States v. Washington permanent injunction and makes both local and state funding recommendations for additional nonstate barrier corrections across state culvert correction programs that maximize the fisheries habitat gain and other benefits to prey available for southern resident killer whale and salmon recovery.

(4) The comprehensive statewide culvert remediation plan must be consistent with the principles and requirements of the *United States v. Washington* permanent injunction and RCW 77.95.180 and must achieve coordinated investment strategy goals of permanent injunction compliance and the following additional resource benefits. The Brian Abbott fish barrier removal board chair, representing the board and the appropriate department of fish and wildlife executive management, shall consult with tribes to develop a watershed approach. Provided it is consistent with the *United States v. Washington* permanent injunction, prioritization of barrier corrections must be developed on a watershed basis and must maximize the following resource priorities:

- (a) Stocks that are listed as threatened or endangered under the federal endangered species act;
- (b) Stocks that contribute to protection and recovery of southern resident orca whales;
- (c) Critical stocks of anadromous fish that limit or prevent harvest of anadromous fish, as identified in the Pacific salmon treaty; and
- (d) Weak stocks of anadromous fish that limit or prevent harvest of anadromous fish, as determined in North of Cape Falcon process.

(5) The comprehensive statewide culvert remediation plan must include recommendations on methods and procedures for state agencies and local governments to complete and maintain accurate barrier inventories. This plan must also allow for efficient bundling of projects to minimize disruption to the public due to construction as well as adjustments in response to obstacles and opportunities encountered during delivery.

(6) The Brian Abbott fish barrier removal board must also:
 (a) Provide to the office of financial management and the fiscal committees of the legislature its recommendation as to statutory or policy changes, or budget needs for the board or state capital budget programs, for better implementation and coordination among the state's culvert correction programs by January 15, 2021; and

(b) Develop a plan to seek and maximize the chances of success of significant federal investment in the comprehensive statewide culvert remediation plan.

(7) It is the intent of the legislature that, in developing future budgets, state agencies administering state culvert correction programs will recommend, to the maximum extent possible, funding in their culvert correction programs for correction of barriers that are part of the comprehensive statewide culvert remediation plan developed by the Brian Abbott fish barrier removal board under this section.

(8) By November 1, 2020, and March 1, 2021, the Brian Abbott fish barrier removal board and the department of transportation must provide updates on the development of the statewide culvert remediation plan to the office of financial management and the legislative fiscal committees. The first update must include a project timeline and plan to ensure that all agencies with culvert correction programs are involved in the creation of the comprehensive plan.

(9) Prior to presenting the comprehensive statewide culvert remediation plan, the Brian Abbott fish barrier removal board must present the status of the plan to the annual Washington state and Western Washington treaty tribes fish passage barrier repair progress and coordination meeting. The board must submit the

comprehensive statewide culvert remediation plan and the process by which it will be adaptively managed over time to the governor and the legislative fiscal committees by January 15, 2021.

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that small school districts with total enrollments of one thousand students or less may have school facilities with significant building systems deficiencies and low property values, and that raising enough funds to participate in the school construction assistance program to replace or modernize their school facilities would present an extraordinary tax burden on property owners or would exceed allowable debt.

(c) The superintendent must submit a list of small school district modernization projects, as prioritized by the advisory committee, to the legislature by January 15, 2020. The list must include: (i) A description of the project; (ii) the proposed state funding level, not to exceed \$5,000,000; (iii) estimated total project costs; and (iv) local funding resources. The appropriated funds in this subsection may be awarded only ((after the legislature approves the list)) to projects approved by the legislature, as identified in LEAP capital document No. 2020-51, developed March 6, 2020.

PERSONAL PRIVILEGE

Senator Frockt: "Thank you, Mr. President. I wanted to take a moment, as a matter of personal privilege, to thank our staff for the, their work on the capital budget that we just passed. Will do this, of course, with the operating but, it's an incredible amount of work to staff both of these budgets and our team this year was just exceptional in the short session and so I wanted to recognize them. I know my colleagues across the aisle feel the same way. So, I speak for all four of the capital budget writers. But, I want to recognize them in particular: Michelle Alishahi; Mike Bezanson; Kayla Hammer; Jed Hermon, who has worked extensively with me on our MOTCA (Model Toxics Control Act) policy and many other environmental policies, Julie Murray; Jeff Naas; Travis Sugarman; Lindsay Trant; Megan Tudor; and Liza Weeks and in particular this year I want to commend and thank Corban Nemeth who is brand new to the, to the OPR. staff; as well as, Sarian Scott, who did incredible work on our housing and homelessness package and Sarian is as responsible as any of the elected officials for the work that we were able to get done on Newhouse and the and the renovation of Pritchard; and finally Maria Hovde and Richard Ramsey, who is our coordinator, but Maria in particular has done an amazing job working on a with all of the members to come up with a plan for the Fircrest facility and I believe that her work will be right will be roundly recognized in the future as we finally get that project going the way that it needs to. So, they've been incredible. James Crandall from the Republican caucus and Noha Magoub, our Democratic caucus staff. Thank you all for your incredible work this year on the capital budget. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Warnick: "Thank you, Mr. President. As the fourth person on this bipartisan team, I wanted to get kind of the last word. I want to thank not only my colleagues Senator Frockt, Senator Mullet, and Senator Honeyford, who always wears his bow tie on this day, but our Ways & Means staff. And Senator Frockt already went through the list but I especially want to thank our caucus staff James and Noha, and Richard Ramsey. He kept us on track the entire time. I think it was day two of session, he called us in and he said, 'This is what we need to do to get done on time.' And he's kept us on track that entire time. I really have enjoyed working on a capital budget for a number of years because we get to build things and priorities are tough sometimes but when you see the buildings go up and we, I know that we had a hand in it, is very gratifying So, thank you very much Mr. President."

PERSONAL PRIVILEGE

Senator Honeyford: "Thank you. One, I would like to correct the previous speaker. He's not OPR staff, he's the Ways & Means staff. And secondly, traditions apparently are dying. It has always

SIXTIETH DAY, MARCH 12, 2020

been a tradition, for a long time, that on Capital Budget Day, that we would wear bow ties. Apparently, I'm the only one left and so traditions are dying. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Hawkins: "Well, I too would like to congratulate all my colleagues on both sides of the aisle for the good work on the capital budget. And in particular, the good work on the Newhouse building. And I just wanted to say, for the record, for the members of the F & O Committee who are here, that if we do decide to implode the Newhouse building like the King Dome, I would like to push the button. Thank you, Mr. President."

MESSAGE FROM THE HOUSE

March 11, 2020

MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 6690 with the following amendment(s): 6690.E AMH Sulp H5441.2

"NEW SECTION. Sec. 1. (1) Over the past two decades, the legislature has taken significant action to promote a positive business environment for Washington's aerospace industry. The legislature finds that the industry plays a significant role not only in the health of Washington's economy, but also in the health of the United States economy. Moreover, the domestic aerospace industry has faced significant challenges with the large subsidies provided to international competitors.

(2) The legislature finds that a commitment to the elimination of trade barriers for aerospace as well as several other vital Washington exports is important. The legislature also wishes to help bring the United States into full compliance with a recent world trade organization ruling asserting Washington's business and occupation tax rate of 0.2904 percent violates world trade organization rules. The legislature hopes this action to help bring the United States into compliance will end the threat of retaliatory tariffs against many of Washington's industries, including agricultural products, fish, wine, and intellectual property.

(3) The legislature appreciates the state aerospace industry's commitment to complying with the world trade organization ruling by advocating for the repeal of the preferential business and occupation tax. The legislature hopes that the repeal of this Washington aerospace preference will ensure continued economic success and competitiveness for the industry as well as many other industries. The legislature further hopes that the repeal of the 0.2904 business and occupation tax will allow for the complete resolution of all trade disputes surrounding large civil aircraft.

(4) The legislature further finds that the people of Washington benefit from the presence of the aerospace industry in Washington state. The industry provides good wages and benefits for thousands of engineers, technicians, mechanics, and support staff working across the state. Furthermore, the legislature has a goal of preserving and growing employment in Washington state. The legislature intends that the future consideration of all tax measures will work to achieve this goal in a manner compliant with the world trade organization.

NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW to read as follows:

The rate of 0.357 percent authorized pursuant to RCW 82.04.260(11)(e) may be imposed only if the following conditions are met:

(1) The department of commerce verifies with the United

States trade representative that the United States and the European Union have entered into a written agreement that resolves any world trade organization disputes involving large civil aircraft.

(2) Such agreement expressly allows a business and occupation tax rate reduction for commercial airplane manufacturers to 0.357 percent or less.

(3) The department of commerce notifies the department in writing that the conditions of subsections (1) and (2) of this section are met and provides a copy of the agreement between the United States and the European Union or other document providing for the business and occupation tax rate reduction to the department.

(4) The department of labor and industries notifies the department in writing that a significant commercial airplane manufacturer has at least a three-tenths of one percent aerospace apprenticeship utilization rate of its qualified apprenticeable workforce in Washington, as defined in section 4 of this act.

(5) Within thirty days of receiving the last of the written notices described in subsections (3) and (4) of this section, the department must provide written notice to the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department, that the tax rates in RCW 82.04.260(11)(e) are reduced to 0.357 percent and the effective date of the rate reduction.

(6) Any rate reduction to 0.357 percent pursuant to this section and RCW 82.04.260(11)(e) must occur on the first day of the next calendar quarter that is at least sixty days after the department receives the last of the written notices described in subsections (3) and (4) of this section.

(7) For the purpose of this section, "world trade organization disputes involving large civil airplanes" means any disputes filed by the United States or the European Union prior to the effective date of this section that involve either allegations of subsidies to large civil airplanes, or allegations of taxes imposed by Washington on commercial airplanes, or both."

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition or persistent tracking of individuals. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(b)(i) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(ii) "Facial recognition service" does not include: (A) The analysis of facial features to grant or deny access to an electronic device; or (B) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(c) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(d) "Identification" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches any individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(e) "Ongoing surveillance" means using a facial recognition service to track the physical movements of a specified individual through one or more public places over time, whether in real time

2020 REGULAR SESSION

or through application of a facial recognition service to historical records. It does not include a single recognition or attempted recognition of an individual, if no attempt is made to subsequently track that individual's movement over time after they have been recognized.

(f) "Persistent tracking" means the use of a facial recognition service by a state or local government agency to track the movements of an individual on a persistent basis without identification or verification of that individual. Such tracking becomes persistent as soon as:

(i) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

(ii) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(g) "Recognition" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches:

(i) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(ii) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(h) "Verification" means the use of a facial recognition service by a state or local government agency to determine whether an individual is a specific individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

NEW SECTION. Sec. 12. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Consumer" means a natural person who is a Washington resident.

(2) "Controller" means the natural or legal person which, alone or jointly with others, determines the purposes and means of the processing of personal data. "Controller" does not include state or local government agencies.

(3) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of a consumer and adds the facial template to a gallery used by the facial recognition service for identification, verification, or persistent tracking of consumers. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(4)(a) "Facial recognition service" means technology that analyzes facial features and is used by a controller or processor for the identification, verification, or persistent tracking of consumers in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(5) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(6) "Identification" means the use of a facial recognition service by a controller or processor to determine whether an unknown consumer matches any consumer whose identity is known to the controller or processor and who has been enrolled by reference to that identity in a gallery used by the facial

recognition service.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 13 of this act and who have the authority to alter the decision under review.

(8) "Persistent tracking" means the use of a facial recognition service to track the movements of a consumer on a persistent basis without identification or verification of that consumer. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking uses a facial recognition service for more than forty-eight hours after the first enrolling of that template; or

(b) The data created by the facial recognition service in connection with the tracking of the movements of the consumer are linked to any other data such that the consumer who has been tracked is identified or identifiable.

(9) "Personal data" means any information that is linked or reasonably linkable to an identified or identifiable natural person. "Personal data" does not include deidentified data or publicly available information.

(10) "Process" or "processing" means any operation or set of operations which are performed on personal data or on sets of personal data, whether or not by automated means, such as the collection, use, storage, disclosure, analysis, deletion, or modification of personal data.

(11) "Processor" means a natural or legal person who processes personal data on behalf of a controller. "Processor" does not include state or local government agencies.

(12) "Recognition" means the use of a facial recognition service by a controller or processor to determine whether an unknown consumer matches:

(a) Any consumer who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific consumer who has been enrolled in a gallery used by the facial recognition service.

(13) "Verification" means the use of a facial recognition service by a controller or processor to determine whether a consumer is a specific consumer whose identity is known to the controller or processor and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

NEW SECTION. Sec. 13. (1)(a) Processors that provide facial recognition services must make available an application programming interface or other technical capability, chosen by the processor, to enable controllers or third parties to conduct legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics, such as (i) race, skin tone, ethnicity, gender, age, or disability status, or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of that independent testing identify material unfair performance differences across subpopulations, the processor must develop and implement a plan to mitigate the identified performance differences within ninety days of receipt of such results. For purposes of mitigating the identified performance differences, the methodology and data used in the independent testing must be disclosed to the provider in a manner that allows full reproduction. Nothing in this subsection prevents a processor from prohibiting the use of the processor's facial recognition service by a competitor for competitive purposes.

(b) Making an application programming interface or other technical capability does not require processors to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Processors bear the burden of minimizing these

risks when making an application programming interface or other technical capability available for testing.

(2) Processors that provide facial recognition services must provide documentation that includes general information that:

(a) Explains the capabilities and limitations of the services in plain language; and

(b) Enables testing of the services in accordance with this section.

(3) Processors that provide facial recognition services must prohibit by contract the use of facial recognition services by controllers to unlawfully discriminate under federal or state law against individual consumers or groups of consumers.

(4) Controllers must provide a conspicuous and contextually appropriate notice whenever a facial recognition service is deployed in a physical premise open to the public that includes, at minimum, the following:

(a) The purpose or purposes for which the facial recognition service is deployed; and

(b) Information about where consumers can obtain additional information about the facial recognition service including, but not limited to, a link to any applicable online notice, terms, or policy that provides information about where and how consumers can exercise any rights that they have with respect to the facial recognition service.

(5) Controllers must obtain consent from a consumer prior to enrolling an image of that consumer in a facial recognition service used in a physical premise open to the public.

(6) As an exception to subsection (5) of this section, controllers may enroll an image of a consumer in a facial recognition service for a security or safety purpose without first obtaining consent from that consumer, provided that all of the following requirements are met:

(a) The controller must have probable cause, based on a specific incident, that the consumer has engaged in criminal activity, which includes, but is not limited to, shoplifting, fraud, stalking, or domestic violence;

(b) Any database used by a facial recognition service for identification, verification, or persistent tracking of consumers for a security or safety purpose must be used solely for that purpose and maintained separately from any other databases maintained by the controller;

(c) The controller must review any such database used by the controller's facial recognition service no less than annually to remove facial templates of consumers whom the controller no longer has probable cause that they have engaged in criminal activity; and

(d) The controller must establish an internal process whereby a consumer may correct or challenge the decision to enroll the image of the consumer in a facial recognition service for a security or safety purpose.

(7) Controllers using a facial recognition service to make decisions that produce legal effects on consumers or similarly significant effects on consumers must ensure that those decisions are subject to meaningful human review. Decisions that produce legal effects concerning consumers or similarly significant effects concerning consumers means decisions that result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health care services, or access to basic necessities such as food and water, or that impact civil rights of consumers.

(8) Prior to deploying a facial recognition service in the context in which it will be used, controllers using a facial recognition service to make decisions that produce legal effects on consumers or similarly significant effects on consumers must test the facial recognition service in operational conditions. Controllers must take commercially reasonable steps to ensure best quality results

by following all reasonable guidance provided by the developer of the facial recognition service.

(9) Controllers using a facial recognition service must conduct periodic training of all individuals that operate a facial recognition service or that process personal data obtained from the use of facial recognition services. Such training shall include, but not be limited to, coverage of:

(a) The capabilities and limitations of the facial recognition service;

(b) Procedures to interpret and act on the output of the facial recognition service; and

(c) The meaningful human review requirement for decisions that produce legal effects on consumers or similarly significant effects on consumers, to the extent applicable to the deployment context.

(10) Controllers shall not knowingly disclose personal data obtained from a facial recognition service to a law enforcement agency, except when such disclosure is:

(a) Pursuant to the consent of the consumer to whom the personal data relates;

(b) Required by federal, state, or local law in response to a warrant;

(c) Necessary to prevent or respond to an emergency involving danger of death or serious physical injury to any person, upon a good faith belief by the controller; or

(d) To the national center for missing and exploited children, in connection with a report submitted thereto under Title 18 U.S.C. Sec. 2258A.

(11) Voluntary facial recognition services used to verify an aviation passenger's identity in connection with services regulated by the secretary of transportation under Title 49 U.S.C. Sec. 41712 and exempt from state regulation under Title 49 U.S.C. Sec. 41713(b)(1) are exempt from this section. Images captured by an airline must not be retained for more than twenty-four hours and, upon request of the attorney general, airlines must certify that they do not retain the image for more than twenty-four hours. An airline facial recognition service must disclose and obtain consent from the customer prior to capturing an image.

NEW SECTION. Sec. 14. Nothing in this act applies to the use of a facial recognition matching system by the department of licensing pursuant to RCW 46.20.037.

NEW SECTION. Sec. 15. (1) Sections 1 through 10 and 14 of this act constitute a new chapter in Title 43 RCW.

(2) Sections 12 and 13 of this act constitute a new chapter in Title 19 RCW."

On page 1, line 1 of the title, after "services;" strike the remainder of the title and insert "adding a new section to chapter 9.73 RCW; adding a new chapter to Title 43 RCW; adding a new chapter to Title 19 RCW; creating a new section; and providing an expiration date."

Protecting public health and safety by enhancing the regulation of vapor products.

