MESSAGE FROM THE HOUSE

April 26, 2025

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5393 with the following amendment(s): 5393-S AMH PENN WICM 829

0.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 71A.20.020 and 2011 1st sp.s. c 30 s 5 are each amended to read as follows:

(1) Except as provided in ((subsection)) subsections (2) and (3) of this section, the following residential habilitation centers are permanently established to provide services to persons with developmental disabilities: Lakeland Village, located at Medical Lake, Spokane county; Rainier School, located at Buckley, Pierce county; Yakima Valley School, located at Selah, Yakima county; and Fircrest School, located at Seattle, King county.

(2) The Yakima Valley School, located at Selah, Yakima county, shall cease to operate as a residential habilitation center when the conditions in RCW ((71A.20.180(2)(b))) 71A.20.180(1)(a) are met.

(3) The Rainier school, located at Buckley, Pierce county shall cease to operate as a residential habilitation center when the conditions in section 2(5) of this act are met.

NEW SECTION. Sec. 2. A new section is added to chapter 71A.20 RCW to read as follows:

(1)(a) Except as provided in subsection (2) of this section, as of the effective date of this section, no new long-term admissions are permitted at the Rainier school, located at Buckley, Pierce County.

(b) Except as provided in subsection (2) of this section, as of June 30, 2027, no admissions of any kind are permitted at the Rainier school, located at Buckley, Pierce county.

(2) Until the conditions in subsection (5) of this section are met, a former long-term resident of the Rainier school who moves to a community-based setting after the effective date of this section shall be offered the right to return to the Rainier school once during the first year following their move to the community and this shall not be considered a new admission for purposes of subsection (1) of this section. If a former resident of the Rainier school exercises the right to return established in this subsection (2), any additional request to return to the Rainier school after a second move to the community shall be reviewed by the department and must be approved by the secretary, based on the recommendation from a multi-disciplinary care team. In addition to the right to return established in this subsection (2), any former resident of the Rainier school maintains the right to return to a residential habilitation center established in RCW 71A.18.040 and the right to residential habilitation center services when determined eligible.

(3)(a) The department shall:

(i) Provide state-operated living alternatives to residential habilitation center residents transitioning to the community from the Rainier school who prefer a state-operated community residential service;

(ii) Use supported living program and adult family home capacity in the community for residents of the Rainier school who prefer and choose these settings;

(iii) Provide space at other residential habilitation centers to residents of the Rainier school who prefer a different residential habilitation center setting; and

(iv) Offer employees of the Rainier school opportunities to work in state-operated living alternatives and other state facilities and programs.

(b) Sufficient funding shall be appropriated to the department to fulfill the requirements of this subsection (3).

(4) When assisting individuals who are transitioning out of the Rainier school the department shall:

(a) Offer each individual resident a meaningful choice of appropriate alternative placements;

(b) Prioritize client choice, autonomy, individual preferences, medical and behavioral health care needs, and opportunities for community integration;

(c) Develop individualized transition plans in collaboration with each resident and their family or legal guardian, caregivers, and support providers;

(d) Coordinate closely with other state agencies, local entities, health care providers, and community stakeholders to ensure seamless transitions;

(e) Provide or contract for all necessary assessments, planning, relocation expenses, housing modifications, staff training, crisis support, and related transition activities; and

(f) Implement robust oversight and accountability measures related to the transitions, and regularly monitor transition outcomes, as well as individual well-being and satisfaction.

(5) The Rainier school, located at Buckley, Pierce County shall continue to operate as a residential habilitation center until such time that the census of long-term residents has reached zero persons.

(6) "Closure" for purposes of this act means prohibiting new admissions as described in subsection (1) of this section.

NEW SECTION. Sec. 3. (1) The department of social and health services shall, in compliance with RCW 43.01.036, submit a report to the appropriate committees of the legislature on December 1, 2025, June 1, 2026, December 1, 2026, June 1, 2027, June 1, 2028, and annually thereafter that provides the information described in subsection (2) of this section.

(2) The report required under subsection (1) of this section must include the following:

(a) A point in time description of the capacity for all residential settings for clients of the developmental disabilities administration within the department of social and health services;

(b) The number of former residents who have transitioned out of the Rainier school after the effective date of this section and the type of setting that the person transitioned to, including additional transitions from the initial placement;

(c) The number of deaths of former residents who have transitioned out of the Rainier school after the effective date of this section and into other residential settings supported by the developmental disabilities administration;

(d) The geographic distribution of residential placements across all existing residential placements for clients of the developmental disabilities administration within the department of social and health services; and

(e) Information regarding former Rainier school employees who have transitioned to other state employment, left the industry, or transitioned to private sector employment after the effective date of this section.

(3) This section expires July 1, 2030.

NEW SECTION. Sec. 4. A new section is added to chapter 43.382 RCW to read as follows:

(1) By November 1, 2028, and in compliance with RCW 43.01.036, the office of the developmental disability ombuds shall submit a report to the appropriate committees of the legislature that includes summaries of resident, parent, and guardian feedback regarding transition of residents out of the Rainier school following the effective date of this section.

(2) This section expires July 1, 2029.

NEW SECTION. Sec. 5. The department of social and health services shall, within available funds, hold a public comment period to solicit feedback for the purpose of identifying strategies to mitigate the impact of the closure described in section 2 of this act on the communities that are most directly affected. The public comment period must be at least 90 days and must conclude no later than November 1, 2025."

and the same are herewith transmitted.

REPORT OF THE CONFERENCE COMMITTEE

Engrossed House Bill No. 1217

April 26, 2025

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed House Bill No. 1217, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"PART I RESIDENTIAL LANDLORD-TENANT ACT

NEW SECTION. **Sec. 101.** A new section is added to chapter 59.18 RCW to read as follows:

(1)(a) Except as authorized by an exemption under section 102 of this act, a landlord may not increase the rent for any type of tenancy, regardless of whether the tenancy is month-to-month or for a term greater or lesser than month-to-month:

(i) During the first 12 months after the tenancy begins; and

(ii) During any 12-month period of the tenancy, in an amount greater than seven percent plus the consumer price index, or 10 percent, whichever is less.

(b) This subsection (1) does not prohibit a landlord from adjusting the rent by any amount after a tenant vacates the dwelling unit and the tenancy ends.

(c) Beginning June 1, 2025, and annually thereafter, the department of commerce shall calculate the maximum annual rent increase percentage allowed under (a) of this subsection for the following calendar year and publish the information on their website and in a press release. For the purposes of this subsection, "consumer price index" means the June 12-month percent change in the consumer price index for all urban consumers, all items, for the Seattle area as published by the United States bureau of labor statistics.

(2) If a landlord increases the rent above the amount allowed in subsection (1) of this section as authorized by an exemption under section 102 of this act, the landlord must include facts supporting any claimed exemptions in the written notice of the rent increase. Notice must comply with this section, section 103 of this act, RCW 59.18.140, and be served in accordance with RCW 59.12.040.

(3) If a landlord increases rent above the amount allowed in subsection (1) of this section and the increase is not authorized by an exemption under section 102 of this act, the tenant must offer the landlord an opportunity to cure the unauthorized increase by providing the landlord with a written demand to reduce the increase to an amount that complies with the limit created in this section. In addition to any other remedies or relief available under this chapter or other law, the tenant may terminate the rental agreement at any time prior to the effective date of the increase by providing the landlord with written notice at least 20 days before terminating the rental agreement. If a tenant terminates a rental agreement under this subsection, the tenant owes rent for the full month in which the tenant vacates the dwelling unit. A landlord may not charge a tenant any fines or fees for terminating a rental agreement under this subsection.

(4)(a) Except as provided in (b) of this subsection, a landlord may not include terms of payment or other material conditions in a rental agreement that are more burdensome to a tenant for a month-to-month rental agreement than for a rental agreement where the term is greater or lesser than month-to-month, or vice versa.

(b) A landlord must provide parity between lease types with respect to the amount of rent charged for a specific dwelling unit. For the purposes of this subsection, "parity between lease types" means that, for leases or rental agreements that a landlord offers for a specific dwelling unit, the landlord may not charge a tenant more than a five percent difference in rent depending on the type of lease or rental agreement offered, regardless of whether the type of lease or rental agreement offered is on a month-to-month or other periodic basis or for a specified period. This five percent difference may not cause the rent charged for a specific dwelling unit to exceed the rent increase limit in subsection (1) of this section.

(5)(a) A tenant or the attorney general may bring an action in a court of competent jurisdiction to enforce compliance with this section or section 102 of this act, section 103 of this act, or RCW 59.18.140. If the court finds that a landlord violated any of the laws listed in this subsection, the court shall award the following damages to the tenant and attorneys' fees and costs to the tenant who brings the action or the attorney general:

(i) Damages in the amount of any excess rent, fees, or other costs paid by the tenant;

(ii) Damages in an amount of up to three months of any unlawful rent, fees, or other costs charged by the landlord; and

(iii) Reasonable attorneys' fees and costs incurred in bringing the action.

(b) The attorney general may bring an action under this subsection notwithstanding whether the tenant has offered the landlord an opportunity to cure, and may recover civil penalties of not more than \$7,500 for each violation in addition to other remedies provided by this subsection. The attorney general may issue written civil investigative demands for pertinent documents, answers to written interrogatories, or oral testimony as required to investigate or bring an action under this subsection.

(6) The remedies provided by this section are in addition to any other remedies provided by law.

(7) A landlord may not report the tenant to a tenant screening service provider for failure to pay the portion of the tenant's rent that was unlawfully increased in violation of this section.

(8) This section expires July 1, 2040.

NEW SECTION. Sec. 102. A new section is added to chapter 59.18 RCW to read as follows:

(1) A landlord may increase rent in an amount greater than allowed under section 101 of this act only as authorized by the exemptions described in this section. Rent increases are not limited by section 101 of this act for any of the following types of tenancies:

(a) A tenancy in a dwelling unit for which the first certificate of occupancy was issued 12 or less years before the date of the notice of the rent increase.

(b) A tenancy in a dwelling unit owned by a:

(i) Public housing authority;

(ii) Public development authority;

(iii) Nonprofit organization, where maximum rents are regulated by other laws or local, state, or federal affordable housing program requirements; or

(iv) Nonprofit entity, as defined in RCW 84.36.560, where a nonprofit organization, housing authority, or public development authority has the majority decision-making power on behalf of the general partner, and where maximum rents are regulated by other laws or local, state, or federal affordable housing program requirements.

(c) A tenancy in a qualified low-income housing development as defined in RCW 82.45.010, where the property is owned by any of the organizations described in (b)(i) through (iv) of this subsection.

(d) A tenancy in a qualified low-income housing development which was allocated federal low-income housing tax credits authorized under 26 U.S.C. Sec. 42 or successor statute, by the Washington state housing finance commission or successor state-authorized tax credit allocating agency, so long as there is an enforceable regulatory agreement with the Washington state housing finance commission under the low-income housing tax credit program.

(e) A tenancy in a dwelling unit in which the tenant shares a bathroom or kitchen facility with the owner who maintains a principal residence at the residential real property.

(f) A tenancy in a single-family owner-occupied residence, including a residence in which the owner-occupant rents or leases no more than two units or bedrooms including, but not limited to, an attached or detached accessory dwelling unit.

(g) A tenancy in a duplex, triplex, or fourplex in which the owner occupied one of the units as the owner's principal place of residence at the beginning of the tenancy, so long as the owner continues the occupancy.

(2) Subsection (1)(e) through (g) of this section only apply where the owner is not any of the following:

(a) A real estate investment trust, as defined in section 856 of

the internal revenue code;

(b) A corporation; or

(c) A limited liability company in which at least one member is a corporation.

(3) This section expires July 1, 2040.

NEW SECTION. Sec. 103. A new section is added to chapter 59.18 RCW to read as follows:

(1)(a) Except as provided in subsection (2) of this section, a landlord must provide a tenant with notice of rent increases in a form that is substantially the same as the form provided in subsection (3) of this section.

(b) Notice under this section must also:

(i) Comply with the requirements in RCW 59.18.140 related to the number of days of prior written notice required for a rent increase; and

(ii) Be served in accordance with RCW 59.12.040.

(2) The notice of rent increase requirement in this section does not apply if the rental agreement governs a subsidized tenancy where the amount of rent is based on, in whole or in part, a percentage of the income of the tenant or other circumstances specific to the subsidized household. However, for purposes of this section, a subsidized tenancy does not include tenancies where some or all of the rent paid to the landlord comes from a portable tenant-based voucher or similar portable assistance administered through a housing authority or other state or local agency, or tenancies in other types of affordable housing where maximum unit rents are limited by area median income levels and a tenant's base rent does not change as the tenant's income does.

(3) "TO TENANT(S): (tenant name(s))

AT ADDRESS: (tenant address)

RENT AND FEE INCREASE NOTICE TO TENANTS

This notice is required by Washington state law to inform you of your rights regarding rent and fee increases. Your rent or rental amount includes all recurring and periodic charges, sometimes referred to as rent and fees, identified in your rental agreement for the use and occupancy of your rental unit. Washington state limits how much your landlord can raise your rent and any other recurring or periodic charges for the use and occupancy of your rental unit.

(1) Your landlord can raise your rent and any other recurring or periodic charges identified in the rental agreement for use and occupancy of your rental unit once every 12 months by up to seven percent plus consumer price index, or 10 percent, whichever is less, as allowed by section 101 of this act. Your landlord is not required to raise the rent or other recurring or periodic charges by any amount.

(2) Your landlord may be exempt from the limit on increases for rent and other recurring or periodic charges for the reasons described in section 102 of this act. If your landlord claims an exemption, your landlord is required to include supporting facts with this notice.

(3) Your landlord must properly and fully complete the form below to notify you of any increases in rent and other recurring or periodic charges and any exemptions claimed.

Your landlord (name) intends to (check one of the following):

☐ Raise your rent and/or other recurring or periodic charges:

Your total increase for rent and other recurring or periodic charges effective (date) will be (percent), which totals an additional \$(dollar amount) per month, for a new total amount of \$(dollar amount) per month for rent and other recurring or periodic charges.

This increase for rent and/or other recurring or periodic charges is allowed by state law and is (check one of the following):

☐ A lower increase than the maximum allowed by state law.

☐ The maximum increase allowed by state law.

☐ Authorized by an exemption under section 102 of this act.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

If the increase is authorized by an exemption, your landlord must fill out the section of the form below.

EXEMPTIONS CLAIMED BY LANDLORD

I (landlord name) certify that I am allowed under Washington state law to raise your rent and other recurring or periodic charges by (percent), which is more than the maximum increase otherwise allowed by state law, because I am claiming the following exemption under section 102 of this act (check one of the following):

— The first certificate of occupancy for your dwelling unit was issued on (insert date), which is 12 or less years before the date of this increase notice for rent and other recurring or periodic charges. (The landlord must include facts or attach documents supporting the exemption.)

— You live in a dwelling unit owned by a public housing authority, public development authority, or nonprofit organization where maximum rents are regulated by other laws or local, state, or federal affordable housing program requirements, or a qualified low-income housing development as defined in RCW 82.45.010, where the property is owned by a public housing authority, public development authority, or nonprofit organization. (The landlord must include facts or attach documents supporting the exemption.)

— You live in a qualified low-income housing development which was allocated federal low-income housing tax credits by the Washington state housing finance commission and there is an enforceable regulatory agreement under the low-income housing tax credit program. (The landlord must include facts or attach documents supporting the exemption.)

— You live in a dwelling unit in which you share a bathroom or kitchen facility with the owner, and the owner maintains a principal residence at the residential real property. (The landlord must include facts or attach documents supporting the exemption.)

— You live in a single-family owner-occupied residence in which the owner-occupant rents or leases no more than two units or bedrooms including, but not limited to, an attached or detached accessory dwelling unit. (The landlord must include facts or attach documents supporting the exemption.)

— You live in a duplex, triplex, or fourplex in which the owner occupied one of the units as the owner's principal place of residence at the beginning of the tenancy, and the owner continues in occupancy. (The landlord must include facts or attach documents supporting the exemption.)"

(4) This section expires July 1, 2040.

Sec. 104. RCW 59.18.140 and 2019 c 105 s 1 are each amended to read as follows:

(1) The tenant shall conform to all reasonable obligations or restrictions, whether denominated by the landlord as rules, rental agreement, rent, or otherwise, concerning the use, occupation, and maintenance of his or her dwelling unit, appurtenances thereto, and the property of which the dwelling unit is a part if such obligations and restrictions are not in violation of any of the terms of this chapter and are not otherwise contrary to law, and if such obligations and restrictions are brought to the attention of the tenant at the time of his or her initial occupancy of the dwelling unit and thus become part of the rental agreement.

(2) Except for termination of tenancy and an increase in the amount of rent, after ~~((thirty))~~ 30 days written notice to each affected tenant, a new rule of tenancy may become effective upon completion of the term of the rental agreement or sooner upon mutual consent.

(3)(a) Except as provided in (b) and (c) of this subsection, a landlord shall provide a minimum of ~~((sixty))~~ 90 days' prior written notice of an increase in the amount of rent to each affected

tenant, and any increase in the amount of rent may not become effective prior to the completion of the term of the rental agreement.

(b) If the rental agreement governs a subsidized tenancy where the amount of rent is based on the income of the tenant or circumstances specific to the subsidized household, a landlord shall provide a minimum of ~~((thirty))~~ 30 days' prior written notice of an increase in the amount of rent to each affected tenant. An increase in the amount of rent may become effective upon completion of the term of the rental agreement or sooner upon mutual consent.

(c) For a tenant whose lease or rental agreement was entered into or renewed before the effective date of this section and whose tenancy is for a specified time, if the lease or rental agreement has more than 60 days but less than 90 days left before the end of the specified time as of the effective date of this section, the landlord must provide written notice to the affected tenant a minimum of 60 days before the effective date of an increase in the amount of rent.

NEW SECTION. Sec. 105. A new section is added to chapter 59.18 RCW to read as follows:

The department of commerce shall create an online landlord resource center to distribute information to landlords about available programs, associated services, and resources including, but not limited to, the following:

(1) The landlord mitigation program created in RCW 43.31.605;

(2) The low-income residential weatherization programs created in chapter 70A.35 RCW; and

(3) Any other programs and resources that the department of commerce determines are relevant.

PART II MANUFACTURED/MOBILE HOME LANDLORD- TENANT ACT

NEW SECTION. Sec. 201. A new section is added to chapter 59.20 RCW to read as follows:

(1) Except as authorized by an exemption under section 202 of this act and as provided in RCW 59.20.060(2)(c), a landlord may not increase the rent for any type of tenancy, regardless of whether the tenancy is month-to-month or for a term greater than month-to-month:

(a) During the first 12 months after the tenancy begins; and

(b) During any 12-month period of the tenancy, in an amount greater than five percent.

(2) If a landlord increases the rent above the amount allowed in subsection (1) of this section as authorized by an exemption under section 202 of this act, the landlord must include facts supporting any claimed exemptions in the written notice of the rent increase. Notice must comply with this section, section 203 of this act, RCW 59.20.090(2), and be served in accordance with RCW 59.12.040.

(3) If a landlord increases rent above the amount allowed in subsection (1) of this section and the increase is not authorized by an exemption under section 202 of this act, the tenant must offer the landlord an opportunity to cure the unauthorized increase by providing the landlord with a written demand to reduce the increase to an amount that complies with the limit created in this section. In addition to any other remedies or relief available under this chapter or other law, the tenant may terminate the rental agreement at any time prior to the effective date of the increase by providing the landlord with written notice at least 30 days before terminating the rental agreement. If a tenant terminates a rental agreement under this subsection, the tenant owes rent for the full month in which the tenant vacates the

manufactured/mobile home lot. A landlord may not charge a tenant any fines or fees for terminating a rental agreement under this subsection.

(4)(a) A tenant or the attorney general may bring an action in a court of competent jurisdiction to enforce compliance with this section or section 202 of this act, section 203 of this act, RCW 59.20.060, or 59.20.170. If the court finds that a landlord violated any of the laws listed in this subsection, the court shall award the following damages to the tenant and attorneys' fees and costs to the tenant who brings the action or the attorney general:

(i) Damages in the amount of any excess rent, fees, or other costs paid by the tenant;

(ii) Damages in an amount of up to three months of any unlawful rent, fees, or other costs charged by the landlord; and

(iii) Reasonable attorneys' fees and costs incurred in bringing the action.

(b) The attorney general may bring an action under this subsection notwithstanding whether the tenant has offered the landlord an opportunity to cure, and may recover civil penalties of not more than \$7,500 for each violation in addition to other remedies provided by this subsection. The attorney general may issue written civil investigative demands for pertinent documents, answers to written interrogatories, or oral testimony as required to investigate or bring an action under this subsection.

(5) The remedies provided by this section are in addition to any other remedies provided by law.

(6) A landlord may not report a tenant to a tenant screening service provider for failure to pay the portion of the tenant's rent that was unlawfully increased in violation of this section.

NEW SECTION. Sec. 202. A new section is added to chapter 59.20 RCW to read as follows:

A landlord may increase rent in an amount greater than allowed under section 201 of this act only as authorized by the exemptions described in this section or as provided in RCW 59.20.060(2)(c).

(1) Rent increases are not limited by section 201 of this act for any of the following types of tenancies:

(a) A tenancy in a manufactured/mobile home lot owned by a:

(i) Public housing authority;

(ii) Public development authority; or

(iii) Nonprofit organization, where maximum rents are regulated by other laws or local, state, or federal affordable housing program requirements; or

(b) A tenancy in a qualified low-income housing development as defined in RCW 82.45.010, where the property is owned by any of the organizations described in (a)(i) through (iii) of this subsection.

(2) During the first 12 months after the qualified sale of a manufactured/mobile home community to an eligible organization as defined in RCW 59.20.030 whose mission aligns with the long-term preservation and affordability of the manufactured/mobile home community, the eligible organization may increase the rent for the manufactured/mobile home community in an amount greater than allowed under section 201 of this act as needed to cover the cost of purchasing the manufactured/mobile home community if the increase is approved by vote or agreement with the majority of the manufactured/mobile home owners in the manufactured/mobile home community.

(3) If a rental agreement is transferred under RCW 59.20.073 due to a former tenant's sale of a manufactured/mobile home, the landlord has the option to make a one-time increase in an amount not limited by section 201 of this act to the rent for the manufactured/mobile home lot at the time of the first renewal of the rental agreement after the transfer. A landlord must provide the manufactured/mobile home buyer with notice of this one-time increase option prior to the final transfer of the rental agreement

to the buyer. If a landlord exercises this one-time increase option, evidence that the proper notice was provided to the buyer prior to the final transfer of the rental agreement must be included along with the notice required under section 203 of this act.

NEW SECTION. Sec. 203. A new section is added to chapter 59.20 RCW to read as follows:

(1)(a) Except as provided in subsection (2) of this section, a landlord must provide a tenant with notice of rent increases in a form that is substantially the same as the form provided in subsection (3) of this section.

(b) Notice under this section must also:

(i) Comply with the requirements in RCW 59.20.090(2) related to the number of months of prior written notice required for a rent increase; and

(ii) Be served in accordance with RCW 59.12.040.

(2) The notice of rent increase requirement in this section does not apply if the rental agreement governs a subsidized tenancy where the amount of rent is based on, in whole or in part, a percentage of the income of the tenant or other circumstances specific to the subsidized household. However, for purposes of this section, a subsidized tenancy does not include tenancies where some or all of the rent paid to the landlord comes from a portable tenant-based voucher or similar portable assistance administered through a housing authority or other state or local agency, or tenancies in other types of affordable housing where maximum unit rents are limited by area median income levels and a tenant's base rent does not change as the tenant's income does.

(3) "TO TENANTS: (tenant name(s))

RENT AND FEE INCREASE NOTICE TO TENANTS

This notice is required by Washington state law to inform you of your rights regarding rent and fee increases. Your rent or rental amount includes all recurring and periodic charges, sometimes referred to as rent and fees, identified in your rental agreement for the use and occupancy of your manufactured/mobile home lot. Washington state limits how much your landlord can raise your rent and any other recurring or periodic charges for the use and occupancy of your manufactured/mobile home lot.

(1) Your landlord can raise your rent and other recurring or periodic charges once every 12 months by up to five percent, as allowed by section 201 of this act. Your landlord is not required to raise the rent or other recurring or periodic charges by any amount.

(2) Your landlord may be exempt from the five percent limit on increases for rent and other recurring or periodic charges for the reasons described in section 202 of this act. If your landlord claims an exemption, your landlord is required to include supporting facts with this notice.

(3) Your landlord must properly and fully complete the form below to notify you of any increases in rent and other recurring or periodic charges and any exemptions claimed.

Your landlord (name) intends to (check one of the following):

☐ Raise your rent and/or other recurring and periodic charges: Your total increase in rent and other recurring or periodic charges effective (date) will be (percent), which totals an additional \$(dollar amount) per month, for a new total amount of \$(dollar amount) per month for rent and other recurring or periodic charges.

This increase in rent and/or other recurring and periodic charges is allowed by state law and is (check one of the following):

☐ A lower increase than the maximum allowed by state law.

☐ The maximum increase allowed by state law.

☐ Authorized by an exemption under section 202 of this act.

If the increase is authorized by an exemption, your landlord must fill out the section of the form below.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

EXEMPTIONS CLAIMED BY LANDLORD

I (landlord name) certify that I am allowed under Washington state law to raise your rent and other recurring or periodic charges by (percent), which is more than the maximum increase otherwise allowed by state law, because I am claiming the following exemption under section 202 of this act (check one of the following):

— You live on a manufactured/mobile home lot owned by a public housing authority, public development authority, or nonprofit organization where maximum rents are regulated by other laws or local, state, or federal affordable housing program requirements, or a qualified low-income housing development as defined in RCW 82.45.010, where the property is owned by a public housing authority, public development authority, or nonprofit organization. (The landlord must include facts or attach documents supporting the exemption.)

— You live in a manufactured/mobile home community that was purchased during the past 12 months by an eligible organization as defined in RCW 59.20.030 whose mission aligns with the long-term preservation and affordability of your manufactured/mobile home community, so the eligible organization may increase the rent and other recurring or periodic charges for your manufactured/mobile home community in an amount greater than allowed under section 201 of this act as needed to cover the cost of purchasing your manufactured/mobile home community if the increase is approved by vote or agreement with the majority of the manufactured/mobile home owners in your manufactured/mobile home community. (The landlord must include facts or attach documents supporting the exemption.)

— Your manufactured/mobile home lot rental agreement is up for first renewal after it was transferred to you under RCW 59.20.073, so your landlord is allowed to make a one-time increase to your rent and other recurring or periodic charges in an amount not limited by section 201 of this act. In order to exercise this one-time increase option, the landlord must have provided you with notice of this option prior to the final transfer of the rental agreement to you. (The landlord must include facts or attach documents supporting the exemption, including evidence that proper notice of this one-time increase option was provided to you prior to the final transfer of the rental agreement.)"

Sec. 204. RCW 59.20.170 and 2004 c 136 s 2 are each amended to read as follows:

(1) For leases or rental agreements entered into on or after the effective date of this section, if a landlord charges a tenant any move-in fees or security deposits, the move-in fees and security deposits combined may not exceed one month's rent, unless the tenant brings any pets into the tenancy, in which case the move-in fees and security deposits combined may not exceed two months' rent. This subsection (1) does not apply to leases or rental agreements entered into before the effective date of this section even if such leases or rental agreements are renewed on or after the effective date of this section.

(2) All moneys paid to the landlord by the tenant as a deposit as security for performance of the tenant's obligations in a rental agreement shall promptly be deposited by the landlord in a trust account, maintained by the landlord for the purpose of holding such security deposits for tenants of the landlord, in a financial institution as defined by RCW ((30.22.041)) 30A.22.041 or licensed escrow agent located in Washington. ((Except as provided in subsection (2) of this section, unless)) Unless otherwise agreed in writing, the landlord shall be entitled to receipt of interest paid on such trust account deposits. The landlord shall provide the tenant with a written receipt for the deposit and shall provide written notice of the name and address and location of the depository and any subsequent change thereof.

If during a tenancy the status of landlord is transferred to another, any sums in the deposit trust account affected by such transfer shall simultaneously be transferred to an equivalent trust account of the successor landlord, and the successor landlord shall promptly notify the tenant of the transfer and of the name, address and location of the new depository. The tenant's claim to any moneys paid under this section shall be prior to that of any creditor of the landlord, including a trustee in bankruptcy or receiver, even if such moneys are commingled.

~~((2) All moneys paid, in excess of two months' rent on the mobile home lot, to the landlord by the tenant as a deposit as security for performance of the tenant's obligations in a rental agreement shall be deposited into an interest-bearing trust account for the particular tenant. The interest accruing on the deposit in the account, minus fees charged to administer the account, shall be paid to the tenant on an annual basis. All other provisions of subsection (1) of this section shall apply to deposits under this subsection.))~~

Sec. 205. RCW 59.20.060 and 2023 c 40 s 3 are each amended to read as follows:

(1) Any mobile home space tenancy regardless of the term, shall be based upon a written rental agreement, signed by the parties, which shall contain:

(a) The terms for the payment of rent, including time and place, and any additional charges to be paid by the tenant. Additional charges that occur less frequently than monthly shall be itemized in a billing to the tenant;

(b) Reasonable rules for guest parking which shall be clearly stated;

(c) The rules and regulations of the park;

(d) The name and address of the person who is the landlord, and if such person does not reside in the state there shall also be designated by name and address a person who resides in the county where the mobile home park is located who is authorized to act as agent for the purposes of service of notices and process. If no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered the agent;

(e) The name and address of any party who has a secured interest in the mobile home, manufactured home, or park model;

(f) A forwarding address of the tenant or the name and address of a person who would likely know the whereabouts of the tenant in the event of an emergency or an abandonment of the mobile home, manufactured home, or park model;

(g) A statement that: "The park may be sold or otherwise transferred at any time with the result that subsequent owners may close the mobile home park, or that the landlord may close the park at any time after the required closure notice as provided in RCW 59.20.080." The statement required by this subsection must: (i) Appear in print that is in boldface and is larger than the other text of the rental agreement; (ii) be set off by means of a box, blank space, or comparable visual device; and (iii) be located directly above the tenant's signature on the rental agreement;

(h) A copy of a closure notice, as required in RCW 59.20.080, if such notice is in effect;

(i) The terms and conditions under which any deposit or portion thereof may be withheld by the landlord upon termination of the rental agreement if any moneys are paid to the landlord by the tenant as a deposit or as security for performance of the tenant's obligations in a rental agreement;

(j) A listing of the utilities, services, and facilities which will be available to the tenant during the tenancy and the nature of the fees, if any, to be charged together with a statement that, in the event any utilities are changed to be charged independent of the rent during the term of the rental agreement, the landlord agrees

to decrease the amount of the rent charged proportionately;

(k) A written description, picture, plan, or map of the boundaries of a mobile home space sufficient to inform the tenant of the exact location of the tenant's space in relation to other tenants' spaces;

(l) A written description, picture, plan, or map of the location of the tenant's responsibility for utility hook-ups, consistent with RCW 59.20.130(6);

(m) A statement of the current zoning of the land on which the mobile home park is located;

(n) A statement of the expiration date of any conditional use, temporary use, or other land use permit subject to a fixed expiration date that is necessary for the continued use of the land as a mobile home park; and

(o) A written statement containing accurate historical information regarding the past five years' rental amount charged for the lot or space.

(2) Any rental agreement executed between the landlord and tenant shall not contain any provision:

(a) Which allows the landlord to charge a fee for guest parking unless a violation of the rules for guest parking occurs: PROVIDED, That a fee may be charged for guest parking which covers an extended period of time as defined in the rental agreement;

(b) Which authorizes the towing or impounding of a vehicle except upon notice to the owner thereof or the tenant whose guest is the owner of the vehicle;

(c) Which allows the landlord to alter the due date for rent payment or increase the rent: (i) During the term of the rental agreement if the term is less than two years, or (ii) more frequently than annually if the initial term is for two years or more: PROVIDED, That a rental agreement may include an escalation clause for a pro rata share of any increase in the mobile home park's real property taxes or utility assessments or charges, over the base taxes or utility assessments or charges of the year in which the rental agreement took effect, if the clause also provides for a pro rata reduction in rent or other charges in the event of a reduction in real property taxes or utility assessments or charges, below the base year: PROVIDED FURTHER, That a rental agreement for a term exceeding two years may provide for annual increases in rent in specified amounts or by a formula specified in such agreement. Any rent increase authorized under this subsection (2)(c) that occurs within the closure notice period pursuant to RCW 59.20.080(1)(e) may not be more than one percentage point above the United States consumer price index for all urban consumers, housing component, published by the United States bureau of labor statistics in the periodical "Monthly Labor Review and Handbook of Labor Statistics" as established annually by the department of commerce;

(d) By which the tenant agrees to waive or forego rights or remedies under this chapter;

(e) Allowing the landlord to charge an "entrance fee" or an "exit fee." However, an entrance fee may be charged as part of a continuing care contract as defined in RCW 70.38.025;

(f) Which allows the landlord to charge a fee for guests: PROVIDED, That a landlord may establish rules charging for guests who remain on the premises for more than 15 days in any 60-day period;

(g) By which the tenant agrees to waive or forego homestead rights provided by chapter 6.13 RCW. This subsection shall not prohibit such waiver after a default in rent so long as such waiver is in writing signed by the husband and wife or by an unmarried claimant and in consideration of the landlord's agreement not to terminate the tenancy for a period of time specified in the waiver if the landlord would be otherwise entitled to terminate the tenancy under this chapter;

(h) By which, at the time the rental agreement is entered into, the landlord and tenant agree to the selection of a particular arbitrator; ((or))

(i) By which the tenant agrees to make rent payments through electronic means only; or

(j) Allowing the landlord to charge a late fee for rent that is paid within five days following its due date for leases or rental agreements entered into or renewed on or after the effective date of this section. If rent is more than five days past due, the landlord may charge late fees commencing from the first day after the due date until paid. During the first month that rent is past due, late fees may not exceed two percent of the tenant's total rent per month. During the second consecutive month that rent is past due, late fees may not exceed three percent of the tenant's total rent per month. During the third consecutive month and all subsequent consecutive months that rent is past due, late fees may not exceed five percent of the tenant's total rent per month. Nothing in this subsection prohibits a landlord from serving a notice to pay or vacate at any time after the rent becomes due.

(3) Any provision prohibited under this section that is included in a rental agreement is unenforceable.

Sec. 206. RCW 59.20.030 and 2024 c 325 s 1 are each amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" as it relates to a mobile home, manufactured home, or park model owned by a tenant in a mobile home park, mobile home park cooperative, or mobile home park subdivision or tenancy in a mobile home lot means the tenant has defaulted in rent and by absence and by words or actions reasonably indicates the intention not to continue tenancy;

SENATE RESOLUTION 8659

By Senators Valdez, Saldaña, Alvarado, Cortes, Slatter,

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Lovick, Orwall, Chapman, Salomon, Conway, Shewmake, Dhingra, Riccelli, Pedersen, Hasegawa, C. Wilson, Lovelett, Nobles, Cleveland, Kauffman, Hansen, Krishnadasan, Lias, Stanford, Trudeau, Frame, Wellman, Bateman, Robinson, King, Wagoner, Holy, Gildon, Braun, Short, Fortunato, Warnick, Muzzall, Torres, Dozier, J. Wilson, McCune, Harris, Boehnke, Christian, Goehner, MacEwen, and Schoesler

WHEREAS, The Washington State Senate deeply mourns the sudden and heartbreaking loss of Senator Bill Ramos, who passed away unexpectedly on April 19, 2025, while on a trail run near his Issaquah home, doing what he loved - spending time in nature with his dog, Sadie; and

WHEREAS, Senator Ramos, raised in East Oakland, California, served with humility, joy, and fierce dedication, his career spanned city, state, and federal government, always rooted in a deep love for people and community; and

WHEREAS, Senator Ramos served with distinction on the Issaquah City Council from 2016 to 2019, as a state Representative from 2019 to 2025, and as a state Senator from January 2025 until his very last day, representing the 5th Legislative District, which stretches from Issaquah to Snoqualmie Pass and Enumclaw; and

WHEREAS, Prior to elected office, he served with the United States Forest Service and the United States Department of Transportation's Federal Transit Administration, where he worked closely with over 50 tribal nations to improve transportation equity and access in rural and tribal communities in Alaska and throughout the Pacific Northwest; and

WHEREAS, Senator Ramos was a passionate, effective legislator and a champion for transportation equity, tribal sovereignty, and environmental stewardship; and

WHEREAS, During his time in the state House, Senator Ramos chaired the state Government & Tribal Relations Committee and served as vice chair of the Latino Democratic Caucus, and in the Senate, he served as vice chair of the Senate Transportation Committee and was a member of the Senate Members of Color Caucus; and

WHEREAS, Senator Ramos was deeply attuned to the struggles of his constituents, especially working families and the Latino community; and

WHEREAS, Senator Ramos consistently approached every policy decision with an unwavering commitment to equity, tirelessly seeking solutions to uplift marginalized communities; and

WHEREAS, For Senator Ramos, centering equity in his work was not a deliberate effort, but a natural extension of his character and values; and

WHEREAS, Beyond his titles and accomplishments, Senator Ramos was one of the kindest, most joyful souls to ever walk these halls; he was warm, generous, and full of light; he remembered your name; he shared his food; he lifted your spirits with his contagious laughter and unwavering optimism; his kindness was not performative - it was simply who he was; and

WHEREAS, Senator Ramos was unapologetically Latino, proud of his Mexican heritage, and always brought his full self into the spaces he occupied; he was a dancer, a forest ecologist, a planner, an amazing cook, a policymaker, and a beloved friend; he taught ballroom, salsa, and swing dancing for nearly two decades and infused every part of his life with music, joy, and community;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate honor the life and legacy of Senator Bill Ramos with deepest gratitude and celebrate the extraordinary service, compassion, tenacity, and light he brought to this state

and all who knew him; and

BE IT FURTHER RESOLVED, That we carry his spirit forward - in our work, our relationships, and our love for community - knowing that his legacy lives on in every life he touched, every trail he ran, and every corner of this state made better by his leadership; and

BE IT FURTHER RESOLVED, That this resolution serve as a reminder to us all to live fully, serve with humility and joy, and meet each day with kindness, purpose, and love, as Senator Bill Ramos did; may we remember him always; may we carry his legacy forward; and may we honor him not only in our words but the way we live our lives; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted to his wife, Sarah Perry; his children, Maya and Max; and the community he served with such pride and devotion.

Senators Valdez, Goehner, Boehnke, Shewmake, Lovick, Saldaña, Alvarado, Riccelli, Warnick, Orwall, Harris, Cortes, Wilson, C. and Lias spoke in favor of adoption of the resolution.

The President declared the question before the Senate to be the adoption of Senate Resolution No. 8659.

REPORT OF THE CONFERENCE COMMITTEE

Engrossed Substitute Senate Bill No. 5167

April 26, 2025

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 5167, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) A budget is hereby adopted and, subject to the provisions set forth in the following sections, the several amounts specified in parts I through IX of this act, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for salaries, wages, and other expenses of the agencies and offices of the state and for other specified purposes for the fiscal biennium beginning July 1, 2025, and ending June 30, 2027, except as otherwise provided, out of the several funds of the state hereinafter named.

(2) Unless the context clearly requires otherwise, the definitions in this section apply throughout this act.

(a) "Fiscal year 2026" or "FY 2026" means the fiscal year ending June 30, 2026.

(b) "Fiscal year 2027" or "FY 2027" means the fiscal year ending June 30, 2027.

(c) "FTE" means full time equivalent.

(d) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(e) "Provided solely" means the specified amount may be spent only for the specified purpose. Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose which is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

PART I

The appropriations in this section are subject to the following conditions and limitations:

(1) The distributions made under this section and distributions from the county criminal justice assistance account made pursuant to section 801 of this act constitute appropriate reimbursement for costs for any new programs or increased level of service for purposes of RCW 43.135.060.

(2)(a) \$2,000,000 of the general fund—state appropriation for fiscal year 2026 and \$2,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for distribution to county juvenile court administrators for the costs associated with processing and case management of truancy, children in need of services, and at-risk youth referrals. The administrator for the courts, in conjunction with the juvenile court administrators, shall develop an equitable funding distribution formula. The formula must neither reward counties with higher than average per-petition/referral processing costs nor shall it penalize counties with lower than average per-petition/referral processing costs.

(b) Each fiscal year during the 2025-2027 fiscal biennium, each county shall report the number of petitions processed and the total actual costs of processing truancy, children in need of services, and at-risk youth petitions. Counties shall submit the reports to the administrator for the courts no later than 45 days after the end of the fiscal year. The administrator for the courts shall electronically transmit this information to the chairs and ranking minority members of the house of representatives and senate fiscal committees no later than 60 days after a fiscal year ends. These reports are informational in nature and are not for the purpose of distributing funds.

(3) \$6,000,000 of the judicial stabilization trust account—state appropriation is provided solely for distribution to local courts for costs associated with the court-appointed attorney and visitor requirements set forth in the uniform guardianship act, chapter 11.130 RCW. If the amount provided in this subsection is insufficient to fully fund the local court costs, distributions must be reduced on a proportional basis to ensure that expenditures remain within the available funds provided in this subsection.

(4) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the administrative office of the courts to use as matching funds to distribute to small municipal and county courts, located in a rural county as defined in RCW 43.160.020, for the purpose of increasing security for court facilities. Grants must be used solely for security equipment and services for municipal, district, and superior courts and may not be used for staffing or administrative costs.

(5) \$5,937,000 of the judicial stabilization trust account—state appropriation is provided solely to establish a direct refund process to individuals to refund legal financial obligations, collection costs, and document-verified costs paid to third parties previously paid by defendants whose convictions have been vacated by court order due to the *State v. Blake* ruling. Superior court clerks, district court administrators, and municipal court administrators must certify and send to the office the amount of any refund ordered by the court. The court order must either

contain the amount of the refund or provide language for the clerk or court administrator to certify to the office the amount to be refunded to the individual.

(6) \$870,000 of the general fund—state appropriation for fiscal year 2026 and \$870,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for activities of the office relating to the resentencing or vacating convictions of individuals and refund of legal financial obligations and costs associated with the *State v. Blake* ruling. In addition to contracting with cities and counties for the disbursement of funds appropriated for resentencing costs, the office must:

(a) Collaborate with superior court clerks, district court administrators, and municipal court administrators to prepare comprehensive reports, based on available court records, of all cause numbers impacted by *State v. Blake* going back to 1971. Such reports must include the refund amount related to each cause number;

(b) In collaboration with the office of public defense and the office of civil legal aid, establish a process that can be used by individuals seeking a refund, provide individuals information regarding the application process necessary to claim a refund, and issue payments from the refund bureau to individuals certified in subsection (5) of this section; and

(c) Collaborate with counties and municipalities to adopt standard coding for application to *State v. Blake* convictions and to develop a standardized practice regarding vacated convictions.

(7) \$7,563,000 of the judicial stabilization trust account—state appropriation is provided solely to assist counties and cities with costs of complying with the *State v. Blake* decision that arise from their role in operating the state's criminal justice system, including resentencing, vacating prior convictions for simple drug possession, to include cannabis and possession of paraphernalia, and certifying refunds of legal financial obligations and collections costs. The office shall contract with counties and cities for judicial, clerk, defense, and prosecution expenses for these purposes if requested by a county or city. A county or city may designate the office to use available funding to administer a vacate process, or a portion of the vacate process, on behalf of the county or city. The office must collaborate with counties and cities to adopt standard coding for application to *Blake* convictions and to develop a standardized practice regarding vacated convictions.

(8) \$4,188,000 of the judicial stabilization trust account—state appropriation is provided solely for decision-making assistance pursuant to chapter 267, Laws of 2024 (2SSB 5825). During the fiscal biennium, in conformity with RCW 2.72.030, the administrative office of the courts shall collect uniform and consistent data on decision making assistance to include, but not limited to: The number of requests for decision making assistance received from hospitals, the number of guardianships and less restrictive alternatives to guardianships provided, the support and housing provided, and any other data related to case monitoring and management.

(9) \$242,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for implementation of Engrossed Second Substitute House Bill No. 1163 (firearms purchase). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(10) \$520,000 of the judicial stabilization trust account—state appropriation is provided solely for pilot self-help centers in two courthouses, one on each side of the state.

(11) \$79,000 of the general fund—state appropriation for fiscal year 2026 and \$75,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Engrossed House Bill No. 1219 (interbranch advisory comm.). If the bill is not enacted by June 30, 2025, the amounts provided in

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

this subsection shall lapse.

(12) \$249,000 of the general fund—state appropriation for fiscal year 2026 and \$133,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Second Substitute House Bill No. 1391 (court alternatives/youth). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(13) \$1,094,000 of the general fund—state appropriation for fiscal year 2027 is provided solely for the statewide fiscal impact on Thurston county courts. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(14) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to address data quality issues across Washington state court management systems.

(15) \$12,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the administrative office of the courts for data management and research related to conducting statewide research on the proportionality of court charges in Washington state based on race and ethnicity.

NEW SECTION. Sec. 115. FOR THE OFFICE OF PUBLIC DEFENSE

General Fund—State Appropriation (FY 2026)....\$83,336,000
General Fund—State Appropriation (FY 2027)....\$84,113,000

Appropriation.....\$19,056,000
TOTAL APPROPRIATION.....\$186,505,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$900,000 of the general fund—state appropriation for fiscal year 2026 and \$900,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the purpose of improving the quality of trial court public defense services as authorized by chapter 10.101 RCW. The office of public defense must allocate these amounts so that \$450,000 per fiscal year is distributed to counties, and \$450,000 per fiscal year is distributed to cities, for grants under chapter 10.101 RCW.

(2) \$2,632,000 of the general fund—state appropriation for fiscal year 2026 and \$2,812,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the office of public defense to administer contracts for appellate attorneys to cover a backlog of case assignments and increasing workload associated with indigent appeals. The office shall provide training for contracted attorneys.

(3)(a) \$8,615,000 of the judicial stabilization trust account—state appropriation is provided solely to:

(i) Assist counties and cities with public defense services related to vacating the convictions of defendants and/or resentencing for defendants whose convictions or sentences are affected by the *State v. Blake* decision. The office of public defense will:

(A) Provide statewide attorney training, technical assistance, data analysis and reporting, and quality oversight, to administer financial assistance for public defense costs related to *State v. Blake* impacts;

(B) Maintain a triage team to provide statewide support to the management and flow of hearings for individuals impacted by the *State v. Blake* decision; and

(C) Assist counties and cities in providing counsel for defendants seeking to vacate a conviction and/or be resentenced under *State v. Blake*. Assistance shall be allocated to counties and cities based upon a formula established by the office of public defense. Counties may receive assistance by applying for grant funding and/or designating the office of public defense to contract

directly with counsel. The office of public defense shall contract directly with counsel to assist cities under this subsection; and

(ii) Administer statutory duties under RCW 2.70.200 through the simple possession advocacy and representation program.

(b) Of the amounts provided in this subsection, the office of public defense may utilize up to \$5,000 for fiscal year 2026 and \$5,000 for fiscal year 2027 to address emergency needs for clients served by the simple possession advocacy and representation program. Temporary, limited assistance may be made available to address short term urgent needs that, if unaddressed, could cause clients to miss court dates or fail to engage in court-ordered services. The office of public defense shall establish eligibility criteria and an expedited process for reviewing financial assistance requests submitted by SPAR program contractors.

(4) \$40,000 of the general fund—state appropriation for fiscal year 2026 and \$40,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the office of public defense to address emergency safety assistance and other urgent needs for clients served by the parents representation program. Temporary, limited assistance may be made available for short-term housing, utilities, transportation, food assistance, and other urgent needs that, if unaddressed, could adversely impact dependency case outcomes and impede successful family reunification. The office of public defense shall utilize eligibility criteria and an expedited process for reviewing financial assistance requests submitted by parents representation program contractors.

(5) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the parents for parents program, as established by RCW 2.70.060 through 2.70.090. Funds must be used to maintain and improve the parents for parents service model, including host organizations and county coordinators.

(6) \$300,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the office of public defense to contract with a nonprofit organization in eastern Washington providing peer-led reentry services such as peer coaching, basic needs, housing resources, behavioral health treatment, family support, civic engagement, and voting education. The organization must have a history of collaboration with the department of corrections to provide trainings on trauma to individuals reentering the community after incarceration. The organization shall provide comprehensive trainings, resources and referrals to individuals with a history of reentry from incarceration.

(7) \$13,600,000 of the general fund—state appropriation for fiscal year 2026 and \$13,600,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the office of public defense to administer funds to counties and cities pursuant to formulas established in RCW 10.101.050 through 10.101.080.

(8) \$1,808,000 of the judicial stabilization trust account—state appropriation is provided solely for implementation of chapter 293, Laws of 2024 (SSSB 5780).

(9) \$102,000 of the general fund—state appropriation for fiscal year 2026 and \$102,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Substitute Senate Bill No. 5149 (early childhood court prg.). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

The forecast must be updated each February and November during the fiscal biennium and the department must submit a report to the legislature summarizing the updated forecast based on actual awards made under (a) of this subsection and the completed construction of new qualifying units.

(5) \$7,000,000 of the home security fund—state appropriation is provided solely for the office of homeless youth prevention and protection programs to:

(a) Expand outreach, services, and housing for homeless youth and young adults including but not limited to secure crisis residential centers, crisis residential centers, and HOPE beds, so that resources are equitably distributed across the state;

(b) Contract with other public agency partners to test innovative program models that prevent youth from exiting public systems into homelessness; and

(c) Support the development of an integrated services model, increase performance outcomes, and enable providers to have the necessary skills and expertise to effectively operate youth programs.

(6) \$3,800,000 of the general fund—state appropriation for fiscal year 2026 and \$3,800,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the office of homeless youth to build infrastructure and services to support a continuum of interventions, including but not limited to prevention, crisis response, and long-term housing, to reduce youth homelessness in communities identified as part of the anchor community initiative.

(7) \$1,913,000 of the general fund—state appropriation for fiscal year 2026 and \$1,912,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the office of homeless youth to contract with one or more nonprofit organizations to provide youth services and young adult housing on a multi-acre youth campus located in the city of Tacoma. Youth services include, but are not limited to, HOPE beds and crisis residential centers to provide temporary shelter and

permanency planning for youth under the age of 18. Young adult housing includes, but is not limited to, rental assistance and case management for young adults ages 18 to 24. The department shall submit an annual report to the legislature on the use of the funds. The report is due annually on June 30th. The report shall include but is not limited to:

(a) A breakdown of expenditures by program and expense type, including the cost per bed;

(b) The number of youth and young adults helped by each program;

(c) The number of youth and young adults on the waiting list for programs, if any; and

(d) Any other metric or measure the department deems appropriate to evaluate the effectiveness of the use of the funds.

(8)(a) \$68,550,000 of the general fund—state appropriation for fiscal year 2026 and \$68,550,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the essential needs and housing support program and related services.

(b) The department may use a portion of the funds provided in this subsection to continue the pilot program established in section 127(106), chapter 357, Laws of 2020 (addressing the immediate housing needs of low or extremely low-income elderly or disabled adults in certain counties who receive social security disability or retirement income).

(c) The department must ensure the timely redistribution of the funding provided in this subsection among entities or counties to reflect actual caseload changes as required under RCW 43.185C.220(5)(c).

(d) The department may use a portion of the funds provided in this subsection to provide housing supports for individuals enrolled in the foundational community supports initiative who are transitioning off of benefits under RCW 74.04.805 due to increased income or other changes in eligibility.

(9) \$1,000,000 of the general fund—state appropriation for fiscal year 2026, \$1,000,000 of the general fund—state appropriation for fiscal year 2027, and \$4,500,000 of the home security fund—state appropriation are provided solely for the consolidated homeless grant program. Of the amounts provided in this subsection:

(a) \$4,500,000 of the home security fund—state appropriation is provided solely for permanent supportive housing targeted at those families who are chronically homeless and where at least one member of the family has a disability. The department will also connect these families to medicaid supportive services.

(b) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for diversion services for those families and individuals who are at substantial risk of losing stable housing or who have recently become homeless and are determined to have a high probability of returning to stable housing.

(10) \$1,007,000 of the general fund—state appropriation for fiscal year 2026 and \$1,007,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to administer a transitional housing program for nondependent homeless youth.

(11)(a) \$2,000,000 of the general fund—state appropriation for fiscal year 2026 and \$2,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the office of homeless youth prevention and protection programs to administer flexible funding to serve eligible youth and young adults. The flexible funding administered under this subsection may be used for the immediate needs of eligible youth or young adults. An eligible youth or young adult may receive support under this subsection more than once.

(b) Flexible funding provided under this subsection may be

used for purposes including but not limited to:

(i) Car repair or other transportation assistance;

(ii) Rental application fees, a security deposit, or short-term rental assistance;

(iii) Offsetting costs for first and last month's rent and security deposits;

(iv) Transportation costs to go to work;

(v) Assistance in obtaining photo identification or birth certificates; and

(vi) Other uses that will support the eligible youth or young adult's housing stability, education, or employment, or meet immediate basic needs.

(c) The flexible funding provided under this subsection may be provided to:

(i) Eligible youth and young adults. For the purposes of this subsection, an eligible youth or young adult is a person under age 25 who is experiencing or at risk of experiencing homelessness, including but not limited to those who are unsheltered, doubled up or in unsafe living situations, exiting inpatient programs, or in school;

(ii) Community-based providers assisting eligible youth or young adults in attaining safe and stable housing; and

(iii) Individuals or entities, including landlords, providing safe housing or other support designed to lead to housing for eligible youth or young adults.

(12) \$607,000 of the general fund—state appropriation for fiscal year 2026 and \$607,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to assist homeowners at risk of foreclosure pursuant to chapter 61.24 RCW. Funding provided in this section may be used for activities to prevent mortgage or tax lien foreclosure, housing counselors, a foreclosure prevention hotline, legal services for low-income individuals, mediation, and other activities that promote homeownership. The department may contract with other foreclosure fairness program state partners to carry out this work.

(13) \$1,400,000 of the general fund—state appropriation for fiscal year 2026 and \$1,400,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the office of homeless youth to administer a competitive grant process to award funding to licensed youth shelters, HOPE centers, and crisis residential centers to provide behavioral health support services for youth in crisis, and to increase funding for current grantees.

(14) \$55,500,000 of the general fund—state appropriation for fiscal year 2026 and \$55,500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to continue grant funding for emergency housing and shelter capacity and associated supports such as street outreach, diversion services, short-term rental assistance, hotel and motel vouchers, housing search and placement, and housing stability case management. Entities eligible for grant funding include local governments and nonprofit entities. The department may use existing programs, such as the consolidated homelessness grant program, to award funding under this subsection. Grants provided under this subsection must be used to maintain or increase current emergency housing capacity, funded by the shelter program grant and other programs, as practicable due to increased costs of goods, services, and wages. Emergency housing includes transitional housing, congregate or noncongregate shelter, sanctioned encampments, or short-term hotel or motel stays.

(15)(a) \$45,050,000 of the general fund—state appropriation for fiscal year 2026 and \$45,050,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a targeted grant program to transition persons residing in encampments to safer housing opportunities, with an emphasis on

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

ensuring individuals living unsheltered reach permanent housing solutions. Eligible grant recipients include local governments and nonprofit organizations operating to provide housing or services. The department may provide funding to state agencies to ensure individuals accessing housing services are also able to access other wrap-around services that enable them to obtain housing such as food, personal identification, and other related services. Local government and nonprofit grant recipients may use grant funding to provide outreach, housing, case management, transportation, site monitoring, and other services needed to assist individuals residing in encampments and on public rights-of-way with moving into housing.

(b) When awarding grants under (a) of this subsection, the department must prioritize applicants that focus on ensuring an expeditious path to or remaining in sustainable permanent housing solutions, and that demonstrate an understanding of working with individuals to identify their optimal housing type and level of ongoing services through the effective use of outreach, engagement, and temporary lodging and permanent housing placement.

(c) Grant recipients under (a) of this subsection must enter into a memorandum of understanding with the department, and other state agencies if applicable, as a condition of receiving funds. Memoranda of understanding must specify the responsibilities of the grant recipients and the state agencies and must include specific measurable outcomes for each entity signing the memorandum. The department must publish all signed memoranda on the department's website and must publish updates on outcomes for each memorandum at least every 90 days, while taking steps to protect the privacy of individuals served by the program. At a minimum, outcomes must include:

(i) The number of people actually living in any encampment identified for intervention by the department or grantees;

(ii) The demographics of those living in any encampment identified for intervention by the department or grantees;

(iii) The duration of engagement with individuals living within encampments;

(iv) The types of housing options that were offered;

(v) The number of individuals who accepted offered housing;

(vi) Any reasons given for why individuals declined offered housing;

(vii) The types of assistance provided to move individuals into offered housing;

(viii) Any services and benefits in which an individual was successfully enrolled; and

(ix) The housing outcomes of individuals who were placed into housing every six months after placement.

(d) Grant recipients under (a) of this subsection may not transition individuals from encampments or close encampments unless they have provided extensive outreach and offered each individual temporary lodging or permanent housing that matches the actual situation and needs of each person, is noncongregate whenever possible, and takes into consideration individuals' immediate and long-term needs and abilities to achieve and maintain housing stability. Grant recipients who initially match an individual to temporary lodging must make efforts to transition the person to a permanent housing placement within six months except under unusual circumstances. The department must establish criteria regarding the safety, accessibility, and habitability of housing options to be offered by grant recipients to ensure that such options are private, sanitary, healthy, and dignified, and that grant recipients provide options that are well-matched to an individual's assessed needs.

(e) Funding granted to eligible recipients under (a) of this subsection may not be used to supplant or replace existing

funding provided for housing or homeless services.

(16) \$200,000,000 of the covenant homeownership account—state appropriation is provided solely for implementation of the covenant homeownership program.

(17) Before awarding or entering into grants or contracts for the 2025-2027 fiscal biennium for homeless housing and service programs that are funded from the home security fund account or the affordable housing for all account, the department must first consult with local governments and eligible grantees to ensure that funding from these accounts is used to maintain the quantity and types of homeless housing and services funded in local communities as of February 28, 2025. The department may take into consideration local document recording fee balances and individual county fluctuations in recording fee collections when allocating state funds. The department must redeploy funds to other nonprofit and county grantees if originally granted amounts are not expended or committed within a reasonable timeline. The department may then provide funding to eligible entities to undertake the activities described in RCW 36.22.250(4)(b), such as funding for project-based vouchers and other assistance necessary to support permanent supportive housing as defined in RCW 36.70A.030 or as administered by the office of apple health and homes created in RCW 43.330.181.

(18) \$425,000 of the general fund—state appropriation for fiscal year 2026 and \$425,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the continuation of existing contracts with a nonprofit organization to increase housing supply and equitable housing outcomes by advancing affordable housing options, including affordable homeownership or affordable rental housing, supportive housing, transitional housing, shelter, or housing funded through the apple health and homes program, that are co-located with community services such as education centers, health clinics, nonprofit organizations, social services, or community spaces or facilities, available to residents or the public, on underutilized or tax-exempt land. Contract funding may be used for costs including, but not limited to, identifying properties and implementing strategies to accelerate the development of affordable housing, conducting affordable housing site predevelopment activities, providing technical assistance on topics related to affordable housing development, facilitating collaboration and codevelopment between affordable housing and community partners, and conducting community engagement activities.

(19) \$58,802,000 of the general fund—state appropriation for fiscal year 2026 and \$58,802,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for grants to counties, cities, and other entities receiving contracts pursuant to RCW 43.185C.080(3) for homeless housing programs and services including, but not limited to, emergency housing and shelter, temporary housing, permanent supportive housing programs, and other homeless housing services and initiatives, including those funded through the document recording fee collected pursuant to RCW 36.22.250. Grant funds must be prioritized for maintaining existing levels of service and preventing the closure of existing beds or programs.

(20) Within existing resources, the department must review current policies and practices regarding reimbursement documentation requirements for grant and contract recipients, with a focus on requirements for grants made under subsection (4) of this section and RCW 36.22.250(5), to improve the efficiency of the reimbursement process and streamline compliance processes for grants and contract recipients while continuing to manage risks related to financial controls and federal requirements. In reviewing policies and practices, the department may consider implementing process changes and

other approaches, including but not limited to risk-based tiering of requirements for grant and contract recipients.

(21) Within existing resources, the department must consult with permanent supportive housing providers awarded grants under subsection (4) of this section or RCW 36.22.250(5) to provide awardees the opportunity to provide feedback and develop recommendations on topics including, but not limited to, allowable expenditures under these grant programs, statewide application benchmarks for operations and maintenance costs per unit and services costs per tenant, and opportunities to streamline grant administration.

(22) \$229,000 of the general fund—state appropriation for fiscal year 2026 and \$229,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of the mobile home community sales program.

(23) \$107,000 of the general fund—state appropriation for fiscal year 2026 and \$55,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Substitute Senate Bill No. 5298 (mobile home community sale). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(24) \$33,000 of the general fund—state appropriation for fiscal year 2026 and \$33,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Substitute Senate Bill No. 5587 (affordable housing dev.). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(25) \$400,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for a grant to a Pierce county-based nonprofit with emergency shelters in Pierce, King, Thurston, and Kitsap counties which provides a comprehensive approach to addressing the root causes of homelessness to sustain emergency shelters.

(26) \$150,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for a grant to a south King county-based nonprofit family center for families experiencing homelessness to maintain services, including emergency shelter beds.

(27) \$200,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for a grant to a King county-based nonprofit organization that runs at least two emergency shelters with at least 500 beds to help families stay housed while researchers study the effects of direct rental assistance on families.

(28) \$74,000 of the general fund—state appropriation for fiscal year 2026 and \$6,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to study the prevalence of housing options for individuals 55 years of age or older that market themselves as "senior independent living" or similarly in Washington state. By July 1, 2026, the department shall provide recommendations to the legislature for the creation of a registration process for senior independent living that increases consumer protection for residents and prospective residents.

(29) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of chapter 408, Laws of 2023 (ESSB 5599). The entirety of this amount is provided for the office of homeless youth for prevention and protection programs to provide supportive care grants to organizations to address the needs of youth seeking protected health care services.

(30) \$100,000 of the general fund—state appropriation for fiscal year 2026 and \$100,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Engrossed House Bill No. 1217 (residential

tenants). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

Dedicated Cannabis Account—State Appropriation (FY 2027)	\$3,831,000
Andy Hill Cancer Research Endowment Fund Match Transfer Account—State Appropriation	\$22,220,000
Climate Commitment Account—State Appropriation	\$951,000
Community and Economic Development Fee Account—State Appropriation	\$765,000
Economic Development Strategic Reserve Account—State Appropriation	\$2,851,000
Statewide Tourism Marketing Account—State Appropriation	\$3,021,000
TOTAL APPROPRIATION	\$77,307,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,152,000 of the general fund—state appropriation for fiscal year 2026 and \$4,152,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for associate development organizations. During the 2025-2027 fiscal biennium, the department shall consider an associate development organization's total resources when making contracting and fund allocation decisions, in addition to the schedule provided in RCW 43.330.086. The department may distribute the funding as follows:

(a) For associate development organizations serving urban counties, which are counties other than rural counties as defined in RCW 82.14.370, a locally matched allocation of up to \$1.00 per capita, totaling no more than \$300,000 per organization; and

(b) For associate development organizations in rural counties, as defined in RCW 82.14.370, a \$1.00 per capita allocation with a base allocation of \$50,000.

(2) \$150,000 of the general fund—state appropriation for fiscal year 2026 and \$150,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the northwest agriculture business center.

(3) \$1,335,000 of the general fund—state appropriation for fiscal year 2026 and \$1,335,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the

small business export assistance program, for the department to establish representation in key international markets that will provide the greatest opportunities for increased trade and investment for small businesses in the state of Washington, and for a grant to a business center that provides confidential, no-cost, one-on-one, client-centered assistance to small businesses to expand outreach in underserved communities, especially Black, indigenous, and people of color-owned businesses, providing targeted assistance where needed. Funding may also be used to collaborate with the department, the Washington economic development association, and others to develop a more effective and efficient service delivery system for Washington's women and minority-owned small businesses.

(4) \$60,000 of the general fund—state appropriation for fiscal year 2026 and \$60,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to submit the necessary Washington state membership dues for the Pacific Northwest economic region.

(5) \$1,219,000 of the general fund—state appropriation for fiscal year 2026 and \$1,219,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to identify and invest in strategic growth areas, support key sectors, and align existing economic development programs and priorities. The department must consider Washington's position as the most trade-dependent state when identifying priority investments. The department must engage states and provinces in the northwest as well as associate development organizations, small business development centers, chambers of commerce, ports, and other partners to leverage the funds provided. Sector leads established by the department must include the industries of: (a) Aerospace; (b) clean technology and renewable and nonrenewable energy; (c) wood products and other natural resource industries; (d) information and communication technology; (e) life sciences and global health; (f) maritime; (g) military and defense; and (h) creative industries. The department may establish these sector leads by hiring new staff, expanding the duties of current staff, or working with partner organizations and other agencies to serve in the role of sector lead.

(6) \$22,220,000 of the Andy Hill cancer research endowment fund match transfer account—state appropriation is provided solely for the Andy Hill cancer research endowment program. Amounts provided in this subsection may be used for grants and administration costs.

(7) \$100,000 of the general fund—state appropriation for fiscal year 2026 and \$100,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a grant to assist people with limited incomes in urban areas of the state start and sustain small businesses. The grant recipient must be a nonprofit organization involving a network of microenterprise organizations and professionals to support micro entrepreneurship and access to economic development resources.

(8) \$1,000,000 of the general fund—state appropriation for fiscal year 2026 and \$1,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a nonprofit organization whose sole purpose is to provide grants, capacity building, and technical assistance support to a network of microenterprise development organizations. The microenterprise development organizations will support rural and urban Black, indigenous and people of color owned businesses, veteran owned businesses, and limited resourced and other hard to serve businesses with five or fewer employees throughout the state with business training, technical assistance, and microloans.

(9) \$200,000 of the general fund—state appropriation for fiscal year 2026 and \$200,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to strengthen capacity of the keep Washington working act work group established in

RCW 43.330.510.

(10)(a) \$100,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to develop a state quantum computing strategy and help shape a regional quantum computing ecosystem. This includes, but is not limited to:

(i) Defining partnership approaches with regional quantum stakeholder groups;

(ii) Exploration of quantum application research in specific industry areas such as nuclear physics, energy and renewables, materials science, or chemistry;

(iii) Identifying and defining research and development opportunities with Washington-based research institutions including the University of Washington and Pacific Northwest national laboratory; and

(iv) Partnering with industry to develop plans to attract federal investment.

(b) The department may contract with a Washington state-based quantum computing manufacturing entity to assist with completing obligations under this subsection.

(11) \$300,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the city of Seattle to lease space for nonprofit and academic institutions to incubate technology business startups, especially those focusing on artificial intelligence and develop and teach curricula to skill up workers to use artificial intelligence as a business resource.

(12) \$500,000 of the climate commitment account—state appropriation is provided solely for the department to contract with a nonregulatory coalition located in Seattle that supports the strategic development and activation of Washington state's participation in the West Coast wide-floating offshore wind supply chain through a collaborative approach. The department and nonregulatory coalition shall identify economic, community, and workforce development opportunities resulting from Washington state's participation in the offshore wind supply chain through conducting convenings, workshops, and studies as appropriate.

(13) Sufficient amounts are provided in this section for the department to administer a grant program to cannabis licensees holding a license issued after July 1, 2024, who meet the social equity applicant criteria under RCW 69.50.335. The department must award grants primarily based on the strength of the social equity plans submitted by cannabis licensees but may also consider additional criteria if deemed necessary or appropriate by the department. Technical assistance activities eligible for funding include, but are not limited to:

(a) Assistance navigating the cannabis licensure process;

(b) Cannabis-business specific education and business plan development;

(c) Regulatory compliance training;

(d) Financial management training and assistance in seeking financing;

(e) Strengthening a social equity plan as defined in RCW 69.50.101; and

(f) Connecting social equity applicants with established industry members and tribal cannabis enterprises and programs for mentoring and other forms of support.

General Fund—State Appropriation (FY 2027) \$3,522,000

General Fund—Federal Appropriation.....\$39,799,000

General Fund—Private/Local Appropriation \$106,000

Building Code Council Account—State Appropriation \$19,000

Climate Commitment Account—State Appropriation

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

	\$54,112,000
Community and Economic Development Fee Account—State Appropriation.....	\$160,000
Energy Efficiency Account—State Appropriation.....	\$20,000
Low-Income Weatherization and Structural Rehabilitation Assistance Account—State Appropriation.....	\$1,416,000
Natural Climate Solutions Account—State Appropriation.....	\$166,000
TOTAL APPROPRIATION.....	\$102,921,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The department is authorized to require an applicant to pay an application fee to cover the cost of reviewing the project and preparing an advisory opinion on whether a proposed electric generation project or conservation resource qualifies to meet mandatory conservation targets.

(2) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to build a mapping and forecasting tool that provides locations and information on charging and refueling infrastructure as required in chapter 300, Laws of 2021 (zero emissions transp.). The department shall collaborate with the interagency electric vehicle coordinating council established in chapter 182, Laws of 2022 (transportation resources) when developing the tool and must work to meet benchmarks established in chapter 182, Laws of 2022 (transportation resources).

(3) \$5,000,000 of the climate commitment account—state appropriation is provided solely for grants to support port districts, counties, cities, towns, special purpose districts, any other municipal corporations or quasi-municipal corporations, and tribes to support siting and permitting of clean energy projects in the state. Eligible uses of grant funding provided in this section include supporting predevelopment work for sites intended for clean energy projects, land use studies, conducting or engaging in planning efforts such as planned actions and programmatic environmental impact statements, and staff to improve permit timeliness and certainty.

(4)(a) \$500,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to contract with one or more of the western national laboratories, or a similar independent research organization, in consultation with state and federal energy agencies, stakeholders, and relevant utilities, to conduct an analysis for new electricity generation, transmission, ancillary services, efficiency and storage sufficient to offset those presently provided by the lower Snake river dams. The analysis should include a list of requirements for a replacement portfolio that diversifies and improves the resilience and maintains the reliability and adequacy of the electric power system, is consistent with the state's statutory and regulatory requirements for clean electricity generation, and is supplementary to the resources that will be required to replace fossil fuels in the electrical generation, transportation, industry, and buildings sectors. The department and its contractor's assessment will include quantitative analysis based on available data as well as qualitative input gathered from tribal and other governments, the Northwest power and conservation council, relevant utilities, and other key stakeholders. The analysis must include the following:

(i) Expected trends for demand, and distinct scenarios that examine potential outcomes for electricity demand, generation, and storage technologies development, land use and land use constraints, and cost through 2050, as well as the most recent analysis of future resource adequacy and reliability;

(ii) A resource portfolio approach in which a combination of

commercially available generating resources, energy efficiency, conservation, and demand response programs, transmission resources, and other programs and resources that would be necessary prerequisites to replace the power and grid reliability services otherwise provided by the lower Snake river dams and the time frame needed to put those resources into operation;

(iii) Identification of generation and transmission siting options consistent with the overall replacement resource portfolio, in coordination with other state processes and requirements supporting the planning of clean energy and transmission siting;

(iv) An evaluation of alternatives for the development, ownership and operation of the replacement resource portfolio;

(v) Examination of possible impacts and opportunities that might result from the renewal of the Columbia river treaty, revisions of the Bonneville power administration preference contracts, implementation of the western resource adequacy program (WRAP), and other changes in operation and governance of the regional electric power system, consistent with statutory and regulatory requirements of the clean energy transformation act;

(vi) Identification of revenue and payment structures sufficient to maintain reliable and affordable electricity supplies for ratepayers, with emphasis on overburdened communities;

(vii) Development of distinct scenarios that examine different potential cost and timeline potentials for development and implementation of identified generation and transmission needs and options including planning, permitting, design, and construction, including relevant federal authorities, consistent with the statutory and regulatory requirements of the clean energy transformation act;

(viii) Quantification of impacts to greenhouse gas emissions including life-cycle emissions analysis associated with implementation of identified generation and transmission needs and options including (A) planning, permitting, design, and construction, and, if relevant, emissions associated with the acquisition of non-Washington state domestic or foreign sources of electricity, and (B) any additional operations of existing fossil-fueled generating resources; and

(ix) An inventory of electricity demand by state-owned or operated facilities and information needed to complete a request for proposals (RFP) to satisfy this demand through new nonhydro renewable energy generation and/or conservation.

(b) The department shall, to the extent determined practicable, consider related analyses undertaken by the federal government as part of the Columbia river system operation stay of litigation agreed to in *National Wildlife Federation et al. v. National Marine Fisheries Service et al.* in October 2021.

(c) The department shall provide a status update to the energy and environment committees of the legislature and governor's office by June 30, 2026.

(5) \$13,088,000 of the climate commitment account—state appropriation is provided solely for the department to administer a grant program to assist owners of public buildings in covering the costs of conducting an investment grade energy audit for those buildings. Public buildings include those owned by state and local governments, tribes, and school districts.

(6) \$1,078,000 of the climate commitment account—state appropriation is provided solely for the department to develop plans to test hydrogen combustion and resulting nitrogen oxides (NOx) emissions, technical assistance for strategic end uses of hydrogen, a feasibility assessment regarding underground storage of hydrogen in Washington, and an environmental justice toolkit for hydrogen projects.

(7) \$1,678,000 of the climate commitment account—state appropriation is provided solely for implementation of chapter

344, Laws of 2024 (public building materials), including to develop and maintain a publicly accessible database for covered projects to submit environmental and working conditions data, to convene a technical work group, and to develop legislative reports.

(8) \$2,500,000 of the climate commitment account—state appropriation is provided solely for the department for activities that engage tribes or overburdened communities when siting renewable energy generation or electrical transmission facilities in Washington state. Of the amounts provided in this subsection:

(a) \$2,000,000 of the climate commitment account—state appropriation is provided solely for engagement of a tribal collaborative and participating tribes to identify areas with higher and lower potential for avoiding conflicts with tribes when siting renewable energy generation and electrical transmission facilities. The effort must consider tribal renewable energy and transmission needs, tribal sovereignty and rights, sensitive natural areas and working lands, and the goal to minimize harm while maximizing benefits to tribal communities. The department may contract for this purpose.

(b) \$500,000 of the climate commitment account—state appropriation is provided solely for the department to engage with communities to create a framework and process to support early and ongoing overburdened community input for the planning and development of transmission corridors. This shall, to the extent feasible, include identifying ways for overburdened communities to benefit from transmission corridor development as well as ways to reduce and avoid conflict with overburdened communities in the development of transmission corridors. Engagement activities may be coordinated with the tribal collaborative described in section 133 of this act and other relevant community engagement activities within the department.

(9)(a) \$200,000 of the climate commitment account—state appropriation is provided solely for a grant to continue the Washington just and rapid transition climate tech program. The grant will provide funding for the recruitment, development, business training, and support of underserved climate technology innovators, entrepreneurs, and organizations developing or deploying solutions in the areas of renewable energy, energy efficiency, sustainable transportation, and other technology solving for the environmental challenges facing overburdened communities in Washington.

(b) Activities may include supporting entrepreneurs in preparing for private investment; technical assistance for entrepreneurs receiving state directed federal equity and debt capital; assistance accessing or leveraging the use of federal funding; business coaching and mentoring; and connections to technical and business resources.

(c) The grant recipient must be a nonprofit organization that has been awarded, from the state of Washington, federal state small business credit initiative funds for investment in Washington climate tech entrepreneurs, and must also have experience managing investment funding and providing entrepreneurial support programs and federal funding assistance to early-stage climate start-ups and businesses based in Washington. The grant recipient should have experience providing services to individuals and companies led by individuals from underrepresented groups, including BIPOC, women, and individuals residing in rural communities and have working partnerships with state research universities, climate technology industry associations, and community-based organizations serving underserved communities.

(10) \$300,000 of the climate commitment account—state appropriation is provided solely for the department to provide assistance and develop financing recommendations to increase transmission capacity in Washington. The department must use

the funding provided in this subsection to:

(a) Provide assistance to local and tribal governments regarding the permitting of electric transmission projects which includes, but is not limited to, providing easily accessible information on advanced transmission technologies in Washington and identifying applicable codes and ordinances that support transmission facilities for the purpose of providing frameworks that local and tribal governments may consider or adopt;

(b) Provide technical assistance to transmission operators for increasing and enhancing transmission capacity with reconductoring and other advanced transmission technologies; and

(c) Identify the appropriate finance mechanisms needed to improve capacity to develop electric transmission in Washington. By November 1, 2025, the department must submit a report that analyzes financing options for transmission projects and provides recommendations to the governor and the appropriate committees of the legislature.

(11) \$163,000 of the climate commitment account—state appropriation is provided solely for the department to administer a pilot program to provide grants and technical assistance to support planning, predevelopment, and installation of commercial, dual-use solar power demonstration projects. Eligible grant recipients may include, but are not limited to, nonprofit organizations, public entities, and federally recognized tribes.

(12)(a) \$10,000,000 of the climate commitment account—state appropriation is provided solely for the department to administer a program to assist community-based organizations, local governments, ports, tribes, and other entities to access federal tax incentives and grants. Eligible entities for the program include, but are not limited to, local governments in Washington, tribal governments and tribal entities, community-based organizations, housing authorities, ports, transit agencies, nonprofit organizations, and for-profit businesses. The department shall prioritize assistance that benefits vulnerable populations in overburdened communities, with a goal of directing at least 25 percent of funds to this purpose.

(b) Within the amounts provided in (a) of this subsection, the department must contract with a nonprofit organization to provide the following services:

(i) Development of tax guidance resources for clean energy tax credits, including core legal documents to be used broadly across stakeholders;

(ii) Providing tailored marketing materials for these resources targeting underserved entities; and

(iii) Providing funds to subcontract with clean energy tax attorneys to pilot office hours style support available to eligible entities across the state.

(13) \$3,500,000 of the climate commitment account—state appropriation is provided solely for the department to provide and facilitate access to energy assistance programs, including incentives, energy audits, and rebate programs to retrofit homes and small businesses.

(14) \$250,000 of the climate commitment account—state appropriation is provided solely for the department to contract with a nonprofit entity that represents the maritime industry to develop and publish a strategic framework regarding the production, supply, and use of sustainable maritime fuels and deployment of low and zero-emissions vessel technologies in Washington. Analyses will include relevant human and environmental health and equity considerations. Funding under this subsection may be used for activities including, but not limited to, convening stakeholders and building organizational capacity. Stakeholder engagement pursuant to this subsection shall include, at a minimum, engagement with federal and state

2025 REGULAR SESSION

agencies, ports, industry, labor, research institutions, nongovernmental organizations, and relevant federally recognized tribes.

(15) \$456,000 of the climate commitment account—state appropriation is provided solely for the department to develop guidance documents regarding the different types of battery energy storage systems technologies. The guidance documents must address safety considerations, emergency response preparation and requirements, and siting and zoning. The department shall contract with a facilitator to convene a work group of staff and relevant stakeholders with expertise on the topic. The guidance documents shall be completed by June 30, 2027.

(16) \$719,000 of the climate commitment account—state appropriation is provided solely for the department to develop a guidebook to support local governments in integrating clean energy development into planning and zoning requirements, including dual-use clean energy technologies and colocation with agricultural uses. The guidebook shall be developed through a stakeholder engagement process that includes, but is not limited to, federally recognized tribes and local governments. The department shall offer direct technical assistance to local governments, including methods and best practices for siting clean energy projects and colocation of energy facilities with agricultural operations, open space areas, and other land uses.

(17) \$450,000 of the climate commitment account—state appropriation is provided solely for the department to contract with the Washington state academy of sciences to complete a study to determine the value of distributed solar and storage in Washington state. Including any factors that it finds relevant, the academy shall develop policy recommendations and options for a methodology or methodologies that utility regulators and governing bodies may use after the statutory four percent net metering threshold is met. The academy shall submit a final report to the department and the utilities and transportation commission by October 1, 2026.

(18) \$197,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to complete the final report of the electrical transmission workforce needs study pursuant to section 1117(40) of this act. The department must submit the final report of the study to the appropriate committees of the legislature by November 1, 2025.

TOTAL APPROPRIATION\$298,891,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) The student achievement council and all institutions of higher education as defined in RCW 28B.92.030 and eligible for state financial aid programs under chapters 28B.92 and 28B.118 RCW shall ensure that data needed to analyze and evaluate the effectiveness of state financial aid programs are promptly transmitted to the education data center so that it is available and easily accessible. The data to be reported must include but not be limited to:

(i) The number of Washington college grant and college bound recipients;

(ii) Persistence and completion rates of Washington college grant recipients and college bound recipients, disaggregated by institution of higher education;

(iii) Washington college grant recipients grade point averages; and

(iv) Washington college grant and college bound scholarship program costs.

(b) The student achievement council shall submit student unit record data for state financial aid program applicants and recipients to the education data center.

(2)(a) \$153,269,000 of the information technology system development revolving account—state appropriation is provided solely for the one Washington enterprise resource planning statewide program phase 1A (agency financial reporting system replacement) and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(b) Of the amount provided in this subsection:

(i) \$15,300,000 of the information technology system development revolving account—state appropriation is provided solely for a technology pool in fiscal year 2026 to pay for phase 1A (agency financial reporting system replacement—core financials) state agency costs due to legacy system remediation work associated with impacted financial systems and interfaces. The office of financial management must manage the pool, authorize funds, track funds authorized and spent by agency by fiscal month, and report after each fiscal month close on the agency spending to Washington technology solutions so that the spending is included in the statewide dashboard actual spending each fiscal month for phase 1A and included on the program dashboard for program actual spend;

(ii) \$27,563,000 of the information technology system development revolving account—state appropriation is provided solely for an agency readiness pool in fiscal year 2026 to pay for phase 1A (agency financial reporting system replacement—core financials) state agency costs incurred in preparation for a successful transition to phase 1A. The office of financial management must manage this pool, authorize funds, track funds authorized and spent by agency by fiscal month, and report after each fiscal month close on the agency spending to Washington technology solutions so that the spending is included in the statewide dashboard actual spending each fiscal month for phase 1A and included on the program dashboard program actual spend; and

(iii) \$988,000 of the information technology system development revolving account—state appropriation is provided solely for an interagency agreement in fiscal year 2026 with Washington technology solutions for one dedicated information technology consultant and two dedicated system architect staff. These staff will work with state agencies to ensure preparation and timely decommission of information technology systems that will no longer be necessary post implementation of phase 1A (agency financial reporting system replacement—core financials).

(c) The one Washington solution and team must use an agile development model holding live demonstrations of functioning software, developed using incremental user research, held at the end of two-week sprints.

(d) The one Washington solution must be capable of being continually updated, as necessary.

(e) Beginning July 1, 2025, the office of financial management shall provide written quarterly reports, within 30 calendar days of the end of each fiscal quarter, to legislative fiscal committees and the legislative evaluation and accountability program committee to include how funding was spent compared to the budget spending plan for the prior quarter by fiscal month and what the ensuing quarter budget will be by fiscal month. All reporting must be separated by phase of one Washington subprojects. The written report must also include:

(i) A list of quantifiable deliverables scheduled for that quarter, including those accomplished and the amount spent associated with each deliverable, by fiscal month;

(ii) A report on the contract full-time equivalent charged compared to the budget spending plan by fiscal month for each contracted vendor, to include interagency agreements with other state agencies, and what the ensuing contract equivalent budget spending plan assumes by fiscal month;

(iii) A report identifying each state agency that applied for and received technology pool resources under (b)(i) of this subsection, the staffing equivalent used, and the actual spending by fiscal month by agency compared to the budget spending plan by fiscal month;

(iv) A report identifying each state agency that applied for and received agency readiness pool resources under (b)(ii) of this

subsection, the staffing equivalent used, and the actual spending by fiscal month by agency compared to the budget spending plan by fiscal month;

(v) A report on budget spending plan by fiscal month by phase compared to actual spending by fiscal month, and the projected spending plan by fiscal month for the ensuing quarter;

(vi) A report on current financial office performance metrics that at least 10 state agencies use, to include the monthly performance data, that began July 1, 2021;

(vii) A report identifying each mandatory go-live phase 1A system by agency and system name, and the status on each system readiness compliance to meet the go-live date as of the start of the quarter and the percentage of compliance by the end of the quarter;

(viii) An accounting of each known risk to the project identified by Washington technology solutions, the assigned quality assurance vendor, or the program during the last quarter, and then how each of these risks were addressed during the last quarter, what date each of these risks are anticipated to be resolved, and if the risk will be unresolved in the ensuing quarter;

(ix) An accounting of any deliverables that were changed in the last quarter noting start and anticipated end dates before and after change, and any plans to change future deliverables to include what the deliverable was, what the new deliverable is, why the deliverable was or will be missed, what was done to mitigate this delay, and what the revised deliverable date is; and

(x) The project roll-out schedule by phase to include the date each phase will go live compared to the last known go-live date. If the go-live date changed since the last quarterly report, the report must reference the last go-live date compared to the new one and include detail on why the schedule will be missed, how the project mitigated additional delays, and what the additional time in the schedule is anticipated to cost by fiscal year.

(f) Prior to the expenditure of the amounts provided in this subsection, the director of the office of financial management must review and approve the spending in writing.

(g) The legislature intends to provide additional funding for fiscal year 2027 costs for phase 1A (agency financial reporting system replacement) to be completed.

(3) \$250,000 of the office of financial management central services account—state appropriation is provided solely for a dedicated information technology budget staff for the work associated with statewide information technology projects that at least are subject to the conditions, limitations, and review requirements of section 701 of this act and are under the oversight of Washington technology solutions. The staff will be responsible for providing a monthly financial report after each fiscal month close to fiscal staff of the senate ways and means and house appropriations committees to reflect at least:

(a) Fund balance of the information technology pool account after each fiscal month close;

(b) Amount by information technology project, differentiated if in the technology pool or the agency budget, of what funding has been approved to date and for the last fiscal month;

(c) Amount by agency of what funding has been approved to date and for the last fiscal month;

(d) Total amount approved to date, differentiated if in the technology pool or the agency budget, and for the last fiscal month;

(e) A projection for the information technology pool account by fiscal month through the 2025-2027 fiscal biennium close, and a calculation spent to date as a percentage of the total appropriation;

(f) A projection of each information technology project spending compared to budget spending plan by fiscal month through the 2025-2027 fiscal biennium, and a calculation of

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

amount spent to date as a percentage of total project cost; and

(g) A list of agencies and projects that have not yet applied for nor been approved for funding by the office of financial management.

(4) Within existing resources, the labor relations section shall produce a report annually on workforce data and trends for the previous fiscal year. At a minimum, the report must include a workforce profile; information on employee compensation, including salaries and cost of overtime; and information on retention, including average length of service and workforce turnover.

(5) The office of financial management must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(6) Within existing resources, the office will maintain a data portal to track state agency expenditures from climate commitment act accounts as defined and described in RCW 70A.65.300 and chapter 173-446B WAC. The data portal must be coordinated with the department of ecology.

(7) \$250,000 of the general fund—state appropriation for fiscal year 2026 and \$250,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of chapter 245, Laws of 2022 (state boards, etc./stipends).

(8)(a) \$100,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the office of financial management to complete a study of the future long-term uses of the Olympic heritage behavioral health campus. The study must assess the options for maximizing the facility's ability to receive federal matching funds for services provided while contributing to the health of the entire state behavioral health system based on community needs. The study must examine Washington behavioral health system trends, including demand and capacity for voluntary and involuntary behavioral health in-patient treatment, forecasted bed need and current and planned statewide capacity for civil and forensic state hospital populations, short-term civil commitment capacity trends, and trends in prosecutorial forensic referrals. The study must also consider area provider admittance and refusal rates. The study must include:

(i) An analysis on the types of services which could be provided at the property, including but not limited to:

(A) Voluntary behavioral health treatment services, including diversion, prediversion, and specialty services for people with co-occurring conditions including substance use disorders, intellectual or developmental disabilities, traumatic brain disorders, or dementia;

(B) Services for patients that are deemed not guilty by reason of insanity;

(C) Integrated service approaches that address medical, housing, vocational, and other needs of behaviorally disabled individuals with criminal legal involvement or likelihood of criminal legal involvement;

(D) Long-term involuntary treatment services for specialized populations such as those with developmental disabilities or dementia;

(E) Short-term involuntary treatment services;

(F) Long-term involuntary treatment services for civil conversion patients;

(G) Out-patient intensive behavioral health treatment including partial hospitalization and intensive outpatient care;

(H) Crisis response services; and

(i) Other services that will increase the state's ability to comply with requirements for providing timely admission of competency restoration patients into treatment beds;

(ii) Review of potential for additional capacity or services on

the entirety of the property, including any capital improvements needed to expand services under the options described in (a)(i) of this subsection;

(iii) Identification and evaluation of strategies to obtain federal matching funding opportunities, specifically focusing on innovative medicaid framework adjustments and the consideration of necessary state plan amendments;

(iv) Estimated costs, required staffing and workforce availability for each of the recommended types of services if available; and

(v) Consideration of options for providers that can provide the different services recommended at the facility and an analysis on the cost differential and potential federal reimbursement for the different providers. The office of financial management may consider a variety of provider types or partners, including, but not limited to:

(A) Tribal or local governments;

(B) Acute care hospitals already providing similar care;

(C) Providers contracted by the health care authority; and

(D) State-operated options.

(b) The office of financial management shall consult with the University of Washington school of medicine, the health care authority, and the department of social and health services in developing and conducting the study.

(c) The office of financial management shall submit a final report with its findings and recommendations to the governor and the appropriate policy and fiscal committees of the legislature by December 1, 2025.

(d) The office of financial management may contract with one or more third parties and consult with other state entities to conduct the study. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW.

(9) \$352,000 of the labor relations service nonappropriated account—state appropriation is provided solely for implementation of Senate Bill No. 5653 (fish and wildlife officers). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

account—state appropriation is provided solely for the commissioner to continue its work on behavioral health parity compliance, enforcement, and provider network oversight. The commissioner may use internal staff and contracted experts to oversee provider directories and evaluate consumer access to services for mental health and substance use disorders in state-regulated individual, small group, and large group health plans.

(2) \$350,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner to study the feasibility of using a joint underwriting association to provide property and liability insurance coverage for child care centers, group foster homes, family child care homes, child and youth serving organizations, and child placement services. The commissioner must provide a report of findings to the appropriate policy committees of the legislature by December 31, 2025.

(a) The commissioner shall collect information from entities transacting insurance in the state and other sources to evaluate feasibility, limitations, and options. Any authorized insurers, unauthorized insurers, and risk retention groups contacted for purposes of this study are required to provide the requested information to the commissioner. The commissioner may confer with government entities, insurers, and stakeholders as needed for the feasibility study and report of findings.

(b) The commissioner may contract with actuaries and other consultants, as needed, to analyze data gathered, evaluate feasibility, assess limitations, develop options and recommendations, and prepare the report.

