28A.47.803 1969 appropriation for construction, modernization of school plant facilities—Basis of state aid for school plant. Allocations to school districts of state funds provided by RCW 28A.47.800 through 28A.47.811 shall be made by the state board of education and the amount of state assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: *Provided*, That the total cost of the project shall be subject to review and approval by the state board of education.

(2) The state matching percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per full time equivalent pupil divided by the ratio of the total state adjusted valuation per full time pupil shall be

subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per full time equivalent pupil divided by the ratio of the total state adjusted valuation per full time pupil).

$$\begin{array}{r} \text{Computed State Ratio} = \frac{\text{District adjusted valuation per full time equivalent pupil}}{\text{District adjusted valuation per full time equivalent pupil} + 3} \div \frac{\text{Total state adjusted valuation per full time equivalent pupil}}{\text{Total state adjusted valuation per full time equivalent pupil} + 3} = \% \text{Assistance} \end{array}$$

Provided, That in the event the percentage of state assistance to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state assistance under RCW 28A.47.800 through 28A.47.811, the state board of education may establish for such district a percentage of state assistance not in excess of twenty percent of the approved cost of the project, if the state board finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed percent of state assistance developed in (2) above, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed percent of state assistance for each percent of growth, with a maximum of twenty percent.

(4) The approved cost of the project determined in the manner herein prescribed times the percentage of state assistance derived as provided for herein shall be the amount of state assistance to the district for the financing of the project: *Provided*, That need therefor has been established to the satisfaction of the state board of education: *Provided, further*, That additional state assistance may be allowed if it is found by the state board of education that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d) and (e)

hereinabove, creating a like emergency. [1975 1st ex.s. c 98 § 1; 1974 ex.s. c 56 § 3; 1969 ex.s. c 244 § 4. Formerly RCW 28.47.803.]

January	9%
February	9%

The apportionment from the state general fund for each month shall be an amount which together with the revenues of the current state school fund will equal the amount due and apportionable to the several

educational service districts during such month: *Provided*, That any school district may petition the superintendent of public instruction for an emergency advance of funds which may become apportionable to it but not to exceed ten percent of the total amount to become due and apportionable during the school districts apportionment year. The superintendent of public instruction shall determine if the emergency warrants such advance and if the funds are available therefor. If he determines in the affirmative, he may approve such advance and, at the same time, add such an amount to the apportionment for the educational service district in which the school district is located: *Provided*, That the emergency advance of funds and the interest earned by school districts on the investment of temporary cash surpluses resulting from obtaining such advance of state funds shall be deducted by the superintendent of public instruction from the remaining amount apportionable to said districts during that apportionment year in which the funds are advanced. (3) The assessed valuation of the school districts involved;

Budget review committee, member of school district board of directors as member thereof: RCW 28A.65.145.

28A.57.010 Purpose. It is the intent and purpose of this chapter (1) to incorporate into a single, permanent, school district organization law all essential provisions governing the formation and establishment of new school districts, the alteration of the boundaries of existing districts, and the adjustment of the assets and liabilities of school districts when changes are made as aforesaid; and (2) to establish methods and procedures whereby the aforesaid changes in the school district system may be brought about by the people concerned and affected, all to the end that the territorial organization of school districts may be more readily adapted to the needs of the changing economic pattern and educational program in the state; that existing disparities among school districts in ability to provide current and capital outlay funds may be reduced and the educational opportunities of children thereby enhanced; and that a wiser use of public funds may be secured through improvement in the school district system. It is not the intent nor purpose of this chapter to apply to organizational changes and the procedure therefor relating to capital fund aid by non-high districts as provided for in chapter 28A.56 RCW. (2) In every case where adjustments of bonded indebtedness do not provide for transfer of bonded indebtedness from one school district to another school district (a) that the existing bonded indebtedness of each school district the boundaries of which are altered and any bonded indebtedness incurred by each such school district through the sale of bonds authorized prior to the date its boundaries were altered shall be the obligation of the school district in its reduced or enlarged form, as the case may be; and (b) that taxes shall be levied thereafter against the taxable property located within each such school district in its reduced or enlarged form, as the case may be, at the times and in the amounts required to pay the principal of and interest on such bonded indebtedness as the same become due and payable.

In case the aforesaid approval by the state board concerns a proposal to form a new school district or a proposal for adjustment of bonded indebtedness involving an established school district and one or more former

school districts now included therein pursuant to a vote of the people concerned, a special election of the voters residing within the territory of the proposed new district or of the established district involved in a proposal for adjustment of bonded indebtedness as the case may be shall be held for the purpose of affording said voters an opportunity to approve or reject such proposals as concern or affect them.

In a case involving both the question of the formation of a new district and the question of adjustment of bonded indebtedness, the questions may be submitted to the voters either in the form of a single proposition or as separate propositions, whichever to the educational service district superintendent seems expedient. When the county committee has passed appropriate resolutions for the questions to be submitted and the educational service district superintendent has given notice thereof to the county auditor such special election shall be called, conducted, and the returns canvassed as in regular school district elections. 28A.58.800 Transitional bilingual instruction program—Short title—Purpose. RCW 28A.58.800 through 28A.58.810 shall be known and cited as "The Transitional Bilingual Instruction Act of 1979". The legislature finds that there are large numbers of children who come from homes where the primary language is other than English. Experience has shown that classes which are taught in English are inadequate to meet the needs of these children. The legislature finds that a bilingual education program can meet the needs of these children. Pursuant to the policy of this state to insure equal educational opportunity to every child in this state, it is the purpose of RCW 28A.58.800 through 28A.58.810 to provide for the implementation of bilingual education programs in the public schools, and to provide supplemental financial assistance to help local school districts to meet the extra costs of these programs. [1979 c 95 § 1.]

Severability—1979 c 95: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1979 c 95 § 9.] This applies to RCW 28A.58.800, 28A.58.802, 28A.58.804, 28A.58.806, 28A.58.808 and 28A.58.810.

28A.58.802 Transitional bilingual instruction program—Definitions. As used in RCW 28A.58.800 through 28A.58.810, unless the context thereof indicates to the contrary:

(1) "Transitional bilingual instruction" means a system of instruction which uses two languages, one of which is English, as a means of instruction to build upon and expand language skills to enable the pupil to achieve competency in English. Concepts and information are introduced in the primary language and reinforced in the second language: *Provided*, That the program shall include testing in the subject matter in English.

(2) "Primary language" means the language most often used by the student for communication in his/her home.

(3) "Eligible pupil" means any enrollee of the school district whose primary language is other than English and whose English language skills are sufficiently deficient or absent to impair learning when taught only in English, but shall not include pupils who are equally or almost equally competent in English and other languages. [1979 c 95 § 2.]

Severability—1979 c 95: See note following RCW 28A.58.800.

28A.58.804 Transitional bilingual instruction program—School board duties. Every school district board of directors shall:

(1) Make available to each eligible pupil bilingual instruction in accord with rules of the superintendent of public instruction: *Provided*, That such rules shall provide that any school district with a limited number of pupils of the same non-English dominant language shall not be required to activate a new bilingual program but may carry on an alternative instructional program utilizing resources available to the district.

(2) Wherever feasible, ensure that communications to parents emanating from the schools shall be appropriately bilingual for those parents of pupils in the bilingual instruction program.

(3) Annually determine by administration of a test approved by the superintendent of public instruction the number of eligible pupils enrolled in the school district.

(4) Provide in-service training for all teachers, counselors, and other staff, who are involved in bilingual education within the district. Such training shall include appropriate instructional strategies for children of culturally different backgrounds, use of curriculum materials, and bilingual program models. [1979 c 95 § 3.]

Effective date—1979 c 95 § 3: "Section 3 of this act shall take effect September 1, 1980." [1979 c 95 § 7.] Section 3 of this act, 1979 c 95, refers to RCW 28A.58.804.

Severability—1979 c 95: See note following RCW 28A.58.800.

28A.58.806 Transitional bilingual instruction program—Advisory committee participation. Every school district board of directors may appoint, maintain, and receive recommendations from an advisory committee of persons including parents whose children are in the bilingual instruction program and bilingual teachers and other staff members. [1979 c 95 § 4.]

Severability—1979 c 95: See note following RCW 28A.58.800.

28A.58.808 Transitional bilingual instruction program—Guidelines and rules. No moneys shall be allocated pursuant to this

section to fund more than three school years of bilingual instruction for each eligible pupil within a district: *Provided*, That such moneys may be allocated to fund more than three school years of bilingual instruction for any pupil who fails to demonstrate improvement in English language skills adequate to remove impairment of learning when taught only in English. The superintendent of public instruction shall set standards and approve a test for the measurement of such English language skills. School districts are hereby empowered to accept grants, gifts, donations, devices and other gratuities from private and public sources to aid in accomplishing the purposes of RCW 28A.58.800 through 28A.58.810. 28A.67.065 Minimum criteria for the evaluation of certificated employees, including administrators—Procedure—Scope—Penalty. (1) The superintendent of public instruction shall, on or before January 1, 1977, establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter. Such criteria shall be subject to review by November 1, 1976, by four members of the legislature, one from each caucus of each house, including the chairpersons of the respective education committees.

Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

It shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel, hereinafter referred to as "employees" in this section, shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the evaluation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

Every employee whose work is judged unsatisfactory based on district evaluation criteria shall be notified in writing of stated specific areas of deficiencies along with a suggested specific and reasonable program for improvement on or before February 1st of each year. A probationary period shall be established beginning on or before February 1st and ending no later than May 1st. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement shall be specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.58.450 or 28A.67.070, as now or hereafter amended.

The establishment of a probationary period shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.58.450, as now or hereafter amended.

(2) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

(3) Each certificated employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her professional performance.

(4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with this section, as now or hereafter amended, when it is his or her

specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.67.070, as now or hereafter amended, or the discharge of such evaluator under RCW 28A.58.450, as now or hereafter amended. 28A.67.070 Conditions and contracts of employment—Determination of probable cause for nonrenewal of contracts—Notice—Opportunity for hearing. No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he is the holder of an effective teacher's certificate or other certificate required by law or the state board of education for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in triplicate, one copy to be retained by the school district superintendent or secretary, one copy to be retained, after having been approved and registered, by the educational service district superintendent, and one copy to be delivered to the employee thereafter. No contract shall be offered by any board nor approved and registered by the educational service district superintendent for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chairman or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.58.455 to determine whether there is sufficient cause or causes for nonrenewal of contract. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been re-employed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.67.072; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.67.073 shall not be construed as a nonrenewal of contract for the purposes of this section. RCW 28A.67.070 not applicable to contract renewal of school superintendent: RCW 28A.58.137.

