population caps. I recognize that some communities have experienced the brunt of the state's need for prison sites.

I further recognize that those communities should not be asked to experience negative impacts without recompense. Nonetheless, I cannot support the provisions of this bill which offer a piecemeal approach to mitigation funding. If a statutory mitigation funding formula is to be adopted, it must be applicable statewide.

In addition, section 8 of this measure requires the Department of Corrections to continue staffing at the Washington Corrections Center at a level consistent with the current prison staffing model. This model is an administrative tool, and should not be embodied in statute. Furthermore, section 8 proposes to violate its own direction by prohibiting the department from staffing below current levels. Where the model would justify staffing at lower levels, fiscal prudence demands that we do so.

For the reasons stated above, I have vetoed sections 2, 3, 4, 5, 6, 7 and 8.

With the exception of sections 2, 3, 4, 5, 6, 7 and 8, Engrossed House Bill No. 2939 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 31, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute House Bill No. 2940 entitled:

"AN ACT Relating to vehicle dealer documentary service fees."

This bill would provide vehicle dealers with an exception from the Unfair Practices - Dealer's Licenses statute. The dealers would be able to itemize on sales documents a "documentary service fee" of up to twenty-five dollars per vehicle

sale for their preparation and handling of documents relating to licensing, registration, title verification, transfer of title, and the like. Dealers would be required to disclose this service fee in any advertisement.

The purpose of the Unfair Practices statute is to protect consumers from misleading and deceptive charges in sales documents. This bill does not further that purpose. Consumers are likely to be confused about their obligation to pay the fee. Consumers may wrongly assume that the fee is authorized or even mandated by the State. Many consumers are not sophisticated in negotiating the purchase of a vehicle and this fee makes it harder for them to understand the already confusing components of the purchase price.

While I understand the vehicle dealers' concern about their responsibilities in assuring that vehicle sales are properly documented, I am mindful of several improvements over the last year that assist dealers in complying with federal, state, and financial institution requirements.

These improvements include the motor vehicle excise tax simplifications that are part of this year's fuel tax bill -- improvements that greatly streamline and simplify the valuation and depreciation process. I am also aware of the Dealer Manual, published by the Department of Licensing for the first time last year, which is available to all dealers, containing clear, concise direction for vehicle licensing. Additionally, the Department of Licensing recently extended, from fifteen to thirty days, the time allowed dealers to transfer title.

Because I am confident that the concerns leading to Substitute House Bill No. 2940 can best be addressed outside of the legislative arena, I direct the Department of Licensing, through its Industry Advisory Committee, to identify means to further simplify and reduce the regulatory burden placed on the motor vehicle dealer industry.

For the reasons stated above, I have vetoed Engrossed Substitute House Bill No. 2940 in its entirety.

Respectfully submitted,
Booth Gardner, Governor.

The Speaker (Ms. Nutley presiding) declared the House to be at ease.

The Speaker (Mr. O'Brien presiding) called the House to order.

On behalf of the members of the House of Representatives, Representative Hine presented a farewell gift to Representative Sayan.

POINT OF PERSONAL PRIVILEGE

Mr. Sayan: Thank you, Mr. Speaker. This is nice. First, I apologize for having taken so much time. It has been a great journey of eight wonderful years. Like life, in fact, it is that which happens after you have made other plans, generally. In keeping with what has been suggested about my usual remarks, these will be short.

I want to say that on that journey, if I have helped anyone, I am truly grateful for that opportunity. If I have harmed anyone, please understand that I am sorry because it was done out of ignorance and not out of intent. And this will be my final muster and there will not be another roll call for me, even if Fred May asks for it.

I want to share with you the closing lines from that great World War II song in which the lyricist wrote, "And when my life is through and when the angels ask me to recall the thrill of them all, that's when I'll tell them, 'I remember you.'" God bless you.

PRESENTATION OF GIFT

On behalf of the members of the House of Representatives, Representatives Brough and Vekich presented a farewell gift to Representative Schoon.

POINT OF PERSONAL PRIVILEGE

Mr. Schoon: To all my colleagues in the House: You are part of a wonderful institution. We go by Reed's Rules dating back to the 1860s; they precede the state itself. We have such a strong bond among ourselves, and it has been an honor for me to serve with the staff, with the most illustrious Speaker in the nation and with the current Speaker. I will miss you. I will miss the institution. But I won't forget you, because I will always be concerned with the activities of the Legislature. I will be concerned about the makeup. I will be concerned about the flaws of the system and will try to improve them. When you consider what would be second best, it is a long way away.

To those who stay: Good luck in your deliberations in the oncoming years. To Doug: Good luck in retirement. To those who move on to other positions: Best wishes. And to those who remain from my class of 1983: Good luck to you. Thank you very much. To all of you: I appreciate very much the courtesy of tonight.

House Floor Resolution No. 90-4797 was adopted.

POINT OF PERSONAL PRIVILEGE

Mr. S. Wilson: Thank you, Mr. Speaker. I wish to speak about another member of the House, who has chosen not to seek office here again. Perhaps it is not appropriate to introduce a resolution honoring him, simply because he is seeking office in another body. Perhaps he is seeking to retire to the Senate or to retire from the Legislature completely, I am not sure which. I do wish to comment on my office mate, a fellow dinosaur, Representative Curt Smith. He has served here since 1979, if I am not mistaken, and was part of the 49-49 tie and the brief Republican majority we enjoyed. He has served his district and the state very, very honorably during those years, giving able representation to the interests of his area. I don't know what more I can say. We know he is seeking honorable transfer, but I do believe that we ought to make note of the years he has spent here and the service that he has performed with us and for all of us. Thank you.

MESSAGE FROM THE SENATE

April 1, 1990

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 2929, and has granted said committee the powers of Free Conference. The Report of the Conference Committee is herewith transmitted.

W. D. Naismith, Assistant Secretary.

REPORT OF CONFERENCE COMMITTEE

April 1, 1990

Mr. Speaker:

We of your Conference Committee to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2929, enacting comprehensive growth planning provisions, have had the same under consideration and we report that we are unable to agree, and we respectfully request the powers of Free Conference in order to amend the measure as follows:

Reject the Senate Committee on Governmental Operations amendments adopted as amended on March 2, 1990 (For committee amendments, see Journal, 55th Day, Regular Session, March 3, 1990);

Adopt the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION, Sec. 1. FINDINGS AND INTENT. The legislature finds that uncoordinated and unplanned growth, together with a lack of common goals expressing the public's interest in the conservation and the wise use of our lands, pose a threat to the environment, sustainable economic development, and the health, safety, and high quality of life enjoyed by residents of this state. It is in the public interest that citizens, communities, local governments, and the private sector cooperate and coordinate with one another in comprehensive land use planning. Further, the legislature finds that it is in the public interest that economic development programs be shared with communities experiencing insufficient economic growth.

PART I

GOALS AND PLANNING

NEW SECTION, Sec. 2. PLANNING GOALS. The following goals are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under section 4 of this act. The following goals are not listed in order of priority and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations:

(1) Urban growth. Encourage development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner.

(2) Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.

(3) Transportation. Encourage efficient multimodal transportation systems that are based on regional priorities and coordinated with county and city comprehensive plans.

(4) Housing. Encourage the availability of affordable housing to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.

(5) Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.

(6) Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.

(7) Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.

(8) Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Encourage the conservation

of productive forest lands and productive agricultural lands, and discourage incompatible uses.

(9) Open space and recreation. Encourage the retention of open space and development of recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks.

(10) Environment. Protect the environment and enhance the state's high quality of life, including air and water quality, and the availability of water.

(11) Citizen participation and coordination. Encourage the involvement of citizens in the planning process and ensure coordination between communities and jurisdictions to reconcile conflicts.

(12) Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

(13) Historic preservation. Identify and encourage the preservation of lands, sites, and structures, that have historical or archaeological significance.

NEW SECTION. Sec. 3. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Adopt a comprehensive land use plan' means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) 'Agricultural land' means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, or livestock, and that has long-term commercial significance for agricultural production.

(3) 'City' means any city or town, including a code city.

(4) 'Comprehensive land use plan,' 'comprehensive plan,' or 'plan' means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) 'Critical areas' include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.

(6) 'Department' means the department of community development.

(7) 'Development regulations' means any controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances.

(8) 'Forest land' means land primarily useful for growing trees, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, for commercial purposes, and that has long-term commercial significance for growing trees commercially.

(9) 'Geologically hazardous areas' means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(10) 'Long-term commercial significance' includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(11) 'Minerals' include gravel, sand, and valuable metallic substances.

(12) 'Public facilities' include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) 'Public services' include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) 'Urban growth' refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of such land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources. When allowed to spread over wide areas, urban growth typically requires urban governmental services. 'Characterized by urban growth' refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(15) 'Urban growth areas' means those areas designated by a county pursuant to section 11 of this act.

(16) 'Urban governmental services' include those governmental services historically and typically delivered by cities, and include storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with nonurban areas.

(17) 'Wetland' or 'wetlands' means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities. However, wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands, if permitted by the county or city.

NEW SECTION. Sec. 4. WHO MUST PLAN. (1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall adopt comprehensive land use plans and development regulations under this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990. Once a county meets either of these criteria, the requirement to conform with sections 4 through 16 of this act remains in effect, even if the county no longer meets one of these criteria.

(2) The county legislative authority of any county that does not meet the requirements of subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall adopt a comprehensive land use plan in accordance with this chapter. Once such a resolution has been adopted, the county cannot remove itself from the requirements of this chapter.

(3) Any county or city that is required to adopt a comprehensive land use plan under subsection (1) of this section shall adopt the plan on or before July 1, 1993. Any county or city that is required to adopt a comprehensive land use plan under subsection (2) of this section shall adopt the plan not later than three years from the date the county legislative body takes action as required by subsection (2) of this section.

(4) If the office of financial management certifies that the population of a county has changed sufficiently to meet the requirements of subsection (1) of this section, and the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall adopt: (a) Development regulations under section 6 of this act within one year of the certification by the office of financial management; (b) a comprehensive land use plan under this chapter within three years of the certification by the office of financial management; and (c) development regulations pursuant to this chapter within one year of having adopted its comprehensive land use plan.

NEW SECTION. Sec. 5. GUIDELINES TO CLASSIFY AGRICULTURE, FOREST, AND MINERAL LANDS AND CRITICAL AREAS. (1) Subject to the definitions provided in section 3 of this act, the department shall adopt guidelines, under chapter 34.05 RCW, no later than September 1, 1990, to guide the classification of: (a) Agricultural lands; (b) forest lands; (c) mineral resource lands; and (d) critical areas. The department shall consult with the department of agriculture regarding guidelines for agricultural lands, the department of natural resources regarding forest lands and mineral resource lands, and the department of ecology regarding critical areas.

(2) In carrying out its duties under this section, the department shall consult with interested parties, including but not limited to: (a) Representatives of cities; (b) representatives of counties; (c) representatives of developers; (d) representatives of builders; (e) representatives of owners of agricultural lands, forest lands, and mining lands; (f) representatives of local economic development officials; (g) representatives of environmental organizations; (h) representatives of special districts; (i) representatives of the governor's office and federal and state agencies; and (j) representatives of Indian tribes. In addition to the consultation required under this subsection, the department shall conduct public hearings in the various regions of the state. The department shall consider the public input obtained at such public hearings when adopting the guidelines.