(c) The study shall evaluate, at a minimum:

(i) Concerns with the cost or availability of property and liability coverage for child care centers, group foster homes, family child care homes, child and youth serving organizations, and child placement services;

(ii) Barriers that child care centers, group foster homes, family child care homes, child and youth serving organizations, and child placement services experience in accessing adequate property and liability coverage;

(iii) Whether and how a joint underwriting association might suit the property and liability coverage needs of child care centers, group foster homes, family child care homes, child and youth serving organizations, and child placement services, and any limitations of a joint underwriting association in meeting the need; and

(iv) Statutory or implementation considerations relevant to legislative deliberations regarding feasibility.

(3) \$3,297,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner to enhance consumer education, outreach, counseling, and complaint resolution for elders and persons with disabilities related to medicare program enrollment and access to care through the senior health insurance benefit advisor program. Activities under this subsection may include but are not limited to: Contracts with community-based organizations with language skills and relationships with medicare beneficiaries; permanent or part-time staffing; volunteer recruitment; and outreach activities.

(4) \$187,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Engrossed Senate Bill No. 5721 (automobile insurance). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(5) \$290,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5351 (dental insurance practices). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(6) \$528,000 of the insurance commissioner's regulatory account—state appropriation for fiscal year 2026 is provided solely for the commissioner to study insurers' use of credit history, credit-based insurance scores, other rate factors that may have disparate impacts on Washington residents, and alternatives to their use, in determining personal insurance premiums, rates, or eligibility for coverage, and the associated impacts to consumer costs and the availability of insurance. The commissioner must provide a report of findings to the appropriate policy committees of the legislature by November 1, 2026.

(a) In conducting the study, the commissioner shall:

(i) Collect information from entities transacting personal insurance as defined in RCW 48.19.035(1)(e), and any identified authorized insurers are required to provide the requested information to the commissioner;

(ii) Investigate and obtain any other relevant information that may assist the commissioner with analyzing insurers' use of credit history, credit-based insurance scoring models, other rate factors that may disparately impact Washington residents, and alternatives to their use, in determining personal insurance premiums, rates, eligibility for coverage, and evaluating the associated impacts to consumer costs and the availability of insurance;

(iii) Contract with actuarial and other consultants, as needed, to:

(A) Analyze insurers' use of credit history, credit-based insurance scoring models, or other rate factors that may disparately impact Washington residents, in determining premiums, rates, and eligibility for coverage for people of various races, ethnicities, sexes, socioeconomic status, and national origins;

(B) Identify and analyze alternate rate factors that could be used to determine premiums, rates, and eligibility for coverage that neither rely on credit history or credit-based insurance scoring models, nor disparately impact Washington residents of various races, ethnicities, sexes, socioeconomic status, or national origins; and

(C) Analyze the likely impact of insurers' uses under (a)(iii)(A) of this subsection and alternative rate factors identified under (a)(iii)(B) of this subsection, on consumer costs, rates, premiums eligibility for coverage, and availability of insurance for people of various races, ethnicities, sexes, socioeconomic status, and national origins; and

(iv) Develop for legislative consideration, policy options and their likely impacts on consumer costs, premiums, rates, eligibility for coverage, and the availability of personal insurance, of use of rate plans that include and exclude credit history, credit-based insurance scoring models, or other rate factors that may have a disparate impact on Washington residents.

(b) Consistent with RCW 43.01.036, the commissioner shall submit a final report by November 1, 2026, with review findings, policy options, and recommendations regarding allowance, prohibition, or contingent use, of credit history, credit-based insurance scoring models, other disparately impactful rating factors, and alternatives to their use, for personal insurance, and the associated impacts on consumer costs, premiums, rates, eligibility for coverage, and availability of insurance for people of various races, ethnicities, sexes, socioeconomic status, and national origins.

(c) Data requested by, or provided to, the commissioner and the commissioner's contracted consultants for the purpose of complying with the study and reporting requirements in this subsection is confidential by law and privileged and is not subject to public disclosure under chapter 48.02.065(8) RCW. Nothing in this subsection prohibits the commissioner from preparing and

publishing reports, analyses, or other documents using the data received under this subsection so long as the data is in aggregate form and does not permit the identification of information related to individual companies. Data in the aggregate form is deemed public records available for public inspection. Nothing in this subsection affects, limits, or amends the commissioner's authority under chapter 48.37 RCW.

(7) \$737,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 5291 (long-term services trust). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(8) \$284,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Substitute House Bill No. 1669 (prosthetic limb coverage). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(9) \$56,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5419 (reports of fire losses). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(10) \$157,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Senate Bill No. 5108 (service contracts). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(11)(a) \$250,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner, in consultation with the health care authority, to complete an analysis of the cost to implement an obesity treatment benefit as described in Senate Bill No. 5353 (diabetes and obesity).

(b) The commissioner must contract with one or more consultants to obtain utilization and cost data from the Washington state all payer claims database and, if needed, Washington state health carriers, as defined in RCW 48.43.005, necessary to provide an estimate of the fiscal impact of including an obesity treatment benefit in the commercial health plan market.

(c) The analysis must include, but is not limited to, a utilization and cost analysis of each of the following services:

- (i) Intensive health, behavioral, and lifestyle treatment;
- (ii) Metabolic and bariatric surgery; and
- (iii) Food and drug administration-approved obesity medication.

(d) The report should include projected costs in the individual, small group and large group markets, separate and in the aggregate, expressed both as total annual costs and per member per month costs for plan years 2028 through 2029.

(e) The commissioner must report the findings of the analysis to the governor and appropriate committees of the legislature by September 30, 2026.

(12) \$350,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner to review and evaluate the efficacy of current property protection class rating methodologies and to study the feasibility of modernizing community property classification rating schedules to more accurately reflect the fire protection risk and available mitigations for a specific property by December 31, 2025.

(13) \$491,000 of the insurance commissioner's fraud account—state appropriation is provided solely for the commissioner to collaborate with the Pierce county prosecuting attorney's office regarding the criminal prosecution of matters investigated by the limited authority peace officers employed by the commissioner.

(i) Functional recovery building code standards that are being

developed at the federal level, have been proposed or adopted in other countries, states, or local jurisdictions with a high risk of earthquakes, or are developed by public or private organizations with expertise in earthquake performance standards and safety;

(ii) The levels of functional recovery supported by current state and local building and construction codes;

(iii) The objectives, feasibility, necessary measures, and estimated costs of adopting and implementing statewide functional recovery building code standards, and how this assessment is impacted by whether the standards:

(A) Are mandatory or voluntary;

(B) Apply to only certain types of structures and infrastructure or prioritize certain types of structures and infrastructure;

(C) Apply to existing structures and infrastructure in addition to new construction;

(D) Are intended to apply to only specific seismic hazard levels; or

(E) Include nonstructural components as well as structural systems;

(iv) How statewide standards for functional recovery would fit into an all hazards approach for state emergency response and recovery;

(v) Funding opportunities that provide for the coordination of state and federal funds for the purposes of improving the state's preparedness for functional recovery following a significant earthquake or tsunami; and

(vi) Equity considerations for the development of statewide building code standards for functional recovery.

(b) The department must submit a final report summarizing the study's findings and including policy recommendations relating to statewide building code standards for functional recovery to the appropriate committees of the legislature by May 1, 2026.

and reserve officers' administrative account—state appropriation is provided solely for the board to contract with the department of commerce to conduct a study on the extension of duty-related occupational disease presumptions to participants in the volunteer firefighters' relief and pension system. The study must examine the presumption in RCW 51.32.185, and report to the fiscal committees of the legislature by June 30, 2026, on the prevalence of these conditions among volunteer firefighters, and the fiscal impact of extending additional relief and pension benefits to participants.

NEW SECTION. Sec. 153. FOR THE FORENSIC INVESTIGATION COUNCIL

Death Investigations Account—State Appropriation. \$841,000
TOTAL APPROPRIATION..... \$841,000

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$250,000 of the death investigations account—state appropriation is provided solely for providing financial assistance to local jurisdictions in multiple death investigations. The forensic investigation council shall develop criteria for awarding these funds for multiple death investigations involving an unanticipated, extraordinary, and catastrophic event or those involving multiple jurisdictions.

(b) Of the amount provided in this subsection, \$30,000 of the death investigations account—state appropriation is provided solely for the Adams county crime lab to investigate a double homicide that occurred in fiscal year 2021.

(2) \$210,000 of the death investigations account—state appropriation is provided solely for providing financial assistance to local jurisdictions in identifying human remains.

(3) The forensic investigation council must collaborate and work with the Washington state patrol for the patrol to provide services related to public records requests, to include responding to, or assisting the council in responding to, public disclosure requests received by the council.

NEW SECTION. Sec. 154. FOR THE DEPARTMENT OF ENTERPRISE SERVICES

General Fund—State Appropriation (FY 2026).... \$18,229,000
General Fund—State Appropriation (FY 2027).... \$17,985,000
General Fund—Private/Local Appropriation..... \$102,000
Building Code Council Account—State Appropriation
..... \$2,266,000
Climate Commitment Account—State Appropriation
..... \$1,308,000
Prescribed Fire Claims Account—State Appropriation
..... \$2,000,000
TOTAL APPROPRIATION..... \$41,890,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,672,000 of the general fund—state appropriation for fiscal year 2026 and \$6,725,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the payment of facilities and services charges to include campus rent, parking, security, contracts, public and historic facilities, financial cost recovery, and capital projects surcharges allocable to the senate, house of representatives, statute law committee, legislative support services, and joint legislative systems committee. The department shall allocate charges attributable to these agencies among the affected revolving funds. The department shall maintain an interagency agreement with these agencies to establish performance standards, prioritization of preservation and capital improvement projects, and quality assurance provisions for the delivery of services under this subsection. The legislative agencies named in this subsection shall continue to have all of the same rights of occupancy and

space use on the capitol campus as historically established.

(2) Before any agency may purchase a passenger motor vehicle as defined in RCW 43.19.560, the agency must have approval from the director of the department of enterprise services. Agencies that are exempted from the requirement are the Washington state patrol, Washington state department of transportation, and the department of natural resources.

(3) From the fee charged to master contract vendors, the department shall transfer to the office of minority and women's business enterprises in equal monthly installments \$1,500,000 in fiscal year 2026 and \$1,300,000 in fiscal year 2027.

(4) Within existing resources, the department, in collaboration with Washington technology solutions, must provide a report to the governor and fiscal committees of the legislature by October 31 of each calendar year that reflects information technology contract information based on a contract snapshot from June 30 of that same calendar year, and must also include any contract that was active since July 1 of the previous calendar year. The department will coordinate to receive contract information for all contracts to include those where the department has delegated authority so that the report includes statewide contract information. The report must contain a list of all information technology contracts to include the agency name, contract number, vendor name, contract term start and end dates, contract dollar amount in total, and contract dollar amounts by state fiscal year. The report must also include, by contract, the contract spending projections by state fiscal year for each ensuing state fiscal year through the contract term, and note the type of service delivered. The list of contracts must be provided electronically in Excel and be sortable by all field requirements. The report must also include trend analytics on information technology contracts, and recommendations for reducing costs where possible.

(5) \$654,000 of the general fund—state appropriation for fiscal year 2026 and \$654,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department, in collaboration with the state efficiency and environmental performance program, to implement the zero emission vehicle strategy.

(6) \$1,501,000 of the general fund—state appropriation for fiscal year 2026 and \$1,500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for zero emission electric vehicle supply equipment infrastructure at facilities to accommodate charging station installation. The electric vehicle charging equipment must allow for the collection of usage data and must be coordinated with the state efficiency and environmental performance program. The department must prioritize locations based on state efficiency and environmental performance location priorities, and at least where zero emission fleet vehicles are or are scheduled to be purchased. The department must report when and where the equipment was installed, usage data at each charging station, and the state agencies and facilities that benefit from the installation of the charging station to the fiscal committees of the legislature by June 30. The department shall collaborate with the interagency electric vehicle coordinating council to implement this subsection and must work to meet benchmarks established in chapter 182, Laws of 2022 (transportation resources).

(7)(a) \$6,052,000 of the general fund—state appropriation for fiscal year 2026 and \$6,052,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for contracting with a nonprofit organization to produce gavel-to-gavel television coverage of state government deliberations and other events statewide. The funding level for each year of the contract shall be based on the amount provided in this subsection. The nonprofit organization shall be required to raise contributions

or commitments to make contributions, in cash or in kind, in an amount equal to 40 percent of the state contribution. The department may make full or partial payment once all criteria in this subsection have been satisfactorily documented.

(b) The legislature finds that the commitment of on-going funding is necessary to ensure continuous, autonomous, and independent coverage of public affairs. For that purpose, the department shall enter into a contract with the nonprofit organization to provide public affairs coverage.

(c) The nonprofit organization shall prepare an annual independent audit, an annual financial statement, and an annual report, including benchmarks that measure the success of the nonprofit organization in meeting the intent of the program.

(d) No portion of any amounts disbursed pursuant to this subsection may be used, directly or indirectly, for any of the following purposes:

(i) Attempting to influence the passage or defeat of any legislation by the legislature of the state of Washington, by any county, city, town, or other political subdivision of the state of Washington, or by the congress, or the adoption or rejection of any rule, standard, rate, or other legislative enactment of any state agency;

(ii) Making contributions reportable under chapter 42.17A RCW; or

(iii) Providing any: (A) Gift; (B) honoraria; or (C) travel, lodging, meals, or entertainment to a public officer or employee.

(8) \$15,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for implementation of Substitute Senate Bill No. 5655 (child care centers/buildings). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(9) \$112,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for implementation of Substitute Senate Bill No. 5552 (kit homes/building codes). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(10) \$2,000,000 of the prescribed fire claims account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1563 (prescribed fire claims). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

NEW SECTION. Sec. 155. FOR THE DEPARTMENT OF ARCHAEOLOGY AND HISTORIC PRESERVATION

General Fund—State Appropriation (FY 2026).....	\$4,040,000
General Fund—State Appropriation (FY 2027).....	\$3,973,000
General Fund—Federal Appropriation	\$2,559,000
General Fund—Private/Local Appropriation.....	\$14,000
Climate Commitment Account—State Appropriation.....	\$617,000
TOTAL APPROPRIATION.....	\$11,203,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$350,000 of the general fund—state appropriation for fiscal year 2026 and \$350,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the Washington main street program.

(2) \$125,000 of the general fund—state appropriation for fiscal year 2026 and \$125,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the implementation of the black historic sites survey project.

(3) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(4) \$30,000 of the general fund—state appropriation for fiscal year 2026 and \$30,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to

participate in and contribute to a multiagency permitting team for the purpose of streamlining the review of environmental restoration projects that directly benefit fish or fish habitat. Projects for review by the multiagency permitting team must be submitted under a joint aquatic resources permit application and have had a project review completed by the department of archaeology and historic preservation regarding cultural resources protection requirements, including the requirements of executive order 21-02. In general, the multiagency permitting team is comprised of state agencies with jurisdictional responsibility for the project proposal, local governments in whose geographical jurisdiction the project would be located, and any other expertise that may be needed in review of the project. State agencies are responsible for carrying out their own permit review and approval process.

NEW SECTION. Sec. 156. FOR THE WASHINGTON TECHNOLOGY SOLUTIONS AGENCY

General Fund—State Appropriation (FY 2026)	\$188,000
General Fund—State Appropriation (FY 2027)	\$188,000
Washington Technology Solutions Revolving Account—	
State Appropriation	\$140,085,000
TOTAL APPROPRIATION	\$140,461,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,000,000 of the Washington technology solutions revolving account—state appropriation is provided solely for experienced information technology project managers to provide critical support to agency IT projects that are under oversight from Washington technology solutions. The staff or vendors will:

(a) Provide master level project management guidance to agency IT stakeholders;

(b) Consider statewide best practices from the public and private sectors, independent review and analysis, vendor management, budget and timing quality assurance and other support of current or past IT projects in at least Washington state and share these with agency IT stakeholders and legislative fiscal staff at least twice annually and post these to the statewide IT dashboard; and

(c) Provide independent recommendations to legislative fiscal committees by December of each calendar year on oversight of IT projects to include opportunities for accountability and performance metrics.

(2) \$2,226,000 of the Washington technology solutions revolving account—state appropriation is provided solely for the enterprise data management pilot project, and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(3) \$16,655,000 of the Washington technology solutions revolving account—state appropriation is provided solely for the office of cyber security.

(4) \$2,692,000 of the Washington technology solutions revolving account—state appropriation is provided solely for the office of privacy and data protection.

(5) Washington technology solutions shall work with customer agencies using the Washington state electronic records vault (WASERV) to identify opportunities to:

(a) Reduce storage volumes and costs associated with vault records stored beyond the agencies' record retention schedules; and

(b) Assess a customized service charge as defined in chapter 304, Laws of 2017 for costs of using WASERV to prepare data compilations in response to public records requests.

(6)(a) In conjunction with Washington technology solutions' prioritization of proposed information technology expenditures, agency budget requests for proposed information technology expenditures must include the following:

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(i) The agency's priority ranking of each information technology request;

(ii) The estimated cost by fiscal year and by fund for the current biennium;

(iii) The estimated cost by fiscal year and by fund for the ensuing biennium;

(iv) The estimated total cost for the current and ensuing biennium;

(v) The total cost by fiscal year, by fund, and in total, of the information technology project since it began;

(vi) The estimated cost by fiscal year and by fund over all biennia through implementation and close out and into maintenance and operations;

(vii) The estimated cost by fiscal year and by fund for service level agreements once the project is implemented;

(viii) The estimated cost by fiscal year and by fund for agency staffing for maintenance and operations once the project is implemented; and

(ix) The expected fiscal year when the agency expects to complete the request.

(b) Washington technology solutions and the office of financial management may request agencies to include additional information on proposed information technology expenditure requests.

(7) Washington technology solutions must not increase fees charged for existing services without prior approval by the office of financial management. The agency may develop fees to recover the actual cost of new infrastructure to support increased use of cloud technologies.

(8) Within existing resources, the agency must provide oversight of state procurement and contracting for information technology goods and services by the department of enterprise services.

(9) Within existing resources, the agency must host, administer, and support the state employee directory in an online format to provide public employee contact information.

(10) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. Washington technology solutions shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions, limitations, and review provided in section 701 of this act.

(11) \$9,101,000 of the Washington technology solutions revolving account—state appropriation is provided solely for the creation and ongoing delivery of information technology services tailored to the needs of small agencies. The scope of services must include, at a minimum, full-service desktop support, service assistance, security, and consultation.

(12) \$86,566,000 of the Washington technology solutions revolving account—state appropriation is provided solely for the procurement and distribution of Microsoft 365 licenses which must include advanced security features and cloud-based private branch exchange capabilities for state agencies. The office must

report annually to fiscal committees of the legislature each December 31, on the count and type of licenses distributed by Washington technology solutions to each state agency. The report must also separately report on the count and type of Microsoft 365 licenses that state agencies have in addition to those that are distributed by Washington technology solutions so that the total count, type of license, and cost is known for statewide Microsoft 365 licenses.

(13) Washington technology solutions shall maintain an information technology project dashboard that, at minimum, provides updated information each fiscal month on the projects subject to section 701 of this act.

(a) The statewide information technology dashboard must include, at a minimum, the:

(i) Start date of the project;

(ii) End date of the project, when the project will close out and implementation will commence;

(iii) Term of the project in state fiscal years across all biennia to reflect the start of the project through the end of the project;

(iv) Total project cost from start date through the end date of the project in total dollars, and a subtotal of near general fund outlook;

(v) Near general fund outlook budget and actual spending in total dollars and by fiscal month for central service agencies that bill out project costs;

(vi) Start date of maintenance and operations;

(vii) Estimated annual state fiscal year cost of maintenance and operations after implementation and close out;

(viii) Actual spending by state fiscal year and in total for state fiscal years that have closed;

(ix) Date a feasibility study was completed or note if none has been completed to date;

(x) Monthly project status assessments on scope, schedule, budget, and overall by the:

(A) Washington technology solutions;

(B) Quality assurance vendor, if applicable; and

(C) Agency project team;

(xi) Monthly quality assurance reports, if applicable;

(xii) Monthly Washington technology solutions status reports on budget, scope, schedule, and overall project status; and

(xiii) Historical project budget and expenditures through fiscal year 2025.

(b) The statewide dashboard must retain a roll up of the entire project cost, including all subprojects, that can display subproject detail. This includes coalition projects that are active. For projects that include multiple agencies or subprojects and roll up, the dashboard must display:

(i) A separate technology budget and investment plan for each impacted agency. If the impacted agency has funding appropriated to another agency, as is done with the statewide electronic health records solution where the federal funding is appropriated to the health care authority and not at the department of corrections, then the technology budget must be compiled in the lead agency technology budget only, referencing any differences in appropriation index, as described in section 701(4)(b)(iii)(B) of this act; and

(ii) A statewide project technology budget roll up that includes each affected agency at the subproject level.

(c) Washington technology solutions may recommend additional elements to include but must have agreement with legislative fiscal committees and the office of financial management prior to including additional elements.

(d) The agency must ensure timely posting of project data on the statewide information technology dashboard for at least each project funded in the budget and those projects subject to the

conditions, limitations, and review requirements of section 701 of this act to include, at a minimum, posting on the dashboard:

(i) The budget funded level by project for each project under oversight within 30 calendar days of the budget being signed into law;

(ii) The project historical expenditures through completed fiscal years by December 31; and

(iii) Whether each project has completed a feasibility study.

(e) Washington technology solutions must post to the statewide dashboard a list of funding received by fiscal year by enacted session law, and how much was received citing chapter law as a list of funding provided by fiscal year.

(14) Within existing resources, Washington technology solutions must collaborate with the department of enterprise services on the annual contract report that provides information technology contract information. Washington technology solutions will:

(a) Provide data to the department of enterprise services annually by September 1 of each year; and

(b) Provide analysis on contract information for all agencies comparing spending across state fiscal years by, at least, the contract spending towers.

(15) \$8,666,000 of the Washington technology solutions revolving account—state appropriation is provided solely for implementation of the enterprise cloud computing program as outlined in the December 2020 Washington state cloud readiness report. Funding provided includes, but is not limited to, cloud service broker resources, cloud center of excellence, cloud management tools, a network assessment, cybersecurity governance, and a cloud security roadmap.

(16) \$3,498,000 of the Washington technology solutions revolving account—state appropriation is provided solely for the implementation of the recommendations of the cloud transition task force report to include:

(a) A cloud readiness program to help agencies plan and prepare for transitioning to cloud computing;

(b) A cloud retraining program to provide a coordinated approach to skills development and retraining; and

(c) Staffing to define career pathways and core competencies for the state's information technology workforce.

(17) Washington technology solutions must collaborate with the office of the secretary of state in the evaluation of the office of the secretary of state's information technology infrastructure and applications in determining the appropriate candidates for the location of data and the systems that could be exempt from Washington technology solutions oversight.

(18)(a) Washington technology solutions must include the enterprise statewide electronic health records program on the statewide information technology program dashboard for those agencies appropriated funding for the statewide electronic health records solution. The program dashboard must ensure the program detail will roll up the below required subprojects:

(i) Enterprise foundational statewide electronic health records system, appropriated to the health care authority;

(ii) Department of corrections statewide electronic health records, appropriated to the department of corrections;

(iii) Department of social and health services statewide electronic health records, appropriated to the department of social and health services; and

(iv) Health care authority statewide electronic health records, appropriated to the health care authority.

(b) The Washington technology solutions must report to the technology services board by December 31, 2025, on the status of the following statewide electronic health records solution go-live dates:

(i) August 15, 2027, for the department of corrections;

(ii) August 15, 2027, for the department of social and health services; and

(iii) August 15, 2027, for the health care authority;

The update must include any changes to the scheduled go-live dates by agency, reporting on all risks to the schedule for the above milestone go-live dates by agency, include detail on why the schedule will be missed by agency, how the project mitigated additional delays, and what the additional time in the schedule is anticipated to cost by fiscal year by fund source by agency, and in total.

(c) Washington technology solutions must:

(i) Require that vendors for the statewide electronic health records solution must use an agile development model holding live demonstrations of functioning software, be developed using incremental user research, and held at the end of two-week sprints;

(ii) Require the solutions be capable of being continually updated, as necessary; and

(iii) Ensure development of the statewide electronic health records solution shall include consideration of national interoperability standards, such as United States core data for interoperability or the trusted exchange framework and common agreement.

(19) In collaboration with the department of health and the health care authority:

(a) Washington technology solutions must actively consult and provide oversight over:

(i) The department of health 988 technology platform that must provide interoperability capabilities between the 988-related system and the health care authority's 988-related system;

(ii) The health care authority 988 technology platform that must provide interoperability capabilities between the 988-related system and the department of health's 988 call center platform;

(iii) How the platforms in (a)(i) and (ii) of this subsection will meet the statutory requirements for technology platform functionality and implementation dates as established in chapter 364, Laws of 2024, and must report on the progress of both platforms' budget, scope, schedule, and milestone accomplishments at a technology services board meeting by October 31, 2025. The update must include any changes to the scheduled October 1, 2025, request for proposal issuance and the January 1, 2028, go-live date by agency, reporting on all risks to the schedule for the milestone dates by agency, include detail on why the schedule will be missed by agency, how the project mitigated additional delays, and what the additional time in the schedule is anticipated to cost by fiscal year by fund source by agency, and in total; and

(b) Washington technology solutions must:

(i) Require that vendors for the 988 technology platforms must use an agile development model holding live demonstrations of functioning software, be developed using incremental user research, and held at the end of two-week sprints; and

(ii) Require the solutions be capable of being continually updated, as necessary.

NEW SECTION. Sec. 157. FOR THE BOARD OF REGISTRATION OF PROFESSIONAL ENGINEERS AND LAND SURVEYORS

Professional Engineers' Account—State Appropriation

TOTAL APPROPRIATION \$5,018,000

NEW SECTION. Sec. 158. FOR THE WASHINGTON STATE LEADERSHIP BOARD

Washington State Leadership Board Account—State

Appropriation \$1,696,000

TOTAL APPROPRIATION \$1,696,000

The appropriation in this section is subject to the following

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

conditions and limitations:

(1) \$374,000 of the Washington state leadership board account—state appropriation is provided solely for implementation of chapter 96, Laws of 2022 (WA state leadership board).

(2) \$1,200,000 of the Washington state leadership board account—state appropriation is provided solely for implementing programming in RCW 43.388.010, and specifically the Washington world fellows program, sports mentoring program/boundless Washington, compassion scholars, and the Washington state leadership awards.

PART II HUMAN SERVICES

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters

in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by Washington technology solutions.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. Washington technology solutions shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, support the adoption of a cohesive technology and data architecture, and maximize federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

(8) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(9) The department shall promptly notify the office of the attorney general upon the receipt of a request from or on behalf of a federal agency or a federal, state, or local law enforcement authority for health care information, as defined in RCW 70.02.010, program eligibility information for individuals, information that may identify a health care provider's or facility's delivery of health care services to noncitizens, or the delivery of protected health care services as defined in RCW 7.115.010 where the request may impact expenditures for such services. The department shall require contracted entities to notify the department promptly upon receipt of a request from a federal agency or law enforcement authority as described in this subsection.

NEW SECTION. Sec. 202. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH PROGRAM

General Fund—State Appropriation (FY 2026) ..	\$703,408,000
General Fund—State Appropriation (FY 2027) ..	\$729,030,000
General Fund—Federal Appropriation.....	\$204,706,000
General Fund—Private/Local Appropriation	\$15,151,000
Coronavirus State Fiscal Recovery Fund—Federal Appropriation	\$7,575,000

Model Toxics Control Operating Account—State

Appropriation.....\$680,000
TOTAL APPROPRIATION.....\$1,660,550,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The state psychiatric hospitals and residential treatment facilities may use funds appropriated in this subsection to purchase goods, services, and supplies through hospital group purchasing organizations when it is cost-effective to do so.

(2) \$320,000 of the general fund—state appropriation for fiscal year 2026 and \$320,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a community partnership between western state hospital and the city of Lakewood to support community policing efforts in the Lakewood community surrounding western state hospital. The amounts provided in this subsection are for the salaries, benefits, supplies, and equipment for the city of Lakewood to produce incident and police response reports, investigate potential criminal conduct, assist with charging consultations, liaison between staff and prosecutors, provide staff training on criminal justice procedures, assist with parking enforcement, and attend meetings with hospital staff.

(3) \$45,000 of the general fund—state appropriation for fiscal year 2026 and \$45,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for payment to the city of Lakewood for police services provided by the city at western state hospital and adjacent areas.

(4) \$320,000 of the general fund—state appropriation for fiscal year 2026 and \$320,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the salaries, benefits, supplies, and equipment for one full-time investigator, one full-time police officer, and one full-time community services officer for policing efforts at eastern state hospital. The department must collect data from the city of Medical Lake on the use of the funds and the number of calls responded to by the community policing program and submit a report with this information to the office of financial management and the appropriate fiscal committees of the legislature each December of the fiscal biennium.

(5) \$25,000 of the general fund—state appropriation for fiscal year 2026 and \$25,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for payment to the city of Medical Lake for police services provided by the city at eastern state hospital and adjacent areas.

(6) \$250,000 of the general fund—state appropriation for fiscal year 2026 and \$250,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department, in collaboration with the health care authority, to develop and implement a predictive modeling tool which identifies clients who are at high risk of future involvement with the criminal justice system and for developing a model to estimate demand for civil and forensic state hospital bed needs pursuant to the following requirements.

(a) By the first day of each December during the fiscal biennium, the department, in coordination with the health care authority, must submit a report to the office of financial management and the appropriate committees of the legislature that summarizes how the predictive modeling tool has been implemented and includes the following: (i) The number of individuals identified by the tool as having a high risk of future criminal justice involvement; (ii) the method and frequency for which the department is providing lists of high-risk clients to contracted managed care organizations and behavioral health administrative services organizations; (iii) a summary of how the managed care organizations and behavioral health administrative services organizations are utilizing the data to improve the coordination of care for the identified individuals; and (iv) a

summary of the administrative data to identify whether implementation of the tool is resulting in increased access and service levels and lower recidivism rates for high-risk clients at the state and regional level.

(b) The department must provide staff support for the forensic and long-term civil commitment bed forecast which must be conducted under the direction of the office of financial management. The forecast methodology, updates, and methodology changes must be conducted in coordination with staff from the department, the health care authority, the office of financial management, and the appropriate fiscal committees of the state legislature. The model shall incorporate factors for capacity in state hospitals as well as contracted facilities, which provide similar levels of care, referral patterns, wait lists, lengths of stay, and other factors identified as appropriate for estimating the number of beds needed to meet the demand for civil and forensic state hospital services. Factors should include identification of need for the services and analysis of the effect of community investments in behavioral health services and other types of beds that may reduce the need for long-term civil commitment needs. The forecast must be updated each February, June, and November during the fiscal biennium and the department must submit a report to the legislature and the appropriate committees of the legislature summarizing the updated forecast based on the caseload forecast council's schedule for entitlement program forecasts.

(7) \$9,119,000 of the general fund—state appropriation for fiscal year 2026 and \$9,145,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, forensic navigators, crisis diversion and supports, education and training, and workforce development.

(8) \$7,147,000 of the general fund—state appropriation for fiscal year 2026 and \$7,147,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to maintain implementation of efforts to improve the timeliness of competency evaluation services for individuals who are in local jails pursuant to chapter 5, Laws of 2015 (timeliness of competency treatment and evaluation services). This funding must be used solely to maintain increases in the number of competency evaluators that began in fiscal year 2016 pursuant to the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP.

(9) \$71,690,000 of the general fund—state appropriation for fiscal year 2026 and \$77,825,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of efforts to improve the timeliness of competency restoration services pursuant to chapter 5, Laws of 2015 (timeliness of competency treatment and evaluation services) and the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. These amounts must be used to maintain increases that were implemented between fiscal year 2016 and fiscal year 2025. Pursuant to chapter 7, Laws of 2015 1st sp. sess. (timeliness of competency treatment and evaluation services), the

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

department may contract some of these amounts for services at alternative locations if the secretary determines that there is a need.

(10) \$84,565,000 of the general fund—state appropriation for fiscal year 2026, \$77,343,000 of the general fund—state appropriation for fiscal year 2027, and \$960,000 of the general fund—federal appropriation are provided solely for the department to continue to implement an acuity based staffing tool at western state hospital and eastern state hospital in collaboration with the hospital staffing committees. The staffing tool must be used to identify, on a daily basis, the clinical acuity on each patient ward and determine the minimum level of direct care staff by profession to be deployed to meet the needs of the patients on each ward. The department must evaluate interrater reliability of the tool within each hospital and between the two hospitals. The department must also continue to update, in collaboration with the office of financial management's labor relations office, the staffing committees, and state labor unions, an overall state hospital staffing plan that looks at all positions and functions of the facilities.

(a) Within the amounts provided in this section, the department must establish, monitor, track, and report monthly staffing and expenditures at the state hospitals, including overtime and use of locums, to the functional categories identified in the recommended staffing plan. The allotments and tracking of staffing and expenditures must include all areas of the state hospitals, must be done at the ward level, and must include contracted facilities providing forensic restoration services as well as the office of forensic mental health services.

(b) By December 1st of each fiscal year of the biennium, the department must submit reports to the office of financial management and the appropriate committees of the legislature that provide a comparison of monthly spending, staffing levels, overtime, and use of locums for the prior year compared to allotments and to the recommended state hospital staffing model. The format for these reports must be developed in consultation with staff from the office of financial management and the appropriate committees of the legislature. The reports must include a summary of the results of the evaluation of the interrater reliability in use of the staffing acuity tool and an update from the hospital staffing committees.

(c) Monthly staffing levels and related expenditures at the state hospitals must not exceed official allotments without prior written approval from the director of the office of financial management. In the event the director of the office of financial management approves an increase in monthly staffing levels and expenditures beyond what is budgeted, notice must be provided to the appropriate committees of the legislature within 30 days of such approval. The notice must identify the reason for the authorization to exceed budgeted staffing levels and the time frame for the authorization. Extensions of authorizations under this subsection must also be submitted to the director of the office of financial management for written approval in advance of the expiration of an authorization. The office of financial management must notify the appropriate committees of the legislature of any extensions of authorizations granted under this subsection within 30 days of granting such authorizations and identify the reason and time frame for the extension.

(11) \$8,611,000 of the general fund—state appropriation for fiscal year 2026, \$8,611,000 of the general fund—state appropriation for fiscal year 2027, and \$924,000 of the general fund—federal appropriation are provided solely for a violence reduction team at western state hospital to improve patient and staff safety at eastern and western state hospitals. A report must be submitted by December 1st of each fiscal year of the biennium,

which includes a description of the violence reduction or safety strategy, a profile of the types of patients being served, the staffing model being used, and outcomes associated with each strategy. The outcomes section should include tracking data on facility-wide metrics related to patient and staff safety as well as individual outcomes related to the patients served.

(12) \$2,593,000 of the general fund—state appropriation for fiscal year 2026 and \$2,593,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for services to patients found not guilty by reason of insanity under the *Ross v. Lashway* settlement agreement.

(13) Within the amounts provided in this subsection, the department must develop and submit an annual state hospital performance report for eastern and western state hospitals. Each measure included in the performance report must include baseline performance data, agency performance targets, and performance for the most recent fiscal year. The performance report must include a one page dashboard as well as charts for each fiscal year and quality of care measure broken out by hospital and including but not limited to: (a) Monthly FTE expenditures compared to allotments; (b) monthly dollar expenditures compared to allotments; (c) monthly FTE expenditures per thousand patient bed days; (d) monthly dollar expenditures per thousand patient bed days; (e) percentage of FTE expenditures for overtime; (f) average length of stay by category of patient; (g) average monthly civil wait list; (h) average monthly forensic wait list; (i) rate of staff assaults per thousand patient bed days; (j) rate of patient assaults per thousand patient bed days; (k) average number of days to release after a patient has been determined to be clinically ready for discharge; and (l) average monthly vacancy rates for key clinical positions. The department must submit the state hospital performance report to the office of financial management and the appropriate committees of the legislature by the first day of each December of the biennium.

(14) \$135,000 of the general fund—state appropriation for fiscal year 2026 and \$135,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to maintain an on-site safety compliance officer, stationed at western state hospital, to provide oversight and accountability of the hospital's response to safety concerns regarding the hospital's work environment.

(15) \$100,000 of the general fund—state appropriation for fiscal year 2026 and \$100,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to track compliance with the requirements of RCW 71.05.365 for transition of state hospital patients into community settings within 14 days of the determination that they no longer require active psychiatric treatment at an inpatient level of care. The department must use these amounts to track the following elements related to this requirement: (a) The date on which an individual is determined to no longer require active psychiatric treatment at an inpatient level of care; (b) the date on which the behavioral health entities and other organizations responsible for resource management services for the person is notified of this determination; and (c) the date on which either the individual is transitioned to the community or has been reevaluated and determined to again require active psychiatric treatment at an inpatient level of care. The department must provide this information in regular intervals to behavioral health entities and other organizations responsible for resource management services. The department must summarize the information and provide a report to the office of financial management and the appropriate committees of the legislature on progress toward meeting the 14 day standard by December 1st of each year of the biennium.

(16) \$298,000 of the general fund—state appropriation for fiscal year 2026 and \$297,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for maintenance of the facility, property, and assets at the Brockmann campus located in Clark county.

(17) \$77,102,000 of the general fund—state appropriation for fiscal year 2026 and \$81,301,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to operate the maple lane campus as described in (a) and (b) of this subsection.

(a) The department shall operate the Oak, Columbia, and Cascade cottages to provide:

(i) Treatment services to individuals committed to a state hospital under chapter 71.05 RCW pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088; and

(ii) Treatment services to individuals acquitted of a crime by reason of insanity and subsequently ordered to receive treatment services under RCW 10.77.120.

(b) The department shall open and operate the Baker and Chelan cottages to provide treatment services to individuals committed to a state hospital under chapter 71.05 RCW pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088.

(c) In considering placements at the maple lane campus, the department must maximize forensic bed capacity at the state hospitals for individuals in jails awaiting admission that are class members of *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States district court for the western district of Washington, cause no. 14-cv-01178-MJP.

(18) \$1,412,000 of the general fund—state appropriation for fiscal year 2026 and \$1,412,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for relocation, storage, and other costs associated with building demolition on the western state hospital campus.

(19) Within the amounts provided in this section, the department is provided funding to operate civil long-term inpatient beds at the state hospitals as follows:

(a) Funding is sufficient for the department to operate 162 civil beds at eastern state hospital in both fiscal year 2026 and fiscal year 2027.

(b) Funding is sufficient for the department to operate 287 civil beds at western state hospital in both fiscal year 2026 and fiscal year 2027.

(c) The department shall fully operate funded civil capacity at eastern state hospital, including reopening and operating civil beds that are not needed for eastern Washington residents to provide services for western Washington residents.

(d) The department shall coordinate with the health care authority toward increasing community capacity for long-term inpatient services required under section 214(30) of this act.

(20)(a) \$59,650,000 of the general fund—state appropriation for fiscal year 2026 and \$59,650,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to operate 74 beds in three wards in the Olympic heritage behavioral health facility.

(b) The department may not use the remaining 38 beds at the facility for any purpose and must permit the contractor selected by the health care authority to utilize the beds pursuant to and upon completion of the contracted process outlined in section 214 of this act.

(21) \$61,000 of the general fund—state appropriation for fiscal year 2026 and \$29,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Second Substitute House Bill No. 1359 (criminal insanity). If the bill is not enacted by June 30, 2025, the amounts provided in this

subsection shall lapse.

(22) \$175,000 of the general fund—state appropriation for fiscal year 2026 and \$175,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Second Substitute House Bill No. 1162 (health care work violence). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(23) \$3,278,000 of the general fund—state appropriation for fiscal year 2026 and \$4,345,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of chapter 453, Laws of 2023 (competency evaluations).

(24) \$4,118,000 of the general fund—state appropriation for fiscal year 2026, \$4,118,000 of the general fund—state appropriation for fiscal year 2027, and \$396,000 of the general fund—federal appropriation are provided solely for the department to address delays in patient discharge as provided in this subsection.

(a) The department shall hire staff dedicated to discharge reviews, including psychologists to complete reviews and staff for additional discharge review work, including, but not limited to, scheduling, planning, and providing transportation; and establish and implement a sex offense and problematic behavior program as part of the sex offense review and referral team program.

(b) Of the amounts provided in this subsection, \$504,000 per year shall be used for bed fees for patients who are not guilty by reason of insanity.

(c) The department shall track data as it relates to this subsection and, where available, compare it to historical data.

NEW SECTION. Sec. 203. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—DEVELOPMENTAL DISABILITIES PROGRAM

(1) COMMUNITY SERVICES

General Fund—State Appropriation (FY 2026)	\$1,328,114,000
General Fund—State Appropriation (FY 2027)	\$1,390,855,000
General Fund—Federal Appropriation	\$2,781,638,000
General Fund—Private/Local Appropriation	\$4,486,000
Developmental Disabilities Community Services	
Account—State Appropriation	\$2,020,000
TOTAL APPROPRIATION	\$5,507,113,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals who receive supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 solely on the basis of receiving those payments.

(b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and 43.135.055, the department is authorized to increase nursing facility, assisted living facility, and adult family home fees as necessary to fully support the actual costs of conducting the licensure, inspection, and regulatory programs. The license fees may not exceed the department's annual licensing and oversight activity costs and shall include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

(i) The current annual license renewal fee for adult family homes is \$450 per bed. A nonrefundable processing fee of \$2,750 shall be charged for the initial licensing of each adult family home. In addition, a processing fee of \$700 shall be imposed on providers submitting an application for a change of ownership.

(ii) The current annual license renewal fee for assisted living facilities is \$383 per bed in fiscal year 2026 and \$381 in fiscal year 2027.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(iii) The current annual license renewal fee for nursing facilities is \$814 per bed in fiscal year 2026 and \$834 per bed in fiscal year 2027.

(c) \$14,742,000 of the general fund—state appropriation for fiscal year 2026, \$35,028,000 of the general fund—state appropriation for fiscal year 2027, and \$62,704,000 of the general fund—federal appropriation are provided solely for the rate increase for the new consumer-directed employer contracted individual providers as set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(d) \$1,146,000 of the general fund—state appropriation for fiscal year 2026, \$2,755,000 of the general fund—state appropriation for fiscal year 2027, and \$4,914,000 of the general fund—federal appropriation are provided solely for the homecare agency parity consistent with the rate set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(e) \$1,027,000 of the general fund—state appropriation for fiscal year 2026, \$1,862,000 of the general fund—state appropriation for fiscal year 2027, and \$3,639,000 of the general fund—federal appropriation are provided solely for administrative costs of the consumer-directed employer as set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(f) \$228,000 of the general fund—state appropriation for fiscal year 2026, \$420,000 of the general fund—state appropriation for fiscal year 2027, and \$817,000 of the general fund—federal appropriation are provided solely to increase the administrative rate for home care agencies by 30 cents per hour effective July 1, 2025, and an additional 23 cents per hour effective July 1, 2026.

(g) \$6,953,000 of the general fund—state appropriation for fiscal year 2026, \$7,815,000 of the general fund—state appropriation for fiscal year 2027, and \$18,212,000 of the general fund—federal appropriation are provided solely for the implementation of an agreement reached between the governor and the adult family home council under the provisions of chapter 41.56 RCW for the 2025-2027 fiscal biennium, as provided in section 907 of this act.

(h) The department may authorize a one-time waiver of all or any portion of the licensing and processing fees required under RCW 70.128.060 in any case in which the department determines that an adult family home is being relicensed because of exceptional circumstances, such as death or incapacity of a provider, and that to require the full payment of the licensing and processing fees would present a hardship to the applicant. In these situations the department is also granted the authority to waive the required residential administrator training for a period of 120 days if necessary to ensure continuity of care during the relicensing process.

(i)(i) \$10,722,000 of the general fund—state appropriation for fiscal year 2026, \$10,722,000 of the general fund—state appropriation for fiscal year 2027, and \$21,190,000 of the general fund—federal appropriation are provided solely to increase rates by two percent, effective July 1, 2025, for community residential service providers. This includes supported living, group home, group training home, licensed staff residential services, community protection, and children's out-of-home services to individuals with developmental disabilities. The full amount must be used for compensation increases for direct support professionals and other direct care workers in these settings.

(ii) Contracted agency providers must include staffing information in their community residential cost reports. This includes wages, health insurance, number of positions, and turnover. The data must be broken out specifically for direct support professionals and published on the department's

residential programs reimbursement website.

(j) Community residential cost reports that are submitted by or on behalf of contracted agency providers are required to include information about agency staffing including health insurance, wages, number of positions, and turnover.

(k) Sufficient appropriations are provided to continue community alternative placement beds that prioritize the transition of clients who are ready for discharge from the state psychiatric hospitals, but who have additional long-term care or developmental disability needs.

(i) Community alternative placement beds include enhanced service facility beds, adult family home beds, skilled nursing facility beds, shared supportive housing beds, state operated living alternative beds, and assisted living facility beds.

(ii) Each client must receive an individualized assessment prior to leaving one of the state psychiatric hospitals. The individualized assessment must identify and authorize personal care, nursing care, behavioral health stabilization, physical therapy, or other necessary services to meet the unique needs of each client. It is the expectation that, in most cases, staffing ratios in all community alternative placement options described in (i)(i) of this subsection will need to increase to meet the needs of clients leaving the state psychiatric hospitals. If specialized training is necessary to meet the needs of a client before he or she enters a community placement, then the person centered service plan must also identify and authorize this training.

(iii) When reviewing placement options, the department must consider the safety of other residents, as well as the safety of staff, in a facility. An initial evaluation of each placement, including any documented safety concerns, must occur within thirty days of a client leaving one of the state psychiatric hospitals and entering one of the community placement options described in (i)(i) of this subsection. At a minimum, the department must perform two additional evaluations of each placement during the first year that a client has lived in the facility.

(iv) In developing bed capacity, the department shall consider the complex needs of individuals waiting for discharge from the state psychiatric hospitals.

(l) Sufficient appropriations are provided for discharge case managers stationed at the state psychiatric hospitals. Discharge case managers will transition clients ready for hospital discharge into less restrictive alternative community placements. The transition of clients ready for discharge will free up bed capacity at the state psychiatric hospitals.

(m) The annual certification renewal fee for community residential service businesses is \$859 per client in fiscal year 2026 and \$859 per client in fiscal year 2027. The annual certification renewal fee may not exceed the department's annual licensing and oversight activity costs.

(n) \$3,042,000 of the general fund—state appropriation for fiscal year 2026, \$3,115,000 of the general fund—state appropriation for fiscal year 2027, and \$2,695,000 of the general fund—federal appropriation are provided for enhanced respite beds across the state for children. These services are intended to provide families and caregivers with a break in caregiving, the opportunity for behavioral stabilization of the child, and the ability to partner with the state in the development of an individualized service plan that allows the child to remain in his or her home. The department must provide the legislature with a respite utilization report in January of each year that provides information about the number of children who have used enhanced respite in the preceding year, as well as the location and number of days per month that each respite bed was occupied.

(o) \$2,553,000 of the general fund—state appropriation for fiscal year 2026 and \$2,621,000 of the general fund—state

appropriation for fiscal year 2027 are provided for 13 community respite beds across the state for adults. These services are intended to provide families and caregivers with a break in caregiving and the opportunity for stabilization of the individual in a community-based setting as an alternative to using a residential habilitation center to provide planned or emergent respite. The department must provide the legislature with a respite utilization report by January of each year that provides information about the number of individuals who have used community respite in the preceding year, as well as the location and number of days per month that each respite bed was occupied.

(p) \$204,000 of the general fund—state appropriation for fiscal year 2026, \$204,000 of the general fund—state appropriation for fiscal year 2027, and \$512,000 of the general fund—federal appropriation are provided solely for a one-time bridge rate for assisted living facilities, enhanced adult residential centers, and adult residential centers, with high medicaid occupancy. The bridge rate does not replace or substitute the capital add-on rate found in RCW 74.39A.320 and the same methodology from RCW 74.39A.320 shall be used to determine each facility's medicaid occupancy percentage for the purposes of this one-time bridge rate add-on. Facilities with a medicaid occupancy level 75 percent or more shall receive a \$20.99 add-on per resident day effective July 1, 2025.

(q) A nonrefundable fee of \$485 shall be charged for each application to increase bed capacity at an adult family home to seven or eight beds.

(r) The appropriations in this section include sufficient funding to provide access to the individual and family services waiver and the basic plus waiver to those individuals on the service request list as forecasted by the caseload forecast council. For subsequent policy level budgets, the department shall submit a request for funding associated with individuals requesting to receive the individual and family services waiver and the basic plus waiver in accordance with the courtesy forecasts provided by the caseload forecast council.

(s) \$332,000 of the general fund—state appropriation for fiscal year 2026, \$740,000 of the general fund—state appropriation for fiscal year 2027, and \$1,074,000 of the general fund—federal appropriation are provided solely for supported employment and community inclusion services for those individuals with intellectual or developmental disabilities who are transitioning from high school in the 2025-2027 fiscal biennium and are anticipated to utilize these services. Within amounts appropriated in this section, the department shall, no later than September 1, 2025, and September 1, 2026, submit to the governor and the appropriate committees of the legislature a forecast of: (i) The total caseload of individuals anticipated to utilize supported employment and community inclusion services; and (ii) the caseload of individuals transitioning from high school anticipated to utilize supported employment and community inclusion services. These forecasts shall be utilized to inform the governor's operating maintenance and policy level budgets during the 2025-2027 fiscal biennium and shall include data that begins with fiscal year 2018, incorporates actual entries and exits, and delineates the community inclusion caseload from the supported employment caseload for both the total supported employment and community inclusion caseload forecasts and the separate caseload forecasts of those individuals transitioning from high school.

(t) \$3,345,000 of the general fund—state appropriation for fiscal year 2026 and \$3,345,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to provide personal care services for up to 33 clients who are not United States citizens and who are ineligible for medicaid upon their discharge from an acute care hospital. The department must prioritize the funding provided in this subsection

for such clients in acute care hospitals who are also on the department's wait list for services.

(u)(i) \$9,346,000 of the general fund—state appropriation for fiscal year 2026, \$9,376,000 of the general fund—state appropriation for fiscal year 2027, and \$15,292,000 of the general fund—federal appropriation are provided solely for the department to operate a transitional facility specializing in treatment for youth aged 13-17 who have intellectual and developmental disabilities, or autism spectrum disorder, and a severe psychiatric diagnosis requiring 24/7 care under the direction of a physician. Youth admitted to the facility require health services wherein treatment modalities and interventions are adapted to specifically provide youth with I/DD benefits from the level of care provided. Services must be provided at a leased property in Burien, serve no more than 12 youth at one time, and be implemented in a way that prioritizes transition to less restrictive community-based settings. Youth shall be voluntarily admitted to the facility by their own consent or the consent of their guardian or legal representative. The department shall collaborate with the department of children, youth, and families to identify youth for placement in this setting and regarding appropriate discharge options with a focus on less restrictive community-based settings.

(ii) The department and the health care authority shall collaborate in the identification and evaluation of strategies to obtain federal matching funding opportunities, specifically focusing on innovative medicaid framework adjustments and the consideration of necessary state plan amendments. This collaborative effort aims not only to enhance the funding available for the operation of the facility but also to maintain adherence to its fundamental objective of offering voluntary, transitional services. These services are designed to facilitate the transition of youth to community-based settings that are less restrictive, aligning with the facility's commitment to supporting youth with complex needs in a manner that encourages their movement toward independence.

(v) \$118,000 of the general fund—state appropriation for fiscal year 2026, \$118,000 of the general fund—state appropriation for fiscal year 2027, and \$204,000 of the general fund—federal appropriation are provided solely for implementation of Substitute House Bill No. 1272 (children in crisis program). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(w) \$486,000 of the general fund—federal appropriation and \$420,000 of the general fund—private/local appropriation are provided solely for a rate add-on for adult family homes in the amount necessary to reimburse for the annual license renewal fee increase included in (b)(i) of this subsection that is paid on medicaid beds.

(x) \$21,000 of the general fund—federal appropriation and \$18,000 of the general fund—private/local appropriation are provided solely for a rate add-on for assisted living facilities in the amount necessary to reimburse for the annual license renewal fee increase included in (b)(ii) of this subsection that is paid on medicaid beds.

(y) \$12,000 of the general fund—state appropriation for fiscal year 2026 and \$12,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Senate Bill No. 5079 (DSHS overpayments). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(z) \$1,326,000 of the general fund—state appropriation for fiscal year 2026, \$5,015,000 of the general fund—state appropriation for fiscal year 2027, and \$5,850,000 of the general fund—federal appropriation are provided solely for implementation of Substitute Senate Bill No. 5393 (Yakima &

 General Fund—Federal Appropriation \$256,720,000
 General Fund—Private/Local Appropriation..... \$19,501,000
 TOTAL APPROPRIATION..... \$584,395,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments may not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) The residential habilitation centers may use funds appropriated in this subsection to purchase goods, services, and supplies through hospital group purchasing organizations when it is cost-effective to do so.

(c) Sufficient appropriations are provided for the department to support the transition of individuals residing at Rainier School or the three other residential habilitation centers, into appropriate alternative residential settings, should those facilities be closed. The department shall ensure that each affected individual is offered a meaningful choice of alternative placements, including other residential habilitation centers, supported living arrangements, state operated living alternatives, adult family homes, skilled nursing facilities, or other community-based settings. When transitioning individuals, the department shall prioritize client choice, autonomy, individual preferences, medical and behavioral health care needs, and opportunities for community integration. The department shall develop individualized transition plans in collaboration with each resident, their family or legal guardian, caregivers, and support providers. The department shall coordinate closely with other state agencies, local entities, health care providers, and community stakeholders to ensure seamless transitions. The funding provided shall cover all costs associated with assessments, planning, relocation expenses, necessary housing modifications, staff training, crisis support, and related transition activities. Additionally, the department shall implement robust oversight and accountability measures, regularly monitoring transition outcomes, individual well-being and satisfaction.

(d) \$100,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department, in consultation with Pierce county, the city of Buckley, interested stakeholder groups, the department of enterprise services, and the office of financial management, to conduct a review of, and provide recommendations on, the conversion of the Rainier School property and facilities to an alternate use or transferring ownership and operations to a third party capable of continuing services for this population. No later than June 30, 2026, the department shall submit to the governor and the appropriate committees of the legislature a report of its findings and a prioritized list of recommendations that includes:

(i) In coordination with the city of Buckley and other appropriate stakeholders, identification of the recommended solution for ongoing maintenance and operations of the water treatment facility on the Rainier School campus; and

(ii) In consultation with appropriate stakeholders:

(A) With consideration of recommendations included in the 2023 Rainier School footprint reduction report to the legislature, identification of alternate uses of the Rainier School property and facilities, a recommendation of the highest and best future use of the Rainier School property and facilities that includes consideration of transferring ownership and operations to a

qualified third party capable of continuing services for this population, and a detailed plan for achieving the recommendation; and

(B) Identification of any current revenue sources from the sale or lease of the property or facilities, the associated value of those sales or leases, the account into which those sales or leases are deposited, an explanation of the rationale for any sale or lease revenue that is not deposited into the developmental disabilities community services account referenced in RCW 71A.20.170, and a recommendation of whether any existing leases should be discontinued upon closure or transfer of ownership of the Rainier School.

 State Appropriation \$133,360,000
 Long-Term Services and Supports Trust Account—State
 Appropriation \$214,874,000
 TOTAL APPROPRIATION \$12,889,959,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate may not exceed \$376.54 for fiscal year 2026 and may not exceed \$394.32 for fiscal year 2027. Appropriations provided in this section are sufficient to partially implement the case mix adjustment methodology to adjust rates of individual facilities for case mix changes as specified in RCW 74.46.485 and stay within the specific budget dials. The weighted average nursing facility payment rates in this subsection (1) include the following: \$35,436,000 of the general fund—state appropriation for fiscal year 2026 and \$39,028,000 of the general fund—federal appropriation are provided solely for a facility-specific add-on to help mitigate for the removal of one-time rate increases provided in the 2023-2025 fiscal biennium in an amount that does not exceed the fiscal year 2026 weighted average nursing facility payment rate referenced in this subsection.

(b) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(2) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and 43.135.055, the department is authorized to increase nursing facility, assisted living facility, and adult family

home fees as necessary to fully support the actual costs of conducting the licensure, inspection, and regulatory programs. The license fees may not exceed the department's annual licensing and oversight activity costs and shall include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

(a) The current annual license renewal fee for adult family homes is \$450 per bed. A nonrefundable processing fee of \$2,750 shall be charged for the initial licensing of each adult family home. In addition, a processing fee of \$700 shall be imposed on providers submitting an application for a change of ownership.

(b) The current annual license renewal fee for assisted living facilities is \$383 per bed in fiscal year 2026 and \$381 in fiscal year 2027.

(c) The current annual license renewal fee for nursing facilities is \$814 per bed in fiscal year 2026 and \$834 per bed in fiscal year 2027.

(3) The department is authorized to place long-term care clients residing in nursing homes and paid for with state-only funds into less restrictive community care settings while continuing to meet the client's care needs.

(4) \$33,412,000 of the general fund—state appropriation for fiscal year 2026, \$80,128,000 of the general fund—state appropriation for fiscal year 2027, and \$143,047,000 of the general fund—federal appropriation are provided solely for the rate increase for the new consumer-directed employer contracted individual providers as set by the consumer-directed rate setting board in accordance with RCW 74.39A.530.

(5) \$10,012,000 of the general fund—state appropriation for fiscal year 2026, \$23,830,000 of the general fund—state appropriation for fiscal year 2027, and \$42,637,000 of the general fund—federal appropriation are provided solely for the homecare agency parity consistent with the rate set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(6) \$2,327,000 of the general fund—state appropriation for fiscal year 2026, \$4,259,000 of the general fund—state appropriation for fiscal year 2027, and \$8,297,000 of the general fund—federal appropriation are provided solely for administrative costs of the consumer-directed employer as set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(7) \$1,991,000 of the general fund—state appropriation for fiscal year 2026, \$3,637,000 of the general fund—state appropriation for fiscal year 2027, and \$7,090,000 of the general fund—federal appropriation are provided solely to increase the administrative rate for home care agencies by 30 cents per hour effective July 1, 2025, and an additional 23 cents per hour effective July 1, 2026.

(8) The department may authorize a one-time waiver of all or any portion of the licensing and processing fees required under RCW 70.128.060 in any case in which the department determines that an adult family home is being relicensed because of exceptional circumstances, such as death or incapacity of a provider, and that to require the full payment of the licensing and processing fees would present a hardship to the applicant. In these situations the department is also granted the authority to waive the required residential administrator training for a period of 120 days if necessary to ensure continuity of care during the relicensing process.

(9) In accordance with RCW 18.390.030, the biennial registration fee for continuing care retirement communities shall be \$900 for each facility.

(10) Appropriations in this section are sufficient to fund discharge case managers stationed at the state psychiatric hospitals. Discharge case managers will transition clients ready

for hospital discharge into less restrictive alternative community placements. The transition of clients ready for discharge will free up bed capacity at the state psychiatric hospitals.

(11) Appropriations in this section are sufficient to fund financial service specialists stationed at the state psychiatric hospitals. Financial service specialists will help to transition clients ready for hospital discharge into alternative community placements. The transition of clients ready for discharge will free up bed capacity at the state hospitals.

(12) The department shall continue to administer tailored support for older adults, medicaid alternative care, presumptive eligibility, and housing supports, as described in initiative 2 of the 1115 demonstration waiver. This initiative will be funded by the health care authority through the medicaid quality improvement program. The secretary in collaboration with the director of the health care authority shall report to the office of financial management all expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested. The department shall not increase general fund—state expenditures on this initiative.

(13) \$54,119,000 of the general fund—state appropriation for fiscal year 2026, \$64,390,000 of the general fund—state appropriation for fiscal year 2027, and \$147,644,000 of the general fund—federal appropriation are provided solely for the implementation of an agreement reached between the governor and the adult family home council under the provisions of chapter 41.56 RCW for the 2025-2027 fiscal biennium, as provided in section 908 of this act.

(14) Appropriations provided in this section are sufficient to continue community alternative placement beds that prioritize the transition of clients who are ready for discharge from the state psychiatric hospitals, but who have additional long-term care or developmental disability needs.

(a) Community alternative placement beds include enhanced service facility beds, adult family home beds, skilled nursing facility beds, shared supportive housing beds, state operated living alternative beds, assisted living facility beds, adult residential care beds, and specialized dementia beds.

(b) Each client must receive an individualized assessment prior to leaving one of the state psychiatric hospitals. The individualized assessment must identify and authorize personal care, nursing care, behavioral health stabilization, physical therapy, or other necessary services to meet the unique needs of each client. It is the expectation that, in most cases, staffing ratios in all community alternative placement options described in (a) of this subsection will need to increase to meet the needs of clients leaving the state psychiatric hospitals. If specialized training is necessary to meet the needs of a client before he or she enters a community placement, then the person centered service plan must also identify and authorize this training.

(c) When reviewing placement options, the department must consider the safety of other residents, as well as the safety of staff, in a facility. An initial evaluation of each placement, including any documented safety concerns, must occur within thirty days of a client leaving one of the state psychiatric hospitals and entering one of the community placement options described in (a) of this subsection. At a minimum, the department must perform two additional evaluations of each placement during the first year that a client has lived in the facility.

(d) In developing bed capacity, the department shall consider the complex needs of individuals waiting for discharge from the state psychiatric hospitals.

(15) The annual certification renewal fee for community residential service businesses is \$859 per client in fiscal year 2026 and \$859 per client in fiscal year 2027. The annual certification renewal fee may not exceed the department's annual licensing and

oversight activity costs.

(16) \$5,245,000 of the general fund—state appropriation for fiscal year 2026 and \$5,245,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for services and support to individuals who are deaf, hard of hearing, or deaf-blind.

(17) \$8,747,000 of the general fund—state appropriation for fiscal year 2026, \$8,747,000 of the general fund—state appropriation for fiscal year 2027, and \$19,878,000 of the general fund—federal appropriation are provided solely for a one-time bridge rate for assisted living facilities, enhanced adult residential centers, and adult residential centers, with high medicaid occupancy. The bridge rate does not replace or substitute the capital add-on rate found in RCW 74.39A.320 and the same methodology from RCW 74.39A.320 shall be used to determine each facility's medicaid occupancy percentage for the purposes of this one-time bridge rate add-on. Facilities with a medicaid occupancy level 75 percent or more shall receive a \$20.99 add-on per resident day effective July 1, 2025.

(18) A nonrefundable fee of \$485 shall be charged for each application to increase bed capacity at an adult family home to seven or eight beds.

(19) \$1,858,000 of the general fund—state appropriation for fiscal year 2026 and \$1,857,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for operation of the volunteer services program. Funding must be prioritized towards serving populations traditionally served by long-term care services to include senior citizens and persons with disabilities.

(20) \$989,000 of the general fund—state appropriation for fiscal year 2026 and \$989,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the kinship navigator program in the Colville Indian reservation, Yakama Nation, and other tribal areas.

(21) The traumatic brain injury council shall collaborate with other state agencies in their efforts to address traumatic brain injuries to ensure that efforts are complimentary and continue to support the state's broader efforts to address this issue.

(22) \$2,807,000 of the general fund—state appropriation for fiscal year 2026, \$2,811,000 of the general fund—state appropriation for fiscal year 2027, and \$70,000 of the general fund—federal appropriation are provided solely for the kinship care support program. Of the amounts provided in this subsection:

(a) \$863,000 of the general fund—state appropriation for fiscal year 2026 and \$867,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the kinship care support program.

(b) \$1,726,000 of the general fund—state appropriation for fiscal year 2026, \$1,734,000 of the general fund—state appropriation for fiscal year 2027, and \$70,000 of the general fund—federal appropriation are provided solely for kinship navigators, including an increase in the number of kinship navigators so that each area agency on aging has one kinship navigator and King county has two kinship navigators.

(23) \$2,574,000 of the general fund—state appropriation for fiscal year 2026 and \$2,567,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to provide personal care services for up to 40 clients who are not United States citizens and who are ineligible for medicaid upon their discharge from an acute care hospital. The department must prioritize the funding provided in this subsection for such clients in acute care hospitals who are also on the department's wait list for services.

(24) \$24,848,000 of the long-term services and supports trust account—state appropriation is provided solely for the

information technology project for the long-term services and supports trust program, and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(25) \$13,982,000 of the general fund—state appropriation for fiscal year 2026 and \$13,982,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the area agencies on aging to maintain senior nutrition services. This includes, but is not limited to, meals at sites, through pantries, and home-delivery.

(26) \$3,831,000 of the general fund—state appropriation for fiscal year 2026, \$7,859,000 of the general fund—state appropriation for fiscal year 2027, and \$7,187,000 of the general fund—federal appropriation are provided solely for the nursing home to community program to increase the rental subsidy base to \$1,400 and expand the program by 200 slots.

(27) \$150,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to contract with an organization to enhance direct services, outreach, and case management services for seniors residing in at least four senior housing communities located within a city adjacent to a major international airport in King county. These funds must be used to connect seniors to health, housing, and social resources to support their ability to live independently and safely in their homes.

(28) \$750,000 of the general fund—state appropriation for fiscal year 2026 and \$750,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for community-based dementia education and support activities in three areas of the state, including dementia resource catalyst staff and direct services for people with dementia and their caregivers.

(29)(a) \$20,662,000 of the general fund—state appropriation for fiscal year 2026, \$22,745,000 of the general fund—state appropriation for fiscal year 2027, and \$43,416,000 of the general fund—federal appropriation are provided solely for the operating costs associated with enhanced service facilities.

(b) The department shall broaden the current discharge and referral case management practices for difficult to discharge hospital patients waiting in acute care hospitals to include referrals to all long-term care behavioral health settings, including enhanced services facilities, enhanced adult residential care, and enhanced adult residential care with community stability supports contracts or community behavioral health support services, including supportive supervision and oversight and skills development and restoration. These home and community-based providers are contracted to provide various levels of personal care, nursing, and behavior supports for difficult to discharge hospital patients with significant behavior support needs.

(c) Patients ready to discharge from acute care hospitals with diagnosed behaviors or behavior history, and a likelihood of unsuccessful placement in other licensed long-term care facilities, a history of rejected applications for admissions, or a history of unsuccessful placements shall be fully eligible for referral to available beds in enhanced services facilities or enhanced adult residential care with contracts that adequately meet the patient's long-term care needs.

(d) Previous or current detainment under the involuntary treatment act shall not be a requirement for individuals in acute care hospitals to be eligible for these specialized settings. The department shall develop a standard process for acute care hospitals to refer patients to the department for placement in enhanced services facilities and enhanced adult residential care with contracts to provide behavior support.

(30) \$1,761,000 of the general fund—state appropriation for fiscal year 2026, \$1,761,000 of the general fund—state appropriation for fiscal year 2027, and \$4,162,000 of the general

fund—federal appropriation are provided solely for case managers at the area agencies on aging to coordinate care for medicaid clients with mental illness who are living in their own homes. Work shall be accomplished within existing standards for case management and no requirements will be added or modified unless by mutual agreement between the department of social and health services and area agencies on aging.

(31) \$14,447,000 of the general fund—state appropriation for fiscal year 2026, \$14,510,000 of the general fund—state appropriation for fiscal year 2027, and \$28,959,000 of the general fund—federal appropriation are provided solely for nursing home services and emergent building costs at the transitional care center of Seattle.

(32) \$3,800,000 of the traumatic brain injury account—state appropriation is provided solely for implementation of Substitute House Bill No. 1848 (traumatic brain injuries). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(33) \$3,681,000 of the general fund—federal appropriation and \$3,179,000 of the general fund—private/local appropriation are provided solely for a rate add-on for adult family homes in the amount necessary to reimburse for the annual license renewal fee increase included in subsection (2)(a) of this section that is paid on medicaid beds.

(34) \$2,216,000 of the general fund—federal appropriation and \$1,974,000 of the general fund—private/local appropriation are provided solely for a rate add-on for assisted living facilities in the amount necessary to reimburse for the annual license renewal fee increase included in subsection (2)(b) of this section that is paid on medicaid beds.

(35) \$3,944,000 of the general fund—federal appropriation and \$3,580,000 of the general fund—private/local appropriation are provided solely for a rate add-on for nursing facilities in the amount necessary to reimburse for the annual license renewal fee increase included in subsection (2)(c) of this section that is paid on medicaid beds.

(36) \$438,000 of the general fund—private/local appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5337 (memory care services). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(37) \$4,722,000 of the long-term services and supports trust account—state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 5291 (long-term services trust). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(38) \$38,000 of the general fund—state appropriation for fiscal year 2026 and \$38,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Senate Bill No. 5079 (DSHS overpayments). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

2025 REGULAR SESSION

needy families reimbursement from the department of social and health services for the previous fiscal year.

(e) Of the amounts in (a) of this subsection, \$68,496,000 of the general fund—federal appropriation is for child welfare services within the department of children, youth, and families.

(f) Of the amounts in (a) of this subsection, \$136,939,000 is for WorkFirst administration and overhead.

(g)(i) The department shall submit quarterly expenditure reports to the governor, the fiscal committees of the legislature, and the legislative WorkFirst poverty reduction oversight task force under RCW 74.08A.341. In addition to these requirements, the department must detail any fund transfers across budget units identified in (a) through (e) of this subsection. The department shall not initiate any services that require expenditure of state general fund moneys that are not consistent with policies established by the legislature.

(ii) The department may transfer up to 10 percent of funding between budget units identified in (b) through (f) of this subsection. The department shall provide notification prior to any transfer to the office of financial management and to the appropriate legislative committees and the legislative-executive WorkFirst poverty reduction oversight task force. The approval of the director of financial management is required prior to any transfer under this subsection.

(h) On January 2nd and July 1st of each year, the department shall provide a maintenance of effort and participation rate tracking report for temporary assistance for needy families to the office of financial management, the appropriate policy and fiscal committees of the legislature, and the legislative-executive WorkFirst poverty reduction oversight task force. The report must detail the following information for temporary assistance for needy families:

(i) An overview of federal rules related to maintenance of effort, excess maintenance of effort, participation rates for temporary assistance for needy families, and the child care development fund as it pertains to maintenance of effort and participation rates;

(ii) Countable maintenance of effort and excess maintenance of effort, by source, provided for the previous federal fiscal year;

(iii) Countable maintenance of effort and excess maintenance of effort, by source, for the current fiscal year, including changes in countable maintenance of effort from the previous year;

(iv) The status of reportable federal participation rate requirements, including any impact of excess maintenance of effort on participation targets;

(v) Potential new sources of maintenance of effort and progress to obtain additional maintenance of effort;

(vi) A two-year projection for meeting federal block grant and contingency fund maintenance of effort, participation targets, and future reportable federal participation rate requirements; and

(vii) Proposed and enacted federal law changes affecting maintenance of effort or the participation rate, what impact these changes have on Washington's temporary assistance for needy families program, and the department's plan to comply with these changes.

(i) In the 2025-2027 fiscal biennium, it is the intent of the legislature to provide appropriations from the state general fund for the purposes of (a) of this subsection if the department does not receive additional federal temporary assistance for needy families contingency funds in each fiscal year as assumed in the budget outlook.

(2) \$3,545,000 of the general fund—state appropriation for fiscal year 2026 and \$3,545,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for naturalization services.

(3) \$2,366,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for employment services for refugees and immigrants, of which \$1,774,000 is provided solely for the department to pass through to statewide refugee and immigrant assistance organizations for limited English proficiency pathway services; and \$2,366,000 of the general fund—state appropriation for fiscal year 2027 is provided solely for employment services for refugees and immigrants, of which \$1,774,000 is provided solely for the department to pass through to statewide refugee and immigrant assistance organizations for limited English proficiency pathway services.

(4) On January 1st of each year, the department must report to the governor and the legislature on all sources of funding available for both refugee and immigrant services and naturalization services during the current fiscal year and the amounts expended to date by service type and funding source. The report must also include the number of clients served and outcome data for the clients.

(5) To ensure expenditures remain within available funds appropriated in this section, the legislature establishes the benefit under the state food assistance program, pursuant to RCW 74.08A.120, to be 100 percent of the federal supplemental nutrition assistance program benefit amount.

(6) The department shall review clients receiving services through the aged, blind, or disabled assistance program, to determine whether they would benefit from assistance in becoming naturalized citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department.

(7) The department shall continue the interagency agreement with the department of veterans' affairs to establish a process for referral of veterans who may be eligible for veterans' services. This agreement must include out-stationing department of veterans' affairs staff in selected community service office locations in King and Pierce counties to facilitate applications for veterans' services.

(8) \$1,000,000 of the general fund—state appropriation for fiscal year 2026 and \$1,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for operational support of the Washington information network 211 organization.

(9) \$560,000 of the general fund—state appropriation for fiscal year 2026 and \$560,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a state-funded employment and training program for recipients of the state's food assistance program.

(10) \$4,984,000 of the general fund—state appropriation for fiscal year 2026, \$4,406,000 of the general fund—state appropriation for fiscal year 2027, and \$17,548,000 of the general fund—federal appropriation are provided solely for the alignment of eligibility rules in accordance with federal center for medicare and medicaid services' regulations in 42 C.F.R. Sec. 433.112(b) and in coordination with the health benefit exchange. Funding is subject to the conditions, limitations, and review requirements of section 701 of this act.

(11) Within existing resources, a revised integrated eligibility and enrollment roadmap and schedule will be created to accommodate eligibility rule updates that are necessary to meet the federal center for medicare and medicaid services' regulations.

(12) \$1,067,000 of the general fund—state appropriation for fiscal year 2026, \$1,067,000 of the general fund—state appropriation for fiscal year 2027, and \$4,980,000 of the general fund—federal appropriation are provided solely for the integrated eligibility and enrollment modernization project office.

(13)(a) \$500,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for sponsorship stabilization funds for eligible unaccompanied children and their sponsors.

(b) Of the amounts provided in (a) of this subsection, \$350,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for sponsorship stabilization funds for eligible unaccompanied children and their sponsors in order to address financial hardship and support household well-being. Stabilization funds can be used to support the sponsorship household with costs of housing, childcare, transportation, internet and data services, household goods, and other unmet needs. The funds may be provided on behalf of an unaccompanied child when the following eligibility criteria are met:

(i) The unaccompanied child is between the ages of 0-17, has been placed in Washington under the care of a nonparental sponsor following release from the United States office of refugee resettlement custody, and has not been reunified with a parent; and

(ii) The sponsorship household demonstrates financial need and has an income below 250 percent of the federal poverty level. A sponsorship household receiving stabilization funds on behalf of a child who turns 18 may continue to receive funds for an additional 60 days after the child reaches 18 years of age.

(c) The department may work with community-based organizations to administer sponsorship stabilization supports. Up to 10 percent of the amounts provided in (b) of this subsection may be used by the community-based organizations to cover administrative expenses associated with the distribution of these supports.

(d) Of the amounts provided in (a) of this subsection, up to \$150,000 is provided solely to cover the administrative resources necessary for the department to administer the sponsorship stabilization program.

(14) \$185,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to meet the terms of its settlement agreement with the United States department of agriculture (USDA), specifically to fund employment and training program services and activities targeted to able-bodied adults without dependents receiving food benefits from the USDA supplemental nutrition assistance program, but open to all basic food employment and training participants including participants who are not able-bodied adults without dependents.

(15) \$1,140,000 of the general fund—state appropriation for fiscal year 2026 and \$1,141,000 of the general fund—federal appropriation are provided solely to fully integrate the asset verification system into the automated client eligibility system (ACES).

(16)(a) \$6,911,000 of the general fund—state appropriation for fiscal year 2026, \$4,924,000 of the general fund—state appropriation for fiscal year 2027, and \$11,837,000 of the general fund—federal appropriation are provided solely for the implementation of the summer electronic benefit transfer program for the summer break months following the 2024-25 and 2025-26 school years. The program implementation must align with the federal summer electronic benefit program requirements defined in the consolidated appropriations act, 2023 (136 Stat. 4459). The department may use a third-party entity to administer the program through March of 2027.

(b) Within existing resources, the department must submit a report by September 12, 2025, to the appropriate policy and fiscal committees of the legislature and the governor that includes detailed estimates of the cost and timeline to administer the summer electronic benefit transfer program within the community services division. The report shall also include a comparison of the potential benefits and risks of administering the

program within the division or through using a vendor and any recommendations the department may have.

(17)(a) \$25,000,000 of the general fund—state appropriation for fiscal year 2026 is provided solely to the office of refugee and immigrant assistance to expand support services for individuals newly arriving to the United States and Washington who do not qualify for federal refugee resettlement program services. Support services include, but are not limited to, housing assistance, food, transportation, childhood education services, education and employment supports, connection to legal services, and social services navigation.

(b) Of the amounts in (a) of this subsection, up to \$810,000 for fiscal year 2026 is provided solely for staffing at the office of refugee and immigrant assistance to cover the administrative expenses of implementing this subsection.

(18) By June 30th of each fiscal year, the department must submit a report to the governor and the legislature that shows the prior fiscal year's call and lobby wait times by month and queue, number of customer contacts by month and queue, processing times for the various queues for the three most recent fiscal years along with an explanation for any changes to the most recent year's processing times, number of filled public benefit specialists 3 positions and vacancies by month, any available wait time impacts associated with the individual technology solution enhancements, any telephonic savings experienced due to fewer customers waiting on hold, and recommendations to continue reducing customer wait times.

(19) Within existing resources, the department shall assess the ongoing feasibility of continuing services with a third-party employment verification vendor. A report shall be submitted to the legislature and governor by September 12, 2025, that includes the following:

(a) A detailed overview of the current employment verification process, including the general instances in which employment verification is deemed necessary, when the third-party vendor is used to complete this task and who completes the verification;

(b) Current cost of the third-party vendor along with projected rate increases;

(c) Available options to reduce the ongoing cost of using a third-party vendor for employment verification services, including but not limited to an inventory of available vendors and their rates and ways to streamline employment verification costs by reducing duplicative or unnecessary searches;

(d) Costs and risks associated with using in-house services to verify employment instead of using a third-party vendor; and

(e) Recommendations of cost-effective and sustainable employment verification options.

(20) \$154,000 of the general fund—state appropriation for fiscal year 2026 and \$154,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Senate Bill No. 5079 (DSHS overpayments). If this bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(21) \$192,000 of the general fund—state appropriation for fiscal year 2026, \$163,000 of the general fund—state appropriation for fiscal year 2027, and \$465,000 of the general fund—federal appropriation are provided solely to support the expansion of the federal supplemental nutrition assistance program tribal eligibility determination project to an additional five tribes.

NEW SECTION. Sec. 210. FOR THE STATE HEALTH CARE AUTHORITY

(1)(a) During the 2025-2027 fiscal biennium, the health care authority shall provide support and data as required by the office of the state actuary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority.

(b) Information technology projects or investments and

proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by Washington technology solutions.

(2) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. Washington technology solutions shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, supports the adoption of a cohesive technology and data architecture, and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions, limitations, and review provided in section 701 of this act.

(b) The health care authority must submit a report on November 1st of each fiscal year to the fiscal committees of the legislature. The report must include, at a minimum:

(i) A list of active coalition projects as of July 1st of the fiscal year. This must include all current and ongoing coalition projects, which coalition agencies are involved in these projects, and the funding being expended on each project, including in-kind funding. For each project, the report must include which federal requirements each coalition project is working to satisfy, and when each project is anticipated to satisfy those requirements; and

(ii) A list of coalition projects that are planned in the current and following fiscal year. This must include which coalition agencies are involved in these projects, including the anticipated in-kind funding by agency, and if a budget request will be submitted for funding. This must reflect all funding required by fiscal year and by fund source and include the budget outlook period.

(4) The health care authority shall promptly notify the office of the attorney general upon the receipt of a request from or on behalf of a federal agency or a federal, state, or local law enforcement authority for health care information, as defined in RCW 70.02.010, program eligibility information for individuals, information that may identify a health care provider's or facility's delivery of health care services to noncitizens, or the delivery of protected health care services as defined in RCW 7.115.010

where the request may impact expenditures for such services. The authority shall require contracted entities to notify the authority promptly upon receipt of a request from a federal agency or law enforcement authority as described in this subsection.

The appropriations in this section are subject to the following conditions and limitations:

(1) The authority may not accept or expend any federal funds received under an 1115 demonstration waiver except as described in this section unless the legislature has appropriated the federal funding. To ensure compliance with legislative requirements and terms and conditions of the waiver, the authority shall implement the renewal of the 1115 demonstration waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the renewal of the 1115 demonstration waiver as set forth in subsections (2), (3), and (4) of this section requires sound, consistent, timely, and transparent oversight and analytic review in addition to lack of redundancy with other established measures. The patient must be considered first and foremost in the implementation and execution of the demonstration waiver. To accomplish these goals, the authority shall develop consistent performance measures that focus on population health and health outcomes. The authority shall limit the number of projects that accountable communities of health may participate in under initiative 1 to a maximum of six and shall seek to develop common performance measures when possible. The joint select committee on health care oversight will evaluate the measures chosen: (a) For effectiveness and appropriateness; and (b) to provide patients and health care providers with significant input into the implementation of the demonstration waiver to promote improved population health and patient health outcomes. In cooperation with the department of social and health services, the authority shall consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget to the joint select committee on health care oversight prior to submitting these waivers for federal approval. Prior to final approval or acceptance of funds by the authority, the authority shall submit the special terms and conditions as

2025 REGULAR SESSION

submitted to the centers for medicare and medicaid services and the anticipated budget for the duration of the renewed waiver to the governor, the joint select committee on health care, and the fiscal committees of the legislature. By federal standard any programs created or funded by this waiver do not create an entitlement. The demonstration period for the waiver as described in subsections (2), (3), and (4) of this section began July 1, 2023.

(2)(a) \$657,598,000 of the general fund—federal appropriation and \$207,273,000 of the general fund—local appropriation are provided solely for accountable communities of health described in initiative 1 of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. In renewing this initiative, the authority shall consider local input regarding community needs and shall limit total local projects to no more than six. To provide transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the fiscal committees of the legislature all expenditures under this subsection and provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) \$557,333,000 of the general fund—federal appropriation and \$227,643,000 of the general fund—private/local appropriation are provided solely for the medicaid quality improvement program and this is the maximum amount that may be expended for this purpose. Medicaid quality improvement program payments do not count against the 1115 demonstration waiver spending limits and are excluded from the waiver's budget neutrality calculation. The authority may provide medicaid quality improvement program payments to apple health managed care organizations and their partnering providers as they meet designated milestones. Partnering providers and apple health managed care organizations must work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority may only use the medicaid quality improvement program to support initiatives 1, 2, and 3 as described in the 1115 demonstration waiver and may not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not constitute an entitlement for clients or providers. The authority shall not supplement the amounts provided in this subsection with any general fund—state, general fund—federal, or general fund—local moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(c) In collaboration with the accountable communities of health, the authority will submit a report to the governor and the joint select committee on health care oversight describing how each of the accountable community of health's work aligns with the community needs assessment no later than December 1, 2026.

(d) Performance measures and payments for accountable communities of health shall reflect accountability measures that demonstrate progress toward transparent, measurable, and meaningful goals that have an impact on improved population health and improved health outcomes, including a path to

financial sustainability. While these goals may have variation to account for unique community demographics, measures should be standardized when possible.

(3) \$146,275,000 of the general fund—federal appropriation and \$146,290,000 of the general fund—local appropriation are provided solely for long-term support services as described in initiative 2 of the 1115 demonstration waiver as well as administrative expenses for initiative 3 and this is the maximum amount that may be expended for this purpose. The authority shall contract with and provide funding to the department of social and health services to administer initiative 2. The director in cooperation with the secretary of the department of social and health services shall report to the office of financial management all of the expenditures of this section and shall provide such fiscal data in the time, manner, and form requested. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section.

(4)(a) \$131,704,000 of the general fund—federal appropriation and \$58,916,000 of the general fund—local appropriation are provided solely for supported housing and employment services described in initiative 3a and 3b of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third-party administrator. The authority and the department, in consultation with the medical assistance expenditure forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) \$62,475,000 of the general fund—federal appropriation and \$44,275,000 of the general fund—local appropriation are provided solely for additional housing supports described in the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(c) The director shall report to the joint select committee on health care oversight no less than quarterly on utilization and caseload statistics for both supportive housing and employment services and its progress toward increasing uptake and availability for these services.

(5)(a) \$1,000,000 of the general fund—state appropriation for fiscal year 2026 and \$1,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for supported employment services and \$1,000,000 of the general fund—state appropriation for fiscal year 2026 and \$1,000,000 of

the general fund—state appropriation for fiscal year 2027 are provided solely for supported housing services, similar to the services described in initiatives 3a and 3b of the 1115 demonstration waiver to individuals who are ineligible for medicaid. Under these initiatives, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its third-party administrator. Before authorizing services, eligibility for initiative 3a or 3b of the 1115 demonstration waiver must first be determined.

(b) The director shall report to the fiscal committees of the legislature no less than quarterly on expenditures and utilization data for both supportive housing and employment services under this subsection.

(6)(a) \$4,534,000 of the general fund—state appropriation for fiscal year 2026, \$6,370,000 of the general fund—state appropriation for fiscal year 2027, \$157,866,000 of the general fund—federal appropriation, and \$91,178,000 of the general fund—private/local appropriation are provided solely for prerelease services including, but not limited to, case management, clinical consultations, medication assisted therapy, community health worker services, 30-day supply of medications, durable medical equipment, medications, laboratory services, and radiology services.

(b) The authority shall coordinate with the department of corrections for prison reentry implementation pursuant to the waiver terms. The authority will coordinate with tribes, other state agencies, and jail administrations as necessary to achieve the terms of the section 1115 medicaid transformation waiver. The authority shall use its statutory reentry advisory work group and subgroups as necessary to coordinate with partners to achieve these goals.

(7) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(8) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(9) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(10) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(11) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(12) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(13) \$4,261,000 of the general fund—state appropriation for

fiscal year 2026, \$4,261,000 of the general fund—state appropriation for fiscal year 2027, and \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(14) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(15) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(16) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2025-2027 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1st of each fiscal year that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2026 and fiscal year 2027, hospitals in the program shall be paid and shall retain 100 percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and 100 percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. For the purpose of determining the amount of any state grant under this subsection, payments will include the federal portion of medicaid program supplemental payments received by the hospitals. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2025-2027 biennial operating appropriations act and in effect on July 1,

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within 11 months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested.

(17) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide ongoing support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(18) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(19) The authority shall submit a report to the governor and the legislature by September 15, 2026, that delineates the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The report should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(20) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(21) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

(22) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(23) To facilitate a single point of entry across public and

medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.

(24) \$90,000 of the general fund—state appropriation for fiscal year 2026, \$90,000 of the general fund—state appropriation for fiscal year 2027, and \$180,000 of the general fund—federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(25) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

(26) Within the amounts appropriated in this section, the authority shall continue to provide coverage for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related services would otherwise end due to the application of the new modified adjusted gross income eligibility standard.

(27) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the classic medicaid benefit plan.

(28) The authority shall use revenue appropriated from the dedicated cannabis account for contracts with community health centers under RCW 69.50.540 in lieu of general fund—state payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(29) For any service eligible under the medicaid state plan for encounter payments, managed care organizations at the request of a rural health clinic shall pay the full published encounter rate directly to the clinic. At no time will a managed care organization be at risk for or have any right to the supplemental portion of the claim. Payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority.

(30) Sufficient amounts are appropriated in this section for the authority to provide a medicaid equivalent adult dental benefit to clients enrolled in the medical care service program.

(31) Sufficient amounts are provided in this section for the authority to provide services identical to those services covered by the Washington state family planning waiver program as of August 2018 to individuals who:

(a) Are 19 years of age;

(b) Are at or below 260 percent of the federal poverty level as established in WAC 182-505-0100;

(c) Are not covered by other public or private insurance; and

(d) Need family planning services and are not currently covered by or eligible for another medical assistance program for family planning.

(32) The authority shall ensure that appropriate resources are dedicated to implementing the recommendations of the centers for medicare and medicaid services center for program integrity as provided to the authority in the January 2019 Washington focused program integrity review final report. Additionally, the authority shall:

(a) Work to ensure the efficient operations of the managed care plans, including but not limited to, a deconflicting process for audits with and among the managed care plans and the medicaid fraud division at the attorney general's office, to ensure the

authority staff perform central audits of cases that appear across multiple managed care plans, versus the audits performed by the individual managed care plans or the fraud division;

(b) Remain accountable for operating in an effective and efficient manner, including performing program integrity activities that ensure high value in the medical assistance program in general and in medicaid managed care specifically;

(c) Work with its contracted actuary and the medical assistance expenditure forecast work group to develop methods and metrics related to managed care program integrity activity that shall be incorporated into annual rate setting; and

(d) Work with the medical assistance expenditure forecast work group to ensure the results of program integrity activity are incorporated into the rate setting process in a transparent, timely, measurable, quantifiable manner.

(33)(a) The authority shall not enter into any future value-based arrangements with federally qualified health centers or rural health clinics prior to receiving approval from the office of financial management and the appropriate committees of the legislature.

(b) The authority shall not modify the reconciliation process with federally qualified health centers or rural health clinics without notification to and the opportunity to comment from the office of financial management.

(c) The authority shall require all managed care organizations to provide information to the authority to account for all payments to rural health clinics and federally qualified health centers to include how payments are made, including any additional payments and whether there is a sub-capitation arrangement or value-based purchasing arrangement.

(d) For each fiscal year, the authority shall reconcile on an annual basis with rural health clinics and federally qualified health centers.

(e) For each fiscal year, the authority shall properly accrue for any anticipated reconciliations with rural health clinics and federally qualified health centers during the fiscal year close process following generally accepted accounting practices.

(34) Within the amounts appropriated in this section, the authority is to include allergen control bed and pillow covers as part of the durable medical equipment benefit for children with an asthma diagnosis enrolled in medical assistance programs.

(35)(a) Sufficient funds are provided in this section for the authority for the reimbursement of services provided by doulas for apple health clients.

(b) The authority shall continue to collaborate with an external organization for participatory and equity-focused engagement with doulas and doula partners across the state of Washington. This organization must work in collaboration with community partners who advance equitable access to improve perinatal outcomes and care through holistic services for multiracial communities.

(c) The external organization will be responsible for implementing a statewide doula hub and referral system consistent with the recommendations for the design of a statewide doula hub and referral system report done in partnership with the authority.

(d) The authority and the external organization will continue to collaborate on how to:

(i) Provide statewide professional and workforce development and sustainability support for birth doulas;

(ii) Increase statewide access to doula services for apple health birthing people;

(iii) Assist doulas with department of health credentialing requirements;

(iv) Assist doulas with the medicaid provider enrollment process including, but not limited to, support with:

(A) Provider enrollment with the authority;

(B) Contracting with medicaid managed care organizations;

(C) Provider billing and claims submission processes;

(D) Provider payment requirements; and

(E) Eligibility within ProviderOne; and

(v) Establish communications with birthing people, families, birth workers, and health care providers who are seeking to connect with state-certified and medicaid-enrolled birth doulas through a statewide directory or referral system.

(36) Sufficient funds are provided in this section for the authority to extend continuous eligibility for apple health to children ages zero to six with income at or below 215 percent of the federal poverty level. The centers for medicare and medicaid services must approve the 1115 medicaid waiver prior to the implementation of this policy.