MOTION

On motion of Senator Kuderer, Second Substitute Senate Bill No. 6254 was substituted for Senate Bill No. 6254 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Kuderer moved that the following striking floor amendment no. 1376 by Senator Kuderer be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature makes the following findings:

(a) Nicotine is a highly addictive substance, particularly for children and youth under twenty-one years of age, whose brains are still developing. Vapor products that deliver high levels of nicotine are fueling youth addiction to nicotine and have created an epidemic. The 2019 national youth tobacco survey found that about twenty-seven percent of high school students reported current use of electronic cigarettes and, among electronic cigarette users, about a third reported using electronic cigarettes on twenty or more of the preceding thirty days;

(b) Research consistently shows that flavors and associated advertising contribute to the appeal, initiation, and use of tobacco products, including vapor products, particularly among adolescents and young adults. Evidence also suggests that the 2009 flavored cigarette ban did achieve its objective of reducing adolescent tobacco use, but effects were likely diminished by the continued availability of menthol cigarettes and other flavored tobacco products. Preliminary data from the national youth tobacco survey show that more than a quarter of high school students were current electronic cigarette users in 2019 and the

overwhelming majority of youth electronic cigarette users cited the use of popular fruit and menthol or mint flavors. A health impact review performed by the state board of health in 2019 concluded that eliminating flavored vapor products would likely decrease initiation and use of vapor products and other tobacco products among youth and young adults, thereby improving health outcomes; and

(c) While the long-term health effects of vapor products are unknown, current data suggests they are harmful to human health. Vapor products have been shown to impair lung function in several ways, such as by inhibiting ciliary beating, impairing immune function, and causing toxicity to epithelial cells.

(2) Therefore, the legislature intends to enact additional regulatory protections to protect the health of youth and young adults in Washington state.

Sec. 2. RCW 70.345.010 and 2019 c 445 s 210 and 2019 c 15 s 4 are each reenacted and amended to read as follows:

(1) The licenses issuable by the board under this chapter are as follows:

- (a) A vapor product retailer's license; and
- (b) A vapor product distributor's license(~~(-and~~
- (c) A vapor product delivery sale license)).

(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board may adopt rules regarding the regulation of the licenses and licensees. The board may refuse to issue any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a distributor's license(~~(-or~~) or a retailer's license, ~~((or delivery seller's license,))~~ and for considering the denial, suspension, or revocation of any such license, the board may consider criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. The board may, in its discretion, issue or refuse to issue ~~((the))~~ a retailer's license(~~(-or~~) or distributor's license, ~~((and delivery sale license))~~ subject to the provisions of RCW 70.155.100.

~~(3) ((The application processes for the retailer license and the distributor license, and any forms used for such processes, must allow the applicant to simultaneously apply for a delivery sale license without requiring the applicant to undergo a separate licensing application process in order to be licensed to conduct delivery sales. However, a delivery sale license obtained in conjunction with a retailer or distributor license under this subsection remains a separate license subject to the delivery sale licensing fee established under this chapter.~~

~~(4))~~ No person may qualify for a retailer's license(~~(-or~~) or distributor's license(~~(-or delivery sale license))~~ under this section without first undergoing a criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. If the applicant or licensee also has a license issued under chapter 66.24, 69.50, 82.24, or 82.26 RCW, the background check done under the authority of chapter 66.24, 69.50, 82.24, or 82.26 RCW satisfies the requirements of this

subsection.

~~((5))~~ (4) Each license issued under this chapter expires on the business license expiration date. The license ~~((must))~~ may be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board adopted pursuant to this chapter.

~~((6))~~ (5) Each license and any other evidence of the license required under this chapter must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

(6) A place of business for any holder of a license issued under this chapter must not be located in a domicile.

Sec. 4. RCW 70.345.030 and 2019 c 445 s 211 are each amended to read as follows:

(1)(a) No person may engage in or conduct business as a retailer~~((;))~~ or distributor~~((; or delivery seller))~~ in this state without a valid license issued under this chapter, except as otherwise provided by law. Any person who sells vapor products to ultimate consumers ~~((by a means other than delivery sales))~~ must obtain a retailer's license under this chapter. Any person who meets the definition of distributor under this chapter must obtain a distributor's license under this chapter. ~~((Any person who conducts delivery sales of vapor products must obtain a delivery sale license.))~~

(b) A violation of this subsection is punishable as a class C felony according to chapter 9A.20 RCW.

(2) No person engaged in or conducting business as a retailer~~((;))~~ or distributor~~((; or delivery seller))~~ in this state may refuse to allow the enforcement officers of the board, on demand, to make full inspection of any place of business or vehicle where any of the vapor products regulated under this chapter are sold, stored, transported, or handled, or otherwise hinder or prevent such inspection. The board may conduct such inspections with local law enforcement. A person who violates this subsection is guilty of a gross misdemeanor.

(3) Any person licensed under this chapter as a distributor, and any person licensed under this chapter as a retailer, ~~((and any person licensed under this chapter as a delivery seller))~~ may not operate in any other capacity unless the additional appropriate license is first secured, except as otherwise provided by law. A violation of this subsection is a misdemeanor.

(4) No person engaged in or conducting business as a retailer~~((;))~~ or distributor~~((; or delivery seller))~~ in this state may sell or give, or permit to sell or give, a product that contains any amount of any cannabinoid, synthetic cannabinoid, cathinone, or methcathinone, unless otherwise provided by law. A violation of this subsection ~~((4))~~ is punishable according to RCW 69.50.401.

(5) The penalties provided in this section are in addition to any other penalties provided by law for violating the provisions of this chapter or the rules adopted under this chapter.

NEW SECTION. **Sec. 5.** A new section is added to chapter 70.345 RCW to read as follows:

(1) A retailer operating a retail outlet restricted to persons twenty-one years or older may not allow persons under twenty-one years of age to enter or remain on the premises of the retail outlet.

(2) Upon an individual entering the retail outlet, the retailer must examine the individual's government-issued photographic identification and verify the individual is twenty-one years old or older.

NEW SECTION. **Sec. 6.** A new section is added to chapter 82.25 RCW to read as follows:

(1)(a) In addition to the tax imposed under RCW 82.25.010, there is levied and collected a special excise tax equal to five percent of the selling price on each retail sale in this state of

flavored vapor products.

(b) The tax under this section is separate and in addition to general state and local sales and use taxes that apply to retail sales of tangible personal property, and is not part of the total retail price to which general state and local sales and use taxes apply. The tax must be separately itemized from the state and local retail sales tax on the sales receipt provided to the buyer.

(c) The tax levied in this section must be reflected in the price list or quoted shelf price by retailers operating in a retail outlet that is restricted to individuals twenty-one years of age and older and in any advertising that includes prices for all flavored vapor products.

(2) All revenues collected from the tax imposed under this section must be deposited as follows: (a) Sixty-seven percent in the foundational public health services account provided in RCW 82.25.015; and (b) thirty-three percent in the tobacco prevention and control account provided in RCW 43.79.480. Funds deposited into the tobacco prevention and control account shall be used solely by the department to fund tobacco and vapor product prevention and education campaigns targeted to youth and enforcement by the state liquor and cannabis board under this act.

(3) The tax imposed in this section must be paid by the buyer to the seller. Each seller must collect from the buyer the full amount of the tax payable on each taxable sale. The tax collected as required by this section is deemed to be held in trust by the seller until paid to the department. If any seller fails to collect the tax imposed in this section or, having collected the tax, fails to pay it as prescribed by the department, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is, nevertheless, personally liable to the state for the amount of the tax.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Flavored vapor product" has the meaning provided in RCW 70.345.010.

(b) "Retail sale" has the meaning provided in RCW 82.08.010.

(c) "Selling price" has the meaning provided in RCW 82.08.010, except that when product is sold under circumstances where the total amount of consideration paid for the product is not indicative of its true value, "selling price" means the true value of the product sold.

(d) "True value" means market value based on sales at comparable locations in this state of the same or similar product of like quality and character sold under comparable conditions of sale to comparable purchasers. However, in the absence of such sales of the same or similar product, true value means the value of the product sold as determined by all the seller's direct and indirect costs attributable to the product.

Sec. 7. RCW 70.345.090 and 2019 c 445 s 212 are each amended to read as follows:

(1) No person may conduct a delivery sale or otherwise ship or transport, or cause to be shipped or transported, any vapor product ordered or purchased by mail or through the internet to any person ~~((unless such seller has a valid delivery sale license as required under this chapter.~~

~~((2) No person may conduct a delivery sale or otherwise ship or transport, or cause to be shipped or transported, any vapor product ordered or purchased by mail or through the internet to any person under the minimum age required for the legal sale of vapor products as provided under RCW 70.345.140.~~

~~((3) A delivery sale licensee must provide notice on its mail order or internet sales forms of the minimum age required for the legal sale of vapor products in Washington state as provided by RCW 70.345.140.~~

PERSONAL PRIVILEGE

Senator Zeiger: "Well thank you, Mr. President. I hope you will allow me just a few minutes to offer some parting thoughts as I conclude my service in this body. I came here a decade ago as a twenty-five-year-old freshman in the House. And before that, I had been a Ph.D. student in political science, and I dropped out of that, which was one of the best decisions of my life. Although I can think of at least one caveat. Several years ago, former State Representative George Walk gave me a hand-me-down plaque with a quote from Will Rogers that says, 'Once a man has held public office, he is no good for honest work.' In any case, I think that I have, I hope that I have, learned now as much about politics in our government out of the Constitution as I would if I had stayed in that Ph.D. program. I've learned, as former State Representative Joyce McDonald told me after I was elected, that relationships are more important than policies. It's not that policy isn't important. Of course, in fact, policy is so important that it deserves real and meaningful discussion. Deliberation where there is trust among the participants and a shared desire to do what's best for the public. And so, I learned that good relationships result in good policies because when we value people over a specific result; when we value our relationships and our collective relationships as a polity that much; even if we have deeply held disagreements, we open ourselves to really listening and best understanding one another. I've learned that people are more complicated than their membership in a particular political party or movement. That each person represents a rich mix of influences, values and talents that are unique to them. I learned that everyone brings something to the table and that although each person is different, we're all a lot more alike as human beings than we may think at first glance. I've learned that people are fundamentally eager to connect with each other and that the value of human connection can often mean more to a person than an easy solution. After all, solutions do not always come easy but, the imperfections of life become far more tolerable when we know that other people care. I've learned that people yearn to belong, to share in a cause bigger than themselves. I've learned that enemies can quickly become friends if there's a will on one side or the other to make it so. And, I learned that politics need not be a barrier to real friendship with people who wear a different party label. The friendships among the members on this floor are very significant and very valuable things for our democracy. Let me close with this, the genius of our Constitution in seeing is in seeing the capacity of our free institutions to draw on the combined imagination and wisdom of our citizens. Here, we learn and discuss and debate and listen and collaborate and compromise and reason and we do all of that because we love this Evergreen State and our respective corners of it, and because we draw on our traditions of civility, it's a rich inheritance if ever there was one. And, I've been honored beyond the dreams that brought me here in the first place, to take my small part in this time I've been given. May God bless each member here as they press on and serve out their calling. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator O'Ban: "Well, that was a speech that I would expect from the gentleman from the 25th. A thoughtful, even intellectual, but also a very personal statement. And, I will say, as one who didn't know Senator Zeiger that well before he came over from the lesser chamber, that um, that, that he um, you find, you immediately can connect with someone who has a similar view of the world's, a similar kind of approach to policy. And, maybe

SIXTIETH DAY, MARCH 12, 2020

some of you may have noticed that a bill comes up and we don't always know exactly every detail of the bill, I know that's probably just true of me, but and if it's a bill that has come out of Senator Zeiger's committee or one that I know that he has spent some time on for one reason other, I am was always so grateful for the opportunity to go over to Hans because I knew that he would approach so many of these policy areas similar to myself and it would, would have thought through them and often had a very cogent crisp statement for why he supported or or opposed those bills. I'll miss him very much. He, I don't think I'm alone in saying, he adds so much to this Chamber, to the committees he served on, to our caucus when it was his turn to opine on a bill. But I have one consolation and that is in my other capacity, I'll be about three floors down from him. Assuming a success for him in the, in the near future. So, I look forward to continuing on in that relationship in a slightly different way in the coming days. Thank you."

PERSONAL PRIVILEGE

Senator Hunt: "Thank you, Mr. President. Well, I would like to thank Senator Zeiger for all his work. He has been the ranking member on the State Government, Tribal Affairs & Elections Committee the last two years. And, it's been very good to work with him. We even came up with a joint amendment on one bill today, this year that surprised everybody, but you know it's always been collegial and very good relationship and I just want to thank him for all of that. And, while he was oftentimes wrong, he was still good about it and we appreciate that."

PERSONAL PRIVILEGE

Senator Conway: "Yes, we will miss Hans and I'm sure glad he's staying in the county. Because, I look forward to him and what he can do for our county. You know, Hans has been one of our key players here as we address transportation issues for Pierce County and I can only thank him for his diligence and his role and helping us address those issues and wish him very well in his next role and hopefully we can continue this dialogue and solve some of these problems. So, thank you Hans."

PERSONAL PRIVILEGE

Senator Hawkins: "Thank you, Mr. President. I just wanted to share some kind words about Senator Zeiger as well. Appreciate all that has been said. You know, Senator Zeiger and I served in the House together and now in the Senate and I guess the words that I would use to describe him are honest, hard-working, open minded, courageous, someone with the real steady temperament, which is sometimes a challenge and here is where all stressed. He brings a real district focus, obviously with his loyalty to Puyallup, but he's always also somehow managed to maintain a statewide interest in issues, which I think is an important balance. And I wish him all the best, him and his family. He has one young child, and another on the way, and I have two young children. Sort of as I mentioned in the previous floor speech on the bill, but I think someday maybe I will tell my kids, and I'll be proud to say, 'Hey kids, I served with Hans Zeiger.' So, thank you for your service, Mr. President through Senator Zeiger. Thank you."

PERSONAL PRIVILEGE

Senator Hobbs: "Yes, Mr. President. I too rise to honor Senator Zeiger. Senator Zeiger and I have worked together on multiple issues going in the past and one thing I want to note is his public service, his deep dedication to public service. He's a

2020 REGULAR SESSION

fellow National Guard member. Unfortunately, he's in the Air Force, not in the Army, but I still respect you for that. And, you came my promotion. So, thank you. I hope someday I'll go to your promotion as well. But, one thing I, I really enjoy about Senator Zeiger is his willingness to work across the aisle. His willingness to negotiate and compromise. Now, we don't always agree on things. But, you're willing to bend. And, I think that says a lot about you and the fact that you are you willing, you're willing to represent your constituency. Case in point, Senator Zeiger was one of the few Republicans, when he was a Representative in the House, who voted for a transportation package, originally the only one, and I understand you have, you still have scar tissue from that, from your caucus. But you did it because it was the right thing to do and you wanted to bring something back to your constituency because that's what they asked for. And so, you were, you kept at it and because of that work, because you were willing to work across the aisle, you were able to deliver for your district. And, I hope that we can have more people like Senator Zeiger around here. And, we will miss you. I will miss you because that's one less vote on Forward Washington. Hopefully, somebody else will replace you and will vote for it. But, good luck my friend."

PERSONAL PRIVILEGE

Senator Nguyen: "Thank you Mr. President. I also want to stand and say thank you to Senator Zeiger for his work in the Legislature. We actually met before I had even thought about potentially getting in a public office and it was through his authenticity and dedication for his community that I became so hopeful of what we can achieve as a legislative body. We first started talking about issues around homelessness through a mutual friend and became closer friends through the Jackson Foundation and I've been so honored to serve with him. And, things that I could probably work better on are things that he's been fantastic with is, what we've been mentioning here, is the bipartisanship and being sure that we work across the aisle and make sure that we have civility as well. So, just want to say thank you for his service and the work he's done for Washington state."

PERSONAL PRIVILEGE

Senator Becker: "Thank you Mr. President. Well, Senator Zeiger and I actually got to go to China together. And, I was a little intimidated because I had learned about how smart he was, and that he'd written a couple books, and that he had done all these really neat things and I have to say that trip to China was probably the very best. It was just Senator Zeiger and myself, on that particular trip, and I found out that guy can hike like he can't believe. I mean on the Great Wall, he had his backpack on and the rest of us are up there going, Ok, we didn't, we got two hours of sleep, but Senator Zeiger off and going. He was making a move like no one to make sure that he covered most of the Great Wall that was public that he could. And, we had a lot of fun. We kind of brought home some Havana cigars that we might not have been really, really truthfully able to do, and people are going 'oh my gosh', but it was a fun trip. We had people from all over China. We had to stand up and pose for pictures when we were in some of the places, and people coming up to us and asking for pictures and Senator Zeiger was always great, especially with those little kids. And, I'm really glad that now he has some of his little kids that he can do the same thing with, and Senator Zeiger, it's been an honor and a privilege to work with you. Thank you."

PERSONAL PRIVILEGE

Senator Kuderer: “Thank you. You know, since I got into the Legislature, in the Senate I should say, I had the opportunity to work with Senator Zeiger on two committees: State Government and House Stability & Affordability and I have to say that, as the ranking of my committee and also the ranking on State Government, I have found him to be a straight shooter and straight forward and truly putting the interests of the people ahead of any political designation. And, that was very evident in our, our discussions on housing and homelessness and a real desire to address the core issues of what causes those problems to begin with. And, I just want to give a personal thank you, through you, Mr. President, to Senator Zeiger, for being open to hearing all sides and to working toward solutions that help everyone.”

PERSONAL PRIVILEGE

Senator Saldaña: “I just want to also have, send best wishes to Senator Zeiger as he continues on his journey and his commitment to public service. And, as someone also has had the opportunity to serve on two committees with him; Transportation and Housing, I do appreciate the interest in thinking about things intersectionally. That if we're going to address the issue of housing and transportation, that we also need to think about the impact to our environment and to our education, and have enjoyed our conversations together and if you give me permission I would like to read a quote that I think I would like to send, send to Senator Zeiger and to the body.”

President Habib: “Please proceed.”

Senator Saldaña: “It is by Ada Maria Isasi-Diaz, she is a mujerista theologian, and this is a quote that I think is apt for today: *‘humility is not a matter of self-effacement and self negation but of being open always to new ways of being responsible.’* And so, I think that is the calling that's sending him on, you know, to leave us in this body, as I do see in him a commitment to the public's, being a servant, and being willing to not have all the answers, being willing to engage in dialogue and conversation, with that commitment and to be responsible to this to our children and to our community and to this earth, and so I wish you all the best.”