(3) The guidelines under subsection (1) of this section shall be minimum guidelines that apply to all jurisdictions, but also shall allow for regional differences that exist in Washington state. The intent of these guidelines is to assist counties and cities in designating the classification of agricultural lands, forest lands, mineral resource lands, and critical areas under section 17 of this act.

(4) The guidelines established by the department under this section regarding classification of forest lands shall not be inconsistent with guidelines adopted by the department of natural resources.

NEW SECTION. Sec. 6. NATURAL RESOURCE LANDS AND CRITICAL AREAS—DEVELOPMENT REGULATIONS. (1) Each county that is required or chooses to plan under section 4 of this

act, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under section 17 of this act. Regulations adopted under this section may not prohibit uses permitted prior to their adoption and shall remain in effect until a county adopts development regulations pursuant to section 12 of this act. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals.

Each county that is required or chooses to plan under section 4 of this act, and each city within such county, shall adopt development regulations on or before September 1, 1991, precluding land uses or development that is incompatible with the critical areas that are required to be designated under section 17 of this act.

(2) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under section 4 of this act and implementing development regulations under section 12 of this act and may alter such designations and development regulations to insure consistency.

NEW SECTION. Sec. 7. COMPREHENSIVE PLANS—MANDATORY ELEMENTS. The comprehensive plan of a county or city that is required or chooses to plan under section 4 of this act shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in section 14 of this act.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element recognizing the vitality and character of established residential neighborhoods that: (a) includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit land uses that are compatible with the rural character of such lands and provide for a variety of rural densities.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under section 4 of this act, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) 'concurrent with the development' shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

NEW SECTION, Sec. 8. OPTIONAL ELEMENTS. (1) A comprehensive plan may include additional elements, items, or studies dealing with other subjects relating to the physical development within its jurisdiction, including, but not limited to:

(a) Conservation;

(b) Solar energy; and

(c) Recreation.

(2) A comprehensive plan may include, where appropriate, subarea plans, each of which is consistent with the comprehensive plan.

NEW SECTION, Sec. 9. INNOVATIVE TECHNIQUES. A comprehensive plan should provide for innovative land use management techniques, including, but not limited to, density bonuses, cluster housing, planned unit developments, and the transfer of development rights.

NEW SECTION, Sec. 10. COMPREHENSIVE PLANS—MUST BE COORDINATED. The comprehensive plan of each county or city that is adopted pursuant to section 4 of this act shall be coordinated with, and consistent with, the comprehensive plans adopted pursuant to section 4 of this act of other counties or cities with which the county or city has, in part, common borders or related regional issues.

NEW SECTION, Sec. 11. COMPREHENSIVE PLANS—URBAN GROWTH AREAS. (1) Each county that is required or chooses to adopt a comprehensive land use plan under section 4 of this act shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population forecast made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of the effective date of this section, each county required to designate urban growth areas shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of

the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

NEW SECTION. Sec. 12. COMPREHENSIVE PLANS—DEVELOPMENT REGULATIONS AND CAPITAL PLANS—IMPLEMENT IN CONFORMITY. Within one year of the adoption of its comprehensive plan, each county and city that is required or chooses to plan under section 4 of this act shall enact development regulations that are consistent with and implement the comprehensive plan. These counties and cities shall perform their activities and make capital budget decisions in conformity with their comprehensive plans.

NEW SECTION. Sec. 13. COMPREHENSIVE PLANS—AMENDMENTS. (1) Each comprehensive land use plan and development regulations shall be subject to continuing evaluation and review by the county or city that adopted them.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2) Each county and city shall establish procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. All proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists.

(3) Each county that designates urban growth areas under section 11 of this act shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period.

NEW SECTION. Sec. 14. COMPREHENSIVE PLANS—ENSURE PUBLIC PARTICIPATION. Each county and city that is required or chooses to plan under section 4 of this act shall establish procedures providing for early and continuous public participation in the development and amendment of comprehensive land use plans and development regulations implementing such plans. The procedures shall provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, provision for open discussion, communication programs, information services, and consideration of and response to public comments. Errors in exact compliance with the established procedures shall not render the comprehensive land use plan or development regulations invalid if the spirit of the procedures is observed.

NEW SECTION. Sec. 15. Each county and city that is required or chooses to prepare a comprehensive land use plan under section 4 of this act shall identify lands useful for public purposes such as utility corridors, transportation corridors, landfills, sewage treatment facilities, recreation, schools, and other public uses. The county shall work with the state and the cities within its borders to identify areas of shared need for public facilities. The jurisdictions within the county shall prepare a prioritized list of lands necessary for the identified public uses including an estimated date by which the acquisition will be needed.

The respective capital acquisition budgets for each jurisdiction shall reflect the jointly agreed upon priorities and time schedule.

NEW SECTION. Sec. 16. Each county and city that is required or chooses to prepare a comprehensive land use plan under section 4 of this act shall identify open space corridors within and between urban growth areas. They shall include lands useful for recreation, wildlife habitat, trails, and connection of critical areas as defined in section 3 of this act.

The city or county may seek to acquire by purchase the fee simple or lesser interests in these open space corridors using funds authorized by RCW 84.34.230 or other sources.

NEW SECTION. Sec. 17. NATURAL RESOURCE LANDS AND CRITICAL AREAS—DESIGNATIONS. (1) On or before September 1, 1991, each county, and each city, shall designate where appropriate:

(a) Agricultural lands that are not already characterized by urban growth and that have long-term significance for the commercial production of food or other agricultural products;

(b) Forest lands that are not already characterized by urban growth and that have long-term significance for the commercial production of timber;

(c) Mineral resource lands that are not already characterized by urban growth and that have long-term significance for the extraction of minerals; and

(d) Critical areas.

(2) In making the designations required by this section, counties and cities shall consider the guidelines established pursuant to section 5 of this act.

NEW SECTION. Sec. 18. COMPREHENSIVE PLANS—SPECIAL DISTRICTS MUST CONFORM.

(1) All special districts shall perform their activities which affect land use, including capital budget decisions, in conformity with the state policy goals and the comprehensive land use plan of the county or city having jurisdiction in the area where the activities occur.

(2) Not later than one year after the adoption of a comprehensive plan by a county or city pursuant to section 4 of this act, each special district located within such a county or city, that provides one or more of the public facilities or public services listed in this subsection, shall adopt or amend a capital facilities plan for its facilities that is consistent with the comprehensive plan and indicates the existing and projected capital facilities that are necessary to serve the projected growth for the area that is served by the special district. These public facilities or public services are: (a) Sanitary sewers; (b) potable water facilities; (c) park and recreation facilities; (d) fire suppression; (e) libraries; (f) schools; and (g) transportation, including mass transit.

(3) This section shall not apply to port districts or municipal airports.

NEW SECTION. Sec. 19. REPORT ON PLANNING PROGRESS. (1) It is the intent of the legislature that counties and cities required to adopt a comprehensive plan under section 4(1) of this act begin implementing this chapter on or before July 1, 1990, including but not limited to: (a) Inventorying, designating, and conserving agricultural, forest, and mineral resource lands, and critical areas; and (b) considering the modification or adoption of comprehensive land use plans and development regulations implementing the comprehensive land use plans. It is also the intent of the legislature that funds be made available to counties and cities beginning July 1, 1990, to assist them in meeting the requirements of this chapter.

The data shall be retained in a manner to facilitate its use in preparing maps, aggregating with data from multiple jurisdictions, and comparing changes over time. Data shall further be retained in a manner which permits its access via computer.

(3) By December 1, 1990, the department shall report to the appropriate committees of the house of representatives and senate on the availability of existing data; specific data which is needed but not currently available; data compatibility across jurisdictions; the suitability of various types of data for retention on computer; the cost of collecting, storing, updating, mapping, and manipulating data on a computer; and recommendations on how to maintain an inventory of data which is accessible to any user and whether to maintain the data at a central repository or decentralized repositories.

(4) The department shall work with other state agencies, local governments, and private organizations that are inventorying public and private lands to ensure close coordination and to ensure that duplication of efforts does not occur.

The sewer commissioners before ordering any improvements hereunder or submitting to vote any proposition for incurring indebtedness shall adopt a general comprehensive plan for a system of sewers for the district. They shall investigate all portions and sections of the district and select a general comprehensive plan for a system of sewers for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan shall provide for treatment plants and other methods for the disposal of sewage and industrial and other liquid wastes now produced or which may reasonably be expected to be produced within the district and shall, for such portions of the district as may then reasonably be served, provide for the acquisition or construction and installation of laterals, trunk sewers, intercepting sewers, syphons, pumping stations, or other sewage collection facilities. The general comprehensive plan shall provide the method of distributing the cost and expense of the sewer system provided therein against the district and against utility local improvement districts within the district, including any utility local improvement district lying wholly or partially within any other political subdivision included in the district; and provide whether the whole or some part of the cost and expenses shall be paid from sewer revenue bonds. The commissioners may employ such engineering and legal services as they deem necessary in carrying out the purposes hereof.

The general comprehensive plan shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health. The general comprehensive plan shall be approved, conditionally approved, or rejected by the director of health within sixty days of the plan's receipt and by the designated engineer within sixty days of the plan's receipt. However, this sixty-day time limitation may be extended by the director of health or engineer for up to an additional sixty days if sufficient time is not available to review adequately the general comprehensive plans.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the sewer district lies. The general comprehensive plan shall be approved, conditionally approved, or rejected by each of these county legislative authorities pursuant to the criteria in RCW 56.02.060 for approving the formation, reorganization, annexation, consolidation, or merger of sewer districts, and the resolution, ordinance, or motion of the legislative body which rejects the comprehensive plan or a part thereof shall specifically state in what particular the comprehensive plan or part thereof rejected fails to meet these criteria. ~~The ((legislative body may not impose requirements restricting the maximum size of the sewer system facilities provided for in the)) general comprehensive plan((-PROVIDED, That)) shall not provide for the extension or location of facilities that are inconsistent with the requirements of section 11 of this act. Nothing in this chapter shall preclude a county from rejecting a proposed plan because it is in conflict with the criteria in RCW 56.02.060. Each general comprehensive plan shall be deemed approved if the county legislative authority fails to reject or conditionally approve the plan within ninety days of submission to the county legislative authority or within thirty days of a hearing on the plan when the hearing is held within ninety days of the plan's submission to the county legislative authority((-PROVIDED, That)). However, a county legislative authority may extend this ninety-day time limitation by up to an additional ninety days where a finding is made that ninety days is insufficient to review adequately the general comprehensive plan. In addition, the sewer commissioners and the county legislative authority may mutually agree to an extension of the deadlines in this section.~~

If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the ~~((legislative authority))~~ governing body of such cities and towns before becoming effective. The general comprehensive plan shall be deemed approved by the city or town ~~((legislative authority))~~ governing body if the city or town ~~((legislative authority))~~ governing body fails to reject or conditionally approve the plan within ninety days of the plan's submission to the city or town or

within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a city or town governing body may extend this time limitation by up to an additional ninety days where a finding is made that insufficient time exists to adequately review the general comprehensive plan within these time limitations. In addition, the sewer commissioners and the city or town governing body may mutually agree to an extension of the deadlines in this section.

Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan: PROVIDED, That only if the amendment, alteration, or addition, affects a particular city or town, shall the amendment, alteration, or addition be subject to approval by such particular city or town (~~legislative authority~~) governing body.