(37) Sufficient funds are provided to continue reimbursing dental health aid therapists for services performed in tribal facilities for medicaid clients. The authority must leverage any federal funding that may become available as a result of appeal decisions from the centers for medicare and medicaid services or the United States court of appeals for the ninth circuit.

(38) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the perinatal support warm line to provide peer support, resources, and referrals to new and expectant parents and people in the emotional transition to parenthood experiencing, or at risk of, postpartum depression or other mental health issues.

(39) Sufficient funding is provided to remove the asset test from the medicare savings program review process.

(40) Sufficient funding is provided to eliminate the mid-certification review process for the aged, blind, or disabled and housing and essential needs referral programs.

(41) \$2,545,000 of the general fund—state appropriation for fiscal year 2026, \$2,545,000 of the general fund—state appropriation for fiscal year 2027, and \$9,280,000 of the general fund—federal appropriation are provided solely for reimbursement for community health worker services.

(42) Sufficient amounts are appropriated in this section for the authority to provide coverage for all federal food and drug administration-approved HIV antiviral drugs without prior authorization. This coverage must be provided to apple health clients enrolled in both fee-for-service and managed care programs.

(43) Sufficient funds are provided in this section to maintain access for primary care services for medicaid-enrolled patients through increased provider rates.

(44) Sufficient funds are provided in this section for work required of the authority as specified in RCW 41.05.840.

(45)(a) Sufficient funds are provided in this section for an outpatient directed payment program.

(b) The authority shall:

(i) Maintain the program to support the state's access and other quality of care goals and to not increase general fund—state expenditures;

(ii) Direct managed care organizations to make payments to eligible providers at levels required to ensure enrollees have timely access to critical high-quality care as allowed under 42 C.F.R. 438.6(c); and

(iii) Increase medicaid payments for hospital outpatient services provided by UW Medicine hospitals and, at their option, UW Medicine affiliated hospitals to the average payment received from commercial payers.

(c) Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating hospitals.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(d) Participating hospitals shall retain the full amount of payments provided under this program.

(46)(a) Sufficient funds are provided in this section for an inpatient directed payment program.

(b) The authority shall:

(i) Design the program to support the state's access and other quality of care goals and to not increase general fund—state expenditures;

(ii) Upon approval, direct managed care organizations to make payments to eligible providers at levels required to ensure enrollees have timely access to critical high-quality care as allowed under 42 C.F.R. 438.6(c); and

(iii) Increase medicaid payments for hospital inpatient services provided by UW Medicine and, at their option, UW Medicine affiliated hospitals to the average payment received from commercial payers.

(c) Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating hospitals.

(d) Participating hospitals shall retain the full amount of payments provided under this program.

(e) Participating hospitals will provide the local funds to fund the required nonfederal contribution.

(f) This program shall be effective as soon as administratively possible.

(47) Within the amounts appropriated in this section, the authority shall maintain and increase access for family planning services for patients seeking services through department of health sexual and reproductive health program family planning providers based on the rates in effect as of July 1, 2022.

(48)(a) \$11,838,000 of the general fund—federal appropriation and \$11,838,000 of the general fund—private/local appropriation are provided solely for the authority, in consultation with the health and human services enterprise coalition, community-based organizations, health plans, accountable communities of health, and safety net providers, shall determine the cost and implementation impacts of a statewide community information exchange (CIE). A CIE platform must serve as a tool for addressing the social determinants of health, defined as nonclinical community and social factors such as housing, food security, transportation, financial strain, and interpersonal safety, that affect health, functioning, and quality-of-life outcomes.

(b) Prior to issuing a request for proposals or beginning this project, the authority must work with stakeholders in (a) of this subsection to determine which platforms already exist within the Washington public and private health care system to determine interoperability needs and fiscal impacts to both the state and impacted providers and organizations that will be using a single statewide community information exchange platform.

(c) The authority shall provide the office of financial management and fiscal committees of the legislature a proposal to leverage medicaid enterprise financing or other federal funds prior to beginning this project and shall not expend funds under a 1115 waiver or any other waiver without legislative authorization.

(d) Sufficient funds are provided in this section for the authority to implement the community information exchange program. The technology solution chosen by the health care authority should be capable of interoperating with other state funded systems in Washington and should be able to electronically refer individuals to services using a closed-loop referral process. Funding for the community information exchange program is subject to the conditions, limitations, and review requirements of section 701 of this act.

(49) Sufficient funds in this section are provided for staff dedicated to data review, analysis, and management, and policy

analysis in support of the health care cost transparency board as described in chapter 70.390 RCW.

(50)(a) \$1,610,000 of the statewide 988 behavioral health crisis response line account—state appropriation and \$1,572,000 of the general fund—federal appropriation are provided solely for the planning phase of the 988 technology platform implementation project.

(b) The authority must actively collaborate with Washington technology solutions and the department of health so that the statewide 988 technology solutions will be coordinated and interoperable.

(c) By October 1, 2025, the authority must provide an update to legislative fiscal committees with the following details:

(i) An identified technology solution, with a list of functionalities and the statutory requirement met by each functionality;

(ii) Software, processes, and methods currently used by call centers and designated 988 contact hubs that the proposed technology platform would replace;

(iii) The number of call centers and designated 988 contact hubs planning to transition all work processes to the proposed technology platform; and

(iv) Identified risks and changes to the schedule and scope of the project.

(d) The amounts in (a) of this subsection are subject to the conditions, limitations, and review requirements provided in section 701 of this act.

(51) \$1,034,000 of the general fund—federal appropriation is provided solely for the department of health's statewide 988 technology solution and is subject to the conditions, limitations, and review requirements of section 701 of this act. The state match is appropriated to the department of health, see section 226(21) of this act, and the authority must use the same program index as the department of health and the appropriation index assigned to the authority for this proviso when allotting and recording expenditures. This federal funding must be reflected in the department of health's technology budget, which will show both the federal funding from the authority and the state funding from the department of health.

(52)(a) \$71,376,000 of the general fund—state appropriation for fiscal year 2026 and \$70,976,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to implement a program with coverage comparable to the amount, duration, and scope of care provided in the categorically needy medicaid program for adult individuals who:

(i) Have an immigration status making them ineligible for federal medicaid or federal subsidies through the health benefit exchange;

(ii) Are age 19 and older, including over age 65, and have countable income of up to 138 percent of the federal poverty level; and

(iii) Are not eligible for another full scope federally funded medical assistance program, including any expansion of medicaid coverage for deferred action for childhood arrivals recipients.

(b) Within the amounts provided in this subsection, the authority shall use the same eligibility, enrollment, redetermination and renewal, and appeals procedures as categorically needy medicaid, except where flexibility is necessary to maintain privacy or minimize burden to applicants or enrollees.

(c) The authority in collaboration with the health benefit exchange, the department of social and health services, and community organizations must develop and implement an outreach and education campaign.

(d) The authority must provide the following information to the

governor's office and appropriate committees of the legislature by February 1st and November 1st of each year:

- (i) Actual and forecasted expenditures;
- (ii) Actual and forecasted data from the caseload forecast council; and

- (iii) The availability and impact of any federal program or proposed rule that expands access to health care for the population described in this subsection, such as the expansion of medicaid coverage for deferred action for childhood arrivals recipients.

(e) The amount provided in this subsection is the maximum amount allowable for the purposes of this program.

(53) Within the amounts appropriated in this section, the authority shall make administrative and system changes in anticipation of receiving federal authority to provide continuous eligibility for children ages zero to six covered through the apple health children's health insurance program. The centers for medicare and medicaid services must approve the section 1115 medicaid waiver prior to the implementation of this policy.

(54) \$300,000 of the general fund—state appropriation for fiscal year 2026 and \$300,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the Bree collaborative to support collaborative learning and targeted technical assistance for quality improvement initiatives.

(55)(a) The authority shall collaborate with the University of Washington on a supplemental payment program for the family medicine residency network as a supplement to the family medical education funding with additional federal funding.

(b) The authority shall provide a recommendation and report to the governor's office and fiscal committees of the legislature no later than September 30, 2025. The recommendation shall include how the supplemental payment program can improve the following:

- (i) Fiscal support for graduate medical education training;
- (ii) Access to quality health care services;
- (iii) The state's ability to ensure that medicaid graduate medical education funding supports the state's workforce development goals; and
- (iv) Health care access for underserved populations and regions.

(56) \$165,000 of the general fund—state appropriation for fiscal year 2026 and \$165,000 of the general fund—federal appropriation are provided solely for the authority, in consultation with tribes, as required under 42 C.F.R. Sec. 431.408(b), to apply for a section 1115 waiver no later than December 31, 2025, to provide coverage of traditional health care practices.

(57) \$7,407,000 of the general fund—state appropriation for fiscal year 2026, \$7,628,000 of the general fund—state appropriation for fiscal year 2027, and \$26,468,000 of the general fund—federal appropriation are provided solely for the authority to continue the health homes program from January 1, 2026, through December 31, 2026.

(58)(a) \$25,158,000 of the general fund—state appropriation for fiscal year 2026 and \$101,647,000 of the general fund—federal appropriation are provided solely for the statewide electronic health records solution and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(b) The statewide electronic health records solution must use an agile development model holding live demonstrations of functioning software, developed using incremental user research, held at the end of two-week sprints.

(c) The statewide electronic health records solution must be capable of being continually updated, as necessary.

(d) The authority must ensure the development of the statewide electronic health records solution includes consideration of national interoperability standards, such as United States core data for interoperability or the trusted exchange framework and

common agreement.

(e) The authority must work collaboratively with the department of corrections agency project team, the department of social and health services agency project team, and the health care authority agency project team who are the state agencies included in the statewide electronic health records solution project and, as a team, must work to successfully meet budget, scope, and schedule for this project.

(f) Beginning July 1, 2025, the authority shall provide written quarterly reports, within 30 calendar days of the end of each fiscal quarter, to legislative fiscal committees to include how funding was spent compared to the budget spending plan for the prior quarter by fiscal month and what the ensuing quarter budget will be by fiscal month. The written report must also include detail summarized for the entire statewide electronic health records solution, and also delineated by each separate component technology budget, which are: Enterprise foundational system, department of corrections, department of social and health services, and the health care authority. The written report must also include:

- (i) A list of quantifiable deliverables scheduled for that quarter, including those accomplished and the amount spent associated with each deliverable, by fiscal month and fund source;

- (ii) The contract full-time equivalent charged compared to the budget spending plan by month for each contracted vendor, to include interagency agreements with other state agencies, and what the next contract equivalent budget spending plan assumes by fiscal month and fund source;

- (iii) The budget spending plan compared to actual spending by fiscal month and fund source, and the projected spending plan by fiscal month and fund source for the next quarter; and

- (iv) An accounting of any deliverables that were changed in the last quarter, and any plans to change future deliverables, to include what the deliverable was, what the new deliverable is, why it was or will be missed, and what the revised deliverable date is.

(59)(a) \$379,000 of the general fund—state appropriation for fiscal year 2026 and \$1,258,000 of the general fund—federal appropriation are provided solely for the statewide electronic health records solution and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(b) The statewide electronic health records solution must use an agile development model holding live demonstrations of functioning software, developed using incremental user research, held at the end of two-week sprints.

(c) The statewide electronic health records solution must be capable of being continually updated, as necessary.

(d)(i) The authority must collaborate with the department of corrections and the department of social and health services and, as a team, must work to successfully meet budget, scope, and schedule for the statewide electronic health records solution.

- (ii) Beginning July 1, 2025, the health care authority agency project team shall provide necessary updates to the health care authority foundational project team for the statewide electronic health records solution within 15 calendar days of the end of each fiscal quarter.

- (iii) The information provided to the authority shall include how funding was spent compared to the budget spending plan for the prior quarter by fiscal month and what the next quarter budget will be by fiscal month.

- (iv) The requirements of the quarterly report are listed in subsection (58) of this section.

(60) \$927,000 of the general fund—federal appropriation is provided solely for the department of corrections' statewide electronic health records solution and is subject to the conditions, limitations, and review requirements of section 701 of this act.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

The state match is appropriated to the department of corrections, see section 230(7)(h) of this act, and the authority must use the same program index as the department of corrections and the appropriation index assigned to the authority for this proviso when allotting and recording expenditures. This federal funding must be reflected in the department of corrections' technology budget, which will show both the federal funding from the authority and the state funding from the department of corrections.

(61) \$330,000 of the general fund—state appropriation for fiscal year 2026, \$330,000 of the general fund—state appropriation for fiscal year 2027, and \$786,000 of the general fund—federal appropriation are provided solely to comply with federal eligibility rule changes required by the centers for medicare and medicaid services and funding is subject to the conditions, limitations, and review requirements of section 701 of this act.

(62) \$100,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the authority to continue a public-private partnership with a state-based oral health foundation to connect medicaid patients to dental services and reduce barriers to accessing care.

(63)(a) \$50,000 of the general fund—state appropriation for fiscal year 2026 and \$50,000 of the general fund—federal appropriation are provided solely for the authority, no later than October 1, 2025, to convene negotiations with representatives of primary care providers to develop budget-neutral, value-based prospective payment methodologies for primary care services provided to apple health enrollees, with the goal of entering into arrangements appropriate to each primary care delivery system no later than calendar year 2027. The authority shall prioritize the development of methodologies that grow capacity to provide comprehensive, whole person care. This includes, but is not limited to, promoting workforce stability, team-based delivery models, accountability for quality outcomes, equity-based care, and improvements in population health.

(b) The authority shall, at a minimum, convene negotiations with representatives of the statewide associations representing the following categories of providers to develop budget-neutral payment methodologies that maximize access and quality for medicaid patients and are appropriate to their respective primary care delivery systems:

- (i) Family physicians;
- (ii) Pediatricians; and
- (iii) Federally qualified health centers.

(64) \$48,000 of the general fund—state appropriation for fiscal year 2027 and \$43,000 of the general fund—federal appropriation are provided solely for implementation of Substitute Senate Bill No. 5124 (SNF & rehab network adequacy). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(65) \$1,724,000 of the general fund—state appropriation for fiscal year 2026, \$4,345,000 of the general fund—state appropriation for fiscal year 2027, and \$6,068,000 of the general fund—federal appropriation are provided solely for the authority in coordination with the department of social and health services to develop and implement a Katie Beckett section 1115 demonstration waiver. The authority shall limit enrollment to 1,000 clients during the waiver period. Based upon the experience developed during the waiver period, the authority shall make recommendations to the legislature for a future tax equity and fiscal responsibility act state plan option.

(66) \$200,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the authority to contract with a managed care organization for an enhanced case

management pilot program to expand resources for patients with post-acute care transitions. The managed care organization must cover the largest number of apple health clients in the state and implement the pilot program with a hospital in Columbia county. The pilot program must provide continuous support for 31 days post-discharge including, but not limited to:

- (a) Transportation;
- (b) Transitional housing assistance;
- (c) Rehabilitation referrals and coordination;
- (d) Safety net program navigation and enrollment;
- (e) Transitional primary care; and
- (f) 24-hour clinic phone support.

(67) \$50,000 of the general fund—state appropriation for fiscal year 2026 and \$50,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Engrossed Second Substitute House Bill No. 1686 (health care entity registry). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(68)(a) \$300,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for one-time bridge grants to hospitals in financial distress or at risk of limiting access to labor and delivery services due to a low-volume of deliveries at the hospital.

(b) To qualify for these grants, a hospital must:

- (i) Be located in Washington and not be part of a system of three or more hospitals;
- (ii) Serve individuals enrolled in state and federal medical assistance programs;
- (iii) Continue to maintain a medicaid population at similar utilization levels as the most current complete calendar year data;
- (iv) Be necessary for an adequate provider network for the medicaid program;
- (v) Demonstrate a plan for long-term financial sustainability; and
- (vi) Be at risk of limiting access to labor and delivery services due to:

(A) A low-volume of deliveries at the hospital described in (c)(i) of this subsection; or

(B) Serving a high percentage of individuals covered by public payers as described in (c)(ii) of this subsection.

(c) The grants must be distributed in amounts not to exceed \$150,000 per hospital to:

(i) A hospital that had fewer than 200 births funded by medicaid in the hospital's labor and delivery unit in the previous calendar year according to health care authority records and is located in a municipality with a population between 9,000 and 12,000; and

(ii) A public district hospital that had fewer than 250 births funded by public payers, including medicaid, tricare, and medicare, in the hospital's labor and delivery unit in the previous calendar year and is located on an island in Skagit county.

(69) \$111,000 of the general fund—state appropriation for fiscal year 2026, \$63,385,000 of the general fund—federal appropriation, and \$35,000,000 of the medicaid access program account—state appropriation are provided solely for implementation of Substitute House Bill No. 1392 (medicaid access program). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(70) The amounts appropriated in this section are not sufficient to include coverage of prescription drugs for the treatment of obesity or weight loss under state or federally funded medical assistance programs. The authority shall not add coverage of prescription drugs for the treatment of obesity or weight loss without a specific appropriation from the legislature.

NEW SECTION. Sec. 212. FOR THE STATE HEALTH

CARE AUTHORITY—EMPLOYEE AND RETIREE BENEFITS PROGRAM

State Health Care Authority Administrative Account—	
State Appropriation.....	\$46,618,000
School Employees' Insurance Administrative Account—	
State Appropriation.....	\$34,500,000
TOTAL APPROPRIATION.....	\$81,118,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Any savings from reduced claims costs must be reserved for funding benefits during future fiscal biennia and may not be used for administrative expenses. The health care authority shall deposit any moneys received on behalf of the uniform medical plan resulting from rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys received as a result of prior uniform medical plan claims payments, in the appropriate account to be used for insurance benefits.

(2) Any changes to benefits must be approved by the applicable program board. Neither board shall make any changes to benefits without considering a comprehensive analysis of the cost of those changes, and shall not increase benefits unless offsetting cost reductions from other benefit revisions are sufficient to fund the changes. The public employees' benefits board shall not make any change in retiree eligibility criteria that reestablishes eligibility for enrollment in retiree benefits.

(3) Each board shall collect a surcharge payment of \$25 per month from members who use tobacco products, and a surcharge payment of not less than \$50 per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

NEW SECTION. Sec. 213. FOR THE STATE HEALTH CARE AUTHORITY—HEALTH BENEFIT EXCHANGE

General Fund—State Appropriation (FY 2026).....	\$8,766,000
General Fund—State Appropriation (FY 2027).....	\$8,609,000
General Fund—Federal Appropriation	\$87,363,000
Education Legacy Trust Account—State Appropriation	\$350,000
Health Benefit Exchange Account—State Appropriation	\$86,030,000
State Health Care Affordability Account—State Appropriation.....	\$85,000,000
TOTAL APPROPRIATION.....	\$276,118,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The receipt and use of medicaid funds provided to the health benefit exchange from the health care authority are subject to compliance with state and federal regulations and policies governing the Washington apple health programs, including timely and proper application, eligibility, and enrollment procedures.

(2)(a) By July 15th, October 15th, and January 15th of each year, the authority shall make a payment of 30 percent of the general fund—state appropriation, 30 percent of the health benefit exchange account—state appropriation, and 30 percent of the health care affordability account—state appropriation to the exchange. By April 15th of each year, the authority shall make a payment of 10 percent of the general fund—state appropriation, 10 percent of the health benefit exchange account—state appropriation, and 10 percent of the health care affordability account—state appropriation to the exchange.

(b) The exchange shall monitor actual to projected revenues

and make necessary adjustments in expenditures or carrier assessments to ensure expenditures do not exceed actual revenues.

(c) Payments made from general fund—state appropriation and health benefit exchange account—state appropriation shall be available for expenditure for no longer than the period of the appropriation from which it was made. When the actual cost of materials and services have been fully determined, and in no event later than the lapsing of the appropriation, any unexpended balance of the payment shall be returned to the authority for credit to the fund or account from which it was made, and under no condition shall expenditures exceed actual revenue.

(3) \$75,000,000 of the state health care affordability account—state appropriation is provided solely for the exchange to administer a premium assistance program, as established in RCW 43.71.110. An individual is eligible for the premium assistance provided if the individual: (a) Has income up to 250 percent of the federal poverty level; and (b) meets other eligibility criteria as established in RCW 43.71.110(4)(a).

(4)(a) \$10,000,000 of the state health care affordability account—state appropriation is provided solely to provide premium assistance for customers ineligible for federal premium tax credits who meet the eligibility criteria established in subsection (3)(a) and (b) of this section, and is contingent upon continued approval of the applicable waiver described in RCW 43.71.120.

(b) In the event the applicable waiver described in RCW 43.71.120 is suspended, terminated, or otherwise ended, \$10,000,000 of the state health care affordability account—state appropriation is provided solely to:

(i) Implement a state program with coverage comparable to individual market plans, for customers who would have been eligible under the waiver; and

(ii) Provide state premium assistance to state program customers who meet the eligibility criteria established in subsection (3) of this section.

(c) The exchange may establish or designate a separate entity to administer the state program. Administration of the state program must include, but is not limited to, establishing requirements for eligibility, continued participation, and carrier payments.

(d) Moneys collected for premiums written on qualified health benefit plans and qualified dental plans offered through the state program must be deposited in the state health care affordability account under RCW 43.71.130, through a procedure established by the exchange that aligns with the requirements of RCW 48.14.0201(5)(b), 48.14.020(2), and 43.71.080.

(e) The exchange, and any entity involved in implementing this program, is subject to RCW 43.17.425.

(5) \$1,117,000 of the general fund—state appropriation for fiscal year 2026, \$1,182,000 of the general fund—state appropriation for fiscal year 2027, \$12,510,000 of the general fund—federal appropriation, and \$809,000 of the health benefit exchange account—state appropriation are provided solely to make improvements to healthplanfinder to comply with federal eligibility rule changes required by the centers for medicare and medicaid services and funding is subject to the conditions, limitations, and review requirements of section 701 of this act.

(6) \$1,000,000 of the health benefit exchange account—state appropriation for fiscal year 2027 is provided solely for the exchange, in collaboration with stakeholders, to begin development starting January 1, 2027, of an automated solution to ensure continuous health care coverage through qualified health plans for medicaid beneficiaries losing medicaid coverage through Washington healthplanfinder and is subject to the conditions, limitations, and review requirements of section 701 of

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

this act.

NEW SECTION. Sec. 214. FOR THE STATE HEALTH CARE AUTHORITY—COMMUNITY BEHAVIORAL HEALTH PROGRAM

General Fund—State Appropriation (FY 2026)	\$1,185,242,000
General Fund—State Appropriation (FY 2027)	\$1,185,284,000
General Fund—Federal Appropriation	\$3,320,820,000
General Fund—Private/Local Appropriation	\$39,200,000
Criminal Justice Treatment Account—State Appropriation	\$27,541,000
Problem Gambling Account—State Appropriation	\$3,249,000
Dedicated Cannabis Account—State Appropriation (FY 2026)	\$28,515,000
Dedicated Cannabis Account—State Appropriation (FY 2027)	\$28,517,000
Opioid Abatement Settlement Account—State Appropriation	\$77,463,000
Statewide 988 Behavioral Health Crisis Response Line Account—State Appropriation	\$74,034,000
Tribal Opioid Prevention and Treatment Account—State Appropriation	\$16,814,000
TOTAL APPROPRIATION	\$5,986,679,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and behavioral health administrative services organizations that reimburse providers for behavioral health services.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) \$57,910,000 of the general fund—state appropriation for fiscal year 2026, \$63,090,000 of the general fund—state appropriation for fiscal year 2027, and \$15,804,000 of the general fund—federal appropriation are provided solely to continue the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The authority, in collaboration with the department of social and health services and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development.

(4) \$7,200,000 of the general fund—state appropriation for fiscal year 2026 and \$7,200,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to continue diversion grant programs funded through contempt fines pursuant

to *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The authority must consult with the plaintiffs and court monitor to determine, within the amounts provided, which of the programs will continue to receive funding through this appropriation. The programs shall use this funding to provide assessments, mental health treatment, substance use disorder treatment, case management, employment, and other social services.

(5) \$18,891,000 of the general fund—state appropriation for fiscal year 2026, \$18,561,000 of the general fund—state appropriation for fiscal year 2027, and \$41,062,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health entities with PACT teams, the authority shall consider the differences between behavioral health entities in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(6) \$1,668,000 of the general fund—state appropriation for fiscal year 2026, \$1,668,000 of the general fund—state appropriation for fiscal year 2027, and \$3,040,000 of the general fund—federal appropriation are provided solely for the authority to maintain a pilot project to incorporate peer bridging staff into behavioral health regional teams that provide transitional services to individuals returning to their communities.

(7) \$147,449,000 of the general fund—state appropriation for fiscal year 2026 and \$147,449,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) \$132,924,000 of the general fund—state appropriation for fiscal year 2026 and \$132,924,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to contract with behavioral health administrative service organizations for behavioral health treatment services not covered under the medicaid program. Within these amounts, behavioral health administrative service organizations must continue a 15 percent rate increase to providers receiving state funds for nonmedicaid services under this section that was originally effective January 1, 2024.

(b) \$14,524,000 of the general fund—state appropriation for fiscal year 2026 and \$14,525,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to contract with medicaid managed care organizations for wraparound services to medicaid enrolled individuals that are not covered under the medicaid program.

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) \$2,990,000 of the general fund—state appropriation for fiscal year 2026 and \$3,029,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to reimburse counties for the cost of conducting involuntary act judicial proceedings as follows:

(a) \$1,025,000 of the general fund—state appropriation for fiscal year 2026 and \$1,025,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to reimburse Pierce county for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(b) \$504,000 of the general fund—state appropriation for fiscal year 2026 and \$504,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to reimburse Spokane county for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(c) \$171,000 of the general fund—state appropriation for fiscal year 2026 and \$210,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to reimburse Thurston county for the cost of conducting 180-day commitment hearings at the Maple Lane facility.

(d) \$1,290,000 of the general fund—state appropriation for fiscal year 2026 and \$1,290,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to reimburse either King county or other legal services organizations, or both, for the cost of conducting involuntary treatment act commitment hearings at facilities operating within King county. These amounts must be prioritized for the cost of conducting 180-day commitment hearings at state-operated facilities including facilities operated by the department of social and health services and the University of Washington center for behavioral health and learning. Any remaining amounts may be used to reimburse either King county or other legal services organizations for the cost of other involuntary treatment act commitment hearings provided in other facilities within King county.

(10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,062,000 of the general fund—state appropriation for fiscal year 2026 and \$2,062,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(13)(a) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health administrative service organization contracts and include contract language that clearly states the requirements and limitations. The reserve levels must be informed by the types of risk carried by behavioral health administrative service organizations for

mandatory services and also consider reasonable levels of operating reserves. The authority must monitor and ensure that behavioral health administrative service organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health administrative service organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health administrative service organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan. The authority must submit to the office of financial management and the appropriate committees of the legislature, each December of the biennium, the minimum and maximum reserve levels established in contract for each of the behavioral health administrative service organizations for the prior fiscal year and the actual reserve levels reported at the end of the fiscal year.

(b) In contracts effective during the fiscal biennium, the authority must allow behavioral health administrative services organizations flexibility in utilizing reserve funding received pursuant to a specific legislative proviso in a prior contract period. Funding repurposed under this subsection must be used to support the duties of the administrative services organization under RCW 71.24.045 through programs serving individuals with severe and persistent behavioral health conditions and behavioral health services that promote stability and recovery within their regional service area. Repurposed funds shall prioritize the core mandated functions that behavioral health administrative services organizations must provide for all residents who need the service or, for residents who are not medicaid enrollees, as described in the authority's model contract for behavioral health administrative services organizations. A behavioral health administrative services organization that wishes to repurpose reserve funding must notify the authority in advance and the authority may require modification of the plan if it determines that the behavioral health administrative services organization has not made a good faith effort to implement prior funding for the purpose for which it was originally provided. The authority must capture information related to behavioral health administrative services organization repurposing of funds under this subsection, including identification of which specific legislative provisos it repurposed funding under this subsection and for what purpose those funds were used, through the revenue and expenditure reporting process. These reports shall describe by how much the state's appropriated funding for core mandated functions fell short of need as determined by the behavioral health administrative services organization. The authority must update the revenue and expenditure reporting template and reporting instructions to behavioral health administrative service organizations by September 1, 2025.

(14) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment

2025 REGULAR SESSION

services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(15) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b).

(16)(a) \$11,590,000 of the dedicated cannabis account—state appropriation for fiscal year 2026 and \$11,590,000 of the dedicated cannabis account—state appropriation for fiscal year 2027 are provided solely for:

(i) A memorandum of understanding with the department of children, youth, and families to provide substance abuse treatment programs;

(ii) A contract with the Washington state institute for public policy to conduct a cost-benefit evaluation of the implementations of chapter 3, Laws of 2013 (Initiative Measure No. 502);

(iii) Designing and administering the Washington state healthy youth survey and the Washington state young adult behavioral health survey;

(iv) Maintaining increased services to pregnant and parenting women provided through the parent child assistance program;

(v) Maintaining increased prevention and treatment service provided by tribes and federally recognized American Indian organization to children and youth;

(vi) Maintaining increased residential treatment services for children and youth;

(vii) Training and technical assistance for the implementation of evidence-based, research based, and promising programs which prevent or reduce substance use disorder;

(viii) Expenditures into the home visiting services account; and

(ix) Grants to community-based programs that provide prevention services or activities to youth.

(b) The authority must allocate the amounts provided in (a) of this subsection amongst the specific activities proportionate to the fiscal year 2021 allocation.

(17)(a) \$1,125,000 of the general fund—state appropriation for fiscal year 2026 and \$1,125,000 of the general fund—state appropriation for fiscal year 2027 is provided solely for Spokane behavioral health entities to implement services to reduce utilization and the census at eastern state hospital. Such services must include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the 16-bed evaluation and treatment facility.

(b) At least annually, the Spokane county behavioral health entities shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(18) \$1,850,000 of the general fund—state appropriation for fiscal year 2026, \$1,850,000 of the general fund—state appropriation for fiscal year 2027, and \$13,312,000 of the general fund—federal appropriation are provided solely for substance use disorder peer support services included in behavioral health capitation rates in accordance with section 213(5)(ss), chapter 299, Laws of 2018. The authority shall require managed care organizations to provide access to peer support services for individuals with substance use disorders transitioning from emergency departments, inpatient facilities, or receiving treatment as part of hub and spoke networks.

(19) \$23,900,000 of the general fund—state appropriation for fiscal year 2026, \$23,900,000 of the general fund—state appropriation for fiscal year 2027, \$1,000,000 of the general fund—federal appropriation, and \$8,100,000 of the opioid abatement settlement account—state appropriation are provided solely to maintain activities to improve outcomes for individuals with behavioral health issues interacting with law enforcement. Of these amounts:

(a) \$850,000 of the general fund—state appropriation for fiscal year 2026, \$850,000 of the general fund—state appropriation for fiscal year 2027, \$1,000,000 of the general fund—federal appropriation, and \$3,600,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to maintain a memorandum of understanding with the criminal justice training commission to provide funding for community grants pursuant to RCW 36.28A.450.

(b) \$19,600,000 of the general fund—state appropriation for fiscal year 2026 and \$19,600,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to contract with behavioral health administrative service organizations to implement the statewide recovery navigator program established in chapter 311, Laws of 2021 (ESB 5476) and for related technical assistance to support this implementation. This includes funding for recovery navigator teams to provide community-based outreach and case management services based on the law enforcement assisted diversion model and for technical assistance support from the law enforcement assisted diversion national support bureau. The authority and technical assistance contractor must encourage recovery navigator programs to provide educational information and outreach regarding recovery navigator program services to local retailers that have high levels of retail theft. Of the amounts provided in this subsection (19)(b):

(i) \$1,600,000 of the general fund—state appropriation for fiscal year 2026 and \$1,600,000 of the general fund—state appropriation for fiscal year 2027 must be allocated to maintain recovery navigator services in King, Pierce, and Snohomish counties. These amounts must be in addition to the proportion of the allocation of the remaining funds in this subsection the regional behavioral health administrative services organizations serving those counties were allocated pursuant to section 22(1), chapter 311, Laws of 2021.

(ii) \$2,000,000 of the general fund—state appropriation for fiscal year 2026 and \$2,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for expanding recovery navigator program services in regions where fiscal year 2026 projected expenditures will exceed revenues provided under this subsection. In allocating these amounts, the

authority must prioritize regions where the combined fiscal year recovery navigator program allocations and recovery navigator program reserve balances are inadequate to cover estimated fiscal year expenditures.

(c) \$700,000 of the general fund—state appropriation for fiscal year 2026 and \$700,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for behavioral health administrative service organizations to develop regional recovery navigator program plans pursuant to chapter 311, Laws of 2021 (ESB 5476), and to establish positions focusing on regional planning to improve access to and quality of regional behavioral health services with a focus on integrated care.

(d) \$2,250,000 of the general fund—state appropriation for fiscal year 2026, \$2,250,000 of the general fund—state appropriation for fiscal year 2027, and \$4,500,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to maintain funding for ongoing grants to law enforcement assisted diversion programs under RCW 71.24.589.

(e) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to contract with the University of Washington addictions, drug, and alcohol institute. This funding must be used for advanced, evidence-based training for law enforcement to improve interactions with individuals who use drugs. The training must be developed so it can be adapted and used statewide to decrease stigmatizing beliefs among law enforcement through positive contact with people who use drugs and improve officer well-being and effectiveness by providing skills and techniques to address the drug overdose epidemic. The institute must develop and refine this training, leveraging prior work, and in partnership with a steering committee that includes people with lived or living experience of substance use disorder and criminal legal involvement, researchers, clinicians, law enforcement officers, and others. The training must complement, but not duplicate, existing curricula already provided by the criminal justice training commission. The institute must pilot the advanced training in a subset of regional law enforcement agencies and evaluate its acceptability and feasibility through participant interviews and pretraining and posttraining ratings of stigmatizing beliefs. The institute must incorporate feedback from the pilot training sessions into a final training program that it must make available to law enforcement agencies across the state.

(20) \$1,875,000 of the general fund—state appropriation for fiscal year 2026, \$1,875,000 of the general fund—state appropriation for fiscal year 2027, \$350,000 of the general fund—federal appropriation, and \$5,400,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to continue to provide support for recovery residences. Of these amounts:

(a) \$75,000 of the general fund—state appropriation for fiscal year 2026, \$75,000 of the general fund—state appropriation for fiscal year 2027, and \$350,000 of the general fund—federal appropriation are provided solely to contract with a nationally recognized recovery residence organization and to provide technical assistance to operators of recovery residences seeking certification in accordance with chapter 264, Laws of 2019 (2SHB 1528).

(b) \$1,800,000 of the general fund—state appropriation for fiscal year 2026, \$1,800,000 of the general fund—state appropriation for fiscal year 2027, and \$5,400,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to provide grants for the operational costs of new staffed recovery residences which serve individuals with substance use disorders who require more support than a level 1

recovery residence.

(21) \$6,510,000 of the general fund—state appropriation for fiscal year 2026, \$6,510,000 of the general fund—state appropriation for fiscal year 2027, \$21,602,000 of the general fund—federal appropriation, and \$3,500,000 of the opioid abatement settlement account—state appropriation are provided solely for support of clubhouse programs across the state. The authority shall work with the centers for medicare and medicaid services to review opportunities to include clubhouse services as an optional "in lieu of" service in managed care organization contracts in order to maximize federal participation.

(22) \$708,000 of the general fund—state appropriation for fiscal year 2026, \$708,000 of the general fund—state appropriation for fiscal year 2027, and \$1,598,000 of the general fund—federal appropriation are provided solely for implementing mental health peer respite centers and a pilot project to implement a mental health drop-in center in accordance with chapter 324, Laws of 2019 (2SHB 1394).

(23) \$446,000 of the general fund—state appropriation for fiscal year 2026, \$446,000 of the general fund—state appropriation for fiscal year 2027, and \$178,000 of the general fund—federal appropriation are provided solely for the University of Washington's evidence-based practice institute which supports the identification, evaluation, and implementation of evidence-based or promising practices. The institute must work with the authority to develop a plan to seek private, federal, or other grant funding in order to reduce the need for state general funds.

(24) As an element of contractual network adequacy requirements and reporting, the authority shall direct managed care organizations to make all reasonable efforts to develop or maintain contracts with provider networks that leverage local, federal, or philanthropic funding to enhance effectiveness of medicaid-funded integrated care services. These networks must promote medicaid clients' access to a system of services that addresses additional social support services and social determinants of health as defined in RCW 43.20.025 in a manner that is integrated with the delivery of behavioral health and medical treatment services.

(25) In establishing, re-basing, enhancing, or otherwise updating medicaid rates for behavioral health services, the authority and contracted actuaries shall use a transparent process that provides an opportunity for medicaid managed care organizations, behavioral health administrative service organizations, and behavioral health provider agencies, and their representatives, to review and provide data and feedback on proposed rate changes within their region or regions of service operation. The authority and contracted actuaries shall transparently incorporate the information gained from this process and make adjustments allowable under federal law when appropriate.

(26) The authority shall seek input from representatives of the managed care organizations (MCOs), licensed community behavioral health agencies, and behavioral health administrative service organizations to develop specific metrics related to behavioral health outcomes under integrated managed care. These metrics must include, but are not limited to: (a) Revenues and expenditures for community behavioral health programs, including medicaid and nonmedicaid funding; (b) access to services, service denials, and utilization by state plan modality; (c) claims denials and record of timely payment to providers; (d) client demographics; and (e) social and recovery measures and managed care organization performance measures. The authority must work with managed care organizations and behavioral health administrative service organizations to integrate these metrics into an annual reporting structure designed to evaluate the

2025 REGULAR SESSION

performance of the behavioral health system in the state over time. The authority must submit a report to the office of financial management and the appropriate committees of the legislature, before December 30th of each year during the fiscal biennium, that details the implemented metrics and relevant performance outcomes for the prior calendar year.

(27) The authority must pursue opportunities for shifting state costs to the state's unused allocation of federal institutions for mental disease disproportionate share hospital funding.

(28) \$1,250,000 of the general fund—state appropriation for fiscal year 2026 and \$1,250,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to contract with the King county behavioral health administrative services organization to maintain children's crisis outreach response system services that were previously funded through the department of children, youth, and families. The authority, in consultation with the behavioral health administrative services organization, medicaid managed care organizations, and the actuaries responsible for developing medicaid managed care rates, must work to maximize federal funding provided for the children's crisis outreach response system program.

(29) \$12,435,000 of the general fund—state appropriation for fiscal year 2026, \$13,015,000 of the general fund—state appropriation for fiscal year 2027, and \$25,450,000 of the general fund—federal appropriation are provided solely for the community children's long-term inpatient program. The number of beds is increased on a phased in basis to 62 beds by the end of fiscal year 2026 at a bed day rate of \$1,121 per day.

(30) \$51,103,000 of the general fund—state appropriation for fiscal year 2026, \$52,933,000 of the general fund—state appropriation for fiscal year 2027, and \$90,434,000 of the general fund—federal appropriation are provided solely for the authority to contract with community hospitals or freestanding evaluation and treatment centers to provide long-term inpatient care beds as defined in RCW 71.24.025. Within these amounts, the authority must meet the requirements for reimbursing counties for the judicial services for patients being served in these settings in accordance with RCW 71.05.730. The authority must coordinate with the department of social and health services in developing the contract requirements, selecting contractors, and establishing processes for identifying patients that will be admitted to these facilities. Of the amounts in this subsection, sufficient amounts are provided for the authority to reimburse community hospitals and nonhospital residential treatment centers serving clients in long-term inpatient care beds as defined in RCW 71.24.025 as follows:

(a) For a hospital licensed under chapter 70.41 RCW that requires a hospital specific medicaid inpatient psychiatric per diem payment rate for long-term civil commitment patients because the hospital has completed a medicare cost report, the authority shall analyze the most recent medicare cost report of the hospital after a minimum of 200 medicaid inpatient psychiatric days. The authority shall establish the inpatient psychiatric per diem payment rate for long-term civil commitment patients for the hospital at 100 percent of the allowable cost of care, based on the most recent medicare cost report of the hospital.

(b) For a hospital licensed under chapter 70.41 RCW that has not completed a medicare cost report with more than 200 medicaid inpatient psychiatric days, the authority shall establish the medicaid inpatient psychiatric per diem payment rate for long-term civil commitment patients for the hospital at the higher of the hospital's current medicaid inpatient psychiatric rate; or the annually updated statewide average of the medicaid inpatient psychiatric per diem payment rate of all acute care hospitals

licensed under chapter 70.41 RCW providing long-term civil commitment services.

(c) For a hospital licensed under chapter 71.12 RCW and currently providing long-term civil commitment services, the authority shall establish the medicaid inpatient psychiatric per diem payment rate at \$1,250 plus adjustments that may be needed to capture costs associated with long-term psychiatric patients that are not allowable on the medicare cost report or reimbursed separately. The hospital may provide the authority with supplemental data to be considered and used to make appropriate adjustments to the medicaid inpatient psychiatric per diem payment rate of the hospital. Adjustment of costs may include:

(i) Costs associated with professional services and fees not accounted for in the hospital's medicare cost report or reimbursed separately;

(ii) Costs associated with the hospital providing the long-term psychiatric patient access to involuntary treatment court services that are not reimbursed separately; and

(iii) Other costs associated with caring for long-term psychiatric patients that are not reimbursed separately.

(d) For a hospital licensed under chapter 71.12 RCW that requires an initial medicaid inpatient psychiatric per diem payment rate for long-term civil commitment services because it has not yet completed a medicare cost report, the authority shall establish the medicaid inpatient psychiatric per diem payment rate at the higher of:

(i) The hospital's current medicaid inpatient psychiatric rate; or

(ii) The annually updated statewide average of the medicaid long-term inpatient psychiatric per diem payment rate of all freestanding psychiatric hospitals licensed under chapter 71.12 RCW providing long-term civil commitment services.

(e) For nonhospital residential treatment centers certified to provide long-term inpatient care beds as defined in RCW 71.24.025, the authority shall establish the medicaid psychiatric per diem payment rate at \$1,250 per bed.

(f) The authority shall pay a rate enhancement of \$500 per day for patients committed pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088. The enhancement shall be available to all hospital and nonhospital facilities providing services under this subsection except those whose rates are set at 100 percent of their most recent medicare cost report.

(g) The authority may pay a rate enhancement of \$500 per day for individuals with complex medical needs, challenging behaviors often diagnosed with co-occurring intellectual or developmental disability, traumatic brain injury, dementia, or significant medical issues requiring personal care. The rate enhancement shall be available to providers contracting directly with the authority.

(h) Provider payments for vacant bed days shall not exceed six percent of their annual contracted bed days.

(31) \$150,000 of the general fund—state appropriation for fiscal year 2026 and \$150,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a one-time grant to Island county to maintain support for a pilot program to improve behavioral health outcomes for young people in rural communities. In administering the pilot program, Island county shall coordinate with school districts, community groups, and health care providers to increase access to behavioral health programs for children and youth aged birth to 24 years of age. The grant funds shall be used to coordinate and expand behavioral health services. The grant funding must not be used to supplant funding from existing programs. No more than 10 percent of the funds may be used for administrative costs incurred by Island county in administering the program. Services that may be

provided with the grant funding include, but are not limited to:

(a) Support for children and youth with significant behavioral health needs to address learning loss caused by COVID-19 and remote learning;

(b) School based behavioral health education, assessment, and brief treatment;

(c) Screening and referral of children and youth to long-term treatment services;

(d) Behavioral health supports provided by community agencies serving youth year-round;

(e) Expansion of mental health first aid, a program designed to prepare adults who regularly interact with youth for how to help people in both crisis and noncrisis mental health situations;

(f) Peer support services; and

(g) Compensation for the incurred costs of clinical supervisors and internships.

(32) \$494,000 of the general fund—state appropriation for fiscal year 2026, \$494,000 of the general fund—state appropriation for fiscal year 2027, and \$988,000 of the general fund—federal appropriation are provided solely for the authority to contract with the University of Washington's project extension for community health outcomes (ECHO) and the systemic, therapeutic, assessment, resources, and treatment (START) programs for specialized training and consultation for physicians and professionals to support:

(a) Children with developmental disabilities and behavioral health needs;

(b) Applied behavior analysis provider training, education, and consultation; and

(c) The screening and diagnosis of autism spectrum disorder.

(33) \$2,366,000 of the general fund—federal appropriation and \$2,366,000 of the general fund—local appropriation are provided solely for supported housing and employment services described in initiative 3a and 3b of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. Within these amounts, funding is provided for the authority to support community discharge efforts for patients at the state hospitals. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures above appropriated levels for this specific purpose. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(34) Within the amounts provided in this section, sufficient funding is provided for the authority to maintain and increase the capabilities of a tool to track medication assisted treatment provider capacity.

(35) \$4,087,000 of the general fund—state appropriation for fiscal year 2026, \$4,087,000 of the general fund—state appropriation for fiscal year 2027, and \$3,000,000 of the general fund—federal appropriation are provided solely for alternative response and coresponse services. Of the amounts provided in this subsection:

(a) \$2,000,000 of the general fund—federal appropriation is provided solely for grants to law enforcement and other first

responders to include a mental health professional on the team of personnel responding to emergencies.

(b) \$1,500,000 of the general fund—state appropriation for fiscal year 2026, \$1,500,000 of the general fund—state appropriation for fiscal year 2027, and \$1,000,000 of the general fund—federal appropriation are provided solely to support the provision of behavioral health coresponder services on nonlaw enforcement emergency medical response teams.

(c) \$2,587,000 of the general fund—state appropriation for fiscal year 2026 and \$2,587,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to support efforts by counties and cities to implement local response teams. Of these amounts:

(i) \$2,000,000 of the general fund—state appropriation for fiscal year 2026 and \$2,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to provide a grant to the association of Washington cities to assist cities with the costs of implementing alternative response teams. This funding must be used to reimburse cities for documented costs associated with creating coresponder teams within different alternative diversion models including law enforcement assisted diversion programs, community assistance referral and education programs, and as part of mobile crisis teams. Cities are encouraged to partner with each other to create a regional response model. In awarding these funds, the association must prioritize applicants with demonstrated capacity for facility-based crisis triage and stabilization services. The association and authority must collect information regarding the number of facility-based crisis stabilization and triage beds available in the locations receiving funding through this subsection.

(ii) \$587,000 of the general fund—state appropriation for fiscal year 2026 and \$587,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to support the Whatcom county alternative response team.

(36) \$2,404,000 of the general fund—state appropriation for fiscal year 2026, \$2,637,000 of the general fund—state appropriation for fiscal year 2027, and \$6,815,000 of the general fund—federal appropriation are provided solely for the authority to contract for long-term involuntary treatment services in a 16-bed residential treatment facility developed by the Tulalip tribe in Stanwood.

(37) \$956,000 of the general fund—state appropriation for fiscal year 2026 and \$956,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for wraparound with intensive services for youth ineligible for medicaid as outlined in the settlement agreement under *AGC v. Washington State Health Care Authority*, Thurston county superior court no. 21-2-00479-34.

(38) \$16,004,000 of the general fund—state appropriation for fiscal year 2026 and \$16,004,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for claims for services rendered to medicaid eligible clients admitted to institutions of mental disease that were determined to be unallowable for federal reimbursement due to medicaid's institutions for mental disease exclusion rules.

(39) \$6,010,000 of the general fund—state appropriation for fiscal year 2026, \$6,010,000 of the general fund—state appropriation for fiscal year 2027, and \$1,980,000 of the general fund—federal appropriation are provided solely for the authority, in coordination with the department of health, to deploy an opioid awareness campaign and to contract with syringe service programs and other service settings assisting people with substance use disorders to: Prevent and respond to overdoses; provide other harm reduction services and supplies, including but not limited to distributing naloxone; fentanyl testing and other

2025 REGULAR SESSION

drug testing supplies; and for expanding contingency management services. The authority is encouraged to use these funds to leverage federal funding for this purpose to expand buying power when possible. The authority should prioritize funds for naloxone in coordination with the department of health, to expand the distribution of naloxone through the department's overdose education and naloxone distribution program. Funding must be prioritized to fill naloxone access gaps in community behavioral health and other community settings, including providing naloxone for agency staff in organizations such as syringe service programs, housing providers, and street outreach programs. Of the amounts provided in this subsection, \$1,000,000 of the general fund—state appropriation for fiscal year 2026 and \$1,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to deploy an opioid awareness campaign targeted at youth to increase the awareness of the dangers of fentanyl.

(40) \$2,148,000 of the general fund—state appropriation for fiscal year 2026 and \$2,148,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to support individuals enrolled in the foundational community supports initiative who are transitioning from benefits under RCW 74.04.805 due to increased income or other changes in eligibility. The authority, department of social and health services, and department of commerce shall collaborate on this effort.

(41) \$24,684,000 of the general fund—state appropriation for fiscal year 2026, \$24,559,000 of the general fund—state appropriation for fiscal year 2027, \$4,464,000 of the general fund—federal appropriation, \$3,500,000 of the criminal justice treatment account—state appropriation, and \$4,000,000 of the opioid abatement settlement account—state appropriation are provided solely to support the housing needs of individuals with behavioral health disorders. Of the amounts provided in this subsection:

(a) \$998,000 of the general fund—state appropriation for fiscal year 2026, \$998,000 of the general fund—state appropriation for fiscal year 2027, and \$618,000 of the general fund—federal appropriation are provided solely for the authority to contract for three regional behavioral health mobile crisis response teams focused on supported housing to prevent individuals with behavioral health conditions at high risk of losing housing from becoming homeless, identify and prioritize serving the most vulnerable people experiencing homelessness, and increase alternative housing options to include short-term alternatives which may temporarily deescalate situations where there is high risk of a household from becoming homeless.

(b) \$5,623,000 of the general fund—state appropriation for fiscal year 2026, \$5,623,000 of the general fund—state appropriation for fiscal year 2027, and \$3,748,000 of the general fund—federal appropriation are provided solely to maintain and expand access to no barrier, and low-barrier programs using a housing first model designed to assist and stabilize housing supports for adults with behavioral health conditions. Housing supports and services shall be made available with no requirement for treatment for their behavioral health condition and must be individualized to the needs of the individual. The authority and department of commerce shall collaborate on this effort.

(c) \$337,000 of the general fund—state appropriation for fiscal year 2026 and \$337,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a rental voucher and bridge program and to implement strategies to reduce instances where an individual leaves a state operated behavioral or private behavioral health facility directly into homelessness. The authority must prioritize this funding for individuals being discharged from state operated behavioral health facilities.

(d) \$2,487,000 of the general fund—state appropriation for fiscal year 2026 and \$2,487,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for short-term rental subsidies for individuals with mental health or substance use disorders. This funding may be used for individuals enrolled in the foundational community support program while waiting for a longer term resource for rental support or for individuals transitioning from behavioral health treatment facilities or local jails. Individuals who would otherwise be eligible for the foundational community support program but are not eligible because of their citizenship status may also be served. Each December of the fiscal biennium, the authority must submit a report identifying the expenditures and number of individuals receiving short-term rental supports through the agency budget during the prior fiscal year broken out by region, treatment need, and the demographics of those served, including but not limited to age, country of origin within racial/ethnic categories, gender, and immigration status.

(e) \$4,211,000 of the general fund—state appropriation for fiscal year 2026 and \$4,211,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a targeted grant program to three behavioral health administrative services organizations to transition persons who are either being diverted from criminal prosecution to behavioral health treatment services or are in need of housing upon discharge from crisis stabilization services.

(f) \$1,250,000 of the general fund—state appropriation for fiscal year 2026, \$1,250,000 of the general fund—state appropriation for fiscal year 2027, \$3,500,000 of the criminal justice treatment account—state appropriation, and \$4,000,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to provide short-term housing vouchers for individuals with substance use disorders.

(g) \$7,500,000 of the general fund—state appropriation for fiscal year 2026 and \$7,500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to implement homeless outreach stabilization teams pursuant to chapter 311, Laws of 2021 (ESB 5476).

(h) \$2,278,000 of the general fund—state appropriation for fiscal year 2026, \$2,153,000 of the general fund—state appropriation for fiscal year 2027, and \$98,000 of the general fund—federal appropriation are provided solely for implementing a postinpatient housing program designed for young adults in accordance with the provisions of chapter 175, Laws of 2024 (2SHB 1929). Contracts with the postinpatient housing providers are exempt from the competitive procurement requirements in chapter 39.26 RCW.

(42) \$361,000 of the general fund—state appropriation for fiscal year 2026, \$361,000 of the general fund—state appropriation for fiscal year 2027, and \$482,000 of the general fund—federal appropriation are provided solely for the authority, in collaboration with the department of social and health services research and data analysis division, to implement community behavioral health service data into the existing executive management information system. Of these amounts, \$288,000 of the general fund—state appropriation for fiscal year 2026, \$288,000 of the general fund—state appropriation for fiscal year 2027, and \$384,000 of the general fund—federal appropriation are provided solely for the authority to reimburse the research and data analysis division for staff costs associated with this project. The data elements shall be incorporated into the monthly executive management information system reports on a phased-in basis, allowing for elements which are readily available to be incorporated in the initial phase, and elements which require further definition and data collection changes to be incorporated

in a later phase. The authority must collaborate with the research and data analysis division to ensure data elements are clearly defined and must include requirements in medicaid managed care organization and behavioral health administrative services organization contracts to provide the data in a consistent and timely manner for inclusion into the system. The community behavioral health executive management system information data elements must include, but are not limited to: Psychiatric inpatient bed days; evaluation and treatment center bed days; long-term involuntary community psychiatric inpatient bed days; children's long-term inpatient bed days; substance use disorder inpatient, residential, withdrawal evaluation and management, and secure withdrawal evaluation and management bed days; crisis triage and stabilization services bed days; mental health residential bed days; mental health and substance use disorder outpatient treatment services; opioid substitution and medication assisted treatment services; program of assertive treatment team services; wraparound with intensive services; mobile outreach crisis services; recovery navigator team services; foundational community supports housing and employment services; projects for assistance in transition from homelessness services; housing and recovery through peer services; other housing services administered by the authority; mental health and substance use disorder peer services; designated crisis responder investigations and outcomes; involuntary commitment hearings and outcomes; pregnant and parenting women case management services; and single bed certifications and no available bed reports. Wherever possible and practical, the data must include historical monthly counts and shall be broken out to distinguish services to medicaid and nonmedicaid individuals and children and adults. The authority and the research and data analysis division must consult with the office of financial management and staff from the fiscal committees of the legislature on the development and implementation of the community behavioral health data elements.

(43) \$178,000 of the general fund—state appropriation for fiscal year 2026, \$58,000 of the general fund—state appropriation for fiscal year 2027, and \$650,000 of the general fund—federal appropriation are provided solely for the authority to continue development and implementation of the certified community behavioral health clinic model for comprehensive behavioral health services. Funding must be used to secure actuarial expertise, conduct research into national data and other state models, including obtaining resources and expertise from the national council for mental well-being certified community behavioral health clinic success center; and engage stakeholders, including representatives of licensed community behavioral health agencies and medicaid managed care organizations, in the process. The authority must conduct a study built on the preliminary report submitted to the legislature in December 2024 that includes:

(a) Overviews of options and considerations for implementing the certified community behavioral health clinic model within Washington state, including participation as a certified community behavioral health clinic demonstration state or for independent statewide implementation;

(b) An analysis of the impact of expanding the certified community behavioral health clinic model on the state's behavioral health systems;

(c) Relevant federal regulations and options to implement the certified community behavioral health clinic model under those regulations;

(d) Options for implementing a prospective payment system methodology;

(e) An analysis of the benefits and potential challenges for integrating the certified community behavioral health clinic

reimbursement model within an integrated care environment;

(f) Actuarial analysis on the costs for implementing the certified community behavioral health clinic model, including opportunities for leveraging federal funding; and

(g) Recommendations to the legislature on a pathway for statewide implementation including a plan for implementation no later than fiscal year 2027 that must include the following:

(i) Implementation of the certified community behavioral health clinic model with clinics that adhere to the program standards under the federal substance abuse and mental health services administration demonstration program established under section 223 of the federal protecting access to medicare act of 2014 (42 U.S.C. Sec. 1396a note), as amended by the bipartisan safer communities act (P.L. 117-159);

(ii) Incorporation in the planned funding model of at least one of the prospective payment system methodologies approved by the centers for medicare and medicaid services;

(iii) The plan may allow for the certified community behavioral health clinic funding model to be implemented either by applying for and joining the federal demonstration program referenced in (g)(i) of this subsection, applying to the centers for medicare and medicaid services for a medicaid state plan waiver or amendment, or both;

(iv) Continued consultation with the national council for mental wellbeing's certified community behavioral health clinic success center for technical assistance and meaningful opportunities for community behavioral health agencies to participate and offer feedback throughout the implementation process; and

(v) Inclusion of services to children, youth, and families through the certified community behavioral health clinic funding model through providers that serve individuals of all ages as well as specialty providers that serve children, youth, and families.

(44) \$150,000 of the general fund—state appropriation for fiscal year 2026 and \$150,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to renew a contract with a Seattle based nonprofit organization with experience matching voluntary specialty care providers with patients in need of care to continue established pro bono counseling and behavioral health services to uninsured and underinsured individuals with incomes below 300 percent of the federal poverty line. The authority must provide the funding pursuant to a contract for documented capacity-building to continue pro bono counseling and behavioral health services. The agreement may require the contracted organization to seek, document, and report to the authority on efforts to leverage local, federal, or philanthropic funding to provide sustained operational support for the program.

(45) \$219,000 of the general fund—state appropriation for fiscal year 2026 and \$219,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to continue to support the children and youth behavioral health work group to consider and develop longer term strategies and recommendations regarding the delivery of behavioral health services for children, transitioning youth, and their caregivers pursuant to chapter 76, Laws of 2022 (2SHB 1890).

(46) \$250,000 of the general fund—state appropriation for fiscal year 2026 and \$250,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to continue a contract to provide information and support related to safe housing and support services for youth exiting inpatient mental health and/or substance use disorder facilities to stakeholders, inpatient treatment facilities, young people, and other community providers that serve unaccompanied youth and young adults.

(47) \$3,322,000 of the general fund—state appropriation for

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

fiscal year 2026, \$3,322,000 of the general fund—state appropriation for fiscal year 2027, \$1,814,000 of the general fund—federal appropriation, and \$5,248,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to contract with opioid treatment providers to operate mobile methadone units to address treatment gaps statewide. Within the amounts provided, the authority must provide service support subsidies to all mobile methadone units including those that began operations prior to fiscal year 2024. The authority must work with the actuaries responsible for setting medicaid managed care rates to explore options for creating a specific rate for mobile medication units that reflects the unique costs of these programs.

(48)(a) \$5,753,000 of the general fund—state appropriation for fiscal year 2026 and \$5,753,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to continue a program with coverage comparable to the amount, duration, and scope of care provided in the categorically needy medicaid program for adult individuals who:

(i) Have an immigration status making them ineligible for federal medicaid or federal subsidies through the health benefit exchange;

(ii) Are age 19 and older, including over age 65, and have countable income of up to 138 percent of the federal poverty level; and

(iii) Are not eligible for another full scope federally funded medical assistance program, including any expansion of medicaid coverage for deferred action for childhood arrivals recipients.

(b) Within the amount provided in this subsection, the authority shall use the same eligibility, enrollment, redetermination and renewal, and appeals procedures as categorically needy medicaid, except where flexibility is necessary to maintain privacy or minimize burden to applicants or enrollees.

(c) The authority in collaboration with the health benefit exchange, the department of social and health services, and community organizations must develop and implement an outreach and education campaign.

(d) The authority must provide the following information to the governor's office and appropriate committees of the legislature by February 1st and November 1st of each year:

(i) Actual and forecasted expenditures;

(ii) Actual and forecasted data from the caseload forecast council; and

(iii) The availability and impact of any federal program or proposed rule that expands access to health care for the population described in this subsection, such as the expansion of medicaid coverage for deferred action for childhood arrivals recipients.

(e) The amount provided in this subsection is the maximum amount that may be expended for the purposes of this program.

(49)(a) \$125,000 of the general fund—state appropriation for fiscal year 2026 and \$125,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to reimburse the department of social and health services for staffing costs related to tracking behavioral health community capacity through the community behavioral health executive management information system and providing annual reports on the implementation of new behavioral health community capacity.

(b) The department of commerce, the department of health, and the authority must cooperate with the department of social and health services in collecting and providing the data necessary to incorporate tracking of behavioral health beds into the behavioral health executive management information system and to prepare the required reports. The agencies must work to ensure they are using consistent definitions in classifying behavioral health bed

types for the purpose of reporting capacity and utilization.

(c) The authority and the department of social and health services must continue tracking behavioral health bed utilization for medicaid and state funded clients by type of bed in the executive management information system. The department of commerce shall identify to the department of social and health services all providers that have received funding through their capital grant program since the 2013-2015 fiscal biennium. The department of social and health services must incorporate tracking of services by provider including an element to identify providers that have received funding through the capital budget so that reports can be provided related to the average daily client counts for medicaid and state funded clients being served by provider and by facility type.

(d) The department of social and health services, in coordination with the department of commerce, the department of health, and the authority, must submit an annual report each November of the fiscal biennium to the office of financial management and the appropriate committees of the legislature that provides the following information for each facility that has received funding through the capital budget: (i) The amount received by the state and the total project cost; (ii) the facility address; (iii) the number of new beds or additional bed capacity by the service type being provided; (iv) the utilization of the additional beds by medicaid or state funded clients by service type; and (v) a comparison of capacity to demand by service type by geographical region of the state.

(50) \$3,045,000 of the general fund—state appropriation for fiscal year 2026, \$83,000 of the general fund—state appropriation for fiscal year 2027, \$172,000 of the general fund—federal appropriation, \$2,000,000 of the criminal justice treatment account—state appropriation, and \$5,041,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to expand efforts to provide opioid use disorder and alcohol use disorder medication in city, county, regional, and tribal jails.

(51) \$55,988,000 of the general fund—federal appropriation is provided solely for the authority to contract with the University of Washington behavioral health teaching facility to provide long-term inpatient care beds as defined in RCW 71.24.025. The authority must coordinate with the department of social and health services and the University of Washington to evaluate and determine criteria for the current population of state hospital patients, committed pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088, who can be effectively treated at the University of Washington behavioral health teaching facility.

(52) \$95,000 of the general fund—state appropriation for fiscal year 2026, \$95,000 of the general fund—state appropriation for fiscal year 2027, and \$264,000 of the general fund—federal appropriation are provided solely for implementation of Substitute House Bill No. 1272 (children in crisis program). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(53) \$36,306,000 of the statewide 988 behavioral health crisis response line account—state appropriation and \$21,410,000 of the general fund—federal appropriation are provided solely for the authority to continue to implement the provisions of chapter 454, Laws of 2023 (E2SHB 1134). Within these amounts, sufficient funding is provided for the authority to:

(a) Provide grants to new or existing mobile rapid response teams and to community-based crisis teams to support efforts for meeting the standards and criteria for receiving an endorsement pursuant to provisions of the bill. In awarding grants under this subsection, the authority must prioritize funding for proposals

that demonstrate experience and strategies that prioritize culturally relevant services to community members with the least access to behavioral health services;

(b) Expand and enhance regional crisis services provided by mobile crisis teams and community-based crisis teams either endorsed or seeking endorsement pursuant to standards adopted by the authority; and

(c) Provide performance payments to mobile rapid response teams and community-based crisis teams that receive endorsements pursuant to chapter 454, Laws of 2023 (E2SHB 1134).

(54) \$500,000 of the opioid abatement settlement account—state appropriation is provided solely for Spanish language opioid prevention services.

(55) \$16,814,000 of the tribal opioid prevention and treatment account—state appropriation is provided solely for the authority to pass through to tribes and urban Indian health programs for opioid and overdose response activities. The funding must be used for prevention, outreach, treatment, recovery support services, and other strategies to address and mitigate the effects of the misuse and abuse of opioid related products. The authority must provide the tribes and urban Indian health programs the latitude to use the funding as they see fit to benefit their communities, provided the activities are allowable under the terms of the opioid settlement agreements.

(56) Within existing resources, the authority shall collaborate with the department of social and health services to develop a new program for individuals admitted to a state hospital for purposes of civil commitment under RCW 10.77.086. The program must prioritize the use of assisted outpatient treatment resources for eligible individuals and draw upon existing programs, including the program of assertive community treatment and the governor's opportunity for supportive housing program to provide wraparound services for individuals who may be ready to quickly return to the community following an admission.

(57) \$6,700,000 of the opioid abatement settlement account—state appropriation and \$700,000 of the general fund—federal appropriation are provided solely for the authority to contract for the support of an opioid recovery and care access center in Seattle. The contractor must be an established Seattle based behavioral health provider that has developed a partnership for the project and has leveraged additional operations and research funding from other sources. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW.

(58) \$2,000,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to increase access to long-acting injectable buprenorphine products. The authority must use these funds to cover the cost and administration of the drug for uninsured individuals that do not qualify for other state or federal health insurance programs.

(59) \$4,500,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for bridge funding grants to community behavioral health agencies participating in federal certified community behavioral health clinic expansion grant programs to sustain their continued level of operations following expiration of federal grant funding during the planning process for adoption of the certified community behavioral health clinic model statewide.

(60) \$3,066,000 of the general fund—state appropriation for fiscal year 2026, \$5,446,000 of the general fund—state appropriation for fiscal year 2027, and \$3,457,000 of the general fund—federal appropriation are provided solely for the authority to contract for community behavioral health services to be provided at the Olympic heritage behavioral health facility.

(61) \$15,398,000 of the statewide 988 behavioral health crisis response line account—state appropriation is provided solely for

startup, implementation, and operational funding for three crisis relief centers. The authority must undergo a competitive solicitation process for this funding that takes into account geographic needs, regional capacity, and operational readiness, and must prioritize providers with limited access to other funding sources and who are projected to have the shortest timelines to utilize funding and begin operations. Of the amounts provided in this subsection:

(a) \$8,536,000 is provided solely for startup grants for hiring, facility improvements, and other costs necessary to begin providing services to clients.

(b) \$4,925,000 is provided solely for six-month operational subsidies for crisis centers that have begun operations as a bridge to providing services at full capacity.

(c) \$1,937,000 is provided for reimbursement for crisis relief center services provided to individuals not covered by the state medicaid program.

(d) The authority must ensure that managed care organizations adhere to contract provisions regarding required services and behavioral health network adequacy standards. The authority must submit a report to the office of financial management and the appropriate committees of the legislature by December 1, 2025, with a plan and recommendations for a sustainable funding model for these services that collects appropriate amounts from medicaid managed care organizations and other insurance carriers and identifies the need for ongoing behavioral health administrative services organization funding needed for individuals who do not have medicaid or other insurance coverage.

(62) \$150,000 of the general fund—state appropriation for fiscal year 2026 and \$150,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a one-time grant to a nonprofit organization for start-up costs and to provide services to medicaid clients and uninsured clients in a crisis stabilization facility located in Skagit county.

(63) \$9,500,000 of the opioid abatement settlement account—state appropriation is provided solely for health engagement hub pilot program sites in accordance with the provisions of chapter 1, Laws of 2023 sp. sess. (2E2SSB 5536). The authority may use funding within this subsection to contract for technical assistance and evaluation activities associated with the pilot program.

(64) \$328,000 of the general fund—state appropriation for fiscal year 2026, \$328,000 of the general fund—state appropriation for fiscal year 2027, and \$656,000 of the general fund—federal appropriation are provided solely for the authority to implement chapter 360, Laws of 2024 (2SHB 2320).

(65) \$2,650,000 of the general fund—state appropriation for fiscal year 2026 and \$2,650,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to continue contracts with King county, Kitsap county, Tacoma, Everett, and Spokane for street medicine teams that rapidly assess and address the acute and chronic physical and behavioral health needs of homeless people. The teams must offer integrated, team-based medical, mental health, substance use, and infectious disease treatment and prevention, and navigation and case management services.

(66)(a) \$250,000 of the general fund—state appropriation for fiscal year 2026, \$250,000 of the general fund—state appropriation for fiscal year 2027, and \$500,000 of the general fund—federal appropriation are provided solely for the authority to continue work on the behavioral health comparison rate project, including:

(i) Developing phase 3 comparison rates for all major medicaid managed care behavioral health services not addressed in phase 1 or phase 2 of the behavioral health comparison rates project or through other work streams; and

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(ii) Preparing to implement a minimum fee schedule for behavioral health services, including developing solutions to resolve any current data and systems limitations.

(b) By October 1, 2025, the authority must provide a final report to the office of financial management and appropriate committees of the legislature that:

(i) Summarizes the new comparison rates developed as part of phase 3;

(ii) Updates comparison rates developed in phase 1 and phase 2 for new salary and wage information based on most current bureau of labor statistics data;

(iii) Estimates the cost and other impacts to fee-for-service and managed care of incorporating additional behavioral health services developed as part of phase 3 of the behavioral health comparison rates project into a minimum fee schedule effective January 1, 2027;

(iv) Identifies planned actions and funding needs, if any, to resolve any remaining limitations to implement the phase 3 minimum fee schedule by January 1, 2027;

(v) Provides additional analysis of variation between the comparison rates developed as part of phase 3 and current payment levels at a service and regional level; and

(vi) Describes how the authority plans to propose to the legislature implementation of the phase 3 minimum fee schedule by January 1, 2027, to better match medicaid payments to the cost of care.

(67) \$300,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the authority to fund the second year of workforce grants to behavioral health agencies contracted with the authority to establish occupational therapy services for behavioral health clients. This funding must be used for establishing and integrating occupational therapy into behavioral health agency programs and operations. Funding may be used for occupational therapist and occupational therapy assistant services, recruitment, training, technical assistance, fieldwork opportunities, and for other approved activities targeted to increase access to occupational therapy services within behavioral health agency settings. The authority must submit a final report to the legislature on the number of patients receiving occupational therapy through this initiative, the programs in which services were provided, and the number and type of fieldwork students trained in each participating behavioral health agency program by January 1, 2027.

(68)(a) \$81,542,000 of the general fund—state appropriation for fiscal year 2026, \$81,729,000 of the general fund—state appropriation for fiscal year 2027, and \$167,792,000 of the general fund—federal appropriation are provided solely for supportive supervision and oversight services pursuant to a 1915(i) state plan amendment. For medicaid clients enrolled in managed care, the authority must contract for these services through managed care organizations utilizing an actuarially sound rate structure as established by the authority and approved by the centers for medicare and medicaid services. The authority may not implement a skills development and restoration benefit until funding is provided for that specific purpose. Within these amounts, funding is provided for:

(i) Implementing supportive supervision and oversight services in adult family home settings in accordance with and contingent upon execution of the collective bargaining agreement negotiated between the state and the adult family homes and referenced in part IX of this act;

(ii) Implementing supportive supervision and oversight services in assisted living and enhanced services facilities settings;

(iii) Providing reimbursement for the state share of exceptional

behavioral health personal care services for individuals who have not transitioned into the new 1915(i) state plan services; and

(iv) Administrative costs associated with implementation of the new 1915(i) state plan.

(b) Within the amounts provided in this subsection, the authority must assure that managed care organizations reimburse the department of social and health services aging and long term support administration for the general fund—state cost of exceptional behavioral health personal care services for medicaid enrolled individuals who require these services because of a psychiatric disability.

(c)(i) Within the amounts provided in this subsection, the authority will convene a task force composed of representatives from the authority, the department of social and health services, and the office of financial management; representatives of adult family home, assisted living, and enhanced services facility providers that serve individuals through the community behavioral health support program; behavioral health advocates; and other key stakeholders. The task force will conduct a comprehensive review of services offered through the community behavioral health support program and the residential services waiver program with the goal of improving system-wide efficiencies, data driven outcomes, and cost effectiveness. The review shall include but not be limited to:

(A) Exploration of opportunities for aligning requirements between the community behavioral health support program and the residential service waiver programs to reduce provider administrative burden and conflicting requirements with specific attention provided to value-based patient-centered purchasing models;

(B) Establishment of uniform oversight and clear expectations when community behavioral health support program and residential service waiver program services overlap;

(C) Creation of a centralized framework for matching participants with complex behavioral health conditions to the most appropriate setting or level of care;

(D) Development of outcome metrics and a practical process for gathering outcomes data such as reductions in hospital readmissions, improved quality of life, and other metrics reflective of community stability;

(E) Identification of opportunities for streamlining or consolidation of programs to reduce overlap, ensure simpler referral pathways, and deliver more consistent services across the state's behavioral health continuum; and

(F) Cost estimates for options developed by the task force which examine potential costs impacts for both the authority and the department of social and health services and include identification of cost savings and offsets associated with the options presented.

(ii) By December 1, 2025, the authority must provide a report to the office of financial management and the appropriate committees of the legislature which includes but is not limited to:

(A) A matrix of the community behavioral health support program and other programs at the department of social and health services that provide overlapping services to community behavioral health support program clients which includes identification of the number of individuals being served, the average monthly expenditures at each agency, and the differential eligibility and service requirements for the programs;

(B) A summary of the findings and recommendations of the task force;

(C) If an amendment of the community behavioral health support state plan amendment is recommended by the task force, specific options identified by the work group for the amendment to reduce provider administrative burden and improve cost

effectiveness and client outcomes; and

(D) Identification of the estimated costs, risks, benefits, and timeline of implementing the identified recommendations and options.

(69) \$1,000,000 of the general fund—state appropriation for fiscal year 2026 and \$1,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for grants to tribes to implement the Icelandic model of prevention in their communities.

(70) \$3,200,000 of the opioid abatement settlement account—state appropriation is provided solely for a tribal opioid prevention campaign to inform and educate tribal communities about opioid misuse prevention, overdose response, and treatment.

(71) \$5,242,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to provide grants to providers of employment and educational services to individuals with substance use disorder.

(72) \$3,768,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to provide opioid treatment services through new opioid treatment providers that were funded through grants pursuant to chapter 1, Laws of 2023 sp. sess. (controlled substances).

(73) \$297,000 of the general fund—state appropriation for fiscal year 2026, \$97,000 of the general fund—state appropriation for fiscal year 2027, and \$140,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute House Bill No. 1813 (medical assistance procurement). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(74) \$438,000 of the general fund—state appropriation for fiscal year 2026, \$438,000 of the general fund—state appropriation for fiscal year 2027, and \$284,000 of the general fund—federal appropriation are provided solely for implementation of sections 2 and 3 of Second Substitute House Bill No. 1427 (peer support specialists). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(75) \$2,132,000 of the opioid abatement settlement account—state appropriation and \$570,000 of the general fund—federal appropriation are provided solely for the authority to contract for a program that provides Washington state emergency departments with real-time medications for opioid use disorder clinical guidance and follow-up appointment scheduling.

(76) \$1,000,000 of the statewide 988 behavioral health crisis response line account—state appropriation is provided solely for the purchase of electric vans for 988 behavioral health crisis response and suicide prevention mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903. Of the amounts provided in this subsection:

(a) \$700,000 of this amount is for mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903; and

(b) \$300,000 of this amount is for mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903 that are affiliated with a tribe in Washington state.

(77) Within amounts appropriated in this section, the authority and the governor's Indian health advisory council must convene tribal representatives to identify the actual local costs for tribes in their provision of substance use disorder services to non-American Indian/Alaska Native medicaid enrollees receiving services in tribal facilities. The authority must submit a report to the office of financial management and the appropriate committees of the legislature by December 1, 2025, that outlines options and a plan for compensating tribes that is developed through this consultation process that fully compensates tribes for

their actual costs of serving non-American Indian/Alaska Native medicaid enrollees receiving services in tribal facilities, and must consider and address state and tribal budget impacts.

(78) \$2,000,000 of the opioid abatement settlement account—state appropriation is provided on a one-time basis solely for the authority to contract for continued operations of the pilot program originally funded in section 215(117), chapter 475, Laws of 2023 (ESSB 5187) to reimburse a licensed pediatric transitional care facility in Spokane county to provide neonatal abstinence syndrome services to infants who have prenatal substance exposure.

(79) \$100,000 of the general fund—state appropriation for fiscal year 2026 and \$100,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to provide a grant to a program in south Seattle providing supportive housing and clinical services for mothers recovering from substance use disorders, and their children. The program must serve pregnant women or mothers, regardless of age, race, religion, or sexual orientation, who are exiting inpatient substance use disorder treatment facilities and must serve individuals with co-occurring disorders. The program must provide on-site support through a dedicated team that offers daily assistance to help women become as independent as possible while focusing on their recovery and stability.

(80) \$91,000 of the general fund—state appropriation for fiscal year 2026 and \$91,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5745 (invol. treatment counsel). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(81) Within amounts appropriated in this section, effective January 1, 2026, the authority shall reduce medicaid managed care rates by one percent. Notwithstanding any other proviso in the appropriations act for the current biennium, the authority may adjust existing state directed payments, published fee schedules, or make other administrative changes needed to comply with this subsection.

(82) Sufficient amounts are appropriated in this section to maintain increases to medicaid reimbursement for community behavioral health providers contracted through managed care organizations to the extent that they align with subsection (81) of this section. The authority may adjust rates and existing state directed payments to ensure compliance with subsection (81) of this section.

(83) The authority shall continue to work with a provider working to reopen a youth behavioral health facility in Clark county to identify a licensing and service delivery pathway that best reflects services delivered through an enhanced model of care for youth residential substance use disorder treatment services. In collaboration with the provider and medicaid managed care organizations, the authority shall work toward developing an enhanced rate for residential substance use disorders services that concurrently provide for the diagnosis, treatment, and medication management of co-occurring mental health conditions as part of the substance use disorder treatment plan. The authority shall submit the new rate and cost impact to the office of financial management and the appropriate committees of the legislature no later than December 1, 2025, for consideration of funding in the 2026 legislative session.

(84) \$250,000 of the general fund—state appropriation for fiscal year 2026 and \$250,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the authority to contract with a statewide mental health nonprofit organization that provides free community and school-based mental health education and support programs for consumers and families. The contractor must use this funding to provide access

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

to programs tailored to peers living with mental illness as well as family members of people with mental illness and the community at large. Services provided by the contracted program shall include education, support, and assistance to reduce isolation and help consumers and families understand the services available in their communities.

NEW SECTION. Sec. 220. FOR THE DEPARTMENT OF VETERANS AFFAIRS

(1) The appropriations in this section are subject to the following conditions and limitations:

(a) The department of veterans affairs shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys that are unrelated to the coronavirus response and not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys that are unrelated to the coronavirus response, those moneys must be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(b) Each year, there is fluctuation in the revenue collected to support the operation of the state veteran homes. When the department has foreknowledge that revenue will decrease, such as from a loss of census or from the elimination of a program, the legislature expects the department to make reasonable efforts to reduce expenditures in a commensurate manner and to demonstrate that it has made such efforts. In response to any request by the department for general fund—state appropriation to backfill a loss of revenue, the legislature shall consider the department's efforts in reducing its expenditures in light of known or anticipated decreases to revenues.

NEW SECTION. Sec. 221. FOR THE DEPARTMENT OF HEALTH

(1) The appropriations to the department of health in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of health shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2)(a) The appropriations to the department of health in this act must be expended for the programs and in the amounts specified in this act, except as provided in (i) and (ii) of this subsection (2)(a):

(i) After May 1, 2026, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2026 among programs and subprograms after approval by the director of the office of financial management. However,

the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(ii) After May 1, 2027, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2027 and appropriations for the 2025–2027 fiscal biennium among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures, the department may transfer appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) Within 30 days after the close of fiscal year 2026, the department must provide the office of financial management and the fiscal committees of the legislature with an accounting of any transfers under this subsection. The accounting shall include a narrative explanation and justification of the changes, along with expenditures and allotments by subprogram and appropriation, both before and after any allotment modifications or transfers. The department must also provide recommendations for revisions to appropriations to better align funding with the new budget structure for the department in this act and to eliminate the need for the transfer authority in future budgets.

(3) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department of health and the state board of health shall not implement any new or amended rules pertaining to primary and secondary school facilities until the rules and a final cost estimate have been presented to the legislature, and the legislature has formally funded implementation of the rules through the omnibus appropriations act or by statute. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(4) In accordance with RCW 43.70.110 and 71.24.037, the department is authorized to adopt license and certification fees in fiscal years 2026 and 2027 to support the costs of the regulatory program. The department's fee schedule shall have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially

equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower costs of licensing for these programs than for other organizations which are not accredited.

(5) Within the amounts appropriated in this act, and in accordance with RCW 70.41.100, the department shall set fees to include the full costs of the performance of inspections pursuant to RCW 70.41.080.

(6) In accordance with RCW 43.70.110 and 71.24.037, the department is authorized to adopt fees for the review and approval of mental health and substance use disorder treatment programs in fiscal years 2026 and 2027 as necessary to support the costs of the regulatory program. The department's fee schedule must have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower cost of licensing for these programs than for other organizations which are not accredited.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. Washington technology solutions shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, supports the adoption of a cohesive technology and data architecture, and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions, limitations, and review provided in section 701 of this act.

(8) Within the amounts appropriated in this act, and in accordance with RCW 43.70.110 and 71.12.470, the department shall set fees to include the full costs of the performance of inspections pursuant to RCW 71.12.485.

(9) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(10) The department shall promptly notify the office of the attorney general upon the receipt of a request from or on behalf of a federal agency or a federal, state, or local law enforcement authority for health care information, as defined in RCW 70.02.010, program eligibility information for individuals, information that may identify a health care provider's or facility's delivery of health care services to noncitizens, or the delivery of protected health care services as defined in RCW 7.115.010 where the request may impact expenditures for such services. The department shall require contracted entities to notify the department promptly upon receipt of a request from a federal agency or law enforcement authority as described in this

subsection.

The report shall detail continued implementation of the targeted 1:18 caseload ratio standard for child and family welfare services caseload-carrying staff and targeted 1:8 caseload ratio standard for child protection services caseload carrying staff. To the extent to which the information is available, the report shall include the following information identified separately for social service specialists doing case management work, supervisory work, and administrative support staff, and identified separately by job duty or program, including but not limited to intake, child protective services investigations, child protective services family assessment response, and child and family welfare services:

(a) Total full-time equivalent employee authority, allotments and expenditures by region, office, classification, and band, and job duty or program;

(b) Vacancy rates by region, office, and classification and band; and

(c) Average length of employment with the department, and when applicable, the date of exit for staff exiting employment with the department by region, office, classification and band, and job duty or program.

(5) \$94,000 of the general fund—state appropriation for fiscal year 2026 and \$94,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a contract with a child advocacy center in Spokane to provide continuum of care services for children who have experienced abuse or neglect and their families.

(6)(a) \$539,000 of the general fund—state appropriation for fiscal year 2026, \$540,000 of the general fund—state appropriation for fiscal year 2027, \$656,000 of the general fund—private/local appropriation, and \$252,000 of the general fund—federal appropriation are provided solely for a contract with an educational advocacy provider with expertise in foster care outreach services. The amounts in this subsection are provided solely for contracted education coordinators to assist foster children in succeeding in K-12 and higher education systems and to assure a focus on education during the department's transition to performance-based contracts. Funding must be prioritized to regions with high numbers of foster care youth, regions where backlogs of youth that have formerly requested educational outreach services exist, or youth with high educational needs. The department is encouraged to use private matching funds to maintain educational advocacy services.

(b) The department shall contract with the office of the superintendent of public instruction, which in turn shall contract with a nongovernmental entity or entities to provide educational advocacy services pursuant to RCW 28A.300.590.

(7) For purposes of meeting the state's maintenance of effort for the state supplemental payment program, the department of children, youth, and families shall track and report to the department of social and health services the monthly state supplemental payment amounts attributable to foster care children who meet eligibility requirements specified in the state supplemental payment state plan. Such expenditures must equal at least \$3,100,000 annually and may not be claimed toward any other federal maintenance of effort requirement. Annual state supplemental payment expenditure targets must continue to be established by the department of social and health services. Attributable amounts must be communicated by the department of children, youth, and families to the department of social and health services on a monthly basis.

(8) \$197,000 of the general fund—state appropriation for fiscal year 2026 and \$197,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to conduct biennial inspections and certifications of facilities, both overnight and day shelters, that serve those who are under 18 years old and are homeless.

(9)(a) \$7,106,000 of the general fund—state appropriation for fiscal year 2026, \$7,106,000 of the general fund—state appropriation for fiscal year 2027, and \$1,188,000 of the general fund—federal appropriation are provided solely for the department to operate emergent placement and enhanced emergent placement contracts.

(b) The department shall not include the costs to operate emergent placement contracts in the calculations for family foster home maintenance payments and shall submit as part of the budget submittal documentation required by RCW 43.88.030 any costs associated with increases in the number of emergent placement contract beds after the effective date of this section that cannot be sustained within existing appropriations.

(10) The department must provide semiannual reports to the governor and appropriate legislative committees that includes the number of in-state behavioral rehabilitation services providers

and licensed beds, the number of out-of-state behavioral rehabilitation services placements, and a comparison of these numbers to the same metrics expressed as an average over the prior six months. The report shall identify separately beds with the enhanced behavioral rehabilitation services rate. To the extent the information is available, the report shall include the same information for emergency placement services beds and enhanced emergency placement services beds.

(11) \$250,000 of the general fund—state appropriation for fiscal year 2026 and \$250,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementing the supportive visitation model that utilizes trained visit navigators to provide a structured and positive visitation experience for children and their parents.

(12) \$600,000 of the general fund—state appropriation for fiscal year 2026 and \$600,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for enhanced adoption placement services for legally free children in state custody, through a partnership with a national nonprofit organization with private matching funds. These funds must supplement, but not supplant, the work of the department to secure permanent adoptive homes for children with high needs.

(13) The department of children, youth, and families shall make foster care maintenance payments to programs where children are placed with a parent in a residential program for substance abuse treatment. These maintenance payments are considered foster care maintenance payments for purposes of forecasting and budgeting at maintenance level as required by RCW 43.88.058.

(14) If the department receives an allocation of federal funding through an unanticipated receipt, the department shall not expend more than what was approved or for another purpose than what was approved by the governor through the unanticipated receipt process pursuant to RCW 43.79.280.

(15) \$2,000,000 of the general fund—state appropriation for fiscal year 2026 and \$2,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to contract with one or more nonprofit, nongovernmental organizations to purchase and deliver concrete goods to low-income families.

(16) \$2,400,000 of the general fund—state appropriation for fiscal year 2026 and \$2,400,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of performance-based contracts for family support and related services pursuant to RCW 74.13B.020.

(17) The department will only refer child welfare cases to the department of social and health services division of child support enforcement when the court has found a child to have been abandoned by their parent or guardian as defined in RCW 13.34.030.

(18) The department shall collaborate with the department of social and health services to identify, place, and assist in the voluntary transition of adolescents aged 13 and older who have complex developmental disabilities, intellectual disabilities, or autism spectrum disorder, alongside potential mental health or substance use diagnoses, into a leased facility for specialized residential treatment at Lake Burien operated by the department of social and health services. The partnership is dedicated to transitioning individuals to community-based settings in a seamless and voluntary manner that emphasizes care in less restrictive community-based environments.

(19) \$9,376,000 of the general fund—state appropriation for fiscal year 2026, \$8,709,000 of the general fund—state appropriation for fiscal year 2027, and \$512,000 of the general fund—federal appropriation are provided solely for the phase-in of the settlement agreement under *D.S. et al. v. Department of*

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Children, Youth, and Families et al., United States district court for the western district of Washington, cause no. 2:21-cv-00113-BJR. The department must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to the emerging adulthood housing program, statewide hub home model, emergent facility-based receiving care resources, and exceptional placement costs. To comply with the settlement agreement, funding in this subsection is provided as follows:

(a) \$1,576,000 of the general fund—state appropriation for fiscal year 2026 and \$1,576,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the emerging adulthood housing program.

(b) \$245,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the statewide hub home model. The department shall develop and adapt the existing hub home model to serve youth as described in the settlement agreement.

(c) \$5,959,000 of the general fund—state appropriation for fiscal year 2026 and \$7,016,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for emergent facility-based receiving care resources.

(d) \$1,474,000 of the general fund—state appropriation for fiscal year 2026 and \$428,000 of the general fund—federal appropriation are provided solely for exceptional placement costs.

(e) \$122,000 of the general fund—state appropriation for fiscal year 2026, \$117,000 of the general fund—state appropriation for fiscal year 2027, and \$84,000 of the general fund—federal appropriation are provided solely for continuous quality improvement.

(20) \$6,696,000 of the general fund—state appropriation for fiscal year 2026, \$6,696,000 of the general fund—state appropriation for fiscal year 2027, and \$2,940,000 of the general fund—federal appropriation are provided solely for contracted visitation services for children in temporary out-of-home care. Funding is provided to reimburse providers for certain uncompensated services, which may include work associated with missed or canceled visits.

(21) \$375,000 of the general fund—state appropriation for fiscal year 2026, \$375,000 of the general fund—state appropriation for fiscal year 2027, and \$112,000 of the general fund—federal appropriation are provided solely for the department to develop, implement, and expand strategies to improve the capacity, reliability, and effectiveness of contracted visitation services for children in temporary out-of-home care and their parents and siblings. Strategies may include, but are not limited to, increasing mileage reimbursement for providers, offering transportation-only contract options, and mechanisms to reduce the level of parent-child supervision when doing so is in the best interest of the child. The department shall report to the office of financial management and the relevant fiscal and policy committees of the legislature regarding these strategies by September 1, 2025. The report shall include the number and percentage of parents requiring supervised visitation and the number and percentage of parents with unsupervised visitation, prior to reunification.

(22) \$2,351,000 of the general fund—state appropriation for fiscal year 2026 and \$2,351,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a grant to a nonprofit organization in Spokane that has experience administering a family-centered drug treatment and housing program for families experiencing substance use disorder. As a requirement for receiving this funding, the nonprofit organization must provide an annual report to the governor and the department that includes, but is not limited to, the following information:

Number of children and families served each month, number of families that entered and exited the program each month, and a comprehensive budget for all costs incurred by the program.

(23) \$300,000 of the general fund—state appropriation for fiscal year 2026 and \$300,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Substitute House Bill No. 1509 (family reconciliation). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(24) Funding in this section is sufficient to maintain rates paid to family preservation services providers.

(25) \$412,000 of the general fund—state appropriation for fiscal year 2026, \$365,000 of the general fund—state appropriation for fiscal year 2027, and \$112,000 of the general fund—federal appropriation are provided solely for an evidence-based program that is used to help tribal families reunite with their children.

(26) \$50,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to convene a work group for the purpose of examining the rights of foster youth, methods of communicating these rights to foster youth, and providing recommendations to the legislature regarding these rights, by December 1, 2025, and in compliance with RCW 43.01.036. Members of the work group shall, at a minimum, include current or former foster youth, and organizations representing current or former foster youth.

(27) \$100,000 of the general fund—state appropriation for fiscal year 2026 and \$100,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to contract for the operation of one pediatric interim care center. The center shall provide residential care for up to 13 children through two years of age. Seventy-five percent of the children served by the center must be in need of special care as a result of substance abuse by their mothers. The center shall also provide onsite training to biological, adoptive, or foster parents. The center shall provide at least three months of consultation and support to the parents accepting placement of children from the center. The center may recruit new and current foster and adoptive parents for infants served by the center. The department shall not require case management as a condition of the contract.