PERSONAL PRIVILEGE

Senator Das: “Thank you, Mr. President. I want to echo what so many have said today in this chamber. I have had the opportunity to work with Senator Zeiger on the Housing Affordability Committee, as well as Transportation, and I am just very grateful for your commitment to solving our housing crisis and taking care of, not only those in your community, but those in the state. And, I look forward to continuing to work with you in the future and I just want to thank you for your heart and soul that you put into this institution over the last ten years and look forward to seeing you around. Thank you.”

REMARKS BY THE PRESIDENT

President Habib: “Senator Zeiger, it's been a pleasure working with you. We were in the House together and sponsored bills together and it's always been a joy to talk to you about public policy because you do love innovative ideas interesting new ideas and working in a collaborative way which is why the Aspen Institute named you as a Rodell Fellow and you've been so recognized. But I know, that for you, from what I know of you, the praise of the members of this body means even more than the various accolades that you've gotten. Thank you on behalf of this entire body for your service to the State Legislature.”

The senate rose in recognition of Senator Zeiger as he concluded his legislative service in the House, the Senate and to the people of the 25th Legislative District.

PERSONAL PRIVILEGE

Senator Walsh: “Well, I’m after twenty eight years being here in a couple of different capacities, one as a legislative assistant to Representative Dave Mastin, starting in 1993, and then he kind of passed the proverbial baton to me in 2004, and I took over the House seat that November when I was elected and I think, first and foremost, I’d like to thank my constituents in the 16th District. They have been absolutely wonderful to work with and in spite of the fact that once in a while I take a slight deviation from some of their views, I think they’ve always appreciated that I’ve been kind of a straight shooter and I think other people, even though maybe we would differ philosophically or politically, I think many of them were, found it refreshing to find a politician who speaks the truth and to be honest with you, I’m just a really stubborn Irish woman and so it’s very hard for me not to just work from my heart and my mind and so that’s what I’ve tried to do for all the years that I’ve been here. But I would be so remiss if I didn’t thank the people here. And, that’s who makes it all worthwhile. And, I mentioned Dave. Dave Mastin, great guy. I have had really great men in my life. I am one of the most fortunate women in the world. I have my father, just some of the most outstanding people you’ve ever met and Dave, hiring me when I didn’t even hardly know how to type. I certainly had never used a computer when I was hired, but I could write a mean letter it just took me a long time to get it typed up. And of course, Bill Grant. Kind of the reason I’m here. Back in ’92 and before, I worked on, I had a degree in commercial art and so I worked on a lot of Bill Grant’s campaign flyers, quite frankly, and really enjoyed doing that. He homesteaded, his family homesteaded in the Walla Walla area in 1854 and so some of the pictures he had of agriculture and things like that were just, it was so wonderful to compile some of his great campaign pieces and I miss Bill and Bill was just a wonderful bipartisan mentor and and we all worked very well together in spite of the fact that we had different political affiliations. Mike Hewitt, the senator who preceded me here, has always been very supportive and I’ve always kind of avoided any type of a leadership position because I think sometimes when you’re in leadership you’ve got to be a little bit stronger team player for your team and I just said I’m not sure I was quite there. I’m again, a little bit stubborn and a little bit libertarian in my views and getting put in a position where you would have to strike a strong stance one political way or another, is just kind of not me. So, I’m better to be working the policy. I don’t care about the politics. I care about good policy for this state and I’ve tried and endeavored to do things that philosophically I believe were the right direction for Washington state and I’m proud of my history here. I’m proud of working with Representative Ruth Kagi and with the early learning realm and realizing the need for early learning and helping to empower our parents to be great parents to their children and in fact get them excited about their education that we provide in this country and and I think we’ve had great success it’s been great momentum and it’s kind of a household term now, early learning for our kids. And so, if anybody asked me what my legacy was here, I think that’s what I would say is probably kind of getting the jump start on early learning and again Representative Ruth Kagi and I established in the Department of Early Learning years ago and and moving that initiative forward and so proud to have people like Senator Zeiger to carry on that torch here in the Senate and and others and so I’m very pleased about that. I would also be remiss to not mention my staff. I’ve had three LA’s in my career here. One of them is Marge Plumage, who works for my seatmate, Representative Jenkin. And, Marge worked with me for ten years and just a wonderful person and we had a great time in the House working together, until she went to work for Representative Dent, who is from her district, and it made better sense. She could be home with her grandbabies and

not commuting to the Tri-Cities to work in a district office for me. My other stellar LA is been Skyler Rude and I think you all know Representative Skyler Rude and he's going to be a great one. He is so talented and I'm so proud of where he is and what he's doing. And then my LA now is Jan Swenson, and good God, she's been here forever. Forty-two years and she's just so much fun and just a wonderful person. She bakes for the whole campus and she's just a great gal and. And then all of you, I'm going to miss you all. I don't agree with all of you all the time, and I'm not the calm, collected, and well spoken, eloquent senator that sits to my right here. I tend to be a little bit more passionate and speak out loudly about things that I don't like and then also things I do like. But what I do like is the relationships that we build here and you know let this old woman give you one little piece of advice before I leave and that is work together. This is a great state and we all are here because we believe that and we want to do the best on behalf of all of our constituents and I hope that we will continue to reach across the aisle, regardless of how powerful the majority is, or how many numbers in the majority. Listen to the minority and we will listen to you. And my hope and expectation is that we will become united. I'm afraid that many of the Republicans in the House and the Senate of kind of fallen victim to the Trump trickle down, this is what I call it, and we're not all President Trump. That said, I'm not dissing on my president, I just want you all that know that we're all here for the same reason and I'm going to have a great time in retirement. I'm really excited about a new chapter in my life. I was widowed in 2006 here and I was forty-five, didn't know what I was going to do, and my wonderful daughter came home from college and took care of my boys who are fourteen and seventeen and allowed me to continue working here. And, I'm so thankful she did that. So, I think I'll hearken back to the beginning of this, where I was praising my mother and father for their inspiration and their guidance, but my family has really been the ones who made this possible. My husband Kelly was so excited when I got elected the first time and so excited when I was working here and and my kids have just been so great and they're the ones who really make the sacrifices. And, when we do hurtful things to each other they often become the targets and the victims of the criticism and for that I am so sorry to my family because I've been targeted on a couple of issues that have been uncomfortable. But that being said, I want you all the know that I have great faith in you. I great faith in this state and I hope that you are all satisfied and happy in your positions and again, I implore you to work with each other because only by doing that will we be able to get this state on track and do the best things for all of our constituents. So, my love to you all. My best wishes to you all. And, I'll think of you when I'm out fishing in Mexico."

PERSONAL PRIVILEGE

Senator Schoesler: "Well, Mr. President, I came here when Maureen was a new mom and a brand-new LA to a brand new then Democrat in the neighboring district. And, what I'm going to say probably could get me sent to sensitivity training but, I don't think Senator Walsh will be the one enforcing it. Because she was always pretty clear spoken. Over those twenty-eight years, I've been in the cubicle next to Senator Walsh. When I had my bear rug with my sons draped over it and she had great comments about that bear rug, which I can't repeat, but was always in good fun. And, I watched her and her sister-in-law, Megan, who is still part of the legislative family. When Dave came over and decided to become a Republican, she came with him in the deal and we had a lot of fun together through those years in the cubicle. And, when I came to the Senate, Dave Mastin retired, and I heard rumblings about Maureen. Question I asked her "Which party?" She said Republican when she gave an explanation. I said, 'That's

cool, that would be fine.' And she served in the House. We didn't spend as much time together between 2004 and 2016. And, when she came over from the House, somebody said 'Boy, she's going to be a challenging member for you' and I said, 'You know,' and I can honestly say to each and every one of you, over the eight years I've been the leader Maureen Walsh is not the most challenging member I've ever had. I say that, not just because it's your final day, but because I really mean it. And, you know, I knew her late husband Kelly, he was a jovial good fellow. I'm happy that there's somebody in her life again. Really good man. And, I want to go out with just one memory of Senator Walsh, from the darkest moment to now, when me and the boys are playing cards in elk camp, we're going to think of Senator Walsh all the time, because we have a real assortment of playing cards for elk camp now. And, it will be a long-term memory. So, thank you."

PERSONAL PRIVILEGE

Senator Liias: "Thank you, Mr. President. When I first joined the Legislature, I came from a Democratic Democratic background, so I wasn't prepared for the bipartisanship and the friendship that exists across the aisle. But, it actually was folks like Bill Grant who taught me very early on that to be successful in this place you have to make friends on both sides of the aisle, and one of those friends that Bill and others helped me find was Maureen Walsh as a brand new freshman in the House. And, what I appreciate about Senator Walsh, or Mo as I like to call her, is that she exemplifies the principle that I think we all should reflect on that our service here is not about us it's about the people we represent and it's about the people around us. And, I think her point of personal privilege just a few minutes ago, I think she spent three quarters of it talking about other people and a bare minimum talking about herself and that to me is exactly the kind of leader that Mo has been. Principled, but also incredibly humble. And, it's been an honor to serve with her. I also want to thank her for the welcoming place she has made for the Grant family she has, I recall just a few years ago, Sam Grant, one of Bill's granddaughters, a very liberal Democrat from Seattle, working as a session aide in Mo's office and I, I just love the conversations that must have inspired in there. And of course, Mo was such a champion of Gina and her work with the page program and when we lost Gina so early, Mo really took the leadership in making sure that we remember her legacy here and I know all of us are really inspired by that. And, I will join her in how impressed we all are with her mentoring her LA to become her successor in the House, and Representative Rude has become a treasured for the legislative family and I think that will be, in addition to early learning, I think that will be part of Mo's legacy, is the people that she's left here. I also appreciate how principled Mo is. She talked about, you know, she didn't want to be in leadership because it's tough when you got to take tough stands that maybe aren't popular in your own party. In my own life, I think about the pivotal role that Mo played in the debate over marriage equality, and I know that was not an easy issue for any of us to take up. It definitely goes to the core of our values and our beliefs. But Mo was rock solid on making sure that everyone, not the least of her her own daughter, but everyone would have the right to marry the person they love. In that debate in the House floor she also said one of the funniest things I've ever heard in the Legislature. She, she compared domestic partnerships to a Merry Maids franchise, which I thought was hilarious and it reminds me of some other time she's done what I think is also a hallmark of Mo Walsh, is she tells us what she actually thinks about issues. And I think that that honesty and that humility and that courage to just put it all out there and let people hear what's in her heart

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

has been one of her hallmarks. It's also gotten her into a little bit of trouble over the years and in addition to getting Senator Schoesler some playing cards, last year I was visiting friends in Chicago and I stopped by a shop that makes political t-shirts and Mo's quote was on about one hundred t-shirts that were being sold at this store and so it told me that her impact is not just felt here in the state of Washington but all across the country. People were appreciating, or maybe not appreciating, Mo's honesty and candor in that moment. Mr. President, I know that I've made a friend who will last long beyond my time here. I may not be fishing in Mexico, but I do like to get to Walla Walla as often as I can, and I look forward to many more years of friendship with Senator Walsh. I thank her for her great friendship to me and to this institution, and I say fish on Mo."

PERSONAL PRIVILEGE

Senator Short: "Thank you. Well, for those of you didn't know, although that might soon be self-explanatory, you know, Mo was was my mentor when I first got to the House. You know, and I just say she was she was always into practical jokes and she was usually right in the middle of them. And, there was one such practical joke where it took us a while to get her there, but a gentleman who used to serve across the rotunda, then Chris Reykdal and I hatched a plan on Representative Johnson's biogas bill, if you could imagine where that's going. So, we decided it'd be good to, you know, get a whoopee cushion and, but we needed to enlist Mo's help because she sat right behind him and we had to do it on a bill that was just a good-natured bill. You know, and she didn't want to do it but, we finally got her talked into it. So, we have inflated it and then she had to crawl on her hands and knees to set it on his chair. And, you know, Representative Johnson too, was good natured about the whole thing. But you could hear it throughout the halls on the fourth floor of the House of Representatives and definitely in the galleries. And, but I tell you that's just sometimes you need to laugh and laugh really hard and that was one of those moments but Mo, you've stretched all of us in a good way to think about, you know, issues differently and to make sure that we're thinking about other people and learning along the way as we're making the decisions that we do every day during session and you are a friend. I love you."

PERSONAL PRIVILEGE

Senator Billig: "Thank you, Mr. President. Well, I had the honor of serving with Senator Walsh in the House and here in the Senate. And, I've really enjoyed the opportunity to get to know her and work with her. And, I've certainly worked a lot on early learning, and I am so grateful to her for her leadership. Her, the time she took to really understand the importance of early learning and then the work she did to put it into action, to help advance our state, it was so important. It was so important that we had a Democratic lead in Ruth Kagi and a Republican lead in Maureen. She has had an impact and I, it is absolutely the legacy, not just of creating the department, just not in terms of advancing early learning as a policy area, but because of her work she has helped change the trajectory. Excuse me, I'll try that again. She has helped change the trajectory of thousands, if not tens of thousands, of lives of young children that are growing up in a more positive way because of the work that she has done. I had the honor of serving as a co-chair of a task force on early learning. I think it was in 2014, with Maureen, and we spent a bunch of meetings together listening to early learning providers and parents and it was a real, it was the first task force I'd ever co-chaired. First, that I had really served on in such an in-depth way. And, I

got to know Maureen so well through that process and appreciated her work on the task force, which was actually the recommendations of which became the Early Start Act. So, she not only created the Department, she also created the Early Start Act, which also had such a big impact. But, I just, I find her to be fun, insightful and honest. That's a great combination. Thank you for your service and good luck and have fun in your retirement. Thank you."

PERSONAL PRIVILEGE

Senator Darneille: "Thank you. Well, Mo, we all love you. This is clear today and it's been clear, I hope, to you all along your pathway in this in this place. I think there will be a lot of us that will miss you and certainly a lot of folks that watch TVW and folks that want to get involved in some of the fun things that you've organized over the years. You have a tremendous gift not only in your voice, but in your organizational skills, and bringing people together and really recognizing that without a little bit of fun in this place it would become very monotonous perhaps. And, you are far from that. So, I, I think back on some of, that we've been on so many committees together, and so many commissions, and I want to think, particularly, I want to thank you for your service on the blue ribbon commission which was our attempt to figure out what we were going to do with DSHS. You know, and what could we build better to better serve children and families. And, for those of you that weren't in any of our very long and and very frequent meetings, Maureen, you were always the champion for parents in that process. And, your voice is so strong. It's so clear. It's so predictable in a way. You know we're not surprised, but we are surprised every time you speak your mind and really are a voice and a champion for a lot of people. And, serving on the Human Services Committees as you have all these years, your leadership, your voice, your courage in sometimes voting different from your party, and I will say this is as well about Senator Zeiger, I don't know what we're going to do on our committee with the two of you gone. And, I really hope that your colleagues will look at your records collectively and say you want to be a part of that, Senator Brown or Senator Rivers or I could just start naming all of you here because we're going to need, we're going to need voices like like Maureen's and Hans's voices there. But I think in your decision making, that clarity of really recognizing for you when something was wrong, when something was unfair, when something could be done better, really challenged us. Whether it was on it on a commission about creating something new or it's just general work of a committee, you just really dove in and spoke your mind. And I, you know, apart from you being the real deal, you know in terms of a human being, and a woman, and a mom, and a friend, I think back to the days when we had one extra Democrat on this floor. And one of us had to sit on that side of that aisle and I went to our our leaders and I said 'I could be that person but you have to promise me that Maureen would sit with me back at the back', and we had a tremendous time. It was really an extension of our bipartisan efforts over the years, but we had a lot of fun in the back row. And, I am going to miss you a great deal. I love you very much."

PERSONAL PRIVILEGE

Senator Brown: "Thank you, Mr. President. Mo, Mo, Mo. Not only do our districts about, but so do our floor desks. It has been just an honor to see you with dignity and grace, when life handed you a deck of cards or thousands, how you handled that. But what I'm really going to miss the most, is your ability to bring us back to what's important. And, when I walked out here one day in a

really, really bad mood, popped myself into my chair, and I heard this beautiful voice behind me. I thought *What is that voice in my head? What's going on?* and I looked around and it was you singing. And you just really, in that moment, brought us back to what's really important. It made me stop. It made me get out of my head. Made me look up and around and be thankful for being here. Thank you."

PERSONAL PRIVILEGE

Senator Pedersen: "Thank you. Wow. It has been a great 14 years that I've gotten to serve in the House and in the Senate with Senator Walsh. I've been reflecting, as I'm sitting here on the, on the scout law Mr. President. And, I know that if Senator Walsh was a little bit younger, she could be in my Webelos den and say trustworthy, loyal, helpful, friendly, courteous, kind. I think she might get tripped up on obedient, but cheerful, thrifty, brave, clean, reverent and particularly brave. Mr. President, over the years that we have served together, I have on several occasions brought my little blue sheet or my little pink sheet to Senator Walsh with an invitation to join me in some project. And, whether that was domestic partnership or marriage, or parentage or surrogacy, if she believed that whatever it was was the right thing to do, she just plain didn't care what anybody else thought about it. And, that willingness to put herself on the line, at cost to herself, at the cost of censure or whatever it was that came from organizations, county organizations in her district I think is true principle and bravery to which most of us can only aspire. She welcomed me and my family into her home. Fed us a great meal. I love those sausages. I hope that we can have some more of those again some time. And has just been a fantastic friend over these many years. And, this place is not going to be the same without her here. And, at the strong urging of my colleagues, I guess I'll invite anyone who knows the words to join a little in ..."

[Senator Pedersen went on to sing *Lean on Me*, joined by many members of the Senate.]