There may be included as part of the system the installation of fire hydrants at suitable places throughout the district, and the purchase and maintenance of necessary fire fighting equipment and apparatus, together with facilities for housing same. The water district commissioners shall determine a general comprehensive plan for distributing such water throughout such portion of the district as may then reasonably be served by means of subsidiary aqueducts and pipe lines, and the method of distributing the cost and expense thereof against such water district and against local improvement districts or utility local improvement districts within such water district for any lawful purpose, and including any such local improvement district or utility local improvement district lying wholly or partially within the limits of any city or town in such district, and shall determine whether the whole or part of the cost and expenses shall be paid from water revenue bonds. After July 23, 1989, when the district adopts a general comprehensive plan or plans for an area annexed as provided for in RCW 57.16.010, the district shall include a long-term plan for financing the planned projects. The commissioners may employ such engineering and legal service as in their discretion is necessary in carrying out their duties.

The general comprehensive plan shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health. The general comprehensive plan shall be approved, conditionally approved, or rejected by the director of health within sixty days of the plan's receipt and by the designated engineer within sixty days of the plan's receipt. However, this sixty-day time limitation may be extended by the director of health or engineer for up to an additional sixty days if sufficient time is not available to review adequately the general comprehensive plans.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the water district lies. The general comprehensive plan shall be approved, conditionally approved, or rejected by each of these county legislative authorities pursuant to the criteria in RCW 57.02.040 for approving the formation, reorganization, annexation, consolidation, or merger of water districts, and the resolution, ordinance, or motion of the legislative body which rejects the comprehensive plan or a part thereof shall specifically state in what particular the comprehensive plan or part thereof rejected fails to meet these criteria. The (~~legislative body may not impose requirements restricting the maximum size of the water supply facilities provided for in the~~) general comprehensive plan (~~(-PROVIDED, That)~~) shall not provide for the extension or location of facilities that are inconsistent with the requirements of section 11 of this act. Nothing in this chapter shall preclude a county from rejecting a proposed plan because it is in conflict with the criteria in RCW 57.02.040. Each general comprehensive plan shall be deemed approved if the county legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the county legislative authority or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority (~~(-PROVIDED, That)~~). However, a county legislative authority may extend this ninety-day time limitation by up to an additional ninety days where a finding is made that ninety days is insufficient to review adequately the general comprehensive plan. In addition, the water commissioners and the county legislative authority may mutually agree to an extension of the deadlines in this section.

If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the ~~((legislative authority))~~ governing bodies of such cities and towns before becoming effective. The general comprehensive plan shall be deemed approved by the city or town ~~((legislative authority))~~ governing body if the city or town ~~((legislative authority))~~ governing body fails to reject or conditionally approve the plan within ninety days of the plan's submission to the city or town or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a city or town governing body may extend this time limitation by up to an additional ninety days where a finding is made that insufficient time exists to adequately review the general comprehensive plan within these time limitations. In addition, the sewer commissioners and the city or town governing body may mutually agree to an extension of the deadlines in this section.

Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan: PROVIDED, That only if the amendment, alteration, or addition affects a particular city or town, shall the amendment, alteration or addition be subject to approval by such particular city or town ~~((legislative authority))~~ governing body.

After the effective date of this section, revenues generated from the tax imposed under this subsection in counties and cities that are required or choose to plan under section 4 of this act shall be used primarily for financing capital projects specified in a capital facilities plan element of a comprehensive plan and housing relocation assistance under sections 50 and 51 of this act. However, revenues (a) pledged by such counties and cities to debt retirement prior to the effective date of this section may continue to be used for that purpose until all outstanding debt is retired, or (b) committed prior to the effective date of this section by such counties or cities to a capital project may continue to be used for that purpose until the project is completed.

(2) ~~((Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5, chapter 49, Laws of 1982 1st ex. sess.))~~ In lieu of imposing the tax authorized in RCW 82.14.030(2), the governing body of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(3) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

(4) Taxes imposed under this section shall comply with all applicable rules, regulations, laws, and court decisions regarding real estate excise taxes as imposed by the state under chapter 82.45 RCW.

(5) As used in this section, 'city' means any city or town.

Sec. 37. Section 13, chapter 49, Laws of 1982 1st ex. sess. and RCW 82.46.030 are each amended to read as follows:

(2) The remaining proceeds from the county tax under RCW 82.46.010(1) shall be placed in a county capital improvements fund. The remaining proceeds from city or town taxes under RCW 82.46.010(1) shall be distributed to the respective cities and towns monthly and placed by the city treasurer in a municipal capital improvements fund. ~~((These capital improvements funds shall be used by the respective jurisdictions for local improvements, including those listed in RCW 35.43.040.))~~

(3) This section does not limit the existing authority of any city, town, or county to impose special assessments on property specially benefited thereby in the manner prescribed by law.

NEW SECTION. Sec. 38. A new section is added to chapter 82.46 RCW to read as follows:

(1) The governing body of any county or any city that plans under section 4(1) of this act may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-quarter of one percent of the selling price. Any county choosing to plan under section 4(2) of this act and any city within such a county may only adopt an ordinance imposing the excise tax authorized by this section if the ordinance is first authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition

at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters.

(2) Revenues generated from the tax imposed under subsection (1) of this section shall be used by such counties and cities solely for financing capital projects specified in a capital facilities plan element of a comprehensive plan.

(3) Revenues generated by the tax imposed by this section shall be deposited in a separate account.

(4) As used in this section, 'city' means any city or town.

NEW SECTION. Sec. 39. A new section is added to chapter 82.46 RCW to read as follows:

Sec. 40. Section 14, chapter 49, Laws of 1982 1st ex. sess. and RCW 82.46.040 are each amended to read as follows:

Any tax imposed under (~~RCW 82.46.040~~) this chapter and any interest or penalties thereon is a specific lien upon each piece of real property sold from the time of sale until the tax is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

Sec. 41. Section 15, chapter 49, Laws of 1982 1st ex. sess. and RCW 82.46.050 are each amended to read as follows:

The taxes levied under (~~RCW 82.46.040~~) this chapter are the obligation of the seller and may be enforced through an action of debt against the seller or in the manner prescribed for the foreclosure of mortgages. Resort to one course of enforcement is not an election not to pursue the other.

Sec. 42. Section 16, chapter 49, Laws of 1982 1st ex. sess. and RCW 82.46.060 are each amended to read as follows:

Any taxes imposed under (~~RCW 82.46.040~~) this chapter shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. The treasurer shall act as agent for any city within the county imposing the tax. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales. A receipt issued by the county treasurer for the payment of the tax imposed under (~~RCW 82.46.040~~) this chapter shall be evidence of the satisfaction of the lien imposed in RCW 82.46.040 and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax may be accepted by the county auditor for filing or recording until the tax is paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be accepted until suitable notation of this fact is made on the instrument by the treasurer.

Sec. 43. Section 82.02.020, chapter 15, Laws of 1961 as last amended by section 6, chapter 179, Laws of 1988 and RCW 82.02.020 are each amended to read as follows:

Except only as expressly provided in RCW 67.28.180 and 67.28.190 and the provisions of chapter 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in sections 44 through 49 of this act, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements (~~pursuant to RCW 58.17.110~~) within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under sections 50 and 51 of this act.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 56, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION, Sec. 44. A new section is added to chapter 82.02 RCW to read as follows:

(1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development:

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under section 4 of this act are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in section 49 of this act which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of section 7 of this act or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After July 1, 1993, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with section 7 of this act, and on the capital facilities plan identifying:

(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

(b) Additional demands placed on existing public facilities by new development; and

(c) Additional public facility improvements required to serve new development.

If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those capital facility needs for which the county, city, or town is responsible.

NEW SECTION, Sec. 45. A new section is added to chapter 82.02 RCW to read as follows:

The local ordinance by which impact fees are imposed:

(1) Shall include a schedule of impact fees which shall be adopted for each type of development activity that is subject to impact fees, specifying the amount of the impact fee to be imposed for each type of system improvement. The schedule shall be based upon a formula

or other method of calculating such impact fees. In determining proportionate share, the formula or other method of calculating impact fees shall incorporate, among other things, the following:

- (a) The cost of public facilities necessitated by new development;
 - (b) An adjustment to the cost of the public facilities for past or future payments made or reasonably anticipated to be made by new development to pay for particular system improvements in the form of user fees, debt service payments, taxes, or other payments earmarked for or proratable to the particular system improvement;
 - (c) The availability of other means of funding public facility improvements;
 - (d) The cost of existing public facilities improvements; and
 - (e) The methods by which public facilities improvements were financed;
- (2) May provide an exemption for low-income housing, and other development activities with broad public purposes, from these impact fees, provided that the impact fees for such development activity shall be paid from public funds other than impact fee accounts;
- (3) Shall provide a credit for the value of any dedication of land for, improvement to, or new construction of any system improvements provided by the developer, to facilities that are identified in the capital facilities plan and that are required by the county, city, or town as a condition of approving the development activity;
- (4) Shall allow the county, city, or town imposing the impact fees to adjust the standard impact fee at the time the fee is imposed to consider unusual circumstances in specific cases to ensure that impact fees are imposed fairly;
- (5) Shall include a provision for calculating the amount of the fee to be imposed on a particular development that permits consideration of studies and data submitted by the developer to adjust the amount of the fee;
- (6) Shall establish one or more reasonable service areas within which it shall calculate and impose impact fees for various land use categories per unit of development;
- (7) May provide for the imposition of an impact fee for system improvement costs previously incurred by a county, city, or town to the extent that new growth and development will be served by the previously constructed improvements provided such fee shall not be imposed to make up for any system improvement deficiencies.

NEW SECTION. Sec. 46. A new section is added to chapter 82.02 RCW to read as follows:

(1) Payment of an impact fee in regard to the system improvement for which the impact fee is paid shall constitute full and complete compliance with the county, city, or town requirements for the provision of the particular public facility. No other payment may be required for the same system improvement by any county, city, or town by any other means.

(2) The county, city, or town may determine that a system improvement needs to be constructed prior to final completion of the development activity and may condition the development approval accordingly. Pursuant to an agreement with the county, city, or town, the developer may elect to construct the needed system improvement, provided the developer receives a credit for the costs of the construction that exceed the impact fee which otherwise would have applied.

(3) In the event that a developer enters into an agreement with a county, city, or town to construct, fund, or contribute system improvements such that the amount of the credit created by such construction, funding, or contribution is in excess of the impact fees which would otherwise have been paid for the development project, the developer shall be reimbursed for such excess construction, funding, or contribution from impact fees paid by other development located in the service area which is benefited by such improvements.

(4) Fees shall be collected upon the issuance of a building permit unless the fee is to be used for a system improvement to be undertaken within one year of the development approval, in which case the fee may be collected upon final development approval.

(5) Notwithstanding any other provision of sections 44 through 49 of this act, that portion of a project for which a valid building permit has been issued prior to the effective date of a county, city, or town impact fee ordinance, adopted pursuant to sections 44 through 49 of this act, shall not be subject to impact fees under such ordinance so long as the building permit remains valid and construction is commenced and is pursued according to the terms of the permit.

(6) Prior to adopting an ordinance imposing impact fees, each county, city, or town shall establish an advisory committee composed of not less than six persons, plus a nonvoting chairperson selected by the advisory committee, to advise the governing body on possible features to be included in an impact fees ordinance and to periodically review the ordinance. Half of the members of the advisory committee shall represent the development industry, the building industry, and realtors, while the other half shall represent the environmental community and community groups.