28A.67.072 Conditions and contracts of employment—Nonrenewal of provisional employees—Procedure. Notwithstanding the provisions of RCW 28A.67.070 as now or hereafter amended, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to

nonrenewal of employment contract as provided in this section during the first year of employment by such district. Employees as defined in this section shall hereinafter be referred to as "provisional employees".

In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.67.065, as now or hereafter amended.

Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.

Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered. The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for nonrenewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.67.070, and

"Subordinate certificated position" as used in this section, shall mean any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.

Every superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in writing on or before May 15th preceding the commencement of such school term of that determination, which notification shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

Every such administrator so notified, at his or her request made in writing and filed with the president or chairman, or secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof for the purpose of requesting the board to reconsider the decision of the superintendent. Such board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall notify the administrator in writing of the date, time and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the administrator in writing of its final decision within ten days following its meeting with the administrator. No appeal to the courts shall lie from the final decision of the board of directors to transfer an administrator to a subordinate certificated position: *Provided*, That in the case of principals such transfer shall be made at the expiration of the contract year and only during the first three consecutive school years of employment as a principal by a school district; except that if any such principal has been previously employed as a principal by another school district in the state of Washington for three or more consecutive school

28A.85.010 Purpose—Discrimination prohibited. Inequality in the educational opportunities afforded women and girls at all levels of the public schools in Washington state is a breach of Article XXXI, section 1, Amendment 61, of the Washington state Constitution, requiring equal treatment of all citizens regardless of sex. This violation of rights has had a deleterious effect on the individuals affected and on society. Recognizing the benefit to our state and nation of equal educational opportunities for all students, discrimination on the basis of sex for any student in grades K–12 of the Washington public schools is prohibited. [1975 1st ex.s. c 226 § 1.]

Severability—1975 1st ex.s. c 226: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." COMPACT FOR EDUCATION

ARTICLE I—PURPOSE AND POLICY

- A. It is the purpose of this compact to:
 1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the State and local levels.
 2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.
 3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the Nation, so that the executive and legislative branches of State Government and of local communities may have ready

access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of State and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

- B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.
- C. The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the Nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

ARTICLE II—STATE DEFINED

As used in this Compact, "State" means a State, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

One of such members shall be the Governor; two shall be members of the State legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. If the laws of a State prevent legislators from serving on the Commission, six members shall be appointed and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party State shall be that the members representing such State, shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the state education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party States, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.
- B. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the Commissioners are present. The Commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the Commission may delegate the exercise of any of its powers to the steering committee or the Executive Director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(J).
- C. The Commission shall have a seal.
- D. The Commission shall elect annually, from among its members, a chairman, who shall be a Governor, a vice chairman and a treasurer. The executive director shall be secretary.
- E. Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Commission, and shall fix the duties and compensation of such personnel. The Commission in its bylaws shall provide for the personnel policies and programs of the Commission.
- F. The Commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.
- G. The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Commission pursuant to this paragraph or services borrowed pursuant to

paragraph (F) of this Article shall be reported in the annual report of the Commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party States.
- J. The Commission annually shall make to the Governor and legislature of each party State a report covering the activities of the Commission for the preceding year. The Commission may make such additional reports as it may deem desirable.

ARTICLE IV—POWERS

In addition to authority conferred on the Commission by other provisions of the compact, the Commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.
4. Conduct or participate in research of the types referred to in this Article in any instance where the Commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.
5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.
6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V—COOPERATION WITH FEDERAL GOVERNMENT

or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to Federal law, and may be drawn from any one or more branches of the Federal Government, but no such representative shall have a vote on the Commission.

- B. The Commission may provide information and make recommendations to any executive or legislative agency or officer of the Federal Government concerning the common educational policies of the States, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI—COMMITTEES

One-fourth of the voting membership of the steering committee shall consist of Governors, one-fourth shall consist of Legislators, and the remainder shall consist of other members of the Commission. A Federal representative on the Commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the Commission shall be elected as follows: sixteen for one year and sixteen for two years. The chairman, vice chairman, and treasurer of the Commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the Commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two term limitation.
- B. The Commission may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the States concerned, be established to consider any matter of special concern to two or more of the party States. Except where the Commission makes use of funds available to it pursuant to Article III(G) thereof, the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.
- D. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the Commission.
- E. The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.
- F. Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

ARTICLE VIII—ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL

- A. This compact shall have as eligible parties all States, Territories, and Possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term "Governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.
- B. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.
- C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his State a party only until December 31,

During any period when a State is participating in this compact through gubernatorial action, the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the Commission from his State, and shall provide to the Commission an equitable share of the financial support of the Commission from any source available to him.

- D. Except for a withdrawal effective on December 31, 1967 in accordance with paragraph C of this Article, any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the Governors of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

Chapter 28A.93

INTERSTATE AGREEMENT ON QUALIFICATIONS OF EDUCATIONAL PERSONNEL

Sections

28A.93.010	Compact entered into—Terms.
28A.93.020	Superintendent as "designated state official", compact administrator—Board to approve text of contracts.
28A.93.030	True copies of contracts filed in office of superintendent—Publication.

28A.93.010 Compact entered into—Terms. The Interstate Agreement on Qualifications of Educational Personnel is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

Article I

1. The states party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states or origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Article II

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this Agreement.

3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating State" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving State" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this Agreement. A designated state official may enter into a contract pursuant to this Article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

3. No contract made pursuant to this Agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or

dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this Agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV

1. Nothing in this Agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this Agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this Agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the Agreement, and to formulate recommendations for changes.

Article VII

Nothing in this Agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article VIII

1. This Agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this Agreement.

2. Any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article IX

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause, sentence, or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters. [1969 ex.s. c 283 § 4. Formerly RCW 28.93.010.]

Severability—1969 ex.s. c 283: See note following RCW 28A.02.061.

28A.93.020 Superintendent as "designated state official", compact administrator—Board to approve text of contracts. The "designated state official" for this state under Article II of RCW 28A.93.010 shall be the superintendent of public instruction, who shall be the compact administrator and who shall have power to promulgate rules to carry out the terms of this compact. The superintendent of public instruction shall enter into contracts pursuant to Article III of the Agreement only with the approval of the specific text thereof by the state board of education. [1969 ex.s. c 283 § 5. Formerly RCW 28.93.020.]

28B.04.010 Short title. This chapter may be known and cited as the "displaced homemaker act." [1979 c 73 § 1.]

28B.04.020 Legislative findings—Purpose—Pilot project. The legislature finds that homemakers are an unrecognized part of the work force who make an invaluable contribution to the strength, durability, and purpose of our state.

The legislature further finds that there is an increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves "displaced" in their middle years through divorce, death of spouse, disability of spouse, or other loss of family income. As a consequence, displaced homemakers are very often left with little or no income; they are ineligible for categorical welfare assistance; they are subject to the highest rate of unemployment of any sector of the work force; they face continuing discrimination in employment because of their age and lack of recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security benefits because they are too young, and many never qualify because they have been divorced from the family wage earner; they may have lost beneficiaries' rights under employer's pension and health plans through divorce or death of spouse; and they are often unacceptable to private health insurance plans because of their age.

It is the purpose of this chapter to establish a two-year pilot project under which the council for postsecondary education shall contract to establish multipurpose service centers and programs to provide necessary training opportunities, counseling, and services for displaced homemakers so that they may enjoy the independence and economic security vital to a productive life. [1979 c 73 § 2.]

28B.05.020 Legislative intent—Scope of chapter.

It is the intent of the legislature that a system be established to encourage the fair practice of educational institutions operating in the state of Washington. It is further intended that educational institutions develop and maintain standards of high quality and integrity in their service to students. This chapter:

(1) Requires certain educational institutions to register, submit a statement of organization and file a surety bond on an annual basis.

(2) Requires from registering institutions a statement of compliance with minimum standards concerning the quality of educational services and related activities to protect against substandard, transient, or deceptive educational institutions and practices.

(3) Prohibits the granting of false or misleading educational credentials.

(4) Prohibits the use of inaccurate or misleading literature, advertising, solicitation, or representation by educational institutions.

(5) Establishes means by which individuals may seek redress for violations of this chapter. [1979 1st ex.s. c 188 § 2.]

(1) Name and address of the institution and a statement of whether it is a "degree-granting institution", "private vocational school" or "dual purpose institution".

(2) Name and address of the owners of the institution, if the institution is incorporated then the names and addresses of the directors and of any shareholders holding more than a ten percent interest shall be listed.

(3) Name and address of the chief administrative officer of the institution and all agents of the institution as defined in RCW 28B.05.030 (6) and (7), respectively.

(4) A copy of each of the materials that the institution is required to supply prospective students prior to enrollment in accordance with RCW 28B.05.060(4).

(5) Any other information which the agency determines to be necessary for adequate public disclosure of the institution.

(6) A signed written statement from the chief administrative officer of the institution attesting to the truth and accuracy of the information provided in the statement of organization and any amendments thereto and pledging that the institution will comply with all of the requirements of this chapter and any rules adopted pursuant to RCW 28B.05.050 (1) and (3).

At the time of each annual renewal the institution shall file an amended statement of organization indicating any changes from the information previously submitted. Additionally, the institution must file an amended statement within thirty days of any change of circumstances which would require amendment of the information provided in subsections (1), (2) or (3) of this section.

All amended statements must be filed with the agency and include a statement as required in subsection (6) of this section. [1979 1st ex.s. c 188 § 10.]

28B.05.110 Surety bond—Filed, when—Amount, maximum—Purpose—Cash or negotiable security in lieu of—Satisfying judgments or claims—Release of surety—Action on bond or security, record of. (1) At the time of its registration each educational institution shall file a surety bond with the agency in a form acceptable to the agency. The bond may be continuous or renewable at the time of annual renewal of registration: *Provided*, That the bond shall cover the full period during which an institution is registered unless the surety has been released as provided in subsection (4) of this section.

In the event that any final judgment shall impair the liability of the surety upon the bond so furnished that there shall not be in effect a bond undertaking in the full amount prescribed in this section, the agency shall suspend the registration of the institution until the bond liability in the required amount unimpaired by unsatisfied judgment claims shall have been furnished.