PERSONAL PRIVILEGE

Senator Becker: "Thank you, Mr. President. Well, I can't follow the singing like that but I have to say Maureen has been an amazingly, really awesome person. I remember meeting her when she was in the House and I was over here, at conferences. And, she'd come up to me and talk to me like she had known me for years and that was something special to me because I still didn't know that if I felt like I belonged here, yet. But I have to tell you as Caucus Chair in our caucus and having two people so polar opposites sit next to each other: Senator Padden; Senator Walsh. And wondering what catfights we might get into in there and it actually has been really fun to watch them, not necessarily the beginning getting along really well, but watching the two of them laugh. Her poking at him and him poking at her on different things, it was a really a neat thing to see, Senator Walsh, what you were able to do in that caucus. I have to say, I want to say thank you for what you've done on the D.D. community throughout your career. Thank you for your laughter and your jokes, and the way you can make it, when we are in a heated discussion in that room, and Senator Walsh will say something that breaks breaks everybody up and makes us all remember that we're just people in here and we're able to laugh at each other. I think Jim is a very lucky man to have somebody in his life like Maureen. I think those fish are not going to be happy because I imagine she's going to catch a lot of them. But I have one question to ask: "Who's going to lead karaoke?"

PERSONAL PRIVILEGE

Senator Hunt: "Thank you, Mr. President. Well this is tough. I've known Maureen probably long, about as long as anybody in this room, from the days when I lived in the Tri-Cities and Uncle Bill and onions I think it was. Maybe. Nobody said onions tonight. I'm surprised, you know. Onions and sausage and what we've been through, and meeting, and having drinks in a couple of bars in Walla Walla when I was going through town and stuff, and all the things that you have done for us and for this state. I could go on and on. But I just want to say it's been a real pleasure to work with you. Don't be a stranger. Bring us some fish. Bring us some onions. Maybe not together. But we could. But anyway, you know, an outstanding job of accomplishment and leadership in this state, and you will not be forgotten, and we love you."

PERSONAL PRIVILEGE

Senator Rivers: "So, there are, we all feel like we know Mo pretty well. But I'm going to share with you something that you may not know about her and that is she's an incredible mind reader. We can be in caucus and I'll look at her, and she knows precisely what I am thinking and has has a kind and gentle word to get me beyond a moment. But we have made great lengths at this state to change the vocabulary surrounding the way that we do business, and how we refer to individuals. And you might remember, just last week, I think we were talking about changing from the elderly to a person who is experiencing aging. And so, to you Maureen, I hope that you are a person who experiences joy. A person who experiences peace. And sometimes, maybe a little bit of missing all of us, but most of all, I hope that you are a person who is experiencing the profound knowledge of the difference that you've made in this state."

PERSONAL PRIVILEGE

Senator Carlyle: "Thank you so much, Mr. President. Joining my colleagues in expressing my gratitude, Maureen, for her service and I just want to give voice to the thousands and thousands of young people in our state's foster care system. One of my favorite memories is the annual event of the Mockingbird Society. When they bring the young people down and they lobby themselves and they develop their agenda. They spend a whole year on that. And a lot of us go and speak to the young folks and just have a fabulous time. And the reverence, the respect, the appreciation, and the gratitude that the young folks have for Senator Walsh's work is just incredible. It is so well known. It is so well regarded. There are thousands and thousands of young people in this state who really suffer deeply through profoundly difficult life journey and she has had their backs. The work that we've done over the years on that has really been meaningful and on their behalf, I just want to thank you. Your, your legacy is incredible. It has nothing to do with serving the majority or the minority. Your voice has been incredible and impactful on their behalf. And I also want to join my colleagues in my gratitude for her incredible sense of courage. You know for the last ten or so years, Senator Walsh and I have basically alternated in the sponsorship of legislation to eliminate the death penalty from our state statute. And for many years we couldn't get a hearing. For many years we couldn't move forward in any way and we just sort of took turns being number one and number two on that bill. It just wasn't about a name, It was just about trying to move that policy forward and the real breakthrough came when she had the idea of asking former-Governor Dan Evans to write a letter and we testified, we had a hearing for the first time and she read that letter to the Committee and that's what really broke things through on that. And so, I am just deeply grateful for her service, for her

integrity, for her bravery and for her moral compass. And again, on behalf of the tens of thousands of lives of young people in our state foster care system that she has to rectally touched, I just want to say thank you.”

PERSONAL PRIVILEGE

Senator Conway: “Maureen, you have been a source of joy to me for your twenty eight years here. You know I came into the Legislature at the same time and I can say personally to you, you have been a source of joy because you recognize it’s not always in this place that we do get to know each other. And you made a point of your legislative wife here to take us out of this world and bring us into a world where we can sit down and talk to each other and even do some good policy there and I can’t thank you for that and the karaoke that you invented. You said Bill invented it, but I think you did it actually. I do believe that Maureen Walsh was a source of this and yes, Senator Peterson, I appreciate your singing but Maureen has a voice that I will never forget because I’ve been listening to her for many, twenty years at these gatherings singing such great songs as *Love Shack*. And also, of course, her favorite *Respect*, Aretha Franklin’s song. So, Maureen, I kind of wish you’d give us a little bit of a goodbye with your voice because I really think you brought joy to all of us in this place. You know we all get tangled in all the bills and all the ideas and certainly you left a legacy here on early childhood education but for me I will miss you because you’ve been the head of the legislative family here, you know, for many years trying to bring the House and Senate together in a world where they can get to know each other and we will miss that and I will miss you. Thank you.”

REMARKS BY THE PRESIDENT

President Habib: “Senator Walsh, what an honor it has been to serve with you in the House and the Senate. And I just want to say two, share two things: One, is that my seatmate in the house was Ross Hunter. And so, he and I would carpool together from time to time back to the district. And I remember one of the first weeks we were going and I was asking him to tell me about different members I didn’t know and he said something that for, I think most of you know Ross and so you will appreciate this, he goes ‘She’s scary smart’. Now that’s something I’ve only ever heard him say that about one other person and that’s Ruth Kagi but to earn the intellectual respect of Ross Hunter and actually have him come out and say that he’s intimidated by someone else’s knowledge and intelligence is I think high praise and the other thing I’ll share, which I probably shouldn’t, is that in the Democratic caucus when I was a first year, some of us being immature, although not as immature as having whoopee cushions, but being immature. We would sometimes play this game which was who’s your favorite Republican? And after playing this for a little while the rules had to be amended, in the game, to say who’s your favorite Republican other than Maureen Walsh because everyone just loved you so much and I think that’s the reason why only you could get away with marching on to the House Floor as a Senator in the middle of the, the, Frank’s farewell as Speaker, and I think violating decades of tradition between the two Chambers in heading on to the House Floor as a state senator. So, would the Senate please join me in congratulating our friend on her retirement and sharing our love.”

The senate rose in recognition of Senator Walsh as she concluded her legislative service in the House, the Senate and to the people of the 16th Legislative District.

MOTION

On motion of Senator Liias, the Senate reverted to the sixth order of business.

PERSONAL PRIVILEGE

Senator Becker: "Thank you Mr. President. So, as I've said before, this is my last year, but I will still be a senator until January 10th and on the 11th of January a new senator will be sworn in. And, I hope that everyone in this room shares with that new person all of the things that they can to help make that person successful. Mr. President, there's a few people that I called out before and recognized but, I have to say, it's been an honor to be in this body. And, I do believe what Senator Walsh said, in recognizing the people of my district. Mr. President, my district goes from the other side of Mt. Rainier all the way over here to Olympia, all the way up on South Hill in Puyallup, Orting, all the way over to Frederickson and I we abut Senator Conway's district. We go to, um, boy, I'm going to go blank on all my district, on Roy and Yelm and Rainier and over to north Thurston County School District but over into parts of Olympia and the Lacey area. That was a new area for me when we did the redistricting and it's been really an amazing place, but the people of the 2nd Legislative District, last night I went out and I looked at the vote count from last, my last election, and it was over 62% of the people voted for me, and I'm I'm so proud of that Mr. President. That people actually believed in little old Randi Becker for Enumclaw on a dairy farm and had the courage to say we wanted her to be our voice and that meant, and that means more to me than anything else Mr. President. The thing that I'm most proud of down here is getting to know each and every person down here, and Senator Pedersen, I love you. I think that you are one of my favorite people down here and I've told you that my favorite favorite D, and Senator Lias I'm sorry but but but I've respected so much and learned so much from you and listening to you speak about things on the floor. If I had my druthers, I would say that we would shift seats for the day and be a D, R, D, R, D, R and get rid of the aisle. I'm so serious about how we look about, look in this, in this body. Looking to look for commonalities that would enable a lot of us to get the different perspective and talk to the person from the

other side of the aisle more and more, because we're not all on the same committees and we don't all get to have that interaction. But, Mr. President, I think that the one thing that I hope that we recognize and what I've stood up for and a lot of members here voted for is the importance of telemedicine, and I can get in my one last ad for telemedicine. But, Mr. President, I think that telemedicine is the wave of the future. I think this state, unbeknownst to maybe some of the members, we were the first in the nation to adopt the telemedicine training program and we had people from other states reaching out to us asking us about the why and how and what not and but I look at today with the coronavirus and I look at how people, I'm hoping the Department of Health sends out protocols to all the providers that would give them the ability to do an evaluation via telemedicine so that the people don't have to leave their homes. That they can talk to that provider and do a triage to where they can maybe not expose a lot of other people. And, I think that is one of the things that I'm most proud of, I know when I talk about telemedicine in our caucus they go 'Oh Randi, that bill passed' and the you know 'Oh Randi that bill passed', but it is something I think is so important. I mean, what we've done is we've said to people you can be in your own home and you can talk to your doctor or our your nurse and get it and go through the triage and get the help that you need that way for you know for so many different things. Mr. President, I'm looking forward to retirement. I'm going to go rock hounding. I took a oil painting class last year and I was going to bring in my first two paintings in over forty-some years. Actually, my instructor, who is a very well known in Wyoming and Colorado, told me he was completely impressed and I'm proud of that and now I'm going to do stained glass and I'm going to do more of my fastening of gemstones and I'm going to read some of those books that I wanted to read. Thank you, Senator Dhingra. And, a lot of others that I'm going to have time to do that and not between going to another task force and so, I have to say, I bid a fond farewell to this place and to all of the people that I've met down here and the way you've made me feel like I had the ability to stand up and stand up for what I believe in and to speak out about it and I think that's been one of the things that has meant more to me. I did get a Facebook post from Mary Margaret Haugen saying, 'There is life after retire after the Senate' and I believe that, and I'm looking forward to it and I want to say thank you again to everybody."

PERSONAL PRIVILEGE

Senator Sheldon: "Thank you, Mr. President. It's just been a pleasure to be in this chamber and listen to these three individuals and I'd like to speak to them all. They all are tremendous state senators and legislators. They advocate for their districts. They've worked so hard and work so closely with all of us. So, Mr. President, I just briefly totaled up all the experience here. We're going to lose nearly 50 years of experience in the Senate. That's a lot. That's a lot. So, I think we'll recover. We always seem to. New people come in. On this side of the aisle there's been a lot of new members and I've enjoyed working with every one of them. So, it's a great experience, a great journey, you have added so much to myself, for my journey through the Senate, I just want to thank all three of you for your long and dedicated service. Thank you."

PERSONAL PRIVILEGE

Senator Braun: "Thank you, Mr. President. Sorry, I get carried away. I rise also in honor of Senator Randi Becker. It's been a real pleasure to serve with her. And she was here when I got here and the last eight years, I've had the good pleasure of

servicing with her. She's just so genuine. You know, she has an ease of connecting with people that makes you feel very comfortable and for folks like myself that are kind of shy I admire that a lot. She's got a great sense of humor. In fact, a little story I don't do stories often but, you know, in honor of Randi Becker, I'll tell a story. So, I work with, I work with an exceptional naval officer in my other part time job. Her name is Captain Beth Creighton. She is an F-18 pilot. One of the first female combat pilots in U.S. Navy. And every time I see her, I think of Randy Becker. And, you wonder why. A couple reasons: Well one, they actually look a little bit alike and so and the other thing is is they are both exceptionally capable and very good at what they do and the last thing Mr. President, is being a pilot Beth Creighton has a callsign. Her call sign is Gabby. So, it's just too much of a connection Mr. President not to, not to think of Randy Becker every time I see Beth Creighton. So, but, but Randy has a has she has a real gift. A real gift when she speaks. When she speaks, either on the floor or in committee. To connect it, to connect to folks I think for me and I think for many folks it you know you always the most meaningful part of this experience is when you connect with the regular folks from your district around the districts and and every time I hear. Randy speak I feel that connection in her. She she gets, you know her breath of experience, where she's come from, what she's done. Is she gets it and she relates it very well. We always, we always going to story. We, in fact, was kind of laughing at myself or as I usually heard or spoke speaker earlier and we always know we're going to hear about being an airline stewardess or maybe about, I believe she's worked in the medical field before. And, if not those, we're certainly going to hear that she grew up on a dairy farm. But, but, it's fun to laugh about that, but it really does keep us connected to real people, from the real Washington, that we're all here to represent. I think, Randi does, has done, a super job of doing just that. She is, as I said earlier, exceptionally capable. She's absolutely committed to her district and to our state, and she has been very effective in making this a better state for all of us. And, I thank you for that."

PERSONAL PRIVILEGE

Senator Rolfes: "My point is that I would like to honor Senator Randi Becker. I would like to say first off, that Randi, I will really miss you. Am I allowed to address Senator Becker or not?"

President Habib: "Madam Chair, for you anything. Please proceed."

Senator Rolfes: "Even though we miss the block chain bill, yeah. I want to, I want to first of all say, I'm going to miss your presence, Senator Becker, on our committee. When we had the power shift in 2018 and I became the Ways & Means Chair, I wasn't sure how accepting the members of that committee would be to me as the new leader. It was awkward and it was, you know, something I'd never done before. I know I was the whole, that whole special, that whole short session I asked my ranking member when do I gavel? When do I make the motion? And Senator Becker was the most gracious and welcoming and kind person on the entire committee. Constantly supportive. Constantly cheering me on in a quiet way and just there, knowing that, maybe as a woman, but as a human, I needed to know that I was accepted and that things would be fine on my watch. And so, I want to acknowledge, I think what other, I think what Senator Braun just said, just the welcoming and human approach that Senator Becker takes to her job. Her job here and I'm assuming back in the district when she gets over sixty percent of the vote. I also want to acknowledge that Senator Becker is one of only a

2020 REGULAR SESSION

handful of members who I have not seen on the Ways & Means Committee reading the news, watching a sports game or listening to music. Senator Becker pays attention. She asks questions. She's fully engaged with the folks that are coming before us during public testimony and she reliably will lean back and say, 'I have a question' or 'Can they repeat that' or 'This doesn't make any sense.' And that is extremely valuable committee member to have. And for that reason, she's somebody that I rely on a lot for input and her expertise and her perception of the way her perspective and her perception on things. And, I think that we've worked really well together over the last three years. She's, she's cheerful and she has a really easy laugh and even when she's doing her partisan stuff on the floor it doesn't feel personal, it feels like she's got a point to make and she's defending the minority and we better be paying attention. But it never feels like gotcha or mean and that's a real skill to be able to pull off. And then, finally, I want to say something about her legacy and we kind of laughed about when she mentioned telemedicine because we do hear that almost as often as we hear dairy farm and flight attendant but, I think with the public health emergency that our state is facing right now, the wisdom of telemedicine and the sound telemedicine policy and funding for telemedicine and support at the University of Washington for telemedicine, all of that is crystal clear of how important that is to our state, and I think to the whole country. I think that our state's policy on telemedicine will prove to be a really key tool in fighting this coronavirus epidemic. So, I would hope that you leave knowing that you, you achieved a ton and your focus on telemedicine is a life-giving focus. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Schoesler: "Thank you, Mr. President. Speaking in support of my colleague who I'm going to really miss. Bob's a lucky man to have you back all the time now, and I told him so, and we've joked and teased a lot over the last twelve years. I recall in a little off campus thing when we met then candidate Randy Becker and we saw something that she could win. It took a chance in a primary and we won. Over the years I watched Randi take on a lot of new challenges and then she became Health Care Chairman when Senator Parlette moved ahead. And, boy did she teach me about health care. She made me learn health care. She made me sit through meetings. By the time she became Caucus Chair, I actually say, maybe I knew something about health care because she would never, she believed that the leader had to be knowledgeable, had to be engaged and damn well better agree with her. So, I learned that. And then, being Caucus Chair, Senator McCoy you probably know, sometimes kind of a thankless job. And, I've known caucus chairs in both bodies and in it's a tough job. It's detail oriented. It's a position I never want and hopefully will never take, because it is tough keeping order and details, a lot of details. So, I appreciate all of that. I'm going to miss my close friend. Sometimes, I feel like if Eatonville would have been in eastern Washington, we probably would have been at the at the fair together and we probably would have been buds, but she probably would have slapped me around once or twice. Because, now she was the first women's libber of her generation, and even though she would have been my good buddy, she probably would have knocked me around once or twice just to keep me in order. And Randi, on behalf of myself, those that preceded you here, helped bring you here, we're going to miss you. Thank you."

PERSONAL PRIVILEGE

Senator Liias: "Thank you, Mr. President. I, I do admit I was a little bit hurt when Senator Becker mentioned that Senator Pedersen was her favorite Democrat. But, Mr. President, it dawned on me that every time Senator Becker had told me that I was her favorite Democrat it was right before she asked me for a telehealth bill to be put on the run list. So, I'm beginning to think that maybe there was a connection between the two. I, I was serving in the House when Senator Becker arrived, and I remember what a changeover it was. Her predecessor had been here for a very long time. Was very well known at the Capitol and I remember wondering who this lady was that had a) beat Marilyn Rasmussen, and b) was coming to the Senate and watching from the House, Senator Becker's early work, she definitely had a formidable path. I think, there were many of us who were, maybe a little bit afraid of Senator Becker. She asked tough questions. Just like Senator Walsh, she actually says what she thinks sometimes and so you really hear what she is thinking on a particular point but when I came over to the Senate I discovered that Senator Becker, beneath that tough exterior is a very very soft interior and a huge heart. We became great friends sitting on the Higher Education Committee next to each other. Such good friends that Senator Bailey I think was on the verge of ejecting us from committee because we would giggle and tell too many jokes to one another. But that experience was where the future Becker-Liias College was born. So, I was we were sitting on Higher Ed, we decided that we would found a college together in her district. It started as a joke for me, but Senator Becker has been an incredible advocate to make sure the students in her district have access to higher education and that definitely will be a piece of her legacy. The other thing I will attest to, Senator Rolfes is right, Senator Becker is very detail oriented, is always paying attention and any time I get frustrated with Senator Short and say 'Where are you guys? Why are you on the floor?' Senator Short assures me that Senator Becker just working through her questions on a bill in caucus, and so it's good that she's as detailed in caucus as she is in committee and elsewhere. Senator Becker has truly become a friend and even though I'm not her favorite Democrat. I'm proud to be among her favorite Democrats and we will definitely miss her presence here and we wish her all the best in her next adventures and as I said before a week ago I say it again today I'm, sign me up to be the first contributor to the Randi Becker for Wyoming State Senate campaign. I think your career in public service does not need to be over Senator Becker."