(7) If impact fees are imposed to finance system improvements to be undertaken by a different local government or taxing district than the one collecting the fee, the collecting entity shall enter into an interlocal agreement with that local government or taxing district that will make the service improvements to ensure compliance with the requirements established for impact fees.

NEW SECTION. Sec. 47. A new section is added to chapter 82.02 RCW to read as follows:

(1) Impact fee receipts shall be earmarked specifically and retained in special interest-bearing accounts. Separate accounts shall be established for each type of public facility for which impact fees are collected. All interest shall be retained in the account and expended for the purpose or purposes for which the impact fees were imposed. Annually, each county, city, or town imposing impact fees shall provide a report on each impact fee account showing the source and amount of all moneys collected, earned, or received and system improvements that were financed in whole or in part by impact fees.

(2) Impact fees for system improvements shall be expended only in conformance with the capital facilities plan element of the comprehensive plan.

(3) Impact fees shall be expended or encumbered for a permissible use within six years of receipt, unless there exists an extraordinary and compelling reason for fees to be held longer than six years. Such extraordinary or compelling reasons shall be identified in written findings by the governing body of the county, city, or town.

(4) Impact fees may be paid under protest in order to obtain a permit or other approval of development activity.

(5) Each county, city, or town that imposes impact fees shall provide for an administrative appeals process for the appeal of an impact fee; the process may follow the appeal process for the underlying development approval or the county, city, or town may establish a separate appeals process. The impact fee may be modified upon a determination that it is proper to do so based on principles of fairness. The county, city, or town may provide for the resolution of disputes regarding impact fees by arbitration.

NEW SECTION. Sec. 48. A new section is added to chapter 82.02 RCW to read as follows:

(1) The current owner of property on which an impact fee has been paid may receive a refund of such fees if the county, city, or town fails to expend or encumber the impact fees within six years of when the fees were paid or other such period of time established pursuant to section 47(3) of this act on public facilities intended to benefit the development activity for which the impact fees were paid. In determining whether impact fees have been encumbered, impact fees shall be considered encumbered on a first in, first out basis. The county, city, or town shall notify potential claimants by first class mail deposited with the United States postal service at the last known address of claimants.

The request for a refund must be submitted to the county, city, or town governing body in writing within one year of the date the right to claim the refund arises or the date that notice is given, whichever is later. Any impact fees that are not expended within these time limitations, and for which no application for a refund has been made within this one-year period, shall be retained and expended on the indicated capital facilities. Refunds of impact fees under this subsection shall include interest earned on the impact fees.

(2) When a county, city, or town seeks to terminate any or all impact fee requirements, all unexpended or unencumbered funds, including interest earned, shall be refunded pursuant to this section. Upon the finding that any or all fee requirements are to be terminated, the county, city, or town shall place notice of such termination and the availability of refunds in a newspaper of general circulation at least two times and shall notify all potential claimants by first class mail to the last known address of claimants. All funds available for refund shall be retained for a period of one year. At the end of one year, any remaining funds shall be retained by the local government, but must be expended for the indicated public facilities. This notice requirement shall not apply if there are no unexpended or unencumbered balances within an account or accounts being terminated.

(3) A developer may request and shall receive a refund, including interest earned on the impact fees, when the developer does not proceed with the development activity and no impact has resulted.

NEW SECTION. Sec. 49. A new section is added to chapter 82.02 RCW to read as follows:

Unless the context clearly requires otherwise, the following definitions shall apply in sections 44 through 49 of this act:

(1) 'Development activity' means any construction or expansion of a building, structure, or use, any change in use of a building or structure, or any changes in the use of land, that creates additional demand and need for public facilities.

(2) 'Development approval' means any written authorization from a county, city, or town which authorizes the commencement of development activity.

(3) 'Impact fee' means a payment of money imposed upon development as a condition of development approval to pay for public facilities needed to serve new growth and development, and that is reasonably related to the new development that creates additional demand and need for public facilities, that is a proportionate share of the cost of the public facilities, and that is used for facilities that reasonably benefit the new development. 'Impact fee' does not include a reasonable permit or application fee.

(4) 'Owner' means the owner of record of real property, although when real property is being purchased under a real estate contract, the purchaser shall be considered the owner of the real property if the contract is recorded.

(5) 'Proportionate share' means that portion of the cost of public facility improvements that are reasonably related to the service demands and needs of new development.

(6) 'Project improvements' mean site improvements and facilities that are planned and designed to provide service for a particular development project and that are necessary for the use and convenience of the occupants or users of the project, and are not system improvements. No improvement or facility included in a capital facilities plan approved by the governing body of the county, city, or town shall be considered a project improvement.

(7) 'Public facilities' means the following capital facilities owned or operated by government entities: (a) Public streets and roads; (b) publicly owned parks, open space, and recreation facilities; (c) school facilities; and (d) fire protection facilities in jurisdictions that are not part of a fire district.

(8) 'Service area' means a geographic area defined by a county, city, town, or intergovernmental agreement in which a defined set of public facilities provide service to development within the area. Service areas shall be designated on the basis of sound planning or engineering principles.

(9) 'System improvements' mean public facilities that are included in the capital facilities plan and are designed to provide service to service areas within the community at large, in contrast to project improvements.

NEW SECTION. Sec. 50. A new section is added to chapter 59.18 RCW to read as follows:

(1) Any city, town, county, or municipal corporation that is required to develop a comprehensive plan under section 4(1) of this act is authorized to require, after reasonable notice to the public and a public hearing, property owners to provide their portion of reasonable relocation assistance to low-income tenants upon the demolition, substantial rehabilitation whether due to code enforcement or any other reason, or change of use of residential property, or upon the removal of use restrictions in an assisted-housing development. No city, town, county, or municipal corporation may require property owners to provide relocation assistance to low-income tenants, as defined in this chapter, upon the demolition, substantial rehabilitation, upon the change of use of residential property, or upon the removal of use restrictions in an assisted-housing development, except as expressly authorized herein or when authorized or required by state or federal law. As used in this section, 'assisted housing development' means a multi-family rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(2) As used in this section, 'low-income tenants' means tenants whose combined total income per dwelling unit is at or below fifty percent of the median income, adjusted for family size, in the county where the tenants reside.

The department of community development shall adopt rules defining county median income in accordance with the definitions promulgated by the federal department of housing and urban development.

(3) A requirement that property owners provide relocation assistance shall include the amounts of such assistance to be provided to low-income tenants. In determining such amounts, the jurisdiction imposing the requirement shall evaluate, and receive public testimony on, what relocation expenses displaced tenants would reasonably incur in that jurisdiction including:

- (a) Actual physical moving costs and expenses;
- (b) Advance payments required for moving into a new residence such as the cost of first and last month's rent and security and damage deposits;
- (c) Utility connection fees and deposits; and
- (d) Anticipated additional rent and utility costs in the residence for one year after relocation.

(4)(a) Relocation assistance provided to low-income tenants under this section shall not exceed two thousand dollars for each dwelling unit displaced by actions of the property owner under subsection (1) of this section. A city, town, county, or municipal corporation may make future annual adjustments to the maximum amount of relocation assistance required under this subsection in order to reflect any changes in the housing component of the consumer price index as published by the United States department of labor, bureau of labor statistics.

(b) The property owner's portion of any relocation assistance provided to low-income tenants under this section shall not exceed one-half of the required relocation assistance under (a) of this subsection in cash or services.

(c) The portion of relocation assistance not covered by the property owner under (b) of this subsection shall be paid by the city, town, county, or municipal corporation authorized to require relocation assistance under subsection (1) of this section. The relocation assistance may be paid from proceeds collected from the excise tax imposed under section 36 of this act.

(5) A city, town, county, or municipal corporation requiring the provision of relocation assistance under this section shall adopt policies, procedures, or regulations to implement such requirement. Such policies, procedures, or regulations shall include provisions for administrative hearings to resolve disputes between tenants and property owners relating to relocation

assistance or unlawful detainer actions during relocation, and shall require a decision within thirty days of a request for a hearing by either a tenant or property owner.

Judicial review of an administrative hearing decision relating to relocation assistance may be had by filing a petition, within ten days of the decision, in the superior court in the county where the residential property is located. Judicial review shall be confined to the record of the administrative hearing and the court may reverse the decision only if the administrative findings, inferences, conclusions, or decision is:

- (a) In violation of constitutional provisions;
- (b) In excess of the authority or jurisdiction of the administrative hearing officer;
- (c) Made upon unlawful procedure or otherwise is contrary to law; or
- (d) Arbitrary and capricious.

(6) Any city, town, county, or municipal corporation may require relocation assistance, under the terms of this section, for otherwise eligible tenants whose living arrangements are exempted from the provisions of this chapter under RCW 59.18.040(3) and if the living arrangement is considered to be a rental or lease pursuant to RCW 67.28.180(1).

(7)(a) Persons who move from a dwelling unit prior to the application by the owner of the dwelling unit for any governmental permit necessary for the demolition, substantial rehabilitation, or change of use of residential property or prior to any notification or filing required for condominium conversion shall not be entitled to the assistance authorized by this section.

(b) Persons who move into a dwelling unit after the application for any necessary governmental permit or after any required condominium conversion notification or filing shall not be entitled to the assistance authorized by this section if such persons receive written notice from the property owner prior to taking possession of the dwelling unit that specifically describes the activity or condition that may result in their temporary or permanent displacement and advises them of their ineligibility for relocation assistance.

NEW SECTION, Sec. 51. A new section is added to chapter 59.18 RCW to read as follows:

Relocation assistance payments received by tenants under section 50 of this act shall not be considered as income or otherwise affect the eligibility for or amount of assistance paid under any government benefit program.

PART II SUBDIVISIONS

Sec. 52. Section 6, chapter 271, Laws of 1969 ex. sess. as last amended by section 2, chapter 330, Laws of 1989 and RCW 58.17.060 are each amended to read as follows:

(1) The legislative body of a city, town, or county shall adopt regulations and procedures, and appoint administrative personnel for the summary approval of short plats and short subdivisions or alteration or vacation thereof. When an alteration or vacation involves a public dedication, the alteration or vacation shall be processed as provided in RCW 58.17.212 or 58.17.215. Such regulations shall be adopted by ordinance and shall provide that a short plat and short subdivision may be approved only if written findings that are appropriate, as provided in RCW 58.17.110, are made by the administrative personnel, and may contain wholly different requirements than those governing the approval of preliminary and final plats of subdivisions and may require surveys and monumentations and shall require filing of a short plat, or alteration or vacation thereof, for record in the office of the county auditor: PROVIDED, That such regulations must contain a requirement that land in short subdivisions may not be further divided in any manner within a period of five years without the filing of a final plat, except that when the short plat contains fewer than four parcels, nothing in this section shall prevent the owner who filed the short plat from filing an alteration within the five-year period to create up to a total of four lots within the original short plat boundaries: PROVIDED FURTHER, That such regulations are not required to contain a penalty clause as provided in RCW 36.32.120 and may provide for wholly injunctive relief.

An ordinance requiring a survey shall require that the survey be completed and filed with the application for approval of the short subdivision.

(2) Cities, towns, and counties shall include in their short plat regulations and procedures pursuant to subsection (1) of this section provisions for considering sidewalks and other planning features that assure safe walking conditions for students who walk to and from school.