(28) \$124,000 of the general fund—state appropriation for fiscal year 2026, \$124,000 of the general fund—state appropriation for fiscal year 2027, and \$60,000 of the general fund—federal appropriation are provided solely for implementation of Substitute House Bill No. 1272 (children in crisis program). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

NEW SECTION. Sec. 235. FOR THE DEPARTMENT OF CHILDREN, YOUTH, AND FAMILIES—JUVENILE REHABILITATION PROGRAM

General Fund—State Appropriation (FY 2026) ..	\$183,158,000
General Fund—State Appropriation (FY 2027) ..	\$180,765,000
General Fund—Federal Appropriation	\$720,000
General Fund—Private/Local Appropriation	\$28,000
Opioid Abatement Settlement Account—State	
Appropriation	\$652,000
Washington Auto Theft Prevention Authority Account—	
State Appropriation	\$196,000
TOTAL APPROPRIATION	\$365,519,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,841,000 of the general fund—state appropriation for fiscal year 2026 and \$2,841,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for grants to county juvenile courts for effective, community-based

programs that are culturally relevant, research-informed, and focused on supporting positive youth development, not just reducing recidivism. Additional funding for this purpose is provided through an interagency agreement with the health care authority. County juvenile courts shall apply to the department of children, youth, and families for funding for program-specific participation and the department shall provide grants to the courts consistent with the per-participant treatment costs identified by the institute. The block grant oversight committee, in consultation with the Washington state institute for public policy, shall identify effective, community-based programs that are culturally relevant, research-informed, and focused on supporting positive youth development to receive funding.

(2) \$1,537,000 of the general fund—state appropriation for fiscal year 2026 and \$1,537,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for expansion of the juvenile justice treatments and therapies in the department of children, youth, and families. The juvenile rehabilitation evidence-based expansion committee, in consultation with the Washington state institute for public policy, will work with community expert partners to identify culturally relevant and research-informed programs for prevention and intervention services. These programs will include principles of positive youth development, healing centered engagement, or peer centered approaches that holistically benefit young people, or all three principles. The department may concentrate delivery of these treatments and therapies at a limited number of programs to deliver the treatments in a cost-effective manner.

(3)(a) \$8,198,000 of the general fund—state appropriation for fiscal year 2026 and \$8,198,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to implement evidence- and research-based programs through community juvenile accountability grants, administration of the grants, and evaluations of programs funded by the grants. In addition to funding provided in this subsection, funding to implement alcohol and substance abuse treatment programs for locally committed offenders is provided through an interagency agreement with the health care authority.

(b) The department of children, youth, and families shall administer a block grant to county juvenile courts for the purpose of serving youth as defined in RCW 13.40.510(4)(a) in the county juvenile justice system. Funds dedicated to the block grant include: Consolidated juvenile service funds, community juvenile accountability act grants, chemical dependency/mental health disposition alternative, and suspended disposition alternative. The department of children, youth, and families shall follow the following formula and must prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for the assessment of low, moderate, and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency and mental health disposition alternative; and (vi) two percent for the suspended dispositional alternatives. Funding for the special sex offender disposition alternative shall not be included in the block grant, but allocated on the average daily population in juvenile courts. Funding for the evidence-based expansion grants shall be excluded from the block grant formula. Funds may be used for promising practices when approved by the department of children, youth, and families and juvenile courts, through the community juvenile accountability act committee, based on the criteria established in consultation with Washington state institute

for public policy and the juvenile courts.

(c) The department of children, youth, and families and the juvenile courts shall establish a block grant funding formula oversight committee with equal representation from the department of children, youth, and families and the juvenile courts. The purpose of this committee is to assess the ongoing implementation of the block grant funding formula, utilizing data-driven decision making and the most current available information. The committee will be co-chaired by the department of children, youth, and families and the juvenile courts, who will also have the ability to change members of the committee as needed to achieve its purpose. The committee may make changes to the formula categories in (b) of this subsection if it determines the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost/benefit savings to the state, including long-term cost/benefit savings. The committee must also consider these outcomes in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(d) The juvenile courts and administrative office of the courts must collect and distribute information and provide access to the data systems to the department of children, youth, and families and the Washington state institute for public policy related to program and outcome data. The department of children, youth, and families and the juvenile courts must work collaboratively to develop program outcomes that reinforce the greatest cost/benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(4) \$808,000 of the general fund—state appropriation for fiscal year 2026 and \$808,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for funding of the teamchild project.

(5) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a grant program focused on criminal street gang prevention and intervention. The department of children, youth, and families may award grants under this subsection. The department of children, youth, and families shall give priority to applicants who have demonstrated the greatest problems with criminal street gangs. Applicants composed of, at a minimum, one or more local governmental entities and one or more nonprofit, nongovernmental organizations that have a documented history of creating and administering effective criminal street gang prevention and intervention programs may apply for funding under this subsection. Each entity receiving funds must report to the department of children, youth, and families on the number and types of youth served, the services provided, and the impact of those services on the youth and the community.

(6) The juvenile rehabilitation institutions may use funding appropriated in this subsection to purchase goods, supplies, and services through hospital group purchasing organizations when it is cost-effective to do so.

(7) \$50,000 of the general fund—state appropriation for fiscal year 2026 and \$50,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for grants to county juvenile courts to establish alternative detention facilities similar to the proctor house model in Jefferson county, Washington, that will provide less restrictive confinement alternatives to youth in their local communities. County juvenile courts shall apply to the department of children, youth, and families for funding and each entity receiving funds must report to the department on the number and types of youth serviced, the services provided, and the impact of those services on the youth and the community.

(8) \$432,000 of the general fund—state appropriation for fiscal

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

year 2026 and \$432,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to provide housing services to clients releasing from incarceration into the community.

(9)(a) \$878,000 of the general fund—state appropriation for fiscal year 2026 and \$879,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of chapter 206, Laws of 2021 (concerning juvenile rehabilitation community transition services).

(b) Of the amounts provided in (a) of this subsection, \$105,000 of the general fund—state appropriation for fiscal year 2026 and \$105,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for housing vouchers.

(10)(a) \$140,000 of the general fund—state appropriation for fiscal year 2026 and \$140,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of chapter 150, Laws of 2023 (sexual offenses by youth).

(b) The department of children, youth, and families—juvenile rehabilitation shall develop and implement a grant program that allows defense attorneys and counties to apply for funding for sex offender evaluation and treatment programs. The department shall provide funding to counties for: (a) Process mapping, site assessment, and training for additional sex offender treatment modalities such as multisystemic therapy-problem sexual behavior or problematic sexual behavior-cognitive behavioral therapy; and (b) for any evaluation and preadjudication treatment costs which are not covered by the court.

(11) \$505,000 of the general fund—state appropriation for fiscal year 2026 and \$505,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for contracted services for housing for youth exiting juvenile rehabilitation facilities.

(12) \$1,182,000 of the general fund—state appropriation for fiscal year 2026 and \$1,182,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a dedicated institutional educational oversight and accountability team and staff at Green Hill and Echo Glen secure facilities that will serve as an educational engagement team at the facility and will also coordinate and engage with community enrichment programs and community organizations to afford more successful transitions.

(13) \$1,048,000 of the general fund—state appropriation for fiscal year 2026 and \$1,048,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a contract to provide opioid use disorder post-release education and intervention services.

(14) \$652,000 of the opioid abatement settlement account—state appropriation is provided solely for medical personnel to provide medications for opioid use disorder (MOUD) education and treatment.

(15) \$12,500,000 of the general fund—state appropriation for fiscal year 2026 and \$12,500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to open and operate a 48-bed living unit, a modular building, and recreation area at the Stafford Creek corrections center in Aberdeen.

(16) \$406,000 of the general fund—state appropriation for fiscal year 2026, \$392,000 of the general fund—state appropriation for fiscal year 2027, and \$16,000 of the general fund—federal appropriation are provided solely for dedicated classification specialists to create and operate a formal classification process to provide more frequent individualized security-level reviews at each full and partial confinement facility operated by the department of children, youth, and families—

juvenile rehabilitation program. The classification specialists must also review and update the policies for assigning security classification levels for juvenile rehabilitation youth to provide more frequent individualized security-level reviews at each full and partial confinement facility operated by the department. The department shall update any rules necessary to implement the updated policies. This review and update must include: (a) The consideration of incorporating evidence-based criteria for assigning security classification; (b) the frequency for the review of each person's classification; (c) if deemed necessary, the development of additional security classifications to better reflect the population and available institutional settings; and (d) criteria for the override of a security classification by the superintendent or other authorized person. The classification specialists are encouraged to consult with experts in trauma-informed juvenile rehabilitation policy, experts with experience in noninstitutional approaches to juvenile justice, experts in child psychology and development, individuals with lived experience in juvenile rehabilitation institutions, and experts that may be able to provide a culturally relevant perspective to policies and programs offered in juvenile rehabilitation institutions. The department shall report to the appropriate committees of the legislature any statutory barriers to incorporating evidence-based best practices into the updated policies.

(17) \$266,000 of the general fund—state appropriation for fiscal year 2026, \$252,000 of the general fund—state appropriation for fiscal year 2027, and \$10,000 of the general fund—federal appropriation are provided solely for dedicated infraction specialists to create and implement an infractions policy to respond to incidents of violence, harmful behaviors, and safety issues at each full and partial confinement facility operated by the department. The department shall, in consultation with organizations focused on juvenile justice policy and reform, review every six months the infraction data to identify disparities and implement any necessary changes to the system to address such disparities. This review shall also include an assessment of factors that lead to the most common infractions, including staffing, facility population, and availability of programming.

(18)(a) \$133,000 of the general fund—state appropriation for fiscal year 2026 and \$126,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department of children, youth, and families—juvenile rehabilitation to develop an Excel spreadsheet capacity needs assessment model (CNAM) for all secure residential facilities, community residential facilities, and community transition services for which the juvenile rehabilitation is responsible or that are operated, managed, or administered by the juvenile rehabilitation. The capacity needs assessment model must provide a level of detail comparable to that provided by the capacity needs assessment model maintained by the department of corrections research and analytics team for bed capacity. This capacity needs assessment model shall provide the department with a predictive tool that shows the current number of beds available and the forecasted number of beds that are needed, by security level, by fiscal year, over a 10 fiscal-year period. Similar to the department of corrections' capacity needs assessment model, the model developed by juvenile rehabilitation must specify current and forecasted needed beds based on crime of conviction and assigned custody level over 10 fiscal years, by gender, age, custody level, and fiscal year.

(b) The Excel spreadsheet capacity needs assessment model must be updated after each caseload forecast council's adopted caseload forecast for the juvenile rehabilitation. No later than 30 calendar days after each adopted caseload forecast, the model shall be electronically transmitted to the appropriate chairs of the

fiscal committees for the house of representatives and senate or posted on the department of juvenile rehabilitation's external-facing website.

(19) \$1,418,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to maintain the facility, property, and assets at the Naselle youth camp in Naselle.

(20) Within existing resources, the department shall develop a proposal for future capacity growth. This proposal must evaluate the feasibility of using existing state-owned facilities, including, but not limited to, the property and facilities of Mission Creek corrections center for women, Larch corrections center, Ahtanum View reentry center, Peninsula reentry center, Tri-Cities reentry center, and facilities owned by the department of social and health services and the department of children, youth, and families—juvenile rehabilitation. The proposal must also specifically consider facilities located in eastern Washington among the possible options. The department must submit a report to the office of financial management and the appropriate committees of the legislature by September 15, 2025. The report must include:

(a) The planned bed capacity, by fiscal year, which aligns with the total forecasted bed needs. The planned capacity must address both a short-term solution for immediate relief of overcrowding and a long-term plan to implement best practices related to the size and bed capacity of juvenile rehabilitation secure institutions. The planned bed capacity must display the total number of forecasted beds needed and a breakout that displays the bed needs and juvenile population by risk classification, gender, age, and in total;

(b) An assessment of the impact of expanded use of the community transition services program or other alternatives to total confinement, on bed capacity needs;

(c) An assessment of the impact of expanded use of the community residential facilities or other alternatives to total confinement, on bed capacity needs;

(d) Fiscal estimates for all operational aspects of the bed capacity plan by fiscal year and by fund, for each option evaluated. The operational components must include a prioritized full assessment of necessary capital improvements and staffing needs for custody and juvenile rehabilitation programming which includes education, vocational, recreational, and therapeutic services, including but not limited to any culturally relevant programming and activities that may be offered to incarcerated individuals in juvenile rehabilitation facilities;

(e) An analysis of workforce needs and availability for all locations included in the plan;

(f) An assessment of the physical capacity of each individual site for appropriate programming to support the goals of juvenile rehabilitation; and

(g) The identification of any statutory barriers to increasing the use of less restrictive settings.

(21) The department shall promptly notify the office of the attorney general upon the receipt of a request from or on behalf of a federal agency or a federal, state, or local law enforcement authority for health care information, as defined in RCW 70.02.010, program eligibility information for individuals, information that may identify a health care provider's or facility's delivery of health care services to noncitizens, or the delivery of protected health care services as defined in RCW 7.115.010 where the request may impact expenditures for such services. The juvenile rehabilitation program shall require contracted entities to notify the juvenile rehabilitation program promptly upon receipt of a request from a federal agency or law enforcement authority as described in this subsection.

(22) \$183,000 of the general fund—state appropriation for fiscal year 2026 and \$172,000 of the general fund—state

appropriation for fiscal year 2027 are provided solely for implementation of Senate Bill No. 5032 (juvenile rehab. ombuds). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(23) \$770,000 of the general fund—state appropriation for fiscal year 2026 and \$770,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to implement a secure communication technology system to provide enhanced communication services that allows access to education, rehabilitation services, and entertainment activities to be used by individuals incarcerated in juvenile rehabilitation facilities.

	\$80,000,000
Workforce Education Investment Account—State Appropriation	
	\$13,166,000
TOTAL APPROPRIATION	\$3,114,816,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$127,001,000 of the general fund—state appropriation for fiscal year 2026, \$133,386,000 of the general fund—state appropriation for fiscal year 2027, \$91,810,000 of the education legacy trust account—state appropriation, and \$80,000,000 of the opportunity pathways account—state appropriation are provided solely for the early childhood education and assistance program. These amounts shall support at least 14,278 slots in fiscal year 2026 and 14,528 slots in fiscal year 2027. Of the total slots in each fiscal year, 100 slots must be reserved for foster children to receive school-year-round enrollment.

(b) Funding provided in (a) of this subsection is sufficient to:

(i) Provide a slot rate increase of five percent on full day slots beginning in fiscal year 2026; and

(ii) Increase 250 full day slots beginning in fiscal year 2027.

(c) The department of children, youth, and families must develop a methodology to identify, at the school district level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district and the corresponding facility needs required to meet the entitlement in accordance with RCW 43.216.556. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(2) The department is the lead agency for and recipient of the federal child care and development fund grant. Amounts within this grant shall be used to fund child care licensing, quality initiatives, agency administration, and other costs associated with child care subsidies.

(3) The department of children, youth, and families shall work in collaboration with the department of social and health services to determine the appropriate amount of state expenditures for the

2025 REGULAR SESSION

working connections child care program to claim towards the state's maintenance of effort for the temporary assistance for needy families program. The departments will also collaborate to track the average monthly child care subsidy caseload and expenditures by fund type, including child care development fund, general fund—state appropriation, and temporary assistance for needy families for the purpose of estimating the annual temporary assistance for needy families reimbursement from the department of social and health services to the department of children, youth, and families. Effective December 1, 2025, and annually thereafter, the department of children, youth, and families must report to the governor and the appropriate fiscal and policy committees of the legislature the total state contribution for the working connections child care program claimed the previous fiscal year towards the state's maintenance of effort for the temporary assistance for needy families program and the total temporary assistance for needy families reimbursement from the department of social and health services for the previous fiscal year.

(4)(a) \$185,996,000 of the general fund—state appropriation for fiscal year 2026, \$321,821,000 of the general fund—state appropriation for fiscal year 2027, and \$900,000 of the education legacy trust account—state appropriation are provided solely for enhancements to the working connections child care program.

(b) Of the amounts provided in (a) of this subsection:

(i) \$126,974,000 of the general fund—state appropriation for fiscal year 2027 is provided solely to increase subsidy base rates to the 85th percentile of market based on the 2024 market rate survey for child care centers, beginning July 1, 2026.

(ii) \$185,996,000 of the general fund—state appropriation for fiscal year 2026, \$194,847,000 of the general fund—state appropriation for fiscal year 2027, and \$900,000 of the education legacy trust account—state appropriation are provided solely to implement the 2025-2027 collective bargaining agreement covering family child care providers as provided in section 907 of this act. Of the amounts provided in this subsection:

(A) \$5,342,000 of the general fund—state appropriation for fiscal year 2026 and \$5,784,000 of the general fund—state appropriation for fiscal year 2027 are for a 50 cent per hour per child rate increase for family, friends, and neighbor providers (FFNs) beginning July 1, 2025.

(B) \$2,785,000 of the general fund—state appropriation for fiscal year 2026 and \$3,343,000 of the general fund—state appropriation for fiscal year 2027 are for a health care contribution increase.

(C) \$81,367,000 of the general fund—state appropriation for fiscal year 2026 and \$84,919,000 of the general fund—state appropriation for fiscal year 2027 are for a cost of care rate enhancement.

(D) \$96,502,000 of the general fund—state appropriation for fiscal year 2026 and \$100,801,000 of the general fund—state appropriation for fiscal year 2027 are provided to increase subsidy base rates to the 85th percentile of market based on the 2024 market rate survey for licensed family homes.

(E) \$900,000 of the education legacy trust account—state appropriation is provided solely for trauma informed care supports.

(c) Funding in this subsection must be expended with internal controls that provide child-level detail for all transactions.

(d) On July 1st of each fiscal year, the department, in collaboration with the department of social and health services, must report to the governor and the appropriate fiscal and policy committees of the legislature on the status of overpayments in the working connections child care program. The report must include the following information for the previous fiscal year:

- (i) A summary of the number of overpayments that occurred;
- (ii) The reason for each overpayment;
- (iii) The total cost of overpayments;
- (iv) A comparison to overpayments that occurred in the past two preceding fiscal years; and

(v) Any planned modifications to internal processes that will take place in the coming fiscal year to further reduce the occurrence of overpayments.

(e) Within available amounts, the department in consultation with the office of financial management shall report enrollments and active caseload for the working connections child care program to the governor and the legislative fiscal committees and the legislative-executive WorkFirst poverty reduction oversight task force on an agreed upon schedule. The report shall also identify the number of cases participating in both temporary assistance for needy families and working connections child care. The department must also report on the number of children served through contracted slots.

(5) \$10,754,000 of the general fund—federal appropriation is provided solely for the department to comply with new federal requirements of the child care development fund grant, including implementing enrollment-based pay, prospective pay, and to not pursue overpayments in certain cases.

(6) \$13,166,000 of the workforce education investment account—state appropriation is provided solely for the working connections child care program under RCW 43.216.806(1)(a).

(7) \$353,402,000 of the general fund—federal appropriation is reimbursed by the department of social and health services to the department of children, youth, and families for qualifying expenditures of the working connections child care program under RCW 43.216.135.

(8) \$3,313,000 of the general fund—state appropriation for fiscal year 2026, \$3,323,000 of the general fund—state appropriation for fiscal year 2027, and \$9,303,000 of the education legacy trust account—state appropriation are provided solely for the early childhood intervention prevention services (ECLIPSE) program. The department shall contract for ECLIPSE services to provide therapeutic child care and other specialized treatment services to abused, neglected, at-risk, and/or drug-affected children. The department shall pursue opportunities to leverage other funding to continue and expand ECLIPSE services. Priority for services shall be given to children referred from the department.

(9) The department shall place a ten percent administrative overhead cap on any contract entered into with the University of Washington. In a bi-annual report to the governor and the legislature, the department shall report the total amount of funds spent on the quality rating and improvements system and the total amount of funds spent on degree incentives, scholarships, and tuition reimbursements.

(10) \$1,728,000 of the general fund—state appropriation for fiscal year 2026 and \$1,728,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for reducing barriers for low-income providers to participate in the early achievers program.

(11) \$4,000,000 of the education legacy trust account—state appropriation is provided solely for early intervention assessment and services.

(12) \$265,000 of the general fund—state appropriation for fiscal year 2026 and \$265,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a statewide family resource and referral linkage system, with coordinated access point of resource navigators who will connect families with children prenatal through age five with services, programs, and community resources through a facilitated referral

and linkage process.

(13)(a) The department must provide to the education research and data center, housed at the office of financial management, data on all state-funded early childhood programs. These programs include the early support for infants and toddlers, early childhood education and assistance program (ECEAP), and the working connections and seasonal subsidized childcare programs including license-exempt facilities or family, friend, and neighbor care. The data provided by the department to the education research data center must include information on children who participate in these programs, including their name and date of birth, and dates the child received services at a particular facility.

(b) ECEAP early learning professionals must enter any new qualifications into the department's professional development registry each school year. By October of each fiscal year, the department must provide updated ECEAP early learning professional data to the education research data center.

(c) The department must request federally funded head start programs to voluntarily provide data to the department and the education research data center that is equivalent to what is being provided for state-funded programs.

(d) The education research and data center must provide an updated report on early childhood program participation and K-12 outcomes to the house of representatives appropriations committee and the senate ways and means committee using available data every March for the previous school year.

(e) The department, in consultation with the department of social and health services, must withhold payment for services to early childhood programs that do not report on the name, date of birth, and the dates a child received services at a particular facility.

(14) \$100,000 of the general fund—state appropriation for fiscal year 2026 and \$100,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to continue implementation of an infant and early childhood mental health consultation initiative to support tribal child care and early learning programs. Funding may be used to provide culturally congruent infant and early childhood mental health supports for tribal child care, the tribal early childhood education and assistance program, and tribal head start providers. The department must consult with federally recognized tribes which may include round tables through the Indian policy early learning committee.

(15) Within existing resources, the department, in consultation with the office of tribal relations, must prioritize complex needs funds and equity grants to tribal early learning providers.

(16) \$8,144,000 of the general fund—state appropriation for fiscal year 2026 and \$9,264,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5263 (special education funding). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(17) Sufficient funding is provided in this section for implementation of Engrossed Substitute Senate Bill No. 5752 (child care & early dev.).

(18) \$63,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for implementation of Substitute Senate Bill No. 5030 (vital records access). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(19) \$1,000,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department of children, youth, and families to contract with a countywide nonprofit organization with early childhood expertise in Pierce county for a project to prevent child abuse and neglect using nationally recognized models.

(a) The nonprofit organization must continue to implement a countywide resource and referral linkage system for families of children who are prenatal through age five.

(b) The nonprofit organization must offer a voluntary brief newborn home visiting program. The program must meet the diverse needs of Pierce county residents and, therefore, it must be flexible, culturally appropriate, and culturally responsive.

(20) \$1,000,000 of the general fund—state appropriation for fiscal year 2026 and \$1,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to contract with Washington communities for children to maintain a community-based early childhood network.

(21) \$150,000 of the general fund—state appropriation for fiscal year 2026 and \$150,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to contract with a licensed child care center with an existing child care mental health pilot program in order to implement a holistic and trauma-informed approach that ensures early learning environments are psychologically safe, culturally affirming, and emotionally supportive. The center must be located in Spokane and have a pilot child care mental health program that serves preschool-aged children who face high adverse childhood experiences scores, mental and behavioral health disorders, and are at increased risk of suspension and expulsion due to systemic disparities.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$455,000 of the general fund—state appropriation for fiscal year 2026 and \$455,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to grant

to the northwest straits commission to provide funding, technical assistance, and/or coordination support equally to the seven Puget Sound marine resources committees.

(2) \$600,000 of the oil spill prevention account—state appropriation is provided solely for a contract with the University of Washington's sea grant program to continue an educational program targeted to small spills from commercial fishing vessels, ferries, cruise ships, ports, and marinas.

(3) \$102,000 of the general fund—state appropriation for fiscal year 2026 and \$102,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Executive Order No. 12-07, Washington's response to ocean acidification.

(4) \$24,000,000 of the model toxics control operating account—state appropriation is provided solely for the department to provide grants to local governments for the purpose of supporting local solid waste and financial assistance programs.

(5) \$150,000 of the aquatic lands enhancement account—state appropriation is provided solely for implementation of the state marine management plan and ongoing costs of the Washington coastal marine advisory council to serve as a forum and provide recommendations on coastal management issues.

(6) \$2,000,000 of the model toxics control operating account—state appropriation is provided solely for the department to convene a stakeholder group, including representatives from overburdened communities, to assist with developing a water quality implementation plan for polychlorinated biphenyls and to address other emerging contaminants in the Spokane river. The department must also consult with the Spokane tribe of Indians and other interested tribes when developing and implementing actions to address water quality in the Spokane river.

(7) \$4,002,000 of the natural climate solutions account—state appropriation is provided solely to address flood prevention in the Nooksack basin and Sumas prairie. Of this amount:

(a) \$2,000,000 is provided solely to expand and sustain Whatcom county's floodplain integrated planning (FLIP) team planning process, including supporting communication, community participation, coordination, technical studies and analysis, and development of local solutions.

(b) \$900,000 is provided solely for the department to support transboundary coordination, including facilitation and technical support to develop and evaluate alternatives for managing transboundary flooding in Whatcom county and British Columbia.

(c) \$1,102,000 is provided solely to support dedicated local and department capacity for floodplain planning and technical support. Of the amount in this subsection (7)(c), \$738,000 is solely for a grant to Whatcom county. The remaining amount is for the department to provide ongoing staff technical assistance and support to flood prevention efforts in this area.

(8) \$24,536,000 of the climate investment account—state appropriation is provided solely for capacity grants to federally recognized tribes for: (a) Consultation on spending decisions on grants in accordance with RCW 70A.65.305; (b) consultation on clean energy siting projects; (c) activities supporting climate resilience and adaptation; (d) developing tribal clean energy projects; (e) applying for state or federal grant funding; (f) participation on a science advisory panel and other associated work on offshore wind; and (g) other related work. In order to meet the requirements of RCW 70A.65.230(1)(b), tribal applicants are encouraged to include a tribal resolution supporting their request with their grant application. Of this amount, \$3,000,000 is reserved solely to ensure completion of grants awarded or amended between January 1, 2025, and June 30, 2025.

(10) \$2,468,000 of the climate investment account—state appropriation is provided solely for addressing air quality in overburdened communities highly impacted by air pollution under RCW 70A.65.020.

(11) \$2,256,000 of the model toxics control operating account—state appropriation is provided solely for the department to provide technical assistance to landowners and local governments to promote voluntary compliance, implement best management practices, and support implementation of water quality clean-up plans in shellfish growing areas, agricultural areas, forestlands, and other types of land uses, including technical assistance focused on protection and restoration of critical riparian management areas important for salmon recovery.

(12) \$1,914,000 of the natural climate solutions account—state appropriation is provided solely for activities related to coastal hazards, including expanding the coastal monitoring and analysis program, operating a coastal hazard organizational resilience team, and operating a coastal hazards grant program to help local communities design projects and apply for funding opportunities. At least 25 percent of the funding in this subsection must be used for the benefit of tribes.

(13) \$276,000 of the model toxics control operating account—state appropriation is provided solely for a grant to San Juan county for the enhancement of ongoing oil spill response preparedness staff hiring, spill response equipment acquisition, and spill response training and operational expenses.

(14) \$750,000 of the model toxics control operating account—state appropriation is provided solely to:

(a) Identify additional priority consumer products containing PFAS for potential regulatory action; and

(b) Issue orders to manufacturers under RCW 70A.350.040 and 70A.350.030 to obtain ingredient information, including for chemical ingredients used to replace priority chemicals.

(15)(a) \$816,000 of the climate commitment account—state appropriation is provided to the department of ecology to report on the state's authority relevant to the potential siting and permitting of floating offshore wind energy projects in federal waters off Washington's Pacific Ocean coast. In coordination with the departments of fish and wildlife, natural resources, and parks, the energy facility site evaluation council, and the utilities and transportation commission, the department shall:

(i) Study and report on how and when state laws, regulations, and enforceable policies apply during a federal process for floating offshore wind energy projects, including the siting of associated onshore and nearshore transmission infrastructure;

(ii) Identify the state's regulatory decisions in the federal process for which a state agency would be required to undergo consultation with federally recognized tribes and solicit public comment; and

(iii) Evaluate and recommend whether additional regulatory actions are needed to improve the state's readiness for a federal leasing process, including but not limited to:

(A) Modification and/or addition to the state's enforceable policies under the federal coastal zone management act in 16 U.S.C. Sec. 1456 and articulated in the state's marine spatial plan adopted under chapter 43.372 RCW; and

(B) Designation of a geographic location description under 16 U.S.C. Sec. 1465.

(b) In developing the report, the department shall consult with federally recognized tribes and seek input from interested and affected parties, including the Washington coastal marine

advisory council established in RCW 43.143.050. The department, in coordination with other state agencies, shall also host a minimum of two scenario planning exercises where agencies test run how their authority would be applied in the event of a federal leasing for offshore wind projects. The department shall incorporate the lessons it learns from these exercises into the report.

(c) The department shall submit a report summarizing its findings and recommendations to the governor and the appropriate committees of the legislature by November 1, 2026.

(16)(a) \$731,000 of the climate commitment account—state appropriation is provided to convene a tribal-state science advisory panel to guide the advancement of our scientific understanding of potential ecological impacts of floating offshore wind projects. Considering current research, the advisory panel should develop a prioritized science agenda to increase understanding of how floating offshore wind projects sited off of Washington's coast could impact Washington's marine and coastal environment and resources, with an emphasis on potential impacts to treaty-protected tribal resources. The advisory panel should also consider and advance understanding of how offshore projects could be designed and sited to avoid or minimize identified impacts and maximize co-use with other ocean uses. The department shall invite representatives from coastal tribes, inter-tribal organizations, and relevant state agencies to participate on the advisory panel. In coordination with the advisory panel, the department shall:

(i) Identify and catalog the potentially significant ecological impacts that floating offshore wind projects sited off of Washington's coastline may have on Washington's marine and coastal environment, including consideration of potential impacts to upwelling and the California current ecosystem;

(ii) Contract with a third-party science organization to conduct a literature review of scientific studies on the identified potentially significant ecological impacts and summarize impacts that are not substantiated by literature, impacts for which the literature find successful avoidance or mitigation measures, and impacts needing additional study;

(iii) After considering the findings from the literature review, develop a prioritized scientific agenda to increase understanding of how offshore wind could impact Washington's marine and coastal environment and resources, with an emphasis on potential impacts to treaty-protected tribal resources; and

(iv) Coordinate with other states to identify and leverage joint opportunities for advancing research.

(b) In conducting its work, the department and advisory panel must seek input from scientific experts and may seek input from federal agencies, coastal stakeholders including fishing representatives, and representatives from the offshore wind industry.

(c) By November 1, 2026, the department shall submit a report to the governor and appropriate committees of the legislature summarizing its findings and the prioritized scientific agenda.

(17) \$4,428,000 of the water quality permit account—state appropriation, \$2,212,000 of the model toxics control operating account—state appropriation, and \$1,864,000 of the hazardous waste assistance account—state appropriation are provided solely for the department to address and mitigate 6PPD. The department may provide funding from this subsection to the University of Washington and Washington State University for the purposes of this subsection. Of these amounts:

(a) \$1,094,000 of the model toxics control operating account—state appropriation is provided solely to conduct monitoring and analyze water and sediment for 6PPD.

(b) \$1,864,000 of the hazardous waste assistance account—

state appropriation and \$1,118,000 of the model toxics control operating account—state appropriation is provided solely to find safer alternatives to 6PPD in consumer products.

(c) \$4,428,000 of the water quality permit account—state appropriation is provided solely to identify effective best management practices to treat 6PPD in stormwater.

(18) \$1,317,000 of the natural climate solutions account—state appropriation is provided solely for the department to assist local governments in building climate resilience by addressing emerging implementation challenges and updating guidance for local jurisdictions, including integration of updated climate policies through amendments to local shoreline master programs.

(19) \$331,000 of the natural climate solutions account—state appropriation is provided solely for the department to coordinate implementation of the state's climate resilience strategy developed pursuant to chapter 70A.05 RCW. The department shall coordinate resilience activities among state agencies identified in the strategy, gather data from state agencies to support tracking and progress reporting, and conduct outreach and engagement. The department may also facilitate the establishment of the recommended durable governance structure and support implementation of key resilience activities, as resources allow.

(20) \$542,000 of the aquatic lands enhancement account—state appropriation is provided solely to support research to enhance understanding of European green crab behavior and dispersal in Washington's waters and inform the state's response to this invasive pest. The department shall hold technical assistance workshops for natural resource managers to implement larval identification monitoring programs.

(21)(a) \$3,908,000 of the model toxics control operating account—state appropriation and \$100,000 of the water quality permit account—state appropriation are provided solely to:

(i) Investigate and monitor the sources and impacts of per- and polyfluoroalkyl substances (PFAS) in the environment;

(ii) Identify and reduce the risks posed by PFAS used in industry, manufacturing, and businesses through outreach activities and technical assistance to those that have or currently use PFAS;

(iii) Support water quality source control and treatment of PFAS at municipal wastewater facilities and cleanup sites. The department will use the amount identified in this subsection from the water quality permit account to complete a study of state waste discharge permittees to inform how the state should best manage these discharges; and

(iv) Increase cleanup capacity at PFAS contaminated sites.

(b) When engaging in work benefiting specific communities, the department shall prioritize investments to benefit vulnerable populations in overburdened communities as defined in RCW 70A.02.010 with a goal of investing at least 40 percent of funds to this purpose.

(22) \$400,000 of the climate commitment account—state appropriation is provided solely for the department to develop a report that analyzes equity and accessibility considerations for environmental incident reporting and resolution, and to provide recommendations for changes and improvements. The department will consult with relevant government entities that manage environmental incident reporting for incidents that pollute and damage land, air, and water, such as the department of health, the office of the attorney general, regional air agencies, and relevant state and local agencies. The department will consult with Washington state community based and non-governmental organizations representing overburdened communities. The department may contract with a third party to prepare the report.

(a) The report must include: (i) An overview of the existing environmental incident reporting systems in Washington state

and a description of business objectives; (ii) challenges, barriers, and accessibility concerns with the current state environmental incident reporting systems; (iii) evaluation of possible service gaps in incident reporting in overburdened communities; and (iv) options and recommendations for improving environmental incident reporting, including improvements to reporting access, process transparency, and equitable service to overburdened communities and vulnerable populations.

(b) By October 1, 2026, the department must submit its final report and recommendations to the governor and appropriate committees of the legislature.

(23) \$639,000 of the model toxics control operating account—state appropriation, \$255,000 of the climate investment account—state appropriation, \$128,000 of the water quality permit account—state appropriation, and \$128,000 of the waste reduction, recycling, and litter control account—state appropriation are provided solely for the department to continue implementation of environmental justice requirements in the HEAL act, state and federal environmental justice and equity mandates, and embed expertise within specific environmental programs.

(24) The department must report the department's expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(25) \$275,000 of the climate investment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1912 (agricultural fuel/CCA exemption). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(26) \$2,816,000 of the climate investment account—state appropriation is provided solely for implementation of Second Substitute House Bill No. 1975 (climate commitment act). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(27) \$1,115,000 of the clean fuels program account—state appropriation is provided solely for implementation of Second Substitute House Bill No. 1409 (clean fuels program). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(28) \$426,000 of the climate commitment account—state appropriation is provided solely for implementation of Second Substitute House Bill No. 1462 (hydrofluorocarbons). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(29) \$196,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5033 (biosolids/PFAS chemicals). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(30) \$89,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Substitute House Bill No. 1670 (sewage-containing spills). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(31) \$493,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Second Substitute House Bill No. 1154 (solid waste handling). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(32) \$1,656,000 of the waste, reduction, recycling, and litter control account—state appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5284 (solid waste management). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(33) \$261,000 of the model toxics control operating account—state appropriation is provided solely for implementation of

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Second Substitute House Bill No. 1497 (waste material management). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(34) During the 2025-2027 fiscal biennium, when determining the placement of air quality monitoring for the benefit of overburdened communities as required in RCW 70A.65.020(1)(b), the department must prioritize:

(a) Placing air monitoring stations in locations that are physically within overburdened communities;

(b) Engaging with local and tribal governments and community organizations; and

(c) Funding and supporting, to the extent feasible, evidence-supported community-based air monitoring for PM 2.5 pollutants in overburdened communities.

(35)(a) \$100,000 of the model toxics control operating account— state appropriation is provided solely for the department to contract with property owners adjacent to the site designated by the department as cleanup site identification number 16913 for access to the owners' property in order for the department to perform remediation work. Such contracts may include reimbursement for access to the owners' property that occurred between July 1, 2025, and June 30, 2027.

(b) Such contracts shall be for the fair market rental value of any space used, made inaccessible, or otherwise made unavailable to rent commercially as a result of the remediation work carried out by the department. The fair market value determination shall be based on market conditions prior to the point at which the department began its remediation activities and shall be based on comparable properties. The department shall provide the owner of any such property with a written statement of, and summary of the basis for, its assessment of the fair market rental value.

(36) \$200,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for a grant to Whatcom county to provide technical assistance that must be made available to all water users in WRIA 1 in filing adjudication claims under RCW 90.03.140. This assistance must be administered by Whatcom county and no portion of this funding may be used to contest the claims of any other claimant in the adjudication.

(37) \$200,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department's engagement with the federal government, Indian tribes, water users, and local governments on a process that could result in a federal Indian water rights settlement through the Nooksack adjudication. The department must report to the appropriate committees of the legislature regarding the status of the adjudication and any potential settlement structure by June 30, 2026, and by June 30, 2027.

(38) \$300,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to provide a grant to Clark county for the purpose of developing and implementing a lake management plan to restore and maintain the health of Vancouver lake, a category 5 303(d) status impaired body of water. The department must work with the county to include involvement by property owners around the lake and within the watersheds that drain to the lake, the department of natural resources, other state agencies and local governments with proprietary or regulatory jurisdiction, tribes, and nonprofit organizations advocating for the health of the lake. The plan should incorporate work already completed by the county and other entities involved in development of the lake management strategy.

(39) \$670,000 of the model toxics control operating account— state appropriation is provided solely for implementation of Senate Bill No. 5036 (statewide emissions data). If the bill is not enacted by June 30, 2025, the amount provided in this subsection

shall lapse.

(40) \$262,000 of the model toxics control operating account— state appropriation is provided solely for the department to participate in and contribute to a multiagency permitting team for the purpose of streamlining the review of environmental restoration projects that directly benefit fish or fish habitat. Projects for review by the multiagency permitting team must be submitted under a joint aquatic resources permit application and have had a project review completed by the department of archaeology and historic preservation regarding cultural resources protection requirements, including the requirements of executive order 21-02. In general, the multiagency permitting team is comprised of state agencies with jurisdictional responsibility for the project proposal, local governments in whose geographical jurisdiction the project would be located, and any other expertise that may be needed in review of the project. State agencies are responsible for carrying out their own permit review and approval process.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,777,000 of the general fund—state appropriation for fiscal year 2026 and \$1,777,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to grant to the northwest Indian fisheries commission for hatchery operations that are prioritized to increase prey abundance for southern resident orcas, including \$200,000 per fiscal year for tagging and marking costs, and the remainder to grant to tribes in the following amounts per fiscal year: \$150,000 for the Quinalt Indian Nation, \$199,000 for the Tulalip Tribes, \$268,000 for the Quileute Tribe, \$186,000 for the Puyallup Tribe, \$122,000 for the Port Gamble S'Klallam Tribe, \$25,000 for the Muckleshoot Indian Tribe, \$207,000 for the Squaxin Island Tribe, \$142,000 for the Skokomish Indian Tribe, and \$278,000 for the Lummi Nation.

(2) \$330,000 of the general fund—state appropriation for fiscal year 2026 and \$330,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to provide to the Yakama Nation for hatchery operations that are prioritized to increase prey abundance for southern resident orcas.

(3) \$175,000 of the general fund—state appropriation for fiscal year 2026 and \$175,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to grant to public utility districts for additional hatchery production that is prioritized to increase prey abundance for southern resident orcas.

(4) \$467,000 of the general fund—state appropriation for fiscal year 2026 and \$467,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to pay for emergency fire suppression costs. These amounts may not be used to fund agency indirect and administrative expenses.

(5) \$400,000 of the general fund—state appropriation for fiscal year 2026 and \$400,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a state match to support the Puget Sound nearshore partnership between the department and the United States army corps of engineers.

(6) \$6,082,000 of the general fund—state appropriation for fiscal year 2026 and \$6,082,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to implement eradication and control measures on European green crabs through coordination and grants with partner organizations. The department must provide annual progress reports on the success and challenges of the measures to the appropriate committees of the legislature by September 15th of each fiscal year.

(7)(a) \$390,000 of the general fund—state appropriation for fiscal year 2026 and \$390,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to develop conflict mitigation strategies for wolf recovery and staff resources statewide for response to wolf-livestock conflicts. The department shall not hire contract range riders in northeast Washington unless there is a gap in coverage from entities funded through the northeast Washington wolf-livestock management grant program as provided in RCW 16.76.020. The department must focus on facilitating coordination with other entities providing conflict deterrence, including range riding, and technical assistance to livestock producers in order to minimize wolf-livestock issues. The department is discouraged from the use of firearms from helicopters for removing wolves.

(b) Of the amounts provided in (a) of this subsection, \$200,000 shall be used to implement a conflict mitigation pilot program in Southeast Washington in partnership with projects guarding the respective interests of predators and humans.

(8) \$639,000 of the general fund—state appropriation for fiscal year 2026 and \$639,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to

provide additional capacity to the attorney general's office to prosecute environmental crimes. The department must provide an annual report by December 1st of each year, to the appropriate committees of the legislature, on the progress made in prosecuting environmental crimes.

(9) \$560,000 of the general fund—state appropriation for fiscal year 2026 and \$560,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for management of pinniped populations on the lower Columbia river and its tributaries with the goal of increasing chinook salmon abundance and prey availability for southern resident orcas.

(10) \$6,042,000 of the model toxics control operating account—state appropriation is provided solely to continue and increase the capacity to analyze salmon contaminants of emerging concern (CEC), including substances such as 6PPD-quinone, per- and polyfluoroalkyl substances (PFAS), and polychlorinated biphenyls (PCB) in already collected tissue samples. This research will accelerate recovery and protection by identifying the location and sources of CEC exposure.

(11) \$130,000 of the general fund—state appropriation for fiscal year 2026 and \$130,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for an external facilitator to seek solutions through a collaborative process using the department's wolf advisory group.

(12) \$285,000 of the general fund—state appropriation for fiscal year 2026 and \$285,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to manage electronic tracked crab fishery gear to avoid whale entanglements during their migration in accordance with the endangered species act incidental take permit.

(13) \$1,200,000 of the natural climate solutions account—state appropriation is provided solely to reduce severe wildfire risk and increase forest resiliency through fuels reduction, thinning, fuel break creation, and prescribed burning on agency lands. The amounts provided in this subsection may not be used to fund agency indirect and administrative expenses.

(14) \$14,000,000 of the general fund—state appropriation for fiscal year 2026 and \$14,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the protection, recovery, and restoration of biodiversity, the recovery of threatened and endangered species, and a review of the department of fish and wildlife. Examples include habitat protection and restoration, technical assistance for growth management act planning, fish passage improvements, conservation education, scientific research for species and ecosystem protection, and similar activities. Funding in this subsection may include pass-throughs to public, nonprofit, academic, or tribal entities for the purposes of this subsection.

(15) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(16) \$1,175,000 of the general fund—state appropriation for fiscal year 2026 and \$1,175,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to continue to restore shrubsteppe habitat and associated wildlife on public lands as well as private lands by landowners who are willing to participate. The restoration effort must be coordinated with other natural resource agencies and interested stakeholders.

(17) \$3,750,000 of the general fund—state appropriation for fiscal year 2026, \$3,750,000 of the general fund—state appropriation for fiscal year 2027, and \$1,200,000 of the limited fish and wildlife account—state appropriation are provided solely to continue to address the maintenance backlog associated with providing recreation on lands managed by the department.

Allowable uses include, but are not limited to, maintenance, repair, or replacement of trails, toilet facilities, roads, parking lots, campgrounds, picnic sites, water access areas, signs, kiosks, and gates. The department is encouraged to partner with nonprofit organizations in the maintenance of public lands.

(18) \$250,000 of the general fund—state appropriation for fiscal year 2026 and \$250,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to increase the work of regional fisheries enhancement groups.

(19) \$1,000,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for habitat recovery and restoration work on agency owned and managed lands damaged from wildfires.

(20) \$1,866,000 of the general fund—state appropriation for fiscal year 2026, \$584,000 of the general fund—state appropriation for fiscal year 2027, \$1,219,000 of the general fund—federal appropriation, \$513,000 of the general fund—private/local appropriation, \$5,000 of the ORV and nonhighway vehicle account—state appropriation, \$104,000 of the aquatic lands enhancement account—state appropriation, \$22,000 of the warm water game fish account—state appropriation, \$5,000 of the eastern Washington pheasant enhancement account—state appropriation, \$271,000 of the limited fish and wildlife account—state appropriation, \$21,000 of the special wildlife account—state appropriation, \$9,000 of the oil spill prevention account—state appropriation, \$56,000 of the model toxics control operating account—state appropriation, and \$634,000 of the fish, wildlife, and conservation account—state appropriation, are provided solely to procure a human resource management system. The agency will evaluate and prioritize management systems that have the capability to track and manage volunteer safety training requirements. A letter must be sent to the director of the office of financial management explaining the rationale if the agency selects a technical solution that is not able to support management of volunteer training requirements. The project is subject to the conditions, limitations, and review requirements of section 701 of this act.

(21) \$1,810,000 of the general fund—state appropriation for fiscal year 2026, \$1,810,000 of the general fund—state appropriation for fiscal year 2027, and \$3,620,000 of the general fund—private/local appropriation are provided solely for monitoring and response efforts for invasive quagga mussels. Possible activities include coordination with tribal, federal, regional, state, and local entities, watercraft inspections and decontamination, equipment and training, monitoring of potential residential and commercial pathways, and public outreach.

(22) \$1,150,000 of the climate commitment account—state appropriation and \$530,000 of the natural climate solutions account—state appropriation are provided solely for increasing management planning capacity for habitat connectivity and to achieve meaningful greenhouse gas emissions reduction through energy efficiency projects.

(23) \$900,000 of the general fund—state appropriation for fiscal year 2026 and \$489,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to implement response efforts to chronic wasting disease in accordance with the chronic wasting disease management plan.

(24) \$375,000 of the general fund—state appropriation for fiscal year 2026 and \$375,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to continue operations of the Toutle and Skamania hatcheries.

(25) \$79,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for implementation of Substitute Senate Bill No. 5076 (nonspot shrimp pot license). If the bill is not enacted by June 30, 2025, the amount provided in this

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

subsection shall lapse.

(26) \$200,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for a conflict resolution process mediated by the federal mediation and conciliation service. This funding must be used by the department to facilitate meetings between Skagit tribes, drainage and irrigation districts, and state and federal resource agencies and support the technical work necessary to resolve conflict. Invited parties must include the national marine fisheries service, Washington state department of agriculture, Washington state department of fish and wildlife, Swinomish Indian tribal community, Upper Skagit Indian Tribe, Sauk-Suiattle Indian Tribe, and Skagit drainage and irrigation districts consortium LLC. A report documenting meeting notes, points of resolution, and recommendations must be provided to the legislature no later than June 30, 2026.

(27) \$273,000 of the general fund—state appropriation for fiscal year 2026 and \$273,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to participate in and contribute to a multiagency permitting team for the purpose of streamlining the review of environmental restoration projects that directly benefit fish or fish habitat. Projects for review by the multiagency permitting team must be submitted under a joint aquatic resources permit application and have had a project review completed by the department of archaeology and historic preservation regarding cultural resources protection requirements, including the requirements of executive order 21-02. In general, the multiagency permitting team is comprised of state agencies with jurisdictional responsibility for the project proposal, local governments in whose geographical jurisdiction the project would be located, and any other expertise that may be needed in review of the project. State agencies are responsible for carrying out their own permit review and approval process.

(28) Within amounts appropriated in this section, the department shall work with its wolf advisory group and the department of agriculture to explore the concept of a "pay for presence" program to defray some of the costs incurred by livestock producers who ranch in the presence of wolves. Such programs have been used in other parts of wolf range in the western United States and could serve as a replacement for the state's current indirect livestock compensation program. The department must report to the appropriate committees of the legislature by December 1, 2025, on potential alternatives, estimated costs, and feasibility, including the appropriate administering agency, of implementing such a program in Washington state.

The appropriations in this section are subject to the following conditions and limitations:

(1) By October 15, 2026, the Puget Sound partnership shall provide the governor and appropriate legislative fiscal committees a single, prioritized list of state agency 2027-2029 capital and operating budget requests related to Puget Sound recovery and restoration.

(2) \$350,000 of the general fund—state appropriation for fiscal year 2026 and \$350,000 of the general fund—state appropriation

for fiscal year 2027 are provided solely for the partnership to implement shipping noise reduction initiatives and monitoring programs in the Puget Sound, in coordination with Canadian and United States authorities. The partnership must contract with Washington maritime blue in order to establish and administer the quiet sound program to better understand and reduce the cumulative effects of acoustic and physical disturbance from large commercial vessels on southern resident orcas throughout their range in Washington state. Washington maritime blue will support a quiet sound leadership committee and work groups that include relevant federal and state agencies, ports, industry, research institutions, and nongovernmental organizations and consult early and often with relevant federally recognized tribes.

(3) \$78,000 of the general fund—state appropriation for fiscal year 2026 and \$78,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to participate in and contribute to a multiagency permitting team for the purpose of streamlining the review of environmental restoration projects that directly benefit fish or fish habitat. Projects for review by the multiagency permitting team must be submitted under a joint aquatic resources permit application and have had a project review completed by the department of archaeology and historic preservation regarding cultural resources protection requirements, including the requirements of executive order 21-02. In general, the multiagency permitting team is comprised of state agencies with jurisdictional responsibility for the project proposal, local governments in whose geographical jurisdiction the project would be located, and any other expertise that may be needed in review of the project. State agencies are responsible for carrying out their own permit review and approval process.

Community Forest Trust Account—State Appropriation.....	\$52,000
Agricultural College Trust Management Account—State Appropriation.....	\$3,543,000
TOTAL APPROPRIATION.....	\$868,156,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,823,000 of the natural climate solutions account—state appropriation is provided solely for the department to carry out the forest practices adaptive management program pursuant to RCW 76.09.370 and the May 24, 2012, settlement agreement entered into by the department and the department of ecology. Scientific research must be carried out according to the master project schedule and work plan of cooperative monitoring, evaluation, and research priorities adopted by the forest practices board.

(2) \$1,000,000 of the general fund—state appropriation for fiscal year 2026 and \$1,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the small forest landowner office, in order to restore staffing capacity reduced during the great recession and to support small forest landowners, including assistance related to forest and fish act regulations.

(3) \$1,583,000 of the general fund—state appropriation for fiscal year 2026 and \$1,515,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for deposit into the agricultural college trust management account and are provided solely to manage approximately 70,700 acres of Washington State University's agricultural college trust lands.

(4) \$85,320,000 of the general fund—state appropriation for fiscal year 2026, \$85,320,000 of the general fund—state appropriation for fiscal year 2027, and \$16,050,000 of the disaster response account—state appropriation are provided solely for emergency response, including fire suppression. The department shall provide a monthly report to the office of financial management and the appropriate fiscal and policy committees of the legislature with an update of fire suppression costs incurred and the number and type of wildfires suppressed.

(5) \$8,470,000 of the general fund—state appropriation for fiscal year 2026, \$8,470,000 of the general fund—state appropriation for fiscal year 2027, and \$396,000 of the disaster response account—state appropriation are provided solely for indirect and administrative expenses related to fire suppression.

(6) \$5,500,000 of the forest and fish support account—state appropriation is provided solely for outcome-based performance contracts with tribes to participate in the implementation of the forest practices program. Contracts awarded may only contain indirect costs set at or below the rate in the contracting tribe's

indirect cost agreement with the federal government. Of the amount provided in this subsection, \$500,000 is contingent upon receipts under RCW 82.04.261 exceeding \$8,000,000 per biennium. If receipts under RCW 82.04.261 are more than \$8,000,000 but less than \$8,500,000 for the biennium, an amount equivalent to the difference between actual receipts and \$8,500,000 shall lapse.

(7) Consistent with the recommendations of the *Wildfire Suppression Funding and Costs (18-02)* report of the joint legislative audit and review committee, the department shall submit a report to the governor and legislature by December 1, 2025, and December 1, 2026, describing the previous fire season. At a minimum, the report shall provide information for each wildfire in the state, including its location, impact by type of land ownership, the extent it involved timber or range lands, cause, size, costs, and cost-share with federal agencies and nonstate partners. The report must also be posted on the agency's website.

(8) \$4,206,000 of the aquatic land enhancement account—state appropriation is provided solely for the removal of creosote pilings and debris from the marine environment and to continue monitoring zooplankton and eelgrass beds on state-owned aquatic lands managed by the department. Actions will address recommendations to recover the southern resident orca population and to monitor ocean acidification as well as help implement the Puget Sound action agenda.

(9) \$266,000 of the general fund—state appropriation for fiscal year 2026 and \$266,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for compensation to the trust beneficiaries and department for lost revenue from leases to amateur radio operators who use space on the department managed radio towers for their equipment. The department is authorized to lease sites at the rate of up to \$100 per year, per site, per lessee. The legislature makes this appropriation to fulfill the remaining costs of the leases at market rate per RCW 79.13.510.

(10) \$12,000 of the aquatic lands enhancement account—state appropriation and \$10,000 of the resource management cost account—state appropriation are provided solely for the department to participate in and contribute to a multiagency permitting team for the purpose of streamlining the review of environmental restoration projects that directly benefit fish or fish habitat. Projects for review by the multiagency permitting team must be submitted under a joint aquatic resources permit application and have had a project review completed by the department of archaeology and historic preservation regarding cultural resources protection requirements, including the requirements of executive order 21-02. In general, the multiagency permitting team is comprised of state agencies with jurisdictional responsibility for the project proposal, local governments in whose geographical jurisdiction the project would be located, and any other expertise that may be needed in review of the project. State agencies are responsible for carrying out their own permit review and approval process.

(11) \$3,000,000 of the natural climate solutions account—state appropriation is provided solely for investment in urban forestry to support reduction of negative environmental conditions such as heat, flooding, and pollution and helping communities become greener, cleaner, healthier, and more resilient.

(12) \$1,830,000 of the climate commitment account—state appropriation is provided solely for the department to make investments in education and training to bolster a statewide natural resources workforce to support the health and resilience of Washington's forests. Of this amount, \$400,000 is provided solely to provide wildland fire management training to tribal communities and members.

(13) The department must report to and coordinate with the department of ecology to track expenditures from climate

2025 REGULAR SESSION

commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(14) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for the department to coordinate with the Olympic natural resources center to study emerging ecosystem threats such as Swiss needlecast disease, fully implement the T3 watershed experiments on state trust lands, continue field trials for long-term ecosystem productivity, and engage stakeholders through learning-based collaboration.

(15) \$3,750,000 of the general fund—state appropriation for fiscal year 2026 and \$3,750,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to continue to address the maintenance backlog associated with providing recreation on lands managed by the department. Allowable uses include, but are not limited to, maintenance, repair, or replacement of trails, toilet facilities, roads, parking lots, campgrounds, picnic sites, water access areas, signs, kiosks, and gates. The department is encouraged to partner with nonprofit organizations in the maintenance of public lands.

(16) \$2,543,000 of the resource management cost account—state appropriation is provided solely for the department to implement eradication and control measures on European green crabs on state-owned aquatic lands and adjacent lands as appropriate. The department must report to and coordinate with the department of fish and wildlife to support the department of fish and wildlife's quarterly progress reports to the legislature.

(17) The department must enter into an interagency agreement with the department of fish and wildlife to complete biological survey work necessary to implement the wildstock geoduck commercial fishery. The department must compensate the department of fish and wildlife for direct costs, but not for agency overhead or indirect costs.

(18) \$440,000 of the natural climate solutions account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1563 (prescribed fire claims). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(19) \$2,026,000 of the surface mining reclamation account—state appropriation is provided solely for implementation of Senate Bill No. 5319 (surface mine reclamation). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(20) \$43,000 of the general fund—state appropriation for fiscal year 2026 and \$56,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Senate Bill No. 5334 (DNR civil enforcement appeal). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

Northeast Washington Wolf-Livestock Management

Nonappropriated Account—State Appropriation \$911,000
TOTAL APPROPRIATION\$263,201,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$20,570,000 of the general fund—state appropriation for fiscal year 2026 and \$20,570,000 of the general fund—state appropriation for fiscal year 2027 are provided solely as base funding for the emergency food assistance program as provided in RCW 43.23.290.

(2) \$46,625,000 of the general fund—state appropriation for fiscal year 2026 and \$46,625,000 of the general fund—state appropriation for fiscal year 2027 are provided solely as additional funding for implementing the emergency food assistance program as defined in RCW 43.23.290.

(3) \$4,342,000 of the general fund—state appropriation for fiscal year 2026 and \$4,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for local food system infrastructure and market access grants.

(4) \$2,500,000 of the general fund—state appropriation for fiscal year 2026 and \$2,500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely as base funding for the farm to school program established in RCW 15.64.060.

(5) \$2,380,000 of the general fund—state appropriation for fiscal year 2026 and \$2,380,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementing a *Popillia japonica* monitoring and eradication program in central Washington.

(6) \$912,000 of the northeast Washington wolf-livestock management nonappropriated account—state appropriation is provided solely for the department to conduct the following:

(a) Offer grants for the northeast Washington wolf-livestock management program as provided in RCW 16.76.020. Funds from the grant program must be used only for the deployment of nonlethal deterrence, specifically with the goal to reduce the likelihood of cattle being injured or killed by wolves by deploying proactive, preventative methods that have a high probability of producing effective results. Grant proposals will be assessed partially on this intent. Grantees who use funds for range riders or herd monitoring must deploy this tool in a manner so that targeted areas with cattle are visited daily or near daily. Grantees must collaborate with other grantees of the program and other entities providing prevention efforts resulting in coordinated wolf-livestock conflict deterrence efforts, both temporally and spatially, therefore providing well timed and placed preventative coverage on the landscape. Additionally, range riders must document their activities with GPS track logs and provide written description of their efforts to the department of fish and wildlife on a monthly basis. The department shall incorporate the requirements of this subsection into contract language with the grantees.

(b) Within the amounts provided in this subsection, the department may provide up to \$100,000 each fiscal year to the sheriffs offices of Ferry and Stevens counties for providing a local wildlife specialist to aid the department of fish and wildlife in the management of wolves in northeast Washington.

(7) \$424,000 of the general fund—state appropriation for fiscal year 2026 and \$425,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of chapter 135, Laws of 2022, which requires the department to establish and maintain cannabis testing lab quality standards by rule.

(8) \$1,490,000 of the model toxics control operating account—state appropriation is provided solely to increase capacity and

support work to reduce nitrate pollution in groundwater from irrigated agriculture in the lower Yakima valley.

(9) \$462,000 of the general fund—state appropriation for fiscal year 2026, \$462,000 of the general fund—state appropriation for fiscal year 2027, and \$700,000 of the general fund—federal appropriation are provided solely to match federal funding for eradication treatments and follow-up monitoring of invasive moths.

(10) \$200,000 of the general fund—state appropriation for fiscal year 2026 and \$200,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to continue the early detection program for the spotted lanternfly and the associated invasive *Ailanthus altissima*, known colloquially as tree-of-heaven, survey and control programs.

(11) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(12) \$170,000 of the general fund—state appropriation for fiscal year 2026 and \$170,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to continue a shellfish coordinator position.

(13) \$318,000 of the general fund—state appropriation for fiscal year 2026 and \$317,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for compliance-based laboratory analysis of pesticides in cannabis.

(14) \$100,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to contract with a nonprofit organization to administer a low-barrier grant program to support organic agriculture. Grants may not exceed \$25,000 to each recipient.

(15) \$893,000 of the climate commitment account—state appropriation is provided solely to support planning and development of statewide livestock composting infrastructure to protect human health and reduce greenhouse gas emission.

(16) \$300,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Substitute House Bill No. 1309 (burrowing shrimp). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(17) \$118,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Substitute House Bill No. 1294 (pesticide application committee). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

(18) \$150,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the department to collaborate with local organizations and community leaders to provide agricultural and economic support, training, and services to those historically marginalized and underrepresented in agriculture and ranching across the state. Potential areas of focus include sustainable agricultural practices, engagement in agricultural activities for youth exposed to poverty and violence, growth of culturally relevant crops, and family strengthening.

(4)(a) \$13,035,000 of the general fund—state appropriation for fiscal year 2026 and \$13,035,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of chapter 237, Laws of 2017 (paraeducators).

(b) Of the amounts provided in (a) of this subsection, \$12,250,000 of the general fund—state appropriation for fiscal year 2026 and \$12,373,000 of the general fund—state appropriation for fiscal year 2027 are for grants to districts to provide two days of training per school year in the paraeducator certificate program to all paraeducators. Funds in this subsection are provided solely for reimbursement to school districts that provide paraeducators with two days of training in the paraeducator certificate program in each of the 2024-25 and 2025-26 school years. Funding provided in this subsection is sufficient for new paraeducators to receive four days of training in the paraeducator certificate program during their first year. School districts receiving grants under this subsection must prioritize funding toward compensation for paraeducators who complete the required hours of instruction per school year. Of the amounts provided within this subsection (4)(b), up to \$750,000 of the general fund—state appropriation for each fiscal year may be used to further develop, update, and maintain the paraeducator training program and professional learning materials, increase paraeducator access across the full spectrum of training curriculum, and remove barriers for paraeducators who are unable to afford the cost of assessments.

(5) \$48,000 of the general fund—state appropriation for fiscal year 2026 and \$16,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Substitute Senate Bill No. 5025 (educational interpreters). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(6) \$28,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for implementation of Engrossed Substitute House Bill No. 1651 (teacher residency & apprent.). If the bill is not enacted by June 30, 2025, the amount provided in this subsection shall lapse.

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR GENERAL APPORTIONMENT

General Fund—State Appropriation (FY 2026)	
.....	\$9,956,991,000
General Fund—State Appropriation (FY 2027)	
.....	\$10,303,630,000
Education Legacy Trust Account—State Appropriation	
.....	\$2,357,730,000
TOTAL APPROPRIATION.....	\$22,618,351,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) For the 2025-26 and 2026-27 school years, the superintendent shall allocate general apportionment funding to school districts as provided in the funding formulas and salary allocations in sections 504 and 505 of this act, excluding (c) of this subsection.

(c) From July 1, 2025, to August 31, 2025, the superintendent shall allocate general apportionment funding to school districts programs as provided in sections 504 and 505, chapter 376, Laws

of 2024, as amended.

(d) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the fourth day of school in September and on the first school day of each month October through June, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. Any school district concluding its basic education program in May must report the enrollment of the last school day held in May in lieu of a June enrollment.

(e) Funding provided in part V of this act is sufficient to provide each full-time equivalent student with the minimum hours of instruction required under RCW 28A.150.220.

(f) The superintendent shall adopt rules requiring school districts to report full-time equivalent student enrollment as provided in RCW 28A.655.210.

(2) CERTIFICATED INSTRUCTIONAL STAFF ALLOCATIONS

Allocations for certificated instructional staff salaries for the 2025-26 and 2026-27 school years are determined using formula-generated staff units calculated pursuant to this subsection.

(a) Certificated instructional staff units, as defined in RCW 28A.150.410, shall be allocated to reflect the minimum class size allocations, requirements, and school prototypes assumptions as provided in RCW 28A.150.260. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent student enrollment in each grade.

(b) Additional certificated instructional staff units provided in this subsection (2) that exceed the minimum requirements in RCW 28A.150.260 are enhancements outside the program of basic education, except as otherwise provided in this section.

(c)(i) The superintendent shall base allocations for each level of prototypical school, including those at which more than 50 percent of the students were eligible for free and reduced-price meals in the prior school year, on the following regular education average class size of full-time equivalent students per teacher, except as provided in (c)(ii) of this subsection:

Grade	RCW 28A.150.260	General education class size:	
		2025-26 School Year	2026-27 School Year
Grade K		17.00	17.00
Grade 1		17.00	17.00
Grade 2		17.00	17.00
Grade 3		17.00	17.00
Grade 4		27.00	27.00
Grades 5-6		27.00	27.00
Grades 7-8		28.53	28.53
Grades 9-12		28.74	28.74

The superintendent shall base allocations for: Laboratory science average class size as provided in RCW 28A.150.260; career and technical education (CTE) class size of 23.0; and skill center program class size of 19. Certificated instructional staff units provided for skills centers that exceed the minimum requirements of RCW 28A.150.260 achieve class size reductions under RCW 28A.400.007 and are part of the state's program of basic education.

(ii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher

planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12.

(iii) Advanced placement and international baccalaureate courses are funded at the same class size assumptions as general education schools in the same grade.

(d)(i) Funding for teacher librarians, school nurses, social workers, school psychologists, and guidance counselors is allocated based on the school prototypes as provided in RCW 28A.150.260, and is considered certificated instructional staff.

(ii) Students in approved career and technical education and skill center programs generate certificated instructional staff units to provide for the services of teacher librarians, school nurses, social workers, school psychologists, and guidance counselors at the following combined rate per 1000 student full-time equivalent enrollment:

	2025-26 School Year	2026-27 School Year
Career and Technical Education	3.91	3.91
Skill Center	4.25	4.25

(3) ADMINISTRATIVE STAFF ALLOCATIONS

(a) Allocations for school building-level certificated administrative staff salaries for the 2025-26 and 2026-27 school years for general education students are determined using the formula generated staff units calculated pursuant to this subsection. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent enrollment in each grade. The following prototypical school values shall determine the allocation for principals, assistant principals, and other certificated building level administrators:

Prototypical School Building:	
Elementary School	1.253
Middle School	1.353
High School	1.880

(b) Students in approved career and technical education and skill center programs generate certificated school building-level administrator staff units at per student rates that are a multiple of the general education rate in (a) of this subsection by the following factors:

Career and Technical Education students	1.025
Skill Center students	1.198

(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2025-26 and 2026-27 school years are determined using the formula-generated staff units provided in RCW 28A.150.260 and pursuant to this subsection, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2025-26 and 2026-27 school years for the central office administrative costs of operating a school district, at the following rates:

(a) The total central office staff units provided in this subsection (5) are calculated by first multiplying the total number of eligible certificated instructional, certificated administrative, and classified staff units providing school-based or district-wide support services, as identified in RCW 28A.150.260(6)(b) and the increased allocations provided pursuant to subsections (2) and (4) of this section, by 5.3 percent.

(b) Of the central office staff units calculated in (a) of this subsection, 74.53 percent are allocated as classified staff units, as generated in subsection (4) of this section, and 25.48 percent shall be allocated as administrative staff units, as generated in subsection (3) of this section.

(c) Staff units generated as enhancements outside the program of basic education to the minimum requirements of RCW 28A.150.260, and staff units generated by skill center and career-technical students, are excluded from the total central office staff units calculation in (a) of this subsection.

(d) For students in approved career-technical and skill center programs, central office classified units are allocated at the same staff unit per student rate as those generated for general education students of the same grade in this subsection (5), and central office administrative staff units are allocated at staff unit per student rates that exceed the general education rate established for students in the same grade in this subsection (5) by 12.46 percent in the 2025-26 school year and 12.46 percent in the 2026-27 school year for career and technical education students, and 17.79 percent in the 2025-26 school year and 17.79 percent in the 2026-27 school year for skill center students.

(6) FRINGE BENEFIT ALLOCATIONS

Fringe benefit allocations shall be calculated at a rate of 16.02 percent in the 2025-26 school year and 16.02 percent in the 2026-27 school year for certificated salary allocations provided under subsections (2), (3), and (5) of this section, and a rate of 18.07 percent in the 2025-26 school year and 18.07 percent in the 2026-27 school year for classified salary allocations provided under subsections (4) and (5) of this section.

(7) INSURANCE BENEFIT ALLOCATIONS

Insurance benefit allocations shall be calculated at the rates specified in section 506 of this act, based on the number of benefit units determined as follows: Except for nonrepresented employees of educational service districts, the number of calculated benefit units determined below. Calculated benefit units are staff units multiplied by the benefit allocation factors established in the collective bargaining agreement referenced in section 910 of this act. These factors are intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent employees may be calculated on the basis of 630 hours of work per year, with no individual employee counted as more than one full-time equivalent. The number of benefit units is determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section multiplied by 1.02; and

(b) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.43.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

(a)(i) Subject to (a)(ii) of this subsection, general education students generate per student FTE MSOC allocations of \$1,614.28 for the 2025-26 school year and \$1,656.25 for the 2026-27 school year.

(ii) Of the amounts allocated in (a)(i) of this subsection, \$35.27 per student FTE for the 2025-26 school year and \$37.76 per student FTE for the 2026-27 school year are provided solely for implementation of Engrossed Substitute Senate Bill No. 5192 (school district materials). If the bill is not enacted by June 30, 2025, these amounts shall lapse.

(iii) For the 2025-26 school year and 2026-27 school year, as part of the budget development, hearing, and review process required by chapter 28A.505 RCW, each school district must

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

disclose: (A) The amount of state funding to be received by the district under (a) and (d) of this subsection (8); (B) the amount the district proposes to spend for materials, supplies, and operating costs; (C) the difference between these two amounts; and (D) if (a)(ii)(A) of this subsection (8) exceeds (a)(ii)(B) of this subsection (8), any proposed use of this difference and how this use will improve student achievement.

(b) Students in approved skill center programs generate per student FTE MSOC allocations of \$1,810.11 for the 2025-26 school year and \$1,857.17 for the 2026-27 school year.

(c) Students in approved exploratory and preparatory career and technical education programs generate per student FTE MSOC allocations of \$1,810.11 for the 2025-26 school year and \$1,857.17 for the 2026-27 school year.

(d)(i) Subject to (d)(ii) of this subsection, students in grades 9-12 generate per student FTE MSOC allocations in addition to the allocations provided in (a) through (c) of this subsection at \$214.84 for the 2025-26 school year and \$220.43 for the 2026-27 school year.

(ii) Of the amounts allocated in (d)(i) of this subsection, \$4.69 per student FTE for the 2025-26 school year and \$5.03 per student FTE for the 2026-27 school year are provided solely for implementation of Engrossed Substitute Senate Bill No. 5192 (school district materials). If the bill is not enacted by June 30, 2025, these amounts shall lapse.

(9) SUBSTITUTE TEACHER ALLOCATIONS

For the 2025-26 and 2026-27 school years, funding for substitute costs for classroom teachers is based on four (4) funded substitute days per classroom teacher unit generated under subsection (2) of this section, at a daily substitute rate of \$151.86.

(10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

(a) Amounts provided in this section from July 1, 2025, to August 31, 2025, are adjusted to reflect provisions of chapter 376, Laws of 2024, as amended (allocation of funding for students enrolled in alternative learning experiences).

(b) The superintendent of public instruction shall require all districts receiving general apportionment funding for alternative learning experience (ALE) programs as defined in WAC 392-121-182 to provide separate financial accounting of expenditures for the ALE programs offered in district or with a provider, including but not limited to private companies and multidistrict cooperatives, as well as accurate, monthly headcount and FTE enrollment claimed for basic education, including separate counts of resident and nonresident students.

(11) DROPOUT REENGAGEMENT PROGRAM

The superintendent shall adopt rules to require students claimed for general apportionment funding based on enrollment in dropout reengagement programs authorized under RCW 28A.175.100 through 28A.175.115 to meet requirements for at least weekly minimum instructional contact, academic counseling, career counseling, or case management contact. Districts must also provide separate financial accounting of expenditures for the programs offered by the district or under contract with a provider, as well as accurate monthly headcount and full-time equivalent enrollment claimed for basic education, including separate enrollment counts of resident and nonresident students.

(12) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND NECESSARY PLANTS

For small school districts and remote and necessary school plants within any district which have been judged to be remote and necessary by the superintendent of public instruction, additional staff units are provided to ensure a minimum level of staffing support. Additional administrative and certificated

instructional staff units provided to districts in this subsection shall be reduced by the general education staff units, excluding career and technical education and skills center enhancement units, otherwise provided in subsections (2) through (5) of this section on a per district basis.

(a) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the superintendent of public instruction and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(b) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the superintendent of public instruction:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(c) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools, except as noted in this subsection:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full-time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students;

(iii) Districts receiving staff units under this subsection shall add students enrolled in a district alternative high school and any grades nine through twelve alternative learning experience programs with the small high school enrollment for calculations under this subsection;

(d) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(e) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6

program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit;

(f)(i) For enrollments generating certificated staff unit allocations under (a) through (e) of this subsection, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;

(ii) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit; and

(g) School districts receiving additional staff units to support small student enrollments and remote and necessary plants under this subsection (12) shall generate additional MSOC allocations consistent with the nonemployee related costs (NERC) allocation formula in place for the 2010-11 school year as provided section 502, chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for inflation.

(13) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(14) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2026 and 2027 as follows:

(a) \$650,000 of the general fund—state appropriation for fiscal year 2026 and \$650,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

(b) \$436,000 of the general fund—state appropriation for fiscal year 2026 and \$436,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(15) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(16) Funding in this section is sufficient to fund a maximum of 1.2 FTE enrollment for career launch students pursuant to RCW 28A.700.130. Expenditures for this purpose must come first from the appropriations provided in section 501(5) of this act; funding for career launch enrollment exceeding those appropriations is provided in this section. The office of the superintendent of public instruction shall provide a summary report to the office of the governor and the appropriate committees of the legislature by January 1, 2026. The report must include the total FTE enrollment for career launch students, the FTE enrollment for career launch students that exceeded the appropriations provided in section 501(5) of this act, and the amount expended from this section for those students.

(17)(a) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.4 FTE including school district and institution of higher education enrollment consistent with the running start course requirements provided in chapter 202, Laws of 2015 (dual credit education opportunities). In calculating the combined 1.4 FTE, the office of the superintendent of public instruction:

(i) Must adopt rules to fund the participating student's enrollment in running start courses provided by the institution of higher education during the summer academic term; and

(ii) May average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and the institution of higher education.

(b) In consultation with the state board for community and technical colleges, the participating institutions of higher education, the student achievement council, and the education data center, must annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(18) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (12) of this section, the following apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (12) of this section shall be reduced in increments of twenty percent per year.

(19)(a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed the lesser of five percent or the cap established in federal law of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and financial reporting purposes under this section.

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

NEW SECTION. Sec. 505. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION

(1) The following calculations determine the salaries used in the state allocations for certificated instructional, certificated administrative, and classified staff units as provided in RCW 28A.150.260, and under section 504 of this act: For the 2025-26 school year and the 2026-27 school year salary allocations for certificated instructional staff, certificated administrative staff, and classified staff units are determined for each school district by multiplying the statewide minimum salary allocation for each staff type by the school district's regionalization factor shown in LEAP Document 3.

Statewide Minimum Salary Allocation

Staff Type	2025-26 School Year	2026-27 School Year
Certificated Instructional	\$80,164	\$82,248

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Certificated	\$118,994	\$122,088
Administrative		
Classified	\$57,507	\$59,002

(2) For the purposes of this section, "LEAP Document 3" means the school district regionalization factors for certificated instructional, certificated administrative, and classified staff, as developed by the legislative evaluation and accountability program committee on March 3, 2024, at 11:16 hours and adopted in the 2024 operating budget.

(3) Incremental fringe benefit factors are applied to salary adjustments at the rates specified in section 506 of this act.

(4) The salary allocations established in this section are for allocation purposes only except as provided in this subsection, and do not entitle an individual staff position to a particular paid salary except as provided in RCW 28A.400.200, as amended by chapter 13, Laws of 2017 3rd sp. sess. (fully funding the program of basic education).

NEW SECTION. Sec. 506. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund—State Appropriation (FY 2026)..\$593,474,000
General Fund—State Appropriation (FY 2027)..\$738,666,000
TOTAL APPROPRIATION.....\$1,332,140,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The salary increases provided in this section are 2.5 percent for the 2025-26 school year, and 2.6 percent for the 2026-27 school year, the annual inflationary adjustments pursuant to RCW 28A.400.205.

(2)(a) In addition to salary allocations, the appropriations in this section include funding for professional learning as defined in RCW 28A.415.430, 28A.415.432, and 28A.415.434. Funding for this purpose is calculated as the equivalent of three days of salary and benefits for each of the funded full-time equivalent certificated instructional staff units. Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.

(b) Of the funding provided for professional learning in this section, the equivalent of one day of salary and benefits for each of the funded full-time equivalent certificated instructional staff units in the 2025-26 school year must be used to train school district staff on cultural competency, diversity, equity, or inclusion, as required in chapter 197, Laws of 2021.

(3)(a) The appropriations in this section include associated incremental fringe benefit allocations at 15.39 percent for the 2025-26 school year and 15.39 percent for the 2026-27 school year for certificated instructional and certificated administrative staff and 14.72 percent for the 2025-26 school year and 14.72 percent for the 2026-27 school year for classified staff.

(b) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocations and methodology in sections 504 and 505 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 504 and 505 of this act. Changes for pupil transportation are determined by the superintendent of public instruction pursuant to RCW 28A.160.192, and impact compensation factors in sections 504, 505, and 506 of this act.

(c) The appropriations in this section include no salary

adjustments for substitute teachers.

(4) The appropriations in this section are sufficient to fund the collective bargaining agreement referenced in part IX of this act and reflect the incremental change in cost of allocating rates as follows: For the 2025-26 school year, \$1,307 per month and for the 2026-27 school year, \$1,341 per month.

(5) The rates specified in this section are subject to revision each year by the legislature.

(6) \$3,554,000 of the general fund—state appropriation for fiscal year 2026 and \$7,185,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for changes to the special education multiplier and enrollment limit as specified in Engrossed Second Substitute Senate Bill No. 5263 (special education funding). If the bill is not enacted by June 30, 2025, these amounts shall lapse.

NEW SECTION. Sec. 507. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR PUPIL TRANSPORTATION

General Fund—State Appropriation (FY 2026) ..\$856,979,000
General Fund—State Appropriation (FY 2027) ..\$868,449,000
TOTAL APPROPRIATION\$1,725,428,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2)(a) For the 2025-26 and 2026-27 school years, the superintendent shall allocate funding to school district programs for the transportation of eligible students as provided in RCW 28A.160.192. Funding in this section constitutes full implementation of RCW 28A.160.192, which enhancement is within the program of basic education. Students are considered eligible only if meeting the definitions provided in RCW 28A.160.160.

(b) From July 1, 2025, to August 31, 2025, the superintendent shall allocate funding to school districts programs for the transportation of students as provided in section 507, chapter 376, Laws of 2024, as amended.

(3) Within amounts appropriated in this section, up to \$10,000,000 of the general fund—state appropriation for fiscal year 2026 and up to \$10,000,000 of the general fund—state appropriation for fiscal year 2027 are for a transportation alternate funding grant program based on the alternate funding process established in RCW 28A.160.191. The superintendent of public instruction must include a review of school district efficiency rating, key performance indicators and local school district characteristics such as unique geographic constraints in the grant award process.

(4) A maximum of \$939,000 of the general fund—state appropriation for fiscal year 2026 and a maximum of \$939,000 of the general fund—state appropriation for fiscal year 2027 may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(5) Subject to available funds under this section, school districts may provide student transportation for summer skills center programs.

(6) The office of the superintendent of public instruction shall provide reimbursement funding to a school district for school bus purchases only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on

similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(7) The superintendent of public instruction shall base depreciation payments for school district buses on the presales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

(8) The office of the superintendent of public instruction shall annually disburse payments for bus depreciation in August.

NEW SECTION. Sec. 509. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR SPECIAL EDUCATION PROGRAMS

General Fund—State Appropriation (FY 2026)

.....\$2,247,317,000

General Fund—State Appropriation (FY 2027)

.....\$2,381,953,000

General Fund—Federal Appropriation.....\$646,520,000

Education Legacy Trust Account—State Appropriation

.....\$54,694,000

TOTAL APPROPRIATION\$5,330,484,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 504 and 506 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(b) Funding provided within this section is sufficient for districts to provide school principals and lead special education teachers annual professional development on the best-practices for special education instruction and strategies for implementation. Districts shall annually provide a summary of professional development activities to the office of the superintendent of public instruction.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b)(i) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006, except as provided in (b)(ii) of this subsection.

(ii) The superintendent of public instruction shall implement any changes to excess cost accounting methods required under chapter 417, Laws of 2023 (special education funding).

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4)(a) For the 2025-26 and 2026-27 school years, the superintendent shall allocate funding to school district programs for special education students as provided in RCW 28A.150.390, except that the calculation of the base allocation also includes allocations provided under section 504 (2) and (4) of this act and RCW 28A.150.415, which enhancement is within the program of basic education.

(b) From July 1, 2025, to August 31, 2025, the superintendent shall allocate funding to school district programs for special education students as provided in section 509, chapter 376, Laws of 2024, as amended.

(5) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the

2025 REGULAR SESSION

maximum enrollment percent shall be calculated in accordance with RCW 28A.150.390(3) (c) and (d), and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(6) \$205,458,000 of the general fund—state appropriation for fiscal year 2026, \$205,458,000 of the general fund—state appropriation for fiscal year 2027, and \$29,574,000 of the general fund—federal appropriation are provided solely for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (4) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (6) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. At the conclusion of each school year, the superintendent shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible.

(a) For the 2025-26 and 2026-27 school years, safety net funds shall be awarded by the state safety net oversight committee as provided in section 109(1) chapter 548, Laws of 2009 (education).

(b) The office of the superintendent of public instruction shall make award determinations for state safety net funding in August of each school year, except that the superintendent of public instruction shall make award determinations for state safety net funding in July of each school year for the Washington state school for the blind and for the center for childhood deafness and hearing loss. Determinations on school district eligibility for state safety net awards shall be based on analysis of actual expenditure data from the current school year.

(7) A maximum of \$1,250,000 may be expended from the general fund—state appropriations to fund teachers and aides at Seattle children's hospital. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(8) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(9) A school district may carry over from one year to the next year up to 10 percent of the general fund—state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(10) \$87,000 of the general fund—state appropriation for fiscal year 2026, \$87,000 of the general fund—state appropriation for fiscal year 2027, and \$214,000 of the general fund—federal appropriation are provided solely for a special education family liaison position within the office of the superintendent of public instruction.

(11) \$660,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for litigation costs for *N.D. v. Reykdal*, United States District Court for the Western District of Washington.

(12) \$114,271,000 of the general fund—state appropriation for fiscal year 2026 and \$195,418,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for changes to the special education multiplier, enrollment limit, and safety net payments as specified in Engrossed Second Substitute Senate Bill No. 5263 (special education funding). If the bill is not enacted by June 30, 2025, these amounts shall lapse.

(13) \$5,356,000 of the general fund—state appropriation for

fiscal year 2026 and \$7,339,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Engrossed Substitute Senate Bill No. 5192 (school district materials). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

(14) \$5,123,000 of the general fund—state appropriation for fiscal year 2026 and \$7,275,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of Substitute Senate Bill No. 5253 (special education services). If the bill is not enacted by June 30, 2025, the amounts provided in this subsection shall lapse.

NEW SECTION. Sec. 510. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR EDUCATIONAL SERVICE DISTRICTS

General Fund—State Appropriation (FY 2026)\$35,244,000

General Fund—State Appropriation (FY 2027)\$35,113,000

TOTAL APPROPRIATION\$70,357,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The educational service districts shall continue to furnish financial services required by the superintendent of public instruction and RCW 28A.310.190 (3) and (4).

(2) Funding within this section is provided for regional professional development related to mathematics and science curriculum and instructional strategies aligned with common core state standards and next generation science standards. Funding shall be distributed among the educational service districts in the same proportion as distributions in the 2007-2009 biennium. (3) Funding in this section is provided for regional professional development related to English language arts curriculum and instructional strategies aligned with common core state standards. Each educational service district shall use this funding solely for salary and benefits for certificated instructional staff with expertise in the appropriate subject matter and in professional development delivery, and for travel, materials, and other expenditures related to providing regional professional development support.

(4) Funding in this section is provided for regional technical support for the K-20 telecommunications network to prevent system failures and avoid interruptions in school utilization of the data processing and video-conferencing capabilities of the network. These funds may be used to purchase engineering and advanced technical support for the network.

(5) Funding in this section is provided for a corps of nurses located at the educational service districts, to be dispatched in coordination with the office of the superintendent of public instruction, to provide direct care to students, health education, and training for school staff. In fiscal years 2026 and 2027, allocations for the corps of nurses is sufficient to provide one day per week of nursing services for all second-class school districts.

(6) Funding in this section is provided for staff and support at the nine educational service districts to provide a network of support for school districts to develop and implement comprehensive suicide prevention and behavioral health supports for students.

(7) Funding in this section is provided for staff and support at the nine educational service districts to provide assistance to school districts with comprehensive safe schools planning, conducting needs assessments, school safety and security trainings, coordinating appropriate crisis and emergency response

and recovery, and developing threat assessment and crisis intervention teams. In fiscal years 2026 and 2027, allocations for staff and support for regional safety centers are increased to 3 full-time equivalent certificated instructional staff for each regional safety center.

(8) Funding in this section is provided for regional English language arts coordinators to provide professional development of teachers and principals around the new early screening for dyslexia requirements.

(9) The educational service districts, at the request of the state board of education pursuant to RCW 28A.310.010 and 28A.305.130, may receive and screen applications for school accreditation, conduct school accreditation site visits pursuant to state board of education rules, and submit to the state board of education post-site visit recommendations for school accreditation. The educational service districts may assess a cooperative service fee to recover actual plus reasonable indirect costs for the purposes of this subsection.

(10) \$2,169,000 of the general fund—state appropriation for fiscal year 2026 and \$2,169,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for each educational service district to provide technology consultation, procurement, and training required under chapter 301, Laws of 2021 (schools/computers & devices).

(11) \$2,180,000 of the general fund—state appropriation for fiscal year 2026 and \$2,237,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for implementation of chapter 87, Laws of 2022 (ed. service district funding).

(12) \$500,000 of the general fund—state appropriation for fiscal year 2026 and \$500,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for educational service districts to provide students attending school in rural areas with access to a mental health professional using telemedicine. Funding must be prioritized to districts where mental health services are inadequate or nonexistent due to geographic constraints. Funding may be used for schools or school districts for technology upgrades to provide secure access for students, for contracted services, or to pay applicable copays or fees for telemedicine visits if not covered by a student's public or private insurance.

(13) \$4,000,000 of the general fund—state appropriation for fiscal year 2026 and \$4,000,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to continue behavioral health regional services grants to support school districts with the least access to behavioral health services.

If a Washington-based organization cannot be found, the office may seek proposals from organizations incorporated outside of Washington. Of the amounts provided in this subsection, \$5,000 of the general fund—state appropriation for fiscal year 2026 is provided for the Puget Sound educational service district to administer the contract.

NEW SECTION. Sec. 511. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR LOCAL EFFORT ASSISTANCE

General Fund—State Appropriation (FY 2026)..\$202,536,000
General Fund—State Appropriation (FY 2027)..\$252,636,000
TOTAL APPROPRIATION.....\$455,172,000

The appropriations in this section are subject to the following

conditions and limitations: \$31,627,000 of the general fund—state appropriation for fiscal year 2026 and \$105,389,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for an inflation enhancement in addition to the state local effort assistance threshold under RCW 28A.500.015 of \$150 per pupil in the 2026 calendar year and \$250 per pupil in the 2027 calendar year.

NEW SECTION. Sec. 512. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR INSTITUTIONAL EDUCATION PROGRAMS

General Fund—State Appropriation (FY 2026)\$19,276,000

General Fund—State Appropriation (FY 2027)\$19,361,000

TOTAL APPROPRIATION\$38,637,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund—state fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) State funding provided under this section is based on salaries and other expenditures for a 220-day school year. The superintendent of public instruction shall monitor school district expenditure plans for institutional education programs to ensure that districts plan for a full-time summer program.

(3) State funding for each institutional education program shall be based on the institution's annual average full-time equivalent student enrollment. Staffing ratios for each category of institution shall remain the same as those funded in the 1995-97 biennium.

(4) The funded staffing ratios for education programs for juveniles age 18 or less in department of corrections facilities shall be the same as those provided in the 1997-99 biennium.

(5) Funding in this section is sufficient to maintain at least one certificated instructional staff and related support services at an institution whenever the K-12 enrollment is not sufficient to support one full-time equivalent certificated instructional staff to furnish the educational program. The following types of institutions are included: Residential programs under the department of social and health services for developmentally disabled juveniles, programs for juveniles under the department of corrections, programs for juveniles under the juvenile rehabilitation administration, and programs for juveniles operated by city and county jails.

(6) Within the amounts provided in this section, funding is provided to increase the capacity of institutional education programs to differentiate instruction to meet students' unique educational needs, including students with individualized educational plans. Those needs may include but are not limited to one-on-one instruction, enhanced access to counseling for social emotional needs of the student, and services to identify the proper level of instruction at the time of student entry into the facility. Allocations of amounts for this purpose in a school year must be based on 45 percent of full-time enrollment in institutional education receiving a differentiated instruction amount per pupil equal to the total statewide allocation generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and the allocation under RCW 28A.150.415, per the statewide full-time equivalent enrollment in common schools.

(7) \$200,000 of the general fund—state appropriation for fiscal year 2026 and \$200,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to support two student records coordinators to manage the transmission of academic records for each of the long-term juvenile institutions. One coordinator is provided for each of the following: The Issaquah school district for the Echo Glen children's center and for the Chehalis school district for Green Hill academic school.

(8) Ten percent of the funds allocated for the institution may be carried over from one year to the next.

NEW SECTION. Sec. 519. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

(1) Amounts distributed to districts by the superintendent through part V of this act are for allocation purposes only, unless specified by part V of this act, and do not entitle a particular district, district employee, or student to a specific service, beyond

what has been expressly provided in statute. Part V of this act restates the requirements of various sections of Title 28A RCW. If any conflict exists, the provisions of Title 28A RCW control unless this act explicitly states that it is providing an enhancement. Any amounts provided in part V of this act in excess of the amounts required by Title 28A RCW provided in statute, are not within the program of basic education unless clearly stated by this act.

(2) When adopting new or revised rules or policies relating to the administration of allocations in part V of this act that result in fiscal impact, the office of the superintendent of public instruction shall seek legislative approval through the budget request process.

(3) Appropriations made in this act to the office of the superintendent of public instruction shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act.

(4) Appropriations in sections 504 and 506 of this act for insurance benefits under chapter 41.05 RCW are provided solely for the superintendent to allocate to districts for employee health benefits as provided in section 910 of this act. The superintendent may not allocate, and districts may not expend, these amounts for any other purpose beyond those authorized in section 910 of this act.

(5) As required by RCW 28A.710.110, the office of the superintendent of public instruction shall transmit the charter school authorizer oversight fee for the charter school commission to the charter school oversight account.