(2) The amount of the bond shall be determined by the agency. In fixing the amount the agency shall adopt rules setting bond amounts on a sliding scale based upon the size of the institution, and the maximum amount of the bond required may not exceed seventy-five thousand dollars.

The bond shall be executed by the registering institution as principal and by a surety company authorized to do business in this state as surety. The bond shall run to the state of Washington, for the benefit and protection of any student or enrollee, or, in the case of a minor, his or her parents or guardian, determined to have suffered loss or damage as a result of an act or practice by such institution which is a violation of this chapter or rules adopted under this chapter alleged to have occurred while the bond was in effect or as a result of the institution's failure to meet its obligations to a student or enrollee during the term for which tuition has been paid.

(3) In lieu of the surety bond provided for herein, the institution may furnish, file and deposit with the agency, cash or other negotiable security acceptable to the executive officer of the agency. If the institution has filed a cash deposit, the agency shall deposit such funds in a special trust savings account in a commercial bank, mutual savings bank, or savings and loan association and shall pay annually to the depositor the interest derived from such account. The security deposited with the agency in lieu of the surety bond shall be returned to the institution at the expiration of one year after the institution's registration has expired or been revoked if no legal

action has been instituted against the institution or on said security deposit at the expiration of said one year.

Any person having an unsatisfied final judgment against the registrant based on any claims arising under this section may execute upon the security held by the agency by serving a certified copy of the unsatisfied final judgment together with any findings and conclusions by registered or certified mail upon the agency within one year of the date of entry of such judgment. Upon the receipt of service of such certified copy the agency shall pay or order paid from the deposit, through the registry of the superior court which rendered judgment, towards the amount of the unsatisfied judgment. The priority of payment by the agency shall be the order of receipt by the agency of the unsatisfied judgment and claim against the deposit, but the agency shall have no liability for payment in excess of the amount of the deposit.

(4) A surety on a bond may be released by serving written notice thereof to the agency at least thirty-five days prior to the release, but the release shall not discharge or otherwise affect any claim theretofore or thereafter filed by a student or enrollee, or, in the case of a minor, his or her parents or guardian, for loss or damage resulting from any act or practice which is a violation of this chapter or rules adopted under this chapter alleged to have occurred while the bond was in effect, or resulting from the institution's failure to meet its obligations to a student or enrollee during the term for which tuition has been paid.

The agency shall give the institution at least thirty days written notice prior to the release of the surety to the effect that registration will be suspended by operation of law until a sufficient surety bond is filed in the same manner and amount as the bond being terminated.

(5) In addition to all other legal remedies, an action may be brought upon the bond or cash deposit or security in lieu thereof by any beneficiary covered thereunder, in the superior court of Thurston county or the county in which the educational services were offered by the institution: *Provided*, That the aggregate liability of the surety to all such persons shall in no event exceed the sum of such bond.

An action upon such bond or security shall be commenced by serving and filing of the complaint within one year from the date of the cancellation of the bond or, in the case of a cash deposit or other security deposited in lieu of the surety bond, within one year of the date of expiration or revocation of registration: *Provided*, That no action shall be maintained upon such bond or such cash deposit or other security for any claim which has been barred by any nonclaim statute or statute of limitations of this state. Two copies of the complaint shall be served by registered or certified mail upon the executive officer of the agency at the time the suit is started. Such service shall constitute service on the surety. The executive officer of the agency shall transmit one of said copies of the complaint served on him to the surety within forty-eight hours after it shall have been received.

The executive officer of the agency shall maintain a record, available for public inspection, of all suits commenced under this chapter upon surety bonds, or the

cash or other security deposited in lieu thereof. [1979 1st ex.s. c 188 § 11.]

28B.05.120 Registration and compliance prerequisite to offering educational services. No educational institution nor any of its agents shall instruct or offer to instruct, including advertising or soliciting for such purpose, enroll or offer to enroll, contract or offer to contract with any person for such purpose, or offer or grant any educational credential, or contract with any school to perform any such act in this state whether such institution is located within or without this state unless such institution is registered and in compliance with the requirements set forth in RCW 28B.05.080, 28B.05.090, 28B.05.100 and 28B.05.110. [1979 1st ex.s. c 188 § 12.]

28B.05.130 Suspension or modification of requirements when manifest hardship. The agency, after hearing, by order approved and ratified by a majority of the membership of the agency, may suspend or modify any of the registration or other requirements contained in this chapter in a particular case if it finds that literal application of this chapter works a manifestly unreasonable hardship and if it also finds that such suspension or modification will not frustrate the purposes of this chapter. [1979 1st ex.s. c 188 § 13.]

28B.05.140 Complaint against educational institution—Contents—Investigation—Hearing—Cease and desist order, penalties—Restitution. (1) A person claiming damage or loss as a result of any act or practice by an educational institution, its agent, or any person which is a violation of this chapter or of the rules adopted under this chapter, may file a complaint with the agency. The complaint shall set forth the alleged violation and shall contain such other information as may be required by the agency. A complaint may also be filed with the agency by the executive officer of the agency or by the attorney general.

(2) The agency shall investigate any complaint and may attempt to bring about a settlement by persuasion and conciliation. The agency may hold a contested case hearing pursuant to the administrative procedure act, chapter 34.04 RCW, in order to determine whether a violation has occurred.

(3) If, upon all the evidence at the hearing, the agency finds that the educational institution, its agent, or any person has engaged in or is engaging in any act or practice which violates this chapter or rules adopted under this chapter, the agency shall issue and cause to be served upon the violator an order requiring it to cease and desist from the act or practice and may impose the penalties provided for in RCW 28B.05.150. If the agency finds that the complainant has suffered loss or damage as a result of the act or practice, it may order full or partial restitution for the damage or loss: *Provided*, That the complainant is not bound by the agency's determination of restitution and may pursue any other legal remedy. [1979 1st ex.s. c 188 § 14.]

28B.05.150 Civil penalty for violation—Applicability—Violations as separate violations—Imposition. Any person, group, or entity or any owner, officer, agent, or employee of such entity who violates any provision of this chapter shall be subject to a civil penalty of not more than two thousand dollars for each separate violation. Each day on which a violation occurs constitutes a separate violation. Multiple violations on a single day may be considered separate violations. The fine may be imposed by the agency in accordance with the procedures set forth in RCW 28B.05.140, or in any court of competent jurisdiction. [1979 1st ex.s. c 188 § 15.]

28B.05.160 Certain violations as gross misdemeanors, penalty—Applicability—Violations as separate violations—Imposition. Each day on which a violation occurs constitutes a separate violation. The criminal sanctions may be imposed by a court of competent jurisdiction in an action brought by the attorney general of this state. [1979 1st ex.s. c 188 § 16.]

28B.05.170 Action by educational institution or personnel as constituting submission to jurisdiction of courts of this state. Any educational institution, whether or not situated in or having a place of business in this state, whose personnel or agent instructs or educates or offers to instruct or educate, enrolls or offers to enroll, or contracts or offers to contract to provide instructional or educational services in this state, whether the instruction or services are provided in person or by correspondence to a resident of this state, or whose personnel or agent awards or offers to award any educational credentials to a resident of this state, submits to the jurisdiction of the courts of this state, and submits any such personnel or agent thereto, for the purpose of any cause of action arising from such acts. [1979 1st ex.s. c 188 § 17.]

28B.05.180 Time necessary for retaining student records and accounts. The records and accounts pertaining to each period of enrollment of each student shall be kept intact and in good condition by the educational institution for at least three years following the termination of such enrollment period. [1979 1st ex.s. c 188 § 18.]

28B.05.190 Records filed with agency upon educational institution discontinuing operation—Type—Court order to protect. If any educational institution proposes to discontinue its operation, the chief administrative officer of the institution shall file with the agency the original or legible true copies of all such educational records of the institution as may be specified by the agency. The records shall include, but not be limited to, such information as is customarily required by colleges

when considering students for transfer or advance study and, as a separate document, the academic record of each former student. In the event it appears to the agency that any such records of an educational institution discontinuing its operations are in danger of being destroyed, secreted, mislaid, or otherwise made unavailable to the agency, the agency may seek a court order to protect and if necessary take possession of the records. The agency shall maintain or cause to be maintained a permanent file of educational records coming into its possession. [1979 1st ex.s. c 188 § 19.]

28B.05.200 Student contract or evidence of indebtedness—Voidable, when. If the person to whom educational services are to be rendered or furnished by an educational institution is a resident of this state at the time any contract relating to payment for such services or any note, instrument, or other evidence of indebtedness relating thereto is entered into, the provisions of RCW 28B.05.210 shall govern the rights of the parties to the contract or evidence of indebtedness. In such event, a contract or evidence of indebtedness containing any of the following agreements shall render the contract voidable at the option of the person to whom educational services are to be rendered or furnished:

- (1) That the law of another state shall apply;
- (2) That the maker or any person liable on the contract or evidence of indebtedness consents to the jurisdiction of another state;
- (3) That another person is authorized to confess judgment on the contract or evidence of indebtedness; or
- (4) That fixes venue. [1979 1st ex.s. c 188 § 20.]

28B.05.210 Student contract or evidence of indebtedness—Registration as prerequisite to enforcement. No note, instrument, or other evidence of indebtedness or contract relating to payment for education or educational services shall be enforceable in the courts of this state by an educational institution or holder of the instrument unless the institution was registered in compliance with the requirements of RCW 28B.05.080, 28B.05.090, 28B.05.100 and 28B.05.110 at the time the note, instrument or other evidence of indebtedness or contract was entered into. (1) The attorney general of this state or the prosecuting attorney of any county in which an educational institution or an agent thereof is found may, at the request of the agency or on their own motion, bring any appropriate action or proceeding, including injunctive proceedings under subsection (2) of this section or criminal proceedings under RCW 28B.05.160, in any court of competent jurisdiction for the enforcement of this chapter and the rules adopted under this chapter.

(2) Whenever it appears to the agency that a person, agent, group, or entity is violating, or has been violating this chapter or the rules or orders of the agency, the agency may, on its own motion or on the written complaint of any person and after giving notice to the person, group, or entity affected, file a petition for

injunction in the name of the agency in a court of competent jurisdiction in this state against such person, group, or entity for the purpose of enjoining the violation or for an order directing compliance with this chapter and the rules or orders issued under this chapter. It is not necessary that the agency allege or prove that the agency has no adequate remedy at law. The right of injunction provided in this section is in addition to any other legal remedy which the agency has and is in addition to any right of criminal prosecution provided by law. The existence of agency action with respect to alleged violations of this chapter and rules adopted under this chapter does not operate as a bar to an action for injunctive relief under this section. [1979 1st ex.s. c 188 § 22.]