Sec. 53. Section 11, chapter 271, Laws of 1969 ex. sess. as last amended by section 3, chapter 330, Laws of 1989 and RCW 58.17.110 are each amended to read as follows:

(1) The city, town, or county legislative body shall inquire into the public use and interest proposed to be served by the establishment of the subdivision and dedication. It shall determine: (a) if appropriate provisions are made for, but not limited to, the public health, safety, and general welfare, for open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, (~~sites for~~) schools and schoolgrounds, and shall consider all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school (~~and determine~~); and (b) whether the public interest will be served by the subdivision and dedication. (~~if it finds that the proposed plat makes~~)

(2) A proposed subdivision and dedication shall not be approved unless the city, town, or county legislative body makes written findings that: (a) Appropriate provisions are made for

the public health, safety, and general welfare and for such open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, (~~sites for~~) schools and schoolgrounds and all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school(~~-and that~~); and (b) the public use and interest will be served by the platting of such subdivision(~~;- then it shall be approved~~) and dedication. If it finds that the proposed (~~plat does not~~) subdivision and dedication make such appropriate provisions (~~or~~) and that the public use and interest will (~~not~~) be served, then the legislative body (~~may disapprove~~) shall approve the proposed (~~plat~~) subdivision and dedication. Dedication of land to any public body, provision of public improvements to serve the subdivision, and/or impact fees imposed under sections 44 through 49 of this act may be required as a condition of subdivision approval (~~and~~). Dedications shall be clearly shown on the final plat. No dedication, provision of public improvements, or impact fees imposed under sections 44 through 49 of this act shall be allowed that constitutes an unconstitutional taking of private property. The legislative body shall not as a condition to the approval of any (~~plat~~) subdivision require a release from damages to be procured from other property owners.

PART III

REGIONAL TRANSPORTATION PLANS

NEW SECTION. Sec. 54. INTENT—TRANSPORTATION PLANNING. The legislature finds that while the transportation system in Washington is owned and operated by numerous public jurisdictions, it should function as one interconnected and coordinated system. Transportation planning, at all jurisdictional levels, should be coordinated with local comprehensive plans. Further, local jurisdictions and the state should cooperate to achieve both state-wide and local transportation goals. To facilitate this coordination and cooperation among state and local jurisdictions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional transportation systems and facilities throughout the state.

NEW SECTION. Sec. 55. REGIONAL TRANSPORTATION PLANNING ORGANIZATIONS AUTHORIZED. The legislature hereby authorizes creation of regional transportation planning organizations within the state. Each regional transportation planning organization shall be formed through the voluntary association of local governments within a county, or within geographically contiguous counties. Each organization shall:

- (1) Encompass at least one complete county;
- (2) Have a population of at least one hundred thousand, or contain a minimum of three counties; and
- (3) Have as members all counties within the region, and at least sixty percent of the cities and towns within the region representing a minimum of seventy-five percent of the cities' and towns' population.

The state department of transportation must verify that each regional transportation planning organization conforms with the requirements of this section.

In urbanized areas, the regional transportation planning organization is the same as the metropolitan planning organization designated for federal transportation planning purposes.

NEW SECTION. Sec. 56. REGIONAL TRANSPORTATION PLANNING ORGANIZATIONS—DUTIES. (1) Each regional transportation planning organization shall:

- (a) Certify that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region conform with the requirements of section 7 of this act, and are consistent with regional transportation plans as provided for in (b) of this subsection;
 - (b) Develop and adopt a regional transportation plan that is consistent with county, city, and town comprehensive plans and state transportation plans. Regional transportation planning organizations are encouraged to use county, city, and town comprehensive plans that existed prior to the effective date of this section as the basis of its regional transportation plan whenever possible. Such plans shall address existing or planned transportation facilities and services that exhibit one or more of the following characteristics:
 - (i) Physically crosses member county lines;
 - (ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;
 - (iii) Significant impacts are expected to be felt in more than one county;
 - (iv) Potentially adverse impacts of the facility, service, or project can be better avoided or mitigated through adherence to regional policies;
 - (v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance;
 - (c) Designate a lead planning agency to coordinate preparation of the regional transportation plan. The lead planning agency may be a regional council, a county, city, or town agency, or a Washington state department of transportation district;
 - (d) Review the regional transportation plan biennially for currency; and
 - (e) Forward the adopted plan, and documentation of the biennial review of it, to the state department of transportation.
- (2) All transportation projects within the region that have an impact upon regional facilities or services must be consistent with the plan.

(3) In order to ensure state-wide consistency in the regional transportation planning process, the state department of transportation shall:

(a) In cooperation with regional transportation planning organizations, establish minimum standards for development of a regional transportation plan;

(b) Facilitate coordination between regional transportation planning organizations; and

(c) Through the regional transportation planning process, and through state planning efforts as required by RCW 47.01.071, identify and jointly plan improvements and strategies within those corridors important to moving people and goods on a regional or state-wide basis.

NEW SECTION. Sec. 57. TRANSPORTATION POLICY BOARDS. Each regional transportation planning organization shall create a transportation policy board. Transportation policy boards shall provide policy advice to the regional transportation planning organization and shall allow representatives of major employers within the region, the department of transportation, transit districts, port districts, and member cities, towns, and counties within the region to participate in policy making.

NEW SECTION. Sec. 58. ALLOCATION OF REGIONAL TRANSPORTATION PLANNING FUNDS. Biennial appropriations to the department of transportation to carry out the regional transportation planning program shall set forth the amounts to be allocated as follows:

(1) A base amount per county for each county within each regional transportation planning organization, to be distributed to the lead planning agency;

(2) An amount to be distributed to each lead planning agency on a per capita basis; and

(3) An amount to be administered by the department of transportation as a discretionary grant program for special regional planning projects, including grants to allow counties which have significant transportation interests in common with an adjoining region to also participate in that region's planning efforts.

Sec. 59. Section 20, chapter 49, Laws of 1983 1st ex. sess. as amended by section 8, chapter 167, Laws of 1988 and RCW 36.81.121 are each amended to read as follows:

TRANSPORTATION PLANS MUST CONFORM TO COMPREHENSIVE PLAN. (1) Before July 1st of each year, the legislative authority of each county with the advice and assistance of the county road engineer, and pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive road program for the ensuing six calendar years. If the county has adopted a comprehensive plan pursuant to chapter 35.63 or 36.70 RCW, the inherent authority of a charter county derived from its charter, or chapter 36.-- RCW (sections 1 through 20 of this act), the program shall be consistent with this comprehensive plan.

The program shall include proposed road and bridge construction work, and for those counties operating ferries shall also include a separate section showing proposed capital expenditures for ferries, docks, and related facilities. Copies of the program shall be filed with the county road administration board and with the state secretary of transportation not more than thirty days after its adoption by the legislative authority. The purpose of this section is to assure that each county shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated road construction program. The program may at any time be revised by a majority of the legislative authority but only after a public hearing thereon.

(2) The six-year program of each county having an urban area within its boundaries shall contain a separate section setting forth the six-year program for arterial road construction based upon its long-range construction plan and formulated in accordance with regulations of the transportation improvement board. The six-year program for arterial road construction shall be submitted to the transportation improvement board forthwith after its annual revision and adoption by the legislative authority of each county. The six-year program for arterial road construction shall be based upon estimated revenues available for such construction together with such additional sums as the legislative authority of each county may request for urban arterials from the urban arterial trust account or the transportation improvement account for the six-year period. The arterial road construction program shall provide for a more rapid rate of completion of the long-range construction needs of principal arterial roads than for minor and collector arterial roads, pursuant to regulations of the transportation improvement board.

(3) Each six-year program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for bicycles, pedestrians, and equestrian purposes.

Sec. 60. Section 35.77.010, chapter 7, Laws of 1965 as last amended by section 6, chapter 167, Laws of 1988 and RCW 35.77.010 are each amended to read as follows:

TRANSPORTATION PLANS MUST CONFORM TO COMPREHENSIVE PLAN. (1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive street program for the ensuing six calendar years ~~((and shall file))~~. If the city or town has adopted a comprehensive plan pursuant to chapter 35.63 or 35A.63 RCW, the inherent authority of a first class city derived from its charter, or chapter 36.-- RCW (sections 1 through 20 of this act), the program shall be consistent with this comprehensive plan.

The program shall be filed with the secretary of transportation not more than thirty days after its adoption. Annually thereafter the legislative body of each city and town shall review the work accomplished under the program and determine current city street needs. Based on these findings each such legislative body shall prepare and after public hearings thereon adopt a revised and extended comprehensive street program before July 1st of each year, and each one-year extension and revision shall be filed with the secretary of transportation not more than thirty days after its adoption. The purpose of this section is to assure that each city and town shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated street construction program. The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year program of each city lying within an urban area shall contain a separate section setting forth the six-year program for arterial street construction based upon its long range construction plan and formulated in accordance with rules of the transportation improvement board. The six-year program for arterial street construction shall be submitted to the transportation improvement board forthwith after its annual revision and adoption by the legislative body of the city. The six-year program for arterial street construction shall be based upon estimated revenues available for such construction together with such additional sums as the legislative authority may request for urban arterials from the urban arterial trust account or the transportation improvement account for the six-year period. The arterial street construction program shall provide for a more rapid rate of completion of the long-range construction needs of principal arterial streets than for minor and collector arterial streets, pursuant to rules of the transportation improvement board: PROVIDED, That urban arterial trust funds made available to the group of incorporated cities lying outside the boundaries of federally approved urban areas within each region need not be divided between functional classes of arterials but shall be available for any designated arterial street.

(2) Each six-year program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for bicycle, pedestrian, and equestrian purposes.

Sec. 61. Section 1, chapter 396, Laws of 1989 and RCW 35.58.2795 are each amended to read as follows:

TRANSPORTATION PLANS MUST CONFORM TO COMPREHENSIVE PLAN. By April 1st of each year, the legislative authority of each municipality, as defined in RCW 35.58.272, shall prepare a six-year transit development and financial program for that calendar year and the ensuing five years. The program shall be consistent with the comprehensive plans adopted by counties, cities, and towns, pursuant to chapter 35.63, 35A.63, or 36.70 RCW, the inherent authority of a first class city or charter county derived from its charter, or chapter 36.-- RCW (sections 1 through 20 of this act). The program shall contain information as to how the municipality intends to meet state and local long-range priorities for public transportation, capital improvements, significant operating changes planned for the system, and how the municipality intends to fund program needs. Each municipality shall file the six-year program with the state department of transportation, the transportation improvement board, and cities, counties, and regional planning councils within which the municipality is located.

In developing its program, the municipality shall consider those policy recommendations affecting public transportation contained in the state transportation policy plan approved by the state transportation commission and, where appropriate, adopted by the legislature. The municipality shall conduct one or more public hearings while developing its program and for each annual update.

