"**Sec. 1.** RCW 70.128.010 and 2019 c 466 s 2 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adult family home" means a residential home in which a person or persons provide personal care, special care, room, and board to more than one but not more than six adults who are not related by blood or marriage to the person or persons providing the services. (3) "Adult family home training network" means a nonprofit organization established by the exclusive bargaining representative of adult family homes designated under RCW 41.56.029 with the capacity to provide training, workforce development, and other services to adult family homes.

(4) "Adults" means persons who have attained the age of eighteen years.

(5) "Capacity" means the maximum number of persons in need of personal or special care permitted in an adult family home at a given time. This number shall include related children or adults in the home and who received special care.

(6) "Department" means the department of social and health services.

(10) "Resident" means an adult in need of personal or special care in an adult family home who is not related to the provider.

(11) "Resident manager" means a person employed or designated by the provider to manage the adult family home.

(12) "Special care" means care beyond personal care as defined by the department, in rule.

NEW SECTION. **Sec. 2.** A new section is added to chapter 70.128 RCW to read as follows:

(1) An applicant requesting to increase bed capacity to seven or eight beds must successfully demonstrate to the department financial solvency and management experience for the home under its ownership and the ability to meet other relevant safety, health, and operating standards pertaining to the operation of an eight bed home, including the ability to meet the needs of all current and prospective residents and ways to mitigate the potential impact of vehicular traffic related to the operation of the home.

(2) The department may only accept and process an application to increase the bed capacity to seven or eight beds when:

(a) A period of no less than twenty-four months has passed since the issuance of the initial adult family home license;

(b) The home has been licensed for six residents for at least twelve months prior to application;

(c) The home has completed two full inspections that have resulted in no enforcement actions;

(d) The home has submitted an attestation that an increase in the number of beds will not adversely affect the health, safety, or quality of life of current residents of the home;

(e) The home has demonstrated to the department the ability to comply with the emergency evacuation standards established by the department in rule;

(f) The home has a residential sprinkler system in place in order to serve residents who require assistance during an evacuation; and

(g) The home has paid any fees associated with licensure or additional inspections.

(3) The department shall accept and process applications under RCW 70.128.060(13) for a seven or eight bed adult family home only if:

(a) The new provider is a provider of a currently licensed adult family home that has been licensed for a period of no less than twenty-four months since the

issuance of the initial adult family home license;

(b) The new provider's current adult family home has been licensed for six or more residents for at least twelve months prior to application; and

(c) The adult family home has completed at least two full inspections, and the most recent two full inspections have resulted in no enforcement actions.

(4) Prior to issuing a license to operate a seven or eight bed adult family home, the department shall:

(a) Notify the local jurisdiction in which the home is located, in writing, of the applicant's request to increase bed capacity; and

(b) Conduct an inspection to determine compliance with licensing standards and the ability to meet the needs of eight residents.

(5) In addition to the consideration of other criteria established in this section, the department shall consider comments received from current residents of the adult family home related to the quality of care and quality of life offered by the home, as well as their views regarding the addition of one or two more residents.

(6) Upon application for an initial seven or eight bed adult family home, a home must provide at least sixty days' notice to all residents and the residents' designated representatives that the home has applied for a license to admit up to seven or eight residents before admitting a seventh resident. The notice must be in writing and written in a manner or language that is understood by the residents and the residents' designated representatives.

(7) In the event of serious noncompliance in a seven or eight bed adult family home, in addition to, or in lieu of, the imposition of one or more actions listed in RCW 70.128.160(2), the department may revoke the adult family home's authority to accept more than six residents.

Sec. 3. RCW 70.128.060 and 2015 c 66 s 1 are each amended to read as follows:

(1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter. The department may not issue a license if (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past ten years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity, or is the spouse of the applicant.

(3) The license fee shall be submitted with the application.

(4) Proof of financial solvency must be submitted when requested by the department.

(5) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(6) The department shall not issue a license to a provider if the department finds that the provider or spouse of the provider or any partner, officer, director, managerial employee, or majority owner has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(7) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving

experience of the licensed provider or staff.

(8) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers consistent with RCW 70.128.230, and also is required for caregivers, with standardized competency testing for caregivers hired after July 28, 2013, as set forth by the department in rule. The department shall examine, with input from experts, providers, consumers, and advocates, whether the existing specialty training courses are adequate for providers, resident managers, and caregivers to meet these residents' special needs, are sufficiently standardized in curricula and instructional techniques, and are accompanied by effective tools to fairly evaluate successful student completion. The department may enhance the existing specialty training requirements by rule, and may update curricula, instructional techniques, and competency testing based upon its review and stakeholder input. In addition, the department shall examine, with input from experts, providers, consumers, and advocates, whether additional specialty training categories should be created for adult family homes serving residents with other special needs, such as traumatic brain injury, skilled nursing, or bariatric care. The department may establish, by rule, additional specialty training categories and requirements for providers, resident managers, and caregivers, if needed to better serve residents with such special needs.