28B.05.230 Violation as violation under consumer protection act. A violation of a provision of this chapter or the rules adopted under this chapter, shall be considered a violation of RCW 19.86.020, as now or hereafter amended, of the consumer protection act. [1979 1st ex.s. c 188 § 23.]

28B.10.580 Term papers, theses, dissertations, sale of prohibited—Legislative findings—Purpose. (1) The legislature finds that commercial operations selling term papers, theses, and dissertations encourages dishonesty on the part of students attending Washington state institutions of higher learning, and in so doing impairs the public confidence in the credibility of these institutions to function within their prime mission, that of providing a quality education to the citizens of the state.

(2) The legislature further finds that this problem, beyond the ability of these institutions to control effectively, is a matter of state concern, while at the same time recognizing the need for and the existence of legitimate research functions.

It is the declared intent of RCW 28B.10.580 through 28B.10.584, therefore, that the state of Washington prohibit the commercial sale of term papers, theses and dissertations: *Provided*, That such legislation shall not affect legitimate and proper research activities: *Provided further*, That such legislation does not impinge on the rights, under the First Amendment, of freedom of speech, of the press, and of distributing information. Nor shall any person be prevented by this section from rendering services for a monetary fee which includes typing, assembling, transcription, reproduction, or editing of a manuscript or other assignment: *Provided*, That such services are not rendered with the intent of making substantive changes in a manuscript or other assignment.

(4) Any person violating any provision of RCW 28B.10.580, 28B.10.582 or 28B.10.584 shall be subject to civil penalties of not more than one thousand dollars for each violation. The legislature has concluded that the benefit to the state in assuring the development of the talents of its qualified domiciliaries will bring tangible benefits to the state in the future.

The legislature further declares that there is an urgent need at present for the establishment of a state of Washington student financial aid program, and that the most efficient and economical way to meet this need is through the plan prescribed in this act." (3) The term "needy student" shall mean a post high school student of an institution of higher learning as defined in subsection (1) above who demonstrates to the council the financial inability, either through his parents, family and/or personally, to meet the total cost of board, room, books, and tuition and incidental fees for any semester or quarter.

(4) The term "disadvantaged student" shall mean a post high school student who by reason of adverse cultural, educational, environmental, experiential, familial or other circumstances is unable to qualify for enrollment as a full time student in an institution of higher learning, who would otherwise qualify as a needy student, and who is attending an institution of higher learning under an established program designed to qualify him for enrollment as a full time student.

28B.10.804 State student financial aid program—
Commission, guidelines in performance of duties. The commission shall be cognizant of the following guidelines in the performance of its duties:

(1) The commission shall be research oriented, not only at its inception but continually through its existence.

(2) The commission shall coordinate all existing programs of financial aid except those specifically dedicated to a particular institution by the donor.

(3) The commission shall take the initiative and responsibility for coordinating all federal student financial aid programs to insure that the state recognizes the

maximum potential effect of these programs, and shall design the state program which complements existing federal, state and institutional programs.

(4) Counseling is a paramount function of student financial aid, and in most cases could only be properly implemented at the institutional levels; therefore, state student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of the commission, are the reasons for the existence of a student financial aid program, and not solely with administration of the program on an individual basis.

(5) In the development of any new program, the commission shall seek advice from and consultation with the institutions of higher learning, state agencies, industry, labor, and such other interested groups as may be able to contribute to the effectiveness of program development and implementation.

(6) The "package" approach of combining loans, grants and employment for student financial aid shall be the conceptional element of the state's involvement. [1969 ex.s. c 222 § 10. Formerly RCW 28.76.450.]

28B.10.806 State student financial aid program—
Commission, powers and duties generally. The commission shall have the following powers and duties:

(1) Conduct a full analysis of student financial aid as a means of:

(a) Fulfilling educational aspirations of students of the state of Washington, and

(b) Improving the general, social, cultural, and economic character of the state.

Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid. The commission will disseminate the information yielded by their analyses to all appropriate individuals and agents.

(c) This study should include information on the following:

(i) all programs and sources of available student financial aid,

(ii) distribution of Washington citizens by socio-economic class,

(iii) data from federal and state studies useful in identifying:

(A) demands of students for specific educational goals in colleges, and

(B) the discrepancy between high school students' preferences and the colleges they actually selected.

(2) Design a state program of student financial aid based on the data of the study referred to in this section. The state program will supplement available federal and local aid programs. The state program of student financial aid will not exceed the difference between the budgetary costs of attending an institution of higher learning and the student's total resources, including family support, personal savings, employment, and federal and local aid programs.

(3) Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the commission shall consider the following:

(a) Assets and income of the student.

(b) Assets and income of the parents, or the individuals legally responsible for the care and maintenance of the student.

(c) The cost of attending the institution the student is attending or planning to attend.

(d) Any other criteria deemed relevant to the commission.

(4) Set the amount of financial aid to be awarded to any individual needy or disadvantaged student in any school year.

(5) Award financial aid to full time needy or disadvantaged students for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

other than educational purposes: *Provided*, That a non-resident student enrolled for more than six hours per semester or quarter shall be considered as attending for educational purposes only, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that he has in fact established a bona fide domicile in this state for other than educational purposes.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW 28B.15.011 through 28B.15.014 as now or hereafter amended.

28B.15.013 Classification as resident or nonresident student—Standards for determining classification—Cut-off date for application change. (1) The establishment of a new domicile in the state of Washington by a qualified person formerly domiciled in another state has occurred if such person is physically present in Washington and can show satisfactory proof that such person is without a present intention to return to such other state or to acquire a domicile at some other place outside of Washington.

(2) Except as provided in subsection (3)(d) of this section, an unemancipated minor shall be classified as a resident student only if such minor's parents or legally appointed guardian or person having legal custody shall have established a domicile in this state.

(3) Unless proven to the contrary it shall be presumed that:

(a) The domicile of an unemancipated minor is that of such minor's father; or if no father, that of such minor's mother; or if there is a legally appointed guardian, that

of such guardian: *Provided*, That if one parent has legal custody of the minor, the domicile of such minor shall be that of such parent except as otherwise provided in subsection (3)(d) of this section.

(b) The domicile of any qualified person, including a married woman, shall be determined according to the individual's situation and circumstances rather than by marital status or sex.

(c) A person does not lose a domicile in the state of Washington by reason of residency in any state or country while a member of the civil or military service of this state or of the United States, nor while engaged in the navigation of the waters of this state or of the United States or of the high seas; any resident student who remains in this state when such student's parents, having theretofore been domiciled in this state, remove from this state, shall be entitled to classification as a resident student so long as such student's attendance (except summer sessions) at an institution in this state is continuous.

(d) The establishment of a domicile in the state of Washington in accordance with the provisions of this section by the parent of a parent-qualified student shall entitle the student to classification as a resident student.

(4) To aid the institution in deciding whether a student, parent, legally appointed guardian or the person having legal custody of a student is domiciled in the state of Washington the following rules shall be applied:

(a) Failure to register or to pay state taxes or fees on a motor vehicle, mobile home, travel trailer, boat, or any other item of personal property for which state registration or the payment of a state tax or fee is required is conclusive evidence of a failure to establish a Washington domicile.

(b) Attendance at an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof is conclusive evidence of a failure to establish a Washington domicile.

(c) Permanent full time employment in Washington by a person will be a factor in considering the establishment of a Washington domicile.

(d) Registration to vote for state officials in Washington will be a factor in considering the establishment of a Washington domicile.

(e) Any person not a citizen of the United States cannot establish a Washington domicile until such person is eligible and has applied for an immigration visa, unless such person is the dependent minor of a parent or legal guardian who is domiciled in Washington.

(5) After a student has registered at an institution such student's classification shall remain unchanged in the absence of satisfactory evidence to the contrary. A student wishing to apply for a change in classification shall reduce such evidence to writing and file it with the institution. In any case involving an application for a change from nonresident to resident status, the burden of proof shall rest with the applicant. Any change in classification, either nonresident to resident, or the reverse, shall be based upon written evidence maintained in the files of the institution and, if approved, shall take effect the semester or quarter such evidence was filed

with the institution: *Provided*, That applications for a change in classification shall be accepted up to the thirtieth calendar day following the first day of instruction of the quarter or semester for which application is made. Any determination of classification shall be considered a ruling on a contested case subject to review only under procedures prescribed by chapter 28B.19 RCW. 28B.16.110 Rules—Salary schedules and compensation plans to reflect prevailing wages—Periodic wage surveys with recommended salary adjustments, report of with supporting data. The salary schedules and compensation plans, adopted and revised as provided in RCW 28B.16.100 as now or hereafter amended, shall reflect prevailing rates in other public employment and in private employment in this state or in the locality in which the institution or related board is located. For this purpose salary and fringe benefit surveys shall be undertaken by the board with the assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, with one such survey to be conducted each year prior to the convening of each regular session of the state legislature. The results of such salary and fringe benefit survey shall be forwarded with recommended salary adjustments, which recommendations shall be advisory

only, to the governor and the director of financial management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the board to the standing committees for appropriations of the senate and house of representatives.

The board shall furnish the following supplementary data in support of its recommended salary schedule:

(1) A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

(2) An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

(3) A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the higher education personnel board with:

(a) Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and

(b) Those higher education personnel board classes which are substantially the same as classes being used by the department of personnel clearly marked to show the commonality of the classes between the two jurisdictions;

(4) A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

(5) A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the board. Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine

job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings. [1979 c 151 § 16; 1977 ex.s. c 152 § 10; 1975 1st ex.s. c 122 § 2; 1969 ex.s. c 36 § 11. Formerly RCW 28.75.110.]

(ii) Is representative of private and public employment in this state;

(iii) Ensures that, wherever practical, data from smaller, private firms are included and proportionally weighted in the survey sample; and

(iv) Indicates the methodology to be used in application of survey data to job classes used by state government;

(c) A prediction of the increase or decrease in total funding requirements expected to result from the pending salary and fringe benefit survey based on consumer price index information and other available trend data pertaining to Washington state salaries and fringe benefits.