(6) The appropriations to the office of the superintendent of public instruction in this act shall be expended for the programs and amounts specified in this act.

NEW SECTION. Sec. 520. FOR THE OFFICE OF THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR CHARTER SCHOOLS

General Fund—State Appropriation (FY 2026)....\$94,183,000

General Fund—State Appropriation (FY 2027)....\$95,936,000

TOTAL APPROPRIATION.....\$190,119,000

The appropriations in this section are subject to the following conditions and limitations: Funding in this section is sufficient for implementation of Engrossed Senate Bill No. 5769 (transition to kindergarten). Funding provided in this section is sufficient to support the enrollment of 7,266 annual average full-time equivalent eligible children per school year.

NEW SECTION. Sec. 523. FOR THE OFFICE OF THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR GRANTS AND PASS THROUGH FUNDING

General Fund—State Appropriation (FY 2026).....\$7,079,000

TOTAL APPROPRIATION.....\$7,079,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$1,500,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for dual language grants to grow capacity for high quality dual language learning. Grant funding may be used for new and existing dual language programs, heritage language programs for immigrant and refugee students, and indigenous language programs for native students. Of the amounts provided in this subsection, \$300,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for tribal language grants.

(b) Each grant recipient must convene an advisory board to guide the development and continuous improvement of its dual language program, including but not limited to: Determining which schools and languages will be prioritized; conducting outreach to the community; and addressing enrollment considerations and the hiring of staff. At least half the members of the board must be parents of English learner students or current or former English learner students. The other members of the board must represent teachers, students, school leaders, governing board members, youth, and community-based organizations that support English learners.

(2) \$1,500,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for a statewide information technology academy program. This public-private partnership will provide educational software, as well as information technology certification and software training opportunities for students and staff in public schools.

(3) \$1,200,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for implementation of chapter 157, Laws of 2016 (homeless students).

(4) \$200,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the office to contract with a nonprofit organization to develop and provide a Latino youth-on-youth gang violence prevention program for students and may offer a parent coaching program. The program must target Latino students ages 11 through 17 who are either involved in or at risk of becoming involved in a gang or in gang activities, and parents of the students. (8) \$179,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for the Peninsula school district aviation academy to prepare students for diverse careers in the aviation industry.

**PART VI
HIGHER EDUCATION**

NEW SECTION. Sec. 601. The appropriations in sections 605 through 611 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(3) Teacher preparation programs shall meet the requirements of RCW 28B.10.710 to incorporate information on the culture, history, and government of American Indian people in this state by integrating the curriculum developed and made available free of charge by the office of the superintendent of public instruction into existing programs or courses and may modify that curriculum in order to incorporate elements that have a regionally specific focus.

(4) Institutions must include the phone number of a campus, local, state, or national suicide, crisis, or counseling hotline on the back of newly issued student and faculty identification cards.

(5) Institutions of higher education shall not use appropriated funds to support intercollegiate athletics programs.

(6)(a) The student achievement council and institutions as defined in RCW 28B.92.030 and eligible for state financial aid programs under chapters 28B.92 and 28B.118 RCW shall ensure that data needed to analyze and evaluate the effectiveness of state financial aid programs are promptly transmitted to the education data center so that it is available and easily accessible. The data to be reported must include but not be limited to:

(i) The number of Washington college grant and college bound recipients;

(ii) Persistence and completion rates of Washington college grant recipients and college bound recipients, disaggregated by institution of higher education;

(iii) Washington college grant recipient grade point averages; and

(iv) Washington college grant and college bound scholarship program costs.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(b) The student achievement council shall submit student unit record data for state financial aid program applicants and recipients to the education data center.

(7) The institutions shall promptly notify the office of the attorney general upon the receipt of a request from or on behalf of a federal agency or a federal, state, or local law enforcement authority for health care information, as defined in RCW 70.02.010, program eligibility information for individuals, information that may identify a health care provider's or facility's delivery of health care services to noncitizens, or the delivery of protected health care services as defined in RCW 7.115.010 where the request may impact expenditures for such services. The institutions shall require contracted entities to notify the institutions promptly upon receipt of a request from a federal agency or law enforcement authority as described in this subsection.

NEW SECTION. Sec. 602. (1) Within the amounts appropriated in this act, each institution of higher education shall seek to:

(a) Maintain and to the extent possible increase enrollment opportunities at campuses, focusing on resident undergraduates;

(b) Maintain and to the extent possible increase enrollment opportunities at university centers and other partnership programs that enable students to earn baccalaureate degrees on community college campuses; and

(c) Eliminate and consolidate programs of study for which there is limited student or employer demand, or that are not areas of core academic strength for the institution, particularly when such programs duplicate offerings by other in-state institutions.

(2) For purposes of monitoring and reporting statewide enrollment, the University of Washington and Washington State University shall notify the office of financial management of the number of full-time student equivalent enrollments for each of their campuses.

NEW SECTION. Sec. 603. PUBLIC BACCALAUREATE INSTITUTIONS

(1) The state universities, the regional universities, and The Evergreen State College must accept the transfer of college-level courses taken by students under RCW 28A.600.290 or 28A.600.300 if a student seeking a transfer of the college-level courses has been admitted to the state university, the regional university, or The Evergreen State College, and if the college-level courses are recognized as transferrable by the admitting institution of higher education.

(2) Within existing resources, the governing boards of the University of Washington and Washington State University may establish a pilot program to make available and pay the costs of insurance for certain individuals, as determined by the institution, who are current or former intercollegiate student athletes. The pilot program may provide:

(a) Insurance for intercollegiate student athletes currently enrolled at the institution; and

(b) Health and health care insurance for former intercollegiate student athletes at the institution, who by rule of the institution's athletic association, are entitled to a period of post-eligibility health care to address athletics-related injuries and conditions.

NEW SECTION. Sec. 604. HIGHER EDUCATION COMPENSATION

Institutions of higher education receiving appropriations in this act are subject to the following terms and conditions:

(1) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the office of financial management for inclusion in the

agency's data warehouse. Uniform reporting procedures shall be established by the office of financial management's office of the state human resources director for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(2)(a) For employees under the jurisdiction of chapter 41.56 or 41.80 RCW, salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee's position is allocated.

(b) For each institution of higher education receiving appropriations in this act:

(i) The only allowable salary increases are those associated with normally occurring promotions and increases related to faculty and staff retention and as provided in part IX of this act.

(ii) Institutions may provide salary increases from sources other than general fund appropriations and tuition revenues to instructional and research faculty, exempt professional staff, teaching and research assistants, as classified by the office of financial management, and all other nonclassified staff, but not including employees under chapter 41.80 RCW. It is the intent of the legislature that salary increases provided under this subsection (2)(b)(ii) not increase state general fund support or impact tuition expenditures by an institution unless the legislature so determines.

(iii) Funding for salary increases provided under (b)(ii) of this subsection and RCW 41.76.035 and 28B.52.035 on or after July 1, 2019, must be excluded from the general fund and tuition salary base when calculating state funding for future general wage or other salary increases on or after July 1, 2019. In order to facilitate this funding policy, each institution shall report to the office of financial management on the details of locally authorized salary increases granted under (b)(ii) of this subsection and RCW 41.76.035 and 28B.52.035 with its biennial budget submittal. At a minimum, the report must include the total cost of locally authorized increases by fiscal year, a description of the locally authorized provision, and the long-term source of funds that is anticipated to cover the cost.

(3) Appropriations in sections 605 through 611 of this act are sufficient to implement 2025-2027 collective bargaining agreements at institutions of higher education negotiated under chapter 41.80 RCW and as set forth in part IX of this act.

(35) \$250,000 of the general fund—state appropriation for fiscal year 2026 and \$250,000 of the general fund—state appropriation for fiscal year 2027 are provided solely to maintain a data repository to assist the state and all political subdivisions with evaluating whether and to what extent existing laws and practices with respect to voting and elections are consistent with public policy, implementing best practices in voting and elections, and to investigate potential infringements upon the right to vote.

(a) The operation of the database shall be the responsibility of the director of the database, who shall be employed by the University of Washington with training and experience in demography, statistical analysis, and electoral systems. The director shall appoint necessary staff to implement and maintain the database.

(b) The database shall maintain in electronic format at least the following data and records, where available, for at least the previous 12-year period:

(i) Estimates of the total population, voting age population, and citizen voting age population by race, ethnicity, and language-minority groups, broken down to the election district and precinct level on a year-by-year basis for every political subdivision in the state, based on data from the United States census bureau, American community survey, or data of comparable quality collected by a public office;

(ii) Election results at the precinct level for every statewide election and every election in every political subdivision;

(iii) Regularly updated voter registration lists, voter history files, voting center locations, ballot drop box locations, and student engagement hub locations for every election in every political subdivision;

(iv) Contemporaneous maps, descriptions of boundaries, and shapefiles for election districts and precincts;

(v) The following records for every election in every political subdivision:

(A) Records of all voters issued a ballot and all voters who returned a ballot; and

(B) Records of all ballots with missing and mismatched signatures, including the date on which the voter was contacted or the notice was mailed, as well as the date on which the voter submitted updated information;

(vi) Apportionment plans for every election in every political subdivision; and

(vii) Any other data that the director deems advisable.

(c) Upon the certification of election results and the completion of the voter history file after each general election, the secretary of state shall transmit copies of the following to the director of the database:

(i) Election results at the precinct level, including information about rejected and cured ballots;

(ii) Voter history files;

(iii) Shapefiles for election districts; and

(iv) Lists of voting centers, ballot drop boxes, and student engagement hubs.

(d) The director and staff shall update election data in the database as soon as it is available from the office of the secretary of state, following certification of each election as required by RCW 29A.60.190 or 29A.60.250.

(e) Except for any data, information, or estimates that identify individual voters, the data, information, and estimates maintained by the database shall be posted online and made available to the public at no cost.

(f) The database shall prepare any estimates made pursuant to this section by applying scientifically rigorous and validated methodologies.

(g) The database shall publish on its website and transmit to the state for dissemination to county auditors and the secretary of state a list of political subdivisions required, pursuant to section 203 of the federal voting rights act, 52 U.S.C. Sec. 10503, to provide assistance to members of language-minority groups and each language in which those political subdivisions are required to provide assistance. Each county auditor shall transmit the list described in this subsection to all political subdivisions within their jurisdiction.

(h) The database will complete regular analysis of ballot rejections and cures, identifying population subgroups with higher than average ballot rejection rates. An annual report of ballot rejections will be posted online and made available to the public at no cost. Database staff may work with the secretary of state and county auditors to examine new practices and solutions for reducing ballot rejections and increasing ballot cure rates.

(i) Staff at the database may provide nonpartisan technical assistance to political subdivisions, scholars, and the general public seeking to use the resources of the database.

(36) \$122,000 of the general fund—state appropriation for fiscal year 2026 and \$122,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for sexual assault nurse examiner training.

The appropriations in this section are subject to the following conditions and limitations: \$119,000 of the general fund—state appropriation for fiscal year 2026 and \$119,000 of the general fund—state appropriation for fiscal year 2027 are provided solely for a museum art curator.

**PART VII
SPECIAL APPROPRIATIONS**

NEW SECTION. Sec. 701. FOR THE OFFICE OF FINANCIAL MANAGEMENT—INFORMATION TECHNOLOGY INVESTMENT POOL

General Fund—State Appropriation (FY 2026)....\$12,049,000

General Fund—State Appropriation (FY 2027).....\$6,242,000

State Treasurer's Service Account—State

Appropriation.....\$260,000

TOTAL APPROPRIATION.....\$18,551,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2025, dated April 26, 2025, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2025, dated April 26, 2025, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to Washington technology solutions for certification and release of funding for each gate of the project.

When Washington technology solutions certifies the key deliverables of the gate have been met, a current technology budget is approved and includes updated milestone deliverables with start dates and estimated completion dates for each deliverable through each stage of the entire project investment through project implementation and close out; and if applicable to the stage or gate of the project, that the project is putting functioning software into production that addresses user needs, is in compliance with the quality assurance plan, and meets a defined set of industry best practices for code quality that Washington technology solutions will post to their website by July 1, 2025, it must notify the office of financial management and the fiscal committees of the legislature. The office of financial management may not approve funding for the certified project gate any earlier than 10 business days from the date of notification to the fiscal committees of the legislature.

(3)(a) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by Washington technology solutions and the office of financial management.

(b) Fifteen percent of total funding allocated by the office of financial management, or another amount as defined jointly by the office of financial management and Washington technology solutions, will be retained in the account, but remain allocated to that project. The retained funding will be released to the agency only after successful completion of that stage of the project and only after Washington technology solutions certifies the stage as required in subsection (2) of this section. For the one Washington project, the amount retained is increased to at least 20 percent of total funding allocated for any stage of that project. If there is no significant risk to the project, the holdback does not apply to the final gate during a biennial close.

(4)(a) Each project must have a technology budget. The technology budget must have the detail by fiscal month for the 2025-2027 fiscal biennium. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out, as well as at least five years of maintenance and operations costs.

(b) As part of the development of a technology budget, as key milestone deliverables change that impact scope, schedule, or budget, and at each request for funding, the agency shall submit an updated technology budget, if changes occurred, to include detailed financial information to the office of financial management and Washington technology solutions. The technology budget must describe the total cost of the project, as well as maintenance and operations costs, to include and identify at least:

(i) Fund sources:

(A) If the project is funded from the information technology revolving account, the technology budget must include a worksheet that provides the fund sources that were transferred into the account by fiscal year;

(B) If the project managed is by a central service agency, and funds are driven out by the central service model, the technology budget must provide a statewide impact by agency by fund as a worksheet in the technology budget file;

(ii) Full time equivalent staffing level to include job classification assumptions. This is to assure that the project has adequate state staffing and agency support to ensure success, ensure user acceptance, and adequately test the functionality being delivered in each sprint before it is accepted by the agency's contracting officer or their representative. Key project functions

that are deemed "critical" must be retained by state personnel and not outsourced, to ensure that knowledge is retained within state government and that the state can self-sufficiently support the system and make improvements without long-term dependence on a vendor;

(iii) Discrete financial budget codes to include at least the appropriation index and program index. If the subproject or project is appropriated funding at more than one agency, as is done with the statewide electronic health records solution where federal funding is appropriated to the health care authority, then:

(A) The project technology budget and each impacted agency that receives appropriated funding must use the same program index across each agency;

(B) Each appropriation index from each impacted agency must be identified on the technology budget input page; and

(C) The technology budget must be compiled in the lead agency technology budget only, referencing any differences in appropriation index, as described in (b)(iii)(B) of this subsection;

(iv) Object and subobject codes of expenditures;

(v) Anticipated deliverables that must include a start date and estimated completion date for each deliverable to include, but not limited to, requests for proposals release dates, go-live dates, and software demonstration dates;

(vi) Historical budget and expenditure detail by fiscal year; and

(vii) Maintenance and operations costs by fiscal year for at least five years as a separate worksheet.

(c) If a project technology budget changes and once a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must be posted to the dashboard, to include a narrative rationale on what changed, why, and how the changes impact the project scope, budget, and schedule.

(5)(a) Each project must have a project charter. The charter must include:

(i) An organizational chart of the project management team that identifies team members and their roles and responsibilities, and shows that the project is adequately staffed by state personnel in key functions to ensure success;

(ii) The Washington technology solutions staff assigned to the project;

(iii) A project roadmap that includes the problems the team is solving and the sequence in which the team intends to take on those problems, updated periodically to reflect what has been learned;

(iv) Metrics to support the project strategy and vision, to determine that the project is incrementally meeting user needs;

(v) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;

(vi) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;

(vii) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and

(viii) Financial budget coding to include at least discrete financial coding for the project.

(b) If required by Washington technology solutions, a project may also need to have an investment plan. Washington technology solutions must:

(i) Base the requirement of an agency needing to have an investment plan on the complexity and risk of the project;

(ii) Establish requirements by project risk level in statewide technology policy, and publish the requirements by September 30, 2025; and

(iii) In collaboration with the department of enterprise services,

define the circumstances under which the vendor will be terminated or replaced and establish the process by which the agency will transition to a new vendor with a minimal reduction in project productivity.

(6)(a) Projects with estimated costs greater than \$100,000,000 from initiation to completion and implementation may be divided into discrete subprojects as determined by Washington technology solutions, except for the one Washington project which must be divided into the following discrete subprojects: Core financials, expanding financials and procurement, budget, and human resources. Each subproject must have a technology budget as provided in this section.

(b) If the project affects more than one agency:

(i) A separate technology budget and investment plan must be prepared by each agency; and

(ii) There must be a budget roll up that includes each affected agency at the subproject level.

(7) Washington technology solutions shall maintain a statewide information technology project dashboard that provides updated information each fiscal month on projects subject to this section. The statewide dashboard must meet the requirements in section 156 of this act.

(8) For any project that exceeds \$2,000,000 in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:

(a) Independent quality assurance services for the project must report independently to Washington technology solutions;

(b) Washington technology solutions, based on project risk assessments, may require additional quality assurance services and independent verification and validation services;

(c) Washington technology solutions must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

(d) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(e) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed;

(f) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements;

(g) The agency and project must use an agile development model holding live demonstrations of functioning software, developed using incremental user research, held at the end of every two-week sprint, except for:

(i) Hardware or infrastructure projects; and

(ii) Projects that have implemented all phases and are now in maintenance and operations;

(h) The project solution must be capable of being continually updated, as necessary; and

(i) The agency and project must deploy usable functionality into production for users within 180 days from the date of an executed procurement contract in response to a competitive request for proposal.

(9) Washington technology solutions must evaluate the project at each stage and certify whether the project is putting functioning software into production that addresses user needs, is projected to be completed within budget, is in compliance with the quality assurance plan, and meets a defined set of industry best practices for code quality, and whether the project is planned, managed,

meeting deliverable targets as defined in the project's approved technology budget and investment plan, and that the current technology budget reflects updated scope, schedule, and budget to include updated milestone deliverables with start dates and estimated completion dates through each stage of the entire project investment through project implementation and close out.

(10) Washington technology solutions may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. Washington technology solutions must report on December 1 each calendar year any suspension or termination of a project in the previous 12-month period to the legislative fiscal committees.

(11) Washington technology solutions, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. Washington technology solutions must report on December 1 each calendar year any additional projects to be subjected to this section that were identified in the previous 12-month period to the legislative fiscal committees.

(12) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. For any other information technology project subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

(13) The following information technology projects are subject to the conditions, limitations, and review of this section: The resident portal of the Washington technology solutions agency.

PART IX MISCELLANEOUS

NEW SECTION. Sec. 901. EXPENDITURE AUTHORIZATIONS

The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formal loan agreement shall be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 2023-2025 fiscal biennium.

NEW SECTION. Sec. 902. EMERGENCY FUND ALLOCATIONS

Whenever allocations are made from the governor's emergency fund appropriation to an agency that is financed in whole or in part by other than general fund moneys, the director of financial management may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance the agency. An appropriation is not necessary to effect such repayment.

NEW SECTION. Sec. 903. STATUTORY APPROPRIATIONS

In addition to the amounts appropriated in this act for revenues for distribution, state contributions to the law enforcement officers' and firefighters' retirement system plan 2 and bond retirement and interest, including ongoing bond registration and transfer charges, transfers, interest on registered warrants, and certificates of indebtedness, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under chapters 39.94, 39.96, and 39.98 RCW or any proper bond covenant made under law.

NEW SECTION. Sec. 904. BOND EXPENSES

In addition to such other appropriations as are made by this act, there is hereby appropriated to the state finance committee from legally available bond proceeds in the applicable construction or building funds and accounts such amounts as are necessary to pay the expenses incurred in the issuance and sale of the subject bonds.

NEW SECTION. Sec. 905. VOLUNTARY RETIREMENT AND SEPARATION

(1) As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may implement either a voluntary retirement or separation program, or both, that is cost neutral or results in cost savings, including costs to the state pension systems, over a two-year period following the commencement of the program, provided that such a program is approved by the director of financial management. Agencies participating in this authorization may offer voluntary retirement and/or separation incentives and options according to procedures and guidelines established by the office of financial management in consultation with the department of retirement systems. The options may include, but are not limited to, financial incentives for voluntary separation or retirement. An employee does not have a contractual right to a financial incentive offered under this

section. The office of financial management and the department of retirement systems may review and monitor incentive offers. Agencies are required to submit a report by the date established by the office of financial management in the guidelines required in this section to the legislature and the office of financial management on the outcome of their approved incentive program. The report should include information on the details of the program, including the incentive payment amount for each participant, the total cost to the state, and the projected or actual net dollar savings over the two-year period.

(2) The department of retirement systems may collect from employers the actuarial cost of any incentive provided under this program, or any other incentive to retire provided by employers to members of the state's pension systems, for deposit in the appropriate pension account.

NEW SECTION. Sec. 906. COLLECTIVE BARGAINING AGREEMENTS NOT IMPAIRED

Nothing in this act prohibits the expenditure of any funds by an agency or institution of the state for benefits guaranteed by any collective bargaining agreement in effect on the effective date of this section.

NEW SECTION. Sec. 907. COLLECTIVE BARGAINING AGREEMENTS

(1) In accordance with chapters 41.80 and 41.56 RCW, agreements have been reached between the governor and organizations representing state employee bargaining units and nonstate employee bargaining units for the 2025-2027 fiscal biennium presented to the legislature during the 2025 legislative session. Funding is not provided for compensation and fringe benefit provisions not presented to the legislature by the end of the 2025 legislative session. NEW SECTION. Sec. 908. LEGISLATIVE COLLECTIVE BARGAINING AGREEMENTS

In accordance with chapter 44.90 RCW, the first agreements have been reached between the employer and organizations representing legislative employee bargaining units for the 2025-2027 fiscal biennium and presented to the legislature during the 2025 legislative session. Funding is approved for agreements with the legislative professionals association and the Washington public employees association.

NEW SECTION. Sec. 909. COMPENSATION—INSURANCE BENEFITS

(1)(a) An agreement was reached for the 2025-2027 biennium between the governor and the health care coalition under the provisions of chapter 41.80 RCW. Appropriations in this act for state agencies, including institutions of higher education, are sufficient to implement the provisions of the 2025-2027 collective bargaining agreement, which maintains the provisions of the prior agreement.

(b) Appropriations for state agencies in this act are sufficient for represented employees outside the coalition and for nonrepresented state employee health benefits.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(2) The appropriations for state agencies in this act are subject to the following conditions and limitations:

(a) The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$1,333 per eligible employee for fiscal year 2026.

(b) For fiscal year 2027, the monthly employer funding rate shall not exceed \$1,350 per eligible employee.

(c) The health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. For calendar years 2026 and 2027, the subsidy shall be up to \$183 per month. Funds from reserves accumulated for future adverse claims experience, from past favorable claims experience, or otherwise, may not be used to increase this retiree subsidy beyond what is authorized in this subsection.

(d) The monthly employer funding rate paid by school districts and educational service districts to the health care authority includes \$67.61 per month beginning September 1, 2025, and \$77.56 beginning September 1, 2026, for deposit into the public employees' and retirees' insurance account established in RCW 41.05.120.

(3) The funding rates in subsection (2) of this section are sufficient to cover, effective January 1, 2026, the following:

(a) In the uniform medical plan, coverage for doula services;

(b) In the uniform dental plan, the following:

(i) Increasing the temporomandibular joint benefit to \$1,000 annually and \$5,000 per lifetime;

(ii) Eliminating the deductible for children up to age 15; and

(c) Implementation of Engrossed Second Substitute Senate Bill No. 5083 (hospital affordability); and

(d) Elimination of the smart health program as provided in Senate Bill No. 5807 (health plan incentives).

(4) The funding rates in subsection (2) of this section are not sufficient to continue offering an accountable care plan as of plan year 2026.

(5) The rates are not sufficient to add coverage of prescription drugs for the treatment of obesity or weight loss. The authority shall not add coverage of prescription drugs for the treatment of obesity or weight loss without a specific appropriation from the legislature. Nothing in this section requires removal of any existing coverage of prescription drugs to treat diabetes.

(6) Current funding allows for the public employees' benefits board to adjust the employer paid long term disability benefit to a maximum monthly benefit of \$450 within the current funding resources.

NEW SECTION. Sec. 910. COMPENSATION—SCHOOL EMPLOYEES—INSURANCE BENEFITS

An agreement was reached for the 2025-2027 biennium between the governor and the school employee coalition under the provisions of chapters 41.56 and 41.59 RCW. Appropriations in this act for allocations to school districts are sufficient to implement the provisions of the 2025-2027 collective bargaining agreement, which maintains the provisions of the prior agreement, and are subject to the following conditions and limitations:

(1) The monthly employer funding rate for insurance benefit premiums, school employees' benefits board administration, retiree remittance, and the uniform medical plan, shall not exceed the rates identified in section 506(4) of this act.

(a) These rates are sufficient to cover:

(i) In the uniform medical plan, effective January 1, 2026, coverage for doula services;

(ii) Implementation of Engrossed Second Substitute Senate Bill No. 5083 (hospital affordability); and

(iii) Elimination of the smart health program as provided in Senate Bill No. 5807 (health plan incentives).

(b) The funding rates in section 506(4) of this act are not sufficient to continue offering an accountable care plan as of plan year 2026.

(2) Current funding allows for the school employees' benefits board to adjust the employer paid long term disability benefit to a maximum monthly benefit of \$450 within the current funding resources.

(3) Except as provided by the parties' health care agreement, in order to achieve the level of funding provided for health benefits, the school employees' benefits board shall require any or all of the following: Employee premium copayments, increases in point-of-service cost sharing, the implementation of managed competition, or other changes to benefits consistent with RCW 41.05.740.

(4) The funding rates in section 506(4) of this act are not sufficient to add coverage of prescription drugs for the treatment of obesity or weight loss. The authority shall not add coverage of prescription drugs for the treatment of obesity or weight loss without a specific appropriation from the legislature. Nothing in this section requires removal of any existing coverage of prescription drugs to treat diabetes.

(5) When bargaining for funding for school employees health benefits for subsequent fiscal biennia, any proposal agreed upon must assume the imposition of a \$25 per month surcharge payment from members who use tobacco products and a surcharge payment of not less than \$50 per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

NEW SECTION. Sec. 911. GENERAL WAGE INCREASES

(1) Appropriations for state agency employee compensation in this act are sufficient to provide general wage increases to state agency employees and employees of institutions of higher education, who are not represented or who bargain under statutory authority other than chapter 41.80 or 47.64 RCW or RCW 41.56.473 or 41.56.475.

(2) Funding is provided for a three percent general wage increase effective July 1, 2025, for all classified employees as specified in subsection (1) of this section, employees in the Washington management service, and exempt employees under the jurisdiction of the office of financial management. The appropriations are also sufficient to fund a three percent salary increase effective July 1, 2025, for executive, legislative, and judicial branch employees exempt from merit system rules whose maximum salaries are not set by the commission on salaries for elected officials.

(3) Funding is provided for a two percent general wage increase effective July 1, 2026, for all classified employees as specified in subsection (1) of this section, employees in the Washington management service, and exempt employees under the jurisdiction of the office of financial management. The appropriations are also sufficient to fund a two percent salary increase effective July 1, 2026, for executive, legislative, and judicial branch employees exempt from merit system rules whose maximum salaries are not set by the commission on salaries for elected officials.

NEW SECTION. Sec. 912. COMPENSATION—PENSION CONTRIBUTIONS

(1) Except as otherwise provided in this section, appropriations in this act for school districts and state agencies, including institutions of higher education, are adjusted to reflect changes to agency appropriations to reflect pension contribution rates adopted by the pension funding council and the law enforcement officers' and firefighters' retirement system plan 2 board.

(2) Appropriations for school districts and state agencies are adjusted to reflect savings resulting from changes to pension funding as provided in Engrossed Substitute Senate Bill No. 5357 (actuarial pension funding).

NEW SECTION. Sec. 913. INITIATIVE 732 COST-OF-LIVING INCREASES

Part VI of this act includes funding for the greater of the general wage increase identified in section 911 of this act or a cost of living adjustment for state employees pursuant to RCW 28B.50.465 and 28B.50.468, as amended by Senate Bill No. 5790 (CTC employee COLAs), for a total increase of 3.0 percent, effective July 1, 2025, and 2.7 percent, effective July 1, 2026.

NEW SECTION. Sec. 914. (1) During the 2025-2027 fiscal biennium, the health care authority, department of commerce, department of corrections, and department of children, youth, and families must revise their agreements and contracts with vendors to include a provision to require that each vendor agrees to equality among its workers by ensuring similarly employed individuals are compensated as equals as follows:

(a) Employees are similarly employed if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed.

(b) Vendors may allow differentials in compensation for their workers based in good faith on any of the following: A seniority system, a merit system, a system that measures earnings by quantity or quality of production, a bona fide job-related factor or factors, or a bona fide regional difference in compensation levels.

(c) A bona fide job-related factor or factors may include, but is not limited to, education, training, or experience, that is consistent with business necessity, not based on or derived from a gender-based differential, and accounts for the entire differential.

(d) A bona fide regional difference in compensation level must be consistent with business necessity, not based on or derived from a gender-based differential, and account for the entire differential.

(2) The provision must allow for the termination of the contract if the agency or the department of enterprise services determines that the vendor is not in compliance with this agreement or contract term.

(3) Agencies must implement this provision with any new contract and at the time of renewal of any existing contract.

(4) The department of enterprise services must revise its master contracts with vendors, including cooperative purchasing agreements under RCW 39.26.060, in accordance with this section. Any cost incurred by the department of enterprise services to implement this section must be recouped from the fees charged to master contract vendors.

NEW SECTION. Sec. 915. (1) The jail modernization task force established in the 2023-2025 fiscal biennium continues to be composed of the following members:

(a) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;

(b) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(c) A representative from the caseload forecast council, as an

advisory member;

(d) One member appointed by and representing each of the following:

(i) The governor;

(ii) The department of corrections;

(iii) The sentencing guidelines commission;

(iv) The department of social and health services, representing the behavioral health administration's state hospitals;

(v) The health care authority;

(vi) The criminal justice training commission;

(vii) The superior court judges association;

(viii) The district and municipal court judges association;

(ix) The Washington association of criminal defense attorneys or the Washington defender association;

(x) The Washington association of prosecuting attorneys;

(xi) The Washington state minority and justice commission;

(xii) Disability rights Washington;

(xiii) A behavioral health administrative service organization; and

(xiv) An individual with lived experience; and

(e) Two members appointed by and representing each of the following:

(i) The Washington state association of counties, with one representative from east of the crest of the Cascades and one representative from west of the crest of the Cascades; and

(ii) The Washington association of sheriffs and police chiefs, with one representative from east of the crest of the Cascades and one representative from west of the crest of the Cascades.

(2) Any additions or modifications to the membership provided in subsection (1) of this section will be informed by the analysis performed by the Washington state institute for public policy and the convening assessment performed by the William D. Ruckelshaus center.

(3) The task force shall review the Washington state institute for public policy's report on jail characteristics, any resulting legislation from the criminal sentencing task force, and any resulting legislation from the Washington state joint legislative task force on jail standards. At a minimum, the task force shall also discuss the following:

(a) Employee retention issues and potential solutions;

(b) The impact of overtime, jail atmosphere, emergency response time, and inexperienced corrections officers, and how to overcome these challenges;

(c) The type of facility needed to house those with behavioral health needs and associated costs of these facilities;

(d) Available diversion programs and their costs;

(e) Types of existing behavioral health facilities for those involved in the criminal justice system, the costs of building and running these facilities, how these facilities vary by location, the viability of offering facilities in every county, and potential system improvements to the types of services and supports offered and delivered to those with behavioral health needs;

(f) The types of services and supports provided to those exiting the jail system; and

(g) What reforms are necessary to create and enhance a seamless transition back to the community following jail confinement.

(4) The task force shall develop a set of statewide jail modernization recommendations to include, at a minimum, identifying existing facilities in need of upgrades or remodel and any need for building new facilities, and potential funding sources or mechanisms to make the recommendations feasible.

(5) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on

2025 REGULAR SESSION

behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(6) The task force shall submit an initial report, including findings and recommendations, to the governor and the appropriate committees of the legislature, pursuant to RCW 43.01.036, by July 1, 2025. The task force shall submit a final report by December 31, 2025.

Sec. 916. 2023 c 475 s 912 (uncodified) is reenacted and amended to read as follows:

The Washington state missing and murdered indigenous women and people task force is established.

(1) The task force is composed of members as provided in this subsection.

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(c) The governor's office of Indian affairs shall appoint five representatives from federally recognized Indian tribes in Washington state.

(d) The president of the senate and the speaker of the house of representatives jointly shall appoint the following:

- (i) One member representing the Seattle Indian health board;
 - (ii) One member representing the NATIVE project;
 - (iii) One member representing Northwest Portland area Indian health board;
 - (iv) One member representing the American Indian health commission;
 - (v) Two indigenous women or family members of indigenous women that have experienced violence;
 - (vi) One member representing the governor's office of Indian affairs;
 - (vii) The chief of the Washington state patrol or his or her representative;
 - (viii) One member representing the Washington state office of the attorney general;
 - (ix) One member representing the Washington association of sheriffs and police chiefs;
 - (x) One member representing the Washington state association of counties;
 - (xi) One member representing the association of Washington cities;
 - (xii) One member representing the Washington association of prosecuting attorneys; and
 - (xiii) One representative of the Washington association of criminal defense lawyers.
- ~~((e) Where feasible, the task force may invite and consult with any entity, agency, or individual deemed necessary.))~~

~~(2) ((The legislative members shall convene the initial meeting of the task force no later than the end of 2023 and thereafter convene:~~

~~(a) A minimum of two subsequent meetings annually. The membership shall select the task force's co-chairs, which must include one legislator and one nonlegislative member; and~~

~~(b) One summit annually.~~

~~(3)) The task force shall review ((the)) current laws and policies relating to missing and murdered American Indian and Alaska Native people((The task force shall review current policies and develop recommendations)) for the purpose of:~~

(a) Assessing systemic causes behind violence including patterns and underlying historical, social and economic, institutional, and cultural factors which may contribute to disproportionately high levels of violence that occur against

American Indian and Alaska Native people and recommending changes to address these systemic causes;

(b) Identifying ways to improve cross-border coordination between law enforcement and federally recognized tribes that share a border with Washington state;

(c) Assessing and recommending improvements to data tracking and reporting practices relating to violence against American Indian and Alaska Native people in Washington state;

(d) Making recommendations and best practices for improving:

(i) The collection and reporting of data by tribal, local, and state law enforcement agencies to more effectively understand and address issues of violence facing American Indian and Alaska Native people;

(ii) Jurisdictional and data-sharing issues on tribal reservation land and urban areas that impact gender-based violence against American Indian and Alaska Native people;

(iii) The collaboration and coordination between law enforcement agencies and federal, state, county, local, and tribal social and health services; and

(iv) Strategies and practices to improve communication and transparency with family members in missing and murdered indigenous women and people cases;

(e) Reviewing prosecutorial trends and practices relating to crimes of violence against American Indian and Alaska Native people in Washington state, identifying disparities, and recommending changes to address such disparities;

(f) Identifying barriers to providing more state resources in tracking and addressing violence against American Indian and Alaska Native people and reducing the incidences of violence;

(g) Assessing and identifying state resources to support programs and services for survivors, impacted family members, and tribal and urban Indian service providers working with American Indian and Alaska Native people who have experienced violence and identifying needs of survivors, impacted family members, and tribal and urban Indian service providers that are not currently being met;

(h) Identifying and making recommendations for increasing state resources for trainings on culturally attuned best practices for working with American Indian and Alaska Native communities for tribal, local, and state law enforcement personnel in Washington state; ~~((and))~~

(i) Supporting efforts led by American Indian and Alaska Native people to address this crisis, with the recognition that those personally impacted are already doing critical work to address the impacts of the missing and murdered indigenous women and people crisis in communities and that community-led work must be centered in order to identify and fully address the scope of the issue; and

(j) Developing best practices for law enforcement agencies, county coroners, and medical examiners on collecting indigenous demographic data. The task force shall submit a report including findings and recommendations to the appropriate committees of the legislature by June 30, 2026.

(3) The task force shall conduct a feasibility to study to determine the potential impact and effectiveness of a commission focused on missing and murdered indigenous women and people. The feasibility study shall be submitted to the governor and appropriate committees of the legislature by June 30, 2026.

(4) The truth and healing tribal advisory committee shall conduct research and outreach to understand the operations and impact of Indian boarding schools in Washington run by public and faith-based institutions, and to develop recommendations for the state to acknowledge and address the historical and intergenerational harms caused by Indian boarding schools and other cultural and linguistic termination practices. By June 30,

2026, the office must submit a report to the appropriate committees of the legislature that includes, but is not limited to:

(a) A summary of activities undertaken by the advisory committee;

(b) Findings regarding the extent and types of support provided by the state to Indian boarding schools;

(c) Findings regarding current state policies and practices that originate from Indian boarding schools or other assimilationist policies and practices and that cause disproportionate harm to American Indian and Alaska Native people and communities; and

(d) Recommendations regarding how the state can address the harm done by Indian boarding schools and other cultural and linguistic termination practices through a truth and reconciliation model, including but not limited to:

(i) Resources and assistance that the state may provide to aid in the healing of trauma caused by Indian boarding school policies; and

(ii) Actions to correct current state policies and practices with origins in assimilationist policies or that cause disproportionate harm to Native people and communities.

(5)(a) The office of the attorney general shall administer and provide staff support to the task force and advisory committee and oversee the development of the reports and study required under subsections (2), (3), and (4) of this section.

~~((4))~~ (b) Where feasible, the task force may invite and consult with any entity, agency, or individual deemed necessary. The task force and tribal advisory committee, with the assistance of the Washington state office of the attorney general, must consult with federally recognized tribes in Washington state and in states bordering Washington state, and engage with urban Indian organizations to submit reports to the governor and the appropriate committees of the legislature by ~~((December 1, 2023, and June 1, 2025))~~ June 1, 2026.

~~((5)(a) The office of the attorney general administers and provides staff support to the task force, organizes the summit required under subsection (2)(b) of this section, and oversees the development of the task force reports required under subsection (4) of this section. The task force and the office of the attorney general shall conduct four site visits in different locations across the state in collaboration with tribes and native-led organizations. The office of the attorney general may contract for the summit.~~

(b) The office of the attorney general may, when deemed necessary by the task force, retain consultants to provide data analysis, research, recommendations, training, and other services to the task force for the purposes provided in subsection (3) of this section.

(c) The office of the attorney general may share and exchange information received or created on behalf of the task force with other states, federally recognized Indian tribes, urban Indian organizations, and other national groups working on missing and murdered indigenous women and people issues.

(d) The office of the attorney general must coordinate with the task force to create and update a missing and murdered indigenous women and people resource. The resource must include:

(i) Instructions on how to report a missing indigenous woman or person;

(ii) General information about the investigative processes in missing and murdered indigenous women and people cases;

(iii) Best practices for family members in missing and murdered indigenous women and people cases when working with law enforcement; and

(iv) Other useful information and resources.

(6) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for

travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

~~((7))~~ (6) To ensure that the task force ~~((has))~~ and tribal advisory committee have diverse and inclusive representation of those affected by its work, task force members whose participation in the task force may be hampered by financial hardship may be compensated as provided in RCW 43.03.220.

~~((8) This section expires June 30, 2025.)~~

Sec. 917. 2024 c 376 s 906 (uncodified) is reenacted and amended to read as follows:

(1) The task force on the underground economy in the Washington state construction industry is established.

(2) For purposes of this section, "underground economy" means contracting and construction activities in which payroll is unreported or underreported with consequent nonpayment of payroll taxes to federal and state agencies including nonpayment of workers' compensation and unemployment compensation taxes.

(3) The task force shall study the nature and scope of the underground economy and recommend what policy changes, if any, are needed to address the underground economy, including whether greater cohesion and transparency among state agencies is needed. To assist the task force in achieving this goal, the department of labor and industries may contract with the institute for public policy, or, if the institute is unavailable, another entity with expertise capable of providing such assistance.

(4)(a) The task force shall consist of the following members:

(i) A member from each of the two largest caucuses of the senate appointed by the president of the senate;

(ii) A member from each of the two largest caucuses of the house of representatives appointed by the speaker of the house of representatives;

(iii) Four members representing the construction business, selected from nominations submitted by statewide construction business organizations and appointed jointly by the president of the senate and the speaker of the house of representatives;

(iv) Four members representing construction workers, selected from nominations submitted by statewide labor organizations and appointed jointly by the president of the senate and the speaker of the house of representatives; and

(v) One representative from the office of the attorney general.

(b) In addition, the employment security department, the department of labor and industries, and the department of revenue shall cooperate with the task force and shall each maintain a liaison representative, who will be a nonvoting member of the task force. The departments shall cooperate with the task force and the institute for public policy, or other entity as appropriate, and shall provide information and data as the task force or the institute, or other entity as appropriate, may reasonably request.

(c) The task force will choose the chair or cochair of the task force from among its membership at the initial meeting. The department of labor and industries is responsible for scheduling the initial meeting of the task force.

(5)(a) Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(b) The expenses of the task force will be paid by the department of labor and industries. Task force expenditures are subject to approval by the department of labor and industries.

(6) The task force shall report its findings and recommendations to the legislature by ~~((June 30))~~ December 31, 2025.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Sec. 918. RCW 9.46.100 and 2004 c 276 s 903 are each amended to read as follows:

There is hereby created the gambling revolving fund which shall consist of all moneys receivable for licensing, penalties, forfeitures, and all other moneys, income, or revenue received by the commission. The state treasurer shall be custodian of the fund. All moneys received by the commission or any employee thereof, except for change funds and an amount of petty cash as fixed by rule or regulation of the commission, shall be deposited each day in a depository approved by the state treasurer and transferred to the state treasurer to be credited to the gambling revolving fund. Disbursements from the revolving fund shall be on authorization of the commission or a duly authorized representative thereof. In order to maintain an effective expenditure and revenue control the gambling revolving fund shall be subject in all respects to chapter 43.88 RCW but no appropriation shall be required to permit expenditures and payment of obligations from such fund. All expenses relative to commission business, including but not limited to salaries and expenses of the director and other commission employees shall be paid from the gambling revolving fund.

~~((During the 2003-2005 fiscal biennium, the legislature may transfer from the gambling revolving fund to the problem gambling treatment account, contingent on enactment of chapter ..., Laws of 2004 (Second Substitute House Bill No. 2776, problem gambling treatment). Also during)) During the 2003-2005 and 2025-2027 fiscal ((biennium)) biennia, the legislature may transfer from the gambling revolving fund to the state general fund such amounts as reflect the excess nontribal fund balance of the fund. The commission shall not increase fees during the 2003-2005 fiscal biennium for the purpose of restoring the excess fund balance transferred under this section.~~

Sec. 919. RCW 15.76.115 and 2021 c 245 s 2 are each amended to read as follows:

(1) The fair fund is created in the custody of the state treasury.
 (2)(a) All moneys received by the department of agriculture for the purposes of this fund and from RCW 67.16.105 shall be deposited into the fund. Each fiscal year, the state treasurer shall transfer into the fair fund from the general fund an amount appropriated in the omnibus operating appropriations act equal to:
 ((a)) (i) \$2,000,000 for fiscal year 2021;
 ((b)) (ii) \$2,750,000 in each fiscal year 2022 and 2023;
 ((c)) (iii) \$3,500,000 in each fiscal year 2024 and 2025; ~~((and~~
 ((d)) (iv) \$2,250,000 in each fiscal year 2026 and 2027; and
 (v) \$4,000,000 in fiscal year ~~((2026)) 2028~~ and each fiscal year thereafter.

~~((e)) (b)~~ To support inclusiveness at fair events, a portion of the additional funds provided to fairs as a result of chapter 245, Laws of 2021 must be prioritized to be spent on educational programs and outreach that are reflective of the diversity within a fair's local population.

(3) Expenditures from the fund may be used only for assisting fairs in the manner provided in this chapter. Only the director of agriculture or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

Sec. 920. RCW 18.04.105 and 2024 c 13 s 3 are each amended to read as follows:

(1) A license to practice public accounting shall be granted by the board to any person:

(a) Who is of good character. Good character, for purposes of this section, means lack of a history of dishonest or felonious acts. The board may refuse to grant a license on the ground of failure to satisfy this requirement only if there is a substantial connection

between the lack of good character of the applicant and the professional and ethical responsibilities of a licensee and if the finding by the board of lack of good character is supported by a preponderance of evidence. When an applicant is found to be unqualified for a license because of a lack of good character, the board shall furnish the applicant a statement containing the findings of the board and a notice of the applicant's right of appeal;

(b) Who has met the educational standards established by rule as the board determines to be appropriate;

(c) Who has passed an examination;

(d) Who has met the experience requirements established by rule by the board as it deems appropriate, which is gained:

(i) Through the use of accounting, issuing reports, management advisory, financial advisory, tax, tax advisory, or consulting skills;

(ii) While employed in government, industry, academia, or public practice; and

(iii) Meeting the competency requirements in a manner as determined by the board to be appropriate and established by board rule; and

(e) Who has paid appropriate application fees as established by rule by the board.

(2) The examination described in subsection (1)(c) of this section shall test the applicant's knowledge of the subjects of accounting and auditing, and other related fields the board may specify by rule. The time for holding the examination is fixed by the board and may be changed from time to time. The board shall prescribe by rule the methods of applying for and taking the examination, including methods for grading examinations and determining a passing grade required of an applicant for a license. The board shall to the extent possible see to it that the grading of the examination, and the passing grades, are uniform with those applicable to all other states. The board may make use of all or a part of the uniform certified public accountant examination and advisory grading service of the American Institute of Certified Public Accountants and may contract with third parties to perform administrative services with respect to the examination as the board deems appropriate to assist it in performing its duties under this chapter. The board shall establish by rule provisions for transitioning to a new examination structure or to a new media for administering the examination.

(3) The board shall charge each applicant an examination fee for the initial examination or for reexamination. The applicable fee shall be paid at the time an individual applies for examination, reexamination, or evaluation of educational qualifications. Fees for examination, reexamination, or evaluation of educational qualifications shall be determined by the board under this chapter. There is established in the state treasury an account to be known as the certified public accountants' account. All fees received from candidates to take any or all sections of the certified public accountant examination shall be used only for costs related to the examination, except during the 2025-2027 fiscal biennium, when the legislature may direct the state treasurer to make transfers of moneys in the certified public accountants' account to the general fund such amounts as reflect the excess fund balance of the account.

(4) Individuals whose certificates are current and valid on June 30, 2024, will automatically be converted to a licensee in an inactive status. To activate a license and become an active licensee, the individual must apply to the board to activate the license and:

(a) For applications to activate, the licensees must submit to the board documentation that they have gained one year of experience through the use of accounting, issuing reports,

management advisory, financial advisory, tax, tax advisory, or consulting skills, without regard to the eight-year limitation set forth in (b) of this subsection, while employed in government, industry, academia, or public practice;

(b) For applications submitted to the board before January 1, 2024, the individual must provide documentation to the board that they have one year of experience acquired within eight years prior to applying for a license through the use of accounting, issuing reports, management advisory, financial advisory, tax, tax advisory, or consulting skills in government, industry, academia, or public practice;

(c) Meet competency requirements in a manner as determined by the board to be appropriate and established by board rule;

(d) Submit to the board satisfactory proof of having completed an accumulation of one hundred twenty hours of CPE during the thirty-six months preceding the date of filing the petition;

(e) Pay the appropriate fees established by rule by the board.

(5) Individuals who did not hold a valid certificate on the conversion date of June 30, 2024, and who wish to apply for a license must apply as a new licensee and meet the requirements under subsection (1) of this section for initial licensure.

(6) Licensees in good standing may request to have their license placed on inactive status. All licensees in inactive status, including those who converted from certificate to a license, are subject to the following conditions:

(a) The licensee is prohibited from practicing public accounting;

(b) The licensee must pay a renewal fee to maintain this status;

(c) The licensee must comply with the applicable CPE requirements;

(d) The licensee is subject to the requirements of this chapter and the rules adopted by the board.

Sec. 921. RCW 18.20.430 and 2018 c 173 s 5 are each amended to read as follows:

The assisted living facility temporary management account is created in the custody of the state treasurer. All receipts from civil penalties imposed under this chapter must be deposited into the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Expenditures from the account may be used only for the protection of the health, safety, welfare, or property of residents of assisted living facilities found to be deficient. During the 2025-2027 fiscal biennium, the account may be expended for funding costs associated with the assisted living program. Uses of the account include, but are not limited to:

(1) Payment for the costs of relocation of residents to other facilities;

(2) Payment to maintain operation of an assisted living facility pending correction of deficiencies or closure, including payment of costs associated with temporary management authorized under this chapter;

(3) Reimbursement of residents for personal funds or property lost or stolen when the resident's personal funds or property cannot be recovered from the assisted living facility or third-party insurer; and

(4) The protection of the health, safety, welfare, and property of residents of assisted living facilities found to be noncompliant with licensing standards.

Sec. 922. RCW 18.43.150 and 2019 c 442 s 14 are each amended to read as follows:

The board shall set fees at a level adequate to pay the costs of administering this chapter. All fees collected under the provisions of RCW 18.43.050, 18.43.060, 18.43.080, 18.43.100, and 18.43.130 and fines collected under RCW 18.43.110 shall be paid

into the professional engineers' account, which account is hereby established in the state treasury to be used to carry out the purposes and provisions of RCW 18.43.050, 18.43.060, 18.43.080, 18.43.100, 18.43.110, 18.43.120, 18.43.130, and all other duties required for operation and enforcement of this chapter. During the 2013-2015 ~~((and))~~, 2015-2017, and 2025-2027 fiscal biennia, the legislature may transfer moneys from the professional engineers' account to the state general fund such amounts as reflect the excess fund balance of the fund.

Sec. 923. RCW 18.51.060 and 2011 c 336 s 486 are each amended to read as follows:

(1) In any case in which the department finds that a licensee, or any partner, officer, director, owner of five percent or more of the assets of the nursing home, or managing employee failed or refused to comply with the requirements of this chapter or of chapter 74.42 RCW, or the standards, rules, and regulations established under them or, in the case of a medicaid contractor, failed or refused to comply with the medicaid requirements of Title XIX of the social security act, as amended, and regulations promulgated thereunder, the department may take any or all of the following actions:

(a) Suspend, revoke, or refuse to renew a license;

(b) Order stop placement;

(c) Assess monetary penalties of a civil nature;

(d) Deny payment to a nursing home for any medicaid resident admitted after notice to deny payment. Residents who are medicaid recipients shall not be responsible for payment when the department takes action under this subsection;

(e) Appoint temporary management as provided in subsection (7) of this section.

(2) The department may suspend, revoke, or refuse to renew a license, assess monetary penalties of a civil nature, or both, in any case in which it finds that the licensee, or any partner, officer, director, owner of five percent or more of the assets of the nursing home, or managing employee:

(a) Operated a nursing home without a license or under a revoked or suspended license; or

(b) Knowingly or with reason to know made a false statement of a material fact in his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(c) Refused to allow representatives or agents of the department to inspect all books, records, and files required to be maintained or any portion of the premises of the nursing home; or

(d) Willfully prevented, interfered with, or attempted to impede in any way the work of any duly authorized representative of the department and the lawful enforcement of any provision of this chapter or of chapter 74.42 RCW; or

(e) Willfully prevented or interfered with any representative of the department in the preservation of evidence of any violation of any of the provisions of this chapter or of chapter 74.42 RCW or the standards, rules, and regulations adopted under them; or

(f) Failed to report patient abuse or neglect in violation of chapter 70.124 RCW; or

(g) Fails to pay any civil monetary penalty assessed by the department pursuant to this chapter within ten days after such assessment becomes final.

(3) The department shall deny payment to a nursing home having a medicaid contract with respect to any medicaid-eligible individual admitted to the nursing home when:

(a) The department finds the nursing home not in compliance with the requirements of Title XIX of the social security act, as amended, and regulations promulgated thereunder, and the facility has not complied with such requirements within three months; in such case, the department shall deny payment until correction has been achieved; or

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(b) The department finds on three consecutive standard surveys that the nursing home provided substandard quality of care; in such case, the department shall deny payment for new admissions until the facility has demonstrated to the satisfaction of the department that it is in compliance with medicaid requirements and that it will remain in compliance with such requirements.

(4)(a) Civil penalties collected under this section or under chapter 74.42 RCW shall be deposited into a special fund administered by the department to be applied to the protection of the health or property of residents of nursing homes found to be deficient, including payment for the costs of relocation of residents to other facilities, maintenance of operation of a facility pending correction of deficiencies or closure, and reimbursement of residents for personal funds lost. During the 2025-2027 fiscal biennium, the fund may be expended for costs associated with nursing facilities.

(b) Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day a nursing home is or was out of compliance. Civil monetary penalties shall not exceed three thousand dollars per violation. Each day upon which the same or a substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(c) Any civil penalty assessed under this section or chapter 74.46 RCW shall be a nonreimbursable item under chapter 74.46 RCW.

(5)(a) The department shall order stop placement on a nursing home, effective upon oral or written notice, when the department determines:

(i) The nursing home no longer substantially meets the requirements of chapter 18.51 or 74.42 RCW, or in the case of medicaid contractors, the requirements of Title XIX of the social security act, as amended, and any regulations promulgated under such statutes; and

(ii) The deficiency or deficiencies in the nursing home:

(A) Jeopardize the health and safety of the residents, or

(B) Seriously limit the nursing home's capacity to provide adequate care.

(b) When the department has ordered a stop placement, the department may approve a readmission to the nursing home from a hospital when the department determines the readmission would be in the best interest of the individual seeking readmission.

(c) The department shall terminate the stop placement when:

(i) The provider states in writing that the deficiencies necessitating the stop placement action have been corrected; and

(ii) The department staff confirms in a timely fashion not to exceed fifteen working days that:

(A) The deficiencies necessitating stop placement action have been corrected, and

(B) The provider exhibits the capacity to maintain adequate care and service.

(d) A nursing home provider shall have the right to an informal review to present written evidence to refute the deficiencies cited as the basis for the stop placement. A request for an informal review must be made in writing within ten days of the effective date of the stop placement.

(e) A stop placement shall not be delayed or suspended because the nursing home requests a hearing pursuant to chapter 34.05 RCW or an informal review. The stop placement shall remain in effect until:

(i) The department terminates the stop placement; or

(ii) The stop placement is terminated by a final agency order, after a hearing, pursuant to chapter 34.05 RCW.

(6) If the department determines that an emergency exists as a result of a nursing home's failure or refusal to comply with requirements of this chapter or, in the case of a medicaid

contractor, its failure or refusal to comply with medicaid requirements of Title XIX of the social security act, as amended, and rules adopted thereunder, the department may suspend the nursing home's license and order the immediate closure of the nursing home, the immediate transfer of residents, or both.

(7) If the department determines that the health or safety of residents is immediately jeopardized as a result of a nursing home's failure or refusal to comply with requirements of this chapter or, in the case of a medicaid contractor, its failure or refusal to comply with medicaid requirements of Title XIX of the social security act, as amended, and rules adopted thereunder, the department may appoint temporary management to:

(a) Oversee the operation of the facility; and

(b) Ensure the health and safety of the facilities residents while:

(i) Orderly closure of the facility occurs; or

(ii) The deficiencies necessitating temporary management are corrected.

(8) The department shall by rule specify criteria as to when and how the sanctions specified in this section shall be applied. Such criteria shall provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of the residents.

Sec. 924. RCW 18.85.061 and 2016 sp.s. c 36 s 914 are each amended to read as follows:

All fees required under this chapter shall be set by the director in accordance with RCW 43.24.086 and shall be paid to the state treasurer. All fees paid under the provisions of this chapter shall be placed in the real estate commission account in the state treasury. All money derived from fines imposed under this chapter shall be deposited in the real estate education program account created in RCW 18.85.321. During the 2013-2015 ~~((and))~~, 2015-2017, and 2025-2027 fiscal ~~((biennium F:\Journal\2025 - Journal\Journal2025\LegDay105\biennia.doc))~~ biennia, the legislature may transfer to the state general fund such amounts as reflect the excess fund balance in the real estate commission account.

Sec. 925. RCW 19.28.351 and 2013 2nd sp.s. c 4 s 956 are each amended to read as follows:

All sums received from licenses, permit fees, or other sources, herein shall be paid to the state treasurer and placed in a special fund designated as the "electrical license fund," and paid out upon vouchers duly and regularly issued therefor and approved by the director of labor and industries or the director's designee following determination by the board that the sums are necessary to accomplish the intent of this chapter ~~((19.28 RCW))~~. The treasurer shall keep an accurate record of payments into, or receipts of, the fund, and of all disbursements therefrom.

During the 2013-2015 ~~((biennium))~~ and 2025-2027 fiscal biennia, the legislature may transfer moneys from the electrical license fund to the state general fund such amounts as reflect the excess fund balance of the fund.

Sec. 926. RCW 28B.76.525 and 2020 c 357 s 910 are each amended to read as follows:

(1) The state financial aid account is created in the custody of the state treasurer. The primary purpose of the account is to ensure that all appropriations designated for financial aid through statewide student financial aid programs are made available to eligible students. The account shall be a nontreasury account.

(2) The office shall deposit in the account all money received for the Washington college grant program established under chapter 28B.92 RCW, the state work-study program established under chapter 28B.12 RCW, the Washington scholars program established under RCW 28A.600.110, the Washington award for vocational excellence program established under RCW

28C.04.525, and the educational opportunity grant program established under chapter 28B.101 RCW. The account shall consist of funds appropriated by the legislature for the programs listed in this subsection and private contributions to the programs. Moneys deposited in the account do not lapse at the close of the fiscal period for which they were appropriated. Both during and after the fiscal period in which moneys were deposited in the account, the office may expend moneys in the account only for the purposes for which they were appropriated, and the expenditures are subject to any other conditions or limitations placed on the appropriations.

(3) Expenditures from the account shall be used for scholarships to students eligible for the programs according to program rules and policies. For the 2019-2021 fiscal biennium, expenditures may also be used for scholarship awards in the passport to career program established under chapter 28B.117 RCW. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(4) Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW.

(5) Only the director of the office or the director's designee may authorize expenditures from the account.

(6) During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to transfer money in the state financial aid account to the state general fund.

Sec. 927. RCW 28B.93.060 and 2023 c 475 s 924 and 2023 c 389 s 7 are each reenacted and amended to read as follows:

(1) The Washington student loan account is created in the state treasury. All receipts from the Washington student loan program must be deposited in the account. Expenditures from the account may be used only for administration and the issuance of new student loans. Moneys in the account may be spent only after appropriation. During the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature may direct the state treasurer to make transfers of moneys in the Washington student loan account to the state general fund.

(2)(a) The legislature may appropriate no more than a total of \$40,000,000 for the program during four consecutive fiscal years, beginning with the first fiscal year from which loans are issued from the account. In the fifth fiscal year following the fiscal year in which the first student loan was issued, the legislature may appropriate up to \$10,000,000 for the program.

(b) The legislature may appropriate moneys from the account for the administrative and implementation costs of the program in the fiscal years prior to the first fiscal year in which loans are issued from the account.

Sec. 928. RCW 28B.99.030 and 2018 c 209 s 3 are each amended to read as follows:

(1) The medical student loan account is created in the custody of the state treasurer. Only the executive director of the office or the executive director's designee may authorize expenditures from the account. No appropriation is required for expenditures from the account for medical student loans. An appropriation is required for expenditures from the account for costs associated with program administration by the office.

(2) The office shall deposit into the account all moneys received for the program. Revenues to the account consist of moneys received for the program by the office, including grants and donations, and receipts from participant repayments, including principal and interest.

(3) Expenditures from the account may be used solely for medical student loans to participants in the program established by this chapter and costs associated with program administration by the office.

(4) During the 2025-2027 fiscal biennium, the legislature may

direct the state treasurer to transfer money in the medical student loan account to the state general fund.

Sec. 929. RCW 28C.04.535 and 2019 c 415 s 955 are each amended to read as follows:

Except for the 2018-19, 2019-20, ~~((and))~~ 2020-21, and 2026-27 school years, the Washington award for vocational excellence shall be granted annually. It is the intent of the legislature to continue the policy of not granting the Washington award for vocational excellence in the 2019-20 ~~((and))~~ 2020-21, 2027-28, and 2028-29 school years. The workforce training and education coordinating board shall notify the students receiving the award, their vocational instructors, local chambers of commerce, the legislators of their respective districts, and the governor, after final selections have been made. The workforce training and education coordinating board, in conjunction with the governor's office, shall prepare appropriate certificates to be presented to the selected students. Awards shall be presented in public ceremonies at times and places determined by the workforce training and education coordinating board in cooperation with the office of the governor.

Sec. 930. RCW 28C.10.082 and 2014 c 11 s 4 are each amended to read as follows:

The tuition recovery trust fund is hereby established in the custody of the state treasurer. The agency shall deposit in the fund all moneys received under RCW 28C.10.084. Moneys in the fund may be spent only for the purposes under RCW 28C.10.084. Disbursements from the fund shall be on authorization of the agency. Disbursements from the fund shall only be used to reimburse students who are Washington state residents, or agencies or businesses that pay tuition and fees on behalf of Washington students. During the 2013-2015 fiscal biennium, the legislature may transfer from the tuition recovery trust fund to the state general fund such amounts as reflect the excess fund balance in the fund. During the 2025-2027 fiscal biennium, moneys in the fund may also be used to cover the costs associated with the agency's administration, including private vocational school licensing and the veterans program. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

Sec. 931. RCW 34.12.130 and 1982 c 189 s 9 are each amended to read as follows:

The administrative hearings revolving fund is hereby created in the state treasury for the purpose of centralized funding, accounting, and distribution of the actual costs of the services provided to agencies of the state government by the office of administrative hearings. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the administrative hearings revolving fund to the general fund such amounts as reflect the excess fund balance of the fund.

Sec. 932. RCW 36.22.175 and 2019 c 448 s 5 and 2019 c 372 s 3 are each reenacted and amended to read as follows:

(1)(a) In addition to any other charge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for each document recorded. Revenue generated through this surcharge shall be transmitted monthly to the state treasurer for deposit in the local government archives account under RCW 40.14.024. These funds shall be used solely for providing records scheduling, security microfilm inspection and storage, archival preservation, cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch archives of the division of archives and records management.

(b) The division of archives and records management within the office of the secretary of state shall provide records management training for local governments and shall establish a

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

competitive grant program to solicit and prioritize project proposals from local governments for potential funding to be paid for by funds from the auditor surcharge and tax warrant surcharge revenues. Application for specific projects may be made by local government agencies only. The state archivist in consultation with the advisory committee established under RCW 40.14.027 shall adopt rules governing project eligibility, evaluation, awarding of grants, and other criteria including requirements for records management training for grant recipients.

(2) The advisory committee established under RCW 40.14.027 shall review grant proposals and establish a prioritized list of projects to be considered for funding by January 1st of each even-numbered year, beginning in 2002. The evaluation of proposals and development of the prioritized list must be developed through open public meetings. Funding for projects shall be granted according to the ranking of each application on the prioritized list and projects will be funded only to the extent that funds are available. A grant award may have an effective date other than the date the project is placed on the prioritized list.

(3) In addition to any other surcharge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for every document recorded after January 1, 2002. Revenue generated through this surcharge shall be transmitted to the state treasurer monthly for deposit in the following accounts, fifty percent of the surcharge authorized by this subsection shall be reverted to the local government archives account as prescribed in RCW 40.14.024 for maintenance and operation of the specialized regional archive facility located in eastern Washington and fifty percent of the surcharge authorized by this section shall be reverted to the account created in RCW 43.07.410 for payment of the financing contract entered into by the secretary of state for the Washington state library-archives building.

(4) In addition to any other surcharge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for every document recorded. Revenue generated through this surcharge shall be transmitted to the state treasurer monthly for deposit in the local government archives account under RCW 40.14.024 to be used exclusively for the competitive grant program in RCW 40.14.026 or, during the 2025-2027 fiscal biennium, the administrative costs of the state archives, and for the attorney general's consultation program and state archivist's training services authorized in RCW 42.56.570.

Sec. 933. RCW 39.12.080 and 2018 c 299 s 923 are each amended to read as follows:

The public works administration account is created in the state treasury. The department of labor and industries shall deposit in the account all moneys received from fees or civil penalties collected under RCW 39.12.050, 39.12.065, and 39.12.070. Appropriations from the account may be made only for the purposes of administration of this chapter, including, but not limited to, the performance of adequate wage surveys, and for the investigation and enforcement of all alleged violations of this chapter as provided for in this chapter and chapters 49.48 and 49.52 RCW. During the 2017-2019 fiscal biennium the legislature may direct the state treasurer to make transfers of moneys in the public works administration account to the state general fund. It is the intent of the legislature to use the moneys transferred in the 2017-2019 biennium to support apprenticeship programs. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the public works administration account to the general fund such amounts as reflect the excess fund balance of the account.

Sec. 934. RCW 40.14.024 and 2017 c 303 s 5 are each amended to read as follows:

The local government archives account is created in the state

treasury. All receipts collected by the county auditors under RCW 40.14.027 and 36.22.175 for local government services, such as providing records schedule compliance, security microfilm inspection and storage, archival preservation, cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch archives of the division of archives and records management, must be deposited into the account, and expenditures from the account may be used only for these purposes. Any amounts deposited in the account in accordance with RCW 36.22.175(4) may only be expended for the purposes authorized under that provision as follows: No more than fifty percent of funding may be used for the attorney general's consultation program and the state archivist's training services, and the remainder is to be used for the competitive grant program, except that during the 2025-2027 fiscal biennium the competitive grant program may be suspended or reduced and the remainder used for administrative costs of the state archives.

Sec. 935. RCW 40.14.025 and 2011 1st sp.s. c 50 s 932 are each amended to read as follows:

(1) The secretary of state and the director of financial management shall jointly establish a procedure and formula for allocating the costs of services provided by the division of archives and records management to state agencies. The total amount allotted for services to state agencies shall not exceed the appropriation to the archives and records management account during any allotment period.

(2) There is created the public records efficiency, preservation, and access account in the state treasury which shall consist of all fees and charges collected under this section. The account shall be appropriated exclusively for the payment of costs and expenses incurred in the operation of the division of archives and records management as specified by law.

(3) During the 2025-2027 fiscal biennium, moneys in the account may also be transferred into the Washington state library operations fund.

Sec. 936. RCW 40.14.026 and 2019 c 372 s 1 are each amended to read as follows:

(1) The division of archives and records management in the office of the secretary of state must establish and administer a competitive grant program for local agencies to improve technology information systems for public record retention, management, and disclosure, and any related training, except that during the 2025-2027 fiscal biennium the competitive grant program may be suspended or reduced. The division of archives and records management may use up to six percent of amounts appropriated for the program for administration of the grant program.

(2) Any local agency may apply to the grant program. The division of archives and records management in the office of the secretary of state must award grants annually. The division of archives and records management must consult with the chief information officer to develop the criteria for grant recipient selection with a preference given to small local governmental agencies based on the applicant agency's need and ability to improve its information technology systems for public record retention, management, and disclosure. The division of archives and records management may award grants for specific hardware, software, equipment, technology services management and training needs, indexing for local records and digital data, and other resources for improving information technology systems. To the extent possible, information technology systems, processes, training, and other resources for improving information technology systems for records retention and distribution may be replicated and shared with other

governmental entities. Grants are provided for one-time investments and are not an ongoing source of revenue for operation or management costs. A grantee may not supplant local funding with grant funding provided by the office of the secretary of state.

(3) The joint legislative audit and review committee must conduct a review of the attorney general's consultation program and the state archivist's training services created under section 4, chapter 303, Laws of 2017, and the local government competitive grant program created under this section. The review must include:

(a)(i) Information on the number of local governments served, the types of consultation and training provided, and the implementation of any practices adopted from the attorney general's consultation program and the state archivist's training services; and

(ii) The effectiveness of the consultation program and the training services in providing assistance for local governments; and

(b)(i) Information on the number of local governments that applied for and participated in the competitive grant program under this section, the amount of funding awarded through the grant program, and how such funding was used; and

(ii) The effectiveness of the grant program in improving local government technology information systems for public records retention, management, disclosure, and training.

(4) Each agency shall maintain a log of public records requests submitted to and processed by the agency, which shall include but not be limited to the following information for each request: The identity of the requestor if provided by the requestor, the date the request was received, the text of the original request, a description of the records produced in response to the request, a description of the records redacted or withheld and the reasons therefor, and the date of the final disposition of the request. The log must be retained by the agency in accordance with the relevant record retention schedule established under this chapter, and shall be a public record subject to disclosure under chapter 42.56 RCW.

(5) To improve best practices for dissemination of public records, each agency with actual staff and legal costs associated with fulfilling public records requests of at least one hundred thousand dollars during the prior fiscal year must, and each agency with such estimated costs of less than one hundred thousand dollars during the prior fiscal year may, report to the joint legislative audit and review committee by July 1st of each subsequent year the following metrics, measured over the preceding year:

(a) The number of requests where the agency provided the requested records within five days of receiving the request.

(b) The number of requests where the agency provided a time estimate for providing responsive records beyond five days after receiving the request.

(c) The average and median number of days from receipt of request to the date the request is closed.

(d) The number of requests where the agency formally sought additional clarification from the requestor;

(e) The number of requests denied in full or in part and the most common reasons for denying requests;

(f) The number of requests abandoned by requestors;

(g) To the extent the information is known by the agency, requests by type of requestor, including individuals, law firms, organizations, insurers, governments, incarcerated persons, the media, anonymous requestors, current or former employees, and others;

(h) Which portion of requests were fulfilled electronically compared to requests fulfilled by physical records;

(i) The number of requests where the agency scanned physical

records electronically to fulfill disclosure;

(j) The total estimated agency staff time spent on each individual request;

(k) The estimated costs incurred by the agency in fulfilling records requests, including costs for staff compensation and legal review, and a measure of the average cost per request;

(l) The number of claims filed alleging a violation of chapter 42.56 RCW or other public records statutes in the past year involving the agency, categorized by type and exemption at issue, if applicable;

(m) The costs incurred by the agency litigating claims alleging a violation of chapter 42.56 RCW or other public records statutes in the past year, including any penalties imposed on the agency;

(n) The costs incurred by the agency with managing and retaining records, including staff compensation and purchases of equipment, hardware, software, and services to manage and retain public records; and

(o) Expenses recovered by the agency from requestors for fulfilling public records requests, including any customized service charges.

(6) The joint legislative audit and review committee must consult with state and local agencies to develop a reporting method and clearly define standardized metrics in accordance with this section.

(7) By December 1, 2019, the joint legislative audit and review committee must report to the legislature on its findings from the review, including recommendations on whether the competitive grant program, the attorney general's consultation program, and the state archivist's training services should continue or be allowed to expire.

Sec. 937. RCW 41.05.120 and 2023 c 435 s 10 are each amended to read as follows:

(1) The public employees' and retirees' insurance account is hereby established in the custody of the state treasurer, to be used by the director for the deposit of contributions, the remittance paid by school districts and educational service districts under RCW 28A.400.410, reserves, dividends, and refunds, for payment of premiums and claims for employee and retiree insurance benefit contracts and subsidy amounts provided under RCW 41.05.085, and transfers from the flexible spending administrative account as authorized in RCW 41.05.123. Moneys from the account shall be disbursed by the state treasurer by warrants on vouchers duly authorized by the director. Moneys from the account may be transferred to the flexible spending administrative account to provide reserves and start-up costs for the operation of the flexible spending administrative account program. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to transfer money in the public employees' and retirees' insurance account to the state general fund.

(2) The state treasurer and the state investment board may invest moneys in the public employees' and retirees' insurance account. All such investments shall be in accordance with RCW 43.84.080 or 43.84.150, whichever is applicable. The director shall determine whether the state treasurer or the state investment board or both shall invest moneys in the public employees' and retirees' insurance account.

(3) The school employees' insurance account is hereby established in the custody of the state treasurer, to be used by the director for the deposit of contributions, reserves, dividends, and refunds, for payment of premiums and claims for school employee insurance benefit contracts, and for transfers from the school employees' benefits board flexible spending and dependent care administrative account as authorized in this subsection. Moneys from the account shall be disbursed by the state treasurer by warrants on vouchers duly authorized by the

2025 REGULAR SESSION

director. Moneys from the account may be transferred to the school employees' benefits board flexible spending and dependent care administrative account to provide reserves and start-up costs for the operation of the school employees' benefits board flexible spending arrangement and dependent care assistance program. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to transfer money in the school employees' insurance account to the state general fund.

(4) The state treasurer and the state investment board may invest moneys in the school employees' insurance account. These investments must be in accordance with RCW 43.84.080 or 43.84.150, whichever is applicable. The director shall determine whether the state treasurer or the state investment board or both shall invest moneys in the school employees' insurance account.

(5) Moneys may be transferred between the public employees' and retirees' insurance account and the school employees' insurance account for short-term cash management and cash balance purposes.

Sec. 938. RCW 41.06.280 and 2023 c 435 s 2 are each amended to read as follows:

(1) The personnel service fund is created in the state treasury, to be used by the office of financial management as a revolving fund for the payment of salaries, wages, and operations required for the administration of the provisions of this chapter, applicable provisions of chapter 41.04 RCW, and chapter 41.60 RCW. An amount not to exceed one and one-half percent of the salaries and wages for all positions in each of the agencies subject to this chapter, except the institutions of higher education, shall be charged to the operations appropriations of each agency and credited to the personnel service fund as the allotments are approved pursuant to chapter 43.88 RCW. Subject to the above limitations, the amount shall be charged against the allotments pro rata, at a rate to be fixed by the director from time to time which, together with income derived from services rendered under RCW 41.06.080, will provide the office of financial management with funds to meet its anticipated expenditures during the allotment period, including the training requirements in RCW 41.06.500 and 41.06.530.

(2) The director shall fix the terms and charges for services rendered by the office of financial management pursuant to RCW 41.06.080, which amounts shall be credited to the personnel service fund and charged against the proper fund or appropriation of the recipient of such services no longer than on a quarterly basis. Payment for services so rendered under RCW 41.06.080 shall be made according to the state administrative and accounting manual (SAAM) to the state treasurer and deposited in the personnel service fund.

(3) The office of financial management may use the personnel service fund to administer an employee transit pass program and other employment benefits. The office of financial management must bill state agencies for the total cost of administering the program and payments received from agencies must be deposited in the personnel service fund.

(4) During the 2025-2027 fiscal biennium, moneys in the account may also be transferred into the state general fund.

Sec. 939. RCW 41.06.285 and 2023 c 435 s 3 are each amended to read as follows:

(1) The higher education personnel service fund is created in the state treasury, to be used by the office of financial management as a revolving fund for the payment of salaries, wages, and operations required for the administration of the provisions of this chapter and applicable provisions of chapters 41.04 and 41.60 RCW. An amount not to exceed one-half of one percent of the salaries and wages for all positions in the classified service shall be contributed from the operations appropriations of

each institution and the state board for community and technical colleges and credited to the higher education personnel service fund as such allotments are approved pursuant to chapter 43.88 RCW. Subject to the above limitations, such amount shall be charged against the allotments pro rata, at a rate to be fixed by the director of financial management from time to time, which will provide the office of financial management with funds to meet its anticipated expenditures during the allotment period.

(2) During the 2025-2027 fiscal biennium, moneys in the account may also be transferred into the state general fund.

Sec. 940. RCW 41.26.450 and 2023 c 475 s 927 and 2023 c 77 s 3 are each reenacted and amended to read as follows:

(1) Port districts established under Title 53 RCW, institutions of higher education as defined in RCW 28B.10.016, and tribal governments participating through a state-tribal compact as defined in RCW 41.26.565 shall contribute both the employer and state shares of the cost of the retirement system for any of their employees who are law enforcement officers.

(2) Institutions of higher education shall contribute both the employer and the state shares of the cost of the retirement system for any of their employees who are firefighters.

(3) During fiscal years 2018 and 2019 and during the 2019-2021, 2021-2023, ~~((and))~~ 2023-2025, and 2025-2027 fiscal biennia:

When an employer charges a fee or recovers costs for work performed by a plan member where:

(a) The member receives compensation that is includable as basic salary under RCW 41.26.030(4)(b); and

(b) The service is provided, whether directly or indirectly, to an entity that is not an "employer" under RCW 41.26.030(14)(b); the employer shall contribute both the employer and state shares of the cost of the retirement system contributions for that compensation. Nothing in this subsection prevents an employer from recovering the cost of the contribution from the entity receiving services from the member.

Sec. 941. RCW 41.50.110 and 2015 3rd sp.s. c 4 s 951 are each amended to read as follows:

(1) Except as provided by RCW 41.50.255 and subsection (6) of this section, all expenses of the administration of the department, the expenses of administration of the retirement systems, and the expenses of the administration of the office of the state actuary created in chapters 2.10, 2.12, 28B.10, 41.26, 41.32, 41.40, 41.34, 41.35, 41.37, 43.43, and 44.44 RCW shall be paid from the department of retirement systems expense fund.

(2) In order to reimburse the department of retirement systems expense fund on an equitable basis the department shall ascertain and report to each employer, as defined in RCW 28B.10.400, 41.26.030, 41.32.010, 41.35.010, 41.37.010, or 41.40.010, the sum necessary to defray its proportional share of the entire expense of the administration of the retirement system that the employer participates in during the ensuing biennium or fiscal year whichever may be required. Such sum is to be computed in an amount directly proportional to the estimated entire expense of the administration as the ratio of monthly salaries of the employer's members bears to the total salaries of all members in the entire system. It shall then be the duty of all such employers to include in their budgets or otherwise provide the amounts so required.

(3) The department shall compute and bill each employer, as defined in RCW 28B.10.400, 41.26.030, 41.32.010, 41.35.010, 41.37.010, or 41.40.010, at the end of each month for the amount due for that month to the department of retirement systems expense fund and the same shall be paid as are its other obligations. Such computation as to each employer shall be made on a percentage rate of salary established by the department.

However, the department may at its discretion establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter.

(4) The director may adjust the expense fund contribution rate for each system at any time when necessary to reflect unanticipated costs or savings in administering the department.

(5) An employer who fails to submit timely and accurate reports to the department may be assessed an additional fee related to the increased costs incurred by the department in processing the deficient reports. Fees paid under this subsection shall be deposited in the retirement system expense fund.

(a) Every six months the department shall determine the amount of an employer's fee by reviewing the timeliness and accuracy of the reports submitted by the employer in the preceding six months. If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(c) The department shall adopt rules implementing this section.

(6) Expenses other than those under RCW 41.34.060(4) shall be paid pursuant to subsection (1) of this section.

(7) During the ~~((2009-2011 and 2011-2013 fiscal biennia))~~ 2025-2027 fiscal biennium, the legislature may direct the state treasurer to transfer ~~((from))~~ money in the department of retirement systems' expense fund to the state general fund ~~((such amounts as reflect the excess fund balance of the fund. During the 2015-2017 fiscal biennium, state contributions to the judicial retirement system may be made in part by appropriations from the department of retirement systems expense fund))~~.

Sec. 942. RCW 41.50.150 and 2004 c 242 s 47 are each amended to read as follows:

(1) The employer of any employee whose retirement benefits are based in part on excess compensation, as defined in this section, shall, upon receipt of a billing from the department, pay into the appropriate retirement system the present value at the time of the employee's retirement of the total estimated cost of all present and future benefits from the retirement system attributable to the excess compensation. The state actuary shall determine the estimated cost using the same method and procedure as is used in preparing fiscal note costs for the legislature. However, the director may in the director's discretion decline to bill the employer if the amount due is less than fifty dollars. Accounts unsettled within thirty days of the receipt of the billing shall be assessed an interest penalty of one percent of the amount due for each month or fraction thereof beyond the original thirty-day period.

(2) "Excess compensation," as used in this section, includes the following payments, if used in the calculation of the employee's retirement allowance:

(a) A cash out of unused annual leave in excess of two hundred forty hours of such leave. "Cash out" for purposes of this subsection means:

(i) Any payment in lieu of an accrual of annual leave; or

(ii) Any payment added to salary or wages, concurrent with a reduction of annual leave;

(b) A cash out of any other form of leave;

(c) A payment for, or in lieu of, any personal expense or transportation allowance to the extent that payment qualifies as reportable compensation in the member's retirement system;

(d)(i) The portion of any payment, including overtime payments, that exceeds twice the regular daily or hourly rate of pay; and

(ii) During the 2025-2027 fiscal biennium, the portion of any payment, including overtime payments, that exceeds one and one-half the regular daily or hourly rate of pay; and

(e) Any termination or severance payment.

(3) This section applies to the retirement systems listed in RCW 41.50.030 and to retirements occurring on or after March 15, 1984. Nothing in this section is intended to amend or determine the meaning of any definition in chapter 2.10, 2.12, 41.26, 41.32, 41.40, 41.35, 41.37, or 43.43 RCW or to determine in any manner what payments are includable in the calculation of a retirement allowance under such chapters.

(4) An employer is not relieved of liability under this section because of the death of any person either before or after the billing from the department.

Sec. 943. RCW 41.50.255 and 2004 c 242 s 49 are each amended to read as follows:

The director is authorized to pay from the interest earnings of the trust funds of the public employees' retirement system, the teachers' retirement system, the Washington state patrol retirement system, the Washington judicial retirement system, the judges' retirement system, the school employees' retirement system, the public safety employees' retirement system, or the law enforcement officers' and firefighters' retirement system lawful obligations of the appropriate system for legal ~~((expenses and)),~~ medical, and, during the 2025-2027 fiscal biennium, administrative expenses, which expenses are primarily incurred for the purpose of protecting or preventing losses from the appropriate trust fund or are incurred in compliance with statutes governing such funds.

The term "legal expense" includes, but is not limited to, legal services provided through the legal services revolving fund, fees for expert witnesses, travel expenses, fees for court reporters, cost of transcript preparation, and reproduction of documents.

The term "medical ~~((costs))~~ expense" includes, but is not limited to, expenses for the medical examination or reexamination of members or retirees, the costs of preparation of medical reports, and fees charged by medical professionals for attendance at discovery proceedings or hearings.

The term "administrative expenses" includes, but is not limited to, expenses incurred to prevent losses to the trust funds such as audits, cybersecurity, petition decisions, departmental liaison work with the attorney general's office, and other similar expenses incurred by the department to ensure that trust funds are protected against risks that might lead to losses from the trust funds.

The director may also pay from the interest earnings of the trust funds specified in this section costs incurred in investigating fraud and collecting overpayments, including expenses incurred to review and investigate cases of possible fraud against the trust funds and collection agency fees and other costs incurred in recovering overpayments. Recovered funds must be returned to the appropriate trust funds.

Sec. 944. RCW 41.80.010 and 2022 c 297 s 951 are each amended to read as follows:

(1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee, except as provided for institutions of higher education in subsection (4) of this section.

(2)(a)(i) Except as otherwise provided, if an exclusive bargaining representative represents more than one bargaining unit, the exclusive bargaining representative shall negotiate with each employer representative as designated in subsection (1) of this section one master collective bargaining agreement on behalf of all the employees in bargaining units that the exclusive bargaining representative represents.

(ii) For those exclusive bargaining representatives who represent fewer than a total of five hundred employees each, negotiation shall be by a coalition of all those exclusive bargaining representatives. The coalition shall bargain for a master collective bargaining agreement covering all of the

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. Exclusive bargaining representatives that represent employees covered under chapter 41.06 RCW and exclusive bargaining representatives that represent employees exempt under chapter 41.06 RCW shall constitute separate coalitions and must negotiate separate master collective bargaining agreements. This subsection does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(b) This subsection does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor's designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(d) For assistant attorneys general, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and

submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(6) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

~~(7)(a) ((For the 2019-2021 fiscal biennium, the legislature may approve funding for a collective bargaining agreement negotiated by a higher education institution and the Washington federation of state employees and ratified by the exclusive bargaining representative before final legislative action on the omnibus appropriations act by the sitting legislature.~~

~~(b) Subsection (3)(a) and (b) of this section do not apply to requests for funding made pursuant to this subsection.~~

~~(8)(a) For the 2021-2023 fiscal biennium, the legislature may approve funding for a collective bargaining agreement negotiated by the governor or governor's designee and the Washington public employees association community college coalition and the general government agencies and ratified by the exclusive bargaining representative before final legislative action on the omnibus appropriations act by the sitting legislature.~~

~~(b) For the 2021-2023 fiscal biennium, the legislature may approve funding for a collective bargaining agreement negotiated between Highline Community College and the Washington public employees association and ratified by the exclusive bargaining representative before final legislative action on the omnibus appropriations act by the sitting legislature.~~

~~(c) For the 2021-2023 fiscal biennium, the legislature may approve funding for collective bargaining agreements negotiated between Eastern Washington University and bargaining units of the Washington federation of state employees and the public school employees association, and between Yakima Valley College and the Washington public employees association, and ratified by the exclusive bargaining representatives before final legislative action on the omnibus appropriations act by the sitting legislature.~~

~~((d)) For the 2025-2027 fiscal biennium, the legislature may approve funding for a collective bargaining agreement negotiated by a higher education institution and the western Washington university fraternal order of police and ratified by the exclusive bargaining representative by October 5, 2024.~~

~~(b) Subsection (3)(a) and (b) of this section ((does)) do not apply to requests for funding made pursuant to this subsection.~~

Sec. 945. RCW 43.07.410 and 2023 c 474 s 8030 are each amended to read as follows:

The Washington state library-archives building account is created in the custody of the state treasurer. All moneys received under RCW 36.18.010(12), 36.22.175(3), and 43.07.370(3) must be deposited in the account. Except for during the 2023-2025 fiscal biennium, expenditures from the account may be made only for the purposes of payment of the financing contract entered into by the secretary of state for the Washington state library-archives building. During the 2023-2025 fiscal biennium, the secretary of state may spend up to \$8,000,000 from the account for costs associated with the design and construction of the state library-

archives building and for costs necessary to prepare the building for occupancy. Only the secretary of state or the secretary of state's designee may authorize expenditures from the account. An appropriation is not required for expenditures, but the account is subject to allotment procedures under chapter 43.88 RCW. During the 2025-2027 fiscal biennium, moneys in the account may also be transferred into the state general fund.

Sec. 946. RCW 43.09.282 and 2009 c 564 s 928 are each amended to read as follows:

For the purposes of centralized funding, accounting, and distribution of the costs of the audits performed on local governments by the state auditor, there is hereby created an account entitled the municipal revolving account. The state treasurer shall be custodian of the account. All moneys received by the state auditor or by any officer or employee thereof shall be deposited with the state treasurer and credited to the municipal revolving account. Only the state auditor or the auditor's designee may authorize expenditures from the account. No appropriation is required for expenditures. The state auditor shall keep such records as are necessary to detail the auditing costs attributable to the various types of local governments. During the 2009-2011 fiscal biennium, the state auditor shall reduce the municipal revolving account charges for financial audits performed on local governments by five percent. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the municipal revolving account to the general fund such amounts as reflect the excess fund balance of the account.

Sec. 947. RCW 43.09.475 and 2023 c 475 s 928 are each amended to read as follows:

The performance audits of government account is hereby created in the custody of the state treasurer. Revenue identified in RCW 82.08.020(5) and 82.12.0201 shall be deposited in the account. Money in the account shall be used to fund the performance audits and follow-up performance audits under RCW 43.09.470 and shall be expended by the state auditor in accordance with chapter 1, Laws of 2006. Only the state auditor or the state auditor's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The performance audits of government account may be appropriated for the joint legislative audit and review committee, the legislative evaluation and accountability program committee, and for the office of financial management's performance audit and compliance audit activities. During the 2019-2021, 2021-2023, and 2023-2025 fiscal biennia, the performance audits of government account may be appropriated for the superintendent of public instruction, the office of the governor, and audits of school districts. In addition, during the 2019-2021 and 2021-2023 fiscal biennia the account may be used to fund the office of financial management's contract for the compliance audit of the state auditor and audit activities at the department of revenue. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the performance audits of government account to the general fund such amounts as reflect the excess fund balance of the account.

Sec. 948. RCW 43.19.025 and 2014 c 221 s 915 are each amended to read as follows:

The enterprise services account is created in the custody of the state treasurer and shall be used for all activities conducted by the department, except information technology services. Only the director or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW. During the 2013-2015 fiscal biennium, the director of the office of financial

2025 REGULAR SESSION

management may authorize expenditures from the account for the provision of small agency client services. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to transfer money in the enterprise services account to the state general fund.

Sec. 949. RCW 43.24.150 and 2017 c 281 s 40 are each amended to read as follows:

(1) The business and professions account is created in the state treasury. All receipts from business or professional licenses, registrations, certifications, renewals, examinations, or civil penalties assessed and collected by the department from the following chapters must be deposited into the account:

- (a) Chapter 18.11 RCW, auctioneers;
- (b) Chapter 18.16 RCW, cosmetologists, barbers, and manicurists;
- (c) Chapter 18.145 RCW, court reporters;
- (d) Chapter 18.165 RCW, private investigators;
- (e) Chapter 18.170 RCW, security guards;
- (f) Chapter 18.185 RCW, bail bond agents;
- (g) Chapter 18.280 RCW, home inspectors;
- (h) Chapter 19.16 RCW, collection agencies;
- (i) Chapter 19.31 RCW, employment agencies;
- (j) Chapter 19.105 RCW, camping resorts;
- (k) Chapter 19.138 RCW, sellers of travel;
- (l) Chapter 42.45 RCW, notaries public;
- (m) Chapter 64.36 RCW, timeshares;
- (n) Chapter 67.08 RCW, boxing, martial arts, and wrestling;
- (o) Chapter 18.300 RCW, body art, body piercing, and tattooing;
- (p) Chapter 79A.60 RCW, whitewater river outfitters;
- (q) Chapter 19.158 RCW, commercial telephone solicitation; and
- (r) Chapter 19.290 RCW, scrap metal businesses.

Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for expenses incurred in carrying out these business and professions licensing activities of the department. Any residue in the account must be accumulated and may not revert to the general fund at the end of the biennium. However, during the 2013-2015 and 2025-2027 fiscal ((biennium)) biennia the legislature may transfer to the state general fund such amounts as reflect the excess fund balance in the account.

(2) The director must biennially prepare a budget request based on the anticipated costs of administering the business and professions licensing activities listed in subsection (1) of this section, which must include the estimated income from these business and professions fees.

Sec. 950. RCW 43.41.450 and 2023 c 435 s 1 are each amended to read as follows:

The office of financial management central service account is created in the state treasury. The account is to be used by the office as a revolving fund for the payment of salaries, wages, and other costs required for the operation and maintenance of statewide budgeting, accounting, forecasting, and functions and activities in the office. All receipts from agency fees and charges for services collected from public agencies must be deposited into the account. The director shall fix the terms and charges to agencies based on each agency's share of the office statewide cost allocation plan for federal funds. Moneys in the account may be spent only after appropriation. During the 2021-2023 and 2023-2025 fiscal biennia, the account may be used as a revolving fund for the payment of salaries, wages, and other costs related to policy activities in the office. During the 2025-2027 fiscal biennium, moneys in the account may also be transferred into the state general fund.