PART IV FOREST PRACTICES AND WATER

Sec. 62. Section 5, chapter 137, Laws of 1974 ex. sess. as last amended by section 47, chapter 36, Laws of 1988 and RCW 76.09.050 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource that may be conducted without submitting an application or a notification;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. Class II shall not include forest practices:

- (a) On lands platted after January 1, 1960, or being converted to another use;
- (b) Which require approvals under the provisions of the hydraulics act, RCW 75.20.100;
- (c) Within 'shorelines of the state' as defined in RCW 90.58.030; or
- (d) Excluded from Class II by the board;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application:

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, (b) on lands being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, and/or (d) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) No Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended: PROVIDED, That any person commencing a forest practice during 1974 may continue such forest practice until April 1, 1975, if such person has submitted an application to the department prior to January 1, 1975: PROVIDED, FURTHER, That in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) If a notification or application is delivered in person to the department by the operator or his agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) The department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology, wildlife, and fisheries, and to the county (~~in which~~), city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) If the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) The department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960; or

(ii) Being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b) (i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) In addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) Appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) The department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) A county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

Sec. 63. Section 6, chapter 137, Laws of 1974 ex. sess. as amended by section 3, chapter 200, Laws of 1975 1st ex. sess. and RCW 76.09.060 are each amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices regulations shall specify by whom and under what conditions the notification and application shall be signed. The application or notification shall be delivered in person or sent by certified mail to the department. The information required may include, but shall not be limited to:

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices regulations;

(g) Soil, geological, and hydrological data with respect to forest practices;

(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources; and

(j) An affirmation that the statements contained in the notification or application are true.

(2) At the option of the applicant, the application or notification may be submitted to cover a single forest practice or any number of forest practices within reasonable geographic or political boundaries as specified by the department. Long range plans may be submitted to the department for review and consultation.

(3) The application shall indicate whether any land covered by the application will be converted or is intended to be converted to a use other than commercial timber production within three years after completion of the forest practices described in it.

(a) If the application states that any such land will be or is intended to be so converted:

(i) The reforestation requirements of this chapter and of the forest practices regulations shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices regulations issued under RCW 76.09.070 as now or hereafter amended;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.28, 84.33, and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices regulations.

(b) If the application does not state that any land covered by the application will be or is intended to be so converted:

(i) For six years after the date of the application the county ((or)), city, town, and regional governmental entities may deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal from classification under the provisions of RCW 84.28.065, a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and

(iii) Conversion to a use other than commercial timber operations within three years after completion of the forest practices without the consent of the county ((or municipality)), city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application shall be either signed by the land owner or accompanied by a statement signed by the land owner indicating his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) The notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of one year from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice.

NEW SECTION. Sec. 64. A new section is added to chapter 19.27 RCW to read as follows:

Each applicant for a building permit of a building necessitating potable water shall provide evidence of an adequate water supply for the intended use of the building. Evidence may be in the form of a water right permit from the department of ecology, a letter from an approved water purveyor stating the ability to provide water, or another form sufficient to verify the existence of an adequate water supply. An application for a water right shall not be sufficient proof of an adequate water supply.

Buildings that do not need potable water facilities are exempt from the provisions of this section. The department of ecology may adopt rules to implement this section.

PART V

ENCOURAGING ECONOMIC GROWTH STATE-WIDE

NEW SECTION. Sec. 65. INTENT. The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth; much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas and the state.

To accomplish this goal it is the intent of the legislature to: (1) Assure equitable opportunities to secure prosperity for distressed areas, rural communities, and disadvantaged populations by promoting urban-rural economic links, and by promoting value-added product development, business networks, and increased exports from rural areas; (2) improve the economic development service delivery system to be better able to serve these areas, communities, and populations; (3) redirect the priorities of the state's economic development programs to focus economic development efforts into areas and sectors of the greatest need; (4) build local capacity so that communities are better able to plan for growth and achieve self-reliance; (5) administer grant programs to promote new feasibility studies and project development on projects of interest to rural areas or areas outside of the Puget Sound region; and (6) develop a coordinated economic investment strategy involving state economic development

programs, businesses, educational and vocational training institutions, local governments and local economic development organizations, ports, and others.

Sec. 66. Section 1, chapter 20, Laws of 1983 1st ex. sess. as amended by section 1, chapter 231, Laws of 1985 and RCW 43.210.010 are each amended to read as follows:

EXPORT ASSISTANCE CENTER—ENCOURAGE URBAN-RURAL LINKS. The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting.

Sec. 67. Section 2, chapter 20, Laws of 1983 1st ex. sess. as amended by section 2, chapter 231, Laws of 1985 and RCW 43.210.020 are each amended to read as follows:

EXPORT ASSISTANCE CENTER—ENCOURAGE URBAN-RURAL LINKS. A nonprofit corporation, to be known as the small business export finance assistance center, and branches subject to its authority, may be formed under chapter 24.03 RCW for the following public purposes:

(1) To assist small and medium-sized businesses in both urban and rural areas in the financing of export transactions.

(2) To provide, singly or in conjunction with other organizations, information and assistance to these businesses about export opportunities and financing alternatives.

(3) To provide information to and assist those businesses interested in exporting products, including the opportunities available to them in organizing export trading companies under the United States export trading company act of 1982, for the purpose of increasing their comparative sales volume and ability to export their products to foreign markets.

NEW SECTION. Sec. 68. A new section is added to chapter 43.63A RCW to read as follows:

BUILDING LOCAL CAPACITY. (1) The department shall administer a grant program which makes grants to local nonprofit organizations for rural economic development or for sharing economic growth outside the Puget Sound region. The grants shall be used to: (a) Develop urban-rural links; (b) build local capacity for economic growth; or (c) improve the export of products or services from rural areas to locations outside the United States.

(2) The department shall consult with, and if necessary form an advisory committee including, a diverse group of private sector representatives including, but not limited to, major corporations, commercial financial institutions, venture capitalists, small businesses, natural resource businesses, and developers to determine what opportunities for new investment and business growth might be available for areas outside high-growth counties. The department shall also consult with the department of trade and economic development. The department shall seek to maximize and link new investment opportunities to grant projects under this section.

(3) The department may enact rules to carry out this section.

Sec. 69. Section 1, chapter 466, Laws of 1985 and RCW 43.31.005 are each amended to read as follows:

DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT—ENCOURAGE GROWTH STATE-WIDE. The legislature of the state of Washington finds that economic development is an essential public purpose which requires the active involvement of state government. The state's primary economic strategy is to encourage the retention and expansion of existing businesses, to attract new businesses and industries, ~~((and))~~ to foster the formation of new businesses, and to economically link rural communities with urban areas. In order to aid the citizens of Washington to obtain desirable employment and achieve adequate incomes, it is necessary for the state to encourage balanced growth and economic prosperity and to promote a more diversified and healthy economy throughout the state.

The legislature finds that the state needs to improve its level of employment, business activity, and revenue growth. In order to increase job opportunities and revenues, a broader and more stable economic base is needed. The state shall take primary responsibility to encourage the balanced growth of the economy consistent with the preservation of Washington's quality of life and environment. A healthy economy can be achieved through partnership efforts with the private sector to facilitate increased investment in Washington. It is the policy of the state of Washington to encourage and promote an economic development program that provides sufficient employment opportunities for our current resident work force and those individuals who will enter the state's work force in the future.

The legislature finds that the state of Washington has the potential to become a major world trade gateway. In order for Washington to fulfill its potential and compete successfully with other states and provinces, it must articulate a consistent, long-term trade policy. It is the

responsibility of the state to monitor and ensure that such traditional functions of state government as transportation, infrastructure, education, taxation, regulation and public expenditures contribute to the international trade focus the state of Washington must develop.

Sec. 70. Section 4, chapter 466, Laws of 1985 and RCW 43.31.035 are each amended to read as follows:

DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT—ENCOURAGE GROWTH STATE-WIDE. The department shall pursue a coordinated approach for the state's economic development policies and programs to achieve a more diversified and healthy economy. The department shall support and work cooperatively with other state agencies, public and private organizations, and units of local government, as well as the federal government, to strengthen and coordinate economic development programs ((tm)) throughout the state. The department's activities shall include, but not be limited to:

(1) Providing economic development advisory assistance to the governor, other state agencies, and the legislature on economic-related issues, and other matters affecting the economic well-being of the state and all its citizens.

(2) Providing staff and support to cabinet level interagency economic development coordinating activities.

(3) Representing and monitoring the state's interests with the federal government in its formulation of policies and programs in economic development.

(4) Assisting in the development and implementation of a long-term economic strategy for the state that encourages a balance in economic growth between urban and rural areas and that stimulates economic development in areas not experiencing problems associated with rapid growth, and assisting the continual update of information and strategies contained in the long-term economic program for the state.

Sec. 71. Section 5, chapter 125, Laws of 1984 as amended by section 137, chapter 266, Laws of 1986 and RCW 43.63A.065 are each amended to read as follows:

DEPARTMENT OF COMMUNITY DEVELOPMENT—PRIORITIZE BASED ON NEED. The department shall have the following functions and responsibilities:

(1) Cooperate with and provide technical and financial assistance to the local governments and to the local agencies serving the communities of the state for the purpose of aiding and encouraging orderly, productive, and coordinated development of the state, and, unless stipulated otherwise, give priority to local communities with the greatest relative need and the fewest resources.

(2) Administer state and federal grants and programs which are assigned to the department by the governor or the legislature.

(3) Administer community services programs through private, nonprofit organizations and units of general purpose local government; these programs are directed to the poor and infirm and include community-based efforts to foster self-sufficiency and self-reliance, energy assistance programs, head start, and weatherization.

(4) Study issues affecting the structure, operation, and financing of local government as well as those state activities which involve relations with local government and report the results and recommendations to the governor, legislature, local government, and citizens of the state.

(5) Assist the governor in coordinating the activities of state agencies which have an impact on local governments and communities.

(6) Provide technical assistance to the governor and the legislature on community development policies for the state.

(9) Participate with other states or subdivisions thereof in interstate programs and assist cities, counties, municipal corporations, governmental conferences or councils, and regional planning commissions to participate with other states or their subdivisions.

(10) Hold public hearings and meetings to carry out the purposes of this chapter.

(12) Administer a program to identify, evaluate, and protect properties which reflect outstanding elements of the state's cultural heritage.

(13) Coordinate a comprehensive state program for mitigating, preparing for, responding to, and recovering from emergencies and disasters.

NEW SECTION. Sec. 72. A new section is added to chapter 43.31 RCW to read as follows:

ASSOCIATE DEVELOPMENT ORGANIZATION NETWORK FORMALIZED. (1) There is established in the department the local economic development service program. This program shall coordinate the delivery of economic development services to local communities or regional areas. It shall encourage a partnership between the public and private sectors and between

state and local officials to encourage appropriate economic growth in communities throughout the state.

(2) The department's local economic development service program shall promote local economic development by assisting businesses to start-up, maintain, or expand their operations, by encouraging public infrastructure investment and private capital investment in local communities, and by expanding employment opportunities.

(3) The department's local economic development service program shall, among other things, (a) contract with local economic development nonprofit corporations, called 'associate development organizations,' for the delivery of economic development services to local communities or regional areas; (b) enter into interagency agreements with appropriate state agencies, such as the department of community development, the department of agriculture, and the employment security department, to coordinate the delivery of economic development services to local communities or regional areas; (c) enter into agreements with other public organizations or institutions that provide economic development services, such as the small business development center, the Washington technology center, community colleges, vocational-technical institutes, the University of Washington, Washington State University, four-year colleges and universities, the federal small business administration, ports, and others, to coordinate the delivery of economic development services to local communities and regional areas; and (d) provide training, through contracts with public or private organizations, and other assistance to associate development organizations to the extent resources allow.

(4) It is the intent of the legislature that the associate development organizations shall promote and coordinate, through local service agreements or other methods, the delivery of economic development services in their areas that are provided by public and private organizations, including state agencies.

(5) The legislature encourages local associate development organizations to form partnerships with other associate development organizations in their region to combine resources for better access to available services, to encourage regional delivery of state services, and to more effectively build the local capacity of communities in the region.