(2) Every comprehensive survey plan shall fully consider fringe benefits as an element of compensation in addition to basic salary data. The plans prepared under this section shall be developed jointly by the higher education personnel board in conjunction with the department of personnel established under chapter 41.06 RCW. All comprehensive salary and fringe benefit survey plans shall be submitted on a joint signature basis by the higher education personnel board and the department of personnel. The various state community colleges are sometimes referred to in this chapter as "community colleges."

(2) "Rule" means any order, directive, or regulation of any institution of higher education which affects the relationship of the general public with the institution, or the relationship of particular segments of the particular educational community such as students, faculty, or other employees, with the institution or with each other, (a) the violation of which subjects a person to a penalty

or administrative sanction; or (b) which establishes, alters, or revokes any procedures, practice, or requirement relating to institutional hearings; or (c) which establishes, alters or revokes any qualification or requirement relating to the enjoyment of benefits or privileges conferred by law. The term includes the amendment or repeal of a prior rule but does not include rules, regulations, orders, statements, or policies relating primarily to the following: Standards for admission; academic advancement, academic credits, graduation and the granting of degrees; tuition and fees, scholarships, financial aids, and similar academic matters; employment relationships; fiscal processes; or matters concerning only the internal management of an institution and not affecting private rights or procedures available to the general public; and such matters need not be established by rule adopted under this chapter unless otherwise required by law.

The notice shall state the time when, place where, and manner in which interested persons may present their views thereon and the general subject matter to be covered;

(c) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. An opportunity for oral hearing must be granted

if requested by twenty-five persons. The institution shall consider fully all written and oral statements respecting the proposed rule.

(2) No proceeding shall be held on any rule until twenty days have passed from the distribution date of the register in which notice thereof was contained. The code reviser shall make provisions for informing an institution of higher education giving notice under subsection (1) of this section of the distribution date of the register in which such notice will be published.

(3) No rule adopted under this chapter is valid unless adopted in substantial compliance with this section, or, if an emergency rule designated as such, adopted in substantial compliance with RCW 28B.19.040, as now or hereafter amended. In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of RCW 34.08.020(1), of this section, or of RCW 28B.19.040, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

(4) When twenty days notice of intended action to adopt, amend, or repeal a rule has not been filed with the code reviser, as required by subsection (2) of this section, the code reviser shall not publish such rule, and such rule shall not be effective for any purpose. [1977 ex.s. c 240 § 10; 1971 ex.s. c 57 § 3.]

Institutions of higher education considered state agencies for certain purposes: RCW 34.08.050.

28B.19.040 Emergency rule or amendment. If the institution of higher education finds that immediate adoption or amendment of a rule is necessary for the preservation of the public health, safety, or general welfare, and the observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to the public interest, the institution may dispense with such requirements and adopt the rule or amendment as an emergency rule or amendment. The institution's finding and a brief statement of the reasons for its finding shall accompany the emergency rule or amendment as filed with the code reviser. An emergency rule or amendment shall not remain in effect for longer than ninety days after filing.

Emergency rules shall become effective upon filing with the code reviser unless an effective date is specified in the rule. The emergency rule published in the state register is solely to inform the public of its adoption, and nothing in this section shall be construed to prevent the implementation of the rule upon such filing. [1977 ex.s. c 240 § 11; 1973 1st ex.s. c 46 § 4; 1971 ex.s. c 57 § 4.]

28B.19.050 Rules filed—Register of rules—Effective date of rules—Report of compliance. (1) Any

rules adopted after September 1, 1971 shall be filed forthwith with the office of the code reviser. The code reviser shall keep a permanent register of such rules open to public inspection.

(2) Emergency rules adopted under RCW 28B.19.040 shall become effective upon filing. All other rules hereafter adopted shall become effective upon the expiration of thirty days after the date of filing, unless a later date is required by statute or specified in the rule.

(3) The code reviser shall report to each regular session of the legislature on the state of compliance of the institutions of higher education with this section. For this purpose, all institutions of higher education shall supply the code reviser with such information as he may request. [1971 ex.s. c 57 § 5.]

28B.19.060 Prior rules—Filing—Validity. Any rules which have been adopted prior to September 1, 1971 shall be filed within six months of that date with the code reviser, who is not authorized to prescribe the form of nor required to publish such rules. Such rules shall not be valid after December 31, 1972, except that they shall continue to be valid for the purpose of proceedings pending as of that date, unless readopted pursuant to this chapter in the form and style of the code reviser: *Provided, however,* That any rules previously adopted and filed in accordance with chapter 34.04 RCW need not be refiled and they shall remain valid as though they had been adopted under this chapter. [1971 ex.s. c 57 § 6.]

28B.19.070 Publication of rules—Judicial notice. The code reviser shall as soon as practicable compile, index and publish in the Washington administrative code all rules adopted pursuant to this chapter by each institution of higher education and remaining in effect. The code reviser, in his discretion, may omit from publication in the Washington administrative code those rules the publication of which would be unduly cumbersome, expensive or otherwise inexpedient, if such rules are made available in printed or processed form on application to the adopting institution of higher education and if the Washington administrative code states the general subject matter of the rules so omitted and states how copies thereof may be obtained. Judicial notice shall be taken of rules published pursuant to this section. [1971 ex.s. c 57 § 7.]

28B.19.080 Implementing regulations of code reviser. The code reviser may prescribe regulations for carrying out the provisions of this chapter relating to the filing and publication of rules and notices of intention to adopt rules, including the form and style to be employed by the various institutions of higher education in the drafting of such rules and notices. [1971 ex.s. c 57 § 8.]

28B.19.090 Orders to conform with administrative code style, when. After the rules of institutions of higher education have been published by the code reviser all institution of higher education orders amending or rescinding such rules, or creating new rules, shall be

formulated in accordance with the style, format, and numbering system of the Washington administrative code. [1971 ex.s. c 57 § 9.]

28B.19.100 Declaratory judgment on validity of rule—Petition for—Grounds for invalidity. (1) The validity of any rule promulgated by an institution of higher education may be determined upon petition for a declaratory judgment thereon addressed to the superior court of the county in which the primary office of the institution of higher education is located, when it appears that the rule, or its threatened application, interferes with or impairs or immediately threatens to interfere with or impair, the legal rights or privileges of the petitioner. The institution shall be made a party to the proceeding. The declaratory judgment may not be rendered unless the petitioner has first requested the institution to pass upon the validity of the rule in question.

(2) In a proceeding under subsection (1) of this section, the court shall declare the rule invalid only if it finds that it violates constitutional or statutory provision or exceeds the statutory authority of the institution or was adopted without compliance with statutory rule-making procedures established by this chapter. [1971 ex.s. c 57 § 10.]

28B.19.110 Contested cases—Informal procedure—Formal hearing, when—Request for—Conduct. (1) The informal procedures heretofore established or hereafter promulgated by rule by institutions of higher education for the disposition of contested cases, may be utilized by institutions, where authorized by the governing boards of the institutions.

(2) Any person who is charged with an offense potentially punishable by suspension, or termination of his relationship with the institution and (a) who elects to waive the opportunity for an informal hearing, or (b) who by his conduct in the judgment of the hearing officer or board makes it impossible to conduct an informal hearing, or (c) who deems himself aggrieved by the disposition of any contested case following an informal proceeding undertaken pursuant to subsection (1) above, may have charges against him adjudicated in a formal hearing pursuant to RCW 28B.19.120: *Provided,* That any request for a formal hearing is directed to the president of the institution or his designee (i) within ten days after notification of the time and place of an informal hearing, or (ii) within five days after communication of the hearing officer or board chairman ruling that it is impossible to conduct an informal hearing for whatever reason, or (iii) within ten days after conclusion of the informal proceeding and notice of the final decision to the party charged with an offense.

(3) Formal procedures established or hereafter promulgated by rule by institutions of higher education for the disposition of contested cases may be utilized by such institutions where authorized by the governing board.

(4) Where a formal hearing is conducted following conclusion or termination of an informal hearing authorized by subsection (1) above, the formal hearing shall

be conducted as if the informal hearing had not commenced or taken place. [1973 1st ex.s. c 46 § 5; 1971 ex.s. c 57 § 11.]

28B.19.120 Contested cases—Informal procedures—Formal hearings—Notice—Conduct—Record—Scope.

(1) In any contested case where informal procedures authorized by RCW 28B.19.110(1) are not used and where the formal procedures are invoked because of necessity or request in accordance with RCW 28B.19.110(2), or by institutional rule in accordance with RCW 28B.19.110(3), as in section 6, chapter 46, Laws of 1973 1st ex. sess. amended, all parties shall be afforded an opportunity for hearing after not less than ten days' notice. The notice shall include:

(a) A statement of the time, place, and nature of the proceeding;

(b) A statement of the legal authority and jurisdiction under which the hearing is to be held;

(c) A reference to the particular rules of the institution involved;

(d) A short and plain statement of the matters asserted. If the institution or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter upon request a more definite and detailed statement shall be furnished.

(2) Hearings may be held or conducted by any officer or committee authorized by the president of any institution of higher education. The hearing officer or committee shall determine whether the hearing shall be open to the educational community in which it takes place, or whether particular persons should be permitted in attendance or excluded from attendance.

(3) Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved, and to examine and cross-examine witnesses.

(4) Statements, testimony, and all other evidence given at an informal proceeding authorized pursuant to RCW 28B.19.110(1) shall be confidential and shall not be subject to discovery or released to anyone, including the officer or committee conducting a formal hearing or the parties involved, or used for impeachment purposes, without permission of the person who divulged the information.

(5) Unless precluded by law, informal disposition may also be made of any contested case by stipulation, agreed settlement, consent order, or default, or other established informal procedure.

(6) The record in a contested case shall include:

(a) All documents, motions, and intermediate rulings;

(b) Evidence received or considered;

(c) A statement of matters officially noticed;

(d) Questions and offers of proof, objections, and rulings thereon;

(e) Proposed findings and exceptions; and

(f) Any decision, opinion, or report by the officer or committee chairman presiding at the hearing.

(7) Oral proceedings shall be transcribed if necessary for the purposes of rehearing, or court review. A copy of the record or any part thereof shall be transcribed and furnished to any party to the hearing upon request therefor and payment of the costs thereof.

(8) Findings of fact shall be based exclusively on the evidence and on matters officially noticed.

(9) Each institution shall adopt appropriate rules of procedure for notice and hearing informal contested cases.