Sec. 951. RCW 43.79.195 and 2021 c 334 s 971 and 2021 c 170 s 6 are each reenacted and amended to read as follows:

(1) The workforce education investment account is created in the state treasury. All revenues from the workforce investment surcharge created in RCW 82.04.299 and those revenues as specified under RCW 82.04.290(2)(c) must be deposited directly into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for higher education programs, higher education operations, higher education compensation, state-funded student aid programs, and workforce development including career connected learning as defined by RCW 28C.30.020.

(2) ~~((Expenditures))~~ Except in the 2025-2027 fiscal biennium, expenditures from the workforce education investment account must be used to supplement, not supplant, other federal, state, and local funding for higher education. It is the intent of the legislature to continue this policy in the 2027-2029 fiscal biennium.

Sec. 952. RCW 43.79.567 and 2023 c 435 s 7 are each amended to read as follows:

(1) The community reinvestment account is created in the state treasury. Revenues to the account shall consist of appropriations and transfers by the legislature and all other moneys directed for deposit into the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may be used by the department of commerce for:

(a) Economic development, which includes addressing wealth disparities to promote asset building such as home ownership and expanding access to financial resources including, but not limited to, grants and loans for small businesses and entrepreneurs, financial literacy training, and other small business training and support activities;

(b) Civil and criminal legal assistance to provide postconviction relief and case assistance, including the expungement of criminal records and vacation of criminal convictions;

(c) Community-based violence intervention and prevention services, which may include after-school programs focused on providing education and mentorship to youths;

(d) Reentry services to facilitate successful transitions for persons formerly incarcerated in an adult correctional facility or juvenile residential facility in Washington; and

(e) Beginning July 1, 2025, agricultural and economic support and services available to historically marginalized communities.

(3) The distribution of the grants under this section must be done in collaboration with "by and for community organizations" as defined by the department of commerce and the office of equity. For the 2025-2027 fiscal biennium, "by and for community organizations" include, but are not limited to, those operated by and for Black, Latino, Native American, Asian, Native Hawaiian, and Pacific Islander communities.

Sec. 953. RCW 43.83B.430 and 2023 c 474 s 8033 and 2023 c 287 s 2 are each reenacted and amended to read as follows:

The state drought preparedness account is created in the state treasury. All receipts from appropriated funds designated for the account and all cost recovery revenues collected under RCW 43.83B.410(5) must be deposited into the account. Expenditures from the account may be used for drought planning and preparedness activities under this chapter, including grants issued under RCW 43.83B.415. Moneys in the account may be spent only after appropriation. During the 2021-2023 ~~((and))~~, 2023-2025, and 2025-2027 fiscal biennia, the legislature may appropriate moneys from the account for activities related to water banking. During the 2025-2027 fiscal biennium, the legislature may transfer from the state drought preparedness

account to the state general fund.

Sec. 954. RCW 43.101.200 and 2024 c 376 s 908 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, all law enforcement personnel, except volunteers, and reserve officers whether paid or unpaid, initially employed on or after January 1, 1978, shall engage in basic law enforcement training which complies with standards adopted by the commission pursuant to RCW 43.101.080. For personnel initially employed before January 1, 1990, such training shall be successfully completed during the first fifteen months of employment of such personnel unless otherwise extended or waived by the commission and shall be requisite to the continuation of such employment. Personnel initially employed on or after January 1, 1990, shall commence basic training during the first six months of employment unless the basic training requirement is otherwise waived or extended by the commission. Successful completion of basic training is requisite to the continuation of employment of such personnel initially employed on or after January 1, 1990.

(2)(a) All law enforcement personnel who are limited authority Washington peace officers and whose employment commences on or after July 1, 2023, shall commence basic training during the first 12 months of employment unless the basic training requirement is otherwise waived or extended by the commission. Successful completion of basic training is requisite to the continuation of employment of such personnel initially employed on or after July 1, 2023.

(b)(i) The commission shall review the training files of all law enforcement personnel who are limited authority Washington peace officers, whose employment commenced prior to July 1, 2023, and who have not successfully completed training that complies with standards adopted by the commission, to determine what, if any, supplemental training is required to appropriately carry out the officers' duties and responsibilities.

(ii) Nothing in this section may be interpreted to require law enforcement personnel who are limited authority Washington peace officers, whose employment commenced prior to July 1, 2023, to complete the basic law enforcement training academy as a condition of continuing employment as a limited authority Washington peace officer.

(iii) Law enforcement personnel who are limited authority Washington peace officers are not required to complete the basic law enforcement academy or an equivalent basic academy upon transferring to a general authority Washington law enforcement agency or limited authority Washington law enforcement agency, as defined in RCW 10.93.020, if they have:

(A) Been employed as a special agent with the Washington state gambling commission, been a natural resource investigator with the department of natural resources, been a liquor enforcement officer with the liquor and cannabis board, been an investigator with the office of the insurance commissioner, or been a park ranger with the Washington state parks and recreation commission, before or after July 1, 2023; and

(B) Received a certificate of successful completion from the basic law enforcement academy or the basic law enforcement equivalency academy and thereafter engaged in regular and commissioned law enforcement employment with an agency listed in (b)(iii)(A) of this subsection without a break or interruption in excess of 24 months; and

(C) Remained current with the in-service training requirements as adopted by the commission by rule.

(3) Except as provided in RCW 43.101.170, the commission shall provide the aforementioned training and shall have the sole authority to do so. The commission shall provide necessary facilities, supplies, materials, and the board and room of noncommuting attendees for seven days per week, except

~~((during the 2017-2019, 2019-2021, and 2021-2023 fiscal biennia, and))~~ during fiscal year 2024 and during the 2025-2027 fiscal biennium, when the employing, county, city, or state law enforcement agency shall reimburse the commission for twenty-five percent of the cost of training its personnel. Additionally, to the extent funds are provided for this purpose, the commission shall reimburse to participating law enforcement agencies with ten or less full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training: PROVIDED, That such reimbursement shall include only the actual cost of temporary replacement not to exceed the total amount of salary and benefits received by the replaced officer during his or her training period:

PROVIDED FURTHER, That limited authority Washington law enforcement agencies as defined in RCW 10.93.020 shall reimburse the commission for the full cost of training their personnel.

Sec. 955. RCW 43.101.220 and 2024 c 376 s 909 are each amended to read as follows:

(1) The corrections personnel of the state and all counties and municipal corporations initially employed on or after January 1, 1982, shall engage in basic corrections training which complies with standards adopted by the commission. The standards adopted must provide for basic corrections training of at least ten weeks in length for any corrections officers subject to the certification requirement under RCW 43.101.095 who are hired on or after July 1, 2021, or on an earlier date set by the commission. The training shall be successfully completed during the first six months of employment of the personnel, unless otherwise extended or waived by the commission, and shall be requisite to the continuation of employment.

(2) The commission shall provide the training required in this section, together with facilities, supplies, materials, and the room and board for noncommuting attendees, except ~~((during the 2021-2023 fiscal biennium, and))~~ during fiscal year 2025 and during the 2025-2027 fiscal biennium, when the employing county, municipal corporation, or state agency shall reimburse the commission for twenty-five percent of the cost of training its personnel.

(3)(a) Subsections (1) and (2) of this section do not apply to the Washington state department of corrections prisons division. The Washington state department of corrections is responsible for identifying training standards, designing curricula and programs, and providing the training for those corrections personnel employed by it. In doing so, the secretary of the department of corrections shall consult with staff development experts and correctional professionals both inside and outside of the agency, to include soliciting input from labor organizations.

(b) The commission and the department of corrections share the responsibility of developing and defining training standards and providing training for community corrections officers employed within the community corrections division of the department of corrections.

Sec. 956. RCW 43.155.050 and 2023 c 475 s 932 and 2023 c 474 s 8037 are each reenacted and amended to read as follows:

(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and grants and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated or transferred to the water pollution control revolving fund and the drinking water assistance account to provide for state match requirements under federal law. Moneys in the account may be transferred to the move ahead WA account

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

to provide support of public works projects funded in the move ahead WA program. Not more than 20 percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans and grants, emergency loans and grants, or loans and grants for capital facility planning under this chapter. Not more than 10 percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated as grants for preconstruction, emergency, capital facility planning, and construction projects. During the 2017-2019 and 2019-2021 fiscal biennia, the legislature may appropriate moneys from the account for activities related to rural economic development, the growth management act, the aviation revitalization loan program, the community economic revitalization board broadband program, and the voluntary stewardship program. During the 2021-2023 and 2023-2025 fiscal biennia, the legislature may appropriate moneys from the account for activities related to the community aviation revitalization board. During the 2019-2021 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the education legacy trust account. During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the statewide broadband account. The legislature may appropriate moneys from the public works assistance account for activities related to the voluntary stewardship program, rural economic development, and the growth management act. During the 2021-2023 biennium, the legislature may appropriate moneys from the account for projects identified in section 1033, chapter 296, Laws of 2022. During the 2023-2025 fiscal biennium, the legislature may appropriate moneys from the public works assistance account for an evaluation of the costs of relocating public utilities related to fish barrier removal projects. During the 2023-2025 fiscal biennium, the legislature may appropriate moneys from the account for activities related to developing a data dashboard to map investments made by the public works board, the department of commerce, the department of health, the department of ecology, the department of transportation, the transportation improvement board, and by board partners to the system improvement team created in RCW 43.155.150.

(2) For fiscal year 2024 through fiscal year 2038, the state treasurer must transfer from the public works assistance account to the move ahead WA account created in RCW 46.68.510 \$57,000,000 each fiscal year in four equal quarterly transfers.

(3) During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to transfer money from the public works assistance account to the state general fund.

Sec. 957. RCW 43.216.828 and 2021 c 199 s 301 are each amended to read as follows:

(1) It is the intent of the legislature to systemically increase child care subsidy rates over time until rates are equal to the full cost of providing high quality child care.

(2) Beginning July 1, ~~((2024))~~ 2026, child care subsidy base rates must achieve the 85th percentile of market, as established by the most recent market rate survey published before the effective date of this section, for licensed or certified child care providers. The state and the exclusive representative for family child care providers must enter into bargaining over the implementation of the subsidy rate increase under this subsection.

(3)(a) The department shall build upon the work of the child care collaborative task force to develop and implement a child care cost estimate model and use the completed child care cost model to recommend subsidy rates at levels that are sufficient to compensate licensed or certified child care providers for the full

costs of providing high quality child care. The department shall consider:

(i) Adjusting rates to reflect cost of living such as area median income, cost of living by zip code, and grouping by categories such as rural, suburban, or urban; and

(ii) Incorporating the rate model for nonstandard child care hours developed under section 306, chapter 199, Laws of 2021.

(b) The department shall build upon the work of the child care collaborative task force to evaluate options to support access to affordable health care insurance coverage for licensed or certified child care providers.

(4) This section does not interfere with, impede, or in any way diminish the right of family child care providers to bargain collectively with the state through the exclusive bargaining representatives as provided for under RCW 41.56.028.

Sec. 958. RCW 43.320.110 and 2023 c 475 s 933 are each amended to read as follows:

(1) There is created in the custody of the state treasurer a local fund known as the "financial services regulation fund" which shall consist of all moneys received by the divisions of the department of financial institutions, except as provided in subsection (2) of this section.

(2) The division of securities shall deposit thirteen percent of all moneys received, except as provided in RCW 43.320.115 and subsection (3) of this section, and which shall be used for the purchase of supplies and necessary equipment; the payment of salaries, wages, and utilities; the establishment of reserves; and other incidental costs required for the proper regulation of individuals and entities subject to regulation by the department.

(3) The division of securities shall deposit one hundred percent of all moneys received that are attributable to increases in fees implemented by rule pursuant to RCW 21.20.340(15).

(4) Disbursements from the fund shall be on authorization of the director of financial institutions or the director's designee. In order to maintain an effective expenditure and revenue control, the fund shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

(5) During the 2017-2019 fiscal biennium, the legislature may transfer from the financial services regulation fund to the state general fund such amounts as reflect the excess fund balance of the fund. During the 2017-2019 and 2021-2023 fiscal biennia, moneys from the financial services regulation fund may be appropriated for the family prosperity account program at the department of commerce and for the operations of the department of revenue.

(6)(a) Beginning in the 2020-2021 fiscal year, the state treasurer shall annually transfer from the fund to the student loan advocate account created in RCW 28B.77.008, the greater of one hundred seventy-five thousand dollars or twenty percent of the annual assessment derived from student education loan servicing.

(b) The department must provide information to the state treasurer regarding the amount of the annual assessment derived from student education loan servicing.

(7) The director's obligations or duties under chapter 62, Laws of 2018 are subject to section 21, chapter 62, Laws of 2018.

(8) During the 2019-2021 ~~((and))~~, 2023-2025, and 2025-2027 fiscal biennia, moneys in the financial services regulation fund may be appropriated for the operations of the department of revenue.

(9) During the 2021-2023 ~~((and))~~, 2023-2025, and 2025-2027 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the financial services regulation fund to the general fund. It is the intent of the legislature to continue this policy in subsequent biennia.

Sec. 959. RCW 43.330.184 and 2022 c 216 s 6 are each amended to read as follows:

The apple health and homes account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for permanent supportive housing programs administered by the office created in RCW 43.330.181, including acquisition and development of permanent supportive housing units, operations, maintenance, and services costs of permanent supportive housing units, project-based vouchers, provider grants, and other purposes authorized by appropriations made in the operating budget. The department must prioritize allocating at least 10 percent of the expenditures from the account to organizations that serve and are substantially governed by individuals disproportionately impacted by homelessness and behavioral health conditions, including black, indigenous, and other people of color, lesbian, gay, bisexual, queer, transgender, and other gender diverse individuals. When selecting projects supported by funds from the account, the office shall balance the state's interest in quickly approving and financing projects, the degree to which the project will leverage other funds, the extent to which the project promotes racial equity, and the extent to which the project will promote priorities of chapter 216, Laws of 2022 on a statewide basis, including in rural areas and in geographically diverse parts of the state. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to transfer money in the apple health and homes account to the state general fund.

Sec. 960. RCW 43.330.250 and 2019 c 415 s 974 are each amended to read as follows:

(1) The economic development strategic reserve account is created in the state treasury to be used only for the purposes of this section.

(2) Only the governor, with the recommendation of the director of the department of commerce, may authorize expenditures from the account.

(3) During the 2009-2011 ~~((and))~~, 2011-2013, and 2025-2027 fiscal biennia, moneys in the account may also be transferred into the state general fund.

(4) Expenditures from the account may be made to prevent closure of a business or facility, to prevent relocation of a business or facility in the state to a location outside the state, or to recruit a business or facility to the state. Expenditures may be authorized for:

- (a) Workforce development;
 - (b) Public infrastructure needed to support or sustain the operations of the business or facility;
 - (c) Other lawfully provided assistance including, but not limited to, technical assistance, environmental analysis, relocation assistance, and planning assistance. Funding may be provided for such assistance only when it is in the public interest and may only be provided under a contractual arrangement ensuring that the state will receive appropriate consideration, such as an assurance of job creation or retention; and
 - (d) The joint center for aerospace technology innovation.
- (5) The funds shall not be expended from the account unless:
- (a) The circumstances are such that time does not permit the director of the department of commerce or the business or facility to secure funding from other state sources;
 - (b) The business or facility produces or will produce significant long-term economic benefits to the state, a region of the state, or a particular community in the state;
 - (c) The business or facility does not require continuing state support;
 - (d) The expenditure will result in new jobs, job retention, or higher incomes for citizens of the state;
 - (e) The expenditure will not supplant private investment; and

(f) The expenditure is accompanied by private investment.

(6) No more than three million dollars per year may be expended from the account for the purpose of assisting an individual business or facility pursuant to the authority specified in this section.

(7) If the account balance in the strategic reserve account exceeds fifteen million dollars at any time, the amount in excess of fifteen million dollars shall be transferred to the education construction account.

(8) During the 2017-2019 ~~((and))~~, 2019-2021, and 2025-2027 fiscal biennia, the legislature may appropriate moneys from the account to fund programs and grants at the department of commerce. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

Sec. 961. RCW 44.90.070 and 2024 c 333 s 9 are each amended to read as follows:

(1) Collective bargaining negotiations under this chapter must commence no later than July 1st of each even-numbered year after a bargaining unit has been certified.

(2) The duration of any collective bargaining agreement shall not exceed one fiscal biennium.

(3)(a)(i) The director must submit ratified collective bargaining agreements, with cost estimates, to the employer by October 1st before the legislative session at which the request for funds is to be considered. The transmission by the legislature to the governor under RCW 43.88.090 must include a request for funds necessary to implement the provisions of all collective bargaining agreements covering legislative employees.

(ii) For the 2025-2027 fiscal biennium, the legislature may approve funding for collective bargaining agreements with the Washington public employees association on behalf of legislative staff that ratified after October 1, 2024, and before December 31, 2024. Subsequent agreements must be submitted to the employer by October 1st before the legislative session at which the request for funds is to be considered in order to be included in the omnibus operating appropriations act.

(b) If the legislature or governor fails to provide the funds for a collective bargaining agreement for legislative employees, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 44.90.075.

(4) Negotiation for economic terms will be by a coalition of all exclusive bargaining representatives. Any such provisions agreed to by the employer and the coalition must be included in all collective bargaining agreements negotiated by the parties. The director and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of bargaining unit specific issues for inclusion in the collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This subsection does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(5) If a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties must immediately enter into collective bargaining for a mutually agreed-upon modification of the agreement.

Sec. 962. RCW 46.09.510 and 2007 c 241 s 15 are each amended to read as follows:

The nonhighway and off-road vehicle activities program account is created in the state treasury. Moneys in this account are subject to legislative appropriation. The recreation and conservation funding board shall administer the account for purposes specified in this chapter and shall hold it separate and apart from all other money, funds, and accounts of the board.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Grants, gifts, or other financial assistance, proceeds received from public bodies as administrative cost contributions, and any moneys made available to the state of Washington by the federal government for outdoor recreation may be deposited into the account. During the 2025-2027 fiscal biennium, funds may be used for recreation-based appropriations at the department of natural resources.

Sec. 963. RCW 46.09.520 and 2021 c 334 s 985 are each amended to read as follows:

(1) From time to time, but at least once each year, the state treasurer must refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.38 RCW, based on: (a) A tax rate of: (i) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (ii) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (iii) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (iv) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; (v) twenty-three cents per gallon of motor vehicle fuel from July 1, 2011, through July 31, 2015; (vi) thirty cents per gallon of motor vehicle fuel from August 1, 2015, through June 30, 2016; and (vii) thirty-four and nine-tenths cents per gallon of motor vehicle fuel from July 1, 2016, through June 30, 2031; and (b) beginning July 1, 2031, and thereafter, the state's motor vehicle fuel tax rate in existence at the time of the fuel purchase, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer must place these funds in the general fund as follows:

(a) Thirty-six percent must be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent must be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent must be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent must be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection must be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this

subsection (2)(d)(ii)(B) are known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

(5) During the 2021-2023 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature may appropriate moneys from the NOVA account to the department of natural resources to support programs that benefit ORV, nonhighway road ~~((F-Journal 2025 Journal 2025 (Leg Day 105, doe)))~~, and nonmotorized recreational facilities.

Sec. 964. RCW 46.66.080 and 2023 c 388 s 3 are each amended to read as follows:

(1) The Washington auto theft prevention authority account is created in the state treasury, subject to appropriation. Revenues consist of deposits to the account under RCW 48.14.020(1)(b) and all receipts from gifts, grants, bequests, devises, or other funds from public and private sources to support the activities of the auto theft prevention authority must be deposited into the account. Expenditures from the account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and confinement.

(2) The authority shall allocate moneys appropriated from the account to public agencies for the purpose of establishing, maintaining, and supporting programs that are designed to prevent motor vehicle theft, including:

(a) Financial support to prosecution agencies to increase the effectiveness of motor vehicle theft prosecution;

(b) Financial support to a unit of local government or a team consisting of units of local governments to increase the effectiveness of motor vehicle theft enforcement;

(c) Financial support for the procurement of equipment and technologies for use by law enforcement agencies for the purpose of enforcing motor vehicle theft laws; and

(d) Financial support for programs that are designed to educate and assist the public in the prevention of motor vehicle theft.

(3) The costs of administration shall not exceed 10 percent of the moneys in the account in any one year so that the greatest possible portion of the moneys available to the authority is expended on combating motor vehicle theft.

(4) Prior to awarding any moneys from the Washington auto

theft prevention authority account for motor vehicle theft enforcement, the auto theft prevention authority must verify that the financial award includes sufficient funding to cover proposed activities.

(5) Moneys expended from the Washington auto theft prevention authority account under subsection (2) of this section shall be used to supplement, not supplant, other moneys that are available for motor vehicle theft prevention.

(6) Grants provided under subsection (2) of this section constitute reimbursement for purposes of RCW 43.135.060(1).

(7) During the 2025-2027 fiscal biennium, moneys in the account may also be transferred into the state general fund.

Sec. 965. RCW 50.16.010 and 2019 c 415 s 977 are each amended to read as follows:

(1) There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund and an administrative contingency fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable.

(2)(a) The unemployment compensation fund shall consist of:

(i) All contributions collected under RCW 50.24.010 and payments in lieu of contributions collected pursuant to the provisions of this title;

(ii) Any property or securities acquired through the use of moneys belonging to the fund;

(iii) All earnings of such property or securities;

(iv) Any moneys received from the federal unemployment account in the unemployment trust fund in accordance with Title XII of the social security act, as amended;

(v) All money recovered on official bonds for losses sustained by the fund;

(vi) All money credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended;

(vii) All money received from the federal government as reimbursement pursuant to section 204 of the federal-state extended compensation act of 1970 (84 Stat. 708-712; 26 U.S.C. Sec. 3304);

(viii) The portion of the additional penalties as provided in RCW 50.20.070(2) that is fifteen percent of the amount of benefits overpaid or deemed overpaid; and

(ix) All moneys received for the fund from any other source.

(b) All moneys in the unemployment compensation fund shall be commingled and undivided.

(3)(a) Except as provided in (b) of this subsection, the administrative contingency fund shall consist of:

(i) All interest on delinquent contributions collected pursuant to this title;

(ii) All fines and penalties collected pursuant to the provisions of this title, except the portion of the additional penalties as provided in RCW 50.20.070(2) that is fifteen percent of the amount of benefits overpaid or deemed overpaid;

(iii) All sums recovered on official bonds for losses sustained by the fund; and

(iv) Revenue received under RCW 50.24.014.

(b) All fees, fines, forfeitures, and penalties collected or assessed by a district court because of the violation of this title or rules adopted under this title shall be remitted as provided in chapter 3.62 RCW.

(c) Except as provided in (d) of this subsection, moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014, shall be expended upon the direction of the commissioner, with the approval of the governor, whenever it appears to him or her that such expenditure is necessary solely for:

(i) The proper administration of this title and that insufficient federal funds are available for the specific purpose to which such expenditure is to be made, provided, the moneys are not substituted for appropriations from federal funds which, in the absence of such moneys, would be made available.

(ii) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.

(iii) The proper administration of this title for which compliance and audit issues have been identified that establish federal claims requiring the expenditure of state resources in resolution. Claims must be resolved in the following priority: First priority is to provide services to eligible participants within the state; second priority is to provide substitute services or program support; and last priority is the direct payment of funds to the federal government.

(d)(i) During the 2007-2009 fiscal biennium, moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014(1)(a), shall be expended as appropriated by the legislature for: (A) The cost of the job skills or worker retraining programs at the community and technical colleges and administrative costs at the state board for community and technical colleges; and (B) reemployment services such as business and project development assistance, local economic development capacity building, and local economic development financial assistance at the department of commerce. The remaining appropriation may be expended as specified in (c) of this subsection.

(ii) During the 2015-2017, 2017-2019, ~~((and))~~ 2019-2021, and 2025-2027 fiscal biennia, moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014(1)(a), shall be expended as appropriated by the legislature: (A) For the department of social and health services for employment and training services and programs in the WorkFirst program; (B) for the administrative costs of state agencies participating in the WorkFirst program; and (C) by the commissioner for the work group on agricultural and agricultural-related issues as provided in the 2013-2015 omnibus operating appropriations act. The remaining appropriation may be expended as specified in (c) of this subsection.

(iii) During the 2025-2027 fiscal biennium, moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014(1)(a), shall be expended as appropriated by the legislature for the career connected learning grant program authorized in RCW 28C.30.040 and 28C.30.050, and for additional audit support staff due to an increase in the workload associated with audits. The remaining appropriation may be expended as specified in (c) of this subsection.

(4) Money in the special account created under RCW 50.24.014(1)(a) may only be expended, after appropriation, for the purposes specified in this section and RCW 50.62.010, 50.62.020, 50.62.030, 50.24.014, 50.44.053, and 50.22.010.

Sec. 966. RCW 50.24.014 and 2023 c 475 s 934 are each amended to read as follows:

(1)(a) A separate and identifiable account to provide for the financing of special programs to assist the unemployed is established in the administrative contingency fund. All money in this account shall be expended solely for the purposes of this title and for no other purposes whatsoever, except as provided in subsection (4) of this section. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those

2025 REGULAR SESSION

employers who are required to make payments in lieu of contributions, at a basic rate of two one-hundredths of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010.

(b) A separate and identifiable account is established in the administrative contingency fund for financing the employment security department's administrative costs under RCW 50.22.150 and 50.22.155 and the costs under RCW 50.22.150(11) and 50.22.155 (1)(m) and (2)(m). All money in this account shall be expended solely for the purposes of this title and for no other purposes whatsoever. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, those employers who are required to make payments in lieu of contributions, those employers described under RCW 50.29.025(1)(d), and those qualified employers assigned rate class 20 or rate class 40, as applicable, under RCW 50.29.025, at a basic rate of one one-hundredth of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010. Any amount of contributions payable under this subsection (1)(b) that exceeds the amount that would have been collected at a rate of four one-thousandths of one percent must be deposited in the account created in (a) of this subsection.

(2)(a) Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

(b) In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

(3) If the commissioner determines that federal funding has been increased to provide financing for the services specified in chapter 50.62 RCW, the commissioner shall direct that collection of contributions under this section be terminated on the following January 1st.

(4) During the 2023-2025 and 2025-2027 fiscal ((biennium)) biennia, moneys in the account in subsection (1)(a) of this section may be appropriated for poverty reduction programs that coordinate employment, training, education, and other existing systems designed to assist low-income individuals attain self-sufficiency.

Sec. 967. RCW 51.44.190 and 2023 c 213 s 10 are each amended to read as follows:

(1) The construction registration inspection account is created in the state treasury. All moneys, except fines and penalties, received or collected under the terms of chapters 18.27 and 70.87 RCW and under the terms of RCW 43.22.335 through 43.22.430 and 43.22.432 through 43.22.495 must be deposited into the account. Moneys in the account may only be spent after appropriation. Expenditures from the account, not including moneys transferred to the general fund, may be used only to carry out the purposes of chapters 18.27 and 70.87 RCW and RCW 43.22.335 through 43.22.430 and 43.22.432 through 43.22.495.

(2) The department shall set the fees deposited in the account at a level that generates revenue that is as near as practicable to the amount of the appropriation to carry out the duties specified in this section.

(3) On the last working day of the first month following each quarterly period, three and one-half percent of all revenues received into the account during the previous quarter from licenses, permits, and registrations, net of refunds paid to

customers, must be transferred into the general fund. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the construction registration inspection account to the general fund such amounts as reflect the excess fund balance of the account.

Sec. 968. RCW 67.16.285 and 2004 c 246 s 4 are each amended to read as follows:

The Washington horse racing commission class C purse fund account is created in the custody of the state treasurer. All receipts from RCW 67.16.105(3) must be deposited into the account. Expenditures from the account may be used only for the purposes provided in RCW 67.16.105(3). Only the secretary of the commission or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the horse racing commission class C purse fund account to the Washington horse racing commission operating account such amounts as reflect the excess fund balance of the account.

Sec. 969. RCW 67.70.044 and 2010 1st sp.s. c 37 s 940 are each amended to read as follows:

(1) Pursuant to RCW 67.70.040(1)(a), the commission may enter into the multistate agreement establishing a shared game lottery known as "The Big Game," that was entered into by party state lotteries in August 1996 and subsequently amended and a shared game lottery known as "Powerball."

(2) The shared game lottery account is created as a separate account outside the state treasury. The account is managed, maintained, and controlled by the commission and consists of all revenues received from the sale of shared game lottery tickets or shares, and all other moneys credited or transferred to it from any other fund or source under law. The account is allotted according to chapter 43.88 RCW. During the 2009-2011 and 2025-2027 fiscal ((biennium)) biennia, the legislature may transfer from the shared game lottery account to the education legacy trust account such amounts as reflect the excess fund balance of the account.

Sec. 970. RCW 70.79.350 and 2003 1st sp.s. c 25 s 931 are each amended to read as follows:

The chief inspector shall give an official receipt for all fees required by chapter 70.79 RCW and shall transfer all sums so received to the treasurer of the state of Washington as ex officio custodian thereof and the treasurer shall place all sums in a special fund hereby created and designated as the "pressure systems safety fund." Funds shall be paid out upon vouchers duly and regularly issued therefor and approved by the director of the department of labor and industries. The treasurer, as ex officio custodian of the fund, shall keep an accurate record of any payments into the fund, and of all disbursements therefrom. The fund shall be used exclusively to defray only the expenses of administering chapter 70.79 RCW by the chief inspector as authorized by law and the expenses incident to the maintenance of the office. The fund shall be charged with its pro rata share of the cost of administering the fund which is to be determined by the director of financial management and by the director of the department of labor and industries.

During the 2003-2005 and 2025-2027 fiscal ((biennium)) biennia, the legislature may transfer from the pressure systems safety fund to the state general fund such amounts as reflect the excess fund balance of the fund.

Sec. 971. RCW 70.128.160 and 2016 sp.s. c 36 s 944 are each amended to read as follows:

(1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which

the department finds that an adult family home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated an adult family home without a license or under a revoked license;

(c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;

(c) Impose civil penalties of at least one hundred dollars per day per violation;

(d) Impose civil penalties of up to three thousand dollars for each incident that violates adult family home licensing laws and rules, including, but not limited to, chapters 70.128, 70.129, 74.34, and 74.39A RCW and related rules. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty;

(e) Impose civil penalties of up to ten thousand dollars for a current or former licensed provider who is operating an unlicensed home;

(f) Suspend, revoke, or refuse to renew a license; or

(g) Suspend admissions to the adult family home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement only after: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement, the previous stop placement shall remain in effect until the new stop placement is imposed. In order to protect the home's existing residents from potential ongoing neglect, when the provider has been cited for a violation that is repeated, uncorrected, pervasive, or presents a threat to the health, safety, or welfare of one or more residents, and the department has imposed a stop placement, the department shall also impose a condition on license or other remedy to facilitate or spur prompt compliance if the violation has not been corrected, and the provider has not exhibited the capacity to maintain correction, within sixty days of the stop placement.

(4) Nothing in subsection (3) of this section is intended to apply to stop placement imposed in conjunction with a license revocation or summary suspension or to prevent the department from imposing a condition on license or other remedy prior to sixty days after a stop placement, if the department considers it necessary to protect one or more residents' well-being. After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to

ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending a hearing, which must commence no later than sixty days after receipt of a request for a hearing. The time for commencement of a hearing may be extended by agreement of the parties or by the presiding officer for good cause shown by either party, but must commence no later than one hundred twenty days after receipt of a request for a hearing.

(6) A separate adult family home account is created in the custody of the state treasurer. All receipts from civil penalties imposed under this chapter must be deposited into the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department shall use the special account only for promoting the quality of life and care of residents living in adult family homes. During the ((2015-2017)) 2025-2027 fiscal biennium, the account may be expended for funding costs associated with the adult family home program.

(7) The department shall by rule specify criteria as to when and how the sanctions specified in this section must be applied. The criteria must provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. The criteria shall be tiered such that those homes consistently found to have deficiencies will be subjected to increasingly severe penalties. The department shall implement prompt and specific enforcement remedies without delay for providers found to have delivered care or failed to deliver care resulting in problems that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. In the selection of remedies, the health, safety, and well-being of residents must be of paramount importance.

Sec. 972. RCW 70A.65.030 and 2023 c 475 s 936 and 2023 c 475 s 1902 are each reenacted and amended to read as follows:

(1) Except as provided in subsection (4) of this section, each year or biennium, as appropriate, when allocating funds from the carbon emissions reduction account created in RCW 70A.65.240, the climate commitment account created in RCW 70A.65.260, the natural climate solutions account created in RCW 70A.65.270, the climate investment account created in RCW 70A.65.250, the air quality and health disparities improvement account created in RCW 70A.65.280, the climate transit programs account created in RCW 46.68.500, or the climate active transportation account created in RCW 46.68.490, or administering grants or programs funded by the accounts, agencies shall conduct an environmental justice assessment consistent with the requirements of RCW 70A.02.060 and establish a minimum of not less than 35 percent and a goal of 40 percent of total investments that provide direct and meaningful benefits to vulnerable populations within the boundaries of overburdened communities through: (a) The direct reduction of environmental burdens in overburdened communities; (b) the reduction of disproportionate, cumulative

2025 REGULAR SESSION

risk from environmental burdens, including those associated with climate change; (c) the support of community led project development, planning, and participation costs; or (d) meeting a community need identified by the community that is consistent with the intent of this chapter or RCW 70A.02.010.

(2) The allocation of funding under subsection (1) of this section must adhere to the following principles, additional to the requirements of RCW 70A.02.080: (a) Benefits and programs should be directed to areas and targeted to vulnerable populations and overburdened communities to reduce statewide disparities; (b) investments and benefits should be made roughly proportional to the health disparities that a specific community experiences, with a goal of eliminating the disparities; (c) investments and programs should focus on creating environmental benefits, including eliminating health burdens, creating community and population resilience, and raising the quality of life of those in the community; and (d) efforts should be made to balance investments and benefits across the state and within counties, local jurisdictions, and unincorporated areas as appropriate to reduce disparities by location and to ensure efforts contribute to a reduction in disparities that exist based on race or ethnicity, socioeconomic status, or other factors.

(3) Except as provided in subsection (4) of this section, state agencies allocating funds or administering grants or programs from the carbon emissions reduction account created in RCW 70A.65.240, the climate commitment account created in RCW 70A.65.260, the natural climate solutions account created in RCW 70A.65.270, the climate investment account created in RCW 70A.65.250, the air quality and health disparities improvement account created in RCW 70A.65.280, the climate transit programs account created in RCW 46.68.500, or the climate active transportation account created in RCW 46.68.490, must:

(a) Report annually to the environmental justice council created in RCW 70A.02.110 regarding progress toward meeting environmental justice and environmental health goals;

(b) Consider recommendations by the environmental justice council; and

(c)(i) If the agency is not a covered agency subject to the requirements of chapter 70A.02 RCW, create and adopt a community engagement plan to describe how it will engage with overburdened communities and vulnerable populations in allocating funds or administering grants or programs from the climate investment account.

(ii) The plan must include methods for outreach and communication with those who face barriers, language or otherwise, to participation.

(4) During the 2023-2025 and 2025-2027 fiscal ((~~biennium~~)) biennia:

(a) The requirement of subsection (1) of this section to conduct an environmental justice assessment applies only to covered agencies as defined in RCW 70A.02.010 and to significant agency actions as defined in RCW 70A.02.010.

(b) Agencies shall coordinate with the department and the office of financial management to achieve total statewide spending from the accounts listed in subsection (1) of this section of not less than 35 percent and a goal of 40 percent of total investments that provide direct and meaningful benefits to vulnerable populations within the boundaries of overburdened communities as otherwise described in subsection (1)(a) through (d) of this section and in accordance with RCW 70A.65.230.

(c) The requirements of subsection (3)(c) of this section for agencies other than covered agencies to create and adopt community engagement plans apply only to executive branch agencies and institutions of higher education, as defined in RCW

28B.10.016, receiving total appropriations of more than \$2,000,000 for the 2023-2025 fiscal biennium from the accounts listed in subsection (1) of this section.

Sec. 973. RCW 70A.65.250 and 2024 c 376 s 911 are each amended to read as follows:

(1)(a) The climate investment account is created in the state treasury. Except as otherwise provided in chapter 316, Laws of 2021, all receipts from the auction of allowances authorized in this chapter must be deposited into the account. Moneys in the account may be spent only after appropriation.

(b) Projects or activities funded from the account must meet high labor standards, including family sustaining wages, providing benefits including health care and employer-contributed retirement plans, career development opportunities, and maximize access to economic benefits from such projects for local workers and diverse businesses. Each contracting entity's proposal must be reviewed for equity and opportunity improvement efforts, including: (i) Employer paid sick leave programs; (ii) pay practices in relation to living wage indicators such as the federal poverty level; (iii) efforts to evaluate pay equity based on gender identity, race, and other protected status under Washington law; (iv) facilitating career development opportunities, such as apprenticeship programs, internships, job-shadowing, and on-the-job training; and (v) employment assistance and employment barriers for justice affected individuals.

(2) Moneys in the account may be used only for projects and programs that achieve the purposes of the greenhouse gas emissions cap and invest program established under this chapter and for tribal capacity grants under RCW 70A.65.305. During the 2023-2025 fiscal biennium, moneys in the account may also be used for tribal capacity grant activities supporting climate resilience and adaptation, developing tribal clean energy projects, applying for state or federal grant funding, and other related work; and for providing payments to agricultural fuel purchasers. During the 2025-2027 fiscal biennium, moneys in the account may also be used for tribal capacity grant activities supporting climate resilience and adaptation, developing tribal clean energy projects, applying for state or federal grant funding, and other related work. Moneys in the account as described in this subsection must first be appropriated for the administration of the requirements of this chapter, in an amount not to exceed five percent of the total receipt of funds from allowance auction proceeds under this chapter. Beginning July 1, 2023, and annually thereafter, the state treasurer shall distribute funds in the account that exceed the amounts appropriated for the purposes of this subsection (2) as follows:

(a) Seventy-five percent of the moneys to the climate commitment account created in RCW 70A.65.260; and

(b) Twenty-five percent of the moneys to the natural climate solutions account created in RCW 70A.65.270.

(3) The allocations specified in subsection (2)(a) and (b) of this section must be reviewed by the legislature on a biennial basis based on the changing needs of the state in meeting its clean economy and greenhouse gas reduction goals in a timely, economically advantageous, and equitable manner.

(4) During the 2023-2025 and 2025-2027 fiscal ((~~biennium~~)) biennia, the legislature may direct the state treasurer to make transfers of moneys in the climate investment account to the carbon emissions reduction account, the climate commitment account, and the natural climate solutions account.

Sec. 974. RCW 70A.65.260 and 2023 c 475 s 939 are each amended to read as follows:

(1) The climate commitment account is created in the state treasury. The account must receive moneys distributed to the

account from the climate investment account created in RCW 70A.65.250. Moneys in the account may be spent only after appropriation. Projects, activities, and programs eligible for funding from the account must be physically located in Washington state and include, but are not limited to, the following:

(a) Implementing the working families' tax credit in RCW 82.08.0206;

(b) Supplementing the growth management planning and environmental review fund established in RCW 36.70A.490 for the purpose of making grants or loans to local governments for the purposes set forth in RCW 43.21C.240, 43.21C.031, 36.70A.500, and 36.70A.600, for costs associated with RCW 36.70A.610, and to cover costs associated with the adoption of optional elements of comprehensive plans consistent with RCW 43.21C.420;

(c) Programs, activities, or projects that reduce and mitigate impacts from greenhouse gases and copollutants in overburdened communities, including strengthening the air quality monitoring network to measure, track, and better understand air pollution levels and trends and to inform the analysis, monitoring, and pollution reduction measures required in RCW 70A.65.020;

(d) Programs, activities, or projects that deploy renewable energy resources, such as solar and wind power, and projects to deploy distributed generation, energy storage, demand-side technologies and strategies, and other grid modernization projects;

(e) Programs, activities, or projects that increase the energy efficiency or reduce greenhouse gas emissions of industrial facilities including, but not limited to, proposals to implement combined heat and power, district energy, or on-site renewables, such as solar and wind power, to upgrade the energy efficiency of existing equipment, to reduce process emissions, and to switch to less emissions intensive fuel sources;

(f) Programs, activities, or projects that achieve energy efficiency or emissions reductions in the agricultural sector including:

(i) Fertilizer management;

(ii) Soil management;

(iii) Bioenergy;

(iv) Biofuels;

(v) Grants, rebates, and other financial incentives for agricultural harvesting equipment, heavy duty trucks, agricultural pump engines, tractors, and other equipment used in agricultural operations;

(vi) Grants, loans, or any financial incentives to food processors to implement projects that reduce greenhouse gas emissions;

(vii) Renewable energy projects;

(viii) Farmworker housing weatherization programs;

(ix) Dairy digester research and development;

(x) Alternative manure management; and

(xi) Eligible fund uses under RCW 89.08.615;

(g) Programs, activities, or projects that increase energy efficiency in new and existing buildings, or that promote low carbon architecture, including use of newly emerging alternative building materials that result in a lower carbon footprint in the built environment over the life cycle of the building and component building materials;

(h) Programs, activities, or projects that promote the electrification and decarbonization of new and existing buildings, including residential, commercial, and industrial buildings;

(i) Programs, activities, or projects that improve energy efficiency, including district energy, and investments in market transformation of high efficiency electric appliances and equipment for space and water heating;

(j) Clean energy transition and assistance programs, activities, or projects that assist affected workers or people with lower incomes during the transition to a clean energy economy, or grow and expand clean manufacturing capacity in communities across Washington state including, but not limited to:

(i) Programs, activities, or projects that directly improve energy affordability and reduce the energy burden of people with lower incomes, as well as the higher transportation fuel burden of rural residents, such as bill assistance, energy efficiency, and weatherization programs;

(ii) Community renewable energy projects that allow qualifying participants to own or receive the benefits of those projects at reduced or no cost;

(iii) Programs, activities, or other worker-support projects for bargaining unit and nonsupervisory fossil fuel workers who are affected by the transition away from fossil fuels to a clean energy economy. Worker support may include, but is not limited to: (A) Full wage replacement, health benefits, and pension contributions for every worker within five years of retirement; (B) full wage replacement, health benefits, and pension contributions for every worker with at least one year of service for each year of service up to five years of service; (C) wage insurance for up to five years for workers reemployed who have more than five years of service; (D) up to two years of retraining costs, including tuition and related costs, based on in-state community and technical college costs; (E) peer counseling services during transition; (F) employment placement services, prioritizing employment in the clean energy sector; and (G) relocation expenses;

(iv) Direct investment in workforce development, via technical education, community college, institutions of higher education, apprenticeships, and other programs including, but not limited to:

(A) Initiatives to develop a forest health workforce established under RCW 76.04.521; and

(B) Initiatives to develop new education programs, emerging fields, or jobs pertaining to the clean energy economy;

(v) Transportation, municipal service delivery, and technology investments that increase a community's capacity for clean manufacturing, with an emphasis on communities in greatest need of job creation and economic development and potential for commute reduction;

(k) Programs, activities, or projects that reduce emissions from landfills and waste-to-energy facilities through diversion of organic materials, methane capture or conversion strategies, installation of gas collection devices and gas control systems, monitoring and reporting of methane emissions, or other means, prioritizing funding needed for any activities by local governments to comply with chapter 70A.540 RCW;

(l) Carbon dioxide removal projects, programs, and activities; and

(m) Activities to support efforts to mitigate and adapt to the effects of climate change affecting Indian tribes, including capital investments in support of the relocation of Indian tribes located in areas at heightened risk due to anticipated sea level rise, flooding, or other disturbances caused by climate change. The legislature intends to dedicate at least \$50,000,000 per biennium from the account for purposes of this subsection.

(2) Moneys in the account may not be used for projects or activities that would violate tribal treaty rights or result in significant long-term damage to critical habitat or ecological functions. Investments from this account must result in long-term environmental benefits and increased resilience to the impacts of climate change.

(3) During the 2023-2025 and 2025-2027 fiscal ((biennium)) biennia, the legislature may appropriate moneys from the climate commitment account for activities related to environmental justice, including implementation of chapter 314, Laws of 2021.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Sec. 975. RCW 70A.65.300 and 2024 c 376 s 912 are each amended to read as follows:

(1) The department shall prepare, post on the department website, and submit to the appropriate committees of the legislature an annual report that identifies all distributions of moneys from the accounts created in RCW 70A.65.240 through 70A.65.280.

(2) The report must identify, at a minimum, the recipient of the funding, the amount of the funding, the purpose of the funding, the actual end result or use of the funding, whether the project that received the funding produced any verifiable reduction in greenhouse gas emissions or other long-term impact to emissions, and if so, the quantity of reduced greenhouse gas emissions, the cost per carbon dioxide equivalent metric ton of reduced greenhouse gas emissions, and a comparison to other greenhouse gas emissions reduction projects in order to facilitate the development of cost-benefit ratios for greenhouse gas emissions reduction projects.

(3) The department shall require by rule that recipients of funds from the accounts created in RCW 70A.65.240 through 70A.65.280 report to the department, in a form and manner prescribed by the department, the information required for the department to carry out the department's duties established in this section.

(4) The department shall update its website with the information described in subsection (2) of this section as appropriate but no less frequently than once per calendar year.

(5) The department shall submit its report to the appropriate committees of the legislature with the information described in subsection (2) of this section no later than September 30 of each year. For fiscal year 2025, the report must be submitted no later than November 30, 2024. During the 2025-2027 fiscal biennium, the report must be submitted no later than November 30 of each fiscal year.

Sec. 976. RCW 70A.200.140 and 2022 c 297 s 963 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the waste reduction, recycling, and litter control account. Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Forty percent to the department of ecology, primarily for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for litter collection programs under RCW 70A.200.170. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide; to support employment of youth in litter cleanup as intended in RCW 70A.200.020, and for litter pick up using other authorized agencies; and for statewide public awareness programs under RCW 70A.200.150(7). The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, recycling, and composting so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b)(i) Twenty percent to the department for local government funding programs for waste reduction, litter control, recycling activities, and composting activities by cities and counties under RCW 70A.200.190, to be administered by the department of ecology; (ii) any unspent funds under (b)(i) of this subsection may be used to create and pay for a matching fund competitive grant program to be used by local governments for the development and

implementation of contamination reduction and outreach plans for inclusion in comprehensive solid waste management plans or by local governments and nonprofit organizations for local or statewide education programs designed to help the public with litter control, waste reduction, recycling, and composting of primarily the products taxed under chapter 82.19 RCW. Recipients under this subsection include programs to reduce wasted food and food waste that are designed to achieve the goals established in RCW 70A.205.715(1) and that are consistent with the plan developed in RCW 70A.205.715(3). Grants must adhere to the following requirements: (A) No grant may exceed sixty thousand dollars; (B) grant recipients shall match the grant funding allocated by the department by an amount equal to twenty-five percent of eligible expenses. A local government's share of these costs may be met by cash or contributed services; (C) the obligation of the department to make grant payments is contingent upon the availability of the amount of money appropriated for this subsection (1)(b); and (D) grants are managed under the guidelines for existing grant programs; and

(c) Forty percent to the department of ecology to: (i) Implement activities under RCW 70A.200.150 for waste reduction, recycling, and composting efforts; (ii) provide technical assistance to local governments and commercial businesses to increase recycling markets and recycling and composting programs primarily for the products taxed under chapter 82.19 RCW designed to educate citizens about waste reduction, litter control, and recyclable and compostable products and programs; (iii) increase access to waste reduction, composting, and recycling programs, particularly for food packaging and plastic bags and appropriate composting techniques; and (iv) for programs to reduce wasted food and food waste that are designed to achieve the goals established in RCW 70A.205.715(1) and that are consistent with the plan developed in RCW 70A.205.715(3).

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70A.200.170 for the remainder of the funds, so that the most effective waste reduction, litter control, recycling, and composting programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) Funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, must be prioritized for the products identified under RCW 82.19.020 solely for the purposes of recycling, composting, and litter collection, reduction, and control programs.

(5) During the 2021-2023 fiscal biennium, Washington State University may use funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, to conduct an organic waste study.

(6) During the 2021-2023 fiscal biennium, and as an exception to the distribution of expenditures otherwise required in this section, the department of ecology may use funds in the waste reduction, recycling, and litter control account to continue a series of food waste reduction campaigns, to continue to invest in litter

prevention campaigns, to conduct a recycling study, and to increase litter control on state highways.

(7) During the 2025-2027 fiscal biennium the legislature may appropriate funding for general administrative purposes at the department of ecology. In addition, during the 2025-2027 fiscal biennium, subsection (1)(a), (b), and (c) of this section is suspended.

Sec. 977. RCW 70A.305.180 and 2023 c 475 s 940 are each amended to read as follows:

(1) The model toxics control operating account is hereby created in the state treasury.

(2) Moneys in the model toxics control operating account must be used only to carry out the purposes of this chapter, including but not limited to the following:

(a) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70A.300 RCW;

(b) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70A.205 RCW;

(c) The hazardous waste clean-up program required under this chapter;

(d) State matching funds required under federal cleanup law;

(e) Financial assistance for local programs and plans, including local solid waste financial assistance, in accordance with chapters 70A.405, 70A.205, 70A.214, 70A.224, and 70A.300 RCW;

(f) State government programs for the safe reduction, recycling, or disposal of paint and hazardous wastes from households, small businesses, and agriculture;

(g) Oil and hazardous materials spill prevention, preparedness, training, and response activities;

(h) Water and environmental health protection and monitoring programs;

(i) Programs authorized under chapter 70A.135 RCW;

(j) A public participation program;

(k) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70A.300.260;

(l) State agriculture and health programs for the safe use, reduction, recycling, or disposal of pesticides;

(m) Funding requirements to maintain receipt of federal funds under the federal solid waste disposal act (42 U.S.C. Sec. 6901 et seq.);

(n) Air quality programs and actions for reducing public exposure to toxic air pollution;

(o) Petroleum-based plastic or expanded polystyrene foam debris clean-up activities in fresh or marine waters; and

(p) For the 2021-2023 fiscal biennium, and solely to continue the policy of previous biennia, forest practices at the department of natural resources.

(3) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in model toxics control operating account may be spent only after appropriation by statute.

(4) One percent of the moneys collected under RCW 82.21.030 must be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the model toxics control operating account.

(5) The department must adopt rules for grant or loan issuance

and performance.

(6) During the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature may direct the state treasurer to make transfers of moneys in the model toxics control operating account to the state general fund.

Sec. 978. RCW 70A.305.190 and 2024 c 375 s 8009 are each amended to read as follows:

(1) The model toxics control capital account is hereby created in the state treasury.

(2) In addition to the funds deposited into the model toxics control capital account required under RCW 82.21.030, the following moneys must be deposited into the model toxics control capital account:

(a) The costs of remedial actions recovered under this chapter, except as provided under RCW 70A.305.170(7);

(b) Penalties collected or recovered under this chapter; and

(c) Any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the model toxics control capital account must be used for the improvement, rehabilitation, remediation, and cleanup of toxic sites and other capital-related expenditures for programs and activities identified in subsection (4) of this section.

(4) Moneys in the model toxics control capital account may be used only for capital projects and activities that carry out the purposes of this chapter and for financial assistance to local governments or other persons to carry out those projects or activities, including but not limited to the following, generally in descending order of priority:

(a) Remedial actions, including the following generally in descending order of priority:

(i) Extended grant agreements entered into under subsection (5)(a) of this section;

(ii) Grants or loans to local governments for remedial actions, including planning for adaptive reuse of properties as provided for under subsection (5)(d) of this section. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Department-conducted remedial actions;

(iv) Grants to persons intending to remediate contaminated real property for development of affordable housing;

(v) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with clean-up standards under RCW 70A.305.030(2)(e) if:

(A) The amount and terms of the funding are established under a settlement agreement under RCW 70A.305.040(4); and

(B) The director has found that the funding will achieve both a substantially more expeditious or enhanced cleanup than would otherwise occur, and the prevention or mitigation of unfair economic hardship;

(vi) Public funding to assist prospective purchasers to pay for the costs of remedial action in compliance with clean-up standards under RCW 70A.305.030(2)(e) if:

(A) The facility is located within a redevelopment opportunity zone designated under RCW 70A.305.150;

(B) The amount and terms of the funding are established under a settlement agreement under RCW 70A.305.040(5); and

(C) The director has found the funding will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, provide a public benefit in addition to cleanup

2025 REGULAR SESSION

commensurate with the scope of the public funding; and meet any additional criteria established in rule by the department; and

(vii) To expedite multiparty clean-up efforts, purchase of remedial action cost-cap insurance;

(b) Grants, or loans, or contracts to local governments for solid waste plans and programs under chapters 70A.205, 70A.214, 70A.224, 70A.222, 70A.230, and 70A.300 RCW. Funds must be allocated consistent with priorities and matching requirements in the respective chapters;

(c) Toxic air pollutant reduction programs, including grants or loans to local governments for woodstoves and diesel;

(d) Grants, loans, or contracts to local governments for hazardous waste plans and programs under chapters 70A.405 and 70A.300 RCW, including chemical action plan implementation. Funds must be allocated consistent with priorities and matching requirements in the respective chapters; and

(e) Petroleum-based plastic or expanded polystyrene foam debris clean-up activities in fresh or marine waters.

(5) The department may establish and administer a program to provide grants and loans to local governments for remedial actions, including planning for adaptive reuse of contaminated properties. To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(a) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds \$20,000,000. The agreement is subject to the following limitations:

(i) The initial duration of such an agreement may not exceed 10 years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(ii) Extended grant agreements may not exceed 50 percent of the total eligible remedial action costs at the facility; and

(iii) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(b) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(c) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(d) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(e) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(f) The director may alter grant matching requirements to

create incentives for local governments to expedite cleanups when one of the following conditions exists:

(i) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(ii) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(iii) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70A.305.040(5) that would not otherwise occur; and

(g) When pending grant applications under subsection (4)(d) and (e) of this section exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(6) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in model toxics control capital account may be spent only after appropriation by statute.

(7) The legislature finds that, in 2023, wildfires in Spokane and Pend Oreille counties resulted in a loss of approximately 366 homes as well as secondary buildings. The burning of these structures has resulted in a large toxic debris field containing asbestos, heavy metals, plastics, and fuel which are at risk of leaching into the soil and groundwater. During the 2023-2025 fiscal biennium, moneys in the model toxics control capital account may be used for financial assistance to local governments for the testing of hazardous materials, removal of debris, and remediation of soil necessary to support the rebuilding of communities impacted by these wildfires.

(8) During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the model toxics control capital account to the state general fund.

Sec. 979. RCW 71.24.580 and 2024 c 179 s 1 are each amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program and for 180 days following graduation from the drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight

million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

(11) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

(12) During the 2025-2027 fiscal biennium, the legislature may appropriate moneys from the criminal justice treatment account to provide access to medications for opioid use disorders and alcohol use disorders to individuals in city, county, regional, and tribal jails, and for short-term housing vouchers for individuals with substance use disorders that may also interact with the criminal justice system. Appropriations made under this subsection are not subject to the distribution methodology or other requirements and limitations outlined in subsection (1) through subsection (11) of this section. It is the intent of the legislature to continue this policy in subsequent fiscal biennia.

Sec. 980. RCW 71.24.890 and 2024 c 368 s 4 and 2024 c 364 s 1 are each reenacted and amended to read as follows:

(1) Establishing the state designated 988 contact hubs and enhancing the crisis response system will require collaborative work between the department, the authority, and regional system partners within their respective roles. The department shall have primary responsibility for designating 988 contact hubs, and shall seek recommendations from the behavioral health administrative services organizations to determine which 988 contact hubs best meet regional needs. The authority shall have primary responsibility for developing, implementing, and facilitating coordination of the crisis response system and services to support the work of the designated 988 contact hubs, regional crisis lines, and other coordinated regional behavioral health crisis response system partners. In any instance in which one agency is identified as the lead, the expectation is that agency will communicate and collaborate with the other to ensure seamless, continuous, and effective service delivery within the statewide crisis response system.

(2) The department shall provide adequate funding for the state's crisis call centers to meet an expected increase in the use of the 988 contact hubs based on the implementation of the 988 crisis hotline. The funding level shall be established at a level anticipated to achieve an in-state call response rate of at least 90 percent by July 22, 2022. The funding level shall be determined by considering standards and cost per call predictions provided by the administrator of the national suicide prevention lifeline, call volume predictions, guidance on crisis call center performance metrics, and necessary technology upgrades. Contracts with the 988 contact hubs:

(a) May provide funding to support designated 988 contact hubs to enter into limited partnerships with the public safety answering point to increase the coordination and transfer of behavioral health calls received by certified public safety telecommunicators that are better addressed by clinic interventions provided by the 988 system. Tax revenue may be

used to support partnerships. These partnerships with 988 and public safety may be expanded to include regional crisis lines administered by behavioral health administrative services organizations;

(b) Shall require that 988 contact hubs enter into data-sharing agreements, when appropriate, with the department, the authority, regional crisis lines, and applicable regional behavioral health administrative services organizations to provide reports and client level data regarding 988 contact hub calls, as allowed by and in compliance with existing federal and state law governing the sharing and use of protected health information. Data-sharing agreements with regional crisis lines must include real-time information sharing. All coordinated regional behavioral health crisis response system partners must share dispatch time, arrival time, and disposition for behavioral health calls referred for outreach by each region consistent with any regional protocols developed under RCW 71.24.432. The department and the authority shall establish requirements for 988 contact hubs to report data to regional behavioral health administrative services organizations for the purposes of maximizing medicaid reimbursement, as appropriate, and implementing this chapter and chapters 71.05 and 71.34 RCW. The behavioral health administrative services organization may use information received from the 988 contact hubs in administering crisis services for the assigned regional service area, contracting with a sufficient number of licensed or certified providers for crisis services, establishing and maintaining quality assurance processes, maintaining patient tracking, and developing and implementing strategies to coordinate care for individuals with a history of frequent crisis system utilization.

(3) The department shall adopt rules by January 1, 2025, to establish standards for designation of crisis call centers as designated 988 contact hubs. The department shall collaborate with the authority, other agencies, and coordinated regional behavioral health crisis response system partners to assure coordination and availability of services, and shall consider national guidelines for behavioral health crisis care as determined by the federal substance abuse and mental health services administration, national behavioral health accrediting bodies, and national behavioral health provider associations to the extent they are appropriate, and recommendations from behavioral health administrative services organizations and the crisis response improvement strategy committee created in RCW 71.24.892.

(4) The department shall designate 988 contact hubs considering the recommendations of behavioral health administrative services organizations by January 1, 2026. The designated 988 contact hubs shall provide connections to crisis intervention services, triage, care coordination, and referrals for individuals contacting the 988 contact hubs from any jurisdiction within Washington 24 hours a day, seven days a week, using the system platform developed under subsection (5) of this section. The department may not designate more than a total of four 988 contact hubs without legislative approval.

(a) To be designated as a 988 contact hub, the applicant must demonstrate to the department the ability to comply with the requirements of this section and to contract to provide 988 contact hub services. If a 988 contact hub fails to substantially comply with the contract, data-sharing requirements, or approved regional protocols developed under RCW 71.24.432, the department may revoke the designation of the 988 contact hub and, after consulting with the affected behavioral health administrative services organization, may designate a 988 contact hub recommended by a behavioral health administrative services organization which is able to meet necessary state and federal requirements.

(b) The contracts entered shall require designated 988 contact hubs to:

(i) Have an active agreement with the administrator of the national suicide prevention lifeline for participation within its network;

(ii) Meet the requirements for operational and clinical standards established by the department and based upon the national suicide prevention lifeline best practices guidelines and other recognized best practices;

(iii) Employ highly qualified, skilled, and trained clinical staff who have sufficient training and resources to provide empathy to callers in acute distress, de-escalate crises, assess behavioral health disorders and suicide risk, triage to system partners for callers that need additional clinical interventions, and provide case management and documentation. Call center staff shall be trained to make every effort to resolve cases in the least restrictive environment and without law enforcement involvement whenever possible. Call center staff shall coordinate with certified peer counselors to provide follow-up and outreach to callers in distress as available. It is intended for transition planning to include a pathway for continued employment and skill advancement as needed for experienced crisis call center employees;

(iv) Train employees on agricultural community cultural competencies for suicide prevention, which may include sharing resources with callers that are specific to members from the agricultural community. The training must prepare staff to provide appropriate assessments, interventions, and resources to members of the agricultural community. Employees may make warm transfers and referrals to a crisis hotline that specializes in working with members from the agricultural community, provided that no person contacting 988 shall be transferred or referred to another service if they are currently in crisis and in need of emotional support;

(v) Prominently display 988 crisis hotline information on their websites and social media, including a description of what the caller should expect when contacting the crisis call center and a description of the various options available to the caller, including call lines specialized in the behavioral health needs of veterans, American Indian and Alaska Native persons, Spanish-speaking persons, and LGBTQ populations. The website may also include resources for programs and services related to suicide prevention for the agricultural community;

(vi) Collaborate with the authority, the national suicide prevention lifeline, and veterans crisis line networks to assure consistency of public messaging about the 988 crisis hotline;

(vii) Collaborate with coordinated regional behavioral health crisis response system partners within the 988 contact hub's regional service area to develop protocols under RCW 71.24.432, including protocols related to the dispatching of mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903;

(viii) Provide data and reports and participate in evaluations and related quality improvement activities, according to standards established by the department in collaboration with the authority; and

(ix) Enter into data-sharing agreements with the department, the authority, regional crisis lines, and applicable behavioral health administrative services organizations to provide reports and client level data regarding 988 contact hub calls, as allowed by and in compliance with existing federal and state law governing the sharing and use of protected health information, which shall include sharing real-time information with regional crisis lines. The department and the authority shall establish requirements that the designated 988 contact hubs report data to

regional behavioral health administrative services organizations for the purposes of maximizing medicaid reimbursement, as appropriate, and implementing this chapter and chapters 71.05 and 71.34 RCW including, but not limited to, administering crisis services for the assigned regional service area, contracting with a sufficient number of licensed or certified providers for crisis services, establishing and maintaining quality assurance processes, maintaining patient tracking, and developing and implementing strategies to coordinate care for individuals with a history of frequent crisis system utilization.

(c) The department and the authority shall incorporate recommendations from the crisis response improvement strategy committee created under RCW 71.24.892 in its agreements with designated 988 contact hubs, as appropriate.

(5) The department and authority must coordinate to develop the technology and platforms necessary to manage and operate the behavioral health crisis response and suicide prevention system. The department and the authority must include designated 988 contact hubs, regional crisis lines, and behavioral health administrative services organizations in the decision-making process for selecting any technology platforms that will be used to operate the system. No decisions made by the department or the authority shall interfere with the routing of the 988 contact hubs calls, texts, or chat as part of Washington's active agreement with the administrator of the national suicide prevention lifeline or 988 administrator that routes 988 contacts into Washington's system. The technologies developed must include:

(a) A new technologically advanced behavioral health and suicide prevention crisis call center system platform for use in 988 contact hubs designated by the department under subsection (4) of this section. This platform, which shall be implemented as soon as possible and fully funded by ~~((January 1, 2026)) June 30, 2027~~, shall be developed by the department and must include the capacity to receive crisis assistance requests through phone calls, texts, chats, and other similar methods of communication that may be developed in the future that promote access to the behavioral health crisis system; and

(b) A behavioral health integrated client referral system capable of providing system coordination information to designated 988 contact hubs and the other entities involved in behavioral health care. This system shall be developed by the authority.

(6) In developing the new technologies under subsection (5) of this section, the department and the authority must coordinate to designate a primary technology system to provide each of the following:

(a) Access to real-time information relevant to the coordination of behavioral health crisis response and suicide prevention services, including:

(i) Real-time bed availability for all behavioral health bed types and recliner chairs, including but not limited to crisis stabilization services, 23-hour crisis relief centers, psychiatric inpatient, substance use disorder inpatient, withdrawal management, peer-run respite centers, and crisis respite services, inclusive of both voluntary and involuntary beds, for use by crisis response workers, first responders, health care providers, emergency departments, and individuals in crisis; and

(ii) Real-time information relevant to the coordination of behavioral health crisis response and suicide prevention services for a person, including the means to access:

(A) Information about any less restrictive alternative treatment orders or mental health advance directives related to the person; and

(B) Information necessary to enable the designated 988 contact hubs to actively collaborate with regional crisis lines, emergency

departments, primary care providers and behavioral health providers within managed care organizations, behavioral health administrative services organizations, and other health care payers to establish a safety plan for the person in accordance with best practices and provide the next steps for the person's transition to follow-up noncrisis care. To establish information-sharing guidelines that fulfill the intent of this section the authority shall consider input from the confidential information compliance and coordination subcommittee established under RCW 71.24.892;

(b) The means to track the outcome of the 988 call to enable appropriate follow-up, cross-system coordination, and accountability, including as appropriate: (i) Any immediate services dispatched and reports generated from the encounter; (ii) the validation of a safety plan established for the caller in accordance with best practices; (iii) the next steps for the caller to follow in transition to noncrisis follow-up care, including a next-day appointment for callers experiencing urgent, symptomatic behavioral health care needs; and (iv) the means to verify and document whether the caller was successful in making the transition to appropriate noncrisis follow-up care indicated in the safety plan for the person, to be completed either by the care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the designated 988 contact hub;

(c) A means to facilitate actions to verify and document whether the person's transition to follow-up noncrisis care was completed and services offered, to be performed by a care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the designated 988 contact hub;

(d) The means to provide geographically, culturally, and linguistically appropriate services to persons who are part of high-risk populations or otherwise have need of specialized services or accommodations, and to document these services or accommodations; and

(e) When appropriate, consultation with tribal governments to ensure coordinated care in government-to-government relationships, and access to dedicated services to tribal members.

(7) The authority shall:

(a) Collaborate with county authorities and behavioral health administrative services organizations to develop procedures to dispatch behavioral health crisis services in coordination with designated 988 contact hubs to effectuate the intent of this section;

(b) Establish formal agreements with managed care organizations and behavioral health administrative services organizations by January 1, 2023, to provide for the services, capacities, and coordination necessary to effectuate the intent of this section, which shall include a requirement to arrange next-day appointments for persons contacting the 988 contact hub or a regional crisis line experiencing urgent, symptomatic behavioral health care needs with geographically, culturally, and linguistically appropriate primary care or behavioral health providers within the person's provider network, or, if uninsured, through the person's behavioral health administrative services organization;

(c) Create best practices guidelines by July 1, 2023, for deployment of appropriate and available crisis response services by behavioral health administrative services organizations in coordination with designated 988 contact hubs to assist 988 hotline callers to minimize nonessential reliance on emergency room services and the use of law enforcement, considering input

2025 REGULAR SESSION

from relevant stakeholders and recommendations made by the crisis response improvement strategy committee created under RCW 71.24.892;

(d) Develop procedures to allow appropriate information sharing and communication between and across crisis and emergency response systems for the purpose of real-time crisis care coordination including, but not limited to, deployment of crisis and outgoing services, follow-up care, and linked, flexible services specific to crisis response; and

(e) Establish guidelines to appropriately serve high-risk populations who request crisis services. The authority shall design these guidelines to promote behavioral health equity for all populations with attention to circumstances of race, ethnicity, gender, socioeconomic status, sexual orientation, and geographic location, and include components such as training requirements for call response workers, policies for transferring such callers to an appropriate specialized center or subnetwork within or external to the national suicide prevention lifeline network, and procedures for referring persons who access the 988 contact hubs to linguistically and culturally competent care.

(8) The department shall monitor trends in 988 crisis hotline caller data, as reported by designated 988 contact hubs under subsection (4)(b)(ix) of this section, and submit an annual report to the governor and the appropriate committees of the legislature summarizing the data and trends beginning December 1, 2027.

(9) Subject to authorization by the national 988 administrator and the availability of amounts appropriated for this specific purpose, any Washington state subnetwork of the 988 crisis hotline dedicated to the crisis assistance needs of American Indian and Alaska Native persons shall offer services by text, chat, and other similar methods of communication to the same extent as does the general 988 crisis hotline. The department shall coordinate with the substance abuse and mental health services administration for the authorization.

Sec. 981. RCW 74.31.060 and 2019 c 181 s 2 are each amended to read as follows:

The traumatic brain injury account is created in the state treasury. The fee imposed under RCW 46.63.110(7)(c) must be deposited into the account. ~~((Moneys))~~ Except for the 2025-2027 fiscal biennium, when the treasurer shall transfer \$1,111,000 to the general fund—state, moneys in the account may be spent only after appropriation, and may be used only to support the activities in the statewide traumatic brain injury comprehensive plan, to provide a public awareness campaign and services relating to traumatic brain injury under RCW 74.31.040 and 74.31.050, for information and referral services, and for costs of required department staff who are providing support for the council under RCW 74.31.020 and 74.31.030. The secretary of the department of social and health services has the authority to administer the funds. The department must make every effort to disburse the incremental revenue that is the result of the fee increased under RCW 46.63.110(7)(c) in a diverse manner to include rural areas of the state.

Sec. 982. RCW 74.46.581 and 2016 c 131 s 7 are each amended to read as follows:

A separate nursing facility quality enhancement account is created in the custody of the state treasurer. Beginning July 1, 2015, all net receipts from the reconciliation and settlement process provided in RCW 74.46.022(6), as described within RCW 74.46.561, must be deposited into the account. Beginning July 1, 2016, all receipts from the system of financial penalties for facilities out of compliance with minimum staffing standards, as described within RCW 74.42.360, must be deposited into the account. Only the secretary, or the secretary's designee, may authorize expenditures from the account. The account is subject

to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. ~~((The))~~ Except during the 2025-2027 fiscal biennium, the department shall use the special account only for technical assistance for nursing facilities, specialized training for nursing facilities, or an increase to the quality enhancement established in RCW 74.46.561, or as necessary for the reconciliation and settlement process, which requires deposits and withdrawals to complete both the preliminary and final settlement net receipt amounts for this account. During the 2025-2027 fiscal biennium, the account may be expended for funding costs associated with nursing facilities.

Sec. 983. RCW 76.04.511 and 2021 c 298 s 2 are each amended to read as follows:

(1) The wildfire response, forest restoration, and community resilience account is created in the state treasury. All receipts from moneys directed to the account must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for carrying out the purposes of chapter 298, Laws of 2021 and for no other purposes.

(2) Expenditures from the account may be made to state agencies, federally recognized tribes, local governments, fire and conservation districts, nonprofit organizations, forest collaboratives, and small forestland owners, consistent with the 20-year forest health strategic plan, the wildland fire protection 10-year strategic plan, and the Washington state forest action plan.

(3) The wildfire response, forest restoration, and community resilience account may only be used to monitor, track, and implement the following purposes:

(a) Fire preparedness activities consistent with the goals contained in the state's wildland fire protection 10-year strategic plan including, but not limited to, funding for firefighting capacity and investments in ground and aerial firefighting resources, equipment, and technology, and the development and implementation of a wildland fire aviation support plan in order to expand and improve the effectiveness and cost-efficiency of the department's wildland fire aviation program;

(b) Fire prevention activities to restore and improve forest health and reduce vulnerability to drought, insect infestation, disease, and other threats to healthy forests including, but not limited to, silvicultural treatments, seedling development, thinning and prescribed fire, and postfire recovery activities to stabilize and prevent unacceptable degradation to natural and cultural resources and minimize threats to life and property resulting from the effects of a wildfire. Funding priority under this subsection must be given to programs, activities, or projects aligned with the 20-year forest health strategic plan, the wildland fire protection 10-year strategic plan, and the Washington state forest action plan across any combination of local, state, federal, tribal, and private ownerships;

(c) Fire protection activities for homes, properties, communities, and values at risk including, but not limited to: Potential control lines or strategic fuel breaks in forests and rangelands near communities; improved warning and communications systems to prepare for wildfires; increased engagement with non-English speaking communities in their home language for community preparedness; and the national fire protection association's fire wise USA and the fire-adapted communities network programs to help communities take action before wildfires;

(d) During the 2025-2027 fiscal biennium, activities related to post-wildland fire response including post-wildfire debris flow monitoring.

(4) Appropriations for forest health activities funded by the

wildfire response, forest restoration, and community resilience account shall not be less than 25 percent of the biennial appropriated funding.

(5) Appropriations for community resilience activities funded by the wildfire response, forest restoration, and community resilience account shall not be less than 15 percent of the biennial appropriated funding.

(6) Funding may not be used for emergency fire costs or suppression costs as defined in RCW 76.04.005.

(7) To the maximum extent possible, workforce development investments from the wildfire response, forest restoration, and community resilience account should prioritize historically marginalized, underrepresented, rural, and low-income communities.

(8) Any expenditures from the wildfire response, forest restoration, and community resilience account for forest health treatments on federal lands must be additive to the baseline accomplishments and outputs already funded through the federal government and outlined in the annual work plans of the United States forest service, bureau of land management, the national park service, and/or the United States fish and wildlife service.

(9) The department may solicit the forest health advisory committee established in RCW 76.06.200 and wildland fire advisory committee established in RCW 76.04.179 to provide recommendations for investments under this section. In assessing investments and developing recommendations for communities that will be impacted based on ecological, public infrastructure, and life safety needs as set forth in the 20-year forest health strategic plan and the wildland fire protection 10-year strategic plan, the forest health advisory committee and wildland fire advisory committee must use environmental justice or equity focused tools, such as the Washington tracking network's environmental health disparities tool to identify highly impacted communities. This identification must be used as a factor in determining recommendations for investments under this section. "Highly impacted communities" has the same meaning as defined in RCW 19.405.020.

(10) To the maximum extent practicable and where consistent with the 20-year forest health strategic plan, the wildland fire protection 10-year strategic plan, or the Washington state forest action plan and landowner objectives, forest health treatments funded through the wildfire response, forest restoration, and community resilience account shall seek to utilize the value of any merchantable materials to help offset treatment costs.

Sec. 984. RCW 77.12.170 and 2020 c 148 s 5 are each amended to read as follows:

(1) There is established in the state treasury the limited fish and wildlife account which consists of moneys received from:

(a) Fees for personalized vehicle, Wild on Washington, and Endangered Wildlife license plates, Washington's Wildlife license plate collection, and Washington's fish license plate collection as provided in chapter 46.17 RCW;

(b) The department's share of revenues from auctions and raffles authorized by the commission;

(c) The sale of watchable wildlife decals under RCW 77.32.560;

(d) Moneys received from the recreation access pass account created in RCW 79A.80.090 must be dedicated to stewardship, operations, and maintenance of department lands used for public recreation purposes;

(e) Fees for informational materials published by the department;

(f) Those portions of the sale of licenses, permits, tags, stamps, endorsements, and application fees that are specified for a limited purpose within chapters 77.32, 77.65, and 77.70 RCW; and

(g) Income directed to the limited fish and wildlife account by

any other statute not listed in this subsection.

(2) State and county officers receiving any moneys listed in subsection (1) of this section shall deposit them in the state treasury to be credited to the limited fish and wildlife account.

(3) There is established in the state treasury the fish, wildlife, and conservation account that consists of moneys received from:

(a) Rentals or concessions of the department;

(b) The sale of real or personal property held for department purposes, unless the property is seized or recovered through a fish, shellfish, or wildlife enforcement action;

(c) The assessment of administrative penalties;

(d) Those portions of the sale of licenses, permits, tags, stamps, endorsements, and application fees that are not specified for a limited purpose within chapters 77.32, 77.65, and 77.70 RCW;

(e) Articles or wildlife sold by the director under RCW 77.12.140;

(f) Excise tax on anadromous game fish collected under chapter 82.27 RCW;

(g) Donations received by the director under RCW 77.12.039;

(h) Income directed to the fish, wildlife, and conservation account by any other statute not listed in this subsection.

(4) State and county officers receiving any moneys listed in subsection (3) of this section shall deposit them in the state treasury to be credited to the fish, wildlife, and conservation account.

(5) Compensation for damage to department property or wildlife losses or contributions, gifts, or grants received under RCW 77.12.320 must be deposited into the special wildlife account created in RCW 77.12.323. However, this excludes fish and shellfish overages and court-ordered restitution or donations associated with any fish, shellfish, or wildlife enforcement action, as such moneys must be deposited in the enforcement reward account pursuant to RCW 77.15.425.

(6) During the 2025-2027 fiscal biennium, moneys from the limited fish and wildlife account may be transferred to the fish, wildlife, and conservation account.

Sec. 985. RCW 77.44.050 and 2020 c 148 s 25 are each amended to read as follows:

The warm water game fish account is created in the state treasury. Moneys in the account are subject to legislative appropriation and shall be used for the purpose of funding the warm water game fish enhancement program, including the development of warm water pond and lake habitat, culture of warm water game fish, improvement of warm water fish habitat, management of warm water fish populations, and other practical activities that will improve the fishing for warm water fish. Funds for warm water game fish as provided in RCW 77.32.440 shall not serve as replacement funding for department-operated warm water fish projects existing on December 31, 1994. During the 2025-2027 fiscal biennium, moneys from the warm water game fish account may be transferred to the fish, wildlife, and conservation account.

Sec. 986. RCW 77.105.150 and 2003 c 173 s 3 are each amended to read as follows:

The recreational fisheries enhancement account is created in the state treasury. All receipts from RCW 77.105.140 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for recreational fisheries enhancement programs identified in this chapter. ~~((Under))~~ Except during the 2025-2027 fiscal biennium, in which moneys may be transferred to the fish, wildlife, and conservation account, under no circumstances may moneys from the account be used to backfill shortfalls in other state funding sources.

Sec. 987. RCW 79.64.040 and 2023 c 475 s 943 are each amended to read as follows:

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(1) The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the moneys received from all leases, sales, contracts, licenses, permits, easements, and rights-of-way issued by the department and affecting state lands and aquatic lands, except as provided in RCW 79.64.130, provided that no deduction shall be made from the proceeds from agricultural college lands.

(2) Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section.

(3) Except as otherwise provided in subsection (5) of this section, the deductions authorized under this section shall not exceed twenty-five percent of the moneys received by the department in connection with any one transaction pertaining to state lands and aquatic lands other than second-class tide and shore lands and the beds of navigable waters, and fifty percent of the moneys received by the department pertaining to second-class tide and shore lands and the beds of navigable waters.

(4) In the event that the department sells logs using the contract harvesting process described in RCW 79.15.500 through 79.15.530, the moneys received subject to this section are the net proceeds from the contract harvesting sale.

(5) During the 2015-2017, 2017-2019, 2019-2021, 2021-2023, ~~((and))~~ 2023-2025, and 2025-2027 fiscal biennia, the board may increase the twenty-five percent limitation up to thirty-two percent.

Sec. 988. RCW 79.64.110 and 2023 c 475 s 944 and 2023 c 383 s 8 are each reenacted and amended to read as follows:

(1) Any moneys derived from the lease of state forestlands or from the sale of valuable materials, oils, gases, coal, minerals, or fossils from those lands, except as provided in RCW 79.64.130, or the appraised value of these resources when transferred to a public agency under RCW 79.22.060, must be distributed as follows:

(a) For state forestlands acquired through RCW 79.22.040 or by exchange or as replacement for lands acquired through RCW 79.22.040:

(i) The expense incurred by the state for administration, reforestation, and protection, not to exceed 25 percent, which rate of percentage shall be determined by the board, must be returned to the forest development account created in RCW 79.64.100. During the 2017-2019, 2019-2021, 2021-2023, ~~((and))~~ 2023-2025, and 2025-2027 fiscal biennia, the board may increase the 25 percent limitation up to 27 percent.

(ii) Any balance remaining must be paid to the county in which the land is located or, if the land acquired under RCW 79.22.040 was exchanged, transferred, or disposed, payment must be made to the county from which the land was exchanged, transferred, or disposed. For counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as determined by the board. Payments made under this subsection are to be paid, distributed, and prorated to the various funds in the same manner as general taxes are paid and distributed during the year of payment. However, a county may in its discretion pay, distribute, and prorate payments made under this subsection of moneys derived from state forestlands acquired by exchange or as replacement lands, for lands acquired through RCW 79.22.040, in the same manner as general taxes are paid and distributed during the year of payment for the former state forestlands that were subject to the exchange.

(iii) Any balance remaining, paid to a county with a population

of less than 16,000, must first be applied to the reduction of any indebtedness existing in the current expense fund of the county during the year of payment.

(iv) With regard to moneys remaining under this subsection (1)(a), within seven working days of receipt of these moneys, the department shall certify to the state treasurer the amounts to be distributed to the counties. The state treasurer shall distribute funds to the counties four times per month, with no more than 10 days between each payment date.

(b) For state forestlands acquired through RCW 79.22.010 or by exchange or as replacement lands for lands acquired through RCW 79.22.010, except as provided in RCW 79.64.120:

(i) Fifty percent shall be placed in the forest development account.

(ii) Fifty percent shall be prorated and distributed to the state general fund, to be dedicated for the benefit of the public schools, to the county in which the land is located or, for counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as determined by the board, and according to the relative proportions of tax levies of all taxing districts in the county. The portion to be distributed to the state general fund shall be based on the regular school levy rate under RCW 84.52.065 (1) and (2) and the levy rate for any school district enrichment levies. With regard to the portion to be distributed to the counties, the department shall certify to the state treasurer the amounts to be distributed within seven working days of receipt of the money. The state treasurer shall distribute funds to the counties four times per month, with no more than 10 days between each payment date. The money distributed to the county must be paid, distributed, and prorated to the various other funds in the same manner as general taxes are paid and distributed during the year of payment.

(2) A school district may transfer amounts deposited in its debt service fund pursuant to this section into its capital projects fund as authorized in RCW 28A.320.330.

Sec. 989. RCW 80.01.080 and 2017 3rd sp.s. c 25 s 11 are each amended to read as follows:

There is created in the state treasury a public service revolving fund. Regulatory fees payable by all types of public service companies shall be deposited to the credit of the public service revolving fund. Except for expenses payable out of the pipeline safety account, all expense of operation of the Washington utilities and transportation commission shall be payable out of the public service revolving fund. During the 2025-2027 fiscal biennium, moneys in the account may also be transferred into the state general fund.

Sec. 990. RCW 81.88.050 and 2007 c 142 s 3 are each amended to read as follows:

The pipeline safety account is created in the custody of the state treasurer. All fees received by the commission for the pipeline safety program according to RCW 80.24.060 and 81.24.090 and all receipts from the federal office of pipeline safety and any other state or federal funds provided for pipeline safety shall be deposited in the account. Any penalties collected under this chapter, or otherwise designated to this account must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for funding pipeline safety. During the 2025-2027 fiscal biennium, moneys in the account may also be transferred into the state general fund.

Sec. 991. RCW 82.86.050 and 2023 c 454 s 10 are each amended to read as follows:

(1) The statewide 988 behavioral health crisis response and suicide prevention line account is created in the state treasury. All

receipts from the statewide 988 behavioral health crisis response and suicide prevention line tax imposed pursuant to this chapter must be deposited into the account. Moneys may only be spent after appropriation.

(2) Expenditures from the account may only be used for:

(a) Ensuring the efficient and effective routing of calls made to the 988 crisis hotline to an appropriate crisis hotline center or designated 988 contact hub; ~~((and))~~

(b) Personnel and the provision of acute behavioral health, crisis outreach, and crisis stabilization services, as defined in RCW 71.24.025, by directly responding to the 988 crisis hotline and enhancing mobile crisis service standards and performance provided through mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903. Ten percent of the annual receipts from the tax must be dedicated to the establishment grants, performance payments, and supplemental performance payments for mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903 and endorsement activities in RCW 71.24.903, up to 30 percent of which is dedicated to mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903 that are affiliated with a tribe in Washington; and

(c) During the 2025-2027 fiscal biennium, the legislature may appropriate moneys from the statewide 988 behavioral health crisis response and suicide prevention line account to maintain and expand behavioral health crisis response services including services provided by mobile crisis response teams, 23-hour crisis relief centers, and other community settings providing services to individuals experiencing a behavioral health crisis. Appropriations made for these purposes are not subject to the limitation in subsection (3) of this section. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(3) Moneys in the account may not be used to supplant general fund appropriations for behavioral health services or for medicaid covered services to individuals enrolled in the medicaid program.

Sec. 992. RCW 86.26.007 and 2019 c 415 s 991 are each amended to read as follows:

The flood control assistance account is hereby established in the state treasury. At the beginning of the 2005-2007 fiscal biennium, the state treasurer shall transfer three million dollars from the general fund to the flood control assistance account. Each biennium thereafter the state treasurer shall transfer four million dollars from the general fund to the flood control assistance account, except for the 2025-2027 fiscal biennium, when the treasurer shall transfer \$3,700,000 to the flood control assistance account. Moneys in the flood control assistance account may be spent only after appropriation for purposes specified under this chapter. During the 2017-2019 and 2019-2021 fiscal biennia, the legislature may appropriate moneys from the account for the purposes specified under chapter 90.94 RCW.

NEW SECTION. Sec. 993. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the state seizure account to the general fund such amounts as reflect the excess fund balance of the account.

NEW SECTION. Sec. 994. Section 940 of this act takes effect July 1, 2025.

2025 REGULAR SESSION

children in need of services, and at-risk youth referrals. The administrator for the courts, in conjunction with the juvenile court administrators, shall develop an equitable funding distribution formula. The formula must neither reward counties with higher than average per-petition/referral processing costs nor shall it penalize counties with lower than average per-petition/referral processing costs.

(b) Each fiscal year during the 2023-2025 fiscal biennium, each county shall report the number of petitions processed and the total actual costs of processing truancy, children in need of services, and at-risk youth petitions. Counties shall submit the reports to the administrator for the courts no later than 45 days after the end of the fiscal year. The administrator for the courts shall electronically transmit this information to the chairs and ranking minority members of the house of representatives and senate fiscal committees no later than 60 days after a fiscal year ends. These reports are informational in nature and are not for the purpose of distributing funds.

(3) \$1,094,000 of the general fund—state appropriation for fiscal year 2024 and \$1,094,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the statewide fiscal impact on Thurston county courts. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(4) \$3,000,000 of the general fund—state appropriation for fiscal year 2024 and \$3,000,000 of the judicial stabilization trust account—state appropriation are provided solely for distribution to local courts for costs associated with the court-appointed attorney and visitor requirements set forth in the uniform guardianship act, chapter 11.130 RCW. If the amount provided in this subsection is insufficient to fully fund the local court costs, distributions must be reduced on a proportional basis to ensure that expenditures remain within the available funds provided in this subsection. No later than December 31, 2023, the administrative office of the courts will provide a report on distributions to local courts including, but not limited to, the amount provided to each court, the number of guardianship cases funded at each court, costs segregated by attorney appointments and court visitor appointments, the amount of any pro rata reductions, and a recommendation on how to forecast distributions for potential future funding by the legislature.

(5) \$1,000,000 of the general fund—state appropriation for fiscal year 2024 and \$1,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the administrative office of the courts to use as matching funds to distribute to small municipal and county courts, located in a rural county as defined in RCW 43.160.020, for the purpose of increasing security for court facilities. Grants must be used solely for security equipment and services for municipal, district, and superior courts and may not be used for staffing or administrative costs.

(6) \$250,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the administrative office of the courts to provide grants to superior courts for the purpose of creating or expanding sanitary lactation spaces or pods that provide privacy for courthouse visitors needing to breastfeed or express breast milk.

(7)(a) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$1,100,000 of the judicial stabilization trust account—state appropriation are provided solely for the administrative office of the courts to contract with an equity and justice nonprofit organization to expand the capacity of the existing equity dashboard program. The contract must review and organize newly available criminal case data with the goal of consolidating and collecting adult felony case data to determine

disparities in the legal justice system. The equity dashboard program must be expanded to include adult felony case data that is consolidated, interactable, transparent, and accessible to the public.

(b) Of the amounts provided in this subsection for fiscal year 2025, the \$1,000,000 in funding shall be split evenly between two equity and justice nonprofit organizations for the purpose of continuing the work of the existing public equity data dashboard on the collection of sentencing data and expanding their work to partner with a nonprofit organization that advocates for equity in technology and education to provide the public with data on social determinants that impact education outcomes. The organization that promotes equity in education must be a coalition that advocates for an educational system that promotes racial equity and focuses on ensuring that the race of a child and the child's address are not the predicated factors in defining their success.

(8) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Substitute House Bill No. 1766 (protection orders/hope cards).

(9) \$1,090,000 of the general fund—state appropriation for fiscal year 2024 and \$1,090,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to address data quality issues across Washington state court management systems.

(10) \$51,428,000 of the judicial stabilization trust account—state appropriation is provided solely to establish a direct refund process to individuals to refund legal financial obligations, collection costs, and document-verified costs paid to third parties previously paid by defendants whose convictions have been vacated by court order due to the *State v. Blake* ruling. Superior court clerks, district court administrators, and municipal court administrators must certify and send to the office the amount of any refund ordered by the court. The court order must either contain the amount of the refund or provide language for the clerk or court administrator to certify to the office the amount to be refunded to the individual.

(11) \$1,627,000 of the general fund—state appropriation for fiscal year 2024 and \$1,812,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for activities of the office relating to the resentencing or vacating convictions of individuals and refund of legal financial obligations and costs associated with the *State v. Blake* ruling. In addition to contracting with cities and counties for the disbursement of funds appropriated for resentencing costs, the office must:

(a) Collaborate with superior court clerks, district court administrators, and municipal court administrators to prepare comprehensive reports, based on available court records, of all cause numbers impacted by *State v. Blake* going back to 1971. Such reports must include the refund amount related to each cause number;

(b) In collaboration with the office of public defense and the office of civil legal aid, establish a process that can be used by individuals seeking a refund, provide individuals information regarding the application process necessary to claim a refund, and issue payments from the refund bureau to individuals certified in subsection (10) of this section; and

(c) Collaborate with counties and municipalities to adopt standard coding for application to *State v. Blake* convictions and to develop a standardized practice regarding vacated convictions.

(12) \$38,000,000 of the judicial stabilization trust account—state appropriation is provided solely to assist counties with costs of complying with the *State v. Blake* decision that arise from the

county's role in operating the state's criminal justice system, including resentencing, vacating prior convictions for simple drug possession, and certifying refunds of legal financial obligations and collections costs. The office shall contract with counties for judicial, clerk, defense, and prosecution expenses for these purposes if requested by a county. A county may designate the office to use available funding to administer a vacate process, or a portion of the vacate process, on behalf of the county. The office must collaborate with counties to adopt standard coding for application to *Blake* convictions and to develop a standardized practice regarding vacated convictions.

(13) \$11,500,000 of the judicial stabilization trust account—state appropriation is provided solely to assist cities with costs of complying with the *State v. Blake* decision that arise from the city's role in operating the city's criminal justice system, including vacating prior convictions for simple drug possession, to include cannabis and possession of paraphernalia, and certifying refunds of legal financial obligations and collections costs. The office shall contract with cities for judicial, clerk, defense, and prosecution expenses for these purposes if requested by a city. A city may designate the office to use available funding to administer a vacate process, or a portion of the vacate process, on behalf of the city. The office must collaborate with cities to adopt standard coding for application to *Blake* convictions and to develop a standardized practice regarding vacated convictions.

(14) \$439,000 of the general fund—state appropriation for fiscal year 2024 and \$304,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute Senate Bill No. 5128 (jury diversity).