PERSONAL PRIVILEGE

Senator Brown: "I'm going to coin Senator Schoesler's moniker for you *Randude*, because you have been our *Randude*. It is then such an honor. You've taught me so much. You've taken me under your wing, giving me the courage and confidence to do things that I didn't think I could possibly do, and I'm just so thankful for that. You will be so so missed."

PERSONAL PRIVILEGE

Senator Pedersen: "Thank you. You know, Mr. President, my experience is in some ways the mirror image of Senator Rolfes' experience. I had been a committee chair over on the other side for five years and then came over here and on my first day, Senator Nelson, who had prepared me for the idea that I was going to be on one committee that I wanted to be on, Law & Justice, and two that I had told her specifically that I did not want to be on, told me that instead she had a shiny new opportunity for me. I was going to become the ranking member on the Healthcare Committee. Which was quite a surprise to me. I had served a little

bit on the Health Care & Wellness Committee in the House but had not for several years at that point. And so, I went into the office of Senator Becker, who was who was the Chair of the committee, and Mr. President, I will tell you that at a time when relationships weren't that great between the two caucuses, Senator Becker was astonishingly welcoming and inclusive of me. She involved me in all of the scheduling meetings, in every decision that she made about which bills we were going to hear and how we were going to proceed. She had was really, I think, a model for how I think we can take advantage of the knowledge of each other in the process of trying to do our best to perfect and make good legislation here. And I, I have really done my best to follow that, as and from her I think I learned an awful lot about about how to be a good chair. Mr. President, Senator Becker is unfailingly polite. Unfailingly kind. Unfailingly warm. And, it has been a great pleasure for these twelve years to serve with her. We're going to miss her a lot. Thank you."

PERSONAL PRIVILEGE

Senator Billig: "Thank you, Mr. President. Well rising also to recognize Senator Becker for service and I am going to miss her a lot. I'm not going to miss her all of the time. In F & O Committee, I'm not going to miss her. She, Randi is kind, as is been said. She's smart and she's really persistent. And, she asks great questions. And, when we're in F & O Committee and sometimes we're dealing with fairly weighty issues and she always just raises her hand, Senator McCoy is the chair, recognizes her and she always brings up excellent points. And she holds us accountable. And that's the role of the minority. She doesn't do it in a mean way. She doesn't do it in an aggressive way. She does it in a way that is completely appropriate, and she equally spends time collaborating to get things done. And that is probably the perfect role for the caucus chair of the minority to do those things. To hold accountable and to collaborate. So, I appreciate that. The other thing I appreciate about her is she has a little bit of, I don't know what the right word is, that of a mischievous streak. And we had a meeting not long ago and she informed me of a covert operation that she was going to undertake. And it became less covert when she told the Majority Leader, but it was still covert. And I am going to not disclose what it is because I don't want, I don't want, I don't want, it's really, it's up to her to disclose that. If it has not been completed, maybe tonight I'll even help you with it. All right. We're going to miss you. Thank you for your service and enjoy your retirement. Thank you."

PERSONAL PRIVILEGE

Senator Short: "Thank you, Mr. President. You know, when I joined this body in the middle of session in 2017, I can tell you that having served as Caucus Chair and the body across the rotunda, you know, Randi was immediately someone that I looked to. I was very nervous, felt a little out of place. I love what I'm doing over here but she just gave such comfort and encouragement and reassurance in my new role in the Senate Chamber. And, I've never forgotten that. I see her, you know, Caucus Chair. The caucus chair is a tough position and you want to make sure everybody has the time to talk and and to get the points out they need and ask their questions, but it's it's obvious it's one of those positions where you're kind of darned if you do and darned if you don't and she has held that position with such grace. And, she cares about each and every one of us not only in our caucus, but in this institution. And, her, her personality and her efforts and the way she does things, you know, show that about Randi. And, I think my most fun time, well actually one

more, on health care we're working on a big piece of legislation with the good Senator Rolfes and I was getting in the weeds on all of this health care definitional things and she came back and sat me down and she like blurted it out in about thirty seconds in a way I could understand it and only someone with such experience and health care could do that in a way that got out of the minutia and really creating something that along with the gentle lady from the forty ninth we you know we came to some good language on and I appreciate that about you Randi but most of all I appreciate the stories and the love we have of horses and how we all of a sudden realize that our conversations on horses turned to injuries of accidents but if anyone's ridden horses you know it's only a matter of time before you have an accident. We love those incredible gifted animals but just the love of the outdoors and a love of animals and how much you're so courageous I just you have been a mentor to me as well and I just thoroughly enjoy our time and I'm going to miss you."

PERSONAL PRIVILEGE

Senator Dhingra: "Thank you, Mr. President. This is actually the first time I am rising for a point of personal privilege and I am doing it to speak about Senator Becker. I have gotten to know her in the last year and a half with our leadership meetings, our meetings up to now, and I have to say, she is one strong, feisty woman with a wicked sense of humor. Just my kind of gal. And, I actually have always enjoyed what she has to say in our leadership meetings and in F & O. And, she really brings laughter to this place. I love that she wants to have a good time. That she wants to get to know people. She wants to explore a different point of view and that she's able to do that so respectfully. So, I have greatly enjoyed getting to know her and I will say I fully support her covert mission for tonight."

PERSONAL PRIVILEGE

Senator Warnick: "Thank you, Mr. President. So, I've been pretty quiet today with all three of our senators and I'd like to recognize all three of them at once. First of all, Senator Becker, I really really enjoyed working with her. Getting to know her. We have so much in common. I was caucus chair when I was in the House. I grew up on a dairy farm. We were both dairy princesses and it was so much fun to share that. And, we both love horses, as Senator Short shared with us as well, so it's been great learning from her. Being a caucus chair, as was stated earlier, is not easy and I think Senator Becker and I made a very good team. Every once in a while, she would be ready to come over that table at one of our members. I'm not naming names. All I had to do is just put my hand on her arm 'Ok. Ok. I'll settle down.' So, so anyway, but we did make a great team. Senators Zeiger, I was in the House when he was elected and I thought 'My goodness, did he just get out of high school?' He was so young looking. He has matured so much. It's been great learning his respect for the law, respect for the Constitution, and watching him mature. And finally, Senator Walsh. I met her in the House as well. My first interduction to her was a bit scary. In the House Caucus rooms, they don't have tables. they have just chairs that are lined up and I was told when I went in the first day just pick a chair wherever you want to sit. Well, I sat in the wrong chair. It was Senator Walsh's, at that time Representative Walsh's chair. She came up, stood over me, looked down. I don't know what, I said 'Well hi. How are you? Who are you?' and I learned that I sat in her chair. But it's been great. Just laughing with her. Walking through so many different different challenges, with her health challenge and she always did that with the grace to and just we're going to keep charging on, but she does a different drum than most of the caucuses that I've

been in and it's been wonderful. I think Senator Padden, you need to pick up that mantra with the singing, because again, she she did so much singing and so much laughing. And I wish them all, all three, the best in their life's journeys. It will be, it will be good, I think all three of you being gone, not from here, we're going to miss all of you but I just wish you the best and as Assistant Caucus Chair, I want to issue an invitation, we have a cake recognizing all three of these senators in our caucus room and it is there now so when we get a break you're welcome to come in and have cake in the Republican Caucus Room. Thank you very much, Mr. President."

PERSONAL PRIVILEGE

Senator Wellman: "Thank you so much. Well, I have three points to make. One has to do with Senator Becker, who I've so enjoyed working with. And, it's a bit disconcerting to hear so much laughter about telemedicine, partly because, you know, sometimes we say what's old is new again. I remember the first time I talked about telemedicine was in Sydney Australia talking about the Outback. In the Outback, unless you had remote imaging, you had issues in the Outback. And, this was back in 1996, so it's a long time. But, I so admire the fact that you, Senator Becker, were so open to technology and not necessarily the person I would have thought on this floor that would say 'you know this is something that we really need to be aware of, that's going to make a difference in the lives of people and especially in our rural economies' so vital, and so I so much appreciate that about you. And, I've met very early on in my second year, really kind of met Senator Zeiger, when he came over to my office to present me with a giant apple. The apple that is passed to the Chair of the Early Learning K-12 Education Committee. And, he was so sweet about it. And, so gentle and welcoming. And, even though we were passing that leadership, I really so appreciated your warmth and how lovely that was. I do think the apple looks like a giant red pepper but that's beside the point. And, Senator and Senator Walsh, you've just been such a pleasure to work with. I love the fact, there's no guessing where Senator Walsh is. She is exactly who she is and she lets you know what she thinks about things, and I really appreciate that straightforwardness about her. And, I also I have seen her in grace under fire. She said so, there have been times when it's been really hard and I so appreciate the fact that you came back and you were here and you had a great attitude and I just love working with you and I am intend to spend more time with you. I'm very happy to have had these three colleagues during my time in the Senate. It certainly has been so much of an addition to the this this place and how we act together to all three of them and so you will be missed. Thank you."

REMARKS BY THE PRESIDENT

President Habib: "Senator Becker, it's been an honor to work with you. And, you and I, in our leadership roles, when we came in and when I came into this job and this particular role and you in Caucus Chair, we didn't always understand one another, I think, fully at first and we had some conflicts and I think it was because I think truly because I didn't I didn't really fully understand how earnest you are, how generous and sometimes I thought things that you were saying were sarcastic and they weren't. And so, as I got to know you better and perhaps also as you got to know me better, we've we've grown to respect, I hope in a mutual way, one another so much more. And, I want to echo what Senator Braun said because I'm the only one here who, other than the folks at the rostrum, we're the ones who have to sit up and listen to every single speech and I will say one of the reasons why I think the

rules do ask that members not read without permission is because there is real value to a floor speech that is given, that comes from the mind and the heart. That is persuasive because it's not prewritten by by by our talented staff. That's not, you know, out of, you know, a constituent or a lobbyist e-mail or something but that comes from one's personal experience as a citizen legislator. And you really exemplify that as as as Senator Braun said and Senator Rolfes and others the ability to really speak from your personal experience and connect it to the issues and you will be missed. And, you've done a fantastic job for your district, for your caucus. And, will the Senate please join me in congratulating Senator Becker on her retirement and wishing her all the best."

The senate rose in recognition of Senator Becker as she concluded her legislative service in the Senate and to the people of the 2nd Legislative District.

PART II

HUMAN SERVICES

Sec. 201. 2019 c 415 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization

collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in ~~(section 719 of this act)~~ section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, 2020, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2020 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2020 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) The department may not transfer appropriations from any other program or subprogram to the mental health program. Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose as needed to fund actual expenditures through the end of fiscal year 2020.

(d) The department may not transfer appropriations for the developmental disabilities program to any other program or subprograms of the department of social and health services.

Sec. 210. 2019 c 415 s 210 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY

During the 2019-2021 fiscal biennium, the health care authority shall provide support and data as required by the office of the state actuary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority.

Information technology projects or investments and proposed projects or investments impacting time capture, payroll and

payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by the office of the chief information officer.

The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (1) The status of any information technology projects currently being developed or implemented that affect the coalition; (2) funding needs of these current and future information technology projects; and (3) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in ~~(section 719 of this act)~~ section 701 of this act.

The appropriations to the health care authority in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2020, unless prohibited by this act, the authority may transfer general fund—state appropriations for fiscal year 2020 among programs after approval by the director of the office of financial management. To the extent that appropriations in sections 211 through 215 are insufficient to fund actual expenditures in excess of caseload forecast and utilization assumptions, the authority may transfer general fund—state appropriations for fiscal year 2020 that are provided solely for a specified purpose. The authority may also transfer general fund—state appropriations for fiscal year 2020 that are provided solely for a specified purpose within section 215 of this act to cover any deficits in section 215 of this act resulting from assumptions related to the return of \$35,000,000 in general fund—state behavioral health organization reserves in fiscal year 2020. The authority may not transfer funds, and the director of the office of financial management shall not approve the transfer, unless the

transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this section. The written notification must include a narrative explanation and justification of changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications and transfers.

In order to effectuate these goals, the authority shall: (a) Require the Dr. Robert Bree collaborative and the health technology assessment program to reduce the administrative burden upon providers by only requiring performance measures that are nonduplicative of other nationally established measures. The joint select committee on health care oversight will evaluate the measures chosen by the collaborative and the health technology assessment program for effectiveness and appropriateness; (b) develop a patient

By federal standard, the medicaid transformation demonstration waiver shall not exceed the duration originally granted by the centers for medicare and medicaid services and any programs created or funded by this waiver do not create an entitlement. Beginning May 15, 2019, and continuing through December 15, 2019, by the 15th of each month, the director in consultation with the secretary shall report to the fiscal chair of the appropriate committees of the legislature in the manner and form requested the status of the medicaid transformation waiver, including any anticipated or proposed changes to accruals or expenditures.

(2) No more than ~~(\$305,659,000)~~ \$153,357,000 of the general fund—federal appropriation and no more than ~~(\$157,284,000)~~ \$86,190,000 of the general fund—local appropriation may be expended for transformation through accountable communities of health described in initiative 1 of the medicaid transformation demonstration wavier under healthier Washington, including preventing youth drug use, opioid prevention and treatment, and physical and behavioral health integration. Under this initiative, the authority shall take into account local input regarding community needs. In order to ensure transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not increase general fund—state expenditures under this initiative. The director shall also report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for medicare and medicaid services.

(3)(a) No more than \$79,829,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third party administrator. The authority and the department in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative.

The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) No more than \$89,476,000 of the general fund—federal appropriation and no more than \$36,548,000 of the general fund—local appropriation may be expended for the medicaid quality improvement program. Under federal regulations, the medicaid quality improvement program is authorized and allows states to design quality improvement programs for the medicaid population in ways that support the state's quality goals. Medicaid quality improvement program payments will not count against initiative 1 of the medicaid transformation demonstration waiver spending limit and are excluded from the waiver's budget neutrality calculation. Apple health managed care organizations and their partnering providers will receive medicaid quality improvement program payments as they meet designated milestones. Partnering providers and apple health managed care organizations will work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority shall only utilize the medicaid quality improvement program to support the transformation waiver and shall not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not create an entitlement. The authority shall not increase general fund—state, federal, or local expenditures under this program. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(4) Annually, no later than November 1st, the authority shall report to the governor and appropriate committees of the legislature: (a) Savings attributed to behavioral and physical integration in areas that are scheduled to integrate in the following calendar year, and (b) savings attributed to behavioral and physical health integration and the level of savings achieved in areas that have integrated behavioral and physical health.

(5) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(6) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(8) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard

recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(11) \$4,261,000 of the general fund—state appropriation for fiscal year 2020, \$4,261,000 of the general fund—state appropriation for fiscal year 2021, and \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(13) (~~(\$6,000,000)~~) (a) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(b) The authority, in consultation with the department of social and health services and the nursing homes operated by public hospitals in (a) of this subsection, must develop a plan with recommendations for an upper payment limit calculation and the supplemental payment model for nursing homes operated by a public hospital district. The group must consider how to restructure payments under (a) of this subsection, taking into consideration alternate upper payment limit calculation. If upon completion of the plan, the authority determines it can implement the recommendations of the group within the amounts provided in (a) of this subsection, the authority must submit a state plan amendment, if necessary, and submit a report to the fiscal committees of the legislature no later than September 30, 2020.

(c) \$193,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the authority to provide a one-time grant to a standalone skilled nursing facility operated by a public hospital district in Grant county. This grant is provided as a one-time offset to address the impact of the recoupment requirements of this subsection (13).

(14) The health care authority shall continue the inpatient

hospital certified public expenditures program for the 2019-2021 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2020, and by November 1, 2021, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. TOTAL APPROPRIATION	<u>\$3,236,834,000</u>
	<u>\$3,422,791,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380, and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) \$15,605,000 of the general fund—state appropriation for fiscal year 2020, \$15,754,000 of the general fund—state appropriation for fiscal year 2021, and \$4,789,000 of the general fund—federal appropriation are provided solely for the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-

MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development.

(4) (~~(\$8,777,000)~~) \$7,657,000 of the general fund—state appropriation for fiscal year 2020, (~~(\$10,424,000)~~) \$11,544,000 of the general fund—state appropriation for fiscal year 2021, and \$20,197,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health entities with PACT teams, the authority shall consider the differences between behavioral health entities in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(5) From the general fund—state appropriations in this section, the authority shall assure that behavioral health entities reimburse the department of social and health services aging and long term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health entity consumers use because of their psychiatric disability.

(6) \$3,520,000 of the general fund—federal appropriation is provided solely for the authority to maintain a pilot project to incorporate peer bridging staff into behavioral health regional teams that provide transitional services to individuals returning to their communities.

(7) \$81,930,000 of the general fund—state appropriation for fiscal year 2020 and (~~(\$81,930,000)~~) \$85,122,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) Of the amount provided for fiscal year 2020, seventy percent must be distributed to behavioral health administrative service organizations and thirty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2019 regional allocation of flexible nonmedicaid funds.

(b) \$3,939,000 of the fiscal year 2021 amounts must be distributed to behavioral health administrative service organizations. Of the remaining amount for fiscal year 2021, eighty percent must be distributed to behavioral health administrative service organizations and twenty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2020 regional allocation of flexible nonmedicaid funds.