NEW SECTION, Sec. 73. THE SERVICE DELIVERY TASK FORCE. The service delivery task force is established. The purpose of the task force is to review the current system for delivering economic development services in Washington and to make recommendations for improving the effectiveness of state economic development services, especially in rural areas.

(1) The task force shall consider existing studies and reports in its analysis, and shall seek input from the key persons or organizations delivering and receiving state economic development services. These key organizations include: (a) The University of Washington and Washington State University, (b) ports, (c) community colleges, (d) vocational-technical institutes, (e) the small business administration, (f) the Washington technology center, (g) nonprofit community action organizations, (h) local businesses and chambers of commerce.

Sec. 74. Section 6, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 62, chapter 431, Laws of 1989 and RCW 43.160.060 are each amended to read as follows:

COMMUNITY ECONOMIC REVITALIZATION BOARD—CONSIDER BENEFITS TO RURAL COMMUNITIES. The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

- (1) The board shall not make a grant or loan:
 - (a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.
 - (b) For any project that ~~((probably)) evidence exists~~ would result in a development or expansion that would displace existing jobs in any other community in the state.
 - (c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.
- (2) The board shall only make grants or loans:
 - (a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; ~~((or)) (iv) which support the relocation of businesses from nondistressed urban areas to distressed rural areas; or (v) which substantially support the trading of goods or services outside of the state's borders.~~
 - (b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.
 - (c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.
- (3) The board shall prioritize each proposed project according to the relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.
- (4) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any loan or grant application is approved, the political subdivision seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec. 75. Section 5, chapter 164, Laws of 1985 as last amended by section 9, chapter 430, Laws of 1989 and RCW 43.168.050 are each amended to read as follows:

- DEVELOPMENT LOAN FUND COMMITTEE—CONSIDER BENEFITS TO RURAL COMMUNITIES.
- (1) The committee may only approve an application providing a loan for a project which the committee finds:
 - (a) Will result in the creation of employment opportunities or the maintenance of threatened employment;
 - (b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds;
 - (c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, and the employment of disadvantaged workers, will primarily accrue to residents of the area;
 - (d) Will probably be successful;
 - (e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.
 - (2) The committee shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.
 - (3) The committee may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the committee. The committee may require an annual or other periodic audit of the project books.

(4) The committee may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5) (a) Except as provided in (b) of this subsection, the committee shall not approve any application which would result in a loan or grant in excess of three hundred fifty thousand dollars.

(b) The committee may approve an application which results in a loan or grant of up to seven hundred thousand dollars if the application has been approved by the director.

(6) The committee shall fix the terms and rates pertaining to its loans.

(7) Should there be more demand for loans than funds available for lending, the committee shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the 'greatest amount of employment or benefit' the committee shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the committee shall require applicants to provide for the transfer of all payments of principal and interest on loans to the Washington state development loan fund created under this chapter. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The committee shall not approve any application to finance or help finance a shopping mall.

(10) The committee shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. The committee shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the committee shall evaluate the potential impact of a project on similar businesses located in the local market area. (2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

- (a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;
- (b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each

jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

TECHNICAL ASSISTANCE GRANTS. (1) The department shall develop and administer a local development matching fund program. To be eligible to receive funds under this program, an organization must be a local government or a nonprofit local development entity. Any local government or entity requesting funds must demonstrate the participation of a cross-section of the local community in the economic development project, including business, labor, education and training, and the public sector. Under this program, the department shall provide matching funds which shall be used for the formulation of local economic development strategies, including the technical analysis necessary to designate and carry out the strategies. A technical analysis can include, but is not limited to, the development and dissemination of data on local markets, demographics, comparative business costs, site availability, labor force characteristics, and local incentives. Funds are to be used primarily to foster new developments and expansions which result in the trading of goods and services outside of the state's borders. Funds may be made available for assisting local businesses in utilizing state and federal programs in exporting, training, and financing. Funds may also be used to provide technical assistance to businesses in the areas of land use, transportation, site location, and manpower training. Matching funds cannot be used for entertainment, capital expenses, hosting, or marketing. Funds granted for economic development projects must be matched by local resources on a dollar-for-dollar basis. Not more than fifty thousand dollars of state matching funds as provided by this section may be used for any one project.

(2) The department shall set aside, within its general fund appropriation, a sum of two hundred thousand dollars per biennium for technical assistance grants to assist community-based organizations in their efforts contributing to the redevelopment and economic well-being of low-income areas.

A maximum of forty percent of the funds set aside for technical assistance purposes provided in this subsection may be made available for technical assistance in organizational and board development to those organizations demonstrating a reasonable probability that such assistance will help them undertake a development project. A minimum of sixty percent of the funds set aside for technical assistance purposes shall be used for projects which meet the following standards:

(a) Community-based organizations have or will have a minimum ten percent ownership of the development project;

(b) The project is within a low-income area;

(c) The project has provided reasonable assurance that it will conform to all applicable environmental, zoning, and building laws;

(d) The benefits of the project, including the addition or retention of employment and of capital in the low-income area, shall primarily accrue to the residents of the area;

(e) There is a reasonable expectation that the project will be successful, and that the eligible organization and project participants are responsible parties;

(f) Alternative sources, including other agencies or institutions of the state or federal government, have been sought and are either insufficient or unavailable to meet the needs of the project;

(g) The technical assistance to be provided is essential to the success of the project;

(h) Provision has been made for the active participation in the project of residents of the low-income area; and

(i) Provisions have been made for reporting by the eligible organization concerning the manner in which the technical assistance is used on the project and the extent to which it achieves its intended results.

The amount required to be set aside under this section for the biennium ending June 30, 1991, shall be reduced or eliminated if a specific appropriation for the full amount required under this subsection is not made to the department by June 30, 1990.

Grant recipients under this subsection may be community-based organizations or state-wide organizations which provide technical assistance to community-based organizations.

(3) For purposes of subsection (2) of this section, 'community-based organization' means:

(a) A nonprofit corporation organized under state law that:

(i) Is organized to operate within a specific substate area;

(ii) Has experience operating programs which directly benefit low-income citizens;

(iii) Has low-income people or representatives of organizations serving the low income on its board of directors.

(b) Any Native American tribal governing body.

NEW SECTION, Sec. 85. A new section is added to chapter 43.63A RCW to read as follows:

LOW-INCOME SELF EMPLOYMENT. The department of community development shall implement a self-employment loan program. The program shall provide grants to local development organizations to use solely in revolving loan funds to finance the small businesses of low-income persons. Grants are to be distributed through a competitive application process to be administered by the department in consultation with an advisory committee. Any organization receiving a grant must: (1) Demonstrate the need for a low-income, self-employment project in its community; (2) demonstrate the capacity of the organization to administer the project; and (3) describe the loan procedure and the self-employment training and support programs into which the loan fund will be incorporated. No grant shall be greater than sixty thousand dollars. An organization may provide loans from the grant award of no greater than five thousand dollars. No more than ten percent of any appropriation to the department for the program may be used by the department for administrative costs.

NEW SECTION, Sec. 86. If funding for the purposes of section 68, 73, 76, or 85 of this act is not provided by June 30, 1990, in Substitute Senate Bill No. 6407, the supplemental appropriations act, referencing this act by bill number, then each of the sections whose purpose is not funded shall be null and void.

The contracts shall contain a fiscal plan that will ensure that the increased cost of maintaining fiscal year 1991 programs in fiscal year 1992 will not unduly exceed the rate of inflation. Of the amounts provided in this subsection, a maximum of \$500,000 from the general fund—state appropriation may be used for planning and technical assistance grants to counties or regions wishing to form networks. The amounts in this subsection include moneys needed to implement the federal omnibus budget and reconciliation act of 1987 ('OBRA'). The reimbursement rate per available bed-day shall not exceed \$206 in fiscal year 1990 and \$210 in fiscal year 1991. During the contract period, all eligible involuntary treatment referrals for Kitsap county residents shall be made to the project. No involuntary referrals shall be made to western state hospital unless the Kitsap residential treatment facility is filled to capacity and the mental health division and the Kitsap county mental health coordinator concur with the referral. Priority for referral to western state hospital shall be given to individuals under ninety-day or one hundred eighty-day commitments and individuals who have exhausted all community placement options.

Networks shall develop outreach and orientation protocols to encourage mentally ill individuals who might otherwise reside in nursing homes to reside in appropriate community settings supported by the network. The networks shall report the number of individuals diverted or transferred from nursing homes to network placements. The department shall report the same information for nonnetwork areas. The department shall make summary reports to the fiscal committees of the legislature on a quarterly basis.

(b) \$2,000,000 of the general fund—state appropriation is provided solely for a mental health housing reserve. The secretary of social and health services shall transfer funds from the reserve to the state hospitals in any quarter in which hospital census exceeds the December 1988 forecast adjusted to eliminate the bed contract assumption. Any amount remaining after March 1991 may be used for one-time grants. In making grants, the secretary shall give priority to proposals that facilitate network development, demonstrate integration with other mental health services, and are designed to reduce involuntary treatment.

(c) \$5,500,000 of the general fund—state appropriation is provided solely for increases for involuntary treatment act administration, including costs associated with involuntary medication hearings.

(d) \$2,200,000 of the general fund—state appropriation is provided solely for information system requirements associated with chapter 205, Laws of 1989. Authority to expend funds for the client information system is conditioned on compliance with section 802, chapter 19, Laws of 1989 1st ex. sess.

(e) \$600,000 of the general fund—state appropriation and \$400,000 of the general fund—federal appropriation are provided solely for increasing local hospital outlier payments.

(i) \$1,500,000 of the general fund—state appropriation and \$720,000 of the general fund—federal appropriation are provided solely for the enhancement of children's mental health services. The department shall contract with networks and counties through separate performance-based contracts. Contracts shall include a provision expanding services for underserved or difficult-to-service children, including minorities. Applications from counties and networks shall include endorsements from affected school districts, child welfare agencies, juvenile court systems, and tribes. Of these amounts, \$200,000 is provided solely for the development of a state-wide action plan for children's mental health. The plan shall include strategies to reduce duplicate case management. It shall recommend changes, if necessary, to mental health statutes and other statutes to accommodate children's special needs and circumstances. It shall include proposals to increase access and availability of culturally relevant mental health services for minority children. It shall propose a protocol for client referrals from educational and social service agencies and a cross-system collaborative process for ranking those referrals. In developing the plan, the department shall involve representatives of the education, juvenile justice, child welfare, and mental health systems. The department shall present the plan by December 1, 1990, to the appropriate program and fiscal committees of the house of representatives and the senate.

School districts shall document to the superintendent of instruction how the allocation was used and shall submit documentation on the number of classified instructional assistants employed in grades K-3 in the 1989-90 and 1990-91 school years. If a district uses moneys provided under subsection (2)(b) of this section for K-3 certificated instructional staff, these staff shall be excluded when determining the district's actual K-3 staffing ratio under subsection (10) of this section. A district shall be ineligible to receive allocations under subsection (2)(b) of this section unless the district documents to the superintendent of public instruction that its actual K-3 ratio under subsection (10) of this section for the 1990-91 school year is at least fifty-one full time basic education certificated instructional staff per thousand full time equivalent students. Districts may not use allocations provided under this subsection to supplant other moneys previously used to employ K-3 certificated instructional staff or K-3 classified instructional assistants. (b) As used in this subsection, the column headings 'BA+(N)' refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings 'MA+(N)' refer to the total of:

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(8) For the purposes of this section:

- (a) 'BA' means a baccalaureate degree.
- (b) 'MA' means a masters degree.
- (c) 'PHD' means a doctorate degree.