(10) Institutions, or their authorized hearing officer or committee, may:

(a) Administer oaths and affirmations, examine witnesses, and receive evidence, and no person shall be compelled to divulge information which he could not be compelled to divulge in a court of law;

(b) Issue subpoenas;

(c) Take or cause depositions to be taken pursuant to rules promulgated by the institution, and no person shall be compelled to divulge information which he could not be compelled to divulge by deposition in connection with a court proceeding;

(d) Regulate the course of the hearing;

(e) Hold conferences for the settlement or simplification of the issues by consent of the parties;

(f) Dispose of procedural requests or similar matters;

(h) Take any other action authorized by rule consistent with this chapter. [1973 1st ex.s. c 46 § 6; 1971 ex.s. c 57 § 12.]

Reviser's note: Reference to section 6, chapter 46, Laws of 1973 1st ex. sess. in first paragraph is in apparent error and a result of amendment to House Bill 234 which struck section 3 of the bill but did not change internal reference in this section, section 6, to reflect deletion of section 3.

Severability—1973 1st ex.s. c 46: See note following RCW 28B.10.704.

Severability—Effective dates—1971 ex.s. c 57: See notes following RCW 28B.19.010.

28B.19.130 Contested cases—Subpoena power—Witness fees and expenses.

(1) In any contested case institutions of higher education and their officers or agents conducting hearings:

(a) Shall issue a subpoena upon the request of any party and, to the extent required by institution rule, upon a statement showing general relevance and reasonable scope of the evidence sought; and

(b) May issue a subpoena upon their own motion.

(2) The subpoena powers created by this section shall be state-wide in effect.

(3) Fees and allowances, and the cost of producing records required to be produced by institution subpoena, shall be paid by the party requesting the issuance of the subpoena.

(4) If an individual fails to obey a subpoena, or obeys a subpoena but refuses to testify when requested concerning any matter under examination or investigation at the hearing, the institution issuing the subpoena may petition the superior court of the county where the hearing is being conducted for enforcement of the subpoena.

The petition shall be accompanied by a copy of the subpoena and proof of service, and shall set forth in what specific manner the subpoena has not been complied with, and shall ask an order of the court to compel the witness to appear and testify before the hearing body. The court upon such petition shall enter an order directing the witness to appear before the court at a time and place to be fixed in such order and then and there to show cause why he has not responded to the subpoena or has refused to testify. A copy of the order shall be served upon the witness. If it appears to the court that the subpoena was properly issued and that the particular questions which the witness refuses to answer are reasonable and relevant, the court shall enter an order that the witness appear at the time and place fixed in the order and testify or produce the required papers, and on failing to obey said order the witness shall be dealt with as for contempt of court. The court may, in its discretion, require an institution or party to pay fees and allowances for witnesses in the same manner and under the same conditions as provided for witnesses in the courts of this state by chapter 2.40 RCW and RCW 5.56.010, as now or hereafter amended. [1971 ex.s. c 57 § 13.]

28B.19.140 Contested cases—Restrictions upon hearing officer or committee. Except upon notice and opportunity for all parties to be present or to the extent required for the disposition of ex parte matters as authorized by law, no institution officer or committee conducting a hearing in a contested case or preparing a decision, or proposal for decision, shall consult with any person or party on any issue of fact or law in the proceeding, except that in analyzing and appraising the record for decision any hearing officer or committee may (1) consult with officials of the institution making the decision appealed from, (2) have the aid and advice of one or more personal assistants, (3) have the assistance of other employees of the institution who have not participated in the proceeding in any manner and who are not engaged for the institution in any investigative functions in the same or any current factually related case and who are not engaged for the institution in any prosecutory functions. [1971 ex.s. c 57 § 14.]

28B.19.150 Contested cases—Appeal from final decision in formal proceeding. (1) Any party, including the institution involved, aggrieved by a final decision in a contested case where formal proceeding has been utilized, whether such decision is affirmative or negative in form, is entitled to judicial review thereof only under the provisions of this chapter, and such party may not use any other procedure to obtain judicial review of a final decision, even though another procedure is provided elsewhere by a special statute or a statute of general application. Where the institution's rules provide a procedure for rehearing or reconsideration, and that procedure has been invoked, the decision shall not be final until action has been taken thereon.

(2) Proceedings for review under this chapter shall be instituted by filing a petition in the superior court in the county wherein the primary office of the institution involved is located. All petitions shall be filed, together

with an appropriate cost bond securing payment of costs necessary to prepare the record, within thirty days after the service of the final decision by the institution. Copies of the petition shall be served upon the institution or related board and all other parties of record.

(3) The filing of the petition shall not stay enforcement of the decision being appealed. Where other statutes provide for stay or supersedeas of a decision, it may be stayed by the institution or the reviewing court only as provided therein; otherwise the institution may do so, or the reviewing court may order a stay upon such terms as it deems proper.

(4) Within thirty days after service of the petition, or within such further time as the court may allow, the institution shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review; but, by stipulation of all parties to the review proceedings, the record may be shortened. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require a [or] permit subsequent corrections or additions to the record when deemed desirable.

(5) The review shall be conducted by the court without a jury and shall be confined to the record, except that in cases of alleged irregularities in procedure before the institution now [not] shown in the record, testimony thereon may be taken in the court. The court shall, upon request, hear oral argument and receive written briefs.

(6) The court may affirm the decision appealed from, or remand the case for further proceedings; or it may reverse the decision if the substantial rights of the petitioners may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

- (a) In violation of any state or federal constitutional provision; or
- (b) In excess of the statutory authority or jurisdiction of the institution; or
- (c) Made upon unlawful procedure; or
- (d) Affected by other error of law; or
- (e) Clearly erroneous in view of the entire record as submitted and the public policy contained in the act of the legislature authorizing the decision or order; or
- (f) Arbitrary or capricious. [1971 ex.s. c 57 § 15.]

28B.19.200 Parts of chapter conflicting with federal requirements deemed inoperative. If any part of this chapter shall be found to be in conflict with federal requirements which are a condition precedent to the allocation of federal funds to the state or to an institution of higher education, such conflicting part of this chapter is hereby declared to be inoperative solely to the extent of such conflict and with respect to the institutions directly affected, and such findings or determination shall not affect the operation of the remainder of this chapter in its application to other institutions. [1971 ex.s. c 57 § 16.]

28B.19.210 Short title. RCW 28B.19.010 through 28B.19.150 and 28B.19.200 shall be referred to as the State Higher Education Administrative Procedure Act. [1971 ex.s. c 57 § 20.]

28B.19.300 Negotiations by academic personnel—Community college districts, state higher education administrative procedure act not to affect. See RCW 28B.52.100.

The amounts so certified by each regional university and The Evergreen State College shall be a prior lien and charge against all general tuition fees and above described normal school fund revenues of such institution. The state treasurer shall thereupon deposit the amounts so certified in the Eastern Washington University bond retirement fund, the Central Washington University bond retirement fund, the Western Washington University bond retirement fund, or The Evergreen State College bond retirement fund respectively, which funds are hereby created in the state treasury, such funds for the regional universities being redesignations for the Eastern Washington State College bond retirement fund, the Central Washington State College bond retirement fund, and the Western Washington State College bond retirement fund, respectively. The amounts deposited in the respective bond retirement funds shall be used exclusively to pay and secure the payment of the principal of and interest on the tuition fee bonds issued by such regional universities and The Evergreen State College as authorized by law. If in any twelve month period it shall appear that the amount certified by any such board of trustees is insufficient to pay and secure the payment of the principal of and interest on the outstanding general tuition fee and above described normal school fund revenue bonds of its institution, the state treasurer shall notify the board of trustees and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal of and interest on all such bonds then outstanding shall be fully met at all times.

28B.50.020 Purpose. The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational training, by creating a new, independent system of community colleges which will:

(1) Offer an open door to every citizen, regardless of his academic background or experience, at a cost normally within his economic means;

(2) Ensure that each community college district shall offer thoroughly comprehensive educational, training and service programs to meet the needs of both the communities and students served by combining, with equal emphasis, high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education;

(3) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training and service to meet the needs of the community and students;

(4) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training and service programs as future needs occur; and

(5) Establish firmly that community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges. retirement fund created, use—Community college capital projects account created, use—Disposition of general tuition fees. There is hereby created in the state treasury a community college bond retirement fund. Within thirty-five days from the date of start of each quarter all general tuition fees of each such community college shall be paid into the state treasury, and shall be credited as follows:

Such amounts of the funds deposited in the bond retirement fund as are necessary to pay and secure the payment of the principal of and interest on the tuition fee bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding general tuition fee bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

The sums deposited in the capital projects account shall be appropriated and expended exclusively for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community college education in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and for the payment of principal of and interest on any bonds issued for such purposes.

(3) Notwithstanding the provisions of subsections (1) and (2) above, at such time as all outstanding tuition fee bonds of the college board payable from the community college bond retirement fund have been paid, redeemed, and retired, or at such time as ample provision has been made by the state for full payment, from some source other than the community college bond retirement fund, of the principal of and the interest on and call premium, if applicable, of such bonds as they mature and/or upon their call prior to their maturity, through refunding or otherwise, that portion of all general tuition fees of the community colleges equal to the amount required to pay yearly debt service on any general obligation bonds issued by the state in accordance with Article VIII, section 1, Washington state Constitution, for community college purposes, shall be paid into the general fund of

the state treasury. The state finance committee shall determine whether ample provision has been made for payment of such bonds payable from the said bond retirement fund and shall determine the amount required to pay yearly debt service on such general obligation bonds of the state. Nothing in this subsection shall be construed as obligating the legislature or the state to provide for payment of such community college tuition fee bonds from some source other than the community college bond retirement fund or as pledging the general credit of the state to the payment of such bonds. The capital fund resources of the state community college system are not adequate to meet the facility needs of today's students. A determination of the facility needs of each college has been made through the uniform application of guidelines developed by the state board for community college education to evaluate facility needs. [1972 ex.s. c 133 § 1.]

These bonds shall be paid and discharged within twenty years of the date of issuance, or within thirty years, should Article VIII of the Constitution of the state of Washington be amended to permit such longer term. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of such bonds to be sold. [1977 ex.s. c 242 § 5; 1972 ex.s. c 133 § 2.]

28B.56.030 Community college capital improvements account—Created—Deposits in—Use of funds from. [1972 ex.s. c 133 § 3.]