(c) The authority must include the following language in

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) \$1,204,000 of the general fund—state appropriation for fiscal year 2020 and \$1,204,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

(10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,291,000 of the general fund—state appropriation for fiscal year 2020 and \$2,291,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(13) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization and administrative services organization contracts and include contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health organization and administrative services organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health organization or administrative services organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health organization or administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the

authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(14) During the 2019-2021 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health organizations.

(15) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(16) \$3,500,000 of the general fund—federal appropriation (from the substance abuse prevention and treatment federal block grant) is provided solely for the continued funding of existing county drug and alcohol use prevention programs.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the legislature which identifies the distribution of criminal justice treatment account funds by September 30, 2019.

(19) No more than \$27,844,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority

shall not increase general fund—state expenditures under this initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(20) \$6,858,000 of the general fund—state appropriation for fiscal year 2020, \$6,858,000 of the general fund—state appropriation for fiscal year 2021, and \$8,046,000 of the general fund—federal appropriation are provided solely to maintain new crisis triage or stabilization centers. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The authority shall monitor each center's effectiveness at lowering the rate of state psychiatric hospital admissions.

(21) \$1,125,000 of the general fund—federal appropriation is provided solely for the authority to develop a memorandum of understanding with the department of health for implementation of chapter 297, Laws of 2017 (opioid treatment programs). The authority must use these amounts to reimburse the department of health for costs incurred through the implementation of the bill.

(22) \$6,655,000 of the general fund—state appropriation for fiscal year 2020, \$10,015,000 of the general fund—state appropriation for fiscal year 2021, and \$12,965,000 of the general fund—federal appropriation are provided solely for the operation of secure withdrawal management and stabilization facilities. The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that, beginning in calendar year 2020, they pay no lower than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

(23) \$23,090,000 of the general fund—state appropriation for fiscal year 2020, \$23,090,000 of the general fund—state appropriation for fiscal year 2021, and \$92,444,000 of the general fund—federal appropriation are provided solely to maintain the enhancement of community-based behavioral health services that was funded in fiscal year 2019. Twenty percent of the general fund—state appropriation amounts for each regional service area must be contracted to the behavioral health administrative services organizations and used to increase their nonmedicaid funding and the remainder must be used to increase medicaid rates above FY 2018 levels. Effective January 2020, the medicaid funding is intended to increase rates for behavioral health services provided by licensed and certified community behavioral health agencies as defined by the department of health. This funding must be allocated to the managed care organizations proportionate to their medicaid enrollees. The authority must require the managed care organizations to provide a report on their implementation of this funding. The authority must submit a report to the legislature by December 1, 2020, summarizing how this funding was used and provide information for future options of increasing behavioral health provider rates through directed payments. The report must identify different mechanisms for implementing directed payment for behavioral health providers including but not limited to minimum fee schedules, across the

board percentage increases, and value-based payments. The report must provide a description of each of the mechanisms considered, the timeline that would be required for implementing the mechanism, and whether and how the mechanism is expected to have a differential impact on different providers. The report must also summarize the information provided by managed care organizations in implementing the funding provided under this section.

Within these amounts, the authority must meet the requirements for reimbursing counties for the judicial services for patients being served in these settings in accordance with RCW 71.05.730. The authority must coordinate with the department of social and health services in developing the contract requirements, selecting contractors, and establishing processes for identifying patients that will be admitted to these facilities.

~~(a) Sufficient amounts are provided in fiscal year 2020 for the authority to reimburse community hospitals serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025 at a rate of \$1,171 per day, or the hospital's current psychiatric inpatient per diem rate, whichever is higher. ((The)) In fiscal year 2020, the rate paid to hospitals in this subsection cannot exceed one-hundred percent of the hospitals eligible costs based on their most recently completed medicare cost report. ((The authority in collaboration with the Washington state hospital association must convene a work group to develop a methodology for reimbursing community hospitals serving these clients. In developing this methodology, the authority must account for cost structure differences between teaching hospitals and other hospital types. The authority must provide a report to the appropriate committees of the legislature by December 1, 2019. The report must:~~

- ~~(a) Describe the methodology developed by the work group;~~
- ~~(b) Identify cost differences between teaching hospitals and other hospital types;~~
- ~~(c) Provide options for incentivizing community hospitals to offer long-term inpatient care beds day beds including a rate recommendation;~~

The report must also include information on short-term psychiatric inpatient provider capacity and utilization and clearly identify which providers increased overall capacity and which converted short-term to long-term beds.

(d) It is the intent of the legislature that future rate increases for long-term inpatient providers be informed by the health care cost growth benchmark established by the health care cost transparency board pursuant to Second Substitute House Bill No. 2457 (health care cost board). The legislature also intends to prioritize future rate increases for providers that increase their overall psychiatric inpatient capacity and utilization.

(e) The authority in collaboration with the Washington state hospital association must convene a work group to further refine the methodology for reimbursing community hospitals serving these clients. provided beyond the end of a behavioral health organization's contract or for startup costs in full integration regions except as provided in this subsection. The authority must ensure that any increases in expenditures in behavioral health reserve spend-down plans are required for the operation of services during the contract period and do not result in overpayment to providers. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the state chief information officer and office of financial management. Fifteen percent of total funding allocated by the office of financial management, or another amount as defined jointly by the office of financial management and the office of the state chief information officer, will be retained in the account, but remain allocated to that project. The retained funding will be released to the agency only after successful completion of that stage of the project. For the military department enhanced 911 next generation project and the one Washington project, the amount retained is increased to at least twenty percent of total funding allocated for any stage of that project.

(4)(a) Each project must have a technology budget. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit detailed financial information to the office of financial management and the office of the state chief information officer. The technology budget must describe the total cost of the project by fiscal month to include and identify:

- (i) Fund sources;
- (ii) Full time equivalent staffing level to include job classification assumptions;
- (iii) A discreet appropriation index and program index;
- (iv) Object and subobject codes of expenditures; and
- (v) Anticipated deliverables.

(c) If a project technology budget changes and a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must be posted to the dashboard, to include a narrative rationale on what changed, why, and how that impacts the project in scope, budget, and schedule.

(5)(a) Each project must have an investment plan that includes:

- (i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;
- (ii) The office of the state chief information officer staff assigned to the project;
- (iii) An implementation schedule covering activities, critical

milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;

(iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;

(v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and

(vi) Financial budget coding to include at least discreet program index and subobject codes.

(6) Projects with estimated costs greater than one hundred million dollars from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the state chief information officer, except for the one Washington project which must be divided into the following discrete subprojects: Core financials, expanding financials and procurement, budget, and human resources. Each subproject must have a technology budget and investment plan as provided in this section.

(7)(a) The office of the state chief information officer shall maintain an information technology project dashboard that provides updated information each fiscal month on projects subject to this section. This includes, at least:

(i) Project changes each fiscal month;

(ii) Noting if the project has a completed market requirements document;

(iii) Financial status of information technology projects under oversight; ~~((and))~~

(iv) Coordination with agencies;

(v) Monthly quality assurance reports, if applicable;

(vi) Monthly office of the state chief information officer status reports;

(vii) Historical project budget and expenditures through fiscal year 2019;

(viii) Budget and expenditures each fiscal month; and

(ix) Estimated annual maintenance and operations costs by fiscal year.

(b) The dashboard must retain a roll up of the entire project cost, including all subprojects, that can be displayed the subproject detail.

(8) If the project affects more than one agency:

(a) A separate technology budget and investment plan must be prepared for each agency; and

(b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.

(9) For any project that exceeds two million dollars in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:

(a) Quality assurance for the project must report independently to the office of the chief information officer;

(b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

(c) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(d) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed; and

(e) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts

and agreements related to the project's information technology procurements.

(10) The office of the state chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(11) The office of the state chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the state chief information officer must report on July 1 and December 1 each calendar year, beginning July 1, 2020, any suspension or termination of a project in the previous six month period to the legislative fiscal committees.

(12) The office of the state chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of the state chief information officer must report on July 1 and December 1 each calendar year, beginning July 1, 2020, any additional projects to be subjected to this section that were identified in the previous six month period to the legislative fiscal committees.

(13) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. For any other information technology project made subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

The county must then adopt a final budget under RCW 36.40.080 for the distributions that is separate from other appropriations ordinances or resolutions. (3) The office of financial management must secure an independent expenditure review of state funds received under RCW 36.22.179(1)(b) on a biennial basis. The purpose of the review is to assess the consistency in achieving policy priorities within the private market rental housing segment for housing persons experiencing homelessness. The independent reviewer must notify the department and the office of financial management of its findings. The first biennial expenditure review, for the 2017-2019 fiscal biennium, is due February 1, 2020. Independent reviews conducted thereafter are due February 1st of each even-numbered year.

(4) During the 2019-2021 fiscal biennium, expenditures from the account may also be used for shelter capacity grants.

(a)(i) Up to fifteen percent to the health care authority for the development, implementation, maintenance, and evaluation of programs and practices aimed at the prevention or reduction of maladaptive substance use, substance use disorder, substance abuse or substance dependence, as these terms are defined in the Diagnostic and Statistical Manual of Mental Disorders, among middle school and high school-age students, whether as an explicit goal of a given program or practice or as a consistently corresponding effect of its implementation, mental health services for children and youth, and services for pregnant and parenting women; PROVIDED, That:

(A) Of the funds appropriated under (a)(i) of this subsection for new programs and new services, at least eighty-five percent must be directed to evidence-based or research-based programs and practices that produce objectively measurable results and, by September 1, 2020, are cost-beneficial; and

research-based public health approaches to minimizing the harms associated with marijuana use, and does not solely advocate an abstinence-only approach;

(II) A grants program for local health departments or other local community agencies that supports development and implementation of coordinated intervention strategies for the prevention and reduction of marijuana use by youth; and

(III) Media-based education campaigns across television, internet, radio, print, and out-of-home advertising, separately targeting youth and adults, that provide medically and scientifically accurate information about the health and safety risks posed by marijuana use; and

(B) The Washington poison control center.

(ii) For each fiscal year, the legislature must appropriate a minimum of nine million seven hundred fifty thousand dollars under this subsection (2)(b);

(c)(i) Up to six-tenths of one percent to the University of Washington and four-tenths of one percent to Washington State University for research on the short and long-term effects of marijuana use, to include but not be limited to formal and informal methods for estimating and measuring intoxication and impairment, and for the dissemination of such research.

(ii) For each fiscal year, except for the 2017-2019 and 2019-2021 fiscal biennia, the legislature must appropriate a minimum of one million twenty-one thousand dollars to the University of Washington. For each fiscal year, except for the 2017-2019 and 2019-2021 fiscal biennia, the legislature must appropriate a minimum of six hundred eighty-one thousand dollars to Washington State University under this subsection (2)(c). It is the intent of the legislature that this policy will be continued in the 2019-2021 fiscal biennium;

(d) Fifty percent to the state basic health plan trust account to be administered by the Washington basic health plan administrator and used as provided under chapter 70.47 RCW;

(f)(i) Up to three-tenths of one percent to the office of the superintendent of public instruction to fund grants to building bridges programs under chapter 28A.175 RCW.

(ii) For each fiscal year, the legislature must appropriate a minimum of five hundred eleven thousand dollars to the office of the superintendent of public instruction under this subsection (2)(f); and

(g) At the end of each fiscal year, the treasurer must transfer any amounts in the dedicated marijuana account that are not appropriated pursuant to subsection (1) of this section and this subsection (2) into the general fund, except as provided in (g)(i) of this subsection (2).

(i) Beginning in fiscal year 2018, if marijuana excise tax collections deposited into the general fund in the prior fiscal year exceed twenty-five million dollars, then each fiscal year the legislature must appropriate an amount equal to thirty percent of all marijuana excise taxes deposited into the general fund the prior fiscal year to the treasurer for distribution to counties, cities, and towns as follows:

(A) Thirty percent must be distributed to counties, cities, and towns where licensed marijuana retailers are physically located. Each jurisdiction must receive a share of the revenue distribution under this subsection (2)(g)(i)(A) based on the proportional share of the total revenues generated in the individual jurisdiction from the taxes collected under RCW 69.50.535, from licensed marijuana retailers physically located in each jurisdiction. For

purposes of this subsection (2)(g)(i)(A), one hundred percent of the proportional amount attributed to a retailer physically located in a city or town must be distributed to the city or town.

(B) Seventy percent must be distributed to counties, cities, and towns ratably on a per capita basis. Counties must receive sixty percent of the distribution, which must be disbursed based on each county's total proportional population. Funds may only be distributed to jurisdictions that do not prohibit the siting of any state licensed marijuana producer, processor, or retailer.

(ii) Distribution amounts allocated to each county, city, and town must be distributed in four installments by the last day of each fiscal quarter.

(iii) By September 15th of each year, the state liquor and cannabis board must provide the state treasurer the annual distribution amount, if any, for each county and city as determined in (g)(i) of this subsection (2).

(iv) The total share of marijuana excise tax revenues distributed to counties and cities in (g)(i) of this subsection (2) may not exceed fifteen million dollars in fiscal years 2018, 2019, 2020, and 2021, and twenty million dollars per fiscal year thereafter. It is the intent of the legislature that the policy for the maximum distributions in the subsequent fiscal biennia will be no more than fifteen million dollars per fiscal year.

For the purposes of this section, "marijuana products" means "useable marijuana," "marijuana concentrates," and "marijuana-infused products" as those terms are defined in RCW 69.50.101.

Sec. 917. RCW 71.24.580 and 2019 c 415 s 980, 2019 c 325 s 1040, and 2019 c 314 s 27 are each reenacted and amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. During the 2019-2021 fiscal biennium, the legislature may appropriate from the account for municipal drug courts and increased treatment options, and may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the home security fund account created in RCW 43.185C.060. ~~(It is the intent of the legislature to continue the policy of transferring moneys from the criminal justice treatment account to the home security fund account in subsequent biennia.)~~ Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist

of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating

2020 REGULAR SESSION

in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

(11) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

Sec. 918. RCW 74.46.561 and 2019 c 301 s 1 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy

assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMMeans rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMMeans construction index value per square foot. The department may use updated RSMMeans construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMMeans" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the center for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to

the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8)(a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b). Beginning May 1, 2020, and through June 30, 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also the intent of the legislature that, starting in fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received solely in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process

2020 REGULAR SESSION

provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

Sec. 919. RCW 82.08.170 and 2015 3rd sp.s. c 4 s 976 are each amended to read as follows:

(1) Except as provided in subsections (4) and (5) of this section, during the months of January, April, July, and October of each year, the state treasurer must make the transfers required under subsections (2) and (3) of this section from the liquor excise tax fund and then the apportionment and distribution of all remaining moneys in the liquor excise tax fund to the counties, cities, and towns in the following proportions: (a) Twenty percent of the moneys in the liquor excise tax fund must be divided among and distributed to the counties of the state in accordance with the provisions of RCW 66.08.200; and (b) eighty percent of the moneys in the liquor excise tax fund must be divided among and distributed to the cities and towns of the state in accordance with the provisions of RCW 66.08.210.

(2) Each fiscal quarter and prior to making the twenty percent distribution to counties under subsection (1)(a) of this section, the treasurer shall transfer to the liquor revolving fund created in RCW 66.08.170 sufficient moneys to fund the allotments from any legislative appropriations for county research and services as provided under chapter 43.110 RCW.

(3) During the months of January, April, July, and October of each year, the state treasurer must transfer two million five hundred thousand dollars from the liquor excise tax fund to the state general fund.

(4) During calendar year 2012, the October distribution under subsection (1) of this section and the July and October transfers under subsections (2) and (3) of this section must not be made. During calendar year 2013, the January, April, and July distributions under subsection (1) of this section and transfers under subsections (2) and (3) of this section must not be made.

PERSONAL PRIVILEGE

Senator Rolfes: "My point is, there are, as you know, a lot of really smart people that work with us to develop a budget, the Ways and Means Committee staff. And, I would like to personally thank them, and I want everyone to know they were already here for the capital budget and they literally said 'Senator Rolfes, will you be offended if we don't come back?' So, hopefully they're paying attention and I hope that we can all show some deep gratitude, oh James is here, if you guys are here please come forward so we can recognize you. I'd like to recognize and sincerely thank James Kettel, Michael Bezanson, Jeffrey Mitchell, Julie Murray, Sandy Stith, Richard Ramsey, Michele Alishahi, Amanda Cecil, Sarah Emmans, Kayla Hammer, Jed Herman, Maria Hovde, Alia Kennedy, Jeffrey Naas, Corban Nemeth, Sarian Scott, Travis Sugarman, Liza Weeks, Lindsay Trant and Megan Tudor. Will you all join me in a round of applause? They are brilliant at keeping the train on schedule and running on time and getting us out of here on time. Of course, I also want to thank Matt Bridges and Ryan Moore, who are caucus staff, who sit through a lot of meetings listening to all of us. Ryan, and I'm sure Matt's over there. And then, I'm hoping that you all will also recognize my legislative staff who patiently received budget request forms for the last, I'm going to go with four months. Met with lobbyists. Helped your legislative assistants know how to fill out the budget request forms and really just helped keep things organized and on track. That's Linda Owens Haylee Anderson and our intern Sabrina Saenz. Linda, can you come forward? And finally, I need to really thank Senators Frockt, Braun and Brown for, I think we're really good team and I hope we all get to work together again next year."

PERSONAL PRIVILEGE

Senator Braun: "Thank you Mr. President. So, I rise, I can't match that, but I just want to rise to reinforce everything Senator Rolfes said. These really are pros that we work with. In particular I want to call out again the Ways & Means staff and Matt Bridges and Ryan Moore. These folks really do make us look much better than we are. They they know their work well they know how the system works. They are absolutely committed to the process and making sure it runs well and we get the best advice we can get without overstepping. I want to just reinforce that they, we were absolutely blessed in the state of Washington, to have such a great team. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Brown: "Thank you, Mr. President. It really has truly been an honor to work with this team. You know, we come here in the public unfortunately sees us squabbling here on the floor. They see a lot of the fights. What they don't see is how the sausage is made. And although we just couldn't get there with regards to the policy, the respect and candor, the honesty that has been shown to us even in the minority, I really appreciated feeling like I truly was a part of the process. And to the staff who answered all of our questions and followed up repeatedly even though maybe I didn't understand something they would keep coming back and keep coming back until they really felt like I understood

the issue. And I really want to reiterate what's been said by the prior two speakers: we truly have just a wonderful staff here in the state of Washington."