(9) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

(10) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

(11) (a) (i) At the time of an application for an adult family home license and upon the annual fee renewal date set by the department, the licensee shall pay a license fee. Beginning July 1, 2011, the per bed license fee and any processing fees, including the initial license fee, must be established in the omnibus appropriations act and any

amendment or additions made to that act. The license fees established in the omnibus appropriations act and any amendment or additions made to that act may not exceed the department's annual licensing and oversight activity costs and must include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

(ii) In addition to the fees established in (a) (i) of this subsection, the department shall charge the licensee a nonrefundable fee to increase bed capacity at the adult family home to seven or eight beds or in the event of a change in ownership of the adult family home. The fee must be established in the omnibus appropriations act and any amendment or additions made to that act.

(b) The department may authorize a one-time waiver of all or any portion of the licensing, processing, or change of ownership fees required under this subsection (11) in any case in which the department determines that an adult family home is being relicensed because of exceptional circumstances, such as death or incapacity of a provider, and that to require the full payment of the licensing, processing, or change of ownership fees would present a hardship to the applicant.

(12) A provider who receives notification of the department's initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department's action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department's initiation of a denial, suspension, nonrenewal, or revocation of a license.

(13) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider's form of legal organization, such as from sole proprietorship to

partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license."

Sec. 7. RCW 71.05.150 and 2019 c 446 s 4 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, substance use disorder, or both presents a likelihood of serious harm or is gravely disabled, or that a person is in need of assisted outpatient behavioral health treatment; the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention or involuntary outpatient treatment, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention under this section or a petition for involuntary outpatient behavioral health treatment under RCW 71.05.148. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility, crisis stabilization unit, triage facility, or approved substance use disorder treatment program. The interview performed by the designated crisis responder may be conducted by video provided that a licensed health care professional or professional person who can adequately and accurately assist with obtaining any necessary information is available at the time of the interview.

(2) (a) An order to detain a person with a mental disorder to a designated

evaluation and treatment facility, or to detain a person with a substance use disorder to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, for not more than a seventy-two-hour evaluation and treatment period may be issued by a judge of the superior court upon request of a designated crisis responder, subject to (d) of this subsection, whenever it appears to the satisfaction of a judge of the superior court:

(i) That there is probable cause to support the petition; and

(ii) That the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury, or sworn telephonic testimony may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(d) A court may not issue an order to detain a person to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is an available secure withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the person.

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order together with a notice of rights, and a petition for initial detention. After service on such person the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program, and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment

facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program. The person shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated crisis responder may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of rights and a petition for initial detention.

Sec. 8. RCW 71.05.150 and 2019 c 446 s 5 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, substance use disorder, or both presents a likelihood of serious harm or is gravely disabled, or that a person is in need of assisted outpatient behavioral health treatment; the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention or involuntary outpatient treatment, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention under this section or a petition for involuntary outpatient behavioral health treatment under RCW 71.05.148. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will

voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility, crisis stabilization unit, triage facility, or approved substance use disorder treatment program. The interview performed by the designated crisis responder may be conducted by video provided that a licensed health care professional or professional person who can adequately and accurately assist with obtaining any necessary information is available at the time of the interview.

(2) (a) An order to detain a person with a mental disorder to a designated evaluation and treatment facility, or to detain a person with a substance use disorder to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, for not more than a seventy-two-hour evaluation and treatment period may be issued by a judge of the superior court upon request of a designated crisis responder whenever it appears to the satisfaction of a judge of the superior court:

(i) That there is probable cause to support the petition; and

(ii) That the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury, or sworn telephonic testimony may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order together with a notice of rights, and a petition for initial detention. After service on such person the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program, and the designated attorney. The designated crisis responder shall notify

the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program. The person shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated crisis responder may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of rights and a petition for initial detention.

Sec. 9. RCW 71.05.153 and 2019 c 446 s 6 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(2) When a designated crisis responder receives information alleging that a person, as the result of substance use

disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken, into emergency custody in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program for not more than seventy-two hours as described in RCW 71.05.180, if a secure withdrawal management and stabilization facility or approved substance use disorder treatment program is available and has adequate space for the person.

(3) (a) Subject to (b) of this subsection, a peace officer may take or cause such person to be taken into custody and immediately delivered to a triage facility, crisis stabilization unit, evaluation and treatment facility, secure withdrawal management and stabilization facility, approved substance use disorder treatment program, or the emergency department of a local hospital under the following circumstances:

(i) Pursuant to subsection (1) or (2) of this section; or

(ii) When he or she has reasonable cause to believe that such person is suffering from a mental disorder or substance use disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled.