28B.56.040 Proceeds from bond sale—Administration and expenditure. The proceeds from the sale of bonds deposited in the community college capital improvements account shall be administered and expended by the state board for community college education subject to legislative appropriation. [1972 ex.s. c 133 § 4.]

28B.56.050 "Community college facilities" defined. [1972 ex.s. c 133 § 7.]

Reviser's note: Chapter 28B.56 RCW was adopted and ratified by the people at the November 7, 1972 general election (Referendum Bill No. 31). Governor's proclamation declaring approval of measure is dated December 7, 1972.

28B.56.080 Form, terms, conditions and manner of sale and issuance—Limitation. The state finance committee shall, on or before June 30 of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements, and on July 1 of each year, the state treasurer shall deposit such amount in the community college capital improvements bond redemption fund of 1972 from moneys transmitted to the state treasurer by the department of revenue and certified by the department of revenue to be retail sales tax collections. Such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest.

The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein. [1972 ex.s. c 133 § 10.]

28B.60.010 Authorized—Qualifications. Any area served by a community college district which also contains extensive buildings, facilities and property suitable for meeting the needs of the district, which are available to the district because of the closure of a major United States Air Force base formerly used by the strategic air command of the United States Air Force, shall be eligible to become a community college development district (hereinafter in this chapter referred to as "development district" or "district"). [1969 ex.s. c 223 § 28B.60.010. Prior: 1967 c 103 § 2. Formerly RCW 28.86.010.]

28B.60.020 Benefits recognized as proper for assessment purposes. Education has long been recognized as a means of advancing not only the cultural standards of the community, but also to raise the economic standards as well. The development of community college facilities located within a reasonable distance of the lands of the development district and designed to meet the economic needs of the development district, has a direct economic benefit to property values of such district, as well as to the people living within the district. Because the philosophy of the community college is directly geared to meet the needs of the community and because of the aforesaid special benefit to property, it is proper to allow the area served by the development district to provide some of the funds needed for development and operation through assessments on property located within the district by means of the petitioning and voting procedures described in this chapter. [1969 ex.s. c 223 § 28B.60.020. Prior: 1967 c 103 § 3. Formerly RCW 28.86.020.]

28B.60.030 Title holders necessary to propose district organization—Powers upon organization. Whenever fifty of the holders of title to, or of evidence of title to land that could be benefited by the services and facilities, training and information that could be supplied by a development district, desire to organize a development district for any or all of the purposes mentioned in chapter 28B.50 RCW, they may propose the organization of a community college development district in the manner provided herein; and when so organized such

district shall have all the powers that may now or hereafter be conferred by law. [1969 ex.s. c 223 § 28B.60.030. Prior: 1967 c 103 § 4. Formerly RCW 28.86.030.]

28B.60.040 Purposes for district organization and maintenance. A development district may be organized or maintained for any or all of the following purposes:

(1) To provide funds to help enable any community college located within the district to develop and operate buildings, facilities and property acquired from the United States of America when the federal government has closed down a major United States Air Force base formerly operated by the strategic air command.

(2) The performance of all things necessary to enable the district to exercise the powers herein expressly or impliedly granted. [1969 ex.s. c 223 § 28B.60.040. Prior: 1967 c 103 § 5. Formerly RCW 28.86.040.]

28B.60.050 Petition to organize—Contents—Bond for costs—Presentation of petition, notice of—Investigation and report by community college official. For the purpose of organizing a development district, a petition, signed by the required number of holders of title or evidence of title to land within the proposed district shall be presented to the board of county commissioners of the county in which the proposed district or the greater portion thereof, is situated, which petition shall contain the following:

(1) A description of the lands to be included in the operation of the district, in legal subdivisions or fractions thereof, and the name of the county or counties in which said lands are situated.

(2) The signature and post office address of each petitioner, together with the legal description of the particular lands within the proposed district owned by said respective petitioners.

(3) A general statement of the probable location of the community college facilities, either existing or planned, and a brief outline of the plan of improvements contemplated by the organization of the district.

(4) A statement of the number of directors, either three or five, desired for the administration of the district and of the name by which the petitioners desire the district to be designated.

(5) Any other matter deemed material.

(6) A prayer requesting the board to take the steps necessary to organize the district.

The petition must be accompanied by a good and sufficient bond, to be approved by the board of county commissioners, in double the amount of the probable cost of organizing the district, and conditioned that the bondsmen will pay all of the costs in case such organization shall not be effected. Said petition shall be presented at a regular meeting of the said board, or at any special meeting ordered to consider and act upon said petition, and shall be published at least once a week during the three weeks (three issues) before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county or counties where said petition is to be presented, together with a notice signed by the clerk of the board of county commissioners stating the time of the meeting at

which the same will be presented. The board shall, in addition to publishing as provided herein, cause a copy of the notice to be mailed to the address for each parcel of property located within the district as set forth in the property rolls of each county treasurer's office servicing land within the district. However, failure to receive actual notice shall not exempt any land or property from being included in the district.

In the event that the boundaries of the contemplated development district lie within more than one county, the petition shall be presented in the same manner before the board of county commissioners of each county and the procedures for notice and publication prescribed for one county shall be followed in each county. However, the time of hearing shall be arranged so that the county commissioners from the county which has the smallest area of the proposed district may attend the hearing in the other county, if they should so desire. The said notice, together with a map of the district, shall also be served by registered mail at least thirty days before the said hearing upon the chief educational officer for community colleges at Olympia, Washington, who shall, at the expense of the district in case it is later organized, otherwise at the expense of the petitioners' bondsmen, make such investigation of the proposed plans of the community college development district as he may deem necessary, and file a report of his findings together with a statement of his costs, with the board of county commissioners at or prior to the time or times set for said hearing or hearings. [1969 ex.s. c 223 § 28B.60.050. Prior: 1967 c 103 § 6, part. Formerly RCW 28.86.050, part.]

28B.60.055 Hearing on petition and determination—District boundaries, name—Election on, notice of. When the petition is presented, the board of county commissioners of the county containing the largest area of the proposed district shall hear the same, shall receive such evidence as it may deem material, and may adjourn such hearing from time to time, not exceeding four weeks in all, and on the final hearing shall, if it deems it advisable, establish and define the boundaries of the district along such lines as in the judgment of the board will best benefit the lands involved and enter an order to that effect: *Provided*, That no lands shall be included in the district which in the judgment of the board will not be benefited. At said final hearing, the board shall also give the district a name and shall order that an election be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this chapter, and for the purpose of electing directors.

The clerk of the board of county commissioners shall then give notice of the election ordered to be held as aforesaid, which notice shall describe the district boundaries as established, and shall give the name by which said proposed district has been designated, and shall state the purposes and objects of said election, and shall be published once a week during the three weeks (three issues) prior to said election, in a newspaper of general circulation published in the county or counties where the petition aforesaid was presented; and if any portion of

said proposed district lies within another county or counties, then said notice shall be published by the clerk of each board of county commissioners in a newspaper within each of said counties. Said election notice shall also require the electors to cast ballots which shall contain the words "Community College Development District—Yes", and "Community College Development District—No", and also the names of persons to be voted for as directors of the district: *Provided*, That where in this chapter publication is required to be made in a newspaper of any county, the same may be made in a newspaper of general circulation in such county, selected by the person or body charged with making the publication and such newspaper shall be the official paper for such purpose. After the district boundaries have been established by the board of county commissioners, the commissioners shall, in addition to publishing as provided herein, cause a copy of the notice to be mailed to the address for each parcel of property located within the proposed district as set forth in the property rolls of each county treasurer's office servicing land within the district. However, failure to receive actual notice shall not exempt any land or property from being included in the district. [1969 ex.s. c 223 § 28B.60.055. Prior: 1967 c 103 § 6, part. Formerly RCW 28.86.050, part.]

28B.60.060 Election procedure—Generally. All elections on the question of organizing development districts, whether general or special, for any district purpose and in any county of the state, shall be called, noticed, and conducted in accordance with the laws of the state relating to the elections of the boards of county commissioners except that the specific requirements as to electors in RCW 28B.60.080 shall determine who shall be eligible to vote.

If the proposed district boundaries lie in more than one county, the majority of county commissioners in each county may call for a joint election, and thereafter the election shall be called, noticed and conducted and the votes canvassed, jointly. [1969 ex.s. c 223 § 28B.60.060. Prior: 1967 c 103 § 7. Formerly RCW 28.86.060.]

28B.60.070 Election procedure—Majority of electors casting ballots decide issues. Any question as to the formation of a district, or the election of directors, or any other question brought up for a vote, shall be decided by a majority vote of the electors actually casting their ballots at the time of the election. [1969 ex.s. c 223 § 28B.60.070. Prior: 1967 c 103 § 8. Formerly RCW 28.86.070.]

28B.60.080 Election procedure—Persons entitled to vote—Opening of registration books prior to election—Evidence of title of and oath of eligible elector—Auditor to conduct election, receive compensation. Only owners of real property shall be entitled to vote. The owner shall be deemed to be the person who has, or is acquiring title to real property located in the district, and who would be required to pay any assessments levied, to avoid losing his title to the property. Owners of property shall be entitled to register with the county auditor of the county or counties having

land included in the petition for organization, or, for later voting, shall have land within the district. The county auditor or auditors shall open the registration books sixty days prior to the date of any election called by the county commissioners, or later, by the directors of the district, once the district is formed. The county auditor or auditors shall keep the registration books open during regular business hours for a period of thirty days and close said books at least twenty-eight days prior to the date of the election. Each person registering as an elector eligible to vote in any district election shall bring some evidence of title of land owned, and including a description of the property owned. The county auditor shall note the name and land described and cause the person registering to sign an oath that he has, or is, acquiring title to said described real estate and is entitled to vote thereon. The county auditor shall be entitled to rely on the sworn information provided, without checking the chain of title. The person so registering shall be entitled to vote at the election called for the organization of a development district. A like registration shall be held at any future election called for such purpose. The county auditor shall conduct any such election and shall be given reasonable compensation for his, or their, services by the bondsmen, or the district, if it is formed. [1969 ex.s. c 223 § 28B.60.080. Prior: 1967 c 103 § 10. Formerly RCW 28.86.080.]