On page 2, after line 22, insert the following:

NEW SECTION. Sec. 3. The sum of twenty-five million dollars is appropriated from the budget stabilization account for the fiscal year ending June 30, 2020, and is provided solely for

expenditure into the COVID-19 unemployment account for the purposes described in section 5 of this act. For purposes of RCW 43.88.055(4), the appropriation in this section does not alter the requirement to balance in the ensuing biennium.

NEW SECTION. Sec. 4. A new section is added to chapter 50.16 RCW to read as follows:

(1) The COVID-19 unemployment account is created in the custody of the state treasurer. Revenues to the account shall consist of appropriations and transfers by the legislature and all other funding directed for deposit into the account. Only the commissioner of the employment security department or the commissioner's designee may authorize expenditures from the account. Expenditures from the account may be used only for reimbursing the unemployment trust fund account for unemployment benefits paid to the approved employees of employers approved for such reimbursement pursuant to section 5 of this act. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) Any federal funding or relief for novel coronavirus that could be used for the purposes of section 5 of this act must be used first before spending from the account. Additionally, if the employment security department subsequently receives reimbursements from federal sources for amounts spent from the account, the department must remit the federal funding to the state treasurer for reimbursement to the budget stabilization account. If federal law or rules would prevent such remittance, the department must notify the office of financial management and the fiscal committees of the legislature within thirty days of receipt of the reimbursement.

(3) By July 1, 2021, the commissioner must certify to the state treasurer the amount of any unobligated moneys in the COVID-19 unemployment account that are attributable to the budget stabilization account appropriation in section 3 of this act, and the treasurer must transfer those moneys back to the budget stabilization account.

NEW SECTION. Sec. 5. A new section is added to chapter 50.29 RCW to read as follows:

(1) By September 30, 2020, a contribution paying employer may submit an application to the employment security department to have the approved benefits paid to approved employees be reimbursed by the COVID-19 unemployment account instead of charged to the employer's experience rating account. The application must be submitted in a form and manner approved by the department through rule.

(2) The department should not approve an application if the benefits paid will not otherwise be charged to the employer's experience rating account or if the employer was otherwise eligible to receive relief of benefit charges.

(3) If the department approves an employer's application, the department will not charge the forgiven benefits to the employer's experience rating account. The commissioner shall instead transfer from the COVID-19 unemployment account to the unemployment trust fund account an amount equal to the forgiven benefits.

(4) If the department rejects an employer's application, the department shall present the employer with the reasons why the application was rejected. The reasons for the rejection are final and nonappealable.

(5) For purposes of this section, the following definitions apply:

(a) "Approved employee" means an employee who:

(i) Was temporarily laid off as a direct or indirect consequence of an outbreak of COVID-19;

(ii) Was approved by the department to be on standby pursuant

to rules adopted by the department;

(iii) Has returned to the same employment with the employer the employee had prior to the temporary unemployment; and

(iv) Meets other criteria the department may establish by rule.

(b) "Approved benefits" means benefits paid to an approved employee while the approved employee was on standby pursuant to rules adopted by the department.

(c) "Total approved benefits" means the sum total of all approved benefits paid to all approved employees.

(d) "Forgiveness ratio" is computed by dividing the amount of money in the COVID-19 unemployment account by the total approved benefits. The forgiveness ratio cannot be more than 1.

MOTION

Senator Wellman moved that the following floor amendment no. 1375 by Senators Braun and Wellman be adopted:

On page 3, after line 16, insert the following:

"NEW SECTION. Sec. 5. (1)(a) Recognizing that schools and districts throughout Washington have different needs and resources to respond to the impact of the novel coronavirus (COVID-19) outbreak, within existing resources, the state board of education may administer an emergency waiver program to grant local education agencies and private schools flexibility so that students in the graduating class of 2020 or earlier who were on track to graduate before the gubernatorial declaration of emergency of February 29, 2020, and any subsequent amendments to that proclamation, are not negatively impacted by measures taken by the local education agency or private school in response to the novel coronavirus (COVID-19).

(b) Consistent with the intent of the emergency waiver program, the state board of education may adopt rules to allow:

(i) School districts, charter schools established under chapter 28A.710 RCW, and tribal compact schools operated according to the terms of state-tribal education compacts authorized under chapter 28A.715 RCW to apply to the state board of education for a waiver of high school graduation requirements or equivalencies established under RCW 28A.230.090 for students in the graduating class of 2020 or earlier who cannot meet the statewide minimum credit and subject area graduation requirements due to school closures related to the novel coronavirus (COVID-19). The state board of education may approve waivers that meet criteria including demonstration of a good faith effort to address core course requirements and credit deficiencies through other mechanisms; and

(ii) The state board of education to waive provisions relating to the number of instructional hours, the number of school days, credit-based graduation requirements, and other provisions for the 2019-20 school year for private schools established under chapter 28A.195 RCW that close due to the novel coronavirus (COVID-19).

(2) This section expires July 31, 2020.

Sec. 6. RCW 28A.230.090 and 2019 c 252 s 103 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postschool transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)(iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

(v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program;

(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal. The limitations on the ability of a school district to grant waivers under this subsection (1)(e)(i) shall not apply in circumstances

where a district is granted flexibility from state requirements under an emergency waiver program established in section 5 of this act.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements

for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

MESSAGE FROM THE HOUSE

March 12, 2020

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6534 with the following amendment(s): 6534-S.E AMH RICC H5411.2

Strike everything after the enacting clause and insert the

following:

"NEW SECTION. Sec. 1. The legislature finds that the payments to private emergency ambulance service providers for transports for medicaid recipients have not been increased since 2004, resulting in a loss for carriers who provide this service. This has resulted in the shifting of cost of medicaid transports to other payers.

The purpose of this chapter is to provide for a quality assurance fee for specified providers of emergency ambulance services as referenced in 42 C.F.R. Sec. 433.56, which will be used to add on to base funding from all other sources, thereby supporting additional medicaid payments to nonpublic and nonfederal providers of emergency ambulance services as specified in this chapter.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aggregate fee schedule amount" means the product of the add-on calculated pursuant to section 6(1) of this act multiplied by the number of emergency ambulance transports for the state fiscal year.

(2) "Ambulance transport provider" means an ambulance transport provider that is licensed under RCW 18.73.140 that bills and receives patient care revenue from the provision of ground emergency ambulance transports. "Ambulance transport provider" does not include a provider that is owned or operated by the state, cities, counties, fire protection districts, regional fire protection service authorities, port districts, public hospital districts, community services districts, health care districts, federally recognized Indian tribes, or any unit of government as defined in 42 C.F.R. Sec. 433.50.

(3) "Annual quality assurance fee rate" means the quality assurance fee per emergency ambulance transport during each applicable state fiscal year assessed on each ambulance transport provider.

(4) "Authority" means the Washington state health care authority.

(5) "Available fee amount" means the sum of the following:

(a) The amount deposited in the ambulance transport fund established under section 3 of this act during the applicable state fiscal year, less the amounts described in section 3(3)(a) of this act; and

(b) Any federal financial participation obtained as a result of the deposit of the amount described in this subsection, for the applicable state fiscal year.

(6) "Effective state medical assistance percentage" means a ratio of the aggregate expenditures from state-only sources for medicaid divided by the aggregate expenditures from state and federal sources for medicaid for a state fiscal year.

(7) "Emergency ambulance transport" means the act of transporting an individual by use of an ambulance during which a client receives needed emergency medical services en route to an appropriate medical facility. "Emergency ambulance transport" does not include transportation of beneficiaries by passenger cars, taxicabs, litter vans, wheelchair vans, or other forms of public or private conveyances, nor does it include transportation by an air ambulance provider. An "emergency ambulance transport" does not occur when, following evaluation of a patient, a transport is not provided.

(8) "Fee-for-service payment schedule" means the payment rates to ambulance transport providers for emergency ambulance transports by the authority without the inclusion of the add-on described in section 6 of this act.

(9) "Gross receipts" means the total amount of payments received as patient care revenue for emergency ambulance transports, determined on a cash basis of accounting. "Gross

receipts" includes all payments received as patient care revenue for emergency ambulance transports from medicaid, medicare, commercial insurance, and all other payers as payment for services rendered.

(10) "Medicaid" means the medical assistance program and the state children's health insurance program as established in Title XIX and Title XXI of the social security act, respectively, and as administered in the state of Washington by the authority.

(11) "Program" means the ambulance quality assurance fee program established in this chapter.

NEW SECTION. Sec. 3. (1) A dedicated fund is hereby established within the state treasury to be known as the ambulance transport fund. The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the authority on audit or otherwise shall be returned to the fund. Moneys in the account may be spent only after appropriation.

(2) The quality assurance fees collected by the authority pursuant to section 5 of this act must be deposited in the ambulance transport fund.

(3) The moneys in the ambulance transport fund, including any interest and dividends earned on money in the fund, shall be available exclusively for the following purposes in the following order of priority:

(a) To provide funding in an amount not to exceed ten percent of the annual quality assurance fee rate collection amount, exclusive of any federal matching funds, for health care coverage for Washingtonians and for the authority's staffing and administrative costs directly attributable to administering this chapter; and

(b) To make increased payments to ambulance transport providers pursuant to section 6 of this act.

NEW SECTION. Sec. 4. (1) Each ambulance transport provider must report to the authority the number of emergency ambulance transports by payer type and the annual gross receipts for the state fiscal year ending June 30, 2020, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after August 15, 2020.

(2) Each ambulance transport provider must report to the authority the number of emergency ambulance transports by payer type for each state fiscal quarter commencing with the state fiscal quarter ending September 30, 2020, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after the forty-fifth day after the end of each applicable state fiscal quarter.

(3) Each ambulance transport provider must report to the authority the annual gross receipts for each state fiscal year commencing with the state fiscal year ending June 30, 2021, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after the forty-fifth day after the end of each applicable state fiscal year.

(4) The authority may require a certification by each ambulance transport provider under penalty of perjury of the truth of the reports required under this section. Upon written notice to an ambulance transport provider, the authority may impose a civil penalty of one hundred dollars per day against an ambulance transport provider for every day that an ambulance transport provider fails to make a report required by this section within five days of the date upon which the report was due. Any funds resulting from a penalty imposed pursuant to this subsection shall be deposited in the ambulance transport fund established in section 3 of this act.

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

NEW SECTION. Sec. 5. (1) Beginning July 1, 2021, and annually thereafter, the authority shall assess each ambulance transport provider a quality assurance fee. Each ambulance transport provider must pay the quality assurance fee on a quarterly basis. The quarterly quality assurance fee payment shall be based on the annual quality assurance fee rate for the applicable state fiscal year multiplied by the number of emergency ambulance transports provided by the ambulance transport provider in the second quarter preceding the state fiscal quarter for which the fee is assessed.

(2)(a) For the state fiscal year beginning July 1, 2021, the annual quality assurance fee rate shall be calculated by multiplying the projected total annual gross receipts for all ambulance transport providers by five and one-half percent, which resulting product shall be divided by the projected total annual emergency ambulance transports by all ambulance transport providers for the state fiscal year.

(b) For state fiscal years beginning July 1, 2022, and continuing each state fiscal year thereafter, the quality assurance fee rate shall be calculated by a ratio, the numerator of which shall be the product of the projected aggregate fee schedule amount, and the denominator of which shall be ninety percent of the projected total annual emergency ambulance transports by all ambulance transport providers.

(c) If, during a state fiscal year, the actual or projected available fee amount exceeds or is less than the actual or projected aggregate fee schedule amount by more than one percent, the authority shall adjust the annual quality assurance fee rate so that the available fee amount for the state fiscal year is approximately equal to the aggregate fee schedule amount for the state fiscal year. The available fee amount for a state fiscal year shall be considered to equal the aggregate fee schedule amount for the state fiscal year if the difference between the available fee amount for the state fiscal year and the aggregate fee schedule amount for the state fiscal year constitutes less than one percent of the aggregate fee schedule amount for the state fiscal year.

(3) For each state fiscal year for which the quality assurance fee is assessed, the authority shall send each ambulance transport provider an assessment notice no later than thirty days prior to the beginning of the applicable state fiscal quarter. For each state fiscal quarter for which the quality assurance fee is assessed, the authority shall send to each ambulance transport provider an invoice of the quarterly quality assurance fee payment due for the quarter no later than thirty days before the payment is due. For each state fiscal quarter for which the quality assurance fee is assessed, the ambulance transport provider shall remit payment to the authority by the date established by the authority, which shall be no earlier than fifteen days after the beginning of the applicable state fiscal quarter.

(4)(a) Interest shall be assessed on quality assurance fees not paid on the date due at the rate and in the manner provided in RCW 43.20B.695. Interest shall be deposited in the ambulance transport fund established in section 3 of this act.

(b) In the event that any fee payment is more than sixty days overdue, the authority may deduct the unpaid fee and interest owed from any medicaid reimbursement payments owed to the ambulance transport provider until the full amount of the fee, interest, and any penalties assessed under this chapter are recovered. Any deduction made pursuant to this subsection shall be made only after the authority gives the ambulance transport provider written notification. Any deduction made pursuant to this subsection may be deducted over a period of time that takes into account the financial condition of the ambulance transport provider.

(c) In the event that any fee payment is more than sixty days

overdue, a penalty equal to the interest charge described in (a) of this subsection shall be assessed and due for each month for which the payment is not received after sixty days. Any funds resulting from a penalty imposed pursuant to this subsection shall be deposited into the ambulance transport fund established in section 3 of this act.

(d) The authority may waive a portion or all of either the interest or penalties, or both, assessed under this chapter in the event the authority determines, in its sole discretion, that the ambulance transport provider has demonstrated that imposition of the full amount of the quality assurance fee pursuant to the timelines applicable under this chapter has a high likelihood of creating an undue financial hardship for the provider. Waiver of some or all of the interest or penalties pursuant to this subsection shall be conditioned on the ambulance transport provider's agreement to make fee payments on an alternative schedule developed by the authority.

(5) The authority shall accept an ambulance transport provider's payment even if the payment is submitted in a rate year subsequent to the rate year in which the fee was assessed.

(6) In the event of a merger, acquisition, or similar transaction involving an ambulance transport provider that has outstanding quality assurance fee payment obligations pursuant to this chapter, including any interest and penalty amounts owed, the resultant or successor ambulance transport provider shall be responsible for paying to the authority the full amount of outstanding quality assurance fee payments, including any applicable interest and penalties, attributable to the ambulance transport provider for which it was assessed, upon the effective date of such transaction. An entity considering a merger, acquisition, or similar transaction involving an ambulance transport provider may submit a request to the authority to ascertain the outstanding quality assurance fee payment obligations of the ambulance transport provider pursuant to this chapter as of the date of the authority's response to that request.

NEW SECTION. Sec. 6. (1) Beginning July 1, 2021, and for each state fiscal year thereafter, reimbursement for emergency ambulance transports provided by ambulance transport providers shall be increased by application of an add-on to the associated medicaid fee-for-service payment schedule. The add-on increase to the fee-for-service payment schedule under this section shall be calculated by June 15, 2021, and shall remain the same for later state fiscal years, to the extent the authority determines federal financial participation is available. The authority shall calculate the projections required by this subsection based on the number of emergency ambulance transports and gross revenue data submitted pursuant to section 4 of this act. The fee-for-service add-on shall be equal to the quotient of the available fee amount projected by the authority on or before June 15, 2021, for the 2021–22 state fiscal year, divided by the total medicaid emergency ambulance transports, projected by the authority on or before June 15, 2021, for the 2021–22 state fiscal year. The resulting fee-for-service payment schedule amounts after the application of this section shall be equal to the sum of the medicaid fee-for-service payment schedule amount and the add-on increase.

(2) The increased payments required by this section shall be funded solely from the following:

(a) The quality assurance fee set forth in section 5 of this act, along with any interest or other investment income earned on those funds; and

(b) Federal reimbursement and any other related federal funds.

(3) The proceeds of the quality assurance fee set forth in section 5 of this act, the matching amount provided by the federal government, and any interest earned on those proceeds shall be

used to supplement, and not to supplant, existing funding for emergency ambulance transports provided by ambulance transport providers.

(4) Notwithstanding any provision of this chapter, the authority may seek federal approval to implement any add-on increase to the fee-for-service payment schedule pursuant to this section for any state fiscal year or years, as applicable, on a time-limited basis for a fixed program period, as determined by the authority.

NEW SECTION. Sec. 7. The authority may adopt rules to implement this chapter.

NEW SECTION. Sec. 8. (1)(a) The authority shall request any approval from the federal centers for medicare and medicaid services it determines are necessary for the use of fees pursuant to this chapter and for the purpose of receiving associated federal matching funds.

(b) This chapter shall be implemented only to the extent that any necessary federal approvals are obtained and federal financial participation is available. The quality assurance fee pursuant to section 5 of this act shall only be assessed and collected for quarters in which the add-on pursuant to section 6 of this act is paid.

(2) The authority may modify or make adjustments to any methodology, fee amount, or other provision specified in this chapter to the minimum extent necessary to meet the requirements of federal law or regulations or to obtain federal approval. If the authority, after consulting with ambulance transport providers, determines that a modification is needed, the authority shall execute a declaration stating that this determination has been made and that the actual or projected available fee amount for a state fiscal year remains approximately equal to the actual or projected aggregate fee schedule amount for each applicable state fiscal year, as defined by section 5(2)(c) of this act. The authority shall retain the declaration and provide a copy, within ten working days of the execution of the declaration, to the appropriate fiscal and policy committees of the legislature.