(b) A peace officer's delivery of a person, based on a substance use disorder, to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program is subject to the availability of a secure withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(4) Persons delivered to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, triage facility that has elected to operate as an involuntary facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program

by peace officers pursuant to subsection (3) of this section may be held by the facility for a period of up to twelve hours, not counting time periods prior to medical clearance.

(5) Within three hours after arrival, not counting time periods prior to medical clearance, the person must be examined by a mental health professional. Within twelve hours of notice of the need for evaluation, not counting time periods prior to medical clearance, the designated crisis responder must determine whether the individual meets detention criteria. The interview performed by the designated crisis responder may be conducted by video provided that a licensed health care professional or professional person who can adequately and accurately assist with obtaining any necessary information is available at the time of the interview. If the individual is detained, the designated crisis responder shall file a petition for detention or a supplemental petition as appropriate and commence service on the designated attorney for the detained person. If the individual is released to the community, the mental health service provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

(6) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except in the few cases where the facility staff or designated mental health professional has totally disregarded the requirements of this section.

Sec. 10. RCW 71.05.153 and 2019 c 446 s 7 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take such person, or cause by oral or written order such person to be taken into emergency custody in an

evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(2) When a designated crisis responder receives information alleging that a person, as the result of substance use disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken, into emergency custody in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program for not more than seventy-two hours as described in RCW 71.05.180.

(3) A peace officer may take or cause such person to be taken into custody and immediately delivered to a triage facility, crisis stabilization unit, evaluation and treatment facility, secure withdrawal management and stabilization facility, approved substance use disorder treatment program, or the emergency department of a local hospital under the following circumstances:

(a) Pursuant to subsection (1) or (2) of this section; or

(b) When he or she has reasonable cause to believe that such person is suffering from a mental disorder or substance use disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled.

(4) Persons delivered to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, triage facility that has elected to operate as an involuntary facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program by peace officers pursuant to subsection (3) of this section may be held by the facility for a period of up to twelve hours, not counting time periods prior to medical clearance.

(5) Within three hours after arrival, not counting time periods prior to medical clearance, the person must be examined by a mental health professional. Within twelve hours of notice of the need

for evaluation, not counting time periods prior to medical clearance, the designated crisis responder must determine whether the individual meets detention criteria. The interview performed by the designated crisis responder may be conducted by video provided that a licensed health care professional or professional person who can adequately and accurately assist with obtaining any necessary information is available at the time of the interview. If the individual is detained, the designated crisis responder shall file a petition for detention or a supplemental petition as appropriate and commence service on the designated attorney for the detained person. If the individual is released to the community, the mental health service provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

(6) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except in the few cases where the facility staff or designated mental health professional has totally disregarded the requirements of this section.

Sec. 11. RCW 71.05.235 and 2016 sp.s. c 29 s 231 are each amended to read as follows:

(1) If an individual is referred to a designated crisis responder under RCW 10.77.088(~~((1)-(e))~~) (2)(d)(i), the designated crisis responder shall examine the individual within forty-eight hours. If the designated crisis responder determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the designated crisis responder not later than the next judicial day. At the hearing the superior court shall review the determination of the designated crisis responder and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment

facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.088(~~((1)-(e))~~) (2)(d)(ii), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under this chapter. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.088(~~((1)-(e))~~) (2)(d)(ii), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period and direct the individual to appear at a surety hearing before that court within seventy-two hours, or the court may release the individual but direct the individual to appear at a surety hearing set before that court within eleven days, at which time the prosecutor may file a petition under this chapter for ninety-day inpatient or outpatient treatment. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the prosecutor or professional person may directly file a petition for ninety-day

inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

The court shall conduct the hearing on the petition filed under this subsection within five judicial days of the date the petition is filed. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the date of the filing of the petition. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.360 (8) and (9). Presence at such proceeding shall mean participation either in person or by video as provided in the definition of "hearing" in RCW 71.05.020, as determined by the court.

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If a designated crisis responder or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

(4) The individual shall have the rights specified in RCW 71.05.360 (8) and (9).

Sec. 12. RCW 71.05.310 and 2012 c 256 s 8 are each amended to read as follows:

The court shall conduct a hearing on the petition for ninety-day treatment within five judicial days of the first court appearance after the probable cause hearing, or within ten judicial days for a petition filed under RCW 71.05.280(3).

The court may continue the hearing for good cause upon the written request of the person named in the petition or the person's attorney. The court may continue for good cause the hearing on a petition filed under RCW 71.05.280(3) upon written request by the person named in the petition, the person's attorney, or the petitioner. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the first court appearance after the probable cause hearing. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.360 (8) and (9). Presence at such proceeding shall mean participation either in person or by video as provided in the definition of "hearing" in RCW 71.05.020, as determined by the court.

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his or her attorney, or the petitioner in the case of a petition filed under RCW 71.05.280(3), the detained person shall be released.