(15) \$40,000 of the general fund—state appropriation for fiscal year 2024, \$1,520,000 of the general fund—state appropriation for fiscal year 2025, and \$169,000 of the judicial stabilization trust account—state appropriation are provided solely for the office to administer a jury pay pilot program in Pierce county. Funding must be used to increase jury pay up to \$100 for each day served in Pierce county superior court. The funds provided in this subsection must supplement, and not supplant, existing local funding for juror pay. The office must compare juror demographics after the pay increase as compared to data collected from the 2022 jury demographic survey to measure the impact increasing juror pay has on jury diversity and juror response rates.

(16) \$1,800,000 of the judicial stabilization trust account—state appropriation is provided solely for distribution to counties to help cover the cost of electronic monitoring with victim notification technology when an individual seeking a protection order requests electronic monitoring with victim notification technology from the court and the respondent is unable to pay. Of the amount provided in this subsection, up to five percent of the funding each fiscal year may be used by the office for education and outreach to the courts regarding this technology.

(17) \$18,000 of the general fund—state appropriation for fiscal year 2024 and \$18,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of House Bill No. 1102 (judge pro tempore compensation).

(18) \$20,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for implementation of Substitute House Bill No. 1562 (violence).

(19) \$109,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for implementation of Engrossed House Bill No. 1324 (prior juvenile offenses).

(20) \$659,000 of the general fund—state appropriation for fiscal year 2024 and \$639,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the development and expansion of online and on-demand eLearning courses offered through the WACOURTS education portal for

judicial officers, administrators, clerks, assistants, and other staff employed in state and local courts.

(21) \$686,000 of the general fund—state appropriation for fiscal year 2024 and \$686,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the administrative office of the courts to fund public guardianship services provided by the office of public guardianship.

(22) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the administrative office of the courts to develop a sequential intercept model pilot program. The intercept model pilot program must include the establishment of a coordinated care and services network in courts of limited jurisdiction located in two counties, one county east of the crest of the Cascade mountains and one county west of the crest of the Cascade mountains.

(a) In developing the pilot program, the administrative office of the courts must consult local government, the district and municipal court judges' association, the health care authority, the department of social and health services, the department of health, law enforcement agencies, and other impacted stakeholders as identified by the administrative office of the courts.

((iii)) (b) The pilot project shall include any sequential intercept mapping that is necessary to determine the availability of willing stakeholders and to determine gaps in services and programs in the geographic area served by the proposed coordinated care and services network.

((iii)) (c) The pilot project may include the use of a common source of peer support services as the means to link affected persons to the coordinated care and services network from the various intercepts in the sequential intercept model.

((iv)) (d) No court may be required by the administrative office of the courts to participate in the pilot program.

((iv)) (e) For the purposes of this pilot project, "stakeholder" may include any public or private entity or individual that provides services, funds, or goods related to housing, shelter, education, employment, substance use disorder treatment or other behavioral health treatment, medical treatment, dental treatment, peer support, self-help, crisis care, income assistance, nutritional assistance, clothing, assistance with public benefits, or financial management and other life skills education.

((iv)) (f) The pilot project ends June 1, 2025. The administrative office of the courts shall submit a report to the legislature detailing the work of the pilot program project, which must include recommendations, if any, for continuation, modification, or expansion of the pilot program to other regions of the state, no later than June 30, 2025.

(23) \$150,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the Washington state center for court research of the administrative office of the courts to conduct a study of legal financial obligations (LFO) charged by superior courts, juvenile courts, and courts of limited jurisdiction, including the reviews required in Engrossed Substitute House Bill No. 1169 (legal financial obligations). The administrative office of the courts must submit a report of the findings to the appropriate committees of the legislature by November 30, 2023. At a minimum, the study must include statewide and county-level data that shows, during the previous five state fiscal years that data is available:

(a) The total number of juvenile and criminal cases handled by court, the number of cases where legal financial obligations were imposed pursuant to chapter 13.40 RCW, the percentage of cases where legal financial obligations were not imposed, and the total amount of legal financial obligations that were collected;

(b) The total amount assessed to, collected from, and waived for all individuals, in fees, court costs, fines, and restitution,

Sec. 1114. 2023 c 475 s 128 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

The appropriations in sections 129 through 133 of this act are subject to the following conditions and limitations:

(1) Repayments of outstanding mortgage and rental assistance program loans administered by the department under RCW 43.63A.640 shall be remitted to the department, including any current revolving account balances. The department shall collect payments on outstanding loans, and deposit them into the state general fund. Repayments of funds owed under the program shall be remitted to the department according to the terms included in the original loan agreements.

(2) The department is authorized to suspend issuing any nonstatutorily required grants or contracts of an amount less than \$1,000,000 per year.

(3)(a) The appropriations to the department of commerce in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2024))~~ 2025, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year ~~((2024))~~ 2025 among programs after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose, except that provisoed amounts may be transferred among programs if they are transferred in their entirety.

(b) Within 30 days after the close of fiscal year ~~((2024))~~ 2025, the department must provide the office of financial management and the fiscal committees of the legislature with an accounting of any transfers under this subsection. The accounting shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers. The department must also provide recommendations for revisions to appropriations to better align funding with the new budget structure for the department in this act and to eliminate the need for the transfer authority in future budgets.

(4) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and section 302(13) of this act.

The community-based organization must serve and be substantially governed by marginalized populations. The amounts provided in this subsection must supplement private funding to support the work group.

(33) \$22,802,000 of the general fund—state appropriation for fiscal year 2024 and \$22,803,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to increase existing grantee contracts providing rental or housing subsidy and services for eligible tenants in housing and homeless programs. The department must distribute funding in a manner that will prioritize maintaining current levels of homeless subsidies and services and stabilizing the homeless service provider workforce.

(34)(a) \$35,000,000 of the climate commitment account—state appropriation is provided solely for the department to administer grant funding through the existing network of federal low-income home energy assistance program grantees to provide low-income households with energy utility bill assistance.

(b) To qualify for assistance, a household must be below 80 percent of the area median income and living in a community that experiences high environmental health disparities.

(c) Under the grant program, each household accessing energy bill assistance must be offered an energy assessment that includes determining the household's need for clean cooling and heating system upgrades that improve safety and efficiency while meeting Washington's climate goals. If beneficial, households may be offered grant funding to cover the replacement of inefficient, outdated, or unsafe home heating and cooling systems with more energy efficient electric heating and cooling technologies, such as heat pumps.

(d) Of the amounts provided in this subsection, no more than 60 percent of the funding may be utilized by the department to target services to multifamily residential buildings across the state that experience high energy use, where a majority of the residents within the building are below 80 percent of the area median income and the community experiences high environmental health disparities.

(e) In serving low-income households who rent or lease a residence, the department must establish processes to ensure that the rent for the residence is not increased and the tenant is not evicted as a result of receiving assistance under the grant program.

(f) The department must incorporate data collected while implementing this program into future energy assistance reports as required under RCW 19.405.120. The department may publish information on its website on the number of furnace or heating and cooling system replacements, including replacements within multifamily housing units.

(g) The department may utilize a portion of the funding provided within this subsection to create an electronic application system.

(35) \$55,500,000 of the general fund—state appropriation for fiscal year 2024 and \$55,500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to continue grant funding for emergency housing and shelter capacity and associated supports such as street outreach, diversion services, short-term rental assistance, hotel and motel vouchers, housing search and placement, and housing stability case management. Entities eligible for grant funding include local governments and nonprofit entities. The department may use

existing programs, such as the consolidated homelessness grant program, to award funding under this subsection. Grants provided under this subsection must be used to maintain or increase current emergency housing capacity, funded by the shelter program grant and other programs, as practicable due to increased costs of goods, services, and wages. Emergency housing includes transitional housing, congregate or noncongregate shelter, sanctioned encampments, or short-term hotel or motel stays. Of the amount provided in this subsection for fiscal year 2025, \$1,500,000 must be granted to a housing readiness program serving individuals experiencing homelessness in the city of Longview. Funding may be used to operate severe weather shelters, housing navigation, case management, laundry and hygiene facilities, connection to other social services, and other programs serving unhoused individuals in Cowlitz county.

(36)(a) \$75,050,000 of the general fund—state appropriation for fiscal year 2024 and \$75,050,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a targeted grant program to transition persons residing in encampments to safer housing opportunities, with an emphasis on ensuring individuals living unsheltered reach permanent housing solutions. Eligible grant recipients include local governments and nonprofit organizations operating to provide housing or services. The department may provide funding to state agencies to ensure individuals accessing housing services are also able to access other wrap-around services that enable them to obtain housing such as food, personal identification, and other related services. Local government and nonprofit grant recipients may use grant funding to provide outreach, housing, case management, transportation, site monitoring, and other services needed to assist individuals residing in encampments and on public rights-of-way with moving into housing.

(b) Of the amounts provided in this subsection:

(i) No less than \$120,000,000 must be used for housing services for persons residing on state-owned rights-of-way; and

(ii) All remaining funds may be used for housing services for persons residing in encampments, including encampments located on public lands, as defined in RCW 79.02.010, or state parks and parkways.

(c) Grant criteria must include, but are not limited to:

(i) Whether a site where the grantee will conduct outreach and engagement has been identified as a location where individuals residing in encampments or on the public right-of-way are in specific circumstances or physical locations that expose them to especially or imminently unsafe conditions;

(ii) A commitment to resolve encampments through extensive outreach followed by matching individuals with temporary lodging or permanent housing that is reasonably likely to fit with their actual needs and situation, is noncongregate whenever possible, and takes into consideration individuals' immediate and long-term needs and abilities to achieve and maintain housing stability;

(iii) A commitment to transition individuals who are initially matched to temporary lodging into a permanent housing placement within six months except under unusual circumstances;

(iv) Local government readiness and capacity to enter into and fulfill the grant requirements as applicable; and

(v) Other criteria as identified by the department.

(d) When awarding grants under (a) of this subsection, the department must prioritize applicants that focus on ensuring an expeditious path to sustainable permanent housing solutions, and that demonstrate an understanding of working with individuals to identify their optimal housing type and level of ongoing services through the effective use of outreach, engagement, and temporary

lodging and permanent housing placement.

(e) Grant recipients under (a) of this subsection must enter into a memorandum of understanding with the department, and other state agencies if applicable, as a condition of receiving funds. Memoranda of understanding must specify the responsibilities of the grant recipients and the state agencies, consistent with the requirements of (c) of this subsection, and must include specific measurable outcomes for each entity signing the memorandum. The department must publish all signed memoranda on the department's website and must publish updates on outcomes for each memorandum at least every 90 days, while taking steps to protect the privacy of individuals served by the program. At a minimum, outcomes must include:

(i) The number of people actually living in any encampment identified for intervention by the department or grantees;

(ii) The demographics of those living in any encampment identified for intervention by the department or grantees;

(iii) The duration of engagement with individuals living within encampments;

(iv) The types of housing options that were offered;

(v) The number of individuals who accepted offered housing;

(vi) Any reasons given for why individuals declined offered housing;

(vii) The types of assistance provided to move individuals into offered housing;

(viii) Any services and benefits in which an individual was successfully enrolled; and

(ix) The housing outcomes of individuals who were placed into housing six months and one year after placement.

(f) Grant recipients under (a) of this subsection may not transition individuals from encampments or close encampments unless they have provided extensive outreach and offered each individual temporary lodging or permanent housing that matches the actual situation and needs of each person, is noncongregate whenever possible, and takes into consideration individuals' immediate and long-term needs and abilities to achieve and maintain housing stability. Grant recipients who initially match an individual to temporary lodging must make efforts to transition the person to a permanent housing placement within six months except under unusual circumstances. The department must establish criteria regarding the safety, accessibility, and habitability of housing options to be offered by grant recipients to ensure that such options are private, sanitary, healthy, and dignified, and that grant recipients provide options that are well-matched to an individual's assessed needs.

(g) Funding granted to eligible recipients under (a) of this subsection may not be used to supplant or replace existing funding provided for housing or homeless services.

(37) \$2,000,000 of the general fund—state appropriation for fiscal year 2024 and \$2,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to increase funding for the community services block grant program. Distribution of these funds to community action agencies shall prioritize racial equity and undoing inequity from historic underinvestment in Black, indigenous, and people of color, and rural communities.

(38) \$100,000 of the general fund—state appropriation for fiscal year 2024 and \$100,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to provide a grant to a nonprofit organization to identify opportunities for cities in Whatcom county to improve access to affordable housing through conducting market research, engaging stakeholders, and developing tools and implementation strategies for cities that will increase access to affordable housing. The grant recipient must be a nonprofit organization based in

Bellingham that promotes affordable housing solutions and with a mission to create thriving communities.

(39) \$225,000 of the general fund—state appropriation for fiscal year 2024 and \$225,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to provide a grant to a nonprofit organization located in the city of Redmond that serves Latino low-income, immigrant, and Spanish-speaking communities in King and Snohomish counties through arts and culture events and community services. The grant funding may be used to expand existing programs including, but not limited to, support for small businesses, rent assistance, vaccination and COVID-19 outreach, programs aimed at increasing postsecondary enrollments in college and trade schools, and other community services and programs.

As part of the demonstration program, the office must provide grant funding to and partner with a community-based organization to serve as a regional coordinator to:

(i) Connect youth and young adults ages 12 to 24 who are most vulnerable to violence with programs that provide services including, but not limited to, street outreach, youth employment and preapprenticeship programs, case management, behavioral health services, and other services as appropriate; and

(ii) Assist local governments, service providers, and nonprofit organizations in accessing and leveraging federal, state, and local funding for violence prevention and related services.

(b) The grant recipient under (a) of this subsection must be a nonprofit health system currently administering a violence prevention initiative in King and Pierce counties. The grant recipient may subgrant or subcontract funds to programs providing services as described in (a)(i) of this subsection.

(54) \$300,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for a grant to a nonprofit sexual assault resource center located in Renton. Grant funding may be used for information technology improvements focused on client data management that will improve client access to health services, cybersecurity, and data privacy.

(55)(a) \$850,000 of the general fund—state appropriation for fiscal year 2024 and \$850,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the continuation of existing contracts with a nonprofit organization to increase housing supply and equitable housing outcomes by advancing affordable housing developments, including supportive housing, transitional housing, shelter, or housing funded through the apple health and homes program, that are colocated with community services such as education centers, health clinics, nonprofit organizations, social services, or community spaces or facilities, available to residents or the public, on underutilized or tax-exempt land.

(b) The contract recipient must use the funding provided under this subsection to:

(i) Implement strategies to accelerate development of affordable housing with space for education centers, health clinics, nonprofit organizations, social services, or community space or facilities, available to residents or the public, on underutilized or tax-exempt land;

(ii) Analyze the suitability of properties and sites for affordable housing as described under (b)(i) of this subsection, including existing buildings for supportive housing, through completing due diligence, conceptual design, and financial analysis activities, and applying and implementing an equity lens in site selection, program planning, development, and operations;

(iii) Work with elected officials, local governments, educational institutions, public agencies, local housing and community development partners, early learning partners, health care providers, and nonprofit service organizations to:

(A) Identify and catalyze surplus, underutilized, or tax-exempt properties for the development of affordable housing;

(B) Provide catalytic funding and technical assistance to advance the development of affordable housing, including by identifying funding sources to support the needs of specific projects; and

(C) Identify impediments to the development of affordable

housing and develop recommendations and strategies to address those impediments, reduce costs, advance community vision and equitable outcomes, and accelerate predevelopment and development times associated with affordable housing;

(iv) Organize community partners and build capacity to develop affordable housing sites;

(v) Facilitate collaboration and codevelopment between affordable housing and education centers, health clinics, nonprofit organizations, social services, or community spaces and facilities available to residents or the public;

(vi) Provide technical assistance and predevelopment services to support future development of sites; and

(vii) Catalyze the redevelopment of at least 20 sites to create approximately 2,000 affordable homes.

(c) Funding may also be used to:

(i) Partner with state, regional, and local public entities, nonprofit housing developers, and service providers to develop a broad range of housing types for supportive housing for populations authorized to receive the housing benefit under the apple health and homes act;

(ii) Provide technical assistance on the constructive alignment of state or local capital funds and other services for the construction, acquisition, refurbishment, redevelopment, master leasing of properties for noncongregate housing, or conversion of units from nonresidential to residential, of dwelling units for supportive housing funded through the apple health and homes program;

(iii) Advise on local community engagement, especially with populations with lived experience of homelessness and housing insecurity, for supportive housing funded through the apple health and homes program;

(iv) Subcontract for specialized predevelopment services, as needed, and subgrant to reimburse for supportive housing funded through the apple health and homes program; and

(v) Hire staff necessary to implement activities under (b) and (c) of this subsection.

Washingtonians. The department must submit a report of the study findings to the appropriate committees of the legislature by September 1, 2024.

(67) \$20,656,000 of the general fund—state appropriation for fiscal year 2024 and \$20,655,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for grants to crime victims service providers to ensure continuity of services impacted by reductions in federal victims of crime act funding and to help address increased demand for services attributable to the COVID-19 pandemic. The department must distribute the funding in a manner that is consistent with the office of crime victims advocacy's state plan. Of the amounts provided in this subsection:

(a) \$2,000,000 of the general fund—state appropriation for fiscal year 2024 and \$2,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to programs operated by and for historically marginalized populations to support "by and for" culturally specific services for victims of domestic violence, sexual assault, and other crimes in historically marginalized populations. Marginalized populations can include, but are not limited to, organizations or groups composed along racial, ethnic, religious, sexual orientation, and gender lines.

(b) \$2,000,000 of the general fund—state appropriation for fiscal year 2024 and \$2,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to programs developed to support the enhancement and development of additional services for tribal members, including programs to address needs of crime victims, including strategies which integrate services or multiple crime types.

(68) \$200,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for a grant to the city of Seattle for start-up costs for the Seattle social housing developer and to meet the requirements of the city of Seattle initiative 135, which concerns developing and maintaining affordable social housing in Seattle. The funding provided under this subsection may only be used for costs associated with creating social housing developments, operating costs associated with maintaining social housing developments, and administrative costs of operating social housing.

(69) \$250,000 of the general fund—state appropriation for fiscal year 2024 is provided solely to contract with a nonprofit to provide wraparound services for homeless families with children, including prevention, shelter, and stabilization services. The nonprofit must be located in Pierce county and be an affiliate of a national organization dedicated to preventing and ending family homelessness by providing prevention, shelter, and stabilization services.

(70) Within existing resources, the department must submit an interim and a final report to the appropriate committees of the legislature on efforts taken by the department to stabilize rents for tenants of affordable housing units financed through the housing assistance program created under RCW 43.185A.020 including, but not limited to, efforts to limit or mitigate the impacts of rent increases for tenants of qualifying units. The department must submit the interim report by December 1, 2023, and the final report by December 1, 2024.

(71) Before awarding or entering into grants or contracts for the 2023-2025 fiscal biennium for homeless housing and service programs that are funded from the home security fund account or the affordable housing for all account, the department must first consult with local governments and eligible grantees to ensure that funding from these accounts is used to maintain the quantity and types of homeless housing and services funded in local communities as of February 28, 2023. The department may take into consideration local document recording fee balances and

individual county fluctuations in recording fee collections when allocating state funds. The department must redeploy funds to other nonprofit and county grantees if originally granted amounts are not expended or committed within a reasonable timeline. The department may then provide funding to eligible entities to undertake the activities described in RCW 36.22.250(4)(b), such as funding for project-based vouchers and other assistance necessary to support permanent supportive housing as defined in RCW 36.70A.030 or as administered by the office of apple health and homes created in RCW 43.330.181.

(72) \$500,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for a grant to an Everett-based affiliate of a national nonprofit human services organization to stabilize newly arriving refugees from the 2021 Afghanistan conflict and the 2022 Ukraine conflict.

(4) \$10,000,000 of the climate commitment account—state appropriation is provided solely for grants to support port districts, counties, cities, towns, special purpose districts, any other municipal corporations or quasi-municipal corporations, and tribes to support siting and permitting of clean energy projects in the state. Eligible uses of grant funding provided in this section include supporting predevelopment work for sites intended for clean energy projects, land use studies, conducting or engaging in planning efforts such as planned actions and programmatic environmental impact statements, and staff to improve permit timeliness and certainty.

(5)(a) \$1,000,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$1,000,000)~~ \$500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to contract with one or more of the western national laboratories, or a similar independent research organization, in consultation with state and federal energy agencies, stakeholders, and relevant utilities, to conduct an analysis for new electricity generation, transmission, ancillary services, efficiency and storage sufficient to offset those presently provided by the lower Snake river dams. The analysis should

include a list of requirements for a replacement portfolio that diversifies and improves the resilience and maintains the reliability and adequacy of the electric power system, is consistent with the state's statutory and regulatory requirements for clean electricity generation, and is supplementary to the resources that will be required to replace fossil fuels in the electrical generation, transportation, industry, and buildings sectors. The department and its contractor's assessment will include quantitative analysis based on available data as well as qualitative input gathered from tribal and other governments, the Northwest power and conservation council, relevant utilities, and other key stakeholders. The analysis must include the following:

(i) Expected trends for demand, and distinct scenarios that examine potential outcomes for electricity demand, generation, and storage technologies development, land use and land use constraints, and cost through 2050, as well as the most recent analysis of future resource adequacy and reliability;

(ii) A resource portfolio approach in which a combination of commercially available generating resources, energy efficiency, conservation, and demand response programs, transmission resources, and other programs and resources that would be necessary prerequisites to replace the power and grid reliability services otherwise provided by the lower Snake river dams and the time frame needed to put those resources into operation;

(iii) Identification of generation and transmission siting options consistent with the overall replacement resource portfolio, in coordination with other state processes and requirements supporting the planning of clean energy and transmission siting;

(iv) An evaluation of alternatives for the development, ownership and operation of the replacement resource portfolio;

(v) Examination of possible impacts and opportunities that might result from the renewal of the Columbia river treaty, revisions of the Bonneville power administration preference contracts, implementation of the western resource adequacy program (WRAP), and other changes in operation and governance of the regional electric power system, consistent with statutory and regulatory requirements of the clean energy transformation act;

(vi) Identification of revenue and payment structures sufficient to maintain reliable and affordable electricity supplies for ratepayers, with emphasis on overburdened communities;

(vii) Development of distinct scenarios that examine different potential cost and timeline potentials for development and implementation of identified generation and transmission needs and options including planning, permitting, design, and construction, including relevant federal authorities, consistent with the statutory and regulatory requirements of the clean energy transformation act;

(viii) Quantification of impacts to greenhouse gas emissions including life-cycle emissions analysis associated with implementation of identified generation and transmission needs and options including (A) planning, permitting, design, and construction, and, if relevant, emissions associated with the acquisition of non-Washington state domestic or foreign sources of electricity, and (B) any additional operations of existing fossil-fueled generating resources; and

(ix) An inventory of electricity demand by state-owned or operated facilities and information needed to complete a request for proposals (RFP) to satisfy this demand through new nonhydro renewable energy generation and/or conservation.

(b) The department shall, to the extent determined practicable, consider related analyses undertaken by the federal government as part of the Columbia river system operation stay of litigation agreed to in *National Wildlife Federation et al. v. National Marine Fisheries Service et al.* in October 2021.

(c) The department shall provide a status update to the energy

and environment committees of the legislature and governor's office by December 31, 2024.

(6) \$10,664,000 of the climate commitment account—state appropriation is provided solely for the department to administer a pilot program to provide grants and technical assistance to support planning, predevelopment, and installation of commercial, dual-use solar power demonstration projects. Eligible grant recipients may include, but are not limited to, nonprofit organizations, public entities, and federally recognized tribes.

(7) \$20,592,000 of the climate commitment account—state appropriation is provided solely for the department to administer a grant program to assist owners of public buildings in covering the costs of conducting an investment grade energy audit for those buildings. Public buildings include those owned by state and local governments, tribes, and school districts.

(8)(a) \$300,000 of the climate commitment account—state appropriation is provided solely for the department to develop recommendations on a design for a statewide energy assistance program to address the energy burden and provide access to energy assistance for low-income households. The department may contract with a third-party entity to complete the work required in this subsection.

(b) The recommendations must include considerations for data collection on the energy burden and assistance need of households, universal intake coordination and data sharing across statewide programs serving low-income households, program eligibility, enrollment, multilingual services, outreach and community engagement, program administration, funding, and reporting.

(c) By January 1, 2024, the department must submit a report with the recommendations to the appropriate committees of the legislature.

(9) \$250,000 of the climate commitment account—state appropriation is provided solely for a grant to a nonprofit for a smart buildings education program to educate building owners and operators about smart building practices and technologies, including the development of onsite and digital trainings that detail how to operate residential and commercial facilities in an energy efficient manner. The grant recipient must be located in a city with a population of more than 700,000 and must serve anyone within Washington with an interest in better understanding energy efficiency in commercial and institutional buildings.

(10) \$111,000 of the general fund—state appropriation for fiscal year 2024 and \$109,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute House Bill No. 1390 (district energy systems).

(11) \$3,152,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1216 (clean energy siting).

(12) \$167,000 of the natural climate solutions account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1170 (climate response strategy).

(13) \$250,000 of the climate commitment account—state appropriation is provided solely for the department to convene stakeholders and plan for a statewide energy rebate navigator aimed at assisting residential and small commercial buildings, with priority for buildings owned or occupied by low-income, Black, indigenous, and people of color and converting overburdened communities to clean energy. Of this amount:

(a) \$50,000 of the climate commitment account—state appropriation is for the department to convene a summit of stakeholders around building energy topics related to the

2025 REGULAR SESSION

development of a statewide energy rebate navigator, including initial and ongoing guidance regarding program design and implementation. The summit should develop recommendations for the program to improve and grow, addressing gaps in program design and implementation, outreach into overburdened communities, HEAL Act compliance, workforce development issues, and contractor needs.

(b) \$200,000 of the climate commitment account—state appropriation is for statewide rebate navigator evaluation and project planning, which shall include:

(i) Evaluation of how technical assistance can focus on serving Black, indigenous, and people of color, and low-income communities;

(ii) Research of existing data and software solutions the state can leverage to provide a one-stop-shop for energy improvements;

(iii) Evaluation of program delivery models to optimize energy service delivery, including realizing economies of scale and reaching high rates of penetration in overburdened communities, indigenous communities, and communities of color;

(iv) Evaluation and cultivation of potential program implementers who are qualified to deliver navigator program services, including community energy efficiency program grantees; and

(v) Evaluation and cultivation of qualified potential energy services providers, including providers owned by Black, indigenous, and people of color, utility trade ally programs, and weatherization plus health weatherization agencies.

(14) \$33,000 of the general fund—state appropriation for fiscal year 2024 and \$17,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Substitute House Bill No. 1329 (utility shutoffs/heat).

(15) \$93,000 of the general fund—state appropriation for fiscal year 2024 and \$96,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute House Bill No. 1032 (wildfires/electric utilities).

(16)(a) \$200,000 of the general fund—state appropriation for fiscal year 2024 and \$50,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to contract with a third-party entity to conduct a study that analyzes how the economic impact of oil refining in Washington state is likely to impact Washington's refineries, refinery workers, and refinery communities. By December 31, 2024, the report must be distributed to the energy and environment committees of the state legislature.

(b) The study required in (a) of this subsection must include:

(i) An overview of Washington's five oil refineries including: Location, age, workforce demographics, direct and indirect jobs connected with the industry, health and environmental impacts, local tax revenues paid by refineries, and primary and secondary products and markets;

(ii) A summary of projected scenarios for Washington refineries' primary markets, taking into account realistic, real world outcomes, given existing mandated decarbonization targets, feedstock availability, and statutes that impact Washington refinery products;

(iii) A summary of anticipated short-term, medium-term, and long-term economic viability of the five Washington oil refineries based on refinery product demand forecasts as outlined in (b)(ii) of this subsection;

(iv) A forecast of direct and indirect effects of the projected petroleum decline, including indirect employment impacts, the geography of those impacts, and impacts to local jurisdictions, utilities, ports, and special purpose districts from reduction in tax

revenues, and impacts to local nonprofits and community programs from the refining industry;

(v) An assessment of potential future uses of refinery sites that include energy industrial, nonenergy industrial, heavy manufacturing, and industrial symbiosis, including an assessment of previously closed refinery sites throughout the United States and current use of those sites. Each potential future use shall be assessed and include data regarding: Greenhouse gas emissions, local pollution and environmental health, direct and indirect employment benefits, estimated tax impacts, potential costs to Washington residents, and feasibility based on relevant market trends; and an assessment of previously closed refinery sites throughout the United States and current use of those sites;

(vi) The competitive position of Washington refineries to produce alternative fuels consistent with Washington's emissions reductions defined in RCW 70A.45.020, the anticipated regional, national, and global demand for these fuels between 2023 and 2050; and the likely employment, tax, environmental, cultural, and treaty impacts of refinery conversion to these alternative fuels;

(vii) An identification of refinery workers' skillsets, potential alternative sectors and industries of employment, an assessment and comparison of total compensation and benefit packages including retirement and health care programs of current and alternative jobs, impacts to apprenticeship utilization, and the current and expected availability of those jobs in Pierce, Skagit, and Whatcom counties;

(viii) A land and water remediation analysis; including cost estimates, current terrestrial and aquatic pollution mapping, an overview of existing policies and regulations that determine accountability for cleanup and identifies gaps that may leave local and state taxpayers financially liable, and an assessment of the workforce and skills required for potential cleanup;

(ix) A summary of existing petroleum refining capacity and trends in Washington, the United States, and internationally; and

(x) An assessment of decline or loss of tax revenues supporting state environmental programs including the model toxics control act, the pollution liability insurance agency, and other programs, as well as the decline or loss of transportation gas tax revenues.

(c) The department may require data and analysis from refinery owners and operators to inform the study. Pursuant to RCW 42.56.270, data shared or obtained in the course of this study is not subject to public disclosure. Where unavailable, the department and entity commissioned to complete the study shall rely on the best available public data.

(d) The study must include a robust public engagement process including local and state elected officials, labor groups, fence line communities, port districts, economic development associations, and environmental organizations in Skagit, Whatcom, and Pierce counties, and the five Washington refineries.

(e) The department must offer early, meaningful, and individual consultation with any affected Indian tribe for the purpose of understanding potential impacts to tribal rights and resources including cultural resources, archaeological sites, sacred sites, fisheries, and human health.

(17) \$600,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 5447 (alternative jet fuel).

(18) \$1,000,000 of the climate commitment account—state appropriation is provided solely for a grant to the Yakama Nation for an advanced rail energy storage project.

(19) \$800,000 of the climate commitment account—state appropriation is provided solely to contract with a nonprofit entity to serve as a Washington state green bank. The purpose of the funds is to leverage federal funds available for green bank

development to support development of sustainable and clean energy financing solutions within Washington. If Initiative Measure No. 2117 is approved at the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(20) \$2,500,000 of the climate commitment account—state appropriation is provided solely for the department to build an internet web portal for grant seekers and to establish a marketing and outreach campaign that makes information about funding opportunities widely available. Of the amount provided in this subsection:

(a) \$1,000,000 of the climate commitment account—state appropriation is provided solely for the department to build an internet web portal that provides a centralized location for grant seekers to find all state and federal grant and incentive opportunities in the energy, climate, and clean technology sectors. The portal shall include, but is not limited to, an interactive internet website that is launched to include, at a minimum, information identifying every grant administered by the state and incentive opportunities that will provide clean energy and climate assistance. The department, in consultation with the governor's office, shall ensure that the internet website is accessible and provides helpful information to a diverse set of potential applicants including, but not limited to, nonprofit and community-based organizations, and other entities that are working to support and benefit tribes, rural communities, and vulnerable and overburdened communities. Funds provided in this subsection (a) may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection (a) is null and void upon the effective date of the measure.

(b) \$1,500,000 of the climate commitment account—state appropriation is provided solely for the department to establish a marketing and outreach campaign that makes information about funding opportunities widely available and easy to understand, encouraging more people and organizations to participate. The department shall work with consultants and third-party administrators to identify a range of groups including tribes, vulnerable and overburdened communities, rural communities, local governments, businesses of all sizes, households, nonprofits, educational institutions, and the clean energy developers and clean tech manufacturers that would benefit from state and federal funding available for clean energy projects. The campaign shall include a comprehensive marketing and outreach strategy, using various ways to communicate, ensuring all materials are clear, simple, and available in multiple languages, and employing best practices for communicating with diverse and underserved communities. The department, along with selected partners and third-party administrators, shall work with organizations directly serving these communities to extend the reach of these communications, with a goal of directing at least 40 percent of the marketing and outreach funds expended to benefit vulnerable populations in overburdened communities. If Initiative Measure No. 2117 is approved at the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection (b).

(21)(a) \$5,000,000 of the climate commitment account—state appropriation is provided solely for the department to administer a program to assist community-based organizations, local governments, ports, tribes, and other entities to access federal tax incentives and grants. Eligible entities for the program include, but are not limited to, local governments in Washington, tribal governments and tribal entities, community-based organizations, housing authorities, ports, transit agencies, nonprofit

organizations, and for-profit businesses. The department shall prioritize assistance that benefits vulnerable populations in overburdened communities, with a goal of directing at least 25 percent of funds to this purpose.

(b) Within the amounts provided in (a) of this subsection, the department must contract with a nonprofit organization to provide the following services:

(i) Development of tax guidance resources for clean energy tax credits, including core legal documents to be used broadly across stakeholders;

(ii) Providing tailored marketing materials for these resources targeting underserved entities; and

(iii) Providing funds to subcontract with clean energy tax attorneys to pilot office hours style support available to eligible entities across the state.

(c) If Initiative Measure No. 2117 is approved at the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(22)(a) \$2,500,000 of the climate commitment account—state appropriation is provided solely for the department to support a tribal clean energy innovation and training center in partnership and colocated at Northwest Indian College. The center aims to support tribal energy goals and pursue clean energy deployment opportunities that enhance tribal energy sovereignty and well-being among tribes.

(b) Activities of the center include, but are not limited to: (i) Developing technical training offerings that could build the tribal workforce pipeline, especially in emerging technologies like geothermal heat pumps and hydrogen technologies, and provide economic development opportunities and resources to the region; (ii) researching and demonstrating the feasibility of innovative clean energy technologies that also nourish and protect the environment; and (iii) creating a model for tribal clean energy centers that can be adopted by other tribal colleges in the region to establish clean energy deployment and land use best practices built on tribal knowledge.

(c) If Initiative Measure No. 2117 is approved at the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(23) \$4,500,000 of the climate commitment account—state appropriation is provided solely for the department to administer a grant program to assist community-based organizations, local governments, ports, tribes, and other entities to author federal grant applications and to provide support for federal grant reporting for entities that receive federal grants. The department will determine a process for prioritizing applicants, including first time or underserved applicants, tribes, and rural areas of the state. The state may also partner with third-party administrators and regional and local partners, such as associate development organizations and other local nonprofits to ensure equitable access to resources. Eligible entities for the program include, but are not limited to, local governments in Washington, tribal governments and tribal entities, community-based organizations, housing authorities, ports, transit agencies, nonprofit organizations, and for-profit businesses. The department shall prioritize grants that provide benefit to vulnerable populations in overburdened communities, with a goal of directing at least 60 percent of funds to this purpose. If Initiative Measure No. 2117 is approved at the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(24) \$539,000 of the climate commitment account—state appropriation is provided solely for the department to develop plans to test hydrogen combustion and resulting nitrogen oxides

2025 REGULAR SESSION

(NOx) emissions, technical assistance for strategic end uses of hydrogen, a feasibility assessment regarding underground storage of hydrogen in Washington, and an environmental justice toolkit for hydrogen projects. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(25) \$1,112,000 of the climate commitment account—state appropriation is provided solely for implementation of Second Engrossed Substitute House Bill No. 1282 (buy clean and buy fair), including to develop and maintain a publicly accessible database for covered projects to submit environmental and working conditions data, to convene a technical work group, and to develop legislative reports. ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~ Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. ~~((If Initiative Measure No. 2117 is approved in the general election, the amount provided in this subsection shall lapse upon the effective date of the measure.))~~

(26) ~~(((\$3,500,000 of the climate commitment account—state appropriation is provided solely for the department to provide and facilitate access to energy assistance programs, including incentives, energy audits, and rebate programs to retrofit homes and small businesses. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.))~~

~~((27) \$750,000 of the climate commitment account—state appropriation is provided solely for the department to provide technical assistance and education materials to help counties establish effective commercial property assessed clean energy and resiliency (C-PACER) programs. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.~~

~~((28) \$3,000,000 of the climate commitment account—state appropriation is provided solely for the department to establish a Washington clean energy ambassadors program. This program will offer education, planning, technical assistance, and community engagement across the state. Ambassadors will link local entities with resources and best practices to enable clean energy access for all communities and promote a just transition to a net zero economy. The department must prioritize providing meaningful benefits to vulnerable populations in overburdened communities as defined under RCW 70A.02.010. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure. This program must:~~

- ~~((a) Identify a pilot cohort of intermediary organizations;~~
- ~~((b) Recruit and train clean energy ambassadors;~~
- ~~((c) Host community energy and resilience educational events and workshops; and~~
- ~~((d) Provide technical assistance to help governments, community-based organizations, businesses, and communities obtain clean energy resources.~~

~~((29) \$150,000,000))~~ \$146,700,000 of the climate commitment account—state appropriation is provided solely for the department to provide clean energy for Washington families grants for public and private electric utilities to provide bill credits for low-income and moderate-income residential electricity customers to help with the clean energy transition in the amount of \$200 per household, by September 15, 2024. Low and

moderate-income is defined as less than 150 percent of area median income. Utilities must prioritize customers in vulnerable populations in overburdened communities as defined under RCW 70A.02.010, such as those that have participated in the low-income home energy assistance program, utility payment plans, or ratepayer-funded assistance programs. Utilities must first prioritize bill credits for customers at or below 80 percent area median income and if funds remain, may expand bill credits for customers up to 150 percent of area median income. Utilities may qualify customers through self-attestation. Utilities may, but are not required to, work with community action agencies to administer these funds. Each utility shall disburse funds directly to customer accounts and adhere to program communications guidelines provided by the department. Utilities may use up to five percent of their grant funds for administrative costs associated with the disbursement of funds provided in this subsection. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

~~((30))~~ (27) \$350,000 of the climate commitment account—state appropriation is provided solely for the authority to contract with Tacoma power, to conduct a feasibility study, including scoping project costs, on pumped storage at Tacoma power's Mossyrock dam. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

~~((31))~~ (28) \$1,000,000 of the natural climate solutions account—state appropriation is provided solely for the department to provide grants to the following public utility districts for the costs of relocating utilities necessitated by fish barrier removal projects: Clallam, Grays Harbor, Jefferson, Kittitas, Mason public utility district no. 1, Mason public utility district no. 2, Skagit, and Thurston. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

~~((32))~~ (29)(a) \$600,000 of the climate commitment account—state appropriation is provided solely for the department to administer a grant program for cities and counties to establish permitting processes that rely on the online automated permit processing software developed by the national renewable energy laboratory and that applies to any combination of the following permitting: Solar, energy storage, electric vehicle charging infrastructure, or other similar clean energy applications included within the suite of capabilities of the online automated permit processing software. To be eligible for grant funding under this subsection, a city or county is only required to submit a notice of their intent to participate in the program.

(b) The department must award grants of no less than \$20,000 to each city or county that provides notice by December 1, 2024.

(c) In the event that more than a total of 30 cities and counties notify the department of their intent to participate in the program, the department must prioritize jurisdictions based on:

(i) The timeline on which the jurisdiction is willing to commit to transitioning to the online automated permit processing software; and

(ii) The total number of covered permits expected to be issued by the jurisdiction, based on recent historical permit data submitted to the department by the city or county.

(d) In the event that fewer than 30 cities and counties notify the

department of their intent to participate in the program, the department may allocate a greater amount of financial assistance than a standard minimum grant of \$20,000 to jurisdictions that expect to experience comparatively high costs to transition to the online automated permit processing software.

(e) The department may use up to five percent of the amount provided in this subsection for administrative costs.

(f) Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

~~((33))~~ (30) \$1,000,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for a grant to a nonprofit social service organization located in King county's Rainier Valley neighborhood with an innovative learning center. Funding must be used to support an electrification preapprenticeship program for formerly incarcerated individuals and community members who are low income or homeless that offers hands-on technical training targeting clean energy methods that will align the participant's qualifications with solar technician apprenticeships and employment opportunities.

~~((34))~~ (31) \$250,000 of the climate commitment account—state appropriation is provided solely for the department to contract with a nonprofit entity that represents the maritime industry to develop and publish a strategic framework regarding the production, supply, and use of sustainable maritime fuels and deployment of low and zero-emissions vessel technologies in Washington. Funding under this subsection may be used for activities including, but not limited to, convening stakeholders and building organizational capacity. Stakeholder engagement pursuant to this subsection shall include, at a minimum, engagement with federal and state agencies, ports, industry, labor, research institutions, nongovernmental organizations, and relevant federally recognized tribes. The department shall submit a copy of the strategic framework and findings to the legislature and the governor by June 30, 2025. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

~~((35))~~ (32) \$182,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for wildfire recovery costs from the Gray wildfire that impacted the city of Medical Lake. Recovery costs include procurement of water for firefighting, restoration of water and sewer infrastructure, replacement of water meters, emergency sewer capping, and various other costs associated with wildfire recovery.

~~((36))~~ (33) \$500,000 of the climate commitment account—state appropriation is provided solely for the department to provide a grant to the Muckleshoot Indian tribe for high-speed charging stations for electric vehicles on highway 164 near Dogwood street. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

~~((37))~~ (34) \$150,000 of the climate commitment account—state appropriation is provided solely for a grant to the smart building center education program to develop a qualified energy manager training program. The program must be available on demand and at no cost to the owners and operators of all tier 2 buildings to assist in complying with Washington's clean buildings performance standards. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

~~((38))~~ (35) \$150,000 of the climate commitment account—state appropriation is provided solely for a grant to conduct up to three feasibility studies that will investigate the expansion of sewer heat recovery programs and pilots, within Washington state, to support decarbonization of the built environment. The feasibility studies will explore and review sewer heat recovery systems' potential benefits, implementation strategies, and necessary considerations to maximize decarbonization. The sites will be selected from the following: Decarbonization of a university campus district steam system, a rural community with agricultural and/or industrial focus, a tribal development, and/or another appropriate site. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

~~((39))~~ (36)(a) \$500,000 of the climate commitment account—state appropriation is provided solely for a grant to establish the Washington just and rapid transition climate tech program. The grant will provide funding for the recruitment, development, business training, and support of underserved climate technology innovators, entrepreneurs, and organizations developing or deploying solutions in the areas of renewable energy, energy efficiency, sustainable transportation, and other technology solving for the environmental challenges facing overburdened communities in Washington.

(b) Activities may include supporting entrepreneurs in preparing for private investment; technical assistance for entrepreneurs receiving state directed federal equity and debt capital; assistance accessing or leveraging the use of federal funding; business coaching and mentoring; and connections to technical and business resources.

(c) The grant recipient must be a nonprofit organization that has been awarded, from the state of Washington, federal state small business credit initiative funds for investment in Washington climate tech entrepreneurs, and must also have experience managing investment funding and providing entrepreneurial support programs and federal funding assistance to early-stage climate start-ups and businesses based in Washington. The grant recipient should have experience providing services to individuals and companies led by individuals from underrepresented groups, including BIPOC, women, and individuals residing in rural communities and have working partnerships with state research universities, climate tech industry associations, and community-based organizations serving underserved communities.

(d) If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

~~((40))~~ (37) \$250,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to provide a grant for a study on how other states regulate and permit agritourism and bring the advocates of interested groups together to resolve outstanding issues about permitting in agricultural areas, the sale of beer, wine, and cider, and the use of agricultural buildings for agritourism purposes. A report of the findings and recommendations must be submitted to the legislature in accordance with RCW 43.01.036 by June 30, 2025.

~~((41))~~ (38) \$750,000 of the climate commitment account—state appropriation is provided solely for a grant to the city of Ellensburg for decarbonization planning and implementation. The funding must be used by the city for staff or contractors to develop and implement strategies to comply with the requirements of climate commitment act and decarbonize their natural gas utility. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative

TOTAL APPROPRIATION~~(((\$64,551,000))~~
\$63,951,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for grants and associated technical assistance and administrative costs to foster collaborative partnerships that expand child care capacity in communities. Eligible applicants include nonprofit organizations, school districts, educational service districts, and local governments. These funds may be expended only after the approval of the director of the department of commerce and must be used to support planning and activities that help communities address the shortage of child care, prioritizing partnerships serving in whole or in part areas identified as child care access deserts. The department must submit a report to the legislature on the use of funds by June 30, 2025. The report shall include, but is not limited to:

(a) The number and location of organizations, school districts, educational service districts, and local governments receiving grants;

(b) The number of grants issued and their size; and

(c) Any information from grantee organizations on outcomes.

(2) \$150,000 of the general fund—state appropriation for fiscal

year 2024 and \$150,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to a nonprofit organization located in the city of Vancouver that is the lead organization in a collaborative partnership to expand child care capacity in southwest Washington, for activities that will increase access to affordable, high-quality child care and help meet community needs.

(3) \$50,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the work group created in section 916 of this act to examine fire service delivery.

(4)(a) \$30,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department to produce a study of the retirement preparedness of Washington residents and the feasibility of establishing a portable individual retirement account savings program with automatic enrollment (auto-IRA) for private sector workers who do not have workplace retirement benefits. To conduct the study, the department shall enter into an agreement with a nonprofit, nonpartisan think tank and research center based in Washington, D.C. that is unaffiliated with any institution of higher education and with a mission to generate a foundation of facts that enriches the public dialog and supports sound decision making. This research center will be responsible for the production of the study to the department. The center shall not be reimbursed for costs nor shall it receive or retain any of the funds. With the advice and consent of the department, the center may select a research institution, entity, or individual located in Washington state with expertise and proficiency in demographic analysis, retirement systems, or retirement planning to collaborate with on this study. The appropriation may be used by the department to enter into a contract with this partner entity for the partner entity's contributions to the study. Any funds not provided to the partner entity or otherwise unused shall be returned.

(b) The study must analyze current state and federal programs and recent state and federal statutory and rule changes that encourage citizens to save for retirement by participating in retirement savings plans, including plans pursuant to sections 401(k), 403(b), 408, 408(a), 408(k), 408(p), and 457(b) of the internal revenue code. The scope of the analysis must include:

(i) An examination of potential retirement savings options for self-employed individuals, part-time employees, and full-time employees whose employers do not offer a retirement savings plan;

(ii) Estimates of the impact on the state budget from shortfalls in retirement savings or income, including on public budgets from taxpayer-financed elderly assistance programs and a loss of economic activity by seniors;

(iii) The level of interest by private sector Washington employers in participating in an auto-IRA program;

(iv) A determination of how prepared financial institutions will be to offer these plans in compliance with federal requirements on all new retirement plans going into effect in 2025;

(v) Findings that clarify the gaps in retirement savings services currently offered by financial institutions;

(vi) An examination of the impact of retirement savings on income and wealth inequality;

(vii) An estimate of the costs to start up an auto-IRA program, an estimate of the time for the program to reach self-sufficiency, and potential funding options;

(viii) The experience of other states that have implemented or are implementing a similar auto-IRA program for employers and employees, as well as program impacts on the market for retirement plan products and services;

(ix) An evaluation of the feasibility and benefits of interstate partnerships and cooperative agreements with similar auto-IRA programs established in other jurisdictions, including contracting with another state to use that state's auto-IRA program, partnering

with one or more states to create a joint auto-IRA program, or forming a consortium with one or more other states in which certain aspects of each state's auto-IRA program are combined for administrative convenience and efficiency;

(x) An assessment of potential changes in enrollment in a joint auto-IRA program if potential participants are concurrently enrolled in the federal "saver's credit" program;

(xi) An assessment of how a range of individuals or communities view wealth, as well as ways to accumulate assets;

(xii) The appropriate state agency and potential structure for implementing an auto-IRA program; and

(xiii) Recommendations for statutory changes or appropriations for establishing an auto-IRA program.

(c) By December 15, 2023, the department must submit a report to the appropriate committees of the legislature in compliance with RCW 43.01.036 on the study findings.

(5) \$750,000 of the coronavirus state fiscal recovery fund—federal appropriation is provided solely for a nonprofit, tax-exempt charitable organization comprised of a coalition of over 90 nonprofit and business leaders located in King county working to include black, indigenous, and people of color in the region's COVID-19 pandemic recovery.

(6) \$253,000 of the climate commitment account—state appropriation is provided solely for the department to incorporate equity and environmental justice into agency grant programs with the goal of reducing programmatic barriers to vulnerable populations in overburdened communities in accessing department funds. The department shall prioritize grant programs receiving funds from the accounts established under RCW 70A.65.240, 70A.65.250, 70A.65.260, 70A.65.270, and 70A.65.280. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

~~(7) (\$325,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to contract for and implement a pilot program for onsite or near-site child care facilities to serve children of construction workers. The pilot program must be administered as a competitive grant program and include at least one pilot site near a long-term construction project, onsite at construction companies, or onsite at places of apprenticeship training or worker dispatch. Eligible grant applicants for the program may include nonprofit organizations or employers in partnership with nonprofit organizations. To qualify for a grant, the applicant must be in partnership with one organization representing child care labor, and one organization representing construction labor or a registered apprenticeship program. Preference will be given to proposals that demonstrate commitment to providing nonstandard hours of care. Of the amounts provided in this subsection:~~

~~(a) \$300,000 of the general fund—state appropriation for fiscal year 2025 is for grants for the creation and implementation of the pilot site or sites. Grant funding may be used to acquire, renovate, or construct a child care facility, as well as for administrative start-up costs, licensing costs, reporting to the department, and creating a sustainability plan.~~

~~(b)(i) \$25,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to contract with a nonprofit organization to provide technical assistance to grant awardees and for status reports to the department. The nonprofit organization must be headquartered in Tukwila and provide grassroots professional development opportunities to early care and education professionals throughout Washington state.~~

~~(ii) The department must submit a report on the results of the pilot program to the legislature and the office of the governor by~~

~~(8))~~(a) \$500,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to examine allowable expenses and the contracting process of human service provider contracts that have been directly contracted by the department or have been contracted by an entity that received funding by these departments for human services. The department may contract with an external consultant to consult a work group and evaluate the following issues:

(i) Assess if existing contracting structures for human service providers that utilize state funding are adequate for sustaining the human services sector;

(ii) Assess alternative contracting structures for human service providers that may exist within the United States;

(iii) Assess the viability of a lowest responsible bidder contracting structure for state human service providers contracts;

(iv) Facilitate discussion amongst interested parties; and

(v) Develop recommendations for necessary changes in state RCW or agency rule.

(b) The department or consultant must engage with and seek recommendations from a work group representing diverse organizations from around the state and whose membership may include:

(i) Human service provider organizations;

(ii) State government agencies that manage human service contracts;

(iii) The office of equity; and

(iv) Local governments.

~~((4))~~ (c) The department must submit a final report to the governor and appropriate committees of the legislature by June 30, 2025. The final report must include:

(i) An evaluation of existing contracting structures for human service provider contracts that utilize state funding are creating hardship for human service providers; and

(ii) Recommendations for necessary changes in the Revised Code of Washington or agency rule to address structural hardships in human services contracting.

behavioral health within its jurisdiction and a member of the children and youth behavioral health work group;

(ii) The speaker of the house of representatives shall appoint three legislative members, including a chair of a house committee that includes behavioral health within its jurisdiction and a member of the children and youth behavioral health work group;

(iii) The governor or his or her designee;

(iv) The secretary of the department of social and health services or his or her designee;

(v) The director of the health care authority or his or her designee;

(vi) The insurance commissioner or his or her designee;

(vii) The secretary of the department of health or his or her designee; and

(viii) The secretary of the department of children, youth, and families or his or her designee;

(ix) Other agency directors or designees as necessary;

(x) Two individuals representing the interests of individuals living with behavioral health conditions; and

(xi) The chief executive officer of a Washington nonprofit corporation wholly controlled by the tribes and urban Indian organizations in the state, or the commission delegate if applicable, or his or her designee.

(b)(i) The committee must convene by September 1, 2023, and shall meet at least quarterly. The committee member described in (a)(xi) of this subsection must be appointed or selected no later than June 1, 2024. Cochairs shall be one legislative member selected by members of the committee at the first meeting and the representative of the governor's office. All meetings are open to the public.

(ii) The office of financial management shall contract or hire dedicated staff to facilitate and provide staff support to the nonlegislative members and for facilitation and project management support of the committee. Senate committee services and the house of representatives office of program research shall provide staff support to the legislative members of the committee. The contractor shall support the work of all members of the committee, legislative and nonlegislative.

(iii) Within existing appropriations, the cost of meetings must be paid jointly by the senate, house of representatives, and the office of financial management. Committee expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees. Committee members may be reimbursed for travel expenses as authorized under RCW 43.03.050 and 43.03.060, and chapter 44.04 RCW as appropriate.

(c) The purpose of the committee is to identify key strategic actions to improve access to behavioral health services, by conducting at least, but not limited to, the following tasks:

(i) Establishing a profile of Washington's current population and its behavioral health needs and a projection of population growth and anticipated need through 2028;

(ii) Establishing an inventory of existing and anticipated behavioral health services and supports for adults, children, and youth, including health care providers and facilities;

(iii) Assessing the areas of the current system where additional support is needed for Washington's current population;

(iv) Establishing an anticipated inventory of future services and supports that will be required to meet the behavioral health needs of the population in 2028 and beyond with a specific emphasis on prevention, early intervention, and home or community-based capacity designed to reduce reliance on emergency, criminal legal, crisis, and involuntary services;

(v) Reviewing the integrated care initiative on access to timely and appropriate behavioral health services for individuals with

acute behavioral health needs; and

(vi)(A) Developing a strategy of actions that the state may take to prepare for the future demographic trends in the population and building the necessary capacity to meet these demands, including but not limited to:

(I) Exploring the role that education, housing and homelessness response systems, the criminal legal system, primary health care, and insurance systems have in the identification and treatment of behavioral health issues;

(II) Evaluating behavioral health workforce demand and workforce education, training, and continuing education requirements; and

(III) Statutory and regulatory changes to promote the most efficient use of resources, such as simplifying administrative procedures, facilitating access to services and supports systems, and improving transitions between care settings.

(B) Strategies must:

(I) Be based on explicit and measurable actions;

(II) Identify what must be done, by whom, and by when to assure implementation;

(III) Estimate a cost to the party responsible for implementation;

(IV) Recommend specific fiscal strategies that rely predominately on state and federal funding;

(V) Include recommendations for needed and appropriate additional caseload forecasting for state-funded behavioral health services; and

(VI) Incorporate and reconcile, where necessary, recommendations from past and current behavioral health work groups created by the legislature and network adequacy standards established by the health care authority.

(d) The committee shall incorporate input from the office of the insurance commissioner, the caseload forecast council, the health care authority, and other appropriate entities with specialized knowledge of the needs and growth trends of the population and people with behavioral health issues. In the conduct of its business, the committee shall have access, upon request, to health-related data available to state agencies by statute, as allowed by state and federal law. All requested data or other relevant information maintained by an agency shall be provided in a timely manner.

(e) The committee shall submit a sustainable five-year plan to substantially improve access to behavioral health for all Washington residents to the governor, the office of financial management, and the legislature by June 1, 2025.

(15) The office of financial management must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and section 302(13) of this act.

(16) \$300,000 of the statewide 988 behavioral health crisis response and suicide prevention line account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1134 (988 system).

(17) \$50,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the purchase and distribution of accessible technology and devices to support the employment and reasonable accommodation for state employees with disabilities. The office may use funds to purchase accessible technology and devices or the office may provide funds to agencies that employ persons with a disability to purchase accessibility devices such as screen readers, large button/print equipment, magnifiers, accessibility software, and other equipment.

(18)(a) \$274,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the office of financial management to conduct an analysis of health care services for pregnancy-related health care, including preconception, prenatal,

labor and delivery, and postpartum care. With regard to these types of services, the analysis shall include, but not be limited to:

(i) Access to services and disparities in access;

(ii) Cost;

(iii) Location and type of provider; and

(iv) Demographics of patients and providers.

(b) The office of financial management shall submit a report to the governor and the appropriate committees of the legislature by June 30, 2025. The report shall include the analysis in (a) of this subsection and must identify and represent the following information in both table and geographical map view:

(i) Community and hospital birth centers by name, city, and county;

(ii) Annual births by geographical location to include community and hospital birth center, if known;

(iii) Greatest gaps in service using data in this subsection.

(c) The report required in (b) of this subsection must also include any recommendations for how to fill the gaps in service identified in the data and any recommendations for future analysis.

(19) \$298,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the office of financial management to convene a task force created in section 905 of this act to identify, plan, and make recommendations on the future use of the Larch corrections center property and facilities to an alternate use. Staff support for the task force must be provided by the office of financial management.

(20)(a) \$20,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$120,000)~~ \$140,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the office to contract with a third party to complete market research on incarcerated individual communication rates in the United States. The market research must include:

(i) Detail by state on the amount each state pays to the vendor contracted to provide communication service rates and rate structures for incarcerated individuals at discrete points of time to include, at least, January 1, 2024, January 1, 2020, and January 1, 2015 for, at least but not limited to:

(A) Voice communication;

(B) Video communication;

(C) Email communication; and

(D) Text messaging communication;

(ii) The amount families paid in total for a state's contracted telecom vendor each state fiscal year for at least fiscal years 2018, 2019, 2020, 2021, 2022, and 2023;

(iii) Comparative market research analysis on rate structures over time, how those rates compare to the telecommunication fees over the same time, and how the market is anticipated to change by calendar year from calendar year 2024 through calendar year 2030;

(iv) Analysis on how many states provide at least voice communication services or any other communication services free of charge to the person initiating and the person receiving the communication and what calendar date that began; and

(v) Comparative analysis of any impacted rate structures, and at least those in (a)(i) of this subsection, before communication services are made free of charge to the person initiating and the person receiving the communication compared to the new negotiated rate structures, and at least those in (a)(i) of this subsection, after communication services are made free of charge to the person initiating and the person receiving the communication.

(b) The report must be submitted to the governor and the appropriate policy and fiscal committees of the legislature by December 31, 2024.

2025 REGULAR SESSION

~~fiscal year 2025 is provided solely for the office of financial management to evaluate the timeline and effectiveness of services supporting agency requests to downsize, acquire, expand, or relocate state facilities. The office, in collaboration with the department of enterprise services, will contract with an independent entity for the analysis and mapping of service delivery workflow and timeline, with the goal of identifying gaps and opportunities to improve efficiency by June 30, 2025. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW. The report must be submitted to the governor and the appropriate policy and fiscal committees of the legislature by June 30, 2025.~~

~~((23))~~(a) \$140,000 of the general fund—state appropriation for fiscal year 2024 and \$210,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the office, in coordination with the department of revenue, to conduct a study of costs to the state, whether actual spending or foregone revenue collections, related to nonprofit health care providers, facilities, and insurers.

(b) The study shall quantify the value of state and federal tax preferences, tax-preferred capital financing such as financing available through the Washington health care facilities authority, and other public reimbursement streams available to nonprofit health care providers, facilities, and insurers outside of payment for health care claims.

(c) The office must submit a report to the governor and the relevant policy and fiscal committees of the legislature by October 1, 2024.

~~((24))~~ (22)(a) \$350,000 of the general fund—state appropriation for fiscal year 2024 and \$900,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the office of financial management to conduct a study of the future long-term uses of the Olympic heritage behavioral health campus. The study must assess the options for maximizing the facility's ability to receive federal matching funds for services provided while contributing to the health of the entire state behavioral health system based on community needs. The study must examine Washington behavioral health system trends, including demand and capacity for voluntary and involuntary behavioral health in-patient treatment, forecasted bed need and current and planned statewide capacity for civil and forensic state hospital populations, short-term civil commitment capacity trends, and trends in prosecutorial forensic referrals. The study must also consider area provider admittance and refusal rates. The study must include:

(i) An analysis on the types of services which could be provided at the property, including but not limited to:

(A) Voluntary behavioral health treatment services, including diversion, prediversion, and specialty services for people with co-occurring conditions including substance use disorders, intellectual or developmental disabilities, traumatic brain disorders, or dementia;

(B) Services for patients that are deemed not guilty by reason of insanity;

(C) Integrated service approaches that address medical, housing, vocational, and other needs of behaviorally disabled individuals with criminal legal involvement or likelihood of criminal legal involvement;

(D) Long-term involuntary treatment services for specialized populations such as those with developmental disabilities or dementia;

(E) Short-term involuntary treatment services;

(F) Long-term involuntary treatment services for civil conversion patients;

(G) Out-patient intensive behavioral health treatment including

partial hospitalization and intensive outpatient care;

(H) Crisis response services; and

(I) Other services that will increase the state's ability to comply with requirements for providing timely admission of competency restoration patients into treatment beds;

(ii) Review of potential for additional capacity or services on the entirety of the property, including any capital improvements needed to expand services under the options described in (a)(i) of this subsection;

(iii) Identification and evaluation of strategies to obtain federal matching funding opportunities, specifically focusing on innovative medicaid framework adjustments and the consideration of necessary state plan amendments;

(iv) Estimated costs, required staffing and workforce availability for each of the recommended types of services if available; and

(v) Consideration of options for providers that can provide the different services recommended at the facility and an analysis on the cost differential and potential federal reimbursement for the different providers. The office of financial management may consider a variety of provider types or partners, including, but not limited to:

(A) Tribal or local governments;

(B) Acute care hospitals already providing similar care;

(C) Providers contracted by the health care authority; and

(D) State-operated options.

(b) The office of financial management shall consult with the University of Washington school of medicine, the health care authority, and the department of social and health services in developing and conducting the study.

(c) The office of financial management shall submit a report with its findings and recommendations to the governor and the appropriate policy and fiscal committees of the legislature by June 30, 2025.

(d) The office of financial management may contract with one or more third parties and consult with other state entities to conduct the study. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW.

~~((25))~~ (23)(a) \$400,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the office to contract with a consultant to collect, review, and analyze data related to vehicular pursuits and to compile a report. The report must include recommendations to the legislature on what data should be collected by law enforcement agencies throughout the state so that the legislature and other policymakers have consistent and uniform information necessary to evaluate policies on vehicular pursuits. The contractor must gather input from individuals and families with lived experience interacting with law enforcement, including Black, indigenous, and communities of color, and incorporate this information into the report and recommendations. The report must:

(i) Review available data on vehicular pursuits from those agencies accredited by the Washington association of sheriffs and police chiefs, and review a stratified sample of nonaccredited agencies for as many years as their data have been collected, including:

(A) The date, time, location, maximum speed, and duration of the incident;

(B) The reason for initiating a pursuit;

(C) Whether the pursuing officer sought authorization for the pursuit, or only gave notice of the pursuit, and whether authorization for the pursuit was granted;

(D) Whether a supervisor denied authorization for the pursuit and the reason for the denial;

(E) The number of vehicles and officers involved in the pursuit;

(F) The number of law enforcement agencies involved in the pursuit;

(G) Whether pursuit intervention techniques were employed, and if so, which ones;

(H) Whether the pursuit was terminated at any point, and if so, the reason for termination;

(I) The officer's perception of the age, gender, race, ethnicity, or applicable tribal affiliation of the driver and any passengers of the motor vehicle being pursued;

(J) Whether the pursuit resulted in no action, termination, apprehension, warning, citation, arrest and grounds for the arrest, or other action;

(K) Whether the pursuit resulted in any property damage, injury, or death, and to whom and what, including law enforcement, drivers, passengers, and bystanders;

(L) Copies of reports, annual or other frequencies, used for internal review of pursuit statistics; and

(M) Whether the law enforcement agency has a record-keeping system for pursuits, and if so, what that system is, how long it has been in place, and whether the system and the data collected has changed over time;

(ii) Provide recommendations on what data elements law enforcement agencies should collect, in relation to the list identified in (a)(i) of this subsection, and provide rationale for the recommendations;

(iii) Develop a protocol for data collection by law enforcement agencies and provide a statement regarding the use of such data and the purpose for its collection and analysis;

(iv) Make the data readily available to the public using standard open data protocols;

(v) Recommend an entity to collect and manage this data on a statewide basis;

(vi) Review existing statewide police data reporting systems, including:

(A) The national incident based reporting system program, which is for the federal uniform crime reporting program;

(B) The Washington technology solutions police traffic collision reporting system, which is used for both state systems and the federal fatality analysis reporting system; and

(C) The statewide use of force data program established in RCW 10.118.030;

(vii) Assess the benefits and drawbacks of each of the existing systems in (a)(vi) of this subsection as a possible platform for collecting, reporting, and hosting pursuit open source downloadable data from agencies, and recommend whether any of these, or another system, would be most appropriate; and

(viii) Recommend any changes in state law to accomplish and facilitate the collection and analysis of the data, including whether to align or integrate the data collection with the use of force data under chapter 10.118 RCW.

(b) The report and recommendations are due to the governor and the appropriate committees of the legislature by June 30, 2025.

If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes of this subsection.~~

(27)) (24)(a) \$250,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the office of financial management to provide recommendations on the

method and format for studying a transition to a department of housing. In developing the recommendations, previous efforts to establish new entities or programs should be considered, such as the office of equity task force, the social equity in cannabis task force, the blue ribbon commission on delivery of services to children and families, and methods used by other jurisdictions.

(b) The recommendations must include:

(i) Which entity should lead the study, such as an agency, a contractor, or a task force;

(ii) Which entities should consult and collaborate on the study, such as legislators, agencies, nonprofit organizations, businesses, and local jurisdictions;

(iii) Which programs across state agencies should be considered by the study for possible incorporation into a department of housing;

(iv) What housing types and financing structures should be identified and considered by the study;

(v) What gaps and barriers to establishing a department of housing should be identified and considered by the study; and

(vi) An estimate of the costs and possible timeline for the recommended method and format of the study.

(c) The recommendations are due to the governor and the appropriate policy and fiscal committees of the legislature by December 1, 2024.

(25) The general fund—state appropriation for fiscal year 2025 in this section reflects a reduction in funding for, but not limited to, contract costs to evaluate the timeline and effectiveness of services supporting agency requests to downsize, acquire, expand, or relocate state facilities, programmatic costs for the AmeriCorps equity fund, and general vacancies across the agency.

(13)(a) \$700,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner, in collaboration with the office of the attorney general, to study approaches to improve health care affordability including, but not limited to:

(i) Health provider price or rate regulation policies or programs, other than traditional health plan rate review, in use or under consideration in other states to increase affordability for health insurance purchasers and enrollees. At a minimum, this shall include:

(A) Analysis of payment rate or payment rate increase caps and reference pricing strategies;

(B) Analysis of research or other findings related to the outcomes of the policy or program, including experience in other states;

(C) A preliminary analysis of the regulatory authority and administrative capacity necessary to implement each policy or program reviewed in Washington state;

(D) Analysis of such approaches used in Washington state, including but not limited to the operation of the hospital commission, formerly established under chapter 70.39 RCW; and

(E) A feasibility analysis of implementing a global hospital budget strategy in one or more counties or regions in Washington state, including potential impacts on spending and access to health care services if such a strategy were adopted;

(ii) Regulatory approaches in use or under consideration by other states to address any anticompetitive impacts of horizontal consolidation and vertical integration in the health care marketplace to supplement federal antitrust law. At a minimum, this regulatory review shall include:

(A) Analysis of research, case law, or other findings related to the outcomes of the state's activities to encourage competition, including implementation experience;

(B) A preliminary analysis of regulatory authority and administrative capacity necessary to implement each policy or program reviewed in Washington state; and

(C) Analysis of recent health care consolidation and vertical consolidation activity in Washington state, to the extent information is available;

(iii) Recommended actions based on other state approaches and Washington data, if any; and

(iv) Additional related areas of data or study needed, if any.

(b) The office of the insurance commissioner or office of the attorney general may contract with third parties and consult with other state entities to conduct all or any portion of the study.

(c) The office of the insurance commissioner and office of the attorney general shall submit a preliminary report to the relevant policy and fiscal committees of the legislature by December 1,

2023, and a final report by August 1, 2024.

(14) \$190,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of chapter 27, Laws of 2023 (SHB 1266).

(15) \$66,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Engrossed Substitute House Bill No. 1222 (hearing instruments coverage).

(16) \$25,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of chapter 21, Laws of 2023 (HB 1061).

(17) \$14,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Substitute House Bill No. 1060 (mutual insurer reorg.).

(18) \$132,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1357 (prior authorization).

(19)(a) \$50,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for an analysis of how health plans define, cover, and reimburse for maternity care services, including prenatal, delivery, and postpartum care. The commissioner shall:

(i) Obtain necessary information regarding health plans offered by carriers with more than one percent accident and health market share based upon the commissioner's most recent annual market information report and health plans offered to public employees under chapter 41.05 RCW to evaluate:

(A) How health plan benefit designs define maternity care services;

(B) Whether and to what extent maternity care services are subject to deductibles and other cost-sharing requirements;

(C) Which maternity care services are considered preventive services under section 2713 of the federal public health service act and are therefore exempt from cost sharing;

(D) The five most used maternity care reimbursement methodologies used by each carrier; and

(E) With respect to reimbursement methodologies that bundle payment for maternity care services, which specific services are included in the bundled payment;

(ii) Estimate the total and per member per month impact on health plan rates of eliminating cost sharing for maternity care services in full, or for prenatal care only, for the following markets:

(A) Individual health plans other than Cascade select plans;

(B) Cascade select health plans;

(C) Small group health plans;

(D) Large group health plans;

(E) Health plans offered to public employees under chapter 41.05 RCW; and

(F) All health plans in the aggregate; and

(iii) Submit a report on the findings and cost estimate to the appropriate committees of the legislature by July 1, 2024.

(b) The commissioner may contract for all or a portion of the analysis required in this subsection.

(20) \$86,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Senate Bill No. 5821 (audio-only telemedicine). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(21) \$549,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5986 (out-of-network health costs). ~~((If the bill is not enacted by June 30, 2024,~~

~~the amount provided in this subsection shall lapse.))~~

(22) \$228,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5936 (palliative care work group). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(23) \$195,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Second Substitute Senate Bill No. 6228 (substance use treatment). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(24) \$175,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5213 (health care benefit managers). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(25) \$12,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 6127 (HIV prophylaxis). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(26) \$578,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner to continue its work on behavioral health parity compliance, enforcement, and provider network oversight. The commissioner may use internal staff and contracted experts to oversee provider directories and evaluate consumer access to services for mental health and substance use disorders in state-regulated individual, small group, and large group health plans.

(27)(a) \$250,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner, in consultation with the department of social and health services and the health care authority, to submit to the relevant policy and fiscal committees of the legislature by June 30, 2025, a feasibility analysis of expanding or modifying the program described in section 204(48) of this act to include additional groups of essential workers whose employers receive significant public funding to provide direct services to vulnerable populations, including but not limited to behavioral health services, housing and homelessness services, and child care workers. The evaluation must consider:

(i) Current sources, benefits, and costs of health care coverage for these essential workers including but not limited to employer-sponsored coverage, medicaid, and individual health plans purchased through the health benefit exchange;

(ii) Policy options to increase health care benefit funding to employers of these essential workers, including maximizing nongeneral fund state sources while ensuring costs are not shifted to employees;

(iii) The appropriate structure and oversight of the newly established health benefits fund, including the use of fully insured health coverage, a self-funded multiemployer welfare arrangement, the health benefit exchange, or another entity to offer health benefits comparable to the platinum metal level under the affordable care act, and meet defined plan design, consumer protection, and solvency requirements.

(b) The commissioner must consult with interested organizations and may establish subgroups to conduct this work based on distinct industries of different essential workers.

(c) The commissioner may contract with third parties and consult with other state entities to conduct all or any portion of the study, including actuarial analysis.

(28)(a) \$400,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner to convene and chair an adult family home liability

insurance work group. The work group shall consist of members with a representative from, but not limited to:

(i) The office of the attorney general;

(ii) The office of the governor;

(iii) The adult family home industry;

(iv) The Washington state long-term care ombudsman;

(v) The department of social and health services' aging and long-term support administration's residential care services;

~~((iv))~~ (vi) The department of social and health services' aging and long-term support administration's home and community services;

~~((vii))~~ (vii) The department of social and health service's aging and long-term support administration's developmental disability administration;

~~((viii))~~ (viii) Insurance producers;

~~((ix))~~ (ix) Insurance underwriters;

~~((x))~~ (x) The Washington surplus line association;

~~((xi))~~ (xi) Risk retention groups; and

~~((xii))~~ (xii) Other state agency representatives or stakeholder group representatives, as deemed necessary.

(b) The work group shall:

(i) Review the availability and cost of liability insurance for adult family homes;

(ii) Identify obstacles to adult family homes access to liability insurance including underwriting restrictions, market conditions, as well as legal and regulatory requirements;

(iii) Evaluate the financial risk to adult family homes, their residents, the state medicaid program, and others that exist as a result of the increased cost of insurance, or in the event adult family homes are uninsured due to a lack of access to coverage; and

(iv) Make policy recommendations to improve access to liability insurance coverage for adult family homes.

(c) The work group must submit a preliminary report to the relevant policy and fiscal committees of the legislature by December 31, 2024, and a final report by June 30, 2025, with review findings, recommendations, and data on claims experience, costing, and policy or budget underwriting restrictions related to liability policies covering adult family homes.

(d) The commissioner shall collect the information required from entities transacting insurance with adult family home providers. Any identified authorized insurers, unauthorized insurers, and risk retention groups are required to provide the requested information to the commissioner.

(e) The commissioner may contract with a vendor to conduct an actuarial analysis if necessary to facilitate the development of recommendations concerning liability insurance in adult family homes.

(29)(a) \$350,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for the commissioner to study approaches to increasing the availability of health care malpractice liability coverage or other liability protection options for community-based health care providers delivering transition of care services to incarcerated individuals. The commissioner must provide an initial report to the office of financial management and appropriate committees of the legislature by December 31, 2024. The study must include:

(i) A review of the state's commitments to facilitating safe transitions of care for incarcerated individuals through medicaid coverage of health services under the 2023 medicaid transformation waiver;

(ii) An analysis of the barriers to accessing liability coverage for community-based health care providers on the private market;

(iii) An actuarial analysis of the potential risk to be incurred by providing health care malpractice liability coverage for transition

(iv) Policy options and recommendations, if any, for consideration by the legislature regarding provision of or increasing the availability of health care malpractice liability coverage or other liability protection options for community-based health care providers delivering these services.

(b) In conducting this study, the commissioner shall convene interested organizations including but not limited to representatives of:

- (i) The office of the attorney general;
- (ii) The health care authority;
- (iii) The department of corrections;
- (iv) The department of enterprise services' office of risk management;
- (v) The Washington association of sheriffs and police chiefs;
- (vi) Local governments;
- (vii) Medical malpractice liability underwriters; and
- (viii) Community-based health care providers, including but not limited to representatives of federally qualified health centers and providers of health care services in incarceration settings.

(c) The commissioner may contract for actuarial or other analysis if necessary to facilitate development of the study or policy options.

(30) \$315,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Substitute House Bill No. 2329 (insurance market/housing). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(31) \$49,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Engrossed Substitute House Bill No. 1957 (preventive service coverage). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(32) \$84,000 of the insurance commissioner's regulatory account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5798 (insurance notices). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

In conducting the study, the department must request input from the state building code council and representatives of appropriate public and private sector entities. The department may contract for all or a portion of the study. The study must, at a minimum, include an assessment of:

(i) Functional recovery building code standards that are being developed at the federal level, have been proposed or adopted in other countries, states, or local jurisdictions with a high risk of earthquakes, or are developed by public or private organizations with expertise in earthquake performance standards and safety;

(ii) The levels of functional recovery supported by current state and local building and construction codes;

(iii) The objectives, feasibility, necessary measures, and estimated costs of adopting and implementing statewide functional recovery building code standards, and how this assessment is impacted by whether the standards:

(A) Are mandatory or voluntary;

(B) Apply to only certain types of structures and infrastructure or prioritize certain types of structures and infrastructure;

(C) Apply to existing structures and infrastructure in addition to new construction;

(D) Are intended to apply to only specific seismic hazard levels; or

(E) Include nonstructural components as well as structural systems;

(iv) How statewide standards for functional recovery would fit into an all hazards approach for state emergency response and recovery;

(v) Funding opportunities that provide for the coordination of state and federal funds for the purposes of improving the state's preparedness for functional recovery following a significant earthquake or tsunami; and

(vi) Equity considerations for the development of statewide building code standards for functional recovery.

(b) The department must submit a preliminary report with interim findings to the appropriate committees of the legislature by June 1, 2025. The department must submit a final report summarizing the study's findings and including policy recommendations relating to statewide building code standards for functional recovery to the appropriate committees of the legislature by May 1, 2026. It is the intent of the legislature to provide funding to complete the final report in the 2025-2027 fiscal biennium.

(3) \$50,000 of the volunteer firefighters' and reserve officers' administrative account—state appropriation is provided solely for the board to conduct a study on the extension of duty-related occupational disease presumptions to participants in the volunteer firefighters' relief and pension system. The study must examine the presumptions in RCW 51.32.185, and report to the fiscal committees of the legislature by June 30, 2025, on the prevalence of these conditions among volunteer firefighters, and the fiscal impact of extending additional relief and pension benefits to participants.

Sec. 1128. 2024 c 376 s 150 (uncodified) is amended to read as follows:

FOR THE FORENSIC INVESTIGATION COUNCIL

Death Investigations Account—State Appropriation
.....~~(((\$821,000))~~
\$836,000

TOTAL APPROPRIATION~~(((\$821,000))~~
\$836,000

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$250,000 of the death investigations account—state appropriation is provided solely for providing financial assistance to local jurisdictions in multiple death investigations. The forensic investigation council shall develop criteria for awarding these funds for multiple death investigations involving an unanticipated, extraordinary, and catastrophic event or those involving multiple jurisdictions.

(b) Of the amount provided in this subsection, \$30,000 of the death investigations account—state appropriation is provided solely for the Adams county crime lab to investigate a double homicide that occurred in fiscal year 2021.

(2) \$210,000 of the death investigations account—state appropriation is provided solely for providing financial assistance to local jurisdictions in identifying human remains.

(3) Within the amount appropriated in this section, the forensic investigation council may enter into an interagency agreement with the department of enterprise services for the department to provide services related to public records requests, to include responding to, or assisting the council in responding to, public disclosure requests received by the council.

Sec. 1129. 2024 c 376 s 153 (uncodified) is amended to read as follows:

FOR THE CONSOLIDATED TECHNOLOGY SERVICES AGENCY

General Fund—State Appropriation (FY 2024) \$7,623,000
General Fund—State Appropriation (FY 2025)

.....~~(((\$30,310,000))~~
\$6,278,000

General Fund—Federal Appropriation.....~~(((\$134,292,000))~~
\$2,777,000

~~((Consolidated Technology Services Revolving~~
~~Account—State Appropriation.....~~ \$136,308,000)

~~Washington Technology Solutions Revolving Account—~~
~~State Appropriation~~ \$136,308,000

TOTAL APPROPRIATION~~(((\$308,533,000))~~
\$152,986,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,000,000 of the consolidated technology services revolving account—state appropriation is provided solely for experienced information technology project managers to provide critical support to agency IT projects that are under oversight from the office of the chief information officer. The staff or vendors will:

(a) Provide master level project management guidance to agency IT stakeholders;

(b) Consider statewide best practices from the public and private sectors, independent review and analysis, vendor management, budget and timing quality assurance and other support of current or past IT projects in at least Washington state and share these with agency IT stakeholders and legislative fiscal staff at least twice annually and post these to the statewide IT dashboard; and

(c) Provide independent recommendations to legislative fiscal committees by December of each calendar year on oversight of IT projects to include opportunities for accountability and performance metrics.

(2) \$2,226,000 of the consolidated technology services revolving account—state appropriation is provided solely for the enterprise data management pilot project, and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(3) \$16,939,000 of the consolidated technology services revolving account—state appropriation is provided solely for the office of cyber security.

(4) \$2,737,000 of the consolidated technology services revolving account—state appropriation is provided solely for the office of privacy and data protection.

(5) The consolidated technology services agency shall work with customer agencies using the Washington state electronic records vault (WASERV) to identify opportunities to:

(a) Reduce storage volumes and costs associated with vault records stored beyond the agencies' record retention schedules; and

(b) Assess a customized service charge as defined in chapter 304, Laws of 2017 for costs of using WASERV to prepare data compilations in response to public records requests.

(6)(a) In conjunction with the office of the chief information officer's prioritization of proposed information technology expenditures, agency budget requests for proposed information technology expenditures must include the following:

(i) The agency's priority ranking of each information technology request;

(ii) The estimated cost by fiscal year and by fund for the current biennium;

(iii) The estimated cost by fiscal year and by fund for the ensuing biennium;

(iv) The estimated total cost for the current and ensuing biennium;

(v) The total cost by fiscal year, by fund, and in total, of the information technology project since it began;

(vi) The estimated cost by fiscal year and by fund over all biennia through implementation and close out and into maintenance and operations;

(vii) The estimated cost by fiscal year and by fund for service level agreements once the project is implemented;

(viii) The estimated cost by fiscal year and by fund for agency staffing for maintenance and operations once the project is implemented; and

(ix) The expected fiscal year when the agency expects to complete the request.

(b) The office of the chief information officer and the office of financial management may request agencies to include additional information on proposed information technology expenditure

requests.

(7) The consolidated technology services agency must not increase fees charged for existing services without prior approval by the office of financial management. The agency may develop fees to recover the actual cost of new infrastructure to support increased use of cloud technologies.

(8) Within existing resources, the agency must provide oversight of state procurement and contracting for information technology goods and services by the department of enterprise services.

(9) Within existing resources, the agency must host, administer, and support the state employee directory in an online format to provide public employee contact information.

(10) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions, limitations, and review provided in section 701 of this act.

(11) \$7,088,000 of the consolidated technology services revolving account—state appropriation is provided solely for the creation and ongoing delivery of information technology services tailored to the needs of small agencies. The scope of services must include, at a minimum, full-service desktop support, service assistance, security, and consultation.

(12) ~~\$82,811,000 of the consolidated technology services revolving account—state appropriation ((is)) and \$2,322,000 of the general fund—state appropriation for fiscal year 2025~~ are provided solely for the procurement and distribution of Microsoft 365 licenses which must include advanced security features and cloud-based private branch exchange capabilities for state agencies. The office must report annually to fiscal committees of the legislature each December 31, on the count and type of licenses distributed by consolidated technology services to each state agency. The report must also separately report on the count and type of Microsoft 365 licenses that state agencies have in addition to those that are distributed by consolidated technology services so that the total count, type of license, and cost is known for statewide Microsoft 365 licenses.

(13) The office of the chief information officer shall maintain an information technology project dashboard that, at minimum, provides updated information each fiscal month on the projects subject to section 701 of this act.

(a) The statewide information technology dashboard must include, at a minimum, the:

(i) Start date of the project;

(ii) End date of the project, when the project will close out and implementation will commence;

(iii) Term of the project in state fiscal years across all biennia to reflect the start of the project through the end of the project;

(iv) Total project cost from start date through the end date of the project in total dollars, and a subtotal of near general fund outlook;

(v) Near general fund outlook budget and actual spending in

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

total dollars and by fiscal month for central service agencies that bill out project costs;

- (vi) Start date of maintenance and operations;
- (vii) Estimated annual state fiscal year cost of maintenance and operations after implementation and close out;
- (viii) Actual spending by state fiscal year and in total for state fiscal years that have closed;
- (ix) Date a feasibility study was completed or note if none has been completed to date;
- (x) Monthly project status assessments on scope, schedule, budget, and overall by the:
 - (A) Office of the chief information officer;
 - (B) Quality assurance vendor, if applicable; and
 - (C) Agency project team;
- (xi) Monthly quality assurance reports, if applicable;
- (xii) Monthly office of the chief information officer status reports on budget, scope, schedule, and overall project status; and
- (xiii) Historical project budget and expenditures through fiscal year 2023.

(b) The statewide dashboard must retain a roll up of the entire project cost, including all subprojects, that can display subproject detail. This includes coalition projects that are active. For projects that include multiple agencies or subprojects and roll up, the dashboard must display:

- (i) A separate technology budget and investment plan for each impacted agency; and
 - (ii) A statewide project technology budget roll up that includes each affected agency at the subproject level.
- (c) The office of the chief information officer may recommend additional elements to include but must have agreement with legislative fiscal committees and the office of financial management prior to including additional elements.
- (d) The agency must ensure timely posting of project data on the statewide information technology dashboard for at least each project funded in the budget and those projects subject to the conditions of section 701 of this act to include, at a minimum, posting on the dashboard:
- (i) The budget funded level by project for each project under oversight within 30 calendar days of the budget being signed into law;
 - (ii) The project historical expenditures through completed fiscal years by December 31; and
 - (iii) Whether each project has completed a feasibility study.

(e) The office of the chief information officer must post to the statewide dashboard a list of funding received by fiscal year by enacted session law, and how much was received citing chapter law as a list of funding provided by fiscal year.

(14) Within existing resources, consolidated technology services must collaborate with the department of enterprise services on the annual contract report that provides information technology contract information. Consolidated technology services will:

- (a) Provide data to the department of enterprise services annually by September 1 of each year; and
- (b) Provide analysis on contract information for all agencies comparing spending across state fiscal years by, at least, the contract spending towers.

(15) \$8,666,000 of the consolidated technology services revolving account—state appropriation is provided solely for implementation of the enterprise cloud computing program as outlined in the December 2020 Washington state cloud readiness report. Funding provided includes, but is not limited to, cloud service broker resources, cloud center of excellence, cloud management tools, a network assessment, cybersecurity governance, and a cloud security roadmap.

(16) \$3,498,000 of the consolidated technology services revolving account—state appropriation is provided solely for the implementation of the recommendations of the cloud transition task force report to include:

- (a) A cloud readiness program to help agencies plan and prepare for transitioning to cloud computing;
- (b) A cloud retraining program to provide a coordinated approach to skills development and retraining; and
- (c) Staffing to define career pathways and core competencies for the state's information technology workforce.

(17) \$5,926,000 of the general fund—state appropriation for fiscal year 2024, (~~(\$27,110,000)~~) \$756,000 of the general fund—state appropriation for fiscal year 2025, and (~~(\$134,292,000)~~) \$2,777,000 of the general fund—federal appropriation are provided solely for statewide electronic health records projects, which must comply with the approved statewide electronic health records plan. The purpose of the plan is to implement a common technology solution to leverage shared business processes and data across the state in support of client services.

(a) The statewide electronic health records plan must include, but is not limited to, the following elements:

- (i) A proposed governance model for the electronic health records solution;
- (ii) An implementation plan for the technology solution from kickoff through five years maintenance and operations post implementation;
- (iii) A technology budget to include estimated budget and resources needed to implement the electronic health records solution by agency and across the state, including fund sources and all technology budget element requirements as outlined in section 701(4) of this act;
- (iv) A licensing plan in consultation with the department of enterprise services that seeks to utilize the state data center;
- (v) A procurement approach, in consultation with the department of enterprise services;
- (vi) A system that must be capable of being continually updated, as necessary;
- (vii) A system that will use an agile development model holding live demonstrations of functioning software, developed using incremental user research, held at the end of every two-week sprint;
- (viii) A system that will deploy usable functionality into production for users within 180 days from the date there is an executed procurement contract after a competitive request for proposal is closed;
- (ix) A system that uses quantifiable deliverables that must include live, accessible demonstrations of software in development to program staff and end users at each sprint or at least monthly;

(x) A requirement that the agency implementing its electronic health record solution must invite the office and the agency comptrollers or their designee to sprint reviews;

(xi) A requirement that there is an annual independent audit of the system to evaluate compliance of the software solution vendor's performance standards and contractual requirements and technical code quality, and that it meets user needs;

(xii) A recommended program structure for implementing a statewide electronic health records solution;

(xiii) A list of individual state agency projects that will need to implement a statewide electronic health records solution and the readiness of each agency to successfully implement;

(xiv) The process for agencies to request funding from the consolidated technology services for their electronic health records projects. The submitted application must:

- (A) Include at least a technology budget in compliance with the

requirements of section 701(4) of this act that each agency budget office will assist with; and

(B) Be posted to the statewide information technology dashboard and meet all dashboard posting requirements as outlined in section 153(13) of this act; and

(xv) The approval criteria for agencies to receive funds for their electronic health records project. The approval may not be given without an approved current technology budget, and the office must notify the fiscal committees of the legislature. The office may not approve funding for the project any earlier than 10 business days from the date of notification to the fiscal committees of the legislature.

(b) The plan described in (a) of this subsection:

(i) Must be submitted to the office of financial management, the chair and ranking member of the senate environment, energy, and information technology policy committee, the chairs and ranking members of the fiscal committees of the legislature, and the technology services board by July 1, 2023; and

(ii) Must be approved by the office of financial management and the technology services board established in RCW 43.105.285.

(c) \$5,926,000 of the general fund—state appropriation for fiscal year 2024, (~~(\$27,110,000))~~ \$756,000 of the general fund—state appropriation for fiscal year 2025, and (~~(\$134,292,000))~~ \$2,777,000 of the general fund—federal appropriation are provided solely for state agency electronic health record projects at the department of corrections, the department of social and health services, and the health care authority in accordance with the approved statewide electronic health record plan requirements in (a) of this subsection. For the amount provided in this subsection (17):

(i) Funding may not be released until the office of financial management and the technology services board have approved the statewide electronic health record plan.

(ii) As required in section 701(2) of this act, consolidated technology services may not approve funding for the project any earlier than 10 business days from the date of notification to the fiscal committees of the legislature.

(iii) Funding may not cover any costs incurred by the state agencies for services or project costs prior to the date of statewide electronic health record plan approval.

(iv) State agencies must submit their proposed electronic health records project and technology budget to the office of the chief information officer for approval. The submitted application must:

(A) Include at least a technology budget in compliance with the requirements of section 701(4) of this act that each agency budget office will assist with; and

(B) Be posted to the statewide information technology dashboard and meet all dashboard posting requirements as outlined in section 153(13) of this act.

(v) When a funding request is approved, consolidated technology services will transfer the funds to the agency to execute their electronic health records project.

(vi) The office must enter into an interagency agreement with the health care authority who is, and will be, the reporting entity to the federal government on the application for and use of the federal funding.

(vii) Consolidated technology services must include this enterprise electronic health records program on the statewide information technology program dashboard and must ensure that the program detail will roll up the below required subprojects:

(A) Enterprise foundational electronic health records system;

(B) Department of corrections electronic health records;

(C) Department of social and health services electronic health records; and

(D) Health care authority electronic health records.

(18) \$134,000 of the consolidated technology services revolving account—state appropriation is provided solely for implementation of Second Substitute Senate Bill No. 5518 (cybersecurity).

(19) The office of the chief information officer must collaborate with the office of the secretary of state in the evaluation of the office of the secretary of state's information technology infrastructure and applications in determining the appropriate candidates for the location of data and the systems that could be exempt from consolidated technology services oversight.