NEW SECTION. Sec. 9. If there is a delay in the implementation of this chapter for any reason, including a delay in any required approval of the quality assurance fee and reimbursement methodology specified by the federal centers for medicare and medicaid services, the following shall apply:

(1) An ambulance transport provider may be assessed the amount the provider would be required to pay to the authority if the add-on increase to the fee-for-service payment schedule described in section 5(2)(c) of this act were already approved, but shall not be required to pay the fee until the add-on increase to the fee-for-service payment schedule described in section 6 of this act is approved. The authority shall establish a schedule for payment of retroactive fees pursuant to this subsection in consultation with ambulance transport providers to minimize the disruption to the cash flow of ambulance transport providers.

(2) The authority may retroactively implement the add-on increase to the fee-for-service payment schedule pursuant to section 6 of this act to the extent the authority determines that federal financial participation is available.

NEW SECTION. Sec. 10. (1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) The federal centers for medicare and medicaid services not determining that the quality assurance fee revenues may not be used for the purposes set forth in this chapter;

(b) The state not reducing its fee-for-service payment schedule for emergency ambulance transports provided by ambulance transport providers;

(c) The state not delegating responsibility to pay for emergency ambulance transports to a managed care organization, prepaid inpatient health plan, or prepaid ambulatory health plan, as those

terms are defined in 42 C.F.R. Sec. 438.2;

(d) Federal financial participation being available and not otherwise jeopardized;

(e) The program not prohibiting, diminishing, or harming the ground emergency medical transportation services reimbursement program described in RCW 41.05.730; and

(f) Consistent with section 6(3) of this act, the state continuing its maintenance of effort for the level of state funding not derived from the quality assurance fee of emergency ambulance transports reimbursement for the 2021–22 rate year, and for each applicable rate year thereafter, in an amount not less than the amount that the state would have paid for the same number of emergency ambulance transports under the rate methodology that was in effect on July 1, 2019.

(2) This chapter ceases to be operative on the first day of the state fiscal year beginning on or after the date one or more of the following conditions is satisfied:

(a) The federal centers for medicare and medicaid services no longer allows the collection or use of the ambulance transport provider assessment provided in this chapter;

(b) The increase to the medicaid payments described in section 6 of this act no longer remains in effect;

(c) The quality assurance fee assessed and collected pursuant to this chapter is no longer available for the purposes specified in this chapter;

(d) A final judicial determination made by any state or federal court that is not appealed, or by a court of appellate jurisdiction that is not further appealed, in any action by any party, or a final determination by the administrator of the federal centers for medicare and medicaid services that is not appealed, that federal financial participation is not available with respect to any payment made under the methodology implemented pursuant to this chapter;

(e) The state reduces its fee-for-service payment schedule for emergency ambulance transports provided by ambulance transport providers;

(f) The state delegates responsibility to pay for emergency ambulance transports to a managed care organization, prepaid inpatient health plan, or prepaid ambulatory health plan, as those terms are defined in 42 C.F.R. Sec. 438.2; and

(g) The program not prohibiting, diminishing, or harming the ground emergency medical transportation services reimbursement program described in RCW 41.05.730.

(3) In the event one or more of the conditions listed in subsection (2) of this section is satisfied, the authority shall notify, in writing and as soon as practicable, the secretary of state, the secretary of the senate, the chief clerk of the house of representatives, the appropriate fiscal and policy committees of the legislature, and the code reviser's office of the condition and the approximate date or dates that it occurred. The authority shall post the notice on the authority's web site.

(4)(a) Notwithstanding any other law, in the event this chapter becomes inoperative pursuant to subsection (2) of this section, the authority shall be authorized to conduct all appropriate close-out activities and implement applicable provisions of this chapter for prior state fiscal years during which this chapter was operative including, but not limited to, the collection of outstanding quality assurance fees pursuant to section 5 of this act and payments associated with any add-on increase to the medicaid fee-for-service payment schedule pursuant to section 6 of this act. In implementing these close-out activities, the authority shall ensure that the actual or projected available fee amount for each applicable state fiscal year remains approximately equal to the aggregate fee schedule amount for the state fiscal year, as defined by section 5(2)(c) of this act. During this close-out period, the full amount of the quality assurance fee assessed and collected

remains available only for the purposes specified in this chapter.

(b) Upon a determination by the authority that all appropriate close-out and implementation activities pursuant to (a) of this subsection have been completed, the authority shall notify, in writing, the secretary of state, the secretary of the senate, the chief clerk of the house of representatives, the appropriate fiscal and policy committees of the legislature, and the code reviser's office of that determination. This chapter shall expire as of the effective date of the notification issued by the authority pursuant to this subsection.

REPORT OF THE CONFERENCE COMMITTEE

Engrossed Substitute Senate Bill No. 6280

March 12, 2020

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 6280, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Unconstrained use of facial recognition services by state and local government agencies poses broad social ramifications that should be considered and addressed. Accordingly, legislation is required to establish safeguards that will allow state and local government agencies to use facial recognition services in a manner that benefits society while prohibiting uses that threaten our democratic freedoms and put our civil liberties at risk.

(2) However, state and local government agencies may use facial recognition services to locate or identify missing persons, and identify deceased persons, including missing or murdered indigenous women, subjects of Amber alerts and silver alerts, and other possible crime victims, for the purposes of keeping the public safe.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accountability report" means a report developed in accordance with section 3 of this act.

(2) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition or persistent tracking of individuals. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(3)(a) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(4) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(5) "Identification" means the use of a facial recognition

service by a state or local government agency to determine whether an unknown individual matches any individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(6) "Legislative authority" means the respective city, county, or other local governmental agency's council, commission, or other body in which legislative powers are vested. For a port district, the legislative authority refers to the port district's port commission. For an airport established pursuant to chapter 14.08 RCW and operated by a board, the legislative authority refers to the airport's board. For a state agency, "legislative authority" refers to the technology services board created in RCW 43.105.285.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 7 of this act and who have the authority to alter the decision under review.

(8) "Nonidentifying demographic data" means data that is not linked or reasonably linkable to an identified or identifiable individual, and includes, at a minimum, information about gender, race or ethnicity, age, and location.

(9) "Ongoing surveillance" means using a facial recognition service to track the physical movements of a specified individual through one or more public places over time, whether in real time or through application of a facial recognition service to historical records. It does not include a single recognition or attempted recognition of an individual, if no attempt is made to subsequently track that individual's movement over time after they have been recognized.

(10) "Persistent tracking" means the use of a facial recognition service by a state or local government agency to track the movements of an individual on a persistent basis without identification or verification of that individual. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

(b) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(11) "Recognition" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches:

(a) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(12) "Verification" means the use of a facial recognition service by a state or local government agency to determine whether an individual is a specific individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

NEW SECTION. Sec. 3. (1) A state or local government agency using or intending to develop, procure, or use a facial recognition service must file with a legislative authority a notice of intent to develop, procure, or use a facial recognition service and specify a purpose for which the technology is to be used. A state or local government agency may commence the accountability report once it files the notice of intent by the legislative authority.

(2) Prior to developing, procuring, or using a facial recognition service, a state or local government agency must produce an accountability report for that service. Each accountability report

must include, at minimum, clear and understandable statements of the following:

(a)(i) The name of the facial recognition service, vendor, and version; and (ii) a description of its general capabilities and limitations, including reasonably foreseeable capabilities outside the scope of the proposed use of the agency;

(b)(i) The type or types of data inputs that the technology uses; (ii) how that data is generated, collected, and processed; and (iii) the type or types of data the system is reasonably likely to generate;

(c)(i) A description of the purpose and proposed use of the facial recognition service, including what decision or decisions will be used to make or support it; (ii) whether it is a final or support decision system; and (iii) its intended benefits, including any data or research demonstrating those benefits;

(d) A clear use and data management policy, including protocols for the following:

(i) How and when the facial recognition service will be deployed or used and by whom including, but not limited to, the factors that will be used to determine where, when, and how the technology is deployed, and other relevant information, such as whether the technology will be operated continuously or used only under specific circumstances. If the facial recognition service will be operated or used by another entity on the agency's behalf, the facial recognition service accountability report must explicitly include a description of the other entity's access and any applicable protocols;

(ii) Any measures taken to minimize inadvertent collection of additional data beyond the amount necessary for the specific purpose or purposes for which the facial recognition service will be used;

(iii) Data integrity and retention policies applicable to the data collected using the facial recognition service, including how the agency will maintain and update records used in connection with the service, how long the agency will keep the data, and the processes by which data will be deleted;

(iv) Any additional rules that will govern use of the facial recognition service and what processes will be required prior to each use of the facial recognition service;

(v) Data security measures applicable to the facial recognition service including how data collected using the facial recognition service will be securely stored and accessed, if and why an agency intends to share access to the facial recognition service or the data from that facial recognition service with any other entity, and the rules and procedures by which an agency sharing data with any other entity will ensure that such entities comply with the sharing agency's use and data management policy as part of the data sharing agreement;

(vi) How the facial recognition service provider intends to fulfill security breach notification requirements pursuant to chapter 19.255 RCW and how the agency intends to fulfill security breach notification requirements pursuant to RCW 42.56.590; and

(vii) The agency's training procedures, including those implemented in accordance with section 7 of this act, and how the agency will ensure that all personnel who operate the facial recognition service or access its data are knowledgeable about and able to ensure compliance with the use and data management policy prior to use of the facial recognition service;

(e) The agency's testing procedures, including its processes for periodically undertaking operational tests of the facial recognition service in accordance with section 5 of this act;

(f) Information on the facial recognition service's rate of false matches, potential impacts on protected subpopulations, and how the agency will address error rates, determined independently, greater than one percent;

(g) A description of any potential impacts of the facial recognition service on civil rights and liberties, including potential impacts to privacy and potential disparate impacts on marginalized communities, and the specific steps the agency will take to mitigate the potential impacts and prevent unauthorized use of the facial recognition service; and

(h) The agency's procedures for receiving feedback, including the channels for receiving feedback from individuals affected by the use of the facial recognition service and from the community at large, as well as the procedures for responding to feedback.

(3) Prior to finalizing the accountability report, the agency must:

(a) Allow for a public review and comment period;

(b) Hold at least three community consultation meetings; and

(c) Consider the issues raised by the public through the public review and comment period and the community consultation meetings.

(4) The final accountability report must be updated every two years and submitted to a legislative authority.

(5) The final adopted accountability report must be clearly communicated to the public at least ninety days prior to the agency putting the facial recognition service into operational use, posted on the agency's public web site, and submitted to a legislative authority. The legislative authority must post each submitted accountability report on its public web site.

(6) A state or local government agency seeking to procure a facial recognition service must require vendors to disclose any complaints or reports of bias regarding the service.

(7) An agency seeking to use a facial recognition service for a purpose not disclosed in the agency's existing accountability report must first seek public comment and community consultation on the proposed new use and adopt an updated accountability report pursuant to the requirements contained in this section.

(8) This section does not apply to a facial recognition service under contract as of the effective date of this section. An agency must fulfill the requirements of this section upon renewal or extension of the contract.

NEW SECTION. Sec. 4. A state or local government agency using a facial recognition service to make decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals must ensure that those decisions are subject to meaningful human review. Decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals means decisions that result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health care services, or access to basic necessities such as food and water, or that impact civil rights of individuals.

NEW SECTION. Sec. 5. Prior to deploying a facial recognition service in the context in which it will be used, a state or local government agency using a facial recognition service to make decisions that produce legal effects on individuals or similarly significant effects on individuals must test the facial recognition service in operational conditions. An agency must take reasonable steps to ensure best quality results by following all guidance provided by the developer of the facial recognition service.

NEW SECTION. Sec. 6. (1)(a) A state or local government agency that deploys a facial recognition service must require a facial recognition service provider to make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct

subpopulations. Such subpopulations are defined by visually detectable characteristics such as: (i) Race, skin tone, ethnicity, gender, age, or disability status; or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of the independent testing identify material unfair performance differences across subpopulations, the provider must develop and implement a plan to mitigate the identified performance differences within ninety days of receipt of such results. For purposes of mitigating the identified performance differences, the methodology and data used in the independent testing must be disclosed to the provider in a manner that allows full reproduction.

(b) Making an application programming interface or other technical capability does not require providers to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Providers bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Nothing in this section requires a state or local government agency to collect or provide data to a facial recognition service provider to satisfy the requirements in subsection (1) of this section.

NEW SECTION. Sec. 7. A state or local government agency using a facial recognition service must conduct periodic training of all individuals who operate a facial recognition service or who process personal data obtained from the use of a facial recognition service. The training must include, but not be limited to, coverage of:

(1) The capabilities and limitations of the facial recognition service;

(2) Procedures to interpret and act on the output of the facial recognition service; and

(3) To the extent applicable to the deployment context, the meaningful human review requirement for decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals.

NEW SECTION. Sec. 8. (1) A state or local government agency must disclose their use of a facial recognition service on a criminal defendant to that defendant in a timely manner prior to trial.

(2) A state or local government agency using a facial recognition service shall maintain records of its use of the service that are sufficient to facilitate public reporting and auditing of compliance with the agency's facial recognition policies.

(3) In January of each year, any judge who has issued a warrant for the use of a facial recognition service to engage in any surveillance, or an extension thereof, as described in section 11 of this act, that expired during the preceding year, or who has denied approval of such a warrant during that year shall report to the administrator for the courts:

(a) The fact that a warrant or extension was applied for;

(b) The fact that the warrant or extension was granted as applied for, was modified, or was denied;

(c) The period of surveillance authorized by the warrant and the number and duration of any extensions of the warrant;

(d) The identity of the applying investigative or law enforcement officer and agency making the application and the person authorizing the application; and

(e) The nature of the public spaces where the surveillance was conducted.

(4) In January of each year, any state or local government agency that has applied for a warrant, or an extension thereof, for the use of a facial recognition service to engage in any surveillance as described in section 11 of this act shall provide to

a legislative authority a report summarizing nonidentifying demographic data of individuals named in warrant applications as subjects of surveillance with the use of a facial recognition service.

NEW SECTION. Sec. 9. (1) This chapter does not apply to a state or local government agency that: (a) Is mandated to use a specific facial recognition service pursuant to a federal regulation or order, or that are undertaken through partnership with a federal agency to fulfill a congressional mandate; or (b) uses a facial recognition service in association with a federal agency to verify the identity of individuals presenting themselves for travel at an airport or seaport.

(2) A state or local government agency must report to a legislative authority the use of a facial recognition service pursuant to subsection (1) of this section.

NEW SECTION. Sec. 10. (1)(a) The William D. Ruckelshaus center must establish a facial recognition task force, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate;

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives;

(iii) Eight representatives from advocacy organizations that represent individuals or protected classes of communities historically impacted by surveillance technologies including, but not limited to, African American, Latino American, Native American, Pacific Islander American, and Asian American communities, religious minorities, protest and activist groups, and other vulnerable communities;

(iv) Two members from law enforcement or other agencies of government;

(v) One representative from a retailer or other company who deploys facial recognition services in physical premises open to the public;

(vi) Two representatives from consumer protection organizations;

(vii) Two representatives from companies that develop and provide facial recognition services; and

(viii) Two representatives from universities or research institutions who are experts in either facial recognition services or their sociotechnical implications, or both.

(b) The task force shall choose two cochairs from among its legislative membership.

(2) The task force shall review the following issues:

(a) Provide recommendations addressing the potential abuses and threats posed by the use of a facial recognition service to civil liberties and freedoms, privacy and security, and discrimination against vulnerable communities, as well as other potential harm, while also addressing how to facilitate and encourage the continued development of a facial recognition service so that individuals, businesses, government, and other stakeholders in society continue to utilize its benefits;

(b) Provide recommendations regarding the adequacy and effectiveness of applicable Washington state laws; and

(c) Conduct a study on the quality, accuracy, and efficacy of a facial recognition service including, but not limited to, its quality, accuracy, and efficacy across different subpopulations.

(3) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(4) The task force shall report its findings and recommendations to the governor and the appropriate committees of the legislature by September 30, 2021.

(5) This section expires September 30, 2022.

NEW SECTION. Sec. 11. (1) A state or local government agency may not use a facial recognition service to engage in ongoing surveillance, conduct real-time or near real-time identification, or start persistent tracking unless:

(a) A warrant is obtained authorizing the use of the service for those purposes;

(b) Exigent circumstances exist; or

(c) A court order is obtained authorizing the use of the service for the sole purpose of locating or identifying a missing person, or identifying a deceased person. A court may issue an ex parte order under this subsection (1)(c) if a law enforcement officer certifies and the court finds that the information likely to be obtained is relevant to locating or identifying a missing person, or identifying a deceased person.

(2) A state or local government agency may not apply a facial recognition service to any individual based on their religious, political, or social views or activities, participation in a particular noncriminal organization or lawful event, or actual or perceived race, ethnicity, citizenship, place of origin, immigration status, age, disability, gender, gender identity, sexual orientation, or other characteristic protected by law. This subsection does not condone profiling including, but not limited to, predictive law enforcement tools.

(3) A state or local government agency may not use a facial recognition service to create a record describing any individual's exercise of rights guaranteed by the First Amendment of the United States Constitution and by Article I, section 5 of the state Constitution.

(4) A law enforcement agency that utilizes body worn camera recordings shall comply with the provisions of RCW 42.56.240(14).

(5) A state or local law enforcement agency may not use the results of a facial recognition service as the sole basis to establish probable cause in a criminal investigation. The results of a facial recognition service may be used in conjunction with other information and evidence lawfully obtained by a law enforcement officer to establish probable cause in a criminal investigation.

(6) A state or local law enforcement agency may not use a facial recognition service to identify an individual based on a sketch or other manually produced image.

(7) A state or local law enforcement agency may not substantively manipulate an image for use in a facial recognition service in a manner not consistent with the facial recognition service provider's intended use and training.

NEW SECTION. Sec. 12. Nothing in this chapter applies to the use of a facial recognition matching system by the department of licensing pursuant to RCW 46.20.037.

NEW SECTION. Sec. 13. Sections 1 through 12 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 14. Sections 1 through 9 and 11 through 13 of this act take effect July 1, 2021."