(d) 'Years of service' shall be calculated under the same rules used by the superintendent of public instruction for salary allocations in the 1988-89 school year.

(e) 'Credits' means college quarter hour credits and equivalent inservice credits computed in accordance with RCW 28A.71.110.

(9) The salary allocation schedules established in subsections (6) and (7) of this section are for allocation purposes only. However, it is the legislature's intent to respond to salary needs of many senior teachers who have not been receiving salary increments on either state or local salary schedules. The legislature and the public recognize the need to provide salary growth for these senior teachers in order to encourage them to continue teaching. School districts should target moneys generated by the additional seniority steps provided for state salary funding in the 1990-91 school year to senior certification instructional staff. By December 1, 1990, each school district shall submit to the superintendent of public instruction a statement signed by the district's board of directors explaining how the moneys generated by the additional seniority steps were used and whether these moneys were targeted to senior staff.

PRESENTATION OF GIFT TO THE SPEAKER

On behalf of the members of the House of Representatives, Representatives Hine and Prince presented to Speaker King the gift of a Japanese Zelkova Serrata, which will be planted in Waterfront Park in Vancouver, Washington, on Arbor Day 1990.

SPEAKER'S PRIVILEGE

The Speaker: Thanks to all of you. What an absolutely wonderful idea. I hope that the tree has a long life span and will be around for a long time in this wonderful, small park which the city has reclaimed. It is very close to the Clark College campus and to the branch campus of Washington State University.

I would take just a moment to thank the members again for allowing me the privilege of serving as Speaker for the entire House. It is an honor that I take very seriously, and I am aware that it is an office for the entire House, not just for the Democrats. I hope that I have lived up to your high expectations. I have done nothing in my life that challenges, stimulates, excites and rewards me as much as being able to serve as your leader. I would like to take this opportunity to thank my counterpart and the Leader of the Minority Party, Representative Clyde Ballard, who leads with distinction, honor and a sense of fairness always. He has added to our ability to get our work done in a very gracious manner. Clyde, thank you very much for your help. And thank you all for this honor.

POINT OF PERSONAL PRIVILEGE

Mr. Ballard: Mr. Speaker, I think it would be very appropriate, on behalf of the Republican Caucus, to say thank you. I can hardly believe that we have concluded two sessions. I was beginning to wonder if we were ever going to conclude this session, but here we are doing that at a nice early time in the morning. There have been a lot of challenging times and a lot of times, working together beyond the issues, that have cemented our friendships. On behalf of the Minority Party, let me say thank you very much. And, to all of the members, we don't always agree, but I can tell you it has been a pleasure. We look upon these friendships, interestingly enough, as some of our closest friendships. Thank you very much, Mr. Speaker.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

O Lord, we learn as children about your awesome power--how You delivered Daniel from the lion's den and how You delivered Jonah from the belly of the whale. So now we petition You again, hoping You are not fresh out of miracles, to deliver us from our deliberations within this day. Help us to recognize the legitimate concerns of our colleagues as they speak for their constituencies and not to rush to judgment in our haste to do something about this issue. Above all, O Lord, help us to remember that security of our citizens is paramount and that partisanship is not at issue. And, finally, O Lord, You have said that where two or more are gathered, there You will be also. So be it. We ask, however, that You not leave before we do. Stay with us; we will need You. And we ask this in the Master's Name. Amen.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Ms. Hine spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Hine yielded to question by Mr. Ballard.

Mr. Ballard: Representative Hine, does the task force intend to review the criminal justice services that cities and counties are providing to determine whether or not they are both appropriate and being provided in the most efficient manner?

Ms. Hine: Yes, Representative Ballard. The task force will carefully examine all criminal justice services to determine their effectiveness. They will also be examining methods for pooling efforts and cooperation between and among local jurisdictions for the most efficient use of resources. That is part of their function.

Representatives Ballard, Appelwick, Jones, Doty and Smith spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Hine yielded to question by Mr. Kirby.

Mr. Kirby: Some of the funds in this bill are distributed to cities and counties on the basis of the jurisdiction's crime rate as published by the Association of Sheriffs and Police Chiefs. What happens if a city or county failed to report its 1988 crime rate or if they filed late?

Ms. Hine: Thank you, Representative Kirby. There is nothing in the bill that prevents the Association from publishing an addendum or supplement to pick up those jurisdictions that failed to file their 1988 report. This is what we hope they will do, and these new figures can be used by the State Treasurer for all subsequent distribution of funds.

Representatives Wang, Horn, Rector and Moyer spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Hine yielded to question by Mr. Locke.

Mr. Locke: Representative Hine, there are numerous sections throughout this legislation, Engrossed Senate Bill No. 6913, that require this money to be used exclusively for criminal justice purposes and prohibit supplanting or replacement of existing funds. You and Representative Ballard, I believe, were the representatives of the House in crafting this language, and it was primarily the House members who insisted on this language. Are there any intended exceptions to this language, or is the language to be read and taken literally?

Ms. Hine: Thank you, Representative Locke. The language is such: "Moneys distributed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding." That is the purpose. I think it says it very clearly.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 6913, and the bill passed the House by the following vote: Yeas, 89; nays, 5; absent, 1; excused, 3.

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 415, Second Substitute House Bill No. 2379 entitled:

"AN ACT Relating to student enrollment options."

I requested this bill as part of my effort to restructure our public education system, increase parent involvement and improve student performance by increasing students' enrollment options. I am extremely pleased the legislature supported this effort.

Section 415 of the bill creates a task force to study the possibility of extending the Running Start Program to allow 11th and 12th grade students the opportunity to attend four-year institutions of higher education. It is unnecessary to establish a statutory task force for this purpose. Further, no provisions were made for staffing the task force and though reimbursement for travel expenses is specified, no funds were appropriated.

For the reasons stated above, I have vetoed section 415.

With the exception of section 415, Second Substitute House Bill No. 2379 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 24, 1990

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 18, 25, 26, 27, 28, 29, 45, 75, 76, 78, 79, 80, 81, 83 and 84, Engrossed Substitute House Bill No. 2929, entitled:

"AN ACT Relating to growth."

Engrossed Substitute House Bill No. 2929 takes an important first step towards the goal of managing growth in this state's fastest growing counties.

I commend the Legislature for recognizing the importance of this issue and for the sustained commitment and hard work that went into this bill.

I welcome this measure, and am pleased to sign it into law.

This is an act that will benefit all of us, and all of our children. It will allow our most economically dynamic counties to preserve the endowment of clean air, pure water and natural beauty that is now threatened by rampant uncontrolled growth. It will encourage continuing economic prosperity by reforming decision-making processes that have all too often been unpredictable and disjointed. But most important, this bill is a cogent response to the concerns of thousands upon thousands of this state's citizens and taxpayers, who have insisted that we strike a better balance between economic development and environmental preservation.

It is important to recognize that this legislation is only the first step. In June, I will receive the recommendations of the Growth Strategies Commission. Those recommendations will be the basis for executive request legislation in the 1991 session. We fully intend to pursue further actions to ensure that measure is strengthened and clarified.

The crafting of this intricate bill in a single legislative session has resulted in a number of technical problems that require my veto of several sections. Because my veto power is limited to entire sections, in several cases, I must veto provisions that I support because of flaws that appear within the same section.

Although I regret some of these actions, I am confident that we can resolve the problems during the next legislative session.

Section 18

This section requires special districts to act in conformity with policy goals in the act and with local comprehensive plans. Ensuring consistency between county and local governments and the numerous overlapping special districts that provide needed services is necessary for successful growth management. However, the exemptions provided in subsection 3 for port districts and municipal airports do not promote consistency and may unintentionally result in ports and municipal airports being exempted from all land use requirements. Because I am unable to partially veto sections to eliminate technical or policy concerns, I must veto section 18. Despite my veto, I believe the consistency mandate is addressed by existing case law.

Sections 25, 26, 27, 28, and 29

These sections authorize local governments to contract with developers for construction of facilities related to specific projects. Lack of clarity opens up a wide range of questions concerning the application of the state's prevailing wage laws. While these sections offer a good tool to permit local governments to work with

developers to construct needed infrastructure for growth, the legal uncertainty on prevailing wage impacts is too great. Policy in this area should be debated as part of future growth management efforts.

Section 45

Local governments are increasingly short of funds to make necessary public improvements. The money to pay for new or improved roads, water systems, sewage facilities, parks, and schools has traditionally come from general tax revenues or utility charges. However, explosive growth is currently outpacing the ability to finance public facilities necessitated by that growth.

With the exception of one sub-section, this bill captures all the essential elements of a legally permissible impact fee process to enable local governments planning under the provisions of this bill to require that certain public facilities be financed by development necessitating such facilities.

In addition to financing public facilities through the imposition of impact fees, the substantive authority under the State Environmental Policy Act allows a local jurisdiction to approve a project subject to a requirement that the developer mitigate or pay a fee to mitigate specific adverse environmental impacts. I am concerned that subsection (1) of section 45 limits substantive authority under the State Environmental Policy Act without considering the full impact of such limitation.

While I agree that the imposition of impact fees and the authority under the State Environmental Policy Act should not be used to impose duplicative fees or requirements on developers, I am unwilling to affect the State Environmental Policy Act without full knowledge of the consequences. Larger jurisdictions may well be able to plan for or anticipate the system needs associated with growth. I am concerned, however, that smaller jurisdictions, who were not involved in the negotiations surrounding this section, may not have the staff to fully understand the importance of these sections and as a result may lose the ability to mitigate for unanticipated needs related to growth. Despite the veto of section 45, protection against arbitrary or duplicative fees is present in section 43 of this bill.

Because I am unable to partially veto sections to eliminate technical or policy concerns, I must veto all of section 45, despite important provisions contained in subsections (2) through (7). My veto is necessitated by the cloud section 45(1) places over the State Environmental Policy Act.

Sections 75, 83, & 84

These three sections undertake new program initiatives in the departments of Trade and Economic Development and Community Development. While the contemplated programs are thoughtful, the use of Community Economic Revitalization Board funds to fund ongoing programs of this kind is inappropriate. Therefore, I am vetoing these sections. I am however, directing the Department of Trade and Economic Development to assist efforts by small businesses to increase their competitiveness through the use of cooperative networks, using funds provided in the budget, and I am directing the Department of Community Development to explore opportunities to provide training and technical assistance to community-based organizations serving low-income urban and rural areas.

Sections 76, 78, 79, 80 & 81

These sections authorize new activities and program initiatives in the Department of Trade and Economic Development. These activities lack legislative funding and are authorized in an overly prescriptive fashion by the Legislature. However, I am directing the Department to utilize the available funds to evaluate existing state-supported applied research and technology transfer activities in the state. I am also directing the Department to conduct an initial examination of opportunities for collaboration between higher education, industry and the state as a way to increase the economic competitiveness of the state. Further, I am directing the Department to continue to explore ways to provide bid information to small businesses through the electronic bulletin board system.

With the exception of sections 18, 25, 26, 27, 28, 29, 45, 75, 76, 78, 79, 80, 81, 83, and 84, I am approving Engrossed Substitute House Bill No. 2929.

Respectfully submitted,
Booth Gardner, Governor.