(20) \$1,500,000 of the general fund—state appropriation for fiscal year 2024 and \$3,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for innovative technology solutions and modernization of legacy systems within state government. This funding is to be used for projects at other state agencies to improve the health of the state's overall information technology portfolio. Submitted projects are subject to review and approval by the technology services board as established in RCW 43.105.285. The agency must report to the office of financial management and the fiscal committees of the legislature within 90 days of the close of fiscal year 2024 with the following information to measure the quantity of projects considered for this purpose and use of this funding:

(a) The agency name, project name, estimated time duration, estimated cost, and technology service board recommendation result of each project submitted for funding;

(b) The actual length of time and cost of the projects approved by the technology services board, from start to completion; and

(c) Any other information or metric the agency determines is appropriate to measure the quantity and use of the funding in this subsection.

(21) In collaboration with the department of health and the health care authority, consolidated technology services must actively consult and provide oversight over:

(a) The department of health 988 technology platform that must provide interoperable capabilities between the 988 call center platform and the health care authority's 988-related system;

(b) The health care authority 988 technology platform that must provide interoperable capabilities between the 988-related system and the department of health's 988 call center platform; and

(c) How the platforms in (a) and (b) of this subsection will meet statutory requirements for technology platform functionality and implementation dates as established in Senate Bill No. 6308 (988 system timeline) and must report on the progress of both platforms' budget, scope, and schedule at a technology services board meeting by December 31, 2024.

PART XII HUMAN SERVICES

Sec. 1201. 2024 c 376 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority,

must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, support the adoption of a cohesive technology and data architecture, and maximize federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2024))~~ 2025, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year ~~((2024))~~ 2025 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ~~((2024))~~ 2025 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose.

(c) Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose within and between subprograms as needed to fund actual expenditures through the end of fiscal year 2025.

(d) The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(9) The department may not transfer appropriations for the developmental disabilities program to any other program of the department of social and health services ~~((—or—between subprograms of the developmental disabilities program itself))~~.

Sec. 1202. 2024 c 376 s 202 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH PROGRAM

General Fund—State Appropriation (FY 2024) ..	\$808,569,000
General Fund—State Appropriation (FY 2025)	(((\$781,930,000))
	\$722,713,000
General Fund—Federal Appropriation.....	(((\$168,601,000))
	\$193,022,000
General Fund—Private/Local Appropriation	(((\$6,500,000))
	\$6,009,000
TOTAL APPROPRIATION	(((\$1,765,600,000))
	\$1,730,313,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The state psychiatric hospitals and residential treatment facilities may use funds appropriated in this subsection to

purchase goods, services, and supplies through hospital group purchasing organizations when it is cost-effective to do so.

(2) \$311,000 of the general fund—state appropriation for fiscal year 2024 and \$311,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a community partnership between western state hospital and the city of Lakewood to support community policing efforts in the Lakewood community surrounding western state hospital. The amounts provided in this subsection are for the salaries, benefits, supplies, and equipment for the city of Lakewood to produce incident and police response reports, investigate potential criminal conduct, assist with charging consultations, liaison between staff and prosecutors, provide staff training on criminal justice procedures, assist with parking enforcement, and attend meetings with hospital staff.

(3) \$45,000 of the general fund—state appropriation for fiscal year 2024 and \$45,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for payment to the city of Lakewood for police services provided by the city at western state hospital and adjacent areas.

(4) \$311,000 of the general fund—state appropriation for fiscal year 2024 and \$311,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the salaries, benefits, supplies, and equipment for one full-time investigator, one full-time police officer, and one full-time community services officer for policing efforts at eastern state hospital. The department must collect data from the city of Medical Lake on the use of the funds and the number of calls responded to by the community policing program and submit a report with this information to the office of financial management and the appropriate fiscal committees of the legislature each December of the fiscal biennium.

(5) \$25,000 of the general fund—state appropriation for fiscal year 2024 and \$25,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for payment to the city of Medical Lake for police services provided by the city at eastern state hospital and adjacent areas.

(6) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department, in collaboration with the health care authority, to develop and implement a predictive modeling tool which identifies clients who are at high risk of future involvement with the criminal justice system and for developing a model to estimate demand for civil and forensic state hospital bed needs pursuant to the following requirements.

(a) By the first day of each December during the fiscal biennium, the department, in coordination with the health care authority, must submit a report to the office of financial management and the appropriate committees of the legislature that summarizes how the predictive modeling tool has been implemented and includes the following: (i) The number of individuals identified by the tool as having a high risk of future criminal justice involvement; (ii) the method and frequency for which the department is providing lists of high-risk clients to contracted managed care organizations and behavioral health administrative services organizations; (iii) a summary of how the managed care organizations and behavioral health administrative services organizations are utilizing the data to improve the coordination of care for the identified individuals; and (iv) a summary of the administrative data to identify whether implementation of the tool is resulting in increased access and service levels and lower recidivism rates for high-risk clients at the state and regional level.

(b) The department must provide staff support for the forensic and long-term civil commitment bed forecast which must be conducted under the direction of the office of financial

management. The forecast methodology, updates, and methodology changes must be conducted in coordination with staff from the department, the health care authority, the office of financial management, and the appropriate fiscal committees of the state legislature. The model shall incorporate factors for capacity in state hospitals as well as contracted facilities, which provide similar levels of care, referral patterns, wait lists, lengths of stay, and other factors identified as appropriate for estimating the number of beds needed to meet the demand for civil and forensic state hospital services. Factors should include identification of need for the services and analysis of the effect of community investments in behavioral health services and other types of beds that may reduce the need for long-term civil commitment needs. The forecast must be updated each February, June, and November during the fiscal biennium and the department must submit a report to the legislature and the appropriate committees of the legislature summarizing the updated forecast based on the caseload forecast council's schedule for entitlement program forecasts.

(7) \$9,119,000 of the general fund—state appropriation for fiscal year 2024 and \$9,145,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, forensic navigators, crisis diversion and supports, education and training, and workforce development.

(8) \$7,147,000 of the general fund—state appropriation for fiscal year 2024 and \$7,147,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to maintain implementation of efforts to improve the timeliness of competency evaluation services for individuals who are in local jails pursuant to chapter 5, Laws of 2015 (timeliness of competency treatment and evaluation services). This funding must be used solely to maintain increases in the number of competency evaluators that began in fiscal year 2016 pursuant to the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP.

(9) \$71,690,000 of the general fund—state appropriation for fiscal year 2024 and \$77,825,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of efforts to improve the timeliness of competency restoration services pursuant to chapter 5, Laws of 2015 (timeliness of competency treatment and evaluation services) and the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. These amounts must be used to maintain increases that were implemented between fiscal year 2016 and fiscal year 2021, and further increase the number of forensic beds at western state hospital during the 2023-2025 fiscal biennium. Pursuant to chapter 7, Laws of 2015 1st sp. sess. (timeliness of competency treatment and evaluation services), the department may contract some of these amounts for services at alternative locations if the secretary determines that there is a need.

(10) \$84,565,000 of the general fund—state appropriation for fiscal year 2024, \$77,343,000 of the general fund—state appropriation for fiscal year 2025, and \$960,000 of the general

2025 REGULAR SESSION

fund—federal appropriation are provided solely for the department to continue to implement an acuity based staffing tool at western state hospital and eastern state hospital in collaboration with the hospital staffing committees. The staffing tool must be used to identify, on a daily basis, the clinical acuity on each patient ward and determine the minimum level of direct care staff by profession to be deployed to meet the needs of the patients on each ward. The department must evaluate interrater reliability of the tool within each hospital and between the two hospitals. The department must also continue to update, in collaboration with the office of financial management's labor relations office, the staffing committees, and state labor unions, an overall state hospital staffing plan that looks at all positions and functions of the facilities.

(a) Within the amounts provided in this section, the department must establish, monitor, track, and report monthly staffing and expenditures at the state hospitals, including overtime and use of locums, to the functional categories identified in the recommended staffing plan. The allotments and tracking of staffing and expenditures must include all areas of the state hospitals, must be done at the ward level, and must include contracted facilities providing forensic restoration services as well as the office of forensic mental health services.

(b) By December 1, 2023, and December 1, 2024, the department must submit reports to the office of financial management and the appropriate committees of the legislature that provide a comparison of monthly spending, staffing levels, overtime, and use of locums for the prior year compared to allotments and to the recommended state hospital staffing model. The format for these reports must be developed in consultation with staff from the office of financial management and the appropriate committees of the legislature. The reports must include a summary of the results of the evaluation of the interrater reliability in use of the staffing acuity tool and an update from the hospital staffing committees.

(c) Monthly staffing levels and related expenditures at the state hospitals must not exceed official allotments without prior written approval from the director of the office of financial management. In the event the director of the office of financial management approves an increase in monthly staffing levels and expenditures beyond what is budgeted, notice must be provided to the appropriate committees of the legislature within 30 days of such approval. The notice must identify the reason for the authorization to exceed budgeted staffing levels and the time frame for the authorization. Extensions of authorizations under this subsection must also be submitted to the director of the office of financial management for written approval in advance of the expiration of an authorization. The office of financial management must notify the appropriate committees of the legislature of any extensions of authorizations granted under this subsection within 30 days of granting such authorizations and identify the reason and time frame for the extension.

(11) \$5,083,000 of the general fund—state appropriation for fiscal year 2024, \$7,535,000 of the general fund—state appropriation for fiscal year 2025, and \$583,000 of the general fund—federal appropriation are provided solely for the department to establish a violence reduction team at western state hospital to improve patient and staff safety at eastern and western state hospitals. A report must be submitted by December 1, 2023, and December 1, 2024, which includes a description of the violence reduction or safety strategy, a profile of the types of patients being served, the staffing model being used, and outcomes associated with each strategy. The outcomes section should include tracking data on facility-wide metrics related to patient and staff safety as well as individual outcomes related to

the patients served.

(12) \$2,593,000 of the general fund—state appropriation for fiscal year 2024 and \$2,593,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to increase services to patients found not guilty by reason of insanity under the *Ross v. Lashway* settlement agreement.

(13) Within the amounts provided in this subsection, the department must develop and submit an annual state hospital performance report for eastern and western state hospitals. Each measure included in the performance report must include baseline performance data, agency performance targets, and performance for the most recent fiscal year. The performance report must include a one page dashboard as well as charts for each fiscal year and quality of care measure broken out by hospital and including but not limited to: (a) Monthly FTE expenditures compared to allotments; (b) monthly dollar expenditures compared to allotments; (c) monthly FTE expenditures per thousand patient bed days; (d) monthly dollar expenditures per thousand patient bed days; (e) percentage of FTE expenditures for overtime; (f) average length of stay by category of patient; (g) average monthly civil wait list; (h) average monthly forensic wait list; (i) rate of staff assaults per thousand patient bed days; (j) rate of patient assaults per thousand patient bed days; (k) average number of days to release after a patient has been determined to be clinically ready for discharge; and (l) average monthly vacancy rates for key clinical positions. The department must submit the state hospital performance report to the office of financial management and the appropriate committees of the legislature by the first day of each December of the biennium.

(14) (~~(\$546,000)~~) \$566,000 of the general fund—state appropriation for fiscal year 2024 and \$566,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for design and planning activities for the new forensic hospital being constructed on the grounds of western state hospital.

(15) \$135,000 of the general fund—state appropriation for fiscal year 2024 and \$135,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to maintain an on-site safety compliance officer, stationed at western state hospital, to provide oversight and accountability of the hospital's response to safety concerns regarding the hospital's work environment.

(16) \$10,364,000 of the general fund state—appropriation for fiscal year 2024 (~~(are)~~) is provided solely for the department to provide behavioral health and stabilization services at the King county south correctional entity to class members of *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States district court for the western district of Washington, cause no. 14-cv-01178-MJP.

(17) \$2,619,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$5,027,000)~~) \$4,524,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to hire additional forensic evaluators to provide in-jail competency evaluations and community-based evaluations.

(18) \$100,000 of the general fund—state appropriation for fiscal year 2024 and \$100,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to track compliance with the requirements of RCW 71.05.365 for transition of state hospital patients into community settings within 14 days of the determination that they no longer require active psychiatric treatment at an inpatient level of care. The department must use these amounts to track the following elements related to this requirement: (a) The date on which an individual is determined to no longer require active psychiatric

treatment at an inpatient level of care; (b) the date on which the behavioral health entities and other organizations responsible for resource management services for the person is notified of this determination; and (c) the date on which either the individual is transitioned to the community or has been reevaluated and determined to again require active psychiatric treatment at an inpatient level of care. The department must provide this information in regular intervals to behavioral health entities and other organizations responsible for resource management services. The department must summarize the information and provide a report to the office of financial management and the appropriate committees of the legislature on progress toward meeting the 14 day standard by December 1, 2023, and December 1, 2024.

(19) \$2,190,000 of the general fund—state appropriation for fiscal year 2024 and ~~(((\$28,742,000))~~ \$19,742,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to operate the 48 bed Clark county facility to provide long-term inpatient care beds as defined in RCW 71.24.025. The department must use this facility to provide treatment services for individuals who have been committed to a state hospital pursuant to the dismissal of criminal charges and civil evaluation ordered under RCW 10.77.086 or 10.77.088. In considering placements at the facility, the department must maximize forensic bed capacity at the state hospitals for individuals in jails awaiting admission that are class members of *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States district court for the western district of Washington, cause no. 14-cv-01178-MJP. The department must submit a report to the office of financial management and the appropriate committees of the legislature by December 1, 2023, and December 1, 2024, providing a status update on progress toward opening the new facility.

(20) \$8,048,000 of the general fund—state appropriation for fiscal year 2024 and \$7,677,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to reopen and operate a 30 bed ward for civil patients at western state hospital. The department must prioritize placements on this ward for individuals currently occupying beds on forensic wards at western state hospital who have been committed to a state hospital pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088, in order to maximize forensic bed capacity for individuals in jails awaiting admission that are class members of *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States district court for the western district of Washington, cause no. 14-cv-01178-MJP.

(21) \$14,466,000 of the general fund—state appropriation for fiscal year 2024 and ~~(((\$51,582,000))~~ \$28,234,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to operate the maple lane campus as described in (a) and (b) of this subsection.

(a) The department shall operate the Oak, Columbia, and Cascade cottages to provide:

(i) Treatment services to individuals committed to a state hospital under chapter 71.05 RCW pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088;

(ii) Treatment services to individuals acquitted of a crime by reason of insanity and subsequently ordered to receive treatment services under RCW 10.77.120; and

(iii) Through fiscal year 2024, competency restoration services at the Cascade cottage to individuals under RCW 10.77.086 or 10.77.088.

(b) The department shall open and operate the Baker ~~((and Chelan—cottages))~~ cottage to provide treatment services to

individuals committed to a state hospital under chapter 71.05 RCW pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088.

(c) In considering placements at the maple lane campus, the department must maximize forensic bed capacity at the state hospitals for individuals in jails awaiting admission that are class members of *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States district court for the western district of Washington, cause no. 14-cv-01178-MJP.

(22) \$1,412,000 of the general fund—state appropriation for fiscal year 2024 and \$1,412,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for relocation, storage, and other costs associated with building demolition on the western state hospital campus.

(23) \$455,000 of the general fund—state appropriation for fiscal year 2024 and \$455,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for western state hospital's vocational rehabilitation program and eastern state hospital's work readiness program to pay patients working in the programs an hourly wage that is equivalent to the state's minimum hourly wage under RCW 49.46.020.

(24) \$4,054,000 of the general fund—state appropriation for fiscal year 2024 and ~~(((\$5,236,000))~~ \$3,017,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5440 (competency evaluations).

(25) \$2,283,000 of the general fund—state appropriation for fiscal year 2024, ~~(((\$4,118,000))~~ \$3,706,000 of the general fund—state appropriation for fiscal year 2025, and \$247,000 of the general fund—federal appropriation are provided solely for the department to address delays in patient discharge as provided in this subsection.

(a) The department shall hire staff dedicated to discharge reviews, including psychologists to complete reviews and staff for additional discharge review work, including, but not limited to, scheduling, planning, and providing transportation; and establish and implement a sex offense and problematic behavior program as part of the sex offense review and referral team program.

(b) Of the amounts provided in this subsection, \$504,000 per year shall be used for bed fees for patients who are not guilty by reason of insanity.

(c) The department shall track data as it relates to this subsection and, where available, compare it to historical data. The department will provide a report to the appropriate fiscal and policy committees of the legislature. A preliminary report is due by December 1, 2023, and the final report is due by September 15, 2024, and at a minimum must include the:

(i) Volume of patients discharged;

(ii) Volume of patients in a sex offense or problematic behavior program;

(iii) Number of beds held for not guilty by reason of insanity patients;

(iv) Average and median duration to complete discharges;

(v) Staffing as it relates to this subsection; and

(vi) Average discharge evaluation caseload.

(26)(a) \$5,000,000 of the general fund—state appropriation for fiscal year 2024 and \$5,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to pursue immediate strategies to maximize existing forensic bed capacity for individuals in jails awaiting admission to the state hospitals that are class members of *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States district court for the western district of Washington, cause no. 14-cv-01178-MJP. The immediate strategies must include, but are not limited to:

2025 REGULAR SESSION

(i) Additional approaches to resolving barriers to discharge for civil patients, including:

(A) In coordination with the behavioral health teaching facility at the University of Washington, identification of civil patients in the state hospitals that could receive appropriate treatment at the facility and work to resolve any barriers in such placement;

(B) Identification of civil patients in the state hospitals that could receive appropriate treatment at an enhanced services facility or any other community facility and work to resolve any barriers in such placement; and

(C) Coordination with the aging and long-term care administration and the office of public guardianship on the provision of qualified guardians for civil patients in need of guardianship that are otherwise eligible for discharge; and

(ii) Additional approaches to resolving any barriers to maximizing the use of existing civil wards at eastern state hospital for individuals currently occupying beds on forensic wards at western state hospital who have been committed to a state hospital pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088.

(b) By December 1, 2023, the department must submit a preliminary report to the appropriate committees of the legislature and to the office of financial management that provides:

(i) The number of individuals currently occupying beds on forensic wards at western state hospital who have been committed to a state hospital pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088; and

(ii) The department's plan for utilizing the funds provided in this subsection and estimated outcomes.

(c) By September 1, 2024, the department must submit a final report to the appropriate committees of the legislature and to the office of financial management that provides:

(i) The number of individuals currently occupying beds on forensic wards at western state hospital who have been committed to a state hospital pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088; and

(ii) Detailed reporting on how the funds provided in this subsection were used and the associated outcomes.

(27) \$76,000 of the general fund—state appropriation for fiscal year 2024, \$53,000 of the general fund—state appropriation for fiscal year 2025, and \$71,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1580 (children in crisis).

(28) Within the amounts provided in this section, the department is provided funding to operate civil long-term inpatient beds at the state hospitals as follows:

(a) Funding is sufficient for the department to operate 192 civil beds at eastern state hospital in ~~((both))~~ fiscal year 2024 and 162 civil beds in fiscal year 2025.

(b) Funding is sufficient for the department to operate 287 civil beds at western state hospital in both fiscal year 2024 and fiscal year 2025.

(c) The department shall fully operate funded civil capacity at eastern state hospital, including reopening and operating civil beds that are not needed for eastern Washington residents to provide services for western Washington residents.

(d) The department shall coordinate with the health care authority toward increasing community capacity for long-term inpatient services required under section 215(50) of this act.

(29)(a) \$60,426,000 of the general fund—state appropriation for fiscal year 2024 and ~~(((\$74,538,000))~~ \$59,350,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to operate 72 beds in three

wards in the Olympic heritage behavioral health facility.

(b) The department may not use the remaining 40 beds at the facility for any purpose and must permit the contractor selected by the health care authority to utilize the beds pursuant to and upon completion of the contracted process outlined in section 215 of this act.

(30) \$100,318,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department to pay the court order filed July 7, 2023, issued in the case of *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States district court for the western district of Washington, cause no. 14-cv-01178-MJP, which requires the department to "pay all fines held in abeyance from September 2022 through May 2023, which totals \$100,318,000.00."

(31) \$6,900,000 of the general fund—state appropriation for fiscal year 2024 and \$13,610,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to operate an additional 30 beds at western state hospital.

(32) \$3,228,000 of the general fund—state appropriation for fiscal year 2024 and \$6,088,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to operate an additional eight beds at eastern state hospital.

~~((34))~~ (33) \$1,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Substitute Senate Bill No. 6106 (DSHS workers/PSERS). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

Sec. 1203. 2024 c 376 s 203 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—DEVELOPMENTAL DISABILITIES PROGRAM

Developmental Disabilities Community Services

Account—State Appropriation\$32,120,000

TOTAL APPROPRIATION~~(((\$4,813,590,000))~~

\$4,891,462,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments may not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and 43.135.055, the department is authorized to increase nursing facility, assisted living facility, and adult family home fees as necessary to fully support the actual costs of conducting the licensure, inspection, and regulatory programs. The license fees may not exceed the department's annual licensing and oversight activity costs and shall include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

(i) The current annual renewal license fee for adult family homes is \$225 per bed beginning in fiscal year 2024 and \$225 per bed beginning in fiscal year 2025. A processing fee of \$2,750

must be charged to each adult family home when the home is initially licensed. This fee is nonrefundable. A processing fee of \$700 must be charged when adult family home providers file a change of ownership application.

(ii) The current annual renewal license fee for assisted living facilities is \$116 per bed beginning in fiscal year 2024 and \$116 per bed beginning in fiscal year 2025.

(iii) The current annual renewal license fee for nursing facilities is \$359 per bed beginning in fiscal year 2024 and \$359 per bed beginning in fiscal year 2025.

(c) \$32,240,000 of the general fund—state appropriation for fiscal year 2024, \$52,060,000 of the general fund—state appropriation for fiscal year 2025, and \$108,994,000 of the general fund—federal appropriation are provided solely for the rate increase for the new consumer-directed employer contracted individual providers as set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(d) \$5,095,000 of the general fund—state appropriation for fiscal year 2024, \$7,299,000 of the general fund—state appropriation for fiscal year 2025, and \$16,042,000 of the general fund—federal appropriation are provided solely for the homecare agency parity consistent with the rate set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(e) \$1,099,000 of the general fund—state appropriation for fiscal year 2024, \$2,171,000 of the general fund—state appropriation for fiscal year 2025, and \$5,515,000 of the general fund—federal appropriation are provided solely for administrative costs of the consumer-directed employer as set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(f) \$328,000 of the general fund—state appropriation for fiscal year 2024, \$444,000 of the general fund—state appropriation for fiscal year 2025, and \$998,000 of the general fund—federal appropriation are provided solely to increase the administrative rate for home care agencies by 56 cents per hour effective July 1, 2023.

(g) \$9,371,000 of the general fund—state appropriation for fiscal year 2024, \$10,798,000 of the general fund—state appropriation for fiscal year 2025, and \$25,267,000 of the general fund—federal appropriation are provided solely for the implementation of an agreement reached between the governor and the adult family home council under the provisions of chapter 41.56 RCW for the 2023-2025 fiscal biennium, as provided in section 907 of this act.

(h) The department may authorize a one-time waiver of all or any portion of the licensing and processing fees required under RCW 70.128.060 in any case in which the department determines that an adult family home is being relicensed because of exceptional circumstances, such as death or incapacity of a provider, and that to require the full payment of the licensing and processing fees would present a hardship to the applicant. In these situations the department is also granted the authority to waive the required residential administrator training for a period of 120 days if necessary to ensure continuity of care during the relicensing process.

(i) Community residential cost reports that are submitted by or on behalf of contracted agency providers are required to include information about agency staffing including health insurance, wages, number of positions, and turnover.

(j) Sufficient appropriations are provided to continue community alternative placement beds that prioritize the transition of clients who are ready for discharge from the state psychiatric hospitals, but who have additional long-term care or developmental disability needs.

(i) Community alternative placement beds include enhanced

service facility beds, adult family home beds, skilled nursing facility beds, shared supportive housing beds, state operated living alternative beds, and assisted living facility beds.

(ii) Each client must receive an individualized assessment prior to leaving one of the state psychiatric hospitals. The individualized assessment must identify and authorize personal care, nursing care, behavioral health stabilization, physical therapy, or other necessary services to meet the unique needs of each client. It is the expectation that, in most cases, staffing ratios in all community alternative placement options described in (j)(i) of this subsection will need to increase to meet the needs of clients leaving the state psychiatric hospitals. If specialized training is necessary to meet the needs of a client before he or she enters a community placement, then the person centered service plan must also identify and authorize this training.

(iii) When reviewing placement options, the department must consider the safety of other residents, as well as the safety of staff, in a facility. An initial evaluation of each placement, including any documented safety concerns, must occur within thirty days of a client leaving one of the state psychiatric hospitals and entering one of the community placement options described in (j)(i) of this subsection. At a minimum, the department must perform two additional evaluations of each placement during the first year that a client has lived in the facility.

(iv) In developing bed capacity, the department shall consider the complex needs of individuals waiting for discharge from the state psychiatric hospitals.

(k) Sufficient appropriations are provided for discharge case managers stationed at the state psychiatric hospitals. Discharge case managers will transition clients ready for hospital discharge into less restrictive alternative community placements. The transition of clients ready for discharge will free up bed capacity at the state psychiatric hospitals.

(l) \$476,000 of the general fund—state appropriation for fiscal year 2024 and \$481,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of House Bill No. 1128 (personal needs allowance).

(m) The annual certification renewal fee for community residential service businesses is \$859 per client in fiscal year 2024 and \$859 per client in fiscal year 2025. The annual certification renewal fee may not exceed the department's annual licensing and oversight activity costs.

(n) \$2,648,000 of the general fund—state appropriation for fiscal year 2024, ~~(\$2,631,000)~~ \$1,464,000 of the general fund—state appropriation for fiscal year 2025, and ~~(\$2,293,000)~~ \$1,782,000 of the general fund—federal appropriation are provided solely for enhanced respite beds across the state for children. These services are intended to provide families and caregivers with a break in caregiving, the opportunity for behavioral stabilization of the child, and the ability to partner with the state in the development of an individualized service plan that allows the child to remain in his or her home. The department must provide the legislature with a respite utilization report in January of each year that provides information about the number of children who have used enhanced respite in the preceding year, as well as the location and number of days per month that each respite bed was occupied.

(o) \$2,173,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$2,154,000)~~ \$1,836,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for 13 community respite beds across the state for adults. These services are intended to provide families and caregivers with a break in caregiving and the opportunity for stabilization of the individual in a community-based setting as an alternative to using a residential habilitation center to provide planned or emergent respite. The department must provide the legislature with a respite

utilization report by January of each year that provides information about the number of individuals who have used community respite in the preceding year, as well as the location and number of days per month that each respite bed was occupied.

(p) \$144,000 of the general fund—state appropriation for fiscal year 2025 and \$181,000 of the general fund—federal appropriation are provided solely for funding the unfair labor practice settlement in the case of *Adult Family Home Council v Office of Financial Management*, PERC case no. 135737-U-22. If the settlement agreement is not reached by June 30, 2024, the amounts provided in this subsection shall lapse.

(q) \$351,000 of the general fund—state appropriation for fiscal year 2024, \$570,000 of the general fund—state appropriation for fiscal year 2025, and \$1,158,000 of the general fund—federal appropriation are provided solely for rate adjustments for assisted living providers. Of the amounts provided in this subsection:

(i) \$351,000 of the general fund—state appropriation for fiscal year 2024, \$428,000 of the general fund—state appropriation for fiscal year 2025, and \$970,000 of the general fund—federal appropriation are provided solely to increase funding of the assisted living medicaid methodology established in RCW 74.39A.032 to 79 percent of the labor component and 68 percent of the operations component, effective July 1, 2023; and to 82 percent of the labor component and 68 percent of the operations component, effective July 1, 2024.

(ii) \$142,000 of the general fund—state appropriation for fiscal year 2025 and \$188,000 of the general fund—federal appropriation are provided solely for a one-time bridge rate for assisted living facilities, enhanced adult residential centers, and adult residential centers, with high medicaid occupancy. The bridge rate does not replace or substitute the capital add-on rate found in RCW 74.39A.320 and the same methodology from RCW 74.39A.320 shall be used to determine each facility's medicaid occupancy percentage for the purposes of this one-time bridge rate add-on. Facilities with a medicaid occupancy level of 75 percent or more shall receive a \$20.99 add-on per resident day effective July 1, 2024.

(r) The appropriations in this section include sufficient funding to implement chapter 220, Laws of 2020 (adult family homes/8 beds). A nonrefundable fee of \$485 shall be charged for each application to increase bed capacity at an adult family home to seven or eight beds.

(s) The appropriations in this section include sufficient funding to provide access to the individual and family services waiver and the basic plus waiver to those individuals on the service request list as forecasted by the caseload forecast council. For subsequent policy level budgets, the department shall submit a request for funding associated with individuals requesting to receive the individual and family services waiver and the basic plus waiver in accordance with the courtesy forecasts provided by the caseload forecast council.

(t) \$1,729,000 of the general fund—state appropriation for fiscal year 2024, ~~(\$2,669,000)~~ \$1,945,000 of the general fund—state appropriation for fiscal year 2025, and ~~(\$4,206,000)~~ \$3,458,000 of the general fund—federal appropriation are provided solely to operate intensive habilitation services and enhanced out-of-home services facilities.

(u) \$1,363,000 of the general fund—state appropriation for fiscal year 2024, \$1,363,000 of the general fund—state appropriation for fiscal year 2025, and \$2,092,000 of the general fund—federal appropriation are provided solely for additional staff to reduce the timeline for completion of financial eligibility determinations. No later than December 31, 2024, the department of social and health services shall submit a final report to the appropriate committees of the legislature that details how the

funds were utilized and the associated outcomes, including, but not limited to, a description of how the timeline for completion of these determinations has changed.

(v) \$485,000 of the general fund—state appropriation for fiscal year 2024 and \$484,000 of the general fund—federal appropriation are provided solely for a feasibility study of the developmental disabilities assessment tool and is subject to the conditions, limitations, and review requirements of section 701 of this act. The resulting study must determine whether the assessment and its technology can be improved to meet regulatory obligations, be quicker and person-centered, reduce manual notations, and maintain viability across age groups and settings.

(w) \$1,223,000 of the general fund—state appropriation for fiscal year 2024, \$2,763,000 of the general fund—state appropriation for fiscal year 2025, and \$3,248,000 of the general fund—federal appropriation are provided solely for supported employment and community inclusion services for those individuals with intellectual or developmental disabilities who are transitioning from high school in the 2023-2025 fiscal biennium and are anticipated to utilize these services.

(x) \$11,074,000 of the general fund—state appropriation for fiscal year 2024, \$13,222,000 of the general fund—state appropriation for fiscal year 2025, and \$19,206,000 of the general fund—federal appropriation are provided solely to increase rates paid to supported employment and community inclusion providers. Within amounts appropriated in this section and no later than October 1, 2024, the department shall submit to the governor and the appropriate committees of the legislature:

(i) A forecast of the caseload of individuals anticipated to utilize supported employment and community inclusion services in order to inform operating budget development for the 2025-2027 fiscal biennium. This forecast shall include data that begins with fiscal year 2018 and that delineates the community inclusion caseload from the supported employment caseload and incorporates actual entries and exits; and

(ii) An analysis of the county supported employment and community inclusion programs in fiscal years 2018 through 2024 that includes:

(A) Data that illustrates, by county and fiscal year, the number of clients served and the number of available providers;

(B) Identification of the counties that have an insufficient number of providers with the identification occurring by zip code to the maximum extent possible;

(C) Identification of any additional barriers that prevent achieving the anticipated level of service delivery anticipated with chapter 142, Laws of 2022; and

(D) Recommendations for resolving the issues noted in (ii)(B) and (C) of this subsection (x).

(y)(i) \$79,000 of the general fund—state appropriation for fiscal year 2024, \$76,000 of the general fund—state appropriation for fiscal year 2025, and \$121,000 of the general fund—federal appropriation are provided solely for the department to develop a plan for implementing an enhanced behavior support specialty contract for community residential supported living, state-operated living alternative, or a group training home to provide intensive behavioral services and support to adults with intellectual and developmental disabilities who require enhanced services and support due to challenging behaviors that cannot be safely and holistically managed in an exclusively community setting, and who are at risk of institutionalization or out-of-state placement, or are transitioning to the community from an intermediate care facility, hospital, or other state-operated residential facility. The enhanced behavior support specialty contract shall be designed to ensure that enhanced behavior support specialty settings serve a maximum capacity of four

clients and that they have the adequate levels of staffing to provide 24-hour nonmedical care and supervision of residents.

(ii) No later than June 30, 2025, the department must submit to the governor and the appropriate committees of the legislature a report that includes:

(A) A detailed description of the design of the enhanced behavior support specialty contract and setting, including a description of and the rationale for the number of staff required within each behavior support specialty setting and the necessary qualifications of these staff;

(B) A detailed description of and the rationale for the number of department staff required to manage the enhanced behavior support specialty program;

(C) A plan for implementing the enhanced behavior support specialty contracts that includes:

(I) An analysis of areas of the state where enhanced behavior support specialty settings are needed, including recommendations for how to phase in the enhanced behavior support specialty settings in these areas; and

(II) An analysis of the sufficiency of the provider network to support a phase in of the enhanced behavior support specialty settings, including recommendations for how to further develop this network; and

(D) An estimate of the costs to implement the enhanced behavior support specialty settings and program and any necessary recommendations for legislative actions to facilitate the ability of the department to:

(I) Enter into contracts and payment arrangements with providers choosing to provide the enhanced behavior support specialty setting and to supplement care in all community-based residential settings with experts trained in enhanced behavior support so that state-operated living alternatives, supported living facilities, and other community-based settings can specialize in the needs of individuals with developmental disabilities who are living with high, complex behavioral support needs;

(II) Enter into funding agreements with the health care authority for the provision of applied behavioral analysis and other applicable health care services within the community-based residential setting; and

(III) Provide the enhanced behavior support specialty through a medicaid waiver or other federal authority administered by the department, to the extent consistent with federal law and federal funding requirements to receive federal matching funds.

(z) \$2,494,000 of the general fund—state appropriation for fiscal year 2024 and \$3,345,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to provide personal care services for up to 33 clients who are not United States citizens and who are ineligible for medicaid upon their discharge from an acute care hospital. The department must prioritize the funding provided in this subsection for such clients in acute care hospitals who are also on the department's wait list for services.

(aa) \$2,605,000 of the general fund—state appropriation for fiscal year 2024, \$2,402,000 of the general fund—state appropriation for fiscal year 2025, and \$3,840,000 of the general fund—federal appropriation are provided solely to establish transition coordination teams to coordinate transitions of care for clients who move from one care setting to another. The department of social and health services shall submit annual reports no later than December 1, 2023, and December 1, 2024, to the appropriate committees of the legislature that detail how the funds were utilized and the associated outcomes including, but not limited to:

(i) A detailed reporting of the number of clients served, the settings in which clients received care, and the progress made toward increasing stability of client placements;

(ii) A comparison of these outcomes against the outcomes achieved in prior fiscal years;

(iii) A description of lessons learned since the transition coordination teams were first implemented, including an identification of what processes were improved to reduce the timelines for completion; and

(iv) Recommendations for changes necessary to the transition coordination teams to improve increasing stability of client placements.

(bb) \$1,448,000 of the general fund—state appropriation for fiscal year 2024, \$1,807,000 of the general fund—state appropriation for fiscal year 2025, and \$3,626,000 of the general fund—federal appropriation are provided solely to pilot a specialty rate for adult family homes to serve up to 100 individuals with intellectual or developmental disabilities who also have co-occurring health or behavioral health diagnoses. No later than December 1, 2024, the department of social and health services shall submit a report to the governor and the appropriate committees of the legislature that details how the funds were utilized and the associated outcomes including, but not limited to:

(i) A detailed reporting of the number of clients served and the setting from which each client entered the adult family home receiving this specialty rate;

(ii) A comparison of the rate of admissions to the adult family homes receiving this specialty rate against the rate of admissions to other state-operated settings including, but not limited to, state-operated living alternatives, enhanced services facilities, and the transitional care center of Seattle; and

(iii) A comparison of the length of stay in the setting from which the client entered the adult family home receiving this specialty rate against the average length of stay in settings prior to entering other state-operated settings including, but not limited to, state-operated living alternatives, enhanced services facilities, and the transitional care center of Seattle.

(cc) \$2,856,000 of the general fund—state appropriation for fiscal year 2024, \$3,104,000 of the general fund—state appropriation for fiscal year 2025, and \$5,948,000 of the general fund—federal appropriation are provided solely to pilot a program that provides a specialty rate for community residential providers who receive additional training to support individuals with complex physical and behavioral health needs.

(i) Of the amounts provided in this subsection, \$2,453,000 of the general fund—state appropriation for fiscal year 2024, \$2,705,000 of the general fund—state appropriation for fiscal year 2025, and \$5,259,000 of the general fund—federal appropriation are provided solely for the specialty rate for community residential providers to serve up to 30 individuals.

(ii) Of the amounts provided in this subsection, \$403,000 of the general fund—state appropriation for fiscal year 2024, \$399,000 of the general fund—state appropriation for fiscal year 2025, and \$689,000 of the general fund—federal appropriation are provided solely for the department to hire staff to support this specialty program, including expanding existing training programs available for community residential providers and to support providers in locating affordable housing.

(iii) No later than December 1, 2024, the department of social and health services shall submit a report to the governor and the appropriate committees of the legislature that details how the funds were utilized and the associated outcomes including, but not limited to:

(A) A detailed reporting of the number of clients served and the setting from which each client entered the community residential setting receiving this specialty rate;

(B) A comparison of the rate of admissions to the community residential setting receiving this specialty rate against the rate of admissions to other community residential settings not receiving

this specialty rate as well as against the rate of admissions to other state-operated settings including, but not limited to, state-operated living alternatives, enhanced services facilities, and the transitional care center of Seattle; and

(C) A comparison of the length of stay in the setting from which the client entered the community residential setting receiving this specialty rate against the average length of stay in settings prior to entering other community residential settings not receiving this specialty rate as well as prior to entering other state-operated settings including, but not limited to, state-operated living alternatives, enhanced services facilities, and the transitional care center of Seattle.

(dd)(i) \$104,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department to contract with the Ruckleshaus center for a progress report on the recommendations in the December 2019 report, "Rethinking Intellectual and Developmental Disability Policy to Empower Clients, Develop Providers and Improve Services."

(ii) By February 29, 2024, a final report shall be submitted to the governor and the appropriate committees of the legislature that includes:

(A) Detailed information about the successes and barriers related to meeting the recommendations in the December 2019 report;

(B) Identification of other potential issues or options for meeting the recommendations in the December 2019 report, including but not limited to, an exploration of the enhanced behavioral support homes concept;

(C) A review of other state's approaches and innovations regarding any of the recommendations in the December 2019 report;

(D) Identification of any emergent issues; and

(E) Identification or recommendation for the organization of focus groups of state agencies and respective stakeholders.

(iii) In compiling the final report, members of the previous workgroup, as well as other interested parties, should be consulted for their feedback and to identify areas where there is potential for agreement to move forward and to make process recommendations if applicable.

(ee) \$127,000 of the general fund—state appropriation for fiscal year 2024, \$28,000 of the general fund—state appropriation for fiscal year 2025, and \$55,000 of the general fund—federal appropriation are provided solely for adult day respite. Of the amounts appropriated in this subsection:

(i) \$27,000 of the general fund—state appropriation for fiscal year 2024, \$28,000 of the general fund—state appropriation for fiscal year 2025, and \$55,000 of the general fund—federal appropriation are provided solely to increase adult day respite rates from \$3.40 to \$5.45 per 15-minute unit to expand and ensure the sustainability of respite services for clients with intellectual or developmental disabilities and their family caregivers.

(ii) \$100,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department to hire a project position to conduct a study and submit a report by December 1, 2023 to the governor and the appropriate committees of the legislature that examines the feasibility and operational resources needed to add adult day services to a state plan 1915(i) option or to the existing basic plus and core 1915(c) waivers.

(ff) \$2,500,000 of the general fund—state appropriation for fiscal year 2024, \$4,284,000 of the general fund—state appropriation for fiscal year 2025, and \$4,178,000 of the general fund—federal appropriation are provided solely for the department to add 10 adult stabilization beds by June 2025, increase rates for existing adult stabilization beds by 23 percent, and expand mobile crisis diversion services to cover all three

regions of the state.

(gg)(i) \$250,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department to study opportunities to enhance data collection on clients in family units with at least one parent having a developmental or intellectual disability. The study must identify:

(A) Opportunities to improve the existing assessment form and information technology systems by adding questions about clients' children, such as their ages, the number of children, and the K-12 enrollment status of each child;

(B) Ways to strengthen data sharing agreements with other departments, including the department of children, youth, and families, and local school districts;

(C) Strategies for surveying clients to collect information on their parenting and living arrangements, including support from other family members;

(D) Methods for analyzing new and existing data to determine and identify the total number of children with parents that have a developmental or intellectual disability, their needs, and access to specialized services;

(E) An inventory of existing support programs designed for families with a parent having a developmental or intellectual disability and their children, including educational support, financial assistance, and access to specialized services.

(ii) The department shall report its findings to the governor and appropriate committees of the legislature by June 30, 2024.

(hh) \$81,000 of the general fund—state appropriation for fiscal year 2024, \$219,000 of the general fund—state appropriation for fiscal year 2025, and \$371,000 of the general fund—federal appropriation are provided solely to implement House Bill No. 1407 (dev. disability/eligibility).

(ii) \$62,000 of the general fund—state appropriation for fiscal year 2024, \$72,000 of the general fund—state appropriation for fiscal year 2025, and \$116,000 of the general fund—federal appropriation are provided solely to implement Second Substitute House Bill No. 1580 (children in crisis).

(jj) \$63,000 of the general fund—state appropriation for fiscal year 2024, \$73,000 of the general fund—state appropriation for fiscal year 2025, and \$136,000 of the general fund—federal appropriation are provided solely for the department to conduct a study to explore opportunities to restructure services offered under the medicaid waivers for individuals with developmental disabilities served by the department. The plan should propose strategies to enhance service accessibility across the state and align services with the needs of clients, taking into account current and future demand. It must incorporate valuable input from knowledgeable stakeholders and a national organization experienced in home and community-based waivers in other states. This plan must be submitted to the governor and relevant legislative committees by December 1, 2024.

(kk) \$5,431,000 of the general fund—state appropriation for fiscal year 2024, \$16,626,000 of the general fund—state appropriation for fiscal year 2025, and \$22,279,000 of the general fund—federal appropriation are provided solely to increase rates by 2.5 percent, effective January 1, 2024, and an additional 2.5 percent, effective January 1, 2025, for community residential service providers offering supported living, group home, group training home, licensed staff residential services, community protection, and children's out-of-home services to individuals with developmental disabilities.

(ll) \$456,000 of the general fund—state appropriation for fiscal year 2024, \$898,000 of the general fund—state appropriation for fiscal year 2025, and \$416,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute House Bill No. 1188 (child welfare

services/DD).

(mm) \$446,000 of the general fund—state appropriation for fiscal year 2024, ~~(((\$5,274,000))~~ \$2,974,000 of the general fund—state appropriation for fiscal year 2025, and ~~(((\$2,089,000))~~ \$1,037,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5440 (competency evaluations).

(nn)~~((a))~~ (i) ~~\$2,214,000 of the general fund—state appropriation for fiscal year 2024((- \$10,104,000 of the general fund—state appropriation for fiscal year 2025, and \$2,934,000 of the general fund—federal appropriation are))~~ is provided solely for the department to operate a staff-secure, voluntary, and transitional treatment facility specializing in services for adolescents over the age of 13 who have complex developmental, intellectual disabilities, or autism spectrum disorder and may also have a mental health or substance use diagnosis. These individuals require intensive behavioral supports and may also be in need of behavioral health services. Services must be provided at a leased property in Lake Burien, serve no more than 12 youth at one time, and be implemented in a way that prioritizes transition to less restrictive community-based settings. The department shall collaborate with the department of children, youth, and families to identify youth for placement in this setting and regarding appropriate discharge options with a focus on less restrictive community-based settings. Youth shall enter the facility only by their own consent or the consent of their guardian.

~~((b))~~ (ii) \$13,038,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to operate a transitional facility specializing in treatment for youth aged 13-17 who have intellectual and developmental disabilities, or autism spectrum disorder, and a severe psychiatric diagnosis requiring 24/7 care under the direction of a physician. Youth admitted to the facility require health services wherein treatment modalities and interventions are adapted to specifically provide youth with I/DD benefits from the level of care provided. Services must be provided at a leased property in Burien, serve no more than 12 youth at one time, and be implemented in a way that prioritizes transition to less restrictive community-based settings. Youth shall be voluntarily admitted to the facility by their own consent or the consent of their guardian or legal representative. The department shall collaborate with the department of children, youth, and families to identify youth for placement in this setting and regarding appropriate discharge options with a focus on less restrictive community-based settings.

(iii) The department and health care authority shall collaborate in the identification and evaluation of strategies to obtain federal matching funding opportunities, specifically focusing on innovative medicaid framework adjustments and the consideration of necessary state plan amendments. This collaborative effort aims not only to enhance the funding available for the operation of the facility but also to maintain adherence to its fundamental objective of offering voluntary, transitional services. These services are designed to facilitate the transition of youth to community-based settings that are less restrictive, aligning with the facility's commitment to supporting youth with complex needs in a manner that encourages their movement toward independence.

~~((c))~~ (iv) By November 1, 2024, the department shall report to the governor and appropriate committees of the legislature on the program's design, results of preliminary implementation, financing opportunities, and recommendations. By June 30, 2025, the department shall report to the governor and appropriate committees of the legislature its initial findings, demographics on children served, and recommendations for program design and expansion.

(oo) \$175,000 of the general fund—state appropriation for fiscal year 2025 and \$175,000 of the general fund—federal appropriation are provided solely for guardianship fee parity for individuals moving from residential habilitation centers to community supported living programs. This funding aims to maintain equal guardianship fees compared to those moving to adult family homes.

(pp) \$108,000 of the general fund—state appropriation for fiscal year 2025 and \$92,000 of the general fund—federal appropriation are provided solely to convene a work group to study day habilitation services, ensuring that work group includes individuals with lived experience. The work group must submit a final report to the governor and appropriate committees of the legislature by October 1, 2024, detailing recommendations for the establishment of community-contracted day habilitation services statewide and their inclusion in the medicaid state plan.

(qq) \$1,260,000 of the general fund—state appropriation for fiscal year 2025 and \$970,000 of the general fund—federal appropriation are provided solely for hiring additional staff to reduce the current caseload ratio, targeting a move from one case manager per 75 clients to one case manager per 66 clients by June 2027.

(rr)(i) \$361,000 of the general fund—state appropriation for fiscal year 2025 and \$387,000 of the general fund—federal appropriation are provided for rates paid, effective January 1, 2025, to independent contractor nurses and agency-employed nurses providing private duty nursing, skilled nursing, and private duty nursing in adult family homes.

(ii) The department must adopt a payment model that incorporates the following adjustments for independent contractor nurses:

(A) Private duty nursing services shall be \$56.58 per hour by a registered nurse and \$46.49 per hour by a licensed practical nurse.

(B) Skilled nursing services shall be \$62.93 per day by a registered nurse.

(iii) The department must adopt a payment model that incorporates the following adjustments for agency-employed nurses:

(A) Private duty nursing services shall be \$67.89 per hour by a registered nurse and \$55.79 per hour by a licensed practical nurse.

extent possible, the facility-specific wage rate add-on shall be equal to the wage payment received on June 30, 2023.

(ii) \$2,227,000 of the general fund—state appropriation for fiscal year 2024, \$2,227,000 of the general fund—state appropriation for fiscal year 2025, and \$4,456,000 of the general fund—federal appropriation are provided solely to maintain rate add-ons funded in the 2021-2023 fiscal biennium to address low-wage equity for low-wage indirect care workers. To the maximum extent possible, the facility-specific wage rate add-on shall be equal to the wage payment received on June 30, 2023.

(b) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(2) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and 43.135.055, the department is authorized to increase nursing facility, assisted living facility, and adult family home fees as necessary to fully support the actual costs of conducting the licensure, inspection, and regulatory programs. The license fees may not exceed the department's annual licensing and oversight activity costs and shall include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

(a) The current annual renewal license fee for adult family homes is \$225 per bed beginning in fiscal year 2024 and \$225 per bed beginning in fiscal year 2025. A processing fee of \$2,750 must be charged to each adult family home when the home is initially licensed. This fee is nonrefundable. A processing fee of \$700 shall be charged when adult family home providers file a change of ownership application.

(b) The current annual renewal license fee for assisted living facilities is \$116 per bed beginning in fiscal year 2024 and \$116 per bed beginning in fiscal year 2025.

(c) The current annual renewal license fee for nursing facilities is \$359 per bed beginning in fiscal year 2024 and \$359 per bed beginning in fiscal year 2025.

(3) The department is authorized to place long-term care clients residing in nursing homes and paid for with state-only funds into less restrictive community care settings while continuing to meet the client's care needs.

(4) \$69,777,000 of the general fund—state appropriation for fiscal year 2024, \$113,969,000 of the general fund—state appropriation for fiscal year 2025, and \$237,558,000 of the general fund—federal appropriation are provided solely for the rate increase for the new consumer-directed employer contracted individual providers as set by the consumer-directed rate setting board in accordance with RCW 74.39A.530.

(5) \$19,044,000 of the general fund—state appropriation for fiscal year 2024, \$30,439,000 of the general fund—state appropriation for fiscal year 2025, and \$63,986,000 of the general fund—federal appropriation are provided solely for the homecare agency parity consistent with the rate set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(6) \$2,385,000 of the general fund—state appropriation for fiscal year 2024, \$4,892,000 of the general fund—state appropriation for fiscal year 2025, and \$12,502,000 of the general fund—federal appropriation are provided solely for administrative costs of the consumer-directed employer as set by the consumer-directed employer rate setting board in accordance with RCW 74.39A.530.

(7) \$2,547,000 of the general fund—state appropriation for fiscal year 2024, \$3,447,000 of the general fund—state

appropriation for fiscal year 2025, and \$7,762,000 of the general fund—federal appropriation are provided solely to increase the administrative rate for home care agencies by 56 cents per hour effective July 1, 2023.

(8) \$425,000 of the general fund—state appropriation for fiscal year 2025 and \$542,000 of the general fund—federal appropriation are provided solely for funding the unfair labor practice settlement in the case of *Adult Family Home Council v Office of Financial Management*, PERC case no. 135737-U-22. If the settlement agreement is not reached by June 30, 2024, the amounts provided in this subsection shall lapse.

(9) The department may authorize a one-time waiver of all or any portion of the licensing and processing fees required under RCW 70.128.060 in any case in which the department determines that an adult family home is being relicensed because of exceptional circumstances, such as death or incapacity of a provider, and that to require the full payment of the licensing and processing fees would present a hardship to the applicant. In these situations the department is also granted the authority to waive the required residential administrator training for a period of 120 days if necessary to ensure continuity of care during the relicensing process.

(10) In accordance with RCW 18.390.030, the biennial registration fee for continuing care retirement communities shall be \$900 for each facility.

(11) Within amounts appropriated in this subsection, the department shall assist the legislature to continue the work of the joint legislative executive committee on planning for aging and disability issues.

(a) A joint legislative executive committee on aging and disability is continued, with members as provided in this subsection.

(i) Four members of the senate, with the leaders of the two largest caucuses each appointing two members, and four members of the house of representatives, with the leaders of the two largest caucuses each appointing two members;

(ii) A member from the office of the governor, appointed by the governor;

(iii) The secretary of the department of social and health services or his or her designee;

(iv) The director of the health care authority or his or her designee;

(v) A member from disability rights Washington and a member from the office of long-term care ombuds;

(vi) The insurance commissioner or his or her designee, who shall serve as an ex officio member; and

(vii) Other agency directors or designees as necessary.

(b) The committee must make recommendations and continue to identify key strategic actions to prepare for the aging of the population in Washington and to serve people with disabilities, including state budget and policy options, and may conduct, but are not limited to, the following tasks:

(i) Identify strategies to better serve the health care needs of an aging population and people with disabilities to promote healthy living and palliative care planning;

(ii) Identify strategies and policy options to create financing mechanisms for long-term service and supports that allow individuals and families to meet their needs for service;

(iii) Identify policies to promote financial security in retirement, support people who wish to stay in the workplace longer, and expand the availability of workplace retirement savings plans;

(iv) Identify ways to promote advance planning and advance care directives and implementation strategies for the Bree collaborative palliative care and related guidelines;

(v) Identify ways to meet the needs of the aging demographic

impacted by reduced federal support;

(vi) Identify ways to protect the rights of vulnerable adults through assisted decision-making and guardianship and other relevant vulnerable adult protections;

(vii) Identify options for promoting client safety through residential care services and consider methods of protecting older people and people with disabilities from physical abuse and financial exploitation; and

(viii) Identify other policy options and recommendations to help communities adapt to the aging demographic in planning for housing, land use, and transportation.

(c) Staff support for the committee shall be provided by the office of program research, senate committee services, the office of financial management, and the department of social and health services.

(d) Within existing appropriations, the cost of meetings must be paid jointly by the senate, house of representatives, and the office of financial management. Joint committee expenditures and meetings are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees. Meetings of the task force must be scheduled and conducted in accordance with the rules of both the senate and the house of representatives. The joint committee members may be reimbursed for travel expenses as authorized under RCW 43.03.050 and 43.03.060, and chapter 44.04 RCW as appropriate. Advisory committee members may not receive compensation or reimbursement for travel and expenses.

(12) Appropriations in this section are sufficient to fund discharge case managers stationed at the state psychiatric hospitals. Discharge case managers will transition clients ready for hospital discharge into less restrictive alternative community placements. The transition of clients ready for discharge will free up bed capacity at the state psychiatric hospitals.

(13) Appropriations in this section are sufficient to fund financial service specialists stationed at the state psychiatric hospitals. Financial service specialists will help to transition clients ready for hospital discharge into alternative community placements. The transition of clients ready for discharge will free up bed capacity at the state hospitals.

(14) The department shall continue to administer tailored support for older adults and medicaid alternative care as described in initiative 2 of the 1115 demonstration waiver. This initiative will be funded by the health care authority through the medicaid quality improvement program. The secretary in collaboration with the director of the health care authority shall report to the office of financial management all expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested. The department shall not increase general fund—state expenditures on this initiative.

(15) \$61,209,000 of the general fund—state appropriation for fiscal year 2024, \$70,352,000 of the general fund—state appropriation for fiscal year 2025, and \$161,960,000 of the general fund—federal appropriation are provided solely for the implementation of an agreement reached between the governor and the adult family home council under the provisions of chapter 41.56 RCW for the 2023-2025 fiscal biennium, as provided in section 907 of this act.

(16) \$1,761,000 of the general fund—state appropriation for fiscal year 2024, \$1,761,000 of the general fund—state appropriation for fiscal year 2025, and \$4,162,000 of the general fund—federal appropriation are provided solely for case managers at the area agencies on aging to coordinate care for medicaid clients with mental illness who are living in their own homes. Work shall be accomplished within existing standards for case management and no requirements will be added or modified

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

unless by mutual agreement between the department of social and health services and area agencies on aging.

(17) Appropriations provided in this section are sufficient for the department to contract with an organization to provide educational materials, legal services, and attorney training to support persons with dementia. The funding provided in this subsection must be used for:

(a) An advance care and legal planning toolkit for persons and families living with dementia, designed and made available online and in print. The toolkit should include educational topics including, but not limited to:

(i) The importance of early advance care, legal, and financial planning;

(ii) The purpose and application of various advance care, legal, and financial documents;

(iii) Dementia and capacity;

(iv) Long-term care financing considerations;

(v) Elder and vulnerable adult abuse and exploitation;

(vi) Checklists such as "legal tips for caregivers," "meeting with an attorney," and "life and death planning;"

(vii) Standardized forms such as general durable power of attorney forms and advance health care directives; and

(viii) A selected list of additional resources.

(b) Webinars about the dementia legal and advance care planning toolkit and related issues and topics with subject area experts. The subject area expert presenters must provide their services in-kind, on a volunteer basis.

(c) Continuing legal education programs for attorneys to advise and assist persons with dementia. The continuing education programs must be offered at no cost to attorneys who make a commitment to participate in the pro bono program.

(d) Administrative support costs to develop intake forms and protocols, perform client intake, match participating attorneys with eligible clients statewide, maintain records and data, and produce reports as needed.

(18) Appropriations provided in this section are sufficient to continue community alternative placement beds that prioritize the transition of clients who are ready for discharge from the state psychiatric hospitals, but who have additional long-term care or developmental disability needs.

(a) Community alternative placement beds include enhanced service facility beds, adult family home beds, skilled nursing facility beds, shared supportive housing beds, state operated living alternative beds, assisted living facility beds, adult residential care beds, and specialized dementia beds.

(b) Each client must receive an individualized assessment prior to leaving one of the state psychiatric hospitals. The individualized assessment must identify and authorize personal care, nursing care, behavioral health stabilization, physical therapy, or other necessary services to meet the unique needs of each client. It is the expectation that, in most cases, staffing ratios in all community alternative placement options described in (a) of this subsection will need to increase to meet the needs of clients leaving the state psychiatric hospitals. If specialized training is necessary to meet the needs of a client before he or she enters a community placement, then the person centered service plan must also identify and authorize this training.

(c) When reviewing placement options, the department must consider the safety of other residents, as well as the safety of staff, in a facility. An initial evaluation of each placement, including any documented safety concerns, must occur within thirty days of a client leaving one of the state psychiatric hospitals and entering one of the community placement options described in (a) of this subsection. At a minimum, the department must perform two additional evaluations of each placement during the first year that

a client has lived in the facility.

(d) In developing bed capacity, the department shall consider the complex needs of individuals waiting for discharge from the state psychiatric hospitals.

(19) The annual certification renewal fee for community residential service businesses is \$859 per client in fiscal year 2024 and \$859 per client in fiscal year 2025. The annual certification renewal fee may not exceed the department's annual licensing and oversight activity costs.

(20) \$5,094,000 of the general fund—state appropriation for fiscal year 2024 and \$5,094,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for services and support to individuals who are deaf, hard of hearing, or deaf-blind.

(21)(a) \$63,938,000 of the general fund—state appropriation for fiscal year 2024, \$40,714,000 of the general fund—state appropriation for fiscal year 2025, and \$110,640,000 of the general fund—federal appropriation are provided solely for rate adjustments for skilled nursing facilities.

(b) Of the amounts provided in (a) of this subsection, \$7,700,000 of the general fund—state appropriation for fiscal year 2025 and \$7,700,000 of the general fund—federal appropriation are provided solely for implementation of Substitute Senate Bill No. 5802 (nursing rate calculation). ~~((If the bill is not enacted by June 30, 2024, the amounts provided in (b) of this subsection shall lapse.))~~

(22) \$32,470,000 of the general fund—state appropriation for fiscal year 2024, \$44,250,000 of the general fund—state appropriation for fiscal year 2025, and \$84,550,000 of the general fund—federal appropriation are provided solely for rate adjustments for assisted living providers. Of the amounts provided in this subsection:

(a) \$23,751,000 of the general fund—state appropriation for fiscal year 2024, \$29,399,000 of the general fund—state appropriation for fiscal year 2025, and \$59,215,000 of the general fund—federal appropriation are provided solely to increase funding of the assisted living medicaid methodology established in RCW 74.39A.032 to 79 percent of the labor component and 68 percent of the operations component, effective July 1, 2023; and to 82 percent of the labor component and 68 percent of the operations component, effective July 1, 2024. The department of social and health services shall report, by December 1st of each year, on medicaid resident utilization of and access to assisted living facilities.

(b) \$5,505,000 of the general fund—state appropriation for fiscal year 2024, \$6,671,000 of the general fund—state appropriation for fiscal year 2025, and \$13,051,000 of the general fund—federal appropriation are provided solely for a specialty dementia care rate add-on for all assisted living facilities of \$43.48 per patient per day in fiscal year 2024 and \$50.00 per patient per day in fiscal year 2025.

(c) \$2,573,000 of the general fund—state appropriation for fiscal year 2024, \$7,539,000 of the general fund—state appropriation for fiscal year 2025, and \$10,922,000 of the general fund—federal appropriation are provided solely for a one-time bridge rate for assisted living facilities, enhanced adult residential centers, and adult residential centers, with high medicaid occupancy. The bridge rate does not replace or substitute the capital add-on rate found in RCW 74.39A.320 and the same methodology from RCW 74.39A.320 shall be used to determine each facility's medicaid occupancy percentage for the purposes of this one-time bridge rate add-on. Facilities with a medicaid occupancy level of 90 percent or more shall receive a \$20.99 add-on per resident day effective July 1, 2023, and facilities with a medicaid occupancy level of 75 percent or more shall receive a

\$20.99 add-on per resident day effective July 1, 2024.

(d) \$641,000 of the general fund—state appropriation for fiscal year 2024, \$641,000 of the general fund—state appropriation for fiscal year 2025, and \$1,362,000 of the general fund—federal appropriation are provided solely to increase the rate add-on for expanded community services by 5 percent.

(23) Within available funds, the aging and long term support administration must maintain a unit within adult protective services that specializes in the investigation of financial abuse allegations and self-neglect allegations.

(24) The appropriations in this section include sufficient funding to implement chapter 220, Laws of 2020 (adult family homes/8 beds). A nonrefundable fee of \$485 shall be charged for each application to increase bed capacity at an adult family home to seven or eight beds.

(25) \$1,858,000 of the general fund—state appropriation for fiscal year 2024 and \$1,857,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for operation of the volunteer services program. Funding must be prioritized towards serving populations traditionally served by long-term care services to include senior citizens and persons with disabilities.

(26) \$479,000 of the general fund—state appropriation for fiscal year 2024 and \$989,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the kinship navigator program in the Colville Indian reservation, Yakama Nation, and other tribal areas.

(27) The traumatic brain injury council shall collaborate with other state agencies in their efforts to address traumatic brain injuries to ensure that efforts are complimentary and continue to support the state's broader efforts to address this issue.

(28) \$1,297,000 of the general fund—state appropriation for fiscal year 2024 and \$1,297,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for community-based dementia education and support activities in three areas of the state, including dementia resource catalyst staff and direct services for people with dementia and their caregivers.

(29) \$5,410,000 of the general fund—state appropriation for fiscal year 2024, \$9,277,000 of the general fund—state appropriation for fiscal year 2025, and \$14,909,000 of the general fund—federal appropriation are provided solely for the operating costs associated with the phase-in of enhanced services facilities and specialized dementia care beds that were established with behavioral health community capacity grants.

(30)(a) \$71,000 of the general fund—state appropriation for fiscal year 2024, \$68,000 of the general fund—state appropriation for fiscal year 2025, and \$141,000 of the general fund—federal appropriation are provided solely for the department to develop a plan for implementing an enhanced behavior support specialty contract for community residential supported living, state-operated living alternative, or a group training home to provide intensive behavioral services and support to adults with intellectual and developmental disabilities who require enhanced services and support due to challenging behaviors that cannot be safely and holistically managed in an exclusively community setting, and who are at risk of institutionalization or out-of-state placement, or are transitioning to the community from an intermediate care facility, hospital, or other state-operated residential facility. The enhanced behavior support specialty contract shall be designed to ensure that enhanced behavior support specialty settings serve a maximum capacity of four clients and that they have the adequate levels of staffing to provide 24-hour nonmedical care and supervision of residents.

(b) No later than June 30, 2025, the department must submit to the governor and the appropriate committees of the legislature a report that includes:

(i) A detailed description of the design of the enhanced behavior support specialty contract and setting, including a description of and the rationale for the number of staff required within each behavior support specialty setting and the necessary qualifications of these staff;

(ii) A detailed description of and the rationale for the number of department staff required to manage the enhanced behavior support specialty program;

(iii) A plan for implementing the enhanced behavior support specialty contracts that includes:

(A) An analysis of areas of the state where enhanced behavior support specialty settings are needed, including recommendations for how to phase in the enhanced behavior support specialty settings in these areas; and

(B) An analysis of the sufficiency of the provider network to support a phase in of the enhanced behavior support specialty settings, including recommendations for how to further develop this network; and

(iv) An estimate of the costs to implement the enhanced behavior support specialty settings and program and any necessary recommendations for legislative actions to facilitate the ability of the department to:

(A) Enter into contracts and payment arrangements with providers choosing to provide the enhanced behavior support specialty setting and to supplement care in all community-based residential settings with experts trained in enhanced behavior support so that state-operated living alternatives, supported living facilities, and other community-based settings can specialize in the needs of individuals with developmental disabilities who are living with high, complex behavioral support needs;

(B) Enter into funding agreements with the health care authority for the provision of applied behavioral analysis and other applicable health care services within the community-based residential setting; and

(C) Provide the enhanced behavior support specialty through a medicaid waiver or other federal authority administered by the department, to the extent consistent with federal law and federal funding requirements to receive federal matching funds.

(31) \$2,551,000 of the general fund—state appropriation for fiscal year 2024, \$3,134,000 of the general fund—state appropriation for fiscal year 2025, and \$70,000 of the general fund—federal appropriation are provided solely for the kinship care support program. Of the amounts provided in this subsection:

(a) \$1,344,000 of the general fund—state appropriation for fiscal year 2024 and \$1,944,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the kinship care support program.

(b) \$344,000 of the general fund—state appropriation for fiscal year 2024 and \$323,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue the kinship navigator case management pilot program.

(c) \$863,000 of the general fund—state appropriation for fiscal year 2024, \$867,000 of the general fund—state appropriation for fiscal year 2025, and \$70,000 of the general fund—federal appropriation are provided solely for kinship navigators, including an increase in the number of kinship navigators so that each area agency on aging has one kinship navigator and King county has two kinship navigators.

(32) \$2,574,000 of the general fund—state appropriation for fiscal year 2024 and \$2,567,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to provide personal care services for up to 40 clients who are not United States citizens and who are ineligible for medicaid upon their discharge from an acute care hospital. The department must prioritize the funding provided in this subsection for such clients in acute care hospitals who are also on the

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

department's wait list for services.

(33) \$691,000 of the general fund—state appropriation for fiscal year 2024, \$658,000 of the general fund—state appropriation for fiscal year 2025, and \$1,347,000 of the general fund—federal appropriation are provided solely for the department to provide staff support to the difficult to discharge task force described in section 133(11) of this act, including any associated ad hoc subgroups, and to develop home and community services assessment timeliness requirements for pilot participants in cooperation with the health care authority as described in section 211(64) of this act.

(34) \$125,000 of the general fund—state appropriation for fiscal year 2024 and \$125,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a study of functional assessments conducted by the department prior to acute care hospital discharge and placement in a post-acute facility. No later than June 30, 2025, a report must be submitted to the governor and the appropriate committees of the legislature that evaluates:

- (a) The timeliness of the completion of these assessments;
- (b) How requiring these assessments impacts:
 - (i) The length of a patient's hospital stay;
 - (ii) The patient's medical, emotional, and mental well-being;
 - (iii) The hospital staff who care for these patients; and
 - (iv) Access to inpatient and emergency beds for other patients;
- (c) Best practices from other states for placing hospitalized patients in post-acute care settings in a timely and effective manner that includes:

(i) Identification of the states that require these assessments prior to post-acute placement; and

(ii) An analysis of a patient's hospital length of stay and a patient's medical, emotional, and mental well-being in states that require these assessments compared to the states that do not; and

(d) The potential benefits of, and barriers to, outsourcing some or all of the functional assessment process to hospitals. Barriers evaluated must include department policies regarding staff workloads, outsourcing work, and computer system access.

(35) \$63,000 of the general fund—state appropriation for fiscal year 2024, \$73,000 of the general fund—state appropriation for fiscal year 2025, and \$136,000 of the general fund—federal appropriation are provided solely to employ and train staff for outreach efforts aimed at connecting adult family home owners and their employees with health care coverage through the adult family home training network as outlined in RCW 70.128.305. These outreach activities must consist of:

(a) Informing adult family home owners and their employees about various health insurance options;

(b) Creating and distributing culturally and linguistically relevant materials to assist these individuals in accessing affordable or free health insurance plans;

(c) Offering continuous technical support to adult family home owners and their employees regarding health insurance options and the application process; and

(d) Providing technical assistance as a certified assister for the health benefit exchange, enabling adult family home owners and their employees to comprehend, compare, apply for, and enroll in health insurance via Washington healthplanfinder. Participation in the certified assister program is dependent on meeting contractual, security, and other program requirements set by the health benefit exchange.

(36) \$300,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department, in collaboration with the office of the insurance commissioner and the office of the attorney general, to create a regulatory oversight plan for continuing care retirement communities, focusing

primarily on establishing and implementing resident consumer protections, as recommended in the 2022 report of the office of the insurance commissioner. As part of the process, the agencies must engage with relevant stakeholder groups for consultation. The final plan must be submitted to the health care committees of the legislature by December 1, 2024.

(37) \$11,509,000 of the general fund—state appropriation for fiscal year 2024, ~~(\$15,363,000)~~ \$12,834,000 of the general fund—state appropriation for fiscal year 2025, and ~~(\$27,344,000)~~ \$24,815,000 of the general fund—federal appropriation are provided solely for nursing home services and emergent building costs at the transitional care center of Seattle. No later than December 1, 2024, the department must submit to the appropriate fiscal committees of the legislature a report that includes, but is not limited to:

(a) An itemization of the costs associated with providing direct care services to residents and managing and caring for the facility; and

(b) An examination of the impacts of this facility on clients and providers of the long-term care and medical care sectors of the state that includes, but is not limited to:

(i) An analysis of areas that have realized cost containment or savings as a result of this facility;

(ii) A comparison of individuals transitioned from hospitals to this facility compared to other skilled nursing facilities over the same period of time; and

(iii) Impacts of this facility on lengths of stay in acute care hospitals, other skilled nursing facility, and transitions to home and community-based settings.

(38) \$911,000 of the general fund—state appropriation for fiscal year 2024, \$935,000 of the general fund—state appropriation for fiscal year 2025, and \$365,000 of the general fund—federal appropriation are provided solely for implementation of House Bill No. 1128 (personal needs allowance).

(39) \$562,000 of the general fund—state appropriation for fiscal year 2024, \$673,000 of the general fund—state appropriation for fiscal year 2025, and \$1,244,000 of the general fund—federal appropriation are provided solely to increase rates for long-term care case management services offered by area agencies on aging. The department must include this adjustment in the monthly per client rates paid to these agencies for case management services in the governor's projected maintenance level budget process, in accordance with RCW 43.88.030.

(40) \$500,000 of the general fund—state appropriation for fiscal year 2024, \$1,000,000 of the general fund—state appropriation for fiscal year 2025, and \$1,500,000 of the general fund—federal appropriation are provided solely to contract with an organization to design and deliver culturally and linguistically competent training programs for home care workers, including individual providers. Of the amounts provided in this subsection, \$500,000 of the general fund—state appropriation for fiscal year 2025 and \$500,000 of the general fund—federal appropriation are provided solely to develop and implement training programs on emergency preparedness related to climate-related events.

(41) \$200,000 of the general fund—state appropriation for fiscal year 2024, \$200,000 of the general fund—state appropriation for fiscal year 2025, and \$400,000 of the general fund—federal appropriation are provided solely for a pilot project focused on providing translation services for interpreting mandatory training courses offered through the adult family home training network. The department of social and health services must collaborate with the adult family home council and the adult family home training network to assess the pilot project's outcomes. The department of social and health services shall

submit a comprehensive report detailing the results to the governor and the appropriate committees of the legislature no later than September 30, 2025.

(42) \$635,000 of the general fund—state appropriation for fiscal year 2024 and \$635,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue the current pilot projects to provide personal care services to homeless seniors and people with disabilities from the time the person presents at a shelter to the time they become eligible for medicaid.

(43) \$75,000 of the general fund—state appropriation for fiscal year 2024, \$72,000 of the general fund—state appropriation for fiscal year 2025, and \$147,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute House Bill No. 1188 (child welfare services/DD).

(44) \$125,000 of the general fund—state appropriation for fiscal year 2024, \$125,000 of the general fund—state appropriation for fiscal year 2025, and \$250,000 of the general fund—federal appropriation are provided solely for the department, in collaboration with the consumer directed employer and home care agencies, to establish guidelines, collect and analyze data, and research the reasons and timing behind home care workers leaving the workforce.

(45) \$703,000 of the general fund—state appropriation for fiscal year 2024, ~~(\$3,297,000))~~ \$176,000 of the general fund—state appropriation for fiscal year 2025, and ~~(\$2,735,000))~~ \$671,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5440 (competency evaluations).

(46)(a) \$4,792,000 of the general fund—state appropriation for fiscal year 2024, \$4,894,000 of the general fund—state appropriation for fiscal year 2025, and \$9,881,000 of the general fund—federal appropriation are provided solely to support providers that are ready to accept patients who are in acute care beds and no longer require inpatient care, but are unable to be transitioned to appropriate postacute care settings. These patients are generally referred to as difficult to discharge hospital patients because of their behaviors.

(i) The department shall broaden the current discharge and referral case management practices for difficult to discharge hospital patients waiting in acute care hospitals to include referrals to all long-term care behavioral health settings, including enhanced services facilities, enhanced adult residential care, and enhanced adult residential care with community stability supports contracts or community behavioral health support services, including supportive supervision and oversight and skills development and restoration. These home and community-based providers are contracted to provide various levels of personal care, nursing, and behavior supports for difficult to discharge hospital patients with significant behavior support needs.

(ii) Patients ready to discharge from acute care hospitals with diagnosed behaviors or behavior history, and a likelihood of unsuccessful placement in other licensed long-term care facilities, a history of rejected applications for admissions, or a history of unsuccessful placements shall be fully eligible for referral to available beds in enhanced services facilities or enhanced adult residential care with contracts that adequately meet the patient's long-term care needs.

(iii) Previous or current detainment under the involuntary treatment act shall not be a requirement for individuals in acute care hospitals to be eligible for these specialized settings. The department shall develop a standard process for acute care hospitals to refer patients to the department for placement in enhanced services facilities and enhanced adult residential care with contracts to provide behavior support.

(b) The department must adopt a payment model that incorporates the following adjustments:

(i) The enhanced behavior services plus and enhanced behavior services respite rates for skilled nursing facilities shall be converted to \$175 per patient per day add-on in addition to daily base rates to recognize additional staffing and care needs for patients with behaviors.

(ii) Enhanced behavior services plus with specialized services rates for skilled nursing facilities shall be converted to \$235 per patient per day add-on on top of daily base rates.

(iii) The ventilator rate add-on for all skilled nursing facilities shall be \$192 per patient per day.

(iv) The tracheotomy rate add-on for all skilled nursing facilities shall be \$123 per patient per day.

(c) Of the amounts provided in (a) of this subsection, \$3,838,000 of the general fund—state appropriation for fiscal year 2024, \$3,917,000 of the general fund—state appropriation for fiscal year 2025, and \$7,911,000 of the general fund—federal appropriation are provided solely for an increase in the daily rate for enhanced services facilities to \$596.10 per patient per day.

(47) \$926,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the office of the deaf and hard of hearing within the department to establish a work group to address the statewide shortage of qualified and certified American sign language interpreters and protactile interpreters. The work group shall focus on developing training and certification standards, developing strategies for increasing interpreter numbers across all communities, for enhancing professional development, and for creating pathways to allow interpreters to be financially supported to work statewide. The work group shall primarily be comprised of individuals who identify as deaf, deafblind, and hard of hearing who use American sign language or protactile, with priority for members from historically marginalized communities. The work group shall provide a final report, including recommendations and a plan for implementation, to the governor and appropriate committees of the legislature by June 30, 2025.

(48) \$830,000 of the general fund—state appropriation for fiscal year 2025 and \$80,000 of the general fund—federal appropriation are provided solely for the department, in collaboration with the office of the insurance commissioner and the health care authority, to develop a plan for a phase-in of an essential worker health benefits program.

(a) By December 15, 2024, the department must submit to the appropriate policy and fiscal committees of the legislature an implementation plan to provide nursing home workers with high quality, affordable health coverage through participating nursing home employers beginning January 1, 2026. The implementation plan should address:

(i) The likelihood that the state can obtain approval of supplemental medicaid payments for the program;

(ii) As assessment of current employee health benefit spending by nursing homes participating in the medicaid program, including current health benefit plan eligibility, plan design, employee cost-sharing, and employer premium contributions;

(iii) A mechanism to ensure that nursing home employers participating in the program maintain spending on health benefits such that medicaid payments supplement and do not supplant their health benefit spending;

(iv) The appropriate structure and oversight of the newly established health benefits fund, including the use of an established Taft-Hartley fund, fully insured health coverage, or a self-funded multiemployer welfare arrangement that offers health benefits comparable to the platinum metal level under the affordable care act, including any statutory or regulatory changes necessary to ensure that the plan meets defined plan design,

consumer protection, and solvency requirements.

(b) In preparing the implementation plan, the department, commissioner, and authority must review the design and impacts of the essential worker health care trust in Oregon and other similar publicly supported programs from other jurisdictions.

(c) The department must consult with interested organizations in development of the implementation plan.

(d) The department may contract with third parties and consult with other state entities to conduct all or any portion of the study, including actuarial analysis.

(e) A minimum of \$750,000 of the amounts provided in this subsection (48) must be contracted with an entity that is managed through a labor-management partnership. This entity must already be providing health care benefits to no fewer than 20,000 long-term care workers in the state of Washington and should have at least five years of experience in administering health care benefits to this workforce. Their joint efforts will focus on examining the health care needs specific to the nursing home workforce in the state, formulating a benefit plan that effectively addresses these needs, determining the financial requirement to offer such benefits, developing informational materials on health benefits tailored for nursing home workers, and establishing procedures and systems necessary for enrolling employees in the plan, subject to legislative appropriation for implementation.

(49) \$25,990,000 of the long-term services and supports trust account—state appropriation is provided solely for the information technology project for the long-term services and supports trust program, and is subject to the conditions, limitations, and review requirements of section 701 of this act.

(50) \$12,000,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the area agencies on aging to maintain senior nutrition services. This includes, but is not limited to, meals at sites, through pantries, and home-delivery.

(51) \$125,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the Washington traumatic brain injury strategic partnership advisory council to support at least one in-person support group in each region of the state served by an accountable community of health as defined in RCW 82.04.43395. The council shall provide recommendations to the department on the criteria to be used in selecting the programs to receive funding. The criteria must reflect the diversity of individuals with traumatic brain injuries, including the range of cognitive and financial barriers that individuals with traumatic brain injuries may experience when accessing web-based services. Preference must be given to programs that facilitate support groups led by individuals with direct lived experience with traumatic brain injuries or individuals certified as brain injury specialists. Each program that receives funding under this section must ensure that the in-person or virtual support groups meet at least quarterly and are free of charge. The department must approve at least one facilitation training curriculum specific to brain injury to be used by the programs that receive funding under this section.

(52) \$440,000 of the general fund—state appropriation for fiscal year 2025 and \$560,000 of the general fund—federal appropriation are provided solely for implementation of Substitute House Bill No. 1942 (long-term care providers). ~~((If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.))~~

(53) \$843,000 of the long-term services and supports trust account—state appropriation is provided solely for the department to create a secure online portal to allow program participants to view a summary statement of their benefits.

(54) \$641,000 of the general fund—state appropriation for fiscal year 2025 and \$641,000 of the general fund—federal

appropriation are provided solely for a 20 percent increase in the rates for adult day care and adult day health.

(55)(a) \$408,000 of the general fund—state appropriation for fiscal year 2025 and \$438,000 of the general fund—federal appropriation are provided for rates paid, effective January 1, 2025, to independent contractor nurses and agency-employed nurses providing private duty nursing, skilled nursing, and private duty nursing in adult family homes.

(b) The department must adopt a payment model that incorporates the following adjustments for independent contractor nurses:

(i) Private duty nursing services shall be \$56.58 per hour by a registered nurse and \$46.49 per hour by a licensed practical nurse.

(ii) Skilled nursing services shall be \$62.93 per day by a registered nurse.

(c) The department must adopt a payment model that incorporates the following adjustments for agency-employed nurses:

(i) Private duty nursing services shall be \$67.89 per hour by a registered nurse and \$55.79 per hour by a licensed practical nurse.

(ii) Skilled nursing services shall be \$75.52 per day by a registered nurse.

(d) Private duty nursing services in an adult family home shall be \$898.95 per day.

(56) \$38,000 of the general fund—state appropriation for fiscal year 2025 and \$39,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1941 (health home serv./children). ~~((If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.))~~

(57)(a) Within amounts appropriated in this section, the department shall convene a work group comprised of representatives from the department of social and health services, the department of commerce, the health care authority, and organizations representing relevant assisted living and housing providers utilizing department of housing and urban development housing choice vouchers in assisted living facilities to examine how assisted living facilities can use these vouchers for medicaid residents in a manner that aligns with federal requirements and does not negatively impact receipt of federal medicaid funding.

(b) The work group shall submit a preliminary report by December 1, 2024, to the governor and the appropriate committees of the legislature that includes any findings and policy recommendations for how to use housing and urban development project-based rental vouchers for medicaid residents living in licensed assisted living facilities. The work group findings must identify any barriers within the state and federal systems that would prevent the use of housing and urban development project-based rental vouchers for medicaid residents, including, but not limited to, licensing requirements and duplication of services.

(c) It is the intent of the legislature that this work group will continue its work through September 30, 2025, in order to facilitate completion of a final report to the governor and the appropriate committees of the legislature at that time.

Sec. 1205. 2024 c 376 s 205 (uncodified) is amended to read as follows:

\$3,739,374,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$177,407,000 of the general fund—state appropriation for fiscal year 2024, (~~(\$199,303,000)~~) \$202,559,000 of the general fund—state appropriation for fiscal year 2025, and (~~(\$853,786,000)~~) \$854,033,000 of the general fund—federal appropriation are provided solely for all components of the WorkFirst program. Within the amounts provided for the WorkFirst program, the department may provide assistance using state-only funds for families eligible for temporary assistance for needy families. The department must create a WorkFirst budget structure that allows for transparent tracking of budget units and subunits of expenditures where these units and subunits are mutually exclusive from other department budget units. The budget structure must include budget units for the following: Cash assistance, child care, WorkFirst activities, and administration of the program. Within these budget units, the department must develop program index codes for specific activities and develop allotments and track expenditures using these codes. The department shall report to the office of financial management and the relevant fiscal and policy committees of the legislature prior to adopting a structure change.

(b) (~~(\$482,615,000)~~) \$500,478,000 of the amounts in (a) of this subsection is for assistance to clients, including grants, diversion cash assistance, and additional diversion emergency assistance including but not limited to assistance authorized under RCW 74.08A.210. The department may use state funds to provide support to working families that are eligible for temporary assistance for needy families but otherwise not receiving cash assistance. Of the amounts provided in this subsection (1)(b):

(i) \$17,315,000 of the (~~general fund—federal appropriation~~) amount in this subsection (1)(b) is provided solely to increase the temporary assistance for needy families and state family assistance cash grants by \$100 per month for households with a child under the age of three, effective November 1, 2023. The funding is intended to assist families with the cost of diapers as described in chapter 100, Laws of 2022.

(ii) \$3,060,000 of the general fund—state appropriation for fiscal year 2024, \$4,665,000 of the general fund—state appropriation for fiscal year 2025, and \$19,000,000 of the general fund—federal appropriation are provided solely for the department to increase temporary assistance for needy families grants by eight percent, effective January 1, 2024.

(iii) \$296,000 of the general fund—state appropriation for fiscal year 2024, \$5,293,000 of the general fund—state appropriation for fiscal year 2025, and \$1,089,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1447 (assistance programs).

(iv) \$632,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the replacement of skimmed or cloned cash benefits for impacted recipients. Benefits may be replaced up to two times each federal fiscal year for the temporary assistance for needy families and the state family assistance program. The replacement of stolen benefits shall align with the supplemental food assistance program benefit replacement guidelines in the consolidated appropriations act, 2023 (136 Stat. 4459). Any unspent funds in this subsection (1)(b)(iv) shall lapse on September 30, 2024, or on the date that the federal government ends the requirement that stolen supplemental nutrition assistance program benefits must be

replaced, whichever is later.

(v) \$656,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Substitute House Bill No. 2007 (cash assistance time limits). (~~If this bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.~~)

(c) (~~(\$167,762,000)~~) \$165,510,000 of the amounts in (a) of this subsection is for WorkFirst job search, education and training activities, barrier removal services, limited English proficiency services, and tribal assistance under RCW 74.08A.040. The department must allocate this funding based on client outcomes and cost effectiveness measures. Within amounts provided in this subsection (1)(c), the department shall implement the working family support program.

(i) \$2,474,000 of the amounts provided in this subsection (1)(c) is for enhanced transportation assistance. The department must prioritize the use of these funds for the recipients most in need of financial assistance to facilitate their return to work. The department must not utilize these funds to supplant repayment arrangements that are currently in place to facilitate the reinstatement of drivers' licenses.

(ii) \$482,000 of the general fund—state appropriation for fiscal year 2024 and \$1,417,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the costs associated with increasing the temporary assistance for needy families grants by eight percent, effective January 1, 2024.

(iii) \$185,000 of the general fund—state appropriation for fiscal year 2024 and \$1,820,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute House Bill No. 1447 (assistance programs).

(iv) \$52,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Substitute House Bill No. 2007 (cash assistance time limits). (~~If this bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.~~)

(d) Of the amounts in (a) of this subsection, \$353,402,000 of the general fund—federal appropriation is for the working connections child care program under RCW 43.216.020 within the department of children, youth, and families. The department is the lead agency for and recipient of the federal temporary assistance for needy families grant. A portion of this grant must be used to fund child care subsidies expenditures at the department of children, youth, and families.

(i) The department of social and health services shall work in collaboration with the department of children, youth, and families to determine the appropriate amount of state expenditures for the working connections child care program to claim towards the state's maintenance of effort for the temporary assistance for needy families program. The departments will also collaborate to track the average monthly child care subsidy caseload and expenditures by fund type, including child care development fund, general fund—state appropriation, and temporary assistance for needy families for the purpose of estimating the annual temporary assistance for needy families reimbursement from the department of social and health services to the department of children, youth, and families.

(ii) Effective December 1, 2023, and annually thereafter, the department of children, youth, and families must report to the governor and the appropriate fiscal and policy committees of the legislature the total state contribution for the working connections child care program claimed the previous fiscal year towards the state's maintenance of effort for the temporary assistance for needy families program and the total temporary assistance for needy families reimbursement from the department of social and health services for the previous fiscal year.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(e) Of the amounts in (a) of this subsection, \$68,496,000 of the general fund—federal appropriation is for child welfare services within the department of children, youth, and families.

(i) \$147,000 of the general fund—state appropriation for fiscal year 2024 and \$69,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for costs associated with increasing the temporary assistance for needy families grants by eight percent, effective January 1, 2024.

(ii) \$204,000 of the general fund—state appropriation for fiscal year 2024, \$179,000 of the general fund—state appropriation for fiscal year 2025, and \$575,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1447 (assistance programs).

(iii) \$10,000 of the general fund—state appropriation for fiscal year 2025 is provided solely to process skimmed or cloned cash benefits for impacted recipients of the temporary assistance for needy families or state family assistance programs. Any unspent funds in this subsection (1)(f)(iii) shall lapse on September 30, 2024, or on the date that the federal government ends the requirement that stolen supplemental nutrition assistance program benefits must be replaced, whichever is later.

(iv) \$352,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Substitute House Bill No. 2007 (cash assistance time limits). ~~((If this bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(v) \$407,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Engrossed Substitute House Bill No. 1652 (child support pass through). ~~((If this bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

(g)(i) The department shall submit quarterly expenditure reports to the governor, the fiscal committees of the legislature, and the legislative WorkFirst poverty reduction oversight task force under RCW 74.08A.341. In addition to these requirements, the department must detail any fund transfers across budget units identified in (a) through (e) of this subsection. The department shall not initiate any services that require expenditure of state general fund moneys that are not consistent with policies established by the legislature.

(ii) The department may transfer up to 10 percent of funding between budget units identified in (b) through (f) of this subsection. The department shall provide notification prior to any transfer to the office of financial management and to the appropriate legislative committees and the legislative-executive WorkFirst poverty reduction oversight task force. The approval of the director of financial management is required prior to any transfer under this subsection.

(h) On January 2nd and July 1st of each year, the department shall provide a maintenance of effort and participation rate tracking report for temporary assistance for needy families to the office of financial management, the appropriate policy and fiscal committees of the legislature, and the legislative-executive WorkFirst poverty reduction oversight task force. The report must detail the following information for temporary assistance for needy families:

(i) An overview of federal rules related to maintenance of effort, excess maintenance of effort, participation rates for temporary assistance for needy families, and the child care development fund as it pertains to maintenance of effort and participation rates;

(ii) Countable maintenance of effort and excess maintenance of

effort, by source, provided for the previous federal fiscal year;

(iii) Countable maintenance of effort and excess maintenance of effort, by source, for the current fiscal year, including changes in countable maintenance of effort from the previous year;

(iv) The status of reportable federal participation rate requirements, including any impact of excess maintenance of effort on participation targets;

(v) Potential new sources of maintenance of effort and progress to obtain additional maintenance of effort;

(vi) A two-year projection for meeting federal block grant and contingency fund maintenance of effort, participation targets, and future reportable federal participation rate requirements; and

(vii) Proposed and enacted federal law changes affecting maintenance of effort or the participation rate, what impact these changes have on Washington's temporary assistance for needy families program, and the department's plan to comply with these changes.

(i) In the 2023-2025 fiscal biennium, it is the intent of the legislature to provide appropriations from the state general fund for the purposes of (a) of this subsection if the department does not receive additional federal temporary assistance for needy families contingency funds in each fiscal year as assumed in the budget outlook.

(2) \$3,545,000 of the general fund—state appropriation for fiscal year 2024 and \$3,545,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for naturalization services.

(3) \$2,366,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for employment services for refugees and immigrants, of which \$1,774,000 is provided solely for the department to pass through to statewide refugee and immigrant assistance organizations for limited English proficiency pathway services; and \$2,366,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for employment services for refugees and immigrants, of which \$1,774,000 is provided solely for the department to pass through to statewide refugee and immigrant assistance organizations for limited English proficiency pathway services.

(4) On January 1, 2024, and January 1, 2025, the department must report to the governor and the legislature on all sources of funding available for both refugee and immigrant services and naturalization services during the current fiscal year and the amounts expended to date by service type and funding source. The report must also include the number of clients served and outcome data for the clients.

(5) To ensure expenditures remain within available funds appropriated in this section, the legislature establishes the benefit under the state food assistance program, pursuant to RCW 74.08A.120, to be 100 percent of the federal supplemental nutrition assistance program benefit amount.

(6) The department shall review clients receiving services through the aged, blind, or disabled assistance program, to determine whether they would benefit from assistance in becoming naturalized citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department.

(7) The department shall continue the interagency agreement with the department of veterans' affairs to establish a process for referral of veterans who may be eligible for veterans' services. This agreement must include out-stationing department of veterans' affairs staff in selected community service office locations in King and Pierce counties to facilitate applications for veterans' services.

(8) \$1,500,000 of the general fund—state appropriation for

fiscal year 2024 and \$2,500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for operational support of the Washington information network 211 organization.