28B.60.090 Duration of district—Election to continue or abolish, procedure, notice of. The development district shall continue for four years if voted into existence by a majority of the electors in the proposed boundaries. After four years, the county auditors in the county or counties who conducted the first election shall call and conduct new elections and shall give notice by publishing and mailing a notice of election as was done for the original election. If a majority of the electors then vote against continuance of the district, the district shall be abolished. If a majority of the electors vote for continued existence of the district, the district shall continue indefinitely with all of its rights, duties, and powers, unless abolished at an election called, noticed, and conducted as the organizational election. [1969 ex.s. c 223 § 28B.60.090. Prior: 1967 c 103 § 9. Formerly RCW 28.86.090.]

28B.60.100 Directors of community college district as development district directors—Powers and duties. The directors of the development district shall be the same as the directors of any community college district which may be formed within all or any part of the land included in the development district. The directors shall retain all prior rights and authority heretofore granted to them, or hereafter granted to them, as directors of the community college district, under any law of the state of Washington now passed, or passed in the future. The directors of the development district shall also have the authority to build, repair, improve, replace, and operate any buildings, facilities or equipment located on land acquired from the United States government and which had formerly been used as a United States Air Force base by the strategic air command of the United States

Air Force. In particular, the directors shall be enabled to use said buildings, property, and facilities, for classrooms, dormitories, eating facilities, and any other purpose suitable for carrying out the development district's program. [1969 ex.s. c 223 § 28B.60.100. Prior: 1967 c 103 § 11. Formerly RCW 28.86.100.]

28B.60.110 Special assessment, limitations on—Collection—Excess levy authorization, election on, procedure. The directors of the development district shall be empowered to specially assess land located in the district for the benefits thereto, taking as a base the last equalized assessment for county purposes: *Provided*, That such assessment shall not exceed one mill upon said assessed valuation without securing authorization by vote of the electors of the district in an election held for that purpose. The directors shall give notice of such an election, for the time and in the manner and form provided, for development district elections. The manner of conducting the voting at such an election, opening and closing the polls, canvassing the votes, certifying the returns, and declaring the results, shall be the same as the elections for the board of county commissioners, except as specifically modified by law.

The special assessment provided for herein shall be due and payable at such time and in such amounts as designated by the district directors, which designation shall be made to the county auditor in writing, and the amount so designated shall be added to the general taxes and entered upon the assessment rolls in his office and collected therewith. [1969 ex.s. c 223 § 28B.60.110. Prior: 1967 c 103 § 12. Formerly RCW 28.86.110.]

28B.60.120 Chapter not to change status of community college district nor allow agreements preventing change in boundaries of any such district. Nothing in this chapter shall be construed as causing a community college district to become a taxing district or a municipal corporation, and nothing herein shall be construed to allow any contractual agreements which would prevent any change in the boundaries of any community college district. [1969 ex.s. c 223 § 28B.60.120. Prior: 1967 c 103 § 14. Formerly RCW 28.86.120.]

Article VII

The Commission shall adopt a seal and bylaws and shall adopt and promulgate rules and regulations for its management and control.

The chairman may call such additional meetings and upon the request of a majority of the commissioners of three or more compacting states or territories shall call additional meetings.

The Commission shall submit a budget to the governor of each compacting state and territory at such time and for such period as may be required.

The Commission shall, after negotiations with interested institutions, determine the cost of providing the facilities for graduate and professional education for use in its contractual agreements throughout the Region.

On or before the fifteenth day of January of each year, the Commission shall submit to the governors and

legislatures of the compacting states and territories a report of its activities for the preceding calendar year.

The Commission shall keep accurate books of account, showing in full its receipts and disbursements, and said books of account shall be open at any reasonable time for inspection by the governor of any compacting state or territory or his designated representative. The Commission shall not be subject to the audit and accounting procedure of any of the compacting states or territories. The Commission shall provide for an independent annual audit.

Article VIII

It shall be the duty of the Commission to enter into such contractual agreements with any institutions in the Region offering graduate or professional education and with any of the compacting states or territories as may be required in the judgment of the Commission to provide adequate services and facilities of graduate and professional education for the citizens of the respective compacting states or territories. The Commission shall first endeavor to provide adequate services and facilities in the fields of dentistry, medicine, public health and veterinary medicine, and may undertake similar activities in other professional and graduate fields.

Such withdrawal shall not become effective until two years after written notice thereof by the governor of the withdrawing state or territory accompanied by a certified copy of the requisite legislative action is received by the Commission. Such withdrawal shall not relieve the withdrawing state or territory from its obligations hereunder accruing prior to the effective date of withdrawal. The withdrawing state or territory may rescind its action of withdrawal at any time within the two-year period. Thereafter the withdrawing state or territory may be reinstated by application to and the approval by a majority vote of the Commission.

Unless such default shall be remedied within a period of two years following the effective date of such default, this compact may be terminated with respect to such defaulting state or territory by affirmative vote of three-fourths of the other member states or territories.

Any such defaulting state may be reinstated by (a) performing all acts and obligations upon which it has heretofore defaulted, and (b) application to and the approval by a majority vote of the Commission. [1969 ex.s. c 223 § 28B.70.020. Prior: 1955 c 214 § 2. Formerly RCW 28.82.020.]

28B.80.020 Purpose. The purpose of the council is as follows: The four year educational institutions, under the autonomous governance of their governing boards, and operating within guidelines set by statute for particular institutions of higher education, have responded to the many kinds of educational needs of the people of a dynamic and growing state. They have evolved a wide array of educational services of benefit to students enrolled in degree and certificate courses, to adults returning to educational institutions for various kinds of continuing

education needed to update skills and understandings in a changing world, and to government agencies, business, labor professions, and associations. The state has been well served by the delegation to the institutions of a large measure of autonomy which has enabled them to cooperate in achieving educational and operating effectiveness. Opportunity for such institutional initiative and institutional voluntary cooperation should be preserved and encouraged to the largest possible extent.

With the increase in the number of postsecondary institutions and in the scope, variety, and extent of education demanded of the institutions by the people of a dynamic state and the evident need to maintain articulation and coordination among the parts of a more complex system of postsecondary education, it is desirable to establish a council to facilitate planning for postsecondary education.

To assure maximum effectiveness of the agency, its deliberations should be participated in by representatives of the governor, the public, and the institutions, agencies, and systems of public and private postsecondary education. [1975 1st ex.s. c 132 § 2; 1969 ex.s. c 277 § 2. Formerly RCW 28.89.020.]

Effective date—Severability—1975 1st ex.s. c 132: See notes following RCW 28B.80.010.

28B.80.030 Functions generally. The council may perform any of the following functions:

(1) Engage in overall planning for postsecondary education in the state, which shall include the collection and analysis of necessary data from public, and where appropriate private institutions of postsecondary education. The purpose shall be to:

(a) Assess and define the educational needs of the state to be served by postsecondary education;

(b) Recommend and coordinate studies to ascertain how defined educational needs are being met;

(c) Study and make recommendations concerning adult education, continuing education, public service and postsecondary educational programs;

(d) Identify priorities among the defined needs and specify the resources necessary to meet them;

(e) Differentiate roles of the community college system and the individual public institutions and identify the most effective division of responsibility among them in meeting defined needs. To facilitate this, review and recommend the creation of all new degrees and recommend which institutions shall award them; and evaluate proposals for the elimination of existing degrees. Identify changing conditions which may require the revision of these roles and division of responsibility of the institutions.

There is hereby established a commission for vocational education comprised of seven members, each of which shall be a voting member. The chairman shall be a citizen member chosen by a majority of its members pursuant to its bylaws. Five citizen members shall be appointed by the governor and confirmed by the state senate. The superintendent of public instruction and the director of the state board for community college education shall serve as the remaining two members. In making citizen member appointments initially, and subsequently thereafter, the governor shall be cognizant of the desirability of appointing persons well versed regarding vocational and occupational needs of management, labor, and agriculture.

The initial citizen appointments shall be for periods of one, two, three, four, and five years. Thereafter such citizen members shall serve for terms of five years. No citizen member shall be eligible to serve who is also a member of a state or local educational agency, board, council or commission, or who is employed by a common school or institution of higher education.

Four members shall constitute a quorum, and no action shall be taken by less than four affirmative votes. [1975 1st ex.s. c 174 § 3.]

28C.04.040 Commission—Functions. The commission for vocational education shall have the following functions:

(1) Plan development. The commission shall be responsible for complying with federal directives to insure the development and maintenance of a state plan for vocational education but initial planning shall be accomplished by the secondary and postsecondary education systems. Prior to the adoption of the state plan, the commission shall request comments from the council on higher education and the advisory council for vocational education.

(2) State plan modification adjudication. Decisions on new programs and/or facilities for vocational education shall be made internally within the respective secondary or postsecondary education system in accordance with the provisions of the state plan. The commission may review such decisions to insure compliance with the state plan and avoid unnecessary duplication of current or projected programs.

Any common school or community college district, or the superintendent of public instruction, or the state board for community college education, or other interested parties as authorized by the commission, shall be afforded the opportunity to comment upon any new programs or facilities proposed. The commission, subject to dispute resolution rules adopted by said commission, shall have the final determination on any disputes arising out of such program proposals.

In adjudicating disputes between the two secondary and postsecondary education systems regarding the state plan, the commission will use at least the following criteria: Recognition that secondary education is constitutionally the responsibility of the superintendent of public instruction and that by legislative action postsecondary education is the responsibility of institutions of higher education; adhere to the general policy set forth in the state plan; consider the particular vocational need of the community, region, or state and whether the common school or community college, or both, can best respond to those needs; encourage cooperation and coordination rather than competition and program conflict between secondary and postsecondary education systems; consider the desires and preferences of the residents of the immediate program service area and of the representatives of the fields of management, labor, and agriculture which benefit from possible program offerings; and avoid unnecessary duplication of vocational education programs and facilities.

(3) Vocational education administration. The commission shall be the sole agency for the receipt and allocation of federal funds in accordance with the state plan. The supervision of the state plan shall be carried out by the commission; however, daily administration of the state plan shall be primarily the responsibility of the superintendent of public instruction and the state board for community college education: *Provided*, That the commission shall review and approve state plan development proposals or special programs requiring personal service contracts, and activities beyond the program responsibilities of the superintendent of public instruction and the state board for community college education.

Under the state plan the commission shall make periodic compliance audits at least once a biennium of the vocational education programs individually and jointly conducted by the common schools and community colleges to insure compliance with the state plan.

The commission shall be the primary state liaison with the federal government for the state plan for vocational education. [1975 1st ex.s. c 174 § 4.]
